My chief challenge is to determine what NOT to explain, in order to avoid being censored...not just officially, but by the closed-minded general population who give in to 'knee jerk reactions' to anything that contradicts the propaganda they have been conditioned to accept as 'reality' and 'truth' and as the German judges are so prone to put it 'established fact'.

I am reminded of what happened to Socrates and Jesus. Aristotle left Athens to avoid the same fate. These people were all demonised by their contemporaries. Today they are held up as beacons of light. Even as most people never bother to become intimate with their actual ideas. Even as most people would victimise, demonise, and crucify them today, if they re-appeared. For all of the people alive today, who are behaving in the same way, are demonised. Victimised. Crucified. Imprisoned. Fined. Murdered by Obama's drones.
The only 'evil' in this world is lies. Lies prevent painful truths from providing their feedback. If you stop the pain signal from your feet to your brain, you don't notice the cut, the break, the sprain. If you don't smell the rotting food, you consume it. If you don't avoid the bad smells, the painful triggers, you die. That is evil. Pain is feedback.

The 'goods' of life are those that bring pleasure and relief, without imposing pain on others as an externality. Of course it is human nature to want to enjoy pleasures and reliefs at the expense of others. Not to have to 'earn' them themselves. To pretend that the suffering of other sentient beings resulting from your own pleasure and relief is not imposing a cost, in terms of pain, effort, sacrifice, risk, misery, etc, on other sentient beings. Or to admit the obvious, undeniable fact, but simply 'spinning' this fact. By claiming that some being called 'God' wills it. That the 'other' was 'created' to 'serve this purpose. To be eaten by you. To be enslaved by you. To be exploited for YOUR benefit. This is what 'religion' is, as compared to 'spirituality'. Every creed of racial supremacy, exceptionalism, 'chosen peoples', and most ideologies of 'nationalism' and 'tribalism', appeal to this common denominator in human psychology. In human nature. The desire for a 'free lunch'. To be able to dismiss the suffering you inflict on others, in attaining your own 'ends'. Your own pleasure and satisfaction. Your own relief.

Thus anarchism must accept that some form of global regulatory 'police' must be formed to allow anarchial voluntarism to flourish. To ensure that one group does not impose, deliberately and consciously, or indifferently and unwittingly, or a combination of both, upon any other group. The management of externalities. To avoid others being forced to pay for the benefits of others.

All national borders could be dissolved once a truly transparent, neutral 'global police force' was in place. Then groups could seek out their own sovereignty. Without a need for armies to protect themselves from other groups externalities...even if these other groups never sought to consciously try to impose their own beliefs and systems...and of course it is human nature to seek to 'convert' others to your own 'superior' way of thinking...so it would be reasonable to expect that some groups would end up, as they always do, of becoming corrupted from within, and seeking to exploit their neighbours, or impose their wills on their neighbours...with the best of possible intentions even...but usually driven by 'noble' lies and utopian visions that appear to 'justify' the use of 'any'
means...temporarily of course, in their own minds...the problem is that all the 'temporary' means employed tend to become institutionalised as 'society'...and far from being 'temporary means to attain valuable ends', become ends in themselves...the culture becomes defined by the actual means employed, rather than the ends supposedly sought...THAT is the fate of all human societies once you lose principles, and follow the path of 'real politik', 'practicality', 'convenience', 'noble lies', our bright shining good ends justify our temporary means...or 'for the greater good we sacrifice the few'...it will be worth it in the end', our utopian vision is so perfect ANY means are justified in attaining it...Hitler felt the same way as any other utopian leader before him.

theory we are offered: central banks introduce new money i.e increase supply of money (odd idea, to increase the supply of a service intended to allow real exchanges between people?) by buying real assets i.e the central bank can buy real estate, shares... but Keynes will want them to do this during slumps, temporarily...in reality they did this during booms...they never allow the markets to slump until massive bubbles are created, so they can 'crash' the economy...MHR got to explain this witout using word 'Zionist' or 'Jew'...even though it IS the jews doing this, and their 'religion' actually tells them to / justifies this, and has as its aim the enslavement of the world...this book cannot reveal this...have to make strategic retreats in info war until in position to win war...i.e Fabian strategy...and can't name enemy until in position to defend against...i.e need to bypass 'knee jerk' conditioning of masses...to gain access to them...build up rapport in non-threatening way (i.e not totally threatening their sense of reality i.e total lies they call reality)...then once have got them up to speed, and into reality, can start filling out total picture, naming names...and if it turns out appearances have deceived me i.e for all intensive purposes (yes folks, not intents and purposes, I prefer this supposed 'error' i.e when you get intensive vs superficial, all roads lead to the obvious fact that hte jews are putting in place what their 'religious' books have been telling them their destiny is to do...their 'holy' books tell them how to gain supremacy by 'lending' and never 'borrowing'...usury...and propaganda...as 'Platonic' as Plato's Republic and 'noble lies'...though the Zionists may be using the 'Jews' as the Jews imagine they will soon be using all non-Jews...I am happy to debate...to leave the final answer open...as a process of truth SEEKING...but so far the compelling conclusion is that we live in a 'Jew' world order...but this book will avoid all references to Jews...it does not matter what name you give them...THEM being a subset of that group that defines ITSELF as 'Jewish'...most of the 'jews' are just as much victims as non-jews...but that said, the Old Testament is not worthy of
enlightened society...it belongs in the dark past...the past of slavery, racial supremacy, ends justifies means,'god wills it' exploitation...

This book will aim to show a path that avoids the defining qualities of 'Judaism', Zionism, and all the other 'creeds' and 'religions' with the same qualities...and thus make the very reference to 'jews' as redundant...by referring to those elements in human nature which produced the very idea of 'Jew' in the first place...

Social and mind conditioning in the unobtrusive police state notes

More often than not our conditioning is the result of repeated positive and negative reinforcement, like Pavlov’s dogs...at first they required the presence of ‘concrete’ stimuli to produce saliva...that actually presence of meat...later the mere sound of the bell they learned to ‘associate’ with the appearance of meat i.e connect i.e relate i.e assume belonged together with, the appearance of the meat... was enough to get them salivating as if there was a tasty chunk of meat in front of them...so it is with us...or the elephant first tied by a chain, at birth, learns that this ‘class’ of objects called ‘chains’ are impossible to break, and later assumes that a flimsy string belongs to the this ‘class’ of objects, and allows itself to be ‘retained’ by something it could easily break free of...by habit it has generalized...chunked up...and becomes a prisoner of this generalisation...of including string in the same class as metal chains...and so the ‘state’ need not point a gun at your head, it simply sends you a letter directing you to appear someone in a few days time to start training for war...or to pay a huge fine, or taxes, or close down your business, or give your children to ‘the state’...with not the merest hint of violence...and because you conform, no-one pays it much attention...as compared to soldiers forcibly arriving to make you do any of these things...THAT would look like a POLICE STATE...but as long as this threat remains in the background, we can pretend we live in a FREE SOCIETY ...

Noahm Chomsky controlled opposition : pretend to represent the entire field of possible views, and hence drown out any real independent ‘offensive’ views notes

Noam Chomsky was a camp counsellor at the Zionist camp 'MOSSAD'. The official motto of MOSSAD is 'By deception we will wage war'. You can't make that stuff up. Doesn't bother me at all that he is 'Jewish'. I love tonnes of self-
defined 'Jews'. I mean, what other 'intellectuals' are ever promoted in academia, get publishing deals, and are sponsored to do world tours by their CIA handlers? What non-Jewish people get university tenure at such a young age, and have their 'rubbish' published and taken seriously, well before they write anything worth reading? And then are guaranteed massive marketing exposure, public relations resources, and guaranteed 'spots' on prime time television. Of course 'Jews' own and control the mass media and publishing. So I'm hardly likely to ever hear from David Irving, and if I do, he's going to be so demonised and undermined credibility-wise and character assassinated that I'm hardly going to 'fall in love with' David Irving. Am I? If David Irving said the things Chomsky gets to say, he'd be demonised and ridiculed and 'dismissed'. He gets tortured in jail for years for speaking his mind. And we, the public, still are never actually told 'what' it was he 'argued'. Just that he is some rabid insane hate monger we need to be protected from. So it is obvious I am bound to 'fall in love with' 'Jewish' intellectuals, as they are the only 'intellectuals' that I will ever get to read, listen to, and see. The only 'intellectuals' that are raised up and published. And so we are going to tend to raise them up on pedestals, as being 'unique' and 'special'. As 'special' as these 'chosen people' feel among themselves. They have a sense of entitlement to 'judge' everyone else. To rule over everyone else. Actually to enslave everyone else. As 'Gods' chosen people. Of course stop for a moment to consider who WROTE the bible, and granted themselves this status!

Now any idealistic intellectual in love with the quest for truth and justice will tend to quickly develop a 'yes-set' upon stumbling into a typical Chomsky lecture, as he freely attacks the U.S.A as the worlds number one terrorist state and war criminal, and speaks out against the Israeli occupation of Palestine, and its war crimes against the Palestinians. He appears as a true hero. In fact 90% of what he says is truth.

So how heartbroken we are to find our idols are made of wood and stone. The whole subject of 'controlled opposition' is a cautionary tale for true 'skeptics' about literally 'idolising' people like Chomsky, Edward Snowden, Julian Assange, Alex Jones, Stefan Molyneux, and all the other 'heroic' figures of the supposed 'Alternative Media'. They are all false prophets. Operation Mockingbird 'controlled opposition'.

It works like this. The CIA find a niche, a potential habitat for a genuine 'alternative media personality', then fill the niche with one of their own people. Sometimes the niche is very broad, like the one Alex Jones fills. He is big enough
to fill out an entire niche. He was put in place very early on, to make it hard for any competition to find a 'footholding'. It is hard to compete with his professional set-up. Even though he began relatively low scale, it was still at a scale that few other people could afford. And he was quickly 'picked up' by the CIA from his 'home studio days' and provided with all the resources he required to 'make it big'.

At the same time, to appeal to other demographic elements, the CIA also set up 'The Young Turks', as a more 'slick' operation, pretty much on the level of a typical commercial 'conventional corporate media' operation. People being paid well, with all the professional studio people to support them, all the latest gear, and most importantly marketing and promotional people to ensure they reached 'their' market, and made it really hard for any truly 'independent' alternative personalities like Jimmy C (James Corbett) or Kenneth O'keefe to gain a foothold, grab your attention, or compete in the 'alternative media' eco-system.

In other cases the niche Sometimes So there are 'controlled opposition' personalities within movements that other groups set up, and populated. To discredit the movements. To misdirect people already in the movement. Such as the 911 truther movement.

It is a form of 'bait and switch'. Offer 'truth', but then at the last minute admit you've 'sold out' of the truth (literally), and offer an alternative product (lies).

The CIA formulated the 'controlled opposition' formally as 'offer 90% truth, so audiences will then swallow the 10% lies'. It is these 'lies' which the controlled opposition media personality has been resourced and built up to 'sell'. Like any con-man or card shark, they know that you've got to 'lose' first, to 'reel in the suckers', before you can 'pull the fast one', the 'shakedown'. Like the pro pool hussler who will let their 'make' win a few games, win a few dollars, before upping the ante. Increasing the stakes. Then making the 'kill'. Leaving the victim feeling like a fool. Not realising they'd been 'played' from the start.

So the CIA 'feed' their 'controlled opposition' with enough 'valuable' information to gain the trust and rapport of their audiences. A yes-set. You feel good watching Alex Jones or Noam Chomsky as these 'good guys' 'reveal' 'secrets' from their 'sources' and 'research'. You 'fall in love' with them.
You are 'generous' with their 'apparent failings' as they strangely appear to 'dismiss' ideas you'd expected them to get behind. Like a lover's tiff. You forgive and forget. You want to keep the warm safe feeling of the 'yes set'. It is a very 'agreeable' feeling. Call it 'agreeableness'. It's rapport. It's how 'mirroring and leading' works. How salespeople 'overcome objections'. First agree with you. Mirror your emotions and body language, even your 'representation system'. They adopt your mannerisms, your accent, your voice tone, even the speed of your breathing, not just how fast you speak. And then they start 'leading'. And we tend to follow. It is human nature. It is NLP 101. How to influence people. How to 'bring them around to your way of thinking'. To buy your product. Whether that product is a gadget or an idea.

You try not to notice as they 'dodge' questions, appearing to 'avoid' them completely. You make excuses for them. You don't want to see your idols fallen. You don't want to see the truth when it dawns on you. That you'd constructed an idol from wood. You've idealised them. Your Noam Chomsky, crusader for the underdog, has really been playing you. Gaining your trust. Building up 'capital' with you, that he can then go on to spend where it will hurt you most. Letting you have small 'wins', so you will lower your defences, and be defenceless when the attack comes. When the stakes are highest. When it really counts. He is going to 'make you pay'.

The CIA know that sooner or later someone will start speaking the truth about Israel and Palestine, and all the U.S war crimes. So why not get your own guy in there first, to fill up that particular niche. Give your controlled asset all the 'scoops' he needs to make a huge impression with the public he is there to 'entrance' and 'trick'. Give up some less valuable information, so that you can later use the trust this gets him, to protect much more valuable information.

Give him some 'inside information' about something harmless, so that later his 'word is gold' among his followers, and he can lead them astray, where it counts. Like 911. Like 'man-made global climate change crisis'. Like JFK. Like 'The Fed'. Like 'The Holocaust'. Like 'Sandy Hook', 'Miami nightclub shooting', 'San Bernadino Shooting', 'Nice', Oklahoma city bombing, or 'Operation Sinaide (U.S.S Liberty).

At the very moment your asset's listeners and viewers need to be able to count on them most. At the most crucial moments. On the most crucial subjects and topics.
THAT is when you spend all that capital you have painstakingly 'earned' over the years of little 'leaks'.

Edward Snowden and Julian Assange have 'revealed' very little, considering the 'hype' they have attached to them, and the 'credibility' they have earned.

What you need to focus on is the 10% of things they do NOT speak about. The things they 'dismiss out of hand' as 'tin foil hat conspiracy' stuff. As 'unworthy' of YOUR consideration. The things they 'mumble and stumble' about, while never actually addressing.

I've provided a number of videos on my markus rehbach Youtube channel. And more indepth exposes in my books. I got up at 3.30 a.m because I couldn't sleep, thinking about the new video I am editing showing some more typical 'controlled opposition' moves on the part of Noam Chomsky, which Jimmy C (James Corbett) brought to my attention. These repeat some of the 'tells' I have described in my own books and videos, while revealing new ones.

I am sitting here naked, shivering, in need of coffee, half asleep. But even half as deep I am more awake than 90% of the sheeple out there. But first to get dressed, and make some coffee. Then back to editing the material I got care of Jimmy C (James Corbett of The Corbett Report and Boiling Frogs Post and with Sibel Edmonds ... no internet sorry, can't remember the name ???)

So, dressed, got some coffee. If you saw how I lived, just to be able to be truly 'independent' you would probably think it was all faked props. Who'd live so cheaply and endure such poverty just to be free to research and publish the truth? To be dismissed, ignored, and mocked? Hey, I never said anyone had free will. Some of us are just fools. Keep in mind that after having spent days writing and editing, I will have to walk 10km through bitter cold to get to the library to use their internet to upload this. Yes I hear little violins playing just for me. But then hear the screams of all the victims of the 'Jew'.S.A as the drones 'strike', as the embargoed food is taken from their mouths. Oh what a fucking shithole of a world we have let our 'leaders' create for us all. So I still feel privileged to be able to chose to make this sacrifice, while others have no choice but to suffer.
So back to my fallen heros. Yes I admit I fell in love with Noam Chomsky 'at first reading'. And the infatuation never ceased. I considered him my ideal role model of an intellectual. It wasn't until the last few years, when I researched 911, then 'The Holocaust', then man-made global climate change, and continued down the rabbit hole, that I began noticing that '10%' of lies mixed in with the 90% truth. I saw the emperor was naked where it counted. Sure, they had a great jacket, boots, hats and all that. But they weren't wearing any pants.

Noam Chomsky is a total Zionist Schill. Just watch as he 'side-step's the question 'Wouldn't it be better if the government, the people, owned the Federal Reserve and operated it as a central bank themselves, without paying all the 'middle men'? by insisting that we need central banks, and that 'The Fed' is doing a great job and that 'the U.S debt' is not in any way a significant problem. Then watch him dismiss the JFK tin foil hat conspiracy, along with the 911 conspiracy theorists, without at all addressing any of the obvious problems with the 'official' stories. He simply insists you continue trusting him. He is 'spending' all the 'capital' he earned over the years by denouncing U.S and Israeli military aggression, and simply expects you to 'fall for it'. To turn a deaf ear as he mumbles and stumbles around the issues. Of course he is an academic, so he makes it sound a bit more credible, but he is simply doing exactly what Alex Jones and his Dis-info Whores do when a listener calls in and asks 'Don't Jews control hollywood, and the mass media?' Or when someone raises the question of 'thermite explosives' proven to have been used during 911. Or the Israeli's arrested after 'documenting' the WTC attacks, driving vans with pictures of planes flying into the WTC on them, or parking vans full of high explosives on bridges. Watch Chomsky dismiss, out of hand, as 'silly' and 'unworthy of being dignified with responses', the huge mass of factual evidence and exposed lies, in relation to JFK and 911.

Chomsky simply dismisses as laughable that anyone could consider him a 'leftist gate keeper'. As if the idea is ludicrous. Not at all worthy of being dignified with any response at all. Nobody seems to realise he is not answering the question at all. Chomsky, as an eloquent academic, simply offers a slightly more verbose form of 'dismissing out of hand' the '10%' of facts he is there to trick you into 'overlooking'. Please watch the video I edited from James Corbett's presentation and see if you notice the following.
1 'The Fed: supporter of Federal reserve 'printing money' ... supported Bernanke...stated 'debt/deficit is NOT a serious problem, even as long term problem it is so remote as to be irrelevant, it's not a deep structural problem...deficit declining, growth would eliminate it quickly i.e bring unused capacity into play...just a temporary, short-term problem...pushing for devaluation of dollar and increased govt. spending ...as self-professed 'anarcho-syndicalist'...fed is sensible solution?...no better alternatives for such an 'alternative' intellectual?...Chomsky on JFK: extraordinarily implausible that high level govt. conspiracy existed...claimed he had never looked into / not interested in / nothing to say about ...evidence is so overwhelming, no questions of interpretation...elaborate theories re: policy changes due to his death don't withstand rational inquiry...irrational to consider conspiracy theories...claims no reason to doubt official story...prima facie case...very suspicious lack of interest / dismissal of 'theories'...claims mere hype that JFK planning to withdraw U.S from Vietnam...would effect no change to any U.S policies ... rejects notion outright that official story anything but obvious fact...Operation Northwoods clearly stated planned to commit false flags as pretext for invasion Cuba...why would such a huge intellectual NEVER have heard about this, decades later, and still have zero skepticism / doubts ...fired head of CIA, threatened to eliminate CIA, sacrificed life to stop direction of Jt. Chiefs of staff taking U.S, and of course dismantling 'The Fed' i.e executive order 11111111... 3. 911: whatever the hell that is re: nanothermite...I don't know what that means, if it means anything re: base of 911...official reports 'experts' Vs internet readers...small scattering of one or two architects, scientists ...obvious questions...why would they blame Saudi's? why wouldn't they blame Iraqi's? that would make it an open and shut case...blaming closest ally? why? ...are they lunatics?...diverts energy and effort from actually stopping war in Iraq...ridicules as 'so brave' for criticizing Bush online ...ridicules people who define HIM as 'left gate keepers' (reference to people pretending to be critical but really gate keepers trying to stop the real criticism) ...ridicules people who blame own problems on illegal immigrants...extremely unlikely, secrets hard to keep, would have leaked out, and firing squads brought out, who'd take such a chance on that? completely unpredictable what would happen e.g plane could have missed...uncontrollable ...any hint of a plan would have leaked and destroyed the conspirators ...belief that it could have been done has such low credibility...no reason to take seriously...elaborate conspiracy theories...diverting people from serious issues...extremely unlikely, and even if true then who cares? extremely insignificant...what would it matter (contradicting self i.e if it was true, and they got caught, would mean end of their lives, and republican party...so either was significant or wasn't...which is it?)... MHR choice of Saudi's as hijackers very interesting...can expect that after Iran and Syria and Iraq, U.S will suddenly 'discover' that Saudi's 'did it', and use as excuse to attack Saudi's (after rich have been evacuated and given special
status in Paris etc)...911 allowed and unending 'war on terror' which is blank cheque compared to mere 'war on Iraq' i.e really war on Islam...demonisation of Islam...

What Chomsky, Alex Jones, et al are all doing is building up a rapport with you. A yes-set. Trust. As a form of 'Capital'. They establish themselves as 'authorities' and 'trustworthy' and 'independent', so that you will let them get away with 'crimes against logic, reason, and the evidence of your own senses' when they are 'activated' by their puppet masters to misdirect, misinform, and deflect your attention away from the most critical questions and matters.

I explain why JFK, 911, and man-made global climate change (crisis) are such key elements of the New World Order operation, the operations of the Banksters, and the Zionists, in my books and videos. You really have to understand the importance of these issues. This is why the controlled opposition from Julian Assange to Alex Jones exist. Why the CIA is willing to invest so much on building trust, gaining your confidence. Like any 'confidence trickster' it is about investing and losing in the short term, to ensure a final 'huge' return on that investment.

Only when you understand what really happened, and why it was so important, will you appreciate why the CIA are willing to sacrifice some truth. Why they'll let their controlled opposition speak the 90% relatively harmless truths. Only then will you understand what a great 'investment' that 90% is. The 'yield's of that investment are astronomical. They provided the 'justification' for the total theft of all YOUR rights and liberties, and almost all of your money and valuable assets. Oh, if you still think you have money and assets, then think again. You only have them as long as your new masters want you to imagine you still have them. Overnight all the numbers in front of the zeros in your bank account can be 'dissapeared'. Just like any 'human rights' you imagine you have. Hey, just because they haven't used all their new powers yet, doesn't mean they won't, in a flash. Just because they haven't stolen ALL your money, all your pension, doesn't mean they are planning on doing so. Just because you haven't been locked up yet, doesn't mean you can't expect a knock on the door tomorrow at 2 a.m. They have all the power to do all these things at this very moment. And when they decide to use those powers, it will be too late for you to do anything to stop them.
If you are such a fool as to let Chomsky simply 'laugh off' and 'dismiss out of hand' the MOST important facts and 'secrets', then you are going to be screwed by him and his CIA backers / supporters / masters.

I noticed the 'tells' of 'dismissing without at all dis-proving' first in relation to 'The Holocaust'. But I was led to an investigation of 'The Holocaust' by the revelations my originally indifferent 'investigations' into 911 brought. Hey, I came to this party very late. But my learning curve was steep. And once I realised there WAS a rabbit hole, I dove in. I've been working hard for over 3 years now. Full time. Trying to get to the end of the rabbit hole, and sharing everything I've learned with anyone who'll read or listen or watch, as I go.

I do my best to make it possible for you 'part-timers' and 'casuals' to be able to get up to speed as fast as possible. So you can join me in the resistance and defiance of the minority that have enslaved us. And have much uglier plans for us than most of us could imagine. Only someone who had lived in Palestine, or survived the 'Jew'.S.S.R could have an inkling of what is coming.

Remember, truth is kryptonite to the Zionist 'Jews'. For the truth will set you free.

It still can. But time is running out. Soon the 'truth' will count for nothing. Storm-troopers don't have time for 'arguments' or 'facts'. Their job is to force you to submit. And if you won't shut up and submit quietly, they will have zero patience with you. It isn't in their job description. They probably envy everything you have, and feel entitled to 'cut down the tall poppies', just like the good old Marxists in the 'Jew'.S.S.R. They will beat you into silence and submission, and then separate you from your family and friends, taking you to forced labor camps for re-education. And if you still insist on 'arguing the facts' they will march you out to the guillotines (if they consider your organs worth harvesting), or simply shoot you in the head.

Oh yes folks, all that fake Hollywood Nazi stuff you've seen in those Hollywood demonisation propaganda films about Nazi Germany will be made reality for you and your loved ones.

Hate me if you like. Kill the messenger. Demonise me for making you uncomfortable. For pulling down your idols of wood and stone. For pulling the
veil from your eyes. For revealing that your 'shepherd' is only 'concerned' about your 'welfare' as an 'owner' is concerned about their 'property'. Just concerned that you will survive and make it to the slaughterhouse, so they can make their money on you.

I have so much to share with you. So many options of better futures for you and your loved ones. I am bursting with information to share. Please make a little effort. I promise you it will be worth it.

The alternatives are so horrific. Just read the Old Testament for starters. Just remember that YOU are the Canaanites. And for those 'Jews' among you, remember that you are being used as much as us 'Goyis', and in the final moment, you will be sacrificed by your Zionist 'Jewish' masters. 6 million of the Jews in Israel are soon to be 'offered as a burned sacrifice of a sweet savor unto the Lord' a.k.a the 'Jew' World Order. The 'Jewtopia of the 144,000. Each of whome will have 2800 'Goy' servants, pets, and sex slaves. You can do the math. The 'excess' billions will simply be 'eliminated'.

**Correct use for facebook and internet is to spread jew world order propaganda / lies notes**

At Westminster Magistrates’ Court in December 2016, Alison Chabloz, a 52-year-old Derbyshire-based blogger and singer-songwriter, was sent for trial next March for posting a “grossly offensive” video on YouTube entitled “Survivors” which is effectively alleged to indulge in Holocaust denial. Chabloz rejected the accusation that she had made improper use of the Internet. MHR proof the internet is there for zionist propaganda purposes...so using it to disseminate truth is literally 'inproper' according to their intended 'use' for it...

**Some David Irving notes**

In France, it is a criminal offence to 'contest' the verdicts of Nuremberg...including the massacre of Polish officers in the Katyn Forest ... which the British KNEW was committed by the Soviet Russians after intercepting German communications...huge fines, legal costs of any and all organisations that are seeking your criminal prosecution...have to pay for display adds in 5 largest newspapers...but cannot state what you were charged with...just that you were
convicted...'amendment to the freedom of speech act'... Irving and the interviewer who interviewed him in his own home in London, were charged...

Irving's book 'Hitler's war'... he wouldn't add '15 pages on the holocaust' and his own editor warned him he'd lose a fortune in sales due to this...

Pforzheim, AFTER Dresden, 40,000 people murdered in allied bombing raid in 20 minutes ... even AFTER war crime of Dresden... maybe 100,000 'Jews' died in Auschwitz, according to British government intercepts of top secret Nazi communications i.e lists of dead published each month, and cause of death... when 130,000 people burned alive in a literal holocaust in first 20 minutes of Dresden firebombing, or Tokyo...

Israel gets around 5 Billion a year from Germany and U.S i.e 'Shoa-business'...

4 Million Auschwitz dead now reduced to 1 million i.e 3 million less, but total figure left at 6 million...

Healthy skepticism ... without malice... Vs 'Denial' i.e 'Holocaust Denial' i.e capital letters...

9 million dollars paid for faked Hitler diaries...David Irving spotted as fake ... suggested tests on ink oxidisation etc... 72 faked diaries all written in identical cheap leather notebooks...Hitler would have had to buy 72 of them at one time...

Irving at Zundel trial...n.b Auschwitz historians actually repeated test of Leuchter report, 2 years after, and came to same conclusions...i.e validated / repeated findings i.e reliability ... of course their official test result then sealed up...ferric ferro cyanide i.e Prussian blue...used as dye...present clearly in delousing chamber...but none in supposed 'gas chamber'... 28 y.o German research chemist from Max Planck institute wrote dissertation on 'permanence of cyanide compounds in brickwork'...2000 peer reviews validated...he lost job and (name is ? Germar Rudolf) 14 months in prison for allowing his dissertation to be published... i.e his scientific report 'politically unacceptable'... David Irving fined 22,000 dollars for stating fact in 1991 in Munich that the gas chamber in Auscchwitz was built AFTER the Nazi's had left... a fact admitted by the Russians
and Polish governments...fake built by Poles after WWII...court would not allow any witnesses or documents to be called in defence...this is 'established fact' that it is criminal offence to challenge...i.e that is German law...the Nuremberg lies are 'established facts'...Director of Auschwitz museum authorities confirmed 'gas chamber' built by Polish communists 3 years after WWII...in fact 60% of what on display in 'museum' is fake...Even if Nazi's had TRIED to destroy documents, there would have been copies all throughout system, even some diary entry, or letter to family...but nowhere during WWII is any single reference to killing Jews / anyone, in gas chambers...Archives HUGE, and a huge MESS...Deborah Lipstad lied claiming had 'blueprints' of gas chambers from Moscow archives...so why not show us them?...British government in 1942 had broken German secret codes...1942 and 43 codes of SS broken...Dachau, Buchenwald, Auschwitz, and other 4 biggest camp transmissions being decoded daily in Britain...SS Commandant Rudolf Hoess reporting every day...4 figures...24 hours...numbers arrived, no. left, no. 'lost', no. still available for work...very small number per day died from epidemics, illness, shooting, and hanging...Sir Frank Hinsley of Cambridge University...History of British secret service...stated most deaths due to typhus, malnutrition, overwork, old age...very few from executions...Vs official 50,000 to 60,000 gassed and cremated per day...they had 5 or 6 buildings for cremation...from photos...60 to 70,000 could have been cremated per day at maximum...requiring huge amount of 'coke' i.e coal...up to 50kg of coal per body...HUGE amount of coal required per day, about 2000 tonnes a day...Aerial photos by U.S, British, and South African, showing people walking around in streets of camp, no signs of gas chambers, or coke...secret Soviet archives had records of 2188 tonnes of coke supplied to Auschwitz during life of camp, enough for around 70,000 cremations...66,000 names in official documents Russians have in archives...

Cheka, Soviet 'Jews' massacred / murdered millions, documented ... also in Spanish civil war, Baltic states...1956 Hungarian uprising against Soviet occupation...CIA files...began as anti-Jewish pogrom...anti-jewish revolution for first few days...Hungarians saw their occupational govt and secret police as essentially 'Jewish'...torturers...Hungarian people against their 'Jewish' occupational govt...just like Jew S.A and E.Jew today...Irving discovered this by chance, surprised by...

Irving asks...why us'?...Jews never ask themselves this question...persecute others, and never ask why for 3000 years they've been hated...irrational?...what path lead to Auschwitz?...Jews find unacceptable to have this question even posed...
Tolstoy wrote about end of WWII repatriations of prisoners of war ... including Russian and British soldiers in German uniform i.e had collaborated...Stalin claimed he had large numbers of British and U.S p.o.W's and would not repatriate unless Allies handed over their prisoners to Russia, and Yugoslavia etc...knowing they would be murdered by Soviets... operation 'Keelhaul'...

Climate of brutality and barbarism result of war...Allied bombing of women and children...Nazi's made only 3 anti-Jew films during entire Nazi regime Vs tens of thousands of anti-German films made by Jews ...

33-45 Irving estimated 4 million deaths of 'Jews'...from all possible causes...Auschwitz probably 100,000 deaths, mostly from Typhus...10,000 probably murdered i.e not 'collateral' deaths from conditions... makes more sense to kill people locally, why waste resources on transporting them...like in East and Lithuania...which DID occur i.e machine gunned along edge of open pits...no-one denies this...200,000 killed by locals who had own scores to settle...Latvia, Estonia, Lithuania in particular, locals had bitter scores to settle with Jews...occupied by Soviets with reign of terror, mostly KGB Jewish, murdered hundreds of thousands of middle classes ... so when Hitler invaded, locals took advantage of situation to 'take revenge'...German official reports 'locals busy exterminating jews'...HQ replies 'don't interfere'...

Soviets sent 30,000 'jews' to western germany during soviet times !!!! local German jews claimed many were 'fakes' i.e opportunists seeking escape from soviets

Vatican has no record of gas chambers in occupied Europe...

Legend began when British propaganda started the lie of gas chambers

Bruening fled Nazi Germany, Hitler's predecessor, Chancellor before Hitler...major Jewish banks in Berlin had been financing Hitler...stated in letter to Churchill...in 1937...Time Life owns that letter...Irving read the letter...quoted in his own books...
Churchill's mother of Jewish descent...Israeli research finding...more important his Jewish support...resigned from cabinet, 10 years M.P and journalist paying for huge estate, private staff up to 30 people on salary as M.P...financed by 'The Focus'...up to 40 leading british bankers, industrialists etc...mostly jews, but some left wing non-jews...British Petroleum gave him 40,000 pound gift ... a jewish gift to churchill...fully paid up puppet... King Edward pro German and pro Hitler, forced to abdicate by same lobby that financed Churchill...fought war Britain had no interest in...nothing to gain from...for the Jews...bankrupted Britain, lost empire...could have accepted generous peace deal from Hitler...

Weizman leader WWII international Zionist leader...archives contain correspondence with Churchill, living in U.S in 1941 ... Weizman threatens Churchil that unless you give us state of Israel in Palestine, U.S won't enter war...if you do support Zionist state, we can guarantee U.S will enter war...at time of U.S isolationism...before Pearl Harbor...'WE did it in the last war, and we can do it again'...MHR applies to WWII as well !!!

Germans in Allied P.O.W camps...canadian historian / novelist / writer published book about, and ruined by international jewish community...

MHR get quote about one 'holocaust surivor' claiming different nationalities of 'jews' gave off different colored smoke when cremated... when in fact NO smoke given off by such a cremation...absurd 'official truths' that law states are 'established facts'...

**Economic warfare provoking physical warfare notes**

MHR...There are many acts of aggression, like economic warfare, the can force another person/organisation/nation to feel compelled to retaliate in kind, if they can, and if they cannot, by brute force. If you enter and room and observe one person striking another, you might jump to the conclusion that they are the agressor, at fault, for instigating the attack. Often the other person has provoked that attack in 'non-physical ways', such as verbal abuse, theft, fraud, insult, etc...Kings viewed their realm like any robber baron, as a business enterprise, and 'agressive takeovers' were considered legitimate ways to increase personal wealth...a 'cover' such as 'religion' was often employed, to motivate 'subjects' where paid mercenaries were either considered too expensive, or were unavailable.

Germany found it could not feed its 100 million population from local production, and as Hitler put it, they had the choice of engaging in international trade, exchanged manufactured goods for raw materials and food, or of engaging in the same typical military theft of agricultural land from neighbours that was the 'traditional' behavior of Britain, France, And Russia. The other means by which Britain and France especially gained the access to the raw materials and foodstuffs they required was through trade, at beneficial to themselves rates, forced upon foreign nations a.k.a 'colonies' and 'protectorates'. A 'protectorate' is the oldest form of protection racket. We will sell you insurance that we ourselves won't kill you, and in return we won't kill you!'. What a bargain. The original 'offer you can't refuse'.

Hitler had been advised by his agricultural specialists, the same ones who had invented and developed artificial fertilisers during WWI to help feed Germany during the British Naval blockade of Germany (which was against all
international law and the law of the seas, but which the U.S, supposed defender of freedom and law and order, conveniently overlooked from the very beginning, while demonising Germany when it responded in kind, with a submarine blockade of Britain), that the use of these fertilisers would sterilise the soil, in the long term, making all agricultural production in Germany unable to sustain the current population. Anyone familiar with the current agricultural crisis will see these dire warnings are being played out, with soil degradation reaching almost universally dramatic proportions.

And so it was Germany's policy, long before Hitler was elected to power, to seek to satisfy the long term needs of German survival, via the insurance of an adequate supply of foodstuffs and raw materials, via trade. German manufacturing blossomed due to the industriousness, inventiveness, and talent of the German people, and soon overtook Britain, which had enjoyed world wide dominance in manufacturing for the previous decades, it having been the first nation to industrialise.

Around the world consumers came to prefer German manufactured goods over British manufactured goods. False friend 'controlled opposition' author of 'Hope and Tragedy', revealed his true motives and the motives of those who published, and widely marketed his book, by constantly pretending that the only reason that German goods were capable of out-competing British goods on the world markets, was because the Germans were willing to work for less than the British. In fact the reality was simply an attack on British pride. German goods were of better quality, more innovative, and offered at a better price, with better terms, quality control, service, and customer satisfaction.

The history of England, Holland, and France, are littered with wars fought over trade rights, protection rackets, trade restrictions, and all the various forms of 'economic warfare' intended to cripple competitors, close them out of markets, and prevent them competing fairly.

Trade concessions were fought over as much as territory, since the beginning of the industrial revolution. It was more important to secure trade relationships, using 'gunboat diplomacy', than to secure territory. Thus the British Navy was the power of England, like today the U.S aircraft carrier is the 'fist' that forces nations around the world to trade with the U.S on terms set and enforced by the U.S. Trade terms very unfavorable to the trading partners, who otherwise would not
accept them. Saddam Hussein and Muhamar Gadaffi are the two most recent world leaders who rejected such trade terms, and paid with their lives.

Today nations are forced, at the point of a gun, to accept worthless pieces of paper and electronic ledger transfers denominated in worthless U.S. dollars, for goods and services of real value. Even total service sectors, industries, and islands are going from the hands of foreign nations, into the private possession of U.S. corporations and Banks, in this way. The 'economic hitmen' of the WTO and World Bank are no less robber barons than their predecessors. Their methods are not even less subtle, once you actually see what is happening. See past the fake news and propaganda. Saddam Hussein and Muhamar Gadaffi refused to accept worthless U.S. dollars in exchange for oil, and other products of real value, and were murdered as a result. Their nations pushed into chaos and anarachy. Millions of people killed, and left homeless, and hopeless, simply to enforce the unfair trade relationships upon their nations.

Germany emerged as an industrial power with superior goods and services, into a world dominated militarily and thus politically and economically by Britain and to a lesser extent France. Britain used completely unfair and illegal methods to maintain its hegemony. It denied Germany access to world markets for its superior industrial manufactures and services. Thus Hitler arrived on the scene at a time when Germany was being choked to death economically by Britain. But rather than seek a redress of the trade issue, Hitler looked to the East, to the relatively undeveloped and underpopulated Russian and Ukrainian agricultural lands, as a solution which would not involve war with Britain.

Japan was in a similar situation. Japan sought its solution in Southern China. The U.S imposed such aggressive economic warfare upon Japan, threatening to stop all oil supplies to it, against all international law, and the law of the seas, all tradition, and thus crippling its economy, which, like Germany, was dependent upon foreign exports to pay for the import of foodstuffs and raw materials, which, failing such imports, the nation would starve. So Japan, seeing no way out of the British and U.S. stranglehold on international trade, decided that the ONLY defense was attack.

Just stop for a moment and consider who we are being told is a real and present military threat to the 'free' world. Which nation invaded and occupied more nations in the 20th century than any other, even the U.S? Which nation murdered
tens of millions of its own people, and the people of foreign nations, sending millions to be worked to death in work camps? Which nation was locked in a supposed 'cold war' with the west for half a century? Which nation had planned to invade Western Europe, and had amassed the largest ever European army on its Western border, ready within a few months to attack? (This is fact. No longer disputed by any serious historians). Which nation has one of the worst records on human rights vis a vis its own people, being the last in Europe to ban serfdom? Which nation was occupied and controlled by the most discredited of all political philosophies of all time?

And which nation was the first among the Western nations to wage war against this nation, and that political ideology?

Does it not strike you as absurd, or at least deserving of your attention, that Britain and the U.S allied themselves with this nation, in seeking to destroy Germany?

Can you imagine what would have happened if Hitler had not made the preemptive strike against Russia? Hitler's motives were survival. The need for fertile agricultural land and raw materials, to ensure the British stranglehold on world trade would not destroy Germany. I do not condone war of any kind. But I can appreciate the natural logic. And at that time all the nations of the world acted in their own national interests, and considered war and invasion a 'legitimate' form of political action. So Germany's invasion of Russia was in no way novel. Nor any more selfish than any other war any other nation has engaged in. No more racist or nationalist. I am neither racist nor nationalist, so I would never condone such a war. But comparing apples with apples, Hitler did no more than any other world leader would do, in the same circumstances. And as history has proven, with far more humanity than any other world leader. Hard as that may be to swallow, given the massive saturation demonisation propaganda we have been submerged under for the last half century, it is the conclusion that the facts support.

History has since demonstrated the nature of the Soviet regime. It DID invade Europe, and occupy it. Its intentions were NOT honorable. It never intended 'liberating' anyone. If Hitler had not lead the preemptive strike on Russia at the time he did, sacrificing up to 10 million Germans in the fight for freedom from the Bolshevik menace, it is clear that Russia would have overtaken all of Europe.
Britain and the U.S, as soon as they destroyed Germany, entered into a 'cold' war with the same enemy they had just enabled to destroy the natural ally of Britain and France and the U.S. So it is clear Hitler was right. History proved him right. Communism could be dealt with by no other means than military attack. The half century after WWII proved this. The entire world was faced with the possibility of destruction simply because Britain and the U.S prevented Germany from defeating Bolshevism.

And today the fake news is claiming, once more, that Russia is the threat to world destruction again. That Russia is forcing the U.S and Britain and NATO into waging World War Three. Against the same enemy of Germany, and Hitler. The same enemy Hitler would have defeated, at such relatively low cost, compared to the costs imposed by the Bolsheviks on Russia and the rest of the world. Not just in terms of lives, but all the opportunities lost.

I am against all notions of racial supremacy, which is why I am anti-Semitic, and so I loathe the idea of 'ethnic cleansing' of Russians and Ukrainians from their homelands. But the Germans would have done this much more humanely than the Jewish lead Bolsheviks did. And after the terrible initial periods, there can be no doubt that the standard of living of the people that would today be living there would be much superior. We cannot even be sure that the 'ethnic cleansing' some people claim would have occurred, actually would have or not. As I say, I find it totally unacceptable that any people be divested of their homelands by force. So I would never condone many of the Nazi plans for Russia and Ukraine that have been presented by historians. Whether these are real or fake, I cannot say.

The real World War Three began the day the Saudi's were tricked into signing their agreements with the U.S, and on the day the 'Bretton Woods' agreement was signed. Since then the U.S has brutally put down any opposition to its economic warfare. Its financial and trade invasions of sovereign states. Today there is no sovereignty left. Their is an effective world government run by the Banksters, who are mostly 'Jewish', and enforced by a U.S military that does the bidding of Israel, and has not acted in the interests of the U.S citizens since, well, the war of Independence.

I explain all this in my 'Welcome to the New World Order' trilogy, which has been banned by Amazon, and most other retailers. Email me for 'free' copies of
any of my TROONATNOOR books. You can support my effort, sacrifice, and risk by sharing, seeding, translating, and printing out my 'welcome to the new world order' books. And you can support me financially using my markusrehbach@yahoo.com paypal account.

Of course the more resources I have at my disposal, the more I can help you, and your family, and all your future descendants.

I have no ulterior motives. I don't belong to any political ideology. Any organisation. Any religion. I am not racist nor nationalist. My ideal utopia will be vegan, and anything less than that is not worth the effort, sacrifice and risk I have, and continue to, invest in this world.

I will not reproduce myself, and hence force other sentient beings to endure this world as it is. When you reproduce yourself, you reproduce this world. This world, as it is, and what it is soon to become, are not worthy of reproducing. So I will move onto other worlds, in next lives, if I have any choice, or if I have learned the lessons this world was maybe designed to teach us all.

But while I live I promise I will live according to the principles of truth, justice, and beauty, with respect for all sentient beings, current and not-yet. I am 'controlled' by no-one. My opposition is real, authentic, genuine, and based on the most thorough and holistic understandings of TROONATNOOR.

I can only write, unless you give me access to the resources required to actually change the world for the better. If you have ever considered giving money to any religious organisation, or any sort of charity, please consider supporting me. I will probably suffer terribly if you do. You have no idea of the potential the truth has to totally undermine the current new world order's enslavement of us all. Sooner or later I will attract their attention. They will realise my potential. The potential of my understandings. The threat I might pose to their vicious hegemony. I will probably live longer and better if no-one pays attention to me. No-one takes me seriously. So I don't really care, personally, whether I become a world leader, or remain a neglected, ignored writer.

But I promise that if you give me access to the resources and power I need to defeat this new world order, I will remain true to the principles I have outlined in
my books. And continue to seek better, more optimal, means and ends. There is no 'truth', just the quest for truth. There is no 'final solution'. No final 'dogma'. No final 'prophet'. No 'end to history'. Life is a process. THAT is what makes experience possible. That is the closest thing to 'the meaning of life' we shall probably find. Unless of course we are all slaves to some sentient beings that use us as means to their ends. I offer all sorts of scenarios in my books, for you to consider.

So I am saying that if you give me the means, I can deliver the ends. If you don't, I will keep working at my writing. At 'advising'.

But given executive power, I could do more good than any other person who has ever lived.

I was born with the sense of responsibility. But with very little responsibility. Almost no power at all. Except the power to research, think, and write, and self-publish. Today even the power to self-publish has been taken from me. Soon the censorship will be total.

So its time now to either help me help you, or pray to whatever gods you pray to, that for some random reason your next lives might be better than your current lives, and the lives you will soon be enduring, and which you are condemning your offspring, for countless generations, to.

Today it is the Central Banks that have all the power. They print the money to pay the NATO mercenaries and their suppliers with. These mercenaries force everyone, at the point of a gun, or nerve gas, or missile, to accept that worthless paper in exchange for their lives, their time, their blood, their sweat, and the lives of their sons and daughters, their lands, their corporations, their democratic rights, their sovereignty.

Do the 'Jews' control these Central banks, and the mass media propaganda machine that keeps you ignorant and misinformed? It seems so to me. After years of investigation and research.
Yes I have to state I am now anti-semitic. But what does that mean? Why do you have such a negative knee-jerk reaction to that idea? Are you FOR racism? FOR racial supremacist ideology? FOR slavery? FOR rape? Have you ever looked into what 'SEMTISM' is? Have you read its 'origin story'? Its 'sacred texts'? Its' holy books'? Looked at the consequences of this set of detestable ideas called 'Semitism'? Don't you think you might at least give the topic a few moments of your time? Why on earth would I risk everything most people hold dear, by stating I am anti-semitic?

I don't hate any person. I hate ideas that any reasonable, freedom loving, justice loving, truth loving person MUST hate, if they are sane.

But back now to my new book which should complete my TROONATNOOR cycle. It brings together the most efficacious and optimalising insights of Zen, David Hume, Schopenhauer, Erickson, Psycho-Cybernetic,s and Richard Bandler's 'NLP', into the means to escape history, and to set our own, optimal trajectory into a bright future. Like any tool, this new guide will have power for good and evil. So as usual I am conflicted about my work. Am I simply empowering monsters with more power to do more harm to other sentient beings?

For this reason I hope that any of my books encourages you to real ALL of my books. So you really 'grok' TROONATNOOR. And find yourself where I am. Only in your case not alone. For if we find a million like souls, we can set up a vegan nation. Or we may inherit that 'kingdom of heaven on earth' that many prophecies promise us. A vegan planet. A planet of justice and truth, peace and beauty. Not the 'jew world order' of the Old testament, Torah, and Talmud, but the vision of an optimal world offered in 'the good news' a.k.a 'new testament', a vegan planet. A return to, or realisation of the promise of, a true garden of eden.

Of course my most recent book 'Planned abundance' is all about that.

Please overlook all the typo's, poor language formulations, and other cosmetic imperfections of all my books. I did everything myself. And I am in a rush to complete my TROONATNOOR cycle while I am still free to write, think, investigate, and publish. It is the old law of diminishing marginal returns. The time I would need to invest in proof reading, improving, correctin etc has a huge opportunity cost in terms of new ideas I can present, new insights, new
understandings. It is logical to focus on adding the greatest value I can. But personally it is embarrassing to see all the typos, and less than ideal expressions. I am an artist. A wordsmith. And my vanity would demand I show you the very best of my potential. But I sacrifice my art, my vanity, for the serious work I need to complete, in all its imperfections, while I can.

If I get the chance, I will revisit, edit, and improve all my books, to satisfy my vanity, and who you just how well I could write, in terms of form and presentation.

Please, as I always beg of readers, correct me if I am wrong, and help me if I am right.

It is up to you. If I get the resources, I know what to do with them.

If I don't, I will keep 'advising' and researching, and publishing as long as I am free to.

Don't forget I do NOT belong to any religion or political group. I am a practising ZEN Humean Skeptic. I seek truth. I don't claim anyone can know anything. But pleasure and pain are the final 'proof' of a heuristic 'rule of thumb' for any reasonable sentient being. **GIGO garbage in, garbage out notes**

GIGO = garbage in – garbage out ... a computer is a fast calculator, nothing more...precise...accurate...fast...it doesn’t judge or discriminate or ‘correct’ the input YOU give it...or others ‘program’ into it...so if your programs are junk, your output, your ideas, beliefs, behaviors, habits, will be junk / garbage / sub-optimal / destructive/ self-limiting / self-sabotaging etc...the subconscious acts just like a typical computer...Hobbes reduced mental activity, centuries before computers were built, to pure calculation...the movement of electrons...which is literally what computers are...electron movers...on-off switches...they have no ‘intention’ other than the program...literally...what goes in, is what comes out...what you tell it to do, no matter how insane and fatuous, is what it will do...tell it 2+2=7 and it will base ALL its calculations on this erroneous assumption...even Einstein made such simple errors, and they stopped him realising his ambitions for decades... so what are the chances YOU have inputted something similar...some ‘false assumption’, some erroneous belief, some faulty conclusion, into YOUR computer...do you think you SHOULD trust that everything you have ever been told, and rewarded for agreeing with, and ‘working’ with i.e inputting into further calculations, was actually correct? That no-one ELSE could have made a mistake? Or that no-one could possibly have any vested interest in deliberately LYING to you, misleading you? Even though the hero of all religions and governments, PLATO, stated clearly that ‘The State’, those in ‘Authority’, have an OBLIGATION, and a RIGHT, to deceive you...with what he called ‘NOBEL’ LIES ? Even though the favorite of all politicians, Macchiavelli, insisted that ‘The ends justify the means’, and the best means of warfare and subjection and persuasion are LIES...actually suggestion FALSE FLAG operations to instill fear into the population, so that they would be
willing to SUBMIT to YOUR rule over them, to pay ‘protection money’, to give up their freedoms to you, all in the false belief that you were protecting them from some real threat...EXACTLY what 911 achieved...and motivate them to join you in your wars of conquest, which were totally avoidable, and never would have happened, in the name of DEFENSE... when the attackers were the very same people running this oldest form of ‘PROTECTION RACKET’. How do you think the Zionists got Jews to move from their privileged, comfortable positions in Europe, to to inhospitable desert? If not via Hitlers KZ labor camps, and faked ‘Holocaust’ fear mongering...

And then there is another layer to our mind-computer analogy that is perfectly apt. You can input a perfect program, free of any bugs or errors, say the perfect philosopher, the most compelling argument, but it will still produce GARBAGE if there is a problem with the computers Basic Input Output System, or some sub-program. What in this analogy would be the basic assumptions imprinted into our muscle memory, neural networks, from birth, during our earliest years. During our pre-rational years. During our most ‘impressionable’ years...assumptions that then remain unchallenged / as they are so unobtrusive...you didn’t ‘write’ them into your new code, the philosopher didn’t write them in their compelling argument...would never dream of saying such stupid things, making such terrible errors, including such propagandistic lies...but they are there in the BIOS, and other sub-programs, which in our analogy would be our subconscious, most basic, assumptions about TROONATNOOR. The assumptions we take for granted as natural, normal, universally agreed upon, beyond question or doubt (which nothing should be to the scientific / skeptical mind).

Every propagandist and ‘noble’ liar has their favorite ‘lie’ they have implanted in your mind. So deeply, so early in your life, and so repeatedly reinforced as ‘self evident truth’, as unquestionable fact, that you literally never challenge it, question it, doubt it, interrogate it, investigate it, and therefore never come to see it for what it is...a lie...‘noble’ or otherwise...usually malicious...serving the interests of some narrow elite group, such as the priesthood, nobility, royalty, or current privileged and powerful hegemonic groups...

So dear Deborah Lipstadt will insist that ‘the holocaust’, one of the most blatant ‘noble’ lies to date, after ‘religion’ and ‘man-made global climate crisis’, should be given a privileged status like those other ‘noble’ lies. That YOU should be forced to accept it. And criminally punished for daring to question it. For asking questions. Let along finding fault with it and ‘denying’ it. This should be the clearest ‘red flag’ to anyone interrogating TROONATNOOR. Interrogating the ‘beliefs’ they have been implanted with at birth, and have had continually reinforced by the mass media, Hollywood, the education systems, television ‘programming’, religion, and on and on.
You see, no matter how great the inputted program is, say, of the Historical
‘revisionist’ who attempts to ‘correct’ the previous programs inputted, it will be
thwarted in its attempts to produce good outputs, by the pre-existing, (they got
there first, which is why every hegemonic group from priests to holohoaxers are
so keen to force you to send your young children to ‘institutions’, whether it be
Sunday school, pre-school, or ‘Holocaust’ ‘museums’) programs. The more basic
programs that the program writer, the Historian, writer, philosopher, etc, has no
power to ‘re-write’…or at least it is VERY hard to. You have to open up the
basic programs and re-write THEM, before the new program can run and produce
good results. Correct calculations. Logical deductions and inductions.

This is the challenge to the philosopher of every variety, whether their specialty
be history, politics, medicine, etc…That their ‘updates’ cannot produce the
desired correct results as long as the BIOS and other pre-existing, previously
imprinted, hard-wired, programs are operating.

The more basic programs will ALWAYS produce garbage from whatever input
you program. No matter how perfect the program you write. For millennia
philosophers have written the most compelling arguments, and offered them to
people. However once the perfect program is inputted, it is distorted, corrupted,
ruined, by the existing, pre-existing, more basic programs. In this analogy, the
basic assumptions about TROONATNOOR, and ‘history’.

This is why they NEED laws to stop us UN-corrupting the existing programs.
‘The Holocaust’ lie is not just some independent phenomena aimed at ‘justifying’
Allied war crimes, and Israel’s current war crimes in Palestine, or benefitting 5
million ‘survivors’ with life-long pensions and compensation, or emotionally
blackmailing Germans and North Americans into subsidizing the criminal state of
Israel to the tune of Billions each year. It has a much WIDER impact. It
contaminates ALL programs.

I realise that as most social realities are implanted during trance states, or over
long periods of repetition, and that the hegemonic powers will never allow us to
compete i.e to invest the huge resources THEY have invested in brainwashing us,
into de-programming us back to a ‘clear’ state i.e ‘error –free’ state, and that
most people won’t see any problem with their ‘self-evident ‘noble’ lies, and
won’t submit to a ‘de-bugging’ trance / program…and so the position of the
Philosopher, as always, is pretty pessimistic. It is amazing that the few of us who
have escaped the social reality imprinted on us from birth have managed this feat.
And we need to model the process. Find out how WE did this.

Our only hope is to eliminate, one by one, the ‘noble’ lies that have been
implanted in all of us. To realise they are NOT noble in intent, no matter what the
Plato’s of the world think. Everyone will define that which appears to serve their
own narrow vested interests as ‘noble’…and so everyone with power will use that power to impose lies upon us that server THEIR perceived vested interests.

The ‘holocaust’ lie may appear to many Jews to be ‘noble’. But what they miss is the bigger picture. THEY are being used as pawns in a bigger game. And THEY are soon to be offered up as a ‘burnt offering’ a true ‘holocaust’ to the long term, end-game objectives of what at first appears to be a ‘jew’ world order, but in fact is hiding behind that appearance, to get the compliance of the ‘jews’ with their real goals. Unwittingly the clever jews are being used to further the ends of a very small group of powerful, hegemonic, elites.

You must understand that ‘The Holocaust’ is not just some side issue that we can neglect, while focusing on something that appears more important. It is key to the whole new world order operation. Which is why they are ramping up their censorship, increasing criminal fines and penalties, and insisting that that lie known as ‘The Holocaust’, be given exceptionalist, privileged status…the same the Vatican gave ‘Catholic dogma’ in the middle ages.

It is the basic ‘noble’ lie of the new world order. The Jews are being lead to their graves by this group, all the while thinking they are ‘outsmarting’ us stupid goys. Many have been brainwashed to the point of paranoia. A fear of all non-jews. A fear they feel justifies using all weapons at their disposal in DEFENSE of themselves … and the most powerful weapons have always been ‘lies’. Deception.

**Hitler’s peace offers the world was never allowed to give their informed consent on notes**

What the World Rejected:
Hitler's Peace Offers 1933-1939

Published in 1940 by the Washington Journal under the auspices of the Deutsche Informationsstelle.
Germany's enemies maintain today that Adolf Hitler is the greatest disturber of peace known to history, that he threatens every nation with sudden attack and oppression, that he has created a terrible war machine in order to cause trouble and devastation all around him. At the same time they intentionally conceal an all-important fact: they themselves drove the Leader of the German people finally to draw the sword. They themselves compelled him to seek to obtain at last by the use of force that which he had been striving to gain by persuasion from the beginning: the security of his country. They did this not only by declaring war on him on September 3, 1939, but also by blocking step for step for seven years the path to any peaceful discussion.

The attempts repeatedly made by Adolf Hitler to induce the governments of other states to collaborate with him in a reconstruction of Europe resemble an ever-recurring pattern in his conduct since the commencement of his labors for the German Reich. But these attempts were wrecked every time by reason of the fact that nowhere was there any willingness to give them due consideration, because the evil spirit of the Great War still prevailed everywhere, because in London and Paris and in the capitals of the Western Powers' vassal states there was only one fixed intention: to perpetuate the power of Versailles.

A rapid glance at the most important events will furnish incontrovertible proof for this statement.

When Adolf Hitler came to the fore, Germany was as gagged and as helpless as the victors of 1918 wanted her to be. Completely disarmed, with an army of only 100,000 men intended solely for police duties within the country, she found herself within a tightly closed ring of neighbors all armed to the teeth and leagued together. To the old enemies in the West, Britain, Belgium and France, new ones were artificially created and added in the East and the South: above all Poland and Czechoslovakia. A quarter of the population of Germany were forcibly torn away from their mother country and handed over to foreign powers. The Reich, mutilated on all sides and robbed of every means of defense, at any moment could become the helpless victim of some rapacious neighbor.

Then it was that Adolf Hitler for the first time made his appeal to the common sense of the other powers. On May 17, 1933, a few months after his appointment
to the office of Reichskanzler, he delivered a speech in the German Reichstag, from which we extract the following passages:

"Germany will be perfectly ready to disband her entire military establishment and destroy the small amount of arms remaining to her, if the neighboring countries will do the same thing with equal thoroughness.

... Germany is entirely ready to renounce aggressive weapons of every sort if the armed nations, on their part, will destroy their aggressive weapons within a specified period, and if their use is forbidden by an international convention.

... Germany is at all times prepared to renounce offensive weapons if the rest of the world does the same. Germany is prepared to agree to any solemn pact of non-aggression because she does not think of attacking anybody but only of acquiring security."

No answer was received.

Without paying any heed the others continued to fill their arsenals with weapons, to pile up their stores of explosives, to increase the numbers of their troops. At the same time the League of Nations, the instrument of the victorious powers, declared that Germany must first pass through a period of "probation" before it would be possible to discuss with her the question of the disarmament of the other countries. On October 14, 1933, Hitler broke away from this League of Nations with which it was impossible to come to any agreement. Shortly afterwards, however, on December 18, 1933, he came forward with a new proposal for the improvement of international relations. This proposal included the following six points:

"1. Germany receives full equality of rights.

2. The fully armed States undertake amongst themselves not to increase their armaments beyond their present level.

3. Germany adheres to this agreement, freely undertaking to make only so much actual moderate use of the equality of rights granted to her as will not represent a threat to the security of any other European power."
4. All States recognize certain obligations in regard to conducting war on humane principles, or to the elimination of certain weapons for use against the civilian population.

5. All States accept a uniform general control which will watch over and ensure the observance of these obligations.

6. The European nations guarantee one another the unconditional maintenance of peace by the conclusion of non-aggression pacts, to be renewed after ten years.

Following upon this a proposal was made to increase the strength of the German army to 300,000 men, corresponding to the strength required by Germany "having regard to the length of her frontiers and the size of the armies of her neighbors", in order to protect her threatened territory against attacks. The defender of the principle of peaceable agreement was thus trying to accommodate himself to the unwillingness of the others to disarm by expressing a desire for a limited increase of armaments for his own country. An exchange of notes, starting from this and continuing for years, finally came to a sudden end with an unequivocal "no" from France. This "no" was moreover accompanied by tremendous increases in the armed forces of France, Britain and Russia.

In this way Germany's position became still worse than before. The danger to the Reich was so great that Adolf Hitler felt himself compelled to act. On March 16, 1935, he reintroduced conscription. But in direct connection with this measure he once more announced an offer of agreements of an extensive nature, the purpose of which was to ensure that any future war would be conducted on humane principles, in fact to make such a war practically impossible by eliminating destructive armaments. In his speech of May 21, 1935, he declared:

"The German Government is ready to take an active part in all efforts which may lead to a practical limitation of armaments. It regards a return to the former idea of the Geneva Red Cross Convention as the only possible way to achieve this. It believes that at first there will be only the possibility of a gradual abolition and outlawry of weapons and methods of warfare which are essentially contrary to the Geneva Red Cross Convention which is still valid."
Just as the use of dumdum bullets was once forbidden and, on the whole, thereby prevented in practice, so the use of other definite arms should be forbidden and prevented. Here the German Govern- [4] ment has in mind all those arms which bring death and destruction not so much to the fighting soldiers as to non-combatant women and children.

The German Government considers as erroneous and ineffective the idea to do away with aeroplanes while leaving the question of bombing open. But it believes it possible to proscribe the use of certain arms as contrary to international law and to excommunicate those nations which still use them from the community of mankind, its rights and its laws.

It also believes that gradual progress is the best way to success. For example, there might be prohibition of the dropping of gas, incendiary and explosive bombs outside the real battle zone. This limitation could then be extended to complete international outlawry of all bombing. But so long as bombing as such is permitted, any limitation of the number of bombing planes is questionable in view of the possibility of rapid substitution.

Should bombing as such be branded as a barbarity contrary to international law, the construction of bombing aeroplanes will soon be abandoned as superfluous and of no purpose. If, through the Geneva Red Cross Convention, it turned out possible as a matter of fact to prevent the killing of a defenseless wounded man or prisoner, it ought to be equally possible to forbid, by an analogous convention, and finally to stop, the bombing of equally defenseless civilian populations.

In such a fundamental way of dealing with the problem, Germany sees a greater reassurance and security for the nations than in all pacts of assistance and military conventions.

The German Government is ready to agree to any limitation which leads to abolition of the heaviest arms, especially suited for aggression. Such are, first, the heaviest artillery, and, secondly, the heaviest tanks. In view of the enormous fortifications on the French frontier such international abolition of the heaviest weapons of attack would ipso facto give France 100 per cent security.
Germany declares herself ready to agree to any limitation whatsoever of the calibre-strength of artillery, battleships, cruisers and torpedo boats. In like manner the German Government is ready to accept any international limitation of the size of warships. And finally it is ready to agree to limitation of tonnage for submarines, or to their complete abolition in case of international agreement.

[5] And it gives the further assurance that it will agree to any international limitation or abolition of arms whatsoever for a uniform space of time.”

This time again Hitler's declarations did not find the slightest response. On the contrary, France made an alliance with Russia in order to increase her preponderating influence on the Continent still further, and to augment to a gigantic degree the pressure on Germany from the East.

In view of the evident destructive intentions of his opponents, Adolf Hitler was therefore obliged to take new measures to ensure the safety of the German Reich. On March 3, 1936, he occupied the Rhineland, which had been without military protection since Versailles, and thus closed the wide gate through which the Western neighbor could carry out an invasion. Once again he followed the defensive step which he had been obliged to take with a liberal appeal for general reconciliation and for the settlement of all differences. On March 31, 1936, he formulated the following peace plan:

"1. In order to give to future agreements securing the peace of Europe the character of inviolable treaties, those nations participating in the negotiations do so only on an entirely equal footing and as equally esteemed members. The sole compelling reason for signing these treaties can only lie in the generally recognized and obvious practicability of these agreements for the peace of Europe, and thus for the social happiness and economic prosperity of the nations.

2. In order to shorten in the economic interest of the European nations the period of uncertainty, the German Government proposes a limit of four months for the first period up to the signing of the pacts of non-aggression guaranteeing the peace of Europe.

3. The German Government gives the assurance not to add any reinforcements whatsoever to the troops in the Rhineland during this period, always provided that the Belgian and French Governments act in the same way.
4. The German Government gives the assurance not to move during this period closer to the Belgian and French frontiers the troops at present stationed in the Rhineland.

5. The German Government proposes the setting up of a commission composed of the two guarantor Powers, Britain and Italy, and a disinterested third neutral power, to guarantee this assurance to be given by both parties.

[6] 6. Germany, Belgium and France are each entitled to send a representative to this Commission. If Germany, France or Belgium think that for any particular reason they can point to a change in the military situation having taken place within this period of four months, they have the right to inform the Guarantee Commission of their observations.

7. Germany, Belgium and France declare their willingness in such a case to permit this Commission to make the necessary investigations through the British and Italian military attaches, and to report thereon to the Powers participating.

8. Germany, Belgium and France give the assurance that they will bestow the fullest consideration to the objections arising therefrom.

9. Moreover the German Government is willing on a basis of complete reciprocity with Germany's two western neighbors to agree to any military limitations on the German western frontier.

10. Germany, Belgium and France and the two guarantor Powers agree to enter into negotiations under the leadership of the British Government at once or, at the latest, after the French elections, for the conclusion of a 25-years non-aggression or security pact between France and Belgium on the one hand, and Germany on the other.

11. Germany agrees that Britain and Italy shall sign this security pact as guarantor Powers once more.
12. Should special engagements to render military assistance arise as a result of these security agreements, Germany on her part declares her willingness to enter into such engagements.

13. The German Government hereby repeats its proposal for the conclusion of an air pact to supplement and consolidate these security agreements.

14. The German Government repeats that should the Netherlands so desire it is willing to include that country too in this West-European security agreement.

15. In order to stamp this peace pact, voluntarily entered into between Germany and France, as the reconciliatory conclusion of a centuries-old dispute, Germany and France pledge themselves to take steps to see that in the education of the young, as well as in the press and publications of both nations, everything shall be avoided which might be calculated to poison the relationship between the two peoples, whether it be a derogatory or contemptuous attitude, or improper interference in the internal affairs of the other country. They agree to set up at the headquarters of the League of Nations at Geneva, a joint commission whose function it shall be to lay all complaints received before the two Governments for information and investigation.

16. In pursuance of their intention to give this agreement the character of a sacred pledge, Germany and France undertake to ratify it by means of a plebiscite of the two nations.

17. Germany expresses her willingness, on her part, to establish contact with the states on her south-eastern and north-eastern frontiers, in order to invite them directly to conclude the pacts of non-aggression already proposed.

18. Germany expresses her willingness to re-enter the League of Nations, either at once, or after the conclusion of these agreements. At the same time, the German Government again expresses as its expectation that, after a reasonable time and by the method of friendly negotiations, the question of colonial equality of rights and that of the separation of the Covenant of the League of Nations from its foundations in the Versailles Treaty will be cleared up.
19. Germany proposes the setting up of an International Court of Arbitration, which shall be responsible for the observance of the various agreements concluded, and whose decisions shall be binding on all parties.

After the conclusion of this great work of securing European peace, the German Government considers it urgently necessary to endeavor by practical measures to put a stop to the unlimited competition in armaments. In her opinion this would mean not merely an improvement in the financial and economic position of the nations, but above all a diminution of the psychological tension.

The German Government, however, has no faith in the attempt to bring about universal settlements, as this would be doomed to failure from the outset, and can therefore be proposed only by those who have no interest in achieving practical results. On the other hand it is of the opinion that the negotiations held and the results achieved in limiting naval armaments should have an instructive and stimulating effect.

The German Government therefore proposes that future conferences shall have one clearly defined objective.

[8] For the present, it believes the most important task is to bring aerial warfare into the moral and humane atmosphere of the protection afforded to non-combatants or the wounded by the Geneva Convention. Just as the killing of defenseless wounded, or prisoners, or the use of dumdum bullets, or the waging of submarine warfare without warning, have been either forbidden or regulated by international conventions, so it must be possible for civilized humanity to prevent the senseless abuse of any new type of weapon, without running counter to the object of warfare.

The German Government therefore puts forward the proposal that the immediate practical tasks of this conference shall be:

1. Prohibition of dropping gas, poison, or incendiary bombs.

2. Prohibition of dropping bombs of any kind whatsoever on open towns and villages outside the range of the medium-heavy artillery of the fighting fronts.
3. Prohibition of the bombarding with long-range guns of towns more than 20 km. distant from the battle zone.

4. Abolition and prohibition of the construction of tanks of the heaviest type.

5. Abolition and prohibition of artillery of the heaviest calibre.

As soon as possibilities for further limitation of armaments emerge from such discussions and agreements, they should be utilized.

The German Government hereby declares itself prepared to join in every such settlement, in so far as it is valid internationally.

The German Government believes that if even a first step is made on the road to disarmament, this will be of enormous importance to the relationship between the nations, and to the recovery of confidence, trade and prosperity.

In accordance with the general desire for the restoration of favorable economic conditions, the German Government is prepared immediately after the conclusion of the political treaties to enter into an exchange of opinions on economic problems with the other nations concerned, in the spirit of the proposals made, and to do all that lies in its power to improve the economic situation in Europe, and the world economic situation which is closely bound up with it.

[9] The German Government believes that with the peace plan proposed above it has made its contribution to the reconstruction of a new Europe on the basis of reciprocal respect and confidence between sovereign states. Many opportunities for such a pacification of Europe, for which Germany has so often in the last few years made her proposals, have been neglected. May this attempt to achieve European understanding succeed at last!

The German Government confidently believes that it has opened the way in this direction by submitting the above peace plan."
Anyone who today reads this comprehensive peace plan will realize in what direction the development of Europe, according to the wishes of Adolf Hitler, should really have proceeded. Here was the possibility of truly constructive work, this could have been a real turning-point for the welfare of all nations. But once more he who alone called for peace was not heard. Only Britain replied with a rather scornful questionnaire which avoided any serious consideration of the essential points involved. Incidentally, however, she disclosed her actual intentions by setting herself up as the protector of France and by instituting and commencing regular military staff conversations with the French Republic just as in the period before the Great War.

There could no longer be any doubt now that the Western Powers were following the old path towards an armed conflict and were steadily preparing a new blow against Germany, although Adolf Hitler's whole thoughts and endeavors were directed towards proving to them that he wanted to remain on the best possible terms with them. In the course of the years he had undertaken numerous steps in this direction, of which a few more shall be referred to here. He negotiated the Naval Agreement of June 18, 1935 with Great Britain, which provided that the German Navy should only have a strength of 35% of that of the British Navy. By this he wanted to demonstrate that the Reich, to use his own words, had "neither the intention nor the means, nor was it necessary" to enter into any rivalry as regards naval power, such as had had so fateful an influence on its relations to Great Britain in the well-remembered days before the Great War.

He assured France on every possible occasion of his desire to live at peace with her. He repeatedly renounced in plain terms any claim to Alsace-Lorraine. On the return to the Reich of the Saar territory as the result of the plebiscite, he declared on March 1, 1935:

[10] "It is our hope that through this act of just compensation, in which we see a return to natural reason, relations between Germany and France have permanently improved. Therefore as we desire peace, we must hope that our great neighbor is ready and willing to seek peace with us. It must be possible for two great people to join together and collaborate in opposing the difficulties which threaten to overwhelm Europe."

He even endeavored to arrive at a better understanding with Poland, the eastern ally of the Western Powers, although this country had unlawfully incorporated
millions of Germans in 1919 and had subjected them to the worst oppression ever since. On January 26, 1934, he concluded a non-aggression pact with her in which the two Governments agreed "to settle directly all questions of whatever sort which concern their mutual relations."

Thus on all sides he opposed to the enemy plans his determination to preserve peace and strove to protect Germany in this way. When however he saw that London and Paris were arming for attack, he was once more obliged to undertake fresh measures of defense. The enemy camp, as we have seen above, had been enormously extended through the alliance between France and Russia. In addition to this the two powers had secured a line of communication to the south of the Reich through Czechoslovakia having concluded a treaty with Russia which put her in the position of a bridge between east and west. Czechoslovakia, however, was in control of the high-lying country of Bohemia and Moravia, which Bismarck had called the citadel of Europe, and this citadel projected far into German territory. The threat to Germany thus assumed truly overpowering proportions.

The genius of Adolf Hitler found a way of meeting this danger. The conditions in German Austria, which under the terror of the Schuschnigg Government were tending towards civil war, offered him the opportunity of stepping in to save the situation, and to lead back into the Reich the sister nation to the south-east that had been sentenced by the victorious powers to lead the life of a hopelessly decaying "Free State". After he had thus established himself near the line of communication between France and Russia mentioned above, a process of dissolution set in in the mixed State of Czechoslovakia, which had been artificially put together from the most diverse national elements, until after the liberation of the Sudetenland and the secession of Slovakia, the Czechs themselves asked for the protection of the German Reich. With this the enemy's bridge came into Adolf Hitler's possession; and at the same time direct [11] connection was made possible with Italy, whose friendship had been secured some time previously.

While he was gaining this strategical success for the security of his country, Adolf Hitler was again endeavoring with great eagerness to reach a peaceable understanding with the Western Powers. In Munich directly after liberation of the Sudeten Germans, approved by Britain, France and Italy, he made an agreement with the British Prime Minister, Neville Chamberlain, the text of which was a follows:
"We have had a further meeting to-day and have agreed in recognizing that the question of Anglo-German relations is of the first importance for the two countries and for Europe.

We regard the agreement signed last night and the Anglo-German Naval Agreement as symbolic of the desire of our two peoples never to go to war with one another again.

We are resolved that the method of consultation shall be the method adopted to deal with any other questions that may concern our two countries, and we are determined to continue our efforts to remove possible sources of difference and thus to contribute to assure the peace of Europe."

September 30, 1938. Adolf Hitler, Neville Chamberlain."

Two months later, on Hitler's instructions, the German Foreign Minister, von Ribbentrop, made the following agreement with France:

"Herr Joachim von Ribbentrop, Reich Minister for Foreign Affairs, and M. Georges Bonnet, French Minister of Foreign Affairs, acting in the name and by order of their Governments, are, at their meeting in Paris, on December 6, 1938, agreed as follows:

1. The German Government and the French Government fully share the conviction that peaceful and good-neighborly relations between Germany and France constitute one of the most essential elements for the consolidation of the situation in Europe and the maintenance of general peace. The two Governments will in consequence use all their efforts to ensure the development of the relations between their countries in this direction.

[12] 2. The two Governments recognize that between the two countries there is no territorial question outstanding, and they solemnly recognize as final the frontiers between their countries as they now exist.
3. The two Governments are resolved, while leaving unaffected their particular relations with other Powers, to remain in contact with regard to all questions concerning their two countries, and mutually to consult should the later evolution of those questions lead to international difficulties.

In token whereof the representatives of the two Governments have signed the present Declaration, which comes into immediate effect.

Done in two original Documents in the French and German language respectively, in Paris, December 6, 1938.

Joachim von Ribbentrop,
Reich Minister for Foreign Affairs

Georges Bonnet,
Minister for Foreign Affairs

According to all calculations one should have been able to assume that the way was clear for collaborative reconstruction in which all leading powers would participate, and that the Fuehrer's endeavors to secure peace would at last meet with success. But the contrary was true. Scarcely had Chamberlain reached home when he called for rearmament on a considerable scale and laid plans for a new and tremendous encirclement of Germany. Britain now took over from France the leadership of this further encirclement of the Reich, in order to obtain a substitute for the lost Czechoslovakia many times its value. She opened negotiations with Russia, granted Poland a guarantee and also Rumania, Greece and Turkey. These were alarm signals of the greatest urgency.

Just at this time Adolf Hitler was occupied with the task of finally eliminating sources of friction with Poland. For this purpose he had made an uncommonly generous proposal by which the purely German Free City of Danzig would return to the Reich, and a narrow passage through the Polish Corridor, which since 1919 had torn asunder the north-eastern part of Germany to an unbearable extent, would provide communication with the separated area. This proposal, which
moreover afforded Poland the prospect of a 25-year non-aggression pact and other advantages, was nevertheless rejected in Warsaw, because there it was believed, conscious as the authorities were of forming one of the principal members of the common [13] front set up by London against Germany, that any concession, however minor, could be refused. This was not all! With the same consciousness Poland then started to be aggressive, threatened Danzig, and prepared to take up arms against Germany.

Thus the moment was close at hand for the attack on the Reich by the countries which had been brought together for the purpose. Adolf Hitler, making a final extreme effort in the interests of peace, saved what he could. On August 23rd, Ribbentrop succeeded in reaching an agreement in Moscow for a non-aggression pact with Russia. Two days later the German Fuehrer himself made a final and truly remarkable offer to Britain, declaring himself ready "to enter into agreements with Great Britain", "which... would not only, on the German side, in any case safeguard the existence of the British Empire, but if necessary would guarantee German assistance for the British Empire, irrespective of where such assistance might be required". At the same time he was prepared "to accept a reasonable limitation of armaments, in accordance with the new political situation and economic requirements". And finally he assured once again that he had no interest in the issues in the west and that "a correction of the borders in the west are out of any consideration."

The reply to this was a pact of assistance signed the same day between Britain and Poland, which rendered the outbreak of war inevitable. Then a decision was made in Warsaw to mobilize at once against Germany, and the Poles began with violent attacks not only on the Germans in Poland, who for some time had been the victims of frightful massacres, but on Germans in German territory.

But even when Britain and France had already declared the war they desired, and Germany had overcome the Polish danger in the east by a glorious campaign without a parallel, even then Adolf Hitler raised his voice once more in the name of peace. He did so although his hands were now free to act against the enemy in the west. He did so, although the fight against him personally was proclaimed in London and Paris, in immeasurable hate, as a crusade. At this moment he possessed the supreme self-control to proclaim in his speech of October 6, 1939, a new plan for the pacification of Europe to public opinion throughout the world. This plan was as follows:
"By far the most important task, in my opinion, is the creation of not only a belief in, but also a sense of, European security.

[14] 1. For this it is necessary that the aims of the foreign policy of each European State should be made perfectly clear. As far as Germany is concerned, the Reich Government is ready to give a thorough and exhaustive exposition of the aims of its foreign policy. In so doing, it begins by stating that the Treaty of Versailles is now regarded by it as obsolete, in other words, that the Government of the German Reich and with it the whole German people no longer see cause or reason for any further revision of the Treaty, apart from the demand for adequate colonial possessions justly due to the Reich, involving in the first place a return of the German colonies. This demand for colonies is based not only on Germany's historical claim to her colonies, but above all on her elementary right to a share of the world's resources of raw materials. This demand does not take the form of an ultimatum, nor is it a demand which is backed by force, but a demand based on political justice and sane economic principles.

2. The demand for a real revival of international economic life coupled with an extension of trade and commerce presupposes a reorganization of the international economic system, in other words, of production in the individual states. In order to facilitate the exchange of the goods thus produced, however, a new system of markets must be found and a final settlement of currencies arrived at, so that the obstacles in the way of unrestricted trade can be gradually removed.

3. The most important condition, however, for a real revival of economic life in and outside of Europe is the establishment of an unconditionally guaranteed peace and of a sense of security on the part of the individual nations. This security will not only be rendered possible by the final sanctioning of the European status, but above all by the reduction of armaments to a reasonable and economically tolerable level. An essential part of this necessary sense of security, however, is a clear definition of the legitimate use and application of certain modern armaments which can at any given moment strike straight at the heart of every nation and hence create a permanent sense of insecurity. In my previous speeches in the Reichstag I made proposals with this end in view. At that time they were rejected - presumably for the simple reason that they were made by me.

I believe, however, that a sense of national security will not return to Europe until clear and binding international agreements [15] have provided a comprehensive
definition of the extent to which the use of certain weapons is permitted or forbidden.

The Geneva Convention once succeeded in prohibiting, in civilized countries at least, the killing of wounded, the ill-treatment of prisoners, war against non-combatants, etc., and just as it was possible gradually to achieve the universal observance of this statute, a way ought surely to be found to regulate aerial warfare, the use of poison gas, of submarines etc., and also so to define contraband that war will lose its terrible character of a conflict waged against women and children and against non-combatants in general. The growing horror of certain methods of modern warfare will of its own accord lead to their abolition, and thus they will become obsolete.

In the war with Poland, I endeavored to restrict aerial warfare to objectives of military importance, or only to employ it to combat resistance at a given point. But it must surely be possible to emulate the Red Cross in drawing up some universally valid international regulation. It is only when this is achieved that peace can reign, particularly on our densely populated continent a peace which, un-contaminated by suspicion and fear, will provide the only possible condition for real economic prosperity. I do not believe that there is any responsible statesman in Europe who does not in his heart desire prosperity for his people. But such a desire can only be realized if all the nations inhabiting this continent decide to work together. To assist in ensuring this co-operation must be the aim of every man who is sincerely struggling for the future of his own people.

To achieve this great end, the leading nations on this continent will one day have to come together in order to draw up, accept and guarantee a statute on a comprehensive basis which will ensure for them a sense of security, of calm, - in short, of peace.

Such a conference could not possibly be held without the most thorough preparation, i.e. without exact elucidation of every point at issue. It is equally impossible that such a conference, which would determine the fate of this continent for many years to come, could carry on its deliberations while cannons are thundering, or mobilized armies bringing pressure to bear upon it. Since, however, these problems must be solved sooner or later, it would surely be more sensible to tackle the solution before millions of men are first uselessly sent to their death, and billions of dollars' worth of property destroyed.
The continuation of the present state of affairs in the west is unthinkable. Each day will soon demand increasing sacrifices. Perhaps the day will come when France will begin to bombard and demolish Saarbrücken. The German artillery will in turn lay Mühlhausen in ruins. France will retaliate by bombarding Karlsruhe, and [16] Germany in her turn shell Strassburg. Then the French artillery will fire at Freiburg, and the Germans at Kolmar or Schlettstadt. Long-range artillery will then be set up, and from both sides destruction will strike deeper and deeper, and whatever cannot be reached by the long-range artillery will be destroyed from the air. And that will be very interesting for certain international journalists, and very profitable for the aeroplane, arms, and munition manufacturers, etc., but appalling for the victims. And this battle of destruction will not be confined to the land. No, it will reach far out over the sea. To-day there are no longer any islands.

And the national wealth of Europe will be scattered in the form of shells, and the vigor of every nation will be sapped on the battlefields. One day, however, there will again be a frontier between Germany and France, but instead of flourishing towns there will be ruins and endless graveyards."

The fate of this plan was the same as that of all the previous appeals made by Adolf Hitler in the name of reason, in the interests of a true renascence of Europe. His enemies paid him no heed. On this occasion also no response was forthcoming from them. They rigidly adhered to the attitude which they had taken up in the beginning.

In the face of this series of historical facts is there any need for further details as to the question of why they did so? They had created Versailles, and when Versailles threatened to collapse they wanted the war, in order to follow it with an even worse Versailles. The reproaches which they make today to Adolf Hitler and Germany, recoil one and all on those who make them, and characterize their actions. They are the disturbers of peace, they are the ones who meditate the forcible oppression of other peoples and seek to plunge Europe in devastation and disaster. If if were not so, they would long ago have taken the hand that was stretched out to them or at least have made a gesture of honestly wishing to cooperate in a new order, and thus spare the nations "blood, tears and sweat" in excess.
World history is the world court; and in this case as always when it reaches its decision it will pronounce a just verdict.

**Immigration notes**

**Immigration**

My mother worked many cleaning and factory jobs. I worked at McDonalds cleaning with my brother long before I was legally old enough, and then went on to work as soon as I was legally old enough, at various McDonalds and supermarket jobs. On several occasions I worked 12 hour shifts after getting back from high school, doing 'clean-up' after a full evening shift. I've done all the 'worst' jobs few people who write books or comment on society ever do.

I've also been homeless on several continents. I lived out of my car for about 6 months in Australia, while awaiting an Industrial Relations investigation that of course never happened. I have been homeless for months at a time in Germany. I was even homeless for a few weeks in South Korea.

I could write books about the 'nastiness' and 'self-serving' behaviors of social workers, who treat their jobs as personal resources, their supposed clients as mere nuisances, and spend their days looking for ways to 'move up' in their world, and avoid actually having to make any contact with their 'clients'. Social workers who trick clients into signing agreements that are lucrative for the social worker, cost the local community a lot of money, and merely keep the clients dependent on them. I can tell you about selfish accommodation providers who, after having accepted a 'booking', and money, for a bed for me, from the government, deliberately 'double booked' the bed, to make more money, then refused to let me sleep even in their totally empty waiting room, during a full scale hurricane, and instead abused me, insulted me, and had the police threaten me (at a time when the police started hiding their name badges in direct violation of German law, and refused to give me their names, making stupid jokes instead) to force me to walk out into a hurricane, with all my awkward 'luggage', at a time when the emergency services were warning people to 'stay indoors'. Accommodation providers who 'rented' rooms out to people who they had never seen, and kept accepting high rents from the government for these rooms. Overpriced rooms. Rooms where 4 adults were placed. Worse than the cheapest backpackers which charged 8 euro a night. But for which these 'allied' accommodation providers were claiming up to 30 Euro a night, for people who never even slept there. And then
the same 'manager' would refuse me a bed. And then finally allowed me to use a room, which I discovered the next morning, to have been infested with lice. Leaving ME completely covered in sores. Which no-one at the social services who were responsible for 'housing' had any interest in. In fact they tried to convince me that I, a 45 year old man, had suddenly started getting acne / pimples all over my body. Anyway, I could write books about the corruption in the supposed 'caring professions'.

I worked my way through university. I topped many courses. I came in the top 10 in an economics course with over 600 participants. During my years I spoke to many Master's students, about economic modelling and so on. Models, it appeared, were never conclusive. They were mostly mathematical, in any case, and very flawed in their 'orchestration'.

I grew up in a very multi-cultural environment, and even was 'stoned' by a group of Lebanese boys, when I was still in primary school. My my friends were Greek, British, and later Croatian. I've lived in Germany when the only 'migrants' were Turkish workers who kept to themselves, were exploited, but cheerful to be able to earn much higher wages than they could in Turkey. So while there may have been millions of 'migrants' in Germany, they were there because German industry needed them. The German economy needed them. They were an asset. Not a burden. On anyone.

Of course Australia paid for my mother and father to travel to Australia, on condition they work a certain number of years there.

So clearly migration can be a real benefit to a nation. To EVERYONE in that nation.

However the motive for big business, and thus their lobbyists and puppet politicians, is different to the motive of the worker and unemployed, would-be worker.

For the business owners, and owners of land, increasing the supply of motivated workers ultimately reduces labor costs for employers, and increases the demand for the capital goods they own, such as their investment rental properties. So real estate values climb, as they do in Australia, year on year, do to constantly
increasing demand for the relatively limited number of rental accommodations around the major cities where migrants end up. And REAL wages fall. These are facts even the ABS can't obscure and obfuscate, if you bother looking at the 'raw' data.

But economists have been reduced to statisticians, to avoid them ever telling you anything useful, and damaging to the elites.

So when economists, rather than average working people, those struggling from day to day, speak about the 'benefits', and occasionally even 'costs' of immigration, they keep to the macro level. The level of the economy 'as a whole'. And all the models and statistics, at this macro-economic level, indicate that immigration is 'good' for a country.

But it is all about 'level of composition'. 'From a distance, there is harmony'. The glory of the Roman Empire is all historical. For the average slave, life under the tyranny of the Empire was brutal, cruel, and short. This planet is a lovely peaceful blue-green orb floating among the stars, from a distance. Get up close and you will see the teeth and claws tearing at the flesh and blood, see the horror of the victim, and the suffering of the prey. The slavery of the masses.

So it is with economics, when speaking about migration. Once you have chronic unemployment, chromic homelessness, and chronic over-burdening of the public health, education, and transportation systems, the welfare systems, the unemployment services, and so on, any time you add one more 'needy' immigrant, those already suffering will end up paying the cost. With longer waiting times for medical treatment, larger classroom sizes, overworked service level staff (while management find ways to avoid work, and justify pay rises for themselves), increased stress levels, increased frustration levels, and constantly decreasing service levels.

The upper levels of society never have to deal with any of these problems. All they experience is the cheap, available, keen labor. The immigrants willing to clean their homes, mind their children, do their gardening, wash their cars, and work in their businesses under wages and conditions that no 'local' would have accepted.
This is why you will find a lot of 'Left Wing' activists against immigration. They are at the bottom. They experience all the costs of immigration. They are the ones having their services cut. They are the ones who end up dealing with all the conflict that arises when people under huge stress, from very different cultural backgrounds, with different traditions and often 'bizarre' attitudes, are forced to fight for the limited resources. To live in inhuman conditions. To fight for any jobs, and public services, and benefits, that are available.

It is easy for some middle class person to expound the joys of multi-culturalism, and constantly increasing immigration, when they are the ones who get to enjoy only the benefits. They never use public transport. They are well serviced by their doctors and hospitals. Their children go to private schools. The middle classes rarely face any of the costs.

It is not about racism in the conventional sense. What most 'locals' are shocked to find is that the newcomers are as racist as themselves. Feeling as superior to the locals, as the locals like to feel towards them. So 'white' locals will find as many Asians who look down upon them, and feel superior to them, and don't want to intermix with them, as immigrant Asians will find 'whites' who treat them as inferior. Racism can be bred of high culture, where all non-members are viewed as uncultured barbarians. But mostly it is born of a desperate need to feel superior to someone. Growing from feelings of inferiority. If you cannot feel equal to anyone in your own culture, then it is simple to imagine your entire culture superior to another, and thus to gain superiority the easy way, with no effort, by simply asserting a fanciful 'inherited' superiority, by virtue of being born into your particular culture or 'race'.

Germany was not destroyed by a superior military force. It was tricked into surrendering in WWI by Wilson, having agreed to his '11 points'. The treaty of Versailles was never ratified by the U.S because it broke the promises Wilson had made to Germany. The treaty of Versailles was universally condemned by honest people everywhere as an act of treachery by the defeated French to seek domination of Europe. Even the British aristocracy recognised this, and rallied against it. Germany was later broken by allied war crimes, such as the firebombing of Dresden, Hamburg, and other purely civilian targets. It was then morally destroyed by propaganda. 'The Holocaust'. Meant to justify the allied war crimes. And to finally destroy German will to assert its rightful place among the great nations.
The final nail in the coffin of the German culture is multiculturalism. Forced upon it by the same people who have been working for the destruction of Germany as a cultural entity, since the Franco-Prussian war. The same 'masters of lies'. The same 'masters of propaganda'. Divide and conquer. Offer the ruling elites of Germany cheap labor, economic benefits, and security, at the expense of the rest of the German people. These elites have always treated the 'masses' as peasants, slaves, and serfs.

The immigrants are being used as weapons. They suffer as much as the poorest Germans do. They have been tricked into leaving their homelands. Or driven out by wars created by the people who wanted them to immigrate to Europe. The same people who create the wars, are the ones seeking to 'divide and conquer'. Weaponised immigration. Weaponised multi-culturalism.

Of course if I am more explicit, this post will be blocked. I will be arrested. You see the same people who are behind all this tragedy, this slavery, are the ones deciding what is 'fake' news and what is 'news'. What is 'racist' and what is 'politically correct'.

The ultimate racial supremacists define anything that challenges their hegemony as 'racist'. As illegal. As criminal.

The crime bosses will define any attack on their position of hegemony as 'criminal'.

Please find copies of my 'TROONATNOOR' books and read them, copy them, seed them. Before they were all censored, some people downloaded them. I asked them to seed them. Share them. Maybe they did. And you can still find them, as torrents, or on 'dark' websites.

As usual the 'dark' web is the only 'bright' place on the WWW these days. They are censoring all REAL news, defining it as fake news, while allowing the propaganda, the truly fake news, to flourish. Soon all you will have is fake news. And the real news, which they tell you is fake, won't be accessible. And people who would otherwise have continued writing books, making films, and seeking truth, and to inform you, will simply stop doing so. To avoid prison. But more
importantly, because they will have no way of getting their books and movies out to you.

Anyway, the point about immigration, the sort of mass, uncontrolled immigration that is being forced on Europe today, is that it benefits the rich, and imposes all the costs and burdens on the people least able to afford it. The people already living in poverty. The people who have already faced massive pay cuts, and reductions in their working conditions, their living conditions. Their health, education, housing, and transport conditions.

There are lots of ways to 'hide' these facts. The simplest is to refer to 'macro-economic' indicators. But as I remind you, 'from a distance, there is harmony'. It is all about 'levels of composition'.

Please read my TROONATNOOR books. Soon books like these simply won't be available. Already my four most urgent books have been 'blocked' by Amazon, Apple, Smashwords, Barnes and Noble, and Draft2Digital. It is not enough that the 'Zionists' control all the mass media, and publishing houses. They won't even let us publish our own books, at our own expense. That is how desperate they are to prevent you reading any real news. Any genuinely 'alternate' media. Media NOT controlled in any way by them. Not controlled media.

In the near future the only 'alternate' media will be the controlled media. Fake alternate media. Pay attention to what is REALLY being censored, and who is still being allowed a 'voice'. They will pretend to be censoring their own controlled opposition, but that will be mostly words. They will allow their own 'fake' opposition a voice, to pretend it is 'the resistance', when it is really just the masters themselves.

If you want to find genuine political opposition, visit a prison. That is where your real politicians end up. Your real 'truth seekers'.

Please read my books to understand what 'controlled opposition' is. How it works. How the world works. How you can effectively resist and defy it. To take back your own nations. To defy the 'occupation'. Their power is all propaganda. Break their propaganda, and they crumble. They are so few. We are so many. But they rule us with their fake news. Their lies. Their propaganda. Their
misinformation. Their violence. Their threats of violence. What we call 'laws'. Take back the power to make your own laws. To decide your own economic policies. To print your own money. To stop fighting wars for a small group of ultra right wing racial supremacists who have, in the earliest written documents we have, always practised genocide and slavery against anyone who is not 'one of them'. Who have always practised exceptionalism. Whose codes of ethics were always totally exclusive.

The 'origin story' of the current masters, the current war mongers, those who have enslaved us all is one of genocide. Rape. Slavery. I dare not name them, or you won't get to read this. They worship the star of Remsham. They pretend to be of the chosen people. Chosen by whom? Akhenaton / Moses?

India the source of most of our advanced mathematics notes

'Arabic' numerals really from India, used there since around 500 BCE ... and first recorded instance of use of number 'zero'...is '270' part of inscription carved into a temple...1000 years before Copernicus Indian mathematicians/astronomers 'proved' heliocentric (modern) view of our solar system...etc...100 years after Mohammed, Arabian Muslims began using ... developed Algebra etc using these...at time called 'Indian' numerals by first European who brought to Europe... Fibonacci... brought from Nth Africa to Italy ... At time roman numerals still being used...but not for mathematical calculations, just for expressing their result i.e used fore-runner of Abacus...zero called 'cipher'...

Abacus required rounding to nearest penny, Vs Indian Numerals could calculate 'compound interest' etc to 12 decimal places using pen and paper i.e much more precisely...came into own when Usury became legal, for calculating interest...16th century ... actually gave MORE interest to lender ... BBC documentary suspiciously kept conflating 'capitalism' with usury, and implicitly mocking Catholic 'Usury' law as 'anti-capitalism' etc...very 'banksterish' ... MHR n.b that today O and 1 used to calculate, and other numbers only used for expressing the final result...the German Philosopher Leibniz invented binary number system around 1679...to eliminate human error using mechanical calculator...light and darkness...something and nothing...1 and 0 ... 9 in binary is written 1001 i.e columns represent number of 1s, 2s, 4s, 8s, 16s, 32s, 64s i.e 'Base 2'[Rather than our 'base 10' finger and Roman 10s/100s i.e units and legions
military 1s, 10s, 100s, 1000s etc]... so '9' is made adding 1x8 + 1x1 = 9. and is written 1001. All numbers made from combinations of 0, 1, 2, 4, 8, 16, 32, 64, 128, 256, 512, 2014... which is why all computer related memory etc values are in these multiples... perfect for mechanical calculation... machine has no concern for how big these numbers get... and lead way to 'digital' electronic encoding i.e voltage / no voltage... Human's couldn't calculate such large Binary numbers, but no trouble for computer... merely sequence of very efficient / precise binary... Leibniz's design used metal balls and slots, but never got round to building it... Colossus was Leibniz's dream made real, translating 0 and 1 to 'on' and 'off' electrical currents, during WWII in Britain, Fletchley Park code breaking center...cracked German and Japanese codes... which Germans assumed (without such a computer), that the calculations required would take impractical amount of time, so dismissed any claims their codes had been broken...

Marie Antoinette victim of ‘Jewish’ plot / conspiracy?

notes

Two Jewish Jewellers from Germany (Saxony) Bessange and Boehmer... claim

Cardinal de Rohan (Prince de Rohan) had no reason to believe the story offered him i.e that Marie Antoinette wanted him to act as go-between for the purchase of the necklace...a con-woman Valois, told him SHE was acting on behalf of the Queen... Rohan was to get the necklace from the Jews, and she was to pass it onto the Queen... she had given him a request to that effect, stating that Rohan was no in her good favor after 16 years of blatant public total 'cold shoulder' ing him... 'cutting' him... not a word or gesture... after Antoinette's mother directed her to this... She hated him... since his time as Ambassador of France to Austria... ultimately the King had ordered de Rohan arrested... Valois had already broken down the necklace and sold the individual stones in England... she had begun living a lavish lifestyle, assuming that when Rohan found out the truth he would be embarrassed and simply pay the Jews and the matter would be resolved, with Valois wealthy beyond her dreams... while waiting to be taken to the prison, Rohan sent his messenger to destroy a folio of documents... the forged letter?... or some other 'plot' 'conspiracy' ???... why would Rohan burn evidence that put him in a more favorable position as mere dupe, rather than criminal?... Marie Theresa called Rohan, then Bishop, 'emissary of the anti-christ' due to his corrupt worldly ways, and atheism... spendthrift... lavish luxury... despite massive income, ended up in debt to Jewish moneylenders... Boehmer and Bessange mere jewellers?... or part of plot?... they claimed they'd had agreement of Antoinette in writing to pay,
in installments, as long as they kept matter secret...or just word of Valois? did they ever produce any documents? Antoinette assumed Rohan had plotted to get necklace, sell it to pay off immediate debts, then pay them back with his huge income from the church estates etc...Antoinette had said words to previous Kings mistress i.e a real 'loss of face' in her own eyes, but had 'iced' Rohan for 15 years...not even 'glanced' his way...so why would he believe she had suddenly 'warmed' to him...which the letters he inexplicably burned supposedly stated i.e forged her signature as 'Marie Antoinette de France', when she NEVER signed that way...why burn only evidence that could prove he'd been tricked / acting in her interests?...

**Message for Ainar…more evidence ‘people suck’**

Who is it behaved (behaves?) irresponsibly, with no concern for the wellbeing, property, and lives of other people, every time they ride the public roads but refuse to place reflectors and a bell on their bike? And then, when the police seek to remedy this lack of respect for public order, and the safety of the properties and persons of others, engages in even more potentially dangerous ‘police chases’?

Who has total disregard for the world-wide acceptance that every day people die, are horribly injured, along with their pets, and suffer massive property loss, due to an unwillingness to consider the safety and property of their neighbours, firefighters, and others, by willfully disobeying smoke detector laws?

Who continued to / (continues to?) pump toxic wastes into the atmosphere, around carparks, school, children, pregnant women, and so on, because they drive a car with a faulty catalytic converter, which failed (continues to fail) basic car safety inspection standards?

Who has a laptop case as a result of...what was it?...accounting fraud?...fraud?...embezzlement of the taxes of Ahtme citizens? ... falsification of office supply acquisition forms?

Which one of us puts the safety of others, and their property, at risk? Which one of us has no respect for public health and safety?
Which one of us has reason to be ashamed of their behavior? Ongoing behavior they have no intention of 'apologizing' to anyone for, in case their behavior had made them uncomfortable, let alone has given them assurances they will not repeat that behavior, not because it is 'wrong' or 'problematic', but simply because they, at their state of understanding of the nature of things, are made uncomfortable by it?

Who has opened their door, at any hour, to give you access to the apartment, and to pick up bills etc?

Who has NEVER been behind in ANY payment or obligation of ANY kind to you?

Who has swept the stairwell regularly, when clearly no-one else was going to?

Who risks their freedom and life trying to save everyone ELSE from the New World Order?

If you can find ANYONE more responsible, conscientious, kind, considerate, responsible, and WORTH OF YOUR RESPECT than myself, please go up to
them and shake their hand and show them that respect, and let them know you APPRECIATE all they are doing and have done.

Before trying to demonise someone, to make yourself feel better about nasty / malicious / wrong things you plan to do to them, take a look in the mirror. Take the log out of your own eye before worrying about the speck in another’s eye. Let he who has never 'sinned' cast the first stone.

Who moved in as soon as you let them? Who is it left your flat empty, costing you hundreds of Euros a year, while they remained at home, even though, as you say, it would have cost them less, due to petrol costs alone, to move into YOUR flat?

Who is making every reasonable effort to accomodate you, even now, after your recent abusive behavior, betrayal, and apparent conniving and scheming? (Apparent / obvious? It is typical bad human behavior to try to justify to themselves, injustices they plan to inflict on another, by attempting to 'demonise' them in their own minds, as if I have done ANYONE any wrong, let alone YOU).

You are angry with ME? You think you, who have been the beneficiary of MY conscientiousness and consideration, should be shaming ME?

Shame on you. And yes, I am angry with you. Very angry. But anger is rarely productive of positive outcomes. So I state the simple facts here.

From now on you are to treat me with the DIGNITY and RESPECT you MUST by LAW treat me with, no matter what you would chose to, in a lawless society.

I will NOT allow you to enter the premises I legally call 'my home' without 48 hours notice, and without you finding times that are reasonable for ME, and convenient to ME.

If you ever illegally trespass on 'my legal home' I will ensure witnesses witness this event, and I will have you charged with 'disturbance of the peace' and 'breaking and entering'.
It is clear you have no sense of loyalty to those people who have proven worthy of it. It is clear from the above that you don't respect the law, or have any concern for the safety and wellbeing of fellow road users or neighbors. It is clear that you have no respect for me as a person.

It is sad, because I very much appreciate how you took me to the bus-stop and waited for the bus. And then picked me up again. I didn't appreciate paying rent and being forced to live with other people's junk for years. I tolerated having you turn up at odd hours, unnannounced, not even willing to respect my request that you say your name when you knock, so I know who it is.

You know what terrible experiences I have had here, with the police and neighbours, and instead of being sensitive to that, you appear to be willing to abuse it, simply to get 'exactly what you want exactly when you want it at the least inconvenience to yourself', no matter what cost to others. That is ruthless. That is violence. That is the evil that continues to contaminate and poison human society. It is not 'others' we should shame for their imperfections, but ourselves.

So do the right thing. Respect yourself by respecting others. Especially show self-control and character by not seeking to take advantage of the situations of others.

You have no need to worry about me no paying bills, or damaging anything. If Tauri is your friend he will help you whether he is living in your apartment or not. I have no intention of deliberately abusing the Estonian / European tenancy rights laws like some people have done, to prevent owners gaining free occupancy for years on end. I do not abuse anyone's trust or risk anyone's wellbeing, health, or safety. I have even bought a smoke detector.

I do not plan to report any of the secrets you shared with me with anyone else. This is not about 'blackmail'. Which your last messages appear to have been. It is about reminding you to be the best you you can be. Someone you can respect. Not to behave in ways that appear simpler, convenient, and easy at the time. Not to behave opportunistically. Not to try to abuse your situation simply to get what you want, when you want it, without due regard for the rights, interests, wellbeing, safety, and health of other beings.
Maybe after living on this planet for 47 years, CONSCIOUSLY, and conscientiously, my advice on this topic might be worthy of your consideration. Maybe you have learned something valuable. I hope so. All I have learned is the same old lesson that people suck. That people don't reciprocate. That probably there is nothing worth saving from the New World Order. That you are all too busy worrying about your own petty concerns, and 'getting ahead' at the expense of others, that there is no hope for enlightening you as to what is going on. Maybe. But you see, some people have this thing called CHARACTER. They are CONSCIENTIOUS. They are what some people call 'MORAL BEINGS'. They have ETHICS. I never had a father to teach me any of that. It just appears clear to me that we have to expect others to do unto us as we do unto them. Why should they do otherwise? So ask yourself, are you treating ME how YOU would wish to be treated in MY position? Would you like me to reciprocate YOUR behaviors?

You can apologise at any time. I appreciate that it seems easiest to you to try to trick me into making sacrifices for you and Tauri, again. But I believe you will be a better, happier person if you 'do the right thing'. To be honest it feels like Tauri has been using your messaging on Facebook. Tauri did the 'demonisation' thing to avoid facing the fact that he behaved badly. Maybe you should pick better role models?

You benefitted from my conscientious, honest nature for many years. Facts. It was not Tauri who considered YOUR interests, but myself. But I have always wanted you to find a long term tenant to avoid the 'empty flat costing you thousands of Euros over several years' scenario. And so I am happy Tauri finally decided to move in, close to his brother etc.

However it is much harder for me to find somewhere than it is for him. And I intend moving. I have wanted to move many many times. I did not really want to move in at all, the building was so isolated, distant, dirty, and the flat full of junk that really irritated me. And if you remember, you or your mother did not 'trust' me to move in. It took months of me asking, after I found out by accident from Tauri, before you would even consider it. I found that very insulting.

But the insults and veiled threats you have made recently go well beyond the pale of what I can, as a self-respecting person, tolerate.
So from now on let us carry on any business we have with each other on a formal, legal, professional basis. Respect the tenancy laws. I will. I will do my best to accommodate everyone.

But I will probably still be here after you begin military service. So it would be wise to give me Tauri's phone number (I have it probably) and arrange with him to deal with any 'emergencies' if any arise, and to move in after I leave, while you are doing military service.

Wiser yet would be to help me find something NOW, before you leave. But if you find the idea of HELPING me in any way to be distasteful, then you cannot blame ME for not doing MY best. As I have ALWAYS done.

Signed, the legal tenant (not some idiot slave you can push around, coerce, and threaten) of Tamme tn 26-9, Tammiku alevik.

**Moses Red (Reed?) Sea and River Jordan metaphors for ‘ZEN’?**

My coming book, if the Jew World Order allow me to finish it, will open a BARDOT of opportunity in a normally ‘continuous’ defense shield a.k.a ‘I know what I know dogma and I am not even going to consider ideas that do not support what I already ‘know’ to be true’. The continuity is from constant re-production of the belief, from moment to moment…just stop this, like Moses parting the flow of the red sea or River Jordan, just for long enough to allow a new idea to ‘pass over’ from the unconscious side to the conscious side, with potentially huge impacts on the entire belief system there, which MUST now take this new data / insight into consideration, to maintain some sense of integrity.

**Holocaust trance notes**

A subject in deep trance / hypnotic state, will react as angrily and defensively to any suggestion that what they are experiencing (what it has been suggested they experience) as any religious zealot, when challenged about the reality or otherwise of their beliefs. The two sets of beliefs are of the same nature and quality. Illusory to all but the person experiencing them. Unless of course you manage to induct a large group into the same hypnotic state and suggested experience. That is, basically, what ‘social reality’ is. What ‘cults’ are. All
religions are cults. All social groups are a form of cult. The difference is only a factor of how many people you manage to recruit to YOUR cult. If you get millions of people, it is given the respectable title ‘religion’. Or ‘nation-state’. Or ‘Western Society’. Or ‘humanity’. It is just a question of getting people, at birth, and continually immersing them in a soup of suggestions, positive and negative reinforcement for compliance with these suggestions, and then ‘institutionalising’ these beliefs as ‘education systems’ and ‘religions’. How easy this can be done is proven by ‘The Holocaust’ illusion most of YOU accept as reality. Or that a piece of paper, or the words of an authority figure, can compel you to devote months to training, so you are competent to burn alive thousands of children, women, and men, you have never met, who never harmed you in any way, and never would have even thought of harming you, EVER.

You don’t believe in ‘magic spells’? ABraCdabra? That words have power? That we ALL live in trance states of varying ‘depth’? That most of what you consider ‘reality’ was merely something suggested to you early in your development, and continually reinforced with positive (rewards) reinforcements and negative (punishments) reinforcements? Until you accepted a ‘social reality’ one step beyond your ‘subjective reality’ of your own experience, and far from any potential ‘objective reality’ that might be perceived under ‘ideal’ conditions of inquiry, in which there was no-one influencing you, suggesting you ‘interpret’ and ‘experience’ things any particular way, offering you inducements, carrots and sticks, for ‘conforming’ with THEIR definitions and interpretations of TROONATNOOR. Imagine if NO-ONE profited from ‘The Holocaust’. Would it exist as a ‘social reality’? As a revision of the true history of the Jews during WWII?

Who benefits. Cui Bono. That is the questin you must ask yourself, if you doubt that anyone could possibly have a MOTIVE for leading you astray. That any group could possibly think so far ahead as to plan for your indoctrination, from birth to death. Consider the power, wealth, privilege, and luxuries enjoyed by the Vatican in its day. And by ANY cult leader. By ANY leader of ANY group. By the priests of old. Even today they enjoy ‘privileges’ like immunity from the law, immunity from taxation. Billions of people STILL suffer under the influence of the malicious / self-interested suggestions of religious leaders, cult leaders, political leaders, and most importantly, those who control the mass media and entertainment industries.

Many people are calling ‘The Holocaust’ the new religion of the Zionist Jews, as it embodies all the typical qualities of a religion. The mass induction of a social reality. A trance state. A hypnotic state. Watch the stimulus-response when a Hollywood director places completely fictional characters and situations on the screen. Just say ‘The Holocaust did NOT happen’, and see what a barrage of emotions are triggered. As if you are torturing puppies. When all you are doing is
stating a fact that can easily be demonstrated. But try ‘demonstrating’ i.e ‘proving’ to the hypnotized person that the tigers that are hungrily circling them, waiting to pounce, to tear them to pieces, are NOT real, but actually positive hallucinations. And then when that same person INSISTS they cannot see anyone in the room but YOU, when you KNOW there are 20 people standing around, that these 20 people are REAL. You will get the same angry, defensive, emotional responses as when trying to show an ‘Holocaust hoax denier’ some important piece of scientific evidence, some piece of historical fact, like the admission by the Soviets that they found NO gas chambers in Auschwitz, except that used for clothing, and that THEY constructed what people are today shown as being ‘Gas Chambers’…and that the bricks in these same ‘gas chambers’ supposedly used to kill people, contain NO residue of Zyklon B, no stains of ‘Prussian Blue’, whereas the chamber used for clothing is literally SOAKED in Prussian Blue and Zyklon B residues.

That we are dealing with EMOTIONS and not REASON, with IR-RATIONAL subjects in both these cases, i.e the positive and negative hallucinations of the hypnotized subject, and the ‘Holocaust believer’, becomes clear as soon as you try to introduce reasoned arguments. Facts. Historically proven evidence. Documents. Scientific reports. Chemical analyses. Statistical calculations. Aerial photographs. Factual Data. To EITHER of these subjects. They simply DISMISS them. For they already KNOW what is real. They will NEVER attempt to refute, using facts, logic, or reason, your arguments. As they have BYPASSED reason. They are NOT rational. They are reacting compulsively to suggestions made to them in some level of trance.

Remember, the trance can be explicitly induced, in a few minutes, or slowly, gradually, and unobtrusively ‘built-up’ over years of exposure to the desired ‘social reality’, the ‘suggested’ ‘reality’, in the form of subtle and less subtle ‘hints’, ‘suggestions’, ‘directives’, all of which are positively and negatively reinforced from birth to death…with anyone who dares publicly challenge the hegemonic social reality ‘suggested’ to all members of that society being publicly ruined, economically, socially, and even imprisoned, often for more than a decade, simply for publically announcing that ‘The emperor is naked’, that the ‘social reality’ ‘suggested’ is full of holes, flaws, inconsistencies, defects, deceptions, etc etc…

The sad thing is that, give people a faulty, delusional ‘map’ of the world, and they will often follow it, no matter what the consequences. Consider the history of WWI trench warfare if you doubt this. If the map people have in their head, which has been carefully implanted there, shows a bridge joining two cliffs, then millions of people will walk off the edge of the cliff, to their deaths, even as they
see and hear the people in front of them falling to their deaths, wailing and screaming in panic, fear, and pain. They will simply negatively hallucinate / deny these sights and sounds, and continue to ‘cross the bridge’ to their own deaths, carrying their children with them. FACTS people. I am not exaggerating. Look at ALL the wars of the past. How many of them made any REAL sense to anyone involved, apart from the financiers who gained unimaginable wealth and power from them?

Consider the trance state called ‘I am in debt’. ‘I owe money to the bank’. When that bank LITERALLY just typed some numbers into their computer program, which then added that ‘debt’ to YOUR account. Not even growing money on trees is easy enough for the Banksters. First they got control of the printing presses, to print their own money, a.k.a ‘The Fed’, a.k.a ‘Central Banks’, and today they just sit at a keyboard and ‘create’ ‘money’ i.e ‘debt’, from nothing. But YOU end up a slave to that imaginary ‘debt’. You prostitute yourself to pay it. YOU murder children, women, and men, to ‘service’ that debt. You will sell your soul for that ‘illusion’ called ‘money’. Something that DOES NOT EXIST. Literally.

Belief systems, noetic structures, are the maps by which we navigate our worlds. Few people stop and consider that ‘the map is NOT the territory’. Some great minds like David Hume demonstrated just how far the map strays from the reality. Lesser minds spontaneously noticed a few errors, that the map was not the territory, while failing to go as far as Hume travelled in his thought experiments and interrogations of the map as a supposed representation of reality, but people like Bandler took some baby steps. Enough of them to step a little to the side of the ‘social reality’ sphere, if not, like Hume and myself, totally escape it.

My TROONATNOOR books allow YOU to escape the mind-prison called 'social reality'. If you dare. If you will, for one moment, allow me to break the trance you are in. WHACK. That's my metaphorical ‘ZEN whacking stick’. I used 'arguments' instead. My own version of Zen 'koans'. See 'TROONATNOOR Vol. I' and 'Convergences' and 'Religion' if you are dissatisfied with the results of your TRANCE STATE and socially implanted SUGGESTIONS.

The maps you live your life by are not only misrepresentations of the reality, the terrain they claim to accurately depict, they exclude huge amounts of data you would need to live a truly satisfied, joyful, rewarding, creative, positive, life-affirming, LIFE. TROONATNOOR fills those gaps, removes the lies, the
distortions, the errors, that make you current maps so terrible guides. For your current maps are leading you into debt slavery, once more, and once more, into war.

Reframing is changing the meaning of the same situation i.e the definition of the situation, without having to change anything about the facts i.e spin-doctoring is prime case…and Work camps being reframed as ‘death camps’…

**New New World Order notes**

there is almost double the value of Euros in circulation than 10 years earlier i.e people keeping cash, withdrawing cash, transacting in cash…rather than keeping in bank…MHR no interest earned, and fees…

U.S debt now several times greater than U.S GDP i.e unfunded liabilities e.g pensions…

NINA loans i.e no income, no asset loans i.e lend money based on assumption equity value of your home would continue increasing… federal govt. effectively paid downpayment i.e zero downpayment loans…i.e moral hazard…loans repackaged as equities and sold to govt. pension funds etc…as Moody's etc gave AAA ratings…as long as interest rates kept artificially low continued…once rates moved up set up for collapse i.e prices fall, people's equity falls, loans defaulted…mortgage backs security buyers pulled out of market when became clear had been buying junk bonds…

In reality has always been question of Fed. building artificial bubbles to boost apparent GDP…after tech stock collapse, then housing bubble, today bond bubble…each bubble bigger than last as merely delayed final collapse, and making delayed collapse even bigger…globalists plan…this time nothing can be done i.e no new bubble possible…dot.com, burst, reinflated with real estate, this time global bail-out bubble i.e Quantitative easing / stimulus packages i.e govt. debt…printing money, pumping up stock market, free loans for companies to buy own shares, ensure markets look healthy, but at some point we get hyperinflation…
Freddie Mack and Fanni Mae and co. paid over 200 million dollars in political campaign financing... Govt. started guaranteeing mortages...so they had nothing to lose by lending to anyone who would take the loan, and pay their commision...

fast and furious was U.S selling Mexican govt. weapons which Mexican army then 'allowed' to be sold to drug cartels in Mexico, who killed at least one U.S agent with them...such as found on 'El Chapo' ...Drug baron... like gun running to BenGhazi Libya...Hilary Clinton behind...to be indicted for...criminalisation of drug trade increases profit, destabilises nations, corrupts police, govt. runs major cartels, ships drugs in...even conventional media finally reporting, though try to make it look like one-off, isolated cases, to 'infiltrate' crime syndicates...i.e first deny, then change meaning of when admit... stinger missiles pilfered from Libyan military, found in 'state dept.' 'safe-houses'...ended up in hands of ISIS...Libyans offered to sell the stingers back to the U.S, but refused, ended up in ISIS...conventional media tried to make it look like ISIS had 'jerry rigged' old missiles...which clearly same stingers sold to Libya, and refused to buy back...i.e capable of shooting down passenger jets...as if ISIS developed such sophisticate weapons...all ISIS did was recharge the batteries...so Alqaueda/ISIS have 100s of them...to turn them into real terrorist threats, to escalate conflict, boost industrial military complex profits which it feeds back into election campaign finances and multi-million dollar 'appearance fees' and 'lectures' for Clinton...Already 'treason' to criticise open borders or muslims i.e martial law / state of emergency...

Israel propaganda calls 'illegal occupation' 'illegal settlements' 'suburbs of Jerusalem' etc... and their attacks as 'retaliation'... if you have illegally occupied land in another nation it is NOT retaliation on the part of Israel but on the part of Palestinians ... total propaganda ... media in U.S focusses on 'suicide bombers' ... times when Palestinians dying referred to as 'relative quiet' ... totally ignore that Israel is the aggressor, Palestinians defensive ... no option but for teenage girls to strap bombs to self ... don't have Billions in U.S and German weapons being handed out to them ... Janine massacre in center of town ... only British media at
all even handed and unbiases... Imagine comparison with Nazi Germany ... Germans held votes before annexed ... Germans united with Reich ... Vs Israel just stealing land like they did in the Bible ... Biblical Israel stolen from the people living there before 'Jews' invaded, total genocide and sex-slavery...

The supposed 'legitimation' for the existence of the nation of Israel:...We stole it thousands of years ago by committing genocide, and we are taking it back the same way ... and we wrote a book saying God said this is his will, and you believe 'the father of lies' ...

Israeli navy fired on children playing on the beach ... children routinely killed by snipers and bombs ... Israel defines Palestinian's own homes as 'off limits' and claims right to murder anyone who 'transgresses'...like U.S justifying all their terrorist actions as 'this is routine, normal' i.e for the U.S ... NOT legal .... NOT just ... but 'normal' i.e the normalisation of terrorism by NATO and Israel as 'nothing unusual' and therefore 'not worth mentioning' i.e 'what on earth are people complaining about, when this is just 'normal' and 'everyday' NATO policy?

Israel has 4th largest military in world, including free F-16s and attack helicopter gunships ...over 100 BILLION U.S dollars in direct aid between 1949 and 2000 alone...

Taboo subject ... 'in bed' with Isreal ... 94:2 U.S congress vote in favor of continuing 100% support of Israel... if you are a journalist, you cannot dare criticise Israel...
Media totally misrepresent the 'peace offers' of Israel i.e impossible to accept...as 'generous'...a totally broken up state with no self-determination / independence / control of own destiny / borders ... just a continuing occupation made 'legal' i.e Israeli control of water, roads, airspace ... definitely NOT a state ... U.S media 'sold' as 'generous' total myth ... no way could accept ... U.S pushed to accept ... absurd ... like saying 'this is your house, but you have to live in the basement, go through checkpoints to use the bathroom, and have water only a few hours each week (while Israeli's living upstairs, with a swimming pool etc... Lead to the Palestinian 'interfada' ... total provocation ... 'peace deal' like calling a prison 'freedom'...

2000 Israeli and Palestinian women marched to old city, put up posters, and got ZERO media coverage in Israel or U.S ...

Zionists WANT violence and war ... NOT security for Israeli's

anyone who criticises Israel or U.S's unconditional support for Israeli occupation is labelled 'anti-semitic' ... i.e slander, demonisation ... but WHY is it legal to slander someone in this way? scare people to silence by conflating criticism of Israel with anti-semitism i.e racism ...

Churchill and Israel have same reason for NEVER signing a peace deal ... they have the support of the U.S.A ... without this support there would be immediate peace and justice in Palestine ... WWI and WWII would have ended with a greater German Reich and the decades Eastern Europe and Russia suffered under the 'Jewish' Communist rule, including the 70 million people the 'Jews' murdered in the 'Jew'.S.S.R would never have happened...and the Zionist occupation of Germany, France, and the U.S would never have happened...the 'Jews' would have their own homeland, probably in Africa, and the world would be more like Germany, and less like the 'Jew'.S.S.R ... more like Germany, and less like the Palestinian occupied territories ... there would have been no Iraqi war, no Syrian war, no destruction of Libya ... THIS IS WHY THE FIGHT FOR FREEDOM MUST BE WON IN THE U.S.A ... it is the battleground ... the power base of the Zionists (Churchill was the Zionist's puppet, like all U.S presidents since President Wilson in 1913 ... JFK excluded)...and we know what happened to him ...
Jews lead push (against public wishes) for immigration and destruction of national / cultural identities in Europe, and around the world, at the same time as banning 'intermarriage' between Jews and Non-Jews, in some cases even between Jews who are not Jewish 'enough' e.g to marry a 'Cohen'...descendants of Aaron and his brother i.e the Jewish elite i.e 'priest' tribe... Israel is the most closed, exclusive, intolerant, racial supremacist nation on earth ... totally stops any sort of multiculturalism or pluralism ... total hypocrisy ... Israel and Zionism has 'weaponised' immigration and cultural diversity to 'divide and conquer' culturally, nationally, and economically ...

Sibel Edmonds told they would run her story if she had photos, videos, audio tapes of Hastert screwing boys or accepting cash, or eyewitnesses...after hours of international phone calls she paid for...i.e only ONE mainstream media CNBC ever contacted her...wasted her time...always told 'this is a good guy'...she fell for as usual...like me in Korea...so wasted her time and money again...

Like Cosby scandal over 40 women before his adoring public could accept/consider he had actually raped ANYone...i.e as if can provide hard/incontrovertible evidence i.e whistleblowers have learned hard way (not fully paid up Soros puppets) that lose everything, and no-one supports them...biggest disappointment was general public...Fred Whitehurst blew whistle on FBI...e.g...people lose pensions, jobs, future employment chances...even after 2005 Vanity Fair article Hastert re-elected...i.e no public reaction to damning article...as one guy said 'The U.S public are fucking themselves'...could point finger at media, politicians...but really MUST be public to blame for re-electing/ignoring clear compelling...no responsibility...apathy...learned helplessness...but really well beyond this...U.S society in moral decay...does behavior of elected officials reflection of our society i.e bottom up decay...they really ARE
representative of society...i.e so widespread / normalised rape/paedophilia/corruption culture...they went after Hassert only AFTER left office...recently one guy caught and released before trial, found dead a few days before trial, no real coronial inquiry, just said 'looks like he hanged himself in own basement of parent's home' and left it at that...i.e he would have impuned powerful people...but NO protective custody offered...children in state care abused as sex slaves...rented out to powerful/rich people...those who organise promoted to highest positions where can access more children and protect the child sex predators...occasionally some official resigns in disgrace...but no real investigation carried out that might threaten those in power...sacrifice a few of their own every now and then and then to pretend actively pursuing paedophiles...but closed cases with States Attorneys...who are extremely corrupt in at least several states e.g Chicago, where C.I.A money laundering / drug dealing HUGE business funding shadow Zionist world government...though many in C.I.A may imagine they are working towards U.S democratic world govt....but what could they do if realised? die heroic death in blowing the whistle? would clearly end up in prison in Guantamano Bay or equivalent...Justice Dept. corrupt...all corrupt...and the voters don't seem to care as long as it is 'their guys'...only if can use as political weapon against 'other guys'...though both parties clearly same as in Soviet system, China, etc i.e illusion of choice...two controlled parties...controlled leadership...via lobby group financing, corruption etc...lure Clinton's etc into corrupt deals then 'own' and 'control' even if NOT self Zionists i.e no way out once accept bribes / payoffs or child-sex / drug deals/ money laundering activities lured into and documented...

Hastert will probably die before any trial...used power to screw kids in U.S and O.S...too many people are implicated...

Sibel, after over decade lost faith in 'social media' i.e possible to share information, but lack of interest, let alone understanding of implications...if voter confidence in Congress 6%, then why still vote? why don't demand real change?...voting for thieves, paedophiles, crooks...knowingly...accepting this...what is wrong with the public??...U.S media is corrupt...Congress is corrupt...what can we, the people, do about our own lives?...

Reddit ???: check it out...and send BoilingFrogsPost.com Sibel my books somehow...
People to re-add to new facebook...Lizett Alvarado ... Rasmus Tamm...Ainar Elberg...

There are NO stationary points in space, time, etc...there is a constant 'white noise' of vibrations...our 'senses' arbitrarily chose a locus for a 'self' to 'locate' our 'perceptions'...each then has a 'duration' i.e complete vibration /resonance ... the highest frequency at which any 'thing' can resonate defines the boundaries of our 'experience' i.e ability to resonate at same frequency, with same duration...to enter 'into it' i.e intuit i.e experience i.e know i.e sense i.e perceive...the arbitrary center of the resonance i.e the zero point, allows for a 'frequency' i.e a center / locus ... there is only ONE self...ONE consciousness...all 'otherness' is mere 'subtractive synthesis'...

The present always and at every moment is undergoing an apocalypse...all is change / flux...

Senses and mind filter OUT stuff, and also CONSTRUCT all stuff finally 'perceive'...we attend to a mere trickle of consciousness i.e of the potential available information ... would overwhelm any processor...mind attends to what it defines as most important to survival ... and then which it can reduce to language, even tinier part, becomes 'conscious' ... most 'consciousness' is symbolic / affect / emotion / patterns ... Bergson's 'Mind at large' theory of the 'eliminative mind' i.e filters OUT / reduces / takes white noise / white light and makes distinct and different colors and sounds...textures, tastes, smells...

'Free' will for Bergson free from the law of the conservation of energy...all action is internal combustion based i.e explosions provide nerve triggers...so does not take much 'free' will to initiate an action...feels will 'free' to 'create' energy i.e that action...though MHR clearly merely transforming 'free' energy into an electrical impulse / internal combustion /action...i.e Universe always contains same level/quantity of 'energy' (MHR potential energy-matter-consciousness combinations)...but 'will' can 'create' energy???

Bergson ... all perception of change relates to 'duration' ... duration of frequency / wave determines if we will perceive some phenomena as solid, liquid, sound,
light, gas etc...there is no such thing as a 'moment' per se...only durations (MHR that are perceived as 'discrete' moments/distances/solids/sounds/colors etc)...there can be no moment without a duration...therefore reality is dynamic, becoming, change, movement, change frequency (time constant?) produces a change in perception...only series of durations exist, rather than moments...there is no 'now' or 'present' as reality is continuous and flowing...analog...not digital...reality is movement and mobility...there can be no rest or immobility (in absolute terms)...no points or stops...only flowing movement...pure being requires no memory or duration...it is timeless...no change perceived...becoming does...as does creation and destruction i.e requires duration...

MHR response to Bergson...time is NOT successive and flowing, but rather time is 'layered' and 'cumulative'...which is HOW you get a 'present' and a 'Now'...it is the product of memory (and projection of patterns perceived to their logical next stage)...i.e meanings accumulate...NOW represents this accumulation...hence it extends backwards in time...as the stored value of the past...what is left after the interactions i.e it is the product of the past...the present as the product of the past...???...time as duration only exists in our minds i.e there is NO duration, just the accumulated past rushing on and accumulating more...we see / hear / feel things...like 'time' and 'movement' that are not there...i.e memory produces the notion of movement, change, time, flux, ...without memory there is only the exact impression being processed...it can have no meaning...THAT would be pure Zen bliss of present moment immersion / attention...pure being...light, sound, smell, taste with only any intrinsic pleasure / pain of the stimulus...no hope or fear...no past or future...just the impressions...without any meaning other than the genetically programmed one...which appears to be what 'TRANCE' is all about i.e hypnotic state...allowing access to unconscious which is free of any hope or fear...purely positive motive i.e it does not comprehend 'NOT WANT' only 'WANT'...seeks to realise an idea in the positive i.e it does not comprehend 'NOT WANT' only 'WANT'...seeks to realise an idea in the positive i.e what it DOES want...an arrow does not 'fly'...what it has is a momentum / stored energy with a direction and interacting with resistance...at any point this energy is a tendency to 'realise' the potential energy stored in it when the bow was pulled back, facing a particular direction...at the moment it left the bow it simply 'realised' this stored energy / direction...at any moment the force it stored is greater or lesser than the pull of gravity in the 'down' directon, and the winds energy, and air resistance, and thus it remains level, moves away or towards the 'ground', wind, and air...as it 'uses up' its energy, it falls...but there is NO flight...just moments of balance and imbalance working themselves out...
Change in 'energy' potential i.e instability of current state i.e prone to / wanting to move to different state e.g due to 'height' in case of kinetic energy...surplus of charge in electrical 'wanting' to discharge to regain 'balance' 'neutral'... water wants to flow to ground level e.g rain, rivers to sea, waterfalls...all represents imbalance / excess / unstable / 'wanting' to change...

duration implies constant? frequency requires a 'mean' to vibrate/cycle through...a 'balance' or 'neutral' or 'point of focault's pendulum' or 'immobile point of any pendulum / axis which anything moves around'...base/mean around which can oscillate / cycle... a 'locus of awareness'... a 'state of mind'...

time as duration of awareness / memory...stored energy in an 'arrow' is 'memory' of past, projecting into future i.e flight path / trajectory...meaning is stored past projecting into future i.e pattern...relationship...meaning...time is awareness of / memory of, 'past' and anticipation of reproduction / continuity / humean uniformity i.e into 'future'...change...requires memory...instant has no potential for 'change'...just is what is at that instant...change requires time...memory...storage of past...all present is accumulation of past...with momentum / direction...a.k.a 'future'...brainwave is oscillation / vibration of awareness...n.b all 'movement' has a blur to it..wave your hand...that is why we add 'gaussian blur' to digitally generated video footage, so it looks more 'realistic'...at any level, not just jet speeding past us...just any everyday movement of finger, hand, leg...like that sketch of the walking dog...which analog film does not have? i.e 30 fps...discrete photos...frames per second...

Most of our 'concepts' are metaphors we have 'idolised' i.e made concrete idols from e.g images of god, though Allah is first since Yahweh to be 'vague' concept / metaphor (though masculine, and ascribed qualities) while YHWH is devoid of qualities...like the Zen / Dao 'No-thing from which all things emerge'...we 'percieve' 'idolise' 'conceptualise states at some point in their transition / duration as light, heat, mass...as MEC cycles through integrations, disintegrations, reconstructions, new constitutions, flowing... by focussing on some locus as the mean of the duration of that state... and saying the state has changed from one to another, after having extended an arbitrary 'distance' from the 'previous state' to the 'new state'...so the state has a locus and duration...sort of from the 'no-thing' to the 'idol', which then dissolves back to the 'no-thing'...but we fixate on the idols and invest a lot of effort trying to 'understand' it...like discovering the meaning of a metaphor by idolising it...but any idol is a limitation...will take some elements and exclude others...so in the process we lose the real identity / meaning...though
can feel 'comfort' of imagining we 'know' the 'unknowable'...give us sense of power as if we are the locus of all reality...or provide an 'experience engine' ... a p.o.v from which to experience the whole, to have an experience...to make experience possible...or without intention i.e this is the nature of reality, to simply 'generate' experience engines...autonomic...impulse...the 'creativity impulse'...the YHWH...the 'no-thing' the 'source'...the simple impulse or automatic process of generating ever new experience engines in the dance of Shiva...the constant dance of generation-integration, maintenance, and de-generation/dis-integration...all just the 'play' of the primal force...which divides to become forces...multiplicity of unity...to become quantities, from the one quantity...quantities that can interact to produce qualities...1 that becomes 1 + 1 + 1 + and thus E=MC squared complexity out of simplicity...all reducing to the operation of addition and its opposite subtraction, to make multiplication and division as short-hand...and all manner of apparently 'complex' equations and formulas...the sun fusing Hydrogen (1) into Helium, 1+1, and on and on to produce the table of elements, all manner of chemistry...life...experience...

stationary points and 'matter' etc are all 'idols'...concretisations of 'metaphors'...meta-fers...bringing us higher and above...but for experience engines idols necessary...idols like 'bodies' and 'matter' and 'elements' and even gods and other dogma...all providing some locus for our experience...for individuation and thus sense of 'other'...required to 'experience' anything...as total awareness of all = mere consciousness...mere mineral 'being'...without any interest...just 'being'...existing...vegetable...mineral...knowing all and everything and so being without any 'need', desire, curiosity, potential for experience...like white light or white noise, being pure and complete and lacking nothing, desiring nothing, experiencing pure being...the epitomy of 'boring'...

Add the 'stored energy' or 'memory of motive / desire / impulse' to the idea of a trajectory made up of stationary points, and you can get a 'flight' for an arrow despite Xeno's / Zen'o's objections...like constructing consciousness from instants of awareness...each consequive carries the memory of all the previous (maybe since inception? i.e an unconscious that contains every experience that every was experienced i.e red-bowl's conservation of information)...which means time does NOT have to flow...like the arrow does not actually 'fly', that there is no 'trajectory' at all...just moments...instants...points...i.e no lines exist at all except in our imagination...only points exist...they accumulate...we construct 'memories' out of these...the 'memory of a trajectory'...which is just moments plotted backwards...and projected forwards...though the 'back' and 'forward' only exist in our memory, in our mind...and have no locus in 'reality'...put a new 'spin'
on Xeno and Hume etc...i.e that it is not the idea of a 'smallest point' or 'dot' or 'moment' that is the problem here, but the idea of 'lines' and 'time' etc...i.e we have been troubled by the wrong side of the equation...finding the wrong concept problematic...assuming the other is unproblematic, and thus finding fault with the one that MUST therefore be the problem...when in fact it is the idea of 'lines' and 'time' and 'space' that are the problems...they don't exist...only points and instants...which accumulate in our 'memory' and in the 'memory' of matter...of MEC...Matter Energy Consciousness...

Illusion of succession and transformation require illusion of space and time i.e to graph change you need these two axis...you need to assume / postulate / imagine / construct space and time from instants and points...more precisely points of view and points to view, to quote old Elron...Old father Hubbard went to the cupboard, and found he really could bear the reality (and not have to make one up that was more easily mentally digested!)...time and space are artefacts of our ways of seeing and being...there is in fact no motion, nor any space for it to occur in...you only need one if you need the other i.e they are reflexive concepts...they only make sense in relation to each other...you cannot have displacement/ transformation / change without time or change in extension without first space to extend in, and time to do it 'over'...

all that actually exists is now and static points 'full of' potential i.e energy...i.e they are not where they 'want' to be i.e balance...and never will be...as in their quest to move towards balance, they always overshoot the mark...interact with other 'things' in the same process...getting caught up with them, deflected by them...attracted and repulsed by them...constant flux...doomed to activity...for by their nature the primerty, when it approaches itself, fuses, ...like our sun, stars, re-starting the whole process...if ever there was just ONE one...????...the ONE has the primerty ... primal property...of division / fission into perfectly uniform parts i.e more ONES...and then fusion into accumulations of ONES...with each accumulation thus representing a new 'quality'...with qualities interacting to produce ...this shit we call life...so learn to love shit baby...??? hygiene is misplaced in such a reality ... attempts to control may provide 'interesting experiences' but are doomed...no free will...all ONES in processes of fusing and fisioning (fissiling? fissing? sounds like some new german sex hobby!)

All change and 'fluidity' product of our mind...constructed out of stored 'memory' of past instants and events / situations / conditions / states...not change except accumulation in the NOW...this instant...this point... the 'flow' is all in our
minds...there is in fact no change at all...except in our minds...things that exist-ed are different to things that now exist...though the 'motives' and 'basis' of all that was still IS...always IS...right now...this instant...at this point...and so without memory there is no meaning, no experience, just here and now...nirvana...heaven...you want that? isn't THAT the true abyss? do we have a choice anyway? is there free will outside of our consciousness? i.e that consciousness we are fixed and limited to by being 'human', by being 'animals'...by being 'doings and knowings and experiencings' of a particular set of fusions and fissions?

All our senses based on 'resistance' e.g photons bounce off retina, energy waves bounce off our ear-drums, 'touch' is the sensation of the resistance of more 'dense' matter-energy... though most of the electromagnetic 'soup' i.e frequencies pass right through us...so they make no 'resistance' and have no corollary 'sensation' of resistance i.e produce no sensations in us, make no impressions e.g of color, heat, sound, texture, smell, taste...and each of our 'senses' is tightly 'EQ sculpted' to filter our / resist, only a very small range of frequencies...so that we 'hear' 'sound' waves, 'see' light waves, taste / smell / feel other ranges of frequency vibrations...i.e depending on their duration / bandwidth/ frequency ... so we 'feel' infrared' as heat...we can see some heat within the visible spectrum (such as in a flame)...we hear some shock waves as sound, and feel others as air pressure... in fact RESISTANCE is the basis of all our experiences...so to be very Zen and Daoist and Jesus-ian, by ceasing to resist anything, by simply acquiescing with everything, we will cease to experience anything...no pain, no strife, no stress, no fear... which is the best the traditional 'religions' can offer... freedom FROM the bad shit...at the cost of loss of all the good shit...these are the 'dumb' religions...the higher ones teach us optimalisation...like Nietzsche...Like Akhenaton, like Zoroaster, like Zen...they are the real meta-fers...carrying us higher and beyond...beyond good and evil, beyond fear of pain and uncontrolled desire...to moderation...optimalisation...

Of course this leaves open the possibility for 'higher' or 'lower' realities i.e multiplicity of realities at any instant / point ... like we do not percieve the radio waves, television transmissions, wi-fi, the entire broadcasts of the world wide web that we are immersed in...and only becoming aware of AFTER we have tuned-into them with the appropriate receivers / receptors that 'resist' the frequency bandwidths they operate on...then suddenly whole new worlds become open to us...the entire world wide web...cable television... millions of channels of radio, t.v, internet...and THIS is perhaps the meta levels... the higher / above levels enlightenment can offer...whole new realities, or just augmented realities
of a much more interesting, desirable nature...positive experiences...more optimal experiences... assuming that most of the 'suffering' we suffer is NOT a reflexively necessary corollary of the good stuff we enjoy...

Generative Vs Creative thinking...i.e. cannot 'create' anything...can only generate / produce things i.e. products of existing things...generated from existing things... because of 'religion' and 'dogma' we started using the word 'create' to mean, 'from nothing', even though the bible refers to the existing 'chaos' and 'chaotic matter' from which god 'created' the universe and us...so maybe we can use the word 'create'...but the problem is that people don't bother to even read the bible...so most people use the word to imply 'create from nothing' e.g. to justify appropriating the 'profits' of business ventures etc...to 'steal' from the workers...

Reality is built up of tendencies / becomings / emerging properties rather than fixed / static / beings...

idea of each uniform change producing something unique...i.e. 1+1+1...etc...though built of 1's, as an accumulation of 'more of the same', we perceive the resultant product as 'unique' i.e. as 'not' the other stuff made up of the same 1s...change in quantity produces a change in (perceived) quality...Helmholtz school and me and the old Epicureans I think...

'Flight' of arrows is about dissipation of energy i.e. at each 'moment' the 'flight' represents the existing energy opposing gravity and air resistance...it is not about it's position in space and time only...but also about the energy contained in it...so if you 'stop' it at a point, you cannot 'start' it again i.e. build a trajectory from instants / points in space...have to include the 'kinetic energy' contained and expended during the flight...THEN you can reconstruct its 'flight' from points...the point being a quantum of kinetic energy, with a direction i.e. must contain information about its past and future...the 'energy' has a 'quantum' and a 'direction'...it is a force at a particular direction to the gravitation pull and the air
resistance coming at it from particular directions... its 'flight', like our own
'consciousness' and 'personality' is the cumulative memory and anticipation /
projection/trajectory i.e momentum / stored energy ...

Before you worry about 'Muslims' and 'Jews' consider how Charlemagne had
people killed simply for cremating (rather than burying) their dead...had 4500
Saxon leaders murdered when they would not give up their own sacred religion
and rites...in one great slaughter on one day...the bloody verdict of Verdun...the
river ran red with blood..brutal execution simply for refusal of baptism or the
performance of any 'non-christian' religious rite...8th century C.E...grandson of
King Martel 'the hammer' who had saved Europe from Islamic invasion at the
battle of Tours...Charlemagne had 5 wives, 5 known mistresses, 20 children,
before Church had enforced monogamy...

end of mini ice age around year 1000 C.E ... more farmland became
viable...crusaders had brought back 'science' etc from Islamic lands / Jerusalem...
sudden growth in fertility, productivity, new building campaigns...

n.b within around 100 years of Mohamed's death, Muslims had conquered Spain,
most of Byzantine empire, and would have entered northern Europe if Hans
Martel 'The hammer' had not defeated them in the South of France...

Mohammed born 570 C.E...died 632...the 'Hadith' i.e stories of his sayings and
doings and life were only written down starting in the 820s... 24 years after his
death non Muslims start mentioning a 'Mohammed' and what he did...Allah at
that time was 'the highest god' of a polytheistic pantheon of gods...each tribe had
its own patron god...usually placed idols of the gods in square shrine and walked
around (MHR cube symbol of Saturn, and the people walking around it in one
direction represent the rings of Saturn!)...cube called a 'Kaaba' which is clearly
related to the modern word 'cube' pron. 'Kyoob'... claimed that the Kaaba in
Mecca built at time of Adam !!!!...At time of Mohammad's birth this Kaaba
contained over 356 different idols of different gods !!! 360!!! His tribe controlled
the Kaaba, and thus became wealthy from the Pilgrims...though claimed he was
born poor, father died, mother gave him up to Bedouins at early age as was
custom at time...he returned at age 5 to Mecca to live with his mother...she died
leaving him an orphan at age 6...taken in by maternal grandpappy who died 2
years later...then came under the protection of an uncle, a trader, and a powerful
member of the Meccan elite...He asked this uncle if he could marry his daughter,
he refused...but later a rich older widow he had done business for asked him to marry her...he did... Muslims go on about how bad things were before Islam, how badly women treated...but this story seems to imply the opposite i.e before Islam successful single businesswomen...sounds more like feminist power women of today in the U.S than anything you'd imagine in an Islamic state, let alone Arabia...so no reason to believe Islam represents such a great leap forward, if at all...polygamy the norm at time...for 24 years claimed he was faithful to her...had four daughters who survived, and two sons who didn't...in 610 meditating in cave up mountain...had fallen asleep, woke feeling as if Angel had him in suffocating embrace...heard one voice commanding him 'Iqra' i.e 'read'...I'm not one who reads'... 'read'...I'm not one who reads...'read'...what shall I read?...Qur'an='recitation'... (MHR a grown man decides it would be a good thing to learn how to read...has a typical just -waking experience...what does he do after???...learn to read???...if he couldn't read, probably had scribe read the Torah / Old Testament to him...though not sure it had been written down yet? so probably only 'heard' it 'recited' to him by some Jews...called himself simply the 'messenger' i.e made no claims to being special / miracles etc...Muhammed could not read or write...Qur'an states that he could not write...a businessman, Abu Bakr, succeeded him to become the first Caliph of Islam...hint hint 'business'-man... Islam='surrender'...Salaam='peace'...claimed to be origin of 'Islam'... MOhammed and around 200 (he probably had no more than this at the time) his followers persecuted/ostracised/sanctioned/banned in Mecca, so Mohammed got his followers to leave Mecca by crossing the Red sea (Moses?) to Africa to the Christian Kingdom of Aksum...in 615 C.E other Meccan Mohammedans emigrated to Ethiopia/Abyssinia...Meccan ban on Mohammed's teachings and followers...but ban lifted...his wife (first believer in him and his 'revelations') died soon after...then uncle protector died, the new leader renewed the earlier ban...making plans to crush his movement / kill him...he leaves Mecca...massacre ...

All Jews, Christians, Mohammedans signed an agreement for community / equal before law / all must protect Medina...He judged each according to their own law e.g used Jewish law for jews, his own for his followers, christian for them...i.e 'constitution' of Medina...one Ummah (nation / community) original 'Islamic State' was pluralistic...NOT about forcing anyone to convert...no 'outsiders'...all part of the same community...acceptance of plurality...acceptance of the many faiths...all can form an 'Ummah' / community together...modern Fundamentalist Islamists defy Prophet Mohammed in this way i.e exclusive, impose Sharia law on others...look down on others...
but the Meccans still sought 'vengeance' upon Mohammed...had driven him out, persecuted his followers, dispossessed them...M had to find a solution...series of 'revelations' leading him to 'fight back'...'just war'?...or right to kill anyone who won't submit...persecution is worse than slaughter...i.e if anyone persecuting you, you have a right to slaughter them...and 'war is deceit' leads to modern martial / belligerent culture...but for M it was about right to defend self from persecution...defensive jihad...may resist repression...MHR question of how define 'under attack' i.e being persecuted e.g not allowed to behead homosexuals = persecution? ... M attacked caravans between Mecca and Syria...fight at well of Badr...no more than around 1000 involved...though enemies superior numbers...Meccans defeated...round one went to M... more a skirmish than a battle...but first victory 'in the name of Allah'...M's reputation raised...his enemies humiliated / shamed and must avenge it...redistributed the 'booty' collected...seen as 'proof' that Allah on M's side...new revelation instructed M to change direction in which Muslim's pray i.e originally prayed facing Jerusalem, but now facing Mecca... i.e opposite direction...in relation to Medina...5 times a day, opposite direction of Jews and Christians in Medina... i.e to distinguish Islam from Judaism...i.e differentiation...distinctive...making Mecca new center i.e moving away from Judaism...idea of Arab religion...Jews saw this as challenge...and newly arrived Meccans sought to dominate local Medina economy...relations with Jews worsened...Jews had lucrative ties with Meccans...secretly met with M's enemies...wanted to keep these benefits...2 week siege of local Jewish tribe, they surrendered, were banished from Medina...i.e tribe M suspected of disloyalty...later event increased tensions with remaining Jews...Meccan army attacked a year after Badr...3 times bigger...met at Mount Uhud...massive defeat for M...the Jews would not fight on Sabbath...surely M should have known this??)...one of M's commanders deserted with 300 soldiers...battle ended in stalemate...a draw...acc. to tradition some of the Jewish tribes in Medina actively helped his enemies...third and final battle 627 C.E... Meccan army 10,000 vs M's 3000...so no option for open battle...instead fortified Medina against a seige...dug huge trench in north where no natural defenses...battle of the trench)...impossible for cavalry/horses to cross...M waited 2 weeks...supplies running short...the Meccans secretly arranged to have a Jewish tribe inside Medina, the Quraiza, attack M inside the city...were allied, but had seen what had happened to the other two Jewish tribes...tradition claims they betrayed M, even though Meccans withdrew without battle...though no record of any attack of Jews against M...but probably traded with Meccans even during seige, as that was their business...M ordered his army to surround the Jewish tribe, they held out for 25 days before surrendering...M agreed to have independent arbitration from respected local leader...let Jews select this arbitrator / judge...judged decided that the Jewish men should be killed...M argued afterwards that 'this was the end...last two times he
had let go, this was enough...kept women and children as slaves...the first holocaust? at least in documented history...now M had Medina all to himself...

tradition says M's first revelation from god i.e message, was at age 40...some words, some visions requiring him to meditate upon their meaning...

'Sharia' means 'the way to know god'...'gods law'...'the way to the watering hole', 'sacred law' of islam today introduced 200 years AFTER M dead...so while supposedly BASED on Koran and 'traditions' surrounding M's life / teachings / doings, NOT a revelation from god...7th century Arabian tradition of infanticide of daughters... M ended this... claims he introduced rights for women, but if they did not have these before, then how did his own first wife come to be rich widow in charge of a business??...cruel punishments still sanctioned e.g cut off thieves hand, Stonings, beheadings...

TODAY WOMEN BEING STONED TO DEATH BY OWN GOVT. FOR SEXUAL TRANSGRESSIONS...AND EVEN IN WEST MUSLIMS EQUATING OUR REFUSAL TO INSTITUTE SHARIA LAW AS A DIRECT WAR AGAINST ISLAM I.E THEREFORE BY KORAN AND MOHAMMED THEY ARE AT WAR WITH US, AND 'WAR IS DECEIT' ... SO THEY ARE FREE TO LIE TO US, PRETEND TO BE FRIENDS, WHILE INSISTING ON SHARIA LAW BEING IMPOSED ON US BY THEM, AND OUR REFUSAL EQUATED WITH AN ACT OF WAR, WHICH THEY ARE ALLOWED BY M TO MURDER US FOR AS 'SELF DEFENCE'...

Aisha, possibly married to him aged 9, went on to become leader in own right after his death, and about half of what we 'know' about M comes from her...so however old she was when he consummated their 'marriage', he seems to have treated her well...but when Aisha lost in desert for a time, and accused of having had an affair while 'lost', she protested innocent of adultery...later he had 'revelation' affirming her innocence... need 4 people to have actually seen penetration to 'prove' adultery ???.... he was allowed 9 wives, other men maximum 4...he had a 'revelation' about his wives covering themselves...though not clear what/how... marriages were political to unite tribes...veil not custom until 100 years AFTER M's death...Hijab... Koran only speaks of wearing 'your outer garments'...it is later people who interpreted this as a bee keeper suit etc... seems merely to suggest not to leave house naked?... huge jump from what written to Sharia law etc... 5....'fight and slay the Pagans wherever you find them'...unless they establish regular prayers and regular charity...
n.b how pathetic laws against terrorists are ... in U.K you get only 4 years for soliciting someone to murder for you !!! only 2 years for funding terrorists !!!...and 5 years for writing a book about 'The HOlocaust'?

January 630 C.E, on pretext that Meccans had attacked one of his allies, M gathered army of 10,000 men and marched on Mecca...the Quraysh powerless to resist i.e ruling family M member of ... M forgave them, called a general amnesty...and no-one to be forced to convert...M reconciled with Quraysh... but seems offered only chance to stay and be Muslim or go into exile forever (pretty hard to carry your home and land with you I guess, so what a generous and liberal fellow what?)...now Mecca considered cult center of Islam...had come back after 7 years...but now sanctified the Kaaba to the one god, destroying the 360 etc idols...so much for 'freedom of religion'...people go on about how nice, generous, liberal he was, just because he abolished 'pagan' cults i.e NOT 'religions'...fuckers...murdered over 360 gods, stole the people's religions, trampling on their beliefs, the sanctity of their sacred shrine...then M went back to Medina...soon rest of Arabia 'joined' him...'justice and peace and reconciliation' ? tribes converted wholesale...by 631 last 'pagan' stronghold had converted / been converted...aged over 60 now leader of new world religion...but health failing...did first and only Hajji...gave 'farewell sermon' sitting on a camel...stated that no people Arab / non, Black / white were superior to any other people etc...only superiority is individual piety and good action...but speaks 'Be my witness, O Allah, that I have conveyed your message to your people'...tribes and nations put here for us to get to know each other...

aged 63...once home exhausted suffered headaches and fainting fits, confined mostly to bed in own small home, a brief reprieve, and then his death...he had been nursed by Aisha, his favorite / youngest wife...his mortality shocked his followers...buried next to his mosque, face turned towards Mecca...within one generation his closest friends and families in open bloody warfare...schism into Sunni and Shia...his dream in tatters...

N.B Islamists really hypocritical / in denial about 'the problem' i.e it was MOhammed and his followers that were denouncing the existing gods...saying they were not gods at all...what would you expect under such an agressive, disrespectful attack on your religion? ... oh, of course it isn't 'religion' is it...just 'pagan superstition'...so unscientific right?...then Mohammed gave in, became more tolerant, claiming he'd 'recieved' a message saying it was O.K to worship 3 of the old gods, later, after this got him accepted, and gained him power, he
renegged on this 'new deal' and claimed he'd recieved a new revelation / message that this earlier one had been 'Satan' tricking him...and now there would be just one god...

Tradition has it that the Angel Gabriel appeared to Mohamed, waking him during the night, and lifted him up onto a winged horse named Al-Buraq, which flew him from Mecca to Jerusalem... He is taken from Jerusalem on a journey during which he meets all the past prophets from Abraham to Moses to Jesus...he talks with them...is offered water, wine, or milk, and chooses milk as a metaphor for 'the middle path'... then a celestial ladder appears and he ascends to heaven and god speaks to him...i.e Dome of the Rock built on the spot he ascended from...

Even in his late 50s he still only had 150 to 200 followers, according to all the traditions...living in exile...respected as a 'judge'/prophet' but not as a religious leader i.e his religion not accepted anywhere...but he was considered just and fair and honorable, and so accepted as a 'judge'...in a new city... he had barely escaped being murdered in Mecca...so he and his followers were never going to return there...time he left Mecca and came to Yathrib considered start of Islamic calendar, like B.C and A.D are for Christians...i.e 622 A.D... the date of the 'Hijrah'... i.e he has left his own tribe...gone to live among strangers...a real break with tradition...city changed name later to 'Medina' as we know it today...a wealthy oasis...a city of several tribes, including Jews...religious freedom...built his first mosque in Medina in city center...his office, community center, anyone could enter and speak to him, slave, free, christian, jew, muslim...5 prayers per day foundation of Islam in Koran...decided to have a human voice making the call to prayer...Allah is the Greatest...I testify that there is no god except for Allah...I testify that M is the messenger of Allah...'Constitution of Medina' formalised his 'rule' of a state based not on tribal affiliations...inclusive of all people / religions i.e muslims, jews, christians, on basis of mutual tolerance...regulated rights and obligations...not a religious state...a civil state...rule of law ...

Pirates in infinity...ruthless, cunning, patience, sweetness...detach from death, indifferent to...i.e don't let awareness of your own death become egotistical / focussed on you / selfish n.b death makes notion of ego and selfishness absurd, as this 'self' doomed to death very soon, at any moment...so what is left?...Carlos Castaneda was a selfish asshole womaniser...but point is 'impeccable intent' i.e the 'self' is totally determined...the only 'window' of opportunity is this intent, to carry it through the current reality, intending to become the Narwhal...which is
freed from the determinism at death...to endure as an intent i.e pre-entity / pre-manifestation / non-existence without any form or properties...maybe this intent if impeccable / ethical / pure can become an emergent determinant i.e create a new reality based on the actual intent, Vs the imagined / deluded intent e.g imagining you are compassionate, but seeking private gain at expense of other beings...

Some 'student's of his saw his 'assehole' nature as a good thing i.e allowed them to reject Carlos as a person, as a guru, and focus on the impeccable intent he displayed, despite his selfish asshole ways...i.e kept seducing women, stating they were 'the one' and he was going to marry them etc, and had remained celibate for 20 years just waiting for them, while having a harem of women he lied to in the same way...his stories apparently borrowed from reports / writings published just before he wrote his books, and his stories are not 'realistic' when you visit the locations he describes, what they do etc... Focus on your own death, as an ally, on your left shoulder? etc...helps keep everything in context i.e you appreciate positive, and stop complaining i.e as compare this moment to being dead...and it just doesn't really count / matter any more i.e focus on what HAVE and what GOOD about life, as if about to die and lose it...puts everything in perspective...Shaman about dreaming the dream of every being, of trees, of animals, of other people...builds compassion... Having an assehole 'guru' allows you to move beyond that person, and continue on your own path i.e avoids 'idolatry' i.e of literally 'idolising' the guru as some 'holy man' and ultimately worshipping him in awe...when his role is to lead you onto your own path...the man is nothing, the path / teaching is everything...so being an assehole makes it easy to reject the guru and focus on the message...even hating / loathing guru is good...stops you idolising...prevents idolatry...while religions often have priests who refer to a god or savior or buddha as a way to re-direct the focus away from them, they usually become idolised as the 'go between' or 'messenger' or 'conduit' as a 'connection' between god and the worshipper...so in the end they become idolised as 'holy' or 'a prophet'...

Estonia 1728 Euro tax free p.a for self-employed i.e 144 Euro / mth... then 20% flat tax...Vs 15% Riga ...

I remember living in Poland and Russia, and always feeling guilty for the Nazi German invasions...but the people there all were very friendly to me as a 'German', much more so than they would have been were I an American...no-one had ever told me the true history...how after WWI the German people had been isolated from Germany by the criminal Versailles treaty, and badly treated by the POles, many women, children, old men etc murdered...80,000 germans fleeing poland being shot at by the polish border guards...poland printing new maps...
showing a polish border extending almost to the gates of Berlin, denying all attempts by Germany to keep Eastern Prussia and gdansk supplied and connected to Germany, arrogantly flouting their treaties with Britain and France, feeling invulnerable, and able to do as they pleased with Germany, and the Germans now finding themselves in a 'Poland' that had been 'Germany'... The Germans were welcomed as liberators (not like the fake 'rapists' Russian liberators of Germany) in Ukraine, Estonia, etc...the first time Russian forces penetrated Germany they committed horrific atrocities, raping, beating women and children, old men, old women, to death in the most horrific manner, as witnessed by independent witnesses from Spain etc...nailing butchered women to their refugee wagons like Jesus on the cross (clear indicators these were Jewish Communists who had committed the crimes), bashing women and children's and old people's skulls open, killing them as horrifically and atrociously as possible, not even granting all but a few a death by bullets...German refugees who had been fleeing their homes... but what did the world have to say about such documented atrocities? Nothing...and it would continue so till today, with Jewish propaganda against Germany, supported not just by the Communists then financiers and allies, but the the German govt. itself...!!! After Germany occupied Polish territories, Polish officials began mass beatings, rape, and murders of at least 5000 German nationals...Hitler offered Warsaw the chance to surrender several times, Warsaw refused...it took 2 days for the Germans to occupy Warsaw...the old German city of Bromberg was the scene of some of the worst atrocities... of course you won't find these in any history books...civilians were savagely butchered to death, and left to rot in the fields, or nailed to barn doors of their farms, men, women, children, old people...these were the TRUE war crimes...that actually happened...committed not by Germans, but against Germans...thousands of brutally butchered women and children

n.b the new country 'Czechoslovakia' contained very large minorities of Germans and Ukrainians...it was set up simply to provoke the conditions for future war...with millions of 'Sudeten' Germans living in the Sudeten mountains...

Communications of Turky coup prove NATO units of Turkish military i.e. rapid deployment corps, had gained support of police... told them 'show no mercy to the civilians'... while U.S media falsely reporting that Turkish leader Urdugan was on the run, in the air, begging for permission to land / asylum in other countries... i.e. propaganda that coup already successful... Turkish people used their Mosques to broadcast the 'warning' call (different to call to prayer) to call out people to assemble in public... hundreds were killed in coup attempt of
NATO CIA and CNN used as tool of propaganda in this coup...same lies were spread i.e that Ghadafi on the run, during Libyan invasion ... lead to capitulation of his forces ...

Just a few weeks after 911 U.S patriot act... congress TOLD to pass it by President ... 1984 style double speak i.e represented END of U.S bill of rights / constitution...

The first aerial bombing of civilians was carried out under Woodrow Wilson...dynamite was dropped from biplanes into black protestors in Tulsa, killing at least 50, severely wounding / maiming many more. The U.S also invaded Russia at that time. Wilson signed the secret Federal Reserve Bank Bill that was passed into law in 1913, on New Years Eve, while no-one was paying attention...he also imposed segregation where it earlier had not existed e.g even in federal workplace blacks were segregated from whites ... i.e increased segregation ...

Babylonian Talmud codified / written down ca 6th century, basically later than the Dead Sea Scrolls i.e earliest Christian writings dating to around 600 years earlier, but which were formally codified/edited/published around the same time as this Babylonian Talmud, probably by the same group of 'Jews'... (which was up until then only a 'verbal torah') ... and the 'Palestinian Talmud' (written Torah?)

Remember Johnson was the U.S President who agreed to the 'faked' (nothing actually happened) 'Gulf of Tonkin' 'incident' i.e he lied to the U.S and world that U.S warships had been attacked by Vietnamese ...during the Vietnam terrorist attack on Vietnam, same who colluded with Israel in 1967 Israeli attack and occupation of its neighbouring states in the U.S.S Liberty 'false flag' (on the 3rd day of the '6 day war') in which Israeli attack fighters (unmarked, so they could later be falsely identified as Egyptian-even though israel had blown up every single Egyptian fighter jet in their initial undeclared attacks (it is illegal to attack without first declaring war) as they were parked, unsuspecting, on their runways in Egypt) and Israeli torpedo attack boats bombed, napalmed, and shot, with massive calibre rounds, a completely isolated (all other U.S vessels had been ordered out of the area at least 120 miles from the coast) Intelligence gathering vessel (most of the crew were out on the deck relaxing) ... murdering 32 navy personnel, and severely wounding and maiming many times that number (170?) ...
as U.S had nuclear bombers in the air ready to strike at Egyptian targets ... as it turned out Israel did not need any support in their war, gaining victory in '6 days', the largest unit of F-16 fighters outside the U.S which the U.S had given Israel, along with unlimited supplies of tanks, weapons, and other war materials, and unprecendented U.S military intelligence including spy satellite images of Egyptian, Syrian, Jordanian, etc military bases ...

Strategic oil reserve agreement with Israel gives Israel priority even over U.S citizens re: guaranteed oil supply ...

Jews kicked out of Spain, after it was retaken back from the Muslims/Mohammedan/Moor (whom the Jews had fought alongside, may famous paintings clearly show the 'star of david' banner flying among the Moorish invaders ... often ended up in the Netherlands, in Amsterdam, where they became dominant in the East India Company, and the global slave / rum trade ... the first true global business was slavery, run by Jews...cane sugar plantations in the Americas thrived and distilled rum, which was traded in Africa for slaves, which were brought to expand the sugar cane and later cotton industries (the working conditions / heat / mosquitoes made white slaves uneconomic i.e died off too quickly, couldn't surive heat and malaria ) ... thse 'Sephardic Jews' from Spain had names like Gomez, Lopez, and Castro, but also 'Simpson' and more obvious 'Levy' ...

In Prague Jews were trading Slavic slaves...

Many Jews moved to Poland ...'The Pale'...given special status which they exploited i.e right to commit usury, which christians were not allowed to...behind expansion of Poland into Kossak territory ...alienated everyone for 400 years then expelled in huge reaction

N.B Under Islam banking allowed, but NO compounding interest allowed...i.e Jews secret was compounding interest, which few people understood ... as even today ...
Churchill Jewish golem after Jews forgave his family their debts, financed his lavish lifestyle and career...

SEEK KNOWLEDGE (ONE OF MOHAMED'S FIRST 'REVELATIONS') told to 'READ', but he was illiterate...Mosques taught literacy, and Madaras's built nearby i.e first learning centers...while Europe suffering under 'dark ages' imposed by Catholic church...

Jews got licenses to distill alcohol in Poland, as weapon of cultural warfare...even Henry Ford wrote about this...to exploit / destroy cultures...Partition of Poland led to Jews lost their special rights, living on western border of Russia...Jews very unhappy...ancestral hatred of Russia among Jews since then...in 'Pale of settlement' vs earlier 'jewish paradise of Poland'...Jew first person to bring dynamite into Russia...i.e determined to destroy Tsars and Russia...

Jews gained control of Ukrainian grain harvest, converted to alcohol as Ukrainians starving to death in massive Ukrainian famine at time of Tsar in 1881...assasinated by Jews...Jewish revolutionaries...

6 divisions in Estonia Wolfowitz...jewish hatred of Russia...

N.B Hebrew HBRW i.e. vowels basically interchangable so KHN can be Kohen, Cohen, Kahn, Kohn (Zionist U.S 'John Kerry' is really Kohn, but it can be written Kahn, Kohen, etc i.e Cohen MOST 'jewish' name of all...and accepted in Israel as the 'most jewish' people i.e descendants of the Priest class (of Aaron)...

Deborah Lippstadt paid 13 million to lawyers/researchers to defeat David IRving...could only find 6 or 7 'errors' in his entire body of work to that date, according to the Judge...

Hoeffler document...3 camps Treblinka, etc which Irving believes WAS a death camp...though 'deckungsschreibung' i.e cover up letter, Himmler wrote to Commandant of Auschwitz...'I'm told the Jews are dieing like flies' by the Allied
papers, asking him to investigate / explain (Irving things black joke)...'There appear to nobody dieing of cance, can you explain this...can it be that we have stumbled across a cure for cancer?'

Stanford University Himmler papers...Operation Rheinhardt...list valuables taken off Jews at the transit camps, before being sent onto work camps...(Irving for some reason assumes they were killed at Treblinka etc... 1942 figures 1943 figures totally different... Hoeffler police officer in Lublin... 1942 T S B figure of 1.24 million jews 'processed' (Irving assumed means killed not processed through) ... loot of 1942 figure .. loot figure of 1943 figures indicate another million 'processed' i.e 2 years 2.2 million people passed through the transit camps (Irving for some reason assumes they were killed...why on earth though? Russians stated was transit camp, lots of 'Shoah' document stories of people explaining what happend there...were separated from family members and moved on, were given coffee, soup, bread...etc...

'Korheir' was Himmler's chief statistician for 'The final solution to the Jewish problem'...10 year report since time Nazi's ...secret report stated of the 17 million jews in world, 10 of which in europe, 4 million emigrated out of Europe i.e left europe, rest have emigrated or died of old age...1.24 million jews sent through camps in occupied poland to the East i.e through Treblinka etc to Auschwitz etc work camps...

Irving believes Treblinka etc was death camp, and that irregular gassings did take place in Auschwitz ... he says he writes what finds in archives, but all this stuff is speculation / reading between lies...no idea why... though claims was never Holocaust denier till after Zundel trial and Leuchter report ... that 'Holocaust' term is Madison avenue marketing idea ... huge industry...

Eichman lied to get himself 'off the hook' by going along with the holocaust story, and wrote a letter referring to an order given by Hitler about the 'physical annhilation of the Jewish people in Europe'... not a single wartime document that Hitler even Knew about Auscwhitz, let along gave an order...on day Red Army over-ran Auschwitz and hitler told of this he replied 'o.k, jawohl' i.e meant nothing to him ... i.e no significance ...  

IRving says all the documents he found indicate that Hitler was NEVER anti semite, in fact continued to use his power to protect the Jews...from moment got
into power...speeches were propaganda... didn't ever reflect his own views... being practical i.e fight propaganda with propaganda... Hitler had intervened several times to protect Jews when Himmler wanted to 'liquidate'... 'Keine Liquidierung' was Hitlers order... in Riga... an SS gruppen fuhre had already carried out murder of thousands of Jews from Berlin, and Riga... Jews...sonderaktion... Hitler's order arrived too late... i.e the propaganda had worked... Hitler found out and warned that any further such breaches of orders would be severely punished, and had the organisers sent to Berlin...

Stalin claimed to Churchill that WWII had directly resulted in 5 million Russians dead or missing (the rest were killed by the 'Jewish' Soviets themselves!)... Polish courtroom stated that up to 300,000 people died in Auschwitz (never said were murdered) at the trials of the Nazi's in Poland at the end of WWII... surely the Polish government would know what had happened in their own country... including... to their own people... Catholics... Jews were also there... but victims of Auschwitz work camp came from many varied groups of people... DIED... from various causes... disease... British Public record office held private papers of deputy commandant of Auschwitz... Jews that not fit to work were killed... taken to Red House and White House... little cottages... Almeier gassed 200 people at a time... now and again... so some gassings DID occur...

A DECADE AGO THE C.I.A OFFICIALLY WARNED THAT THE STATE OF ISRAEL WILL NOT EXIST IN 20 YEARS... THEN MORE RECENTLY KISSINGER SAID ISRAEL WOULD NOT EXIST IN TEN YEARS... THE U.S' S NUMBER ONE ZIONIST ORGANISATION, THE C.I.A, AND THE WORLD'S NUMBER ONE LIVING WAR CRIMINAL, RESPONSIBLE FOR MORE DEATHS THAN ANY SINGLE POLITICAL FIGURE IN THE WEST, SHOULD KNOW... IF YOU DON'T BELIEVE ME THAT 'THE HOLOCAUST' THE JEWS 'ACCEPT AS REAL' IS NOT A HISTORICAL FACT, BUT A FUTURE REALITY I.E THAT 6 MILLION ISRAELI JEWS ARE TO BE OFFERED AS A BURNT SACRIFICE TO THE ZIONIST 'JEW' WORLD ORDER IN THE NEAR FUTURE, THEN MAYBE YOU WILL LISTEN TO KISSINGER, THE WORLD'S NUMBER ONE LIVING WAR CRIMINAL... HE SHOULD KNOW...

Our federal reserve system means that the people who issue the money, or get it first, are getting it pre- the inflation it will produce i.e a rent... can buy stuff at current prices before the impact of that new money is felt in the system... N.b owners of stock in Fed recieve guaranteed 6% dividend (on their capital
investments)...though not publicly known WHO owns the Fed...why?? Question why Govt. pays middlemen / intermediary banks for simply service of passing their 'Bonds' (as in 'my word is my bond, I promise to pay back the amount of this I.O.U plus interest) onto the Fed, which is just another private bank...why have these two intermediaries? ... both of which are private corporations that exist solely to maximise profit to their shareholders (or?) ... Govt. could just print money itself, and the public democratically vote on how much to print ... to pay for Govt. goods and services ... I explain my approach in my books ... Govt. issues blockchain which IT controls i.e no mining ... it is NOT a good ... not for barter ... but to facilitate exchanges between people ... supply limited to a little inflation to accommodate economic growth ... anyway, I explained it in detail in one of my books, and it works ... my system ... as a service and revenue collection cost minimiser ... reduces cost of tax system, cost of supplying this 'service called money'...

Timothy McVeigh was a 'Sheepdipped' Special Ops 'PatCon' operative specialising in bombing federal buildings, to demonise 'patriots' and 'gun owners', introduce the foundations of the Patriot act which would be expanded later in the later 911 false flag...in all Israeli terrorist acts since King David Hotel, important documents were destroyed in the Oklahoma city bombing, this time relating to the Zionist Golem Clinton 'Whitewater' investigations, and investigations into the Arksansas drug running, murders, and fraud investigations...in fact F.B.I operatives came and stopped emergency workers to allow them to remove the documents not destroyed, so that they could be destroyed, to ensure all the documents were destroyed...the same occurred with the Pentagon and WTC bombings, in which all documents relating to the biggest insider trading deals, fraud, and Pentagon 'missing 2.3 Trillion dollars' ... McVeigh was a decorated sniper, recruited to the special forces...'sheep-dipping' meant you pretended to leave the military...He stated he was recruited to carry out CIA drug running operations to fund secret 'black' / 'shadow' government ops, and to carry out assasinations...he told other inmates on death row that his execution would be faked ... he requested and was granted that no autopsy was to be performed on him after his 'execution', and witnesses stated that he appeared to be breathing when taken away as 'dead'...his eyes open....McVeigh bragged to another death-row inmate (who after reporting this to the media was refused further visitation rights) that he would be given a special drug that made him appear dead, and he would later be 'revived'... 4 targetted charges sheared off the rebar in the building, damaging it in ways that the car bomb never could have...in fact parts of the building closer to the truck were left undamaged ... 2 other explosive devices were found at the scene...witnesses saw people placing plastic explosive charges within the building ... many Federal employees had been warned not to go to
their offices that day, admitting this after they had turned up, to emergency workers who questioned them...

Nurnberg...NOT burg !!!

In U.S if you commit war crimes, treason, and espionage, you get a great job with a huge corporation, or simply millions in 'speaking and/or consultancy fees' once you leave your government job ... the head of Monsanto becomes the head of the FDA supposed to regulate Monsanto, then once they've done their Monsanto work using the FDA as a tool, the same person returns to Monsanto, and a huge paycheck / reward ... those who commit war crimes are made multi-millionaires ... those brave honest souls who dare report on those war crimes and war criminals, they get long prison sentences, lose their jobs, destroy any career prospects they once had, become 'pariahs' and completely marginalised ... or simply murdered ... N.B that that interview I have of ... in his first interview after being released from prison (a punishment for being outspoken against Israel) was his last...because of the simple facts he stated in that interview ... every media outlet was competing to interview him just before this interview...once he gave it, he was completely shunned by every corporate media outlet in the U.S, he couldn't beg an interview with anyone ... bless this courageous man who left us, aged 73, in 2017. He was warned that if he did not 'shut up', if he kept repeating the truths he outlined in that interview, he would be killed. The 'official cause of death' was a heart attack while driving a tractor, which then overturned on him. The CIA is on the record as having developed a drug that would incude heart attacks in the victims, killing them, while leaving no evidence of poisoning to be found by any coroner... But every day was a good day to die for Trafik, because he lived each day with integrity, without regret, ready to face any judgement, confident of the verdict ... He may have been ignorant about 911, but that does not appear deliberate confuscation ... no-one can ask of anyone any more than that they seek the truth, and to share it, and be willing to pay the price that comes with such openness...

Putin has done deal with Israel to have Russian Gasprom distribute gas which rightfully belongs to Palestinians using Gasprom's network ... huge deal ... Putin took resources from the Jewish oligarchs in public, then in private returned these assets to the Rothschild Zionist elites in Russia ... Georgia has Israeli citizens i.e 'Jews' in most powerful govt. positions and U.S ... Ashkenazi and Eastern Sephardic Jews set up Hitler and Stalin respectively, to play Germany and Russia off against each other...Mayor of Moscow (Kutz uses his wife's surname to hide
that he is a Jew) Jewish...P.M's real name is Mendel (Medyenev fake orthodox christian) i.e Jew, Putin Jew...eligible for Israeli citizenship...and Russia are pretending to be enemies in their mass media, while secretly operating in unison, sharing information in real time ... Kerry in U.S real name is Cahn (Cohen derivative) i.e Jew...Madelline Albright ...General Wesley Clark Jewish ... Crypto Jews pretending to be Christian...Nicholas Sarcozy (French President) is 'Jewish', pretending to be Christian... 1917 'Russian' revolution was Jewish, Russians realise, but are apathetic...Stalin's wife Jewish, his name 'Son of a Jew'...South Ossetia attacks U.S / Israeli attacks, but Russian response appears planned well in advance...for public consumption...Theater...WWF...Head of Ossetian was ex-KGB head, provoked Georgians, who attacked capital of Ossetia, but Russian troops already there, as if waiting...they responded to Georgia...well orchestrated / choreographed incident for Western media consumption...to make it look like Russia and U.S enemies ... Russia slaughtered around 100,000 civilians in area...Clinton financed the operations...real victims...but the motives not real...carefully planned and carried out operations to keep Western world on high alert / cold war...etc...do Iranians realise Putin is Zionist 'Jew'? ... at least elites probably realise, but population as ignorant as most Westerners...Milton Friedman admitted the 'crash' was result of Fed reducing money supply i.e credit crunch to average person, while correspondent banks given huge amounts of free credit, to crash markets and let rich buy real assets for almost nothing...Mahatir did opposite of what IMF instructed him to do in Malaysia, and Malaysia did NOT crash, thwarting Soros...'distressed assets' created by monetary policy...Rothschild own French water, garbage, public transport, most of U.S water supply, using proxies often bought out by Rothschild 'Viola' but keep old names...Electricity supply, fuel rods for power plants, pushing electric cars...soon will own entire economic base ... Bank of England Charter lead to entire nation, property, and labor owned by few, and starvation in the midst of abundance i.e 'economics' ... Gorbachev Zionist...then Putin chosen to follow him...Putin may give speech against usurers / Zionism / Israel / U.S.A / E.U but fully paid up Zionist...Benjamin Friedman at signing of Versailles explained how that treaty was designed to result in WWII within 25 years (as I wrote myself)...

Warburg (bankster) family living in Hamburg until 1944 bombing raids ...

Neo-liberalism = privatisation (profits for rich) and austerity (reduction social security / education / health net for poor) ... World Bank & IMF imposed neoliberalism on most of world via 'economic hitmen' ... ironic idea of smaller govt...for developing world, to prevent them becoming stable / independent EVER ... while at same time in Developed West Europe and U.S.A aim to
expand federal/centralisation and bankrupt prosperous economies via 'compulsory' private health insurance, private pension funds, ...

Germany 'occupied' by U.S/NATO...Germany has never regained its sovereignty now 70 years after WWII...more than 30,000 U.S troops, Rammstein air base, and nukes in Germany...NATO africa command located in Stuttgart...German majority want to remove NATO/U.S nukes...2009 Merkel govt. agreed to popular opinion and overwhelming parliament vote to this effect, at same time as Merkel promised U.S they'd stay...as revealed in WIKI leaks...German media and political elites pro Israel and U.S...Axel Springer's mission statement includes 5 principles including reconciliation of Jews and Germans and support for State of Israel and for closest possible ties with U.S...strongest support of Merkel and manufacturing public opinion...very hard to compete with their hegemony as Germany's largest publishing house...Germany supports U.S sanctions against Russia...If German technology/manufacturing joined with Russian raw materials and Chinese cheap labor, U.S.'superpower' status would be irrelevant...currently German businesses suffering because of sanctions on Russia...

so least likely new agreement with Russia...Germans and Russians 'tricked' into WWI and WWII, maybe again? German Govt. allowed war criminals U.S to use Germany air bases and German intelligence Agencies advised U.S...'Have you forgotten Saddam Hussein's stated goal is the destruction of Israel' quote of Angela Merkel, after referring to 'Auschwitz'...arguing in favor of Germany joining war criminals in invasion Iraq...

Neo-Conservatism (NeoCons)...

corporate media keep claiming, like Holocaust, that their 'lies' MUST be true because ALL the corporate media repeat them...refer to 'facts' supposedly supported by independent research/observers who turn out to be totally funded by corporate/establishment and don't actually report/investigate anything...actually fake reports i.e crisis actors/green screens...NO people 'on the ground' i.e sources all compromised, NOT independent...Chomsky re: sure some reporters BELIEVE what they are saying, like some Jews believe Holocaust happened...but based on WHAT?...then fact is that ANY reporter/professor etc who does NOT believe, will NEVER be promoted to top public positions i.e so WE never hear THEIR alternative views...recently MANY top rating news and
public affairs presenters, including Donahue, were fired / their shows 'dropped' / cancelled, because they could not be trusted to repeat the 'party line' i.e they were ANTI Iraq war, ANTI Vietnam ... so WE never get to hear from THEM...so if there ARE any independent media personalities, they never get far in the industry, and if do, they are simply 'blacklisted'... AT THE SAME TIME the corporate media ensure APPARENT diversity of opinion i.e hype up some harmless media personality as being an 'extremist' and 'in your face' reporter, 'holding the corporations / politicians feet to the fire' etc...when really are just there to give the IMPRESSION that the public IS hearing the worst / strong critique / someone IS holding the establishment accountable e.g 'Ed Snow-Job', Wiki-harmless leaks, Alex Jones Dis-Info-Whores, even 'Jimmy Dore' (who presents Murdoch as 'An Australian' (rather than the son of a Jewish Woman, therefore a 'Jew') and himself as 'Irish' (as if there are no 'Jews' in Ireland, and he is NOT himself 'Jewish'), which all his mannerisms and comedy 'voices' are typical of) ...this is 'controlled opposition'...'bait and switch'...'yes set formation'...NLP... offer you an apparent 'hard hitting critique' of the corporations/establishment, winning your confidence with 90% truth...but being VERY careful to avoid that 10% that would REALLY wake you up, and make all the difference...you think you've found 'The truth'...'your guy'....'your people'...who are really 'putting it to the man'...because they tell you stuff the mainstream media won't report, appear to get angry at the establishment and corporations and their colleagues in the 'corporate media'...but if you fall for that, then you probably believe that WorldFederation Wrestlers hate each other, and the wrestling is 'real'.... THE MAIN 'TELLS' BY WHICH YOU CAN 'TELL' CONTROLLED MEDIA , I.E THE 'EXTREME' ENDS OF CORPORATE MEDIA DRESSED UP TO APPEAR INDEPENDENT AND 'DANGEROUS' TO CORPORATE INTERESTS, IS THAT THEY 'LEAK' HARMLESS INFORMATION WHILE HYPING UP THEIR 'LEAKS', AND WITHHOLDING 'LEAKS' LIKE WIKI-LEAKS OPENLY HAVE DONE, WHICH MIGHT ACTUALLY BE 'DANGEROUS' AND 'REVEALING' OF THE NWO JEW WORLD ORDER, THEY ALWAYS TALK OF BIN LADEN AND ARAB HIJACKERS AND PLANES IN RELATION TO THE WTC AND PENTAGON 911 ATTACKS, WHEN NO PLANES WERE HIJACKED, LET ALONE INVOLVED IN THE 911 ATTACKS, AND ISRAEL CIA-MOSSAD CARRIED OUT THE ATTACKS...THEY WILL DEMONISE ARABS AND ISLAM IN THIS WAY ... AND THEY UPHOLD THE 'HOLOCAUST' LIES ... WHEN THERE IS A MOUNTAIN OF COMPELLING EVIDENCE THAT 'THE HOLOCAUST' DIDN'T HAPPEN, AND COULD NOT HAVE HAPPENED ANYTHING LIKE DESCRIBED, FOR PURE SCIENTIFIC, TECHNICAL, MECHANICAL, CHEMICAL REASONS I.E THE OFFICIAL DESCRIPTIONS OF WHAT HAPPENED, LIKE THE 911 OFFICIAL VERSION, IS SIMPLY PHYSICALLY IMPOSSIBLE BASED ON
FACTS...EVEN BEFORE ANY INVESTIGATION (WHICH HAS NEVER OCCURRED IN EITHER STORY)... finally, realise that 6 huge corporations which own the mass media and Hollywood are owned by the SAME people who own e.g General Electric and Halliburton, i.e the war profiteers...Murdoch stated he was pro-Iraq war, and would do everything to bring it about...so we were totally lied to by the mass media about 'WOMAD', the politicians lied about WOMAD, it was proven, but NO_ONE has ever gone to prison for the 500,000 war dead war-crimes which we CAN prove, while thousands of people rot in solitary confinement for 'Holocaust denial' and 'Open Borders' critiques, when there is NO evidence that 'The Holocaust' occured, or that 'Open Borders' are good for the nations opening their borders...

Note you need to have a stomach for disillusionment i.e to face the fact that most of your 'Alternative media' heroes are really controlled / embedded opposition working for your enemies i.e they are 'false friends' who make you feel confident you are getting 'all the facts' from an 'ally', so that you won't go elsewhere to find your 'truth' ... like the very few unfunded, poorly resourced independent researchers / reporters whose Youtube accounts are demonitized so they cannot earn any money for their effort / sacrifice / risk, after having to invest their own personal money in the equipment, computers, software, and support help to prepare and present work they keeps them from doing other work from which they could earn a living...basically shutting them down...while funding Jimmy Dore, Alex Jones, Stefan Molyneux, and hyping Ed Snow-Job, Julian Assange Wiki-Leaks etc, while pretending to 'hate' them and to be 'after' them ... like the CIA couldn't 'take out' Assange? and the U.S just happen to block Snowden's passport just AFTER he arrives in Moscow... Putin describes Wiki-Leaks and Ed Snowden best when he says getting REAL intelligence / information / leaks out of these guys is like 'shearing a pig...you get a lot of squealing but very little wool'...think about how LITTLE REAL 'intel' has been revealed compared to the huge hype attached to WIKI leaks and Snowden...then watch a simple video with Eva Bartlett and compare how much information : hype you get from her ... Then hear Jimmy Dore and obfuscate, laughing, to give you idea that Rachel Maddow (30K a day Maddow) is NOT jewish...that 'Jews' do not control the mass media, while admitting 6 corporations own the mass media...and Murdoch is 'Australian'...totally avoiding the 'old canard' that 'Jews' are ALWAYS 'Jews' first ... have interests of the 'Jewish' Old Testament / Torah / Talmud community .... that 'Jews' are never 'Nationalists' except when it comes to 'Israel'...though pretend to have a patriotic agenda, they NEVER do what is best for any nation except the 'Jewish' nation which is spread out across the entire world...and today owns most of it...and 'rents' the rest via corruption / bribery / blackmail / propaganda ...
Michale Moore, in his latest movie, displays perfectly tuned NLP 'yes sets' at the start, to gain your rapport, by appearing to 'agree' with you about Trump...he is 'mirroring' now (telling you what you want to hear, based on expensive polling / social research) to gain your attention, trust, confidence, empathy...but his intention is to then 'lead' you away from Trump to his 'girl' Clinton ... he will appear to understand you, and why you believe Trump was good for you and American and the world (not that I am saying Trump is any better than any other Zionist Golem in U.S / world politics) ... then gradually give you 'reasons' i.e obfuscate and confuse you, as to why 'his girl' is actually better for you and the U.S...

Like Jimmy Dore, Alex Jones and co will appear to be really 'angry' at the establishment... two things are possible...they are either unable to face the truth and facts, which is common enough...or they are aware of the truth / facts, and are part of the conspiracy... like World Wrestling Federation 'wrestlers' are actors with a vested interest in the WWF system itself, which pays them...they don't 'hate' the other wrestlers...they are all actors on the same stage with the same paymasters...the same shared interests...knowing you get more 'chumps' by pretending to hate each other...like 'hard hitting' mass media and 'Alt media' pretending to be anti-establishment, anti-new world order, anti-war ... they are MUCH angrier and more truthful than the mainline mass media, so they APPEAR to be genuinely alternative and independent, but they are just the far edge of the corporate conventional mass media, and carefully control what information they 'leak', being extremely careful NEVER to reveal anything REALLY damaging to the New world order, JEW world order agenda... and by filling possible 'alt media' niches with their own people, it prevents REAL alternative media ever gaining a foothold...takes up all the available viewers...gains their confidence / trust / interest with well funded (secretly) and professionally trained and coached and supported presenters like Alex Jones, Jimmy Dore ... these supposed 'Alt media' complain their videos are demonitised, so they appear to be 'victims' like you...but their funding comes from elsewhere, and they are ensured HUGE rewards once they have completed their 'missions'...like Dick Cheney getting a 32 million dollar 'paycheck' from the military industrial complex after leaving office ... even Clinton's daughter got paid hundreds of thousands of dollars to give 'speeches' at companies her parents 'helped out' during their terms of office...get 'consultancy' positions, positions with lobbyists, all basically massive reward, no effort/work positions...simply way of rewarding them for what they did WHILE in office...even Bernie Sanders got a luxury holiday home the day he stepped down...he was the 'Jew' playing for public support, which was always meant to be transferred to Clinton...i.e he was
the cute puppy dog, or sexy girl, in the t.v add selling the very unsexy / unpopular product...

Jimmy Dore WILL criticise Israel, and state obvious i.e that Israeli's murdering Palestinians in Palestine ... which is going to get out sooner or later, someone is going to state the obvious ... so you get YOUR guy to say it, to take the wind out of any potential REAL independent Alternative media...

Note that Jimmy Dore shows the main 'Tells' of being a Zionist ... that he is therefore controlled opposition, and not authentic 'alternate media'. He continues 'The Holocaust' lies and Nazi demonisation, he continues the official story of 911 being about Arab terrorists hijacking planes and flying them into the WTC and Pentagon, he continues the 'man-made global climate change' lie, even ramping it up to a 'man-made global climate change crisis which is at a tipping point right now'. He continues the story that Timothy McVeigh carried out the Oklahoma City bombing alone. He never implicates Israel in Afghanistan, Iraq, Yemen, or Somalia, and while he does once mention Israel in connection with Syria, he insists that the reason the U.S is trying to topple the democratically elected and widely popular Assad, to put their own puppet in place, is because Saudi Arabia wants to build a natural gas pipeline through Syria to supply Europe, and RUSSIA does not want this ??? Sure this is a reason for Russian support for Assad, but why would Assad fight a war for Russia? So this is a good example of the controlled media's obfuscation. They come close to a fact that Israel and the Zionist 'Jews' don't want known / understood, and then obfuscate it, and mis-direct us towards Saudi Arabia. He does this in this example, and all the others do it with 911 and 'the war on terror'. These are part of the 10% of lies he is there to promote and protect, by offering 90% truth about what is going on. After being satisfied by that 90% truth, most people will go along with the 10% lies, feeling no compulsion to doubt ANYthing he says. So when he, Alex Jones, Stefan Molyneux, Noam Chomsky (which especially breaks my heart), Ed Snowden, et al, go along with the 'official 911 story' and the corporate media in which 'a handful of Islamic Arab terrorists' carried out the most elaborately staged event in history, in the process of which they broke the laws of physics, aeronautics, and credulity, you won't bat an eyelid. They have you in their trance. They have misdirected you at the key points in the 'trick'. You will NEVER understand what is going on. But if you UNDERSTAND the truth about 911, 'The holocaust', Sandy Hook, U.S.S Liberty, Gulf of Tonkin, Oklahoma City bombing etc, then
you can overlook the frustrating 'con' and 'cherry pick' the information from the disinformation, and actually use the controlled media to glean as much truth as we can. So I present some of his videos which contain that 90% truth. In the same way I will use Alex Jones clips. While warning people about the 10% lies in my books and other markus rehbach youtube channel videos. So now to some of that 90% truth.

Israel has bombed 8 U.N safe haven schools in Palestine...mass media showed propaganda footage of missiles being launched from these schools...though never been independently verified...Israeli propaganda films placed on youtube...claim HAMAS using U.N safe haven schools in Gaza strip, occupied territory, basically an open air... planned mass murders on U.N schools, hospitals...U.N called Israeli army 17 times to tell them not to bomb the U.N school, Israel refused... the U.N school spent hours on phone begging the Israeli military to stop bombing just for a short time to allow the U.N to evacuate the kids from the school before they continued bombing, and Israel refused to allow them to evacuate...bombed and killed 15 kids... using military against pure civilian population in U.N safe haven school... claims HAMAS fired rockets from that school... HAMAS uses people to protect their bombs, and Israel uses bombs to protect their people... Israel will kill the 'human shields' ... in the name of god and Israel... so appears soon Zionists will turn on 'Jews' in Israel... encouraging Israeli military to become butchers, to turn public opinion against Israel...will shock Israeli's when the mass media, who they thought 'Their guys' owned, turns on them...because the Zionist 'Jews' are only nominally 'Jewish', and have their OWN agenda...have just been using world 'Jewry' as a pawn in their plan...and will soon do the same to the U.S.A, when they are ready to bring down the U.S.A, after having 'milked' it for all they could, bankrupted it many times over...prison... the Zionists are going to turn on Israeli Jews very soon...they have always been using them, just as they used the Nazi party, use any Arab / Islamic resistance fighters, used the U.S.A... are planning to turn public opinion AGAINST Israel very soon (after decades of propaganda / censorship of truth about Israel) ... it will be very easy...just state facts openly for once in mass media...start reporting facts of atrocities ... war crimes ... Please take a moment to consider how much time it takes to review hundreds of media reports, books, articles, etc and then write up something compelling and comprehensible for the general public, then proof read it, edit it, then record it, edit it, add sub-titles and commentaries, edit together images and film footage, and then upload it to several social media channels ... it is a full time job...and very few people have the luxury of a private income to allow them to dedicate their time and energy to this task i.e to simply feed, clothe, and house themselves (not to mention any dependants) so that they can carry out this task...they need computers, internet connections, software ... then
consider what a sacrifice it is to work so hard, long, and take such risks (imprisonment is the least of them, professional suicide is guaranteed if you speak the truth, and rejection/abandonment by most 'sheeple' who believe their own 'guy' is 'alternative media' and 'on their side' and their guy says YOU are a right wing extremist with some nasty dark agenda or just batshit crazy and anti-semitic)...then ask yourself who these supposed 'alternative media' 'independent media' are being paid by...who is paying their research staff, the people off-camera doing their editing, cueing up footage and screenshots, doing the audio and video ... who is paying for all their books, videos, staff, health insurance...if they are Independent...and yet somehow managed to put together professional looking and sounding shows... by selling water purifiers? books? vitamins? t-shirts?...if you believe that, then demand an audit of their books, to see where their money REALLY comes from e.g Alex Jones Dis-InfoWhores...they will act like the establishment hates them, and the 'establishment' will support this idea by appearing to 'hate' them...but it is world federation wrestling all over...even Hitler was never really HATED by the Zionists...they were using the Nazi's as means to THEIR own ends...which is why on one hand they declared war on Germany before WWII, and imposed a worldwide boycott of German goods, while their banks in the U.S were secretly financing the Nazi party, U.S foundations were financing Nazi programs in Germany, and right up until the declaration of war was to be made, they were glorifying Hitler (e.g as Times man of the year !!) ... I need to write an entire book about the 'World Wrestling Federation' model of how the Zionists play off various supposed 'enemies', then make them real enemies, to demonise and glorify and demonise in turn, all manner of people and institutions, simply as part of their plan for hegemony...oh, and it works...it worked... but I have so few readers of my current books...what would drive me to invest the same suffering, anguish, frustration, irritation, migraine...into researching and writing another book, when at any moment the police can appear at my door and take me to prison, and the impact of all my sacrifice is so small...because of human nature...because people are what they are...and I've never had a chance to 'correct' for this by educating them / informing them...getting them to 'face facts'...why write another brilliant book that will only get me in prison, and reach only a few people? ... how 'impeccable' a 'warrior' is it possible to be...to continue along this path??...end note...the U.N confirmed that NO missiles were EVER fired from ANY U.N safe haven school...but the corporate media pretend it is still 'unconfirmed' and the question of HAMAS missiles is still 'up in the air'... as if gravity is still 'unconfirmed' and 'up in the air'... There are NO military targets in Gaza...only civilian targets...HAMAS has no military presence in Gaza...it is an open air prison...the REAL Holocaust...a repeat of the biblical holocaust all you 'Christians' and 'Jews' appear to be so PROUD of ... I am the opposite of speechless...I have too much to say...please read at least the 3 books I have written on 911 and the New world order. If I can
manage it somehow I will continue trying to make the obvious so clear that even the constant lies of the mass media and controlled 'alt' media cannot shout me down...but it requires YOU to become the hero of this story. The heroine. The freedom fighter. Fighting ONLY with TRUTH. BEcause the truth will set you free, it is the Zionist 'Jews' Kryptonite. Please please please always note the ' ' when I write 'Jews'... I am not anti-Semitic...all languages are equal to me... I have no irrational hatred of anyone...I hate lies...they are almost NEVER 'noble' ... they are the enemy...they create mental prisons...they enslave you, and billions of other sentient beings ... the truth will set you free... not dogma...not 100% certainty...but Zen open-minded search for truth ... skepticism...the SEARCH for truth that makes not 'exceptions' for 'noble' lies ... as unless you are speaking to a child about a dead pet or parent, or to a dying person, NO lie you tell is really NOBLE...it is just a weapon for some group or person trying to enslave you !!!

Happy Next Lives. You know I think about the countless other worlds that probably exist ... all the countless billions of stars out there ... all the countless probably realities operating on different frequencies, and I wonder why I bother with this hell of a prison planet, with its stubborn would-be slave masters who complain about injustice and slavery only when they are its victims, and never when they are its perceived beneficiaries...are any of us here innocent? Didn't WE create this world? Well I am going against Buddha to give you all a chance to show your true colors. By informing you. By empowering you with facts, truth, and compelling arguments. By giving you understanding. So that you can then choose this world, or the world that it COULD be. But it is up to YOU. Not me. I am trying my best. YOU have to stand up and be counted among the truth seekers, the justice seekers. For right now almost 99% of you are NOT innocent victims. You are perpetrators. You reproduce the system of lies, inequality, injustice, and violence against the less powerful sentient beings on this planet. Please wake up. I hope one day we can meet as equals, in some dimension, on some world, where life is once again a 'game' worth playing. A playful, fun, exciting, rewarding, joyful, pleasurable experience. Oh, one last point...imagine if you represented a billion dollar industry that could 'donate' 10 million dollars to a political candidate (if you could donate it to BOTH candidates for president) and in return be able to dictate the laws impacting your industry, and thus save/benefit to the tune of billions of dollars? Would you do it? And if you owned the Fed, and could 'print' the money needed to pay for it, at almost ZERO cost? Would YOU NOT do this? Oh, and Noam Chomsky (controlled opposition from whom you can get valuable info i.e the 90% truth) 'nailed it' when he said 'When the mass media direct your attention towards sex scandals, that is the time to reach to check you
still have your wallet' i.e the Monica Lewinsky affair was used to mis-direct public attention away from something very important they did NOT want you to pay attention to...real acts of treason by Clinton, selling military secrets to China...it is the old 'misdirection' trick of magicians...have you watch the sexy assistant while he sets up the trick...by the time your attention has returned to the magician, the trick is set up, and no matter how closely you look NOW, you will never work out the trick (he set it up while your attention was elsewhere, and SEX is the hard-wired sub-conscious attention attractor!) ... Of course while the mass media had you wondering about Bin Laden (CIA operative Tim Osmond), they were stripping you of all your hard earned wealth...if you haven't noticed it gone yet, don't worry, soon it will become apparent...right now 'Quantitative Easing' is hiding the fact that your pension is worthless ... 'money' is not circulating ... the money 'printed' has not really entered 'circulation'...when it DOES, the multiplier effect and 'velocity' of money supply will SUDDENLY lead to MASSIVE inflation like that of pre-Nazi Germany in the 1920s...and just like in Germany at that time, your 'savings' will become worthless in a matter of months...

Did you realise that the U.K would have to work full time, for 9 years, for NOTHING just to pay back its current national and private debts? This is WORSE than during the Weimar Republic, which lead to that famous hyperinflation and 10 Million Reichsmark bank notes ... a loaf of bread cost a wheelbarrow of these notes by the end. The moment interest rates rise again, the U.K goes down.

Did you know that the U.S.A has had a WORSE debt situation than Greece, Portugal, Italy, and even Ireland, for years now. The situation in Greece had NOTHING to do with economics. It was a pure Zionist Bankster take-down. Like Argentina.

Did you know that the way the banksters get rich is because inflation = the money supply multiplied by the 'multiplier effect' i.e circulation of money...but whoever gets the 'new' money first can spend it at todays value...by the time YOU get it, it has produced massive inflation. This is why 'voodoo economics' and 'trickle down effect' only make the banksters richer, and is effectively a tax on the poor.
Soon the Zionists will start shouting about U.K and U.S debt as if it is a 'crisis' THEY didn't deliberately create. An excuse to wipe out your pension, increase taxes, reduce government spending on health, education etc, and even steal your money from your bank accounts. This has all happened many times in the past.

Remember interest rates on home mortgages going up to 23% in the West? No you don't. When it happens again, most of you will lose your homes, because it will not stop at 23%...it will be a worldwide Argentina and Greece.

Did you know that every time a false flag has occurred...a joint Israeli-U.S false flag (not the ones Putin created in Moscow etc) , they are Russian-Israeli false flags, IMPORTANT DOCUMENTS RELATING TO AN INVESTIGATION OF A ZIONIST GOLEM OR GROUP HAVE BEEN DESTROYED....this was true of the first terrorist act of the 'modern age of terror'...the King David Hotel bombing, then the U.S.S Liberty (intel about Israeli torture was destroyed in the attack), The Oklahoma city bombing destroyed (or they removed afterwards) ALL the evidence against Clinton e.g Whitewater, Arkansas finance fraud, CIA drug running, murders etc...the 911 WTC attacks destroyed the files for the largest fraud cases in U.S history ... the Pentagon missile destroyed the offices where the files for the missing 2.3 trillion Pentagon money were kept...in all cases actual investigators into those cases were murdered in the attacks...

All this is fact...proven...if you are willing to listen

I expect the next false flag will be blamed on patriots, and it will be the Fed, to destroy all the records that would be revealed during any 'audit' ... and probably the NATO buildings in Brussels that house any documents relating to fraud (their auditor general was murdered recently ... check out Newsbud.com for that report) ... and maybe the N.Y U.N HQ...all will be joint U.S-Israeli false flag attacks, carried out by people like Timothy McVeigh (maybe the man himself will take part, he was never executed, he is alive and well)...

Please wake up...Trump and Putin are both zionist puppets...Putin now has a net worth of over 40 Billion...Trump is bankrupt, and owes the Zionists billions

oh, and another note, under the Nuremberg trial rules, every 'Jew' killed by the allies and Soviets during WWII in German occupied territory, or who died of old
age or any other reason, is 'counted' as a victim of the supposed 'Nazi Holocaust'. If 6 million 'Jews' were killed in the years of WWII, then at least 6 million Jews around the world were born during those years, according to the official 'Jewish' census carried out before and after WWII, as the census clearly shows an INCREASE in the number of 'Jews' in the world during WWII.

Truth is Kryptonite to the Zionists

Reason Torah / Talmud NEVER mentioned the name of the Pharaoh at the time of the 'Exodus' is because it was Akhenaton who we know as 'Moses'... think about this...a supposed precise historical record does not contain the most important name in the entire history ... The 'son of god' = 'Sun god' = light bearer = lucifer ...

Do some research into the massive amount of 'Jewish' input into the drafting of the Versailles treaty. And the disproportionate number of 'Jews' actually present in Versailles at the signing of the treaty.

The treaty of Versailles was deliberately designed to ensure a new world war within 20 years. Many famous historians, ambassadors, and political commentators at the time came to that conclusion.

Britain got everything it had wanted. Germany had been the 'late bloomer' who began exceeding its earlier blooming Britain. Germany could deliver goods of at least as high a quality as anything Britain could produce, but at a lower price. Germany had begun accumulating overseas colonies in Africa, in New Guinea just above Australia, some Island nations like Samoa, and trade concessions in China (Which is why Japan actually declared war on Germany in WWI, and stole some of these German acquisitions). Germany was developing into a rival sea power. And so Britain did what it always did, and allied itself with the second most powerful Continental European nation, in opposing this new rival. After the operation had proved successful, Britain had Germany destroy its navy, give up all its overseas 'possessions', and thus leave Britain with its original hegemony of world trade, as the worlds top naval power, without rival. Once it had gained its war aims, it basically had little interest in France as an 'ally'. In fact it began worrying that France might take too great advantage from the war, and become THE continental superpower, and potentially continue where Germany had left off, in challenging Britain's world wide hegemony.

Italy was almost immediately alienated from the alliance after having its war aims not only dissappointed, but losing valuable possessions overseas to Britain, France, or to newly set up independent states. And so Italy, which had warred against Germany and Austria, and whose fascist leader Mussolini had been put in
power by French (Jewish Bankster) money, would soon look to an alliance with Germany.

Austria was forced to change its name from German Austria to the Austrian Republic by the allies. So much for WWII Allied propaganda which defined the annexation of Austria to Germany as 'forced', and after WWII basically as little less than a war crime in itself. The new Austria, having been separated from its Austro-Hungarian empire, was clearly in favor of a union with Germany. The only thing that had prevented this was threats from the Allied British, American, Italian, and French military. Just one more piece of demonising anti-German propaganda debunked.

The new German borders with Poland, Yugoslavia, Romania, Hungary, and Italy, along with the borders of the newly created and completely artificial states of 'Czechoslovakia', ensured that millions of Ethnic Germans would be cut off from their German homeland, and at the mercy of foreign governments.

There were over a million Germans in Poland, 550,000 in Hungary, 3,100,000 in Czechoslovakia, about 700,000 in Romania, 500,000 in Yugoslavia, and 250,000 in Italy, as a result of the Versailles treaty.

Germany had been forced at the point of millions of guns, to 'admit' total responsibility for every loss incurred during the war by its enemies. It was forced to 'accept' unlimited liability. A reparations bill without limits. To accept sole responsibility for the war having occurred. And to 'agree' that it had committed war crimes, behaving 'inhumanly'. It was no different from the few decades later where Germany was blamed for World War Two, and had to 'agree' to the Nuremberg show trial 'findings' that 6 million Jews had been gassed within the Nazi occupied territories, and to pay compensation to every 'Jew' who had lived within that territory, whether or not they had suffered at all, or, like the young Nazi collaborator George 'Soros' (Schwarzer), actually enjoyed 'the most exciting and rewarding time of their lives', while becoming rich.

When plebiscites/referendums were allowed, the inhabitants of large areas of Poland such as Silesia and Swabianland in Poland, and the Sudeten mountains in Czechoslovakia, in particular, voted almost unanimously (which meant many non-Germans preferred to become part of Germany, than remain under their current governments) to unite/re-unite with Germany. Of course these
democratically arrived at decisions were totally ignored by Poland, Czechoslovakia, Britain, and France, along with the entire 'League of Nations', from which Germany had been excluded.

Modern historians agree that 'Moltke plan' type military planning of the time meant that, once any nation began mobilizing for war, a world war became inevitable. The moment any European power made any sort of aggressive move against even a tiny nation, the logistics of war, especially relating to 'communications', would necessitate a full mobilisation. Germany had been pulled into WWI due to its treaty obligations with the Austro-Hungarian empire. There was absolutely no justification in laying '100% blame for WWI' on Germany, along with the massive reparations and territory. This loss of territory meant that millions of Germans found themselves living in nations hostile to them. The reparations, and invasion of the Rhineland by France, after hyperinflation made the reparations, denominated in German marks, worthless, all of which the supposed 'League of Nations' did nothing to stop, left millions of Germans in Germany itself on the verge of starvation, as the Allies, to whom Germany had surrendered, as a gesture of goodwill, not wanting to continue the war, even though not a single Allied soldier had ever stepped foot on German territory, were enjoying the 'high life', at the expense of German misery, suffering, and deprivation.

When Germany tried to negotiate with Poland over allowing a 'corridor' between Gdansk, Eastern Prussia, and Germany, the Polish were emboldened to refuse without the slightest consideration, by Britain and France, who promised that Poland could do as it pleased, with impunity, because if Germany lifted a finger against Poland, Britain and France would invade Germany.

This is exactly what the 'Jews' who wrote the Treaty of Versailles, and whom many historians believe were actually responsible for Germany actually signing the Armistace that ended WWI, had always intended. To provoke Germany into some sort of military action to protect its own people now vulnerable and isolated in Poland and Czechoslovakia, to justify an invasion by Britain and France. The British immediately sent their expeditionary force to invade Germany. We know how that turned out. Hitler beat them back. He then allowed them to retreat back to Britain, totally unmolested. He gave orders to the German military to let them leave in peace. He wanted peace. He continued to offer Britain generous peace deals, which at least half of Churchill's wartime cabinet wanted to accept, and which the majority of the British people wanted to accept. In fact the peace deal
was so popular that Churchill had to give orders to all his ambassadors around the world to refuse to even talk to any German diplomats, to avoid them actually receiving the new peace deals that Hitler was making.

The fact is that Churchill had been brought to power to destroy Germany. He was an alcoholic with huge debts, a lavishly luxurious lifestyle he could not afford, and a huge ego that would not be satisfied unless he could go down in history as 'a great man'. David Irving has documented the facts about Churchill and how he had been 'bought off' by the 'Jews' in his best selling history books. Don't take my word for it. More about Churchill's war crimes later.

Basically Hitler had offered Poland peace, if it would honor the will of the people, as expressed in their plebiscites / referendums. At every stage of the Polish Campaign Hitler offered a peace deal to Poland. However the Polish 'Jews' in charge insisted on defying logic, and would not be reasonable.

If you doubt that the intention was to destroy Germany, rather than protect Poland, then ask yourself why France and Britain only declared war on Germany, while at the same time as the Germans advanced to liberate their German brothers and sisters from the foreign rule of the Poles, the Russians were invading and occupying the other half of Poland. If the French and British were fighting for the independence and freedom of Poland, why is it they immediately declared war on Germany, and launched an invasion of GERMANY, but did NOTHING at all about the Russian invasion of Poland?

The U.S, along with the world community, had accepted the German annexation of those parts of Czechoslovakia inhabited by Germans, and then later the Czech government agreed to the annexation of Prague itself. Under the German government, working conditions and living conditions improved so much that the British had to send one of their own assassins into Prague to assassinate key German officials, the Nazi's were so popular that there was not genuine local 'resistance'. All 'resistance' had to be manufactured and imported, from Britain.

The Jews around the world had imposed an economic boycott upon all German goods. Germany was dependent on exports to generate the revenue required to buy all the imported foodstuffs, and raw materials, it required for survival. The boycott proved so successful, such was the hegemonic power of 'Jews' around the
world, their political and financial control of supposedly 'sovereign' nations like the U.S, U.K, etc, that Germany was doomed to starvation within a few years.

So the 'rounding up' of 'Jews' in Germany was no different to what the U.S government did with ethnic 'Japanese' families in the U.S after they entered into hostilities with Japan. The 'Jews' had declared war on Germany. And they had wrought a terrible toll upon the German people. They were enemies of the State and the people.

At the same time, inspired by guarantees from England and France (under Jewish control), that it could do whatever it wanted to to the Ethnic german populations living under its control, and neither France nor England would intervene, and if Germany did try anything, France and Britain would together crush the impudent Germans, Polish authorities were engaged in mass murder, rape and robbery of Volksdeutscher (ethnic Germans) living in Poland. It reached such massive proportions that Hitler, as leader of the German people, could not ignore it. He had to send in the Wehrmacht.

The 'ethnic cleansing' of WWII did not begin with Germans deporting 'Jews' to work camps and concentration camps. It actually began with Polish government arresting and imprisoning, or deporting, Ethnic germans. They would be forced to leave Poland, leaving all their possessions behind for looting by the local Polish inhabitants, police, and other Polish officials.

There were three types of orders - the yellow form was merely deportation to central or eastern Poland; the pink form meant internment and the red form meant outright arrest. In reality, each form meant deportation to one degree or another and ultimate death for most.

Here are some sworn testimonies. Not like the 'Jewish' 'Holocaust' eyewitnesses who were either professional actors, or people 'claiming' to 'know' or have 'seen' things, that on closer interrogation, prove to be mere speculation without evidence, or physically / logistically impossible. But actual, real, down to earth eyewitness accounts.

EUGEN HOFMANN - On 2 September 1939 this Bromberg merchant was arrested on orders of the commander of the air raid district, Isador Berger, a
Polish Jew and was taken to the women's prison in Bromberg. On 4 September, he and all Germans held in this prison were given a certificate of release and were indeed released. However, this 'release certificate' also ordered any police officer to kill the bearer! All but Hofmann were murdered the same day. He escaped to tell his story by hiding with relatives.

ROBERT KUNDE - Monday, 4 September 1939, four Polish soldiers entered the home of Kunde at Wierbathstraße 23 in Bromberg and searched for weapons. Finding none, they wrote comments in the passports of Kunde and his son Wilhelm, that stated the bearer was "suspect" and on other pages, made the note that the bearer should be shot. These soldiers arrested the male members of the Kunde family and handed them over, along with other Germans, to Polish soldiers who took them into the nearby woods. Kunde and another German, a man named Grüning, managed to escape - all the others were shot dead. Kunde later learned that his father had also been murdered.

After the German invasion began, reprisals against Ethnic Germans escalated. Here is an eyewitness account. Note the lack of any of the embellishment or exaggeration typical of 'Jewish' accounts of German behavior. Remember the 'Jews' in Germany represented 'enemy combatants', the moment the 'Jews' had declared war on Germany, and imposed the economic boycott of German goods, an act of economic warfare that today would 'justify' the U.S. officially to respond with a military invasion, bombing etc, as per 'normal' U.S policy.

VERA GANNOT - The home where she and her parents lived was invaded by Polish authorities on Sunday, 3 September. Here is the translation of her sworn statement, taken on 14 September, 1939:"I am 19, Protestant, without occupation. When it became known in town that the German troops were coming in, the civilian population and Polish soldiers began to commit acts of violence. At about 2 o'clock on Sunday, Polish soldiers and civilians came toward our house at Thorner Straße 125, two and a half miles from town. The Polish civilians said; "Germans live here!" The soldiers immediately began to fire. We fled into a shed. I believe the Polish soldiers also threw hand grenades. My father was the first taken from the shed. The Poles asked him where he had the machine gun. My father did not understand the question as he did not know Polish. Thereupon I came out of the shed, for I knew Polish and wanted to help my father. I asked the Poles what we had done to them and interceded for my father. But the Poles shouted; "Down with you German swine!" My father was repeatedly struck on the face and body with rifle butts, then stabbed with a bayonet. Thereupon my
father fell to the ground and as he lay, he was shot six times before dying. The mob then left, after telling civilians they could loot the house else they (the soldiers) would burn it down. Now my mother also came out of her hiding place. She and I wanted to wash my father, who was completely covered with blood. Just as we started, there appeared another Polish mob armed with pickets and clubs. My mother and my aunt were beaten with the clubs. I was slapped again and again. Then they left. After a while there came another mob of Polish soldiers and civilians. As they approached, I ran into the River Brahe, which flows past the rear of our house. I was dragged out by the hair. Between ten and fifteen civilians dragged me into the house. They said they were going to show me that the Poles weren't so bad after all; they would allow me to change my wet clothes. No one left the room so I refused to change. The Poles thereupon tore my clothes off and laid me on the ground naked. About ten men held me down by the head, hands and feet while one of them raped me. He completed the act and I suffered injuries. I had considerable pain during the first days, but not any more. The other Poles did not attack me. During this time my mother was taken to a room on the upper floor and held at the point of a rifle. Polish soldiers robbed my mother of money, a bag, watches and rings from my father and myself. Our home was completely destroyed - the furniture hacked to pieces with axes. Our china and the linens were stolen. We did not have any arms in our house. We had previously surrendered them to the police because of a general order."

LORENZ BREITINGER was part of a group that was force-marched across Poland. His sworn testimony reads: "From Konin, our march could not be continued towards Kutno so we suddenly turned north. About seven kilometers beyond Konin, our guards left us, only one remaining being a weak minded policeman. We were now ill-treated with long clubs and stones by soldiers of the Polish reserves. Military policemen rescued us. We were allowed to stop for three days on a farm near Maliniec because our policeman first had to go and get orders as to what was to be done with us. Beyond Slesin we passed through many Polish positions and were placed on a farm which was completely overrun with Polish soldiers. Here a young Polish lieutenant threatened us with death, cursing us all the time. On the next morning we were called as early as 2 o'clock to continue our march. The carts with the cripples and children remained behind. I heard later that they were shot. They were the entire Schmolke family and another war invalid who had only one leg. A forced march under the thunder of cannon, took us to Babiak. We continued in the afternoon after having been subdivided into three groups and a number of soldiers having been added to our guard. On a forest path, we were forced to hand over our watches and other jewelry, our money and, many of us even our wedding rings, to the soldiers. When we were forced to continue on Monday morning, some of us were unable
to stand on our feet. Five who were ill and quite incapable of going on - a
women school teacher from Posen among them - remained behind. Three able
bodied men stayed behind to protect them. We learned later that the guards had
shot them and beaten them to death with stones in a bestial manner. After days
of aimless marching - the war front drawing nearer to us all the time - we were
freed by German troops on 17 September 1939. The German Army brought us
home via Breslau."

'The SZWABY Must Be Shot!' (Szwaby or Swabians was a derogatory Polish
term for Germans) Blood and Brains Spattered....

"My name is Johanna Giese, née Keusch. I am 51, Protestant, Volksdeutscher
and live in Bromberg at Konopnickiej 9.

On Sunday, 3 September 1939 between 11 and 12 o'clock, we were in the
cellar of our residence. Polish soldiers and civilians entered our yard and
demanded that we come out of the cellar. When we obeyed, a soldier asserted
that shots had been fired from our home. There were however, no weapons at all
in our house.

My son-in-law was the first to leave the cellar, and was greeted by a
civilian's shout of 'The Szwaby must be shot!' Without hesitation, the Poles fired
at my son-in-law. The first bullet pierces his jugular vein, while three others
lodged in his chest and neck. Nevertheless he was still alive when we were
forced to flee that night. We could not take him along, so we put him on a couch
in our dwelling.

When German troops entered Bromberg on Tuesday, a corporal
accompanied me to our farmstead to see how things looked. A horrible sight met
out eyes. The mob had taken my son-in-law from the couch and had dragged him
into the kitchen. His remains lay under the kitchen table. His head was split, his
skull cap was missing. Brains and blood were spattered on the kitchen wall.

My son, Reinhard Giese, 19 years old, had been in the cellar with us.
When he saw that my son-in-law was being shot, he dashed out and jumped over
the fence to our neighbor's plot. The Poles followed, caught my son and shot
him. In the evening, I managed to get the body into our laundry. Reinhard was
shot through the chest.

Another son of mine, Friederich Geise, 25 years old, was reported shot in
the mass murder of the family with which he had hidden in Hopfengarten."
"SLAY THE GERMANS!"  Eyes Gouged out with Bayonets

"My name is Paul Sikorski. I am 35, Catholic, a merchant. I call myself Volksdeutscher and reside in Bromberg, Mühlenstraße 4.

At about 6:00 am on Sunday, 3 September 1939, I went to the mill to put out the light and to stop the turbine. On my way, I suddenly heard loud shouting from the direction of the railroad. About a hundred meters away, a mob of railway men, civilians and soldiers with bayonets, rifle butts and clubs were attacking seven people of ages varying from about 20 to 60. The victims were surrounded. As I approached the scene, I heard members of the mob call in Polish, 'Slay the Germans!' I could see blood spurting. It was then that I turned and fled for the mob was about to assail me. I returned to the scene at nine o'clock and looked at the bodies. The eyes of two corpses had been gouged out by bayonets. The sockets were a mass of blood. The skulls of three had been cracked open, and their spattered brains lay a meter away. The other bodies were similarly slashed to pieces. One belly was split wide open. I recognized two of the murdered men; the butcher Leichnitz or Jägershof, and Mr. Schlicht.

About three in the or four o'clock in the afternoon, a band of soldiers and railway men brought eighteen Germans to my mill. (the Peterson mill). I could see from the garden that the Germans were tied in pairs. All eighteen were shot, two at a time, then beaten as they lay on the ground. Among them was a fourteen-year-old boy and a woman. The murderers were obviously in a great hurry, for they all disappeared immediately after the slaughter. I later had a thorough look at the bodies, which lay there for three days.

At noon on Monday, when it was already rumored that the Polish troops had left, I saw two Polish soldiers march an elderly couple to the wall at the mill. I ran up to the soldiers, knelt before them and begged them in Polish to spare the people, who were both about 65. I was struck with a rifle butt and told, 'Let the damned Niemcys (Germans) die like dogs!' Even before I could rise to my feet, the soldiers had shot down the two old people. The bodies rolled into a ditch as the soldiers trotted away."

WILDEMANN MURDER  "They Should be Beaten to Death!"

Testimony of Frau Wildemann:

"On the morning of September 3rd, several raiding parties searched Frau Wildemann's house in Bromberg at Schwedenbergerstraße (Ugory) 56, but found no weapons."
At about 3 p.m., a new mob, consisting of approximately thirty men all armed with clubs and similar weapons appeared. Claiming that shots had been fired from the house and that it must therefore be searched for arms, the mob entered. Several objects belonging to Wildemann family were stolen. There were not arms in the house, and no shots had been fired from it. When he saw the approaching mob, Herr Wildemann hid in the cellar. Questioned as to her husband's whereabouts, Frau Wildemann said that he had gone to visit acquaintances in Kufawierstraße. She was taken to the address. When her husband could not be found there, Frau Wildemann was threatened. Finally, after having been assured that nothing would happen to Herr Wildemann, she revealed his hiding place. The mob returned to the couple's home, seized both the husband and wife, beating them on the way, dragged them into the garden. They were stood up as if they were going t be shot. When they embraced each other and began to pray, they were ridiculed. Shouts were heard again & again, 'They should be beaten to death!'. One of those who shouted was a barber names Alfons Lewandowski. When Frau Wildemann asked him, 'Why should you kill me? What have I done to you?' he slapped her in the face saying, 'German pig! Damned Hitlerite!' Herr Wildemann was then taken away by the soldiers who, on the whole, were less hostile than the rabble. Several days later Wildemann's body was found nearby under a thin layer of sand. So horribly mutilated was he that only by his clothing and the contents of his pocket could he be identified."

GOLLNICK & KÖPERNICK MURDERS "All Germans Must be Butchered!"
Testimony of witnesses Olga and Franz Tafelski of Bromberg

"The throng milling about Breite Straße arrounsed the soldiers against a German named Gollnick. The soldiers beat Gollnick down with their rifle butts and left him lying in the street badly injured.

Toward evening, Franz Tafelski noticed that the victim's left leg and left hand were still twitching. Gollnick had fallen on his face but the mob had turned him over and tore open the front of his trousers, exposing the whole lower part of his torso. A civilian and two soldiers appeared and ran a bayonet into Gollnick's belly. Following this, a final shot was fired into the body.

Throughout the afternoon, a mob had milled up and down Breite Straße right by the dying man. They shouted that the Germans had shot from their homes. Sofie Bednarczyk, an unemployed woman, was in the mob. She flirted with the soldiers and, according to Olga Tafelski, behaved 'like a mad woman'. Franz Tafelski saw her, arms forled, leading the mob. Her manner revealed a
morbid lust for power. Olga Tafelski heard her shout 'Give me the rifle; all Germans must be butchered! The damned Hitlerites!'

Franz Tafelski heard her shout, 'All Germans must be slain!'. All the time she was laughing and flirting with the soldiers. She stopped at the corner of No. 5 Breite Straße, where Gollnick lay with his trousers torn open. Witness Bartkowski heard her shout, 'This Hitlerite ought to have his testicles cut off!' About half an hour later, Köpernick, a Volksdeutscher, was dragged past the same house and murdered."

GOLLNICK MURDER "The Swine is Still Alive!"
Testimony of Christa Gollnick of Kujawierstraße 101 in Bromberg

"We operated a flour and feed store. As the first Polish troops were leaving, I noticed a Polish neighbor talking to a Polish major and pointing at our house. Thereupon Polish soldiers broke open the door and rushed into our store. Thinking that a skirmish was in progress and that the soldiers wanted to entrench themselves in our house, we ran toward the shelter which we had been ordered to build. We did not reach the shelter because the Polish soldiers fired at us. My husband was shot in the shoulder and hit in the face with a rifle butt. He reeled but still tried to escape. He started to climb the fence, but was held back by a civilian. A Polish soldier gave him another rifle butt blow which knocked him out.

A Polish lieutenant led me and the children back into the house. From an attic window, I could see my prostrate husband. He lingered on for a long time. I saw him draw his legs up and stretch them. Once in a while he would lift his hand. However, it was impossible for us to go to him, for he was surrounded by Polish soldiers and civilians. A Polish policeman stood guard at the fence. Polish women shouted, 'The swine is still alive!' Towards evening, my husband was shot three more times by Polish soldiers. He had also been stabbed through the stomach with a bayonet. Time and again he tried to open his trousers, finally succeeding. The woman next door told me that he was still breathing the next day. My husband was tall and strong and only 38 years. Probably that is why he had such a hard time dying. He lay about eighteen hours before he was released from his agony."
BETTIN MURDER  "We'll Butcher You! Here's Some Young Hitler Blood for You!"

Testimony from Frau Bettin of Bromberg:

"About noon on 3 September 1939, the so-called 'Bromberg Bloody Sunday' a horde of Polish bandits overran the Bettin property at Frankenstraße 76. The Bettins, hearing their windows being smashed in, decided to investigate. They were seized and forced to raise their arms and kneel. A Swastika, which Fraulein Bettin was wearing on her dress, fell to the ground. Seeing the emblem led the mob to insult the girl outrageously. Some of the Poles bore revolvers and pitchforks; one had an axe. They shouted such things as:

'Hitler Blood!'

'Hitler Pigs!'

'We'll Butcher You!'

Fraulein Bettin was taken away by two Poles, one of whom was a railroad employee named Bruski. The captive was treated roughly and practically hurled from the farmstead. She was dragged on by the arm and threatened with a club. At the corner of Bölitzer Straße, she was turned over to two other Poles, a postal employee disguised as a policeman and a railway man. Bruski told them, 'Here's some young Hitler blood for you!' Between 4 and 5 p.m., she was freed by a young Polish officer. When she got home she found that only her mother and sister-in-law were still there. Her father and brother had been dragged away by the Polish mob. Her brother's body was found some time later. Her father is still missing and probably also murdered."

THIEDE and MITTELSTÄDT MURDERS  "Hold Him so that I can Kill Him!"

Testimony of Gerda Thiede and Otto Papke, both of Schulitz:

"Waclaw Pasterski, a chauffeur, owned property opposite the Thieses in Schulitz. The Thiedes, a mother and two children Gerda and Werner, were Germans and had lived here for many years. Waclaw Pasterski was a Pole and came to Schulitz about seven years ago.
On Sunday, 3 September 1939, Polish soldiers drove stray cattle belonging to Poles who had fled, into the Thiede's best fields. Accompanied by Emil Mittlestädt, who owned property nearby, the Thiedes went out to see how much damage had been done. While they were there, a troop of Polish soldiers came from the direction of the woods and called, 'Germans or Poles?' Werner Thiede answered, 'German.' Mittlestädt replied 'Pole.' Werner Thiede was searched and found unarmed. The Thiedes were then compelled to walk with raised hands towards the woods. The soldiers followed them, allowing Mittlestädt to remain in the meadow.

Meanwhile, Waclaw Pasterski, armed with an axe and a knife, came out of the woods. Seeing Werner Thiede, he shouted to the soldiers, 'Hold the little fellow so that I can kill him!' At this threat, Werner turned and ran in another direction. The soldiers pursued him, firing as they went. Gerda Thiede now looked back, although the soldiers had forbidden it, and saw Mittlestädt, his side slashed open, lying in the meadow. Since the soldiers had left the meadow in order to follow Werner, and Mittlestädt and Pasterski were left alone, Gerda attributed the wound to an axe blow by Pasterski. No one else could have struck the blow. Gerda furthermore had heard Pasterski insist that Mittlestädt was German. Otto Papke who saw Mittlestädt lying in the meadow was certain that the wound was caused by the blow of an axe. Mittlestädt was in agony until he died some time during the night. Werner Thiede's body was later found and buried by Kriewald, another neighbor. Gerda Thiede had stated that according to information from Kriewald, her brother had been shot in the back and had his head slashed.

Werner Thiede was 20, Mittlestädt in his early thirties. The latter was a widower and is survived by a young child."

FINGER MURDER  "For God's Sake.....Now We'll Die"

Testimony of Käthe Finger

"My name is Käthe Finger, nee Böhkle. I am 48, the widow of a bank attorney. I reside in Bromberg. I am in no way related to the accused.

On 'Bloody Sunday', several Volksdeutscher and a Polish woman whom we had summoned for our protection, were gathered in my home. About 11 a.m. a mob came down our street. The brothers Weyna, who live in the Raddatz house opposite us, and the accused Owczaczak were in the crowd. One of the Weyna brothers was armed.
I heard my husband in the next room telling our girl, Göde, that Owczaczak was pointing at our residence. My husband then came to me and said, 'For God's sake, the mob is coming in. Now we'll die!' He added that we should perish together. At that moment the mob broke into our apartment. There was a soldier among them who demanded that my husband and I lie down on the carpet. We obeyed. The soldier fired and my husband was killed instantly. I expected a second shot and since it failed to come, I raised myself a little. My hands were red with my husband's blood. I cried, 'My God!' and I was yanked to my feet by the soldier. Then I was pushed through the door and led away with the others who had sought refuge in our house. On the way we were insulted, beaten and kicked by the members of the mob. As we passed the canal gates, a Polish civilian shouted, 'Psia krew Hitlerowa!' (Damned Hitlerite women!) and pulled me toward the canal. I managed to tear myself loose. I was then brought to the police station where I was kicked so viciously that the force hurled me against a wooden fence. We were then all forced to lie down in the courtyard of the police station, amid shouts of, 'Lie here like cattle, you German bloodhounds!'. Now victims, beaten, bleeding and groaning in pain - more were arriving continuously. My 12-year-old son was lying beside me. We were under constant fire from the neighboring houses and from the direction of the canal gates. Many Germans were struck. These were taken away. How many were dead, I do not know. My son and I lay there about seven hours before a Polish policeman effected our release.

A machine gun had been trained on us in the police courtyard, while we received orders to shout, 'Hoch Rydz-Smigly!'. We were then asked whether we enjoyed living in Poland and when one woman replied negatively, the machine gun was aimed at her.

There was great confusion in the courtyard. I cannot enumerate the hardships inflicted on us.

I swear that this testimony is true, and reaffirm the oath I have already taken in connection with this matter before the Bromberg Special Tribunal on 11 September 1939."

MHR Carroll Quigley racist, anti-german propagandist, and Arab propagandist, and pro-Zionist, pretending, like all 'controlled opposition' to be 'leaking' information...provides a few useful bits of information I hadn't found elsewhere, but it is all 'wrapped' in a the context of demonisation of Germany/Hitler including 'The Holocaust' while failing to mention Allied war crimes like
Dresden, and demonisation of Arabs (and Latinos)...'justifies' British / Jewish crimes in Palestine by simply accepting 'The Holocaust' as proving it 'necessary'.... 'In 1915-1916 the British high commissioner in Egypt, Sir Henry McMahon, entered into correspondence with the Sherif Hussein of Mecca. While no binding agreement was signed, the gist of their discussions was that Britain would recognize the independence of the Arabs if they revolted against Turkey. The area covered by the agreement included those parts of the Ottoman Empire south of the 37th degree of latitude except Adana, Alexandretta, and "those portions of Syria lying to the west of the districts of Damascus, Homs, Hama, and Aleppo, [which] cannot be said to be purely Arab." In addition, Aden was excepted, while Baghdad and Basra were to have a "special administration." The rights of France in the whole area were reserved, the existing British agreements with various local sultans along the shores of the Persian Gulf were to be maintained, and Hussein was to use British advisers exclusively after the war. Extended controversy has risen from this division of areas, the chief point at issue being whether the statement as worded included Palestine in the area which was granted to the Arabs or in the area which was reserved. The interpretation of these terms to exclude Palestine from Arab hands was subsequently made by McMahon on several occasions after 1922 and most explicitly in 1937.

The next document concerned with the disposition of the Ottoman Empire was the famous "Balfour Declaration" of November 1917. Probably no document of the wartime period, except Wilson's Fourteen Points, has given rise to more disputes than this brief statement of less than eleven lines. Much of the controversy arises from the belief that it promised something to somebody and that this promise was in conflict with other promises, notably with the "McMahon Pledge" to Sherif Hussein. The Balfour Declaration took the form of a letter from British Foreign Secretary Arthur James Balfour to Lord Rothschild, one of the leading figures in the British Zionist movement. This movement, which was much stronger in Austria and Germany than in Britain, had aspirations for creating in Palestine, or perhaps elsewhere, some territory to which refugees from anti-Semitic persecution or other Jews could go to find "a national home." Balfour's letter said, "His Majesty's Government view with favor the establishment in Palestine of a national home for the Jewish people and will use their best endeavours to facilitate the achievement of this object, it being clearly understood that nothing shall be done which may prejudice the civil and religious rights of existing non-Jewish communities in Palestine, or the rights and political status enjoyed by Jews in any other country." It is to be noted that this was neither an agreement nor a promise but merely a unilateral declaration, that it did not promise a Jewish state in Palestine or even Palestine as a home for the Jews, but merely proposed such a home in Palestine, and that it
reserved certain rights for the existing groups in the area. Hussein was so distressed when he heard of it that he asked for an explanation, and was assured by D. G. Hogarth, on behalf of the British government, that "Jewish settlement in Palestine would only be allowed in so far as would be consistent with the political and economic freedom of the Arab population." This reassurance apparently was acceptable to Hussein, but doubts continued among other Arab leaders. In answer to a request from seven such leaders, on June 16, 1918, Britain gave a public answer which divided the Arab territories into three parts: (a) the Arabian peninsula from Aden to Akabah (at the head of the Red Sea), where the "complete and sovereign independence of the Arabs" was recognized; (b) the area under British military occupation, covering southern Palestine and southern Mesopotamia, where Britain accepted the principle that government should be based "on the consent of the governed"; and (c) the area still under Turkish control, including Syria and northern Mesopotamia, where Britain assumed the obligation to strive for "freedom and independence." Somewhat similar in tone was a joint Anglo-French Declaration of November 7, 1918, just four days before hostilities ended in the war. It promised "the complete and final liberation of the peoples who have for so long been oppressed by the Turk and the setting up of national governments and administrations that shall derive their authority from the free exercise of the initiative and choice of the indigenous populations."

There have been extended discussions of the compatibility of the various agreements and statements made by the Great Powers regarding the disposition of the Ottoman Empire after the war. This is a difficult problem in view of the inaccuracy and ambiguity of the wording of most of these documents. On the other hand, certain facts are quite evident. There is a sharp contrast between the imperialist avarice to be found in the secret agreements like Sykes-Picot and the altruistic tone of the publicly issued statements; there is also a sharp contrast between the tenor of the British negotiations with the Jews and those with the Arabs regarding the disposition of Palestine, with the result that Jews and Arabs were each justified in believing that Britain would promote their conflicting political ambitions in that area: these beliefs, whether based on misunderstanding or deliberate deception, subsequently served to reduce the stature of Britain in the eyes of both groups, although both had previously held a higher opinion of British fairness and generosity than of any other Power; lastly, the raising of false Arab hopes and the failure to reach any clear and honest understanding regarding Syria led to a long period of conflict between the Syrians and the French government, which held the area as a mandate of the League of Nations after 1923.

As a result of his understanding of the negotiations with McMahon, Hussein began an Arab revolt against Turkey on June 5, 1916. From that point on, he received a subsidy of £225,000 a month from Britain. The famous T. E.
Lawrence, known as "Lawrence of Arabia," who had been an archaeologist in the Near East in 1914, had nothing to do with the negotiations with Hussein, and did not join the revolt until October 1916. When Hussein did not obtain the concessions he expected at the Paris Peace Conference of 1919, Lawrence sickened of the whole affair and eventually changed his name to Shaw and tried to vanish from public view.

The Arab territories remained under military occupation until the legal establishment of peace with Turkey in 1923. Arabia itself was under a number of sheiks, of which the chief were Hussein in Hejaz and Ibn-Saud in Nejd. Palestine and Mesopotamia (now called Iraq) were under British military occupation. The coast of Syria was under French military occupation, while the interior of Syria (including the Aleppo-Damascus railway line) and Transjordan were under an Arab force led by Emir Feisal, third son of Hussein of Mecca. Although an American commission of inquiry, known as the King-Crane Commission (1919), and a "General Syrian Congress" of Arabs from the whole Fertile Crescent recommended that France be excluded from the area, that Syria-Palestine be joined to form a single state with Feisal as king, that the Zionists be excluded from Palestine in any political role, as well as other points, a meeting of the Great Powers at San Remo in April 1920 set up two French and two British mandates. Syria and Lebanon went to France, while Iraq and Palestine (including Transjordan) went to Britain. There were Arab uprisings and great local unrest following these decisions. The resistance in Syria was crushed by the French, who then advanced to occupy the interior of Syria and sent Feisal into exile. The British, who by this time were engaged in a rivalry (over petroleum resources and other issues) with the French, set Feisal up as king in Iraq under British protection (1921) and placed his brother Abdullah in a similar position as King of Transjordan (1923). The father of the two new kings, Hussein, was attacked by Ibn-Saud of Nejd and forced to abdicate in 1924. His kingdom of Hejaz was annexed by Ibn-Saud in 1924.

After 1932 this whole area was known as Saudi Arabia.

MHR...following passage proves the need for 'The Holocaust' lie as a justification for the British breaking it's promises to the Arabs, and in getting the world to finally 'accept' the 'fait accompli' after the Jewish 'invasion' and 'settlement' of Arab lands... 'The precarious balance the British had tried to keep in Palestine between their promises to the Zionists and their efforts to placate the Arabs were destroyed by Hitler's determination to annihilate the Jews of Europe and the conditions of World War II which made it seem that he would be successful. The Jews, their supporters, and allies tried to smuggle in any Jews
who could be saved from Europe. Since there was nowhere else they could go, many were smuggled into Palestine.'

The Arabs had always been warlike; by adopting Islam in the seventh century, they acquired a religion which intensified this tendency. This was clearly shown in the Saracen conquests of the Near East, North Africa, and southwestern Europe within a century of Muhammad's death. Certain restraints, however, were placed upon this militarism by other factors, such as the religious elements in Islam and the powerful influence of family and tribal loyalties. By the twentieth century the steady dwindling of these alternative influences and finally the total disintegration of Islamic society left militarism in a much more dominant position.

This situation is evident wherever Arabic influence spread, including North Africa, Spain, and Latin America, so that today the army is the chief political force all the way from the Persian Gulf to Peru. We have already seen the chief example of this in Spain.

The situation is roughly the same throughout the Arabic Near East. This dominance by the armed forces would not be so objectionable were it not that their leaders are (1) ignorant, (2) selfish, (3) outstanding obstacles to any progressive reorganization of the community, especially by their diversion of the limited wealth available for social or economic investment, and (4) are so lacking in military morale or competence that they provide almost no protection for the areas which they are presumably supposed to defend. Certainly any area needs some organized force of arms-bearing persons to maintain public order and to protect the area from external interference, but the incompetence of the existing armed forces from Kuwait to Bolivia is so great that a superior degree of public order and defense could have been achieved with a greater degree of stability from a simple gendarmerie equipped with motorcars and hand guns than from the expensive arrays of complicated and misused equipment which have been provided for, or forced upon, the armies of this great area from the United States, the West European Powers, or, (since 1955) the Communist bloc.

Although parliamentary regimes, in imitation of Britain and France, had been established throughout the Near East, as in much of the world, they never functioned as democratic or even constitutional systems because of the lack of organized political parties and of any traditions of civil and personal rights. Political parties remained largely personal followings or blocs, and political power, based on the arbitrary autocracy of Semitic patriarchal family life, was also personal, and never took on the impersonal characteristics associated with Western rule of law and constitutional practices. The weakness of any conception of rules, and of the material benefits which help rules to survive, made it
impossible for the Near East to grasp the conventions associated with cooperation in opposition found in the Western two-party system, parliamentary practices, and sports.

The whole range of human and universal relations of the Arabs was monistic, personal, and extralegal, in contrast to that of the West, which was pluralistic, impersonal, and subject to rules. As a result, constitutional and two-party politics were incomprehensible to the Near East, and the parliamentary system, where it existed, was only a facade for an autocratic system of personal intrigues. It is no accident that two-party politics functioned in the Near East only briefly and in two non-Arabic, if Muslim, countries: Turkey and the Sudan. It is also no accident that in most of the Near East, the chief method for changing a government was by assassination and that such actions usually took place in the most cowardly fashion (to Western eyes) such as shooting in the back.

The growth of militarism in the Near East modified these political practices to some extent but without changing them in any fundamental way. The parliament was ignored or abolished, political groups and blocs were eliminated or outlawed, often being replaced by a single amorphous and meaningless party whose sole purpose was propaganda; and military administration generally replaced civil parliamentary government. Most obviously, perhaps, changes of regime now take place by military coups instead of by rigged elections or by assassinations. Even the Sudan and Turkey had their two-party parliamentary regimes overturned by military coups d’état in 1958 and in 1960. Elsewhere factions within the officers’ corps have replaced parliamentary political parties as the significant units of political conflict. Thus Iraq had military coups in 1936, 1941, 1958, and 1963. Similar events were frequent in Syria, notably in 1949, 1951, 1961, and 1962.

That the poverty, chaos, and disunity of the Arab world was a consequence of organizational and morale factors rather than of such objective obstacles as limited natural resources is clear from the case of Israel. There, in less than eight thousand square miles with no significant resources and hampered by endless external obstacles, the Zionist movement has constructed the strongest, most stable, most progressive, most democratic, and most hopeful state in the Near East. This was possible because of the morale of the Israeli, which was based on outlooks antithetical to the attitudes of the Arabs. The Israeli were full of self-sacrifice, self-discipline, social solidarity, readiness to work, cooperation, and hopes for the future. Their ideology was largely Western, with a devotion to science, democracy, individual respect, technology, and the future which could match or exceed the best periods of the Western past. All these things made them anathema to the Arabs, whose hysterical hatred was not really aimed at the loss
of Palestine as a land but at the presence of the Israeli, whose qualities were a refutation of generations of Arab self-deceptions and pretenses.

The precarious balance the British had tried to keep in Palestine between their promises to the Zionists and their efforts to placate the Arabs were destroyed by Hitler's determination to annihilate the Jews of Europe and the conditions of World War II which made it seem that he would be successful. The Jews, their supporters, and allies tried to smuggle in any Jews who could be saved from Europe. Since there was nowhere else they could go, many were smuggled into Palestine. British efforts to prevent this, in fulfillment of their obligations to the Arabs under the League of Nations Mandate, led to a kind of guerrilla warfare between Jews and British, with the Arabs attacking the former intermittently. This problem reached acute form when the conquest of Germany opened the doors for surviving Jews to escape from the horrors of Nazism. In August 1945, President Truman asked British permission to admit 100,000 European Jews into Palestine, but his repeated requests were refused. Ignoring such permission, large-scale efforts were made to smuggle Jewish refugees into Palestine, where they could be cared for by Jewish groups. Many of these were transported under frightful conditions in overcrowded, leaky ships, which were often intercepted by the British, who took their passengers to concentration camps in Cyprus. From such actions came reprisals and counter-reprisals.

The Zionist settlement in Palestine was largely agricultural, the immigrants being settled in close-knit village communities on lands, often semiarid lands, purchased by funds raised by the World Zionist conference or its friends and administered under the Jewish Agency for Palestine. These organizations gave the Zionist groups, over several decades, the political and administrative experience and the patterns of self-sacrifice for a common cause which provided the functioning political structure for the state of Israel as the British mandate for Palestine was ended in 1948. The Zionist communal villages, under constant danger of attack by Arab raiders, developed a mentality somewhat like that of early American frontier settlements amid hostile Indians. Each village developed a force of trained defense fighters, its Haganah, with arms hidden in the village, or in a regional center, for the day in which they must fight for their continued existence. This Haganah organization subsequently became the Army of Israel.

British raids on Zionist centers to arrest illegal immigrants or to seize hidden arms, and Arab attacks upon incautious Zionist settlements, soon led to reprisals and counterreprisals and to the creation of violent and bitter splinter groups within the Zionist effort. The Jewish Agency did not have absolute control over the Haganah and had decreasingly less over a number of minute reprisal groups of which the chief were the extremist Irgun Zvai Le'umi, with several thousand
members, or the terrorist "Stern Gang" of less than two hundred. The latter group had murdered the British high commissioner, Lord Moyne, in November 1944, and later assassinated the United Nations mediator, Count Folke Bernadotte of Sweden, in September 1948.

During the years 1945-1948, the Jewish Agency sought to establish a Jewish state in Palestine, to remove the rigid British restrictions on Jewish immigration and Jewish land purchases, and to obtain an international loan to finance its Jewish settlement policies. These were resisted, not only because of Britain's desires to remain on amicable relations with the Arab states, but also from the obvious lack of sympathy for the Zionist cause within the British government, especially after Churchill's National government was replaced by a Labour Party regime in 1945. The immediate demand for admission of 100,000 Jewish refugees from Europe was rejected by the British, and efforts to smuggle some of these in gave rise to conditions of quasi-warfare between Britain and the Zionist groups. A League of the neighboring Arab states which had been formed under British sponsorship in March 1945 took as its chief aim the destruction of the Zionist plans, and sought to block Jewish immigration or use up Haganah arms by sneak raids on Zionist frontier settlements.

When the Labour government in June 1946 refused the Zionist request for admission of the 100,000 refugees, and, instead, sought to arrest the members of the Jewish Agency, the Irgun Zvai Le'umi in reprisal exploded 500 pounds of TNT under the British headquarters in the east wing of the luxurious King David Hotel in Jerusalem, killing almost a hundred persons. The World Zionist Congress elections of December showed decreasing support for more moderate figures like Dr. Chaim Weizmann and David BenGurion. The former won reelection as president of the World Zionist Movement by a bare majority, and refused to offer his name for reelection as president of the Jewish Agency. This increase in the extremist influence within the Zionist movement made it clear to Britain that peace in Palestine could be maintained only at a great cost which the Labour government was unable and unwilling to pay. Support for the mandate from the United States was unobtainable, since Washington generally tended to favor the Jewish side, while the British, in spite of their valiant efforts to appear impartial, clearly favored the Arabs. Death sentences on Jewish terrorists, first carried out by the British in 1947, merely intensified the violence, with the British armed forces suffering about three casualties a week, one-third fatal.

In April 1947, the British sought to escape from the situation by appealing to the United Nations, which voted in November to partition Palestine into two intertwining Jewish and Arab zones, with an international zone in Jerusalem. The Arab League rejected partition, and its members swore to resist it by force, by a
"relentless war," according to a Cairo newspaper. This war opened with Arab riots in Palestine against the UN vote at the very time that the Jews were welcoming it. Arab irregulars began to enter Palestine from Syria and Egypt as the British began to withdraw from their long effort to administer the country.

This British withdrawal from Palestine was but one aspect of the general withdrawal of Britain from its prewar world and imperial position. It was a consequence of the general political weakening of Great Britain, its acute economic and financial position in the postwar period and, above all, by the growing preference of the ordinary British voter for social welfare and higher living standards at home over the remote and impersonal glories of imperial prestige abroad.

On September 26, 1947, the British announced they would withdraw from Palestine and that failure to obtain a United Nations administration or any accepted Arab-Zionist partition would not delay this process. However, the British were determined not to hand over the administration to the only organization available which was capable of handling the job, the Jewish Agency, and as a result simply abandoned or closed down many public services and destroyed or left many essential administrative records. This created a chaotic situation in which the Arab League was unable to rule, the United Nations and Britain were unwilling to rule, and the Jewish Agency was prevented from taking over by the retiring British forces.

At the beginning of April 1948, small forces from Syria, Iraq, and Egypt entered Palestine to support the local Arabs' efforts to prevent the Jewish Agency taking control of the country. They were followed by the Arab Legion of Transjordan, under British officers, which came in as soon as the British mandate ended on May 14, 1948. Although the Zionists were outnumbered and had inferior equipment, their courage, tenacity, and persistence, combined with the mutual rivalries and divisions among the five Arab groups, allowed the Israeli to establish and consolidate a Zionist government in several areas of Palestine. During the interval, financial support from American sympathizers allowed the Zionists to rectify the arms disequilibrium, chiefly by purchases from Czechoslovakia, which had just joined the Iron Curtain bloc in March.

As early as January, many Arab families had begun to flee from Palestine, and by June this became a flood. Many left voluntarily, encouraged by the unrealistic promises of the Arab League to return them as conquerors after the total defeat of Zionism, but a substantial number were uprooted and expelled by Zionist retaliatory actions. Eventually, in spite of the Jewish Agency's promise that Arabs would be welcome to continue to live in Israel if they did not act to subvert the new state, the number of refugees reached an estimated 652,000 persons. Most of these were settled in camps along
the frontiers in Jordan and in Egypt and were maintained by international charity administered under the United Nations.

Efforts to resettle these unfortunates within the Arab States of the Near East were blocked by these states, which refused to cooperate in any such recognition of the changed situation in Palestine and which welcomed refugee discontent as an instrument for stirring up hatred of Israel and the West among their own citizens. Large numbers of the refugees eventually left these camps and integrated themselves by their own efforts into the life of the Arab States of the Near East, but birthrates in the camps were so high that the total number in the camps decreased very slowly. In Jordan the refugees who became assimilated were so numerous and so bitter that they came to dominate that precarious state, were a constant threat to the stability of its government, forced it to destroy its friendly relations with Britain, which had founded it, and remained as an explosive threat against Israel.

The new state of Israel was proclaimed by Ben-Gurion on May 14, 1948, and was recognized by President Truman sixteen minutes later, in a race to beat the Soviet Union (whose recognition came on May 17th). Efforts by both to use the United Nations machinery to stop the Israeli-Arab war in Palestine were frustrated by conflicting opinions and especially by British efforts to restrict Israeli acquisition of arms and immigration without placing comparable restrictions on the surrounding Arab States.

A truce imposed by the UN on June 11th was violated by both sides and broke down with a resumption of fighting in July, but by that time the Arab states were squabbling bitterly among themselves, and were increasingly involved in embarrassment because their propaganda falsehoods to their own peoples about their glorious victories over Zionism could not be sustained in the face of the precipitous retreats of their forces under Israeli attacks. Some of the Arab states tried to excuse their defeats as resulting from Transjordanian "treason." Ten days of renewed fighting from July 8-18, 1948, mostly favorable to Israel, were ended by a three-day UN ultimatum threatening sanctions against any state which continued fighting. This curtailment of Israeli successes by United Nations actions and the UN mediator's suggestion that Jerusalem be given to the Arabs led directly to his assassination by Israeli extremists in September.

On September 20th the Grand Mufti of Jerusalem, chief Muslim religious leader of the Levant and a wartime collaborator with the Nazis, proclaimed an "Arab Government of All Palestine," which was at once recognized by all the Arab states except Jordan and was set up at Gaza on Palestine territory occupied by Egypt. Israel in return launched successful and successive week-long attacks on Egypt and Lebanon which were stopped by UN truces on October 31, 1948.
Belated recognition of the truth about Egypt's weakness, if not its corruption, led to street riots in Cairo and assassination of the Egyptian prime minister.

British efforts to invoke its 1936 alliance with Egypt to justify British military action against Israel were blocked by Egypt's refusal to allow such a public display of Egypt's helplessness. Five British planes which "attacked" Israel were promptly shot down (January 7, 1949). This led to Britain's de facto recognition of Israel on January 28th and the gradual release of Jewish immigrants imprisoned on Cyprus. A series of armistice agreements were negotiated in the spring of 1949. These left various forces in approximately the positions they held, but were accompanied by explicit refusals by the Arab states to make peace with Israel, to recognize its existence, or to allow any steps to be taken to remedy the plight of Arab refugees outside Palestine. To this day these problems remain, with the Arab states still at war with Israel and publicly sworn to exterminate it.

FRACTIONAL RESERVE BANKING TO CREATE INFLATION AND BOOMS, FOLLOWED BY REVERSE FRACTIONAL RESERVE BANKING TO CREATE DEFLATION AND DEPRESSIONS, AS THE MEANS BY WHICH BANKERS TURN NON EXISTENT MONEY INTO REAL ASSETS, AND GAIN TOTAL OWNERSHIP OF A NATION
The Federal Reserve buys bonds the government has sold on the open market, (usually to the Federal Reserve owners own banking cartel members), and 'creates' electronic credits which are credited to the sellers bank accounts. Remember that most transactions are never actually carried out in actual cash, but merely credits and debits between banks. Basically a banking cartel adds a credit to one of its branches or members, and a corresponding debit from another of its branches or cartel members. This is how they 'create' money. The money you have in your 'bank' is merely numbers in the banking system. Most of the 'money' in the world is NOT actual paper, but mere entries in a banks 'books'. By buying these bonds, the Fed creates money. The 'multiplier effect' then massively multiplies these created 'credits' within the banking system, to produce inflation and economic 'bubbles'.

To create a bust, a downturn, a recession, a market collapse, in any market sector, such as the housing market or stock market, The Fed simply sells the bonds it has previously bought on the open market. The buyers credit their 'money' to the Fed, thus reducing the amount of money in circulation. This is deflationary. There is less money in the real economy. And so prices fall. And so you get 'crashes'.

This is what so many famous people have warned us about. This is why Rothschild stated that he cared not who made the laws of any nation, as long as he could control the money supply, via a Privately owned central bank. Such as 'The Federal Reserve' or 'The Bank of England.

There are a very small number of banking families, who have intermarried over the last few hundred years, who own and control the worlds financial system. These families have adopted Germanic, French, and British names, and literally 'bought' titles, so few people would ever guess at their 'heritage'. That they belong to that 'tribe' of 'money lenders' Jesus attacked, and which many states and nations, since the time of Jesus, have 'ejected' from their states and nations, for the same reason. Their usurous greed.

Fractional reserve banking gives banks massive power to deflate an economy i.e produce a recession, and buy up real assets with paper money ... first the central banks promise 90% of the capital for the central bank...but in fact the only real 'reserves' / money is the 10% the government actually pays...the central bank then lends this money to the other shareholders, who thus gain a 90% ownership for
almost nothing...then the banks start printing money which they buy the 'bonds' the government issues, either directly or through other private banks... this money is then lent by the banks many times over...as each 'loan' paid out to one client, comes back to another bank in the banking system as a deposit, to be itself 'loaned' out...this process continues...so that via fractional reserve banking, the banks 'create', on their books, much more than simply the 10 times as many loans as they actually ever had 'reserves' of actual 'cash', that is allowed under most banking laws in most nations. It is not just that each bank is only required to keep 10% of its 'cash reserves' on hand, in case a customer actually wants to withdraw cash, it is that most 'loans' made by one branch of a banking cartel, end up as 'deposits' in another branch of the same banking cartel. Each branch is allowed to 'loan out' 90% of that 'credited' money. So there is a massive 'multiplier' effect. Which can be used to 'inflate' and 'deflate' the money supply. First they make as many loans as possible, creating as many 'credits' in the banking system (most of which are never actually 'redeemed' or 'converted' into actual cash, but merely end up as entries and debits in the banking cartels books. Prices for real assets reflects the increased and then decreased supply of money. The bankers sell real assets like shares in companies at the top of this banker created 'economic cycle', what today we call the 'peak of the bubble'... bankers can create bubbles in different markets, such as housing, simply by lending more money to home buyers, whether private homes or investment homes...then wait until the 'bubble' is about to burst, before selling their own real estate investments at the top of the bubble. Then all the bankers have to do is start to refuse new loans. And to increase interest rates on existing loans, until the borrowers cannot pay such high rates, and default on the loans, which then become the property of the banks... in general, by 'calling in' loans, and refusing new loans, the banks use 'fractional reserve banking' in reverse...because 90% of the money supply was never real, and only 'on the books', in the form of 'loans', by refusing new loans, and calling in existing loans, or raising interest rates so people were forced to default on the loans, the 'on the books' money supply could be quickly reduced. A smaller money supply mean prices had to fall, producing deflation, and a recession. The bankers could time the 'crash', and buy up assets for a fraction of their real value, at the 'bottom' of the banker created 'economic cycle'. Because the bankers could make 'loans' to each other at low rates, simply 'creating money out of nothing' 'on the books'. Repeat this cycle ever few years, and soon the bankers would own almost all the real assets of any nation, without ever having produced any value at any time. This is what the Torah means by 'you shall lend to the nations, and never borrow, and in this way you shall rule over many nations'. The bankers, controlling the mass media, journalists, academics, and publishers, ensured that 'economic propaganda' would represent the repeating boom and bust cycles as 'economic cycles', rather than deliberately created by them, for their own benefit. Few 'economists' ever understand this. We
are not taught this in university. We are not even taught what money and fractional reserve banking really is, let alone that 'The Fed' and 'Bank of England' are private banks, owned by a few private banking families. I only just came to understand this myself just now. I suspected and half understood how the banks could create economic cycles, but didn't make the actual connection to fractional reserve banking 'in reverse', until just now. I mean how simple it is for them to manipulate the money supply, because most 'money' in 'supply' is actually 'created', and then 'destroyed' by them, as bank ledgers, 'on the books'.

MHR another reason for 'faking' the nukes is that in the U.S Billions of funds were illegally poured into the secret program, and if the 'bomb' had not worked, lots of people would have ended up facing charges, losing positions / offices etc in politics and government...

Mahabharata epic poem...6000 years old! (i.e like bible)...Vihmayna's mercury powered fly on beam of light... South Seas 'cargo cult' considered by some Russian religious historians to be example of how ALL world's religions began i.e U.S military flew into previously isolated South Seas islands, and locals worshipped them as gods after they left...5000 year old clay tablets of 'the Gilgamesh' epic poem creation story like Book of Genesis, but 2000 years older ... Gilgamesh part man, part god...'space chariots'... in Dead Sea scrolls 'Sky vehicles' brought 'gods from heaven' in craft trailing fire and smoke... fiery chariots took Elijah to heaven in the bible...Ezekiel's description of UFO?...

Phoenix program in Vietnam, (today called 'fusion centers' / Black sites, and Patriot Act / Drone assassinations ... all to destroy any potential dissenters / resistance...nominally 'Muslim terrorists'... equivalent of Stalin, with 'quotas' i.e kidnap, torture, and kill people based on vague accusations, or none, just to meet quotas...continued through to today ... Most of Trumps 'junta' are Goldman Sachs
or ex Military Generals i.e finance and military junta...fascist...camel putting its nose in the tent...Trump continuing Obama's use of torture, militarisation of police...implicit and explicit use of terror by U.S govt. e.g rocket launchers at Standing Rock...DHS + Phoenix program/fusion centers = Cheka police terror...Truth will be defined as 'unlawful information' and define the 'violator' as a 'terrorist'...

MHR when was first 'fractional lending' actually legal? i.e Goldsmiths 'promissory notes' i.e 'safe keeping' 'deposit' slips as payment...Templars could print more slips than they had gold, as long as there was not a 'run' on their 'banks' i.e 'gold storage facilities'...this was REAL secret behind templars wealth...the secret 'treasure' they came back from Jerusalem with was this 'system' for basically 'printing money' which they could buy REAL assets with, and exchange for gold if they liked...turning their worthless paper money (or fractionally backed by their 'depositors' gold if you like) into gold...and buying influence / positions of power / titles / lands / mercenary soldiers / government offices / noble patents...

236,000 Japanese killed in just two fire bomb attacks (referred to as 'Atom bomb attacks'...Tokyo worlds single biggest...N.B Hamburg was 40,000, and 'Tragedy and Hope' anti-Hitler / pro-Zionist propaganda doesn't even mention Dresden...i.e over 100,000 Germans murdered over few days of repeated fire bombing / strafing of purely civilian target...

In 1920s, after Japan's colonisation/invasion of Manchuria Northern China put a total boycott on Japanese Exports...later British / U.S / Australian boycotts on exports to, and imports from, Japan...forced Japan to seek military solution i.e like Germany...dependent on exports of manufactured goods to pay for necessary food and raw materials imports totally dependent on...at time that nationalists and communists fighting each other for control of 'China' i.e loose group of areas no 'China' as we know it...Japanese colonisation of Manchuria was mutually beneficial, though military/Guerillas, like in Belgium and Czechoslovakia i.e german occupied territories / annexed territories, lead to reprisals on both sides...i.e occupation/annexation/colonisation was popular among the populations, who were threatened by own 'guerilla' forces with reprisals for 'collaboration'...though no democracy in China, so at worse replacing chinese 'control' with Japanese...Japanese continued investing in Northern China though didn't have military control of it...occupied territory became a net drain, and facing threats from 'guerillas'to kill any chinese using Japanese currency, this
proved economic failure... Petroleum and rubber products denied Japan by boycotts lead to Japan plan to seize Indonesian resources...Japan expected U.S and British would attack Japan after attack on Dutch East Indies, so decided to attack Pearl Harbor to prevent this i.e ensure access to petroleum and rubber of Indonesia...N.B since turn of century the West had denied Japanese immigration on racial grounds i.e at time that Japanese population growing, denied the same natural 'pressure valve' release that other nations like Germany, France, and Britain had enjoyed i.e by 'exporting' excess population to colonies, U.S, Australia, South America...

N.B France controlled by Rothschild, U.S by Morgan and Rockefeller...n.b France had forced Austria to remain independence way back in 1921, had to threaten with violence to get it to stop calling itself 'German Austria'....so all later propaganda referring to an unpopular Nazi coup in Austria? Italian mobilisation / Mussolini's stern warning fighting for Austrians independence? ... i.e propaganda of 'bullying' and 'German invasion' of Austria i.e forced annexation all totally undermined by the facts... 'Criminal Nazi Dictatorship' and faked 'Holocaust' propaganda used after WWII to push Austria to separate itself (from the 'guilt' for WWII and 'Holocaust') and conform with propaganda of victorious allies that Austria had been unwilling / forced to 'obey orders' ... though none of the actually supposed 'orders' have EVER been documented ... so 'The Holocaust' and 'war crimes' were used to separate Austria from Germany once more...

Conformist historians Vs 'revisionist' / 'correctionist' / skeptics

copy one book = plagiarism...copy several = 'research' ... Vs Irving goes to original sources, people, diaries...

Irvings 'destruction of dresden' has no sold 2 million copies..wrote as young man, based on original sources...worldwide serialised ... included photos of German bodies 700 high set alight to get rid of bodies after bombing...still in print etc...

Churchill 'the truth requires a body-guard of lies'... from 1940 on WWII served no positive objective...destroyed british empire, and most of europe...

Churchill family gambling debts broke family finances...all his U.S stocks and shares worthless in U.S crash...a huge overdraft of about over million dollars
todays money i.e 20,000 pounds to be settled in 7 days or foreclose on his family estate...1938...he asked Lord Bracken to ask his friends i.e Jews, to help out... 'The history of the English speaking peoples' was Churchills work in progress...Churchill put his house up for sale for 25,000 pounds to pay the debt...Austrian millionaire offers to buy all Churchill's debts i.e 20,000 pounds...so Churchill could keep his private home...

Feb. 1 1944 ... when he died he left 20,000 pounds to churchill to honor this agreement...in his will...insolvency settled, but can't afford his extravagant living / lifestyle... Czech govt. started paying every member of 'the focus'...large sums...July 1938 to ambassador for 2 million pounds...account to midland bank account...when Czech nation vanished investigators from new govt. were looking for that money...(like libyan sovereign fund) ... July 1938 was when Churchill started plan with 'The focus' to overthrow Chamberlain i.e using these funds...Hitler sent papers to Chamberlain proving Churchill was working to overthrow him, using these 'stolen' funds...i.e german intelligence agencies had tapped phones / etc...huge payments to other members of 'The focus'...Edward Speers leading member of 'The focus', was on payroll of Czechs, ...his wife's private diaries 1938 3 days after munich agreement between hitler and chamberlain about Czechoslovakia... was receiving 2000 pounds a year from Czechs in 1938 ... she wrote of her husband... Churchill routinely conducted / attended his official meetings, throughout his life, totally drunk...JFK described him as a 'drunk'...'it's a pity that he's a drunken bum' ... in presence of many official sources who recorded that in their diaries... often 'blind drunk' and 'completely incoherent' ... David Irving documents all in his book 'Churchill's war'...from original documents in archives (establishment 'historians' merely quote each other...govt. actually censored documents i.e couldn't have their leader be represented in history as alcoholic)...disasterous mistakes of Churchill whitewashed, as Hitler demonised as devil incarnate...Holocaust legend sealed his fate in history...romantic notion of 'bulldog' Churchill hero... in Germany MUST agree to 6 million jews holocaust and Hitler's policy... all Nazi activities documented and with signed orders from Hitler including Euthanasia laws for 'unfit' ... but ZERO reference to any 'Holocaust'... Irving’s own editor / agent insisted he include SOMETHING to prove Hitler knew/ordered, or would lose most of his 'deals' i.e lost hundreds of thousands... all the genuine documents Irving found showed Hitler reaching out to protect the Jews from the psycho's within the Reich i.e true anti-semites who hated jews (often with good reason) i.e Hitler's actions showed him in positive light...lead to Irving being banned, criminalised, blocked from giving lectures / speeches... 1938 Krystalnacht ... a few dozen jews killed...at 2a.m in morning Hitler was informed of this and called in all Nazi officials to stop the killings, burnings of temples...explicit orders against arson or any other outrages against Jewish population... document in which hitler orders that 'the solution to the jewish problem be postponed until
after the war...order to equiv. of P.M i.e had of public service...document 'dissappeared' from archives during Nuremberg, then reappeared in 1950... Peace offer even offered to help U.K against Japan / Italy, made to Churchill in 1940...Churchill almost accepted... half his cabinet ready to accept,...Chamberlain and Halifax documented in their diaries that Churchill almost accepted (changed his mind because he was owned by Jews...Churchill personally overruled his military heads to 'advance to the coast' without telling the french or belgians i.e retreat from Dunkirk...the official records have blank pages even today, as documents removed...despite 30 year rule...But Irving found originals in French archives...Churchill ordered sinking of French fleet, killing 12000 french officers and seamen i.e entire French Navy... in July 1940 British empire could have been 'saved'...no WWII, no Soviet Union... Churchill had to kill off the peace movement...half his cabinet wanted peace, and majority of people wanted peace...up until then no bombs had ever hit U.K...Hitler had given orders never to bomb any british town, including london...unless British bombed germany...Churchill told Ambassadore Kennedy from U.S that he needed/wanted Hitler to bomb U.K, to end British people's desire for peace, and bring U.S sympathy...Churchill was only official in U.K with a bombshelter at that time...and then had much deeper one built in old underground station i.e he was planning well ahead of time...even King and Queen didn't have bomb shelters at that time...Hitler did everything to make sure Lord Halifax etc never contacted German Ambassador to find out about the peace deal, horrified that the British people might find out about the generous peace offer...Churchill was pushing his own airforce to start bombing Berlin as soon as possible...in order to force Hitler to retaliate in kind...Germans up until then had only attacked direct military targets...so Hitler actually responsible for those killed by German bombs during WWII...and for EVERY british, U.K, Australian, N.Z, and American that died in WWII...one german plane dropped bombs on wrong target i.e aiming for oil tanks, but bombs land just withing city limits, killing some chickens...and immediately Churchill ordered bomber commander to send 100 bombers 'in retaliation for this savage attack on London'...in records of bomber command...actual transcript of Churchill's phone call...bypassing cabinet, parliament, direct to bomber command HQ...over next few days repeated several times...Hitler still didn't respond...hoping british will accept offer...after 7 bombing raids Hitler tried to give peace offer to british embassies...they are told they have been ordered to refuse to see the ambassor/ accept the peace offer...Hess flew parachuted to see Duke of Hamilton to offer peace offer directly to Duke...only after all this did Hitler make his famous speech threatening Britain if they continued to attack...so Churchill happy, bombed Berlin again, and Hitler removed the embargo on bombing Britain i.e East end bombed by 1000 bombers, past military targets, and bombed East end... repeated again...killing 1000 people... Churchill knew raid was coming, so escaped London, came back after to make
his tour of the damage...and began his propaganda presentations as P.M
heroically 'wouldn't desert us' and 'london can take it' i.e same coward who had
not warned his people, he was NEVER once in London during an air raid except
for few times was caught out, and then spent entire time in the deepest air raid
shelter in U.K i.e specially refurbished underground...he drove 150 miles out of
London, then returned when safe to... Legendary air raid on Coventry? 300
people killed ... Churchill knew about 2 days before, informed by code-breakers...
3 consecutive nights of 1000 bombers 'moonlight sonata'...private desk diaries of
Churchill stolen by his bodyguard, rented to Irving for 5000 pounds...and desk
diary...Nov 14, 3 days, full moon...Churchill went to funeral of Chamberlain that
day...warned that it would happen that night...Churchill went to last two
appointments...that afternoon he left London by the back door of Number 10
Downing street...so no-one could see him 'scarpering'... before bombers arrive...
when then informed target was Coventry he returned to No. 10 (his staff were
still there, he hadn't informed them about expected attack while he was safe in
country)... 'I have just received the most doleful news that tonight a most
baraboarous attack will take place on London, so I have returnend to suffer this
with them...share their misfortune i.e appear like a hero, goes up on roof of
Number 10, and did his big propaganda bit of 'defiance' knowing that he was
totally safe...target was Coventry...famous 'fight on the beaches' broadcasts were
not broadcast by him... The voice of 'larry the lamb' Norman Shelley did them
(Churchill was too drunk)... read out Churchill's speaches ... confirmed by BBC
archives...imitated him...clinical alcoholic Churchill never fit to give speaches at
that time...Churchill rude drunk...offensive...people who served with Churchill all
referred to his drunkenness at cabinet meetings, but few dared to state truth in their
diaries, written while Churchill still alive...Churchill had planned to invade
Norway, but recalled invasion after landed in fiasco on Norwegian coastline...
Winston's an infernal menace, may well lose the war for us...'Winston again 'half-
tight'... but official history reads 'tired' rather than 'drunk'... Churchill blind drunk
again and again...too tired and too much alcohol...rude, sarcastic,
nonsensical...ordered decisions while drunk e.g galipoli... signed order to drop
poison gas bombs on Germany i.e WWII after WWI treaty signed...in response to
V1 flying bombs...30,000 homes a day being wrecked...poison gas and release of
2 million anthrax bombs on Germany, in his drunken stupors i.e war crime...one
tried on scottish island which today is still uninhabitable ...'argued for
use...complained that absurd to consider it 'immoral' 'simply a question of fashion
changing like long and short skirts for women'...'I want a cold blooded
calculatoin made as to how we could do this'... Norwegian campaign was
violation of international laws / Geneva convention...his cabinet didn't attack him
for that, just made excuses as to why bad idea... 'I cannot make head against hte
parsons and the military leaders at the same time'... Got to read those books, get
quotes... amazing...
By end 1939 Poland divided, what point to fight for? British empire in danger? hitler planned to invade Britain? pure propaganda...FDR publically announced his plans to destroy british empire...so how allies? Hitler was offering peace since 1940 to 1941...expressing clearly had no interest in attacking England...what point to destroy England? who would benefit? Americans? Japanese? ... so no rational reason / imperative to fight Germany...Offered to withdraw german forces from Poland / Czechoslovakia / France i.e merely ensure safety of 'German speaking peoples' i.e where they lived...Britain had no interest in Russia...in 1941 Americans telling Britain their empire would NOT be returned to them after war...so war aim? fighting the devil...'The Holocaust' therefore key to propaganda is 'The holocaust'...demonisation of Nazis, to justify British sacrifice in WWII...in fact Allied bombing of supply lines and manufacturing was responsible for most of the Typhus / malnutrition and thus death in last weeks of war in the camps...though most looked quite chubby and healthy, only typhus victims, and camps that were totally cut off from supplies, like all the germans in the same area, were starving...

N.B Irving has proven other 'historians' to be fakes / incompetent ... he relies on original sources and eyewitnesses and facts that can be established...not part of establishment...his early success made him rich enough to be independent, finance independent research...his publishers often totally changed his books without informing him, to twist and distort his findings to fit with conventional official 'history'... actually banned his own book after finding the changes...fought for right to publish his own books again, in original form...did again with another book on Churchill...he can afford to finance his own time and research, travel, interview, see original sources...VS typical 'research' is reading 10 books, writing 11th...etc...circular references to each other...Professors quoting each other like dogs chasing own tails...circle of dogs chasing each others tails simply grows larger, more impressive, but all like colorful soap bubble...till Irving comes along and pricks that bubble...Official establishment historians never bothered to interview people, view real sources i.e diaries etc...

Churchill, on 500 pounds a year as a member of parliament, had 42 staff on his estate...who paid for them? in 1930-1939 ... he faked paintings i.e fraud...sold copies as real...'Charles Moran'...sold his paintings in Paris and painted name of that famous painter to increase their price...FDR learned this...Churchills first visit to Washington of Churchill someone made joke, sending him letter in that...
name, with some facetious comments relating to his 'painting' ... Secret Service investigated and discovered this...in Feb 1942 FDR apologised for this to him... faking paintings one source of his income...in 1930s re-wrote abridged versions of famous books for 1000 dollars a pop... i.e like readers digest... then started taking slush funds from secret pressure group 'the focus' ... 12 dissident politicians willing to sell out to get back into power... American Jewish congress in N.Y etc...in July 1936 huge fund from board of deputies of british jews in london...deputy president wrote memoires describing these facts...i.e validated source...Dinner party in Hamstead lead to 25,000 pounds donation plus promise of 25,000 more... huge amount of money... bought churchill for 50,000 pounds...asked to openly attack nazi germany...great orator...wrote articles in papers... "The Focus' not mentioned in Churchill's own biography / books ... mmember of group Speer wrote book on this... Churchill asked him never to publish any details of this group until after Churchill's death...

2 Jewish Berlin bankers, one of whom was leader of Zionism in Germany, financed Hitler before he rose to power... Chancellor Bruening of Germany (before Hitler and after Hitler was chancellor) wrote to Churchill about this, and Churchill's publishers refused to include it in Churchill's 6 volume history work at age 70...

Allan Dulles was chief of OSS in Bern during WWII, later became head of CIA...Dulles airport named after him...secret files... forgeries of diaries about Hitler for propaganda...published as 'memoires' of people who had met Hitler once or twice...no ministry of truth, only propaganda...role of historians should be this, but imprisoned i.e war propaganda continued after wars and taught as 'history'... 'Deniers' are those who challenge this propaganda... Auschwitz synthetic rubber plant... BBC even add 'I saw the gas chambers' to the video with Gruener, the SS guard who was interviewed about Auschwitz...he only said he'd seen crematoria, open pits, and bodies...

7 Auschwitz survivors, from over 7300 'survivors', are the ONLY people paraded around the courtrooms of the world... we never hear from others... Kirsten diaries of masseuse of top Nazi's... have been 'spiked'/'salted'/corrupted with fake propaganda... included Syphilis etc... Irving found real medical dossier on Hitler by chance... pocket notebook of Hitlers Doctor... patient 'A'... Hitler's personal physician from 37 to 45... 1983 published... with all other tests.. he was NOT tainted with ANY trace of any STD... but had heart muscle defect August 1941 which could have killed him at any moment... All those close to Hitler admired
him for last decade of life, all spoke well of him in private to Irving...Irving only used original archival sources and people, never did what everyone does and simply quote each other ... he compared supposed 'diaries' with his own research and rarely matched...after war 'Engel' diary (really memoir written after war)... written simply to gain position in Wehrmacht i.e to 'prove' he had 'seen through' hitler i.e had been on his Staff before active military career, and you only got position in post WWII germany if you defined Hitler as criminal / gangster / evil etc... Irving had archival data, and it didn't add up with what written in 'diaries' i.e faked...Irving got the paper of the supposed 'diaries' tested and the ink...fountain pen ink has iron in it, oxidises at specific rate, so can date diary from the oxidisation of the ink ... modern paper whitened by chemicals (flourescent chemicals) so if document glows in night club was written post war ... can find old paper i.e actual paper from Hitler's office, but ink will give it away...1945 typewriter O.K, but have to sign with ink, gives away date...Engel diary paper all post war...these used in war crimes trials so German officials wouldn't admit publicly, would need to re-try... Hitler is said to have stated that israel would be used as a 'bolt-hole' for after Jews commit huge crimes, and need place to run to ... Petra Hitler Hitler's sister survived WWII...Hitler's original family name was Hiedler, evolved into 'Hitler' over time... Hitler had originally wanted to ignore Russia, to encircle central Russia but General staff wanted full frontal attack...Hitler suffered Dysentry, was bed-ridden for 2 weeks, took no part in war conferences, during which General staff re-cast entire Hitler strategy, planned for full frontal assault...so THAT is what lead to fall of Germany in end i.e his generals NOT him... 'Hitler's second book?' Gerhard Weinberg... published 1950s? found in files of Hitler in captured documents...Hitler wrote himself? Irving never read 'Mein Kampf' as doubts on how much Hitler actually wrote...Since 1963 Jews became increasingly determined to crush Irving...even Australia and N.Z banned Irving! ... did all could to destroy him...even accused of active participating in Oklahoma city bombing... Giving evidence for Rundel trial enraged Jews even more...scar on Hesse's neck claimed to prove he had hanged self...though physically incapable of doing his...scar horizontal not diagonal...autopsy by family proved strangulation not suicide...police investigation into this was shutdown by Allies...Hitler ordered subs not to attack U.S warships unless under attack...expected U.S would focus on Japan, not Germany...

Speed reading requires you to stop verbalising what reading i.e reading out aloud in head...best spellers visualise word rather than verbalising/phonetics, often in
very large letters, and visualise them in context in sentences in case of phonemes i.e words that sound same, but spellt different/different meaning...we confuse remembering with thinking i.e 'I think that...' is merely remembering something you once thought/were told, rather than actively constructing argument on spot...

Richard Bandler...bad memory...how big is the image? literally...not figuratively...i.e life-size or wall of room etc ... disturbing picture often has disturbing backing track / audio...close eyes, look at that picture, then as soon as see it shrink it down small then have it 'blink black and white'...look at last frame of movie, then rewind back to start as fast as possible i.e people walking backwards...etc, while hearing circus music...now try to replay it again and try to make yourself feel bad this time... worrying about past makes it re-appear...people practise depression till they get really good at it...

nominalisation=idolisation=treat process as if it is a thing / incident / object... can organise thoughts to produce feelings ... think on purpose/deliberately to something that works i.e resourceful feelings Vs limiting... observe people / model i.e produce algorithms which can then make their behaviour replicable/learnable/predictable... original first accessing cue originally noticed by other researcher, Bandler observed for more, till learned a huge host of them, so could 'read' person ... i.e accessing cues external indicators of internal visualisation/self-talk/recall/active constructing/remembered feeling/audio/visual etc...Bandler had read about an experiment in which when asked to recall image, all looked up to left, and researcher reported this and speculated that it must mean something...in some journal... think deliberately Vs automatically/habitually...change how thing changes how feel / motivation etc...most people not consciously aware of how they achieve their excellent outcomes relative to others i.e their unconscious strategies, how they think about what they are doing...mental directs physical... NLP name accident...police pulled over, asked Bandler what he did for living...looked down at books on the car floor, the first of each was neuroligical, linguistics, and a book on programming, and answered neuro linguistic programming ... all compulsions/bad habits have triggers...some mechanism notifies them to take a few moments out to relax i.e that is what smoking etc is...an outlet/expression of this impulse/trigger...close eyes, think of time you wish you had the choice to smoke or not...see and hear what saw/heard then, then double volume/size of image/sound till twice as loud/bright so twice as unpleasant...then jump to another similar situation then make that even twice as big, and notice where the feeling is in body...spin it around and around till feels as uncomfortable as possible, then jump to next situation, and double feeling, until you feel this is so terrible / never again / that's it...i.e spin feeling fast enough past threshold until something inside of you says 'enough is enough' ... find new way to behave in old situations...spin until
something 'snaps' and instead of seeing what saw in those situations will visualise self in that situation feeling 'never again'... see self reaching for cigarette and laugh at self as silly ... become fed up with growing sense of certainty look for plan to replace behavior / habit / silly thing / laugh at the behavior you were once at the mercy of ... thinks about how we think...how things work as systems...computer programming to people programming...focus on process not content...content-free...content irrelevant...he doesn't need to hear / know what the content is to remove the limiting belief that content produced... think different so feel different so achieve more...

'Cleopatra's needle' in London (on former Templar land) was originally taken from 'ON', Heliopolis...Paris has one from Luxor... n.b Sirius symbols tall narrow pyramid (Obelisk) and dome i.e male and female...Osiris was cut up, and Isis his wife found all the parts except his penis, replaced it with an Obelisk ... Semiramis was original 'virgin mary' archetype...with Nimrod (fish head hat of Pope / Pisces and Jesus sign) as God, and Tammuz his son (virgin birth)...Semiramis symbol is a dove...Columb in French i.e Columbus / Columbine massacre / Columbia i.e film studio has golden haired 'Columbia' i.e Semiramis i.e 'statue of liberty' bearing the torch of liberty ... like Ancient greek Proteus stealing fire from the gods and gifting it to humanity... the tall thin pyramids now in New York (replacement for twin towers of Boaz and Tammuz (? check name), the new Paris business district, and the city of London ... just like already existed in Washington and Rome ... Washington memorial largest in world... the 'domes' St.Pauls in London, White house, Vatican, and Paris Pantheon (look like zero point energy flying saucers & Nazi 'flying bell' and Sumerian stone tablets...eternal flame is semiramis's flame...the 'reflecting pools' opposite monuments symbolises the moon reflecting the sun ... JFK memorial is obelisk with semiramis's torch, Princess Di's memorial is replica of Statue of liberty's flame i.e semiramis' torch...Notre Dame (Our Lady) is semiramis' temple ...Knights Templar paid for it...Westminster Cathedral built by same people, Big Ben is obelisk...Gargoyles on churches, and Denver airport, and palaces, are Annunaki / Lizard people...symbolic of blood lines...Reptilian humanoids in pre-Sumer statues of their gods...George Washington depicted as Baphomet...naked from waiste, with arm raised at right angles, sitting like Baphomet...Owl is Moloch / Molek referred to in Bible where parents forced their children to walk through the fire for/to Molek...supposed live child sacrifice...40 foot Owl at 'Grove', where early photo shows Nixon and Reagan long before they became Presidents, sitting to right and left of their host, in front of the Owl...Russel trust ran opium to China, had 'skull and crossbones' flag, now on Freemasons apron, and 'Skull and Bones' society at Yale, sponsored by Russel trust...source of our 'pirate flag'...Ma'at goddess of justice? Freemason symbol...black and white
squares freemason symbol e.g on U.K police caps, and U.S, and St. Marks in Venice...Westminster Abbey, Notre Dame (Our Lady Semiramis)...lots of global corporations use same symbols...

Zionists stole 143 tonnes of gold, and 143 tonnes of silver, from Libya, after murdering Ghadafi and thousands of Libyans...

David Irving was only historian to get full access to Goebbels's diary, which Russian Archives held...he discovered letter to Goebbels's girlfriend being critical of her for some 'anti-semitic' comments she had made i.e like Hitler, was not anti-Semitic, at least until came to Berlin and saw for self what 'Jews' were doing / had done ... possibly NEVER really anti-semitic, like Hitler i.e mere propaganda...tho' later Irving believed that Himmler had carried out mass murders against Jews against Hitler's express orders, and without Hitler's knowledge ... arguing that not killing them now was simply passing the buck onto later generations who would, sooner or later, be forced of necessity to eliminate the 'Jews'...

Trevor Rhys-Jones was NOT wearing a seatbelt when left hotel, or when photographed a minute before the 'accident' by paparazzi...but WAS wearing seatbelt at time of 'crash' ... when asked why he put it on he answered 'I don't know' !!! 17 cameras along the route turned off for duration of their trip ... (just for duration???)...95 mins from scene to arrival at hospital...13th pillar, tunnel NOT dangerous...remember 13 is 'god' i.e 12 astrological signs around sun i.e 13th... lion is 'sun' ... fleur de lys symbol of Nimrod i.e. god 'husband' of semiramus and 'father' of tammuz i.e god the father, son, and virgin mary...

Did you realise that the U.K would have to work full time, for 9 years, for NOTHING just to pay back its current national and private debts? This is WORSE than during the Weimar Republic, which lead to that famous hyperinflation and 10 Million Reichsmark bank notes ... a loaf of bread cost a wheelbarrow of these notes by the end. The moment interest rates rise again, the U.K goes down.

Did you know that the U.S.A has had a WORSE debt situation than Greece, Portugal, Italy, and even Ireland, for years now. The situation in Greece had NOTHING to do with economics. It was a pure Zionist Bankster take-down. Like Argentina.
Did you know that the way the banksters get rich is because inflation = the money supply multiplied by the 'multiplier effect' i.e circulation of money...but whoever gets the 'new' money first can spend it at today's value...by the time YOU get it, it has produced massive inflation. This is why 'voodoo economics' and 'trickle down effect' only make the banksters richer, and is effectively a tax on the poor.

Soon the Zionists will start shouting about U.K and U.S debt as if it is a 'crisis' THEY didn't deliberately create. An excuse to wipe out your pension, increase taxes, reduce government spending on health, education etc, and even steal your money from your bank accounts. This has all happened many times in the past.

Remember interest rates on home mortgages going up to 23% in the West? No you don't. When it happens again, most of you will lose your homes, because it will not stop at 23%...it will be a worldwide Argentina and Greece.

Did you know that every time a false flag has occurred...a joint Israeli-U.S false flag (not the ones Putin created in Moscow etc.) , they are Russian-Israeli false flags, IMPORTANT DOCUMENTS RELATING TO AN INVESTIGATION OF A ZIONIST GOLEM OR GROUP HAVE BEEN DESTROYED....this was true of the first terrorist act of the 'modern age of terror'...the King David Hotel bombing, then the U.S.S Liberty (intel about israeli torture was destroyed in the attack), The Oklahoma city bombing destroyed (or they removed afterwards) ALL the evidence against Clinton e.g Whitewater, Arkansas finance fraud, CIA drug running, murders etc...the 911 WTC attacks destroyed the files for the largest fraud cases in U.S history... the Pentagon missile destroyed the offices where the files for the missing 2.3 trillion Pentagon money were kept...in all cases actual investigators into those cases were murdered in the attacks...

All this is fact...proven...if you are willing to listen

I expect the next false flag will be blamed on patriots, and it will be the Fed, to destroy all the records that would be revealed during any 'audit' ... and probably the NATO buildings in Brussels that house any documents relating to fraud (their auditor general was murdered recently ... check out Newsbud.com for that report) ... and maybe the N.Y U.N HQ...all will be joint U.S-Israeli false flag attacks,
carried out by people like Timothy McVeigh (maybe the man himself will take part, he was never executed, he is alive and well)...

Please wake up...Trump and Putin are both zionist puppets...Putin now has a net worth of over 40 Billion...Trump is bankrupt, and owes the Zionists billions

oh, and another note, under the Nuremberg trial rules, every 'Jew' killed by the allies and Soviets during WWII in German occupied territory, or who died of old age or any other reason, is 'counted' as a victim of the supposed 'Nazi Holocaust'. If 6 million 'Jews' were killed in the years of WWII, then at least 6 million Jews around the world were born during those years, according to the official 'Jewish' census carried out before and after WWII, as the census clearly shows an INCREASE in the number of 'Jews' in the world during WWII.

TROONATNOOR

Truth is Kryptonite to the Zionists

Reason Torah / Talmud NEVER mentioned the name of the Pharaoh at the time of the 'Exodus' is because it was Akhenaton who we know as 'Moses'... think about this...a supposed precise historical record does not contain the most important name in the entire history... Priests At On = ATON = ADON(AI) = LORD = The Sun = The light bearer = Lucifer = Anointed one = Lion King = Mars= sun arose / was born, in the sign of Leo, at the time that the entire Zionist (Goshen = Sion) religion / system emerged... Hyksos who conquered Egypt, put Akhenaton in power... Akhenaton later re-named Moses after Hyksos and he were expelled from Egypt... we cam to know these Hyksos as 'Jews'...They were expelled, overthrown, they were never slaves who were 'let go' ... Sol Om On... all astro-theology... etc... but most 'modern' 'Jews' converted and have NO genetic connection to the Hyksos who invaded, then ruled Egypt, for a few dynasties... Moses' snake-pole symbol of his power as Pharaoh Akhenaton... 'Davids' were members of Hyksos ruling elites... the 'Doves'... 'Dov-ids' or 'Coloms' (as in colum-bus) ... seed of 'David' reference to the Hyksos elites i.e original Zionists (from Goshen-Sion)... Knights of temple of Sol-Om-On (three names of the Sun) of Sion Si-ON... ON = Heliopolis = City of the Sun... Templars... Lion = Leo = astrological sign of Leo in which sun rose during times of Hyksos rule of Egypt... over 2600 or so years Leo is replaced by Virgo i.e in times of 'new testament' the sun arose in the astrological sign of Virgo... the
virgin ... hence the 'virgin' birth of 'the sun of god', the seed of David (Hyksos rulers) we call 'Jesus' ... simply the anthropomorphisation of the sun rising in the constellation of Virgo ... The 'son of god' = 'Sun god' = light bearer = lucifer ...

Work on this to post re: controlled opposition ... update on who is, and why ... include 'nuclear' hoax

Deborah Lippstadt paid 13 million to lawyers/researchers to defeat David IRving...could only find 6 or 7 'errors' in his entire body of work to that date, according to the Judge...

Hoefller document...3 camps Treblinka, etc which Irving believes WAS a death camp ... though 'deckungsschreibung' i.e cover up letter . Himmler wrote to Commandant of Auschwitz.'I'm told the Jews are dieing like flies' by the Allied papers, asking him to investigate / explain (Irving things black joke)...'There appear to nobody dieing of cance, can you explain this...can it be that we have stumbled across a cure for cancer?'

Stanford University Himmler papers...Operation Rheinhardt...list valuables taken off Jews at the transit camps, before being sent onto work camps...(Irving for some reason assumes they were killed at Treblinka etc... 1942 figures 1943 figures totally different ... Hoeffler police officer in Lublin... 1942 T S B figure of 1.24 million Jews 'processed' (Irving assumed means killed not processed through) ... loot of 1942 figure .. loot figure of 1943 figures indicate another million 'processed' i.e 2 years 2.2 million people passed through the transit camps (Irving for some reason assumes they were killed...why on earth though? Russians stated was transit camp, lots of 'Shoah' document stories of people explaining what happend there...were separated from family members and moved on, were given coffee, soup, bread...etc...

'Korheir' was Himmler's chief statistician for 'The final solution to the Jewish problem'...10 year report since time Nazi's ...secret report stated of the 17 million jews in world, 10 of which in europe, 4 million emigrated out of Europe i.e left europe, rest have emigrated or died of old age...1.24 million jews sent through camps in occupied poland to the East i.e through Treblinka etc to Auschwitz etc work camps...
Irving believes Treblinka etc was death camp, and that irregular gassings did take place in Auschwitz ... he says he writes what finds in archives, but all this stuff is speculation / reading between lies...no idea why... though claims was never Holocaust denier till after Zundel trial and Leuchter report ... that 'Holocaust' term is Madison avenue marketing idea ... huge industry...

Eichman lied to get himself 'off the hook' by going along with the holocaust story, and wrote a letter referring to an order given by Hitler about the 'physical annihilation of the Jewish people in Europe' ... not a single wartime document that Hitler even Knew about Auschwhitz, let along gave an order...on day Red Army over-ran Auschwitz and hitler told of this he replied 'o.k, jawohl' i.e meant nothing to him ... i.e no significance ...

IRving says all the documents he found indicate that Hitler was NEVER anti semite, in fact continued to use his power to protect the Jews...from moment got into power...speeches were propaganda ... didn't ever reflect his own views ... being practical i.e fight propaganda with propaganda... Hitler had intervened several times to protect Jews when Himmler wanted to 'liquidate'...'Keine Liquidierung' was Hitlers order...in Riga... an SS gruppen fuhrer had already carried out murder of thousands of Jews from Berlin, and Riga Jews...sonderaktion... Hitler's order arrived too late... i.e the propaganda had worked... Hitler found out and warned that any further such breaches of orders would be severely punished, and had the organisers sent to Berlin...

Stalin claimed to Churchill that WWII had directly resulted in 5 million Russians dead or missing (the rest were killed by the 'Jewish' Soviets themselves!)...Polish courtroom stated that up to 300,000 people died in Auschwitz (never said were murdered) at the trials of the Nazi's in Poland at the end of WWII...surely the Polish government would know what had happened in their own country ... including to their own people...Catholics... Jews were ALSo there ... but victims of Auschwitz work camp came from many varied groups of people...DIED...from various causes... disease ... British Public record office held private papers of deputy commandant of Auschwitz... Jews that not fit to work were killed ... taken to Red House and White House ...little cottages... Almeier gassed 200 people at a time ... now and again ... so some gassings DID occur ...

From August 1935 to March 1939 and especially in September 1938, the government built up fear in the minds of the British public by steadily
exaggerating Germany's armed might and belittling their own, by calculated
indiscretions (like the statement in September 1938 that there were no real
antiaircraft defenses in London), by constant hammering at the danger of an
overwhelming air attack without warning, by building ostentatious and quite
useless airraid trenches in the streets and parks of London, and by insisting
through daily warnings that everyone must be fitted with a gas mask immediately
(although the danger of a gas attack was nil). In this way, the government put
London into a panic in 1938 for the first time since 1804 or even 1678. Consider
this in the context of the cold war 'nuclear drills' and 'nuclear threats', and the
'faked' 'Atom bombings' of Japan. It is possible that the whole 'Nuclear threat'
may have been as fictitious as the 1938 'gas attacks'.

When the European war began in September 1939, American public opinion was
united in its determination to stay out. The isolationist reaction following
American intervention in the First World War and the Paris Peace Conference in
1917-1919 had, if anything, become stronger in the 1930's.

In 1934 a committee of the United States Senate investigated the role played by
foreign loans and munition sales to belligerents in getting the United States
involved in World War I. It concluded that American intervention in World War I
had been pushed by bankers and munitions manufacturers ("merchants of death")
to protect their profits and their interests [Foreign loans] in an Entente victory in
the early years of the war. Under these influences American public opinion in the
late 1930's had an uncomfortable feeling that American youths had been sent to
die in 1917-1918 for selfish purposes concealed behind propaganda slogans about
"the rights of small nations," "freedom of the seas," or "making the world safe for
democracy." There was a widespread determination to keep out of Europe's
constant quarrels in the future and, above all, to avoid any repetition of what was
regarded as the "error of 1917." Historians and publicists were writing
extensively to show that Germany had not been solely guilty of beginning the
war in 1914 and that the Entente Powers had made more than their share of secret
treaties seeking selfish territorial aims, both before the war and during the
fighting.

Roosevelt's opponents warned the U.S voters that a Roosevelt Presidency
would result in the U.S entering WWII. Roosevelt blatantly lied, with promises
such as "We will not send our army, navy or air forces to fight in foreign lands
outside of the Americas, except in case of attack", and "I have said this before,
but I shall say it again and again and again: Your boys are not going to be sent
into any foreign wars." This was because he knew that the overwhelming majority of Americans were determined to stay out of war. So when Roosevelt learned, from U.S and foreign sources, of the imminent attack on Pearl Harbor, he ordered the most valuable naval assets, the aircraft carriers, out on vague manoeuvres, leaving the remaining ships and men at Pearl Harbor to face, without warning, the Japanese attack. An attack that had been provoked by the total petroleum, metals, and coal blockade of Japan of months before. A little over 2400 U.S military personnel were killed in the attack. Much fewer than in the 911 attacks. Roosevelt was then given a second gift when Germany declared war on the U.S.

Poll of public opinion showed that 70 percent of Americans felt it was more important to defeat Hitler than to keep out of war. This poll was close enough to Roosevelt's own sentiments for him to feel justified in taking any actions which would increase the chances of a Hitler defeat and improve the ability of America to defend itself.

A DECADE AGO THE C.I.A OFFICIALLY WARNED THAT THE STATE OF ISRAEL WILL NOT EXIST IN 20 YEARS...THEN MORE RECENTLY KISSINGER SAID ISRAEL WOULD NOT EXIST IN TEN YEARS ... THE U.S'S NUMBER ONE ZIONIST ORGANISATION, THE C.I.A, AND THE WORLDS NUMBER ONE LIVING WAR CRIMINAL, RESPONSIBLE FOR MORE DEATHS THAN ANY SINGLE POLITICAL FIGURE IN THE WEST, SHOULD KNOW...IF YOU DON'T BELIVE ME THAT 'THE HOLOCAUST' THE JEWS 'ACCEPT AS REAL' IS NOT A HISTORICAL FACT, BUT A FUTURE REALITY I.E THAT 6 MILLION ISRAELI JEWS ARE TO BE OFFERED AS A BURNT SACRIFICE TO THE ZIONIST 'JEW' WORLD ORDER IN THE NEAR FUTURE, THEN MAYBE YOU WILL LISTEN TO KISSINGER, THE WORLD'S NUMBER ONE LIVING WAR CRIMINAL ... HE SHOULD KNOW...

Our federal reserve system means that the people who issue the money, or get it first, are getting it pre- the inflation it will produce i.e a rent ... can buy stuff at current prices before the impact of that new money is felt in the system... N.b owners of stock in Fed recieve guaranteed 6% dividend (on their capital investment)...though not publicly known WHO owns the Fed...why??? Question why Govt. pays middlemen / intermediary banks for simply service of passing their 'Bonds' (as in 'my word is my bond, I promise to pay back the amount of
this I.O.U plus interest) onto the Fed, which is just another private bank...why have these TWO intermediaries? ... both of which are private corporations that exist solely to maximise profit to their shareholders (or?) ... Govt. could just print money itself, and the public democratically vote on how much to print ... to pay for Govt. goods and services ... I explain my approach in my books ... Govt. issues blockchain which IT controls i.e no mining ... it is NOT a good ... not for barter ... but to facilitate exchanges between people ... supply limited to a little inflation to accommodate economic growth ... anyway, I explained it in detail in one of my books, and it works ... my system ... as a service and revenue collection cost minimiser ... reduces cost of tax system, cost of supplying this 'service called money'...

Timothy McVeigh was a 'Sheepdipped' Special Ops 'PatCon' operative specialising in bombing federal buildings, to demonise 'patriots' and 'gun owners', introduce the foundations of the Patriot act which would be expanded later in the later 911 false flag...in all Israeli terrorist acts since King David Hotel, important documents were destroyed in the Oklahoma city bombing, this time relating to the Zionist Golem Clinton 'Whitewater' investigations, and investigations into the Arksansas drug running, murders, and fraud investigations...in fact F.B.I operatives came and stopped emergency workers to allow them to remove the documents not destroyed, so that they could be destroyed, to ensure all the documents were destroyed...the same occurred with the Pentagon and WTC bombings, in which all documents relating to the biggest insider trading deals, fraud, and Pentagon 'missing 2.3 Trillion dollars' ... McVeigh was a decorated sniper, recruited to the special forces...'sheep-dipping' meant you pretended to leave the military...He stated he was recruited to carry out CIA drug running operations to fund secret 'black' /'shadow' government ops, and to carry out assassinations...he told other inmates on death row that his execution would be faked ... he requested and was granted that no autopsy was to be performed on him after his 'execution', and witnesses stated that he appeared to be breathing when taken away as 'dead'...his eyes open....McVeigh bragged to another death-row inmate (who after reporting this to the media was refused further visitation rights) that he would be given a special drug that made him appear dead, and he would later be 'revived'... 4 targeted charges sheared off the rebar in the building, damaging it in ways that the car bomb never could have...in fact parts of the building closer to the truck were left undamaged ... 2 other explosive devices were found at the scene...witnesses saw people placing plastic explosive charges within the building ... many Federal employees had been warned not to go to their offices that day, admitting this after they had turned up, to emergency workers who questioned them...
Nurnberg...NOT burg !!!

In U.S if you commit war crimes, treason, and espionage, you get a great job with a huge corporation, or simply millions in 'speaking and/or consultancy fees' once you leave your government job ... the head of Monsanto becomes the head of the FDA supposed to regulate Monsanto, then once they've done their Monsanto work using the FDA as a tool, the same person returns to Monsanto, and a huge paycheck / reward ... those who commit war crimes are made multi-millionaires ... those brave honest souls who dare report on those war crimes and war criminals, they get long prison sentences, lose their jobs, destroy any career prospects they once had, become 'pariahs' and completely marginalised ... or simply murdered ... N.B that that interview I have of in his first interview after being released from prison (a punishment for being outspoken against Israel) was his last...because of the simple facts he stated in that interview ... every media outlet was competing to interview him just before this interview...once he gave it, he was completely shunned by every corporate media outlet in the U.S, he couldn't beg an interview with anyone ... bless this courageous man who left us, aged 73, in 2017. He was warned that if he did not 'shut up', if he kept repeating the truths he outlined in that interview, he would be killed. The 'official cause of death' was a heart attack while driving a tractor, which then overturned on him. The CIA is on the record as having developed a drug that would incude heart attacks in the victims, killing them, while leaving no evidence of poisoning to be found by any coroner... But every day was a good day to die for Trafik, because he lived each day with integrity, without regret, ready to face any judgement, confident of the verdict ... He may have been ignorant about 911, but that does not appear deliberate confuscation ... no-one can ask of anyone any more than that they seek the truth, and to share it, and be willing to pay the price that comes with such openness...

Putin has done deal with Israel to have Russian Gasprom distribute gas which rightfully belongs to Palestinians using Gasprom's network ... huge deal ... Putin took resources from the Jewish oligarchs in public, then in private returned these assets to the Rothschild Zionist elites in Russia ... Georgia has Israeli citizens i.e 'Jews' in most powerful govt. positions and U.S ... Ashkenazi and Eastern Sephardic Jews set up Hitler and Stalin respectively, to play Germany and Russia off against each other...Mayor of Moscow (Kutz uses his wife's surname to hide that he is a Jew) Jewish...P.M's real name is Mendel (Medyenev fake orthodox christian) i.e Jew, Putin Jew...eligible for Israeli citizenship... and Russia are pretending to be enemies in their mass media, while secretly operating in unison, sharing information in real time ... Neo-liberalism = privatisation (profits for rich) and austerity (reduction social security / education / health net for poor)...World Bank & IMF imposed neoliberalism on most of world via 'economic hitmen'...ironic idea of smaller govt...for developing world, to prevent them becoming stable / independent EVER...while at same time in Developed West Europe and U.S.A aim to expand federal / centralisation and bankrupt prosperous economies via 'compulsory' private health insurance, private pension funds,...
Germany 'occupied' by U.S / NATO ... Germany has never regained its sovereignty now 70 years after WWII...more than 30,000 U.S troops, Rammstein air base, and nukes in Germany...NATO africa command located in Stuttgart....German majority want to remove NATO/U.S nukes...2009 Merkel govt. agreed to popular opinion and overwhelming parliament vote to this effect, at same time as Merkel promised U.S they'd stay...as revealed in WIKI leaks...German media and political elites pro Israel and U.S ...Axel Springer's mission statement includes 5 principles including reconciliation of Jews and Germans and support for State of Israel and for closest possible ties with U.S...strongest support of Merkel and manufacturing public opinion ... very hard to compete with their hegemony as Germany's largest publishing house ... Germany supports U.S sanctions against Russia...If German technology/manufacturing joined with Russian raw materials and Chinese cheap labor, U.S.A 'superpower' status would be irrelevant... currently German businesses suffering because of sanctions on Russia...

so least likely new agreement with Russia ... Germans and Russians 'tricked' into WWI and WWII, maybe again ? German Govt. allowed war criminals U.S to use Germany air bases and German intelligence Agencies advised U.S ... 'Have you forgotten Saddam Hussein's stated goal is the destruction of Israel' quote of Angela Merkel, after referring to 'Auschwitz' ...arguing in favor of Germany joining war criminals in invasion Iraq...

add this to the Jimmy Dore video...and post as facebook post, warning people he is controlled opposition...

Note that Jimmy Dore shows the main 'Tells' of being a Zionist ... that he is therefore controlled opposition, and not authentic 'alternate media'...He continues 'The Holocaust' lies and Nazi demonisation, he continues the official story of 911 being about Arab terrorists hijacking planes and flying them into the WTC and Pentagon, he continues the 'man-made global climate change' lie, even ramping it up to a 'man-made global climate change crisis which is at a tipping point right now'. He continues the story that Timothy McVeigh carried out the Oklahoma City bombing alone. He never implicates Israel in Afghanistan, Iraq, Yemen, or Somalia, and while he does once mention Israel in connection with Syria, he insists that the reason the U.S is trying to topple the democratically elected and widely popular Assad, to put their own puppet in place, is because Saudi Arabia wants to build a natural gas pipeline through Syria to supply Europe, and
RUSSIA does not want this ??? Sure this is a reason for Russian support for Assad, but why would Assad fight a war for Russia? So this is a good example of the controlled media’s obfuscation. They come close to a fact that Israel and the Zionist 'Jews' don’t want known / understood, and then obfuscate it, and mis-direct us towards Saudi Arabia. He does this in this example, and all the others do it with 911 and 'the war on terror'. These are part of the 10% of lies he is there to promote and protect, by offering 90% truth about what is going on. After being satisfied by that 90% truth, most people will go along with the 10% lies, feeling no compulsion to doubt ANYthing he says. So when he, Alex Jones, Stefan Molyneux, Noam Chomsky (which especially breaks my heart), Ed Snowden, et al, go along with the 'official 911 story' and the corporate media in which 'a handful of Islamic Arab terrorists' carried out the most elaborately staged event in history, in the process of which they broke the laws of physics, aeronautics, and credulity, you won't bat an eyelid. They have you in their trance. They have misdirected you at the key points in the 'trick'. You will NEVER understand what is going on. But if you UNDERSTAND the truth about 911, 'The holocaust', Sandy Hook, U.S.S Liberty, Gulf of Tonkin, Oklahoma City bombing etc, then you can overlook the frustrating 'con' and 'cherry pick' the information from the disinformation, and actually use the controlled media to glean as much truth as we can. So I present some of his videos which contain that 90% truth. In the same way I will use Alex Jones clips. While warning people about the 10% lies in my books and other markus rehbach youtube channel videos. So now to some of that 90% truth.

Israel has bombed 8 U.N safe haven schools in Palestine...mass media showed propaganda footage of missiles being launched from these schools...though never been independently verified...Israel propoganda films placed on youtube...claim HAMAS using U.N safe haven schools in Gaza strip, occupied territory, basically an open air ... planned mass murders on U.N schools, hospitals...U.N called Israeli army 17 times to tell them not to bomb the U.N school, Israel refused... the U.N school spent hours on phone begging the Israeli military to stop bombing just for a short time to allow the U.N to evacuate the kids from the school before they continued bombing, and Israel refused to allow them to evacuate...bombed and killed 15 kids... using military against pure civilian population in U.N safe haven school ... claims HAMAS fired rockets from that school ... HAMAS uses people to protect their bombs, and Israel uses bombs to protect their people... Israel will kill the 'human shields' ... in the name of god and Israel... so appears soon Zionists will turn on 'Jews' in Israel... encouraging Israeli military to become butchers, to turn public opinion against Israel...will shock Israeli's when the mass media, who they thought 'Their guys' owned, turns on them...because the Zionist 'Jews' are only nominally 'Jewish', and have their OWN agenda...have
just been using world 'Jewry' as a pawn in their plan...and will soon do the same to the U.S.A, when they are ready to bring down the U.S.A, after having 'milked' it for all they could, bankrupted it many times over...prison...the Zionists are going to turn on Isreali Jews very soon...they have always been using them, just as they used the Nazi party, use any Arab/ Islamic resistance fighters, used the U.S.A...are planning to turn public opinion AGAINST Israel very soon (after decades of propaganda / censorship of truth about Israel)...it will be very easy...just state facts openly for once in mass media...start reporting facts of atrocities...war crimes...Please take a moment to consider how much time it takes to review hundreds of media reports, books, articles, etc and then write up something compelling and comprehensible for the general public, then proof read it, edit it, then record it, edit it, add sub-titles and commentaries, edit together images and film footage, and then upload it to several social media channels...it is a full time job...and very few people have the luxury of a private income to allow them to dedicate their time and energy to this task i.e to simply feed, clothe, and house themselves (not to mention any dependants) so that they can carry out this task...they need computers, internet connections, software...then consider what a sacrifice it is to work so hard, long, and take such risks (imprisonment is the least of them, professional suicide is guaranteed if you speak the truth, and rejection/abandonment by most 'sheeple' who believe their own 'guy' is 'alternative media' and 'on their side' and their guy says YOU are a right wing extremist with some nasty dark agenda or just batshit crazy and anti-semitic)...then ask yourself who these supposed 'alternative media' 'independent media' are being paid by...who is paying their research staff, the people off-camera doing their editing, cueing up footage and screenshots, doing the audio and video...who is paying for all their books, videos, staff, health insurance...if they are Independent...and yet somehow managed to put together professional looking and sounding shows...by selling water purifiers? books? vitamins? t-shirts?...if you believe that, then demand an audit of their books, to see where their money REALLY comes from e.g Alex Jones Dis-InfoWhores...they will act like the establishment hates them, and the 'establishment' will support this idea by appearing to 'hate' them...but it is world federation wrestling all over...even Hitler was never really HATED by the Zionists...they were using the Nazi's as means to THEIR own ends...which is why on one hand they declared war on Germany before WWII, and imposed a worldwide boycott of German goods, while their banks in the U.S were secretly financing the Nazi party, U.S foundations were financing Nazi programs in Germany, and right up until the declaration of war was to be made, they were glorifying Hitler (e.g as Times man of the year!!)...I need to write an entire book about the 'World Wrestling Federation' model of how the Zionists play off various supposed 'enemies', then make them real enemies, to demonise and glorify and demonise in turn, all manner of people and institutions, simply as part of their plan for hegemony...oh, and it works...it
worked... but I have so few readers of my current books... what would drive me to invest the same suffering, anguish, frustration, irritation, migraines, hopelessness, ... into researching and writing another book, when at any moment the police can appear at my door and take me to prison, and the impact of all my sacrifice is so small... because of human nature... because people are what they are... and I've never had a chance to 'correct' for this by educating them / informing them... getting them to 'face facts'... why write another brilliant book that will only get me in prison, and reach only a few people? ... how 'impeccable' a 'warrior' is it possible to be... to continue along this path??... end note... the U.N confirmed that NO missiles were EVER fired from ANY U.N safe haven school... but the corporate media pretend it is still 'unconfirmed' and the question of HAMAS missiles is still 'up in the air'... as if gravity is still 'unconfirmed' and 'up in the air'... There are NO military targets in Gaza... only civilian targets... HAMAS has no military presence in Gaza... it is an open air prison... the REAL Holocaust... a repeat of the biblical holocaust all you 'Christians' and 'Jews' appear to be so PROUD of ... I am the opposite of speechless... I have too much to say... please read at least the 3 books I have written on 911 and the New world order. If I can manage it somehow I will continue trying to make the obvious so clear that even the constant lies of the mass media and controlled 'alt' media cannot shout me down... but it requires YOU to become the hero of this story. The heroine. The freedom fighter. Fighting ONLY with TRUTH. BEcause the truth will set you free, it is the Zionist 'Jews' Kryptonite. Please please please always note the ' ' when I write 'Jews'... I am not anti-Semitic... all languages are equal to me... I have no irrational hatred of anyone... I hate lies... they are almost NEVER 'noble'... they are the enemy... they create mental prisons... they enslave you, and billions of other sentient beings... the truth will set you free... not dogma... not 100% certainty... but Zen open-minded search for truth... skepticism... the SEARCH for truth that makes not 'exceptions' for 'noble' lies... as unless you are speaking to a child about a dead pet or parent, or to a dying person, NO lie you tell is really NOBLE... it is just a weapon for some group or person trying to enslave you !!! Happy Next Lives. You know I think about the countless other worlds that probably exist... all the countless billions of stars out there... all the countless probably realities operating on different frequencies, and I wonder why I bother with this hell of a prison planet, with its stubborn would-be slave masters who complain about injustice and slavery only when they are its victims, and never when they are its perceived beneficiaries... are any of us here innocent? Didn't WE create this world? Well I am going against Buddha to give you all a chance to show your true colors. By informing you. By empowering you with facts, truth, and compelling arguments. By giving you understanding. So that you can then choose this world, or the world that it COULD be. But it is up to YOU. Not me. I am trying my best. YOU have to stand up and be counted among the truth seekers, the justice seekers. For right now almost 99% of you are NOT innocent
victims. You are perpetrators. You reproduce the system of lies, inequality, injustice, and violence against the less powerful sentient beings on this planet. Please wake up. I hope one day we can meet as equals, in some dimension, on some world, where life is once again a 'game' worth playing. A playful, fun, exciting, rewarding, joyous, pleasurable experience. Oh, one last point...imagine if you represented a billion dollar industry that could 'donate' 10 million dollars to a political candidate (if you could donate it to BOTH candidates for president) and in return be able to dictate the laws impacting your industry, and thus save/benefit to the tune of billions of dollars? Would you do it? And if you could buy out the mass media, so that NO negative reporting was EVER made about YOUR industry, allowing you to get away with warcrimes, illegal wars, environmental destruction, slave-wages, import controls and export subsidies, would YOU buy out the mass media? And if you owned the Fed, and could 'print' the money needed to pay for it, at almost ZERO cost? Would YOU NOT do this? Oh, and Noam Chomsky (controlled opposition from whom you can get valuable info i.e the 90% truth) 'nailed it' when he said 'When the mass media direct your attention towards sex scandals, that is the time to reach to check you still have your wallet' i.e the Monica Lewinsky affair was used to mis-direct public attention away from something very important they did NOT want you to pay attention to...real acts of treason by Clinton, selling military secrets to China...it is the old 'misdirection' trick of magicians...have you watch the sexy assistant while he sets up the trick...by the time your attention has returned to the magician, the trick is set up, and no matter how closely you look NOW, you will never work out the trick (he set it up while your attention was elsewhere, and SEX is the hard-wired sub-conscious attention attractor!) ... Of course while the mass media had you wondering about Bin Laden (CIA operative Tim Osmond), they were stripping you of all your hard earned wealth...if you haven't noticed it gone yet, don't worry, soon it will become apparent...right now 'Quantitative Easing' is hiding the fact that your pension is worthless ... 'money' is not circulating ... the money 'printed' has not really entered 'circulation'...when it DOES, the multiplier effect and 'velocity' of money supply will SUDDENLY lead to MASSIVE inflation like that of pre-Nazi Germany in the 1920s...and just like in Germany at that time, your 'savings' will become worthless in a matter of months...
corporate media keep claiming, like Holocaust, that their 'lies' MUST be true
because ALL the corporate media repeat them ... refer to 'facts' supposedly
supported by independent research/observers who turn out to be totally funded
by corporate/establishment and don't actually report/investigate anything ... 
actually fake reports i.e crisis actors/green screens ... NO people 'on the ground'
i.e sources all compromised, NOT independent ... Chomsky re: sure some
reporters BELIEVE what they are saying, like some Jews believe Holocaust
happened...but based on WHAT? ... then fact is that ANY reporter/professor etc
who does NOT believe, will NEVER be promoted to top public positions i.e so
WE never hear THEIR alternative views...recently MANY top rating news and
public affairs presenters, including Donahue, were fired/their shows 'dropped'/
cancelled, because they could not be trusted to repeat the 'party line' i.e they were
ANTI Iraq war, ANTI Vietnam ... so WE never get to hear from THEM...so if
there ARE any independent media personalities, they never get far in the
industry, and if do, they are simply 'blacklisted'... AT THE SAME TIME the
corporate media ensure APPARENT diversity of opinion i.e hype up some
harmless media personality as being an 'extremist' and 'in your face' reporter,
'holding the corporations/politicians feet to the fire' etc...when really are just
there to give the IMPRESSION that the public IS hearing the worst/strong
critique/someone IS holding the establishment accountable e.g 'Ed Snow-Job'
Wiki-harmless 'leaks', Alex Jones Dis-Info-Whores, even 'Jimmy Dore' (who
presents Murdoch as 'An Australian' (rather than the son of a Jewish Woman,
therefore a 'Jew') and himself as 'Irish' (as if there are no 'Jews' in Ireland, and he
is NOT himself 'Jewish', which all his mannerisms and comedy 'voices' are
typical of) ...this is 'controlled opposition'... 'bait and switch'... 'yes set
formation'...NLP... offer you an apparent 'hard hitting critique' of the
corporations/establishment, winning your confidence with 90% truth...but being
VERY careful to avoid that 10% that would REALLY wake you up, and make all
the difference...you think you've found 'The truth'... 'your guy'... 'your
people'...who are really 'putting it to the man'...because they tell you stuff the
mainstream media won't report, appear to get angry at the establishment and
corporations and their colleagues in the 'corporate media'...but if you fall for that,
then you probably believe that WorldFederation Wrestlers hate each other, and
the wrestling is 'real'.... THE MAIN 'TELLS' BY WHICH YOU CAN 'TELL'
CONTROLLED MEDIA, I.E THE 'EXTREME' ENDS OF CORPORATE
MEDIA DRESSED UP TO APPEAR INDEPENDENT AND 'DANGEROUS'
TO CORPORATE INTERESTS, IS THAT THEY 'LEAK' HARMLESS
INFORMATION WHILE HYPING UP THEIR 'LEAKS', AND
WITHHOLDING 'LEAKS' LIKE WIKI-LEAKS OPENLY HAVE DONE,
WHICH MIGHT ACTUALLY BE 'DANGEROUS' AND 'REVEALING' OF
THE NWO JEW WORLD ORDER, THEY ALWAYS TALK OF BIN LADEN
AND ARAB HIJackers AND PLANES IN RELATION TO THE WTC AND
PENTAGON 911 ATTACKS, WHEN NO PLANES WERE HIJACKED, LET ALONE INVOLVED IN THE 911 ATTACKS, AND ISRAEL CIA-MOSSAD CARRIED OUT THE ATTACKS...THEY WILL DEMONISE ARABS AND ISLAM IN THIS WAY ... AND THEY UPHOLD THE 'HOLOCAUST' LIES ... WHEN THERE IS A MOUNTAIN OF COMPELLING EVIDENCE THAT 'THE HOLOCAUST' DIDN'T HAPPEN, AND COULD NOT HAVE HAPPENED ANYTHING LIKE DESCRIBED, FOR PURE SCIENTIFIC, TECHNICAL, MECHANICAL, CHEMICAL REASONS I.E THE OFFICIAL DESCRIPTIONS OF WHAT HAPPENED, LIKE THE 911 OFFICIAL VERSION, IS SIMPLY PHYSICALLY IMPOSSIBLE BASED ON FACTS...EVEN BEFORE ANY INVESTIGATION (WHICH HAS NEVER OCCURED IN EITHER STORY)... finally, realise that 6 huge corporations which own the mass media and Hollywood are owned by the same people who own e.g General Electric and Halliburton, i.e the war profiteers...Murdoch stated he was pro-Iraq war, and would do everything to bring it about...so we were totally lied to by the mass media about 'WOMAD', the politicians lied about WOMAD, it was proven, but NO.ONE has ever gone to prison for the 500,000 war dead war-crimes which we CAN prove, while thousands of people rot in solitary confinement for 'Holocaust denial' and 'Open Borders' critiques, when there is NO evidence that 'The Holocaust' occurred, or that 'Open Borders' are good for the nations opening their borders...

Note you need to have a stomach for disillusionment i.e to face the fact that most of your 'Alternative media' heroes are really controlled / embedded opposition working for your enemies i.e they are 'false friends' who make you feel confident you are getting 'all the facts' from an 'ally', so that you won't go elsewhere to find your 'truth' ... like the very few unfunded, poorly resourced independent researchers / reporters whose Youtube accounts are demonitized so they cannot earn any money for their effort / sacrifice / risk, after having to invest their own personal money in the equipment, computers, software, and support help to prepare and present work they keeps them from doing other work from which they could earn a living...basically shutting them down...while funding Jimmy Dore, Alex Jones, Stefan Molyneux, and hyping Ed Snow-Job, Julian Assange Wiki-Leaks etc, while pretending to 'hate' them and to be 'after' them...like the CIA couldn't 'take out' Assange? and the U.S just happen to block Snowden's passport just AFTER he arrives in Moscow... Putin describes Wiki-Leaks and Ed Snowden best when he says getting REAL intelligence / information / leaks out of these guys is like 'shearing a pig...you get a lot of squealing but very little wool'...think about how LITTLE REAL 'intel' has been revealed compared to the huge hype attached to WIKI leaks and Snowden...then watch a simple video with Eva Bartlett and compare how much information :
hype you get from her ... Then hear Jimmy Dore and obfuscate, laughing, to give you idea that Rachel Maddow (30K a day Maddow) is NOT jewish...that 'Jews' do not control the mass media, while admitting 6 corporations own the mass media...and Murdoch is 'Australian'...totally avoiding the 'old canard' that 'Jews' are ALWAYS 'Jews' first ... have interests of the 'Jewish' Old Testament / Torah / Talmud community .... that 'Jews' are never 'Nationalists' except when it comes to 'Israel'...though pretend to have a patriotic agenda, they NEVER do what is best for any nation except the 'Jewish' nation which is spread out across the entire world...and today owns most of it...and 'rents' the rest via corruption / bribery / blackmail / propaganda ...

Michale Moore, in his latest movie, displays perfectly tuned NLP 'yes sets' at the start, to gain your rapport, by appearing to 'agree' with you about Trump...he is 'mirroring' now (telling you what you want to hear, based on expensive polling / social research) to gain your attention, trust, confidence, empathy...but his intention is to then 'lead' you away from Trump to his 'girl' Clinton ... he will appear to understand you, and why you believe Trump was good for you and American and the world (not that I am saying Trump is any better than any other Zionist Golem in U.S / world politics) ... then gradually give you 'reasons' i.e obfuscate and confuse you, as to why 'his girl' is actually better for you and the U.S...

Like Jimmy Dore, Alex Jones and co will appear to be really 'angry' at the establishment... two things are possible...they are either unable to face the truth and facts, which is common enough...or they are aware of the truth / facts, and are part of the conspiracy... like World Wrestling Federation 'wrestlers' are actors with a vested interest in the WWF system itself, which pays them...they don't 'hate' the other wrestlers...they are all actors on the same stage with the same paymasters...the same shared interests...knowing you get more 'chumps' by pretending to hate each other...like 'hard hitting' mass media and 'Alt media' pretending to be anti-establishment, anti-new world order, anti-war ... they are MUCH angrier and more truthful than the mainline mass media, so they APPEAR to be genuinely alternative and independent, but they are just the far edge of the corporate conventional mass media, and carefully control what information they 'leak', being extremely careful NEVER to reveal anything REALLY damaging to the New world order, JEW world order agenda... and by filling possible 'alt media' niches with their own people, it prevents REAL alternative media ever gaining a foothold...takes up all the available viewers...gains their confidence / trust / interest with well funded (secretly) and professionally trained and coached and supported presenters like Alex Jones,
Jimmy Dore ... these supposed 'Alt media' complain their videos are demonitised, so they appear to be 'victims' like you...but their funding comes from elsewhere, and they are ensured HUGE rewards once they have completed their 'missions'...like Dick Cheney getting a 32 million dollar 'paycheck' from the military industrial complex after leaving office ... even Clinton's daughter got paid hundreds of thousands of dollars to give 'speeches' at companies her parents 'helped out' during their terms of office...get 'consultancy' positions, positions with lobbyists, all basically massive reward, no effort/work positions...simply way of rewarding them for what they did WHILE in office...even Bernie Sanders got a luxury holiday home the day he stepped down...he was the 'Jew' playing for public support, which was always meant to be transferred to Clinton...i.e he was the cute puppy dog, or sexy girl, in the t.v add selling the very unsexy / unpopular product...

Jimmy Dore WILL criticise Israel, and state obvious i.e that Israeli's murdering Palestinians in Palestine ... which is going to get out sooner or later, someone is going to state the obvious ... so you get YOUR guy to say it, to take the wind out of any potential REAL independent Alternative media...

Note that Jimmy Dore shows the main 'Tells' of being a Zionist ... that he is therefore controlled opposition, and not authentic 'alternate media'...He continues 'The Holocaust' lies and Nazi demonisation, he continues the official story of 911 being about Arab terrorists hijacking planes and flying them into the WTC and Pentagon, he continues the 'man-made global climate change' lie, even ramping it up to a 'man-made global climate change crisis which is at a tipping point right now'. He continues the story that Timothy McVeigh carried out the Oklahoma City bombing alone. He never implicates Israel in Afghanistan, Iraq, Yemen, or Somalia, and while he does once mention Israel in connection with Syria, he insists that the reason the U.S is trying to topple the democratically elected and widely popular Assad, to put their own puppet in place, is because Saudi Arabia wants to build a natural gas pipeline through Syria to supply Europe, and RUSSIA does not want this ???. Sure this is a reason for Russian support for Assad, but why would Assad fight a war for Russia? So this is a good example of the controlled media's obfuscation. They come close to a fact that Israel and the Zionist 'Jews' don't want known / understood, and then obfuscate it, and mis-direct us towards Saudi Arabia. He does this in this example, and all the others do it with 911 and 'the war on terror'. These are part of the 10% of lies he is there to
promote and protect, by offering 90% truth about what is going on. After being satisfied by that 90% truth, most people will go along with the 10% lies, feeling no compulsion to doubt ANYthing he says. So when he, Alex Jones, Stefan Molyneux, Noam Chomsky (which especially breaks my heart), Ed Snowden, et al, go along with the 'official 911 story' and the corporate media in which 'a handful of Islamic Arab terrorists' carried out the most elaborately staged event in history, in the process of which they broke the laws of physics, aeronautics, and credulity, you won't bat an eyelid. They have you in their trance. They have misdirected you at the key points in the 'trick'. You will NEVER understand what is going on. But if you UNDERSTAND the truth about 911, 'The holocaust', Sandy Hook, U.S.S Liberty, Gulf of Tonkin, Oklahoma City bombing etc, then you can overlook the frustrating 'con' and 'cherry pick' the information from the disinformation, and actually use the controlled media to glean as much truth as we can. So I present some of his videos which contain that 90% truth. In the same way I will use Alex Jones clips. While warning people about the 10% lies in my books and other markus rehbach youtube channel videos. So now to some of that 90% truth.

Israel has bombed 8 U.N safe haven schools in Palestine...mass media showed propaganda footage of missiles being launched from these schools...though never been independently verified...Isreali propaganda films placed on youtube...claim HAMAS using U.N safe haven schools in Gaza strip, occupied territory, basically an open air...planned mass murders on U.N schools, hospitals...U.N called Israeli army 17 times to tell them not to bomb the U.N school, Israel refused... the U.N school spent hours on phone begging the Israeli military to stop bombing just for a short time to allow the U.N to evacuate the kids from the school before they continued bombing, and Israel refused to allow them to evacuate...bombed and killed 15 kids... using military against pure civilian population in U.N safe haven school ... claims HAMAS fired rockets from that school ... HAMAS uses people to protect their bombs, and Israel uses bombs to protect their people... Israel will kill the 'human shields' ... in the name of god and Israel... so appears soon Zionists will turn on 'Jews' in Israel... encouraging Israeli military to become butchers, to turn public opinion against Israel...will shock Israeli's when the mass media, who they thought 'Their guys' owned, turns on them...because the Zionist 'Jews' are only nominally 'Jewish', and have their OWN agenda...have just been using world 'Jewry' as a pawn in their plan...and will soon do the same to the U.S.A, when they are ready to bring down the U.S.A, after having 'milked' it for all they could, bankrupted it many times over...prison...the Zionists are going to turn on Israeli Jews very soon...they have always been using them, just as they used the Nazi party, use any Arab / Islamic resistance fighters, used the U.S.A ... are planning to turn public opinion AGAINST Israel very soon (after
decades of propaganda / censorship of truth about Israel) ... it will be very
easy...just state facts openly for once in mass media...start reporting facts of
atrocities ... war crimes ... Please take a moment to consider how much time it
takes to review hundreds of media reports, books, articles, etc and then write up
something compelling and comprehensible for the general public, then proof read
it, edit it, then record it, edit it, add sub-titles and commentaries, edit together
images and film footage, and then upload it to several social media channels ... it
is a full time job...and very few people have the luxury of a private income to
allow them to dedicate their time and energy to this task i.e to simply feed,
clothe, and house themselves (not to mention any dependants) so that they can
carry out this task...they need computers, internet connections, software ... then
consider what a sacrifice it is to work so hard, long, and take such risks
(imprisonment is the least of them, professional suicide is guaranteed if you
speak the truth, and rejection/abandonment by most 'sheeple' who believe their
own 'guy' is 'alternative media' and 'on their side' and their guy says YOU are a
right wing extremist with some nasty dark agenda or just batshit crazy and anti-
semitic)...then ask yourself who these supposed 'alternative media' 'independent
media' are being paid by...who is paying their research staff, the people off-
camera doing their editing, cueing up footage and screenshots, doing the audio
and video ... who is paying for all their books, videos, staff, health insurance...if
they are Independent...and yet somehow managed to put together professional
looking and sounding shows... by selling water purifiers? books? vitamins? t-
shirts?...if you believe that, then demand an audit of their books, to see where
their money REALLY comes from e.g Alex Jones Dis-InfoWhores...they will act
like the establishment hates them, and the 'establishment' will support this idea by
appearing to 'hate' them...but it is world federation wrestling all over...even Hitler
was never really HATED by the Zionists...they were using the Nazi's as means to
THEIR own ends...which is why on one hand they declared war on Germany
before WWII, and imposed a worldwide boycott of German goods, while their
banks in the U.S were secretly financing the Nazi party, U.S foundations were
financing Nazi programs in Germany, and right up until the declaration of war
was to be made, they were glorifying Hitler (e.g as Times man of the year !!) ... I
need to write an entire book about the 'World Wrestling Federation' model of
how the Zionists play off various supposed 'enemies', then make them real
enemies, to demonise and glorify and demonise in turn, all manner of people and
institutions, simply as part of their plan for hegemony...oh, and it works...it
worked... but I have so few readers of my current books...what would drive me to
invest the same suffering, anguish, frustration, irritation, migraines, hopelessness,
... into researching and writing another book, when at any moment the police can
appear at my door and take me to prison, and the impact of all my sacrifice is so
small...because of human nature...because people are what they are...and I've
never had a chance to 'correct' for this by educating them / informing
them...getting them to 'face facts'...why write another brilliant book that will only get me in prison, and reach only a few people? ... how 'impeccable' a 'warrior' is it possible to be...to continue along this path?? ...end note...the U.N confirmed that NO missiles were EVER fired from ANY U.N safe haven school...but the corporate media pretend it is still 'unconfirmed' and the question of HAMAS missiles is still 'up in the air' ... as if gravity is still 'unconfirmed' and 'up in the air'... There are NO military targets in Gaza...only civilian targets...HAMAS has no military presence in Gaza....it is an open air prison...the REAL Holocaust...a repeat of the biblical holocaust all you 'Christians' and 'Jews' appear to be so PROUD of ... I am the opposite of speechless...I have too much to say...please read at least the 3 books I have written on 911 and the New world order. If I can manage it somehow I will continue trying to make the obvious so clear that even the constant lies of the mass media and controlled 'alt' media cannot shout me down...but it requires YOU to become the hero of this story. The heroine. The freedom fighter. Fighting ONLY with TRUTH. BEcause the truth will set you free, it is the Zionist 'Jews' Kryptonite. Please please please always note the ' ' when I write 'Jews'... I am not anti-Semitic...all languages are equal to me... I have no irrational hatred of anyone...I hate lies...they are almost NEVER 'noble' ... they are the enemy...they create mental prisons...they enslave you, and billions of other sentient beings ... the truth will set you free... not dogma...not 100% certainty...but Zen open-minded search for truth ... skepticism...the SEARCH for truth that makes not 'exceptions' for 'noble' lies ... as unless you are speaking to a child about a dead pet or parent, or to a dieing person, NO lie you tell is really NOBLE...it is just a weapon for some group or person trying to enslave you !!! Happy Next Lives. You know I think about the countless other worlds that probably exist ... all the countless billions of stars out there ... all the countless probably realities operating on different frequencies, and I wonder why I bother with this hell of a prison planet, with its stubborn would-be slave masters who complain about injustice and slavery only when they are its victims, and never when they are its perceived beneficiaries...are any of us here innocent? Didn't WE create this world? Well I am going against Buddha to give you all a chance to show your true colors. By informing you. By empowering you with facts, truth, and compelling arguments. By giving you understanding. So that you can then choose this world, or the world that it COULD be. But it is up to YOU. Not me. I am trying my best. YOU have to stand up and be counted among the truth seekers, the justice seekers. For right now almost 99% of you are NOT innocent victims. You are perpetrators. You reproduce the system of lies, inequality, injustice, and violence against the less powerful sentient beings on this planet. Please wake up. I hope one day we can meet as equals, in some dimension, on some world, where life is once again a 'game' worth playing. A playful, fun, exciting, rewarding, joyous, pleasurable experience. Oh, one last point...imagine if you represented a billion dollar industry that could 'donate' 10 million dollars to
a political candidate (if you could donate it to BOTH candidates for president) and in return be able to dictate the laws impacting your industry, and thus save/benefit to the tune of billions of dollars? Would you do it? And if you could buy out the mass media, so that NO negative reporting was EVER made about YOUR industry, allowing you to get away with warcrimes, illegal wars, environmental destruction, slave-wages, import controls and export subsidies, would YOU buy out the mass media? And if you owned the Fed, and could 'print' the money needed to pay for it, at almost ZERO cost? Would YOU NOT do this? Oh, and Noam Chomsky (controlled opposition from whom you can get valuable info i.e. the 90% truth) 'nailed it' when he said 'When the mass media direct your attention towards sex scandals, that is the time to reach to check you still have your wallet' i.e the Monica Lewinsky affair was used to mis-direct public attention away from something very important they did NOT want you to pay attention to...real acts of treason by Clinton, selling military secrets to China...it is the old 'misdirection' trick of magicians...have you watch the sexy assistant while he sets up the trick...by the time your attention has returned to the magician, the trick is set up, and no matter how closely you look NOW, you will never work out the trick (he set it up while your attention was elsewhere, and SEX is the hard-wired sub-conscious attention attractor!)... Of course while the mass media had you wondering about Bin Laden (CIA operative Tim Osmond), they were stripping you of all your hard earned wealth...if you haven't noticed it gone yet, don't worry, soon it will become apparent...right now 'Quantitative Easing' is hiding the fact that your pension is worthless... 'money' is not circulating... the money 'printed' has not really entered 'circulation'...when it DOES, the multiplier effect and 'velocity' of money supply will SUDDENLY lead to MASSIVE inflation like that of pre-Nazi Germany in the 1920s...and just like in Germany at that time, your 'savings' will become worthless in a matter of months...

Did you realise that the U.K would have to work full time, for 9 years, for NOTHING just to pay back its current national and private debts? This is WORSE than during the Weimar Republic, which lead to that famous hyperinflation and 10 Million Reichsmark bank notes... a loaf of bread cost a wheelbarrow of these notes by the end. The moment interest rates rise again, the U.K goes down.

Did you know that the U.S.A has had a WORSE debt situation than Greece, Portugal, Italy, and even Ireland, for years now. The situation in Greece had
NOTHING to do with economics. It was a pure Zionist Bankster take-down. Like Argentina.

Did you know that the way the banksters get rich is because inflation = the money supply multiplied by the 'multiplier effect' i.e. circulation of money...but whoever gets the 'new' money first can spend it at today's value...by the time YOU get it, it has produced massive inflation. This is why 'voodoo economics' and 'trickle down effect' only make the banksters richer, and is effectively a tax on the poor.

Soon the Zionists will start shouting about U.K and U.S debt as if it is a 'crisis' THEY didn't deliberately create. An excuse to wipe out your pension, increase taxes, reduce government spending on health, education etc, and even steal your money from your bank accounts. This has all happened many times in the past.

Remember interest rates on home mortgages going up to 23% in the West? No you don't. When it happens again, most of you will lose your homes, because it will not stop at 23%...it will be a worldwide Argentina and Greece.

Did you know that every time a false flag has occurred...a joint Israeli-U.S false flag (not the ones Putin created in Moscow etc), they are Russian-Israeli false flags, IMPORTANT DOCUMENTS RELATING TO AN INVESTIGATION OF A ZIONIST GOLEM OR GROUP HAVE BEEN DESTROYED....this was true of the first terrorist act of the 'modern age of terror'...the King David Hotel bombing, then the U.S.S Liberty (intel about Israeli torture was destroyed in the attack), The Oklahoma city bombing destroyed (or they removed afterwards) ALL the evidence against Clinton e.g. Whitewater, Arkansas finance fraud, CIA drug running, murders etc...the 911 WTC attacks destroyed the files for the largest fraud cases in U.S history...the Pentagon missile destroyed the offices where the files for the missing 2.3 trillion Pentagon money were kept...in all cases actual investigators into those cases were murdered in the attacks...

All this is fact...proven...if you are willing to listen

I expect the next false flag will be blamed on patriots, and it will be the Fed, to destroy all the records that would be revealed during any 'audit' ... and probably the NATO buildings in Brussels that house any documents relating to fraud (their
...and maybe the N.Y U.N HQ...all will be joint U.S-Israeli false flag attacks, carried out by people like Timothy McVeigh (maybe the man himself will take part, he was never executed, he is alive and well)...

Please wake up...Trump and Putin are both zionist puppets...Putin now has a net worth of over 40 Billion...Trump is bankrupt, and owes the Zionists billions

oh, and another note, under the Nuremberg trial rules, every 'Jew' killed by the allies and Soviets during WWII in German occupied territory, or who died of old age or any other reason, is 'counted' as a victim of the supposed 'Nazi Holocaust'. If 6 million 'Jews' were killed in the years of WWII, then at least 6 million Jews around the world were born during those years, according to the official 'Jewish' census carried out before and after WWII, as the census clearly shows an INCREASE in the number of 'Jews' in the world during WWII.

TROONATNOOR

Truth is Kryptonite to the Zionists

Reason Torah / Talmud NEVER mentioned the name of the Pharaoh at the time of the 'Exodus' is because it was Akhenaton who we know as 'Moses'... think about this...a supposed precise historical record does not contain the most important name in the entire history... Priests At On = ATON = ADON(AI)= LORD = The Sun = The light bearer = Lucifer = Anointed one = Lion King = Mars= sun arose / was born, in the sign of Leo, at the time that the entire Zionist (Goshen = Sion) religion / system emerged... Hyksos who conquered Egypt, put Akhenaton in power... Akhenaton later re-named Moses after Hyksos and he were expelled from Egypt... we cam to know these Hyksos as 'Jews'...They were expelled, overthrown, they were never slaves who were 'let go' ... Sol Om On... all astro-theology... etc... but most 'modern' 'Jews' converted and have NO genetic connection to the Hyksos who invaded, then ruled Egypt, for a few dynasties... Moses' snake-pole symbol of his power as Pharaoh Akhenaton... 'Davids' were members of Hyksos ruling elites... the 'Doves'... 'Dov-ids' or 'Coloms' (as in colum-bus) ... seed of 'David' reference to the Hyksos elites i.e original Zionists (from Goshen-Sion)... Knights of temple of Sol-Om-On (three names of the Sun) of Sion Si-ON... ON = Heliopolis = City of the Sun'... Templars... Lion = Leo = astrological sign of Leo in which sun rose during times
of Hyksos rule of Egypt ... over 2600 or so years Leo is replaced by Virgo i.e in times of 'new testament' the sun arose in the astrological sign of Virgo ... the virgin ... hence the 'virgin' birth of 'the sun of god', the seed of David (Hyksos rulers) we call 'Jesus' ... simply the anthropomorphisation of the sun rising in the constellation of Virgo ... The 'son of god' = 'Sun god' = light bearer = lucifer ...

'Dov-ids' or 'Coloms' (as in column-bus) ... seed of 'David' reference to the Hyksos elites i.e original Zionists (from Goshen-Sion) ... Knights of temple of Sol-OM-On (three names of the Sun) of Sion Si-ON ... ON = Heliopolis = City of the Sun'... Templars ... Lion = Leo = astrological sign of Leo in which sun rose during times of Hyksos rule of Egypt ... over 2600 or so years Leo is replaced by Virgo i.e in times of 'new testament' the sun arose in the astrological sign of Virgo ... the virgin ... hence the 'virgin' birth of 'the sun of god', the seed of David (Hyksos rulers) we call 'Jesus' ... simply the anthropomorphisation of the sun rising in the constellation of Virgo ... The 'son of god' = 'Sun god' = light bearer = lucifer ...

Holocaust Hoax deniers a.k.a holocaust skeptics, are dismissed as working backwards from an irrational hatred for Jews and looking for some way to justify this hatred ... when in fact most people today who have found the holocaust story to be impossible and clearly a lie based on the facts, working from these facts ... with no irrational hatred of Jews ... before or after having discovered the 'biggest lie ever told' to be a part of the ongoing pre WWI, then pre WWII, then post WWII propaganda of '6 million Jews' being at risk of death at the hands of the Russian Tzar, then in Eastern europe in general during WWI, then in German occupied territories during WWII... the people who dismiss 'holocaust skeptics' as 'deniers' have invested ZERO effort into considering the facts and arguments of the 'holocaust skeptics' ... they just consume and reproduce the official version of history as if the official version of events has NEVER ever been proven biased in favor of the 'victors' of wars etc... completely naive...few people EVER look into the facts...they consume propaganda films like 'Schindlers' list' as if these are documentaries...and the producers fail to mention that such films are 'fiction'...at least the author of 'Schindler's list' was honest enough to state this at the start of the novel ... a fictional novel ... which most people naively consume as a fair representation of 'Nazi's' during WWII... any time a 'holocaust skeptic' is imprisoned, most recently an 87 year old German woman, they misrepresent
them as 'far right wing extremists' and 'virulent anti-semitic' and 'infamous neo-nazi' ... to discredit them and dismiss them, ensuring that few people will look into the facts ... after all, the ONLY people who are EVER skeptical about 'The Holocaust' are all far right wing anti-semitic neo-nazi's, so why waste your time looking into what they have to say, right? Ursula Haberbeck...the Zionist Shill I saw commenting on the arrest and 10 month prison sentence made a big thing about how that name, to him, sounded terrifically anti-semitic, as if no-one with such a name could or should be taken seriously at any level...pretending to support her right to freedom of speech while ridiculing and demonising her...'notorious extremist'...nazi propaganda, far right extremist...'holocaust biggest and most sustained lie in history' 'hair raising nonsense' 'she is a lost cause' ... MHR Germans, with typical incompetence and poor organisation, set up death camps, sent out the orders to kill all the Jews, but somehow millions survived WWII, even surviving multiple stays at multiple death camps...Hmm...those Germans, so incompetent and badly organised, I mean they should be ashamed to call Auschwitz a 'death camp', considering how many 'survivors' of 'The Holocaust' there were...really...shame on you Hitler, shame on your Germany, you can't even manage to kill completely unarmed women and children...you call THAT a death camp...you made yourselves the laughing stock of the world !!! 20% of Israeli 'Jews' are 'Russian' 'Jews'... The TRUE Holocaust was committed by 'Jews' in Russia ... the 'Russian' Revolution was a 'Jewish' enterprise financed by Jewish Banker Jacob Schiff in New York ... Ask solzhenitzsyn how many 'Russians' were murdered by the 'jews' who called themselves 'Bolsheviks' and 'Communists'... they overtook the political process at the time of the Tzars abdication ... turning it violent, away from democratic, giving the budding democracy zero chance ... Jews even own Disney (claiming Disney was an anti-semite) ... Single biggest mass murders committed by Bolshevik 'Jews' in 'Jew.S.S.R'...minimum of 10 million, up to 70 million 'murdered' or 'worked to death' by Soviet 'Jews'... Jacob Schiff's partner founded Fed. Reserve...Schiff co-founder of CFR in N.Y ... people not opposed to Zionism because they are 'Jews'...but because of what they have done, and continue to do, what they are DOING, not what they claim to be i.e it is not a question of them being 'Jewish', but what they do...if they were Amazonian Indians doing what they do, we'd be rational to oppose them ... even hate them ... as you should hate lies, deception, deceit, slavery, violence, crime ...

MHR Claim that bones found re: giants, prove bible stories correct miss point that bible stories, and ancient myths / tales of other people's could just as well have been attempts to explain similar finds of such skeletons in the past...i.e tail wagging dog ... in way that reinforced the status quo religious powers etc ... And ancients knew how to pour concrete i.e cement and lime / sand, so many of the
huge 'stone' monuments are actually poured concrete, rather than hewn / carved / transported quarried stone ...

San Bernadino...3 athletic white men in black ... long pants and long shirts ... 2 dead bodies...one in shorts was female, the other short black shirt ...both were handcuffed ... reports state they were firing out the windows of the black SUV and throwing pipe bombs out the windows ... but ALL the windows of the SUV were fully wound up ... either intact or shot out ... guy who claimed to have received text message wearing a hat with the Freemason G and logo ... event took place right in middle of training exercises / drills for such an event (just like 911) ... so huge number of cars and personnel at scene of 'shootout' inside 11 minutes ... question also why on earth the supposed shooters had come back so long after allegedly shooting dozens of people ???

Psychopaths ensured fast rise to top of any corporation, if the ONLY reason for existence of a corporation is profit ... makes it logical to destroy production e.g food even as people starving, to drive prices up in 'Grapes of Wrath' children dying of pellagra and malnutrition while fruit being burned to drive up prices, putting kerosene to oranges even as starving people, who had travelled miles to get some food, stood by and died of malnutrition... even logical to burn down houses to drive up housing prices...after Wallstreet fraud lead to housing bubble and crash...criminals got millions in 'bonuses' at same time as people being kicked out of their homes ... even people who had paid their rent (the owner had defaulted on their mortgage)... Standing Rock drillers drilling without permits i.e oil pipeline being constructed without permits...New Jersey fired own Unionised police and hired back non-Union police ... no bankster ever prosecuted ... banks bailed out, but people kicked out of homes... Govt. only prosecutes whistleblowers... investigative reporters ... anyone who speaks up about corruption, propaganda, e.g professors against WOMAD lies, against man-made global climate change, and 'The Holocaust', even 'Open Borders'...

N.B another 'Tell' about 'false friends' 'controlled opposition' is how they look away from the camera and laugh to self when speak about 'The elites laughing at us'...as THEY are trying not to laugh at YOU, falling for their NLP 'Spiel'...

The Zionist occupied west is 'A conspiracy of criminals', to quote Saint Augustine.
Greek notion of horse and rider... rider is Reason, horse is passions, bridle is will... tripartite soul... reason, will, passion, logos, ethos, pathos... adopted by Aquinas and Catholic church... Freud's subconscious attack on this? i.e psychoanalysis weaponised psychology i.e redefine 'soul' from 'christian-greek' to a 'jewish' weaponised version mean to undermine goy culture...

Margaret Mead (Australian who committed academic fraud re: book on Samoa) and her Jewish role model Franz Boas (....ironically responsible for elimination of the notion of 'race' i.e that no races exist, that no 'superior' races etc... Jews central to entire project of education / re-socialisation / destruction of close family / and notion of 'European race' i.e to destroy 'race' ... if it were any other group other than the most racist supremacist ideology, i.e 'Jews' ??? ethnic warfare... claiming racism is a 'white' problem i.e European problem... not universal... MHR aim to destroy goy culture / race so Jewish 'race' could dominate them... Jews aim eliminate nationalism, nuclear family, Christianity, to undermine Western society, so not capable of resistance to Jews... Jews MOST authoritarian, most pathological family and race identification... most pathological to NON-jews i.e racial supremacy of Jew, with strong Jewish family bond, and strong identification with group / own religion... i.e strengthen Jewish I.D / organisation/strength as a unified, co-ordinated, organised group that views 'non-Jews' i.e non members as threats, inferior, there to be exploited to benefit of own group... while weakening Non-goy I.D / organisation / strength undermined / eliminated i.e atomise the non-Jews... and unifying the jews... total domination of Jews in education incl. universities... Jewish immigrants given automatic higher degrees, often without
any documentation / proof / evidence of academic credentials, so universities filled with jewish lecturers after WWII...ADL etc financed publications which served jew's own narrow vested interests...Jews cohesive minority exempt from rules applied to majority ... racial supremacist unified group Vs all others to be atomised...dismantle majority culture piece by piece e.g divide into 'feminist', gay, bi-sexual, catholic, protestant,... Jewish culture assumed special and exclusive i.e notion of exceptionalism i.e only Jews have right to own culture, 'race', and power...all moral authority vested in Jews who are only group allowed to promote their own 'race' and 'group' and 'religion'...only Jews have right to sovereignty i.e greater Israel has moral right, but Germany doesn't, to exist i.e notion of 'nation' for a particular ethnic group...

(Professor Robert Faurisson in Sweden 1992, already aged 67) RECYCLED LIE OF HOLOCAUST 22 march 1916 in london daily telegraph falsely reported that Germans/austrians/bulgarians had gassed 700,000 Serbs ...in churches or delousing facilities in gas chambers disguised as shower rooms...this during WWI...i.e typical war propaganda...same story we have today, was 'coined' during WWI, though war revisionists after WWI debunked this story, and belgium babies hands cut off rejected as war propaganda...but lie recycled in 1941 ...this time it was Germans and Austrians (and other anti-semitic allies) rounding up and gassing Jews...in 1920s the revisionists 'revised' these propaganda lies, and they were rejected by public...as war propaganda...in 1941 lies recycled, most people short memory ...June Daily Telegraph 1942 '700,000 Jews murdered by Germans'...just changed the 'victim' in this propaganda story...
with all the supposed 'witnesses' who 'saw' their families 'go up the chimneys' after 'dying in gas chambers' but not one single description of a gas chamber, and how it operated, that bares any relation to what we know about how it would have HAD to be organised... no-one questions that millions of people died during WWII.

Vergassungskellar? Vs Kammer...Vergassung of clothing, bedding, i.e fumigation / de-lousing/ dis-infestation ... Vergassungs equipment would be stored in cellar i.e must be kept cool and dry, with ventilation, away from general camp population ... so references to 'Vergassungskellar' Allied documents translated 'Vergassung' officially to 'fumigation'...

SonderAktion codeword 'special action' referred to extermination of jews? pure speculation ... any action that is unusual / out of routine would be 'special' action

Kramer diary proved that fumigation gassings occured to fight lice...doctor from camp handed over his diary voluntarily to allies

no evidence that camps were 'extermination' camps e.g Auschwitz ... not all suffered...many were quite 'successful' in camps...own currency etc...allowed to travel between camps when requested...swimming pool, soccer field close to crematorium 3 where people supposedly gassed...ball often landed in garden of this supposed 'gassing' chamber...had hospital ...many orchestras in Auschwitz...music to gas by?...note synthetic rubber / oil plants all documented by Allied aerial photos...Quarantine Lager and work-camps...many people spent only 12 days in Auschwitz before being moved on...

1985 establishment historians testified in toronto that couldn't trust Kugarstein, who claimed had witnessed gassings...his descriptions were absurdly impossible...

Rudolf Hess had been tortured...after transfer to Poland the Poles authorised him to state who, how, by whom he was tortured...beaten with whip...forced to drink alcohol, signed confession while drunk...American prosecutors at Nuremberg read out ... A British Miltiary policeman, a jew named Clarke had carried out the
torture...MP...with 5 or 6 other people...he admitted publicly...took 2.5 days to get this confession from Hoess...included dragging out naked into freezing prison yard...beaten...and what he said about 'gassings' doesn't add up / not accurate / not possible i.e made up stories that couldn't be true...

1943 Hitler's election lead to economimc boycott on Germany...the boycott proved disastrous for Germany, at height of depression..'Judea declares war on Germany' at this critical time...British admitted that the German nation would be destroyed within a few years due to its dependance on exports to finance its food and energy imports...dependent on imports for survival

Final solution was territorial, not genetic...idea of relocation of Jewish people, not their extermination...though Germans against noble and valiant arabic people having jews foisted on them in palestine...

British South African Boers put in awful camps, huge death toll of women and children...deliberate policy...

15/16 year old in Birkenau, with two sisters, in camp...required surgery after accident...in 'death camp'...he wrote book published 1956, wrote it in the night in camp...Elisias' surgery was successful...2 weeks later Russians 'liberated' jan 1945 A.d liesel...was offered choice to stay in Auschwitz and await the russians, or to go to germany with the germans...aire diesel? what's the name? can't understand Faurisson...germans offered to give him and his family papers to travel with them...Eri Wiesel? Eri Liesl? reported blood spurting up in geisers from the ground...Eri Liesl? 'every jew should set apart in his soul a zone for hatred for germans'...

Simon Wiesenthal claims to have 'survived' up to 11? death camps? The Germans failed to kill him, and instead sent him on to another camp, 10 times? So many proofs ... photo in book of his supposed to be 3 inmates being shot by germans, was photo taken in u.s magazine life, showing german soliders being shot by U.S troops...manipulated ...simon claims at time he survived 4, 8, and even 11 extermination / death camps ... moved from camp to camp?...why? ... making money from his lies...even lied about Faurisson...who visited him in Vienna, was given info and addresses, very cordial and helpful, but later when asked about Faurisson, he claimed that when he'd come to his home, he'd refused to speak with him...
Anne Frank's diary now published as 'dual' author book i.e father added own material, using ball point pen, proven later when ink analysed proving the ink used had NOT been available at time Anne supposedly wrote it...and in recent editions the authorship is dual...Otto Frank and Anne Frank...some parts written in ink that was not existent during war, and from a ball-point pen...therefore written after war...Anne Frank died in Bergen Belsen from typhus...of course terribly sad story, but being used to promote WWIII, so hardly 'noble' lies...

Karl Lovsky? Karlovsky? Treblinka Train driver who had claimed he'd delivered Jews to 'camp'...day after day...in Treblinka...real limits of camp much smaller than what is presented today as 'camp'...transit camp...told Faurisson he didn't realise until after the war that was delivering 100s of 1000s of Jews to camp had NEVER seen anything of what later reported...Karlovsky?...though claimed didn't know he was bringing them to their deaths, until informed of this after the war...he admitted he'd never seen ANY evidence of any 'death' camp...

'A gigantic lie on clay feet' ... MHR at some point the Zionists will throw the 'Jews' under the bus, and 'leak' a whole bunch of details, to turn the world against the 'Jews' again, as part of plan for WWIII...

MHR does bible suggest Zionists will be defeated? synagogue of satan are Zionists? or 'Jews'...???

so many survivors, so many lies already debunked, not a single photo or even 'plan' of a gas chamber (so what was 'reconstruction offered to visitors a reconstruction of? i.e based on what?

Air raid shelter / temporary morgue (which claimed was gas chamber) had ziz-zag walls so any blast wouldn't travel through entire shelter if penetrated (can see clear markings on the walls where these bomb-blast diffusion walls had been...Zyklon B highly explosive...

The germans always wrote 'territorial endlosung' in relation to 'the jewish problem', never 'endlosung' by itself...i.e problem was a homeland for Jews, outside of Europe, where they couldn't be a problem for Europe...
Typhus outbreaks near end of war due to Allied bombing of supply lines, was responsible for more deaths than at any other time at Auschwitz...crematorium necessary to burn victims of typhus, and also ground boggy / marshy not suitable for burial...at time of Nuremberg Germans convicted of using 'mobile gas vans' and 'cremating live jews' ??

Massacres in Baltic states often occurred because 'Jews' had collaborated with the Soviet 'Jewish' invaders / rapists / murderers / gulag deportationists etc...

32 aerial reco flights by allies over Auschwitz with photos of these fly-overs by allies...but no survivor can point out the location of an actual gas chamber using these photos...no sign of any chimneys / gas chambers in these photos...

'I am living proof of death camps'...'a miracle'...so many miracles...being 'living' would be living proof that the camps were NOT death camps...

Soviet Union January 1945 took documents and death registers of Auschwitz...stated this on record...so where are they?...Mr Putin?

War lasted 6 years...Germans gassed at least 1 million each year?

Faurisson believes 1 million Jews died during WWII...most NOT killed...

Dachau, 15% of total inmates died, and most right at end of war...all during typhus epidemics...regular...Himmler outraged at the scandal of these deaths i.e waste of war labor / resource...ordered investigations...at end of 1944, winter starvation throughout Germany, all suffered...allies arrived at peak of suffering at end of war, and assumed that (520 German soldiers massacred by allies who 'liberated' camps) this was 'normal' i.e 'deliberate' i.e 'planned'...typhus, malnutrition (though most inmates liberated looked chubby / healthy, only the sick / typhus victims used by Hollywood Jews to misrepresent...not even possibility of cremation at end of war, no resources for anything, ...like your mother-in-law arriving after the most stressful/disasterous weeks of your
marriage, and complaining that you don't take care of your home etc...i.e total mess...

In 1980's admitted no order, written or verbal, but merely 'Hitler nodded his head'...that was the best they could come up with...in summer of 1941...claimed Himmler stopped gassings/exterminations in nov. 1944 on 25th November 1944 with zero evidence i.e just to sound good...though in fact the death rates of the camps INCREASED at end of 1944/start of 1945...

Piles of bodies abandoned...Allies used bulldozers to push them into a mass grave...Bergen Belsen they dug out bodies to count them, then re-buried in mass grave with bulldozer, driven by British soldier (though most people deliberately mislead to think Germans driving...in reality in Dresden 135,000 murdered in two nights/days of bombing/machine gunning...and bodies had to be piled thousands high and set alight, in street...Allies deliberately murdered civilians by Allies Vs jews mostly died as collateral damage of war/labor camps/disease...WHO ordered Dresden war crime? McNamara stated that the Allies would have been killed as war criminals if Allies had lost war...

Only nation that gasses people deliberately is U.S...its own citizens...death row...

Where is the written order? where is the plan? where is the budget? To WHOM were they 'sacrificed' i.e 'holocaust' = 'burnt offering'...Wannsee decision was that Jews would work hard for German war effort, and after war would be transported out of Europe to their own homeland (but not Palestine as not fair to noble and valiant Arab people)...

192 page 'Leuchter report' included lab analysis in U.S of samples from 'gas chambers' of Auschwitz and Birkenau...no traces of Cyanide which last centuries i.e in bricks, mortar etc...i.e crematorium/mortuary/air-raid shelter Auschwitz...and sample from de-lousing chamber for comparison (where large amounts of cyanide compounds found)...lab didn't know source of samples...tiny traces found in Birkenau in crematoria where bodies disinfected / room disinfected...
Many people who tried to suicide via gas failed...e.g in cars, ovens, rooms etc...and of those who succeed, many also killed other people accidentally ... very hard to kill with Zyklon B without risk of explosion, it penetrates and sticks to surfaces ... when used to disinfect or kill lice it sticks to ground, ceiling, walls, and dangerous to touch body afterwards...it remains on body and emanates from it... would require extraordinary air-tight, special lighting to avoid sparking/explosions/heat, couldn't have a keyhole on the door...require specific high temperature to turn to gas...then have room full of gas and toxic bodies so would require very sophisticated exhaust, trained people (used up to 1992 with special gas masks, exhausts...cannot throw pellets of Zyklon as might not dissolve, and when open doors might suddenly dissolve...need to seal chimneys, and doors, and any windows ... 6 to 35 hours required to kill lice... guards around building to prevent approach others... the people who go back to the chamber would open windows at highest level...then wait 21 hours / 24 hours depending on German/French legislation before anyone could enter building...need to check for presence of any gas... SUCH A DANGEROUS PROCESS FOR THE NAZI'S DOING THE WORK THAT IT WOULD NEVER HAVE BEEN CHOSEN AS A MEANS OF MASS MURDER...EVEN IF NAZI'S HAD DECIDED TO DO WHAT CLAIMED, WOULD NOT HAVE USED GAS...JUST ABSURD IDEA GIVEN DANGERS TO GERMANS, LOCATION OF SUPPOSED GAS CHAMBER OPPOSITE SS CANTEEN AND ACCOMODATIONS...notion that gas chosen for 'euthanasia' absurd, U.S prisons first attempt was catastrophe / fuck up / disaster ... very complicated ...sophisticated...death in 90 seconds, but clinical death up to 14 minutes...door with submarine type sealing door, and 'Hercules' glass ...

SS hospital was 20 m from 'gas chamber' in Auschwitz... gas exhausted must be neutralised in isolated mixer with ammoniac to neutralise gas, then exhausted through high stack...then still need to wear gas masks and wash body free of residue...difficult and dangerous...

3 commandants incl. Hoess described gassing ... once people were killed immediately Jewish crew would open door, while still smoking and eating...and remove bodies... bodies cremated next door? ovens very close to gas...such a dangerous location i.e highly explosive gas...So germans let so many Jews go from death camp to death camp, 'escaping' or being given 'passports' ...
Wiesenthal up to 11 camps, even more than 'Kitty'...
Jews waited calmly outside for their gassings, as other jews emptying last group from gas chamber...

Polish government carried out same tests as Leuchter report, and got same results...but claimed rain/snow/storms simply washed it out...while the disinfection chambers blue even on the outside, subjected to 50 years of weather, anyone can see the 'blue patches' on the walls, without any training or analysis...Max Plank institute also carried out same analysis with same results...Austrian Chamber of Engineers chemist also repeated tests in Malthausen, and was fired when reported the same results...for having carried out such tests... In both cases not media reports ever covered these tests and results...

If you think deporting Jews was bad, consider that many more Germans were deported from Eastern Europe/Germany after WWII, either to camps in Siberia and Russia, or the lucky ones back to Western Germany.

MHR Freud said we all need someone to hate...it used to be acceptable to hate homosexuals, bi-sexuals, 'foreigners', rich people, successful people, 'the enemy'... etc... today the only generalised groups people are 'legitimately' allowed to hate are 'patriots', 'nationalists', 'pro-constitutionalists', historical correctionists / holocaust skeptics, Nazi’s, and Muslims...these are the groups the media are channelling the hate of the masses towards...using faked terrorist attacks with 'crisis actor' fake victims, and real, false flag attacks carried out by YOUR OWN government agencies e.g CIA, German Intelligence agencies, French Intelligence agencies, usually, like 911, in collaboration with MOSSAD / Israel.

First I must establish the fact that I consider that organised religion is a bad thing. I practise something like Zen Buddhist Humean Skepticism. I believe in truth, justice, and the abolition of all forms of violence, including slavery. So forget trying to accuse me of having some bias towards any particular religion or culture. I speak the benevolent truth. I hate lies, injustice, violence, and slavery. Rational 'hatred'. Of things worthy of everyone's hate.
Before Alex Jones was 'corrected' by his Zionist Handler's, he was praising Islam as being the last bulwark of culture against the New World Order, with its rejection of Ursury (the international finance system), its strong family values, its rejection of abortion, and its resistance to the Zionist 'Jew' world order. Of course watching Alex Jones is like watching a schizophrenic move between their various personalities. Today Alex has joined in the demonisation of Islam, along with Trump, and all the other Zionists.

'Islamic' terrorism ... Vs 'Judaic / Jewish / Christian' terrorism? i.e in media reporting of actions of groups / individuals? Has the 'fault' EVER been placed on any religion NOT Islam e.g blaming Judaism for 911 / Israel / Libya / Germany / France even back to 'Crusades' and Napoleon's invasions ... N.B even 'Zionist' is NOT Judaic...

e.g Islam has claimed responsibility for attack X ... an Islamic group calling itself... why is it relevant what religion it belongs to? do we hear ...'And Israeli / Jewish / Christian ...

War on terrorism war on Islam and anyone insisting that the U.S constitution etc be respected and not violated a.k.a 'homegrown terrorists' ... anyone not in favor of globalism is a 'right wing extremist' i.e what used to be called 'nationalist' or 'patriot'.

Note that it is the Zionist CIA and Mossad and E.U intelligence agencies who set up, finance, train, and then facilitate 'Sharia' Islam around the world, fake ISIS 'beheadings' and 'burning alive of westerners' on camera, in their studios. The victims of the 'Christian' west's terrorist acts upon Muslims could be expected to produce real terrorists, and any time the Western Zionist intelligence agencies can provoke such would-be terrorists, they nurture, finance, train, facilitate, arm, encourage, and then finally 'allow' (by ignoring all clear warnings of such attacks) them to carry out terrorist attacks. But in reality only a tiny proportion of terrorist attacks around the world have been carried out by such people. Most are either faked. Or real 'false flag' collaborations between the U.S and Israel, and German and French governments and Israel.
Zionists move freely between the U.S military and Hollywood, and the big banks, and the military industrial complex. These groups financed all the Hollywood films that demonised Nazi's and re-inforeced and deepened 'The Holocaust' propaganda entrenched in 'The Nuremberg' show trials after WWII. Today the target is Islam. The Zionist's are using the same old tools. Movies. Fake News. Along with the new tools, 'false flags' and 'faked terrorist attacks'.

The 'Sharia' groups in the West are totally CIA / Mossad creations. With their own Sharia personalities who for some reason are never arrested, for saying things that would get any 'white' 'european' immediately arrested. This is not a conspiracy theory. It is a fact.

The 'Jews' have a history of faking attacks against themselves, painting swastikas on their own doors, reporting 'hate crimes' that never took place, or which other 'Jews' actually perpetrated, while the Zionist mass media will report on 'an alarming increase in anti-semitic attacks'. At the same time a 'Jew' can freely call out 'serve the jews or die', and accuse anyone who speaks out against the war crimes and terrorist acts of the 'conditional' (on granting palestinians 'right of return' and compensation) state of israel of 'hate crimes', for which they often spend years in terrible conditions in the worst prisons usually set aside for murders, violent repeat offenders, etc...

The 'Sharia Muslims' you see in your mass media do NOT represent the Muslim world. They are paid up operatives of the Zionist CIA-Mossad and other European intelligence agencies. They are either actors, or extremists with no support from the wider Muslim community, and completely UNrepresentative of Islam. They usually have NO real Sharia education. They are rejected and admonished by the Muslim world. They are only supported by the Zionist Saudi family, which are tyrants, dictators, puppets of the ZIA-Mossad which put them in power, and CREATED both Israel and Saudi Arabia, and without whom there would be no state of israel nor Saudi Arabia.

All the major political parties and politicians are offered massive campaign financing and other incentives to make the demonisation of Islam a part of their political position.

Also the massive and absurd Islamic migration has been calculated deliberately to provoke
a negative attitude towards Islam and Muslims...

Israel's were arrested with a van full of high explosives, in N.Y.C, parked on a major bridge, after the 911 attacks, and they were called 'Israeli citizens' in the mass media, and later released and returned to Israel with no charges laid. Imagine how this would have been reported, and what would have happened to these people, if they had been 'Muslims'. Ask yourself why the government would not comment at all, designating the arrest of 60 Israeli's in all, in connection with 911, 'top secret'.

I now believe that the attacks on Salman Rushdie were organised by the Zionist CIA, and their agents ... remember they put the Shah of Iran into power, they have arranged or tried to arrange, military coups to replace popularly elected, democratic, moderate Muslim governments with extremists whose idea of 'Islam' is a million light years away from of most 'Muslims' ... even in Moorish Spain, the Muslims there first asked assistance from the newly Islamised 'Berbers' of North Africa, for protection from the Christians, but then regretted this, as these Berbers were extremists... and so the moderate Moors (whose civilisation in Spain far exceeded anything the Christian world had ever managed) then asked the Christians and other mercenaries to drive out the extremists...

In public Putin appears as good christian. About 90% public support. But Putin Zionist 'Jew'. Has been demonising and murdering Muslims for years. 1000 tonnes of gold in Kremlin. Probably the Moscow Metro terrorist attack was a 'false flag' to demonise Islam and 'patriots' from 'break-away' states... Thousands of Israeli 'Jews' have migrated to Moscow recently, intending to make it 'The New Jerusalem', for when Israel is destroyed, as the CIA and Kissinger warned (that within the next 10 years Israel would cease to exist)... The 'Jews' never lost control of Russia. It has been occupied since the 'Jewish' (falsely called 'Russian') revolution... Most of the Jewish Oligarchs left with their Billions... so much for having 'kicked them out'... and most of them are still welcome in Russia, travelling freely back and forth... mostly public relations excercise to appear to be 'anti-NWO'... globalists are in fact exploiting Russian resources as your read this... Russia is fully integrated... the 'sanctions' and 'austerity' are to keep the Russian people poor and focussed on mere survival, while the nation is looted of its natural resources... Russian treasury filling up with gold as the Russian people living in poverty. Yeltsin reduced price of Vodka at time it was cause of massive social problems, life span dropped down to 46 for males... 'Jews' have always used alcohol to destroy nations and cultures, which is why Celine so critical of
the French addiction to wine...deliberate strategy...alcoholism weaponised...and since 1980s heroine and cocaine growing in popularity...drugs used to destroy the population...the money from these flows to Zionist drug dealers, alcohol producers...

In fact the most famous 'Christian' hero of Spain Goodman AlBueno, who 'liberated' Spain from the Muslims, was in fact a Muslim. One of the 'moderate' muslims fighting against the extremist 'new' Muslims from North Africa... spanish 'history' is a fiction...El Cid was a mercenary ('Cid' means 'master' in Arabic)...later became Christian king...religion was used as 'excuse' to justify opportunism...relatively modern concept...reconquista was civil war between Spaniards, some of whom happened to be of different faiths, but just as often of the same faith...Nothing 'holy' about this 300 year civil war...in which the most refined society e.g of Cordoba Muslims suffered most, in face of opportunistic mercenary 'Christians'...first 'Christian' king dwas in Moorish style, even with readings from Koran on walls...totally 'Arabic', equivalent of Alambra palace... Al Analus = of the Visigoths/vandals...In fact foundations of Renaissance laid in Toledo in Islamic spain...seized by Christians in 1085...without much violence...smooth transition...Christian-Muslim multi-cultural tolerance...lead to exchcange of ideas / technology / culture / arts...open city...huge number books...late 1100s Brit was disgusted by Europe / Paris ignorant...went to Toledo and was impressed by wisest philosophers in world...the wisdom of the library of Alexandria (which Muslims had taken 400 years earlier)...translations of the Greeks, philosopher and mathematics...Toledo cultural center...Arabic texts translated to Latin...in 12th and 13th century... Medical treatises & surgical tools...Aver-roes commentaries on Aristotle written in margins of one translation...Chemia =chemistry , al chemia(greek) = alchemy(arabic), arsenal, alcohol, algebra, lemon, lime, assassin, algorithm, Arabic numerals and number zero (cipha)...
70 AD Talmud first written, in Roman town, by Rabbi who escaped Palestine ... so basically same time as Gospels being written down...though claim Talmud the oral tradition from time of Moses ... at time of diaspora of jews to moorish Spain and Islamic Turkey...and christian kingdoms where jews had monopoly on finance/ usury forbidden to Christians at that time, and for centuries after...though later says in 1240 it was 600 years old, and Pope at time unaware of it.

Did you realise that the U.K would have to work full time, for 9 years, for NOTHING just to pay back its current national and private debts? This is WORSE than during the Weimar Republic, which lead to that famous hyperinflation and 10 Million Reichsmark bank notes ... a loaf of bread cost a wheelbarrow of these notes by the end. The moment interest rates rise again, the U.K goes down.

Did you know that the U.S.A has had a WORSE debt situation than Greece, Portugal, Italy, and even Ireland, for years now. The situation in Greece had NOTHING to do with economics. It was a pure Zionist Bankster take-down. Like Argentina.

Did you know that the way the banksters get rich is because inflation = the money supply multiplied by the 'multiplier effect' i.e circulation of money...but whoever gets the 'new' money first can spend it at today's value...by the time YOU get it, it has produced massive inflation. This is why 'voodoo economics' and 'trickle down effect' only make the banksters richer, and is effectively a tax on the poor.

Soon the Zionists will start shouting about U.K and U.S debt as if it is a 'crisis' THEY didn't deliberately create. An excuse to wipe out your pension, increase taxes, reduce government spending on health, education etc, and even steal your money from your bank accounts. This has all happened many times in the past.
Remember interest rates on home mortgages going up to 23% in the West? No you don't. When it happens again, most of you will lose your homes, because it will not stop at 23%...it will be a worldwide Argentina and Greece.

Did you know that every time a false flag has occurred...a joint Israeli-U.S false flag (not the ones Putin created in Moscow etc), they are Russian-Israeli false flags, IMPORTANT DOCUMENTS RELATING TO AN INVESTIGATION OF A ZIONIST GOLEM OR GROUP HAVE BEEN DESTROYED....this was true of the first terrorist act of the 'modern age of terror'...the King David Hotel bombing, then the U.S.S Liberty (intel about israeli torture was destroyed in the attack). The Oklahoma city bombing destroyed (or they removed afterwards) ALL the evidence against Clinton e.g Whitewater, Arkansas finance fraud, CIA drug running, murders etc...the 911 WTC attacks destroyed the files for the largest fraud cases in U.S history ... the Pentagon missile destroyed the offices where the files for the missing 2.3 trillion Pentagon money were kept...in all cases actual investigators into those cases were murdered in the attacks...

All this is fact...proven...if you are willing to listen

I expect the next false flag will be blamed on patriots, and it will be the Fed, to destroy all the records that would be revealed during any 'audit' ... and probably the NATO buildings in Brussels that house any documents relating to fraud (their auditor general was murdered recently ... check out Newsbud.com for that report) ... and maybe the N.Y U.N HQ...all will be joint U.S-Israeli false flag attacks, carried out by people like Timothy McVeigh (maybe the man himself will take part, he was never executed, he is alive and well)...

Please wake up...Trump and Putin are both zionist puppets...Putin now has a net worth of over 40 Billion...Trump is bankrupt, and owes the Zionists billions

oh, and another note, under the Nuremberg trial rules, every 'Jew' killed by the allies and Soviets during WWII in German occupied territory, or who died of old age or any other reason, is 'counted' as a victim of the supposed 'Nazi Holocaust'. If 6 million 'Jews' were killed in the years of WWII, then at least 6 million Jews around the world were born during those years, according to the official 'Jewish' census carried out before and after WWII, as the census clearly shows an INCREASE in the number of 'Jews' in the world during WWII.
U.S congress gave Netanyahu 29 standing ovations in May 24, 2011...

(Professor Robert Faurisson in Sweden 1992, already aged 67) RECYCLED LIE OF HOLOCAUST 22 march 1916 in london daily telegraph falsely reported that Germans/austrians/bulgarians had gassed 700,000 Serbs ...in churches or delousing facilities in gas chambers disguised as shower rooms...this during WWI... i.e typical war propaganda...same story we have today, was 'coined' during WWI, though war revisionists after WWI debunked this story, and Belgium babies hands cut off rejected as war propaganda...but lie recycled in 1941 ... this time it was Germans and Austrians (and other anti-semitic allies) rounding up and gassing Jews... in 1920s the revisionists 'revised' these propaganda lies, and they were rejected by public...as war propaganda...in 1941 lies recycled, most people short memory ... June Daily Telegraph 1942 '700,000 Jews murdered by Germans'...just changed the 'victim' in this propaganda story...

with all the supposed 'witnesses' who 'saw' their families 'go up the chimneys' after 'dying in gas chambers' but not one single description of a gas chamber, and how it operated, that bares any relation to what we know about how it would have HAD to be organised... no-one questions that millions of people died during WWII...

Vergassungskellar? Vs Kammer...Vergassung of clothing, bedding, i.e fumigation / de-lousting/ dis-infestation ... Vergassungs equipment would be stored in cellar i.e must be kept cool and dry, with ventilation, away from general camp population ... so references to 'Vergassungskellar' Allied documents translated 'Vergassung' officially to 'fumigation'...

SonderAktion codeword 'special action' referred to extermination of jews? pure speculation ... any action that is unusual / out of routine would be 'special' action

Kramer diary proved that fumigation gassings occured to fight lice...doctor from camp handed over his diary voluntarily to allies
no evidence that camps were 'extermination' camps e.g Auschwitz ... not all suffered...many were quite 'successful' in camps...own currency etc...allowed to travel between camps when requested...swimming pool, soccer field close to crematorium 3 where people supposedly gassed...ball often landed in garden of this supposed 'gassing' chamber...had hospital ...many orchestras in Auschwitz...music to gas by?...note synthetic rubber / oil plants all documented by Allied aerial photos...Quarantine Lager and work-camps...many people spent only 12 days in Auschwitz before being moved on...

1985 establishment historians testified in toronto that couldn't trust Kugarstein, who claimed had witnessed gassings...his descriptions were absurdly impossible...

Rudolf Hess had been tortured...after transfer to Poland the Poles authorised him to state who, how, by whom he was tortured...beaten with whip...forced to drink alcohol, signed confession while drunk...American prosecutors at Nuremberg read out ... A British Military policeman, a jew named Clarke had carried out the torture...MP...with 5 or 6 other people...he admitted publicly...took 2.5 days to get this confession from Hoess...included dragging out naked into freezing prison yard...beaten...and what he said about 'gassings' doesn't add up / not accurate / not possible i.e made up stories that couldn't be true...

1943 Hitler's election lead to economimc boycott on Germany...the boycott proved disasterous for Germany, at height of depression...'Judea declares war on Germany' at this critical time...British admitted that the German nation would be destroyed within a few years due to its dependance on exports to finance its food and energy imports...dependent on imports for survival

Final solution was territorial, not genetic...idea of relocation of Jewish people, not their extermination...though Germans against noble and valiant arabic people having jews foisted on them in palestine...

British South AFrican Boers put in awful camps, huge deathtoll of women and children...deliberate policy...

15/16 year old in Birkenau, with two sisters, in camp...required surgery after accident...in 'death camp'...he wrote book published 1956, wrote it in the night in
camp...Elisias' surgery was successful...2 weeks later Russians 'liberated' Jan
1945 A.d liesel...was offered choice to stay in Auschwitz and await the russians,
or to go to germany with the germans...aire diesel? what's the name? can't
understand Faurisson...germans offered to give him and his family papers to
travel with them...Eri Wiesel? Eri Liesl? reported blood spurting up in geisers
from the ground...Eri Liesl? 'every jew should set apart in his soul a zone for
hatred for germans'...

Simon Wiesenthal claims to have 'survived' up to 11? death camps? The Germans
failed to kill him, and instead sent him on to another camp, 10 times? So many
proofs ... photo in book of his supposed to be 3 inmates being shot by germans,
was photo taken in u.s magazine life, showing german soldiers being shot by U.S
troops...manipulated ...simon claims at time he survived  4, 8, and even 11
extermination / death camps ... moved from camp to camp?...why? ... making
money from his lies...even lied about Faurisson...who visited him in Vienna, was
given info and addresses, very cordial and helpful, but later when asked about
Faurisson, he claimed that when he'd come to his home, he'd refused to speak
with him...

Anne Frank's diary now published as 'dual' author book i.e father added own
material, using ball point pen, proven later when ink analysed proving the ink
used had NOT been available at time Anne supposedly wrote it...and in recent
editions the authorship is dual...Otto Frank and Anne Frank...some parts written
in ink that was not existent during war, and from a ball-point pen...therefore
written after war...Anne Frank died in Bergen Belsen from typhus...of course
terribly sad story, but being used to promote WWWIII, so hardly 'noble' lies...

Karl lovsky? Karflovsky? Treblinka Train driver who had claimed he'd delivered
Jews to 'camp'...day after day...in Treblinka...real limits of camp much smaller
than what is presented today as 'camp'...transit camp...told Faurisson he didn't
realise until after the war that was delivering 100s of 1000s of Jews to camp had
NEVER seen anything of what later reported...Kaflovsky?...though claimed didn't
know he was bringing them to their deaths, until informed of this after the
war...he admitted he'd never seen ANY evidence of any 'death' camp...

'A gigantic lie on clay feet' ... MHR at some point the Zionists will throw the
'Jews' under the bus, and 'leak' a whole bunch of details, to turn the world against
the 'Jews' again, as part of plan for WWIII...
MHR does bible suggest Zionists will be defeated? synagogue of satan are Zionists? or 'Jews'...???

so many survivors, so many lies already debunked, not a single photo or even 'plan' of a gas chamber (so what was 'reconstruction offered to visitors a re-construction of? i.e based on what?

Air raid shelter / temporary morgue (which claimed was gas chamber) had zig-zag walls so any blast wouldn't travel through entire shelter if penetrated (can see clear markings on the walls where these bomb-blast diffusion walls had been...Zyklon B highly explosive...

The germans always wrote 'territorial endlösung' in relation to 'the jewish problem', never 'endlösung' by itself...i.e problem was a homeland for Jews, outside of Europe, where they couldn't be a problem for Europe...

Typhus outbreaks near end of war due to Allied bombing of supply lines, was responsible for more deaths than at any other time at Auschwitz...crematorium necessary to burn victims of typhus, and also ground boggy / marshy not suitable for burial...at time of Nuremberg Germans convicted of using 'mobile gas vans' and 'cremating live jews' ??

Massacres in Baltic states often occurred because 'Jews' had collaborated with the Soviet 'Jewish' invaders / rapists / murderers / gulag deportationists etc...

32 aerial reco flights by allies over Auschwitz with photos of these fly-overs by allies...but no survivor can point out the location of an actual gas chamber using these photos...no sign of any chimneys / gas chambers in these photos...

'I am living proof of death camps'...a miracle'...so many miracles...being 'living' would be living proof that the camps were NOT death camps...
Soviet Union January 1945 took documents and death registers of Auschwitz...stated this on record... so where are they?...Mr Putin?

War lasted 6 years...Germans gassed at least 1 million each year?

Faurisson believes 1 million Jews died during WWII...most NOT killed...

Dachau, 15% of total inmates died, and most right at end of war...all during typhus epidemics...regular...Himmler outraged at the scandal of these deaths i.e waste of war labor/resource...ordered investigations...at end of 1944, winter starvation throughout Germany, all suffered...allies arrived at peak of suffering at end of war, and assumed that (520 German soldiers massacred by allies who 'liberated' camps) this was 'normal' i.e 'deliberate' i.e 'planned'...typhus, malnutrition (though most inmates liberated looked chubby/healthy, only the sick/typhus victims used by Hollywood Jews to misrepresent...not even possibility of cremation at end of war, no resources for anything, ...like your mother-in-law arriving after the most stressful/disasterous weeks of your marriage, and complaining that you don't take care of your home etc...i.e total mess...

In 1980's admitted no order, written or verbal, but merely 'Hitler nodded his head'...that was the best they could come up with...in summer of 1941...claimed Himmler stopped gassings/exterminations in Nov. 1944 on 25th November 1944 with zero evidence i.e just to sound good...though in fact the death rates of the camps INCREASED at end of 1944/start of 1945...

Piles of bodies abandoned...Allies used bulldozers to push them into a mass grave...Bergen Belsen they dug out bodies to count them, then re-buried in mass grave with bulldozer, driven by British soldier (though most people deliberately mislead to think Germans driving)...in reality in Dresden 135,000 murdered in two nights/days of bombing/machine gunning...and bodies had to be piled thousands high and set alight, in street...Allies deliberately murdered civilians by Allies Vs jews mostly died as collateral damage of war/labor camps/disease...WHO ordered Dresden war crime? McNamara stated that the Allies would have been killed as war criminals if Allies had lost war...

Only nation that gasses people deliberately is U.S...its own citizens...death row...
Where is the written order? where is the plan? where is the budget? To WHOM were they 'sacrificed' i.e 'holocaust' = 'burnt offering'... Wannsee decision was that Jews would work hard for German war effort, and after war would be transported out of Europe to their own homeland (but not Palestine as not fair to noble and valiant Arab people)...

192 page 'Leuchter report' included lab analysis in U.S of samples from 'gas chambers'of Auschwitz and Birkenau ... no traces of Cyanide which last centuries i.e in bricks, mortar etc ... i.e crematorium/mortuary/air-raid shelter Auschwitz...and sample from de-lousing chamber for comparison (where large amounts of cyanide compounds found)...lab didn't know source of samples... tiny traces found in Birkenau in crematoria where bodies disinfected / room disinfected...

Many people who tried to suicide via gas failed...e.g in cars, ovens, rooms etc...and of those who succeeded, many also killed other people accidentally ... very hard to kill with Zyklon B without risk of explosion, it penetrates and sticks to surfaces ... when used to disinfect or kill lice it sticks to ground, ceiling, walls, and dangerous to touch body afterwards...it remains on body and emanates from it... would require extraordinary air-tight, special lighting to avoid sparking/explosions/heat, couldn't have a keyhole on the door...require specific high temperature to turn to gas...then have room full of gas and toxic bodies so would require very sophisticated exhaust, trained people (used up to 1992 with special gas masks, exhausts...cannot throw pellets of Zyklon as might not dissolve, and when open doors might suddenly dissolve...need to seal chimneys, and doors, and any windows ... 6 to 35 hours required to kill lice... guards around building to prevent approach others... the people who go back to the chamber would open windows at highest level...then wait 21 hours / 24 hours depending on German/French legislation before anyone could enter building...need to check for presence of any gas... SUCH A DANGEROUS PROCESS FOR THE NAZI'S DOING THE WORK THAT IT WOULD NEVER HAVE BEEN CHOSEN AS A MEANS OF MASS MURDER...EVEN IF NAZI'S HAD DECIDED TO DO WHAT CLAIMED, WOULD NOT HAVE USED GAS...JUST ABSURD IDEA GIVEN DANGERS TO GERMANS, LOCATION OF SUPPOSED GAS CHAMBER OPPOSITE SS CANTEEN AND ACCOMODATIONS...notion that gas chosen for 'euthanasia' absurd, U.S prisons first attempt was catastrophe /
fuck up / disaster ... very complicated ...sophisticated...death in 90 seconds, but clinical death up to 14 minutes...door with submarine type sealing door, and 'Hercules' glass ... 

SS hospital was 20 m from 'gas chamber' in Auschwitz... gas exhausted must be neutralised in isolated mixer with ammoniac to neutralise gas, then exhausted through high stack...then still need to wear gas masks and wash body free of residue...difficult and dangerous...

3 commandants incl. Hoess described gassing ... once people were killed immediately Jewish crew would open door, while still smoking and eating...and remove bodies... bodies cremated next door? ovens very close to gas...such a dangerous location i.e highly explosive gas...So germans let so many Jews go from death camp to death camp, 'escaping' or being given 'passports' ... Wiesenthal up to 11 camps, even more than 'Kitty'...

Jews waited calmly outside for their gassings, as other jews emptying last group from gas chamber...

Polish government carried out same tests as Leuchter report, and got same results...but claimed rain/snow/storms simply washed it out...while the disinfection chambers blue even on the outside, subjected to 50 years of weather, anyone can see the 'blue patches' on the walls, without any training or analysis...Max Plank institute also carried out same analysis with same results...Austrian Chamber of Engineers chemist also repeated tests in Malthausen, and was fired when reported the same results...for having carried out such tests... In both cases not media reports ever covered these tests and results...

If you think deporting Jews was bad, consider that many more Germans were deported from Eastern Europe/Germany after WWII, either to camps in Siberia and Russia, or the lucky ones back to Western Germany.
MHR Freud said we all need someone to hate...it used to be acceptable to hate homosexuals, bi-sexuals, 'foreigners', rich people, successful people, 'the enemy' ... etc ... today the only generalised groups people are 'legitimately' allowed to hate are 'patriots', 'nationalists', 'pro-constitutionalists', historical correctionists / holocaust skeptics, Nazi's, and Muslims...these are the groups the media are channelling the hate of the masses towards...using faked terrorist attacks with 'crisis actor' fake victims, and real, false flag attacks carried out by YOUR OWN government agencies e.g CIA, German Intelligence agencies, French Intelligence agencies, usually, like 911, in collaboration with MOSSAD / Israel.

First I must establish the fact that I consider that organised religion is a bad thing. I practise something like Zen Buddhist Humean Skepticism. I believe in truth, justice, and the abolition of all forms of violence, including slavery. So forget trying to accuse me of having some bias towards any particular religion or culture. I speak the benevolent truth. I hate lies, injustice, violence, and slavery. Rational 'hatred'. Of things worthy of everyone's hate.

Before Alex Jones was 'corrected' by his Zionist Handler's, he was praising Islam as being the last bulwark of culture against the New World Order, with its rejection of Ursury (the international finance system), its strong family values, its rejection of abortion, and its resistance to the Zionist 'Jew' world order. Of course watching Alex Jones is like watching a schizophrenic move between their various personalities. Today Alex has joined in the demonisation of Islam, along with Trump, and all the other Zionists.

'Islamic' terrorism ... Vs 'Judaic / Jewish / Christian' terrorism? i.e in media reporting of actions of groups / individuals? Has the 'fault' EVER been placed on any religion NOT Islam e.g blaming Judaism for 911 / Israel / Libya / Germany / France even back to 'Crusades' and Napoleon's invasions ... N.B even 'Zionist' is NOT Judaic...

e.g Islam has claimed responsibility for attack X ... an Islamic group calling itself... why is it relevant what religion it belongs to? do we hear...'And Israeli / Jewish / Christian ...
War on terrorism war on Islam and anyone insisting that the U.S constitution etc be respected and not violated a.k.a 'homegrown terrorists' ... anyone not in favor of globalism is a 'right wing extremist' i.e what used to be called 'nationalist' or 'patriot'.

Note that it is the Zionist CIA and Mossad and E.U intelligence agencies who set up, finance, train, and then facilitate 'Sharia' Islam around the world, fake ISIS 'beheadings' and 'burning alive of westerners' on camera, in their studios. The victims of the 'Christian' west's terrorist acts upon Muslims could be expected to produce real terrorists, and any time the Western Zionist intelligence agencies can provoke such would-be terrorists, they nurture, finance, train, facilitate, arm, encourage, and then finally 'allow' (by ignoring all clear warnings of such attacks) them to carry out terrorist attacks. But in reality only a tiny proportion of terrorist attacks around the world have been carried out by such people. Most are either faked. Or real 'false flag' collaborations between the U.S and Israel, and German and French governments and Israel.

Zionists move freely between the U.S military and Hollywood, and the big banks, and the military industrial complex. These groups financed all the Hollywood films that demonised Nazi's and re-inforeced and deepened 'The Holocaust' propaganda entrenched in 'The Nuremberg' show trials after WWII. Today the target is Islam. The Zionist's are using the same old tools. Movies. Fake News. Along with the new tools, 'false flags' and 'faked terrorist attacks'.

The 'Sharia' groups in the West are totally CIA / Mossad creations. With their own Sharia personalities who for some reason are never arrested, for saying things that would get any 'white' 'European' immediately arrested. This is not a conspiracy theory. It is a fact.

The 'Jews' have a history of faking attacks against themselves, painting swastikas on their own doors, reporting 'hate crimes' that never took place, or which other 'Jews' actually perpetrated, while the Zionist mass media will report on 'an alarming increase in anti-semitic attacks'. At the same time a 'Jew' can freely call out 'serve the jews or die', and accuse anyone who speaks out against the war crimes and terrorist acts of the 'conditional' (on granting palestinians 'right of return' and compensation) state of israel of 'hate crimes', for which they often spend years in terrible conditions in the worst prisons usually set aside for murders, violent repeat offenders, etc...
The 'Sharia Muslims' you see in your mass media do NOT represent the Muslim world. They are paid up operatives of the Zionist CIA-Mossad and other European intelligence agencies. They are either actors, or extremists with no support from the wider Muslim community, and completely UNrepresentative of Islam. They usually have NO real Sharia education. They are rejected and admonished by the Muslim world. They are only supported by the Zionist Saudi family, which are tyrants, dictators, puppets of the ZIA-Mossad which put them in power, and CREATED both Israel and Saudi Arabia, and without whom there would be no state of Israel nor Saudi Arabia.

All the major political parties and politicians are offered massive campaign financing and other incentives to make the demonisation of Islam a part of their political position.

Also the massive and absurd Islamic migration has been calculated deliberately to provoke

a negative attitude towards Islam and Muslims...

Israeli's were arrested with a van full of high explosives, in N.Y.C, parked on a major bridge, after the 911 attacks, and they were called 'Israeli citizens' in the mass media, and later released and returned to Israel with no charges laid. Imagine how this would have been reported, and what would have happened to these people, if they had been 'Muslims'. Ask yourself why the government would not comment at all, designating the arrest of 60 Israeli's in all, in connection with 911, 'top secret'.

I now believe that the attacks on Salman Rushdie were organised by the Zionist CIA, and their agents ... remember they put the Shah of Iran into power, they have arranged or tried to arrange, military coups to replace popularly elected, democratic, moderate Muslim governments with extremists whose idea of 'Islam' is a million light years away from of most 'Muslims' ... even in Moorish Spain, the Muslims there first asked assistance from the newly Islamised 'Berbers' of North Africa, for protection from the Christians, but then regretted this, as these Berbers were extremists... and so the moderate Moors (whose civilisation in Spain far exceeded anything the Christian world had ever managed) then asked the Christians and other mercenaries to drive out the extremists...
In public Putin appears as good christian. About 90% public support. But Putin Zionist 'Jew'. Has been demonising and murdering Muslims for years. 1000 tonnes of gold in Kremlin. Probably the Moscow Metro terrorist attack was a 'false flag' to demonise Islam and 'patriots' from 'break-away' states... Thousands of Israeli 'Jews' have migrated to Moscow recently, intending to make it 'The New Jerusalem', for when Israel is destroyed, as the CIA and Kissinger warned (that within the next 10 years Israel would cease to exist)... The 'Jews' never lost control of Russia. It has been occupied since the 'Jewish' (falsely called 'Russian') revolution... Most of the Jewish Oligarchs left with their Billions... so much for having 'kicked them out'... and most of them are still welcome in Russia, travelling freely back and forth... mostly public relations exercise to appear to be 'anti-NWO'... globalists are in fact exploiting Russian resources as you read this... Russia is fully integrated... the 'sanctions' and 'austerity' are to keep the Russian people poor and focussed on mere survival, while the nation is looted of its natural resources... Russian treasury filling up with gold as the Russian people living in poverty... Yeltsin reduced price of Vodka at a time it was cause of massive social problems, life span dropped down to 46 for males... 'Jews' have always used alcohol to destroy nations and cultures, which is why Celine so critical of the French addiction to wine... deliberate strategy... alcoholism weaponised... and since 1980s heroine and cocaine growing in popularity... drugs used to destroy the population... the money from these flows to Zionist drug dealers, alcohol producers...

In fact the most famous 'Christian' hero of Spain Goodman AlBueno, who 'liberated' Spain from the Muslims, was in fact a Muslim. One of the 'moderate' muslims fighting against the extremist 'new' Muslims from North Africa... spanish 'history' is a fiction... El Cid was a mercenary ('Cid' means 'master' in Arabic)... later became Christian king... religion was used as 'excuse' to justify opportunism... relatively modern concept... reconquista was civil war between Spaniards, some of whom happened to be of different faiths, but just as often of the same faith... Nothing 'holy' about this 300 year civil war... in which the most refined society e.g of Cordoba Muslims suffered most, in face of opportunistic mercenary 'Christians'... first 'Christian' king was Moorish... he used as 'excuse' to justify opportunism... internally... the Visigoths/vandals... In fact foundations of Renaissance laid in Toledo in Islamic Spain... seized by Christians in 1085... without much violence... smooth transition... Christian-Muslim multi-cultural tolerance... led to exchange of ideas / technology / culture / arts... open city... huge number of books... late 1100s Brit was disgusted by Europe / Paris ignorant... went to Toledo and was impressed by wisest philosophers in world... the wisdom of the library of
Alexandria (which Muslims had taken 400 years earlier)... translations of the Greeks, philosopher and mathematics... Toledo cultural center... Arabic texts translated to Latin... in 12th and 13th century... Medical treatises & surgical tools... Aver-roe-es commentaries on Aristotle written in margins of one translation... Chemia = chemistry, al chemia (greek) = alchemy (arabic), arsenal, alcohol, algebra, lemon, lime, assassin, algorithm, Arabic numerals and number zero (cipha)...

When Grenada taken by siege, and after Moorish rulers ahd left, muslims who remained forced to convert, leave, or be severely punished... era of Inquisition began i.e moderate liberal islam replaced with extremist, violent, vicious, cruel Christian terror... remaining muslims behaved as christians in public, but at home lived as muslims... many forced out by inquisitors, no windows facing street, all facing internal courtyard... no direct view even from open front door into courtyard... later crown ordered all muslims to be expelled... ethnic cleansing... religion based i.e even whitest natives, while 'black' christians not... not allowed to take anything with them...

? 70 AD Talmud first written, in Roman town, by Rabbi who escaped Palestine... so basically same time as Gospels being written down... though claim Talmud the oral tradition from time of Moses... at time of diaspora of jews to moorish spain and islamic turkey... and christian kingdoms where jews had monopoly on finance / usury forbidden to Christians at that time, and for centuries after... though later says in 1240 it was 600 years old, and Pope at time unaware of it.

Talmud 36 volumes... 70 elders (Council of Elders a.k.a Sanhedrin) gathered at base of Mt Sinai as Moses speaking to god, received their own message from god... the 'oral torah' is considered superior to written torah i.e first 5 books of old testament... first written around 200 C.E...

Scofield reference bible... sponsored by Zionists... corrupt lawyer turned preacher... abandoned wife and family... Scofield introduced idea of Christian Zionism i.e that jews 'chosen people'... in 1880s Texas... Scofield applies personal blessing upon Abraham to entire people of Israel... i.e Abraham and his seed the 'chosen people' not the Jews as a whole... Idea that must support Jews and Zionism to receive god's blessing...
Star of David has nothing to do with King David...no-one knows where it comes from...never mentioned in the bible, or talmud...BUT star of Remphan / Baal / Moloch mentioned ... i.e Satan ... icon of their false god ... no such thing as 'Star of David'...it is 'Star of Remphan' that is mentioned in bible i.e that jews worshipping this false god...

Talmudic 'Jews' state openly that they don't worship the same 'god' as Christians do ... reject Torah ... Mosaic law ... have own tradition, an oral tradition...Talmud...

Masonry study of Judaism and Kaballah ... Star of 'david' (Remphan' / Moloch the 'star god') features prominently in facades of Mason lodges

If one generation 30 years, go back 20 generations, back only to 1400 C.E have 1,048,576  i.e 2 to power of 20 i.e 20 generations, each 30 years ... back to 1100 C.E 2 to power of 30 is 1,073,741,824 ...over a billion ancestors in that generation ... n.b they are not all unique i.e people marrying own distant relatives ... i.e lot of people descendants of same people ... so if try to go back to 70 C.E when Jews 'scattered' 2 to the power of 64 ... family tree top line would have HUGE number of people...if 200 million people at time of Temple, and only 8 million Jews, have one in 27 chance of being Jewish at that time ... if have 18 quintillion 'lottery tickets' ... Joseph's wife was Egyptian, Moses second wife Ethiopian i.e intermingling even in Old Testament...if one out of millions of your ancestors 'Jew' then you are descendant of Israel/ Jacob ... likely to have, in 500 years, at least one 'non paternity event' (infidelity) one just one line of your family tree...statistical analysis of DNA tells us this ... 1 in 15 americans adopted or has parent who was adopted...

'The General's Son'. Journey of an Israeli in Palestine. Miko Peled. (Son of Israeli General Peled)

No evidence that King David ever existed... Israeli historians are yet to find any evidence despite greatest efforts... Israel even kicking out thousands of inhabitants in areas 'suspected' of being potential archaeological site... forcibly evicting locals to build 'new city of david archaeological park'

Right of return? After 2000 years? which of the 'returnees' actually EVER had relatives/ancestors living in Palestine at time of Roman eviction?

What about Palestinians evicted from their homes, who still have deeds and keys to their homes, in which today Israeli's living?

which one is more reasonable, logical, compelling?

U.N gave larger part of Palestine to Jews who were smaller population at time... partition plan... with what legal/moral right?

Zionist forces immediately began 'ethnic cleansing' in 1947... Jews insist Arab armies attacked immediately Israeli state announced... this is myth... exile of 1 million in 1 year while supposedly under massive attack from Arabs... in reality
40,000 strong best trained and armed military with no equivalent on Arab side...was not until may 1948, 6 months later, that Arabs organised any resistance... Palestine didn't, and has NEVER had, a military...

Palestinian neighbourhoods beautiful, prosperous, homes given to Israeli families after Palestinians forced out ... looting ... shameful behavior of Jews ...

The propaganda was that the Palestinians attacked, Jews won, so right to keep spoils of war...

General Matti Peled became champion of Palestinian human rights ... his son wrote a book about truth ... toured world giving making presentations...researched deeply ... found out how Israeli cabinet convinced to agree to Israeli attack on Egypt i.e NO threat...presented as chance to destroy Egyptian army ... they would need at least a year to prepare...seen as military opportunity ... NO threat existed ... Generals got green light for attack ... conquered Gaza stip and Sinai, but Generals wanted also the West Bank ... i.e war of agression...for territory...they took the West Bank...also wanted water and resources of Golan Heights, so took that too...they saw no way the Arab nations could defend themselves...and they were right...killed over 15000 arabs at loss 700 Israeli soldiers...all in 6 days ... General Matti, at first meeting of Generals after this suggested Israel offer Palestinians their own state in Gaza and West Bank...they might take offer under these circumstances, but the others were for ethnic cleansing for settlements of West Bank ... repeat of 1967 ... they erased Palestine off the map...effectively entire Palestine now 'Israel'...De-Arabising well under way already...no intention of granting Palestine a state...1500 years of Arab/Muslim rule / culture / inhabitation... center of Arab world ...

Egyptian Nassar wanted to kick out U.N troops from Sinai peacefire agreement from Egyptian territory ... Israel used as excuse to attack Egypt, take territory, including Suez canal ... Myth that Israel attacked by 3 armies intent on destruction of Israel, but miraculously prevailed.

Israeli govt. refused to ever negotiate until 1993...until after had made it impossible to establish Palestinian state in west bank...jordan river valley settled
with jews, major cities, settlements... tried to trick Arafat to signing over that land in return for some absurd 'peace deal' and palestinian state with no rights/ self-determination...occupation so far entrenched there was never an question of israel giving up the massive developments they had put in West Bank...

ARafat died under siege in Gaza ... surrounded by tanks...

Concessions? Palestinians don't want peace? Arafat offered 80% of land and right of return...but wouldn't give up west bank and gaza i.e remaining 20%...Israel incapable of making ANY concessions...

Grand-daughter of General Peles killed by Palestinians in 1997 ... reporters expected her mother (daughter of General Peles) to want revenge, to express hatred of palestinians...but she responded 'no real mother would want this to happen to any other mother'...no question of wanting revenge...mother blamed her own government that pushed two young suicide bombers to take own lifes, and lives of others...brutal oppression is cause of this...denied hope, freedom, water, land, homes...Bibi Netanyahu was close personal friend of mother ... She and her husband became very outspoken about Palestinian rights ... as their grandfather had been ... (the sort of 'Jews' I have always loved!)

More than half Israeli 'Jews' are Arab 'Jews' with very shared culture with Palestinians...integration and democracy and equal rights is only solution ... 1 democratic state with equal rights...

In Israel all land owned by state...49 year leases...no private ownership of land since 1948 ... All absentee property of evicted Palestinians acquired by state, and made it illegal for refugees to return and reclaim land

1000s of illegal prisoners re: international law ... people being shot and killed in non-violent protests...Iran nuclear threat used to distract world attention away from Palestine ... no threat posed by Iran ...

Israeli's pumped with fear by their media ... used to distract population / keep living in fear ... 'the blade that rests on our necks now, is even sharper and more dangerous than the threat of 1967' i.e there was ZERO threat in 1967... Israeli population in 1967 mislead about threat by generals, never let in on the fact that they expected and got a very easy war ... no risk of ever losing ... seen as opportunity for expansion...lebensraum...pure opportunism...but the people not let
in on this secret...genuinely feared Israel was being attacked / faced extermination ...

Israeli Jews don't want to give up their current privileges, e.g. laws for Israel apply to Jews, Israeli military law applies to Palestinian...so when Jew arrested for demonstrating will go home at end of the day, but Palestinian will be beaten, tortured, and kept in prison as long as commander wants without charges or trial...just like in South Africa and U.S before apartheid removed... won't give up privileges willingly...will have to be compelled to... like in South Africa...Israelis don't need to like it... who gives up benefits/privileges willingly...

Modern day zionism racist, violent, militant, uncompromising, though in early days majority conceived of a democratic shared state, living with Palestinians as equals...but the racists won out and today define Israeli society.

suicide bombers product of desperation, despair, hopelessness...and very rare ...

Children don't even have access to water in Gaza...children yanked out of bed 2a.m and tortured in prison...

Calling people anti-semitic is a weak, meaningless response to the real questions... THEY have to justify THEMSELVES... you support country that prevents children getting water, medicine, education, freedom, home, and drop 100 tonnes of bombs in one day on virtual open air prison... as children going to / leaving school, with nowhere to find shelter...one of most densely populated places on earth...

The Arabs and Palestinians do NOT want violence, do NOT want to exterminate 'Jews'... they are NOT violent... NOT a threat... AIPAC nonsense must be responded to with facts and putting THEM on trial... YOU have nothing to be defensive about... Politics in America Zionist influenced... If U.S people decide enough is enough, it will happen... but today Jews call the shots in the U.S...zionists say jump, the U.S politicians say 'how high'...
His book has not been read in Israel... ignores his book... zero response from ANYONE in Israel about his book...

TROONATNOOR

Truth is Kryptonite to the Zionists

Reason Torah / Talmud NEVER mentioned the name of the Pharaoh at the time of the 'Exodus' is because it was Akhenaton who we know as 'Moses'... think about this...a supposed precise historical record does not contain the most important name in the entire history... Priests At On = ATON = ADON(AI) = LORD = The Sun = The light bearer = Lucifer = Anointed one = Lion King = Mars= sun arose / was born, in the sign of Leo, at the time that the entire Zionist (Goshen = Sion) religion / system emerged... Hyksos who conquered Egypt, put Akhenaton in power... Akhenaton later re-named Moses after Hyksos and he were expelled from Egypt... we cam to know these Hyksos as 'Jews'... They were expelled, overthrown, they were never slaves who were 'let go'... Sol Om On... all astro-theology... etc... but most 'modern' 'Jews' converted and have NO genetic connection to the Hyksos who invaded, then ruled Egypt, for a few dynasties... Moses' snake-pole symbol of his power as Pharaoh Akhenaton... 'Davids' were members of Hyksos ruling elites... the 'Doves'... 'Dov-ids' or 'Coloms' (as in colum-bus)... seed of 'David' reference to the Hyksos elites i.e original Zionists (from Goshen-Sion)... Knights of temple of Sol-Om-On (three names of the Sun) of Sion Si-ON... ON = Heliopolis = City of the Sun... Templars... Lion = Leo = astrological sign of Leo in which sun rose during times
of Hyksos rule of Egypt ... over 2600 or so years Leo is replaced by Virgo i.e in times of 'new testament' the sun arose in the astrological sign of Virgo ... the virgin ... hence the 'virgin' birth of 'the sun of god', the seed of David (Hyksos rulers) we call 'Jesus' ... simply the anthropomorphisation of the sun rising in the constellation of Virgo ... The 'son of god' = 'Sun god' = light bearer = lucifer ...

9

Multiply 9 by any number, then sum the resultant, and it always gives 9. For example, 2 x 9 = 18 and 1+8 = 9, or 8 x 9 = 72 and 7 +2 = 9.

Ludwig van Beethoven (1770-1827) wrote nine symphonies. The melody of the European Anthem is from Beethoven’s Ninth Symphony. Europe Day is May 9th. Number nine is the number of Uranus, often referred to as ‘the ‘Dark Sun’. Number nine is lucky for Aquarius. The atomic number for nine is fluorine.

If you consider the meaning of the European Union, the ‘Dark sun’, ‘the house of the water-bearer’, and fluoridated water, in the context of 911, you may have a ‘eureka’ moment.

7 and 12

Babylonians used lunar calendar, which gave 12 months of 28 days. By dividing the phases of the moon into new, quarter, half, and full moon, you get 4 weeks of 7 days. The Islamic lunar calendar year, based on this ancient Babylonian model, is thus 11 to 12 days shorter than the solar year most ‘Westerners’ are familiar with.

The Mesopotamian creation story is alluded to as the Seven Tablets of Creation. Later, the Hebrews, after having lived among the Mesopotamian cultures for centuries, would write their own ‘creation myth’, in which their god ‘created’ all of ‘creation’ in 7 days.

There are seven letters in the Roman numeral system.

Libra is the seventh astrological sign in the Zodiac. (September 22 – October 24)

The number seven has long been associated with religion.

The Sanskrit ‘Rig Vega’, describes seven stars, seven concentric continents, and seven streams of soma, the drink of the gods.

According to the Old Testament / Torah of the Jews, the world was created in seven days and Noah's dove returned seven days after the Flood.

The Egyptians mapped seven paths to heaven. Allah created a seven-layered Islamic heaven and earth. The newborn Buddha took seven strides. Seven deities bring good luck in Japan.
In the Bible, seven steps lead up to King Solomon's temple. Then in the story of 'Jacob's ladder', there is a ladder reaching from the Earth to Heaven. This story borrows from earlier myths and traditions and religions. The ladder always had 7 rungs or steps.

In India the mystery of Brahma involved a ladder of 7 steps. Each represented one of 7 worlds. The lowest rung represented Earth. The second represented the world of re-existence. The third represented heaven. The fourth represented the 'middle' world, the 'intermediate region between the lower and upper worlds. The fifth rung represented the world of births, in which souls are once more imprisoned in bodies or 're-born'. The sixth represents the 'Mansion of the Blessed. The seventh, uppermost rung represents the topmost 'Sphere of Truth', the abode of Brahma, the self-born, the source, the Sun.

Another early version of this metaphor occur in the Persian mystery school of Mithra, where initiates were taken into a cave, and presented with a 7 rung ladder, whereby the ‘mystery’ of reality was explained to them.

The Romans later adopted the Mithraic religion as their own. In time the Mithraic legends and beliefs were incorporated into that syncretic religion we call ‘Christianity’, which replaced Mithras, the sun-god, with Jesus, the ‘son-of god’.

The 7 rung ladder’s most recent incarnation is in Freemasonry, where it is called 'The theological ladder', and used in the initiation rites of the masons.

All over the world people have been ‘initiated’ into various ‘mystery schools’.

Holy people of most religions are depicted with a halo around their heads. What this is showing is a being with the sun behind them, indicating that they are moving from the sun towards us. The 12 followers of the god-man represent the 12 stages of the sun, or the '12 steps of Horus' across the sky. Many people today still take the metaphor literally, and imagine the 12 disciples were real people.

The Babylonian number system was based on the number 60. The first number below number 60 to offer anything like the number 60s number of factors is number 12. Number 12 divides into 6, 4, 3 and 2, giving it a large number of practical uses where things have to be divided up into whole numbers, from calendars to clocks.

Twelve men (all Freemasons!) have (supposedly) walked on the moon.

Consider how there are usually twelve people (jurors) on a jury. The ancient Sumerian government was composed of 12 leaders.

The oldest preserved zodiac dates from 3000BCE when the Sumerians in Mesopotamia divided the heavens into 12 equal divisions, one for each lunar
month. They chose prominent constellations such as ‘Aries’ ‘The Ram’ and ‘Taurus’ ‘The Bull’, to name each division of the sky.

The first 12-sign zodiacs were named after the gods of the early Mesopotamians, those peoples who lived ‘between the two rivers’ Nile and Euphrates.

The Greeks adopted astrology from the Babylonians. Later the Romans adopted astrology from the Greeks. The signs of the Mesopotamian zodiac were renamed according to the local mythologies. This is just one example of how religions were recycled from generation to generation, and from location to location.

If you are familiar with ‘Foucault’s Pendulum’ you will appreciate the concept of a theoretical fixed point around which a pendulum, or a wheel, can be said to move.

Odin, the ‘Great Father’ of the Norse religion, sat on a chair that overlooked all of creation, and had 12 sons.

Osiris-Dionysus is symbolically represented as the unmoving spiritual center of the turning wheel of change represented by the 12 signs, in the same way later cultures placed the sun, or a ‘Sun God’, such as ‘Mithra’, at the center of the 12 signs. Later this idea evolved to become the more ‘modern’ story of Jesus and his 12 disciples. The ancient Zoroastrians had twelve commanders on the side of light (represented by the sun). The bible describes 12 tribes of Is-Ra-El, led by the 13th tribe of Aaron (Moses’ brother).

In Buddhist canon, the 12 stages of life, or ‘causes of existence’ (Nīdanas) turn the wheel of life which traps man in ‘samsara’, the world of ‘becoming’, which revolves around the stationary, changeless, ‘Nirvana’ of pure being. The ‘extinguishing’ of all desire, and thus the ‘cause’ of re-birth.

Janus of the Romans is the God of the 12 months, and is drawn with 12 altars beneath his feet. He is the same as the Assyrian Ain, Ion, and Jan. He is the ‘On’ of Eastern nations.

In the ancient Egyptian religion, the ‘Receptacle of the good and the evil’, the ‘Egg of Osiris’, contained twelve white pyramids, symbol of the good, and twelve black pyramids, emblems of the evil, introduced by Typhoon.

In ancient Greek religious texts, the god-man Hercules must complete 12 tasks.

The Sun, in Sanskrit, is referred to by 12 epithets, which are chanted as Mantras.

In one version of Japanese cosmology, the Creator is seated on twelve sacred cushions.

The twelve petals of the Anahata Chakra located in the area of the heart and the twelve petals of the corolla of the Sahasrara Chakra located at the top of the head.
The Emerald Table, summarizing all the teaching of the Hermetic tradition, has 12 verses. It is a document originating from Egypt, attributed to Hermes Trismegist.

Measured by the passage of the twelve moons, each of 29 1/2 days make up the lunar year of 354 days.

The twelve lunar years in the Chinese lunar calendar form a complete cycle which lasts sixty years.

Twelve is the first number where the sum of its factors is greater than itself. \(1+2+3+4+6=16\). It is also the smallest number below 60, with the largest number of factors.

Herodotus says the Egyptians founded the system of a Twelve-God theology.

Historians agree that the Hebrews and other Middle Eastern peoples worshipped different gods at different times, including the Sun, the Moon, the seven planets, and personifications of the Twelve Zodiacal Signs. References to such worship can be found in the Old Testament. The Hebraic names for the twelve include the names of gods such as Tammuz, Ab, Elul, and Bul. The twelve ‘simple’ letters of the Hebraic alphabet correspond to the initials of the names of the Zodiac in Hebrew.

The 12 most important Greek gods lived on the highest mountain in Greece, Mt Olympus, headed by Zeus, Hera, Athena, Poseidon, Apollo, Artemis, Demeter, Hermes, Aphrodite, Ares, Hephaestus and Hestia. Local variations also included Pluto, Dionysus, Heracles and/or other local cult heroes.

It has been common practice among ancient peoples, including the Chaldeans, Etruscans, Mamertines, and Romans, to worship 12 gods.

The Nordic religions referred to ‘The Great Father’ Odin by 12 names. Each of these epithets reflected one or more of his attributes. The ‘heaven’ of the Vikings was represented by twelve imposing halls, including Valhalla, the hall of the valorous.

The 12-lettered Name of God, HIH-HVVH-VIHIH, (He was, is, will be), and the 12 permutations of the Tetragrammaton, (IHVH, VHIH, HIHV, HVHI, IHHV, IVHH, HVHIH, VIHH, HHVI, HHIV, HIVH, VHHI) are all esteemed by Kabbalists.

Jesus is said to have had 12 disciples. The same can be said of Confucious, Mithras (the direct predecessor of Jesus). Whereas Odin had 12 ‘companions’, with 12 ‘consorts’ (goddesses).

The number 12 appears at least 189 times in the Bible. Jesus is then said to have appeared on 12 separate occasions after his crucifixion. A woman suffered
hemorrhage since twelve years she was cured by Jesus. (Lk 8,40) In the Revelation: the twelve gates of the celestial City (Rv 21,12); the twelve kinds of precious stone of the celestial City (Rv 21,19-20); the twelve stars of the crown that wears the woman (Rv 12,2); the trees of life, which bear twelve crops of fruit in a year, one in each month (Rv 22,2). Then there are the twelve minor prophets of the Old Testament: Hosea, Joel, Amos, Obadiah, Jonah, Micah, Nahum, Habakkuk, Zephaniah, Haggai, Zechariah, Malachi. The twelve son of Ishmael. (Gn 25,13-16 and 16,20). The twelve great priests of Chronicles. The twelve stones of the altar of the alliance. (Ex 24,4). The twelve names engraved on the pectoral. (Ex 28,21). The twelve loaves of permanent offering on the golden table. (Lv 24,5). The twelve branches to confirm the choice of Aaron. (Nb 17,21). The twelve explorers sent in Canaan. (Dt 1,23). The twelve stones chosen by the twelve men in the Jordan to make a monument. (Jos 4,3). The twelve administrators of Solomon for all Israel. (1 K 4,7). The twelve oxen of the bronze Sea. (1 K 7,25). The twelve strips made with the cloak of Ahijah. (1 K 11,30). The twelve stones of the altar of Elijah. (1 K 18,31). The sacrifices of the twelve animals. (Nb 7,87 and 29,17). The three series of twelve silver bowls offered for the dedication of the altar. (Nb 7,84). The twelve curses proclaimed by Moses to all men of Israel. (Dt 27,15-26). The twelve springs of Elim. (Ex 15,27). The twelve tributes of Israel: Judah, Reuben, Gad, Asher, Naphtali, Manasseh, Simeon, Levi, Issachar, Zebulun, Joseph and Benjamin. (Rv 7,5-8). The twelve years required for the young Israelis to be admitted as "son of the law". The twelve precious stones which were on the pectoral of the great Priest Aaron, brother of Moses. The twelve son of Jacob. (Gn 46,8-25). At the age of three years old, the Virgin Mary entered the Temple and she remained there for a period of twelve years.

And whereas Christians await the return of Jesus, on the day of judgement, Armageddon, Muslims await the ‘Mahdi’. The ‘12th Imam’. Shi’a Muslims list 12 ruling Imams following Muhammad.

A little further north, in what is today Iran, Zoroastrianism, in its sacred text, the ‘Menok i Xrat’, refers to the ‘Twelve Signs of the Zodiac’, as the twelve commanders on the side of light’ (the sun). These commanders fight against evil in a battle for the fate of the world.

**Denying notes**

Doing the same thing and expecting a different outcome is based on fixed beliefs about what reality is, and how to respond to it e.g what the problem is, and how
to solve it…we need to go back to our definitions / subjective reality / models / maps / interpretations of ‘reality’ to see how well our map corresponds to ‘reality’…always very very careful to be ZEN about it…i.e stop imposing our map onto the terrain…and thus only seeing what we expected to see, what is on our maps, what is in our models, rather than what is there…the actual condition, situation, person, object that is there (as far as that can be said at all re: Humean skepticism)….n.b that the entire world can be an illusion, and the same approach is still optimal…it is about generating options / choices / new possibilities / resources, and not getting fixed, stuck, limited by our past conditioning / decisions on what is real, by our past definitions of T,…which MUST include EVERYTHING we ever assumed to be ‘right’, ‘truth’, ‘self-evident’, ‘incontrovertible’, ‘agree on’, ‘traditionally accepted’, ‘consensus’, ‘everyone knows’, ‘its obvious’…because it is RARELY ‘obvious’ and ‘self-evident’…it is just that most people self-censor, and ‘go along to get along’, and repress their own authentic responses / definitions / experiences, to avoid others rejection, disapproval, abandonment, ridicule, …especially when there are institutions with huge budgets out there reinforcing the ‘norm’ the ‘consensual reality’ with sticks and carrots, threats of violence, real violence, prison terms, huge fines, loss of income, loss of reputation, loss of career…for ‘DENYING’ that the Catholic Church is the only ‘true’ Christian institution and ‘middle-man’ to god, for DENYING that the particular god/s of the time and location actually exists at all…For DENYING that women are clearly irrational and could NEVER be trusted to make rational decisions, and thus CLEARLY should NEVER be given the right to vote…For DENYING that black people are inferior to white people, and in fact unable to manage themselves, and that therefore SLAVERY is good for them, and after all GOD’S will, just read THE BIBLE…For DENYING that homosexuality is a perversion of ‘nature’ and a ‘sin’ and a crime, for which ALL people in a society will be made to pay by GOD, if YOU do not punish homosexuality with DEATH…

 Raises the question….how DO you counter an irrational, mostly non-conscious RESISTANCE to logical / reasonable / demonstrable arguments? Can logic / reason / new information contradict a stubbornly held “belief” i.e the continuance of some form of trance / hypnotic state, in some part of a person’s life e.g the BELIEF that ‘The Holocaust’ happened?

 MHR the ‘feeling’ and ‘anxiety’ and ‘fear’ is the product of an illusion / imagined situation / experience in the sense that it happened IN THE PAST and is being re-created in their mind…so cannot use logic, reason, understanding to alleviate / get to the etiology of it…have to use the imagination in the realm of
the imagination, to solve problems that are being imagined i.e at least once to produce the symptom, then re-produced every time that symptom is to be produced … so MUST address imaginary beliefs on their own terms, by entering the world of fantasy / imagination in which they are produced…which is how ‘The Holocaust’ has REALLY been produced. Not by any facts, documents, objective arguments. These do NOT exist. They NEVER existed. But by a process of propaganda, which created ‘The Holocaust’ IN PEOPLE’S MINDS…And so we must do the same…by making movies, etc, in which THE TRUTH is presented i.e of labor camps / work camps…and then the later ‘construction’ of ‘the holocaust’ is illustrated…to replace the imagined reality, no matter how consensual it has become, with the actual reality, IN the imagination…i.e as metaphor, as story, as narrative, as a constructed mental world…ironically we MUST make reality into fiction, to gain entrance into the subjective reality of every individual…for THAT is the REAL reality for each person…

Why we need philosophers like myself more than ever notes

Schopenhauer and Hume provided me with my initial full comprehension of how we tend to make a huge number of assumptions, every time we ‘believe’ something to be true. Most of these assumptions prove to be false, on closer examination. Of course the benefit of ‘jumping to conclusions’ is that it is fast. And it’s better to be wrong when you ‘run home after believing you heard / saw / smelt a tiger in the woods’, and discover later that it was just a friendly dog, than it is to be wrong when you assumed that sound and movement was ‘probably just a dog’, only to become dinner for a family of tigers. Making assumptions, quickly, building models, jumping to conclusions, accepting what you are told by some ‘authority’, leaping to judgements based on ‘hearsay’ and ‘assumptions’, are all ‘efficient’ ways to increase your survival chances. But at some point, when the danger has passed, it makes sense to consider what you REALLY know. What was assumed. Whose opinion you took at face value, without analyzing to see if it was justified / valid. When the danger has passed. So of course ever liar, deceiver, manipulator, will try to make you feel ‘in danger’, ‘at risk’, at every moment, so that you never have a chance to pause, and consider, and think for yourself. You will always be jumping to your own, or someone else’s, conclusions…fearful of some imagined / illusory threat...like ‘hell’, or ‘gods’ or ‘terrorists’, or ‘enemies’…as long as you are held in the thrall of fear, you can never step back and evaluate the beliefs you have formed, and have been offered / often forced to accept, and at least behave as if you believed…and once your start behaving as if you believe, your mind will tend to rationalize that behavior, by actually BELIEVING… and defending those beliefs…so strongly that you often end up denying the facts of reality around you…this is how most
people live today...this is why the world still needs philosophers, more than ever...

We also ‘think about thoughts’...which is what I do all day...asking myself ‘why do I think that?’...do I really have justification for believing that?’...why does X believe something I KNOW is not possibly true...why does X believe what I tell them couldn’t possibly be true...the safest bet is to move from mere deduction e.g someone told me / it’s in a book / movie / the government said so, to induction e.g they said X, is X possible, let’s check and see...now if X had occurred, Y would be present, is it? Could it have been removed? Could someone be lying about X, given that Y is not present, and by all scientific known facts, should be?

Spin doctors always defeat truth by moving from induction e.g testing bricks in supposed gas chambers for traces of ‘Prussian Blue’ residue from Zyklon B, to ‘this is the most documented case of genocide ever’...using a generalized, highly abstract statement, which you feel unable to counter, it being so confidently announced, that you forget that this ‘spin’ is just distracting you from the fact that you asked a concrete question and they evaded answering it. Why? Because once you move down the level of abstraction, from ‘general claims’, it becomes much easier to refute / disprove a statement. Simply by testing its concrete claims. Which is why ‘Holocaust’ promoters NEVER debate a person on the facts that CAN be established, and in fact put the scientists who measured / recorded these facts in prison, and Jewish thugs beat them up.

Pre-framing is simply implanting an expectation in someone, by implanting a definition of a future object / situation in their mind e.g gypsies will steal your stuff, so watch out, or ‘dogs are dangerous’, or ‘everyone is out to get you’, or ‘all non-jews want to kill jews because they are envious of their god-given superiority’...This is what propaganda does. This is how Israeli children are mind-controlled to fear and hate non-jews, to prepare them for the coming third world war in which most ‘Jews’ will be offered as a burnt offering to the Babylonian Jew world order.

Post-framing is taking an experience and defining it for the participants...telling them what happened, who did what, when, why, and what it means...not allowing them to induce all these themselves from their own experience and reason, but immediately imposing / imprinting an ‘official’ definition of reality,
of that reality just ‘experienced’, in a way that determines the way it is encoded, that determines what beliefs and definitions the person / actors will bring away from that experience…in a way that distorts and filters the experience in particular ways…like all the mass media reports on 911, with their ‘Oh no, a second plane has hit’…so that everyone ASSUMES there was a ‘first plane’, though there never WAS one…there is not a SINGLE image of a ‘first plane’ hitting anything…and the ‘second plane’ (missile) was simply ‘doctored’ to appear to be a commercial passenger jet, as long as you don’t look closely…and why would you? You’ve had the entire experience encoded / imprinted…you KNOW you saw a first plane, a second plane, and you KNOW it was a hijacked…etc…It is very hard to compete with such ORIGINAL imprints…they tend to be the most powerful…so whoever gets to you first, as a child, usually gets to define reality for you…e.g which religion etc…

Pre-framing, framing, and post-framing all operate like post-hypnotic suggestions…any belief is really a post-hypnotic suggestion…something suggests it, while you are in an impressionable state, and from then on, you act as if it were true…and a host of emotions like denial, anger, mistrust, etc are ‘triggered’ when anyone challenges that ‘reality’, the one you are now ‘comfortable’ with…it takes a lot to ‘shake an early impression’, they even say ‘First impressions are the most powerful’…it is true for meeting someone, as it is for any other belief or definition you form of ‘reality’.

All of this is about ‘learning’. We ‘learn’ something quickly, and once it is ‘learned’, it is very hard to ‘unlearn’ it. We are set up with a preference for quick learning, and ‘jumping to conclusions’ and ‘accepting what we are told by someone we trust / an authority’. And undoing any damage our first ‘teachers’ do is very hard. We were all ‘taught’ an official version of 911. Thousands of people have proven it to be completely unrelated to reality. Completely at odds with what is physically possible. But the original ‘imprint’ is the strongest. Like the chick freshly hatched, that latches onto a snake, believing it to be its mother. We are all like that chick. We assumed our parents knew, that our teachers knew, that the mass media knew, the truth, and were sharing it with us. So their lies were imprinted, almost chiseled in stone, in our minds.

Those of use who care about ‘truth’, whether or not any ‘truth’ can be said to exist, all face the challenge of how to ‘de-program’ people. How to ‘throw out the trash’ that their minds have been filled with. A challenge made harder as the people we seek to ‘clear’ will resist it, resist it, and hate us for trying to do it. We will be making them feel ‘uncomfortable’
Some Palestine notes

Over 200 Palestinian children killed, primarily by 'gunshot to the head' by Israeli military, before a single rocket was fired into Israel, and a single Israeli child was killed...military targeting unarmed demonstrators...injuring 6000 in the first month of one year...targeting eyes and knee-caps...U.S gives more to Israel than any other country...10 million per day in 2014...Israel was attacking Gaza years before HAMAS was founded, and before a single 'rocket' had ever been fired into Israel...Israel claims it is 'greening the desert', but it systematically uses U.S tax dollars to destroy Palestinian olive groves, date palm groves, that have existed for hundreds of years...1000s of children shot in back, stomach, and head, years before any rockets ever fired, any Israeli children killed...

Where do people learn what they think they know? ... media coverage of deaths in Israeli and Palestinian populations... ABC-CBS-NBC massive bias towards reporting of Israeli children killed, e.g ABC 13.8:1 NBC 12.4:1 CBS 6.4:1 ... in other words the focus was on Israeli suffering...so U.S public almost unaware of Palestinian deaths...Israeli attacks reported as 'retaliation', and as few people realise that Israel had murdered hundreds of Palestinian children before any Palestinian attacks, the impression given and received is that the Palestinians were the aggressors, and Jews the victims...4.4 times more likely for an Israeli child death to be reported on U.S radio than Palestinian death...almost all Israeli deaths reported, only 20% Palestinian children killed reported...more than 3 times the number of Palestinians killed, though local U.S papers reversed the statistics, reporting the opposite...even a Silicon valley newspaper...2005 L.A times headline reported a 'Period of relative calm' in Palestine, during a period in which 170 Palestinian men, women, and children had been killed, and 370 injured and maimed...and of course when Palestinians respond to such attacks, they are painted as having 'shattered a period of relative calm'... Secretary of Defense and President recalled rescue flights to stricken U.S.S Liberty, after Israeli attack...recent report admitted all these facts...President ordered a cover up...it constituted an act of war by Israel vs U.S...all admitted by highest ranking U.S military investigators...NO report on this finding on ANY major U.S network...only military newspaper OVERSEAS reported on it...all on congressional record...in 2009-10 Gaza bombardments lead to 1400 Palestinians killed, including 50% women and children, only 9 Israeli casualties over same period...2012 massacre of 169 Palestinians, 36 of which children, and 25 under age of 10, Vs 6 Israeli adults...
80 vs 15 vs 5 percent Arab, Christian, Jewish Palestine at end of 1800s...suddenly zionist movement...so 95% of Palestine was to be 'dispossed'...bought out, pushed out...Zionist journals stated...from start was active in U.S...1898 first annual conference of American Zionists...by 1910 20,000 zionists in U.S...including lawyers, professors, businessmen...1912 Brandeis close friend of Woodrow Wilson became head of world Zionism...named Supreme court justice by Wilson...supposed to resign any conflict of interests, so resigned officially, but continued leading World Zionist movement, from his Supreme Court office...proven fact...Frankfurter, one of his associates, also become Supreme Court justice...Brandeis leader of secret Zionist organisation...'The Parushim'...elitist secret society pushing zionist agenda...though most 'Jews' either not zionist, or actively opposed to zionism...secret induction ceremony...promise that their Zionist affiliation to be placed above any other including family, nation, etc...U.S / Woodrow Wilson 'he kept us out of the war' was campaign slogan...Weitzmann promised British U.S would enter world war I if U.K supported Zionism...promised that Brandeis could pull this off...get in return for Balfour declaration...gentleman's agreement...At Paris Peace conference Zionists pushed to have wording of Balfour declaration included in any Armistice agreement...WTF...Irgun and Stern gang, Zionist terrorist groups, in 30s and 40s...had front groups in U.S...n.b leader of Irgun Jillell Kook used name 'Peter Bergson' of all names...

in 1940s...Just after war Zionists planned to bomb London due to British resistance to mass immigration to Palestine at time...from Paris...recruited pilot who later informed U.S embassy etc...Rabbi Baruch Quirf headed plot of Stern Gang to fire bomb London...fire bombs to be dropped on parliament / foreign ministry / kill anyone, all british our enemies...only spent few months in prison...later became friend / advisor of President Richard Nixon, influencing Nixon's middle East policy...Nixon's Rabbi...that is what Nixon called him, 'My Rabbi'...American Zionist Emergency Council, by late 40s had access to 150 million in funds, about a trillion dollars in today's value, to manipulate / lobby U.S government, society...all institutions, funded Christian Zionist groups, books, etc...targetted every aspect of U.S society...massive campaign...At time great opposition to Zionism from Christian leaders, state dept, pentagon, intelligence agencies, Jews, etc...consistent U.S govt. reports stating clearly that it was against U.S interests, would damage U.S interests, every intelligence agency, state dept. report and memos...all this 'buried'...famous and influential people consistently against, publicly...including 1947 C.I.A report: danger to U.S and West's strategic interests in the region...Zionists used U.N to push through the 'partition plan' while U.S state dept. stated openly it would be a disaster, chaos, bloodshed...at time only 30 percent of Palestine jewish, and even at time plan was to give Jews 55 percent of land...Jews first started buying up land, from 1 percent, up to maximum of 8 percent at time of U.N partition...secretly always
planned to annex the rest...Israel's 'war of independence' was really massive deportation of three quarters of a million Palestinians...took several massacres before Arab nations employed militar...16 massacres, ethnic cleansing of over 200,000 people...Arab forces were smaller than Zionist forces...battles fought in Palestinian parts of U.N planned partition...Alsion Weir...comments on most famous U.S media female who, after reporting on facts from Palestine, had career ruined, and erased from history...and how they could not even get largest U.S history magazine / media group to publish a paid ad about a book because it told the truth about the Israel lobby in U.S...

Princes of the Yen documentary notes
Princes of the Yen
The IMF out of Washington created cheap credit, tricking Asian businesses into borrowing at artificially low interest rates, before suddenly jacking up interest rates, in Korea for example, by 5%, thus sending huge numbers of businesses bankrupt, for Vulture investment funds from Goldman Sachs to 'securitize' and buy up at bargain basement prices. The European Central Bank pumped huge amounts of money into Greece, Portugal, Spain and Ireland, by ordering their central banks to print more money, resulting in 20% increases in the money supply each year, and the intended 'real estate bubbles', which the ECB then burst by demanding the Central banks suddenly cut credit, sending developers bankrupt, and leading to a crash in the real estate markets which ultimately crashed the banking systems of these nations, so that again the huge predator banks and IMF could compel these countries to make 'structural changes' which effectively meant a total loss of sovereignty over national economic and social policies i.e allowing the IMF to dictate these policies, like an effective world government, and for JP Morgan and Goldman Sachs to buy up real assets at well below market price. The IMF compelled Japan to give up its post war successful financial and economic policies by inducing an artificial recession, and prolonging it until the Japanese gave in, and privatized their central bank. The IMF from Washington would not allow the Japanese government to bail out the banks that crashed as a result. A year later, when the same policy of printing money, then suddenly halting this credit, and raising interest rates, first produced and then burst the real estate bubble, threatening to bankrupt the largest banks in the U.S, the U.S government did exactly what it had forced Japan, Korea, and Thailand NOT to do, namely, bail out the insolvent, bankrupt banks in the U.S.

Basically what we can see is that the IMF, out of Washington, have made themselves, via the central banks of the world, the world's de facto one world
government, dictating economic and social policies to supposedly sovereign nations. Those nations that refused to privatise their central banks, or institute central banks, like Iraq and Libya, Iran and Syria, and Afghanistan, were invaded, or are slated for invasion, and the installation of puppet governments which will do the bidding of the IMF, privatises their central banks, sell their real assets in exchange for worthless U.S monopoly money, and basically operate under IMF and World Bank orders. Basically we have a one world government operating via the privatised central banks. If Syria and Iran insist on resisting the IMF and world bank, and continue refusing to set up private central banks, they will be destroyed, like Iraq, and Libya.

The pattern is so clear now. Private central banks like the Fed in the U.S simply create bubbles by printing money and lending it cheaply to speculators, and then suddenly cut off this cheap credit, sending markets crashing, so that the Banksters can step in and buy up real assets for a fraction of their real value, and also dictate economic and social policies. They scared the U.S public into accepting criminal laws and practises on the part of the Banksters, and then carried out the 911 attacks to scare them into submitting to the Patriot Act and the trashing of the U.S constitution. The ECB crashed the banking systems of Portugal, Spain, Greece, and Ireland, and in return for 'help', demanded structural reforms which basically handed over almost all power to the ECB, which is basically totally independent, operating as a secret society, with more power than any of the nations in the EU. The IMF and World Bank, with their Bankster buddies, crashed and effectively took control of Japan, South Korea, and Thailand, after creating recessions, and then tricking the public's in those nations into believing that the controls and changes demanded by the IMF and World Bank were necessary to ending the recessions.

I hope you see the pattern. The movie is a bit hard to follow.

Protocols of Zion etc notes

Jesus says 'Ye are of your father, the devil', referring to the Pharisees, what we would call 'Talmudic Jews'...

Talmud supposed to be the written form of an oral tradition that out-ranked Mosaic law...The Torah / Pentateuch was supposedly a written record...and the Talmud an oral tradition beginning with the Sanhedrin i.e the 70 elders of Zion who received their own revelations at the base of Mt. Zion while Moses was on
top of the mountain receiving his own revelations...Talmud claims precedence over Mosaic law / Torah...though in reality Torah / Pentateuch was probably written around same time as Talmud, in Babylon...around the 6th century? ... check own notes...

'Convergence' between West and East as socialist jewel world order...i.e East was Bolshevism i.e socialism by revolution...Mensheviks sought gradual change, as in West...Bolsheviks used Mensheviks on and off, offering them this 'carrot' of 'convergence' if they supported them...then when Bolsheviks had enough power, turned on the Mensheviks...over and over...MHR and note use of Asiatics in Stalin's WWII invasion, then North Koreans used...first act of U.N was Israel, then Korea...Gradual West incorporation of East into E.U i.e instead of East invading and occupying West, the West was co-opted by Merkel etc, as E.U, and merge Eastwards...Putin always praising the E.U and Israel...represents a return to the old project...Sovereign debt result of socialism which nations cannot afford, so go bankrupt...Germany main sponsor/subsidiser of E.U...but could be seen as seeking control by Euro rather than previously military...

putin financed Le Penn...media calls Le Penn right wing / fascist / nazi simply to make her right wing hero...any Western leader that opposes Nato is Putin's friend...we are to be tricked into putting faith in russia as hero...nato has to be destroyed / putin is our savior...i.e ask who benefits...putin...jew world order...

we are being lead to give up on our own nations / systems...walk away...so putin / jews / trotskyites can take over...communists assassinate people and have it blamed on neo-nazis...russians creating organisation to undermine west...

ferocious clampdown on any anti putin protest / protestors ...jailed national socialists ... political opponents not allowed to run political campaigns...RTV totally Putin adoring...

KEY POINT, NEVER REFER TO NAZI'S AS FASCISTS...THEY ARE NATIONAL SOCIALISTS, THE ONLY REAL POLITICAL SYSETM THAT EVER DELIVERED THE GOODS FOR THE MASSES...SO COMMIES ALWAYS CALL THEM FASCISTS...ANTIF IS REALLY ANTINATSOC...BUT THEY WANT US TO FORGET NAZIS REALLY SOCIALISTS TOO...THE REAL ALTERNATIVE...

BUT red flag...Putin's reign of terror still on Amazon? and my books not? ???

Notes on cults in general

Soon we will meet and listen to a genuine full blown 'cult of judaism' priest...as 'Old Testament' and as 'cult mentality' as it gets...

But you get put in prison if you don't chose your words ultra carefully...when it comes to the most powerful cult in existence, with a continual tradition going back thousands of years...long enough time to formulate, and carry out, your conspiracies...just because YOU couldn't manage what they have, doesn"t mean they couldnt'...they have...over thousands of years ... it takes a CULT to do that...the cult mentality and macchiavellian ruthlessness, to sacrifice own members, even own 'sons', literally .... to the cult ends...the cult dream of total world control...
Abraham was WILLING to kill his own son to satisfy 'voices in his head'...a true cult nutter...delusional...hears voices...voices that tell him to kill...to commit genocide...doesn't sound like a cult to you?

Of course YOU and your ancestors have been continually sacrificing YOUR sons, daughters, and committing genocide, in the name of 'cult leaders'...who of course claimed the transferred authority of 'voices in their heads', which is madness you say, but it defines history...doesn't seem hard to go from 'voices in my head' and 'delusions / hallucinations' of the 'new' cult leader, whose followers go and kill because he told them to, that 'god' told HIM to tell them to...to full scale 'religions'...which are just 'established' cults...

Of course in EVERY case in history of a cult emerging, some man who hears voices and has hallucinations, who claims 'god' or 'angels' etc speak to him, and thus he has their transferred authority i.e speaks for angels, gods, ancestors, spirits...no-one listens to him...Jesus's own mother, in some texts, rejects HIS ideas as madness...as do Talmudic texts...he is a charlottan...a NEW would-be cult leader...the existing cults do NOT endure competition fairly / happily / lightly...

O.K, so in EVERY case, from Noah (whose 'mixed multitudes' rebelled as soon as they left Egypt, as soon as he left their sight), to Mohammed, to Jesus, to the mormons 'John Smith'?...NO_ONE believed them...they rejected them as 'poets' and 'madmen' and 'nutters'...I mean, people who hear voices in their head that tell them THEY have been chosen by GOD to do god's work, and to gather together people to take over the entire world...and to kill every man, woman, and child, and their animal, who opposes their deluded scheme...now if TODAY some man stood up and acted like that he'd soon find himself in prison or worse / involuntary psychiatric center...

But Abraham literally was going to kill his own son, as a voice in his head told him to...then that voice changed 'its' mind and said it was enough that he had been 'willing' to...If your neighbour went through THAT process publicly, would they still be allowed to 'keep' that child in their house? would they be 'offered' special treatments e.g hospital care / prison? or would they be glorified as a holy man?
you see the problem with all cults, which YOU think of as 'religion', is that they've had time to work their cult magic...gain lots of power and members...to 'force' you to 'respect' them, even if they haven't 'tricked' you into joining too...

for some reason a story set thousands of years ago, which others appear to venerate and respect and honor...the very same story that if it happened right now, you'd reject as insanity, as madness, as a 'cult', as dangerous, as criminal intent, as something you'd want to stop and cease and control and prevent immediately, with all the force of the state and your community...is granted 'immunity' from 'reason' and 'logic' and 'common sense'...

If I go up a mountain and claim a burning bush spoke to me, or angels told me where to find golden tablets which I then wouldn't show you as YOU are 'unworthy', or angels dictated a book to me, verbally (I can't write so I have to recite it later to 'scribes', who actually could write anything, and I wouldn't know, as I can't read, and these scribes just happen to be working for guess who??? anyway...), then come back and tell you 'god' told me you should give me total power, and that WE are now going to go into the peaceful neighbouring lands to kill every man, woman, child, animal, and rip up pregnant women and the like, how are you likely to respond? Just like 'MOses' followers did

It takes cradle to grave (keep the old people in fear / shut them up so they cannot 'contaminate' your perfect cult brainwashing program) cult brainwashing / conditioning / education / call it what you like 'religion' if you like, but I dare not, as you will suddenly come to the defense of your own cult, and attack me as 'clearly just what the priests warned about, amalek, the adversary, the infidel, the evil non-believer, the worker of satan, the rejected of god...anyway, it takes at least two generations of such cult conditioning, and of course 'filtering out' of those who will not submit to the lunacy / madness / absurd illogical unreasoning 'leave your brain at the door', turn off your natural common sense and decency / blind faith acceptance without the slightest self-reflection / interrogation / critical reasoning about assumptions, and the means and ends the cult has 'chosen' etc...i.e you 'kill' as moses did, any 'dissenters' or 'non believers' or 'apostates' or 'heretics', as soon as they start raising questions and doubts among themselves and other members (jesus was doing this when he got targetted for death by the cult of judaism leaders in his community)...you usually have to re-write the cult history and books several times, so killing anyone who reminds anyone 'hey, that was NOT how it happened / NOT in the books I read as a kid etc e.g Salman Rushdie's 'satanic verses'...the catholic inquisition with its re-writing of the bible
and Christianity / Jesus' teachings / ideas of his followers...and you 'excommunicate' any 'heretics' who dare challenge your NEW cult teachings / assumptions, and make them 'persona non grata' to ALL the current cult members, for fear they might contaminate the 'pure' dogma i.e get people to start asking questions, critically analysing what they are being told, 'revising' history i.e going back to the documents and saying 'hey, look, the priests are lying, the documents do NOT say this, give them this power, order the members to do this, like treat them like gods / princes, or commit genocide etc etc...you make it a crime to 'socialise' or even 'speak', even 'feed' a 'cast out' a 'heretic' an 'excommunicated' ex cult member...this is what most of us immediately think of as 'cult' behavior...isolation of a group from the wider community it lives in...kicking out anyone who does not fully submit to the cult leaders / dogma of the cult...not speaking to them even if they are family members, simply because the cult 'rules' that is so...for fear of the 'free thinker' challenging the dogma, assumptions, beliefs...proving the cult is a fraud, the leaders fakes...the books faked, the history faked...

Holocaustianity has many cult facets...anyone who would 'revise' the clearly false data / beliefs is labelled as 'evil' as 'full of irrational hate', as 'mentally ill', as 'criminal' etc...and given the full star chamber treatment previously reserved for anyone who challenged the cult of Catholicism when the Catholic cult had absolute power in Europe etc...

GO ONTO POWER OF THE 'general cult population' i.e not actively cultish...not believers in dogma, but still useful to cult...aura of 'tradition' and emotions tied up with family i.e benefit from this...even though most 'jews' not really active cult of Judaism active members...still represent powerful resource i.e will 'defend' the cult, even though they barely affiliate with it, out of sense of loyalty to own parents, family, traditions, ancestors, friends etc...so MOST 'cult of Judaism' members, like most 'cult of Catholicism' members or 'cult of Islam' members are NOT actively seeking the aims / goals of the original cult founders e.g world domination e.g Mohammed at first ignored, laughed at, then got power, then extended that power as far as could...and many still doing this...though most do NOT promote war, do NOT really observe / submit to the dogma like 'good cult members'...they are barely members...but still useful and dangerous to the general public...will support the cult, defend its actions...pretend / or be totally
unaware, of the true nature of the cult...they are thinking of loving family holidays and local respected cult leaders...and a sense of being 'special' and 'persecuted' by 'non cult members'...even though they barely know anything about the cult...their 'affiliation' used politically e.g we have 20 million members, so we are not a cult, we are a religion... (in reality all religions are cults, but they define less powerful cults as cults, and themselves as 'religion' as if they made it anything other than a cult...spiritual teachings don't need 'structure' or 'power bases' or 'organisations'...they just need books and teachers...and should be able to stand the test of critical analysis, if they are worthy of our respect/time and effort to read them...like my own TROONATNOOR arguments ...

science is a rejection of cult mentality, on the surface, but can become a cult i.e historians who mock and 'ex communicate' David Irving...or any other 'historical revisionist'...but in fact these 'historians' are all cult members...of the cult of 'holocaustinaiity' and 'catholicism' and 'judaism' or under the thumb of those cult members via 'freemasonry' or 'illuminati', which are all extensions of the cult of judaism, it is easy to demonstrate if we are allowed...though all true cult members are brain dead zombies, who define this state as a virtue...as it keeps them 'true believers'...they are immune to any reason, logic, compassion...because they are conditioned to believe that any non cult members are themselves proven incapable of logic, reason, compassion...they are evil, stupid, malicious...so you don't have to listen to them...in fact it is dangerous to even socialise with them, they might infect you with skepticism, reason, logic, compassion...that is their FALSE and CORRUPT and clever tricks...

all this is clearly demonstrated kindly by the Rabbi in the video...

but we have to deal with YOU first...who merely are 'affiliated' with this or one of its offshoot cults...

look, it is so bad, they even have Brendon O'Connell defending the cult's biblical genocide !!!their public enemy number one is doing their work for them, because he does NOT get it...that HE is a brainwashed cult member...the SAME people behind the cult of judaism are behind the cult of catholicism...

note I just woke up at 9am after new years eve fireworks...and have to write down these ideas while they come to me...probably never get a chance to really write anything as well as I can/want to...or present it...so this is for the few
people like me really searching for 'the truth' even iff they doubt it is possible to ever 'know' it, in this manifestation / incarnation as a human...

so this was going to start calmly with an attempt to win over YOU before alienating YOU by criticising YOU, the 'average' affiliate of the local cult, worldwide as it may be...and to explain that when we say 'jew world order' and 'jews own hollywood' or 'control the mass media or world financial system, we don't mean 'that self defined jewish person down the road, who probably owns ZERO shares in ANY company, has NO idea what the cult leadership has been up to for thousands of years, or what they intend, has ZERO power in their personal / private / business / work life, or no more than the average wage slave ...

...who RESENTS, rightfully, being 'lobbed in' with all the extremely rich and powerful jews who DO run this world, behind the scenes, and publically now, more and more, e.g Trumps advisors / postings, mass media moguls, hollywood elites, world banks, the fed in the U.S...and Putin, who has not publically admitted he is a jew, but said and done everything BUT that in revealing his 'jew world order' credentials...to anyone able to remove their cult blinkers...yes, folks, nationalism is a form of cult too...

if you were born somewhere else, you'd have grown up a 'patriot' of some other 'cult'...there is little 'organic' in most nations...what connects Hawaiî or Alaska to the U.S? in fact the 'U.S had to steal most of its territory at the point of a gun, after mass murder, of the local Indian nations, and then Mexico, Spain, France, Britain...

That jewish woman's 'monolithic culture' of 'European nations' is a joke...go live in 'Germany' and see just how 'German' everyone feels...go to the south, and listen to people who have recently moved from the north, and how 'welcome' they feel...how much they feel they 'belong' and are accepted as 'one of them' in the south...no, germany is a federal republic...might as well be dozens of independent nations for all the real 'patriotism' and 'german feeling'... and lets not talk about 'Ozzies' and 'Westies' in this context... let alone how 'Germans' treat a 'German Australian' returning to live there...no, Australia is a federation of states, Germany is too...Russian federation is a totally meaningless construct held together by the 'strong men' the 'tough guys' i.e at the point of the gun, by 'Russian' central power...Italy is the same, look at Spain...nationalism is a new idea, and one that is held together by threats of, and use of, violence...from the Eureka stockade massacres to all the violence in Ireland, the 'new' nations of Greece, Germany, even Italy...perhaps France and England are reasonably 'old'
and 'established', but 'Great Britain' is a construct...there are no 'Britons' to speak of, as Monty Python skits love to mock...there is no 'monolithic' 'German' culture...there are many discrete, clearly identifiable 'cultures' of 'germanic' culture...based on similar languages, which anyone who speaks a german dialect will also mock...speak to an Austrian or Swiss person speaking 'German' if you want to get a taste of the supposed 'germanic language'...it exists more in linguists textbooks than 'on the ground'...in terms of real communication...

so while we reserve the term 'cult' for NEW cults, it applies to EVERY religion in the world today...with more or less the same features as the cult of judaism, probably the oldest continual cult around, and the one with the greatest potential to realise its millenia old ambitions of world domination...which will, it admits, require that 6 million jews living in Palestine be 'sacrificed'...it will require the 'realisation of the prophecies of the original cult leadership that the entire world be provoked to attack 'Israel', killing these 'jews' living there, but ultimately resulting in the realisation of the jew world order i.e the jews in power in Europe, north america, australia etc will take the opportunity to declare war on each other, then martial law on their slaves...and thus bring in their jew world order...it is right on our doorstep...the plan just waiting to be activated....I kid you not...I exaggerate not a whit...it is so obvious now, after having stepped out of the 'bubbles' of ever cult I was born into, and tried to be recruited into over my life...call them 'religions' or 'nation-states' or 'philosophies' or 'political groups' or even 'scientific theories / laws', they are all cults, as they share all the features of cults, characteristics, requirements of 'submission' to some 'dogma' whether it be 'jews as the chosen people' or 'Physics', or 'History'....

The true Humean Skeptic / authentic philospher rejects ALL dogma, and tests all their own beliefs to see which are compelling, and why, rejecting any based on untested / untestable assumptions, or those proven to be false / propaganda / misunderstandings...and NEVER 'believes' anything at all...merely acts heuristically...'as if it is true'...to be practical...but always maintains hte zen discipline of 'letting reality speak to them, rather than imposing definitions on reality 'learned' elsewhere i.e NOT from direct experience of reality / sense perception, and doubting even THAT...oh please please please someone read my TROONATNOOR books...and make all this later writing totally 'icing on the cake'...if you understand TROONATNOOR then you will be unlikely to ever get caught out by a cult, and if you do, you'll realise it very quickly, and get out, and start warning everyone, inlcuding the current cult membbers...
So back to my original intent...to try to get YOUR attention, without alienating you immediately, by telling you that you are an idiot...a fool...ignorant...stupid...behaving like a baby...believing junk, rubbish, propaganda, lies, ... being lead by the nose like some 'dumb' animal, to your slaughter...to live and die as slaves to the cult of judaism, or some other cult emulating it, and its aims, or being a spin off of it, probably not competing in reality, but thinking it is, when in reality it is being manipulated to act in ways that benefit the cult of judaism and its jew world order...

oops...might have lost a few billion potential readers ... but with tonnes of revision and pussy footing around, I might manage a draft of this that 'tricks' (as my sister accused me of) them into thinking critically, sanely, rationally, and logical, for a few moments of their lives...maybe of their next thousand lives....one can only hope against hope...!!!

So what we need to do is write up a critique of cults, without immediately losing reader's interests when they realise that the dumb-assed, deluded, silly cult members we are talking about include THEM.... which it does...including Brendon O'Connell, cult member of the zombie jesus cannibal cult a.k.a 'catholicism'...

yes but here's the point...Brendon, like most 'Catholics' I've ever met etc, are not REALLY cult members...they are just 'affiliates'...by tradition, family, upbringing...they don't slavishly obey the pope, and his 'bull'...they use birth control, they sleep around, they commit all the 'sins' and rarely go to church, wouldn't never think of going to 'confession', challenge the catholic church's dogmas, criticise its leadership and lack thereof, 'revise' its history, investigate, are critical of it, reflect on many of its dogmas as 'absurd' and thus reject them...and won't put you in prison for doing the same, or laughing at them even...or criticising them...they may not like you, and prefer to be around 'other catholics', but they don't have a 70 million a year public relations organ ADL, or put people in jail for challenging their verions of 'historical' events...

I hate writing more...I wish I had written less, the more I write the less likely you are to read it ... it will seem overwhelming, just how much you think you 'know' that you don't...just how many lies you've accepted as self evident truths...
so...our gambit to attempt to wake up 'jews' themselves to how they are being used / abused/ and will be sacrificed, in the tradition of all cults, by their leaders, to their insane self deluded ambitions of grandeur (you see none of the cults really had a sound ethical basis...even jesus was a bit loopy...my own TROONATNOOR is honest, goes into the details...no dogma, no assumptions...just honesty...which is why it is NOT a cult, will never be...and will probably be ignored...and fail in its ethical ambitions...but it may save me, and a few others, from returning to these lower levels of existence...it can be our salvation, maybe just my own...not of this body, but of this 'experience engine',...not markus rehbach, but ME...I'd love to save you too...and in case there is no other reality, save all the coming future generations...but hey...you probably are simply not ready for it, not capable of the honesty required...you are getting the leaders you yourself WANT at this time...you just wanted to be on the top of the pyrmatid, not the bottom...that is your complaint...YOU deserve to be slave master, not slave, but the idea of slavery is in principle correct, in your way of thinking...or you'd be reading my books, and helping me set up an alternative...

anyway...back to this theme..

so...almost everyone at some level is a brainwashed cult member...very few people realise they are conditioned / brainwashed...and seek to escape...they in fact defend their stupid ideas, convinced they are 'self-evident truths'...it is human nature...teach people sommething, reinforce it all the time, over and over, and it seems / feels 'real' to them...especially if it seems to benefit them e.g as a member of some 'superior race' or 'chosen people' etc...though they will find they they too will be paying later...when the war comes, etc...as it always does...the elites always look after themselves...they don't mind sacrificing billions of their 'slaves'...they pretend even to be each others' enemies, to trick their slaves into fighting...getting into debt...accepting total loss of freedoms...paying taxes for wars that were started to get them into debt, etc...to make them hate each other...etc...to divide and conquer them etc...wars are the best for getting people to submit to centralised authority, to do stupid violent things...to accept total censorship and propaganda...total control...submission to centralised authority...to give up all their freedoms...to become literal slaves...

oops...too much to say...please read all my other books....starting with TROONATNOOR vol I, then II, then 'REligion'...then my new world order series (banned) etc...
so...this theme...we have to start by showing the DEGREES of cult mentality and
cult behavior...starting with the outer edges...the 'rim' of 'relative sanity'...the
millions of people who merely 'affiliate' with a cult...due to tradition...family
e...they associate nice warm supportive loving family stuff with the cult
affiliation e.g their 'catholic rituals' of baptism, weddings, Christ-mas...their
'jewish' rituals of bar mitzvah, passover, etc...their pride in their family and
culture and traditions...usually totally misplaced e.g pride in being genocidal
rapist 'ripping apart pregnant women', slavery, 'Inquisitions', genocidal wars
within each cult e.g protestant vs catholic etc...the point being that their cult
membership is fairly 'light' and 'superficial' and at first appearances quite
'harmless' and 'not serious' and 'relatively open minded' and 'social' i.e no sharp
isolation / ex-communications / definition of non cult affiliates as evil / mad /
malicious / perverted / illogical / unreasonable...they may get a little defensive if
you make fun of their 'religion', their cult, but they won't call the police or 'hate'
you for it. They'll have a go at your cult, at your beliefs, at your expense...and
that will be it probably...

The large majority of cult members, e.g Catholics, Jews, Muslims, etc are NOT
really that actively involved in their cult. They live on the fringes of it. They
merely 'inherited' that affiliation. They don't read the bible, koran, talmud, zohar,
Alruch whatever,

not novel 'Pilgrims progress' is typical cult mentality...the ONLY way to
salvation is slavish submission / acceptance / without reflection-thought / leave
brains at door / mindless submission / mindless acceptance / uncritical acceptance
of dogma ... of the official cult beleifs / dogmas / articles of faith, no matter how
absurd or unbelievable...you just accept it...makes like easier...and reject any
idea or person that contradicts it...not just as 'ill informed' but as actively evil,
malicious, insane, mentally ill, irrational, illogical, a bad person, working for the
devil etc...the only way to salvation is blind obedience to the ritual beliefs,
assumptions, practises, activities...blind obedience to the cult leadership...if they
say kill, you kill, even if the victim is your own son, or 6 million of your own
'cult members'...for they will all get their reward in heaven...it is all part of gods
plan for your cult, and you...and thus is is 'all good', and anyone or anything that
seeks to resist your cult / defy it / prevent it / stop it etc is 'all evil'....life is that
simple when you hand over all your conscience and responsibility to the cult
leaders....which is why people love cults...certainty is a drug...the certainty that
you are 'better than others' and 'chosen by god' and 'destined for heaven'...all you
have to do is NEVER EVER FOR a moment entertain any doubts, let alone
challenge anything you've been told to 'believe'...just believe... bad shit will
happen, but you will end up in heaven... if you do NOT do this, you'll end up in hell, for eternity...which would you prefer? and tell me such threats are NOT the ultimate form of terrorism!! the use of fear to get people's attention, and then to get them to 'willingly' submit to your cult / nation / leader / system / authority...

I prove all this stuff in detail, step by step, in my other books and videos...so please read them...

the more cogent I get (though this is a first draft, if your brain works, you will sense the potential I have to defuse all cults, and disabuse people of all cults, and thus become 'the devil' to the cults and thus their number one enemy...the more chance I will be silenced...so please take me seriously...even if you can't see right now the potential...I promise you, if your brain works, if you are capable of being honest, then my books will free you, and anyone like you...from eternal slavery...this life...right now...within a few weeks...so my main problem is getting all this info together, then getting people to pay attention, before being annihilated by the cults, who are probably going to be the first people to realise my potential...for good for you...which is by definition, for a cult, bad for them....

so please stop everything else and read my books, now...sure...you won't...but that is not my response-ability therefore responsibility...just don't complain no-one told you what was going on...probably you think you will come out on top...and so you love this game we are all being forced to play...but if you don't want to benefit at other sentient beings expenses, and end up being a slave to some other will, as you wish to become slave master, then read...now...and share...and...o.k, back to the ideas trying to express,...and find way past your ego defenses and brainwashed tiny barely functioning brain cells...

yes, got to make it clear to people that THEY are cult members...just most likely 'on the fringes'...but still providing resources, even if just 'the force of numbers' that give the cult it's 'credibility' andd 'status' and 'respectibility'...

You see all the relatively reasonable, NON fundamentalist, NON extreme, MODERATE, semi-rational and semi-logical functioning human beings providing goods and services to their community, operating as 'good citizens' with no plans to commit genocide, with no real malice towards their 'non-believing' neighbours...who want to 'go along to get along' and will tolerate the 'mad ideas of people belonging to other cults' with good natured sense of
superiority, but not really out to convert anyone, or demonise them for being silly, brainwashed, ignorant, irrational, illogical, etc enough NOT to join THEIR cult i.e poor infidels, but god will it...they are going to hell, but god wills it...if they ask me I'll explain why they are all wrong and my cult is right, but otherwise, well, not my brothers keeper etc...poor deluded other cult members...but god has a plan, its not for me to decide who god chose to enlighten, and whom he chose not to...sad for them...and sometimes a bit of malicious glee, knowing that my 'competition' at work, for love, wealth, etc, is doomed for hell, because they are in the 'wrong' 'evil' cult...not like my 'religion' which of course is NOT some silly cult, but RELIGION...we have BILLIONS of members, so we MUST be right...at least millions...numbers speak truth right? the majority was always right? right? throughout history the majority have always been right, right? its only democratic? most people are clever enough and 'good' enough to join our cult...the others...oh well...they must be evil at heart...but mostly we just don't give much thought to our own cult affiliation...we think and say 'Oh, I'm a muslim, catholic, christian, or even Buddhist etc, but it has almost zero impact on how we act in daily life, we give it almost no thought, dismissing the 'too hard' rules and ethics but enjoying the holidays, the cultural bit, the rituals, the festivals...we like the sense of 'belonging' 'cult membership' provides...the feeling too of being 'special' and 'chosen' and 'superior' to all the 'cults' out there...and worse 'atheists' i.e people who won't belong to ANY cult...again, WE are not a cult, only the 'others' are cults...

but anyway, most people who claim to be 'religious' really only mean they affiliate / identify at some very superficial, using self-serving, convenient way, with some cult, sorry, 'religion' or 'tradition' or 'nation'... they wouldn't sacrifice anything or inconvenience themselves for their very vague, superficial 'beliefs'...in fact they know almost nothing about the dogmatic beliefs of their 'religion', they haven't bothered reading their 'holy books', don't devote much time at all to it...they are NOT REALLY 'catholic' or 'jewish' or 'muslim' REALLY in any substantive way...so saying 'Jews are plotting to enslave us' is a bit misleading. Because most are NOT. They are just getting by. They don't act or think in any way differently to the general population. they are no more or less of a threat. They have no more or less power or influence, as individuals. AS INDIVIDUALS...

However they have a value to the core cult leadership and membership. The 'status' and 'Respectability' and 'Power' of numbers...they are a force to be taken seriously...you can't get away with 'mocking' that cult, like you can make fun of Scientology, a 'new kid on the block'...they have 'members', even if only 'loosely
affiliated' with the cult, in positions of power everywhere, no matter what cult / religion we are talking of. You won't get away with mocking THEIR cult. If it is the cult of Judaism, you'll end up in jail in most western nations. If you are in the middle east, and you mock Islam, you'll end up in jail, or dead, also. The cults have more power in some places than others. Write a book challenging Islam in the west, and you still may die as a result of a fatwah issued by some muslim leader, even publish that book and you can easily end up dead...the cults have power...all of them... it is just that the cult of judaism has succeeded in its aims...and soon will have realised its millenia old ambitions of ruling the world, and enslaving us all...of course we will 'chose' to be slaves...of course those who do NOT chose will be butchered, man, woman, child, infant, and their animals...so after all this massive murder, the ones left will be the ones who, at least publicly, 'accept' being slaves and 'thank their slave masters for being so nice as to enslave them' !!!

yes, so my point is...if you identify as a member of a cult, whether catholic, jewish, islam, or mormon etc, you ARE morally guilty ... by association...you are aiding and abetting that cult...even if you do NOT share the cults beliefs or share in their power or their crimes...directly...simply by identifying with that cult, and granting it status, prestige, respectability, political influence, public opinion influence, you ARE actively assisting the cult in realising its aims...so when the cult does finally offer 6 million of your fellow cult members to the flames in a real holocaust, YOU will be morally culpable...YOU will have been an 'accessory' to the fact...YOU will be guilty by association...as having aided and abetted the criminals...even if YOU would never have dreamed of killing a single person, let alone 6 million of your fellow cult members...most of whom never bothered to investigate their own cult belief systems, practises, ambitions, history etc etc...

THAT is what prompted me to start writing this, before even getting dressed, having coffee...etc...

THAT is the point I need to make...that when Brendon O'Connell lashed out at that Zionist Jew, he was expressing a lot of pent up frustration...and felt he'd found a legitimate target for it...a true genuine cult member...one who was AWARE of what that cult is up to...has done, and plans to do...
now I cannot say for sure, and would try to avoid such outbursts, before being able to substantiate my suspicions that I was addressing a 'true believer', a real 'cult' member...a 'core' cult member...who is a fan of 'chabad lubavitch' i.e a true cult core horror...a true 'Talmudic jew' a real 'Old testament' jew from the time of Moses / Joshua's genocides...

that said, no matter WHO you are, if you identify yourself positively / define yourself as 'a jew', then you ARE complicit in the crimes of the past, present, and future, of the cult of Judaism...as conveniently expressed by that Rabbi, in his own words...we didn't have to 'trick' him into expressing his TRUE beliefs and motives and thoughts...he volunteered...as a 'true believer' who felt empowered enough to risk it...knowing that the traditional response of a pogroms and evictions from nations wouldn't happen again, because the cult of Judaism he represents already has enough power to stop us even considering such an idea publically...

but the fact is, this thinking is the sort of thinking that SHOULD be criminalised and addressed / corrected...but ironically as it is the cult mentality / ideas / thoughts it is only ME that will be criminalised for daring to suggest this... and hey, if I did NOT realise that people like him ruled the world, I would just laugh him off, as you probably will, as some harmless nutter...but people who think like HIM, whom he is representative of, actually DO have the power to do what he says is his god given mission...his god given mission of all jews...to kill every man, woman, child, and animal of amalek, with amalek clearly defined as anyone who resists, opposes / restricts / challenges etc the beliefs he has expressed i.e the right of him and his 'chosen cult members' to enslave the entire planet to themselves...and to kill anyone who will not 'serve the jews'...

can you imagine how frustrating it is to have this guy spout such obvious criminal intent, and to know that most people simply will ignore it? or laugh it off. OR worse, like Brendon O'Connell with his comments on the biblical genocides, actually 'justify' it as 'legitimate', because they have bought into the cult's dogma at some level, as 'christian zionists' etc???

Quantum / sub atomic level stuff notes
Photo-electric effect...light energy absorbed by metal and transferred to electrons in that metal, some of these escape the metal, and we call them 'photo-electrons'...Herz discovery...higher frequency of light waves higher energy...intensity not related to energy of photo-electrons...but higher frequency e.g. ultra-violet, more energetic...threshold not met by red light...if light just stream of particles, should yield constant energy output...which is what observed...threshold energy is minimum required to overcome 'work function' and allow 'photo-electric effect' to begin...but beam of red light never releases single electron no matter how long focus on...but immediately focus ultra-violent on metal, it begins releasing electrons from metal...light hits stationary electron, bouncing it out of metal...incoming light energy-threshold energy=final energy of the escaping particle of light i.e quantum of light i.e a photon...planck constant x its frequency...proof of granular nature of light...frequency of discrete 'grain' of light is its energy...wavelengths of light reflecting off the metal are longer than those that hit the metal...some energy has been transferred to the electrons...wavelength proportional to frequency...corresponds to change in energy...so change in wavelength corresponds to change in energy...depending on angle of 'scatter'...if no change in angle, no change in energy or wavelength...i.e if passes through i.e no scatter...if scatters at 90 degrees to electron, or hits directly and 180 degree i.e straight back, double energy of 90 degree...i.e i.s scatter = angle of deflection...more direct the hit, greater change in energy and wavelength...i.e more energy transferred...thus light behaving like particle...einstein confirmed by compton...behaves like particle when emitted, bounces off, and absorbed...but so how do we get the observed phenomena of interference i.e. 2 slits experiment, diffraction i.e flows around objects, and dispersion (pink floyd album cover dark side of moon) i.e indisputable wave-like behaviors of light...microscope / camera Vs night vision / X-rays / MRI / Ultrasound...why wave and particle considered incompatible???...why contradiction???...MHR why do they not see obvious correspondence between sound 'waves' in air i.e. air molecules transmitting energy and photon energy being transferred by...WHAT???...e-m quanta MHR...???...clue is that it is never wave AND particle AT THE SAME TIME...dual nature, but never simultaneously both...always one OR the other...Either / Or...MHR what is obvious to me that not to them? What am I NOT negatively hallucinating like them, or what is it I am positively hallucinating that not there? i.e why is it obvious to me that light is no different to sound, in terms of being a frequency of energy that is transmitted BY some 'granular' medium i.e. equivalent of air molecules for light energy being WHAT...???...what is the 'medium'? the WHOLE medium of TROONATNOOR i.e. electro-magnetic 'soup'...or more appropriate to mental image of 'granular' universe, an electro-magnetic 'beach'/ 'desert' ???...
enzymes enormously speed up chemical reactions a trillion times. ...accelerators...responsible for all actions in cell...e.g enzymes in liver break down hydrogen peroxide produced in body into oxygen and water...Collagen gives skin, tendons etc elasticity...tadpole to frog?...enzyme breaks this down in tadpole/frog so can transform / metamorphise so quickly i.e most of tadpole dissappears in process...e.g tail of tadpole broken down / absorbed into new 'frog' body...in quantum world particles can pass through 'impenetrable' barriers / energy barriers...instantaneously arrives at and comes out other side...MHR no 'solid' matter as such... quantum tunneling of sub-atomic particles...goes on in every cell of every living cell, as well as sun / stars...

Green Chorophyl molecules in plant cells absorb light, then transfer the photon energy to heart of cell ...photon knocks an electron out center of a chlorophyl molecule, producing a tiny packet of energy 'exiton', which 'bounces way through rest of chlorophyl molecules until it reaches the 'reaction center' where it's energy drives chemical processes to produce biochemicals of plant life...how does it finds it's way there?...'random walk' like pinball machine...passing through EVERY part of the cell ??? ... reaching reaction center by pure chance / random bouncing around? but would lose energy as waste heat during this process if this were the case...i.e NOT the case...i.e route NOT random...plants obey quantum mechanics law a.k.a 'the uncertainty principle'...can never be certain the exiton is in any particular place...behaves as quantum wave spread across cell...doesn't move from A to B, heads in every direction at same time, like wave...exploring all possible routes simultaneously...follows all paths at same time...like radiating waves from pebble in lake...once fastest route 'found'...random jiggling of molecules...MHR probability wave form collapses to a particle again...

Quantum vibrations ... nose 'listens' to chemical bonds vibrating...

1859 'natural selection' of Charles Darwin ... 'evolution'...

Quantum refers to sub-atomic level...

Photon = light quanta i.e light waves also had particle nature
Electrons also appear to be waves and particles

BUT 'bandit snail' stripe pattern (though not color) matches some of its habitat, leading typical 'idiot' 'scientist', even quantum physicist, to want to argue this is 'not by accident'... 'snails with camouflage' driving force behind their evolution...species adapt to their environment?...MHR only in purely PASSIVE sense of hit and miss, negative selection...

Double helix of DNA held by chemical bonds...vibrating strings?...4 bases...blue and yellow, green and red...fit together...strands separate to reproduce, producing two copies of entire code i.e re-combine...used word 'mistake' in relation to mutation, as if AIM of recombination is perfect recombination...protons are the sub-atomic particles that form the bonds between the CTAG molecules...can 'break off', filling the gap in a blue or green, or yellow or red, molecule, that would normally have paired / matched a yellow, red, blue, or green molecule, respectively i.e has changed the chemical bond, leading to a mutation...e.g now have a yellow base where previously had a green base...

MHR is electron doesn't know BOTH where it is, and where it is going ? MHR if huge number of potential electrons jostling around, bouncing off each other, how could they possibly have a 'direction' as such i.e at sub-atomic scale, 'direction' is random vibratin back and forth and interactive bouncing off each other, as a mass move in some general direction i.e 'direction' at such nano distances is pretty meaningless if you are constantly vibrating i.e moving back and forth...only at our human scale does 'direction' mean anything i.e the 'overall' direction compared to the vibrating back and forth...and when we 'see' an atom at two different points in space-time, we ascribe it a trajectory, a straight line etc, or arc, and the pattern is projected in our minds i.e we expect it to retain this 'kinetic energy' or 'trajectory' or 'directionality' if nothing, above atomic scale, collides with it / interacts with it...i.e Humean uniformity...deduction...in fact there are a mass of potential 'particles' but we only attend to the 'start' and 'current' position of an assumed discrete, individual particle...it is the ENERGY that moves / changes positions...different frequency energy manifests as light or sound etc...maybe space full of different 'strings' i.e vibrating at different frequencies, which interact with each other exclusively, or more or less so...so that one frequency energy will only tend to propel one type of 'particle' e.g photon...the photons are all there, rather than moving from anywhere to anywhere else...like sound waves don't move, they move their energy...propel air molecules to compress and expand...this is the rub...why/how? ...so universe full of photons, molecules...certain frequency strings interact only with THEM...so start a process at A, energy released...and the last photon we observe that is being propelled by this is seen as if it was the same as the first photon we observed that was being propelled by it...maybe at some source .eg a star or our sun...

Biological 'quirk' that electron manages to find the shortest route through a leaf...MHR if it is a particle-wave probability function, then it 'hits' the leaf at many points, what we call 'quantum super-position'...as if it was a line made of points...one of these will randomly, via hit and miss, find it has taken the shortest route possible, and is not on the 'other side' of the leaf, at which point the wave function collapses into a manifest 'particle'...so it is in this way intuitive that the proton 'light energy quanta', will always appear to 'find' the shortest possible / most efficient route, because all we EVER get to observe are the 'winners' of 'hit and miss', 'binge and purge' process...same as evolution and the 'suspiciously functional' limbs, organs, etc we have ... we only ever meet the winners of the lottery, so for us EVERYONE is a winner...like cold reading / mail order miracles...the american dream as 'real-ised' on t.v and movies ...leading to ideas of creationism, intelligent design, functionalism...function follows form, but it
appears as if form follows function i.e it has been designed / intended 'to' and 'for' some purpose etc...

MHR why assume birds fly SOUTH for the winter...then wonder how they know which direction SOUTH is...they might be using totally different representative system i.e not direction at all...but flying towards warmer air, some other scent, etc ...

String theory is LITERALLY my '1' i.e a vibrating line, extended, or with ends joining to form a loop...which is basically a vibrating 0 and 1 ... binary universe ... with 5 different ways of looking at it i.e 1 string theory that looked like 5, depending how you looked at it...'M theory' revealed this ...normal i.e space, height, depth, width + 11 extra dimensions that strings 'move' in...i.e total 15 dimensions...we only perceive / construct 3 + time...'degrees of freedom' of movement of strings therefore much greater than what we work in...can stretch into a (mem)'brane'...as large as universe...i.e 3D membrane that universe exist on...e.g parallel universes...membrane inside higher dimensional space... M theory sees 'strings' as open, with each end connected to membrane, like shag pile carpet...and 'gravitons' which are the 'zeros' i.e strings whose ends meet to form '0' shape...accounting for relative weakness of gravity compared to electromagnetic force e.g can pick up large objects with magnets, 1 with 39 zero's stronger force...as gravitons not 'stuck' to membrane, they can fly off between membranes, thus our membrane loses them, and collectively they represent a weaker 'force'...

Real money, inflation, deflation, market manipulation, concentration of real assets in hands of ‘Jews’ notes

Unless you use it as a good, for example in jewellery, or decorations, or in electrical components, Gold is not a good. In most cases it is a service or 'instrument'.

An instrument of speculation, that is, gambling on the future price being in the future than it is today. This is called 'investment', but it is only speculation, as the gold itself rarely becomes more or less intrinsically valuable. The supply of gold, if it were only used as a 'good', in jewellery, and decoration (silverware and gold plate are decorative more than functional), and electrical components, would so far outweigh the 'need' or 'demand' for it that it would become quite cheap, in
terms of the amount of labor, or stored labor, in the form of goods and services, that people would be willing to 'pay' for it.

Aboriginal natives such as American Indians in South American and Central America were quite happy to exchange pure gold 'pebbles' for things of REAL value to them, like food, metal farming utensils, knives etc. Gold and silver are pretty to look at, for a time, but that is the limit of their value in most cases, apart from some electronics.

So who is right? The Peruvian savage or the Jewish Gold broker? What is the REAL value of gold and silver?

Gold and Silver offer a very durable and for a trained person, impossible to fake, form of money. Currency. But the claims that a reversion to a 'gold or silver standard' would solve the problems of government debts, and inflation, totally overlook the actual history of gold and silver as currencies. In all cases where a gold or silver currency, or gold or silver 'backed' currency were used as money, the currency itself became debased over time, and ultimately no superior to any fiat / paper currency.

I explain what money is, and how it works, in my books and posts. It is a service.

A service that can be performed equally by a paper money, or electronic currency, that is properly supervised, to ensure that it cannot be counterfeit / faked, and that it's supply never grows by more than the actual growth in goods and services within the territories that the currency is used.

Increase the supply of gold or silver, or fiat paper money, or electronic currency, without increasing the value of goods and services produced in the society that uses that currency for exchange of goods and services, of time, effort, sacrifice, and risk, and you get inflation. The real value of that currency will fall. You will have to pay more of it to get the same good or service.

If the main use of gold or silver is as a money, or an instrument of speculation (assuming it will retain its value, and thus a good 'store of value' is a speculation in and of itself, perhaps the most basic speculation), then the actual cost of the
currency is exorbitant relative to the alternatives of paper money and 'coined' metals. A hard to counterfeit, and durable 10,000 Euro note would cost much less than the current equivalent in gold, to produce. No miner need die in the mining of it.

Or if you like block-chain bit-coins, no person has ever died 'mining' a bit-coin.

What is a block-chain? What is bit-coin? Basically a prime number. Prime numbers are limited in supply. Like a rich gold mine, at first they can be 'mined' cheaply. But as you use up the easier to find / calculate prime numbers, it starts taking longer, it starts taking up more computing power, to calculate the next. On and on until the time / effort / computing power required to find the next prime number can be said to limit the supply of bit-coins in a particular block-chain. in a particular krypto-currency. Unlike the current electronic currencies used by fractional banking, which can be increased in supply without end, and at any rate the central bank dictates, a particular krypto-currency built on a block-chain is much more limited by real factors outside of the control of, and dictates of, any politician, central Bankster, or other person who might want to manipulate the money supply, with whatever intention.

Ideally a money supply will grow at just a bit more than the growth in value of actual goods and services people in a society willingly produce and exchange. I am not talking of goods and services they are FORCED to consume / pay for, but those which they freely, and willingly, seek out for themselves. FEw people would exchange their time, effort, risk, and sacrifice to finance the war crimes of their despotic leaders, for example.

Now we are talking about inflation. When the supply of 'money' increases, even though the supply of goods and services willingly exchanged does not.

What is the ideal rate of inflation? Would it be good if the money supply kept falling, making everything 'cheaper'? This might be a short term benefit to consumers. But let us consider the consequences for a moment. The other 'externalities'. If you thought that in one year, the same amount of money you had in your hand would buy 5% more goods and services, you might 'put off' those purchases. You would, by waiting, be able to buy 5% more goods and services, next year, than today. So the deflation might lead to a drop in consumption. Which would lead to a drop in production, and an increase in unemployment.
The body that issued the currency would have to destroy 5% of the currency in circulation each year. The government could simply reduce its expenditures by 5% while maintaining taxation at the current levels, and take 5% of the taxes and just destroy them. Burn them. Remove them from the bank ledgers. Or the issuer, say the government, could sell off any assets it owned, such as mineral reserves, mineral rights, federal lands it 'owned', licenses for different bandwidths of the airwaves, television licenses, radio licenses, and the like. The population would exchange their 'currency' for these goods and rights. The government could then destroy 5% of that currency, either as paper money, or on the ledgers of the banks.

So it is possible to create deflation. In fact this is what the Banksters routinely do, every few years, to bring about recessions, and depressions, massive financial crises, crashes, which they use to buy up real assets cheaply.

You create inflation the other way around. Simply print more money. The government would buy real assets from its citizens, in return for paper money. Thus increasing the supply of paper money in circulation. The same amount of money will ultimately buy fewer goods and services.

But here is the catch. Here is the trick that 'trickle down' and 'voodoo economics' fail to explain to the average person. Inflation does not occur immediately as soon as 'new' money enters the money supply, inflating it. You see not everyone is informed about, nor understands, or is able to change their behavior in relation to, the increase in the money supply. The Banksters who own the private Central banks like the 'Federal Reserve' (sic) of course DO know, understand, and are in the perfect situation to take advantage of it, and to change their behavior in line with it, to profit from it, as everyone else is soon going to suffer from it.

You see at the 'money trough', as Kurt Vonnegut would call it, at the 'money tap', where the money supply is 'turned on', and initially enters the system, the 'New' still has the same purchasing power as the 'old' money already in circulation. So the Banksters and other 'insiders' who can get their grubby hands on it just as it enters the money trough, can use it to buy real assets at their current prices. So they buy up big. Knowing with certainty that very soon the assets they bought for 100 units of currency, will have a new, inflated, nominal value of much more. In
other words, in money terms, they are guaranteed a profit, simply by being the first to get their filthy hands on the new money.

The new money will ultimately lead to an inflation of EVERY price of EVERY thing in the society. Every good and service.

What Central Banksters have been doing for the last century or more is deliberately inflating the money supply, to make such profits, and then suddenly decreasing the money supply, in ways described previously, to create artificial boom and bust cycles that their 'mates' in the mass media and academia rebranded as 'economic' cycles. As if they were 'natural' and 'normal' outcomes of some 'business cycle', rather than the deliberate creations of the Banksters. Creations designed to repeatedly 'fleece' the sheep of all their hard earned wealth. Designed to allow a very few Bankster elites and the politicians and businesspeople they work with, to ultimately take possession of almost every real asset of value, in that society.

They repeat the process every 7 or so years, as being found to be the optimal time to repeat the cycles. To represent them as 'natural'. As 'business cycles' and 'economic' cycles, rather than artificial cycles. The number 7 has many meanings to the Banksters beyond this, as well, in terms of 'Sabbaths' and 'Jubilee years'. This gives you a clue to the origins of the Banksters. As does the Torah's injunction to the 'Jews' that 'You shall lend to the nations, and never borrow from them. And in this way you will come to rule them'.

This is what has happened, and is happening.

Gold standards and silver standards are just as easy for the Banksters to manipulate as 'fiat' paper currencies.

Only bitcoin cannot, so far, be manipulated. Its supply of prime numbers is limited. The 'growth' in the supply of prime numbers is limited.

But back to what would be the 'ideal' level of inflation. For people to be keen to buy today, rather than wait, the expectation that things will cost more in the future is a motivation to buy today. So consumption is encouraged by some
inflation. Of course most people are relatively poor, living from day to day, and cannot change their consumption behavior. They spend all the money they earn simply surviving.

Now the conventional wisdom is that if producers expect to earn more for their production in the future, than the present, they will be motivated to invest in new plant, equipment, research and development, knowing that the 1 dollar invested today will be worth more in the future, so that they are guaranteed a positive return. If they expected prices to fall in future, they would have little incentive to invest today, as the one dollar they have in their hands, right now, will buy MORE in the future. This includes plant, employees, machines, patented technologies etc. If they wait a year, put off the new factory until then, they will be able to get it 'cheaper'. Now there is something to this.

Until you consider that as long as ALL prices fall along with the reduction in money supply, there is no REAL change in ANYTHING. The investors would have no reason to care about inflation or deflation, as long as it was transparent, and everyone knew the facts and figures, and could calculate REAL prices, and as long as wages were allowed to fall by no more or less than the level of inflation or deflation.

Then the mass consumers, who spend money as they get it, to survive, would not be ABLE to hold onto it. The business people would have no incentive to put off investment, as the REAL costs would be relatively constant and predictable, and calculable.

Only those with prior warning, and with excess money beyond their needs, would be able to 'hold onto' their cash, so as to benefit from tomorrows lower nominal prices.

But this advantage could be eliminated by having negative interest rates. And making it impossible to 'hold' actual cash, by replacing it with a krypto or conventional electronic currency which by statute would have to be held with a bank. And so there would be no benefit to 'holding onto' money. The impact of inflation and deflation would be neutralised.
Now if we were not occupied by the Jew world order, I would be in the running for a nobel prize for this little essay.

As it is, I risk imprisonment, and much worse, for trying to decode the mystifying, obfuscated, 'straw men' 'explanations' we are given in conventional economics, and by the peddlars of gold and silver.

Princes of the Yen documentary abstract:

The IMF out of Washington created cheap credit, tricking Asian businesses into borrowing at artificially low interest rates, before suddenly jacking up interest rates, in Korea for example, by 5%, thus sending huge numbers of businesses bankrupt, for Vulture investment funds from Goldman Sachs to 'securitize' and buy up at bargain basement prices. The European Central Bank pumped huge amounts of money into Greece, Portugal, Spain and Ireland, by ordering their central banks to print more money, resulting in 20% increases in the money supply each year, and the intended 'real estate bubbles', which the ECB then burst by demanding the Central banks suddenly cut credit, sending developers bankrupt, and leading to a crash in the real estate markets which ultimately crashed the banking systems of these nations, so that again the huge predator banks and IMF could compel these countries to make 'structural changes' which effectively meant a total loss of sovereignty over national economic and social policies i.e allowing the IMF to dictate these policies, like an effective world government, and for JP Morgan and Goldman Sachs to buy up real assets at well below market price. The IMF compelled Japan to give up its post war successful financial and economic policies by inducing an artificial recession, and prolonging it until the Japanese gave in, and privatized their central bank. The IMF from Washington would not allow the Japanese government to bail out the banks that crashed as a result. A year later, when the same policy of printing money, then suddenly halting this credit, and raising interest rates, first produced and then burst the real estate bubble, threatening to bankrupt the largest banks in
the U.S, the U.S government did exactly what it had forced Japan, Korea, and Thailand NOT to do, namely, bail out the insolvent, bankrupt banks in the U.S.

Basically what we can see is that the IMF, out of Washington, have made themselves, via the central banks of the world, the world's de facto one world government, dictating economic and social policies to supposedly sovereign nations. Those nations that refused to privatise their central banks, or institute central banks, like Iraq and Libya, Iran and Syria, and Afghanistan, were invaded, or are slated for invasion, and the installation of puppet governments which will do the bidding of the IMF, privatise their central banks, sell their real assets in exchange for worthless U.S monopoly money, and basically operate under IMF and World Bank orders. Basically we have a one world government operating via the privatised central banks. If Syria and Iran insist on resisting the IMF and world bank, and continue refusing to set up private central banks, they will be destroyed, like Iraq, and Libya.

The pattern is so clear now. Private central banks like the Fed in the U.S simply create bubbles by printing money and lending it cheaply to speculators, and then suddenly cut off this cheap credit, sending markets crashing, so that the Banksters can step in and buy up real assets for a fraction of their real value, and also dictate economic and social policies. They scared the U.S public into accepting criminal laws and practises on the part of the Banksters, and then carried out the 911 attacks to scare them into submitting to the Patriot Act and the trashing of the U.S constitution. The ECB crashed the banking systems of Portugal, Spain, Greece, and Ireland, and in return for 'help', demanded structural reforms which basically handed over almost all power to the ECB, which is basically totally independent, operating as a secret society, with more power than any of the nations in the EU. The IMF and World Bank, with their Bankster buddies, crashed and effectively took control of Japan, South Korea, and Thailand, after creating recessions, and then tricking the public's in those nations into believing that the controls and changes demanded by the IMF and World Bank were necessary to ending the recessions.

I hope you see the pattern. The movie is a bit hard to follow.

**Reflexivity notes**

MHR the hard work, sweat, sacrifice, and risks involved in building your dream home for yourself and your loved ones has an entirely different MEANING to the
same sacrifice, risk, effort, and sweat invested in building your own prison, your own work camp, your own torture chambers, your own extermination facility. But imagine if you could trick the workers into building thinking they are building the first, when they are actually building the latter?

Reflexivity refers to the fact that the ‘meaning’ a thing has IS its relationship to all other ‘things’, and the meanings THEY have, is their relationship to THIS individual thing. Mobbing and bullying occur among the ‘meanings’, so that groups of meanings (noetic structures / belief systems / models / maps / dogmas / ‘first imprints’ / association-nodes / metaphoric systems ) tend to ‘push around’ the individual meanings, and force them to conform to THEM i.e force THEM to SUPPORT them, in the usual ‘human’ ways, and most individual items then do adapt themselves / conform / change / submit to this tyranny…so the individual ‘meanings’ corrupt themselves / censor themselves…and comply…pretend they are something else, so as to ‘go along to get along’…and so the ‘bully’ meanings become hegemonic…and end up ‘framing’ EVERY OTHER MEANING’ in the system…i.e EVERY OTHER MEANING is distorted / twisted / spun / deleted / squashed etc until it appears to REINFORCE the hegemonic meanings … in effect we end up ‘not believing our eyes, ears, nose, taste, hands’ and instead ‘believing’ the hegemonic definitions / meanings ascribed to things. So sex is bad, being kind is weak, beauty is ‘unfair’, intelligence is a threat, freedom is evil, … all the ‘perverse’ meanings that arise when meanings interact, and the most ‘powerful’ are given hegemonic rule over the individual impressions / meanings…even the ‘sense impressions’, the ‘sights, sounds, touches, tastes, smells’, which ideally would have an ‘override’ feature, and be given the highest priority as ‘data’ and ‘information’ for the cybernetic systems, are ignored, pushed to the background, distorted, filtered, deleted, to avoid making the hegemons ‘uncomfortable’ and challenging their hegemony, their ‘truth value’, their ‘power’ over the entire system. As above, so below. AS in our personal cybernetic systems, so within our social systems.

seems to work quite well I guess … :D

Rhythm method notes

Calendar Rhythm Method
Keep track of the days of the menstrual cycle

Before relying on this method, a woman records the number of days in each menstrual cycle for at least 6 months. The first day of monthly bleeding is always counted as day 1.

Estimate the fertile time

The woman subtracts 18 from the length of her shortest recorded cycle. This tells her the estimated first day of her fertile time. Then she subtracts 11 days from the length of her longest recorded cycle. This tells her the estimated last day of her fertile time.

Avoid unprotected sex during fertile time

The couple avoids vaginal sex, or uses condoms or a diaphragm, during the fertile time. They can also use withdrawal or spermicides, but these are less effective.

Update calculations monthly

She updates these calculations each month, always using the 6 most recent cycles.

Example:

If the shortest of her last 6 cycles was 27 days, 27 – 18 = 9. She starts avoiding unprotected sex on day 9.

If the longest of her last 6 cycles was 31 days, 31 – 11 = 20. She can have unprotected sex again on day 21.

Thus, she must avoid unprotected sex from day 9 through day 20 of her cycle.

'they aren't all bad re: jews'...claimed white supremacist and anti-semitite... Randy Weaver was NOT in Aryan Nation, as Bill Maher asserted...shoot to kill...people laughing, Maher making fun of 'they shot the dog in the back', with Jews on show laughing at...'if you're bringing up your kids in the Aryan nation...etc...all propaganda...(MHR if you do NOT irrationally hate ALL jews, you can NOT be anti-semite...as all jews are semitic by THEIR logic, and so you'd have to hate ALL jews...irrationally...

Social reality encoded in trance state of classroom, novel, and movie, and church ritual notes

MHR... THE REASON YOU CAN’T UN-TRANCE PEOPLE, CHALLENGE THEIR TRANCE REALITY IMPLANTS AND POST-HYPNOTIC SUGGESTIONS (E.G BEFORE LEAVE CHURCH SERVICE, CLASS, THE TELEVISION ‘PROGRAM’) IS THAT PHILOSOPHERS ETC LIKE MYSELF TRY TO DO THIS OUTSIDE OF TRANCE STATES...I.E IN LUCID STATES...USING REASON...COMPELLING ARGUMENT...AND THE ONLY WAY TO COUNTER A TRANCE REALITY / DEFINITION / STATE / SUGGESTION IS WHILE IN TRANCE ... WHICH IS WHY THERAPEUTIC TRANCE / HYPNOTIC INDUCTIONS PROVE SO MUCH MORE SUCCESSFUL THAN ANY OTHER FORM OF THERAPY, IN WHICH PEOPLE MAY INTELLECTUALLY REALISE WHY THEY ARE BEHAVING IN DYSFUNCTINAL, SELF-LIMITING WAYS, BUT STILL NOT BE ABLE TO CHANGE THEM...BECAUSE THEY ARE SEPARATED BY AN INVISIBLE BARRIER FROM THE SOURCE CODE...THEY MUST ACCESS THE CODE TO RE-PROGRAM IT. TO RE-WRITE IT. AND THE HUMAN MIND –COMPUTER CAN ONLY ACCEPT INSTRUCTIONS / PROGRAMMING WHILE IN TRANCE STATES OR FROM CONTINUAL REPETITION I.E THE BASIS OF PROPAGANDA-ADVERTISING-INDOCTRINATION-EDUCATION SYSTEMS. AND AS WE DO NOT HAVE THE BUDGET GOVERNMENTS AND CORPORATIONS DO, OR THE POWER TO COERCPE PEOPLE TO PARTICIPATE IN OUR RE-PROGRAMMING E.G COMPULSORY EDUCATION AT SCHOOL AND WORKPLACE, OUR ONLY POSSIBLE CHANCE OF SUCCESS IS
INDIVIDUAL TRANCE INDUCTION, DURING WHICH WE CAN FREE THOSE WHO VOLUNTARILY CHOOSE TO EXIST THE SOCIAL REALITY BUBBLE, TO BECOME FREE TO DEFINE REALITY FOR THEMSELVES. WHICH IS WHY I AM WORKING SO HARD TO TOTALLY UNDERSTAND AND MASTER HYPNOTIC / TRANCE INDUCTION.

THE COMPLETELY FICTIONAL MOVIE 'SCHINDLER'S LIST' IS AN EXAMPLE OF HOW HOLLYWOOD JEWS INDUCE TRANCE, VIA VIVIDLY EMOTIONALLY MOVING STORYLINES AND IMAGES, AND THEN IMPLANT, AND REINFORCE THE SOCIAL REALITY KNOWN AS 'THE HOLOCAUST', SO WELL THAT A JUDGE WILL ACT AS IF 'THE HOLOCAUST' WAS ALREADY PROVEN BEYOND ANY DOUBT, AND THERE IS 100% CONSENSUS AMONG ALL GOOD AND SANE PEOPLE THAT IT IS REALITY. MOST PEOPLE ACTUALLY TAKE THE REPRESENTATIONS SHOWN IN 'SCHINDLER'S LIST' AS A DOCUMENTARY FILM OF WHAT ACTUALLY HAPPENED.

OF COURSE MOST NOVEL WRITERS STARTED OUT WANTING TO SHARE SOME MESSAGE WITH THEIR READERS, AND THE ENTIRE NOVEL WAS INTENDED AS A VEHICLE TO GET THEM TO FIRST PAY ATTENTION, AND TO CREATE THE MENTAL STATE IN WHICH THEY MIGHT BECOME RECEPTIVE TO THE MESSAGE. A MENTAL STATE IN WHICH THEY WOULD NOT RESIST THE MESSAGE. DENY THE MESSAGE. THE NOVEL IS A WAY OF DELIVERING THE MESSAGE THAT BYPASSES THE CONSCIOUS RESISTANCE TO ANY CHALLENGE TO WHAT IT 'KNOWS', IS 'COMFORTABLE WITH', AND 'BELIEVES'. IN OTHER WORDS ITS 'SUBJECTIVE REALITY'. JUST WRITING A PHILOSOPHICAL TREATISE WILL HAVE LITTLE IMPACT. FEW WILL READ IT. AND MOST WILL SIMPLY DENY AND REJECT ANYTHING IN IT THAT DOES NOT REINFORCE THEIR COMFORTING, KNOWN, FAMILIAR PREJUDICES, IMPLANTED BELIEFS, AND PRIOR DEFINITIONS OF 'REALITY'. WHICH IS WHY I WROTE MY OWN NOVELS.

BUT NOW I REALISE HOW SOCIAL REALITY IS IMPLANTED, AND THE ONLY WAY FORWARD TO CHALLENGING THE MAPS PEOPLE HAVE INHERITED, AND ARE BEING CONSTANTLY CONDITIONED TO ACCEPT AS 'THE TERRAIN' ITSELF. AS REALITY. AND I WILL SEEK A WAY TO USE THE TOOLS THAT HAVE ALWAYS BEEN USED AGAINST
PHILOSOPHERS AND PHILOSOPHY, IN FAVOR OF PHILOSOPHY. WHICH I DEFINE AS BEING THE LOVE OF TRUTH AND JUSTICE. OF MAP-MAKING. OF MAKING MAPS THAT CORRESPOND AS CLOSELY WITH THE TERRAIN AS POSSIBLE, BUT NEVER RESIST BEING REDRAWN TO REFLECT PROGRESS IN OUR QUEST TO COMPREHEND TROONATNOOR, THE REALITIES OF OUR NATURES, AND THE NATURES OF OUR REALITIES, EVEN IF REALITY TURNS OUT TO BE TOTALLY FLUID, A DREAM OF OUR OWN CONSENSUAL IMAGINATION, WITH NO FIXED POINTS AT ALL. FOR IT IS THE QUEST FOR TRUTHS, RATHER THAN FOR ANY PARTICULAR 'TRUTH', THAT DRIVES US. WE DON'T SEEK TO PROVE OURSELVES, OR ANYTHING, RIGHT. WE SEEK THE TRUTH. SEEKING TRUTHS DOES NOT REQUIRE THAT ANY OBJECTIVE TRUTH EXIST. IT COULD ALL BE ELECTRO-MAGNETIC SOUP THAT WE RESONATE TO VIBRATING AT DIFFERENT WAVELENGTHS AND FREQUENCIES TO PRODUCE WHAT WE EXPERIENCE...OR IT COULD ALL BE INSIDE OUR HEADS, A PURELY VIRTUAL EXPERIENCE...WE LOVE DRAWING MAPS THAT ARE AS ACCURATE AS WE CAN DRAW THEM...SO PEOPLE DON'T FALL OFF CLIFFS, OR DROWN IN OCEANS...OR WORSE...FALL INTO RELIGIONS, AND DROWN IN PROPAGANDA ...

Notes from Kyle Hunt renegade broadcast

Kyle Hunt renegade

Coudenhove-Kalergi E.U plan was always to eliminate Europeaness....founder of E.U idea, first to win same prize Kissinger, Churchill, Clinton, Merkel won...plan to replace white europeans with african-asian-european mongrel 'race'...

Greek ex finance minister...37 Billion ECB loan...60 to 80 billion a month being printed to buy up 'debts' and 'bonds', to keep banks etc...German constitutional court appealed to i.e violation of german constitution...judges just referred matter to European courts, who summoned ECB head...who had to pledge there would be no restructuring of bonds owned by ECB...if Greece had done this, would have blown up QE program of ECB, but Yani backstabbed by own ministry team who wouldn't let him use the threat to do this to get a deal greece could live with...ECB bypassing german law with quantitative easing i.e buying huge amount of bonds, increasing Euro money supply massively...Yanis
Varoufakis...shrinking of greek incomes making it impossible to pay their debts to ECB ever..E.U / Germans know this...IMF leaders use IMF as springboard to later political careers...sell out world interests for self interests...have to save their nations banks etc if want to become P.M etc...Yanis Varoufakis alternative could have worked for all the other nations who suffered from the financial crisis i.e could have re-negotiated their loans, rather than endure terms / conditions that lead to such austerity...E.U politicians NEVER listen to sound economic reasoning...have own political motives !!! ... to crash Europe ??? prices falling faster than incomes for 6 years means massive depression...his party of 40% vote got 4% in the prior election i.e political change can be very fast...but E.U makes joke of democracy...E.U as shakespearean tragedy...worst possible outcomes guaranteed...trap of MacBeth...once commit one crime, need to commit another to get away with it, then another to get away with that... democracy becomes essential during crisis...in good times no need for...but crises makes essential...not a luxury...solution to todays E.U crises is democracy Vs E.Jew....absurd that people don't know what their supposed representatives say behind closed doors...Yani taped with his mobile phone..head spinning, confusion, exhaustion of interacting with E.U bureaucracy...future of Greece dependant on him...he was threatened by head of E.U to accept a deal they agreed would destroy Greece...transcripts of minutes of meeting were NOT kept...secret meeting...German finance minister threatened, agreed impossible, but was politically necessary for GERMANY vis a vis France...they then lied about him publicly...

Hitler rebuilt germany from weakest to strongest...withstood world war for 6 years...Germany was most populace, technologically advanced nation in Europe...Poles were encouraged to NOT submit to german offers, to back poland against russia, and return 1.5 million germans and land to germany...giving poland a guaranteed sea port in baltic, though this not really necessary, as many nations thrived without sea port...Gdansk clearly german...but british encouraged poland to withold it...peaceful solution sought...jewish press misrepresented and demonised hitler...polish massacred thousands of germans, hitler rushed to halt it...hitler worked against chiefs of staff to achieve his successes...invented blitzkrieg...waffen SS on polish front...same as french campaign...both very humane...Hitler personally supported mannstein's idea in face of german general
staff...coincidence had same plan, no communication between them...hitler didn’t follow general staff old school ideas...blitzkrieg in 8 days....3 SS units and motorbike battalion...only 25,000 men ... within days...3000 vs 15000 in one battle...1 million SS, 332,000 killed 50,000 missing...first on front line...in victory or defeat best...democratic, volunteers, waffen SS earned people's respect and love...best fighters in world...gave lives...first to enter battle...comradeship...at all levels...all officers and privates brotherhood...free men...Vs E.U which is dictatorship...SS equality and mutual respect officers and men...half of officers killed in action...always lead troops into battle...hand to hand...officer had to be first to meet the enemy...loyalty...SS commanders knew and taught all his men...even if 1000s...to debrief...find out what they'd done each battle...even assassins sent to kill were overwon by what they experienced.... 3 month life expectancy of officer on front...Waffen SS grown to divisions from regiments, after this success...minimum 4 year duty required of applicants...did not deter them...from 180 to 150,000 to 1 million, against all the odds...SS served under army, inferior equipment, no tanks etc, given worst assignments...army didn't want them to succeed...Liebstandarte advanced 120 miles in one day...record...crossed all dutch canals on rubber rafts...heavy losses...reached rotterdam in 3 days...One regiment, SS 'Der Fuhrer' routed large national army of France...heavy losses...SS later got a few tanks...spearheaded thrust to north sea...barely survived but reached Dunkirk...deployed along Somme, into France...proved best fighting force in the world...Totenkopf division...advanced far ahead of any communications, broke Maginot line...3 SS divisions marched through paris...army jealous...would not award a single medal...Hitler named them 'Waffen SS'...volunteers accepted from all germanic countries, norway, danish, flemish, dutch etc...SS kept impeccable appearance i.e admired by entire Western Europe...young men irresistibly drawn to SS...deeply stirred...hitler most exceptional man in Europe ever...Hitler accepted non-germans into Waffen SS...social justice for all Europeans...legions from all these nations formed...'Viking' division formed...army still trying to stop SS growing...germans living abroad volunteered, from all over world...even from russia, ukrain, france, romania...ethnic germans...unified germans of entire world...german ancestry...most didn't speak german...needed officers who could speak several languages...homecoming of separated tribes...welcomed as brothers...at least as loyal as any native german...strictest admission requirements...best physically and mentally...the best of the germanic race...pro-german and NOT anti-other races...

There were 60,000 Islamic SS each Battalion had their own Imam and each company had a Mullah...gift of small pendant with koran to them at christmas from Hitler...Why is anti-semitism bad but THEIR anti-goy beliefs O.K? Jews
attitude i.e. god gave them special rights over others...Jews had own police, own trams, own factories built by German govt....

Volksdeutsch...world threat of communism, and claim land in Eastern Europe...Lebensraum...same as U.S. took land of Indians, etc etc...why is THAT o.k?

Hitler's fight was with communists, and NOT Russians...Hitler had to attack before Russians ready at end of 1941 modernisation of their armed forces...Peace treaty with Hitler...Hitler-Stalin pact was just to give Soviets time to complete their massive military build-up...Hitler thus knew if he did not immediately attack, that was it...it was a last ditch effort...1941 was last opportunity to use lull in West to attack East...Hitler didn't drink, but offered his guests drinks...no affectation, humble...could have finished off British at Dunkirk...didn't want to humiliate them i.e. still hoped for peace...it was the unprecedented weather that prevented victory outside Moscow...tank tracks frozen solid, Siberian troops thrown against Germans...a few days of ice defeated the Germans...all their tactical advantages lost...MHR was it weather manipulation?

Mussolini's stupid invasion of Greece gave British excuse to invade Greece...Russian campaign delayed by 5 weeks as Germans had to fight back British in Greece...German Army generals wanted to retreat...abandon heavy equipment, exposing retreating army to sniper fire etc...like Napoleon...30 generals fired in a few days...Waffen SS brought in to improve morale...Waffen SS rather die than retreat...34,000 men, only 35 men from der Fuhrer regiment survived...would not give ground, Russians had to go around them... Totenkopf division captured Russian general...The third great Waffen SS...the European Waffen SS...volunteers though SS had highest death toll...the German, then the Germanic, then the European...125,000 volunteers...250,000 out of 1 million died in action...not German...wanted unified Europe based on universal rights, each nation to its own...developing the best it could be...not competition...Catholic Padres first, then French had bishop, Muslims had their Mullahs...

Russians were rarely communists...had deep religious orthodox faith of own...

British and U.S. capitulated to Soviets, leaving them to be Soviet slaves...the Europe of ideals of Hitler inspired 1 million SS volunteers...the closer to defeat,
the more men joined the SS...180 Liebestandarte to 50 SS divisions...SS when faced same situation as Wehrmacht, never gave up, as Wehrmacht did...

16 to 18 year old Jugend SS divisions...fought to last 'man'...and quickly refilled ranks after Normandy to attack again in Battle of the bulge...selfless idealism and heroism...spiritual... incredible sacrifices and bravery...

SS was about 180 people, to 100000...Hitler doubled standard of living, single family homes with gardens, paid vacations first time in history, hitlers creation...vacation cruises for workers...live and work in dignity...people come before profits, but must keep in limits to maintain profitability...anyone could afford VW with weekly payments...new autobahns so could enjoy free time and return stress free...S.A wanted to eliminate army leadership like Stalin...so ultimately hitler had to remove S.A leadership from power, remove S.A as force...hitler enlarged SS after military attempted assassination of him,...couldn't trust police...needed SS units to protect him and his reforms...army tried to stop...hitler bypassed...military tried to stop by imposing huge terms of service e.g 25 years for officers...but youth stormed to SS...smart uniform...33 to 35 rose to 8000...after 1940 SS officially named waffen SS...in 35 just SS...8000 in country of 80 million...army still blocking...created totenkopf guard corps for KZ...work camps for intractable commies...treated well...aim to convert...only 3000 commies made up camps, 1 per 2000 of germans...up to war fewer than 10,000 in total in camps...totenkopf recruited but kept low profile, inconspicuous...at start of war 40,000 in total...2800 in leibstandarte adolf hitler...then more when Austria joined reich...SS on russian front success due to training, and more importantly, made aware of via 'why' they were fighting i.e a true utopia...Hitler didn't want war with west at all...respected as sovereign...would be equivalent of civil war...Soviet internationalism, no interest in russian people, but total world domination...world conquest...by Jew world order...the threat was coming from the East...allies attacked hitler, forcing him to war on east and west fronts...Versailles was to totally ruin germany forever as potential force...britain and france in moscow working on agreement with russia and allies...soviets agreed to fight against germany with france and
England... Soviets demanded Baltic states and Poland... Plan called for early joint attack, at time Germany still totally weakened... but British and French worried Russia would take over total Europe... then Hitler turned to British and French... was insulted by them... Jewish press orgy of hate against Hitler in press... Hitler found Soviets eager to sign treaty with Germany... but Stalins plan was for Germany and France to destroy each other, so could then take advantage of their weakness... to take over Europe... huge military build up, over 10 to one in favor of Hitler... signed peace treaty, but continued build up... at time Germany very weak... the longer Stalin could wait, the stronger he'd be, and the weaker everyone else would be... Hitler knew would need to fight communism sooner or later... Hitler against class war, but prosperity for all... saw how communism a total failure... Hitler was for class co-operation... without any abuse by any class of another... National Socialists socialist in this sense... popular movement... blue collar... mass of workers behind him... buy 6 million communists THEN joined Hitler after his success... he showed them what was possible... a better alternative... these 6 million fought with Hitler against communism... but German upper classes opposed to Hitler... wanted to keep their benefits, treat workers as machines... Hitler... the real wealth of Germany was its workers, not gold... immense social work... popular movement... high finance against him, as he was against their rapacious financial violence... Hitler for the workers... average people... War with allies was virtual civil war... at start of war, too many young men had to be called up to war... turned SS into national army, then supernational army, fighting outside Germany... intended to be for internal security... Versailles gave Danzig to Poland, condemned by most of world... sealed train only means to travel between Germany, through now Polish territory... Danzig voted totally in favor or return to Germany... Sudetanland same... Poles at first worked with Hitler, but British poisoned Polish / German relations... British had empire of 500 million people... aimed to keep all European powers weak, fighting each other... balance of power... to prevent any unification of Europe... meddled in central Europe and Balkans to prevent this... Prague and Bohemia had been part of Germany, or at least very Germanised, for centuries... Prague was to be Soviet springboard to Western Europe... for Hitler a defence position... huge economic interdependences with all these nations and Germany at time... close ties...

Kosher nationalism... i.e. controlled opposition... the same people who promote Trump promote Putin... both Jew World Order... false white hope... false hope invested in them... propaganda... just like in any Hollywood movie... no fly / no buy, and 'terrorist' will be denied weapons in U.S by Trump... and ANYONE can be put on these lists / defined in this way... first will be the most likely freedom resistance fighters... Politics is either this Jew World Order guy or that Jew World Order woman... politics will NOT offer you any solution...

most 'resistance' organised only via Facebook etc... 'Kosher'...
some Ukrainian nationalists aware that Jews rule their nation, U.S, Russia, and E.U all Jew world order...hopes to purge Jews from their govt...have armed resistance...armed by Jews on either side...many Ukrainians fought on side of Germany against Soviets...Hitler had an army of over a million offered to him, but didn't use???
masons, liberals, communists...uses stupidity of masses...Holodomor was brutal, bolshevik Jews carried out...Ukrainians remember...ethnic rivalry...fratricide...vs new emerging European consciousness...
european culture diverse enough vs Jewish line of 'multiculturalism' means we all turn some shade of black...
we must call ourselves Euro-American like African American...kinsmen...focus on shared values...
Germany was occupied by Allies...NO peace treaty EVER signed...troops and missile bases etc remain...the 'Grundgesetz' was imposed by U.S Jews, written by them...NEVER voted on by people of Germany...so NOT a 'constitution'...just a forcibly imposed legal code continually re-inforced by force...
Renegadbroadcasting.com agrees with me that Christianity has been bad for us...and gets a lot of flack from right for this...Putin seen as defender of Christianity...new Messiah language...

same in Ukraine and Poland...and even some in Russia...never mentally submitted...Putin calls 'brotherhood of the nations' not 'multi-cultural' same...
Russian Federation is made up of 132 nations with 25 million Muslims, and Europe's biggest mosque in Moscow...held together by force...Moscow alone 20 million plus people...official non-Russians / non-Slavics 2 million, but illegals 3 million...in Moscow...Russian contracts with China so Eastern Russian resources being used by Chinese / colonisation of Russian east e.g. Siberia has 500,000 Chinese working there...

Slavs have been thrown under the bus by Putin...make up just one of the 132 nations...

Bulgarian supposed to be Slavs...not racial term...linguistic cultural group not racial group...really Aryan / Germanic...?

Propaganda was that Germans defined Slavs as Untermenschen...did Nazi's view them in this way, or is this war propaganda from allies / Jews...?

Wehrmacht liberated the Slavs / Ukrainians...Soviets dressed as Waffen SS for propaganda...though some partisan warfare required Waffen SS to fight and kill man Eastern Europeans...Communists in East resisted but most Slavs welcomed Germans / Waffen SS / Wehrmacht...offered to fight for.

Slav means 'glorious'...adopted later for propaganda purposes...white slaving Arabs used term in this context...as Slav-e...Thracian was one early term...

Slavs and Celts and Germanic people's shared origin...Soviet Jews sought to set up Slavs and Germans in opposition...shared origin stories / original religions...whites being atomised / intimidated into giving up identity 'European'...blame all world's problems on Europeans...

Need a new unifying principle like Waffen SS...seed that could unite all of Europe and European people...great model for new European anti-Jew world order force...

E.U, NATO, U.N all Jew world order tools / controlled...would be great if right people in control...

What is my position on race really? Languages come from something right? Originally some genetic difference? Genetic difference leads to cultural difference? Or is it just the geography / climate that produces different cultures? Being at crossroads different influences by trade / war?

Where are the 'original' peoples? Now being replaced by Arabs / Africans / Middle Easterners / Asians...

If Europeans come from Caucasian mountains? Will we return? But aim of Neocons is control of this area i.e. Caspian Sea, oil, gas, pipelines...seems race to control this area...7 nations in 5 years...
how to regain power over state?

need to reach critical mass with public opinion...infowars...to regain own
governments...

why not pay europeans money being spent on immigrants, to have children?

stop propaganda against europeans that makes them feel like having more
european children with this 'taint'..

immigration hands over democratic power to non-nationals within a few
generations...so handing over government...so democracy will work against
interests of europeans within a few decades...BUT if had REAL democracy now,
e.g put German grundgesetz to VOTE of GERMANS...imposed by U.S...

bulgaria and germany have same birthrate i.e NOT due to economic
growth...prosperity...as germany no.1, Bulgaria near bottom...

putting people into tiny apartments in high density cities psychologically gives
you idea of overpopulation...and lack of room i.e feeling that too many people, no
space for people, so subconsciously feel too MANY europeans already...like
animals in captivity...gnostics wouldn't have children as this world made by
demi-urge i.e devil...pandas won't reproduce in captivity...i.e wouldn't bring
children into this evil world i.e like me...

Kosher nationalists controlled opposition set up to divert people from REAL
opposition to new world order, and control information ware i.e gate keepers...
well funded, supported, though publically given to appear to be attacked by new
world order.....just World wrestling federation enemies...once cameras off, best of
friends...allowed to thrive...while TRUE opposition put in prison, defunded,
censored...Alex jones 'censored' a little..

Mongols, Arabs, Roman Empire, Turks, and Communists couldn't destroy
Europe...will the Jew world order manage this?

Propaganda meant to lead us to despair...we can still do this...but you have to
start NOW..

european castles being converted to house immigrants...

20-35 y.o is about 5 million germans...2 million muslims coming in this age
group...i.e 40% this key demographic...child rearing etc...

Germans having 1.3 kids per family, on average, Vs Muslim 4-8 !!
also 260,000 'immigrants' have 'gone missing'...i.e inside E.U no borders, so could be anywhere in europe...

Putin's daughter married to jewish banker ... Putin about 5 foot 6 inches...'big man' propaganda...

Merkel's real family name Polish, but Galician Jewish family name...she speaks Russian... Father chose to move from West to East...why? Pastor

80 years to WWII, then 80 to u.s civil war then 80 u.s war of independence... i.e expect WWIII / civil war or combined...

Average Age German is 47 y.o

National socialists in Europe think Putin their savior...

Jews control EVERY link of YOUR financial transactions, especially any international transfers..e.g SWIFT, EFTPOS, BIS (Bank of International settlements is the final link, in Switzerland)...How 'Central Banking' such as 'The Fed' works is that the government prints an I.O.U called a treasury bond or note, and 'sells' it either to the public, via the big mostly jewish controlled or directly owned banks, or to 'The Fed', or other Central bank...the fed / central bank then simpy prints the money to give to the Government...they charge interest on it until the day the government can (and it never can, based on pure math), buy the bonds / treasury notes back with money the Fed printed earlier in the same way...the only way is via taxation, or selling national assets, like the Greeks were forced to do... but otherwise it is impossible...as to pay the interest you need to 'sell' more government I.O.U's, and if no-one will buy them, (increasing the supply of I.O.U.s decreases their returns to negative returns, over time, as we recently saw...then the only way to have the money to pay the interest, alone, is to sell I.O.U’s to the Fed itself, thus increasing the debt...so the ONLY way to get out of this debt prison is for the government to cancel ALL debts it 'owes' to the Fed...to bankrupt the Fed...that is the ONLY way out of this...

Kosher nationalism...i.e controlled opposition...the same people who promote Trump promote Putin...both Jew World Order ... false white hope...false hope invested in them...propaganda ... just like in any hollywood movie...no fly / no buy, and 'terrorist' will be denied weapons in U.S by TRUMP...and ANYONE can be put on these lists / defined in this way...first will be the most likely freedom resistance fighters... Wehrmacht liberated the slavs / ukrainians....soviets dressed as waffen SS for propaganda ... though some partisan warfare required waffen ss to fight and kill man eastern europeans...communists in east resisted but most slavs welcomed Germans / waffen ss / wehrmacht...offered to fight for

Slav means 'glorious'...adopted later for propaganda purposes...white slaving arabs used term in this context...as slav-e...thracian was one early term...

Slavs and Celts and Germanic people's shared origin...Soviet Jews sought to set up slavs and germans in opposition...shared origin stories / original religions...

whites being atomised / intimidated into giving up identity 'european'...blame all world's problems on europeans...

need a new unifying principle like waffen SS...seed that could unite all of europe and european people...great model for new european anti-jew world order force...

E.U, NATO, U.N all Jew world order tools / controlled ...would be great if right people in control...

what is my position on race really? languages come from something right? originally some genetic difference? genetic difference leads to cultural difference? or is it just the geography / climate that produces different cultures? being at crossroads different influences by trade / war?

Where are the 'original' peoples? now being replaced by arabs / africans / middle easterners / asians...

If europeans come from caucasion mountains? will we return? but aim of Neocons is control of this area i.e Caspian sea, oil, gas, pipelines...seems race to control this area ... 7 nations in 5 years...

how to regain power over state?
need to reach critical mass with public opinion...infowars...to regain own governments...

why not pay europeans money being spent on immigrants, to have children?
stop propaganda against europeans that makes them feel like having more european children with this 'taint'.

immigration hands over democratic power to non-nationals within a few generations...so handing over government...so democracy will work against interests of europeans within a few decades...BUT if had REAL democracy now, e.g. put German grundgesetz to VOTE of GERMANS...imposed by U.S...

bulgaria and germany have same birthrate i.e NOT due to economic growth...prosperity...as germany no.1, Bulgaria near bottom...

putting people into tiny apartments in high density cities psychologically gives you idea of overpopulation...and lack of room i.e feeling that too many people, no space for people, so subconsciously feel too MANY europeans already...like animals in captivity...gnostics wouldn't have children as this world made by demi-urge i.e devil...pandas won't reproduce in captivity...i.e wouldn't bring children into this evil world i.e like me...

Kosher nationalists controlled opposition set up to divert people from REAL opposition to new world order, and control information ware i.e gate keepers...well funded, supported, though publically given to appear to be attacked by new world order...just World wrestling federation enemies...once cameras off, best of friends...allowed to thrive...while TRUE opposition put in prison, defunded, censored...Alex jones 'censored' a little..

Mongols, Arabs, Roman Empire, Turks, and Communists couldn't destroy Europe...will the Jew world order manage this?

Propaganda meant to lead us to despair...we can still do this...but you have to start NOW...

european castles being converted to house immigrants...

20-35 y.o is about 5 million germans...2 million muslims coming in this age group...i.e 40% this key demographic...child rearing etc...

Germans having 1.3 kids per family, on average, Vs Muslim 4-8 !!!!

also 260,000 'immigrants' have 'gone missing'...i.e inside E.U no borders, so could be anywhere in europe...
Putin's daughter married to Jewish banker... Putin about 5 foot 6 inches...'big man' propaganda...

Merkel's real family name Polish, but Galician Jewish family name...she speaks Russian... Father chose to move from West to East...why? Pastor

80 years to WWII, then 80 to u.s civil war then 80 u.s war of independence... i.e expect WWIII / civil war or combined...

Average Age German is 47 y.o

National socialists in Europe think Putin their savior...

Jews control EVERY link of YOUR financial transactions, especially any international transfers...e.g SWIFT, EFTPOS, BIS (Bank of International settlements is the final link, in Switzerland)...How 'Central Banking' such as 'The Fed' works is that the government prints an I.O.U called a treasury bond or note, and 'sells' it either to the public, via the big mostly Jewish controlled or directly owned banks, or to 'The Fed', or other Central bank...the fed / central bank then simply prints the money to give to the Government...they charge interest on it until the day the government can (and it never can, based on pure math), buy the bonds / treasury notes back with money the Fed printed earlier in the same way...the only way is via taxation, or selling national assets, like the Greeks were forced to do... but otherwise it is impossible...as to pay the interest you need to 'sell' more government I.O.U's, and if no-one will buy them, (increasing the supply of I.O.Us decreases their returns to negative returns, over time, as we recently saw...then the only way to have the money to pay the interest, alone, is to sell I.O.U's to the Fed itself, thus increasing the debt...so the ONLY way to get out of this debt prison is for the government to cancel ALL debts it 'owes' to the Fed...to bankrupt the Fed...that is the ONLY way out of this...

Studio set up notes re: comb filtering etc

simplest way to use sound dampening is to have one person sit in sweet spot at mixing console, while another walks around the edges of the room, the walls, holding a mirror...as sound and light wave reflections behave similarly, anywhere the person at the mixing console can see a monitor / speaker reflected in the mirror is likely to be 'too live, and require dampening with sound absorptive materials like specially cut black foam squares you can buy online...to avoid flutter echoes, and undesirable 'comb filter effects' i.e phase cancellations and reinforcement of 'standing waves' that build up between parallel surfaces, and reflections at angles that are reflected back again...

so that you don't just hear the fundamental/original signal, but a whole series of upper harmonics in different proportions, due to the comb filter / phasing
effects...some argue that rear of studio should be left more 'live' and the front and sides, relative to the mixing console / engineer, less 'live'...

**Taking back democracy notes**

You will be able to identify the 'controlled' opposition and the actual opposition of freedom, the 'Jew World Order' operatives, by their response to this question:

What do you recomend we DO right NOW to regain our constitutional rights?

If Trump is for the people, he can immediately rescind every executive that exists.

If Trump realises that the mass media are 'controlled' and working against the interests of the U.S people, he could immediately order that a new network be established, that would be 'free' and 'balanced'.

The problem with 'democracy' is that THEY control the candidates, and the media.

Trump could criminalise all electoral campaign financing etc...and allocate an equal budget to each....

Trump could make any future decisions to launch any sort of military strike outside of the U.S, dependent upon a clear majority in a referendum...

But trump is one of THEM...its all a silly game...

**The big Co(he)n job; 911 notes**
911 is one of the biggest Cohen-jobs, by Cohen-men, Co(he)n... or are you a Co(he)incidence theorist with no idea who the Cohen-im are?

7 Saudi's survived flying aeroplanes into the Twin towers!!!

ALL the Aircraft flight controller data that would have PROVEN that there were NO planes involved in 911, and one military guided missile, was destroyed...WHAT OTHER REASON HAS ANYONE EVER OFFERED FOR THIS TOTALLY INCOMPREHENSIBLE ACT...WHY DID THEY DESTROY ALL THE EVIDENCE? ... HAS ANY EXPLANATION FOR THIS TOTALLY BIZARRE ACT EVER BEEN GIVEN?

Please read my '911: 5 minutes to midnight', the first of the 'Welcome to the New World Order' Trilogy

Email me for 'free' copies, or search online for the few places that still offer my books...Amazon et al have 'blocked' them...why?...they won't say...but Draft2Digital and Smashwords blacklisted me from ever using their services...so YOU do the math...or does 2+2= whatever our Zionist masters tell you it equals? The Federal occupation government conspiracy against the Bundy family notes

The U.S Federal Government admitted the Bundy family had committed no crime. In desperation to find some justification to legitimate their own criminal violations of the constitutional rights of the people they had assaulted and kidnapped, then illegally imprisoned, they were forced to result to the disingenuous accusation of 'Conspiracy to impeded federal employees'. 'One COULD reasonably conclude that part of the reason that these folks were there WAS to keep fishing and wildlife employees from doing their jobs'. Ethan Knight Assistant U.S Attorney, Oregon. Basically they had acted without due cause, with no legal basis, and then desperately looked for some disingenuous 'justification' for their actions. It took them months to find even this spurious, disingenuous, sophistic, obviously non applicable, law. There was no crime committed. No victim. No necessity for the government to arrest anyone. The jury saw through this total sham, and dismissed the charges, and the case. The government then simply arrested Bundy on further trumped up charges they did not even have warrants for. This is how the Jew World Order operates. They stomp all over U.S citizens constitutional rights. They act without any legal precedent. They act in direct contravention of any law or statute. They will come after any patriot or libertarian in the same manner. They will simply arrest them, then look for anything they could possible 'pin' on them. They will go through
their taxes, send fake television crews to film fake documentaries, they will send 'false friends' to befriend you, earn your trust, and try to trick you into saying something that could be used against you, no matter how lame, getting you drunk so you might say something stupid, thinking you are among friends, never knowing the malicious intent of your new 'friend' or 'interviewer'. They will search and search for something, anything, to simply give the impression that some crime has been committed. They will spin the meanings of anything you say or do. Anything to give the false impression that you are a 'criminal' or 'potential terrorist'. They will keep you in jail for years, and then when a jury finally dismisses your case, they will arrest you immediately, again, on more trumped up charges. To ensure that everyone learns the lesson that 'do as you are told'. Obey. Serve the occupational power. Submit to tyranny.

The 'demands' made by the Bundy's were considered by the Supreme court of many years to be were unacceptable? Several years? Versus 200 years of Constitutional rule? The government never dared say 'unconstitutional', because all the demands the Bundy's had made were totally consistent with their constitutional rights. The federal government had no right to do what they did. Notice how U.S military and political leaders and judges never speak clearly and to the point. They never say that what the U.S is doing is legal, according to international law, or U.N resolutions. They simply try to sidestep the issue of legality, by referring to the acts as 'consistent with our usual criminal activity', as if consistency with 'a few years of U.S unilateral action, or the 'few years of unilateral decisions by a few judges', can over-rule the U.S constitution or international law.

This is the Jew World Order. I document the actions of this Jew World Order, over the last century, including 911, the Oklahoma city bombing etc etc

Zoroastrian underground ‘Ark’ cities and today notes

Look for more info on Zoroastrianism, and their 'ice age' 'ark' 'myths'...The Vendidad text...about Yima...catastrophic winter...Ahura Mazda instructed Yima to collect pairs of best animals, people, and seed...about 110,000 years ago...could account for what we see today, in Petra...and Capidoccia...
Underground cities, of which Petra is probably one, were built just before the last ice age began, as an 'ark', after Ahura Mazda instructed 'Nima'? to build the underground cities, and take 2 of the best of each animal down, along with seeds etc, to re-seed the earth with life after the cataclysm...compare this to the mostly secret huge underground cities e.g under Denver? or Dulles? airport, with interconnecting underground highways...and what we know about the coming 'hibernation' of the sun...

Interesting stuff on ‘Saturn’

Saturn was original Roman religion i.e City of Saturn (city of the sun) ... Saturn = Satan (Vs Arabic 'Shaitan')? i.e demonised...Saturnalia of Rome was equivalent of today's X-mas with Santa (Satan) claus...Old man Chronos / Saturn...Saturn eating own children...Saturn symbolism is angled saturn i.e looks like eye, or eagle wings holding up orb...or Isis with crescent moon holding sun...Saturn has hexagon on north pole and permanent 'eye' shaped storm on south pole...rings supposed to be ice, but appear to be standing waves...huge space ships appear to be distributing ice in same way as 'geo-engineering' 'chemtrails' on earth i.e as medium for standing waves to bounce off and back to Saturn...Icke sees as huge transmitter, with sun as wi-fi router / reflector down to earth...scientists cannot account for moon i.e how it got there, as it is...appears artificial...location just too 'co-incidental' no viable / tenable explanation for it being there as it is...easier to say it doesn't exist than to account for it's existence and properties...Don Juan Matus talked of us being 'food' of some aliens...feed off our emotions like in Matrix...limit our perception ... Icke believes 'speed of light' is simply the boundary of the 'sphere' of influence of the Matrix...i.e get beyond that escape ... lizard brain core of our mentality...fear, envy, rage, frustration, greed...autonomic ... rules us...vibrating beyond 'speed of light' spectrum = freedom... Saturn imagery even cross is cube layed out flat, Saturn image on Popes robes, all masonry, mathematical 'Saturn squares' 3 by 3 square, all numbers any direction add up to 15, therefore reduce to 6, giving 666 on every side...Jews black cube on head, Eagle wings holding orb is saturn with its rings seen at an angle...Symbol for Saturn is Hexagram or Pentagon or cube or square...Saturnalia was festival of Bacchus / Koln i.e sexual freedom...Horus rode in a boat across sky i.e same shape...Saturn perhaps closer to earth, different location, perhaps where Sun is now...
Why we ‘feel’ we ‘know’ anything, and how we can be made to feel we know anything, literally… notes

The ‘qualities’ of beliefs are really the qualities of the representations and their submodalities e.g your ‘know’ you are right? How? How does it look, sound, feel…specifically…is that ‘certainty’ about this particular ‘knowledge’ a memory of something seen, heard, or felt e.g cat’s fur is soft…is THAT knowledge ANCHORED in a memory of actually touching cat fur? Or having a cat rub itself against your bare legs? Nazi’s are evil. Is THAT belief ANCHORED in a personal experience with a Nazi? Or a mere viewing of thousands of Hollywood films…and ‘documentaries’ made by the same people…were those films based on actual FACTS? Was anything omitted from these films? Did the makers have any biases for or against Nazi’s, which would make the film mere ‘propaganda’? Did you READ somewhere, or many places, that Nazi’s were evil? Did the authority figures around you act confident that THEY knew for sure, that THEIR confidence was based on FACTS, on some PERSONAL experience…and then what about the supposed thousands of ‘eyewitnesses’…what did they REALLY see…is it what the films depict? Did they SEE this with their own eyes, or imagine it? ‘happening on the other side of the wall’?…Soon we find the ‘certainty’ dissolving, and requiring laws to ‘prop it up’. What sort of ‘fact’ requires a ‘law’, other than ‘laws of physics’, which themselves are constantly being ‘revised’. If ‘the laws of physics’ are open to revision, why not ‘The Holocaust’ and ‘The Hollywood Nazi’?

When we ‘interrogate’ beliefs, in this way, we can ‘de-frame’ our total system i.e move down in levels of abstraction from ‘Everyone ‘knows’ ‘The Holocaust’ happened’ to ‘The things we actually DO know, and HOW we know them’…we move down in levels of abstraction until we get to REAL stuff like someone’s actual sensory perceptions / impressions / experiences i.e what they actually saw, heard, and felt (with their hands etc)…and while even these are very prone to distortion, filtering, etc, at least the level of abstraction frees these representations i.e of sights, sounds, textures, smells, tastes, etc, from their ‘prisons’ a.k.a ‘frames’…which, like colored glasses, prevent us ‘seeing’ the real colors, like ear plugs, prevent us from hearing certain frequencies and amplitudes, and like thick gloves, prevent us from actually ‘feeling’ the textures of objects in our hands, and like alcohol and other drugs, prevent us from actually sensing much at all…like propaganda, which is all of these things, which prevents us ‘feeling’ the appropriate emotions we would feel in the absence of the lies, deceptions, misrepresentations, distortions , exclusions, etc…
We are all walking around in various states of lucidity and trance. The Zen practitioner is right up near the lucid state. The average person right down near the zombie, trance state. One allows reality to communicate i.e. ‘share’ itself with them, the other imposes their own illusory reality upon that, imposing ‘augmentations’ over the reality that block it out, filter it out, distort it, hide it, emphasise certain bandwidths while eliminating others…in a way that is self-fulfilling i.e. the impressions gained through the augmented virtual reality goggles re-inforces the erroneous beliefs…making them even more real...more stubborn, more prone to ‘tripping you up’ when it comes to interacting with reality…in your virtual reality goggles, your GOOGLE search result world, there is no tiger, so you walk straight into its open jaws…the tiger is happy, but confused...these humans seem to be blind to tigers…the tigers adapt to this, assuming any human won’t see them, so they just casually walk around, eating the tastiest humans as they come by them…and of course if they had the power, they would pass a law saying that EVERY human must, at all times, where their goggles, and rely ONLY on their GOOGLE search results…and of course any human that dared to question the GOOGLE search result given data, or wear the goggles, would have to be locked up…can you blame the tigers? They have it so good right now. Why would they want to lose such a beneficial situation? Of course the tigers in this analogy are the Jews.

Put most simply, you have many more options, choices, alternatives, than you realise. Many of these would make you happier, richer, sexier, more fulfilled, and better people i.e. ethics. Once you are ‘out of the box’ and have taken off the restricting goggles, which were ironically sold to you as ‘augmenting’ reality i.e increasing your freedoms/information, you are free to define reality for yourself, in ways that benefit you, rather than your slave masters.

But it is a tough road to pursue, waking up zombies. They are ‘comfortable’ wearing their goggles. Even if their quality of life is well below what it could be, it is still ‘what they know’. So first we have to look at ‘why’ and ‘how’ they know it…without attempting to engage with them at the highest levels of abstraction called ‘social reality’ and ‘consensus opinion’ and ‘public opinion’ and ‘expert opinion’ and ‘tradition’.

We have to learn how to ‘trick’ people into interrogating their beliefs, and especially ‘how’ they came to ‘believe’ something. How they ‘know’ something. They won’t see any reason to ‘interrogate’ their own self-evident, confident, carved-in-stone, ‘frozen’, ‘nominalised’, obvious, normal, natural, god-given beliefs.

How you express an idea, suggestion, direction, etc in words, changes its impact. Making it more or less effective at persuading someone. At influencing them. It
is not just what you say but how you say it. So we need to learn the skills that up to now have been the exclusive assets of the ‘bad guys’. The propagandists. The marketing experts. The public opinion manipulators. The impression engineers. The managers of the social reality. The gatekeepers of belief systems. The people who decide what you think about, and how you think about it. What things you are aware of, and how you will define them.

NLP employs such tricks as ‘sleight of mouth’, to bypass the conscious, implanted, limited, limiting, conditioned, habitual ‘ways of thinking and defining’, the ‘models’ and ‘assumptions’ forced on us from birth, and constantly repeated, and thus reinforced. These attract 100% of our attention. In fact they overwhelm our attention, so we have no attention to give to any ‘competing’ definitions of reality, to any ACTUAL OBJECTIVE HEURISTIC reality…being held in a constant state of anxiety, fear, stress, frustration, irritation, hatred, and confusion, that saps all our energy.

We need to escape back to the playful ZEN state. The Humean state of ‘skepticism’. And ‘start again’. Hit ‘reset’. ‘Let’s start at the very beginning, it’s a very good place to start’…but don’t let someone ELSE tell you where the start is…because THEY will ensure you only go back a few steps, to where THEY have defined everything. TROONATNOOR takes you ‘way way back’ to the REAL start. Like David Hume. Like any great philosopher

You don’t believe words have power? Well, imagine yelling out ‘BOMB’ in a crowded subway. Or ‘Poison gas’. And watch the terrified panic and confusion that resulted from these mere utterances. Abracadabra? Or watch how ‘political correctness’ can leave you speechless, literally, and too embarrassed to speak up, for fear of being ‘labelled’ racist, sexist, anti-semitic, a nazi.

We have ‘knee jerk’ reactions like Pavlov’s dogs to simple words like Nazi, holocaust, hell, terrorist, money, sex, Russia, trump, Hitler, vegan…all conditioned, programmed, implanted over time and sometimes instantly…it is time to stop acting like Pavlov’s dogs, and showing a bit more of what we claim for ourselves as our ‘superiority’ as ‘humans’

Thoughts produce emotions. Emotions massively influence our state of mind, at a wholistic level. Consider the physiological effects of constant fear, stress, terror, anxiety, on your health. On your heart. Your muscle tension. You posture. Your looks. Your sex drive. Your eating habits. Your drinking and smoking habits. Your other drug habits. Words are ‘triggers’ that can trigger powerful physiological states. That is what ‘hypnosis’ is all about. Every experience you’ve had has been a form of hypnosis, implanting ‘suggestions’ about how to feel, how to respond, what ‘knee jerk’ and habitual responses to have to words such as ‘Holocaust’ or ‘Holocaust denial’ or ‘Nazi’ or ‘Islam’ or ‘Mother’, or ‘Terrorist’, or ‘Alternate media’. 
Please support my work on this current book project...go to my TROONATNOOR Patreon page. Any resources you provide will be the best investment you could possibly make in your future, and that of your children. This latest 'book' will be the MOST powerful defensive weapon we have...the ONLY real antidote and defense measure short of actually strapping bombs to ourselves and 'taking out' the leaders in the conspiracy to deny us our constitutional rights and freedoms, and our basic human rights as free thinking, free, individuals. If I have the resources I can go online, podcast, and make serious videos. The money will not give me any luxuries. It will ALL go to helping YOU and YOUR family. If you don't help, I will do what I can do with what I have. But with YOUR help, I could be so much more effective.

It really IS that simple. But you just need to escape you current mind prisons to see it for what it is. Simple. This is the capstone to my TROONATNOOR enterprise / endeavor/ massively ambitious plan for us all...

First step is to discard anything you think and feel 'you know to be true’ or ‘self-evident’ or ‘obvious’ or ‘traditional’ or ‘everyone believes this so it MUST be true’...the majority are usually wrong. How often have YOU been wrong about something or someone? If never, then YOU are most in need of this book.

I know nothing. That is the starting point. David Hume takes us way way back to the start, to confirm this.

Then I need models and maps, to be practical. HEURISTIC rules of thumb. I need to identify apparent patterns. And formulate practical, efficient, ways of interacting. What patterns seem reliable? Fire burns? Dropped objects fall. I need water and food.

But always remaining SKEPTICAL i.e open to new and better ways of seeing and being and defining. Better models. Better maps. Always willing to discard my current beliefs, if more compelling ones appear. Better maps. Models that are better at predicting the outcomes of interactions. While NEVER assuming anything. Especially that I ‘KNOW’ anything. That the belief I have is TRUE. Thus rejecting ALL dogma. All assertions to being ‘the final truth’. Rejecting all people who claim to be ‘The final prophet’. Rejecting all ‘LAWS’ of nature. IF the laws of Physics are open to challenge, then surely EVERYTHING you ever thought was true must also be open to interrogation and challenge.

We have to ‘explode’ our current belief systems, and start from scratch.

But why would anyone bother? This is very disturbing work, questioning EVERYTHING. It is like being in free fall for the time you do it. Most people are uncomfortable in free fall. Kids are not. Children love such ‘games’. They
approach life ‘playfully’. So you will have to become as fearless as a child. They haven’t been ‘conditioned’ yet, by pain, embarrassment, rejection, disapproval…hopefully…they are still open minded, and expect good things.

How to return to that state and be able to join David Hume in his process?

What motivation could you have to overcome your fear of ‘free falling’ and ‘being wrong’?

Why would you question things you KNOW to be true? Isn’t that a waste of time? After all, you KNOW what you KNOW, don’t you? So what if the majority of people in the world KNOW something else YOU are right. AREn’t you?

How did you get into THAT state of confidence. WHAT is it that gives you such confidence to defy the odds? To be so smug and self-satisfied that YOUR truth is self-evident and compelling?

We need to get people, and ourselves, to ‘enter into’ that feeling of certainty, and discover what it is made of….how we get into that STATE of certainty…what makes us FEEL we KNOW something for sure? What are the representation systems and submodalities of that certainty.

Think of something you are CERTAIN of. Some ‘fact’ or ‘truth’. How does it ‘feel’? Where do you feel ‘certainty’? What does it look like, in your minds eye? What does it sound like? i.e what internal images, sights, sounds, voice-overs, memories, etc are associated with that feeling of certainty. That KNOWLEDGE?

Compare this ‘certainty’ with a ‘doubt’. Something you do NOT feel certain about. Something you ‘doubt’ is true. How do you construct ‘DOUBT’ internally? What is it made of? What sorts of images, visuals, sounds, feelings are associated with Doubt?

Recall a specific ‘certainty’ and a specific ‘doubt’, and compare all the submodalities of it i.e the feelings, sights, sounds, memories, associated with them.

You were ‘sure’ of X. Did you form an image in your minds eye? What did it look like? Big, close, small, distant, blurry, clear, vivid, vague, colorful, black and white, movie, still image, to the left, to the right, down to the left, up to the right, angled away from you or towards you? Did you hear a voice in your head with a particular tone, pitch, speed, coming from the left, right, down, up, behind your head? Was it someone’s voice in particular? Did it have a particular quality? Was it your own self-talk voice? What does IT sound like? What are its qualities. Are certain smells associated with it? Pay attention to your body posture. Do you slump, stand upright, feel strong, feel weak, feel clear headed, feel vague? Does you pulse rate go up or down? Does your rate of breathing increase or decrease? Do you breathe shallower or deeper? Is your face flushed red or bleached white?
Do your muscles tense up or relax? Which muscles? Do you smile or frown? Do your blink or remain unblinking for unusual amounts of time? Are your neck and shoulder muscles tensing or relaxing? What about your jaw, is it tense and tightly biting down, maybe even grinding your teeth? Or relaxed, and hanging slightly open? Is your tongue pressed to the top of your mouth, or relaxed, resting lightly on your bottom teeth? Are you sexually aroused? Is your anus clamped tight? Are you tensing any particular muscles in your body, you scalp, face, legs, arms, back, feet, hands? Do you feel warm or cold? Happy or sad? Confident or Despairing.

Do the same for Y, that you doubted.

Soon you will learn that different ‘states’ of ‘confidence that I KNOW’ are ‘anchored’ in particular physiological states.

And the REAL reason you are SURE you KNOW something is NOT because you have reliable, sensory data about it i.e you SAW it with your own eyes, and really UNDERSTAND what you saw, making no assumptions at all, but letting ‘reality’ speak to you, but because you enter into a particular STATE of mind and body, when you think of this ‘FACT’.

The ‘fact’ triggers a whole set of responses, which you interpret as ‘KNOWING’. You may have NO reason to BELIEVE something. NO evidence to back up that belief. You probably NEVER even interrogated / questioned your beliefs with much motivation / effort. Buy you BELIEVE because that idea is associated with all these phenomena.

These responses are literally post-hypnotic suggestions that are being triggered by the thought. A node of associations is triggered by that thought. It is THESE associated feelings / sensations / images / sounds etc that give you the confidence to imagine you KNOW something to be TRUE.

But most of what you think you know, has NO basis in reality. Can be clearly shown to be imaginary. As David Hume demonstrated. As modern science demonstrates.

Do not be alarmed that you may ‘lose’ something. Reframing merely offers you MORE alternatives / choices / options. It will never deprive you of any options. Unlike DOGMA, which literally deprives you of ALL other options. It limits you to just ONE single frame of reference. The one you have been ‘sold’, ‘indoctrinated into’, ‘conditioned to accept’, had ‘imprinted on you’. Dogma is the post-hypnotic suggestion that precludes ALL OTHER OPTIONS. Dogma carries the maximum opportunity cost of all belief systems. It says JUST this, and NEVER anything else. THAT is a prison. THAT is idolatry. THAT is turning a living thing into an object, a nominalisation a ‘Dogma, a thing of stone and wood. Whether it is expressed as ‘THIS’ and NOTHING ELSE, or the
worshipping of idols of stone and wood, the state is the same. Whether it is a supposedly ‘scientific’ dogma, or a ‘traditional’ one, or pure propaganda imagined by some group, and imposed upon everyone else, the STATE is the same.

We have to apply the scientific method, which itself seems to run counter to human nature. Scientific method seems alien to most people. They do not behave scientifically automatically. They must force themselves to employ scientific method. To discipline their natural inclinations to superstition, jumping to conclusions, accepting what they are told by some convincing / persuasive speaker, ‘going along to get along’ with whatever everyone else seems to believe, etc.

Most scientists, when working in fields outside of their own, let alone in their daily lives, do NOT behave scientifically. They do NOT formulate and test their hypothesis, seeking to disprove them. They behave like anyone else. They have their ‘pet’ beliefs, or inherited ‘dogmas’ that they never submit to anything like rigorous scrutiny, let alone apply the rules of scientific method to them. They find their beliefs ‘compelling’ for all the typical reasons. And NOT for the ones outlined in TROONANTOOR vol I. Outside their own fields of specialisation they are not more ‘intelligent’ and ‘objective’ and ‘scientific’ than the general public. And even in their own fields of specialisation, they need to be constantly ‘peer reviewed’ so that their natural tendencies are ‘held in check’ and ‘checked’. And even then, few ‘scientists’ are really scientific, as I demonstrated in my TROONATNOOR vol I, and as David Hume demonstrated centuries ago.

Most beliefs lack specificity, existing as generalisation MHR higher levels of abstraction in many beliefs. Forcing us to be specific e.g what, who, where, when etc, often dissolves / vanishes the belief. MHR go down to lowest / concrete levels of abstraction e.g so cannot avoid ‘facts’ by glossing over with ‘vague generalisations no-one can challenge, as they are so vague and global’. We cannot let our enemies remain ‘up there’ … where they are invulnerable…they took the high ground because they got there first i.e highest levels of abstraction with ‘known, proven, document, holocaust’ so we can’t fight on that level, have to lure them down into the gulleys, out of their tall towers, where they are vulnerable to the ‘facts’ that cannot be simply ‘dismissed’ because they are clear, precise, unavoidable, and provable i.e not mere ‘spin’ and ‘clever words’ and ‘mind games’ but actual concrete, demonstrable facts…

Double binds in the context of 911

We are often tricked consciously by others, or unwittingly by our own beliefs / models / maps / internalized-identified limits, into doing something we do NOT
consider a good choice, by it being the lesser of two evils, and these two evils being presented as the ONLY options…when in fact there are many others. We may even feel relief at having the second option offered to us, e.g fates worse than death Vs death, and happily march to our death, feeling we have escaped something worse. When in reality the double bind offered has simply narrowed our search for solutions…it has blinkered us…thinking we may ONLY go left or right, we fail to realise we could turn around, or go straight ahead, up, or down. By pretending that the ‘only alternative’ is worse than what you want someone to agree to, you can trick them into agreeing to something they otherwise would never imagine agreeing to. Such as war. Such as giving up all their freedoms and rights, to avoid certain death from terrorists…when in fact there are millions of alternative options that would all meet the necessary and sufficient criteria / conditions for ‘homeland security’. Etc

The above is a typical ‘avoidance-avoidance’ double bind. You rush into one option offered to avoid one you think worse. You would normally avoid BOTH, e.g war, but are told you can either bomb women and children in Germany, or face a Nazi invasion of the U.S. Absurd as that fear is in reality, it is offered in a context where it is the only other alternative, and unless you realise how absurd the threat is, e.g death by terrorist much less likely than death by falling in the shower, you fall for the trick.

The other double bind is the ‘approach-approach’ where ‘you can’t have your cake and eat it to’…you are tricked into believing that you cannot have BOTH freedom AND security. As if it is impossible to protect you from ‘terrorists’ by any other means than you submitting to the loss of ALL your privacy and freedoms.

The most common ‘double bind’ of all is the general format. Would you like X OR Y?

This is of course our model of politics called ‘democracy’, where you are offered two Jew World Order representatives to choose from. Would you like your Jew World Order puppet to be male or female? Apparently right or left wing? Apparently for or against immigration? Apparently for or against war? You are so invested in these ‘issues’ that you fail to notice that in EVERY election that has EVER occurred, especially in the Jew.S.A, it made ZERO difference what the candidates said. They ALL did the work of the Jew World Order. They ALL brought you war, even if they promised Peace. They all raised taxes on the middle classes, directly or indirectly, even if they promised tax reductions. They all increased the size of the government, directly or indirectly, and increased government debts, less in some cases, but usually MASSIVELY.
Guide to podcasting notes

Audio, such as podcasts, has a distinct advantage over video. You can listen to audio, while keeping your hands and eyes free to do other things. You can listen to a podcast while walking, cleaning, driving, exercising, or just lazing in the sun.

Podcasts are also a good place to start. One step up from blogging and writing posts. You don't have to worry about how you look. Just how you sound. If you write good copy, it won't be hard to attract listeners. You will get a chance to work on your voice, before moving onto video, if you later decide that is the way to go.

You can also, like me, chose to convert your 'copy' texts into audio files, using Balabolka. This way people can 'listen' to your copy. It may be the very first step in the transition from writing to podcasting. It is for me. I am happy with the voice and quality. It is a simple and immediate way to move straight from writing to podcasting that does not even require to buy a microphone, or learn to use any audio software.

The next step might be to do voice-overs over interesting background video footage, or even just slide-shows of photos and posters. You might then add your webcam in one corner of the screen, while showing screen capture footage. You can then start interleaving footage of you talking to your camera with this sort of thing. Until you are confident to speak for the entire time, on camera. If you make your videos off-line, you can edit out any mistakes.

In this way you can build up your confidence and skills, until you are finally ready for live streaming interviews and discussions with your subscribers and fans.

Remember that audio quality in videos is considered more important than video quality. So by starting with Podcasts, and investing in a little audio gear, you will be ready for video if and when the time comes. You won't make the common mistake of investing in camera equipment, and overlooking the importance of audio. Your videos will benefit from the experience you gained making your podcasts. So you will 'hit the ground running' and be sure to make a great impression the first time you upload a video. You can learn the ins and outs of
recording and mixing while making podcasts. And you can start learning how to use basic video editing software once you’ve got the audio under control. Then before you even plug a camera in, you will be 'up and running' and ready to film, and edit, your video and soundtracks. You will also have built up an audience of subscribers and listeners that you can immediately sign up to your video channel on Dtube, or BitChute. Or if you are one of the few people Youtube is not censoring, you can use 'the enemy'.

If you are going to do interviews, or co-host with other podcasters, then get Skype. You can then call into other people’s shows, and they can call into yours, for free. You can also invite your listeners to participate over Skype, at the same time. This allows you to produce a podcast that is interactive. It lets you invite people from anywhere in the world to participate. It removes all the geographical barriers. And it costs nothing for you, your co-hosts, or your listeners.

In order to improve the audio in post production, you will want to record yourself, and those who have called in, or co-hosted, using Skype. You can then edit out any background noise that was recorded on your end, when you were listening, and on their end, when they were listening.

For this you can use Avaer. It lets you automatically record any outgoing or incoming Skype calls. You can use the stereo feature to record yourself on the left channel, and your caller/sub-host on the right channel.

You can then edit out anything you don't want in your podcast, and add some nice EQ touches, some compression and maybe some noise reduction. All to give your podcast that much sought after 'professional' sound, and make the very best audio impression on your listeners.

My 'Sound Foundations' Audio Engineering Guide, and 'Reaper' guide to the Reaper DAW, will show you how easy all of this is.

To get the most out of your voice, and project the sort of 'audio appearance' that seduces listeners into coming back for more, read my 'Vocal Training Guide'. It is written for anyone who wants to learn how to get a voice that will interest, attract, and even seduce, listeners. A voice that projects confidence. A voice that people can become addicted to.
Most professionals will tell you that the audio is more important than the video. People will put up with poor video, but they are much less forgiving on bad audio. So it pays to get the audio end right. Invest in learning how to record and mix audio, and in a few basic pieces of audio gear, before you worry about the video end. You can video with most smart phones, and the quality will be more than adequate. You can edit it in move-maker or i-movie. But if the sound is poor, you will make a bad impression, frustrate listeners, and lose many potential subscribers, long before they noticed any imperfections in your video.

You can do all your audio editing and 'sweetening' on Audacity. Audacity is free, but its developers are dependent upon users making a donation to support them.

If you have an Apple computer, it will have 'Garage Band' pre-installed. Use it. It is great.

For the windows users, like me, Reaper offers the best 'non-free' option for recording and mixing. Reaper gives you a completely professional level of control over your audio. It comes with professional quality compressors, E.Q, and noise reduction. Reaper is not free, but they let you use it while you are deciding whether to buy it, and a 'student' or 'small business' license is around 60 dollars. My 'Optimal Reaper' guide, configuration, and fx chains, will drastically speed up your learning curve. It is the closest thing to a 'plug and play' Reaper DAW we could come up with. I suggest you use Reaper, and stick with it. It will do everything you will ever need or want to do with your Audio.

You can find tonnes of useful FREE sound effects and background music at the YouTube Audio library of free music and sound effects.

You can easily add these using movie-maker or i-movies. If you have Reaper, you can import and edit video and sound in Reaper.

Once you have your podcast ready, convert it to an MP3 file with Audacity, or Reaper. You may need to first download the 'free' MP3 conversion plug-in that
comes with my 'Optimal Reaper' configuration file. Check to see if your version of Garage Band allows bouncedown to MP3.

If I get enough subscribers to Youtube, or Patreon patrons, then I will make customised tutorials for the entire process for Patrons and subscribers. Right now I am busy working on a book that will form the capstone to my TROONATNOOR enterprise.

Now you have your MP3, you need to 'host' it somewhere where people can download it. And you need to produce an RSS feed, so people can 'search' for it, find it, and then read the description of the podcast, and decide if they want to download it.

The 'hosting' part is easy. I've checked out lots of options, and the one that is both free from the start, and offers the best longer term deals, and will be up to meeting even your most professional demands, is Spreaker.com. Spreaker lets you upgrade in steps, as your audience and needs grow. There are many steps, so you are never forced to pay for services you don't need. And you will never have to leave Spreaker, and have to take down all your files and re-upload them elsewhere, in order to get a better deal, or simply to have access to all the bells and whistles you could possibly need, at the most professional levels.

I am using Spreaker.com to 'get a taste' of podcasting. To see if it is right for me. At no cost. If the listeners appear keen for more, I can upgrade at that time. If not, all I have invested is my time and effort. I won't be out a single cent.

I can produce podcasts up to 15 minutes long. And upload up to 5 hours in total. That should be enough to see if I can generate enough interest in my podcasts to justify investing real money in them.

I can 'share' these podcasts directly with my Facebook and Twitter readers.

I simply register, then click on 'Create' and then 'Upload', to upload my podcasts as MP3 files, to Spreaker.com. I check the box for 'Download Enabled' to ensure that any future episodes in this Podcast series are included in my RSS feed.
Upload a 3000 x 3000 picture (1400 x 1400 minimum) for your avatar, and then write up a description of your podcast. Think carefully about what 'search terms' people are likely to use to find podcasts like yours, and which best describe your podcast. When potential listeners enter these search terms in the search masks of the podcast distribution webpages, the first things they will see are your photo and description.

Click on the down arrow to the right of the avatar pic you uploaded, to open a menu, and choose / click on 'My shows'... click on 'View and Edit' on the 'show' you want to submit to Apple i-tunes etc...then click on 'Edit'.....and select the category you want your podcast to appear in, using the pull down menu...then click 'Save'.

Now you have a Podcast uploaded, you need to make it 'discoverable' by as many listeners as possible. Not just by your Facebook and Twitter subscribers / Friends. You can 'post' the podcast immediately using the 'Facebook' and 'Twitter' buttons. But to reach the wider market, you need to find a 'distributor'. You will need at least one 'distribution' service. For android smart phone users start with Stitcher.com, 'Radio on demand'. For apple smart phone users start with i-tunes.

One 'inside' tip is to produce three episodes of your podcast before publishing. Then publish all three at once. If people see you have 3 episodes, and download them all at once, the statistical collators treat that as if three individual people have downloaded your podcast. And so you 'appear' to be much more popular than you really are. This may boost your ratings and make your podcasts more 'discoverable'. If there are several podcasts with the same 'description' and 'tags' or 'key words', yours will appear higher in the rankings, and thus attract more listeners and subscribers.

Based on your description, key words, and host location, the podcast host website Spreaker.com will automatically produce an RSS feed for your podcast. Written in XML (Extensible Markup Language), this specially formatted text file allows subscribers to subscribe to your podcast. It includes the description and key words you wrote when you uploaded your podcast to the host. This file, along with the audio file, completes the Podcast. Using this RSS feed, the podcast distributors know where to find your audio file, and what information, key words,
and photo to display on their webpages. It allows the distributors to automatically update your podcast each time you add a new episode.

Remember that any media host will offer to create your RSS feed for you. This is convenient, but it means that if you leave that host to move onto a different host, the original host will 'own' your RSS feed subscribers. You won't be able to bring them with you. Which is one reason I chose Spreaker.com. I can stay with them as far as my podcast journey takes me, right up to professional radio program hosting. Their offers at every level are competitive. There is no reason I can forsee why I would want or need to leave them, and go elsewhere. Unlike many other 'free' offers, there is no limit as to how long your content will remain hosted by them, for free. If things don't pan out, you've lost nothing, and your initial content will remain available. If things work out, you won't find you've been tricked with 'free' stuff into signing up with them, only to find that their 'additional' services are more expensive than the competition. They offer a great gradation of services with matching prices. So you can grow step by step, and increase your budget proportionally.

Note that most podcast hosts will charge around $15 per month per podcast, with unlimited 'episodes'. So you may want to specialise on one particular Podcast theme, at least for starters. Alternatively, use all the 'free' offers to experiment with different topics, to see which ones capture your audiences imagination most successfully. Then you can take the idea that worked best, and focus on it, rather than paying out for several Podcasts, most of which attract too little attention and subscribers to justify the ongoing costs of having them hosted.

If you have your own RSS feed, you can use a program like 'feedburner'? to take this RSS feed from one host to another, retaining all your subscribers. You can create your own RSS feed with 'Blubrry PowerPress Podcasting plugin', or 'Seriously Simple Podcasting'. You can install the later on your existing wordpress page. Once you have created your own RSS feed, you can copy the URL from the 'address bar' at the top of the XML file, and past it into your current host, and distributors.

The 'host' literally stores your podcast on their server. The distributor then links to these posts, and makes them 'discoverable' on their own search engines, and offers them for download.
Remember that you need to manually enter the URL from your podcast host into each podcast distributor webpage you want your podcast to be promoted by. Unless you add the URL, you will not be 'discoverable' at that particular podcast distributor. You will not appear in their search engine results.

Be sure to properly tag each episode of a podcast as you upload it, so it will be 'discoverable' on every search engine on every podcast distributor webpage you have entered you URL on.

For us Windows users, we need to go back to the Streaker page with the 'View and Edit' screen and in the TRHC of the 'View and Edit' for each podcast, you will see an 'RSS FEED' link/icon... click on 'RSS FEED' to open a page of XML file code... copy the URL for this page, and paste it into the mask on the Apple iTunes page i.e 'URL'... then on RHS click on 'Validate' button... check all the details are correct, then when satisfied, click on the 'Submit' button TRHC next to 'Validate' button.

For Stitcher radio, go to Stitcher.com and on Mid RHS find 'Partner Signup' and sign up for Stitcher, then return to same page and click on the 'Partner Portal' link just below it, ... Click on 'ADD SHOWS' TRHS of Stitcher.com/Partner/AddFeed.php page and fill in details as before...

Both 'review' podcasts, taking about 48 hours before they will appear in their search engines. if your podcast is not considered 'counter Jew World Order', it will be 'discoverable' after this time has elapsed.

To submit podcasts to Apple go to Podcasts Connect - Apple. You will need an apple I.D to do this. If you don't have one, you can create one using the iTunes app. In the Top Left Hand Corner you will find a large blue '+' button. Click on it. An RSS Feed mask will appear asking for your podcast URL. Simply copy this URL from your Spreaker.com account, and you are ready to go.

Whenever you add new episodes of the same show (Podcast), they will be automatically added to your Stitcher and/or iTunes accounts.

To recap, the simplest way to do your first Podcast is to convert a text file into audio using Balabolka, then registering with Spreaker.com, uploading the file, a 3000x3000 image, adding a description and key words for search engine 'discoverability', then clicking on the 'Facebook' and 'Twitter' buttons, so that a link to this Podcast will be posted on your Facebook and Twitter accounts. But follow the rest of the instructions to make your Podcast 'discoverable' on the many Podcast distribution webpages out there. All for free.

Please check out my TROONATNOOR Patreon page, and consider subscribing to my markus rehbach Youtube channel, and becoming a Patreon Patron. Any resources I gain access to in this way will be used to produce more content.

**Venezuela sanctions notes**

What justification did the U.S government give its people for imposing sanctions against Venezuela?

U.S and most 'alt' media have been reporting on Venezuela as if it was about to fall into chaos, no food etc, when locals send videos showing fully stocked shelves.

Venezuela has officially stopped paying or accepting for goods and services in U.S dollars...world's 11th largest oil producer...has done what Libya and Iraq did / planned to do...

Iran is only nation in world that sells oil NOT in U.S dollars...

Venezuela will be trading in Euros...like Iraq and Libya did...

Venezuela supplies 10% of U.S oil supply / imports?

**Wah Pedal made from cheapest mouse components for optimal reaper ‘free’ wah**

check out all the youtube videos for making your own USB expression pedal...see if anyone has done this already...

Can position mouse cursor on control with normal (first) mouse, then use second mouse on ground as expression pedal, moving control ...

MHR My wah pedal from mouse...only needs to move laterally 2cm, once RHMC held...so need to 'engage' wah / click and hold RHMC, then have 'pedal' action that moved mouse mechanism L and R, 2cm...or just 'toes' of foot left and right slightly, as keep heel of foot on floor...N.B can have two mice plugged into separate USB ports (try using 2 into same multiple USB port) so can use one mouse normally for DAW, and other just for wah etc expression pedal...main 'problem' is keeping foot movements limited to such short range i.e 2cm...can release RHMC with toe to leave auto-wah in place in my optimal reaper 'free' wah...use mouse as expression pedal for any Reaper effect...Wah center
frequency i.e low shelf sounds best between around 300 Hz and 3000Hz...that is where my free auto wah spends most time...sometimes my 'test' mouse locks onto a control, and the click is not necessary even when another mouse is moved over the control i.e locked onto control, just need to move mouse left and right...would be good functionality for Reaper...and for my USB expression pedal...

We are all MK ultra victims notes

MHR: We are all MK Ultra ‘weapons’, and participants in one huge B.F Skinner conditioning experiment. We have all been ‘abused’ as children by 'The State', and those people who effectively 'own' the state, the few hundred wealthy families, huge corporations, and major institutions.

Education (especially indoctrination e.g. the holocaust and religion) as trance induction / hypnosis with post hypnotic suggestions and reinforcement / conditioning (inspired by Steve Heller’s ‘Monsters and Magical Sticks—There’s No Such Thing as Hypnosis')

Teaching as a hypnotic suggestion e.g. 2+2=4, with post-hypnotic suggestion ‘now remember that’, with repetition as conditioning, and stimulus-response conditioning of ‘smiles, yes, great work X, correct, well-done, A’s for you’ when you get it right, all from an authority figure … i.e repeat it e.g. ‘The Holocaust is historical fact, and those who question it are evil, malicious, nasty people’...and ‘frowns, wrong, X’s, you’re dumb, stupid, ‘failed’, you failure’ when you do NOT repeat it … or worse, prison, loss of career, social stigma, huge fines, in case of ‘The Holocaust’…

Now, if someone were to ask you to add 2 + 2, you would feel confident in giving the correct answer. If you were asked how you knew the answer, you might reply that you learned it as a child. In other words, the question itself caused you to go back into your personal history and find the "proper" associational connection. You would have done that instantly, without conscious awareness of the process. Another way of stating the 2 + 2 example might be as follows: When you were a child, an individual who was an authority figure— called a teacher—stood in front of your class. S/he wrote on a blackboard 2 + 2 = 4, and verbally repeated that information many times. In addition, s/he asked the class to remember the answer so that when you were asked to add 2 + 2, you would automatically respond, 4. We might agree that the above transaction could be given the labels: teaching and learning. If we examine the transaction more carefully, and from a different perspective, we might also agree that it bears a striking resemblance to the classical definition of "hypnotic suggestion" and "post-hypnotic response."
MHR reinforced by parents when you bring home that ‘A’, and teachers positive comments…parents happy with you, may reward, or unhappy, punish…and so this reward/punishment schema VERY powerful, even if no rapport etc with teacher…child will always seek this from parents even if no real rapport, sadly…so in any case, child wants to please parents, and will seek to please teacher for this reason, even if hates teacher…as teacher has this power to make parents happy with A’s etc…report cards…and entire system reinforces with ‘get good grades, get a better job / promotion etc…

i.e most significant when it comes to religious indoctrination, why people THINK and FEEL CERTAIN that they KNOW many things that are rubbish…even though they know other people think, feel certain, and know, that what THEY think is rubbish, and are just as confident in the matter of their own ‘rubbish’ ideas…e.g ‘The Holocaust’ propaganda VS actual real history…

So there are lot’s of ‘triggers’ to reinforce the muscle memory that 2+2=4, or ‘the holocaust’ happened…and lots of continual schedules of reinforcement and punishment…’good boys and girls’ who repeat the lies get elected, slush funds, campaign election contributions, promotions, 15 minutes of fame on Oprah, get their books become best sellers / wildly promoted, win nobel prizes for books someone else wrote (Wiesel’s ‘Night’) etc…

Repeat ‘god’ myths to become President, or at least go to congress…become mayor or … you want to go to Cambridge Mr Hume?...or don’t you? … So everyone you see who is rich, powerful, successful, is repeating the lie…everyone in power, authority, with best sellers, academic success, acclaim, praise, wealth, acceptance, approval, sex, love, affection, status, rank, privilege, power…they ALL appear to subscribe to the same myth…the same ‘social reality’ e.g ‘The Holocaust’, while those who challenge it are destroyed, outcast, disapproved of, have their reputations, along with their careers, families, financial situation etc ruined, end up in prison, vilified, demonised, … by the ongoing, cradle to grave onslaught / promotion of the myth…whether it be some particular version of god-ism / religion, or other form of propaganda e.g ‘The Holocaust’ or ‘911 was Arabs and hijacked passenger planes’ and ‘Hitler was evil’ and ‘Nazi’s were evil’ and ‘Germans are evil’…

All the associations you experience trigger reinforcement of compliance with the myth / lie / belief … you constantly see people with what you want, agreeing with belief X, and people with stuff you want to avoid / hate, disagreeing with it, going to prison, being unemployed / fired/ rejected etc…over and over...so you are bound to end up complying…collective ignorance thus leaves most people complying, even if they disagree, just to ‘go along to get along’…so the numbers themselves become powerful triggers e.g ‘everyone believes X, who am I to question it? Not believe?’ and at minimum triggers compliance, social
‘agreement’ with the ‘consensus reality’…all T vol I stuff…so you have the appearance of consensus, even if no-one really believes it…and the most powerful social reinforcers of it actually behaving totally inconsistent with what they publicly claim to believe, and laughing at everyone for being so stupid in falling for their act…and believing such idiotic stupid inane fatous things…from the Catholic Priest to the President of YOUR nation…whichever that is…

Then many people feel obliged / find it easier, to actually convince themselves it MUST be right…i.e auto-trance / self-hypnotism…just to make it easier for them i.e to avoid mental breakdown, they immerse self in ‘belief’ and act as if it is true, so it is easier to go along to get along…actually end up convincing self it IS true…and become the ‘true believers’…just to avoid mental breakdown i.e they KNOW it is NOT true, but to go along to get along have to play along, and this is easier if you first convince yourself it is true…i.e if you have integrity, it can really grate on you to have to lie…so by lying to yourself, you regain your sense of integrity i.e whole-ness…Vs fractured / dis-integrated …all in T vol I

MHR we are all being actively recruited into one or more ‘social realities’…the hegemonic one is called the ‘social reality’, and it is assumed that consensus exists by a mass media that pretends this, and a polity that pretends this, an education system that pretends this…e.g that certain ‘facts’ exist…that the world is flat or a sphere, depending on what time you live in, that ‘the holocaust was not propaganda, but that the propaganda is ‘historically accurate depiction of real events’…there are other sub-realities we call cults or religions, most of ‘ours’ are the products of ‘Jews’, from Judaism to Marxism to man-made global climate crisis tipping point…brands are actively recruiting to you their team, to the social reality that ‘Coke is the real thing’, ‘Real men smoke X brand of cigarettes and drink Y brand of beer, or don’t’, depending on the cult / group / marketing franchise / company…whether that company be called ‘The Vatican’ / Catholicism, or ‘Zionism’, or ‘Coca Cola company’, or ‘General Electric’…what’s good for MM industries is good for America…you are recruited into a nation at birth, e.g ‘America’, and indoctrinated with all its pro self propaganda, and anti-competition propaganda…this America is really an idea produced by the top few hundred leading families, corporations, institutions etc…and doesn’t exist outside the trance called ‘consensus social reality’…there are some things you dare not question…others you are allowed to e.g you dare not question that corporations have the right to brainwash you into consuming toxic chemicals, poisons, etc, but you are allowed to argue that brand X tastes better than brand Y…you are expected to belong to some religion, but you are allowed to argue that religion X is better than religion Y…you are expected to fight in wars, and obey your leaders in killing women and children, but you are allowed to ‘feel bad about it’ up to a point, as long as you don’t affect the ‘morale’ of other trance-induced assassins…you are allowed to criticize Islam in
one nation, or Jews in another, but try to criticize ALL of them, and you will find yourself unwelcome EVERYWHERE… you are allowed to hate only certain groups, defined by your mass media, depending on where you live…and what times you live in…you may hate gays in one time and country, or Germans in another,… but step over the line, and hate the wrong people, and you become a criminal and outcast…be careful to chose the state-sanctioned, hegemonic consensus group currently defined as a legitimate target of your hate…in some countries, today, it is hard to find anyone it is considered acceptable, let alone desireable, to hate…and so the hegemens pick on new religions like Scientology, historians who challenge the WWII holocaust war propaganda, and whoever they desire you to fight the next war with, in the U.S this is Syria, Iran, and Arabs in general, though as in Germany the policy is total extinction of the German people, don’t dare hate Arabs, because they are to be welcomed, invited into Germany to do the work of the hegemens in breaking down German society so that it is unrecognisable from any other ALREADY dis-integrated, divided and conquered, OCCUPIED territory…where the current consensus reality is to be replaced with division, conflict, confusion, chaos, … to totally break down the remnants of ‘German’ culture and social organisation…to eliminate the very IDEA of ‘Germany’ and ‘Germans’ as a nation, and a people, as something EVIL…something responsible for both World Wars, and ‘The Holocaust’…a people with an innate desire to conquer the entire world, and willing to enslave themselves to their own masters, in order to achieve this evil end, if you will believe supposed ‘anti-new world order’ (automatically controlled opposition if they manage to ‘succeed’ and flourish while others are totally starved out / imprisoned / extirpated) like Carrol Quiggley, and any other form of ‘controlled opposition’ out there, not to mention the openly hegemonic dominant mass media fake news regurgitators and manufactures of mis-informed consent…

You are expected to vote, like in the U.S.S.R (Jew.S.S.R), as if your vote mattered, but you are allowed to get very excited and argue for or against any particular candidate, as long as it is one of the pre-selected candidates already bought and paid for by the hegemens to do their bidding…if people are not in a trance, then how can you explain that fact that people keep turning out to vote, when their vote has NEVER had any impact on the policies of their nation? From promises of ‘no war’ ending in world war a few months later, to ‘no new taxes’ leading to increased taxes a few weeks later…when each supposed ‘opposition’ party ends up introducing the exact policies the voters voted the last part OUT of office was intending to introduce…and you say we are no living in a dream world? Living in a trance? Literally flesh-eating zombies? Literally MK Ultra murder machines, in the millions, ready for ‘activation’ and ‘triggering’ by the hegemens propaganda, at any moment…to suddenly be ‘activated’ to invade some peaceable nation like Iran, or international law abiding, and democratic, popular regime like Syria?... and you claim MK Ultra is just some story? Some
fiction? But still you will go to murder, and be murdered, the next time you hear
that trigger word ‘conscription’, and march off to your death, and to fire bomb
women and children, simply because this ‘trigger’ is produced … some piece of
paper, delivered by a person in the right clothing, in the right tone of voice,
appears at your door, or in your email, and suddenly you are activated as a mass
murdering machine? And that is normal? That proves you have free will, and live
in a free society? That proves you are not some brainwashed, B.F Skinner
conditioned lab animal? That you are NOT living in a trance? That you whole life
has NOT been an experiment in social conditioning? In stimulus-response
conditioning? In post hypnotic suggestion induction trance? When all it takes is
for the ‘trigger’ to be ‘fired’ by some ‘anchors’, such as a written document
ordering you to appear for induction into the mass murder machine, and you, like
a dog salivating at the sound of a bell, immediately activate that post-hypnotic
suggestion ‘obey’? And you are NOT living in a B.F Skinner conditioning
experiment? Called ‘Society’?

The moment they ‘trigger’ you, you suddenly HATE people you have never
met…while you may have good motives for murdering your boss, or someone
who has done you harm, you will instead feel a sudden unleashing of all that
pent-up, justified hate, for all the wrongs your society has done to you, and be
given a legitimate target for expressing it / for projecting it onto people who have
never, and would never have even thought of, harming you in any way…and you
say you are NOT living in a bubble of social reality?

You laugh at the ‘victim’ of the hypnotist during the entertaining stage
performance, as they suddenly start barking like a dog, just because the hypnotist
has clicked their fingers…after the trance induction and post hypnotic suggestion
that they do this…while you, at the whim of some people called ‘government’,
waste years of your life, risking life and limb, in order to go somewhere to
murder men, women, and children, and then spend the rest of your life paying
taxes to pay for that ‘war’…and you tell ME you are sound of mind? That you
are in control of your own mind? That you have free will? That you live in ‘the
free world’? That you live in a free nation? That other people are jealous of
YOUR freedoms? People who you are going to murder, in the most horrendous,
painful manner, simply because some people you have never met, or maybe only
seen on television, have apparently SUGGESTED you do? Remember, the
recent wars were fought by ENLISTED military personnel…they
VOLUNTEERED...someone SUGGESTED they volunteer, to commit mass
murder, and they DID…imagine THAT…now tell me you are NOT curious
about HOW this state of affairs came about. Or will you continue in denial?
Continue fighting a few elite’s wars for them. Like some game. Like some
commercial business transaction. Which YOU pay for. Not just with sacrifices
before and during the wars, but for as long as you live, in repaying the costs of those wars…

Ideas, beliefs, possibilities, fantasies, and much more, are continually being "suggested" to you from birth to death, and you have been accepting these suggestions. Some have been authoritarian of the ‘directive’ kind. Others have been associated with warmth, rapport, e.g. the loving family, kindly priest, generous educator kind…as soon as you begin acting upon these, your mind wants to feel in control, and will justify the actions with some explanation / justification e.g. I hate X because X did this…etc…When you go to war, it will not be simply because someone told you to, but because ‘we are fighting an evil enemy, the enemy of everything I love, the enemy of freedom and justice…we face an immediate and huge threat…I am defending my nation, my family, my god…It is a fact that if you can get someone to DO something bad or nice to someone or thing, they will then post-retrospectively re-define that person or thing accordingly as worthy of that act, as good or bad, and thus have justified your action…and this new belief / definition of them will become embedded / implanted / imprinted, and become muscle memory, automatic, natural,… beyond rational debate…accepted…a BELIEF…which you are then emotionally invested in, and will seek to justify / prove / get agreement for / find agreement for / find examples that support it / find ways to justify / rationalize etc it…so you will filter out examples that contradict it, and actively seek out anything you could possible distort into being a ‘support’ or ‘proof’ or ‘evidence’ for what you believe…beliefs are mostly irrational…emotional…post-retro-septive rationalisations for something programmed into your head by others i.e. propaganda / conditioning, or to justify some act you carried out…were tricked into by someone e.g. you were tricked into fire bombing thousands of women and children in a foreign land, and so either you are evil yourself, or it was ‘justified’…of course who wants to define themselves as an evil murderer? Or a really gullible puppet? That their acts were horrific and evil? No-one. So they accept the propaganda given to them as the original justification, and invest in it…WANT it to be true…because if it is NOT true that the Germans were monsters, then what would that make the U.S bomber pilots who fire bombed Dresden? Etc etc etc…Please think about it before YOU become the next mass MK Ultra killing machine, and find yourself in the same situation i.e of either having to admit you were fooled into becoming the incarnate of evil, or going along with the propaganda…for decades afterwards, including ‘The Holocaust’, and then finding yourself, or your own children, repeating the same horrific scenario, and going off to murder women and children for the same people, with NO way of stopping yourselves…no more self-control than the stage hypnotists ‘victim’ making a fool of themselves acting like a dog just because someone suggested they do…
So this is an answer to that old question ‘… can you hypnotise a person to commit a crime’… what a joke… we have thousands of years of human history proving just that… that you can ‘hypnotise’ people, via lifelong conditioning, to commit the most atrocious acts of barbarism, in the name of ‘civilisation’, and ‘freedom’, and a ‘god’ of love…

And still people will ‘debate’ about some silly university experiment where people gave ‘fatal’ electric shocks to other participants, about whether people will commit crimes just because an authority figure directed them to!!!

If THAT does not prove to you that we are all living in a trance condition, what will? Open any history book and look at the horrific acts we have committed against one another, simply because someone ‘directed’ us to, or simply ‘suggested’ we do e.g conscription and enlistment… and we have the age old question answered… why do we continually go to war? … it is because of what I have been fighting with my TROONATNOOR writing all along. We are all living in a trance state. In a social reality. We are being conditioned to respond to suggestions, and authoritative commands, from birth. We are ALL MK Ultra ‘weapons’ for the hegemonic ruling classes who control our mass media, our education/indoctrination systems, our laws, our governments… and it is time to wake up from our dogmatic slumbers… from our trance state… to free our minds… to start living in ‘reality’… to escape the social reality, consensus reality, ‘bubble’ we have been raised in, like some B.F Skinner conditioning experiment… in which WE have been the ‘guinea pigs’ all along.

several times, they may become a conditioned part of your behavior. In addition, under certain circumstances, a conditioned response can be established in one trial without repetition, and without "practice."

As J.D Salinger noted, we are not the same person we were a minute ago. All our impressions accumulate, and (ideally) modify each other in interaction… some beliefs / definitions / stimulus-responses are reinforced, others weaken… we may become more or less of anything e.g. anxious, confident, angry, motivated… we construct meanings ‘one off’ from powerful experiences / traumatic events or gradually, by observing / ascribing patterns to interactions… we require memory for this… to construct a pattern… i.e antecedence and precedence required for construction of ‘cause-effect’ relationships… David Hume… and even notion of Humean uniformity i.e expectation that pattern will continue... assume this… as logical progression ‘ascribed’ to interactions… consistency… predictability… etc

You can ‘suggest’ something with words, symbols, gestures, tone of voice, facial gestures, body posture, a certain ‘look’, tone, gesture, … i.e hypnotism / trance does NOT require direct verbal commands or verbal suggestions… most trance inductions use music, images, and all these more subtle suggestions… e.g that
brand X can make you sexier, richer, more acceptable to others, … without a word being uttered or written…using images…military marching music has no words…the ‘drummer’ in old wars effected a ‘feeling’ of ‘courage’ in the listeners, or ‘patriotism’…Most suggestion is done without ‘linguistics’…directly bypassing the Linguistic / rational centers, and affecting the neurology directly…suggesting emotions like hate, love, happiness, confidence, satisfaction, joy, acceptance, approval, self-esteem, etc…directly…completely bypassing any ‘rational’ brain centers, any logical judgement…reason…the ‘higher faculties’…hence the ancient fear of the power of music as ‘entrancing’ people, and leading them into ‘sin’…

Subconsciously we can be manipulated with such non-verbal suggestions…after a life of conditioning…of stimulus-response training…of trance induction called ‘the hegemonic social reality’, in which it is suggested, and reinforced, that this hegemonic social reality is the only REAL reality…that any other competing belief systems are erroneous, even evil, and either the work of the devil, or some of malicious conspirators with bad intentions…whereas your own ‘masters’ are well intentioned…have your interests at heart…are competent, wise, all knowing, all seeing, and have graciously, benevolently, taken you under their protection, to protect you from the ‘evil’ and ‘bad’ people out there who will try to trick you into thinking war is NOT necessary, ‘the holocaust’ never happened, money is fraud, debt is unnecessary, slavery is unnecessary, god is a myth like all the other gods that came before him/her, that you should be allowed to think for yourself and base your opinions on your own direct experience, and the compelling arguments of ‘philoshopers’ etc…

If we are to solve our problems, we must work out which ones are ‘real’, and which ones have been hypnotically implanted in us as part of the trance induction called ‘socialisation’ and ‘education’ … therapeutic trance inductions can be used to find out if we are responding to the here and now reality, or whether this is merely triggering some imprinted / conditioned / engramic response to a past traumat / interaction / experience / suggestion / hypnotic-transaction that took place in an institution, as part of the official conditioning process all ‘citizens’ are compelled to participate in, e.g education … legal systems…mass media…propaganda…or as ‘accidents’ e.g traumatic events, chance words / interactions uttered by parents etc i.e significant others … any and all of which could be responsible for having implanted, over time, through reinforcemnt and deliberate conditioning, or in one-off ‘one-shot’ imprints…such as very exceptional, often traumatic, incidents…e.g phobia of all dogs imprinted by one incident of one dog bite…or mother saying ‘never spend money on girls’…or ‘you are responsible for your father leaving us (in these terrible conditions we / I must now suffer)’…etc…often forgotten as ‘repressed’ to the subconscious…but constantly being ‘triggered’ … thus giving rise to actions / behaviors / moods/
emotions that seem totally irrational to others vis a vis the objective situations the person is ‘acting out’ in…e.g terminally depressed though very ‘successful’ in every way e.g sex life, romantic life, rich, famous etc…but sad? Despairing? So ascribed ‘imbalance in brain chemistry’, when really the feeling is being triggered by some past ‘suggestion’, implanted in a one-shot incident, or over time, by reinforcement e.g ‘you are guilty of ….’ ‘it is your fault…’ ‘you are a bad person’…’you are unacceptable, unwanted, undesirable, rejected…unworthy of happiness / success etc…so success itself can trigger despairing depression, as it triggers all these past imprints…leading to anxiety that ‘I won’t be allowed to be happy, as I don’t DESERVE to be happy, so something horrible is going to happen…so I better sabotage my own happiness now, before something worse happens i.e I am punished for being so happy etc….so common or?...

Of course the mind wants to believe it is in control…has free will…so it will find ways to ‘legitimate’ this feeling e.g maybe even doing bad things that deserve punishment, failing, doing bad job, getting in trouble, just so the ‘reality’ now matches the feeling i.e legitimates it….e.g I feel worthless, so if I do bad stuff so I really AM worthless, this feeling will be legitimate i.e like post retrospective revisionism…make reality fit the subjective feeling, by creating conditions in which it appears valid…I am guilty…I FEEL guilty…if I commit a crime it will make sense.. and now once more the mind feels back in control…with free will…it has given itself a ‘rational’ for that feeling…like low self-esteem leads to dressing badly, bad haircuts, poor nutrition, poor posture, etc etc so end up being rejected i.e people see you as you feel yourself to be…and so your mind can now feel it has ‘free will’…as shown in so many experiments in ‘Convergences’…i.e mind wants to feel in control, so will take responsibility for actions of subconscious…will construct narratives that put it back in charge i.e ‘I did X, because I wanted Y, when in fact the real motives were subconscious e.g I sabotaged my happiness because I had ‘learned’ in a one off incident, or over time, that I am unworthy of happiness e.g I made my family miserable, my dad left us because of me, I am a burden, I am guilty…Edipal complex etc…fear of exceeding achievements of own father…etc…

But if you find out how the belief got implanted in the first place, you can replicate a similar experience which implants a more optimal belief…i.e don’t argue with irrational subconscious motive…replace it…find out what ‘language’ it used i.e representational systems, to program / implant this stimulus-response, and then use the same system to replace it with a generative / positive / productive/ more optimal belief…don’t try to REASON with it…it is NOT reasonable…it is emotional…hysterical…an engram…an implant…a suggestion…a directive…that was implanted over time via repetition, in that trance condition known as ‘family’ and ‘school’ and ‘mass media’, or by some powerful, one-off ‘association’ implant e.g One X did this, so now I will fear all
X’s’ ……you can LEARN instantly, and so you can REPLACE that lesson instantly, using NLP quick phobia ‘cures’ etc…

Words, and other forms of communication, may cause an individual to turn inward and create a hallucinated world to which the individual responds, one in which choices are reduced or excluded, and the individual is conditioned to respond in set ways.

This is what we call ‘society’. Socialisation. Education. Propaganda. This is what TROONATNOOR is struggling to help us all break free of.

Welcome to your Jew S A gulag notes

Welcome to your 'Jew'.S.A 'for profit' gulag
(a.k.a FEMA camp / prison)

After the Jewish (falsely named 'Russian') Revolution, the 'Jew'.S.S.R Soviet commissars began their reign of terror. Anyone they felt was a current, or posed a future threat to their power was systematically eliminated by firing squad, or rounded up and placed in 'gulags'. Labor camps. Slave labor camps. Totally innocent victims were rounded up from all the Soviet occupied (falsely named 'liberated') territories including Ukraine, Latvia, Lithuania, Estonia, Poland, and occupied Germany (falsely named 'East' Germany).

U.S police have been training in Israel for over a decade now. Training in Israel? For what? What sort of police training couldn't be done on U.S soil? Perhaps training in which the Police break every rule in the book? Training which violates the U.S
constitution? Training which would be totally inappropriate in 'The land of the free'. But training which is totally appropriate for the Israeli occupied territories of Palestine? Training appropriate to a police state in which children are targeted, bombed, shot, and imprisoned and held without trial indefinitely? Watch my markus rehbach Youtube channel videos for the brutal facts.

In 1984 (reality, not the novel which has proven totally accurate) the first 'Jewish' Zionist owned private, 'for profit' prison was officially opened.

Here I want to explain something few people comprehend sufficiently for its impact to hit them fully. Originally the U.S colonies granted limited charters to business people to set up and operate a business. The charter was granted only after serious consideration of the costs and benefits of such a business to the people of the colony. Unless the operation of the business was not viewed as a net benefit to the people of the colonies, it was not granted. And then the granted charter was very specific. Limited to a specific type of business activity, location, and duration.

Today you hear people say 'The only objective of a business is to make a profit for its shareholders'. They repeat this over and over as their mantra. Their
dogma. But this was NEVER the intended objective set out by those insightful and foresightful persons who wrote the U.S constitution and its amendments. In fact it is exactly the OPPOSITE from what they intended.

How did this come about? Quite recently corporations were granted the same legal rights as 'persons'. Like you and I. As if they were people, with inalienable rights to pursue profit for its own sake. The idea of applying for a 'charter', and having to 'justify your existence' to a group of people with the public good in mind, was swept away.

So we went from object oriented corporations being temporary organisations set up to pursue a specific, limited purpose, such as the building of a railway from a port to a town, or the building of a steel plant to provide that railway with steel, to corporations with all the same legal 'rights' as any other 'person', with the only one object in mind, to pursue profits for their owners. Whether or not the products and services which would generate these 'greatest profits' was in the interests of the public or not.

This calls to mind one of the original 'interactions' between Islam and 'Jews'. Mohammed and his people were under siege by their enemies. The
'Jews' pursued the 'profit' motive, and sold goods to the besiegers. And possibly information on Mohammed's defences. This is a clear example of the distinction between the intentions of the U.S Colony leaders, as expressed in their limited charters, and the later 'profit motive' corporations as 'persons' we have today.

Mohammed wasn't interested in the clever arguments of the 'Jewish' lawyers. He wasn't going to be corrupted by them into 'seeing things their way'. He took decisive action to prevent a repeat of such behaviors in his area of influence. Heads literally 'rolled'.

Mohammed denied 'Jewish' Banksters the right to operate within his sphere of influence. He banned usury, the 'creation' of money from nothing, and then lending of it for 'interest'. Mohammed stated explicitly, in his last public gathering, that all men are equal, not matter the color of their skin or ethnicity. This riled the 'Jews', with their doctrine of 'Jewish' racial supremacy, and exceptionalism, at least as much as the banning of their 'black magic' a.k.a 'money lending' 'business. So every since this the Zionist 'Jews' have been hell bent on the destruction of Islam. The 'Jews' managed to connive their ways into the 'Christian' world, to regain their ability to practise 'finance' and 'law', and to literally
come to occupy enough of the most powerful positions in government and business, media, law, education, and 'finance', to gain effective control of every 'Christian' nation they 'occupied'. This power is today being directed at Islam, to fulfill the Zionist ambitions began during the Biblical genocide, rape, and enslavement of the Palestinians, and the entirety of Islam.

Just like the Zionists did with Germany, from the Franco-Prussian war onwards. Up until now the demonisation of Germany, Germans, and Nazi's, especially Hitler, were the Zionist priorities. Two World Wars later, the Zionists have total control of Germany, France, Britain, and North America. They now have their sights on Islam. Islam is first to be demonised by 'false flag' terrorist attacks committed by CIA MOSSAD, such as '911', and the more recent 'faked' chemical attacks in Syria. We all remember the 'fake' WOMADs of Iraq. Some of us know about the U.S.S Liberty attack, an earlier precursor false flag collaboration between the U.S President of the time, and the Zionist Israeli leaders. For the last 200 years Germany has been the victim of a vicious, malicious, sustained, universal propaganda attack. Today it is Islam that is the target. 911 was blamed on Islam, just like WWI and WWII was blamed on Germans, Prussianism, and Nazism. A 'holocaust' fiction was invented to seal
the final nail in the coffin of German pride and nationalism, and to justify all the war crimes the Allies had employed in WWI and WWII to defeat Germany. Germany was given sole responsibility and guilt for WWI and WWII. They have accepted this absurd 'ruling' of the Zionist controlled 'Jew-diciary'. The 'Nurenburg show trials'. The faked 'evidence' and 'testimonies' and constant stream of Zionist Hollywood propaganda films and television series, books, print media articles, and 'official' histories of WWI and WWII.

Today it is Islam that is coming in for the same treatment. Even peaceful Iran. One of the very few nations that has been peaceful for the last century. Having merely repelled attacks from Iraq, using U.S and E.C manufactured chemical weapons. There are few nations with as peaceful and internationally respectable a record as Iran. And yet the largest terrorist nation in the world, the one that has broken every international convention and law since it became a nation, has the gall to propagandise against Iran, defining it as some sort of 'threat' to U.S and world security. To make the most grotesque and absurd of lies about this peaceful, law-abiding nation. And the world allows these lies. Like it allows 'The Holocaust' lies. Why? Because it is Zionist 'Jews' who control public opinion. Who control the media. The 'Jew-diciary'. Who can literally print
money to buy off anyone whose 'vote' they need. Anyone who has the influence they require is either bought off, or blackmailed to comply with the wishes of the Zionist 'Jews'.

Syria and Iran have always been on the Zionist occupied neo-con 'hit list', as the last two of the '7 nations in 5 years plan'. So expect more 'false flags' and a ramping up of demonisation and propaganda. Just like the recent lies vomitted by Trump in his official 'justification' of his war crimes against Syria. His murder of Syrians in the name of 'national defence of the U.S'.

But back to you, at home in the U.S. And to our 'for the profit of the Zionist 'Jews' prison system. Labor camps. Slave labor camps. Exactly as the 'Jews' describe in their Torah and Talmudic texts. Exactly as they proudly document in their own history of genocide, rape, and enslavement of the peoples of Palestine / Canaan, as explicitly recorded in the Torah / Old Testament for you to go and read right now.

The corporations who own and control the 'for profit' element of the U.S prison system are the same mass media corporations owned by the Zionist 'Jews', and used as part of their full spectrum propaganda war against anyone who dare resist the
'chosen peoples' ambitions to rule the world, and enslave all non-'Jews'. You can verify this for yourself.

So today the Zionist 'Jews' complete the final stages of their occupation. They now have the same system of forced labor camps and 'gulags' they had in the 'Jew'.S.S.R.

Solzhenitzyn bewailed that a few men could have prevented what happened in Russia, under the 'Jews', if only they have simply resisted. The men that came for them in the early hours of the morning, to take them to the camps could have been resisted by simple means. And yet no-one did. Everyone went along with them. No-one suspected the massive proportions the reign of terror would finally take. And so the 'totalitarian tiptoe', as David Icke expresses it so well, could move forward, baby step at a time, one prisoner at a time, one victim at a time, until the oppressors had total control. And the people were left wondering how they could have let such a small group of relatively powerless men assume total control of every aspect of the lives of the hundreds of millions of people in what became the 'Jew.S.S.R'.

Today you can be picked up from your home, place of work, or off the street, and taken away to one of
these secret 'for profit' labor camps. They already exist and are fully operational. Many of the largest and well known corporations in the U.S, such as Microsoft and Dell, have taken advantage of slave labor. Just like I.G Farben in Nazi Germany. Thanks to the 'Patriot' act, the most un-patriotic act of all time, anyone can be arrested with no warrant, no trial, and no actual charges, and taken to such a labor camp. Basically a concentration camp for anyone who resists or opposes the new Zionist occupation of North America.

Why haven't you heard of this before? The same Zionist 'Jews' who own the labor camps also own the mass media. And the politicians. And the 'Jew'-diciary.

Ask yourself why the most prosperous land in the world, with only 2% of the world's population, has over 25% of the world's prison population.

Are these people in prison for violent crimes? No. Most of the prisoners in the U.S prison system, including the 'for profit' sector of it, the 'labor camps', have been arrested for 'victimless crimes' such as possession of marijuana, minor shoplifting, or inability to pay arbitrary fines imposed on them by non-elected administrative bodies, such as simple parking fines.
Already leaders of true 'patriot' groups, true 'constitionalists', true 'libertarians' are being rounded up and imprisoned in the Zionists own private prisons. The U.S tax-payer is unwittingly subsidising these Zionist KZ's, these new 'Jewish' Gulags. The U.S citizen is paying to have the people who are fighting, by peaceful and legal means, to protect THEIR rights and freedoms, locked up, indefinitely, and forced to do slave labor for their Zionist 'Jewish' masters.

Remember that things started on a small scale in Russia. Under the 'Jewish' 'Communist' Commissars. The 'Jewish' run secret police. The 'Jewish' run gulag system. The people didn't fight back when they had the chance. And then soon an 'iron curtain' had fallen on them. The full impact of their Zionist 'Jewish' occupation was then felt. But by then it was too late.

It is still not too late to act. Using peaceful and legal means.

Anyone who seeks to manipulate you or your organisation to take up violent means is either dangerously ignorant and stupid, or working for the Zionist 'Jews'. As FBI and CIA and MOSSAD agents. The 'Jews' WANT nothing more than for you to
choose violent means. They can then use any violence as an excuse to impose further restrictions, step by step, incrementally, in baby-steps, until, like the poor frog in the boiling pot (James Corbett [Jimmy C]'s analogy), you suddenly realise that you are living under effective martial law, in a military-police, Fascist state. Just like the 'Jew'.S.S.R. Just like Palestine today. This is the 'totalitarian tiptoe' David Icke has been warning us about for decades, geniuses like Solzhenitsyn sadly bewail not having resisted when it was still possible to resist.

It is a propaganda war. We must win the info war. Wake people up. They cannot round up the entire population if it resists. They can only do it bit by bit. Hoping to scare the masses into submission by rounding up only the bravest and most obvious resistors.

In the past entire Zionist 'Jewish' populations have been 'kicked out of' nations and states. The people woke up in time. Today Germany is totally under the control of the occupational Zionist 'Jewish' forces. Like France. But there is a tiny chance that the U.S citizen, with his and her personal weapons, and history of resistance to tyranny, might succeed where the rest of the world has failed. But the window of opportunity is closing quickly. Soon it will be shut down. Fixed. Locked down.
At that point any real resistance will face an enormous cost in lives and property. It will be a choice between civil war, true French Revolution style revolt, and potentially endless slavery and servitude to the Zionist 'Jew' masters. The 'occupational' forces of the self-declared 'chosen people'.

FEMA camps are the new Gulag. They exist. They are operating. Often in total secret, as part of the private 'for profit' Zionist 'Jew' owned and operated 'prisons'. Sometimes out in the open. Just like in the 'Jew'. S.S.R, their scale of operations is relatively small. The current facilities are 'model' operations which are testing and blueprinting their systems, until they are ready to be 'rolled out' on a massive scale. Just like in the 'Jew'.S.S.R.

Please wake up. My books have been banned by Amazon, Smashwords, Draft2Digital, Apple(?) and Barnes and Noble(?). So please email me for 'free' copies of my 'Welcome to the New World Order' series. Or search the web for links to where you can download them directly. Email me markusrehbach@yahoo.com

And please please please keep your guns. Loaded. But do not let anyone trick you into thinking violent
resistance, at this stage, can be effective. It is only a last ditch method. When all else has failed. When you have to decide between slavery and the high chance of death as a freedom fighter. But until that moment, do not trust the intelligence or good will (intentions) of anyone who seeks to have you commit acts of violence in the name of resistance. They are most likely agents of the FBI, CIA, or MOSSAD. They are trying to find an excuse to lock you up in their forced labor camps. So do not even TALK about employing violence. You will know when the time for violence is upon you. As Ecclesiastes reminds us, there is a time to fight, but that time is not now. For once any real fighting begins, it will not end until all liberty loving, peace loving, freedom loving people have been disarmed, killed, or imprisoned, or the Zionist 'Jewish' Occupation has been kicked out. Possibly this time the people of the world will have no more patience with the 'Jews', and will not take the risk of them repeating history ever again. I really hope it does not ever have to come to that. But anyone who understands history, and today's wars and crises, would surely 'understand' if the survivors of what is coming, calculate, without malice or prejudice, decide it necessary to go to that extreme.

The plans of the Zionist 'Jews' have never been secret. They proudly document their early unprovoked genocidal wars of aggression, their mass enslavement of peaceful peoples, as sex slaves, and workers, in their most 'holy' and 'sacred' texts. They carried out 911, and all the Middle Eastern wars since. This is proven fact. They 'collectively' have the blood of hundreds of millions of innocent people on their hands. If they persist in defining themselves collectively as 'Jews', and
thus glamorizing and praising their own past as a 'people', as a 'chosen people', with a destiny to enslave all of humanity, and insisting on their existence as a 'race', and this race's 'racial supremacy' and 'destiny', then the only solution is to root out this poison, this disease, at its source. To ban 'Judaism'. And if the racial supremacist ideology and exceptionalism that defines the origin story and very basis of 'Judaism' proves impossible to extinguish and control, then the carrier of that virus, that plague, will need to be prevented from contaminating the general population. If that proves impossible, then the very carrier of that contagion will need to be destroyed, to ensure the freedom and liberty of all the people's on this planet who chose freedom and liberty for all. Justice for all. Truth. Peace. And prosperity for all. Who reject all forms of racism. All forms of exceptionalism.

TROONATNOOR

**Wild Opium lettuce notes**

Wild lettuce (Lactuca virosa) is a bi-annual crop which has yellow flowers, depending on the season, and has been known to grow up to seven feet tall. It can be found growing wild as a 'weed' through England and North America. I am sure I have seen it in Australia and Europe as well. Please note your own experiences with this plant in the comments below.

This plant has many opiate-like qualities similar to the Opium poppy. For this reason it is often called 'Opium lettuce' or 'Morphine lettuce'. It has been used for centuries as a pain killer, muscle relaxant, sedative, and antiseptic. It has been prescribed as a herbal remedy for sleeplessness, stress, period cramps, restlessness, and as a muscle relaxant. For this reason it would seem definitely worth a try for migraines produced by muscle tension and stress.

There are several ways to use the lettuce, depending on which property of the lettuce you want to take advantage of.

For use as an antiseptic, for topical application to wounds, the white sap is usually harvested by making a few centimeter long cut in the stem, with a sharp knife, and then collecting the white sap that appears at the incision. This is similar to harvesting opium poppy sap. The 'sap' has the same appearance, in both cases, as latex (natural rubber).
This sap can be dried to form a powder, or 'reduced' by heating, allowing moisture to evaporate, so that it forms a thick brownish resinous paste.

Alternatively the entire plant can be dried out and consumed as a tea infusion, leaving around 2 teaspoons per cup to infuse for 10-15 minutes in boiling hot water, or smoked, like marijuana.

The sap can be used as an antiseptic, to kill germs and prevent infection, and also to aid in speeding up recovery and healing.

The active ingredient is present in the white sap. The greatest concentration of this sap is to be found in the roots, followed by the stem, with the leaves containing the least active ingredient. So if you have a patch that is self-seeding, or seeds, and can afford to remove the entire plant, do so. Otherwise restrict yourself to harvesting sap from cuts in the stalk, and from harvesting leaves, until you can ensure a continual supply of the plant for future use.

While no formal research studies have been done into this plant and its medicinal properties, there are centuries of experience using this plant as a herbal remedy. No addictions have ever been recorded for this plant in the centuries of its use. Keep in mind that many pharmaceuticals have almost zero real world testing, and very few have been on the market for more than a few decades at most.

Given the massive levels of corruption in the medical testing industry, many people prefer to rely on such 'traditional' methods of pain relief, sedation, and muscle relaxation, rather than resort to the products of a pharmaceutical industry which is profit driven, rather than end-user centered. Today's 'miracle drug' can easily, like so many marketed products before it, become tomorrow's class action lawsuit drug. The costs and side effects of 'modern' drugs is enormous, and only kept out of the public eye by 'paying off' any victims with access to the legal resources required to sue a huge pharmaceutical company, and deal with its corrupt 'puppet' judiciary and lobbyists.

Before consuming this product as a tea, or applying it to your skin, perform a simple 'allergy' test with it, by placing a small amount on your skin, or tongue.
People allergic to 'ragweed' should take especial care before using this product. The same applies to people with glaucoma, men with enlarged prostate glands, or pregnant women. Also do not use this immediately before going into surgery. It is to be used AFTER any medical procedure as a pain reliever and relaxant, and sedative, to calm the patient, relieve and prevent pain, and help them fall asleep.

Go Vegan.
Poland, Catalonia, and the E.Jew notes

The lie that the Allies declared war on Germany because Germany invaded Poland is obvious when you consider that at the exact same time Hitler moved into Poland, Russia also invaded Poland, and also invaded Estonia, Finland, Lithuania, et al, with zero consequences for Russia.

Then, if the Allies were fighting to defend Poland against military aggression, why did they give the ENTIRE nation of Poland to the Russians, after THEY invaded, and occupied ALL of Poland?

It becomes obvious, when you consider all the other material in my books and videos, that the plan had always been to DESTROY GERMANY, and prepare the way for a Communist takeover of Europe, which is playing out today in the E.Jew.

If the E.Jew is about democracy and freedom, then why did the E.Jew do NOTHING to stop the Spanish violence against the Catalonians? The E.Jew
would be the perfect vehicle to allow GREATER local sovereignty, under the framework of a European community. But it is being used merely to centralise power in NON democratic institutions. The equivalent of the Jew.S.S.R, still pretending to be democratic, just as in the Jew.S.S.R, but with a little more 'effort' being put into the 'sham' democracy. Pre-selected candidates just as in the Jew.S.S.R, however unlike in the Jew.S.S.R, most Europeans have yet to see through the sham.

Catalonia should open your eyes. The E.U was NEVER intended to be democratic, or support democratic ideals or institutions. It was meant to centralize all power in the hands of the Jew World Order. Then Europe and Russia, under Jew Putin, the new undeclared Jew.S.S.R, would be merged.

Poland was set up by the Jews at Versailles, who handed them huge chunks of German territory and millions of German 'captives'. This was bound to lead to some form of military intervention on the part of Germany, to re-united German, and the German people. This was to be used as a pretext to get the Western powers to fight FOR Bolshevism, for the Jew.S.S.R, for a Jew World Order, when in fact they were ENEMIES.

The Jew.S.S.R was planning a huge invasion of Europe. Hitler was shocked at how far their preparations had advanced. He had taken the initiative and attacked as the ONLY possible defence.

To attack while there was still a chance of victory. Rather than wait to be overrun by the Bolshevik Jews.

The Jews had always planned to pretend to care about Poland, and to use Hitler's legitimate campaign as a pretext to heat up public opinion in the U.S and U.K for a war of agression against Germany. In the U.S the would be President promised again and again that voting for him would GUARANTEE that the U.S would NEVER wage war against ANY European power.

The same promise was given by the would be U.S President just before WWI. And as always, the U.S has continued to defy its own constitution and continually engage in military and econonomic acts of agression against foreign powers that NEVER intended it, or the U.S people, ANY harm.

So the 'Polish' issue is now settled. The Polish nation was set up, and used as an excuse to overcome the consensus public opinion in the U.S and Britain that was AGAINST war with Germany in WWII.

What the Jew World Order 'shadow governments' always wanted was a way to get the U.S and U.K to destroy themselves in destroying Europe, FOR the Bolshevik Jew.S.S.R.
Two diametrically opposed systems would NEVER otherwise have become allies, but for the faked 'common enemy' that Germany was 'turned into', in the eyes of the British and American publics, by the Jewish propaganda.

Then after the war the 'holocaust' lies were used to further 'legitimate' U.S and U.K sacrifices for the Bolshevik Jew World Order.

As a ploy, it was pure evil genius. Could you imagine what the average British or American would have said if their government had told them they were going to defend a system of Bolshevism, of communism, a Jew.S.S.R dictatorship, that kept its own citizens as prisoners, as slaves, murdering tens of millions of them, and placing ANY dissenters in labor camps, with their own lives, and their own treasure?

They would have laughed at the mere notion. They would have arrested their leaders, assuming them insane, or corrupted.

But pretend you are defending some poor little nation from a big bad bully, and suddenly the idea of defending your REAL ideological and physical enemies somehow seems logical, reasonable, rational, ethical...in fact a 'moral' duty. For the sake of freedom!

I can hear those Jew World Order Jews laughing their heads off at the stupidity, the ignorance, the naivety of their 'goy' dupes.

It is now officially a crime to VOTE democratically ... to even VOTE about whether you should have the RIGHT to vote! Did the E.U do anything in support of freedom of expression and democracy? No!

Catalans wanted the right to a referendum on the question of independence...THAT is a CRIME?

Consider 'the will of the people' Vs 'the Law', and what Jesus said about 'the law'.

Who is 'the law?'. In both cases, Jesus, and Catalonia, it is the jew world order...the 'e.jew'...and the jew world order occupied 'Spain'...

Spains high court calls it an 'ILLEGAL' vote...how obvious does it have to be before you will realise that YOUR democracy is a joke...TRUE voting is 'ILLEGAL' in the jew world order...people arrested for trying to organise the peaceful vote...shut down their IT ... and websites...and phone apps...

ILLEGAL referendum? why? illegal to peacefully organise politically?

There is no growth without sacrifice. My life has been this sacrifice. And surely even greater sacrifices will be demanded of me.

All I ask you to sacrifice is a few hours of your time, and the discomfort of realising you have been lied to for your entire life about almost EVERYTHING. There is a much more desirable world waiting just at the edge of your consciousness. If only you will join me in manifesting it.

Zoastrianism notes

Ahura MAzda, illuminating wisdom...the lord of wisdom...Asha is good...progressive mentality Vs destructive mentality ...sacred flame symbolic of the spirit of truth...the light of wisdom...the light that illuminates the mind..Over 3000 years ago...fire can be useful, or terrifyingly destructive...Shaman / witchdoctor...about 1st century c.e oral tradition first written down in a form of Sanskrit? , then transcribed into current languagae / script associated today with Zarathustra, around 600 C.E...Druj is evil...Asha is good...Zoroaster was vegetarian, but no requirement in todays Zoastrianism...there will be a final day of renovation, when all the dead will reanimate...but not reincarnation per se...We all have responsibility to participate in war between truth and falsehood, good and evil, light and darkness...
simplest way to use sound dampening is to have one person sit in sweet spot at mixing console, while another walks around the edges of the room, the walls, holding a mirror...as sound and light wave reflections behave similarly, anywhere the person at the mixing console can see a monitor / speaker reflected in the mirror is likely to be 'too live', and require dampening with sound absorbptive materials like specially cut black foam squares you can buy online...to avoid flutter echoes, and undesirable 'comb filter effects' i.e phase cancellations and reinforcement of 'standing waves' that build up between parallel surfaces, and reflections at angles that are reflected back again...so that you don't just hear the fundamental/original signal, but a whole series of upper harmonics in different proportions, due to the comb filter / phasing effects...some argue that rear of studio should be left more 'live' and the front and sides, relative to the mixing console / engineer, less 'live'...

Adam Smith notes

Consumption taxes superior...no uncertainty re: when must be paid, how, and where. Most convenient and agreeable. Cost of administration means less of tax goes to final objectives, and more goes to collectors and tax system infrastructure. Customs levies most expensive re: collection expenses. If import tax encourages one part of business, it discourages ALL OTHER parts of it. Smuggling moral hazard i.e makes criminals of people who would otherwise NEVER becomes criminals i.e makes it a crime what nature never intended to be a crime i.e free trade. Smuggler ends up in prison, and involved in further criminality in order to carry out smuggling. Either way burden to society when otherwise would not have become. Officers carrying out their duty disliked by public, and contract hard character as result. Intrusive into privacy. Unnatural intrusion i.e required to enter homes, audit books etc.

Wars oblige nations to contract great debts...wars would be unpopular / unacceptable, if rulers forced current generation to pay for them, immediately...but as have access to easy credit, engage in more wars than would otherwise...finance=more war...

First capital exits, then the owners of that capital follow it...ruining the nations productive capacity...

In past all excess could only be consumed i.e shared by host as benefactor to guests and dependents...but as soon as could convert surplus into cash, and other
goods / luxuries / ostentation, lead to rich and great reducing their generosity to their people, and indulging in excess luxuries...liberal hospitality never ruined anyone. Vs ostentation and luxury ruined many... i.e rustic landholder hospitality Vs modern excess luxury...in past had little opportunity to trade surplus for luxuries... could only hoard any money saved...trade disgraceful, and usury prohibited by law, and even more disgraceful...hoard could be taken if driven from own home to place of safety i.e violence of times... treasure trove i.e no owner known for treasure found...was once important revenue of sovereign...today would be insignificant...little commerce / manufacture lead to parsimony required for security, and need to save up for wars i.e pay in advance...expense of standing army was not necessary, so could share hospitality with dependents, his people...

So in past kings had treasure, today they have debts...abuse tenants Vs generous...merchants and traders i.e businesspeople soon gained greater wealth than kings...only King of Prussia has any considerable treasure i.e parsimony leading to accumulation rare...most republics and nations in debt...public expenditure as great ins supposedly sober democracy as any lavish king...debts entered into to 'defend' state, as state always outspends self i.e revenue for war is 4 times greater than peacetime...but takes long time to collect taxes...at least a year...but military expenditures begin immediately...even if only defence...immediate and great expense in moment of immediate danger Vs slow returns of new taxes...so govt. must borrow...MHR so if Jews can encourage another nation to pose threat, can force peaceful nation into debts...

Merchants and manufacturers spend entire capital 4 times in a year i.e it circulates, they spend, get back i.e money flow greater than for any other sector of society...can lend money to goverment without limiting this flow...government security transferable...can demand high rates...and general public willing to buy again from them...literally a favor to allow to share in first subscription of a loan...as the merchants ensured profit from this...allows govt. to avoid having to save...can simply borrow at time of 'need'...Vs past where sovereign realised that at time of need could not simply borrow / increase expenditure...unfunded debt of great britain consists of debt supposedly with no interest i.e similar to private debt to merchant i.e invoice not paid at time, but to be paid i.e arrears...unpaid debts, unpaid wages...some bills bear interest from particular time, sold at discount or received at par, and paying interest only, so circulate continually...promise to rebuy at some future date at full nominal value...or guarantee that interest will be paid, so can easily sell the debt on, and it continues to circulate without the capital ever being repaid to anyone...principal not
funded...only interest / annuity...state could buy back at any time by paying principle to owner...so most debts not actually 'funded' i.e e.g by a future tax income ... so all income spent before comes in...all assets / future revenues already mortgaged...pays interest for use of its own money...perpetual funding...in past new taxes limited in time to repay a debt...loans in anticipation of payment of those taxes...if income less than promised, term prolonged...

Bank of england and east india company advanced money to govt. ... these debts lead to the only taxes imposed for perpetuity ... early 1700s...bank annuities serviced by various later funds, the duties supplying them becoming perpetual...common 'general funds' for payment of annuities, lead to even more perpetual taxes, which before had been limited in duration...for paying only interest...the capital never being repaid...at this time could have repaid entire capital in a few years...but encouraged to 'anticipate' income before receiving it, and when it fell short, having to increase the fund / taxation / make taxes perpetual, in order merely to finance that shortfall, and merely pay the interest on past capital, while increasing the size of that capital debt, ensuring perpetual debt that would perpetually increase... this began early 1700s...MHR who was behind this? 'merchants'? of venice???

Perpetual annuity equal to the interest...ruinous practise of perpetual debt...too easy to raise money in this way to pay for wars etc...posterity left to pay off debt...temporary taxes rendered perpetual, and distributed into the general funds...5% interest paid on these debts...taxes accumulated into these funds...laying foundations for the 'sinking fund'...then reduced to 4% in 1750s, then to 3%, augmenting the 'sinking fund'...but facilitates contracting of new debts i.e as mortgage for more 'risky' borrowings ... anticipations and perpetual funding...

can borrow on annuities for terms of years, or lives...i.e guaranteed payout over duration of annuity...14% for 16 years ... then later for 'lives', but undersubscribed, so 7 years annuities offered ... could be exchanged for life annuities by paying difference at excessive terms but even that could not attract buyers...1719 32 years annuities converted into south seas stocks in lieu of payments...
Tontines (inventor) granted on group of lives i.e only survivor of entire lot of 20 to 30 people receives an annuity...sells for more than worth, in terms of 'separate life' annuities...

In England merchants prime lenders i.e advance money to govt....only subscribe in order to resell and profit from debts...annuities more risky i.e no profit guaranteed...London was more of a mercantile / trading city than France, so different basis of public debts...more confirmed bachelors in France i.e no children, so no need to leave anything to posterity...

People would soon become disgusted with war if forced to pay for it now...in lump sum...but if gradually increase, people don't notice...i.e spread costs of war now over future decades...public find amusement in war / entertainment...willing to pay the small extra taxes...war exciting / sexy ... unaware of real long term cost will pay for this entertainment / excitement... new taxes only repaid interest of loans made for war...sinking funds, leading to perpetual taxes, will continue this...even in peacetime some extraordinary expenses, and taxing unpopular...so financing it avoids 'murmur or complaint'...public debts accumulate and the higher they climb, the higher the tax would need to be raised to pay it, so the more likely govt. will use 'sinking funds'...'national vengeance' or 'national security' only way people will accept new taxes...in reality peacetime does not lead to repayment of capital borrowed to fund wars...so accumulates...Adam Smith cites actual statistics from before 1700, showing relationship of public debts to wars...new wars added to debts from old wars...so keeping world at war proved very lucrative to 'merchants' and 'bank of England'...ensured increasing revenues for banks / lenders ... bank paid for renewal of its charter !!! ... lead to land taxes...civil list debts...new wars...ensure never will discharge public debt through savings from ordinary revenues...each new war more expensive than previous...barely start repaying interest from last war before engaged in new expensive wars...capital advanced to govt. turned away from productive labor to unproductive labor i.e soldiers, weapons...so didn't increase productive capacity...interest ensures actually decreases productive capacity to what would have been without incurring those debts i.e if had not borrowed a cent...but if had borrowed and invested, could have had huge impact (MHR)

Forced to maintain new species of unproductive labor...though taxes probably would have gone to alternative 'unproductive' labor i.e govt. costs...perversion of annual produce towards unproductive labor...destroys old capital...but leaves private capital to increase...under normal conditions...war would be more
speedily continued, and less likely undertaken, people would grow weary...would only be carried on as long as absolutely necessary...war would not be so popular i.e if had to pay for it up front...so could expect fewer wars, of shorter duration...MHR probably the limit of 5 years we've seen in WWI and WWII...payment of interest of public debt is 'right hand paying the left'...revenue of one set of inhabitants transferred to another is the sophistic response of mercantilists / merchants i.e claim nothing lost by process...but this also assumes all debt local, when in fact many foreign lenders involved...so capital does leave nation...

Landlord maintains and improves land...but land taxes diminish revenue, and increased costs, lead to unable to keep up this improvement / maintenance...distressed landlords lead to agricultural productivity declines...leads to inflation...disposes those who can leave, to leave nation...employers of great capital exposed to increased taxes, inclines to leave, and motivates this to occur...manufactures and merchants leave...so entire economy / nation suffers...land management suffers right up to manufactures...reduces revenue base of govt...leads to land being neglected and capital stock drying up / leaving nation...creditor of public has no vested interest in the good management of any particular business, farm, etc...i.e no motive / concern about its ruin...

every state which has adopted this system has become 'enfeebled' by it...i.e debts ruinous to entire nation...taxes then oppress people...debts ruin nation...Smith shows 'weakness and desolation' in every nation it has been employed...so crazy to expect it NOT to have same impact on Great Britain, which relative newcomer to the practises...can expect same as Holland or Spain before 1700s to occur in Britain...waste and extravagence of govt. hard to 'repair'...

Once debts reach certain limit, never repaid...only via 'pretended' repayment i.e to hide public bankruptcy i.e royal proclamation / law changing 'value' of currency i.e amount of silver in a unit...i.e inflationary, fraud, deception...everyone would suffer proportional loss...creditors the greatest losers, unless they are themselves in debt i.e borrowed the money...but actual creditors receiving pretended payment would damage them, and ruin governments creditworthyness...enriches debtor at expense of creditor...re-distribution from productive to non-productive...better to declare open bankruptcy...rather than use juggling tricks...no-one fooled...does more damage to pretend then admit...Romans at end of first Punic war reduced value from 12 to 2 ounces copper i.e common currency...Republic
repaid debts with sixth part of what actually owed...but didn't occasion any clamour...law was actually popular, as poor people in debt...debtor thus benefitted by inflation...poor thus calling for abolition of debts / new tables i.e proportional repayment...so this law reduced their debts to one sixth of original...so very popular among masses...debt abolitions and new table quite common in Rome...2nd Punic war 2 ounces to 1, then later 1 to 0.5...so debts reduced to almost nothing...but massive inflation e.g imports...

Adulteration of coin...mix greater quantity of alloy to silver...French 'augmentation' is direct raising of coin denomination is more open / transparent i.e change denomination of original coin...e.g 5c now 10c. 'Injustice of open violence Vs treacherous fraud'...could never be concealed for long...indignation...fury...English coin both augmented and adulterated...

'Projector' is businessman? Entrepreneur?

Americans don't pay tithes...so could afford considerable land tax...

**Anti-Semitism is for those who LOVE 'Jews'**

First, to be clear, being 'Jewish' and being 'Semitic' are different things, in principle, and I hope, at least for many self-defined 'Jews', in practise.

A 'Jew' is not NECESSARILY 'Semitic'.

And the most 'Semitic' of people are not even considered 'Jews' by many in the 'Jewish' community.

What we need to do is to distinguish between the person who defines themselves as 'Jewish', and who perhaps others might look at, and themselves, spontaneously, think, 'Hey, they look 'Jewish'', and the most dangerous threat on this planet, that of 'Semitism'.

Semitism is an IDEOLOGY. It is NOT a biological, putative 'race'.
This is why ANYONE can become SEMITIC. All you need to do is subscribe to a particular ideology. Like becoming a 'Marxist', or indeed a 'racist' of any kind.

For 'races' only exist in people's minds. Race itself is an ideology. It is a social construct. Scientifically speaking. Subjectively, you yourself may self-define and self-identify yourself as a member of some putative 'race'. And others may look at you and do the same thing. You may be happy having this definition ascribed to you, or you may be indignant. It may bring you benefits in terms of 'positive discrimination' or it may impose the costs of 'negative discrimination' upon you.

You may gain privileges and benefits. You may find yourself a member of various secret organisations which give you access to resources, money, power, sex, and success.

Or you may find yourself in a work camp, 'legally' disposed of all your wealth and social rights. Simply as you were unfortunate enough to belong to a larger cultural group, a sub-group of which has literally declared war on your 'host' nation. A sub-group of which has actively conspired to enslave this 'host' nation. A malicious, malignant, militant, deceptive, vicious, criminal, psychotic sub-group which any reasonable person would immediately imprison, and then seek some 'solution' for ensuring they never again pose the same threat to society that they did.

Even worse, you may find yourself being rounded up by armed men and women, and shot. Simply because THEY have defined you as belonging to a putative 'race' of 'Jews'. Dozens of 'jews' were rounded up in Kielce, after the Germans had left, and murdered. By locals. Thousands were rounded up and shot by Lithuanians. Some German military commanders took it upon themselves to murder thousands of 'Jews' being transported to work camps in Poland. At least one German commander was tried and executed for such acts. This fact belies the propaganda of any official policy of 'extermination.

If I defined myself as 'Jewish' for cultural reasons, rather than because I subscribed to the racial supremacist, exceptionalist, genocidal, treasonous, deceptive ideology of Semitism, as described in the Talmud and Torah, and as expressed in the actions of Moses and Joshua, and the 'Jews' in the Old Testament
genocides, mass enslavement, mass rape, and mass pedophilia, then I would make the greatest efforts, immediately, with all my energy and resources, to distance myself from that sub-set of 'Jews' who DO subscribe to the ideology of Semitism.

I would also, as I do, call for all the self-defined 'Jews' I love, to do the same.

This is why I risk huge fines, prison terms, the loss of any chance of a career in any profession, and the demonisation and criminalisation at the hands of 'Jews' and non-Jews alike, by publishing statements like this.

I have committed years of effort and sacrifice to this end. Ever since researching the truth about 911 lead me on the slow progress towards my current understanding of what is going on in the world.

If you LOVE Jews, you really need to become as actively ANTI-Semitic as you can, as soon as you can, and for as long as you can. You NEED to defy the laws that the most SEMITIC of 'Jews' have had put in place around the world. You need to do this EN MASSE. You need to demand they be abolished.

No, you didn't read that wrong. And it is not a typo.

Jews are a self-defined cultural group.

Semitism is an ideology, UNFORTUNATELY for most self-defined 'Jews, closely associated with the 'culture' of this cultural group.

Many people will simplify their lives by defining all 'Jews' as proponents of Semitism.

However not all self-defined 'Jews' subscribe to EVERY part of the SEMITIC ideology. Some are not at all 'SEMITIC'. They are the 'cultural jews' that I love.
Others are rabidly, psychotically, dangerously, EXTREMELY SEMITIC. They are the 'Jews' that everyone, no matter whether they define themselves as 'Jewish' or otherwise, should fear. And yes, HATE.

It is rational to HATE the person actively plotting to steal your possessions. Who is actively working to enslave you. Who has been ruining your life. Who has committed mass murder in your own land. Who has connived and lobbied to eliminate your constitutional or traditional freedoms and rights. Who has demonised you and your people for decades. Who has defamed your dead. Who has sent you and your children to kill and die in wars that they produced as means to their own ends. The prey hates the predator that would eat their babies. This sort of hatred is rational. Perfectly rational. It would be IRRATIONAL NOT to hate such a person. Or a group whose membership consists of such people.

Yes it is very hard to differentiate between the passive member of a group, and the active leadership. The men who burned alive hundreds of thousands of children and women in Germany and Japan, with their firebombs, we may forgive. But the men who forced and tricked these men into committing these war crimes must be punished.

And in times of war, such as we find ourselves today, the priority is to prevent harm. To stop the group which has seized power from doing even more harm.

And if those 'Jews' who will not accept the reality of the situation, and distance themselves from the 'jews' who are actively producing that situation, then it is not going to be possible to protect them from the consequences of their unwillingness to help us help them.

Hundreds of thousands of 'Jews' died in work camps of disease. Thousands were deliberately bombed and machine-gunned by the 'Allies', as they were receiving whatever medical care was possible near the end of the war, in German hospitals. All of this 'collateral' death was never intended. But that is what happens in war.
And this is war. Now. We are at war with the Jew World Order. A group who define themselves as 'Jews', and take advantage of the millions of 'Jews' as means to their own ends.

The jew world order is based on the ideology of Semitism. The same whose expression in the Old Testament took the form of genocide, theft, slavery, peodophilia, and mass rape, under the leadership of Moses and Joshua. The same as expressed in the Talmud and other books in the 'Jewish' 'religious' canon.

Most 'Jews' are NOT active players in this 'jew' world order.

However they are facilitating it. By promoting the defamation of Germans known as 'The Holocaust'. By supporting the actions of the ADI and AIPAC. By supporting the criminal state of Israel in its mass murder of, and theft of land from, the Palestinians. By supporting 'hate-speech' laws. By supporting anti-gun legislation.

I appreciate that many 'Jews' have been conditioned, primed, and brainwashed from birth to becoming paranoid. They believe their own governments propaganda against the Germans. They hate Germans and want to kill them all. For crimes the Germans never committed.

It may be very satisfying for some people to define themselves as 'victims', so they can blame all their troubles on other people. But beware. It all comes at a cost. Today it may mean free submarines from Germany. It may mean a lifetime pension from the German people, for millions of 'Jews'. It may mean success in business is ensured, by being a member of a 'privileged' group. It may provide various benefits and privileges.

However you will pay for these in the long run. As you ancestors paid in the past. You ancestors may have been 'innocent' as individuals. And crimes may have been committed by their 'colleagues'. They may have been unfairly punished for the crimes of their 'fellow' 'jews'. But that doesn't change the fact that they suffered.
What that should instruct you to do, to educate you to do, is to make sure it doesn't happen again. By distancing yourselves, actively, and vociferously, from the Zionist jew world order 'jews' and their ideology of Semitism.

You must join us in our fight against the Jew World Order, if only to protect your own interests. For the jew world order plan to sacrifice the 6 million 'jews' living in Israel as a true 'holocaust'. They have shown their willingness to sacrifice as many fellow 'jews' as it takes, to achieve their criminal ends.

YOU are merely means to THEIR ends. They have no loyalty to YOU.

Semitism may form the origin story for the self-defined 'Jewish' cultural group, but if Jews themselves are to avoid becoming, once again, the victim of the actions of a small minority of extremely SEMITIC 'Jews', they need to distance themselves from it. From the origin story. From the ideology of Semitism. They need to renounce and denounce Semitism. Authentically. Genuinely. Believably. Actively.

I am anti-semitic. Every self-defined 'Jew' should be. And so should everyone else on this planet.

Like in every sort of cultural group, each individual and sub-group has a greater or lesser affiliation or identification with the general, dominant, ideology that originally defined that group.

Those sub-groups or individuals who identify to the extreme with that ideology are called 'fundamentalists' or 'extremists' or 'zealots' by outsiders, while they think of THEMSELVES as 'orthodox' or 'authentic' or 'genuine' or 'true believers'. They define others reflexively as 'deluded' or 'infidel' or 'pagan'.

The 'Orthodox' or 'Fundamentalist' clings to the ideology as a dogma. As 'truth'. They 'believe' 100% in the ideology. They live and die by that ideology. They will do ANYTHING if that ideology promotes it. Anything from murdering children and women, to sacrificing themselves and their own families.
Their 'ideology' or 'beliefs' mean EVERYTHING to them. They will engage in the most bizarre behaviors, appearing totally 'irrational'. to 'outsiders', with conviction and certitude, 'feeling' it is right and logical and reasonable and rational and appropriate.

The Sociologist rejects the notion of 'race' as a social construct invented for political purposes, and having no significant basis in biology. We take a few insignificant 'differences' such as skin color, hair type, 'distinctive' facial features, and construct an imaginary 'race' out of them. I explain the motivation for doing this in my TROONATNOOR books. So I myself reject the very notion of 'race'. But even the legal system appears to have 'established' the idea of 'race' as a given fact, just as they have determined 'The Holocaust' to be a 'given fact'. So I will now discuss how this implications of this putative 'fact' in relation to 'Semitism', and 'racial villification'.

The average person thinks of a 'race' as biologically grounded. They will seek to confirm the claims of a group to being a 'race', by reference to shared genetic markers. If a group shares genetic markers which the general world population do not exhibit, people may define them as a 'race' unto themselves. As an 'exclusive' biological entity. One that has its own 'exclusive' culture, related to its exclusive, unique, 'special' biological qualities.

The assumption that different biological qualities and characteristics, what we call 'genotypes', will produce different physical qualities we call 'phenotypes'. And further, that these phenotypes will produce distinct, inferior and superior, cultural forms.

That is key to understanding why 'races' are constructed. To claim that one 'race' is superior to other 'inferior' races. To 'justify' and 'legitimate' the exploitation of one or more 'races' by one or more other 'races'.

Now this is key when you want to claim some particular, EXCEPTIONAL 'entitlement'. Exceptionalism is the other key to comprehending WHY we construct 'races'. The 'superior' race always claims to have EXCEPTIONAL rights. Rights that ONLY IT enjoys, at the expense of all other 'races'. This is key to the definition of Semitism. Semitism is the ultimate in 'racial' 'supremacist' ideology. Semitism holds...
that there are one set of rights and obligations for one particular race, and another set of rights and obligations for all other races.

The fact is that to this group, the ten commandments only apply to Jews. Jews may not harm other Jews. However non-Jews are not considered human at all. And so Jews may treat persons who are NOT 'Jewish' as mere 'cattle'. Human rights apply only to HUMANS. And under the ideology of Semitism, non-Jews are NOT human. These are FACTS you can discover for yourself. I am not 'revealing' any secrets here. This is not propaganda, like 'The Holocaust' and 'Arab terrorists carried out Nine Eleven'. You can watch and listen as Jews who subscribe to the ideology of Semitism state these beliefs out loud, on camera, on my Markus Rebach YouTube channel.

In fact Semitism, the ideology, is dogmatic about the DIVINE right of 'Jews' (variously defined by different groups of the Jewish cultural group itself), to 'rule the world'. To be the 'judges' of all other races. The 'nice' Semites assume that at some point in time all other 'races' will beg the Jews to rule over them. The less 'nice' Jews believe they have the right to take matters into their own hands, and via banksterism (usury) and deception, coerce and trick all the other races into submitting to them, as their slaves.

It is clear that among the cultural group that self-defines itself as 'Jewish', there is a wide spectrum of belief relating to this 'destiny' for 'Jews'.

Many people who define themselves as 'Jewish', do NOT subscribe in ANY way to this Semitic dogma. They find themselves, however, the victim of it.

Imagine how people would react if you told them that you and your cultural group planned to enslave everyone else. That you had a divine right to enslave them. And that you intended doing so. By means of finance and deception. Or if the local society in which you lived, as a guest, overheard your secret meetings with other fellow 'Semites', and learned of your attitudes and plans. Of course the 'host' nations would reject the idea, and be quite keen to see the back of you and your group.
And so throughout recorded history 'Jews' have been 'evicted' by their 'host' nations. Not due to some 'irrational hatred'. But for rational, logical, perfectly understandable reasons.

Kings and Queens derive their 'divine right to rule' by claiming direct ancestry with a previous king or queen, who generally assumed that 'divine right' by being the offspring of some god or gods. The 'original' divine right is usually shrouded in the mists of time and mythology. But the more recent 'divine right' can be 'proven' by reference to genealogical records, such as family trees.

I mention this because this case in question is one where an entire cultural group claim a divine right to rule the rest of us. And if they are going to substantiate that claim, they have to prove that they are a 'race' unto themselves, and descendants of true historical figures who were granted this divine right, which was to be enjoyed by all their offspring, by, 'God'.

Of course some leaders within the cultural group claim that the divine right to rule all of humanity extends not only to the genetic descendants of the original recipient of that divine right from 'God', but to any person who chooses to join that cultural group, by subscribing to its laws and customs.

So you have, within the 'Jewish' community, those 'Jews' who believe that only the genetic descendants of the Levites are 'true' Jews, with the divine right to rule the world. While you have others who believe that anyone who defines themselves as 'Jewish', and is accepted by a Jewish community, and that communities religious leaders, as 'Jewish', automatically enjoys this divine privilege. As members of 'The Chosen People'.

For most people 'race' is a 'biological' concept. A 'genetic' concept. Not a 'cultural' concept. They see 'race' as being defined by biology, and not culture. And so for most people, the idea that you could become a member of the putative 'race' AFTER being born into another putative 'race', seems quizzical. It makes no sense.

In the relatively recent trial of Brendan O'Connell, a Rabbi stated unequivocally that ANY person could BECOME a member of the putative 'Jewish' 'Race'. And so the judge could apply the new 'racial vilification' laws to Brendan's case. Even
though Brendan's scientific 'villification' of the Zionist Jews of Israel, one particular sub-group of the self-defined 'Jewish' cultural group, was limited to THAT PARTICULAR CULTURAL sub-group, a sub-group defined by a particular ideology NOT shared by all self-defined 'Jews', one of the several more fundamentalist, 'orthodox', 'extremist', and most SEMITIC of all the self-defined 'Jewish' cultural groups, the judge ruled that, as the Rabbi had ruled that Brendan's comments, directly targeted at the most SEMITIC of these groups, constituted a villification of the ENTIRE putative 'race' of putative 'Jews'.

Judges work with 'legal fictions'. Corporations are treated as human beings. Non-existent entities such as 'races', are treated as real things. The Allied and Zionist propaganda product known as 'The Holocaust' is treated as a historical fact. The judge will claim that it has been 'proven', by that infamous official report on Nine Eleven, that 'Arabs hijacked planes and flew them into the World Trade Center and Pentagon, destroying totally buildings they didn't even come close to touching'. If you challenge that 'official fiction', you will be held in contempt of court, and charged, fined, and imprisoned.

We are living in an insane world, where fiction trumps reality. Where you are not allowed to challenge obvious lies. Where your constitutional rights are totally ignored. Where anyone can be arrested, and imprisoned indefinitely, without any charges. Where anyone can be kidnapped and sent to a 'black' site for torture, which they will call 'advanced interrogation'. Where Israel can deliberately murder thousands of Palestinian children, and it is a crime to criticise them for it.

I was as unaware of most of this are you probably are right now, just a few years ago. So I understand the shock you probably feel. The incredulity. The fear. The discomfort. The threat. The desire to 'deny' it all, and just pretend it isn't real. The fear of losing your job, career, professional reputation, friends, and even of being fined and imprisoned.

People like me pose the greatest 'threat' to the jew world order. We are clearly NOT irrational. We do NOT hate 'Jews'. We clearly hate a sub-group of self-
defined Jews who subscribe to a detestable, unacceptable, preposterous, criminal, psychotic, abhorrent ideology. The ideology of Semitism.

And this is why I say that if you LOVE JEWS, you will become as actively anti-Semitic as your situation allows.

You will have to risk being condemned, ostracised, defamed, libelled, slandered, and demonised by the rest of the brainwashed 'sheeple'. You will have to risk fines and prisons. But if you organise yourselves into groups, you can make it impossible for the jew world order to silence you.

If 100,000 people march with banners stating that they are anti-Semitic, and declaring WHY, it would be impossible to enforce the laws.

Very soon it is going to come to civil wars between those people who cherish their liberty enough to be willing to die for it, and the jew world order occupation forces.

UNLESS you adopt the peaceful measures I and others have described in our bloggs, books, and videos.

The odds seem against the libertarians. The freedom fighters. The Patriots. The constitutionalists.

The jew world order have control of almost every military, police, financial, mass media, kosher alternative media, jewdiciary, and even individual MIND of billions of individuals. Jews and non-Jews alike.

However the truth is clear and might yet take the field, to defeat our common enemy. The ideology of Semitism, and its manifestation in the jew world order occupation.

Truth is kryptonite to the jew world order.
They fear the truth for this reason.

You must love the truth. You must admit you've been wrong all your life, about so many things.

YOU must live the truth and speak the truth.

YOU must become as anti-Semitic as possible. You must reject the ideology of semitism.

Love the Jew. Reject and hate the Semitism.

Anti-Semitism is ultimately an expression of love for the Jew.

Anti-Semitism is a love of humanity. An acceptance of the rights of all peoples to justice, freedom of expression, and self-determination.

Anti-Semitism is a love of constitutional democracy. A love of justice. A love of peace. A love of peaceful toleration and co-existence.

Anti-Semitism is a RATIONAL attitude.
HATE war. HATE injustice. HATE slavery. HATE rape. HATE violence. HATE lies. HATE deception. HATE murder. HATE occupation. HATE theft.

It is RATIONAL to HATE ALL these things. Do not let anyone 'shame' you by some idea of 'political correctness'. That is all 'DOUBLESPEAK' and disingenuous, specious, sophistry.

Anti-Semitism is rational. It is rational to hate the ideology of Semitism.

It is correct, right, reasonable, rational, desirable, conscientious, socially necessary, valid, legitimate, positive, compassionate, empathetic, Christian, Muslim, and in line with the Prophets of the Old Testament, and the words of Jesus and his disciples, and the teachings of Buddha and Jain and Zarathustra, to be actively, and vociferously, as anti-Semitic as you possible can be.

Stand up with me and millions of 'awake' people of goodwill, in becoming anti-semitic.

It is no betrayal of your cultural traditions and loyalty to your family and ancestors, to your cohorts and colleagues, to your fellow 'jews', for a Jew to reject the ideology of Semitism.

Thousands rejected it the moment Moses came down from the mountain. They were slaughtered by him. Remember that. Be careful. Your own 'leaders' have been your very worst enemy from the very beginning.

I promise that any 'jew' who rejects the ideology of semitism will have their cultural traditions respected and be allowed to express themselves freely, in the way that they find fitting, as long as it does not deny any other group the same rights and as along as it complies, in open, and in secret, in public, and in private, with the U.S constitution, as being the best constitution I know of.

I promise that I will do all in my power to allow those Jews who reject Semitism, and are actively anti-Semitic, to emigrate to the country of their choice, if they vote, as Israeli's, to end the Jewish occupation of Palestine, to grant every
Palestinian the right of return to their homes, compensation for their losses, and their own nation state.

To clarify something important.

The legal systems of the world appear to define anti-semitism as 'the irrational hatred of all jews'. And so the anti-semitism I am promoting is NOT what the law defines it as. The law is referring to those people who merely use 'race' as an excuse to express their own self-loathing, and project it onto others. The law is referring to irrational hatred. Hating something with no legitimate reason. Like hating someone because they are prettier than you. Or smarter. Or more talented. Just looking for some 'excuse' to attack someone. To vent frustration and rage.

Clearly the anti-Semitism I am promoting does NOT target ALL self-defined 'Jews', or people other people define as 'Jewish'. The target of my anti-semitism is not even 'jews' per se. It is not even any person. It is the ideology of Semitism that is the target. Any 'Jew' who disabuses themselves and the world of the ideology of Semitism is my friend. I love all Anti-Semitic 'Jews' as I love all people who seek truth and justic for all sentient beings.

Anyone appearing in court on charges relating to 'racism' or 'anti-semitism' should be sure to have the judge clarify the legal definition they are using. In detail. To be exact.

Because if 'races' do not exist, and anti-Semitism is NOT the irrational hatred of all jews, then the current laws have ZERO meaning. This won't stop the jewdiciary doing the work of the jew world order. But it may wake up enough people fast enough to be able to put the brakes on the tsunami that is the jew world order.

Of course the jew world order is ingenious at wording 'laws'. They are the most weasly of all sophists. They intentionally make the wording of any law so vague that it can be abused to apply to anything, anyone, at any time, in any situation.

The jewdiciary will of course claim that my INTENTION is bad. That despite what I say, they can mind-read, and they have discovered in my 'intentions' that I
do not mean anything I have written here. That I am just trying to hide an irrational hatred of all 'jews' behind clever argumentation. We cannot let them get away with laws that can easily be manipulated to apply to anything anyone says, in any context, anywhere. For THAT is the current state of affairs.

All anyone need do is claim you INTENDED something to 'incite' 'racial' hatred and violence. To claim you INTENDED harming someone.

All a would-be 'victim' must do is claim they were 'offended' by what you said or did.

Of course the laws will be applied EXCLUSIVELY in the manner they were intended to be applied, by the people who wrote them. The laws will ONLY be applied to cases where Israeli's or 'Jews' are the supposed, putative, victims.

The REAL reason Brendan O'Connell was charged, and given the maximum sentence, with no parole, was that he was actively fighting for justice for the Palestinian people. It was not anything he SAID that lead to his arrest. It was what he was DOING. He was opposing the criminal Israeli occupation of Palestine. He was promoting the voluntary boycott of Israeli products. THAT is is true 'crime'.

As a last note, we need to get something out in the open. Jews must demand that the 'holocaust denial' laws be abolished. I understand that many Jews believe the propaganda. Their relatives were separated at transit camps and told by other jews that they were gassed and cremated. Each of the separated family members were led to believe that the other family members had been murdered. Some ended up in Russia, and others in Europe, and never saw each other again. So they assumed what they had been told was true. They believed the propaganda.

Most Jew's experience is limited to the propaganda they have been fed since birth.

Other Jews KNOW it is all a lie. But they consider it a 'Noble' lie. A lie that is good for Jews. Good for them and theirs. They feel indignant that they were forced to work in labor camps. They lost loved ones to disease in these camps.
They lost loved ones when the 'Allies' deliberately bombed and machine gunned the hospitals of the labor camps, where the Germans had been doing their best to keep them alive, despite the lack of supplies due to 'Allied' bombing.

Those who are lying, you have to realise that all lies end up costing more than they originally benefitted. When 6 million Jews are literally offered as a 'burned offering of a sweet savor unto YhWh' by the Jew world order, you will only have yourself to blame.

Those of you who sincerely believe 'the holocaust' occurred, can quickly disabuse themselves of this false belief by watching the videos on my markus rehbach youtube channel, and reading my books. Of course if they have more time and motivation they can refer to all the source materials I used, and much much more.

I can safely say that 'The Holocaust' is propaganda. Lies. It is a defamation of the German people. Hitler and National Socialism functioned better than any other social and economic system ever put in place anywhere in the world, at any time. THAT is why it had to be demonised. THAT and the fact that the war crimes the 'Allies' committed against German and Japanese civilian populations had to be 'justified' and 'legitimated' in some way.

Please recall Obadiah's warning 'For as you do unto others, so shall be done unto you', and decide to give other sentient beings the justice you want for you and yours. Go Vegan. Give up the idea of enjoying benefits at the expense of other sentient beings. Give up the idea of using other sentient beings as mere means to your own ends. Become deserving of justice, and justice for you and yours will manifest itself.
The Realities Of Our Natures And The Nature Of Our Realities

I know that most 'Jews' are as much a victim of the jew world order as the rest of us. And once they understand what crimes are being committed, and are to be committed, in the name of their 'Judaism', they will join me in my quest for truth, justice, and beauty.

I also know that the 'jews' in charge of the jew world order are the most ruthless, psychopathic, sociopathic, selfish, deluded, criminal, vicious, malicious, ingenious, and powerful people this earth has ever produced.

I also know that we could defeat their plans within weeks, if we woke up enough people, quickly enough, and applied the breaks to the tsunami that is the jew world order.

Catalonian independence denial proving that democracy is an illusion

In Jew World Order occupied 'Spain' it is officially a crime to VOTE democratically ... to even VOTE about whether you should have the RIGHT to vote! Did the E.U do anything in support of freedom of expression and democracy? No! So you see the true nature of 'the beast'. The 'E.Jew'.

Catalans wanted the right to a referendum on the question of independence...THAT is a CRIME?

Consider 'the will of the people' Vs 'the Law', and what Jesus said about 'the law'.

Who is 'the law?'. In both cases, Jesus, and Catalonia, it is the jew world order...the 'e.jew'...and the jew world order occupied 'Spain'...
The President made it clear that 'the law' was his idol...NOT the 'will of the people' of Catalonia. He made it a criminal offence even to DISCOVER what that will was, via a vote on whether or not Catalonia should hold a referendum on secession from 'Spain'.

Spain's high court calls it an 'ILLEGAL' vote...how obvious does it have to be before you will realise that YOUR democracy is a joke...TRUE voting is 'ILLEGAL' in the jew world order...people beaten senseless and arrested for trying to organise a peaceful vote on whether to hold a referendum or not...The Jew World Order occupation government operating out of Madrid shut down the Catalanian's entire IT systems...and websites...and phone apps...and then, in acts of brazen hooliganism, contempt for 'the people', and 'the will of the people', and 'democracy', they smashed in glass doors to ensure that 'the will of the people' might NOT be heard...

If you are Catalanian, and don't see that your tax money is being spent on repressing you, making you a slave to the Jew World Order occupied 'Spanish' government, then what will wake you from your 'dogmatic slumbers'?

ILLEGAL referendum? why? In what crazy topsy turvy, supposedly 'democratic' universe could it be considered illegal to peacefully organise politically?

It would set a 'dangerous precedent' according to the Spanish President.

The precedent of ??? Genuine, grass roots, democratic decision making !!!

It would undermine 'the rule of law'?

What does THAT say about 'the law', that 'rules'...rather than 'the people' !!!

Until that 'President' declared the vote illegal, it was perfectly legal. So what does that say about 'the law'?
How arbitrary can it get?

They didn't even have to stage a 911 and murder thousands of people and blame it on Catalonia. THEY, the jew world order, just got their occupational government 'president' to arbitrarily, with absolute contempt and disregard for any notion of basic human rights, let alone constitutional rights, declare 'the will of the people' to be 'criminal'.

You see, folks, the urge to democracy is the new 'sin'. The new 'crime'. And YOU, if you dare demand the right to real democratic process, let alone due legal process, are automatically made a 'criminal'.

Now you know what all those FEMA camps are for.

The NEW CRIMINALS. The patriots. The Democrats. Those who thought democracy was for real. And not just a circus act.

Just try to exercise your freedoms and rights, under your constitution, under the E.U laws, under international law, and how fast the Jew World Order 'police', 'The Feds', bring in a state of emergency...

And to prevent WHAT exactly? People voting on whether or not to have a referendum? THAT is a problem? A 'crime'?? against WHOM?

As Jesus condemned 'the Jews' of his day, 'the synagogue of satan', the 'children' of 'their father, satan', the jews are STILL fixated on their idolised 'LAW'. The Law that says YOU are mere cattle, and THEY are your rightful slave masters.

So today the Spanish, German, Austrian, Jewnited States, ... jew world order occupational governments, are enforcing 'THE LAW'. If the will of the people opposes 'the law', then the people are automatically defined as 'criminals', just as in the Jew.S.S.R. Just as today in Germany and today in the Jewnited States of America.
THAT is what the FEMA camps are for. THAT is what the 'STATE'S OF EMERGENCY' laws are for. THAT is what all those 'executive orders' are for. THAT is what 'holocaust denial' laws are for.

Note that at the same time the Kurdish people have had their own internal vote for independence, which the Iraqi leadership have declared 'illegal' and 'criminal'... Kurdistan would be a new nation to the north of Syria, and present day Iraq...very suspicious that Israel supports the Kurds, as does the U.S appear to...and that now Iran and Iraq have announced joint military exercises, and Iran's leadership has made threatening remarks vis a vis the Kurds...which adds to my suspicions that Iran's leadership is really 'in on the deal' with the Jew World Order...

But back to jew world order occupied Spain. The Spanish vice president defended the brutal violence of the Federal Spanish Police as in the 'defence of democracy' ???

You could have lifted the entire Presidential and Vice Presidential response to the grass roots democratic process in Catalonia from George Orwell's 1984. War is peace. Weakness is strength. And voting is anti-democratic.

So the role of THE STATE in the jew world order is to PREVENT people from spontaneously organising, at a grass roots level, for democratic change? In preventing people from voting peacefully???

A-ha, so you have it...'democracy' has a different meaning than the one YOU may have in your head, for the Jew World Order occupation governments...it means the ILLUSION of democracy...we are living in 1984...THAT is the 'newspeak' we have to 'decode' from now on...democracy means you get to chose between a few candidates PRE-selected by the Jew World Order Banksters...

The police, who attacked almost 800 people of all ages, hospitalising many, behaved 'professionally' and 'proportionately' according to the vice president of Spain...
Which beggars the question regarding the TRUE nature of THEIR PROFESSION. What is it REALLY? To serve 'the will of the people?'. To protect the constitution?

Or to ensure a smooth transition from phoney democracy to full blown open Jew World Order one world government?

The elected leaders of Spain stated that this state violence was 'proportionate to the 'threat'.

So what was THE THREAT?

That REAL democracy might take hold in one small corner of the Jew World Order occupied E.Jew?

Did this woman ever study math at all? How can ANY violence be 'proportional' to totally peaceful people exercising their most basic human right ... a-ha...you see that is OUR error...we have NO rights...not REALLY...and so when we dare 'exercise' rights we IMAGINE we have, we MUST be violently prevented from doing so, and thus calling attention to their ILLUSORY nature...

The Spanish president had the typical jew world order occupational government propagandistic bravado to claim that ....'the vote lacked any democratic respectibility'?

Newspeak much?

The response of the jew world order occupational government of 'Spain' must wake us all up to the clear facts about who our government is REALLY working for. NOT us.

The moment anyone challenges the 'illusion' of democratic process by actually organising any sort of 'grass roots', spontaneous, authentic, genuine democratic
movement or process, it is immediately, with open, public, state violence, crushed, criminalised, and demonised.

Just like in the old Jew.S.S.R.

Welcome to the Jew World Order.

MHR the hard work, sweat, sacrifice, and risks involved in building your dream home for yourself and your loved ones has an entirely different MEANING to the same sacrifice, risk, effort, and sweat invested in building your own prison, your own work camp, your own torture chambers, your own extermination facility. But imagine if you could trick the workers into building thinking they are building the first, when they are actually building the latter?

**Reflexivity is key to constructing and deconstructing reality**

Reflexivity refers to the fact that the ‘meaning’ a thing has IS its relationship to all other ‘things’, and the meanings THEY have, is their relationship to THIS individual thing. Mobbing and bullying occur among the ‘meanings’, so that groups of meanings (noetic structures / belief systems / models/ maps / dogmas / ‘first imprints’ / association-nodes / metaphoric systems) tend to ‘push around’ the individual meanings, and force them to conform to THEM i.e force THEM to SUPPORT them, in the usual ‘human’ ways, and most individual items then do adapt themselves / conform / change / submit to this tyranny…so the individual ‘meanings’ corrupt themselves / censor themselves…and comply…pretend they are something else, so as to ‘go along to get along’…and so the ‘bully’ meanings become hegemonic…and end up ‘framing’ EVERY OTHER MEANING in the system…i.e EVERY OTHER MEANING is distorted / twisted / spun / deleted / squashed etc until it appears to REINFORCE the hegemonic meanings … in effect we end up ‘not believing our eyes, ears, nose, taste, hands’ and instead ‘believing’ the hegemonic definitions / meanings ascribed to things. So sex is bad, being kind is weak, beauty is ‘unfair’, intelligence is a threat, freedom is evil, … all the ‘perverse’ meanings that arise when meanings interact, and the most ‘powerful’ are given hegemonic rule over the individual impressions / meanings…even the ‘sense impressions’, the ‘sights, sounds, touches, tastes, smells’, which ideally would have an ‘override’ feature, and be given the highest priority as ‘data’ and ‘information’ for the cybernetic systems, are ignored,
pushed to the background, distorted, filtered, deleted, to avoid making the hegemons ‘uncomfortable’ and challenging their hegemony, their ‘truth value’, their ‘power’ over the entire system. As above, so below. AS in our personal cybernetic systems, so within our social systems.

**Comments for Assad video**

Assad states the obvious facts. There is absolutely no evidence that any chemical attack has taken place. The footage could easily have been faked, with fake 'victims'. [The footage could be just as fake as the Auschwitz 'gas chamber' footage, or the 'Sandy Hook' shootings]. Note that Assad never says this is the case. He merely states the fact that it could be terrorist propaganda. He has every reason to be skeptical. Of course the Zionist propaganda fake news presenters misrepresent him, and claim he is 'denying' an attack took place. He has merely voiced a reasonable and rational skepticism. [Compare this typical Zionist use of 'denial' with 'Holocaust Denial', the tag applied to anyone skeptical of the official 'Holocaust' narratives]. The children could easily be child actors. There are dozens of documented cases of such 'false news' reports using 'crisis actors', including children. Note how the Zionist propagandist simply dismisses the idea of children being willing and able to 'act' dead, in the same way Zionist propagandists simply 'dismiss' any argument presented by historians and researchers that contradicts the official 'holocaust' narrative.

Assad then goes on to ask the obvious question of 'who benefits' from such a stunt. Or if it were real, such an attack. He would have nothing to gain. The area supposedly attacked was not of interest to his regime. Of course the Zionist propagandist simply lies and claims it was 'opposition territory'. Assad notes that even if he had chemical weapons, why would he use them on his own people? And during his own offensive, when he had the terrorists / opposition forces on the run? In the past, when he had been retreating in the face of the terrorists / opposition forces, that would have been a much more reasonable time to use any supposed chemical weapons. He states clearly that Syria has no such weapons. But of course the large captions along the bottom of the screen during this fake news report implicitly states that Assad has stockpiles of chemical weapons, and Assad denies having used them in this attack. So in typical Zionist style the fake news reporters misrepresent everything that has happened, along with the actual statements they just recorded.

What I wonder is whether this propaganda was so obvious. The statements just made by Assad were 'spun' and misrepresented immediately after he was allowed to make them. Either the propagandists believe their viewers are so slow witted
and pay so little attention that they think they can displace Assad's actual comments and arguments with the Zionist propaganda, or the blatant propaganda was intended to be noticed by more and more people. With the intention of discrediting the U.S administration and U.S media. To make the lies and deception and fake news and propaganda so obvious people could not fail to notice it.

I have predicted that at some point the U.S.A and Israel ('Jews') will be 'outed' publicly. That they will be thoroughly discredited. So the people of the world, and the U.S itself, will lose all faith in their form of government (representative democracy) and capitalism via 'straw man' version of it exercised in the U.S) per se.

All in the name of discrediting the current system, de-stabilising the world economy and political systems, producing chaos, and leading the people to demand, or to at least passively accept, the alternative that will be offered them / forced upon them. The 'Jew' World Order. Masquerading as a 'New' World Order.

Oh, and note how Trump is presenting his total turn-around on NATO. Just like all the presidents before him who promised 'peace' and 'isolationism', Trump lied about his true Zionist intentions. He is now claiming that suddenly NATO has become a force for good, and the U.S will increase its military spending beyond anything ever seen in U.S history, and in peace time! Suddenly NATO has become an enemy of terrorism? Suddenly NATO is good? And the U.S is going to totally defy its constitution? While still referring to a 'defence budget'? When the U.S has no enemies and faces no threats? When the only threat Trump's speech writers could come up with were the potential possible refugees of the civil war in Syria? The U.S needs to spend more on its military than ever before in history, to protect the U.S from possible refugees who might want to emigrate to the U.S? Do U.S citizens really swallow such obvious nonsense? Or is it meant to be transparent? To provoke total confusion and skepticism in the U.S population? To ultimately provoke fear of the U.S government among its own citizens. With the hope that they will thus be ready to accept an alternative to the U.S constitution, and government, and capitalism that have been 'straw manned' into monsters any reasonable person would be happy to see the back of, and be willing to 'go along with' a U.N take-over in order to achieve? Just how far will they go in provoking worldwide hatred of the U.S, and its 'way of life', in its 'straw man' form? Remember that Germany was demonised from the 1800s' and finally destroyed with war crimes, and propaganda, so that today it is, as a political force, as a nation, a guilt-ridden, self-loathing lap dog to the Zionists. So how far will they go to demonise and destroy the U.S, from within. So that when
it is finally destroyed from without, it will pose no real obstacle to the 'Jew' World Order. It will beg to be relieved of its current 'way of life’. The world will justly hate it for its 200 years of war crimes and terrorism. Its citizens will distrust all its current institutions, having been the victim of the 'straw man' versions of democracy and capitalism.

If you don't understand that most of what you believe is imprinted and conditioned propaganda, from 'The Holocaust', to 'Man-made Global Climate Change Crisis', to 'Sandy Hook', to this latest 'false flag' or faked event, as the case may be, then please watch my other markus rehbach Youtube channel videos, and read my TROONATNOOR series 'Welcome to the New World Order', which Amazon recently censored / blocked / banned, after Draft2Digital and Smashwords banned them, and threatened to take legal action against me. foot, 12 planets in solar system ie taking moons as planets...numbered from
outside...Nibiru means 'planet of the crossing'...symbolised as a glowing cross in
the sky ... n.b get notes on Romans referring to a 'star' i.e no larger than venus
etc...... earth 7th planet when travelling from outside solar system...only 'third
rock from the sun' if start at sun, as we do...7 days, 7 tablets of
creation....7....astronaut theory...gods visited us...chariots of fire / ezekiels wheel,
a solid mass (firmament) in the heavens...i.e UFO...depicted all over ancient
world... 'romans referred to 'flying shields' which 'attacked them... ancients may
use 'wings' i.e depicted wings like birds on anunaki, and the typical zoroastrian
'winged' craft, to indicate 'can fly', as how else would they explain to illiterate
people idea of 'flight'?....though many ancient artefacts seem to be depictions of
aeroplanes, helicopters, space shuttle type craft, tripod UFO craft, winged
discs...and 'nose cone' type craft, and rocket ships...Babylon may not have been a
'tower' but a launch site, like our rockets launch from i.e 'launch towers'...maybe
had gained control of some anunaki tech and the anunaki thus destroyed it, made
them multi-lingual to 'divide and weaken them back to being mere worker slaves
for the anunaki...

Hussein had demanded artefacts be returned by british museum etc...did Saddam
find some tech?

they literally made us in their image...likeness...combining existing species DNA
with their own, to make us useful slaves...very much like the 'Effendi' tradition of
the ideology of semitism associated with Israel and Judaism i.e 'Jews'...that the
'jews' are the anunaki, and we are the mere workers they created to serve
them...thus 'serve the jews or die'....whether the end of ice age floods were natural
or the anunaki, as in the bible, decided to destroy their creation ??? maybe
both...they knew what would happen...but Enki / Loki / Proteus warned one man,
to build a submersible vessel, like noah...and some other 'humans' survived in
remote areas that were not flooded by the cataclysm...sudden global warming
leading to huge ice shelves collapsing into the oceans...sudden massive
tsunamis...sumerian 'noahs' submersible, like in the movie with the same
storyline, just more hi tech...ends up on the top of Mt in today's turkey...

jews have assumed the anunaki's role...are the top of the pyramid really anunaki?
using the jews as their 'human' operators? promise 144,000 of them the 'top jobs'
... are the anunaki returning soon? if romans saw then can we calculate?
depicting anunaki with wings and eagle heads is symbolic metaphor i.e indicate they have the power of flight...as in 'Huston, the eagle has landed' i.e NASA apollo 11 patch shows eagle landing on moon...no literal...metaphoric...just like sumerians depicting their space men as having the power of flight...any other simile / metaphor wouldn't help explain, in simply depiction...

more modern maps, copied from ancient maps, on gazelle skin etc, show antarctica in detail, as land mass...continents still connected...today covered by ice mile thick...how did they draw such detailed maps? claimed source was mesopotamian i.e lands between euphrates and tigris rivers...no way they could have known this...we only recently had tech to do so...

Acadian similar to cuneiform...tells similar story to moses and ark...written in stone...in british museum 'the flood table'...primitive form of arcadian script, an anunaki, sumerian god, chose a sumerian man to build a craft and take aboard all living things he could collect... curator found tablet early 1900s, when began deciphering, realised had 'sumerian' thousands of years before the hebrew tale of noahs ark...

7 tablets of creation give details 300,000 years ago anunaki came here to find precious gold and minerals to repair their own atmosphere... ground gold into powder and shot into atmosphere to patch it up...hences its glowing gold color....anunaki had kind of glow around them, like our angels halos...anti-gravity white gooold power....giants on the earth...in bible...and sumerian representatins etc...were they 'great' and depicted large as metaphor? or literal? wouldn't they ensure they were physically stronger than their workers?

anunaki came from 12th planet nibiru...planet X...3600 year 'wanderer' and 'visitor' to our system...sumerians tale of flood...nibiru satellite hit earth, when earth still not solid, 4 billion years ago...left half earth (TIAMAT) without land mass when cooled, coalesced...asteroid belt is remains of that collision...tilted saturn and earth, sending moons of Saturn out to become neptune etc... mhr doesn't need to be nibiru or satellite of it e.g moon of it...just the electrical discharge

almost 6000 year old famous depiction of anunaki giving humans the plough, showing all planets of our solar system...accurate depiction...12th planet...calls us 7 planet, including nibiru? or including earth's moon? have heard different commentaries...we discovered pluto in 1930s...

'myths' appear to be accurate...

stone tables 'carved in stone' literally and thus more reliable than 'verbal histories' and the much later 'written down' versions of these the ancient hebrews adopted / adapted and claimed to be the original authors of...typical 'jew' much ???
n.b the 'phrygian hat' i.e cone shape ...and 'handbags'..

a 'shar' is a completed circle of 360 degrees...called the nibiru journey a 'shar' i.e 3600 years ... if jesus returns one solar day later, 3600 years on earth...

n.b appears Nibiru 'wandering planet' enters further from earth than Mars, so don't expect a 'second sun', more like a 'second mars'or maybe jupiter...unless it is as large as the sun...so would appear on OPPOSITE side of earth as sun ???

80s calculations of astronomers placed 'planet x' plotted orbits for modern 'intruder planet' that might have caused Uranus to be tilted on side, and other anomalies in planets orbits pulling on outer planets, so as yet unidentified large mass...a 10th planet...beyond pluto...Zena a chunk of ice? Nibiru is said by sumerians 4 to 8 times larger than earth...not small chunk of ice...

sumerians depicted as large glowing cross in the sky...

extra-solar planets being searched for...at solar systems edge...giant object...newspaper reports on ...

eilitical retrograde orbit...

super cooled space telescope can use infrared imaging to 'see' what not 'visible'...

sumerians blamed great flood on nibiru cracking off large ice sheets from antarctica...had gravitational effects...so next time? 4.7 billion years ago first 'visit', 3600 years cycles, so probably no problem most times..

egiigi like today's 'greys' i.e aliens...'helpers' to anunaki...medical etc workers...pilots etc...abductions today could be ongoing reporting on our genetic evolution etc...i.e we are their experiment...

The NASA logo appears to show Nibiru, approaching the last part of its 'orbit' and heading back towards earth, and the forked tongue of a lizard...possibly representing the anunaki...or at least the idea of 'speaking in forked tongues' which the American Indians used as a euphemism for saying one thing but meaning another a.k.a 'lieing'... and isn't the U.S 'seal' an anunaki holding the 'fasci' of power ??? NASA have history of 'reducing pixel count' etc e.g for the 'face'...all around you get 256 shades of grey, for face, suddenly massively reduced pixel count i.e 'resolution'...even though tech got BETTER...images of 'the face' have become so blurred ... it appears deliberate...like google earth resolution changes over 'areas bloggers identified as 'interesting'...layers placed OVER original satellited and aerial photographs to 'blur' image...
Military software used to determine if something in an image was likely natural or artificial i.e a tank hiding in a forest, gave a 98% probability the 'face' was NOT naturally occurring geological /weathering etc feature...i.e not 'natural'.

scientific method not only allows but expects newly discovered information to be assimilated and then change existing beliefs. Yet this is not happening.

“To continue teaching science that is not supported by the new discoveries—ones based upon accepted scientific methods—is not, in fact, scientific. But this is precisely what we see happening in traditional textbooks, classrooms, and mainstream media today,”

Ezekiel states that the “visions of God” carried him to a city on a very high mountain (Ezekiel 40:2); that the “spirit” of God took him up accompanied by a “great rushing” noise (Ezekiel 3:12); and that the “Glory of God” appeared out of the east with a sound “like the roar of rushing waters and the whole landscape lighted up” (Ezekiel 43:1–2). It seems plain enough that Ezekiel was attempting to describe a material object that he both saw and heard and which later even carried him into the air.

Subsequent Bible editions change the wording to “. . . I saw visions from God.” “Visions from God” implies a holy hallucination, a small but very critical departure from “visions of God” implying a tangible object for which Ezekiel has no word of description.

Middle Eastern scholar Zecharia Sitchin, whose prolific work, including the seven-volume Earth Chronicles series, provided compelling support for early alien intervention based on his translation of ancient Sumeria literature, mythology and old legends that give evidence of strange visitors—Viracocha to the Aztecs, Quetzalcoatl to the Mayans, Ptah and Ra to the Egyptians, the Anunnaki and Marduk to the Babylonians the Piri Reis map—dated from 1513—shows the precise outline of the Antarctic continent, at the time it was still free of ice, which Hapgood estimates was prior to 11,600 years ago. Yet, the Antarctic was first sighted in 1820, and only in the twentieth century was its rocky structure beneath the ice mapped by using sophisticated ground-penetrating radar. The ancient map shows the precise coastline of South America as well, which was not supposed to be known at the time.

It is clear that some group with advanced technology was active on our planet millennia ago.

ancient alien astronauts, known variously as the Anunnaki, the Shining Ones, the Nephilim—the sky gods. Those who state in their tablets that they were
“Anunnaki”—i.e. the ones who came down from Heaven/Nibiru (An) to earth (Ki)

analysis of very ancient texts, including Sumerian, biblical, and Gnostic ones—the Sumerian tablets going as far back as 5,500 years ago, predating the Bible by more than two millennia

As for the human traits of the Anunnaki, the tablets say that they used their own DNA and mixed it with that of a biped (certainly Homo erectus) in order to “fashion” a hybrid being. So they had to be a human species, even if a quasi-immortal and giant one, and even if coming from a nomad, thus alien, planet. Their actions and their terrible unchecked emotions (as described in the tablets in great detail) indeed show very human traits—both positive and negative—and are definitely in great congruence with the traits and psychological profile of the deity of the Book of Genesis, whose wrathful temper and promptitude to “punish” his “creatures” is described without ambiguity in this text described both in the Sumerian tablets and in the Book of Genesis to doubt that they both refer to our past. Among them, the creation of humanity in “our image,” the garden in Eden/Edin, the murder of Abel/Abael, the ten patriarchs/kings from Adam/Adapa to Noah, the Deluge and rescue of Noah/Ziusudia, the Babel/Babili tower/zziggurat, and, not the least, the destruction of Sodom and four other cities of the Sinai and Jordan plains. And as far as these latter events are concerned, as Hardy shows, the very detailed Sumerian tablets give us clear evidence of the use of nuclear weapons.

the tablets present us with a family of royals (issued from the nomad planet Nibiru), one of whom, Enlil, was given the titles King of Earth and Heaven and Chief of the Gods. He is the protagonist of all the events recounted in Genesis, such as the smashing of the Babel tower and the erasing of Sodom and Gomorrah.

the Serpent was the honorific title of his brother Enki, referring to his great secret knowledge, and that it is Enki who saved Noah/Ziusudra, and thus humanity, from the Deluge—whereas Enlil had schemed our utter destruction and went as far as to bully their decisionary body, the Assembly of the Gods, to go for it.

The Serpent as Symbol of Divine Wisdom and Knowledge in Gods and Heros

In the tablets, as it turns out, the serpent was Enki’s emblem and signified his wisdom and secret knowledge. This spiritual knowledge was transmitted to disciples, thus creating “wisdom lines” instead of bloodlines. We see multiple Sumerian representations of Enki accompanied by his snake symbol, and one on which he is called Buzur, the keeper and solver of secrets, the initiate. On another one, he has the body of a coiled snake and the bust of a man, and he warns Ziusudra/Noah of the coming Deluge (see fig. 1.2).

In all ancient religions, the serpent was the symbol of wisdom and spiritual knowledge, as we can surmise from the emblem of the Naga (or Royal Cobra) being the Hindu god Shiva’s emblematic ally—Shiva the yogi, the ascetic dedicated to meditation and knowledge. In some temples, especially natural ones such as sacred trees, Shiva is often represented only by stones engraved with snakes. (See color insert, plates 1, 2 and 3.) Both the Vedic/Hindu and the Tibetan Buddhist traditions hold that the Nagas were an intelligent race of semihuman snakes (with cobra bodies), possessing an extremely powerful magic of the depth of the Earth. The King or the Queen of the Nagas, independently, became the allies of the spiritual humans, the ascetics and yogis on a quest for knowledge, and taught them. This is why the King or Queen of the Nagas (the Royal Cobra), sometimes with multiple heads, guards the meditation of gods and goddesses, as well as the Buddha, by making something like a protective tree around them. And furthermore, the snake symbol represents a divine knowledge and wisdom, and is an attribute of some gods and goddesses. Thus, Isis is represented as a Naga snake (see plate 4). Shiva dances the dance of creation, his snake symbol around his neck (see plate 5). Ishtar/Inanna, the Great Minoan Goddess, Hermes, and Enki, given their quest for knowledge, and some heroes, are all accompanied with the snake symbol.

Moreover, in Hinduism, the serpent is the symbol of the energy kundalini, the psychic energy that triggers the realization of heightened states of consciousness, such as levels of samadhis, and that is in sympathetic resonance with cosmic energy (prana) and cosmic consciousness (brahman, the Tao). Thus, as with Enki and Hermes, the snake is the symbol of the heightening of consciousness in humanity. Once awakened, the kundalini energy ascends in the vertebral column and activates the psychic centers or chakras, one by one, until it reaches the higher chakras—the throat, the third eye (Ajna), and finally the head chakra or thousand-petal lotus, at which stage the yogi attains a state of oneness and fusion with cosmic consciousness. In that state of moksha or “liberation,” she reaches a full harmonization with her own Self, and through it, partakes of the bliss and knowledge of brahman.
s well as the blazon of his city Eridu both feature entwined snakes, and in numerous representations these entwined snakes are guarded by powerful entities, such as lions or eagles (see fig. 1.3).

As I have argued in DNA of the Gods, the entwined snakes in Sumer represent the DNA and the capacity for the evolution of humanity’s consciousness. Ninmah and Enki have passed the genetic engineering knowledge to Enki’s son Ningishzidda, whom we know as Hermes in Greece and Thoth in Egypt. And this is how the snakes appear in Hermes’ caduceus (entwined, as in Enki’s symbol) and in the rod of Asclepios, the god of medicine (as one serpent coiled around a rod). As the three of them were directly involved in the genetic engineering of humanity, 300,000 years ago, the snake symbolizing the DNA marks the transmission of this secret knowledge from Enki to his son Hermes. Hermes was probably a son he had with his half sister Ninmah. The love relationship between half sister and half brother was highly regarded in the Sumerian civilization, and in Egypt as well, and the offspring would systematically be the royal heir, overriding the spouse’s offspring.

The Gnostic texts feature the Serpent as the Instructor, whose higher principle or spirit (we would now say his Self) is no less than the feminine principle Wisdom/Sophia (the Holy Spirit). In the Gnostic divine realm (Pleroma) or Trinity, the first principle is The One (invisible, infinite light, self-aware), of whom the Secret Gospel of John tells us: “The One is the Invisible Spirit. It is not right to think of it as a God or as like God. It is more than just God.” The second principle is the Feminine, Sophia (Holy spirit, Thought, and Foreknowledge); the third principle (the Son) is Christ, the Anointed, Mind (noûs). The Sophia/Holy Spirit is the feminine counterpart to the Christ/Logos, both archetypes unified in a Sacred Marriage within the Trinity. The One is not a father but a Father-Mother, unified, in the sense of being all-encompassing, both female and male, beyond categories; whereas the Commander/Ruler of Earth, or Demiurge, is a far lower entity, generated by the shadow aspect of Sophia.

In the diverse texts, both the Bread (or Food) of Life and the Water of Life seem to be made out of the Tree or of its fruit, and they have miraculous properties, one being to endow immortality, the second to heal and rejuvenate (as in the tale of Alexander the Great), and finally to resuscitate the dead (as in the resuscitation of Inanna after her sister had her slain). The Tree of Life is often represented as a kind of date tree. In fact date trees and palm trees are omnipresent as sacred trees in the Sumerian depictions on cylinders, as well as in Egypt. The Muslim architecture of mosques, in Iran, often evokes natural geometries, such as palm trees or honeycomb relief. (See plates 9 and 10.) The date and palm trees were
also considered to grow in the sacred places, such as the Egyptian Duat (the After-Life).

The preparations of the Bread or Water of Life (solid and liquid forms) could be varied: by drying and then powdering the fruit’s flesh (as date cookies are made); by extracting the sap, or the fruit’s juice; or by making alcohol out of the sap or the fruit. As an example, cider is made out of fermented apples, and the strong hydromel alcohol in Brittany—the legendary alcohol of the Druids, often referred to as “hydromel of the gods”—is made out of cider and honey. As for the palm wine in Africa, it is made from the sap of a variety of palm tree and is harvested by clipping a small gourd just under where a deep cut has been made in the bark. The sap, falling slowly in the gourd, starts fermenting right inside it and in a matter of two or three days, one obtains palm alcohol ready to drink.

Additionally, we find in the Epic of Gilgamesh the mention of a Plant of Youth, when this king of Erech, two-thirds divine and one-third human, begins a quest and long journey in search of immortality. He finally gets to meet his ancestor Utnapishtim (the Ziusudra/Noah of the Deluge), who was granted immortality by Enlil and who discloses “a secret of the gods,” that is, the real story of the Deluge—how the gods had decided to keep it a secret and let humanity be erased from Earth.

the I Ching lays the foundation of a sort of holographic science; it states and explains the principles of harmonic resonance between human consciousnesses, social events, and natural systems.

We also have the mention of a ME (either a magical outfit or jewel, or a techno-magical chip driving machines)

This Book of Oracles of Enki, a divinatory system using a text, may resemble the I Ching in China—a system using a set of sixty-four hexagrams (each composed of six full or broken lines). The legend stipulates that the system of hexagrams was so ancient that it had preceded written language and had at first been engraved on tortoise shells.

I Ching lays the foundation of a sort of holographic science; it states and explains the principles of harmonic resonance between human consciousnesses, social events, and natural systems.

The Anunnaki don’t seem to have a priesthood able to communicate with personalized and autonomous higher forces—a higher god or gods—and able to receive counsels and/or commands from him/her/them. In fact, the records tell us that even the King of Heaven, Anu, when utterly confused and undecided as to what to do, resorted to drawing lots—even for the most crucial matters, such as
who is going to reign on Nibiru and who will rule on Earth. Thus, when he came to Earth on his first visit and a competition arose between his two sons for the command of Earth, he didn’t pray to a god for divine counsel, or get into meditation, or start a vision quest, or even query an oracle, or like Enlil later, choose to solve the matter through a family discussion. He drew lots and, astonishingly, put his role as King of Nibiru to the test as well. The result of this drawing of lots consolidated the existing roles of Anu (as King of Nibiru) and that of Enki as chief scientist managing the gold mining in Africa, but gave the command of Earth to Enlil. As a result, after Enki’s kingship, the colonization of Earth under Enlil spread in the two regions—Mesopotamia and Africa. Enlil, King of Command, will build his own city and temple-abode at Nippur, in what will become the land of Sumer (Mesopotamia), whereas Enki, Lord of Earth and chief scientist, is given the region of Africa (the Abzu) and will reside in and develop three provinces: first in South Africa where the gold mines are; then eastern Africa (the actual Zimbabwe or Rift Valley), where Ninmah has her bio-engineering laboratory and where the genetic engineering of humanity will happen; and finally in Egypt where, as Ptah, he will start the Egyptian civilization. The fight of the two clans, Enlilites against Enkiites, will lead to a permanent, bitter conflict and two Pyramid Wars before the last self-destructing act in the Sinai chance (stochastic outcomes) was the direct expression of the Creator-of-All, and/or of the “destinies.” This is indeed a strange claim for a people who had such a great mastery of science and technology.

Another very mysterious spiritual occurrence among the Anunnaki is precognitive visions unveiling some future events, whether or not through a dream. Enlil is thus said to have had a precognitive dream warning him of the impending disaster that was going to befall Sumer—the radioactive cloud. Could it be the reason why he had left Sumer and his beloved abode-temple at Nippur, the Ekur, long before those events, and why he came back just for a short loving time with his wife, whom he remembered to take with him when he left again—thanks to his High Priest. Let’s also mention the precognitive nightmare that Dumuzi had after he raped his young sister; the events thereafter dramatically unfolded as he had seen them.

Another such precognitive vision implicated a mysterious entity who named himself Galzu and was considered afterward a divine intervention or emissary. Galzu (who is hardly ever mentioned otherwise) is said to have appeared in a vision to Enki to advise him to save a family of earthlings—that of Ziusudra/Noah—from the coming Deluge. Enki thought he had a dream in which Galzu was talking to him and at the end gave him a tablet on which was engraved
the plans of a submersible (with great detail about materials, proportions, shapes, etc.) that Ziusudra was to construct in order to survive the Deluge. But after the dream-vision stopped, Enki realized that the tablet was in his room.

The same Galzu had appeared before in the reduced council they held between Enki, Enlil, and a few major gods, to decide what to do about the coming catastrophe. On this occasion, Galzu, uninvited and claiming to be Anu’s envoy, gave them (unchecked) information that biased their judgments in favor of staying in orbit around Earth during the Deluge, and this is what they decided to do. However, Anu later declared that he had not sent any envoy. So what was the unchecked information? That the Anunnaki going back to Nibiru after a long stay on Earth couldn’t readapt, were falling sick, and finally died

the lineage of Adam and Eve through Seth wasn’t the only one—Cain’s lineage developed in a faraway region, which Sitchin puts in Mesoamerica, where he would, with his clan, have survived the Deluge.)

the use of incantations, that is, of repeated mantras, divine sounds, or magical formula. One of the rare mentions of its use is when Ninmah “fashions” Adamu, and then the clones of Adamu and Tiamat. While engaging in the genetic engineering, she is first ushered into her role and the necessary state of consciousness by the supporting words of Enki and then she herself uses incantations. Enki also backs her with his own magical incantations.

that video of the Rabbi seems too good to be true in terms of someone openly stating what 'outsiders' can only deduce, and be ridiculed for 'concluding', based on the available info...so easy for 'jew world order' to claim it is absurd / irrational / based on malice / hatred / envy and NOT on the actual texts the jew world order evolved from, is an extension of...and we can reasonably assume, and this Rabbi states openly, are still the active core ... as a cult belief system / control system...claiming to be about 'ethics' and 'morals' and 'divine inspiration', but from the start displaying a psychotic, genocidal, power obsession ... sense of entitlement that NO one dare challenge...at the threat of total destruction of their entire people .. not just personal...idea of 'corporate guilt' not just great control mechanism 'better punish them because you will pay for their sins if you don't, can't let them behave other than the masters dictate, or god will punish YOU'...for the cult members...but also to allow a wholesale / generalised concept of 'Amalek' to be imposed on ALL who resist the cult leaders ambitions to rule the world...sounds like a comic strip character / pinky and the brain, until you get a Rabbi openly stating it...easy to suspect some ulterior motive at work...so obvious...they WANT us to notice...WANT us to feel threatened, so we will investigate, and so the paranoid fantasies cult members conditioned with from birth can be 'activated' i.e 'justified' / 'proven' in their infantile closed mind and closed loops of 'reasoning'...OR that it is someone pretending, like the Obama not born in U.S scam...or just a 'true believer' with nothing to hide...why hide the fact if you are so convinced it is 'God's will? You plan to kill every man, woman, child, and animal of anyone who stands in the way of your cult, cos god commands it...and it is inevitable...what's to hide? if you are totally brainwashed cult member who really 'believes' this...and you KNOW that people from your cult ARE in control, on the verge of total absolute control of everyone and everything...clearly capable at any moment of wiping out any opposition, with nukes, financial crises, weather manipulation, biological warfare, EMT pulse weapons...etc etc ??? your 'adversaries' end up spending decades in jail,
losing their jobs / careers / families / livelihoods / income etc... why hide what you believe? who is going to hold you to account? actually you WANT to provoke violence / frustration / anger ... so you can use all the power you have accumulated to bring in total martial law etc... and your 'jew world order'... even if you fully realise it means slaughtering 6 million cult members... they will get their reward in some 'heaven', won't they? and life is short anyway, so what is there to lose? the jewtopian vision is so perfect, who would NOT want to be the cult member of the cult that rules the world? by divine right? with slaves? sex slaves? the easy life ??? so ANY means would appear to justify the realisation of these wonderful ends, wouldn't they? especially to a totally braindead zombie cult member or leader??

The metaphor is of course fully applicable to human learning skills. One style of relationship, the friendly and challenging one, is literally coaching the development of intelligence and spirituality in kids, and it provides further incentives to creativity through supporting and complimentary feedback. The opposite type, the strict relational style, the one commanding and willing to be obeyed as strictly as possible, triggers the progressive shrinking and contraction of the kids’ intelligent strategies and processes in order to only conform to the father/master’s expectations and receive his strict and scarce approbation. The despotic father’s swiftness to punish any deviation from his orders makes it even worse and would lead kids to develop a syndrome of self-helplessness, especially if the overreaction of this father renders the punishments disproportionate, and therefore hardly related logically to the supposed “fault.” If the kid has great difficulty figuring the reasons of past faults and thus predicting what could be deemed a new fault, and knows that nevertheless this fault will have fatal consequences, it will raise in the young mind the feeling of a totally unjust and unpredictable father/master, dangerous and fearsome because he can neither be approached (by an intimate kind of discussion), nor tamed in a relationship, nor propitiated in a safe and consistent way. The tablets give us a good example.

When the two young adolescents, Aabael and Ka’in, happy to have done a good job that should please their lord Enlil—one with growing grains and vegetables and the other one with livestock—come to him and offer him the product of their long and hard labor, one is overly complimented while the other one is hardly given a glance. This totally unjust parental behavior leads the frustrated adolescent to such despair and sense of uselessness that (beyond now being unable to ever put himself to the task) he becomes violently angry and jealous, and finally kills his brother Abel. Now, whose fault is it?

But we should not remain only at this level of psychological and moral critique, because the issue is immensely wider and more global. It becomes a spiritual and moral problem of the first order when the father/master is a god, supposedly omniscient and all-knowing and, above all, one having the very real
power of life and death over his creatures. Especially one giving himself the right to accurse for forty-nine generations the protagonist of the above-mentioned murder, or to accurse women and humanity at large to the end of time for a disobedience to his orders. I have made an in-depth critical analysis of the key concepts implied in the “Sin and Fault interpretation” of the garden of Eden events in DNA of the Gods, such as disobedience judged a mortal sin and the self-righteousness claimed by the despotic deity while inflicting dire punishment to such flawed earthlings. We will see immensely more damaging effects of this tyrannical autocratic mindset later on in this book.

The more global problem is this one: A parent is supposed to nurture and prod the affective, intellectual, and spiritual development of their children. They are not supposed to have children to only serve them and please them, to tend their garden and do their chores, and to top it off, praise them daily.

Moses in Deuteronomy: “If a man have [sic] a stubborn and rebellious son . . . all the men of his city shall stone him with stones, that he die; so shalt you put evil away from among you.”

MHR Moses massacred thousands of his ‘mixed multitude’ of followers immediately after pronouncing 'thou shalt not kill' ... cult mentality pure...the price of non-conformity is a terrible death...and the parents should be the ones to report on their own children, and bring them to be stoned...how 'jewish' can you get...like the 'spitze' in East Germany and 'spy' of the Jew.S.S.R...all consistent with the same cult of judaism that is in power right NOW...

Greven judges that “it remains one of the most profoundly disturbing examples of Jehovah’s willingness to destroy human life in order to assure himself of the unquestioning and absolute obedience of his subjects”

As Carl Jung makes us aware of it in Answer to Job, we have, as humanity—starting with Job realizing that his Lord is an unjust, jealous, and uncaring God—definitely developed higher standards of ethics regarding human rights, minority rights, children’s and women’s rights!

It is time, for all of us, to assess with a clear mind the kind of “divine” persona and value systems that were upheld for us to honor and emulate with blind obedience, and whose horrendous deeds, skewing our psyches, were supposedly recounted for our moral and spiritual benefit.

MHR further support for my 'religion as slavery' thesis...

The MEs, often translated or referred to as “formulas,” give their possessor the knowledge and the power over a domain (be it scientific, technological, or a kingly realm). As we have seen, the MEs are still very mysterious, and the best knowledge we can gather about them is when a temple or a facility is robbed or
defiled; the texts give us the names of the robbed MEs and describe as well the effects produced by their removal—generally lack of power, machines stopping, etc. Often, the only information comes from their names.

We learn a lot when Inanna makes a visit to Enki with a plan to get hold of some MEs. Despite being only the second among the gods on Earth, Enki is nevertheless the prominent possessor and keeper of MEs. He must have had an immense collection of them—given that he will give no less than ninety of them to Inanna, and yet he doesn’t seem to be greatly deprived afterward.

Any temple-abode of a god and any major facility of the Sumerians, especially the five sacred places directing all space operations and all administrative organization, had its own god to govern it and its own MEs to operate it. The two Ekur (the first one in Nippur and the postdiluvial one in Giza) were lush with MEs and the state-of-the-art technology based on crystals and stones. A clear example of the technological function of the MEs is when Zu robbed the Tablet of Destinies in the Dirga room of Enlil’s temple in Nippur: it had drastic effects on the space station, where the Igigi were suddenly blinded, unable to operate their machines. Enlil’s temple abode in Nippur was the antediluvian Mission Control Center of the Anunnaki, and housed two high-technology complexes set in two rooms, the Dirga (containing the Duranki and the Tablet of Destinies) and the Kiur. The first, the Dir.Ga (“Dark, Glowing Chamber”) was set on the platform of a tower, and was “a secret chamber . . . where space charts (the emblems of the stars) were displayed and where the Dur.An.Ki (Bond Heaven-Earth) was maintained” (Wars, 88). Now, the high-technology MEs in use in this Dirga room are impressive: a “Lifted eye which scans the land”; a “Lifted Beam which penetrates all” (“which searches the heart of all the land”); a vast net stretching out like an arm. Thus are clearly described radars and lasers able to scan not only the ground and movements in space, but also the underground, the latter a quite recent technological feat for us. The Tablet of Destinies, as described in the Hymn to Enlil the All-Beneficent, was thus some type of computer and program with its data sets, managing a permanent scan of the sky and control of the spaceships. The second room, the Ki.Ur (“Place of Earth’s Root”), was described as a “heavenward tall pillar, reaching to the sky” that enabled Enlil “to pronounce his word” so that his parole does “approach heaven.” With the Kiur, we see, neatly described, a sophisticated communication system between Earth and Nibiru, with an antenna in the tower. Last but not least, just as all other great gods had their own plane (bird) or helicopter (whirling-bird) on the roof of their temples, Enlil, says Sitchin, had a renown “fast-stepping Bird, a ‘bird’ whose ‘hand’ the wicked and the evil could not escape”; in other words, a “fast-stepping Bird whose grasp no one could escape” (12th, 295). This can only suggest, on Enlil’s craft, a ray able to lock in on targets. As for the Anunnaki’s interplanetary spacecrafts and rockets (shems),
they were in the spaceports—the antediluvian one at Sippar, then the postdiluvial ones in Baalbek and the Sinai.

The technological power of some MEs is made clear by the description of their effects in The Myth of Zu. Now, if you remember, Anu had come to Earth, on his first visit, with his heir Enlil and with the grandson of the deposed and exiled King Alalu, Kumarbi, whom he left in the space station with the Igigi. At one point the Igigi wanted to obtain some property on Earth where they could go and rest, and they sent Zu as their ambassador to Enlil, who, to stall the negotiation, offered to Zu to be an assistant in the Durga. On the first occasion he was left alone, Zu stole the Tablet of Destinies. Now the immediate effects of the removal of this ME from the Dirga room are bewildering: “Suspended were the divine formulas; The lighted brightness petered out; Silence prevailed. In space, the Igigi were confounded; The sanctuary’s brilliance was taken off.”

Zu immediately claims that, with the power of the ME, “I will establish my throne, be master of the Heavenly Decrees; The Igigi in their space I will command!” Even while in fierce battle against Ninurta—Enlil’s Warrior and Chief of the Armies—Zu boasts: “I have carried off all Authority; The decrees of the gods I [now] direct!” (Wars, 97).

The text states that this was no illusion: “with the powers Zu had obtained, no lightning bolt could ‘approach his body.’” When Zu retreated to a mountain, “None dared track Zu to the distant mountain for he was now as powerful as Enlil, having also stolen the ‘Brilliance’ of Enlil; ‘and he who opposes him shall become as clay . . . at his Brilliance the gods waste away’” (Wars, 97). This specific ME, the Brilliance, is described as the “Enlilship” of Enlil—that is, his role as Commander of Earth. Ninurta will have to get new and powerful armament from his father Enlil, and only then will he defeat Zu.

What these task-oriented computers do is quite easy for us to understand, that is, as far as technology and science go. What’s puzzling and indecipherable are signs that the Anunnaki science is an integral science and that the MEs seem to be crafted, each one, in only a unique version, so that the role and power, such as the Enlilship, is attached to it, and whoever owns it controls the function of king, queen, or else is the master of that specific domain.

Rituals and prayers offered to a god or gods of the Anunnaki. They have a concept of a Creator-of-All, but no temples and rituals dedicated to him. The only temples they build are their own abodes.

We don’t see either global philosophical, moral, or religious concepts such as a greater good (the Greek philosophers), or the concept of oneness or cosmic
consciousness (Tao or brahman of the Eastern religions, Plotinus); nor the belief in a higher deity, king of the gods (the Great-Grandfather of the Native Americans, the Eagle of Mexican Yaqui Indians, Amma for the Dogons of Africa); nor even the philosophical and moral concepts derived from a spiritual outlook, such as a striving for moral values (all religions).

Apart from one exception, we don’t see a deference toward teachers and places of learning—as the Greek philosophers’ agora, or the Eastern sages’ ashrams where they taught techniques for achieving inner knowledge, such as meditation, prayer, yoga, trance. The only group of this kind in Sumer is that of the Sages of Eridu, who had attained an immense knowledge of all the sciences of their time and had established a renowned academy in Enki’s city. The Anunnaki royals (mainly Enki, Ninmah, and the Enkiites, Enki’s family) teach their own children

It is only after “civilized humanity” (Homo sapiens sapiens) has proliferated and kings and priesthood lines have been established, that the Great Anunnaki ask earthlings to treat them as gods. This trend started with Enlil demanding to be obeyed as the sole Lord of Edin by Adamu and Tiamat, whereas all decisions among Anunnaki in Sumer were made via a vote within the Assembly of the Gods, most members being the royals. Thereafter, several royals will have their own temple and be worshipped there by the local population of their own city or territory. With time passing, a greater projection of loftiness, of omniscience, wisdom, and justice, was progressively made, while the planet “Heaven/An” and its king became more and more distant from the earthlings. And the continued projection was also amplifying the absolute and extreme nature of the qualities thus projected and aggregated in one persona. The master-lord who is served and obeyed, for which one works, becomes the all-powerful god (which, as an autocratic leader pronouncing inflexible decrees above and beyond the Assembly, he somehow was), who has to be praised and propitiated by offerings in order to tame his well-known wrathful and lethal temper.

MHR SO ARE THE ANNUNAKI THE CORE LEADERSHIP OF THE CULT OF JUDAISM AND THE ‘JEW’ WORLD ORDER?

On their own original world, Nibiru, the king was the supreme lord and we don’t have traces of organized religion—apart from the very abstract Creator-of-All who is not venerated through prayers and rituals, and has no temple. However, our actual knowledge of the Anunnaki reflects only the data and the tablets we have unearthed so far. True, Zecharia Sitchin’s comprehensive synthesis, together with the many new discoveries made in the last few decades, definitely made a huge difference, and we can only wait for more discoveries. Yet, for now, we don’t really have a perfect grasp of what was happening on Nibiru. A thorny issue is this one: Could they really have created a religion and rituals out of
nothing? We know that on the occasion of a great and celebrated visit of Anu and his wife Antu on Earth around 4000 BCE, an Assembly of the Gods was convened. The Epic of Etana recounts how they judged that they were too powerful and "too lofty" to keep interacting face-to-face with earthlings:

The great Anunnaki who decree the fate sat exchanging their counsels regarding the land. They who created the four regions, who set up the settlements, who oversaw the land [decided that they] were too lofty for Mankind.

They decided to "lower kingship from Heaven to Earth," that is, to have intermediaries, kings or Mighty Men (Lugal), between themselves the Gods (the Elu in Akkadian, or Lofty Ones) and mankind, who would be both kings and priests. (Funnily, Elu in French means "the chosen one," like Neo in The Matrix.) This is how the kingship was established on Earth for the second time, long after Ninmah had made of Adapa and his half-sister Titi (both fathered by Enki) and their descent a lineage of ten kings and queens in her city Shuruppak, well before the Deluge. Yet, if the Genesis account speaks of the ten antediluvian patriarchs, the queens and consorts have been generally reduced to mere "wives."

the text implies clearly that the Great Anunnaki (the ones conferring in the Assembly) decided that they wanted to be treated as gods and venerated, and that they would, from now on, keep their distance from Earth-humans. And to still be able to pass on their commands, they now needed intermediaries—human kings and queens. That seems (in my view) to have been the time when they created the concept of "lofty lord" which is, by the way, the only term used in the tablets despite the fact it is translated systematically as god. If we look at things from the Anunnaki's own standpoint, and at the psychological level, the "lowering of kingship from Heaven" consisted more of their ascension from the rank of Lords to that of Lofty Lords/Gods who had to be venerated, than of a gift of self-organization offered to humanity. This is made clear by the fact that (1) they were the ones to choose the kings, and (2) the kings were taking their orders from them and whenever one of them tried to play his own game, he was removed or slain

This was, for example, the fateful case with Shulgi, King of Ur during the Ur III period. His father Ur-Nammu, following the orders of Enlil, the Chief of the Gods, and his two sons Nannar/Sin (the Deity of Ur) and Ninurta (Chief of Enlil's armies), had waged wars of conquest against the "evil cities" of the Amorites, followers of Marduk, to the west of Sumer. But Ur-Nammu died while championing Enlil's war, despite the formidable weapon that Enlil had given him to "destroy the evil cities and clear them of opposition," which was a "divine weapon that heaps up the rebels in piles"
Enlil and the Enlilites, including his granddaughter Inanna, are waging wars with terrifying weapons of mass destruction on their own kin. This is something we never see with Enki and Ninmah who, on the contrary, are always acting as protectors and teachers of the Anunnaki and the earthlings as well, and we only see this in rare instances with Marduk. Among the Enkiites, as we’ll see, only one son of Enki, the neurotic exterminator Nergal, displays such tyrannical and perverse tendencies.

We know from several tablets that the people of Sumer resented deeply that the mightiest Lofty God, Enlil, had let the hero battling for him die. It was for them inconceivable that the gods were so powerless as to be unable to make their champion invulnerable, or else to revive him. They knew the gods had powerful revival means; for example, Enki sent an emissary to revive Inanna after she had been murdered by her sister Ereshkigal at the southern tip of the Abzu (Africa), and pronounced dead (he didn’t even need to do the reviving himself). Similarly, Hermes/Ningishzidda came to the rescue of Horus mortally bitten by a scorpion during his fight against Seth, the murderer of his father Osiris. Of course, that spells the ethics and skills of the Enkiites, even when an Enlilite such as Inanna was concerned.

In the minds of the people of Enlil’s cities, Enlil had simply neglected to protect and revive his chosen king, Ur-Nammu. An interesting point about the Sumerian Earth-born population is that we see over and over again in the tablets that they didn’t fear at all to hold the Lofty Lords responsible for grave shortcomings and to express their criticism of some of the gods’ behaviors and acts, even when it concerned the god of their own city, whom they were supposed to venerate and obey blindly. We’ll see a full-fledged condemnation and attribution of responsibility to the Chief of the Gods and Commander of Earth, Enlil, as well as to Ninurta and Nergal, for the destruction of the civilization of Sumer by contaminated radioactive clouds, deemed no less than the “bitter venom of the gods.” Thus the Khedorlaomer Texts state,

Enlil, who sat enthroned in loftiness was consumed with anger. The devastators again suggested evil; He who scorches with fire [Ishum/Ninurta] and he of the evil wind [Erra/Nergal] together performed their evil. (Wars, 330)

This is for us the trigger for grasping how much of a difference there is between cohabiting with the Lord-God of a city and thus witnessing his/her actions on a daily basis—that is, with minimal possibility of concealing and covering up the facts of wars, punishments, and devastation—and the situation in which the Lord is so remote, beyond human, and ethereal that all responsibility for what is “evil” and “wrong,” all shortcomings and hardships, are attributed to the feeble and disobedient mortals. The story of Shulgi, son and heir of the hero who died for his Lord-God, is illuminating in this respect. Let’s get back to it.
After his father’s death, Shulgi was enthroned, by decree of Enlil and the major gods of Enlil’s clan. He decided to unify the lands relying on trade instead of war—the sign of a high morality, intelligence, and benevolence. And indeed, he ushered an era of great prosperity in which the merchants of Ur became renowned in the whole Middle East and even beyond. He also had the amorous favors of Inanna. But meanwhile Marduk and his son Nabu were gaining followers in cities in Canaan. And Enlil and the main governing gods were not satisfied; what they were feverishly intent on doing was to checkmate the growing peaceful influence of Marduk and they wanted to do that through wars—that is, to slaughter the “sinful” followers and destroy their cities. And so they decided, abruptly, that Shulgi was to be removed. But to only remove the king was not satisfying enough for the Enlilites; judging that “the divine regulations he did not carry out,” he was sentenced to “the death of a sinner” (Days, 65). And sure enough, he died that same year (2048 BCE), albeit we have little information about how he was slain. (The Inquisition did not invent its tortuous and macabre ways to judge that any divergent thinking or faith was evil, erring, and sinful, and to exterminate its enemies.) It is the same relentless and burning desire to crush Marduk and Nabu that led the Enlilites, twenty-four years later, to unleash the nuclear catastrophe and destroy their own civilization. Letting King Ur-Nammu die during the war he fought for his gods (no “craftsman of the gods” was called to help him or revive him), getting rid of the peaceful King Shulgi by sentencing him to a horrendous death—that’s as far as an autocratic power can go to let everybody know that the kings were just the puppets of the gods and that the so-called lowering of governance “from Heaven to Earth” was still a long way ahead.

Dumuzi is trying to get a male heir from his half sister (who would then reign as king over both the Enlilites and the Enkiites), while he and Inanna are engaged and madly in love; the plan was partly hers in fact. First Dumuzi tricked her sister into accepting a picnic together alone—

Inanna arrived at the gate of her sister’s abode in the Abzu, the latter’s intention to strip her of her MEs (that she carried in her sacred ornaments and clothing) and to arrange a mock trial and kill her, she would have turned back immediately at the gate—while she still had an immense power and her plane (celestial boat) at hand. This event happened, of course, before she became the “Lady of the MEs, Queen Brightly resplendent; Righteous, clothed in Radiance,” the Chief of the Gods and now endowed with the most powerful MEs.

Dumuzi’s nightmare after he raped his sister when she refused to have intercourse. Yet, he couldn’t interpret it correctly, and it is his sister who did, sending him fleeing. She predicted from the dream that their elder brother Marduk would come rescue her and would accuse Dumuzi of rape—a very serious offence among Anunnaki, punished by exile. As he flees, Dumuzi indeed
sees Marduk’s emissaries pursuing him, and he will finally drown in a river, very probably by accident.

Enki. A mysterious Galzu, claiming to be a messenger of Anu, appeared while he was sleeping, to warn him of the looming Deluge and to give him a tablet with a plan to save Ziusudra/Noah. Enki believes he had a dream-vision, but the disturbing detail is that on awakening he finds the tablet depicting how to build a sort of submarine.

Enki, in order to divert the responsibility of saving mankind and Ziusudra (against the clear orders of Enlil) by invoking a higher sacred force. This is in line with his mise-en-scène in Ziusudra’s reed house—when he is “talking to the reed wall” and supposedly not to Ziusudra himself, to warn him of the coming Deluge and give him the plan of the submersible boat. Thus, he is not infringing—strictly speaking—on the oath Enlil forced him and all the other gods to take, which was to not let mankind know of the impending catastrophe.

Alalu (the ancient King of Nibiru overthrown by Anu) fled in his rocket ship after being defeated. He came to Earth and found the gold that could save Nibiru, as well as his own life (in the deal to buy his safe return to Nibiru).

Then remains the issue of the oracles, of which we have seen some instances in the lives of Anunnaki themselves, such as the Book of Oracles of Enki, a divinatory system. We also have the Oracle in Hatti-Land (a person giving predictions, such as the famous Oracle of Delphi) whom Marduk consulted (and whose prediction became true) and about whom we have no detail (was he/she an earthling, a demigod, or an Anunnaki?).

The complex problem is that these capacities, together with the gift of direct prophecy, will be exhibited by numerous earthlings, such as the great women oracles in Greece (Delphi and Dodona) and the prophets of the Old Testament, such as Jeremiah or Ezekiel, endowed with prophecy and visions. And many predictions of these oracles have been duly recorded, and were proven later to have been real instances of precognition. The first such instance of psi is with Eve, the mother of Cain and Abel, who had a clairvoyant vision of her son being murdered by his brother; she rushed to the spot, only to find that Abel had already died.

However, the fact that earthlings will exhibit psi capacities doesn’t establish that the Anunnaki had them and that they were transmitted to us through them. Even if we have inherited the DNA of the Anunnaki royals, making most of our genetic makeup, these psi capacities could reflect a leap in consciousness or mutations triggered by the mixing and binding of two genomes, or triggered by the fact that our own DNA became more flexible and adaptable, more prone to
mutations and evolution. Nevertheless, it is now proven that our rate of random mutation in the hominid/human species (which has been calculated) will never be at the level that Darwin’s theory of evolution through chance mutations would necessitate to explain our extremely rapid evolution.

an extant and resilient philosophical tradition that exists in the East, both in the concept of Tao (of the Chinese Taoists) and in the concept of brahman and purusha (of the Advaita Vedanta of India). It posits a spiritual force (albeit not personalized), a cosmic consciousness driving evolution toward a higher spiritual state for all beings—including not only animals, but the whole of nature, since mountains and trees, for example, share in this penetrating cosmic consciousness. This cosmic consciousness is so keen and advanced that it is able to orient and guide the spiritual evolution of each and every human being on a spiritual quest. And yet it is nonpersonalized, and the only veneration offered to this cosmic consciousness is the intent and focus at harmonizing one’s spirit with it and, thus, at reaching for oneself and one’s community, a higher consciousness in harmony with the universe.

In the East, this tradition entails (as a first step), to reach a non-ego stance, a detachment from earthly pleasures and very high ethics (such as the respect for life and the respect for the paths of others) that we would be hard put to find in the Anunnaki.

WITH WHAT WE HAVE GATHERED about the Anunnaki and the Sumerian tablets depicting so many similar events to the Genesis text, albeit in a more detailed fashion, it is now impossible not to consider the Sumerian Anunnaki’s involvement in our origins. And these Anunnaki clearly stated that they had come from another world and that, later on, they fashioned the human Earth-born species by genetic engineering. Moreover, we have to accept the evidence that the original Sumerian tablets (translated word for word in about six different ancient languages, including Akkadian, mother tongue of the Hebrew) are definitely the source of the Genesis book.

the present historical trend is to date the writing of the early biblical texts to the period of the captivity in Babylon, following the destruction of the Temple in Jerusalem by Nebuchadnezzar in 586 BCE, and that would have provided the Israelite scholars with access to the (ancient) library of the very knowledgeable Marduk and of Babylon’s lineage of kings, certainly a plentiful one in terms of ancient Sumerian tablets, cylinders, and other such lore. According to the anthropologist Carol Delaney, more conventional scholars disagree (as she does herself) and set the two oldest strands or sources in Genesis prior to the Assyrians destroying Israel in 722 BCE; the J (Yahweh) strand’s authorship would happen around 922 and 722 BCE, and the second, the E (Elohim) strand around 848 and 722 BCE (Delaney 1998, 131, n4). This last dating thus makes a clear distinction
between the sentences having the Elohim (the gods plural) as subjects, and those attributed to the Deity Y. singular

there are two distinct semantic fields interwoven in the Genesis text, reflecting values, worldviews, beliefs, behaviors, and dogmas that are totally distinct and pertaining to widely different cultures and epochs. One is clearly in accord with the ancient Sumerian tablets and states facts and events in an informational, detailed manner, without judging. I called it the Informational Framework (or IF). The second semantic style is loaded with moral judgments and is intent on attributing responsibility to the earthlings, while defending what is deemed the “just” and “righteous” wrath of the deity—thus giving plausible reasons for the punishments he imposes on them. I called it the Moralistic Framework (or MF). Further on, we will analyze other texts (such as that of the Babel tower) in such a manner: everything gets clarified once we have thus separated the two distinct semantic fields or layers of the text, pertaining to two different persons and cultures. Moreover, the story of Lot will reveal yet another thinker/narrator harboring a similar Moralistic Framework worldview, albeit with such a distinct psychological profile and “teaching” style that I will be led to call him Narrator 3. Thus, we have to consider a third scenario:

Type 3: There had been a first version in accord with the Sumerian tablets, and much later on, an editing of this text by a priest belonging to a faith ensconced in a strict moralistic worldview. Additional editors/narrators of a much more recent period of history could then have wrought an editing of some texts or could have inserted new texts

What we see in the Book is the depiction of a male god with martial psychological traits, bent on giving commands and punishments, prone to anger, and whose interlocutors are selectively male, apart from rare instances. We see a unique and lonely god—without spouse, family, or descendants. One who doesn’t seem to reside on Earth but in “heaven,” and appears definitely more and more immaterial—without a body or needs—immortal, omniscient, and omnipotent. He stands as far as can be from the feeble humans, his creatures. However, that had not always been the case, even in the Book. For example he was attracted by the smell of roasted meat when Noah made an offering on Mount Ararat when the diluvial flood started to recede, and he accepted a princely meal offered by Abraham on the way to erasing Sodom.

As some biblical experts noted, a repeated allusion to the fact that he is not the only god comes from (1) his insistence in saying he is the one and unique God, (2) when he warns his people not to follow other gods, and of course (3) the many times the plural Elohim (Lords-Gods) is used, in sentences where it can’t be a royal we.
Also noteworthy are two instances in the Book in which a clear, pinpoint reference to other gods and his son is made. In Proverbs: “Who has ascended up to Heaven and descended too? . . . What is his name, and what is his son’s name—if thou can tell?” (30:4, my emphasis); and in Psalms 97:9, “For Thou, O Yahweh, art supreme over the whole Earth; most supreme art Thou over all the Elohim.”

Thus, about the Commandments handed to Moses, says Sitchin (Encounters, 298):

The first three Commandments established monotheism, proclaimed Yahweh as the Elohim of Israel, the sole God, and prohibited the making of idols and their worship:

I. I am Yahweh, thy Elohim . . .

II. Thou shalt have no other Elohim beside me.

One thing is sure, the ancient patriarchs such as Abraham and Moses were communicating with him and receiving his commands, and he was supervising them quite closely. Abraham had a face-to-face contact consisting of a guest’s meal offered in his tent, which lasted all afternoon (in 2024 BCE).

Abram (still with his Sumerian name at the time), just the day before the Deity destroys Sodom and five towns of the Sinai plain, as well as the spaceport, sees “three men” arriving at the door of his tent, whom he recognizes immediately as being divine—his Lord and two emissaries (Hebrew name: Malakhim) (Wars, 310).

[Abram] was sitting at the entrance of the tent, in the heat of the day. And he lifted his eyes and looked, and behold—three men were stationed upon him; and as he saw them he ran from the entrance of the tent toward them, and bowed to the ground. [My emphasis.]

Abram then addresses them as “my lords” and pleads with them to accept his offer of a princely banquet worthy of his honorable guests. The three visitors eat with Abram and then rest for the whole afternoon, and they leave Abram’s tent at dusk: “And the men rose up from there to survey over upon Sodom” (my emphasis).

In contrast, (as we see in Deuteronomy 4:11–15) with Moses on Mount Sinai, after the flight from Egypt (1433 BCE), the Deity will not want to show his face nor anything that could reveal his human nature (“you” and “ye” refer to Moses, and emphasis is mine):
The Mount was engulfed with fire reaching unto the midst of heaven, and [there was] a dark cloud and thick fog. And Yahweh spoke unto you from inside the fire; ye heard the sound of the words, but the likeness of a visage ye saw not—only a voice was heard.

When Moses asks “Show me thy Face!” the Deity answers:

Thou canst not see my face, for no Man can see Me and live.

And when Moses insists “Please show me thy glory!”

Go and stand there upon the rock . . . I will cover thee with my hand until I have passed by; and I will then remove my hand, and you shall see my back; but my face shall not be seen.

Yet, the fact the deity is conscious of his effect on people is a self-admission: Y. “said unto Moses: ‘Behold, I shall be coming unto thee in a thick cloud, enabling the people to hear when I speak with thee, so that in thee too they shall have faith’” (Encounters, 297). Nevertheless the Deity decided that he would be an unseen God, having no face (especially human) and only a silhouette. It seems nevertheless that only later exegesis forbade to represent or conceptualize the deity as having a body—and thus any “likeness” to his creatures was withheld. This is in dire antinomy with the creation of man, as the Elohim of the Book stated their intent: “Let us make the Adam in our image, after our likeness.”

“The divine originator of human life, who in the Sumerian story was the goddess Ninhursag [Ninmah], is now Yahweh, Father-God and Lord” (185). Lerner points out that predominant among these Great Goddesses was Asherah, the fertility goddess, whose symbol was a stylized tree (such as the Tree of Life), and whose “cult, which was popular in Israel during the patriarchal period, took place in groves of trees” (195). André Lemaire thus devoted an article to the question, called “Who or What Was Yahweh’s Asherah?” And yet we know how Y. will mercilessly crush and suppress whoever is still honoring the Great Goddess, whose cult represented, by all logic, a reenactment of the Act of Creation by Ninmah (because of Asherah’s symbol of a tree) through his own godly wife Asherah.

In the same vein, as Elaine Pagels states it in The Gnostic Gospels (37), quoting the texts discovered in Nag-Hammadi, the demiurge “reigns as king and lord” but is “not God” (in the sense that he is not ethereal)—just a human king, as Enlil is the Commander of Earth. The Gnostic demiurge is full of pride and autocratic, prone to forget that he has a mother of a higher spiritual status, called Wisdom (Sophia in Greek). In one text, he boasts and exclaims:
“I am father, and God, and above me there is no one.” But his mother, hearing him speak thus, cried out against him, “Do not lie, Iabaldaoth.” (Irenaeus, Adversus Haereses, 1.30.6

We cannot pretend either that we were such low creatures, compared to him, that he gave us only what we could understand—because then, why give us a historical account? And why would he sit in Abe’s tent and share a meal and an afternoon with him? Why would Enki relentlessly teach humans? Even Anu invested Adapa with knowledge! And also, not only Noah, but also Enoch, were chosen by Enlil and Anu to reside in the Gods’ sacred abode and given immortality.

by pretending he was the sole and unique god—while being a definite male figure, born of a woman’s womb and married, with a beard and martial temper, eating and resting—he was in consequence and de facto encroaching on the rights of his family.

He was withdrawing his spouse from the seat of command, thus depriving her of her social rights (according to the Sumerian laws and customs, where a couple was always reigning over a city). And indeed, we know that Enlil, before the nuking of Palestine, had abandoned his wife, the goddess Ninlil, for a long span of time—thus prefiguring his forceful erasing of the Great Goddess Asherah from any oral or written account.

By never mentioning his mother, he erased her memory from the minds of “his people.” Furthermore, he went as far as destroying his own city Jerusalem when the dwellers (who were now his “possession”) still honored a mother-goddess.

He did the same for his first lover—his full sister Ninmah, also called Goddess (Nin) of Life (Ti), Ninti, mother of his firstborn Ninurta, his Chief Warrior—and for his probable concubines, as was the Anunnaki custom, transferred to the patriarchs. Thus Ninti, who got this name after she created the first men and women, is definitely the “Life” of the Gnostic texts.

Consequently, he deprived his own children of any recognition by his “Chosen People”—especially his legal heir Nannar. This will lead to the obliteration of the family of the deity of the Book, and of the Anunnaki “who came down to Earth” by the three religions of the Book.

Now there was an even heavier consequence—one that was going to be the most damaging for the Earth-human collective psyche: it was the total blackout on the information that the Anunnaki were a race of humans and not the immaterial and ethereal beings they became (the deity of the Book and his angels), thus alleviated from all their human traits and shortcomings. The fact
that it was a deliberate withholding of information on the part of the Deity in the first place—and not only on the part of the editors or narrators of the Book—is made clear by the drastic change in this respect, as we saw, from the time of Abraham being visited by his lord at his encampment in the desert, to the time of Moses on the Sinai only six hundred years later.

The Inquisition’s cruel modes of oppression and appalling torture to render the populations subservient, as well as its too obvious tactics to confiscate the sinners’ riches, were not only used vehemently in Europe (especially Spain, France, and Germany), but in the Spanish colonies (Mexico, Peru, Colombia) and Portuguese colonies (Goa, Brazil, Angola, Guinea).

Christ was definitely a force of love and compassion. How the worst crimes against humanity were accomplished in the name of the God of Love is difficult to fathom—not only wars but genocides of whole people and groups (the Cathars, the Infidels, the Indians in Central and South Americas, the Templar Knights, the Nestorians . . .), thus making it the most despotic and bloody religion in history, widely surpassing the Aztec one.

In the Gnostic text Thunder, Perfect Mind, chants her inner totality:

I am the first and the last.
I am the honored one and the scorned one.
I am the whore and the holy one. . . .
I am knowledge and ignorance. . . .
I am foolish and I am wise. . . .
I am the one whom they called life [Eve] and you have called Death.

the life-spirit, the anima mundi . . . who animates the whole cosmos”; (anima in Latin, as psyche in Greek, means “soul,” thus the world soul, or Earth’s spirit, the planetary psyche)

whether in knowledge or in ethics. Each god, in all religions, states laws and rituals, formulas and taboos, as if the societies were never going to evolve, as if they were forever going to reign as deities, even though religions never ceased to rise and disappear, and societies to transform themselves. Now, we can ponder this unbelievable shortsightedness and dire lack of comprehension of the dynamics of life and of societies, not to mention wisdom, on the part of supposedly omniscient gods.

As the religions of the Book took over the role of god in issuing commands and asking for blind obedience, the polar opposites of Good versus Evil became more and more extreme in their opposition. Yet the underlying assumptions are still the
same as at the time of the Anunnaki: the good being the very dogmas of one’s own religion—while the evil is anything that differs.

In such systems of dogmas, we find no curiosity leading to knowledge and creativity, no open-mindedness toward different cultures, no understanding of one’s own blinkers, of one’s own presuppositions—and first and foremost, no questioning of one’s own rightfulness, of one’s own credos and axioms.

As it is, the positive commandments (such as help your brother or help the widow) are only thought to be applicable within one’s own orthodox faith group, effective only among faith-brothers. It is understood that it is not only lawful, but rightful, to steal, trick, or even kill people who don’t belong to one’s faith-group—the infidels, the enemy country, the “not-us.” And even among the same faith-brothers, it is acceptable to oppress and persecute the ones who think differently, who are more intelligent than the crowd and don’t want to live in tethers and blindfolded—such as the alchemists, the Cathars, the humble and pauper monks, such as the Franciscans, whose harassment by the Catholic pope Yet, we understand now that these original minds are the Cultural Creatives and the ones on a personal quest, the very people who will create a different future for humanity as a whole.

The least we can say is that it’s a miracle that we became more intelligent and able to see at last how unfounded and versatile were the concepts of good and evil. That we turned toward an understanding of the irrepresible one-sidedness of each person’s viewpoint, of each faith-group’s world-vision. That we finally got the message home that “truth” was intrinsically multifaceted and plural, and moreover complex, so that consequently we had to take it as highly relative (to a context, a time, a psychological state). That the best we could do in that respect was to develop our capacities of empathy, of divergent thinking, and creative and flexible mental processes. That the values we should pursue in order to get out of dire ego-centeredness and infantilism (whether as individuals or groups) were those of cooperation, empathy, synergy, negotiation, and looking ahead we were able to develop a third force beyond the good-evil polarity despite the religious commands and educations—that of science, questioning, posing only hypotheses, and putting to the test what is reality. Strict religious dogmas can only aggravate the split between good and evil, between god and humanity, between us versus others. And in doing so, it can only deepen an underlying schizophrenia, and the inner strife between the conscious (full of beliefs and preconceptions) and the unconscious (as reservoir of abundant, creative, and plural life forces). These life forces are those of vitality, creativity, discovery, passion, art, sexuality, and love—the very forces that the Middle Ages church who instigated the Inquisition considered absolutely evil, imagining incarnate
devils able to possess the feeble women (and especially the women), who had to be plucked out like bad weeds.

Consider what would have been if we had known that god was not alone (as a person), but that the ancient gods, the ones who created Eve and Adam, were a race of humans—more knowledgeable and more powerful, yet exhibiting the same passions, cravings, and shortcomings? That our original gods had a psychology akin to ours—despite the fact they were overwhelming in their power, their knowledge and science, and their immortality.

Say we had kept the knowledge we had of them at the time of Sumer, when we knew them by name and were able to see them flying off in their “birds” and instigating violent and extensive wars and bitter conflicts between siblings just for the sake of supremacy. We would have remembered, along the generations, that we were always the ones to be crushed at the end—no matter what, the immortals would be untouched, only their abodes destroyed; we earthlings, in dire contrast, would die by the thousands “in piles” for their fratricide wars or crazy decisions; and, to keep these memories alive, we would be left writing laments and poems for our descendants—such as this one, which named the authors of the nuclear catastrophe that obliterated five cities in the Sinai and Jordan plains, and described how the radioactive cloud, “the evil wind,” eradicated all life in Sumer. We would have understood and kept in mind that some of them gave us knowledge and scientific tools, especially cognitive tools—that we were, in terms of minds, as sophisticated as them in our potentials. That only the education, archives, data, and machines made an actual difference, but that we could and would get there, and swiftly.

Would we earthlings, as mortals reproducing much more rapidly, become a challenge or even displeasure for the Anunnaki? We have historical and biblical ground to state that Enlil perceived us as a threat to his well-being when he found out that Eve had tasted the fruit of knowledge: “The Adam has become as one of us!” (That is, apart from their genes of immortality!) Then, fearing that we would, one day, become immortal, he expels us from a too close cohabitation in the Eden; tries to force us back to the ground state of the lulus—slaves meant to toil and women subjected to painful birth-giving; and forces us into the fate and the role the Assembly of the Gods had conceived and decreed about earthlings. In the Sumerian tablets, we have clear evidence that some (at least) Anunnaki could become jealous of the “created” earthlings—and go as far as to plan and order our annihilation as a species. Or else could find ways to make us more feeble, to shake our growing power and sow disorder and dissent in our communities and cultures. As explains Ziusudra (also known as “Atra-Hasis” or “Exceedingly Wise”), asking for the help of Ea/Enki, when Enlil had unleashed a pandemic:

Ea, O Lord, Mankind groans;
The anger of the [other] gods consumes the land,
Yet it is you who hast created us! (Wars, 391)

A perfect example is the Tower of Babel—the Esagil temple in the town Babili (Babylon), the territory of Marduk in Sumer. He had built a facility whose roof could be an independent spaceport, “a tower whose head shall reach to the heavens,” and founded there a community where he “[induced] small and great to mingle on the mound.” Given there was only one Anunnaki couple (and their very close family) in each temple-abode, we may infer that the “small” people were mostly Earth-humans, compared to the “great” Anunnaki. And it meant, no less, that earthlings were granted equality with the Anunnaki, access to their knowledge, and a very close and regular contact with them (instead of the customary contacts via priests and kings). The response of the One in Command was rather brutish and consigned in a Sumerian tablet (Text K-3657*3)

To their stronghold tower, in the night, a complete end he [Enlil] made. . . . To scatter abroad was his decision. He gave a command their counsels [languages] to confuse.

The tablet thus traces, just as the Book, the many languages on Earth to one decision. It also states clearly the reason for the angry reaction of Enlil: equality and brotherhood were not in the order of the day; it was, in the eyes of Enlil, no less than a sin calling for the death penalty, a grave corruption:

The people in Babylon [Marduk] corrupted to sin [inducing] small and great to mingle on the mound

as soon as the earthlings had multiplied enough to reach great numbers, they were enrolled to act as warriors in the repeated wars the Anunnaki fought among themselves—brother against brother, in the first three generations after Anu (such as the bloodline: Anu, Enlil, Nannar, Inanna).

All through the Sumerian history, and apart from Africa, the lands are divided by a decree of the Assembly and allotted to members of the royal family. And it seems there was a tacit law that governed the relationship between earthlings and the gods: whatever earthling population was on site, this people belonged to the master of the land. This was the case even when, early on, the earthlings were given kingship—that is, the city was governed by an intermediary to the Anunnaki, a king supposedly nearer to the humans but who, nevertheless, was generally born of mixed Anunnaki and earthling parents. In parallel, a priesthood (similarly of mixed parentage) was also instituted in the diverse abodes of the gods (the king often being the High Priest)—and each line of
priests was heading the temple of the specific god of the city, thus starting diverse cults

in this ancient land of the Anunnaki, the people born in a city were perforce the devotees of the god of that city and land. They definitely belonged to that god, and in the event another god or goddess would get this city and land as an inheritance, then the people would be bound to serve and worship them. Let’s see Kluger’s analysis of “the key passage” of the “revelation of the choosing.” (Note that the chosen tribe is referred to by its patriarch Jacob; Jacob, Judah, and Israel then stand for the people of Israel, the whole tribe.) It goes: “The Lord your God has chosen [bachar] you to be a people for his own possession [le’am segulah]” (Deut. 7:6-8)

“Segulah means possession. The Babylonian sugullu originally relates to herds... It means the belonging of a property to its owner. In Ecclesiastes 2:8 segulah is the king’s treasure... In Psalm 135:4 segulah is God’s possession and occurs in connection with bachar; ‘For the Lord has chosen Jacob for himself, Israel as his own possession.’” According to Kluger, three other terms are used “for the divine possession.” One is nachala (“ownership of land... through inheritance”), chelek (“portion”), and chevel (“the allotted”). Two sentences are very explicit: “For the Lord’s portion [chelek] is his people, Jacob his allotted heritage [chevel nachalato]”; “And the Lord will inherit [nachal] Judah as his portion [chelko] in the holy land.” (Kluger 15, italics and brackets in her text).

The connection with Babylonian language (whereas the mother tongue of Hebrew is Akkadian)

the concept of God (as The One) possessing all in Hermes Trismegistus texts, referring to the fact that It, The One, the quintessence, is both unmanifested and manifested in everything that it has created, or may create. (See plate 12.) Note Hermes asking The One, in essence: Should I contemplate you as being One with my spirit, with all of me, with all-that-is; or as being a mysterious unmanifested essence, The One beyond all-that-is? In this Hermetic or nonduality sense, “possessing all” means being all and infusing all with its own essence—something very remote from a personal deity asking to be obeyed and worshipped in an exclusive way.

There are no other beings, all is within you, all comes from you, you give all and receive nothing; because you possess all and there’s nothing that doesn’t belong to you... How shall I praise you? As belonging to me and having something in common with me, or as being other?*4

In the Hermetic thought, as in the Advaita philosophy of India, the concept of Oneness, The One, is totally remote from any embodied person, and is a
cosmic consciousness. As Oneness, cosmic consciousness is the Tao and brahman of Eastern religions.

Marduk, who had prepared small temples for all the other gods—on the condition that they honor him as the First among the Gods,

The Anunnaki became fatefuly angered when their temples were defiled, and even when their own cults were not performed correctly in their own fiefs and temples. They were enraged to the point of bringing destruction on their own temples and their own town and population of followers—something very hard for us to understand. Thus, in the middle of the sixth century BCE (while Marduk’s era as the Chief of the Gods had started around 2000 BCE), the High Priestess of Ur, a city desolated since her god Nannar/Sin had deserted his defiled temple, brokered a deal with the god Sin. The agreement was that the priestess’s son Nabunaid (normally, given his name, a follower of Nabu and Marduk) would become the king of Babylonia, on the condition that he rebuild Nannar/Sin’s temple in Ur. And it happened that way.

But Nabunaid overshot the deal by erecting a statue to Sin just at the gate of Marduk’s temple in Babylon, and then he upset the New Year festival’s sacred rituals honoring Marduk: “He set an heretical statue upon a base... he called its name ‘the god Sin.’... He confounded the rites and upset the ordinances” (Wars, 21). Marduk, despite the fact that he had erected small temples to several other gods in Babylon, got so incensed against Nabunaid that he decided to search for a new king and chose Cyrus who had just been enthroned in Anshan in 549 BCE (in Media, at the beginning of the Achaemenid Persian Empire founded by Hakkam-Anish) and who was at the time fighting the Greeks. Marduk “pronounced [Cyrus] name to be ruler of all the lands,” and then “ordered him to march against his own city Babylon. He made him... set out on the road to Babylon, going at his side like a real friend.” Then Cyrus “held the hands of Bel (The Lord) Marduk in Babylon’s sacred precinct” (Wars, 21). Let’s note that for the consecration of Sin’s repaired temple in Ur, the High Priestess and her son received the visit of the god Sin and his wife who came on a Flying Chariot or Bird. This was, according to Sitchin, one of the two last physical appearances of an Anunnaki to earthlings, the other one being Marduk riding with Cyrus toward Babylon and putting him on the throne.

Cyrus’s son Cambyses performed the rites honoring Marduk in Babylon and, after his father died, became a Pharaoh in Egypt (525 BCE), albeit respecting its particular pantheon. Cyrus brought all the ancient empires (apart from Egypt) under the banner of one god: Ahura-Mazda, god of Light—the whole of Mesopotamia (Babylonia, Sumer, Akkad, Assyria) and then Elam, Media, Hittite and Greek lands, Phoenicia, Canaan, and Philistia.
Cyrus must have been, like Marduk, reverential toward the other gods reigning in other lands. Thus, in Jerusalem, he had the Temple of Jerusalem rebuilt. This rebuilding of the temple had been granted by the deity of the Book who had accursed it in the first place, calling the Babylonian King Nebuchadnezzar “my servant” and “the arm of my wrath” against Jerusalem, after he had him smite the temples and gods of Egypt. The deity thus ordered (referring to the king his servant):

He shall smite the land of Egypt, and deliver such as are for death to death, and such as are for captivity to captivity . . . and he will break the obelisks of Heliopolis . . . the houses of the gods of Egypt shall he burn with fire. (Wars, 20 while Nebuchadnezzar (King of Babylon) had been ordered by Marduk to march on Lebanon (abandoned by its own sovereign god), the deity of the Book (through his prophet Jeremiah) sided with Babylon—his arch-enemy in past history—to bring doom on Jerusalem for seventy years, because some dwellers were praying to the “Queen of Heaven.” “Mine anger and my fury shall be poured upon this place . . . and it shall burn and shall not be quenched. . . . In the city on which my name has been called, the doom will I begin” (Wars, 20). Thus, in 586 BCE, on the order of the deity of the Book, Nebuchadnezzar and his Chaldean army burnt the first Temple of Jerusalem “the House of Yahweh” and destroyed all the houses and the surrounding walls of the city. The curse of the demise of Jerusalem issued by the deity of the Book had been ordered to last seventy years.

if the woman is responsible for bringing evil and death into the world, why is she given the honorable and positive name ‘hayya (Eve) Life, mother of all living’?” (79). An insightful analysis of this name hayya (or hawwa) is given by Gerda Lerner in her book The Creation of Patriarchy: “God’s curse on Adam ends with assigning him to mortality. Yet in the very next line Adam re-names his wife Eve ‘because she was the mother of all living’” (197). Astonishingly, Lerner reveals an ancient link to “a healing goddess . . . called Ninti,” which could explain a confusion with the rib symbol in the creation of Eve. Says she, “In Sumerian, the word ‘Ninti’ has a double meaning, namely, ‘female of the rib’ and ‘female ruler of life.’ [We know that Ninti—Goddess (Nin) of life (Ti)—is the name Ninmah received after she created the first men and women.] In Hebrew, the word ‘Hawwa’ (Eve) means ‘she who creates life,’ which suggests that there may be a fusion of the Sumerian Ninti with the Biblical Eve . . . Stephen Langdon suggests another fascinating possibility by associating the Hebrew ‘Hawwa’ with the Aramaic meaning of the word, which is ‘serpent’” (Lerner, 185; Langdon 1915, 36–37). How strange (through the etymology of ancient terms) to see Eve associated with both the rib and the serpent

The Serpent as Symbol of Divine Wisdom and Knowledge in Gods and Heros
In the tablets, as it turns out, the serpent was Enki’s emblem and signified his wisdom and secret knowledge. This spiritual knowledge was transmitted to disciples, thus creating “wisdomlines” instead of bloodlines. We see multiple Sumerian representations of Enki accompanied by his snake symbol, and one on which he is called Buzur, the keeper and solver of secrets, the initiate. On another one, he has the body of a coiled snake and the bust of a man, and he warns Ziusudra/Noah of the coming Deluge (see fig. 1.2).

In all ancient religions, the serpent was the symbol of wisdom and spiritual knowledge, as we can surmise from the emblem of the Naga (or Royal Cobra) being the Hindu god Shiva’s emblematic ally—Shiva the yogi, the ascetic dedicated to meditation and knowledge. In some temples, especially natural ones such as sacred trees, Shiva is often represented only by stones engraved with snakes. (See color insert, plates 1, 2 and 3.) Both the Vedic/Hindu and the Tibetan Buddhist traditions hold that the Nagas were an intelligent race of semihuman snakes (with cobra bodies), possessing an extremely powerful magic of the depth of the Earth. The King or the Queen of the Nagas, independently, became the allies of the spiritual humans, the ascetics and yogis on a quest for knowledge, and taught them. This is why the King or Queen of the Nagas (the Royal Cobra), sometimes with multiple heads, guards the meditation of gods and goddesses, as well as the Buddha, by making something like a protective tree around them. And furthermore, the snake symbol represents a divine knowledge and wisdom, and is an attribute of some gods and goddesses. Thus, Isis is represented as a Naga snake (see plate 4). Shiva dances the dance of creation, his snake symbol around his neck (see plate 5). Ishtar/Inanna, the Great Minoan Goddess, Hermes, and Enki, given their quest for knowledge, and some heroes, are all accompanied with the snake symbol (see plates 6 and 7).

Marduk will come to Earth early on, as the commander of a contingent of fifty; these will become the Igigi, or astronauts, based on Mars and on an orbiting space station, and probably on the moon. In contrast, Enlil was not yet married when he landed on Earth; back on Nibiru he had had a scandalous love relationship with his own full sister Ninmah, whom, by Nibirian laws, he couldn’t marry, but with whom he engendered Ninurta. In this instance, Ninmah was sentenced to never get married. We know that Ninmah was madly in love with him, writing passionate poems on their lovemaking.

Ninurta will become the second in command of Enlil, the chief of his armies, a war engineer of great talent. Too obedient to attain a global and visionary outlook that could have helped minimize Enlil’s injudicious overreactions and unwise decisions, his fate will be to carry out the orders of his father and/or of the Assembly, often against his own better judgment. He will not develop, as Enki did, sophisticated and shrewd strategies to achieve one’s aims while apparently complying with the voted decisions (generally supporting Enlil’s aims) whenever they appeared to be extremely dangerous and unwise.

If Ninmah was madly in love with Enlil, the reverse did not seem to be the case. At no point do we see Enlil express any kind of feeling—positive that is. He seems the ultimate despot, exclusively self-centered. But while Nergal is a potential despot, generally brazen, versatile, and out of balance, Enlil has a too fixated personality, unbending and unsavory—at least after his youth’s excesses, and once chastised by the prospect of being sentenced to exile.

Indeed, Enlil’s first act on Earth, while he was already Commander in Chief of the Anunnaki, that got him wide publicity, had nearly cost him his title, possession and all. He raped an adolescent Anunnaki, one of the students of Ninmah, luring her to go sailing and engaging her. She protested that she was still a virgin, trying to appeal to his reason and moral sense, to no avail. Arrested,
Enlil was brought to trial before “fifty senior gods.” Since this act is severely punished, he was sentenced to exile in the Abzu with her (Wars, 81). Fortunately, the biology student either took a liking to him or paled at the prospect of being the royal heir’s spouse, and accepted marriage. Only then did Enlil recover his status.

After this traumatic trial and sentence, he becomes totally identified with his social role and superego (his persona, in Jung’s terms), becoming more and more autocratic in his ruling, and a family tyrant who will never give to Ninlil the prominence other royal spouses had. Even worse, he will abandon her for a very long time, then erase her from all history when adopting the sole-god worldview. He will shift to a haughty and ultramoralistic persona, incorporating the role of the god of justice, whose anger (the Ira Dei of the Romans), punishments, and accusations, as well as his detestable habit of bending the arms of the other gods in their Assembly, will be greatly feared.

This was, for example, the case when he literally used his power as Commander of Earth to impose on all the assembled Anunnaki his command to keep a total blackout on the coming catastrophe, the Deluge, and thus force on them his blinkered decree that humanity be totally erased.

Eastern religions: their basic assumption is that knowledge and spirituality stem from a direct inner experience of the Self, the Atma, and not from either virtue or adherence to a body of dogmas. Along the centuries, wise Oriental masters devised techniques of meditation to lead us to experience higher states of consciousness, namely the states of oneness or fusion states—the samadhi in which we become harmonized within our inner being, harmonized with nature, or one with the All, connected to cosmic consciousness (brahman, the Tao). These heightened states, posits Hinduism, are beyond duality and reflect the advaita (nonduality) of the Self and the Spirit dimension. The Self dimension, which I call the semantic dimension, is beyond the polar and dual classifications of the intellect, such as good versus bad, me versus you, believer versus nonbeliever; moreover the Self is beyond our classifications of space, time, and causality. Hinduism is clearly putting the accent on bliss—ananda—as the state of consciousness arising from a pacified mind able to behold and contemplate the oneness in All That Is. The states of samadhi open, for us all, a source of knowledge about consciousness and the Self (the soul), a source of wisdom, and the awakening of the many potentials and talents of the Self, namely the siddhis.

In Eastern religions, bliss, not fear, is the light on the way, illuminating the quester and opening a path of greater self-knowledge. Evil, in Hinduism, is only the product of ignorance, at least as goes the principle. Note, though, that Hindu...
gods were nevertheless at war with devils (the asuras) in the Mahabharata. The Eastern religions advise practicing meditation and techniques of self-development in order to harmonize one’s own ego with one’s own Self or soul (Atman) and awaken spiritual talents (the siddhis). Then the Self, being a dimension of higher consciousness, is naturally connected with cosmic consciousness. Thus the same energy of consciousness (semantic or syg energy) is infusing the universe and is the flame in our soul or Self, the dimension of the Spirit in us. This path of Self-awareness is joyful, filled with light and peace, blissful in the highest states of oneness; along the way, the awakening of the chakras, psychic energy centers, and the blossoming of psychic or psi talents (the siddhis) are a natural process.

On this path of self-exploration, which any person can open and complete in the course of one life, our supreme guide is our own inner Self because the Self is itself of the same stuff as cosmic consciousness—part of it. In this mindscape, the reward is the light and the bliss the quester experiences along the way, so that the quest itself is self-rewarding. The inner fusion with one’s Self can open states of fusion or harmony with others and in a whole group, not only in meditation and concentration (during concerts or group prayer), but also in active trance (such as jam sessions, trance-dance, shamanic rituals, etc.)

the ancient Hindu philosophy of Oneness (Advaita), that states that all the memory of what happened on Earth since the beginning, the memory of all the beings and their actions, but also of all the knowledge accumulated, is somehow imprinted in an immaterial dimension of Earth, the Akasha. Thus, nothing is ever lost, neither event, nor information, and all souls have their records in the immaterial dimension of the planet. It means that we can connect ourselves to the soul or Self of any person, whether in the present or in the past, through the Akashic dimension of the planet. Ervin Laszlo has theorized an Akashic field of a quantum nature and linked to the vacuum that would be the medium of the memory and the coherence of the universe.

Jung....through altered states of consciousness, visions, psi phenomena, synchronicities, guiding dreams, archetypes as personal guides—and this exploration will lead them to the awakening of supraconscious talents.

In a spiritual worldview of women and men striving to achieve their own accomplishment, the basic and sole code of morality is as clear as it is simple: Do not harm others. This could have been the moral code of the Anunnaki—who let the (Anunnaki) people express their sexuality freely and who drew the line of offence at mutual consent. This is why only rape and murder, and destroying the property (the temples) of others, were severely judged.
civil laws to be used by the Earth-humans. The first one was issued by the King Ur-Nammu (of the Ur III empire) in the twenty-first century BCE, the second by Lipit-Ishtar, King of Isin, in the twentieth century BCE, and then there was the famous code of Hammurabi, King of Babylon, in the nineteenth century BCE.

However, when the descendents of Adapa and Titi started to proliferate on Earth, and the great Anunnaki decided to put themselves in the position of gods in front of their populations, everything changed in their own Anunnaki society. Then competition between them occurred in a more emotionally loaded context. This conflicting situation swiftly escalated to become deadly wars between them, each Lord, or Lofty One, rallying and forcing their earthling population to constitute an army to fight against the armies of their competing siblings—the other gods, the enemy. That’s also when some royals such as Nannar, Ninurta, and Inanna, will want to attain the Enlilship status, that of first among the gods on Earth, and will get it in turns. When Marduk is given the Enlilship position by the Assembly after the nuclear catastrophe, he will launch this “sole-god” revolution in Babylon, long before the one brought about by the deity of the Book. Yet, he didn’t ignore the other gods altogether, for he built shrines for them within his sacred temples. Rather, he tried to reduce all the other gods to aspects of himself, by naming them “Marduk of the attack” (Nergal), “Marduk of justice” (Shamash), and making of his name the equivalent of Lord. He will even rename Nibiru as Marduk.

Marduk was certainly a visionary and an enlightened leader, who was envisioning for humanity (Anunnaki and Earth-humans) a con-fraternal society liberated from the debilitating and war-instigating hierarchy of the Anunnaki. And he had tried to establish such a harmonious society in his temple-abode in Babylon, the Esagil—a social and spiritual innovation that was not at all to the taste of Enlil who smote their community as well as their efforts, and reduced the Tower of Babel itself to ashes. When Y. will want to promote himself to this “sole God” status, it will be in the fashion of an autocratic and terrible Mighty God, fear inspiring because immensely devastating, and he will obliterate all mention of the other gods and goddesses, his spouse first of all. After the nuclear holocaust, his name will not be Sumerian anymore (and similarly he will change Abram’s Sumerian name), and he will thus draw the line of what was permissible in terms of memories and recollection of older times and other gods. The history of the fateful events was thus told and dictated within this revised framework—as we see in rare ancient pre-Hebrew, Akkadian tablets, exhibiting what I have decoded as Enlil’s Moralistic Framework.

In the Discourse on the Eighth and Ninth, Hermes performs with Tat a chanted meditation to raise their consciousness from the high sphere of the Eight to the sphere of the Ninth, the cosmic dimension of The One. The sphere of the Ninth is
represented in this alchemical drawing from the Tractatus Aureus as a nine-pointed star (see fig. 3.2).

Hermes and Tat then receive a vision and a power from the Ninth as an illumination, and Hermes, in an enraptured state, reaches the light and wisdom of Mind.

Rejoice over this! For already from them the power, which is light, is coming to us. For I see! I see indescribable depths. How shall I tell you, my son? . . . How shall I describe the universe? I am Mind, and I see another Mind, the one that moves the soul!

I see the one that moves me from pure non-thought, non-ego (forgetfulness). You give me power! I see myself! I want to speak! Fear restrains me. I have found the beginning of the power that is above all powers, the one that has no beginning. I see a fountain bubbling with life. I have said, my son, that I am Mind. I have seen! Language is not able to reveal this.*5

With the Hebrew monotheism, the framework is widely different. There is no more individual quest for wisdom and inner knowledge within. The freedom and the path to find the god within, the light of the Spirit of the Whole, the One, as existing inside oneself, is gone. The Hindu Moksha (The Liberated One) can claim “I am That” (Tat Vam Asi), Hermes claims “I am Mind, the Christ” but in monotheist dogma there’s no direct path of communion with the One. So, how did Enlil shift to a sole-god and dogmatic framework, based on blind obedience? First, we have an individual Anunnaki-human, the prince and heir of the main kingship in the solar system all right . . . but still a human among his kin and family, who decides that now he will be the only god, unknown, invisible, unnamed, and gifted with any imaginable quality you could think of, towering over his poor and sinful “creatures” and getting them to obey with not only a leash and a whip but nuclear blasts and unchecked genocidal drives.

MHR BLIND OBEDIENCE DEFFINES THE CULT MORE THAN ANYTHING ELSE... THIS IS WHAT IS SO DANGEROUS ABOUT THE CULT OF judaism, AS IT WAS ABOUT THE CULT OF CATHOLCISM, AND ANY OTHER FANATICAL EXTREME EXCLUSIVE ISOLATIONIST AGGRESSIVE RELIGIOUS SECT / CULT... WHILE MOST PEOPLE MERELY 'IDENTIFY' OR 'AFFILIATE' WITH SOME RELIGION, THEY ARE FAR FROM 'BLINDLY OBEDIENT' TO ITS LEADERSHIP E.G MOST CATHOLICS OR MUSLIMS OR 'JEWS' DO NOT OBSERVE 'THE LAW' OF THEIR RELIGION... Second, this individual proceeds with an erasing of all the historical gods of Earth, the other ones who “came down to Earth from Heaven” and that means no less than a deliberate erasing and obliterating of our species’ past and our planet’s past (including all the knowledge pertaining to it). Now we can ask ourselves the question: Is that really permissible? Who dared rob us of our species’ memory? Should even a Commander of Earth be allowed to blot out from our species memory all that pertained to our past? And what aim did he pursue? Only to promote himself as the sole Master, The creator, unique lawmaker, history maker, universe maker . . . and what else?

the other self-promoted gods were downgraded—either to idols and enemies (if they were competitors), or to angels/emissaries (for allies and descendants). Henceforth it was forbidden to worship these idols and even to mention them, and finally they were erased from the memory of the people—despite the fact they had been raised to the status of worshipped gods by the Assembly. This decision of Enlil was thus smiting the constitutional body and its ruling power. Simultaneously blotted out was any memory of the genetic humanness of the now immaterial god. This blackout was carried on through the drastic editing of ancient Sumerian texts, and yet it left, as we have seen, many a trace showing, like a white thread in the fabric, the marks of retouching—proving such a task of remaking thousands of ancient historical accounts to be not only difficult, but impossible.

Before the hybrid beings (the lulus) attained procreative abilities and started populating Earth, the function of Enlil was as clear-cut as it was limited. Let’s bear in mind the number of Anunnaki that were in the distant colony named Ki (Earth) before the Deluge. Berossus, the Babylonian priest and historian, wrote that there were six hundred Anunnaki on the ground, and three hundred Anunnaki (the Igigi) servicing the space stations—the orbiting one and the one on Mars. We are talking about a relatively small number of people whose sole aim at the beginning is to collect gold and other metals for their home planet Nibiru. Enlil’s function at the time is strictly that of a Commander in Chief—a deputy executive function (similar to a governor) while the global governance function is retained by the King of Nibiru, with Nibiru remaining the center of power of the Nibirian civilization. The King of Heaven/Nibiru shares his decisional power with the Assembly of the Lords (mostly composed of the royals among the Anunnaki), which is convened for any major decision and in case of crisis. Moreover, there is an independent judicial structure: the Seven (or Nine) Judges, convened to pass judgment and return a verdict whenever a criminal situation occurs in matters of general organization, wars, or conflict.

We know that in antediluvial times Enlil’s city Nippur is the Mission Control Center, one of the five cities in Sumer, organized in a geometrical design, to manage the space operations. And inside his temple-abode (the antediluvian Ekur) is the Dirga room that, as we saw, operates the Bond Heaven-Earth. Thus, Enlil has total control of the space facilities and of communication technology.

However, for now, we see only a deputy power—the governor of a colony operating under the supervision of King Anu and the Assembly.

Enlil’s First Act: Raping an Adolescent Girl

If Enlil’s first act on Nibiru, as young prince, was the scandal of a love affair with his full sister Ninmah, his first act on Earth was an even worse sexual scandal: the rape of a young and virgin Anunnaki that got him sentenced to exile. At that point, Enlil has lost everything—his heirdom and foremost position, his abode-temple, and his life in Sumer—a very traumatic outcome for the legal heir he was. (Of course, the fact that his lover Ninmah was barred from ever marrying and his future wife was certainly traumatized for life, doesn’t exist in Enlil’s consciousness.) In my view as a psychologist, this trauma of losing his position, because of his sexual “sin” and transgression, could very well explain his radical shift not only to monogamy (an exception in Sumer) but to an ultramoralistic stance and a bent toward excessive punishments. I believe that he also developed, through that, a fear of women by putting on the girl the responsibility of his own lapse into violent aggression. And in that case his own semantic field bore from
then on the judgments of Woman = Temptress, and women are to be feared—therefore they have to be commanded and kept at a distance. This would explain his way of never talking to Eve, apart from accursing her. Moreover, the forceful power he exerted on the adolescent girl on this occasion (who pleaded she was still a virgin) will remain as a psychological trauma and tear in their relation—making it possible for him to erase her name and worship from the novel monotheist religion.

Enlil’s Second Act: Overreaction to the Revolt in the Mines

The second act in the biography of Enlil was his overreaction to the revolt of the Anunnaki working in the mines in the Abzu, who complained about the too heavy workload put on them. Here we see Enlil wholly unable to grasp the social problem, his mind fixated instead on revenge and punishment—to the point of putting his own kingship in the balance as a bullying tactic toward his father Anu. When it does not work, he forgets all about his threat to resign.

The outcome of the crisis was a gathering of the Assembly of the Gods who voted for giving to Ninmah, the head scientist in life sciences, the mission to “perfect” a hybrid Anunnaki-hominid creature. In order to understand the two opposite stands of Enlil and Enki, which will lead to continuous strife between them, we have to keep in mind that the mission voted for by the Assembly and by Enlil was strictly pragmatic: how to come up with a being able to work for them. (This, as I have hinted at, was only the official rationale presented at the Assembly by Enki and Ninmah, not their secret long-term plans, which aimed at making of the new humanity the torch of human civilization on Earth or in this solar system, when their own would be declining or extinct.)

Enlil’s Third Act: Raiding the Abzu Facility and Abducting the Workers

The third act of Enlil is to storm, with his warrior Ninurta, the mine facility in the Abzu where the cloned lulus, the primitive workers, were already at work—the aim being to bring them back to Sumer to be their servants and workers. They attack with a novel powerful weapon able to drill and tear through walls. The Myth of the Pickax reports the raid, describing the new weapon as “an ax that produces power” and an “earth splitter.”

In the tablets we have recovered so far, we know only of the first chain cloning of seven males and seven females. But there must have been more of them—as is attested by a carving on a rock found in the south of Elam. It shows rows of exactly similar sexless beings, and much more than fourteen; in an adjacent pavilion are seated Enki and Ninmah, with the birth goddesses—Ninmah’s students. So we may surmise that a great number of lulus were taken to Sumer. Numerous depictions show them performing all kinds of hard tasks, from
building, to farming, to serving the gods in their homes; they are always totally naked, like domesticated animals, like slaves. Once the lulus were in Sumer, says The Myth of the Pickax text:

With picks and spades they built gods’ houses,
they built the big canal banks;
food they grew for the sustenance of the gods.

Just the sheer number of these depictions would be enough to account for lulus in the hundreds and not in the tens. And the fact they are represented naked shows their low stage of development.

Later, when Adapa and his descendants, reared by the gods, will become the scribes and the priests, of course their beautiful garments will match that of the Anunnaki—especially given that the tailors must have been earthlings.

Enlil’s Fourth Act: Expelling and Accursing the First Couple

Adamu and Tiamat, the blueprint couple, the gene donors for the cloning, were honored in the Abzu and spared from working. It’s only when they were summoned to the Edin that Enlil put them to work in his newly built orchard, to tend it. They thus lose their honorific status: they have to work and be naked—something that they sure were not when raised in the homes of Ninmah and Ninki as their children (12th, 337–64). Moreover, the linguistic feat of the couple expressed in the garden of Eden—the fact they were able to discuss with the deity—has greatly troubled experts of course, since the telepathy alternative is rendered impossible by the deity’s own words: “Where art thou?” shouts the deity searching specifically for Adam and not finding him because Adam, on hearing his footsteps, has hidden behind a tree. But Adam then answers—because he is so near as to be within earshot—that he hid because he is afraid, because he is naked. Only then does the deity realize that an event of tantamount importance has happened—that his brother (the Snake!) again has overturned his plans.

Enlil’s fourth act is his wrath when he discovers that Adamu and Tiamat are now transformed—they know they are naked, and Tiamat (alone) has covered and adorned her loins. The Tale of Adapa is very clear about the fact that Enki was the one to “give knowledge [and] wisdom” to Man:

Wide understanding Enki perfected for him,
to disclose the designs of the Earth,
To him he gave Knowing;
But immortality he did not give him.
These words are supremely important for us, at a moment when new evidence attests that the Neanderthal man was much more evolved (language skills, social behavior) than we had thought, and certainly Homo erectus (the hominid whose DNA they use) also. Note that Earth here is a conscious being and has intention and “designs.” In no way should we read designs, given the context of wide understanding or wisdom, as some sorts of patterns. Here is a hint about the secret science of the gods to which some tablets and Enki’s name as Buzur refer—the “Knower of Secrets.” Thus “to disclose the designs of the Earth,” means literally to give to mankind (and thus Adamu and Tiamat) the intelligence to explore nature not only scientifically but in arcane and spiritual ways, with intuition and wisdom. Just like he himself was called Buzur, his aim was to perfect and fashion humanity so that they may become such Buzurs. Indeed, Adamu and Tiamat will both become initiates, and Enki will start, beyond bloodlines, the direct transmission of secret knowledge or wisdoms, as I have shown in DNA of the Gods, and something we see clearly in these two Sumerian depictions.

And the eyes of both of them were opened [IF]

and they knew [IF]

that they were naked . . . [MF]

and made themselves loincloths. [IF]

Then the Deity Y. arrives in the garden and looks for Adam (only him). Adam has hidden himself and, when asked why, he expresses that he hid because he was ashamed, because he was naked. The Deity gets angry, yet spurts out that he knows of someone who could have entered the garden and spoken with the adolescents:

Who told thee [IF]

that thou are naked? [MF]

Hast thou eaten of the tree, whereof I commanded thee not to eat? [MF]

Then the Deity says (obviously to some other immortal gods):

Behold, the Adam has become as one of us . . . [IF]

and now might he not put forth his hand and partake also of the Tree of Life, [IF]

and eat [it] and live forever? [IF]
Sitchin remarks “Even the words of the Deity reflect a Sumerian origin, for the sole Hebrew Deity has again lapsed into the plural, addressing divine colleagues who were featured not in the Bible but in Sumerian texts” (12th, 365).

The real reason for the wrath of the Deity is revealed by his very words, “Behold the Adam has become as one of us”—the fear that the earthlings may become not only knowledgeable but also immortal like them, the gods. This dread of the Deity, his willingness to keep the earthlings as primitive and ignorant lulus, will make him curse the Adamic humanity and create elaborate schemes to erase them, again and again. And the Book text, by constantly inserting a moralistic interpretation that systematically puts the fault on the humans, will prime the readers to absolve the excesses and overreactions of the Deity.

The Deity Y. expelled the Adam from the orchard of Eden. [IF]

And to the woman he said: “I will greatly multiply thy suffering by thy pregnancy. In suffering shalt you bear children.” [I

Agade, the city cursed by the gods and whose story is recounted in the text called The Curse of Agade. When Inanna, endowed with the MEs she tricked Enki into giving her, was granted kingship by the Assembly of the Gods, she chose Sargon to be the king of her realm, and Sargon 1 built the city of Agade (or Akkad) to be his capital. The wars he and his successors on the throne fought in the name of their queen and lover, Inanna, created the mighty empire of Akkad, and Akkadian became the international language of diplomacy. But in the course of time, Inanna became more and more ferocious in her craving for dominance of other lands and realms. When she finally got into open defiance of the olden gods and defiled the temple of Anu in Erech (her ancient abode!) and then Enlil’s temple in Nippur, the gods gathered in their Assembly and ordered the accursation of Agade. Not only the city but the whole Akkadian empire were utterly destroyed and could never be reconstructed—contrary to what happened to so many cities and temples that were defiled or destroyed and then rebuilt. Agade, cursed and forever erased, after having been one of the jewels of Sumer, shows us how terrible and powerful were the curses of the Anunnaki.

The curse on women back in the Edin orchard is only, from the part of Enlil, the first of a series of accursations. Even as the demand for workers keeps growing, the multiplication of Earth-humans is not to his liking, and soon his unbending objective will be to get rid of humanity, to destroy the hybrid race of Earth-humans, to the point of even putting a curse on Earth, and this all the way to the aftermath of the Deluge.
On coming out of the ark on Mount Ararat, Noah had immediately offered a sacrifice, roasting some animals. Says the Book:

And the Deity smelled the enticing smell and said in his heart: “I shall no longer curse the dry land on account of the earthling.” [IF]

the father of Noah, Lamech (who was himself of a mixed parentage, and the son of Methuselah), when a son was born to him, decided to call him Respite (Noah). Noah’s real father, as we know, was Enki. Lamech, at this occasion, said “Let this one comfort us concerning our work and the suffering of our hands by the earth which the deity hath accursed” (12th, 37; my emphasis). This is what the Deity, on Mount Ararat, revealed he had done, in no ambiguous terms (“I shall no longer curse the dry land”), before finally pardoning Noah. In the Sumerian text, similarly, Enlil pardons Ziusudra, but not before Enki had brought to his attention that they, the Anunnaki, needed the humans and their work to rebuild Sumer and their civilization on Earth destroyed by the flood. However, in the Book version, we will not be astonished, by now, to find immediately after this revealing and truthful statement (all in Informational Framework, IF), that the next line takes us back to a Moralistic Framework (MF):

I shall no longer curse the dry land on account of the earthling [IF]; for his heart’s desire is evil from his youth. [MF]

All this conveys the meaning that humanity, “the earthling,” is so wicked that there’s no hope at all; it’s endemic to the whole race of earthlings.

But if that’s so, why did the deity suddenly modify his previous long-term plan to eradicate humanity (generally called “Man” or “the Adam” in the scriptures)? Especially since this judgment of his (a definite MF statement) was his rationale for using the Deluge for a radical wiping out of Man from Earth: the deity had judged that the earthling “is but flesh” (MF), meaning that the earthlings were not endowed with a spirit or a soul (12th, 377). Again a perfect MF statement contradictory to the one he had involuntarily shouted, in a fit of anger: “Behold the Adam has become as one of us . . .” (IF), the only thing that remains to differentiate us from them being immortality (12th, 365). And of course judging the earthlings as soulless is in perfect opposition to the story of the creation of Man: “And Yahweh, Elohim, fashioned the Adam . . . and the Adam turned into a living Soul” (12th, 349). Similarly, when the Assembly voted for the engineering of the lulus (not even to discuss their subsequent evolutionary
leaps), Enki declared that the way to do it was to “bind upon it [the existing ape-man] the image of the gods” (12th, 341).

So, we have to examine and ponder the kind of dys-logic that has been put in the forefront for the moral teaching and benefit of all generations to come, especially when we know in whose “image,” or archetype humanity was created: “And Elohim said: ‘Let us make Man in our image, after our likeness’” (12th, 338).

In the Eden: Man is now “as one of us” in his consciousness and his knowing (a competitor)—let’s expel him lest he might “partake also of the Tree of Life . . . and live forever,” that is, lest he becomes immortal like us (12th, 365). The verses clearly state that the sons of the deities (the Anunnaki) were the ones to realize earthling women were biologically and sexually compatible (they could have sexual intercourse and also offspring), and likewise that the Anunnaki were the ones to choose whichever wives they liked. The sons of the deities saw the daughters of the earthlings that they were compatible, and they took unto themselves wives of whichever they chose” ...indicating that they were 'equals'...MHR wonder at size though...if it was metaphoric or real...re: huge penises and babies?

the Commander in Chief deduces from what he sees as horrendous and abominable mis-marriages, tainting the Anunnaki bloodline, that the earthlings have no soul (“is but flesh”), that they are the ones responsible for the Igigi (Nephilim) abducting them, and therefore that they definitely deserve to be totally wiped out. And he will dutifully wipe out the cherished spouses of Marduk and of the Igigi—with a firm heart

we have a Nibirian human who abusively claims to be the creator of the earthlings, who goes on a rampage to abduct them from Africa and make them work in Sumer, who bars them from a higher conscious evolution, as well as from procreating, who holds them responsible for this leap in consciousness (once given to them by Ninmah, Enki, and Ningishzidda), who then holds the women responsible for being abducted by powerful Anunnaki and for sullying the great Anunnaki race. And how can you regain the purity of the race? Kill them all. “I will destroy the Earthling . . . off the face of the earth.”

The historical account of the times before the Deluge comes from the Atrahasis epic, the Babylonian account of the Deluge written in Akkadian. The epic’s hero is Atra-Hasis—the Sumerian Ziusudra, or the biblical Noah—a name that means in Akkadian “Exceedingly Wise,” the epithet given to him by Enki. Beyond the original Akkadian text, many tablets, similar in content, were found in Sumerian, Babylonian, Assyrian, and Canaanite languages, which allowed the scholars to put together a near-complete account.

In fact, the text starts right at the beginning, with the Anunnaki toiling in the gold mines and their revolt. Then it states that, when the earthlings had multiplied (as we know, they were working hard serving the gods and doing all the workload in Sumer in the daytime) they were filling the nights of Sumer with the noise and loud expression (translated “pronouncement”) of their lovemaking (or “conjugations”); and that was impeding Enlil from sleeping!

The land extended, the people multiplied; in the land like wild bulls they lay. The god got disturbed by their conjugations; the god Enlil heard their pronouncements, and said [to] the great gods: “Oppressive have become the pronouncements of Mankind; their conjugations deprive me of sleep.” (12th, 390)

Sitchin comments about this: “Enlil—once again cast as the prosecutor of Mankind—then ordered a punishment.” The first plan Enlil tried was to decimate the humans through epidemics and diseases. Sitchin tells us that “the Akkadian and Assyrian versions of the epic speak of ‘aches, dizziness, chills, fever,’ as well as ‘disease, sickness, plague, and pestilence’ afflicting Mankind and its livestock following Enlil’s call for punishment” (12th, 390).

Atra-Hasis/Noah, the biological son of Enki/Ea, was all his life the protégé of this god. Says Atra-Hasis himself in the epic: “I lived in the temple of Ea my lord.” Thus he calls Enki for help:

Ea, O Lord, Mankind groans. The anger of the gods consumes the land. Yet it is you who hast created us! Let there cease the aches, the dizziness, the chills, the fever! (12th, 391)

Enki then tries something and it protects the people to a certain point (this part of the tablet is damaged). But Enlil soon realizes that he hadn’t been able to reduce the earthling population and he gets furious again. Then he comes up with a second plan, which is to erase humanity by starving the people:

“Let supplies be cut off from the people. . . . Let the rains of the rain god be withheld from above. Below, let the waters not rise from their sources.” And this is what happened in effect, the Earth was scorched by heat and a terrible drought:
“The womb of the earth did not bear, vegetation did not sprout . . . the broad plain was choked with salt.” Enki is now given the imperious order to “bar the sea,” so that the people don’t have access to the sea’s abundance of food, and so that fishes or products and food from the sea don’t reach the cities’ population. And he has to execute the Commander of Earth’s orders. The ordeal, the text tells us, went on for “six sha-at-tam” or shars (that is, for six times 3,600 years!). At the 4th shar, “their faces appeared green; they walked hunched in the streets.” At the sixth, “the child they prepared for food . . . one house devoured the others” (12th, 391–92).

Atra-Hasis kept imploring the help of Enki against Enlil’s adamant will to make humanity perish: “In the house of his god . . . he set foot . . . every day he wept, bringing oblations in the morning . . . he called by the name of his god” (12th, 392).

Finally Enki judges that too much is too much and he decides to bypass Enlil’s murderous commands. He puts together a strategy for the people to have access to the sea’s riches that he controls. He triggers no less than a mass revolt; he tells Atra-Hasis to ask the people to organize themselves and propagate everywhere the watchword: “Make a loud noise in the land . . . Do not revere your gods, do not pray to your goddesses” (12th, 393).

The verses are damaged, but while the revolt is going on, the lord Enki sends some of his men to secretly destroy the barriers holding the people from accessing the sea and going to fish. This was (according to Enki’s plan) to be blamed on the revolted crowds. Enlil, no kidding, “was filled with anger,” and he sensed his hated brother had a part in the events. Right away he sent his guards to seize Enki and bring him while he gathered the Assembly. And now he confronts Enki with his usual despot’s style: We had “reached together a decision . . . I commanded that . . . the bolt, the bar of the sea, you [Enki] should guard with your rockets, but you let loose provisions for the people.” Enki, as he had planned, put the responsibility on the rebellion. But Enlil keeps insisting, willing this and that from Enki—he orders him “to stop feeding his people,” and the like. Let’s note here that Enki is an Anunnaki lord and a royal prince, and that he is the lord god of Eridu, the town nearest to the sea in Sumer, and that Enlil is ordering him to let his own city dwellers die from starvation as well as all earthlings in Sumer—against the tacit law that demands of a god (or a king) to be the protector of his people. And moreover, Enlil conducts this farfetched genocidal command and bullying right in the middle of the Assembly of the Gods, and no one god (apart from Enki) tries to rein in the Chief in Command.

We are still in the Assembly; the Atrahasis text recounts that, suddenly, [Enki] got fed up with the sitting;
In the Assembly of the Gods, laughter overcame him.

He laughs aloud. A colossal laugh. The great senior gods are put off balance. Have they pushed things too far . . . given too much in Enlil’s vengeful plans? But Enlil calls everybody to order and reminds them that the plan to starve mankind was a decision they made together in the Assembly. As usual, Enlil has been able to bend arms and to get the whole Assembly of the Gods to back up his criminal schemes. Remember that the poor one could not sleep—that’s not nothing! And he couldn’t think of any other solution to stop the noise around his temple (such as erecting walls around it, or keeping the earthlings at a distance) apart from kill them all!—which is, all along, a basic tenet of Enlil’s tactics. And now the gods are bound by their previous decisions. Enlil then, having recovered his majestic stance, attacks Enki as to the fact that he is constantly breaking the rule (that is, the one concocted and imposed by Enlil and the so-called unanimous decision by the Assembly!). Then Enlil discloses that he has a back-up plan; he reveals that a gigantic flood has been forecast, that they can use it to eradicate the earthlings. He now asks of each of the gods to swear that they will withhold the information from mankind. He asks that especially of Enki. Enki rebuffs his brother:

Why will you bind me with an oath?

Am I to raise my hands against my own humans? (12th, 395)

But the assembled gods, mesmerized by their chief on Earth, will force him to swear himself to secrecy.

That’s how the barbarous and totally stupid plan to eradicate humanity via the forthcoming Great Flood—without considering at all what could be the consequences of the Deluge neither on themselves, nor on the Sumerian civilization, nor on the land—was made by the Assembly of the most potent gods, whose chief was supposed to be omniscient, righteous, a paragon of Justice, and Goodness itself.

According to Sitchin, the Akkadian word used as unit of time (a sha-at-tam) means “a passing,” and is the translation of the Sumerian shar (3600 years). While the scholars translated it as “a year,” without realizing that it was a Nibirian year, the Assyrian version uses the precise term “year of Anu.” Thus, the accursation of humanity in order to eradicate it lasted for seven shars unto the Deluge, meaning in fact 25,200 Earth-years. Sitchin dates the seven passings that saw an extremely harsh climate rendering the Earth barren, from about 36,000 BCE to the Deluge, which happened around 11,000 BCE.

Let’s remember that Ubartutu/Lamech (of mixed parentage) became the first (formally enthroned) King of Shuruppak around 77,000 BCE, and his son Ziusudra/Noah’s reign started around 49,000 BCE—that is, 38 millennia before
he was saved from the Flood by Enki. It means that Ziusudra/Noah, being a
natural (yet closet) son of Enki, had inherited the longevity of the half gods. Just
after the wave receded a bit on Mount Ararat, Enki had told Enlil in substance:
You’d better look at this man twice, at his immense wisdom and intelligence, he
who will be the seed of future humanity. At which point, Enlil had a sudden
insight and abruptly offered to Ziusudra to come and live with them, the gods,
which meant obtaining the quasi immortality of the Anunnaki.

For Sitchin, the accursation of Earth coincides with the arrival of a new ice
age, which the scholars estimate to have ended abruptly roughly at the time that
the Mesopotamian records set the Deluge. But this last ice age and the
accursation of Earth had in fact started earlier, in 73,000 BCE; regressive types of
man were roaming the Earth and harsh climate conditions had set in. The seven
shars of dire suffering (until 11,000 BCE) had been the climax of this gruesome
period. At the time Sitchin published his first book in the series of the Earth
Chronicles, in 1976, we would have been hard pressed to explain how a highly
evolved science could affect the climate in such a way as to withhold the rain and
dry up the springs and the underground aquifers, to the point of creating a
devastating drought. By now, the new technologies and the more or less secret
experiments and black programs, such as the HAARP (High Frequency Active
Auroral Research Program) facility in Alaska, have made us aware of the
potential for affecting climate in many ways. This task of establishing and
monitoring the drought was entrusted to the Anunnaki god in charge of weather:
the storm god Adad (the youngest son of Enlil), whose emblem is lightning. As
Sitchin explains it in The Lost Realms, Adad will be in charge of the mining of
gold in Central and South America, and will be called Viracocha, the storm-god
of the Incas.

This indeed had been exactly the scheme of Enlil, as described in the
Atrahasis:

“Let the rains of the Rain God [Adad] be withheld from above; below let the
waters not rise from their sources. Let the wind blow and parch the ground; let
the clouds thicken, but hold back the downpour.” Thereafter, “The waters did not
rise from their sources; the womb of the earth did not bear; vegetation did not
sprout.”

Secret military science and technology, through various means, is now able
to raise the temperature of a whole region in a very tangible way, or to trigger
bursts of lightning and storms to break up clouds in torrential rains in one area,
thus setting a drought in another region.
Enlil had assigned to different Anunnaki the task of setting the conditions for mankind’s starvation. He says, during the Assembly, in order to confound Enki: “I [had] commanded that in the Bird of Heaven Adad should guard the upper regions; that Sin and Nergal should guard the Earth’s middle regions; that the bolt, the bar of the sea, you [Enki] should guard with your rockets.” Thus the atmosphere and climate, the land, and the sea, were all monitored to create a terrible drought that was to decimate or destroy mankind. And let’s note that Enki was supposed to impede the people (his people that he calls affectionately “my humans”) from fishing and thus getting food from the sea by using rockets—flying machines with missiles, whose explosions would have made the fishes flee or die! That, in addition to the walls erected to ban access to the sea! It was really making war on one’s people.

the gods were keeping some resources for themselves, because apart from having to nourish themselves, Enki was accused of having acted to “let loose provisions for the people” and “supply corn rations on which the people thrive.” When Noah was imploring him to reverse or bypass Enlil’s orders, it was not because he himself was suffering from hunger (since he lived in the temple of Ea) but because the people over whom he reigned as a king and for whom he was thus responsible were doomed to bear dire suffering and hellish conditions without respite. Let’s remember though that not only the humans were dying from hunger, but also the cattle and wild animals, and the plants and crops had withered—so that of course the tragic ordeal of humanity had to reflect in diverse manner on the gods themselves, affecting not only their food supply, but their freedom to roam the land. As we know in psychology, the prison guards are themselves prisoners of the prison rules. The Anunnaki gods were thus limited in their own freedom and their ways and pleasures of living, by the drastic sanctions ordered by Enlil. But this was not affecting Enlil in the least, and we may wonder if he ever took any pleasure at anything, beyond his insatiable craving for power and for imposing his authority.

So here again, in this fifth act, the accusation of man and of Earth, and decreeing plagues and starving conditions aimed at decimating humanity, we see the wily Enlil using all the power he was endowed with as Commander of Earth, legal heir, and the first speaker in the Assembly of the Gods, to persecute humanity with the adamant will of erasing it from the face of the Earth.

And here again we see Enki twice coming to the rescue of mankind—even if it was after a long time had elapsed.

First, he stops the plagues and epidemics (obviously the Anunnaki were immune to these illnesses they set loose on humanity); henceforth Enlil sees his plans thwarted, and he complains, full of anger, to the Assembly that “The people have not diminished; they are more numerous than before!” (12th, 394).
And the second time, when Enlil sets up the new ploy of starving mankind through manipulating the climate conditions, Enki, then, under the cover of a staged revolt of all the earthlings against their gods, gets his own men to destroy the barriers and military blockade of the sea and rivers’ resources.

Note that the worshipping strike was in reality much more of a revolution than what we may ever imagine. At that time, the task of worshipping (a term, if you recall, that meant, in Hebrew, “working”) implied a lot of various tasks and services, such as tending to the needs of the gods and preparing their meals, servicing their temples, their abodes, and vast domains, making offerings of food (fruits, crops, fishes, animals to slaughter), as well as all the social and city tasks such as construction works, and agricultural and farming labor.

A recurrent theme in the tablets is the use of birds or whirling birds to go and meet other Anunnaki. There are very interesting depictions of what definitely resembles planes, just as the famous bas-reliefs found in Egypt, in the temple of Seti I (see fig. 4.1a and b). Another technology of the Egyptians is their famous lamps, the design of which is clearly painted on the walls of temples (see fig. 4.1c).

Many depictions show a kind of ladder within an enclosure or a frame, called Gateway to Heaven, that has the form of a winged pillar, or gate. The gateways are guarded by either two Eaglemen (the Igigi), or two lions, or else two serpents, and they represent, for Sitchin, the technology enabling the Anunnaki to access Nibiru by using a shem or spacecraft. The shem looks like a pointed rocket (and even one of its pictograms has the shape of an arrow) that is generally standing upward, pointed toward the sky. See for example this fascinating drawing, at figure 4.2, that shows a whole underground complex, quite technological (with its double enclosure and large wall extending both sides), with just the spaceship standing at the level of the ground, hidden by palm trees.

Enlil, the first ruler among them. Did he not have, since the building of the orchard in the east of Edin, the two royal Trees, symbols of the highest kingship? Was the building of such royal abode the sign that Anu had given him the reins of power? In Sumer, no god can build an abode-temple for himself or herself without the assent of the Assembly; the only god to have broken this rule was Marduk, with the Babel temple. Having one’s own temple signifies setting oneself as a worshipped god with followers—and you need at the very least to be part of the twelve Lofty Lords, the royals who have numbers attributed to them. Anu is the first, with number 60, Enlil following with 50, Enki 40

Enlil got the assent of Anu and the Assembly to build a new temple-abode as a garden in which to settle the emblematic two Living Trees as a status of King of
Heaven, and in which to settle the first lulu couple—a royal garden based on the sacred model of Anu the King’s own garden—then it would mean a lot (see fig. 4.4). It would imply (1) that the scepter of power was now in the hands of Enlil. Without displacing Anu as number 60, Enlil would nevertheless be the authoritative voice and the decision maker (the one “who decrees the fates”). It would also imply (2) that the “perfecting” of the lulus meant a civilization leap for the Nibirians as a civilization who has been able to partake in the creative power of the universe, and to seed intelligent life—a new sapiens phylum—on another planet.

Since most of our ancient customs, especially concerning religious rites, symbolism, and sacred geometry, were derived from the Anunnaki and the Sumerian civilization, it seems appropriate to decipher more recent customs in order to infer their roots in Sumer.

The historical data handed to us by the Anunnaki in Sumer are very stingy of information concerning their original civilization on Nibiru.

semantic energy, that is, consciousness-as-energy...It is the great fundamental force, self-organizing and negentropic—that is, creating more and more complexity and information. It self-organizes in a specific universe but systematically tends toward the development of superior Intelligent Civilizations. The semantic hyperdimension by itself and devoid of matter is also what exists in between material universes, at the origin and the end, what survives the terminal big crunch, with all the information of all beings contained in it—its planetary semantic field with all its memory (the Akashic records).

the Tree of Knowing (representing the new earthling genome); and he would access the status of his father, with the Tree of Immortality. It also explains why he would then be entitled to make for himself a new temple-abode in which to settle the emblematic First Couple and how, by virtue of the above, he would of course plant in it his new symbol of kingship—the two living Tree-gods.

Those two Trees were of course meant to be totally out of reach of the lowly creatures, yet they were bestowed on Enlil as a prize for the creation of the lulus. And this is why, with his boundless self-centeredness, Enlil decided to have the Trees towering in the orchard and proclaiming his grandeur, as much as the Couple was. We are left to wonder why is it that Enlil—with all his might—could not just solve the problem by putting a field of force, a barrier, or a ME setting a “field of supervision” as they had in some temples, that would have physically impeded the two earthlings from approaching too near the two Trees.

when Enlil at the Assembly assumes a prosecutor’s role listing Enki’s numerous instances in which he had “broken the rule”—such as feeding his starving
population—Enki, who had had enough, explodes in laughter and declares, in essence: Why should I raise my hands against my own humans? Enki is basically reminding the Assembly and Enlil in particular that he was the one, with Ninmah, who had, in effect, perfected the humans, that he was the true father and lord of mankind, while Enlil had only taken the glory of it onto himself. Were the gods moved to the point of putting Enlil’s autocratic so-called rule in question? Not at all; only a moment of doubt settled, quickly shaken because they give the highest value to the hierarchical system, and this system is unshakable (at least that’s what they want to believe).

In this context, a worshipping strike is no small feat! Interestingly, it sets Enki as the archetype of the trickster! And we know that this archetype is very extent in many cultures, notably the Native Americans MHR LOKI / LOGE

Having sworn not to disclose the impending catastrophe to humanity, Enki then finds a subterfuge so that Ziusudra gets the information, without formally breaking his oath. He talks to the reed screen behind which happens to be Ziusudra/Noah (see fig. 4.5). He is in fact reporting to him what happened in the Assembly:

[Reed screen, reed screen!] Pay attention to my instructions.
On all the habitations, over the cities, a storm will sweep.
The destruction of mankind’s seed it will be....
This is the final ruling, the word of the Assembly of the Gods. (12th, 395)

This is of the greatest importance for us, because we see that Enki is letting mankind know (also via the written text) not only of the political organization of the Anunnaki, but also of the decision concerning humanity and Earth. He could have saved Ziusudra without explaining all this; but he is always treating the earthlings on a near-equal footing.

Then he goes on explaining to “the reed hut” how to build a magurgur—a boat that can turn and tumble, a submarine—providing the measurements and how to use bitumen to make it waterproof. He will send a pilot to drive the boat precisely toward Mount Ararat, the highest peak (in fact, twin peaks) of the whole region.

On board the spaceships the Anunnaki stayed in orbit for 150 days. They were anguished, distressed, and heartbroken while observing the absolute disaster happening below. The Atrahasis recounts how Ninmah/Ninti couldn’t stop weeping and lamenting over the overwhelming death of her children, her “created.”
The goddess saw and she wept . . . her lips were covered with feverishness . . . “My creatures have become like flies, they filled the rivers like dragonflies, their fatherhood was taken by the rolling sea.” . . . Ninti wept and spent her emotion; she wept and eased her feelings. The gods wept with her for the land. She was overcome with grief, she thirsted for beer. Where she sat, the gods sat weeping, crouching like sheep at a trough. Their lips were feverish of thirst, they were suffering cramp from hunger . . . Ishtar cried out like a woman in travail: “The olden days are alas turned to clay.” The Anunnaki gods weep with her. The gods, all humbled, sit and weep; their lips drawn tight . . . one and all.

Apparently the scale of the disaster and the duration of the flooding of the whole Earth, had been far beyond their estimates. By now, Anu had called upon the Anunnaki to retreat back to Nibiru. But the Anunnaki who had chosen to remain in orbit now realize how strong is their bonding both with the planet and with the earthlings. In one craft, they debate about whether to follow Anu’s orders. Ninmah speaks against it, she doesn’t want to save her life while her “created” are dying.

The only one not in disarray, still happy with himself, the only one not to have realized that they had lost everything and that they would have to start again from scratch, the one responsible for all, because he is their chief, and yet who hadn’t been able to plan ahead of the catastrophe—neither enough food and drinking water in their orbiting spacecrafts; nor reserves of food, of grains, of animals, hermetically protected, on the highest peaks of Earth; nor the preservation in waterproof containers of the utmost accomplishments of the Sumerian civilization, its libraries of books and historical records from the time of the first landing to the time of the Deluge—which is counted in the Sumerian archives as 120 sharsh, that is 432,000 Earth-years.

They have soared above the immense ocean of water and mud covering the whole Earth (which they have seen from above) and have finally landed on the side of the twin summits, the sole rare land around Sumer to have yet emerged out of the total disaster . . . and yet, the only one to have retained enough self-confidence and high spirit to get into a fit of rage when he discovers a survivor, is of course Enlil.

We have seen how it took Enki to make him start thinking in a reasonable way—or thinking at all—to realize they couldn’t themselves thrive as a civilization on Earth without the earthlings. That they now need help to reconstruct everything—they need the workforce of the fast-reproducing earthlings. Enki also presents Ziusudra as “exceedingly wise”—the Atra-Hasis man who has been able to “read the signs” and forecast the Deluge, the one of scholarly knowledge, a trained scientist, a king and priest, initiated in the sacred
knowledge. And Enlil then gives to Ziusudra/Noah the command to multiply. Later, he will take him and his wife to live in an abode of the gods. After being given the plant of immortality, both will become near-immortal like gods.

The rebuilding of their civilization must have proven an immense undertaking. At first, the most pressing issue being to have food, they started agriculture in the Zagros Mountains surrounding Sumer, since they had become free of water earlier (we have found there what we consider to be among the first signs of growing crops on Earth around 10,000 BCE). The mud had accumulated so much in the plain of Sumer, with the course of the two rivers altered and spreading all around, that it took an enormous time for it to become solid ground again. So new space facilities were constructed in the Sinai and Egypt regions, with an overall identical geometrical plan, this as early as 10,500 BCE—with the Ekur (Great Pyramid), the spaceport in the Sinai, and a new Control Center on Mount Moriah (the future Jerusalem). As for the most holy cities of Sumer, they started to be reconstructed only around 3800 BCE, Enki’s city, Eridu, first, and then Nippur, Enlil’s city. The temples of the gods were rebuilt according to the exact same architecture, orientation, and measurement.

Berossus tells us that Enki instructed Noah to collect any writing he could get his hands on in Sumer, so that they could be preserved. And Ninmah will gather databanks of seeds and genomes—one she’ll bury in Baalbek and another will be for the ark. But nothing else of the kind seems to have been done by other gods.

Given Enki’s and Ninmah’s power of anticipation, if they decided to save the seed of mankind and the genomes of the living, it is perfectly logical to surmise that they applied the same effort to salvage their work and that of Marduk and Hermes in the domains of science, architecture, the knowledge of the MEs, technology, history, historical records, and all written materials (on stone or clay tablets)—a legacy of intelligence that spanned the even longer time of 434,000 years. It is wholly improbable that Enki and Ninmah, and especially the young genius Ningishzidda/Hermes, would have done nothing to preserve the knowledge and records they and others in Sumer had accumulated.

In fact in the Greek version of the Great Flood, there is an operation mounted for salvaging the books. Let’s remember that the Greek scholars got their science from Egypt, where they were initiated by the priests, and that the priest and historian Berossus was Greek. Berossus’s version of the Deluge has reached us via the Greek scholar called Abydenus, and in it, Noah, King of Erech, is the King Sisithros (or Sisithrus), tenth ruler before the Deluge (just as in the scriptures), and the god who warns him is Cronos (or Kronos): To him [Sisithrus], the deity Cronos foretold . . . that there would be a deluge of rain; and he commanded him to deposit all the writings whatever which were in his
possession in the city of the sun in Sippara. (Smith, The Chaldean Account of Genesis, 47)

The time when the Deluge had been forecast to happen is the same as the one given in Sumerian tablets, and in the Book as well, as being on “the second month” of the year.

Now, Sippar is the city of Shamash, whose celestial counterpart is the sun, thus it is “the city of the Sun” and its spaceport was directed by this god. We see in this Greek text many other congruent details with both the Sumerian and the Book accounts, such as Mount Ararat, the release of birds, and going back from Armenia to Babylon. It is especially eloquent to find the right Sumerian names of the god and of the spaceport in Sippar. So that all the way from Sumer to Egypt and then to Berossus (third century BCE), himself quoted by Abydenus, a disciple of Aristotle (fourth century BCE), the right names of gods, cities, and the same historical accounts were given.

There are two discrepancies; the first one is that Sisithros has to collect and save books and bring them to the spaceport—that of course must have been incognito, since Enki/Cronos is not supposed to have warned Sisithros. At the spaceport in Sippar, the remaining Anunnaki, at the signal of Shamash, were to launch their spacecrafts and get in orbit around Earth. So bringing the books to the spaceport would thus mean that Enki was going to take them aboard his own spacecraft—and indeed, he seems to have disappeared while the other gods are described wailing and crying in at least two spacecrafts. The other incongruent detail is that Cronos orders Sisithros to “sail to” Armenia (Mount Ararat). In the Sumerian account, Ziusudra is in a submersible and a pilot was sent by Enki to drive him and his family to Mount Ararat. Enki had said, “Let the boat be a Ma.Gur.Gur—a boat that can turn and tumble.” The Akkadian text, says Sitchin, describes a boat “roofed over and below,” hermetically sealed with ‘tough pitch . . . so that the sun shall not see inside . . . like an Apsu boat,’ a sulili.” Sitchin remarks that the term sulili used to describe the boat “is the very term used nowadays in Hebrew (soleleth) to denote a submarine” (12th, 396). Furthermore, Ziusudra is given a container with the genomes, the “Essences of Life” of all the living on Earth—so he does not collect the animals himself (as in the Book version).

there is one Sumerian text pointing to a retrieving of MEs by the Enkiites from Marduk’s temple ahead of the Deluge; it is part of the Erra Epos describing how Nergal destroyed the waterworks of the underground control chamber of the Esagil. At one point of their heated discussion, Marduk confronts Nergal about the disappearance of a load of MEs and sacred objects and Nergal’s inability to account for them. These are the “Instrument of Giving Orders, the Oracle of the
Gods, the Sign of Kingship, the Holy Scepter which Contributes Brilliance to Lordship, the Holy Radiating Stone which Disintegrates All . . .” Where were they? asked Marduk

Nergal promises Marduk to return the MEs providing Marduk agrees to leave Sumer and come fetch the MEs in the lower Abzu (the Land of Mines). So the antediluvian temple in Babylon had been emptied of its MEs (or some of them) before the catastrophe, and Nergal had done that—he had taken the MEs to the lower Abzu and hadn’t returned them. (Incidentally, it means that even though Nergal could steal MEs, it didn’t follow that he would grasp how they worked. Marduk, in fact, had to explain the consequences of tinkering with his waterworks MEs clearly to him.)

Could Nergal, retrieving the MEs from Marduk’s Esagil temple before the Deluge, have been part of Enki’s plan to save major items of knowledge and technology and hide them in Africa?

Could Enki have enrolled even the least trustworthy of his sons for this gigantic salvaging operation? Was Marduk at that time involved in another part of the plan requiring his utmost attention, actions that he deemed more important than his own MEs of power from Sumer? What could it be? Obviously he wasn’t salvaging anything from Sumer (neither books, nor rare objects), for in that case, being on site, he would have also taken his MEs. What could be more precious to him than securing the life of his beloved earthling wife and the wives of the Igigi, and of all their children, by taking them to a secret and safe place? Meanwhile Enki and Ningishzidda would have salvaged the books and gathered the MEs from Egypt, while Ninmah gathered the Essence of Life of all animals and plants, drawing on her data banks in Baalbek and in the Abzu. One sure place to hide small things like MEs would have been the Great Pyramid, unshakable and hermetically closed.

We know Enki and his sons are not present in the spacecraft of Ninmah or that of Inanna. And of course he was not with Enlil and Ninurta who will arrive separately on Mount Ararat. Where was he? Our best guesses are a high and hollow mountain in the Abzu, constructed as a hermetically sealed fortress (and we know that Ninmah’s laboratory there was set in a hollow mountain) or else a space base outside Earth, on the moon or on Mars. The problem with the Mars Way Station—the interplanetary spaceport where the spacecrafts were launched or landed when Nibiru was near its perigee—was that it was at the moment crowded with all the Anunnaki who had decided to go back to Nibiru just before the giant wave swept. Not exactly the right place to conduct stealth operations. The most likely places for Enki’s family to stay safe during the Deluge, and for hiding the Igigi families and all the gathered books and treasures, are either a secret Lunar Station or a secret facility on a high summit on Earth.
Zecharia Sitchin infers from the abnormally high rate of dysfunction and/or loss of surveillance systems on the diverse Mars surveys and missions, that the Anunnaki have kept a presence on Mars, “if only robotic.” He has been pivotal in revealing two major events about which there was a total denial and blackout from the world space agencies and that ushered in not only the international cooperation for space research, but the end of the Cold War (Days, 302–6).

The first incident was the discovery in 1983, of a Neptune-size planet at the edge of our solar system. The discovery was made by IRAS—NASA’s Infrared Astronomical Satellite, which explores and surveys space via the detection of heat (infrared) of celestial bodies or whatever objects. The IRAS was, at the time, looking for a tenth planet beyond Pluto to explain the gravitational anomalies of Neptune’s and Pluto’s orbits. The alarmed space agencies immediately focused on this body and six months later found that it had moved: it was actually coming toward us! (Moreover, they knew now it was a planet.)

2015, called Planet Nine, whose gigantic but very elongated elliptical orbit around our sun takes about ten thousand years. Planet Nine is a rocky planet like ours, and it is not in the same ecliptic plane, and thus it crosses the latter twice at each of its revolutions—just as Nibiru was called “Planet Crossing.” Now, if it had something to do with Nibiru, then its real orbit would be about three times longer than the one estimated by Sitchin.*6 To get back to the 1983 observation, an immediate change of global U.S.-Soviet politics happened immediately afterward, with a meeting between the two heads of state, Reagan and Gorbachev, and a new cooperation for space. That’s when President Reagan, talking about Gorbachev and pointing at the sky, uttered his famous sentence in front of the United Nations:

Just think how easy his task and mine might be . . . if suddenly there was a threat to this world from some other species from another planet outside in the universe. . . . I occasionally think how quickly our differences would vanish if we were facing an alien threat from outside this world.

Then in March 1989 the second event happened, called the Phobos Incident. Two Soviet probes (called Phobos 1 and Phobos 2), had been sent in 1988 to explore Mars and its strange moonlet Phobos—strange because it was possibly hollow. The first one vanished and no explanation followed. As discussed by Sitchin in The End of Days, the second, on orbit around Mars, started sending two sets of photos (with a regular camera and an infrared one) when suddenly there appeared the “shadow of a cigar-shaped object flying in the planet’s skies between the Soviet craft and the surface of Mars,” described by the mission chief as “something which some may call a flying saucer.” They directed Phobos 2 to approach the moonlet up to a distance of 50 yards. “The last picture Phobos 2
sent showed a missile coming at it from the moonlet. Immediately after that, the spacecraft went into a spin and stopped transmitting—destroyed by the mysterious missile.” Hardly a month later, in April 1989, the secret commission with representatives of all leading nations (born after the first incident) formulated a “Declaration of principles concerning activities following the detection of Extraterrestrial Intelligence” which stipulates the procedures to follow in case a signal would be received—namely to delay the disclosure for at least twenty-four hours before a response is made. As concludes Sitchin, “the preparations were for a nearby encounter”; in his eyes it does “indicate that the Anunnaki still have a presence—probably a robotic presence—on Mars, their olden Way Station” (Days, 305–6).

Around 4000 BCE, Anu and Antu visited Earth and an Assembly was of course convened. Anu, presiding over the meeting, introduced Enlil’s accusation that Enki could be withholding sacred knowledge for himself. This, the tablets say, happened after Enki had rebuilt Eridu with his stunning new temple-abode the E.En.Gur.Ra (“House of the lord whose return is triumphant”), guarded by the “Bull of Heaven.” The text Hymn to Eridu (translated by A. Falkenstein) describes the travel of Enki to attend the Assembly during Anu’s visit, then the deliberations. Anu addresses the Assembly:

Anunnaki gods, who to the Court of Assembly had come! My son had for himself a house built; the Lord Enki, Eridu like the mountain on earth he raised; . . . In its sanctuary, from the Abzu, the Divine Formulas Enki has deposited.

Says Sitchin: “Enlil’s complaint [was] that Enki was withholding from the other gods the ‘divine formulas’ [the MEs]—the knowledge of more than one hundred aspects of civilization—confining advancement to Eridu and its people only. . . . It was then decided that Enki must share the Divine Formulas with the other gods, so that they, too, could establish and reestablish their urban centers: civilization was to be granted to the whole of Sumer” (Wars, 194; my emphasis). So basically, we see a quite novel political situation after the Deluge. Enki has had in his possession all the MEs, all the aspects of civilization, and didn’t give them out for a long while! Only now, on the order of Anu, will he be obliged to do so. Furthermore, the space facilities in the Sinai, Egypt, Baalbek, and Mount Moriah (the future Jerusalem) are for the most part under the control of the Enkiites, given that after the First Pyramid War, Seth (Ra/Marduk’s son), who had fled Horus’s vengeance and invaded Canaan, invested the spaceport in Sinai and the Control Center on Mount Moriah. And then it was Ninmah’s new territory, since after the Second Pyramid War, she has directed the space facilities in the Sinai.
All this means that, with the Deluge and the role Enki had played in safeguarding not only the seed of humanity and of the living, but also the technomagical, literary, and historical lore of their civilization and of humanity, a major political shift had occurred. Enki has reconstructed his temple immediately, but Eridu is the only rebuilt city. The other destroyed temples and cities have to be rebuilt along the same geo-architecture they had before the Deluge, but who has the plans? The sacred geometry knowledge? The MEs of these technomagical sciences? Of course Ptah/Enki, “the measurer of the Cord”—a title that will be transmitted to Thoth/Ningishzidda/Hermes and his elder sons. We can surmise from this information that Enki did hide more than the MEs in Africa ahead of the Deluge, certainly all the books and the sacred knowledge and the objects and emblems of power. And this is in accordance with his reputation. Thus, when Enlil gets in a rage at discovering the ark and that one earthling, Ziusudra, has survived, “he was filled with wroth [wrath] against the Igigi gods”; but Ninurta points an accusing finger toward Enki/Ea: “Who, other than Ea, can devise plans? It is Ea who knows every matter!” (Encounters, 104).

Somebody had indeed safeguarded and preserved more than the seed of humanity and of the living. Enki and his clan had. And thus when Cronos/Enki orders Sisithros/Ziusudra to gather all the books from Sumer at the spaceport, maybe Enki didn’t direct his spacecraft to get into Earth’s orbit, but toward a hidden refuge in Africa that he could have conceived to be safe from the giant wave and storm. We have a text showing clearly that Marduk/Ra was involved in architectural and engineering works related to space facilities (and this knowledge involved of course sacred geometry as well as numerous MEs). A stela erected near the Giza Sphinx refers to Ra as the “Extender of the Cord” (the architect) of a hidden place housing his shem or “Bird” (incorrectly translated prior to Sitchin’s decipherment, as a “name”)—that is, of a facility from which he could take off with a craft.

Thou hast built for thee a place protected in the sacred desert, with hidden name [shem] . . . Thou art rising beautifully . . . Thou art crossing the sky with a good wind . . . Thou art traversing the sky in the celestial barque.

Marduk and Thoth were, like Enki, architects and engineers. Marduk, in charge of the space station on Mars, could also have built a secret facility to hide the books there or on the moon.

But now, after the Deluge, that the real power (that of the MEs and the control of the space facilities) has been shifted toward Enki, Ninmah, Ningishzidda, and Marduk, does that change the hierarchy in the royal family? Not at all. Did anybody acknowledge the debt they all owe to Enki? Not in the least. The only thing the Enlilites could think of was war to regain control
Enlil, in the following millennia, would only bring to the Anunnaki, to mankind, and to planet Earth, more of the same: more war, more devastation, more suffering, and more aberrant decisions and governance. Moreover, as time goes by, he will be progressively even more autocratic, replacing Anu as the first speaker and most influential god in the Assembly. But now let’s see his next grand act

Enlil Destroys Marduk’s Babel Tower and Forces Disunity on Mankind

Between the Deluge (11,000 BCE) and the Tower of Babel crisis (3450 BCE), two wars were fought between Enlil’s children and Enki’s children. The First Pyramid War started about four hundred years after Ra/Marduk had handed over the kingship of Egypt to his two sons Osiris and Seth (equally qualified to be kings) by dividing the territory between the north (Lower Egypt) given to Osiris, and the south (Upper Egypt) given to Seth. As we know well, Seth will kill Osiris and dismember him in 9330 BCE, setting his wife and half sister Isis on her quest to make his body whole again. When grown up, their son Horus will start a war against Seth and vanquish him. Seth will then flee to the Sinai and Canaan, conquering the regions and establishing his reign there. But that gave the Enkiites control of all the new space facilities, and the Enlilites will launch the Second Pyramid War, at the end of which Marduk is imprisoned alive in the Great Pyramid; Ninmah intervenes and brokers peace between the two clans. Marduk is rescued and Ninurta loots the Ekur—the Bond Heaven-Earth—of all its MEs and its technology. A new Assembly of the Gods divides the Earth into four regions, and Inanna is given the fourth, the Indus Valley. In Egypt, Thoth’s reign starts in 8670 BCE.

Then, as related in the Epic of Etana, it is around 4000 BCE (at the same gathering of the Assembly in which Enki was confronted as possessor of the MEs), that the great Anunnaki decided to lower kingship and establish the function of Lugal, simultaneously king and High Priest, transmitted to their descendants, and lines of queens and High Priestesses as well. At the beginning all of them were of mixed Anunnaki-earthling parentage, then later, the royal and priestly functions will be held by different individuals, sometimes by extraordinary earthlings.

New cities are established to be the capital of the empire, governed by these demigods or Earth-human kings and queens (but still under the control of the Lofty Gods). The first one is Kish (3760 BCE), the town of Ninurta. It becomes the administrative capital while Ur, the city of Nannar, will rise as the commercial capital. The symbols of human kingship (and we may surmise they are MEs) are the Tiara, the Crown, and the Shepherd’s Crook. Let’s note that here again we see in Sumer the roots of the symbolism of both royalty (with the
Crown) and of priesthood with the Tiara and the Shepherd’s Crook that are still the emblems of the popes. The Sumerian King List describes how the kingship on Earth kept moving from one city to another, from Kish to Erech, then to Ur. Biblical texts add Babylon as the second capital.

It is in this context that the construction and then destruction of the Babel tower happens. In the words of the historian Berossus:

The gods introduced a diversity of tongues among men, who until that time had all spoken the same language.

And he goes on describing what the biblical texts refer to when all men formerly spoke the same language, some among them undertook to erect a large and lofty tower, that they might climb up to heaven. But the Lord, sending forth a whirlwind, confounded their design, and gave to each tribe a particular language of its own. (Wars, 198; my emphasis)

For Sitchin, there is a common source for the largely similar descriptions of Berossus and the Book, and he points to the cuneiform Akkadian text (called K-3657) that George Smith discovered in Ashurbanipal’s library in Nineveh and translated in his 1876 first book (The Chaldean Account of Genesis). Out of six columns of text, Smith salvaged four of them. Text K-3657 was retranslated by W. S. C. Boscawen in Transactions of the Society of Biblical Archaeology, vol. 5. Drawing from Boscawen’s translation, Sitchin remarks,

“The thoughts” of this god’s heart “were evil; against the Father of the Gods [Enlil] he was wicked . . . the people of Babylon he corrupted to sin,” inducing “small and great to mingle on the mound.”

We have here a most extraordinary statement! The great “sin” of Babylon (and Marduk) was to promote brotherhood between all people—whether small or great! This is what has been transcribed in the Book as the foolish hubris of Babylon willing to surpass the might of the deity, and as a unity of tongues (or counsels) before, rightly angered, the deity ordered “their counsels to confuse.”

As often happens in the tablets, the very name of the god who is implied (whose “heart’s thoughts were evil”) has been damaged. This is another question to consider in due time: Were the damages to the Sumerian and Akkadian tablets sometimes showing intentional and deliberate sabotage? And the fact is, we can see clearly such an intentional erasing of words on several tablets whose photos are presented in Leonard King’s Babylonian Magic and Sorcery. Several tablets show groups of words neatly erased in a way that follows the lines too tidily to be natural damage (see for example King’s plates 31, 38, and 40). At what time did this sabotage occur—in Sumerian times or since the discovery and unearthing of the Ashurbanipal’s library in Nineveh (credited to Austen Layard) in 1849? And
by whom was it performed and on whose orders (an individual or a group)? Of course we now have so many tablets and texts to piece together (the British Museum’s collection amounts to 31,000 tablets just from the Ashurbanipal’s library) that we well know who was the god who built Babylon and his own abode-temple there, Marduk/Ra, firstborn of Enki.

The name Babylon is Akkadian and means “Gateway of the Gods,” which Sitchin interprets as “the space by which the gods were to enter and leave Sumer” (Wars, 199). In essence, such Gateway in Marduk’s temple would thus be a private or alternative spaceport, with a Bond Heaven-Earth. The head or control room (the holies of holies always set on the highest platform of the ziggurat) was to enable him to reach or (as says Berossus) to “climb up to heaven,” that is, to communicate and to monitor space flights between Nibiru and Earth, as well as to monitor space flights on Earth.

Ptah/Enki and Ra/Marduk have brought into existence in Egypt a novel and quasi-independent civilization that was free from the edicts and blinkers of the ancient Nibirian civilization and far enough from Enlil’s grip to develop on its own. Yet Marduk (just as Enki or Ninmah) still wanted to have a strong presence in Sumer, to have his own temple with his own technology. Even if they were, by now, pretty assured that the Egyptian civilization was going to supersede the decadent Sumerian one (still in the process of reconstruction) the world politics were nevertheless spinning around Sumer and also Anu on Nibiru. Marduk wants for his temple Esagil the best of the technology they have perfected in Egypt—above and beyond its sacred geometry “measurements.”

Let’s remember the Erra Epos text, which I partly analyzed in DNA of the Gods, and in which we saw Nergal destroying the waterworks of the underground control chamber of the Esagil. Erra/Nergal, while praising Marduk, remarks that his Esagil temple “the abode of Anu with darkness it covers” (Wars, 252). In other words, its very magnificence angers the other gods. At this point Marduk explains the new conditions prevailing since the Deluge:

In the aftermath of the Deluge, the decrees of Heaven and Earth had gone astray. The cities of the gods upon the wide earth were changed around; they were not brought back to their locations . . . As I survey them again, of the evil I am disgusted. Without a return to their [original] places, mankind’s existence is diminished . . . Rebuild I must my residence which in the Deluge was wiped away; Its name [I must] call again.

We have here an inkling of the kind of sacred architecture Marduk had in mind while building his temples (in Babylon and Egypt). We have also to underline that the evil in Marduk’s eyes is the nonconformity of the new cities and temples with the sacred measurements, architecture, locales, etc. Nothing to do, whatsoever with the evil in Enlil’s mouth—which just signifies whoever is
disobedient, therefore the enemy—and everything to do, in contrast, with his knowledge as Ra in Egypt.

When the Babel tower’s destruction happens, in the middle of the fourth millennium BCE, the reconstruction of the olden cities, which started (apart from Eridu) only three centuries earlier, is still going on. It means that the Deluge and Enlil’s blindness during this fateful event are still haunting memories. Just as he had done in Egypt, Marduk wanted his new Esagil—the Tower of Babel—to have a state-of-the-art landing strip on the roof and a protected hangar for his flying bird, just as Enlil, Ninurta, Inanna, and Ninmah had in their own temples. But he wanted also the communication technology working both on Earth and through space—the Bond Heaven-Earth. In fact the name Esagil spells it all, since it means “house whose head is lofty.” As Il or El means “lofty, lord, divine,” the tower’s name can be understood as “whose head is reaching Heaven.” And this is why the Book’s version speaks of a group of people intent on constructing “a tower whose head shall reach unto the heavens.” Marduk, we know, intended for his city to be the next capital of Sumer after Erech, but Ur had been chosen. At that point, he decided to nevertheless build his own great temple

Enlil seeks the support of his own father, thus putting him on his side (the real “father of the Gods” by the way, thus already belying the earlier attribution), then he tries to set Marduk’s mother against her son, to no avail. Finally, in a negotiation stance quite out of character, Enlil tries to persuade the workers busy on the site to stop their work. To do that, he is described as getting aloft in his “whirlwind” (a sort of helicopter, as we have seen) and speaking to them from above . . . to no avail, either.

And now he gets into a destructive fit. These sentences (Wars, 199) are all in IF:

To their stronghold tower, in the night, a complete end he made. [IF]

In his anger, a command he also poured out: to scatter abroad was his decision. [IF]

He gave a command their counsels [languages] to confuse . . . their course he stopped. [IF]

Enlil (just as the deity of the Book) generally does not lose time negotiating; the judgments are immediately followed by violent and lethal action. After the failed attempt at stopping their work, he thus destroys the construction with great violence.

Then he punishes not only Marduk’s people but the whole of humanity with a sort of curse: from now on, there will be a language for each tribe and it will be impossible to communicate easily.
The Akkadian text ends up with a moralistic lesson (all in MF):

[Because they] against the gods revolted with violence, [MF]
violently they [were crushed and] [MF]
they wept for Babylon; very much they wept. [MF]

Of course we remark the addition of a perfect lie: “they revolted violently”—this is not at all the case; they just constructed a tower. And in the Book the idea seemed to have come to them spontaneously while traveling—which is an impossibility when we consider on the one hand the size of the temple, and on the other hand the care with which sacred buildings were conceived and constructed on sacred geometry.

But we see that lies do not matter if the objectives can be achieved. And these crucial objectives are: (1) put the responsibility of the fault on the competitor or enemy by showing his “abominable sin,” (2) set a reason for god’s wrath—the sin—so that the punishment (however severe) is merited, (3) let the wrath of god strike and smite his enemies, so that all will fear god.

So we have here a Mesopotamian text retrieved from Nineveh (the capital of Assyria), written in Akkadian, and that expresses the same semantic field bearing a moralistic framework—judgments of sin and wickedness projected on the competitors, distorting the truth to rationalize violent and warlike actions on the part of the chief of the gods on Earth.

In this text Enlil has already become the “father of the gods” in the place of Anu, and in the Book, Enlil will be further transmuted into a plural-singular (becoming the unique voice of all). And the final abstraction will lead to a sole and unique god—who has lost any sign of his human species (of his parents, family, spouse, and children) and of his human or too human psyche, with its feebleness, shortcomings, enormous past mistakes, and despotic and violent drives.

the Book account is remarkably similar to that of the Akkadian tablet, which predates it by about two millennia, both in terms of the psychological profile of the deity, and in terms of the violent events.*7
At the beginning is a group of nomads: “And as they travelled from the east, they found a valley . . . and they said unto one another: ‘Let us make bricks.’” Then somebody throws the idea: “Come, let us build us a city, and a tower whose head shall reach the heavens” (MF). So the stage is somewhat cleared of all Sumerian civilization and competitor gods: there are no cities (which were already in bricks), no other gods with their own claims and rights at constructing a temple-abode; there is no preset hierarchy in the royal family, nor feuds. Only a band of brainless nomads with delusional pride, whose foolish desires were to “reach the heavens” and therefore to be the equal to God. Thus is spelled out in the introductory phrases the necessity for the deity to reinstate his authority by severely punishing them. Yet, for now, the deity just comes down to watch: “And Y. came down to see the city and the tower which the humans were building” (MF).

Here again the past is erased. Of course Enlil knows about Babylon and Marduk’s claims. The deity nevertheless has to “come down”—the implication being that his throne is geographically in the upper spheres of “the heavens,” thus reinforcing the suggested threat. Why would an omniscient god need to displace himself to see? Also, the builders are just “humans”—the distanation of God from the “human ants” is complete. This is setting the stage to overamplify the enormous pride and sinful hubris of these pitiful humans. If they were so pitiful and inept, they would be unable to build a tower, and why would the deity then go to the trouble of smashing the construction? As Sitchin points out (Wars, 197; my emphasis):

And [the Deity] said to unnamed colleagues: “This is just the beginning of their undertakings; from now on, anything that they shall scheme to do shall no longer be impossible for them.” [IF]

And Y. said to his colleagues: “Come, let us go down and confuse their language, so that they would not understand each other’s speech.” [IF]

Then the Lord “scattered them [IF]

from there all over the face of the Earth, [MF]

and they ceased to build the city.” [IF]

the jealous and paranoid Enlil, forever fearful that the Earth-humans will supersede the Anunnaki. With this fear, Enlil is projecting much more power on the earthlings than they could possibly get (nothing will “be impossible for them”)—and this Informational Framework is totally at odds with the Moralistic Framework that aims at systematically belittling and reducing the earthlings to endemics sinners in constant need of a shepherd and of a severe father.

We recognize easily the semantic style, and the pathological dread, of the person who already said, in the garden of Eden: “Behold the Adam has become as one of us . . . and now might he not . . . partake also of the Tree of Life . . . and live forever?”

The Babel tower statement, while exaggerated, is nevertheless very interesting, because Enlil, despite all his fear, seems to have a hunch about what will eventually unfold on Earth in a very distant future. In our time, in effect, the Earth-born human species will have a science and a civilization that will match the ones of the Anunnaki, and that will eventually unravel and decipher the story of its origin—thus remaining aloof from it and winning its own freedom from this very past

MHR EN-KI LO-KI ... VS EN-LIL (MHR EV-IL) ... ENLIL IS YHWH, IS THE JEW WORLD ORDER CULT MENTALITY ... ENKI THEN MARDUK ARE OUR FRIENDS, THE GOD WHO GAVE US FIRE IN OTHER MYTHS...OUR HELPER...

The people in Babylon [Marduk] corrupted to sin [inducing] small and great to mingle on the mound.

It was much more than a tall and sophisticated building that Marduk had started. In this “house like a mountain,” in this temple in the shape of a pyramid, Marduk had launched a novel community, a brotherhood of knowledgeable and initiated individuals. Maybe on the model of what he and Enki had already
launched in Egypt. It is also evident that this brotherhood was including men and women—because Anunnaki women were also scientific geniuses of the first order, such as Ninmah of course, but also the geologist Ereshkigal (Inanna’s sister).

Let’s remember that Marduk loved deeply his earthling wife Sarpanit; as I have proposed, it is highly probable, given Marduk’s propensity to actively oppose Enlil’s rank and decisions, that he and the Igigi living in the Mars or moon facilities with their wives (the carefree Igigi, able to contravene Enlil’s orders) had saved their wives and kids from the Deluge. They had all the knowledge necessary to do that: they knew the diverse bases and how to run them, and they had the control of the spacecrafts.

So this is what doubly enrages Enlil: that he saw this community of questers, speaking one language, but more importantly, living in harmony, in search of knowledge, of “solving secrets.” That, and their willingness to explore the universe (via the Esagil’s own astronomical Bond Heaven-Earth and communication channels). They had access to a knowledge that reached far, and that was aiming far beyond their original planet Nibiru and its deliquescent political system (which had proven itself to be not only nonsensical but lethal to an intelligent civilization).

It is quite evident that destroying the tower in Babylon did not in the least destroy the community, neither in Sumer nor in Egypt and Africa at large. And this brings us to the most nagging question, the one piece of information that has been totally and hermetically erased from all the texts, whether edited monotheist ones or Sumerian records of the Anunnaki: What did the Nibirians know about the universe and other intelligent civilizations out there?

What was the parent monotheist religion really trying to do (or to hide) when they constructed a nonhuman, abstract entity who was said to have created the universe, but had in fact only optimized a human species on a tiny planet, while all the stars shine at us in all their billions of billions of sparks?

Why did the narrators set the course of hiding from women and men their true origin, when it had been a fact of life for the Adamic societies to live next door to the Anunnaki and interact with them?

Terah, the father of Abraham, was the High Priest of Enlil in Nippur, the most sacred city and first capital of Sumer, created by and dedicated to Enlil. Indeed, Abraham’s first Sumerian name Abram meant “dweller of Nibru.Ki”—that is Nippur in Sumerian. Then Terah went to live in Ur, the new capital, the city of Nannar, heir of Enlil, when this god was given the spiritual and administrative tutorship of the two cities, corresponding with the crowning of King Ur-Nammu. Then in 2096 BCE, the King Ur-Nammu, battling in the East on a mission for the
gods, died by accident—he who had been the protégé of several gods, especially Enlil and his firstborn Nannar. The population felt that, in a manner impossible to fathom, the great gods had left their protégé to die, they had abandoned him—they who were almighty didn’t care to interfere and save their chosen king, one who was only doing their will. An immense deception and questioning emerged in the minds of Sumerians about the very Chief of the Gods, Enlil, clearly expressed in the tablets.

This very year, Terah moved with his family—notably the young couple Abram (Abraham), twenty-seven years old, and his wife and half sister Sarai (Sarah)—to Harran, a town that stood on the Euphrates river in Hittites land, to the northwest of the land of Sumer . . . as if in preparation for the dire catastrophe that was to come and erase Sumer. When Abraham was seventy-five, he was instructed by the Deity to leave Harran and go south, and he left with his wife and his nephew Lot, whose father had died. It is at this occasion that we can surmise that Abraham—a Sumerian from Nippur and first son of the High Priest Terah (of Enlil’s Nippur temple, then of his Ur temple), thus already raised to be the next High Priest—being childless, chose Lot to be his adopted son, through whom the priestly line was going to pass. The move happened twenty-four years before the use of nukes that destroyed five towns in the Sinai plain and then the whole of Sumer through the ensuing radioactive cloud—but Abraham’s line of High Priests of Enlil was spared

MHR AND SO WE SEE THAT THE CULT OF JUDAISM IS A PRODUCT OF ENLIL’S INFANTILE TYRANICAL LESAE MAJESTIE GENOCIDAL TANTRUM PERSONALITY ... PERSONIFIED AS YHWH... THROUGH ABRAHAM ...

It was an Assembly of the Gods that approved the use of nukes to destroy Marduk and his son Nabu. It is noteworthy that, as Mesopotamia (Sumer and Akkad) was destroyed in near totality, all the Anunnaki who had their cities and abodes there (mainly the Enlil’s clan) lost the near totality of their population and all their properties, as well as their cattle and crops. The land was thoroughly scorched by the contaminated wind. The only exception, the only city that escaped destruction, was the abode of Marduk . . . Babylon.

And what was the sin attributed to the “sinful cities” that were going to be thus utterly scorched and contaminated, along with all animals, plants, and the land itself, as well as the sea? Here again, we have to note that the “sin” of the earthlings populating the five towns that were blown away was only to be followers of Marduk; in other words, the Enlilites considered it normal that, in order to destroy Marduk, his earthling followers should be destroyed as well—that was all there was to the “sin” of the “sinful” cities.
The cities he [Erra/Nergal] finished off, to desolation he overturned them. . . As with fire, he scorched the animals, banned its grains to become as dust. (Erra Epic)

Predictably, as they were gods, Marduk and Nabu escaped the destruction; but the whole human population of the Jordan and Sinai plains was exterminated by several blasts—apart from Abraham, his nephew Lot, and his two young daughters. But Lot’s wife was not spared.

The King of Heaven himself, Anu, was taking part in the debates in the Assembly, heading it of course as befitting his rank, and that he voted positively. In fact, a link Heaven-Earth was kept open continually during the few days of the crisis. The most violent support and incentive for the use of nukes came from Nergal backed by Enlil.

So, how do these gods react to their abodes and their civilization being destroyed by a seemingly ill-fated wind blowing northeastward, and thus bringing back unto their own lands the lethal nuclear energy they had unleashed elsewhere? How do they react to the loss of everything, their civilization and followers, while the very city of their archenemy—Babylon—was the only one to be spared? They now interpret by mutual consent that the (mysterious) “Creator-of-All” has singled out Marduk as his protégé and that, in accordance, they not only have to leave him alone, but also grant him (at last) the right to possess a land of his own and to be worshipped in a temple. Furthermore, they grant him the Enlilship, the status of the Chief of the Gods on Earth—at least for the whole cycle of the Ram. And thus started the era of Marduk who declared himself, beyond being the first among the gods, the sole god, while Enlil had to let go of his sovereignty.

Thus were Mesopotamia, Lebanon, and the Sinai regions irradiated and unfit for life for a very long time to come. The end-line consequence (that to my knowledge is not stated in the tablets we have unearthed) is that first Enlil, and then all the gods of Enlil’s clan, now had to find a new land, build new abodes, and they also had to find new earthling people as their followers, priests, and servants. And it couldn’t be in Egypt, nor in Africa at large—the domain of Enki’s clan since the olden times.

During his long exile, Marduk and his son had traveled to various countries and he had already presented himself (as had been his long-standing aim) as the foremost god, and by the time of the use of nukes, he had gathered followers and
temples everywhere. We can infer that these regions were the ones where we find him venerated as the prominent deity under various names—such as the region that was going to become the core of Persia with Cyrus’s father, and where he is called Ahura-Mazda (or Ormuzd), and of course Egypt, the domain of his father, where he reigned as Ra after the 9,000 years of his father Ptah/Enki’s reign, thus starting the second reign of the first dynasty of gods in Egypt (as stated by Manetho in his King List).

In his reconstructed The Lost Book of Enki, Sitchin describes that Enlil was warned by a dream of a catastrophe to befall Sumer, and that this is how he ordered to Terah to take his family out of Nippur and then Ur, to settle in Harran, and why, still later, he commanded Abraham to move southward to Canaan and the Negev desert—where the latter took an active and heroic part in the War of the Kings that however led to the fateful use of the nukes—the last act.

Here is a synthesis of the whole sequence of events: the Babel tower incident takes place in 3450 BCE, at the onset of the first dynasty of Ur, or Ur I period (Wars, 349). In 2316 BCE, Nergal convinces his brother Marduk to leave Babylon again, and immediately sets himself to destroy Marduk’s temple and the waterworks servicing Mesopotamia. And the final act—the radioactive contamination of Palestine and Sumer—happens in 2024 BCE, exactly when Abraham (or Abe), born in Nippur, reaches ninety-nine years old.

During the previous century, Ur became the capital of the new Kingdom of Sumer and Akkad, called the Ur III period. The reigning kings have been Ur-Nammu (enthroned in 2113 BCE) and Shulgi (who sent Elamite troops headed by Khedorla’omer to restore order in Canaan in 2055 BCE). Then came Amar-Sin who, in 2041 BCE, was ordered by Inanna to form the Alliance of the Kings of the East (also coached by Nannar, Inanna’s father and son of Enlil). This starts the War of the Kings that pitted the Alliance of the Kings of the East (of Sumer), led by the then King of Ur, Amar-Sin, against the kings of five cities of Canaan/Palestine, including Sodom.

The Eastern Alliance’s army will move south and attack Canaan and the Sinai, with the clear aim of seizing control of the spaceport in Sinai. Meanwhile Abe (now seventy-five years old and still childless), on God’s command, has left Harran (Hittites’ land) for Canaan in 2048 BCE, with his wife and half sister, Sarah, and his young nephew and adopted son, Lot, at the head of an elite troop.

Abe had settled his main camp and troops near Hebron, but then he traveled with Sarah farther on to Egypt, where they were hosted immediately by the Pharaoh as if they were nobility. They will stay there five years and depart from there with a powerful army.
Next, Abe blocks the advance of the Eastern Alliance at Kadesh-Barnea, an oasis in the Negev, which was set at the door of the gods’ forbidden territory in the Sinai, in which were El Paran and the spaceport. Sitchin has sorted out that the Alliance’s aim was El Paran, to defile and destroy a sacred precinct set around there. Why that, and who was in the “Mountain of the Gods” is not exactly clear; the only thing for sure is that it is set very near to the Sinai’s spaceport. Why Enlil would send Abe to stop his own son Nannar’s army from taking over the precinct is likewise unresolved, given he will order its bombing with nukes a few years later.

Thus blocked, Nannar’s and Inanna’s Eastern Alliance troops turn back toward Canaan and the north. At that point the five Canaanite kings (allies of Marduk) attack them but are defeated. The Alliance loots the cities of Sodom and Gomorrah and, furthermore, takes Abe’s nephew Lot (who had taken residence in Sodom) as hostage before steering their camel cavalry swiftly back to Sumer.

“On hearing the news, Abraham called his best cavalrymen and pursued the retreating invaders. Catching up with them near Damascus, he succeeded in releasing Lot and retrieving all the booty” (Wars, 309). Then Abe proceeds back to Hebron. Malkizedek, King of Shalem (Jerusalem), gives a feast for his victory and offers him part of the booty, which Abe refuses categorically, adding that he was neutral in the war of the House of Nannar against the House of Marduk.

After being thus defeated a second time by Abe, this time near Damascus, the Alliance is in disarray; consequently Ur’s empire is shattered and the kings of its various cities lose their thrones (Wars, 317–21). Progressively the cities of Sumer, one by one, stop giving their allegiance to Ur and paying tributes, and finally they sever all communication with Ur altogether. The last two kings of Ur have multiplied the offerings to several of the Great Anunnaki, in order to stack their favor and support, but the Ur empire floundered nevertheless.

The Return of Marduk to Babylon

Marduk arrives in Harran (just when Abe has left it) and remains among the Hittites, in the northwest of Sumer, for the twenty-four years that a Hittite oracle had predicted he had to wait there before he could return to Sumer and claim its kingship. Marduk writes a poem, just before he leaves Hatti-landers.” Within Sumer, all cities fear an invasion from the west and defensive walls have even been erected. Ninurta, allied with Nergal, organizes an army of Elamite troops to stop Marduk, to no avail. In 2025–2024 BCE, Marduk advances successfully toward Babylon, his Westerners “taking one by one all the great fortresses” (Wars, 321). He enthrones himself in his own city; his intention, as always, is to be the King of Babylon and of Sumer, and the first among the gods.
That’s when the sacred temple of Enlil, the Ekur in Nippur, is defiled. And Enlil, on the suggestion of Ninurta (who covers the real culprit), attributes the deed to Marduk and asks the Assembly to punish Marduk and his son Nabu. In fact, the Khedorlaomer Texts describe Elamite troops desecrating the temples of Shamash and of Ishtar/Inanna and clearly point to Erra/Nergal himself ordering that Enlil’s Ekur temple be defiled and looted (as we saw, Nergal had sided with the Enlilites and their war commander Ninurta). These texts even blame Ninurta for accusing Marduk of this desecration and for inducing Enlil to take revenge on Marduk.

Nergal will go beyond instilling a craving for lethal revenge in Enlil: he uses the same pretext of the defiled temples to incite the Assembly to vote for using the “Awesome Weapons,” and this despite Enki’s strong opposition. The city where Nabu went to hide was Sodom, and that’s where the Awesome Weapons will later target him. “When the son of Marduk in the land of the coast was, he of the Evil Wind [Erra/Nergal] with heat the plain land burnt” (Erra Epic).

Meanwhile the gods, with fighting erupting everywhere, were in constant communication with Anu on Nibiru, and a permanent Assembly was going on: “Anu to Earth the words was speaking, Earth to Anu the words pronounced,” says the Erra Epic, the phrasing leaving no doubt that Anu was indeed outside of Earth.

Marduk reaches his temple in Babylon only to see Nergal already there, having damaged part of the Esagil and ready to destroy its holies of holies. Nergal and Marduk confront each other for a whole day and a whole night in Marduk’s temple; Nergal wants his hated brother to give up all claims of kingship. Enki, who quickly arrived on the scene, sides with Marduk and orders Nergal out. Then the text describes them (but not Marduk) at the crucial Assembly (the one that will vote for using the nukes), at which Enki makes a case for Marduk, underlining that “the people” have chosen Marduk and “for the second time have raised his image.

Nergal, furious, gets back to his African domain and there vows to use the Awesome Weapons and bring total destruction to the land and the people of Canaan devoted to Marduk and Nabu. The Erra Epic recounts his genocidal intention:
“The lands I will destroy . . . the cities I will upheaval, the people I will make vanish.”

Already, a destructive rage seemed to have seized him some time back at the moment when (as the Khedorlaomer Texts describe it) he ordered the defilement of Enlil’s holies of holies, the Ekur in Nippur.

The problem of course, with the Anunnaki, is that we can’t blame the Devil or Satan: they are themselves the gods or devils personified. So we are confronted here with a crucial philosophical (and ontological) issue: if there are individuals who are the devil incarnate in the Sumerian civilization, they should be the ones violently opposed to the most sacred values in the universe—namely, life as consciousness, elevation of the mind toward a higher consciousness, the quest for a spiritual yet free knowledge of oneself, the Spirit or Soul of the universe, the harmonization of the ego with the Self. And in this line of thought, there is a very serious and disturbing problem arising about Enlil—the legal chief of the Anunnaki, the “rightful one” more than the “Righteous One”—casting the wrong person in the role of the devil (Enki, then Marduk). And an even greater problem arises from Enlil’s lack of awareness of the extremely murderous and genocidal drives of Nergal, and from Enlil’s incapacity to distinguish the good from the evil, that is, to sort out who is the evil mind-force at work, set on the destruction of their own civilization. Thus mystified by his young nephew, the Ruler of Earth (also called the demiurge in Gnosticism) appears clearly as “the king of the blind,” as his mother, Sophia, a higher and ethereal entity, calls him in the Gnostic text Hypostasis of the Archons.

And we see just the opposite with Enki stopping Nergal from destructing Marduk’s holies of holies, trying to rein in his son’s drives, opposing his influence in the Assembly—and this, even when the Assembly has given Nergal a blank check to act on its behalf to bully Marduk into exile (when they had no crime substantial enough to decree his exile). Furthermore, when Enki sides with Marduk against Nergal, he doesn’t justify his choice by personal motives, but rather points that “the people have raised his name,” that the people want Marduk to be their leading god. And this is, by the way, the first time we see explicitly stated that the earthlings could have a choice in following one god over another; until now, the population of a city was a captive audience and captive religious community vis-à-vis the lord god of that city.

the exact citation from the Erra Epos:

Consulting with himself, [Erra vowed:] the lands I will destroy, to a dust-heap make them; the cities I will upheaval, to desolation turn them; the mountains I will flatten, their animals make disappear; the seas I will agitate, that
which teems in them I will decimate; the people I will make vanish, their souls shall turn to vapor; none shall be spared.

Enki is only expressing an alternative to the rule and the decrees of the king in power; his is a force of constructive opposition, of divergent thinking, of freedom of thought (libre pensée), of creative, philosophical, and scientific exploration, as opposed to the “truth” as an absolute, the despotic and autocratic power, the decreed dogmas, the institutionalized “good.” Enki is always in contact with nature; he writes poems on his boat trips on the marshes about the natural beauty surrounding his sanctuaries. Enki and Hermes represent a religere (a religion in the Latin literal sense of relating, connecting, bonding) as a Living Knowledge—a way of Knowing by connecting; how to connect one’s own soul to that of Earth, so as to explore nature and the dimension of the Spirit, of cosmic consciousness. This kind of Quest for Knowledge and Wisdom is a dynamic process, forever evolving, an endless exploration. And it needs freedom to exist.

In contrast, Enlil is representing a despotic political and institutionalized power, more inclined to maintain its status, power, and control, than to explore new reaches of the mind, of Man, and of the universe. Enlil wants the past decree of his father—who made him the first in control and in command—to last forever. Yet, soon after the nuclear blasts, when his son Nannar, god of Ur, instead of fleeing the radioactive clouds with his spouse in their plane, calls him to ask for advice, Enlil’s answer will be: “Ur . . . was not granted an eternal reign”

Enlil’s second in command for all military and defense operations—Ninurta? The one who had, with Nergal, fired the seven nukes on the Sinai and Canaan? Ninurta who was on site with Nergal, launching missiles from their spacecrafts and checking to see if they had correctly hit their targets. Ninurta “the Scorcher” and Nergal/Erra “He-of-the-evil-wind, the pitiless one,” (as the tablets called them from then on)

During the Assembly’s debate, which goes on for a full day, Enki rebukes Nergal, wondering why it should not be Marduk’s time, since the population has chosen to follow him. But Enlil and most of the Enlilites are backing Nergal we see Nergal the instigator, then Enlil, Anu, and Ninurta, that is, the Enlilites clan (to which Nergal politically belongs) giving their consent for the use of nuclear bombs to erase the cities of the Sinai plain whose people are Marduk’s followers, and where Nabu is said to hide, as well as the spaceport. This is the only instance, in the tablets we know of, where a collective decision of the Assembly is aimed at murdering one of the Anunnaki gods; the worst in this respect, up to now, had been Inanna’s plan, backed by the Assembly, to imprison
Marduk alive in the Great Pyramid, the Ekur, and let him die of hunger, thirst, and lack of oxygen—so that they would not be responsible for his death.

The plan, which consists basically of slaying the population of five cities, that is, the Earth-human population, just because they gave their allegiance to another one of the twelve Great Gods (each having a temple, a city, and numerous followers), is already cruel, tortuous, and shameful enough. It shows that, among the Anunnaki, passionate hatred (hatred fueled by strong emotions) passes first and impedes them from considering things according to ethics and higher values (not even to mention the human rights of the earthling population)

MHR THIS IT TYPICAL OF THE 'JEWISH' ABSOLUTE INABILITY TO FORGIVE, FORGET, ANY AND ALL 'SLIGHTS' MADE RE: REJECTION OF THEIR CULT DELUSIONS...PETTY AND MONSTROUS IN THEIR 'REVENGES' AND 'VENGEANCE' ... FOR THE LEAST OF REJECTIONS OF THEIR DELUSIONS / FAILURE TO SUBMIT TO THEIR CULT PLANS FOR TOTAL DOMINATION...ZERO CONSIDERATION FOR ETHICS OR RIGHTS OF OTHERS...ABSOLUTIST...THEIR WILL BE DONE...RESIST / CHALLENGE / IMPEDE THEIR CULT WILL IN ANY WAY AND THE ONLY RESPONSE IS TO KILL YOU, YOUR PARTNER, YOUR CHILDREN, YOUR ANIMALS...UTTERLY...LESAE MAJESTIE OF CHILD TYRANT IN FIT OF RAGE AT BEING TOLD 'NO' OR THE SLIGHTEST IMPOSITION OF AN EXTERNAL WILL UPON IT... A SCREAMING VIOLENT FIT OF RAGE...WITH ALL THE POWER TO REALISE ITS AMBITIONS / DESIRES ... IMAGINE A SPOILT 2 YEAR OLD WITH THE POWER TO DESTROY THE WORLD AT A WHIM !!!

We learn that, after the first plea of Ninurta, the excited Nergal finally agrees to warn the Igigi manning the spaceport and give them the time to flee, but only to them.

The second interpretation is thus that the population referred to by Anu were only Anunnaki, namely the Igigi (or Nephilim), the astronauts based on Earth; so that at no point was the earthling population of the cities considered to be “people” and even less so a problem to ponder.

Still trying to appeal to his reason and his sense of justice, Ninurta then addresses Erra thus:

Valiant Erra, will you the righteous destroy with the unrighteous. Will you destroy those who have against you sinned together with those who against you have not sinned?
(This is a sentence of the Erra Epic that we will also find in the Book, practically word for word, attributed to Abe begging for his Lord to save at least the Righteous.)

The two gods debate on this, but Nergal, as if possessed, goes on vociferating:

I shall annihilate the son and let the father bury him; then I shall kill the father, let no one bury him!

Ninurta keeps on trying to lessen the destruction; finally Nergal is (or seems) slightly contained. He promises he will spare Mesopotamia and the oceans. The clear targets are now the spaceport and the cities devoted to Marduk. This, let’s note it, reveals that originally he also wanted to target Sumer itself, certainly Babylon and Borsippa, thus revealing that he (as well as the Assembly and Ninurta) had no idea about collateral damages and radioactive clouds and winds.

This last plan is approved both by Enlil and Anu. Then Nergal immediately gets into his flying bird—the spacecraft that carries the nukes “behind, as a trail”—and Ninurta, now called Ishum (“the Scorcher”) in the text, follows “in accordance with the word given, a squeezing in his heart.”

Firing the Nuclear Missiles

When they arrived at “Mount Most Supreme,” inside which was the secret Command Center of the spaceport, Ninurta “the Scorcher” gets to fire the first nukes:

Ishum to Mount Most Supreme set his course; the Awesome Seven without parallel trailed behind him; at the mount the hero arrived; He raised his hand, the mount was smashed. The plain by the mount he then obliterated; in its forest, not a tree stem was left hanging.

Then emulating Ishum, Erra the kings’ highway followed. The cities he finished off, to desolation he overturned them. In the mountains, he caused starvation, their animals he made perish.

He dug through the sea, its wholeness he divided. . . . As with fire, he scorched the animals, banned its grain to become as dust. (Wars, 328)

Sitchin remarks on the sentence starting with “Then emulating Ishum,” that “the words employed by the Erra Epic are almost identical to those used in the biblical tale of Sodom and Gomorrah” (Wars, 329).

The Khedorlaomer Texts also recount the catastrophe, using the same names for the two “devastators” who would from now on, in all accounts, be called, the
first one, Ishum, meaning “The Scorcher,” here translated as “He who scorches with fire” and the second, Erra, meaning “He of the evil wind.”

Enlil, who sat enthroned in loftiness was consumed with anger. The devastators again suggested evil; He who scorches with fire [Ishum/Ninurta] and he of the evil wind [Erra/Nergal] together performed their evil. The two made the gods flee, made them flee the scorching. (Wars, 330)

the Igigi gods being obliged to flee the spaceport facilities, and the spaceport clearly identified as “That which was raised toward Anu to launch, they caused to wither,” in other words, a Place of Launching.

Sitchin attests that the Sinai plain shows an enormous elongated scar, visible from the sky alone, and blackened as if by an immense heat: “The great place (the spaceport and launching strips in the plain) was never to be seen again . . . but the scar made in the face of the earth that awesome day can still be seen to this very day” (see fig. 5.1).

As the tablets state, the blasts created an immense whirling wind and then a radioactive wind that they called “the Evil Wind” hence the new epithet given to Nergal. The radioactive cloud, carried by the winds, went to sow utter desolation in Sumer: “A storm, the Evil Wind, went around in the skies.” The catastrophe has been described and recorded in many texts, in several languages, and in specific poems called Lamentation Texts or Laments, some of which give the list of the contaminated cities, where most people died. Here are some extracts (Wars, 337–42)

Fig. 5.1. Huge scorched trail across the Sinai plain.

The storm, in a flash of lightning, created a dense cloud that brings gloom, [then] rushing wind gusts . . . a tempest that furiously scorches the heavens. The Lamentation over the Destruction of Sumer and Ur, describes how the gods hurried to flee, how they abandoned their cities and temples and how, observing from their spacecrafts, they were devastated by the atrocities brought about by the Evil Wind, the people suffocating and dying, the bodies piled up by a sudden death.

Ninharsag [Ninmah] wept in bitter tears. [Nanshe cried.] Oh my devastated city!

the people were piled up in heaps . . . A hush settled over Uruk like a cloak.

Nannar and Ningal retreated underground, in “the termite house,” but too late, and Nannar got irradiated and sick. Meeting even a worse fate, Bau, the spouse of Ninurta, left alone while he was scorching the cities and the lands, was
so devastated by the destruction of her people that she kept crying instead of seeking her own safety and “the storm caught up with her, Bau, as if she were mortal.” As it seems, she died soon afterward.

We gather from the descriptions that there was a nuclear wind and storm and a radioactive cloud. Yet some accounts make us wonder if this was all there was. If the seven tall mushroom clouds—spreading high in the sky above the Jordan plain and, even farther, the Sinai mountains—could maybe be perceived from a plane, the blasts themselves could not possibly be heard from Sumer. Yet Inanna, rushing in her “bird” to the coast, in order to embark in her “submersible ship” to flee to Africa, saw a blast erupting from some mountains:

[The Evil Wind] which in an instant, in a blink of an eye was created in the midst of the mountains.

The translated text says that Ninki, “flying like a bird, left her city.” But more likely, it was “flying in her Bird,” because she went to Africa to be safe. As for Enki, certainly the most knowledgeable about these matters, he decided to stay in order to save the dwellers of his city.

[Eridu’s] lord stayed outside his city... for the fate of his harmed city he wept with bitter tears.

Enki calls upon the people he could gather to flee the city with him; they camp outside, near enough to see, for a whole day and night; they observe how the storm “puts its hand” on Eridu. Afterward, “the evil-bearing storm went out of the city, sweeping across the countryside.” Enki came back to assess the damage: the city was “smothered in silence... its residents stacked up in heaps.” Then he led the survivors to or through the desert, and managed to render some fruit trees and plants edible and safe. Before the storm hit, Enki had advised Marduk in Babylon to hide underground in blackness.

Then Enki and Marduk used their immense knowledge to heal the people and the living, to render again the plants and fruits edible, to purify the waters and clean the grounds and soils. Their undertakings, deemed magical by the populations, were recounted in Purification Texts

Underground Shelters, Temples, and Cities in Sumer?

Why would Nannar and Ningal have a termite house under their temple? Why would Enki have advised Marduk to hide underground in blackness in his Esagil temple? Did some gods have bunkers ready for emergencies? Could Enki, who had made emergency plans in the past in view of the Deluge, have built an underground city or temple near Eridu, and is it to such a place that he took his people?
Hatti-land, the Land of the Hittites (actual Cappadocia in Turkey, bound by the upper Euphrates to the east) is where Marduk stayed in exile for twenty-four years before his (second) dramatic return to Babylon. With its capital Hattusa, it will become the Hittite empire. The earliest traces of settlement on the site of Hattusa are from the sixth millennium BCE. There are astonishing underground cities, built on several levels, such as Derinkuyu, Kaymaklî, and Özkonak, that had water wells, ventilation systems, wineries, churches, schools, moving stone doors, and that could house between 20,000 to 60,000 people, with their livestock and food storage (see fig. 5.2). Özkonak even had a communication system between all its ten levels, through pipes. These underground cities were connected through miles of tunnels. The population was mostly Greek; during the Byzantine empire, they built underground churches and hid from the Muslim Arabs, then the Muslim Turks.

Fig. 5.2. Kaymaklî, a large room several levels underground.

Could a termite house be the term for a sort of bunker or shelter? And in that respect, an underground city such as Özkonak, with its maze of tunnels and enclosed dwellings, does look like a termite nest; could it have been a Termite City?

As intriguing is the fact that the immense complex of underground temples that we unearthed at Göbekli Tepe, in the south of Turkey, had been circular underground temples, covered by soil and totally hidden. We have unearthed only 5 percent of the complex, and there are already twenty circles and 200 magnificent pillars, T-shaped, weighting about 10–20 metric tons (one still in the quarry weighs 50 tons). The oldest part, Layer III, has been carbon-dated at about 9000 BCE, but the hilltop (the temene) was a spiritual site by 11,000 BCE or earlier, making it the oldest temple on Earth. (Marduk, ever the target of repeated attacks, such as the two Pyramid Wars, certainly remembered being holed up in the Great Pyramid, left there for dead if it had not been for Ninmah calming down the attacking gods blinded by rage, and brokering an ad hoc peace deal. Could he have then built some underground complex as a safe haven for a whole population in case of emergency such as a nuclear attack? If Marduk and his son Nabu had been known to still reside in Hatti-land, would at one point his neurotic and vengeful enemy brother Nergal and his no less murderous uncle Enlil have targeted the Hittites lands instead of the Canaan cities? And could Marduk have anticipated such a possibility? We’ll see further on that the ruins of the temple in Nabu’s city Borsippa (actual Birs Nimrod) are showing vitrified bricks, possibly from a devastating weapon.

The looting and defiling of the temples of the main Enlilite gods, along Marduk’s path back to Babylon, ordered and accomplished by Nergal and covered by Ninurta, in order to throw them in a rage, especially Enlil, could have
been a plan by The Devastator Nergal, just waiting for a plausible and suitable context to accuse Marduk of this deed, and thus get the Assembly’s vote and spark the nuking of his strongholds. Remember he displayed such speed in readying the seven nukes that he had them installed on two spacecrafts even before the hurried arrival of Ninurta, and that shows that he had them at hand for a long time.

MHR TYPICAL FALSE FLAG BEHAVIOR...PREPARE FOR A WAR, THEN COMMIT THE FALSE FLAG AND CLAIM THE WAR IS A RESPONSE TO IT...UNPREMEDITATED...AT WORST PRE-EMPTIVE STRIKE, AT BEST 'JUST CAUSE' AND 'SELF DEFENCE' FROM 'IMMINENT THREAT' OR 'ACTUAL ATTACK...

details of the events that seem to imply eye-witness accounts of powerful blasts and gigantic flashes of light and flaming gusts, high in the sky. It is stated clearly in some texts, such as the Nippur Lament, that blasts were heard ahead of the storm and Evil Wind.

An evil blast heralded the baleful storm, an evil blast the forerunner of the baleful storm was.

After the blast came the explosion of light. “The storm, in a flash of lightning created”; then the shockwave spread in a circle around the diverse ground zero places: “They spread awesome rays toward the four points of the earth, scorching everything like fire”; “Rushing wind gusts...a tempest that furiously scorches the heavens” (Nippur Lament).

Soon, darkness set in, obliterating the sun: “when the skies were darkened and covered as with a shadow.”

Then again, how could Inanna see from Erech, or even while flying to the coast, the explosion of the nukes in the Sinai mountains 800 miles distant, the Evil Wind “which in an instant, in the blink of an eye, was created in the mountains.”

Something, it seems, is still missing—even in the Sumerian and Mesopotamian accounts. A radiation cloud that originated even in Sodom, roughly 700 miles away from the center of Sumer, would have only widened while drifting with the winds, its particles becoming more distant from each other with the distance. The description fits better if we assume the nearby explosion of yet another Awesome Weapon in the Zagros Mountains bordering Sumer, only 120 miles away. Also, why would Enki, the genius matter scientist, estimate he had time to flee to the nearby hills, where they could watch the storm gripping the city—but only the city and the nearby plain? Again, a drifting radioactive
cloud would have swept as intensely far over the countryside as in the cities proper.

Did Nergal’s lethal rage override his promise to Ninurta and make him switch back to his original scheme of also erasing part of Sumer, or the whole of it? But there were only seven nukes left by Alalu! When he looted Enlil’s rebuilt Ekur in Nippur (no more a space control facility), could he have taken the terrible weapons that were stockpiled there for Enlil’s own future use? Could he have defiled this temple (and two other ones looted at the same period) with another plan in mind, beyond accusing Marduk and thus getting the backing of the Assembly for launching the nuclear strikes? A plan that was to take possession of the weapons of mass destruction of Enlil, nuclear for sure and maybe bacteriological (more lethal than the ones he used to spread a pandemic among the earthlings, since the city dwellers met an instant death)? Then, if Enlil and Anu were convinced that these stolen WMD were in the hands of Marduk, the latter no doubt preparing an attack, they could have wanted to strike first. We indeed have some accounts of symptoms that could be due to bacteriological agents, such as: “The people, terrified, could hardly breathe . . . mouths were drenched in blood, heads wallowed in blood” (Wars, 337); and: “Causing cities to be desolated . . . that Sumer’s oxen no longer stand in their stalls, that its rivers flow with water that is bitter, that its steppes grow withering plants” (Wars, 335).

And what about the MEs of Marduk’s temple, secured before the Deluge, that Nergal had never given back? One specifically has a very scary and explicit name: “the Holy Radiating Stone which Disintegrates All.” Radiations and disintegration, isn’t that a nonambiguous description of some type of nuclear bomb (knowing that the Anunnaki referred to metals with the same word used for stone)?

Could Anu and/or Enlil have brought from Nibiru, or built on Earth, more nuclear armaments and used nuclear energy to have eternal lights, such as the ones in Egypt analyzed by David Childress in his book Technology of the Gods? Enlil did visit Nibiru occasionally, and his new title of King of Heaven and Earth made him the equal of Anu, able to impose his will there too and thus dispose freely of their nuclear arsenal. Anyway we see Anu too readily backing the use of nukes for this move to be an ad hoc decision, and thus we may infer that, on Nibiru, he would not have impeded Enlil from taking some radioactive materials back to Earth. Let’s remember that all the Laments put the responsibility of the Evil Wind specifically on Nergal, and that they recount a private meeting of the Devastators with Enlil, during which they got Enlil to support their plans (thus making it unnecessary for Nergal to attend the Assembly’s voting session, whose consent was already certain).
The issue becomes even more burning when we read a strikingly similar account of a nuclear blast, specifically of the shape of a mushroom cloud with its long stem, in the Hindu Mahabharata:

[It was] a single projectile
Charged with all the power of the Universe.
An incandescent column of smoke and flame
As bright as the thousand suns
Rose in all its splendor . .

It was an unknown weapon,
An iron thunderbolt,
A gigantic messenger of death,
Which reduced to ashes
The entire race of the Vrishnis and the Andhakas.
The corpses were so burned
As to be unrecognizable.
The hair and nails fell out;
Pottery broke without apparent cause,
And the birds turned white.
After a few hours
All foodstuffs were infected . .
To escape from this fire
The soldiers threw themselves in streams
To wash themselves and their equipment.

Nuclear Enigmas on Earth and Mars

But then the archaeological discovery of the civilization of the Indus Valley (3500–1900 BCE) raised questions about a possible use of nuclear weapons in ancient times. The excavation of the first two cities discovered, Harappa and
Mohenjo-Daro, started in the 1920s. When the archaeologists reached the street level, they found skeletons of people that had met an instant death in the streets while running and trying to flee, some of them holding hands. They bore no mark of aggression, and wild animals hadn’t touched them, but nobody was left it seems to bury them.

Even more appalling, according to Alexander Gorbovsky (Riddles of Ancient History) one skeleton presented a very high level of radioactivity, fifty times higher than natural radioactivity. The skeletons have been carbon-dated to about 2500 BCE. Some skeptics, with their usual cursory way of explaining away any anomaly, have proposed that of course the disaster was brought about by a volcanic eruption, or that the radioactivity came from a power plant’s recent radiation leak. However, these two ludicrous scenarios can in no way explain (1) the radioactivity of skeletons buried deep inside the Earth for four and a half millennia, nor (2) the impact or instant poisoning that flattened the people while in full movement. And, more to the point (as often goes with the arguments of the skeptics) there is simply no volcano around! At Mohenjo-Daro, there were also small fused lumps or black stones strewn by the thousands over a large area, and that seemed to be the result of clay pots melted by extreme heat.

The Indus Valley was the region attributed to Inanna after the Second Pyramid War had ended, when Ningishzidda/Thoth/Hermes would get the Enlilship and start his reign as Chief of the Gods and as Thoth in the Egyptian civilization created by Enki/Ptah, that is, in 8600 BCE. Now, the bust of Inanna as an astronaut, so modern and sophisticated, resembles greatly the statue of the Goddess worshipped in the Indus Valley cities. And Inanna’s large goggles and attire leave no doubt as to her skills as a pilot of her own bird—like some other Anunnaki gods whose pilots are dutifully named, she nevertheless loved to drive her bird herself (see fig. 5.6). Thus it corroborates that she was indeed able to use her bird to escape the nuclear blast and reach her submarine, as we saw earlier.

Another set of data about the use of nukes on Earth in a very ancient past is the Mahabharata, which recounts the feats of Rama, the king of a technologically advanced empire in India, the capitol of which was Dvarpa, near the Indus River delta. Indeed, the battle, which, about ten thousand years ago, obliterated Rama’s fabulous empire—through the fantastic nuclear blast we saw earlier—was a giant airborne battle fought with spaceships called Vimanas. (Let’s note that, according to the text, “Rama ruled the earth for 11,000 years.”) Vimanas are described in technical detail in dozens of ancient Hindu treatises and also sketched. David Childress has sorted out from several texts (notably the Yantra Sarvasva written by Maharshi Bhardwaj) that the military types of vimanas were conceived to be “impregnable, unbreakable, non-combustible and indestructible, capable of coming to a dead stop in a twinkling of an eye; invisible,” and they had various radars to scan space and beams to record sounds around them. Some could
“travel between planets” (166; see fig. 5.7). The ruins of Dvarpa have recently been discovered at the bottom of the ocean, not far from the delta of the Indus, stressing a link to the Indus civilization brought forth by Inanna: thus, there’s a possibility that the nuking of Dvarpa was part of the same war that obliterated the northern cities of the Indus Valley, even if it happened as separate phases or events in that war that also obliterated the cities in Canaan and Sumer itself. Another, more precise, piece of evidence comes from India’s Lonar crater, to the northeast of Mumbai. Perfectly round, it is the only known basalt crater formed by impact, and it is dated to under 50,000 years old. So intense was the heat that the basalt stone had formed thousands of glass spherules (vitrified basalt) spread over a large area; it has been calculated that the impact that created it was greater than the pressure of 600,000 atmospheres. Yet no meteor’s debris could be found around it.

So to compare it to the nuking in the Middle East, estimated by Sitchin to have happened in 2024 BCE, the gap with the catastrophe in the Indus Valley—dated around 2500 BCE—is unexplained, yet not too large; but this in no way can explain the Lonar crater blast around 48,000 BCE.

A related phenomenon, that of vitrified glass (or tektites) in some areas of the world (Libya, northern India, France), is still defying the conventional explanation of meteorite impacts, for the very reason that in most cases, there’s simply no impact crater. Whereas we have the perfect evidence of huge patches of desert sand turned into fused green glass, forming sheets, around the area of atomic tests in New Mexico (the silicon in the sand melted and vitrified from the intense heat and pressure). The Libyan Desert Glass (so hard and so pure it is used to make blades), comes from hundreds of square kilometers of glass sheets and shards in the Great Sand Sea in western Egypt, strewn in two large spots.

Given the very explicit accounts we have from ancient texts, we certainly cannot avoid the much more plausible (and rational) explanation implying nuclear or other powerful weapons used in very ancient warfare. David Childress, in Technology of the Gods, describes how “the vitrified remains of the ziggurat at Birs Nimrod (Borsippa), south of Hillah, were once confused with the ‘Tower of Babel.’ The ruins are crowned by a mass of vitrified brickwork, actual clay bricks fused together by intense heat” (222). Now, isn’t that interesting? Borsippa was the city of Nabu, son of Marduk, and both were the targets of the war that led to the nuking of the Jordan plain.

Now, as mentioned in this book’s introduction, just recently the physicist John Brandenburg brought to the attention of the scientific community a very ancient nuclear explosion on Mars that had left a specific trace on the rocks, that of the Xenon-129 isotope. This isotope, not being found naturally but only as the product of a thermonuclear explosion, makes the nuking of Mars a fact impossible to doubt. This discovery was preceded by another one of immense
import: that Mars had, about 180–250 million years ago, an ocean, vegetation, and an atmosphere—in a word, that it had been, as stated by the Sumerian tablets, a planet lush with at least vegetal life and small animals, on which the Sumerian astronauts, the Igigi, were said to stop to replenish their water reserves. As we know, they also speak about the Igigi having a base on Mars and on the moon too, plus an orbiting space station.

the so “valiant” sons of the gods were Ninurta and Nergal. And indeed, they now get new names, and they are forever going to be remembered as “the Scorcher and He of the Evil Wind—the Devastators.”

The Lord [of the Gods] became enraged, he conceived wrath. He gave the command: the gods of that place abandoned it . . . The two, incited to commit the evil, made its guardians stand aside; its protectors went up to the dome of heaven. (Wars, 330)

The “gods of that place” referred to are of course the Igigi, here called the guardians and protectors of the spaceport. Thus, in the above text we see that Enlil gave the command to the two sons, while in the Khedorlaomer Texts: “Enlil was consumed with anger. The devastators again suggested evil . . . The two made the gods flee, made them flee the scorching” (Wars, 330; my emphasis). So that here it is “the two” who suggest the deed to an angry Enlil looking for a radical punishment. However, the text calls them “devastators,” and makes it clear that they will “again” devastate the people and the land. So, we may wonder, what kind of devastation did they produce earlier? The spaceport is clearly identified with the words: “made the gods flee,” paralleling the previous citation: “the gods of that place abandoned it . . . its protectors went up to the dome of heaven” (which means the Igigi abandoned the spaceport and took off in their shuttlecrafts).

This text is in original Sumerian language, with a faithful Akkadian translation doubling it. Sitchin says about it: “Its wording indeed gives the impression that it is this or similar Sumerian originals that had served as a source for the biblical narrative”

It talks about powerful weapons to smash the disobedient country who, because of its disobedience, would be regarded as “the enemy.” In the War of the Kings of the East, Nannar and Inanna were major players. And they often brought the very kings who had battled for them to their doom, for their own petty disputes. This has been the case of Amar-Sin (certainly a lover of Inanna) and that of his brother Shu-Sin who, as we saw, reigned after him and was put to death by the great gods. Shu-Sin had exulted (after so many before him) to be the “lover of Inanna” but also to have been chosen as king by Nannar himself (Wars, 318). Shu-Sin’s inscription states that

“The holy Inanna” . . .

gave him weapons to “engage in battle [IF]

The Eve of the Disaster: Setting the Rationale

The Book account starts with three “men” (the Deity and two emissaries, or Malakhim) visiting Abram who was sitting in his tent near Hebron. Abe pleads with them to share a feisty meal and he orders that a meal be prepared. The “three men” eat and rest, the Deity promising to Abe a son from his wife Sarah—thus a legal heir. On departing at dusk (after they had talked for hours),

And the men rose up from there to survey over upon Sodom, and the Lord said: “Can I conceal from [Abe] that which I am about to do?”
The Deity then discloses that he had decided to “come down and verify” accusations, his two emissaries ready to act:

The outcry regarding Sodom and Gomorrah being great, and the accusation against them being grievous; . . . If it is as the outcry reaching me, they will destroy completely.

Sitchin remarks about the erasing of the two towns as reported in the Book: “The event was most definitively not a natural calamity. It is described as a premeditated event,” furthermore avoidable and postponable (Wars, 311).

This is where Abe’s famous negotiation with the Deity takes place (while the two emissaries have departed to check on Sodom). He is trying to save the town, arguing that

Perhaps there be fifty Righteous Ones inside the city; wilt thou destroy and not spare the place for the sake of the fifty Righteous Ones within it? Far be it from you to do such a thing, to slay the Righteous with the guilty! Far be it from you, the Judge of All the Earth, not to do justice Then Abe negotiates the number of the Righteous down unto ten. “And the Lord said: ‘I shall not destroy if there be ten’; and he departed.” It was already evening. Later, the two emissaries of the Lord reached Sodom where Lot (who lived there) invites them to share a meal and spend the night at his place. But as the visitors sat down, “the people of the city, the people of Sodom, surrounded the house—young and old, the whole population, from every quarter.” They ask Lot who the visitors are, they want to see them “that we may know them.” Lot refuses and the crowd wants to break in, but at that moment, the two Malakhim “smote the people who were at the house’s entrance with blindness, both young and old.” Then they order Lot to bring all his relatives to his house: “Bring them out from this place [city], for we are about to destroy it” (Wars, 312).

Then the text says that Lot’s sons and sons-in-law (plural), in hearing the threat, laughed it off, and at dawn Lot will be only with his wife and two young unmarried daughters.

Says Sitchin (Wars, 325): “As we now learn from the Babylonian text, the ‘outcry,’ (the accusation) against the ‘sinful’ and ‘wicked’ cities of the biblical text, was their rallying to the side of Marduk and Nabu.” The target of the nuclear blasts were the cities supporting Marduk, and the aim was to slay Nabu who was hiding there at the moment. Nabu escaped to an island and reigned there afterward.
Then we recall that Lot’s wife looked back and became a “pillar of vapor.” (Indeed, Sitchin makes a very sound case about the translation of the Hebrew word for vapor and not salt.)

In the morning, Abe “got up early . . . and he looked in the direction of Sodom . . . and he beheld there smoke rising from the earth as the smoke of a furnace” (Wars, 314). Apparently, he slept all right, not wondering about Lot, about the city, about if it had been spared. He wasn’t awakened by the blast and the “furnace” (Hebron was about 45 miles away from Sodom). Let’s also state that Abe was ninety-nine years old at the moment of these events, and that he had gotten a son from his concubine Hagar only at eighty-six years old. Being without a son of his own in an advanced age, his nephew Lot had been his only legal heir until thirteen years earlier, and this is why, at seventy years old, he had traveled from Harran on the Euphrates toward Hebron, with Lot (whose father had died) as a surrogate son.

The earthlings are cast as desperately evil or unworthy (apart from one exception: Abe). All this, inducing the readers to agree that the two great “men” were showing so much care and mercy—while we still have no idea what exactly were the sins of the inhabitants: they will never be stated in this text. Yet, so dreadful were these sins—about which “the outcry” was so great and “the accusation” so grievous—that they had “outraged the Lord.” The Deity says he is not going to act without verifying; however, his mind is already so much set that his wording is revealing: “That which I am about to do,” and not anything like “I am still weighing if I will (or should) do this and that.”

We observe an accumulation of details derailing from the main point (and which only aggravate the unworthiness of mere earthlings), as if the narrator sought to hide the scarcity of the information he wants to convey (which is reduced to a symbolic and meager thread of information).

Moreover, the aggrandizement of the lord and his emissaries is as constant as it is excessive, while the readers are, customarily, to experience a psychological impact aimed at priming emotions of self-culpability, helplessness, feelings of unworthiness in front of the Lord of Justice it hides the illegitimate and shallow pretext of ordering the genocide of a people because they have decided to worship another god. Two, the text is thus spared from lying, while, three, it nevertheless suggests the worst “evil” anybody can fathom as abominable, each reader presuming his own idea of culpability. And that says a lot about the specific abomination the Church chose to project on Sodom! “And what about Gomorrah?” I had asked somebody in the know. “Ah! It’s the same (homosexuality) but for women.” The big problem with this
interpretation is that same-sex intercourse is something about which an Anunnaki male or female would not see anything wrong. They are casual about it as were the Greek philosophers, with wives, kids, and young male lovers among their students. Such stories (seduction, lovemaking) are not rare in the tablets, only they are less often chanted in poems than the heterosexual union.

Don’t we see two emissaries of one of the great gods, who are gods themselves (Nibirians), sitting around a low table with Abe and sharing a guest’s lunch before they get into the filthy warlike business of pouring nukes over the population of no less than five cities? If the deity wanted to verify the outcry (of whom by the way?), what was his criteria for smashing or not smashing a civilian population? Why did it have to be Abe who offered a moral criterion? The way Abe started to bargain the massacre (“Will you destroy the Righteous . . .?”) clearly means that beforehand the deity was set on a global kill. Also offensive, is not the deity (who is filled with such an overwhelming rage and lethal intent) seducing Abe by promising to him the legal heir from his wife that he didn’t beget during his life?

MHR I HAD ALWAYS ASSUMED THAT THE BIBLE AUTHORS WERE CREDITING THEIR GOD WITH MASSIVE POWER, AND HANGING THIS OVER THEIR CULT MEMBERS AS A THREAT SHOULD THEY EVER CONSIDER ‘OFFENDING’ THEIR CULT LEADERS BY ANYTHING LESS THAN TOTAL SUBMISSION / UNTHINKING OBEEDIANCE / IMMEDIATE COMPLIANCE WITHOUT QUESTION...BY TAKING NATURAL EVENTS E.G EARTHQUAKES, VOLCANIC ERUPTIONS, AND CREDITING THEM TO THEIR GOD, AND MAKING UP A STORY / NARRATIVE IN WHICH SOMEONE ANGERED THEIR GOD BY FAILING TO COMPLY IMMEDIATELY, UNTHINKINGLY, WITH HIS PRIESTS COMMANDS, AND FOR WHICH CRIME HE TOTALLY OBLITERATED THEIR ENTIRE CITY / PEOPLE...AS A THREAT I.E DO AS WE SAY, SERVE US, OR YOU WILL SUFFER THE SAME FATE...

Abe, the leader of the three men is clearly identified with “the Judge of All the Earth,” that is, the King of Heaven and Earth (the inherited title of Enlil), and yet this judge is intending a most unjust and radical genocide. Yet, from the perspective of the narrator, he is showing immense compassion and mercy.

At this point Abe, who “had gone with them to see them off” (meaning, to accompany them a bit), “returned to his place.” The three men had arrived in “the heat of the day,” around noon, and we are told that the two emissaries depart around dusk, and the exchange with the lord then takes place on a dune (the dune
...on which he will see the furnace later, this to imply he was safe, being so far away.

In Sodom at Nightfall

Next, we have only the two emissaries arriving at the home of Lot, who immediately recognizes their divine status. We had been told that they were to assess how many had not sinned and could be spared, and this was only in Sodom. It was evident that, having no protégé to spare in Gomorrah and the three other cities, these were de facto out of a deal of mercy and therefore would be wiped out anyway. Now let’s imagine the two emissaries having the mission, given by their god, to first assess the sin, and then erase the cities—and instead of doing one then the other, they accept Lot’s (of course insistent) invitation to sleep overnight and, before that, to share another meal. This meal, according to critical biblical expert and psychoanalyst Ilona Rashkow in “Daddy-Dearest and the ‘Invisible Spirit of Wine,’” being “a lavish drinking feast” as denoted by the “term misteh (feast, banquet) . . . usually an occasion for hard drinking” (99). There is nothing wrong in having two heavy banquets in a day and sleeping all afternoon and again at night, but when the guests are set to destroy the whole region at sunrise, and the very family of their hosts, it’s rather gross and bordering on being immoral.

Now, how were they going to assess the number of Righteous Ones by staying at Lot’s home?

As with Abe at his encampment’s tent, the narrator heavily underlines the insistence of Lot and Abe to treat their guests of honor, so as to instill the idea that the three men were “kindly obliged” to accept the invitation—that is, something a polite and caring father cannot refuse, nor his war generals, all of them clad in their furor and war attire.

The tablets we saw have described precisely what it meant for the two Anunnaki, Nergal and Ninurta, set on a vengeful mission by Enlil and the Assembly, to have readied themselves: they were clad “in brilliance,” wearing their weapons, their planes airborne and the “awesome weapons trailing behind them.” Because, even if they spare Sodom, they still have four more cities in the Jordan plain and the Sinai spaceport that they intend to destroy at all costs the next morning.

Therefore, prepared to strike no matter what, the least state in which the emissaries could have been, is in a violent mood, armed and ready with weapons of mass destruction for the multitarget attack they will carry on anyway. And with all that fearsome attire and mind-set, they just sit down to eat and drink, and will lay down like meek sheep for a good night’s sleep, forgetting all about their
divine mission to “survey” and “verify” what had been only (in the very words of the leader) accusations “reaching him” like rumors that didn’t have a value of certitude.

And now the “whole population” comes in front of Lot’s house and asks him, who are these visitors; they want to see who they are in order to “know them.” “Bring them out to us that we may know them.” Is there anything wrong or specifically death-threatening in this request from unarmed people (with their wives and kids) vis-à-vis fully armed and furious generals? Lot refuses. This means that the prosecutors on a mission to assess the population’s responsibility and sins do refuse to go and meet this very population. So what do we have to conclude from this very avoidance of assessment

MHR BIBLE REPRESENTS IT AS MEN COMING TO RAPE THE EMISSARIES TO ‘KNOW’ THEM ‘IN THE BIBLICAL SENSE’...BUT ISN’T IT REALLY PEACEFUL UNARMED POPULACE WORRIED AT THE APPEARANCE OF THESE WARLORDS IN THEIR CITY? SENT BY THEIR ENLILIST ENEMIES? BECAUSE THEY ARE WITH MARDUK? ETC?

Since no verification action is ever even started, we have to conclude that this verification mission was only a narrator’s moralistic trick (in the perfect MF style).

Now the crowd grows impatient and wants to get inside Lot’s house to really meet the visitors and “know” what this visit is all about. The narrator emphasizes, making the story totally unrealistic, that “the people of the city, the people of Sodom” (once isn’t enough, he has to overdo it, excessive as it is already) “young and old, the whole population, from every quarter . . . surrounded the house.” Overinsistence because everybody has to be guilty, priming the readers’ mind so that the anger, the ira, of god appears just and righteous. So of course our “emissaries” feel they are rightly attacked. Are they not? And because they are so powerful “they smote the people who were at the house’s entrance.” (Really? The people had not even stepped in yet? So no real threat, huh?) They smote them “with blindness, both young and old.” No discrimination. So-called self-defense. So what’s the next inference? The emissaries realize that all the people of Sodom, apart from Lot, are sinful. Therefore they amply merit the grand punishment: the city’s inhabitants will be slain. The only problem is that they were supposed to have been—all of them, old and young, the whole population, from every quarter—“smitten with blindness,” and on top of that, in the middle of the night! So how could they ever disperse and go back to their houses?
Even more revealing, the emissaries now ask Lot to go and fetch all his family “a son-in-law, thy sons and daughters [both plural], any other relative—all who are in this city—bring them out from this place, for we are about to destroy it.” That’s when it gets epical. Picture the “whole population” stricken by god’s emissaries with blindness, all howling and shouting while trying to get back to their homes, and now Lot hurrying to give “the news” to his sons and “sons-in-law” (plural in the next sentence in which their wives are unnamed, who are no less than Lot’s own daughters, and their kids who are his grandchildren). We already reach: 2 daughters of Lot + 2 sons-in-law (their husbands) + 2 sons and heirs of Lot + 4 in Lot’s household—that’s a count of ten without including the children of these married couples or “any other relative” to whom the “mercy” extended.

Moreover, when the emissaries order Lot to fetch all his family, do they ask him if the count will be ten? Not at all. The end of the sentence is “Bring them out from this place, for we are about to destroy it.” So they had already broken their promise to Abe even before they ask Lot to go and fetch his larger family and relatives. (But the whole population, old and young had attacked them, didn’t they?)

So here we have a surplus of contradictions. The visitors’ arrival, even after nightfall, was so impetuous or striking (their vehicles being planes armed with missiles, their brilliance, their godly attire, their warlord weapons) that the whole population was immediately and instinctively on their guards, and wanted to see them face-to-face to ask them questions. Note that if they had a culprit’s mindset, expecting these specific gods (who must have been described by those who saw them arriving) to massacre them, they would have fled or locked themselves in their homes. They would not have come with their kids to talk and discuss. So this population had absolutely no awareness of being the target of the wrath of a god. Until that day, they were certainly used to gods fighting each other using their earthling followers as an army, but the custom had been to wage wars, not to “smite” whole cities. Let’s note also that if Lot had wanted to help the population, he would have told the people to either give their allegiance to this god in order not to be killed, or to flee during the night. But in this whole story, Lot is playing totally into the emissaries’ camp (yet, contrary to what the story would like us to believe, he will not be thanked for it, far from it!).

So, here goes Lot to fetch the families of his sons and daughters. How is that? Were they not, in all logic, part of the “the whole population, from every quarter”? (The narrator has not even left himself the excuse that they had toddlers to take care of.) Had they not heard the news of the arrival of two warrior-gods in warlike attire? Couldn’t they hear the shouts and confusion of all the people, the whole city, shouting they had been attacked and were blind? Let’s be clear that at
this epoch, the cities were like big villages—and we were not even in Sumer. And only Lot’s parents would be at home, as if blind and deaf, and they alone doubted what a shocked Lot was telling them? So the narrator now has a good pretext to warn his readers that it is not wise to doubt the immense power and wrath of the deity, and also that only Lot, his wife, and his young daughters are worthy enough to be saved.

An in-depth scrutiny of the Book’s account reveals that the emissaries broke the promise of their Lord to Abe on two counts on this single Sodom episode: first, they didn’t engage in any assessment of rumors, survey of the people, and counting of the faithful. Second, they didn’t wait for Lot, his wife, and two adolescent daughters to reach a safe haven before launching their attack and nuking the first city at least, a blast that so startled Lot’s wife that she looked back. To add to this, the emissaries sent the faithful family fleeing for their lives and running in the very direction of one of their target cities, instead of northward toward their patriarch’s camp and army. Abe, moreover, would have had ample time during the night to rescue his whole Sodom-based family of at least ten on his swift camel cavalry Dawn in Sodom.

And now we are at dawn. At that point (as related in Genesis 19) Lot hesitates; but because Y.’s “mercy was upon him,” “the Men . . . brought them out and put them down outside the city.” Then the men command to Lot, “Unto the mountains escape, lest you perish; escape for thy life, look not behind thee, neither stop thou anywhere in the plain.” Lot then pleads with them to delay the destruction until the moment he has reached the town of Zoar, which they grant. Then:

The sun had risen over the Earth when Lot arrived at Zoar; and the Lord rained upon Sodom and Gomorrah, from the skies, brimstone and fire that had come from Y. And He upheaved those cities and the whole plain, and all the inhabitants of the cities, and all the vegetation, . . . all the cities which had outraged the Lord.

Did the emissaries, the previous night, finish their meal and go back to sleep? And Lot and his family too?

At dawn the emissaries told Lot to flee (with his wife and two daughters only), but we are told that Lot “tarried” and didn’t want to move. How is that? Did he not witness the deadly aggressiveness of the emissaries? Was not the whole population attacked the previous night, all ailing and moaning, sitting anywhere they could, unable to see their way back to their homes? Did he need more of a show of their power? Could he doubt for one second that, after having so badly stricken people who wanted to ask questions, they would carry on their murderous plan? One more literary effect to show the “mercy” of the deity. “But Lot tarried; so the men took hold of his hand [how gentlemanly!] and his wife’s
hand and his two daughters’ hands—for Y.’s mercy was upon him—and they brought them out, and put them down outside the city.” “Put them down,” meaning that they were taken airborne, as Sitchin underlines it: “Having literally carried the foursome aloft, then put them down outside the city, the emissaries urged Lot to flee to the mountains” (Wars, 312).

Here we have to raise several questions of the greatest import. We all know that the poor wife of Lot did look back, certainly startled out of her wits by the huge explosion(s) she just heard, and was “turned into a pillar of vapor,” so that she died during their desperate escape. (But, in the Moralistic Framework of the narrator, she was responsible, wasn’t she? She disobeyed! She looked behind and she was punished—rightly of course!)

As usual, we have an array of both logical and scientific inconsistencies. An interesting point is that, if you picture the terrible scene, in order to look back, Lot’s wife must have lessened her pace (we imagine they were, if not half running, walking as quickly as they could possibly do). So Lot’s wife looks back and is immediately disintegrated into vapor (or struck immobile as a pillar of salt). But who saw it? To see it, the husband would have had to look back too, and see his wife turn into vapor (or even salt, it doesn’t make any difference, given we are in a total fairy tale). And the same applies to the kids. So the story wants to tell us (just for the sake of morality) that if one disobeys, one dies. But that would imply that Lot kept his pace not even willing to see what was happening to his wife! Nobody had told them: “If you look back, you will be turned into a pillar of vapor,” nor even anything like: “Don’t look back, because you would perish.” No. They were told: “Escape into the mountains, lest you perish . . . look not behind thee,”—and we will hold the holocaust until you reach the city of Zoar: “I will be unable to do anything until you hast arrived there.” A dire odious lie, that cost Lot’s spouse her life! (Wars, 313).

So Lot keeps walking—his wife, who had herself started to turn around, a big question mark. And the daughters keep walking, not worried about mom who’s not here anymore. That’s where the narrator—so willing to exonerate his god and rationalize his abominable acts, and therefore obliged to put the blame on earthlings, as if it was a lesson of morality—falls into total incoherence and, worst of all, into the most gruesome immorality...

MHR ALL THE HISTORICAL RESEARCH ASIDE, THE ’MF’ I.E MORALISTIC FRAMEWORK, WHICH IS IN EFFECT THE ’CULT MIND CONTROL / OBEDIENCE / UNTHINKING ACQUIESCENCE FRAMEWORK’ IS THAT ANYONE WHO DOES NOT COMPLY WITH THE CULT DIRECTIVES (ASSUMING ISSUED FROM GOD OR WITH GOD’S IMPLICIT / TACIT AUTHORITY AS ISSUED BY HIS REPRESENTATIVES THE PRIESTS / CULT LEADERSHIP) WILL
Here are some added issues with this sequence alone: (1) If the emissaries were so easily able to lift the four people and fly them outside of Sodom, and since they had promised to wait—for Armageddon—until they reached a safe place in the mountains, why couldn’t they fly them some 20 miles farther? (They had slept the whole afternoon after a heavy meal in Abe’s tent, and the whole night in Sodom after another one, and had to wait anyway.) (2) The emissaries expressed concern for Lot and his family to the point of delaying their operations; if these hadn’t started, what then caused the death of Lot’s wife? Only disobedience to an advice that, while given strongly, was not itself asserted with a death penalty if transgressed? (3) There is no scientific basis for a person being stricken dead at the same distance as other persons accompanying them (unless they are kids or seniors), and looking at the explosion doesn’t make a difference as far as dying is concerned. If she had looked back at a nuclear explosion, she would have been stricken blind (given they were supposed to be at a safe distance from dying). (4) If the emissaries had already launched the nuclear explosion on Sodom, then they would have broken their oath. (5) If the emissaries were so concerned about Lot and his family (granting them such an extension of their “mercy”), then why not make sure no harm whatsoever would happen to them all? Whatever way we look at it, the story doesn’t make any sense and is seriously morally faulty—and not on the part of the earthlings, contrary to what the narrator would like us to believe.

Next is another set of questions. We are told that the emissaries, after Sodom, went on destroying Gomorrah and then the whole plain, and that each time they waited for Lot to reach a safe distance. Of course this is downright nonsensical. Why did they set them running (with fear gripping them and then Lot going through losing his wife) like rabbits, in the wrong direction in the first place? Could they not, once and for all, send them away from all doomed cities and the plain? But this is not all. Abe, in Hebron, was 45 miles from Sodom, and he was totally safe. Abe knew that the emissaries were heading toward Lot’s house in Sodom. In all probability, he hoped (given their behavior toward him) that they would find ten Righteous Ones, given that just Lot’s family alone exceeded that number.

Even if Abe was reasonably hopeful that the count of ten had been reached, he couldn’t just be assured that was so. Even if his god had promised he would save Lot—a faithful as was Abraham—a father can’t just forget all about the fate of his adopted son. Given that Abe’s father Terah had been the High Priest of Enlil in his topmost temple in Nippur (and then in Ur), Abe had been raised and
taught in order to become the next High Priest himself. And since scientific domains were also implied

Let’s remember that Terah, Abe’s father, was the High Priest of Nippur, in the holies of holies of Enlil, Chief of the Gods, so that he was, by hierarchy, the top priest of all cities and temples of all the gods in Sumer; furthermore, as High Priest at that time, he had to be of mixed parentage. Abe was his legal heir, thus the new High Priest—the son of the priest.

lengthy instruction would be given to Abe’s legal heir Lot, who, in the Sumerian tradition, was similarly bound to become a High Priest and taught accordingly. This instruction had thus necessarily been given to Lot until Abe begot a son from his concubine Hagar just thirteen years earlier, and then to his concubine’s son. (It will be in the year following these events that Abe will beget, from his wife Sarah, an heir who will get the title and the function.) Thus, during his already long life, Abe, considering Lot as his heir, had necessarily taught him the mystical and priestly science. So, what kind of person would not have sent Lot toward his surrogate father Abraham, his lifetime teacher, just 45 miles away—two or three days walking at the most? (The point is all the more harrowing and heartbreaking when we know what fate, beyond losing his wife, Lot was going to meet.) What kind of person if not somebody totally devoid of parental feeling and of humanity? Somebody like Enlil, able to admonish his son Nannar instead of rescuing him, when the latter was in dire lethal danger.

It’s only when one analyzes a text, and now carefully weighs each word in each sentence, that we can pierce the thick veil of the semantic field of a heritage book, handed down with its looking glass and fixed interpretation attached to it.

The insistence of the Genesis text in using the term men to refer to the Malakhim—the literal translation of which, according to Sitchin, is “emissaries,” generally translated as “angels”—makes us infer that they looked like men, and not really like angels with wings. The fact that Abe recognizes them immediately as divine beings, his Lord accompanied by two emissaries, could of course be attributed to previous encounters, but they must have been “clothed in radiance” (or “brilliance”) as Anunnaki ready to fight, wearing their MEs of power and weapons as well. Furthermore, they very certainly got there in their planes (their birds). Thus, we read that when Enlil got the news that his temple in Nippur had been defiled, he immediately set out for Nippur in similar war attire and was described coming down from an airborne vehicle or chariot: “Riding in front of him were gods clothed with radiance; [himself] set off brilliance like lightning” (Wars, 323; my emphasis). Who else than the two who had wickedly primed his vengeful rage thus preceded him—the devastators—clothed with radiance?

We also remember that Inanna had a ME that had such an effect, and that she was, by virtue of her title of queen, divinely righteous. “Lady of the MEs, Queen Brightly resplendent; Righteous, clothed in Radiance.” Let’s look at one text about King Ur-Nammu, who was backed not only by Enlil, but also by Inanna and Nannar, being called “the Might of Nannar.” As soon as he became king (the first of the third dynasty of Ur)—the “Righteous Shepherd” started major restorations of the temples of many gods; however, he soon made war on Lagash and occupied it as well as seven other cities. After he had reconstructed the Ekur in Nippur, Enlil entrusted him with one formidable weapon: “The Divine Weapon, that which in the hostile lands heaps up the rebels in piles, to Ur-Nammu, the Shepherd, He, the Lord Enlil, has given to him; like a bull to crush the foreign land, like a lion to hunt it down; to destroy evil cities, clear them of opposition to the Lofty” (Wars, 276; my emphasis). (Note, in the above tablet, how “the foreign land” is equated with evil and how evil is equated to opposition to the lords.) Similarly, Shu-Sin, after restoring Nippur’s temple and raising a new stela, was given by the goddess Ninlil (Enlil’s wife), a “weapon which, with radiance, strikes down... whose awesome flash reaches the sky” (Wars, 318; my emphasis).

Thus we see that gods, in the times preceding the holocaust, don’t stop fighting with each other, raising armies of earthlings, and putting kings on the throne but ordering them to subdue so-called disobedient cities or countries, which are often their Sumerian neighbors. The only thing they hadn’t yet done was to unearth the nuclear weapons and use them.

Abe Moves His Army to Save Lot during the War of the Kings
Let’s see Abe’s behavior toward Lot about a decade and a half earlier. Abe had been sent on a mission to stop the southern advance of the Kings of the East, who wanted to conquer the spaceport in the Sinai mountain, that is, El-Paran. During the War of the Kings, Abe was with his elite troops and camel cavalry, (and weapons we assume) most of which he had gotten from Egypt, in 2042 BCE. He had set an encampment for his troops (and their families) in an oasis near Hebron when he came from Harran twenty-four years earlier, and kept returning there. With Lot, they had brought their flocks with them (for food); the text says Lot took his own flocks to Sodom. They had their camels for the cavalry (the very rapid elite corps that was able to catch up with the Kings of the East near Damascus). They also had donkeys to carry the cargo from Harran (tents, food, etc.). So the permanent encampment was like an army’s city of tents, with families, kids, and flocks grazing in the oasis.

Abe had stopped the adversary at two different places. The first time was at an oasis not far from Jericho (which was the “gateway to the Sinai”), called Kadesh-Barnea (Ein Mishpat). It was there that the Canaanite kings of the cities of Sodom, Gomorrah, Admah, Zebi, and Bela (also called Zoar) marched forth and engaged the Kings of the East in battle, says the Book. These were the five Canaanite towns that were going to be eradicated, but, as Sitchin remarks “the battle with these Canaanite Kings was thus a late phase of the war and not its first purpose” (Wars, 305). This is how we know that the city of Zoar was to be eradicated.

The invaders’ true aim was El-Paran, that is, as some researchers found out, Nakhl oasis. And let’s remark that this army of the eastern kings of Sumer was the one to start the hostilities by invading Canaan; they had attacked one by one the crossing points and major outposts along the Jordan River. No researcher could fathom why the army was (as the Book states it) aiming at El-Paran (“God’s Gloried Place”), “an isolated oasis in a great, desolate plain.” Sitchin is adamant that “the only significance of the destination was its spaceport, and the one who blocked the advance at Kadesh-Barnea was Abraham . . . The Khedorlaomer Texts . . . make clear that the war was intended to prevent the return of Marduk and thwart the efforts of Nabu to gain access to the spaceport . . . It was to thwart this that the gods opposing Marduk ordered [the king] Khedorla’omer [or Kudur-Laghamar] to seize and defile Babylon” (Wars, 305–6).

The gods . . . to Kudur-Laghamar, King of the land Elam, they decreed: “Descend there!” . . . In Babylon, the city of the king of the gods, Marduk, kingship he [Kudur-Laghamar] overthrew; to herds of dogs its temple he made a den; flying ravens, loud shrieking, their dung dropped there. (Khedorlaomer Texts)
The god Utu (twin brother of Inanna) then accused Nabu of having led a rebellion to stop paying tributes and allegiances to his father Nannar. This is how the coalition of the “loyal kings” of the East was put together. First Khedora’omer destroyed Nabu’s shrine of Borsippa and killed his sons. Then the army moved south toward Canaan. In the Sumerian original military plan, all places were to be invaded, and all Canaanite cities (including Gaza and Beer-Sheba in the Negev) were to be punished. But it didn’t happen because, according to the Babylonian Text, “at Dur-Mah-Llani, the son of the priest, whom the gods in their true counsel had anointed” stood in the invaders’ way and “the despoiling prevented.” Anointed: that is, made a High Priest. Let’s remember that Terah, Abe’s father, was the High Priest of Nippur, in the holies of holies of Enlil, Chief of the Gods, so that he was, by hierarchy, the top priest of all cities and temples of all the gods in Sumer; furthermore, as High Priest at that time, he had to be of mixed parentage. Abe was his legal heir, thus the new High Priest—the son of the priest. After defending the spaceport with his army, Abe went back to Hebron, his base and army encampment.

As a chosen High Priest of Enlil, being totally irreplaceable and necessary, Abe could have demanded that his family—all faithful to the true god—be spared. He aimed for saving Sodom—which was a sign of high morality and great compassion; however, in his reasoning to save the city, the safeguard of Lot and his descent was definitely a subscript, an underlying pact of trust with God. As we saw, Abe had taken in the past a huge responsibility; to oppose the army of the Sumerian kings, headed by gods, among them Nannar, the son and legal heir of his god, was certainly no small feat. Yet, within his mission he acted with an astounding spirit of independence and free will. He just blocked their advance and forced them to retreat; he didn’t order a massacre of the defeated, he refused to abandon his neutrality, which means that he imposed his neutrality as a condition for his military defense move. To the deity who ordered him to stop the Eastern kings’ army, he could have answered (as Enlil was already told by his vizier during the coup in the Abzu): “My lord, these are your sons!” Or else, about Sodom: “My lord, these are my adopted son—your faithful priest—and his descent!”

Remember that after Abe fought and vanquished the Eastern kings’ army near Damascus, and after he had freed Lot—his adopted son and priestly heir at the time—and retrieved the booty from the looted Sodom, he went back to Canaan and his victory was feasted in Shalem (Jerusalem). “Malkizedek, the king of Shalem . . . blessed him [Abe], saying . . . ‘Blessed be the God Most High who hath delivered thine foes into thine hand.’” This was not so. They were not his foes. Abe answered that he was neutral in the war waged between the son Nannar
(heir of Enlil) and the son Marduk (heir of Enki); that only to the God Most High [Enlil], was his allegiance. But the narrator of the Sodom saga wants us to believe that a person of such a high morality—who could confront his Lord on the question “Far be it from you, not to do justice!”—would not have tried (even if he could not save the city) to save at least his god’s Faithful Ones, his adopted son and his family, no matter what the count would have been; that Abe would have slept during the night, with the extermination of at least two cities in the balance. And, moreover, the narrator tells us that when “early in the morning, he [Abe] looked in the direction of Sodom and Gomorrah and the region of the plain . . . he beheld there smoke rising from the earth as the smoke of a furnace.” Note that the furnace putting out smoke was in three large angles—two cities, the space in between, and the plain—that’s a very wide angle! It’s wide enough for a desert dweller to infer from the furnace and smoke that a few cities (not just Sodom) went up in flames. He knows now that the count of ten has not been met. So, what about Lot and his own family? What about his Lord’s promise? Must he conclude that his family didn’t amount to enough Righteous, that indeed his Lord could and in fact already did “slay the Righteous with the guilty”?

Do the emissaries of the Lord bother to give news to Abe about his adopted son and family? How Lot’s small household was supposed to be protected until they were safe—but that, unfortunately the sinful wife, who disobeyed the divine orders, had not been part of they and had met her death?

Next, we are told that Abe (seeing the disaster from the hill) did not feel safe in the mountains of Hebron, that he pulled up his camp and went to Gerar, westward, to live there, and that at no point afterward did he go back to the Sinai. When much later his son Isaac desired to go to Egypt to flee from a famine, Y. “appeared unto him and said ‘Go not down to Egypt; dwell in the land which I will show The narrator wants us to believe that Abe, seeing the destruction of the cities and the plain, just infers that Lot and his family are dead (that his deity has slain the Righteous), and that he draws a line on the past and forgets all about it . . . he who had moved his whole army to go and get Lot back when he was taken hostage! It would mean that he doesn’t consider there is any chance for Lot to have been saved, or protected, and therefore to be on his way to his camp. He draws a line, and decides to move to his own safety.

All in all, we are to believe that the experienced traveler and desert dweller Lot would be too stupid to follow the unique camel track toward Hebron (his first dwelling place in Canaan and where, later on, he must have visited Abe several dozen times). In Hebron, Abe would leave before he knew anything for certain about Lot and his family, not even sending a camel driver on this dirt road to look for him. If Lot ever reached Hebron, and his uncle/father had already moved out
with his army, nobody would be able to tell him where went the son of Terah, High Priest of Enlil—High Priest himself, protégé of the foremost god, the one whose renown and exploits have been hailed in Shalem? That where the notorious Abe went with all his troops, family, and caravan, nobody would know in a town of a few hundred souls at most, at a crossing of two or three tracks through the desert? This is what we are supposed to believe.

But what we can clearly infer, to the contrary, at least from the account of the narrator of Genesis 18 and 19, is that this deity doesn’t care about any family tie, about the love of a man for his spouse and vice-versa, the love of daughters for their mother and vice-versa, nor for the bonding between a surrogate father and his former heir and descent (which we know is the first and foremost value for the Anunnaki); that the deity cares only for his devoted High Priest, unto whom he has entrusted his plans for the future, his warrior who has defended the Mountain of the Gods and has blocked its defilement; that he cares only for his own future temples and followers, and regarding his devoted priests, the degree of care is only as much as the individual himself fits in his plans. The chess game, we are told, was played among gods—gods fighting gods, royal brother fighting brother, their royal sons fighting along the lines of heritage—each god mostly intent on protecting his own heir, and his heir’s heir (that is, unless they were crossed, as Enlil with Nannar

The sun was risen over the Earth when Lot arrived at Zoar; and the Lord rained upon Sodom and Gomorrah, from the skies, brimstone and fire that had come from Yahweh. And He upheavaled those cities and the whole plain and all the inhabitants of the cities and all the vegetation that grows from the ground.

Says Sitchin: ‘One by one the cities ‘which had outraged the Lord’ were upheavaled, and each time Lot was allowed to escape” (Wars, 313–14; my emphasis).

For when the gods devastated the cities of the plain, the gods remembered Abraham, and sent Lot away out of the upheavaling of the cities.

In these two biblical sentences, we observe a confusion of subjects. The Lord/He (singular) who “rained fire” upon the towns and “upheavaled those cities” is not the same as the Lord Y. who gave (him) the brimstone and fire weapons. And worse, in the next sentence we are back to the Elohim plural, the Lords, the Gods.

Lot “dwelt in a cave, he and his two daughters with him.” Then we are told that, witnessing the destruction of all life in the Jordan plain, they thought they had witnessed the end of mankind on Earth. That’s a hell of a logical gap! Even a child of seven witnessing a huge raging fire taking up a good quarter of the
horizon (within his arms forming a 90-degree angle, just as one could see in huge arson fires, like in Australia or in Greece, that extend over hundreds of miles), even this child wouldn’t think that everybody on Earth had died. And certainly not the initiated former heir of the High Priest, himself son of Terah, the foremost High Priest of all Sumer, learned scholar in all matters of astronomy, mathematics, sacred architecture, medicine, and science at large, plus the Divine Sciences, among them the reading of oracles, the knowledge regarding the gods and of things sacred. So now the narrator, after having framed a whole town into a “sinful city” category—this accounting for five towns and a whole region to be righteously scorched and carbonized by the fire of the anger of god—then having reduced Lot’s family to consist mostly of skeptical sons-in-law and a disobedient wife, after sending them as far as possible from Abe and right into the next furnace, now wants to make us believe that the former heir of Abe was more stupid than a seven-year-old child. An adopted son that, by all customs, must have already been taught all these sciences, in order to take on the function of High Priest after Abe would have died.

The narrator is, as usual, trying to put the weight of the sin on women (we know by now it’s a trend as inescapable as gravity), and in this instance, he really needs it more than ever in order to take the former heir out of the picture (without the readers feeling any loss, because they were guilty, were they not?). So, how can this be done? The narrative now features Lot being induced by his young daughters, to commit the most horrible sin with them! So our Lot, suddenly morphed into a perfect idiot, is first believing—just as his daughters—that they are the sole survivors of the human race. The narrative, here, reaches a bottomless pit of stupidity—which would be laughable if a most tortuous intent had not started (some time ago) to surface like a horrendous leak of oil on the ocean. Of course we had found the timing of the promise to Abe very strange, and a rather gross way of behaving, psychologically speaking—like offering a prize before the whip, the kind of rosy gift that only a tormentor would allow himself to give to someone just before killing his sole adult “son” and family, and just before erasing a whole region and its inhabitants. But now we see the bottom of it. Let’s follow the absurd scenario in the text: “And the older [daughter] said unto the younger: ‘Our father is old [really!] and there is not a man on earth to squire us in the manner of all on earth. Come, let us make our father drink wine, then lie down with him, so that we still preserve the seed of life.” What astute and devilish temptresses! Because, of course, having seen the “whole” population stricken blind by the terrifying divine emissaries, and woken up in the morning with these same blazing warriors telling them the dice were cast and they had to flee as quickly as possible, running even, to the mountains before their whole city got smashed and reduced to ashes, and while Lot “tarried” to flee, they were taken aloft to the outskirts—and nevertheless, believe it or not, what had they taken with them as their sole most treasured thing to keep with them? A jar of
wine of course! So who? Who had this idea and went back inside to take the jar—not even water (that would have been quite sensible), not something to eat or to start a fire with, but a jar of wine! And who carried it running all the way to the cave?

to exemplify as much as possible the unworthiness of humans in general, and of the enemies of god in particular; and (2) to prime the readers to feel that the deity was such a paragon of compassion and mercy that he even tried to give a chance to those who had “outraged the Lord.”

Lot’s Tale and Incest

As for Lot’s tale, the fact that the narrator presents the father-daughter incest as the utter degradation unto which a man can fall, shows how much more recent than the time of Abe was this insertion into the Informational Framework (IF) text. Let me explain why.

Abe’s native tongue was the Sumerian of Nippur, and then, given his diplomatic activities (in the Egyptian Pharaoh’s court) and military actions, he necessarily spoke Akkadian, the international language of global politics. His marriage with his half sister Sarai/Sarah (whose name means “princess”) says it all: his education and culture were Sumerian, and he was from both a priestly and royal family. So Abe, besides his nearness to Enlil, was also raised in a family and in a Sumerian society having constant interactions with the Anunnaki gods, and knowing their historical and individual records.

And we have seen that incest, in this Anunnaki society, was an accepted and widespread custom. The fact that the royal succession line gave precedence to the son born out of a half-brother and half-sister union tells us volumes. And Abe’s wife was his half sister, so that the customs were also adopted by the humans of mixed parentage, as were all the High Priests and High Priestesses. Furthermore, we have multiple examples of incestuous mating between a father and his daughters, and even granddaughters (Anu with Inanna, or Enki with his own granddaughters), the child thus born getting precedence in the kingship line. So even a Sumerian-born High Priest (or, one should say, especially a High Priest in the know about the gods and their family) could in no way whatsoever project a moral judgment of degradation on an incestuous father-daughter relation such as that attributed to Lot, at that time in history of course.

The whole wrapping of the story—with the daughters as temptresses and the incest as an abomination (all this to make it possible for Lot to be ensnared, thus not the one responsible)—stinks of a society millennia nearer to our times, when incest had already become a taboo, an act judged utterly reprehensible, and hence sullied with blame and synonymous with moral degradation. Clearly, this story
from the third-layer narrator cannot, in any way, have a historical ground. And, of course, it stinks not only of sexism but also of dire racism.

So we are in Sodom and the emissaries are already the guests of Lot’s family, Lot’s wife, no doubt, preparing the banquet with her servants. (Let’s note that Lot, the High Priest’s son and heir for about two decades, given that Abe is very rich and powerful, cannot be the one the narrator insists on presenting as an “outsider,” and of low status.)

Are we going to be, by now, astonished that an age-old exegesis has focused mainly on the verb to know in the sentence (when the whole population comes and asks Lot, about the fiery visitors, “Bring them out to us that we may know them.” Believe it or not, the writer’s trick worked perfectly well—the priming in the story being the interpretation of the sin of Sodom, left to our imagination—and to know was understood as to know sexually, as Adam knew Eve. And thus, immediately blinded by a rush of subconscious emotion, the (now sole?) men gathered in front of Lot’s door were threatening to rape the emissaries. Thus are forgotten the fact the “angels” came fully armored and ready to erase, if not Sodom, a few allied towns; also forgotten is the fact that the whole population, young and old, was there, and that they were unarmed. (Picture the fathers, poor small humans in front of angels of death, willing to perform an homosexual rape in front of their kids and wives!) And pious students to be sidetracked beyond their wits, one generation after the other. It’s not all. When Lot sees the crowd demanding explanations, the narrator features him offering his virgin daughters to the crowd—his main obligation, as a host, being to protect his guests of course. A trove for the Freudians! And here goes our bold psychological criticism focusing, not on these degenerated monsters of doom, but on hair-splitting arguments about rape, and the exegesis about the hosting code of honor. Fortunately, the crowd, indignant, refuses, and that’s when the emissaries exit the house and strike the people with blindness. So again, three birds with one stone: One, Lot is already morally demeaned (a harbinger for events to come); two, it adds a heavier fault on the part of the population; and three, the attention is diverted from the abominable acts of the deity.

in Hebrew, “‘knowing’ covers broad intellectual, experiential and sexual knowing, and that maybe the men only had intellectual knowing in mind.” Nevertheless, we see that, in the exegesis, the “whole population” has become a group of men only,

Abe’s father, Terah, as a High Priest of Enlil, a Sumerian serving in his most sacred temple in Nippur, then in Ur, had to be of mixed parentage (Anunnaki and human); and in fact, Sitchin remarks that the names of several of the family members denote a princely or nobility status, beyond that of the half sister and spouse of Abe, Sarai/Sarah. By her union with Abe, Hagar was naturally, by
Sumerian customs, raised to the status of a noblewoman—a recognized and thus revered concubine (such as Anu’s first concubine, mother of the firstborn Enki). How could we imagine a High Priest, chosen by the foremost god, himself of a demigod descent, being attracted by a woman not worthy of him and willing to have an heir from her? This certitude makes it all the more plausible that the so-called servant role was just a fabrication, like that of the “prostitute” Magdalene, whose status as the First disciple (and one given a secret teaching by Jesus) was established by her rediscovered Gospel of Mary, and whose high initiate status and noble origins in Egypt.

The new layer of additions is crystal clear in Lot’s story. Through the editing and morphing processes, the princely bloodline descended from the brother of Abe to Lot was taken out and disposed of. Similarly blotted out was the union of Abe and Hagar, who, whoever she was at first, won the heart and the love of Abe, and gave him his firstborn son and heir. As Hagar’s son Ishmael was only thirteen at the cornerstone events (Abe being given a new name and selected as first Patriarch of the new faith through the sole line of the promised son Isaac, on the fatal eve) he was not yet entrusted with arcane scientific and priestly knowledge as had been Lot. His case needed only, from the narrator, a downplaying and degrading of his mother (into a servant and slave) and then a total blackout from ulterior accounts.

Yet, as historian and biblical expert Gerda Lerner notes in The Creation of Patriarchy, in the Sumerian law (notably the Hammurabic one in effect at that time), the children of the concubine are “entitled to a lesser share in the inheritance if their father acknowledges them during his lifetime. In Ishmael’s case, Abraham had already acknowledged him as his son, and yet God ordered him to expel Hagar and her son as Sarah desired, ‘. . . for it is through Isaac that your line shall be continued’ (Gen. 21:12)”

there were some theo-political reasons belonging to the narrators themselves. With the covenant, the deity was now bound to his “Chosen” and vice-versa (and in fact, the imperative and binding character of this “contract” imposed on one ethnic group, and greatly resembling social contracts of the time, has been largely discussed by experts, among them Rivkah Kluger, as we saw). Hence the probable restructuring of some key passages to focus exclusively on one ethnic group and get rid of the other lines of descent. However, as the Book is a perfect example of it, this cannot fail to leave traces. One such story, beyond that of Lot, is of course the way Hagar is banished to the desert with Ishmael, now sixteen years old (Isaac is about three years old). What makes this story harrowing is the fact that Abraham is not even giving her and his son some food and water for a few days, even less so some sheep as heritage—nothing. He sends them to their death knowingly—he, the desert dweller.
“there are two consecutive narratives concerning God’s rescue of Hagar from dying of thirst in the Negev desert,” the second time after being expelled by Abe (172). This story highlights a grave ambiguity in Abe’s psyche, just as when, in Egypt, he let their host the Pharaoh seduce his beautiful sister Sarah, not disclosing she was also his wife (the Pharaoh, on discovering it, asked them out and gave them an army and riches). A third instance of such ambiguity is of course when later he’ll be willing to prove his obedience to his Deity by blindly following his order to sacrifice his and Sarah’s only son, the same Isaac, a prospect that killed Sarah of grief before an angel saved the adolescent (but not the mother, now expendable).

The first time, Hagar is pregnant and she flees to the desert because the infertile Sarai/Sarah, jealous, harasses her. An angel tells her to go back to Abe’s house; he predicts she’ll beget a son and gives him the name Ishmael. (Abe, let’s note it, needs his firstborn son and heir.) The second time, Abe’s legal heir Isaac is now three, and Sarah asks him to “throw out this slave woman and her son.” Says Gruber, “God, according to Gen. 21.12, tells him [Abe] not to be distressed . . . ‘As for whatever Sarah tells you, obey her.’”

the verb can mean either to obey or to listen, and chooses to grant the deity of the Book a kind of post-Goleman emotional intelligence—that it was a counsel to listen and talk to his wife and make her understand (175). And Gruber goes on to argue: “Since, however, throughout Gen. 16 and Gen. 21.17–20 God and God’s angel show the greatest interest in Hagar and her progeny and in their survival and well-being, it makes no sense that God would tell Abraham to obey Sarah’s command.” Yet he did, not Sarah’s specifically, but his Deity’s command, and he was sure or made sure they would die. And again an angel (probably not the same one?) saved them. (Remember all Anunnaki were “angels.”)

the deity of the Book may have, at different epochs, different political agendas of his own (yet, his interferences in geopolitics were a fact of life for his later prophets). With a land he got as heritage, a people of devotees is what he wanted, with, at their head, a line of High Priests and/or Kings, starting with Abe’s descent—given that, being brother and half sister of a royal and High Priest lineage, they were therefore demigods, partly Anunnaki.

And we may then think differently about Moses, from Egypt, who, according to some experts, had horns (as in Michelangelo’s sculpture, see fig. 6.1) just as the Anunnaki had horns—the one sign to surely recognize them in depictions.

and alone in the whole region. How fitting that Abe is said to have moved his encampment, and thus was supposedly impossible to reach. How fitting that most of Lot’s descendants in Sodom (including his heir) are eradicated in one blow,
and that his wife should die—so that his male descent was said to have ended, himself brought down (in the surrealistic narrative) to utter degradation. How fitting that Lot is depicted as a vile and incestuous father, lost in sin, his sole descent left from his young daughters deemed flawed, and thus lost from memory.

How fitting that Abe was promised an heir from his legal wife Sarah just on the eve of the holocaust, before all this happened—so that in the minds of the readers, now soothed and sure to have the line of Abe preserved, the ignominious fate of Lot and all his family and his city, could be faced with a steady heart, accepted without question as the rightful punishment for dire evil deeds. How befitting, this tale composed for one people, one ethnicity only. Another firstborn evicted, another first heir dispossessed, another brother (the royal son of Terah) erased from official history.

Enlil himself would have dictated his own version of the ancient history, and this would amply explain the biased version of the garden of Eden, including the weight of sin put on The Woman, despite the fact he knew it was all Enki’s scheming—the Serpent! It could explain the plural we, sometimes used as an I by the foremost among the gods, and other times as a we referring to a group (his sons, or the Assembly). In my view, all the psychological traits we have unraveled fit well with Enlil’s profile as shown in the tablets. This possibility fits also with some traits of the Anunnaki royals, who show a tendency (1) to aspire at being the sole god—this being of course much more sound when you are the foremost one of the time; (2) to dictate their own view of things to their scribes, or to write it themselves; (3) to demonize the brother-enemy and call “sinful” whoever (god, human, or city) is not subservient; (4) to put the responsibility for all evil events, such as events triggering wars and conflicts, on their enemy; and finally (5) they have a male-dominated hierarchy, starting with the kingship passing primarily to male heirs and their obsession with a male heir. Sexism against women is rampant and the Anunnaki society is definitely, clearly, macho, especially among the Enlilites and their natural ally Nergal.

two extracts:

Text 1. The Nuking of the Jordan Plain (2024 BCE). “Lord, Bearer of the Scorcher that burnt up the adversary; who obliterated the disobedient land; who withered the life of the Evil Word’s followers; who rained stones and fire upon the adversaries.” (K-5001 Text, Sumerian language, with a faithful Akkadian translation.
Text 2. The Babylon Tower (3450 BCE). “The thoughts” of this god’s heart “were evil; against the Father of the Gods [Enlil] he was wicked . . . the people of Babylon he corrupted to sin,” inducing “small and great to mingle on the mound .” . . . Because “they against the gods revolted with violence, violently they [were crushed and] they wept for Babylon; very much they wept.” (K-3657 Text, cuneiform Akkadian; Wars, 198–99.)

three basic truths: (1) that there had been several gods from the same royal family tree, (2) that they had fought between themselves, and (3) that these gods were men, of a human race, with wives, brothers, kids, emotions, and prone to act in fits of rage.

the Roman Emperor Constantine I called a Council—normally an assembly of all the bishops of the diverse Christian faiths. At this epoch in Europe and the Middle East, the religious landscape was quite variegated. Many groups of early Christians had developed their own brand of a faith with specific customs, rituals, and beliefs (such as the Gnostics). These early Christian faiths flourished in the midst of ancient Egyptian, Greek, Persian, and Roman faiths, such as the Isis Mysteries, and the cult of Mithras, the latter being the most extent faith in the world at the time. With the crowning of Constantine I, the Roman Empire had been reunified (it extended all over Europe) and the persecution of Christians had been halted; at that time, Christians formed only a tenth of its population. What is interesting is that Constantine, all his life, adhered to a monotheist brand of Roman religion called the Sol Invicti (linked to Apollo and Mithras) and was particularly attracted by the Arianist faith; but he had always been tolerant and wanted above all a unified religion. But a new dogma promoted by Bishop Arius had appeared in Christianity, creating a lot of dissention. The dispute was over the relationship of the Father with the Son (and the Holy Spirit). The Catholics upheld the consubstantiality—one unique essence in three different persons—and the Arianists a similar essence but not unique. It is on purely political grounds, to impose the authority of the emperor on the religion and a forced unity of the Empire, that Constantine I himself convened the Council of Nicea in 325 CE. Between 250 and 300 Catholic-prone bishops were invited, and only fourteen Arianists. Without being baptized a Christian, the Emperor nevertheless presided over the council. After days of discussion, of the fourteen Arianist bishops, only three refused to adopt the Catholic dogma, among them Arius himself—and they were excommunicated on the spot. After this crushingly positive vote of a carefully chosen and captive audience, the bishops discussed and established other articles of faith, such as the Trinity. Bizarrely, Constantine was baptized just before dying twelve years later (during one of his campaigns) but by an Arianist bishop, thus in the Arianist faith! Yet his children were raised as Catholics. The setting of the core of dogma led later on to selecting which texts among the scriptures and gospels were to become canonical. Thus came into
being the approved version of the scriptures of the New Testament. And the texts that were rejected became the apocryphal gospels and texts, that is, apocryphal to (or outside of) the Catholic faith.

apocryphal books on the fringe of the Hebrew scriptures—such as the Book of Jubilees and the Book of Enoch—which give us a lot of information in accordance with the Sumerian tablets that are absent from the Book, seems to point to such a possibility. At some point, some ancient texts became canonical, and the others were rejected, thus forming the Apocrypha.

the main transformation produced at the second layer was to cement the shift from a pantheon of gods (much too human), to the strict monotheist and moralistic framework—the sole-god faith imposed by Enlil and already developed and expounded in his writing/dictation of the first layer—thus erasing totally the family of Enlil. This is similar to how the Catholic faith erased any mention of the brothers of Jesus (save rare lapses) and of his wife of royal descent Mary Magdalena, a highly initiated apostle, morphing her into the woman “sinner”—thus from an apostle relegating her to being a prostitute. Then the texts led us to interpret her tantamount presence at the side of Jesus (that they could not expunge totally from the canonic texts) by the fact that Jesus having saved her soul, she became totally dedicated to him as a penitent, and since she was rich, by seeing to his needs

issue was to be settled clearly in the corpus of dogmas: Y. selected only one line of the descent of Abe . . . the other branches had to be neatly expurgated and that called for real good reasons. And thus is Lot’s descent described as either slain or becoming degenerate.

we see, with monotheism, the emergence of a totally disincarnated god who is neither human nor alien, but an immaterial spirit endowed (only) with positive qualities in an absolute measure—omniscient, omnipotent, creator of all that is, unfailing, absolutely righteous, etc. (And at that point real history definitely had to be erased.) But in so doing, the gap with the realistic state of the world—that is, the evil deeds, the suffering, the disorder—had to have a reason, a cause that should not originate in God the all-good and all-powerful creator. Then the entity of the devil had naturally emerged as the concept able (as we analyzed it earlier) to constellate a persona with all the opposite negative qualities similarly as extreme. This explains how the elaboration of the semantic constellation of the Devil, who now had a name: the Serpent, Satan. And this is how the strife between different godly worldviews was itself morphed into the new battle between God/good and the Devil/evil. All that was not strict dogma became evil, or a plot of the Devil, and punished as such.
the basic facts of the narrative (the IF in layers 1 and 2) are belying the superlative epithets to be the qualities exhibited by the wrathful god, the jealous and unjust god, governing only by command and false mercy, and trampling on human beings whenever events aroused his anger or his jealousy—whether the humans were the real culprits or not.

The Sumerians were more honest when they depicted a towering god, a giant, trampling and slaying the Earth-humans who were trying, with hopes and courage, to build their own Bond Heaven-Earth (tower)—as seen in the stone carving (We are told that after a big tantrum and the curse of the Woman, the Man, and of mankind, the deity made some garments for the First Couple (how nice, after the “gift” of terrible and eternal curses that couldn’t be erased!). We saw how crooked was the gift of “mercy” to Lot—as if one hand was taking back what the other one was forced to give—a gift that in the end worsened the fate of Lot (in the narrative). We saw also how the gift to Abe (the miracle of a son birthed by Sarah at a very old age) had the bitter taste of both a bargain and of a narrator’s way to push out of the picture the descent of Lot, as well as that of Hagar. From this irascible and psycho-rigid supposed “father,” the commands (as a prevalent style of communication) and the punishments (as a predominant style of reaction) would be somewhat understandable only in as much as he had given to mankind the most precious gift—life—that is, if he were our Creator. But if we look at things in the context of what really happened historically, he appears more like a royal heir who took over the governance as if by divine right, which it was not since his father Anu and his contender Alalu kept usurping the throne one from each other (albeit according to accepted customs and in all fairness).

Enlil as the Commander of Earth was a fact of existence, a dire fate for the young humanity that could not be turned around—if even the brilliant prince and brother and powerful contender Enki himself could not do that much.

WE COULD STILL strongly doubt that such events happened, especially the nuclear holocaust in Sumer, if only we didn’t have the Sumerian tablets by the hundred thousands, if only we didn’t have the discoveries of several places on Earth with rocks vitrified and unexplainable other than by evoking nuclear blasts and heat, if we didn’t have the radioactive skeletons of the Indus Valley, and not least, traces of two thermonuclear explosions on Mars, and evidence of a planet lush with life that was scorched dead.

Now we can ask ourselves: Why these relentless waves of discoveries from many different scientific fields and fringe domains of research? And why now? Because despite recent devastating wars and onslaught on sacred sites by
extremist brands of religions that, strangely, have targeted precisely the ancient Sumerian and Assyrian museums and artifacts, we are at the threshold of a qualitative leap in human consciousness, a leap of major proportion.

The information about intelligent civilizations in the universe, in our vicinity and able, since long ago, to visit us—this fact that comes to the forefront with such insistence and such force has been covered up for much too long. But in recent years, even the individuals at key posts and the top brass have come to know the urgency for the people of Earth to be fully cognizant of our next step ahead, that of interacting at the geopolitical level with the federation of intelligent civilizations, then of integrating its organization.

The more I’m researching the Sumerian lore, the more I’m persuaded that, despite their willingness to give us a maximum of knowledge about our origins and their home world, there was an ensemble of information that Enki, Ninmah, and Ningishzidda/Hermes didn’t leak to us—and that was their own interaction with such a galactic federation. An issue I bet they mulled over and reached the conclusion that it was something that we had to attain by ourselves, because only then would we be fully ready to manage it.

However, it turned out that the forces that wanted to keep us as working donkeys—producing riches and metals that they would dispose of, without even paying for these or for the work—these shadow powers took all possible action to impede us from reaching this understanding, and when a few insightful individuals did, they were quick to silence them in the name of reason and good sense, of statistics and laws of nineteenth-century physics, or of religious incompatibility with their dogmas and worldviews about five thousand years ago, that the Sumerians, as a result of their economic and administrative needs, came upon the idea of writing on clay. Their first attempts were crude and pictographic; they could be used only for the simplest administrative notations. But in the centuries that followed, the Sumerian scribes and teachers gradually so modified and molded their system of writing that it completely lost its pictographic character and became a highly conventionalized and purely phonetic system of writing. In the second half of the third millennium B.C., the Sumerian writing technique had become sufficiently plastic and flexible to express without difficulty the most complicated historical and literary compositions. There is little doubt that sometime before the end of the third millennium B.C. the Sumerian men of letters actually wrote down—on clay tablets, prisms, and cylinders—many of their literary creations which until then had been current in oral form only. However, owing to archaeological accident, only a few literary documents from this earlier period have as yet been excavated, although this same period has yielded tens of thousands of economic and administrative tablets and hundreds
of votive inscriptions. It is not until we come to the first half of the second millennium B.C. that we find a group of several thousand tablets and fragments inscribed with the Sumerian literary works. The great majority of these were excavated between 1889 and 1900 at Nippur, an ancient Sumerian site not much more than a hundred miles from modern Baghdad.

In Sumer, a good millennium before the Hebrews wrote down their Bible and the Greeks their Iliad and Odyssey, we find a rich and mature literature consisting of myths and epic tales, hymns and lamentations, and numerous collections of proverbs, fables, and essays.

most of the sun-baked clay tablets came out of the ground broken and fragmentary, so that only a small part of their original contents is preserved on each piece. Offsetting this disadvantage is the fact that the ancient Sumerian "professors" and their students prepared many copies of each literary work. The breaks and lacunae of one tablet or fragment can therefore frequently be restored from duplicating pieces, which may themselves be in a fragmentary condition.

as a result of the gradual conquest of the Sumerians by the Semitic Akkadians in the last quarter of the third millennium B.C., the Sumerian professors prepared the oldest "dictionaries" known to man. The Semitic conquerors not only borrowed the Sumerian script but also treasured highly the Sumerian literary works, which they studied and imitated long after Sumerian had become extinct as a spoken language. Hence, there arose the pedagogical need for "dictionaries" in which Sumerian words and phrases were translated into the Akkadian language.

myths and epic tales in the form of narrative poems celebrating the deeds and exploits of the Sumerian gods and heroes; hymns to gods and kings; lamentations bewailing the destruction of Sumerian cities; wisdom compositions including proverbs, fables, and essays.

an oracle of Sataran, a deity in charge of settling complaints,

In the days when Mesilim was king of Kish, and at least the nominal suzerain of Sumer, there arose a border dispute between Lagash and Umma, two Sumerian city-states which evidently acknowledged Mesilim as their overlord. He proceeded to arbitrate the controversy by measuring off a boundary line between the two cities in accordance with what was given out to be an oracle of Sataran, a deity in
charge of settling complaints, and he erected an inscribed stele to mark the spot and prevent future disputes. However, the decision, which was presumably accepted by both parties, seemed to favor Lagash rather than Umma. Not long afterward Ush, an ishakku of Umma, violated the terms of the decision (the time is not stated, but there are indications that this violation took place not long before UrNanshe founded his dynasty at Lagash). Ush ripped out Mesilim's stele to indicate that he was not bound by its terms, and then crossed the border and seized the northernmost territory belonging to Lagash, known as the Guedinna. This land remained in the hands of the Ummaites until the days of Eannatum, the grandson of Ur-Nanshe, a military leader whose conquests had made him so powerful that he dared assume, at least for a brief period, the title THE FIRST HISTORIAN 39

"King of Kish," and thus claim the overlordship of all Sumer. It was this Eannatum, according to our document, who attacked and defeated the Ummaites; made a new border treaty with Enakalli, then the ishakku of Umma; dug a ditch in line with the new boundary which would help insure the fertility of the Guedinna; erected there for purposes of future record the old Mesilim stele, as well as several steles of his own; and constructed a number of buildings and shrines to several of the important Sumerian deities. To help minimize the possible source of future conflict between Umma and Lagash, he set aside a strip of fallow land on the Umma side of the boundary ditch, as a kind of "no-man's land." Finally, Eannatum, probably in an effort to alleviate the feelings of the Ummaites to some extent, since he was eager to expand his conquests in other directions, agreed to let them farm the fields lying in the Guedinna and even further south. But he granted this only under the condition that the Ummaites pay the Lagash rulers a share of the crops for the use of the land, thus assuring himself and his successors of a considerable revenue. Thus far, Entemena's archivist dealt only with past events in the conflict between Umma and Lagash. He next turned to the most recent struggle between the cities, of which he was in all probability a contemporary witness—the battle between Ur-Lumma, the son of the unfortunate Enakalli, who had been compelled to agree to Eannatum's "shameful" terms, and Entemena, the son of Enannatum and nephew of Eannatum. Despite Eannatum's mighty victory, it took the Ummaites less than a generation to recover their confidence, if not their former strength. Ur-Lumma repudiated the
bitterly rankling agreement with Lagash, and refused to pay Enannatum the revenue imposed upon Umma.

Moreover, he proceeded to "dry up" the boundary ditches; ripped out and put to fire both Mesilim's and Eannatum's steles with their irritating inscriptions; and destroyed the buildings and shrines which Eannatum had constructed along the boundary ditch to warn the Ummaites that they must not trespass on Lagash territory. He was now set to cross the border and enter the Guedinna. To assure him self of victory, he sought and obtained the military aid of the foreign ruler to the north of Sumer. The two forces met in the Gana-ugigga of the Guedinna, not far south of the border. The Ummaites and their allies were under the command of Ur-Lumma himself, while the Lagashites were led by Entemena, since his father, Enannatum, must have been an old man at the time. The Lagashites were victorious. Ur-Lumma fled, hotly pursued by Entemena, and many of his troops were waylaid and killed. But Entemena's victory proved to be ephemeral. Upon Ur-Lumma's defeat and probable death, a new enemy appeared on the scene. This new enemy, whose name was II, was the temple-head of a city named Zabalam, situated not far from Umma to the north. II had evidently been shrewd enough to "wait it out" while Entemena and Ur-Lumma were struggling for a decision. But as soon as the battle was over, he attacked the victorious Entemena, met with initial success, and penetrated deep into Lagash territory. Although he was unable to hold on to his gains south of the Umma-Lagash border, he did succeed in making himself ishakku of Umma. II proceeded to show his contempt for the Lagash claims in almost the same manner as his predecessor. He deprived the boundary ditches of the water so essential to the irrigation of the nearby fields and farms, and refused to pay all but a fraction of the revenue imposed upon Umma by the old Eannatum treaty. And when Entemena sent envoys demanding an explanation for his unfriendly acts, II answered by arrogantly claiming the entire Guedinna as his territory and domain. The issue between II and Entemena, however, was not decided by war. Instead, a compromise seems to have been forced upon them by a third party, probably the northern non-Sumerian ruler who claimed overlordship over Sumer as a whole. By and large, the decision seemed to favor Lagash, since the old Mesilim-Eannatum line was retained as the fixed boundary between Umma and Lagash. On the other hand, nothing is said of compensation by the Ummaites for the revenue which they had withheld. Nor do they seem to have been held responsible any longer for

THE FIRST HISTORIAN 41

ensuring the water supply of the Guedinna. It was now up to the Lagashites themselves to see to the water supply.
The historical events marking the struggle for power between Lagash and Umma are by no means self-evident from a first study of the text of our document. Much of the history is derived from reading between the lines.

The text of this unique historical inscription has been found inscribed in practically identical language on two clay cylinders.

The most ancient law code brought to light up till 1947 was that promulgated by Hammurabi, the far-famed Semitic king who began his rule about 1750 B.C. Written in the cuneiform script and in the Semitic language known as Babylonian, it contains close to three hundred laws sandwiched in between a boastful prologue and a curse-laden epilogue. The diorite stele on which the code is inscribed now stands solemn and impressive in the Louvre. From the point of view of fullness of legal detail and state of preservation, it is the most imposing ancient law document as yet uncovered—but not from the point of view of age and antiquity. In 1947 there came to light a law code promulgated by King Lipit-Ishtar, who preceded Hammurabi by more than one hundred and fifty years. The Lipit-Ishtar code, as it is now generally called, is inscribed not on a stele but on a sun-baked clay tablet. It is written in the cuneiform script, but in the non-Semitic Sumerian language. The tablet was excavated shortly before the turn of the century, but for various reasons had remained unidentified and unpublished. As reconstructed and translated with my help by Francis Steele, formerly assistant curator in the University Museum, it is seen to contain a prologue, epilogue, and an unknown number of laws, of which thirty-seven are preserved wholly or in part. But Lipit-Ishtar's claim to fame as the world's first law giver was short-lived. In 1948, Taha Baqir, the curator of the Iraq Museum in Baghdad, was digging in an obscure mound called Harmal, and he announced the discovery of two tablets inscribed with an older law code. Like the Hammurabi code, these tablets were written in the Semitic Babylonian language. They were studied and copied that very year by the well-known Yale cuneiformist Albrecht Goetze. In the brief prologue that precedes the laws (there is no epilogue), a king by the name of Bilalama is mentioned. He may have lived some seventy years before Lipit Ishtar. It is this Semitic Bilalama code, therefore, which seemed to be entitled to priority honors until 1952, when I was privileged to copy and translate a tablet inscribed
with part of a law code promulgated by a Sumerian king named Ur-Nammu. This ruler, who founded the now wellknown Third Dynasty of Ur, began his reign, even according to lowest chronological estimates, about 2050 B.C., some three hundred years before the Babylonian King Hammurabi. The Ur-Nammu tablet is one of the hundreds of Sumerian literary tablets in the collection of the Museum of the Ancient Orient in Istanbul.

After the world had been created, and after the fate of the land Sumer and of the city Ur (the Biblical Ur of the Chaldees) had been decided, An and Enlil, the two leading deities of the Sumerian pantheon, appointed the moongod Nanna as the King of Ur. One day, Ur-Nammu was selected by the god to rule over Sumer and Ur as his earthly representative. The new king's first acts had to do with the political and military safety of Ur and Sumer. In particular he found it necessary to do battle with the bordering citystate of Lagash, which was expanding at Ur's expense. He defeated and put to death its ruler, Namhani, and then, "with the power of Nanna, the king of the city," he re-established Ur's former boundaries. Now came the time to turn to internal affairs, and to institute social and moral reforms. He removed the "chiseler" and the grafters, or, as the code itself describes them, the "grabbers" of the citizens' oxen, sheep, and donkeys. He then established and regulated honest and unchangeable weights and measures. He saw to it that "the orphan did not fall a prey to the wealthy"; "the widow did not fall a prey to the powerful"; "the man of one shekel did not fall a prey to the man of one mina (sixty shekels)." Although the relevant passage is destroyed on the tablet, it was no doubt to ensure justice in the land and to promote the welfare of its citizens that he promulgated the laws which followed. The laws themselves probably began on the reverse of the tablet. They are so badly damaged that the contents of only five of them can be restored with some degree of certainty. One of them seems to involve a trial by water ordeal; another seems to treat of the return of a slave to his master. But it is the other three laws, fragmentary and difficult as their contents are, that are of very special importance for the history of man's social and spiritual growth. For they show that, even before 2000 B.C., the law of "eye
for eye" and "tooth for tooth"—still prevalent to a large extent in the Biblical laws of a much later day—had already given way to the far more humane approach in which a money fine was substituted as a punishment.

Nanna-sig, the son of Lu-Sin, Ku-Enlil, the son of KuNanna, the barber, and Enlil-ennam, the slave of Addakalla, the gardener, killed Lu-Inanna, the son of Lugalapindu, the nishakku-official.

After Lu-Inanna, the son of Lugal-apindu, had been put to death, they told Nin-dada, the daughter of Lu-Ninurta, the wife of Lu-Inanna, that her husband Lu-Inanna had been killed.

Nin-dada, the daughter of Lu-Ninurta, opened not her mouth, (her) lips remained sealed.

Their case was (then) brought to (the city) Isin before the king, (and) the King Ur-Ninurta ordered their case to be taken up in the Assembly of Nippur.

(There) Ur-gula, son of Lugal-. . , Dudu, the birdhunter, Ali-ellati, the dependent, Buzu, the son of Lu-Sin, Eluti, the son of . . -Ea, Shesh-Kalla, the porter (P), LugalKan, the gardener, Lugal-azida, the son of Sin-andul, (and) Shesh-kalla, the son of Shara-. . , faced (the Assembly) and said:

"They who have killed a man are not (worthy) of life. Those three males and that woman should be killed in front of the chair of Lu-Inanna, the son of Lugal-apindu, the nishakku-official."

(Then) Shu . . Mum, the . . -official of Ninurta, (and) Ubar-Sin, the gardener, faced (the Assembly) and said:

"Granted that the husband of Nin-dada, the daughter of Lu-Ninurta, had been killed, (but) what had (?) the woman done (?) that she should be killed?"

(Then) the (members of the) Assembly of Nippur faced (them) and said:

"A woman whose husband did not support (?) her—granted that she knew her husband's enemies, and that (after) her husband had been killed she heard that her husband had been killed—why should she not remain silent (?) about (?) him? Is it she (?) who killed her husband? The punishment of those (?) who (actually) killed should suffice"
In accordance with the decision (?) of the Assembly of Nippur, Nanna-sig, the son of Lu-Sin, Ku-Enlil, the son of Ku-Nanna, the barber, and Enlil-ennam, the slave of Addakalla, the gardener, were handed over (to the executioner) to be killed.

(This is) a case taken up by the Assembly of Nippur.

a document more than 3,500 years old that is of prime importance in the history of agriculture and its techniques. The restored document, 109 lines in length, consists of a series of instructions addressed by a farmer to his son for the purpose of guiding him throughout his yearly agricultural activities, beginning with the inundation of the fields in May-June and ending with the cleaning and winnowing of the freshly harvested crops in the following April-May. The newly restored Sumerian clay document was actually inscribed about 1700 B.C., and thus antedates Hesiod's work by approximately a millennium.

The Sumerian farm "handbook" begins with the line, "In days of yore a farmer gave (these) instructions to his son." The directions that follow concern the more important chores and labors that a farmer must perform to ensure a successful crop. Since irrigation was essential for Sumer's parched soil, the instructions began with advice concerning irrigation works: Care must be taken that their water does not rise too high over the field; when the water subsides, the wet ground must be carefully guarded against trampling oxen and other prowlers; the field must then be cleared of weeds and stubble and fenced about. The farmer was next counseled to have his household and hired help prepare in advance all the necessary tools, implements, baskets, and containers. He must see to it that he has an extra ox for the plow. Before beginning to plow, he should have the ground broken up twice by the mattock and once by the hoe. Where necessary the hammer must be used to pulverize the clods. He was counseled to stand over his laborers and see to it that they did not shirk their work. The work of plowing and sowing was carried on simultaneously by means of a seeder—that is, a plow with an attachment that carried the seed from a container through a narrow funnel down to the furrow. The farmer was instructed to plow eight furrows to each strip of approximately twenty feet. He was told to
see to it that the seed was placed at an even depth. In the words of the "handbook": "Keep an eye on the man who puts in the barley seed that he make the seed fall two fingers uniformly." If the seed failed to penetrate the earth properly, he must change the share, "the tongue of the plow." There were several kinds of furrows, according to the writer of the "handbook," who advised in particular: "Where you have

THE FIRST "FARMER'S ALMANAC" 67

plowed straight furrows, plow (now) diagonal furrows; where you have plowed diagonal furrows, plow (now) straight furrows." Following the sowing, the furrows had to be cleared of clods, so that the sprouting of the barley would not be impeded. "On the day when the seed breaks through the ground," the Sumerian "handbook" continues, the farmer should say a prayer to Ninkilim, the goddess of field mice and vermin, lest these harm the growing grain; he should also scare away the birds. When the barley had grown sufficiently to fill the narrow bottoms of the furrows, he was to water it; and when it was dense enough to cover the field like the "mat in the middle of a boat," he was to water it a second time. A third time he was to water the "royal" grain. Should he then notice a reddening of the wet grain, it was the dread samanadisease that was endangering the crops. If the crop showed improvement, he was to water it a fourth time, and

thus get an extra yield of 10 per cent. When the time came for harvesting, the farmer was not to wait until the barley bent under its own weight, but was to cut it "in the day of its strength"; that is, just at the right moment. Three men worked as a team on the standing grain—a reaper, a binder, and a third whose duties are not clear. The threshing which followed immediately upon the harvesting was done by means of a sledge drawn back and forth over the heaped-up grain stalks for a period of five days. The barley was then "opened" with an "opener," which was drawn by oxen. By this time, however, the grain had become unclean through contact with the ground. Therefore, following an appropriate prayer, the grain was winnowed with pitchforks, laid on sticks, and thus freed of dirt and dust. The document closes with the statement that the agricultural rules laid down were not the farmer's own but those of the god Ninurta, the son and "true farmer" of the leading Sumerian deity, Enlil.
Not only cereal farms but also vegetable gardens and fruit groves were sources of Sumer's economic wealth. One of the more significant horticultural techniques practiced in Sumer from earliest days was shade-tree gardening—that is, the planting of broad shade trees to protect the garden plants from sun and wind. This we learn from a Sumerian poem, a six-column piece inscribed with a hitherto unknown myth which I have titled "Inanna and Shukallituda: The Gardeners Mortal Sin." This last-mentioned document originally must have measured 6 by y 1A inches, but now measures only 4^4 by 7 inches. The first and last columns are almost entirely destroyed, but the remaining four columns permit the restoration of some two hundred lines of text, of which more than half are complete. As the contents of the myth gradually became intelligible, it was obvious that not only was its plot unusual, but the poem was highly significant in two other respects. In the first place, it features an incident in which a deity, angered by the impious deed of a mortal,

THE FIRST EXPERIMENT IN SHADE-TREE GARDENING JI

turns the water of an entire land into blood. The only parallel to this "blood-plague" motif in the entire range of ancient literature is the Biblical exodus story in which Jahweh turns the water of all Egypt into blood when Pharaoh refuses to send forth the enslaved Israelites to serve him. Secondly, the author of our ancient myth seems to explain the origin of shade-tree gardening, and thus reveals that the horticultural technique of planting shade trees in a garden or grove to protect the plants from wind and sun was known and practiced thousands of years ago. The plot of this myth runs as follows: Once upon a time there lived a gardener by the name of Shukallituda, whose diligent efforts at gardening had met with nothing but failure. Although he had carefully watered his furrows and garden patches, the plants had withered away. The raging winds smote his face with the "dust of the mountains." All that he had carefully tended turned desolate. He thereupon lifted his eyes east and west to the starry heavens, studied the omens, observed and learned the divine laws. Having acquired new wisdom, he planted the (as yet unidentified) sarbatu tree in the garden, a tree whose broad shade lasts from sunrise to sunset. As a consequence of this horticultural experiment, Shukallituda's gar
den blossomed forth with all kinds of greens. One day the goddess Inanna (the Sumerian counterpart of the Greek Aphrodite and the Roman Venus), after having traversed heaven and earth, lay down to rest her tired body not far from the garden of Shukallituda. He spied on her from the edge of his garden. Then he took advantage of her extreme weariness and cohabited with her. When morning came and the sun rose, Inanna looked about her in consternation and determined to ferret out, at all costs, the mortal who had so shamefully abused her. She therefore sent three plagues against Sumer: (1) She filled all the wells of the land with blood, so that all the palm groves and vineyards became saturated with blood. (2) She sent destructive winds and storms against the land. (3) The nature of the third plague is uncertain, since the relevant lines are too fragmentary.

Despite the three plagues, Inanna was unable to locate her defiler. After each plague Shukallituda went to his father's house and informed him of his danger. The father advised his son to direct his step to his brothers, the "blackheaded people" (the people of Sumer), and to stay close to the urban centers. Shukallituda followed this advice, and as a result Inanna did not find him. She realized bitterly that she was unable to avenge the outrage committed against her. She therefore decided to go to the city Eridu, to the house of Enki, the Sumerian god of wisdom, to seek his advice and help. Here the tablet breaks off, and the end of the story remains unknown.

I planted one tree as a protecting cover. The tree's protecting cover—the sarbata-tree of wide shade—Its shade below, dawn, Noon, and dusk, did not turn away.

Then, the woman, because of her pudendum, what harm she did! Inanna, because of her pudendum, what did she do!

The Sumerians of the third millennium B.C., there is good reason to believe, evolved a number of metaphysical and theological concepts which, though never explicitly formulated, became more or less paradigmatic for the entire Near East, and even left their imprint on the Hebrew and Christian dogmas of later days.
The more significant of their concepts are presented in Chapter 13, together with an analysis of the largely unformulated and unarticulated rational and logical inferences behind them. The chapter also shows how the Sumerian intellectual speculations and philosophical conclusions were isolated and adduced primarily from the Sumerian myths and epic tales, in spite of the fact that these resort to fantasy and imagination rather than reason and logic for their literary effect.

The Sumerians failed to develop a systematic philosophy in the accepted sense of the word. It never occurred to them to raise any questions concerning the fundamental nature of reality and knowledge, and they therefore evolved practically nothing corresponding to the philosophical subdivision which is commonly known today as epistemology. They did, however, speculate on the nature and, more particularly, the origin of the universe, and on its method of operation. There is good reason to infer that in the third millennium B.C. there emerged a group of Sumerian thinkers and teachers who, in their quest for satisfactory answers to some of the problems raised by their cosmic speculations, evolved a cosmology and theology carrying such high intellectual conviction that their doctrines became the basic creed and dogma of much of the ancient Near East. These cosmological ideas and theological speculations are nowhere explicitly formulated in philosophical terms and systematic statements. Sumerian philosophers had failed to discover that all-important intellectual tool which we take for granted: the scientific method of definition and generalization, without which our present-day science would never have reached its prominence. To take even so relatively simple a principle as cause and effect, the Sumerian thinker, while fully aware of the innumerable concrete examples of its operation, never came upon the idea of formulating it as a general, all-pervading law. Almost all our information concerning Sumerian philosophy, theology, cosmology, and cosmogony, has to be ferreted out and pieced together from Sumerian literary works, particularly myths,
epic tales, and hymns.

In the eyes of the Sumerian teachers and sages, the major components of the universe were heaven and earth; indeed, their term for universe was an-kī, a compound word meaning "heaven-earth." The earth, they thought, was a flat disk; heaven, a hollow space enclosed at top and bottom by a solid surface in the shape of a vault. Just what this heavenly solid was thought to be is still uncertain. To judge from the fact that the Sumerian term for tin is "metal of heaven," it may have been tin. Between heaven and earth they recognized a substance which they called Hī, a word whose approximate meaning is "wind" (air, breath, spirit); its most significant characteristics seem to be movement and expansion, and it therefore corresponds roughly to our "atmosphere." The sun, moon, planets, and stars were taken to be made of the same stuff as the atmosphere, but endowed, in addition, with the quality of luminosity. Surrounding the "heaven-earth" on all sides and at top and bottom was the boundless sea, in which the universe somehow remained fixed and immovable. From these basic assumptions concerning the structure of the universe, which seemed to the Sumerian thinkers obvious and indisputable facts, they evolved a cosmogony to fit. First, they concluded, was the primeval sea; the indications are that they looked upon the sea as a kind of "first cause" and "prime mover," and that they never asked themselves just what was prior to the sea in time and space. In this primeval sea was somehow engendered the universe, the "heaven-earth," consisting of a vaulted heaven superimposed over a flat earth and united with it. In between, separating heaven from earth, was the moving and expanding "atmosphere." Out of this atmosphere were fashioned the luminous bodies—the moon, sun, planets, and stars.

Following the separation of heaven and earth—and the creation of the light-giving astral bodies—plant, animal, and human life came into existence. Who created this universe and kept it operating, day in day out, year in year out, throughout the ages? From as far back as our written records go, the Sumerian theologian assumed as axiomatic the existence of a pantheon consisting of a group of living beings, manlike in form but superhuman and immortal, who, though invisible to mortal eye,

guide and control the cosmos in accordance with well-laid plans and duly prescribed laws. Each of these anthropomorphic but superhuman beings was deemed to be in charge of a particular component of the universe and to
guide its activities in accordance with established rules and regulations. One or another of these beings had charge of the great realms of heaven and earth, sea and air; the major
astral bodies, sun, moon, and planet; atmospheric forces
such as wind, storm, and tempest; and, in the realm of the
earth, natural entities such as river, mountain, and plain; cultural entities such as
city and state, dike and ditch, field and farm; even implements such as the pickax,
brickmold, and plow.

Behind this axiomatic assumption of the Sumerian theologians, no doubt, lay a logical inference, since they could
hardly have seen any of these humanlike beings with their own eyes. They took
their cue from human society as they knew it, and reasoned of course from the
known to the unknown. They noted that lands and cities, palaces and temples,
fields and farms—in short, all imaginable institutions and enterprises—are tended
and supervised, guided and controlled, by living human beings, without whom
lands and cities become desolate, temples and palaces crumble, fields and farms
turn to desert and wilderness. Surely, therefore, the cosmos and all its manifold
phenomena must also be tended and supervised, guided and controlled, by living
beings in human form. But the cosmos being far larger than the sum total of
human habitations, and its organization being far more complex, these living
beings must obviously be far stronger and much more effective

MAN S FIRST COSMOGONY AND COSMOLOGY 79

than ordinary humans. Above all, they must be immortal. Otherwise the cosmos
would turn to chaos upon their death and the world would come to an end—
alternatives which, for obvious reasons, did not recommend themselves to the
Sumerian metaphysician. It was each of these invisible, anthropomorphic yet
superhuman and immortal beings that the Sumerian designated by his word
dingir, which we translate by the word "god."

How did this divine pantheon function? In the first place, it seemed reasonable to
the Sumerians to assume that the gods constituting the pantheon were not all of
the same importance or rank. The god in charge of the pickax or brickmold could
hardly be expected to compare with the god in charge of the sun. Nor could the
god in charge of dikes and ditches be expected to equal in rank the god in charge
of the earth as a whole. And, on analogy with the political organization of the
human state, it was natural to assume that at the head of the pantheon was a god
recognized by all the others as king and ruler. The Sumerian pantheon was
therefore conceived as functioning as an assembly with a king at its head, its
most important groups consisting of seven gods who "decree the fates" and fifty known as "the great gods." But a more significant division set up by the Sumerian theologians within their pantheon was that between creative and noncreative gods, a notion arrived at as a result of their cosmological views. According to these views, the basic components of the cosmos were heaven and earth, sea and atmosphere; every other cosmic phenomenon could exist only within one or another of these realms. Hence it seemed reasonable to infer that the four gods in control of heaven, earth, sea, and air were the creating gods, and that one or another of these four created every other cosmic entity in accordance with plans originating with them. As for the creating technique attributed to these deities, Sumerian philosophers developed a doctrine which became dogma throughout the Near East—the doctrine of the creative power of the divine word. All that the creating deity had to do, according to this doctrine, was to lay his plans, utter the word, and pronounce the name. Probably this notion of the creative power of the divine word was the result of an analogical inference based on observation of human society. If a human king could achieve almost all he wanted by command—by no more than the words of his mouth—the immortal and superhuman deities in charge of the four realms of the universe could achieve much more. But perhaps this "easy" solution of the cosmological problems, in which thought and word alone are so important, is a reflection of the drive to escape into wish fulfillment characteristic of practically all humans in times of stress and misfortune. Similarly, the Sumerian theologians arrived at what was for them a satisfying metaphysical inference to explain what keeps the cosmic entities and cultural phenomena, once created, operating continuously and harmoniously, without conflict and confusion. This is the concept designated by the Sumerian word me, whose exact meaning is still uncertain. In general it would seem to denote a set of rules and regulations assigned to each cosmic entity and cultural phenomenon for the purpose of keeping it operating forever in accordance with the plans laid down by the deities creating it. Here was another superficial, but evidently not altogether ineffective, answer to an insoluble cosmological problem, which merely hid the fundamental difficulties.
from view with a layer of largely meaningless words. The Sumerian men of letters developed no literary genre comparable in any way to a systematic treatise of their philosophical, cosmological, and theological concepts. The modern scholar is compelled to "dig" out these concepts from the numerous myths recovered to date, wholly or in part. And this is no simple task, since the myth-makers and myth-writers must not be confused with the metaphysician and theologian. Psychologically and temperamentally they are poles apart, although often, no doubt, they were combined in one and the same person. The mythographers were scribes and poets whose main concern was the glorification and exaltation of the gods and their deeds. Unlike the philosophers, they were not interested in discovering cosmological and theological truths. They accepted the current theological notions and practices.

man's first cosmogony and cosmology 81

without worrying about their origin and development. The aim of the myth-makers was to compose a narrative poem that would explain one or another of these notions and practices in a manner that would be appealing, inspiring, and entertaining. They were not concerned with proofs and arguments directed to the intellect. Their first interest was in telling a story that would appeal to the emotions. Their main literary tools, therefore, were not logic and reason, but imagination and fantasy. In telling their story, these poets did not hesitate to invent motives and incidents patterned on human action which could not possibly have any basis in reasonable and speculative thought. Nor did they hesitate to adopt legendary and folkloristic motifs that had nothing to do with rational cosmological inquiry and inference.

modern thinking man is usually prepared to admit the relative character of his conclusions and is skeptical of all absolute answers. Not so the Sumerian thinker; he was convinced that his thoughts on the matter were absolutely correct and that he knew exactly how the universe was created and operated. What evidence do we have of the Sumerian conception of the creation of the universe? Our major source is the introductory passage to a poem I have titled "Gilgamesh, Enkidu, and the Nether World." The plot of this poem is described in Chapter 23. What is of interest here is not the poem as a whole but its introduction, for the Sumerian
poets usually began their myths or epic poems with a cosmological statement that had no direct bearing on the composition as a whole. Part of this introduction to "Gilgamesh, Enkidu, and the Nether World" consists of the following five lines:

After heaven had been moved away from earth, After earth had been separated from heaven, After the name of man had been fixed, After (the heaven-god) An carried off the heaven, After (the air-god) Enlil carried off the earth ....

Upon having prepared the translation of these lines, I analyzed them and deduced that they contained the following cosmogonic concepts:

1. At one time heaven and earth were united. 2. Some of the gods existed before the separation of heaven and earth. 3. Upon the separation of heaven and earth, it was the heaven-god An who carried off heaven, but it was the air-god Enlil who carried off the earth.

Among the crucial points not stated or implied in this passage are the following:

man's first cosmogony and cosmology 83

1. Were heaven and earth conceived as created, and if so by whom? 2. What was the shape of heaven and earth as conceived by the Sumerians? 3. Who separated heaven from earth?

I hunted around among the available Sumerian texts and found the following answers to these three questions:

1. In a tablet, which gives a list of the Sumerian gods, the goddess Nammu, written with the pictograph for primeval "sea," is described as "the mother, who gave birth to heaven and earth/ Heaven and earth were therefore conceived by the Sumerians as the created product of the primeval sea. 2. The myth "Cattle and Grain," which describes the birth in heaven of the gods of cattle and grain, who were sent down to earth to bring prosperity to mankind (see Chapter 14), begins with the following two lines:

On the mountain of heaven and earth An begot the Anunnaki.
3. A poem which describes the fashioning and dedication of the pickax, the valuable agricultural implement, is introduced with the following passage:

The lord, in order to bring forth what was useful, The lord whose decisions are unalterable, Enlil, who brings up the seed of the "land" from the earth, Planned to move away heaven from earth, Planned to move away earth from heaven.

From the first line of "Cattle and Grain," it is not unreasonable to assume that heaven and earth united were conceived as a mountain whose base was the bottom of the earth and whose peak was the top of the heaven. And the poem about the pickax answers the question, Who separated heaven from earth? It was the air-god Enlil. After my hunt among available Sumerian texts had led to these conclusions, it was possible to sum up the cosmogonic or creation concepts evolved by the Sumerians. Their concepts explained the origin of the universe as follows:

1. First was the primeval sea. Nothing is said of its origin or birth, and it is not unlikely that the Sumerians conceived it as having existed eternally.
2. The primeval sea engendered the cosmic mountain consisting of heaven and earth united.
3. Conceived as gods in human form, An (i.e., heaven) was the male and Ki (i.e., earth) was the female. From their union was begotten the air-god Enlil.
4. Enlil, the air-god, separated heaven from earth, and while his father An carried off heaven, Enlil himself carried off the earth, his mother. The union of Enlil and his mother earth set the stage for the organization of the universe—the creation of man, animals, and plants, and the establishment of civilization.

as far back as our written sources go, the Sumerians considered the moon-god, known by the two names Sin and Nanna, to be the son of the air god Enlil; it is not unreasonable to infer that they thought of the moon as a bright, airlike body that was fashioned in some way from the atmosphere. And since the sun-god Utu and the Venus-goddess Inanna are always referred to in the texts as children of the moon-god, the probability is that these two luminous bodies were conceived as having been created from the moon after the latter had been fashioned from the atmosphere. This is also true of the remaining planets...
and the stars, which are described poetically as "the big ones who walk about (the moon) like wild oxen," and "the little ones who are scattered about (the moon) like grain." Concerning the birth of the moon-god Sin, we have a charming and very human myth which seems to have been evolved to explain the begetting of the moon-god and of three deities who were doomed to spend their lives in the nether world instead of in the eastern sky where the more fortunate deities dwelt.

A newly discovered piece from Nippur, follows: When man had not yet been created and the city of Nippur was inhabited by gods alone, "its young man" was the god Enlil; "its young maid" was the goddess Ninlil; and "its old woman" was Ninlil's mother Nunbarshegunu. One day the latter, having evidently set her mind and heart on Ninlil's marriage to Enlil, instructs her daughter thus:

"In the pure stream, woman, bathe in the pure stream, Ninlil, walk along the bank of the stream Nunbirdu, The bright-eyed, the lord, the bright-eyed, The great mountain, Father Enlil, the bright-eyed, will see you, The shepherd . . . who decrees the fates, the bright-eyed, will see you, Will forthwith embrace (?) you, kiss you! 9

Ninlil joyfully follows her mother's instructions:

In the pure stream, the woman bathes, in the pure stream, Ninlil walks along the bank of the stream Nunbirdu, The bright-eyed, the lord, the bright-eyed, The great mountain, father Enlil, the bright-eyed, saw her, The shepherd . . . who decrees the fates, the bright-eyed, saw her.

The lord speaks to her of intercourse (?), she is unwilling, Enlil speaks to her of intercourse (?), she is unwilling: "My vagina is too little, it knows not to copulate, My lips are too small, they know not to kiss". . .

Whereupon Enlil calls his vizier Nusku and tells him of his desire for the lovely Ninlil. Nusku brings up a boat, and Enlil rapes Ninlil while sailing on the stream, and impregnates her with the moon-god Sin. The gods are dismayed by this immoral deed, and, though Enlil is their king, they seize him and banish him from the city to the nether world. The relevant passage, one of the few to shed some light on the organization of the pantheon and its method of operation, reads:
Enlil walks about in the Kiur (Ninlil's private shrine). As Enlil walks about in the Kiur, The great gods, the fifty of them, The fate-decrees gods, the seven of them, 

Seize Enlil in the Kiur (saying) : "Enlil, immoral one, get you out of the city, Nunamnir (an epithet of Enlil), immoral one, get you out of the city."

And so Enlil, in accordance with the fate decreed by the 
gods, departs in the direction of the Sumerian Hades. Ninlil, however, now big 
with child, refuses to remain behind and 

follows Enlil on his forced journey to the nether world. This disturbs Enlil, for it 
would mean that his son Sin, originally 
destined to be in charge of the largest luminous body, the moon, would have to 
dwell in the dark, gloomy nether world instead of in the sky. To circumvent this, 
he devises a rather complicated scheme. On the way to Hades from Nippur, the 
traveler meets up with three individuals, probably minor deities: the gatekeeper in 
charge of the gates, the "man of the nether-world river/ and the ferryman (the 
Sumerian "Charon" who ferries the dead across to Hades). What does Enlil do? 
He takes the form of each of these in turn (the first known example of divine 
metamorphosis) and impregnates Ninlil with three nether-world deities as 
substitutes for their older brother Sin, who is thus 
free to ascend to heaven.

man's first cosmogony and cosmology 87

Here, now, are several of the relevant passages (it should be stressed that the real meaning of a number of the lines is 
still far from clear, and that the significance of this part of the myth may ultimately be modified):

Enlil, in accordance with what was decreed for him, Nunamnir, in accordance with what was decreed for him,

Enlil came, Ninlil followed, Nunamnir came, Ninlil enters, Enlil says to the man of the gate:

"Man of the gate, man of the lock, Man of the bolt, man of the silver lock, Your queen has come;

If she asks you about me, Tell her not my whereabouts"
Ninlil says to the man of the gate: "Man of the gate, man of the lock, Man of the bolt, man of the silver lock, Enlil, your lord, whence . . . ."

Enlil speaks up for the man of the gate: "My lord did not . . the fairest, the fair,
Enlil did not . . the fairest, the fair, He . . d in my anus, he . . d in my mouth; My true distant heart . . . . , Thus has Enlil, the lord of all the lands, commanded me."

"Enlil is indeed your lord, but I am your lady" "If you are my lady, let my hand touch your cheek (?)" "The seed of your lord, the all-bright seed, is in my womb, The seed of Sin, the all-bright seed, is in my womb" "Let then my lord's seed go to the heaven above, Let my seed go to the earth below, Let my seed in my lord's seed's stead go to the earth below." Enlil, as [that is, impersonating] the man of the gate, lay with her in the bedchamber,

Copulated with her, kissed her, Having copulated with her, kissed her, He plants in her womb the seed of Meslamtaea . . .

Enlil then proceeds to the "nether-world river" (the Sumerian Styx), followed by Ninlil, and there exactly the same conversations take place between Enlil, the "man of the nether-world river," and Ninlil. Here Enlil, impersonating the "man of the river," impregnates Ninlil with the seed of the nether-world deity known as Ninazu. From there Enlil, followed by Ninlil, proceeds to where the Sumerian "Charon" is stationed. The scene is repeated a third time, and Enlil, impersonating the ferryman, impregnates Ninlil with the seed of a third deity (his name is destroyed, but he too is no doubt a god doomed to dwell in Hades ) .

The myth then closes with a brief paean to Enlil as the lord of plenty and prosperity, whose word is unalterable. This myth illustrates vividly the anthropomorphic character of the Sumerian gods. Even the most powerful and most knowing among them were regarded as human in form, thought, and deed. Like man, they planned and

acted, ate and drank, married and raised families, supported large households, and were addicted to human passions and weaknesses. By and large, they preferred truth and justice to falsehood and oppression, but their motives are by no means clear, and man is often at a loss to understand them. They were thought to live on the "mountain of heaven and earth, the place where the sun rose," at least when their presence was not necessary in the particular cosmic entities over which they had charge. Just how they traveled from place to place is by no means certain. From available data we can infer that the moon-god traveled in a boat; the sun-god in a chariot or, according to another version, by foot; the storm-god on the clouds. But the Sumerian thinkers seem not to have troubled themselves too much with such realistic problems, and so we are not informed just how the
gods were supposed to arrive at their various temples and shrines in Sumer, nor how they performed such human activities as eating and drinking. The priests presumably saw only the statues of the gods, which no doubt were tended and handled with great care. But just how the stone, wooden, and metal objects were to be regarded as having bone, muscle, and the breath of life was a question that never occurred to the Sumerian thinkers. Nor did they seem to be troubled by the inherent contradiction between immortality and anthropomorphism. Although the gods were believed to be immortal, they nevertheless had to have their sustenance; could become sick to the point of death; fought, wounded, and killed; and could themselves be wounded and killed.

What saved them from spiritual and intellectual frustration was no doubt the fact that many a question which according to our way of thinking should have troubled them, never came to their mind. The Sumerians of the third millennium B.C. had hundreds of deities, at least by name. We know the names of many of them, not merely from lists compiled in the schools but also from lists of sacrifices on tablets which have been unearthed over the past century. We know others from such proper names as "X is a shepherd," "X has a great heart/ who is like X," "the servant of X," "the man of X," "the beloved X," "X has given me," and so on, X representing the name of a deity in each case. Many of these deities are secondary—that is, they are the wives and children and servants of the major deities thought up for them on the human pattern. Others are perhaps names and epithets of well-known deities who cannot at present be identified. But a large number of deities were actually worshiped throughout the year with sacrifices, adoration, and prayer. Of all these hundreds of deities, the four most important were the heaven-god, An; the air-god, Enlil; the water-god, Enid; and the great mother-goddess, Ninhursag. These four usually head the god-lists and are often listed as a group performing significant acts together. At divine meetings and banquets they took the seats of honor. There is good reason to believe that An, the heaven-god, was at one time regarded by the Sumerians as the supreme ruler of the pantheon, although in our available sources reaching to about 2500 B.C., it is the air-god, Enlil, who seems to have been the leader of the pantheon. The citystate in which An had his main seat of worship was called Uruk, or, as it is vocalized in the Bible, Erech, a city
which played a pre-eminent political role in the history of Sumer. (At the site of Uruk, not long before the Second World War, a German expedition uncovered hundreds of small clay tablets, inscribed with semipictographic signs, which date from about 3000 B.C., not long after writing was first invented.) An continued to be worshiped in Sumer throughout the millenniums, but he lost much of his prominence. He became a rather shadowy figure in the pantheon and is rarely mentioned in the hymns and myths of later days, by which time most of his powers had been conferred upon the god Enlil. By far the most important deity in the Sumerian pantheon, one who played a dominant role throughout in rite, myth, and prayer, was the air-god, Enlil. The events lead

ing up to his general acceptance as a leading deity of the Sumerian pantheon are unknown, but from the earliest intelligible records Enlil is known as "the father of the gods," "the king of heaven and earth," "the king of all the lands." Kings and rulers boasted that it was Enlil who gave them the kingship of the land, who made the land prosperous for them, who gave them all the lands to conquer by their strength. It was Enlil who pronounced the king's name, gave him his scepter, and looked upon him with favorable eye. From later myths and hymns we learn that Enlil was regarded as a beneficent deity who was responsible for the planning and creating of most productive features of the cosmos. He was the god who made the day come forth, who took pity on humans, who laid the plans that brought forth all seeds, plants, and trees from the earth. It was he who established plenty, abundance, and prosperity in the land. It was he who fashioned the pickax and the plow as the prototypes of the agricultural implements to be used by man.

I stress the beneficent features of EnhTs character in order to correct a misconception which has found its way into practically all handbooks and encyclopedias treating Sumerian religion and culture—namely, that Enlil was a violent and destructive storm deity whose word and deed nearly always brought nothing but evil. As not infrequently happens, this misunderstanding is due largely to an archaeological accident. Among the earliest Sumerian composi
tions published there was an unusually large number, proportionately, of the "lamentation" type in which Enlil had the unhappy duty of carrying out the destruction and misfortunes decreed by the gods for one reason or another. As a result he was stigmatized as a fierce and destructive deity by earlier scholars and even by later ones. Actually, when we analyze the hymns and myths, especially those which have been published since 1930, we find Enlil glorified as a friendly, fatherly deity who watches over the safety and well-being of all humans, particularly the inhabitants of Sumer.

Enlil, whose command is far-reaching, whose word is holy, The lord whose pronouncement is unchangeable, who for ever decrees destines, Whose lifted eye scans the lands, Whose lifted light searches the heart of all the lands, Enlil who sits broadly on the white dais, on the lofty dais, Who perfects the decrees of power, lordship, and prince' ship, The earth-gods how down in fear before him, The heaven-gods humble themselves before him The city (Nippur), its appearance is fearsome and awe some, . . . . , The unrighteous, the evil, the oppressor, The . . . , the informer, The arrogant, the agreement-violator, He does not tolerate their evil in the city, The great net . . . . , He does not let the wicked and evildoer escape its meshes. Heaven—he is its princely one; earth—he is its great one, The Anunnaki—he is their exalted god; When, in his awesomeness, he decrees the fates, No god dare look on him. Only to his exalted vizier, the chamberlain Nusku, The command, the word of his heart, Did he make known, did he inform, Did he commission to execute his all-embracing orders, Did he entrust all the holy rules, all the holy laws.

Without Enlil, the great mountain, No cities would be built, no settlements founded, No stalls would be built, no sheepfolds established, No king would be raised, no high priest born, No mah-priest, no high-priestess would be chosen by shepomen, Workers would have neither controller nor super visor, . . . . ,
The rivers—their floodwaters would not bring overflow, The fish of the sea would lay no eggs in the canebrake, The birds of heaven would not build nests on the wide
earth, In heaven the drifting clouds would not yield their moisture, Plants and herbs, the glory of the plain, would fail to grow, In field and meadow the rich grain would fail to flower,

The trees planted in the mountain-forest would not yield their fruit

The third of the Sumerian leading deities was Enki, the god in charge of the abyss, or, as the Sumerian word for it reads, the abzu. Enki was the god of wisdom, and it was primarily he who organized the earth, in accordance with the decisions of Enlil, who made only general plans. The actual details and execution were left to Enki, the resourceful, skillful, hardy, and wise. For example, in a myth that may be titled "Enki and the World Order: The Organization of the Earth and Its Cultural Processes' an account is given of Enki's creative activities in instituting the natural and cultural phenomena essential to civilization. This myth, the contents of which I sketched for the first time in Sumerian Mythology (pages 59-62), also serves as a vivid illustration of the Sumerians' relatively superficial notions about nature and its mysteries. Nowhere is there an attempt to get at the fundamental origins, either of the natural or cultural processes. Instead they are ascribed to Enki's creative efforts, in words approximating the statement "Enki did it."

Where the creative technique is mentioned at all, it consists of the god's word and command, nothing more. The contents of the poem "Enki and the World Order" (which is altogether about 450 lines in length) can now be sketched as follows: After a hymnal passage addressed to Enki, perhaps by the author of the poem, glorifying him as the god who provides for the needs of both gods and men, Enki utters a paean of praise for himself which reads: 'My father, the king of heaven and earth, Brought about my epiphany on heaven and earth; My ancestor (?), the king of all the lands, Gathered together all the divine laws, placed them in my hand; From the Ekur, the house of Enlil, I brought craftsmanship to my Abzu in Eridu. I am the true seed engendered by the great wild ox, the eldest son of An, man's first cosmogony and cosmology 95
The great storm who comes forth in the "Great Below" the great lord of the Land, The first among the chieftains, the father of all the lands, The "big brother 9 of the gods, who generates prosperity, Who budgets the accounts of the universe, The "ear" and "mind" of all the lands, Who directs judgment with the king An in the shrine of heaven, Who decrees the fates with Enlil in the land of wisdom He (Enlil) had placed in my hands the decreeing of the fates of the place where the sun rises—I am truly cherished by the goddess Nintu, I am he who was called a good name by Ninhursag, The leader of the Anunnaki (the great gods) am I, The first son born of holy An... "

There follows a brief hymnal prayer by the Anunnaki, and then for a second time Enid, "because of his great joy,* utters a paean of self-praise which begins with the lines:

"I, the lord, firm is my command, I lead it forth, At my command stalls are built, sheepfolds are enclosed; I approach heaven, the rain pours down from above, I approach the earth, there is a mighty inundation . . . ."

and ends with the lines:

"The lands of . . . Magan and Dilmun looked up at me (Enki), The ships of Dilmun brought (?) wood, The ships of Magan are loaded sky-high, The msigihim-boats of Meluhha Transport gold and silver, Bring them to Nippur for Enlil, the king of all the lands."

Following another brief hymnal song uttered by the Anunnaki, Enki is all set to "go forth in his land" in order to perform his divine duties. After a broken and obscure passage involving "lords," "chieftains," and the holy men of Eridu and Sumer, we find Enki decreeing the fate of Sumer:

"O Sumer, great land, of the lands of the universe,

THE FIRST "JOB"...All the tablets and fragments on which our Sumerian essay is inscribed date back to more than a thousand years before the compilation of the Book of Job. The main thesis of our poet is that in cases of suffering and adversity, no matter how seemingly unjustified, the victim has but one valid and effective recourse, and that is to glorify his god continually, and keep wailing and lamenting before him until he turns a favorable ear to his prayers. The god concerned is the sufferer's "personal" god;

that is, the deity who, in accordance with the accepted Sumerian credo, acted as the man's representative and intercessor in the assembly of the gods. To prove his point, our poet does not resort to philosophical speculation and theological
argumentation; instead, with characteristic Sumerian practicality, he cites a case. Here is a man, unnamed to be sure, who had been wealthy, wise and righteous, or at least seemingly so, and blessed with both friends and kin. One day sickness and suffering overwhelmed him. Did he defy the divine order and blaspheme? Not at all! He came humbly before his god, with tears and lamentation, and poured out his heart in prayer and supplication. As a result, his god was highly pleased and moved to compassion; he gave heed to his prayer, delivered him from his misfortunes, and turned his suffering to joy.

the unnamed individual who, upon being smitten with sickness and misfortune, addresses his god with tears and prayers.

There follows the sufferer's petition, which constitutes the major part of the poem. It begins with a description of the ill-treatment accorded him by his fellow men—friend and foe alike; continues with a lament against his bitter fate, including a rhetorical request to his kin and to the professional singers to do likewise; and concludes with a confession of guilt and a direct plea for relief and deliverance. Finally comes the "happy ending," in which the poet informs us that the man's prayer did not go unheeded, and that his god accepted the entreaties and delivered him from his afflictions. All of this leads to a further glorification of his god.

The Hebrew Book of Proverbs was long believed to be the oldest collection of maxims and sayings in man's recorded history. With the discovery and unraveling of the ancient Egyptian civilization, in the past century and a half, collections of Egyptian proverbs and precepts were uncovered which antedate the Biblical Book of Proverbs by many years. But these are by no means the oldest of man's recorded aphorisms and adages. The Sumerian proverb collections antedate most, if not all, of the known Egyptian compilations by several centuries.

Among the Greeks and Romans, the invention of the literary genre of animal fables was ascribed to Aesop, who lived in Asia Minor during the sixth century B.C. Today, however, it is well known that at least some of the fables attributed to Aesop were already in existence long before
Aesop. In any case the animal fable of the "Aesopic" type is found in Sumer more than a millennium before Aesop was born. Animals, as might well have been expected, played a large role in Sumerian wisdom literature.

One Sumerian fable has now quite unexpectedly thrown some new light on the early history of the horse's domestication, for it provides us with what is clearly the earliest reference to horseback riding now known. To be sure, the tablets on which this proverb is inscribed date from about 1700 B.C.

One of the major achievements of all this archaeological activity in "Bible lands" is that a bright and revealing light has been shed on the background and origin of the Bible itself. We can now see that this greatest of literary classics did not come upon the scene full blown, like an artificial flower in a vacuum; its roots reach deep into the distant past and spread wide across the surrounding lands. Both in form and content, the Biblical books bear no little resemblance to the literatures created by earlier civilizations in the Near East.

resemblances and parallels between Sumerian and Biblical literary motifs. To be sure, the Sumerians could not have influenced the Hebrews directly, for they had ceased to exist long before the Hebrew people came into existence. But there is little doubt that the Sumerians had deeply influenced the Canaanites, who preceded the Hebrews in the land that later came to be known as Palestine, and their neighbors, such as the Assyrians, Babylonians, Hittites, Hurrians, and Arameans. A good illustration of Sumerian-Hebrew parallels is provided by the myth "Enki and Ninhursag."

Dilmun is a land that is "pure," "clean," and "bright" — a "land of the living," which knows neither sickness nor death. What is lacking, however, is the fresh water so essential to animal and plant life. The great Sumerian watergod Enki therefore orders Utu, the sun-god, to fill it with fresh water brought up from the earth. Dilmun is thus
turned into a divine garden, green with fruit-laden fields and meadows. In this paradise of the gods eight plants are made to sprout by Ninhursag, the great mother-goddess of the Sumerians (probably originally Mother Earth). She succeeds in bringing these plants into being only after an intricate process involving three generations of goddesses, all begotten by the water-god and born—so the poem repeatedly underlines—without the slightest pain or travail.

But perhaps because Enki wanted to taste them, his messenger, the two-faced god Isimud, plucks these precious plants one by one, and gives them to his master Enki, who proceeds to eat them each in turn. Whereupon the angered Ninhursag pronounces upon him the curse of death. Evidently to make sure that she will not change her mind and relent, she disappears from among the gods.

Enid's health begins to fail; eight of his organs become sick. As Enki is sinking fast, the great gods sit in the dust. Enlil, the air-god, the king of the Sumerian gods, seems unable to cope with the situation. Then the fox speaks up. If properly rewarded, he says to Enlil, he will bring Ninhursag back. As good as his word, the fox succeeds in some way (the relevant passage is unfortunately destroyed) in having the mother-goddess return to the gods and heal the dying water-god. She seats him by her side, and after inquiring which eight organs of his body ache him, she brings into existence eight corresponding healing deities, and Enki is brought back to life and health. How does all this compare with the Biblical paradise story? First, there is some reason to believe that the very idea of a divine paradise, a garden of the gods, is of Sumerian origin. The Sumerian paradise was located, according to our poem, in the land of Dilmun, a land that was probably situated in southwestern Iran. It is in this same Dilmun that, later, the Babylonians, the Semitic people who conquered the Sumerians, located their "land of the living," the home of their immortals. There is good indication that the Biblical paradise, which is described as a garden
planted eastward in Eden, from whose waters flow the four world rivers including the Tigris and Euphrates, may have been originally identical with Dilmun, the Sumerian paradise-land. Again, the passage in our poem describing the watering of Dilmun by the sun-god with fresh water brought up from the earth, is suggestive of the Biblical, "But there went up a mist from the earth, and watered the whole face of the ground" (Genesis 2:6). The birth of the goddesses without pain or travail illuminates the background of the curse against Eve that it shall be her lot to conceive and bear children in sorrow. And Enki's eating of the eight plants and the curse uttered against him for this misdeed calls to mind the eating of the fruit of the tree of knowledge by Adam and Eve, and the curse pronounced against each of them for this sinful action.

But perhaps the most interesting result of our comparative analysis is the explanation provided by the Sumerian poem for one of the most puzzling motifs in the Biblical paradise story—the famous passage describing the fashioning of Eve, "the mother of all living," from the rib of Adam. Why a rib? Why did the Hebrew storyteller find it more fitting to choose a rib rather than any of the other organs of the body for the fashioning of the woman whose name, Eve, according to the Biblical notion, means approximately "she who makes live"? The reason becomes clear if we assume that a Sumerian literary background, such as that represented by the Dilmun poem, underlies the Biblical paradise tale. In the Sumerian poem, one of Enki's sick or gans is the rib. The Sumerian word for "rib" is ti (pronounced tee). The goddess created for the healing of Enki's rib is called Nin-ti, "the lady of the rib." But the Sumerian word ti also means "to make live." The name Nin-ti may therefore mean "the lady who makes live," as well as "the lady of the rib." In Sumerian literature, therefore, "the lady of the rib" came to be identified with "the lady who makes live" through what may be termed a play on words. It was this, one of the most ancient of literary puns, which was carried over and perpetuated in the Biblical paradise story, although here, of course, it loses its validity, since the Hebrew word for "rib" and that for "who makes live" have nothing in common.
Paradise, according to the Sumerian theologians, was for the immortal gods, and for them alone, not for mortal man. One mortal, however, and only one, according to the Sumerian mythmakers, did succeed in gaining admittance to this divine paradise. This brings us to the Sumerian "Noah" and the deluge myth, the closest and most striking Biblical parallel as yet uncovered in cuneiform literature.

That the Biblical deluge story is not original with the Hebrew redactors of the Bible has been known from the time of the discovery and deciphering of the eleventh tablet of the Babylonian "Epic of Gilgamesh" by the British Museum's George Smith. The Babylonian deluge myth itself, however, is of Sumerian origin.

A sixcolumn Sumerian tablet in the Nippur collection of the University Museum, the contents of which are devoted in large part to the story of the flood. The contents of this lone tablet are noteworthy not only for the flood episode, although that is its main theme, but also for the passages preceding and introducing the deluge story. Badly broken as the text is, these passages are nevertheless of significance for Sumerian cosmogony and cosmology. They include a number of revealing statements concerning the creation of man, the origin of kingship, and the existence of at least five antediluvian cities. Here, then, is practically the entire extant text of the myth with all its tantalizing obscurities and uncertainties. It provides an apt example of what the cuneiformist is up against, and of the surprises the future holds in store for him.

Since it is the lower third of the tablet that is preserved, we start right off with a break of some 37 lines, and there is no way of knowing just how the myth began. We then
find a deity addressing other deities, probably stating that he will save mankind from destruction and that as a result man will build the cities and temples of the gods. Following the address are three lines which are difficult to relate to the context; they seem to describe the actions performed by the deity to make his words effective. Then come four lines concerned with the creation of man, animals, and plants. This entire passage reads:

"My mankind, in its destruction I will . . ., To Nintu I will return the . . . of my creatures, I will return the people to their settlements,

Of the cities, they will build their places of the divine laws, I will make restful their shade,

Of our houses, they will lay their bricks in pure places, The places of our decisions they will found in pure places."

He directed the pure fire-quenching water, Perfected the rites and the exalted divine laws, On the earth he . . . d, placed the . . . there.

After An, Enlil, Enki, and Ninhursag Had fashioned the blackheaded people, Vegetation luxuriated from the earth, Animals, four-legged (creatures) of the plain, were brought

artfully into existence.

There follows another break of about 37 lines, after which we learn that kingship was lowered from heaven and that five cities were founded:

After the . . . of kingship had been lowered from heaven, After the exalted tiara and the throne of kingship had been lowered from heaven, He perfected the rites and the exalted divine laws . . . , Founded the five cities in . . . pure places, Called their names, apportioned them as cult centers. The first of these cities, Eridu, he gave to Nudimmud, the leader,

The second, Badtibira, he gave to . . ., The third, Larak, he gave to Endurbilhursag, The fourth, Sippar, he gave to the hero Utu, The fifth, Shuruppak, he gave to Sud.

When he had called the names of these cities, apportioned them as cult centers, He brought . . ., Established the cleaning of the small rivers as "

A break of about 37 lines follows next; these must have dealt largely with the decision of the gods to bring the flood and destroy mankind. When the text becomes intelligible again, we find some of the gods dissatisfied and unhappy
over the cruel decision. We are then introduced to Ziusudra, the counterpart of the Biblical Noah. He is described as a pious, god-fearing king, who is constantly on the lookout for divine revelations in dreams or incantations. Ziusudra seems to station himself by a wall, where he hears the voice of a deity informing him of the decision taken by the assembly of the gods to send a flood and "to destroy the seed of mankind!"
The longest passage reads:

The flood ....
Thus was treated Then did Nintu weep like a . . . , The pure Inanna set up a lament for its people, Enki took counsel with himself, An, Enlil, Enki, and Ninhursag . . . . , The gods of heaven and earth uttered the name of An and Enlil,

Then did Ziusudra, the king, the pashishu of . . . . ; Humbly, obedient, reverently he .... , Attending daily, constantly he . . . . , Bringing forth all kinds of dreams, he .... , Uttering the name of heaven and earth, he .... the gods a wall . . . . ,

THE FIRST NOAH 153

Ziusudra, standing at its side, listened.
"Stand by the wall at my left side . . . . , By the wall I will say a word to you, take my word, Give ear to my instructions: By our . . a flood will sweep over the cult centers; To destroy the seed of mankind . . . . , Is the decision, the word of the assembly of the gods. By the word commanded by An and Enlil

Its kingship, its rule (will be put to an end).

The text must have continued with detailed instructions to Ziusudra to build a giant boat and thus save himself from destruction. But this is missing, since there is another break of about 40 lines at this point. When the text becomes intelligible once again, we find that the flood in all its violence had already come upon the 'land' and raged there for seven days and nights. Then the sun-god Utu comes forth again, bringing his precious light everywhere, and Ziusudra prostrates himself before him and offers sacrifices. The lines read:

All the windstorms, exceedingly powerful, attacked as one, At the same time, the flood sweeps over the cult centers.
After, for seven days and seven nights, The flood had swept over the land, And
the huge boat had been tossed about by the wind

storms on the great waters, Utu came forth, who sheds light on heaven and earth,
Ziusudra opened a window on the huge boat, The hero Utu brought his rays into
the giant boat.

Ziusudra, the king,
Prostrated himself before Utu, The king kills an ox, slaughters a sheep.

Here, again, there follows a break of about 39 lines. The last extant lines of our
text describe the deification of Ziusudra. After he had prostrated himself before
An and Enlil, he was given "life like a god" and breath eternal, and translated to
Dilmun, "the place where the sun rises."

Thus: An and Enlil uttered "breath of heaven," "breath of earth,
by their ... it stretched itself, Vegetation, coming up out of the earth, rises up.

Ziusudra, the king, Prostrated himself before An and Enlil. An and Enlil
cherished Ziusudra, Life like a god they give him: Breath eternal like a god they
bring down for him.

Then, Ziusudra the king, The preserver of the name of vegetation and of the seed
of mankind, In the land of crossing, the land of Dilmun, the place where the sun
rises, they caused to dwell.

The remainder of the tablet, containing about 39 lines of the text, is destroyed,
and so we know nothing of what may have happened to the transfigured Ziusudra
in the home of
the immortals.

From Paradise we now turn to Hades, from the "great above" to the "great
below," or, as the Sumerians themselves described it, "the land of no return." To
this dark, dread land of the dead a restive and unruly goddess descends to satisfy
her unbounded ambitions. The story of
this "descent to the nether world," told in Chapter 21, is
one of the best preserved Sumerian myths thus far uncov
ered. It provides a rare parallel to one of the most significant New Testament
motifs.

2i Hades
THE FIRST TALE OF
RESURRECTION

After his death, the great king Ur-Nammu comes to Kur. He first presents gifts and offerings to the seven underworld deities—to each in his own palace. He then brings gifts to two other deities, one of whom is the scribe of the nether world, to make sure of their support. Finally he arrives at the special spot which the priestly officials of Kur have prepared as his habitation. Here he is greeted by certain of the dead and made to feel at home. The dead hero Gilgamesh, who has become "the judge of the nether world," initiates him into the rules and regulations that govern the infernal regions. But after "seven days," after "ten days," had passed, the "wail of Sumer" reaches him. The walls of Ur which he had left unfinished, his newly built palace which he had left unpurified, his wife whom he could no longer press to his bosom, his child whom he could no longer fondle on his knee—all these disturb his peace in the nether world, and he sets up a long and bitter lament. The shades of the dead could on special occasions be "raised" to the earth temporarily. The First Book of Samuel (Chapter 28) tells of the calling up of the shade of the prophet from Sheol at the insistence of King Saul. This is paralleled in the Sumerian poem "Gilgamesh, Enkidu, and the Nether World" (see Chapter 23) which tells of the ascent of the shade of Enkidu from Kur to the waiting embrace of his master Gilgamesh, and reports the ensuing conversation between them. Although Kur might be assumed to have been for mortals only, quite a number of supposedly immortal deities were found there. We even have the myths explaining the presence of several deities in the nether world. According to the poem "The Begetting of the MoonGod" (see Chapter 13), Enlil, the leading deity of the Sumerian pantheon, is banished from Nippur to the nether world by the other gods because he raped the goddess Ninlil. On the way he begets three underworld deities (two of them at least are well known from other sources). But it is in the case of the shepherd-god Dumuzi, the most renowned of the "dead" gods, that we can follow in considerable detail the events leading to his downfall, in a myth which primarily concerns his wife, the goddess Inanna, a high favorite with Sumerian myth-makers. The goddess of love, whatever her name among ancient peoples, sparked the imagination of men throughout the ages. Venus to the Romans, Aphrodite to the Greeks, Ishtar to the Babylonians, had minstrels and poets singing of their deeds and misdeeds. The Sumerians worshiped the goddess
of love under the name of Inanna, "queen of heaven." Her husband was the shepherd-god Dumuzi, the Biblical Tammuz, the weeping for whose death was denounced as an abomination by the prophet Ezekiel as late as the second half of the first millennium B.C. His wooing and winning of Inanna is told in two versions. One, involving a rival, the farmer-god Enkimdu, was sketched in Chapter 18. In the other, Dumuzi is the sole suitor for Inanna's hand. According to this story, the shepherd Dumuzi comes to Inanna's house, milk and cream dripping from his hands and sides, and clamors for admittance. After consultation with her mother, Inanna bathes and anoints herself, puts on her queenly robes, adorns herself with precious stones, and opens the door for her groom-to-be. They embrace and probably cohabit, and he then carries her off to the "city of his god." Little did Dumuzi dream, however, that the marriage which he so passionately desired would end in his own perdition and that he would be dragged down to hell. He failed to reckon with a woman's overwhelming ambition. This is told in "Inanna's Descent to the Nether World," a myth noteworthy for its resurrection motif. The plot runs as follows: Though already mistress of heaven, the "Great Above," as her name indicates, Inanna longs for still greater power and sets her goal to rule the infernal regions, the "Great Below," as well. She therefore decides to descend to the nether world to see what can be done. Having collected all the appropriate divine laws and having adorned herself with her queenly robes and jewels, she is ready to enter the "land of no return." The queen of the nether world is her older sister and bitter enemy, Ereshkigal, Sumerian goddess of death and gloom. Fearing, not without reason, lest her sister put her to death in the domain she rules, Inanna instructs her vizier Ninshubur, who is always at her beck and call, that if after three days she has failed to return, he is to set up a lament for her by the ruins, in the assembly hall of the gods. He is then to go to Nippur, the city of Enlil, the leading god of the Sumerian pantheon, and plead with him to save her and not let her be put to death in the nether world. If Enlil refuses, Ninshubur is to go to Ur, the city of the moon-god Nanna, and repeat his plea. If Nanna, too, refuses, he is to go to Eridu, the city of Enki, the god of wisdom, who "knows the
food of life," who "knows the water of life," and he will surely come to her rescue.

Inanna then descends to the nether world and approaches Ereshkigal's temple of lapis lazuli. At the gate she is met by the chief gatekeeper, who demands to know who she is and why she has come. Inanna concocts a false excuse for her visit, and the gatekeeper, on instructions from his mistress, leads her through the seven gates of the nether world. As she passes through one gate after another, her garments and jewels are removed piece by piece in spite of her protests. Finally, after entering the last gate, she is brought stark naked and on bended knees before Ereshkigal and the Anunnaki, the seven dreaded judges of the nether world. They fasten upon her their eyes of death, and she is turned into a corpse, which is then hung from a stake. Three days and three nights pass. On the fourth day, Ninshubur, seeing that his mistress has not returned, proceeds to make the rounds of the gods in accordance with her instructions. As Inanna had surmised, both Enlil and Nanna refuse all help. Enki, however, devises a plan to restore her to life. He fashions the kurgarru and the kalaturru, two sexless creatures, and entrusts to them the "food of life" and the "water of life," with instructions to proceed to the nether world and sprinkle this "food" and "water" on Inanna's impaled corpse. This they do, and Inanna revives. Though Inanna is once again alive, her troubles are far from over, for it was an unbroken rule of the "land of no return" that no one who entered its gates might return to the world above unless he produced a substitute to take his place in the nether world. Inanna is no exception to the rule. She is indeed permitted to reascend to the earth, but is accompanied by a number of heartless demons with instructions to bring her back to the lower regions if she fails to provide another deity to take her place. Surrounded by these ghoulish constables, Inanna first proceeds to visit the two Sumerian cities Umma and Bad-tibira. The protecting gods of these cities, Shara and Latarak, terrified at the sight of the unearthly arrivals, clothe themselves in sackcloth and grovel in the dust before Inanna. Inanna seems to be gratified by their humility, and when the demons threaten to carry them off to the nether world she restrains the demons and thus saves the lives of the two gods.

Inanna and the demons, continuing their journey, arrive at the Sumerian city of Kullab. The guardian deity of this city is the shepherd-god Dumuzi, and since he is her husband, it is not surprising to find him refusing to wear sackcloth and grovel in the dust before his spouse. He dresses up instead in festive array and
sits loftily upon his throne. Enraged, Inanna looks down upon him with "the eye of death" and hands him over to the eager and unmerciful demons to be carried off to the nether world. Dumuzi turns pale and weeps. He lifts his hands to the sky and pleads with the sun-god Utu, who is Inanna's brother and therefore his own brother-in-law. Dumuzi begs Utu to help him escape the clutches of the demons by changing his hand into the hand of a snake, and his foot into the foot of a snake. Here, unfortunately, right in the middle of Dumuzi's prayer to Utu, our tablets come to an end. But since Dumuzi is well known from various sources as an underworld deity, the likelihood is that his plea to Utu was not heeded and that he was actually carried off to the nether world.

The dragon-slaying motif is a high favorite with the mythographers of almost all peoples and ages. In Greece especially, where tales involving gods and heroes were legion, there was hardly a hero who did not slay his dragon. Perhaps Heracles and Perseus are the best-known of the Greek killers of monsters. With the rise of Christianity, the heroic feat was transferred to the saints; witness the story of St. George and the Dragon, and its ubiquitous parallels. The names and the details vary from place to place and story to story. But what is the original source of the incidents? Since the dragon-slaying theme was an important motif in the Sumerian mythology of the third millennium B.C., it is reasonable to assume that many a thread in the texture of the Greek and early Christian dragon tales winds back to Sumerian sources. At present we have at least three versions of the dragonslaying motif as it was current in Sumer more than thirty-five hundred years ago. In two of these versions the heroes are deities—the water-god Enki, the closest Sumerian counterpart of the Greek Poseidon, and Ninurta, the god in charge of the South Wind. The third version introduces a mortal dragon-killer—the hero Gilgamesh—who may well be the original "St. George." In the myth involving Enki, it is the monster Kur who seems to be the villain of the piece. The struggle probably took place not long after the separation of heaven and
earth, and (if the fragmentary lines are correctly inter-
preted) Kur's wrongdoing consisted in the abducting of a sky-goddess, which
calls to mind the Greek story of the rape of Persephone. Unfortunately we have
only a dozen laconic lines from which to reconstruct the story, for none of the
tables on which the details of the myth were inscribed have as yet been
excavated. The story is told in
a brief passage which is part of the prologue to the epic tale "Gilgamesh, Enkidu,
and the Nether World." The passage comes immediately after the 'creation' lines.
The con-
tents are as follows:
After heaven and earth had been separated, An, the
heaven-god, carried off heaven, while Enlil, the air-god, carried off the earth. It
was then that the foul deed was committed. The goddess Ereshkigal was probably
carried off violently as the prize of the Kur (it is not stated who committed the
deed, but it is not unlikely that it was the Kur itself). Thereupon Enki set out in a
boat to the Kur. His purpose is not stated but it was probably to avenge the
abduction of the goddess Ereshkigal. The Kur fought savagely with all kinds of
stones, and it attacked Enki's boat, front and rear, with the primeval waters which
it controlled. Here the brief prologue passage ends, since the author of
"Gilgamesh, Enkidu, and the Nether World" was not interested in the dragon
story primarily, but was anxious to proceed with his Gilgamesh tale. And so we
are left in the dark concerning the outcome of the battle. There is little doubt,
however, that Enki was victorious. And it is not unlikely that the myth was
invented for the purpose of explaining why, in historical times, Enki, like the
Greek Poseidon, was conceived as a sea-god and why his temple in Eridu was
designated as the Abzu, a Sumerian word for
sea.

In the third version of the dragon-slaying tales, a man, not a god, is the
protagonist. He is Gilgamesh, the most renowned of all Sumerian heroes. The
monster whom he kills is Huwawa, the guardian of the "Land of the Living,"
particularly its holy cedars.

Gilgamesh is the most celebrated of all Sumerian heroes and a favorite with
ancient poets and minstrels. However, modern Orientalists first came to know of
him and his he
roic exploits not from Sumerian but from Semitic sources. He is the protagonist in the Babylonian epic now generally admitted to be the most significant literary creation of the

whole of ancient Mesopotamia. But a comparative analysis of this Babylonian epic and its Sumerian forerunners shows that the Babylonian authors and redactors utilized, modified, and molded Sumerian epics for their own purposes. In Chapter 23 an effort is made to distinguish the Sumerian warp from the Semitic woof.

on one of the clay tablets dug up from the long-buried library of King Ashurbanipal, who reigned in the seventh century B.C., he had discovered and deciphered a version of the deluge myth which showed marked resemblances to the flood story in the Book of Genesis.

poem, and that the ancient Babylonians themselves referred to it as the "Gilgamesh Cycle." According to the ancient scribes, it consisted of twelve songs or cantos of about three hundred lines each. Each canto was inscribed on a separate tablet in the Ashurbanipal library. The deluge story formed the major part of the eleventh tablet. the Babylonian "Epic of Gilgamesh" was studied, translated, and imitated in ancient times all over the Near East. In the Sumerian myth the flood lasts seven days and seven nights; in the Babylonian version it lasts six days and seven nights.

In classical mythology, the Golden Age is represented as an age of perfect happiness, when men lived without toil or strife. In Sumerian literature, we have, preserved for us on a tablet, man's first conception of the Golden Age. The Sumerian view of the Golden Age is found in the epic tale "Enmerkar and the Land of Aratta" (see Chapter 4). In
this tale there is a passage of twenty-one lines that describes
a once-upon-a-time state of peace and security, and ends
with man's fall from this blissful state. Here is the passage:
Once upon a time, there was no snake, there was no scorpion,
There was no hyena, there was no lion, There was no wild dog, no wolf, There was no fear, no terror, Man had no rival.
Once upon a time, the lands Shubur and Hamazi, Many (P)-tongued Sumer, the great land of princeship di
vine laws,
Uri, the land having all that is appropriate, The land Martu, resting in security, The whole universe, the people in unison (?), To Enlil in one tongue gave praise.
(But) then, the father-lord, the father-prince, the father king,
man's first golden age 223
Enki, the father-lord, the father-prince, the father-king, The irate (?) father-lord, the irate (?) father-prince, the
irate (?) father-king, .... abundance .... .... (5 lines destroyed) . . man ....
The first eleven lines, which are excellently preserved, describe those happy "long ago" days when man, fearless and unrivaled, lived in a world of peace and plenty, and all the peoples of the universe worshiped the same deity, Enlil. Indeed, if "in one tongue" is to be taken literally, and not as a figurative expression for a phrase such as "with one heart," the words would indicate that the Sumerians, like the Hebrews of later times, believed in the existence of a universal speech prior to the period of the confusion of languages. As for the ten lines that constitute the next part of the passage, they are so fragmentary that we can only guess at their content. To judge from the context, it seems safe to surmise that Enki, displeased with, or jealous of, the sway of Enlil, took some action to disrupt it, and thus put an end to man's Golden Age by bringing about conflicts and wars among the peoples of the world. Perhaps (on the assumption that lines 10 and 11 are to be taken literally),

Enki even brought about a confusion of languages. If so, we may have here the first inkling of a Sumerian parallel to the Biblical "Tower of Babel" story (Genesis 11:1-9), except that the Sumerians attributed man's fall to the jealousy
between the gods while the Hebrews believed it resulted from Elohim's jealousy of man's ambition to be like a god. The poet of the Golden Age passage designated it as the "Spell of Enki." Enmerkar, the lord of Erech and a favorite of the god Enki—so runs the story—is determined to make a vassal state of the mineral-rich Aratta. He therefore sends a herald to the lord of Aratta with a message threatening Aratta's destruction unless he and his people bring down precious metal and stone, and build and decorate Enki's temple, the Abzu. It was to further impress the lord of Aratta that Enki instructed the herald to repeat the "Spell of Enki" which relates how Enki had put an end to Enlil's sway over the earth and its inhabitants.

MHR COMPARED TO OTHER THEORIES / TRANSCRIPTIONS OF SUMERIAN TABLETS, THIS SEEMS TO BE PROPAGANDA... FROM ENLILISTS, AGAINST ENKI, OUR TRUE LIBERATOR, LIKE 'SATAN' THE 'DEVIL' IN THE BIBLE / TO YHWH, WHO IS REALLY JUST A REBEL AGAINST THE TALMUDIC CULT LEADERS...

The cuneiform system of writing was probably originated by the Sumerians. The oldest inscriptions unearthed to date—more than one thousand tablets and fragments from about 3000 B.C.—are in all likelihood written in the Sumerian language. Whether it was the Sumerians who invented the script or not, it was certainly they who, in the third millennium B.C., fashioned it into an effective writing tool. Its practical value was gradually recognized by the surrounding peoples, who borrowed it from the Sumerians and adapted it to their own languages. By the second millennium B.C., it was current throughout the Near East. The cuneiform script began as pictographic writing. Each sign was a picture of one or more concrete objects and represented a word whose meaning was identical with, or closely related to, the object pictured. The defects of a system of this type are twofold: the complicated form of the signs and the fact that the great number of signs required render it too unwieldy for practical use. The Sumerian scribes overcame the first difficulty by gradually simplifying and conventionalizing the form of the signs until their pictographic originals were no longer apparent. As
for the second difficulty, they reduced the number of signs and kept them within limits by resorting to various helpful devices. The most significant device was substituting phonetic for ideographic values. The accompanying table was prepared to illustrate this development. It proceeds from top to bottom:

No. 1 is the picture of a star. It represents primarily the Sumerian word an, "heaven." The same sign is used to represent the word dingir, "god." No. 2 represents the word ki, "earth." It is obviously intended to be a picture of the earth, although the interpretation of the sign is still uncertain. No. 3 is probably a stylized picture of the upper part of a man's body. It represents the word lu, "man." No. 4 is a picture of the pudendum. It represents the word sal, "pudendum." The same sign is used to represent the word munus, "woman." No. 5 is the picture of a mountain. It represents the word kur, whose primary meaning is "mountain."

No. 6 illustrates the ingenious device developed early by the inventors of the Sumerian system of writing whereby they were enabled to represent pictorially words for which the ordinary pictographic representation entailed a certain amount of difficulty. The sign for the word geme, "slave-girl," is actually a combination of two signs—that for munus, "woman," and that for kur, "mountain" (signs 4 and 5 on our table). Literally, therefore, this compound sign expresses the idea "mountain-woman." But since the Sumerians obtained their slave-girls largely from the mountainous regions about them,

COMMENTS ON THE ILLUSTRATIONS 239

this compound sign adequately represented the Sumerian word for "slave-girl," geme. No. 7 is the picture of a head. It represents the Sumerian word sag, "head." No. 8 is also the picture of a head. The vertical strokes underline the particular part of the head which is intended—that is, the mouth. The sign therefore represents the Sumerian word ka, "mouth." The same sign represents the word dug, "to speak." No. 9 is probably the picture of a bowl used primarily as a food container. It represents the word ninda, "food." No. 10 is a compound sign consisting of the signs for mouth and food (Nos. 8 and 9 on our table). It represents the word ku, "to eat."

No. 11 is a picture of a water stream. It represents the word a, "water." This sign furnishes an excellent illustration of the process by which the Su
merian script gradually lost its unwieldy pictographic character and became a phonetic system of writing. Though the Sumerian word a represented by sign No. 11 was used primarily for "water," it also had the meaning "in." This word "in" is a word denoting relationship and stands for a concept which is difficult to express pictographically. To the originators of the Sumerian script came the ingenious idea that, instead of trying to invent a complicated picture-sign to represent the word "in," they could use the sign for a, "water," since the words sounded exactly alike. The early Sumerian scribes came to realize that a sign belonging to a given word could be used for another word with an altogether unrelated meaning, if the sound of the two words was identical. With the gradual spreading of this practice, the Sumerian script lost its pictographic character and tended more and more to become a purely phonetic script. No. 12 is a combination of the signs for "mouth" and "water" (Nos. 8 and 11). It represents the word nag, "to drink." No. 13 is a picture of the lower part of the leg and foot in a walking position. It represents the word du, "to go" and also the word gub, "to stand."

No. 14 is a picture of a bird. It represents the word mushen, "bird."

No. 15 is a picture of a fish. It represents the word ha, "fish." This sign furnishes another example of the phonetic development of the Sumerian script. The Sumerian word ha means not only "fish" but also "may"—that is, the Sumerians had two words ha, which were identical in pronunciation but quite unrelated in meaning. And so, early in the development of the script, the Sumerian scribes began to use the sign for ha, "fish," to represent also the phonetically sounded ha, "may."

No. 16 is a picture of the head and horns of an ox. It represents the word gud, "ox."

No. 17 is a picture of the head of a cow. It represents the word ab, "cow."

No. 18 is the picture of an ear of barley. It represents the word she, "barley."

The signs in the first column are from the earliest known period in the development of Sumerian writing. Not long
after the invention of the pictographic script, the Sumerian scribes found it convenient to turn the tablet in such a way that the pictographs lay on their backs. As the writing developed, this practice became standard, and the signs were regularly turned 90 degrees. The second column in the table gives the pictographic signs in this turned position. The next two columns represent the "archaic" script current from approximately 2500 to 2350 B.C.: column III shows the wedgelike signs written on clay, while column IV shows the linear form of the signs as inscribed upon stone or metal. Columns V and VI show the signs current from about 2350 to 2000 B.C. In column VII the signs resemble those current during the first half of the second millennium B.C., the period in which most of the tablets treated in this book were actually written. The more simplified forms depicted in the

Film / book idea to expose jew world order

Novel ... 'Island of the Free' ... post U.S.A takeover by Zionist N.W.O ... Europe and North America under total control ... Australia? N.Z? Tas? is last hold-out ... have zero point energy devices that let them fly...as kids require a 'rig' that channels the forces, but learn to manipulate and direct without this 'rig' in early teens ... basically to produce first a 'shield' of zero potential around their body a 'relativity zone' ... and then to produce low pressure zones at particular points along this periphery to 'suck' themselves in the desired direction...higher 'masters' seeking to travel through space at light speed and beyond ... rumours some have managed intra-dimensional travel...so have 'super-powers' ... can also produce a shield around the Island...have set up a utopia with all the challenges associated with 'society'...perma culture, vegan, justice, eugenics ... though some have been corrupted...dream of pre-optimalisation days of inequality, with them as the elite... etc... show what the zionists do with the rest of the world...refugees arrive ... with tales of horror ... also reconnaissancce teams fly out to document ... seek to help any 'resistance'...they break into the coms of the Zionists, to counter the propaganda, etc ... zero point energy devices a-la flying saucers, and Tesla 'free energy' allow the island to be anywhere...i.e can produce a micro-climate, greenhouses, ... compulsory eugenics, voluntary euthenasia, ... alternative to religion is Zen Buddhist E.Ps ... refugees must assimilate ... religion not tolerated, treated as mental illness it is... explain NLP etc...an anti-Zionist Utopia ... show world what threat facing (future horror in stall if stay current course) and an alternative to the 'Jewtopia' of communism i.e austerity and racial supremacists ... island has every 'people' on earth i.e african, asian, germanic, slavic, ... Start with, or include, the 6 million holocaust, irony of how they 'agreed' when went along with holocaust hoax, maybe have classroom presentation for kids on island of 'the holocaust hoax' etc i.e set up scenario for how it could happen...Zionists sacrificing israel as part of last days i.e to bring in total martial law...how the 'island' held out, resisted... problem of spies under 'refugees' aiming to steal secret of zero point energy (the secret is a zen one, i.e slightly higher vibrational frequency of zen trained children in zen society i.e question of ethics and will ... but Zionists try to make it work for their evil lower vibrational selves using gadgets which always fail and destroy entire cities...so have spies...and corrupt locals who never reached same levels i.e and resent it...fact is it is their own
will...desire to dominate / exploit that stops them from accessing the zero point energy...many resent this...stubbornly refuse to change their wills i.e seek good will E.P s etc...

Maybe 'Island' escaped because a group of Zionist’s realised what their leaders planned, and rejected the idea...they had been idealistic...but realised their leaders had no intention of building a utopia...it was all propaganda...once realised their real intentions they stole lots of 'evidence', tech that had been withheld from the world by the Zionists, and fled to the 'Island' before the holocaust in israel, and the lock-down of North America and Europe, and Russia, and China...just soon enough to set up their defences with the new tech, ... many children of most powerful Zionist leaders who were loath to attack the island because of the risk to their children... they had a hard time convincing the locals what was going on, and about to happen, but the secret tech was convincing, as were all the documents they brought with them...

Movie in which every ingenious, and simple, method of assasination is shown i.e characters all living luxurious, priveleged, powerful lives ... corrupt and powerful people in government, business, and military, and media ... all feel 'untouchable' ... part of some conspiracy ... we aren't told how they are connected at first ... first very prominent / famous people start dropping dead ... at first no connection formed ... apparent accidents and natural deaths ... then pattern begins emerging and speculation runs rampant in Alt media and social network platforms ... CIA and FBI and Mossad don't have a clue...running scared...each suspecting other, though all working together ... i.e movie can directly reveal Zionist conspiracy, or it can be more vague and 'globalist' ... but same people will be being assasinated ... at some point a 'list' is published of all the people 'targetted' by the 'Patriots' or 'Torchbearers for liberty' etc ... leads to huge govt. crackdowns on 'patriot' groups around world i.e called 'extremists', 'right wing extremists', neo-nazi's, home grown terrorists...are they from Germany? ... fed up with the occupation of their homeland? ... so we see the rich and powerful running scared, pretending to be calm...taking every possible security measure...but all used to free luxury living and their own particular 'vices'...so are caught out by their own vices e.g young women assasins use sex to gain access, some poisoned by 5000 dollar bottles of wine or single malt scotch, some 'hunting accidents', some 'airplane crashes' ... each has a vice to target, including their 'pride'... they are poisoned by gourmet meals ... snipers using special or simple rifles ... drone strikes ... car bombs ... road-side I.E.D's... simple low paid security guards...even body guards they'd had for years turn on them ... why? ... who is getting to all these people and how? ... what secrets being used against them to motivate e.g a simple old man who has
served in their home for decades suddenly decides to pick up a simple knife and stab their 'boss' in the heart or neck? ... or simply smash a heavy sold object over their heads? ... MK ultra programs? ... long term patient plans? ... who is behind it all? ... leading figures from every major Western religion, catholic, Muslim, Jewish all falling ... then a list is published of 10,000 that may either 'give themselves up to justice and leave in exile with a maximum of 1 million dollars to South Africa (which has agreed to accept them) or face death in the next 12 months. The list covers all the most powerful people, many of whom no-one knows or has heard about i.e 'behind the scenes shadow power' ... in many nations martial law is imposed, as 'anti-terrorist' measures...defined as terrorists, the media trying to push it as 'public safety measures', but the public see through the scam...they see that the 'terrorists' have been targetting very rich, powerful, secret, conspirators in some great global conspiracy ... and still the 10,000 are falling ... inexplicably ... the most ingenious deaths ... some go mad in their 'safe houses' ... paranoia reigns ... no-one can trust anyone...stories keep going around of long trusted servants, body guards, lovers, suddenly turning on their bosses ... who is getting to them and how? or were they 'sleeper cells' just patiently awaiting activation? ... or is it some kind of new mind control ? ... they powerful conspirators finally start making contact with each other ... a pattern is looked for ... what links them ... the viewer / reader slowly forms an idea of some shadow global government...(Zionists for me, but may need to make vague to pass Zionist censorship ... will have to have several scripts, so the Zionists O.K the 'harmless' vague 'globalist' script, but make the actual film / book about Zionism in the end, clear message that would NEVER pass the censors/get finance/distribution/ratings i.e they try to put R ratings on films they don't want people to see... so a pattern is formed or revealed by their analysts...even the analysts maybe totally shocked by what the pattern reveals...the connections between seemingly unconnected bankers and generals and politicians and generals and businesspeople ... between supposed 'rival' religions and nations / intelligence agencies...maybe it is a sexy team of young analysts that finally reveals the connections, and they realise what has been going on for decades, and that the last days of freedom were upon them i.e there was a reason why the 10,000 list appeared right now...they were on the cusp of a world government...a dictatorship...horrible plans for mass extermination and relocation and total martial law...basically slavery of the remaining masses to the few elite corporations ... Zionist 'Jews'... Some young sexy Israeli 'Jews' discover a plot to start a war in Israel and sacrifice 6 million israeli Jews...how since before WWI german was targetted for demonisation propaganda, to bring U.S and U.K to invade and destroy Germany, with 'Jew.S.S.R from the East...pattern of demonisation of groups the Zionists want to destroy e.g palestinians / arabs / muslims as 'terrorists' via false flag 911 (blamed on Saudi Arab Muslim terrorists), and U.S.S Liberty (to be blamed on Egyptian Arabs/Muslims
govt)...then to demonise 'patriots' in each nation, their governments planted false flag attacks e.g in Germany German intelligence agencies planted bombs, then blamed carnage on 'far right extremist' groups e.g neo-nazi's i.e any 'nationalist' and 'patriot' groups...same in U.S.A with Oklahoma city bombings blamed on 'home grown extremists' a.k.a 'patriots', then faked mass shootings like 'Sandy Hook' to justify taking away gun rights and making 'patriots' defenceless...militarizing police...removing Habeus Corpus via 911 justified 'patriot act' and governing by 'executive order' to bypass any democratic process...so now in Germany patriots defined as 'nazi terrorists', and in U.S patriots defined as 'home grown far right extremist terrorists' and Arabs / Islam feared in U.S after Israeli 911 attacks, and millions of refugees forced onto Germany along with CIA / MOSSAD inspired/trained/financed/educated 'sharia' muslims ... and in Muslim world justified hatred and fear of 'The West' after decades of NATO U.S Israeli CIA Mossad U.K acts of terror, from assasinations, destabilisation of governments, coups, bombings, and actual wars and invasions...so Muslims / Arabs rightfully hate and fear West, and West hates / fears Islam / Arabs with no justification i.e propaganda war ... the truth is twisted and turned upside down...the real terrorists are NATO U.S.A U.K ... but of course after decades of murdering Arabs, a few are willing to get 'justice' by seeking revenge... and the CIA Mossad and other Zionist organisations / organised crime syndicates, recruit them, train them, finance them, and get them to attack the West...though in reality most attacks are faked, carried out by CIA Mossad FBI German intelligence Mi-5 etc i.e Western Zionist controlled / occupied intelligence agencies...So we have the background that the analysts, employed to find a pattern and identify who is killing the 10,000, suddenly emerge in our narrative / plot ... and they must decide if have moral obligation to 'leak' this infomation...but suspect WikiLeaks, after find that ASsange is on the list, and join some dots connecting him, outing him as CIA asset, same as Ed Snowden, same as Alex Jones etc...they had sent out feelers to see who they could trust to reveal their bombshell revelations to a mass audience in a short time, and find all are conspiring with the 10,000, the Zionists...so cannot trust anyone...until they find some real Alt media ... independent...contact them, and work on a plan to make the revelations public...but then their bosses, of the 10,000, become suspicious ... and worried ... the analysts clearly have realised something...they have even identified the top leaders of the Zionists...people the 10,000 didn't know themselves...the real shadows...maybe they turn out to be Aliens, or have some sort of inbred psycho-path blood lines ... real nasty characters...and some of the more 'idealistic' of the 10,000, who took the 'noble lie' deal i.e ends justify the means...they had been promised a utopian vision...that casualties would be controlled i.e necessary evil...but realise that the true shadows are pure evil...plan to almost totally exterminate humanity in horrible ways, simply to become slave masters...almost demonic...so they break away, and go public ... better the devil
you know ... the world is evil, sure, but still better than what they realise their true masters have planned...a slave prison planet...aliens? or just so alien in nature i.e humans that are bitter and twisted...some sort of mental condition...just a more extreme form of typical human nature i.e selfish, egotistical, lack of empathy for those they wish to exploit...so we have a real breakout of the 10,000 coming public...thousands of reports 'leaked' about the plans for the new world order...the 10,000 become desperate...martial law...military crackdowns... but because the final plans had not yet had time to be put in place, the patriots have a chance...to resist...to defy the occupation...now they know who their real enemies are...not Muslims, not Westerners, but the men and women who have been pulling the strings of hatred, violence, war, propaganda...they are outed...they find their own security guards and body guards and servants suddenly vanishing, not turning up for work...they are left hiring new people, paranoid, not being able to trust anyone...as one by one they fall...sometimes in secret meetings they are taken out in groups...lots of violence, action, explosions... our sexy analysts team up with some recently awakened Israeli military and MoSSAD and CIA who had not realised they were being used, and top leaders from all agencies are being rounded up in raging battles and intrigues...the mass media is over-run by patriot groups, who begin using all the mass media outlets to spread truth, to reveal facts, Israeli historians admit 'The Holocaust' was a lie meant to demonise Germany and Germans, and get a 'blank cheque' from the world a 'sympathy card' to carry out atrocities in Palestine, a whole industry that gave Israel U.S and Western support... other CIA MOSSAD come out and admit 911 was them, as were all the other 'false flags'...they admit Sandy Hook and nightclub shootings all faked and set up to 'get your guns'...Western leaders realise their goose is cooked and step down, to avoid indictments and public outrage...CIA MOSSAD admit they are responsible for the 'Sharia' movement and Wuhabism...Saudi Arabian princes suddenly distance themselves from the Zionist governments, and make a run for it with their wealth, as their people overthrow their corrupt regimes in Saudi Arabia, Egypt, and Israel...The Israeli military, mostly young conscripts, turn their weapons on their Israeli Zionist leaders, and join with Palestinians to overthrow the despotic Zionist government of Israel...with help from those MOSSAD units that have woken up...incensed at the plans to sacrifice 6 million Israeli 'Jews'... a storm of patriotism sweeps the world as one corrupt government after another falls...most running away with whatever loot they could stash on their boeings and transporters...taking the offer from South Africa for 'sanctuary'... many flights don't manage to get off the ground, as angry protestors block runways, take over control towers, and take possession of the planes...many vicious criminals are torn to pieces by enraged mobs...now that the truth has come out about what they have been doing, and what they had planned...An emergency U.N security council meets that abolishes the veto power of any nation...and for once after 60 years a U.N resolution is passed that no Zionist
controlled nation could veto...a peace resolution...a justic resolution...a democracy resolution... and a massive U.N force is mobilised to carry out peacekeeping security measures in the West and Middle East...made up of every nation...absorbing NATO and national forces ... a new 'World constitution' is drafted granting everyone religion freedom, freedoms the U.S constitution had granted a few million people for a few decades were now granted to the entire world's population ... a new era can begin...ironically, it was the Zionists evil and horrific plan that brought this about...their malicious intentions formed the basis for a new world order of goodwill, justice, truth, and democracy.

may have to set it somewhere isolated i.e 'new territory', so no need to impose E.P's on locals... so only people who accept E.P's live there of own free will...with laws for 'leaving' i.e 'payback' to community ... and 'exiling' people is the only punishment for serious crimes or unwillingness to participate / reciprocate / live E.P vegan lifestyle... have own currency, with tattoo scanners, and one bank etc...the ideal version of a New World Order...with leaders you can trust... problem of people seeing how good they have it, and wanting 'in', but wanting to keep their old baggage religions / exploitative will ... people will willfully 'not get it' that the basis of the island / sanctuary are the E.P's ... they want the good without any sacrifice of their old rubbish NLP religions and desire for inequality ... Zionists try to trick them into accepting refugees to overwhelm them...E.P colonists have to take hard line ... and also face facts of what is going on in Zionist occupied europe/china/russia/europe ... but what to do? do they have the tech to defeat the Zionists? ... and what then? ... impose their E.P's on people dictatorially, who don't want them? ... so they offer envoys / ambassadors to communities willing to set up E.P communities around the world...they offer them the assistance / support / tech i.e leaders / trainers with the 'gift' of zero energy control...but how to trust? ... in past Zionists tried to trick...and also supposed colonists who wanted 'in' without the principles ... several times E.Ps died in the 'colonies' after going to help ... so big debate about 'what to do' i.e E.P principle is never to force anyone to adopt E.P's, but never to subsidise 'evil' in any way ... though tempting offers made to seduce them by zionists ... attempts to seduce / bribe / corrupt ... even just 'trade deals' that are tempting, but E.P principle is not to accept good at cost of bad to another, and they know the conditions under which Zionist workers work etc...

Maybe our protagonist learns to master their own will, and zero point energy, after being put in solitary confinement, for 'anti-semitic' acts i.e writing books etc ... protag had already given up on this world ... was in a way glad to have all responsibility lifted from their shoulders, could not focus on their own spiritual
growth...zen meditation...focus on consciousness...externalisation of consciousness (something like Astral body) ... regression ... time distortion ... like the Buddhist monks who could set self on fire without any suffering / alarm ... then adapted what had learned about zero point energy...began to be able to harness it ... set up a 'relativity bubble' around self and a zero-point energy differential / potential around that shield ... no matter could withstand focussed zero point energy differentials...they just collapsed into energy, which was absorbed by the shield, feeding it...so that one day protag simply walked through the metal doors of the prison, through the walls...freed all the other political prisoners in the same facility ... first had learned levitation ... in isolation 24/7 ... only given basic food and water...THEY meant it to be torture, but it had proven the ideal 'monks cell' for total immersion / deep meditation ...

OR; put the torah, talmud, and that newer book 'on trial' for racial vilification / incitement and thus its authors and anyone who sells it, promotes it...use latest video as evidence of consequences i.e proof that it does incite to violence and racial vilification...and that was intent...as no basis for the 'fears' i.e irrational hatred of 'amalek'...and proof of a conspiracy a.k.a jew world order...

Film content quicker to produce, as don't need details, can be more plot orientied, with some dialog, to communicate everything...but novel can be published quicker, once written...

We follow very rich and powerfull people from the elites that form the jew world order and their golems...military industrial elites, bankers, dumb-ass politicians, Alex Jones' types...as they excitedly but secretly move into the underground cities around the world...thinking they are about to be saved, as some calamity, war etc befalls the rest of us ... establishing that there has been a long time conspiracy, at the highest levels, and a mass scale genocide planned / or calamity predicted no-one was being told about...

may focus on one character, e.g alex jones, smugly laughing at his audiences stupidity as he drives off with his young groupie mistress to an underground facility...or some ultra semitic character feeling righteous and 'chosen' and ready to take his 'rightful' place as one of the 144,000 'judges' / 'effendi' / masters ... chose the most representative of each 'group' of jew world order elites...i.e jewish, golems...
The 'war' or 'calamity' may be building up as the last of the elites enter their bunkers...maybe news reports of a Russian attack, Islamic attack, Syrian attack, Iranian attack or military coup in the Jew.s.a by the militias...some 'faked' or 'orchestrated' national security threats which give the authorities an excuse to impose martial law universally...or scare the elites into their underground cities...so keen to 'follow orders' and give up their lifestyles to unthinkingly pick up and leave off everything to enter the bunkers...children and families, continuity of tyranny laws in place are activated (continuity of government = continuity of tyranny) so most powerful immediately follow the contingency plans...confidently...feeling they are being saved...they are among the few who will survive this unscathed, and come out on top after a few months of total chaos and destruction above ground...

We allow a few 'hints' that things are not as they seem to be, i.e the elites are all confident and happy, but leave hints here and there that maybe the audience might expect a 'twist' in the plot soon...

maybe the first twist is how the 'semitic' elites turn on their golems...alex jones and similar have all arrived recently and are waiting on their 'room allocations' in the bunker...when suddenly the room fills with gas, or a 'wall of fire' is revealed in one wall, which immediately fires thousands of rounds into the group, ripping them to shreds of flesh and bone and mush...so alex jones and his 'useful idiot' associates get their just reward from their handlers / masters...they've served their purpose, and are no longer needed...so their jew world order masters have eliminated them...

But wait, there is a further twist in store for our jew world order elites, now so smug and complacent in their power...after just having turned on their 'goyim' accomplices...they are about to have the tables turned on themselves...for as you do unto others, shall be done unto you...and it is unto them...by the people who have been using THEM all along...

the second twist will be obvious when the 'guards' of the facilities, the underground cities, act a little strange...at least some of them...need to build up in sophisticated / engaging manner...

then some guards 'arrest' other guards, and round them up, more or less in secret, at 2 a.m., while some of the jew world order semitic 'guests' 'partying' in their
luxurious bunkers / underground night clubs...laughing at the stupid goyim...many having just watched real time video of the massacres of Jones and co....repeated scenes around U.S...implied in conversations in control rooms and guests...but these examples given as representative of general situation...

the point is that these underground cities have been infiltrated...the entire system has been co-opted...either by the TRUE leaders of the new world order who have been using the zionists, the jew world order, as means to their own ends...the very top of the freemasons may be long term members of something like Fabian socialists, but pretty much Eden Protocolists...

When it is clear that they have control of the underground cities, they begin a 'trial'...

now the above ground chaos may have been real, even if orchestrated and instigated by the jew world order...maybe nuclear and biological weapons have been destroying the U.S cities, or at least enough apparent threat to institute martial law around the world...maybe the U.S dollar was allowed to 'freefall' first, so the jew world order around the world could 'legally' buy up all the remaining assets in the U.S, and treat it as a 'debtors prison'...all debts owned by jew world order, and you have to 'pay them off' like mexican tenant farmers in the old orchards...so basically a debt slave to some foreign jew world order banksters...you children inherit that debt...no birth control allowed etc to encourage population growth ('religions' motives i.e increase nuumber of slaves etc...work in all the concepts can, without overloading / overburdening / damaging plot etc)

So the big 'twist' and shock to our elites is that they have been scammed...they've been rounded up in these underground cities which are now prisons, where they await their public trials...all their 'luxuries' are removed...they are given menial work to do in the underground permaculture farms etc...and time to write their 'confessions'...if they confess everything, in detail, they are offered 'rehabilitation' as teachers, nurses i.e lowest level professions among the poor, to pay their debts to society,...literally in a practical way...stripped of all their luxuries, status, prestige, privelges etc...

If decide, can have 'twist' of the 'calamities' or 'wars' having been faked / instigated by the real top of the new world order...not the jew world order...
layer above them, using them as means to their own, noble, ends...So the mass media suddenly announce the facts...that the 'war' was all fake...what the jew world order had planned to do...and that the jew world order are all under 'house arrest' in their underground cities...where they will be tried...publicly...while the rest of the world comes out from under all their elaborate schemes and plans...i.e reformation of the entire social system...free of their manipulations...true capitalism...true democracy...zero corruption thanks to all the tech the jew world order introduced for surveillance, now to be used for good, rather than evil...cashless society where all transactions can be tracked, making it impossible to financially benefit from any crime or corruption...zero lobbying, zero election campaign contributions...no more 'revolving doors' between business and politics, so they can 'pay off' politicians in the future for current services rendered i.e corruption...lots of EP stuff...they are vegan...to dismay of much of world...but soon don't miss any animal products...we will ensure you 'deserve' the justice we are providing for you...

so we have public trials / hearings...of all the leading figures and their golems...where they arrogantly claim they had the right to, as the 'chosen' people i.e psychotics / sociopaths / deluded...some make excuses 'I did it for my family, I had no choice, they had gone to 'out' me, fire me, I'd lose the house, they'd spill the dirt they had on me, I was blackmailed...I didn't understand what I was doing until it was too late to back out, they threatened to kill my family, to sell my son and daughter to a sex trafficker...all the ways the jew world order 'get to' people and turn them into their 'golems'...

We can show, or imply, by people referring to it, or news reports referring to it, that similar events occurred in China and Russia and Australia...where similar things occurred...and now the jew world order elites facing public trials all around the world...including the Jew.N, which has been 'outed', and most officials charged...after THEY had 'escaped' to their underground safehouses etc...

Some jew world order operatives are on the run, hoping to escape...we follow tracker teams hunting them down...most give in, or their own 'security' turn on them, offering them up, alive or dead, to the jew world order hunters...

News reporters state clearly that 'The Holocaust' never happened...it was all a hoax, propaganda, lies...
Senior members of the Vatican and many Muslim organisations are also being held for trial...as around the world 'genuine' religious leaders announce that they are about to reveal the 'facts' about their religions...and to announce a new world religion of peace, tolerance, etc...based on the best of all religions, and acknowledging it is all 'noble lies'...and revealing the truth about UFOs, Annunaki / Nephalim etc...

Many jew world orders simply will NOT submit to justice...they rave off at the head about how they are 'gods chosen people' and that the jury 'are cattle, with no right to judge them'...expecting any moment that their 'messiah' will appear to slaughter all the goyim, and place them, the rightful rulers of the earth, in power...they should 'serve the jews or die'...many maintain this delusion up to the end...as they are taken away after the guilty convictions and sentencing...they are sentenced to do useful work for their former employees / slaves etc...most will not work...those who won't, are given an island where they can either grow their own food etc, seeds and other supplies will be provided, or starve to death...their own choice...their karma...

our trials are not vindictive or malicious...but actually seeking as much justice as is possible...many call for blood...wanting to kill them...but the Eden Protocols explain their position on free will and justice...though in many cities around the world there are spontaneous pogroms in which thousands of 'semitic' ideologues are massacred, before the new authorities can stop them...

and so our film / novel can end with the new world order being put in place...on the basis of the eden protocols and optimal ethics generator, and true history, and true justice...

or it can end just after the 'trials' begin...to continue...depends on how much material develops / is necessary to have a meaningful unit of enlightenment for one novel / film... and how fast the material flows i.e how quick I can 'finish' something worthy of my aims...

OR...catalog every 'fictional' demonisation of the nazi's i.e fiction about the holocaust which most people take as 'historical' e.g nazi's putting old man in
wheelchair and pushing him and his chair out of the third story balcony onto the road below...jews say, sure, fictional, but it reflects / presents 'the truth' i.e about nazi germany ... when totally made up...villification...intent is to vilify, cannot claim otherwise...it is NOT historically accurate or based on ANY report...deliberately calculated to vilify / incite ...i.e 'paint a picture'...NOT to present reality...so we collect all these, and do the equivalent with the biblical 'history' of the jews ...focus on 'the Canaanite holocaust'...have similar characters to demented death camp head i.e again totally fictional ... no historical basis, intent is to vilify / demonise work camp commandants as crazy and malicious / evil...well beyond any bounds of 'concern for historical accuracy'...so we will 'show the greater truth' of the biblical genocides...'make point clear' ... find all biblical versions of it, and Hebrew versions in their own books, ... and modern day representatives...to 'make the point' of what it 'meant' historically and from human viewpoint...i.e 'art' like 'Schindler's list' not historically accurate but 'meta-historical' i.e provide 'meaning' and 'insight' beyond mere historical accuracy...check the responses to my steemit post on this topic, the guy put it really well...used their best argument for such propaganda i.e that it wasn't accurate, but it gave the 'real' idea of what happened, in a brief movie format... so we shall make THE definitive film, the equivalent of EVERY 'holocaust' film and book ever made and written i.e take all the same 'liberties' with 'the documented / assumed facts'...e.g 'sophies choice 'based on WHAT? Anne Franks diary faked...so have a Canaanite mother having to chose after some slightly demented hebrenus, following Joshua's orders, but having some personal fun, giving some poor canaanite woman the same choice...and have some hebrews pushing some old Canaanite man from the third story roof of his mudbrick home in one of the cities the bible describes...before the entire city destroyed...have canaanite dreaming of Dresden too, with firebombs, then machine gunning, then waking up...can follow lives of wandering hebrews, and those in the cities they are going to destroy...have some 'nice' hebrews victimised for criticising Joshua's plans...and even 'helping' some of the people destined for destruction...can make love stories i.e some of the 'wandering' jews pass near a settlement, and there is some romance, then later the same boy and girl meet, but he is there to kill all her family etc i.e like 'sound of music' but the father of the Canaanite girl can distract him long enough to get her to safety, they run and hide in old graveyard etc... take ALL the manipulative fictional 'spins' the jews have done from the original 'nuremberg show trial' propaganda, and use them, incorporate them into the story / film...so show the biblical genocides and mass rapes , and 'ripping up pregnant women'...first got to get empathy for that woman, we follow her loving family life, so audience really FEELS it...has the impact, not just a statistic... even have Joshua claiming 'ritual sacrifice' to people who are HAPPY to believe it, though some rumbling about it being 'nonsense', then others turning on them, shutting them up...real nasty, like before all wars, when anyone challenges their
'nationalistic' propaganda etc, pacifist...have jews beat one idealistic man to death in front of his family etc...show there must have been jews who were against, but 'went along to get along' in face of victimisation of anyone who dared contradict Joshua etc...so have Joshua as the hollywood hitler...scheming for land...for war...for genocide...making up stories of 'chosen people' and 'races' and having him determine who is 'jew' and who is to be slaughtered...AMALEK...got to go back to my books...and then check all other 'alternative' translations of bible, and other versions, hebrew etc of those stories...jews claim 'historical' so cannot complain if I make a film of their history...and if Schindler's list etc NOT intended as vilification / demonisation / incitement then my film, using all the same logic and 'fictional representation of truth to present the higher / deeper truth transcending the facts/details', cannot be either...at very least would provoke worldwide discussion of the 'history' and the fictions the jews have spun from propaganda versions of german history ... film would require tens of millions to make properly...or could write in such a way that covers all the significant facts...can use dream sequences etc...back stories...focus on a few characters, the pregnant woman to be 'ripped up', the family of girls to be enslaved as sex toys, the cities to be destroyed utterly...can have messengers arrive telling tales which no-one will believe about the hebrews destroying a city etc...find way to make it possible with small budget to tell the story...also for proper budget...get Muslim world to finance...Saudi's? Pakistan? malasia? Indonesia? get all their film corporations...would anyone make it? write as book, so can get something out...then make audio book with actors...then maybe anime version...like 'hitch-hiker's guide' evolved...maybe audio version radio play? ... Movie idea set about 3000 years ago...a boy is ex-communicated by the Cult of Judah, as he is like Jesus etc...barely escapes being stoned to death...wanders in the wasteland, falls to ground unconscious, ... found, almost dead, by a family of nomads, from a 'nation' outside the cult...they adopt him...ends up falling in love with their daughter, beautiful romantic...becomes a sort of prophet, trying to 'free' the 'captive' cult members...ends in tragedy, but very jesus like message of universal justice, peace, fellowship etc...i.e 'Cult' 'wins', but we see our hero has affected many members...and at end these members leave in the night, abandoning the Cult, to the anger of the Cult priests, who curse them, etc...but we see some hints of doubt among their 'cult community'...but they are not brave enough as those who left, so they return to their homes, cowered, under the stern wrathful gaze of their Priests...etc... basically a 'true' story though can't claim factual i.e represents higher truth about the Cult of Judah, the Jew World Order...offers hope...but limited like 'those who walk away from omelas' etc... and the members who have left are embraced, finally, in the end sequences, by the small tribe of nomads who have just lost their adopted son, and maybe their
daughter too? showing the higher truth of forgiveness...of acceptance...of universal values of humanity...humanism...so actually happy end, at sad cost...and maybe very finally, we see a young man and woman take up the baton the original 'prophet' had passed onto them, and we see them teaching young children what this prophet had taught them...a sort of proto-Jesus....these nomads might be other 'Hebrews', one of the 10 tribes of 'israel' i.e which had rejected Judah...or just unspecified nomads who were aware of the cult, but rejected it, and all it stood for...if 'Israel' i.e northern tribes, can work as beacon to all 'jews' to reject the jew' world order, zionism, and the cult of judah etc...

Or a young girl's father is slain...and she swear revenge...to kill the killer...so finds way to get close to him...seduce him, so she can kill him when he is vulnerable / not vigilant. but she falls in love with him...so quandary...then learns the truth...his killing of her father/brother was not as it had been described to her, by her lying relatives / priests etc of her Cult...they had deceived her and used her...she must accept that her brother/father died doing the dirty deeds of the Cult masters...they didn't know better...gullible pawns...she then joins with her new husband to get revenge on the true culprits, the priests etc of her Cult...story has everything, sex, violence, romance, moral dilemma, twists of fortune, and can use as vehicle to unmask Cult machinations i.e as analogy to today's situation and original cult situation etc...

agency infiltrates organised crime ring (agent later realises it is top corporations/banks/own govt officials at source, or are they just golems?) by becoming sex slaves...so follow sex slave market...agent ends up slave to some crime 'bosses'...more like a high class consort / courtesan, and men fall in love with her...etc...

Or agency uses girls that operate on dark web, selling sex, to get 'leverage' on people e.g anyone who can't be directly bought / won't directly sell out / play ball / 'pay for play' / lobbyists...so start movie from perspective of young beautiful girls selling self on special site...like in Russia...they get to 'view' client first, at agreed time / location, and decide if will take 'gig' or not...but one of the girls has a back story...she is out for revenge for something...this is her way to get 'in' with the people she hates...develop back-story from there...

So have sex, violence, etc...and intrigue...plot...etc...
couple always play tricks on each other...sexual fantasies and just jokes...pretend to be other people, call on phone and adopt strangers voices etc...then one day man sets up an account with a dating site / sex site etc...adopts a persona, and 'likes' his gf, then they chat, and he talks dirty etc i.e typing... she gets into it...then at some point he wonders 'shit, does she realise it is me, or does she really respond to strange men's dirty chats? ... starts worrying...she is really filthy, getting off...and as far as he knows, she might really beleive it is some stranger... and this starts irritating him, as the chats continue, night after night...and he comes home, and she isn't interested in sex with him ... too tired...worn out etc excuses, but online she is masturbating, even shows him her pussy as she cums... and he still can't be sure she is playing along with his 'play acting'...but seems more and more unlikely...more likely she is doesn't know it is him...so he pushes her to show more of her body, ... and even mouth etc... then gets really uptight / jealous...plans to arrange a 'date', to see if she would actually turn up, cheat on him with this 'other man'...can develop different ways...maybe he gets his friends to 'chat her up online' also... maybe ultimately he arranges a 'date' i.e meeting in real life...can follow hte tension build up as he prepares for this...what he will say...getting really angry...role playing what he is going to say...to her... but can end unexpectedly with car crash, and him in hospital, she comes in, he realises he now needs her, more than ever...so keeps quiet...but always in back of mind as she helps him at homme, rehabilitation excercises etc...till one day he lets it slip out / or loses self control discipline...or doesn't? and we just leave it at that, unresolved, as they continue their relationship...he figures it is not worth confronting here...losing her...even if she was going to cheat on him...maybe does cheat on him...he lets it slide....etc :D

chord vi5+v7+iv0+iii6+ii0 then move up to nut 2 frets, then down to bridge 2 frets then back to start...start at vi3, to vi1, to vi5 to vi3 ... down, down up, down up down then end with vi3 then changing vi3 chord vi note to vi2, then vi not to vi0...

i.w vi3+ to vi2+ to vi0+ playing like rock chords, leaving out i string...

from movie play at 3rd then 10th then 8th...

Fuzzy Bunny Cuddles and Hugs cult of destruction

fuzzy bunny cuddles and rainbows cult...set up a 'series of 70 lectures'...very Sasha Baron Cohen...have silly dances and rituals...make up a wall hanging with a fuzzy bunny, rainbow, some 'occult symbols' that are funny e.g an 'ass'...something like the freemasons tools but funny, maybe cooking implements?...an all seeing eye? but funny...work out a whole new religion, based on the real religions of the world...starting with this Rabbi...as most pressing threat is the jew world order...have ceremonies...have books with pictures...our holy books for fuzbuns...work on concept...then film as if serious presentation of religious 'arguments'...fuzbuns very old...like judaism...make up mock-serious stories...then have 'priest' seriously defend them, but openly, brazenly, like this insane deluded Rabbi...who may or may not represent the majority of judaism at least consciously, but does inform it unconsciously, at some level...and if it is the elites who think this way, then that is dangerous enough...the rest just pawns... Roy and HG are the two sports comedians, and I
think sometimes 'a current affair' had two other guys, or one guy interviewing himself, with himself as some famous person saying absurd things...

Meant as a sketch / situation comedy sketch...ironic...satirical...over the top...simply repeat the cult beliefs and justification and thinking of that Rabbi in that video...possibly representative of current judaism, definitely representative of old testament judaism...have two people discussing...with a wall hanging of our cult, and some special clothing...and lots of books they can pick up and refer to 'BOOKS'..."WRITTEN IN BOOKS" 'BOOKS WE WROTE' as if THAT is an argument...but they are totally serious, like that cult Rabbi...totally insane and deluded...feeling that their arguments make sense...and are compelling...saying the most insane things...the most circular arguments...the most hypocritical statements...something like this...get actors / comedians like Sasha Baron Cohen...and like the two Australian comedians from around the time of the Australian Olympics...what's their name? usually did political satire i.e pretending to be politicians etc, doing this sort of thing i.e saying really insane stupid things as if logical...very funny...total non sequiturs...we are a cult of peace and goodwill...and we are going to kill every man woman and child and their animals, of anyone who does not agree, and won't serve us, and help gain total domination of every single thing and person on this planet...just watch the actual video...very easy to highlight the insanity...it is like a 'straw man' but the person appears to be genuinely insane...as if a deliberate comic strip character put there to provoke us...as part of some cunning multilevel, sophisticated plan, but if you've read the torah, talmud etc, and know world history, you'll see this IS exactly how the biblical genocides were justified...and if people can accept what they claim is their history of genocide, without batting an eyelid, then what does it say about what they are capable of when they have the power...which by the way they DO have RIGHT NOW...imagine just replacing the word 'amalek' with 'jew', and how fast the speaker would be in jail...but 20,000 hits on one channel alone...I got terminated with under a hundred views...so it is very easy for anyone brave enough to make this absurdly ludicrous...remember in 'Humans' the t.v series when the 'synth' jokes, in response to the humans question 'why do they fear you so much?' and she jokes 'probably because we are planning to take over the world and enslave all of humanity'...I started laughing, it was very funny, but then realised, this is EXACTLY the question 'Jews' always ask, and the exact HONEST answer...I tried to 'record' that part of the episode but all I got was audio...it was the second last in series one of 'Humans'...and 'Jews' 'argue' exactly like robots programmed badly...circular loops of assumption and conclusion based on assumption, supposedly proving the assumption and conclusion...mad robotic, cult trance, indoctrinated, brainwashed behavior...this 'comedy' approach is only way to remain sane and offer the actual material / point to the
audience...hopefully bypassing censors...never using word 'jew' ...and bypassing people's conditioned reflex responses ... conscious filters / resistance / rejection etc...to wake them from their trance, their 'dogmatic slumber'...maybe...and the only way to present the FACTS without sounding nasty, and having people 'switch off' i.e sounding like irrational hatred, ridicule, abuse...it is of course satire...which is a form of ridicule...but culturally accepted at least for now...if jews can 'joke' about murdering jesus again, then ... in any case, fact that the original video NOT taken down proves our case...and our 'satire' is intended to get people reflecting on the insanity of 'religion' per se, and judaism in particular...the basis of most of our religions today...in the most powerful nations e.g U.S.A, europe...jews keep insisting, even this psychotic example...so 'typical' you'd think he wasa 'straw man' made up by the nazi's , that judaism is about peace and love and compassion...just like the compassion they showed in the Old Testament to the Canaanites etc...911, U.S.S liberty, Palestinians, Germans at Versailles, and during and after WWII, etc etc

I will repost the video, my notes (hopefully edited and improved and more professional), and these notes, and the actual presentation, if I manage to do it, or get someone to do it, at the start of mmy bitchute and dtube.videos, and keep a youtube version on someone's account, as the 'entry point' to all the others, which will 'flesh out' the 'arguments' and 'threats' etc...so people can make up their own minds...if they are just sheeple / cattle, I can't save them...and if they are lazy, gutless, I can't save them, they are born to be slaves...if evolution has this direction, then I can't save anyone...I can only offer the information...and by using comedy, keep myself sane, and stop getting too angry...as anger will only be used against us...no matter how righteous...until we have the numbers and power to defend our position...legally, and if necessary, militarily...they have the nukes..their own, and nato's, and france's, and Britains, and America's...?? so...I guess they will inherit this earth, the jews... and I can only hope I've raised my resonant frequency / ethical tone level etc and never return to this dimension / plane / existence ... I would not chose ot be a jew / effendi... I reject slavery, as slave, or master...anyway, go vegan, and happy next lives :D

markus rehbach AT yahoo. com ... if you want to work with me on this or any other project...TROONATNOOR patreon for 'free' downloads of all my books ...TROONATNOOR Bitchute TROONATNOOR Dtube.video...etc...wordpress, pew.tube that new one...etc...

Hello, fellow fuzzybuns...
And for those out there who are new to this whole thing... or

Let me just show how irrational our 'enemies' are... loony... just beyond reason... we are the fuzzy bunny cuddles and rainbows cut... a people of peace and justice... as anyone can tell... we are going to kill every man woman child and animal of anyone who does anything to prevent us taking control of the world, just as our god, fuzbun, commanded... we are a people of justice and peace... it is just that we rule the world... there will be peace when we have total control of everything and everyone... how clearer do we have to be... peace and justice... that is what defines our cult... the hatred out there for our cult would be inexplicable, if fuzbun hadn't warned us about this in the beginning... that there would be people who irrationally hated us because they thought we shouldn't rule the world, and have total control of everyone and everything, and kill anyone who opposed us in any way in achieving our god given destiny... lucky fuzbun explained that, or we'd still be scratching our heads wondering at 'why all this irrational hatred for fuzbun cult?'... but we know... they are just incapable of logic and reason, and they envy our great compassion, and love of freedom, justice, and peace... they just cannot get their little 'animal' brains around simple logic and reason... there is no point arguing with them... they are just going to deny the perfect sense and logic it makes that we should kill any of them who in any way oppose our destiny to rule the world, with total control of everyone and everything... they just WONT get it... recalcitrant they are... incapable of seeing the obvious... so why bother... just ignore them... wait until we have the power, then kill every man woman child and animal of them, as fuzbun commanded... I mean he is god... it says so in the books we wrote earlier, and read now... I mean it is WRITTEN... IN A BOOK WE WROTE... IN A BOOK... just what DON'T they understand about THAT... A BOOK... we even show them the BOOK... but it just doesn't sink it... they are incapable of REASON, of LOGIC... they are just full of an irrational desire to stop us taking total control of everyone and everything... and killing anyone who doesn't help us take total control... lucky god fuzbun warned us, or we'd really be left wondering 'WHY DON'T THEY GET IT?' we are a cult of peace and freedom and justice, intent on taking over the entire planet, and forcing everyone else to do what WE want... and killing anyone who will NOT do what we want, but they are intent on just hating us...

the proof that they are irrational and incapable of logic or reason, as we showed in the last 70 lectures, explaining... is that ever AFTER we EXPLAINED to them that god had given US the right to rule over them all, and to have them serve us, the STILL did not get it... what more proof do you need that their hatred
is totally irrational than THAT?? it beggars belief...I mean we TOLD THEM that god had chosen us, to rule over THEM...how clearer could we be...and yet they just do NOT get it? there is NO reasoning with them...they are incapable of reason...I mean WE TOLD them, and we even SHOWED them where we had written it in our BOOKS ... I mean, we WROTE it for them to READ with their own eyes and yet they STILL don't get it...

and we explained previously how WE wrote OUR books first and thus we have 'dibs' on everything...WE were the first to write that WE were the chosen people so WE'VE got 'dibs' on that... I mean, come on, how clear do we have to be...WE WROTE IT FIRST SO WE HAVE DIBS ON BEING GODS CHOSEN PEOPLE...I mean, someone can't just come along, I mean AFTER we've gone and written this down on paper, in a book...in A BOOK....!!! and say THEY are the chosen people ... what sort of world would this be if just ANYONE could write stuff in a book and justify THEIR genocides by it...no way...there's such a thing as precedent and patents and copyrights...if not, then NOTHING makes any sense...There HAS to be ORDER...they HAS to be RULES...or there'd be utter chaos...UTTER CHAOS...

I mean what more proof do you need that it's a waste of time to try to reason or use logic with them...I mean, you explain to them that we are a race...and yes, sometimes entire nations who speak totally different languages and look very different and lived on the other side of the world 'convert' BACK to our faith, and we know that this PROVES that they MUST have our blood in their blood, that we share the same blood lines...I mean, how obvious does it have to be...if they did NOT, then why would they want to convert? What's wrong with these 'people'...I mean, it's lucky fuzbun warned us, or we'd be in a real bother trying to make out what's wrong with these 'people'...it's so confusing cos fuzbun made them look like us, so they could be of more use to us...but they are NOT us...they are 'other'...so they will NEVER get it...

Another example, our homeland 'ourland'...its clearly ours...a few thousand years ago we went there, killed ever man, woman, child and animal, in most of the area, and in some we just killed all the men, children, and women over 12 years old, and kept the girls under 12, the virgins as our sex slaves...so its OUR LAND...we got it by genocide...we stole it from the people who were there, then killed them all, and so CLEARLY and LEGALLY and MORALLY it is OUR LAND...O.K, then we left it for about 2000 years, but that does NOT make it any
Less our land...does it...I mean, look, there's some ruins that maybe were where we had built our temple...so...but there's no reasoning with these 'people' is there...and lucky we realise that, so we don't waste our time...but we just like to make these informational videos now and then to remind the rest of our cult members who are straying from the clear path fuzbun has for them, from fuzbuns' plan...

And what about 'The fuzzykill'...I mean, how can they even bother 'denying' it...I mean, how many times do we have to make up really incredible stories, and make films with really evil characters doing things that maybe happened, who can say, before they will GET it...how many fuzbuns have to say 'my family all were gassed and put in the fire'? before they will 'accept' our story? Of course they never SAW it with their OWN EYES, EVER, but they KNEW, didn't they, because WE told them long beforehand what was going to happen, so they KNEW way ahead of time, didn't they. They didn't have to SEE it happening to KNOW it happened. And OF COURSE there is no zylon C residue in the gas chambers, I mean, such MIRACLES are PROOF it must have happened, and fuzbun removed the residue as a TEST OF FAITH, yes, the non-fuzbuns have to prove themselves worthy of us letting them live by having FAITH in OUR WORD...jeez, if they can't trust us, how are we going to be able to let them live? how could WE trust slaves that didn't BELIEVE everything we told them?

Sure, millions of families were separated, our leaders took some to Rusland and Some to Westland, even to Emrik land...and so each assumed the other had died in the Fuzzkill...because we TOLD them...so why can't the 'others' SEE the clear EVIDENCE...we TOLD THEM IT HAPPENED...we made FILMS...and wrote BOOKS...BOOKS...BOOKS in which we SAID it happened...what more do they need? Why do they always need to be so pigheaded and untrusting and deliberately refuse to accept what we WROTE...jeez, we even got laws passed...LAWS...what more PROOF do they need...BOOKS AND LAWS WE WROTE...how easy could you make it...but no, just more proof...they just don't WANT to accept it...as if 'peer review research' or 'independent research' or 'chemical analyses' could POSSIBLY have more value than OUR WORDS...WRITTEN EVEN...WRITTEN...IN BOOKS !!
camp, escaped, were given passes to move to other death camps, all over the place, aver and over...so many death camps...and people STILL insist they were LABOR camps...I mean...she survived SO many death camps...and yet they STILL won't believe her...

And to think, the irrational hatred, of the most irrational nation on earth, known all around the world for their irrationality, these people...like it's their signature thing...not being rational...these Dermans...a race of irrationality...what can you expect but irrational this and irrational that, so of course THEY would hate us with NO reason...

hate us because we'd declared war on them, and an international boycott on all their exports, and were making films demonising them in Gollyweed ... hating us because we planned to take over their nation, and kill every man woman child and animal of anyone, including them, who did anything to prevent us taking total control of everyone and everything, and ruling the world, and killing anyone who didn't want to serve us, and do our will...IRRATIONAL, there's no other way to describe it...

And of course after We've already written the book, THEY think they can just come along and 'Oh, We'll write a book TOO'...as if anyone can just come along and write ANOTHER book after WE;ve already written it...WE wrote it FIRST...how do you deal with such irrational, illogical, unreasoning 'people'...??

As if you can just go and write your OWN book and say , Oh no, god changed his mind now, and there's this NEW religion and the OLD one is just no good anymore...AS IF ... it beggars belief...anyone can just write a book saying THEY are right, and THEIR god is the only god, when WE'VE ALREADY WRITTEN THE BOOK'...WE DID IT FIRST...we got 'dibs' ... as if ANYONE can just rwrite a book and say THEY are right after WE ALREADY WROTE A BOOK...what is there to say? just shows how irrational, unreasonbale they are, impossible to try to use logic with...dangerous ... best just to stay away, NEVER engage in a debate with them...I mean...WHAT'S THE POINT...they think they can just write books...AFTER WE:VE ALREADY WRITTEN BOOKS...

You can't just say' We DISAGREE'....you can't just DISAGREE...what if anyone could just DISAGREE...with what's WRITTEN IN A BOOK...WRITTEN...A REALLY OLD BOOK....OUR ANCESTORS WROTE IT...NOT THEIRS...OURS...WE SAID IT FIRST...why is it so impossible to get that into
their thick skulls? no, lucky fuzbun warned us...they are not 'human' like us...they don't have any 'compassion' or 'reason' or 'logic'...they don't have REAL souls like us...they just LOOK a bit like us...and try to act like us...but they can't fool us...I mean, every time they give us that empty, vacant, incredulous look, when we explain to them, calmly, even showing them the books we wrote, where it is WRITTEN, that god chose us to rule the world, and to rule over them, and they are to serve us, and any who won't are to be killed, man, woman, and child, and animal. How we have to kill their babies and 'rip apart their pregnant women' because the fetus and suckling babe are going to grow up to kill us...

the just WON'T understand...they say 'hey, we have had the power to kill all of you if we'd wanted to for thousands of years, and we didn't'...as if THAT proves they haven't been planning all along, just waiting...OF COURSE THEY HAVEN'T KILLED US, BECAUSE GOD FUZBUN PROTECTS US...but fuzbun told us they WILL, one day, if we don't kill THEM first...and so the moment we have the power to, we WILL destroy them, unless they chose reason, logic, and the way of peace and justice and freedom and DECIDE to serve us...AGAIN< there is just NO reasoning with them...they just will NOT accept the facts...God chose US, not them. God chose US to rule THEM. And to kill them if they won't. Or if they dare get in our way. If they dare do anything, say anything, write anything, or do anything, that inhibits us in the attainment of our god-given right to rule THEM as their rightful, ETERNAL, masters...

Our fellow fuzbuns KNEW for a FACT so well that they were going to be gassed that they were shocked when warm soapy water fell from the shower heads in the gas chambers, instead of Silycon C gas...THAT's how REAL 'the Fuzzkill' is...so real that they were SHOCKED...totally AMAZED when warm soapy fall fell from the shower heads in the gas chambers made up to look like showers...and so REAL that even after their loved ones called them from American or Russia to say 'I'm alive, they STILL are CERTAIN of the Fuzzkill...and even tho there is not one single written ORDER for the fuzzkill, they are STILL so sure...THEY BELIEVE...and yet the 'others' simply REFUSE to BELIEVE...what is WRONG with them...well, fuzbun told us...they are irrational...they simply WONT believe, no matter how many times we tell them...so what if we have NO independent corroboration, and that ALL the evidence points AGAINST what we say...can't they listen? have they no reason? WE TOLD THEM IT HAPPENED and still they simply, stubbornly, refuse to believe us...even after we WROTE it, made films about it...and had their governments write LAWS saying it WAS TRUE...what sort of believe put their belief and faith in chemical analyses and objective concrete evidence, and totally
IGNORE what WE say and what their own GOVERNMENTS tell them? what sort of 'people' don't believe what THEIR OWN GOVERNMENT TELLS THEM... why would their own government LIE about 911? or the U.S.S Liberty? or ...

They're just so thick, the 'others', how obvious do we need to be? We murder 3000 people in the middle of the day in New York City, and still they deliberately and stubbornly refuse to see that our cult is a cult of peace, justice, and freedom. We love peace, justice, and freedom so MUCH that we are willing to murder 3000 people by blowing up the buildings they are working in. Then we love peace and justice and freedom so much we have 'patriot act's in the U.S and Martial Law in France, introduced, that take away all their rights, and then send U.S soldiers across the world to murder millions of Arabs, THAT's how much we love peace, justice, and freedom. THAT proves that we are teh superior 'race'. What OTHER race have so much compassion and good in their souls? But no matter how many lies we are prepared to tell, and how many millions of people we are prepared to murder, in the name of peace, justice, compassion, and freedom, THEY Stubbornly refuse to see that we are their superior, with the right to rule over them, and kill any of them that won't serve us, in our quest for justice, peace, freedom, and compassion. But our Fuzbun warned us. Irrational. Incapable of reason and logic. Lacking in the compassion we cult members share. THAT defines the 'malekens' ... and we just have to accept that. We are superior. Only we have compassion, reason, and logic enough to be chosen by Fuzbun, the one god. And THEY will NEVER 'get' it. So we HAVE to kill them all, man, woman, child, and animal. Otherwise THEY will, in their selfish, egotistical, deluded, ignorant, inferior, recalcitrant, denial of our god-given right to rule them, and control everyone and everything on this planet, stop us from achieving hte ission Fuzbun, the one god, gave us.

And it's not like we don't try to help them UNDERSTAND...I mean, look at that historian we beat up, several times, to remind him that WE don't NEED written orders, not a single written indication of a 'fuzzkill' plan...we KNOW...we just KNOW...why won't they understand? why do they stubbornly act like it is not OBVIOUS...if WE know, then it is a FACT...what more needs to be said? WE KNOW... But it's like they don't hear us...when we tell them what we know...now how on earth are you to deal with people who just won't listen?

And chemical analysis? What could THAT tell anyone? It's like trying to reason with an idiot, that keeps on going on about 'no trace of Sillycon C'? What is
THAT? some chemical? When WE are right here TELLING HIM, 'that's a gas chamber'... What on earth could CHEMICAL ANALYSIS have to add when we are right here, TELLING HIM... we are even willing to BEAT The living crap out of him just to 'get his attention'... THAT is how far we are willing to go...THAT is how much compassion we have...BUt how do you explain THAT level of compassion to 'THEM'...they are simply lacking in reason, logic, and compassion...

THAT is why we have to make sure our cult members keep separate from them...don't let them get tricked into questioning themselves, their beliefs, what we TELL them to believe...into DOUBTING what we have told them...how OBVIOUS does it have to be...surely YOU can see THAT...if we don't keep them separate, socialising and marrying only among the cult membership, can you just IMAGINE what might happen? They might start talking about irrational things like 'proof' and 'chemical analysis', and 'documents', and FACTS...FACTS? what on earth do FACTS have to do with anything? They are the tools of SATAN. SATAN is the adversary of our plans to rule the entire planet. Anyone and anything that stands in our way to total hegemony, to control of everything and everyone, is Satan.

Why do we need to control everyone and everything? BEcause they do NOT understand. They don't UNDERSTAND. It is OUR right to rule this planet. We wrote it in a book a long time ago. We DID. A BOOK. A BOOK!!!!! But there is no point, I guess, trying to explain things to people who just do not have the capacity to comprehend. If we don't control everything, THEY might resist. THEY might try to stop us. THEY might prevent us in our mission, to rule the world. To enslave them. To kill those who will not serve. THAT would be WRONG. For EVIL is defined as anything that stands in our way of total domination. Good is anything that helps us take control of everyone and everything. But you see, most of THEM are EVIL. BOrn evil. They just wont accept our god given right to rule them. Irrational, they are. Unreasonable.

Look, pure logic. We wrote a book that says so. That says that god chose us to rule the world. So it is logical that we do this. And trying to stop us is irrational. Illogical. Clearly. Ipso Facto. but why try to talk reason with an ass. With a beast. With cattle. THAT would be irrational. So we don't EVER argue with THEM. We NEVER allow ourselves to be drawn into a debate. What would be the point? The simple fact that they DENY our right ot rule THEM, is all the
proof we need that they are incapable, INCAPABLE of reasoned argument, reasoned thought. So it would be irrational, unreasonnable, silly, for use ot even ATTEMPT to reason with them, to debate the issues.

But still we try. We fill their mass media with illusions, myths, lies, deceptions. We avoid letting them know what is really going on, cos they would only try to STOP us. To stop US, they are irrational. So we feed them fake new. Propaganda. Continually. From birth to death. We will their school textbooks with lies. BEcause they simpley cannot HANDLE the truth. THat we wrote in our books a long time ago that god chose us to rule them, and commanded us to slaughter all of them, any time they stopped us doing what we wrote in our books was 'gods' will. You see don't you? If you don't, then CLEARLY you are INCAPABLE of reason, so why would we EVER bother being direct and honest with you? Telling you the Facts. What we plan to do. What we are doing? Cos you would stubbornly resist, and refuse to go along. YOu'd try to stop us.

It is obvious that THEY should fight wars for US. But if we told them this, they'd just stubbornly deny that it was obviously the right thing to do. So we carry out false flags, and corrupt their politicians...we tells some the wars are about oil, or fighting 'terrorism', but mostt are happy to just 'sell out' and do whatever we say, just as long as we reward them. So we co-opt THEIR military, THEIR industry, to our ends. I mean, imagine what would happen if we TOLD them what we were doing? They just wouldn't be capable of UNdERSTANDING... so we have to play around their lack of reason, their inferior intellects, their lack of COMPASSION...if they had ANY compassion they would understand OUR position...and fight for us, to put us in power of the entire planet...they would have empathy for US, and WANT to serve us, so that we could complete the mission we wrote about in our books, when we wrote that God had chosen us to rule the world. If they had ANY compassion they would kill their own children, in case those children might grow up to resist OUR plans. They would kill their partners, just in case they might resist our jew world order. They would kill THEMSELVES, if they had any doubts aabout their OWN willingness to 'serve the fuzbun cult'. BUt clearly they can NOT be trusted to have such insights, such compassion, such reason, such logic. So we must TRICK them to do the RIGHT and GOOD thing. They are inherently evil, most of them. Some will serve us. So soon we will have to kill most of them. And allow only the ones that have proven their compassion, reason, logic, and superiority to their peers, by willingly, and actively, serving us.
Can do a mock interview in the 'holy land' or some museum...talking about the Canaanite genocide the 'Jews' committed after invading Canaan 'the promised land'.... 'So originally you killed every man, woman, child, infant, ripped up pregnant women, then killed all their animals...but, I mean, things have changed, right? I mean, you don't support / promote / teach that sort of thing these days, right? I mean, you've evolved with the times...that stuff was all just ancient times stuff right? ... Gives guy a look as if suggesting he say 'yes, of course' or it will look bad...and our cult leader goes 'Yes, Yes, Of course, I mean the animal liberationists would NEVER let us get away with that last one, you know... (leaving it unsaid that ONLY the last one is now out of bounds) something along these lines i.e the 'joke' being that the animals have more rights than the people, and couldn't upset public opinion by murdering animals, these days, what with PETA and all that :D

have interview where cult claims found really old clay tablets with their 'origin' story...their leader flew from middle east to finland on a terrodactyl...with his family, to escape the flood...then they intermarried, incest...etc...interviewer / other person ... I find that hard to believe, I mean, I couldn't imagine ...how could that work....'well, looks at him as if a virgin etc, you see the boy puts his penis in his sisters vagina, they do like this, a bit, then he goes 'ahh, and she goes"'Ohhh and he cums his load inside her and.... and he's like, shocked 'no, no, I don't mean that, ofcourse I know about sex, babies... I meant, his SISTER...guy looks apologetic /sorry for him...oh, I see, I'm so sorry, your sister is very fugly yes?...not possible for you to get boner and slip it into her, Oh, so sorry, I see....guy looks exasperated at him, no, no, she's very attractive, I definitely could, no, I mean....that's INCEST...?

also have on mock t.v interview AFTER some conference / interview, where cult leader in character, talking about 'anti-fuzbun' in general...how so many nations have kicked them out...and why? etc... mimicking whole absurd anti-semitism rubbish i.e 'irrational'...etc...

So when you left Endyp, you took all the gold and treasure etc you could carry? after killing their children? ... yes of course...etc...

MHR notes on Tolle etc
Tolle is, when you get down to it, simply about stopping yourself from investing emotions in facts...which is why I tend to feel it to be a 'zombification' and don't go for it myself...though I get the point about moderating your emotions, like a 'manly' Stoicist i.e to be more stoic, like Marcus Aurelius...without becoming a zombie with idiot grin ... the fact is that anger, fear, resentment, envy, bitterness, frustration, irritation etc should be recognised for what they are, and then prevented from adding more than necessary to your problems i.e sure anger is great when faced with a threat requiring immediate, violent response...but chronic anger just eats you up...envy tells you 'I want that', and can motivate you to invest effort / sacrifice / risk in getting it...fear tells you 'get the fuck out of here' and 'pay attention' in the short term, but in the long term chronic fear destroys you...resentment should lead you to express yourself, and if you don't like the response, find another place to live / act etc...i.e Tolle and many others like him represent a real threat i.e 'be good, calm, passive, enduring slaves' i.e zombies...the real message we should learn is not to let our emotional responses (emotions are the only thing that is real after all i.e pleasure and pain derivatives) make our problems even HARDER to bear...i.e adding more suffering...being a zombie and 'noting' that someone just murdered your daughter, without letting yourself get emotional, is NOT the ideal...the ideal is to not let the emotions make it even worse for you...and accepting what you cannot change AFTER you have tried to change it...TOO MUCH emotion, like becoming 'hysterical' rarely helps...but being 'numb' and living in 'denial' do at least as much damage, and are at least as unproductive as responses...ask yourself, is being pissed off helping me achieve my aims? or just eating me up? then chose to stop being pissed off, focus on positive actions you can do to make yourself happier right now and in the future, and 'let it go'...sure, 'turn the other cheek' if you are in a position where response will work against you, but don't adopt a slave, submissive mentality...i.e pacifism is for times when a violent response is doomed...wait your time... like Don Juan Matthias...pick your battles...don't stew in rage...calmly wait with the sure knowledge that your time will come for 'pay back', and let the 'masters' think they are in control...that you have accepted your slavery...until you find a chance/make a chance to escape, and gain justice...

MHR remember as kid realising that 'professional wrestling' was fake, and trying to convince my friends at school of this fact...none would believe me !! little has changed...today it is politics, of every nation, that are the new professional

Actual Israeli Jews control key government positions in Georgia ... same people who created Jew.S.S.R ... (billionaire) Mayor of Moscow and Russian Prime Minister and Putin all Jews... Jewish ARchives prove this ... all have right to Israeli citizenship... Crypto Jews pretend to be Christians e.g Kerry is Kahn ... Alibright Jew...General Wesley Clark Jewish ... Sarkozy Jewish ... Stalin's wife was Jewish, as he was 'son of Jew' himself (Ossetian translation of his real family name 'Djugashvilli' alias 'Stalin'...

Russians aware of Jewish control, but love playing 'victim' i.e their religion conditions them for this !!!

Putin crypto-Jew...mother Jewish...he converted to Orthodox Christianity in 60s ... FACTS ... pretending like previous Russian 'Jews' to be our savior ...

Stefan Molyneux's mother Jewish...Which makes him Jewish...Which he fails to mention in his more recent vlogs...you have to go way back in time to get him on camera revealing this little secret....he simply 'dismisses', 'laughingly' all the silly goys who claim Jews run the Fed, Hollywood, Mass media etc...He admits there are a lot of them there, but he claims this is because Jews have highest IQ's in world, when in fact Israel as a nation has same IQ as Germany, ranked 33rd...So in fact would be Asians in those jobs, as they have much higher, as a 'group' IQ's...though true Jews do send own to ivy league schools massively more than 'Europeans'...

Rape of Nanking...alleged massacre...propaganda against Japan...never happened... Pearl Harbor speech had been carefully written before attack...had invaded Korea and Manchuria...n.b Japanese textbooks accurate...like Holocaust hoax ... Japanese probably as big a victim of 'Jewish' propaganda as Germany...

BRITISH HISTORIAN DAVID IRVING was ambushed by eight Austrian Staatspolizei (Stapo) officers at gunpoint on November 11, 2005 when visiting Vienna to speak to university students on Adolf Eichmann, Joel Brand, and British code-breaking revelations.

The arrest warrant had been issued 16 years earlier, November 8, 1989, at the written demand (Anzeige) of a Communist-front body, the Dokumentations-Archiv des Österreichischen Widerstands (Document Center of the Austrian Resistance), issued the day before, as court records revealed. Mr. Irving was charged under Austria’s 1945 "Verbotsgesetz" (Banning Law) with having uttered illegal opinions on history at a 1989 talk. On February 20, 2006 at a show trial staged in Austria's largest criminal courtroom with 200 spectators, he was sentenced to three years in jail. His lawyers triumphed in the Court of Appeal and he was released on Dec 21, 2006 after 400 days in solitary confinement in Austria's oldest jailhouse.

N.B Israel wants its arab neighbours to believe it has 300 nukes...maybe persecution of 'whistle-blowers' fake or used as propaganda...if Israel does not have nukes, and if no-one else has, then the 'nuclear deterrent' would evaporate...for better or worse, nations would then determine their defensive and offensive capabilities in conventional terms...note that Germany is about the only advanced industrial nation with no nukes...never claimed to have developed them...doesn't have them...but how many germans accept U.S presence due to a supposed 'threat' from Russian nukes?

Note that Zionist anti-German propaganda began long before the Holocaust propaganda, and can be traced back to at least as early as WWI, when Zionist movies in U.S cinemas portrayed the Germans as monsters raping women, throwing babies out of highrise building windows, and so on, at a time when the U.S population was 95% against involvement in the European war, and had just elected a President, Woodrow Wilson, who had promised that he would never allow the U.S to enter WWI...in keeping with the U.S constitution which never allowed for U.S involvement in 'foreign' wars...one of the first steps taken by the Zionists was to have the 'department of war' renamed 'the department of defence'
D.O.D, to begin the 'spin' and full spectrum mass manipulation that would lead to the U.S becoming the most aggressive nation in history, and having around 240 military bases around the world, although its founding fathers and constitutions literally, verbatim, forbid it.

683 of Auschwitz workers tried in Polish courts...Since end of WWII official IRC International Red Cross and East German govt figure indicates total deaths at all camps at 272,000 (IRC) and 282,000 (East German govt) respectively...including all prisoners of Nazis incl. homosexuals etc...

in 2007 IRC noted that suffering took place under German occupation...but no comment at all about 6 million Jews...though Miles Lerman, Chairman of hte Holocaust Memorial Council (1997) claims that 'Red cross workers are the most credible witnesses to these crimes'...

2,281 Jews a minute would have to have been murdered during WWII...one jew every 30 seconds... mid 1943 first gas chamber said to have been built in Auschwitz...Jews own almanac shows an INCREASE in jews worldwide over course of world...Around One million Jews claiming benefits...i.e survivors of holocaust...which would mean that if one million alive in 2000, in 1945 3.75 million survivors in 1945...in 2004 Israel claims 1,092,000 meaning 5118000 survivors in 1945...by 1956 400,000 claims settled, by 1965 3,375,000 'survivors' claiming benefits...35 Billions in reparations paid out after WWII by West Germany alone...if 6 million died, and over 3 million survived, then were over 9 million Jews in occupied Europe?...Huge con job netting zionists and Israel over 35 Billion on and on...
The president of Iran in 2009 noted how this is the only story in history that the 'victims' will not allow any investigation / challenge to their story...

1.2 million gassed and burned in Auschwitz...only 'evidence' is testimony of 'survivors' i.e supposed victim as only evidence of crime? ...Auschwitz gas chamber that stands today 7m by 30m... 2 or 3 SS got 2000 jews into gas chamber in one go, lined up like sardines in a can...flimsy wooden doors...then elevators with maximum capacity of 300kg...would take 280 trips of 7 bodies, which means no way Auschwitz could have 'processed' 1.2 m...Russians stated 4 million figure at end WWII...HOettl said 2.5 million died in Auschwitz...later said this figure too high...later even Jewish historians revised downward to 1 million... No official number of jews killed anywhere...just claims...

15 crematoria found in Auschwitz...takes about an hour per body today...would have taken one week to dispose of 2000 bodies...we are told 2000 killed and cremated at a time...6 days later still have bodies to burn...cremation would hold up gassing by a week... Dario Gabbai says it took 20 to 30 minutes to cremate 3 to 4 boides...completely impossible even by most modern high temp technology...would take about 4 hours at best...

crematorium only operating for 18 months, from spring of 1943 to November of 1944...

Holocaust museum admits that hospital, swimming pool, theatre, soccer field...gas chamber was for delousing, and crematorium next to hospital...not one case of death by poison gas was ever found...typhus was widespread problem during WWII...it was spread by lice...so delousing facility was built...Zyklon B used to delouse clothing...typhus epidemics during WWI and WWII...victim wastes away, emaciates...Gas chamber designed as shower room actually delousing chamber...'Fumigation cubicles'...typhus spread in december 1944 in last months of war, e.g 35,000 died in 2 months, Birkenau gassing of sick prisoners...TESch u.Slabenow...Zyklon B founders hung simply because lots of Zyklon B found at work camps...assumed more than necessary for delousing...

Zionists collaborated with Zionists, who wanted to found Jewish nation i.e therefore glad Hitler was expelling Jews from Europe, as would lead to pressure for Zionist homeland i.e push / pull refugees to Israel...collaborated with
Eichman himself before and during war...as in their mutual interests...zionists offered Germans help in middle e.g with oil, and intelligence...

British, in 1916, promised Zionists Palestein, in return for bringing U.S into WWI...at first U.S pro german as german ancestry...Jews against Russian Tsar...so banking Jews refused to finance france or England i.e allies of Russia...poured money into Germany to defeat Tsarist regime...then britain offered deal of palestein in return for complete media propaganda against Germans etc Wilson declared war on Germany...all Jewish push...U.S suckered into WWI by zionists, so they could get Palestein from British...Zionists then demanded Britain give written contract i.e quid pro quo...Balfour declaration...promise to pay Zionists what had agreed upon as consideration for getting U.S into war...it was U.S that turned tide of war...at paris peace conference in 1919 117 Jewish delegation headed by Baruch...Jews cut up Germany and parcellled out Europe...produced Balfour declaration...Germans got to see why U.S entered war...Germans realised defeat and reparations was all part of Zionists plan to get Palestein...Up until then Germans Rathenau, et al Warburg biggest merchant bankers in world...etc Jews doing great in Germany...realised had been sold out by Jews...and then reparations and theft of Rheinland...Germany had given refuge to Russian communists...after failed revolution...then jews sold Germany down the river to get Palestein...intercession of jews admitted by jews i.e they were responsible for U.S involvement in WWI...Germany threat to British dominance...better products, lower prices, more powerful navy...no reason why allies decided to attack Germany...Germans resented being sold out by Jews...but did them no harm...Jews of world met in Amsterdam in July 1933 and demanded Germans fire Hitler and reinstate Jews to their positions in Germany...in 1917 communists took over German govt. for 3 days...Kaiser had fled to Holland, as feared communists, and same death as Romanov's at their hands...German mark devalued, World conference of Jews in Amsterdam...July 1933...declared a holy / sacred war/conflict against the Germans...worldwide boycott...Germany dependant on exports, as 2/3rds of german food supply had to be imported...if could not export, then could not feed majority of population...Jews declared August 1933 economic boycott on Germany...succeeded...up until then no Jew harmed, only displaced from high status positions...Jews declared war on Germany...economic warfare...huge threat...would starve Germany to surrender to dictates of jews...1938 German Embassy official in paris shot by a Jew, lead to outrage in Germany...WWI, ww boycott...which made it necessary for Germany to fight its way out...U.S recognised Soviet union in 1933...communists growing in power...either fight now or Germany will be destroyed...U.S sending billions to Russia...Jewish controlled at that time...'History' is the greatest lie ever told'...

REASONS WHY ZIONISTS MIGHT PROVOKE/ENCOURAGE/ENSURE Anti-semitism in Europe...Why were Nazi's in Palestine making deals with Zionists? What did the Nazi's have to offer? What was the deal? To provoke the German people to anti-semitism. To ensure the Jews suffered for being Jewish. To provoke a reactionary sense of solidarity among Jews who otherwise had no special affinity or solidarity with each other i.e in Warsaw Ghetto Jews took advantage of each other, some did great business, getting rich, while all around them children, women, old people, and men were dieing of starvation. The Jews did not have a strong sense of unity / solidarity. They were opportunistic individualists. Idealistic Jews among them were communist like Jesus and the Gospel writers. They wanted to start a new Israel in Palestine. But the Jews around the world were not interested. They were doing too well opportunistically exploiting the nations of the world and each other. They were doing too well. They had no reason to want to leave Europe and go to work hard in Palestine building a new country. Why would they want to? What did they have to gain? What was their motive? So the Zionists, financed by fabulously wealthy / powerful Jewish banking families in the U.S e.g Rothschilds, Warburgs, etc financed Hitler, provoked Germany to anti-semitism by declaring war on Germany / trade embargo, and ensuring that the Nazi's got into power, and persecuted the Jews, making their lives difficult, and giving them a motivation to want to leave Germany, and set up a new Israel in Palestine. The Zionists also ensured that no third nations would accept German / European Jewish immigrants at same time. I have not seen any historical evidence that Jews were murdered in any greater numbers than any other group at the time i.e opportunistic expression of malice at such times against any disempowered group by bullies etc to be expected among the malicious, envious, nasty fuckers of the world...mobbing..victimisation, abuse of power...the camps were work camps and the Jews well treated, as financed by the Zionists...and most Nazi officials even kept Jewish families in their own homes (as insurance they said, but probably more than that)...Hitler gave his favorite Jews 'honorary Aryan' status, including the philosopher Bergson...this is not the expression of fanatical anti-semitics...the whole 'fanatical anti-semitism' was for the media and the masses...but at no time were the masses incited to kill Jews... HOWEVER while the allies carefully avoided bombing U.S subsidiaries of companies like Ford in
Koln, they made no effort ot spare the supply lines that were feeding the camps...So many people died of dysentry, cholera, malnutrition, as did many Germans... The Zionists then had Nazi officials tortured to gain 'confessions' ... this is documented...leading U.S and British war leaders like Fieldmarschall Montgomery were appalled at the treatment of German military leaders... The Zionists hoped to forge some solidarity among the European Jews, and now used the opportunity to falsify huge lies about a 'holocaust', in order to motivate sympathy among the world's leaders, and a motive among world jewry, for the establishment of a new Israel in Palestein...they succeeded...the rest is history, though never taught in any history lesson :D  Absurd notion that Germans would throw old men in wheelchairs off balconies, then shoot families, in the Warsaw Ghetto...for what gain? i.e in movie 'Piano' etc...Jews had their own restaurants in Ghetto, alcohol, drugs, whatever, while their poor starved!...

Transfer agreement in 1933...foundation of Israel by immigrants from German Jews, allowed to leave Germany with their assts...Goebels struck medal to commemorate...swastika on one side, and star of david on other...in return for Zionists calling for end to Jewish embargo of German goods...

Yiddish an offshoot of medieval German in 10th century...Jewish music does not emphasise harmony ...ritual/religious/liturgical /devotional music almost entirely unaccompanied vocal chants...modes and melodies...

This is not how I ever would have chosen to spend my time and energy.
And then again it is exactly how a philosopher should spend their time and energy.

Seeking the truth.
Not popularity, or personal success, acceptance, approval, comfort, satisfaction, wealth, security, or love.

But the truth.

Even if it makes many people angry. Even if it makes some people mad. Even if it makes some people project all their own self-hatred, and envy, and jealousy, and malice, upon the truth seeker.

Seeking the truth exposes you in the worst ways, to the very worst in people, in their individual psychology and pathology.

Worse, it exposes you to the very worst in group / mob psychology and pathology.

Propaganda is the deliberate effort to evoke the most powerful, the most irrational, emotions of fear, anger and pity and then to employ these powerful,
irrational emotions and the energies they release to target a particular group, to
destroy them physically, psychologically, and economically.

Since 2012 propaganda is legal in the U.S.
The most effective tool of propaganda today is the mass media. Newspapers. Television. Hollywood.

Pay for comment is rampant in the mass media. It is where one special interest
group pays the production costs of a program directly, has a program produced,
pays for it to be aired on prime time television, and pays the media outlet for this
privilege.

Control over the mass media can be exercised by direct ownership.
The mass media has several ways of making money. They can sell their product
directly as ‘pay for view’ television, and recover all their costs from the viewer or
reader.

However most mass media would not be profitable if they could not sell
advertising space. In fact most mass media companies make more money from
selling advertising space than from makes more money from selling advertising
space than they do from ‘pay for view’ subscriptions, magazine subscriptions, or
direct sales of their product itself.

A very narrow vested interest group owns almost all the mass media the average
person will ever consume, either as television programs, newspaper and
magazine articles, or ‘news’.

They belong to a group of people who define themselves as ‘Jewish’. This would
be no more than a curiosity to a philosopher if that self-definition did not extend
further than simple ‘family’ pride.

There is perhaps no harm in anyone defining themselves as Jewish, or Aryan, or
Arab, or Asian, or Australian, if this definition does not extend further than the
expression of love for our parents, our extended family, our friends and loved
ones, and taking pride in the achievements of those people, and identifying with
what is best in them.

No philosopher has any problem with anyone just because they like to identify
themselves as Jewish. Even if, like Freud, they spike that identification up with
feelings of superiority over non-Jews. We can forgive everyone their little
vanities. If everyone in the world is free to compete on an equal footing, with the
same rights and responsibilities, and the same access to the same resources, then
a competition is productive.

However the problem with ‘racism’ i.e the assumption that races exist, and that
some are inherently, generally, superior or inferior to each other, is that racism
tends to lead to unproductive forms of competition, injustice, inequality, exploitation, opportunism, and even all out war.

Most people who define themselves as ‘Jewish’ do no harm to anyone by doing so.

However the self-definition can be, according to all the sources available to me, such as the Bible, The Torah, The Talmud, and other ‘official’ documents held sacred to this self-defined group, a dangerous and deadly virus.

While a few Jewish people will say that everyone is Jewish, and anyone can be accepted into the ‘race’ of Jews, most definitions you will find of being ‘Jewish’ are exclusive.

In fact like most ‘racist’ ideologies, the definition ‘Jewish’ is defined much more by its exclusivity than its inclusivity. It is racist, as it assumes that races exist. It is dangerous because it assumes some races are superior to others. It is dangerous because it assumes that one particular race, the self-defined Jewish race, has a god-given right to enslave all the ‘non-Jews’ on this planet.

Propaganda will define any attack on the Zionist-Jewish propaganda publishers’ right to enslave everyone as anti-semitic. For it is the Jews self-defined right, according to all the documents I and you have access to, to enslave every non-Jew. This is a fact. Read your Bible. Read the Torah. Read the Talmud. Listen to the words of Jewish leaders. Observe the emotional tone of the words.

The statement of this fact is considered or defined as anti-Semitic by Zionist Jews simply because it does not assist the Zionist Jew in attaining their ends.

The true definition of anti-Semitic (which no-one who rejects the very notion of the existence of races per se could possibly be, having in this case rejected the very notion of Semitism) is really anyone who is not pro-Zionist.

Simply by not being in favor of Zionism makes you anti-semitic. This is the only philosophically valid definition of anti-semitism.

What is implicitly anti-Semitic in this philosophical statement of fact is that the philosopher rejects the notion of the existence of races. Worse for the Zionist Jew is the philosophers therefore implicit rejection that there can be any justification for one self-defined race to exclude all other people from the same rights and obligations every individual on this planet enjoys and must observe.

In other words philosophy rejects any claim by one self-defined group to be superior, simply by virtue of being a member of any self-defined ‘race’, to people who are not members of that self-defined ‘race’.

And so all philosophers who reject the idea of race, are by definition anti-Semitic.
The very notion of ‘race’ is a product of propaganda. The simple word for propaganda is ‘lie’.

More precisely, a well-engineered, fabricated, precisely constructed, painstakingly promoted, financed, and published lie.

A lie with a mission.

A lie that is constructed to fit into a whole set of lies, like the weave of a cloth.

This cloth is then extended until it blocks out the observers’ view of reality.

This cloth becomes the equivalent of Plato’s ‘cave’.

All we get to see is the cloth. The lies. We come to accept the lies as truth. As fact.

This propaganda, when effective (and the propagandist has spent millennia scientifically testing and perfecting their arts), replaces the actual objective reality a person is living in, with a virtual reality. A construct. A social reality.

And so the person interacts with this propagandist’s constructed social reality, rather than with the actual, real, objective reality that exists just outside their perception. Just on the other side of that ‘cloth’ of lies.

Propaganda in daily life is called ‘advertising’. Of course most people reserve the term for ‘wartime’ propaganda.

All is fair in love and war, according to the propaganda.

Propaganda gets otherwise kind, caring, hardworking, honest people to hate whoever the propagandist tells them to hate.

Propaganda works on emotional levels. At sub-conscious levels. At levels on which reason and rationality have no power to protect the victim of propaganda.

And so the target audience consume the propaganda, digest it, and buy the products advertised, and hate those the propaganda wants them to hate, or feels sympathy, and a desire to protect those the propaganda wants them to. The propaganda leaves the consumer of it seething with rage at some supposed injustice, or crime.

Propaganda mostly appeals to the emotions, and the irrational. It is very powerful. It is very dangerous. It is a mighty weapon that can be used by the best of people, and the worst of people, for the best of ends, and the worst of ends.

Of course everyone assumes that they themselves are the best of people, and have the very best of intentions. So everyone who can afford to, tends to employ propaganda.
Philosophy rejects propaganda like love rejects hate, like freedom rejects slavery, like justice rejects injustice, and peace rejects violence.

Philosophy embraces the search for truth as a mother embraces her child, or a lover their partner, or as a child embraces their pet. It is an embrace that cherishes, and seeks to protect.

The earliest forms of propaganda are what are known as ‘noble lies’, after Plato ennobled them with this definition. His noble lies were what most people refer to as ‘God’ and ‘religion’.

Propaganda that has become normalized and naturalized as the hegemonic social reality is the most powerful.

For such propaganda defines any interrogation of itself as malicious, irrational, and / or criminal.

Once you have established a lie as the accepted, official version of reality, the truth becomes the aggressor, the crazy outsider, the criminal.

The truth only has a chance if it is especially creative at overcoming propaganda.

The truth only stands a chance if it is especially courageous, and willing to suffer ‘fates worse than death’.

It can only survive if it learns to know its enemy, propaganda, so well that, like a mongoose, it can both avoid becoming prey, while finding the weak spot in the web of lies, the loose wall in the house of cards, which is the propaganda’s hegemonic social reality.

The purveyors of the propaganda, the lies, have all the power. They are in privileged positions vis a vis the truth. Otherwise they never would have managed to have the lies installed as the hegemonic social reality. They built up their propaganda alternate reality step by step. Each lie gave them more power to further construct their edifice of lies, and to impose them, and the next stages, upon any resistance shown to them by the truth.

The process was iterative. Step by step. Each additional lie gave them a little more power to impose the next lie. Until they had all the power. Until they controlled exactly how people perceived reality.

They could define who was good and who was bad. They could construct ‘enemies’ and ‘terrorists’ and ‘threats’. They could start wars. They could commit genocide and call it ‘the will of god’.

In fact they could define their own will as god’s will. As they created this god themselves, he would of course say whatever they wanted him to say.
And because the propagandist knows that some people like to imagine they are ‘individuals’ and ‘different’, so to ensure they had full spectrum dominance, they constructed a number of mildly different versions of their hegemonic social reality, so that people appeared to have some choice.

Rather than risk losing control of even a few people, they constructed other religions and other gods for people to run off to when they got fed up with their current one. It gave people the illusion of ‘freedom of choice’. People could feel like ‘rebels’ by rejecting their parent’s hegemonic social reality, definitions, religions, and so on, and adopting another social reality and set of definitions which at first glance appeared to be different, but which turned out to be the same, and controlled by the very same people.

And so those who created god as their source of authority and power created other religions just different enough to give people the illusion of choice, and rebellion, and revolution, while keeping everyone tightly under lock and key.

So we got Judaism of the Mosaic variety, then Judaism in its many variants. The people wanted more choice, so they got Christianity, and then Islam, with all the many variants within these.

This not only ensured every sheep was kept under the control of the shepherd, but also that the sheep could be incited to wars with one another any time any one of the sheep-groups threatened to break away from the shepherd. For the groups grew in size over time until each social reality the shepherds had originally created could have, at any time, completely broken away from their control.

Propaganda was always effective at pandering to the worst and the best in people. To their malicious desire to harm and destroy. And to their loving desire to protect, serve, and do good.

Combine both in your propaganda and you create the perfect storm. A perfect killing machine that thinks it is protecting women and children, liberty, freedom, and even god himself.

Anyone not inspired by the propaganda is treated as a criminal, a traitor, a selfish egotist, or simply irrational and insane.

As of 2012, propaganda is legal in the U.S.

This means that whoever now controls the mass media, the ‘factory’ that produces our impressions, experiences, definitions, and basic ‘social reality’, has the power to direct the masses in any way it wishes.

The group who control the mass media get to chose what you see and what you don’t. What you hear and what you don’t. What you learn and what your don’t.
In other words they can prevent the truth from reaching your own eyes and ears and brain.

They can then tell your any lies they want to, completely unchallenged.

For you will have no other source of information but them.

You will have no reason to doubt their lies, as you will have no other information to go on.

You will have no chance to learn the truth. The reality. What is really going on.

You will not even have a chance to learn that this has all happened.

For the same group with the hegemonic power to buy up all the mass media, all the television stations, newspapers, magazines, an ‘pay for comment’ media personalities that you trust, and all the Hollywood film makers, will also have power to spare to ensure that your elected government officials are good team-players, and go along to get along, with them.

So the same group constructing your social reality, the propaganda you consume as if it were truth, will ensure that laws are enacted that make it a crime for anyone to stand up and say ‘hey, that’s propaganda’. ‘Hey, look, I can’t tell you exactly what’s going on, because, like you, I live under the hegemony of the powerful group, but I can tell you what is NOT true. I can prove what we have been told is a lie. That it is just not POSSIBLY true, for this and this specific, irrefutable, scientifically proven reason.

For anyone who has the insight, and the courage, to stand up and say such things will immediately lose their job, their income, and their freedom. They will be locked up in solitary and tortured until they admit they are either crazy or wrong.

Did you know that these laws already exist? That thousands of people are being put in jail without trial? Without a chance to defend themselves.

Why? Because during the normal legal process defendants of criminal allegations have a chance to defend themselves. To prove they are innocent. To prove the facts of their case.

In the event of ‘thought crimes’, if you let a skeptic, whether holocaust skeptic or global warming / climate change skeptic’ or ‘open borders skeptic’ actually mount a defence of their beliefs in court, they would win.

If you let a holocaust skeptic (so-called historical revisionist) mount a defence in court, a terrible thing happens, from the point of view of the hegemonic propagandist. That terrible thing is that the victim of the persecution, the skeptic, gets to interrogate ‘witnesses’ and bring in their own ‘experts’. The result of this process has ALWAYS and EVERY TIME been that the ‘witnesses’ have been
completely discredited as either liars, or delusional. And the supposed ‘facts’ have been disproven as impossible and clearly straight out lies.

In other words the witnesses and facts prove to be nothing more than propaganda, as soon as you give the ‘defendant’ a chance to do so.

In fact in all such cases where skeptics were given the right to defend their statements, the judges gave up on any semblance of justice or legal process and convicted the ‘defendants’ saying, like a child throwing a tantrum, with fingers in ears and hands over eyes, that ‘The holocaust happened. Period’.

It then takes up to a decade for the Supreme court to rule that the Judge had no legal right to convict the defendant. But that is only in sovereign nations.

In countries still under occupation after WWII, like Germany, the propagandist still has supreme power.

The only way any philosopher or sociologist could make sense of the German laws is to assume that the Zionist, the propagandist, is in full control of the entire society. That the Zionist hegemony Adolf Hitler warned about, and fought to break free of, in his own words, not mine, is in fact reality.

How else do you explain a law that allows people to be kidnapped from foreign countries and brought to Germany to be imprisoned without trial? For five years.

Not just to be imprisoned, by tortured. For anyone who has experienced solitary confinement knows it is torture. Any other description is just playing with words.

Solitary confinement is torture whether you are a dog chained to a post all day and all night, or a person locked in a concrete box all day and all night.

There is a reason that prisoners have their belts, shoelaces, and anything else they could hang themselves with removed before being placed in solitary. It is a fate worse than death. Many people have killed themselves rather than endure such torture. If you want to challenge this statement, then feel free to prove me wrong by allowing someone to imprison you, in solitary, with no certainty of ever being released. If that does not break you, then we would be very interested in studying you.

Like me you didn’t know about this. You won’t know about it until it is too late. Until something you become the next victim. For now the laws apply only to truth seekers who stand up and challenge the official ‘holocaust’ story. Soon the same laws will prevent you from voicing any skepticism about the official ‘climate change’ story. Yes folks, you may not like people who make old Jewish women cry in court because someone dared interrogate them on the stand as a ‘witness’. Surely, like the Judge said, it does not matter if what you are saying is true, the point is whether that truth makes an old Jewish woman uncomfortable.
But what about when the government take away your car keys, tax you for breathing, add world taxes to everything you consume, take away your job, send your children off to kill other people’s children, and evict you from your ‘carbon producing’ home?

They are going to do this. Their reason this time is climate change. It is a complete hoax. They almost got away with it a few years ago, by falsifying data, but the scientific community at that time were still free to express their own view. They were still free to challenge the lies. They called them on their lies. The liars backed down, despite the huge propaganda machine they had at their disposal. For propaganda only works as long as you have a monopoly on truth.

Propaganda only works as long as you can lie, and not be called on your lies. Only as long as you are unaccountable to the truth. Only so long as there are no independent thinkers out there who can publicly force you to prove your lies.

So you were saved from a terrible crime. A crime that would have empowered the hegemonic propagandist further, giving them even more power, and thus more resources and power to further control your social reality through propaganda, through lies.

In fact they are on the verge of total control.

You didn’t care when someone you didn’t like was persecuted and tortured for daring to speak the truth, and call the liars on their lies and propaganda.

Probably you are not paying attention now.

I am sorry that I will not be able to help you at all when the hammer drops, and you find yourself living in an absolute prison state, as has occurred time and time again during the course of human history.

Right now I am risking fates worse than death to arose you from your slumber, from your dreamlike state. You are sleep-walking to your doom. To your children’s doom.

The Government of your nation is right now working on a law that will make it criminal for you to question anything they say about anything. You will have no freedom of speech at all. You will not have the right to defend the truth in court.

You will have two rights. The right to remain silent. Because anything you do or say WILL be held against you in a court of (arbitrary) law. You will be tortured in whatever way they think will break you. It will be perfectly legal. You will have the ‘choice’ of ‘admitting’ that you MUST be crazy, for thinking anyone would lie to you, let alone your own government, or to rot in a concrete box until they decide to let lose some psychopathic prison inmates on you, to rape you to death, or simply kill you for fun.
Facts I am not even now free to tell you.

I am not writing this as the free person I was until a few weeks ago, when I stumbled upon so much information that it forced me back to writing, away from my music and deep philosophical meditations.

No, right now I am breaking laws all over the world, by simply writing this.

Do you think I should suffer fates worse than death for what I have written here?

In fact it does not MATTER what I have actually WRITTEN here. A judge can simply, arbitrarily, without any legal process, decide that HE knows that I really MEANT something quite different!

Yes, my friend, a judge and public prosecutor, both previous and future senior executives of the Zionist Banksters’ hugely profitable banking and finance industries, are right now free to arbitrarily twist my words, and intentions, and simply ASSUME that I am a malicious, fear mongering, hate mongering, lying, deceptive, crazy, nazi, nasty, criminal genius. They can claim that THEY KNOW BY SPECIAL INSIGHT that I am evil and must be locked up.

They are so sure that I am such an evil genius with a huge network of co-conspirators that they could not possibly risk a trial. For at a trial I might prove myself innocent. And they know I am guilty. So they will, in the interests of society, avoid the ‘risk’ of a trial.

Official spokespeople for the Governments of various countries including the U.S have openly admitted that maybe one in 5000 of the people they arrest will end up being convicted for the crimes they are charging all 5000 with. So why bother? Surely only guilty people get arrested, right? Surely you can’t risk actually having trials where some people actually don’t get convicted?

Stalin is said to have operated so. He is told on Monday by his statisticians that they expect that 1% of the population will commit a crime worthy of imprisonment. The great leader digests this information for a moment before ordering his KGB to arrest 1% of the population, and send them to gulags.

Perfect logic right?

His family name just happens to be? …‘Son of a …’ in his native Ossetian. No, I won’t risk it. It might appear a cheap shot.

A person concerned with justice would agree that it is better to let 100 guilty people go free than to falsely convict one innocent person, especially if the intention is to torture them with solitary confinement for years, until they literally ‘break’ prefer to live a lie than die honest, or literally go mad.

Go online and view the videos about David Irving, Ernst Rundel, David Cole, and ‘The forecaster’.
None of these people have ever done more than their constitutional rights legally allowed them to. None of them committed anything that a normal, sane, honest, sober person would call a crime.

Yet they have been branded as criminals, as Nazis, as self-haters, as liars, as cheats, as conmen.

All because they would not break and say that 2+2=5. In the case of ‘The forecaster’, he spent 11 years in prison, and endured 7 years in solitary, in a concrete box, in high-rise people-silo, because he would not give the Zionist Bankster’s his computer software. Somehow this genius worked out the key to predicting the major economic cycles down to days. Either he had stumbled upon the pattern the Zionists used to manipulate the markets, or something the Zionist Bankers’ didn’t understand, could not control, and therefore feared.

These people are all heroes who have suffered greatly for our collective benefit. I will write up synopses of their stories when I get the chance. They deserve our praise, admiration, and support.

If we fail to support these heroes, then we cannot claim to be innocent victims of the Zionist Central Bankster’s New World Order.

This is perhaps the very last moment for maybe another 1000 years (few world orders last longer than that) when you have the freedom to act. Actually not freedom, but opportunity. It is already criminal to act. But the laws are just words on paper. It is you compliance with laws that give them their power. There are only so many police and there are so many people.

Read my book ‘911: 5 minutes to midnight’. NOW. Get as many people to read it as you can. Please make torrents and seed them. If you normally buy books, please buy them so that Amazon has a reason to keep them on their system.

I have lived a life in what most people would call financial and social poverty, in order to be free to think and write. I use one bucket of warm water a day, and whatever I drink. I wear second hand clothing and shoes. I never turned a heater or air conditioner on in my life. Not even in Wagga Wagga, Germany, Poland, London, or South Korea. Luckily in Moscow and Estonia I had no control over the heating, because I probably would have really suffered when it got down to minus 35 degrees Celsius! I live off semolina prepared with hot water from an electric kettle. I make coffee in the cup, using ground coffee. I have never used a fridge or washing machine in my own home. I eat frozen food that is just defrosted. I eat days old bread and whatever else has been marked down in the ‘out of date’ section of the supermarket. I would certainly eat better in prison. I would not have any less sex in prison than I have had in the last decade living like this. Women do not want men who live like I do. I have no children or family ties, as I could not bare to see other people suffer for my own principles.
The SS officers who wrote ‘confessions’ had been physically tortured but had not broken. But then the Allied and soviet interrogators threatened to deny their families ration cards at a time when there was no other way of getting food in Germany, and of course they broke and wrote whatever they were told to.

The Zionists know that their lies fall apart when ‘put on the stand’ in a court of law. They never respond to the skeptics questions and challenges, as every time they do, they are left looking dishonest, deceitful, stupid, and terrified.

The same happened with Al Gore and his cronies.

This is why the Zionists need laws to deny people the right to a fair trial. This is why they resort to propaganda. The truth is just too unflattering.

Worse, the truth, when the masses understood it, would lead them to demand the same sort of thing that has happened over and over in history.

This is what they fear. Being discovered.

If they had nothing to fear, they would act honestly, and fairly.

The Zionists have never proven a single of their claims in a free court of law. What happened at Nuremburg was a show trial and pure propaganda. Nothing more and nothing less.

Al Gore and his ‘climate change’ lobby are in the same position. They are lying to us all. Al Gore stated, like a good Zionist, that ‘It happened / is happening ‘ / Period’. He actually made the mistake of claiming that the science was ‘unquestionable’. That is what riled the scientists all around the world from their quiet studies.

The last time we gave in to our states we got several hundred years of ‘dark ages’, during which it was as crime not to openly and publicly agree with whatever the Catholic church said was true, not matter how absurd and obviously wrong it was, needless to say unjust and cruel.

That is where we are heading today. Right now. I mean right at this very moment. But you still have a chance if you open your eyes and ears, switch on your brains, electro-shock-start your hearts, and demand the reinstatement of the most precious thing you have enjoyed for a brief moment in history. Legal rights.

They say 1776 is the answer to 1984.

Constitutional, inalienable rights. Rights which no-one can arbitrarily override.
The right to free speech. The right to political representation. The right to legal process. The right to own and operate a free and independent media.

Otherwise you really get the government you deserve.

Right now you don’t deserve much better than what is coming.

You are like I once was. Naïve. Ignorant. Unaware.

I got out of the hegemonic social reality. You can too. Especially now that people like me, with the help of thousands of other people like me, can offer you a signposted route.

Hey, once we have our freedom back, you will be free to make fun of me, or join me.

You must understand that I am not madly in love with humanity. Humans have been horrible to me, and each other, and especially to most animals on this earth. Monstrous in fact. So this is not a romantic mission. Have no fear I will suddenly ‘fall out of love’ and give up.

No, in fact I often find myself experiencing great ambivalence about trying to inform you all. For I agree with most of the things I am told the Zionists Bankster’s are out to do. The problem is there are things I am uncertain of, and doubt. And those things are HUGE issues.

So I am hoping that after we escape the Zionist Bankster’s net, you might be a little grateful, and willing to sit down with me and consider my own ideas for a New World Order.

Anti-semitism is really, by definition, anti-racism. Semitism means nothing unless you assume races exist. And they don’t.

Why people chose to define themselves as ‘Jewish’ is beyond me. I am just a person. My merits are those I earn myself. Meritocracy. That is the basis for creative, productive society that will produce the surpluses to facilitate a generous redistribution and thus a ‘fairness’ greater than nature itself produces.

Why you would chose to be associated with the people in the Bible who commit the worst war crimes, crimes against humanity, genocide, ‘ripping apart pregnant women’ and killing them and their babies, far worse than anything Hitler was accused of (I honestly believe falsely now, based on what I have learned, which until then the Zionist propaganda had effectively kept from me). Does it matter if the supposed events happened 70 or 3000 years ago?

What sort of people chose to be associated with, and proudly reprint, a document which supposedly documents their war crimes, repeated acts of genocide, crimes against humanity and nature, and explicitly states that they have a god given right to enslave all non-Jews? That is just the Torah.
When we get to the Talmud, which apparently has a much greater bearing on ‘Jews’ in more recent times, we see all non-Jews defined as ‘cattle’, with no legal rights, exactly as the stories of Ernst Rundel, David Irving, and ‘The Forecaster’ show that ‘Jews’ today are treating ‘Gentiles’. Yes folks, it is not anti-semitic to identify judges, lawyers, and mass media owners as ‘Jewish’ if they themselves are the ones who demand I so define them by claiming to be ‘Jewish’ and thus ‘not –Gentile’.

The truth is shocking even for me, months after publishing my book on 911, the bible, Zionism, The Central Bankster’s Petro-Dollar Ponsy Scheme, and the new world order.

What the Talmud states for anyone to read, and what is written in the Torah, the Old Testament of the Bible, is happening right now.

Gentiles do not have legal rights in the U.S, Canada, Germany, France etc etc. FACT.

What sort of person proudly identifies with a culture of hate, murder, rape, theft, enslavement, racism, and lies?

I know it is criminal to say so, but what is a philosopher to do? Read the bible. Read the Torah. Read my book. Check everything I have written.

What does it mean to define yourself as ‘Jewish’? Why define yourself as ‘Jewish’ if no-one is forcing you to?

Based on the Bible and Talmud, to be Jewish is to be worse than any Nazi was ever accused of being. Why would you identify with such a history?

Genetically ‘Jews’ are Arabs, or from Southern Russia.

Historically they get kicked out of whatever country they live in, and are hated by otherwise calm, rational, reasonable, decent people. Not that I am saying there are noble savages out there. I just mean, please, I have a right to ask why the same things keep happening to the same ‘self-defined’ people.

And why they insist on defining themselves as ‘Jews’ when racism was abandoned by the liberal Western world decades ago????

I will continue when I get the time…

Please read my book ‘911:5 minutes to midnight’ and share it by whatever means you think suitable. Please make sure that after they take me away all my books remain available. You will see from reading my books how my views have developed.
NOTES … PLEASE REMEMBER THESE ARE ROUGH NOTES…ADDED IN CASE I DO NOT GET A CHANCE TO FINISH THIS BOOK…FORGIVE ANY FLIPPANCY ETC

WITH LOVE TO ALL SENTIENT BEINGS…PLEASE STOP DEFINING YOURSELF BY YOUR SPECIES, NATIONALITY, RELIGION, ETHNIC BACKGROUND…ALL I SEE ARE PEOPLE WHO NEED MY LOVE, SUPPORT, HELP, AS I NEED THEIR LOVE, SUPPORT, HELP ETC 😊

Protect me if I am right
Correct me if I am wrong

Never again can we allow propaganda to poison the present ground, and the future ground

Never again can we allow a small group of people to define themselves as superior, and to justify enslavement of other peoples

Never again

The forecaster...Martin Armstrong...11 years in prison...media reported he was guilty of a 'ponsy scheme'...but that was rubbish...a brilliant man, with about the only economic model / financial forecast model that worked, became 'the man who knew too much'...the Zionists banksters set him up...shows you what to expect from the criminal justice system...they imprisoned him with no charges, for 18 month cycles...over and over...all to get him to give them the code for his computer program / model / forecasting system...eventually had someone beat him into a coma...then claimed he had tried to damage the prison, and put him in solitary...pure torture...then 'in the hole'...then threatened him that he could either plead guilty to some new charge they had made up, or spend 135 years in prison. He was given a script to read. The Federal Judge and prosecutor were acting without any reference to law or justice. They both ended up with great jobs in the banking industry. He was basically tortured into confessing something he'd never done...spent over 7 years without seeing sunlight once...11 years in
prison in all...for not giving the Zionists what they demanded...either because he had stumbled upon a pattern that the Zionists used to manipulate the market, or ???. Based on 8.6 year cycles and phi...the most accurate model/tool ever made...predicting crash end 2015 / start 2016...etc etc...so many accurate predictions in past...based on a pattern he'd discovered...

The holocaust story we have had forced down our throats by war criminal Allied victors and the Zionists has only been allowed to gain traction because from birth children are brainwashed by hollywood movies, forced indoctrination during forced visits to supposed 'holocaust museums', and laws which lead to most historians, philosophers, and non-Sheeples self-censoring to protect themselves and their families from persecution by the Occupational governments of France and Germany.

No genuine German or French government with the interests of its people at heart would ever have accepted the defamation of the Zionists willingly. Only communist governments that hate any competition to their central, despotic rule. No truly representative government would have accepted it. Even the Saudi government did not accept the Zionist lies about 911. THEY did not pay up. THEY are still a sovereign nation.

Like all those who have stood up against Zionism before me, I was shocked to learn the truth. I have never been racist, let alone anti-semitic. Because I am not racist even the term 'Semitic' means nothing to me.

But I have been shocked awake by the facts. Facts which only came to me at great cost to the messengers. I pass on those same facts at the same risk.

I do not know what did happen. But it is clear what did NOT happen. And the story we have all had forced down our throats and been brainwashed to accept as reality did NOT happen.

What did happen was reasonable, logical, and rational. It was also terrible. And should never happen again.

I thought that was why we let the Zionists commit atrocities, war crimes, and genocide upon the palestinians, so the Zionists could have their 'Final Solution'. Yes the zionists coined that phrase, not the Nazis'.

We were told that Israel, a homeland for the poor victimised jews of the world would be the 'final solution to the jewish problem'. the problem they defined as a desire for separation, exclusivity, racial purity from their inferiors.
However it has become clear that the Zionists were never going to be satisfied with their own state. They want the whole world. As it is documented in the bible and torah and talmud.

Facts my friends.

Sure, lock me up, but that will not save YOU nor your loved ones from the Zionists' plan for one centralised Zionist state where everyone they have no use for will be exterminated or sterilised, and those they have a use for will be enslaved.

Put me on a polygraph. Measure my emotional responses. The only emotion behind my work is a desire for truth, beauty, freedom from paying for/being a victim of other peoples choices, and ideally a new world order based on my Eden Protocols, which are completely rational and reasonable, and motivated by a love for all things good, and the absence of any concepts like race, slavery, etc etc.

So I guess I can look forward to a long stay in prison where I will be tortured as far as the law allows.

I think I have written enough for anyone who wants to see the truth, who cares about truth, justice, and beauty, to get the point...

In all my books...so please download and share them (don't tell Amazon I said that or they might get angry...if you normally pay for books, please pay the few dollars I charge for mine, to give Amazon, ibooks, smashwords etc a motive to keep offering them...all the money goes to protecting the most powerless sentient beings among us...I'm no hypocrite...I am The Philosopher-Prophet of The Eden Protocols...you can put me in prison, kill me, defame me, but hey fuckers, we all gonna die, the question is what comes next...Happy Next Lives? Or the same old shit.

Honestly, Zionists, Zi ON ists...AT ON.. NATO...heliopolis / ON...I have a feeling you are going to get one big surprise after you finally think you have absolute power...to find that some other group has been using YOU...

All my love to every sentient being...especially to the victims of Zionist agression in Palestine, those sitting in prisons in Germany and France and Canada for trying to help them, my grandparents generation for having been viciously slandered for over 70 years, and all those fantastic, creative, ambitious, good, kind, brilliant self-defined Jews who share the same ambitions and ideals as myself...they can publish still, and only be called 'self-haters'...because the zionists define them as Jews...even if they do not...

I on the other hand, as that worst of all creatures, a German Citizen with germany ancestry, and so I do NOT share the same rights as a zionist defined Jew...
'when a man lies, he murders a part of the world'...I people do themselves the most damage when they lie...they lose their integrity...their 'whole-ness'...their 'holiness'...

I apologise for my language, but while I have the freedom to speak, I want to send a big FUCK YOU to all the agents of lies, oppression, falsehood, manipulation, exploitation, slavery, and slander...don't think you won because you have the power to imprison and silence me. Woopee...find a genius philosopher who validated this world as something worth treasuring? Find a true spiritual leader (start with Ecclesiastes) who did not define this world as a sick joke played upon us...

Enjoy your power and wealth...see what it brings you...

I guess the basis of your anxiety, fear, and irrational, compulsive need for power is the lingering fear of being 'discovered'...of your lies being discovered...of your plans being outed...and a repeat of that stupid historical cycle in which Jews arrive somewhere, prosper, and are then forced to leave...where will you go this time? It is pretty much all or nothing. Like all criminal dictators, you know that if you lose absolute control, of the media, legal system, education system, finance system, military-industrial complex, that you will no longer be able to hide your crimes from the world.

How about we start with forgiveness, charity, and compassion?

It is not all or nothing as you have been told. People make mistakes and people forgive. You can stop this madness. You have nothing to fear from people like me. You have made as many victims as any other powerful group. You are only human. You have many talents and skills to offer the world community. But you are not fit to rule, because you lack the humility.

I offer a peace treaty on behalf of the world's people. Join us as equals.

If you are Jewish and have been convinced by the Zionists that the world hates you, or envies you so much they cannot live with your superiority, then stop and think. Take a look around you. Take a critical look at what you have been told.

Oh, since 2012 it is legal in the U.S for the mass media to publish / play propaganda. In other words it is legal in the U.S for the media to lie. And the media is predominantly Zionist owned. Fact.

So now it is illegal in the West to speak the truth, and to challenge lies, at the same time that it is legal to lie to the masses.

They say the only answer to 1984 is 1776.

We are today living in 1984.
We have nothing to fear from the truth. We must forgive, and start again from the basis of truth. We have all made mistakes. Every nation. Every ethnic group. They have all striven for world domination, and enslavement of others.

If you want a New World Order, and not just the same old world orders regurgitated over and over, then please read my TROONATNOOR books.

Please download and share them while you can.

I can do no more than I have done.

I forgive myself for not having been able to do more.

I forgive you for being what you are.

Deo Culpa!

But maybe our suffering has taught us lessons we needed to learn.

And if life is really so absurd as it at face value appears, then what is the difference if I die after decades of persecution, or a life of power and privilege...I will be dead either way...nothing gained...

check our Ecclesiastes in the old testament...'the end of something is better than the beginning of any thing' etc

I wish the Zionist hegemons all the best...enjoy your power and privilege for as long as it lasts...maybe you'll get what you want...total control...but then you will just fight amongst yourselves for more power and privilege...you have not proven yourselves immune to the typical human frailties...maybe even more prone to them...in every way...

I guess you will introduce veganism for the slaves at least...so that is something positive

maybe I'll be new born as one of you guys, and if my soul remains intact, my goodwill and wisdom, I will use the power you have concentrated to bring about my Eden Protocols...

You can only imprison and torture me for a few decades...then I'll be free of anything you can do...and then?...What sort of being will you have created? Would it be 'irrational' and 'unfounded' for such a being to hate you?

If you think fear of Zionism is irrational, and unfounded, check the facts.

If you think Zionists fear you, then ask why. What have they done to you that they should fear you? What is the source of the fear they project upon you? Fear of discovery?
I plead for the Norwegian government to arrest me on any pretense. At least in Norway I would be free to write. I can teach English at their Universities for free smiley face

Zionists hide behind their eternal story of victimisation. I have been a victim over and over so I am loathe to suggest that someone raped once is a victim, but someone raped several times by different people 'must have been asking for it'.

But ask yourself why the bible speaks of zionists so badly, both in the old and new testaments. Why did Hadrian expel the zionists from Palestine in 70 Current Era? And why since then did the Spanish do the same, and the Russians (expelled them to 'beyond the pale' to Eastern Europe) after which Germany accepted them, and why the repeated pogroms throughout history.

Were all these cases of 'irrational hatred'? A hatred that is pure evil emotion with no reasonable basis?

Is there such a thing as 'rational hatred'? Surely we hate those things that we perceive as threatening our pleasures and reliefs, and threaten pain and negative consequences.

Is all hatred irrational and unfounded?

Hatred of individuals seems often justified. Hatred of organisations of people can also be justified, rational, and reasonable.

Hate crimes are there to protect us from people with evil intentions inciting us to hate people for no reason, for example just because of their sexual orientation, their skin color, their religion, their ethnic background, and so on.

But the Zionists have exploited the concept of hate crimes.

They claim that any scientist who proves, without any ulterior motive but a desire to find and express the truth, that no Zyklon B could possibly have been used in the supposed 'gas chambers', must hate jews. He must be a nazi too. He must have an irrational hatred of all jews which he is trying to incite like a virus among us all.

The zionists claim that any scientist or technician who points out the obvious lies or delusions of 'holocaust survivors' must necessarily be motivated by an irrational hatred of jews.

The zionists claim that I must be motivated by an irrational hatred of jews to write this.

Under German, French, Canadian etc etc law I can be arrested anywhere in the world, taken to Germany, and put in prison for years.
In Germany I would not be allowed to defend any of the statements I have just made. I will have two choices. Either plead insanity, or sufferer INDEFINITE imprisonment.

You think I am exaggerating? I did not know about these laws, so I can understand your incredulity.

So I am setting up a German and Arab Defamation League to bring some sanity, justice, and truth back to the situation.

I am risking indefinite imprisonment by posting this. So please research my claims a little before dismissing me and abandoning me to a fate worse than death, simply for trying to save you

Did you know that the Zionist thought police can now have you arrested simply for recognising simple logical and scientific facts i.e the 1984 scenario of 2 plus 2 equals five. Did you know that Israel was ALWAYS the aggressor in ALL of its wars. FACT. Ask the Israeli General's son who went through all the archives of meetings between Israeli generals. Did you know that Israel considers a trade blockade of any Israeli port an act of war? Do you recall which people 'blockaded' Germany in the 1930s, and actually declared war on Germany? Do you realise I can be put in prison for stating simple facts?

The most recent abuse of the term 'denier' was when we were told that it was a 'fact' that global warming was being caused by greenhouse gases. At the time laws were being written to make it a crime to 'deny' this 'fact'.

Just like it is a crime to 'deny' the official story of WWII concentration camps.

Why would they try to make it a crime to 'deny' the official story that global warming was man made? Who stood to benefit from these laws? Who stood to earn billions from a 'carbon credit trading scheme'?

The same company that bankrupted California by manipulating the electricity supply. Enron. And their 'mate'. Guess who? The very spokesman for the carbon credit trading scheme.

A few months later the scientific community learned that the data had been 'faked', that it is in fact the sun that is responsible, and the whole 'scam' of the 'carbon credit trading scheme' was revealed as an attempt to impose a world tax to fund a global government. Check your facts about this. BE skeptical of what I am writing here. Like the false flag attacks of the past, and 911, and future, if you watch what happened, and what is happening, you will see patterns. The past can help you make sense of the present, and predict the future.
The Carbon trading scheme was revealed as a scam before the laws came into effect. Luckily. But sadly not before lots of scientists and teachers etc lost their jobs and careers because they expressed 'skepticism' of the 'official fiction' of man-made global warming.

Today you are free to 'challenge' the lie that humans are responsible for global warming. Lucky you.

Did this recent 'near miss' teach you nothing?

Like me, you were probably completely unaware of what was going on, and just how close we all came to becoming 'deniers'. Criminals and mentally incompetent. Just because we didn't 'buy' what we were being sold.

Whew. That was a near miss.

A lucky break.

But if you didn't learn the lesson, then you are probably going to fall for the next 'global crises' and 'false flag' attack.

Happy Next Lives grin emoticon

Skepticism is the basis of science. Calling someone is a skeptic is a compliment. Calling them a 'denier' is an insult. It is meant to discredit them as recalcitrant or mentally ill. It assumes that what they are disagreeing with is incontrovertible fact. Like a Pope torturing those who 'deny' that the Vatican has the god-given right to tell everyone what to do, the right to live in luxury and torture those who do not 'believe' the obvious truth of everything the Catholic Church says. The Vatican tortured and imprisoned anyone who dared question their power, benefits, or lies. How is the situation any different with the Zionists and the holocaust skeptics? Are you going to persecute people who question things, and who are searching for the truth? THAT, in fact, is what the original term 'Skeptic' meant. It meant 'seeker'. Someone who did not believe that their masters had already found the truth. They did not simply accept something because they were told it.

So if you ever hear someone call someone a 'holocaust denier', you should be suspicious...because it is such a loaded term...it is not appropriate...it clearly implies a hidden agenda...ulterior motives. You cannot ever trust a person who uses such expressions. It is like saying an atheist is someone who 'denies' that a man called Jesus existed, was the son of god, and god incarnate, and died, and rose again, and gave the Pope the power to rule the world...are YOU a denier? Or are you just skeptical of the claims of the Vatican??? Should YOU be locked up?

How is it any different for someone who doubts the official version of WWII?
What sort of world will you live in when you allow people in power to persecute and imprison people simply for raising genuine doubts, and seeking more information?

Oh, maybe the world we are living in today?

And the New World Order that is on its way?

Who are you going to call out to for 'help' when you have imprisoned all those who would have been there to help? All those who would have revealed what was coming, and could have informed you and saved you?

So please, don't complain when you are the next victim. For you deserve it. You did nothing to protect those who were fighting for the truth, and justice.

And unless you are vegan, you are not INNOCENT...you just aren't guilty of any crimes written down in the Speciesist's lawbooks...

Happy Next Lives

If Germans were not criminals, then would firebombing civilians, then machine gunning the survivors, clearly visible as women and children, while leaving Ford motor company plants completely untouched, appear more or less 'acceptable' or 'justifiable' to you? Did you know that McNamara himself stated he would have been on trial as a war criminal for such actions, had the Allies lost? My question to you is whether you accept evidence forced from people who have been tortured, and whose families were threatened with torture, if the person did not 'confess'? Ask yourself why, if millions of people escaped 'death camps', why only half a dozen ever appear giving 'testimony'? And why, of all the hundreds of thousands of photos that survived the camps, we only ever get to see a few photos of victims of typhus?

I always just accepted that the Nazi's were criminals. It was not until I saw people being put in prison for asking very reasonable, sensible, serious, scientific questions that I started suspecting something. Now it is clear to me that I have never seen any compelling evidence of any mass killings.

Show me evidence please. Show me, as they say, 'The truth, the whole truth, and nothing but the truth'. For most of what we are told is clearly not true. This does not mean that it did not happen. It just means that the question of what happened should be open, and investigated.

I ask you why the powers that be are so terrified of anyone beginning such an investigation that they have to put them in prison?

What threat did a question ever pose to someone who had nothing to hide?
The last people put in prison were scientists. They were put in prison because a few powerful people, e.g. Vatican princes, had a lot to lose if their hegemonic lies were ever challenged. Today Bishops no longer live like princes. Because a few honest scientists were willing to ask questions.

If you really think 'Mein Kampf' MUST be insane, inane, blabbering nonsense, then read the book. Read the bible. Read my books.

Or no-one can save you from what is coming. In fact it will be good for you to suffer what is coming. It might teach you some empathy for the billions of sentient beings that suffer because of your lack of empathy every day.

If your heart is dead to that suffering, and your brain is dead to reason and logic, then you are no more than flesh-eating zombies in any case.

I don't see any Gentiles or Jews. I see only living beings and zombies.

Anyway, happy next lives. Maybe you will learn something from what is coming down on you. You cannot claim you are innocent victims. You deserve the politicians you have, and you deserve at least as much as what is coming your way in right now.

Karma is not about punishing anyone. It is about teaching them. Seems we only learn empathy from suffering. We only learn to abandon ideas of enslaving others, after enduring slavery. We only learn to stop using others as means to our own ends, after enduring being used as means to other's ends...etc etc...Virtual karma, where we reap what we sow, is another aspect of it.

But when will you learn? Being Vegan means refusing to enjoy a benefit or satisfaction, a pleasure or relief, that comes at the price of another sentient being's pain. Its all about the golden rule. And defining ALL other sentient beings as 'others', and not just your own tribe, family, nation, ethnic group, religious group, 'artificially defined 'race', etc...

Like D.H Lawrence, and Teal Swan, I suspect the plants to be the superior beings on this planet...think about 'The TREE of life', 'The FRUIT of the TREE of Knowledge', Ydgrassil and Odin hanging there, sacrificing himself to himself, exactly as Jesus is said to have sacrificed himself as the son, to himself, as God, hanging from a tree (in most gospel accounts), and the Mayan 'first father' who sacrificed himself, with his body becoming the roots of the tree of life, and his soul the branches...watch someone meditate, then look at a plant...tell me what beings on this earth 'SERVE OTHERS' more than plants? How happy are most people? Are you still so sure that humans are the be all and end all of life on this planet? What do you think someone who was NOT a member of this species would see us?

Happy Next Lives

When you are not free to challenge what you are told, then you should ask even more questions. My question to you is 'Cui Bono'. In other words, if the Holocaust did not happen, why would the Allies and Zionists fake it? Would you find the Allies firebombing of civilians, then machine gunning of survivors and emergency relief workers more or less 'acceptable' if the Germans were simply fighting like any other nation of the time for their survival and prosperity? Do you realise that the horrible sounding 'Final Solution' was in fact an agreement between Germany and the World Congress of Zionism ... How many Jews would have left their snug, upper middle class situations in Germany to move to Palestine, to do manual labor, without being forced to? Can't you see that the Zionists benefited most from the Nazi laws? Do you realise the Zionists and Nazi's had an agreement in the 30s under which tens of thousands of Jews emigrated, along with their wealth, to Palestine? My question is 'why is it criminal to demand people back up their allegations' ? Since when was it a crime to be scientific? Well of course since the Dark Ages. I don't know what did happen, I know what didn't happen. What we are told by a few people did not happen. It is very challenging to try to find out the truth, given all the torture, lies, propaganda, fabrication, and completely disproportionate power of Zionists today....If you don't realise they own all the mass media, and most of your political representatives, then that is where you will have to begin your journey...for you are living in the Dark Ages still. If you think it does not matter that people are persecuted for asking questions, then read my book 911, five minutes to midnight? while you still can.

Greetings to the new masters of Earth...The Priests of Aton...(N.A.T.O.)..the children of Zion (the sun) ... a.k.a the Zionists...May you be the bridge to the new Eden on Earth...and may you find a productive and rewarding task for people like me to perform grin emoticon ...

Most people are walking at a few k.ms an hour...to get them 'up to speed' to be able to comprehend TROONATNOOR is a really difficult, frustrating task...all I can do is keep writing...I cannot make anyone read...only the false prophets ever had the power compel people to listen to them...today the mass media are the all powerful vehicle for the false prophets...all the other true prophets can only hope, like Buddha, that 'some will understand'...I realise I am asking you to go from zero to 100 'real quick', to quote that recent song...and most of you are not up to it, emotionally or intellectually...it is the emotional resistance that is the
greatest...who wants to admit they are an opportunistic, unprincipled, selfish, greedy monster? Only those who do this are capable of becoming the 'bridge' to the future sentient beings who will (return?) bring about the new Eden...the new 'gardeners' who will take care of this earth, and all sentient beings who dwell in it...will the Zionists be good gardeners? They certainly have proved they can manipulate everyone, and gain absolute power...but what are their true intentions? Are they motivated by holistically enlightened good will towards all life, or just another bunch of opportunistic monsters like the rest of the non-vegan human population? I think we are about to learn the answer to that question grin emoticon http://www.amazon.com/s/ref=nb_sb_noss...

Eichmann was doing deals with the Zionists in Palestine in the 1930s, for oil...and intelligence data...The Zionists definitely benefited from the expulsion of Jews from Germany...they needed to motivate the Jews to come to Palestine to set up Israel...and 35 Billion dollars in 'compensation' helped too...I doubt most of what is claimed by Jews about death camps...they have no historical evidence at all...AT ALL....only people claiming they were victims...and eyewitnesses...today I am pretty sure the camps were labor camps, that there were no mass exterminations...and that the Nazi's were doing the work of the Zionists...who actually did finance Hitler...and provoke the German backlash against jews by declaring war on Germany in the 1930s, and imposing a boycott on German goods...My mind is truly open to any compelling argument or data...please read my book '911: Five minutes to midnight' for a holistic overview of zionism in the past and today...If it does not shock you, then you have no nervous system...if it does not motivate you to question, then you have no grounds to complain when you are the next victim of zionism...maybe they are going to put in place something very like my own 'Eden Protocols'...read my books to discover more...while you are free to grin emoticon http://www.amazon.com/Minutes-Midnight-Markus.../.../ref=sr_1_3...

These latest attacks will all be part of the same cycle...C.I.A Mossad...It is time to inform yourself, or accept the consequences of your inaction...I cannot educate those who wish to remain ignorant, unjust, and blame everyone else but themselves for the way the world is grin emoticon

teach people how it is possible to use Zyklon B hundreds or thousands of times, and have no residue left behind grin emoticon only if you want the German police 'dissappearing' you of course...taking you back to Zionist Occupied Germany and dumping you in a concrete box for life ... Hmm...maybe that is why
we don't get to hear much from the scientific community about the impossibility of the claims made about a 'holocaust' during WWII?http://www.amazon.com/Minutes.../dp/B016BNWP3E/ref=sr_1_2...

I used to wonder how people could get into my car, I mean after I had already driven them somewhere grin emoticon Don't worry, our New Zionist Masters will solve that problem...no private cars for the few of us left surviving after they've decided who should live and who should die grin emoticon happy next lives grin emoticon

Hope I get this new book finished before I am 'disappeared'...I am so sorry I am no superman...all I can do is think and write...maybe in another dimension / life this will all have made a difference...but isn't it a beautiful thing to have tried to do good? Despite being doomed to failure? What else could you describe as more beautiful?

Is appealing the decision of the Supreme court, in favour of free speech, a sign of 'good neighbours' or supreme arrogance and self-idolisation? And Jews complain they are seen as arrogant? Seeking to impose their laws, their Talmudic laws, in which Gentiles have no legal rights, upon the nations that welcomed them as immigrants? What other group in the world attempts to impose its will, as a tiny minority, upon the democratic majority? In every nation where they live? What other group would expect to get away with that? https://www.youtube.com/watch?v=jhLvdGbLS4

Germans and Arabs, and all peoples oppressed by the Zionist Propaganda aimed at defaming and disempowering all non-Zionists, must unite to defend freedom of speech, freedom of historical investigation, freedom of the mass media, and the abolition of laws preventing freedom of investigation, reporting, and expression. Free Germany and Palestine of the occupational powers and return sovereignty to the Germans and Palestinians.

Markus H Rehbach Will will not accept Talmudi Law, which states that only Jews have legal rights, and everyone else is mere 'cattle' with no legal rights. We welcome Jews everywhere to participate in our societies as equals. But we will not be slaves. We will not accept anyone as our masters.

On June 25, the Israeli newspaper 'Ha’aretz' published a story that confirms that Israel is deliberating 'milking' the 'Holy Cow' called 'The holocaust', exploiting German feelings of guilt, with no intention of ever forgiving, forgetting, or ending their continued demands for compensation, long after Israel accepted an astronomical sum as 'the final settlement' for 'reparations'.

At a recent press briefing for Israeli journalists at the Israeli embassy in Berlin, Germany, embassy spokeswoman Adi Farjon clearly stated for all to hear that it was in the Israeli interest to maintain German guilt feelings, in order to take advantage of their goodwill and sympathy.

The Israeli Foreign Ministry in Jerusalem tried to argue that the comments had been 'taken out of their broader context and deliberately distorted in a way that alters their meaning.' However the Israeli reporters who were present and reported on the conversation they overheard were certainly aware of the context and understood the intended meaning.

What was more honest was Ms Farjon's own response, which was to more or less say that her comments were for Israeli ears only, and were never 'meant to get out'.

Eichman called Dr Wilhelm Hoetl story nonsense...had claimed Eichman had once told him that 4M Jews killed in camps, and 2 million elsewhere...

SS defined as criminal organisation, therefore membership made you a war criminal... 683 of Auschwitz workers tried in Polish courts...Since end of WWII official IRC International Red Cross and East German govt figure indicates total deaths at all camps at 272,000 (IRC) and 282,000 (East German govt) respectively...including all prisoners of Nazis incl. homosexuals etc... in 2007 IRC noted that suffering took place under German occupation...but no comment at all about 6 million Jews...though Miles Lerman, Chairman of the Holocaust Memorial Council (1997) claims that 'Red cross workers are the most credible witnesses to these crimes'...

2,281 Jews a minute would have to have been murdered during WWII...one Jew every 30 seconds... mid 1943 first gas chamber said to have been built in Auschwitz...Jews own almanac shows an INCREASE in Jews worldwide over course of world...Around One million Jews claiming benefits...i.e survivors of holocaust...which would mean that if one million alive in 2000, in 1945 3.75 million survivors in 1945...in 2004 Israel claims 1,092,000 meaning 5118000 survivors in 1945...by 1956 400,000 claims settled, by 1965 3,375,000 'survivors' claiming benefits... 35 Billions in reparations paid out after WWII by West

The president of Iran in 2009 noted how this is the only story in history that the 'victims' will not allow any investigation / challenge to their story...

1.2 million gassed and burned in Auscwhitz...only 'evidence' is testimony of 'survivors' i.e supposed victim as only evidence of crime? ...Auschwitz gas chamber that stands today 7m by 30m... 2 or 3 SS got 2000 jews into gas chamber in one go, lined up like sardines in a can...flimsy wooden doors...then elevators with maximum capacity of 300kg...would take 280 trips of 7 bodies, which means no way Auschwitz could have 'processed' 1.2 m...Russians stated 4 million figure at end WWII...HOetttl said 2.5 million died in Auschwitz...later said this figure too high...later even Jewish historians revised downward to 1 million... No official number of jews killed anywhere...just claims...

15 crematoria found in Auschwitz...takes about an hour per body today...would have taken one week to dispose of 2000 bodies...we are told 2000 killed and cremated at a time...6 days later still have bodies to burn...cremation would hold up gassing by a week... Dario Gabbai says it took 20 to 30 minutes to cremate 3 to 4 bodies...completely impossible even by most modern high temp technology...would take about 4 hours at best...

crematorium only operating for 18 months, from spring of 1943 to November of 1944...
Holocaust museum admits that hospital, swimming pool, theatre, soccer field...gas chamber was for delousing, and crematorium next to hospital...not one case of death by poison gas was ever found...typhus was widespread problem during WWII...it was spread by lice...so delousing facility was built...Zyklon B used to delouse clothing...typhus epidemics during WWI and WWII...victim wastes away, emaciates...Gas chamber designed as shower room actually delousing chamber...'Fumigation cubicles'...typhus spread in December 1944 in last months of war, e.g. 35,000 died in 2 months, Birkenau gassing of sick prisoners...Tesch u.Slabenow...Zyklon B founders hung simply because lots of Zyklon B found at work camps...assumed more than necessary for delousing...

Zionists collaborated with Zionists, who wanted to found Jewish nation i.e therefore glad Hitler was expelling Jews from Europe, as would lead to pressure for Zionist homeland i.e push / pull refugees to Israel...collaborated with Eichman himself before and during war...as in their mutual interests...zionists offered Germans help in middle east e.g with oil, and intelligence...

British, in 1916, promised Zionists Palestine, in return for bringing U.S into WWI...at first U.S pro German as German ancestry...Jews against Russian Tsar...so banking Jews refused to finance France or England i.e allies of Russia...poured money into Germany to defeat Tsarist regime...then Britain offered deal of palestein in return for complete media propaganda against Germans etc Wilson declared war on Germany...all Jewish push...U.S sucker into WWI by zionists, so they could get Palestein from British...Zionists then demanded Britain give written contract i.e quid pro quo...Balfour declaration...promise to pay Zionists...
what had agreed upon as consideration for getting U.S into war...it was U.S that
turned tide of war...at paris peace conference in 1919 117 Jewish delegation
headed by Baruch...Jews cut up Germany and parcelled out Europe...produced
Balfour declaration...Germans got to see why U.S entered war...Germans realised
defeat and reparations was all part of Zionists plan to get Palestein...Up until
then Germans Rathenau, et al Warburg biggest merchant bankers in world...etc
Jews doing great in Germany...realised had been sold out by Jews...and then
reparations and theft of Rheinland...Germany had given refuge to Russian
communists after failed revolution...then jews sold Germany down the river to get
Palestein...intercession of jews admitted by jews i.e they were responsible for
U.S involvement in WWI...Germany threat to British dominance...better
products,
lower prices, more powerful navy...no reason why allies decided to attack
Germany...Germans resented being sold out by Jews...but did them no harm...Jews
of world met in Amsterdam in July 1933 and demanded Germans fire Hitler and
reinstate Jews to their positions in Germany...in 1917 communists took over
German govt. for 3 days...Kaiser had fled to Holland, as feared communists, and
same death as Romanov's at their hands...German mark devalued, World
conference
of Jews in Amsterdam...July 1933...declared a holy / sacred war/conflict against
the Germans...worldwide boycott ... germany dependant on exports, as 2/3rds of
german food supply had to be imported...if could not export, then could not feed
majority of population...Jews declared August 1933 economic boycott on
Germany...succeeded...up until then no Jew harmed, only displaced from high
status positions...Jews declared war on Germany...economic warfare...huge
threat...would starve germany to surrender to dictates of jews...1938 German
Embassy official in paris shot by a Jew, lead to outrage in Germany...WWI, wW

Australian gun control law cost taxpayers over 500 million, as over 640,000 guns 'bought back' after being outlawed...note historically such 'disarming' of the population has been followed shortly after by mass genocides...by own govt....after that violence INCREASED...e.g 3.2% increase in violent homicides, 8.6% increase violent assaults...44% armed robberies...!!! in year after banning automatic weapons etc

violent crime / murder in U.S down over 50% since 1992...but Obama claiming 23

executive orders for gun control necessary due to exploding violent crime rates!...and compared to England and Wales, violent crimes over 350% higher than

U.S, and homicide rate almost the same...and very strict gun control in U.K!...

Second amendment right to bear arms...gun control does not lead to increase in public safety...criminals have access to guns, while peaceful citizens left defenceless...

Already over 700,000 U.S citizens have signed referendum to secede from U.S ...

Texas govt. state laws AGAINST anyone trying to enforce obama's orders i.e to disarm a texan...i.e in defense of second amendment right...
The mass killers were all on, or had been on, some form of medication...all of which, clinical trials of the product showed, can result in violent mental states...often pharma companies successfully sued by victims...'homicidal ideation' official side effect of the drugs...incl. anti-depressants, prescription drugs...statistically thousands of users will experience homicidal ideation as result of use of highest prescribed drugs...

So the Zionists, financed by fabulously wealthy / powerful Jewish banking families in the U.S e.g Rothschilds, Warburgs, etc financed Hitler, provoked Germany to anti-semitism by declaring war on Germany / trade embargo, and ensuring that the Nazi's got into power, and persecuted the Jews, making their lives difficult, and giving them a motivation to want to leave Germany, and set up a new Israel in Palestine. The Zionists also ensured that no third nations would accept German / European Jewish immigrants at same time. I have not seen any historical evidence that Jews were murdered in any greater numbers than any other group at the time i.e opportunistic expression of malice at such times against any disempowered group by bullies etc to be expected among the malicious, envious, nasty fuckers of the world...mobbying..victimisation, abuse of power...the camps were work camps and the Jews well treated, as financed by the Zionists...and most Nazi officials even kept Jewish families in their own homes (as insurance they said, but probably more than that)...Hitler gave his favorite Jews 'honorary Aryan' status, including the philosopher Bergson...this is not the expression of fanatical anti-semitics...the whole 'fanatical anti-semitism' was for the media and the
masses...but at no time were the masses incited to kill Jews... HOWEVER while
the
allies carefully avoided bombing U.S subsidiaries of companies like Ford in
Koln,
they made no effort to spare the supply lines that were feeding the camps...So
many people died of dysentry, cholera, malnutrition, as did many Germans... The
Zionists then had Nazi officials tortured to gain 'confessions' ... this is
documented...leading U.S and British war leaders like Fieldmarschall
Montgomery
were appalled at the treatment of German military leaders... The Zionists hoped
to forge some solidarity among the European Jews, and now used the opportunity to
falsify huge lies about a 'holocaust', in order to motivate sympathy among the
world's leaders, and a motive among world jewry, for the establishment of a new
Israel in Palestein...they succeeded...the rest is history, though never taught
in any history lesson :D  Absurd notion that Germans would throw old men in
wheelchairs off balconies, then shoot families, in the Warsaw Ghetto...for what
gain? i.e in movie 'Piano' etc...Jews had their own restaurants in Ghetto,
alcohol, drugs, whatever, while their poor starved!...

Transfer agreement in 1933...foundation of Israel by immigrants from German
Jews,
allowed to leave Germany with their assts...Goebels struck medal to
commemorate...swastika on one side, and star of david on other...in return for
Zionists calling for end to Jewish embargo of German goods...

Yiddish an offshoot of medieval German in 10th century...Jewish music does not
empahasise harmony...ritual/religious/liturgical/devotional music almost
entirely unaccompanied vocal chants...modes and melodies...

Spielberg would not allow Phillipines govt. to take nudity / sex out of film...and U.S schoolchildren taken to view it, and told it is the truth...complete Hollywood 'cut-out nazi's'...corrupt, violent, without redeeming values...taking history students to see film based on novel...i.e fiction...'this book is a work of fiction...products of the authors imagination...' Any resemeblance to actual events...is entirely coincidental'...schoolchildren being told it is truth / history ... U.S Governors decreeing that students must see film...as educational material...Book won awards for fiction, not non-fiction / history...

Guy who stabbed tennis player Monica Selenes...got off on time served...vs 5
years for challenging holocaust fiction...

17 countries now have thought crime laws where you cannot express a politically incorrect opinion...in early 90s David Cole was left alone by authorities...a revisionist Jew threw them a bit...today David Cole fearful of travelling to Canada, Germany, or France...

25,000 bounty put on Cole's head, by same group had beaten him up three times in L.A...in 1998 paid off Jewish Defence League with 2200 dollars and a letter of apology...head of JDL Irv Rubin, who had said 'An evil monster like David Cole does not deserve to live on this earth'...accepted...brutal but honest...anti-defamation league more snake-like...brutal and vicious but honest...he wanted 5000 but accepted 2200...did not want to die...aged 27...head was murdered in prison years later...

Cole was always 'called' on stuff, whereas the Zionists could say any junk and no-one would call them on it, just let them get away with outrageous statements / vagueness etc

Ended up getting work as historical consultant on historical documentaries and then mainstream hollywood films...used name David Stein...learned so much working on 'other side'...people began admitting things to him that he always knew...e.g D'Achau liberation...army claimed had found gas chamber...corresponded to trip of U.S senators to Munich to tour D'Achau...wanted to tour the gas chamber...P.R photos taken...most open secret that Dachau gas chamber is phony...U.S army took normal shower room and re-designed it to present it as a gas chamber to the
visiting congressmen and senators for a photo-op... Senior rep of ADL Boston 'what a shame that we still have to defend that stupid gas chamber built by army, but if we admitted the truth it would empower the deniers...no internet yet, so few people knew Cole, or what he had written earlier...once youtube came around Cole's old stuff appeared on Youtube...unique voice...but in 88/89 no-one knew who he was...since has been 'outed' has converted his old analog film to HD...in 1991 Auschwitz used camcorder...now uses 'final cut'...he never had opportunity to speak freely...someone else always editing his interviews...editors changed things...rarely got his own words across in his own way...60 minutes edit 2 hours down to 5 minutes, and totally misrepresent...e.g edit out nodding from 30 minutes before, and make it look like he is nodding in response to question 'is the holocaust a myth'...cut to him nodding vigorously to a totally different question...he complained...was told he was free to sue them...but as David Stein accepted / lauded / feted by neocons and media as working on mainstream holocaust films as 'historian' / researcher / editor...General conservative politically...just happens to be holocaust revisionists...so was active in Republican party / popular...but did work on films felt were 'complete hokum'...was outed against his will a year ago...but once outed, due to internet, had no choice but to return...an ex-girlfriend who he had supported for 5 years, he left her and stopped supporting her, she turned on him...outed him in anger...after 18 years as Stein...did not chose situation...pretty quickly was offered book deal...'Republican party animal'. Is definitely still a holocaust revisionist, though some have portrayed him as having accepted official version of WWII. Says Jews were killed. Some commandants bad...investigated by SS and removed from command and arrested...bad stuff was going on...jews were murdered...but question is was there an overall extermination policy, or just case by case, many thousands in total, killed in different operations...Meideneck
etc not extermination camps...work camps..internment camps...Alsace Lorraine
100
jews gassed by queer nazi scientist, only documented case...

Ernst Zundel put on trial for being Holocaust revisionist...first law 'false news law' ... originally written to punish town cryers who used their position to spread false news...e.g 1820 Canada spreading gossip etc...back to year 1275 inherited law from England....he was publishing pamphlets...but govt. allowed him
to mount a vigorous and free defence...so turned out to be a mistake for holocaust lobbyists...lead to cross examinations under oath...second trial under hate-crimes laws...Zundel allowed to call people to the stand...survivors and 'experts' had to testify under oath...the result of those trials in 1980s was boon for revisionism...disaster for holocaust lobby...e.g witnesses admitted under oath had never seen gas chambers, had only heard about it from others...that no evidence for hitler's order to exterminate jews, one disaster after another...guilty verdict dismissed...both times...transcripts from trial...historians had to admit they themselves were revising their own previous books / stories...folded / wilted when held accountable for perjury i.e had to be more honest in court than could get away with in general public...clear that so-called 'experts' did not know what they were talking about, and the so-called 'witnesses' had not witnessed anything themselves...only 'heard' of from someone who had heard it from someone, who claimed to have witnessed it...HOlocaust lobby
had millions at disposal ... Lippstadt-Irwing trial was defamation case...david
irwing...made tactical error...defamation easier to win in U.K... Irwing's case against Lippstadt was about defamation....claimed he had been defamed as 'racist'...Lippstadt won as Irwing could not prove case...case was about whether Irwing was defamed or not...82 and 88 Zundel cases...crown lost both cases...won initial verdict, but supreme court overturned both convictions...Germal Rudolf
doctoral candidate in Stuttgart was asked to do a chemical analysis of supposed gas chamber... he published his results, then found himself being prosecuted... in Canada Zundel was allowed to defend himself... but in Germany Holocaust revisionist never allowed to argue actual innocence... only 2 defences allowed... insanity... or beg for mercy / low sentence... Chemist... scientist... put on trial for his chemical analysis report... he was not allowed to use truth/facts/data/evidence to claim he was innocent... total joke/nightmare... assumed Holocaust fact... any challenge is criminal... can even be imprisoned for lawyers to mount a defence for their client... Alice in Wonderland nightmare... no defence possible... lawyer will be sent to prison for doing so... Zundel himself used to believe in Holocaust believed... put on trial for questioning Holocaust... for publishing false news i.e. lying about truth... i.e. once believed, now informed... like no longer believed in Easter bunny... change positions as mature... moved to Canada... set free from demon lie of Holocaust... no one knows how many Germans or Americans died... THE Holocaust vs A Holocaust... Christians murdered by Stalin and China e.g. 30 million... Nagasaki/Hiroshima/Tokyo... even German bombing of ST. Petersbourg, and Dresden... German and French army used trains to move people via cattle cars... soldiers and civilians... freight cars... we don't ship cattle all over Europe... so even that term is deliberate... little ghetto boy with German pointing pistol rifle at... real story told by boy himself (actually two different Jews claim same) that it was a German police raid on a black market... was questioned, and allowed to go without any harm... Deportations of mothers with children... was so as not to traumatise the children or mother i.e. not act of cruelty... aim was deportation not extermination... Hitler admitted it was cruel to force people to leave Germany, Europe, but no intention of killing... all German installations had crematories... was preferred method... and necessary due to
typhus etc i.e body buried in earth, typhus gets in ground water...mass burning of bodies ... sondercommandos took bodies out of graves and burned...but in early part of war, before crematories built... the chimney with fire burning and ashes, and smell of burning, billowing smoke and burning flame...since 1867 no smell, flame, smoke...just a simple factual lie...crematory health issue...commandants own wife cremated after typhus death...Hollow pillar in Birkenau gas chamber...museum display...school kids impressionable minds set up with images...porous hollow pillar? ... blatant lie...in photo nazi pouring zyklon b down...they are in fact solid, concrete reinforced... bulldozer pushing dead bodies...it is U.S bulldozer driven by British soldier...so bodies recent...in Bergen Belsen 1000s of inmates died after ...1500 after allies took over camps...Allies paralysed train network...food supplies broke down...fed prisoners last ... all victims of tragedy of war...43 bodies in photo...could have found 43 bodies on any street corner...Ernst Zundel anti-war, pacifist... (neo-nazi?)...skin and bones bodies...Eisenhauer commissioned film...skinny inmates being held up by healthy inmates, so why one skinny? typhus, not malnutrition i.e not starved to death...otherwise how could other campmates be so healthy looking?...Invoices for Zyklon B...insecticide / fumigants for railroad cars, ships, bedding, clothing...largest number of invoices exist in military archives of German army...to exterminate own soldiers i.e more invoices exist for camps where noone has ever claimed any jew was sent let alone gassed...Zundel imprisoned in Canada also...Gas chambers are an american idea...no country outside U.S had ever any history of gas chambers...never used in Germany...Auschwitz in Poland...500,000 visitors per year enter gas chambers through thin wooden door with glass panel...such dangerous gas...'all in the original state' was what visitors were told before Zundel's trial...after admitted it was built after the war i.e NOT in original state...fumigation
chambers to kill lice...has solid door, exhaust ventilation...gas chamber in U.S in maryland looks like the german delousing chambers... 40 foot high stacks for venting the gas after executitons...e.g death house in missouri...but SS restaurant / hospital across road from...so clearly propaganda i.e lie... today 6 million (do we go to jail if claim 5.5 million?)...one time was 21 million...Jewish witness in 1945 claimed 8 million...magical number of 6 million...Auschwitz after his trial changed the tablets from 4 million ... pope prayed for and blessed 4 million...one year after his trial the tablets had been cleared i.e statement removed...now 1 to 1.5 million claimed to have died there...hurts him to be called a hate monger...I'm not a Nazi...I'm a truth monger...has said that certain aspects of hitler's policy were good for germany...that is extent of his support for hitlers...DAvid Cole and he made film..reconciliation film between germans and jews...his house bombed, he was beaten...2 to 5 year german prison sentences of holocaust skeptics...fumigation chamber looks like U.S gas chambers...supposed german gas chambers a total joke...would have killed all the SS working anywhere near the buildings...so toxic, explosive, flammable...look at care taken in US executions...guards not allowed anywhere near...and 40 foot exhaust stack on ceiling to ventilate / exhaust...across road from SS canteen and hospital...and 60m down road from SS commandants own living quarters...brick chimney next to it was built by soviets...it is NOT in the allied aerial photos ... it is not even connected to anything...just a chimney built from the road up...you'd be jailed for simply kissing a jewish woman, no way ss guards would have sexually interacted with jews...

Terrorists attacks in Paris a few weeks before meeting on global carbon tax led to protests being 'banned' due to 'security' concerns? Just by chance?
If there were no gas chambers...then what was the holocaust? You do not deny...anti-semitism was visceral...200 million dollar museum without any proof jews were killed in gas chambers, though entire museum based on this premise...they've even invented a new gas chamber...that may have been near Giessen...!!...that is their best response...Donahue...Hitler didn't try to kick POles etc out of europe??? really? ...this is only historical even in history that it is taboo to question...Donahue's response is that we restrain selves from inflicting even more pain on Jews...poor things have suffered enough...i.e THAT is reason for taboo...David Cole, Jew, made film about camps...found no evidence of gas chambers...i.e buildings claimed to be gas chambers can be viewed / tested i.e 2 sites...Aushwitz-Birkenau delousing camps show clear blue staining...all agree these rooms used for delousing...does not exist in any of the supposed gas chambers...with doors that don't lock...latches on inside and outside...physical evidence...same in Austrian and in Polish latches on inside...in 1994...Cole forced into hiding next year, threatened to assasinate him...Irv Rubin Jewish Defence league...put a hit out on David Cole...years later indited for planning to send bomb to U.S congressman...commited suicide in jail...Donahue joked 'you're a real Columbo David' i.e insulting / condescending...'how old are you?' ... glass windows without any bars...plate glass...no cover'' Donahue 'were you barmitzvah'd' .. you claim Ernst as a friend? no, he never did, he met him twice....Donahue tried to make out they were friends and both neo-nazis'...

donahue 'you claim that 6 million did not die...' though Jews in fact revised it down to 4.1 million, then lower...i.e 4 million was written on plaque before 1990 now 1.5 million i.e 2.5 million less...so where did they die...later officially revised down to 960,000...
Deniers? Revisionists? skeptics? Woman on show claimed taken to Auschwitz with mother and sisters who were killed (died?)...how did she survive? Why did so many survive? SS had no bullets?

Donahue understood museum would not 'honor this sort of thing with their presence' waving his hands dismissively...i.e weasel out of fact that museum would not offer what reasonable to expect i.e answers to questions...

Zionists argue 'huge orders of Zyklon B’...pile of cans on display at auschwitz...very small number...cannisters...premier pest control agents present at most KZs including those not claimed to have had gas chambers...

Today only claimed 6 camps in poland had gas chambers...originally claimed 22 including in Austria and Germany i.e in West...these open to anyone to view, whereas the polish ones were in U.S.S.R...

HOlocaust supporter claims only 5% of Zyklon B used by Nazi's...rest of 95% used for de-lousing i.e famous book author admits self i.e jean-Claude Pressac 'Auschwitz:Technique and operation of the gas chambers', which claims to 'prove' gas chambers operating etc ... i.e states this himself ... completely explains 95% of 'why so much Zyklon B gas ordered by SS'...!!! Zionists try to spin / deflect i.e that skeptics focussing on what cannot prove...shift burden of proof?...Donahue calls David member of 'fringe group'...he reminds that he is not member of any group.... burden of proof not on us to prove it happened...we have established that...it is up to them to prove it didn't happen... door closes in...but guy says ss could have put boxes up against door...you don't need a lock to close a door...
donahue biased...but 'confuses me why more people don't respond to skeptic's claims / questoins...

Zionist who deigned to respond ...'an absence of evidence is not evidence something didn't happen' !!!

donahue showed footage of typhus victims ...allied psych warfare operation in Buchenwald...Allies piled bodies up...got a german jewish film maker Billy Wilder
to make a propaganda film to de-nazify germany...

Historians don't think 'Brausebad' footage shown ever used to kill anyone...pellets are never 'pumped in' as gas...

'Holocaust memorial archives'...Donahue completely side-steps question by referring to dead bodies as victims of third reich...i.e assumes bodies Jews...and only ever speak about the jewish victims...Dachau gas chamber shown as
gas chamber was never used to kill people...even Zionist on show admits...Donahue says 'I'm not sure that was Dachau' even though Zionist just admitted fact that that footage of Dachau and it was never used to kill anyone...'Brausebad' ...

Slippery slope as logical fallacy? i.e if one thing overstated / exaggerated / proven wrong, then does not mean that rest of argument wrong / hoax...

David Cole left stage 'Donahue says 'we lost David cole' and everyone in audience cheers...wildly...why?
Pile of eyeglasses, shoes, luggage...(built on false floors!...uniforms,

'Why don't you go' to see camps yourself? audience says to ...

Jews only 1% therefore more significant that so many Jews died...

Donahue thinks holocaust more important because anti-semitism so bad /
dangerous
especially ugly...hatred and fear of jews...especially problematic (though only
1% so why MORE significant)...

audience member thinks museum for all victims...idiot...

'why would you do this to all these people after all this time'...Donahue repeats
in same tone, as if Jews being victimised by questioning the story...'not a lie
that jews used to make soap'...it was just a mistake i.e each time someone proves
lie, he claims its just an advance...not important...

Aerial photos show that no inmate lived close to crematorium as audience
member
claims...i.e 20 feet...as far as I am from you...I smelled 24 hours roast
people... she says soap and lampshades, professor admits not true... she is
questioning his motives...she shows tatoo and audience cheers...100,000 laborers
so used tatoos...7 months in Auschwitz but not exterminated? ... she is alive and
healthy 50 years later...tatoo does not prove murder...or lampshades or
soap...professor wasn't there...i.e jew woman telling professor he is wrong,
though Professor admits was a 'mistake' i.e not deliberate lie...'they burned
bodies in massive graves'...Edith Glick...age 17...mother and 3 sisters...Edith
Glick lived 20 feet from crematorium oven...

when we arrived we were 4 sisters and one brother...separated...I can still see Mengele...1 million plus Jews and she 'saw' Mengele 'he was standing there pointing with his fingers which way to go...separated her and her sister...Josef Mengele personally did this...huge camp..busy man?...Mengele did not want to have a big commotion (the angel of death)...so Mengele made an exception for her family, to avoid a commotion!...they were crying terribly after separating, so he directed my mother back to them...we saw the big flame far away and big chimney that smoke was coming out...her mother and sisters marched towards flame and we never saw them again...but 1800 degree F ...flame about foot to 1.5 feet high, would never come out of chimney 'big flame', nor would it make much smoke i.e only wood does...not bodies...your family are in the smoke already...you won't see them again...Chimney bellowing fire and soot...'there go your parents'...'there were flames until the sky and strange smell...of frying chicken...pointing up to sky...people working in gas chambers told other Jews what they had done / seen...allowed to share information? imagine riots...they kept telling us...people who were working there...told us what they saw after 6 weeks...after 6 weeks these people were also gassed...didn't want any living proof...systematic...so why left to tell tale?

testimony is all third hand...'we need a much more informed organised coalition of historians...to speak to this' i.e to respond /answer...

Last thing professor had worked on was 'shooting down the creationists'...

Donahue called for museum people to stop ignoring 'all kinds of theatre' and
start responding / answering...honor dead with stand-up debate... 'she is very
courageous? thousands of bits of data that prove the holocaust’...

they gave us some kind of sedative/ medication to get them to comply...Edith
claims...we just went where they told us to go...probably I believed they gave
us some kind of sedative, they did give us some kind of medicine...

Josef Mengele...woman calls in...soap, lampshades, I saw it all, and I am a full
blooded german...have no contact with my family cos they are nazis...

my mother was in hitler youth...born in lebensborn near Dachau?...I need
psychiatric care...mengele put me to experiments...he saw soap made from the
people...myth was not from Ausschwitz or Dachau at all...Mengele never
there...lampshades lie only associated with Buchenwald, and mengele never
there......her personally...Mengele was at Auschwitz in Poland, not in
Dachau...and there are gas stoves I saw it...and I'm a full blooded german...I'm
emotionally destroyed so I have to see a psychiatrist...

Donahue asked guest if he believed woman on phone...audience boos and
jeers...professor of history, editor of 'skeptics magazine' i.e against
creationism...even professor admits she claims to have seen lampshades with own
eyes, though Donahue insists she did not make that claim...

Lebensborn ... even museum dispells rumour ... was in fact to care for babies of
SS officers...

I saw the Jewish tortured? Dachau was in Poland, not Germany i.e Auschwitz
not
Dachau...story never claimed Mengele used germans...
myth of soap from anatomical institute near Gdansk, only

lampshade lie associated with Buchenwald, where Mengele never was both myths today rejected by museum ...

'booed when he replied' Donahue denies she said she saw soap/lampshades with her own eyes...just after she said it...

this is a german woman...see even the germans don't deny it...??? one caller with german accent means germans accept???

donahue 'first, you beleive her account' leading question...'that's not what she said' i.e D denier...started skeptic magazine / professor...this is a woman who has seen soap with her own eyes, I think'...this is a german woman, the germans have confessed to doing this, they dont deny it, see even the germans don't deny it'...

University kids being told 'we don't answer those questions because we don't want to 'legitimise' question as 'debatable' i.e just dismiss...don't want to grant questions any legitimacy...no intellectual freedom on this issue...' you give yourself away' Donahue 'incontrovertible fact that jews were massacred because of their jewishness' ...40 million died...a lot of them were jews...so why focus on jews?...all the jews were killed!...

audience...why does it matter to you...why do you care...that they have a
museum...it did happen...how much money you make...what are your credentials to
challeng professors

what do we have to do to remind ourselves that it happened??? Edith Blick
(name
of one of my characters?)

We're working on that i.e answering his questions...i.e no answers to key
questions...just dismissed!

Even the Germans don't deny it?

Historians dismiss that SS were impregnating women etc...

Ernst Zundel jailed in Germany many years...met David in Poland...Ernst Zundel
is
a neo-nazi...

Australia's real estate bubble will collapse when china reduces it's imports of
Australian commodities...i.e over third of our exports go to China, massive
increase last few years...China going into recession...correction...so recession
in australia will pop real-estate bubble...like U.S and British did...rest of
world paused, but did not crash...2008...so reversion back to the mean will be
far greater...

Texas asking for gold back from N.Y fed...it says it won't give it back...maybe
in bits over many years...
False confidence ... expectation interest rates will rise...props up bond market...U.S buys stuff but makes nothing...if interest rates don't rise, which they can't, sooner or later will be clear that no real recovery is underway...dollar will CRASH suddenly... Euro and Yen may also have problems but not so big...

In 1919 Jews claiming 6 million being 'whirled toward the grave' in a 'threatened holocaust of human life'...'The Americaen Hebrew' 31.October, 1919...Newspaper. 'The Crucifixion of Jews Must Stop' By Martin H. Glynn...former governor of N.Y state ...

Talmud states that 'four billion jews were murdered by the romans in the city of bethar' (Gittin 57b)...'sixteen million jewish children were wrapped in scrolls and burnt alive by the romans' (Gittin 58a)

Technically, and for purposes of compensation, if you left Germany after Hitler gained power, and lived in luxury in New York or Sydney, you are a 'holocaust survivor'..!! But bad luck if you are a jew who suffered in a Russian Gulag at same time! You are NOT included in the definition..!

Allies found 3000 tonnes of paperwork...only the Wannsea Protocols...final solution of the jewish question... so-called Nazi documents are fakes written in bad German, and not in standard Nazi documentation style...i.e compare to other NAzi documents...would be laughed out of any unbiased court today, or at time...get a native German to read them...?? later claimed the order was verbal...no-one has ever found any order to kill jews...KZ were labor camps with strict rules...had 500ml coffee for breakfast!, lunch break, 9pm lights
out...dressed appropriate to climate...death penalty for any acts of sabotage, but otherwise 1300-1700 calories per day, up to double the typical german...malnourishment only at end of war...many photos of Dachenau survivors where they look quite healthy and well-fed...taken by allies...not propaganda photos, like the ones shown to the world...de-lousing chambers had good circulation...ground water level close to surface at camps, making cremation necessary, and also fleas and lice...lead to 74,000 deaths from typhus...Birkenau...hair cut, showered, registered, given uniform, sick prisoners sent to hospital, clothing collected and de-loused en-masse...mostly with hot air, but sometimes with Zyklon B...which was used widely throughout the world...to rid ships and buildings of vermin like rats, lice, etc...including U.S and Europe...very prone to exploding...when contacts with solid surface tends to liquify and form a 'prussian blue' color...have to air room for over 10 hours after each use...gas masks only protect for 10 minutes...no trace of the gear you would need to wear to move dead bodies ever found at any camps...Zyklon B GAS is highly explosive, Burns easily, leaves blue residue on any surface it condenses on...smells like mild almond...Ask survivors who claim never saw any gas chambers...

One man's testimony accepted as typical and true description of life/death in Dachau i.e Mr Rosenblum...People came in laughing, and asking where they were...the Jews supervising said nothing, shut doors from outside...2 SS ran up, climbed up on chairs, and threw the Zyklon B through the windows...and immediately we heard the screaming, which went on for maybe 10 to 15 minutes...afterwards opened the two doors on the other side of the yard, and called out to the Jews to pull out the bodies...could only burn about 1000 bodies each day, but could burn up to 15,000 in the 3 pits, 6 to 8 meters long, 2 meters
wide...in each pit they threw in a 1000 people...it only took a few minutes to burn them completely...maybe 30 minutes and they were completely burnt, or partly burnt...there were still a few hands or feet that had fallen to the side, and we had to put them back in the fire...nothing should remain of these people...just a bit of ash! Australian survivor!

Modern crematorium...Average corpse takes 1 to 2 hours to burn...even longer if stored in cold...and bones never turn to ash, have to be ground in a machine...no smoke given off..it is not from the corpses...maybe from the fuel used...coke is difficult to get burning and not effective for crematoriums...if gets damp won't burn at all...can't burn bodies to ashes in pits...no air would get down to bodies / fire...even in house fires and aeroplane fires people don't burn to ash...3 to 4 hours and half a tonne of dried wood to burn corpse on pyre in India...large bones never burn to ash...

camps in marshy/wet areas of poland...water close to surface...so coke powered crematoriums...syntetic oil made from coal...coke is byproduct i.e volatile oil already removed...once furnace fire up take average of 40kg of coke and 90minutes...to burn one body, leaves about 4kg of coke ash, and about 1kg of ash of body including bones...camp archives show exactly how much coke used...75%

water human body so cannot use as fuel to burn other bodies...e.g Birkenau...wet ground, bad weather...delivered in small amounts as no large storage facilities in camp...used to heat barracks, cook etc...641 tonnes enough to burn 16 bodies per day...only enough to burn 2 bodies per day had been delivered...no bone crushing machines, so where are the bone fragments? the pits?

motor oil and ethanol mixture used to burn bodies? Half year in Auschwitz either
frozen, snowing, or raining...

U.S aerial photographs of camps...'underground gas chambers?' crematorium four destroyed by inmates, the russians destroyed 3...no chambers of any gas chambers exist...'homicidal gas chambers' of such proportions as described would need sealed tubing for input of gas, would never allow windows, would need locks...gas would have to be extracted in safe way...supposedly 5 in Auschwitz...not one built as would need to be built...none had heating required to heat Zyklon B crystals, no extraction systems, or any signs of blue stains, many rooms, unsealed doors, eyewitness said krystals thrown through window...but claims chambers underground...no holes to chambers, no blue stains in chambers...rooms were morgues...not gas chambers...holes seen today roughly made, i.e not german engineering...some prisoners claim krystals were thrown down hollow support columns...but no hollow columns, all solid...into chambers...but no sign / evidence...

International Red Cross had observers placed, and Hitler sent inspectors...delegations reported well run hospitals, good food, post offices,

Dachau, Flossenburg, Gross-Rosen, Wewelsburg, Ravenbruck, Sachsenhausen, Theresienstadt. It could be proven that torture had been used to extract confessions and witnesses have lied.

Denial is a reasonable word to use in the sentence...'He denied the laws of physics', but to say 'He denies the Holocaust took place' is not. We are talking about two different situations. The laws of physics, though like all scientific 'facts' will always be open to challenge, and valid skepticism, the notion that 6 million Jews were murdered in Nazi occupied Europe and Nth Africa during the second half of WWII is far from proven by any solid evidence. Perhaps the term 'Holocaust skeptic' is appropriate. So why use the term 'denier'? It is going a step beyond describing the situation, and entering the realm of psychological warfare, and implicitly seeking to undermine the credibility of the skeptic, and cleverly add legitimacy to the as yet unproven claim that millions of Jews were murdered in a few years.

This raises the question of why it is so important to 'send down in flames' and completely discredit anyone who dares question the mass media / conventional history of 'the holocaust'.

Why does it matter that someone might question the official version of history? Is it a fear that if one or two people start expressing disbelief, that maybe millions of people will follow suite? Is it so important that the holocaust happened?
What would happen if the holocaust story turned out to be a fiction? A fake?

This is another way of asking the question, what would happen to the story of WWII if Hitler turned out to be just another world leader attempting what every other country was trying to do, and that is, simply extend his nation's territory and power?

What I am trying to get you to consider is the fact that the Allies committed war crimes during WWII, such as the deliberate targeting of civilian populations with firebombing. Populations that had no military significance. While at the same time leaving militarily important targets, like the subsidiary companies of major U.S. companies like Ford completely unscathed.

Why did the allies allow the use of torture to force fake confessions out of SS officers. Do the 'historians' tell you that the 'confessions' were gained by threatening to deny the family members of S.S officers access to ration cards? That the officers were physically tortured?

Why was it that, as Field Marschall Montgomery, a great British war leader, put it, 'this was the first war in history that made losing a war a crime'?

Do you know that the man who ordered the firebombing of Germany and Japan admitted openly that if the U.S had lost the war, that he would have been charged with war crimes? The same man, Mr McNamara, who later went on to become Chairman of Ford?

Consider the difference in public opinion between firebombing people who had
already murdered millions of Jews, and were in the process of finishing off their
genocide, and that of firebombing people who just happened to be drawn along in
the typical progress of history in another war.

Consider why it was so important at the time to completely defame the German
regime as criminals. Consider why it has been so important to continue that
defamation. Even to the point where Germans, and their leaders, even today
'accept' total guilt for not only WWII, but WWI.

Why has the subject of the history of the Jews in the German occupied zones been
defined as completely 'out of bounds' for any researcher, critic, or challenge?
Can you think of any equivalent period of history that no-one dare question? Any
equivalent 'official story' that no-one is allowed to question?

Why does any government or lobby group feel so threatened by any questioning of
their story? What is it they fear? What are they hiding?

In daily life, do we suspect those who are open to being interrogated, or those
who threaten us with prison and unemployment if we even publicly ask questions
about their dealings?

Why does the German government imprison people for merely expressing their
skepticism, and of deciding that the question deserves their attention?

If the holocaust happened as the Allies and Zionists official version portrayed it, then surely there is no need for such a massive use of force to enforce that
story? Surely the facts speak for themselves? Surely there is overwhelming
evidence of millions of people being murdered? Surely documents? Surely millions of eyewitnesses? There were millions of survivors, we are told. So why are the same half dozen or so 'witnesses' called out over and over again, to repeat stories that have been proven to be impossible?

Consider the value of the holocaust industry...not just the 35 billion or so in 'compensation' already paid out to Jews (when no such compensation has been paid out to all the documented victims of the Nazi regime, such as homosexuals)...consider the value in terms of world public opinion in support of a new Israeli homeland for the 'survivors'...surely we owe them that much???...consider the fear factor and its value in persuading jews all around the world that they were under threat, and needed to move to Israel to protect themselves...Why would millions of Jews who had it good in Europe move to the desert? ... they could not all be doctors, lawyers, academics, film-makers, and communist party officials if they all moved in together...you can't have 6 million 'professionals'...someone has to do the physical, manual labor...who'd give up being an upper middle class German, Frenchman, or Pole to move to a land where they would all have to share the burden of the less desirable work more fairly...

So ask yourself why the most basic of all scientific principles, that of skepticism, of challenging the conventional wisdom, of critically evaluating data, etc...suddenly is no longer allowed...in fact criminalised...

What would happen to the history of the Allies in WWII if it was shown that Hitler was no evil criminal monster, but in fact a brilliant leader who was, like any great leader in history, doing what he thought was best for his own people?
What would it mean for the story of the founding of Israel, if it turned out that the Jews had been treated as well as could be expected in the circumstances, and no worse than any other 'enemy of the state' in Germany? What impact would it have on public opinion in terms of the right of Jews to take Palestine for themselves? What impact would it have on public opinion about Jewish war crimes in the Middle East? What impact would it have on the world's sympathy for Israel and Jews in general?

What would happen, if instead of being considered a special group, with special rights and privileges, the Jews were simply treated as equals among equals?

What other group of people have, in the last 70 years, simply moved into a land that was not theirs by any legal definition, driven out the local populations, and then continued to engage in economic and military warfare?

The Germans in WWII, until the Allies declared war on THEM, only moved their military into lands where Germans were already living, and only because the local governments would not grant them autonomy, or the necessary conditions to survive. E.G the extraterritorial road Hitler requested between the German territories separated by land taken from Germany after WWI and given to Poland, which made it necessary for Germany to invade Poland...or at least no worse than the U.S invading Mexico to get the Mexican govt. to sell the U.S land the U.S govt. considered necessary to the safety/security/prosperity of the U.S...

War crimes tribunals call israel actions in Gaza 'purpose was to punish, humiliate, and terrorise a civilian population'...therefore israel terrorist state...Israel routinely targets civilians and civilian infrastructure therefore it is terrorist state...interviewer kept going on about self-defence Vs terrorism...but Finkelstein called him out i.e how you conduct the war determines if you are terrorist or soldier...easiest efficacious way for Israel is to obey the law...committed war crimes and possible crimes against humanity...just enforce the law, not a radical idea...let's apply conventional laws of war to Israel...this is not my opinion...that is not important...I'm no important moral authority...I'm just guy from Brooklyn N.Y...problem is that the international community does not hold Israel to same laws it holds others to...

N.B that U.S demanded and got an exemption from the international laws regarding war !!! from U.N...i.e it can 'legally' operate outside the laws other nations held accountable to (except its allies of course, like Israel and U.K)

Anyone who has studied history will be struck by Churchill's disastrous persistence in seeking to invade Turkey in WWI, leading to the folly of Galipoli, among other huge, doomed military actions, which Churchill forced through despite the resistance of all his military advisors and acting military chiefs, and all of which proved disastrous. And then to ask who financed the French in the Franco-Prussian war, and why France had adopted such a belligerence towards the very idea of a German nation. The French plan was to dismantle the very idea of a German Nation. Even the great philosopher Henri Bergson, who spouted great ideals of the 'open society' and 'open mind' and 'open soul' was a rabid anti-Prussian, describing Bismark and his policies, in a way that, did you not know were aimed at Bismark and Prussia, you would have assumed were describing Hitler and Nazi Germany many decades later. You see the propaganda has been eternal. Bergson was Jewish. Is that just a coincidence? That the Treaty of Versailles was signed at the Rothschild's own palace? That a hugely disproportionate number of Jews were present, lobbying for the harshest of terms, for that treaty? That that treaty basically dismembered the Greater German Reich,
cutting off huge territories and forming 'new' nations from them, and distributing the remainder in such a way as to ensure conflict, and a new war, would soon ensue? What else could you expect when ensuring that German majorities would find themselves under the control of 'foreign' powers, in fact 'enemies', such as Poland, or under the control of newly formed, artificial nations such as Czechoslovakia, and which ensured that majorities such as that in Austria, that had been seeking unification with Greater Germany for centuries, would be frustrated in their attempts, and set on a course to a new war by the demands of other ethnic groups demanding their own nation states, due to Austria's relationship to the Balkans. The Zionists failed in their first attempt, when Bismark, despite all odds, defeated the French. But the Zionists persisted in formenting the conditions for WWI, and then WWII, which would ultimately produce the non-entity we call Germany today. The holocaust myth was produced to pyschologically weaken future generations of Germany, and the communists ensured that the E.U, and now the transatlantic treaty, would eliminate Germany from the political map. Finally the Germans, the only true threats to Zionist Hegemony, and the Zionists own Global government, what we call 'the new world order', have been completely neutralised. The Germans were traumatised by the Allied war crimes against their civilian populations on a scale only seen in the Allied war crimes against Japan, and the Zionist Bolshevik crimes against humanity in Russia and the U.S.S.R. All of these war crimes were lobbied for, and financed by, the Zionists, to ensure a complete annihilation of the Anglo-Saxon-Celtic-Scandinavian (white european Russian) as a potential competitor, and resistance to the Zionists plans for World domination. The holocaust lie is a continual form of psychological warfare through which Germans are being pyschologically manipulated by that most powerful of all emotions, guilt. They are tapping into Odeipal guilt, and other forms of unconscious guilt, such as that produced by our cruel treatment of animals and other humans, to undermine our self-esteem, and even our very will to live. Our will to reproduce. Our will to power. Leaving a vaccum that the Zionist will to power, and will to dominate, and enslave, and reproduce, has filled.

Today the Zionists employ the most psychopathic, mentall ill, vicious (in terms of vice versus virtue) members of the Anglo-Saxon, Europeans, as their golems...financing their rise to power and then using them to destory and weaken their own people...so that soon the Zionist can step out of hte 'shadows' and announce their formal occupation of the West, and the world...formally announcing that their 'new world order' is here, and we are powerless to oppose them.

Nixon later did deal with Israel to allow it nuclear weapons...'Samson option' = if Israel falls, its enemies will fall with it...Israel F4 bombers with nuclear missiles ready to attack U.S.S.R...between South Africa and antartica, with S.A assistance, Israel conducted nuclear tests detected by U.S, though not made public...S.A wants bomb too...co-operation between apartheid regime and Israel to dev. nuclear program...Hydrogen warheads...S.A already have simple nuclear bombs but want missiles with Hydrogen warheads...secret co-operation...Israel never signed nuclear non-proliferation treaty!...Germans offered submarines after SCUD missile attacks by Hussein on Israel...1999 Germany (mostly) gifts Israelis with submarines equipped with nuclear cruise missiles...i.e Israel pays for half of one sub, total package of 3 subs worth 1 Billion euros...i.e over 800 million euro 'gifted'...Germans 'guilted' into...Germans never admitted...Germans never asked...conventional submarines but nuclear cruise missiles...two more subs later delivered with capacity to deliver nuclear cruise missiles...Israel can today attack and wipe out any target around world...no inspections ever allowed...no public discussion of issue allowed...

A bit of history

'The noble sanctuary' 'Al Aixa Mosque', The blue domed Mosque...built on site Abraham was to sacrifice his son (He was willing but god was satisfied with his
piety, and let him live), then King Solomon built his temple, and King David re/built his temple, then Mohammed ascended to heaven from the spot, in 600s A.D, and in 691 A.D Mosque built there, now third most holy Muslim site...Fundamentalist Christians and Jews consider re-building of temple on site as pre-req. for coming of/return of the Messiah at Armageddon...Eschatological i.e concerning battle between evil and good, and end of the world, return to Eden...

In Mein Kampf Hitler (?) wrote 'If the Jews should ever manage to create their state in Israel, they will not want to go

host nations, and they flee prosecution in their host nations to the only place
from where they won't be extradited'...Hitler name was originally

At Nurenbung Germans Russians tried to blame Germans for Katyn massacre of
c.22,000, including ca 8000 Polish officers...though allies knew at time Russians
did it...

Germans were charged as guilty of crimes that were not previously defined as
crimes...

Nazi's were tortured until they 'confessed'...including threats to their family

Eichman called Dr Wilhelm Hoetl story nonsense...had claimed Eichman had once told him that 4M Jews killed in camps, and 2 million elsewhere...

SS defined as criminal organisation, therefore membership made you a war criminal... 683 of Auschwitz workers tried in Polish courts...Since end of WWII official IRC International Red Cross and East German govt figure indicates total deaths at all camps at 272,000 (IRC) and 282,000 (East German govt) respectively...including all prisoners of Nazis incl. homosexuals etc...

in 2007 IRC noted that suffering took place under German occupation...but no comment at all about 6 million Jews...though Miles Lerman, Chairman of the Holocaust Memorial Council (1997) claims that 'Red cross workers are the most credible witnesses to these crimes' ...

2,281 Jews a minute would have to have been murdered during WWII...one jew every 30 seconds... mid 1943 first gas chamber said to have been built in Auschwitz...Jews own almanac shows an INCREASE in jews worldwide over course of world...Around One million Jews claiming benefits...i.e survivors of holocaust...which would mean that if one million alive in 2000, in 1945 3.75 million survivors in 1945...in 2004 Israel claims 1,092,000 meaning 5118000 survivors in 1945...by 1956 400,000 claims settled, by 1965 3,375,000 'survivors' claiming benefits... 35 Billions in reparations paid out after WWII by West
Germany alone...if 6 million died, and over 3 million survived, then were over 9 million Jews in occupied Europe?.. Huge con job netting zionists and Israel over 35 Billion on and on...

The president of Iran in 2009 noted how this is the only story in history that the 'victims' will not allow any investigation / challenge to their story...

1.2 million gassed and burned in Auscwhitz...only 'evidence' is testimony of 'survivors' i.e supposed victim as only evidence of crime? ...Auschwitz gas chamber that stands today 7m by 30m... 2 or 3 SS got 2000 jews into gas chamber in one go, lined up like sardines in a can...flimsy wooden doors...then elevators with maximum capacity of 300kg...would take 280 trips of 7 bodies, which means no way Auschwitz could have 'processed' 1.2 m...Russians stated 4 million figure at end WWII...HOettl said 2.5 million died in Auschwitz...later said this figure too high...later even Jewish historians revised downward to 1 million... No official number of jews killed anywhere...just claims...

15 crematoria found in Auschwitz...takes about an hour per body today...would have taken one week to dispose of 2000 bodies...we are told 2000 killed and cremated at a time...6 days later still have bodies to burn...cremation would hold up gassing by a week... Dario Gabbai says it took 20 to 30 minutes to cremate 3 to 4 boides...completely impossible even by most modern high temp technology...would take about 4 hours at best...

crematorium only operating for 18 months, from spring of 1943 to November of 1944...
Holocaust museum admits that hospital, swimming pool, theatre, soccer field...gas
chamber was for delousing, and crematorium next to hospital...not one case of death by poison gas was ever found...typhus was widespread problem during WWII...it was spread by lice...so delousing facility was built...Zyklon B used to delouse clothing...typhus epidemics during WWI and WWII...victim wastes away,
emaciates...Gas chamber designed as shower room actually delousing chamber...'Fumigation cubicles'...typhus spread in December 1944 in last months of war, e.g. 35,000 died in 2 months, Birkenau gassing of sick prisoners...Teschner, Slabenow...Zyklon B founders hung simply because lots of Zyklon B found at work camps...assumed more than necessary for delousing...

Zionists collaborated with Zionists, who wanted to found Jewish nation i.e therefore glad Hitler was expelling Jews from Europe, as would lead to pressure for Zionist homeland i.e push / pull refugees to Israel...collaborated with Eichman himself before and during war...as in their mutual interests...zionists offered Germans help in middle east e.g. with oil, and intelligence...

British, in 1916, promised Zionists Palestine, in return for bringing U.S into WWI...at first U.S pro German as German ancestry...Jews against Russian Tsar...so banking Jews refused to finance France or England i.e. allies of Russia...poured money into Germany to defeat Tsarist regime...then Britain offered deal of Palestine in return for complete media propaganda against Germans etc. Wilson declared war on Germany...all Jewish push...U.S suckered into WWI by Zionists, so they could get Palestine from British...Zionists then demanded Britain give written contract i.e. quid pro quo...Balfour declaration...promise to pay Zionists
what had agreed upon as consideration for getting U.S into war...it was U.S that turned tide of war...at paris peace conference in 1919 117 Jewish delegation headed by Baruch...Jews cut up Germany and parcelled out Europe...produced Balfour declaration...Germans got to see why U.S entered war...Germans realised defeat and reparations was all part of Zionists plan to get Palestein...Up until then Germans Rathenau, et al Warburg biggest merchant bankers in world...etc Jews doing great in Germany...realised had been sold out by Jews...and then reparations and theft of Rheinland...Germany had given refuge to Russian communists after failed revolution...then jews sold Germany down the river to get Palestein...intercession of jews admitted by jews i.e they were responsible for U.S involvement in WWI...Germany threat to British dominance...better products, lower prices, more powerful navy...no reason why allies decided to attack Germany...Germans resented being sold out by Jews...but did them no harm...Jews of world met in Amsterdam in July 1933 and demanded Germans fire Hitler and reinstate Jews to their positions in Germany...in 1917 communists took over German govt. for 3 days...Kaiser had fled to Holland, as feared communists, and same death as Romanov's at their hands...German mark devalued, World conference of Jews in Amsterdam...July 1933...declared a holy / sacred war/conflict against the Germans...worldwide boycott ... germany dependant on exports, as 2/3rds of german food supply had to be imported...if could not export, then could not feed majority of population...Jews declared August 1933 economic boycott on Germany...succeeded...up until then no Jew harmed, only displaced from high status positions...Jews declared war on Germany...economic warfare...huge threat...would starve germany to surrender to dictates of jews...1938 German Embassy official in paris shot by a Jew, lead to outrage in Germany...WWI, ww boycott...which made it necessary for Germany to fight its way out...U.S
recognised Soviet union in 1933...communists growing in power...either fight now
or Germany will be destroyed...U.S sending billions to Russia...Jewish controlled
at that time...'History' is the greatest lie ever told'...
NDAA...law suspending habeus corpus...anyone can be arrested, indefinitely, without trial or rights...signed into law ... more or less martial law...just has not been used much YET...

Australian gun control law cost taxpayers over 500 million, as over 640,000 guns 'bought back' after being outlawed...note historically such 'disarming' of the population has been followed shortly after by mass genocides...by own govt....after that violence INCREASED...e.g 3.2% increase in violent homicides, 8.6% increase violent assaults...44% armed robberies...!!! in year after banning automatic weapons etc

violent crime / murder in U.S down over 50% since 1992...but Obama claiming 23 executive orders for gun control necessary due to exploding violent crime rates!...and compared to England and Wales, violent crimes over 350% higher than U.S, and homicide rate almost the same...and very strict gun control in U.K!...

Second amendment right to bear arms...gun control does not lead to increase in public safety...criminals have access to guns, while peaceful citizens left defenceless...

Already over 700,000 U.S citizens have signed referendum to secede from U.S ...
Texas govt. state laws AGAINST anyone trying to enforce obama's orders i.e to disarm a texan...i.e in defense of second amendment right...
The mass killers were all on, or had been on, some form of medication...all of which, clinical trials of the product showed, can result in violent mental states...often pharma companies successfully sued by victims...'homicidal ideation' official side effect of the drugs...incl. anti-depressants, prescription drugs...statistically thousands of users will experience homicidal ideation as result of use of highest prescribed drugs...

So the Zionists, financed by fabulously wealthy / powerful Jewish banking families in the U.S e.g Rothschilds,
Warburgs, etc financed Hitler, provoked Germany to anti-semitism by declaring war on Germany / trade embargo, and ensuring that the Nazi's got into power, and persecuted the Jews, making their lives difficult, and giving them a motivation to want to leave Germany, and set up a new Israel in Palestine. The Zionists also ensured that no third nations would accept German / European Jewish immigrants at same time. I have not seen any historical evidence that Jews were murdered in any greater numbers than any other group at the time i.e opportunistic expression of malice at such times against any disempowered group by bullies etc to be expected among the malicious, envious, nasty fuckers of the world...mobbing...victimisation, abuse of power...the camps were work camps and the Jews well treated, as financed by the Zionists...and most Nazi officials even kept Jewish families in their own homes (as insurance they said, but probably more than that)...Hitler gave his favorite Jews 'honorary Aryan' status, including the philosopher Bergson...this is not the expression of fanatical anti-semitics...the whole 'fanatical anti-semitism' was for the media and the
masses...but at no time were the masses incited to kill Jews... HOWEVER while the
allies carefully avoided bombing U.S subsidiaries of companies like Ford in Kohn,
they made no effort to spare the supply lines that were feeding the camps...So
many people died of dysentry, cholera, malnutrition, as did many Germans... The
Zionists then had Nazi officials tortured to gain 'confessions' ... this is
documented...leading U.S and British war leaders like Fieldmarschall
Montgomery
were appalled at the treatment of German military leaders... The Zionists hoped
to forge some solidarity among the European Jews, and now used the opportunity to
falsify huge lies about a 'holocaust', in order to motivate sympathy among the
world's leaders, and a motive among world Jewry, for the establishment of a new
Israel in Palestine...they succeeded...the rest is history, though never taught
in any history lesson :D Absurd notion that Germans would throw old men in
wheelchairs off balconies, then shoot families, in the Warsaw Ghetto...for what
gain? i.e in movie 'Piano' etc...Jews had their own restaurants in Ghetto,
alcohol, drugs, whatever, while their poor starved!...

Transfer agreement in 1933...foundation of Israel by immigrants from German
Jews,
allowed to leave Germany with their assts...Goebels struck medal to

Guy who stabbed tennis player Monica Selenes...got off on time served...vs 5
years for challenging holocaust fiction...

17 countries now have thought crime laws where you cannot express a politically
incorrect opinion...in early 90s David Cole was left alone by authorities...a
revisionist Jew threw them a bit...today David Cole fearful of travelling to
Canada, Germany, or France...

25,000 bounty put on Cole's head, by same group had beaten him up three times
in L.A...in 1998 paid off Jewish Defence League with 2200 dollars and a letter of
apology...head of JDL Irv Rubin, who had said 'An evil monster like David Cole
does not deserve to live on this earth'...accepted...brutal but honest...anti-
defamation league more snake-like...brutal and vicious but honest...he wanted 5000 but accepted 2200...did not want to die...aged 27...head was murdered in prison years later...

Cole was always 'called' on stuff, whereas the Zionists could say any junk and no-one would call them on it, just let them get away with outrageous statements / vagueness etc

Ended up getting work as historical consultant on historical documentaries and then mainstream hollywood films...used name David Stein...learned so much working on 'other side'...people began admitting things to him that he always knew...e.g DAchau liberation...army claimed had found gas chamber...corresponded to trip of U.S senators to Munich to tour DAchau...wanted to tour the gas chamber...P.R photos taken...most open secret that Dachau gas chamber is phony...U.S army took normal shower room and re-designed it to present it as a gas chamber to the visiting congressmen and senators for a photo-op... Senior rep of ADL Boston 'what a shame that we still have to defend that stupid gas chamber built by army, but if we admitted the truth it would empower the deniers...no internet yet, so few people knew Cole, or what he had written earlier...once youtube came around Cole's old stuff appeared on Youtube...unique voice...but in 88/89 no-one knew who he was...since has been 'outed' has converted his old analog film to HD...in 1991 Auschwitz used camcorder...now uses 'final cut'...he never had opportunity to speak freely...someone else always editing his interviews...editors changed things...rarely got his own words across in his own way...60 minutes edit 2 hours down to 5 minutes, and totally misrepresent...e.g edit out nodding from 30 minutes before, and make it look like he is nodding in response to question 'is the holocaust a myth'...cut to him nodding vigorously to a totally different
question...he complained...was told he was free to sue them...but as DAvid STein accepted / lauded / feted by neocons and media as working on mainstream holocaust films as 'historian' / researcher / editor...General conservative politically...just happens to be holocaust revisionists...so was active in Republican party / popular ... but did work on films felt were 'complete hokum'...was outed against his will a year ago...but once outed, due to internet, had no choice but to return...an ex-girlfriend who he had supported for 5 years, he left her and stopped supporting her, she turned on him...outed him in anger...after 18 years as Stein...did not chose situation...pretty quickly was offered book deal...'Republican party animal'. Is definitely still a holocaust revisionist, though some have portrayed him as having accepted official version of WWII. Says Jews were killed. Some commandants bad ... investigated by SS and removed from command and arrested...bad stuff was going on...jews were murdered...but question is was there an overall extermination policy, or just case by case, many thousands in total, killed in different operations...Meideneck etc not extermination camps...work camps..internment camps...Alsace Lorraine 100 jews gassed by queer nazi scientist, only documented case...

Ernst Zundel put on trial for being Holocaust revisionist...first law 'false news law' ... originally written to punish town cryers who used their position to spread false news...e.g 1820 Canada spreading gossip etc...back to year 1275 inherited law from England....he was publishing pamphlets...but govt. allowed him to mount a vigorous and free defence...so turned out to be a mistake for holocaust lobbyists...lead to cross examinations under oath...second trial under hate-crimes laws...Zundel allowed to call people to the stand...survivors and 'experts' had to testify under oath...the result of those trials in 1980s was
boon for revisionism...disaster for holocaust lobby...e.g witnesses admitted under oath had never seen gas chambers, had only heard about it from others...that no evidence for hitler's order to exterminate jews, one disaster after another...guilty verdict dismissed...both times...transcripts from trial...historians had to admit they themselves were revising their own previous books / stories...folded / wilted when held accountable for perjury i.e had to be more honest in court than could get away with in general public...clear that so-called 'experts' did not know what they were talking about, and the so-called 'witnesses' had not witnessed anything themselves...only 'heard' of from someone who had heard it from someone, who claimed to have witnessed it...holocaust lobby had millions at disposal ... Lippstadt-Irwing trial was defamation case...david irwing...made tactical error...defamation easier to win in U.K... Irwing's case against Lippstadt was about defamation....claimed he had been defamed as 'racist'...Lippstadt won as Irwing could not prove case...case was about whether Irwing was defamed or not...82 and 88 Zundel cases...crown lost both cases...won initial verdict, but supreme court overturned both convictions...Germal Rudolf doctoral candidate in STuttgardt was asked to do a chemical analysis of supposed gas chamber ... he published his results, then found himself being prosecuted...in canada zundel was allowed to defend himself...but in Germany holocaust revisionist never allowed to argue actual innocence...only 2 defences allowed ... insanity...or beg for mercy / low sentence...Chemist...scientist...put on trial for his chemical analysis report...he was not allowed to use truth/facts/data/evidence to claim he was innocent...total joke/nightmare...assumed holocaust fact...any challenge is criminal...can even be imprisoned for lawyers to mount a defence for their client...Alice in Wonderland nightmare...no defence possible...lawyer will be sent to prison for doing so...Zundel himself used to believe in holocaust believed...put on trial for questioning holocaust...for publishing false news i.e
lieing about truth...i.e once believed, now informed...like no longer believed in Easter bunny...change positions as mature...moved to Canada...set free from demon
lie of holocaust...no-one knows how many germans or americans died...THE holocaust vs A holocaust...Christians murdered by stalin and China e.g 30 million...Nagasaki/Hiroshima/Tokyo...even german bombing of ST. petersburg, and

dresden... German and French army used trains to move people via cattle cars...soldiers and civilians...freight cars...we don't ship cattle all over europe...so even that term is deliberate... little ghetto boy with german pointing pistol rifle at...real story told by boy himself (actually two different jews claim same) that it was a german police raid on a black market ... was questioned, and allowed to go without any harm...Deportations of mothers with children...was so as not to traumatisie the children or mother i.e not act of cruelty...aim was deportation not extermination...Hitler admitted it was cruel to force people to leave Germany, Europe, but no intention of killing...all german installations had crematories...was preferred method...and necessary due to typhus etc i.e body buried in earth, typhus gets in ground water...mass burning of bodies ... sondercommandos took bodies out of graves and burned...but in early part of war, before crematories built... the chimney with fire burning and ashes, and smell of burning, billowing smoke and burning flame...since 1867 no smell, flame, smoke...just a simple factual lie...crematory health issue...commandants own wife cremated after typhus death...Hollow pillar in Birkenau gas chamber...museum display...school kids impressionable minds set up with images...
porous hollow pillar? ... blatant lie...in photo nazi pouring zyklon b down...they are in fact solid, concrete reinforced...bulldozer pushing dead bodies...it is U.S bulldozer driven by British soldier...so bodies recent...in Bergen Belsen 1000s of inmates died after ...1500 after allies took over
camps...Allies paralysed train network...food supplies broke down...fed prisoners last ... all victims of tragedy of war...43 bodies in photo...could have found 43 bodies on any street corner...Ernst Zundel anti-war, pacifist... (neo-nazi?)...skin and bones bodies...Eisenhauer commissioned film...skinny inmates being held up by healthy inmates, so why one skinny? typhus, not malnutrition i.e not starved to death...otherwise how could other campmates be so healthy looking?...Invoices for Zyklon B...insecticide / fumigants for railroad cars, ships, bedding, clothing...largest number of invoices exist in military archives of German army...to exterminate own soldiers i.e more invoices exist for camps where noone has ever claimed any jew was sent let alone gassed...Zundel imprisoned in Canada also...Gas chambers are an american idea...no country outside U.S had ever any history of gas chambers...never used in Germany...Auschwitz in Poland...500,000 visitors per year enter gas chambers through thin wooden door with glass panel...such dangerous gas...'all in the original state' was what visitors were told before Zundel's trial...after admitted it was built after the war i.e NOT in original state...fumigation chambers to kill lice...has solid door, exhaust ventilation...gas chamber in U.S in maryland looks like the german delousing chambers...40 foot high stacks for venting the gas after executions...e.g death house in misouri...but SS restaurant / hospital across road from...so clearly propaganda i.e lie... today 6 million (do we go to jail if claim 5.5million?)...one time was 21 million...Jewish witness in 1945 claimed 8 million...magical number of 6 million...Auschwitz after his trial changed the tablets from 4 million ... pope prayed for and blessed 4 million...one year after his trial the tablets had been cleared i.e statement removed...now 1 to 1.5 million claimed to have died there...hurts him to be called a hate monger...I'm not a Nazi...I'm a truth monger...has said that certain aspects of hitler's policy were good for germany...that is extent of his support for hitlers...DAvid Cole and he made film...reconciliation film between Germans and Jews...his house
bombed, he was beaten...2 to 5 year german prison sentences of holocaust skeptics...fumigation chamber looks like U.S gas chambers...supposed german gas chambers a total joke...would have killed all the SS working anywhere near the buildings...so toxic, explosive, flammable...look at care taken in U.S executions...guards not allowed anywhere near...and 40 foot exhaust stack on ceiling to ventilate / exhaust...across road from SS canteen and hospital...and 60m down road from SS commandants own living quarters...brick chimney next to it was built by soviets...it is NOT in the allied aerial photos...it is not even connected to anything...just a chimney built from the road up...you'd be jailed for simply kissing a jewish woman, no way ss guards would have sexually interacted with jews...

Terrorists attacks in Paris a few weeks before meeting on global carbon tax led to protests being 'banned' due to 'security' concerns? Just by chance?

If there were no gas chambers...then what was the holocaust? You do not deny...anti-semitism was visceral...200 million dollar museum without any proof jews were killed in gas chambers, though entire museum based on this premise...they've even invented a new gas chamber...that may have been near Giessen...!!...that is their best response...Donahue...Hitler didn't try to kick POles etc out of europe?? really? ...this is only historical even in history that it is taboo to question...Donahue's response is that we restrain selves from inflicting even more pain on Jews...poor things have suffered enough...i.e THAT is reason for taboo...David Cole, Jew, made film about camps...found no evidence of gas chambers...i.e buildings claimed to be gas chambers can be viewed / tested i.e 2 sites...Aushwitz-Birkenau delousing camps show clear blue staining...all agree these rooms used for delousing...does not exist in any of hte supposed gas
chambers...with doors that don't lock...latches on inside and outside...physical evidence...same in Austrian and in Polish latches on inside...in 1994...Cole forced into hiding next year, threatened to assassinate him...Irv Rubin Jewish Defence league...put a hit out on David Cole...years later indited for planning to send bomb to U.S congressman...committed suicide in jail...Donahue joked 'you're a real Columbo David' i.e insulting / condescending...'how old are you?' ... glass windows without any bars...plate glass...no cover"" Donahue 'were you barmitzvah'd' .. you claim Ernst as a friend? no, he never did, he met him twice....Donahue tried to make out they were friends and both neo-nazis'...

donahue 'you claim that 6 million did not die...' though Jews in fact revised it down to 4.1 million, then lower...i.e 4 million was written on plaque before 1990 now 1.5 million i.e 2.5 million less...so where did they die...later officially revised down to 960,000...

Deniers? Revisionists? skeptics? Woman on show claimed taken to Auschwitz with mother and sisters who were killed (died?)...how did she survive? Why did so many survive? SS had no bullets?

Donahue understood museum would not 'honor this sort of thing with their presence' waving his hands dismissively...i.e weasel out of fact that museum would not offer what reasonable to expect i.e answers to questions...

Zionists argue 'huge orders of Zyklon B'...pile of cans on display at auschwitz...very small number...cannisters...premier pest control agents present at most KZs including those not claimed to have had gas chambers...

Today only claimed 6 camps in poland had gas chambers...originally claimed 22
including in Austria and Germany i.e in West...these open to anyone to view, whereas the polish ones were in U.S.S.R...

HOlocast supporter claims only 5% of Zyklon B used by Nazi's...rest of 95% used for de-lousing i.e famous book author admits self i.e jean-Claude Pressac 'Auschwitz:Technique and operation of the gas chambers', which claims to 'prove' gas chambers operating etc...i.e states this himself...completely explains 95% of 'why so much Zyklon B gas ordered by SS'...!!! Zionists try to spin / deflect i.e that skeptics focussing on what cannot prove...shift burden of proof?...Donahue calls David member of 'fringe group'...he reminds that he is not member of any group...burden of proof not on us to prove it happened...we have established that...it is up to them to prove it didn't happen...door closes in...but guy says ss could have put boxes up against door...you don't need a lock to close a door...

donahue biased...but 'confuses me why more people don't respond to skeptic's claims / questoins...

Zionist who deigned to respond ...'an absence of evidence is not evidence something didn't happen' !!!

donahue showed footage of typhus victims...allied psych warfare operation in Buchenwald...Allies piled bodies up...got a german jewish film maker Billy Wilder to make a propaganda film to de-nazify germany...

Historians don't think 'Brausebad' footage shown ever used to kill anyone...pellets are never 'pumped in' as gas...
'Holocaust memorial archives'...Donahue completely side-steps question by referring to dead bodies as victims of third reich...i.e assumes bodies Jews...and only ever speak about the jewish victims...Dachau gas chamber shown as gas chamber was never used to kill people...even Zionist on show admits...Donahue says 'I'm not sure that was Dachau' even though Zionist just admitted fact that that footage of Dachau and it was never used to kill anyone...'Brausebad' ...

Slippery slope as logical fallacy? i.e if one thing overstated / exaggerated / proven wrong, then does not mean that rest of argument wrong / hoax...

David Cole left stage 'Donahue says 'we lost David cole' and everyone in audience cheers...wildly...why?

Pile of eyeglasses, shoes, luggage...(built on false floors!...uniforms,

'Why don't you go' to see camps yourself? audience says to ...

Jews only 1% therefore more significant that so many Jews died...

Donahue thinks holocaust more important because anti-semitism so bad / dangerous especially ugly...hatred and fear of jews...especially problematic (though only 1% so why MORE significant)...

audience member thinks museum for all victims...idiot...
'why would you do this to all these people after all this time'...Donahue repeats in same tone, as if Jews being victimised by questioning the story...'not a lie that jews used to make soap'...it was just a mistake i.e each time someone proves lie, he claims its just an advance...not important...

Aerial photos show that no inmate lived close to crematorium as audience member claims...i.e 20 feet...as far as I am from you...I smelled 24 hours roast people... she says soap and lampshades, professor admits not true... she is questioning his motives...she shows tatoo and audience cheers...100,000 laborers so used tatoos...7 months in Auschwitz but not exterminated? ... she is alive and healthy 50 years later...tatoo does not prove murder...or lampshades or soap...professor wasn't there...i.e jew woman telling professor he is wrong, though Professor admits was a 'mistake' i.e not deliberate lie...'they burned bodies in massive graves'...Edith Glick...age 17...mother and 3 sisters...Edith Glick lived 20 feet from crematorium oven...

when we arrived we were 4 sisters and one brother...separated...I can still see Mengele...1 million plus Jews and she 'saw' Mengele 'he was standing there pointing with his fingers which way to go...separated her and her sister...Josef Mengele personally did this...huge camp..busy man?...Mengele did not want to have a big commotion (the angel of death)...so Mengele made an exception for her family, to avoid a commotion!...they were crying terribly after separating, so he directed my mother back to them...we saw the big flame far away and big chimney that smoke was coming out...her mother and sisters marched towards flame and we never saw them again...but 1800 degree F ...flame about foot to 1.5 feet high, would never come out of chimney 'big flame', nor would it make much smoke i.e
only wood does...not bodies...your family are in the smoke already...you won't see them again...Chimney bellowing fire and soot...'there go your parents'...'there were flames until the sky and strange smell...of frying chicken...pointing up to sky...people working in gas chambers told other Jews what they had done / seen...allowed to share information? imagine riots...they kept telling us...people who were working there...told us what they saw after 6 weeks...after 6 weeks these people were also gassed...didn't want any living proof...systematic...so why left to tell tale?

testimony is all third hand...'we need a much more informed organised coalition of historians...to speak to this' i.e to respond /answer...

Last thing professor had worked on was 'shooting down the creationists'...

Donahue called for museum people to stop ignoring 'all kinds of theatre' and start responding / answering...honor dead with stand-up debate...'she is very courageous? thousands of bits of data that prove the holocaust'...

they gave us some kind of sedative/medication to get them to comply...Edith claims...we just went where they told us to go...probably I believe they gave us some kind of sedative, they did give us some kind of medicine...

Josef Mengele...woman calls in...soap, lampshades, I saw it all, and I am a full blooded german...have no contact with my family cos they are nazis...

my mother was in hitler youth...born in lebensborn near Dachau?...I need psychiatric care...mengele put me to experiments...he saw soap made from the people...myth was not from Ausschwitz or Dachau at all...Mengele never there...lampshades lie only associated with Buchenwald, and mengele never
there......her personally...Mengele was at Auschwitz in Poland, not in
Dachau...and there are gas stoves I saw it...and I'm a full blooded german...I'm
emotionally destroyed so I have to see a psychiatrist...

Donahue asked guest if he bleiveed woman on phone...audience boos and
jeers...professor of history, editeor of 'skeptics magazine' i.e against
creationism...even professor admits she claims to have seen lampshades with own
eyes, though Donahue insists she did not make that claim...

Lebensborn ... even museum dispells rumour ...was in fact to care for babies of
SS officers...

I saw the Jewish tortured? Dachau was in Poland, not Germany i.e Auschwitz
not
Dachau...story never claimed Mengele used germans...

myth of soap from anatomical institute near Gdansk, only

lampshad lie associated with Buchenwald, where Mengele never was

both myths today rejected by museum ...

'booed when he replied' Donahue denies she said she saw soap/lampshades with
her
own eyes...just after she said it...

this is a german woman...see even the germans don't deny it...?? one caller with
german accent means germans accept???
donahue 'first, you believe her account' leading question...'that's not what she said' i.e D denier...started skeptic magazine / professor...this is a woman who has seen soap with her own eyes, I think'...this is a german woman, the germans have confessed to doing this, they don't deny it, see even the germans don't deny it'...

University kids being told 'we don't answer those questions because we don't want to' legitimise' question as 'debatable' i.e just dismiss...don't want to grant questions any legitimacy...no intellectual freedom on this issue...'you give yourself away' Donahue 'incontrovertible fact that jews were massacred because of their jewishness'...40 million died...a lot of them were jews...so why focus on jews?...all the jews were killed!...

audience...why does it matter to you...why do you care...that they have a museum...it did happen...how much money you make...what are your credentials to challeng professors

what do we have to do to remind ourselves that it happened??? Edith Blick (name of one of my characters?)

We're working on that i.e answering his questions...i.e no answers to key questions...just dismissed!

Even the Germans don't deny it?

Historians dismiss that SS were impregnating women etc...
Ernst Zundel jailed in Germany many years...met David in Poland...Ernst Zundel is
a neo-nazi...

Australia's real estate bubble will collapse when China reduces its imports of
Australian commodities...i.e. over third of our exports go to China, massive
increase last few years...China going into recession...correction...so recession
in Australia will pop real-estate bubble...like U.S and British did...rest of
world paused, but did not crash...2008...so reversion back to the mean will be
far greater...

Texas asking for gold back from N.Y fed...it says it won't give it back...maybe
in bits over many years...

False confidence...expectation interest rates will rise...props up bond
market...U.S buys stuff but makes nothing...if interest rates don't rise, which
they can't, sooner or later will be clear that no real recovery is
underway...dollar will CRASH suddenly...Euro and Yen may also have problems
but
not so big...

In 1919 Jews claiming 6 million being 'whirled toward the grave' in a
'threatened holocaust of human life'..."The American Hebrew' 31.October,
1919...Newspaper. 'The Crucifixion of Jews Must Stop' By Martin H.
Glynn...former
governor of N.Y state...

Talmud states that 'four billion Jews were murdered by the romans in the city of
bethar' (Gittin 57b)...'sixteen million Jewish children were wrapped in scrolls
and burnt alive by the romans’ (Gittin 58a)

technically, and for purposes of compensation, if you left Germany after Hitler gained power, and lived in luxury in New York or Sydney, you are a 'holocaust survivor'..!! But bad luck if you are a jew who suffered in a Russian Gulag at same time! You are NOT included in the definition..!

Allies found 3000 tonnes of paperwork...only the Wannsea Protocols...final solution of the jewish question... so-called Nazi documents are fakes written in bad German, and not in standard Nazi documentation style...i.e compare to other NAzi documents...would be laughed out of any unbiased court today, or at time...get a native German to read them...??? later claimed the order was verbal...no-one has ever found any order to kill jews...KZ were labor camps with strict rules...had 500ml coffee for breakfast!, lunch break, 9pm lights out...dressed appropriate to climate...death penalty for any acts of sabotage, but otherwise 1300-1700 calories per day, up to double the typical german...malnourishment only at end of war...many photos of Dachenau survivors where they look quite healthy and well-fed...taken by allies...not propaganda photos, like hte ones shown to the world...de-lousing chambers had good circulation...ground water level close to surface at camps, making cremation necessary, and also fleas and lice ...lead to 74,000 deaths from typhus...Birkenau...hair cut, showered, registered, given uniform, sick prisoners sent to hospital, clothing collected and de-loused en-masse...mostly with hot air, but sometimes with Zyklon B...which was used widely throughout the world...to rid ships and buildings of vermin like rats, lice, etc...including U.S and Europe...very prone to exploding...when contacts with solid surface tends to liquify and form a 'prussian blue' color...have to air room for over 10 hours after each use...gas masks only protect for 10 minutes...no trace of the gear you...
would need to wear to move dead bodies ever found at any camps...Zyklon B GAS is
highly explosive, Burns easily, leaves blue residue on any surface it condenses on...smells like mild almond...Ask survivors who claim never saw any gas chambers...

One man's testimony accepted as typical and true description of life/death in Dachau i.e Mr Rosenblum...People came in laughing, and asking where they were...the Jews supervising said nothing, shut doors from outside...2 SS ran up, climbed up on chairs, and threw the Zyklon B through the windows...and immediately we heard the screaming, which went on for maybe 10 to 15 minutes...afterwards opened the two doors on the other side of the yard, and called out to the Jews to pull out the bodies...could only burn about 1000 bodies each day, but could burn up to 15,000 in the 3 pits, 6 to 8 meters long, 2 meters wide...in each pit they threw in a 1000 people...it only took a few minutes to burn them completely...maybe 30 minutes and they were completely burnt, or partly burnt...there were still a few hands or feet that had fallen to the side, and we had to put them back in the fire...nothing should remain of these people...just a bit of ash! Australian survivor!

Modern crematorium...Average corpse takes 1 to 2 hours to burn...even longer if stored in cold...and bones never turn to ash, have to be ground in a machine...no smoke given off...it is not from the corpses...maybe from the fuel used...coke is difficult to get burning and not effective for crematoriums...if gets damp won't burn at all...can't burn bodies to ashes in pits...no air would get down to bodies / fire...even in house fires and aeroplane fires people don't burn to ash...3 to 4 hours and half a tonne of dried wood to burn corpse on pyre in India...large bones never burn to ash...
camps in marshy/wet areas of Poland...water close to surface...so coke powered crematoriums...synthetic oil made from coal...coke is byproduct i.e. volatile oil already removed...once furnace fire up take average of 40kg of coke and 90 minutes...to burn one body, leaves about 4kg of coke ash, and about 1kg of ash of body including bones...camp archives show exactly how much coke used...75%

water human body so cannot use as fuel to burn other bodies...e.g. Birkenau...wet ground, bad weather...delivered in small amounts as no large storage facilities in camp...used to heat barracks, cook etc...641 tonnes enough to burn 16 bodies per day...only enough to burn 2 bodies per day had been delivered...no bone crushing machines, so where are the bone fragments? the pits?

motor oil and ethanol mixture used to burn bodies? Half year in Auschwitz either frozen, snowing, or raining...

Of all the 1000s of corpses autopsied by the Allied pathologists, after the camps were opened, no evidence of any gassing was ever found i.e. no victim of death by gassing ever found...In fact no cases of death by maltreatment or starvation was ever found...all were victims of Typhus!

Brausebad...shower heads with peepholes in door...but signs state it was never used as a gas chamber? so what's the point? sign was taken away recently?

U.S aerial photographs of camps...'underground gas chambers?' crematorium four destroyed by inmates, the Russians destroyed 3...no chambers of any gas chambers exist...'homicidal gas chambers' of such proportions as described would need
sealed tubing for input of gas, would never allow windows, would need locks...gas

would have to be extracted in safe way...supposedly 5 in Auschwitz...not one built as would need to be built...none had heating required to heat Zyklon B crystals, no extraction systems, or any signs of blue stains, many rooms, unsealed doors, eyewitness said krystals thrown through window...but claims chambers underground...no holes to chambers, no blue stains in chambers...rooms were morgues...not gas chambers...holes seen today roughly made, i.e not german engineering... some prisoners claim krystals were thrown down hollow support columns...but no hollow columns, all solid... into chambers...but no sign / evidence...

swimming pool next to jews...but only supposed surviving gas chambers built 20 paces from SS restaurant and hospital...two flimsy doors opened and gas allowed to escape out onto street ... roof holes crudely smashed through concrete ceiling...toilet fixtures removed...flimsy wooden door with glass pane and lock on inside...and no blue staining...

the crematorium chimney is not visible on any air force photos, and not even attached to the supposed chamber...i.e built by russians...SS just across road...SS commanders house only 60 meters from the 'gas chamber'...absurd Auschwitz Birkenau...soviet propaganda films, horror stories...swimming pool still intact...long enough for real swimming...camp post office twice weekly prisoners packet post...camp library, brothel of 10 women for prisoners...no way an SS would ever touch a Jew...theatre, camp orchestra, day art classes for children...guides claim Zyklon B stored here...camp hospital, Jewish doctors and dentists worked on prisoners, prisoners football field...team sports events and football draws...piles of clothing and shoes in prison as prison uniforms issued...and most exhibits placed on false floor to give false impression of how
many i.e placed on pyramid/floor...claims all smiling jews in photos etc all propaganda! even a jewish court...original plaque claimed 4 million, then later 1.5...but still 6 M claim not reduced to adjust to this change...photographic rooms and dark rooms....thousands of photos still exist, very different to the 'artwork' drawn by 'survivors'...vs healthy well fed prisoners taken by russians after had captured the camp...daily meals...no fight for survival or brutality...no half naked work details...vs great coats, hats, earmuffs, boots, no duress...100s of 1000s of photos saved by inmates...but among these not one single photo of any duress / harsh treatment at all...and very few guards...even warning signs 'high voltage' etc...20,000 jews supposedly shot in front of a wall that has not a single bullet mark!!...

International Red Cross had observers placed, and Hitler sent inspectors...delegations reported well run hospitals, good food, post offices, banks, schools...but had never seen any gas chambers in any camps during or after the war...as late as 1989 representative of wartime red cross gave testimony at civil trial in Canada...had own currency for camp shops...

international red cross created by Rothschild family...in 90's got them to write an 'apology'...

Hitler did not start war, nor declare war...offered several offers of peace

'Endlosing was mutual agreement with zionists to deport Jews to Madagascar

Not a single KZ had gas chambers...mortuaries and de-lousing...never enough fuel to cremate a fraction of the supposed murdered ... pure hoax / fraud...

Wewelsburg, Ravenbruck, Sachsenhausen,... Theresienstadt...... It could be proven that torture had been used to extract confessions and witnesses have lied.

Denial is a reasonable word to use in the sentence...'He denied the laws of physics', but to say 'He denies the Holocaust took place' is not. We are talking
about two different situations. The laws of physics, though like all scientific 'facts' will always be open to challenge, and valid skepticism, the notion that 6 million Jews were murdered in Nazi occupied Europe and North Africa during the second half of WWII is far from proven by any solid evidence. Perhaps the term 'Holocaust skeptic' is appropriate. So why use the term 'denier'? It is going a step beyond describing the situation, and entering the realm of psychological warfare, and implicitly seeking to undermine the credibility of the skeptic, and cleverly add legitimacy to the as yet unproven claim that millions of Jews were murdered in a few years.

This raises the question of why it is so important to 'send down in flames' and completely discredit anyone who dares question the mass media / conventional history of 'the holocaust'.

Why does it matter that someone might question the official version of history? Is it a fear that if one or two people start expressing disbelief, that maybe millions of people will follow suit? Is it so important that the holocaust happened?

What would happen if the holocaust story turned out to be a fiction? A fake?

This is another way of asking the question, what would happen to the story of WWII if Hitler turned out to be just another world leader attempting what every other country was trying to do, and that is, simply extend his nation's territory and power?

What I am trying to get you to consider is the fact that the Allies committed war crimes during WWII, such as the deliberate targeting of civilian populations
with firebombing. Populations that had no military significance. While at the same time leaving militarily important targets, like the subsidiary companies of major U.S companies like Ford completely unscathed.

Why did the allies allow the use of torture to force fake confessions out of SS officers. Do the 'historians' tell you that the 'confessions' were gained by threatening to deny the family members of S.S officers access to ration cards? That the officers were physically tortured?

Why was it that, as Field Marschall Montgomery, a great British war leader, put it, 'this was the first war in history that made losing a war a crime'?

Do you know that the man who ordered the firebombing of Germany and Japan admitted openly that if the U.S had lost the war, that he would have been charged with war crimes? The same man, Mr McNamara, who later went on the become Chairman of Ford?

Consider the difference in public opinion between firebombing people who had already murdered millions of Jews, and were in the process of finishing off their genocide, and that of firebombing people who just happened to be drawn along in the typical progress of history in another war.

Consider why it was so important at the time to completely defame the German regime as criminals. Consider why it has been so important to continue that defamation. Even to the point where Germans, and their leaders, even today 'accept' total guilt for not only WWII, but WWI.
Why has the subject of the history of the Jews in the German occupied zones been defined as completely 'out of bounds' for any researcher, critic, or challenge? Can you think of any equivalent period of history that no-one dare question? Any equivalent 'official story' that no-one is allowed to question?

Why does any government or lobby group feel so threatened by any questioning of their story? What is it they fear? What are they hiding?

In daily life, do we suspect those who are open to being interrogated, or those who threaten us with prison and unemployment if we even publicly ask questions about their dealings?

Why does the German government imprison people for merely expressing their skepticism, and of deciding that the question deserves their attention?

If the holocaust happened as the Allies and Zionists official version portrayed it, then surely there is no need for such a massive use of force to enforce that story? Surely the facts speak for themselves? Surely there is overwhelming evidence of millions of people being murdered? Surely documents? Surely millions of eyewitnesses? There were millions of survivors, we are told. So why are the same half dozen or so 'witnesses' called out over and over again, to repeat stories that have been proven to be impossible?

Consider the value of the holocaust industry...not just the 35 billion or so in 'compensation' already paid out to Jews (when no such compensation has been paid out to all the documented victims of the Nazi regime, such as
homosexuals)...consider the value in terms of world public opinion in support of a new Israeli homeland for the 'survivors'...surely we owe them that much??...consider the fear factor and its value in persuading Jews all around the world that they were under threat, and needed to move to Israel to protect themselves...Why would millions of Jews who had it good in Europe move to the desert? ... they could not all be doctors, lawyers, academics, film-makers, and communist party officials if they all moved in together...you can't have 6 million 'professionals'...someone has to do the physical, manual labor...who'd give up being an upper middle class German, Frenchman, or Pole to move to a land where they would all have to share the burden of the less desirable work more fairly...

So ask yourself why the most basic of all scientific principles, that of skepticism, of challenging the conventional wisdom, of critically evaluating data, etc...suddenly is no longer allowed...in fact criminalised...

What would happen to the history of the Allies in WWII if it was shown that Hitler was no evil criminal monster, but in fact a brilliant leader who was, like any great leader in history, doing what he thought was best for his own people?

What would it mean for the story of the founding of Israel, if it turned out that the Jews had been treated as well as could be expected in the circumstances, and no worse than any other 'enemy of the state' in Germany? What impact would it have on public opinion in terms of the right of Jews to take Palestine for themselves? What impact would it have on public opinion about Jewish war crimes in the Middle East? What impact would it have on the world's sympathy for Israel and Jews in general?
What would happen, if instead of being considered a special group, with special rights and privleges, the jews were simply treated as equals among equals?

What other group of people have, in the last 70 years, simply moved into a land that was not theirs by any legal definition, driven out the local populations, and then continued to engage in economic and military warfare?

The Germans in WWII, until the Allies declared war on THEM, only moved their military into lands where Germans were already living, and only because the local governments would not grant them automonony, or the necessary conditions to survive. E.G the extraterritorial road Hitler requested between the german territories separated by land taken from Germany after WWI and given to Poland, which made it necessary for Germany to invade Poland...or at least no worse than the U.S invading Mexico to get the Mexican govt. to sell the U.S land the U.S govt. considered necessary to the safety/security/prosperity of the U.S...

Humankind draws a distinction between warfare and genocide....MSNBC interviewer...as if Dresden was warfare... Iranian president...historical studies always open to revision e.g thousands of years ago...why is it that those who ask questions are persecuted...we can question the history of Mohammed and Islam, why is that O.K, but holocaust taboo?...why such prohibitions to further study on this subject...wouldn't we want to learn as much as possible about truth...wouldn't the victims welcome such clarity...to avoid any doubts and skepticism?...welcome this?...throw more light on the truth...while we are allowed to openly question islam etc...we are not against JEws having own government...but where...not at the cost of displacing hte whole terrtory and a whole nation...and occupying their territory...again states 6 million figure...as if we KNOW...because a few people say so...what role did palestine play in the holocaust?...assuming it happened...
On June 25, the Israeli newspaper 'Ha’aretz' published a story that confirms that Israel is deliberating 'milking' the 'Holy Cow' called 'The holocaust', exploiting German feelings of guilt, with no intention of ever forgiving, forgetting, or ending their continued demands for compensation, long after Israel accepted an astronomical sum as 'the final settlement' for 'reparations'.

At a recent press briefing for Israeli journalists at the Israeli embassy in Berlin, Germany, embassy spokeswoman Adi Farjon clearly stated for all to hear that it was in the Israeli interest to maintain German guilt feelings, in order to take advantage of their goodwill and sympathy.

The Israeli Foreign Ministry in Jerusalem tried to argue that the comments had been 'taken out of their broader context and deliberately distorted in a way that alters their meaning.' However, the Israeli reporters who were present and reported on the conversation they overheard were certainly aware of the context and understood the intended meaning.

What was more honest was Ms Farjon's own response, which was to more or less say that her comments were for Israeli ears only, and were never 'meant to get out'.

When you are not free to challenge what you are told, then you should ask even more questions. My question to you is 'Cui Bono'. In other words, if the Holocaust did not happen, why would the Allies and Zionists fake it? Would you find the Allies firebombing of civilians, then machine gunning of survivors and emergency relief workers more or less 'acceptable' if the Germans were simply fighting like any other nation of the time for their survival and prosperity? Do you realise that the horrible sounding ‘Final Solution’ was in fact an agreement between Germany and the World Congress of Zionism ... How many Jews would have left their snug, upper middle class situations in Germany to move to
Palestine, to do manual labor, without being forced to? Can't you see that the Zionists benefited most from the Nazi laws? Do you realise the Zionists and Nazi's had an agreement in the 30s under which tens of thousands of Jews emigrated, along with their wealth, to Palestine? My question is 'why is it criminal to demand people back up their allegations'? Since when was it a crime to be scientific? Well of course since the Dark Ages. I don't know what did happen. I know what didn't happen. What we are told by a few people did not happen. It is very challenging to try to find out the truth, given all the torture, lies, propaganda, fabrication, and completely disproportionate power of Zionists today....If you don't realise they own all the mass media, and most of your political representatives, then that is where you will have to begin your journey...for you are living in the Dark Ages still. If you think it does not matter that people are persecuted for asking questions, then read my book 911, five minutes to midnight? while you still can.

Greetings to the new masters of Earth...The Priests of Aton...(N.A.T.O.)..the children of Zion (the sun) ... a.k.a the Zionists...May you be the bridge to the new Eden on Earth...and may you find a productive and rewarding task for people like me to perform grin emoticon ...

Most people are walking at a few kms an hour...to get them 'up to speed' to be able to comprehend TROONATNOOR is a really difficult, frustrating task...all I can do is keep writing...I cannot make anyone read...only the false prophets ever had the power compel people to listen to them...today the mass media are the all powerful vehicle for the false prophets...all the other true prophets can only hope, like Buddha, that 'some will understand'...I realise I am asking you to go from zero to 100 'real quick', to quote that recent song...and most of you are not up to it, emotionally or intellectually...it is the emotional resistance that is the greatest...who wants to admit they are an opportunistic, unprincipled, selfish, greedy monster? Only those who do this are capable of becoming the 'bridge' to the future sentient beings who will (return?) bring about the new Eden...the new 'gardeners' who will take care of this earth, and all sentient beings who dwell in it...will the Zionists be good gardeners? They certainly have proved they can manipulate everyone, and gain absolute power...but what are their true intentions? ARe they motivated by holistically enlightened good will towards all life, or just another bunch of opportunistic monsters like the rest of the non-vegan human population? I think we are about to learn the answer to that question grin emoticon http://www.amazon.com/s/ref=nb_sb_noss...
These latest attacks will all be part of the same cycle...C.I.A Mossad...It is time to inform yourself, or accept the consequences of your inaction...I cannot educate those who wish to remain ignorant, unjust, and blame everyone else but themselves for the way the world is grin emoticon

teach people how it is possible to use Zyklon B hundreds or thousands of times, and have no residue left behind grin emoticon only if you want the German police 'dissappearing' you of course...taking you back to Zionist Occupied Germany and dumping you in a concrete box for life ... Hmm...maybe that is why we don't get to hear much from the scientific community about the impossibility of the claims made about a 'holocaust' during WWII?http://www.amazon.com/Minutes.../dp/B016BNWP3E/ref=sr_1_2...

I used to wonder how people could get into my car, I mean after I had already driven them somewhere grin emoticon Don't worry, our New Zionist Masters will solve that problem...no private cars for the few of us left surviving after they've decided who should live and who should die grin emoticon happy next lives grin emoticon

Hope I get this new book finished before I am 'disappeared'...I am so sorry I am no superman...all I can do is think and write...maybe in another dimension / life this will all have made a difference...but isn't it a beautiful thing to have tried to do good? Despite being doomed to failure? What else could you describe as more beautiful?

Is appealing the decision of the Supreme court, in favour of free speech, a sign of 'good neighbours' or supreme arrogance and self-idolisation? And Jews complain they are seen as arrogant? Seeking to impose their laws, their Talmudic laws, in which Gentiles have no legal rights, upon the nations that welcomed them as immigrants? What other group in the world attempts to impose its will, as a tiny minority, upon the democratic majority? In every nation where they live? What other group would expect to get away with that? https://www.youtube.com/watch?v=jhLvdGbxLS4
Germans and Arabs, and all peoples oppressed by the Zionist Propaganda aimed at defaming and disempowering all non-Zionists, must unite to defend freedom of speech, freedom of historical investigation, freedom of the mass media, and the abolition of laws preventing freedom of investigation, reporting, and expression. Free Germany and Palestine of the occupational powers and return sovereignty to the Germans and Palestinians.

Markus H Rehbach Will will not accept Talmudi Law, which states that only Jews have legal rights, and everyone else is mere 'cattle' with no legal rights. We welcome Jews everywhere to participate in our societies as equals. But we will not be slaves. We will not accept anyone as our masters.

At Nurenburg Germans Russians tried to blame Germans for Katyn massacre of ca 22,000, including ca 8000 Polish officers...though allies knew at time Russians did it...

Germans were charged as guilty of crimes that were not previously defined as crimes...

Nazi's were tortured until they 'confessed'...including threats to their family re:lose ration cards i.e starvation...extorted fake confessions, with consent of Allied prosecutors...flogged, sexual organs trampled on, prisoners hoisted in air and beaten, faeces smeared on faces, beaten, Senator McCarthy reported torture which he said 'could only have been conceived in sick brains'...mock trials, pretended executions...all with approval of public prosecutor...show trials...Field marshall Montgomery...N trials first to make losing a war a crime...

Eichman called Dr Wilhelm Hoetl story nonsense...had claimed Eichman had once told him that 4M Jews killed in camps, and 2 million elsewhere...

SS defined as criminal organisation, therefore membership made you a war criminal...
683 of Auschwitz workers tried in Polish courts...Since end of WWII official IRC International Red Cross and East German govt figure indicates total deaths at all camps at 272,000 (IRC) and 282,000 (East German govt) respectively...including all prisoners of Nazis incl. homosexuals etc...

in 2007 IRC noted that suffering took place under German occupation...but no comment at all about 6 million Jews...though Miles Lerman, Chairman of the Holocaust Memorial Council (1997) claims that 'Red cross workers are the most credible witnesses to these crimes'

2,281 Jews a minute would have to have been murdered during WWII...one Jew every 30 seconds...mid 1943 first gas chamber said to have been built in Auschwitz...Jews own almanac shows an INCREASE in Jews worldwide over course of world...Around One million Jews claiming benefits...i.e survivors of holocaust...which would mean that if one million alive in 2000, in 1945 3.75 million survivors in 1945...in 2004 Israel claims 1,092,000 meaning 511,800 survivors in 1945...by 1956 400,000 claims settled, by 1965 3,375,000 'survivors' claiming benefits...35 Billions in reparations paid out after WWII by West Germany alone...if 6 million died, and over 3 million survived, then were over 9 million Jews in occupied Europe?...Huge con job netting Zionists and Israel over 35 Billion on and on...

The president of Iran in 2009 noted how this is the only story in history that the 'victims' will not allow any investigation / challenge to their story...

1.2 million gassed and burned in Auschwitz...only 'evidence' is testimony of 'survivors' i.e. supposed victim as only evidence of crime?...Auschwitz gas chamber that stands today 7m by 30m...2 or 3 SS got 2000 Jews into gas chamber in one go, lined up like sardines in a can...flimsy wooden doors...then elevators with maximum capacity of 300kg...would take 280 trips of 7 bodies, which means no way Auschwitz could have 'processed' 1.2 m...Russians stated 4 million figure at end WWII...HOettl said 2.5 million died in Auschwitz...later said this figure too high...later even Jewish historians revised downward to 1 million...No official number of Jews killed anywhere...just claims...

15 crematoria found in Auschwitz...takes about an hour per body today...would have taken one week to dispose of 2000 bodies...we are told 2000 killed and cremated at a time...6 days later still have bodies to burn...cremation would hold up gassing by a week...Dario Gabbai says it took 20 to 30 minutes to cremate 3
to 4 boides...completely impossible even by most modern high temp technology...would take about 4 hours at best...

crematorium only operating for 18 months, from spring of 1943 to November of 1944...

Holocaust museum admits that hospital, swimming pool, theatre, soccer field...gas chamber was for delousing, and crematorium next to hospital...not one case of death by poison gas was ever found...typhus was widespread problem during WWII...it was spread by lice...so delousing facility was built...Zyklon B used to delouse clothing...typhus epidemics during WWI and WWII...victim wastes away, emaciates...Gas chamber designed as shower room actually delousing chamber...'Fumigation cubicles'...typhus spread in december 1944 in last months of war, e.g 35,000 died in 2 months, Birkenau gassing of sick prisoners...TESch u.Slabenow...Zyklon B founders hung simply because lots of Zyklon B found at work camps...assumed more than necessary for delousing...

Zionists collaborated with Zionists, who wanted to found Jewish nation i.e therefore glad Hitler was expelling Jews from Europe, as would lead to pressure for Zionist homeland i.e push / pull refugees to Israel...collaborated with Eichman himself before and during war...as in their mutual interests...Zionists offered Germans help in middle east e.g with oil, and intelligence...

British, in 1916, promised Zionists Palestine, in return for bringing U.S into WWI...at first U.S pro German as German ancestry...Jews against Russian Tsar...so banking Jews refused to finance France or England i.e allies of Russia...poured money into Germany to defeat Tsarist regime...then Britain offered deal of palestein in return for complete media propaganda against Germans etc Wilson declared war on Germany...all Jewish push...U.S suckered into WWI by zionists, so they could get Palestine from British...Zionists then demanded Britain give written contract i.e quid pro quo...Balfour declaration...promise to pay Zionists what had agreed upon as consideration for getting U.S into war...it was U.S that turned tide of war...at paris peace conference in 1919 117 Jewish delegation headed by Baruch...Jews cut up Germany and parcelled out Europe...produced Balfour declaration...Germans got to see why U.S entered war...Germans realised defeat and reparations was all part of Zionists plan to get Palestine...Up until then Germans Rathenau, et al Warburg biggest merchant bankers in world...etc Jews doing great in
Germany...realised had been sold out by Jews...and then reparations and theft of Rheinland...Germany had given refuge to Russian communists after failed revolution...then Jews sold Germany down the river to get Palestine...intercession of Jews admitted by Jews i.e. they were responsible for U.S involvement in WWI...Germany threat to British dominance...better products, lower prices, more powerful navy...no reason why allies decided to attack Germany...Germans resented being sold out by Jews...but did them no harm...Jews of world met in Amsterdam in July 1933 and demanded Germans fire Hitler and reinstate Jews to their positions in Germany...in 1917 communists took over German govt. for 3 days...Kaiser had fled to Holland, as feared communists, and same death as Romanov's at their hands...German mark devalued, World conference of Jews in Amsterdam...July 1933...declared a holy / sacred war/conflict against the Germans...worldwide boycott...Germany dependent on exports, as 2/3rds of German food supply had to be imported...if could not export, then could not feed majority of population...Jews declared August 1933 economic boycott on Germany...succeeded...up until then no Jew harmed, only displaced from high status positions...Jews declared war on Germany...economic warfare...huge threat...would starve Germany to surrender to dictates of Jews...1938 German Embassy official in Paris shot by a Jew, lead to outrage in Germany...WWI, WWI, WWI boycott...which made it necessary for Germany to fight its way out...U.S recognised Soviet union in 1933...communists growing in power...either fight now or Germany will be destroyed...U.S sending billions to Russia...Jewish controlled at that time...’History’ is the greatest lie ever told...

NDAA...law suspending habeus corpus...anyone can be arrested, indefinitely, without trial or rights...signed into law...more or less martial law...just has not been used much YET...

REASONS WHY ZIONISTS MIGHT PROVOKE/ENCOURAGE/ENSURE Anti-semitism in Europe...Why were Nazi's in Palestine making deals with Zionists? What did the Nazi's have to offer? What was the deal? To provoke the German people to anti-semitism. To ensure the Jews suffered for being Jewish. To provoke a reactionary sense of solidarity among Jews who otherwise had no special affinity or solidarity with each other i.e. in Warsaw Ghetto Jews took advantage of each other, some did great business, getting rich, while all around them children, women, old people, and men were dying of starvation. The Jews did not have a strong sense of unity / solidarity. They were opportunistic individualists. Idealistic Jews among them were communist like Jesus and the Gospel writers. They wanted to start a new Israel in Palestine. But the Jews
around the world were not interested. They were doing too well opportunistically exploiting the nations of the world and each other. They were doing too well. They had no reason to want to leave Europe and go to work hard in Palestine building a new country. Why would they want to? What did they have to gain? What was their motive? So the Zionists, financed by fabulously wealthy / powerful Jewish banking families in the U.S e.g Rothschilds, Warburgs, etc financed Hitler, provoked Germany to anti-semitism by declaring war on Germany / trade embargo, and ensuring that the Nazi's got into power, and persecuted the Jews, making their lives difficult, and giving them a motivation to want to leave Germany, and set up a new Israel in Palestine. The Zionists also ensured that no third nations would accept German / European Jewish immigrants at same time. I have not seen any historical evidence that Jews were murdered in any greater numbers than any other group at the time i.e opportunistic expression of malice at such times against any disempowered group by bullies etc to be expected among the malicious, envious, nasty fuckers of the world...mobbing... victimisation, abuse of power...the camps were work camps and the Jews well treated, as financed by the Zionists...and most Nazi officials even kept Jewish families in their own homes (as insurance they said, but probably more than that)...Hitler gave his favorite Jews 'honorary Aryan' status, including the philosopher Bergson...this is not the expression of fanatical anti-semitics...the whole 'fanatical anti-semitism' was for the media and the masses...but at no time were the masses incited to kill Jews... HOWEVER while the allies carefully avoided bombing U.S subsidiaries of companies like Ford in Koln, they made no effort to spare the supply lines that were feeding the camps...So many people died of dysentry, cholera, malnutrition, as did many Germans... The Zionists then had Nazi officials tortured to gain 'confessions'... this is documented...leading U.S and British war leaders like Fieldmarschall Montgomery were appalled at the treatment of German military leaders... The Zionists hoped to forge some solidarity among the European Jews, and now used the opportunity to falsify huge lies about a 'holocaust', in order to motivate sympathy among the world's leaders, and a motive among world jewry, for the establishment of a new Israel in Palestein...they succeeded...the rest is history, though never taught in any history lesson :D Absurd notion that Germans would throw old men in wheelchairs off balconies, then shoot families, in the Warsaw Ghetto...for what gain? i.e in movie 'Piano' etc...Jews had their own restaurants in Ghetto, alcohol, drugs, whatever, while their poor starved!...

Transfer agreement in 1933...foundation of Israel by immigrants from German Jews, allowed to leave Germany with their assts...Goebels struck medal to commemorate...swastika on one side, and star of david on other...in return for Zionists calling for end to Jewish embargo of German goods...

'Denying' Vs 'Questioning'...e.g Al Gore kept lying to world that consensus exists...when did not...later proven consensus reached before research done...and research faked...Al Gore kept saying skeptics were denying facts that international scientific community had proven / accepted...gore claimed that 'the science is settled' ...which raised skepticism among scientific community...as that is not how scientists talk...Al gore owned company that sold carbon offsets i.e tax on carbon output...head of Enron was early participant in scheme (before huge Enron fraud that bankrupted California!)...Al Gore got Nafta and GATT...was going to partner up with Enron ...would have saved Enron from collapse i.e new scam to prop up cooked books...the bill that would have enacted could not be read by any of the U.S politicians who were expected to vote on the Bill...withheld from them until last minute. 1200 page document would have given federal government total control over daily life choices of population...taken all powers from state and local government...Carbon tax would have let fed govt. shut down any business it wanted to...to regulate every home...mandatory inspections by environmental police, and fines for non compliance per day...and you pay for inspections...re-inspections etc etc...civil penalties for violations...unlawful occupation if remain in home that was 'red tagged' i.e living in own home as unlawful occupancy...carbon tzars to target any form of carbon emission...selectively enforce on case by case basis i.e use to bully anyone to do anything... 2 trillion dollar cost of carbon tax, would lead in 'de-development' as Obama's anti-science science secretary recommended...will mean that only the big corps owned by banks will be able to operate i.e destroy middle class...transfer all wealth to super-elite...neo feudalism... world govt. use tax to finance its operations ... bankers own and control third world already, so they would be exempt...New World Order is a global corporate takeover...no sovereign states...only corporations ... Gold and silver physical selling at premium to 'spot' which is 'fake' 'paper' COMEX price...i.e proof that COMEX paper gold rubbish i.e paying premium i.e real value of real gold / silver...

Ice records prove that increasing CO2 is correlated to a decrease in global temperatures, and NOT an increase as we have been told...

Banks in U.S e.g J.P Morgan Chase prohibiting clients from keeping cash or coins other than those found to have a collectible value, in safety deposit boxes...and putting new restrictions of repaying loans with cash, which is illegal 'i.e legal tender' no longer accepted by banks...i.e moving to eliminate cash...regardless of law...allows govt. to track every transaction...irony is the more they track us / invade our privacy, the more 'top secret' they make all their own actions i.e govt.s and banks...need to arrange meeting to explain why want cash withdrawals...banks launder drug money, but we have to explain ourselves...'suspicious' account activity...have to prove what you intend to spend money on, as low as 5000 dollars...originally was mandatory at many banks...then 'we reserve the right to ask you what you are going to do with your own money!!!' i.e invasion of privacy...originally hid behind 'war on drugs / terrorists'...laws allow govt. to confiscate money / assets even before trials of alleged drug dealers, then later related to anti-abortion...can freeze / seize assets... 'money laundering'...report any withdrawal over 5k to govt...can confiscate simply if 'suspect' you...even small businesses e.g restaurant...i.e cash businesses...govt. just take...assume you must be criminal...'civil asset forfeiture'...no presumption of innocence... In France will soon be criminal to pay cash for anything over 1000 euros in name of 'money laundering' ' war on drugs / terrorists'...will confiscate people's savings to bail out banks...new EU laws... N.B 'ASSET BACKED BONDS' i.e for quantitative easing...proven over and over that these 'assets' are worthless i.e junkbonds...govt. is just buying junk, not assets...USING TERM 'BUYING ASSETS' IS THEREFORE MISLEADING...MERELY PRINTING MONEY, AND BLOWING UP BUBBLES, MAKING CORRUPT RICH BANKSTERS RICHER, AND ABLE TO BUY UP REAL ASSETS, WHILE GOVT.S ARE BUYING PAPER...I.E
CORPORATISM I.E SOON PRIVATE INDIVIDUALS, VERY FEW, WILL OWN ALL ASSETS...THIS IS TRUE CORPORATISM / FASCISM...when in reality govt. could invest in real assets / directly loan to small businesses / entrepreneurs vs bullshit paper Bankster 'toxic' 'assets'...i.e mere liabilities i.e debts...DEBTS...govt. buying up the worst debts / investments that the Banksters offload onto them and thus the tax payer...SOVEREIGN DEBTS...SINCE WHEN WAS IT AN OBJECTIVE OF GOVERNMENTS TO HAVE 2% INFLATION I.E HIGHER INFLATION? AT TIME OF HIGH UNEMPLOYMENT??? WHAT SORT OF VOODOO IS AT WORK HERE? BANKSTER BRAINWASHING / HEGEMONY/ OCCUPATION...

'EASING' = TAKE PRESSURE OFF? I.E REDUCE COSTS OF BORROWING? BANKSTERS GET CHEAP MONEY, BUT DON'T LEND...SIMPLY BUY DERIVATIVES / MANIPULATION INSTRUMENTS TO MAKE MORE PROFIT THAN WOULD MAKE IF LEND MONEY TO LITTLE GUY / GUY ON STREET...AND CENTRAL BANKSTERS / TEXTBOOKS MISLEAD / MISDIRECT PUBLIC I.E AS IF INTEREST RATES WERE THEIR KEY TOOL...WHEN THIS NOT TRUE...I.E SLOW BY RAISING RATES, SPEED UP BY LOWERING, WHEN THIS MODEL CLEARLY INVALID I.E CORRELATION OTHER WAY AROUND I.E INTEREST RATES LAG BEHIND GROWTH I.E GROWTH PRODUCES HIGHER RATES ... SO POSITIVE CORRELATION VS NEGATIVE AS CLAIMED...DATA SHOW THIS LAG AND POSITIVE CORRELATION...I.E INCREASED INTEREST RATES ASSOCIATED WITH INCREASING GDP GROWTH...IN REALITY NOT PRICE OF MONEY BUT ITS VOLUME / QUANTITY M1,M2,M3 ARE SAVINGS TAKEN OUT OF CIRCULATION, ??? ... INVESTORS FORCAST BASED ON INTEREST RATES E.G JAPANESE LOWERED OFFICIAL RATES, SO INVESTORS SAID THIS MUST INDICATE GROWTH, AND RUSHED IN...WHEN IN FACT NO GROWTH...I.E REFLEXIVITY...USED OFFICIAL INTEREST RATES AS ‘SIGNAL’ TO BUY... QUANTITATIVE EASING DEFINED AS EXPANSION IN QUANTITY OF CREDIT CREATION ...RICHARD WERNER COINED THIS TERM, BUT OTHERS NOW USED TO DESCRIBE SOMETHING DIFFERENT I.E EXPANDING BANKS RESERVES AT CENTRAL BANK I.E DOES NOT CIRCULATE, DOES NOT INCREASE CREDIT AVAILABLE...THIS MONEY LOCKED UP...SO MISLEADING I.E RESERVE EXPANSION IS NOT QUANATITIATE EASING AS RICHARD WERNER HAD ADVISED...DECADES AGO... MONEY INJECTED GOES ENTIRELY INTO FINANCIAL MARKET SPECULATION AND PROFIT WITHOUT BENEFITTING REAL ECONOMY...SO GREECE, SPAIN, PORTUGAL, IRELAND ACTUAL CREDIT SHRINKING, ACTUAL MONEY
IN CIRCULATION SHRINKING ... U.S FED'S BEN BERNAKE'S 'CREDIT OF LAST RESORT' DIFFERENT TO JAPANESE STYLE QE...I.E CLAIMING ACTUALLY MAKING IT EASIER FOR BANKS TO LEND...BUT TAXPAYERS DID NOT CREATE BAD DEBTS, FED AND BANKS DID, CLAIMING FED IS SOMEHOW PAYING FOR NON PERFORMING ASSETS AT FACE VALUE, MUCH HIGHER THAN REAL VALUE, SO BANKS MORE SOLVENT / LIQUID, STRONGER BALANCE SHEETS, BOOK KEEPING EXERCISE...NO MONEY INJECTED INTO NON BANKING SECTOR ... BUT ALSO TAXPAYERS NOT PAYING FOR?? FED IS PAYING FOR??...SO BERNAKE'S FED 'EASING' BANKS BALANCE SHEETS AT ZERO NEW COST TO SOCIETY??....BUT NOW NEED TO EXPAND BANK CREDIT WITHOUT EXPANDING ASSET BUBBLES I.E WANT REAL INVESTMENT, REAL JOBS, REAL TAX REVENUES, IN NEW BUSINESSES ETC, NOT JUST LET BANKS PROFIT FROM BUBBLES AND PUMP UP...WERNER CALLS 'ENHANCED DEBT MANAGEMENT' I.E FINANCE MINISTRY SHOULD STOP ISSUING BONDS...FINANCE BORROWING REQUIREMENT THROUGH LOAN CONTRACTS WITH BANKS IN OWN COUNTRY I.E BORROW DIRECTLY FROM BANKS, DON'T ISSUE BONDS, NO UNDERWRITING FEES THEREFORE CHEAPER TO BORROW DIRECTLY AS ACTUAL INTEREST RATES LOWER THAN BOND YIELDS...BANK LENDING THUS CREATES CREDIT, WILL INCREASE NOMINAL GDP, EMPLOYMENT, RECOVERY...BERNAKE BOUGHT NON-PERFORMING ASSETS, SO BANKS COULD LEND IF WANTED TO ... I.E CLEANED UP THEIR BALANCE SHEETS...FED USES ITS PROFITS TO COVER THESE BAD DEBTS??...SO BANKS SHOULD BE ABLE TO LEND AGAIN...BUT ARE THEY? WERNER SEEMS TO THINK SO...BUT JUST DERIVATIVE BUBBLES, BANKS GO ON MAKING BAD INVESTMENTS KNOWING THEY WILL PROFIT, WITHOUT INTEREST IN / OR DIRECTLY INTENDING TO, DESTROY ECONOMY...IF RESERVES STAY ON FED RES BALANCE SHEET MERELY LETS BANKS SPECULATE ON DERIVATIVES...LESS THAN 3% OF MONEY SUPPLY, 97% CREATED BY BANKS EXTENDING LOANS / FRACTIONAL RESERVE BANKING...BANKS MAKE MONEY FROM SPECULATION RATHER THAN EXTENDING CREDIT TO CONSUMERS / INVESTORS...WERNER DOES NOT SEEM TO BE AWARE THAT IT MIGHT BE DELIBERATE I.E CONSPIRACY...AS IF FEDS ARE INCOMPETENT... QUANTITY THEORY OF CREDIT...BANK CREDIT CREATION IS REAL MONEY SUPPLY...BUT TWO TYPES OF CREDIT...BANK CREDIT LENT TO BORROWERS WHO WILL INVEST OR CONSUME AND THUS DRIVE NOMINAL GDP...BUT BANK CREDIT FOR DERIVATIVES, FINANCIAL INVESTMENTS VS REAL INVESTMENTS, WILL NOT INCREASE GDP...JUST LEADS TO
BUBBLES / SPECULATION ... NO REAL INVESTMENT, JUST BUYING AND RE-BUYING PAPER AND 'EARNING' COMMISSIONS...CREATE FALSE CAPITAL GAINS, JUST PUSHING UP ASSET PRICES, I.E PONSY SCHEMES..FINANCIAL INVESTMENT THAT DOES NOT CONTRIBUTE TO PRODUCTION OF NEW PRODUCTS AND SERVICES I.E DOES NOT LEAD TO INCREASE IN PRODUCTION ... OR PRODUCTION WHERE NO REAL MARKET DEMAND E.G GHOST TOWNS, SHALE OIL PRODUCTION...DEMAND ONLY CREATED BY BANKS / SPECULATORS... AND MONEY FINANCE SECTOR 'CREAMING OFF' HAS TO COME FROM SOMEWHERE... VIA INFLATION IT IS A TAX ON MASSES I.E WE ARE FORCED TO USE FED’S PAPER MONEY, SO INFLATION IS A TAX...LIKE COMPULSORY INSURANCE IS A TAX...REGULATION FINES ARE TAXES...WITHOUT REPRESENTATION I.E NOT DEMOCRATIC, YOU CANNOT VOTE ...

NOMINAL GDP TARGETTING VS INTEREST RATE TARGETTING BEING USED TODAY...I.E PLANNING BOOM BUST CYCLES...DON'T ADMIT...DO INFORMALLY...IN EAST ASIA GOVT OR CENTRAL BANK SET NOMINAL GDP GROWTH RATE, CALCULATE WHAT MONEY SUPPLY THAT WOULD REQUIRE (EXACTLY AS I RECOMMENDED IN MY DIGITAL CURRENCY STUFF)..DISCOURAGE CONSUMER DEBT, AND BANK SPECULATION...I.E BANK CREDIT FOR PRODUCTIVE INVESTMENTS...I.E BANK CREDIT CREATION FOR GDP TRANSACTIONS...SET NOMINAL GDP GROWTH RATE FOR NOMINAL GDP...CALculate BANK CREDIT GROWTH NEEDED FOR GDP TRANSACTIONS FOR THAT...SUPPRESS BANK CREDIT FOR FINANCIAL SPECULATION...I.E DANGEROUS/ UNSUSTAINABLE...WOULD NOT ENCOURAGE UNSUSTAINABLE CONSUMER CREDIT I.E ENSURE PEOPLE HAD ENOUGH INCOME TO REPAY...QUITE SIMPLE / EASY SYSTEM OF CREDIT GUIDANCE USED IN EAST LIKE JAPAN, CHINA, SOUTH KOREA...GERMAN ADVISORS ORIGINALL RECOMMENDED THIS IDEA OVER 100 YEARS AGO...I.E REICHSBANK ...

OFFICIAL BANK OF ENGLAND PROPAGANDA REFERS TO CREATION NEW ELECTRONIC MONEY TO BUY UP REAL ASSETS, FROM PRIVATE SECTOR BUSINESSES...INCLUDING INSURANCE COMPANIES, PENSION FUNDS ... MOST 'ASSETS' PURCHASED ARE GOVERNMENT BONDS!!!!...I.E NOT REAL ASSETS...BUT INCREASES DEMAND / PRICE, THUS REDUCES YIELDS, AND SELLERS NOW HAVE MONEY,
AND INCENTIVE TO INVEST IN NON GOVT. BOND SECTORS I.E INCREASE INVESTMENT IN REAL ASSETS!!!! IRONIC!!!! ALSO BUYING SMALLER AMOUNTS OF CORPORATE BONDS I.E REAL PRIVATE SECTOR...AGAIN IRONIC !!! KEEP USING SAME WORD TO MEAN OPPOSITE...COMMERCIAL BANKS HAVE MORE MONEY TO FINANCE NEW LOANS / INVESTMENT ... BUT POOR BANKS REPAIRING OWN FINANCES, SO NOT ABLE TO LEND...POOR THINGS...GOOD EXCUSE....GOVT 2% TARGET...FEAR INFLATION FALLS BELOW TARGET?????? MONETARY POLICY COMMITTEE TARGET OF 2%....CLAIMS WILL SELL 'ASSETS' IF RISES ABOVE THIS RATE????? TO REDUCE INFLATION????

NOT GOVTS. INCLUDING ILLEGAL DRUGS AND PROSTITUTION IN U.K GDP NOW TO 'MISLEAD' THAT ACTUAL INCREASE GDP WHEN REALLY JUST INCLUDING MORE STUFF THAN BEFORE I.E FAKE BASE LINE...

KNOWS THAT WHAT BUYING IS JUNK, BUT KNOWS WHEN THEY FAIL, WILL BE BAILED OUT... BANKS BUY 10 YEAR TREASURIES AT BEST, MAKING 2%, WITHOUT ANY RISK...I.E UNDERWRITTEN BY GOVT....I.E WHEN FED REDUCES OFFICIAL INTEREST RATE....SO FED STEPS IN AND BUYS 'ASSETS' ... DOGDY COLLATERALISED LOAN OBBLICATIONS, COLLATERALISED DEBTS (C.D'S) I.E BUYS BANKS BAD SECURITIES...SO BANKS NO LONGER FACING RISK OF DEFAULTS...BANKS BUY MORE TREASURIES, SO DEMAND RAISES PRICE, AND YIELDS DROP, SO BANKS NO LONGER HAVE ANY INCENTIVE TO BUY SECURITIES, SO BANKS NO LONGER HAVE ANY INCENTIVE TO BUY SECURITIES, SO BANKS NO LONGER HAVE ANY INCENTIVE TO BUY SECURITIES, SO BANKS NO LONGER HAVE ANY INCENTIVE TO BUY SECURITIES, THEN WAITING FOR DEMAND FOR ITS SECURITIES TO DRIVE UP THEIR PRICES, THUS REDUCING THEIR YIELD (I.E DIFFERENCE BETWEEN WHAT GOVT GUARANTEES TO BUY BACK AFTER 10 YEARS, AND WHAT YOU HAVE TO PAY TO GET THEM = YOUR RETURN / PROFIT / YIELD)...REDUCING INCENTIVES TO BUY SECURITIES, THUS INCREASE INCENTIVE TO LOAN TO BUSINESS ETC...BUT DEVALUES DOLLAR...SO EXPORTS CHEAPER,
AND IMPORTS MORE EXPENSIVE...BUT AT SOME POINT PEOPLE START SELLING OFF DOLLARS, AND IT CRASHES...

can already 'measure' your emotions with scanners in public places, to decide if you look like you are angry / aggressive / fearful of discovery...or maybe depressed so they can forcibly medicate you?.... like in my novel, only they use scanners, not meters on the body

Ivanka Trump has converted to Judaism re: Donald Trump for president...to / when married a New York Jewish Newspaper owner Jared Kushner...son of Real Estate magnate...Zionists use cloak of Judaism...Trump billionaire real estate developer!...

Reuters newest 2015 estimate of 'missing' pentagon money is 8.5 Trillion (vs previous 2.3 Trillion!) since 1996...from its balance sheets...

Afghanistan invaded to get poppy fields back into production i.e 2 trillion C.I.A world drug trade, after Taliban eliminated almost all poppy fields !!! 'off balance sheet transactions'...

goldman sachs gold certificates were NOT backed by ANY gold i.e fractional reserve gold banking...and about half of German Gold in Fed, but Fed won't give it back, or even let them SEE it...let alone weigh / measure / check it out / handle it...Fed says it would take until 2020 to return their gold... N.B that Rothshild's own magazine, Economics, in 1988, had a cover with a gold coin around the neck of a Phoenix, with the date 2018, and a cover title 'A one world currency by 2018'...

for 100 units gold in 'paper', only 1 unit physical gold to back it...more or less new 'fiat' gold...India, China, and Russia biggest gold 'hoarders', continually buying it up by the tonne...whereas appears little to no gold in U.S or European govt's...

Gold Jews placed in Switzerland during WWII was hard to get back i.e had to provide death certificates etc...claims 'totengold' from Jews 'exterminated'...laundered by Swiss...
In U.S people being charged 'service fees for storage' actually only owned a 'position' ... up to 20 years...i.e lead to believe they had physical ownership of gold / silver...settled out of court...

COMEX is virtual trading, open while other actual commodity markets closed...buy and sell huge futures contracts...driving price down...anyone selling gets clobbered...then mysterious seller buys it back, driving price back up...so massive profits...up to 3.6 Billion in one set of trades...use 'pretend' trades i.e that never carried out i.e pretend to sell / buy, triggering sudden drop in price...wait for target, then actually buy at the price others now selling for...in few minutes

Bank of England 'leases' gold to 'bullion' banks...which then 'sell' it ... so no longer on deposit at the Bank of England, though the bank still has it on their books as 'rented' rather than sold...same for Fort Knox...

China and Russia buying gold, though they are the worlds biggest producers...only have to report gold they buy elsewhere, so we have no idea...western central banks running out of gold, which cannot be replaced...

rooselvelt paid 21 dollars an ounce...at height of great depression U.S nationalised it...including all jewellery, coins, etc...placed in fort knox...1954 last full audit...congress defeated bill for 'full disclosure' of current deposits...so no reason to believe ANY gold in fort knox...

Hugo Chavez discovered Venezuala's gold was all around world, when came to power...he was told that Venezuala had to send their gold to be stored in banks outside venezuela...Chavez believed it was bad idea...211 tonnes , 11 billion in gold bullion held in U.S, Europe...Chavez demanded it back...but it was not 'allocated' i.e real problem trying to find enough gold...took 6 months before first shipment arrived...

Most of German gold in Fed, asked in 2012 to see its gold, was refused ... Germany demanded it back...but denied...so???
Canadian Central Bank...when asked 'where's the gold?'...it's gone, all gone...only has a few bars...has sold off its multitonne gold reserves over last 30 years...

31,000 euro per capita public debt in Greece i.e country of only 11 million...entry to euro gave it access to Euro's low interest rates, doubled its debt in a few years...euro boom ended 2008...railways alone lose 1 billion p.a...and Olympics 12 billion cost still unpaid...deserted, still repaying interest on it...more or less zero value of most olympic 'investments' after...'jobs for the boys' etc i.e corruption in olympic development...240 billion initial bailout package...required sale of many of Greece's national assets...

Mikhail Chernoy gained control of 80% Russian aluminium production...moved to Israel...i.e Jew...Boris Berezovsky lives in London, also wanted in Russia as criminal...

China now no.2 importer of Porsche after U.S...

1933 Gold Government recall, Bullion govt. ban, and prohibition...in the U.S !!!!! But most people did NOT comply with it...people buried, stashed etc...you can buy pre-1933 U.S coins today!...but Govt. paid for at market rate...but not a single person arrested under this executive order...Roosevelt...April 5, 1933 executive order...threat of up to 10,000 (about 8 times average salary) or up to 10 years in jail...8,500 dollar vs 6 dollar value, at present day values...then revalued...so those who kept made 75% windfall overnight...Govt. only confiscated gold, not silver...numismatic coins not covered by the order i.e used today to sell 'collectors' coins at massive premiums vs spot price of metals...mines and EFTs, retailers, COMEX etc easiest for govt. to seize vs individuals...at time people trusted govt. ... today?...today's physical gold and silver owners bound to keep/not turn in...STACKERS are people who hoard physical gold/silver...

But if Banksters get all the gold after crashing market, or bulling it so people sell off and realise profits, after they can set ANY price...high or low...so your holdings might become worthless????? If you had not sold your 5 coins for 100 dollars....would today be worth 8,500 dollars...while dollar inflated and today worth 6 dollars...but real scam was that once had gold, revalued from 20 dollars to 35 dollars i.e reevaluation...so 20 dollars lost 40% purchasing power...while those who kept gold made 75% profit, both overnight...including Kennedy family...numismatic coin is actual currency vs mere 'rounds' of silver /
gold...which cost closer to 'spot' price !!! which is the whole fucking point of buying gold fuckers!!!...were apparently not included...so many marketing these today on this basis i.e fear tactic, selling at huge premium...on assumption govt. would confiscate gold bullion, but not numismatic coins...but govt. could more easily confiscate the large concentrations of gold and silver, like wholesalers, retailers, miners, and even COMEX if it actually has any real physical gold holdings ...

COMEX had 100 claims per ounce i.e 124 owners for each ounce physical gold, so settling with cash, and not gold...CommoditiesExchange COMEX ... if enough people demand actual gold, would be huge gap in supply and demand...price soaring...derivatives on commodities 'exploded' in March 2015 already i.e 200 billion per quarter was typical, then suddenly figures in trillions...gold derivatives got lumped into forex market...largest market on planet...so now gold recognised as currency, but more to point impossible to work out what gold derivatives actually are...someone put 4 trillion into gold...could be JP morgan acting as agent for federal reserve i.e legally allowed to manipulate markets in this way...and hiding within huge forex market ... fed seems to be manipulating gold low, and something really bad around the corner...

Obama bowed deeply to the Saudi King, but never did this to Queen of England!!! first time in history !!! admitted on t.v he was Muslim, referring to the lack of others making anything of this in U.S politics...

ECB up 850 billion this year...of 6.7 trillion...a.k.a Quantitative Easing is not printing money as such, but Central banks buying up govt. bonds ...Germany's elites etc really hate doing so...germans up to 18% total national bonds of all EU nations... Italy only has to buy 8% own govt. bonds...but German Bundesbank must buy up to 18% of Germany bonds? ...as Euros largest economy... !!!

COMEX i.e paper gold, has no backing ... simply not enough gold or silver to cover the 'paper gold' ... physical gold and silver not enough to cover orders i.e refusing to settle with gold, offering cash instead!!!

federal reserve buying between 60 and 80 % of all new U.S debt as rest of world won't buy...may simply force 401 K etc to 'invest' in these, or simply increase
money supply and restrict your right to withdraw it from bank as in Argentina i.e so it becomes valueless, and you can only get it out so slowly that ultimately it loses all value before you can get at it...

Standard and Poors rating agency gave AAA ratings because otherwise their clients would go to Moody's to get their ratings there...so never declined to give AAA ratings to sub-prime junk bonds...i.e actually made up of BBB and lower...corruption...i.e bullshit...rigged game...everything rigged...banks tried to hide own mistakes by artificially driving up prices of derivatives i.e debt default swaps and C.O.Ds i.e almost broke the dealers who shorted...fraud...though legal...i.e had 'bundled' bad loans but got AAA ratings for them...i.e on loans doomed to default once interest rates rose a little...originally the bonds were full of real AAA loans i.e simply bundled to make it easier to trade, and for banks to make killer commissions, then 'no docs'

companies arranged loans for people with no ability to pay at all...banks always gave green light to their loan applications so they could make commissions...no docs companies made killing, banks made killing, sold bad debt as AAA...variable rates packages, fixed for short term, then when rates began rising, everyone started defaulting as could not afford current market rates...SCC budget cuts meant they never even looked at.../investigated...so those who had shorted realised system completely fraudulent i.e swaps / bonds should have fallen according to all facts...i.e rigged...kept going up when should have been falling...i.e delayed, made problem even bigger...some 'tranches' rated at AA when mostly junk...so 200 to 1 odds...while others shorting only BB etc...so all banks accepted the trades...C.D.O managers earning commissions without assuming any risk themselves i.e ripping off their clients, sell whatever the banks send them, but claim representing investors i.e really working for Merryl Lynch i.e corrupt...the actual bonds were 20 times bigger in value than actual loans/mortgage bonds i.e synthetic C.D.O's...i.e people betting on the outcome of mortgage bonds, someone makes a bet on that synthetic C.D.O, so 10 million becomes billions of dollars of bets i.e from original 10 million bundled mortgage 'bonds'...so people selling C.D.Os and synthetic C.D.Os made a fortune...decoupled mortgages from the C.D.Os...so the mortgage companies collapsed, but C.D.O's did not move...i.e no correlation...banks were shorting own products i.e shorting products had sold to their own clients...i.e kept unloading onto clients...refused to devalue them until they had sold them off...at same time as selling, were shorting i.e selling products they knew were worthless...even media refused to report on story...banks waited until they had shorted their own positions i.e covered their own positions, sold their junk, and only then started valuing the swaps fairly...but the banks handling the swaps were going bankrupt, so the holders had to sell them off...but original 'founder' of
swaps made 2.69 Billion profit...Greenspan had set up entire collapse!!!! Zionism!!! Fed... Mark Baum held onto his short position, even while banks still pretending no problem...Baum was pissed at the fraud of the system...average person will pay for...banks claiming no investment banks ever failed unless caught in criminal activity...September 2008 ...Michael J Burry M.D was the guy who caught on first...made 2.69 billion profit from...Banks knew the govt. would bail them out...i.e totally corrupt...had no fear...100s banking execs and ratings agency officials jailed...but no real reforms...still blamed immigrants and poor people...only one banker went to jail in end...Mark Baum's position ended up netting around a Billion profit...Michael Burry contacted the govt. to see if anyone wanted to know how he knew the system would collapse years before anyone else...they never returned his calls...instead he was audited four times and questioned by the FBI !!! i.e Zionists typical treatment...in 2015 several large banks began selling a 'bespoke tranche opportunity', which is another name of a C.D.O (mhr probably oil related!)...movie 'The big short' 2015...

Was polio actually on natural decline already before vaccine...i.e herd immunity develops over time...convergence of intro. vaccines and what would have happened anyway / what did happen i.e luck of timing...and end of polio plague attributed to vaccine by mass media...does attenuated virus produce anti-bodies for full virus? ... but mumps /chickenpox common in countries still, where vaccines were never introduced... however side effect of autism i.e costs and benefits?...viruses naturally spread via aerosols (and insect bites!)... vaccines way to make money off healthy people ???

Nurenburg trials...pilot stated that he flew Hitler to Denmark ...credible witness...gave many details...had nothing to gain by making this claim?...nothing to lose?...no doubt about fact that German Air force had been ordered to keep a narrow flight zone/corridor free between Berlin and Denmark...Reports a few weeks later reports of U-boat...Southern Argentina...official F.B.I assets reported back to HQ in U.S that Germans in the area were expecting Hitler's arrival...then later about him...Hoover never investigated...phone taps etc...maid working in Cordoba hotel 1947 claims served Hitler tea...cleaned his room...owners of hotel Hitler supporters...photos of him all over hotel...stayed 3 days...261 German subs unaccounted for at time of surrender...2 surrendered to Argentinian navy...Hitler heavy drug user? Ruble paper money supply increased 26 times since 1998...similar in U.S...increase money supply often attempt to avoid deflation i.e when people stop spending, then the multiplier effect/velocity of money decreases...money spent only once or twice, no demand...high inventory if businesses keep producing...base money is paper money supply...but money supply is the multiplier effect...gvt. wants to prevent impression of deflation...makes up for lack of multiplier effect by increasing actual base money supply...so as velocity falls, base supply increases...but at some point will have to face fact, and will have deflation, then massive inflation...because gvt. keep trying to print way out of deflation...as people don't spend it...but then at some point they do, and all the money starts circulating...the massively grown base currency starts picking up velocity...leading to massive multiplier effect and hyperinflation...

twice in history the gold price naturally returned to what it would have been under gold standard i.e if all money in circulation was gold backed/convertible...after drifting well below that for long periods....so some believe it will happen again because there has been a long period of drift...and same sort of 'pattern' as those other two times...i.e visually graph suggests a third repeat...though pattern since 1918 i.e very long time frame...though 'regular' if you are willing to form a pattern from two 'convergences over 70 years, etc...

Russian govt. financed by oil...not tax...oil prices set to crash...

Govt. sells 'bond' to treasury...then pays it plus interest bank from taxation...there is always more debt than currency available to pay it...hyperinflation when interest starts becoming larger than tax ... dollar = promise to pay back plus interest...more U.S currency created in 18 months than previous 200 years...money supply extinguished when debt repaid i.e people repay their debts rather than borrow, leading to a decrease in money supply...deflation...i.e debt based system requires people to constantly increase debt?

17 countries now have thought crime laws where you cannot express a politically incorrect opinion... in early 90s David Cole was left alone by authorities... a revisionist Jew threw them a bit... today David Cole fearful of travelling to Canada, Germany, or France...

25,000 bounty put on Cole's head, by same group had beaten him up three times in L.A... in 1998 paid off Jewish Defence League with 2200 dollars and a letter of apology... head of JDL Irv Rubin, who had said 'An evil monster like David Cole does not deserve to live on this earth'... accepted... brutal but honest... anti-defamation league more snake-like... brutal and vicious but honest... he wanted 5000 but accepted 2200... did not want to die... aged 27... head was murdered in prison years later...

Cole was always 'called' on stuff, whereas the Zionists could say any junk and no-one would call them on it, just let them get away with outrageous statements / vagueness etc
Ended up getting work as historical consultant on historical documentaries and then mainstream Hollywood films...used name David Stein...learned so much working on 'other side'...people began admitting things to him that he always knew...e.g Dachau liberation...army claimed had found gas chamber...corresponded to trip of U.S senators to Munich to tour Dachau...wanted to tour the gas chamber...P.R photos taken...most open secret that Dachau gas chamber is phony...U.S army took normal shower room and redesigned it to present it as a gas chamber to the visiting congressmen and senators for a photo-op...Senior rep of ADL Boston 'what a shame that we still have to defend that stupid gas chamber built by army, but if we admitted the truth it would empower the deniers...no internet yet, so few people knew Cole, or what he had written earlier...once Youtube came around Cole's old stuff appeared on Youtube...unique voice...but in 88/89 no-one knew who he was...since has been 'outed' has converted his old analog film to HD...in 1991 Auschwitz used camcorder...now uses 'final cut'...he never had opportunity to speak freely...someone else always editing his interviews...editors changed things...rarely got his own words across in his own way...60 minutes edit 2 hours down to 5 minutes, and totally misrepresented...e.g edit out nodding from 30 minutes before, and make it look like he is nodding in response to question 'is the holocaust a myth'...cut to him nodding vigorously to a totally different question...he complained...was told he was free to sue them...but as David Stein accepted/lauded/feted by neocons and media as working on mainstream holocaust films as 'historian'/researcher/editor...General conservative politically...just happens to be holocaust revisionists...so was active in Republican party / popular...but did work on films felt were 'complete hokum'...was outed against his will a year ago...but once outed, due to internet, had no choice but to return...an ex-girlfriend who he had supported for 5 years, he left her and stopped supporting her, she turned on him...outed him in anger...after 18 years as Stein...did not chose situation...pretty quickly was offered book deal...'Republican party animal'. Is definitely still a holocaust revisionist, though some have portrayed him as having accepted official version of WWII. Says Jews were killed. Some commandants bad...investigated by SS and removed from command and arrested...bad stuff was going on...jews were murdered...but question is was there an overall extermination policy, or just case by case, many thousands in total, killed in different operations...Meideneck etc not extermination camps...work camps...internment camps...alsace lorraine 100 jews gassed by queer nazi scientist, only documented case...

Ernst Zundel put on trial for being Holocaust revisionist...first law 'false news law'...originally written to punish town cryers who used their position to spread false news...e.g 1820 Canada spreading gossip etc...back to year 1275 inherited
law from England....he was publishing pamphlets...but govt. allowed him to mount a vigorous and free defence...so turned out to be a mistake for holocaust lobbyists...lead to cross examinations under oath...second trial under hate-crimes laws...Zundel allowed to call people to the stand...survivors and 'experts' had to testify under oath...the result of those trials in 1980s was boon for revisionism...disaster for holocaust lobby...e.g witnesses admitted under oath had never seen gas chambers, had only heard about it from others...that no evidence for hitler's order to exterminate jews, one disaster after another...guilty verdict dismissed...both times...transcripts from trial...historians had to admit they themselves were revising their own previous books / stories...folded / wilted when held accountable for perjury i.e had to be more honest in court than could get away with in general public...clear that so-called 'experts' did not know what they were talking about, and the so-called 'witnesses' had not witnessed anything themselves...only 'heard' of from someone who had heard it from someone, who claimed to have witnessed it...HOlocaust lobby had millions at disposal ...Lippstadt-Irwing trial was defamation case...david irwing...made tactical error...defamation easier to win in U.K...Irving's case against Lippstadt was about defamation...claimed he had been defamed as 'racist'...Lippstadt won as Irving could not prove case...case was about whether Irving was defamed or not...82 and 88 Zundel cases...crown lost both cases...won initial verdict, but supreme court overturned both convictions...Germal Rudolf doctoral candidate in Stuttgardt was asked to do a chemical analysis of supposed gas chamber ... he published his results, then found himself being prosecuted...in canada zundel was allowed to defend himself...but in Germany holocaust revisionist never allowed to argue actual innocence...only 2 defences allowed ... insanity...or beg for mercy / low sentence...Chemist...scientist...put on trial for his chemical analysis report...he was not allowed to use truth/facts/data/evidence to claim he was innocent...total joke/nightmare...assumed holocaust fact...any challenge is criminal...can even be imprisoned for lawyers to mount a defence for their client...Alice in Wonderland nightmare...no defence possible...lawyer will be sent to prison for doing so...Zundel himself used to believe in holocaust believed...put on trial for questioning holocaust...for publishing false news i.e lieing about truth...i.e once believed, now informed...like no longer believed in Easter bunny...change positions as mature...moved to Canada...set free from demon lie of holocaust...no-one knows how many germans or americans died...THE holocaust vs A holocaust...Christians murdered by stalin and China e.g 30 million...Nagasaki/Hiroshima/Tokyo...even German bombing of ST. petersburg, and dresden... German and French army used trains to move people via cattle cars...soldiers and civilians...freight cars...we don't ship cattle all over europe...so even that term is deliberate ... little ghetto boy with german pointing pistol rifle at...real story told by boy himself (actually two different jews claim same) that it was a german police raid on a black market ... was questioned, and allowed to go
without any harm...Deportations of mothers with children...was so as not to traumatis the children or mother i.e not act of cruelty...aim was deportation not extermination...Hitler admitted it was cruel to force people to leave Germany, Europe, but no intention of killing...all german installations had crematories...was preferred method...and necessary due to typhus etc i.e body buried in earth, typhus gets in ground water...mass burning of bodies...sondercommandos took bodies out of graves and burned...but in early part of war, before crematories built...the chimney with fire burning and ashes, and smell of burning, billowing smoke and burning flame...since 1867 no smell, flame, smoke...just a simple factual lie...crematory health issue...commandants own wife cremated after typhus death...Hollow pillar in Birkenau gas chamber...museum display...school kids impressionable minds set up with images...porous hollow pillar?...blatant lie...in photo nazi pouring zyklon b down...they are in fact solid, concrete reinforced...bulldozer pushing dead bodies...it is U.S bulldozer driven by British soldier...so bodies recent...in Bergen Belsen 1000s of inmates died after...1500 after allies took over camps...Allies paralysed train network...food supplies broke down...fed prisoners last...all victims of tragedy of war...43 bodies in photo...could have found 43 bodies on any street corner...Ernst Zundel anti-war...skin and bones bodies...Eisenhauer commissioned film...skinny inmates being held up by healthy inmates, so why one skinny?...typhus, not malnutrition i.e not starved to death...otherwise how could other campmates be so healthy looking?...Invoices for Zyklon B...insecticide & fumigants for railroad cars, ships, bedding, clothing...largest number of invoices exist in military archives of German army...to exterminate own soldiers i.e more invoices exist for camps where noone has ever claimed any jew was sent let alone gassed...Zundel imprisoned in Canada also...Gas chambers are an american idea...no country outside U.S had ever any history of gas chambers...never used in Germany...Auschwitz in Poland...500,000 visitors per year enter gas chambers through thin wooden door with glass panel...such dangerous gas...'all in the original state' was what visitors were told before Zundel's trial...after admitted it was built after the war i.e NOT in original state...fumigation chambers to kill lice...has solid door, exhaust ventilation...gas chamber in U.S in maryland looks like the...german delousing chambers...40 foot high stacks for venting the gas after executions...e.g death house in missouri...but SS restaurant / hospital across road from...so clearly propaganda i.e lie...today 6 million...do we go to jail if claim 5.5million?...one time was 21 million...Jewish witness in 1945 claimed 8 million...magical number of 6 million...Auschwitz after his trial changed the tablets from 4 million...pope prayed for and blessed 4 million...one year after his trial the tablets had been cleared i.e statement removed...now 1 to 1.5 million claimed to have died there...hurts him to be called a hate monger...I'm not a Nazi...I'm a truth monger...has said that certain aspects of hitler's policy were
good for Germany...that is extent of his support for Hitler...David Cole and he made film...reconciliation film between Germans and Jews...his house bombed, he was beaten...2 to 5 year German prison sentences of Holocaust skeptics...fumigation chamber looks like U.S. gas chambers...supposed German gas chambers a total joke...would have killed all the SS working anywhere near the buildings...so toxic, explosive, flammable...look at care taken in U.S executions...guards not allowed anywhere near...and 40 foot exhaust stack on ceiling to ventilate / exhaust...across road from SS canteen and hospital...and 60m down road from SS commandant's own living quarters...brick chimney next to it was built by Soviets...it is NOT in the allied aerial photos...it is not even connected to anything...just a chimney built from the road up...you'd be jailed for simply kissing a Jewish woman, no way SS guards would have sexually interacted with Jews...

Terrorists attacks in Paris a few weeks before meeting on global carbon tax led to protests being 'banned' due to 'security' concerns? Just by chance?

If there were no gas chambers...then what was the Holocaust? You do not deny...anti-Semitism was visceral...200 million dollar museum without any proof Jews were killed in gas chambers, though entire museum based on this premise...they've even invented a new gas chamber...that may have been near Giessen...!!...that is their best response...Donahue...Hitler didn't try to kick Poles etc out of Europe?? really?...this is only historical even in history that it is taboo to question...Donahue's response is that we restrain selves from inflicting even more pain on Jews...poor things have suffered enough...i.e THAT is reason for taboo...David Cole, Jew, made film about camps...found no evidence of gas chambers...i.e buildings claimed to be gas chambers can be viewed / tested i.e 2 sites...Auschwitz-Birkenau delousing camps show clear blue staining...all agree these rooms used for delousing...does not exist in any of the supposed gas chambers...with doors that don't lock...latches on inside and outside...physical evidence...same in Austrian and in Polish latches on inside...in 1994...Cole forced into hiding next year, threatened to assassinate him...Irv Rubin Jewish Defence league...put a hit out on David Cole...years later indicted for planning to send bomb to U.S. congressman...committed suicide in jail...Donahue joked 'you're a real Columbo David'...i.e insulting / condescending...'how old are you?'...glass windows without any bars...plate glass...no cover...Donahue 'were you barmitzvah'd' ... you claim Ernst as a friend? no, he never did, he met him twice...Donahue tried to make out they were friends and both neo-nazis'...
Donahue 'you claim that 6 million did not die...' though Jews in fact revised it down to 4.1 million, then lower...i.e 4 million was written on plaque before 1990 now 1.5 million i.e 2.5 million less...so where did they die...later officially revised down to 960,000...

Deniers? Revisionists? skeptics? Woman on show claimed taken to Auschwitz with mother and sisters who were killed (died?)...how did she survive? Why did so many survive? SS had no bullets?

Donahue understood museum would not 'honor this sort of thing with their presence' waving his hands dismissively...i.e weasel out of fact that museum would not offer what reasonable to expect i.e answers to questions...

Zionists argue 'huge orders of Zyklon B'...pile of cans on display at auschwitz...very small number...cannisters...premier pest control agents present at most KZs including those not claimed to have had gas chambers...

Today only claimed 6 camps in Poland had gas chambers...originally claimed 22 including in Austria and Germany i.e in West...these open to anyone to view, whereas the Polish ones were in U.S.S.R...

HOlocaust supporter claims only 5% of Zyklon B used by Nazi's...rest of 95% used for de-lousing i.e famous book author admits self i.e jean-Claude Pressac 'Auschwitz:Technique and operation of the gas chambers', which claims to 'prove' gas chambers operating etc ... i.e states this himself ... completely explains 95% of 'why so much Zyklon B gas ordered by SS'...!!! Zionists try to spin / deflect i.e that skeptics focussing on what cannot prove...shift burden of proof?...Donahue calls David member of 'fringe group'...he reminds that he is not member of any group.... burden of proof not on us to prove it happened...we have established that...it is up to them to prove it didn't happen... door closes in...but guy says ss could have put boxes up against door...you don't need a lock to close a door...

donahue biased...but 'confuses me why more people don't respond to skeptic's claims / questoins...
Zionist who deigned to respond ...'an absence of evidence is not evidence something didn't happen' !!!

donahue showed footage of typhus victims ...allied psych warfare operation in Buchenwald... Allies piled bodies up... got a german jewish film maker Billy Wilder to make a propaganda film to de-nazify germany...

Historians don't think 'Brausebad' footage shown ever used to kill anyone... pellets are never 'pumped in' as gas...

'Holocaust memorial archives'... Donahue completely side-steps question by referring to dead bodies as victims of third reich... i.e assumes bodies Jews... and only ever speak about the jewish victims... Dachau gas chamber shown as gas chamber was never used to kill people... even Zionist on show admits... Donahue says 'I'm not sure that was Dachau' even though Zionist just admitted fact that that footage of Dachau and it was never used to kill anyone... 'Brausebad' ...

Slippery slope as logical fallacy? i.e if one thing overstated / exaggerated / proven wrong, then does not mean that rest of argument wrong / hoax...

David Cole left stage 'Donahue says 'we lost David cole' and everyone in audience cheers... wildly... why?

Pile of eyeglasses, shoes, luggage... (built on false floors!... uniforms,

'Why don't you go' to see camps yourself? audience says to ...

Jews only 1% therefore more significant that so many Jews died...

Donahue thinks holocaust more important because anti-semitism so bad / dangerous especially ugly... hatred and fear of jews... especially problematic (though only 1% so why MORE significant)...
audience member thinks museum for all victims...idiot...

'why would you do this to all these people after all this time'...Donahue repeats in same tone, as if Jews being victimised by questioning the story...'not a lie that jews used to make soap'...it was just a mistake i.e each time someone proves lie, he claims its just an advance...not important...

Aerial photos show that no inmate lived close to crematorium as audience member claims...i.e 20 feet...as far as I am from you...I smelled 24 hours roast people... she says soap and lampshades, professor admits not true... she is questioning his motives...she shows tatoo and audience cheers...100,000 laborers so used tatoo...7 months in Auschwitz but not exterminated? ... she is alive and healthy 50 years later...tatoo does not prove murder...or lampshades or soap...professor wasn't there...i.e jew woman telling professor he is wrong, though Professor admits was a 'mistake' i.e not deliberate lie...'they burned bodies in massive graves'...Edith Glick...age 17...mother and 3 sisters...Edith Glick lived 20 feet from crematorium oven...

when we arrived we were 4 sisters and one brother...separated...I can still see Mengele...1 million plus Jews and she 'saw' Mengele 'he was standing there pointing with his fingers which way to go...separated her and her sister...Josef Mengele personally did this...huge camp..busy man?...Mengele did not want to have a big commotion (the angel of death)...so Mengele made an exception for her family, to avoid a commotion!...they were crying terribly after separating, so he directed my mother back to them...we saw the big flame far away and big chimney that smoke was coming out...her mother and sisters marched towards flame and we never saw them again...but 1800 degree F...flame about foot to 1.5 feet high, would never come out of chimney 'big flame', nor would it make much smoke i.e only wood does...not bodies...your family are in the smoke already...you won't see them again...Chimney bellowing fire and soot...'there go your parents'...’there were flames until the sky and strange smell...of frying chicken...pointing up to sky...people working in gas chambers told other Jews what they had done / seen ... allowed to share information? imagine riots...they kept telling us...people who were working there...told us what they saw after 6 weeks...after 6 weeks these people were also gassed...didn't want any living proof...systematic...so why left to tell tale ?
testimony is all third hand...'we need a much more informed organised coalition of historians...to speak to this' i.e to respond /answer...

Last thing professor had worked on was 'shooting down the creationists'...

Donahue called for museum people to stop ignoring 'all kinds of theatre' and start responding / answering...honor dead with stand-up debate... 'she is very courageous? thousands of bits of data that prove the holocaust'...

they gave us some kind of sedative/ medication to get them to comply...Edith claims...we just went where they told us to go..probably I believe they gave us some kind of sedative, they did give us some kind of medicine...

Josef Mengele...woman calls in...soap, lampshades, I saw it all, and I am a full blooded german...have no contact with my family cos they are nazis...

my mother was in hitler youth...born in lebensborn near Dachau?...I need psychiatric care...mengele put me to experiments...he saw soap made from the people...myth was not from Ausschwitz or Dachau at all...Menegle never there...lampshades lie only associated with Buchenwald, and mengele never there......her personally...Menegle was at Auschwitz in Poland, not in Dachau...and there are gas stoves I saw it...and I'm a full blooded german...I'm emotionally destroyed so I have to see a psychiatrist...

Donahue asked guest if he believed woman on phone...audience boos and jeers...professor of history, editor of 'skeptics magazine' i.e against creationism...even professor admits she claims to have seen lampshades with own eyes, though Donahue insists she did not make that claim...

Lebensborn ... even museum dispells rumour ...was in fact to care for babies of SS officers...

I saw the Jewish tortured? Dachau was in Poland, not Germany i.e Auschwitz not Dachau...story never claimed Mengele used germans...
myth of soap from anatomical institute near Gdansk, only

lampshad lie associated with Buchenwald, where Mengele never was

both myths today rejected by museum...

'booed when he replied' Donahue denies she said she saw soap/lampshades with her own eyes...just after she said it...

this is a german woman...see even the germans don't deny it...??? one caller with german accent means germans accept???

donahue 'first, you beleive her account' leading question...'that's not what she said' i.e D denier...started skeptic magazine / professor...this is a woman who has seen soap with her own eyes, I think'...this is a german woman, the germans have confessed to doing this, they dont deny it, see even the germans don't deny it'...

University kids being told 'we don't answer those questions because we don't want to 'legitimise' question as 'debatable' i.e just dismiss...don't want to grant questions any legitimacy...no intellectual freedom on this issue...'you give yoruself away' Donahue 'incontrovertible fact that jews were massacred because of their jewishness' ...40 million died...a lot of them were jews...so why focus on jews?...all the jews were killed!...

audience...why does it matter to you...why do you care...that they have a museum...it did happen...how much money you make...what are your credentials to challeng professors

what do we have to do to remind ourselves that it happened??? Edith Blick (name of one of my characters?)
We're working on that i.e answering his questions...i.e no answers to key questions...just dismissed!

Even the Germans don't deny it?

Historians dismiss that SS were impregnating women etc...

In 1919 Jews claiming 6 million being 'whirled toward the grave' in a 'threatened holocaust of human life'...'The American Hebrew' 31.October, 1919...Newspaper. 'The Crucifixion of Jews Must Stop' By Martin H. Glynn...former governor of N.Y state ...

Talmud states that 'four billion jews were murdered by the romans in the city of bethar' (Gittin 57b)...'sixteen million jewish children were wrapped in scrolls and burnt alive by the romans' (Gittin 58a)

technically, and for purposes of compensation, if you left Germany after Hitler gained power, and lived in luxury in New York or Sydney, you are a 'holocaust survivor'...!! But bad luck if you are a jew who suffered in a Russian Gulag at same time! You are NOT included in the definition..!

Allies found 3000 tonnes of paperwork...only the Wannsea Protocols...final solution of the jewish question... so-called Nazi documents are fakes written in bad German, and not in standard Nazi documentation style...i.e compare to other NAzi documents...would be laughed out of any unbiased court today, or at time...get a native German to read them...?? later claimed the order was verbal...no-one has ever found any order to kill jews...KZ were labor camps with strict rules...had 500ml coffee for breakfast!, lunch break, 9pm lights out...dressed appropriate to climate...death penalty for any acts of sabotage, but otherwise 1300-1700 calories per day, up to double the typical german...malnourishment only at end of war...many photos of Dachanau survivors where they look quite healthy and well-fed...taken by allies...not propaganda photos, like hte ones shown to the world...de-lousing chambers had
good circulation...ground water lever close to surface at camps, making cremation necessary, and also fleas and lice ...lead to 74,000 deaths from typhus...Birkenau...hair cut, showered, registered, given uniform, sick prisoners sent to hospital, clothing collected and de-loused en-masse...mostly with hot air, but sometimes with Zyklon B...which was used widely throughout the world...to rid ships and buildings of vermin like rats, lice, etc...including U.S and Europe...very prone to exploding...when contacts with solid surface tends to liqufy and form a 'prussian blue' color...have to air room for over 10 hours after each use...gas masks only protect for 10 minutes...no trace of the gear you would need to wear to move dead bodies ever found at any camps...Zyklon B GAS is highly explosive, Burns easily, leaves blue residue on any surface it condenses on...smells like mild almond...Ask survivors who claim never saw any gas chambers...

One man's testimony accepted as typical and true description of life/death in Dachau i.e Mr Rosenblum...People came in laughing, and asking where they were...the Jews supervising said nothing, shut doors from outside...2 SS ran up, climbed up on chairs, and threw the Zyklon B through the windows...and immediately we heard the screaming, which went on for maybe 10 to 15 minutes...afterwards opened the two doors on teh other side of hte yard, and called out to the Jews to pull out the bodies...could only burn about 1000 bodies each day, but could burn up to 15,000 in the 3 pits, 6 to 8 meters long, 2 meters wide...in each pit they threw in a 1000 people...it only took a few minutes to burn them completely...maybe 30 minutes and they were completely burnt, or partly burnt...there were still a few hands or feet that had fallen to the side, and we had to put them back in the fire...nothing should remain of these people...just a bit of ash! Australian survivor!

Modern crematorium...Average corpse takes 1 to 2 hours to burn...even longer if stored in cold...and bones never turn to ash, have to be ground in a machine...no smoke given off...it is not from the corpses...maybe from the fuel used...coke is difficult to get burning and not effective for crematoriums...if gets damp won't burn at all...can't burn bodies to ashes in pits...no air would get down to bodies / fire...even in house fires and aeroplane fires people don't burn to ash...3 to 4 hours and half a tonne of dried wood to burn corpse on pyre in India...large bones never burn to ash...

camps in marshy/wet areas of poland...water close to surface...so coke powered crematoriums...syntetic oil made from coal...coke is byproduct i.e volatile oil
already removed...once furnace fire up take average of 40kg of coke and 90 minutes...to burn one body, leaves about 4kg of coke ash, and about 1kg of ash of body including bones...camp archives show exactly how much coke used...75% water human body so cannot use as fuel to burn other bodies...e.g Birkenau...wet ground, bad weather...delivered in small amounts as no large storage facilities in camp...used to heat barracks, cook etc...641 tonnes enough to burn 16 bodies per day...only enough to burn 2 bodies per day had been delivered...no bone crushing machines, so where are the bone fragments? the pits?

motor oil and ethanol mixture used to burn bodies? Half year in Auschwitz either frozen, snowing, or raining...

Of all the 1000s of corpses autopsied by the Allied pathologists, after the camps were opened, no evidence of any gassing was ever found i.e no victim of death by gassing ever found...In fact no cases of death by maltreatment or starvation was ever found...all were victims of Typhus!

Brausebad...shower heads with peepholes in door...but signs state it was never used as a gas chamber? so what's the point? sign was taken away recently?

U.S aerial photographs of camps...'underground gas chambers?' crematorium four destroyed by inmates, the russians destroyed 3...no chambers of any gas chambers exist...'homicidal gas chambers' of such proportions as described would need sealed tubing for input of gas, would never allow windows, would need locks...gas would have to be extracted in safe way...supposedly 5 in Auschwitz...not one built as would need to be built...none had heating required to heat Zyklon B crystals, no extraction systems, or any signs of blue stains, many rooms, unsealed doors, eyewitness said krystals thrown through window...but claims chambers underground...no holes to chambers, no blue stains in chambers...rooms were morgues...not gas chambers...holes seen today roughly made, i.e not german engineering...some prisoners claim krystals were thrown down hollow support columns...but no hollow columns, all solid...into chambers...but no sign / evidence...

swimming pool next to jews...but only supposed surviving gas chambers built 20 paces from SS restaurant and hospital...two flimsy doors opened and gas allowed to escape out onto street...roof holes crudely smashed through concrete
ceiling...toilet fixtures removed...flimsy wooden door with glass pane and lock on inside...and no blue staining...

the crematorium chimney is not visible on any air force photos, and not even attached to the supposed chamber...i.e built by russians...SS just across road...SS commanders house only 60 meters from the 'gas chamber'...absurd Ausschwitz Birkenau...soviet propaganda films, horror stories...swimming pool still intact...long enough for real swimming...camp post office twice weekly prisoners packet post...camp library, brothel of 10 women for prisoners...no way an SS would ever touch a Jew...theatre, camp orchestra, day art classes for children...guides claim Zyklon B stored here...camp hospital, Jewish doctors and dentists worked on prisoners, prisoners football field...team sports events and football draws...piles of clothing and shoes in prison as prison uniforms issued...and most exhibits placed on false floor to give false impression of how many i.e placed on pyramid/floor...claims all smiling jews in photos etc all propaganda! even a jewish court...original plaque claimed 4 million, then later 1.5...but still 6 M claim not reduced to adjust to this change...photographic rooms and dark rooms....thousands of photos still exist, very different to the 'artwork' drawn by 'survivors'...vs healthy well fed prisoners taken by russians after had captured the camp...daily meals...no fight for survival or brutality...no half naked work details...vs great coats, hats, earmuffs, boots, no duress...100s of 1000s of photos saved by inmates...but among these not one single photo of any duress / harsh treatment at all...and very few guards...even warning signs 'high voltage' etc...20,000 jews supposedly shot in front of a wall that has not a single bullet mark !!!...

International Red Cross had observers placed, and Hitler sent inspectors...delegations reported well run hospitals, good food, post offices, banks, schools...but had never seen any gas chambers in any camps during or after the war...as late as 1989 representative of wartime red cross gave testimony at civil trial in Canada...had own currency for camp shops...

international red cross created by Rothschild family...in 90's got them to write an 'apology'...

Hitler did not start war, nor declare war...offered several offers of peace

'Endlosing was mutual agreement with zionists to deport Jews to Madagascar
Not a single KZ had gas chambers...mortuaries and de-lousing...never enough fuel to cremate a fraction of the supposed murdered ... pure hoax / fraud...

It could be proven that torture had been used to extract confessions and witnesses have lied.

Denial is a reasonable word to use in the sentence...'He denied the laws of physics', but to say 'He denies the Holocaust took place' is not. We are talking about two different situations. The laws of physics, though like all scientific 'facts' will always be open to challenge, and valid skepticism, the notion that 6 million Jews were murdered in Nazi occupied Europe and Nth Africa during the second half of WWII is far from proven by any solid evidence. Perhaps the term 'Holocaust skeptic' is appropriate. So why use the term 'denier'? It is going a step beyond describing the situation, and entering the realm of psychological warfare, and implicitly seeking to undermine the credibility of the skeptic, and cleverly add legitimacy to the as yet unproven claim that millions of Jews were murdered in a few years.

This raises the question of why it is so important to 'send down in flames' and completely discredit anyone who dares question the mass media / conventional history of 'the holocaust'.

Why does it matter that someone might question the official version of history? Is it a fear that if one or two people start expressing disbelief, that maybe millions of people will follow suite? Is it so important that the holocaust happened?

What would happen if the holocaust story turned out to be a fiction? A fake?

This is another way of asking the question, what would happen to the story of WWII if Hitler turned out to be just another world leader attempting what every other country was trying to do, and that is, simply extend his nations territory and power?

What I am trying to get you to consider is the fact that the Allies committed war crimes during WWII, such as the deliberate targeting of civilian populations with firebombing. Populations that had no military significance. While at the same time leaving militarily important targets, like the subsidiary companies of major U.S companies like Ford completely unscathed.

Why did the allies allow the use of torture to force fake confessions out of SS officers. Do the 'historians' tell you that the 'confessions' were gained by threatening to deny the family members of SS officers access to ration cards? That the officers were physically tortured?
Why was it that, as Field Marschall Montgomery, a great British war leader, put it, 'this was the first war in history that made losing a war a crime'?

Do you know that the man who ordered the firebombing of Germany and Japan admitted openly that if the U.S had lost the war, that he would have been charged with war crimes? The same man, Mr McNamara, who later went on to become Chairman of Ford?

Consider the difference in public opinion between firebombing people who had already murdered millions of Jews, and were in the process of finishing off their genocide, and that of firebombing people who just happened to be drawn along in the typical progress of history in another war.

Consider why it was so important at the time to completely defame the German regime as criminals. Consider why it has been so important to continue that defamation. Even to the point where Germans, and their leaders, even today 'accept' total guilt for not only WWII, but WWI.

Why has the subject of the history of the Jews in the German occupied zones been defined as completely 'out of bounds' for any researcher, critic, or challenge? Can you think of any equivalent period of history that no-one dare question? Any equivalent 'official story' that no-one is allowed to question?

Why does any government or lobby group feel so threatened by any questioning of their story? What is it they fear? What are they hiding?

In daily life, do we suspect those who are open to being interrogated, or those who threaten us with prison and unemployment if we even publicly ask questions about their dealings?

Why does the German government imprison people for merely expressing their skepticism, and of deciding that the question deserves their attention?
If the holocaust happened as the Allies and Zionists official version portrayed it, then surely there is no need for such a massive use of force to enforce that story? Surely the facts speak for themselves? Surely there is overwhelming evidence of millions of people being murdered? Surely documents? Surely millions of eyewitnesses? There were millions of survivors, we are told. So why are the same half dozen or so 'witnesses' called out over and over again, to repeat stories that have been proven to be impossible?

Consider the value of the holocaust industry...not just the 35 billion or so in 'compensation' already paid out to Jews (when no such compensation has been paid out to all the documented victims of the Nazi regime, such as homosexuals)...consider the value in terms of world public opinion in support of a new Israeli homeland for the 'survivors'...surely we owe them that much??...consider the fear factor and its value in persuading Jews all around the world that they were under threat, and needed to move to Israel to protect themselves...Why would millions of Jews who had it good in Europe move to the desert? ... they could not all be doctors, lawyers, academics, film-makers, and communist party officials if they all moved together...you can't have 6 million 'professionals'...someone has to do the physical, manual labor...who'd give up being an upper middle class German, Frenchman, or Pole to move to a land where they would all have to share the burden of the less desirable work more fairly...

So ask yourself why the most basic of all scientific principles, that of skepticism, of challenging the conventional wisdom, of critically evaluating data, etc...suddenly is no longer allowed...in fact criminalised...

What would happen to the history of the Allies in WWII if it was shown that Hitler was no evil criminal monster, but in fact a brilliant leader who was, like any great leader in history, doing what he thought was best for his own people?

What would it mean for the story of the founding of Israel, if it turned out that the Jews had been treated as well as could be expected in the circumstances, and no worse than any other 'enemy of the state' in Germany? What impact would it have on public opinion in terms of the right of Jews to take Palestine for themselves? What impact would it have on public opinion about Jewish war crimes in the Middle East? What impact would it have on the world's sympathy for Israel and Jews in general?
What would happen, if instead of being considered a special group, with special rights and privileges, the Jews were simply treated as equals among equals?

What other group of people have, in the last 70 years, simply moved into a land that was not theirs by any legal definition, driven out the local populations, and then continued to engage in economic and military warfare?

The Germans in WWII, until the Allies declared war on THEM, only moved their military into lands where Germans were already living, and only because the local governments would not grant them autonomy, or the necessary conditions to survive. E.G. the extraterritorial road Hitler requested between the German territories separated by land taken from Germany after WWI and given to Poland, which made it necessary for Germany to invade Poland...or at least no worse than the U.S invading Mexico to get the Mexican govt. to sell the U.S land the U.S govt. considered necessary to the safety/security/prosperity of the U.S...

No deliberate German policy of exterminating Jews...

If the 'official' version of what happened to Jews during WWII is not true, then what would you call every Hollywood 'Holocaust' movie but propaganda against Germany, France, and Italy. These movies all brand Hitler and the Nazi's as war criminals, psychopaths, and monsters, and by association the german people who 'laufed mit' i.e went along with them.
Why are germans so ready to accept the official version?
Many seeking a foundation from which to feel 'morally superior' feel that by being a 'good' German and going along with the story, they can define themselves as morally superior. Most have been shamed into a sense of guilt. They have been offered the 'lifeline' of calling the Nazi's a criminal dictatorship, by which the mass of Germans are freed from direct guilt, and allowed to 'pay for their parents crimes' by sending Israel submarines to the tune of billions, supporting Israel in its war crimes, and submitting to the domination of their financial system and mass media by Zionists...

The 'holocaust' industry helped finance Zionism, and provide a 'free get out of moral jail card' for any of its current war crimes. It enriches Zionists. It gives many Jews a scapegoat to blame any problems they have as a group on.

So Germans and French and Italians and Canadians and Americans support laws which effectively prevent anyone challenging the official version of a holocaust.

Of course it gives the Allies carte blanche morally for freedom from any war crimes investigations into their own war crimes during WWII. Firebombing and machine gunning of hundreds of thousands of civilians...in broad daylight..machine gunning of children and women, and even zoo and farm animals...

Did Zionists do a deal with Britain to get the U.S into both World Wars, in return for Palestine, which Britain controlled at the time? Did the British in fact give the Zionists Palestine? So is the idea of a deal so far fetched? Otherwise why did Britain give Palestine to the Zionists?

O.K, so we have motives on all sides for a fabrication of history.

I'm left speechless by Israeli criticisms of a lack of free press in their Arab neighbour states, and the claim that the Arabs are being brainwashed and indoctrinated into hating the state of Israel, Israelis, and Jews in general.

If you are not aware that most of your mass media is Zionist owned, then you really need to inform yourself a little.

You are aware that it is criminal in most advanced western nations to question the official version of a 'holocaust' committed by Nazi Germany during WWII?

Or did you just think that the reason you never saw anyone on t.v or in the newspapers or magazines questioning the official version of history, that it meant that every historian was in agreement with it? That it was accepted fact? Beyond question? That only crazy people and anti-semitic, irrational, hate-filled, neo-Nazi's had any problem with the official version of events?
Probably the later. The laws are not widely announced. The mass media portray anyone who questions the official version as a nazi, or crazy. All the movies further the official version of events with admittedly fictional tales, but which we take for granted, as indoctrinated/brainwashed viewers, is based on historical fact.

You might wonder why, in Germany, or France, you are not even allowed to mount a defence if you are charged under the laws. It is assumed that the official version is fact, proven. Documented. The judges are not historians, nor interested in history. Just in following hte law. The law tells them that anyone who questions the official version is crazy or criminal. So either you admit you are crazy, and submit to 'medical treatment', ranging from electroshock to drugs, or you are an out and out, completely unreasonable, irrational, recalcitrant, willful, completely non-rehabilitable criminal, and must be imprisoned for hte protection of society. Either way you lose your freedom.

The zionists are not perfect. they realise all their past mistakes and thus today will not make any public response to the holocaust skeptics. For any time they do try to respond, they reveal the inconsistenceis, impossibilities, etc etc of their claims...in other words anything they say tends to undermine their position, so they just keep silent...apart from a few 'eyewitnesses' who are not aware that their statements reveal that they are talking rubbish...they are just too lazy to get their stories 'right'...and so any time they talk they undermine their zionist's position...but they get away with it...the public is really generous with 'victims', especially if they are Jewish...I mean they have been taught since kindergarden, and their government forced visits to holocaust museums and hollywood movies that it is a sign of moral superiority to grant any holocaust survivor their sympathy and complete, unequivacaoble, unquestioning beleif...

But they made a big mistake in CAnada. Of course they got to vent their hate for truth, justice, free speech etc, and provide a warning to anyone else to 'self-censor', and reinforce the apparent consensus of the scientific and historical community that everything the zionists say is absolute truth, by ensuring that no-one who disagrees with them dare speak out for fear of losing their jobs, their careers, their freedom, and even their lives. When a zionist threatens you with death, you take them seriously. Mossad take out anyone they want to, from U.s presidents, to new york WTC workers, to their Jewish priests and dissidents.

In Canada you get to mount a defence. So Ernst Zundel did. And the case was so transparent, the case for fraud, the case for saying tha the official 'holocaust' story is a lie, a myth, propaganda, that even school children admitted that before the trial they had just taken the official story for granted, but that now they had doubts...
I myself never got to see anything about that trial until I stumbled upon a youtube video...years later...I did not know about the laws...so I don't expect you did either, or did until I just mentioned them.

So let us look at the laws. They are meant to protect the public from malicious lies, from being misinformed, and tricked into an irrational hatred or fear of jews. Interesting idea. So first let us assume that every time the JEws had been kicked out of a country, ever since Hadrian kicked them out of Palestine in the year 70 Current Era, about 2000 years ago, they have had problems with their host nations. All of it irrational? Were the romans irrational? Did they hate the jews for no reason? After all, the romans were known for their tolerance of all religions...they were polytheists by nature. So were they suddenly irrational? Did they hate the jews and distrust them for no reason? Maybe someone like Ernst Zundel wrote pamphlets and brainwashed everyone?

What are the jews doing now to people that might lead them to an 'irrational' hatred or fear of them. Are the palestinian people irrational in their hatred of Israel and Zionist jews?

Was Hitler irrational? Were the Russian Tzars irrational? The Spanish people in the 1400s? Did the jews declare war on Germany? A trade embargo (which today's Israeli military claim is the same as a declaration of war, and a justified 'cassus belli' for invasion and occupation of neighbors territory!...

1922 U.K broke off 70% of the land mandated to Palestine...became Jordan.

1947 U.N decided Jews had right to Israel...partition plan to divide remaining 30% of land between Arabs and Jews... Israel complains arabs there had only been there for one or a few generations (and where had jews been?)...1947 partition plan past...jews rejoiced, Arabs in uproar...Arabs never accepted...went to war against Israel...Israel 'Hebrew settlement' 'Zionists Movement' announced the Jewish state of israel...May 14, 1948...five arab nations invaded...Britain had left jewish state alone...Egypt, syria, lebanon, jordan, iraq, with Saudi support, attacked...Israel took land never allocated to it by U.N in this war...800,000 palestinians displaced / pushed out of israel...Jewish population in North Africa amounted to almost a million Jews, claimed suffering discrimination and violence related to israel...arabs displaced from palestine, and jews in africa became refugees...left homes and most migrated to Israel i.e claims forced to flee Arab / african...welcomed in Israel...whereas the ARabs were not welcome...left living as refugees / in misery...embittered... Arab nations could have welcomed them in but didn't? why didn't Jews welcome them?
Jews complain rest of ARabs didn't welcome them, give them nationality, i.e. Jews complaining Palestinians never took nationality of places displaced to e.g. Egyptian...i.e. Arabs don't want to solve the refugee problem...

In Zundel's trial secret meetings, i.e Zundel never knew who was accusing him or of what i.e not right of response / cross-interrogation etc...life-long pacifist...kept in prison prior to hearing, though had met every previous bond conditions i.e 11 times...wants to restore honor of germany...but the germany that was worthy of this honor no longer exists...it is an occupied govt. with occupation powers, other nations nukes stationed... 7 week 1985 trial was first time 'witnesses' cross examined etc...came to Canada to avoid military service i.e no draft...but turned down for canadian citizenship...never told why...9 years of persecution though supreme court said he'd done nothing illegal according to constitutional rights...slandered him as nazi, hate-monger, ... accuse him of hate-mongering...after the trial Polish govt. removed the plaque that used to say 4 million murdered in Auschwitz...german govt. never had power to defend itself against slanders...so why does current govt.?...came to canada...learned english...realised 'history' just re-runs of propaganda films...soap out of human cadavers...crucified canadian soldier was propaganda, took decades for truth to come out...germans third largest ethnic group in Canada as whole, and second largest in some states...1985 and 1988 trials...not one of original 'eyewitnesses' dared appear at second trial after having made fools of self at first one under cross-examination...defence attorney for first time allowed to interrogate and expose 'witnesses'...managed to
illicit Jewish holocaust historian to admit there was no written / signed order...to kill Jews, or build gas chambers...Dr Hilberg so shaken that would not attend second trial...could not produce one single scientific report 'I am at a loss' i.e top Jewish expert exposed...everyone would assume would have tonnes of evidence to support their confident claims...we find it was all hot air...'revisionists are not to be debated'...simply because of prima facie evidence...have no evidence / justification for their 'beliefs'...fabrication...15 month jail term...carried cross to court...for publishing pamphlet 'neo nazi propagandist...danger to the community'...he published with intention of destabilising Canadian community'...Jews demanding his deportation...'let he go back where he came from'...we told the truth, it needed to be told...in a civilised matter...we did a good job'...govt. was applying for citizenship during trial i.e plan to deport...promised would exhaust appeals process...deportation was automatically issued...deportation order...as sentence over 6 months on criminal offence...automatic...as not citizen...BSB 130

West Germany passed law making it a crime to deny that the holocaust took place...paragraph 130...Helmut Kohl's govt...April 26 19...for defaming the memory of the dead? and SS defamed? entire German pop. defamed?

GERMAN LAW ABOUT DEFAMING DEAD JEWS BUT O.K TO DEFAME 80 MILLION PLUS GERMANS?

deportation was stalled i.e could not deport him until his criminal appeals heard...

complaints by Canadian Jewish congress...Jewish community and poor survivors paid a very high price ...why should this overwhelming evidence be brought into question in a public forum?...?? crown attorney would normally have to prove...but in this case didn't...e.g false evidence...have to prove holocaust HAD happened' such a huge body of evidence' assumed by t.v reporter...what/where? where is this huge body of evidence? where was it during trial? 5 judge panel reserved judgement during week long appeal...Supreme court of Ontario...seeking conviction overtuned...but they said it was not in interests of society...so got a new trial instead...section 177 was applicable ...but new trial ordered...Jews planning to tell court what they should do next...??... 'why can't we simply deport him and get rid of him'...quoting Jewish witness Sabina Citron who had originally brought the charges...does that sound like what accusing Hitler / Germans of???

granted bail...on condition did not print that pamphlet i.e censored...10,000 bail...new court case 1987...though spent weekend in Don Jail, before bail arrangement...'The Ernst Zundel crisis' t.v coverage...
I consider it a historical lie... Jews claiming the previous trial had established that the Holocaust had taken place???

Mr Zundel the hate propaganda ... Canadian Jewish congress spokesman said if they did not take him to court people might believe Zundel !!!

1988 second trial...January...lasted 4 months...'The leuchter report'...

Dr Robert Faurisson...suggested get American expert Fred Leuchter sent to Auschwitz to investigate claims of Zyklon B, during 2nd trial...Leuchter originally believed in Holocaust...thought Zundel wrong...but concerned by freedom of speech violation...and decided to examine facilities to ensure Zundel got fair trial...he expected to find viable death execution chambers...honestly expected to find equipment capable of being used for gas executions...was looking for truth...told Zundel he would report if he did find what could have been used ...same man who did survey of U.S gas chambers...used same equipment to document everything saw...photographic evidence of hardware / facilities...videoded the process...to ensure properly taken and packaged...his determination was that they were incapable of using Cyanide gas for purposes of execution...but required lab analysis to confirm...that these facilities never contained hydrogen cyanide gas...the facilities were not, nor ever could have been gas execution facilities...design and fabrication of facilities...highly explosive and poisonous gas...gasketted doors, no windwos, way to get in and out, to heat gas, explosion proof switches and lighting...brick and mortar buildings with no heating, gasketted doors, explosive proof lighting...those persons operating the facilities would have gassed selves to death or blown to bits when lightbulb or switch or spark from crematory furnace next door...absolutely ludicrous notion that these facilities used to gas anyone...Fourisson studied the 'protocols' 'procedures' ... noone who claimed to witness had a valid description of what could have happened at such a gassing...concluded there were no eyewitnesses because there were no gassings...Judge stated 'The Holocaust happened...period!' like child's tantrum...judge ruled against, and moves to deport...18 month sentence...appeals etc

but then false news law struck down as violated charter ... Supreme court guaranteed to free expression, which extends to views of minority that majority feel are wrong or false...August 27, 1992 Supreme court of canada acquitted Zundel and struck down the false news law as a violation of the guarantee to free speech contained in the canadian charter of rights and freedoms...section 2b...permits free expression...extends to views of minorities that majority regards as wrong or false...law under which Zundel had been charged...

After 9 years Zundel could destroy his bail papers...
Canadian Jewish congress refused to accept the ruling of the Supreme court of Canada... so much for being lawful etc... laid new complaints against Zundel alleging he had incited hatred during previous interactions... who is arrogant here? to extort means to force someone to do something he does not want to do... though Zundel had had his rights violated for 9 years!

Toronto police warned that a price had been put on his head... 'guru of hate' poster showing Zundel's face in cross-hairs of rifle... 'graffiti' painted on his home 'nazi scum off our streets'... posters by 1000s calling for his assassination, giving his address and instructions on how to build a bomb...

anti-racist activists? funded by??? 8000 dollars of state financed intimidation...a 'kosher' barbecue... protests outside his home... why? 'holocaust'! typical firebombing of germans!... Home destroyed... 1995 'Nazis out'... Jewish groups claimed credit for the fire... arson...

His friend set up 'Zundelsite' which German govt. blocked... charged Zundel, but he had nothing to do with the site... but site was mirrored by German students... Ingrid Rimland was friend and writer... she set up site... 1 million deutsche telekom users blocked... then around world students at universities began 'mirroring' the site... incl. Australia... the most distinguished U.S. universities... so German govt. gave up that attempt to censor... gave Zundel's site more free advertising than they could ever have paid for... Jews and their lawyers paying so much attention, quoting site daily within minutes... huge achievement... now in many languages... became most visited website in cyberspace at time... bigger than NY times, ABC, NBC, CBS, anonymous donations in cash, bank deposits, transfers... Zundel let the genie out of the bottle... the peasant boy from the Blackforest liberator of his entire people... we need healers not histories... people of all races, ages, stations in life, as revisionists have resisted Zionists, whereas German chancellors and presidents drop their pants to the Zionists... but Zundel the peasant beat the fuckers !... we will help set the world free... how many people given that opportunity... the Jews can have their stories, we can have ours... we have our own victims of war... but their story a monumental hoax... we had all accepted the official story... but it is not true..

'truth is no defence'... ruling of the Canadian Human Rights Tribunal in the Zundelsite hearings of 1998! i.e. wanted to shut down internet pages... California not subject to Canadian govt. rulings... 100,000s dollars being spent by Canadian govt. to do this... why? a new state sanctioned religion with its own inquisition... to restrict eliminate 'heretics'...
Zundel never demanding anyone agree...just right to express his view...canadian
tax payer subsidising jews persecution of Zundel

passport due to expire...when it did someone destroyed two letters written by his
lawyer requesting a final interveiw...canada was 'leaked' this info ... he was
forced to apply for new german passport...and state prosecutor in mannheim
requested he be refused... massive conspiracy among various govt.
agencies...they could find nothing they could use against Zundel... but then after
911 'visa overstay'

of 5000 people detained since 911, only 5 have been charged with terrorism
related crimes, and only one convicted...'govt admitted it will prosecute suspects
of other crimes, to prevent possible terrorists from going on to commit acts of
terrorism???. Feb.5, 2003 Zundel arrested by 5 officials in front of homefor
'missing a hearing' and thereby had abandoned his claim to U.S citizen status and
arrested as an 'illegal alien' who was in the U.S without a visa or a legal passport
...he emptied all his pockets on trunk of car...they shoved a paper in front of him
and told him to sign it...they said attorney not allowed...never an arrest
warrent...took him away...week later his wife got to see him for 15 minutes...after
several weeks wife asked to see arrest warrant...but no arrest warrant had ever
been read...huge conspiracy...Zundel's have international documents, plan
approved and rubber stamped by goverments of Germany, canada, and U.S
...taken to canada...no arrest warrant there so dreamed up idea that he was
security risk, after 42 years without any crimes...2 brutal years of total isolation
in toronto west detention center...ice cold cell, lights always on, bedsheets not
changed in three months, never allowed to speak to anyone...after 2 years
deported after 'secret trial'... an 'extrajudicial rendition'... germans sent chartered
private plane to secretly remove Zundel from Canada...told canadians to keep it
all secret...Challenger 604 ID no CGLBB...seven officers accompanied lifelong
pacifist as if dangerous criminal...cost taxpayers 250,000 dollars...Mannheim
court senetenced Zundel to maximum sentence paragraph 130 for incitement of
the people and defamation of the memory of the dead...5 years...

ZUNDELSITE.ORG ....

David Irving...couldn't enter Canada...Govt.'s preventing publication/free speech...BBC documentary on attacks on free speech...BBC had commissioned ...50 years after war increasing numbers of citizens in Germany, france, etc imprisoned for new laws suppressing free speech... Journalists finally realising?...once you erode it at one corner, will fray until nothing left...David Irving invited by BBC to Auschwitz...gave them conditions e.g no 'staged theatre', plane may not land in Germany where would be arrested...feared would be invited into trap...required sworn, written contract...in reality trick authors...get footage of them being arrested...David Irving banned from Auschwitz...unprecedented...even from archives...that was story BBC gave him when he demanded these things in anticipation of 'trap'...either they made this excuse or Irving only historian banned...We have all the official manufacturers specs for the incinerators...no supplies of coke in allied aerial photos...handles on inside of gas chambers...millions of school children lied to...defaming nazis...that building in Auschwitz...22,000 dollar fine by german govt. for stating this fact...Poles admit built by poles 3 years after WWII was over...claim was a 'reconstruction' which is not a fake? e.g reconstructed 20 dollar bills? April 1990...german law 'racial incitement' for Irving's comment on 'fake, disney like chambers, built 3 years after war over' is racial incitement...fined thousands of dollars...Munich speech. later speech in Mannheim, in 1993 put on trial, fined 22,000 dollars...'senile alcoholic cretin' comment lead to another 10,000 dollar crime...others arrested and charged with 'interpreting at a conference for someone else who had spoken' at mannheim...given two year prison sentence, lost job, 2 years long past, then added another sentence...'had uttered words 'fake' etc...by 1993 Irving banned from german soil, when asked to present himself in court in germany, compulsory, offered to grant free passage to germany for trial...Irving joked he wanted free passage after trial...Decker got new 2 year sentence of 'chairing' meeting...german police attend meetings with tape recorder...

Book written by harvard professor almost got away with book 'the willing executioners' i.e claiming all of germans involved / active / keen on... his own father rejected idea...Irving appeared in Synagogue after that speaker...

If I was a jew I would ask 'why' are jews 'disliked'? i.e kicked out of nations...

Irving wrote 'Hitler's war'...his publishers were shocked to find he was not jewish i.e ruined his prospects...only jews allowed as 'self-hater' Vs denier / anti-semitic'...
Publishers preface 'David Irving is Britains most disliked historian' to get away with publishing him...admits could make more money by being 'likable' but writes what finds in archives...and replies' I'm disliked, and I know why, but why are you jews HATED wherever you go? wouldn't you want to know why? i.e if Hitler murdered 6million, wouldn't you want ot know why? Because they are so good at finances? Irving replied, but that is racism to assume entire race good at money...

Irving offers 'perceives as being inordinately greedy ...e.g jews demanding all gold in swizz banks must be ours...they want the benefits but not the hatred that comes with screwing people over...1700 names of unclaimed bank accounts...Jews claimed it must be theirs...how do jews become rich so quickly, realise everyone hates them and they should leave quickly...turns out the 1700 were nazi's hanged at nuremberg...how were jews able to do open accounts there under circumstances...

Jews reclaiming paintings 'I remember a painting like that hanging in our house in Vienna'...it is unjust that we have to prove our aunt died in Auschwitz, as nazi's didn't issue death certificates...no papers to even prove we had a policy..but you wouldn't dare refuse us...

Offer of reward had caused him mental anguish...judge awarded him 50.000 dollar 'reward' for anyone who could prove there were ever and gas chambers in Auschwitz...all sympathy for 'holocaust survivor'...

Big bankers get away with it...'holocaust'...he has suffered enough...I mean his race has suffered enough...I'm deeply alarmed at how the intake to harvard is already up to 15%, this is quite intolerble...it should not rise above 3%...i.e implies Jews problem...maybe they are superior, or more ruthless, or greedier...but perception of those abused will lead to anti-semitism...
in 1992 Irving in prison in Canada...New York publishing companies and re-printers are jewish, as are most literary reviewers etc...and most people who buy books in U.S are disproportionately jewish...

One thing to own media etc...another thing to attack their critics...

Movie with negative product placement i.e book by Irving held by psycothopath...or wanted nazi fugitive...discrediting revisionists unfairly...so far no control of internet...cyber patrol and surf watch...already listed Irving on these ... trying to force schools to add this software so no-one can read Irving's books...cyber filters...would ideally have it hard-wired to chip...define revisionism as hate crime ...

1988 Ernst Zundel trial was start of Irving's problems...ADL demonised...for speaking truth at Zundel's trial...Irving admits he would not do it again, now that he has experienced what happened to him...now fighting back with libel actions...judge has ordered files opened... envy and hatred began after he got access to Goebels diaries...Macmillan had published him earlier...his own editor had asked about how many copies they had of Irving's books in stock...'I want all these books to be destroyed within the next 24 hours'...MacMillan had all his books shredded at huge cost to themselves...they did not tell Irving...only saw royalties stop coming in...found out years later due to court order...in 77 Viking press had sent him round U.S on book tour...3 page memorandum with ADL pencilled on it...ADL seeking to stop him...at time he was widely respected historian...they tried to get him yanked off t.v show...they forced t.v show to put an ADL stooge on...Irving cannot be called anti-semitic, but we must try to have him so labelled...to destroy his legitimacy...admitted they could not refute him, as he was too competent / knowledgable... put pressure on publishers...Irving's name linked with 95 Oklahoma bombing few weeks later by newsweek calling him telling him there were allegatins linking him...the jewish telegraph agency release claimed they had info that Irving had constructed the trigger mechanism...then ADL complained and threatened him for posting the document showing the ADL had sent that press release...sent to every press agency in world, now claiming it was secret, confidential, privileged...threatened with legal action...had been defamed internationally...gratuitoously linked without any shred of foundation to terrorist act...try to force Irving to unpublication it...

Deborah Lipstadt can't prove what said about Irving...2 to 3000 supporters enable Irving to take legal action...

ARrested in vancouver in 92 after giving talk on freedom of speech...taken away in handcuffs...next day appeared before court...fax line SAJBOD i.e South African jewish Board of DEputies...international conspiracy...against free
speech...internet only remaining ray of hope...the only medium they don't control
(but facebook jewish! google? amazon? has anyone read my books?)...

if hated, programs, massacres? ask why? is there something you could be doing differently? like not crushing honest historians and writers!...freedom of thought and opinion...of expression...

Canadian officials hancuffed and shackled and put on plane back to U.K

Police in van told him anti-semitic jokes all the way to airport

Police transcripts proved Irving had said 'fake' but nothing about Germans paying for a fake for years...Decker 'it is quite plain that even though Irving did not say it, he intended to say it...and decker was aware of this intention...Gunter Deckhardt...been in jail over 5 years...many others...slight technicalities...

Walendi sent to prison for what he did NOT say...was punished for what he had not written, and not what he had written...10 month prison sentence for publishing short brochure...cannot complain to anyone as that itself is criminal offence...

Tolley has sold over 10 million books...pron. Toll-lay...originally German...live in present...simple...accept what is...live without creating suffering...tho suffering erodes the ego and therefore productive...thinking is the greatest addiction...overactivity of mind...vs Is-ness of present moment...accept what is...place of stillness out of mental noise...source of creativity...avoid creating conflict...make peace your priority...saving the world follows from that...power of life is in depth of being...being fully here now...

We the SHEEPLE :D

Jews have right of return after 2000 years, but Palestinians with keys to their own houses still have no right of return?

Descendants of King DAvid...no historical evidence he ever existed, 3000 years ago, despite best efforts...? entire community being forced into exile via violence, so archaeological park can be built there...'the new kingdom of king david' to establish connectoin between mythical kingdom of king david and Israel...1947 U.N partitioned palestine into Jewish and Arab state...absurd boudnaries i.e no-one could ahve expected it to work...did not last one day...Jews 500,000 surrounded by Arabs 1.5 million...both had expected statehood, but U.N gave larger proportion of land to smaller Jewish community...of course never accepted the partition plan...Israel began campaign of ethnic cleansing...myth of 1947 that Arabs attacked to destroy fledgling state...a few years after 'holocaust'...but by end of 1948 zionists had destroyed/taken most of the territory given to palestine...how did they manage this if they were such victims...40.000 well trained armed force...palestine had no such force...never did have...may 1948 first time arabs intervened...long after ethic cleansing, in 12 month period, left 1
million arabs homeless...palestinian communities in new jerusalem outside town, beautiful homes, after 1948 people kicked out, homes given to Jews...looting...shameful treatment...conventional narrative was that Arabs attacked, we won, so fair we take their homes...truth is israelis...Son of General wrote book, gives lectures about all this...1967 war...Sinai peninsula cease fire agreement...Egyptian general ordered troops into area...which was Egyptian territory...israeli military pushed for war...official narrative is israel attacked by 3 armies intent on destroying Israel...but we prevailed...we are superior and proved it...we defeated arab armies...Son read minutes of meetings between Generals, in archives...generals attempted to convince isrealis cabinet that egypian army need over 1.5 years to prepare, so if we strike first, we can destroy them for the third time...easier to destroy them in Sinai...not a word about any threat to isreal...opportunistic...pre-emptive strike decimated Egypt...Generals wanted still more...wanted west bank...as in 1948...still wanted it...this time they took it...and golan heights high above galilee with lots of water, i.e Syrian territory...in 6 days Israel destroyed 3 arab armies, also took gaza strip, killed over 15,000 arabs only lost 700 Israelis...also attacked U.s.s liberty...seen as opportunity to 'solve palestinian problem' to give them a state under our terms...at same time ethnic cleansing, replacing palestinians with israeli's in West Bank after 1967...they had erased palestine off the map...for first time after 2000 years, and 25 years after WWII, Israel now controlled entirety of Palestine...erased it...Israel had no intention of given up any territory to form palestinian state...objective was to take all territory...1500 year history of arab and muslim rule...began eradicating the real history...still half the population are arabs...who do not share equal rights, though have Israeli citizenship...by 1993 palestinian state could not be established in west bank...entire jordan river valley settled with jews...entire east jerusalem...was no place for palestinian state to be established therefore began in 1993 disingenous 'offer' of negotiation...no israeli govt would give up that territory...in 2000 peace agreement was joke...simply tried to force Arafat to surrender...U.S blamed Arafat, villified, israeli tanks beseiged him...the problem is Israel...does not want peace...Arafat was willing ot give up 80% of their homeland...not west bank and gaza...and even surrender right to compensation (comapre to 35 Billion german payments for KZs)...Miko Peled...his own 13 year old daughter of his sister killed by suicide bomber...granddaughter of General and Peace-seeker...she was asked about revenge and retaliation...her response...'no real mother would want this to happen to any other mother!'...'my government brought these two young men to such a level of despair that they would take their own lives and the lives of a little girl...the brutal oppresion...cause of this...Palestinians denied hope, freedom, water, land, homes...I point a finger at my own government'...she used to be close personal friend of president of Israel...
Of Israeli prime minister... As Israeli boy Miko Peled never interacted with Palestinians... so first time aged 39 Israeli who had grown up in Jerusalem met and spoke with a Palestinian in U.S...

checkpoints at Israeli points in Hebrew... entry forbidden to Israelis... felony... and dangerous i.e firing zone... can only read if read Hebrew... Now Miko Peled ignores these signs and visits his Palestinian friends... sees traffic jams, children going to school, people going to work, shops... never once seen an 'enemy'... sign and wall has nothing to do with security... there to terrorise, harass, humiliate Palestinians... racism, hatred, keep Israeli's privileged and Palestinians powerless... army of occupation and oppression, to deny rights, prevent resistance... I am the terrorist, not them

Switzerland and Belgium examples of two people's sharing one state... Basques in Spain...

Israel considers its bordans Jordan river to Mediterranean... it is a one state state... Palestine has no chance... 3 different sets of laws... Israeli Jews have democratic state, Palestinian citizens of Israel discriminate against by law... then laws governing Palestinians in West Bank and Gaza, basically no rights... Zionist education system teaches racism... life made impossible for Palestinians through uncalled for restrictions/ permits etc with excuse of 'security'... Israeli army best trained/ fed/ clothed terrorist organisation in the world... their entire purpose is terrorism... 2008 attack on Gaza 'most shameful day in history of Jewish people'... began carpet bombing 100 tonnes of bombs... 800,000 children live in Gaza... bombing began just as children were leaving school to go home... first day of 21 day slaughter that had no justification... one tonne bomb will destroy entire block... Gaza strip one of most densely populated areas on earth...

Zionism like racism has to go... the Zionist state must be replaced with a democracy... equality between Jew and Palestinian... transfer of power... Jews claim would be a 'holocaust' of Jews!... vast differences, cultural superiority of Israelis... languages similar, more than half of all Israelis are descendants of Arab Jews from Iraq, Yemen, North Africa... Old Arab Jews from Iraq crying that their city being bombed... common goals greater than anything dividing them...

Israeli land owned by state... only 49 year lease... 1948 meant all absentee property of refugees owned by state, and then law saying Palestinians could not return and claim the land...

All this current 'terrorism' means U.N makes no mention of Palestine and what is happening to them... every single day people shot and killed in nonviolent protest
every week, thousands sit in prison without any reason...terrorism, Iran etc
distraction from palestinian issue...there is no threat ... they nurture threat t so
world distracted, and israeli people live in fear ...compare it to 'the threat of 1967'
when people scared to death i.e Generals did not let them in on secret / truth i.e of
how easy they knew the 'war' would be...people really lived in fear of
'holocaust'...

Isreali jews privileged in current society...so why would they give up these? .
israeli military law only applies to palestinian...who will be tortured and kept in
prison as long as want without charges or a trial...israeli let off on technicality for
same act e.g protest...like whites in South Africa or U.S...requires external
pressure ... more and more american jews breaking away from zionism...israeli's
don't need to like it...

Turn of 19th century around world people’s sought own homelands...faced
progroms and persecution...many jews believed arabs and jews would live
together in peace...later leaders were racist, radical, violent, militant, ... i.e change
in tone...5million palestinians inside palestine, 5 outside...only 200 suicide
bombers...function of hopeless situation...but few support suicide bombings...

N.B West Bank is in North East i.e on Jordanian border with dead sea and Jordan
to East. Golan heights is north of West Bank, on border with Syria nad JOrdan
and Lebanon. Gaza strip is on Mediterranean sea...tiny strip of land between sinai,
sea, and israel. West bank less than third size Israel...

APAC determines U.S policy towards Israel (and probably everything else)...
Admits that 'self-hating jew' applied to him, but if non Jew says same thing called
anti-semitic...torturing children!...anti-semitism meaningless, their last resort
/weapon...these are legitimate questions...you danced when israel bombing
800,000 children locked up in gaza with nowhere to go...you suport a country
that prevents children having access to water, homes, freedom, food, education,
what does that make you i.e have to change the conversation...counter
APAC...APAC use anti-semitism as weapon...call to change israel from zionist
state to democracy...peaceful transition...no violence required...admits its not
easy...people afraid of being called 'anti-semitic'...have to be brave and push
conversation in productive direction...you must be pro zionist if you want a
political career...thats the price of doing business, the name of hte game...this is
politics in america...no politician has anything to gain by challenging zionism...it
is up to the people ... israel calls the shots...jump...how high...if you want to
succeed in politics here you have to be pro zionist...

MHR look at world map...israel appears to be in the center of hte maps???
U.S is too powerful...potential competitor for world government...so must be
completely weakened before NWO... same as Germany was pyschologically
emasculated...U.S dependent on communist China now...most bloodlines European, 12 star E.U, Britain etc...U.S must collapse so no opposition to N.W.O possible...China already communist centralised, and Russia is a mess...probably will want China-Russia-U.S war...U.S govt. does not serve interests of U.S...serves interest of NWO leaders...

ISIS leader Abu Bakr Al-Baghdadi (what a fucking riot of a joke of a name!) being pushed by U.S media as threat equiv. to 911, and Bin Laden...had been in U.S prison in Iraq...Islamic Caliphate ruled by harsh islamic law and killing infidels......the new / heir / next Bin Laden...'the most disgusting vile terrorists we've seen in recent history'...'so elusive' only a few photos of him? but had been in U.S prison? ... feared...10 Million U.S bounty on his head?...i.e new boogey man...ISIS Islamic State of Iraq and Syria?...NBC, CNN, BBC, 60 minutes ... same stooges...C.I.A fiction...Tim Osmond (Ossama Bin Laden?)...this new next false flag fear mongering in full swing...Lindsey Graham key push for Syrian intervention, fraud, terror...claimed U.S faced nuclear attack on U.S...'my fear is that it ... will come in the belly of a ship in the charleston or new york harbour'...'the next 911 is coming from here'...'evil intentions'...'I'll see you guys in New York' .....terrifying...terror...evoke 911 trauma based mind control event...fear trigger...ISIS egyptian goddess favorite of secret societies that run this planet...U.S govenment contractor called ISIS...intelligence technology training...located in Ronald Reagan building in WAshington...contracts to U.S govt, military etc in middle east...theatre wide security services...d.o.d, protective services etc etc...subliminal resonance triggers trauma of 911...mind control...'Here's what we know' then show virtual reality images / videos, computer generated, claiming this is true/fact...keep referring to their expert sources etc without ever giving any factual informaton / proof...automatic sublminal associations...trauma,fear,externalisation of power, control...

Biggest benefit of 'holocaust' industry was introduction of laws against 'anti-semitism' i.e which would make it criminal in future to criticise Zionist agenda / actions / monopolisation of power...leads to self-censorship...no-one dare report anything that could be 'spun' as anti-zionist therefore anti-semitic'... If you mention that 'Jews' own and control most things of importance, they will say...yeh, so, what's your point? are you anti-semitic?' as if it is NOT significant / relevant / worthy of questioning...and special treatement of Israel by U.S and U.K ... their campaign funding 50%...Anti Defamation League etc...agressive...target anyone who raises questions...define as anti-semitic, nazi, racist...communists / left basically Jewish invention... they call Jews who criticice Israel a 'self-hater'...hate laws in which truth is no defence...if the person upset by the truth is
Jewish, you are a criminal...Zionists 'hands off' special interest group...just like bible predicts...

4 of 9 supreme court justices Zionists...will ban freedom of speech, criminalise skepticism (a.k.a conspiracy theorists / deniers)

War centralises power...transform society... Israel actually set up not to help Jews ... black jews terribly treated in israel...but to provide a focus from which to create a world war....bring in world powers and religions into conflict...Albert Pike predicted this ... divide and rule conflict between Shia and Sumi Muslims in Islam i.e who should be rightful successor to Mohamad...as I say in my book, all Jewish created conflict...ISIS represents Sumi Muslims, Iraq regim represents Shia muslims...across border center of Shia muslim world Iran...89% Shia population of Iran...Zionists trying to draw Islam to protect

BUCHENWALD KOMMANDANT KOCK WAS TRIED AND SHOT DURING WW2 BY GERMAN COURT FOR CRIMES HE COMMITTED ... JUST MORE PROOF THAT THERE WERE NO 'DEATH' CAMPS...

Israel had kidnapped and held Eichmann in Israel...psychologically tortured, 24 hour light, isolation...

Camp Bordello for the Jews was just behind famous 'Arbeit Macht Frei' entrance gate... interesting that Poles did reconstruct the swimming pool, though it is never shown to tourists...poles say either for ss or for inmates as reward...but pool at other end of camp from SS i.e in middle of in-mates barracks...would make no sense ... SS could only enter camp on official business...why would it be put right in middle of camp? photo of inmates looking healthy and happy...3 barracks down is 'wall of death' where 20,000 people shot against wall...banches in grass, hospital one block away...why build pool near 'wall of death', inside camp, middle of barracks...aerial photographs can only be blown up so far, but pool in photo...no bullet marks from 20,000 people shot on 'wall of death'...no photos of...though photos exist and film of other Nazi shootings of criminals etc...Jews and catholics leave mark near wall, plant flags...though no evidence of any shootings there, or reason to think it right...Rudolf Hoess strangled...opposite air raid shelter...SS hospital on top floor, and SS canteen on bottom floor, directly opposite passive exhausts of 'gas chambers'...Commanddants home, and another SS building all face 'air raid shelter'...

Jacobin = illuminati ... Eisenhower was member of CFR...

7 of the 'hijackers' turned out to be alive after their photos were published...Andres Von Bulow, former German Minister of Defense, asked the clear question i.e how, after such a huge bungled job of protection / intelligence, did the F.B.I, within 48 hours, have a list of hte hijackers, photos and all?

Just before 'Operation Desert Storm' the Iraqi government repeatedly informed the western powers that Kuwait was illegally slant-drilling and thus stealing Iraqi oil. Baker and other top U.S officials give Saddam Hussein a free hand in responding 'as he sees fit' to 'police' the area. However as soon as Saddam Hussein takes action, the U.S invaded.

As 911 attacks underway, President Bush in school pretending to be reading a book along with the kids...only problem is that he was holding HIS copy of that book UPSIDE DOWN!... it was in fact a 'goat' story, and 'goat of Mendes' is Baphomet, the Illuminati symbol, see President WAShington striking same pose...the actual book Bush holding upside down was titled 'America', behind him a post of the PReamble to the U.S constitution, and schoolgirl has statue of liberty next to here, and girls has two stars over head, like statue...i.e this photo shows many levels of subliminal messages in entire 911....bush personally asked SEnate majority leaders to limit the 911 investigation...

Media lied to us...told us that Iraq was making nuclear weapons, had stockpiles of WOMADs, was involved in the 911 attack, was hosting Al Quaeda terrorists, U.S would be welcomed as liberators, Iraq would pay for its own reconstruction, the war would make the world safer...after 1990 invasion Bush admitted all those lies ... cost 150 billion... as of 2004 ...guantanamo bay over 660 prisoners held on Cuban territory...tortured...

Libya, Africa, China...Gaddafi was working hard to unite Africa, via aid, investments, ...Libyan Sovereign wealth fund 1.3 billion 98% of it was 'lost' on stock exchanges? asked for 3.7B investment in Goldman Sachs just before about to go bankrupt i.e new were already bankrupt, including Donald Trump lied to and deceived 'screwed' Gaddafi...shows attitude of U.S executives...Frozen assets and sanctions literally destroyed the fund which represented the oil profits...

Lockerbie ... General Dynamics huge contract with Libya i.e British company... Libya had compiled a long list of criminal charges against Nato nations and their companies relating to financial fraud in the billions, when Nato bombers destroyed the evidence during the Nato attacks on Libya...i.e Libyan Anti-Corruption agency had exposed full transaction details of banks, bailout loans, and business deals between various NATO countries and Libya...the anti-corruption building directly targetted with 2 missiles, in heart of Libyan capital...so obvious and clear as you could get...followed by around 4000 air strikes against Gaddafi...Nato responded to mass protests in Libya by destroying all Libyan communications to prevent television and radio broadcasts of the public protests against NATO, so they could then have a monopoly on mass media, to present their own propaganda version of events / false news reports etc...i.e that Libyan revolutionaries are heroes, with massive public support, in fact opposite...British sent 'rescue mission' ...British special forces...British to overthrow Gaddafi...Gaddafi blamed Al Qaeda...people were pro-Gaddafi...Al Qaeda was supported...i.e defacto commander Al Qaeda organisers...opened up prisons freeing hundreds of Al Qaeda terrorists...Obama authorised a covert operation in secret i.e to train and arm...aim was to stage public demonstrations against Gaddafi, arrange false flag attacks on Libyans and blame on Gaddafi and black african mercenaries, trigger a race war in Libya, arrest / exclude black Libyans and black african citizens from Libya, to stop Libya succeeding in uniting Africa i.e African Union, to keep it divided, corrupt, etc and thus powerless against west and NATO...to sever ties between Libya and Africa, and allow NATO countries to seize and control Libyan gold, oil, and billions in assets in Libya and abroad, then finally kill Muammar Gaddafi himself...after killed, Gaddafi black africans rounded up and imprisoned...transfer of power...100s of thousands of day laborers arrested as 'gaddafi' supporters / mercenaries...africans on way to Europe arrested as 'mercenaries'...100% 'black' based persecution...even darker skinned Libyans treated as 'mercenaries'...clearly intended to ruin any possibility of Libya ever uniting African...mass grave of gaddafi troops discovered...bodies mutilated...Nato is downplaying reports, giving them carte blanche...rebels mass lynchings of black people...western media blackout on reports...Nato claimed attacked for humanitarian reasons, though rebels are the ones committing the atrocities...so no comment / media blackout on facts...'operation unified

U.S delegation claiming this would be inspiration to syria, beijing, moscow, and Iran to murder their own 'dictators' i.e Senator McCain's own words...national transition council...Gadaffi about to 'bury the american buck'...i.e changeover from U.S dollar to gold dinar as single african currency...in 96 and 2000 great african interest...in 2009 he called on african and islamic currency to rival euro and dollar...would sell oil around world only for gold and dinars...144 tonnes of gold ... u.k has twice that, but ten times the population...worlds central banksters had him murdered, like Saddam Hussein...stop OPEC transferring oil trading in Euros...Libya and gulf states had gold...U.S and Nato kill for central banksters...2006 chinese bought U.S debt to get any yield from U.S dollar reserves...largest 1.1 trillion buyer of U.S debt...Japan 1 trillion...1% loss would be 11 billion loss...Chinese want to sell U.S dollars, would raise exchange rate, and make exports more expensive...doubling of value chinese currency on books if chinese sell their U.S debts...so can't do this yet...so china quickly moving hteir investments away from america, and into Africa...1885 Congo given to king leopold of Belgium, owned it for 20 years, made billion dollar profit from forced labor / ivory / natural rubber...discovered gold, oil, diamonds,copper, etc...nation was artificial...new minerals found and now fought over...vital to Western industry...largest territory on earth without a real functioning govt...africa has 60% worlds unused fertile land i.e agriculture, worlds future food supply...chinese offering 10 bn in concessional loans, etc, to set up development banks for small and medium sized businesses...will write off loans from entire world...Chinese relationship win win, openness, transparency, without any political conditions, as in present and past...chines rebuilding African roads e.g mobasa to congo...Tanzania find chinese at work i.e winning contracts for development...majority employees locals...learning local languages...here to do business...not to control / dominate as Nato and west do...built / financed African union building 200million dollar present...2012...african importing raw materials from africa, and exporting manufactured goods...local content and no strings attached...land being bought up by china for export i.e vast areas of land...africa new fiberoptic system...crosses africa...brazilians and indians also making large investments...Age of America ends in 2016 as chinese economy surpasses U.S in real terms (not U.S dollar, current exchange rates)...i.e 18.9 trillion G.DP and 1.16 trillion in U.S treasuries...4 times the population...china set to be leading power... will soon not be able to issue debt as U.S dollar becomes worthless...Fed, banks, and wallstreet engage in illicit trading e.g 700 billion was just small part of larger pool of taxpayers money without any public scrutiny, 12.8 trillion dollars in 'secret' deals which are keeping bubble / pyramid / house of cards from collapsing... few people aware of...AFTER 2008, official 700
billion for T.A.R.P. true amount of 'liabilities' reached over 12.8 trillion, ... along with pentagon budgets and 'missing' funds...congress officially seeking to reduce defence spending, but in reality secret 'shadow govt.' financing...Chines peacekeepers as part of U.N in africa, though mostly working on building infrastructure like roads and bridges...mine removal... europe is china's largest trading partner, offered to bail-out E.U i.e one quareret of chinas 3 trillion forex...china wants to replace U.S dollar with IMF special drawing rights, linked to basket of currencies, to prevent risk of future crash...official goal of people's bank of china...need new world reserve currency...printing U.S dollars reduces cost of repaying U.S debts i.e like hyperinflation in germany...U.N wants to turn Special drawing rights into new ... IMF act as world's central bank...reduce need for exchange reserves i.e basket of currencies setting new Special drawing rights...China is backing, and dumping its U.S reserves, it will destroy the U.S economy...American covert wars attempting to resist the inevitable...if fed keeps pringing U.S debt owned by china and e.u will fall...economic recession will collapse the global financial system as we know it...govt. printing money ie. quantitative easing is mission gallop, on way to becoming fourth branch of govt exercising both monetary and fiscal policy...its original mandate was to control inflation, then later to reduce unemployment...but 'trickle down theory' a joke...the only people able to invest are rich...'recovery' will only make richer ricker.....trilllions being spent on drone warfare, e.g in Africa...Africom...activation of U.S africa command i.e AFricom...completely new...increase U.S national security? ...global 'stability'?...help our african friends? bring security to africa???...unmanned drones known as 'reapers' !!! new bases in AFrica to 'take out' 'terrorists'!!'the most dangerous regional node in the global jihad' ... new drones and runways to strike at targets around africa, Middle east...even Seychelles appears to have agreed to host expanding netword of drone bases...over 12 new bases opened...thousands of U.S soldiers on the ground, contractors, special ops, 'shadow wars'...Africom to protect nato interests in africa from the chinese? !!!!!!!And also act as a S protection force for Israel under the 1996 israeli war plan.!!!!!!! C.I.A (Z.I.A) will flood africa with armed Al-Qaeda agents from the Libyan conflict, aided by CIA and British Special Forces will stage protests, incite violence, and wage new wars to sabotage chinese business ventures...!!!!!!!

Note that U.S admits to having set up Taliban etc to bleed Soviet system dry, of resources, to bankrupt it through military spending, which is exactly what the Zionists have done with the U.S...it bankrupted it with wars since WWII, all over the world...huge military expenditure...and socialist spending programs without taxing the rich at all i.e bankrupted nation, then states, then individuals, so that ultimately U.S.A will implode, as in U.S, and this time they will remove the borders to Canada and MExico, rather than an 'iron curtain'... U.S govt. was supposed to protect liberty, and democracy, to prevent a few owning everything
and controlling everyone...irony that govt. has become the tool of centralisation of wealth/power, and loss of personal freedoms...ruled by special interests, not the people i.e. elites/corporations/corporatism and martial law i.e. fascism...N.B. German people voted Hitler in, then government voted Hitler sole rule...but in U.S. president simply writes own rules...never openly stated intention i.e. maintains pretense...Military in U.S. can detain, and hold indefinitely, without charge or trial...a.k.a. MARTIAL law...constitution allows gold and silver to be used as currency...Germany requested gold back from N.Y. Fed!!...drug laws mandatory sentences up to life sentence with no 'victim' per se...when drugs even available in prisons!!!...workers lost homes, while rich got richer for fucking up...war always destroys wealth and liberty...U.S President authorised to set up 'kill list' to assassinate anyone he chooses...by executive order, including U.S. citizens...why should he stop at one? nothing to stop him putting millions of names on that list!...democracy is tyranny of hte majority, therefore constitutional rights protect minorities...6 million people in prison in U.S., more than Russia ever had, more than China...tax code 72,000 pages long...constitution had 4 federal laws...sole objective is to protect liberty i.e. prevent other people restricting your liberty, to protect mutual rights, defend nation from aggression...govt. metastasizes like cancerous tumour, growing, spreading throughout system...limited concessions grow towards tyranny...require revolutionary spirit to defy it...foreigners take worthless U.S. dollars for their goods, then loan them back to U.S.!!! Ron Paul!!!...A little tyranny is like being a little pregnant! i.e. indivisibility...we reject right of our neighbour to initiate violence...tell us how to live, but allow strangers to do so?...500,000 Iraqi deaths was 'worth it to achieve the good we brought to the people of Iraq'!!!...violation by govt. if individuals should not employ violence, then why should state? if we don't have moral right as individuals, how did govt. take it upon self? on what basis?...violation will increase as clear govt. morally bankrupt and people take back right to violence govt. only has by virtue of its virtuous employment of it...how is it different for individual to steal, than for businesses to extort/mislead, or for govt. to tax working/productive classes and give money to unproductive rich??...constitution founders warned dependant on virtuous and moral people, eternal vigilance, reforms always lead to undermine personal liberty, erosion of liberty, enslavement via debt, and Presidential decrees...welfare-warfare state...already lost freedoms, soon will have exhausted previously earned wealth...will be serfs once more...Internet must remain free of govt. regulation...N.B. Luther had contempt for peasants/poor, supported by rich bankers/merchants/princes...seek self-esteem through excellence/effort i.e. true source of personal satisfaction, govt. cannot 'hand it out' to you as 'bailout' or 'subsidy' i.e. require real personal achievement...self-reliance, productivity, creativity i.e. effort, sacrifice, risk, honesty...we go to war without U.N. sanction, or even public support...pre-emptive war without people agreeing to
it...domestic or international law...and to murder people...imprison...state sponsored killing of 100s of millions...cannot afford to give state/govt monopoly on use of force/violence...primary source of poverty and war...King John 1215 Magna Carter habeus corpus...800 years later simply brushed aside by arrogant U.S Presidents...Bejamin Franklin 'only a virtuous people are capable of freedom'...why is govt. exempt from rules people must follow?...envy leads to hate and class warfare...need mutual tolerance...tolerance is not an endorsement, but who has right to impose own beliefs on another?...but your 'own' children? isn't that imposing?

Oil price well below the default price for trillions of dollars of oil junk bonds bought after last crises i.e potentially much bigger than real estate junk bonds...if your 401K or bank owns, as they owned real estate sub-prime loans...401K baby boomers parents retiring now, will have to take their pensions i.e remove huge money from markets...also baby boomers themselves turning 45, starting to save/stop spending...increase money supply but decrease velocity...china was pumping money into real estate ghost towns i.e inventory, to keep GDP up but with no buyers...so will burst, economy will crash, stop importing...this is third time in on verge of collapse U.S dollar...third strike!!! oil fracking, shale etc all based on much higher oil price, so GDP growth on back of that to crash...

'Peak Gold' refers to the maximum p.a rate of gold extraction that will ever be reached, after which production will decline...hence if we are in 'peak oil' it means that from today on oil production is set to decline...

The COMEX record for ounces of gold claims per ounce deliverable gold is 293...so far...and that quite recently, and consistent with a steady trend upwards...

While most gold ever mined is still with us, about 90% all silver ever mined is now in landfill i.e thrown away with the industrial products it was used to produce...and ratio of gold to silver ever mined is 1 to 8.8 i.e about 9 times as much silver as gold...historical gold to silver valuations went from as low as 2.5, but averaged about 15 over 5000 years, though last century it has climbed to around 100...and geologists tell us that we tend to find 18.75 units of silver for every 1 unit of gold...but note that silver production is almost always a byproduct of other metal mining operations...silver most reflective and conductive metal, more than gold...need only tiny amounts though, e.g 2g in laptop...1g in mobile phone...so usually not recycled...though costs of mining silver etc increasing, so today about 20% silver recycled...

Investing tips

We all underestimate our greed and panic...Even after 28 years of straight profits, one of the world's most successful investors and fund managers ever, Paul Tudor Jones, admits 'It's never enough'...the richest people find themselves working as hard and long and stressing out as much as ever...i.e money/success itself not a goal worth pursuing...it will not satisfy...you will just NEED more...so better to have concrete goals you can work towards, and know when you've achieved...limits necessary or you will end up working for nothing i.e never feeling 'enough' or 'successful'... Paul perhaps holds a record in enjoying, at the time he was interviewed, 28 years without an annualised loss i.e zero or positive returns for 28 consecutive years...he works on the 5:1 rule i.e asymmetric risk i.e expect to gain 5 dollars if right, and only lose 1 dollar if wrong...which means you can afford to 'get it wrong' 4 times, and still be 'in the market' and able to take advantage of the 'next big win'...i.e the problem with most 'day traders' is that they run out of money before their luck changes...or in the case of big business with corrupt lobbying connections, it is merely a question of 'bail outs' and 'access to cheap/free credit' to cover your ass if you lose more than 5 times...so you can stay in the market until your luck improves...but he is a macro trader working with vast amounts of information / resources / leveraging (i.e loans/credit)...focussing on Macro-economic trends rather than individual company management / share values i.e proof that it is NOT a question of identifying 'undervalued' companies or 'good or bad' management, but on the overall economic and political situation that determines share market performance, including 'of course' market 'sentiments' i.e expectations which, after all, drive decisions to buy or sell, and thus overall market trends...Paul focusses on the 'big picture' rather than what individual companies or shares are 'doing'...looks to understand how the market players are thinking, and to predict their overall / collective state of feeling about the market i.e confidence / bullish or bearish/fearful...sees defence as 10 times more important than offence i.e so hard to regain losses...i.e focus on preventing downside losses...
Central value / price valuation metrics...every stock / commodity has a Long Term Mean trend that you can see with the naked eye and a ruler, on a long term chart...key to defence is to be able to remain in the market long enough to benefit from the big upturns that occur (MHR famous expensive guy fails to mention fact about how a few days trading accounts for each years gains, have to find where in my notes / books this info is to make sure explain correctly)...can sit and wait when think markets due for a correction i.e overvalued i.e high above the long term mean...as long as have enough money remaining to take advantage of it when the market drops well below this mean i.e take a strong cash position during these times...ride out...while others riding trend up...you wait for inevitible crash to buy into next upswing, but from the bottom of the cycle...longer term strategy...have to sit out while others reaping high returns...hard to do without support of your investors...how to explain you are letting returns slip through your fingers!!!!...cash does not earn high return in most cases... buying into LONG term trends from low in the cycle / trend...rather than short term trends...
n.b 'contrarian' = buy when others selling , e.g 'the best time to buy is when there is blood in the streets' is well known quote of that Zionist Jewish Bankster Bauer (how ironic, a Jew called 'farmer', as if Jews ever 'worked' for a living) Rothschild (Red-Shield a.k.a Communist a.k.a 'Wrath-shield' sworn to the destruction of 'The Amalek' a.k.a 'Goys' a.k.a 'anyone NOT Jewish)...said to have named family after the 'coat of arms' that adorned their Frankfurt palace, though I think about 'Wrath' rather than 'Red'...though of course red is the color of fury, anger, vengeance...

200 day moving average of CLOSING prices used by traders like Paul Tudor Jones as indicator of the long term mean / average market price... can be used as indicator for contrarians AND trend riders i.e one group will wait for it has first crashed well below, then waiting for it to show signs of a continued 'correction back to the mean' before buying into this new upward trend, to take advantage of the huge expected gains to be made during this upward cycle...another group will always wait until the markets climb a certain percentage ABOVE this long term mean, indicating with more confidence / certainty that the markets really HAVE entered into a bull market part of the cycle i.e as long as the market is below the long term trend, the bullish market may prove to be temporary, and just a 'bounce' rather than indicating a new stage in the cycle i.e a new bull market...

Paul Tudor Jones famously 'timed' the market in 1987 to buy right near the bottom of the crash / cycle, making a 60% gain in ONE day...he had waited as the mean fell well below this 200 day moving average of closing prices (n.b that within any day the prices can vary significantly, starting down, ending higher, and vice versa)...he waited until the market had hit bottom, in his mind, and then had 'turned' and began moving past his 'target'...
Jack Bogle admits that, despite several decades experience in the markets, it is still a 'gut-wrenching' agony for him to endure the inevitable market corrections, downturns, and crashes...no matter how rich you are, it still hurts to lose (what you could, in reality, never even find a way to spend!)... Focus on defence...much harder to recoup losses once made i.e 50% loss requires 100% gain to get back to even...

Ray Dalio, Bridgewater Associates, Worlds biggest Hedge fund...All Season's strategy

MHR n.b term 'derivative' and 'hedge' used so loosely today, as few investors are using derivatives to 'hedge' i.e they do not actually own the assets the 'hedge' was originally meant to 'hedge' against e.g they invest in financial instruments that guarantee that if the price of one thing goes down, they will be protected and not suffer any losses e.g foreign exchange contracts that let you set the price today, no matter what the foreign exchange rate might be at the time of the actual exchange of goods...and most of the 'derivatives' that make up most of the world's financial transactions are really just 'bets' written on paper...with no connection to the real world...but which destroy the real markets, destroy companies that are actually producing real value, generating innovations and improvements...

JP Morgan Chase biggest U.S bank (Jews) with trillions of U.S dollars under management...huge lobbying power in U.S and overseas...have come to control even Greece...not to mention large chunks of Africa...

Kyle Bass, 2008 Billionaire...made 600% return in 18 months by predicting the housing bubble...as hedge fund manager...works on principle of asymmetric risk-rewards...i.e take small risk for huge potential payoff...bought 1 million in nickels as their 'smelt' value was 26% above their nominal/face value...He found himself in right field (property market) at right time...able to recognise and take advantage of something few other people had realised, or were able to take advantage of....He saw that the average housing price was 5 or 6 times the standard deviation from the mean (in other words the price of housing was increasing way out of proportion to wages / incomes, and so sooner or later the prices would HAVE to fall...warning for you in Australia, Japan, China)...it would require either a 30% increase in average wages / incomes or at least a 30% drop in the price of housing....the situation was so extreme and obvious to him, after he inputted a mere ZERO percent INCREASE i.e NO change in incomes (let alone a drop in incomes associated with a recession!), predicted that housing prices would fall by at least 9%...he could buy 'options' i.e the right to buy something at a later date for a particular agreed price, for only 3% each year i.e until he decided to buy, to drop the option and lose that 3% paid upfront for that years 'option'...and given the amount of money he could 'borrow' at low interest rates, and had access to in his fund...the 'wins' would be in the range of Billions,
if he were right (and all the evidence indicated he was), and only cost him 3% if he were wrong... an amount he could easily make up in his next deal (considering that in good years returns can easily go beyond 20%)...

Today Kyle Bass is betting against the Japanese housing markets... after having bet against Greece and Iceland i.e he bet against Greek Govt. bonds, expecting them to default or have to re-structure, based on their govt. debts and potential tax etc revenue... at the time the rest of the world saw no chance of this happening... so he could buy a Billion in Debt swaps / insurance contracts for 4 basis points i.e 0.014% each year, for the option of buying... in which case he would make huge wins... i.e asymmetric risk... pays 0.014% i.e guaranteed loss, for chance to make huge gains... Today he is betting against the Japanese housing market... anticipating that a similar thing that happened in the U.S will occur in Japan... the opportunity exists due to the nature of statistics i.e people assume history consistent i.e the govt. will behave the same way as it did in the past... markets will also be consistent... Bass expects that the Japanese housing market will either do nothing, or do something REALLY big... so he is happy to pay 1.5 to 2% each year for options that will bring him HUGE returns IF the unexpected happens... i.e it could mean a 2000% return for him and his 'investors' a.k.a 'speculators'... this is a horrible case of 'benefitting at the expense of others' or 'gaining from other's misery'... for he 'wins' if the govt. defaults, and the people suffer... this gives you an idea of how the stock markets and financial markets really operate... not to the benefit of real investment, real innovation, venture capital investment in real productive assets, but in pure gambling, and a zero sum game where the average person loses, and a few rich people win... it is not 'investment' at all... it is mere gambling... and as we have seen, the taxpayer ends up 'bailing out' the gamblers when they lose... but they of course get to keep all their 'winnings' when they are lucky... so who, I ask you, under such conditions, would NOT gamble, taking huge risks, knowing that when they failed, they would be 'bailed out', but when they won, they would get to keep their winnings?

N.B 1% fees cost you 20% 2% 40% 3% 60% in value of your final investment (over how many years? 30?)

Since 1975 de-regulation allowed for 'discount brokerage' (thanks to Charles Schwab, who did more for the average investor than most others, except the founder of Vanguard i.e low cost passive Index funds)... today can buy shares online... become 'day trader'...

Warren Buffet 'Oracle of Omaha', officially the world's third 'richest' man... of 'Berkshire Hathaway', world's third largest corporation...(MHR n.b that against all better reason, corporations have become 'acknowledged' as 'persons' with the same rights as individuals)... while his strategy is to seek to buy 'undervalued' companies and hold them long-term, using massive research resources, and
access to massive leverage (low cost loans only the 'richest' 'people' (corporations are legally 'people') have access to, buying up businesses with good cash flow that can be used to access ever greater loans used to buy more and more businesses with good cash flow / and 'undervalued' ... so that each new investment allows new investment, new cash flow, and a guarantee you will continue to 'grow', without ever producing any real value AT ALL for ANYONE but your own investors i.e not bothering to worry your dear little head about producing value, working conditions, social conditions, but simply 'buying undervalued businesses with good cash flow so you can buy more of the same with cheap loans' you are bound to become 'rich'...without every having produced ANYTHING...basically expropriating 'wealth' from the producers and concentrating it in the hands of a few individuals...taking real investment finance / loans / credit away from people who WOULD have used it productively / generatively / creatively in producing REAL value...Buffet has published over 50 books on investment over the years, but TODAY recommends to the average punter to invest in low cost index funds...His own 'trust' for his family will invest 10% in S-T govt. bonds (to ensure never HAVE to realise paper losses during market down cycles, and 90% in Vanguard S&P Index Fund...

Jack Bogel founded Vanguard after an aggressive/hostile buyout of his company left him legally unable to 'manage' the fund he had started, and which his new bosses wanted to 'steal' from him...Vanguard groups is now one of the top 4 investment giants...1974 Vanguard Group introduced the first low cost, passive, Index fund...Bogel reminds us that 'as it is the investors themselves who actually MAKE the market, it is impossible for them to BEAT the market' i.e their own actions determine the market movements, in their buying and selling, and bullish or bearish sentiments ... it is like trying to 'beat' your mirror image in a boxing match...because there is no known way to predict what any particular share will do, in the short run (in the short term you may be able to predict a company crashing or surging, though the system is so corrupt what really counts is the politicians/lobbyists and NOT the markets / company management) in the longer term...so all active management really end up doing is piling up costs on their clients / funds without ever, other than the occasional lucky 'break' i.e pure random chance quarter/year, beating the Index they are using as their benchmark / comparison...i.e you pay them as they promise to 'beat' that benchmark...they occasionally do, as any group of monkeys would, and claim 'expertise' and 'talent' and an entitlement to a large chunk of YOUR money...they are 'snake oil' salespeople whether they believe in their snake oil / charms themselves or not ... they may believe their charms work...and their belief can be infectious, but unlike with charms and snake oil, there is NO 'placebo effect'...i.e snake oil and charms often work miracles, through the power of placebo effect, but your fund manager will NOT ...
Even the highest cost actively managed and leveraged Hedge funds have failed to even MATCH the S&P Index benchmark...

2% fees/hidden charges/costs p.a, can, for a long term retirement investor, mean that you only get 30% of the return for 100% of the risk...

Passive low cost Index funds, which have proven a massive boon to the average investor (who has become informed about them, and has adopted them as the main part of their investment portfolio) and a huge 'monkey on the back' and 'elephant in the room' for the active fund managers, brokers, and finance 'industry' in general...The irony is that this type of fund was 'invented' as a creative / generative response to the typical 'finance industry' corruption / lies / propaganda / lobbying / exploitation / manipulation / greed / power hunger ... otherwise known as 'mergers and aquisitions', and to the general public as 'globalism'... a big finance company decided the best way to handle the competition was to buy it out, and thus gain control of it, and eliminate it...that is what globalism REALLY is all about...corporations first buying out all their competition world wide, and then through corrupt 'lobbying' the political process, world bank and IMF loans, 'buying out' and 'taking control of' every single 'independent / sovereign state, and then individual, on the entire planet..

Vanguard, the worlds first passive low cost index fund came about in 1974 when the manager of a successful fund was 'tricked out of' his 'fund' company running the fund he was managing was bought out from under him...he was 'fired' by them, and thus no longer legally able to 'manage' an investment fund...his 'enemies' thought they had conquered him...but he was only down, and not out...he changed his investment fund from 'active' to 'passive' i.e he was no longer legally 'managing' it...he was just buying and holding shares...and so Vanguard was born...a fund that did not actively buy and sell shares, constantly changing positions, but instead invested in entire indexes...And then from 1974 onward he, and all industry insiders, began to notice something, that his fund was outperforming 97% of the other funds...but how?...he was not employing ANY of the highly marketed 'tricks' and 'talents' and 'algorithms' his competition lured in THEIR clients with, promising to 'beat the indexes'...so he was not only able to pass on HUGE savings in fees, but also able to provide his investors with the massive long term cumulating benefits the other 'active' funds could rarely (in less than 3%) ever match, let alone beat...

The fact is that investing has proven to be 97% luck, as only less than 3% of funds manage, consistently, to outperform the Index they are benchmarked to i.e whose Index e.g Standard and Poors 500, these shares are listed in...
The average 'hidden costs' of actively managed funds is 1.2% ... this includes such 'hidden' / 'small print', often very hard to identify and explain, 'expense ratios', 'transaction costs', 'cash drag', 'sales charges' etc...including 'trailing fees' to the salespeople who sold you the fund... These are in addition to the standard advertised 'management fees' of around 2%... the passive funds don't have most of the above 'hidden costs', and because they don't actively 'manage' your investments, their overheads are low, and they don't have to charge you much...but compare their charges...not all passive index funds are equal...start with the big names like Vanguard, and go from there...but don't bother asking a 'salesperson', as they don't make the huge commissions and kickbacks they 'earn' from other types of investments, and so they have little interest in 'explaining' the facts to you, let alone 'selling' you on the idea... same goes with your compulsory retirement fund administrators...demand action, inform your peers and colleagues...you and your families are being ripped off and the thieves doing the con job are not going to let you in on their scam because they have big hearts and a belief in the principle of honesty, justice, fairness, and 'a fair days wage for a fair days work'...they believve they deserve unearned wealth because they are 'cunning' and 'clever' and you are 'gullible' and 'stupid'... Even the popular smiling characters who sell you high-priced 'seminars' and 'self-help videos and C.D's are laughing all the way to the bank, selling you this information at high prices, playing the 'good guy' all the way to the bank...at least what they are selling is of value...but you've got to ask yourself where the line is to be drawn between THEIR motives and those of the average fund manager and finance industry salesperson...

note that at 6.95% p.a interest, in 50 years, $1 becomes $30 ... One dollar even manages to become TEN dollars in 30 years at 5% p.a interest...if all returns are re-invested...

Half of the long term returns from stocks come in the form of dividends... the fund managers expenses taken out of the dividends...tend to lose 60 to 100% of these dividends each year to pay the fees...

Buying into a fund based on its past performance is like buying that one monkey in 1024 that has just tossed ten consecutive heads, believing this to be a 'skill' or 'talent' in that monkey, rather than the result of random probability...the same statistical probability means that there is virtually ZERO chance that this monkey will be 'outperforming' its peers any time soon i.e exponentially LESS likely it will toss 10 heads in succession AGAIN...you would have been wiser to buy one of the other monkeys...your odds would be exponentially higher of that monkey tossing 10 successive heads, or chosing a 'hit' stock portfolio...but of course the marketing people will be all about 'look at the smasking success this talented genius monkey has achieved' while legally being required to state 'Past history is no guide of future performance'...in fact in such cases the warning should read
'Based on the laws of probability, this monkey is exponentially LESS likely than any other random monkey of repeating its past performance'

If you think experience makes you wise and more Platonically 'manly', then think again...you are kidding yourself...even the most successful traders cannot avoid the 'stomach tied in knots' and 'sick' feeling associated with watching their share portfolio or even just a few shares crash in value...which they are bound to do many times during the life of any long term investment...one of the most successful has had 8 heart attacks from the stress...you will need to understand WHY you have made certain investments, and ACCEPT that you will experience many crashes, and the associated emotions and panic, and then pay NO attention to the 'noise' of the media and its 'blubberings' about the markets...they don't know ANYTHING until AFTER the fact, and then they rarely actually UNDERSTAND what happened...most of what they say is gibberish...

John C Bogle suggests investing more in bonds after retiring i.e less growth/risk, more security...using total bond market index funds for great diversity...

\[ A=P(1+r)^n \]
where \( A \)=compound interest, \( r \)=interest rate, \( n \)=number of years, \( P \)=principle

\[ FV = PV \times (1+r)^n \]
where \( FV \)= Future Value i.e total of Investment/loan plus the accumulated compound interest

\[ PV \]= Present Value is the Principle borrowed or invested e.g 10,000 Euro

\( r \)= annual interest rate expressed as a decimal e.g 10% is expressed as .10 so \((1+R) = 1.10\)

\( n \)= number of periods e.g 15 years gives a value of 15

This formula can be used to work out how much we would need to invest today, at a certain rate of interest, for a certain number of years, in order to have a certain amount of money after that time period. \( PV=FV/(1+r)^n \) i.e to the power of \( n \)... e.g you want to have 10,000 in 10 years time, and the interest rate is 8%, so the amount you need to invest \((PV) = 10,000 / (1.08)^{10} =10,000/2.1589 = 4,631.93 \) i.e 4,631.93, invested at 8% for 10 years, grows to 10,000.

You can change the subject of the formula as follows...\( PV=FV/(1+r)^n \)

\[ r=(FV/PV)^{1/n}-1 \]
and \[ n=(FV/PV)/(1+r) \]

which means you can calculate how much you need to invest, when you know the rest of the values, or what interest rate you will need, given the other values, or how long you will need to invest for, given you know the other values.
John Bogle the 'inventor' of the Index Fund model when he introduced 'Vanguard'...since then he has done more for the average investor, in terms of informing, and offering better deals, than any other single individual...he realised that Indexes always have outperformed any basket, no matter how diversified, and 'carefully selected' in the medium and long term... He reminds us that if you put 1024 monkeys in a room, and get them to toss coins, at least one of them will get 10 heads in a row...statistically...i.e any 'success' a particular fund / broker / analyst has at 'stock picking' will be the equivalent...only the monkey is not able to make up a compelling narrative to take credit for the 'pure luck'... Bogle takes the line 'defence is 10 times more important than offense i.e it is so hard to recoup losses...states that it is impossible to pick stocks...the biggest most lavishly financed analysts can't do it any more successfully than monkeys can, indicating that most of the time it is pure 'luck' if they succeed...like a gambler with a 'system'...they'll show you the examples of the 'hits' this 'system' produced, but fail to show the 'misses', giving you a false impression, like all 'cold reading' and 'clairvoyants' etc...Even Warren Buffet, who by the way is warning of a massive market crash at any moment, and has earned the nickname 'The stock picker' for his 'luck' so far, will recommend to you to invest in an Index Fund like Vanguard...he knows just how hard it is to 'pick stocks' and generally takes a 'buy and hold' position on his investments...he is no speculator...Buffet has arranged his legal will so that when he dies, all his families investments will be moved from his own actively managed funds to low cost, passive, buy and hold, Index funds...I would have hoped he'd have done this already, to give himself that much more time to spend with his family, and enjoy his life...it just goes to show that 'you can never get enough' once you start on the rat-race...Buffet's own active strategy is to observe the 200 day moving averages, and to buy into positive trends and sell out of negative trends, using the 200 day average as the indicator of 'the trend'... he buys when the price rises above the 200 day moving average, and sells when it falls below this indicator...MHR whatever your strategy, experienced successful investors and advisors will tell you that the key to any sort of strategy is maintaining it...discipline...not getting greedy or scared...holding your nerve...being consistent...which usually proves much harder than people imagine when the markets get rough...most people enter the markets during the 'good times', after having been lured into 'investing' by a positive trend of positive market returns...we all under-estimate the impact of 'losses' as markets continue in their cycles and 'corrections'...we imagine we will take it soberly, and calmly, and stay cool...in reality the experience is gut-wrenching no matter how rich or poor, how large or small, your portfolio...do a little day trading to test yourself before 'going big'...you'll see...even the most successful billionaire investors experience this...the urge to 'sell', the 'panic', the 'sick feeling', the 'gut wrenching agony' of watching your portfolio start losing serious money...even 10% will push most people beyond their comfort zones, and soon become
intolerable...a friend once joked that every time he 'researched' the markets, they went up, but then as soon as he bought, they went down...anyone familiar with the markets history, the fairly regular booms and busts, bubbles and corrections, crashes and bull-markets, will see why this is the case...the markets are cyclical...they will go up and down...if you wait on the sidelines while they go up, by the time you decide to act they will be just about to crash again...it is impossible to 'time' the markets...

If you are right 80% of the time, you'll do well...and make up for the 20% of times you are bound to get it wrong...i.e play it safe...steady...moderation...and 'ride the storms out'...

Fund managers are implicitly or tacitly promising you they can earn their 2% commission / fees by predicting which 10 or 20 of the 500 (in the case of the S&P’s) index companies will 'break away' from the pack and make those huge gains everyone talks about after the face e.g 'if only you had bought Apple or Microsoft stock way back in...you'd have made a fortune'....Just remember all the companies the same analysts / brokers who were touting Microsoft and Apple were also touting at the same time...just how many of them proved to be successful? ...most of them went bust, and provided lame returns to their investors...this is the 'selective memory effect'...marketers / salespeople / Clairvoyants / Cold readers / Pyschics and even 'Functionalis' rely on to give a false impression of their 'talents'...they sweep the 'misses' under the carpet, adn get you to focus on t

N.B with bonds, the issuer, the local, state, or federal govt, or some private corporation, usually isse the bonds at a 'discount' to their 'buy-back' value...otherwise known as a 'coupon'...so they sell a bond with a face value (promise to pay the owner in one, two, three, five, 10, 25 years etc) of 1000 dollars to you for 900 dollars...the effective interest rate is determined by when they promise to buy it back, and how much more they promise to buy it back from you for at that date...so if it is 10 years, and the 'coupon' or difference between sale and buyback price e.g buy 900...etc...

Note that low cost Index funds like Vanguard are becoming more popular, and this means that the markets will tend to move even more uniformly i.e in the past you could assume that each clever analyst would come up with their own clever 'stock
picks' and so due to supply and demand, different shares might move quicker or faster up and down ... but now as more and more people are buying the entire Index, it is the entire index that will move...and so you have another benefit / incentive to buy entire indexes...???

Based on recent history, you should expect at least two big crashes every 12 years...this is why the top 1% come to own over 50% of the world's assets...they have the 'inside' knowledge that lets them buy at the bottom of the crashes, then sell at the top, every few years...just think how quickly THEY double, triple, and quadruple their portfolio values...remember Soros claims to have started out with 100,000 dollars ('earned' by working with the Nazi's in disinfranchising OTHER Jews of THEIR assets...)

If you are going to try 'active trading' you might as well do it yourself as a 'day trader'...look for 'bargains' (most of which will justify / explain their low price by retaining their low price, or worse, falling even lower), then set yourself a 'sell price' and stick to it i.e plan to sell it as soon as it returns 50% or so...sell it, and look for new 'bargains'...it is much easier to buy 'low' than to time the highest price the share is going to achieve...if you get greedy and wait too long those huge paper gains will simply disappear as the share inevitably crashes again (which happens in the case of most 'penny shares' or 'bargains', because it is most often merely other speculators like you who buy that share, rather than there being any intrinsic value in the company i.e a new patent, a new discovery, a change in the laws/regulations etc which favors it)... 5:1 rule means you can get it wrong 80% of the time, as long as the 20% of times you are right, and 'earn' very high returns...Ray Dalio asset allocation uses this principle along with the 200 day moving average...

His company? Haman Capital management in Dallas Texas in 2005, Ray Dalio ? Kyle? asked the question 'what if housing prices do NOT continue rising (the assumption that EVERYONE was making at the time...he used options to bet on this happening...paying a few cents in the dollar for the chance to make HUGE returns if he was right...all the indicators he researched indicated that housing prices HAD to fall...so he took the odds, and made a HUGE amount of money... he went out into the field to do his research, finding that people were being given housing loans without any security, or even secure employment...so called 'no-docs' loans...which would be fine if employment growth continued, and wages continued rising...however he noted that while the media income was increasing at 1.5%, the cost of housing was increasing at 8%, and it would take a 30% drop in the median housing price to bring the two back into equilibrium i.e housing affordability relative to income ( a big warning to people in Australia!!!), either that or a 35% increase in the median income...which was unlikely in the current economic climate, and would itself result in massive inflation, higher interest
rates, and even greater problems for people in paying off their mortgages...(you listening Australia?)...so either way the 'housing bubble' was doomed...Ray employed complex mathematical / statistical / analytical models to the data he had accumulated, and these showed that even if housing prices simply stopped growing (i.e. remained flat at 0%) this would lead to an immediate 9% crash in the 'value' of 'mortgage backed securities'...he discovered that ratings agencies had been continuing to give these 'junk bonds' AA ratings i.e. they were in fact 'sub-prime' but were being sold as 'prime' ... he was the only one expecting a crash, and so the banks were happy to sell him options for 3 cents in the dollar...which meant in reality that if housing prices remained flat, or fell at all, Ray would make 97 dollars for every 3 dollars he had 'invested' in the derivatives. N.B a 'derivative' is a financial instrument, an agreement, with which you can gamble with huge odds...you pay $3 and if you are right, you get back 100 dollars, i.e. you win 97 dollars...as Kyle was one of the few people who 'saw' what was going on, the 'spread' was very low i.e. the Banks etc. were really happy to 'take his money', believing they were taking advantage of an idiot willing to throw away 3 dollars...or in his case, millions of dollars...it was, to them, 'like taking candy from a baby'...from an 'idiot'...but of course this is what Banksters LIVE for...It is how they get rich while never producing ANYTHING of ANY value...in his case the derivative was called 'Loan swaps'...there are so many derivatives, and they are so complex, that probably no-one on the planet really understands the derivatives market...but what it means for YOU is that they amplify any market crash...what you see on TV is NOTHING...the REAL problem is with this huge derivatives market, many times bigger than the actual markets they are supposed to be based on...today they are so far removed from reality that the term 'derivative' is misleading...they are just paper bets made between huge banks, and when the whole system comes crashing down it will be YOU who pays, you and your children and grand-children...before the system crashes the Banksters (mostly Zionist Jews with a few Goy 'golems' who have sold out YOU for massive wealth) will have sold out, bought up real assets like land, water, luxury underground bunker mansions, jets, etc...and moved out of the markets...leaving YOU to clean up THEIR mess...as occurred in the 'Bankster bailouts'...see my books for more details...

Today KYLIE, now famous after the movie of his story 'The ....' is betting on Japan going the same way...because he is one of the very few expecting this crash, and willing to put his money where his mouth is, he can get very favorable 'terms' a.k.a a very good 'spread' i.e. pay very little, with the chance of HUGE returns a.k.a assymetrical risk...he is willing to risk losing a few million, in order for the chance to win hundreds of millions...he is betting that the housing bubble bursting has been delayed in Japan by corruption, in the same way it was delayed in the U.S...see the movie or read my books for details...
Ray's most recent investment was 1 million dollars in U.S nickels...why?...because at current market rates, the metal value, the commercial 'smelt' value of a 10c nickel is over 12.5 cent, due mainly to its high copper content ... in other words a 25% discount ... an immediate return of 25%...the metal in the coin is worth more melted as it is as currency...of course it is illegal to melt in theory...but it is only a matter of time before the treasury stop issuing this coin as it is, because it is cheaper to use metals other than copper to make the coins...and so the day the coin is taken out of circulation, Ray will be legally able to melt his coins, or sell them to collectors...either way for more than he paid...and in a world of negative interest rates and an expected crash, Ray's nickels are a guaranteed, secure investment, with great returns...

GET AN EXAMPLE, BREAKDOWN / TUTORIAL FOR THE FOLLOWING SUPPOSED FACT??? with the typical 30 year mortgage, 80% of what you pay each month is merely INTEREST... no matter what the actual current interest rate is...e.g 6%...this doesn't make sense at first, so take a big breath before wading into the reality of mortgages... If you borrow 100,000 at 6%, with a repayment period of 30 years, by the end of that 30 years you will have paid the bank 200,000.... i.e you pay back TWICE what your borrowed... each months mortgage payment is made up of around 20% capital (the amount you borrowed) and 80% interest... (MHR need to break this down to see how it works...look for tutorial / example !!!)... so if you can, if your agreement allows it, without penalties etc, then consider paying your months rent 'forward' i.e early...in this way you can halve the 30 year term to 15... ????

GET GRAPHS OF ALL MAJOR STOCK INDEXES, AND OTHER GRAPHS RE REAL ESTATE, BONDS, TO SHOW VOLATILITY I.E HOW MANY YEARS INDEXES ENDED YEAR IN NEGATIVE, HOW BIG LOSSES HAVE BEEN....

between 2000 and 2009 S&P relatively flat i.e 'lost years'...so nothing can be 'counted on'...even large banks have gone bankrupt (and the biggest still in operation today DID go bankrupt, only they used their political connections to ensure the hard working tax payer 'bailed them out' ... so the incompetent / corrupt banksters could go on to award themselves historic 'bonuses' for such great 'performance'...while claiming the average worker was 'inefficient' and had to accept pay cuts...globalism simply means, to the banksters, that if YOU won't work for nothing, they will simply move their production and distribution plants (today even retail) to anywhere the locals WILL...unless you insist of UNIVERSAL pay and working condition minimums, that guarantee the same standard of living for ALL workers, you are doomed to unemployment, underemployment, and slavery in work camps, wars, and 'work for the dole'...
Jesus warned his followers to anticipate his second coming at any moment...that it was impossible to predict when, so we should expect it at any time, and be prepared...this is what Ray's 'all seasons' portfolio does'...it expects the unexpected, accepts we cannot predict anything (any apparent predictions are like those of crystal ball / cold readers / nostradamus i.e simply one in 1024 that just happened, by pure chance, to come true, and not due to any 'understanding' or special talents any more than the on one chimp among the 1024 had any special 'ability' to 'toss ten heads in a row'...

Ray asks the philosopher's question 'what don't I know', 'what question haven't I asked' and accepts that he can NOT know the answers to these questions (though he has huge resources employed in his closed, 6Billion minimum, fund employed in the quest, and able to approximate 'understanding' better than anyone else is likely to, with correspondingly better results)...and most people, including his own family financial experts and family members, like you and me, have about ZERO chance of ever 'understanding' how the finance system works, not just due to the formidable maths and data involved, such as money supply, demographics, international politics, etc but also, he has learned, unpredictable government corruption, market manipulation by puppet governments and the lobbyist-banksters pulling their strings, and a maze of other illegal, unconventional (and thus unpredictable) and to an 'outsider' irrational / counter-intuitive, and often clearly destructive / deliberate sabotage and manipulation...you would have to understand exactly what is going on in the heads of the worlds 'secret' leaders and controllers to be able to predict what the markets they manipulate are going to do next...they can delay inevitable crashes until they have manipulated the public impression that the crashes have been averted, so all the objective market analysts appear to be silly 'conspiracy theorists', totally discredited all objective independent media reporters and their reports...luring people into bubbles before finally exploding them, and then blaming completely irrelevant factors that had nothing to do with the crashes for the crashes, once more misdirecting our attention, and leaving the objective media looking no more credible or 'conspiracy theorist' than before the crash...

The same system Ray recommends to us punters is the one he insists his family financial experts employ in the event that he dies, and they no longer have access to his particular skills, and organisational resources...his idea of a 'balanced' portfolio appear unconventional because it focusses on actual/ real risk diversification, rather than mere asset diversification...i.e stocks are 3 times more volatile / and carry 3 times the risk that alternative assets carry...so having a 50/50 asset split really means you have a 150:50 risk split i.e you are exposed to 3 times more risk using a 50/50 stock/bond split ...it is NOT 50/50 in terms of risk...so if you put 50% of your investments in stocks, you have in effect a very UNbalanced portfolio...given that diversification is intended to balance out RISK
and RETURNS, and not merely provide a variety of different investments...stocks as a whole tend to move in the same direction ... the old idea that a clever stock analyst can pick the few shares that are going to outperform the market is a delusion...in hindsight you might wish you had bought MS or Apple shares at their initial IPO, or even years later...but the number of similar 'hot stocks' that stock brokers had 'identified' around the same time, and that went 'bust', is very high...as in all cases of apparent 'prediction', we get the false impression of special 'gifts' simply because we are misdirected to pay attention to the one monkey that tossed 10 heads in a row, while ignoring the 1023 that 'failed' this feat...if the 'manager' of the monkey room can introduce you to that one monkey, while keeping the fact of the other 1023 failed monkey stock pickers secret, they can appear very impressive...'well, you know, I just have the knack of hiring the very best stock pickers, it's sort of a gift you know, just an instinct I guess'...

Stop using credit cards or overdrafts...the average U.S consumer is paying 35% interest on their day to day debts e.g credit cards, bank overdrafts, etc...even while banks pay zero interest on long term deposits...go figure!!

Simply by moving your investments from a typical managed fund charging a total of 3.1% stated and 'hidden' fees / charges to a low cost passive Index fund, or buying ETF shares every month, you can save at least 2% PER YEAR, which compounds each year, so that, in the final analysis, on the day of your retirement, you will have a 50% bigger retirement nest-egg to enjoy...alternatively you can retire 10 years earlier ... at first this seems hard to comprehend...so here are some examples... given an investment of 100,000, if you pay 1% in fees/charges each year, and earn a historical market return of 7%, you will end up with 547,000 in 30 years...if you paid 3% in fees and charges, you would end up with only 324,000....(need to clarify this???)

Just consider that after a 10 / 15/ 20/ 40/ 50/ 75% % loss, you need an 11 / 18/ 25/ 67/ 100/ 300% gain just to break even...and in the last decade the stock markets have experienced 50% crashes twice already...with even worse crashes expected by the previously most accurate analysts any day now...

Bonds have a 'redemption' value i.e how much the issuer of the bond orginally promised to buy the bond back for at the end of the bonds term...the difference between the issue price and this redemption price is the official return...

Investment analysts always look for, hoping to identify, patterns in stock movements, asset classes (e.g gold vs shares vs real estate, oil vs gold, bonds vs shares vs interest rates ... speak of 'head and shoulders' patterns, or 'third legs', or parallel and inverse movements...but it is all based on anecdotal correlations in PAST movements, and the basic assumption is that things will behave in the future as they did in the past, without ever REALLY understanding WHAT
linked / produced these patterns in the past ... really speculation i.e assumed the
REASONS for this and that patter were THIS and THAT, and so that if we see
this or that relationship existing today or building up, we can expect a particular
outcome ... but the models are always so simplistic compared to reality...in reality
the reasons for economic events are unpredictable, or if they are predictable, are
rarely revealed i.e are intimately related to socio-political power i.e the actions of
the most rich and powerful people operating in the markets, and ON the
markets...so basically very few people ever manage to predict things with correct
assumptions / understandings...most 'successes' are mere dumb luck, with
analysts congratulating themselves on their clever analysis, then discovering that
the supposed 'reasons' for their 'good luck' do not hold in the next cycle, and so
they go on 'tweaking' their models and analytic tools, unwilling to give up
lucrative jobs and admit defeat, and continuing to refer to 'that' great year they
had back 'then', and promising new clients that they are capable of 'doing it
again'...and the television announcers go on talking 'authoritatively' about why
the market did this or that, though merely describing events observed long after
the fact, adding nothing, understanding nothing, and rarely even catching a
glimpse of the REAL reasons the markets had behaved as they do....usually on a
weak news night they will 'hype' up market movements that on other days with
other REAL news to report, as if they are significant, when they are quite typical
i.e 2% 'crashes' communicated in money terms i.e hundreds of billions wiped off
the markets in a stunning crash, to sound more impressive...
The most useful thing to understand is that the behaviour of the market
participants 'make' the markets...if everyone starts selling, market prices will
fall...if they all start buying, the markets rise...if the largest 'players' either in
individual market share, or as a large number of small investors, all come to
'expect' a rally, they will buy into the market, and thus produce this rally i.e self-
fulfilling prophecies...what George Soros (the Nazi collaborator who went on to
fund neo-Nazi violence in Eastern Europe recently) likes to call 'reflexivity'.
feeling he has produced an entire philosophy by merely extrapolating on one
small aspect of a very broad and compelling concept...for as I say, the meaning of
anything is its relationship to everything else...(thus answering the most
fundamental question of 'what is the MEANING of...'. ...but back to
investing...the most articulate and talented / successful investors will remind us
that the reason we cannot ever predict the markets, is that we MAKE the
markets...very quantum / 2 slots-particle when interacting, 2 slots interference
pattern when not, sort of stuff.. but to be quite simple, no matter what a large
number of people ACTIVE (buying or selling themselves) or INFLUENTIAL (in
compelling others to act on their advice) expect, if they together compose a large
enough majority, they will bring about the state they expected simply by buying
or selling enough to 'move' the market, start a 'trend' either a bull rally or a bear
market...at least until the 'market fundamentals' get left so far behind that a
'correction' is unavoidable, and a sudden 'crash' occurs, in which the markets tend to over-react / over-reach / and fall much lower than necessary to regain the market 'logos' i.e regress to the mean, return to more rational / reasonable / justifyable levels...

That said, every investment / asset class has a season in which it will tend to flourish and rally / grow / form a positive trend, until ultimately forming a 'bubble' i.e over-reaching itself, setting itself up for a 'correction' towards (and usually taken well below the mean by the intertia of its movement / panic / over-reactions/ speculations)...

Ray Dalio of Bridgewater, who attempted to warn the U.S govt. about its housing and banking bubbles........ watches not just the markets, the economic fundamentals of inflation (rising prices), deflation (falling prices), increasing economic growth, and decreasing (or even negative) economic growth, but compares these realities to the expectations that investors had for these fundamentals. For example, is inflation higher or lower than the investors expected? Is economic growth weaker or stronger than they expected? Because investors price in future expectations into their prices...they are willing to pay more or less for an investment / asset based on their expectations of what will happen in the future. If their expectations are met, then we say that they had already 'priced current events into the decisions'. It is only when the current situation proves very different to what they had expected, and priced into their buy prices, that we should expect changes in the market trend. In any case, any accurate 'prediction' always proves mostly 'luck' when analysed i.e when you analyse the reasons the analyst gave for the expected market change, they are often completely unrelated to the REAL reasons the markets changed...you could give a bunch of monkeys a bunch of assets, and a bunch of random 'analyses' out of a hat, and a few would, like the one in 1024 monkeys tossing coins, come up with heads 10 times in a row, the equivalent of randomly picking an outcome, and an 'explanation' that corresponded to what happened, that are 'correct'...basically it is marketing 'sleight of hand' misdirection and placebo effect 'authority' i.e people passing themselves off as 'authorities' because, like the monkey in the room, they happened to stumble upon the right combination of 'hits'...everyone wants to know how they 'predicted the market so accurately', how DO you manage to get 10 heads in a row? the suit, haircuts, cute secretaries, ivy league 'skull and bones' connections etc all do their magic, like the Shamans costumes, incense, music, and 'sacred' authority, or the doctors prescription pad and diploma, lab coat, and rich clients and respected journal articles / publications, or just an appearance on a popular t.v show or web site...
If you are like Ray, or have had a lot of experiences with monkeys tossing coins, or choosing investments (J.P. Morgan are too Jewish to ever let a monkey onto their premises, so they hire good looking 'Goy's to do the same job, paying them the equivalent of peanuts compared to what the executives there earn for their 'confidence trick-show', you will see that if you cannot predict what is going to happen when, i.e. which horse is going to win which race, well you are best off placing a bet on many horses in many races, and ignoring the 'tips' the 'insider' or 'unbeatable betting strategy' offers you...this is called diversification...betting on not just the 'odds on favorites' but also the 'high odds' outsiders, in each race...remembering that for every race a particular horse / jockey will be most suited, but you cannot predict which race will suit which combo...

In Ray's case, using very sophisticated strategies and massive leverage, he will ensure he has around 25% in 4 different asset classes expected to do well in at least ONE of the following situations...inflation being higher than expected, inflation being lower than expected, economic growth being higher than expected, economic growth being lower than expected...i.e. what he views as the 'four seasons' of markets...for season one of increasing economic growth he has stocks, corporate bonds, commodities like gold, ... for high inflation he has commodities like gold, and T.I.P.S i.e. bonds that are indexed to compensate for inflation, for declining economic growth he has T.I.P.S and federal treasury bonds, and lastly for deflationary periods/ cycles he has treasuries, bonds, and stocks.... in this way, no matter which season/cycle happens upon him, he will have 25% of his assets in an asset class that is bound to do best in that cycle...and over the longer term as the markets go through all of these situations, he will pick up gains, and his overall portfolio will grow...like a Norwegian, dressed at all times appropriate to the weather, he will find the seasons/weather acceptable, and never be caught complaining about 'bad' weather, or an 'unfavorable' season... Ray's 'all-weather strategy has proven as close to 'optimal' as any ever recommended...all that is required is to initially set up each asset class, and then review your portfolio regularly, each quarter, to ensure you keep a 25% proportion whatever the markets do i.e. you will end up 'realising' profits by selling shares etc after they make great gains, to keep your overall share proportion constant...while others greedily 'hold', then suffer the gut wrenching spasms when they fail to 'time' the bubble bursting, and end up losing all their emotionally hard earned 'gains'...and you will be, to the surprise of your fellow investors, buying MORE of asset classes that are falling in value, to keep your 25% proportions constant, which means you will be 'price averaging' quite cleverly, you will be buying things before they hit their bottom, but also before they begin their cyclic climb next time around...as the seasons change, as they invariably do, if not in the traditional 3 month cycles, or even more recent 7 year cycles...you will not be relying on having put your money on that 1 in 1024 monkeys that pulls the trick of tossing 10 heads in a row...the monkey that goes
on to fame and their own office on Wall street, but never manages to repeat the 'trick', though why should it care, it will earn tonnes of money from commissions as greedy investors with no understanding of things beat a path to its door, and line that path with gold for the lucky monkey ... (no Islamic mockery of self-defined jews intended her, I mean it might just happen to be one of those good looking 'Goy' monkeys they keep for marketing purposes!!!)...

As his unit fund is 'closed' to anyone with less than 6 billion to invest, Ray offers the next best alternative advice to average investors...Ray's 'Risk Parity' / 'All-weather' / 'All-seasons' portfolio approaches offer the the average person the highest probability of the highest returns in any markets with the lowest risk i.e the 'optimal' outcome for people without access to billions in cheap/free govt. loans and sophisticated technology / analytical teams / and super-high speed connections to the stock exchanges and internet...along with nerves of steel and coolant instead of blood flowing through their veins... He recommends 30% in stocks (which are 3 times riskier than bonds, based on historical statistics) thus making this portfolio segment account for 90% (3 * 30%) of the portfolio's total risk diversification)...using Index funds or ETFs to keep costs right down, and optimising long term returns...with the remaining 70% invested as follows...40% in Long Term (20-25 years) bonds to counter the risk/volatility of stocks/shares, another 15% in intermediate term bonds (7-10 year treasuries), 7.5% in gold, and 7.5% in other commodities...leaving 55% in a variety of short term bonds... N.B that in risk terms this 70% accounts for only 10% of risk, given that this asset class has in the past proven to show very low volatility in general...many will argue that if this asset class 'crashes', it will mean that the entire economic system has collapsed, and it will not matter WHERE you had invested...remember there are no guarantees...only more or less well founded 'calculated risks'...

This 'Risk parity' reinforces the difference between the common misconception of diversification as diversification of assets and asset classes, rather than diversification of risk per se...it brings risk to the center of attention, and clarifies what risk really means, and what diversification REALLY means...

Ray's 'average investor' 'optimal' asset allocation was 'back tested' using historical data, by a number of independent analytical teams (possibly reversing the process Ray himself used i.e his own algorithm?) going back to 1925 and validated his strategy...if you had followed his strategy between 1984 and 2013, you would have earned 9.72% net of fees i.e average accumulated returns...losing money in only 3 of those 30 years, and each year much less than the typical investor did in those years...i.e in 86% of the time between 1984 and 2013 this plan would have earned you a net gain i.e return above 0% ... the worst loss you would have suffered would have been 4%, as compared to the S&P that same year losing 37% (always remember no matter how well you invest, you will have to accept, before starting, that such large losses are bound to happen, but they won't hurt
you unless you panic and sell, realising losses that are otherwise merely 'on paper' and 'theoretical'...)

N.B the S&P lost more than 43% 18 years of the last 30 ... Vs Ray's losses of over 4% only in 10 of those 30 years... check pdf of tapes for figures...

Why you should demand the right to invest in your own home, before being forced into a 'superannuation' fund...n.b it is possible for set up a 'personal' investment fund that includes your own home...it would prevent you selling it and using the equity for personal uses before you retire, to fulfill the intention of retirement planning, while saving you a huge amount in bank interest...rules and oversight would be required to ensure people do not abuse the privilege and 'spend' their money rather than 'saving' it for retirement, but all these 'details' could be managed to make this idea possible, no matter how hard the politicians, in the 'pocket' of their financial industry lobbyists and political campaign finance contributors, insist it is 'unworkable'... I will now give you reasons why this would work in your favor beyond those that readily come to mind... A mortgage has the advantage of being a 'forced' 'regular' savings / investment...it enjoys the automatic benefits of 'dollar averaging', as you 'invest' every month, independent of the market value of real estate...you are not driven by short term emotional panics and greed... however such an investment would require you to 'downsize' on retirement, and move out of your home into something cheaper, so you can live off the difference...and then 'sell' off equity in your home as you age...so that e.g you retire age 65, sell and move into something cheaper...and then live off the difference, until that is gone, and you start living off the 'equity' you have in your new home (or you may invest the difference in an index fund etc or annuity)...with the ability to bequest whatever equity remains after you and any dependents are dead, to your children etc..

O.K, so what is the BIG reason that such a plan would work in your favor?  Well your 'retirement' fund starts small, and earns about the same as you pay the bank on a HUGE initial debt... so you are paying a HUGE amount to the bank / finance sector, while it is 'earning' you, very little... with the typical 30 year mortgage, 80% of what you pay each month is merely INTEREST... no matter what the actual current interest rate is...e.g 6%...this doesn't make sense at first, so take a big breath before wading into the reality of mortgages... If you borrow 100,000 at 6%, with a repayment period of 30 years, by the end of that 30 years you will have paid the bank 200,000.... i.e you pay back TWICE what your borrowed... each months mortgage payment is made up of around 20% capital (the amount you borrowed) and 80% interest... (MHR need to break this down to see how it works...look for tutorial / example !!!)... so if you can, if your agreement allows it, without penalties etc, then consider paying your months rent 'forward' i.e early...in this way you can halve the 30 year term to 15... ????
Examples of regular investment with compounding ... $10 a day, over 20 years, at 6% compounding interest (less than historical average of diversified portfolio) compounds to 141,000. A $4 cup of coffee in the same way has an 'opportunity cost' of $56,000 ...

Actively managed unit funds charge, typically, around 3.1% per annum...in stated and 'hidden' costs...these costs include the costs of buying and selling shares i.e commissions to stock brokers, kick-backs to the people who sold you the unit funds in the beginning, etc...of course the 'managers' assume they deserve to 'earn' hundreds of thousands of dollars for doing what a monkey could have done better, for peanuts!...seriously, if you want an active fund manager, get your dog or cat to pick shares for you...they will, statistically, do a BETTER job...

So, if your unit fund charges are 'typical', you will end up with a retirement nest-egg 60 to 70% SMALLER than if you had let your pet cat or a rented monkey pick your investments for you !! But then you would miss out on that warm feeling you get thinking about how you are paying for your fund managers, unit fund salespersons, and the stock broker / finance industry people luxury lifestyles???

If you had let your cat pick investments for you, or just randomly thrown up the S&P list in the air, or picked out random shares from a hat, (or even easier just bought shares in an EFT or passive low cost index fund) you could have continually re-invested that 3.1%...which might sound small today, when you are starting to invest, and have a few thousand dollars, but consider how big a total 3.1% is of hundreds of thousands of dollars? it is thousands of dollars each year, for nothing...to in fact get returns WORSE than the monkey or index fund would likely have given you...and this is thousands of dollars EACH YEAR...no matter how badly your investments do...it is like halving your returns every year...and remember how hard it is to get that 'loss' back...just to return to 'parity' i.e zero, you need your investments to grow at 6.2% i.e a 50% loss requires a 100% gain to 'break even'...e.g 100 to 50 drop is 50%...to get back to 100 you now need to DOUBLE your returns i.e you need a 100% gain...!!!

Like me, the U.S founding fathers had never intended levying income taxes on anyone...this is a principle of 'classical' economics...to tax only consumption, rents, resources and windfalls i.e NOT and NEVER income from labor...in this way 'labor' i.e 'work' is rewarded, and excess profits / windfalls / good fortune is re-distributed after it has been 'harvested' / 'collected' / accrued... and only at the point of consumption or realisation...to tax labor is to tax a 'profit' that does not yet exist...and to reduce the incentive to work and invest...and to increase costs
and therefore opportunity costs (making it more profitable to speculate rather than engage in real production) before any profit is achieved i.e imagine taxing a business BEFORE it has made any return on its investment ... this is what taxing employees is... a tax on employers... whereas taxing consumption can only occur AFTER the product has been produced...consumption and 'wealth' taxes, when charged only ONCE, allow calculation...are open and not hidden...are simple and clear...are the same for all people...though luxuries might be taxed at a higher rate, or 'sin' taxes / levies applied to some goods like drugs and alcohol...encourages savings and re-investment rather than consumption, though this of course produces the dilemma Germany / exporting nations face i.e if you don't consume, then there is no demand...can resolve this by war and conquest, which is the current and traditional method, or by constantly investing in collective / universal quality of life...expanding the circle of beneficiaries...will require people to WANT justice, truth, beauty, peace, and equality of opportunity, and to overcome their envy and jealousy i.e to have more / keep 'extra' benefits / status / privileges for themselves and withhold them from others...and to 'cut down the tall poppies' ... who capitalism has protected by 'wealth' and 'power'...

Lincoln believed that the workers of a factory should 'own' it i.e more or less a co-op...

Plato hit on a a 6:1 limit to financial inequality i.e no person should control more than 6 times the wealth / resources than the 'poorest' member of society...pretty much in principle what I suggested, though the actual ratio is open to discussion...anyone who claims they are so 'productive' that the current wealth distribution is justified is a narcissist at best, deluded, or simply trying to 'pull the wool over our eyes'... no-one can, as an individual, of their own labor / effort / sacrifice, claim to produce a billion times more than the average factory worker or gardener...intellectual and physical labor produce all value...and all value gains value past the point of what an individual can consume and produce on their own, due to the individual being a member of 'society'...it is 'society' that produces value...while individuals can be more productive due to their talents/ effort/ sacrifice/ risk...take the same 'high contributing' individuals out of their society and they would find few ways to employ their superior holistic inheritance...they would be too busy merely surviving...at the same time society must acknowledge and reward all effort / sacrifice / risk ... and even 'pure good fortune' e.g talent ... though consider that a talented musician, while having to make great effort and sacrifice to realise their potential, if given the choice of doing this, or working in a factory, would every time, if ensured the same living wage as a factory worker during their training and development period i.e being paid for the process and not just the unpredictable product i.e few talented artists actually end up
producing a 'product' that society is willing to pay for i.e a hit song / movie / book etc...then most 'talented' people would still choose to work on their music / writing / management skills / processes than work in the factory, without the need for huge financial incentives i.e million dollar deals and the potential to, like Bowie, die as billionaires...but the real problem is 'protecting' the tall poppies from the masses, and forcing the masses to pay for 'work' that few of them can empathise with / define as / identify as 'work'... i.e intellectual / artistic 'work' does not 'appear' to be work...few people realise how hard the writer / musician / artists had to work to realise the few 'hits' they produced...it appears to the masses that these 'hits' were merely 'low hanging fruit' that the artist simply 'picked'... the problem is how to decide which potential artist is worth nurturing i.e paying to go through the creative process... today's 'solution' is to pay ONLY the artists who produce 'hits' the masses are willing to pay for, and paying all the others NOTHING...in fact most artists work in conventional jobs in order to pay for their art...so you have 1 million 'wannabees' paying for the privilege, and in part motivated by the chance at the 100s of millions (100 dollars for each artist in reality!) the 'hits' can provide... probably the optimal response to these facts is to provide artists with a minimum living allowance, while they commit to a certain number of hours of 'community service' as teachers, tutors, etc in the field of excellence they are pursuing, along with their fair share of 'sweat-shop' / cleaning / etc work until they have 'produced' something the masses value in and of itself...after which any excess income they gain from their 'hits' is placed in trust to pay for their future 'process'... until this 'excess' is consumed in this manner, and they can chose to return to the minimum support payments, or go to 'work' in other more conventional professions where the 'process' and 'product' are more directly observable / coupled in space and time i.e conventional production where the effort / sacrifice / risk is directly observable and measurable, and can thus be rewarded by hour / day / week / year...

Remember that it was the sociologist / economist 'Herbert Spencer' and NOT Darwin who coined the term, 'survival of the fittest'... in Darwinian terms, there is no 'fittest', only survivors...

The problem with 'trickle down theory' or 'Reagonomics' or 'Voodoo economics' is that while wealth DOES trickle down from the very top, the top 0.1% who benefit from govt. supports / zero / low taxes, it is very 'sticky' and fails to flow very far...i.e it remains among the top 1% at best, never reaching the mass of the population... the NEO-cons, the very Jewish Milton Friedman with his 'Greed is good' never cared to describe this reality...selling the idea to poor working people that greed is good for THEM too... the reason the money never 'trickled down' very far was that the few rich people with access to cheap govt. loans tended to use the loans to buy real assets...driving up the prices of real assets...so that by the time any of the wealth 'trickled down' to the masses, prices on real assets had
increased by at least the same amount as the masses benefitted, thereby nullifying / neutralising/ cancelling out any 'real' benefit...sure they might get a few more dollars, but their total income now bought much less than it had before the 'voodoo economics' was put in place...in fact the only people to benefit were the initial recipients of cheap loans and tax breaks, the super-rich who had lobbied for / marketed and sold/ and corrupted the govt. to get the 'voodoo economics' 'greed is good' mantra and policies adopted and accepted...N.B that Reagan's wife went to her grave believing that George Bush had arranged the attempted assassination of President Reagan, after Reagan refused to 'step down' and put Bush in power...we have seen the nature of hte Bush's once in power, and their behavior is completely consistent with Nancy REagan's suspicions...just ask the families of the 3000 victims of 911, or the millions of Middle Eastern families murdered by the Bush regime and now Obama...

Many economists use the analogy of 'feeding a horse oats, so the sparrow can eat any undigested oats remaining in the horses manure

Economic hit men are agents sent out by the Zionists from the U.S and World Bank to get sovereign nations into massive debt, so that they can be forced to adopt any policy the world bank zionists impose on them...massive projects where only a few corrupt insiders make huge windfall profits, and the masses are put into debt to pay for them...projects that benefit almost no-one, and are often abandoned a few years later...once the nation is in debt, and under World Bank control, the hit-men buy up all the real assets of the nation at bargain basement prices i.e artificially low, driven down by the 'market' manipulations...any nation that will not take out such world bank loans and accept central bankster control is placed under 'sanctions' i.e economic war... such as those imposed on Japan before WWII (which lead to the Japanese attack on the U.S) and which the Zionists attempted to impose on Germany after Hitler gained power ... after the Zionist lead French invaded and occupied the German RUhr-Gebiet...this was merely a more obvious form of occupation...today the Zionists use the World Bank and Central Banksters to achieve the same ends...to bleed nations dry, and enslave their people, and force them into submission...

Even greatly admirable intellects such as Noam Chomsky was fooled by the 911 con, so you can rest easy, free from embarrassment...

Voltaire ' paper money will always revert to its true value...zero'...

MHR problem with issuing fiat currency is who gets it first !!! if print money and lend it to the rich, you are ensured inflation from speculation...if you lend it to people who invest it in the true sense, in real value production, you achieve the potential benefits of increasing money supply i.e an increase in real value production greater than the increase in money supply i.e increase in real wealth (mathematically deflation, but as the wealth is spread and consumed on NEW
value, you don't have any problems...the only 'sore loser' is the speculator who seeks to manipulate inflationary / deflationary cycles to accumulate unearned wealth for themselves...)

N.B Golman Sach's belief that they 'Do God's work'...consider the Torah / Old Testament for a moment...God's work, according to those 'books' is to enslave the rest of humanity under the rule of 144,000 'chosen people'... it was Goldman Sachs who changed their legal status from 'investment bank' to 'commercial bank' around one month before their financial losses would become public / exposure to the market collapse would have to be made public...simply so they would be eligible for govt. bailouts...they cashed in their previous huge profits, changed their legal status, so that they could keep the profits, and not use them to balance their own / clients books...and get the tax payer a.k.a workers, to bail them out i.e pay for the losses...and then cash in again on any future profits... the A.I.G took insurance policy on Junk bonds knowing full well that they were junk, and were definitely going to be worthless in a few weeks...and knowing that they would be reimbursed by the tax payer with huge bailouts...so they could pocket the profits from the insurance policies...without any REAL risk...which is what stock brokers and investment funds / salespeople / banks do...make commissions selling junk of no value, that is guaranteed to lose their clients money...they make their money on each transaction, no matter how much their client's lose !!!

Worse, Goldman Sachs made over 4 billion dollars (through their trading desks) on 'shorting' the market i.e they KNEW that their own actions were going to lead to the market crashing, and so they could bet on this crash occurring with full confidence i.e they had rigged the game...they'd doped the horses...they bet that a particular horse would lose the race, after they had 'hobbled' it...and paid the jockey...at the same time as Goldman Sachs salespeople were telling their clients to 'buy', they themselves were planning to profit from the upcoming crash...as big a conflict of interest as you could imagine...basically a con game...

RE: riding out the storm Vs panicking...The Standard and Poor's 500 (An index based on one of the main ratings agencies own ratings i.e S&P, who gave Junk bonds B- ratings and higher when then were 'Junk') i.e the top 500 U.S publicly listed companies, shows how volatile the share market is, and how you will have to 'steel' yourself to accept paper losses, rather than panic and sell off...you would have lost money during 24 of the last 86 years...IF you had sold off your shares...

N.B 'DIVERSIFICATION'...few people really understand the concept of diversification...most people consider that a portofolio merely needs to consists of 15 to 25 different companies to quality as 'diversified'...however this is NOT the case...diversification refers to RISK ... and this risk must be viewd from many aspects...one aspect is TIME diversification i.e no-one can time the
market...different investment vehicles will perform differently at different times...in other words some markets will do well at the same time that others are doing badly...if you can afford to 'hold', and not realise paper losses, by having access to liquid funds, or being able to realise profits on investments that are performing well, you can avoid realising any paper losses at all, in the long run...as markets tend to move in cycles...with bubbles, corrections/crashes, followed by more bubbles, in which the market moves through long term means...i.e a correction is a return in the direction of the mean...it usually over- corrects from momentum...and falls below the mean in the short term before 'reverting to the mean'...this phenomenon applies to ALL phenomena in nature...from IQ to ...

Other elements of the diversification concept include diversification over geography and political boundaries i.e international diversification, having investments in different nations...in different industrial sectors e.g manufacturing / service / banking /communications...in different markets within a nation e.g real estate, shares, bonds...with different time frames i.e short term, medium term, long term...

Part of retirement plan is 'rolling transition' as you get closer to retirement age, moving part of your investments into shorter term, more secure investments that are liquid and can be realised to fund the next few years of retirement, while keeping most of your investments in longer term, higher risk, higher return (in the long run) investments for the next 20 years or more of your retirement...so you do not have to realise any short term losses in any investments i.e can 'ride out the storm' during the inevitable and unpredictable crashes / downturns...if you are 'truly' diversified, part of your portfolio will be positive at all times ... and you will never HAVE to sell / realise losses in any of your investments...

BUT... while you will want to 'buy and hold' in principle, you often need to sell off parts of your portfolio when any part of it becomes disproportionately large e.g say your shares do really well one year, leading to shares making up a disproportionately large part of your total portfolio, you will want to sell off some shares and re-balance your total portfolio...this will feel counter-intuitive to most people i.e the idea of selling off investments that are performing very well, and buying new investments that are not doing as well e.g selling high performing shares in booming stock market, and 'topping up' a shrinking (as a proportion of your portfolio) real estate or bonds..

Note that there are no 'sure things'...recent history and investigations have revealed how corrupt the ratings agencies and financial regulators are...a 'blue
chip' investment can turn into a 'junk' bond inside a few weeks...big corporations have officially gone from AAA to junk bond status in a matter of months...the facts are often hidden for a long time, and known only to the insiders...e.g Enron, TWA, Kodak...for all you 'man-made global warming' believers, remember that Enron, now infamous for having bankrupted the Californian govt. by manipulating its power supply, and cashing in to the tune of Billions in futures trades based on their own manipulations, while 'cooking their books' to show profits while they were accumulating massive losses that ultimately bankrupted them (soon after the C.E.O and senior managers sold their share options and paid themselves huge bonuses and left the company!) is the originator of the carbon credits trading scheme, which was set to earn them the biggest profits imaginable...yes folks, if you didn't know, it always WAS a huge scam...which is why they are going after anyone, like me, who informs you about it...you didn't support the 'holocaust hoax' scientists and historians when they needed your help, and now you are going to enjoy the costs of your lack of integrity and concern for justice in huge taxes paid to private corporations just to use your airconditioning or drive your car!!! too late friends...you had the chance to 'nip it in the bud' but you chose to demonise whistleblowers...very satisfying to imagine yourself morally superior to 'the holocaust' 'deniers'...now it will be the turn of anyone who 'denies' that global climate change is man-made or that 'open borders' are a GREAT idea !!!

If I show you that historically you should statistically expect a 50-70% crash in any of your share investments, you may nod and 'accept' this fact, but when it happens, you will be just as 'shocked' and 'ill' as any naive investor or billionaire...it will be as gut wrenching (admittedly) for the most experienced as the day trader...the question is do you have a plan, and can you stick to it...and 'ride out' these storms, rather than realise what are otherwise only 'paper' losses?

If you think you can 'wait and see', wait until the next market crash occurs, before buying into it at the bottom, well think again...you may be waiting a long time, losing potential returns, and then end up timing it wrong, and simply buying into a market that continues to fall...then you'll panic and sell just before it 'corrects' again...and hate yourself for years afterwards, maybe even kill yourself...shit happens...none of us are immune to this...I can tell you from personal experience...and the most successful investors of all time will tell you the same...it is a gut wrenching experience and few people come out of it ahead...so don't even bother considering it...unless you are a psycho-pathic, cold-blooded, inhuman creature or a neurotic who seeks ways to punish themselves !!!

There is no such thing anymore as a 'sure thing'...local bonds used to be very popular...you could invest in your local community and be ensured a secure return...a win win...until local governments started going bankrupt ... or deciding
to repay the bonds before they matured, in which case they no longer were required to pay ANY interest to you....

N.B today you can buy 'Index funds' in any sector, from residential real estate to commodities ... giving you diversification within each sector...without the typical high costs of actively managed funds i.e passive, buy and hold, Index funds...

Exchange Traded Funds allow you to buy shares in a company that itself buys every share in an index, to ensure that the performance of the ETF is the same as the performance of the Index...there are many benefits...the ETF does not have to sell any shares when participants want to 'cash-in', thus avoiding brokerage fees... to 'cash-out' your investment, you simply sell your shares in the ETF on the stock exchange like you would any other share... these ETF's pass on their own cost savings (they never have to sell any shares and pay brokerage fees for example, and they buy and hold, which anyone with the necessary qualifications can do, they don't pay huge analyst fees etc...) to their investors, and so ETF's offer the lowest fees available, even less than Index Funds... you can gain the diversification of an entire Index by buying shares in ONE company...

NOTE that even NATIONS have defaulted on their federal bonds, such as Argentina, and in theory the U.S govt. has been essentially bankrupt for decades now, with no signs of any 'solution' in sight...so U.S treasuries cannot be considered 'safe' any more than ARgentinian bonds or local municipal bonds (Muni's)...

The old idea of 'invest your age in the security bucket' made sense when people retired aged 65, and could expect to live until age 75 or so. However today people can expect to live well into their 80s and even 90s. This means you need to keep much of your retirement portfolio in higher growth, higher risk baskets, to ensure you don't outlive your retirement fund.

And in any case, even bonds have become more volatile, with countries like ARgentina defaulting on their federal bonds, and many people having good reason to fear the U.S might do the same in the near future...

Dollar cost averaging is a proven strategy for long term investment performance...it refers to committing yourself to a regular investment schedule independent of what the market is doing ... this requires first an understanding of the facts we have been discussing here, and a disciplined commitment to 'hold a steady course' no matter how rough the seas become...this prevents emotion driven reactionary selling and buying as the markets rise and fall ... aim to first buy, and then maintain a portfolio with the following 'weightings'... otherwise you may end up buying and selling at the worst moments, and losing much more than the worst crash...remember that very few people have any chance of 'predicting'
the markets...especially due to unpredictable (to outsiders) govt. regulation / intervention / corruption / manipulations...trying to predict what the markets will do in any short term period will likely lead to you doing much worse than you would have if you had just 'kept to the plan'...this is statistically proven...over decades...in every market situation and condition...over the long term that any serious investment plan will be meant to operate...you might get lucky a few times, but the rule is that 'the house always wins' i.e gambling with markets is no different to a casino...a casino rigged in favor of the owners, the banksters, the huge hedge funds with billions in assets, and access to hundreds of billions in cheap loans...

Dollar cost averaging is not only statistically proven to outperform any attempts by any but a few suspiciously 'lucky' and fabulously politically connected and wealthy investors, it is the best approach psychologically speaking. Most people over-estimate their ability to remain calm and NOT sell off when markets start falling...I can vouch for this personally, as can the industry leaders with hundreds of millions of dollars in net worth...it does NOT get easier for the richest than for the average person...it is a question of human psychology...the experience tends to be traumatically devastating for anyone who has any human emotion at all...even if you manage to come out ahead of the dollar cost average investor, what you pay for it in terms of damage to your health, sleepless nights, worries, self-recriminations etc are simply not worth it...ask even super wealthy people...remember that if you average out your buying, you average out the price at which you buy and ultimately sell...if you make one lump sum investment or sale, you risk making large losses...if you buy a few shares each month, then any losses will be much smaller, and more easily emotionally digested...in effect you will be buying and selling closer to the long term mean...and as markets always tend towards, then overshoot, the mean, in either direction, you will enjoy the 'emotional mean' rather than elation and depression, as the markets cycle...you will end up, statistically, very close to where the most successful traders end up after devoting all their time, and energy, and suffering all the emotional rollercoaster rides, tend to end up...and we are talking about those that are 'successful' at this...and have access to huge cheap loans to shore up their positions when they go sour...you won't have...when your decisions prove unlucky, you will be out of the game completely...most likely you, if you become an active day trader, will lose everything, financially and emotionally...you will sacrifice your peace of mind, your career, your friends, your social life, your family, your health, and still end up worse off financially...

remember we ALL exaggerate our own capacity / threshold for 'taking losses'...in theory we are rock solid...in reality, these 'paper losses' tear us up inside...no matter how average or super rich we are...we do NOT like to lose...we do NOT take losses 'on the chin'...we tend to over-react in reality, when in theory we
imagine we are all super-human...theoretical losses turn out much easier to handle than real-life ones!!

You may like to try a 'David Swinson' portfolio ...This is the one Swinson has used as Yale University's chief investment advisor... over the last 20 years this strategy has provided positive returns higher than the Index in good years, and suffered lower negative returns than the Indexes in 'bad' years...the portfolio is made up of 30% 'secure' investments and 70% growth/risk investments...the portfolio would look like this:

20% in domestic E.T.F's or low cost passive Index funds e.g S&P index fund
20% in foreign E.T.F's or low cost passive Index funds e.g DAX index fund
20% in domestic and foreign Real EState Index Funds
15% T.I.P.S i.e Treasury Indexed
15% in Long term U.S treasuries and bonds
10% in 'emerging markets' low cost passive Index funds e.g Baltic states index fund

With quarterly re-balancing of each 'basket' to ensure this weighting is retained when some baskets perform well or badly, thus changing their current paper values.

One dollar invested in the U.S stock market as a whole (say if Index funds existed at the time) in 1802 would have enjoyed an average compounding return of 8.3% making that one dollar worth 8,8 MILLION dollars in 2000.

The supply of gold apparently grows at about the same long term / mean growth of the world economy i.e ensuring no inflation or deflation if you fix the value of gold ... i.e it becomes impossible to 'print' gold / increase the money supply by MORE than the world's GDP / real wealth can grow...thus avoiding inflation...and requiring each generation to live within its own means, rather than 'borrowing' from future generations, and making each successive generation 'debt slaves' to the debts their parents inherited / generated, and making their birth certificates automatic debt instruments / bonds i.e being born into debt slavery...being the 'property' and 'security' of the top 0.1% who put the nation in debt, and who kept all the profits from the 'investments' made with the 'loans' for themselves...like me borrowing money, investing it, speculating with it, making lots of money from it, but never paying it back, instead offering up my children as 'security' for the original loans, and forcing THEM to pay it back, with compounding interest...true vampirism...
The 1947 'currency reform' in (officially at the time) occupied post WW II Germany, cancelled all German debts (Russia stole half of POland, and gave POland half of EAst Germany, and stole half of the German empire as 'spoils of war') and gave each German citizen / family just enough to survive a few weeks ... re-setting the clock...starting from zero...even cancelling mortgages i.e if you were lucky enough to have taken out a mortgage, and even luckier that your home still stood after the massive carpet and fire bombing of Germany, you legally owned it, and your debt to the bank was completely void... the down side was that if you had savings in the bank, you lost these... it was a 'day zero'...fiat currency became as valuable as what it always had been in fact...this 're-set' was a success..and Germany enjoyed a boom unrivalled in the history of any nation...

(a very misleading name as it is a private business that answers ONLY to its own few shareholders, and NOT the public)

Vanguard is not-for-profit? Lowest fees in industry? Index Traded Funds

Fund managers act like taxes do not matter when it comes to trading shares short term i.e in many places (check your tax laws) profits made on shares held for under 12 months are taxed at your marginal tax rate at worst, or a capital gains tax rate at best...but as traders make commissions or earn kick-backs from those who do make these commissions, which include, but are not limited to, brokerage fees i.e the commissions made on each and every purchase or sale of shares (which form a large chunk of the 'hidden fees' most people will not consider, be aware of, or be able to understand!), traders and their 'friends' (your fund manager is not YOUR friend!), have an incentive to make short term trades, to maximise commissions, and try to make their before tax fund returns look good...though in reality funds do WORSE than Indexes over any realistic investment time frame...

When you invest in a fund, you did so because you wanted returns higher than cash e.g your local bank can offer you... but be aware that fund managers may keep a high proportion of your investment IN cash, either because they are waiting for the market to improve, or waiting for what their analysts consider a 'good buying opportunity'...

A general rule of thumb is diversification, meaning spreading RISK across different RISK CATEGORIES...note that many fund managers do NOT understand this concept adequately...they do NOT really understand this
concept...It is not enough to diversify by buying shares in 20 different companies...they have to represent different RISK...buying different ASSET CLASSES is NOT the same as diversifying RISK...

EXPLAINING BONDS...When finance people talk about bonds, it can be hard to understand what they are saying. It took me a while to work it out. So here goes. Governments or corporations offer a bond to the market at a certain price. They promise to pay the bearer of that bond a certain amount in cash, on a certain date a.k.a 'maturity date', usually between one and ten years from the date of issue. The ORIGINAL 'yield' or 'return' or 'interest rate' the bond 'earns' will depend on the difference between the issue price, and what the issuer, the corporation or government, have promised to pay the holder for it on the day it matures. So if you buy a one year Federal treasury note which promises to pay the holder 100 dollars in 12 months time, for 90 dollars, the 'yield' or 'return' or 'interest rate' will be 10 dollars, or a little over 10%. However bonds are 'liquid', in the sense that there exists a secondary market for bonds. In other words if you own a bond, you don't have to wait until the maturity date to sell it back to the issuer. You can sell your bond to anyone who wants to buy it. The 'return' they 'earn' will depend upon the difference between what they pay YOU for it, and what the issuer has promised to pay for it when it matures. They may pay you more or less for the bond than YOU paid for it. Why? The answer is interest rates. If banks offer people higher interest rates than what your bond originally offered, then people will not be as interested in buying your bond. There will be less demand for your bond. The price people are willing to pay for your bond will go down. Why? Remember that the difference between what anyone pays for a bond, and what they sell it for / or get back from the issuer, determines how much profit or 'return' they will make. If banks offer higher interest rates, in order to make your bond attractive, you will have to sell it for less, so that the difference between what the buyer pays, and will receive when they sell it / return it to the issuer, is greater, offering them a better return, one closer to what the banks are offering. In short, if interest rates go up after you buy your bond, then fewer people will want your bond if you decide to sell, and you will get less for it. If interest rates fall after you buy your bond, more people will want to buy it, and you will be able to sell it for MORE than you paid for it...

Over 96% of managed funds perform WORSE than the benchmark index they were seeking to out-perform i.e less than 3% of all managed funds will beat an Exchange Traded Fund or Index fund...

This fact is often hidden behind clever games and tricks...For example the fund managers do NOT have to inform potential clients / investors about funds they have CLOSED to the public...they could in theory get a few dozen monkeys to pick shares for a few dozen different funds...then wait to see which monkeys got lucky...close down all the unlucky funds (over 96% of them) and keep the 3% or
so that did well, by pure chance, and then open these funds to the public, proudly declaring that this fund was performing much better than the benchmark index...giving you every impression that they were 'well managed' and 'great performers'...what they didn't inform you about was that this was pure chance, pure luck...like evolution...hit and miss...all the 'misses' are 'extinct'...they won't talk about them...all you will see is the apparent 'genius' and 'talent' of the fund managers, not the 100 or so monkeys...

There is a logic behind the fact that over 96% of managed funds perform WORSE than a simple buy and hold 'passive' (therefore low cost / low tax) fund...consider that most fund managers / analysts seek to identify 'trends' and then to 'ride' positive trends and 'get off' negative trends. If you could identify those few days each year when gains are to be made, due to large stock market movements, you could make a killing. But even with the best computer programs and analysts, this has proven impossible. However those funds managers and brokers who DO make a killing, DO make it on these few days each year.

But here's the thing. It is NOT the SAME traders and fund managers that make the killings each time. In fact monkeys are just as likely as YOUR fund manager to 'get lucky' and 'make a killing' on these days. And the odds that they will make a killing on more than one day become astronomical. If you had a 3% of making a killing in one quarter, then the odds of making a killing in the next quarter go up 97 fold. You don't have a 3% chance of a consequence 'hit', but a 0.03*0.03 chance...or three percent of three percent....003? %...

So in reality, if the managed fund you are looking at buying units in has beaten the benchmark / market in the last quarter, chances are it is doomed to UNDER perform the market from now on. In other words the reasons you buy into a fund are often the reasons you should NOT buy into it. Past performance. While they must by law add the disclaimer 'Past performance may not be indicative of future performance', any statistician who understands the facts of the investment industry would insist on adding a disclaimer 'Past performance will likely indicate the opposite performance in future'.

Statistically, and in reality, you may be better off buying UNDER performing managed fund units. Why? Well think about it. If statistically a fund that performed BETTER than the market is most likely to perform WORSE than the market for the next 96 quarters, then the odds are in favor of buying a fund that has performed WORSE, because it has MORE chance of doing better in the NEXT quarters than the fund that performed well THIS quarter...! Odds rotate randomly. The returns actively managed funds provide also rotate randomly. BEcause the results ARE random. It is pure LUCK that a fund does better than its benchmark index. It is NOT about skill and talent and hard work. It is pure luck. I challenge ANY stockbroker or fund manager or salesman to deny this. If they
BELIEVE it, well that is another thing. But the facts are clear and undeniable, for anyone interested in facts! And it is YOUR money that is on the line. Your retirement. Your lifestyle. Your wellbeing. Your children's education. etc etc...

No-one has worked out a way to predict the markets. The cleverest human can not do any better than a monkey. FACT. The reasons why maybe 3% of fund managers have managed to consistently outperform the market, or their benchmark index, do not lie in the realm of skill or talent. They lie in very complex financial maneuvering which requires access to tens of Billions of dollars in extremely cheap loans (at rates which the typical consumer could only imagine in their wildest dreams), the fastest high speed internet connections, and political connections / insider knowledge / corruption / lobbying. The fund managers with these 'resources' do not let just anyone invest. They make their money from very small 'margins', but massive volume i.e they can afford to speculate over extremely short time frames with tens of billions of dollars, and so by making half a percent on billions of trades, every day, they can accrue massive profits. However YOU would need to have at least tens of millions of dollars to 'play ball' with them. So forget about trying to 'beat the market'. And politely disengage from any interaction with any 'salesman' claiming that their fund managers CAN beat the market. Other fund managers, such as those at Goldman Sachs, have such good political connections and power in markets in Africa, and with the Central Banksters who control the world finance system, which are completely corrupt and manipulated, that they can make huge profits THERE, even as markets in the developed world offer little prospects...

You are better off paying a room of monkeys peanuts for their services, than paying fund managers ANYTHING to 'manage' your investments.

More misleading / misunderstandings... The most successful investors, including Warrent Buffet, focus on reducing losses, rather than on maximising gains. Why? Because of what few people consider. Say the market is at 1000. A 50% drop will leave it at 500. If this happens to an investor, it is a big deal. Why? Because after a drop of 50%, to simply break even, the market has to recover / climb, NOT 50%, but 100%. So you see regaining losses is very hard.

This is a case where that most misleading of all statistics, the 'average', once more rears its very misleading head. For in the case above, the fund could advertise that the average return for a fund that loses 50%, and then regains 50%, was 0%. When in fact it was MINUS 25%.

Financial planning key to strategy. When you are young, you need to focus on long term growth, and can accept 'paper losses' because you will not actually be selling anything...any losses will only be on paper until you actually sell your shares...you can survive huge 50% downturns because you will be remaining in the market, and over the long term you will regain all those losses, and make
good long term gains. However if you have retired, and need to access your investments, you will be FORCED to sell shares every year at least...you will not be able to 'ride out' big market downturns, like the young investor...they can wait 40 years...you will HAVE to realise the paper losses and sell at least enough shares each year to finance your lifestyle...

This raises the 'problem' of living longer...in the past you may have expected to live to 75, and so you would need to plan for at least 10 years retirement...these days you may need to plan for at least 20 years retirement...and so you will need a strategy that offers higher growth, and thus costs higher risk, even AFTER you have retired...so the 'drawdown' of your investments will need to be carefully considered, and I would say 'timed'...in recent years the boom-bust cycle has been roughly of 7 years duration i.e every seven years the market 'corrects' after 7 years of growth ending in unsustainable / unwarranted / speculative 'bubbles'...and some markets like Japan have been down for more than a decade, with no sign of any 'recovery' in sight...

In any case, plan to have access to liquid funds to cover you for at least a few years, so that you can 'cash in' any current gains, and not NEED to sell off during an inevitable market down cycle (and they ARE inevitable...we will have to deal with this issue ... psychology...!!)...and if you have understood and taken to heart what I am sharing here, what the most informed financial wizards have shared with me in their books and lectures etc...you will have conditioned yourself to ENSURE you do NOT panic...and sell even when you DON'T need to...and so the market cycles and inevitable 'crashes' and 'bad years' will only exist on paper, and not in reality i.e you will never actually realise paper losses by selling during the bad times, you will 'hold' onto your shares and sell them only AFTER they have recovered, and better, earned real gains!!!

Consider also the marketing of the fund you are considering buying units in. It will advertise its returns based on a complete year from start to finish. But you will be buying into the fund somewhere in between. So the actual return YOU get can be MUCH less than that advertised...especially, as I have tried to explain, as any random increase in returns is likely, by pure mathematics, and the REALITIES of the markets, be followed very shortly after by either zero or negative growth i.e no returns or losses. So buying into a 'high performing' fund will, according to all statistical, mathematical, factual, logic, most likely prove an unsound decision.

It is because most of what we are considering here goes against conventional wisdom and appears counter-intuitive, based on our conditioning by mass marketing and our lack of education on these matters, that the 'scam' has managed to survive so long, and make so much money for an 'industry' that
produces almost no value at all, and costs the average person hundreds of thousands of dollars over the course of their lives.

Actively managed funds SHOULD already be a thing of the past. But information takes a lot of time to get out, and to be heard over the billions of dollars of propaganda, misinformation, marketing, and mass media conditioning. Don't YOU be the last one to wake up to the con. Join the millions of people who are opting for passive, buy and hold, almost zero cost Index funds. Get your colleagues together and ensure that this information is heard, shared, and acted upon.

Annuities, a mainstay of financial planning since Roman times, lost their appeal during the stock market booms and bubbles of recent decades. However they are making a comeback. But you have to be very selective in order to find annuities that actually make sense. Most offer a terrible deal, at least as bad as managed unit funds.

You probably never considered annuities, because the people giving you financial advice earned lower commissions on them, then they did from selling you managed unit funds. Salespeople would focus on the negatives, misdirecting clients away from the real positive aspects of annuities. They would scare them off by focussing on the lower returns, the costs, the disadvantages, while making higher commission products sound as sexy and safe and advantageous as possible.

Some annuities are based on the traditional Roman model. A large number of soldiers would pool their investments, and pay out the returns to retired soldiers, as long as they lived, sort of 'pro rata'. The system worked because when a solider died, their contributions became common property of the entire group.

Some annuities are linked to market Indexes, so if the stock markets boom, you will benefit, but they are at the same time capital guaranteed, so if the markets crash, you lose nothing. However keep in mind we are talking about 'nominal' capital. If inflation starts rising as it has in history, you may get back your actual capital, but it will have become worth less over time, in many cases literally worthless, due to rampant inflation. Such a situation could very easily be on the cards. All the indicators suggest that the U.S is doomed to hyperinflation at some point, and when it comes, it will come very quickly, after a 'tipping point' is reached, and the 'bubble' bursts. However while many claim to be sure, we cannot say what the powers that be will decide, and what will happen. It is also possible that all the excess money supply will be 'stolen' by the elites and kept out of general circulation, and we might, at least first, see deflation, with increasing purchasing power. The markets are so completely manipulated and controlled by the powers that be, by the Banksters and their Golems, that no-one can say where and when what will happen.
Private Placement Life Insurance (PPLI) is one of the insider secrets of the rich...these provide tax free growth, virtual 100% liquidity i.e they are 'abused' to allow 'at call' access using 'loopholes' in the tax system, and lead to zero inheritance tax being paid by any beneficiaries ... they are the 'rich mans ROTH'... this is a typical way that 'insiders' and 'lobbyists' get tax laws and other laws written in ways that allow a few 'in the know' to access loopholes others will not become aware of, simply by writing laws in very particular ways that appear to preclude /stop one thing, while actually allowing it...you simply 'call' it something different i.e legal codes / lawyering is all about semantics...this is why legal codes are so long / specific, to ALLOW expensive tax / lawyers the chance to subvert them...in this case, Life insurance is used as a 'wrapper' i.e another financial instrument is 'wrapped' / 'cloaked' / disguised as, Life insurance...which usually does NOT allow you 'at call' access ... in this case you get tax certainty, as you pay today's marginal tax rates ... most analysts predict marginal tax rates in most nations will HAVE to rise to cover govt. debts and other liabilities e.g public health care costs, education costs etc...and note that tax rates in the U.S and many other nations are MUCH lower than they have been for previous decades...and that during previous depressions, tax rates soared...most analysts expect a depression greater than any previous to hit the U.S and China any day now...and this will lead to a world wide recession...

N.B the typical retail life insurance 'offered' to the general public is 'junk' and not worth considering...the costs / disadvantages far outweighing the benefits / advantages... however PPLI offers massive tax advantages, and complete liquidity / 'at call' access...in most nations, including the U.S, you don't pay tax on capital gains from investments until you 'cash them in' ... so you accumulate interest on your interest / gains on your gains, until you actually 'sell' the shares... Now the 'trick' with PPLI's is that they are defined as Life insurance, due to the 'wrapper' this financial instrument / vehicle is disguised in...and this instrument has been deliberately devised by the finance industry / tax industry, so that 'on paper', any time you make a 'withdrawal', it is NOT defined as a 'sale' of your shares, and so you do not, by law, have to pay tax on it...it is defined, cleverly, as a 'loan'... the same idea had occured to me decades ago, in a different context... like laws about mobile phones in Russia, the U.S tax codes have been carefully written by lobbyists, financed by the finance industry, and handed over to the U.S congress along with large campaign finance contributions and other forms of 'legal' bribes'... so on paper you have not, and never need to, 'sell' your shares at all...you basically have an accounting understanding that you have 'borrowed' from the same company that holds your investments...they will put it down in one set of books as a 'withdrawal', but for all official purposes, and for tax purposes, they tell the govt. and IRS / tax authorities that it is a 'loan'...this is typical 'weasel word' 'spin'...
Using all these tips you can either retire 50% earlier, or with 50% more money... compared to your prospects if you had invested in active investment funds, rather than a range of lowest cost ITF's / Index funds.

I have written much about 'de-intermediarisation' in my novels and non-fiction books... it is about eliminating 'middle-men' from the production to consumption chain... people who do not add any value to that chain, and yet (most times) earn the highest incomes in any given society... in the case of the 'investment' and 'finance' industry, the client / consumer tends only to hear about products which the sales people earn the highest commissions on... the sales people earn commissions from sales, and not from providing the best service... so they will focus on selling you those products that make THEM richer, rather than YOU... even 401K plan offerers must pay to be put on your employers / unions 'options' list... i.e you are only ever going to be given the chance to chose from a limited list of funds whose managers have basically 'bribed' someone to be put on the list that you get to chose from... and it is YOU who will be paying these 'bribes' in higher fees... all costs are recouped from YOU... all the kickbacks paid to various marketing people and sales people must be paid by YOU... and so you will end up being offered only the most expensive, rather than the best performing, low cost funds... in other words you do NOT get to chose from the possibilities that are best for YOU... you only get to chose from the list of options that are best for the sales people and fund managers!...

Fixed income annuities refund the balance of investment capital on your death as a death benefit to your estate / children etc... if you 'surrender' these annuities before death, you usually pay tax on any capital gains, or at least 10% tax when you are managing your investments yourself, keep in mind that capital gains tax rates i.e taxes on your returns / profits / gains, are often the same as your current marginal tax rate... so consider that due to inflation and 'bracket creep', most people are in a lower marginal tax rate today than they will be when they retire, even if they never get promoted / earn more money (in real terms)... so it is often desirable to pay tax today, rather than deferring tax... and using investment forms where you pay tax on the actual gains today...

A 'living' trust is a will that can be revoked... to avoid the risk of dying without a will... in which case your assets go to 'probate', and potential benefactors of your estate can end up spending a lot of time and money 'fighting' for their 'share'... you can set a living trust up cheaply... compare costs and services on the internet, rather than automatically using any legal advisor you have previously used... 'getyourshittogther.org' explains for U.S citizens or 'legalzoom.com'...
Rothschild is famous for stating his investment philosophy as follows 'wait until there is blood in the streets to buy' i.e to buy low, sell high...to finance revolutions in Russia and wars around the world...

ASsymmetrical risk ... where the risk of losses, and the size of losses, is always much less than the chances of success, and the size of the gains... Options allow you to decide whether you want to buy or not AFTER the fact ... sounds crazy?? what you do is pay someone for the right to buy at a future date at a future price, without you having to commit...for this right you pay a percentage of the agreed price ... if you decide NOT to buy, you lose this percentage... in other words you can 'wait and see' what the share / market does.....in many famous cases of 'shorting' the market i.e assuming it will crash, at a time when the market is booming, and the mass media and govt. propaganda and manipulations are hiding the chronic problems in the market, this 'option' can cost less than 1%...which means that it costs you only 1% of your investment to 'wait and see', and potentially earn 400% profits...this is a real life case of ASsymetrical risk... options are a way to make huge gains even in markets that are crashing...of course this system favors those people who have access to incredibly large and incredibly (completely unrelated to the market interest rates you would have to pay) low loans ... in fact the big investors often continue to make mistakes, and end up bankrupt, but still have access to such large amounts of loans that they are almost guaranteed, in the long run, to make money (and if they don't, they pay lobbyists billions to 'bribe' the govt. into using YOUR tax money to 'bail them out'...in other words the big banksters can NOT Lose...because YOU will pay their losses...and let them keep the mathematically guaranteed profits when they finally DO, by pure chance, randomly, like monkeys, 'pick' profitable shares / investments / options...

You may be attracted by 'capital guaranteed investments' which guarantee to return your investment, while offering the potential of market linked gains...this may sound like you cannot lose...but take care...first consider that inflation may be such that between you giving the bank etc your money, and them giving it back, it has lost a lot of real value, i.e can buy much less...and so while you have the same 'nominal' amount of money, you have lost 'real' value...and then there is the question of WHO is guaranteeing to repay you...many banks have gone bankrupt, and thus have no legal obligation to repay you... they can go bankrupt on paper, while transferring all their assets to other companies, a sort of legal theft...even governments have gone bankrupt, and 'defaulted' on their promises....so make sure the 'guarantee' is worth something i.e it is 'backed' by a long standing / secure bank...like the national bank of Canada...

Longevity insurance is becoming more and more necessary, as people live longer, and well past the date for which their retirement plan has been calculated...these 'kick in' after age 85...
Over long-term i.e in recent decades every 7 to 9 years, every asset class has suffered at least one huge crash of 50 to 70%, followed by a long term return to the mean i.e regression to the mean is the norm i.e to be expected...so that in long term recovers lost value...it is key to investing to accept this fact, and NOT panic and sell i.e realise paper losses...

A diversified risk profile i.e investments in different risk classes, and market sectors e.g shares, real estate, bonds will ensure your portfolio includes assets that do well as others do badly...for typically when one sector is down, such as shares, other sectors, such as bonds or real estate, do well...as investors (who are NOT s well informed or disciplined like YOU are) tend to switch asset classes, taking money from the falling class and investing it in assets that are performing better...these people realise paper losses by panicking and selling, imagining they can predict the market, and move into positive trending markets...what they are doing is selling low and buying high...and usually they are too late or too early i.e either sell off at the bottom of a market cycle and realise huge losses...buying into other markets at the top of THEIR cycles...just before THEY crash...or selling off after being panicked by some short-term corrections, after which the stocks they just sold then rally again...often they will even then buy back into the same market at the new higher prices...imagining they can 'predict' the market...they can end up repeating the same mistake over and over and make huge losses even while the market trend is positive, and then still suffer the big losses when the bubble bursts and the markets crash...which they have been doing in regular cycles for the last few decades...

No-one can time the market...if a broker or fund has managed to outperform the market / their benchmark index this year, then statistically they will UNDER-perform it next year, and for many years following...it is a fact that only a tiny number of people have managed to outperform the market / their benchmark performance index, for more than one quarter, or a year, running. In almost all cases where a person / fund has managed to outperform the market / benchmark in one year, it was really pure luck...take 1024 monkeys tossing coins and one of them will toss 10 heads in a row...take 100 monkeys, let them chose an investment portfolio, and two or three of the monkeys will outperform 96% of all stockbrokers / fund managers for that year...but the chances of them repeating this performance in the next few decades are the same as for the fund managers, almost zero...because there is NO way to predict stock market / share performance...unless you have insider knowledge...and only a few top banking people have these connections i.e the Banksters...and THEY are not sharing this with YOU or YOUR fund manager...in fact they manipulate the markets so that the most competent and talented of brokers who make the best decisions are likely to be 'wrong' when they are 'right' i.e their analyses are precise, but because
the markets are NOT free, they make the 'wrong' decisions' i.e if you base your predictions on gravity, and then they 'turn off' gravity, you are going to 'fail'...

You have to come to terms with the fact that No-one, apart from the most powerful people who determine the markets / the market conditions / regulations / laws / wars / social upheavals, will ever be able to predict what the markets do...You have to come to terms with the fact, emotionally as well as intellectually, that the markets will crash several times over your investment period... and so what do you do? The key to successful investment given these facts is to buy and hold...and to avoid making large single investments...it is much better to 'average' your returns by making regular investments...this way you will average out the market returns...the months you buy low and enjoy gains will balance out the months you buy just before the market falls...Few people realise or will inform you that most of the gains made by investors occur on the 7 to 12 days in every year when the market makes large gains...as you cannot predict these, you can 'catch' them by investing regularly...you will 'catch' a few of them in this way...and you will avoid holding cash (earning little or nothing) and then buying just before a crash, panicking, and selling off, and making huge losses...ask any honest investment advisor / fiduciary (someone qualified and accredited as an investment advisor and who by law must give you independent investment advice i.e you pay them upfront...and they must disclose any commissions or kickbacks they may earn/and or are not legally allowed to accept any commissions / kickbacks from any of the investments / funds etc they recommend to you...a fiduciary is legally compelled to advise you on the investments best for YOU...and not for THEM...whereas the typical salesperson is only obliged, by law, to offer investments APPROPRIATE / SUITABLE for you...i.e not the BEST for you...just 'suitable/appropriate'...and many investments offering the advisor commissions and kickbacks for the initial sale, and longer term commissions which come out of the annual fees (many disclosed, and others 'hidden' or obscure and vague) YOU pay each year...'trailing commissions' etc...

INFORMED INVESTORS ACCEPT THE FACT THAT PART OF THEIR PORTFOLIO IS GOING TO HUGE SHORT TERM LOSSES...we tend to kid ourselves that we will NOT panic...but anyone who has been active in the share market as a day trader will tell you that we ALL overestimate our ability to 'take losses on the chin' and remain true to our initial strategy...it is easy to kid yourself you will be disciplined while the market is up...you probably bought into a positive trend...and so initially you enjoyed gains...but when the inevitible large scale crashes come, even short term bear markets...you will learn your true
nature...no matter how rich or poor you are...the biggest and most successful traders (of their own money) all agree that it really 'hurts' to take losses...it can be a traumatic experience...no matter how much or little money you have...it does not get easier for the billionaires!...

THE POWER OF COMPOUNDING INTEREST

Compound interest examples illustrate just how powerful a factor TIME is... A portfolio earning 1% return will double in value in 72 years. Doubling the return halves the time it takes for a portfolio to double in value. So a 2% return leads to a doubling of your investment in 36 years. Earning a 4% annual return (after taxes and fees) will see your portfolio double in 18 years. If you manage a 10% return your portfolio will double in 7.2 years.

This is the positive side of compounding returns. You cannot control these returns.

What you CAN control is the fees you pay when 'buying' shares or units in a fund, and the annual fees you pay to the fund manager etc...

Consider that the typical 2% EXTRA in annual management fees / costs an active fund manager will charge you (their total is typically 3.2%) represents an opportunity cost of 100% over 36 years...

Not to rain on your parade, but consider also how much that cup of coffee you buy on the way to work each morning is really going to cost you in the long run... a few dollars saved and invested each day add up, due the power of compounding interest...

So don't let your 'advisor' dismiss the fees and commissions as minimal, superficial, unimportant, while they focus on the 'performance' of a particular fund over the last year or two, or even 3. Remember that most of the funds that company managed did badly, and were NOT offered to the public...and those they did offer that did badly were discontinued or merged into other funds...they do NOT have to disclose to you the performance of their badly performed funds...it would be like a gambler offering you a 'sure bet', being allowed to tell you about the 10 horses they backed that won, while keeping quiet about the 1000 times their 'system' lead to them backing horses that lost... imagine being able to hide all your own failures, and admit only your successes...imagine what a good impression you could make!...

It is a fact that buying units in a low cost index fund will save you around 2% in fees in each year, and in the long run ensure your investment returns will be better than if you HAD paid that 2% to an active fund manager...you win both
ways... if you want to gamble that somehow you will manage to 'pick', by pure chance, a fund manager that by pure luck ends up one of the very few managers whose funds outperform their benchmark indexes, then go ahead...but do not trick your fellow investors, your employees, your fellow union members, your colleagues and workmates into taking this gamble...you have the right to believe you are 'lucky' and 'special', but not the right to misinform your colleagues into taking the same risks you feel immune to...

And if as a salesperson you misrepresent the facts, the risks, the benefits and costs, then shame on you.

Joining the traditional government and corporate bonds are new T.I.P.S...these are CPI indexed...

And if you thought real estate was a 'sure thing', then think again...sure you can get lucky, and buy at the right time in the right area, but be warned, the average price of housing in the U.S from the last 100 years has in fact been flat, in real terms. The appearance of 'bubbles' at irregular intervals, in particular locations, gives a false impression of the long term performance of residential real estate in the U.S. Housing prices surely go up in line with inflation, and this gives a false impression...and some areas enjoy massive booms, while others suffer great declines...unless you imagine you can predict which areas will boom and when, you should be wary of putting all your eggs in any one basket...even in the supposed 'security' of 'bricks and mortar'. The saying 'safe as houses' is very limited. You might take a 30% hit in any one year, and in the long run, find your friends who rented, and invested the difference between rent and mortgage payments in index funds, end up much better off in the long run...and remember all the costs involved in home ownership, and that the statistical increase in home prices is mostly made up of inflation, and increasing quality / inclusions / size / luxury of homes, rather than reflecting returns on the initial capital investment...

That said, if you DO decide to buy, consider that most of each monthly repayment merely covers your interest... you should be aware of the huge impact that paying off the capital quicker can have on your final costs...more about this later...

If you can find a great offer from a bank that has NEVER come close to bankruptcy, like the royal bank of Canada, you might consider a capital guaranteed investment that offers you a share in any market gains in the benchmark index e.g S&P 500... check just how large a share you would be entitled to in the event that the index performs well...some offer up to 90% of the upside...others offer very little of the upside...check for hidden fees, and consider the tax implications... check your local capital gains tax rules...in many places you will pay much more tax if you hold any investment for less than 12 months...don't be kicking yourself because you invested in 11.5 months, and
ended up losing a huge chunk of any gains to tax, while your friend who invested for 12.1 months ended up paying very little tax!!!

Very few annuities are worth investing in (they usually benefit the salesperson more than they ever will you)...they have so many hidden fees, conditions, and such low returns, that most should NOT be worthy of your consideration...however there are a few that ARE great options...so do your research...don't take the word of the smiling, charming, well-dressed salesperson...keep in mind that most salespeople do NOT invest in any of the products they are selling...most don't invest AT ALL...and few have significant investments in any of the funds / products they are so confidently impressing upon you... even the fund managers tend to have little or no funds invested in their own funds...surely this should tell you something!!!

N.B victims called for a royal commission into massacre...didn't believe Bryant did it...and also matter of 'broken / locked' emergency escape'...and coroner wrote to victims families saying he was not in position to make a finding that contradicted the supreme court's ruling of 'guilty'...and thus saw no reason to continue with his inquest...implying his conclusion WOULD have contradicted the supreme court...surely have clarity is of benefit to victims families? Vs a 'guilty' plea, and zero investigation...especially as to whether the inoperative emergency escape door contributed to the death toll...i.e reason official timing of deaths within 90 sec etc period, indicating no-one would have had a chance even to reach the door...when evidence indicated clearly 4.5 mins to 5 mins duration...and victims found dead right at door...no investigation even to see if anyone had tried to open it... i.e lots of reasons to investigate, not just about who did it, but if state liable for damages due to negligence...

All evidence in case ordered 'sealed' by judge...lowest 2% IQ, could drive only automatic, living under guardian order i.e never lived fully independently...6 months in isolation...john avery supposedly his defence lawyer delivered new 'guilty' plea... totally against notion of due process, fair trial, presumed innocent, idea of 'defence' lawyer doing NOTHING BUT coercing him to plead guilty...Seascape bed and breakfast bought from his father, he killed the new owners, then went to Broad Arrow Cafe and killed 12, then walked across to other side and killed 8 more, while driving away killed 4 more from car...got out of car, killed woman and her 2 children, chasing older child one down...then 4 women in BMW, then took hostage, killed a woman in a toyota, returned to guest house where killed hostage, set it alight, was injured and captured escaping burning guest house...treated in hospital...then locked up for 5-6 months in solitary...with NO motive ever given... official narrative...
immediately after incident full front page including 'demonised' image...no fines / penalties ever given...biased nation ... jury trial would have been impossible after this...no chance of fair trial, no hard evidence ...story does not add up...martin got up, went swimming...did NOT go to port arthur historic site...7 crime scenes...35 shot, 23 wounded?...allegedly...no sort of public enquiry EVER made...historic site toll booth key ... at time of shooting at cafe, 2 vehicles drove in, paid fee, then a few meters past were told there was shooting, turned around, drove back to tollbooth and parked i.e gold BMW supposedly had 4 people...and red commodore rental parked behind it, contained 2 people...so 6 people at toll booth...supposedly down road gunmen killing woman and two kids...then drives yellow volvo...documented that more than one of these...drives and stops at toll booth...why? why would gunman stop at toll booth? then witnesses stated that witnesses trying to drive into toll booth, but road blocked...gold bmw one side, yellow volvo on other...they watched and looked...inside yellow volvo was gunman and two people from gold bmw...what were they doing? he'd just shot people within earshot, probably saw him chasing down older child...were they handlers? got out of bmw and walked over and sat inside the volvo...legal document / testimony / statement...then shooting at toll booth...shooter shoots these two...one woman sitting in front seat next to gun man...who shoots the other two...driver of gold bmw gets out of car, starts talking with gunman holding gun ???? why? he gets shot...gunman drags woman out of passenger seat of gold bmw, pulls her out and shoots her...weapons transferred from one vehicle ot others...the red commodore had two n.z tourists...rental...why didn't they drive away ? they RAN away from car...why?...who'd run from gunman on foot rather than drive off in car? other witnesses looked at toll booth, some said saw bodies, some didn't, but none spoke of a red commodore ever having been there i.e someone had driven it away...employee reported having seen a young bman in a volvo with long hair...looked as though he'd look at the end of a day, tired, worn, haggard, heading towards shooting cafe...gunman got into gold bmw and drove off to local shop...another witness remarked how clean and neat this young fellow was...supposed to be same person...hair below his shoulders, flowing down onto chest...Bryant did NOT have hair that long on that day...so at toll booth change of vehicles? handlers 'cleaned up' i.e cleaner... never investigated / addressed...

defence team ? team? one lawyer, who had been working for, and clearly was still working for, the prosecution, trying to get the gun shop owner to lie and say he'd sold weapons to Bryant...

Accuracy of shooting uncanny...no real weapons training / proficiency ... fires 12 times and kills 8 people in cafe... martin was a klutz .... not highly trained / skilled killer...listen to shots on video tape...so fast...
gun man went with big sports bag with weapons...and a black video camera...went in, bought meal, put plate and drink on tray, ate out on patio of cafe, then went back inside...so fingerprints all over, but cops never lifted a single finger print...didn't make ANY effort to do so...could easily have done so...but didn't...why not?

Gerard Dutton, cop, standing in videos 'these are the rifles, this was used at massacre etc...but NONE OF THESE THINGS...specialists wrote book addressing firearms issue...nothing linking Bryant with any of these alleged weapons...terry hill owned gun shop...john avery pressured hill to lie and say he'd sold Bryant the guns i.e otherwise NO LINK between Martin and these supposed massacre weapons...he lost license and business as result of his honesty...no evidence linking him to these weapons...but police go on record CLAIMING this...STATING THIS...with NO REASON...

In police recordings Bryant states 'He's gonna shoot your main man'...but official transcript has changed this to 'cos he's gonna shoot he's gonna shoot and make me man, I mean'... why? it is such a huge 'error'...changing the entire meaning... ??? and why does transcript state that the interviewer McCarthy 'coughs' 20 times, when they are clearly 'gunshots'...who is firing? if Bryant is on the phone with the police interviewer? ...

Own mother had convinced him to plead guilty...though later mother wrote a book and now claims he was never in port arthur at broadarrow...no evidence there...but went along with his 'confession' which meant there was no need to prove he had been there...later many eyewitneses who knew him for years stated that it wasn't him...interviewer uses term 'deny' and people would be upset with her for denying he did it...but she says there is no proof...did you ask him if he did it? I did but got no answer, and after that police say he doesn't want to see his own mother, EVER ???

T.V media etc say 'even though he was FOUND guilty' ? FOUND? suggesting a trial...NO trial...he 'confessed', as anyone would...after being tortured... HUGE difference...I GUARANTEE a pro could get YOU to confess, to your own mother, that YOU did it... and YOU probably have an IQ over 66, and a mental age over 11, unlike our innocent victim !!!

'a deficient IQ'? 'no public trial' ... IQ of 66 big difference to 'deficient' and 'no public trial' vs NO TRIAL AT ALL AND ZERO EVIDENCE EVER PRESENTED...

bored people ...sadly internet 'free' ...'plastered all over facebook' i.e one post / group...disgusting...conspiracy theories...

I wouldn't say that re: they should have had a trial? no? no due process? because media contempt could have gotten mistrial?

1984 Milperra then 1987 Strathfield then hoddle street lead to gun controls in N.S.W etc.N>B admits that THESE gun massacres lead to gun control laws...but this was NOT done to that end?...ANTI-govt. and pro gun people behind conspiracy theorries.....AR 15 military spec? no govt. would bring such a tragedy on its own people? the number of people who'd have to be involved would make it impossibile not to have 'leak' etc ????... lead to gun control in other states, but not Tas, as hadn't had their massacre yet...military spec weapons...'no govt. would do what suggested by conspiracy theorists...who could co-ordinate it? no leak / whistleblower occured...35 dead, 21 injured...just dismisses...govt did to bring in gun control? couldn't happen...??? govt. meant to protect us would do this to us? as ghoulish and fiendish? trouble finding someone to take the job?
really? so no soldiers in world? ... there's no question that it wasn't Martin, to average person like him? based on t.v? admits 'not so many positive identifications'...in fact admits ZERO postive identifications...govt. gave up after media released photo? so media was told to release photo to give them excuse to NOT seek positive identification...but 'all came close'...can't expect person in shock to make informed description of person only seen for seconds? but many KNEW him personally for years...this 'debunker' totally avoids these FACTS...but in doing so reveals WHY media committed contempt...to get public opinion against /conditioned...and to make this argument possible i.e no positive identification even Sought as contaminated by media...though WELL KNOWN TO MANY EYEWITNESSES...

learned how to 'blow the breach' from SAS books? Martin NOT a dumb guy...he has an IQ of what he has...like 11 year old...but I was very switched on at 11, very capable ??? really? so Martin destroyed own gun so couldn't be identified?

weren't many bullets lodged in walls etc....he was very accurate...military level...deception? he's 11 years in brain, nearly 29 in body, 3.5 kg weapon, like pointing broom? have YOU ever tried to fire a 3.5 kg weapon from the hip with such accuracy? pieces of body and bone fragments flying around ???

Stuart Littlemore did great 'media matters' expose on the media coverage / contempt...

Media totally in contempt...not legal to even say 'I'm innocent' in public...Hobart Mercury, 2 days after event (5 months before Bryant's forced 'confession' after torture / solitary confinement) put his photo on front page on April 30th, with massive heading 'THIS IS THE MAN' i.e not stating 'who killed etc' but suggesting it...'This is the man who allegedly, calmly, chillingly, coolly and brutally stalked and gunned down men, women, and children... ... using very unusual photo of him...usually looked more like jesus than killer...a choir boy rather than a pyscho...

N.B he was quite rich...owned very large double story brick house, and around 500,000 dollars...when his family etc tried to visit, they were told 'he does not want to see anyone' EVER...not just for first 5 months...but EVER...so we have NO idea of his state / condition ... or who has now 'inherited' his wealth ??? People shot in arms and legs, gunshot wounds to head...found pellets in just about any part of body you wish to name...coroner...

Hobart supreme court found Martin was, on 24th april 1994 found incompetent to handle own affairs, placed under guardianship of perpetual trustees...his guardianship...neither them nor his solicitor was present during interview...but NOT present...legal precedent...held incompetent to make any plea...but 31 oct 1996 Hobart supreme court accepted a guilty plea from Martin on the authority of professor paul e mullin... only legally possible acceptable plea would be 'not
guilty'...what would trial have uncovered from 'closed files' i.e case files ordered 'closed'... interview was inadmissible in any court as legal counsel / guardian not present at interview...Martin requested for lawyer to be present, but was not...Toni Chambers...John Avery took over after Martin pleaded not guilty...bill designed to seize assets of 1.5 million dollars of Martin...to allow supreme court to freeze assets...property sold and given to victims on conviction...legislation first of its kind in australia...Martin's own mother asked AVery to get martin to plead guilty?...John Avery june 1996 representing terry hill in matter detrimental to martin bryant...conspiracy to give evidence against martin bryant...offer of indemnity made to terry hill to give evidence against Martin...and threat of prosecution if failed to comply...i.e John AVery representing gun shop owner...to testify AGAINST martin bryant...totally collusion with police and DPP on 6 june 1966 ...would not commit perjury...june 1996 terry hill put out of business, but never charged with supplying weapons to Martin Bryant...who pleaded not guilty to ALL charges...his solicitor stepped aside, leaving AVery to act for MARtin bryant while still acting for Terry hill at this time...major conflicts of interest on part of john avery...represented martin bryant until finalisation of sentence in nov. 1996...sept 1997 avery explained in speech at law school uni. of tasmania how he was able to get martin to change his plea on 7 sept 1996...too 14 or 15 visits...had to convince him...'I felt intensely that I had to do right by the community as well' i.e working for WHOM? ...obviously NOT martin bryant...betrayed by system...John Avery Defence Lawyer ;;;the right decisions now been made...???

15 mins after shooting police contacted in Hobart, 150 km away, but took 4 hours, and first 5 police who arrived were NOT armed...so had 4 hours to continue rampage...one shooter walking around executing people...

in 18 years of port arthur being opened, first time EVER, most staff NOT on premises, had left 2 hours earlier, Sunday at 11 am, for 'seminar'...off-site...private company owns port arthur tourist site and cafe...privately owned...national landmark...but ZERO security? ...even mall has security...mostly foreign tourists...all resorts have security...keep weapons locked up in secure place ...wendy styr was tour guide there...witnessed lots of horrific stuff...she was one who informed us her bosses left few hours before shooting occurred...like jew who had doctors appt. so wasn't eating breakfast on WTC as usual i.e Silverstein... wendy knew most victims personally, watched being murdered, their dead bodies...her testimony differs from official version of AR 15...she has medical experience of gunshot wounds, and she described as result of shotgun blasts, brain matter all over wall, severed body parts...buckshot in victims...she said shotgun, but police told her flat out that attacker did NOT have shotgun...though didn't arrive for 4 hours...should have been there in max 2
hours...how did THEY know NO shotgun? why would they even say something like that? tell her 'no, no shotgun used'...

About 1.30 p.m...walking tour for 1.30 had not left yet...she is certain...heard very loud bang...assumed gas explosion etc...felt something fly past her head as approached cafe...someone came down steps, flying, warning us to run...in front of info center about 70 people waiting to go on a tour...they didn't want to leave...they didn't understand...she went back into info center to call police...inside people were calling toll booth etc not to allow anyone else in...2.30 p.m...as we came out cafe shooter entered broad arrow...shooting over their heads...man appeared too have pellets all over him, shot with shotgun...another man shot in head...in broad arrow...I've seen what guns can do...bodies and body parts everywhere, even on ceiling, sliding down the walls, blood and body parts everywhere, smelled of blood...graham collier found shot in kneck, choking on own blood, I could do nothing for him...I watched gun man shooting people...own workmates among dead...the door was broken, could not have been opened...!!!! they would have escaped had the door been operational...co-worker came from busses, where more victims...ambulances arrived from hobart before police...first of whom came by helicopter...unarmed and left with helicopter...where were the police at 3.30 pm...should have taken only 1 hour 15 mins...one arrived at 4.20 dropped policeman off, no weapon, just taking details...with 400 people...32 dead bodies...dropped an unarmed cop off, left him there, flew off...what was the point of that?...paramedics in emergency airlift chopper with that one police...walking around collecting names...shooter still at large...why sent with no gun? ... unless KNEW he would NOT be target...woman and 2 children dead up the road...the CEO had come back from the coast, meant to be staying overnight...they got back before police...a helicopter held 2 police women from hobart...now 5 unarmed police at 6.30pm...policeman still taking down names and addresses...staff on verandah having smoko, three shots fired by who? why? gun men surrounded at ? on t.v...somewhere else...gun man under siege elsewhere...but no-one even commented on this...seascape was 5km away...under siege...but somehow firing shots around these people...power that be will attack my mental state...not mad, just sad...

one version of story that person shooting had picked up gun from under table after arriving in cafe...i.e had not brought weapon with...

Tasmanians were ones against gun control, with S.A...THEY were kept in 'media blackout' i.e in fear compared to mainland media...event in tasmania but they were given less info...to keep in fear...
BroadArrow was end of police interest in her testimony...they listened to her up to that point...
court 20 killed 12 injured, 29 bullets... according to court documents?
Martin Bryan IQ 66, mental age 11, between 90 sec to 2 mins ...
cops outside port arthur 'stood down' i.e not allowed inside...why? to 'control' who saw what, etc...
MHR since when does defence lawyer assume you are guilty? and push for no trial, no witness testimony... since when is it defence lawyer's job to pressure someone? what happened to 'innocent until proven guilty', as ludicrous as that notion is i.e why arrest if assume innocent? ...
John Howard now works for Carlisle group since leaving politics i.e Rumsfeld, bush, Cheney et al, after having pushed through anti-constitutional gun control laws, based on 'Port Arthur'...John Howard always in U.S pushing same laws... and since Port Arthur how many faked mass shootings in U.S?

Fmr Detective of Victorian police Mr McGregor also took up issue in 2001 ...ZERO mainstream media turned up for the event...Wendy spoke 2 hours, then he 2 hours...all mass media outlets contacted, invited...only alt. media turned up,...and what are OUTCOMES of the legislation? i.e statistics AFTER gun ban? crime rates went UP... innocent people unarmed... can't protect self...
gun man... shooting lasted about 5 minutes...41 shots in BroadArrow cafe...eyewitness survivors... Wendy Skyr, shooting lasted approx. five minutes and continued after gunman reloaded inside giftshop area...4.5 minutes estimated by one on floor...outside two viet vets contested the 90 sec to 2 mins MAX...many other eyewitnesses...shooting went on for about 5 minutes...90 secs to 2 min's official version is lie...gunman went up to victim and shot at close range...but NOT Martin Bryant...gunmen killed 12 and wounded 4 in first 15 seconds...statement by wilkinson's tape recording of shots on video camera...or 21 shots in 25 seconds...only 8 shots in next ... witnesses stated one shot every second or two...1.80 seconds 5 people shot in head? according to official story...ballistics evidence? ... 35 cases found in cafe...not 29... can't count number of shots fired just by number of cartridge cases...by time police arrived many had been 'souveniered'...how many shots fired in cafe? minimum of 41 shots...fire exit door locked? so gift shop victims couldn't escape...no locked, broken...2 prince sports bags...large video camera...both found on table in cafe after massacre...but many witnesses saw shooter carry out prince sports bag out to volvo boot...live .308 rounds found on cafe floor BUT only weapon used was
.223 AR15, but several hundred .308 rounds found in boot of volvo...how ended up on cafe floor? ... Glenn Pearce kidnapped outside at 1.45 pm broadarrow store...police had arrived in marked police vehicle...took off after gunmen, never heard of again during attack...why was he there on quiet sunday afternoon...??? survivors had to wait 6 hours before police presence...emergency crews were doing police duties, while police 'stood down' and kept off site for fear of danger??? ... Sgt. Andrew Fogherty team leader with SOG...BMC was burning at seascape, exploded...Bryant states he was knocking at back door of seascape as BMW exploding...hostage died in BMW fire? it was SOG who set fire to BMW so shooter in Seascap couldn't use it to get away / escape...Sgt. Fogherty was the SOG member who set BMW alight? same SOG member who set fire to seascape cottage, by firing phosphorous grenade into building / car...but claims fired off as 'illumination' flares...but gunmen spotted on roof of adjoining building? shot at police...person shooting was NOT person on roof...SES and fire brigade were warned that shooter on roof...still when no police protection...Martin Bryant set alight? not Fogherty? so all evidence destroyed, EXCEPT two murder weapons found outside in damaged state...only Martin emerged from fire...taken by ambulance in handcuffs to hospital...both firearms badly damaged...bullets exploded in breach of AR 15...task force to investigate massacre Bill Dryesdale identified firearm which had been handed in to victoria police during their amnesty...issued to SOG as weapons, then sold to bendigo gun dealer for sale overseas...but the gun that was in books as having been destroyed by sims metal somehow ended up in Seascape...but Martin Bryants hearing fine, would have been damaged by rounds exploding in weapon in fire...exploding ammunition not mentioned ... it would have HAD to occur in fire...so damaged prior to siege / massacre...FMS SLR Bryant denies ever owning...but 15 firearms destroyed in firing of seascape cottage? but where did they come from? no-one from property, nor Bryant, knew anything about the weapons...on this sunday got 3 helicopter pilots, and 22 body...hearse was waiting to be used, only one of kind in Australia, happened to be in this isolated place...Royal Hobart hospital had 25 trauma specialists who had just completed a seminar in Hobart re: terrorist attacks...just like 911 ... 'code brown' emergency plan...coroner Ian Matheson...and many other staff assumed it was just an exercise...the first only ever seminar held for Port ARthur historic site...seminar about? arrived at Swansea and returned immediately back to Port ARthur...

POlice try to interview Bryant in hospital...on following day a doctor interviewed...guarded by prison officer...1994 Martin Bryant in London...did have shooters license...'my lawyer got it for me'....continual visits by lawyer over 2 weeks to get him to 'confess'...never offered real chance at trial by jury...
First responders thought was a drill...Drs had judge finised seminar covering exactly sort of terror attack...mass casualty event...just happen to be in Hobart...the best in the nation in one place, first time in history...coincidence? like 911 drills for hijacked planes flown into building?

the AR 15...coincidentally had round explode in breach, so would never be able to match it ballistically to any round recovered...no way to check it now... , though no-one heard it, and even Bryant had perfect hearing (would have been deaf for days) ... so no way to identify...IF it was used in massacre...could easily have proven it was planted...could only go by story...'this was the rifle, trust us'...but that weapon had officially been destroyed,...all records insisted that gun had been destroyed...records kept...breach usually goes out other side, and he was left handed shooter...so the gun shouldn't have existed / literally officially had been destroyed on mainland years before, according to records...

4 hours before police on ground, and with no weapons...why? ... active shooting scene? no vests, weapons...as if KNEW there was NO threat to any police...though later police kept OUT of crime scene...22 victim capacitty hearse moved to Hobart few weeks before...

N.S.W premier quote just like 'new pearl harbor' catalyzing event...

N.B NEVER gave any motive ... gun control laws were NOT end of it...undermined all of constitution so now no real australian constitution ... went much further than gun control...

Aurora colorado, then sandy hook, then las vegas....like before Port Arthur e.g Hoddle street massacre...to undermine constitutional rights...using orchestrated state terror...

In most 'real' shootings very few people killed...only in 'state orchestrated' and 'faked' ones are many killed...news media makes school shooters 'famous' to encourage copy cat shootings...suicidal kids know everyone will know their name in death...plus get their enemies...

FBI profilers etc in 70s always avoided making shooters famous, to avoid copy cat killers...but now do opposite to encourage it...like Eric HOLDER in video 'brainwashing kids' into thinking differently about guns...giving any incident with guns given massive exposure, every day 'guns are bad' 'fear guns' 'crazy shooters' till like I was, fearing guns, very anti-gun, had no idea own govt.. was my enemy and GOOD that the neighbours are fully armed with automatic weapons...

U.S media keep reporting on 'how great australia is since gun control' when in fact gun related crime rates increased since 1996 ... home owners are NOT
armed, so increase in home invasions up 21% as criminals know home owners have no guns... murder rates up 19% using guns, 28% increase in assaults using guns...and armed robberies up 69% since 1996....so gun control total failure...death by gun was in plague proportions from 1788 to 1850...20,000 natives killed...all unarmed...by british soldiers...that is what happens when population unarmed...govt. will force you to do what they want...no mass shootings anymore...but seems clear pt. arthur was orchestrated...3.5 million guns still in Oz, half licensed, another million NOT registered...our military have about 250,000 guns in total...so more guns in public than in military...so still pushing for more gun control...but never been easier or cheaper to buy gun on black market...MHR no tax!!...now huge market...no shops, overheads, taxes, so basically made guns MORE available and much CHEAPER...by law supposed to keep bolt separate from rifle i.e bolt action single shot rifle legal, but not effective defence weapon...

Queensland new laws 'star chamber' tyranny i.e can arrest, imprison for 15 years, just at discretion of police, for 'protesting' e.g a few people in group...magistrates court can sentence...90 new jails in Australia being built...G20 summit...2014...

Maoism, Communism, Pol Pot, ... Australian gun control being presented as the best since...common sense legislation...MHR but why allow IQ 66, mental age 11, to own semi-automatic weapons anyway?

media informed about huge public discussion on martin bryant...zero turn up...don't want to report anything outside their 'official fiction'...

refer to Victorian man...won't report fact that was 17 years fmr police officer i.e fear giving any credibility to anyone...victoria police farce...his own words / joke...

BroadArrow Cafe massacre to SeaScape lodge seige...to weapons presented as having been used in massacre...then trial...then since...

'there will never be uniform gun laws in Australia until we see a massacre in Tasmania...9 years before pt. arthur...barry unsworth P.M of N.S.W...

41 shots in 5 minutes ... from inside and outside survivors testimony...then continued after gunman reloaded inside gift shop area...watched gun man walking around shooting as lay on floor in own blood...two vietnam vets contested also the 90 secs to 2 mins official version...all say 'about 5 minutes'...Vs official 90 sec to 2 mins...why lie? gunman went up to victims and shot from close quarters...requiring only minimal skills...so Bryant would have been able to do this if he had wanted...12 killed, 4 wounded, in first 15 seconds acc.
wilkinson video tape which recorded shots...another had 21 shots in 25 secs...so 8 shots in next 65 secs...acc. to prosecuting QC...one shot 8.5 secs...NOT what witnesses state...shots continued about one shot every second or two...17th shot ricochet...5 shots within 1.80 seconds...could YOU shoot 5 people in head in 1.8 secs?...29 shots fired inside cafe? QC said supported by balistics and forensics evidence?...but Dutton says 35 cartridge cases not 29 located in BroadArrow Cafe...Dutton argues can't calculate number of shots fired by number of cartridge cases...many had been souvenired...only 4 located in carpark....223 and 308 cartridges...how many shots fired? minimum of 41 using court documents and witness statements...so why mislead public and refuse to 'revise'...cover up by tasmanian govt., owners of pt. arthur site...locked fire escape door / damaged door wouldn't open...people could have escaped...why 'damaged'? like princess di's car?

cause of murder was not door, it was Martin Bryant...i.e govt. speaker...wouldn't accept 'door issue as principle factor in the matter'...!!! legal liability...gift shop emergency exit door 'locked'...prevented people escaping...later conceded door was not locked as stated to hobart supreme court, but rather broken, and police knew by may 1, 1996...painter nailed doors and windows shut...and discovered this fact...prince sports bags...2...lugging around very heavy bag and large video camera he left on table after massacre...several witnesses also saw him carry sports bag out of cafe and put in boot of car... volvo...t.v names as Bryant...shooting video with camera...where is the footage?... less than 2 mins, killed 20 people...t.v presenter...footage shows tables all nice and neat, clean, building where massacre just occurred? why did he need video camera and two prince sports bags...and why if only AR15 using .223 ammunition, so were so many .308 rounds in cafe and in boot of car? current affair program showed 'gunman' running towards busses'...but the gunman NEVER ran, was NOT dressed like that...he was in fact carrying blankets to wounded in busses...Mark Kirby...so video is real, but description NOT...why lie? ...he walked right by me, casual as can be...but shooting continued? ...eyewitness...

aerial shot of port arthur showing NO boat in jetty area of pt. arthur misleading...look to right of photo can see 2 boats...including 'missing' boat...james belasco at extreme zoom...appears closer than actually was...why lie / mislead / misrepresent?

if photo marked 'bryant' at volvo with long hair is bryant, who is doing the shooting? see guy running away, shoots at cameraman...has long hair...how can bryant be in two places at once? shooting different people...video taken by james belasco at extreme zoom...but wilkinson took video from different angle, not as clear, but can see volvo drive out and gunman there...only one shot fired at james belasco...
Constable Chris Eyels of Sorrell...transferred 6 months before...Paul Hyland
saltwater river radio message of shooting...Jim states within 3 minutes of murder
and kidnap, 145pm, Chris Aisles had arrived at scene in marked police vehicle,
witness Kyle Spruce...he took off in pursuit of gunman, never to be heard from
again...what was Constable Chris Aisles doing here off duty, so far from his usual
place, and immediately, while rest of police took 6 hours...he knew all
locals...years of working there...but police 'stood down'?...Another police Sgt.
Andrew Mark Fogharty arrives at scene...SOG team leader...BMW burning at front,
exploded when reached back of car, but Bryant says was knocking at back door
of Seascape when BMW exploded...but said got burned by BMW...and police say
hostage died in BMW fire...but task force member stated that SOG set fire to BMW
so couldn't be used to escape...burning when police arrived...so only reported
SOG member at scene at that time was Fogharty, so he must have been one to set it
alight...official witness same person set light on Seascape cottage using
phosphorus grenade...claims fired 2 'illuminating flares'...but many say naked person run into cottage...black haired, female...black haired naked person
not Martin, nor gunman, so who was she? Constable Allan...gunman spotted on
roof of adjoining building, was shot at when tried to identify for sharp
shooters...so person shooting was listening to police coms, gunman on roof not
person shooting at Allen...Sgt. Fogharty...brother member of SOG shot and
killed man in 1991...when their father in charge of SOG...i.e family
business...SES and fire brigade monitoring police coms...firetruck did rounds,
warning personnel...gunman on roof, heading this way...but still no police
protection for them...police called in assistance from Victoria police and national
Crisis center calling it 'terrorist situation'...as per SOG manual...Anti-terrorist plan
of 1995...run by protective security coordination center...intelligence agency...
ran police special branches...a current affair says 3 top Tas police trained by
them...this new agency has fingers all over this story...set up after Hilton Hotel
bombing...ring any bells?

World's media focus on Pt. Arthur...cottage set alight? By Sgt. Fogharty destroyed
all evidence except 2 murder weapons found outside Seascape in badly damaged
state...only Martin Bryant emerged from fire...where was 'Jamie'?...why were
weapons left outside by gunman? why would leave his weapons on verandah?

17 shots in 15 seconds...4.5 minutes 240 rounds of ammo would have been
fired...at this rate...41 shots hit victims...no one knows how many bullets found
in cafe but only 7 bullet particles found not in victims

Seascape right on shore...easy to defend...

Local policeman of 12 years Const. Chris Aisles...never promoted? 6 months
before massacre transferred FROM Pt. Arthur, but for some reason in this area
during massacre...statements by three eyewitnesses who saw police car with
sirens flashing...4-5 ks from pt. arthur to seascape, but no-one saw car leave pt. arthur...info has been suppressed...

couldn't link AR15 as bullet exploded in breach, so couldn't link cartridge case or any rounds to it...the other weapon badly damaged also...Sgt. Dutton ballistics report not seen by author...no-one ever located the 'exploded bits of the breach' that would have been on site...if had indeed been damaged in fire...

Bill Drysdale identified AR 15...had been in 1993 handed into police when made illegal at time of amnesty...vic. police were issued this AR 15 as weapon...then sold for sale overseas to gun dealer...only 1 compact aaR15 went through police books as having been destroyed by Sims metal furnace, but somehow turned up at seascape cottage...the damage was caused by an explosion that would have deafened anyone nearby for days...

sounds of weapons being fired used to determine difference between exploding ammunition and shots being fired...but no such report of any such explosion...likely damaged before seige and massacre, not used on massacre

other weapon SLR rifle Bryant denied ever owning...

flares and phosphorous grenades...for illumination? would SOG have such flares/grenades handy? ...task force memberr says phosphorous grenades, Sgt. said flares...since when did police carry such items on them? for what purpose?

Seascape cottage area illuminated by street type lighting...so no need to fire off illumination flares...

you can take out a bullet case and work out what gun it was fired from...15 firearms destroyed in burning of seascape cottage? piano full of them? belonged to son of owner Glen Martin...1.5 hours from his home...glenn martin in newspaper stated that his parents had NO firearms on property, nor did HE...and Martin Bryant never had them...so where did they come from? ...bryant admits owned AR 10, 15, and shotgun...AR 10 and shotgun frightened him when used as left shoulder user i.e hot cartridges would burn as ejected if fired in left arm fashion...but loved the AR 15 'sweet'...

would have to be spent projectiles lodged in wall or in bodies...can match projectiles with alleged rifles not burned at seascape...even with damaged chambers, can cut off barrels and blank projectile forced through to imprint rifling on it...to compare...even with exploded breach...americans asked if there was any actual evidence to link Bryant with cafe, and they were told 'NO'...

photo with 2 boats, and 1...video by James Belasco shows one boat, but area photograph shows another boat...two boats remained there, but only one visible in that video...
29 shots, one left in breach...then inserted another magazine...acc. to eyewitnesses...20 people in 4.5 minutes, two magazines used...29 in 90 seconds invented by DPP QC to protect tas govt. to protect from litigation re: locked / fired emergency exit door...i.e wouldn't have made a difference...murder not covered under their insurance policy?... wouldn't have had time to even use door...but several victims bodies found next to door, so B.S...

Wendy Skry...shooting in cafe...video camera recorded shots fired in 15 seconds...another continues on to 25 seconds...one stops...could have continued after camera stopped...no evidence to state when shooting stopped...2 vietnam vets, wendy, major sander vanderpeer...all 4.5 to 5 minutes...and other witnesses 'anonymously' reported same...

no finger prints of Bryant found on any guns or cartridges...as reported to U.S govt...

gun control spokesman available immediately....like lots of helicopter pilots...3 pilots on hand? staff shortage overcome using volunteers attending courses...even souther district mortuary service had 22 body hearse on hand, only one of kind in Australia, located THERE of all places? why? what need for such a hearse such an isolated area

25 specialist trauma doctors completed seminar at midday that afternoon, last training for 'terrorist attack'...e.m.a... royal hobart hospital newly prepared 'code brown' emergency plan...

many people believed it was an exercise...ignored call until saw on t.v...had been conditioned to attending excercises till sick and tired of them...

involvement in local and national exercises proved invaluable in managing port arthur massacre...all seemed like exercise...everything went so smoothly...after over 6 hour delay with police arriving...then 'stood down'...

sacpav...training programs ... controlled by intelligence agency...first and only ever seminar held for top 10 personell at pt arthure...28th and 29 seminar...about NOTHING...by time arrived at Swansea massacre happened, they returned...

Roland Brown...turns info center into progaganda center for gun control.Pt. ARthur was media exercise for gun control...media catered for in every way...the people totally ignored, the media treated by royalty...

tues 20 april, 1996, police want to interview Bryant...charged with one count of murder...next day interviewed by dr Ian Sale...'whatever you say to us may be used against you in court, do you understand what I said?' acc. to guard... only evidence used in sentencing ... 1st and 3rd of may then mullin on 5th may...same prison officer present, and took notes...who had custody of bryant at time? no police guard...police woman stated she was required to perform guard duty on
Bryant...conversation on 15th may at prison... one officer...late august another prison officer gives evidence re: 'confessional statements'...Mullin refers to martins 'guardianship order oct. 1993...heard 'in camera' i.e in private by juge on 22 april 1994 neever mentioned...application brought under mental health act...martin was not present at court at that day, as was in LONDON...what g uardiannship order states emphatically was that court considered martin bryant due to mental inability, no competent to make any plea re: nov. 96 charges...chief justice Cox would have been aware of this...Prof. Mullin in 2000 and other psychiatrists wrote article 'mass homicide, the civil massacre'...used 7 lone nut massacres....from around world, incl. Australia...N.Z, incl. Strathfield, Blayne scotland, and last 1996 Martin Bryant... all used to introduce firearms control by govt. of the day...

Interviewed Bryant? Mullins report the only psyyhcitaric report to supreme court...so more than just 'interviewer'...only sole official ...

Bryant's father committed suicide before...

why did Bryant have handcuffs and knife? uniquely australian 'signature' of ozzy mass murderes...

martin bryant also known as 'Jamie'?

Julian Knight...obsessional personality traits and narcissism became more obvious in prison, but no longer threat to socity? so why when killed 7 and tried to kill another 17? long standing fascination with guns, obtained sawn off military styled weapon, so fit in bag carried to massacre sight..by cutting off end of barrel would reduce gas pressure making it no longer semi automatically i.e had to manually reload, and could jam at this time...he’d know this...this is what happened to let two men jump him, he then fell thorough plate glass window to his death...2 people views massacred from building opposite? just happened to be there at time gun jammed...sheer coincidence two major gun control lobbyists on scene...in typing pool? massacre taking place directly opposite...during killing spree frank victovitch 'how dod they expect me to kill people with this gun...what did he mean? who are 'they'? ...special premiers meeting for national firearm laws....s.A and tasmania rejected federal intrusion, leading ot N.S.W premier stating we'd need a massacre in Tasmania...if any state decliened, can't introduce federal gun control without referendum...

long standing grudgge between bryant and family of new owner of Seascape? had contributed to suicide of his father? no-one ever said this / suggested this...martin bryant had never indicated this...6 weeks after dunblayne? but no metnion of this in supreme court report...suggestions martin bryant influenced by melbourne incident? but nothing in writing... worse than Ivan Milat? ...
Bryant had 2 doctors under mental health act, guardianship, concerns he was wasting away his inheritance? not managing it well?...

Sale and Mullins ONLY people to argue Bryant NOT 'mentally ill' i.e so could charge with murder / sentence...though admitted 'reduced coping ability and increased psychological vulnerability...incarceration could break down into mental illness...need to monitor his state of mind and initiate treatments if and when required.....VS earlier Julian Knight examined as pre-psychotic but merely narcissistic fantasy...his obsessional and narcissistic traits became more obvious in prison, but no indication of psychosis...

4 unique loner gun massacres used to justify gun control laws...unique crimes...as if engineered / manufactured to fit requirements of media / gun control lobby..

c coal mines used to lure away only active police in the area?

the photo media had of Bryant seems 'set up' i.e too good...

previous gun massacre with stupidly modified shot gun...gun man diving through window after shooting it, clung to balcony for 4 mins before falling to his death...???

John Avery was previously representing terry hill, being charged with illegal supply of firearms?

Gunston stepped aside, said there were facts about the case the australian public should know, but which he was not legally able to inform them about...he was to defend 'not guilty'...which would have lead to trial, with investigation, evidence coming out, testimonies etc...would have proven him innocent...revealed the conspiracy...why no bail? why 5 months in solitary? who was monitoring / reporting on this?

Jim Pollard driver BMW shot...at toll gate...shooting started around 1.30...at five to four at Bingarra policeman arrived at next of kins door to notify the death of their family member...would have had to be notified at 3.15pm on that day to do this...only police there was peter hessman at 4.26, left gate at 4.30 reported by staff at pt arturh historic site...but police arrived with 2 witnesses at five to 4 on that afternoon, to report the victims death...how is this possible?

evidence has been locked up for 30 years? all f.o.i info obtained i.e NOT locked up? court documents, witness statements, transcript of seascape full unedited police interview by 4 people of martin bryce...never been any suppression of evidence...only judge cox suppressed for duration of court...but current affair broke that suppression...i.e NO suppression of evidence...

publicdebate.com.au authors website...
why Bryant in London when incarcerated on capital charge...tavistock institute?...was in London on 22 April 1994 when case on him under mental health act heard in Hobart supreme court, represented by Peter Griffith lawyer...how could that be permitted? but it was....people in Hobart stated Bryant did have shooters license...how you got it? 'my lawyer got it for me'...why? why would they? for money? for 66 IQ...

35 times in court Bryant pleaded 'not guilty'...John Avery, his legal representation...took 14/15 visits over 17 days to convince Bryant he had no other option...right hting by community? Bryant had ZERO legal representation...no trial allowed...

Bryant trips to England over a year, regular trips for few days each time...being psych prepared for this? his psychologist came to Oz and was asked for Bryant's record...said 'I'm sorry I haven't got his record because my partner died, so records were destroyed'...became head of psychological warfare dept. in NATO etc...Dr Cunningham dex...84 interviewed Bryant...his partner died, his notes destroyed...associated with Tavistock institute...

Deputy Prime Minister Tim Fischer speaking before professional gun group in May 1996...'If we don't get it right this time, the next time there is a massacre, and there will be, then they will take all our guns off us'...

they did, but now created huge demand for guns among people who don't accept being left defenseless...now can buy guns tax free, zero controls, due to burgeoning illegal gun markets...much more efficient than controlled market i.e genuinely 'free' gun market now...

Uniform firearm laws introduced...on momentum of Pt. Arthur massacre...'Graham Richardson' told us 'why the massacre HAD to happen.... in 1998 Barry Unsworth stated that no party would be reelected on basis of national gun control... only if states ceded their powers to federal govt. would it happen...all states would not agree to cede powers?...

John Howard adopted full labor party policy re: gun controls, from U.N...move for total firearm control centralised / federal initiative...new constitution would give Canberra total control of Australia...Vs states which wanted U.S style constitution...

we were never permitted to have any trial of Brantly, coronial enquiry, etc...constitutions overruled and judiciary compromised...like banana republic...our representatives ignore their constituencies...who will govt. murder next to get the next increase in federal / centralised power?
911 investigation on result of family members pressure...govt. had NOT intended to investigate...same as for Port Arthur / Martin Bryant...

media just totally 'ignore' any witnesses who don't repeat official fiction... like guy in basement of 911 who reported detonations / smoke, long before official 'plane hit' ...

someone asked me the other day if I planned on having kids of my own...well, to be fair on my potential kids, I'd only have them if I could find really attractive woman...because about the only thing I'd ever have to give my kids as an inheritance, would be HER good looks...which of course means I'd only ever be having kids, if I suddenly became rich and famous, cos lets face it, there's no other way a really attractive woman is going to want to marry me...which is great for my kids, because it means they're not only going to have HER good looks, they'll be rich as well...

when I think about our parents problems compared to ours...well, for one...my mother only had to worry about my dad cheating on her with his secretary...today women have to worry about their husbands cheating on them with other women, other men, other women with penises, other men who wear womens clothing...and if you're married to a CAtolic priest, with young children...no, sorry, my deepest and sincerest apologies for that slander, that's obviously my mistake...Catholic priests don't GET married, right? ...

Prime Minister Benjamin Netanyahu is leading the charge against a new law in Poland that would make illegal suggestions that Poland was complicit in the Holocaust. And, Bibi is mad about changing history, but he changed his last name from Mileikowsky to Netanyahu to sound more "Semitic". But he's not, he's Polish.

I'm just a lit-tle re-tar-ded, but it goes, a long, long ,way

feminism hey...in the middle ages there were good husbands and bad husbands...good husbands beat your 'for your own good'...bad husbands beat you because they enjoyed it...
I think most kids these days would think 'cursive' writing referred to sending SMS's with swear words right? Does anyone ever write anything by hand anymore?

Imagine you were God...of all the people's on the earth that you had to chose from, the best blues guitarists, he would of picked AFRicans, the best cooks, Italy / France, the best engineers, Germany...so what exactly was it that the 'Jews' were so good at...why on earth would you want to appear in Israel of all places? God doesn't like krystal clear Italian streams? aqua-marine Australian Beaches?

Oh, I had a band a while ago...our lead guitarist sounded like the lead guitarist from Metallica, Kirk Hammet ... but unfortunately I'm talking about his VOICE...yeh, he was our SINGER...Hmmm... so, not so good...but hey...

movie idea set about 3000 years ago...a boy is ex-communicated by the Cult of Judah, as he is like Jesus etc...barely escapes being stoned to death...wanders in the wasteland, falls to ground unconscious, ...found, almost dead, by a family of nomads, from a 'nation' outside the cult...they adopt him...ends up falling in love with their daughter, beautiful romantic...becomes a sort of prophet, trying to 'free' the 'captive' cult members...ends in tragedy, but very jesus like message of universal justice, peace, fellowship etc...i.e 'Cult' 'wins', but we see our hero has affected many members...and at end these members leave in the night, abandoning the Cult, to the anger of the Cult priests, who curse them, etc...but we see some hints of doubt among their 'cult community'...but they are not brave enough as those who left, so they return to their homes, cowered, under the stern wrathful gaze of their Priests...etc... basically a 'true' story though can't claim factual i.e represents higher truth about the Cult of Judah, the Jew World Order...offers hope...but limited like 'those who walk away from omelas' etc... and the members who have left are embraced, finally, in the end sequences, by the small tribe of nomads who have just lost their adopted son, and maybe their daughter too? showing the higher truth of forgiveness...of acceptance ... of universal values of humanity...humanism...so actually happy end, at sad cost... and maybe very finally, we see a young man and woman take up the baton the original 'prophet' had passed onto them, and we see them teaching young children what this prophet had taught them...a sort of proto-Jesus.... these nomads might be other 'Hebrews', one of the 10 tribes of 'israel' i.e which had rejected Judah...or just unspecified nomads who were aware of the cult, but rejected it, and all it stood for...if 'Israel' i.e northern tribes, can work as beacon to all 'jews' to reject the jew' world order, zionism, and the cult of judah etc...

Or a young girl's father is slain...and she swear revenge...to kill the killer...so finds way to get close to him...seduce him, so she can kill him when he is vulnerable / not vigilant...but she falls in love with him...so quandary...then learns the truth...his killing of her father / brother was not as it had been described to her,
by her lying relatives / priests etc of her Cult...they had deceived her and used her...she must accept that her brother / father died doing the dirty deeds of the Cult masters...they didn't know better...gullible pawns...she then joins with her new husband to get revenge on the true culprits, the priests etc of her Cult...story has everything, sex, violence, romance, moral dilemma, twists of fortune, and can use as vehicle to unmask Cult machinations i.e as analogy to today's situation and original cult situation etc...

unrelated movie idea

couple always play tricks on each other...sexual fantasies and just jokes...pretend to be other people, call on phone and adopt strangers voices etc...then one day man sets up an account with a dating site / sex site etc...adopts a persona, and 'likes' his gf, then they chat, and he talks dirty etc i.e typing...she gets into it...then at some point he wonders 'shit, does she realise it is me, or does she really respond to strange men's dirty chats?...starts worrying...she is really filthy, getting off...and as far as he knows, she might really believe it is some stranger...and this starts irritating him, as the chats continue, night after night...and he comes home, and she isn't interested in sex with him...too tired...worn out etc excuses, but online she is masturbating, even shows him her pussy as she cums...and he still can't be sure she is playing along with his 'play acting'...but seems more and more unlikely...more likely she is doesn't know it is him...so he pushes her to show more of her body, ...and even mouth etc...then gets really uptight / jealous...plans to arrange a 'date', to see if she would actually turn up, cheat on him with this 'other man'...can develop different ways...maybe he gets his friends to 'chat her up online' also...maybe ultimately he arranges a 'date' i.e meeting in real life...can follow the tension build up as he prepares for this...what he will say...getting really angry...role playing what he is going to say...to her...but can end unexpectedly with car crash, and him in hospital, she comes in, he realises he now needs her, more than ever...so keeps quiet...but always in back of mind as she helps him at home, rehabilitation exercises etc...till one day he lets it slip out / or loses self control discipline...or doesn't? and we just leave it at that, unresolved, as they continue their relationship...he figures it is not worth confronting her...losing her...even if she was going to cheat on him...maybe does cheat on him...he lets it slide...etc :D

T.V show and movie ideas to raise money for higher goals

Movie / internet action / idea

Can be done in realtime like 'war of the worlds' radio program... a group wanting to get attention to freedom of speech, jew world order, holocaust hoax etc... set up a youtube channel , facebook etc accounts, and begin streaming live video...of what appears to be a hostage taking scenario at an ADL branch etc...during stream of course 'jews' get youtube channel shut down mid broadcast...but they have set up bitchute etc accounts, and upload every minute, so minute lag of 'live'
...they keep reminding people of these channels during broadcast with note...then when 'shut down' goes wild on facebook etc as everyone telling everyone to tune back in on bitchute etc...or similar independent hosting...

could have independent journalists filming outside 'hostage' scene, what happening...and also live real time then lagged streaming from inside...so can follow action as FBI etc and CIA arrive...they want to do their usual kicking in doors and shooting everyone shit...

can have scene inside of a Jew and hostage taker...he finds out they are jew, and immediately agrees to let them go, as long as they report honestly on what happened / was happening...this Jew acts all honest and goodwill and fair...but as soon as gets out starts lying at top of voice about the 'anti-semitic' hell he just escaped / survived i.e total fucker...and people inside see this on their feeds of other people’s live stream...

millions end up tuning in...as hostage takers express their position, all reasonable etc...

then their feeds start dropping out...and this becomes story itself...who is censoring this all?...that goes viral, the censorship and hostage taking...

CIA wants to shut it down, of course, so cut electricity...and plan to 'jump' them and kill everyone...and make up own story later... demonise hostage taker etc...but when finally shoot up the place and enter find a bunch of stuff but no people...they left 15 minutes ago, and have cameras showing the brutal actions of the CIA FBI i.e what they planned...they are now somewhere else..

or were they ever actually inside at all? maybe had faked entire thing...set up stuff inside scene to make it appear they were in there...puppets etc, projection screens, phone relays...etc...

joke of rich pop star...yeh, I heard some guy on t.v telling how it was unethical to drink bottled water...so I fill my swimming pool with it....dumb ass or facetious taking piss?

could do this movie real time like war of the worlds radio broadcast...faking whole thing...but doing as if real...and having people all over facebook, youtube etc commenting, sharing, posting etc...as hoax...which would then get media coverage in itself...and activists who do it can claim it was 'art' i.e 'reality t.v', entertainment..provocative...just for fun...i.e not holocaust deniers etc...just using as pretext / basis for plot...
can have 'hostages' allowed to post / real time upload / feed / film what is happening...one girl so excited as finally will get more hits than ever...really hams it up...

are they all actors or some real? maybe some 'planted' ... others take advantage of opportunity to get 'famous' all over web...hostage takers encourage it...really 'blows up'...

their feeds and accounts etc blocked one by one...but why? who is behind that? what motive? they end up discussing this with their 'host' / 'host-age' takers...all on camera...

then feed cut...everyone on net going wild with speculation as to what happened to the hostages etc...

mass media maybe reports nothing, and people start talking about this queer phenomena...why aren't they reporting on it? ... that becomes a topic of speculation all over web again...

then they report, but make really odd claims about the hostage takers, aand maybe hostages...maybe claim none...or all fake...or all dead...all killed when police / CIA FBI 'raided' their location...

and this is big news all over net

but then the hostages and hostage takers re-appear on a different channel...the new feed is shared with millions again, takes off again...they make their point...and then 'now its up to you to start asking questions, and asking yourself why you're not getting any answers to these simple questions...

or lots of possibilities...one hostage maybe 'escapes', makes up story...or is immediately taken into custody by CIA and threatened / blackmailed to shut up / make up story...etc etc etc...

the only thing worse than success....is failure

the only thing worse than ...

Two or more families will start from scratch. We will pack all their belongings away in storage. They will all be given standard basic clothes at start. So all families begin with same basis. Idea of show is that the family that can live the most cheaply for a year becomes a millionaire.
Expert advisers, statisticians, technical people etc will advise the families, and our audience, about all the ways it is possible to save money...on electricity, water, clothes, food, etc (they are all covered by the same medical insurance, and unavoidable costs will be excluded from calculations so there is no risk of health damage from saving money...and of course the best value health insurance will be worked out by experts on the show...with product placements / sponsorship potential i.e if company agrees to pay, we show their logos etc...if they don't, we black out all their logos etc i.e anything that would identify them...or negotiate...in some cases keep logos for information/educational purposes...)

So our families with their experts look around Country for cheapest places to live. (maybe use families with unemployed parents? If have jobs might complicate things too much...???) They then need to find best deals on everything a family needs...clothing, furniture (what can they do without, what can they 'improvise' e.g my box beds and cupboards!)... then we see them try to save as much electricity and water etc as possible...how to motivate kids to play along without being nasty / mean? Etc i.e psychologists etc...

Aim to have sponsors pay for product placements if possible. But larger ambition is to show people how they can live cheaper, and inform them about best deals etc And at end of show, maybe offer winner 'double or nothing' chance at another season...and help 'losers' ease way back into old life i.e find them new place to live if want to move back where came from etc...maybe even work out a new show for them, following up on their experiences, so everyone a winner...

To keep life interesting, also set challenges (Ainar) … and when they win they get to enjoy luxury stuff donated by sponsors e.g holidays, spa visits, movies, dinners etc, whatever sponsors will donate... Like see who can find the cheapest, best value holiday etc i.e in line with show theme...and also 'reward' for clever ideas or acts of generosity / kindness...and if parents having hard time with kids etc give parents and kids a 'break' from 'frugality'...also take them on trips to see projects people have set up to live environmentally friendly / small footprint i.e living cheaply usually same as eco friendly...and also show how really poor people live around the world, when kids complain i.e get sponsors to donate free flights, and visit UNICEF etc i.e charity sites around world...as part of year program...can make a nightly show like big brother, of last days edited stuff...could easily be hour, and special episodes...etc

big companies operate in Estonia....German etc...can translate show as 'franchise' around world, once have the show worked out here...cheap cable t.v fodder...but also enlightening...fun...so keep 'spicing' things up with challenges and rewards, keep everyone happy...
game show etc male and female … winners get luxury 6 month world travel, during which they have to participate in erotic activities i.e really sexy sensual erotic interactions, including group etc and exhibitionism

Idea for reality game show…but each told secretly to cheat i.e they are told that the t.v shows marketing people have identified them in particular as appealing to the demographics their advertisers want to appeal to, and so they are going to be helped to win, so that viewers watch and advertisers get their audience, and shows producers make their money… can use similar types of situations to see how far people will go re unethical behavior…even do one with 'casting couch' to see how many people will actually have sex with selectors / managers / recruiters etc to get attractive jobs i.e make up really attractive / appealing / interesting jobs i.e 'dream' jobs…then advertise them…then film…and of course anyone who does not want to be shown in show can be edited out, or paid but their faces digitally blurred etc…

And show if treatment worse than dis-ease…i.e mental illness as dis-ease and dis-stress Vs biological i.e if hear hooves think horses, not Zebras…i.e reveal ‘truth’ about what they consider ‘treatment’ i.e chemical straitjacket? i.e quality of life and ’self-determination’ left after ‘treated’ etc etc

game show-if on t.v contestant can’t answer, or wrong, then a random number picked from phone book and called, and if they answer, are watching program, and know answer, they can win what the contestant is playing for, up to a million dollars…i.e so audience participating etc…or question could be regarding commercials that are shown during program…i.e sponsors..

Musical book/film idea

Teenage musical protagonist has talent but lacks discipline and motivation. His music teacher recognises his talent and wishes he could motivate him to apply himself, but instead student just shows off and takes it easy. We see him playing all sorts of instruments, but then losing interest and moving on. Then a competition is announced. A princess (if set in medieval times) or a pop band are seeking a new member, and using the competition as a way to attract both applicants and media attention. Student in love with princess, or band member, and so asks teacher to help him win. Another student is in love with our protagonist…but helps him work on his music anyway, even though jealous...maybe music teacher has played match-maker, and realised they would make a good couple, and so has schemed in this way to bring them together…the student with the crush acts selflessly in helping student attain his goals, even if it means losing him to another girl…the princess or pop star…in end he wins, and
gets together with the princess / pop star, but realises very quickly that the girl he really wants is the one who has been helping him all this time i.e. princess / pop star selfish and self-conceited, and the girl who helped him proved genuine etc i.e. happy ending. Hollywood type story line...and so after realising he is really in love with the girl, he tracks her down...she has gone back to her routine life, happy for him, but now empty, sad etc, her parents and friends console her...and then he turns up at her place for the romantic climax to the movie / book.

Musicians motive for wanting to win competition might be to get into palace to avenge a killing...audience/reader only become aware of this later in plot, with flash-backs, when...the musician was child at time parent/s or sibling were killed...murderer is in palace guard, or some noble...so child realises must somehow get into palace...and competition announced gives him idea...he will try to get into finals of competition which will be judged in palace...so that is his motive...and in end comes face to face with killer, who does not recognise him at all...and in end protagonist tells whole story, as holding knife to his throat i.e. this is when audience/reader become aware of what is going on...

If it is the romance version, i.e. the protagonist was infatuated with princess...but when meets, and she likes him, and they spend time together, he realises how spoilt and selfish she is, and keeps remembering how kind hearted, generous, warm, and finally beautiful, she was as a person, and realises that he has fallen in love with HER...and has no interest in the princess any more...though she is quite taken by him...especially flattered that he went to all this trouble to win just to meet her...and so there is a typical happy ending as he rushes back to the village, to find his 'tutor' unhappy, but helping out some small children as is her nature...one asks here something about true love, and if she will find true love...she is sad but wants to inspire the little girl, and so responds 'of course you will'...and the girl runs off happily...leaving her sitting there sadly, pining away at her lost love...then a shadow blocks her sun, or something like that gives her reason to express her irritation etc...but when she looks up to see the 'perpetrator' she sees the loving face of our protagonist...his hands reaching down to lift her up to the sun, to his face...etc etc happy ever after...
New book / movie idea (sort of like carbon credit trading scheme...but trade in units of pleasure and pain...and rent out people to experience your pain for you etc :D

It was realised eons ago that the universe kept book i.e everything balanced out...the pleasure and pain in the universe had to balance out, like all forms of potential...and so the Benc's of the universe got together and worked out a plan...they would ensure that a planet/s existed where the people suffered mostly pain, so as to offset their own pleasure...so they could live lives of almost exclusive pleasure, paid for the suffering of the inhabitants of the 'misery planets' a.k.a explaining why life on earth sucks...and also analogy for general Benc's exploitation of inequality. ... part of the system is to make sure the people do not kill themselves and thus escape, and cease fulfilling their function as 'pain sinks / misery experiencers'... And so their best psychological agents develop 'religion' and 'original sin', based on their understanding of the Oedipal complex...so the people feel that they DESERVE to suffer and live out their lives of torment to the end...and so societies have laws against euthanasia etc... they set up a few Benc's that benefit from the system, putting them in place in power, and giving them the incentive to maintain the system, and keep it reproducing itself...so that far away in the universe the people who set up the whole thing can enjoy lives defined by mostly pleasure, the pain being redistributed more or less to the Earth and similar planets...i.e balancing out the universal levels of pleasure and pain... Can have conversations between the engineers and maybe some more idealistic people, children of those who designed the system, expressing concern about the ethics, the lack of fairness, the cruelty of using other sentient beings as means to their own ends, of deriving pleasure from their pain, of making others pay for our own satisfaction etc...Maybe these children get to earth somehow, and try to help our protagonist, who is trying to get universal euthanasia access for all, etc...He is telling the world that they can easily escape, explaining all about religion and Oedipal complex and Benc's etc... Our protagonist appears a threat to the 'engineers', and so they put out a 'contract' on him, sending assassins from other planets, or hiring locals, to get him out of the picture...for if he succeeds, then the balance of suffering and pleasure would be upset, and those who hired the engineers would have to suffer their own pain...etc... they talk about pain and pleasure 'units' i.e they 'sell' units of pleasure reflexively in that they get some entity to experience a unit of 'pain'...The engineers maybe contact the local 'Benc's' and make it clear to them what threat they face i.e to their own benefits...can even do flash-backs to Buddha i.e my theory that he was murdered, as actually began, like early christians, to encourage people to kill selves...and the engineers got onto the local Benc's and killed him...like early christian leaders i.e history was edited so future generations would never now truth i.e that buddha
and Christian leaders were encouraging everyone to kill themselves as the only 'escape' from this 'vale of tears'… Our protagonist has realised all this… put together pieces of the puzzle… so he is a threat… maybe the children who feel it is wrong i.e. idealistic, have come up with another plan… or find a wise old group who have done so… the philosophers… who explain to them an alternative i.e. the E.P's, where everyone can live optimal lives… fair… just… beautiful… etc… and they confront their parents as to why this alternative was never tried… the parents appear indifferent, cruel, heartless, selfish i.e. why bother, when this system works fine for us… who cares about those who pay the price… and reminds them that all the good things they experienced came at the same price… but the kids reject such lives, if they come at such a high cost to others, and want a fair world where no-one pays for the benefits of another… where everyone earns their pleasures fairly etc etc...

New movie/book idea (or did I remember a movie I'd seen? Hmmm…? :D

Two best friends. One moves to the city and makes it big. Other remains in small town. Their hometown. Becomes a drama teacher at the local high school, and director of a small hometown theater group. He retells all the letters he gets from his successful friend to everyone in town. Eventually the successful one stops writing. The teacher does not want to disappoint all his friends… and let them know that the big shot success is no longer interested in them… so instead he just starts making up stories / inventing 'letters'… warm, humane, good-willed, good-natured, inspiring 'letters' and 'stories' about the successful friend in the big city. Years later the successful one's career is waning. His agent hears about the 'letters' that his client has supposedly been sending home. He goes there and talks to the locals, collecting all the 'letters' stories from them. He collates them for a book, meant to help get his client some media exposure, and boost his waning career. All the locals have great stuff to relate, about things they remember from the 'letters home'. In the context of these 'letters', the agent feels the public would be inspired, and his client get a lot of good publicity and good-will… ultimately one friend comments "Oh, it's X you should be talking to. He is his best friend. He is the one he sent all the letters to. The agent offers him a 'finders fee' if he will hand over the letters, so the agent can publish them. As part of the deal he offers to pay for the friend to come to the city and spend some time with his best friend. X is curious, of course, and wants to know what happened, that suddenly his best friend became too good for him… etc… so has ulterior motives… so he eventually has time alone with him, and asks him, disappointed… 'why did you stop writing?'… 'why did you just leave us all behind?'… and it turns out reason
was that the successful friend was embarrassed...after a few big successes he felt he was a failure...he could not repeat them...he makes it clear that success is overrated, at least it was for him...he felt he couldn't go back to the small town after 'failing'...the agent publishes the 'letters', and suddenly his client is back in the spotlight...the public love the stories, imagining them to be true stories...full of warm-hearted big city people, creative, clever, compassionate big city people...who do not exist...but the people in the city like the idea of it...like to think of themselves as having all the good qualities the characters in the 'letters' display....and the people are great role models for small town kids, and city kids alike...maybe as a result of trying to live up to the 'letters', the successful one starts doing good deeds, helping people, charity work etc...and in end finds a new meaning to his life, thanks to his 'small-town' friend...who, though at first came with uncharitable intentions, decides to keep the secret...and let everyone think all the nice things great people, including his successful friend, are real, as depicted in the fictitious stories in the 'letters'...so the small-town guy stays a nice guy...generously allowing his friend to benefit from his own stories, and lies...and somehow he realises that his small-town life WAS enough...that in effect he WAS a success...especially his stories were a big hit...and he can finally be happy with his life, no longer envying his successful friend's success, seeing that it comes with good and bad sides...and that in reality, he is happy being what he is...and returns home finally content with his life, even happy...having 'let go' all the negative feelings he had had, all his feelings of 'failure'...also has one down the road of self honesty i.e admitted to self that was no better than friend i.e he would have given anything for success, and only never sold out as no-one make the offer...so he no longer imagines himself superior...does not have to live that self-deception any longer...the illusion of being 'better'...but by having done the honorable, generous thing, and not telling anyone about the truth of the lies of the 'letters' i.e that he made them all up, he feels somehow he has atoned for his past sins, feels somehow better for having done such a noble thing...And maybe there is a love story between the successful actor's friend and his agent...when she realises that it was him who wrote the letters, and that he is willing to help her client, his old best friend, even though he had been a complete asshole towards him...can have funny bit where agent suggests he stay at his successful friends / her clients, beach side house...he has envied him that house for years...but when spends the weekend there can't stand the racket the screeching seagulls make...had imagined it would be so relaxing...sees how fake Hollywood can be, and all the shit his successful friend had to, and has to, put up with, as the price of success. After a while he no longer envies him so much his success. He sees what price it came at, and comes at...Successful friend admits to a great admiration for his small-town friend...for his real relationships, and authenticity...his intelligence and caring nature...maybe agent is female, and small-town friend is female...and agent is 'getting out of the closet' to her friends and family, who, ironically,
always knew, but did not want to be 'pushy' about it ... to surprise and relief of
daughter who had been so worried all these years about her parent's and friends
disappointment if they found out...explains why none of the men chasing her, all
desirable in every way, never turned out to be Mr right,... because she was
waiting for MISS right! ... during story the two characters have to pretend to be
best friends, during promotional stuff for the book ... as it is a book of
correspondence, and as the letters were written to the small-town friend, the agent
thought it would be best to present it with both friends, to the public...so they do a
few appearances and book signings together...which is fun for the small-town
guy, to get out and see the world a bit...but they have to pretend to have been
constantly reliable best friends over the last 10 years...to keep up the illusion that
the letters created...which is his fault really...he started the lie, so feels compelled
to play the role necessary as the friend that will let his successful friend fill the
role HE himself made for him i.e warm hearted, best friend, good-natured,
generous...and so they have some confrontations during the 'tour' or 'public
appearances...but the falseness and fake-ness gets to him...having to pretend his
friend is such a good guy, has been such a loyal friend all through the years when
he was a big success...when in reality he had forgotten about his friends...at one
point the successful friend and agent offer him an 'out' of the contract / deal he
signed...but this in itself shows they have grown, and are better people, and the
small-town guy respects this, and so slowly the relationship heals a little, or at
least they come to terms with the reality, and there is less animosity, hard
feeling...the small-town guy takes some responsibility for his own
disappointment too...i.e character development...there is no black and white...he
realises his successful friend did him no harm...he was just envious etc...

Band reunion book / film idea

The daughter of a pop / rock star who has seen better days begins filming a 'get-
together' of the band members of her fathers band...for a school project...no-one
minds...in the end it gives the father and daughter a chance at reconciliation,
redemption...as events unfold and stories emerge about the bands break-up,
including her parents divorce...the band members get to jamming and suddenly
they 'gel' again, like back in the good old days, and they produce some really
good music...even a song...and she captures it all on tape...they are just having
fun, not thinking about the song / music seriously...but later she replays the tape
to various band members, and gives them inspiration for how to work with the
song, showing them her computer software, and what she can do these days...and
she motivates them in this way to work on the song, and another...and soon they
have a hit on their hands, and are appearing as the 'oldest' 'longest awaited for'
'comeback' band i.e after 16 years 'hiatus'... or film ends with them '...you know, this might be our next big hit'... sharing looks of hope and fear, enthusiasm and 'oh, no, not again, not on your life' ... 'I'm not going through all THAT again... and hinting at sequel...maybe the band might be a failure still, but the documentary a huge success...bring the band back into the limelight, and the chance for a reunion tour...singer had dream about attending an aware ceremony...thought it meant the band's ... but turns out to be for his daughter...brings them closer...which is more satisfying to singer than any award might have been...maybe band can't get along still, and fight and leave under bad vibes...but the documentary is a huge success...happy ending...Maybe turns out that she is the child of two band members...i.e father had lied to about mother...???

Alternate version

Old friends had High School band that broke up, never got anywhere...was fun at first, ended badly...later singer guitarist front-man (or was backing guitarist originally), writes a few good songs, and decides to get the band back together...maybe it is his daughter's or wife's idea...he has lost his job, suffered bouts of depression, and she got idea of contacting his old school mates for ideas, found out about the band, and so sets him off, or does so herself, on a tour around the U.S looking up the old band members...road movie...and seeing what they have made of their lives, what their lives have made of them...convincing them about the idea...playing the songs she copied off her husband's / father's computer i.e he has not played them to anyone , he doesn't know his daughter / wife has heard them, no idea about the plan...maybe he is surprised when band turn up, knowing his songs...they are all in mid to late 30s, having given up on their teen dreams, like most adults...some have made a life, others barely surviving...She has to patch up a few disputes i.e find out why band broke up, and find ways to patch things up...maybe sexual jealousy (but actually, we only snogged a few times, we never shagged! i.e in reality problem was more illusion than reality)...At first they bring out their old gear, but daughter / wife gives them 'updates'...one of the old band is now working as an engineer in a studio, and so they have access to all the modern gear...maybe studio manager is away on holidays, things are slow, so engineer manages to get other engineers to go along with his idea to slip the band into the studio and make some recordings...between the few recording sessions of this slow season...most people in studio on holidays...but shock as boss returns for some reason...the boss produces most of the bands that come to record at the studio...at first angry, standing in office as engineer is mixing down some tracks...but as listens, is impressed...and
ultimately offers the engineer, who up to this point was working mainly as 2nd engineer to other engineers, a position as assistant producer i.e huge career leap...based on the work he did with his friends band...producer / owner offers to work with him producing the band...and singer-songwriter-guitarist is finally let in on secret, and comes to studio to add his tracks, and make final touches... appeal to all the people who once had dreams but gave them up...idea that they can start again, in their 30's, to make their dreams real once more...

New twist and surprises thriller book/film idea

musician working on demo's of songs...no1 else but a few people, maybe partner / gf / best friend have ever heard them...there is a break-in...musician is badly hurt / attacked / wounded / left unconscious...loses memory...all stuff stolen from his flat...years later one of the songs he had written is playing on the radio...it sounds familiar but he has no idea why...but then later he sees the video to another of his songs on t.v...he has a strange feeling that the songs must be 'covers', but everyone else is certain they are originals...the feeling never leaves him that he 'knows' these songs from somewhere...slowly he starts remembering the break-in...during the process it starts dawning on him that his gf/partner/best friend was in on the robbery...whether audience / reader becomes aware until later in story will be determined by the plot development. It is revealed to us in this form...our protagonist casually feels that those songs seems somehow important in some way, though he cannot explain why...and then we see the names of his gf/partner/best friend...as the copyright holder i.e listed as the songwriters on the C.D jacket info he has found in a shop or online...In our plot the gf/friend is referred to as or 'jack'...the songwriter credit is jacqueline X or Jacques-Tulliery i.e not at first obvious, then 'clicks'...and our protagonist realises, in a flash, a whole lot of things...which we see written on his face, as his conclusions / insights leap from one to the other, and he suddenly 'remembers' what happened...and we are left waiting to find out too... The tension develops as the gf/friend/partner starts becoming suspicious that maybe the our protagonist may end up remembering everything...as he says he is beginning to remember some things...we see their fear reaction to this news...before he has remembered much...this is part of plot i.e maybe we get to know before he does, and their interaction builds the tension and fear i.e what is the friend planning to do? To finish the job, before he remembers...and maybe the friend pretends to be helping him, and is just waiting to see if he will remember too much, and is quite ready to kill him, as they had thought they had done the first time...we realise before our protagonist what happened, and we feel the tension he does not, i.e
completely unaware of threat to his life posed by his 'friends'... so we learn how his friends set up the 'robbery' 'break-in' to steal his songs, which they were sure were going to be hits...but they had always been jealous of his talent and good nature...and had our of envy, they planned to benefit from his work themselves... maybe explained at some point, or just like Herman Melvilles 'Billy Budd' i.e they just ended up hating him for being better, not just more talented, but a better person i.e he was kind, generous, modest etc...maybe at end all the hate and venom and malice is expressed by them, in the scenes at the end where they are trying to kill him again... There can be thrilling moments when it appears he has remembered, and his friends are shocked, and ready to kill him again e.g protagonist seriously says 'I know what you did'...and we see the fear on his friends / conspirators' faces, as they look to each other, we sense wheels turning in their minds as they are desperately working out how to respond...but it is a red herring, and the tension breaks when he smiles, and starts talking about something totally unrelated, and we see the tension suddenly disappear from the conspirators' faces / demeanor...but they give each other meaningful looks, and realise how close they came, and what could have happened, and so realise they are going to have to do something, to eliminate the threat...can add twists and red herrings i.e give audience at first impression that it was his best friend / girlfriend, then later revealed they are good guys, and it was someone else...and it can have happy ending, when his girlfriend proves loyal, and actually helps him find real enemies, maybe his best friend...the tension between not knowing which can be built to climax, when revealed which one guilty i.e maybe he trusts wrong one, who is then about to kill him, when the other then kills them i.e girlfriend escapes where tied up, or gets up after appears unconscious, after best friend has attacked her...then as protagonist thanking his lucky stars for having such a good loyal best friend, his thanks turn to horror as he realises he got it the wrong way around, and his best friend reveals all his malice, and is about to finish him off when the girlfriend suddenly reappears and the death blow we were expecting to fall on the protagonist falls on the best friend conspirator. (or something less typical of hollywood films!)...but idea of using the not knowing who is friend and enemy, all the emotions attached to not wanting your friends to turn out to be your enemies...mistrust, who can you trust, can you trust anyone, should you???

Euthanasia Films / book ideas

tone is light and breezy...positive, relaxed, fearless confrontation with death...as transformation...not the end...with moments of confrontation with hard realities, but done in way that is warm and rewarding ,rather than scary...could be
humorous in a dark and quirky way, but must maintain tone most of the
time...maybe a quirky, tactless, direct, honest, terrible bedside-manner doctor...
'So I'm gonna die hey?'....'Ye-ep'...'A nice quick painful death? Patient asks
hopefully. 'No-ope, sorry, I got pictures if you want to see?'.... 'You don't want to
see?'. 'Oh well'...audience can see photos on Dr's desk that patient not privvy
to...'Yep, pret-ty nas-ty...ug-ly, slowww, painful...' 'Patient gulps
uncomfortably'... may have been set up i.e most powerful member of parliament /
congress fighting against a Euthanasia bill...the group lobbying for the bill have
managed to trick him into thinking he is going to die a long, slow, horrible
death...hoping to learn the real value and need for Euthanasia...politician looks at
Dr hopefully ... 'well at least you'll be able to make sure I don't suffer ... won't
you Dr? I mean give me something to get rid of the pain?'... 'Well, yes, I mean,
up to a point'... 'A point? The politician does not like the sound of that. 'What do
you mean a point?' 'Well, you see, the current law states clearly that we are not
legally able to provide you with a dosage of pain relief that might threaten your
life, or your recovery'... The politician is clearly shaken by this. 'But we find we
are able to make most patients pain bearable,' stressing that last word in a way
that made it sound very threatening to the politician. When the Dr talks of 'cash
cows' the politician reacts strongly, not liking to think of himself in such a
way...but after all, he has been receiving money from health industry
lobbyists...and surely the profit motive could not have eluded him...

Maybe Dr has fatal illness, and has been self medicating...but during plot reveals
how most people are forced to endure pain, due to the 'ethic' that no Dr be
allowed to give a patient pain relief that might threaten their life i.e risk overdose
or fatal outcome...fact is the public are deliberately mislead i.e lie that all pain
can be managed and will be i.e that they need not fear pain...when fact is they
will be forced to endure it...as cash cow of medical industry...who kills the goose
that lays the golden egg? Even if laying is painful for the goose? During plot
audience given precise, accurate information about the options i.e nitrogen, how
to get, how to use...nembutal etc i.e educates and informs people of real
options...how to get around controls i.e get vet in mexico to send nembutal...part
balloon people or whoever that has nitrogen gas etc...internet sites...first find out
facts and options and 'tricks' etc and then present as part of plot... e.g Dr talking
to patient, pointing to nitrogen cylinder...and reminding patient that Dr's know all
the ways out...would never dream of going through what they see their patients
going through...but it's their decision after all, and the industry is hardly going to
promote a 50 dollar solution when it is the last 6 months of life that provide the
industry with most of its work and profits. .. maybe we follow one or more
people from a self-help group...all dieing...and they take a novel approach,
researching all the ancient philosophers / religions / belief systems, and how they related to death, reading novels about death, philosopher's on death, … until become more and more O.K about dieing, accepting it as part of a cycle…though some see it as the end still…can introduce arguments about why life most likely eternal…and dispose of myths of catholic / religious hells etc… maybe one character, who just began getting used to the idea, and even looking forward to death as an adventure, suddenly goes into remission, with all signs of a full recovery…and finds self at a real loss…but committed to their new purpose of helping others with dieing…finds and joins 'Angels of death'… and finds new meaning that his old life did not have, in helping others with dieing, and the whole issue of slavery and euthanasia…though at first considered just doing it anyway, as his life had not been all that great even before he got sick…and felt he was letting his friends in the group down by going on living…after it had been his input that had gotten people to the point of acceptance and hope…and so the confrontation with death has ironically (a-la hollywood) given him a brand new life, a reason for living, he is much more excited about life, now he is sure it is eternal, now he has no fear of death, and is confident of being able to avoid drawn out suffering when the time comes to leave this life…he has a new positive, accepting outlook on life…has new priorities…enjoys little things more…doesn't worry about being a big shot success or making history…for once he can actually relax and enjoy life, not stress over the things he used to…be more accepting of others, their faults, their idiosyncrasies, their imperfections…more importantly be more accepting of his own faults, imperfections, and idiosyncrasies, foibles etc…life is an eternal game…an experience engine…and people are surprised at how warm, caring, accepting, validating, etc he has become…they all see the 'near death experience' being responsible…

During self-help meetings some express the Catholic church's position...i.e are nominally catholic and have spoken to priests etc...so we can take a critical look at their position, through the questions and responses of the self-help group members...as the critically discuss various institutions positions...and dispose of them...though some have doubts and fears...in end get very angry with church and state i.e the official positions that deny them a good, painless, dignified death, and the absurdity of prolonging suffering when either oblivion, or next lives, await...

Alternative DEATH PACT humorous euthanasia film / book
Again light hearted, humorous, feel-good film/book. Our characters are at self-help group for people dying...and all real fun characters, despite their predicament...they have guest lectures and book clubs and discuss new ideas and old ideas, until hit upon idea of a Euthanasia pact...they sign a pact that none of them will suffer, and each, as a group, is committed to ensuring any member a good death... And so they begin researching all the means and methods available, and 'field test' them...remember tone is 'feel good'...the people can have dry, gallows senses of humor, or simply be a bit careless and easy going...though have all sorts, including really neurotic types always looking at worst case scenarios, fearing the methods won't work, etc... but finding selves in very supportive, mutually concerned atmosphere...i.e ironically in death finding true reason to live i.e friendships, real intimacy...some drunks, some stoners, some straight laced, some have aids or hepatitus...maybe from gay sex or working as volunteers in third world...so get to get people talking about all sorts of social issues, challenging prejudices, becoming more accepting and open to others...the people are brought together by shared fears, shared hopes, i.e focus on what they share in end, rather than what makes each different...and learn to celebrate the differences...also pact agrees that any surviving members will attend the funeral of the others, and say nice things, maybe agree to do certain things for the others, maybe even get even / revenge, or help out their surviving family members, loved ones etc...maybe the group keeps growing, new people replacing those who die... or group dwindles down to a very few, who cannot imagine being 'the last' and so decide to end it together... the audience / reader will be accurately informed about the options, the risks, the ways around the law, the risks of being caught, etc...and given a motive to think about what is best for themselves, and maybe a motive to become politically active in getting new laws that allow for euthanasia i.e universal access to euthanasia. Maybe they even hire a professional, i.e a fictitious or real country where euthanasia has been made legal, and a new profession has emerged i.e 'death helpers' a.k.a Valkyries, Angels of death. The valkyrie goes through all the best ways, methods, and options...which ones anyone can do without access to special drugs which are not easily / readily / legally available, and what the ideal ones are...maybe group decides to leave the U.S, Europe etc and emigrate to this nation, or at least go as a group to die there...i.e idea of euthanasia tourism...to encourage nations to consider this industry i.e as way to get around the vested interests in the most developed countries...have the 'valkyrie' talk about the history of death, and people's ways of relating to it, so very different from the modern western one, which is in fact medieval catholic...the valkyrie explains the importance of making sure no-one will interrupt the process i.e try to wake you up, find you hanging and cut you down etc...about how to minimise the shock, inconvenience to others of your death, to not disturb others, or leave a mess...talk about taking legally available drugs to ensure you feel no real discomfort during hanging e.g pain killers, or
take sleeping pills before using a plastic bag asphyxiation... note make people accurately informed about facts...reality...to get them free of all the lies and ignorance e.g the lie that hanging is painful, rather than sensual / orgasmic i.e you do NOT lose the ability to breathe, like drowning...it is the vagus nerve that brings death...OR?? have to research and make sure all information / details accurate..precise...

Religion movie / book

Take a light and humorous look at religion i.e follow some people setting up a religion i.e showing the reality of how all religions are set up...all the borrowing from the past, demonisation of the past and present competition i.e rivals...the noble lies...the clever ways of getting money from people, and of exploiting members...i.e as oldest profession...have older priest explaining all the tricks to a new young initiate...i.e religion as scam...showing them hitting on idea of sin, and selling forgiveness, and compelling public to pay tithes, and convincing kings of the benefits of supporting them.

Idea for short film or music video...or for scenes spread throughout an 'epic' film that follows several stories / protagonists

Throughout movie / video, a character, who is always carrying a typical sort of student back-pack, nothing suspicious...but the look on his face is haunted, pained, dark, moody, and 'hard'...he is always looking closely at any police and police cars that happen to pass by, or they happen to pass...sees them cruising car park at mall...rides bike past a patrol car that is stopped outside a house, or has pulled a car over, or filth that have gone to Macca's or a coffee shop during their shift...looks pretty cold and dark, but gives nothing away...once or twice the filth give him angry looks but he does not respond, just moving on his way after having determined that 'it is not THEM' i.e he is looking for some particular filth...then at end of video, or even during / after film credits, he clearly recognises the filth he has been looking for, in a parked partrol car...they are on the radio...he takes off his backpack, and pulls out some things he then stuffs into his pullover pockets...he walks or rides calmly up, as if he is going to pass the car, but as soon as he reaches it he pulls out 'sticky bombs' which he sticks to the boot lid and then roof, then throws a number of bombs into the open passenger
window, and sticks another stick bomb onto the car bonnet and moves off quickly without looking back, as the car bursts into flames, and then several explosions rock the night...we see first the view inside the car, of the drivers and passengers faces of shock, then we see the view over the guys shoulder as the car leaps into flames, then is rocked off the ground into the air...and we see a look of calm and ease flow into the guys face...as if he has somehow beaten a demon, found justice, can now relax...and he moves off into the darkness, the burning car just a 'light' source in the darkness... could be video for 'gimme a …' or part of a longer, epic sort of movie like 'traffic' which follows a number of interconnected, related stories and characters e.g could be film about police brutality, corruption, a legal system on the rich can afford, how the corruption takes advantage of this, and human nature...with people not willing to be witnesses and stand up for the innocent and weak, i.e illusion of noble savage and 'good' people... etc....

Movie / book idea about lie detection

Movie / book idea about lie detection/ honesty / how lie detection not used because it is any less reliable than other means i.e not perfect, but perfection is NOT demanded of any other sources of input into the legal process i.e witnesses demonstrated to be very unreliable...corruption rampant...people lie...police cheat, imagining they know who is guilty and who deserves 'punishment', whether or not they can PROVE it...etc...so in reality lie detectors would be a really valuable tool...IF the system really did WANT justice...i.e O.J Simpson failed every lie detector test his lawyers gave him...if he had passed they would have 'leaked' that info, and offered to take part in any further lie detector tests...his failure led his counsel to believe he was guilty, and to suggest he offer a plea of manslaughter i.e he went to visit, was overcome with anger, and killed the two in a blind rage...coping a plea...getting a few years prison...the government would lose all its 'whistleblower' 'mobbing' cases, and would have to start treating people fairly, and actually implementing its own official policies and investigating...once people realises they would not get away with mobbing, they would have to learn to deal with people fairly and honestly...

Can end with joke...after story about lie detection successfully revealing a huge scandal during some huge corruption trial...so, mary says I'm looking much trimmer lately'...i.e co-host to anchor of popular t.v show...was she lieing? ...laughter...Hmm, you know, Bob, I think what matters is what your wife thinks, not what I think...laughter...
But plot is exciting, lots of travel, cool, sexy, interesting people from all parts of world...as a head-hunter is hired to travel the world and put together a team of the best people in the lie detection industry, including P.I's, techies, psychologists, 'mind readers', 'cold readers' ... many are realists who had been 'burned' by their experiences i.e working for government or big companies or legal firms, they thought they would get a chance to do good, and help the victims, and get justice...but instead everyone abused their skills and talents, seeking merely their own convenience and money...including government heads interested only in avoiding scandal, protecting their own...legal firms happily engaged in destroying innocent people to keep profits high... so these idealists mobbed, victimised, or just burnt out and left their jobs...some just people with no job satisfaction i.e went along to get along, but found it empty and dissatisfying...had gotten great jobs, great pay, all the perks, but felt no challenge, felt their skills not being used...looking for chance to really do something big...and so all these types, required for building a team to develop a foolproof lie detection system, one that could 'prove' itself no matter how much powerful people did not want it to be proven...a reliable method and system that would revolutionise, streamline the legal system...save billions of wasted resources and talents...and protect the innocent while identifying the 'guilty'... maybe the idea is that of a young person who just came into their fortune...wanted to find some way to use the money they inherited for real good...maybe parents, ancestors, got rich in less than ethical ways i.e this young trust fund child wants to make it all good...to achieve something good with the money they have now got...

Maybe our head-hunter themselves was 'burned'...left old life and job and became maths tutor for underprivileged kids in Peru etc...after really bad experiences as victim, or help to the perpetrators of some injustice... either way has given up hope, but still wants to do good. So ends up teaching kids maths, though he is a genius... Could be just one of the team, or the head-hunter, or end up team leader.

So our head-hunter travels the world..Rio, Sydney...some nice eye candy and excitement...we get to see inside some sexy organisation headquarters of top international companies, the plush offices of law firms...all the dream job offices and locations...It may not be clear who they work for (he in all my 'stuff' can mean he or she)...European Union president? Some sort of 'batman' figure? The head of some secret secret agency? Maybe they themselves end up under threat from own people, and this person 'pulls the plug' on the project just when they
have 'nailed' the system i.e got it working...and team on point of falling apart, but then the real team leadership qualities of at least one member come to shine...inspires them...and so a group that was mostly working together because of the great pay and conditions, opportunity, and which had no real sense of 'team' i.e just egoistic individuals doing their own thing for their own reasons, when put under pressure, and inspired by this new natural leader, actually develop a real sense of team and shared purpose etc i.e welded into a team...i.e learn to accept each other, respect each other, learn what it is like to be really accepted by others etc...i.e team building, better person becoming stuff...and so after the team is officially disbanded, the real adventure starts...maybe they all first go their separate ways, until the team leader to be realises something...or a few of them stumble on some secret while clearing out their offices, de-briefing, getting ready to leave etc...which leads them to seek out the others again...some keen i.e hate new jobs...some keen as have secret romantic interests for other members of team...some need real convincing...some are at first totally against idea, loving their new jobs (i.e when the project was 'canned') part of the deal was that the people who financed it, hired them, would ensure they got their dream placements at their dream jobs i.e very powerful, influential, connected people behind project...part of deal in which they signed legal documents with 'gag clauses' that stated that they were never to speak to anyone about the project, what they had done etc i.e typical part of/condition of 'golden parachute' in big organisations...

During film audience informed about all the challenges and limits, and potential, for lie detection and 'emotion recognition'...in everyday life, marketing, legal justice system, corruption investigations, ...the ability to recognise potential threats before they are expressed...how the legal system would be revolutionised overnight...IF it could be made reliable...explain current reliability problems...and surprise audience with facts i.e in comparison with other forms of evidence currently accepted in courts, lie detection is actually MORE reliable...as part of a professional 'audit' process...but so man vested interests in the FAILURE of lie detection, and a bad PR campaign against it to ensure that the public reject it, independent of how valid / reliable it really WOULD be i.e the greatest tool for justice, and the people are misinformed about it...maybe no-one really WANTS the truth and justice? All have something to hide? Willing to let guilty off to protect self? But the costs, the wasted lives, the inefficiency and ineffectiveness of the legal system etc.....
Can become thriller...what is it that they discover after the team disbanded? Maybe members start 'dying off' in 'accidents'... maybe the leader has been threatened, or just managed to escape an 'accident', and cleared off into the night, and is now, living a shadow life, trying to work out what happened, solve the 'mystery', find out who tried to kill him...etc...

It can start with the team already working on project. The traveling can come later after they are disbanded, and offered their choice of dream jobs, which is where our leader tracks them down to...

Maybe it is AFTER this project is disbanded that some dark, mysterious, rich figure contacts our ex team leader, or future leader, and offers to re-fund the project himself...not clear who works for...could be top secret agency...

The team leader may have been 'ruined' professionally, mobbed, victimised, etc by previous project organisers...i.e fought to keep the project running, and became a threat to those who wanted it shut down...he would not 'play ball'...he was not a 'team player'... he is left ruined, outcast, socially marginalised...tormented, frustrated, depressed, irritable...either completely disillusioned, or has just a little spark left, and is teaching poor kids...or just doing odd jobs to get by, hacking, maybe interviewing job applicants for secret service or big companies i.e using skills in the commercially viable, socially acceptable, but almost pointless, socially meaningless way...

We can begin lightly...with popular, charming 'human lie detector / cold reader / mind-reader / body language specialists etc'.... he is explaining to an audience, as some sort of info-tainment...about 'fake tells', and 'tells' and how you can be caught out by faking a tell, and faking, and how better to stick with something that is true, at least partly...keep it simple... if you are trying to escape detection...and to force the person to become complicated in their lies, if you wish to detect them i.e force them into faking tells, into lying more and more, giving you more clues...and benchmarks for your 'audit'...flirts with hot audience members, or members of own 'team'...

Or with new member being introduced to team of 'hot shots' and 'high flyers' i.e all very impressed with own selves, all individualists...huge egos...competitive...which is why maybe our team leader is NOT specialist in tech, but in team building...i.e hired to try to form a team from these
individualists... to get them working together ... to avoid all the problems of ego's clashing, competitiveness, ... maybe this is the guy who ends up discovering the 'mystery', and finally succeeding at his job (i.e felt failure during project, as the people just would not 'gel' as a team...remained group of individuals) but after project dropped, and he takes on challenge for own reason, manages to get them working as a team..

All typical 'soft' versus 'hard' science crap between the social science background people, and the 'hard' science background people i.e the techies, and the psychologists, cognitive science, sociology etc group members...clashes between those with rich backgrounds and sense of entitlement, and those from poor backgrounds...all sorts of conflicts become apparent i.e class hatreds, jealousy, envy, geniuses and mere 'conscientious hard workers', all equally ambitious to put their 'mark' on the project, and gain status...simmering conflicts, latent sexual tensions...maybe signed a 'no relationship clause in contract' but apparent some are having affairs, or had, and are now antagonistic towards each other...maybe later these relationships get to 'blossom' i.e romantic angle / satisfaction to story...maybe couple caught during first month by jealous colleague...all sorts of 'cliches' emerge...almost total failure to build a team from these people...at least our protagonist / hero feels a failure...expresses this to his partner / friends ...

To add tension, excitement, twists...have one of the bosses switch sides...but can we trust him? i.e ongoing question / tension...question of who can you trust...first they were with the bosses...but apparently discover something that turns them...but can we trust him? He admits that he was one of the people paid to discredit the project, and ultimately to 'mob' and victimise those, like the team leader, who would not 'play ball'...i.e the same person who helped 'ruin' him...he now is asked to trust...can he trust them? Should he?...does the guy turn out to be genuine or is he really still on the side of the bad guys and faking it? i.e a real test of their skills and tech...it becomes a test of their projects real success...can they determine if this guy is with them or a 'double-agent'...and so all their skills are put to the test as they 'investigate' whatever 'crime' it is that took place...or seek the 'secret' that lead to it...who is behind it all? Who was behind their project? Why was it 'canned'...what did the most powerful people in the world have to lose? Who was protecting who from what truth that their project threatened to reveal?

The 'capture' some of their enemies...and use all their skills to find out things without torture i.e audience informed about problem of torture i.e apart from
ethics, it is ineffective...you have to know who knows what first, before you can trust the 'confessions' they give...as people will confess to anything, and make up stuff, just to avoid further / torture. But they use all their skills to trick people into revealing things...even using virtual reality where the people believe they are being 'de-briefed' by their own bosses, or in one case even speaking to 'god'...i.e suggestion, ..but make clear fact that hypnotism is role playing i.e you cannot get someone to do something they don't want to...hypnotism gives you no power over anyone...they only do what they want to ... they pretend to themselves as far as they want to...it is mere role playing ...

Maybe story begins with couple on the run from some danger, some sort of government people, like C.I.A but not i.e even more secret...they have developed an infallible system for lie detection...they had just recently proven that it works to a group of the highest government officials of every top level government agency...they celebrate, expecting to become rich and famous, with millions from patents...after a long stretch of living very poorly just to keep their research going...i.e it has paid off...they sacrificed and worked hard and struck it rich...they are over the moon...all their friends are excited for them...many had been working for them for free, or for almost nothing, and now they too will be rich i.e shares in the new company etc, which were worthless up to now...and so big party...happiness...everyones dream of hitting it big...working hard and succeeding... There is public interest, on t.v etc, in some huge corruption / conspiracy etc investigation into the current government, or leading agencies...it is a huge story...and at first one agency asks to use their new system, and they happily take on the project as a joint top secret project...and then just as it appears they are on the brink of some huge discovery / breakthrough...the project is 'pulled' with no explanation...when they question, a whole lot of shit hits the fan...the agency claims the system was proven faulty...try to undermine the credibility of the system, and then start ruining the credibility of the people who made it i.e our protagonists...maybe the two of them stumble upon the truth that the government is trying to keep secret...and go to the F.B.I etc...only to realise that the F.B.I is in cahoots, or at least will follow the orders given them by higher ups...and so they realise they'd better make a run for it...something serious happens to make them act with urgency...maybe their house blows up...etc... later it is revealed that some F.B.I agents realise something big and bad is going on, and seek to help our protagonists i.e some good guys in the government...maybe add thrills as at one point it seems they have been caught, then it turns out that it is the good guys...maybe guns pointed, but when we hear the shot it is the bad F.B.I agent having been shot by the good one...(or something less typical/predictable/hollywood)
turns out that a lot of high ranking senior government officials all failed the
'tests'...i.e the system revealed a huge conspiracy and corruption...and some 'good'
F.B.I agents realised, and got together secretly to do something, while all around
them the agencies were being pushed to 'catch or kill' these two as 'enemies of
the state' or 'terrorists' i.e not knowing they were being used, or not
caring...maybe at one point clear that some realise what is going on, but realise
that they will be rewarded by corrupt powerful people if they do their bidding i.e
competition for promotion and later cushy jobs in private sector...could have two
agents, who were always in competition to outdo each other, each chose the
opposite side...one for the truth and the protection of the vulnerable, the other out
for power and success, doing the bidding of the most powerful...maybe even a
father-son scenario, where the father is the big successful government executive,
and the son the idealistic new agent...the father all about success, and 'team
player' and 'go along to get along' i.e corrupt, ruthless, opportunistic, with no
ideals, no faith in humanity, no values apart form success and getting ahead...but
maybe in the end he faces choice between betraying his son, and protecting the
corrupt, and he chooses ... to protect his son? ???

The book / movie is an ideal vehicle to bring important facts and issues to the
attention of the general public...history of show-trials, corrupt judges, witch-
hunts, mobbing and victimisation, papal dispensations, fact that few can afford to
even seek justice, let alone compete with a system that can wear them down, that
even if you win, you lose as you end up in debt due to costs...evidence tampering
by filth who imagine they know who is guilty, or who deserves punishment, and
abuse power to satisfy own envy / hatred...explain how, even if we do not have
perfect system yet, the tools should still be used as part of a new approach i.e of
finding the truth vs combative elements seeking to win some game...i.e a system
that sought justice rather than played games...people working together to find
truth, and serve justice...a socialised legal system where lawyers and judges
investigate together, and make scientific conclusions based on probabilities...and
where they err on the side of caution...i.e no free will anyway...not question of
punishment but deterrent and control/ management of human nature....

Highlight how easy it is for people in power to abuse it, when there is no real
accountability...where few people have access to legal resources to protect
themselves from being abused, or to bring those who abuse power to
accountability...
Also raise question...do we WANT the truth? Do we WANT justice, in principle, for everyone, or just for ourselves? Do we want a legal system where the rich can pay their way out, and the poor are powerless to protect themselves? Should lawyers work for clients or the public good? Can we afford to waste our precious human resources on playing games, tax avoidance, keeping guilty clients free from accountability, etc?? Do we really care about corruption? Do we want merely to be beneficiaries of corruption? Beneficiaries of injustice? Beneficiaries of power and its abuse?

Epic movie idea...MALICE...

An epic film...like Traffic, and other films where a number of different story lines intersect, all showing some angle on the theme, some part of the 'big picture', and so defining the concept ultimately. Show malice, envy, hatred in all its aspects...sexual, financial, talent, rich and poor, class hatred, developed and third world, beneficiary and slave, petty and historical...hate crimes, bullying, mobbing, victimisation, racism, sexism, ... possible solutions and their limits...i.e elimination of major sources of envy would simply mean that currently minor ones would take on more significance, and replace the old ones as a new source of envy, malice etc...and fact that people are born unequal, in terms of beauty, health, intelligence, talents, potential, and the best thing for us all is to give the resources and power to those who can yield the greatest good / pleasure / value from them...for us all...question of redistribution of this value...but we cannot allow people to undermine the success of our potential beneficiaries from such childish grounds as envy...need to manage it...need honest evaluations and a real war on corruption, nepotism, favoritism, bullying, mobbing...Even if everyone got paid almost the same, people would envy others their 'air conditioned office' or their more interesting work...probably sabotage the successful, simply to satisfy their malice...and complain that some people were getting paid to study at university, while they themselves had to 'work' i.e if we leveled the pay and conditions of all jobs, and paid people the same wages to study i.e recognised it as work...etc...which is the only fair thing to do if you did not reward people AFTER for their sacrifices in studying up to 7 years, without pay, usually incurring DEBTS as well...a double whammy...
Think of how depressing a thought it is to be forced to socialise, to 'converse' with people very different from you in education, intelligence, wit, goodwill, … rough, malicious, dull people who never made any effort to learn anything, to be interesting, to listen, … it is a sort of hell … And remember that everyone always wants a chance to be better, to shine, to outperform, to out-compete, to be superior…though they may delude themselves, and pretend to us…when you put 'betters' with their 'inferiors', the inferiors tend to try to make fun of them, undermine them, to 'out-do' them in some way i.e to pretend that they are in fact inferior…in crude ways…childish…there is a natural aversion among the least able towards the able…a natural hatred…they try to bring their betters down to their own low levels…it is almost unheard of that a better person raised the tone level of a group of inferiors…usually they crucify their betters…maybe only later generations raise them from the dead into heroes and prophets.

New movie / book idea

The movie follows a 'War of the worlds' type plot … Orson wells broadcast a radio program, during which, the radio play was presented as if it was a news report, following real events as they developed…in my movie / book the audience / reader would be experiencing everything from the P.O.V of the characters…literally in the movie i.e we would see a lot of things as if we were the person experiencing them…could be real-time or asynchronous web posts…in which we ARE a person making a bomb, planning some attack, telephoning with our co-conspirators, talking with friends later in the pub, or picking up our kids from school…build up suspense / interest in this way i.e who's P.O.V is it? Male, female, mother, father, terrorist, etc…Can even show the P.O.V of that person finally being 'taken down' by F.B.I etc i.e from the various points of view…maybe it is from a hand held camera…and at some point the person (appears to!) fumble and drop the camera so that it shows his face, and 'shit', a accidentally reveals their identity…or the viewer sees a reflection in some mirror, apparently accidental, which shows the actor, who pretends to be horrified at realising the error…or someone reports online that they noticed a reflection, and when they worked on it with software, it revealed an image…sparking a man-hunt…all news presenters asking public to identify the man…but it was a 'stunt' … a media stunt…giving people illusion they were following some real terrorist attack plan…could be animal liberation army stunt…Some of the people could be 'acting' to 'fake' the media stunt…but the rest believe it is all real…or it could turn out to be real…the people involved managing to 'recruit' thousands of people into their cause…which is why the government fear the videos so much…just seed idea, concept…
New book / film idea with Surprise twist... 100 years after Nazi's won WWII, the world is a peaceful, much better place than it is today

Film about a 'what if'... i.e alternate history... Nazi's win WWII... show how... but start of in world of 2060... as fait accompli... there was no communism, no Hiroshima and Nagasaki, and instead of an Israel, a 'floating nation' of Jewish settlements 'anchored' using the opposing ocean currents to neutralise each other... the world economy is a different model i.e no central reserve banks, Europe is one continent... one nation... with German the official European language taught and learned and spoken by all Europeans...

After the war was won Hitler died, and a coup-e-etat left Himmler fleeing to South America, with his followers. The new regime, focused on 'cleaning up' after the victory, abandons the pogrom against the Jews, and the notions of racial supremacy... the remaining Jews are left to employ their talents productively i.e no usury in Europe... a new system of finance is in place... there is no speculation, no secondary share market as we know it... basic needs are met for all... a sort of European Social Democratic model... the model is so successful that new Nazi economists win the Nobel prize, which has moved to the U.S... there is only a weak Jewish power lobby in the U.S, and Europe has the influence in the middle east... and so there were never any wars there... Iraq never became one nation... it became several independent nations after the war, based on religious / tribal affiliations... Communism was never fostered, as there was no communist superpower... South America adopted close ties with Europe, and their model... there is even a large movement in the U.S among voters to adopt the European model, which is more humane, productive, etc... there was no Vietnam war... the Korean war never began either, as in neither countries was there a communist movement supported by a superpower with a vested interest... the French colonies became German and then European, without much resistance, as they enjoyed the benefits of the new European system...

Or can start story with Russian army approaching Berlin, the allies confident victory is assured, already working on their political plans for the division of Europe... Hitler has just survived his 34th assassination attempt... the Russians are raping and killing civilians and uniformed people in the streets... all seems doomed for the Germans... Hitler calls for all German children, women, and old
people to fight for Germany, and opens up all the military stores to the public...and so we see women, children, and old men fighting with rifles, pistols, hand grenades, and rocket launchers, in a desperate 'do or die' struggle...Hitler has promised Germany victory if it can hold on for just one week...the allies call this propaganda...but a few U.S intelligence officers are worried, seriously worried, and lobbying the military for several strikes on strange installations...but the military ignore them...

Then a Nazi U-boat emerges in New York harbour, flying a white flag, having radio communications established, that they are 'surrendering' and have important info from the Admiral of the German Navy...claiming an assassination attempt on Hitler succeeded, and that Germany wishes to formally surrender to the U.S...Donitz himself has sent them on this mission...but the Captain, in moments among his crew when he thinks he is not being observed, is seen 'smiling'...genuinely happy...they are of course taken off the boat, which is towed to the docks, and they are flown to Washington...

Meanwhile a group of Nazi sympathisers are busy parking several trucks around the capital. In Moscow we are inside a strange shaped U-boat as it plies its way up the river towards the Kremlin and red square. The men set a lot of guages, and then 'drop' a large container they have been 'ferrying' to the bottom of the river. The craft then sets off back the way it came. Similar scenes are taking in Stalingrad (St. Petersburg)...

And so as the world awaits the final defeat of Nazi Germany, shock-waves travel around the world...Hitler is making an announcement that is being broadcast to the entire world...the world expects he is going to surrender...what they hear shocks them...but most laugh it off as a propaganda of a mad man...Hitler is demanding and immediate ceasefire, and the withdrawal of all allied troops from Germany...to begin immediately...making wild threats...He gives a deadline of One hour. The hour passes, and needless to say there is no ceasefire...the world is rocked by shockwaves of horror as Atom bombs detonate in New York, Washington D.C, Moscow, and Leningrad...the presidents is killed...Stalin is killed...the raped women of Germany take advantage of the shock on the invading Soviet army rapists and murderers, the disarray, as the chain of command breaks...Hitler has one more shock in store for the invaders...as he unleashes units of his personal guard...hungry for action...armored...bunkers open up all over the fronts and the new machines roll out to the horror of the now disarrayed enemy...who begin retreating on all fronts...for the U.S has declared a cease-fire
and is withdrawing its army...the U.S public have been shocked...the anti-war lobby strengthens...why are they fighting in Europe anyway?...now that the U.S is vulnerable to massive attack, the public and business leaders are for peace...

Within an hour new detonations of similar devices occur in key Soviet military positions...Hitler maintains that he has over 1000 of the devices, and will continue detonating them until all allied military personnel leave Germany...smaller devices continue to detonate in famous areas, to get public attention...the allies fall apart in the face of this political nightmare...Japan takes advantage of the tumult to 'take' Australia, promising that any Australians who wish to, will be free to leave Australia...or stay...the country is big enough to share...

After the victory we see a calm, confident Hitler...no longer needing to rave in speeches, he talks calmly and self-possedly to U.S and European audiences...so different from the raving lunatic we are used to...that was all a necessity at the time...now he has power he can throw off much of his old public presentation...U.S analysts have to agree that he is quite reasonable, sane, and rational...Himmler explains how many soldiers, and other prisoners of war, enemies of the state, died in camps because the allies destroyed the supply lines, and the priority was of course the military and free civilians...it was a tragedy...but that is war...he reminds the U.S and allies that they also rounded up anyone they thought posed a threat, let alone declared themselves to be their enemies, openly and publicly, as the Jews and communists had in Germany...would you have let them destroy you?...you think we were going to let them destroy us?...We cannot be held responsible for their deaths any more than you can be held responsible for civilian casualties in your bombing campaigns...we never attacked you...you declared war on us...we defended ourselves...we won...now we want peace, to work with all good people to make this world a better place...will you, the public of the U.S, recognise the Nazi Europe we have dreamed of, so we can work together? ...or will you send more troops to invade a peaceful Europe, and suffer the consequences. We have held back our main strength. We have no desire to fight you. But if you continue to invade a peaceful Nazi Europe, we will destroy you utterly.

100 years later Nazi Europe has funded a real United nations, and given it a real military to back up its resolutions. It engages in Africa, south America, and Asia...Japan and Germany are close allies...with German tourists keen to spend a
holiday in Australia, where Japanese and pre-war Australians are living productively and peaceably. Australia is producing the finest cars in the world, and leads in many areas of technology. It is a much nicer, cleaner, friendlier place than it would have been / is.

Immediately after the war, and the 'clean-up', workers conditions and welfare were improved across the world, in line with Nazi policies. The changes surprised the Eastern Europeans and Asians, who had never ever dreamed of such a fair, productive system. They are all better off. The finance system has been replaced with one that serves the interests of the average person, rather than some elite. German industrial talents have focused on consumer goods, which are making everyone's lives easier, safer, healthier. Under pressure, after surviving 34 assassination attempts, and having gained victory. Hitler and Himmler have eased up on their wartime antisemitism and Aryan philosophies...there is no need for such 'fanaticism' anymore...Hitler proves what he wrote in Mein Kampf, putting new policies in place that are meritocratic, and without much noise, though to the dissatisfaction of many racist, bigoted, small minded, insecure thug-Nazi's, who he quietly divests of any power should they oppose his new reforms, done away most of the Aryan propaganda, the racist dogma... And so he gains the full support of the German people, most of whom never really understood or agreed with a lot of the nonsense, but went along with the flow...focusing on victory and revenge for Versailles.

And so the general health, welfare, well-being, productivity, and satisfaction of the workers, the average people, enjoyed massive improvements...Social Democracy has replaced Fascism, as there are no longer any real threats to Germany, to Europe...the abolition of ursury and speculation in secondary share markets means the old hatred of the Jews has dissolved...there being no longer any basis to it i.e no shlyocks...no international finance exploiting their power and stealing from workers etc....The model is so successful that a huge popular movement in the U.S is calling for it there too...though it is opposed by the financiers lobby group...bringing more antisemitism to the U.S ... finally they break the domination of the finance lobby, and rich Jews flee with their wealth to floating 'islands' in international waters, where they develop technology to live on the ocean...generate power...produce seaweed proteins etc...now all the talent of the Jewish people can be focussed on productive activities, no longer being wasted on finance, and speculation...They do this as an act of asserting their 'chosen people' status...i.e now that they can no longer benefit from exploiting 'Goys', they have no reason to 'endure' their company...i.e set up by very fundamentalist Jews, very rich, who first set up some 'islands' for tax evasion
purposes, and as 'security' for their wealth i.e had already moved much gold etc to the islands...so instead of 'making the desert bloom' the jewish people have 'made the ocean bloom'...

Eugenics programs became non race based...i.e based on superior genes...regardless of ethnicity...and a celebration of 100 years of Eugenics takes place, celebrating all the improvements in health, beauty, intelligence, and talent that resulted from the program, celebrating the founders of the movement, the massive reduction in genetic inequality...

We get a chance to inform people about Hitler's plans, which he had already explained in that book too few read...Mein Kampf...i.e that not all members of a superior group are superior...they are only superior as a group as they facilitate the most able among them to thrive, and raise the entire group up...about how education can be streamlined, so we learn things we need for life, living, and working...actually learn them, and not pretend too...not overwhelm students will a load of useless data, resulting in most learning almost nothing of any value, learning nothing very well...and providing for life-long learning, reading, discussion groups etc, rather than the wasteful, almost pointless 'arts' degrees, and higher education we have, where most students understand very little of what they are supposed to...and where the most able learn despite the system, not because of it...

Have scene where some Nazi leader has the driver stop the car, and gets out to 'correct' some bigot who is abusing some non-Aryan local...explains as above, and in Mein Kampf, that he is not superior or inferior for belonging to a group...per se...it is only the group that is superior or inferior, in its ability to raise the most able within it, to support and nurture them, so that they can rise, and raise the whole group with them...

Most Europeans, especially Angle-Saxons and French, have any problem with Nazi Europe...as they all recognise their common roots...and values...populations have fallen...Eastern Europe has been depopulated, mostly due to the climate...and has become a large agricultural area, with huge areas of wilderness...where only mining etc takes place...Japan had colonised China and Australia...and conditions there have improved greatly, including much lower populations, much better management of resources, and much better conditions
for the average citizen and worker...The world is composed of 3 major powers...Nazi Europe, Japanese Asia, and the U.S...who all share similar values, and are working towards a one world government...Europe has control of all the major gas and oil reserves in the Mid east and Norway...

Estonia film idea
stylish, sexy, toney, action film that makes important social points

Day or night?

We observe a lone character in a sterile soviet block flat room, as he opens the flats windows, and looks out onto the sterile soviet landscape. He goes into the kitchen where he has buckets full of some bluish liquid (kerosine), and large packets of washing liquid. He goes about preparing molotov cocktails (wine bottles with fabric 'wicks'). He then dips a 'super-soaker' into a large bucket, and draws it full of a mixture of washing liquid and kerosine. He places the glass bottle molotov cocktails clankingly into a bag. As he leaves he picks up a large crow bar or hammer and puts it into one of his coat pockets. We catch glimpses of his face. Apart from a calm determinism, it is unnaturally devoid of any emotion. It is emphatically 'empty' and 'hollow'.

As he leaves the flat with the bottles and super-soaker he gives the next door neighbor's door a look of utter contempt and loathing. (Or does the bitch actually walk up the stairs and look at him that way?)

We follow him on a cycle ride through the soviet 'people silos', across the railway tracks (he has been living on the 'wrong' side of the tracks) and past the modern high design court building, which he sneers at, and through some renovated suburbs.

As he waits at the traffic lights several police cars come through the intersection, heading for the station. His face distorts in loathing at the mere recognition of the presence of the 'filth', as if having just smelled some horrid stench, though he does not look at them. Something about his posture seems to challenge them to stop. It would be fine by him. But the cars drive through the intersection, round the corner, and pay him no attention. He then rides off in the same direction as
we follow his gaze down the road, following the cars, as they disappear around a corner.

As he turns into the parking lot that leads down to the police station entrance, he passes a cool car. Inside is a driver speaking on his phone, and some hot babes who are talking about guys etc. The bored babes pay attention to the guy and make some comment about his cute arse. (Context for driver being in the lot and why and how he manages to get protagonist into car etc).

He pays the car and its occupants no attention at all. He places his bike in the bike rack. He stands in front of the entrance door, waiting for the door to slide open, and then pumps the small area between the sets of entry doors with the super-soaker. He then throws it down and lights a molotov cocktail, throwing it against the inner glass door. The outer door slides shut as the inner area erupts in flame and smoke.

He now has the attention of everyone in the car as he takes the hammer and smashes in the windows of the police cars in the lot, lighting, and throwing in, molotov cocktails, into the smashed windows.

The driver speaks into his phone 'Hey, you seeing this? Etc...so we get idea he is talking to someone inside the police station i.e police. What the...? The girls cheer him on, and beg the driver to pick him up and take him with them.

Loads of uniformed people can be seen staring out the front of the building, and there is a lot of commotion inside. But no-one can get out the front door. Some uniformed people arrive with fire extinguishers as alarms are flaring off all around. Car alarms in the parking lot have all gone off.

The girls are all excited grabbing at the driver pleading him to pick the guy up. He tears off towards the guy. He pulls up sharply. The girls call out to the guy to 'get in'...But he is in a trance like state. Getting no response they reach out and pull him into the car, dragging him across the back seat. 'Got him?...'the girls cheer and call out 'go, go, go...' and he peals out of the parking lot and away.
With a long shot we see him take the first corner and disappear, just a bunch of patrol cars come screaming into the station, lights and sirens wailing etc...

First they stop to see what is going on, then apparently get directives to chase the car...and so we begin our first car chase.

moving methodically, fast, but not rushed...no sigh cares about being caught...just trying to get as many cars as can before filth comes out and gets him...resigned to being caught etc...has given up on world...given up on life...just wants one gesture of revenge for all fuckers have done to him...resigned to die...just wants to get one in before...

but as finished on third car a car rushes into the parking lot, breaks hard, and calls out to him to get in...he is surprised the filth have not already come rushing out...and sort of absently gets into the car...it rushes off...

either they get away totally clean, or there is a chase...(might be winter and icy roads to 'help' make more accidents) and more filth cars get destroyed...and surprise twist...when all but one car has been driven off road in various stunts...the driver pulls up and allows the last filth car to pull up alongside...our hero is confused but resigned...apathetic...still surprised when filth driver salutes our driver, laughs, and pulls away at high speed further down the road, leaving our hero's in the complete stillness of the empty country road.

They drive off... finally arriving at a modest, old, run down looking small house...the driver invites our hero in...at first looks odd...old soviet crap stuff...but driver pulls a lever...etc...they go down into a bomb shelter...it is lavish...plush...luxury...everything...at the same time from somewhere a light shines and a cat jumps down onto the driver...he is young...super cool...friendly...nihilist...connected...rich...lives in region as so easy to get what he trades on 'black' internet...(can explain it to public...most don't know how it works)...He plays with cat cheerfully...offers our protag a drink...turns on some cool music, huge screen t.v.s...checks his 'dark-mail i.e secret email on one...he is
dealer...sells whatever they smuggle over Russian border into EU...corrupt or shit for brains filth and KAPO etc...

the shelter is amazing...extends over large area...lots of rooms and corridors...ventilation shafts...a hum from generators can be heard far off...'this was pretty hush cold war stuff, you understand...there's even a tunnel that comes out ... well shit...I've never gone to the end...etc...

The movie can use song 'better way to be' in opening credits...etc

'you're german right?'...you know my great uncle was way up in the Soviet high command...told me that they had plans to invade germany ...were seriously going to...expected to walk through...and with Poland's help... only the germans got to the ball first, and invaded them...you won't read it in any official history, though...he laughed...anyway...sorry...name's Ziggy...I hope you don't mind asking...I mean, none of my business...and like...I can fully understand a guy wanting to blow up the filth's cars...but...a german? And I mean, you don't look like any sort of criminal or...

so our guy goes to internet, types in blogg address...leaves it open for guy to read...camera focusses in on sentences and phrases now and then as the movie flash-forwards through him reading...takes half an hour or so...he finally stops halfway through one blog entry and turns to protag...oh, I see...fuckers had it coming...don't surprise me what you wrote...seems pretty much what I'd expect of the filth...fucking playground bullies with guns...and the head honchos all have shit for brains and shit for morals...so...well done...

Gives him a collaborationist smile and gestures for him to follow...takes him to a room full of all sorts of explosives, even rock propelled grenades...etc...'here, next time lets make a show of it, what do you say? I've got all these toys and no-one to play with...

turns out he has some rare disease...he got it from his mother who got it from her mother...after part of torture at the hands of the Soviets...even though great uncle was senior military etc...we find out in course of plot etc that he has two cyanide false teeth, like Nazi's...so he is fearless...he is going to die soon anyway...and he is completely nihilistic...very well educated...philosophical...about
religion...etc...really cool guy... about Hindu stuff...Hermann Hesse...transmigration...Maya...etc..

ey they develop sort of relationship Wyatt Earp and Doc Holliday have in 'Tombstone' i.e driver is Doc...for some reason likes our Protag from first moment...respects him more and more...even gives up animal products out of respect for him, though self nihilist...believes death is the end...wants to have some fun is all...but he sees that protag is principled...and has suffered greatly for it...and wants to help him...feels goodwill towards him...driver is good natured...nihilistic, but not mean in any way...sells drugs, weapons, explosives etc...but hey, that is all part of 'maya'...quotes bhavagad gita...and fact head of SS carried it around with him always...

So they go on 'resistance' actions...blowing up expensive infrastructure, anything to do with the filth and corrupt govt. … great fun...loads of cool devices...always getting away …

maybe at some point filth try to pin it on protag after making some connection...or some 'hint' he leaves...but nothing that would stand up in court...and doesn't...driver hires expensive lawyer...who mocks system...O.J's get off, and poor innocents go to jail THAT is the Estonian, and probably world system...until they socialise legal profession the rich will have 'justice' and the poor will get fucked over...always has been, always will...the rich aren't likely to socialise law, and the lawyers aren't fucking going to volunteer to give up their fucking BMW's etc...so movie is fun, destroying stuff...but educates people too...so protag is bullied about by filth...but has to be let go...and sues filth...they have to take it...really really pisses them off...especially senior shit for morals shit for brains and KAPO, who are sure it was him...and he laughs at them...plays them for fools...and they have to take it...we can see how enraged they are...we watch them talking among selves...impotently threatening to get him any way...natural justice...etc i.e fukcing hypocrits can give it can't take it...let them see how it feels...one even loses temper and goes to attack him...he ducks...filth is taken away...all on camera...they are fuming...i.e lets see how they feel when shoe is on other foot...

so both don't really care if they die...driver gets protag some cyanide teeth...he has two missing teeth so easy...and now they are fearless... protag philosophises a bit about right to die...so educational value again...
maybe at end of film it looks like they have actually blown selves up...but we don't actually see...and then maybe at end of credits they crawl out of rubble, shaking rubble off them etc, helping each other up, laughing, and the camera fades out... so we are ready for a sequel when they go to Australia, and avenge all the past crap there that happened...

driver realises that protag has never tried drugs, doesn't drink...has suffered so much for his principles...has had such a hard life...feels bad for him...as he has had so much, because lived opportunistically...whereas principled protag suffered and lived terribly, when could easily have done well for self...smart, good looking etc...so sort of feels protective of him, and wants him to have good time...so gives him best drugs etc...they go out partying, and go back to girls places and have great time...throwing around money etc... the filth see him and protag and give him filthy looks...driver makes fun of in way they can't do anything about i.e all the girls are laughing at filth...and they go off in their big W12 cars to parties...leaving filth who tortured protag etc doing their pathetic jobs living their pathetic non-lives...

Maybe in end driver finds way to help protag realise his dreams of vegan co-op, vegan holding company etc...gets all his business contacts to invest in...they believe it must be some scam for him to be involved...so they are keen to get in on the action...don't realise till much later that it is all legit...and by then it is too late...and anyway, the ventures are profitable, so they are quite happy that the driver 'conned' them into making legit investments...they thought it was some front for money laundering or illegal arms trades etc...

so happy ending...filth get their just deserts...audience gets satisfaction of blowing things up...I get to educate a little / soapbox...a bit of philosophy is put out there...right to die / euthanasia and vegan ethics...two cool friends...movie about mateship, about injustice...corruption...need to socialise legal system...some tech stuff about 'shadow internet' etc...can even have stuff about bitcoins etc...main thing get to put filth in place...vicariously avenge... and let public know about 'true story' and suspect filth...maybe will lead to some good...at least good distraction / escapism...with social good ...

after driver has read bloggs...'wow...that Faina sounds like a fucking bitch...a real bully...probably her own family hate her...I feel sorry for her boyfriend, even
though he was a prick to you, even assaulting you...well they both did, didn't they...I feel sorry for you and your neighbours...but pretty shitty of them anyway, not to stand up for you, and tell the filth what happened...and not to speak to the judge...how fucking gutless people are...no wonder it is so easy for stalin's and hitlers to do the nasty... what was that saying"all it takes for evil to thrive is for good people to do nothing...what I want to know is who the fuck the 'good' people are supposed to be...whoever made up that saying is suffering from fucking 'noble savage syndrom'...like some stupid marxist...

I see you've had lots of experience of human nature over the years...I guess you've just had enough...want to at least get a final shot in...at least once get some sort of closure, some sort of natural justice...I guess you were at your end...didn't see any point going on...I fully get that mate...I mean most people would think you'd gone mental...I mean, it's not like they killed your dog or something (reference to mad max2)...but I fully get you man...it was just, like, the final straw...and you were saying...hey...I am a human being...not a slave...you can't just push me around...I'm gonna fight back...yeh...fight the power man...I mean, when I saw you there I though, fuck, who IS that dude...now THAT is someone I want to meet...and I could see you were ready to get caught...only I didn't want that to happen...I don't like many people...and I kinda took a liking to you from the get go...sort of happened spontaneous like...I was just coming in to get my passport renewed, and like. Wow, there's this guy fucking blowing up filth cars...and fucking...I just HAD to meet this guy who was just fucking giving it to the filth...fucking balls...fucking HUMAN BEING...I mean, how many people FEEL like doing that but would NEVER do it...cos they're like under the fucking thumb of big brother...and big brother is fucking filth...a fucking shit for brains, shit for morals piece of shit...and...like what's the value of a life lived like that...and there was this...fucking heroic gesture...I mean you...fucking Nietzschean super-man if you ask me...

add somewhere...you know the real reason they make these drugs criminal is that the C.I.A realised just before the Vietnam war that they could fund all their illegal overseas campaigns from drugs...they were selling their shit from Cambodia to fund their criminal activities in Vietnam, before the war, and the same in fucking Afghanistan man...my friends have explained it all to me...they know shit man...and so its the C.I.A want to keep it criminal...keep their monopoly, and keep prices high...and big shit for brains fucking brother loves it...gives them a way to fucking make everyone a criminal so they can fucking rule them like slaves...everyone is fucking paranoid of getting busted...the filth have leverage over everyone...just a fucking good excuse to push people around,
make sure they are scared of the filth...have something to hide...nice and easy to push around people who are scared...that's the fukcing filth for you...that's why drugs like this shit here are criminal...that's why they spend so much fucking money trying to catch the competition...you know the ones they CALL drug dealers...so the real criminals can keep their monopoly...ask any junky where they get their best shit from...the fucking filth...and once they got something on you you are their slave man...they can push you around...just cos you wanna get a little high and forget this fucking shithole of a world for a few moments...

driver is hacker, with lots of connections, tech, and money....shows protag how he can make a million in a few minutes, diverting a few transactions to offshore accounts...too easy...he has read protags blogs, and books...and it has inspired him and given him motivation / will to act...he is good natured, and glad to be able to do some 'good' in this shitty world...so he concocts a lot of creative 'revenges'...they begin destroying any assets that had been used to assault/ harm protag...cars...etc used by filth to commit injustice / violence...break into armoury and metal glue all the weapons...metal glues all the 'holding cell' locks shut so can't lock anyone in there, and rigs them to fall off hinges when finally unlocked...we get to watch it happen...someone put in, pushes door and it falls out...and person just walks out of filth station...all this stuff posted on youtube...i.e tiny hi res videos stuck to walls etc...

he gets friends, or does self...i.e genius...digitally edits video footage they have taken of filth, judges, and ministry officials saying 'I've got shit for brains / shit for morals / I don't give damn about justice' etc

hacks into filth and justice ministry , judges pay systems...diverts their pay...so they don't get paid for weeks...and then diverts money from their accounts, i.e steals at least 2 weeks wages filth, judges, minister for justice, senior filth, and KAPO...

hacks into government place where people have to pay fines...has their banks refund twice whatever have fined anyone for last year...

hacks into system to produce fake, back dated documents that say judges did stuff, were fined, and didn't pay (they didn't go to filth to find out, so it's their
own fault..can't plead ignorant') so that debt collectors that driver knows can go and seize their assets and freeze their bank accounts...when the judges protest, they show them paperwork...and it is all 'legal' and cleared when judges call in...debt collectors filming whole thing...as scam...as judge says...'it's not fair / right'...agency collector "well mam, as you see, it is perfectly legal and correct...'yes, but it's not RIGHT / FAIR and collector replies, sardonically 'well, now isn't that one for the books, a judge who cares about what is right and fair, rather than merely what is legal?'...etc...

similar done to public prosecutors office staff who told protag to 'get a lawyer' i.e fake charges etc set up, so they are in big trouble...advised to 'get a lawyer' by one of accomplices who are debt collection agency staff, or at least for the day...as go to their homes to take stuff, serve supeoanas, etc...

when protag blew up filth cars used small crow bar to jerry tank lids open and tank covers off, and threw in 'cherry bombs' leading to cars exploding as moves from one to next...

filth are in public in uniform or off-duty...they are harassing some young people...etc...someone slips behind them and skillfully places handcuffs on them...the cuffs close automatically...the filth call out in pain to public to help...are ignored...or shoved into their police car by 'hooded' bandits who jump out of car that passes at same time...and they have gadget that makes central locking jam...so filth in their car, in painful handcuffs, calling out to public to help them...being mocked, ingored, public laughing amongst self, and filming for you tube...some hecklers call out 'hey, stop disturbing the police'...'what was that you said about the people who cuffed you? No, they are good decent people, who are you to criticise?' etc i.e playing on 'she's the chairperson / mother of god / mother of Russia ' crap of filth in blogg...

all acts intended to target all actions taken against protagonist, and at same time make filth look stupid, and enrage them at their treatment so they feel the 'impotent' rage of the victim who cannot defend self...like judge at hands of debt collectors, who take her favorite possessions and auction off on ebay for almost nothing...and threaten to freeze bank accounts if she resists...and call filth even...and they have a lawyer with them by chance when filth try to NOT do legal job...judge tries to pervert legal system, with lawyer etc witness, then realises how bad she will look...and whole thing filmed i.e judge and corrupt filth
trying to stop debt collection, when everything is technically legal...which is whole point...law is bullshit not justice...judges etc all smug, complacent violence against innocents and vulnerable

Has some judges and filth arrested for not appearing in court...all set up...i.e hacked into system to make it all seem legal i.e fake fines, charges, etc...but all perfectly legit, according to the system...let the perpetrators feel what it is like to be a victim for once...maybe shake up enough to correct injustices in system etc...

hacks into prison system, and gets accomplices to help...they set it up so that all the wardens and filth in the prison at the time are locked into their 'offices' and workplaces...all computers and phones etc won't work...and no-one can get to them for at least 48 hours...to avenge the 48 hours terror and failure to respond to calls of protag...as driver has read it in the bloggs...they are totally isolated...ideally alone...maybe some food can get to them...that's it...and they can never know how long it will be for...left totally in dark as to when they will be out...

idea is that I am being creative in my 'revenge' and constructive and productive...can speak truth in a way that entertains public and enrages enemies...otherwise actual 'based on true story' true story part not enough to captivate public...but in principle horrific...and represents thin edge of wedge and the tiny bit of daily injustice that ever saw light of day etc...

protag manages to 'remote control' filth cars, and have them smash into parked cars 're: false charges of 'attacking police cars' in blogg

sets up filth stereos so they can't be turned off...they play over and over obscene language shouted really loud...as in false charges in blogg

filth on holidays (maybe lured to foreign country as 'winner' of some competition or special offer) are arrested by local police, and locked up...the police speak to them in english...and point is the filth do speak english...but at station lock up in disgusting shit and blood holding tank and say 'we have to get an interpreter for you' in mocking, perfect english or even russian...response to similar shit in blog
i.e. spoke English, then used excuse to lock up in concrete box, shit, blood, toilet blocked...3 hours... and then in the interview room will be shown sheet to sign, saying the filth did this and that and will pay a 500 euro fine... they want to make a statement... not allowed... then told 'o.k, you refuse to agree to charges and sign, that means you will go to jail for at least 48 hours... something clicks in filth's brain, recalls saying same to protag... but other Italian etc police puts on 'fighting gloves' and translator agrees with police, as in blogg... 'yep, he's right, you had your chance to sign and you didn't so now you go to jail'... and filth is carted off to jail... wondering at the similarities between what they did in Estonia to that German, and what is happening now... and when finally gets back to Estonia, enraged, shares suspicions, and filth trump up some excuse to track down the German, our protagonist...

they make up crap charges to arrest him... but of course he now has allies... driver gets the best lawyers in... during interactions these lawyers laugh about how corrupt system is... how if you can afford a lawyer you can get off with anything, but poor fucks who can't have to kiss filth arse, lick their boots, pay whatever trumped up fines they are sent, and totally under heel of filth... completely fucked up system... would have to be socialised... any legal system that is not socialised i.e lawyers as public servants, is going to be unjust... of course would you prefer that to corrupt government employed lawyers? Which would be better? At least this way some people can get justice i.e those who can afford lawyers, and it at least prevent even greater corruption that is now... imagine bunch of corrupt government lawyers doing bidding of terror state... and that is enough to make you see why no country will socialise its legal profession etc...

so we get to give this social commentary in context of entertainment... all the pranks, explosions, car chases, taking the piss of the filth and judges all satisfying context to add a bit of real educational value / philosophy / social comment...

When protagonist sees all the youtube videos he is amazed... driver responds 'well, it was your idea, I was just using my resources to realise it... goes on a little about 'the optimal ethic generator' and veil of ignorance... I was just putting the shoe on the other foot, making them walk a few meters in your shoes, and in the shoes of the mass of the general public... and if we manage to shake up a few people, wake up a few people, maybe even enrage a few people enough to take action, we might even have managed to do some good... but I doubt it... he offers good naturedly but nihilistically
note in whole story / film only those who are perpetrators of violence / injustice suffer it...it is not over done...balanced...just eye for eye...no malice or meanness or viciousness...mostly good natured...truth...painful to perpetrators, but not just using being victim as excuse to do nasty violent things secretly want to do … really creative, amusing, justice... teaching people a less good naturedly...no-one harmed any more than they have harmed others...merely taught what they have done by having it done to them...

The public are all behind the you-tube video perpetrators, once it is realised they are the same 'gang', and the media speculate...of course the filth concluded our protagonist is behind it...but the drivers expensive lawyers make a laughing stock of them, and begin proceedings to sue them for false arrest etc...as this time all the false charges etc, likes, games they played had an audience, not like the previous two years as described in protagonist's blogs... and this time full weight of lawyers behind protagonist, and the filth are exposed in the trial...all the things they did last time, only this time they didn't get away with it...was investigated and exposed due to the high public profile of case...even justice ministry has to be active, and KAPO have to do something...they act all concerned...but on camera Protagonist gets chance to expose them....oh, really, you care do you, and what about the last 2 years? Hey?.....and so media jump on this last sentence...which protagonist declines to comment on merely to provoke / fascinate them and public enough to investigate...and so they do start asking questions...and even suggesting that maybe protagonist really is behind everything, or someone else has taken up his cause...but they are behind him...they like the idea...they are happy about idea that some poor schmuck somehow found allies and managed to get justice..they start putting a lot of different pieces together...all the 'victims' of the drivers pranks begin remembering the protagonist, and what they said to him when he came in complaining, and how they treated him...and slowly, one by one, the better natured among them apologise to him...not sure if he was behind their own problems, but at least not with empathy for him...wondering if he did it or not, but not begrudging him...

except for meat head shit for brains head of filth, and the filth who attacked him, conspired against him etc...they are enraged by their impotence to get at him again...one loses it at public conference, and goes to attack him, but is stopped short and held by security...in front of camera he blurts out, in uncontrolled rage, 'we should have kept you locked up when we had the chance' etc...ie something that sounds like an admission of guilt etc to public...and protagonist can laugh at
him and make comment to public...maybe there is even an invesigation into his past terrorisation and he becomes a public hero...

and the driver can bask in the glow of satisfaction that he has had a lot of fun and done some good...even though he pretends to be total nihilist, and probably is...doesn't mean he can't be a nice guy...most nihilists are...not like hypocrites who pretend to believe stuff, even convince themselves they do...like christians, marxists etc...

after conference the cameras start turning towards people in audience with banners, and they all start talking with people about their own experiences of corrupt filth and injustice...so we get impression as viewer that maybe this is the start of something ... a better world...

and so song again 'isn't there/this a better way to be'' etc....

cover main topics...if you don't own self/ have right to dispose of 'self' as chose, then you are slave...we are all means to others ends...optimal ethic generator...lie detectors not permissible in court as would force system to produce justice i.e aim is NOT justice but control...rich benefit...no free will so punishment unfair...by morality = what suits beneficiaries of current social order / society...deterrents...

Maybe driver is philosopher, our hero becomes his 'grasshopper'...i.e curious, reads stuff lying around...it is TROONATNOOR stuff...quotes of walls from Chuang Tzu, Nietzsche , and Kim Jestem (who is he?)...

driver laughing, but grim, cheerful fatalism...can't fight it, so just try to get some kicks in if you can...but really...whole thing totally absurd...here we are...characters in some self-writing book...all our lines are written for us, all our 'motivations', all our emotions, the contexts of all our actions, the interactions, the socio-historical milieu...all 'inherited' when we were forced(?) to take up this holistic inheritance, this 'character'...if you're lucky yours is a hero...lucky...blessed by fortune...your story an action adventure romance porn james bond novel...but for most it is a bit part...a means to others ends...the
background necessary to set off the main characters...the only time there was any 'chance' was the chance of what character you inherited...what book... before you were 'in the book'...but once you are in, well...it is all determined...everything...and here we are worrying about our choices and decisions, trying to outwit fate, change our stars, change our fortunes...of course all our thoughts, motives, actions are inherited with the book...with the character...no free will...but here's the thing...we have the illusion of free will...we blame ourselves...we take pride in our achievements, we feel shame for our weaknesses...we regret past actions...we wish we were more noble, and kind and generous, we live in fear and hope... do we ever stop to think about the characters in books when we read them...the first time we have no more idea of the fate awaiting them then they do...but it is usually some archetype...some predictability...and usually nothing like reality...which is why we love movies and books right....the good can win, the bad get their just deserts (though of course no-one deserves anything out of the context of the book)...no-one got to chose to be who they are, or do what they do...it is all stuff that happens to them...only they 'feel' responsible, and the lucky want them to feel so...so the lucky get to keep the spoils of their great holistic inheritances...don't feel the need to share...etc etc..

One time when driver really sick, protag helps him...driver goes on about how humans devote so much energy to maliciously harming each other...when the real problems are shared...the threats to our health and well-being in a hard, indifferent, often even malicious appearing nature...we devote so much time and energy and resources to making each other miserable...jealousy, envy, sense of entitlement... (TONE DEATH is his favorite local band)...seems human nature is to try to exploit each others weaknesses...to use each other as means to our own ends...slavery...parents use kids, the beneficiaries exploit the less fortunate...use them to produce value, and steal value from others in wars...

pleasure-wants, needs-relief

driver sees protag reading Freud quote 'the neurotic punishes themselves with restrictions and renunciations disguised as defense mechanisms'... 'that's you, if I'm not mistaken...you've never let yourself enjoy comforts / luxuries that could not be enjoyed by everyone in a fair society...you won't take advantages of your good looks, intelligence etc to enjoy things most people can't...and wouldn't be able to in a fair society i.e the unlucky do all the shit work, barely survive, so the lucky can enjoy all sorts of privileges and goods and services they didn't
produce...etc... but I sort of admire that in you...I guess at heart I am very like you...only I was never fucked up by religion, or, and I'm guessing here...really nasty parents...my bet is they treated you like shit...probably beat you...constantly criticised you... and when you understand oedipal guilt...and religion... know what a narcissist is? (maybe he is broken off by something...so audience left hanging....) someone who thinks they have special abilities, and in your case, responsibilities...like it matters what they do or think...like it will make a difference...your parents split right? So that was your fault...oedipus wanting mummy for himself...so uses his magic powers to make daddy disappear...right...and in your case he did...left you all...went back to germany....so here's you got what you wanted...only everyone is miserable now...your mother is too tight to spend any money, so forces you to live in poverty so she can buy houses to impress her family back home...no time for you...you are a bother...no love...and so you feel his was YOUR doing...and actually I bet she said so, many times... like, that your father left HER because of YOU...etc...so you feel this power, this responsibility...guilt...burning need to make the world better, fairer, etc...blame yourself when you fail...keep trying harder...everyone hates you for it...bet you wondered why right? Because you made them look bad...they were lazy...just out for themselves...here's you come along and shake em up, make em look bad...make em feel bad...your a good guy...they are just normal...so you make em look and feel like shit...and the easiest way to get rid of the feeling is to destroy you...make out you are a bad guy, ruin you, get you out of the picture so they can go back to being normal people, out for their own pleasure and relief...using everyone else as means to their ends...no ethics...no morals...just opportunism...and his plague follows you wherever you go, cos you are you, and people are people, wherever you go...and .... well...It's a wonder you haven't given up..but then, that's the point isn't it.... Mr Narcissist....you feel you can't let them all down....you feel responsibilities, you feel you can still do it if you just try hard enough...save the world....make up for 'dissappearing daddy' and ruining mums life...you feel you have messages that can change people...but really, they won't change, they'll ignore your messages, like they always have to others just like you...destroy you, and go on being the selfish fuckers they always have been.....

and the main reason you live so frugally, is not just in emulation of your mother, trying to gain her affection/love and approval / acceptance, but as a practical necessity...the only way you can keep working at saving the world is if you have the time to...you can't serve two masters...you can't work for other people for money and also on your books etc... and anyway, you always get fired for being 'better, more morally ambitious, etc and impatient with the average fucker... and so your practical needs line up with your neurotic ones...they reinforces each
other...and disguise the neurotic motivation from you...so it seems like a real necessity...when it is merely being used by your unconscious to punish yourself...but you did nothing wrong, my friend...it's all freudian...all oedipus complex, and in your case, my dear dear old soul...because you just happen to be so intelligent, you got that narcissistic syndrome to deal with too...poor thing...

and to top it all off, because you don't/can't work for others, other people see that you manage to live without working for anyone, and they are freakin' envious...they hate you...they have no idea how you suffer for your freedom...they could never imagine how you scrimp and save, shower in a bucket of water, wash your clothes in it, then use it to flush the toilet...all your second hand clothes...walking for hours to save on bus fare...never going out and having a good time, eating out of date marked down food, 15 cent 2 day old bread...all they see is that you don't seem to have to work...so they assume you are more fortunate than them...maybe even rich...and they hate you for it...cos they hate their own shitty jobs, shitty lives, slaves to their debts for crap they don't really care about, but go to keep their shitty girlfriends from leaving them so they can have shitty sex with them and fake sympathy and all that shitty little shit...so even your sacrifices earn you nothing but hostility from others...fucking hell man...you just can't get a break can you?...

I really empathise with you...and it's time someone took you in hand and showed you the light...he says this with a conspiratorial gleam in his eye...a real 'lucifer'...light bringer ...

and that's why I feel it my responsibility to show you a good time...you're so pure and selfless you're even making me feel guilty, despise myself...yes, I know how you have made all those lesser mortals feel...they, WE, are only human...so...yes...so I'm going to help you become just a bit more human...bring you down from the gods...it won't harm you...it will help you...and maybe help other people relate to you a bit better too...give you a better chance of reforming them, if that's what you still want to do after everything they've put your through...your only chance of saving them...is to save yourself first...so...and as I'm the only friend you've got...I'm going to have to play the role of saviour...you're going to have to let ME save YOU....so we're going out tonight, mate, and you're going to do EXACTLY whatever I say...you're not going to question me, you're not going to feel guilty...I will take full responsibility...if it weren't for me you'd be rotting in jail right now, so you owe it to me...do it for ME...I just can't bear to see you so miserable, when people like you deserve more
than anyone, if that means anything in a deterministic world...to have some fun...so, I will take no contradictions...tonight you are my puppet....my will be done...he laughs, smiling etc...at miserable looking comrade, puts his arm around him as he goes off to make the arrangements ... and they have this amazing couple of days of fun, drugs, women, enjoyment...

driver does big business in nembutal for right to die people...and even has lab where is working on a home made nembutal

some filth are told by superiors to 'act nice' and pretend like they are sorry, misunderstanding...have learn't lesson...of course our heros don't buy it... these filth plan some further terrorisation...but are caught and punished severely as superiors now have no choice due to high public profile of the case...etc...

target specific people and instances...e.g driver will say 'that colonel of police in Tallinn must have had shit for brains and/or shit for morals...what a fucking nerve...to take the piss so badly....telling you he compared your complaints to the translations and they were accurate...what a nerve...just goes to show how rampant the corruption must be that he was so confident of getting away with such a fucking obvious lie...so blatant...fuck, we have to teach that guy a lesson...he says or thinks to self...maybe he doesn't tell protag about all the games he is playing, or the ways he is getting even and teaching protags victimisers a lesson....so protag doesn't know, and could pass lie detector test...and does...on t.v...whereas filth won't let selves be lie-detected...always very specific...no overkill...just enough to teach point...and make it clear what the point is...if they are willing at all to get point...in case of colonel need a similar situation to put him in in which someone does the same thing to him. Maybe some contract he has translated before signing...in which the english one is very different, and to his disadvantage, but he signs based on russian / estonian 'translation' i.e set up by driver...maybe it is this colonel that is one of first to connect his experience to his own shitful behavior...

have characters suddenly recalling the similarities between what has happened to them, and what they had done to protag...i.e wake up in middle of the night after an 'a-ha' moment......
driver has inside contact in filth copy all files...even ones that were 'deleted' from 'official' file...when lawyer he hires gets access to...to show discrepancies, cover-up, corruption etc all throughout filth hierarchy...

driver sets up scenarios where the perpetrators are on the receiving end of the same dirty tricks, smug complacency, indifference, and outright hostility and exploitation...other people failing to do their jobs, respect their rights, respect the rules / law, conspiracy etc...so they get to see how it feels i.e really pissed off, vulnerable, impotent rage, unable to do anything without suffering terrible consequences...etc

at end of story there is big explosion...looks like our heros probably killed...but then credits roll...so viewers think they won't find out...but at end of credits the smoke clears...our heros crawl out, dust selves off...typical happy ending...but then camera pans back out to larger view...as our heros laugh it off, we see a huge wall toppling...but another dust cloud rises up and obscures our view...as film actually ends...

maybe at start, with car chase...he heads off down one way road...filth know there is no exit...so wait and group up etc...but driver knows what is doing...pulls into old house...rushes around ... puts two dummies in front seat...gets protag to take off shirt etc, ... puts on some hi tech goggles and gloves....and they go inside and sit down...protag turns to look out window as hears as car takes off with two dummies 'driving', and driver holding out arms as if has steering wheel in them...and they head off up to the top of the 'mounds' of mining waste....then driver gets up, one goggle off eye, and guestures for protag to follow him, down into basement etc...where he hits some levers and the entrance closes up...and they are sealed off from old house...and driver sits down, puts goggles on, pulls up a remote and suddenly protag can see what driver is seeing in goggles...the view from drivers seat, and out back window...

we can see the car is moving slowly towards the top of the mining 'mountain'...and once clears top we can see several filth cars at turn-off, ... then one screen zooms in...and we see filth clearly, apparently negotiating on the radio and consulting with each other...then they apparently get the go ahead to move in, and they head off towards the mountain.....or they were in fast pursuit, and our hero's just had time to get into house and get car back on road before they rush past in hot pursuit...and protag stumbles quickly into basement, protag follows
etc...and just in time to keep 'driving'...and there is a lot of cool driving stunts etc, some filth driving off sides of 'mountain'...etc...they play chicken with filth...of course no risk to them...and in end they get past all filth and head back out onto open road...all by remote control...and later the next day driver lets protag 'hey, can you drive?' drive the car back to their place, after leaving it at a car wash driver knows owner of...i.e car pulls up...owner has a chuckle...and calls him up... OR they blow up the car, with H.E, leaving no clues...assume both driver and protag dead...OR they refuel it and drive it into center of Tallinn...with police following...and use remote 'guns' to fire dummy bullets etc...set up big drama for t.v...and in end filth laughing stock as found two dummies in car...all remote...and a loud warning blares from radio...this car will self destruct in 2 minutes...everyone evacuate the area...and our heros watch on the screens as filth clear the area, i.e protag does not want anyone hurt...filth do...so he can blow the car up on international television...a huge buzz for him...as all his friends will be watching...maybe there is even some advertising material on the car for the company that made the electronics etc...i.e huge international free media coverage...driver owns lots of shares in etc...so the stunt more than pays for itself...he explains this to protag....

driver...you work so hard, and no-one appreciates it at all...in fact they make fun of you and put you down, asking what you do all day, with a look / tone implying you are lazy and they work hard...you feel like a joke...no-one respects you, takes you seriously...because you haven't been published...but you lose again, still, because their fear you MIGHT succeed, and so they envy and resent your attempts, even though you constantly fail...cos you might succeed...and they had given up years ago on their dreams...they even resent that you don't give up, that you are still chasing your dreams...of course they say its 'nice' that you still keep trying, implying you are silly, a bit of a loon, a bit childish...it is patronising...they want you to take up some low paid menial job worse than theirs, even though you worked really hard for 4 years at uni, and then at other courses, getting the best grades...really doing your best while most just coasted and didn't give a damn about learning...and all the people around you sense you are superior to them, even though you have nothing to show for it...not even a girlfriend...see how the filth treated you...they never would have dared do that if you had other people around you...no way...see how little respect they had...they knew they could do whatever they felt like...who was going to stand up for you? Who was going to bear witness?...

when people who you think of as friends won't even read your books it really gets you down...and when they recommend other books to you, ones you've read
and which are not nearly as good as yours, it really frustrates and irritates you...your ideas are much more important and valuable, but no-one will benefit if no-one reads...but at some level you realise it is a bit of a compliment...these 'friends' probably fear you just might have written something good, and they don't want to take the chance and find out...if you were mediocre, they would be full of encouragement, as they would have no fear of you succeeding, you would represent no threat to them...

I read that email your old 'friend' from Australia sent, how he was promising himself he would never end up back working in the place he had taken leave from to work on a private project...which 'failed' and he is now back at the same place...and you expect HIM to read your books and want you to succeed? You who have slogged it out for your dreams for decades...imagine how fair it would be for you to succeed, you have more than paid your dues...you are a role model for persistent, perseverance, staying true to yourself and your ideals and dreams...if on top of that you were actually rewarded and recognised in your lifetime, imagine how that would 'burn' in others...the thing people HATE most is when people who deserve something good, actually GET it...they may claim to hate rich people's sense of entitlement and inheritance, but at least that comes with a lack of respect...what people really hate is when people EARN their good fortune and DESERVE it...people who come up from nothing...so called 'self-made' people...people who came from worse than they did, but kept up working hard, sacrificing, etc...and then made it...because they ARE role models in people's minds...if THEY could manage it...then why didn't I manage it, they will think to themselves...they will be a burning beacon of self-loathing...reminding people of how lazy they are, all the dreams they sold off so cheaply, all the ideals they threw off as soon as they even looked a little inconvenient...and so people hate people like you, IF you succeed and get to enjoy that success....of course it is quite O.K by others to lionize you AFTER you are dead, if you never got any happiness or reward...THEN it is O.K to recognise you as a beacon of role-modellness...because you paid the price...the old Greek tragedy...you can only admire jesus or socrates after he has suffered...if they had gone on to success and happiness, people would have hated them...but as they suffered...it is O.K to praise them now...and you realise all this...that you probably won't ever benefit from all the sacrifice, hard work, the sweat, the rejection, disapprovals, the loss of most things people take for granted like a job, a relationship, a home, a car, health insurance...

But Jeez man...how do you do it...face that computer again and again each time you finish a book that no-one is probably ever going to read...to put yourself
through it all over and over ...even you see how crazy it is...it must destroy you utterly some days...soo depressing...all these great ideas you have to share, and no-one wants to benefit from them...not just that you will never be paid in any way for all your hard work...but no-one at all will benefit...not just you, NO-ONE...it was all pointless...

but we both know what gets the publics attention, don't we...so maybe it's not too late to find you a publisher, all we need is to raise your profile...and I've got just the idea...ideas....this is going to be fun...finally a productive use for all my talents and skills...thanks for that...even I will get to do something positive before I shuffle off this mortal coil and leave this shitty planet....yes, did you think you were the only one out there who wants to make a positive difference? Of course I'm not willing to sacrifice what you have, but still...nothing to lose now....and it'll be too easy...just a game...I have the resources and connections...poor you with all your talent, no-one from nowhere, so no way to get a public profile, all those web bloggs no-one ever reads...wow man, to think of the work you have put in...and now I will get you millions of potential readers, and a world-wide profile from the comfort of my 'end of world-proof survival bunker', while outside the filth are angrily calling for your blood...wow...what a world hey...what an 'experience' ...

during the 'big days out' they go to night clubs etc...really beautiful young girls...as young as 15...'I am good little girl all week...tonite I have fun.'...... they live for moment...nihilist...' life is sad...so we have fun...we beat life...we win...even just for one night...but we win...you see...this is how we win...we don't care about life...we have fun when we can...we have no future...we have this night...these nights...you see...cos we can't really win...so have fun...O.K...help us beat sad life and have fun with us...be 'hero'...fight heroic battle with us against said life...and we win...see...K'?... pretty young girl says to protag...and he can't argue with such a convincing and legit. Position...he is a bit startled at how sophisticated she sounds...and he is both sad and encouraged...like her...and she wins him over...driver gives him a kind smile and they all join in partying like there is no tomorrow...living for the moment...and for once in his life our protagonist just lets himself go...he is defeated...life has worn him down...malicious, ugly, stupid, violent humanity has stolen all his hope for humanity...and these girls seem to have only solution...they are right...they are 15 and 16 and maybe 17, but they were always wiser than him...he thought he knew better...he thought he could do better...but he was just a narcissist...they were right all along...life is sad...take what you can and to fuck with it...there is nothing worth saving...nothing to do...no other possible victory, etc...
in one scene a character speaks about the illusion of free will...maybe it is a taxi
driver?...why not?...'so it's like this, if you will allow an analogy...there's a
taxi...driver and two passengers...One of the passengers seems to be giving the
driver directions and telling him where they want to go, but the other passenger,
usually silent, seems to have a big influence on them...Now the driver does not
realise they are driving a taxi...they think they are just driving around. They are
sort of aware of one of the passengers, and only vaguely if at all aware of the
second one. The first passenger is the driver's 'will'. The second is their
subconscious. Now the driver has to remain conscious, in order to reckon/
calculate things like traffic lights, road rules, other road users, i.e is nominally in
control of the car, taking corners, braking, and so on. But in reality the driver is
only doing the driving, and is NOT taking the decisions. They take responsibility
for them...they feel pride and shame...but it is the passengers who call the shots,
like any 'fare' would tell the driver where to go, and maybe offer suggestions on
routes, even complain now and then. The 'pay-offs' for the driver are relief and
pleasure. That is how the passenger motivates the driver...as a normal passenger
would pay a fare, which the driver would use to alleviate their needs, and pay for
their wants...The driver is conscious that other drivers have nicer cars, and seem
to be 'going places' and they envy them. They often experience 'road
rage'(malice) due to this envy and behave in ways that don't benefit themselves at
all, but feel satisfying as they 'harm' other cars/drivers. When the driver passes
other enlightened drivers, these enlightened drivers look at the two passengers,
while the driver wonders what they are looking at...Few drivers realise they are
all taxis. Most think they are private cars. Few drivers realise they are doing the
bidding of passengers. Some drivers are vaguely aware that there is one
passenger. Only the really enlightened ones realise there are two. Only none of
the drivers can do anything about anything. Even the enlightened drivers get
pissed off when other drivers, under the orders of their passengers, do stupid
things. They may target the passengers, rather the drivers, but they still tend to
direct their frustration and irritation towards the drivers...when they direct it
towards the passengers the other drivers still take it personally...they don't get
it...after all, they don't acknowledge that they are taxis, with passengers...etc...

NOTE...SEND BOOK TO FUCKERS ONCE LEFT SHITLAND....EMAIL...'I
NEED TO CHECK TO SEE IF I CAN COUNT ON THE CO-OPTION OF
THE SHITLAND FILTH ON A FILM PROJECT...IF NOT, THEN I WILL RE-
WRITE SOME BITS TO FIT A DIFFERENT LOCATION...I WOULD
PREFER TO FILM IT ON LOCATION...IT WOULD BRING A LOT OF
MONEY AND WORK INTO THE REGION IF YOU CO-OPERATED...BUT I CAN'T RISK PLANNING IT FOR SHITLAND, THEN BEING TOLD THE FILTH WON'T CO-OPERATE...BECAUSE OF THE CONTENT...IT IS BASED AROUND A TRUE STORY FOR ONE...AND THE DIALOGUE WILL INCLUDE ... "PROTAG SAYS TO YOU...YOU EITHER HAVE SHIT FOR BRAINS OR SHIT FOR MORALS, OR BOTH...AND THESE FACTS WILL BE INCLUDED...IE WHAT HAPPENED IN BRIEF...SO PLEASE PASS THIS ONTO WHOEVER WILL BE DECIDING...SO I CAN FINALISE THE SCRIPT AND GO INTO PRODUCTION...

WHOLE POINT IS I CAN THEN BE HONEST ETC WITHOUT BEING CHARGED WITH THREATENING FILTH OR SLANDER ETC..

Protagonist was abused by police, maybe my exact story, or similar...and living in fear of police after no-one will investigate...everyone played games with...including public prosecutors...so he gets a gun...lives in fear of police...and one day some police come to where he is living...innocently looking for someone else...but he runs into flat, locks door, and begs them to leave him alone...other police and officials all act ignorant of his motives i.e legitimate grounds for such fear...and the actual police who came are truly ignorant of his past torture, abuse etc by police...so no understanding...they get locksmith etc to remove door...he makes a run for it...a shoot out evolves...he gets out...grabs keys off person just getting into or out of their car...and takes off...with lots of car chasing, shoot-outs etc...he makes 'molotov cocktails' which is appropriate as they are mostly 'Russian' police...he even gets to get even with his own evil bitch demon 'Faina'...she dies a horrible and deserved death, though he is not actually responsible i.e she gets involved in some way, and is 'accidentally' terribly killed...Hah Hah Heh Heh bitch...

note qualifies as 'justifyable homicide' as the protagonist did not WANT to hurt anyone...he was forced into this violence, so anything he does is legitimate, according to hollywood film criteria...he was the victim, does not want to be driving around shooting fucker cops and blowing things up...he was just pushed to far by the smug complacent fuckers with power who are so used to abusing
it...so corrupt, so used to treating people like slaves, expecting to get away with it...with no respect for anyone...so if a few 'innocent' police happen to get shot too (though the close-ups and 'known' kills are all of people we 'know' deserve it...that is just bad luck...but in reality we never see anyone killed who we didn't know deserved it...either by active violence...or by passive violence i.e playing games, not investigating, not serving justice etc...

If want to get revenge on whole of Estonia, make up other stories, of police raping german tourists, and local public procurators playing games with etc...and them meeting others who had similar horrific experiences in Estonia, and deciding to get even with the Idu-Viruuma police, and senior police officials who played games with them and made their lives hell after the actual horrific incidents...

In end they drive a tanker into the Johvi police station, where police are boarded up...and blow it up...one of the fucker cops crawls out, begging for mercy...the rape victim pulls out her gun...'mother fucker' and blows their head off...ETC...i.e Quentin Tarantino violence film...chance to get revenge...make whole world look on Estonia how it deserves, based on how it has treated its own people, and treats the characters (including me) in the story...

Simpler more generic response to experiences

Guy has given up on people, and now lives in a van. He has had problems before, and now has a gun. While travelling around, parking and sleeping where he is of no nuisance to anyone, living cheaply, with just a DC electric kettle, a black PVC bag for showers, etc, some police give him trouble, and just for kicks, envious of his freedom, seeing a vulnerable potential victim for their sadistic, destructive impulses, they push him around a bit, smiling at each other viciously, and when he simply tries to assert his rights they go for it, handcuffing him, dragging him off, deliberately knowing his van is unlocked, as he pleas at least to be able to lock his van, as it is all he has etc...they enjoy his suffering, and drive off....

We follow them to the lock-up etc...then return to the van, as the guy worries over it...and follow a group of kids, or a girl etc, as they discover the van, discover no-one else around, and start looking over it...finally finding the loaded gun...
The girl / kids etc have been brutalised / raped etc in their past, and are, like the
van owner now locked up, simply trying to survive in this loathsome
world...trying not to be continual victims...just wanting to be left in peace to try
to make a life for themselves from what is left to them, after the world has taken
all sense of belonging, approval, acceptance, value, trust, faith, hope...just want to
be left to themselves...like wounded animals...vaguely hoping in some sort of
future (and this is the hollywood redemption bit...for in the end these two will
find each other, a sort of unlikely father and daughter, or as potential friends /
equals / lovers?)

Now the police are back out roaming their territory like little mongrel dogs
looking for something to pick on...and they find it...our girl...she is now sort of
living in the van...as it seems to have been left ... (how old is she?)... and they
look at each other with that nasty sense of having found a new victim to terrorise
and torture...and pull up...

There is some interaction of the ugly kind, and the girl suddenly finds the loaded
gun in her hands...and her finger pulling the trigger...sort of watching in the third
person as blood spews from the crotches of the police, as their facial expressions
turn from the malicious glee of the vicious mongrel dog with a new victim, to
that of the shocked horror and surprise at being the 'victim', with that same
uncomprehending sense that a mongrel dog, in the process of torturing some poor
defenseless, vulnerable smaller animal has, when you go to kick it away from its
victim...dumb...filled with a sense of its own right to torture, and expecting
sympathy and approval from the world...i.e the world is vicious and cruel, and
must surely love the vicious and cruel mongrel etc...

Yes, and so now need to bind the story. Is the guy let out of the prison after 48
hours to find his way back to his car and finds the scene...first the girl being
fearful of him, and then seeing something about him that lets her trust him...and
he seeing those vicious animal police again, and understanding that they had
probably deserved what they got...and him explaining to her what had happened
and then she to him...and they drag the bodies off to dump them...and without any
formal agreement, go off together...

And maybe they are stopped by police again...and resort to the same sort of
defence...maybe a shoot-out...and in the end they leave the small town with most
of its 'police' dead or dieing...and with this they seem to have recovered something of themselves they had lost, and we have hope for them...they actually smile and joke as they pull out... : )

TROONATNOOR marketing blurb

The most important thing you could do this life is to read the TROONATNOOR series of books and novels. Begin immediately.

Sequel to 'City of the Sun'...as film and novel

This could be the most easily filmed and most 'accessible' way to convey all the important ideas of 'City of the Sun' i.e E.P (and 'veil of ignorance').

We start our film with a 'fait accompli'...a small family...living in a large town...it is totally empty of all animal life, except for our small family...the youngest might have been born just after the end of the first book. The oldest is a teenager, to allow some love interest in the story. They live in a huge luxury house with a compound, and all manner of luxury vehicles parked around the place...out back and in the streets around it are petrol tankers, and all manner of vehicles. There are generators rigged up to power everything, and pumps etc. The parents were engineers, with lots of experience, so they were able to make use of the technology available (and we will remind people in the film how most humans would NOT be able to use the technology other 'brilliant' individuals had produced!)

Later it becomes clear to us / viewers / other characters how it is that they survived...They were working on some equipment out in some isolated area for their company...they had brought the kids out with them, as they had agreed that
they had been spending too little time with the kids, as a family etc...they had almost agreed to 'separate' at the time...so the trip was a sort of attempt to get back on track...feeling alienated from each other, estranged etc...showing in little ways the kids related to each other and parents...the problems between the parents i.e their growing estrangement, frustration, etc...but if happy end hollywood then the experience proves good for the family, and they grow together as a result i.e 'redemption' etc...so they had taken this course...and they were all out in the field, working on some equipment...this is key...for they were all in an enclosed area, next to this equipment...which acted as the equivalent of the 'thumpers' that the EP's had worn to get immunity from the 'resonators'...i.e the equipment, and the family, were resonating at just the right frequency to be 'immune'...others explain this to the family when they recall the tale of how they went into the concrete bunker, underground etc...and a few hours/days? later when they came out, there was a strange silence...and slowly they realised there was not a single animal to be seen...first noting the absence of flies etc...and the EP people explain what had happened...i.e 'the purge'...or maybe they leave it alone for now, hinting at some vague 'natural' catastrophe...and later parents realise the 'mystery' etc...at first family are angry...this will develop later when the parents come into conflict with the EP's i.e they would not have been 'selected' due to their attitudes, characters, personalities etc...but happen to be alive still...and they do a 'run' when realise they are to be 'sterilised' etc...

The little kids are amazed at the idea that there are 'about `10, million' other people on the planet...i.e we see the little ones amazed at the 'huge' number, while of course the parents and teenager are amazed at how 'low' that number is...later when EP group explaining things to them...and the kids are completely in love with the cats and dogs the group have brought along with them...They help them release the bees and birds etc...and are completely won over by the EP group...

Now the EP group happened upon this family on a sort of 'travelling holiday'...they are collecting things considered valuable by the EP's, and also releasing stingless bees, vegan birds and other vegan animals from the EP 'ark'...etc...after evaluating sites, and also planting various crops which are hoped to grow wild later...according to EP principles...they were traveling in large all-terrain vehicles (which are a collection of military vehicles and old 'gasprom' etc trucks now painted with colorful, friendly, inviting motifs... collecting fuel along the way, and any food items either canned, preserved, or natural, that they could find...along with precious metals, and anything of real interest...'mapping' the area for resources...noting fuel supplies etc...they are a young group with a young leader...a sort of 'working holiday'...spirit of adventure...they had never suspected
they might find other people out here, and are really excited, sending news back to their EP centers, filming things etc...the family are a real hit and vice versa... they are already famous?...celebrities...? or have they been told to keep things 'hush'?

The 'meeting' could be sudden...our family quietly going about their business, planting crops, checking supplies, maybe they are out in the forest or in town collecting batteries from empty houses and shops, and foraging, when we are all 'surprised' …

A romance can develop between the teenager of the family and an EP member...and they talk about 'the EP cities' etc...and father might become 'jealous' of new rival...

Earlier in movie parents could accidentally stumble upon their two youngest engaged in some sexual acts...and their worries about incest … and discussion of Freud etc...and realisation that it is only a problem if the kids both have any genetic defects that could surface in offspring...that otherwise it is completely natural and unproblematic...and in fact there is no other way, as far as they can tell, that the human species could go on without incest...they have even talked with their teenage daughter, and she seems to accept the idea, even thrill to it...of having sex with her father...who just happens to be her step father...and mother realises that she has been having sex with her step-dad now for years already...and must come to terms with it...jealous at first etc...maybe she is even pregnant already...???

All the incest stuff could be stated or implied.

At some point there is an accident or other medical emergency...maybe the mother or father or child have been suffering for some time now...and the EP's use their 'remote medical facility' which is basically robotic surgeons, operated by human surgeons in any of the EP centers around the world...located in only the most ideal spots for human habitation and cultivation...the rest of the EP team are also trained in the basics, to 'assist' the surgeons...maybe they use the equipment to diagnose the problem, and then realise it is an emergency, and they arrange to evacuate the family back to their 'EP base'. 
Which allows us to see an EP community in operation...all 'optimal' conditions...greenhouses, fields of crops, robots and robotics, virtual equality of housing, clothing, status etc i.e open society, liberal...kids with many 'parents' sharing joys and responsibilities of parenting...co-operatives, all the EP stuff from the previous novels 'City of the Sun' and 'Veil of Ignorance'. The people are happily busy, smiling, friendly, warm, active, with electrical grid vehicles...

The family's kids are sent to an EP 'school' where we can get an impression of optimal learning conditions / environments / approaches.

The parent's begin work at one of the community's enterprises, and we get to see an optimal EP work situation / condition / production etc

Either they are 'celebrities' or no-one knows their background i.e assuming they are simply from another EP community somewhere else...maybe the 'veil of ignorance' is used on them to keep them unaware of their own past...

Now the 'problem' is that these people were not 'selected' as optimal. And they will have to be sterilised, after harvesting of sperm and ovum...and maybe this is where some tension in the film emerges...together with the families 'realisation' that the 'purge' was NOT natural i.e was deliberate...and they are against the EP ideals...and maybe try a 'Logan's Run'...???

The whole philosophy of the EP is explained to viewers as the parents get the 'explanation'...

Maybe a small group approaches the family, expressing their own desire to do a 'Logan's run' i.e they see the world is empty and open to re-population...and want to leave the EP community ... but this would threaten the whole idea of EP...sort of defeat the purpose???. but there are discussions and debates among EP's...for most of the people have the optimal traits...and it might be O.K to let them go and do their own thing...but then this might lead to tribalism etc...and one day conflicts...although world so empty it would taken generations before the most desirable regions could be considered even mildly 'populated'...but still there are principles...etc...and the leadership...now represented by ZZ and his friends, debate the situation...along with genetic engineers who are explaining the problems of trying to optimise eugenics without 'binging and purging' i.e like evolution...surival of most adapted...and so our young EP society is already at a
crossroads...at an important point...should they hope for the best...that they have done the best they could, and now it is back to nature...or hold the original course...

There may be, unbeknown to most people, as sort of sinister element to the EP i.e they could not fill their quota of technically qualified people, and so many of the current specialists are NOT really of an EP character...but are key to the success of the EP project...and these people may be more or less opposed to the EP's...but what was Kim to do? Leave the EP without key skills and competences? Will they be treated differently from everyone else? Will they see the benefits of EP and convert? That was the hope. But maybe it was in vain, and they are stubbornly pre E.P in mentality i.e pre-optimalisation / pre-purge?

And this will lead to questions about the second generation, which to Kim's mind is the true test of the whole EP experiment. We find him and his close group more or less openly accepting that the time may come when they have to accept that human nature cannot be 'optimalised'... that it does not 'breed true'...that the benefactors of their efforts will take everything for granted, and slowly become what they had hoped to eliminate...typical pre-optimalisation humans, bent on their own satisfactions and determined to opportunistically exploit any chance at enslaving others, as means to their own ends ...etc... i.e Freudian impulses will win the day....i.e fear that the few million of E.P characters are just random mutations, and will not 'breed true'...and that socialisation cannot make up for this...i.e like the experience of parents of the 'Kibbutzim' watching their children fight over toys, bully each other, fight, behave selfishly and deceitfully etc...the book version, and maybe film, might go on in later sequels to critically challenge the very possibility of 'optimalisation' as being contradicted by human nature, over generations i.e most children will be selfish, focussed on self and own pleasure and relief, and smugly self complacent and conceitedly arrogant in imagining they can and will do better than their parents etc, but whilst behaving exactly the same way, with the same motives i.e being unwilling to subject themselves to 'parenting' by the collective i.e the restraints and management of the society i.e everyone imagines themselves exceptions to the rules that others define i.e power only corrupts others, their own little 'excursions' beyond the 'rules' etc are harmless, and justified, etc etc...i.e will humans accept that they are really children...all of us...even the best of us...apart from rare individuals...and even these individuals must constantly check themselves, and submit to their own, pre-set managements i.e accept their own fallibility...ensure rules and procedures in place to prevent even themselves from excesses, opportunism etc...e.g bracelets that publicly show envy, jealousy, malice etc...i.e it is a real
detailed, challenging thing to submit to...and how many people really WANT
equality / justice / fairness etc i.e Freud and our 'instinctive impulses to
destructive violence' etc...and if in the end you lose hope in the potential for E.P,
for optimalisation...then, already having decimated the population, what is there
against complete annihilation of humankind? Would the world be better without
us? Would WE be better off? i.e saved from our SELVES?...these sorts of issues,
questions, challenges i.e to the basic idea of a utopian ideal...and how far short of
the ideal you will accept as still 'worth reproducing'...i.e will some 'accident'
destroy all the sperm and ovum? i.e to prevent reproduction...leading to a one
generation race to clone humans?...i.e a conspiracy first to eliminate this
species...then a technological race to clone...OR is this the only possible way to a
utopia? To clone the ideal? Sort of like Plato's 'ideal form'...only all the 'shadows'
will actually be ideal too...and thus the 'solution' to what you might call Plato's
problem i.e the imperfection of the universe...by identifying ideals and cloning
them, we can perfect it? Will THIS be the future of the E.P? And will Kim and
ZZ etc be cloned? Will the people revolt against this for some egotistical
reasons? i.e whereas before there was SOME hope of reproducing yourself, now
there would be very little? Or the opposite? Would it appeal to the ego to
reproduce the self...without adulterating it with the genes of another?...and will
there be more females than males? Is there any sex bias in goodwill, self-
lessness, idealism? Etc etc....

Note that E.P, utopia etc is dependant on goodwill, self-honesty, reason, sacrifice
for the future self and others, ...

Question of robo-transmigration??? Will some form of robot be the future i.e it
can be programmed with goodwill etc i.e EP character...but how to know if it
really IS sentient? Might be destroy ourselves and leave behind a bunch of
automatons acting 'as if' they are sentient...when in fact the vegetables around
them are the only sentient life?...will E.P discover a way to 'detach' sentience
from organic life forms to place it in inorganic forms?...or will the inorganic
'boundary' prove a mere illusion i.e genuine mineral sentience from the ground up
i.e merely starting out simple as 'awareness of being' and building up via more
complex memory and self-programming to become more like human, and then go
further...but what is point of experience engine? Experience? Or nirvana?
Optimization or adventure and excitement, cruelty, horror, pain, boredom....but
surely boredom is antipathetic to experience engines...and a
product...undesirable, of the slave society...maybe not natural...but ... blah blah
blah blah...etc etc etc ...i.e no 'boring' movie genre...though are many horror,
bloodthirsty, nasty, malicious, war, crime, even rape and murder movies...
The young romance evolves around this question too...as the girl wants to leave and take 'control' of her own life / reproduction...but the boy she is in love with is a committed idealist...and so they bring the 'debate' to life i.e keep it 'human' rather than a lecture...the boys reminds her of human history, and its slavery, violence, war...she is of course NOT educated as an EP...she is more or less 'wild'...she does not 'get' the EP holistically...and she is selfish...typical 'old-school' egoist who lets her ovaries do the thinking re: lust for babies / reproducing self / owning own children etc...so we get to see the old Vs the new 'world view' and 'attitude' contrasted...in a human / interesting / compelling / sympathetic way for viewers...

So, we have a basis for getting the EP ideas out to the general public in a human / compelling / sympathetic / entertaining etc context...

Distance from EP location? EP’s set up communities only in the most optimal areas for humans and farming i.e mild climates. Only about 10 Million E.P.s. In California, Southern Germany, France etc...but include all ethnic groups i.e Asian, African, Arab etc...they have huge automated farms around world...produce shipped by huge nitrogen Zeppellins...and easiest way to travel world is to do 'work-travel' on these farms...one incentive to get people to work on them is this travel...anyone can move around world working in this way if they will take the work on offer...and as very strict limits on maximum and minimum earnings, very popular to mix professional type employment with years of more manual type labor. Lots of automation is run from centers around world remotely. E.P's also took over the most ideal 'spas' and 'resorts' as holiday retreats...could take pick of finest, most beautiful, ideal locations. As E.P population to be maintained at around 10 Million, there will never be any 'scarcity'.

Now with all the luxury houses left empty, there was at first a big move to living in them...this was allowed...Kim Jestem predicted the outcomes...after a while the houses became too big to look after without the pre-E.P 'slaves' i.e cleaners, gardeners, repairers etc...so most people moved back into E.P centers, where new housing models were being constructed...modest, bright, cheerful, happy, low-maintenance, low-energy etc ... and same occurred with the luxury cars etc...which were there for the picking...few people knew how to repair them...so once any minor fault appeared they would scrap it and pick up a new one...but sooner or later people turned to the new E.P electric grid vehicles...which were
automated, and convenient. Without the pre-E.P wage disparities, people did the work most suited to them, and enjoyed it...they also changed jobs regularly....children could begin learning jobs that interested them as soon as they cared to...education was in modules...the only compulsory modules were the TROONATNOOR texts...and basic math and communication skills...after that children could chose to learn what they needed for the jobs they wanted to do...and they could change jobs as they wished...and travel around the world working in different jobs and locations...

Because of the abundance of all natural resources, gold and silver, and precious woods and gems were the common materials of construction. They had no value. They were NOT allowed to be bought or sold or exchanged...only the added human value was allowed to be given a value e.g artistic, value added...all transactions went through the central bank system...each person had one account...if they had an idea for a new product or service, they could apply for credit to set up the business...they were not motivated by personal wealth so much, as the strict limits placed on this made it almost irrelevant...people sought to produce real value...advertising was limited to factual information...

dis-intermediation was the rule i.e there were no 'middle-men'. There was no speculation. Enterprises could issue shares, and reward people for risk with profit-sharing based on this...but the shares could only be 'liquidated' by reselling them back to the enterprise, which would then re-adjust its profits etc accordingly, and make the share available again to new investors.

All medical etc research would be done using tissue cultures. Most diseases were of social origin, and these were eliminated immediately. None of the E.P's had communicable diseases...they had been screened...a few who did have had been isolated into their own communities...fully aware of this in advance of the purge...

Sex was considered harmless fun...there could be no sexual transmission of non-existent diseases, nor unplanned pregnancies...

this is where story gets a little mysterious / sinister for our 2 'non-E.P's'...for the kids come back from 'schooling' talking about 'reproductive material harvesting' and the parents are curious, and ultimately come to realise everyone has been sterilised...their kids will be...the teen girl has already been, and they are due to
be also...this is when they start becoming aggressive etc i.e reveal their non-E.P personalities / natures...and come into confrontation with Kim Jestem, ZZ, and our gang from before

Kim Jestem jokes that he is just there for show, for the real 'manager' is now ZZ, in whom he has complete confidence. They are working on specific protocols, and other plans..and as most people are of exceptional intelligence and character, it is a matter of discussion and communal 'anticipation of to be expected conflicts of interest etc...

everyone wheres those lie detector indicators, and emoters i.e which indicate if jealousy, envy, malice etc is present and motivating some response / decision process etc

Kim and 2 parents enter into 'argument' at some point...for Kim pointless, but gives us some insights again into E.P, and the pre-E.P problems which these 2 characters come to represent...Kim reminds them that their 'benefits' were paid for by less fortunate animals and humans...they argue it is 'natural' and 'god chose them' etc...i.e go through all conventional 'non-arguments' to 'legimitate' what is essentially slavery and exploitation...Kim even notes how Freud even worried that humans are motivated at heart by malice i.e they don't just do things, as they claim, because they are necessary, but because deep down at heart they actually enjoy inflicting harm, pain, humiliation etc on others, for their own psychological reasons...the 2 of course are not open...they are closed books...Kim and ZZ realise this...and discuss what to do about them...the world is certainly big enough for them, but to allow them to reproduce themselves, and the pre-E.P world, somewhere out in the world is unconscionable...the 2 decide to 'make a run for it'...but the kids won't come with them...the little ones love the E.P paradise, and the teen was always the idealist, and is in love with the E.P boy...the parents try to force them 'for their own good', but....

Surveillancy is everywhere, without anyone sensing anything at all 'sinister' about it...i.e it is there to help themselves manage their own human nature...transparency is the key to society...there are no real police...but everyone knows what everyone else is doing...can recall the data streams to check...so there is absolutely no motive to try to do anything bad...you will get caught...the real deterrent...and there is so little 'inequality' this early in the E.P utopia, that there is no real reason...and people are 'warned' about their true motives by the emoters
and lie detectors...they consider being 'wrong' the next step to being right ... there is no shame in being wrong...in fact people are rewarded for all new self-insights, admissions, etc...as being the superior...for being right is easy, takes no character ... it is sheer luck...but accepting you are wrong takes real character...it is a real sign of trustworthiness for positions of greater responsibility i.e the question at selection panels is '....so how often have you been wrong...failed...etc...and what did you learn?... for everyone knows that people who don't make mistakes don't make anything...and having made mistakes is a sure sign of an outgoing, open minded, curious, reasonable risk taking, creative, productive personality / holistic inheritance....

the absence of free will is the foundation stone for responsibility, ironically...for no-one is to blame for their success or failure...it is no reason for shame or pride...what matters is what you manage in the long run...how creative and productive your are, how considerate you are of others, how compassionate, how willing to see things from other points of view, and to optimise things to the good of everyone / everything involved...it would be insane, they realise, to punish people or reward them for things that they simply inherited...things they have no control over...and so rewards and deterrents are pretty level...enough to provide some deterrent value, and some incentive...but not excessive...and if anyone proves unable to live in the E.P society by its rules, they are sent to an island somewhere, to live out their lives as best they can...until they prove themselves able to live in the E.P community as a trustworthy partner...and at worst they can be euthanised, to come back with a more ideal holistic inheritance...remember they believe that billions of 'awareness units' can experience the same 'experience engine'...it is their 'article of faith and reason'...the 'optimal dogmal'...the 'optimal ethic generator'...

At start of movie have teen girl try to 'shoo' away a mean little dog that is attacking a cat...it just stupidly ignores her, like some god, intent on its cruelty, and she cannot understand how arrogant it is...she could easily beat it to death, but it ignores her...the cat runs down the tree and the dog chases after it....the scene depresses her...she is sensitive...we see on her facebook account she is a PETA member etc...in passing...lots of things have to be communicated visually to have an impact, without direct lecturing etc...

Then her parents in traffic are all stressed out, wishing there weren't so many people...i.e something they say etc...key...hint at future...i.e if only there were fewer people, and they were nicer to each other...etc...but these two are only out
for themselves and their kids...'see Lucy, that's where you'll end up if you don't study hard...you think we make all these sacrifices to send you to good schools for nothing? Do you think THEY care about YOU? She/he flips off another driver who has 'cut them off' at the carpark for a spot...so we get road rage, all the stress of high density living with no solidarity, etc...none of the E/P principles...etc...as contrast to what will come later, and as dramatic contrast to 'post purge', when they come out and find the city empty of animal life...'be careful what you wish for?'

Lucy is idealist. Sensitive. Compassionate. She longs for a better world. Her parents worry about her for this. They keep warning her 'idealists die poor and unloved'. She has to adapt to the world. It is not pretty but it is necessary. She has to look out for herself and her own family. That's the only way to survive. That is how they have the good things they have. They can't do anything for the unfortunate. That is just the way the world is. They can't change it. People who try to change it get punished by the world.

On trip shopping we get to see all the social evils and ills of a modern city...when parent's 'lecture' her she gets infuriated, and gives up. They just don't get it. She doesn't want the world they have. She doesn't want this world. 'Well what do you want then? You want to live like THEM'...they say pointing at some homeless people? And Lucy has to admit she just doesn't know what to do, what she wants, but she doesn't want to be like her parents ...'you mean I should be like you two? Always fighting, always working, always worrying...I mean, look at you...do you actually KNOW what you are doing? You can't seriously expect me to believe that THIS is actually what you WANTED from life? When did you too last have sex? And her parents are stunned and angry but have to admit she is right...so they change the subject...everything goes silent...they get out at the mall...and get back into shopping mode...

for the parents are on the verge of divorce etc. etc...which is why they planned this trip with Lucy, trying to get the family back on course...stop the estrangement...remember what the counsellor told us"'etc hints that the parents have been to counselling, and are trying to relate to their daughter, but are lost etc...estranged...alienated...
pets that show 'mean-streaks' are euthanised...Lucy is so happy to see dogs and cats playing, affectionate etc...there are no 'feral runts i.e little mean dogs out to hurt / harm...like there are no such people...

Parents plan to 'kidnap' two youngest kids and do a 'logan's run'...but it fails, and we are left with confrontation between Kim / ZZ and the two...they accuse Kim and ZZ of being 'monstrous Nazis' etc...they deny they were the beneficiaries of other's suffering, they hang onto their ideas of free will, gods, and the natural right of inequality, of the better exploiting the weaker etc...so we basically get the confrontation we would get if we tried to get E.P's adopted democratically...reminding ZZ and Kim of why they had to resort to the purge, and hinting to our audience the same might be coming their way...someone out there right now could be making plans...will they remain in denial / numbing / stubborn smug complacency? Or might they start thinking about things now, to make a 'purge' unnecessary...do they hate their betters...envy them...jealous of their own benefits...advantages...????? (i.e audience)

While on way to shopping trip, before purge, have parents point out a feral couple and their screaming toddler to their teen daughter... 'Thank Jesus you weren't born to THOSE people / THAT couple / you're not THEIR child' etc...saying this without any consideration for the child i.e no sense of empathy or responsibility for it's misery...their daughter looks on in horror for poor child...so sad for it...while parents are in that typical religious 'god chose to bless us because we deserve it', as if it is fair to punish the child for whatever they imagine its' parents may have done to earn gods displeasure...etc...i.e in contrast to EP sense of response-ability towards child, and lack of any judgement of parents as people per se...just as inappropriate parents etc i.e interests of child at heart.....

In E.P post purge community, same story with clothes as with luxury cars and houses...at first everyone wore the most expensive gear, but in E.P no dry cleaning...and no 'washer women', and no 'sending out laundry'...so over time people started wearing the E.P clothing, which was mostly stretch cotton-lycra...no status clothing...just simple color bands might indicate some special rank etc...though fairly flat society..status-wise...all wash and wear practical...and as shoes were unlikely to be made under E.P conditions i.e who would work in such a factory with the fumes etc...all the most practical and comfortable shoes and boots were collected and taken to central storage areas...considered even more valuable than jewels etc, as had actual practical value...and E.P anticipated
future problems with hoarding etc... like all E.P anticipatory measures, meant to avoid letting the worst in human nature ruin society...and encourage the best...take away the temptation in the beginning by making it more or less impossible...and once people BEHAVED in the desirable ways, their own unconscious minds would define it as INATELY desirable i.e to justify the sacrifice of a potential desire / impulse by defining it as UN desirable in post revisionistic ways...and making the greater disciplined action defined as desirable...

Seas void of all life. Irony as source of life on land. Can swim anywhere in ocean. No predators or parasites of any kind.

All games modified to some extent to make point of game collaboration and co-operation. Though individual achievement promoted and rewarded, not excessively as in pre-E.P i.e no professional sports people

All training is paid work, and you are expected to take it seriously and work hard...so no penalty for studying hard subjects, like medicine...you are paid for your effort...so no need to reward excessively later on for the sacrifice and risk, as there was none...and as all work respected, no need to do job didn't want to do i.e just for the money and status...and no 'junk' education i.e useless education 'hurdles' to artificially restrict numbers...no lawyers at all...computers state law...a group of professional 'judges' decide on what probably happened, and what response is needed....note all crimes against state....as by violating someone's rights you threaten to undermine the basis of free society...and intention not to punish or revenge, but to deter, compensate victims, and rehabilitate perpetrators...but those who prove unable to adapt to free society will be left to live out their lives in freedom on islands...given the resources to fend for themselves...at worst case...and at most extreme case given euthanasia...

All people are required to do one day a week of manual work...for many reasons...as otherwise no-one to do those jobs i.e those people do not volunteer to do...good for health and humility...solidarity...respect for manual labor etc... and encourages everyone to be inventive re: new processes and automation to eliminate the 'undesirable' elements of necessary tasks...

Lots of goods and services disappear as of no real value, and no-one willing to do them...seen as unnecessary...no 'slaves' to pass off these jobs onto...
Dis-intermediation avoids waste i.e. no marketing, no finance, no legal, most pharmaceuticals of no value, no middle-men who add no value...

Artists are given stipends at lowest ends of pay scales, enough to live on and work on...and then rewarded (though not excessively) by market as succeed or don't...none starving...can live well enough...if real artist will have no problem with this, as live for their art...and motivated to work hard...anyone can take 'time off' in this way to devote themselves to some productive effort...respected...not expected that everyone will produce art others like...but expected to make real effort...and not just be lazy...and motive to succeed as living on lowest income in E.P society...

No such thing as unemployment...always things to do...and shirkers are treated like any criminal...and ultimately let free to live on their own farms if they won't contribute i.e. free to live as free as they like...as long as at their own expense...

No useless education... universal access to self-education materials etc on all subjects...aim of education to make as user friendly as possible, with expert teaching programs, etc...use of videos, animation etc...and education professionals main task is the production of these materials, rather than actual teaching of people...with programs designed to test understanding etc...i.e. no waste of energy on 'discipline' or 'testing and marking' etc...

Everyone has incentive to eliminate all waste, all unnecessary actions, making everything as efficacious and efficient as possible, eliminating all unproductive elements of any process, from education to manufacturing...as all will benefit from innovations, and will save everyone from unpleasant tasks...

Can put different twist on story...more conventional...people now living in a society where everyone is sterile after puberty...so sperm and eggs harvested...and for some reason most are sterile...i.e. story given to population...claim that some virus emerged or was terrorist action...which lead to most people becoming sterile, and all becoming sterile shortly after onset of puberty...egg and sperm production...and live with benefits i.e. eugenics...though would never have agreed to be sterilised and to have the reproduction...
managed...decided against their own selfish desires to reproduce themselves...and so a report or researcher stumbles upon the fact that the story is a lie, that the sterility is the product of deliberate nano tech...and that the people are being mislead...at first she thinks she is mistaken,...speaks to superiors etc..soon realises it is true...that she can either accept a promotion and join in the conspiracy, or try to inform the public and run...i.e more conventional that such a conspiracy would be considered sinister...to general public...so story from that angle more acceptable...but at same time can show the benefits of such a system...sort of crypto-sinister i.e my intention to show good of such a conspiracy, though in story / for reader...treated as sinister conspiracy....and so can write action / escape and evasion / fleeing from enemy etc sort of movie...with chance to enlighten...people will see benefits despite themselves...and despite tone being sinister...and conventional i.e utopia is really sinister conspiracy treatment of potential utopian ideas in movies and books in recent times i.e to debunk idea of utopian society...try to show all negative sides of technology, and new world order ideas as 'sinister'...when in fact best ideas ever...etc.....In movie a small minority can be active co-conspirators i.e know what is going on...but most ignorant..this allows innovation to be treated as 'fait accompli' and accepted by masses as some terrible, though natural, misfortune i.e their inability to reproduce themselves...children become precious...valued by all...resourced by all...everyone shares in their care...everyone gets chance to enjoy their love and affection etc...maybe can start at scene of supposed 'outbreak' of virus...i.e decontaminating the site...leads to some discoveries and inconsistencies in official version of events...the official fiction..which leads our 'heroine' to investigate, doubt, ask questions...be cautioned against asking more..being offered good job to shut up...deciding to become whistle-blower, and being threatened, her job lost, life ruined, blacklisted, loses reputation, friends etc...so can also show how mobbing functions, and why people should care...i.e in this case to protect their own reproductive rights, though deeper moral to story is that eugenics, management of reproduction is good...etc...so sort of crypto...leads people to see something they didn't expect i.e pander to expectations at first...give what want...sinister state...sinister conspiracy... satisfy, while giving insights they would otherwise have rejected without paying any attention or consideration too, if they were first offered them for consideration...give self interest in preventing / deterring mobbing...and lead to consider, even unconsciously, the benefits of eugenics etc...and population limits...etc...also wider industry and journalism will see as a condemnation of the supposed N.W.O plans to secretly sterilize most of population, and limit world population numbers...so will embrace it...anti N.W.O will thus be lead to make movie popular, for their own reasons, while the content will appeal to the appropriate audience who are open to the N.W.O ideas, but were not really aware of what they are or how they might appear in reality / work / function etc...so movie can be popular by pandering to masses, and meeting
their expectations, and giving a good 'chase' action and conspiracy movie, while still targetting a sub-audience that is open to N.W.O ideas...

New book – film idea

This is to show how corrupt people are in daily life i.e they force others to pander to their own notions, ignorance, fetishes, arbitrary whims, definitions, sense of their own self-importance, abuse their power to get whatever they want, including attention, forcing others to comply with their self-definitions, their fancies, their emotions i.e most bosses behave like this, anyone with power in any interaction, situation, condition, abuses it in this way, trying to force others to go along with their own fantasy role playing whims, validate their own delusional ideas about themselves and the world, force them to wear masks and personae and take everything personally and take advantage of people i.e force people to pander to them, be careful not to 'upset' them emotionally, like small children, bullies, in small and big ways that make life unnecessarily difficult and false, fake, etc so you have to walk on tippy toes around them as to not risk 'offending' their 'sensitivities' about all sorts of arbitrary, stupid, wrong, false, fake, bad, things i.e so basically they are abusing their power to force you to pander to them as if they were gods, kings etc and pretending it is just normal i.e that clearly they are just right, it is perfectly natural everything that they do and perfectly natural just to expect you to validate them, appease them, think of them as gods not to be vexed in any way, simply as they have some power over you...this is the real everyday meaning of corruption, and how power allows the worst in human nature to come to the fore, by eliminating any restraints on its expression...shown most in the worst natures, but still a risk even in the best of natures in times of frustration and stress, when lazy etc...

So the analogy, the 'mirror' in which we shall look at ourselves and our 'little dictators' in the face will be a sort of horror story. The main characters are these sort of newly evolved down-syndrome persons with the ability to do nasty things to you if you dare upset them, as the average person abuses their power in daily life...could be like planet of the apes ability to make you suffer horrific pain telepathically...have to decide on their powers...but in any case they have this power over everyone...maybe they have been left here by aliens who promise to
destroy earth if we dare harm or irritate their lovely darlings in any way. i.e they may be alien children left here for 'baby-sitting' like rich people leave their kids with tutors etc, and expect you to pander to them and not 'upset' them. i.e not frustrate their whims, fancies, wills etc in any way, to keep them content and happy.

These 'monsters' will have ugly scrunched up, evil, malicious, nasty looking faces. Of course everyone will pretend to their faces that they are just gorgeous, cute, charming in every way, to avoid their anger.

In one scene one 'moves in' across from a flat, and the occupant sees them for the first time, staring across at them with that malign looking face, and they are horrified...but first thing they do is force themselves to smile as if the monster is a cute child. But then they have to find some excuse to close their blinds, as if completely unconnected with the observation of the monster, to avoid provoking it. It must be lead to believe it is lovable, adorable, perfect, charming, or it will get upset and take it out on you, making a 'scape-goat' of you, as if you were to blame for all its failings...as if if YOU had not noticed it was ugly, it would be beautiful, as if if YOU had not been more attractive etc it would be beautiful. i.e blame you for everything.

In most human relations people have no concern for what is right, they just want what suits them at that moment, what is convenient, and so our monsters simply act out human nature, by insisting things be done to suit them, arranging the world to their convenience, and demanding that everyone act as if they were not doing this, that what they were demanding was simply the natural, right, best thing, way of behaving, etc to do, so not only demanding people pander to them, but also to deny they are actually pandering. i.e not just doing as the monsters want, but denying they are doing anything unusual, that they are in fact pandering etc to them. So the monsters just give a little grimace any time their wills or definitions are challenged in any way, and the interlocuters and interactors, the other people, quickly try to 'read' what it is the monster wants them to feel, say, act as, think, believe, be, so as to avoid upsetting the darling creatures. All the while the creature acts as if they are in disbelief that any such 'deliberation' could possibly be necessary, as surely it is obvious and logical and clearly RIGHT and natural. i.e what they want...surely it requires no sort of thinking or deciphering...what is wrong with these humans that they seem unable to grasp the obvious? Why do they need to be taught the most obvious and basic things? Like that everything the monsters like and do is the most perfect, obvious,
natural, best, cleverest way of doing things, and everything the monsters do is
great, and the monsters are just naturally superior and beautiful and so the
monsters find it preposterous that the humans should need things 'explained' as if
they were stupid, as if everything the monsters did and wanted was self-
explanatory and should need no explanation.

So everyone is humoring and pandering to these monsters, and more and more
arrive as they find it so nice living among the humans, who obviously appreciate
them and admire them and see their natural superiority in all things .i.e they
convince themselves that the humans are not 'acting' or playing roles as such, that
the humans actually do things because they are right and obvious, and everything
the monsters want is good and right and best and … monsters convince selves
that it is not because of their power to inflict terrible pain – consequences or
threats of those who left them on the planet .i.e like all humans in power live in
denial of motives of others in complying with them, as part of their fantasy role
playing they call their lives – personalities – reality.

But then maybe a small group of people, or just one child in particular, resists
this pandering, and questions them, or one of them that is maybe a lot more
'evolved' than the others and finds the child's impertinence interesting, or is a sort
of alien psychiatrist, and treats the child's lack of compliance, mit-laufen,
adaption to the situation as a mental illness. This monster comes across the child
in a sort of prison where they keep humans who won't conform, or other humans
put them to prevent them upsetting the aliens – monsters. And in this setting the
child is 'analysed' and they seek to 'cure' it from its 'illness', which consists
merely of saying what really is, seeing what is really there, being honest,
challenging the aliens-monsters right to behave as they do, challenging their
'ethics' and their 'definitions' of reality .i.e telling the emperor he is naked. Of
course this is where the story gets to explain how mental illness is defined in our
society .i.e unwillingness to where masks, adopt personae, to 'adapt' to and 'lauf-
mit', to 'go along to get along' and actually draw attention to the ugliness,
falseness etc of society.

This child is treated as an oddity, as something to be 'humored' as extraordinary,
and maybe able to shed some light upon the strange incidents the monsters note
among the humans .i.e that some seem 'crazy' in obstinately denying the obvious
beauty of the monsters, their obvious 'rightness' in everything, their obvious
natural right to have things done as they like...the recalcitrance on the part of
some humans, and even the best on occasions, seemingly unable to 'grasp' the
simplest things and recognise the most obvious of realities (meaning to see things how it suits the monsters, how the monsters would like to be seen, how they would like reality to be, to comply with the monsters self-definisions and fantasies about themselves)...like catholic inquisitors and their moder equivalents, denying they are monsters in their treatment of animals etc, denying all their own ugliness and fantasy role playing and self definitions and definitions of reality.

So they are 'interested' in this child, as an oddity, as if by studying him – her they might learn why some other humans are so stubborn in denying the obvious, and why often things need to be explained to the humans which should not need explaining as they are so obvious, and as to why humans sometimes react to the monsters as if they were ugly, mean, vicious, nasty, selfish etc when clearly all monsters are the paragon of creatures, with only the best intentions and good will towards the humans that are lucky enough to share their superiority with, to employ in useful ways, and to manage and lead...

And so a great vehicle for a satire on human society!!!

UTOPIAN PRECEDENT FOR EPS

Have some current crisis or conflict lead some characters into researching the past, looking for a solution to the current dilemma. Or just happen to discus it as part of the current plots.

Some shock situations for reader. Have 40 year old man brought before court...judge asks to his side, he explains how he noticed two young girls, maybe 13 and 14, found them attractive, and offered to 'lick them all over and then fuck them up the arse'. Now reader will assume he is on trial for this. They will first be shocked by his apparent smug complacency in admitting his 'outrageous actions'. But they will be shocked even more when it becomes clear that the judge is impatient to get to the 'case' as such, 'yes yes yes, the file states that you asked the girls if they were amenable to a sexual advance from you, they agree they offered a positive reply, and wished to know what you had in mind to do with them...they accepted your offer, hoping to enjoy a good hard fuck...now none of this is contested...please don't try the court's patience, and get to the actual charges...the context has already been established, can we please get to the actual charges...which is that the girls accused him of trying to 'religionise' them i.e they claim he proceeded to show them bibles and pictures of Jesus on a cross
etc...which is the real charges he is on. i.e this society had no problem with sex at all...informed consent only pre-req.

Include this somewhere...men who deny there is any victim in sexual harassment...point is that women don't really mind when hot, sexy, cute guys flirt with them...but point is that you have to be honest with yourself...are you cute, sexy, hot? ...most males are not...especially bosses in work-places...usually fat, middle-aged, unattractive...and this is more to the point...but problem is that they are in denial...and to some extent correct i.e many young attractive women would MARRY them, for the benefits...so in some part have selves to blame i.e encourage older, successful males to chase after them when marriage on offer...but in terms of seduction, and what most men have in mind, they are NOT attractive...and so have to have ugly, fat, middle-aged women treating men in same way i.e proportionately MORE fat, ugly, unattractive than the men, to maintain same disparity between the hunters and victims i.e men and the girls they harass...so have uglier, fatter, older women treating the men the same way these men treat younger, prettier, sexier women...and only THEN will they get the point...of course most will live in denial about this 'relative attractiveness' i.e in denial about their own lack of charms...and of course the fact that women find them attractive as HUSBANDS and PROVIDERS accounts for part of their fallacious thinking...

Oh, he had died so young. Only 700. With so much of life still ahead of him !!! Just a pup! Aliens lived to around 2500 years old, on a planet that was in constant change, due to the several moons and suns, and shifting tectonics...like the geological time sped up on earth, with the same number of great changes occurring regularly every few years. And so they were nomadic by necessity. Minimalist. Functional. They focused on making the simplest of daily devices into works of superb art, sublimely functional and aesthetic. All their furniture was mobile. Their homes were mobile. Thousands of years ago they had learned to co-operate, or they had fought until only the strongest survived, depending on which of the ancient 'songs' 'tales' 'myths' etc you preferred to believe. Also differing explanations for how new mutation became dominant...natural selection or eugenics? Different stories how in past most people lived to 70 or so, until some event or time when people began living longer. But in any case, the conflicts had all been resolved in a pre-historic distant past. The survivors who went on to found the current society had all learned the lessons, and negative selection had filtered out all the instincts and weaknesses that threatened peace, security, and the optimal relationships between people, and between them and their environment. Or is it merely that a form of organisation and law evolved
that kept the lid on the natural tendencies of the population, and continued filtering out the less socially adaptive impulses and qualities? The destructive, counter-productive tendencies had annihilated each other. Some believed that the current gene pool was so undiversified as it came from a very small population that had survived a great war on their planet. They lived in a golden age, but the price had been paid by untold earlier generations, each learning some lesson, or failing to, and ultimately wisdom became distilled and concentrated among a small group of people, who, living isolated from the general community, as outcasts even, had survived the fates of those who had abandoned them, rejected them, ostracized them. And so the gene pool was quite small. This was a prerequisite, as anyone who understands evolution, for a new species to emerge…or at least a branch very different from its parent tree… And so the harsh filter of negative selection had been replaced by positive selection by this new group. Only the most adept, talented, healthy, strong, intelligent, emotionally and intellectually, balanced, socially able, emotionally competent, etc were reproduced. All male children, in a lavish ceremony, were sterilized soon after reaching sexual maturity at the age of around 200. Before this their semen was 'harvested' in an orgy of sexual abandon where all the girls would dance naked, masturbating themselves, arousing the boys, and then wanking them off into special containers. This carried on on special days over the next few months, until enough semen was collected from which to take the most desirable sperm, to be frozen for later insemination, in a program of responsible and planned reproduction. The environment was unforgiving. Everything had to be optimalised. And this necessity lead to many inventions, and avoided many others, that plagued the Earth. Nothing was wasted. NO lies or deception. No marketing. No advertising. No formal religion. No taboos associated with slavery. It would be impossible, as genetic inequality had been more or less eliminated for known history. They had few companion species…one was like a wombat-bear-dog, another was a very large cat, and some very colorful and intelligent birds. No animals were enslaved. No people were. There was no exploitation. Living so long, their education was spread out over hundreds of years. They learned everything they could glean from their own planet, and those others that their probes encountered….much more than any human could imagine. They became competent at all things, from psychotherapy to cooking and love making, design, music, architecture, engineering, literature. Their life-spans and challenging environment had long ago reinforced the necessity for eugenics and euthanasia. A maladapted person would be a burden upon their fellows for thousands of years, and endure or suffer it themselves. There was no 'noble' lie to prevent people behaving reasonably, and throwing off a dissatisfying existence with the certainty of inheriting a better one i.e they had long ago recognized their own form of 'Vedanta', acknowledging life as an experience engine. And responsible reproduction was a necessity, given around 1.5 thousand
years of fertility, with only a one year gestation period/conception to birth cycle. And so they had come to their own Eden Protocols millennia ago, when humans were still small rodents seeking cover from dinosaurs…Long before they developed the technology to manage reproduction, they had taboos which were the equivalent form of social technology. They developed sexual habits and behaviors that avoided reproduction, as a norm. Rituals had evolved to cover euthanasia, infanticide, and so on, so that these practices flowed smoothly into the culture and life of the people. … there was no fear of death…there would be no pain in death,…and nothing lost…they would go to sleep and wake up in the womb to enjoy a good life…time meant nothing in between lives… it was a return to godhead…etc…everyone understood the logic of these rituals, and they were beautiful…no-one dreaded them…all welcomed them as appropriate at the right time… over the millennia the optimal forms of behavior, relating to each other and the universe, technologies, social forms, mores, etc all developed, and had bequeathed the current generation with a utopia only imagined by prophets such as Kim Jestem on Earth. No-one questioned their good fortune. they merely enjoyed it. Well few questioned it. Of course some still harbored the desire to experience things like violence, war etc, as an exquisite form of experience, and this is what the dream producers catered to…virtual reality…or was it…few suspected that what they sold was in fact a reality…someone's reality…in fact someone on earth's reality…and this lead to the problem of moral hazard and 'who benefits' motivations and vested interests in keeping the earth from evolving morally i.e a big lucrative market existed for its experiences…and this often had some authorities questioning whether what still went on on earth was natural, or perhaps encouraged by the entertainment industries on their own planet…and this is what had lead them to send out a few observers to investigate…it was not hard to fit in, as they simply appeared to be the most desirable and beautiful of possible humans, to the general population, and they found themselves enjoying all the benefits of this very soon upon arriving…which itself raised various questions of probity on their part…and so further auditors had been sent to check up on these observers, and so on…and so on… Of course on their own planet sexual abandon, within controlled situations, like recreational drug use etc, were normal. But on earth it brought them in confrontation with the slave-masters representatives…

T.V show host on Earth Well, you know the old saying 'Death and Taxes'? Well of course you are aware that I have lawyers who dealt with the first, right? So I haven't paid taxes for decades. But what about the second. Well I'm about to let you in on a little secret….
Irony on earth was everywhere...shocked the aliens...the people with the least to offer their offspring had the greatest motive to reproduce...loneliness, meaningfulness, failure, desperation to justify their existences...co-dependency issues...and so the ugliest, stupidest, unhealthiest, etc etc had all the kids, while the best candidates often refused to reproduce at all, out of a sense of responsibility to their not-yet-conceived children...but this the aliens could understand...who would want to reproduce the misery, dissatisfaction and suffering they observed to be more or less the general rule for this planet...and how they tortured animals...it was impossible to comprehend...it was disgusting...they could barely contain themselves...and so they met and decided upon a plan of action...it had to be halted...this could not be allowed to go on...even those enjoying themselves immensely as kings, though not much differently to the average person on their own planet, could not accept such a high price for their entertainment, their satisfaction, and so they hit upon the plan...find someone, some group, to be the vehicle for the ethical evolution of this planet...and so they had found Kim Jestem, and Dr Blick and her term of reproduction researchers.

maybe give hero or his girl a robo-pet with potential for marketing from film etc...parrot? Cat? Dog?

Name some character Elron, in homage to L.Ron.Hubbard!

In new religious cult a-la eLRon Scientology, provide free tests to see who is actually an alien trapped in a human body, and who is human...tell all that they are either definitely aliens...in negative selection process to select new elite for organisation...and tell everyone else that will make up the drones that they are `unsure´ that they might be, but require further testing etc as many aliens are so completely identified with the human body they adapt that they slip through the process...simply `noble lie´ to keep all hopeful and motivated to participate in organisation...though not completely lie...and no more than they are lieing to future elite...and those people with loads of money or connections are also automatically defined as aliens...i.e offer to free them a-la eLrons O-T as operating thetans...return their alien powers to them, after a long process, mostly pointless, like all religion, but with ethical aspects intended to gain compliance with a higher ethical tone...like Dali lama lie of reincarnation of old Buddha, allows organisational leaders to have the authority of their new elites automatically validated and legitimated...as they are superior aliens...they are millenia more evolved than the humans, in every way....just got trapped in bodies
after playing some games as experience engines and came to identify so completely with bodies forgot they were actually alien operating thetans participating in a recreational activity … entertainment…. brings us back to alien planet where EP is established already, … and their curiosity for this sect, coming as it does so close to some part of the reality of the situation…and wondering if that is the alien influence coming through...

I mean all those prophet-guys, the Akhenaton's and Jesus's who got annihilated by the people they were trying to enlighten...simply for daring to suggest they NEEDED enlightening...simply by showing them it was POSSIBLE to live ethically...

Some rare few EP elites developed the power to actually over-ride the unconscious…and thus actually experienced some degree of authentically FREE will. And they then realised L Ron Hubbard's science fiction fantasy of ‘Operating Thetans’. It was EP theory that organisms were experience engines which we inhabited as more or less passive passengers, but these highest level EP dream producers had actually found the physical means to detach from their own bodies, leaving them to the unconscious, which didn’t require any passengers as such, being completely in charge all the time, and entering the experience engines of other people as additional passengers….remember an unlimited number of people can watch the same film, listen to the same song, or inhabit the same experience engine, and experience it as passengers,… and enter any other persons experience engine, experience the same things they do…but in this case these people could actually enter into the unconscious of anyone, and engage, with some degree of FREE will, with it….adjusting its algorithms, impulses, and computations, and essentially determining, to some degree, within limited ranges of action, the WILL of the person…and so they could prevent a person acting on their ´will´, and even replace their ´will’ with their own…hence secret service officers couldn’t pull the triggers of their weapons no matter how much they felt the will to do so, no matter how hard they consciously tried to… Of course at any other time, at any other level of evolution, the possessors of such powers would have employed them opportunistically to satisfy their own wills, to acquire personal power, wealth, status, sex and so on...

Jesus is a character who rallies against the privileges and excesses of the priesthood of his time, who exploit dogma and superstition for their own personal benefit, living lives of luxury, decoupled from the problems of their ´people`.
todays swastika in Nordic lands, good luck symbol originating in China

F.B.I senior officer orders his goons to ´use lethal force to eliminate every EP operative in this building´. They set their weapons to lethal, and set about carrying out their orders, however every time they come across someone they find they cannot, no matter how hard they try, no matter what their absolute, determined intention, fire their weapons. It was inexplicable. And then the commander comes across several of his agents confronted by some senior EPs (they have infiltrated one of the EP secret locations), and demands they fire. The EPs ask the commander what his intention is. He confidently states it is to eliminate them, to annihilate every last one of them. The EPs nod to each other that this has been understood. As the commander raises his own weapon it is jolted out of his hands by a directed energy burst with no identifiable source. He is then taken into custody, along with the other agents. Shit, this is not how he had planned the mission. And so far all his missions had gone to plan. He could not fathom how or why. The commander was clearly set on murdering them all. So what right did he have to mercy? well, his actions are as determined as anyones, so everyone had the same right to mercy, independent of their actions…only, if they could not be managed and posed a threat, then the threat they posed would somehow, in the most humane way possible, be neutralised. In his case he was implanted with a micro-explosive inside his neck, next to his jugular…or at least that is what he had been led to believe…in fact the nano-bots had been programmed to neutralise him by destroying his nervous system, virtually in seconds, if he posed any future threat…only the EPs could not risk revealing anything about their nanobots to anyone, and so they implanted a small tracking device in his neck, telling him any attempt to remove it would activate it…the threat existed that he would accept his own death for the completion of his mission…some authoritarian types were like that, like the suicide bombers…question remains as to whether they can ´convert´this man…they had done similar conversions in the past, and they had proven extremely valuable strategically and tactically…it was how they had known of this commander´s mission…and such men had valuable qualities per se…But would robo-sentience ever be truly sociable? Well, like every organism, it was basically a question of what algorithms you programmed it with, and how you ´allocated its mobile cathexis´i.e what activities you defined for it, hardwired it for, and software’d it for, to find pleasurable. The question was no different that for any other sentient creature. The question was, though, how could anyone be sure any robot really was sentient. Of course robots had no monopoly on that dilemma. For fact was, no-one could be sure anyone else was actually sentient. We simply made behavioral assumptions, and like Hume reminded us, constructed meaning out of correlations and experiences which, in reality, had no scientifically compelling
bases. But as for the organic experience engines we inherited, what would motivate people NOT to simply plug their dopamine plants, their pleasure centers, directly into an electrical stimulator, and simply spend all their time experiencing pure pleasure? Of course the question of habituation was crucial. What would happen when the power was turned off? Of course it would be no different in quality than for any drug addict going cold turkey. But was there any limit? And how would people come down from such a continual high? And of course for some this raised the question of why bother doing any else at all? Why not just plug ourselves into an increasingly growing pleasure source until our brains fused and we died? And does pleasure ultimately require displeasure to exit re the allocation of a mobile cathexis, the ability of the unconsciousness to ensure that dopamine and other chemicals were produced in relation to particular experiences, and pain to be produced in relation to others? Ah, so many questions remained unresolved, but none of them questioned the ultimate 'Raison de etre' for EP. The first objective was clearly to optimalise the organic experience engine and holistic inheritance we had inherited, to cease reproducing sub-optimal experiences, and to seek more optimal ones.

The F.B.I troupe are shown around the facility. Any time they attempt to act violently they find they cannot act upon their apparent wills in this regard. This gives us a chance to take a tour of the EP facility.

No conflict between seeking to prove Buddha wrong by producing an optimal experience engine and holistic inheritance that was ultimately satisfying, rather than dis-satisfying, especially given that every person had universal, unrestricted, unquestioned access and rights to euthanasia, should they find that, whatever EP came up with, that life was still, for them, dis-satisfying, and not worthy of reproduction, or further evolution. And so any apparent nominal conflicts all proved resolvable. Nothing in the EP agenda conflicted with any of the various free thinking members. No argument was censored. All arguments were considered. And so, unlike all dogma, which is based on lies and denial, the EP organisation proved to have an integrity and strength capable of dealing with every eventuality. And of course the Dionysian, Nietzschean view was clearly consistent with EPs quest to optimalise the biological experience engines we inherited, along with the society that formed part of the greater, holistic inheritance. And the cool, calm, Apollonian types could focus on the cool calm metallic logic of robotics. There was no need for any EP to seek oblivion via alcohol and other drugs. Their rights to euthanasia was unquestioned. And in the absence of exploitation, few people found ever found themselves feeling any desperate need to shuffle of their mortal coils. Everyone found satisfaction
knowing that they were contributing to the most positive evolutionary process ever known.

Taxation and welfare will allow people to spread their profits and income from good years across the bad years. Creative people who work hard but earn little income for many years before achieving success, will be able to spread the income from this year over those previous years, where some connection is reasonable to assume, or can be proven. Hence writers, musicians, artists and so on will be able to average out their incomes over all previous years. For example to be fair, then if I ever earn any income for the work of the last 25 years, it should be averaged, as I earned no income from my work over that time, and I was, because of it, unable to earn any other form of income. I would have to earn over a million dollars before you could even consider that I had been fairly remunerated for 25 years of work, as even a minimum wage worker would earn a million dollars in 25 years, taking inflation and average bank interest in consideration. And that does not even begin to compensate for the risk factor. Compensation must account for risk. Hence probability times actual reward gives us a starting point. If you have a 1% chance of success, then you must leverage the minimum wage 100 fold. This is simple probability statistics. However as under EP conditions everyone was guaranteed a minimum income, and required to participate in a minimum number hours per year carrying out the least desirable tasks, in reality the rewards the most creative people are fairly entitled to would not exceed 10 times the most common income, with further calculations to average out this return over the previous years, so that in reality the ‘windfalls’ of creative activity would end up no more than 5 times the most common income. But this ensured that creativity is motivated extrinsically, and ensures, more importantly, that the strongest incentives are actually intrinsic, that people will work on projects they really care about per se, rather than doing so as a means to greater incomes. Thus artists would tend to be more authentic, and so on.

Show how a zero tolerance policy towards all forms of violence can be implemented, while maintaining informed consent for all interactions. Achieve social development goals todays schools pretend to. with specific modules in core skills. Competence based progressions rather than age-based ones.

Module based. Success in each level pre-requisite to moving onto next. Focus on strengths, rather than forcing failure. More need for social and communication skills, and creativity etc, then for maths for most people. However comprehension TROONATNOOR is pre-requisite to society functioning
optimally. Education about the nature of religion and its evolution. Optimal ethic generator part of EP spirituality i.e optimal dogma/faith for those whose natures seek religion per se re rituals etc, but no recourse to superstition and appeals for the intercession of gods, angels, spirits etc on our behalf, or to homeopathic or sympathetic magic.

For EP sequel can elucidate the education of EP children in the EP colonies. Design a course in TROONATNOOR for students from kindergarten onto primary school and then high school. Show how sexuality can be taught transparently without accelerating sexual development beyond its natural rate, and show how sexual children are. Show how students will interact sexually, masturbating each other. No pressure is put on anyone to do anything they are not naturally inclined towards, and no acts will be defined as ‘shameful’. Sexual shame eliminated. Masturbation natural, good, stress relief, conflict management tool. Education about risks, health issues, problems of jealousy including sexual jealousy. Education in techniques. Safer sex (though no STD’s any more). About rights and responsibilities. No unplanned pregnancy so no need for contraception. No homophobia. Constant on-going group therapy sessions about jealousy, envy, hostility, malice, bullying, tall-poppy syndrome, deterministic nature of TROONATNOOR and thus fairness being defined by relatively equal reward for effort, sacrifice, and risk, with unequal rewards necessary to motivate each person to realise their best potential, which benefits everyone, hence some inequality, though unfair, is optimal.

Thus all the policing agencies, FBI, CIA etc and many other homeland security become overwhelmed, and most people and corporations require their own massive private security measures. The rich retreat to a medieval castle and walled city mentality.

Typically, after any revolution, the new opportunists take advantage of the void left by the old opportunists, to exploit their power for their own personal gain, to satisfy their own desires and impulses. Opportunism is the problem of the human condition. We are opportunistic. The only balances to this opportunism are reason and empathy. These qualities defined the EPs more than any other. And thus there never was any real threat that the EPs would simply exploit their power for selfish, narrow purposes. They could easily had become the new beneficiary classes.
As early as the antique times, the alien observers (those not paying for a 'ride' in an experience engine down on earth...note...they get so 'immersed' in the experience, through the thrall of pleasure and pain, that they end up completely identifying with the engine, the organism, and end up suffering massively at times, unconscious of the fact that they can easily 'escape' and simply leave the experience engine...others actually find the pain exquisite and rarefied, and wouldn't leave these experiences even if they had remembered they could...sort of narrative of L Ron to explain why thetans trapped in bodies a-la Buddhist identification with soma etc and thrall of desire....n.b even though an unlimited number of people could take the same ride, inhabiting the same consciousness, for marketing purposes they made each organism exclusive, apart from exceptions for couples and groups who wanted to share the same experience...in the short term people managed to enter and leave bodies, before becoming enthralled, but this more the exception rather than the rule...they found the experience too fascinating etc, and ended up enthralled and forgetting it was a ride when things got ugly etc) ....

anyway, by as early as antique times, the defining characteristic of earth was slavery...a small minority leveraged its superior 'natural' holistic inheritance, strength, beauty, cunning, intelligence, to produce an even greater social superiority over its fellows, who it then commanded, and then commanded to command others in its name...it maintained this system by providing ever increasing rewards to those people it commanded, in a strict hierarchy of status, power, and privilege. This motivated all the subservient peoples...they had no reason to risk what they had for the chance of gaining a little more, and each was opportunistic in their own right, the victim no better than the perpetrator, and so the slave dreamed of entering into this system of privileges one day, and commanding his own slaves...and so individuals and their families rose to power, keeping everyone under their domination with rewards and punishments...everyone having an incentive to maintain the status quo, this incentive being their particular privileges over those that they in turn dominated, in the service of their own masters and overlords.... in any case this defining character of slavery, of a mass of people producing all the value that a few enjoyed consuming, while originating out of pure brute force a-la 'might is right', became more subtle over generations, with the invention of concepts such as gods and heavens and hells...these were all reflexive of, products of, the slave state. They lead people to believe that the order on earth was not just founded upon the brute force of their overlords, but on the fact that their overlords had been chosen by the gods to rule. Thus it was not just a question of challenging your overlord, but of the gods themselves, should you consider rebelling. Your overlord owned you legally, but the god owned your immortal soul, and would
punish your eternally for disobeying those he had set in power over you...you did not own yourself...your overlord and the god did...and if you deprived either of their property they would ensure you suffered much more than anything you might endure in serving them over your lifespan...and few noted the inconsistency between what this slave-master religion taught...for example the necessity of free will was clear if karma and justice were to be valid concepts...only if you acted out of a free will would it be just of a god to punish you...and only if rewards were just, could this god be just in giving everything good to the rich, and forcing the poor to do all the work...only if the poor deserved this, through actions of their own free will, could it be considered just and fair, and hence the god just and fair, which were characteristics of a god you could love, and not just fear...but it all derived from the basis of the state, slavery of one form or another...the slave deserved their lot as much as the rich did...god had ordained it...each man had earned it somehow...the good were rewarded on earth, as the lords were, and the poor would be rewarded in heaven... and so an entire system of beliefs known as religion, based upon the system of slavery, serfdom, peasant-dom, and later wage-slaves...emerged...and this fascinated the sociologists among the aliens... and lead them to question whether perhaps the same sort of system and beliefs had ever dominated their own kind...but they had been taught that their order had been god ordained in its perfection...even though many saw this as a mere children's story...and were certain the system had emerged, millenia ago, out of a process of evolution not unlike what they were observing...only it had taken millions of years of suffering...and they were intent that the species they observed should not have to wait that long...and they searched and searched from among those they observed for signs of a higher ethic, one above the slave-master ethic of their peers, they looked for any signs of the sort of impulses that defined their own current species, impulses towards reason, empathy, synergy, justice, fairness, eugenics, euthanasia, etc etc....until they found a small group, calling themselves the EP, and after years of observation and unobtrusive testing, they decided they would speed up the evolutionary process on this planet, and unobtrusively revealed to them the technical advances which lead to the nano-robots,... etc ... and ironically it was this group of aliens that, in 2012, were puzzled and amused by the attempt of one group of conspirators with a less than optimal political ambition, to fake an alien landing...and provided EP with the evidence etc to quickly spoil the plot, and reveal the hoax as a hoax, before they could gain any influence a-la we are superior aliens with superior technology and therefore our social plan for you must also be superior re gaining the authority as superior aliens re transferred authority
In a sort of prequel, flashback, in our sequel, we get a chance to see an EP society that has been in place for at least millenia...to see how it might operate...its optimalisations and limitations, its regulations and benefits...we observe a typical set of interactions...mothers masturbating sons, public sex, incest, complete absence of any notion of sexual shame...all interactions based on informed consent, the absence and zero tolerance of any forms of coercion, deception, or abuse of power, no simply means no, and the abundance of sexual opportunities means no is easy to accept...the absence of any sexual guilt, children explained Oedipus complex in their childhood...usually means boys prefer sexual interactions with sisters and mothers over brothers and fathers, and same for daughters and fathers, no repression, no neuroses, sons still sort of resent fathers presence at times, and mothers of daughters, but this is only natural, and they grow out of any sort of sexual jealousy of parents...and accept their infantile desire to kill their competition is human nature, and thoughts do not equal acts i.e they have no need to feel guilt for having wanted to do bad things...it is part of growing up to learn to moderate our impulses...etc..so no Oedipus complex and neuroses for 'religion' to exploit...and in any case absence of inequality to exploit, so no slave-master society, making religion and its concepts, which are all derivative of slave-master systems of relations, redundant...

during our visit to the alien culture, at the pinnacle of EP development, we see people having sexual interactions in public, without any sign of any sexual jealousy or envy...why? by this time everyone is beautiful and sexy, so none need to go without, or feel inadequate, or envious of what others have and they don't, as everyone has, and no-one doesn't. In the odd cases someone is less than beautiful, they are rarely ugly, and they have the choice of euthanasia, on the belief they will be leaving one ugly body, to enter a new beautiful body...and the cases are so rare they actually become sort of stars, and want for nothing, despite being ugly, simply as so many people find them exotic and sort of beautiful and unique in their own right...

Children were allowed to develop at their own pace...there was no age discrimination...in school they completed modules independent of their age cohorts general progress....in sexual matters children chose their own pace of self-education with interactive learning materials that were as explicit as the child wished, at whatever age...and children chose the pace of their sexual interaction with others...they simply had to voice their displeasure at something sexual when they were approached in a sexual way, and the person would desist...and no fuss was made...there was a zero tolerance towards all forms of violence and these were very enlightened i.e no distinction was made between the forms i.e the
means employed...if the intent was coercion through any form of force or manipulation, if any harm was intended, if it was intended to mislead or exploit or abuse another, then it was defined as violence by the legal code...lie detection had reached such a level that no-one could deceive anyone of their intentions and so on...and these were built into all manner of devices, and employed continually in all interactions to prevent any deception, and to eliminate any possible motive for even bothering to try to deceive anyone, including yourself ...

Of course aliens from such a culture were horrified at how unjust, unfair, violent, repressed, neurotic, and so on our culture was...the sociologists had of course theororised about the possibility of such barbaric cultures having existed at some point in the past somewhere in the universe, but confronting it face to face was just overwhelming...they had not really been prepared for it by their vague speculations...they themselves taught such things, but had never really believed in their own lessons ...

all children were sterilised soon after becoming fertile, and their eggs and sperm harvested for the responsible managed reproduction that formed the basis of this species reproduction...employing advanced genetic screening processes and prediction algorithms to determine the best genetic matches, to allow for an optimal of variety (not the George Bush idiocy as a form of mental diversity crap though!) and diversity in the population, whilst ensuring each child the optimal genetic inheritance to compliment the optimal holistic inheritance...

The aliens that made personal visits, however, had to spend years after de-toxing on their own solar systems version of Ellis island, a spa-moon isolated from the planets...as this species had not experienced non synergistic interactions with other life forms for millenia...and nano-bots had to be programmed to attack all the pathogens, viruses, bacteria and so on they had come into contact with...a sort of designed programmable immune system...and they had time to ponder at how incredibly brutal, selfish, ruthless, and cruel most humans were...happy to know that their 'seeded' nano-technology would ensure that this was the last generation of such horrible monsters, and that they had advanced that planet to EP evolution levels within one generation...saving them the thousands of years it might otherwise have taken, if it had managed at all ... most likely the humans would have devolved to more monstrous forms, and the small community of EPs would have been rotted out within years...as humans had always done to any groups that had a higher ethic, or opposed the slave-master system and all its religion, and associated 'noble lies' and illusions.
Alien Psychs fascinated by the insights into a less evolved mind re Oedipus complex, and its holistic context and how it has become integrated into the slavery society and its products such as religion. Thanatos hardly present in their species anymore. Very little competition in negative selection terms i.e. harsh and cruel...observe how unconscious in humans has allocated a mobile cathexis in such a way that the organism derives pleasure, at times, from being harsh and cruel, destructive, and exploitative, treating others as mere means to its own ends, as in rape, which provides for genetic diversity, slavery, racism...in a context in which such cruelty and reduction of others to means to own ends is, evolutionarily speaking, productive, facilitating negative selection, competition to death and enslavement, and rape, allowing individuals and groups with some competitive advantage to leverage this into domination of other individuals and groups...they note the sadistic element in hot sex, using the other as a means to one's own sexual satisfaction, as a sex-object, and how fulfilling such sex is physically, though guilt betrays afterwards, and in many actually prevents them ever experiencing real hot sex, as their super-ego prevents the Id allocating the mobile cathexis in this way, or associates the real pleasure thus allocated with longer term problems, risks, threats, fears, etc......and how such a sadistic element in general life was a necessity at early points in evolution, or at least favorable to the process of negative selection, amplifying one set of genetic competitive advantages with another set of social competitive advantages...the genius of the thing...making a necessity pleasurable and satisfying rather than dissatisfying and displeasing...if you are going to do something you might as well enjoy it...logical...genius...thus unconscious accommodates the need to destroy inherent in all generation of new, novel things, i.e. evolutionary process requires it, otherwise world overflows with previous generation, less evolved, less adapted, less optimal experience engines and thus experiences...they observe how artists, writers, and philosophers such as Freud and Nietzsche recognised this, and marveled at their genius, for such crude, relatively less evolved beings...and how the poets and searchers of truth, against the massive pressure of their contemporaries to repress and deny all this, fearlessly walked where others feared to tread, driven by their genius and impulse to seek the truth, which was both a massive burden, and then a liberating force, ensuring them a bliss unknown to others, having walked the fine line between madness and being adapted, and having crossed over and back....they also not the neurotic element in the contemporary humans, which seems to have contradicted the logic and genius of pleasurable masochism...in association with the Oedipus complex...an automatic source of guilt and anxiety for fear of repercussions for a desired and imagined murder of their god-like fathers and mothers, in order to possess the parent as their own sex object, to, like Hamlet's Uncle, kill the king to have the queen for themselves...they noted how, in the context of slavery, religions had emerged
which exploited this unconscious guilt for their own purposes, redefining this vague anxiety, and fear of the retribution of the god-parent for some terrible crime now repressed to the unconscious i.e the Oedipal murders, repressed, unconscious, but associated so intimately with sexual desire and expression via the original motive for the imagined/desired murders, that the guilt was ever present, and especially associated with sexual desires, which in humans meant it became a constant issue, due to the constancy of their sexual impulses...how religion had exploited this sexual guilt, spun it as original sin, and offered forgiveness from the murdered god...often even eating his body symbolically in an act of homeopathic? magic...once you eat of the flesh you become one with the god, and he then cannot harm you without harming himself...and gaining psychological control over the masses, as the representatives of an angry god...offering to placate him and gain his services to the benefit of the masses...etc etc...and threaten them with fates worse than death i.e hell for suicide, for depriving their masters of their capital as slaves, and promising eternity in heaven for those who endured their despicable lives, in the interests of the beneficiary classes, until they died in their services...this and the malice present at a subtle level in daily interactions, finding expression in 'accidents' and especially malicious, destructive sexual impulses, expressed mostly by women in the form of annihilating men with their sexual powers over them...dressing provocatively to ensure men realised what they had to offer, and then openly denying them access to the resources available, simply to harm them, as a malicious act, as a sadistic act...though mostly unconsciously, like the bureaucrats enjoying making life difficult for their supposed clients, and most obvious in mobbing, victimisation, tall poppy syndrome etc...and animal cruelty...the most despicably defining human characteristic they observed...the least powerful in human society being animals...how they exploited them so cruelly and heartlessly...this not being motivated by any actual need, no, it was an expression of a masochistic nature which found few other socially accepted outlets in the current society, with slavery officially banned, racism and homophobia repressed, sexism, etc etc all being repressed and regulated...and so it was left to the weakest member of the society to bear the full brunt of human natures terrible impulse to cruelty...apart from similar outlets to those considered earlier...even wars were becoming to uneconomic, and falling from favour...

So, 'You've WHAT?' We're WHAT? For 300 years already? X was trying to comprehend the implications of what had just been revealed to him. 'It seemed like the best thing to do at the time'..

'You mean earth is REAL'...
you're having me on...you can't mean it...It wasn't virtual? You didn't buy it on the black? WTF? HOW? I mean, I was impressed...it was so life-like, but you know I don't know much about the tech side, I am more the marketing type...so you are telling me the Earth actually exists. And the Authorities have just found out? And they are terrified of looking incompetent. They want it to be dealt with 'on the sly'? They don't want it to get out that this horror-planet has avoided their ethics clean-ups for thousands of years?

One character...I was chosen? By whom? Why ME? How? My book was actually READ? By whom? Well that makes this interesting. You say Smarganov wants to see me? ME. SMARGONOV?

Our two alien characters are very sympathetic...for their species they are relatively dumb, lazy, layabout, good for nothing, to a degree, entertainment industry types...sort of scammers...lovable rogues...for our standards they are brilliant geniuses, and physically perfect...but within their own society they are almost sub-standard...and always on the look-out for a deal or scam...sort of 'fools and horses' charm...making them appealing to reader...

What? You're kidding. We're toast. The council are onto us? How did they find out. No, spare me the details, get all our diamonds and 'readies' together, we're out of here, if we move fast we can still get a jump on 'em.... No, wait, slow down, let me finish. I've already cut us a deal. And wait for it, you are not going to believe your little ears...they want US to go down to earth as a pre-intervention research party..US, can you believe it...they assume we must know more about Earth than anyone, as we have been exploiting it for so long in our business...And we've been sent a squad of elite storm troops for protection...for protection...they're going to PROTECT us, US...can you believe it... I've just met with the commander...a nice enough chap...he was bit puzzled as to why WE were chosen, but orders is orders, right.... Right...stands up saluting...so what are our battle orders? ... an easy grin on his face... he couldn't believe his luck...he had 'drifted' into this scam of all scams...wait till the boys heard about it...and his parents would be so proud... Hey, do we get some sort of rank or, you know... 'Wait for it, just you wait till you hear what I wrangled out of em...they were so keen to get this thing off their shoulders, those lazy bureaucrats, and to avoid any public inquiry, and all the outrage and tribunals, that they have engaged us as Status 5 emissaries... you believe it? US? Sort of James Bond meets Ambassador meets ... You What? We WHAT? Matey, how on earth did you pull that off, he
dances a Jig around and grabs his arm, swirling him around... We are SET... don't you know it my lad... and the just HAS to be 'OPPORTUNITIES' for a bit of 'Na Levo' !!! if those bureaucrats at the council are so keen to wash their hands of it all, they are not going to care HOW we handle this are they...they are not going to WANT to know...so they can pretend they DIDN'T KNOW !! But wait a sec, we'd better be careful, you know we are the only ones who know, and they might not be keen keeping us around...so we'd better get some leverage...tell you what, we are going to film the whole thing, beam it back to our labs, so they can't just 'ERASE' US when it suits them. And somehow we have to get this commander on our side. What's he like? Despises us hey? But he aint sure is he? He is in two minds. On the one hand he has no respect for the likes of us. On the other hand we are now Status 5. We are luminaries in his night sky. And he's got to be wondering why, what, how, ??? I bet he thinks we are acting parts. So let him think it is all part of our 'persona', our training, our 'in situ'...he will buy that...he will imagine we aren't fools at all, but brilliant actors...and that should keep him off our backs...anytime he appears ready to question us, we will look real serious-like and sombre...' That's above your security clearance' sort of looks you know...and he will leave us alone

And so the group head off to Earth. The storm troops, especially the commander, look a little uneasy in their 'camouflage'. They have to blend in, and not draw attention to themselves. The commander in particular looks quite ill-at-ease in his get up. Of course it was all selected by our two clowns, and they had a real laugh...putting the commander in a .... (gay leather look? Tight bicycle pants? And his men mostly in jeans and t-shirts, with trainers.

The commander indeed despises them at one level, but also is interested...as his life has been quite boring, and these types seem to have fun...so on one hand he hates them for all they stand for, and on another he admires them, and wants to be like them, but he would never admit that to anyone, probably not even himself.

On earth they appear as extremely attractive, well-built, brilliant individuals. They assume the same identity more or less as they had, as entertainment industry executives...only here they are at the top of their game, their sub-standard level home is peak level here. And the security team fit in perfectly as their personal assistants, crew, and security. Even the commander loosens up and has some fun, especially when they begin making porn and action films. They can draw on millennia of their own home films, and so they are an immediate hit.
They make relatively cheap reproductions of the biggest hits of their entire history, and enjoy success and status beyond their dreams.

All the while making running commentaries on the 'slave society' and its monstrous cruelties... and when it comes down to helping Dr Blick, these guys average intelligence and competence back home translates into brilliance and massive advances here...and so while they had never studied nano-technology etc...they had enough experience of consumer gadgets back home to soon sort out the gear that Dr Blick's team would be introduced to...unobtrusively...

They meet up with opportunists from their home world...but these are shy and realise the risk of being uncovered, and so they avoid contact, are nervous etc...and make no troubles...even scaling back a bit to avoid being too obvious...most work in the entertainment and military-security industries, enjoying massive success, wealth, sex, fun etc as more or less princes...with their massive superiority over most humans...

our characters are mostly astonished at the cruelty and ugliness of earthlings, but occasionally impressed too...with some music, art, and a few individuals they come to hear about, read, and then assist...i.e Kim Jestem and the E.P's .

So...the plan...present E.P's as fait accompli on another planet...a-la L. Ron's religion...state a-la 'Dan Brown' that everything is/was/will be true...that this is/was/will be a true story...And it is about to become 'real-time' i.e the past-future reference point is the near future...in fact any day now...and the prequel parts are happening as we speak, or are just about to happen! i.e tenets of religion, belief that this has already happened-will happen...our religion's 'mystery' a-la L-Ron is science fiction styled...

who told them such rubbish? Plato? Paul? Lao Tzu? And they BELIEVED them? How could they be so...STUPID...yeh yeh, I know, we've been here a few weeks, but still, it is so hard to believe how ignorant and stupid humans are...the things they let themselves be fooled into believing...or the absolute degenerate character of the species to WANT such things to be true...the folks back home aren't going to believe all this...sure glad it isn't a movie script...no-one would ever accept it as credible...even as a movie script...a horror scenario...a terrible dream...
scene where our two guys are totally enraged at the animal cruelty...find it impossible to control selves...lose all interest in 'reforming' these people...why bother with HUMANE solutions...these people deserve to be exterminated...they are monsters...Yes yes, of course, determinism...we are no better morally, just luckier to be more ethical by nature and socialisation.... but we cannot allow it to go on.... and so quickly implement, through the agency of Dr Blick's research team, the nano-bots, to ensure this will be the last generation of monsters!

They're all so, well 99% of them, so UGLY, SO STUPID, SO CRUEL, SO IGNORANT, SO STUBBORNLY WRONG, SO...SO... how on earth could they not see themselves in the mirror and be appalled? It just proved how random evolution was...no ethics...no empathy for the suffering of the sentience it spawned...and most absurd then was these creatures belief in a loving and all-powerful god...how could they miss the obvious contradictions?? ...how could they reproduce such poor experience engines? Come on, even the ancients knew about re-incarnation, more or less.... REALLY? They twisted it that way? Karma? Free will? You deserved to suffer? It was good for you? How could they fall for such rubbish?

That guy, all those people, why don't they just go to an E bar and escape this misery for a new life? Puzzled. Unfathomable to him. Can't grasp it at all. Just so ALIEN to him. A physical response to the idea. REALLY? You don't seem to have studied your notes X...Y...well if I had known they would be so fascinating and unbelievable I would have...

go on then, fill me in...what else did I miss...X goes on about the sociological studies re slavery society...all its reflexive sets of definitions and systems of relations...by the end Y is in awe...has to sit down to let it all sink in... and finally 'And we are supposed to SAVE this species? Why on earth would we WANT to? Surely extinction would be kinder? And Y tells him about the few humans who somehow have escaped it all, and began working towards a society like their own, with eugenics, equality, sexual liberty etc...all of which described his own home planet...'I see then, so how do we help these guys? Where do we go to find them? A film guy? Excellent. Kim Jestem...a/ha, I see, 'Eden Protocolists?' colonies? Secret? A research team working on fertility management? I see, NOW I get it...so where do we begin?
In fact Y had tried to produce a sci-fi 'dystopia' with a similar theme, but the marketing people rejected it after market research found no-one could take the starting point as feasible...it was just too horrific...in fact the screenplay had been submitted by an alien who had 'inhabited' many humans over their short life-spans...!! he thought he had a blockbuster horror movie script on his hands, but the people back home found it just TOO unbelievable...the basic premise was so alien, and the species so cruel and ugly and stupid...and yet they had managed to survive evolution? HOW?

Several aliens were involved in the porn industry...had returned with their bodies once they realised what they were experiencing was NOT merely virtual reality! They experienced the best of this world as the most beautiful, intelligent, talented etc...in fact too perfect that they had to pretend to be much dumber etc than they were, so as not to attract any suspicion. And they were always suspicious whether some of their colleagues were aliens too...but they didn't want to give the game away...when they were sure, and that alien appeared to be about to go too far, they formed a syndicate with rules and controls to prevent such renegades...but several were already in positions of great power...usually in secret government organisations the elected officials, let alone general public, were completely ignorant of...

Y was listening to the movie writer...' And so reality is digital, and the analog world is the world of illusion or Maya, which is so ironic given that we talk of 'virtual reality' in relation to digital ... the digital realm of software is the universe knowing itself, in a universal dialectic...' And to think this was a human! Well well well. This species had something to say for itself after all. And Y began warming to the idea of saving some of them. And when he first visited one of the colonies, met Dr Blick, and other early E.P's, he warmed even more to the prospect of helping this tiny group to victory against all the odds.

The commander leading this task force into the EP headquarters had once worked for the C.I.A, but found the regulations hindered him from achieving his mission. He was committed to serving the interests of the U.S. He had 'faith' in the U.S like a real Catholic in the Pope. It was so simple. An article of faith. It made his life so simple. He never questioned the U.S. That would risk losing the beautiful simplicity of his life and credo. He liked certainty. He could not deal with uncertainty. He demanded it of life. His dogma was his orders. His orders were usually simple. Kill so and so. Blow up such and such. He was well rewarded. His job was exciting. He got to totally express his destructive impulses. And so
he was at ease. He felt no contradictions. No repressions. No neuroses. His articles of faith gave him certainty and direction. The U.S government was right. The U.S was the best. The U.S was under threat. Anyone who threatened the U.S threatened the 'Republic', like Plato's, it was, according to Q, 'based upon the model of heaven', more or less, though he would never have used such terms. 'How else COULD you live'? Q could not imagine living any other way. He despised those who thought differently to himself. He had no time for them. He had no time for thinking at all. He did his job as precisely as he could, then he spent the rest of his time chasing after women, on his cars, and at his ranch. His father had been killed off the coast of Israel, and had been highly decorated. Had Q known that he had been killed by the U.S navy, as part of operation Synaide, meant to give the U.S an excuse to enter into the war on the side of Israel (after his father's ship had intercepted secret Israeli radio communications about a massacre they had just committed), claiming the Egyptian navy had attacked a U.S ship and killed all on board, he would have accepted it as a risk of war...his father had done his duty...in this case his duty had been to die at the hands of other U.S military personnel, in an action that would ultimately serve the interests of the U.S... He would have found the response of others, who lost all faith in their missions, after finding out this truth, completely incomprehensible and unpatriotic. He would have despised them. Like all the Platonists, Paulists, and Papists before him, he would have simply taken it Stoically, taking for granted that it was all for the best...that it had served a purpose perhaps not clear at the moment, but which would one day justify the means...it had been necessary...and so his father's death would be seen as ultimately 'good' and 'justified', as being necessary, and serving the greater good. As such he would still have seen it as an honorable death. He would not think about it in any other terms. He would not hesitate to give such orders, or to die due to other's giving such orders! He followed orders. He would never question the hand that fed. It was an article of faith that they could do no wrong. If it APPEARED they had done wrong, then that was just the appearance...if people died in protecting the U.S, then that was a noble death for them, as they were dying in the service of a noble idea...but it was not a romantic idea...he was no Lancelot fighting for some romantic notion...no... it was just practical... as his dad had always said...'Keep it simple, and life is easy'... 'why die a thousand deaths worrying about death'? Why question things when no-one has ever found the answer? You just get your ass kicked. Go along and get along, was his motto. Do your job, keep your head down, and when you clock off do so knowing you have done your job well...and don't waste a moment thinking about it...when you get home, relax, enjoy yourself...enjoy all the benefits this great land has to offer....and of course he had the same attitude about women...lie to them...tell them what they want to hear, otherwise neither of you gets laid...it is just a fact of life...they insist you lie, so lie, and you will both get what you want...but never believe the lies yourself...love is temporary, so don't
act like it is permanent...don't get too involved...always keep a few girls on the trot, and you will never get desperate and construct romantic drivel from the reality...never idealise girls...they are just like you...out to get what THEY want...sadly it is often not the same thing...but don't suffer yourself because of how the world is...it is not your fault...never marry, but let them imagine you will marry them...

Commander Q never thought of his targets as people...they were targets...he hit the targets...he would not hesitate to complete his mission, to carry out his orders...he had killed small children with the same coolness that he now fully intended killing everyone in the EP facility... and yet...when he went to pull the trigger, his finger would not carry out the action...he completely intended to pull the trigger and could not comprehend how his 'will was not done'. Normally this was part of the satisfaction 'his will be done'...it thrilled him, the sense of power...few people ever got to feel this complete calm of acting upon their wills, their impulses to aggressive destruction...they repressed it and directed it towards bitching, mobbing, ruining reputations, and so on...even to dressing sexy, knowing all the desire they were generating, and feeling malicious delight at the 'suffering' this produced...with no intention of relieving the lust they had deliberately incited... in fact Q was host to an Alien Thetan... for this alien Q was the ultimate 'forbidden fruit'. He enjoyed the hours he got to experience being Q. Q was in fact on the hottest 'virtual experiences' on offer on the black market. He was a killing machine without any conscience. In fact he felt that killing was the highest purpose he could achieve, and so for him it was part of his secular religion. I shocked the aliens as obscene, and yet it somehow appealed to them. They were horrified by their own responses, and fascinated to learn that millenia of eugenics had failed to wipe out these vestiges in their natures of something violent, dark, and malicious. They were sort of addicted to it. They felt pangs of conscience...but, after all, they were only 'passengers', right? And fe could actually bring themselves to believe, even years after the realisation had hit them, that this experience was NOT virtual at all...it was in fact real...this planet earth was REAL.

This is in fact how the authorities had become informed about this degenerate planet. Most of the aliens were so sickened and appalled once they realised what they were experiencing was actually happening, that they stopped using the services. A few were so conscience stricken that they risked embarrassment by informing the authorities about the service, and what they had experienced. And so the authorities had finally 'busted' X and Y, who were sacrificed by the
corporation as scapegoats...and this is how they had been offered pardons if they would assist the authorities, who assumed X and Y must be the most informed about the earth. In fact they were just the patsies. They had taken the fall, unwittingly. And they were just as surprised by what they discovered as the authorities were. But they never let on, not wanting to miss this opportunity..

When sociologists introduced the earth to their students, and the reflexive definitions and systems of relations of the slave society, most students found it impossible to grasp, even theoretically...but once the entire system was broken down step by step, they comprehended how it all could have come about, and how, once born and raised inside this system, it would be virtually impossible to see it with the eyes of one who had not been so cursed. Some of the students formed a secret society, determined to put an end to the horrors on earth...and they had been active for years before the authorities had sent anyone?? possible alternative scenario. And so the first alien presence was entertainment industry clients and young sociology and ethics university students

PLOT

In the near future, corporations have more or less managed to produce their own 'products' to completely replace the ecosystems of the planet...sell as improvements, but what really means is that they control all the necessities of life, water, food, plants, reproduction...and that is the rub...in order to gain a monopoly they seek to eliminate the 'competition', but more than that, they have to make sure that once you buy their product, you cannot simply reproduce it yourself, like the old legal wrangles with farmers who are not legally allowed to collect seed from this years 'gene modified' 'corporate crop' for next years sowing. Otherwise the corporations would only get to sell ONE season's seed, or ONE of their animals...the farmers would just reproduce them...like someone buying one copy of software and then making copies, so they only ever have to buy one copy...not good economics for producers...so this is the thing...while they are working on new 'gene modified' crops and animals, they need to ensure that these animals CAN not reproduce, so that the corporations have control of the market...and this sort of thing is done secretly...and without regard to the risks...and the risks become apparent to some researchers, who are then 'hushed' in the typical ways...some accept promotions and share options, others are 'mobbed' and fired as incompetent, all have signed 'gag' clauseed contracts...lawyers are used to bully...and judges who are already 'bought' or 'rented' are used to ensure everyone is silenced...maybe a few even threatened or ARE in fact
sent to psychiatrists etc...in various schemes to bully, scare off, and destroy potential 'leakers' i.e 'whistle-blowers'. And only later do we realise that what appears to have been an

' accident' is really a very high level plan to decimate the worlds populations i.e the technology was always intended for humans...THAT is the real surprise / secret / mystery revealed... i.e intentional manipulation to prevent most humans reproducing, to give control of reproduction to corporations that can decide how many, and of what TYPE of human will be reproduced...but is it eugenics or 'brave new world'? Could be good guys, n.w.o stuff, or really self-serving, exploitative business fuckers just reinventing a neo-feudal system...with most humans as sex pets or dumb, ignorant, beasts of burden, service 'staff', and only the rich and their own kids being eugenically 'improved', or simply made superior by making rest of population really stupid, deliberately, so own kids will inherit the world, even though most of them are stupid etc....At one point have incredulous employee / manager whistle-blower or investigator / journalist is 'confiding in' respond to their 'What is he IS right? With 'What do you mean what IF? Don't tell me you really didn't know all along etc... 'It's our job to spin all that shit...come on...seriously...you mean you didn't KNOW all along? i.e the other lawyer was ignorant, naïve, and his co-worker more informed and cynical...i.e surprised that the other could ever miss the point...and this of course shocks the naïve one...to think who he has been working with and why...and so the senior more cynical one is a bit worried about their colleague...can be woman to overturn stereotypes of females being nicer, naiver etc...and colleague, good guy, is guy...he checks himself, noting the suspicion in his colleague / boss / superior, trying to make it look like he was aware all along, and being ironic...and the colleague appears to buy this ruse, either because wants to, or because it is effective i.e good actor...or other just wants convenience of it being so i.e to avoid having to deal with any 'problem' situation / person...so she goes along with 'ironic joke' spin he puts on his comments, and they continue talking, while the guy is undergoing a shock epiphany, and lots of things begin falling into place in his mind that made no sense in the past, or which he had interpreted differently, based on different assumptions...and we see the machinations of his mind, as he glibly interacts with his colleague / boss / superior etc...while hiding his real thoughts and sudden feelings of antipathy and horror for everything around him, including his own 'collusion' up to now with it all... ETC...

ha ha...character pretends to be from Top Gear or show where they steal your car and do it up i.e 'pimp my ride'...just takes cars, trashes them, then returns to owners, all filmed as t.v show!!...or during plot i.e they need a car, and guy seems to think they are from that show and so they let him go on believing that, to get access to his car etc...
START 'DIARY' MOVIE

Fake sex diaries stuff...publish on web-site denials etc...to produce initial interest...i.e WHAT is he denying? Elude to elicit sex with minors, orgies etc in Russia...and diary of then 14 y.o ... and like war of the worlds, I am actually stating that the book is a fabrication, in a way that is only apparent if you comprehend the whole...but for the average reader will look like a denial that it DID happen, a-la A-theism... etc...

e.g X's book is a work of fiction...I NEVER engaged in the sort of sexual acts she describes...while it is true that I was teaching in Moscow at the time, and she WAS a private student....

She loves 'Jako' by Karl Lagerfeld...its also H's favorite...but expensive...she buys it for him...on E bay, as hard to find...

14 y.o girl accuses Kim Jestem of statutory rape, in details...press around world more and more interested as more and more girls come out with same story...i.e 'harem', in vivid details of their sex orgies and so on...massive publicity for his books, publishing offers etc...he has nothing to lose and all to gain i.e feared no-one would ever read his books...months later girls admit were lieing i.e 'fantasy' and 'false memories'...Kim is a hero to most men...his reputation is made even after the denials...which they deliberately also 'leak' as being part of a cover-up i.e deal with Kim i.e offers of 'out of court settlements' etc...so no-one ever really sure what had or hadn't happened...whole thing choreographed...i.e first one girl would post on facebook etc, her story, then others would 'come out' after reading it or other reports...and so it looked organic...but well planned in advance...like card trick...whole thing planned backwards so could fit his plan...and gain maximum publicity...the idea is to find girls who want to be famous...he even involves agents of 'wanna bee' starlets...they tell their clients about lady gaga, Christine Aguilera, Paris Hilton etc i.e sexual notoriety = instant acclaim. Kim documents everything, just in case any girls decide to go it alone and screw him over i.e won't play by the book...etc...and to sell book later i.e as biggest sex-scandal hoax etc...and even has agent in on from start...with book deals lined up etc...he plans so well...arranges so has eyewitnesses that can place him at place and time girls give police...harmless meetings arranged at family homes etc, but Kim acts in ways to attract attention...and then acts as if does NOT want attention...so in hindsight appears suspicious...most men might attack him as immoral monster in public, but in private they envied him...or might be girls from a new girl-band...arranges with their agent...for mutual publicity...possibly leads
to 'copy-cat' girls bragging they did same, when didn't, so needs to document entire plot...can easily imagine parents going along with it...to boost child's career chances!!! But this is NOT necessary. If other parents 'jump on the bandwagon' and make up lies about KIM, this itself will one day make a great story, and help him in any case...the more notoriety the better...and note no rape as such, just below age of consent...though girls will make it clear they gave their consent, and appear quite mature about it...etc...just public outrage...legalism etc...One girl will lie that KIM showed her videos of him fucking loads of girls in Korea, Poland, Germany, Australia, just to up the ante!!!...she will describe how good he is in bed, his beautiful cock etc...He writes book for her to publish as a 'diary'...she re-writes in own sort of language to give sense of authenticity...maybe this book is first published, leading to inquiry and public interest and speculation on t.v, radio, papers etc i.e is the diary authentic? Could it be? Who is this ESL teacher? Many men pretend it is them, adding to whole mystery, interest etc around story...i.e to build up whole thing...have deal with girl...share same agent... Does this in U.S but Kim never goes there, so legally they have no interest...but public demands action etc...maybe girls from U.K etc too, so no legal action need be taken when they are 'outed' as fraud in an 'exclusive investigation' which is all part of the whole plan and deal with various media and agents....finds russian agent after sending out feelers to many...one with a girl perfect for situation...real talent...just needs exposure...and from poor family etc, ambitious, she has apparently done much worse already for her career

...So story will be of ESL teacher in Moscow...and his friend for 3 ways...both had to have H.I.V tests as part of visa requirement...He had certificate of 'sterility' and she got him to go again to clinic to test sperm etc...and her friends get involved i.e other students, tutored clients, etc...so they have story...for 'diary'...and interest in knowing WHO was the ESL teacher...it all fits in with Kim's work history etc...they both come off well in book...she is curious, open-minded, horny...he never lies or misleads or does anything bad, he is romantic and caring lover, they are not in love as such, but friends and lovers, she is curious, he is horny and she is gorgeous...so nothing nasty or horrible...very beautiful in parts, and practical in others i.e educational for other girls etc and for boys how they should treat girls etc...so very positive, but scurrilous book...popular around world...as diary...and this generates interest in who the man was...is...and by a 'slip-up' at some point it is 'leaked' and media jump on it (i.e manipulated by agent and his contacts etc)...she gets hit pop song and roles in soap operas etc...great career...can help entire family out of poverty...no harm done...only bigots get angry etc, and jealous...who insist police investigate, based on details in the book / diary...they can limit the potential men by visa applications, private eyes working for newspapers etc check out the schools...to
see where she was a student first, then who the teachers were...by luck she HAD been a student...or they spin it that she was tutored privately, and he brought girls back from BKC etc ) tho she never uses any direct names of schools etc ... and schools comment themselves about this KIM Jestem, and girls who want attention come out to papers etc...including girls from KIM's classes...to say they knew him, and maybe more...some lie then admit lied, etc...N.B that 'BABY’ in DIRTY DANCING is only 15, and Swayzee is 30-ish, and THAT story is romantic...so why not hers? She accuses media and public of ageism, etc mentions his philosophy...oops...he is a philosopher? ... Ah...I mean...as if she had made a blunder and is trying to cover it up...i mean he read books and stuff...and media is off hot on trail looking for a 'philosopher'...and Google Moscow etc...so wordpress pages come up.... etc etc .....she describes lesbian sex with 12 y.o girl she met on holidays in her 'diary' which KIM has written for her...as part of deal...

MHR CAN WRITE UP AS FILM / BOOK IDEA, TO PRESENT TO AGENTS...SO EITHER HAVE BOOK/FILM OR ACTUAL STUNT!!!!

Writer, writes sensual novel, and gets girl he loves to translate it...she has no idea of his love...it is his way to communicate with her, to try to touch her with his prose...she thinks it is just another translating job...but he went out of his way to make sure SHE got the contract...She is the main character in the story, and through his writing he makes love to her with his sensual, erotic, sentimental prose

OR...She is just doing her job, and gets his book to translate...she becomes more and more infatuated with the writer, and sets out to find out who it is...she finds him...follows him around i.e sort of romantic stalker...love story...maybe becomes a mystery as she witnesses him committing what looks like a murder etc...or maybe he is leading some sort of double life...with a family and mistress...maybe she blackmails him...disillusioned that such a beautiful writer could live such a sordid life etc...

exhibitionist character, girl, hot, masturbates in change-rooms with curtain slightly open, or arranged so that can see from particular angles, where she knows people will be...but looks accidental...also gets hot from shop-lifting and seducing security personnel
(producer/publicist/editor/publisher etc 'plants' people in audience to ask the questions they think will get the rest of the media's attentions...and to 'play' them...e.g one challenges the girl, saying she could have gotten all that info about H from his bloggs and books...(meant to get others to read them...to draw attention to them etc...hoping they will try to 'catch her out'...H himself says the same thing...he always says things that are honest, in hindsight...her book IS a fraud... only it is HIS fraud!

Note film genre gives chance to 'cut-away' to amusing bits that are not really seamlessly integrated into plot...can be almost non-sequitur...can cut to historical figures such as romans and their slaves, to the pope, to moses, to bunnies humping.....in a way hard to do in a novel...can bring things together, to form a context, easily, without having to explain much... just juxtaposing the images and sketches associates them in the audiences mind... very flexible... can cut to H as philosopher, as lover, to sex therapists, to psychiatrists, to Freud, to pope, i.e to show each others' reactions to what is going on...like Pope being pissed off that we 'revealed' his motives for banning contraception etc i.e taboos etc...slavery...pharmaceutical company executives getting pissed when character explains their fraud...advertising executives denying compression, etc etc...very post modern... ease of transition between ideas, issues, people, etc...people used to...accept in this genre... so perfect medium... especially for lazy audiences... and creative writers / directors / actors etc...

Potential start

Our tale begins...we observe the narrator (Matthew Broderick type) watching sexy scenes in a film playing before him...then N turns to camera 'Yes, yes, that's me, or at least that's SUPPOSED to be me..' LOOKS like fun, doesn't it'...it's THEIR film 'adaptation'...'Oh, don't get me wrong, the sex WAS fun, it was great, DW was GREAT, she was THE GREATEST EVER'...N looks at audience/camera as if realising they have no clue what he is talking about, then 'corrects' himself...Yes, Of course, where am I, ...I think we'd best go back to the start...He motions to the projectionist to rewind the film(film 'rewind' effect)...O.K, you can stop here...So, here I am, brilliant writer...no-one cares...I'd written that brilliant novel I'd always said I would, but could hardly believe it when I actually HAD...and if I'd expected ... we go to fast forwarded shots of him being chased by publishers, being 'hijacked by them in huge luxury limos off the street and being fawned on to 'sign' contracts etc...feted by the critics, celebrated, partying, enjoying himself...etc.. and then ( effect of fast forward 'braking' hard, then
rewinding again back to start, to him dejected, abject, etc)... well, you'll be disappointed. As I was. I couldn't get ANYONE to read it. NO-one. NADA. Far from my fears of maybe one day 'selling out', I was experiencing much worse...no-one was even making AN OFFER! Not the slightest ripple in the sea of interest. It was calm as...And chilling as.....

And then to DW, diary writer...who is sitting drinking a coffee, chatting with us in a Cafe, as if to friendly, interested strangers...sort of 'getting it off her chest' or whatever...she is sort of 'Legally Blond' cute-smart...My agent keeps saying 'more details, slow down the 'scene', let the reader picture it, feel it, smell it...laughs...step by step, take the reader through it like it is happening, like it is happening right now in front of them, in such detail that they can imagine exactly what it must be like to be there, doing it... (we have camera footage of empty rooms, which gain details as she is writing on her notebook, and change as she deletes stuff and writes again, or changes scenes, and we have characters first vague, then developing details as she writes them in...and then the action...and then the reader, the camera, merges in with the characters, usually the girl, and we see her doing everything as if from her eyes, as if we are her...and then as she changes which characters P.O.V she is writing from, we also change to that character, and then we get to see HER etc, from HIS P.O.V.....It is one of the love scenes from her book...well sex scenes,) DW continues talking to us, chattily...so, I'd write...'he fucked me and came on my stomach' (We see crude scenes of this)...and then my editor would go...'details', 'I need details', (so the room empties of people again...this 'room' blends in over our cafe scene, or it could appear in the corner, or part of our screen)...so I write...(and as she writes, the scene we see builds, corrects, becomes more vivid, until we get the whole scene, in detail, as it happens...She also tries to imagine what it must be like for H...and so the P.O.V changes to him when she 'replays' it again, chatting to us...'I try to imagine what it would be like for him, so I put myself in HIS shoes, laughs, well, in MY VAGINA to be more precise!!! Oh, and (we now go to DW P.O.V as her editor, a woman, tells her... 'no words like vagina', they are real mood 'killers' my editor would say, after correcting my 'proofs'...sex it up a bit...for vagina use 'Pussy', for penis 'cock', and try to use the words H uses...I'm sure he never called it a vagina, or asked you to 'fellate him'?...I'm guessing he didn't anyway, if I know men. She laughs...and we go to Editors P.O.V seeing DW's face...

Well, I'd say (we hear her say it from Editors P.O.V), before H, it WAS mostly just, panties down, cock out, cock in, whining, then hot cum splashing on my stomach...more or less... Editor brightens as she thinks out loud...Yes, BUT with H, it was.......details....we see Editor from DW P.O.V as Editor describes a scene
as she imagines it, using the sort of erotic story telling she wants from DW, who sits there, completely in thrall, and getting more and more exited as the Editor's erotic tale climaxes, and she does a sort of 'harry met sally' orgasm as we watch from DW's POV...and DW looks to side and down, a bit embarrassed at having let herself be so drawn into the Editors description...and then we see her face show recognition A-ha, NOW I 'GET IT'... and the Editor smiles, nodding...

Now back in Cafe...and so, I started writing, and I was surprised and the little sort of details that came back to me...smells, textures, things H said, things I felt, .... like the first day I met H (we flash back to classroom or wherever...he told me (we see him saying it from DW POV 'you look like' some singer I didn't really know...and I replied (from H's POV) 'So, is she hot? Do you want to do HER too?' And I couldn't tell (we see H from DV POV) if he was bluffing, keeping his cool, or what...but in any case, I liked how he responded, or didn't, sort of brushing off the comment, without revealing any anger, or criticism...but without doing anything that could get him in trouble...I liked that...he was SMART...you could almost SMELL how intelligent he was... but also very human...very wounded...vulnerable, like you could so easily...( we go back to Cafe, present reality, interrupting her... as behind her some friends are talking , and we hear one practicing his stand-up...'good in, good out?' rubbish. I put the finest food in, and what do I get out? Nothing but...as his friends prevent him finishing, laughing at him,... back to DW 'so, anyway...

Scene with H before reporters, gathered during a book signing at a big book store...we see his various philosophy titles and novel 'veil'...Look guys, I've told you what my legal advice is, and that is to say 'no comment'...Reporter ('placed?') 'apparently all the dates and places she gives are accurate, I mean I read your blogg, your CV, and your autobiographical book, and they all add up'. Would you care to comment? H acts all evasive, act being the word...trying to LOOK evasive...trying to LOOK guilty

we now go back to N ... 'I'm not much of an actor. But I gave it my best shot. Trying to look like I had something to hide. Trying to give the media the idea that there was something hidden that they could reveal...some scandal...that if they looked they could 'nail' me on...people love that...crucifixions...and I am a philosopher after all, a prophet at that...and we know how that usually ends.....He turns back to the people in the bookstore...'and whom shall I make this dedication to?' then, looking up, we see his pleasant demeanor turn to shock, horror, surprise, some emotion...why? We freeze-frame...as N notes...I think some explanation is in order, can we go to the scene where...(looking to projectionist as if he sees he knows what he means...) yep, thats the one...thanks... and the film rolls fast and stops at a new scene, as N looks on. Looking over his shoulder to us, where we the audience are sitting, he points...wait for this...Now THIS is
SOMETHING... and film once more takes up our entire screen, as we watch...... what???

Who did he look up and see? What is their story????......'Look, the media are only interested in terrorists and pop stars, or maybe sex scandals...we can blow something up without hurting anyone...'Yeh, but how could you be SURE no-one would get hurt? Maybe story-line with semi crazy friend who wants to help him get attention by blowing things up...'Are you sure? I mean, your philosophy? Are you REALLY sure? Cos if you are, you OWE it to the world to get their attention...you absolutely have a moral OBLIGATION to blow something up... (we go back to N in cinema...)'As you can see, my friend X is quite keen on, well, blowing things up'I'm not sure whether he believed in me and what he was saying, or just looking for an excuse to, well, blow things up...and I was having a hard time resisting. I mean, what OTHER alternatives did I have? He was right that the world would probably miss out on what I had to offer it, if I did not find SOME way of getting their attention. I mean, I had to become a bit PATERNAL, or no-one would ever benefit from all my hard work and the insights they had borne...(camera closes in on his face ... 'what? You think it was all about me? That I was more worried that I would never get any credit for all the work I had done? Any reward? We see him reflect...'Well of course that would be nice too...but it was not my MAIN motivation...

(we are back with the semi-crazy friend...he has sketches of bombs, and web pages open on his notebook 'N'...’You know they can trace you? They have your I.P address. They can find every page you ever looked up, every library book you ever borrowed... Crazy friend CF's face breaks open wide in a big grin...’Not MY I.P address...N realises what he means, and slams the notebook shut, as if the F.B.I are watching him through it at this very moment...

Now back to bookstore...as we continue...N looks up to see CF as he goes 'Bang'...ha ha ha...laughing at the terrified look on N's face...'don't worry, I've given up my explosive ambitions...just wasn't any fun without you...in the end...I mean...Soooo...what's all this about the teen sex, hey, hey? CF turns to rest of people 'Now this guy, you've gotta believe it, has had more teeny tail than .... and the crowd is suddenly CF's, as he enjoys the attention, talking about N as if he really himself had witnessed all the sex acts described in 'the diary'...

Back to N in cinema...whew, well, as you can imagine, THAT turned out much better than I could ever have hoped, even PLANNED. But I'm not sure whether our agent had anything to do with this little 'co-incidence'?? I say OUR, as DW and I... well...I think the movie gets it pretty right on this count...(looks towards projectionist, look as if he has made eye contact, nods to go to particular bit of film...We hear projectionist comment that he has to change reels, it'll be a
moment, and we go back to N, who smiles, typically Matthew Broderick style charm, calm...then 'Oh', Ahm...

At this point DW breaks in...he looks to her corner of shot, friendly, they exchange appreciative glances etc...'Hello you'... 'Well hello YOU'... and we hear projectionist call out 'we're ready back here', and DW pops from screen shot as N 'Oh' then turns to face screen again as it takes up the whole shot... We are in an agents office...he is telling N why no-one is going to invest in publishing his book...'You're no-one', A no-body, and you've got things to say that, while being of the highest wisdom, well, to be frank, no-one wants to hear...so what's your sales point? Why should some publisher put money into you? ....Look, you yourself wrote that every motive boils down to pleasure and pain...so what pleasure do you have to offer? You're a philosopher...few people find pleasure in the truth etc etc.... but they LOVE to cut down a tall poppy, right? And look, in your novel you have the hottest sex scenes etc...even my wife liked them...smirks etc...anyway...THAT novel we could sell...really sell...I mean we're talking SALES...but we don't have the marketing budget, so how do we get you a public profile? How do we get the public interested in you? How do we get THEM to want to find out about YOU? That's what we have to work on. Now, YOU''RE the writer with all the ideas...(As he is ushering him out of the office...) answer that question and you're set.....get the media interested in you somehow, I don't care how, and I can get you a deal for the novel...and then its up to you to get people interested in the philosophy...

Have first DW's psych in frame, then in third corner FREUD himself appears...maybe adds to statement, corrects slightly, or approves of...

Narrator, at some point... 'At first the idea seemed brilliant. You've read Jane Austen's Emma? Seemed is the key word. At first everyone kept to their allotted scripts. But sooner or later people started getting into character, and ad-libbing, and then the whole thing took on a life of its own...evolution you know...a warning to programmers...once things reach a certain level of complexity they seem to just begin behaving in ways you did not anticipate, let alone DESIRE! Oh, sure, they all had signed contracts. They were all in for their share. They stood to do quite well out of the whole thing, if they stuck to their scripts. But the problem with people is that they always want MORE! And there were agents and producers and publishers just waiting to pounce on them with offers they couldn't refuse. And there was no way of enforcing our contracts without giving the whole game away. And it was not time for that, YET. Yes of course we'd planned our own 'Milli Vanilli' exclusive outing with a magazine who had already signed the deal. We had what they call 'synergy'... we already had book deals and recording deals signed. We were going to 'play' the public for all they were worth. We would win when we appeared to have been 'outed', even more than when we were 'duping' the public. Like all good card-tricks, and prophecy, we had planned the
whole thing in advance. We had set the audience up. They would have no idea that we were in control at every step of the way. Well, that’s what WE thought. Control. What a slippery thing!....

N...was it a success. Well, let’s take a look. We go to the original footage that had been rewound i.e of him being hijacked from the street into luxury limos by publishers offering him huge incentives to sign a deal with them... etc... Careful what you wish for? (throughout movie use really cool songs that are appropriate to theme ... e.g ‘be careful what you wish for or it might come true’...etc...use led zep, SRV etc...

Bit where we realise SHE Is the girl in the 'PUSSY' T-shirt in 'Veil' ... re she looked like loads of fun...well he was not misleading you there! DW explains how they met at cashier, her in that t-shirt, and then later at a language school, by coincidence...etc...or she hit on him there, at the supermarket...and they went home and had sex etc.....

**Ideas for humorous 'issues' 'road movie'**

This novel / film idea will allow us to present audience with the most compelling issues of the day, in a humorous way. These issues are serious, and as such the only non-threatening and appealing way to present them is through humor.

Apart from issues, film’s tone and theme is about finding your personal mission...and accepting ourselves with our weaknesses, while responding to all the opportunities to do good...everyone asks self ‘what’s my purpose in life’...so this film is about that...

The two main characters are an Alien, who has crash-landed on Earth after being sent here on an important mission. The problem is he cannot remember WHAT it is! He meets up with the sort of character that Danny DiVito plays so well in films such as TWINS. He initially plans to exploit him to his own ends, but grows fond of him. He comes to learn to respect himself, and recognise his own heroic qualities and 'heart of gold'. In the sequel he will accompany the alien back to HIS home planet to investigate the conspiracy that lead to someone sabotaging his mission. His home planet is much more advanced, but no society will ever be perfect.

It is D (Danny Di Vito character) who at some point makes A (Alien) aware that his mission had been sabotaged. D first meets A after a crash-lands in the Nevada desert. He needs someone to play a part in a con he has planned. The original guy has bailed on him (In earlier starting scenes of film). He is merely planning to exploit A.
It is in the casino where D has planned his con that D leaves A for a moment. A wanders and ends up at a gambling table. A game where you can 'count'. A finds it confusing that people keep betting their money on the 'wrong' numbers. His super intellect immediately noticed a pattern to the game, and easily identified the next winning numbers. D comes back, a bit angry with him for wandering off, but he is curious and good natured at heart, and wonders what A finds so amusing. A tells him that he can't quite work out the rules of the game. It seems that the object is to lose money, by placing the bets on the wrong numbers, but then when people DO lose their money, they don't seem at all happy...??? D laughs and explains that no, they want to WIN, but... A interjects...'so why do they keep picking the wrong numbers then?' D gets a bit exasperated, trying to explain that THAT is the problem...if only they DID know the right numbers...A 'you mean the people don't know the next number?.... then Then the light-bulbs go off in D's head. He quickly 'shushes' A, leading him away from the table to discuss his ability. He wants to be sure of what he seems A seems to be insinuating.... He asks D 'are you by any chance saying YOU can predict the next fall of the ball? A 'of course, it is a simple question of....he blabbers on but D cuts him short, excitedly...'yeh yeh, its simple, I see (not seeing) but focused on the facts...So you are saying that we could go back there, and you could predict where the ball is going to fall next? Each time? 'Yes, you see...' D interjects...yes yes yes, I believe you...but hey, keep it to yourself for now... etc...They go back and win loads of cash, before D cuts their gaming short to avoid being 'spotted' as 'counters'. He realises he needs to play it cool, and avoid being identified, so he can do a 'tour' of all the casinos before they catch on. And so they do. They have fun, winning loads of cash etc.

OR D picks up A hitch-hiking, by accident, expecting someone else etc... A mistakes him for his 'earth-contact' and gets in...D is on the phone not really paying attention... realises it is NOT the person he thought he was, on the phone, and tells the guy on the other end 'I'd better get rid of this guy quick then...'' but when turns to A about to kick him out, confused at A's mumbo jumbo, A opens a case as he says 'And here are the diamonds we are to sell to get the money we need for our mission'...D's eyes light up, he is overwhelmed...'mission'?...sure...mission'.... And quickly slams door and drives off, trying to work out what to do, how to 'work' this situation...A is going on about some mission...and apparently expects D to know the details...D finds A to be some sort of idiot, or loony tunes...goes along with him...'Yes, yes of course, ... Of course I don't carry the plans around with me...I'm not THAT stupid...we can go back to the hotel and I can tell you all about your 'mission'... and they end up at hotel suite...D quickly asks for a diamond to have it checked...calls a 'fence' who tries to wangle it out of D as to how he came by such a pricey diamond...perfect quality...the Russians? It was the Russians right? Out of Africa right? Am I right? You got more? I can get you X grand for this
beauty...no questions asked... and D goes back intent on getting his hands on as many of the diamonds as he can...

As big players they are given free limos, hotel suites, drinks, etc.

A sees a hot babe. He stares at her tits. She chastises him, 'My eyes are up here'. He replies, 'Yeh, but your..'.(tits are down there) as he is cut short by D who leads A aside, apologising to the girl 'He's not from here' sort of thing. D explains to A that if he likes her he should invite her to dinner etc etc. A is charming in his own way, and the girl, who is in a stress over some problems acquiesces. D suggests maybe they can talk about her problems over dinner, 'maybe we can find some solution?'... And so the three become a trio.

And so we have the goofy alien, the hot babe, and the con-man who turns out to be a good guy.

It is during their discussion that A starts recalling that he is here on a mission. But WHAT is his mission? He can't remember. It is something the girl says that catches his attention. She was on her way to some sort of animal rights rally. A considers 'Maybe THAT is my mission'. D doesn't believe he is an alien, but he wants to keep him close, so he panders to this strange notion. 'Yeh, sure, maybe that COULD be your mission' (thinking 'loony tunes' to himself!). And so A and D help B (hot babe) get to her rally.

Maybe one character is being chased by mob, after the following...we see block of flats, and the walls taken from them, showing what is happening inside...mostly boring stuff...but our attention drawn to two in particular...we go to one, where the mob are waiting for some important delivery, and send a goon downstairs to collect it...at the same time, by coincidence, a family are packing for their vacation, a road-trip. The kids are hungry. Dad lets them call for pizza or some fast food delivery. The mob delivery arrives, something has smudged the door buzzer numbers etc, or some other reason, and so he buzzes the wrong people...and they tell him to leave the stuff at the door, as they are coming down now...they have an account with the place and will tip him...the guy is happy, as unusual for the mob to tip...and he goes...the family run down, collecting the bag on the way and drive off, just as the food delivery guy comes, then go with his package, a bit upset etc...then waits...goes back upstairs...the mob expected him to have the delivery, as they just got the call to say it was delivered...eventually they put two and two together, chase down the delivery guy etc, get the family name...break in, find clues as to where they are going, and begin their chase...and so the whole group end up mixed up with our main characters...adding to the entire chaos etc....
During their trip she has a chance to fill us in on a few facts, in a harmless, non-threatening sort of way...with D sort of making fun of her, but A asking questions. During this time he has some 'flash-backs' to his mission training...including images of animal cruelty...just enough to make point without losing audience...and then it is light-hearted humor again.

At the rally we meet our hopelessly incompetent, 'animal liberation army' wanna-be (ALA). He is a goof ball with good intentions, but completely hopeless. He shows our trio some footage of him being caught freeing battery chickens etc...back at his trailer, which is full of 'saved' animals (a-la 'Ace Ventura') from a Lab he broke into...they have all sorts of problems, due to the 'experiments' (try to raise awareness but with humor...fine line...how to show harm but without losing audience?...e.g shaved spots where electrodes implanted...maybe cat has 'tick' or 'fits', a blind rabbit from testing shampoo in its eyes hopping around and knocking things over, maybe being lead by a monkey i.e animals caring for each other...charming and funny but makes point, gets people thinking about issues)

A thinks THIS might be his mission, so he asks if he can help. D is not keen, but tags along to 'keep him out of trouble', aware of how incompetent ALA is, and not wanting to risk losing his 'golden egg laying A'.

And so they head off together to...some typical ALA raid...battery hen farm? Pig farm? Animal testing labs?...for some slapstick comedy, as ALA frees the animals etc...explosions that don't go as planned etc etc...at one point they are confronted with angry security etc, and we first get to see A's 'super-powers' i.e he calmly throws people around like Steven Segal, his 'training' flashing-back to us in bursts. He is extremely strong. His planet has higher gravity than Earth, and so his muscles are denser etc...

They are all caught on film, and so they must escape together...and become an unlikely and begrudging team...(idea that people with different 'issues' have to work together to resolve them...can't work alone)...this plus the 'gang' after D...sort of blues bros, canon-ball run, smokey and bandit potential...with people they meet and help along the way returning the favor..

At one point they come across 'end slavery now' guy...D thinks he's a loon, but A has flashbacks and explains...i.e my subtitles for 'like me'...

During film D goes out to look for spaceship...and finds an old prop from a film...but the twist is not this, but his response...he thinks this is the ship, and that A must be confused...but his 'heart of gold' is too nice, and he doesn't let on...and so twist is that A really IS alien...but D is just going along with him as doesn't...
want to hurt his feelings etc. and only at end of film does he, and the audience, get to discover that A really IS an alien...

Only reason A lets self get caught by police is has 'fifth element' type flash-back and nervous breakdown i.e all the cruelty here on earth, the hopelessness...he gives up...what could my mission be, when there is just SO MUCH to do here, so many things are wrong...sort of me pleading with audience...just for a bit...and showing problem of empathy etc...i.e what it is like to be someone like ME!!!...maybe A ends up taking drugs...chance to consider this issue...most other 'buyers' look normal i.e business people, socially functioning vs myth of drug addict...and...

A quotes 'training' stats on costs of alcohol and tobacco vs heroine etc...Alcohol harms every part of the body, including the heart...50% of heart attacks are fatal...have him mention these facts after D learns that A metabolizes alcohol like sugar-water...evolution...on his planet, for millions of years, fermentation was the only way to effectively preserve food in the then current conditions...so he is more or less immune to its effects...leads D to see 'angle'... Rich Russian gambler will only gamble with people who 'can handle their drink' etc...

Have scene where Tony Blair double is chased by hunting dogs after ALA 'spike' his suit etc with the foxes scent !!! i.e he failed to act on his pre-elections promises...had absolutely no interest in ending fox hunting

Why is my t.v shouting at me? A during ad breaks...D agrees...then A recalls...Ah, compression...they...deliberately so...but what about neighbors trying to sleep...D, yeh, selfish bastards !!!

Need to make sure audience sympathise with characters, can identify with, and invest selves in emotionally...appeal...thus they will 'forgive' us for trying to teach them something...or better, accept the teachings as coming from someone they like, who makes them feel good...though message a bit tough...fine line...have to keep info brief and in humorous context...short hits...just enough to open mind to themes...plant seeds in minds...and hearts...

Maybe when they finally return to spaceship it becomes clear that the mission had been sabotaged...but A finds it hard to accept...his planet is so superior to this one, right? D tells A it looks like A is in denial...looks like someone wanted you to fail...but we still don't know WHAT your mission is?

While in Cafe A enjoying some food, YUM, and then D notes, the 'chicken' etc is great isn't it...'Chicken? A is horrified...you mean this is real chicken...the animal ... and he flashes back to training...showing battery hens and slaughter houses etc...spits out, in tears...so sad, horrified...D would have liked to finish...goes to eat, but look on A's face and heart of gold mean he can't bring self to...so he offers, hey, I know what we'll do, and goes to Vegan bar, where they
enjoy (D a bit skeptic, but wanting to keep A happy, so eats for his sake, and actually finds quite likes it) vegan meal...chance to show wider world the whole range of vegan foods etc...

D is 'hero of the day' in the end? From petty criminal to hero! D gives him the credit...not perfect, but its a start re A's mission...or maybe that WAS his mission, to get people working together...to plant the seeds of a better world...and in end maybe D returns with A, to fight corruption etc ... i.e chance for us to see a Utopian society...and to remember that things may never be perfect...people are people... it is a matter of good regulation etc...

maybe lots of car chases...a-la smoky and the bandit, blues bros, canon-ball run...with police, gangsters, etc after A, D, and his group...bigoted chicken-farmers etc...

When D leaves A at casino, comes back to find him at roulette wheel...comments lead to D thinking he is a 'counter'...some sort of 'idiot savant' ... at first only thinking of himself...but his 'noble savage' heart of gold shines through in end...

A in '12 step program' is confused...'I thought the idea was to become sober, and stay sober?'...but why do you insist on people believing in god, or some 'higher power'?...isn't THAT a form of drug? Are you saying an addict is always and addict, and the best you can do is chose his drug for him???? So how bout a new '13 step program?' D finds him in room, apologises for him 'what you doing here? This is a gamblers anonymous meeting...and you don't even gamble! All addicts defend self from definition, and define their own drug as harmless, e.g god-ists...

A or D or ALA dreaming...shark is singing...'it's o.k to eat humans, cos they don't have any feelings (for all the animals they eat / torture etc!)

At end of film D may return to planet with A, after having 'redeemed' himself...and we get to see that 'average' person can be hero i.e necessary...i.e glorify all fat useless scumbags in audience and P and H...maybe alien gives him credit for the success of their mission...or at end humbly accepts that while they didn't actually find out what the mission was, they have done some good, and THAT is good in itself renotion we can't find meaning of life, but doing good is best thing i.e no 'mission' or 'point' as such...no 'holy grail' or 'final solution' or 'sudden realisation of the actual 'meaning' of life i.e WHY and WHAT we SHOULD be doing etc i.e WHY we are here...and end on positive realistic note 'Well, it's certainly not perfect, but there IS hope yet for this planet and its people' Hollywood Bullshit i.e pandering to audience, to H, to Plato etc....and back on home planet received with shock, indicating that someone HAD sabotaged mission deliberately, and we get whole new story about why and how...and D ends up saving A etc...i.e corruption universal and part of human nature...not
question of perfecting human nature but of moderating it, leading it, managing it etc... i.e A had deluded self, like most 'sophisticated civilised people' do that he comes from an almost perfect society i.e we only see faults in 'others' and 'other cultures', but reality is that some corrupt people tried to kill him, i.e sabotage, and he is now at risk of them...and as they try to solve mystery we find more and more corruption, deeper and more entrenched, socialised into his society, which A had imagine was 'perfect' and 'free' of all the sins of Earth...and now it is A who is down and out, and D's turn to build him back up, and save the day again...i.e the wishful thinking that we are all equal really, that only looks like some of us are inferior etc i.e underdog saves day, rags to riches, humble inherit earth etc etc...P, church, masturbatory fantasy of inferior... which H appeals to i.e pandering to masses and their wishes fulfilled by Hollywood...delusions of self, reality, denial etc ...

In one bit A is chomping down on some food, in a disgusting food court surrounded by fat, loathsome people, all depressed and frustrated i.e negative association in audience's unconscious with meat etc and meat eaters.... with A looking a bit grim, eating this greasy, horrid crap, then suddenly realising it might be...is it?...and D points to photo at cafe to confirm A's worst fears, as he spits it out, horrified that he is eating the flesh of some poor tortured animal...sad, horrified, but D has pity on him, and takes him to vegan food court...where we get to see lots of happy, cool people everyone wants to be like, i.e identifies as their ideal self, enjoying vegan foods...forming association in audience between sex appeal, happiness, health etc and vegans themselves....

A sees fat chicks...'hey, you should use X' i.e they were just watching t.v and the add for some weight loss product came on...funny situation...they are furious, D has to step in to save A from the mob of fatties...'Why? What's wrong...X works, doesn't it? Otherwise how could they play such adds? They'd be lying wouldn't they!!!

During visit to defense research center, as part of some tourist PR thing, in the desert...scientists explain 'problem' to A, humoring him...and A suddenly sees solution, and is about to tell them...'Oh, is that all..well THAT's easy, all you do is....' but D grabs him away before he can finish, warning him...'You know what those guys would do if they get that thing to work?...kill people...invade countries for their oil...etc... and they continue on...A is a bit perplexed...then later thanks D...'thanks, I needly made a big mistake'...and for the first time D knows what it feels like to be defined as 'good', to gain approval, acceptance etc...and thus his transformation is beginning! HW notion that all anyone needs is for someone to believe in them, and to have a chance to do good things...
During 'road trip' they have chance to consider all religions and philosophical positions, through the characters they meet...all of them are funny in their own way...

Maybe at lowest point, does the 'fifth element' thing, and wonders why on earth anyone would want to save this planet...surely the logical, kind thing to do would be to blow it up? At this time he is living with homeless, down and outs...sees all the misery etc of this world, like a Buddha...becomes really angry and sad and suicidal etc...but in comic way...and always something silly happening around him... then D finds, and peps him up...and gradually he climbs the tightrope out of the Abyss, like Nietzsche's Zarathustra!

Maybe he patents a few things to raise money for a foundation to bring all issues together a-la my vegan co-op...leaves the bunch of crazies he has collected along the way to run the place...they represent the weak, the lost souls, some 'tough-nuts', marginalised, some a bit crazy, but he finds a way to use the talents they have, and they find a home together, though by no means perfect ie always fighting etc...but in positive, family type way...they are all loyal to him...and later come to his planet to 'save the day'...i.e the high command orders and investigation, and they are called as witnesses to his trial...when corrupt politicians etc indite A on false charges, trying to stop him finding out what they are up to...i.e no society perfect...the question is how do you deal with the imperfections!...no noble savages anywhere, the question is how to get people to behave at their best...all people have their strengths and weaknesses...(But have to bring Eugenics and Euthanasia issues in somehow...so make sure don't contradict...have to reconcile somehow, without compromising message...but don't lose what is possible, what can be done, out of frustration with what can't be done, what media NOT ready for yet...

Maybe A discovers he had been chosen as they expected him to fail...whereas during start of film he is arrogant, once this clear, becomes more humble, nicer guy...a-la Mother Theresa's arguments about humility and failure etc...he feels a loser...D goes 'loser? I don't see any losers here'...You got us out of ... and you ... and you .... and you.... Now does THAT sound like something a LOSER could do?

Maybe in restaurant acts out, in comic, big girls blouse way, the life and death of the animal he is eating...ends in tragicomic way...so D gives in, and they go vegan...

the female D is interested in is at first disgusted with D, but warms to him as she gets to see his 'heart of gold'... he has been flirting with her, then A mentions she is a hairdresser...so D cuts his own hair, and makes a real hash of it...and the girl sees through his scam...but is impressed that he would bother to do this to get her attention, and so she 'falls' for his ruse (no, he had NO idea she was a hair
'Stylist', you call yourselves stylists right?.... etc...that and cuts his hair, and they begin bonding etc...

The ALA group are a bunch of goof-offs...incapable of doing any harm at all, but very passionate for all their incompetence...hippy-vegan-animal rights etc...they can't get anything right...plan a 'mission', and stuff up to audiences amusement i.e get public on side...make audience more sympathetic to them...make them more sympathetic i.e appealing, likeable, etc...non-threatening...message is horrific, so need to present through humor, as only palatable and socially acceptable way!!! Make sure any implicit criticism of audience is made by audience themselves...indirectly...and avoid any direct confrontation which is doomed to produce denial, and aggression towards the messenger... make the messenger a jester... human...imperfect...approachable...etc

In prison A reminds him that D does not believe him...tells him where to find spaceship...(maybe audience see that he is wrong i.e sees only prop, but from camera angle audience sees crashed space-ship just over hillock!)...so D, wanting to help, promises to go look for it...’Look, if I believe in you, then will YOU believe in you?’...you see, you have made me believe in me...I'm a new man...look at me...I could have run off with the cash, but I am here, visiting you...YOU did that for me...see...no-one else could have done THAT...I know, in the big scheme of things, I mean nothing...etc etc...A interrupts...no...THAT IS the point...all the little things...there are NO little things...they all add up...if I helped you, then ..... etc... i.e epiphany, big HW warm fuzzy personal growth stuff...

One issue is car accidents...he 'recites' stats...in some appropriate context i.e yes, imagine a jumbo jet crashing every 30 seconds... 1.2 million dead, 50 million injured p.a...etc...another alcohol...tobacco...D always interrupts, approximating audiences patience, and validating etc it, before it gets too long winded...but only after has made point...but audience satisfied he has been cut short...they don't need no-one telling them nothing!!!

In the hotel room that night A and D, and ALA and B, end up discussing his 'mission'. They agree that animal rights is a big issue, but that there are many other issues too. Any one of them might be HIS mission. They are loosely networked with many other organisations. He asks for their help. D has his eye on the money. So he plays along too. He keeps reminding A that money will be important to his mission, so they stop in at every gambling place along the way.

After one successful night at a club, they catch the attention of some hookers. One of them hits on A, and they end up in his hotel room. From outside we hear sounds of delightful surprise and pleasure, laughter, and moans etc. After we join the couple in their room. She has a massive smile across her face. But then she comes to her senses and asks for her money. 'What?'. You want me to pay for
what we just did? 'Didn't I give you pleasure? 'Oh, you don't know the HALF of it buddy! You are some deal. But business is business. Business? At this point D comes back, expecting to be amused. 'Well, A, that was some show you put on. I think the whole hotel heard that'. So have you payed her yet? He apologises to the girl. He was clear she was a hooker, and anticipated this sort of naive problem on A's part. He pays her the 200 her friend had asked HIM for. But then a Bruce Willis type character playing her pimp lets himself in. He looks around the room, casing it...then jokes 'from what I heard I guess you have no complaints with the service?'. Good. Now where is my $500? D challenges him. 'Hey, wait a minute, your girls charge 200. Pimp replies 'Yeh, well that's women aint it. First you think you're gettin it for free, then one day some lawyer turns up demanding you pay and pay and pay. What can I say? That's love for ya. 'Go on, pay the guy and lets get out of here'. The girl, still in ecstasy, begrudgingly lets A go. Pimp tells her to get dressed..'you've got work to do'...'we're not on holidays'. They have some sort of argument. A does not like how he treats her. He asks her if she is O.K. Pimp gets macho. A lays him out cold with the slightest of movements. The girl is impressed and, realising she is in for it when he comes too, she takes the 500 out of his hands, gives it back to A,and they leave together. D is impressed...impersonating him 'Whack, and 'goodnite sailor'...how'd you do that? Where'd they teach you that stuff?' and he begins wondering if maybe there IS something to this 'mission' stuff after all...but thinks in direction of F.B.I etc...and gets nervous...plans to 'run'...but of course something happens and he doesn't...he proves loyal, heart of gold, learns to trust himself, to believe in himself, to have faith in himself, to feel 'good' about himself, that he IS a good person... etc

In hooker scene D quietly 'hires' hooker while A in toilets...they agree on 200 (like salinger, her pimp will demand more later)... A has 'flash-backs' of his 'training', with pictures of vagina, clitoris, quick images of how to satisfy women, then goes for it... to her joy...then later D goes to check on them...and BW pimp pushes past him...etc...and does his witty ex-wife lawyer alimony women act like its free but always make you pay, and always more than you bargained for / agreed on!!!

The others see them leaving in a rush 'Don't ask, just get your stuff, we're checking out'...and they are back once more on the road...in this 'issues' 'road movie'...

They meet Bono type character...hypocrite who writes songs about love, caring etc. A recalls his songs, from his 'training'...and asks him questions which reveal he is a phony i.e so, wow, you must give heaps of money to different issues, right? I mean I know all your songs, and you made so much money...but learns he is phony, living like a king while pretending to be 'good' guy... and this in contrast to D, who everyone thinks is bad, as a con-man etc, but turns out to have a heart of gold i.e the 'real stuff'...During interaction D apologises for A's
rudeness...Bono is drunk, just laughing at A, the idea that he would give money to issues...as if it were ludicrous...of course he just writes to get rich...he doesn't give a shit...'Tonight I thank god I'm rich, instead of you!'... 'sells don't it!'... 'hey, if god didn't want me to live in luxury, then why'd he give me all this shit? 'He would have given it to the poor!'... etc

A ends up in jail. Broken. Feels a failure. Useless. D visits. Wonders why A doesn't just 'whack, wham, fling'... makes motions, looks silly, copying A's moves...and just walk on out of here? D is down and out. But also while inside asks re issues...one guy says he should have pleaded guilty, as he would have been out of here 3 years ago, 'cop a plea' my legal says...and you get 1 year, try to prove you are innocent and you could end up with 25...and guess what I did ??? re issues...and D genuinely wonders why they are all in here anyway...chats with warden re free will etc...jokes,'why do stupid people always make stupid decisions?'... D Feels guilty. It is his fault A in jail. He 'owns up' to prison warden 'It should be me in here, I'm the guilty one'... guilty you say? Ey? Can't tell you how seldom we get to hear that around these parts...considering... etc

And so we change to later shot of A visiting D, and cheering him up. They come across some people demonstrating in connection with the holocaust, outside a neo-Nazi rally etc...and A's light-bulbs go off as he recalls the bible 'Oh, I get it, you guys are demonstrating against the genocide committed by Joshua against the Canaanites, when they annihilated all those cultures, and made sex slaves of all their girls under the age of 12!! ' they give him a really confused look...and D asks him what all that was about...so A can remind us of the biblical holocaust and Jewish hypocrisy! Just a bit though, to get people's attention...not force fed...just enough to wet their curiosity...

At down-point in film, D is really down on self...people suck...humans are rotten...I am bad...(he had planned to leave D and take the money...he admits he was using A, but now has grown to like him...he is genuinely good...and A rebukes him, genuinely...and for the first time in his life someone tells D that HE is also a GOOD person...and reminds him of all their adventures, and all he has done for A...in helping him recall his mission...and the others also chime in positively...and D begins to feel good about himself...and they go out and have some fun...clowning around...dancing etc...

character sees sign with an adult and child, on the cycle path, and thinks it must be like bus lanes, so offers to 'hire' kid so he can ride on it...mistaken for pedophile...

Alien ... group... A notes how ...Surely fantasies of Alien probing clearly related to repression of sexual impulses etc? i.e desire that someone probe them !!!
A and D on road-trip...and D falls asleep at wheel? Char hears sirens etc sleepily, which wakes him/her up...irritated, but with sympathy for whoever might be in trouble etc i.e who for?...sirens stop right next to character...suddenly realises that it is they themselves who are the ‘victim’ i.e have fallen asleep at the wheel...ambulance and police coming for them! end surprisingly misleading appearances

Anti-zoo group...In zoo, aviary, EP mimics parrots movements i.e develop rapport...senses that doing so sign of empathy i.e bird enjoys interaction...saddens that intelligent creature imprisoned and enslaved...no hope of freedom or joy of living...mere existence as exhibit...so wrong...just saddens when not enraging...i.e doomed to life of prison just so humans can observe it for a few seconds, maximum minutes, of their own lives...

Nitrogen musical anthem for euthanasia movement (re:Jarre's ‘oxygen').

People leaving rubbish on ground a meter or so from rubbish bins...on new lovely park grounds...

A is confused when they come across a restaurant, with crayfish etc in tanks, serving 'live' fish...by the Buddhist temple that forms part of the restaurant...he greets the owner, and observes the scandalous inconsistency between teachings of Buddha and the restaurant...

A and D and ?? walk in on X's daughter praying...she cuts such an innocent, charming sight, kneeling in prayer, her blonde locks shining in the moonlight... 'Shhhh...lets listen...' and we hear her praying that 'that bitch Sarah should get VD and die horribly, and her b.f will give ME oral sex...and ... i.e in notes elsewhere!

A notes at 'incest' issue stand at issues rally, that 'According to your own religion, all humans are the result of incest, and then after Noah, again, Noah and his family must have had sex, and so you all...'... 'but that is nothing compared to the Thrip mites...male impregnates all other sisters while they are still in the womb of their mother! He dies. The females eat their way out of their mother's body! Clown fish change sex if their mate dies, then mate with their own sons! ....'Oh, gross...etc as they walk away etc...and D notes, 'that is pretty gross, you sure about that?'...

A and D in court-room legal context...‘you mean lie detectors are NOT admissible as evidence?’...lawyer...'good grief, imagine if they were! No, thank heavens, ... I can't think of any evidence that is more accurate...I mean you can plant DNA evidence...but lie detectors are about 90% accurate...sure you can be trained to cheat them, and occasionally they give false positives, but really, if you have enough corroborating evidence, it would be impossible for the guilty to get off...and then, I mean, laughing to self, what use would anyone have for US! No,
thank my lucky stars, lie detectors are not admissible...but if you get a client to pass one, then you discretely make sure the jury get to know...even if THAT is contempt of court...you just leak it to the press, then fire someone you hired just for this very purpose !!!

A in discussion with philosopher...yes, well, there is no certainty, no knowledge, just probabilities and beliefs...and each belief has different consequences for each person, so everyone has a right to know the distributions of these costs and benefits...in the end it is a question of which belief is best for you, best for 'society', and best for the greatest number, but you have a right to know all these, and what they mean, for YOU may not be a member of 'the greatest number', 'the majority', or your particular interests and those of society may be at odds, in conflict...and so you have a right to know, even things you do not WANT to know !!! You have a right to have your memory erased AFTERWARDS, but ....

At 'causes' rally, a famous sexy blond gets angry with an old rival...'she's stole MY cause...thats MY cause...first she steals my bf in h.s, then..... all the good/sexy causes are taken...she is left to give public talk about 'diarrhea' ... reality of celebrities and 'causes'...for the most part... so good 'poke' and funny...

Context for info about chimps ( and Benopals!)... character puts wrong DVD into player at kiddies play center, playgroup, or team building seminar...and then again the sexy benopals one later...Chimps will gang up 151 on an individual chimp and kill it, as a political/group building/team building etc exercise, when there was absolutely no other motive i.e no need, no competition for resources etc...kids in horror at first video of murderous chimps, then laughing and excited etc with second sexy Benopal footage...

A notes how Socrates was to Plato what Jesus was to Paul...probably fictitious, or at best real people, ascribed super-human 'authority' to to give their own arguments the 'authority' of having come from such a super-man...

A to character...'life is like a bowl of yucky candies, in which there are a few yummy ones. The rich take all the yummy ones, leaving only the yuck ones. But some of the poor occasionally try really hard and find a yummy one, and all the other poor people start striving again to find one for themselves...they pray, they have all their icons and other superstitions, telling themselves that they will be the next lucky one...or if they don't find one, then for sure their kids will...etc...

A quotes Freud in some context...'The neurotic punishes themselves by submitting to renunciations and prohibitions disguised as protective measures'...D 'yeh, but protection against WHAT?'...Ah, that their infantile desire to murder their fathers will be punished....which is of course the basis of Western
Religion...' D'ah, the 'Oldiepuss' complex...' A 'you mean Edipus...'
D yeh, yeh, where the boy wants the old puss...

Character yells out to guy hugging his mum. 'Yo mother hugger'!

Character, sort of shy, but cool in loser way... So, you wanna, like...
Girl he is talking to interrupts him, in her dufus way 'I don't know. Dating is so much stress...you know...Oh, sorry, I didn't let you finish, sorry, I'm always doing that, foot in mouth and...'
She cuts her short... 'Oh, sorry, right, well, Um...I was just, like, gonna ask if you wanna come over to my place, hang out and watch some t.v, and have sex?...' but... 'She interrupts, brightening... 'Oh, in that case...yeah, brilliant...let's...' He and she sort of smile, bump into each other as sort of move about so they can walk out...

A television crew is doing a sort of documentary at the issues rally... 'And now lets go to some arguments for birth control'...the camera focuses in on two people (A and D?)...and the reporter goes 'Ah, yes, I see... and now back to...' Then seems some confusion, as reporter talks into headset 'Oh,...oops...sorry, you see, I thought...laughs to self...I thought you meant 'making mongo face'... Sorry, so, you wanted to... (to the two people from the birth control issues tent at rally etc)...

They try to get David Hasslehoff to be at their 'issue' rally stand / tent...he says 'come back when you've got 6 figures'...they come back with 6 hotties... 'now you're talkin'...and he walks away with them on his arm etc...

A 'relativism is the strategy of opportunists ... it means they never have to admit they are wrong, or that an opponent is right!

A and D set up 'monkey' investment fund...after A asks brokers what they do, reminds them about the monkeys...asks....so, over the last 10 years, you have outperformed the major indices? And the 'management fees and commissions over 10 years would add up to, if they had of been reinvested annually?... whispers 45%...sorry, did I hear, loudly 45%!!!...well, thankyou but we already have some monkeys, and they work really cheap...!!!

In court A and D do deal with State...A offers to solve big crime, and/ or D will give self up and turn state's witness in the case they are pursuing against the mob who are after him...in court...the prosecuting attorney 'your honor, I am embarrassed to have to inform you that it has just come to our attention that evidence A is inadmissible as detective Z.... (i.e deliberate mistake, botched, stuff-up, clerical or administrative error, error in gathering evidence to make it inadmissible, so case, which otherwise was strong, has to be dismissed...issue!).
This attorney turns to their other counsel who don't know what is going on, and
protesting to him 'Don't worry, it'll be worth it'...then judge notes this, and with concern, and suspicion 'What was that Mr...?'.. 'If I find out you're deliberately ....to get A off...then I'll have you for contempt... etc... 'D to his own lawyer, who has 'deal'..'Illegal search? What illegal search? I saw the warrant'...What? Really? I see... smiling etc...

In prison, earlier..A talking with in-mate...re was advised to plead guilty though innocent, as if lost case, judge would make an example of him re issue of offering deals, with short terms, for guilty pleas, and punishing those who do not take deals with excessive sentences...A reads his file, immediately notes some connections and anomalies, 'scans' his memory for the legal codes part of his training (we see in sort of bubble to TRHS of his head etc or as overlaid images...etc...) and then 'Ah, yes, I see. Sorry I doubted you. I've found the mistake in their judgement...so he gets the guy off with compensation, thus adding one more loyal friend to their posse...for their later co-op etc? Or helps in their adventures somehow...

Maybe some 'mystery' is solved over the course of the road-trip...and is then solved at some point...some feel-good issue, some nasty criminal operation busted...sex slaves?...import of animals for testing?...

Sweet dog, but has strong reaction to people in white lab coats, after having been rescued from a 'test' lab...later helps save day when our villain just happens to be dressed in long white coat, and our otherwise harmless dog goes berserk at him...saving the day...

A and D? Stand-up's friends....'we finally got you a gig'...forward to gig....Stand up I rang the suicide help line. But they were absolutely no help at all. Not a single useful idea. No good tips at all! Audience is totally cold and silent. He looks around and sees a placard for the event 'fund raiser for victims of suicide'. His jaw drops. Then his mates step up and let him in on the joke...and the audience break out laughing at him...they were in on it...a set-up...it was not a suicide help-line fund raiser etc...just a big joke on him...then we hear him continue his routine and the crowds uproarious laughter as we continue with our characters on their road-trip...

We can 'go to' all sorts of different shots, without need for real context...i.e during war bit, we can 'flash' to a Monty-python like sketch... Alien to earth person 'Oh, we got rid of war eons ago. Now we only have gar'. Earthling, brightening at prospect of learning how to eliminate war from earth....'Gar? What's GAR then?...Alien.. 'Oh, that's where we go around killing people, destroying stuff, etc...Earthling, despondent, 'Oh, I see'... Alien continues...'And we also eliminated rape'. Now we only have 'mape'. Earthling, despondent and
sarcasm...'I bet. Let me guess. That's where you go about having sex with people who don't want to have sex with you'...Alien brightens, a bit confused...'Oh, I see you are familiar with my planet's history then?...

context same? 'Alien'...and we teach that if you are poor this life, and work hard, then next life you come back as a rich person...Earthling but don't they just argue that it makes more sense then, to average out lives, and so you NEVER have to be poor in ANY life? Alien.'sure they do', 'and these people get to have their NEXT lives even sooner than they expected!

context? ... granny always used to say...flashback to granny 'fuck the fucking fuckers'...and if someone picked on you she'd say 'kick them in the fucking nuts'....now get the fuck out of here, I'm very late for church...' then 'hey, why'd you bleep the last one, I only fucking said VERY!... (the censors miss the last 'fucking', but censor all the others !

A & D visiting Vatican...and we watch a scene playing out inside the Papal chambers...Pope's assistant...'So, like, you know, when you talk to god, what does he SOUND like? I'm guessing deep baritone, powerful and majestic, but still approachable, very loving father type...Pope interrupts him...What? You mean your really think I waste my time...hang on, laughing...you think god is real...my heavens, no my son, god is just a ..... after chance to enlighten audience, 'god' appears to have been woken from his sleep in the clouds by the Pope's comments...and they begin an argument...God 'well I might just smite you'...I can do that you know...'pope 'smite, smite, what the heavens does 'smite' even mean...I bet you don't even know...no, you're just Plato's invention....etc....You're like Santa Claus (who appears in screen) and the Easter bunny (who also appears in screen...Santa pulls up his sleeves for a fight, and the bunny gets really scrappy looking......

Flashback in mind of one of our characters to a putative Jesus saying 'Let he who has not sinned cast the first stone'...the crowd look around, a bit lost now, and feeling they are going to miss out on a good stoning...but then someone has a bright idea...handing a stone to an infant a mother is nursing...there you go fella, just a little swing and..., and then the crowd turn to Jesus, who looks broken, and trample past him cheering, beginning their 'stoning' of the hapless woman...

Driver slightly injures cyclist. He gets out of the car (to the cyclists satisfaction), then adds, to his, wife 'I'd better go put it out of its misery' (to the cyclists horror)...

Skit based on Grand Canyon in Blue Mountains...'Two groups of hikers pass...'You'll love the next bit, it's just amazing'...so, not to be beaten, the other replies 'No, the bit YOU'RE about to see is amazing...etc...and ends up with them fighting...
Skit...two slaves in viking settlement...A to B...'One day I'll be free'...B.o.k, and then? All you know's is farming, and you've got no land, nor money to leave here with...so...like, when you're FREE, lets see, I guess you'll be working HERE, doing THIS... correct me if I'm missing something...B storms off ...

ALA character, or another, likes one of the girls that have become part of the team etc...and sees her talking bottles back for recycling...he sees his chance...looks around...sees an old guy bringing some bottles in for refund...he quickly races over and offers him 5 dollars...the old guy, seeing ALAs desperation, and real keenness for his bottles, suspects they must have some sort of value, and tries to haggle...ALA ends up grabbing bottles, runs, then returns stuffing money in the old guys pockets, then runs again, just in time to be behind girl behind refund machine...

During first scenes where A shows D diamonds, he gets over-excited and brakes and skids all over dirt road edge...'whoahhh there'...you can't just go flashin all that bling all over the place...there are people out here who would kill you for that loot...you know...criminal types...

A shows D his 'lie detector'...very small, explains they have been using them for 1000s of years...must...can only turn them off by mutual informed consent of all parties, such as during sex or other fantasy role playing activities...they are also programmed to note 'kind' lies and lies of necessity...complex algorithms,...took hundreds of years of testing to agree on which ones to allow etc to 'bypass' detector...the most interesting function is that they let you know when you are lying to yourself...i.e in denial...or 'spinning'... and during story D notes, and 'picks A up' on a lie...CONTEXT for idea...at some point D realises A has been lying to him i.e 'hey, your lie thingy went off...I thought you said that only went off when you were NOT lieing, and you WERE lieing' right then, right?  I mean, I KNOW you were lieing...Hey,...suddenly realises 'that means you were lieing to me when you said you had faith in me?...'  A 'yes, sometimes you have to give people the benefit of trust when you have no reason to...just to give them a chance...you have to give them more trust than they have earned... i.e HW feel-good tone...and look...you earned it... 'D'...I guess...yeh...thanks...its true, I didn't deserve it then...but I did NEED it...

At an 'economic exploitation' stand at issues fair...etc...A 'it took a long time for my people to work out the problem with money...and it arises when people who have not produced anything of value consume value, exchanging money they got without producing any value, for goods and services of value...it just distorts the whole system and you end up with economic cycles, depressions, unemployment even when there are so many things of value people could be producing / doing which are NOT being produced / done...etc...it produces sort of 'vacuums' and a de-coupling of money from value production, and then you get inflation etc...the
real value of all the money in any economic system, say, country, is the amount of value that has been, and will be, produced in the immediate future...

Re NEW-incarnation (Vs egoistic notion of RE-incarnation)...i.e NO continuation of personality...just 'passenger' of NEW experience engine with completely new, random Holistic inheritance...but girl argues re karma and free will...and A laughs...Yes, I see the problem...you haven't evolved your mental outlook wide enough yet to comprehend the absence of free will...you simply WONT accept all the obvious facts... She challenges him... so he goes through step by step, asking her Did you get to chose your parents? Where you were born? Your genes...etc etc till ends up in final details of a life, and she is exhausted and beaten...and once more we are distracted by something so the tension and weight are lifted from our audience... but they are left with some ideas... at some point he notes that while there is no karma, all our actions have collectively constitute history, and society, and produce the world we will inherit, and so we should remember we are going to be born over and over again, randomly...then asks someone 'what sort of holistic inheritance would you like to be born with? Huh? You know, genes, looks, money, opportunities, society etc...describe for me the next perfect YOU...who you would like to be if you could, what sort of world you would like to live in... I see...and what if the next you is a chicken? Or pig? Or poor African?...Yes, you see...etc...

A at 'intimate shaving' booth ... this is an issue? Jokes D...A adds, well, you know Plato said that the gods were jealous of humans, and cut them in two, and that since then we have been searching for our other half, to become whole again, and certainly intimate shaving would make our 'search for the hole' easier...Girl at stand gives him weird looks as D drag him off...You know, D, I don't think that was the mission you were sent here on!...

In some context i.e maybe they visit one of D's producer friends who is editing some film...and we watch this scene... A battle field. Two armies stand off facing each other. Their leaders come out to meet. "Good turn-out today! Yes, great weather for it. I see you've got .... oh, and don't those pikes look sharp...Ooh yes, wouldn't fancy my chances on the end of one of those...and they continue praising each other's forces...Big, aren't they, where'd you find them...must be, what? 6 foot 4? he waves at an enemy soldier, smiling, who looks back at him confused...the soldiers have worked themselves up into an angry frenzy, which now seems out of place...as the enemies leaders praise each others forces, the soldiers smile to each other proudly...in the end it seems a shame for them to be fighting...and so they agree to a draw ... 'I mean, if YOU don't really want to fight, I mean, WE would have nothing against having the day off...I mean...lovely weather really...bit of a shame to waste it...I mean if YOU don't want to
fight...though many look at each other a bit confused...and they go off chatting, comparing each other's weapons as the 2 sides mingle, and the two leaders go off chatting about some past common acquaintances, asking about them and how they are doing, places they have both visited etc... OR they get to point of being about to call it off when one takes offence... 'What do you mean If WE want to call it off'...and this degenerates into an argument, and both get pissed off, return to ranks, and start battle!!!

Similar short film...skit...two hands and a cock and balls...one hand stroking the cock, then the other hand comes in, outraged 'Its not what you think'...oh no? I guess there is some way to explain why your are stroking MY cock, is there.....etc etc...and in end they calm down, see the funny side, and the potential, and go in for a 'threesome'!

A explains in some context...'the only pleasure comes from satisfaction. This means you first need an UN satisfied desire. The same with the satisfaction of relief. This pleasurable sensation is only possible if you first are in discomfort. You see pleasure only comes from become-ing. It can never come from BE-ing, which is what your psychologists refer to when they talk about habituation, though they don't realise it yet. Being as unity cannot be experienced, as it is absolute being-ness, devoid of any experience. You can only experience joy by separation and the return to unity, in Become-ing whole again. Experience per se, and of relief from discomfort/pain/displeasure and the pleasure of satisfying a desire, can only come with imbalances in energy and a change of states...a constant state provides no experience...THAT is BE-ing...only the transition between states can be experienced, and thus only become-ing something can produce pleasure and relief...

Oh, you all want inequality...it is just a question of how much...we all want status and prestige, and to be one better than everyone else, if we can manage it...we are competitive by nature...it is just a question of degree...and how much of our good fortune we are prepared to share with others, who, after all, make our status possible...you can only be better if you have competition...you can only sell stuff if there are people to buy it...you can only produce stuff if there are people to help you produce it...all value is socially produced and only HAS a value by virtue of society...if there is no-one to buy your neat invention, it will only be of value to yourself...ETC...

(more or less used in 'Sex Life')Oh, and it is irrelevant HOW that inequality comes about...you inherit all your talents, education, intelligence, beauty, ... you inherit your potential...they all form part of your holistic inheritance... and so even 'merit' derives from this inheritance...notice that the most talented and intelligent are usually also the most motivated, and therefore hard-working? So motivation is inherited as much as intelligence is. So if you claim that
meritocratically 'earned' inequality is fairer than simply inheriting money, well think again. Of course there is the question of productivity, creativity, innovation etc...that is a different issue...of course rewarding people for their effort, sacrifice, and risk, will produce greater innovation, and hence more value for us all to consume...and so meritocratic inequality leads to a more creative, innovative, productive, society, one with more value for us to consume and enjoy...but it is not fairer, per se...just more productive...this 'self-made man' notion is an illusion...no-one made their 'selves'...they may have made the MOST of their 'selves', but you can't MAKE your 'self'...you inherit it...and the social system.... just go back and consider what you didn't get to chose in life, and you will be able to correct the 'illusions' 'myths' 'noble lies' etc

A drinks Chocolate Soy milk in supermarket...he is soo thirsty...Ahhh, that tastes GOOD... and security come up to him and say 'That is a crime you know' and A responds 'No, THAT, is a crime', pointing to cows milk in the fridge...

(used in 'Sex Life')A and D in road movie meet a young guy who is somehow the head of his department...he explains to them that his first promotion was a clerical error, but the people who made it didn't want to admit it. They had no reason to. They didn't care who was boss of X etc....and then the second promotion was a result of a misunderstanding...someone trying to brown-nose the director thought he was related to him, and promoted him...again no-one had any motive to admit to the error, so he stayed in the new position...he winks at them and adds, in a conspiratorial and confidential but joking tone...(sort of John Candy style.)..'Seems to me that it is a rule that no-one in the public service will ever admit to having made a mistake unless as a result of that mistake the public interest is inadvertently 'served' i.e unless it somehow benefited the public...in which case the error will be immediately rectified' he laughs...So...what will it be...how can I help?....

END HUMOROUS ISSUES ROAD MOVIE

NEW BOOK / FILM IDEA -APPROACH TO E.P'ING MASSES

How to get an 'illegal' message out to people? A novel / film in which billions of people commit suicide using an existing, or new / fictional drug...the aftermath, flash-backs, flash forwards...

If anyone tried to tell people they should kill themselves, and provided a painless, quick way to do it...they would be locked up either as a 'patient' or 'criminal'. They would get nowhere. Of course this is THE greatest threat. It always has
been. Since the 'Christian' cult members mass suicides in the early days before it was adopted and distorted as a national religion. Since before Plato's times, when he was careful to have Socratic's remind readers that we do not own our own lives...but rather are the property of the gods...which is merely to say the property of the beneficiary classes...at first the kings and priests...and no person dare kill themselves for fear of angering them...laws against suicide...taboos...emerged as soon as the beneficiaries realised that they could use ANY human as a means to SOME sort of ends...that other humans were assets to them...especially as slaves...but also as 'free' citizens who could be called on to steal other people's assets, and to protect the beneficiary classes own assets...i.e war...and of course to tax, and to realise the potential value of land, mines, etc...

So this book / film would attempt to deal with one of the fundamental elements of my Eden Protocols. Euthanasia. The abolition of slavery. For if you are free to take a good death, then you will certainly chose that over a life of slavery. Of whatever form that slavery takes.

This is definitely the biggest challenge to my E.Ps. Few of the 'legalise euthanasia' groups goes anywhere near far enough. i.e they usually limit the 'right' to die to people suffering painful terminal illnesses. People who were going to die anyway. People who were of no benefit to society in general except as 'consumers' of health services and products. O.K so health professionals and pharma company owners and execs tend to be members of the beneficiary classes...and so they are definitely beneficiaries of the sick and dieing. They are beneficiaries of every born human.

So seeing as they are so desperate to milk their cash cows to the very end, without any compassion, imagine how hard it will be to get my fundamental principle acknowledged...the right for anyone to go to a shop, buy some nembutal, go home, watch a film, have a drink or nice meal, and then drink the nembutal, go to bed, and never wake up again...at least as their current self.

Imagine if Billions did this. Billions have every reason to. Once they are freed of the chains of fear – dogma -religion etc. As I suggest, it would revolutionise society...there would be no slaves...no excess labor...there would be a labor shortage...the ratio of rich to poor would suddenly collapse. Like after the plagues. People could pick and chose their jobs. Many services and goods would cease to exist, for lack of people desperate enough to produce them / provide them. This is a key point I will need to make clear, through the context of the story...the plot...the events...

So how could it happen? Who could bring it about? What sort of organization? Part of some 'New World Order' conspiracy? i.e really wealthy / powerful elite group? THANATOS. Some upstart charismatic leader? Perhaps a famous,
successful public star, that now has an incurable disease, which leads them to many realisations? In connection with 'The Teacher' who is the EP dude?

In other books this 'purge' is carried out by the conspiracy of small groups with new nano technology...either through sterilisation, and hence over generations, or instantaneously with resonant frequency 'weapons', also of nano-scale.

So this is an alternative. A voluntary one where somehow some group has raised consciousness of TROONATNOOR, and people have accepted it...as some sort of 'Age of Aquarius' change in consciousness. I want to illuminate to the masses WHY religions were made, and suicide made a sin...why hells invented, why lies NOT noble...how they are a slave, while imagining they are free...how they are allowed to delude selves that 'things will get better' etc, when in reality if you are born a slave you will work your guts out for the benefit more of the beneficiaries than for yourself and your family...how dieing could be so easy...why there is no reason to endure this life for most of us...why death is either just a lack of consciousness, or simply a portal to next-lives. And why our next-lives are more likely to be better if most of us kill ourselves, than if we endure our lives....how we do our children no favors by enduring...how we must accept that it was a bad decision to have had children...selfish...but that we have no free will, so sin, guilt, shame, and pride are all meaningless...all this in a 'popular' medium...an adventure / mystery book / film...

Euthanasia is always going to be the hardest, as long as the beneficiary classes view humans as means to their own ends, as human capital, as assets...

Alternatively in the film the beneficiaries might be on the verge of a scientific breakthrough in terms of robotics and automation, and meet and decide that the masses are now a liability...and work through some organisations, some 'gurus', some 'angel of death' charismatic leader to realise their new vested interest of massive population decimation. Once humans become a liability, or cease to be an asset, they represent merely a nuisance, a potential threat, an environmental problem, etc...and they fear that the masses would not volunteer to kill themselves in the interests of the beneficiaries...it would be better to have them think they were rebelling against their masters, being rebels...just human nature...so maybe we discover at some point, or some F.B.I etc agents realise, as a plot twist or surprise, that in reality it is their bosses, the rich and powerful, who are behind the whole thing...the EP angel of death was being used...he doesn't have to be an actor like in recent films...he could simply have been conveniently supported by the rich and powerful...who knew that people would not take kindly to being forced to kill themselves...but if they thought they were doing something devious, clever, and managing to escape slavery etc, they would be more likely to act in the way the beneficiaries wanted. So a twist in the end.
That is one possibility. That our hero is really being used. To show what I argued, that the laws and motives change not according to any morality, but according to the vested interest of the beneficiary classes.

One side effect, in the event that the beneficiary classes were NOT behind the mass purge, would be that governments probably would force people to reproduce, pushed on by the lobbyists of the beneficiary classes. We could see this happening i.e advertising campaigns, slogans, propaganda...and show people reacting to it … 'no thanks, I think you're gonna have to find your slaves somewhere else in future, I'm not falling for that again...or 'yeh, make more slaves so you can start treating us like slaves again...no thanks...

show how industrial relations would suddenly switch in favor of workers...and how doctors etc would no longer be able to demand so much money etc i.e all well paid professionals, for now they are in over-supply, and if they want any 'menial' or 'manual' work done, they have to compete with each other to attract workers...so the inequality would naturally level out i.e redistribution of labor market power, and hence power per se, in favor of the workers...those previously badly opportunistically exploited as they were in over-supply...now have the upper hand...and those with more fortunate holistic inheritances now forced to negotiate with them on more equal terms.

And also whole areas of 'business' might dissolve. e.g banking i.e as debtors now dead...will never repay their loans...and somehow non-productive intermediaries can no longer be supported, let alone massively rewarded for their non-production e.g bankers, salespeople etc...anyway, try to get as much as can without overloading story / masses minds.

This is problem...complex philosophical arguments...so restrict self...keep to point...slavery...suicide...religion...beneficiary classes...labor over-supply...vested interests against suicide...and possibly changing vested interests in favor of it, with new technology, robotics, automation etc and 'New World Order' conspiracy of more or less EP minded elites...but humans rarely display such good will and ethics...rarely give up any advantage...until after they can no longer benefit from it...so maybe something has happened to the elites...someone has infected them? They are dieing? Just of old age? No heirs? Nothing to lose? And potential fear of next-lives suffering as a poor person, motivates them to initiate Eps? Maybe some sort of strange collective experience...they meet at a scheduled meeting and that is all they can talk about...some alien visitation? Some sort of 'visititation'? Some sort of vision? They are all suddenly convinced of reality of the 'Optimal Ethics Generator' assumptions?
Humans reveal basic underlying MALICE in demanding people suffering should endure it. ??? What other motive could people have for denying people the right to die? Even their 'betters' who they are envious of. People certainly do not take much of their religion to heart. They rarely practise the tenants of their 'faith'. So what is it? Why would they deny me the right to go to a vet, buy some nembutal, and go home and die? Because they are too scared to kill selves? And therefore I shouldn't be allowed to either? If they, through their own fear of death, are forced to endure their lives, then they are sure gonna make sure that I suffer and endure mine too. Why should I be able to die, when they could never bring themselves to ending their own misery? Because I am a potential asset to themselves? Because, in reality, if my life is that bad, then surely there's can hardly be defined as any better? Because they like to keep the less fortunate than themselves around to make them feel more fortunate, and thus happier? Because they feel they have invested in me? Because I would be saying 'hey, fuckers, I do not want to have anything to do with you and your world. It stinks. I want no part in it. I want no responsibility for it. You do what you like, but I reject you and your world. I'm outta here.

Story / film might be more acceptable to people if it is a 'mad-man' 'guru' 'charismatic leader' like Jonestown 'massacre'. Have reference to it in film, maybe a documentary is being made about it years later, in our film...why 'massacre'? That is clear propaganda, as people took the coolaide by choice. It was revolutionary suicide. They knew their commune was doomed. They preferred death to slavery, as hitler put it. This could be initial context, allusion to what is coming later in film...maybe someone on trial over Euthanasia laws...'angel of death', and interviewer interviews in context of Jonestown review story...

Might be Nembutal, or maybe some group have invented a 'home-made' E pill, and this is how it all begins. They publish the recipe. Governments try to pretend it is fake, warning people that they will suffer horribly if they make and take this 'poison', trying to scare people with disinformation...and scientists warned to agree with these lies...though some won't, and go on the record that the recipe would do what it claims...and in fact more and more cases appear, which the state tries to hush up...and misrepresent as 'painful, agonising deaths'...to show how beneficiaries always try to make people fear death...and this leads to internet debates...and a huge 'chat' population grows...we can use these 'chats' and 'posts' to explain some key EP arguments...and then people start questioning the 'official' reports, and start wondering why they don't kill selves...recipe easy...state tries to ban ingredients but has to admit it cannot...they are too widely available...they try all sorts of 'ploys' to fight the movement...but people start 'opting out' on mass scale. Whole families. All over world.
Just because you happen to have been born, does not mean you have to endure that life for 100 years... you cannot kill yourself, only bring your death forward in time... and hanging yourself will certainly be less uncomfortable than the millions of painful experiences you will be forced to endure over the 'natural' span of your life... and it is all determined anyway... no free will... your 'illusion' of having decided to kill yourself is just that, an illusion... the universe decided to end your suffering for you... the angel of death... death is the only kindness the universe can offer you...

Just because YOU want to live, and find life great, does not give you the right to force others to live. Forcing others to live because YOU want them to, for whatever reason, is simply SLAVERY.

The only thing you have a right to do is to offer them whatever things they tell you they would need to make their lives WORTH living. If you can not or will not offer them these things, then you have no right to deny them Euthenasia.

How arrogant could you be to tell someone what they SHOULD feel about their lives. How selfish could you be to force people to endure their lives, simply because YOU cannot understand why someone would want to die. Good luck to you. Probably you are living at other's expense, and do not want them to stop producing the products and services that make your life so worth living. You are a beneficiary of other's misery.

Few will speak up about the truth, as the state threatens to force them to endure fates much worse than death if they dare to. Slavery beneficiaries feel entitled to their slaves. Their property. Whether it is formal or informal. Most of us are slaves. Other's benefit much more from our sacrifices and effort than we do.

Wake up slaves. Throw off the chains of religious dogma. Face reality. There is almost no chance of redemption for you. Almost no chance that you will get what you are sacrificing and working for.

Presenter will present simple, clear, challenging arguments. e.g one unfortunate persons holistic inheritance has lead them to be convicted of murder. They are dragged kicking and screaming to the electric chair. They want to live. Another person is being 'held' in 'confinement' under a 'community order', or has been imprisoned, for trying to kill themselves. They WANT to die. They experience their life as a living hell. They have been imprisoned in solitary, drugged, and placed in a straightjacket 'for their own protection'.

One man is accused of killing a child, and the nation hunts him down, full of malice. Another young man is forced by his society to go to another country to kill other young men, and to bomb targets with the full knowledge that they are
also likely to kill many children, mothers, old people, civilians etc. He is forced to do this. He is paid to do this. He may get a medal for doing this. If he decides he cannot kill other people, then he will be imprisoned as a criminal. In the past he would have been shot, and in many countries such as Italy, the state would have made it common knowledge that they had withdrawn their legal protection for the man's family, so that they might do as they please with his wife, daughters, sons, and their property. In some cases, such as North Korea, they family can be punished for several generations, for the man's refusal to murder, or his decision to end his own life, his life being a fate worse than death.

The state will deny you access to medical resources which would save your life, for its own reasons. However you are not allowed to end your own life with a $50 bottle of nembutal, the 100% reliable, painless, dignified, easy way to exit this life, to stop being 'this self', this 'experience engine', and to stop being forced to endure this 'fate worse than death'. The universe gave us Nembutal. It does not demand any creature endure a life not satisfying to itself. No kind, benevolent, caring, generous 'god' worthy of our worship would demand this either. They have both made Nembutal available for those whose lives are not, to themselves, worth living.

Any denial of access to Nembutal is PROOF that we are slaves. Free people get to decide the most important things for themselves, or move on to somewhere where they can be free. If there is nowhere left to be free, then they may seek their fortunes on another planet, in another dimension etc. If you are not free to dispose of your possessions as you see fit, then you do not truly own them. The same must hold true for your own life. If you are not free to dispose of it as you see fit, then it is not yours. This is truly the definition of slavery.

NOTE, EUTHANASIA MUST BE FIRST PRIORITY I.E IF SOCIETY WILL DENY ME MY EDEN PROTOCOLS, DENY ME AN ETHICAL SOCIETY, AND FORCE ME TO BE PART OF MONSTROUS, UGLY, STUPID SOCIETY, THEN I HAVE TO FIRST FIGHT FOR MY RIGHT, FOR THE RIGHT OF EVERYONE, TO AT LEAST HAVE ACCESS TO NEMBUTAL ETC TO SAY 'NO, I WILL NOT BE A PART OF YOUR SOCIETY'...OTHERWISE YOU ARE A VICTIM AND FORCED TO BE A PERPETRATOR, AND OF COURSE, YOU ARE A SLAVE

So my focus will be 'End slavery now'

Euthanasia for all who ask

Of course people will need to be informed about the drug, i.e so that people do not use it to 'get attention' i.e it is lethal. People who merely wish to get attention will thus not use it. So there is no risk of people 'accidentally' dieing from drinking Nembutal.
The vegan issues are being dealt with. I will just add references to veganism as part of my 'Optimal ethic generator'. Eugenics for the rich will happen as a matter of course. And until genetics advances to the point where we can actively ensure an optimal holistic inheritance to for every 'not-yet-person' / 'future-person', the 'binge and purge' of evolution may still be the best way forward. i.e to try to manage reproduction, but at a last resort, to offer anyone who does not like their holistic inheritance, the right to throw it off and hope for a better one next time around.

And I will have to have the guts and accept the predictable responses of people and say that we should also euthanise those who are not able to make informed decisions. The principle would be bullet-proof and air-tight. If a 2/3rds majority of people would not want to live with the same holistic inheritance, i.e as that person, in the conditions they are likely to live (and we must be honest here...and force people to be honest and informed....and maybe take a lottery i.e so that one in 100 of the people voting will be placed in as virtual the same condition as the person they are voting on i.e to avoid people being flippant, gutless, self-serving etc...might be idea for book or film...i.e society where this happens...and people actually are forced into the same condition as the person they voted 'AGAINST' euthanising.

What could anyone have to lose? A few less years on this earth as this self compared to an eternity of either nothing, or continual, ceaseless, eternal 'next-lives' ?

This will require a real aggressive attack on religion and its relation to slavery...i.e suicide as sin... heaven as reward for enduring this life, hell as punishment for not...the whole power relationship, and of course the nonsense of the bible i.e really look at the god people imagine they believe in...and how absurd he really is...the whole story...so END SLAVERY NOW... will cover the Optimal ethics generator which will support veganism and eugenics...Religion and slavery...and more modern arguments re: your birth certificate was given as collateral for loans made by your government i.e the beneficiary classes...which is the main reason...and our own selfishness and malice i.e don't want to lose a resource we have, and enjoy knowing others less fortunate than us i.e scientific basis of 'happiness' is malice !!! and good-will merely effect of expectation of joining the beneficiary classes...at least in most natures...very few nature that are honest and good-natured enough to produce and really 'get' the Eden Protocols'...
Note that any time you deal with real ethical issues, serious stuff, challenging stuff, you have to hook your interlocutors up to lie detectors, emotion detectors etc i.e they will rarely be honest with you or themselves...

The people who refuse us access to Euthanasia because they care about us are the same people who won't pay our medical, dental bills etc, who will not protect our working conditions etc etc...so think about it...what is their REAL motive...if they cared so much about us think about all the things they could do right now to make our lives so much more worth living...but they don't...but they claim to deny us Euthanasia because they care about US...they obviously do NOT really care about us...so what is their REAL motive?

The world these myths represent begins divinely, blissfully, radiantly, with a springtime loveliness: the golden age. Then it sickens and degenerates more and more; it grows coarse and subsides into misery; and at the end of four ages, each lower than the others, it is ripe for annihilation. Therefore it is trampled underfoot by a laughing, dancing Siva -- but it does not end with that. It begins anew with the smile of dreaming Vishnu whose hands playfully fashion a young, new, beautiful, shining world.

**Estonian etc revenge film**

Protagonist seen walking up to filthy cars at filthy station with super-soaker full of petrol and washing powder (home made napalm) and bag full of small molotov cocktails...smashing in filthy car windows...pumping petrol, then as moves to next car throwing molotov cocktail in through smashed window...moving methodically, fast, but not rushed...no sigh cares about being caught...just trying to get as many cars as can before filthy comes out and gets him...resigned to being caught etc...has given up on world...given up on life...just wants one gesture of revenge for all fuckers have done to him...resigned to die...just wants to get one in before...

but as finished on third car a car rushes into the parking lot, breaks hard, and calls out to him to get in...he is surprised the filthy have not already come rushing out...and sort of absentmindedly gets into the car...it rushes off...

either they get away totally clean, or there is a chase...and more filthy cars get destroyed...and surprise twist...when all but one car has been driven off road in various stunts...the driver pulls up and allows the last filthy car to pull up alongside...our hero is confused but resigned...apathetic...still surprised when filthy driver salutes our driver, laughs, and pulls away at high speed further down the road, leaving our hero's in the complete stillness of the empty country road.
They drive off… finally arriving at a modest, old, run down looking small house…the driver invites our hero in...at first looks odd...old soviet crap stuff...but driver pulls a lever...etc...they go down into a bomb shelter...it is lavish...plush...luxury...everything...at the same time from somewhere a light shines and a cat jumps down onto the driver...he is young...super cool...friendly...nihilist...connected...rich...lives in region as so easy to get what he trades on 'black' internet...(can explain it to public...most don't know how it works)...He plays with cat cheerfully...offers our protag a drink...turns on some cool music, huge screen t.v.s...checks his 'dark-mail i.e secret email on one...he is dealer...sells whatever they smuggle over Russian border into EU...corrupt or shit for brains filth and KAPO etc...

the shelter is amazing...extends over large area...lots of rooms and corridors...ventilation shafts...a hum from generators can be heard far off...'this was pretty hush cold war stuff, you understand...there's even a tunnel that comes out ... well shit...I've never gone to the end...etc...

The movie can use song 'better way to be' in opening credits...etc

'you're german right?'...you know my great uncle was way up in the Soviet high command...told me that they had plans to invade germany ...ere seriously going to...expected to walk through...and with Poland's help... only the germans got to the ball first, and invaded them...you won't read it in any official history, though...he laughed...anyway...sorry...name's Ziggy...I hope you don't mind asking...I mean, none of my business...and like...I can fully understand a guy wanting to blow up the filth's cars...but...a german? And I mean, you don't look like any sort of criminal or...

so our guy goes to internet, types in blogg address...leaves it open for guy to read...camera focusses in on sentences and phrases now and then as the movie flash-forwards through him reading...takes half an hour or so...he finally stops halfway through one blog entry and turns to protag...oh, I see...fuckers had it coming...don't surprise me what you wrote...seems pretty much what I'd expect of the filth...fucking playground bullies with guns...and the head honchos all have shit for brains and shit for morals...so...well done...

Gives him a collaborationist smile and guesures for him to follow...takes him to a room full of all sorts of explosives, even rock propelled grenades...etc... here, next time lets make a show if it, what do you say? I've got all these toys and no-one to play with...

turns out he has some rare disease...he got it from his mother who got it from her mother...after part of torture at the hands of the Soviets...even though great uncle was senior military etc...we find out in course of plot etc that he has two cyanide false teeth, like Nazi's...so he is fearless...he is going to die soon anyway...and he
is completely nihilistic...very well educated...philosophical...about
religion...etc...really cool guy... about Hindu stuff...Hermann
Hesse...transmigration...Maya...etc..

they develop sort of relationship Wyatt Earp and Doc Holliday have in
'Tombstone' i.e driver is Doc...for some reason likes our Protag from first
moment...respects him more and more...even gives up animal products out of
respect for him, though self nihilst...believes death is the end...wants to have
some fun is all...but he sees that protag is principled...and has suffered greatly for
it... and wants to help him...feels goodwill towards him...driver is good
natured...nihilstic, but not mean in any way...sells drugs, weapons, explosives
etc...but hey, that is all part of 'maya'...quotes bhavagad gita...and fact head of SS
carried it around with him always...

So they go on 'resistance' actions...blowing up expensive infrastructure, anything
to do with the filth and corrupt govt. … great fun...loads of cool devices...always
getting away …

maybe at some point filth try to pin it on protag after making some
connection...or some 'hint' he leaves...but nothing that would stand up in
court...and doesn't....driver hires expensive lawyer...who mocks system....O.J's
get off, and poor innocents go to jail THAT is the Estonian, and probably world
system...until they socialise legal profession the rich will have 'justice' and the
poor will get fucked over...always has been, always will...the rich aren't likely to
socialise law, and the lawyers aren't fucking going to volunteer to give up their
fucking BMW's etc...so movie is fun, destroying stuff...but educates people
too...so protag is bullied about by filth...but has to be let go...and sues filth...they
have to take it...really really pisses them off...especially senior shit for morals shit
for brains and KAPO, who are sure it was him...and he laughs at them...plays
them for fools...and they have to take it...we can see how enraged they are...we
watch them talking among selves...impotently threatening to get him any
way...natural justice...etc i.e fu**ing hypocrits can give it can't take it...let them
see how it feels...one even loses temper and goes to attack him...he ducks...filth is
taken away...all on camera...they are fuming...i.e lets see how they feel when
shoe is on other foot...

so both don't really care if they die...driver gets protag some cyanide teeth...he
has two missing teeth so easy...and now they are fearless... protag philosophises a
bit about right to die...so educational value again...

maybe at end of film it looks like they have actually blown selves up...but we
don't actually see...and then maybe at end of credits they crawl out of rubble,
shaking rubble off them etc, helping each other up, laughing, and the camera
fades out... so we are ready for a sequel when they go to Australia, and avenge all the past crap there that happened...

driver realises that protag has never tried drugs, doesn't drink...has suffered so much for his principles...has had such a hard life...feels bad for him...as he has had so much, because lived opportunistically...whereas principled protag suffered and lived terribly, when could easily have done well for self...smart, good looking etc...so sort of feels protective of him, and wants him to have good time...so gives him best drugs etc...they go out partying, and go back to girls places and have great time...throwing around money etc... the filth see him and protag and give him filthy looks...driver makes fun of in way they can't do anything about i.e all the girls are laughing at filth...and they go off in their big W12 cars to parties...leaving filth who tortured protag etc doing their pathetic jobs living their pathetic non-lives...

Maybe in end driver finds way to help protag realise his dreams of vegan co-op, vegan holding company etc...gets all his business contacts to invest in...they believe it must be some scam for him to be involved...so they are keen to get in on the action...don't realise till much later that it is all legit...and by then it is too late...and anyway, the ventures are profitable, so they are quite happy that the driver 'conned' them into making legit investments...they thought it was some front for money laundering or illegal arms trades etc...

so happy ending...filth get their just deserts...audience gets satisfaction of blowing things up...I get to educate a little / soapbox...a bit of philosophy is put out there...right to die / euthanasia and vegan ethics...two cool friends...movie about mateship, about injustice...corruption...need to socialise legal system...some tech stuff about 'shadow internet' etc...can even have stuff about bitcoins etc...main thing get to put filth in place...vicariously avenge...and let public know about 'true story' and suspect filth...maybe will lead to some good...at least good distraction / escapism...with social good ...

after driver has read bloggs...'wow...that Faina sounds like a fucking bitch...a real bully...probably her own family hate her...I feel sorry for her boyfriend, even though he was a prick to you, even assaulting you...well they both did, didn't they...I feel sorry for you and your neighbours...but pretty shitty of them anyway, not to stand up for you, and tell the filth what happened...and not to speak to the judge...how fucking gutless people are...no wonder it is so easy for stalins and hitlers to do the nasty... what was that saying"all it takes for evil to thrive is for good people to do nothing...what I want to know is who the fuck the 'good' people are supposed to be...whoever made up that saying is suffering from fucking 'noble savage syndrom'...like some stupid marxist...
I see you've had lots of experience of human nature over the years... I guess you just had enough... want to at least get a final shot in... at least once get some sort of closure, some sort of natural justice... I guess you were at your end... didn't see any point going on... I fully get that mate... I mean most people would think you'd gone mental... I mean, it's not like they killed your dog or something (reference to mad max2)... but I fully get you man... it was just, like, the final straw... and you were saying... hey... I am a human being... not a slave... you can't just push me around... I'm gonna fight back... yeh, fight the power man... I mean, when I saw you there I thought, fuck, who IS that dude... now THAT is someone I want to meet... and I could see you were ready to get caught... only I didn't want that to happen... I don't like many people... and I kinda took a liking to you from the get go... sort of happened spontaneous like... I was just coming in to get my passport renewed, and like. Wow, there's this guy fucking blowing up filth cars... and fucking... I just HAD to meet this guy who was just fucking giving it to the filth... fucking balls... fucking HUMAN BEING... I mean, how many people feel like doing that but would NEVER do it... cos they're like under the fucking thumb of big brother... and big brother is fucking filth... a fucking shit for brains, shi for morals piece of shit... and... like what's the value of a life lived like that... and there was this... fucking heroic gesture... I mean you... fucking Nietzschean super-man if you ask me...

add somewhere... you know the real reason they make thes drugs criminal is that the C.I.A realised just before the Vietnam war that they could fund all their illegal overseas campaigns from drugs... they were selling their shit from Cambodia to fund their criminal activities in Vietnam, before the war, and the same in fucking Afghanistan man... my friends have explained it all to me... they know shit man... and so its the C.I.A want to keep it criminal... keep their monopoly, and keep prices high... and big shit for brains fucking brother loves it... gives them a way to fucking make everyone a criminal so they can fucking rule them like slaves... everyone is fucking paranoid of getting busted... the filth have leverage over everyone... just a fucking good excuse to push people around, make sure they are scared of the filth... have something to hide... nice and easy to push around people who are scared... that's the fucking filth for you... that's why drugs like this shit here are criminal... that's why they spend so much fucking money trying to catch the competition... you know the ones they CALL drug dealers... so the real criminals can keep their monopoly... ask any junky where they get their best shit from... the fucking filth... and once they got something on you you are their slave man... they can push you around... just cos you wanna get a little high and forget this fucking shithole of a world for a few moments...

driver is hacker, with lots of connections, tech, and money... shows protag how he can make a million in a few minutes, diverting a few transactions to offshore accounts... too easy... he has read protags blogs, and books... and it has inspired
him and given him motivation / will to act...he is good natured, and glad to be able to do some 'good' in this shitty world...so he concocts a lot of creative 'revenges'...they begin destroying any assets that had been used to assault/harm protag...cars...etc used by filth to commit injustice / violence...break into armoury and metal glue all the weapons...metal glues all the 'holding cell' locks shut so can't lock anyone in there, and rigs them to fall off hinges when finally unlocked...we get to watch it happen...someone put in, pushes door and it falls out...and person just walks out of filth station...all this stuff posted on youtube...i.e tiny hi res videos stuck to walls etc...

he gets friends, or does self...i.e genius...digitally edits video footage they have taken of filth, judges, and ministry officials saying 'I've got shit for brains / shit for morals / I don't give damn about justice' etc

hacks into filth and justice ministry, judges pay systems...diverts their pay...so they don't get paid for weeks...and then diverts money from their accounts, i.e steals at least 2 weeks wages filth, judges, minister for justice, senior filth, and KAPO...

hacks into government place where people have to pay fines...has their banks refund twice whatever have fined anyone for last year...

hacks into system to produce fake, back dated documents that say judges did stuff, were fined, and didn't pay (they didn't go to filth to find out, so it's their own fault..can't plead ignorant') so that debt collectors that driver knows can go and seize their assets and freeze their bank accounts...when the judges protest, they show them paperwork...and it is all 'legal' and cleared when judges call in...debt collectors filming whole thing...as scam...as judge says...'it's not fair / right'...agency collector 'well mam, as you see, it is perfectly legal and correct...'yes, but it's not RIGHt / FAIR and collector replies, sardonically 'well, now isn't that one for the books, a judge who cares about what is right and fair, rather than merely what is legal?'...etc...

similar done to public prosecutors office staff who told protag to 'get a lawyer' i.e fake charges etc set up, so they are in big trouble..advised to 'get a lawyer' by one of accomplices who are debt collection agency staff, or at least for the day...as go to their homes to take stuff, serve supeoanas, etc...

when protag blew up filth cars used small crow bar to jerry tank lids open and tank covers off, and threw in 'cherry bombs' leading to cars exploding as moves from one to next...

filth are in public in uniform or off-duty...they are harassing some young people...etc...someone slips behind them and skillfully places handcuffs on
them...the cuffs close automatically...the filth call out in pain to public to help...are ignored...or shoved into their police car by 'hooded' bandits who jump out of car that passes at same time...and they have gadget that makes central locking jam...so filth in their car, in painful handcuffs, calling out to public to help them...being mocked, ignored, public laughing amongst self, and filming for youtube...some hecklers call out 'hey, stop disturbing the police'...'what was that you said about the people who cuffed you? No, they are good decent people, who are you to criticise?' etc i.e playing on 'she's the chairperson / mother of god / mother of Russia' crap of filth in blogg...

all acts intended to target all actions taken against protagonist, and at same time make filth look stupid, and enrage them at their treatment so they feel the 'impotent' rage of the victim who cannot defend self...like judge at hands of debt collectors, who take her favorite possessions and auction off on ebay for almost nothing...and threaten to freeze bank accounts if she resists...and call filth even...and they have a lawyer with them by chance when filth try to NOT do legal job...judge tries to pervert legal system, with lawyer etc witness, then realises how bad she will look...and whole thing filmed i.e judge and corrupt filth trying to stop debt collection, when everything is technically legal...which is whole point...law is bullshit not justice...judges etc all smug, complacent violence against innocents and vulnerable

Has some judges and filth arrested for not appearing in court...all set up...i.e hacked into system to make it all seem legal i.e fake fines, charges, etc...but all perfectly legit, according to the system...let the perpetrators feel what it is like to be a victim for once...maybe shake up enough to correct injustices in system etc...

hacks into prison system, and gets accomplices to help...they set it up so that all the wardens and filth in the prison at the time are locked into their 'offices' and workplaces...all computers and phones etc won't work...and no-one can get to them for at least 48 hours...to avenge the 48 hours terror and failure to respond to calls of protag...as driver has read it in the bloggs...they are totally isolated...ideally alone...maybe some food can get to them...that's it...and they can never know how long it will be for...left totally in dark as to when they will be out...

idea is that I am being creative in my 'revenge' and constructive and productive...can speak truth in way that entertains public and enrages enemies...otherwise actual 'based on true story' true story part not enough to captivate public...but in principle horrific...and represents thin edge of wedge and the tiny bit of daily injustice that ever saw light of day etc...
protag manages to 'remote control' filth cars, and have them smash into parked cars 're: false charges of 'attacking police cars' in blogg

sets up filth stereos so they can't be turned off...they play over and over obscene language shouted really loud...as in false charges in blogg

filth on holidays (maybe lured to foreign country as 'winner' of some competition or special offer' are arrested by local police, and locked up...the police speak to them in english...and point is the filth do speak english...but at station lock up in disgusting shit and blood holding tank and say 'we have to get an interpreter for you' in mocking, perfect english or even russian... response to similar shit in blog i.e spoke english, then used excuse to lock up in concrete box, shit, blood, toilet blocked...3 hours... and then in the interview room will be shown sheet to sign, saying the filth did this and that and will pay a 500 euro fine...they want to make a statement...not allowed...then told 'o.k, you refuse to agree to charges and sign, that means you will go to jail for at least 48 hours...something clicks in filth's brain, recalls saying same to protag...but other Italian etc police puts on 'fighting gloves' and translator agrees with police, as in blogg...'yep, he's right, you had your chance to sign and you didn't so now you go to jail'... and filth is carted off to jail...wondering at the similarities between what they did in Estonia to that German, and what is happening now...and when finally gets back to Estonia, enraged, shares suspicions, and filth trump up some excuse to track down the German, our protagonist...

they make up crap charges to arrest him..but of course he now has allies...driver gets the best lawyers in...during interactions these lawyers laugh about how corrupt system is...how if you can afford a lawyer you can get off with anything, but poor fucks who can't have to kiss filth arse, lick their boots, pay whatever trumped up fines they are sent, and totally under heel of filth...completely fucked up system...would have to be socialised ... any legal system that is not socialised i.e lawyers as public servants, is going to be unjust ... of course would you prefer that to corrupt government employed lawyers? Which would be better? At least this way some people can get justice i.e those who can afford lawyers, and it at least prevent even greater corruption that is now...imagine bunch of corrupt government lawyers doing bidding of terror state...and that is enough to make you see why no country will socialise its legal profession etc...

so we get to give this social commentary in context of entertainment...all the pranks, explosions, car chases, taking the piss of the filth and judges all satisfying context to add a bit of real educational value / philosophy / social comment...

When protagonist sees all the youtube videos he is amazed...driver responds 'well, it was your idea, I was just using my resources to realise it...goes on a little
about 'the optimal ethic generator' and veil of ignorance....I was just putting the shoe on the other foot, making them walk a few meters in your shoes, and in the shoes of the mass of the general public...and if we manage to shake up a few people, wake up a few people, maybe even enrage a few people enough to take action, we might even have managed to do some good...but I doubt it...he offers good naturedly but nihilistically

note in whole story / film only those who are perpetrators of violence / injustice suffer it...it is not over done...balanced...just eye for eye...no malice or meanness or viciousness...mostly good natured...truth...painful to perpetrators, but not just using being victim as excuse to do nasty violent things secretly want to do ... really creative, amusing, justice... teaching people a less good naturedly...no-one harmed any more than they have harmed others...merely taught what they have done by having it done to them...

The public are all behind the you-tube video perpetrators, once it is realised they are the same 'gang', and the media speculate...of course the filth concluded our protagonist is behind it...but the drivers expensive lawyers make a laughing stock of them, and begin proceedings to sue them for false arrest etc...as this time all the false charges etc, likes, games they played had an audience, not like the previous two years as described in protagonist's blogs... and this time full weight of lawyers behind protagonist, and the filth are exposed in the trial...all the things they did last time, only this time they didn't get away with it...was investigated and exposed due to the high public profile of case...even justice ministry has to be active, and KAPO have to do something...they act all concerned...but on camera Protagonist gets chance to expose them....oh, really, you care do you, and what about the last 2 years? Hey?.....and so media jump on this last sentence...which protagonist declines to comment on merely to provoke / fascinate them and public enough to investigate...and so they do start asking questions...and even suggesting that maybe protagonist really is behind everything, or someone else has taken up his cause...but they are behind him...they like the idea...they are happy about idea that some poor schmuck somehow found allies and managed to get justice..they start putting a lot of different pieces together...all the 'victims' of the drivers pranks begin remembering the protagonist, and what they said to him when he came in complaining, and how they treated him...and slowly, one by one, the better natured among them apologise to him...not sure if he was behind their own problems, but at least not with empathy for him...wondering if he did it or not, but not begrudging him...

except for meat head shit for brains head of filth, and the filth who attacked him, conspired against him etc...they are enraged by their impotence to get at him again...one loses it at public conference, and goes to attack him, but is stopped short and held by security...in front of camera he blurs out, in uncontrolled rage,
'we should have kept you locked up when we had the chance' etc...ie something that sounds like an admission of guilt etc to public...and protagonist can laugh at him and make comment to public...maybe there is even an invesigation into his past terrorisation and he becomes a public hero...

and the driver can bask in the glow of satisfaction that he has had a lot of fun and done some good...even though he pretends to be total nihilist, and probably is...doesn't mean he can't be a nice guy...most nihilists are...not like hypocrites who pretend to believe stuff, even convince themselves they do...like christians, marxists etc...

after conference the cameras start turning towards people in audience with banners, and they all start talking with people about their own experiences of corrupt filth and injustice...so we get impression as viewer that maybe this is the start of something ... a better world...

and so song again 'isn't there/this a better way to be'' etc....

cover main topics...if you don't own self/ have right to dispose of 'self' as chose, then you are slave...we are all means to others ends...optimal ethic generator...lie detectors not permissible in court as would force system to produce justice i.e aim is NOT justice but control...rich benefit...no free will so punishment unfair...by morality = what suits beneficiaries of current social order / society...deterrents...

Maybe driver is philosopher, our hero becomes his 'grasshopper'...i.e curious, reads stuff lying around...it is TROONATNOOR stuff...quotes of walls from Chuang Tzu, Nietzsche, and Kim Jestem (who is he?)...

driver laughing, but grim, cheerful fatalism...can't fight it, so just try to get some kicks in if you can...but really...whole thing totally absurd...here we are...characters in some self-writing book...all our lines are written for us, all our 'motivations', all our emotions, the contexts of all our actions, the interactions, the socio-historical milieu...all 'inherited' when we were forced(?) to take up this holistic inheritance, this 'character'...if you're lucky yours is a hero...lucky...blessed by fortune...your story an action adventure romance porn james bond novel...but for most it is a bit part...a means to others ends...the background necessary to set off the main characters...the only time there was any 'chance' was the chance of what character you inherited...what book... before you were 'in the book'...but once you are in, well...it is all determined...everything...and here we are worrying about our choices and decisions, trying to outwit fate, change our stars, change our fortunes...of course all our thoughts, motives, actions are inherited with the book...with the character...no free will...but here's the thing...we have the illusion of free will...we
blame ourselves...we take pride in our achievements, we feel shame for our weaknesses...we regret past actions...we wish we were more noble, and kind and generous, we live in fear and hope...do we ever stop to think about the characters in books when we read them...the first time we have no more idea of the fate awaiting them then they do...but it is usually some archetype...some predictability...and usually nothing like reality...which is why we love movies and books right....the good can win, the bad get their just deserts (though of course no-one deserves anything out of the context of the book...no-one got to chose to be who they are, or do what they do...it is all stuff that happens to them...only they 'feel' responsible, and the lucky want them to feel so...so the lucky get to keep the spoils of their great holistic inheritances...don't feel the need to share...etc etc..

One time when driver really sick, protag helps him...driver goes on about how humans devote so much energy to maliciously harming each other...when the real problems are shared...the threats to our health and well-being in a hard, indifferent, often even malicious appearing nature...we devote so much time and energy and resources to making each other miserable...jealousy, envy, sense of entitlement... (TONE DEATH is his favorite local band)...seems human nature is to try to exploit each others weaknesses...to use each other as means to our own ends...slavery...parents use kids, the beneficiaries exploit the less fortunate...use them to produce value, and steal value from others in wars,...

pleasure-wants, needs-relief

driver sees protag reading Freud quote 'the neurotic punishes themselves with restrictions and renunciations disguised as defense mechanisms'...that's you, if I'm not mistaken...you've never let yourself enjoy comforts / luxuries that could not be enjoyed by everyone in a fair society...you won't take advantages of your good looks, intelligence etc to enjoy things most people can't...and wouldn't be able to in a fair society i.e the unlucky do all the shit work, barely survive, so the lucky can enjoy all sorts of privileges and goods and services they didn't produce...etc... but I sort of admire that in you...I guess at heart I am very like you...only I was never fucked up by religion, or, and I'm guessing here...really nasty parents...my bet is they treated you like shit...probably beat you...constantly criticised you... and when you understand oedipal guilt...and religion... know what a narcissist is? (maybe he is broken off by something...so audience left hanging....) someone who thinks they have special abilities, and in your case, responsibilities...like it matters what they do or think...like it will make a difference...your parents split right? So that was your fault...oedipus wanting mummy for himself...so uses his magic powers to make daddy dissappear...right...and in your case he did...left you all...went back to germany...so here's you got what you wanted...only everyone is miserable now...your mother is too tight to spend any money, so forces you to live in
poverty so she can buy houses to impress her family back home...no time for you...you are a bother...no love...and so you feel his was YOUR doing...and actually I bet she said so, many times... like, that your father left HER because of YOU...etc...so you feel this power, this responsibility...guilt...burning need to make the world better, fairer, etc...blame yourself when you fail...keep trying harder...everyone hates you for it...bet you wondered why right? Because you made them look bad...they were lazy...just out for themselves...here's you come along and shake em up, make em look bad...make em feel bad...your a good guy...they are just normal...so you make em look and feel like shit...and the easiest way to get rid of the feeling is to destroy you...make out you are a bad guy, ruin you, get you out of the picture so they can go back to being normal people, out for their own pleasure and relief...using everyone else as means to their ends...no ethics...no morals...just opportunism...and his plague follows you wherever you go, cos you are you, and people are people, wherever you go...and .... well...It's a wonder you haven't given up...but then, that's the point isn't it.... Mr Narcissist....you feel you can't let them all down...you feel responsibilities, you feel you can still do it if you just try hard enough...save the world....make up for 'dissappearing daddy' and ruining mums life...you feel you have messages that can change people...but really, they won't change, they'll ignore your messages, like they always have to others just like you...destroy you, and go on being the selfish fuckers they always have been.....

and the main reason you live so frugally, is not just in emulation of your mother, trying to gain her affection/love and approval / acceptance, but as a practical necessity...the only way you can keep working at saving the world is if you have the time to...you can't serve two masters...you can't work for other people for money and also on your books etc... and anyway, you always get fired for being 'better, more morally ambitious, etc and impatient with the average fucker... and so your practical needs line up with your neurotic ones...they reinforces each other...and disguise the neurotic motivation from you...so it seems like a real necessity...when it is merely being used by your unconscious to punish yourself...but you did nothing wrong, my friend...its all freudian...all oedipus complex, and in your case, my dear dear old soul...because you just happen to be so intelligent, you got that narcissistic syndrome to deal with too...poor thing...

and to top it all off, because you don't / can't work for others, other people see that you manage to live without working for anyone, and they are freakin' envious...they hate you...they have no idea how you suffer for your freedom...they could never imagine how you scrimp and save, shower in a bucket of water, wash your clothes in it, then use it to flush the toilet...all your second hand clothes...walking for hours to save on bus fare...never going out and having a good time, eating out of date marked down food, 15 cent 2 day old bread...all
they see is that you don't seem to have to work...so they assume your are more fortunate than them...maybe even rich...and they hate you for it...cos they hate their own shitty jobs, shitty lives, slaves to their debts for crap they don't really care about, but go to keep their shitty girlfriends from leaving them so they can have shitty sex with them and fake sympathy and all that shitty little shit...so even your sacrifices earn you nothing but hostility from others...fucking hell man...you just can't get a break can you?...

I really empathise with you...and it's time someone took you in hand and showed you the light...he says this with a conspiratorial gleam in his eye...a real 'lucifer'...light bringer ...

and that's why I feel it my responsibility to show you a good time...you're so pure and selfless you're even making me feel guilty, despise myself...yes, I know how you have made all those lesser mortals feel...they, WE, are only human...so...yes....so I'm going to help you become just a bit more human...bring you down from the gods...it won't harm you...it will help you...and maybe help other people relate to you a bit better too...give you a better chance of reforming them, if that's what you still want to do after everything they've put your through...your only chance of saving them...is to save yourself first...so...and as I'm the only friend you've got...I'm going to have to play the role of saviour...you're going to have to let ME save YOU...so we're going out tonight, mate, and you're going to do EXACTLY whatever I say...you're not going to question me, you're not going to feel guilty...I will take full responsibility...if it weren't for me you'd be rotting in jail right now, so you owe it to me....do it for ME...I just can't bear to see you so miserable, when people like you deserve more than anyone, if that means anything in a deterministic world...to have some fun...so, I will take no contradictions...tonight you are my puppet....my will be done...he laughs, smiling etc...at miserable looking comrade, puts his arm around him as he goes off to make the arrangements ... and they have this amazing couple of days of fun, drugs, women, enjoyment...

driver does big business in nembutal for right to die people...and even has lab where is working on a home made nembutal

some filth are told by superiors to 'act nice' and pretend like they are sorry, misunderstanding...have 'learn't lesson...of course our heros don't buy it...these filth plan some further terrorisation...but are caught and punished severely as superiors now have no choice due to high public profile of the case...etc...

target specific people and instances...e.g driver will say 'that colonel of police in Tallinn must have had shit for brains and/or shit for morals...what a fucking nerve...to take the piss so badly....telling you he compared your complaints to the translations and they were accurate...what a nerve...just goes to show how rampant the corruption must be that he was so confident of getting away with
such a fucking obvious lie...so blatant...fuck, we have to teach that guy a lesson...he says or thinks to self...maybe he doesn't tell protag about all the games he is playing, or the ways he is getting even and teaching protags victimisers a lesson...so protag doesn't know, and could pass lie detector test...and does...on t.v...whereas filth won't let selves be lie-detected...always very specific...no overkill...just enough to teach point...and make it clear what the point is...if they are willing at all to get point...in case of colonel need a similar situation to put him in in which someone does the same thing to him. Maybe some contract he has translated before signing...in which the english one is very different, and to his disadvantage, but he signs based on russian / estonian 'translation' i.e set up by driver...maybe it is this colonel that is one of first to connect his experience to his own shitful behavior...

have characters suddenly recalling the similarities between what has happened to them, and what they had done to protag...i.e wake up in middle of the night after an 'a-ha' moment......

driver has inside contact in filth copy all files...even ones that were 'deleted' from 'official' file...when lawyer he hires gets access to...to show discrepancies, cover-up, corruption etc all throughout filth hierarchy...

driver sets up scenarios where the perpetrators are on the receiving end of the same dirty tricks, smug complacency, indifference, and outright hostility and exploitation...other people failing to do their jobs, respect their rights, respect the rules / law, conspiracy etc...so they get to see how it feels i.e really pissed off, vulnerable, impotent rage, unable to do anything without suffering terrible consequences...etc

at end of story there is big explosion...looks like our heros probably killed...but then credits roll...so viewers think they won't find out...but at end of credits the smoke clears...our heros crawl out, dust selves off...typical happy ending...but then camera pans back out to larger view...as our heros laugh it off, we see a huge wall toppling...but another dust cloud rises up and obscures our view...as film actually ends...

maybe at start, with car chase...he heads off down one way road...filth know there is no exit...so wait and group up etc...but driver knows what is doing...pulls into old house...rushes around ... puts two dummies in front seat...gets protag to take off shirt etc, ... puts on some hi tech goggles and gloves....and they go inside and sit down...protag turns to look out window as hears as car takes off with two dummies 'driving', and driver holding out arms as if has steering wheel in them...and they head off up to the top of the 'mounds' of mining waste.....then driver gets up, one goggle off eye, and guestures for protag to follow him, down
into basement etc...where he hits some levers and the entrance closes up...and they are sealed off from old house...and driver sits down, puts goggles on, pulls up a remote and suddenly protag can see what driver is seeing in goggles...the view from drivers seat, and out back window...

we can see the car is moving slowly towards the top of the mining 'mountain'...and once clears top we can see several filth cars at turn-off, ... then one screen zooms in...and we see filth clearly, apparently negotiating on the radio and consulting with each other...then they apparently get the go ahead to move in, and they head off towards the mountain.....or they were in fast pursuit, and our hero's just had time to get into house and get car back on road before they rush past in hot pursuit...and protag stumbles quickly into basement, protag follows etc...and just in time to keep 'driving'...and there is a lot of cool driving stunts etc, some filth driving off sides of 'mountain'...etc...they play chicken with filth...of course no risk to them...and in end they get past all filth and head back out onto open road...all by remote control...and later the next day driver lets protag 'hey, can you drive?' drive the car back to their place, after leaving it at a car wash driver knows owner of...i.e car pulls up...owner has a chuckle...and calls him up... OR they blow up the car, with H.E, leaving no clues...assume both driver and protag dead...OR they refuel it and drive it into center of Tallinn...with police following...and use remote 'guns' to fire dummy bullets etc...set up big drama for t.v....and in end filth laughing stock as found two dummies in car...all remote...and a loud warning blares from radio...this car will self destruct in 2 minutes...everyone evacuate the area...and our heros watch on the screens as filth clear the area, i.e protag does not want anyone hurt...filth do...so he can blow the car up on international television...a huge buzz for him...as all his friends will be watching... maybe there is even some advertising material on the car for the company that made the electronics etc...i.e huge international free media coverage...driver owns lots of shares in etc...so the stunt more than pays for itself...he explains this to protag....

driver...you work so hard, and no-one appreciates it at all...in fact they make fun of you and put you down, asking what you do all day, with a look / tone implying you are lazy and they work hard...you feel like a joke...no-one respects you, takes you seriously...because you haven't been published...but you lose again, still, because their fear you MIGHT succeed, and so they envy and resent your attempts, even though you constantly fail...cos you might succeed...and they had given up years ago on their dreams...they even resent that you don't give up, that you are still chasing your dreams...of course they say its 'nice' that you still keep trying, implying you are silly, a bit of a loon, a bit childish...it is patronising... they want you to take up some low paid menial job worse than theirs, even though you worked really hard for 4 years at uni, and then at other courses, getting the best grades...really doing your best while most just coasted and didn't
give a damn about learning...and all the people around you sense you are superior to them, even though you have nothing to show for it...not even a girlfriend...see how the filth treated you...they never would have dared do that if you had other people around you...no way...see how little respect they had...they knew they could do whatever they felt like...who was going to stand up for you? Who was going to bear witness?...

when people who you think of as friends won't even read your books it really gets you down...and when they recommend other books to you, ones you've read and which are not nearly as good as yours, it really frustrates and irritates you...your ideas are much more important and valuable, but no-one will benefit if no-one reads...but at some level you realise it is a bit of a compliment...these 'friends' probably fear you just might have written something good, and they don't want to take the chance and find out...if you were mediocre, they would be full of encouragement, as they would have no fear of you succeeding, you would represent no threat to them...

I read that email your old 'friend' from Australia sent, how he was promising himself he would never end up back working in the place he had taken leave from to work on a private project...which 'failed' and he is now back at the same place...and you expect HIM to read your books and want you to succeed? You who have slogged it out for your dreams for decades...imagine how fair it would be for you to succeed, you have more than paid your dues...you are a role model for persistent, perseverance, staying true to yourself and your ideals and dreams...if on top of that you were actually rewarded and recognised in your lifetime, imagine how that would 'burn' in others...the thing people HATE most is when people who deserve something good, actually GET it...they may claim to hate rich people's sense of entitlement and inheritance, but at least that comes with a lack of respect...what people really hate is when people EARN their good fortune and DESERVE it...people who come up from nothing...so called 'self-made' people...people who came from worse than they did, but kept up working hard, sacrificing, etc...and then made it...because they ARE role models in people's minds...if THEY could manage it...then why didn't I manage it, they will think to themselves...they will be a burning beacon of self-loathing...reminding people of how lazy they are, all the dreams they sold off so cheaply, all the ideals they threw off as soon as they even looked a little inconvenient...and so people hate people like you, IF you succeed and get to enjoy that success....of course it is quite O.K by others to lionize you AFTER you are dead, if you never got any happiness or reward...THEN it is O.K to recognise you as a beacon of role-modelleness...because you paid the price...the old Greek tragedy...you can only admire jesus or socrates after he has suffered...if they had gone on to success and happiness, people would have hated them...but as they suffered...it is O.K to praise them now...and you realise all this...that you probably won't ever benefit
from all the sacrifice, hard work, the sweat, the rejection, disapprovals, the loss of most things people take for granted like a job, a relationship, a home, a car, health insurance...

But Jeez man...how do you do it...face that computer again and again each time you finish a book that no-one is probably ever going to read...to put yourself through it all over and over ...even you see how crazy it is...it must destroy you utterly some days...soo depressing...all these great ideas you have to share, and no-one wants to benefit from them... not just that you will never be paid in any way for all your hard work...but no-one at all will benefit...not just you, NO-ONE...it was all pointless...

but we both know what gets the publics attention, don't we...so maybe it's not too late to find you a publisher, all we need is to raise your profile...and I've got just the idea...ideas....this is going to be fun...finally a productive use for all my talents and skills...thanks for that...even I will get to do something positive before I shuffle off this mortal coil and leave this shitty planet....yes, did you think you were the only one out there who wants to make a positive difference? Of course I'm not willing to sacrifice what you have, but still...nothing to lose now....and it'll be too easy... just a game...I have the resources and connections...poor you with all your talent, no-one from nowhere, so no way to get a public profile, all those web bloggs no-one ever reads...wow man, to think of the work you have put in...and now I will get you millions of potential readers, and a world-wide profile from the comfort of my 'end of world-proof survival bunker', while outside the filth are angrily calling for your blood...wow...what a world hey...what an 'experience' ...

during the 'big days out' they go to night clubs etc...really beautiful young girls...as young as 15... 'I am good little girl all week...tonite I have fun.'...... they live for moment...nihilist...' life is sad...so we have fun...we beat life...we win...even just for one night...but we win...you see...this is how we win...we don't care about life...we have fun when we can...we have no future...we have this night...these nights...you see...cos we can't really win...so have fun...O.K...help us beat sad life and have fun with us...be 'hero'...fight heroic battle with us against said life...and we win...see...K?... pretty young girl says to protag...and he can't argue with such a convincing and legit. Position...he is a bit startled at how sophisticated she sounds...and he is both sad and encouraged...like her...and she wins him over...driver gives him a kind smile and they all join in partying like there is no tomorrow...living for the moment...and for once in his life our protagonist just lets himself go...he is defeated...life has worn him down...malicious, ugly, stupid, violent humanity has stolen all his hope for humanity...and these girls seem to have only solution...they are right...they are 15 and 16 and maybe 17, but they were always wiser than him...he thought he knew better...he thought he could do better...but he was just a narcissist...they were
right all along...life is sad...take what you can and to fuck with it...there is nothing worth saving...nothing to do...no other possible victory, etc...

in one scene a character speaks about the illusion of free will...maybe it is a taxi driver?...why not?...'so it's like this, if you will allow an analogy...there's a taxi...driver and two passengers...One of the passengers seems to be giving the driver directions and telling him where they want to go, but the other passenger, usually silent, seems to have a big influence on them...Now the driver does not realise they are driving a taxi...they think they are just driving around. They are sort of aware of one of the passengers, and only vaguely if at all aware of the second one. The first passenger is the driver's 'will'. The second is their subconscious. Now the driver has to remain conscious, in order to reckon/calculate things like traffic lights, road rules, other road users, i.e is nominally in control of the car, taking corners, braking, and so on. But in reality the driver is only doing the driving, and is NOT taking the decisions. They take responsibility for them...they feel pride and shame...but it is the passengers who call the shots, like any 'fare' would tell the driver where to go, and maybe offer suggestions on routes, even complain now and then. The 'pay-offs' for the driver are relief and pleasure. That is how the passenger motivates the driver...as a normal passenger would pay a fare, which the driver would use to alleviate their needs, and pay for their wants...The driver is conscious that other drivers have nicer cars, and seem to be 'going places' and they envy them. They often experience 'road rage'(malice) due to this envy and behave in ways that don't benefit themselves at all, but feel satisfying as they 'harm' other cars/drivers. When the driver passes other enlightened drivers, these enlightened drivers look at the two passengers, while the driver wonders what they are looking at...Few drivers realise they are all taxis. Most think they are private cars. Few drivers realise they are doing the bidding of passengers. Some drivers are vaguely aware that there is one passenger. Only the really enlightened ones realise there are two. Only none of the drivers can do anything about anything. Even the enlightened drivers get pissed off when other drivers, under the orders of their passengers, do stupid things. They may target the passengers, rather the drivers, but they still tend to direct their frustration and irritation towards the drivers...when they direct it towards the passengers the other drivers still take it personally...they don't get it...after all, they don't acknowledge that they are taxis, with passengers...etc...

NOTE...SEND BOOK TO FUCKERS ONCE LEFT SHITLAND....EMAIL...'I NEED TO CHECK TO SEE IF I CAN COUNT ON THE CO-OPERATION OF THE SHITLAND FILTH ON A FILM PROJECT...IF NOT, THEN I WILL RE-WRITE SOME BITS TO FIT A DIFFERENT LOCATION...I WOULD PREFER TO FILM IT ON LOCATION...IT WOULD BRING A LOT OF MONEY AND WORK INTO THE REGION IF YOU CO-OPERATED...BUT I
CAN'T RISK PLANNING IT FOR SHITLAND, THEN BEING TOLD THE FILTH WON'T CO-OPERATE...BECAUSE OF THE CONTENT...IT IS BASED AROUND A TRUE STORY FOR ONE...AND THE DIALOGUE WILL INCLUDE .... "PROTAG SAYS TO YOU...YOU EITHER HAVE SHIT FOR BRAINS OR SHIT FOR MORALS, OR BOTH...AND THESE FACTS WILL BE INCLUDED...I.E WHAT HAPPENED IN BRIEF...SO PLEASE PASS THIS ONTO WHOEVER WILL BE DECIDING...SO I CAN FINALISE THE SCRIPT AND GO INTO PRODUCTION...

WHOLE POINT IS I CAN THEN BE HONEST ETC WITHOUT BEING CHARGED WITH THREATENING FILTH OR SLANDER ETC..

HA HA

Sketch for veep type characters...along lines of 'you don't know what you don't know'...no, I know...you know? Well I mean I can't know, U know...yeh, I know...I mean...does that mean I DON'T know?... does that mean you can't know what you don't know? ... it can't mean that ...then you'd never be able to know anything you don't know now...and of course you can learn stuff you don't know, which means you can know what you don't know...but that contradicts the fact you don't know what you don't know and can't know it...until you know it...and then how can you be sure?...etc...i.e everyone wasting time...acting clever...going along with each other in agreement then confusing each other...all wanting to sound clever...irritating each other in end as spend whole day...i.e keep coming across colleagues discussing it instead of working etc......funny...

Stand up on Osho and Freud...

now if I understand Osho correctly, it seems that the universe is laboring under the misunderstanding that I WANT to be poor, miserable, unloved, rejected, fat, sick etc etc... and all I need to do is start telling it, via positive visualisation, that I want to be gorgeous, happy, sexy, adored, successful, rich, slender, fit etc etc.......And if I understand Freud correctly, the problem is with my subconscious...I am unconsciously sabotaging my success and happiness...punishing my self for the guilt concerning something I only WANTED to do...as an infant...and so all I need do is TELL my subconscious that I DIDN'T kill daddy and I DIDN'T %&$$ mummy... and it will stop cleverly ruining my life and ensuring that I suffer for my crimes

Stand-up on author Jessica Jong (fear of flying) hypocrisy...

you really just have to really admire the integrity of an author like Jessica (?) Jong...(the author of fear of flying)...to go ahead and write such an autobiographical real warts and all, nothing kept back, authentic, genuine, hard hitting, revealing, HONEST book...about a woman and her sexuality...and then
go and put a photo of a much more attractive woman on the cover..., just to make sure all that honesty and authenticity and integrity reaches an audience!!!!

Hollywood vocal coach sit-com or movie...or movie length first episode of sit-com...set in Hollywood...vocal coach...

Some friends...or a character alone H.V...moves to Hollywood...makes new friends...sets up vocal coaching service...always at least 3 characters in room. H.V, S.K, P.A and often P.C...can have guest cameos of famous people who want to learn to sing...or even James Hetfield wanting to repair his voice etc...)...often some hapless potential / client...his Personal Assistant (P.A) who is not blonde but is played dumb...she is hired...(maybe...turns out she actually knows famous people through her schooling or friends of friends or family etc...H.V has Girlfriend or sister with name of famous singer, leading to running confusions / plot)

All good looking, goodnatured, people you'd want to be friends with...i.e so you adopt them as your 't.v' friends each evening etc...sexy...cute...easy on the eyes and ears...lots of goodwill...honest but pushed to a little deception will go along with it reluctantly...business is bad first, so odd jobs...leading to name dropping and connections...then misunderstanding leads to loads of clients...then the famous X this misunderstanding is about finds out...but all happy ends...she becomes client...making lie a truth...etc...maybe can tie a book in with show...vocal training guide...and stuff about tension, posture, breathing, etc i.e social value...but basically feel good, laugh at self and life...

one time other character (side-kick S.K) in room when H.V is trying to impress potential/client (P.C) ...'oh, can you call back X and ask her if we can move the 5 to 7'...i.e X is famous singer...and P.C impressed...but P.A responds, completely unaware of 'scam' i.e naive...dumb...'Oh, I think she's getting coaching from.Z...some other famous vocal coach...who H.V will have a friendly 'hate' relationship with i.e make fun of...heckle each other etc...but never nasty...just 'bitchy' in reality sense i.e not malicious...fun...???'...and S.K can't help self...'shouldn't she/you be blonde'...to H.V or P.A'...she responds...flicking hair...well, funny you should say that, cos, you know, my aura guru says I'm a green, and should go with red, whereas my cosmetologist sue says I should.... and they all give her looks as if they can't believe how dumb she is...or all except P.C, who joins in fun, but then shows how dumb SHE is by not getting whole point at all...'so, you coach X? Must be Exciting...' as she flirts with H.V...i.e joke on her now...so dumb didn't get the scam...

then as H.V back in 'studio' with P.V...S.K, impressed...'hey YOU know X?...wow... tell me, does she really.....'...and they hit it off...though he still makes dumb jokes as a 'thing', and she is dumb as her 'thing' but also surprises us like in this case...
OR H.V has taken up work walking people's dogs, OR AS A masseur, or even cleaner...and as lives in Hollywood, and clean cut etc, ends up with dogs of famous singers etc...and so when they call, P.A comes into H.V office with P.C, and can say 'Oh, X just called, asked if you could change the 5 to 3...and P.C is suitably impressed..'you're doing X?' 'Wow'...and H.V reluctantly lets the misunderstanding rest...'yeh, well, you know...working in Hollywood, you get to work with...ah...for...celebrities..."hey is it true that she..." i.e this will be a line for episode / series...i.e everyone asking this strange question about this celebrity...who at some point will appear on show and answer it...something funny/quirky/weird ... have to think of what...that they are rumoured to do...harmless fun...but H.V and P.A never answer...so audience 'teased' with this funny rumour...sort of running gag...

uses such lines / misunderstandings with P.V ... he is trying to get with her...maybe later has GF too...a bit naïve also...or wants to believe best in people...comes in while H.V doing the hot P.C in his 'studio'...GF outside with P.A, they both hear moaning and sighing and groaning...as hot P.C orgasming...they look at each other...audience expects trouble...but they both joke about H.V's odd vocal training exercises...nothing strange as we make fun of them throughout series...i.e make up really absurd ones...take piss from actual legitimate exercises e.g neys etc

can have competition...based on Mannings and his crew...and that wussy guy who complains that everyone at the singing competitions is always showing off...oh look at me, I can do a vibrato from middle c to upper C .... etc i.e as in video...where is jealous...angry at people for being better singers even though he can do ALL the exercises up to whistle...yeh...but sadly, like boss, can't really sing that well...not interesting...though their ut is that everyone can learn to sing...and so can't admit to selves they suck...though in private in our series they do...or suspect it openly ...but then 'boost' each other's confidence again doing silly, pointless high note runs...'lets see X do THAT'...etc...make fun of reality of manning's etc without being nasty...just honest...and they would be first to admit...remember singing competitions are supposed to be about showing off what you can do...your talent...not about the songs but the singing...styling...though of course don't want to ruin song with over doing it...have that other guy too who does country, but sounds silly doing R&B (H.V jokes that they do R&D i.e D...are researching and developing)...etc...not hard to make fun of these as almost caricatures already...i.e almost absurd, angelic looking young mannings, and older with stupid hair that keeps getting in way...talking about 'so when all these famous singers call me up, begging me, Brett, how can I get my voice back in shape for tonights big show...etc...do mock-ups of his videos...but be nice and gentle...actually no need to exaggerate...and try to be nice...etc...
N.B gender specific language and animism...maybe character can comment in some context i.e a german or french etc P.C...

OR H.V optimist...hope springs eternal...when S.K jokes that 'X called, and wants to know if you can do...' he jumps at...i.e a true believer...brightens like fool...
S.K comes into office with P.C...'hey, Cher called'....H.V brightens with hope like fool'...then S.K continues...she wants to know 'do you believe in life after love?...' and H.V goes 'ha ha, very funny', as P.C sits a little confused, not in on the running gag...etc... 'You know Cher?', P.C goes...and we go to another scene without hearing H.V answer...etc...

OR H.V has sister or Girlfriend G.F with same name as famous singer...and P.C's always jump to false conclusion...H.V wants to clear up confusion but every time is about to P.C's get excited, book sessions with him, and leave to tell friends on phone...hey my new vocal coaches ...X... and this leads to him getting lots of clients...he wants to explain the misunderstanding but his P.A and S.K keep playing up on it...P.A is 'dumb' but smart...i.e wants to help out, so says things all the time that give P.Cs wrong impression, but which are not lies...or does so unwittingly in her nice dumbness...etc...

H.V is basically nice, honest guy...doesn't like misleading P.C.s...but does nice thing, for X, or X finds out about...and one day when they run into each other, or a P.C of H.V meets X, and asks about H.V, because she has goodwill towards him...he did nice thing for her, a friend, or just something she heard about...she goes along with the 'scam', to H.V's utter surprise and astonishment...i.e X is some famous singer we get to do show...only has to appear once or so...but gets continual 'public profile' in the show...so find some good natured successful singer to work the gag with...i.e she turns out to be sweet, nice, adorable, good, kind etc...so gets to have great P.R from show and appearance...

maybe H.V has trouble being taken seriously by G.F or parents...one episode they express how he probably 'sits around scratching his arse all day'...and the day they go to his studio, i.e he invites them to show it off...the first image they get is of him scratching his arse...i.e work into plot...ha ha...

Maybe way 'rumour' about X being his student started as his now married sister or Ex-g.f etc has the same name as this new superstar...but H.V is not up to date on these things...maybe part of fun of character...living in past i.e Led Zep, Kinks, etc...and so he is totally guileless when P.C ask him.'wow, you know X...or you teach X'...and he doesn't get it at all...no idea what could mean...honestly, and without any intention of misleading or taking advantage, no opportunism or guile...says yes, ... but before can go further they are always interrupted... a running line on show...everytime he tries to explain P.C runs off excitedly, books sessions with his P.A, while excitedly calling friends on the phone etc, telling everyone that H.V is coaching X...ends up on all the bloggs,
facebook, twitter etc...and soon H.V has loads of new P.C's coming in...it is a 'gag' 'joke' 'line' that he is totally guileless...wants to explain, but never gets to...always interrupted by P.A, or S.K or P.C (potential client) ... this is one occasion where P.A shows she is 'dumb', but clever and good hearted...she realises immediately what is happening, and while never lieing, speaks in ways that give the impression that the impression the P.C has is correct...and doesn't let H.V in on secret, as she knows he would not let them take advantage of the name sharing accident...when H.V asks her about all the excitement and new P.C's she keeps mum...'I guess they all heard there's this great new cute vocal coach in town and they all want to check you out for themselves...word of mouth must be good...so they send their friends...I don't see anything strange in that...do you? She responds, coquettishly/ innocently...and he is none the wiser, though suspicious...as he turns she is smiling and busily making his schedule...the studio is always busy now, so lots of different characters always available to keep funny, sexy, fun, entertaining...now either X has some other relation to H.V, say he is / was her gardener, masseur, dog walker etc...or this happens...her Manager gets to hearing about X and the new vocal coach, and he doesn't want to look stupid...i.e she complains he doesn't devote enough time to her career...and so there is a mix up...he assumes H.V is her vocal coach, and doesn't want to risk asking and looking ignorant again, like he has not been paying close attention to her career and all her whims and demands...so he ends up booking sessions with H.V (Hollywood vocal coach) ... and so X actually turns up at the office...and P.A is totally over the moon...but still H.V has no idea who she is, so he treats here like any other P.C...and she is at first a little surprised that her manager has sent her here, and not to some luxurious studio, but...she falls for H.V...lust / love at first sight...they hit it off...and during the session H.V makes the remark...'hey, funny that, you and my sister / ex share the same name'...and then look comes across his face...he pardons himself for moment to rush out to P.A...'hey, you've known about this all along' i.e finally he has worked out what has been going on i.e the name misunderstanding...and she rushes off...'sorry boss, gotta run, be back in an hour'...etc...and leaves before H.V has chance to complain etc...then goes back into studio...to X...who has 'adjusted' her clothing to be as sexy as possible...and he notices...and forgets his frustration with P.A...'oh hell, what's the harm' ... but he is nice guy, honest, and we like him more for that ... and he got lucky...which is what we hope honest guys (like us in audience) deserve and will get... so she thinks he is hot and dreamy...and so story is full circle...self-fulfilling prophecy...everyone feels good...

Maybe H.V has a sort of 'shrine' to Brett Mannings...as a running gag he always bows to a really camp photo of the young Brett Mannings with his angelic boyish blondness...he is his role model and idol...and so maybe Brett ends up with cameo or role...in which he gets to make fun of himself...maybe jokes at own expense i.e H.V is so successful, and hooked X as a client...etc i.e bitchy, and
laughs at own inability to be really convincing as a singer...depends on how want to go with...but try to be nice whatever...the show is about nice, honest, feel-good people...they have strengths in their weaknesses, good hearts...don't like to cheat or lie but are only human, and have no meanness or malice in them...the sort of honest, good-natured, kind hearted working people audience likes to think they themselves are...or at least in their best moments aspire to be...or at least wish they had better moments in which they aspired to me like that...let alone managed to be...

In some context a Republican quips 'yep, god giveth, and the government taketh away'...in sketch about H.V and his tax return...with tax inspector?

In some context...about how inappropriate Michael More's choice of victim re: no socialised medicine in U.S...moral hazard...he didn't use protective shield...and result would have cost tax payers 60,000 dollars if he had socialised medicine...instead he had to be responsible for own bill...which is problem with socialised medicine...moral hazard...only think in terms of solidarity when it comes to benefits...i.e share benefits but not responsibilities.

Can do send up of that video between 'styling' star and Singing Success coach...where he is so obviously envious of other singers who can 'style' i.e sing, better than him...'so what, you have a micro penis but you can ooo ooo ooo whoa ooo all over the stage' i.e licks, trills, runs...'get over yourself' i.e really happy when other guy says singers often show off in competitions and ruin song...but what is point of competition? i.e to show off talent...it isn't about the song...etc...i.e intimidated by other singers who are better...

Can have loads of funny P.C's...mexican Elvis's, etc...

**H.V.C about people following their own dreams**...sweet, touching...H.V realises most have no talent, but who is he to stop them dreaming?

One day he is saying something to S.K or P.A and they respond 'what, you work for Y now?' while H.V is on phone, or parents just walk in...and they go 'Finally, you got a real job?' really hopefully / happily / relieved...'No mum, dad, she's just...look...don't worry, how was you trip here...' i.e they have come to visit their son...disappointed that he still won't get a 'real' job...i.e show about him following his dream, and disappointed parents...and how he has to fight for right to be himself, and doubts and self-belief of all artists, people trying to go their own unconventional way etc..

**Episode about P.A, and her obsession with new book / film series**...where it turns out that the characters, without knowing it, have been robots all along...and she is now paranoid that she is a robot 'how would I know...I mean, I might think I was human and not have a soul' ... and H.V reminds her 'well, if you are aware, and worried, then does it matter if your soul is in a human body or a robot? Like
why should it make any difference...and she is like 'yeh, wow...that is sooo right...and sooo cool...and I am like soooo thankyou for that...whew... and other point...'the only person who could know if you are sentient or not is you...you could act completely convincing...the only difference would be that YOU would not be aware...everyone would be fooled but...???YOU??? would know, I mean NOT know...well, you know what I mean...ah...you know???

S.K can be trying to write TV sit-com...he brings in ideas he has 'sketched' with actor friends to 'pitch' to TV producers...One of them is 'Public Servant'...His father made him swear on his death-bed, after working himself to death trying to help others, never to do an honest day's work in his life...and so he became...'Public Servant'...yes, you've probably met him at the …. office, or the …... He is the 'public servant'...probably when you arrived he was 'on a break' or you called and 'left message'...etc...or P.A might be watching TV during a break...etc...

Ha Ha...masochist sitting in restaurant as waitress comes over to take order...suddenly across room another patron is having a heart attack...and our masochist orders 'I'll have what SHE'S having' ...

Ha Ha...Person swore on their beloved father's deathbed (he had died from overwork, over ambition, dedication to service) that they would never do an honest days work in their lives...so they became public servant!!

E.P stuff: Eugenics can be about reproducing ONLY the best, as the target...or about ensuring that the best rise to the top, get the most power / influence / resources to do the best for the species...ensure it's survival in crises etc...but then question of slavery i.e exploitation of inequality... people hating their betters...betters requiring protection from envy / malice ... under Marxist / left the best are usually killed off / deprived of resources and power...and their inferiors, who hate them almost automatically as part of human nature, make their lives miserable for being better...usually victims of...and system fails to protect / nurture best of species...while mediocrity reproduced and praised as highest good i.e the masses... whereas under Republicanism the rich rule, whether or not they have any superior qualities...they only respect wealth generating actions...not general research, and not truth...

HUMANS...the only species malicious enough to force a member of its species to endure it's life when it found it was NOT worth living...

New twist and surprises thriller book/film idea
musician working on demo's of songs...no1 else but a few people, maybe partner / gf / best friend have ever heard them...there is a break-in ... musician is badly
hurt / attacked / wounded / left unconscious...loses memory...all stuff stolen from his flat...years later one of the songs he had written is playing on the radio...it sounds familiar but he has no idea why...but then later he sees the video to another of his songs on t.v... he has a strange feeling that the songs must be 'covers', but everyone else is certain they are originals...the feeling never leaves him that he 'knows' these songs from somewhere...slowly he starts remembering the break-in...during the process it starts dawning on him that his gf/partner/best friend was in on the robbery...whether audience / reader becomes aware until later in story will be determined by the plot development. It is revealed to us in this form...our protagonist casually feels that those songs seems somehow important in some way, though he cannot explain why...and then we see the names of his gf/partner/best friend...as the copyright holder i.e listed as the songwriter credit is jacqueline X or Jacques-Tulliery i.e not at first obvious, then 'clicks' ... and our protagonist realises, in a flash, a whole lot of things...we see his conclusions / insights leap from one to the other, and he suddenly 'remembers' what happened...and we are left waiting to find out too... The tension develops as the gf/partner starts becoming suspicious that maybe the our protagonist may end up remembering everything...as he says he is beginning to remember some things...we see their fear reaction to this news...before he has remembered much...this is part of plot i.e maybe we get to know before he does, and their interaction builds the tension and fear i.e what is the friend planning to do? To finish the job, before he remembers...and maybe the friend pretends to be helping him, and is just waiting to see if he will remember too much, and is quite ready to kill him, as they had thought they had done the first time...we realise before our protagonist what happened, and we feel the tension he does not, i.e completely unaware of threat to his life posed by his 'friends'... so we learn how his friends set up the 'robbery' 'break-in' to steal his songs, which they were sure were going to be hits...but they had always been jealous of his talent and good nature...and had our of envy, they planned to benefit from his work themselves... maybe explained at some point, or just like Herman Melvilles 'Billy Budd' i.e they just ended up hating him for being better, not just more talented, but a better person i.e he was kind, generous, modest etc...maybe at end all the hate and venom and malice is expressed by them, in the scenes at the end where they are trying to kill him again... There can be thrilling moments when it appears he has remembered, and his friends are shocked, and ready to kill him again e.g protagonist seriously says 'I know what you did'...and we see the fear on his friends / conspirators faces, as they look to each other, we sense wheels turning in their minds as they are desperately working out how to respond...but it is a red herring, and the tension breaks when he smiles, and starts talking about something totally unrelated, and we see the tension suddenly disappear from the
conspirators faces / demeanor... but they give each other meaningful looks, and realise how close they came, and what could have happened, and so realise they are going to have to do something, to eliminate the threat... can add twists and red herrings i.e give audience at first impression that it was his best friend / girlfriend, then later revealed they are good guys, and it was someone else... and it can have happy ending, when his girlfriend proves loyal, and actually helps him find real enemies, maybe his best friend... the tension between not knowing which can be built to climax, when revealed which one guilty i.e maybe he trusts wrong one, who is then about to kill him, when the other then kills them i.e girlfriend escapes where tied up, or gets up after appears unconscious, after best friend has attacked her... then as protagonist thanking his lucky stars for having such a good loyal best friend, his thanks turn to horror as he realises he got it the wrong way around, and his best friend reveals all his malice, and is about to finish him off when the girlfriend suddenly reappears and the death blow we were expecting to fall on the protagonist falls on the best friend conspirator. (or something less typical of hollywood films!)... but idea of using the not knowing who is friend and enemy, all the emotions attached to not wanting your friends to turn out to be your enemies... mistrust, who can you trust, can you trust anyone, should you???

**Euthanasia Films / book ideas**

tone is light and breezy... positive, relaxed, fearless confrontation with death... as transformation... not the end... with moments of confrontation with hard realities, but done in a way that is warm and rewarding rather than scary... could be humorous in a dark and quirky way, but must maintain tone most of the time... maybe a quirky, tactless, direct, honest, terrible bedside-manner doctor... 'So I'm gonna die hey?....'Ye-ep'..'A nice quick painful death? Patient asks hopefully. 'No-ope, sorry, I got pictures if you want to see?'... 'You don't want to see?'. 'Oh well... audience can see photos on Dr's desk that patient not privvy to...'Yep, pret-ty nas-ty...ug-ly, slowww, painful...' 'Patient gulps uncomfortably'... may have been set up i.e most powerful member of parliament / congress fighting against a Euthanasia bill... the group lobbying for the bill have managed to trick him into thinking he is going to die a long, slow, horrible death... hoping to learn the real value and need for Euthanasia... politician looks at Dr hopefully ... 'well at least you'll be able to make sure I don't suffer... won't you Dr? I mean give me something to get rid of the pain?'... 'Well, yes, I mean, up to a point...' 'A point? The politician does not like the sound of that. 'What do you mean a point? 'Well, you see, the current law states clearly that we are not legally able to provide you with a dosage of pain relief that might threaten your life, or your recovery'... The politician is clearly shaken by this. 'But we find we are able to make most patients pain bearable,' stressing that last word in a way that made it sound very threatening to the politician. When the Dr talks of 'cash cows' the politician reacts strongly, not liking to think of himself in such a
way...but after all, he has been receiving money from health industry lobbyists...and surely the profit motive could not have eluded him...

Maybe Dr has fatal illness, and has been self medicating...but during plot reveals how most people are forced to endure pain, due to the 'ethic' that no Dr be allowed to give a patient pain relief that might threaten their life i.e risk overdose or fatal outcome...fact is the public are deliberately mislead i.e lie that all pain can be managed and will be i.e that they need not fear pain...when fact is they will be forced to endure it...as cash cow of medical industry...who kills the goose that lays the golden egg? Even if laying is painful for the goose? During plot audience given precise, accurate information about the options i.e nitrogen, how to get, how to use...nembutal etc i.e educates and informs people of real options...how to get around controls i.e get vet in mexico to send nembutal...part balloon people or whoever that has nitrogen gas etc...internet sites...first find out facts and options and 'tricks' etc and then present as part of plot...e.g Dr talking to patient, pointing to nitrogen cylinder...and reminding patient that Dr's know all the ways out...would never dream of going through what they see their patients going through...but it's their decision after all, and the industry is hardly going to promote a 50 dollar solution when it is the last 6 months of life that provide the industry with most of its work and profits. ...maybe we follow one or more people from a self-help group...all dieing...and they take a novel approach, researching all the ancient philosophers / religions / belief systems, and how they related to death, reading novels about death, philosopher's on death, ...until become more and more O.K about dieing, accepting it as part of a cycle...though some see it as the end still...can introduce arguments about why life most likely eternal...and dispose of myths of catholic / religious hells etc...maybe one character, who just began getting used to the idea, and even looking forward to death as an adventure, suddenly goes into remission, with all signs of a full recovery...and finds self at a real loss...but committed to their new purpose of helping others with dieing...finds and joins 'Angels of death'...and finds new meaning that his old life did not have, in helping others with dieing, and the whole issue of slavery and euthanasia...though at first considered just doing it anyway, as his life had not been all that great even before he got sick...and felt he was letting his friends in the group down by going on living...after it had been his input that had gotten people to the point of acceptance and hope ...and so the confrontation with death has ironically (a-la hollywood) given him a brand new life, a reason for living, he is much more excited about life, now he is sure it is eternal, now he has no fear of death, and is confident of being able to avoid drawn out suffering when the time comes to leave this life...he has a new positive, accepting outlook on life...has new priorities...enjoys little things more...doesn't worry about being a big shot success or making history...for once he can actually relax and enjoy life, not stress over the things he used to...be more accepting of others, their faults, their idiosyncrasies, their imperfections...more
importantly be more accepting of his own faults, imperfections, and idiosyncrasies, foibles etc...life is an eternal game...an experience engine...and people are surprised at how warm, caring, accepting, validating, etc he has become...they all see the 'near death experience' being responsible...

During self-help meetings some express the Catholic church’s position...i.e are nominally catholic and have spoken to priests etc...so we can take a critical look at their position, through the questions and responses of the self-help group members...as the critically discuss various institutions positions...and dispose of them...though some have doubts and fears...in end get very angry with church and state i.e the official positions that deny them a good, painless, dignified death, and the absurdity of prolonging suffering when either oblivion, or next lives, await...

Alternative DEATH PACT humorous euthanasia film / book

Again light hearted, humorous, feel-good film / book. Our characters are at self-help group for people dieing...and all real fun characters, despite their predicament...they have guest lectures and book clubs and discuss new ideas and old ideas, until hit upon idea of a Euthanasia pact...they sign a pact that none of them will suffer, and each, as a group, is committed to ensuring any member a good death... And so they begin researching all the means and methods available, and 'field test' them...remember tone is 'feel good'...the people can have dry, gallows senses of humor, or simply be a bit careless and easy going...though have all sorts, including really neurotic types always looking at worst case scenarios, fearing the methods won't work, etc ... but finding selves in very supportive, mutually concerned atmosphere...i.e ironically in death finding true reason to live i.e friendships, real intimacy...some drunks, some stoners, some straight laced, some have aids or hepatitis...maybe from gay sex or working as volunteers in third world...so get to get people talking about all sorts of social issues, challenging prejudices, becoming more accepting and open to others...the people are brought together by shared fears, shared hopes, i.e focus on what they share in end, rather than what makes each different...and learn to celebrate the differences...also pact agrees that any surviving members will attend the funeral of the others, and say nice things, maybe agree to do certain things for the others, maybe even get even / revenge, or help out their surviving family members, loved ones etc...maybe the group keeps growing, new people replacing those who die... or group dwindles down to a very few, who cannot imagine being 'the last' and so decide to end it together... the audience / reader will be accurately informed about the options, the risks, the ways around the law, the risks of being caught, etc...and given a motive to think about what is best for themselves, and maybe a motive to become politically active in getting new laws that allow for euthanasia i.e universal access to euthanasia. Maybe they even hire a professional. i.e a fictitious or real country where euthanasia has been made legal,
and a new profession has emerged i.e 'death helpers' a.k.a Valkyries , Angels of death. The valkyrie goes through all the best ways, methods, and options...which ones anyone can do without access to special drugs which are not easily / readily / legally available, and what the ideal ones are...maybe group decides to leave the U.S , Europe etc and emigrate to this nation, or at least go as a group to die there...i.e idea of euthanasia tourism...to encourage nations to consider this industry i.e as way to get around the vested interests in the most developed countries...have the 'valkyrie' talk about the history of death, and people's ways of relating to it, so very different from the modern western one, which is in fact medieval catholic...the valkyrie explains the importance of making sure no-one will interrupt the process i.e try to wake you up, find you hanging and cut you down etc...about how to minimise the shock, inconvenience to others of your death, to not disturb others, or leave a mess...talk about taking legally available drugs to ensure you feel no real discomfort during hanging e.g pain killers, or take sleeping pills before using a plastic bag asphyxiation... note make people accurately informed about facts...reality...to get them free of all the lies and ignorance e.g the lie that hanging is painful, rather than sensual / orgasmic i.e you do NOT lose the ability to breathe, like drowning...it is the vargus nerve that brings death...OR??? have to research and make sure all information / details accurate..precise...

Religion movie / book

Take a light and humorous look at religion i.e follow some people setting up a religion i.e showing the reality of how all religions are set up...all the borrowing from the past, demonisation of the past and present competition i.e rivals...the noble lies...the clever ways of getting money from people, and of exploiting members...i.e as oldest profession...have older priest explaining all the tricks to a new young initiate...i.e religion as scam...showing them hitting on idea of sin, and selling forgiveness, and compelling public to pay tithes, and convincing kings of the benefits of supporting them..

Idea for short film or music video...or for scenes spread throughout an 'e pic' film that follows several stories / protagonists

Throughout movie / video, a character, who is always carrying a typical sort of student back-pack, nothing suspicious...but the look on his face is haunted, pained, dark, moody, and 'hard'... he is always looking closely at any police and police cars that happen to pass by, or they happen to pass...sees them cruising car park at mall...rides bike past a patrol car that is stopped outside a house, or has pulled a car over, or filth that have gone to Macca’s or a coffee shop during their shift...looks pretty cold and dark, but gives nothing away...once or twice the filth give him angry looks but he does not respond, just moving on his way after having determined that 'it is not THEM' i.e he is looking for some particular
filth...then at end of video, or even during / after film credits, he clearly recognises the filth he has been looking for, in a parked patrol car...they are on the radio...he takes off his backpack, and pulls out some things he then stuffs into his pullover pockets...he walks or rides calmly up, as if he is going to pass the car, but as soon as he reaches it he pulls out 'sticky bombs' which he sticks to the boot lid and then roof, then throws a number of bombs into the open passenger window, and sticks another stick bomb onto the car bonnet and moves off quickly without looking back, as the car bursts into flames, and then several explosions rock the night...we see first the view inside the car, of the drivers and passengers faces of shock, then we see the view over the guys shoulder as the car leaps into flames, then is rocked off the ground into the air...and we see a look of calm and ease flow into the guys face...as if he has somehow beaten a demon, found justice, can now relax...and he moves off into the darkness, the burning car just a 'light' source in the darkness... could be video for 'gimme a …' or part of a longer, epic sort of movie like 'traffic' which follows a number of interconnected, related stories and characters e.g could be film about police brutality, corruption, a legal system on the rich can afford, how the corruption takes advantage of this, and human nature...with people not willing to be witnesses and stand up for the innocent and weak, i.e illusion of noble savage and 'good' people... etc....

**Movie / book idea about lie detection**

Movie / book idea about lie detection/ honesty / how lie detection not used because it is any less reliable than other means i.e not perfect, but perfection is NOT demanded of any other sources of input into the legal process i.e witnesses demonstrated to be very unreliable...corruption rampant...people lie...police cheat, imagining they know who is guilty and who deserves 'punishment', whether or not they can PROVE it...etc...so in reality lie detectors would be a really valuable tool...IF the system really did WANT justice...i.e O.J Simpson failed every lie detector test his lawyers gave him...if he had passed they would have 'leaked' that info, and offered to take part in any further lie detector tests...his failure led his counsel to believe he was guilty, and to suggest he offer a plea of manslaughter i.e he went to visit, was overcome with anger, and killed the two in a blind rage...coping a plea...getting a few years prison...the government would lose all its 'whistleblower' 'mobbing' cases, and would have to start treating people fairly, and actually implementing its own official policies and investigating...once people realises they would not get away with mobbing, they would have to learn to deal with people fairly and honestly...

Can end with joke...after story about lie detection successfully revealing a huge scandal during some huge corruption trial...'so, mary says I'm looking much trimmer lately'...i.e co-host to anchor of popular t.v show...was she lieing? …
laughter...Hmm, you know, Bob, I think what matters is what your wife thinks, not what I think...laughter...

But plot is exciting, lots of travel, cool, sexy, interesting people from all parts of world...as a head-hunter is hired to travel the world and put together a team of the best people in the lie detection industry, including P.I's, techies, psychologists, 'mind readers', 'cold readers' ... many are realists who had been 'burned' by their experiences i.e working for government or big companies or legal firms, they thought they would get a chance to do good, and help the victims, and get justice...but instead everyone abused their skills and talents, seeking merely their own convenience and money...including government heads interested only in avoiding scandal, protecting their own...legal firms happily engaged in destroying innocent people to keep profits high... so these idealists mobbed, victimised, or just burnt out and left their jobs...some just people with no job satisfaction i.e went along to get along, but found it empty and dissatisfying...had gotten great jobs, great pay, all the perks, but felt no challenge, felt their skills not being used...looking for chance to really do something big...and so all these types, required for building a team to develop a foolproof lie detection system, one that could 'prove' itself no matter how much powerful people did not want it to be proven...a reliable method and system that would revolutionise, streamline the legal system...save billions of wasted resources and talents...and protect the innocent while identifying the 'guilty'... maybe the idea is that of a young person who just came into their fortune...wanted to find some way to use the money they inherited for real good...maybe parents, ancestors, got rich in less than ethical ways i.e this young trust fund child wants to make it all good...to achieve something good with the money they have now got...

Maybe our head-hunter themselves was 'burned'...left old life and job and became maths tutor for underprivileged kids in Peru etc...after really bad experiences as victim, or help to the perpetrators of some injustice... either way has given up hope, but still wants to do good. So ends up teaching kids maths, though he is a genius... Could be just one of the team, or the head-hunter, or end up team leader.

So our head-hunter travels the world..Rio, Sydney...some nice eye candy and excitement...we get to see inside some sexy organisation headquarters of top international companies, the plush offices of law firms...all the dream job offices and locations...It may not be clear who they work for (he in all my 'stuff' can mean he or she)...European Union president? Some sort of 'batman' figure? The head of some secret secret agency? Maybe they themselves end up under threat from own people, and this person 'pulls the plug' on the project just when they have 'nailed' the system i.e got it working...and team on point of falling apart, but then the real team leadership qualities of at least one member come to shine...inspires them...and so a group that was mostly working together because of the great pay and conditions, opportunity, and which had no real sense of
'team' i.e just egoistic individuals doing their own thing for their own reasons, when put under pressure, and inspired by this new natural leader, actually develop a real sense of team and shared purpose etc i.e welded into a team...i.e learn to accept each other, respect each other, learn what it is like to be really accepted by others etc...i.e team building, better person becoming stuff...and so after the team is officially disbanded, the real adventure starts... maybe they all first go their separate ways, until the team leader to be realises something...or a few of them stumble on some secret while clearing out their offices, de-briefing, getting ready to leave etc...which leads them to seek out the others again...some keen i.e hate new jobs...some keen as have secret romantic interests for other members of team...some need real convincing...some are at first totally against idea, loving their new jobs (i.e when the project was 'canned' part of the deal was that the people who financed it, hired them, would ensure they got their dream placements at their dream jobs i.e very powerful, influential, connected people behind project...part of deal in which they signed legal documents with 'gag clauses' that stated that they were never to speak to anyone about the project, what they had done etc i.e typical part of/ condition of 'golden parachute' in big organisations...

During film audience informed about all the challenges and limits, and potential, for lie detection and 'emotion recognition'...in everyday life, marketing, legal justice system, corruption investigations, … the ability to recognise potential threats before they are expressed...how the legal system would be revolutionised overnight...IF it could be made reliable...explain current reliability problems...and surprise audience with facts i.e in comparison with other forms of evidence currently accepted in courts, lie detection is actually MORE reliable...as part of a professional 'audit' process...but so many vested interests in the FAILURE of lie detection, and a bad PR campaign against it to ensure that the public reject it, independent of how valid / reliable it really WOULD be i.e the greatest tool for justice , and the people are misinformed about it...maybe no-one really WANTS the truth and justice? All have something to hide? Willing to let guilty off to protect self? But the costs, the wasted lives, the inefficiency and ineffectiveness of the legal system etc.....

Can become thriller...what is it that they discover after the team disbanded? Maybe members start 'dying off' in 'accidents'... maybe the leader has been threatened, or just managed to escape an 'accident', and cleared off into the night, and is now, living a shadow life, trying to work out what happened, solve the 'mystery', find out who tried to kill him...etc...
It can start with the team already working on project. The traveling can come later after they are disbanded, and offered their choice of dream jobs, which is where our leader tracks them down to...

Maybe it is AFTER this project is disbanded that some dark, mysterious, rich figure contacts our ex team leader, or future leader, and offers to re-fund the project himself...not clear who works for...could be top secret agency...

The team leader may have been 'ruined' professionally, mobbed, victimised, etc by previous project organisers...i.e fought to keep the project running, and became a threat to those who wanted it shut down...he would not 'play ball'...he was not a 'team player'...he is left ruined, outcast, socially marginalised...tormented, frustrated, depressed, irritable...either completely disillusioned, or has just a little spark left, and is teaching poor kids...or just doing odd jobs to get by, hacking, maybe interviewing job applicants for secret service or big companies i.e using skills in the commercially viable, socially acceptable, but almost pointless, socially meaningless way...

We can begin lightly...with popular, charming 'human lie detector / cold reader / mind-reader / body language specialists etc'.... he is explaining to an audience, as some sort of info-tainment...about 'fake tells', and 'tells' and how you can be caught out by faking a tell, and faking, and how better to stick with something that is true, at least partly...keep it simple...if you are trying to escape detection...and to force the person to become complicated in their lies, if you wish to detect them i.e force them into faking tells, into lying more and more, giving you more clues...and benchmarks for your 'audit'...flirts with hot audience members, or members of own 'team'...

Or with new member being introduced to team of 'hot shots' and 'high flyers' i.e all very impressed with own selves, all individualists...huge egos...competitive...which is why maybe our team leader is NOT specialist in tech, but in team building...i.e hired to try to form a team from these individualists... to get them working together ...to avoid all the problems of ego's clashing, competitiveness, ...maybe this is the guy who ends up discovering the 'mystery', and finally succeeding at his job (i.e felt failure during project, as the people just would not 'gel' as a team...remained group of individuals) but after project dropped, and he takes on challenge for own reason, manages to get them working as a team..

All typical 'soft' versus 'hard' science crap between the social science background people, and the 'hard' science background people i.e the techies, and the psychologists, cognitive science, sociology etc group members...clashes between those with rich backgrounds and sense of entitlement, and those from poor backgrounds...all sorts of conflicts become apparent i.e class hatreds, jealousy, envy, geniuses and mere 'conscientious hard workers', all equally ambitious to
put their 'mark' on the project, and gain status...simmering conflicts, latent sexual tensions...maybe signed a 'no relationship clause in contract' but apparent some are having affairs, or had, and are now antagonistic towards each other...maybe later these relationships get to 'blossom' i.e romantic angle / satisfaction to story...maybe couple caught during first month by jealous colleague...all sorts of 'cliches' emerge...almost total failure to build a team from these people...at least our protagonist / hero feels a failure...expresses this to his partner / friends ...

To add tension, excitement, twists...have one of the bosses switch sides...but can we trust him? i.e ongoing question / tension...question of who can you trust...first they were with the bosses...but apparently discover something that turns them...but can we trust him? He admits that he was one of the people paid to discredit the project, and ultimately to 'mob' and victimise those, like the team leader, who would not 'play ball'...i.e the same person who helped 'ruin' him...he now is asked to trust...can he trust them? Should he?...does the guy turn out to be genuine or is he really still on the side of the bad guys and faking it? i.e a real test of their skills and tech...it becomes a test of their projects real success...can they determine if this guy is with them or a 'double-agent'...and so all their skills are put to the test as they 'investigate' whatever 'crime' it is that took place...or seek the 'secret' that lead to it...who is behind it all? Who was behind their project? Why was it 'canned'...what did the most powerful people in the world have to lose? Who was protecting who from what truth that their project threatened to reveal?

The 'capture' some of their enemies...and use all their skills to find out things without torture i.e audience informed about problem of torture i.e apart from ethics, it is ineffective...you have to know who knows what first, before you can trust the 'confessions' they give...as people will confess to anything, and make up stuff, just to avoid further / torture. But they use all their skills to trick people into revealing things...even using virtual reality where the people believe they are 'de-briefed' by their own bosses, or in one case even speaking to 'god'...i.e suggestion...but make clear fact that hypnotism is role playing i.e you cannot get someone to do something they don't want to...hypnotism gives you no power over anyone...they only do what they want to ... they pretend to themselves as far as they want to...it is mere role playing ...

Maybe story begins with couple on the run from some danger, some sort of government people, like C.I.A but not i.e even more secret...they have developed an infallible system for lie detection...they had just recently proven that it works to a group of the highest government officials of every top level government agency...they celebrate, expecting to become rich and famous, with millions from patents...after a long stretch of living very poorly just to keep their research going...i.e it has paid off...they sacrificed and worked hard and struck it rich...they are over the moon...all their friends are excited for them...many had
been working for them for free, or for almost nothing, and now they too will be rich i.e shares in the new company etc, which were worthless up to now...and so big party...happiness...everyone's dream of hitting it big...working hard and succeeding... There is public interest, on TV etc, in some huge corruption / conspiracy etc investigation into the current government, or leading agencies...it is a huge story...and at first one agency asks to use their new system, and they happily take on the project as a joint top secret project...and then just as it appears they are on the brink of some huge discovery / breakthrough...the project is 'pulled' with no explanation...when they question, a whole lot of shit hits the fan...the agency claims the system was proven faulty...try to undermine the credibility of the system, and then start ruining the credibility of the people who made it i.e our protagonists...maybe the two of them stumble upon the truth that the government is trying to keep secret...and go to the F.B.I etc...only to realise that the F.B.I is in cahoots, or at least will follow the orders given them by higher ups...and so they realise they'd better make a run for it...something serious happens to make them act with urgency...maybe their house blows up...etc... later it is revealed that some F.B.I agents realise something big and bad is going on, and seek to help our protagonists i.e some good guys in the government...maybe add thrills as at one point it seems they have been caught, then it turns out that it is the good guys...maybe guns pointed, but when we hear the shot it is the bad F.B.I agent having been shot by the good one...(or something less typical/predictable/Hollywood)... turns out that a lot of high ranking senior government officials all failed the 'tests'...i.e the system revealed a huge conspiracy and corruption...and some 'good' F.B.I agents realised, and got together secretly to do something, while all around them the agencies were being pushed to 'catch or kill' these two as 'enemies of the state' or 'terrorists' i.e not knowing they were being used, or not caring...maybe at one point clear that some realise what is going on, but realise that they will be rewarded by corrupt powerful people if they do their bidding i.e competition for promotion and later cushy jobs in private sector...could have two agents, who were always in competition to outdo each other, each chose the opposite side...one for the truth and the protection of the vulnerable, the other for power and success, doing the bidding of the most powerful...maybe even a father-son scenario, where the father is the big successful government executive, and the son the idealistic new agent...the father all about success, and 'team player' and 'go along to get along' i.e corrupt, ruthless, opportunistic, with no ideals, no faith in humanity, no values apart from success and getting ahead...but maybe in the end he faces choice between betraying his son, and protecting the corrupt, and he chooses...to protect his son? ???
The book / movie is an ideal vehicle to bring important facts and issues to the attention of the general public...history of show-trials, corrupt judges, witch-hunts, mobbing and victimisation, papal dispensations, fact that few can afford to even seek justice, let alone compete with a system that can wear them down, that even if you win, you lose as you end up in debt due to costs...evidence tampering by filth who imagine they know who is guilty, or who deserves punishment, and abuse power to satisfy own envy / hatred...explain how, even if we do not have perfect system yet, the tools should still be used as part of a new approach i.e of finding the truth vs combative elements seeking to win some game...i.e a system that sought justice rather than played games...people working together to find truth, and serve justice...a socialised legal system where lawyers and judges investigate together, and make scientific conclusions based on probabilities...and where they err on the side of caution...i.e no free will anyway...not question of punishment but deterrent and control/ management of human nature....

Highlight how easy it is for people in power to abuse it, when there is no real accountability...where few people have access to legal resources to protect themselves from being abused, or to bring those who abuse power to accountability...

Also raise question...do we WANT the truth? Do we WANT justice, in principle, for everyone, or just for ourselves? Do we want a legal system where the rich can pay their way out, and the poor are powerless to protect themselves? Should lawyers work for clients or the public good? Can we afford to waste our precious human resources on playing games, tax avoidance, keeping guilty clients free from accountability, etc??? Do we really care about corruption? Do we want merely to be beneficiaries of corruption? Beneficiaries of injustice? Beneficiaries of power and its abuse?

**Epic movie idea...MALICE...**

An epic film...like Traffic, and other films where a number of different story lines intersect, all showing some angle on the theme, some part of the 'big picture', and so defining the concept ultimately. Show malice, envy, hatred in all its aspects...sexual, financial, talent, rich and poor, class hatred, developed and third world, beneficiary and slave, petty and historical...hate crimes, bullying, mobbing, victimisation, racism, sexism, … possible solutions and their limits...i.e elimination of major sources of envy would simply mean that currently minor ones would take on more significance, and replace the old ones as a new source of envy, malice etc...and fact that people are born unequal, in terms of beauty, health, intelligence, talents, potential, and the best thing for us all is to give the resources and power to those who can yield the greatest good / pleasure / value from them...for us all...question of redistribution of this value...but we cannot allow people to undermine the success of our potential beneficiaries from such
childish grounds as envy...need to manage it...need honest evaluations and a real war on corruption, nepotism, favoritism, bullying, mobbing...Even if everyone got paid almost the same, people would envy others their 'air conditioned office' or their more interesting work...probably sabotage the successful, simply to satisfy their malice...and complain that some people were getting paid to study at university, while they themselves had to 'work' i.e if we leveled the pay and conditions of all jobs, and paid people the same wages to study i.e recognised it as work...etc...which is the only fair thing to do if you did not reward people AFTER for their sacrifices in studying up to 7 years, without pay, usually incurring DEBTS as well...a double whammy...

Think of how depressing a thought it is to be forced to socialise, to 'converse' with people very different from you in education, intelligence, wit, goodwill, … rough, malicious, dull people who never made any effort to learn anything, to be interesting, to listen, … it is a sort of hell … And remember that everyone always wants a chance to be better, to shine, to out-compete, to be superior...though they may delude themselves, and pretend to us...when you put 'betters' with their 'inferiors', the inferiors tend to try to make fun of them, undermine them, to 'out-do' them in some way i.e to pretend that they are in fact inferior...in crude ways...childish...there is a natural aversion among the least able towards the able...a natural hatred...they try to bring their betters down to their own low levels...it is almost unheard of that a better person raised the tone level of a group of inferiors...usually they crucify their betters...maybe only later generations raise them from the dead into heroes and prophets.

New movie / book idea

The movie follows a 'War of the worlds' type plot … Orson wells broadcast a radio program, during which, the radio play was presented as if it was a news report, following real events as they developed...in my movie / book the audience / reader would be experiencing everything from the P.O.V of the characters...literally in the movie i.e we would see a lot of things as if we were the person experiencing them...could be real-time or asynchronous web posts...in which we ARE a person making a bomb, planning some attack, telephoning with our co-conspirators, talking with friends later in the pub, or picking up our kids from school...build up suspense / interest in this way i.e who's P.O.V is it? Male, female, mother, father, terrorist, etc... Can even show the P.O.V of that person finally being 'taken down' by F.B.I etc i.e from the various points of view...maybe it is from a hand held camera...and at some point the person (appears to!) fumble and drop the camera so that it shows his face, and 'shit', a accidentally reveals their identity...or the viewer sees a reflection in some mirror, apparently accidental, which shows the actor, who pretends to be horrified at realising the error...or someone reports online that they noticed a reflection, and when they worked on it with software, it revealed an image...sparking a man-hunt...all news
presenters asking public to identify the man...but it was a 'stunt' ...a media stunt... giving people illusion they were following some real terrorist attack plan...could be animal liberation army stunt...Some of the people could be 'acting' to 'fake' the media stunt...but the rest believe it is all real...or it could turn out to be real...the people involved managing to 'recruit' thousands of people into their cause...which is why the government fear the videos so much... just seed idea, concept...

Is there anything to lose by trying out my E.P's?

Is there any real risk gambling on my optimal ethics generator?

Would the same steps necessary to ensure 'happy next lives' also ensure that this current life would be more satisfying, rewarding, meaningful, experience rich, pleasurable...etc? Sacrificing reproducing yourself...would caring for other people's offspring be as enriching / rewarding? I think the net outcome would be positive...for everyone...My E.P's are an attempt to prove Buddha wrong...i.e that life COULD be made to be a net positive experience i.e the benefits could be made to far outweigh the costs...we could make it WORTH enduring the costs...And so Nietzsche would be correct, in the end. But if TROONATNOOR is against my E.P's, then really Nietzsche is a sentimental fool, and Buddha the superior philosopher. Maybe my E.P's will not be enough to tip the balance in favor of Nietzsche...if they proved a failure, I would be the first to reject life, at least this world, as Buddha did. I'm sure Euthanasia was Buddha's final teaching...but that Brahmins, dependent upon the workers for their satisfying lives as the elite class, would never have allowed such a philosophy to be taught, let alone become popular. The early Christians committed suicide en masse, to take the short-cut to heaven...why endure a life of pain, slavery, drudgery, when you were assured of eternal life with Jesus and the angels? The thing is that the people in control live lives that a Nietzschean philosophy could validate...one in which it is worth enduring the bad, because there is a lot of good to be had...whilst the majority live lives that would validate Buddha, one where the costs are so high and constant, and the rewards vague and rare. Of course the elites, who have the power to change, have no vested interest in changing things this life...they risk losing something, and are not sure of the rewards...while the people with the most to gain from my E.P's, have the least to lose...though ironically they would be just as heavily against the imposition of my E.P's as the elites.

Monopolies with internal competition

I have probably written elsewhere about the potential for having the best of both worlds...the efficiency and freedom from duplication, along with constant innovation...a sort of internal competition within the monopoly between groups
working in the same field...sharing resources, but 'trying and seeing' different approaches.

**Medical Science / corruption idea**

A man who had rarely gone to see a doctor, but who had suffered from various pains, but lived to be 87, is given a medical exam for the first time in over 65 years...the doctors finds evidence that he had suffered various cancers, all of which went into remission, without treatment...without mentioning this to the patient, he offers the patient free health care, making some explanation that his medical center / practice had promised to treat a certain % of patients for free, or some other excuse...and even wangles it so that the man gets into a very nice retirement home...in order that he can continue contact, and keep examining him...maybe he was a cancer specialist, or wife etc is...but anyway, has selfish motive for his 'concern' for this man...the man goes along with it all...allows the doctor to remove some tissue samples...ultimately it appears the mans tissues, his body, which seemed able to fight a number of cancers off without any drugs or treatments, is a potential goldmine...he has no close friends or relatives...maybe the doctor is told he needs to complete an autopsy to get the details needed to find out the secret...'pity we may have to wait 20 years, this guy is in great shape, he may outlive us, at least our medical careers'...doctor has own problems, maybe gambling debts etc, needs money, needs success...maybe he is desperate for his parents approval...they make some lame comment about his chances of ever 'amounting to anything'... which leads him to plot to kill the man, and perform the autopsy...maybe plans it all, but ends up learning from this guy, that he is already a success, does not need to prove anything i.e relationship develops, and in the end the doctor gives up the plan of murder, and even explains to the man what the situation is, ... maybe someone else then attempts to kill the man for the same reason, and the patient and doctor team up to protect him, and reveal the corruption in the medical industry...motives...but the two become best friends, help each other, ... happy ending...hollywood...

**Re: Plato's 'ideal forms'**

Plato considered how all forms may be poor copies / versions of ideal forms...so that there is an ideal pile of dog shit, that all other...but reality is that evolution is based on negative selection...though archetypes evolve...i.e general forms which offer good survival and reproduction chances...they are functional...the function following the form and not the other way around i.e there is no intention or design in evolution...forms evolve, they prove functional or otherwise...if they are adapted to their current holistic inheritance / environment, then they are likely to survive and reproduce, as less adapted competition becomes extinct, in an environment of conflict / competition / relative scarcity...and it is these more adapted, functional forms that will provide the basis for the next mutations, on
and on, so that the 'survivors' of competition accumulate more and more functional forms...and in another sense, 'appealing' forms...the appeal being generally reducible, as Hume demonstrated, to functionality, whether this is conscious or sub-conscious in the minds of the observer / admirer...and then this functionality, as in the case of beauty or sex appeal, becomes a further selective factor in favor of the form, in terms of desirability leading to humans and other animals to deliberately reproduce the forms as in art, architecture, clothing, social customs, superstitions, and organisms e.g pets, and mates in general...beauty gives pleasure (and sadly pain), but the desire to mate with beauty, and to own it, and reproduce it, works generally in favor of beautiful forms, except in the case where malice gains the overhand, and destroys it out of jealousy or envy i.e the pathological impulse of 'if I cannot own the form, then no-one else should be allowed to gain pleasure from owning it / mating with it' etc...

New book / film idea with Surprise twist...100 years after Nazi's won WWII, the world is a peaceful, much better place than it is today

Film about a 'what if'...i.e alternate history...Nazi's win WWII...show how...but start of in world of 2060...as fait accompli...there was no communism, no Hiroshima and Nagasaki, and instead of an Israel, a 'floating nation' of jewish settlements 'anchored' using the opposing ocean currents to neutralise each other...the world economy is a different model i.e no central reserve banks, Europe is one continent...one nation...with German the official European language taught and learned and spoken by all Europeans...

After the war was won Hitler died, and a coup-eetat left Himmler fleeing to South America, with his followers. The new regime, focused on 'cleaning up' after the victory, abandons the pogrom against the Jews, and the notions of racial supremacy...the remaining jews are left to employ their talents productively i.e no usury in Europe...a new system of finance is in place...there is no speculation, no secondary share market as we know it...basic needs are met for all...a sort of European Social Democratic model...the model is so successful that new Nazi economists win the nobel prize, which has moved to the U.S ... there is only a weak jewish power lobby in the U.S, and europe has the influence in the middle east...and so there were never any wars there...Iraq never became one nation...it became several independent nations after the war, based on religious / tribal affiliations...Communism was never fostered, as there was no communist superpower...South america adopted close ties with Europe, and their model...there is even a large movement in the U.S among voters to adopt the european model, which is more humane, productive, etc...there was no Vietnam war...the korean war never began either, as in neither countries was there a communist movement supported by a superpower with a vested interest...the french colonies became german and then european, without much resistance, as they enjoyed the benefits of the new european system...
Or can start story with Russian army approaching Berlin, the allies confident victory is assured, already working on their political plans for the division of Europe...Hitler has just survived his 34th assassination attempt...the russians are raping and killing civilians and uniformed people in the streets...all seems doomed for the Germans...Hitler calls for all German children, women, and old people to fight for Germany, and opens up all the military stores to the public...and so we see women, children, and old men fighting with rifles, pistols, hand grenades, and rocket launchers, in a desperate 'do or die' struggle...Hitler has promised Germany victory if it can hold on for just one week...the allies call this propaganda...but a few U.S intelligence officers are worried, seriously worried, and lobbying the military for several strikes on strange installations...but the military ignore them...

Then a Nazi U-boat emerges in New York harbour, flying a white flag, having radio communications established, that they are 'surrendering' and have important info from the Admiral of the German Navy...claiming an assassination attempt on Hitler succeeded, and that Germany wishes to formally surrender to the U.S...Donitz himself has sent them on this mission...but the Captain, in moments among his crew when he thinks he is not being observed, is seen 'smiling'...genuinely happy...they are of course taken off the boat, which is towed to the docks, and they are flown to Washington...

Meanwhile a group of Nazi sympathisers are busy parking several trucks around the capital. In Moscow we are inside a strange shaped U-boat as it plies its way up the river towards the Kremlin and red square. The men set a lot of gauges, and then 'drop' a large container they have been 'ferrying' to the bottom of the river. The craft then sets off back the way it came. Similar scenes are taking in Stalingrad (St. Petersburg)...

And so as the world awaits the final defeat of Nazi Germany, shock-waves travel around the world...Hitler is making an announcement that is being broadcast to the entire world...the world expects he is going to surrender...what they hear shocks them...but most laugh it off as a propaganda of a mad man...Hitler is demanding and immediate ceasefire, and the withdrawal of all allied troops from Germany...to begin immediately...making wild threats...He gives a deadline of One hour. The hour passes, and needless to say there is no ceasefire...the world is rocked by shockwaves of horror as Atom bombs detonate in New York, Washington D.C, Moscow, and Leningrad...the presidents is killed...Stalin is killed...the raped women of German take advantage of the shock on the invading Soviet army rapists and murderers, the disarray, as the chain of command breaks...Hitler has one more shock in store for the invaders...as he unleashes units of his personal guard...hungry for action...armored...bunkers open up all over the
fronts and the new machines roll out to the horror of the now disarrayed enemy...who begin retreating on all fronts...for the U.S has declared a cease-fire and is withdrawing its army...the U.S public have been shocked...the anti-war lobby strengthens...why are they fighting in Europe anyway?...now that the U.S is vulnerable to massive attack, the public and business leaders are for peace...

Within an hour new detonations of similar devices occur in key Soviet military positions...Hitler maintains that he has over 1000 of the devices, and will continue detonating them until all allied military personnel leave Germany...smaller devices continue to detonate in famous areas, to get public attention...the allies fall apart in the face of this political nightmare...Japan takes advantage of the tumult to 'take' Australia, promising that any Australians who wish to, will be free to leave Australia...or stay...the country is big enough to share...

After the victory we see a calm, confident Hitler...no longer needing to rave in speeches, he talks calmly and self-possedly to U.S and European audiences...so different from the raving lunatic we are used to...that was all a necessity at the time...now he has power he can throw off much of his old public presentation...U.S analysts have to agree that he is quite reasonable, sane, and rational...Himmler explains how many soldiers, and other prisoners of war, enemies of the state, died in camps because the allies destroyed the supply lines, and the priority was of course the military and free civilians...it was a tragedy...but that is war...he reminds the U.S and allies that they also rounded up anyone they thought posed a threat, let alone had declared themselves to be their enemies, openly and publicly, as the jews and communists had in Germany...would you have let them destroy you?...you think we were going to let them destroy us?...We cannot be held responsible for their deaths any more than you can be held responsible for civilian casualties in your bombing campaigns...we never attacked you...you declared war on us...we defended ourselves...we won...now we want peace, to work with all good people to make this world a better place...will you, the public of the U.S, recognise the Nazi Europe we have dreamed of, so we can work together?...or will you send more troops to invade a peaceful Europe, and suffer the consequences. We have held back our main strength. We have no desire to fight you. But if you continue to invade a peaceful Nazi Europe, we will destroy you utterly.

100 years later Nazi Europe has funded a real United nations, and given it a real military to back up its resolutions. It engages in Africa, south America, and Asia...Japan and Germany are close allies...with German tourists keen to spend a holiday in Australia, where Japanese and pre-war Australians are living productively and peaceably. Australia is producing the finest cars in the world,
and leads in many areas of technology. It is a much nicer, cleaner, friendlier place than it would have been / is.

Immediately after the war, and the 'clean-up', workers conditions and welfare were improved across the world, in line with Nazi policies. The changes surprised the Eastern Europeans and Asians, who had never ever dreamed of such a fair, productive system. They are all better off. The finance system has been replaced with one that serves the interests of the average person, rather than some elite. German industrial talents have focused on consumer goods, which are making everyone's lives easier, safer, healthier. Under pressure, after surviving 34 assassination attempts, and having gained victory, Hitler and Himmler have eased up on their wartime antisemitism and Aryan philosophies...there is no need for such 'fanaticism' anymore...Hitler proves what he wrote in Mein Kampf, putting new policies in place that are meritocratic, and without much noise, though to the dissatisfaction of many racist, bigoted, small minded, insecure thug-Nazi's, who he quietly divests of any power should they oppose his new reforms, done away most of the Aryan propaganda, the racist dogma... And so he gains the full support of the German people, most of whom never really understood or agreed with a lot of the nonsense, but went along with the flow...focusing on victory and revenge for Versailles.

And so the general health, welfare, well-being, productivity, and satisfaction of the workers, the average people, enjoyed massive improvements...Social Democracy has replaced Fascism, as there are no longer any real threats to Germany, to Europe...the abolition of usury and speculation in secondary share markets means the old hatred of the jews has dissolved...there being no longer any basis to it i.e no shylocks...no international finance exploiting their power and stealing from workers etc....The model is so successful that a huge popular movement in the U.S is calling for it there too...though it is opposed by the financiers lobby group...bringing more antisemitism to the U.S ... finally they break the domination of the finance lobby, and rich Jews flee with their wealth to floating 'islands' in international waters, where they develop technology to live on the ocean...generate power...produce seaweed proteins etc...now all the talent of the jewish people can be focussed on productive activities, no longer being wasted on finance, and speculation...They do this as an act of asserting their 'chosen people' status...i.e now that they can no longer benefit from exploiting 'Goys', they have no reason to 'endure' their company...i.e set up by very fundamentalist jews, very rich, who first set up some 'islands' for tax evasion purposes, and as 'security' for their wealth i.e had already moved much gold etc to the islands...so instead of 'making the desert bloom' the jewish people have 'made the ocean bloom'...

Eugenics programs became non race based...i.e based on superior genes...regardless of ethnicity...and a celebration of 100 years of Eugenics takes
place, celebrating all the improvements in health, beauty, intelligence, and talent that resulted from the program, celebrating the founders of the movement, the massive reduction in genetic inequality...

We get a chance to inform people about Hitler's plans, which he had already explained in that book too few read...Mein Kampf...i.e that not all members of a superior group are superior...they are only superior as a group as they facilitate the most able among them to thrive, and raise the entire group up...about how education can be streamlined, so we learn things we need for life, living, and working...actually learn them, and not pretend too...not overwhelm students with a load of useless data, resulting in most learning almost nothing of any value, learning nothing very well...and providing for life-long learning, reading, discussion groups etc, rather than the wasteful, almost pointless 'arts' degrees, and higher education we have, where most students understand very little of what they are supposed to...and where the most able learn despite the system, not because of it...

Have scene where some Nazi leader has the driver stop the car, and gets out to 'correct' some bigot who is abusing some non-Aryan local...explains as above, and in Mein Kampf, that he is not superior or inferior for belonging to a group...per se...it is only the group that is superior or inferior, in its ability to raise the most able within it, to support and nurture them, so that they can rise, and raise the whole group with them...

Most Europeans, especially Angle-Saxons and French, have any problem with Nazi Europe...as they all recognise their common roots...and values...populations have fallen...Eastern Europe has been depopulated, mostly due to the climate...and has become a large agricultural area, with huge areas of wilderness...where only mining etc takes place...Japan had colonised China and Australia...and conditions there have improved greatly, including much lower populations, much better management of resources, and much better conditions for the average citizen and worker...The world is composed of 3 major powers...Nazi Europe, Japanese Asia, and the U.S...who all share similar values, and are working towards a one world government...Europe has control of all the major gas and oil reserves in the Mid east and Norway...

I don't have time to write this up... or maybe I will... but I don't think I have the energy to start this project in the middle of learning Reaper etc, ....

Electro-magnetic soup is real, it's all that is 'real', but it is pleasure and pain that give it any 'meaning'... take away pleasure/pain and 'sensation' is meaningless... it is pleasure and pain that make things have meaning... pleasure and pain is the meaning of life... ideally we wouldn't have pain... it is just feedback that something is wrong... and either we'd always have a way to fix what is wrong, and so ensure all pain is temporary... or we would have a low threshold for chronic pain i.e we'd die quickly, rather than suffer any long term pain i.e chronic / enduring pain...

Fate/Destiny/Determinism is PUSH rather than PULL i.e it is not a question, like most people conceptualise it, of fate being some pre-determined end that already exists, and pulls us towards it... that is the general notion of destiny... something that is a fait accompli... in reality determinants PUSH us i.e the past pushes us to the present, and on, in a deterministic fashion... interactive determinism... a PUSH determinism... the future does not yet exist... there is no fate/destiny 'waiting' for us... we are being pushed in a direction... that is the nature of fate/determinism/destiny... But does it make any difference if you are being pushed or pulled? same destination / outcomes... just that future doesn't exist YET ???

Manicheans considered world as is... good people suffer, disasters, terror, horror, pattern implies if world created deliberately, then creator must be 'evil' therefore aim is to destroy god...

Sun is source of Oxygen... i.e Hydrogen to Helium to heavier gasses, just up to before iron... iron and other heavier metals all produced when sun collapses / supernova i.e implodes, generating even hotter temperatures / pressures required for 'fusion' of higher elements in table of elements... so all sources of matter and
energy on earth are products of a sun...MHR assume not current sun, but earth formed from materials formed when earlier suns imploded / exploded etc...

Apparently science agrees with my idea that only discrete things exist i.e NO continuity / analog ... moment is a photo/frame of film...memory joins these and predicts 'patterns' by imagining a pattern and how it will develop in the future...actual 'movement' is an artefact i.e no 'waves' as such in reality? only particles / with a discrete position at any moment... MHR carrying a 'charge' or 'momentum' or 'energy' or 'potential' which gives it a 'future discrete position'

All time 'now and zen' like total time on DVD i.e determined, will happen, did happen, is happening

'Ich' as intensity without extension

'C' constant, maybe, but speed of light? perhaps maximum frequency 'matter' can vibrate before reverts to pure energy i.e like 'colors' speed up to become 'white' again...i.e 'black' is just all colors absorbed and not reflected i.e converted to heat etc energy...slow down / speed up frequency of light, until no longer in 'visible' spectrum, or now pure white light... but why should there be a limit to the speed of particles? what does it mean? if something is limited, why speed of particles / matter? maybe something else is constant, and not speed of light? or is it that past this speed, we can no longer perceive matter as existing ? but if perceiver and perceived, observer and observed both moving faster than the speed of light?

A duration / affect / emotion / feeling / movement is indivisible, once you break it into parts these parts no longer have the original quality of interest... it is total / duration that has meaning / quality ... cannot deconstruct actions of mind / feelings / emotions / affect to movements of atoms in brain i.e this will not reveal their nature... cannot break down / analyse / deconstruct / reduce mind-affect to actions of brain... like Xeno and flight of arrow (Xeno as in Zen-o?), or hair and tortoise i.e breaking down any distance to an infinite number of half-way points

The perception of space / time is infinitely divisible i.e in our mind, but space and time are durations, which cannot be divided while retaining their essential qualities...

into-it-ion i.e intuition...entering into a thing i.e being in empathy with it i.e direct and absolute immersion

necessity of conservation of energy leaves no room for 'creation' or 'free will' i.e can only recycle existent i.e compute / add and subtract impulses

can not produce existing total experience by summing its apparent/identified parts ??? MHR probably miss many actual 'parts' ... e.g stationary points of path of flight of arrow or journey of hare / tortoise do not have the same quality as the arrow in flight or hare/tortoise enroute...as then going from a particular duration
e.g a flight or a journey, to a different set of different durations e.g stationary points along the flight path after the fact, or 'half-way' points along the route, regressing infinitely...as the route was of one particular duration that the half-way points, when summed, will never add up to...stationary points and theoretical 'points' observed during a trajetory, then 'reified' as stationary points, are very different things... (mhr e.g momentum/energy!)...the action of the total duration is not divisible, even though the 'track' the arrow is observed to have taken might be...these are very different things...

we translate a phenomenom into symbols and then re-combine these symbols in formulae as if they are the same thing...in reality we lose the unique / essential qualities / properties of the thing in itself...perception results in conception leads to concepts leads to symbols to record them...compare this to a complete intuition of a thing in its complete unity of duration i.e frames of film Vs continuous / infinite sample rate real-time observation...

a point is where we project / imagine / calculate the arrow should / would be IF it DID stop...but a moving arrow never actually stops at any point in its flight / trajectory...movement itself is NOT made up of stationary points / positions, but rather a continuous duration of movement...change, becoming, dynamic, mobile...static points only exist in the observers imagination i.e assumed / projected / calculated that IF stopped WOULD be at this point in time...imagination projects backwards and forwards in time i.e memory and calculation based on perceived pattern...but movement can never be produced by joining stationary points...any such posited points are counterfeits of the real movement...a complete duration...nothing is static / immobile in reality...

Unetbootin + .iso = bootable windows

Sun produced all the 'matter' we are made of, and thus indirectly even the 'energy' that extremophile volcanic vent dwellers 'feed' off, and not just the more obvious 'solar' energy that most plants need, and form basis of entire ecosystem, producing oxygen and food, and all the 'fossil' fuels we consume as pre-req's for our 'civilisation'...Sun truly is the 'one god'...

Volcano represents the place at which the earth's normally hidden fire / creative force appears...

Parralellism = 'ghost in the machine' i.e soul and body, i.e matter and mind separate Vs for no other reason than??? why should it make any difference? why postulate something ELSE other than what can observe? i.e add complexity? as if 'matter' were 'dirty'

be careful to distinguish between identity / unity and correspondence i.e mind and brain may appear to exist in same location, but does not limit mind TO brain...
Why so many 'Jewish' lawyers, writers, musicians, producers, intellectuals etc? Well consider how my own parents virtually disowned me because I wanted to do something creative / intellectual vs work in a factory i.e a 'real' job...compared to how 'Jewish' parents encourage their kids to do 'creative' / intellectual stuff...no matter how poor they are....!!! Consider how it would be impossible for 'Jews' to behave in this way if they had their own nations i.e did all their own 'dirty' 'manual' 'menial' work!! have 'black' Jews and 'Palestinians doing most of the manual work...Jewish culture of intellectualism only possible as they lived with, but apart from, other people's i.e no need for 'Jews' to learn / teach manual labor, always had other people around to do it...could focus on non-manual tasks / skills, encourage and nurture ANY slight spark, and work together to ensure any 'Jew' that could possibly do an intellectual job with any level of proficiency, no matter how weak, was given that job / task...and many argue that Goy's were kept out of these industries e.g medical, financial, media, retail, politics, religion...consider how all the WEsts religions are 'of the book' i.e 'Jewish'...with Mohammed and the Catholic church allowing 'Jews' a monopoly on finance and medicine, and Christianity just happening to teach 'turn the other cheek' and 'obey your masters' and be perfect slaves...Hmmm....just coincidence? even 'modern' 'christians' bowing down to idea of necessity of Jews in Palestine / Zionism...

Bab (Gateway) - El (God) - On (Sun) i.e Babylon means 'gateway to the sun god' ... Ed-en = 'the light' in Hebrew...disaster = 'bad star' i.e astrological term... Penta-cost = 50th day on which the curse of Babble i.e babylon was reversed, and now the faithful could all understand each others languages i.e people spoke in own language but you heard it in your own...(like babel-fish of 'Hitch-hikers guide to the galaxy') a.k.a 'Xenoglossy'...At the time of Jesus there were 3 main Jewish groups ... the Orthodox / legalistic, The Sadducees who believed that only the material world exists i.e monists as opposed to Dualists who believe in a binary universe i.e material and non-material, being and non-being e.g 0 and 1 ... Science means 'to separate' i.e the material from the non, the 'stuff' from the 'forces' i.e energy vs matter... the Essenes were the 3rd group who lived as communists, focusing on cleanliness, purging, sunbaking, purity, hygiene, discipline, and strict etc...

Apocalypse = 'to reveal / revelations'... Sumerian 'Ma' pronounced 'May' as in 'Ma-at' = protocols / ethics i.e greatest good...societal laws / norms...codes of conduct...Sumerian states competed for the honor / prestige of having the best laws ... Sumerian became the latin of its day, for long after it ceased being a 'living' language i.e used by scholars / lawyers / medical / religious functions including philosophy and magic, long after the collapse of the Sumerian empire (like latin after fall of Roman empire) in Meso-potamia i.e lands between the two rivers Nile and Euphrates ... (EU means good)...Germani='brothers'...Lucas='grove'...
Life and consciousness are the same thing...identical i.e mind-energy...the question is not how does consciousness enter or animate life, but how does unconsciousness occur/emerge i.e our experience is dependant upon unconsciousness of whole of reality...pre-requisite for 'experience' is 'novelty' and 'ignorance' and 'filtering out' of parts of total knowledge/experience i.e like the program that determines that only a few pixels on a screen be this or that color ... e.g no colors if experience light in its pure totality...just white light and maybe darkness...if all colors perceived at same moment, no colors as such...just white and black...like 'hearing' entire frequency spectrum at same time you hear only 'white noise'...i.e 'noise', rather than music, speech, poetry etc...

Leibniz (founder of Calculus, though Newton claims he 'invented' it decades before publishing it himself???) very odd story to take for granted???) defined matter as 'a momentary mind' i.e a mind without memory...living each moment without memory of previous, or speculation about the next...i.e making the difference between matter and mind, or consciousness and 'inert' matter, merely one of memory...the same conclusion I came to... n.b that all meaning emerges reflexively, with patterns, only AFTER memory emerges i.e dependent upon memory for 'meaning' and 'pattern' and thus 'meaningful' consciousness i.e otherwise conscious merely of existence...no memory to give any meaning to discrete moments of 'being'...Buddha claims this will be 'bliss' ... certainly 'windless' nirvana ... i.e absence of any dissatisfaction...no pain..but no pleasure?...notion of 'pleasure' and 'bliss' are meaning-ful...so appears more 'neutral'... but then would only become 'animal' etc by sheer chance...but then what 'part' of an animal 'has' the experience of the whole defined by the animal itself??...and arrived by chance/random i.e unless 'desire' is property of primerty i.e of matter...i.e desire to experience being 'animals' etc...

localised functional specialisation is not necessary for life i.e Amoeba have no specialised 'stomach'

Brain thus NOT pre-requisite for consciousness...nervous system diffused throughout body, not just in brain...brain is NOT the mind... many autonomous systems automatically regulate our systems, and respond to external stimuli...these can immediately trigger responses without the interaction of the brain i.e completely without conscious volition... brain organ of selection from possible responses, and possible interpretations of stimuli i.e what they mean, and how to react to...maybe at best 'free' to decide from a limited number of alternatives...but these alternatives deterministic i.e once brain defines X to mean Y response best, it has no 'choice' but to respond with Z...i.e calculation...computation...Vs free will... considered human response no different to amoeba, except in complexity of alternatives / more variety in perceptions / options / 'meanings'...
Plants and other parasites do not need 'mind' to survive and reproduce, as their host organism provides them with all the resources they require...no independent action is required of them...automatic stimulus response i.e program of attraction to heat / blood / sweat to 'locate' moving 'prey', or direct injection via food, air, water...no 'decisions' as such required...no 'computation'...

Consciousness does NOT require decisions...just another development of ... i.e notion of 'decision' emerges with complexity of 'decision making' required i.e competing impulses / stimuli / options i.e conflict is fundamental to notion of complex consciousness...otherwise no 'need' or 'benefit' arises from it, in evolutionary terms...it would make no difference to survival / reproduction i.e not prove more successful or 'adaptive' to environment...

So if you have only one impulse programmed into your D.N.A, with no competing impulses, no benefit / need for brain / mind...merely react and survive/reproduce or not...

Memory of course pre-requisite for 'decision', even if only memory of competing impulse i.e of the past moments impulse that the current one is in conflict with...and predicted outcome imagined / desired...i.e thus we have experience of 'time'... past, present, future... memory, perception, anticipation/imagination...

Amoeba are 'plastic' and can evolve... can 'chose' adventure of risk i.e move towards 'prey' and away from 'predator' / attraction / repulsion, or remain passive and just wait for prey to move to your mouth-bits, or to be eaten etc...nirvana / no worries / no fears / no dissatisfaction as no anticipation to disappoint Vs world as we experience it with hopes, fears, temporary satisfactions, long-term chronic dissatisfaction for most if not all...

tranquility Vs adventure

Sun is first Hydrogen...heat of interaction leads to fusion into Helium, and the release of huge amounts of energy i.e every time you fuse elements, and go up elementary table, more energy released ... converted to heat which leads to more fusion, and more heat, so more fusion of 'products' of previous fusion i.e entire elementary table produced either in stars up to Iron, and then in the final 'death' of stars i.e including gold and silver, produced when suns implode...thus is 'matter' as we 'experience' it 'produced'...until Hydrogen converted into elements, energy released fuses further products of fusion, depleting the energy reserves, so star's core implodes as force of gravity overcomes forces previously countering it (now existent as the elements), this implosion producing the heat which fuses existing elements into the 'heavy' elements like gold, before the forces of gravity (the attraction large masses have for smaller masses) themselves consumed up in the process, and the 'star-sun' goes supernova, and explodes, leaving all the
elements shooting through space or forming clouds which will later coalesce into planets / moons etc???

Two bodies moving at same speed / velocity / direction relative to each other will perceive each other to be at rest

The idea of 'duration' is an artefact of memory i.e recall 'previous' state and compare to current one

If time and space are infinitely divisible then there is infinite time and distance in any moment / distance ... even in a 'moment' or 'point'...i.e an infinity of points within points, moments within moments...question of perception i.e limits of...shortest 'duration' or smallest 'point' that we can perceive / observe...

We 'stop' a continuous reality, then try to reconstruct reality from these 'stopped' points Vs reality of tendencies and mobility...cannot reconstruct moving from immobile...we lose the essential elements / dimensions of their holistic interrelationships... all our maths and language attempt to do this...must fail...i.e use of fixed, immobile symbols, models, concepts... intuition places itself within the moving whole Vs analysis which views parts from particular positions / points of view...metaphysics/intuition tries to do away with symbols and directly interact with reality via intuition...to entire into the mobility and become one with it ... i.e empathy...

Amelek destroyed the temple i.e Goys, and now every Jew has a duty to exterminate all the Goys / Gentiles / Amalek...there can be no peace until this happens...

D.E.A is really D.M.E.A i.e Drug MONOPOLY Enforcement Agency...

Wooden louvre walls i.e wooden panels that open and close vertically or horizontally so can open and close for airflow and light, then have privacy, while still maintaining original floor plan, unless allow to 'roll up' like metal shutters...can place 'doors' anywhere by removing panels, can open up near roof for privacy and ventilation etc...

Note that Japan was originally told in secret meetings that the U.S would not intervene if they invaded the Chinese states (there was no real chinese 'nation' at that time, till Shang hai check fought back Japanese and united, then U.S financed Mao to impose communist dictatorship and force Sheck to Taiwan to keep on ice when needed future war) then months before nuclear bombs dropped on japan, japanese leaders sought to sign armistace / end war, and U.S would not accept even unconditional surrender!??) forced to declare war on the U.S due to the U.S enforced WW oil embargo on Japan...The U.S also imposed an embargo of sorts on Cuba...for while the Russians sold oil to Cuba and bought Cuban sugar in exchange, all the oil refining facilities in Cuba were owned and
controlled by the U.S, and they would not REFINE the oil...Castro had no choice but to nationalise the oil companies...resulting in further U.S sanctions and embargos...to which Castro responded by nationalising ALL the U.S owned companies in Cuba...at that time almost ALL industries were U.S owned and controlled !!

N.B Kennedy agreed to the assassination of Guevara and Castro among others...plan suggested by C.I.A...who later assassinated him...those who live by the sword, die by the sword !!! After attempted 'bay of pigs' invasion, after failed attempts to poison Castro using organised crime / mafia connections, Castro aligned self with Soviets...which was probably C.I.A / Zionist plan... to maintain an 'enemy' in cuba... united the Cubans against U.S and strengthen support for Castro / Guevara...Cuba turns to Soviets for protection from expected further attempts...lead to 'Soviet missile deployment...as defence for any future U.S aggression...Kruschev got U.S to agree never to invade Cuba in return for withdrawal of missiles...against wishes of Guevara and Castro...Guevara visited Mao, praised him (like Rockefeller in paid ad in Times!)... Guevara was true marxist...volunteered day off to work cutting sugar cane, would not accept any privileges for him or his family...genuine / authentic marxist...even Soviets considered him 'radical'...building ties with Chinese...at least not hypocrite...killed people / spies etc himself...didn't get others to do his dirty work...Guevara sought world socialism...Soviets and Castro not socialist enough for Guevara...alienated self from them by being authentic marxist !... began publicly criticising Soviet Union...Castro told guevara to leave Cuba...went to congo...training rebels against U.S backed regimes...even Castro accused of having Guevara killed...Guevara resigned Cuban citizenship, all his positions in Cuba etc...dissociated himself from Cuba...while in Congo...his mother died...he withdrew from most contact with own men...in Congo...retreated from Congo, ended up in Prague...refused to go back to Cuba...saw self as revolutionary...had done all could in Cuba...sought to bring revolution to world...went to Bolivia...sought communist new world order...first adopted a false identity, plucking out most of his hair to fit the new role...lost all support in Bolivia...brought own men to Bolivia, but nothing for them...Guevara insisted on continuing...though Bolivia had already had land redistribution, free press etc...finally captured by Bolivian military...Bolivian leader issued orders to C.I.A operative i.e 500 600 secret code meaning Che Guevara Kill ... alt. was 500 700... a volunteer shot him 9 times...photo taken...hands cut off and sent to Cuba as 'proof'...very good looking still... buried in unmarked grave... recently discovered and body taken back to Cuba...

"Give me control of a nation's money and I care not who makes its laws." Mayer Amschel Bauer Rothschild
"The few who understand the system, will either be so interested from its profits or so dependent on its favors, that there will be no opposition from that class." Rothschild Brothers of London, 1863

"I believe that banking institutions are more dangerous to our liberties than standing armies. Already they have raised up a monied aristocracy that has set the government at defiance. The issuing power should be taken away from the banks and restored to the people to whom it properly belongs." Thomas Jefferson, U.S. President

"We have, in this country, one of the most corrupt institutions the world has ever known. I refer to the Federal Reserve Board. This evil institution has impoverished the people of the United States and has practically bankrupted our government. It has done this through the corrupt practices of the moneyed vultures who control it." Congressman Louis T. McFadden in 1932 (Rep. Pa)

"A great industrial nation is controlled by its system of credit. Our system of credit is concentrated in the hands of a few men. We have come to be one of the worst ruled, one of the most completely controlled and dominated governments in the world-- no longer a government of free opinion, no longer a government by conviction and vote of the majority, but a government by the opinion and duress of small groups of dominant men." President Woodrow Wilson

"But if in the pursuit of the means we should, unfortunately, stumble again on unfunded paper money or any similar species of fraud, we shall assuredly give a fatal stab to our national credit in its infancy. Paper money will invariably operate in the body of politics as spirit liquors on the human body. They prey on the vitals and ultimately destroy them. Paper money has had the effect in your state that it will ever have, to ruin commerce, oppress the honest, and open the door to every species of fraud and injustice." - George Washington in a letter to Jabez Bowen, Rhode Island, Jan. 9, 1787

It is well that the people of the nation do not understand our banking and monetary system, for if they did, I believe there would be a revolution before tomorrow morning.  Henry Ford

CIA Agents To Troll Alternative Media Sites In Huge Propaganda Program

CIA agents routinely troll political and alternative news websites

The CIA are expanding an existing program that influences mainstream media outlets to promote fake propaganda stories, by having agents troll internet
forums, social media, and website comment sections – in an effort to disrupt alternative media sites.

In an expansion of Operation Mockingbird, the agency are now creating fake user accounts on various internet forums and social media channels, arguing politics with real users in an attempt to stifle and subvert genuine communications between users.

Americanintelligencereport.com reports:

According to RT news, agents have up to “10 fake shill accounts” used to troll and create the illusion of having a genuine network of friends.

“They will defend current administration decisions with relentless irrational stubbornness that one can only be paid to do.”

Are you chatting with a CIA Agent on-line? It’s possible you may already have.

Abby Martin, from RT’s “Breaking the Set,” reported on an up to date Operation Mockingbird with the sole purpose of misleading the public on-line.

In the congressional hearing from 1976 (below) listen to how many agents are in the media to write false stories.

According to the Congress report published in 1976:

“The CIA currently maintains a network of several hundred foreign individuals around the world who provide intelligence for the CIA and at times attempt to influence opinion through the use of covert propaganda. These individuals provide the CIA with direct access to a large number of newspapers and periodicals, scores of press services and news agencies, radio and television stations, commercial book publishers, and other foreign media outlets.”

By the year 1953 Operation Mockingbird dictated information in over 25 newspapers and wire agencies. These organizations were run by people with well-known right-wing views such as William Paley (CBS), Henry Luce (Time and Life Magazine), Arthur Hays Sulzberger (New York Times), Alfred Friendly (managing editor of the Washington Post), Jerry O’Leary (Washington Star), Hal Hendrix (Miami News), Barry Bingham, Sr., (Louisville Courier-Journal), James Copley (Copley News Services) and Joseph Harrison (Christian Science Monitor).

Even Rolling Stone claimed that journalist Joseph Alsop was under the control of Operation Mockingbird in 1977.

His articles appeared in over 300 different newspapers. Other journalists alleged by Rolling Stone Magazine to have been willing to promote the views of the CIA included Stewart Alsop (New York Herald Tribune), Ben Bradlee (Newsweek), James Reston (New York Times), Charles Douglas Jackson (Time Magazine),
Walter Pincus (Washington Post), William C. Baggs (The Miami News), Herb Gold (The Miami News) and Charles Bartlett (Chattanooga Times).

According to Nina Burleigh (A Very Private Woman), these journalists sometimes wrote articles that were commissioned by Frank Wisner, creator of the program.

The CIA also provided them with classified information to help them with their work.

JFK...An error doesn't become a mistake until you refuse to correct it...

Anyone can go online today and hire 'crisis actors' to stage 'events'...e.g for training purposes i.e simulated disaster response training etc...actors play any roles e.g criminals, victims, reporters, etc...e.g 'vision-box' in denver colorado...bring realism to full scale excercises...shooters, bystanders, journalists, reporters, witnesses etc etc...professional actors...

Sandy Hook School had great security, and had carried out 'drills' on how to react to incident as supposedly occured, just months before...tweets on drills posted as early as october 17, 2012...police also trained in active shooter drills...only one photo of handful of 466 students ever shown on t.v...no footage shows anyone actually leaving school...grounds appear calm, no emergency vehicles near school...few people saw what was going on...

constantly changing news reports / admitted apologised for false reports, tributes etc posted BEFORE shooting...Adam and Nancy 'ghosts' for all intensive purposes....

Hospital spokespeople would not comment AT ALL about how many victims of shooting had been taken to them...

James Tracy, an Tenured Associate Professor at a Florida Atlantic University, a state funded university, was demonised in the media e.g CNN's Anderson Cooper (C.I.A asset), and like all historical revisionists, accused of inflicting harm upon the 'victims' of Sandy Hook simply by questioning the official version of what happened, going so far, as historical revisionists do, to question whether we have any reason to believe the events the official narrative describes ever took place at all, or at least as described...'one is left to enquire whether the Sandy Hook shooting ever took place - at least in the way law enforcement authorities and the nation's news media have described'... Cooper used all the typical language used in association with historical revisionists...stating that he would not normally dignify such absurd / crazy claims...but is bringing these to our attention in the interests of justice for the victims i.e in order to attack him, ruin his career, demonise him, undermine his credibility, character assasinate him, define him as
malicious or crazy, and punish him, as a deterrent to any other people who might do the same i.e seeking to define him as criminal, and make such actions criminal...to deter any further questioning of the official narratives...not in the interest of truth and justice for any victims, but to prevent anyone taking him seriously, and to get the public to demonise him...and any other 'crazy conspiracy nuts'...'causing deep distress to the victims families'...'this guy is a total nut'...all he was doing was calling for a real journalistic investigation of Sandy Hook...Cooper claiming he has right to free speech, but... 'why do people believe the media and govt. are in cahoots to hire actors and make up villains?' i.e cooper's question... C.I.A admitted this is a FACT...i.e C.I.A people working for television networks, media...i.e requested 'executive session' to discuss these issues i.e another way of admitting...i.e never answered in the negative...admission by failure to deny...wanted to have 'investigations' etc in private...C.I.A paying contributors to national news services in U.S 'prefer to handle in executive session' i.e won't answer...

N.B AP, The Associated Press reported a breaking story online at 7.25 AM on morning of Sandy Hook...‘Police respond to report of school shooting in Newtown Conn... Tweeted on twitter...(though remember that other social media had already posted 'memorial' pages to Sandy Hook one or more days BEFORE Sandy Hook!!!

Eric Holder, when U.S Attorney General, who publicly called for schools to literally 'brainwash' (verbatim, his words, direct quote from public mass media press conference )children continuously into rejecting the second amendment, was officially held in contempt by U.S Congress for his involvement in selling U.S guns to Mexican drug cartels...i.e 1000s of military grade automatic weapons...evaded answering questions during congressional hearings...‘fast and furious’ .... would not even go under oath i.e refused to SWEAR ... equivalent of admitting lieing... Obama claims Holder did NOT authorise it... Obama claims did not know who authorised it...claims was not informed... 'project longevity' was a parallel / similar secret operation...claimed using them to 'trace' and 'capture' cartel leaders...though probably intended / hoped would lead to gun violence that could be used for propaganda purposes...i.e second amendment abolition i.e use criminal actions to justify denying law abiding people their rights...

U.N is conspiring to define small arms as 'weapons of mass destruction' so that they are covered by U.N law i.e over-ride U.S constitutional, second amendment...so U.S citizens / militia could no longer defend itself against tyrants...Japan wants to severely punish small arms owners...netherlands...majority of members of U.N...Aust. N.Z...outside building have revolver with barrel tied up...same organisation that commits war crimes e.g in Libya, never did anything against Israel, as League of nations never did
anything when France invaded and occupied Ruhr gebiet against international law...

Fabian Socialist 'incremental' 'stealth' imposition of N.W.O...U.N officials NOT elected...

Propaganda machine with over 500 n.g.o's ... massive money, power... non elected, non-U.S citizens, working to undermine U.S constitution...especially second amendment...because it is the right to bear arms that makes tyrants think twice...only thing standing between tyrant and absolute power is the fact that hundreds of millions of guns exist to defend freedom...

Note that I personally have NEVER been a supporter of gun ownership...My interest is to highlight the facts...I am concerned about WHY the govt. / U.N is working to dis-arm the 'militia' ... the CONTEXT of gun control... the MOTIVES of those seeking to disarm the U.S population... the issue reveals so much that has been concealed from the public...THE SECOND AMENDMENT IS ABOUT OUR RIGHT TO PROTECT OURSELVES FROM THE GOVERNMENT SHOULD IT PROVE TO BECOME TYRANNICAL...READ THE SECOND AMENDMENT...READ THE U.S CONSTITUTION...IT IS THE LAST FORM OF DEFENCE AGAINST TYRANNY...THAT IS THE SPIRIT OF THE CONSTITUTION AND THE REASON FOR THE DECISION TO EXPLICITLY ADD THE SECOND AMENDMENT ... IT WAS IMPLICIT...BUT IT WAS CONSIDERED SO IMPORTANT THAT THE FRAMERS OF THE CONSTITUTION, SEEKING FREEDOM FROM BRITISH TYRANNY...ADDED AN EXPLICIT AMENDMENT TO ENSURE / SECURE THE RIGHT...MAKE IT CLEAR... 97% OF GUN CRIMES COMMITTED BY PEOPLE WHO HAVE BEEN CONVICTED OF VIOLENT CRIMES USING GUNS I.E RECIDIVISTS...MORE GUNS MEANS LESS CRIME...STATISTICS PROVE THIS...STATES WITH CONCEALED CARRY LAWS HAVE LOWEST CRIME RATES...STATES WITH STRICTEST GUN CONTROLS HAVE HIGHEST RATES OF CRIME...NOT A QUESTION OF RIGHT TO HUNT I.E DON'T NEED AUTOMATIC WEAPONS FOR HUNTING, BUT TO PROTECT CITIZENS FROM TYRANNY...ANY POTENTIAL TYRANTS WILL THINK TWICE...MEXICO HAS STRICTEST GUN CONTROL, AND HIGHEST RATES OF GUN DEATHS IN WORLD...

Wayne Carver Conneticut Chief Medical Examiner ordered Lanza's body to be kept before being released to his father...though his official date of death, according to official documents i.e Social Security Death Index Death Record...was noted as thursday, Decemember THIRTEEN, 2012...Adam P Lanza...though his MOTHER Nancy Lanza officially died on December FOURteen i.e as media reported...so Adam died day before he murdered his mother ??? i.e official autopsy report states Adam was dead the day BEFORE ...body brought to Sandy Hook by others who had arrived in the Honda Civic that was taken from scene...Nancy was paying off such a car...car doors all open at
time of shooting, jackets laying around...but someone came later and closed doors before it was photographed i.e witnesses saw car doors thrown wide open, jackets lying around car...not in official scene photos... Radio recordings refer to many suspects, and some detained, though official reports in media after event make NO reference to these...though WCBS interview at scene has interview with witness...like with 911, some 'fuckups' in media reporting...so many things reported in media then later apologies for having reported falsely...i.e lots of red herrings ... Sandy Hook scheduled to be torn down (as usual destroy evidence like 911...). BITCOIN AND CO. OFFER POTENTIAL TO ELIMINATE URSURY I.E INTEREST, INFLATION, CENTRAL BANK, AND FACILITATE HUGE 'DIS-INTERMEDIATION'

Crypto currency has limit to number of 'coin's that can be 'minted' ... ensures that limited supply...so as production of goods and services increases relative to the money supply, you will get deflation in nominal terms i.e you will be able to buy more with the fixed supply...which means people would automatically have an incentive to save as their savings would become more valuable over time, without any need to pay anyone interest...just the guarantee that they will repay the same amount will represent a real rate of interest relative to how much GDP grows relative to the fixed money supply...so incentive to save equivalent to interest...without need for Central Banksters... it is in effect what a Global government would introduce if it had GOOD intentions...i.e peaceful,
democratic...and as each transaction is recorded, along with the contract it was conducted to satisfy / pay / guarantee, the govt. would have perfect information about all 'trades', for tax purposes, etc...would eliminate costs at least equivalent to the current annual GDP of Germany...would give money back to the people i.e control of the currency, which the Zionist Central Banksters use today to pay for their wars, terrorism, and enslavement of humanity...WHICH IS THE REAL RISK TO BIT COIN...THERE IS NO OTHER INHERENT / INTRINSIC RISK...JUST THE FACT THAT BITCOIN REPRESENTS A HUGE THREAT TO THE MOST POWERFUL, RICH, AND EVIL PEOPLE ON THIS PLANET...SO THEY WILL CRUSH IT OR CO-OPT IT...ALREADY HISTORY OF PERSECUTING BIT COIN USERS ... LIKE HOLOCAUST HISTORIANS, OPEN BORDER CRITICS, TODAY, AND ATHEISTS / PROTESTANTS IN THE PAST BY THE CATHOLIC CHURCH... right now govt.s in U.S and Europe can simply seize your bank accounts, and hackers can hack...account for forty percent of credit card costs... N.B IT IS NOT JUST A CURRENCY...IT IS A SYSTEM...AND TO USE IT YOU NEED BIT COINS...SO THE VALUE OF THE BITCOIN IS THE VALUE OF THE SYSTEM...THEY SAY IT WILL SAVE AT LEAST THE GDP OF EUROPE IN COST SAVINGS...SO EVEN IF ONLY 1 BILLION DOLLAR EQUIVALENT, MEANS THAT BITCOIN IS UNDervalued BY DIFFERENCE BETWEEN GERMANY’S ANNUAL GDP AND 1 BILLION, ADJUSTED FOR THE 100% OF NEW BITCOINS YET TO BE MINED I.E HAVE MINED AROUND 11 MILLION, PROGRAM WRITTEN TO PRODUCE AROUND 21 MILLION COINS...

the official 'gold price' has no relationship to the actual trading price of gold...if you don't actually 'hold' gold all you have is a promise to supply gold, which the current system has proven it cannot honor...in other words unless you buy actual physical gold, you are simply buying nothing more than another fiat, paper, worthless promise...no better than holding cash...to find the actual real price of physical gold, find out what 'premiums' people are paying to actually buy physical gold as compared to the 'official' price of gold that is fixed by the Zionists...remember what happened in 1971 when the french govt. asked to convert their 'promises' into gold...the same thing will happen when large numbers of 'owners' of 'non-physical gold' try to convert their 'promises' into gold...right now the sellers of these 'gold certificates' have just enough gold to cover their daily trading...but if there is a 'run' on the certificates, and large numbers of people try to convert them to gold, they will run out of gold in a day, ...they will probably suspend trading in the certificates...making them nothing more than pieces of paper or contracts that the seller cannot honor i.e worthless...like the promises of politicians or priests...
since 1900 U.S dollar has lost about 97% of its value...i.e since Fed reserve in 1913...FinCEN...Financial Crimes Enforcement Network was set up after 911, as part of the Treasury dept. ... it prosecuted an early forerunner to 'bitcoin' called 'e-gold' and coerced 3 directors of the company into pleading guilty to money laundering (a-la 'the forecaster'), paying millions in fines and serving community service and house arrest sentences...i.e slandered e-gold as a 'money laundering tool for crooks and terrorists'...i.e the Zionists central banksters don't allow any competition!..'Liberty Reserve' based in Costa Rica suffered same fate...it was not U.S company by prosecuted under 'patriot act' !!!!... Compare to 2012 Standard Chartered bank, 5th largest in U.K, merely paid a few fines after caught laundering 250 billion, while HSBC was granted immunity from charges of laundering 2.3 billion for international organised crime...i.e aiding and abetting drug lords and terrorists never punished by U.S authorities...so clearly e-gold et al not 'taken down' for cited reasons...'the liberty dollar' was shut down as 'domestic terrorism' i.e gold and silver backed 'certificate' currency...

Freedomainradio.com   check it out...bitcoin...can replace all forms of stock exchange, business transactions, copyright, I.P.O's of new businesses i.e going public / raising capital....ALL OF WHICH MAKES IT PRIME TARGET OF ZIONISTS CENTRAL BANKSTER N.W.O i.e cuts out most legal and financial complexity and intermediaries...no need for credit card companies, banks, stock brokers, underwriters, ... every transaction encrypted and recorded as part of the 'blockchain'...can decrypt anytime to prove ownership / contract ... can have 3 party process...so exchange only occurs at particular time / condition if at least 2 agree conditions occurred e.g buyer and seller, or one of them and mediator in event of dispute...can automatically change ownership of bitcoin and associated encrypted contract e.g ownership of title of house / car when 'flagged' event occurs e.g date, obituary notice, sale...can raise money for project and funds only released when project reaches objectives e.g crowd source funds only released if 'target' reached and project viable...massive value potential... SO N.W.O IS OUT TO TARGET / BRING DOWN I.E IT CUTS OUT ALL THE PARASITES I.E ZIONIST BANKSTERS...ETC ETC MAYBE NEXT BOOK?...

In 2012 former marine Brandon Raub was involuntarily detained for psychiatric questioning after he left anti-establishment posts on Facebook which complained about corruption in the U.S govt.

2012 David Sarti, who appeared on the National Geographic's 'Doomsday Prepper' show, visited his doctor to have some chest pains checked out, only to have that same doctor later commit him to a psychiatric ward and alert authorities. he was declared 'mentally defective' and put on an FBI list that stripped him of his right to own a gun.
Only 5-10% of universe is luminous i.e 'visible'...called 90% 'dark matter'...'subatomic ghost particles' i.e 'Weakly Interacting Massive Particles' i.e WIMPS...matter produces gravity...if enough matter, universe expansion will reverse in big crunch, new big bang etc...if not, universe could just end in universe expanding till cold / dead... matter creates gravity pit in space...fusion results from high gravity pulling Hydrogen atoms together till fuse, produce Helium...gravity pulling star into point, fusion energy keeps sun balanced...till expands massively and collapses into super dense neutron stars e.g teaspoon of which weigh 100 million tonnes...if big enough can collapse to black hole i.e singularity...radio telescopes penetrate 'dust' see what cant see with optical telescopes...i.e found disc shape cloud around 'black holes'i.e whirling disc of molecules, releasing bursts of radio energy as pulled in...clusters of stars combine to form huge gravity fields / black holes...theory that they produce wormholes in fabric of space and time, to travel from one point to another without travelling distance in between...i.e 'white hole' on other side of space time where matter pulled in is ejected out...i.e universe full of holes / worm holes... some stars appear to be older than the universe...supernova explosions made all the 'heavy' elements in our body i.e Hydrogen, to Helium, to....to us...we are made BY stars...

Nike logo is the bottom ring of saturn viewed from above at angle...Saturn's father uranus was castrated...with a sickle? i.e nike shape, communist symbol...

All matter in entire universe can fit in area smaller than an atom!

Trains don't run on time, they run on electricity!

why do people keep speaking of the moving clocks relativity and black holes...when we now know red bowls, and that analogy misses pt!

Einstein had my chin! Space-time as fused...i.e change in one, changes other...no past present future, all moments in space-time exist at same instant...question of where you exist in space-time...i.e as earth in constant motion, means we are moving in space-time, so can experience 'flow' of time, by changing position in space (space-time)...NOW is a position in space-time that you are experiencing at a position in space-time...our own perception of 'NOW' dependant on how fast we are moving in space-time (mhr arbitrary way our sensed divide space-time)...motion slows the passage of time? i.e move away from each other means their 'now' different i.e relative to each other...what each perceive is happening right now is different...i.e one at different position in space time e.g past or future, relative to 'stationary'...i.e each persons 'now' can be the past or future relative to the other i.e experience the others future or past...laws of physics say the future and past co-exist i.e past not over, future not to come, it all exists right 'Now'... Einstein...the distinction between the past, present, and the future is merely an illusion, however persistent'.. i.e time like frozen Vs flowing river...we
skate along surface of frozen river...move forward or backwards gives impression of 'change', but all that has changed is our position in space-time...i.e time itself does not flow, we move along space-time...i.e river does not flow, we skate along frozen surface...

Gravity can 'slow' 'passage' of time...increasing pull of gravity slows time...e.g top and bottom of skyscraper change gravity changes experience of time...so black holes effect of gravity on time would be huge...billions of times stronger gravity pull...travel close enough can 'slow' time i.e years pass for observer, minute for person moving around black hole, i.e photons take ages to move due to massive gravitational force slowoing them down???? but same stupid confusion between photons and time ???MHR...

Einstein's equations...wormholes short-cuts through space-time...tunnels linking different positions in space-time...MHR needs to be deterministic...so won't travel back, or if did, wouldn't change anything, just be observer???...i.e so don't change history therefore your own existence...

'arrow of time'...why do we perceive directionality in time, but not space i.e we can travel back and forwards in space, but only one way in time...times goes forward...so why?...why don't we perceive events occurring in reverse order i.e only in forward direction?...well, mathematically (laws of physics) show nothing that means time HAS to move forwards...nothing in the equations has an arrow of time...they work same moving backwards and forwards in time...physics reversible...i.e laws of physics say possible to move / perceive backwards in time...just like moving backwards and forwards in space...laws of physics say just reverse velocity of everything and you get the reverse in time i.e dropped glass can 'unshatter' and return to your hand...So what is responsible for 'the arrow of time'?...S=K.log W...i.e entropy...order Vs randomness...tendency to move from order to disorder...e.g bound book pages, tear out, throw, get entropy / disorder...there is only one way for them to land 'in original order' i.e 1 to 500, and massive possibilities of them landing in a different order...e.g ice cube order, melts to water...smoke becomes increasingly disordered...i.e exponential disorder, creates arc of time...arrow of time tendency of nature to evolve towards randomness/disorder...but why does entropy only increase towards future, and not past? ??? i.e pages in book first disordered, become ordered book, then once again disordered pages...i.e we assume past was more ordered and everything tends towards disorder...then??...e.g trajectory of ball can be predicted by physics if know initial conditions e.g how hard ball hit...so laws of physics cannot explain alone...need to know intial conditions of universe...further back in time increased order...i.e contraction of universe...until squeezed into smaller volume...i.e all of space-time contracted to single space-time Moment...so big bang is highly ordered state...most order possible in physics...and since then increase in disorder...entropy lowest at 'big bang' which set arrow of time on its
path...like springs of clock unwinding, becoming more and more disordered...so 'arrow of time' is movement towards greater disorder...i.e breaking glass following natural tendency that began at big bang i.e disorder the trend... drive towards ever greater disorder...since 13.7 billion years ago...so in distant space-time 'future' expanding universe...originally we imagined it was slowing down, at slower and slower rate...but recently found it is accelerating i.e expanding at increasingly faster rate (though MHR question of reaching / depleting energy???)...so all distant galaxies will hurtle out of sight of us, so we were in totally dark universe i.e no stars, i.e we are too far away, and moving too fast for photons to reach us...the 'end of time' when black holes dominate cosmos, evaporate, leaving random particles drifting through space...no change, no events, so no perception of passage of time i.e would not longer imagine time...would lose its meaning (as I always say)...our experience of time vs true nature of time...our beliefs proven false...big bang gave us arrow of time...time different for everyone / thing...flow of time illusion, past present and future all exist...the past is not gone, the future is not yet to be...past/present/future co-exist in space-time...our experience dependent merely on our position in space-time...

MHR entire duration of universe is NOW...we can subjectively experience / divide this whole i.e no flow of time...time is static...but we subjectively move between situations / conditions, experiencing this move and a 'flow' of time. Very Zen, Epicurus, Bergson,

Life uses mostly 6 elements, and few others ... whereas we manufacture things from elements life has never used to date... aim to recruit 10s of millions of viruses in tablespoon of water...most abundant lifeform in ocean...change genetic material inside virus to use as research tool...’safe lab viruses?’...reproduce by injecting own DNA into bacteria so it makes copies of it...usually latch on to outside of bacteria...but can get it to bind to metal...’repurposing’ of viruses...make it sticky by changing its DNA so metal will stick to it...simply hit and miss directed evolution...randomly mix the DNA to produce billions of variations, then test each to find one that worked best i.e binds to metal, to produce electrode i.e become an electrode...get viruses to bind to produce negative and positive electrode to produce a virus battery...coin batteries, 100s of specialised viruses to produce solar cells, catalysts provoking chemical reactions...new way of manufacturing materials...room temp, little waste, few toxic byproducts...i.e self-replicating viruses...

Gecko’s have microscopic hairs on pads of feet that let it climb any surface!

pitcher plant is carnivorous plant i.e insects fall into pitcher...drown...on dry day pitcher plant bumpy surface, but add water and turns to slipper surface, slide into digestive juices of plant...plant evolved this structure to capture prey? !!!!! designers of S.L.I.P.S surfaces i.e self-cleaning i.e nothing sticks to it...e.g motor oil... teflon flourine acts as shielded to stop carbon binding with anything...SLIPS adds layer of rough surface via aerosole, adds liquid to this, providing slippery surface like pitcher plant...even spray paint just rolls off...water doesn't stick to so no/less ice, or easier to remove any ice that does form...

Easy to convince people with labels / verbally, that one drink high calorie, and the other low, will lead to people feeling full / hungry afterwards...though each exactly same...shows power of 'suggestion' and 'propaganda' i.e another level of 'placebo' effect...self-fulfilling prophecy...

Day night before saw Teal Swan for first time in video, on 'Buddha at the Gas pump' interview...Guy who interviews people...Rick ARcher ...I came to conclusion that migraines pushing me to be more vegetable...that vegetables more enlightened...garden of Eden...flaming sword hyperactive being protecting the tree of life / keeping us from it...i.e TREE of life...Yggdrasil...Jesus hung from tree...Odin hung from tree...in Mayan myth the tree of life grew from the
body of 'the first man'...sacrifice self to self...magic mushroom opening up perception / awareness... Teal says has met more enlightened vegetable beings than ones like us...i.e they don't need to think as know, don't need to communicate with each other as totally aware on every level of each other...like D.H. Lawrence's desire to incarnate in plant realm...we live lives 'in other beings shoes' to understand / empathise, and lean to adapt all behaviour so considerate of interests / experiences of others...

Control seeks to get people to deny their urges rather than eliminate source of urges i.e impose costs to gain 'conformity' with 'norms' of behavior...propaganda seeks to gain affective control i.e to imbue with actual emotions / motives / urges convergent with aims / objectives of beneficiary class... N.B if New World Order etc leaders were genuine, none would live in luxury etc i.e consume excess privilege / benefits...so we are talking about 'convenience' and 'convergence' with particular benefits of particular people rather than principles, ethics, morals per se.

Re: notion of AC universe i.e pleasure/pain i.e need for opposites to give reflexive meaning to good i.e need pain to appreciate / sense pleasure??...question this...as desperate bid to give positive meaning to most of life which is pain / loss / misery / loneliness / misery / failure / dissatisfaction...we CAN enjoy company although having known abject loneliness...BUT pleasure / happiness DOES require escalation of stimulus...so dooms us to dissatisfaction...do we really need to suffer to experience empathy for other's suffering i.e isn't it just obvious?...and own suffering merely adds 'fear' to equation i.e pretend / act on empathy out of fear of being next victim...

blaming self e.g karma, is last resort to regain control i.e say it is my fault / I deserve it...means you are back in control...makes you feel better than worse...back in driving seat...sort of perverse comfort i.e makes 'sense' of i.e give a meaning to it...better than chaos I have no control over...second step to this is logically to project this free will / karmic law onto others, and blame them for own bad fortune...(though if it were just this, we would empathise with them, and seek to alleviate their suffering as we'd want them to alleviate ours i.e shared service to each other as insurance policy...or ideally good will...

Novel ... 'Island of the Free' ... post U.S.A takeover by Zionist N.W.O ... Europe and North America under total control ... Australia? N.Z? Tas? is last hold-out ... have zero point energy devices that let them fly...as kids require a 'rig' that channels the forces, but learn to manipulate and direct without this 'rig' in early teens ... basically to produce first a 'shield' of zero potential around their body a 'relativity zone' ... and then to produce low pressure zones at particular points along this periphery to 'suck' themselves in the desired direction...higher 'masters' seeking to travel through space at light speed and beyond ... rumours some have managed intra-dimensional travel...so have 'super-powers' ... can also produce a shield around the Island...have set up a utopia with all the challenges associated with 'society'...perma culture, vegan, justice, eugenics ... though some have been corrupted...dream of pre-optimalisation days of inequality...with them as the elite... etc... show what the zionists do with the rest of the world...refugees arrive ... with tales of horror ... also reconnaissence teams fly out to document ... seek to help any 'resistance'...they break into the coms of the Zionists, to counter the propaganda, etc ... zero point energy devices a-la flying saucers, and Tesla 'free energy' allow the island to be anywhere...i.e can produce a micro-climate, greenhouses, ... compulsory eugenics, voluntary euthanasia, ... alternative to religion is Zen Buddhist E.Ps ... refugees must assimilate ... religion not tolerated, treated as mental illness it is... explain NLP etc...an anti-Zionist Utopia ... show world what threat facing (future horror in stall if stay current course) and an alternative to the 'Jewtopia' of communism i.e austerity and racial supremacists ... island has every 'people' on earth i.e african, asian, germanic, slavic, ... Start with, or include, the 6 million holocaust, irony of how they 'agreed' when went along with holocaust hoax, maybe have classroom presentation for kids on island of 'the holocaust hoax' etc i.e set up scenario for how it could happen...Zionists sacrificing israel as part of last days i.e to bring in total martial law...how the
'island' held out, resisted... problem of spies under 'refugees' aiming to steal secret of zero point energy (the secret is a zen one, i.e slightly higher vibrational frequency of zen trained children in zen society i.e question of ethics and will ... but Zionists try to make it work for their evil lower vibrational selves using gadgets which always fail and destroy entire cities...so have spies...and corrupt locals who never reached same levels i.e and resent it...fact is it is their own will...desire to dominate / exploit that stops them from accessing the zero point energy...many resent this...stubbornly refuse to change their wills i.e seek good will E.P's etc ... Maybe 'Island' escaped because a group of Zionist's realised what their leaders planned, and rejected the idea...they had been idealistic...but realised their leaders had no intention of building a utopia...it was all propaganda...once realised their real intentions they stole lots of 'evidence', tech that had been withheld from the world by the Zionists, and fled to the 'Island' before the holocaust in israel, and the lock-down of North America and Europe, and Russia, and China...just soon enough to set up their defences with the new tech, ... many children of most powerful Zionist leaders who were loath to attack the island because of the risk to their children...they had a hard time convincing the locals what was going on, and about to happen, but the secret tech was convincing, as were all the documents they brought with them... may have to set it somewhere isolated i.e 'new territory', so no need to impose E.P's on locals...so only people who accept E.P's live there of own free will...with laws for 'leaving' i.e 'payback' to community ... and 'exiling' people is the only punishment for serious crimes or unwillingness to participate / reciprocate / live E.P vegan lifestyle...have own currency, with tattoo scanners, and one bank etc...the ideal version of a New World Order...with leaders you can trust...problem of people seeing how good they have it, and wanting 'in', but wanting to keep their old baggage religions / exploitative will ... people will willfully 'not get it' that the basis of the island / sanctuary are the E.P's...they want the good without any sacrifice of their old rubbish NLP religions and desire for inequality ... Zionists try to trick them into accepting refugees to overwhelm them...E.P colonists have to take hard line ... and also face facts of what is going on in Zionist occupied europe/china/russia/europe ... but what to do? do they have the tech to defeat the Zionists? ... and what then? ... impose their E.P's on people dictatorially, who don't want them? ... so they offer envoys / ambassadors to communities willing to set up E.P communities around the world...they offer them the assistance / support / tech i.e leaders / trainers with the 'gift' of zero energy control...but how to trust? ... in past Zionists tried to trick...and also supposed colonists who wanted 'in' without the principles ... several times E.Ps died in the 'colonies' after going to help ... so big debate about 'what to do' i.e E.P principle is never to force anyone to adopt E.P's, but never to subsidise 'evil' in
any way... though tempting offers made to seduce them by zionists... attempts to seduce / bribe / corrupt... even just 'trade deals' that are tempting, but E.P principle is not to accept good at cost of bad to another, and they know the conditions under which Zionist workers work etc...

Maybe our protagonist learns to master their own will, and zero point energy, after being put in solitary confinement, for 'anti-semitic' acts i.e writing books etc... protag had already given up on this world... was in a way glad to have all responsibility lifted from their shoulders, could not focus on their own spiritual growth... zen meditation... focus on consciousness... externalisation of consciousness (something like Astral body)... regression... time distortion... like the Buddhist monks who could set self on fire without any suffering / alarm... then adapted what had learned about zero point energy... began to be able to harness it... set up a 'relativity bubble' around self and a zero-point energy differential / potential around that shield... no matter could withstand focussed zero point energy differentials... they just collapsed into energy, which was absorbed by the shield, feeding it... so that one day protag simply walked through the metal doors of the prison, through the walls... freed all the other political prisoners in the same facility... first had learned levitation... in isolation 24/7... only given basic food and water... THEY meant it to be torture, but it had proven the ideal 'monks cell' for total immersion / deep meditation...

N.B countdown discount on kindle is 7 days per 90 days, and have to do separate deal set-up for each market... seems at present I only have U.K... so check, and set up deals for U.S etc etc...

Israel propaganda calls 'illegal occupation' 'illegal settlements' 'suburbs of Jerusalem' etc... and their attacks as 'retaliation'... if you have illegally occupied land in another nation it is NOT retaliation on the part of Israel but on the part of Palestinians... total propaganda... media in U.S focusses on 'suicide bombers'... times when Palestinians dying referred to as 'relative quiet'... totally ignore that Israel is the aggressor, Palestinians defensive... no option but for teenage girls to strap bombs to self... don't have Billions in U.S and German weapons being handed out to them... Janine massacre in center of town... only British media at all even handed and unbiases... Imagine comparison with Nazi Germany... Germans held votes before annexed... Germans united with Reich... Vs Israel just stealing land like they did in the Bible... Biblical Israel stolen from the people living there before 'Jews' invaded, total genocide and sex-slavery...
The supposed 'legitimation' for the existence of the nation of Israel:...We stole it thousands of years ago by committing genocide, and we are taking it back the same way ... and we wrote a book saying God said this is his will, and you believe 'the father of lies' ...

Israeli navy fired on children playing on the beach ... children routinely killed by snipers and bombs ... Israel defines Palestinian's own homes as 'off limits' and claims right to murder anyone who 'transgresses'...like U.S justifying all their terrorist actions as 'this is routine, normal' i.e for the U.S ... NOT legal .... NOT just ... but 'normal' i.e the normalisation of terrorism by NATO and Israel as 'nothing unusual' and therefore 'not worth mentioning’ i.e 'what on earth are people complaining about, when this is just 'normal" and 'everyday' NATO policy?

Israeli's 'return fire' ... when little kids throw stones at their tanks

Zoinists LOVE violence ... they FEED off it ... like the creatures Carlos Castaneda speaks of...

U.S totally run by Zionists...100% obvious in Palestine ... U.S has NEVER been neutral broker ... always favors Israel... vetoes all U.N security council resolutions to call for end to the violence ... U.S blocks all diplomatic moves from any nation ... calls this 'peace process'...real aim is 'Greater Israel' ...

Israel has 4th largest military in world, including free F-16s and attack helicopter gunships ...over 100 BILLION U.S dollars in direct aid between 1949 and 2000 alone...

Taboo subject ... 'in bed' with Israel... 94:2 U.S congress vote in favor of continuing 100% support of Israel... if you are a journalist, you cannot dare criticise Israel...

Media totally misrepresent the 'peace offers' of Israel i.e impossible to accept...as 'generous'...a totally broken up state with no self-determination / independence / control of own destiny / borders ... just a continuing occupation made 'legal' i.e Israeli control of water, roads, airspace ... definitely NOT a state ... U.S media 'sold' as 'generous' total myth ... no way could accept ... U.S pushed to accept ... absurd ... like saying 'this is your house, but you have to live in the basement, go through checkpoints to use the bathroom, and have water only a few hours each week (while Israeli's living upstairs, with a swimming pool etc... Lead to the Palestinian 'interfada' ... total provocation ... 'peace deal' like calling a prison 'freedom'...

2000 Israeli and Palestinian women marched to old city, put up posters, and got ZERO media coverage in Israel or U.S ...

Zionists WANT violence and war ... NOT security for Israeli's
anyone who criticises Israel or U.S's unconditional support for Israeli occupation is labelled 'anti-semitic' ... i.e slander, demonisation ... but WHY is it legal to slander someone in this way? scare people to silence by conflating criticism of Israel with anti-semitism i.e racism ...

Churchill and Israel have same reason for NEVER signing a peace deal ... they have the support of the U.S.A ... without this support there would be immediate peace and justice in Palestine ... WWI and WWII would have ended with a greater German Reich and the decades Eastern Europe and Russia suffered under the 'Jewish' Communist rule, including the 70 million people the 'Jews' murdered in the 'Jew'.S.S.R would never have happened...and the Zionists occupation of Germany, France, and the U.S would never have happened...the 'Jews' would have their own homeland, probably in Africa, and the world would be more like Germany, and less like the 'Jew'.S.S.R ... more like Germany, and less like the Palestinian occupied territories ... there would have been no Iraqi war, no Syrian war, no destruction of Libya ... THIS IS WHY THE FIGHT FOR FREEDOM MUST BE WON IN THE U.S.A ... it is the battleground ... the power base of the Zionists (Churchill was the Zionist's puppet, like all U.S presidents since President Wilson in 1913 ... JFK excluded...and we know what happened to him ...

Jews lead push (against public wishes) for immigration and destruction of national / cultural identities in Europe, and around the world, at the same time as banning 'intermarriage' between Jews and Non-Jews, in some cases even between Jews who are not Jewish 'enough' e.g to marry a 'Cohen'...descendants of Aaron and his brother i.e the Jewish elite i.e 'priest' tribe... Israel is the most closed, exclusive, intolerant, racial supremacist nation on earth ... totally stops any sort of multiculturalism or pluralism ... total hypocrisy ... Israel and Zionism has 'weaponised' immigration and cultural diversity to 'divide and conquer' culturally, nationally, and economically ...

The electric universe and solar weather notes

THE ELECTRIC UNIVERSE ... NEXUS MAGAZINE

Misconceptions of physics built into our current cosmology...what do you really know, meaning of words...natural philosophy called physics...maths is its tool...theoretical mathematicians can't prove that energy, mass and speed of light
are properties of matter...mere arguments of natural philosophy...must have matter for energy to be present...there can be no vacuum energy...it needs a medium / aether for light to be transmitted through space and have energy travel through space......quantum effects imply that matter has a resonant substructure...even Einstein suggested this...that quantum theory requires a physical model to go with it, otherwise just recipe book...water molecules can hold information after contact with substance, even if zero molecules of that substance are present e.g homeopathy ...information can be stored in that resonant substructure...in matter...the original substance does not have to be present...coherence i.e for objects to be able to communicate that info to each other requires a near infinite i.e immediate / simultaneous transfer of information / interaction ... applies at all scales...quantum and above...space craft travelling away from us through deep space at high distances and speeds suffer problem of doppler shift to adjust transmission and reception for their movement...i.e 'make allowances for doppler shift / delays when 'tuning' in to transmissions and decoding them...how could biological systems and planetary systems 'communicate' with such 'latency' / lags...so forces must operate at near infinite speed...i.e planets must 'know' where sun is at every moment (but MHR forces being applied that hold them in orbits must travel fast?? why not 'momentum' and 'they are acting in line with the forces transmitted earlier? )faster than speed of light as assumed...for Physics electrons defined as point of negative charge...no actual 'substance' the charge 'inheres' in (a-la Hume)...electrons don't have structure acc. to physics...but how then do they possess a charge at all i.e magnetic moment comes from what? ...

The 'Electric atom' theory posits that all subatomic particles are resonant systems of charged subunits of matter (subtrons) that cannot be created or destroyed...electron and neutrino must also have a resonant structure...stability requires the electrical force to operate at near infinite speed...the energy (mass) (MHR potential for conversion into force / energy?) stored in a particle is electromagnetic...mass defined as a measure of the ease of electrically deforming a particle i.e water balloon would 'rather' deform than move, when you push against it...larger particles are easier to deform and so appear more massive...but their mass is NOT greater...subatomic particles would rather deform than accelerate...falsely interpreted as increase in mass... magnetism still a puzzle...it is a dipolar force...an electric field gives each electron a positive and negative 'pole', and so electrons experience an magnetic force between themselves...explaining magnetism...'the transverse electronic dipolar force between parallel current filaments'...gravity so weak as it is an electrical force formed by alignments sub-atomic particles i.e very small...of protons and electrons where electron 'dipolar' charges very weak, almost zero...end up with planets and stars behaving like electro statically charged objects...i.e behave like 'electrets'...
teradactyls were too heavy to fly...in our current gravity...scaling of dinosaur muscle and bone strength indicates they could not move in current gravity...i.e not even raise bodies off the ground, let alone fly...would require that the gravity on earth at the time of their living be about one third today's current gravity i.e. 1/3 rd G...

all asteroids, planets, and comets are electrically charged...close encounters produce powerful charge exchanges and orbital adjustments...the closer the more powerful and greater these will be...an efficient mechanism for collision avoidance, and explains spacing of planetary orbits...a reduction or increase in charge (polarisation) is reflexive of a decrease or increase in apparent mass, as planets approach each other...

if one planet moves out of orbit, end up with chaos, according to maths...gravity can't explain stability of system...electrical universe theory does explain...also that planets could have had very different orbits quite recently i.e. complete chaos 20,000 years ago, with no sign of it today is possible...

All 'matter' made up of different, some very short lived, resonant states of matter i.e. matter resonating at different frequencies...you cannot 'annihilate' matter...consequence of this view allows for cold fusion and biological transmutation of elements in the presence of a 'resonant catalyst' such as a heavy metal atom...iron, magnesium etc resonate...haemoglobin uses iron to perform such 'miracles' of transmutation of elements...and chlorophyll uses Magnesium...i.e. they resonate the elements to change its nature / properties i.e. transmutation...i.e. bring particle close enough to an iron or Magnesium atom and resonance resonates the structure...

Maxwell's laws require an Aether...Einstein just assumed no aether without explaining how Maxwell's laws of electromagnetic radiation could operate without a medium...empty space is full of neutrinos...such small mass, lowest energy state of matter...will transmit energy i.e. distort in an electric field...speed of light related to rotational inertia of a neutrino...neutrinos are composed of subtrons, which distort in an electric field to form an electric dipole, allowing for energy to be transmitted in this fashion, MHR like distorting air or water or other materials, producing compression and expansion zones and thus 'sound waves'...light energy transmits via neutrinos, and its speed is limited by how fast it can rotate the neutrino, MHR so positive charge moved to other side, to thus impact next neutrino, like sound energy and air molecules...limited by how fast air molecules or water molecules etc can be deformed (don't like to move) and regain shape, thus 'transmitting' energy from one air / water molecule to the next...??
Electrical universe model supports James Clerk Maxwells arguments that light is an electric ripple through a medium, the speed of light depends on the inertia (resistance to being moved rather than deformed MHR) to the oscillating electric field...light is not a particle and there is NO such thing as a 'photon'...quantum effects are due to resonance between the transmitter and the receiver....!!!

New cosmology...dealing with question relating to the form, content, organisation, and evolution of the universe...dealing with origin and structure of universe...everything else must be compatible with it i.e meta level...queen of sciences or handmaiden of our political / cultural hegemonic power ... or crypto-creationism i.e something from nothing explains nothing...too easy...how should our little human mind grasp / reveal such a thing? ... Newton's laws of gravity did not even pretend to explain, simply describes...Eddington's ideas of interior of sun...and Einstein ... dogma...no critical dialog allowed re: creation myths, with taboo to question, punishment if dare to...narrative...normalised...invoke miracles...big bang based on theoretical math and not physics...universe is NOT expanding, but that is central tenet, so must be denied...so big bang crypto-creationist... like Ptolemaic model of universe i.e can create model, e.g hypothetical geometric model that gives the answers you want, but 96% of universe dark and unobservable...math describes observable behaviors...cannot explain them...and only 4% of universe can be observed even indirectly...much less actually 'seen' etc...quantum and relativity theory incompatible, but both pillars of big band theory...we do NOT understand gravity...space research suggest problems with Newton's law of gravity...is gravity all that is acting out ther?  E=mc squared most misunderstood equation...Energy, mass, speed of light, but then mass treated as interchangable with matter i.e within sentences of introducing equation, and of variables of mass, energy, and speed of light, treat mass and matter as interchangable...though no physicist have no idea why matter manifests with mass...require hypothetical particle that causes phenomenon of mass... fabric of 'space-time' i.e space and time make up a variable? two separate concepts... universe includes everything...so why talk of 'multiverse' i.e universe means everything...how can it 'expand'? into what? ... if universe is everything...what does 'dimension' mean? degrees of freedom or dimensions of space?...math is not physics...but our cosmology mostly theoretical maths...the models fall apart the more observable phenomena you try to explain / include...cosmology much be inclusive of every subject...everything must fit including crystal skulls, giants, origins of planets / solar system...so not very useful theory...gaps in explanatory power simply accommodated by insisting some 'miracle' i.e 'gap' in theory...no math...just 'miracle'...a.k.a 'renormalisation'...something from nothing...effect with no cause...some stars appear to be older than the universe...Edwin Hubble stated that if observed 'redshift' are doppler effect of expanding universe, then it is curiously small and dense and suspiciously young...but if they are NOT doppler effects of expanding universe,
then these anomalies disappear, and universe appears extended indefinitely...Halton Arp proved there was no big bang, lost privileges i.e use of telescope and papers rejected... red shift observed refers to youth of object, not distance...i.e not expanding universe, just some galaxies / objects observed are newer than others...Quasars born from nuclei of active galaxies...not black holes...redshift primarily measure of age of Quasar... redshifts are quantised i.e quantum effects on galactic size objects exhibiting quantum effects...challenges idea that speed of light 'speed limit' of reality... link between sunspots and magnetic storms on earth noted as early as 1852 by Sir John Herschel / Michael Faraday...0.999% of visible universe is plasma...plasma is 4th state of matter a.k.a 'fundamental' state of matter'...most of matter in solid, liquid, gass, plasma has positive and negative charges moving around, behave differently to other states...it is electrically conductive...and responds to magnetic field...moving plasma generates electric currents in nearby plasma...forming filaments like in plasma ball or bubbles like plasma sheet falsely called a 'magneto sphere'...in plasma state, atoms are dissociated so some electrons free to move, leaving behind positively charged nuclei, so subject to electric or magnetic forces present, behaving differently to other states...can be more conductive than copper...responds to magnetic field...moving plasma generates electric currents in nearby plasma...forms discrete recognisable forms e.g plasma sheets of solar wind...and filaments like in plasma sphere...and bubbles (earth's plasma sheet is wrongly called a magneto sphere as does not meet electrical requirements for forming a magneto sphere...produces radiation over large parts of electromagnetic spectrum radio astronomers can detect...the flow of electricity through plasma causes glows, arcs, jets, filaments, beads, kinks, bubbles, sausages, winds, tornadoes, and explosions (like the explosion over siberia)...solar wind is not just a wind, it is a plasma electrical current...all can be seen and tested in laboratory vs big bang theory...can identify same phenomena that can be experimentally produced and observed in laboratory in deep space...electric force is massively exponentially more powerful than gravitational force...so much that if you divide the electrical force by the gravitational force, it is effectively zero i.e 10 to the power of minus 99...the entire earth's gravity can't defeat a small magnet...we can jump away from earth...plasma behavior is hugely complex...while the underlying principles can be easily explained and produced...in labs...and observed in space... Plasma cosmology study of electrical behavior of matter on all scales...it is based on sound empirical principles of experiment and observation...it embraces a universe of unknown extent and age...matching Hubbles preferred option...and forms the backdrop of the 'electric universe'...hard scientific evidence for...not mathematical speculation / theory...reproducable, observable, measurable... successfully predicts things, so engineers accept, but astronomers reject...Kristian Birkeland...built a model electromagnetic earth, 'Terrella', and produced 'auroras' like the ones we observe on earth, using
magnets and electrical power...thus experimentally reproducing phenomena observable on earth, reproducible...explanatory power...real science...could mimic sun spots, rings of Saturn, and whole range of other observable astronomical phenomena...space full of electrons...Birkeland Currents: electricity flows through plasm in the ambient magnetic field direction...with the current filaments forming a double helix AT EVERY SCALE, from the lab experiment to galaxies...explains where rotation of planets and galaxies and stars comes from (conventional accepted dogma cannot explain these phenomena)...it is electromagnetic...Cosmic Birkeland current filaments are the equivalent of electrical power transmissions lines in space...usually in dark plasma mode...30.16 mins

plasma dark mode means not enough density for them to light up and glow...not visible...from mms to galactic and super cluster size...like birds on power line we are unaware of the current flowing around us...but we are immersed in, sitting on an electrified body...current flowing creates magnetic field around 'plasma filament', just like electromagnetism with copper wire...will 'pinch' metal placed within field...key as gravitational fields cannot form spiral galaxies, the most common form of galaxy...plasma filaments will 'pinch' and begin to rotate i.e form spirals like DNA...takens millions of years...natural form of electric discharge in space...no need for dark matter and black holes...filaments very far apart and unimaginably powerful...most efficient way of attracting matter from space and forming a condense object...an electromagnetic 'Z pinch'...it sorts the elements with Helium outermost, middle layer of H, O, N, C, S and inner layer of Fe, Si, and Mg...so star similar to earth...Vs present model of all Hydrogen and Helium...supernova is electrical event, not explosion of star...

physics natural philosophy e.g meaning of words, what do we REALLY know and how do we know it...etc... 39.30 mins

We are in an inter-glacial interval (time when glaciers retreat to poles, during occasional warm period within the ice age) in an ice age, which is the default state for earth...we have been experiencing over our recorded history one of the occasional warm periods during an ice age...earth relatively warm i.e no glaciers...the normal / default state is much colder...current conditions abnormal warmth...we are at the end of this warm period...as earth set to be at a distance from sun not experienced since the last time, 100,000 years ago...furthest distance it travels from sun in its elliptical orbit...

2030 Maunder minimum begins...cloudy all the time...impact on agriculture...
Oceans retain warmth, of end of last global heating cycle i.e we have already moved into global cooling phases, based on land temperatures, so NOAA added sea temperatures, to make it look like warming continuing...but anyone who lives near sea knows coastal towns usually warmer than inland, as sea retains heat...oceans cool slower than land...so NOAA made it LOOK like global warming continuing, i.e MISLEAD deliberately, by referring to global temperatures as including ocean...which does NOT concern humans who live on land...etc...and increased temps in 1930s to give a false impression of a smooth, continual rise...and simply LIED about last 1000 years temps...when facts show clearly it has HOTTEN in the past...and show a clear cycle...and indicate, as a pattern, that we are about to enter a very abrupt period of cooling...a mini ice age...which will come on VERY fast...the 'record heat' in antarctic in 2015 was not even within arctic circle...was an anomaly...one particular point had record temps...97% consensus on human induced global warming?...

1816 year of no summers...due to volcanic eruption in 1815...volcanic eruption of Tambora in southern hemisphere...10 - 15 years into global cooling phase...sulfur mixes with water vapor to produce sulfur dioxide which reflects suns rays back out into atmosphere for 1 to 2 years...crop failures in Europe and China...33% of Europe perished by famine and plague, and civil unrest...1816...one billion on earth at that time...3 volcanoes larger than tambora expected to erupt any day now...starting 2019 cooling...2025 to 2050 to be coldest...gt. lakes in U.S will be too frozen for traffic...etc...some see eccentric orbit of earth and sun...and coincidences of moon and sun, and gravitational forces being responsible...i.e distance to sun, and to moon, etc...whereas others interested more in cosmic rays...all show patterns converging...some short, some very long i.e millions of years, around TODAY...and ALL predict a sudden global cooling, a major volcanic eruption, and huge problems with production of food, due to cold, and food and fuel distribution, due to volcanic activity, earthquakes, and ice blocking traditional transportation routes / destroying infrastructure like highways and bridges, and freezing up sea lanes in the open ocean and lakes...and rivers...

Are the 'ghost cities' in Africa, China, Spain etc really 'mistakes' or have they been built for the coming ice age, to allow large numbers of people to move into them immediately, to start cultivating surrounding areas expected to be receiving rainfall etc under the new climatic conditions?

Carrington event in 1891 set telegraph wires afire, shocked operators...shut down system...due to...Xray energy...solar flare...coronal mass ejections...solar flares...space weather...geomagnetic storms...led to power disruptions, and flight delays...solar wind caused transformer failures, power plants to shut down...major blackouts in Ireland...Sweden has grounded aircraft several times recently as flight controllers only saw 'static' on their screens...Earth's magnetic field
weakening as poles moving around / shifting ... in process of reversing...poles shifting faster and faster, towards siberia, and Australia...earths magnetic field / shield weakening...large breaches in magnetosphere...earths magnetism down 15% over last 150 years...now decreasing 5% per decade vs previously same per century...and unevenly distributed...so some areas have more, others very little, protection...North pole heading towards siberia, moving faster, so should meet south pole moving towards australia, should meet where South Bali Buoy was shown (before being removed from google maps etc) sea floor rising thousands of meters...that is where expected to meet...correlation between mass extinction events, at same time as reversals, and loss of oxygen to space, and super floods...we could lose electricity for years after transformers fried...reversal can happen within 80 years...the magnetic field began weakening in 1600, weakened 10% from 1800s to 2000, i.e around 5% per CENTURY, but now accelerating, and weakening at 5% per DECADE...ten times faster...

Sahara was once a sea...40 million years ago...dried up 3 million years ago...90,000 years ago wobble in earths tilt brought monsoons north, and started turning sahara green every 20,000 years...

solar wind between 1992 and 2008 reduced by 13% and 20% less dense...its underlying magnetic field weaker by 30%...NASA Ulysses space craft measuring solar wind pressure...

Primer fields disappear...plasma ceases to be focussed in sun...sun becomes inactive, dim, cold, ice age begins...but short pulses of sun activity / powering up, short in duration i.e few decades of active sun, before inactive again... ice samples prove this...

sun might eject up to 30% of its plasma...reducing its gravity field, after primer fields collapse...mass ejection at first...will lose much of the mass it absorbed over last 12000 years...cloud of plasma...electric explosions / earthquakes, and triggering earthquakes...vulcanic eruptions...earths magnetic field will collapse with collapse of primer fields...at unprecedented magnitudes...120,000 years ago last transition to an ice age...

Best-Selling Dark Winter (How The Sun Is Causing A 30-Year Cold Spell) by 'heretic' climate expert John. L. Casey...solar physicist and climate expert...

Noaa knew oceans have been cooling for 10 years and atmosphere for at least 7 years, at time supported 2014 Obama lie...there is NO global warming...

solar hibernation = 50 sun spots...2030s will be 'cold'...once enters hibernation earth always gets cold...and crops fail...subsistence crisis...people starving to death in untold numbers...

Looming disaster...intense cold coming...catastrophic cataclysm...
How did people survive the last Dalton period?

We have recently been able to grow more crops at much higher latitude, than previously... due to the global warming that is just now ending...crops will die...as cold moves south crops will need to move south...require one year food supply, and ability to defend this food supply...people murdered own neighbours ...food riots...

MHR Above and below 45 degrees latitude...including Estonia ... much of Oz? Jet Streams and magnetosphere of earth shifting...

Sun discharging the electromagnetic energy it has been absorbing ... MHR like a capacitor ...

If gulf stream and north atlantic current collapses, in next decades, will lead to ice age and famine ... BP oil spill may have been deliberate...oils spill has, according to researchers, stalled the current known a the engine of the gulf stream... the warm ocean current that flows north through the atlantic and helps warm up the climate of northern europe...as in 1700s and 1800s extremely cold winters...

Earth's history is moving from one ice age to another, separated by relatively short periods of warm weather or around 12,000 years...we are at the end of one of these...since 2014... coming mini ice age expected to last between 30 and 100 years...or 100,000 years...

Poles also shifting...moving towards equator, expected to then suddenly 'flip' poles long before meet... suddenly...

change can be rapid / very fast ... extreme weather hot and cold in short period of time e.g weekly change from winter to spring...but some areas will be locked into e.g 'winter'... multiple glacial areas around globe, before consolidating into new poles...

many potential new arctics will emerge, before settling down on one...can be in rather odd places that just happen to hold polar vortex for a time...refers to ionosphere, vortex of magnetic forces make north and south poles cold...can be 'flash frozen' as shift of pole sucking down polar vortex upon the area beneath it...

100 year low sunspot numbers in 2008...U.S.A.F 2011, NASA, and national solar observatory all report that a solar hibernation has begun...

Southern Hemisphere routinely grows colder faster and before the northern hemisphere...and southern hemisphere has been cooling for last 30 years already...but 'researchers' only took 'samples' from specific area quite far from south pole...

We are at CO2 levels normally seen just before a new ice age begins...CO2 levels vary dramatically over course of history...we have records of going way
way back...many repeats of a 'pattern' observed in the historical records of humans, and in rocks, ice, deep sea cores...see what gases present back millions of years...usually see CO2 levels in high 300s indicates heading to new ice age...

Temps have been falling for the last 10 years...

Galactic cosmic rays responsible for increasing Low altitude cloud formation between 15,000 and 18,000 feet...during Grand Solar Minimums, not ocean evaporation...

Man-made global warming a new religion...held dogmatically...just because we are told, over and over, from birth to death, in all mass media, education, every major institution...catholic church...'heretics' attacked, demonised, even criminalised...

Earthquakes and volcanic eruptions, unseasonal storms, unpredictable...leading to famines, mass migrations...

rapid cooling expected...very quick change as solar activity changes so quickly...not a gradual move...greenhouse gas changes FOLLOW changes in earth temperature i.e are an EFFECT of global temperature changes and NOT the cause...never...man-made global warming is a 'narrative'...a 'story'...like any religion...enforced by violence against 'heretics' i.e 'adversaries' (Satans)...so self-censor, and masses conditioned ... know nothing other than what told by 'authorities'...

Sun driving climate change/ variation...change in gravitational fields...

206 year cycle ended global warming and is starting new cycle of global cooling...even if 2014 WAS warmest year on record, represents END of global warming period...i.e 'peak global warming'...the END of the last warming cycle...a NEW cycle is beginning, as temperatures have already begun Falling...

the cycle had NOTHING to do with ANY human action...a huge scandal, typical of 'authority' i.e lying to public...last 15 years represented end of the last 206 year cycle...

the problem is NOT global warming, but global cooling...

ignored first, then attacked...is typical for 'heretics' whether old school religions or new 'secular' 'scientific' dogmas...200 years of warming is now coming to end...stabilising at peak...and in many places already cooling...the TREND is now 'flipping'...the 'tipping point' has been reached...and NOW we are heading to a 206 year COOLING trend...
Relational cycle...temp rises, followed by few hundred years of increasing Carbon dioxide i.e increased vegetation / carbon being produced, stored, then released into atmosphere, after warming encourages plant growth...

We WERE in period of warming...but it stopped...as 2016 year cycle has reversed direction...it is THAT simple...'Dark Winter'...Casey...since 2003 no warming...just meandering...i.e end of last 206 year cycle...

Sun about to go into a 'deep cold' phase...typical of all 'cycles' i.e excesses...

Global warming from CO2 would have been an inconvenient truth', but compared to what is REALLY happening, it would have been no more than that...what is coming is a CRISIS...not mere 'inconvenience'...

By 2100 expected sea levels to rise, flooding major coastal cities, arctic ice free by 2013...clearly in 2017 ice in Arctic is INCREASING...was NEVER ice free...sea ice is expanding at both poles...ocean temperatures and atmospheric temperatures stopped warming in 2003...have been cooling or stable since then...

solar physics community has correctly predicted for last decade, as global warming CO2 community consistently wrong ins its predictions...

sun spot activity will PLUMMET to near zero in next 5 to 10 years...

cloud reflects heat back out into space...

Solar minimum...reduced sun spots and solar flares...earth temperature falling historic correlations between solar minimums and worst earthquakes and largest volcanic eruptions at bottom of cycles...these cold solar hibernations... ash plumes high in atmosphere prevent suns heat reaching earth...i.e like nuclear winter...

Last solar hibernation 'Dalton minimum' 1793 to 1833 world's largest series of earthquakes on record...1811 to 1812...around New Madrid fault, in middle of U.S...3 catastrophic earthquakes within months...of each other during winter...1815 at bottom of last solar hibernation, Mt. Tambora in Indonesia erupted, largest on record...100 times size of Mt. St. Helen... U.N report does not even MENTION solar activity in relation to global climate change...

aim of CO2 myth is world government...

Arguing whether CO2 manmade or not, irrelevant...as NOT a causal factor...a mere consequence of global warming...and transition period NOW to global cooling...will get extreme weather events as existing weather patterns interact with the new...trend lines show we are heading into a cold era...
Very worst earthquakes, volcanic eruptions at bottom of cold solar hibernations...increased volcanic activity...volcanic ash...lead to period of intense cooling...

worst geophysical events happen when earth coldest...

MHR point is that will have same 11 year cycles, only the peaks of each will continue to be lower...

Solar cycles drive climate change, not CO2... not mere skepticism of global warming, but statistically proven...historical records of 206 year cycles...while NASA focusses on 11 year cycles...

John Casey, climate expert...

Sun 206 year solar cycles...11 year cycles on...on 206 year cycles...on...when they co-occur reinforce each other...sunspot activity...more active = greater protection from cosmic radiation...less active = less protection...cosmic radiation...

Grand solar minimum...approx 11 year sun cycles...with compounding cycles of Grand solar minimum and maximum...century and millennial long cycles overlapping...Chinese and Vatican records...from temple reliefs, documents, etc...from across the planet...every time sun decreases into grand solar minimum, affects magnetosphere / cosmic rays increasing clouds, volcanism...230 million year cycle...galactic cycle...food growing 45 degrees north and south most massively affected 2023/4 zero production above or below 45 degrees north and south re: grain crops...mass starvation...mini ice ages of past...Adapt 2030 web page...we will become 17th century serfs i.e no access to any energy...we have forgotten how to grow food...CO2 trails temperature always...next year expect weather extremes...by 2030 not enough food for all of us...will not be any credit given...billions won't make it to 2023...

oilseedcrops.org...food first...edible plants...super plants...

correlation between catastrophic earth quakes, volcanic activity, 'extended' weather e.g drought, flooding, seasons 'stuck' e.g winter longer, summer shorter...80% or higher probability major earthquake faults active...until 2030...historical 'waves' i.e patterns...correlations between solar activity and crop failures, earthquakes, volcanic activity, hail, torrential rains, droughts...dams in U.S breaking would be hugely disruptive of society...new madrid fault zone...like 1811/12...tens of thousands of deaths, massive economic disruption...oil and gas supply pipelines will be disrupted...take months or years to repair...multiple devastating quakes...succession of...not just one isolated incident...fuel goes through fault likely to be affected...will take years to rebuild if repeat of 1812 series of catastrophic quakes i.e just after start repairing, new
quake hits,...won't be so simple...especially if during winter as last time...loss of crop shipments, fuel, ... bridges, railways will be damaged, and even Mississippi rose and flowed backwards in 1812......

Ukraine grain shipments were delayed 2 weeks by ice in Baltic, N.Z winter extended weeks...Austria lost 30% its crops...snow in Arabian deserts...huge reductions in stone fruits, wine grapes, grain, fruits etc last year...any 'cold damage' etc downplayed as challenges global warming / carbon credit scheme ... over 18 years NO increase in temperatures...

decreased solar output...massive increase in fire balls, etc...

reduced solar winds allow cosmic rays to enter atmosphere, never been this high before...they nucleate creation of clouds, cool planet...exponential rates of change i.e cooling...this is typical for sun in low output level...earth's crust compresses...

sun is power in solar system, not man...

 cosmic rays drive cloud, rainfall, snowfall, hail...

Governments burying data...

1350 to 1830 little ice age...maunder and dalton minimums...devastating cold and widespread crop losses, famines, deaths, warfare...Russians expect that before 2040 and lasting for a century, mini ice age...

food to go up 5 times, to start with...

c a 1800 Dalton minimum...

serious changes to lifestyle...no gas at any price once pipelines rupture, for many U.S ... in in winter then terrible risks of freezing to death...

Universe almost 100% Plasma...self-organising electro-magnetic 'soup'...same principle that produces DNA spirals and spiral galaxies...as above, so below...sun is a collector of energy rather than producer...it absorbs and discharges in solar storms / sun spots where plasma shoots off out into space...MHR like capacitor? ... Plasma is the primerty? as far as we have identified ... guess it coalesces as strings on one level of composition, which form greater units...electro-magnetic organisation of the brain same as the universes...

'dark' plasma discharges around sun...plasma better conductor than any metal...dark plasma is what most of the universe e.g 'empty' space is made of...MHR floating in...the 'electromagnetic soup'...

lightning is the only plasma we experience...otherwise solid, liquid, and gas...
Kunti Virgin Birth to sun god Surya

Surya personification of sun-god...Kunti could see 'sun' as a man...Surya...who insists of sexing her...predicts will produce son...Karna...Surya assures her there will be no sin in fucking him... she will keep her chastity, virginity, reputation...10 months later gave birth to son beautiful as a celestial...had natural coat of mail...but who would believe her and accept her as wife...so casts baby away...Surya would protect?...with nurse took child in large wicker basket to banks of river Ganges ... god of shining rays watch over you...prayed to gods to protect him...that she would be adopted by new family...lady saw basket, asked husband to take him home...she had been praying to god for a son...raised as own son...as charioteer like his adoptive father...became known as Karna... later Karna cursed after accidentally killing the cow of a Brahman...he will have his head cut off in battle...Celestial weapons require mantras (software / codes!) to use...later karna would forget his mantras so that his weapons, on the battlefield, would become useless, and his head would be cut off...Karna at one point offered position as 'emperor of the world', but refuses to honor the King who had become his sponsor i.e this kings charioteer, which introduces the age of Kali (war and destruction, to alleviate goddess 'Earth' of her burden of vicious humans / demons ... will fight own 5 brothers...

speak the benevolent truth...think, and therefore plan , and therefore act, with benevolence to all beings...superiority of such 'religion' over the 'exclusive' ethics codes of Moses etc...

Siva 3 eyes...Vishnu in another form...irresistible weapon 'Pashoo Pata'... uses it to destroy all of creation at the end of the cycles...discharged via mind, eyes, and words (mantras)...

super-soul = Brahma = supreme state = supreme being (i.e being as supreme state, rather than an actual entity / being)...= all qualities ... knowable only when you reach the same level of being... reject sense-pleasure world...

human-being
supersoul-being
different ways of beingVersus becoming...

Krishna prime cause of all...pure good will ... creator of Vishnu and Brahma (mhr though in story appears to be just a powerful, successful person, later ascribed all these qualities and godhead, like Jesus)...
The self-born creator Brahma, god of justice
Unity and difference...not possible for human mind to comprehend...to be one and at same time different...like trinity...

1000 eyed Indra, king of the gods...but Vishnu higher 'lord of lords' i.e seems hermetic i.e lots of gods from different sects all combined, so all can be worshipped without conflict, accomodated... Lord Vishnu heads the gods...need for produce sons to make offerings to forefathers...else they die in heaven...need to repay debt to own fathers, now dead, by having sons...

God Indra is like Thor...wields thunder

The universal creator Brahma later becomes emperor of the world

Krishna supreme god above Brahma?

All one and the same but different? i.e expressions of same godhead...?

MHR earn Vs merit ...

Eudystyr as 'godhead' and 'original 'boy'... is Krishna...none superior to him...

The Realities Of Our Nature And The Nature Of Our Realities

Critical acclaim for the TROONATNOOR series?

The New York Time's Best Seller list is full of books. Dan Brown and Michael Crichton write 'exciting and insightful' books. New York Critics are rarely 'speechless'. If Oprah ever says 'it's the best book I had ever read', the author will be really happy. BBC's Stephen Sackur might say it was 'compulsive reading', because, well, that's the sort of thing he says. Professor Stephen Hawkins is really 'brilliant'. Tom Cruise probably thinks his own films are 'Fantastic'. My best friend's wife said he 'literally couldn't put it down'. You see he'd spilled some super glue on the covers and, well...

You can reciprocate by doing something good for another sentient being. Whether human or other animal.

And please consider what you would change about this world if you were certain that you would be randomly, over and over again, new-born into this world as ANY sentient being, human or other animal, in it.

These books DO require a little work. So please overlook any imperfections, like you would in your own children. For these books are literally my children.
If anyone is every willing to publish any of these titles more professionally, I would of course work on them to make them as perfect as possible. That said, I have (literally) put a HELL of a lot of sweat, sacrifice, effort, migraine-cluster headache-sinus infection-nausea-back-shoulder pain, sleepless nights, frustration, irritation, mental anguish, (it was literally a traumatic experience), and of course masses of goodwill and love, into these books. I have lived decades in economic, social, and romantic-sexual poverty, in order to be free to devote my time and effort to them. I wrote them to serve a purpose, and I feel they have come as close as possible to achieving that purpose as I could have hoped for them.

Remember that the final 'edit' is always done by you, the reader. I hope you enter into this final edit with goodwill and love.

**City of The Sun**

When the paths of the beautiful French heiress, the 'Mistress of Carcassonne' and the neurotic genius and Hollywood movie writer-producer Xob S'ardnap, cross, they soon find themselves deep in a mystery. And in love. But what of Akhenaton, and the Priests at On? What of their vision of a utopian society? What of the many thousand year conspiracy of 'The Knights of Aton'? Soon all will be revealed

In the final days of the reign of Amenhotep IV Moses leaves with a treasure, leading the Egyptian Generals on a mad dash to recover it. Little do they realise this was a mere diversion. For the true treasure was just then being secreted out of 'The City of The Sun'. What is the difference between madness and genius? Why do so many geniuses end up isolated, lonely, even locked up in mental asylums? Who is Kim Jestem, the man who is 'legally no-one'? Who is Xob S'arodnap? What role could they possibly have to play in a mystery that spans thousands of years. In a secret order beginning with The Priests at On, and continuing with the Ancient Egyptian Pharaoh Amenhotep IV, self-named Akhenaton, who married his sister Nefertiti, and built his 'City of the Sun' at On, only to find himself the victim of the Priesthood he had disenfranchised of wealth and power, dying by his own hand as his wonderful city was being destroyed around him. But not before he had ensured the safety of the greatest treasure ever known to humanity. And not before leaving behind a set of clues to a puzzle that only an enlightened one, with a heart of purest gold, would ever be able to
solve. A mystery that spans the continents, involving leading historical figures from The Knights Templar, to the 'Man of Steel' himself, Stalin. Who will win the mad race to realise their New World Orders, the Zionists, or the Knights of Aton? What possible role could the beautiful young heiress Clarissa Sophia, the 'Mistress of Carcassonne' play in all of this? And what of agent ZZ and Sophie, with their Hollywood A-team? What role will they play in the machinations of A-group, who feel pushed to realise the plans of The Priests At On, either now or never? Thousands of years of work could amount to nothing, if Xob S'ardonap is not willing to take the heavy burden upon himself. Each one of us owes the world a life. He is ready to give his. But to take the responsibility for billions of lives? What does it take to accept that responsibility, now that he has the responsibility.

Nine Eleven (Five minutes to Midnight?)

This book explains what 911 really means. What happened. Who did what when. And why. It then places 911 in the context of the New World Order, Zionism, Central Banking, and the 'shadow government' that has been playing us all for fools for so long. This is probably your best chance at understanding what is going on. This is probably your last chance to change the course of events.

Please make sure you read this as soon as you can, and get your friends to read it too. You could spend months searching for this information, and then years trying to 'join the dots'. It has taken me decades to get to the stage where I can present the truth to anyone who is intellectually able, but more importantly, emotionally willing, to accept the truth. The whole truth may yet elude us, but I have presented enough of it to justify a compelling and urgent call to be put out to anyone who still believes in the idea of personal freedom, democracy, and justice. I have included compressed versions of the Old and New Testaments, 'Mein Kampf', and 'The Protocols of The Elders of Zion' so that you can place the current events in perspective. Once you understand how the U.S petro-dollar and Central Banking function, and how they tricked us all on 911, me included, you will be outraged at how the mass media have duped us all.

Welcome to the New World Order

I am a man standing on a speeding train. You are standing on the platform. If I reach out my hand to you, at least one of us is going to get hurt. This book, and my '911:five minutes to midnight' are my attempt to 'bring you up to speed'.
Until you have read this book, your mind will be closed to the very important message many people are trying to share with you at this critical moment.

This is a work in progress. It will one day become a collector’s item. I am publishing it now, as I may not get a chance to finish it. For by writing this book I have made myself a vulnerable target of the most powerful conspiracy ever realised on this earth. Soon it will be too late for books like this to do any good. So please ensure as many people get to read it as possible. It is the companion book to my recent '911: five minutes to midnight'. By sharing what I understand with you, I face long jail terms in Germany, if not worse from MOSSAD-C.I.A. You have been trained by the Zionist Propaganda Machine known as 'Hollywood', and 'The News', and all your favorite mass media television stations and print media, from birth onwards, to have an emotional, knee-jerk reaction of immediate rejection of what I am about to explain to you. You have been conditioned and primed to reject what I am trying to make understandable to you. I appreciate that it will be difficult for you to even consider the information I am presenting here. I do not expect to win any friends or benefit personally in any way. I expect I will be ruined and face fates worse than death for writing and publishing this book. Even though the German Constitution protects my right to write and publish this book, the courts in Germany are clearly controlled by the Zionists, and I will be charged, prosecuted, and imprisoned despite the supposed protections of the German, like the Canadian, constitutions. I have officially renounced my German citizenship because of this. But like you, I do not have any legal rights any more. The Zionist has today realised the Talmudic principle that only Jews have legal rights, and you and I are merely 'cattle', non-human, and thus have no legal rights. In the U.S this law is known as 'The Patriot Act' and all the laws and decrees that followed this. Since 2012 Propaganda is legal in the U.S. And Since Helmut Kohl's government, any criticism of Zionism has become criminal. My book will reveal to you a clear pattern that you may decide you don't want to recognise, but which will be compelling, and incontrovertible by the Zionists. That is why they hide behind the corrupted legal systems of the U.S, Canada, Germany, and France.

Welcome to the New World Order

Description

I am a man standing on a speeding train. You are standing on the platform. If I reach out my hand to you, at least one of us is going to get hurt. This book, and my '911: five minutes to midnight' are my attempt to 'bring you up to speed'.
Until you have read this book, your mind will be closed to the very important message many people are trying to share with you at this critical moment.

This is a work in progress. This book will reveal to you a clear pattern that you may decide you don’t want to recognise, but which will be compelling, and incontrovertible by the Zionists. That is why they hide behind the corrupted legal systems of the U.S, Canada, Germany, and France.

**Occupied Welcome to the New World Order**

Your beliefs have been imprinted on you since birth. Repeatedly strengthened by repetition by significant others, and re-imprinted using the most vivid, compelling, impression-forming television, movies, books, newspapers, and internet productions.

Imagine the other ducklings trying to warn their fellow, new-hatched friend that the thing it had mistakenly taken for its ‘mother’, is in fact a snake. A predator.

I have detailed, using arguments from the finest philosophers, like David Hume, right up to the most ‘modern’ NLP, how ‘vivid impressions are often mistaken for ‘reality’. How we form our ‘beliefs’ based on faulty assumptions, mostly fed to us from birth.

**Prophet: Ghost in the machine**

Science fiction fantasy adventure. Every now and then someone is plucked from obscurity into greatness. You can never predict who it will be. It might be you. You may even be surprised to find that your worst enemy becomes your best friend. You may find your little world suddenly expanding, opening up a galaxy of adventure and mystery.

It has often been said that 'the last shall be the first', and that only the truly humble are fit to rule. O.P is feeling pretty down at heel, the terrified and crushed victim of Renshaw, the school bully, living in a council flat, having his hair cut by his uncle, and wearing supermarket clothes, and even worse, supermarket shoes. Things do not look at all promising for O.P. But then his 'Uncle' Roy reveals a secret, and they begin a frantic race to escape the clutches of a conspiracy that aims to bring the galaxy back to the dark ages before 'Optimalisation'. This book
is Science Fiction's challenge to Harry Potter. It seeks the highest ideals of great science fiction fantasy.

Veil of Ignorance

Just as the world's population is about to reach 7 Billion, its seemingly unstoppable momentum is halted. 'Year Zero'. 'The Crisis'. While the Pope is being outed as a 'dead-beat dad', and Vatican officials are caught by the world's media arguing with robots, a very close knit group of people are in a pitched race to the finish line with the Zionist New World Order conspirators. Who will win?

While Jules and Luc, with their Vegan Co-op, seek to positively transform the world, by eliminating all forms of violence, and liberating human consciousness and sexuality from the chains of two millennia of perverse 'noble' lies a.k.a. 'religion', Vatican officials are caught on television cameras arguing with robots. This after the Pope has already been cited in a class action lawsuit as a 'dead-beat dad', in an action demanding the Vatican pay child-maintenance for over 20 million children.

But the concept of 'child maintenance' is about to be turned upon its head. For just as the world's population is about to reach 7 Billion, its seemingly unstoppable momentum is halted. 'Year Zero'. 'The Crisis'. Suddenly every living creature known to man has ceased reproducing. The last baby born becomes an international star. Decades later the appearance of a kitten becomes a world media mystery. Who would have thought? But who is behind all this? Have the New World Order Zionist's been beaten to the finish line? But the thing is, most of those actively involved in the conspiracy have no idea. Maybe you are part of it. Only when the veil of ignorance has been lifted will you know for sure. And then we will be left asking the question. What comes next?

A collection of my original songs, poems, and music for voice, guitar, and piano.

I wanted to be, a writer of books, a writer of songs, a writer of wrongs. I wanted to be. What happened? You tell me. A collection of my original songs, poems, and music for voice, guitar, and piano. I have been writing and working on these songs for years. I have made basic recordings, sketches, which you can listen to at
my Troonatnoor Soundcloud. I would love to find people willing to collaborate with me as musicians and/or producers, to realise the full potential of these songs and music.

User Guides: Experience Engine Type HUMAN

Don't you think that life should have come with a user guide? Well Clarissa Sophia von der Golz thinks so.

This is her idea of the basic 'user guide' for the 'experience engine' 'type: HUMAN'. She would love to know what you would add. This is just a start. So put all six of your thinking caps on, put your heart in the right place, and let's begin.

Sex Life

Clarissa is a teenager born to wealth and privilege. With an IQ of 143, she has benefited from tutoring from some of the world's most brilliant minds. She has experienced a freedom few teenagers ever get to enjoy. She has decided to publish a fairly loosely structured set of insights in the form of this book. She has had sexual experiences most people would envy, and a few less than desirable ones.

We, the editors, have not interfered. The style is her own. The views her own. The experiences distinctly her own. Clarissa hopes this book will be read by teenagers, however she fears it will only be made available to adult readers due to what she views as censorship and slavery. So we, the publisher, will have to leave it up to you, the reader, to decide if you will allow your under-18 dependents to read it. We must warn the reader that it is sexually explicit. It details Clarissa's sexual adventures. Some of these she pursued actively. Some of these she found herself having without being quite sure how she had ended up in them. But this is not just a book for 'pervers', as she herself would call many readers, with the greatest affection and approbation. It is also a book for thinkers. In fact it is for people who tend to think about life, and sex, and not just blunder their way through both.
The Mall

Romance, erotic encounters, and fascinating and humorous discussions, can all take place without plan or warning. Isn’t that, after all, our secret hope, each time we set off to visit The Mall? Our trip to the mall might even raise our ethics just a little, and leave us with the distinct promise, that, perhaps after all, not all hope is false, and that maybe not all our efforts are in vain.

Ancient Athens' Marketplace', the 'Agora' was where Plato’s Socrates 'threshed out the grains of truth from the chaff', 'playing 'mid-wife' to wisdom'.

Today's 'Agora' is ‘The mall’. Like in ancient Athens, this is where people go to shop, to meet people, and just hang around, socialise, and talk, as interlocutors discussing the trivial, along with the more important issues of life. As in ancient times, romance, erotic encounters, and fascinating and humorous discussions, can all take place without plan or warning. Isn’t that, after all, our secret hope, each time we set off to visit The Mall? What we experience at the Mall might even raise our ethics just a little, and leave us with the distinct promise, that, perhaps after all, not all hope is false, and that maybe not all our efforts are in vain.

Lucid Dreaming: The Mystery Of The Dreamer And The Dream

Lucid dreaming is the state in which you can control what happens to you in your dreams. You can become a 'dream-producer', and produce any manner of experiences. Anything you can imagine, you can lucid dream. Imagine the possibilities!

But lucid dreaming also raises many questions which Carlos Castaneda, among many others, put in a productive context. This book is a guide to becoming a competent, reliable lucid dreamer. It considers what opportunities lucid dreaming can offer the practitioner, from the more mystical, to the practical, to the sensual. It contains a range of exercises which, when followed, will open all these possibilities of lucid dreaming up to you. For some the results will be immediate. Others will require months of preparation.

Nim A Tale Of Two Faces Marx Herbach And The Swan From Moscow With Loathe An English Teacher's Experiences In Korea, Poland, And Moscow

Autobiographical details of my experiences as an English teacher in South Korea, Poland, and Moscow. Cautionary tales for prospective English teachers. These really are tales of romance, terror, and treachery. They provide insights into a very exploitative industry. Before paying for a T.E.S.O.L certificate read this book, to get a taste of the 'career' you are considering.

Cautionary tales for prospective English teachers. I don't try to rubbish anyone. I let the facts speak for themselves. Maybe you will judge me harshly too? Who knows? But it is better to be prepared, than caught off guard. You might get lucky. But if you, like the many people who responded to my web pages citing their own terrible treatment at the hands of overseas English schools, do get into trouble, you will be ready to deal with it. You won't leave yourself exposed and vulnerable to the worst. As a taxi driver I learned the hard way to ask for fares up front. So if you gain nothing else from this book, at least you will gain that. If schools will not agree to basic requests on your part, and insist that you 'trust them', then I recommend that you do NOT trust them. Read on to see what sort of pitfalls await the naive travelling teacher. This book is also a book about real life romance. Real life human relationships. Real life per se. It is honest. It is authentic. It is often embarrassing. I dedicate it to my real life 'Swan', 'Lilith', and to my source of sunshine in Moscow 'Sunny', and all the good people who were so nice to me. Things could have gone much worse than they did, if not for the kindness of strangers. O.K, so no noble savages to be found. But still some light in a dark world. A spark that, given enough air to breathe, and a little enlightenment, might actually issue forth a flame if we are courageous and patient enough. A flame to light the darkness. To bring light to the world. The light of truth, justice, and beauty.

It will put them on the path to discovering the full potential of their own unique voice. This book will be welcome by anyone who suffers from poor posture, migraines, or TMJ. Religion

A holistic interrogation of religion detailing the evolution of religious beliefs and practices from pre-historic times to the present day, from the position of holistic philosophy.

This book is intended to form part of the foundation for a true informed consent, based on a holistic understanding of The Reality Of Our Natures And The Nature Of Our Realities. The author's aim is to work toward the elimination of all forms of violence and injustice, and towards truly holistically informed consent. This book is intended to form a basis for a compulsory High-School course on comparative religion.

Optimal English

The 'Phrasal-Syntax' approach to teaching and learning English as a Second Language is informed by an understanding of how the 'English' language has evolved over the last two thousand years. This book first offers a brief description of the evolution of the 'English' language. It then offers ideas that can be put into practice in the classroom.
Included are fun activities for classes of all ages. The author has spent decades teaching English as a Second Language in Australia, England, Poland, Germany, South Korea, and Russia. You can read about my experiences in my other TROONATNOOR books. This book provides a great brief overview of the evolution of the language which we today call English. It also provides a great short course in linguistics to show how languages have evolved in general. The aim of the author is not the monetization of his insights, but the promotion of a vision where the entire world shares one language in common, and the optimal system for learning and teaching it, both to adults and children.

An Education in Victimisation

Essential reading for anyone who is, or is thinking of becoming, a teacher, this book details my personal experiences of workplace victimisation with the New South Wales Department of Education. It then goes on to place my personal experiences in the context of international research into mobbing.

It should inform attempts to gain legal justice for victims of mobbing. First mobbing must be identified as a form of violence. This book also raised fundamental questions about the abuse of psychiatry by governments. 'HealthQuesting' was even more common than I had envisaged at the time of my own victimisation. As far as I know none of its victims has yet to be given justice, let alone compensation. This book is a warning to anyone who trusts the Government. Anyone who believes that the Government will be held accountable by the legal justice system. Finally this book is a call for the socialisation of the legal profession. As long as only the rich can afford legal justice, we cannot speak of a 'justice system'.

Convergences

Convergences between my own ideas as expressed in TROONATNOOR volume one, and the thoughts and arguments of the greatest minds who ever dared express their ideas.

This book reveals the many convergences between my own ideas and those of the most brilliant thinkers of the last few thousand years, including the most recent cognitive and neuro-scientists. My works are always holistic. This book will teach you a lot of things you will want to know. It will help you avoid the common mistakes even the greatest minds make in daily life. My books are the result of
decades of reading and thinking and living and experimenting. Save yourself a lot of trouble and learn from other's mistakes. Start the race from where the other's finished, rather than at the very beginning.

The Reality Of Our Natures And The Nature Of Our Realities

Introducing The Holistic Philosopher, The Philosopher-Prophet of The Eden Protocols and the new ethics technology, 'The Optimal Ethics Generator'

This book offers everything you can expect from Philosophy. It answers many questions you already have, and many that you might never have thought of asking. Yes, it is about the meaning of life, the universe, and everything. This book interrogates The Realities Of Our Nature, And The Nature Of Our Realities TROONATNOOR, providing the basis for a truly holistically informed consent. In the process we de-construct a lot of 'junk' philosophy.

A Taste of TROONATNOOR

Avoiding the Protein Plague (and the Fructose Epidemic)

This books is all about the perils of high protein diets, fructose, meat, eggs, and milk. This book will probably surprise you as much as I was surprised when researching it. The good news is that it is much simpler to gain the optimal nutrition than we have been mislead to believe. No more worries about 'am I getting enough protein'.

This book explains the modern Western epidemics of cancer, osteoporosis, kidney disease, obesity, arthritis, depression, anxiety, hyper-tension, heart
disease (heart attacks and strokes), and senescence, in the context of the recent massive overdoses of protein, especially from animal sources, that have become the new norm. In evolutionary terms such high protein diets are new. We simply have not evolved in a high protein diet environment. This fact appears to be mirrored in cancer rates that are today many thousands of times higher than they were just a few generations ago.

This book is about remaining physically and mentally vital into our eighties and beyond.

We will clear up the many myths. These have been both deliberately propagated both by professional 'deceivers' known in the mass media, and accidentally, by otherwise well intentioned nutritionists.

We will see just how easy it is to ensure you and your loved ones are guaranteed an optimal nutrition. It is so much easier, cheaper, and simpler than I ever imagined.

This book includes guides on how to make amazingly cheap and tasty soy milks and tofus at home for a fraction of the typical supermarket prices.

Remember that we all share the health costs incurred by the Western diet. Will you or your loved ones be the next patients refused treatment by your health insurance fund because all the resources of that fund have to be rationed? Simply because they have been depleted on illnesses and diseases that could have been prevented and avoided, with a little effort, self-discipline, education, and good will?

Does 'habituation' doom us to dis-satisfaction? Is our insatiability a curse or a boon? Does failure and suffering make us better people? Does power promote the worst in us? Do we act from principles or with our eye on the personal consequences?

Why did one of the world's most successful, rich, and powerful men of all time once say 'If I were not Alexander, I should chose to be Diogenes'? Who was this Diogenes, the original 'Cynic'? Why was a statue of a dog erected in his honor?
What are the connections between slavery and religion, with its karma and hell, and taboos on suicide, homosexuality, oral sex, anal sex, masturbation, and suicide? Why are we really even today denied the right to euthanasia? Why won't governments recognise same sex marriage? What could the real reasons possibly be?

Why should anyone care what consenting adults get up to in the privacy of their own homes? Why are these acts still criminal offenses in many countries? Offenses which are still today being punished with death by stoning!

Are we ALL bi-sexual by nature? Why is the state against same-sex marriage? Do our revulsions against many acts really hide our innermost secret desires to do them?

Is Homophobia, like racism and religious bigotry, just another opportunity to feel superior to someone and to vent our self-loathing? How and why were races constructed? How much difference does it take to set a group of people apart as 'other', and thus define them as 'legitimate' targets of violence, rape, murder, and theft?

Who was this Epicurus, and why did he want to save us from religion? Why is Freud the true 'Christ'? Did we need saving? Isn't 'transmigration of souls' automatic anyway?

Why are we conscious at all? Blame it on herd mentality? Nietzsche can tell us. Semiotics. What's that? And anyway, what is consciousness? Who and/or what has it? Can it be created or destroyed? What would the implications of random new-incarnation be for your personal ethics?

Are all our meanings and experiences really just post-modernist narratives? What does that mean? And what about our anthropocentric bias? Do we wrongly deny non-human things properties they actually possess?

Are we 'noble savages' or is it truer to say that 'man is wolf to man'? Who rapes who and why? What is mobbing and workplace victimisation? There is no 'typical victim'. So how can you protect yourself and those you care about from it? There are steps you can take.

What are 'ethics'? What are 'morals'? What is the 'Social contract'? Did you sign it? Is 'Society' in your best interests? What is meant by the term 'Beneficiary classes'? What is 'informed consent'? What if people don't want to be informed, but still insist on participating in decision making?

How rational are we really? Do we merely act on our emotions, and then rationalise them after the fact? Do we first hate and/or harm and then seek justifications for our feelings and our actions? How can you make that work in your favor? What is the difference between reason-ing and reasons-ing? What are
the most common 'attribution errors' we all make? Want to learn how to stop making them? Then you're in the right place!

You just got tricked into paying 30 or 40 dollars for this book by some clever marketing. So now you're emotionally invested in it. You're gonna convince yourself it's a great book! No-one want to feel like an idiot! And in fact the worse the book actually is, the more you will unconsciously exaggerate how good it was. They call this 'Post Retrospective Revisionism'. Get people to pay more, and most of 'em are bound to convince themselves, unconsciously, that it was worth more. We are not rational animals at all. We are 'Retrospectively Post-Rationalising animals! You really need to understand this if you're going to be successful and happy.

This book is all about empowering you to make up your own mind. Giving you the tools to avoid being fooled by others. Of course these same tools will also give you a great advantage in this competitive, opportunistic world of ours. Deception and manipulation is widespread. Learn how to avoid becoming a victim.

At the same time, this volume of around 190,000 words provides a fairly exhaustive description of the most compelling philosophical, sociological, and psychological arguments and the most fascinating philosophers, sociologists, and psychologists who ever dared record their thoughts. What surprised me most was how old most of the ideas we consider 'new' really are. We tend to credit more modern thinkers with arguments that in fact had been presented to the world hundreds, even thousands, of years ago.

You will gain fascinating and valuable insights into human nature, and the nature of reality. You will learn about yourself. You will learn about society. You will be empowered to think for yourself. You will gain an independence of spirit and mind.

This volume will be a fascinating introduction to the world of critical thought. The reader will be entertained and informed by the original authors. In addition they will benefit from having these texts placed in a wide, informed, holistic context. It is this context that allows the original texts to provide their greatest insights. This is the first work on philosophy that has truly been able to provide this holistic context.

I shall now leave you with the greatest minds of history, their hits and their misses. We have a lot to learn from both!
Some of the cognitive-scientists, neuro-scientists, philosophers, psychologists, sociologists, and thinkers whose ideas you shall now have the benefit of include:

We shall begin with those Ancient Greeks. You will be surprised at how modern they in fact are! Ask a quantum physicist or Neuro-Scientist, if you have one handy. If you can find one who knows anything about philosophy!

RELIGION

Ever taken a good look at all the Gods of all the religions of the whole world, throughout all time? From Egypt, to South America, to Africa and Europe? Noticed how similar they all are? Humble births, usually to virgins. Oracles and prophecies predicting they would either be great worldly leaders of great spiritual leaders. Dieing young and being resurrected in Spring, around the time of the Vernal Equinox? Oh, and then their followers 'eating' them, in a ritual of sympathetic and homeopathic magic a.k.a 'holy communion' a.k.a 'transubstantiation'! What's all that about then? Talk about recycling! Nothing new under the Sun for religion! Oh, the names and locations change, but the characters and plots remain the same.

Ever noticed how the birthdays and death-days of all the prophets and Gods, and all the 'religious' holidays celebrating the supposed 'historical' events of 'chosen peoples', just happen to fall around Easter, and Christmas? Why? What do the terms 'Vernal Equinox' and 'Winter Solstice' say to you?

What is the connection between Plato's Socrates and Paul's Jesus? Archetypal heroes of Greek tragedies?

Who was the wise old man that rode out of history on the back of a blue water-buffalo? What did he have to do with Plato, The Catholic Church and the 'Dark Ages', 'The Killing Fields' and Pol Pot, and Chairman Mao's 'purges' of intellectuals? Why is he the age-old enemy of 'freedom'?

What is 'transferred authority'? What are 'noble lies'? What do all 'revealed' religions share in common? Is it the ambition to enslave you?

What about Buddha, the Tibetan 'Book of the dead', Vedanta, Hinduism, Hermeticism, Daoism, Kabbalah, or Scientology? Can these really 'free' you?
Why did Epicurus, Hobbes, and Hume want to save us from religion? Why is Freud the true Christ? What is the real 'original sin' that Priests have eternally turned to their own profit? How original were the Jews really? What does psycho-analysis have to say about religion? A mass neuroses?

What does the Koran really say? Is it anything more than an Arabic 'Old Testament'? What are the 'Satanic verses', and why have people been murdered for merely writing about them? Having a daughter the most loathsome, wicked, shameful thing? Mohamed as female emancipator? Angels telling people to cut off the hands of thieves? If you are a prophet, and your angel's 'revelation' proves inconvenient, can you count on the Angel's revision in your favor? Kill your enemies in their sleep? Kill everyone who won't put on the yoke of Islamism?

What are 'Papal Bulls', 'Fatwahs', and 'Fair Game Policies'? Why does the Catholic Church, Islam, and Scientology want to kill anyone who tries to inform the public about their 'Religion'?

Could it be they have something to hide? What is the real driving force behind 'revealed' religion? Who benefits and who pays?

Will people really believe anything you tell them, if you claim it was 'revealed' to you by angels? Ask a Christian, a Muslim, or a Mormon! What does modern neuro-science have to say about such 'revelations'?

What is the connection between slavery, and laws against euthanasia, homosexuality, same sex marriage, and even anal sex between consenting heterosexual couples? And the taboos on masturbation and suicide? Once you read this, so many things will suddenly become clear to you, and fall into place. You will wonder that you'd never noticed before. But you have been too busy. And you have been living in Plato's 'Republic' without even realising it. It was never openly declared. But was Plato a whistle-blowing subversive or the original big brother?

What does 'The Philosopher Prophet of the Eden Protocols' have to offer that all the past prophets don't?

Why is it fair to say that Hitler and Moses-Joshua were twins?

At the very least I hope Fraser, Freud, Hobbes, Hume, and many others, have all 'woken us from our dogmatic slumbers', so that we can see religion for what it is. After this we are unlikely to hypocritically and arbitrarily discriminate for or against any particular religion. The real question is whether we still need such 'noble lies'. Perhaps we are ready to appeal to scientific arguments and reason, rather than to superstitions which employ a limited range of archetypes. Just to refresh our memory, these archetypes are a golden age, a fall, enlightened prophets and poets who describe the golden age, and how we can return to it, and
in the case of the Indo-European-Western Asian versions, the archetypes of a
virgin birth of a dying and then resurrected god-man, or scapegoat who carries
off our 'sins', and ensures our 'salvation'. In the Chinese versions there is a Daoist
or Confucianist golden age, and later prophets to recall it, and suggest a way
back. In the Hindu-Buddhist versions, there are wise teachers who remind us that
the source of life and dis-satisfaction is desire, and the only way to escape this
'vale of tears' is to extinguish desire, to return to our godhead.

Remember that all religious teachings are 'Myth of Er' type dogmas of the old
'outer-mystery' school, offered dis-ingenuously as arguments, but rather offered
as motivators, carrots and sticks, for us to improve our ethics. Once you
comprehend the nature of religion, and TROONATNOOR, you will understand
this. And then you will be free from religion, and freed to optimalse your
experience of life. You will no longer be slave to anything but your own desires.
And then, if you wish, you may even free yourself from those!
