Today the CFR membership owns almost every mass media vector you could care to mention. They own the television stations. The print media. Facebook. CFR owned and run companies include Time Warner (including AOL). ABC. Disney. News Corp. CNN. Viacom. CBS. Fox. Comcast. Companies owned by Murdoch, Soros, and Rockefeller. All Zionist Jews. They openly talk about their desire to depopulate the planet, and bring about a New World Order.

Other CFR members include the notorious Kissinger, Albright, and Clinton. Supreme Court Judges belong to the CFR. The entire Bush administration associated with their crime against humanity, the 911 bombings, and the war crimes associated with the two Iraq wars, and Libya.

Today the 4200 members of the CFR include the top ranking military leaders in the U.S and Europe. The CFR employ, in the private sector, over 25 million people in the U.S alone. And the public sector in the U.S now accounts for around half of all employment. So in reality the Fascist, Corporatist New World
Order has already arrived. The troops are ready, and simply awaiting their marching orders.

The CFR represent the greatest concentration of economic, political, and military power in history.

The CFR, these New World Order elites, even way back before WWII, felt so confident and sure of victory, that in 1934 they arranged a fascist military coup in the U.S.A. Fact. They offered a retired General the leadership of a half-million strong private army. He reported the offer, and the coup was put off indefinitely. As it turns out they did not have to wait that long. Only for long enough for George Bush Jnr to become President.

In 1950 Warburg openly stated … 'We shall have world government whether or not you like it. By conquest or consent'. This was an open declaration of war by the N.W.O on the free world.

In 1954 the world’s richest and most powerful people met in the Bilderberg Hotel. Leading ex-Nazis were among them. They were doing the groundwork for the formation of the European Economic Community (which was to become the European Union), The North American Free Trade Zone (which was to be expanded to become The American Union), and their equivalents for Asia, ASEAN and APEC, which were to become the Asian equivalent of the European and American Unions. Today of course the E.U are merging with NAFTA. It is beginning with The Transatlantic Economic Union, and the merger of the German stock Exchange, the DAX, with the New York Stock Exchange, the NYSE. A private super-highway is being built through Texas and Oregon, to link Mexico, the U.S.A, and Canada. The land around the highway, and some distribution centers, will be on U.S soil, but considered sovereign territory of Mexico and Spain. The land for the super-highway was forcibly acquired from the U.S land owners for this purpose.

The plan was to build super-states which could then be merged into the one world government. The New World Order. First a series of serious crises would be manufactured to collapse the world’s economy, and plunge it into regional conflicts in the Middle East. The U.N would seize control of the U.S.A using foreign troops and police already trained and deployed in the U.S by government and private security organisations. Any 'patriotic' soldiers will by then have been deployed, like the Jet fighters during 911, too far away to be of any effective use in defending the U.S constitution and the freedoms of U.S citizens.

Before the U.N and mercenary forces in the uniforms of Homeland security, and the National Guard, take control of the U.S.A, all patriotic military personnel will
be 'stood down'. 911 set the precedent for what is coming. For the first time in history, for the hour beginning just before the missile strike on the WTC, NORAD, and Pentagon security, were both 'stood down' by Dick Cheney, another Skull and Bones member. Ask yourself why. It had never happened before. And then all the F.A.A radar tapes relating to that one hour were also destroyed. Why? Because there were NO commercial aircraft anywhere near the WTC or the Pentagon. There was one Missile, and lots and lots of micro-nukes and Nano-thermite charges. The fighter jets would have seen the missile, and maybe shot it down. The F.A.A radar tapes would have shown the missile, but no passenger Jets. The hoax would have been revealed immediately.

This 'Bilderberg group' included Rockefeller, who stated … 'We are on the verge of a global transformation. All we need is the right major crisis and the nations will accept the New World Order'. This is how the Zionists work. They manufacture crises, and then step in, claiming to be the solution. We the people are only ever willing to give up our freedoms when we feel there is no other way to overcome a problem. So they create the problem. We enter a 'deal with the devil'. We exchange our freedom and rights in return for the security of their 'solution'. Some call this a 'dialectic'. They create the problem. We demand protection and a solution. They offer it, on their own terms. It is a Faustian bargain. It is a trick. A con. And we always fall for it. Over and over and over again.

It was not until 1963 that the Federal Reserve Bank faced any real threats. JFK was murdered 6 months after signing executive order 11110. Why? That order was about to shut down the Federal Reserve Bank, and give the U.S government, the representatives of the U.S people, back the right to print money. The new money would be issued without interest. It would have broken the control of the Zionist Jews, not only in the U.S, but all over the world. It would have brought the N.W.O to its knees. It would have been deprived of its 'Philosophers stone'. The right to print its own money, and to inflate and deflate the money supply.

JFK, in his famous June 1963 speech, warned us of 'Covert World Powers'. He was talking about everything we have been considering here. But before JFK's will could be put into effect, he was assassinated. The fatal bullets came from inside his own car. He was shot several times from different distances. The decisive shot, however, was fired by his own Secret Service body guard, at close range. What followed was a huge cover-up.

Hussein started selling oil in Euros. Mossad and the C.I.A made the false flag attacks known as 911, blaming them on Terrorists, and somehow connecting absurd dots to join them with Saddam Hussein. The U.S invaded and killed him,
or his body double. They murdered hundreds of thousands of Iraqi women, children, and men. Many people claim that, Saddam, for 40 years a C.I.A asset, like Osama Bin Laden, was never killed. Gadhafi was working on a new world currency which would by-pass the U.S dollar, and allow countries to buy and sell oil and anything else using gold, rather than worthless U.S paper money. First the C.I.A arranged that false flag terrorist attack we call 'the Lockerby air disaster', then they force Gadhafi to take responsibility for it, and then later they invade Libya and murder him. Recently Brazil, Russia, India, and China set the groundwork for a new world currency, the BRIC's bank, which would by-pass the U.S dollar, allowing people who had the balls to defy the Zionists with their U.S puppet government and military backing, to buy and sell oil, gas, and anything else they liked, without ever having to first buy U.S dollars to do it with. It is seen as a rival to the IMF And World Bank, both of which are owned and controlled by the Zionists central bankers. It was this for this reason that NATO has placed sanctions on Russia.

The U.S money supply is, at a very conservative estimate, already 10 times greater than the actual value of the entire U.S economy. Japan and China were tricked and coerced into accumulating trillions of U.S dollars. They cannot afford to break the ponzy scheme. If they did they would lose trillions of dollars. If everyone tried to convert their U.S dollars into U.S products and assets, they would only get ten cents on the dollar. That means the U.S dollar is currently overvalued by 90%. 17 Trillion dollars was printed during the last crises, simply to prevent a total collapse of the banking and insurance system, and stock markets. If you hold any assets that are valued in U.S dollars, it is time to sell them, to try to get something for them, before it is too late. I wonder at what exchange rate the new IMF drawing rights will give for U.S dollars when it comes time to swap over to what is already, officially, the new world currency. I tried to warn my mother in Australia. But no-one ever listens to me. Maybe one day you will read this, after the fact, and it might give you some motive to listen to me next time, if I ever get a chance to speak to you. Probably by writing this I am sacrificing what little freedom and life I currently have. Oh well, I guess that's just the way it is. That's life folks!

In 1945 the Zionists with their U.S puppet government, played a huge trick on the rest of the world. At 'Bretton Woods' the U.S got every other nation to agree to adopt the U.S dollar as the world reserve currency. They agreed that all the world's commodities, from oil to bananas, from iron to gold, would be priced in U.S dollars.

The U.S promised that for every 35 U.S dollars they printed, they would keep one ounce of gold in the U.S treasury vaults we know as 'Fort Knox'. Each
nation then transferred all of its own gold supplies to Fort Knox. Since they sent it, no-one has ever seen it again. As you will see, they tried to get it back. But unless they were willing to wage war on the U.S, they were NEVER going to see that gold again.

'Safe as money in the bank' is perhaps the most successful act of 'priming' and 'propaganda' ever committed against the human race. No-one is, nor will they be, allowed to see for themselves how little gold is really kept at Fort Knox. I suspected years ago, before understanding anything about the petro dollar and Bretton Woods, that the U.S would sell off its gold reserves, as in fact they served no purpose, and provided no value to anyone.

The original idea that sold the world at Bretton Woods on the idea of making the U.S dollar the reserve currency was trust in the U.S Federal Reserve, that it would never print more money than it had in gold reserves, that is, no more than 35 U.S dollars for every ounce of gold that it kept at Fort Knox. The last time any public official got to take a look at the gold, he could only report having seen what looked like a pallet of gold bars, through the security bars. He was handed a bar of what looked like gold.

Of course the market price of gold has climbed ever since I wrote down my belief that the Fort Knox gold would be secretly sold, making a fool of me. But that is all part of the dramaturgy. If you think you can avoid the dollar’s crash by buying silver and gold, then think again. Remember it is a criminal offence to offer, or accept, silver or gold as a form of payment, in return for goods or services. At the start of the Bolshevik’s reign, it became illegal to even hold gold. So any gold or silver you have will only be worth whatever the government decide to give you for it, in new IMF purchasing rights. Yes, the new world currency is already here. The market price of silver soared as people started realising that the ponsy scheme could soon be crashing down, along with the exchange rate of the U.S dollar. But they really miss the point. What you should be buying is productive assets and weapons to protect them. A farm. A bunker full of long-life foods and drinks. Lots of weapons. Lots of ammo. Lots of body armour. Lots of fuel. But only if you are the action hero type. If you think your own, not-U.S currency is safer, think about it. For your government has been buying oil and selling goods and services to the U.S. They have been paid in U.S dollars. We need to know the official level of U.S 'reserves' held by the European Central bank, to be able to work out how much they are going to lose, when these U.S dollars are valued at their true value, as I said, around ten cents in the dollar, at best.
George Soros is the first to admit that it is all about perceptions. Soros loves to talk about his own version of 'reflexivity'. As I have always said, the meaning of one thing is reflexive of the meaning of everything else. The market price reflects perceptions. What people believe. Their definitions. Their social reality. Independent of the reality, of the true value of things. A fiat currency like the U.S dollar is worth as much as people are prepared to pay for it. And it still is the worldwide currency for criminals. The U.S is the world’s biggest money laundry for money made by criminals from drug dealing, prostitution, and so on. And guess where the largest money laundering investigation of all time was being carried out at the time of 911? Go on. Take a wild guess. Yep, the WTC.

There are hundreds of nations, all with their own currency. They want to buy from and sell to each other. The reserve currency is about trust. Which currency do you trust will not fall in value while you are holding it? Which government is reliable? Sometimes you have trade surplus with a country, and so they end up giving you more of their currency than you have given them. You are left holding 'reserves'. What if that country devalues its currency? Then you lose. So the whole thing was a confidence trick. The U.S promised they would be reliable, and not let their currency fall in value. So keeping U.S dollars would be without risk. You could keep reserves without fearing that they will become worthless tomorrow. In some cases even worthless. So much for putting your trust in the U.S Federal Reserve. So much for taking that 'leap of faith' that all con artists are so keen for you to take. 'Trust me'.

Remember that all magic tricks succeed through 'mis-direction'. It means you distract the people you want to trick / dupe / deceive at the right time. You distract them while you are setting up the trick. They are looking somewhere else, not paying attention to you, while you set it up. Once you have set the trick up, it does not matter how closely they interrogate what you are doing. It is too late. They will never be able to go back far enough in the process to the point where the trick really occurred. No matter how clever they are. This was when the world was conned by the Zionists, at Bretton Woods.

Because the U.S, the Zionist world bankers, never had ANY intention of honoring their promise. They never gave anyone access to the Federal Reserve Bank, to actually check on how much money the Jewish bankers were actually printing. A few countries got nervous now and then, and asked to 'convert' their paper money back into gold, at the rate the U.S had promised, of one ounce of gold for every 35 U.S dollars. More and more got nervous, when their economic advisors noticed how much the U.S government was spending each year. In fact the U.S spent as much on their military as the rest of the entire world combined. The invasion and terrorist attacks the U.S inflicted on the Vietnamese people was
costing the U.S a fortune. Making the U.S military-industrial complex rich, of course, but costing the government a fortune.

In 1971 the French government approached the U.S government to convert all its U.S dollar reserves at the promised conversion rate of one ounce of gold for 35 U.S dollars. Nixon refused. Nixon 'temporarily' suspended the convertibility of U.S dollars. Of course the suspension has never been lifted. The game was up. The con exposed. The dupes realised their error. Only it was too late to do anything about it. The world was stuck with Billions of U.S dollars that would never be convertible back into gold. The U.S dropped the 'gold standard' and now the U.S dollar was nothing more than paper. Really. Don't believe me? O.K, sure, people at the moment are still willing to work for it, and to sell you stuff for it. They have no choice. It is illegal in the U.S to buy or sell anything with gold or silver. You have no choice but to use worthless paper money.

The second biggest con the U.S Zionists managed to pull on us was in 1973. Take a look at the face of the Saudi King after he has signed the agreement that Nixon had more or less strong-armed him into. A definitive 'offer you can't refuse' was made to him, and all the other Gulf oil producing nations. King Saud, in the photo, is clearly not a happy chappy. The other oil producers in the region soon followed suit, resulting in O.P.E.C, which made the U.S dollar the 'Petro-dollar'. Of course it was the 13th tribe, the Levites, the Zionists, who had made the first 'offer you can't refuse', when Joshua told the 12 other tribes that they could go along with the rule of the 13th tribe, Joshua's Zionist Levite buddies, or have god totally fuck them over. What was the deal? The U.S would protect the Saudi Royal family, and allow them to rule, and live in luxury, as long as they agreed that in future ALL oil they produced would ONLY and EVER be sold in U.S dollars.

The Saudi's, like the other O.P.E.C members, would only be allowed to keep a portion of their profits. The bulk of their profits would have to be 'invested' in U.S federal bonds and U.S securities. In other words simply more worthless paper. Paper money that was literally worthless, as it had NO gold to back it. It had NOTHING to back it. The Zionist Jewish bankers were printing the stuff as fast as they could. It was just paper. So why did the Saudi’s agree? Well, as with Joshua, the Zionists deal was simple. Do what we say, go along to get along, and you’ll do fine. We reward our accomplices in our drive for world domination. Imagine you can resist us, and say no, and we will fuck you over five ways till Thursday.

Look what happened when, in the year 2000, Saddam Hussein decided he would no longer play their game, and started selling his Oil in Euros. The world’s
second largest supplier of oil suddenly selling in Euros. That would have totally 
ucked up the U.S dollar. People would no longer need to buy U.S dollars with 
their own, real, money, in order to buy oil. They could use a real currency. One 
that had real value. The Euro. And so for a few months, before the invasion and 
the return of Iraq to the petro-dollar, the U.S currency fell massively on world 
foreign exchange markets, and the Euro soared in value. Of course the real forex 
traders, the Jews, managed to make a fortune on this short term collapse, for they 
knew for a fact that the U.S would invade Iraq and force them to return to the old 
system. At the time most of us had no idea why the Euro was soaring and the U.S 
dollar collapsing. Now you know. And now you know why the Zionists, the 
Jews, have manufactured all the crises in the Euro Zone.

If you live in Greece, or Portugal, or Spain, then pick up a copy of 'Mein Kampf' 
while you have a chance. That funny angry little guy everyone makes fun of as an 
insane criminal? Guess you gave us all that image of Hitler? Who controls the 
mass media? Who decides what you think and feel? Sorry, my friends who 
happen to be of Jewish origin. I love you. You are among my favorite people. So 
many of you. But it is Zionist Jews who are using you, and us all, as means to 
their own ends of fulfilling their biblical ambitions of world domination. They 
are happy to offer up the 12 tribes as a burnt offering, of a sweet savor unto their 
own nostrils.

So the C.I.A and Mossad, who both work for the Zionists, and have no interest in 
the welfare of either the Jews or the Americans, planned, orchestrated, and 
committed, what we know as 911. I will explain the whole conspiracy in detail 
later. Most of the basic details were already part of earlier 'false flag' terrorist 
attacks planned during the JFK administration, in order to get public support for 
the overthrow of Cuba and Castro, called 'Operation North woods'. I will provide 
details of that later.

The Zionists, Mossad, the C.I.A, and all their assets, including the U.S President 
and British Prime Minister, played the U.S taxpayers for fools, to get them to 
support and pay for the invasion of Iraq necessary to get them back to using U.S 
'petro-dollars'. In the first invasion, they got Iraq to 'angle' drill into Iraqi oil 
fields, to provoke Iraq to invade. The Zionist media spread propaganda in the 
form of faked stories and photos of Iraqi soldiers doing horrible things like 
murdering babies, and raping female military personnel. Remember those 
stories? Proven fakes. Well 911 was all fake, except for the deaths of the 
hundreds of thousands of victims, in New York and Iraq.

The U.S got all the oil producing nations in the O.P.E.C group to adopt the U.S 
dollar as the ONLY currency that they would sell their oil in. It was an offer they
could not refuse, not just because of threats, of sticks, but also carrots. For they were offered a deal that was very good at the time. They were guaranteed a price that was well above the then current market price for oil. Many people felt it was a sort of cartel, aimed at working together to restrict production and hence keep prices high. But that was just one of the mis-directions. In fact these O.P.E.C nations would soon realise their mistake. But it would be too late. Any nation that even threatened to start selling oil in any other currency, was threatened with overthrow. Those who stood up to the threats were overthrown. Murdered. Saddam Hussein, Gadhafi. And now?

Right now the only people who pose any threat to the U.S dollar, and who have major oil supplies, are Iran, and Russia. Iran has the world’s third largest oil deposits. Russia is of course rich in oil and natural gas. If they start selling their oil in Euros, or exchanging it for Chinese goods, or for gold, or for Brazilian natural products, then the true value of the U.S dollar will become apparent.

Please pay attention. The ONLY reason the U.S dollar has ANY value is that people use it. It is only paper. Once the U.S had tricked the world into using it, they had no choice but to keep using it. Not just because the U.S would ruin you and your country if you threatened to, but also because you had so much of it. The O.P.E.C oil nations had most of their ‘wealth’ in the form of U.S paper money and paper treasury notes. All of it would become worthless overnight if the system collapsed. It is a pure ponsy scheme. If a few major players pull out of the scheme, then the entire scheme falls apart. You need to keep the players you have, and constantly get new players to come in, and swap things of real value, such as Euros, or gold, or silver, or shares in companies, for the ponsy scheme ‘credits’, the worthless paper money, the U.S dollar, for the scheme to continue. However of course at some point everyone knows that the ponsy scheme is going to fail. It is just a question of when. And of 'hope springs eternal'.

And so right now Iran and Russia, along with Brazil and China and India, are posing the biggest real threat to the ponsy scheme called the U.S dollar since Saddam Hussein (Iraq) and Gadhafi (Libya). However China has to play its cards carefully. For around 30% of U.S mortgages are indirectly financed by Asian investors. The U.S government has borrowed billions of dollars from China to finance the war in Iraq. The Chinese government holds billions of dollars’ worth of U.S government securities.

The petro-dollar, the Zionist Central Bankers ponsy scheme, reduces the financial sovereignty of nations, as other nations have the power to influence their monetary supply, exchange rates, and hence monetary policy. It is one tool of 'total war', of 'full spectrum domination'. The World Bank and IMF, along with
Hollywood and the mass media, are the other tools of the Zionist’s full spectrum domination. More on that later.

Now the U.S has had plans for the conquest and destruction of Afghanistan, Sudan, Iraq, Libya, Syria, Lebanon, and Iran, for many years. They carried out their false flag attacks, 911, The Lockerby air disaster, and invaded Afghanistan and Iraq, and Libya. They set up and ran Al Qaeda and ISIS as false flag operations with real victims. Al Qaeda served its purpose. Now ISIS is serving its purpose. It is nominally Sumi Muslim. But then again Al Qaeda was nominally Muslim too. False flag operations are all about getting the U.S and world public opinion in favor of an invasion of whatever country you want to invade. In this case it is Iran.

The C.I.A and Mossad got their ISIS to destroy Christian cities in Syria. The U.S plan to use ISIS as an excuse for returning, in force, to Iraq. They will be 'saving Christians'. The U.S have the complete operational plans ready. They are doing this. They are also going to invade Iran, and Syria, to bring it back into the U.S dollar petro-dollar ponsy scheme. They have to succeed, or the U.S dollar will collapse. The whole Federal Reserve ponsy scheme will come crashing down around their ears. The IMF and World Bank will be threatened.

Remember that the interest owed by the U.S government is more than its entire tax revenue for the entire year. There is NO way it will ever be repaid if the current system is maintained. U.S children inherit this debt when their parents sign their birth certificates. They are basically signing their own child's 'bond of servitude'. They make them 'debt-slaves'. Unless you are among the top 10%, that is. The Zionist Federal Reserve Central Bankers own the U.S. They own the government. They print pieces of paper, and in return, the U.S government give them 'Federal Bonds'. In this way the U.S Federal government sells its citizens to the Zionist Central Bankers. Each baby born today will inherit over 50,000 U.S dollars of debt, as soon as you sign its U.S birth certificate. Best head for Canada or Mexico! By the time a U.S child is old enough to be paying income tax, this 50,000 dollar debt will have accumulated interest. They will owe 250,000 U.S dollars. It will continue accumulating interest. 90% of U.S citizens will NEVER be able to pay back their 'bonded' debts.

They became 'bond-ed-serfs' to the Zionist Central Bank as soon as the 'Golem' 'Occupation government' in Washington D.C exchanged their 'bonds' for the Zionist Central Bankers fiat paper a.k.a U.S dollars, which they simply printed on their printing presses at the Federal Reserve, their privately owned bank. This is what Rockefeller meant when he said he did not care who officially made the laws, as long as he controlled the Federal Reserve Bank, and thus had the power
to issue and control the money supply. The Federal Reserve, like all the world's central banks, are the 'Philosopher's stone' which prints the paper to feed the 'Golem'. The Golem is all the people who prostitute themselves for the Zionist's paper money. Any time you borrow money you are making yourself a 'Golem'. You are making yourself Rockefeller's 'bitch'.

Some people believe that this will serve the interests of the Zionist's plans for a one world government. They even believe the Zionists want a full scale world war. They have built underground cities to house the 13th tribe until the radioactive dust clears, and they can emerge as masters of a purified world. A world purified by fire. By nuclear fire. Cleansed by fire and brimstone, as befits their volcano god. Even the Christians have bought into the idea of an Armageddon that is to be followed by a new heaven and a new earth, a new Eden.

It is not yet clear to me which groups have planned, and want, what, and how they are currently maneuvering into positions.

However the pattern seems clear. The facts have been established. It is only a question of whether the Zionist U.S is bluffing, whether the Russians and Chinese will 'back down' at the final moment, and allow the U.S Zionist invasion of Iran and Syria, or whether in fact the Russian and Chines Elites have already been bought off, and are only acting, like the U.S president and British Prime minister, as Zionists puppets. It may be that world war three has already been choreographed and Putin and the Chines are just playing out the final stages of the dramaturgy.

I think we really have only a small window of opportunity. But most of the people with guns have been brainwashed to define the true enemy as the friend, as the hand that feeds, and will define anyone like myself as the enemy. I can't do much about it. O.K, so I am a bit of a narcissist, but also quite Zen. I can accept whatever happens. This current world order sucks. Most of you are cruel, horrible, ugly monsters, no malice intended. There is no free will, so whatever will be will be. It’s just the narcissism in me, I guess, that wants to show everyone how clever he is. I want to show everyone that I have finally worked it all out. I actually have an alternate New World Order. Protocols for a new Eden. Maybe the people in charge really will bring about the sort of new world order, the new world Eden, which I have hoped for. Maybe it is good that no-one will read this or bother to do anything. I am writing it as that is what Markus does. That is what a Markus is. A philosopher prophet. Happy next lives?
911 (5 minutes to midnight)
Three months before 911 Bill Cooper warned us that New World Order conspirators had planned to stage a massive terrorist attack on the U.S, big enough to possibly justify the declaration of Martial law. Well he was right on both counts. The 'martial law' has been declared, only most U.S citizens haven't realised yet.

A set of 'gaming cards' called 'Illuminati', and printed in the early 90s, show pretty unequivocal cartoons of the 911 attack, however what is most interesting is that in the depictions, there are explosions, but NOT airplanes. Further cards show the Japanese nuclear catastrophe, earthquakes and storms being produced by scientists in lab coats, and the Ginza station and Olympic site terrorist attacks, the British bus and underground terrorist attacks, and a massive oil spill. And wait for it, a card showing martial law being declared in the U.S, and a World Supreme Court with power over any government in the world. There is even a card depicting WWIII. Yep, folks, World War Three.

For those fans of 'Armageddon', you have two things to look forward to. Either the real 'rapture', which many religious groups are predicting for September 23/24, 2015. Or, failing the real thing, a new film 'Tomorrow Land', which depicts the same.

'The lone gunmen', a movie which aired 6 months before 911, depicts the U.S government conspiring to hijack an airliner and crash it into the WTC, in order to blame it on terrorists, and justify a war. In this movie the motive is pure big business profits for the military-industrial complex. In the movie the conspirators use a remote control. In the movie the pilots regain control, averting the catastrophe. You can do internet searches to find a long list of movies and televisions shows, ranging from 'The Simpsons' to 'The Terminator', where clear allusions appear to be being made to 911. Be prepared to feel chills being sent down your spine!

Fold your U.S 20 dollar bill symmetrically, and low and behold, what image appears before your eyes. Tell me it does not look exactly like the most famous image of 911. Now turn it over, fold it again, and find yourself looking at a depiction of the Pentagon attack. Now fold your U.S 5 dollar bill to see 'before and after' depictions of the WTC. Check out internet websites to learn exactly
how to fold the bills. It is really eerie. Now fold the U.S 20 dollar bill a different way, and guess which U.S President's name appears? Obama. Good old 'Obama's bin Lie 'in to ya'.

William Colby, Director of the C.I.A from 1973-1976 stated that all the significant players in the U.S mass media industry are C.I.A assets, that is, they are under the direct and indirect control of the C.I.A. The mass media portray all events in the way that the C.I.A want them to. The mass media influence and construct public opinion in whatever direction the C.I.A tell them to. The mass media define every person and every event in exactly the way the the C.I.A tell them to. The mass media say whatever the C.I.A wants them to, about anyone, and anything. The C.I.A get to tell you who is a terrorist. The C.I.A get to tell you who are the bad guys and who are the good guys. The C.I.A get to tell you that 2+2=5.

In other words, through the mass media, the C.I.A define your social reality. The hegemonic social reality is defined by the C.I.A in the U.S.A. And that means around the world. Most of your favorite movie directors, actors, and even pop musicians, are C.I.A assets. The mass media are the puppets of the C.I.A. The mass media, companies like Reuters International, CNN, Time-Warner, ABC, Fox, The Wall Street Journal, Newsweek, The Washington Post, The New York Times, and so on, are all owned by Zionist Jews. Mossad, a private intelligence agency that the Israeli people falsely imagine work for the people of Israel, to protect their security, actually translates to mean 'War by Deception'. In 1979, the head of Mossad is on the record as predicting that the tallest building in the U.S would be attacked by terrorists.

So who are the C.I.A? The C.I.A were set up, in 1914, in London, nominally by the British General Staff, as a branch of the British Secret Intelligence Service which itself was founded in 1694 as a secret intelligence agency of the Jewish controlled and owned Central Bank of England. They were, and still are, a private intelligence gathering service for the Zionists Central Bankers. Like the Central Banks, and the I.R.S, the C.I.A are really a private organisation. It is amazing that I never realised any of this until recently. The C.I.A full spectrum dominance of our mass media has been incredibly effective.

In fact in 1981 the Director of the C.I.A admitted that the aim of the C.I.A was mis-information. He stated openly that everything the American public has been lead, by the C.I.A, through the mass media, is false.

From now on, do not believe what you see or hear. I really believed I had seen commercial passenger 767's flying into the WTC. I really believed I had heard telephone calls made from flight crew and passengers on hijacked planes. In fact
at the time of the calls, those planes were nose-diving 6 to 8000 feet per minute. People were speaking on mobile phones that could not have been functioning. They even made calls on plane-phones that had been taken out years before. Those phone calls we heard could never have been made.

What did Ted Gunderson, former Chief of the L.A F.B.I have to say about the C.I.A? He stated on the public record that the C.I.A were behind most, if not all, the terrorist attacks that had ever taken place.

What conclusion did the U.S Army War College investigation come to regarding 911? That it was a Mossad operation, in complicity with the U.S government.

Do you know of any passenger plane that can fly above the speed of sound? Say, 690 miles per hour, at 35,000 feet. Boeing, who made the planes supposedly involved in 911, don't. Well that is what these planes were doing, according to official eyewitness accounts. The plane manufacturers were the first to admit that these planes would have been falling to pieces at the speeds and altitudes indicated by official accounts. And yet people were calmly making telephone calls, or sitting quietly, while plummeting to their deaths. Not only that, but pilots with no experience were managing extremely complicated maneuvers while the plane would have been completely impossible to manage, if not literally falling to pieces around their ears.

In hindsight, looking at the original footage shown, and listening to the original eyewitness accounts, it was a large grey-black U.S military missile that hit the second tower. No plane at all ever hit the first tower. The footage was produced quickly after the explosions, by a number of different C.I.A media assets, and most of the media reporters had been 'briefed' by the C.I.A on what to say and how to report the incident. That is why many reporters accidentally 'reported' on building collapses, on international television, long before they actually occurred. This is just one of the many 'mistakes' made, through which clever investigators have now been able to piece together the story of what really happened.

The WTC came down because of controlled detonations. In the original ABC7 reports, which investigators managed to recover, the announcer describes the unfolding events as a 'demolition'. The announcer describes 'little explosions like gunshots' going of 'bang, bang, bang, bang, bang, bang', followed by three big explosions, followed by smoke like snow'. They said that the 'plane' 'practically flew THROUGH' the WTC. Even the Fox announcer agreed that 'That's how it looked to us'. They had not been 'briefed' well enough. They gave away details that were later 'edited out' of the footage shown later, and which most people will remember. But for those of us who remember the original footage, or have access to this original 'un-edited' footage, we will notice that the
missile was replaced with a jet airliner. To date you will not be able to find any FAA, ground, or satellite radar data showing any passenger airliner crashing into the WTC. The only passenger airliner to be seen anywhere near the WTC can be seen in the news footage, flying a long way off in the distance, from right to left, across the screen. I have even seen some footage that seems to show a missile appearing way off, traveling at supersonic speeds, and slamming into the first Tower. But the footage is not as clear as the original footage showing a black missile hitting the second Tower.

Keep in mind that the U.S military have missiles that are virtually the same dimensions as a 767. They have depleted uranium noses, to break through the hardest and strongest of materials. They also 'jam' all digital communications equipment in a several mile radius. All radio communications during 911 went 'down' just before the 911 events, and did not return until after the first explosions. Just try to find one single mobile phone recording of 911. Ask people who were trying to use their phones before 911, in New York, near the WTC.

The first firemen to arrive at the scene, and be interviewed, talked about 'planned explosions in the lobby of the WTC, whose force threw people to the ground' and of 'a fireball exploding out of the ground floor elevator shaft, with people running around on fire.'

We now know when these explosives were placed and by whom. They were placed during elevator modernisation beginning around 9 months before 911, and then in March 2001. Armed security guards prevented anyone taking a look at what was going on. Guess who the guards were employed by? Guess which company was responsible for security at the WTC Twin Towers? Guess who ran those companies? The conspiracy is wide, but because of the huge amount of cross ownership of companies in the U.S, the actual number of conspirators did not need to be very high.

The explosives were placed in the offices that we watched exploding on 911, during fire protection upgrades which took place, exclusively, in every one of the offices where the first explosions occurred. Office workers in other offices also complained, before 911, of excessive dust. These were the offices housing staff and records that the C.I.A wanted destroyed. They were placed by C.I.A and Mossad operatives. In fact several Mossad agents set up their camera from a good vantage point, and were witnessed filming, and cheering, and dancing as the WTC exploded. A woman reported the suspicious activities of 5 men dancing and filming as the WTC fell. They were arrested. Two of the men were Mossad agents. They were released and allowed to fly back to Israel. When they
appeared on Israeli television, they admitted openly that they had been there to 'document the event'. They literally said 'We were there to document the event'. They were clearly not there by chance. They knew what was going to happen and they had set up their cameras from a good vantage point to catch the tragedy in all its horrific details.

It was key to bringing down the towers that explosives be placed in the elevator shafts. There was no flammable material in the elevator shafts. The elevator shaft system was hermetically sealed to prevent any sort of fire ever being able to travel up or down it. You cannot have fire without oxygen. There were fire shutters in place which limited the flow of air up and down the shaft. But witnesses saw huge fireballs exploding out of the elevator shafts at ground level, and elevator passengers emerging in flames. This would have been impossible. It would have been impossible for jet fuel alone to produce that effect.

Mossad had also planned to blow up a freeway underpass with a truck bomb. You will not believe what was painted on the side of the truck. A picture of a 767 crashing into the WTC. Facts. They were stopped by police before they could park the truck and explode it. The police arrested several Israel men. When the story was reported the nationality of the men arrested was never mentioned.

200 Israeli spies were actually arrested just before 911, but they were released, and all the documents the police raid had found were destroyed. Many of them had failed lie detector tests. Two men stopped driving a van full of explosives were also arrested but released. On whose orders? Michael Chertoff’s. Ask him why.

You might ask why it took over a decade for people to discover all this evidence, and report on it. People did try to report it. They were mobbed and fired from their jobs. This included all many of Bureaucrats and even politicians. 61 U.S legislators actually voted to blacklist Professor Kevin Barrett when he publicly challenged the official cover-up, and questioned the official fiction of 911.

While these Mossad agents were documenting the results of their hard work, Reuters, in Palestine, were handing out cakes and sweets to families and their children. The Palestinians had no idea that 911 was taking place. They were merrily enjoying the little party that the CIA, Mossad, and Reuters had set up for them. Why would the CIA and Mossad feed Palestinian families cakes and sweets, and throw them a party? Poisoned food? Nope. You might remember that all the mass media in the U.S and around the world showed footage of Palestinians cheering with joy at the news of the WTC attacks? This gives you an idea at how sophisticated and cunning your mass media are at manipulating your emotions and thoughts, and constructing public opinion. Of course none of
the mass media showed, or reported on, the documented incident of the Israeli Mossad agents actually dancing with joy and singing with glee as 3000 people were burned alive, as a 'burnt offering' to the Zionist cause. A woman noticed the Israeli's, and called the police. The Israeli's were first taken in for questioning, but then released.

The only part of the structure that was not pulverised, melted, or cut into neat 30 feet lengths, was the foyer gallery. This was the only area where the explosives experts could not find any places to place explosive charges that could easily be hidden from the public, both during and after their installation. It was the only area that did not suffer complete mechanical failure. It is a memorial to the designers, who had designed a building that could never be brought down without a sophisticated, controlled demolition. A unique feature of the WTC was a core structure of 47 steel columns from basement to the top floor. There is no way a passenger airliner could have penetrated them. There is no way they could have melted due to the heat of a jet fuel fire.

The writers of the official 911 cover-up were amazingly arrogant. In the model of the WTC, they have a hollow core. None of the 47 steel columns appear in the document. The reader is shown a picture of a tower with a hollow core. This is such a blatant deception. A patent deliberate act of misinformation. There is no way the investigators could have done this by mistake. It was a deliberate attempt to misinform the public. Keep in mind that after 3000 deaths, the government invested only between 600,000 and 16 million in the investigation, compared to the 40 to 80 million dollars spent on determining whether Bill Clinton had 'sexual relations' with another consenting adult, Monica Lewinski.

We know the metal superstructure was first cut into neat 30 feet long pieces with thermate charges. Thermate is an enhanced version of Thermite. It cuts through steel like a hot knife through butter. Any kid could make normal thermite at home, from materials that are readily available in shops, and recipes that you can find on the internet. However to make thermate, you need Nano-aluminum. That is a strictly controlled substance. It is used in the U.S military. However the companies that make it also have strong ties to the C.I.A and Zionist Central Bankers. They have strong ties to the people who leased the WTC, and who ran all the security for the WTC. This is the reason for all the molten metal seen flowing from the tower, and the white pyroclastic flows, made up of pulverised concrete and steel, and of course asbestos. Anyone remember why they put asbestos in buildings in the first place? Because it cannot burn maybe? It was used as fire insulation. The stuff does not burn.
No-one wanted to buy or lease the WTC, because the cost of removing the asbestos in it was greater than the value of the building. And so financially, it was actually cheaper to knock down the WTC, than to remove the asbestos. Just six weeks before 911, Larry Silverstein, who had taken out the 99 year lease on the WTC, paying on a relatively small down-payment as a deposit, doubled the insurance policy on the WTC to 3.5 Billion U.S dollar. Silverstein is a Jewish businessperson well known for his Zionist views. He stood to gain 3.5 Billion U.S dollars if, by some miracle, the WTC were to be destroyed. By some fortunate co-incidence, we are supposed to believe, he, and his son, and his daughter, all just happened to NOT be in their offices on 911. In fact we now know for a fact that an instant messaging service that his own company owns, sent text messages to 4000 Jewish staff and their families, warning them to stay away from the WTC, just 2 hours before the first explosions.

And so a few people were very happy, for lots of different reasons, when the WTC came tumbling down. A lot of people were also hit by terrible tragedy, because they lost their loved ones. They were of course compensated for the future earnings potential of their loved ones. Many people became extremely rich as a result of their compensation payouts.

All three WTC buildings came down at near free fall speed. All experts agree that it must have been a controlled set of explosions, precisely timed. Liquid pools of iron and steel were seen flowing in streams, like in a steel furnace. Months later pools of metal were still glowing hot, deep in the basement. No explanation was ever offered as to why building 7 imploded. In fact there was not one single reference to building 7 in the entire official report. It was a complete cover-up. A farce. An insult on our intelligence. An insult to the murder victims. Murdered by their own government. Of course no mention was made of building 4. Even today, about half the U.S population are not even aware of building 7 having been destroyed, let alone building 4 suffering partial damage from fires.

You were told that the U.S authorities had no reason to expect a passenger airline would ever be hijacked and flown into the WTC. Did you know that at the same time that events were unfolding on 911, there were 22 individual 'mock' passenger airline hijackings taking place? They were part of war games simulations and training exercises that had been planned long in advance of 911. The whole 911 crime took years to plan. The final preparations took place during 'power downs' and 'evacuation drills' just before 911.

In fact the FAA did report a hijacked passenger airliner flying towards New York. They stated clearly that this was not part of any training exercise, war game, or mock hijacking test. The war games, and training exercises were taking
place in Canada and Alaska. This is why most of the jet fighters which would otherwise have been available were in Canada or Alaska at the time of 911. The FAA officers clearly requested that fighter jets be scrambled to intercept the airliner. So how did the authorities respond? Ineffably they sent the only four available jet fighters that were not in Alaska or Canada taking part in the 'mock' hijacking exercises and war games, far enough out to sea that they never could have made it back in time to see the missile hit the WTC, and be witness to the fact that there were no commercial passenger jets anywhere near the Twin Towers, let alone crashing into them.

It is a federal felony to remove anything from a crime scene. It is considered evidence. While they discovered D.N.A of the firefighters who heroically and tragically gave their lives trying to save other people their own government had murdered, there is no evidence at ANY of the supposed crash sites of any of the supposed hijacked planes of any D.N.A of any of the supposed passengers. Well, true, many of them are walking around today, after miraculously surviving what we all saw on television. I guess I will have to reconsider my position on miracles. Maybe there is a god and angels after all?

While the government immediately began removing all the evidence of their crimes, and shipping it off to China to be recycled, a few people collected samples of dust from the site, and documented a series of perfectly cut metal beams, cut at 45 degrees, exactly as a professional would do in order to produce the exact sort of controlled demolition we all saw repeated 3 times on TV. They also documented molten metal. In fact the remaining wreckage was too hot for rescuers to walk on for days after the events of 911. Six to Eight weeks later pools of molten metal were still being found in the basements of the WTC buildings.

What scientists discovered in the dust was Nano-aluminum and thermate particles. Concrete dust had been fused with metal. In fact there was enough thermate found in the dust to actually ignite and explode it. They also found something maybe even more disturbing. Sulfur residue, in amounts consistent with the use of thermite explosives, and for which no other explanation could be given, were also found. And even more alarming, perhaps, is the fact that radio Isotopes were found in 4 independent university studies. In other words micro-nukes were used as part of 911. Remember that black-ops are commonly used to test new weapons. Ask the witnesses in Iraq about the laser canons and other strange weapons they saw being used. Most of the eyewitnesses, however, were the victims of them.
All the experts agree that the WTC was brought down with controlled explosions timed to go off just after thermate charges had cut through the steel beams making up the WTC support structure, in the walls, and more importantly, in the core. Unless you believe an expert who thinks the WTC core was hollow. Unless you believe that air fuel burns hot enough to melt metal, in which case why doesn't it burn jet turbines? Unless you believe pre 2001 model Boeing 767's can fly faster than the speed of sound while maneuvering. Unless you believe your own government is working for you. Unless you believe! Just take a leap of faith. Leap into the abyss! Surely you can trust the C.I.A, and your own government? OR? What follows is a brief description of well documented and proven false flag attacks carried by the U.S government.
Other proven and documented false flag attacks choreographed by the C.I.A and Mossad

The U.S has 'intervened', often supported by its allies, the U. K and Australia, in over 72 sovereign nations since WWII alone. The U.S government, C.I.A, Mossad, and MI7, have a long history of false flag attacks. The idea is to either provoke those targets you have already planned to invade, overthrow, or control, to attack you, or to attack yourself, and claim that it was them. In each case you will then have manufactured a justification for carrying out the already planned actions against your targets. You will have popular public opinion on your side, after the C.I.A /Zionist mass media have primed, and conditioned them to respond with outrage to the images and propaganda that they will now be presented with. The aggressor will have manufactured public opinion for a breach of international law and basic human rights. They will have defined the operation, that had been planned well in advance, for reasons completely unconnected to the ones publicly given, as 'just cause'. The targets will have been defined as terrorists, as monsters, as threats to the security of the U.S, the U.K, Israel, and the rest of the world.

The real reasons are financial and political. They are to gain full spectrum domination of the world’s energy supplies and mass media. They are to shore up the ponsy scheme we call the U.S dollar, and the Central banking system. Are they also part of a long running plan by the world's elite to bring about a one world government? Do they intend freeing us from our current situation, or merely enslaving us even further? The question, in my mind, is still open. I cannot say whether I am for or against the objectives of this New World Order, as they have never stated these objectives openly. I can say that I do NOT believe that the ends EVER justify the means. I am against violence of any kind. I am for holistically informed consent. I may be naive, and even wrong. But I have given you the chance to make up your own mind. You can verify anything I have written here for yourself. I have no ulterior motive or hidden, opportunistic agenda.

Keep in mind that the whole notion of a New World Order may itself be a false flag conspiracy. Someone else may be using the N.W.O as a means to its own ends. There are always secrets upon secrets. Always a secret cabal at the top of the secret cabal. Always another 'inner circle' within the 'inner circle'. Who
knows, it may be 4th dimension Lizards, as David Icke keeps warning us. Keep your mind open. Keep your eyes and ears open.

Do not trust the mass media. In fact, as a rule, if they say one thing, or show you one thing, then tend to look in the other direction, and believe the opposite, as a starting point for further investigation and interrogation. The C.I.A already have their assets in place on the internet. They are platforms like Facebook and google, and all the apps on your I-pad and smart phone. They can remotely access most of your information technology, whether smart TV, laptop, phone, or car. They can remotely fly almost every commercial passenger plane in the sky right now. They can disable your car, phone, computer, and TV. They know anything about you that you have ever emailed, spoken on the phone, texted, googled, surfed, skyped, written down on an employment, insurance, or banking document. They can access all your bank accounts, and set up accounts in your name. They can steal your identity and use it to commit crimes. Like the Saudi pilots and the other supposed 'hijackers' of 911.

They can imprison you indefinitely for no reason, and torture you until you confess to whatever they want you to. They don't need any justification. But if they want to, they can easily set up bank accounts in your name, web sites selling child pornography, get their C.I.A and Mossad assets, or other victims, to give false evidence against you. They can get people to say anything about you, and then fabricate all the evidence they could ever desire to get your convicted by your peers in a court of law. But they don't need to do this. They can just pick you up off the street and imprison you. They can provoke you to saying or doing something, anything, even talking loudly and expressively waving your hands about, as a 'disturbance of the peace', and lock you up in solitary. It has happened to me. In hindsight it is hard to believe how naive I have been.

By now you probably realise that the N.S.A (I-NSA-ne) have access to every email, every blog entry, every web page, every Facebook page, and so on, of every U.S citizen. The German government issued a warning to all German citizens about this. They advised German citizens NOT to use the Microsoft Windows Browser 'Explorer'. They made huge protests to the U.S government for spying on German citizens, including the President and Chancellor of Germany. They expressed a wide range of security concerns. Over the last few decades German industry leaders have filed a huge number of official and unofficial complaints against U.S Intelligence gathering a.k.a spying on their patented industrial processes. The C.I.A have been stealing German industrial secrets for decades.
The I.R.S actively targets dissenters, resistors, and whistle-blowers. The most recent, documented, proven, and admitted case of the IRS abusing its power in this way was during the last election, when political parties that made reference to the U.S being a Constitutional Republic were maliciously targeted for IRS audits of their campaign finances.

The I.R.S is a private corporation, set up by Zionist Central Bankers. It is NOT empowered, under the U.S constitution, to demand and collect taxes in the U.S.A at all. Ever. If it has any power at all, it is limited to the small area known as Washington D.C. This area is, like the One Mile 'City of London', free to make its own laws. Washington D.C is NOT a state of the U.S.A.

The 12 Federal Reserve Districts override the U.S state boundaries, and laws. They are unconstitutional. The original articles of confederation gave the Congress the right to issue and control the money supply to Congress, not to Jews like Rockefeller. But in 1787 the Articles of Confederation were re-written to give Federal Powers to Congress for the repayment of loans. And so now the occupation powers in Washington D.C had the power to take out loans, using the U.S population as collateral. They had the power to force the states, which did, according the constitution, have the power to raise taxes, to repay these loans. And so the states became the proxy debt-collectors for the occupation powers in Washington D.C. In this way each U.S citizen became a bonded serf to the Zionist Central Bankers. Believe it or not. It is fact! The Zionist Central Bankers encouraged U.S governments to borrow heavily. They also got them to start and fight wars that would get them into so much debt they would NEVER be able to pay it back. And so the U.S people have been bought and paid for, all legal and proper, like any of the African slaves who were bought and sold a few hundred years ago.

Oh, and don't think that the U.S is the only Zionist 'occupied' country. Since WWII both Germany and Japan have been under the same occupational forces as the U.S. The Zionist Central Bankers run the whole show. Elections are pure theater. Such bad theater that few people 'watch' the show at all. They'd rather watch some Hollywood film, or American sit-com. You have about as much influence on the government of your own nation as you do over the plot of a movie. So why bother?

I was so ill yesterday. Why? The stress of writing this. Knowing what a target I am making of myself. Knowing that I am working against my own interests. I have nothing to gain. This life anyway. And I may even be working against my own Eden Protocols. I know what happens to anyone who challenges Zionism, let alone the C.I.A. And worse, I have no idea how I am going to convince anyone to
even read this, or listen to it. My neck is tensing again. I hope I can finish this before I am incapacitated by migraine, nausea, cluster headaches, fever, weakness, dizziness, and sinus infection.

Washington D.C. is an 'occupation power' that has been running your country. It does NOT obey the constitution. It is unconstitutional. It only has constitutional power over the 24 square miles of Washington D.C. It is like the 1 square mile financial district of London. The same people run both. Washington D.C. has absolutely no legal jurisdiction of any of the states. It has no jurisdiction over any U.S. citizen living outside its 24 square miles of jurisdiction. But Washington D.C. invented the Federal Supreme Court to give the Federal government power over the U.S. states, and thus the U.S. people.

You are the U.S.A. Washington D.C is the occupying power. What I am saying is fact today. It is also sedition. It is also an act of terrorism, under the U.S. law. I was hoping to visit the U.S.A. Now I would feel even less secure than I felt when I was living in Russia. I had even planned on going to Israel to work on a Kibbutzim. How ironic. I never would have predicted I would be in a position to be labeled anti-Semitic, and have made myself the enemy of the Golem, and its Zionist Central Banking masters. Maybe my Grandfather would be proud. Maybe one day we will be free and able to take an honest look at Hitler, the Nazi's, and WWII.

I realise most young Germans, like Americans, and most Europeans, have been conditioned, primed, and brainwashed to have a knee-jerk reaction to anything that is not explicitly anti-Nazi and anything that does not demonize Adolf Hitler and the Nazis'. However even Russians have respect for Hitler and the Nazis, and they were among his greatest victims. This always puzzled me. Ask South Americans or Asians about Hitler, and you will be just as surprised to see how people who have not been indoctrinated in a particular direction relate to WWII, Hitler, and Nazism. I am not a Nazi. I am against all dogma. But I can appreciate why someone else might be. I would be able to empathise with them. Today I can. Years ago I would have, like Hitler himself, felt very uncomfortable and physically ill if I had to listen to what I would earlier have defined as 'anti-Semitism'. I would have had the same knee-jerk reaction that Hitler himself had, and which so many people today will have, on reading this / listening to this.
The U.S and U.K leading the war against drugs? Is that what they tell you? Do you believe everything the mass media, the C.I.A, tell you? Let’s start way back when, with the 'opium wars' in 1839.

It has been illegal to sell or use opium in China since 1729. In 1796 importing and growing opium poppies was also forbidden. But the British, American, and French had a problem. The British trade with China was one-sided. The British had very little that the Chinese wanted, however the Chinese many things that were in great demand in Britain, including silks, spices, and ceramics. The British East Indies company had a royal license and therefore monopoly on trade with China.

The British East India Company grew opium poppies in Bengal, for the production of opium they sold, illegally, in China. The Chinese insisted their sovereignty be respected, and the British stop pushing drugs in their country. The British refused.

The British government subsidized the drug smugglers, which they considered opium traders. The Chinese confiscated 20,291 chests of opium which they then publicly destroyed. The British were expelled from the continent, and settled on the more or less uninhabited island of Hong Kong. The British, aided by the U.S navy, and the French responded with violence, leading to the Opium wars from 1839 to 1842, and from 1856 to 1860.

Ultimately the Chinese sued for peace. The peace treaty required the Chinese pay millions of pounds in compensation. The French alone looted 300 wagon-loads of furs, silks, gold, and jade from the Peking summer palace. The British and their U.S allies then forced China to legalize the opium trade.

Today of course the U.S and Britain force 'sovereign' Asian nations to allow advertising that has been banned in the United States and European Community as part of trade regulations. This advertising was banned as it directly targets teen and pre-teen girls.
Of course many people believe that street drugs were criminalized in the U.S so that unofficial U.S government organizations would have a constant source of revenue for their illegal activities at home and abroad. Today the U.S claim the role of world 'drug police'. They destroy opium crops overseas. The U.S forced Australian governments to ban drugs that had, until these actions, been freely available, and without any apparent damage to public or private interests. So many people will find these historic facts quite surprising.

The 'Opium wars' are a good example of U.S / U.K ‘gunboat’ diplomacy. It allows the U.S and U.K to dictate their will, to gain concessions, and to control world energy production in their own interests. It also gives the C.I.A access to its own 'Philosopher's stone'. The C.I.A have been proven to control the worldwide distribution of illegal drugs. Documents and investigators that were bound to blow the lid on this scam were all vaporised, along with the concrete and steel, in the WTC and Pentagon.

In this 'Alice in Wonderland' world in which we find ourselves, the agency claiming to be fighting a war on drugs is really only fighting, like any drug dealing gang, for control of the illegal drug trade. Drugs were only made illegal to make them more desirable status goods, and to give the C.I.A a monopoly on their production and distribution. It began in Cambodia, where the C.I.A were smuggling drugs out of, to finance their illegal operations in, among other places, Vietnam. Of course Pol Pot managed, with the backing of the U.S, to murder millions of his people in 'The Killing Fields', until the Vietnamese, as true freedom fighters, as the true hero's, came to their rescue, and overthrew Pol Pot. Did they 'learn' you that in school?

Over a hundred years ago, opium was promoted by a member of the State Parliament of Victoria, Australia, as an excellent calming tonic for children, and a great way to increase the mental and physical vigor of workers. He was not the only politician to lobby for the availability of 'hard' drugs. At the time, marijuana joints were sold at tobacconists, and marketed as a remedy for asthma and Bronchitis.

Opium was used as an all-purpose remedy, available in over the counter preparations for the treatment of child teething pains, coughs, colds, headache, toothache, 'nervous depression, and fatigue. Coca (the raw material for cocaine), was used to make 'Coca-Cola', and a wine specifically endorsed by the Catholic Pope. Drug control was widely seen as an excessive attack on personal freedom and choice. Amphetamines were widely available up to the mid-1950s.

Popular newspapers campaigned against government moves to control drugs, including heroine. Headlines ran stating 'It is a crime to ban heroine'. Doctors
were outraged at the federal government’s moves to outlaw heroine. The moves of the Australian federal government to ban heroine were at the bequest of America. The Menzies government banned the importation of cannabis-marijuana, after alarmist reports from the U.S about this 'Mexican sex drug'. Similar fears were raised about opium.

The population were taught to fear that their innocent daughters would be seduced by Asians and Mexicans. These people, it was claimed, would use the drug to make their daughters lose their self-control, making them overwhelmingly horny, and desperate to have sex with them. In other words, racism (Mexican and Asian) and sexism (Girls weren't supposed to want to have sex, and had to be protected from this 'unnatural' desire if they did, as they were weak) had a big impact on the drug control issue. It is interesting to note that Queen Victoria is known to have used marijuana to reduce period pain. Sigmund Freud used cocaine. Many famous artists, including Lewis Carrol (the pen name of the writer of Alice in Wonderland), were opium addicts.

The U.S government has, for many decades now, been experimenting with amphetamines, LSD and other drugs to heighten their soldiers' combat effectiveness. Even recently, 'friendly fire' attacks and bombing raids on civilian refugee convoys in Iraq have been attributed to the U.S air forces coercion of pilots into using speed-amphetamines. They were (are?) not allowed to fly missions unless they agreed (agree?) To take the speed.

The speed is meant to heighten their awareness, and allow them to fly long missions over the course of whole weeks without needing to sleep. It has been demonstrated that the speed can make pilots 'paranoid'. They can become prone to interpreting anything as a threat, and therefore a target, and firing on it. Many cases of friendly fire, and collateral damage have been attributed to this forced use of amphetamines.

Many civilian and refugee convoys have been mistakenly bombed by pilots 'off their heads' on speed.

The benefits of LSD were praised by students who claimed they could, if they planned their objectives in advance, for example, master a foreign language in 8 hours. This of course was the reason LSD had been developed and experimented with by the U.S military, to seek to give their soldiers an 'edge' on the enemy.

Since drugs have become criminalized, their abuse has reached ever higher levels. No legal enforcement agency has been able to limit the supply or use of 'illegal' drugs. Of course the prisons are full of victims of the drug laws, and the criminal activity surrounding 'illicit' drugs. As in the earlier prohibition of
alcohol, the prohibition of illegal drugs has merely produced a whole criminal industry, and a huge number of victims, without having any impact on the illegal drug trade or illegal drug consumption. I guess that the C.I.A learned their lesson from Al Capone.

Prohibition turned Al Capone from no-one, into one of America's richest men within a few years. After prohibition, Jews dominated the alcohol business, and still do today.

Only while Al Capone produced a quality product, the Jews, just after taking control of the industry, were known to 'boost' their products with industrial grade ethanol, which resulted in many deaths. And guess which company later worked on 'boosting' their nicotine delivery systems, adding chemicals to make them even more addictive. Does the name 'Philip Morris' ring a bell? Can you guess the self-defined 'ethnicity' of the owners of Big Tobacco? Yes, 'Jewish'. And Zionist to boot! Please read my TROONATNOOR books on drugs, alcohol, and tobacco. They will blow your mind wide open. Today the main causes of death are tobacco and alcohol. Don't believe me? Read my books.

Do some internet browsing. And guess who forced Asian governments to allow advertising that was banned in the U.S, as part of trade agreements forced on them? Does Joe Camel ring a bell? The most successful ever attempt to get teenage girls hooked on nicotine. Please read my books about how Hollywood movies are used to do the same. I think you will be shocked. Just ask me for free copies. You don't have to pay me anything if you don't want to. My work is too sacred and important to worry about whether I ever get paid for it or not.

Criminalising drugs, and then controlling the trade in them, has funded the C.I.A in all its criminal activities, including 911. Remember that next time you vote to keep drugs illegal, and their possession and trade criminal. You are really funding terrorism. Yes, read that again. By making drugs illegal, you fund the C.I.A, the world’s biggest terrorist organisation, soon to be your new dictator. They have already gained control of your mind, what you think, what you feel, and what you believe, through their control of the mass media.

You do not even realise that they have already taken power, declared martial law, and are using their emergency powers. Do you expect to hear about THAT in the news? On CNN, Viacom, ABC, Time Warner, CBS, NBC (G.E), or Reuters? The C.I.A and their Zionist banking colleagues OWN the mass media. Remember they showed you footage of planes flying into the WTC that did not exist. Reuters got Palestinians to dance and clap at receiving cake and sweets, and then CNN showed the footage, with the reporters making you believe that they were rejoicing at the WTC collapsing. If you believe anything you see or hear through
the mass media from now on, then there is no helping you. Good luck. I hope you enjoy the Zionist's new world order. Sorry I could not get you to take a look at the alternatives. Like my alternatives.
Remember the Maine

The U.S destroyed its own warship, the U.S.S Maine in the Havana harbor in 1898. This is one of the U.S.A's first false flag attacks. The attack was blamed on the Spanish, and used to justify, and gain popular public support for, the Spanish-American war.

In 1898 the US defeated Spain in that war and 'bought' the Philippines for $20 million. However the locals did not accept being 'sold', and they fought for their democratic rights and freedoms. It required a decade and a force of 126,000 US troops to crush the Filipino independence movement. Did they teach you about this in school?

Later, the U.S would also support the murderous dictatorship of President Marcos. The U.S supplied weapons and intelligence that allowed Marcos' thugs to easily identify, find, and then murder, freedom fighters and their families.
The King David Hotel bombings, 911, and true power as the power to define reality

The Rothschild's bought the first land in Palestine to re-settle Jews from Europe. Why? The Rothschild's owned the Suez Canal. Take a look at a map. Ask yourself why so many people have fought over control of the Suez Canal. The same reason that France, and the Vatican, arranged the crusades. Control of trade routes is a source a massive wealth and power.

It is Zionists who even today still proudly proclaim that they INVENTED terrorism. You can easily find clips of them on the internet glowing with pride, and reminding us that they were the FIRST terrorists. They made the very word part of the popular language culture. They had been carrying out terrorist activities in the then British controlled Palestine. The British had tricked the Arabs into helping them in WWII by promising them their own Arabic nations. But they were hanging onto their colonies. The Zionists were carrying out terrorist campaigns against the British and Palestinians at this time. The head of British military intelligence was housed in The King David Hotel. All their files were stored there. They had been accumulating evidence against the Zionist terrorist organisation.

They say that nothing unites people more than shared guilt in a crime. Thus Freud's murder of the totem animal or clan father unites the tribe in shared guilt. Catholics and 'pagan' Arabs and Mayans all 'ate' their god, and thus share the guilt in that crime. In fact the guilt that we all share, and which gives religions its power over us, is the oedipal guilt we unconsciously suffer for having willed the 'disappearance' of our own fathers and mothers as infants. Read my TROONATNOOR books for details. Moses' followers murdered thousands of their own people. All this shared guilt really 'unites'. Remember that the term 'religion' comes from the Latin 'reliiare', meaning, to bind.

Keep in mind that the places that were directly hit by missiles, and the first explosions, in the Twin Towers, in building 7 and 4 of the WTC, and in the Pentagon, were all full of files and data, and investigators, who were actively investigating serious financial fraud. Almost all the Naval intelligence officers investigating the disappearance of 2.3 Trillion U.S dollar were killed. Remember
that 2.3 Trillion is almost 5% of the total net wealth of all U.S citizens combined. It is HUGE amount of money.

Of course the comptroller of the pentagon from 1987 to 2001, the one responsible for explaining where the 2.3 Trillion dollars were, a Rabbi no less, Rabbi Dov Zackheim, was not in harm's way at any time during 911. It is interesting that a company he own sells the remote controls that the 767's, unlike many others, were NOT fitted with. These remotes allow the FAA to take control of a hijacked plan, and land it, by remote. It is known as a 'flight termination system'. It could also be used to crash a plane. They are quite common today. They may have been responsible for the Lockerby disaster, and for the recent Malaysian airlines crash in Ukraine. Many pilots are against the ‘flight termination system', and some airlines therefore do not use them, because as soon as the system is engaged, say a flight attendant notifies the pilot of trouble, and the pilot initiates the system, the pilot loses all communications with their own flight crew, and with anyone on the ground or in the air. Rabbi Dov Zackheim’s company also refurbish 767's as in-air refueling aircraft.

A group of whistle-blowers who were meeting to discuss what to do about their discovery of massive financial frauds on the part of biggest financial institutions housed in the WTC, all died at the site of the initial explosions. They had uncovered a number of cases of fraud. One alone involved a 2.4 Billion securities issue that was due to 'clear' the next day. If those securities had cleared, the people who 'cashed them in' would have to have done so publicly, thus advertising their identities. As it happened, the next day the Securities Commission made history, by enacting, for the first time since or after, special emergency powers, which allowed the 2.4 billion in securities, the so-called 'Brady Bonds' to be 'cleared', that is, paid out, in secret. They kept the emergency powers in effect for almost 2 weeks. Time enough to sweep any dirt under the carpet, so to speak. And so no-one will ever know who owned those securities.

They are part of several investigations into massive scale drug money laundering.

In fact the largest investigation in SEC history into insider trading was reaching conclusions that the most powerful people could not allow it to. All the evidence was either destroyed during 911, or shredded immediately after.

Apparently the operators behind the 'Brady Bonds', with the help of the C.I.A, managed to strip billions of dollars of assets from the Russian Federation. However the bonds themselves were connected to a debt reduction agreement. Apparently they were backed by gold. They were complicated financial instruments, as anyone who has ever tried to get their head around the derivatives market, will be able to imagine.
It is noteworthy that around 100 Million U.S dollars’ worth of ‘put’ options were placed on American and United Airlines shares. This is a historically high volume of put options. It is extremely unusual. Somebody knew what was going to happen. It was virtually 'insider trading'. When you place a 'put option’, you are basically gambling that the price of a share will fall. So the people who bought them were, for some reason, confident that those shares would suddenly fall a few dollars, on the day of 911.

I wonder what Putin's relationship to the C.I.A and the Zionist Central bankers is. He may be our last best hope, or already a bought off opportunist. I guess we shall soon see. Perhaps the safest place to be, ironically the most secure and law abiding place, the last home of freedom, will be Russia, of all places.

The Eldorado task force were investigating money laundering. By now it will not surprise you to find that their offices were destroyed by fire during 911, even though the building they were housed in, building 6, was never hit, and there were no explosions there either. However their offices were destroyed, and their vaults were emptied.

It is estimated that around 500 Billion U.S dollars is laundered annually in the U.S. Worldwide a trillion U.S dollars is laundered annually. U.S dollars are the preferred currency for all black-market transactions around the world, from the U.S to Moscow. The U.S is the world’s largest money laundering nation. Money laundering refers to the way in which money from illegal activities such as illegal drugs, prostitution, people smuggling, black market dealings, even armaments smuggling, can be given the appearance of legally earned income. The financial system of the U.S is totally dependent on the money that flows into the system as a result of money laundering. Such money funds the government budget deficit, as illegal money is used to buy U.S government bonds. It fuels the stock markets and real estate markets. These financial flows help keep taxes low, and pension funds high. Moreover it helps keep the government liquid. It pays government wages. So very few Americans are interested in cracking-down on money laundering.

I expected that the Euro might become the new 'black market' currency. However when I was in Russia I noted that most of the illegal transactions, which made up the majority of transactions, were carried out in U.S dollars. Initially the Euro gained over 60% in value against the dollar. However since then the Euro-Zone has introduced very strict controls targeting 'money laundering'. The reason is that 'black market money’ is stateless and undermines the States sovereignty or control over its own economic policies. It loses control over its money supply,
with implication for exchange rates. Since then the Euro has fallen significantly against the U.S dollar.

Few people understand what money really is. The government prints it, and people are forced to use it. The real-estate bubble was fueled by money laundering in the following way. Drug dealers took out loans to 'launder' their illegally earned drugs money by buying and selling real estate. These loans were backed or 'secured' by the U.S federal government. With this government backing, these loans could then be sold on the international financial markets in the form of 'derivatives'. This black-market money helped fuel the real estate 'bubble'. The point was that the money launderers simply wanted to 'turn-over' their money, to make it appear to have come from legal means. They thus did not care what they paid for the real estate. They did not mind making losses in their transactions. They are used to losing a large percentage in the process of 'washing' their illegally earned money. So they bought and bought, simply so that when they later on-sold their investments, they could report the income legally, and thus put it in the bank or spend it like anyone else. There are only so many ways you can spend ill-gotten gains before it attracts the attention of the legal authorities. However once you can show a legitimate source for the income, you are free to enjoy it, and invest it.

In building 4, more than one Billion dollars’ worth of gold and silver that was stored there was not there after 911.

Do a quick internet search on 'Project Hammer', to read the details of the huge scam revolving around the 240 Billion dollars’ worth of 10 year securities that were due to be paid out on the day of 911. 39 of the 40 Naval Intelligence Officers who were investigating these securities died on 911, in the Pentagon. It was the Office of Naval Intelligence Offices in the Pentagon that were blown up / hit with a missile. The biggest securities dealers in the U.S, all who were involved in these transactions, were the first offices to be hit / explode, during 911. They include Cantor Fitzgerald and Euro brokers, who were being investigated.

The F.B.I offices in the WTC were also directly hit / sites of the initial explosions, during 911. Remember that the F.B.I were a thorn in the side of the C.I.A many times, such as during the Lockerby bombing trials. It is noteworthy that the Mossad agents had easy access to the sites where the initial explosions occurred, under cover of 'fire-proofing' modernisations that only the offices where detonations and explosions occurred during 911 received. The same access was given to them under cover of 'elevator shaft' work that was carried out before 911. Similar 'modernisation' and 'fire proofing' renovations had been carried out.
in the Pentagon offices that housed the Office of Naval Intelligence offices. In other words Mossad agents had free and easy access to all the offices that 'exploded' during 911. Only the foyer structure remained standing, as there was nowhere to put charges, and no way to gain unrestricted access to the foyer without being observed. Many office workers complained about dust in their offices. It was the result of Mossad drilling holes to place charges in.

All the investigations were shut down after 911. Most if not all the documents relating to the investigations had either been destroyed during 911, or shortly thereafter.

6 Terabytes of data were destroyed during or just after 911. The investigators were killed during 911, either in the Twin Towers of the WTC, or in the Pentagon explosions. They were explosions or missile attacks. This has been proven. Hundreds of millions of dollars was removed from the WTC just before the explosions. Billions in gold bullion were also removed from underground vaults in the buildings destroyed during 911. Did you know that is has been proven as fact that the C.I.A control the distribution of illegal drugs in the U.S? It is one way they finance their 'black-ops', their illegal operations. However their operations are of such a vast scale and magnitude that they needed Trillions of dollars. 2.3 Trillion dollars, to be exact.

The Zionists blew up The King David Hotel, killing around 90 people, including over 40 British military intelligence personnel. Mossad, with the help of the C.I.A, blew up the WTC, the Twin Towers, and the Pentagon offices housing the Office of Naval Intelligence. They made a lot of money for the 'owners' and 'lease holders' of the WTC. They prevented the largest financial fraud investigations of all time. They got nominal justification for, and U.S and some international public support for, the illegal invasion of Iraq. They got nominal justification for their illegal invasions of Afghanistan and Libya, and Sudan. They go the entire world to define Muslims as terrorists.

This is true power. The power to define. The power to define our social reality. To define the victim as the perpetrator. To define the innocent as guilty terrorists, and the guilty criminals, the U.S, The C.I.A, Mossad, Israel, and Britain, as the 'good guys', the innocent victims, the freedom fighters. Once you have the power to define, you don't need any other power. You have total power, to exercise as you will. In fact the power of money is no more than this. In fact the money which appears to give people power is simply paper. It is the ability to have that paper defined as valuable, as wealth that gives it power. Please wake up out of your dream. I know it will hurt a little, like waking up from a dream to a reality that is not as appealing.
Pearl Harbour

Pearl Harbour played a huge role in mobilising public support for a war against Japan that President Roosevelt was already waging, but had not declared. He stated this on the record. He had been waging war 'by other means'.

The Federal Reserve Bank and all the other Zionist Central Banks had been key to financing the Bolshevik revolution, The Nazi's rise to power in Germany, and even the Japanese 'Colonisation' of Southern China and Korea. War finance was always the most profitable speculation a money lender could get involved in. Without their finance, very few large scale wars could ever have taken place. During WWI Rockefeller made a fortune as the oil price climbed 500% due to preparations for war, and the prosecution of war.

Japan was compelled to attack the U.S after the Allies denied Japan access to crucial oil supplies. The entire Japanese economy and military would have been paralyzed within a few months. Before you criticize Japan for taking the initiative and bombing Pearl Harbor, ask yourself what the U.S would do if the rest of the world placed an oil embargo on it. It is clear that the U.S consider access to oil and gas to be of strategic military significance. The U.S has bases and a strong military presence, what they call 'full spectrum dominance' wherever there are oil and gas sources and pipelines for their distribution. The U.S has already engaged in two wars with Iraq over oil, and the petro dollar'. It is clear that the U.S would engage in war with any nation that threatened its access to reliable oil supplies. We should note that the U.S consumes around 25% of the world's oil production. As George Bush reminded his nation, the U.S is 'addicted' to oil. As we all know, an addict will do 'whatever it takes' to retain access to its 'drug'.

Of course the 'Allies' nominal justification for the oil embargo was Japan's invasion and human rights violations in China and Korea. However in reality the U.S and U.K merely wanted to protect their own hegemonic dominance of the Pacific and South East Asia. And don't forget France, The Netherlands', and Portugal's hegemonic dominance of Indo-China, including Vietnam and Indonesia. The French failure to maintain their hegemony in Vietnam led to a later U.S invasion of that nation, the repercussions of which are still being felt. The U.S went on to support nasty military dictatorships in Marcos' Philippines, and Suharto's Indonesia. I doubt the victims of those criminal regimes were glad
that it was Americans that were responsible for their suffering and death, rather than Japanese. Also, most of the territories the Japanese invaded and annexed were really, in a way, being liberated from the North, who had invaded and occupied them previously.

Today the Allies have placed and embargo on Russia and Iran. They give the same reasons as they gave for the embargo against Japan. They are, as Roosevelt put it, waging war without declaring war. They are engaged in warfare. They just have not yet declared war. They will provoke Iran or Russia into defending themselves, or will carry out a false flag operation, and blame it on the Iranians or Russians. They have already been active with their ISIS terrorists, filling the mass media with images of people being roasted alive.

Remember that Iran has posed no threat to any country since around the time of the U.S war of Independence. The U.S supported a criminal regime in Iran for many years, and then welcomed the torturers and their gold into the U.S and Europe after a popular uprising in Iran against these evil tyrants succeeded. It was well documented that the planes in which the former Iranian regime leaders escaped justice in Iran barely made it off the ground, they were so heavy-laden with gold.

Note that 'The project for the new American century', a document written by all the most powerful leading players on today’s world political stage, calls for 'a NEW Pearl Harbor'. Now what on earth could they mean?
The sinking of the Lusitania

The U.S packed the Lusitania, which was ostensibly a cruise ship, but which the U.S had been using to transport weapons to the U.K., with weapons, explosives and munitions, making it clearly 'fair game' under the rules of warfare. The British and French had declared war on Germany. The weapons were meant for British expeditionary forces which had already invaded Europe. Hitler had let the British escape from Dunkirk, giving his Generals a 'Halt' order. He did not want war with the British. He never had. The U.S made sure that Nazi spies were well informed about the cargo of the Lusitania. In the media the ship was presented as a civilian vessel. However Roosevelt had openly stated that America was already waging war against Japan and Germany, 'by other means', without openly declaring war. And so when the Lusitania was hit by a few German torpedoes, the explosives and munitions went off in a spectacular fashion, sinking the ship.

The sinking was planned as a propaganda tool, to gain popular public support for the war that Roosevelt was already unofficially waging against Germany. The U.S had funded and armed Stalin. They were building him factories, such as the famous Kama truck plant. However over 90% of the U.S public were against involvement in the war. A majority of U.S citizens at that time were of German origin on at least one side of their family. Roosevelt had campaigned for the Presidency with the promise that the U.S would not become involved in the war.

The Lusitania action is an example of one form of strategy that the U.S and Israel have been using since. To provoke the people they wish to declare war on into some action which they can then use to get the U.S people behind the military action, invasion, assassination, coup d'état, that has already been planned in advance, and for which they are only waiting for the 'green light' of public opinion. The real reasons U.S sons and daughters are sent overseas to kill and be killed are never given. They are conned into believing they are fighting for freedom, for democracy, and to protect their loved ones.
U.S overthrow of the democratically elected government of Iran in 1953

In concert with Britain, in 1953 the U.S organized the overthrow of an elected government in Iran and installed the dictatorship of the Shah.
U.S overthrow of the democratically elected government of Syria in 1954

In Syria in 1954 the U.S orchestrated the removal of the elected government of Syria.
The 'Gulf of Tonkin incident'

Today the U.S authorities admit that the 'incident' never happened. The story was pure fiction. Pure propaganda. However at the time, the public were told that a U.S naval vessel, the U.S.S Maddox, had been attacked by the North Vietnamese military, as it was peaceable anchored in the Gulf of Tonkin. The attack was used to justify U.S military intervention in Vietnam. Soon after the U.S invaded Vietnam, leading to the Vietnam War.
1967 Operation Synaide

In 1967, as part of 'Operation Synaide', Israeli armed forces attacked a U.S warship, the U.S.S Liberty. They then proceeded to machine gun the life rafts in which survivors sought to escape the crippled ship. The Plan had been to kill everyone on board, and to sink the ship. No witnesses were to be allowed to survive. The attack was to be blamed on Egypt, as a ploy to give the U.S a justification for entering the Arab-Israeli war on the side of Israel. The U.S had already been assisting the Israelis with intelligence gathered from U.S spy planes, which allowed the Israeli Air force to locate and destroy all enemy airplanes on the ground.

The U.S ship had also intercepted Israeli military transmissions which recorded war crimes committed by the Israeli military in which they had shot dead 1000 war prisoners. As in the murder of the Naval Intelligence Officers in the Pentagon during 911, the sinking of the U.S.S Liberty also destroyed evidence of criminal activities on the part of the C.I.A, Mossad, and their allies.

The U.S Military had ordered that the incident be kept secret. The Captain of the ship was awarded the Congressional Medal of Honor, and offered his choice of postings, in return for his silence. He was given the medal in secret, and sworn to secrecy. It turns out that the U.S military itself had planned the whole incident. The plan had failed. The ship was supposed to have been sunk, and every person aboard was to have been murdered. However, the Captain had gotten signals off to the U.S flotilla. Help had arrived too soon for the Israeli's to complete their false flag operation, before all the crew of the U.S ship could be killed. The survivors were picked up and sworn to secrecy about the Israeli attack.

My original pre-911 motivation for writing this was to illustrate the nature of war. War is heroised and sentimentalized. In reality soldiers are merely cannon fodder. That they have no value is demonstrated time and again in the way in which they are pointlessly sent to death. There is also a subtler point I wish to make. In war, the individual is merely an instrument for achieving war aims. It makes no real difference whether they are killed by their own leaders, or the supposed enemy, as long as they serve their masters, as means to their masters' military, political, and economic ends. In this case the U.S military's objectives were best met by having its allies kill its own men and sinking their warship. It
was in fact unpatriotic of the soldiers to survive the attack, thus thwarting their leaders’ plans.

Their duty, as good American military personnel, was to die in realizing their leader's objectives. Their job was to kill whoever they are told, and accept their own deaths as a means to their leader's ends. A good patriot might accept this, until of course they realise that their masters are not defending their 'way of life', the U.S constitution, freedom, democracy, and justice. Until they realise their masters are simply playing them for fools, to exploit them for their own narrow selfish interests. Yes, billions of people die in wars just to give a few people more power and wealth.

In light of this incident, it is not hard to believe that the U.S knew that Japan had set out to attack Pearl Harbor, and had deliberately sacrificed their own people in order to create outrage back home, to make the U.S plan to enter the war in the Pacific politically popular. The civilians on the Lusitania were sacrificed in the same way. They were all 'burnt offerings of a sweet savor to our lord', the 13th tribe, the Zionists.

I want to add a little bit of history here, to further this point. The Spanish Armada was actually meant to collect a Spanish army from Flanders and transport it across The English Channel to invade England. However the army was not ready when the armada arrived. The Spanish ships were built as heavy transport ships. The British ships were smaller and more maneuverable fighting vessels. In fact the Spanish sailors had not even been fully trained in the use their ship’s canon. They could only fire once. The English trained and drilled in constant fire and reload drills. However this cannon fire was pretty ineffective, only managing to put little holes in the enemy ships. They didn't use explosive shot.

After some encounters with the British which produced little real damage, the Spanish invasion force failed to make the rendezvous in Flanders. The armada crept back over the north and west of England, losing many ships to the weather, and running aground in the treacherous waters. Those who didn't drown, or were not killed by the English when they pulled into shore, dehydrated, starving, and sick, died of starvation, disease, and a lack of water, on the slow long crawl back to Spain.

The British sailors who had defeated them were stabbed in the back by their own government. Their government wanted to avoid having to pay them. They were ordered to remain at sea, where half of them died from a lack of provisions, water, and disease, like the Spanish they had defeated. Only their own commanders remained loyal to their crews. They spent their personal wealth on trying to supply their sailors. Some even 'pawned' their family silver.
The U.S Zionists planned and carried out the 911 attacks to mobilize popular political support for a 'war on terrorism'. This war would allow them access to huge financial and political resources, and gain support for their planned future military conquests. It is easy to lead a country in times of war. Peoples' attentions are deflected from domestic issues and focused on winning the war. The political leaders' approval ratings usually soar in time of war. It would be unpatriotic to disapprove at such a crucial time. You can commit the most unbelievable crimes during times of war, and get away with them. All is fair in love and war, haven't you heard?
McNamara, self-professed war criminal, becomes Ford CEO then World Bank President

During the WWII U.S fire-bombing of Japan, 67 Japanese cities suffered a 50-90% civilian death-toll during the fire-storms thus produced. Such incendiary of civilians, before nuclear bombs dropped. The man who recommended such bombings, Robert McNamara, stated that had the U.S lost the war, they would have been declared war-crimes, and those that had ordered them war-criminals. 100,000 Japanese civilians burned to death in one night of incendiary bombing alone. 130 square kilometers of city were burnt out. Bomber pilots were threatened with courts-martial if they failed to complete their missions. It was McNamara who recommended the nuclear bombing of Japan to La May. The rest is history.

During the Vietnam War, as Secretary of State, McNamara states that his political strategy was to never answer the questions asked, to merely answer the questions he wished had been asked. As a result of his personal recommendations, 2 to 3 times more bombs were dropped on Vietnam than had been dropped on Europe during WWII. The Vietnamese felt they were fighting for their independence. They did not see the Vietnam War as part of the cold war. They saw the U.S as seeking to replace France as a Colonial power. 3.4 million Vietnamese were left dead by war.

McNamara, had been CEO of Ford in the 1950s, and went on to become president of the World Bank from 1968-1971. Notice any pattern here? War is the biggest business of all. The qualities of a CEO are the same as those of a war criminal.
Operation Northwoods (as part of Operation Mongoose)

The following details were declassified in 1997 and 1998 and you can view the documents at Wikipedia.

Note that both the Congress, and the Military high command, had signed off on Operation Mongoose. It was only President JFK who stopped them carrying out the false flag attacks, and the invasion of Cuba. Remember that 6 months after signing Executive Order 11110, which would have dismantled the Federal Reserve Bank, and given congress the power to print money. JFK was assassinated. JFK had warned us all about the Central Banks and New World Order conspiracy in his famous June 4, 1963 speech. Listen to it. He warns us of 'covert world powers' taking over the world. He had tried to prevent it, by regaining control of the Central banks. He was not the first U.S President to give such a warning. Do a little internet surfing and see for yourself what your own Presidents had to say.

Lyman Lemnitz, a confirmed Zionist Jew, was Chairman of the Joint Chiefs of Staff, in 1962. He proposed a series of false flag terrorist attacks, as part of Operation Mongoose, to provide a pretext for, and to gain popular public support for, military intervention in Cuba, against President Castro. The plan was named 'Northwoods' and was submitted to the Secretary of Defense, Robert McNamara. However President JFK did not approve the proposal, and it was put on the back-burner. Lemnitz refers to several options.

One would be a 'remember the Maine' incident that would recall the destruction of the U.S.S Maine in the Havana harbor in 1898. This itself was actually a false flag attack. It was blamed on the Spanish, and used to justify, and gain popular public support for, the Spanish-American war. Other options were the blowing up of drone airplanes that had first been modified to look like commercial passenger airliners. They would report casualties that never happened. They would hold mock funerals for people who had never been on the drones, let alone died. They would fill the U.S media with casualty lists of all the fake crew and passengers who had not-died, sparking a wave of public indignation, and popular support for military intervention in Cuba, against President Castro.
In this option no-one would actually have to die. I am certain that no-one died on any planes during the entire 911 false flag attack. You may remember that the Saudi government, who owns Saudi Air, threatened to sue the F.B.I for identity theft. You see soon after the photos of the supposed 19 hijackers who had supposedly flown airplanes into the WTC, the pentagon, or crashed in flaming wrecks, Saudi Air identified 4 of the dead pilots as 4 of their own, very much alive, pilots.

The C.I.A and Mossad had stolen their passports and other documents, and shown them on TV, claiming to the whole world that these men were terrorists. This was just one of the many mistakes. Soon after, several other of the supposed hijackers, who had just died in huge explosions, identified themselves to the F.B.I. They had the perfect alibis for 911. They were not charred corpses, or smears on D.N.A. Three of the 19 hijackers turned up at FAA headquarters. They were in fact FAA employees. Another 3 of the hijackers also 'survived'. Ten of the 19 have so far identified themselves, alive, and definitely with no ties to any terrorist activities.

By now you probably know that the F.B.I stated publicly that there was absolutely no link between Osama Bin Laden and 911. The F.B.I stated publicly that the supposed video of Osama Bin Laden taking credit for 911, basically admitting his guilt, is a fake. Osama Bin Laden was dying of the consequences of the same disease that President Lincoln and Pharaoh Akhenaton suffered from. The C.I.A claimed they were hunting Bin Laden long after he was officially confirmed to have died. The C.I.A claim they killed him, years later, in a shoot-out.

This was announced all over the world on all the mass media. But no body? How to explain that? Well, for some reason his body accidentally got dumped in the ocean. Sure, he died in a cave in Afghanistan, but gets lost in the ocean. I can see how that could happen. Or? The soldiers on the helicopter that was carrying him all died in suspicious circumstances soon after. Probably they just 'disappeared', like the people pretending to be on those passenger airlines that the C.I.A pretended had flown into the WTC, pentagon, and crashed. Just like they had planned in 1967 to do as part of 'Operation Northwoods'.

At least Osama died a rich man, wherever and however. Only a month before 911 the U.S government sent Osama Bin Laden, a.k.a Obama's bin lie'in, 2 Billion dollars’ worth of military equipment. He had never stopped working for the C.I.A. He may have agreed to the U.S cover story for 911, or maybe he was pissed off about it. Who knows? Whatever the case, he worked for the C.I.A. That is a fact. He was a C.I.A asset. Just like Obama's bin lie'in was an asset
before he emerged on the political scene to become the black President Hollywood had been priming us for in so many pre 911 movies.

One of Lemnitz's false flag options was to mock up a military aircraft, to look 'exactly' like a passenger airline. It would take off full of C.I.A actors, pretending to be the passengers listed on the passenger manifesto. They would be tourists returning from a holiday in Cuba. Note that an Israeli company owned the company who did the supposed security checks at the airports from which the supposed 911 passengers embarked for their fatal trips. Then a military drone, or similar type aircraft, would be exploded en route. There would be fake funerals for the fake passengers.

Just imagine the public reaction. Just imagine how the C.I.A controlled mass media could 'milk' such a scenario. At the time there were no mobile phones and such. There were no airport security controls, like we have to day. The C.I.A would plant all sorts of evidence around the crash scene to point to Cuban terrorism. Note that the F.B.I accused the C.I.A of planting evidence at the site of the Lockerby air disaster in Scotland, trying to frame an Iranian for the action, and thus implicate Gadhafi.

The F.B.I demanded the man be released, and no charges were ever laid. Still, the passengers received settlements from Gadhafi, who was forced to accept liability for the crash, simply as the U.S was suffocating his nation with a trade embargo, in a sort of national 'waterboarding', a form of economic 'torture'. Of course the point of torture is that it gets people to say whatever you want them to say. The families of the victims of the Lockerby disaster can be certain that the C.I.A murdered their loved ones.

Guess what was on the cover of flight training manuals for flight crews long before 911? A picture. Guess what it was of? A picture depicting a commercial passenger airliner flying into a building. Creepy hey? Just one of the fascinating and disturbing insights provided by retired Flight attendant, Rebekah Roth. She notes that none of the flight attendants or flight crew who supposedly made the telephone calls we were presented with by the mass media followed their training protocols. They spent much too long on the phone to avoid detection by the terrorists. They failed to call their designated 'go to' people in the event of a hijacking. They failed to provide the information a flight attendant or flight crew member was trained to deliver. But it gets much, much more curious.

By the time of 911 people had mobile phones, and many commercial airlines had on-board phones. However, at the time mobile phones would not have worked. A former flight attendant, Rebekah Roth, in her book 'Methodical illusion', and her web site 'Methodicalillusion.com' explains how the phone calls would never
have been made, could never have been made, and definitely were never made. Barbara Olson, claiming to be calling from one of the hijacked airplanes, which the military claimed to have on radar and to have been tracking, and which was at that moment nose-diving at 6 to 10,000 feet per minute, left messages on her husband's answering phone. First she claimed to be calling 'reverse charges' from her mobile phone. Then she claimed to be calling from the airplane's built-in phone. What are the odds she could have confused the two?

Rebekah Roth knew that neither story could be true. The mobile phone would not have worked in that plane at the altitude it was supposedly flying at. Further, it was impossible at that time to place a reverse charges call to an answering phone using a mobile phone. And Rebekah Roth knew for a fact that the airplane that Barbara Olson claimed to be calling from had had its on-board phones removed years before. The entire airline had had these phones removed from that model plane.

And so Rebekah Roth knew that the stories had to be lies. In any event, if someone had tried to call during that sort of descent, there would have been shouts of panic from other passengers, and sounds of the plane shuddering, even assuming the caller could remain so calm and cool. In other phone calls the person finished the call, then we hear sounds of her handing the phone to someone, and then we hear, quite clearly, a woman congratulate the caller on her performance whispering, 'You did great'. At least the faked moon landing filmed by Stanley Kubrick was a professional job. The 911 dramaturgy is so full of errors it is surprising that it has taken so long for the public, like me, to wake up from the facts.

Guess what happened, officially, to all the FAA flight data for the day of 911? Aircraft controllers were ordered to destroy all the data recordings. Why? To make it impossible to investigate what happened. Whether there really were any airplanes involved in the 911 explosions. But at least one person involved in that cover up did not follow their masters bidding. There was one person who would not be turned into the Zionist's Golem. They kept a copy of the data, and made it available to several investigators, like Rebekah Roth, who are now going through the data, looking for clues. It is such a huge volume of data that it will take some time.

P-tech, an Israeli company, had developed software that would enable the military, government, or anyone with a 'back-door' into the program, such as Mossad, to create false radar readings, and thus make false 'blips' or 'targets' show up on radar screens. This technology was being used in the 22 mock
hijacking, simulated war game, training exercises that were taking place on the day of 911.

The official 911 story was clearly a lie. The whole thing was a huge media stunt. Only with 3000 real victims. She feared, at least at first that the planes had actually taken off, and had been taken by the C.I.A and Mossad to nearby airfields where the passengers had all been murdered. However in hindsight it is clear that there never were any commercial airliners, let alone passengers.

So she began investigating further. She found that 3 of the people listed on the passenger manifests had never bought tickets. Guess what, these three turned up at FAA headquarters, alive. They were in fact FAA employees. Someone had stolen their identities. The person who revealed this fact to their FAA boss was fired.

Flight attendants and passengers who called said that the terrorists were 'standing on the stairs' and 'upstairs', when the airliners supposedly involved had no stairs. The terrorists were 'up in business class'. There is no 'upstairs business class' on a 767!

Callers from each plane referred to the use of mace or pepper spray by the terrorists. But if anyone sprayed mace or pepper spray in the pressurised cabin of an airliner, it would end up in the eyes of every passenger and flight crew of the plane. It would be a disaster for the hijackers. They would be spraying themselves. And not a single person could be heard in any of the phone calls actually coughing. Neither the speakers nor anyone in the background.

The only cabin crew who would have used the term 'airline hostess' would be Israeli. No U.S flight crew had used that term for years.

A navy pilot who called in 4 minutes before the plane, according to the official story, would have hit the WTC, told his mother that he thought his plane was over Ohio. Anyone within 10 minutes flight time of New York would have clearly seen the Manhattan skyline. At 4 minutes to 'impact', the plane would have been right over New York. It would have been unmistakable to anyone.

10 of the supposed hijackers had Florida drivers’ licenses. They were all slightly built, and under 5' 7'' tall. These are the men who are supposed to have overcome and killed well-built, 6' tall pilots, with nothing but box cutters? The terrorists supposedly managed to overpower a 6'2” judo champion, a F14 fighter pilot, an Israeli special forces trained killer. The last was an employee of Mitre, a top top secret black ops organisation that sucked in unlimited amounts of money and other resources, but which no-one can tell you anything about. Mitre is a literal
'shadow government' with a secret budget to match. That is a real achievement. Allah be praised!

Rebekah Roth managed to track down the original passenger manifests for the flights listed as having been hijacked, and found that there was not a single Arabic looking name on it.

In reality there were no passenger planes involved in 911. What there were were 'Tail wagging the dog' type special effects, added soon after the explosions were announced and the missile hit the second of the Twin towers. In the first footage, in hindsight, you can clearly see that it is not a passenger airliner. Witnesses stated clearly on camera that the plane had no windows, and was definitely not painted as a commercial passenger airliner. It was traveling, according to the official estimates, at around 690 miles per hour.

Ask any Boeing engineer. Ask the designers of that particular plane. At 35,000 feet the maximum speed, before that plane would start physically breaking up and falling apart, is 530 miles per hour. This is what led other investigators into questioning the whole story about passenger planes having been involved in the WTC explosions at all. They then investigated whether or not the passenger airliner in question could possibly have penetrated the buildings, let alone penetrated through the entire width of the building, and then out the other side.

The missile not only penetrated the steel structure, but went right through the building, and a large length of its nose came out the other side. No passenger plane of any type could have managed this little trick. It takes a hardened uranium nose cone to manage that feat.

However the footage was quickly edited and when it was re-shown, the nose coming out the other side had been blacked out by a long vertical stripe. Within minutes, special effects specialists had covered the gray-black missile with a passenger airline outline. They had by then also added the first passenger airplane hitting just where the explosives had first gone off, on the first tower. And so suddenly the mass media were full of footage of two passenger airliners crashing into the Twin towers.

The original footage that clearly shows a large black missile with no windows crashing into the WTC was not repeated on air, such as that of ABC7. New 'eyewitnesses', briefed C.I.A assets, then began repeating their lies about how they had seen commercial passenger jets fly into the world trade center. From then on, that is what the hegemonic social reality was. Two commercial airliners had been hijacked and had crashed into the WTC. All you ever see now on TV is that faked footage of a commercial airliner crashing into the WTC. It never
happened. But repeat a lie, as every propagandist knows, and sooner or later people just believe it.

Lemnitz also proposed a series of fake false flag terrorist attacks in Miami, Haiti, and the Dominican Republic. He suggested they might blow up some refugee boats, killing the passengers. The aim was to have Cuba defined, in the public consciousness, as a threat to peace in the Western Hemisphere.

Lemnitz also suggested they might dress up some U.S fighter jets as Cuban M.i.g fighter jets, then invade Dominican Republic air space, and harass commercial passenger liners. If the pilots reported to the passengers that the jets were Cuban M.i.g.fighter jets, and if they looked like M.i.g. fighter jets, then the passengers would believe that they had just been attacked by Cuban M.i.g fighter jets.
U.S overthrow of the democratically elected government of Chile in 1973

In 1973 Kissinger oversaw the overthrow of the democratically elected government, and put Pinochet in power. He, and the U.S, then aided the brutal military regime. Britain and Australia, as allies, who would later form the 'coalition of the willing' that supported the U.S's criminal invasion of Iraq, also supported the criminal regime of Pinochet in Chile. This regime murdered, at the most conservative estimates, many tens of thousands of their own citizens. The U.S provided intelligence, and the names of persons opposed to U.S interests and to the interests of the criminal regimes. The Australian government also built the telephone system in Chile, which was bugged, and used to hunt down any 'freedom fighters' who opposed Pinochet.

The interests of big business and the fascist dictators converged. The allies provided dictators and terrorists training in terrorist tactics, in the U.S, and in their own countries. They provided money. They provided weapons. All of these cases have been well documented, but you won't hear about it in the popular media, and they certainly won't be called acts of terrorism, or of aiding and abetting terrorists. The U.S brought Suharto to power in Indonesia, and then provided the means for him to murder up to a million Indonesians. The U.S did this to serve the interests of the then current U.S Administrations, and the narrow vested interest groups that they represented.

The U.S now has 152 military bases around the world from which to bully and coerce other people into doing what it wants, and from which it carries out acts of terror against those who don't comply with its interests. To be more precise, not U.S interests, but merely the interests of big business. These narrow vested interest groups buy off the U.S administration and military leaders, and then manipulate public opinion through misinformation and clever marketing.
The Lockerby air disaster, Golem, and the true 'Philosopher's stone'

Since I wrote this, years ago, Libyan President Gadhafi has been murdered by the C.I.A -Mossad- Mi5. He had been the longest serving head of state of any nation. He had agreed to pay 10 million U.S dollars in compensation to the families of each victim of the Lockerby air disaster, even though there was never any evidence of any Libyan involvement in the disaster. The courts ordered the release of the innocent Libyan that the U.S had illegally imprisoned.

The courts actually ruled that there was evidence that the U.S authorities had conspired against the Libyan, by, among other things, planting false evidence at the crash scene. However Gadhafi signed the agreement under coercion. It was the only way to get U.S economic sanctions lifted.

Do not forget that earlier, 292 Iranians had died when the U.S navy had shot down a scheduled Iranian commercial flight. They have never been forced to give any explanation for this act of terrorism. The navy battleship had illegally entered Iranian waters. The warship commander claims he confused the jumbo jet for a jet fighter.

Bush would not even apologize for what he called an 'accident'. The U.S claims the Lockerby air disaster was a revenge attack. Can you imagine the worldwide response if an Iranian gunboat illegally entered U.S waters and shot down a commercial airliner? Bush is a great source of Freudian slips. He keeps making them. In this case the choice of word 'revenge'. Later he almost referred to the '911 conspiracy' instead of the '911 attacks', in a media announcement. His wife is seen trying to hide a grin at this Freudian slip.

Gadhafi was a charismatic leader. He, like JFK, the U.S founding fathers, and Hitler, made a heroic attempt to defy the Zionist Central bankers. He was working with African nations to institute a new gold based currency that would have seriously threatened to bring about the collapse of the greatest ponsy scheme in history, ‘The Petro-Dollar’, a.k.a, The U.S dollar. The greenback is backed by nothing. Of course Percy from Black Adder discovers how to make 'pure green', after experimenting with alchemy.
This is all the U.S dollar is worth. In fact the Zionist central bankers discovered the philosophers’ stone when they invented the concept of the private central bank. Their printing presses are the philosophers’ stone. They can turn the paper into anything. Hell, the rest of the world swapped their worthless paper for all their god reserves, and continue today to do so. You can change that worthless paper into ANYTHING. Including POWER. You can buy anyone, and anything, with this worthless paper. This paper is the mythical 'scrolls' that the Jews in Prague would place into the mouth of their Leviathan, their 'robot', their GOLEM. The Jews would simply write a command on the piece of paper, then put it in the Golem's mouth. The Golem would then do whatever the Jew asked it to.

Does that sound like anything you know? Ever heard of lobbyists? Ever heard of 'illegal campaign financing'. Guess where most of the records for the biggest investigation ever into illegal campaign financing were held. Go on. Guess. Yep. WTC and Pentagon. Where the first explosions went off. Where the missile/s struck. 'Jews' make up about 2% of the U.S population, but Zionist Jews, which is just a fraction of that 2%, account for around 50% of all U.S election campaign contributions.

Remember that the U.S government is the Zionist’s ‘Golem’. The robot-monster that carries out the Jews instructions, as long as the Jew writes it on a piece of paper and feeds it to the Golem. The little pieces of paper are the 'U.S dollars' that U.S politicians will do anything for. And where does the Zionist Jew get these pieces of paper? They print them. They discovered alchemy. How to turn base things into precious metals. Into power. They take paper, rub their philosopher's stone over it, and it turns into money, and power. Yes friends, they discovered the real philosopher's stone. It is called Federal Reserve banking. They own and control the world’s central banks.

The only significant nation left without a Rothschild Zionist Jewish central bank is, wait for it, the enemy of the free world, the nation that roasts people alive on your television set. Got it yet? Yes, the new 'bad guy' we are being conditioned to hate by the Zionist controlled and owned mass media, and the C.I.A false flag terrorism with real victims, is IRAN. Not only are they trying to break the Petro-Dollar U.S dollar Ponsy scheme by selling oil for Euros, but they are the only significant country left that has not allowed the Zionists Central bankers to set up their 'philosopher's stone' Central banking ponsy scheme in their nation.

And who comes next on your list of 'public enemy number one', terrorist threat to your security? Good guess. North Korea. Along with Cuba, the last nations to hold out against the Zionist Jew Central banking system. Soon the Zionists will
have the whole world in the palm of their hand, printing out instructions for all the world leaders, their Golem, and feeding this Golem with worthless paper scraps that, thanks to the magic of the philosopher's stone, the Central banking system, the petro-dollar, and the international reserve system, can be exchanged for gold, power, jewels, sex, drugs, anything they like.

Anyone will become their golem. Just find out what the golem wants to eat. What's your pleasure? Just do what the Zionist Jews and their Golems ask, and you will receive. The ponsy scheme U.S dollars can be converted into anything you like. You can buy just about anyone you like. You can buy their influence and power. They will serve you. Just keep feeding them with worthless bits of paper, and giving them your instructions.

Remember that JFK was assassinated for trying to get rid of the Federal Reserve System in the U.S. He was going to do it. He had signed the executive order. And who was it that made a U.S wide broadcast and film announcement, warning the world of the Zionist Central Banking system's plan to take over the world? Guess who else got assassinated for trying to get rid of the Federal Reserve System. And he had something in common with Osama Bin Laden. The same illness. Yep. President Lincoln.

Guess who took over control of NORAD just before the 911 explosions? Who stopped fighter jets being scrambled to intercept the supposed hijacked airplanes? Dick Cheney! Even 30 minutes after the first WTC explosion, Dick Cheney prevented any action being taken against a hijacked passenger airliner which they knew was headed for the Pentagon. At the time there were still 8 jet fighters available. Cheney shut down the multi-billion dollar defense system that had been put in place to protect the Pentagon from any threats. It was capable of knocking the fastest fighter jets in the world out of the sky before they could even approach Pentagon airspace.

This system would have had around 30 minutes to respond, with a clear flight path for the supposed commercial airliner that was supposedly approaching it. Not that any evidence at all exists of any such airplane ever coming anywhere even close to the Pentagon, let alone crashing through the Pentagons only recently completely rebuilt, impregnable concrete and steel walls, oh, and of course, then vaporising, for some ineffable reason.

There were 22 overlapping possible hijacking scenarios underway at the time, as part of several different war games simulations, mock hijackings, and training exercises. One of the 'exercises' was an exact copy of the official 911 cover-up story.
I swear this is a ZEN moment. For those of you who are theists, you would say god seemed to be speaking to you. I feel truly inspired. I had never before thought of the ancient myths of the philosophers’ stone or Golem in this context. I am cold and need some coffee. My back and neck ache. I wonder if anyone will ever read this.
Afghanistan

The U.S and Britain made big heroes of themselves in front of the international media by promising they would help the people of Afghanistan. They have not kept their promises. Things are actually worse off in Afghanistan for most people now than they were under the Taliban. People were definitely safer under the Taliban. The Human Rights Watch has reported that the Army and Police troops, controlled by the warlords that the U.S put in power in Afghanistan, are kidnapping villagers, raping women, girls, and boys, and then ransoming them back to their fathers.

These practices, and extortion, robbery, and murder, especially of girls and women, are reported to be widespread. The Presidential elections were fraudulent. Afghanistan is considered the world's first of second most corrupt country. President Karzai recently released several of the biggest drug warlords from prison without any explanation.

The popular media are not reporting on the atrocities that members of the Revolutionary Association of the Women of Afghanistan (RAWA), at risk to their own lives, have managed to secretly document. The footage they provided the media was considered by Reuters and ABC Australia to be too shocking. Parts of the footage were only later aired in a BBC documentary. Women and children are committing suicide to avoid being repeatedly raped. Two girls that went to school without their 'burqas', the Muslim head covering, were killed, and their bodies were dumped on their parent's doorstep. None of the warlords now in power would have been in power without the U.S and British support.

Like the Taliban that the warlords replaced, they were recruited, trained, financed and backed by the U.S and Britain. In 1979 the Carter Administration in the U.S authorized U.S 500 million dollars to aid the Taliban-Al Qaeda, intent on forcing the U.S.S.R into exhausting its resources in a futile war in Afghanistan. The U.S.S.R was afraid of Islamic fundamentalism spreading through central Asia, and hence sought to destroy the Taliban.

The C.I.A had backed a plan to train over 100,000 Islamic militants in Pakistan, with British MI6 and SAS trainers. Taliban leaders were trained in terrorism in the U.S, at CIA bases in Virginia. The other reason that Afghanistan was of
interest to the U.S, was its strategic position between the gas rich Central Asia, and the ports of the Caspian Sea.

Afghanistan was to become an 'oil and gas protectorate', similar to Saudi Arabia. This meant that the U.S would support whatever regime would allow them to exploit its strategic position or resources. Saudi Arabia was known to persecute women and deny its population real democracy. This was considered acceptable. Remember that most of the dictators that the U.S has put in power or supported over the years were brutal murderers and torturers.

Relations between the U.S and its 'friends' is based merely upon their usefulness to the U.S administration (read 'big business interests'). The U.S public relations machine will have the U.S defined as an international peace keeper, and promoter of democracy and human rights, but the facts explode this myth irreconcilably. The U.S Administration has basically been an 'oil and gas junta'. The vice president under Bush was previously a lobbyist for 9 oil companies. Condoleezza Rice, the national security advisor, was previously a Director of Chevron-Texaco with special responsibility for Pakistan and Central Asia. George Bush Senior was a paid consultant of the huge Carlyle Group, whose 164 companies specialize in oil and gas, pipelines, and armaments. His clients included the Bin Laden family.

The most wealthy and powerful companies and their owners all benefit from the armaments and energy industries. The taxpayers pay for their terrorist acts. Wars cost a fortune, and most of that money goes to armaments manufacturers. Every time a U.S warplane bombs someone, the armaments industry has sold a bomb, one which must be replaced. The armaments industry also needs somewhere to test its new weapons, and terrorist actions are a perfect testing ground.

The 'Northern Alliance' of brutal warlords put in power by the U.S after their invasion, were 'recruited' after Al Qaeda and the Taliban turned on the U.S. They denied them the right to build their much desired pipelines to carry gas from central Asia to deep water ports on the Caspian Sea. The U.S blamed Al Qaeda and the Taliban for the two U.S embassy bombings in Africa. Together with the 911 bombings, they had an excuse to 'liberate' Afghanistan, and place amenable warlords in power who would allow them to build their pipeline.

The current lack of interest in human rights violations, murder, rape, widespread violence and total disinterest in democracy and freedom, are clear indicators that the U.S invasion had nothing to do with liberating anything except the gas pipelines, freeing up Afghanistan to be exploited by U.S oil and gas corporations, to the personal financial benefit of the members of the Administrations who arranged the invasions of Iraq and Afghanistan.
The war was doubly profitable for the Carlyle Group and George Bush, who benefited from armaments sales to the U.S Military, and the Warlords, both of whom bought weapons with U.S taxpayer's money. The war consumed up Billions of dollars of weapons, all of which had to be replaced. For the Carlyle Group and the Bush administration it was big business.

The Defense secretary of the Bush administration, was from 1992 up until running for political office (at least officially), a CEO of Halliburton, which owns KBR. KBR have, since World War Two, provided logistics support for the U.S military. This includes food, housing, oil, toilets, and water. No competitive bidding has ever been applied to such defense contracts. They filled the defense contracts in Vietnam, Somalia, Haiti, Bosnia, and Iraq. They maintain a tradition of overcharging, and war profiteering.

Since the war, the U.S has established strong military presences in the 9 resource rich former soviet central Asian neighbors of Afghanistan. The U.S now has a strong military presence at the gateway to every major source of fossil fuel. The U.S now have what they have sought: 'full spectrum dominance'. The populations of the U.S, Britain and Australia have been duped into sacrificing their resources and lives to further the privileges and power of a very narrow group of big business interests. This narrow group have no interest in the suffering of the millions of innocent people who have been sacrificed in their quest for ever greater personal wealth and power. They are essentially psychopathic. All the so called great leaders, from Moses, to William the Conqueror, to Napoleon and onto Hitler, behaved psychopathically. They had no qualms at the costs their own ambitions imposed on millions of people. Big business leaders are similarly psychopathic. This is now well documented. They possess all the key profile characteristics of psychopaths. This may make the situation easier to comprehend.
First Gulf war propaganda we all swallowed

In the first Gulf War, the U.S media played out the story of a young Kuwaiti girl who had (claimed to have) witnessed Iraqi Soldiers remove small babies from their intensive care 'cribs', in order to steal that medical equipment. It was reported as brutal murder. We only later found out that she was in fact the daughter of the Kuwaiti Ambassador to the U.S, and the whole story was pure propaganda. The commercial media of course didn't bother covering 'that' story, the real story, and the real news.

In the Iraq war we saw (what appeared to be) the spontaneous act of a joyful mob pulling down a statue of Saddam Hussein. Later we were to find out that the scene had been instigated by the U.S as a piece of propaganda. It had been far from spontaneous. It was orchestrated by the U.S. Most of the active participants in fact belonged to a wrestling club. And in fact there were very few participants. The camera angles were careful chosen to make it look like a large crowd. They even filmed two versions of the 'spontaneous' expression of joy. One with the U.S flag, and one with an Iraqi flag, meant for two distinct audiences, American's at home, and the 'liberated' Iraqis.

During the exodus of Iraqis from Kuwait after the U.S 'liberation', a long convoy of cars and trucks was literally melted by some U.S weapons that the war had been used as a 'field test' for. The convoy was made up mostly of civilians. However the only pictures of the virtual mass murder that were allowed to be shown in the media were of the one or two burnt-out tanks by the side of the road that had perhaps been escorting the convoy of civilians, as protection.

19 year old Iraqi (apparent) war hero Pt. Jessica Lynch became the poster girl for the U.S military. The media was saturated with stories about the brave private, captured by the Iraqi after a brave fight, and then rescued by her loyal comrades in arms from untold horrors at the hands of her brutal Iraqi captors. In fact she had never fired her weapon during her 'heroic' defense of her squad. It had in fact 'jammed'. She had broken her leg. She had been treated according to the Geneva Convention on the rights of combatants. She had been taken to a public hospital. The Iraqi forces had left the hospital she was in the day before U.S forces arrived, and made a big media show of unnecessarily kicking down hospital doors and rescuing her. She got an award for bravery, a book deal, and a film deal out of it:
Saving Private Jessica Lynch. It was only much later that she went on television and admitted that the whole thing was a sham, pure fiction. She admitted the whole sordid tale on camera.
The U.S invasion of Iraq

Up to 10,000 Iraqi 'civilians' were killed in the U.S invasion of Iraq. This is just during the actual invasion. Since then hundreds of thousands of children, women, and men have been killed by U.S 'friendly fire' and 'collateral damage'.

Remember the Invasion was unprovoked, and hence by international law and the Geneva Convention, George Bush Junior must be charged before a war crimes tribunal with crimes against humanity, in the same way, and for the same reasons, that the Nazi leadership were charged and hanged after WW2.

The U.S military have bases near every major source of gas and oil. Iraq is the second largest single producer of oil in the world. Any weapons of mass destruction that Saddam Hussein once had had, been in fact been sold to him by the U.S, Britain, France, and Germany. It is recorded on the congressional record that the U.S congress approved the supply of biological weapons to Saddam Hussein. The Defense secretary Rumsfeld actually visited Saddam personally, and can be seen on video footage chumming around with him. At this time Saddam's regime was supported as its interests converged with the interests of the U.S administration and its financial backers.

No weapons of mass destruction have ever been found in Iraq. The only ones Saddam Hussein had ever had and used had been sold to him by the U.S and its allies. Today the leading players all admit they never had any evidence of WOMAD at all. The threat was fabricated simply to justify an invasion that had long been planned.

The U.S president, together with the Prime ministers of Britain and Australia, lied to their constituents and the world. They claimed that they had proof of an imminent risk of Iraq having and using weapons of mass destruction. They broke international law and started a war based on these lies. Thousands of people were killed, and many more terribly wounded, based on these lies. Hundreds of thousands of Iraqis have died in sectarian violence unleashed in the power void produced by the Allies overthrow of Saddam Hussein's regime.

There are absolutely no links between the world trade center bombing, or Al Qaeda, and Saddam Hussein or Iraq. These were the justifications given by Bush
for his terrorist campaign against Iraq. In fact Bush's invasion of Iraq and all the
details of the 'patriot act' had been planned well before the September 11 attacks.
The Boston marathon tragedy

There appears to be good evidence that the Boston marathon tragedy was another false flag operation. I have to do some more research though.
The Oklahoma City bombings

There appears to be good evidence that Oklahoma City bombings were another false flag operation. I have to do some more research though
The U.S attempt to overthrow the democratically elected government of Venezuela

I watched the film 'The revolution will not be televised', and it clearly showed U.S involvement on the ground, and also through the international media. The C.I.A controlled mass media falsely reported to the people of Venezuela that their president, Chavez, had handed over power to his political opposition. The U.S media were claiming that it Chavez had more or less accepted charges of corruption, and left his office. A U.S registered airplane was waiting to take him out of the country.

The media in Venezuela shut down the public broadcasters, and spread pure propaganda about Chavez, and the 'profoundly democratic' action that the opposition had taken, in completely ignoring the constitution, and overthrowing a democratically elected government with more support than any government I have ever heard of in the last elections held in Venezuela. The coup ultimately failed, leaving U.S officials publicly embarrassed and clearly humbled, even shocked, but making no admissions or apologies for their atrocious lies and deceptions.

Later, influential U.S Christian fundamentalists openly called on the U.S government for the assassination of Victor Chavez, the democratically elected leader of Venezuela.

Sadly, the world has lost one of its greatest leaders ever. Victor Chavez is now dead. Surprised? Can you name one world leader who stood up to the U.S Zionist’s and lived? Chavez now joins Gadhafi, Saddam Hussein, Hitler, and all the freedom fighters of history, all the true patriots to their nations, who had the courage to face tyranny, and die on their feet, rather than live on their knees, as slaves to the Zionist Central bankers, and their opportunistic allies.
Malaysian airline flight 777

The Malaysian airline flight 777, shot down over East Ukraine. Was it a drone? The whole scenario has many elements in common with 'Operation Northwoods'. The U.S has spent over 5 Billion dollars trying to destabilise Ukraine. Remember that the British public, for some unknown reason, were very keen to fight the Russians in the Crimea. Queen Elizabeth found it completely baffling. Why a commercial passenger jet even in this air space? This airspace that had been officially ‘restricted’ to commercial air traffic for the last two months.

There is no way the pilot would not have known. Was the flight given clearance by someone? By people pretending to be whom they weren't? Say C.I.A or Mossad? Or was this flight simply taken off course by remote control. Guess who owns / controls the company who make the technology that make this possible? Technology that is on most commercial passenger jets today? Something is very 'Kosher' about all this.

What is notable is the much too smooth media responses. First it was reported as a crash, then within 30 minutes crash was 'up-graded' to 'shot down'. Within another 30 minutes we were being told it was Russian separatists, using Russian weapons. The whole thing smacks of the roll-out of a pre-scripted propaganda campaign. Remember that the U.S forced Gadhafi to take responsibility for the Lockerby air disaster, even though the F.B.I reported that all the evidence had been 'planted'. Just like it was called for in the plans for 'Operation Northwoods'.
ISIS

ISIS is a joint CIA, Mi5, Mossad terrorist organisation. The leader of ISIS is shown clearly in a photo. He has been identified by name as a former senior agent of the U.S, Israeli, and British Intelligence. Did you really think that the CIA worked for the U.S public, that Mi7 worked for the British public, and that Mossad works for the Israeli public? Don't worry, they had most of us fooled. They have most of us fooled still. The head of ISIS is Eliot Simon, a CIA operative.

The CIA and Mossad have a history of falsifying media reports.

They falsified our whole perception of 911. They superimposed an image of a commercial passenger airliner over the actual footage of a dark, windowless, 767 sized missile that actually did hit one of the Twin towers. They then used their special effects to give the false impression that an airplane hit the second tower, just as the explosives that had been planted in that building detonated.

In the same way, we can hope that the internet footage of a Syrian jet-fighter pilot being ‘roasted alive’ was also a fake. However have no doubt that if the horrific footage was real, then it was not any Arabs that were doing the torturing, but U.S and Israeli operatives. The U.S and Israel have not hesitated in the past to burn thousands of children, women, and men to death. So this would just be a sad, terrifying, continuation of their past practices, rather than setting any precedent.
Since WW2, The U.S has 'intervened' in over 72 nations, often supported by Britain

You won't hear about it on the news. Big business owns the news too. Those few broadcasters with the integrity and bravery to attempt to investigate and broadcast the truth are not viewed by the mass public, and face all sorts of legal and financial hurdles in reporting the truth. Big business owns the best lawyers, and will pay the rest to do its bidding. Few lawyers care who they work for. They will prosecute the innocent and defend the guilty.

The tobacco industry spent over 600 million U.S dollars on lawsuits in one year. They cynically use every means at their disposal to deny the public the truth, and to deny victims justice. If you want to hate someone, forget Bin Laden, focus on the true evil amongst us, the tobacco industry. And if you want to know the real terrorists, turn on your news, they will be smiling at you, and behind them will be a flag and a coat of arms with a bald eagle on it. It is undeniable. The facts are compelling.

We should find it abhorrent to make a distinction between civilians and those forced by one means or another to put on a uniform. That is one of the most massive violence of language and culture that I can think of. It has become a sad convention to sanction the murder of men and women in uniform as somehow more acceptable than the murder of those who have not been coerced or forced into putting one of those uniforms on.

The U.S had earlier attacked Afghanistan. The U.S killed more civilians in their failed attacks on the Taliban and Al Qaeda than were killed as a result of 911. The money promised for reconstruction of Afghanistan has never been sent. Most of the 10 Billion in aid to Afghanistan has gone into military spending. This in fact represents a payment to the U.S armaments industry, for they are the ones filling the weapons contracts, and training and arming the Afghanistan military.

There isn't even any attempt to use the rhetoric of 'free trade' in terms of these weapons and training contracts. In other words, the money is going to U.S armaments manufacturers, those who paid for the political campaigns and slush funds, and who have bought the Administration off with perks and hugely rewarding 'consultancy' work. These 'consultancies' are basically no more than
millions of dollars of bribes dressed up as payments for nominal services rendered. Who recently got paid two hundred thousand U.S dollars to give a fifteen minute 'lecture' to a Saudi company? The Saudi's know that a dollar in the bank is worth two 'in a Bush'.

Remember that the Bin Laden family is the second richest family in Saudi Arabia, after the Saudi Royal Family itself.

And sorry that I failed to have mentioned that Al Qaeda, ‘The Base’, has its operation headquarters in the C.I.A. It is a creation of the C.I.A, and acts directly under C.I.A orders. It may occasionally use Arab ‘front men’ for public relations reasons, such as Osama Bin Laden, but all its operational planning is carried out in the U.S by the C.I.A. Any genuine Arab ‘terrorists’ it occasionally employs do not realise they have been duped by the U.S into behaving in ways that will harm the interests of the Arab Muslim people.

The real services rendered are not consultancies of any kind. Rather the real services rendered are the war itself. You can't 'officially' pay people for starting a war for you, and giving you contracts for weapons. So you pay them for speeches and 'consultancy' work. The administration are mercenaries, pure and simple, but the media legitimate their terrorism and mercenary work, whilst demonizing Bin Laden, and anyone who stands up against the interests of big business. They are more likely to run smear campaigns demonizing the opponents of toxic and deadly tobacco, than to ever raise questions about the totally corrupt U.S administration.

In fact it was the U.S and the British Mi6 that actually set up, financed, trained, and recruited, the Taliban and Al Qaeda. It needed them to do its dirty work under the Carter Administration. Nominally, they were set up as a terrorist organization to fight against the U.S.S.R, as part of the 'cold war'. In reality, their importance was merely for big business interests. A gas pipeline was to be constructed by the U.S through Afghanistan, to exploit the rich natural gas reserves in Central Asia. The Taliban were invited to the U.S and treated like royalty by the administration. Bin Laden was created by the U.S, and was their friend and ally, as long as Bin Laden and the Taliban agreed to the gas pipeline, and to allow the U.S to build and control it. Of course they were offered a nominal royalty for allowing the U.S to build it across their land. That pipeline deal is now going through, having been arranged and agreed upon during the Clinton administration. But, you won't hear about it in the media. Big business own the media. Mass murder, and mass rape of women, girls and boys, still continues in Afghanistan. It is run by warlords. The official government has no resources to carry out any of its functions. It is powerless. The only female in
the cabinet, who was paraded before the world media to show that things had changed for the better in Afghanistan as a result of the U.S and British attacks, was forced out of the cabinet by the warlords, and lives in fear and isolation.

The nominal president of Afghanistan has no power, and only leaves his home under the guard of 42 U.S bodyguards. He once worked for the gas company himself, which is why he has been put in power by the U.S administration. It is clear that all the U.S administration is interested in is providing sales for the armaments industry and in securing the deal for the gas pipeline. They are sickeningly mercenary. President Karzai maintained his power via massive fraud during the recent Presidential elections. Afghanistan is one of the most corrupt nations in the world. Karzai recently granted Presidential pardons to three of Afghanistan's biggest drug lords.

U.S taxpayers paid for a 'war for democracy' for Afghanistan with 'blood and treasure'. They then paid 240 million for a fraudulent election, to keep 'oil and gas Karzai' in power. Television presenters were very careful to avoid stating the obvious. They were always obtuse. Karzai is an ex-oil and gas company executive put in power as a U.S puppet. Dr Abdullah, the only opposition leader, pulled out after the first election had been declared invalid due to massive fraud. About one million votes for Karzai were invalid.

None of Dr Abdullah's reasonable demands, which would have ensured that the re-run of the election would be free of fraud, had been met. The supposedly 'independent' electoral commission also proved corrupt. The U.S had been prepared to waste another 250 Million on going through the motions of a sham election a second time around, however Dr Abdullah could not, in good faith, play along. It was no game. People had been killed for trying to vote the first time. Some had had their noses and ears cut off for voting. 40 British soldiers killed protecting voters. However for Kharzai and the U.S administration it was all just a cynical game.

Recently Afghanistan has been voted first or second most corrupt state in the world. 75% of Afghans today live in poverty, in the first or second most corrupt nation in the world. Decisions bypass the democratic process required by the constitution. As such the number of female politicians are just window dressing for the rest of the world that sacrificed so much blood and treasure to guarantee 'oil and gas Karzai' power.

Racism is ubiquitous and insidious. When a survey was done of U.S graduates asking them how many people had died in the Vietnam War, they roughly quoted the number of U.S soldiers killed. They failed to include the millions of Vietnamese people who were killed. The (female!) U.S secretary of state
Madeleine Albright proudly stated before the world media that the death of more than 500,000 innocent Iraqi children was an acceptable price for the U.S embargoes on Iraq. That embargo prevented basic medical supplies and nutrition from reaching these children, many of whom were suffering as a result of the earlier U.S attacks.

Many Iraqi children have suffered genetic birth defects resulting from the U.S forces 'field testing' of new weapons, including radioactive spent uranium shells and munitions. The death of a few thousand U.S citizens was pronounced a world tragedy, and received saturation media coverage across the whole world. All the world's leaders expressed sympathy for the suffering of the American people. That attack was an appalling and terrible attack on the world, not just on the U.S, we were told. That was a great and historical tragedy that would go down in history and ignominy. The slow and agonizing death of over 500,000 children in Iraq, however, was acceptable.

Most of the media references to the victims of the Bali Bombings were to the 88 Australians. In fact the majority of the victims were Balinese. The focus of the media coverage was on the tourists, and failed to report on the locals whose lives, families, and livelihoods had been destroyed. Further, there were no discussions about the motives of the bombers, who had sacrificed their own lives for some reason. There were no productive interrogations which might have revealed the reasons why such a horrific thing had happened, one that might lead to a resolution of those reasons, and prevent such a terrible event from taking place again.

As in most coverage of such 'terrorist' acts, the focus was on the western victims, and on demonizing the perpetrators, many of whom had sacrificed their own lives for whatever purpose they were seeking to achieve, for whatever ends they were hoping to attain. Nothing in the coverage shed light on their motives, or offered a way forward to eliminating these motives, and thus such acts.

Today the U.S media are being censored. They are forbidden to show U.S casualties returning to the U.S. They also never comment on the number of Iraqi victims of the war, let alone show footage of the dead. It was as if no-one was dying, as if the war was merely a video game. Since the Vietnam War the U.S government have prevented independent reporting of wars the U.S is involved in, or has an 'interest' in.

Independent reports which are made, often find it impossible to find any television station that will air them. The U.S administration was embarrassed by news reporting of the Vietnam War. It lost that war. Its own population
demanded it stop that war. When you show reasonable people what war really is like, they usually react by demanding an end to it.

The U.S had the Cuban revolutionary Che Guevara assassinated. He had never hurt any American citizen. Why did they murder him? Why isn't the U.N holding war crimes hearings? Why is it ok for the U.S to invade Cuba, and to launch terrorist campaigns to overthrow the popular governments of sovereign nations? Why is it O.K. for the U.S to prevent Cuba from developing and trading, by bullying other countries into trade embargoes with them? Why does the U.S constantly defy the U.N, not pay their U.N dues, and constantly and murderously violate international law? Why did the U.S need British and Australian 'coalitions' to provide some legitimacy for its terrorist activities in Iraq? Why did they provide it, in direct violation of international law, and the U.N? Why was it ok for the U.S to invade Spanish Mexico, and basically steal their territory to make it theirs? In how many foreign nations, especially in Middle America, has the U.S conducted terrorist campaigns? How many genocidal murderous right wing dictators has the U.S aided and abetted. Millions have died through C.I.A assistance of death squads in Indonesia and the Philippines.

The C.I.A has constantly provided vicious dictatorial regimes with intelligence and assistance in murdering millions of people. C.I.A lists were used by Iraqi death squads to identify 'leftist' intellectuals, in order to murder them. Suharto murdered hundreds of thousands of Indonesians using similar lists. Both regimes had been supplied with weapons, training and financial assistance by the U.S.

It is public record, but rarely reported in the popular media, and therefore not part of the public consciousness, that the U.S has consistently aligned itself with brutal warlords, and brutal, human rights violating, genocidal dictators, in Indonesia, the Philippines, Afghanistan, Chile, and formerly with Saddam Hussein, to name a few. The U.S administration does whatever suits its own agenda, totally defiant of human rights and international law. Many argue that the U.S deliberately led the U.S.S.R during the 'cold war' into a spiral of unsustainable military expenditure, long after it had ceased to pose a real threat to the U.S or world peace.

As we have seen with Saddam Hussein and the Taliban and Al Qaeda, all of the U.S's alliances are as 'disposable' as its own armed forces personnel and civilians are. The U.S has tested biological warfare on its own citizens without their knowledge, let alone informed consent. More undeniable facts which are now public record, due to the expiry of secrecy laws. But how many people are aware of this? Better the devil we know? Or is it that we don't really know? The U.S has
long had a huge military presence in all the areas outside of Russia, where the world’s major reserves of gas and oil are. U.S oil companies are actually exporting oil to Iraq at the moment.

U.S oil companies aligned with the Bush Administration have received contracts for the rebuilding of the Iraqi oil industry and infrastructure, at inflated prices, in private arrangements between themselves and the administration. Free market enterprise? No tenders were invited from companies that are not ‘allies’ of the current administration. The ‘oil and gas junta’ of the then U.S administration have worked and will work as paid representatives and consultants, as executives, directors, lawyers, and advisors, of the oil and gas and armaments corporations that have and will benefit from the ‘war’ on Iraq. The situation is hardly reported, and when it is alluded to, it is reported in ways that most people cannot comprehend.

The situation is mystified by legalese, deception and cover ups. The actual relationships between the war and the financial interests of bush and his mates are not transparent enough for the average person to be able to comprehend. It takes investigative journalists lots of energy and resources to uncover connections and to make them clear. Many people may note that the war had a lot to do with oil, but they won’t be able to comprehend how Bush and his friends are benefiting. They won’t be able to make the conclusion themselves that the war has been lucrative big business for the big boys. Of course the population of Iraq, and the U.S, and the world in general, are paying for this business transaction with their lives, money, and international stability.

Barrack Obama, the current U.S President, to his credit, is the only candidate to have refused to accept any campaign finance contributions from the oil industry. He managed to secure over 300 million U.S for his political campaign for President despite this. From whom then? From where?

The Bush family have long been war profiteers. Grandpa Bush was the banker to Adolf Hitler in the U.S, and owned a Polish factory that benefited from Nazi slave labor.

The U.S are the world power today, like Rome once was. They control world trade, and the world supply of energy. They dominate the world media. They force third world countries to allow tobacco advertising, in trade agreements set up for the powerful American tobacco industry. Remember that the political leaders are either bought and paid for by U.S big business, or are themselves actively engaged in big business.
We should always be careful to distinguish between the U.S administration and the U.S public. The U.S public are lied to and manipulated. It is not the U.S itself that is the actor on the world stage, rather the relatively small but massively influential lobby of big business interests. The U.S administration are owners and employees of the armaments and energy industries. Of course the tobacco industry lobby group is also very powerful.

The U.S administration can be seen to be the vehicle, instrument, tool, and servant of the interests of big business. The Bush's wanted in. They wanted to join the ranks of big business. They themselves owned oil companies. Bush Junior openly acknowledged that he sold 'access' to the white house when his father was president. He accepted money in return for his connections, insider knowledge, and influence. He calls the wealthiest Americans his 'base'. American big business interests use the American people as means to their own ends. Big business manipulate the media and public opinion, and as Adolf Hitler, Lippmann and Noam Chomsky put it 'manufacture consent'.

War has always greatly increased the popularity ratings of leaders and their administrations. Analysts calculate that war automatically added around 15% to the popularity rating of George Bush Junior. In other words, the war that the administration used to line their own pockets by lining the pockets of their mates, also increased the popularity of the administration, and their ability to continue this behavior.

It makes you wonder about the true nature of evil. People who ruthlessly and unscrupulously do anything for money, including murdering innocent children, stealing the future of millions of people, destroying their homes, their entire communities. What sort of people are we dealing with, that can smile so beamingly into the cameras of the world media? Will history define the Bush's as war criminals?

Remember that ultimate power is never seen as power. It is so embedded within the system of things that few people notice it. The greatest democracy in the world was run by a president who was elected by judges who were put in power by his father, who carried out secret and overt terrorist acts, and supported terrorism throughout the world, who lied to his own people, and who did everything for private gain, for himself and his mates.

And this very same government wanted to build a shield of missiles and radars that would make them invulnerable to attack from anyone. The world’s largest 'rogue state' and 'terrorist' is the U.S. This terrorist organization, run by a few powerful elites, in the interests of a relatively few privileged and powerful groups
of people, and which has managed to totally mystify and manipulate and control its own population, wants to become invulnerable?

If they were to achieve this, then the few interest groups that run the U.S as a big business in their own interests, would have 'carte Blanche' to do as they pleased. They would be in a position to dictate their interests not only inside the U.S and their current zones of interest and influence, but would effectively be able to dominate the entire world. By threatening to attack any nation that doesn't do their bidding, and to unseat any democratically elected government that does not serve its interests, they would rule the world.

No nation could resist this. The reason the U.S does not want other nations to have weapons of mass destruction is that such weapons represent a balance to the U.S's current hegemonic power, its 'full spectrum dominance'. Full spectrum dominance is a good definition of hegemony.

Sovereign nations could only counter attempts by the U.S to control them with threats to defend themselves using weapons of mass destruction. No nation has enough conventional military power to oppose the U.S. Remember we are not talking about the general U.S population. They are as much victims of the Administration as the Taliban are. They die in the wars and pay for the wars.

We must always make a distinction between the population who are pawns and dupes in the games of the powerful, and their leaders, whether they be priests, kings, politicians, or big business. If the U.S succeed in their 'star wars' program, then there will be no counter to the power of U.S big business, who hegemonically dominate U.S politics through their official and unofficial lobby groups, and corrupt politicians and public servants.

What this means is that the population have to be freed of their ignorance and mystification. This brings me back to my real motivation for writing all of this. If we don't change our awareness and behavior from a narrow, short-term individualistic motivation to a more holistic, long-term corporate, that is, collective, one; if we don't develop an awareness that seeking personal benefit at the cost to others ultimately brings about the situation in which a few powerful people can destroy the world to serve their own perceived need for more and more power and wealth and privilege, then....

We must go back to the basics once again, and interrogate the realities of our natures, and the nature of our realities, (TROONATNOOR), if we are to avoid becoming victims of them, rather than benefiting from the opportunities they present us with.
Without acceptance of opportunism at a personal level, it could never become legitimate at the highest levels. George Bush Junior merely did what we all do, or would do if we had the opportunity, in our daily lives. We opportunistically take advantage of our inheritance, whether financial, talent, intelligence, beauty, or wit, to get more for ourselves, at the expense of others. We do not behave with solidarity for those weaker, poorer, and less capable and privileged than ourselves. We take advantage of our advantages, to secure more advantages and privileges for ourselves and our mates, families, and connections.

George Bush and his mates were offered riches and other benefits for doing the bidding of their benefactors. The consequences of course have been horrendous. We have to be honest with ourselves and see that we behave, in principal, the same, when we accept benefits, advantage and privileges as a function of our inheritances, situation and position. We would be hypocritical to criticize George Bush and his mates for doing, at a higher level, what we do at a more fundamental level, every day. We opportunistically seek privileges, advantages and benefits.

When we invest money, the return is paid for by the workers. They must borrow money and pay interest on it just to buy the products that they themselves actually produced. They pay rent to live in the houses they themselves built. We are taking advantage of a situation and a system of relations, including legal system, which allows us to steal part of the production of workers to keep for ourselves. We buy cheap imports from nations whose workers must endure appalling working conditions that make them sick and provide them with shockingly low living standards. We export dangerous and exploitative working conditions to other countries that are less developed.

The big companies that own our world patent everything and stop others from having access to the latest developments. We then force them to accept extremely low prices for their products. They have no choice. They either accept the price the world exchanges have set, or let their produce rot. Big business and multi-nationals work with the exchanges to artificially push prices down for goods produced in less powerful nations, and to increase the prices of their own production.
The U.S's History of undermining democratically elected governments. All while masquerading as the torch-bearer of democracy

If you happen to democratically elect a government that the U.S Administration do not like, then you have every chance of experiencing a military dictatorship being imposed upon you, with the direct support of the U.S. This happened most recently in Pakistan. The current military dictatorship was imposed with full U.S support, when the majority of Pakistani citizens democratically elected, several times in succession, an Islamic government.

Earlier in world history it had been democratically elected socialist governments that were overthrown militarily with U.S backing and operational support. Chile is one example. The U.S and Australia fought against the democratically elected and hugely popular 'communist' Vietnamese government, until they were militarily defeated. The U.S has provided logistics and intelligence to military dictatorships in the Philippines and Indonesia, on the pretext of fighting against communism. The South African secret services tortured and murdered freedom fighters under the false pretense of fighting communism.

The current U.S administration claims to be fighting wars in the name of bringing democracy to the world. This is highly ironic. The U.S maintains a veto in the United Nations, which it uses to prevent the U.N from mandating democratically arrived at decisions. George Bush Junior actually dictated the U.S's then permanent ambassador to the U.N, against the wishes of the democratically elected U.S congress. He imposed his will on the congress. He appointed Mr. Bolton as the U.S permanent ambassador to the U.N while congress was in recess. The U.S administration deliberately mislead the U.S public about weapons of mass destruction in Iraq. The issue of WOMAD was a mere contrivance. George Bush Junior and co. were completely disingenuous in their arguments about why they violated international law and invaded a sovereign nation, against the democratic vote of the United Nations.

The U.S contravene the democratically constructed Geneva Convention by torturing prisoners, and kidnapping and deporting people to countries such as Egypt for the express purpose of having them tortured. The U.S administration
have denied their own citizens their democratically attained rights regarding fair trials, and the absence of imprisonment without being charged with an offense. The U.S define themselves as the victims of terrorism, when they are in fact the world’s largest perpetrators of terrorist acts in terms of both size and number. The U.S administration keep going on about their 'war for democracy'. They claim that U.S military supremacy is being employed merely to bring democracy to the world. This is patently absurd. The U.S uses its military and economic might to dictate government policies to other sovereign states.

Its weapons include the World Bank, the I.M.F, its domination of the world media and entertainment industries, its covert intelligence operations, its military might, and its veto power in the U.N. The Bush administration also has a 17% vote in the international court. It vetoed the democratic decision of 143 other countries, being one against the 143 nations who had voted to give poor countries access to affordable medicines. The Bush administration, like any fascist regime, must pander to the interests of big business. The pharmaceutical lobby is one of the most powerful. Pharmaceuticals is one of the biggest businesses. It is a nasty business. It is motivated by greed, rather than a desire to heal and help people.
The U.S as the world’s number one *perpetrator* of terrorism

Sovereign states can carry out wars, as they have all the institutions and resources. The Palestinians, for example, have no such resources. They have unjustly been denied sovereignty by the world order. Worse, they have been dispossessed of their lands by an invading sovereign state, Israel.

Israel continues to occupy what the international community, the U.N, and international law, recognize as Palestinian territory. The only means that the Palestinians have at their disposal to counter the military force of Israel is what the U.S has managed to have defined in the popular language culture as 'terrorism'.

Of course the U.S is the world’s largest and most prolific terrorist. However the popular language culture defines terrorism in the interests of the most powerful, those who determine, through their ubiquitous and insidious total control of the culture, how something will be defined within it. Israel, who as we have seen actually ushered the modern age of terrorism into existence, still has the confidence or arrogance to define the suicide bombings, the only option available to Palestinians to seek justice, as criminal acts of terrorism. They insist that they will not move out of Palestinian territory until the 'attacks' cease.

A band of murderers and thieves are destroying houses in your neighborhood, killing your neighbors when they won’t run away, and stealing all their possessions. No-one is doing anything to stop them, even though you have heard that the supposedly most powerful organization in the world has told them to stop. They intend forcing you out of your house, or simply destroying it. The only way you have of trying to get them to stop is by strapping bombs to yourself, and sacrificing yourself to save your community. You cannot attack them directly as they are too powerful, and you would have no chance of achieving anything.

Your only alternative is to go into the neighborhood where your attackers’ families are, blowing yourself up, and thereby taking as many of the enemy's people with you as you can. You are sacrificing your own life. Of course you realize you are killing people who have not directly attacked you. But they have
the power to tell the others to stop killing your people, stealing their land, and denying them basic human rights. The only thing you can do is get their attention in this way. You sacrifice your life. In any case your life has already been deprived of all meaning by your enemies. The only positive meaning left to you was to die seeking natural justice for your people.

You are not killing people for personal gain. You will lose your life. Your acts are not mercenary, or motivated by desire for personal fame, status, power, or privilege. You won't be gaining access to a university education or training opportunities for a better life.

The people may claim to be innocent, the ones that die with you. But they have done nothing to stop their own people from committing atrocities against yours, and so they are 'morally' culpable. It was not your choice. You would rather have lived in peace, and devoted your life to caring for your family, to working hard to secure their wellbeing and happiness. The invading enemy denied them and you that. You did the only thing you could to maintain your humanity, and salvage some positive meaning from your existence. 'the livings in the way we die', as the A-ha song 'The living Daylights' puts it.

The Israeli military and privileged elites don't give a damn about the civilian who have and will be killed, maimed, and denied any positive future. They don't care about the mother's and father's and son's and daughter's grief at losing their loved ones. They just want more territory, more power, more stuff for themselves. The suicide bombers can't reach them or their families. They continue their criminal activities as occupiers, and build more illegal settlements, build walls and barbed wire fences, and even destroy the international airport that the European Community had built for the Palestinians.

Their mates in the U.S support them. The privileged elites of all big business elites act as a team. Their interests are convergent, reflexive, and re-iterative. They protect each other's mutual interests in order to promote their own interests. The U.S have to sanction the Israeli definition of the Palestinian acts as illegitimate 'terrorism' in order to reflexively define the freedom fighters the U.S seeks to destroy as 'terrorists'. Israel and the U.S defy international law and the U.N, and manipulate international public opinion through their control of the mass media.

Other Palestinians in the same situation as the first suicide bomber see no alternative but to continue to defend their families and homes by the only means at their disposal. The international community and U.N have been bullied by the U.S into being lapdogs, and will do nothing to prevent the war crimes and human rights violations being inflicted upon the Palestinians. They can only hope that
sooner or later the general public in Israel will feel vulnerable enough to insist that their own government pull out of the lands it is illegally occupying. That is the true point of terror campaigns, to make everyone feel that they could be next. Terrorism is aimed at making people feel democratically vulnerable, by attacking randomly. This means that everyone feels that they could be next, that everyone feels vulnerable, and therefore motivated to act politically. They will seek to protect themselves by seeking justice in principle, and universally, on behalf of all the victims of injustice in the world, including those whose interests the 'suicide' bombers and 'terrorists' are trying to draw your attention to, and your empathy for.

The Israeli elites then use these attacks to teleologically justify staying in the illegally occupied lands, and building walls and fences, and murdering Palestinian leaders. They then have the patent arrogance to argue that they can only consider subscribing to and complying with international law after the Palestinians stop their suicide attacks. The U.S support them, and draw up a 'road map to peace'. Peace without justice. What they refer to as peace is a capitulation. It is reminiscent of Napoleon, who went around fighting wars and claiming he wanted peace. After conquering a nation he would then 'grant' it peace. Of course once you have stolen what you want, and arranged everything to suit your interests, you want everyone else just to accept it and not fight back. You want peace! Most people want peace if they are the beneficiaries of the status quo. Peace without justice is of little value. The most despotic of dictators can easily bring peace. You just suppress and repress all dissidence. You imprison and kill all the dissidents.

This is hardly difficult. Peace alone is of little value, without justice. Only peace with justice is of value. Historians of the future, armed with secret files that will have by then been released, reports of investigative journalists, and an overview that promotes transparency, will find the 'road map to peace' fatuous, infuriating, and unbelievably absurd. The peace proposal demands that a country that has been invaded and occupied should trust the occupier, should give up the only weapon it has to defend itself while still under attack, and trust that for some unknowable and thoroughly inscrutable reason, the enemy will do the opposite of what they have been doing for decades.

The 'road-map' is basically the sacrifice of sovereignty in return for peace. You kill my family, steal my home, destroy my place of employment, and then, satisfied you have everything you want, want me to just accept it, and actually insanely expect me to? You are just so generous, you peacemaker you. And you are obviously insane, to even for one moment consider that there is anything at all rational about your offer, or consider for one moment that anyone could find it
acceptable. The only thing you have left me is my life, and it is now worthless. Peace without justice! Slavery is peace without justice. However few people will willingly sell themselves into slavery in return for peace. This is what the 'road-map to peace' demanded of Palestine. It was simply an unconditional surrender to the enemy. Of course that brings an end to the war, but surely we demand more from peace than that.

You would have to be either totally stark raving insane mad, or so damn smug and complacent about your power, about the influence of your friends in the U.S, that you could consider standing on the world stage and uttering such a contemptuously fatuous proposal, and stand there smiling as if you were not totally and utterly insane. You would have to be 100% confident of the ability of your U.S friends, through their 'full spectrum dominance', to completely, ubiquitously, and unobtrusively manipulate the media and public opinion to twist your absolutely insane suggestion and give it even a hint of seriousness and rationality.

Of course the mass media have 'constructed' or 'defined' suicide bombers in the popular language culture and consciousness as madmen, as fools, as dupes who have been brainwashed to believe that by sacrificing their lives for a cause they will gain a place in heaven, where they can have sex with any of the beautiful young women that inhabit it. They are not presented as the educated teachers and engineers, fathers and mothers of murdered families, and members of communities whose basic human rights continue to be violated. The only weapon for justice that remains to these people is their lives. The only way they can maintain their humanity, their dignity, to give any positive meaning to their lives which have been robbed of any hope and positive meaning, is to die in the fight for justice.

Until you recognize this, you will never be able to comprehend what it means for suicide bombers to sacrifice their lives, and to kill others. Until you respect their situation, you will not comprehend their motivations, nor seek to change the conditions and situations which drive them to their tragic and terrible acts. Only when the world accepts the reality of the situation will the world community take the moves required to change it. Until then, every one of us is a potential victim of the situation.

The suicide bomber is merely the expression of the system of oppression and injustice, and as much a victim of it as their victims are. Should you or any of your loved ones fall victim, then you will of course feel that you are an innocent victim. You are not. You are not doing anything to change the system of oppression and injustice that compels suicide bombers and similar terrorists to
sacrifice their lives in committing such acts. You can pretend you haven't seen, haven't heard, and hadn't been aware of the situation. But that won't stop you or your loved ones becoming the victim of it. International law is there to protect everyone, including you. If you let others violate international law then you cannot expect it to be effective. You certainly cannot expect to be protected by it yourself. If you allow others to violate the human rights of others, then you have made human rights mere rhetoric, and can expect to have your human rights violated sooner or later. International law, natural justice, and human rights, either exist as inviolable and indivisible principles, or they have no real value at all, in terms of protecting us and civilization.

The U.S, like Israel, break international law by kidnapping people virtually arbitrarily. They imprison them for years without charging them with anything. They torture them in one way or another to get the information they think they might have. They kidnap citizens of other countries, hold them without any legal justification, and violate their human rights. Mossad have a history of this. The U.S did it in Guantanamo Bay. They kidnapped people from India and Australia, and held them without charging them, let alone letting them stand trial. They violated their human rights and international law. Israel believes it may justify anything after WW2, and the 1967 Arab war. The U.S use ( or perhaps they 'orchestrated'?) 911 as an excuse to conveniently do whatever it wants in the name of a 'war on terror'. The U.S itself is the true 'rogue state', denying and breaking international laws and even the Geneva convention, defying the U.N. and 'vetoing' its democratically arrived at decisions.

The U.S 'patriot act' allows for the invasion of personal privacy, even including library user's borrowing records. 100s of people are being held as 'unlawful combatants'. This term was invented to try to legitimate the incarceration of people without any charges or trials, for as long as the Administration sees fit. It is an abuse of language. The U.S administration are breaking U.S and international law, and playing games with language to try to nominally legitimate their behavior, to cloak it in some dodgy 'legality'. In Israel, 1000s of Palestinians are being held without having ever been charged with anything. The Israeli government too are justifying everything in the name of their war against 'terrorism'.

War has always been exploited as a means to deny people their civil liberties and human rights. The Nazis constructed civil unrest, and probably even burnt down the German Parliament building, in order to 'justify' the adoption of 'emergency powers', to cloak their grab for dictatorial power in some legality. The current Bush Administration used 911 for the same purpose. Who would dare be unpatriotic? Who would dare be seen to be supporting terrorism, and not
supporting the brave efforts of all those fine young men and women who are putting their lives on the line to protect the U.S? Every possible atrocity has been committed throughout history using the rhetoric of defense, justice, democracy, religion, and 'law and order'.

The threat of war or the existence of war has always been used to justify the suppression of civil liberties, and the concentration of power in the hands of a few people. If you don't have a real enemy, a real and present threat, you just have to make one up. Easier still, actually make enemies through your political and economic policies, and simply wait for them to retaliate, and you will have your desired war!

If you have read the chapters about my experience of mobbing, you will see that I have gained a real understanding and empathy for people who are driven to seeking natural justice for themselves. Our basic humanity is defined in a large part by our need for natural justice. Many people feel that they can, smugly and complacently, deny other people justice, deny them their basic human rights. They feel they can get away with abusing their power and position. Of course when people are compelled to take the only desperate means available to them, physical violence, to avenge their victimization, to gain 'natural justice', the original perpetrators of the violence will define themselves as the victim, and seek and gain sympathy. But that will not change what happened. The only way to eliminate physical violence is to eliminate every form of violence which that physical violence is merely an expression of, a natural consequence of, a product or 'propergent' of.

Since WW2, The U.S has 'intervened' in over 72 nations, often supported by Britain. Had these 'interventions' been 'carried out' against the U.S, they would have been called acts of terrorism. The U.S, Britain, and its allies, helped overthrow the democratically elected governments of many countries, including Chile. They supported criminal regimes, such as that of Pinochet in Chile, which murdered tens and often hundreds of thousands of their own citizens. They provided intelligence, and the names of persons opposed to U.S interests and to the interests of the criminal regimes. The interests of big business and the fascist dictators converged. The allies provided dictators and terrorists training in terrorist tactics, in the U.S, and in their own countries. They provided money. They provided weapons. All of these cases have been well documented, but you won't hear about it in the popular media, and they certainly won't be called acts of terrorism, or of aiding and abetting terrorists. The U.S brought Suharto to power in Indonesia, and then provided the means for him to murder up to a million Indonesians. The U.S did this to serve the interests of the then current U.S Administrations, and the narrow vested interest groups that they represented. The
U.S now has 152 military bases around the world from which to bully and coerce other people into doing what it wants, and from which it carries out acts of terror against those who don't comply with its interests.

To be more precise, not U.S interests, but merely the interests of big business. These narrow vested interest groups buy off the U.S administration and military leaders, and then manipulate public opinion through misinformation and clever marketing. The most wealthy and powerful companies and their owners all benefit from the armaments and energy industries. The taxpayers pay for their terrorist acts. Wars cost a fortune, and most of that money goes to armaments manufacturers. Every time a U.S warplane bombs someone, the armaments industry has sold a bomb, one which must be replaced. The armaments industry also needs somewhere to test its new weapons, and terrorist actions are a perfect testing ground.

The U.S military have bases near every major source of gas and oil. Iraq is the second largest single producer of oil in the world. Any weapons of mass destruction that Saddam Hussein once had, been in fact been sold to him by the U.S, Britain, France, and Germany. It is recorded on the congressional record that the U.S congress approved the supply of biological weapons to Saddam Hussein. The Defense secretary Rumsfeld actually visited Saddam personally, and can be seen on video footage chumming around with him. At this time Saddam's regime was supported as its interests converged with the interests of the U.S administration and its financial backers.

No weapons of mass destruction have ever been found in Iraq. The only ones Saddam Hussein had ever had and used had been sold to him by the U.S and its allies. Today the leading players all admit they never had any evidence of WOMAD at all. The threat was fabricated simply to justify an invasion that had long been planned.

The U.S president, together with the Prime ministers of Britain and Australia, lied to their constituents and the world. They claimed that they had proof of an imminent risk of Iraq having and using weapons of mass destruction. They broke international law and started a war based on these lies. Thousands of people were killed, and many more terribly wounded, based on these lies. Hundreds of thousands of Iraqis have died in sectarian violence unleashed in the power void produced by the Allies overthrow of Saddam Hussein's regime.

There are absolutely no links between the world trade center bombing, or Al Qaeda, and Saddam Hussein or Iraq. These were the justifications given by Bush for his terrorist campaign against Iraq. In fact Bush's invasion of Iraq and all the details of the 'patriot act' had been planned well before the September 11 attacks.
This is 'gunboat' diplomacy. It allows the U.S to dictate its will, to gain concessions, and to control world energy production in its own interests. Remember that at one time the British had forced China to legalize and consume British controlled opium. Britain had nothing to trade with the Chinese for their desirable goods, and so forced them to buy its opium. This is historical fact. This is like the British piracy of Spanish and French shipping that was legitimated in the 'national interests' of the British.

You won't hear about it on the news. Big business owns the news too. Those few broadcasters with the integrity and bravery to attempt to investigate and broadcast the truth are not viewed by the mass public, and face all sorts of legal and financial hurdles in reporting the truth. Big business owns the best lawyers, and will pay the rest to do its bidding. Few lawyers care who they work for. They will prosecute the innocent and defend the guilty.

The tobacco industry spent over 600 million U.S dollars on lawsuits in one year. They cynically use every means at their disposal to deny the public the truth, and to deny victims justice. If you want to hate someone, forget Bin Laden, focus on the true evil amongst us, the tobacco industry. And if you want to know the real terrorists, turn on your news, they will be smiling at you, and behind them will be a flag and a coat of arms with a bald eagle on it. It is undeniable. The facts are compelling.

We should find it abhorrent to make a distinction between civilians and those forced by one means or another to put on a uniform. That is one of the most massive violence of language and culture that I can think of. It has become a sad convention to sanction the murder of men and women in uniform as somehow more acceptable than the murder of those who have not been coerced or forced into putting one of those uniforms on.

Up to 10,000 Iraqi 'civilians' were killed in the U.S invasion of Iraq. Remember the Invasion was unprovoked, and hence by international law and the Geneva Convention, George Bush Junior must be charged before a war crimes tribunal with crimes against humanity, in the same way, and for the same reasons, that the Nazi leadership were charged and hanged after WW2.

The U.S had earlier attacked Afghanistan. The U.S killed more civilians in their failed attacks on the Taliban and Al Qaeda than were killed as a result of 911. The money promised for reconstruction of Afghanistan has never been sent. Most of the 10 Billion in aid to Afghanistan has gone into military spending. This in fact represents a payment to the U.S armaments industry, for they are the ones filling the weapons contracts, and training and arming the Afghanistan military. There isn't even any attempt to use the rhetoric of 'free trade' in terms of these
weapons and training contracts. In other words, the money is going to U.S armaments manufacturers, those who paid for the political campaigns and slush funds, and who have bought the Administration off with perks and hugely rewarding 'consultancy' work. These 'consultancies' are basically no more than millions of dollars of bribes dressed up as payments for nominal services rendered. Who recently got paid two hundred thousand U.S dollars to give a fifteen minute 'lecture' to a Saudi company? The Saudi's know that a dollar in the bank is worth two 'in a Bush'.

Remember that the Bin Laden family is the second richest family in Saudi Arabia, after the Saudi Royal Family itself.

The real services rendered are not consultancies of any kind. Rather the real services rendered are the war itself. You can't 'officially' pay people for starting a war for you, and giving you contracts for weapons. So you pay them for speeches and 'consultancy' work. The administration are mercenaries, pure and simple, but the media legitimate their terrorism and mercenary work, whilst demonizing Bin Laden, and anyone who stands up against the interests of big business. They are more likely to run smear campaigns demonizing the opponents of toxic and deadly tobacco, than to ever raise questions about the totally corrupt U.S administration.

In fact it was the U.S and the British Mi6 that actually set up, financed, trained, and recruited, the Taliban and Al Qaeda. It needed them to do its dirty work under the Carter Administration. Nominally, they were set up as a terrorist organization to fight against the U.S.S.R, as part of the 'cold war'. In reality, their importance was merely for big business interests. A gas pipeline was to be constructed by the U.S through Afghanistan, to exploit the rich natural gas reserves in Central Asia. The Taliban were invited to the U.S and treated like royalty by the administration. Bin Laden was created by the U.S, and was their friend and ally, as long as Bin Laden and the Taliban agreed to the gas pipeline, and to allow the U.S to build and control it. Of course they were offered a nominal royalty for allowing the U.S to build it across their land. That pipeline deal is now going through, having been arranged and agreed upon during the Clinton administration. But, you won't hear about it in the media. Big business own the media. Mass murder, and mass rape of women, girls and boys, still continues in Afghanistan. It is run by warlords.

The official government has no resources to carry out any of its functions. It is powerless. The only female in the cabinet, who was paraded before the world media to show that things had changed for the better in Afghanistan as a result of the U.S and British attacks, was forced out of the cabinet by the warlords, and
lives in fear and isolation. The nominal president of Afghanistan has no power, and only leaves his home under the guard of 42 U.S bodyguards. He once worked for the gas company himself, which is why he has been put in power by the U.S administration. It is clear that all the U.S administration is interested in is providing sales for the armaments industry and in securing the deal for the gas pipeline. They are sickeningly mercenary. President Karzai maintained his power via massive fraud during the recent Presidential elections. Afghanistan is one of the most corrupt nations in the world. Karzai recently granted Presidential pardons to three of Afghanistan's biggest drug lords.

U.S taxpayers paid for a 'war for democracy' for Afghanistan with 'blood and treasure'. They then paid 240 million for a fraudulent election, to keep 'oil and gas Karzai' in power. Television presenters were very careful to avoid stating the obvious. They were always obtuse. Karzai is an ex-oil and gas company executive put in power as a U.S puppet. Dr Abdullah, the only opposition leader, pulled out after the first election had been declared invalid due to massive fraud. About one million votes for Karzai were invalid. None of Dr Abdullah's reasonable demands, which would have ensured that the re-run of the election would be free of fraud, had been met. The supposedly 'independent' electoral commission also proved corrupt. The U.S had been prepared to waste another 250 Million on going through the motions of a sham election a second time around, however Dr Abdullah could not, in good faith, play along. It was no game. People had been killed for trying to vote the first time. Some had had their noses and ears cut off for voting. 40 British soldiers killed protecting voters. However for Kharzai and the U.S administration it was all just a cynical game.

Recently Afghanistan has been voted first or second most corrupt state in the world. 75% of Afghans today live in poverty, in the first or second most corrupt nation in the world. Decisions bypass the democratic process required by the constitution. As such the number of female politicians are just window dressing for the rest of the world that sacrificed so much blood and treasure to guarantee 'oil and gas Karzai' power.

Racism is ubiquitous and insidious. When a survey was done of U.S graduates asking them how many people had died in the Vietnam war, they roughly quoted the number of U.S soldiers killed. They failed to include the millions of Vietnamese people who were killed. The (female!) U.S secretary of state Madeleine Albright proudly stated before the world media that the death of more than 500,000 innocent Iraqi Children was an acceptable price for the U.S embargoes on Iraq. That embargo prevented basic medical supplies and nutrition from reaching these children, many of whom were suffering as a result of the earlier U.S attacks.
Many Iraqi children have suffered genetic birth defects resulting from the U.S forces 'field testing' of new weapons, including radioactive spent uranium shells and munitions. The death of a few thousand U.S citizens was pronounced a world tragedy, and received saturation media coverage across the whole world. All the world's leaders expressed sympathy for the suffering of the American people. That attack was an appalling and terrible attack on the world, not just on the U.S, we were told. That was a great and historical tragedy that would go down in history and ignominy. The slow and agonizing death of over 500,000 children in Iraq, however, was acceptable.

Most of the media references to the victims of the Bali Bombings were to the 88 Australians. In fact the majority of the victims were Balinese. The focus of the media coverage was on the tourists, and failed to report on the locals whose lives, families, and livelihoods had been destroyed. Further, there were no discussions about the motives of the bombers, who had sacrificed their own lives for some reason. There were no productive interrogations which might have revealed the reasons why such a horrific thing had happened, one that might lead to a resolution of those reasons, and prevent such a terrible event from taking place again.

As in most coverage of such 'terrorist' acts, the focus was on the western victims, and on demonizing the perpetrators, many of whom had sacrificed their own lives for whatever purpose they were seeking to achieve, for whatever ends they were hoping to attain. Nothing in the coverage shed light on their motives, or offered a way forward to eliminating these motives, and thus such acts.

Today the U.S media are being censored. They are forbidden to show U.S casualties returning to the U.S. They also never comment on the number of Iraqi victims of the war, let alone show footage of the dead. It was as if no-one was dying, as if the war was merely a video game. Since the Vietnam War the U.S government have prevented independent reporting of wars the U.S is involved in, or has an 'interest' in. Independent reports which are made, often find it impossible to find any television station that will air them. The U.S administration was embarrassed by news reporting of the Vietnam War. It lost that war. Its own population demanded it stop that war. When you show reasonable people what war really is like, they usually react by demanding an end to it.

The U.S had Che Guevara assassinated. He had never hurt any American citizen. Why did they murder him? Why isn't the U.N holding war crimes hearings? Why is it ok for the U.S to invade Cuba, to launch terrorist campaigns to overthrow the popular governments of sovereign nations? Why is it ok for them to prevent Cuba
from developing and trading, by bullying other countries into trade embargoes with them? Why does the U.S constantly defy the U.N, not pay their U.N dues, and constantly and murderously violate international law? Why did the U.S need British and Australian 'coalitions' to provide some legitimacy for its terrorist activities in Iraq? Why did they provide it, in direct violation of international law, and the U.N? Why was it ok for the

U.S to invade Spanish Mexico, and basically steal their territory to make it theirs? In how many foreign nations, especially in Middle America, has the U.S conducted terrorist campaigns? How many genocidal murderous right wing dictators has the U.S aided and abetted. Millions have died through C.I.A assistance of death squads in Indonesia and the Philippines. The C.I.A has constantly provided vicious dictatorial regimes with intelligence and assistance in murdering millions of people. C.I.A lists were used by Iraqi death squads to identify 'leftist' intellectuals, in order to murder them. Suharto murdered hundreds of thousands of Indonesians using similar lists. Both regimes had been supplied with weapons, training and financial assistance by the U.S.

Libyan President Gadhafi is now the longest serving head of state of any nation. He agreed to pay 10 million U.S dollars in compensation to the families of each victim of the Lockerby air disaster, even though the courts ultimately released the Libyan tried and accused of terrorism in relation to that incident due to a lack of evidence, and evidence that the U.S authorities had conspired to have him convicted, by planting evidence at the crash scene. Gadhafi signed the agreement under coercion. It was the only way to get U.S economic sanctions lifted. 292 Iranians died when the U.S navy shot down a scheduled Iranian commercial flight.

The navy battleship had illegally entered Iranian waters. The warship commander confused the jumbo jet for a jet fighter. Bush would not apologize for what he called an 'accident'. The U.S claims the Lockerby air disaster was a revenge attack. Can you imagine the worldwide response if an Iranian gunboat illegally entered U.S waters and shot down a commercial airliner?

It is public record, but rarely reported in the popular media, and therefore not part of the public consciousness, that the U.S has consistently aligned itself with brutal warlords, and brutal, human rights violating, genocidal dictators, in Indonesia, the Philippines, Afghanistan, Chile, and formerly with Saddam Hussein, to name a few. The U.S administration does whatever suits its own agenda, totally defiant of human rights and international law. Many argue that the U.S deliberately led the U.S.S.R during the 'cold war' into a spiral of
unsustainable military expenditure, long after it had ceased to pose a real threat to the U.S or world peace.

As we have seen with Saddam Hussein and the Taliban and Al Qaeda, all of the U.S’s alliances are as ‘disposable’ as its own armed forces personnel and civilians are. The U.S has tested biological warfare on its own citizens without their knowledge, let alone informed consent. More undeniable facts which are now public record, due to the expiry of secrecy laws. But how many people are aware of this? Better the devil we know? Or is it that we don’t really know? The U.S has long had a huge military presence in all the areas outside of Russia, where the world’s major reserves of gas and oil are. U.S oil companies are actually exporting oil to Iraq at the moment.

U.S oil companies aligned with the Bush Administration have received contracts for the rebuilding of the Iraqi oil industry and infrastructure, at inflated prices, in private arrangements between themselves and the administration. Free market enterprise? No tenders were invited from companies that are not ‘allies’ of the current administration. The ‘oil and gas junta’ of the then U.S administration have worked and will work as paid representatives and consultants, as executives, directors, lawyers, and advisors, of the oil and gas and armaments corporations that have and will benefit from the ‘war’ on Iraq. The situation is hardly reported, and when it is alluded to, it is reported in ways that most people cannot comprehend.

The situation is mystified by legalese, deception and cover ups. The actual relationships between the war and the financial interests of bush and his mates are not transparent enough for the average person to be able to comprehend. It takes investigative journalists lots of energy and resources to uncover connections and to make them clear. Many people may note that the war had a lot to do with oil, but they won’t be able to comprehend how Bush and his friends are benefiting. They won’t be able to make the conclusion themselves that the war has been lucrative big business for the big boys. Of course the population of Iraq, and the U.S, and the world in general, are paying for this business transaction with their lives, money, and international stability.

Barrack Obama, the current U.S President, to his credit, is the only candidate to have refused to accept any campaign finance contributions from the oil industry. He managed to secure over 300 million U.S for his political campaign for President despite this.

The Bush family have long been war profiteers. Grandpa Bush was the banker to Adolf Hitler in the U.S, and owned a Polish factory that benefited from Nazi slave labor.
The U.S are the world power today, like Rome once was. They control world trade, and the world supply of energy. They dominate the world media. They force third world countries to allow tobacco advertising, in trade agreements set up for the powerful American tobacco industry. Remember that the political leaders are either bought and paid for by U.S big business, or are themselves actively engaged in big business.

We should always be careful to distinguish between the U.S administration and the U.S public. The U.S public are lied to and manipulated. It is not the U.S itself that is the actor on the world stage, rather the relatively small but massively influential lobby of big business interests. The U.S administration are owners and employees of the armaments and energy industries. Of course the tobacco industry lobby group is also very powerful.

The U.S administration can be seen to be the vehicle, instrument, tool, and servant of the interests of big business. The Bush's wanted in. They wanted to join the ranks of big business. They themselves owned oil companies. Bush Junior openly acknowledged that he sold 'access' to the white house when his father was president. He accepted money in return for his connections, insider knowledge, and influence. He calls the wealthiest Americans his 'base'. American big business interests use the American people as means to their own ends. Big business manipulate the media and public opinion, and as Adolf Hitler, Lippmann and Noam Chomsky put it 'manufacture consent'.

War has always greatly increased the popularity ratings of leaders and their administrations. Analysts calculate that war automatically added around 15% to the popularity rating of George Bush Junior. In other words, the war that the administration used to line their own pockets by lining the pockets of their mates, also increased the popularity of the administration, and their ability to continue this behavior.

It makes you wonder about the true nature of evil. People who ruthlessly and unscrupulously do anything for money, including murdering innocent children, stealing the future of millions of people, destroying their homes, their entire communities. What sort of people are we dealing with, that can smile so beamingly into the cameras of the world media? Will history define the Bush's as war criminals? Remember that ultimate power is never seen as power. It is so embedded within the system of things that few people notice it. The greatest democracy in the world was run by a president who was elected by judges who were put in power by his father, who carried out secret and overt terrorist acts, and supported terrorism throughout the world, who lied to his own people, and who did everything for private gain, for himself and his mates.
And this very same government wanted to build a shield of missiles and radars that would make them invulnerable to attack from anyone. The world’s largest 'rogue state' and 'terrorist' is the U.S. This terrorist organization, run by a few powerful elites, in the interests of a relatively few privileged and powerful groups of people, and which has managed to totally mystify and manipulate and control its own population, wants to become invulnerable? If they were to achieve this, then the few interest groups that run the U.S as a big business in their own interests, would have 'carte Blanche' to do as they pleased. They would be in a position to dictate their interests not only inside the U.S and their current zones of interest and influence, but would effectively be able to dominate the entire world. By threatening to attack any nation that doesn't do their bidding, and to unseat any democratically elected government that does not serve its interests, they would rule the world.

No nation could resist this. The reason the U.S does not want other nations to have weapons of mass destruction is that such weapons represent a balance to the U.S's current hegemonic power, its 'full spectrum dominance'. Full spectrum dominance is a good definition of hegemony.

Sovereign nations could only counter attempts by the U.S to control them with threats to defend themselves using weapons of mass destruction. No nation has enough conventional military power to oppose the U.S. Remember we are not talking about the general U.S population. They are as much victims of the Administration as the Taliban are. They die in the wars and pay for the wars.

We must always make a distinction between the population who are pawns and dupes in the games of the powerful, and their leaders, whether they be priests, kings, politicians, or big business. If the U.S succeed in their 'star wars' program, then there will be no counter to the power of U.S big business, who hegemonically dominate U.S politics through their official and unofficial lobby groups, and corrupt politicians and public servants.

What this means is that the population have to be freed of their ignorance and mystification. This brings me back to my real motivation for writing all of this. If we don't change our awareness and behavior from a narrow, short-term individualistic motivation to a more holistic, long-term corporate, that is, collective, one; if we don't develop an awareness that seeking personal benefit at the cost to others ultimately brings about the situation in which a few powerful people can destroy the world to serve their own perceived need for more and more power and wealth and privilege, then....

We must go back to the basics once again, and interrogate the realities of our natures, and the nature of our realities, (TROONATNOOR), if we are to avoid
becoming victims of them, rather than benefiting from the opportunities they present us with.

Without acceptance of opportunism at a personal level, it could never become legitimate at the highest levels. George Bush Junior merely did what we all do, or would do if we had the opportunity, in our daily lives. We opportunistically take advantage of our inheritance, whether financial, talent, intelligence, beauty, or wit, to get more for ourselves, at the expense of others. We do not behave with solidarity for those weaker, poorer, and less capable and privileged than ourselves. We take advantage of our advantages, to secure more advantages and privileges for ourselves and our mates, families, and connections.

George Bush and his mates were offered riches and other benefits for doing the bidding of their benefactors. The consequences of course have been horrendous. We have to be honest with ourselves and see that we behave, in principal, the same, when we accept benefits, advantage and privileges as a function of our inheritances, situation and position. We would be hypocritical to criticize George Bush and his mates for doing, at a higher level, what we do at a more fundamental level, every day. We opportunistically seek privileges, advantages and benefits.

When we invest money, the return is paid for by the workers. They must borrow money and pay interest on it just to buy the products that they themselves actually produced. They pay rent to live in the houses they themselves built. We are taking advantage of a situation and a system of relations, including legal system, which allows us to steal part of the production of workers to keep for ourselves. We buy cheap imports from nations whose workers must endure appalling working conditions that make them sick and provide them with shockingly low living standards. We export dangerous and exploitative working conditions to other countries that are less developed.

We patent everything and stop others from having access to the latest developments. We then force them to accept extremely low prices for their products. They have no choice. They either accept the price the world exchanges have set, or let their produce rot. Big business and multi-nationals work with the exchanges to artificially push prices down for goods produced in less powerful nations, and to increase the prices of their own production.
The Emergency powers have already been activated.
Martial law has already been declared.

Martial Law Has already been Declared. What? You didn't notice? Maybe it is time you awoke from your sleep-walking and started paying attention?
'Arbeit macht frei’: Your Shadow government welcome's you to your FEMA re-education camp.

In 2010 the official 'Internment guidelines' were published. Right now you, personally, fall into one of the three groups that F.E.M.A have to classify the U.S population. Check your letterbox, your car, your new driver’s license, any sort of document that you would have on you, or your house. Look for a colored sticker. Do it now. Find out which category you have been placed in.

Group 1 has been marked BLUE. These people include people like me, who know about their plans. We are to be immediately sent to re-education camps. The guards have strict instructions. They are free to use corporal punishment to get us to comply with any of their demands. If we resist they may apply punishment even if it kills us. If we try to escape, they are to kill us without hesitation.

Group 2. These are people who have already committed themselves to resisting the N.W.O. These people are to be killed immediately, under the laws already in place, which allow for the prolonged detention and killing of 'suspected' terrorists. They have been marked RED.

Group 3 are the 'clueless' who have no idea what is going on, and will continue to behave as mindless cattle, as mindless debt-slaves'. They have been identified and marked PINK. Just check the web if you have doubts.

Who is actively hiring right now, apart from the Army? Check out the governments recruiting drives online. They are recruiting for FEMA guards. They have been stockpiling 1.6 billion bullets. At a single FEMA 'collection point', 125,000 plastic coffins were filmed, before they were moved into a FEMA camp. All these camps have easy rail access. You will be shipped by train to your new FEMA re-education camp, if you dare question the N.W.O. The law, as it stands TODAY, allows the authorities to detain and kill any SUSPECTED terrorist. How do they define this? Well, for a start, it includes anyone who supports the U.S constitution.

Right now, in the U.S, homeland security are amassing high powered automatic weapons normally only seen on the battlefield. Hundreds of Billions of dollars
have been spent on this. Not that you will find records of any official budgets being allocated by the U.S congress. Trillions of dollars are just floating around for every sort of Black-Ops you can imagine. The 'shadow' government is better funded than the official government, in the U.S. Ask 'Obama's bin lie'in to ya'. All sorts of government workers, from postal workers, to gas inspectors, are being given training in the use of military grade weapons, and have already been given the legal power to enter your homes, arrest you, and to use as much force, including lethal, as they need to, to get you to obey their commands. Check your letter box for colored dots that were not there before. Pay attention to any colored dots placed on you or any of your possessions.

All the laws are in place for the soon to be declared national emergency. Martial law has already been declared, you were just not paying attention. The C.I.A Zionist mass media have mis-directed your attention. The F.E.M.A camps are ready. Many of you will be loaded onto trains and buses and shipped there like cattle. They have prepared millions of plastic coffins for those of you who resist. Who do you think really put Stalin, Hitler, Mao, Pol Pot, Pinochet, Marcos, and Suharto in power? Your government. That means you. Soon you will reap the harvest you have sown. You did nothing to prevent the suffering of the victims of those tyrants. Soon you will get to feel what they experienced. It will be good for you. Maybe next lives you will have a bit more compassion, and empathy for other's suffering. Maybe you will be less likely to inflict it, and allow it to be inflicted in your name.

They have already began socialising you into accepting the presence of militia in your streets and homes. Military personnel have been running 'stop and search' 'drills' which they have no authority to conduct. So far they have only knocked on your door and said hello. This is to condition you to not reacting when you see armed militia approaching. But soon they will be knocking down your door. This is the same conditioning and priming that lets a man push a grown lion around, or lets a boy 'chain' a massive elephant with a piece of string, to a sapling. It is intended to 'normalise' the presence of armed militia in your streets. You are being taught, unobtrusively, to take orders from people you would otherwise laugh at, or call the F.B.I about. Get used to it.

Think about this. Most of the brave men and women of your military are either overseas right now, or will be sent overseas, to fight whatever threat the Zionist Banker's mass media construct for them to fight. Pay attention to overseas troop deployments. The troops cannot defend the constitution, which was their original role, if they are overseas. The plan is to ensure that even if they mutiny, they will not be able to save you.
The military personnel that will be kept behind in the U.S will be made up of mostly foreign nationals, which the U.S Army and Homeland Security have been recruiting in unprecedented, massive, numbers. Ex Russian military personnel and mercenaries make up a large proportion of these new recruits. Postal workers and all manner of people without any special training, whom you would normally laugh at if they tried to order you around, have been given the power to detain and arrest you, using any force they consider necessary, even lethal force. In fact they may shoot you dead in your own house.

No-one is going to bother much about why they found it 'necessary'. Maybe you had a copy of the U.S constitution hanging on your wall? Or you had visited a few websites about 911, or the N.W.O? Maybe you owned a gun? Maybe you got angry when a bunch of postal workers or meter readers entered your bedroom at night and dragged your wife and children out of bed at the point of high powered military grade weapons? You appeared 'hostile'. They interpreted that as threatening. I mean, hey, the government did not, just recently, buy an additional 4 billion rounds of ammunition just to have them sitting around gathering dust, now did they? They did not arm postal workers and meter readers with the latest, military grade weapons just to increase their efficiency or job satisfaction, did they?

As I often say, I do not define most of us, which probably includes you, as 'innocent' of anything. You have all allowed atrocities to be committed 'on your watch' by your own government. Every day you allow animals to be imprisoned, enslaved, tortured, and then slaughtered, for your own perceived 'benefit'. So maybe this will be a good karmic lesson to you, to feel what it is like on the other end of the 'means justifies the ends' equation. Maybe you will learn some compassion. It may be enlightening. I would prefer less painful means of enlightenment, like reason, and compelling argument. But very few if you have been amenable to these so far.

So I guess that all that is left is to wish us all 'Happy Next Lives?
How to move forward

The U.S dollar is a ponsy scheme. Most of the 'wealth' in the hands of the few is really stolen, and should be returned to the state to be destroyed. It is not real value. It was not earned by producing anything of value. It is merely inflationary, monopoly money.

Here is an idea. It is just a starting idea to set the brainstorming rolling. The top 1% of U.S citizens, many of them Zionist Jews, own around 40% of the total wealth. The bottom 80%, own only 7% of the wealth. So you can see that if you simply reduced the supply of U.S dollars by around 90%, you could easily return it to its nominal, face value. And it would not have any effect at all on over 80% of the population. You would simply get those people who have accumulated unreasonable 'paper' wealth, to return it, and the state would destroy it. Then the money in the hands of the working population who earn their money honestly every day would lose nothing. Those people with excessive wealth never earned it fairly and justly. It is really just imaginary paper wealth 'created' through imaginary means. It never had a real value. To produce to real value, you have to actually produce something of real value. Not just move around bits of paper, fire people, destroy people's working and living conditions, and then claim you have produced real value.

Allow each person to 'convert' a maximum of 1 million U.S dollars of assets, U.S dollars, U.S denominated shares, securities, and bonds, into IMF drawing rights. This would balance out the huge economic inequality. No person has ever produced, through their own honest labor, with their own sweat, sacrifice, and toil, the right to more than 1 million dollars. The top few percent who today own almost all the wealth, will thus be effectively relieved of this unearned, undeserved, unjustifiable excess, and all the excess influence and power it can buy.

1% of the population own 50% of the shares. The bottom 50% own less than half of one percent. The shares are massively over-valued, and unfairly distributed. So simply take 50% of the U.S shares away from that top 1% and destroy them. This would return the share values of the U.S stock market to some reasonable level of honesty. It would hurt no-one. This 1% cannot claim to have honestly earned their wealth. It is just absurd to even imagine it. This top 1% don't need their
shares, they already earn 24% of the entire income of the U.S.A. The average CEO in the U.S earns 380 times more than their average employee. And the average is such a misleading figure, that it means they are really earning much much more than their 'typical' employee. Just raising your own salary, as a CEO, automatically increases the average salary in your company!

These actions would return some real value to the U.S dollar, and bring share values down to realistic levels, free from the excesses of speculation which produce massive swings in share values, resulting in extreme swings in the economic cycles I will explain in a moment how the rich use economic cycles to grab real assets. Just as a famous U.S President once warned his nation, and the world, on film. It would at least halve the amount of U.S dollars in circulation. Most of the banks in the world would immediately be shut down, as they would be insolvent, based on honest accounting practices. The market price of shares would fall, and reflect the true value of the companies.

All people who wished to work would be given work in on public works programs, returning our roads to peak condition, beautifying our parks and gardens, caring for our children and aged, and meeting all the needs that are currently unmet. I am no communist. I am a social democrat. I think you should only be able to buy some things. Other things must be your birthright. You should be rewarded fairly. There will be inequality. But it will be meritocratic. It will not be excessive. It will be earned. Windfalls will be shared. Please see my main TROONATNOOR books and web pages for details.

Oh, if you wish to participate in any fantasy role play of your liking, then you will be free to. But you will not be free to impose your fantasy on your children, or anyone else. Holistically enlightening informed consent will be everyone’s. It will be for you to decide what fantasy role play, a.k.a religion, you wish to play. But it will be for everyone else to decide if they wish to play along or not.

The Zionist’s have their own plan. To sterilise most of the U.S population, using GMO plants, gene modified to induce sterility in humans. They have been pumping E-coli faeces into most of your food. They call it 'Aspartame'. Infertility and cancer will reduce the U.S population without any need to kill them off openly. These GMO plants may be banned by the U.S legislature, but that will not stop the process. A law was passed recently stating that anyone who wants to plant GMO products that have been banned by the E.U, and the U.S government, only has to send a request to the Secretary of Agriculture, to get an immediate ‘exemption’ form the laws. And you will soon notice excuses being made by your schools as to why you will not, in future, be allowed to give your children packed lunches. They will, in future, be forced to eat school dinners, packed full of sterilisation and cancer inducing GMO's, and aspartame. Ask
yourself why they do not use the artificial sweeteners common in Europe? The ones I use?

United Nations agenda 21, states that 100 nations have agreed to return 50% of the U.S to wilderness, off-limits to people, with the remaining population to be re-settled in 'sustainable communities' on 25% of the remaining land. In the next 30-50 years, the world population is to be reduced by up to 75%.

Oh, and don't forget that the majority of European countries, the majority of countries in the world, do NOT put fluoride in their public drinking water. Only TWO percent of Western European drinking water is fluoridated. The countries that do fluoridate are the U.S, Britain, and Australia. All close allies. Who else put fluoride in their public water supplies? Guess. Yep, Hitler and Stalin put fluoride in the drinking water of all their concentration camps and labor camps. That’s KZ for the Nazis, and Gulag for the Bolshies.

Stalin claimed that after fluoridating the Gulag water supplies, he could reduce the number of prison guards in his Gulag's by 75%. Today 60% of the public water supply in the U.S is fluoridated. And many of the bottled waters, and other foodstuffs, that the U.S commonly consume, have had fluoride added, just in case they were among the 40% with access to non-fluoridated drinking water.

I resisted all this information pretty stubbornly until recently. I resisted the idea that 'Jews' controlled the world. Many of my favorite people in the world are ‘Jews’. From David Lee Roth to all most of my favorite Hollywood actors, and U.S sit-com writers and stars. I have met many 'Jews' in my travels and most of the time we hit it off immediately, like siblings separated at birth!

I could not understand why some of my favorite writers, like Celine, could be 'anti-Semitic'. It seemed absurd to me, all the claims made by those crazy, racist, bigoted 'anti-Semites'. I could not understand why Hitler, who in most of 'Mein Kampf' was completely reasonable, empathetic, insightful, and holistically well informed, could suddenly start spouting gibberish about the Jews controlling the banks, and media, and plotting to destroy the German nation. I can fully appreciate how hard it will be for you, let alone the average American.

Now I get it. I am as shocked as anyone reading this. I feel like I have been as much of a zombie as all of the zombies I have criticised in the past. Sleep-walking through life. Blind to what was staring me right in the face. 911 is what opened my mind. It really did change the world for me. But not in the ways its planners had hoped. All the great, courageous, good-willed people who investigated 911, and opened my eyes to all the things they had been willfully closed to. I had been just as conditioned, socialised, and brainwashed as most of
you. And me, the philosopher, who had worked out so many things on my own. This time I needed a hell of a lot of help. So thank you, to anyone who published any document, blog, or movie on the internet, about 911, and its root causes. Thank you. Like me, you work with the best of intentions, with little hope of reward, and every reasonable fear of punishment, for simply trying to do the right thing, find and express the truth, and undermine all those criminals bent on enslaving us all.

What is fluoride? It is a toxic chemical byproduct of the complicated process required to produce aluminum. It is very expensive to get rid of. It is highly toxic. Guess what the well documented side effects of fluoride are? It kills brain cells. Ever heard of A.D.D? 'Don't forget to brush your teeth' has suddenly become ironic, given that the fluoride in toothpaste lowers your I.Q.

Check a toxicity table. Guess which chemical lies, in terms of toxicity, between lead and arsenic. Yep, good old Fluoride. It is more toxic than lead. And what happened with lead based paints? When were they banned? How much did it cost schools and so on to remove that toxic threat, along with asbestos, which was also touted as a boon, and completely harmless? They went to all that expense to remove lead, and ban products containing it.

So please explain how lead has inexplicably found its way into most of the leading packaged foods in the U.S. But back to fluoride. Isn't fluoride supposed to be good for your teeth and bones? No real studies were ever made to back the constant claims that it is beneficial. Recent studies show it actually weakens teeth enamel, and produces bone deformities. Guess why the Nazi's and Bolshies put it in the water of their 'guest workers'? It makes people more passive, easier to manage, less prone to offer any resistance.

Check your bottled water, and even baby products, to see how much fluoride has been added. So much that even they have to carry a warning in most countries to mothers, telling them not to mix the formula with already fluoridated water. And ask yourself why. People even buy 'fluoride free' toothpaste in Europe. It is quite popular. Read the packaging of your toothpaste. Why does it warn you not to 'swallow' the product? If a child swallows even a pea sized amount of toothpaste you are informed that you must call emergency services. The stuff is just that toxic. And don't forget that eating a modern cigarette can kill you. Especially if you are a small child. An adult can easily die from eating several of them.

Ask yourself why most of the GMO 'food' products that U.S citizens eat and drink are actually banned, and illegal, in the European Union. You cannot even plant a GMO plant in the European Union. It is a criminal offense. Why? Because the plants are designed to destroy the ecosystem, and make us dependent
upon Monsanto seed. GMO products produced cancer in test rats in independent French studies. GMO products have never been independently tested, that is, by anyone other than the company who profit from them. Like they used to let the tobacco companies do their own research into any possible health risks associated with tobacco products. Remember how that ended? With doctors appearing on TV and in print ads claiming that smoking was actually good for your health! The F.D.A in America just assume that GMO products are no different to 'natural' products. In fact in the U.S you can call anything you like, from mercury ice cream to cyanide jelly beans 'natural'. It is not a 'regulated' word.

Then read documents written over 100, and even 60 years ago, warning that the Zionists were going to use vaccinations as a delivery system for toxic chemicals which will dumb down and weaken the masses. Famous 'philosophers' like Bertrand Russell were very enthusiastic about the idea. He was in favor of virtually 'lobotomizing' children using Mercury injections disguised as vaccinations. And sad to say, he is a highly respected Philosopher!

The famous 'Protocols of Zion' state clearly that vaccinations are one of the weapons of the Zionists to weaken and then enslave the Goys. That's us folks. Mercury was specifically mentioned. It is a neuro-toxin. It destroys neurons. As Russell said, it is like giving you a partial lobotomy. Without the need for ice picks.

Do some research about the mercury levels in the injections you willingly allow the government to give your children, including the Hepatitis B shot given at birth, and even flu shots. They produce a 27 times greater chance of your child being autistic. In fact autism is the one of the new epidemics. I guess the plan is to have a more or less autistic workforce to carry out tasks. More or less self-replicating robots. And keep in mind that these autistic children are being born to parents with I.Q’s well above the average, and no family history of any sort of health problems.. It is not about genetics. It is about biological warfare.

Why did the German military refuse to use the commercial flu shot that everyone else was encouraged to take? Because they tested it themselves and discovered massive levels of mercury and other toxins in the shots. They demanded a pure batch be made just for them.
Socializing losses and privatizing profits: if it was not true, it would be funny

46 million U.S citizens cannot afford health care. The U.S government cannot afford to provide such basic services for its hard working citizens. Social welfare is not consistent with the principles of capitalism, the Republicans will tell us. However the government immediately provided banks, the AIG insurance company, and Ford, with around 3 trillion dollars, when they, the proponents of free market capitalism, the opponents of government 'assistance' and 'welfare', due to their own incompetence and gambling, found themselves on the verge of bankruptcy. The executives of technically bankrupt banks paid themselves over 30 million dollars in transaction fees for merely processing this government 'bail-out' package. They bankrupt huge companies due to their own incompetence and greed. They lay off thousands of workers and then, once they have 'socialized' their losses, they pay themselves up to tens of millions of dollars each in 'performance bonuses'.

To accuse them of speculation misses the point. They knew there was no risk, for them. They could speculate the financial and employment futures of billions of people, certain in the knowledge that they themselves faced no risk at all. They were too big to fail. The two worst CEO's awarded themselves 6 million U.S each in 'performance bonuses'. After all of this, the Federal Reserve, adopting typical Keynesian economics policies, reduce the official interest rates at which banks can borrow money to historic lows.

These same banks which, according to the free market economic principles the banks refer to when fighting against government regulation, would have been bankrupt without the governments 'bail-outs', then borrows billions of dollars at an interest rate close to zero, to speculate in a share market that has crashed due to their own actions. This capital inflow doubles share prices in a few months. These banks then make billions in additional profits. Now read this again. If this does not anger you enough to demand the government regulate banks and the financial sector in general, I don't know what will.

Just to give an indication of money 'earned' by C.E.O's of major companies, consistent with its 'happy end' philosophy, the C.E.O of Disney, taking a pay cut
from his usual annual salary of 40 million U.S. dollars.

If you don’t believe that the Protocols of the Elders of Zion are worth reading and taking seriously, then consider these facts. Goldman Sachs, whose motto is ‘We do God’s work’, sold Billions of dollars’ worth of ‘Sub-Prime-loan derived investment instruments to its customers, promising them secure returns, at the same time that it was ‘shorting’ the same products. It made historical ‘short’ trades that netted it over 4 Billion dollars in profits, when the sub-prime ‘bubble’ finally exploded.

Just a month before the banking scandal, Goldman Sachs changed its business status from ‘investment bank’ to ‘commercial bank’ so that it would be eligible for the huge government bailouts that it was already planning on getting. It also insured itself through A.I.G insurance, so that any losses the government bailout would not cover would be covered by this insurance company. What most people did not realize is that by bailing out A.I.G insurance, the government was giving even more money to the big banks like Goldman Sachs. If you think this is all coincidence, then I cannot help you. The result was that the banks ended up making record profits up to the crash, and then after the crash. And the management then awarded themselves the biggest bonuses in history for ‘pulling off’ this ‘banking heist’. These guys really earned the name ‘Banksters’.
The wealthy gain the bulk of welfare and the workers pay

The welfare state exists in the interests of capital. The welfare state ensures that the pool of excess, unemployed, labor, is maintained fit and healthy, to meet ad hoc labor demands, and keep wages down. These labor demands include employment as soldiers. In fact it was the poor condition of British army recruits in WWI that motivated the British government to introduce social security in the U.K, long after the King of Prussia, through Bismarck, had done the same, with the same motivation.

The wealthy do not pay for the welfare state. The workers do. In fact the wealthy receive the greater level of welfare in the form of government subsidies, supports, protections, and in many cases receive direct government money to 'bail them out' when they face bankruptcy due to poor management. They lobby the government for 'welfare' by referring to the wealth they produce, and the employment they generate. They define themselves as 'too big to fail'. If they fail, the entire economy could be put at risk. If the economy fails, then voters will be quick to replace their governments.

The German government 'bailed out' car producer Ford Germany with 2 billion Euros. They then announced they would be cutting 10,000 jobs in Europe, and closing two plants in Germany. Of course the German government had understood they were buying jobs. The British government bailed out banks to the tune of 200 billion Euros. Banks pay one percent interest to the European central bank, while many consumers are paying around 20% interest on their loans. You do the math.

Big business looks after politicians. They provide them with slush funds, political party donations, and lucrative directorships and consultancies to inflate their already overgenerous politician's pensions. It is not uncommon for business people to become involved in politics. The Bush administration members were, and will be, share-holders, directors, and consultants of oil and defense related industries. Their wars generate huge profits for their business interests. They profit hugely from the wars they prosecute.
They benefit from post-war re-construction contracts. They will control oil concessions which will allow them a monopoly on exploiting Iraqi Oil. They have been selling oil to Iraq at hugely inflated, above market prices. They have been filling defense contracts at above market prices.

In Afghanistan they will have the monopoly on exploiting the gas pipelines they fought the Taliban for control over. They made arrangements with the enemies of the Taliban before invading. It was a condition for their 'intervention'. It was, in principle, little different from the British East Indies Company and the Victorian British military 'Raj'. If the Taliban had allowed the U.S administration big business connections to build and control the pipeline, then the U.S would probably never have shown any interest in the Taliban's human rights violations. When the U.S administration refer to democracy and human rights they really mean the interests of U.S oil, gas, and defense industry (their own) interests, and the right to monopolies and trade concessions to exploit other peoples resources to satisfy their own selfish greed.

The Islamic fundamentalist Saudis are only tolerated as they work hand in glove with the U.S administration. They are business partners. It is in fact the House of Saud, the Saudi royal family, the feudal lords of Saudi Arabia, who have manipulated the words of the prophet Mohamed, the Koran, to define all non-Muslims as an enemy that is to be destroyed by any means. The Saudis are more responsible for world terrorism than Saddam Hussein ever could have been. The Saudis actively support Bin Laden and the Taliban. The Saudis are despots who have manipulated the sacred text of the Koran to support their own privileges and power. They control a feudal state that makes few token concessions to notions of democracy. As they are good business partners for the U.S Administration they are tolerated.

If you watch Mike More's 'Fahrenheit 911' you will see just how close the Bush family and Administration are to the 'House of Saud'. The Saudis are huge investors in the U.S, and have significant economic and political influence there.

Great Grand-pappy Bush profited from the Nazi regime. He was Hitler’s personal banker in the U.S, and his business interests benefited from Nazi slave labor. Don't forget that I.B.M designed and manufactured the punch-cards used to manage the logistics associated with the Nazi Holocaust. It was good old American technology that made the Nazi Holocaust so efficient. Genocide is big business. The biggest business of all is war. War is, in business terms, a 'hostile takeover'. It is cheaper to conquer than to buy another country. However war is costly, and impossible without the assistance of big business. German industry
was worth 17 times more at the end of the Second World War, than it was at its onset.
Recessions represent a transfer of wealth from the poorest to the wealthiest

It should be noted that recessions represent an opportunity for investors, those with capital, to buy shares, real estate, capital equipment, and labor, below their real value. Recessions facilitate a transfer of wealth from workers to those with capital. In this way the rich get richer and richer. This situation should attract our interrogation. Are economic cycles really natural, and their consequences purely coincidental, or are they programmed and manipulated?
Market manipulation

Speculators can buy up large quantities of shares or resources. According to the laws of supply and demand the market price of these shares will increase. As the share price increases, other less savvy investors will jump on the bandwagon, including large institutional investors from retirement funds and unit trusts. This will guarantee that the price will continue to rise, which will attract other less savvy speculators. The original speculators can then sell at a profit, while the others are buying.

They will have made their speculative profits and be out of that market well before the market, which was artificially inflated by their original purchases, and the subsequent speculation it encouraged, crashes. The share value was not a reflection of innovation, or any real increase in the value of the company. The crash will lead the later, less savvy speculators, exiting the market in a selling spree, seeking to cut their losses. The effect of this 'bear' market is that the prices of many shares will fall below their 'real' value, allowing those who manipulated the market initially, to step in and buy up valuable stocks well below their true value. In this sense they benefit from the 'bull' and the 'bear' markets.

A historical analysis of share markets reveals that the major profits and losses for each year are actually made within a few isolated days of trading. The traders who made the greatest profits managed to time their trades to take advantage of the few great rallies, sell before the few great crashes, and be in a liquid state to buy at the bottom of the crashes. Did they merely manage to time their trades so well, by predicting market movements, or were they themselves the authors of such bull and bear rallies?

This revelation must draw our interrogative attentions. That a relatively small group of traders consistently manage to time the market, to buy shares just after those few days when shares are at their lowest values, and then sell within the short period when shares are at their peak values, must be considered at minimum suspicious.

Via such market manipulations or clever dealing, the wealthiest effectively redistribute the wealth generated by the producers of value, that is, labor, to speculators who produce no value.
Of course the stock markets allow innovators to raise capital to finance new ventures and innovations, independent of banks and other finance intermediaries.

However the stock market may also direct resources away from fair and honest employers to those who exploit their workers. The redistribution of costs from the organization to the workers represents an increase in profitability for the share-holders. This will increase demand for the company's shares. This will encourage other organizations to implement similar innovations, in order to maintain their competitiveness and ability to attract financial resources for investment. This will be to the general detriment of workers overall. Does this situation appear familiar?

Another notable experience in recessions is that of rationalization, right-sizing, and down-sizing. Businesses hire staff as they develop, without any real way of calculating exactly how many staff they need. Over time, as these needs become clearer, managers identify staff that are not necessary. The management face problems from unions and politicians in reducing staff numbers under normal circumstances. During a recession, however, it is easier to convince the unions and politicians that they have no choice.

This of course drives the economic cycle to further extremes. Unemployment leads to a decrease in demand. The fear of unemployment makes people more conservative in their spending. The decreased consumption and consumer sentiment is bad for business. Employers lose revenue, and employer sentiment falls. The general loss of confidence produces behaviors and reactions that produce a downward spiral of falling consumption and investment, and falling business and consumer confidence and sentiment. This produces increasing unemployment.

In the past this has led to two great depressions. Since the adoption of Keynesian supply side interventions, the government has stepped in at an early stage to boost employment, consumption, investment, and therefore consumer and business sentiment.

They have interceded to prevent the downward spiral from escalating. They did this by increasing government spending, and lowering interest rates to encourage consumption and new investment.

The ideal situation would have been one of constant innovation and responsiveness, where management had the opportunity to constantly assess their labor needs, and respond continuously. More transparency would allow a more flexible approach in which greater planning and consultation could take place to reduce the costs of rationalization. More creative responses to the situation could
be developed, responses which allow management and workers to adjust, and adapt to the foreseen changes. This would require unions and politicians to focus on the interests of the workers, rather than on gaining power at their expense, using workers as means to their own political ends. It would require trust and information sharing. It would require co-operation.

However recessions are not bad for everyone. Those in the know sell off their shares before the markets crash, and are 'cashed up' to buy real assets which predictably fall in price as the financial markets crash. During recessions companies go bankrupt and liquidate their assets at below their real values. Individuals lose their jobs and must sell their houses or have their debts 'foreclosed' and liquidated. The more assets that must be sold in a short time-frame, the lower the 'market' prices will be.

The wealthy cashed-up 'investors' can buy up lots of assets, real-estate, businesses, and so on, at prices that have been driven low by the recession. The 'market-price' is temporarily driven down by recession, but will predictably 'recover' once the economic cycles reach their low points and swing back up. For the cashed up businessperson, the 'bust' represents a boon. They will then wait a while as the markets and the economy typically recover, and sell their cheaply bought assets at huge profits.
Limiting speculation - focusing on real productive investment, innovation, and real value

Shares are currently trading at price to earnings ratios that bear no relationship to any fundamental economic principles. The earnings or dividends of shares represent the increased productivity or profitability of the company who issued the share. A share is essentially a part ownership of a company. When the company does well, it can pay its shareholders part of its profits. The value of all shares in any particular company that are being traded should, based on its economic value, equal the actual value of that particular company at any particular point. As dividends are paid out the share values should fall to reflect the outgoings. Any market valuation above this value should reflect anticipated future dividends arising from future growth in the real value of the company.

Any other additional value represents speculation that the profitability of the company will increase in future, resulting in higher future dividend payments and an increase in the real value of the company. If you expect the profits of a company to increase in future, then you will be willing to pay a premium, today, up to this anticipated future value. The difference between the anticipated or predicted future value and the current market value will be seen as a market undervaluation by the investor, an opportunity to make a good return. This can fairly be considered as value forecasting rather than pure speculation.

Pure speculation is essentially the speculation that other people will be willing to pay you more for the shares you buy than you paid, without any real consideration of the value of future dividends, or of the actual value of the company that issued the shares.

This sort of speculation has historically occurred over long time frames, after which savvy investors sold out, and the markets crashed. This has occurred at least four times, before the great depression, in 1986, in 2002, and in 2008.

Pure speculation does not increase real value at all. Pure speculation merely transfers wealth from the bulk of investors to a small number of successful speculators. For this reason it may be considered advisable to limit the financial gains that can be made via pure speculation through taxes on speculative gains. It
may even be advisable to cap the level of profit that can be made on the stock markets to within reasonable price to earnings ratios.

Similar considerations should be made with reference to property and foreign exchange speculation. Otherwise we risk allowing the stock-market tail to wag the economic cycle dog. We risk allowing speculators to destroy the real economy, by building bubbles which will burst, wreaking chaos in the financial markets. Perhaps next time we should decide that no company is too big to fail. Otherwise what incentive do they have to become competitive, responsible, and prudent? In the mean-time we must ensure that financial markets are regulated to prevent speculators destroying the real, value producing economy. In the last 'financial meltdown' the prudent, responsible, and conscientious were compelled to subsidize the irresponsible, imprudent, greedy speculators.
Sub-prime loans: privatizing profits and socializing losses

About 70% of the loans made in the last years of the real-estate bubble were so-called 'no docs' loans. This meant the borrowers were not required to prove that they could in fact repay the loans they were being made. They were not required to make any deposit whatsoever. The motivation of the mortgage brokers was commissions. They made a commission on each loan they made. Thus their motive was to make as many loans as they could. They had no motive to care whether the people would be able to meet their loan repayments. They practiced what is today called 'predatory lending'.

They aggressively encouraged people to take out loans they had no hope of ever meeting their repayments on. They did not care that these people would lose their homes when they could not meet their repayments. They had no 'duty of care'. They had every motive to persuade people to 'over-extend' themselves. Many people speculated that the real-estate boom would continue. The price of their homes would increase, thus increasing their equity, and protecting them in the event they could not repay their loans.

They could make a short-term profit even if they had to sell quickly. In fact the boom, the 'bubble', was being fed by such speculation and 'predatory lending'. However at some point reality has to 'bite', and all bubbles have to burst. When the bubble burst, home prices fell, and people were left with loans that were much higher than the value of their homes. Greedy homeowners of course blamed the banks and mortgage companies for having 'seduced' them into over-extending themselves, borrowing more than they could repay. Everyone seeks a scapegoat for their own mistakes and greed.

Many of the loans were ultimately traded as 'mortgage derivatives'. Over 8 trillion dollars in such mortgage 'derivatives' were sold on international markets before the bubble crashed. The Federal government guarantee of the loans that underlay these financial instruments made them very attractive, given that international interest rates were very low. Most of the final 'investors' in these derivatives had no idea what they were actually buying.
However the real lesson relates to 'welfare for the rich'. Most people assume that government welfare goes to the poor. In fact most welfare and supports go to large companies. They are 'too big to allow to fail'. Like in earlier examples of Eastman Kodak in Australia, which the Australian government 'bailed out' after it was on the verge of bankruptcy this time, all around the world, federal governments 'bailed out' huge banks to the tune of hundreds of billions of dollars, effectively socializing their 'toxic' assets. These banks would otherwise have gone bankrupt. Their executives and shareholders of course continued to award themselves massive 'bonuses', while the federal government 'socialized' their losses. Poor taxpayers were thus forced to subsidize the incompetence of bank managers and executives, at the same time as these executives awarded themselves millions of dollars in bonuses.

This is known as 'privatizing profits and socializing losses'. This is the equivalent of the government allowing gamblers to keep their wins, but paying their debts when they lose. The key is to be 'too big to fail'. All the supposed principles of free market economics only apply to the small business-person and worker. The 'big boys' only pay lip-service to such free-market principles when they are making profits. As soon as they lose money, they come crying to 'father state' begging for 'welfare'. Their argument is that if they go bankrupt, lots of people will lose their jobs, and confidence in the system will be damaged. The same people who are first to demand 'smaller government' and 'reduction in government spending' and to demonize the unemployed as 'bludgers', are the first to put their hands out when their speculations, their gambling, 'come home to roost'. All the principles of free market capitalism that they rally behind in good times, are thrown to the wind as it suits them. They are pure hypocrites. In fact according to their own arguments they should be allowed to fail, so that more competent and efficient business people and business models can be adopted. They argue 'survival of the fittest' but demand that they be 'suckled at the breast of mother state'. They should be allowed to go bankrupt, and instead of feeding the 'fat cats', the government should make cheaper finance available for the small-businessperson, and provide affordable home-loans to first home buyers. However the system is completely corrupt.

The massive 'cash for clunkers' subsidies for new car buyers is another case of 'survival of the politically powerful'. Ford effectively went bankrupt after decades of bad management, and failing to respond to the market and their competition. They failed to make the cars that consumers wanted. They were bailed out by the federal government, and within a year returned to profit. The executives who had technically run their huge corporations into the ground, then rewarded themselves for their incompetence with the windfalls of their bailouts, awarding themselves
with individual performance bonuses in the tens of millions. This is absurd. What it reveals is the political nature of all earnings.

They are dependent on political power, rather than productivity or talent. In the U.S the people vote against universal health-care, while subsidizing their banks and huge corporations to the tune of hundreds of billions of dollars.
If true competition existed under today’s form of capitalism

If real competition existed under capitalism, there would be no way for corporations to make the huge profits they do, at the expense of workers and consumers. Once profits became large this would signal others to enter that market, to produce the same goods and services, and as a result of this competition prices and profits would fall to more moderate levels. Therefore we should seek to increase the flow of information in markets, about profits, about goods and services, and about the means of raising capital for new ventures. This all refers to transparency. The government should also provide more financing options for new businesses, rather than subsidizing inefficient, incompetently managed, already existent big businesses.

At the present many large corporations, including banks, benefit from government insurance of their financial viability. The banks, as in the U.S, often use this security, and the cheaper government finance they have access to, to simply speculate on derivatives markets, and prop up incompetent management. They tend to reduce competition by financing buy-outs of competing companies, providing cheap and easy finance to the established companies, and charging ridiculously high rates of interest, and simply denying finance, to new companies.

The irony of ‘regulation’ is that it is necessary to ensure free competition. Without it companies collude and conspire together to form cartels. They fix prices, and prevent competitors entering the market. They block access to important information, and use their power to maximize their own profits at the expense of the consumer, and the environment.

Classical economics works, but only if you actively ensure free markets. Freedom of information. Freedom of access. Transparency. True competition. Then the ‘invisible hand’ can work. But if you blind the ‘invisible hand’ and tie its hands behind its back, chain it to a wall, and keep it in the dark, then the mechanism that Adam Smith was so keen on has no way of functioning.

I am certain that the Zionists deliberately have given the world the worst forms of capitalism and communism simply to discredit both, and to bring the world into repeated crises.
The only legitimate, authentic ‘synthesis’ in terms of a ‘historical dialectic’ would be Social Democracy. This is the basis of the Scandinavian systems. However none of the world’s large economies have ever implemented a truly socially democratic model. Because the Zionists never let them. They do not want anything like my Eden Protocols to succeed. For then the world would have peace and justice. And the Zionists cannot dominate a world that is free, fair, and creatively productive. They need wars, conflict, and extreme abuses to divide and conquer, weaken and enslave.
U.S Industrial espionage and spying

The U.S is famous in Germany for its current suspected industrial espionage activities. German businesses claim that the U.S steal their business secrets, in spying activities that have nothing to do with U.S national security. The U.S 'justify' anything they want to do by appeals to national security, to a war on drugs, a war on terrorism, the cold war...you name it, they will claim to be at war against it, that is, defending their nation. This is how they justify whatever they want to do, whatever big business has hired or 'co-opted' them for.

It had been common knowledge for some time that the U.S had placed 'chip-bombs' in computer and I.T products exported to Polish Telecom, with which they could totally disable the Polish telecommunications system, should they find any reason to. The U.S have operated a totally secret military installation at Pine Gap in Australia for decades now. No-one could say for sure what its purpose is, and whether it is eavesdropping on Australian communications, 'tapping' Australian's telephones and internet.
A few of the costs of war

War is just big business. It isn't important whether the businesspeople are Kings, Queens, Bandits, Viking raiders, Mercenaries, Fascist Dictators (Hitler was apparently the world's first Billionaire), or Armaments manufacturers and Oil companies.

War is simply a large scale action of 'organized crime'. In Cambodia one in 236 people are amputees, unable to work.

In Kuwait one third of the lives actually lost during the war were lost during the clearing of land mines.

The French forced German prisoners of war, against the Geneva Convention, to clear land mines during and in preparation for the Normandy invasions. 1709 of these forced laborers were killed and around 3000 were wounded.

Since the end of WW2 over 20 million people have been directly killed in war.

Around twenty percent of the world’s scientists and engineers are involved in armaments development.

Imagine the opportunity costs of employing our most talented and gifted scientists and engineers in such a counter-productive way.

Fifteen countries supplied armaments to both sides during the Iran-Iraq war.

Ethiopia spent over half its entire budget on military spending in 1989, while the rest of the world was sending aid to feed its starving populations.

There are about 30 wars being 'prosecuted' on any particular day throughout the world.

As a planet, we spend around 2 million dollars a minute on war.

Over 200 million tonnes of fissionable (radioactive) products have been released into the earth's atmosphere during weapons testing.
U.S loans to the U.K made it 'too big to fail' in WWII?

One element of the U.S declaration of war on Germany was a fear U.K would default on its massive 'lend-lease' loans from the U.S. If it lost the war, the U.S faced massive financial losses. And a huge chunk of these losses would have been borne by the big U.S banks who had financed the U.K’s war effort. Huge amounts of money were at stake. At the time the U.S population were against involvement in the European war. Even as late as the second year of the war, over 75% of U.S voters were against U.S involvement. The big banks used their lobbying power, and control of the mass media, to drum up support for a war that was unconstitutional.

The 'Allies' won the war, and the U.K repaid its loans to the U.S over the next 60 years. They made the last repayment quite recently. Also the Soviets repaid their debts. Rockefeller stated once that the reason he loved the Bolshevik's was that they 'collected' their debts, at the point of a gun if necessary, and therefore repaid them. They were a good investment.

Of course Germany lost a huge amount of territory and property, however it got billions in aid as part of the Marshall plan to rebuild Europe. During WWII Russia benefited from massive aid and loans from the 'Allies'. And during the 'cold war', Rockefeller lent billions to the Soviets.

Recently I have found many compelling reasons to suggest that the Zionist Central bankers have deliberately actively incited and facilitated war in order to profit from it. I have details of some of these arguments already.
New wars, new weapons

Taiwan, China, and the U.S are all planning for war between China and Taiwan. China has silent diesel submarines that have already proven their effectiveness by emerging undetected within a U.S air-craft carrier group. Or did the U.S pretend, to give them a false sense of confidence which the will exploit during a real war? China has conventional and nuclear 'electro-pulse' weapons which can disable U.S satellites, and disable all electronics on aircraft carriers. However the Chinese government have trillions of U.S dollars’ worth of currency and government bonds. While this represents a disincentive for war, it also represents a weapon. The Chinese can sell off U.S currency and bonds and bring about a financial collapse in the U.S.

Today the U.S has the means to produce earthquakes, and thus tidal waves. It can produce droughts. It has technologies to remotely control your car, your mobile phone, your computer, and the trains, buses, and airplanes you travel in. They have devices that can produce anxiety and depression in their targets.

We can only guess what the TRILLIONS of dollars that went missing from the Pentagon budget are being spent on this very moment. Remember how much the Atom bomb program cost the U.S. Just imagine what the Pentagon is up to right now. And remember that they do not work for you. They are the Golem of the Zionists, just like the Central Banks, and the entire Military-Industrial Complex.

And do not forget that the biggest weapon is fear. Fear produced by the mass media. The Zionists can produce panic at any moment with false reports.

I believe that the ‘Armageddon’ we are told to expect will be a Hollywood production.

The main military and technology research done today in the U.S is done in California.

The biggest film studios are located in Hollywood, in California.
Remember that the term ‘Armageddon’ refers to the LOCATION where the terrible events prophesied for the ‘last days’ (Of the Age of Pisces), are to take place.

That location is ‘ARMAGEDDON’, which translates to ‘THE CITY OF ANGELS’, *LOS ANGELES*. L.A.
The real meaning of Jihad

The prophet Mohamed said that the true and ultimate Jihad or battle is with your own ego, weaknesses, pride, greed, and so on. The real battle is to conquer yourself, to discipline yourself. While the Koran isn't especially inspiring or enlightening in itself, Mohamed did produce a few gems of wisdom. He must have been a charismatic leader and, like Napoleon, a brilliant bureaucrat and strategist. He possessed great courage.

Those people who recognize the true meaning of 'jihad' love their opponents. Opponents force you to discipline yourself, to discipline your desires, and control your anger and fear. Some people would go so far as to say that all the hardships we face compel us to develop character and strength and discipline. People like Mother Theresa therefore define hardship and so on as virtues, as they compel us to develop our own virtues. Of course selflessness can be seen as a 'vice' as much as selfishness. Therefore the golden mean is the true virtue.

Of course all military and political leaders need an enemy to protect us from. As we've discussed already, we are much more willing to sacrifice our freedoms and rights, and material resources, if we feel 'threatened' by some 'enemy'. As such our 'leaders' often construct or produce enemies to serve their own purposes.

The Muslims who love war will quote the Koran as saying (8:39) 'So fight them until there is no more disbelief (fitnah) and all submit to the religion of Allah alone', which needs no interpretation or spin-doctoring, apart from defining who 'them' is.

Mohamed had sought to impose his own monotheistic religion on people who were variously pagan, animist, polytheist, Christian, and Jewish. The fundamental tenet of Mohamed, like Jesus, was responsibility for each other. Mohamed, like Jesus, was a social prophet, in that his quest was for greater social justice and solidarity. Like Jesus, he was of course rejected, and persecuted for seeking a fairer social order.

Unlike Jesus, whose disloyal, faithless followers denied him, and abandoned him to be crucified, Mohamed was a military leader who gained his followers faith and loyalty, and defeated his enemies. In this sense Jihad did include fighting
physical battles with the enemies of a more just set of social relations. The main holy war, however, was and always will be, to do battle with your internal demons, your jealousy, greed, envy, lust for power and privilege, your pride, and ego, and fear, and anger, and mostly, your insecurity.

Jesus would have been appalled at what the nominally Christian Crusaders (Knights of the Cruces, or cross) did in his name. Few people who claim some connection with Jesus and call themselves Christian are anything even approximating 'Christ-like'. As in all religion, people abuse the messages of the prophets to pursue their own very narrow vested interests. Politicians distort the messages of the prophets for their own purposes, purposes at odds with the teachings of the prophets. This has been the case in every form of organized religion. The true messages of Buddha and Jesus and Mohamed have been abused, distorted, and lost in the institutions that claim them as their founders, and from whom they claim their transferred authority from.
'I have found the enemy, and it is us'

It is of course much easier to project all of our weaknesses onto our enemies, and to fight them. The much harder, and truly holy war, the war to make ourselves whole again, is the war against our own insecurities and weaknesses.

Overcoming our external enemies will not bring about security. Once we have overcome our external enemies, we will still be left to do battle with our selves, and our true sources of insecurity. Many a culture and society have defeated their external enemies, gained their independence, gained their sovereignty, and their freedom. The initial euphoria, however, more often than not evaporated in the sober light of personal responsibility. The old privileged elites were merely replaced with similarly exploitative new ones. Old injustices were dismantled only to be replaced by new ones.

The new elites at least looked like their subjects, spoke the same language, and at least nominally subscribed to the same religions, and so, they were at least initially more palatable. The actors may have changed, but the system of exploitation, of injustice and inequity, of privileges and powers that re-emerged, their 'roles', remained the same.

The enemy is us. It is easier to identify injustice and so on and malign it when it comes in the form of some externally imposed system. It is harder to take responsibility for it when it has emerged internally, from the participants within the system. Most participants in cultures have been conned by their leaders, the former revolutionaries, that once they overthrew the current system they would all enjoy justice and prosperity. It was easy to define the problem, and the solution. They, the old system were the problem. The new system would be the solution.

In reality most people are more or less the same. Most systems are more or less the same. It is us that ultimately define the system. It is how we behave in our routine interactions that ultimately defines the system. We can’t complain about being exploited, if we are willing to exploit. We can’t seek personal advantage in our interactions and then complain that others take advantage of us.
It is not whether you subscribe to Islam, to Buddhism, to Christianity, or to any other religious creed, that makes the difference. It is about how you go about your daily life, it is about your motivations, it is about what is in your heart.

All the prophets shared the same message. These messages have been mostly lost, or given up as too hard. The message of the 'moral' philosopher, of the social prophet, is and always will be, to treat others as you wish them to treat you, to serve others, to give, to love, to seek a just and fair system of social interactions where the good of each individual is paramount. To quote George Bernard Shaw: 'Christianity might be a good thing if anyone ever tried it.' Only you, yourself, can do this. It is your interactions which ultimately define what we call society. The world will be as you act. The world will not change just because you find religion. The true measure of enlightenment will be demonstrated in your motivations and behavior, in your deeds, and not in your words, or self-congratulatory, masturbatory, self-indulgent, empty self-delusions.

Like Jesus, we have to see that it is the individual that matters, and the individual's behavior that is most important. He expressed this with his prime imperative to 'treat the lowest among us as if they were Jesus himself'. He didn't talk of grand political schemes or of 'the greater good'. He talked about the 'least among us'. And we should treat that person, the least among us, as if he were Jesus. We should treat everyone as we wish God to treat us. Jesus' message, was, after all, a personal one. It was about individual responsibility. It was about individual action. His 'good Samaritan' parable was about one individual helping another individual.
The true costs of oil

The Saudi royal family live in absolute luxury, as feudal lords, with no interest in democracy or human rights. They promote the worst interpretations of Islam. Their legal system is based on Sharia law. They are stealing their own people's wealth.

Bush Senior had been given a small oil concession by the Saudis in Kuwait which grew into a huge fortune. His son Bush Junior got the same opportunity. Through sheer incompetence, apparently not helped by drug problems, he failed at this business. He later approved a 12 U.S Billion Dollar arms contract to his 'family' business, Carlyle Industries, against the advice of the Pentagon, which said it was not in the public interest. This is the defining characteristic of the Bush Administrations. They do what is in their own interests, with no concern for the Public’s interests.

The Bin Laden family are close to the Bush administrations. They own Huston airport. Osama Bin Laden had been (perhaps still is?) good mates with previous U.S administrations. His terror organization Al Qaeda was set up, financed, trained, and equipped by the U.S under Jimmy Carter, to commit acts of terror against the U.S.S.R. The base of ‘The Base’ (Al Qaeda) is in the C.I.A headquarters.

Oil has been a source of great suffering for humanity. The environmental impact of the Middle East wars, and oil spills, have produced significant environmental destruction. Today the debate on global warming and rising sea levels has focused on the carbon footprint of fossil fuels. This is just one more argument in favor of reducing our dependence on oil and gas.

Alternative sources of energy would cost more, in financial terms, but would provide much needed local employment at a time when official unemployment rates around the developed world are soaring above 10%. It is ironic that politicians all lobby for the tobacco, alcohol, and gambling industries on the basis of the employment they generate. However when it comes to alternative energy sources, the same politicians reject their development out of hand, as they are more local labor intensive, and hence marginally more expensive. You must therefore be asking yourself the question of why gambling and the drugs with the
highest death rates and social costs can employ an argument in their favor, while the very same argument is used against the alternative energy industry.

We should remember that oil is not just valued as an energy source, but is also the raw material of most of our plastics, and a wide range of petro-chemical products.

Of course the war between the U.S and Japan was over oil. The Japanese were forced into declaring war on the U.S after the U.S and its allies placed a total oil embargo on Japan.

The battle of Stalingrad was all about oil too. It was one of the most vicious military battles in history.
Big business loves Fascism

Corporations love fascist dictatorships. Such dictatorships provide stability, and criminalize all forms of social organization, including trade union organizations, free speech, and the right to protest. Corporations have historically collaborated with all forms of fascist dictatorship. Examples include, but are not limited to, Nazi Germany, Pinochet's Chile, Suharto's Indonesia, Marcos' Philippines, and a range of Central American, South American and African dictatorships.

This follows in a long tradition of U.S 'gangster capitalism' in which official military, or unofficial 'mercenary' force, was used to either install or support fascist regimes around the world. U.S corporations, with the assistance of the U.S administrations of their times, conspired to install fascist dictatorships not only around the world, but in fact in the U.S itself. The heads of many huge U.S corporations actually conspired in the early 20th century to overthrow the democratically elected U.S administration and begin their own fascist U.S state. Fact! Many of the largest German corporations benefited greatly from the Nazi dictatorship. Due to their power and influence they were never punished for their crimes.

The value of these corporations increased exponentially due to their Nazi collaboration. It is easy to make money when you can use slave labor and overcharge. Australian companies exported steel products to the Japanese right up until Pearl Harbor. Any ethical concerns anyone in Australia may have had over the Japanese invasions of China and so on, and the atrocities committed there, had no impact on their business dealings with the Japanese Government. Telecom Australia had no qualms against collaborating with Pinochet in Chile. Fanta was a response of the Coca-Cola Company to the Nazi's banning of Coca-Cola. I.B.M produced punch-card computing systems without which the 'final solution' could not have proceeded so smoothly. Hitler actually personally met with the C.E.O of I.B.M to discuss his 'needs'.
The new imperialism and its unobtrusive means, the source of its absolute power

Imperialism also takes the form of forcing nations to become dependent on trade even to survive. Self-sufficient agriculture is wiped out, and replaced with monocultures of tobacco, bananas, coffee, tea, soya beans, or cocoa beans. These are called 'cash-crops'. In other words they have no other value than as trade commodities, to export, to earn cash. Powerful business interests support a few corrupt business people and politicians in their theft of land from small farmers. These farmers are then dependent for their survival on working for the owners of the large mono-culture farms, who came to control everything.

Previously farmers were able to grow all the things they needed, and to trade with each other, to ensure a healthy and prodigious supply of fruits and vegetables and other products for building and manufacturing furniture and all their general needs. They were relatively independent. They had little need to import the goods and services of the developed world. They could prosper from the efforts of their own labor on their own small landholdings.

The destruction of agricultural diversity and the theft of land from small landholders in one guise or another meant that farmers actually became dependent on imports from the developed world, either directly or indirectly. Even if some of these products came from other developing nations, these other developing nations themselves did not benefit. As the developed world controls trade in its own interests, it is the actual end supplier of all goods and services, determining prices and distribution, in its own interests.

Often small landowners would be lent money, at exorbitant rates of interest, merely as a ploy for divesting them of their land. Initially they would receive or at least be promised high prices for their crops. So they borrowed money to plant, fertilize and harvest the demanded crops. When it came time to harvest the prices suddenly fell. What could the money lenders do? They didn't set the prices, the world market did! They were not responsible for the farmer's dilemma. The borrowers defaulted on their loans, and the money lenders took possession of their lands. Of course the only ones who had had money to lend were the already wealthy big land owners, supported by corrupt government officials and big business in general.
Those landowners who didn't fall into that trap were merely driven off their land by cruder and more physical forms of violence. The victims who survived this process often went on to form the leadership and ranks of rebel organizations. The same rebels, fighting for justice and the respect for human rights, have throughout history been hunted down and wiped out by the U.S. The U.S has traditionally provided criminal governments, militaries, and militias with finance, weapons, and training in terrorism.

The U.S provides intelligence information to locate, torture, and murder the 'rebels'. They justify this by calling them 'communists' (during the cold war) or 'terrorists' (during the current war on terror). The U.S big business interests which 'own' the U.S administration or 'rent' it, of course control the mass media, in which rebel organizations are defined as criminals.

In the mass consciousness the U.S has always constructed itself as the good guy, fighting to bring democracy and justice to the world. They have consistently done the opposite, supporting criminal dictatorships, undermining and overthrowing democratically elected governments, and actively repressing human rights movements, violating human rights, violating international law and the sovereignty of nations, setting up and financing terrorist organizations, and deliberately instigating instability in the world, in order to profit from it.

Many of the 'old-school' colonial imperialists, upon arrival in their 'colonies', destroyed the crops of the natives, to make them dependent on goods the imperialists could sell them, and the cash crops they could sell 'for' them. They bought cheap and sold high, keeping the profits for themselves. The host colonies of course benefited from some externalities, however for the most part they gained little, and gave a lot. The colonies became completely dependent on a small range of cash crops to import the rest of their needs. Every colony is tricked into growing the same cash crops. The laws of supply and demand inextricably lead to an oversupply of these products, and a drop in their market prices. The colonies end up working hard just to survive, and pay for the new imported goods they have become dependent on, in the absence of any local diversity of goods being produced. They become 'banana republics'.

Coca-cola and tobacco companies market their products to people who don't need them, and who then have to go to work for the rich land owners and factory owners to be able to afford them, or more significantly, the 'lifestyle' they represent. This is of course similar to the opium wars in which Britain got China addicted to opium, and forced the government to allow them to operate a monopoly on opium. Otherwise the British had nothing to trade with the Chinese for their goods, which they profited massively from trading in. The U.S force
developing nations to allow tobacco marketing aimed at seducing them into becoming tobacco addicts.

Farmers in many countries are actually not allowed to grow crops which would make them self-sufficient. They are terrorized, and through one means or another their lands are stolen by the rich landlords. They are then forced to work for the landlords for below subsistence wages. Of course the multi-nationals had a plan in helping the landlords bring about this situation. The World Bank provided loans to many developing nations under the condition that they behave in this way, that is, destroy self-sufficient farming, and replace it with mono culture cash crops which could be exported to the developed world. Many dictators and landlords got rich this way. Of course the World Bank had promised high prices, indirectly, through its allied big business interests, which it promised would not only allow the farmers to repay their loans, but to develop their education, health care, and industrial and transport infrastructure.

Many corrupt governments accepted huge loans and began massive projects, which they themselves profited directly from, through more or less legal, and illegal, means. They got kickbacks from companies they gave contracts to, or simply set up their own companies and gave themselves lucrative contracts at inflated prices that would ensure massive profits for themselves. Similar to what Bush and his mates did with Iraq. Big business and corrupt public officials had a huge personal motivation to borrow and build without consideration for the costs or risks of such ventures. Others would pay these costs. They themselves would profit from over inflated contract prices, whether or not the projects were productive, let alone profitable. As more and more countries produced more and more of the same sugar, tea, coffee, bananas, mangoes, and so on, the world price for these commodities collapsed, as big business had planned. The borrowers, the small land owners, and governments, could not afford to pay back the loans for the huge and often useless 'investments' they had made. They were now at the mercy of the world finance and big business, and their instrument for world domination, the World Bank.

At first the world price for commodities had been high, and the loans could be repaid, and some countries actually became wealthy, or at least their beneficiary classes did. But then the true motivations of the World Bank and big business become apparent. The World Bank had pretty much forced all of the developing nations to grow the same cash crops, as a condition of receiving 'development' loans. The real 'development' that they were sponsoring was the following. All the nations grew the same products, increasing the world supply. The demand stayed pretty constant. Huge oversupply resulted, bringing the world price for these commodities crashing down. This was the plan, and it couldn't fail.
The World Bank and I.M.F could now dictate the political policies of nominally sovereign nations. This is true power, much more effective than military invasions and coups. The World Bank could threaten to withhold further finance, unless the governments adopted the policies that the World Bank. Ironically the loans basically allowed the countries to merely maintain interest repayments to the World Bank itself.

The World Bank then forced these nations to cut expenditure on social programs such as education, health, and welfare. This prevented the nations from developing, and froze them into their current relationships, as puppets of transnational big business. They became virtual imperial colonies with little if any sovereignty. They were sovereign in nothing but name. Their economic and social development was totally stifled. They were, and are, almost completely dominated by external interests groups. Of course the corrupt government officials and local big business interests, installed and supported by the U.S, also benefit from this situation. Their interests converge actively and passively. Once again, it is the average person, the 'you-s and me-s' of this world, who suffer and pays the costs.

Note another correlation. The Bush administration cut spending on social programs like education and health in the U.S by 40 Billion U.S dollars, while at the same time increasing spending on the war in Iraq by 80 Billion U.S dollars. Of course this money ended up in the hands of the armaments manufacturers who then rewarded Bush and his mates. The money went to companies Bush and his mates directly or indirectly owned, or had been, or will be, rewarded by, in the rebuilding of the Iraq that the tax payers ‘money had been used to destroy. Bush destroyed Iraq, with weapons he and his mates profited from by supplying, and then Bush and his mates profited again from the reconstruction contracts.

They later profited from a domination of the big business, including oil business, that they will have in the new U.S controlled Iraq. The taxpayers pay for the whole scam. The fact that tens of thousands died, were maimed, and had their entire futures for generations destroyed, is of no concern to such unscrupulous and heartless people. They can even manage the media to present themselves as caring, warm hearted people. 'Oh how a man can smile and smile, and be a damned villain'! (Shakespeare)

And don't forget where the best Arab mates of the Bush administrations get most of their money. The Bin Laden family own the largest Saudi construction company. They are so influential that they even worked on the most sacred Islamic sites in Mecca. The Bin Laden construction company actually got the reconstruction contracts to rebuild the U.S embassy that one of their own, Osama
Bin Laden, blew up! Any guess whose company is going to make it big in the reconstruction of Iraq?

Such cunning and infallible plans! And few people have ever seen through them. The dominant hegemonic interest groups in the U.S and world-wide have gotten away with it for decades. They are getting away with it right now.

We benefit as consumers in the developed world in the form of cheaper oil, gas, cocoa, soy, coffee, tea, and so on. The World Bank and other finance institutions still demand repayment of their loans, even though they are the reason the nations can't afford their repayments. This gives the World Bank, which is controlled by big business in the interests of big business, power to tell supposedly sovereign states what to do. They basically gain control of these nations. They force them to allow exploitative practices.

They force them to build chemical plants without safety measures or pollution controls which not only poison everyone for miles around, poisoning the air and water (forcing them to import water!), but have a tendency to blow up in apocalyptic accidents, such as that which occurred in Bhopal in India.

This means cheaper chemicals for the developed nations, and misery, suffering, and environmental calamities for developing nations. And we do nothing about this, we simply take advantage of this situation and enjoy a standard of living that is paid for with the suffering of other people. Until we are the victims, we don't notice injustice. We don't even want to hear about it. We don't want to know about it. We just call it free trade. We define the World Bank as a friendly giant promoting development, when it is in fact a tool of the developed nations to weaken and dominate developing nations. You won't hear about it in the media. And you don't want to know anyway. You want to enjoy your cake, and still feel good about eating it, still define yourself as a nice person. You are innocent. I used to think I was too!

As I edit this, it is 25 years since the tragedy of Bhopal. At the time of the disaster, Union-Carbide/Dow-Corning promised to compensate the families of the 1000s of dead, and the 100,000 who would need life-time care. They promised, before the world media, to clean up the site and the ground water which had become contaminated. As a result of this public declaration the value of Dow-Corning/Union-Carbide shares lost around 30 Billion dollars in value on the Frankfurt Stock Exchange. Once it became clear to investors that Dow-Union Carbide had little or no intention of honoring their promises, the value of the company’s shares rebounded to their original value. 25 years after Bhopal no-one has yet been successfully prosecuted.
In the first three days over 8000 died when 40 tonnes of toxic gas leaked. M.I.C. Toxic gas is still leaking today, 25 years after this, the world’s worst industrial accident. Thousands more died later, and 600,000 have since been adversely affected. 470 million U.S dollars was paid in compensation in 1989. This all shows what rich countries can get away with in poor countries. An out of court settlement between Union Carbide and the Indian government lead to each injured person receiving only around 1000 U.S each. Compare this to the 10 million U.S dollars in damages each family of a victim of the Lockerby jet crash received. Toxins in the ground water end up in the milk of mothers and sheep, leading to birth defects. The ground water is still toxic.

The so called 'corn-laws' of Victorian England provide a useful insight into the selfish behavior of privileged elites, in this case the aristocracy. The landowners of Victorian England constituted most of the British Parliament, the so called 'Tories'. There was a great demand for corn and grains for bread in the newly industrialized cities of Victorian England. Some people were in fact starving. The aristocracy were benefiting from the starvation as the great demand for whatever grains were available had driven the price for their supply of grains through the roof.

Now you say, well, it's not their fault that there wasn't enough grain. Well in fact it was. They had pushed through laws to prevent grains being imported from America. They did this to maintain the high prices they were getting for the corn they produced. The former colonies in America in fact had a bumper crop to export. This is the sort of ugly, nasty, vicious, violent, cynically selfish behavior typical of the dominant hegemonic beneficiary classes.

But they actually went further. Grain and corn were sent to Ireland from England to help ease the effects of the devastating potato famine that was raging there at the time. Wealthy landowners kept most of the 'charity' grain and corn for themselves, leaving the people to starve to death. England had also provided money to keep farmers alive, by providing them with paid work. The wealthy landowners abused this system as well, getting farmers to work on their own personal properties, rather than on the development of public infrastructure and so on that the money was intended for.

In Dublin at the time of the potato famine, British Protestant sponsors of soup-kitchens forced their Irish beneficiaries to renounce their Catholic faith and convert to Protestantism, as a pre-condition to being provided with any food.

Just in case you think Anti-Semitism was invented by the Nazis, you should note that at this time Jews were barred from all public offices in England. What we see is dominant hegemonic interests deliberately orchestrating situations in which
they can benefit from the misery of others. This is in principal no different from what George Bush and his mates did, or what we do in our daily lives. We of course may not have the power to actively orchestrate situations, but we do take advantage of them, and do nothing to prevent them. We defend our little privileges and benefits, and seek out greater privileges and benefits.

A great deal of aid that is sent to developing nations is stolen by corrupt officials. It is redirected into developments that they and their cronies benefit from, away from the people that it was intended for. Worse than this, aid actually allows corrupt governments to buy weapons and continue to fight 'rebels' and fight wars with their neighbors. With foreign aid organizations providing food and health care, the governments can focus on the very wars which brought about the starvation and disease, and the total breakdown of the agricultural and health systems that produced the famines and disease. Continuing civil wars destroy any real hope of real progress and development. The corrupt governments don't care. They are only interested in lining their own pockets.

When the people finally manage to overcome these oppressive, murderous, torturing despots, what do you think happens to these criminals? You hope they are arrested and charged with human rights violations in world courts, like the Nazi leadership were? I hope you are disappointed to find that they are in fact allowed to take all the loot they hadn't yet added to their Swiss and overseas bank accounts, and are welcomed to countries like France and America where they live out the rest of their lives in luxury.

The U.S is home to over 800 persons that the Human Rights Watch and Amnesty International have identified as serious human rights violators, mass murderers, mass rapists, mass torturers, genocidal dictators, you name it, they are it. The big boys have always looked after themselves. They look after each other. They are all on the same team. They will always protect the mutual interests of the powerful and privileged. Any one of them know that they might be next, and want to ensure that they are well looked after when their time comes.

Until we as individuals take responsibility for it, we will be contributing to injustice in general, and making it possible for the George Bush's of this world to produce and benefit from human misery. You can deny the reality, and hope you don't become the next victim, but it may be your children or grandchildren that die in the next conflagration, the next natural consequence of the current reflexive sets of definitions and systems of relations.

You, along with George Bush and his mates, may be born as some impoverished exploited worker in a third world chemical plant. This is my warning. You may escape the acts of terrorism you are ultimately response-able for, but you may yet
become the victim of the system you are now benefiting from. Others may be orchestrating it, but you are letting them. Remember we have the hard fought-for privilege of living in representative democracies. We can demand changes, and get them.

It would be simple if Karma were true, and I could warn George Bush that he will be reborn into a country that The U.S commits acts of terrorism on. If I could tell him that I see his family being raped and tortured before his eyes, and that I see him having half his head blown off and suffering agonizingly for weeks in a hospital that does not even have any pain killers or antiseptic, as a result of the policies he himself put in place, it might motivate him to change, so that that state of affairs could never exist. I wish I could. But I can't. I can only hope to make people aware of the holistic nature of their actions, that everything they do will have repercussions.

If I could convince every one of you now reading this book to base your behavior on principles of justice and solidarity, then the George Bush's of this world would never gain power, and would never be in a position to wreak their selfish destruction on the world, on your children, on your new-incarnations. They would never have a chance to get elected. The whole world order would be different. It would be impossible for people to opportunistically exploit each other, and their inheritances. The systems of relations would change to reflect principals of justice and solidarity.

The Bhavagad' Gita teaches us to view ourselves, and every living thing, as a reflection of the same one light, the same one spirit, the same one love. It is only when we seek to take advantage of opportunities to take advantage of others, whether they be the result of superior inheritances of money, intelligence, education, beauty, talent, or socio-economic status, that we sow the seeds of terrorism and war, and international exploitation. If we as a mass of people do not provide fertile soil for injustice then it cannot occur. We are responsible for the suffering in the developing world, and for the terrorism of the U.S. We made Bin Laden. Only our failure to take response-ability for our actions and intentions makes all that possible.

This sort of argument will of course not have popular appeal. I hope this book as a whole provides information which makes the call to principled action compelling and reasonable. I seek to become aware of what it is that is in mine, and everyone’s, interests. The information and arguments provided here are intended to inform your perception, so that you become aware of what actually is in your interests, rather than merely passively consuming what others believe it is in their interests for you to believe.
Part of this process is about making you start asking questions about the opportunity costs of the current hegemonic ways of being and seeing, of defining and behaving. You need to know how your interests are best served in the long run, and substantially rather than superficially. You need to become empowered to ask whether alternatives might actually exist, and might actually serve your interests better than the current conventional reflexive sets of definitions, the practices they inform, and the systems of relations that they generate.

You need to become critical of the media, and of the definitions offered to you. You need some insight into what is going on in the world, an insight the popular media will rarely provide you with. You need to be shown the big picture. You need to recognize the need to question what you are told, and to look into the potential motives people may have for misleading you. You need to become more suspicious, and more honest. I am seeking a transformation for myself, for you, for us all. But it can only start with me, with you.

I hope the information and arguments have been useful to this end. Our children will benefit or suffer depending on the world that we leave behind. The system of relations and ways of being and seeing, of defining, and the practices and institutions that they inform, will be the inheritance that we bequeath them. Do you wish to bequeath them a system of relations based on mobbing and violence, on theft and exploitation? Can you assume that your children will be the masters, and not the slaves? Remember that slavery cannot exist unless some chose to be masters. Class inequalities can't exist unless we chose to mob in general. Can you guarantee that your children will 'benefit' from the status quo?

Hopefully we realize that we need to feel secure, approved of, accepted, and to make a contribution, and that it is only in serving each other that we will really achieve our real positive potentials. This would be a big ask. I don't know how many people have evolved to that level yet. Will you continue to seek security by gaining more privileges and power, more material goods and status? Has this ever made anyone happy and secure? Has any military might endured more than a few centuries? Where are the military mights of old? Was there any castle ever built that protected its occupants from all attacks, from all invaders, forever? Can we really seek happiness and security at the expense of other's misery and insecurity?
Cultural cringe, U.S cultural imperialism, and raw power

It is less threatening when people more talented than us are from 'somewhere else'. Their superiority is already a 'fait accompli' a fact, and therefore represents less threat to the current balances of approval and privileges. They are 'exotic', and not to be compared with us. They live in another more rarefied world. They are already recognized overseas, so we cannot in any case deny their talent or genius or competence. We have to accept it, so we will try to look generous in doing so, to cloak a necessity with 'virtue'. We can, at no cost to our own relative social standing, gain the status of someone who is a good judge, someone with good taste, and someone who, ironically, doesn't feel threatened by other people.

It is much more threatening when someone like us, from the same circumstances, even worse, from among us, is more successful than us. This raises the agonizing question of 'why wasn't it me?'. Then we can really feel inadequate and jealous. This is the source of 'the tall poppy syndrome'.

Some achievements or talents are of course less threatening that others. We define our humanity by our intelligence, more than our physical prowess. Therefore it is less threatening for someone if another is able to run faster than them, than for them to demonstrate superior intelligence. Claim that you can run faster than someone, and they won't care that much. Claim to be more intelligent and someone, and watch out, they will feel threatened, especially if you are not publicly recognized as some sort of genius. They are likely to be 'gobsmacked' that you could dare even suggest such a thing. Alternatively, if you are already lucky enough to have been publicly recognized as having some talent, they will seek to benefit by associating with you, to 'bathe in your limelight', and thereby reflexively increase their own status.

This accounts for the phenomenon of Australian talent being recognized overseas before it is recognized at home, if at all. Earlier in our history everything British was considered superior to authentic Australian things. Even the radio announcers had to have British accents. We failed to value Australian talents and they went overseas. We then recognized them as ex-pats, and welcomed them home, only after they had 'made it big' overseas. The whole phenomenon is often referred to as the 'cultural cringe', the lack of confidence of Australians towards
their own culture. Of course in recent years Australians have learned to celebrate their own culture more and more.

This is one reason why many who work in the film, television and music industries in Australia are so against U.S 'cultural imperialism'. In trade talks nominally aimed at increasing the freedom of trade, the U.S is demanding free access to our media, and the abolition of programs and policies aimed at supporting local film, music, television, and local culture in general. This would mean that Australian production of music, film and television would be threatened.

Australian radio, television and theaters are already full of U.S music, programs, television programs, and films. This allows U.S big business to control how we define the world and therefore how we 'experience' it. If we don't have our own forms of cultural expressions, our own music, television programs, and films, then we will lose the personal, local, authentic, independent ways of seeing the world, of experiencing it, that we currently have. It would also stifle our cultural development. We would be stuck with whatever ways of being and seeing that the U.S big business-media-entertainment powers imposed on us.

They would stifle our voice, and rob us of a means to express ourselves. They could impose a 'full spectrum dominance' over our culture, and deny us any alternative ways of defining things and experiencing our world. This would deny us the ability to construct our own definitions and 'values'. This is what 'full-spectrum domination' ultimately is. Military domination is significant, but cultural domination is the true essence of power, the power to define. It is the ultimate power. Ask a Palestinian. Better still, ask an Israeli or Republican. Ask Hitler or Moses or Lenin. Ask George Orwell.

Remember that culture is essentially the dominant hegemonic definitions and systems of relations. Power is ultimately the power to define. The U.S already dominates in both areas. By sacrificing our voice, our means of cultural expression, we will be handing over almost complete power to the U.S. The U.S is controlled by, and in the exclusive interests of, the most privileged and powerful big business interests of the world. When these interests talk of 'freedom, or 'human rights', or 'opportunities', they mean freedom, opportunity, and the right for them to exploit their dominance, to increase their own privileges and power.

It is infuriatingly frustrating to hear the media report on free trade. It is not free trade that they are talking about, it is merely free-er trade. Everyone is for protection of one type or another. Farmers in Europe and the U.S are subsidized by their governments to the tune of billions of dollars. Farmers in the rest of the
world are put out of business as their governments can’t or won’t subsidize them. In fact the big business interests of the west, through their 'instruments of full spectrum domination' the World Bank and I.M.F, actually prevent them from being able to freely compete, to counter foreign protectionism and 'dumping' with local protectionism to protect their industries.

How can a third world farmer ever earn enough for a decent quality of life when the farmer they are competing with in the developed world is able to sell their produce well below what it cost them to produce, in an industrialized nation with all the most efficient and productive methods and technologies? Agriculture in some nations is wiped out when such subsidized produce is 'dumped' in their markets.

The consumers benefit in the short term through lower prices. However dumping is often a form of predatory pricing. As soon as the potential competition is eliminated, those remaining in the market can raise their prices as high as they want. There will be no alternatives, no choice, no competition. The consumer can end up paying much more in the long term.
Imperialism and trade concessions: The British East India Company and the Bush Administration

The British East India Company forcibly occupied India, and monopolized trade with India and the world. Much of the wealth of Great Britain was effectively stolen from its 'protectorates', colonies, and concessions. The U.S administration, after its invasion of Iraq, distributed reconstruction and trade contracts among its own big business interests, and to its allies. Any nation opposed to its imperial invasion and criminal acts was prevented from bidding for reconstruction contracts, and doing business in Iraq. This is what is meant by forcibly securing trade concessions. Trade concessions are the right to do trade within and with a nation. So much for empty Republican slogans of free world trade.

When you occupy a country you can determine the terms and conditions of trade with and within it. Companies tightly connected to the Bush administration dictated trade with and within Iraq. Halliburton, a company with the closest ties to the administration, to Dick Chaney and George Bush Junior, forced Iraqi consumers to pay twice the market price for the oil that it forced them to import. Many other cases of profiteering were only superficially 'investigated'. Companies closely tied one way or another to the U.S Administration, to Bush and Cheney amongst others, were granted hugely lucrative contracts by the U.S Administration, at conditions well above market prices.

The U.S invasion of Iraq is very similar to the British East India Companies imperialistic invasions and occupations. British big business interests were allowed to dictate trade terms and conditions with Indian producers and suppliers. The trade with Indian products in Britain, Europe, and elsewhere, was hugely lucrative. Indian produce, such as the spices we take for granted today, were luxury products at the time.

The increasing wealth of British Big business and the aristocracy came from exploiting their own working classes at home, and workers in their colonies and imperial concessions overseas. This included of course trade in slaves. British imperialism financed and motivated British military invasions and colonization, resulting in an empire on which the sun never set. Britain became fabulously powerful through the same imperialistic behavior that the U.S engages in today. It is no wonder that Britain is the U.S's closest ally.
The British made it illegal for Indians to produce their own salt so that they had no choice but to buy British taxed salt. This accounts for Gandhi’s long march to the sea in violation of this law. He was passively resisting the British imperial domination and exploitation that this law was an expression of. This gets back to considerations we made earlier about imperialism, and the control of world trade in the interests of big business and corrupt governments.

The British forced the Chinese to buy and legalize their opium, the equivalent of heroine these days, so that the British might have something to trade with the Chinese. They employed military force to force trade concessions and monopolies on the Chinese. The British taxed the most basic needs of the Indians, and forced them to buy British taxed salt. This is the most obvious example of imperialistic trade concessions and monopolies. The U.S. administration today forces developed countries to allow the promotion of toxic and addictive nicotine and carcinogen delivery systems called ‘cigarettes’.

The U.S so-called ‘war of independence’ was arguably in most part prompted by the settlers desire to steal Indian Lands, to violate the treaties that the British had made with the native Americans. The settlers wanted to ‘go west’ and steal the Indian Territories. They generated their own propaganda to hide this true motive. They claimed they were being overtaxed and exploited by the homeland. They imbued their selfish motives with propaganda about freedom. The settlers’ tax burden was in fact minimal compared to that which was imposed on their fellow British citizens over in Britain. Thus the 'no taxation without representation' was wildly exaggerated.

The British taxed tea that the settlers rallied against was actually cheaper than the tea that the settlers could buy 'tax free'. Did the British really deny their colonies political representation? No Taxation without representation was the motto of the American Revolution. Of course what we saw was the emergence of a group of people who wished to become the new hegemonic order in North America. As in any war, a particular aspiring elite sought to get power and privilege for itself, by overthrowing the then dominant hegemonic order. They manipulated the general masses to support them, to die and kill for them.

When they won, they wrote history, often totally revising what really happened. When they couldn’t simply lie, they changed the ‘meaning’ of what happened. Spin Doctoring. A grab for power from the British and land from the Indians was ’defined' in the popular language culture as 'the war of independence'. It was revised to become, to subsequent generations, the struggle against the oppressive tyranny of a 'foreign' power. Note that the British were banning slavery also.
So another reason for the desire for 'independence' from Britain was to maintain the right to buy and sell human beings, to deny the slaves their human rights. Another lofty goal for 'freedom fighters'! Such is the propaganda and hegemony of the U.S media that this fight for the right to dispossess native Americans and maintain slavery has come be defined as the embodiment of all that is noble in the human spirit; the fight for (how ironically) independence and freedom!

Had the southern states won the 'civil' war, it would have gone down in history as their war of independence, and they would have defined all of their actions in the same way. In fact, in the context of the civil war, the northern army 'displaced' more Indians than ever before in the history of the states, all the while nominally fighting for the abolition of slavery. In other words, the 'civil' war was carried out in the same tradition of theft as the 'war of independence'. It is noteworthy that rich people sent paid substitutes to fulfill their own military obligations. How many senators and members of the U.S Administration that brought about the war in Iraq have children fighting in that war? None. Fact.

Later in the U.S, the administration employed their army and National Guard to savagely put down demonstrations against child labor, and the appalling working conditions and exploitative labor practices of the day. They attacked children and even 85 year olds. They deliberately prevented young children from leaving the demonstrations, as a cynical ploy to force the demonstrators into abandoning their rights to truth, justice, and 'the American way'. This is a transparent example of the real reasons why armies exist. They exist to enforce the exploitation by the powerful and privileged of 'their' masses.

Note that 'Republicans' are not fundamentally opposed to the aristocracy and monarchy per se. They merely resent not being a member of it, and therefore seek to eliminate the current dominant hegemonic interests, the monarchy, so that they can set up their own aristocracy.

The privileged elites of any culture defend the culture as it provides them with their privileges. The privileged elites manipulate their society so that their subjects believe that what is good for the privileged is good for them. They define those that seek to take their own power and privilege away from them as the enemy of the state, as the people's enemies.

U.S history books refer to a 'war of independence'. However it was in fact a civil war between British citizens and their own government. This civil war produced all the meaningless, unnecessary, and unproductive misery and suffering that goes along with war. They already had a king, and a privileged elite. They wanted to get rid of that one, so they could assume the privileges and offices themselves.
The 'war of independence' would have gone down in history as something entirely different, unromantic and despicable, had the British maintained their sovereignty over their settlements. Columbus and the Catholic Church had defined the Native Americans of South America as non-human, in a cynically self-serving way. The invaders and church could have their cake and eat it too. They could steal, enslave, and exploit, and still claim to be 'moral', even 'holy'.

This is a defining property of racism, the desire of people to exploit others, and still feel good about themselves. Like the religious leaders torturing their 'heretics' and then feeling good about themselves for 'saving their souls', the established privileged vested interest groups such as the aristocracy and church, and big business, could all claim to be bringing 'civilization' to 'savages', to be 'saving their souls', and bringing them 'culture'. The Australian Aboriginals were defined by the British settlers in the same way, for the same purposes, and with the same outcomes. The less like you that you can manage to define someone, the easier it is for you to exploit them, even exterminate them.

Moses defined non-Jews as non-human. Hitler defined Jews as non-human. The British defined Africans, Indigenous Australian Aborigines, Indians, Islanders, and so on, as non-human. By doing so they could nominally legitimize their enslavement, exploitation, rape, and domination. They could reconcile their internal principles of law while violating these same principles on a mass scale, externally.

Your daughter will be safe from rape, all the while you can go and rape someone else's daughter. Your property will be safe, while you are overseas stealing the property of others. Your human rights will be sacred, all the while you violate the human rights of the rest of the world. When you employ force it is a legitimate act of defense. When those you attack retaliate, they are evil terrorists.

The U.S entered both world wars, in the most part, to maintain the status quo, the balance of power, in Europe and the Pacific. They liked it the way it was. They didn't want to share power with the Japanese, or a strong and united Europe. Of course Pearl Harbor and the sinking of the Lusitania were cynically exploited to gain popular support for war, in just the same way as the events of 911 have been exploited. The U.S administration were most likely aware of both coming attacks. The Lusitania had been sunk long before it was used as a piece of propaganda. In fact it was carrying military supplies, which was why it blew up and sank so quickly. Of course the propaganda machine 'constructs' events to suit the interests of the war mongers. In the U.S mass media the Lusitania was an 'innocent' victim of Nazi aggression.
The history of war is a history of hostile takeovers in which the employees, the public, pay the costs, while the Boards of Directors reap the benefits. The Boards of the companies that are taken over, or which fail in their aggressive mergers and acquisitions program, are usually granted asylum in some country, as a mutual insurance policy for the privileged, in the event that they lose the next war. And the next war is always being planned and orchestrated. After the war is before the war!

They are ensured a life of luxury and privilege for themselves and their families independent of the outcome of their 'aggressive takeovers' of each other. They receive their 'parachutes' and 'golden handshakes' like all other failed business CEOs in the world of big business. War is big business, and little more.

The German invasion of 'innocent' and peace loving Belgium was used as a justification for Britain entering the First World War. This was pure propaganda. These 'innocents' had long been committing appalling atrocities in the Belgium Congo. Napoleon, the popular French leader recognized as a brilliant strategist and military genius, lay most of Europe to rubble, producing large scale misery. The French exploited the treaty of Versailles, in which they were victors only by virtue of U.S support, to humiliate Germany. Napoleon was little better than Hitler, and yet he has gone down in history, like Moses, as a heroic and noble figure. Documents have been found in the Kremlin, by the way, that demonstrate compellingly that Stalin had planned to invade Germany, about a year after Hitler took the initiative, and himself invaded Poland and then Russia.

It is ironic that Poland, by stopping the Bolsheviks from overrunning Western Europe at a time when Germany was too weak to protect itself, actually gave Germany time to rebuild, and then invade Poland. But don't forget that the Poles occupied the Kremlin in Moscow in their heyday, while the Swedes, conquered most of northern Europe in theirs.
What sort of person dismisses a book they have never read? Here is a compressed version.

In the 1880s in Russia Jews were scapegoated by the authorities to relieve social tensions, providing a target for the public’s pent up frustrations. Jews were hated by the poor as money lenders are bound to be, and as shop-keepers might be, for those who could not afford their goods, or imagined them profiteering by jacking up prices.

But, in fact, Hitler originally admired the Jews. He himself loathed anti-Semitism. He felt uncomfortable around people speaking in ways that were anti-Semitic. He would never think to censure someone based on their 'confession'. He 'struggled' between 'reason' and this natural feeling of his against anti-Semitism. Hitler 'agonised' over the facts. He was 'tortured' by a 'long internal struggle'.

Later Hitler came to feel that the Jews were a 'nation' rather than a religion. They were Zionist-nationalists-internationalist Jews hiding under the cover of a religion. Jews never assimilated. They remained as nation within nations. They operated as 'states within states'. They abused religious tolerance to this end. The Jewish state never limited itself geographically, politically, or territorially. Jews were in fact the original source of the idea of a chosen people, a race defined by blood. It is the only religion that never sought to gain new converts! It praised genocide. It documented it. It proudly announced to the whole world its own deception and enslavement of entire nations.

His 'struggle' ended when he saw Jews as heading Socialism, which used terror and violence to get the workers to submit. The Marxists were merely pretending that the unions represented justice. They were in fact merely a tool to fuel and produce class hatred. The unions never gained their supposed sought after improvements in working conditions, safety, or the elimination of child labor, as these were never really their agenda. If they had of gained them, it would have defused the class struggle, the hatred, the forces that undermined the nation, which was the real purpose of Marxism. Marxism needed poverty and the hatred this produced to fuel its revolution. All this was a mere tool for international socialists. The one end of Marxism was the destruction of all nations except that of Israel.
Hitler was for justice, fairness, and so on. The Jews controlled the press and the mass media. 'I gradually began to hate them', he writes. They would never argue fairly...always one sided, closed minded, liars, glib, never admitting when they were wrong, never acknowledging the obvious flaws in their own arguments. They were not open to reason or argument.

Hitler concluded, after a long struggle with himself, that Marxism must lead to the destruction of mankind and the world.

Hitler decided, after much agonising, that the only appropriate / available response was a ruthless fight against the Jews / Marxism. The Germans would have be become fanatical anti-Semites...for their own self-preservation. Jews / Marxism denied the value of the individual. Hitler came to feel that he was doing the work of the creator in defending humanity / the world from Jews / Marxism.

Originally Hitler felt that dictatorship was a 'crime against all liberty and reason'. He was liberal and pro-democracy. He admired the British Parliament. He admired the British ‘National instinct of self-preservation'. But what he saw when he visited the Austrian diet for the first time as a 20 year old was in fact a 'miserable comedy’. The second time he visited, most of the MP's were asleep, bored, yawning, or absent.

Men fight for ideals and NOT bread / economics. No-one will risk death for economic motives, as then they risk dying and not getting to enjoy the object of their motivation. The German state was, and the future of mankind, was dependent on the willingness of its citizens to sacrifice themselves. The state = ideal virtues, and NOT economic prosperity, which usually peaks at some point, followed by the collapse of the state.

Aryan states are nations of work and culture. Jews are parasites. Marxism must be destroyed or it will destroy Germany.

Germany's alliances of pacifism with Austro-Hungary doomed it to make enemies, while gaining it no worthy allies

So WWI alliances weakened Germany, made enemies for it, and ultimately ruined it. For Eastern Slavs saw Germany an ally of its own enemy Austria, and felt 'the way to Vienna was through Berlin'. At the same time as Germany put itself in this terrible position, the Austrians-Slavs were working to 'de-Germanize' Austria. The Slavs worked to get Britain against Germany, hoping in this way to Slavicize Austria. And in this they would find good allies as both parties stood to gain clear objective, material gains from a war against Germany. Thus Britain and Slavic states (Poland, Czech, Russia etc.) had a motive to attack Germany.
Hitler removed Germany from the international finance markets, bond markets, stock markets, while the international Jewish string-pullers kept their independent super-state structure in Germany's enemies’ nations. These nations therefore had a motive to get the rest of world to unite against Germany in WWII. They stood to lose too much if England and France fell. So Jews got the U.S into a European war.

Hitler saw the role of state as much more than mere economics. States were means to ends and not ends in themselves. The State is for the people, the 'volk' and not merely for business. Economics is only a small part of the ends of the state.

Before Hitler had come to power, Germany had taken the direction of focusing on manufacturing exports, and importing agricultural goods, to make up for its lack of agricultural land, as compared to its population. It continued this after WWII.

Hitler saw his role for the nation as one of acquiring soil/land, expanding the German territory, so that the Germans could become self-sufficient in all things. He had no plans to invade England.

'Is not every ingenious deed in this world the visible protest of genius against the inertia of the masses?' The 'empty headed/sheep masses'.

'...the progress of the world has originated in the heads of individuals, and not in the brains of the majorities'.

Public opinion is manufactured by the Jewish press.

'...the masses ... have an instinctive...aversion to every superior genius...' 

'...the lord’s work...includes...warding off the Jews...' 

'...shunning disagreeable ways...means to renounce the good...' 

He had at first been unwilling to do what he felt must be done. This...unwillingness to use all means...however, would doom mankind to slavery at the hands of the Jews. So Hitler felt that he had no choice. Either he could let the world become enslaved, or he would have to use means he himself found barbaric and disagreeable, to achieve the ends, after which future generations would legitimate his barbaric means.
Once he had realised his necessary objective, Hitler saw that many further objectives necessarily followed, to ensure success. He must make all the enemies of Germany appear as belonging to one group. He must get the undivided focus of the masses upon one enemy. He must direct their undivided passionate hatred against the one enemy. The Jew.

Allowing any doubt or division of focus could lead to self-doubt and the questioning of rightness of their own cause in the face of ‘many’ opponents. If there were ‘many’ alternatives, then the power of Nazism would be diluted, as it became merely one of many possible responses and alternative viewpoints. What was necessary was to generate hate and focus it on one group.

This one group must represent the enemy in the minds of the people. The passion must remain SUBJECTIVE, as objectivity leads to questions, doubts, a loss of momentum, a loss of force, a dilution of strength, and a paralysis of the will. Defining many enemies as one (Marxist-Jew) strengthens the belief in our own cause, and increases our bitterness towards our attacker.

Death, for Hitler, means the '...return to the bosom of the eternally unknown...' Hitler refers to the masses as '...the Lord's dear little monkey...'

**Marxism's one goal is to destroy all non-Jewish states.**

You can only replace a current world view / religion with a new one. But resistance to new ideas increases with age. Youth offer the best opportunity. It requires the continual ruthless use of force employed in attacking the old direction for sake of a new one. Force will fail unless you can replace the existing world view / religion with the new world view / religion / Weltanschauung / world-view / way of life.

People will only fight long and hard FOR something, and not just against something.

In France hostility towards the de-mobbing U.S / allied troops was so great that they had to evacuate well ahead of plan.

Propaganda appeals to the lowest emotional feeling. We must keep propaganda simple, repetitive, and sloganistic. Do NOT try to educate the masses as they have a low ability and poor memories. Keep it simple. Keep it Repetitive. Employ emotions and sentiments, rather than arguments. Portray everything in terms of simple right and wrong, black and white. Love and hate. Leave no room for doubt or uncertainty. Go for a gut response.
Hitler noted how Germans doubted their own government's claims that 'not ALL responsibility' for WWI rested with the Germans, in the face of the clear, simple, propaganda of their enemies, that ALL blame DID rest with the Germans. In the face of this propaganda the German authorities needed to reply with simple, clear 'Germans were NOT at all responsible for WWI'...as otherwise the people would believe the simple lies of the enemy, rather than the more complex, fair, reasonable, intellectual position of the German authorities.

Always push the right of your own case and wrong of the others. Confine message to little slogans, and repeat them eternally. Appeal to the masses requires 1000 fold repeated contact with the message, before they will pay it any attention / notice to it. Never change the message / slogan. Include the same poses in all posters. Repeat the same rituals at all meetings.

Hitler noted how allied propaganda in WWI first met with derision, later disagreement, but was finally believed near the end of the war. The British propaganda had proven extremely effective. The German military had failed to even try to use propaganda in WWI. The Allies used it as weapon, sparing no expense. Hitler wondered if the Jews in Germany had prevented the German authorities from using propaganda themselves.

Hitler considered it one big reason for Germany's failure in WWI. Hitler perceived German Jews to be sabotaging the war effort on the home front. Though many claim that the war records of Jewish active participation in the military show otherwise. He felt the same about the German parliament. In fact the munitions strike occurred at a time that Hitler felt German forces were poised for victory, after Russia and Italy, who had been fighting with the British and Americans as allies, had pulled out of war. However some historians argue that the strikes had little effect on Germany's war effort.

British propaganda taunted the German soldiers that 'German was on the eve of revolution'...and that 'Victory of the allies was inevitable'. Allied propaganda depicted the German soldier as a brutal, vicious, monstrous 'Hun'. At first the propaganda was dismissed by of the Allies and British people as nonsense, but later the Allies began believing this image to be real.

Hitler fed some white mice that lived in his barracks accommodation after de-mobbing. He felt genuine happiness for them when he fed them, he himself having known the pangs of hunger, and the joy of satisfying it. He fed them crusts of bread he had especially saved for them from the day before, every morning.
Newspapers, journals, and the press, became the Nazi party’s greatest source of income. The first newspaper had been donated. Later others were ‘seized’ and given to party members.

'...the great masses of people do not consist of philosophers, and it is just for them that faith is frequently the sole basis of a moral view of life...' the masses require faith in an absolute authority. Hitler sees religion as a noble lie. Dogma is mere means to ends. Myths fill the same role.

'As long as there is no apparent substitute, that which is present can be demolished only by fools or criminals'. Thus Hitler went about producing a secular religion to replace the existing religion. It was what we today know of as 'Nazism'.

Hitler condemned the 'dreamy humane-ness', 'cowardly tolerance', 'half-hearted wavering' of his contemporary bourgeoisie.

'Politics is the art of the possible'...Bismarck...but Hitler saw this as a prompt to DO what is possible, rather than an excuse not to do what was possible, but politically difficult, for 'politicking'.

Nature's will is to breed life towards a higher level. Thus the best mate with the best.

Hitler himself saw Nazism as inhuman, unjust, and immoral. But it was a necessary means to achieving the greatest deed in the world, righting the greatest injustice ever, and paving the way for morality.

Christ crucified as a threat to Jewish business interests. The priests business was not moral / spiritual.

You can not just fight positively for your own world-view. We must also ruthlessly attack your enemy, the supporter of an opposing view. People see failure to do so as a sign you don't believe in your own cause, and are not convinced others are wrong in theirs. This leads to doubts and a loss of passion. If you are convinced you are right you will attack your enemy as wrong.

For Hitler everything was dependent on blood purity. It was the basis of all good and bad...we must have it...without it the future is doomed...with it all obstacles can be overcome.

The nation requires workers to lift themselves up as the middle classes had done before them. The middle classes were not pulled up by the aristocracy. They had
worked their own way up. The middle classes had developed their own leadership. And so the leadership of the workers must come from the workers. The cultural and social form of 'community' must emerge from the workers.

Hitler sought the solidarity of nationalism rather than the alienation of internationalism. He saw the work of generations as being to bring the workers back to nationalism. It would take generations, and not mere decades.

Hitler saw that both workers and employers have obligations to the nation. The employers must not exploit the workers. The workers must not make excessive demands upon the employers that cannot be met. Both must work towards a healthy state and economy. Moderation is required on both sides. Each side must consider the welfare of their community and the nation. Class antagonism weakens the state. Egotism is bad for the state.

Rituals aim to intoxicate. Hitler had been a choir boy, and had observed Catholic rituals, and their intoxicating, mesmerising effect on the masses.

Must appeal to the masses...get their support, and help them raise selves up culturally, and raise their character. Must couch appeals to the masses in vulgar, course, simple forms, and NOT in artistic / aesthetic forms. Not philosophy. Aim to conquer the heart of the masses, not the mind of the intelligentsia. The aim is success. The aim is not to make a good artistic impression on the intelligentsia. The target is the masses, and not the middle classes.

For Hitler, the best government is that of the elected dictator. He would have personal responsibility for all his decisions. He must honor all his promises. The elected dictator would learn the will of people with plebiscites before making any decisions. If he lies, or is corrupt, or incompetent, he must lose his position. The dictator should employ professionals in their fields as advisers. But responsibility for his final decision must be his. He would make decisions himself based on expert advice, public discussions, and plebiscites. Note that plebiscites are referendums. After this process, the final decision must be the elected dictator's. He must act in the interests of the people. The elected dictator should be put to death if he behaves corruptly, fraudulently, or mendaciously.

The elected Dictator should rule by general principles rather than by written laws. This is what Jesus says in the New Testament. Decisions should made by small groups, based on principles, good intentions, and goodwill. There can be no loopholes, or corruption. Minimum AND maximum wages and incomes must be set for all employees, and a maximum level of consumption set for independent entrepreneurs and businesspeople. Tax evasion would be treated as sedition. There would be no secondary share markets. Shares would be sold back to the
company, and to existing share-holders. No speculation would be allowed, only genuine investment. Shares would pay out dividends to reward investors.

Hitler wanted clarity. There should be no fusion of ideas. We must focus on the right of our own cause and fight for it. No compromises can be made. No coalitions can be entered into. The organization represents the incorporation of the ideas of its members. It is the institutionalisation of the principles of its members, and exists for the realisation of their ideals.

The Reds attacked, and broke up, early Nazi meetings with ruthless force, leading to Hitler instituting the Sturm Abteilung as security. Hitler realised that he could only meet terror with terror, otherwise his party was doomed. Faith = fanaticism.

Hitler warned observers 'Do not judge the interior by the exterior', as a clue to the true nature of his mission, and his own character.

'Rather dead than a slave'

'Public opinion is the most powerful factor of our time'.

The Treaty of Versailles demanded Germany accept SOLE responsibility for WWI.

At the time of the treaty Rathenau declared that … '300 people who know each other dominate the world'…

Over 66% of German workers output went to paying reparations.

World peace? When France invaded and occupied the Ruhr district, against all international law and treaties, the world did nothing.

Choice German infrastructure e.g the Reich railways, were sold off cheap to international investors. The occupants of Alsace Lorraine and Upper Silesia voted to stay German, but these plebiscites were simply ignored by Poland and France.

Jews were behind idea of the 'equality' of all people. This idea denies the superiority of individuals. Marx's parents were Jewish, but had converted to Protestantism. Bruno Bauer (not Marx) coined the phrase 'Religion is the opium of the people'.

The Jews aim is to enslave and destroy all non-Jews.
Hitler criticised many employers as short-sighted and greedy. Hitler saw that there were genuine social problems which demanded justice and fairness. Many of the demands of the workers were legitimate. They were entitled to reduced working hours, the elimination of child labor, safer workplaces, and so on. Hitler demanded that the genuine oppression of workers by employers must be eliminated.

However Hitler saw that the Jewish Marxist Unions were NOT intended to eliminate problems. They merely wished to exploit the problems to the Jews own ends. The Jews aimed to eliminate any genuine working class organisations, unions, and leadership.

Hitler saw that the unions COULD become a blessing to the nation, but at that time the unions were really facades for Jewish Marxism. Their aim was not to improve working conditions, but to ruin Germany, break it up, and to drive the nations to war against each other, to destroy each other, leaving a vacuum for international Jewish Marxism and Jewish finance.

British Jewish bankers controlled France at the time. The Jews / Marxists were against all that is great, beautiful, and noble in humankind. But English PEOPLE were Germany's greatest ally.

The Nazi's needed to become fanatical, one sided, and ruthless. They had to directly appeal to the masses. Extreme nationalism was to be an antidote to the Jewish poison. They had to fight extreme opponents with extreme means.

The objective and subjective conditions of the German people at the time left them vulnerable to Marxism. They were not in a sober, reasoning frame of mind.

The masses are only open to expressions of force in the direction of love or hate. The middle way of does not move them to action.

Faith and love are more stable than respect and knowledge. Faith and love are rooted in powerful feelings and emotions. He had to gain the German's faith and love.

Employers must make economic concessions to the poorest, and the masses as an investment in their own future. To save the moment, no price should be seen as too high.

Fanaticism and hysteria will produce change. Scientific advance will not achieve change. What moves people to change is subjectivity and not objectivity.
The success of reforms is dependent on gaining power...not in influencing the ruling powers, by enlightening them. We always have a right and a duty to gain the means for the execution of our aims. History defines those ideas that are successful as right, and those that fail as wrong.

Race must be at the center of the Nazi program. It must be the criterion for all actions and plans.

Elected dictator once elected does not merely pander to public opinion. He is not subject to committees. They are subject to him. The authority lies in the position, not the individual …. so if the leader fails replace him.

Progress and culture are products of individual genius and not of majorities. Society must breed and establish this genius in its rights. But Hitler saw race not as superior in its masses, but merely in its ability to produce superior INDIVIDUALS.

Religion as the foundation for the Nazis to build on. Hitler will temporarily defend religion for this reason. Hitler will use religion as a foundation for further development.

An organisation is a necessary evil once a genius has more followers than the genius can communicate with personally. He must first establish the authority of the originating idea, the starting point, as a 'Mecca' or 'center'. All new parts of the organisation will only be accepted after they have accepted the authority of the original foundation ideas, and the central authority of the leadership. This would include a geographical center. A location. A place people can hold in their hearts and associate with the movement.

All successes must be 'localised' in this place, and associated with it. All impressions given concerning this place are to be positive. The public's positive attentions must be focused on this one place. The authority of the leadership must be unconditional. The movement must be fanatical, intolerant, and define itself as the ONLY exclusive right. Coalitions offer immediate advantages, but soon prove costly. Evolution is competition and not coalition.

Jews only work as intermediaries. Jews produce no value themselves. The final evil is speculation in land, as if it were just another commodity. Hitler refers to the 'bloodsucking tyranny of rent'. Rent is degrading. Historically, open hostility towards this has erupted, leading to the Jew being banned from owning land. Jews buy off Monarchs, buy privileges, buy nobility, and buy titles. The courts 'reward' Jews for their assistance, i.e corruption. Jews get baptised and enter the
nobility. But baptism means nothing. It is merely the nominal outward acceptance of religion.

Before Frederick the Great intermarriage was illegal.

Speculation and usury undermines the economic basis. It estranges employers from workers. There is no personal ownership anymore.

Hitler originally felt anti-Semitism was a product of envy of the success of Jews.

Jews / Marxists have co-opted unions and Freemasonry to their own ends. The Press is employed by Jews to manufacture public opinion. The poor masses are the 'fourth estate'.

Big businesses have ruined small businesses, producing a gulf between the independent businessmen and the wage slave. Jews deliberately treat workers badly, to make employers in general look bad, so that their Marxist cronies can point the finger at employers as the source of all the worker's woes. In this way they could produce class hatred and conflict where there need be none. This conflict and hatred was not a natural and necessary by-product of capitalism per se! The aim of the Jew is to throw the masses into the arms of the Marxists, the Jewish socialists. The Jew has no respect for the craftsman and tradesman. The Jew is only interested in finance and media ownership. The Jews seek to produce class hatred, so they can co-opt the thus angered masses as a own tool to destroy all the nations of the world.

Nominally, the Jews pretend to be against capitalism, but in reality they are merely setting the scene for their own domination of the world. They are only in favor of Jewish capitalism. Marxism deliberately presents honest employers with demands that cannot be met, to set up the conditions for the failure of union negotiations. The Jew, the Marxist, does not want the labor movement to succeed. It wants the labor movement to fail. The Jew, the Marxist, seeks to monopolise the workers anger and fear. It seeks to employ this anger and fear to its own ends. The Union movement was meant to fail, to provide incitement to revolution, to destroy the German state.
Essay written after reading Mein Kampf, and visiting Berlin

I used to believe that Adolf Hitler was simply an opportunist, who took advantage of other people's jealousy, envy, and irrational hatred of the Jews, to become rich and powerful.

However I read 'Mein Kampf'. Over 1000 pages of it. And now I have a very different impression.

And although it will not make me any friends, I will do the philosopher thing and speak my mind.

Firstly, it is outrageous that 'Mein Kampf' is banned and anyone who reads it is condemned, when one of the most revered books of all time, The Old Testament / Torah, proudly describes the holocaust, mass genocide, mass rape, mass theft, and mass enslavement that the Jews perpetrated. Moses and Joshua argued that the Jews had the God-given right to commit genocide, to murder, rape, and enslave all other peoples. The book 'documents', proudly, how Joshua and his men did all the things ascribed to the Nazis, with more or less the same arguments. Yes Moses/Joshua and Hitler were, with regard to the worst things they are responsible for, TWINS. Only Moses / Joshua, and the Old Testament / Torah, have none of the, let us say, 'redeeming' qualities of Mein Kampf. That is to say that the Old Testament has nothing to teach us about history or society, and has no real critical relevance to today’s world. And they never had Hugo Boss designing their uniforms!

In fact I am going to tell you that I find over 90% of what is written in Mein Kampf to be very informed, enlightened, and honest. And the parts of that 90% that are not limited in their validity or relevance by the socio-historical situation in which they were written, are still relevant and valid today.

The book complains about the education system of the time. A system that ensures that few will understand what they are taught, and even fewer will have the chance to use it. The rest will have more or less had their time wasted. And at a high opportunity cost. For they could have spent most of the 12 or more years
of school gaining personal and social competencies of value that were within their reach.

The world forced Germany to take 100% responsibility for WWI. It is absurdly unjust to claim that every other country involved was merely an innocent victim. This was sheer arrogance on the part of the French. The German nation surrendered. It is debatable how long the Germans could have drawn out the war. Instead they offered themselves up as the scapegoats for thousands of years of European war mongering, and U.S and British neo-colonialism.

The world then stood by as France sought to divide Germany into a number of smaller territories. Exactly as the Zionist Marxists tried to do a few years later, with their take-overs of Berlin and Bavaria. The dissolution of Greater Germany into several smaller, independent German speaking states was a real desire on the part of the French, and even many Bavarians, and a real possibility, given the situation in Germany at the time.

The League of Nations stood by as France invaded Germany, taking over the industrial heart of Germany, and stealing the bread from the mouths of the German children and mothers, as those in France enjoyed post-war prosperity. Over 66% of German workers output went to paying reparations. World peace?

When France invaded and occupied the Ruhr district, against all international law and treaties, the world did nothing. Choice German infrastructure e.g. The Reich railways, was sold off cheap to international investors. The occupants of Alsace Lorraine and Upper Silesia voted to stay German, but the results of these plebiscites were ignored by Poland and France. World justice and democracy in action?

No Marxist can ignore the possibility that Marxists actively produced the 'crises' that Marxist theory states is a precondition for a socialist revolution. Marx stated that it was a necessary prerequisite. He stated that he expected the revolution to occur in Germany. Marx was a liar. His biggest lie was that he was merely describing a situation, rather than seeking to bring it about. His lie was that Socialism was a historical inevitability.

His absurd position was that Socialism was a 'synthesis', the product of the interaction of two extreme, opposed, conditions, when clearly Socialism is an extreme itself, the opposite (anti-thesis) of capitalism. Social Democracy is a synthesis, resolving the contradictions inherent in Socialism and Capitalism, but Marx simply ignored this fact as he WANTED a bloody revolution. He wanted a crises in which he would get his revenge upon those he envied and was jealous of.
Mein Kampf argues, quite compellingly, that the people calling themselves 'Social Democrats' at the time were really Marxists hell-bent on bringing about the crises requisite for their desired revolution. Hitler argues that the Marxists had taken control of the Unions, and had made demands so extreme that the employers could not possibly accede to them. This was done with the intention of bringing about an ever worsening situation, and eventually the crises and revolution they desired.

Hitler on the other hand was clearly on the side of the oppressed workers. It was clear to him that child labor, and the lack of safety in the workplace should not be tolerated. He saw that it was in the interests of the employers, and the nation, to introduce more favorable and fairer working conditions for all workers. His fear was that the Marxists, in the guise of 'Social Democrats' and 'Unions', were doing everything in their power to make things worse in Germany, for all the workers, and the Employers, in order to bring about the revolution Marx and they desired.

The bulk of the Socialists, and members of the Bolshevik party, were (until Stalin had them removed) Jewish. Marx's parents were Jews who had converted. The Zionist Jews had officially declared war on Nazi Germany, long before any programs had been instigated in Germany against them. The Jewish Talmud describes Jews as the master race, and denies all other peoples any legal rights, defining them as even less than animals.

Hitler had done what Americans had once tried but failed to do, namely, pull his country out of the international finance system which was based on a central bank, and debt based currency. Throughout history Jews have been leaders in finance, often through necessity.

If you think it is a far-fetched notion of a mad-man, to believe in the possibility of a financial conspiracy to bring about a world-wide crises, then you are going to have to argue with a lot of people today, who believe the same thing is about to happen. Oh, of course I mean happen AGAIN, for those of you who have never heard of the 'Great' Depression. Now of course crises can happen as a matter of course, due to the nature of the systems in place. But where motive and opportunity exist, there is good reason to be wary of a crime taking place.

Marxists are fanatics. They desire revolution. They envy those more fortunate than themselves. Marxism is malicious. It is not based on good will. It is based on hatred. On envy. On jealousy. Just see what Marxists have done throughout history once they have taken control. Hitler realised at some point that he could either give in to the Marxists, or become a fanatic himself, and in the interests of future generations, employ barbaric means, to save the world from Marxism.
Hitler was no mad-man. He was not crazy. He was rational. He was passionate. And he realised that the only means available to save the world from the threat he saw, would be necessarily barbaric, and fanatical. He decided in favor of the future generations that he would become a fanatic, and employ barbaric means. He set no precedents. In fact the people who were the clearest victim of his vision were the same who proudly 'document' their own atrocities in the Torah / Old Testament.

A man who gained real joy from feeding hungry mice is a man of empathy. A man who risked his own life for what he believed is a man of courage and integrity. 16 men died around him in a hail of gunfire, and yet he kept moving forward until he was shot himself. Yes integrity. He never backed down from his responsibility as he saw it. He did not try to 'sugar coat' what he felt he had to do. He did not lie to himself about the 'barbarity' of the means he would need to employ. He did not delude himself in any way. He saw what he felt had to be done and he accepted responsibility for it. How many supposed 'great' men of history can we say this about? Hitler was aware that Nazism was inhuman, unjust, and immoral. However he saw it as the only available means to achieving the greatest deed in the world, righting the greatest injustice ever, and paving the way for morality.

He felt the same frustration that most capable, ambitious, tall-poppies feel when opposed, and mobbed by, their colleagues and superiors. And so he placed capable people in positions of authority, such as the editor of the newspaper his party had taken over, and gave them true response-ability. He eliminated 'committees', and granted individual the power to act. He then held them personally accountable for their success or failure. Thus he combined, as a matter of principle, response-ability with responsibility.

Hitler quoted Bismarck’s famous statement that 'Politics is the art of the possible'. However Hitler saw this as a prompt to DO what is possible, rather than to make excuses and claim that what needed to be done was not politically possible.

Many of the arguments in 'Mein Kampf' have to be viewed from the same social-historical-geographical position as Hitler, those who influenced him, and if it is true that he was not the sole author of the books, those other 'ghost-writers' who helped him write, 'Mein Kampf', if in deed he was not the sole author of the book. It is easy, in hindsight, to criticise them. This refers to less than 10% of the content.

So many people are willing to condemn a book, its contents, and its author, without feeling any obligation to even read that book, let alone attempting to understand its contents, to say the least of caring to see things from the authors
point of view. We all want to imagine we are morally superior. We all want to imagine that we are that mythical 'noble savage' that the fatuous Marxist tells us we are, deep down. Funny though, that no dictator in history ever had trouble finding millions of people to go along with, and perpetrate, whatever 'barbarous' acts that dictator, or elected leader, directed them to.

Some of my best favorite people are Jews. Secular Jews. But this brings us to another argument that is quite compelling from 'Mein Kampf'. Hitler argues that Judaism is not really a religion at all. It is merely a 'cover' for a nation state that has no defined territorial boundaries. He argues that the Jews realised at some point that it is not cost effective to maintain a nation state that defines itself territorially i.e., according to its geographical boundaries.

Hitler argues that there is no real spiritual content to Judaism. It is merely a set of conventions and rules that allow a 'people' to define themselves as a 'nation'. It contains a mythology that defines the members as 'the chosen people', in order to offer a motivation for desiring to maintain their membership of the group, national pride, and nationalistic fervor.

Now if you want a true dialectic, a thesis and anti-thesis, you need go no further than Jesus and his fellow Jews. On the one hand a New Testament creed of love, forgiveness, peace, and universal inclusivity, and on the other hand an Old Testament creed of exclusivity, genocide, rape, slavery, hatred, and empty ritual. It is really hard to find any elements of true 'spirituality' in the Old Testament, Torah, or Talmud.

The 'good news' a.k.a 'gospels' contained in the New Testaments are set in stark contrast to the Old Testament, which is bad news for anyone not Jewish, and really nasty stuff to want to define yourself by, when it comes down to it. It must make you wonder what sort of people would WANT to define themselves as 'Jewish'. It is even worse than today defining yourself as Nazi. So what does this say about the millions who DO define themselves as Jews, and who DO validate, glorify, and legitimate the Old Testament / Torah / Talmud?

Of course the Nazi government had financial problems. And the easiest way to solve them was to steal the wealth of a group of people that were socially isolated, and vulnerable. Opportunism. That was what I originally believed to be the only motive of the Nazis. However Hitler explained that to him every Jew was a Marxist hell-bent on destroying Germany, and therefore for Hitler, the future of humanity. Hitler explains how he at first found anti-Semitism to be fatuous, and even nauseating. He could not tolerate to hear idiots mouthing anti-Semitic garbage. But later when he realised how closely Marxism and Judaism had become in Europe, he became fanatically anti-Semitic himself, and then set
about the difficult task of 'converting' middle class and working class Germans into anti-Semites.

Contrary to what people outside Germany want to believe, very few Germans were anti-Semitic, let alone violently so. Hitler found the task very challenging. So much for our preconceptions that Hitler had merely taken advantage of an already existing, wide-spread hatred of the Jews.

Hitler's 'struggle' against anti-Semitism ended when he finally came to identify Jews with Marxism. The same Marxism which used terror and violence to get the workers to submit. He saw how the unions pretended to be representing the interest of the workers and justice, while merely being employed by Marxist-Jews as a tool to produce and fuel class hatred. The unions never gained their supposed sought after improvements in working conditions, safety, child labor, etc., as these were never really their agenda.

If they had of gained them, it would have de-fused the class struggle, the hatred, the forces that undermined the nation ... which was the real purpose of socialism...it needed poverty and the hatred this produced to fuel its revolutionary hatred/destruction/anger...i.e. Conflict was a mere tool for international socialists/social democrats. Marx himself stated that a crises would be necessary to provoke a socialist revolution!

It is a fact that Stalin had war plans which called for an invasion of Western Europe. However Hitler beat Stalin to the starting line by about a year. Everyone was surprised by the Nazi victory over Poland, as the Polish Army was considered one of the strongest in Europe. And don't forget that the Polish nation is no 'victim', historically speaking. My time in Moscow enlightened me to many historical facts that few Westerners are aware of. The Poles occupied the Kremlin for many years. It is naïve to think of any nation as a 'victim', and others as 'perpetrators'. Just consider what atrocities the Belgium government and people were perpetrating upon their African colonial subjects around the time of the German 'invasion'.

Britain was not defending some innocent victim against a more powerful aggressor, they were simply fighting for the global domination of England. And if you want to blame Germany for any war, then simply go and check your facts about who declared war on whom, in WWI and WWII. I bet you don't know! And don't go spinning the facts once you do find out. No German had set foot on any Russian, French, British or American territory before these two great hypocritical colonial powers declared war on Germany.
Talking about 'honoring' treaties is absurd. Treaties were only ever entered into, let alone honored, when they served the narrow vested interests of the nations who signed them. The same nations that claim some sort of 'brotherhood' have a history of slaughtering each over and over. Treaties that don't serve national interests are never honored. Hence to talk of 'honor' in connecting with 'honoring' treaties is absurd.

Germany was on the verge of peacefully gaining access to the vast oil reserves of Iraq (which America, France, and British interests wished to maintain control of, and recently have taken control of by means of brute force). This was the reason for the U.S and Britain becoming involved in WWI. The Germans had long been at work on a train line connecting Berlin to Baghdad.

The British, French, and U.S oil interests were not going to let that train line be finished. Do you think that nations going to war over oil is a recent scenario? Do you realise that the reason Japan attacked Pearl Harbour, declaring war on the U.S, was because the U.S and Britain had placed an oil embargo on Japan that would have crippled it? Can you imagine what the U.S or Britain would do to any nation that threatened its oil supplies? The U.K and U.S invaded Iraq twice merely to keep the PRICE of oil down!

Another misconception popular with 'neo' Nazi's is that Hitler considered every German individual to be superior to any individual of another 'race'. In fact he clearly states that this is not the case. The German 'race' is only superior in that it manages to produce more superior individuals than any other race. And so you are not superior because you are German, or Aryan. You merely belong to a superior 'race'. You yourself are not necessarily superior as a consequence of merely belonging to that race. But you contribute to the success of that race, and hence support those individuals of superiority that it produces. It is only in that way that you have any special place in the world and in history.

This is one of the clear truths of 'Mein Kampf'. Individuals are responsible for all that is good, and more often than not, it is the 'masses' the 'majorities' that prevent those individuals gaining access to the authority and resources they need to do the good they are capable of. Marx disingenuously (or was he deluding himself also?) pandered to the masses, telling them that they are all equal, and noble savages at that. Marxism is based on envy, jealousy, and hatred of those who are 'better'. It denies that anyone is 'better'. Recently I had to endure being abused by a young woman who could not entertain even the slightest inference that anyone might be smarter, wiser, more talented, and more praiseworthy.

The very notion brought out immediate physical emotional responses of a very aggressive nature. I had to make myself small to appease and pander to her. She
represented the Marxist position. An aversion to any notion that individuals are different, and some are more capable, more worthy of authority and resources, than others. It is pure denial. Pure fear of inferiority. Left to its own devices it will destroy everything that is beautiful, good, right, clever, and talented, simply to avoid feeling inferior to it. Simply to avoid being naturally defined as inferior in relation to it. Relative to it. It is pure 'tall poppy syndrome'. It is pure 'mobbing'. It is pure Chimpanzee 'group building exercises'. It is not the way to a bright future for humanity.

To be clear, I am not a neo- Anything. I am not in the slightest nationalistic. I abhor dogma. I hate lies. By the rules of what makes for a compelling argument, most of 'Mein Kampf' is compelling. But people simply dismiss Adolf Hitler as a crazed, evil, mad-man. In fact modern leaders of Britain and the U.S have done at least as many 'barbaric' things, and without any of the real and/or perceived necessities that Hitler operated under. They have no 'vision' of a better world to justify their acts. Their actions are purely opportunistic, and motivated by the narrow self-interests of a very small elite of beneficiaries.

Hitler had the integrity to make his motives, and his plans, transparent. He stood by what he thought and did. He didn't hide behind anything or anyone, like the Bush's, and the Blair's of today. He believed he was fighting for the future of humanity. No matter how wrong we might be able to say he was in hindsight, we must admit that he really believed in what he was doing, and believed he had no options other than to stand by as the world went to shit.

He put his own life on the line over and over for what he was sure was necessary for the best future available for humanity, defending this vision against the worst that the Marxist-Jews had in store for humanity. If you doubt he had anything to fear, then please talk to the millions who suffered under Marxism in Eastern Europe. Was Hitler wrong? If he was, then why was there a 'cold war'? How many people died because Nazism failed, as opposed to how many would have died had it succeeded?

It is debatable whether Germany could have continued to fight WWI after its last big WWI offensive. It is not possible to get exact information. It is true that the Germans were in the best fighting condition of any of the Armies, up to the last battle. Whether they exhausted all their resources in that attempt to finally win the war is debatable. But it is a fact that the enemies of Germany, of the idea of a German state, took advantage of the Armistice.

If the French had been more farsighted, and if the international community had not been so hypocritical and indifferent, then WWII need never have happened. However Stalin would have invaded Western Europe a year later, and so it is
debatable whether things would have turned out better or worse in the longer run. Instead of Eastern Europe, and part of Western Europe having to endure the 'Marxists utopia', the whole of Europe would have had that 'pleasure'. To think of all the 'noble savages' that were denied their chance to be as 'noble' as all their counterparts proved to be in the U.S.S.R and Eastern Bloc.

And if you doubt that the 'workers' party didn't think of their members as anything more than workers a.k.a slaves, then consider how it was possible for businesses and governments in the West to 'buy' citizens of the workers’ paradise. Fact. Thousands of scientists, business people, and so on, were 'sold' to the West by their own governments. And don't forget how many were sent to forced labor camps within the U.S.S.R. 'The Party' profited big time from the use of slave labor in Siberia. They could not get enough workers to volunteer, so they simply rounded up millions of people on absurd political charges and sent them to slave in the 'exploitation' of Siberia.

As it turned out, the policy that Hitler was against, of making Germany dependent on other countries for raw materials and food, while focusing on industrial exports, has so far proven successful for Germany. The population of Germany has fallen so that it does not even need the 'territory' that is was left with after the Russians stole about half of its territory and gave it to other nations who couldn't manage the territories they already had with any success. The Euro has proven to be quite strong and stable, although many 'crises' have just happened (?) to occur in other E.U lands, and pose a real threat to the E.U per se, as a political entity.

Money always has, and always will, have a huge impact on politics. The ability of a relative few financial giants to manipulate financial markets will always threaten political stability. If it is true that today Marxists are once more attempting to bring about new crises, and revolutions, then we need to learn from what others tried to teach us in the past. I am not saying that they are right. I am not saying it is happening right now. I am saying that we need to learn from history. And we will not learn from history if we go about defining one leader as a saint and another as a demon, when both did the exact same things, and justified them in exact the same ways.

I am not anti-Semitic. I am not against or for any particular group of people, however that group is defined e.g. 'race', ethnicity, nationality, skin color, physical appearance, creed, religion etc. I believe each 'group' of people is as bad as the other, but at the same time, each has produced superior individuals, and that their superiority must be recognised, and they must be given the chance to contribute disproportionately, according to their disproportionate abilities.
This means they need access to more physical and social resources. We cannot afford, as a species, like the Marxists do, to hate our betters, and to seek to 'cut down the tall poppies' because they make us feel inferior per se. We cannot, like the Marxists, pretend we are all noble savages.

We cannot, ironically, given this fatuous supposed assumption of Marxism, allow jealousy, envy, and hatred of our betters, which is the real motivation of Marx and his followers, to get the better of us. We need a REAL synthesis. That synthesis, the resolution of the problems of the extremes of capitalism and communism, is genuine Social Democracy.

The great things of life that we enjoy are the products of individuals. Of course the work of these exceptional individuals was facilitated and made possible by the societies that produced them, these talented individuals. Those societies that support the achievements of superior individuals become superior as a whole. Just take a look at the world and see which nations lead in prosperity, and how they treat their most able members.

I hope you will read my TROONATNOOR series of philosophy books, and novels, before you satisfy your urge to hate ME!
In conclusion I would like to explain how a real currency, and monetary/fiscal policy can work, without the need for gold or silver.

It took me decades to figure out what money really was, and how it works. Barter is simple. You exchange the goods and services you have to sell, for goods and services others have to sell you. Simple.

Money arrives on the scene when you use something other than goods and services to pay for something. But how does this work?

As I explained before, in the past people put gold or silver with a blacksmith, or a ‘Templar’ bank, and in return they got a ‘promissory note’ promising the bearer of that note the same amount of gold. You just had to take the note to a branch of the bank, or back to the same blacksmith. You’d get your gold or silver.

But what about paper money that has no gold or silver to back it. Is it really any worse than the gold or silver standard with the U.S and Britain used before their currencies became inflated and debased?

People don’t eat or drink gold or silver. They can’t sleep in it. You can’t make much from it except jewelry. So really, gold and silver have little more intrinsic value than paper money.

The real value of any currency in circulation, whether gold, silver, or a fiat paper currency, is the value of all the goods and services you could buy with that currency, divided by the amount of that currency in circulation.

Now it is possible for a Government to print money without producing inflation. The Gold and Silver standards had only one real benefit. The supply of gold and silver, in general, grows at about the same rate as real economic growth, and population growth, at around 1.75% per annum. So the money supply grows just fast enough to match the growth in real GDP, so that there is no inflation or deflation.

If you did the same with paper money, you would have no problem. But the Zionists did not corrupt the government into giving it control of the money.
supply in order to ensure stable economic growth. The Federal Reserve Bank was set up, like any other business, to maximize profits for its shareholders, the Zionists. That, and to completely destabilize the world’s financial system, to bring about a crises, so that in the chaos that will reign, they can seize power.

The initial problem with a fiat currency is getting it into circulation. But it is simple if you can force people to use it. And ban the use of barter. Then the government can simply issue a certain amount of currency and say ‘this is the money supply’. Each dollar is worth the total money supply divided by the total real economic output of the people who are using this currency. In practice the GDP of the nation. Thus we have national currencies.

The money will first enter circulation when the government pays its employees, and pays for all its goods and service providers as it goes about the business of government. As it builds roads, ports, infrastructure, schools, military bases, and so on. It can also be loaned to people who, at this time, who are not actively selling any good or service to the government.

The money supply can be increased as the GDP of the nation grows. There would be no inflation or deflation. No financial crises. No possibility of speculation and ‘bubbles’ that burst, or stock market booms that crash.

Speculation is the true evil. And ‘financial instruments’ that are not related to true investment in the sense of investing in something that is going to increase real production of real value in the nation.

The government could print money to finance any new projects that were likely to increase GDP, by producing real value, and hence increasing the real value of goods and services in the nation. If the government loaned out 1 Billion dollars, to ventures with real potential, and then, on average, these ventures lead to the production of at least 1 Billion dollars’ worth of real value, of real goods and services, then that loan would pay for itself. It will not produce any inflation. That is what investment should be about. That is what the government should be doing. That is how a currency should work. It is simple, but it took me decades to understand.

But if you print money to pay for wars, then you are not adding value. If you ‘invest’ in huge infrastructure projects that benefit no-one but the U.S companies involved in the construction, and a few corrupt locals, then you will destroy your economy, by ruining your nations finances. You have to ensure that investments are real, and produce real value to the people in your nation who are paying for them. You are debasing the currency, and producing inflation. If you allow banks to buy and sell their own ‘instruments’, and make money each time they buy or
sell them, and make up financial instruments as they go along, then sell them to the public, then you are going to end up with a few rich bankers, and a lot of debt-slaves. They will manipulate the system and bleed the masses dry. They have done this over and over again. It is the basis of the Protocols of the Elders of Zion. A few people have understood their scam, and tried to warn you. They paid with their careers, or their lives.

I was taught that Central Banks had to be independent of the government to stop politicians from abusing the banks to print money to bail themselves out of trouble. But the people making that argument are the same who are constantly bailing out banks and big businesses. So who would you rather be bailed out? The rich? Or the government. As a worst case scenario?

The idea that you can use interest rates to increase or decrease economic activity, to smooth out economic cycles, is clearly a con. For the Federal Reserve Bank has done the opposite. It has deliberately increased the money supply and decreased interest rates to encourage people to borrow and get into debt, and then it has simply done what the Protocols of the Elders of Zion threatened the Zionists would do. Suddenly start stockpiling money in the Fed, reducing the money supply, thus driving up interest rates, and destroying economic activity so that people lost their jobs, and even those with jobs could never work enough hours just to pay back their old loans. Loans they took out at 1% interest, and which are now costing them 20% interest.

They lost everything, no matter how honest and hardworking they were. This is EXACTLY what the Protocols of the Elders of Zion told us the Zionists would do, in order to bring about an economic collapse. That document was written over a hundred years ago. Before the great depression. The first one I mean. Long before the great boom and bust cycles that have made debt slaves of us all. Those Protocols planned for the Russian Revolution, WWI, and WWII. So far it has been uncannily precise and accurate in its predictions. What did it predict next? WWIII. And the New World Order. All through the magic of the philosopher’s stone called the Central Banking System.

Oh, so if you’ve bought gold and silver, thinking you are protecting yourself from the financial meltdown, sorry to disillusion you. The Government has a ban in place that makes it illegal to use silver or gold to buy or sell anything. In Russia after the revolution it was even illegal to merely own gold or silver. Your gold and silver will be worthless. Ask Bill Gates or any other multi-billionaire how much gold and silver they have. None. They buy land. Productive agricultural land. They would buy people too, if they had to. But they know they
don’t have to. People are in oversupply in today’s market. Why buy when you can rent so cheaply, and don’t have to worry about maintenance!

So, are you going to go along with the Zionist Central Banksters? Are you going to prove to them that you are as stupid as the cattle they believe you are? Or are you one of their Golems, imagining that when they finally take over, openly, and publicly, they are going to keep you on, just for kicks? To reward your loyalty? Guess what happened to the Nazi parties most loyal S.A, the Storm troopers. The ‘brown shirts’. Heard of ‘The night of the long knives?’ Well, once they no longer need you as a means to their own ends, they will liquidate you, or simply nullify all your N.W.O account balances, and leave you to end your days along with your previous victims.

If you want to see what the future currency will be, then simply check out ‘bitcoin’. It is the future currency. Seriously. It is already being used. It is just a software algorithm. But it serves all the purposes that paper money does, with the added benefit that the currency itself includes a complete history of every individual transaction that any bitcoin users has ever made with the currency. Exactly what the New World Order wants from a new currency.

Complete control. Complete transparency. It will be able to track every transaction. It will be able to block you any time it feels like it. And make you ‘penniless’. It is ironic that today it is used, like cash, for illegal transactions. On the ‘silk road’ and similar ‘dark web’ sites. All the world’s most powerful people are criminals. That is the only way you rise to the top of this world, as it is. Whether the Zionists will let most of the fat cats stay around when they finally have total control?

The Zionists have a great sense of humor. And even fairness, really. I mean, everything I have told you is right out there in the open. Nothing hidden. Nothing seen. Now that is pure genius. Are they monsters? Sure. But they are fed by us. Without our greed, selfish egotism, pride, and sense of entitlement, our jealousy and envy, these monsters would have no power. They are just a lot cleverer, and much much much better organized than any other group. They’ve been at it for thousands of years. I take my hat off to them.

Maybe they are the karma that most people need. People seem to only learn empathy, compassion, and self-discipline from suffering. I mean their own suffering. They are quite happy to ignore everyone else’s. Unless you are vegan you cannot claim to even deserve justice. So why did I write this? Like all my books. I wanted to clarify things for myself. And if there are more people like me out there, I want to give them a chance to turn things around for the better.
But most likely I will just be victimized, again, as usual, for trying to do the right thing.

Happy Next Lives
Hiding secrets out in the open

The best place to hide something is right out in the open. People look in all the dark corners, and through all the locked drawers, safes, and jewel boxes. They look right past things that are out in the open. Especially if you are masters of spin, and have the power to define reality. The mass media defines reality for most people. If you control the mass media, you get to define reality, as far as our political system requires you to. You have had the Old Testament on your shelves for centuries. The Torah has been translated into your language for centuries. The Federal Reserve System has been around for centuries. The Zionist's have been working at their plan, mostly openly, for centuries. But you have been looking for your 'boogey' men elsewhere. The facts have been staring you in the face, but your attention has been mis-directed by the magic masters of the mass media. You missed the trick being set up. Now you look in the wrong places to work out what is going on. You look where the mass media direct your attention. You consume the mass media definitions of who is the terrorist, who is the threat, who you should be scared of, who you should be investigating.

Most people with a Judea-Christian-Muslim background are familiar with the Old Testament. But to focus exclusively on it would be overlook a possibly even larger part of the Zionist story. And overlooking it is exactly what the Zionists want you to do. Because when you take a look at their Talmud, you will see that the Zionists are not Jewish at all. They have no connection to the 12 tribes of the Old Testament, or their leader, Moses. The Zionists have played a successful trick on all the Christians of the world. That is how they got the Christian fundamentalists in the U.S to support them.

Remember that Reagan was a self-professed 'Christian Zionist'. Reaganomics was all about printing money and spending money you didn't have. It almost succeeded at bringing the world to financial collapse. Most of the debts that the U.S people have today were inherited from the Reagan years. It was impossible for any president after Reagan to 'balance the books' and 'correct' the markets, without a massive worldwide economic meltdown and collapse. We saw it happen in the last stock market crash. In order to stop a complete meltdown, Obama's bin Lie'in had to let the Zionist Central banks print 15 Trillion U.S dollars, to keep the ponsy scheme from collapsing. Not that the Zionists do not want a total collapse of the world economic system. They do. They just want to
time it perfectly. It is coming. The house of cards petro-dollar Central banking ponzy scheme known as the U.S dollar is going to fall. When the Zionists want it to.

It is of interest that the U.S public never realised that the huge bailout of A.I.G was actually a bailout of many private banks which were not officially bailed out. Those banks got their money back through A.I.G. Of course the other 'too big to fail' banks and companies were also bailed out. The poor got to see the truth about welfare. It goes to the rich, and not the poor.

The first five books of the bible are considered to have been written by Moses. Actually written down. Not just verbal traditions. They are called the Pentateuch. They contain the 'Mosaic law'. Other books were later added, to make up the Old Testament as we know it.

But the Pentateuch, the five books of Moses, form only a part of the Jewish 'Torah'. Many of us are familiar, from Hollywood war films, with the Japanese 'Kamikaze' war cry of 'Tora, Tora, Tora'. It is also the war-cry of the Zionist, whether Jew or Gentile.

The tradition among the Levites, the Priest class, the 13th tribe, is that at the time Moses was receiving the 10 commandants, up on the Mountain, down below, the Levites were receiving their own messages from god. These form an oral tradition known as 'The Talmud'. The word 'Talmud' more or less translates to 'mouth to ear'. While the books of Moses were said to have been actually written down by Moses, the Talmud was only written down around 70 C.E, basically around the same time as the first 'Gospels' of The New Testament were being written down.

The ‘interpretations’ given in the Talmud are given precedence by modern Jews, over the Mosaic Law contained in the five books of Moses. Moses claimed the transferred authority of being the spokesperson for god. The Talmudic writers claim the same authority. However their ideas often conflict on the most important matters. In the Mosaic Law, lending money for interest, or 'increase', is a sin. It is the sin of 'usury'. The Talmud also overrides Mosaic Law when it comes to the manumission of slaves, and bonded servants. Mosaic Law commands them to release any slave or servant after 7 years’ service. The Jews were among the biggest slave traders, and among the last to stop trading slaves.

Anyone who does a deal with someone who defines themselves as 'Jewish' should be aware that when a self-defined Talmudic Jew makes a promise to a non-Jew, they are automatically, implicitly, in their hearts, holding their fingers
crossed behind their backs. They are not liable, according to their own system of ethics, to honor any contract with a non-Jews.

Further, the Talmudic writers have employed an ingenious scheme for expressing their true opinions, and the true Talmudic law, without facing immediate expulsion from the Gentile community. For no Gentile would accept the true teachings of the Talmud. The Talmud pretends to be offering mere interpretations and commentaries by famous Talmudic Rabbis, rather than clearly stating any one Talmudic 'position'.

They avoid letting Gentiles know their true law and intentions. So where the Talmudic teacher and then student knows definitely which interpretation is the official one, say, that a Jew is not obliged to honor any contract with a non-Jew, or that the non-Jew is not a human and therefore has no human rights, or that it is O.K to rape a 2 year old girl, if a Gentile confronts them, they can show the Gentile the 'alternative' interpretations, written side by side with the 'nasty', completely unacceptable one, which say, no, the Jew must honor all his contracts, may not rape 2 year old girls, and must treat all people equally. But the Talmudic teacher and then their student know exactly which interpretation is the real, official, Talmudic one. The other 'interpretations' expressed in the Talmud are for Gentile eyes. They are typical impression management, like almost every official document of every government or organisation I have ever dealt with. So no anti-Semitism here. I am against or for things in principle. Based on principles of truth and justice. I am a sentient being. I do not act or think on the basis of being human, or white, or European, or German, or a member of a particular religion, tribe, or SES group.

O.K, sure, our own legal codes are similar, allowing loop-holes for the rich and powerful so they do not have to obey the same laws as the rest of our rabble, and Judges get to decide on which 'interpretation' to make themselves, when setting precedents, or which past interpretations to use, when formulating their judgments. Of course there has always been one law for the rich, Gentile or Jew alike, and one for the poor, Jew or Gentile alike.

The Talmud includes details on how to make magic charms and amulets for protection. This sort of magic, witchcraft, or sorcery is explicitly banned by Mosaic Law

More sinister, though, are the laws relating to non-Jews. The Talmud allows a Jew to stab a Gentile, a non-Jew, even on the Sabbath, during the festival of Purim, at which Jews are cleansing themselves of any guilt for their actions in the previous year. This is a massive statement. Given that the Jewish Priests wanted to stone Jesus to death for bringing Lazarus back from the dead, on the Sabbath,
and even to stone Lazarus to death, for getting up off his death bed and carrying it away. The message is that killing a Gentile is a good thing. It has priority over all the law. The Mosaic Law, and Jesus’ new law, both state that the priority is charity, to love one another. Just compare the difference here between Zionism and Mosaic Law, and Christianity.

The Talmud defines all non-Jews as mere ‘cattle’. That is what the term ‘Goyim’, which even Freud used to describe non-Jews, means.

With this in mind, please consider the following ‘compressed’ versions of the King James Bible. Few people would ever read the entire Bible, so I have offered this compressed version. I had no ulterior motives and included everything. It contains so many repetitions. I tried to draw your attention to the contradictions, the wisdom, and the folly contained in it. I tried to explain the content from many productive points of view, so that you not only get the original text, but also an understanding of it.

I hope that those of you who imagine you are living according to the words of Jesus will take a look at what he is claimed to have said, and then to look in the mirror, and honestly consider your own actions and motives in light of Jesus’ teachings. What is valuable in the bible is simple and honest. Most of it is rubbish that we could well do without. Dangerous rubbish. If you keep the good and throw out the rubbish, you have a very enlightening book.

For those of you who have either never been ‘infected’ with religion, or have managed to escape it, I offer this compressed version so you can see how far from the teachings of the prophets religion has strayed. Not just in recent times, but from the very beginning. At the very foundation of the Catholic Church.

Please read the companion TROONATNOOR books, including ‘Religion’ for a much deeper insight, and a much wider overview, into the nature of Religion as we, and history, has known it.
The Old Testament

'As Thou have done, so shall it be done unto thee’ (Obadiah) ‘

‘Love thy neighbour as thyself” (Leviticus 18:19)
The start of the written Torah, the first book of Moses, called Genesis.

God 'creates' the world, by ordering the 'chaos'. Calculations made by biblical scholars based on the information presented in the Old Testament have placed the date of this 'creation' to a bit over 6000 years ago.

Interestingly enough, most Linguists will tell you that written language is around 6000 years old. The Bible tells us that 'in the beginning was the word, and the word was with god, and the word was god'.

In Eden we were all vegans. Humans and other animals. 'Green herb' was the 'meat' for all animals. Meat only came to refer to the flesh of animals in modern times.

Freud, Darwin, and many others, all tell us that humans were originally bi-sexual and hermaphroditic. The bible tells us that God 'makes' Adam both male and female. The plural is used to describe Adam. So Adam, our biblical ancestor, was originally male and female. It is only 40 years later that God takes Adam's 'female' part out of him, and 'makes' Eve from that part, to be Adam's companion. We were, as Plato expressed it, both parts of the one whole that was later separated. Since then we have been seeking 'whole-i-ness' by seeking out our 'other half'.

Adam, and later Eve, were to be 'gardeners' of Eden. Vegans. In Eden we were vegan. In the 'new' Eden that God promises us in the bible, we will be vegan once more. As 'the kingdom of heaven is within you', according to Jesus, it is clear that it is up to us to re-make Eden, to 'create' a new 'kingdom of heaven on earth' through our own actions. We must become vegan once more, if we are to live in Eden once more. Clear and simple.

The snake is the universally acknowledged ancient symbol of wisdom and knowledge. The serpent tells Eve that ‘Ye shall be as gods' … 'knowing good and evil'…with 'eyes opened'. Eve eats of this fruit. This is 'the fall'.

'Adam knew his wife', and two more wives. No mention is made of where the two other women come from. Are they his own daughters?
The third son of Adam and Eve is Seth. Seth 'begat' Enos. But with whom? No mention is made of where the wives of Adam and Eve's son's come from. Are they their sisters? What other conclusion is logical? Incest is implicit in the Genesis story. It is implicit later in the story of Noah and his ark. Many famous biblical characters later marry their own half-sisters. It was common in ancient times for Kings to marry their own sister, like Akhenaton and Nefertiti, who ‘begat’ the most famous 'mummy' of all times, Tutankhamen.

Cain kills Abel after God appears to favor Abel's sacrifice of a lamb, in preference to Cain's own sacrifice of corn. Cain receives the 'Mark' of Cain, as a warning to any person who might think of killing or harming Cain. Cain moves to 'East of Eden', and builds the city of Enoch.

They live long lives in the Old Testament. Adam lives to 930. His son Seth lives to 912. Seth's brother Enos lives to 905. Of course the most famous, oldest man in 'history' is Methuselah, who lives to 969. Biblical scholars use such descriptions to date the age of the earth, according to the biblical story of creation, at around 6000 years. Linguists date the age of writing to around 6000 years. Remember that the bible was originally an oral tradition. The stories passed from generation to generation only in the oral form, until modern times, when a group of Levite priests wrote up these oral 'traditions'. It might surprise most people that Torah scholars say this happened around the same time as the supposed birth of the New Testaments 'Jesus'.

And so the descendants of Adam and Even 'beget' and 'beget' until the world is covered with their offspring. However god is, again, not pleased with what they become. God sees all 'flesh', all ... 'living substance' ... all 'creation'... as 'evil'. He decides to destroy all the living things that he had created not so long ago. God decides to destroy all life on earth. 'Men's hearts and thoughts are evil from their youth'. But God decides to save the one righteous man he can find. Noah and his wife, and his three sons and their wives, will be saved, along with 7 males and females of every other animal. Biologists tell us that if this was in fact true, that Noah would still be collecting animals for his ark, and would have to go on doing so for thousands of years further, based on the number of present day species.

So the entire population of modern day humans are the result of four males and four females. They get in their ark. It rains for 40 days. The number 40, like the number 7, we shall see, is repeated over and over in the Bible.

First it is stated that the earth is flooded for 150 days. Later it is stated that the earth is flooded for 600 days.
Now that we have been kicked out of Eden, all things are to be our 'meat'. But, we are warned not to eat 'flesh with the blood', as the blood is the life. With all the problems of translation errors, and contradictions in the bible stories, it seems to me that the 'meat' referred to in 'all things' really still refers to a vegan diet. In Eden it was only 'Green herbs' that were the diet of Adam and Eve. It was 'Green herbs' that were their 'meat'. It seems to me that the reference to blood is really a reference to all animals, and that the new diet of Adam and Eve was not to include other vegetables and fruits. First it was just 'Green herb' that was to be their diet. Now it is to be green herbs, plus fruits and vegetables, and grains.

Adam and Eve's family were told to 'go forth and multiply', so that god could punish them for generations, for the failure of Adam and Eve to fully submit to God's will. Now Noah’s family are told to ‘go forth and multiply’.

Noah has 3 sons. Shem (from which name many believe the concept SEMITE derives), Ham (later to become the father of all Gentiles!) and Japheth. Unluckily for us 'Gentiles / Goyim', Ham saw Noah drunk and naked, in an embarrassing, vulnerable situation. Ham tells his brothers what he has seen. Noah curses Ham and all his sons, us, the Gentiles, the Goyim, the 'cattle', including the Canaanites, to be servants / slaves for eternity, to the sons of Shem and Japheth. Thus racist biblical 'scholars' defined all dark skinned people as the sons of Ham, legitimating their enslavement.

At time of Noah only one language is spoken across the entire earth. People invent bricks and mortar, and begin building the tower of Babel. God fears a united humanity will threaten his own power. And so god curses humans by having each group speak a language unintelligible to all the others. In modern times Kings and tyrants all resisted having us learn one common world language, as it would represent a threat to their power. As long as the tyrant can keep us from communicating with each other, and being able to move across artificially constructed political boundaries, they could keep their serfs, bondsmen, and slaves under their own control.

In the bible men and women begin grounding families at age 29-33.

The 75 year old Abraham, his wife, and Lot, their son, go to Canaan, due to a famine in their own lands. God promises Abraham the land of Canaan to him and 'his nation'. Abraham builds an altar. They move onto Egypt, due to the famine. Abraham is married to his half-sister, Sarai, the daughter of his father but not his mother. Abraham tells Sarai to keep the fact that she is his wife secret, and to only tell the Pharaoh that she is Abraham's sister. Thus she is not lying when she tells the Pharaoh that she is Abraham's sister. However she is being dishonest.
She and Abraham thus trick the Pharaoh into committing adultery, which in Talmudic / Old Testament law, is a terrible sin that damns you to hell.

Implicit in Abraham's stated reasoning ... 'so he (Pharaoh) will be good to me' ... is Abraham's deliberate 'pimping' of his sister-wife out to Pharaoh. However he tells Sarai that he fears that, because of her great beauty, he is fearful that Pharaoh might kill him to possess her for himself, if he knew that they were husband and wife. And so Pharaoh takes Sarai as a concubine and potential wife. Abraham's plan appears successful, as Pharaoh rewards him with servants, camels, gold, and silver. This pharaoh dies. The new Pharaoh sends Abraham packing, but lets him keep the gold, silver, and cattle given to him by previous pharaoh. So we have the first instance of 'Jews' entering a land as foreigners, quickly becoming very rich, and then being 'kicked out'.

And so a very rich Abraham and his beautiful wife, leave Egypt. I propose that the later stories which claim that the Jews were enslaved, and then freed, are really 'spin doctoring', and that the Jews were never slaves, and never freed. Rather, as the documented history of the last 2000 years shows, the Jews came to a land, became rich, and then were kicked out. That is not as romantic as tales of enslavement and freedom. However the trend is so constant in documented history, over the entire civilised world, that it seems reasonable to expect that the documented accounts probably describe the earlier incidents just as well, and more accurately, than the biblical accounts.

Lot (Abraham's son) and Abraham, having left Egypt with their booty, fall into conflict with one another. Guess what the conflict is over? Yep, land. They agree to go their separate ways. Abraham agrees to go to Canaan. Lot agrees to move east to Sodom. God promises the land of Canaan to Abraham's 'seed'. Abraham builds an altar. Lot is taken prisoner while living in Sodom. Abraham rescues Lot. Abraham has a vision in which his people suffer 400 years of slavery in Egypt, but after which all the land from the Nile to the Euphrates will become his peoples'.

Sarai and Abraham have fertility problems. They cannot seem to produce a child together. Sarai has the idea that Abraham should have a child with their Egyptian slave maid, Hagar. But when Hagar becomes pregnant, Sarai becomes jealous. Sarai, with Abraham's consent, takes the pregnant Hagar out to die in the desert. But an angel appears to Hagar, telling her to return to Abraham. She then finds water in the desert. She gives birth to Abraham's son, whom they name Ishmael. 'His hand will be against every man, and every man shall be against him'. He 'shall be a wild man'. This sort of epithet / description recalls to mind the story of 'the mark of Cain'. Keep these metaphors in mind. Much of the bible makes
little sense when taken literally. But it has been 'deciphered' by many scholars to yield interesting, significant meanings.

Abraham is now 99 years old. God appears to him in a vision and tells Abraham that he will be the ‘father of many nations’. God tells Abraham, in these visions, that ... 'I shall be their god'. In these visions God forms a 'covenant' with Abraham, and his offspring. This includes the circumcision of his sons and their male slaves. Note that circumcision was practiced among the Egyptians with whom Abraham had lived. Circumcision is practiced by many cultures, including Australian Aboriginal cultures. It is first practiced by the Jews here in the bible.

Three traveling strangers, angels, prophecy to Sarah that she shall have a son, who shall be called Isaac, (Ishmael), and who shall be the father of a great people. Sarah is 90 years old at the time. Sarai is now to be called Sarah, as she shall be a mother (princess) of many nations. (Keep in mind the story of 3 wise men in the later story of the birth of Jesus!). Later God visits Sarah and tells her that she will conceive a son when she is 100 years old (As in the story of Jesus). Is this the same story repeated?

90 year old Sarah demands Hagar and her son Ishmael (Isaac) be kicked out from their home by Abraham, the father of Isaac (Ishmael). God tells Abraham to submit to Sarah's will. Ishmael prays to god to send him and Hagar, his mother, water. God answers his prayers and Hagar finds water. They survive and later return to Abraham.

The three travelers continue their journey to Sodom. God is no pleased with the people of Sodom. God wants to destroy the city and every living thing in it. However Abraham negotiates with God. He first gets God to agree to save the city if Abraham can find 50 righteous people in Sodom. He cannot. So he re-negotiates with God. This time God agrees to lower the number to 45. Abraham cannot find that many righteous people. Again he re-negotiates for 30. Again no luck. This time 20. Again fails. Tries for 20. Nope, no doing. Finally God agrees that if Abraham can find only 10 righteous people in the whole of Sodom, god will spare the city and its inhabitants. However, no doing. Abraham cannot find even 10 righteous people in the entire city of Sodom.

Literal 'Sodom-ites' approach Lot's home and demand to see the (now two?) strangers / angels staying with Lot. They wish to 'know' them in the biblical sense. (I wonder if Diogenes, the first 'cynic' philosopher who lived alone and simply in a barrel, was the first to coin the phrase 'Philosopher know thyself', a.k.a masturbation as simpler than sex etc.!) . Abraham instead offers his two
virgin daughters up to the mob to do with as they wish. A father any girl could wish for! A true act of fatherly love!

The travelers, (in the tradition of folk tales where the poor old hag you help from the kindness of your heart, turns out to be a beautiful, rich, powerful princess who saves your life and makes your fortune), turn out to be Angels. They return Lot's kindness to them by taking Lot, Lot's wife, and their two daughters, out of the city, just in time to save them as Sodom and Gomorrah are destroyed in a fashion appropriate for a volcano god. 'Brimstone and fire rain down on the city'...'like the smoke of a furnace'. Maybe the city is destroyed by a volcanic eruption or earthquake? Lot's wife, after having been warned not to turn back to look at the city, cannot resist, and turns back to see the destruction. Another woman who cannot seem to obey God's commands? She is punished. She turns into a pillar of salt. In some modern translations she is turned into a pile of ash.

Like the Ancient Greek Gods, biblical characters enjoy all the most licentious of practices, including incest. Lot's daughters get Lot drunk and 'lay' with him. They conceive and bear sons by him, called Moab and Ammon.

Again (or is this the same story repeated?) Abraham misleads a King, to 'pimp out' his wife for his own benefit. Sarah is 90 years old, but apparently still desired by Kings. Abraham honestly informs the king (pharaoh?) that 'She is my sister', but fails to also mention that she is his lawful wife. Thus Abraham pimps out his wife, receiving 100 pieces of silver in return for her. The King takes her as a concubine. The King is enraged when he learns the truth, that Abraham has mislead him into committing adultery. When the King discovers the deception he tells them to leave, but lets Abraham keep the money. The second time (unless this is a repeat of the story with Pharaoh) 'Jews' are kicked out of a nation, though leaving with the fruits of their deception. I guess the Torah / Talmud writers or verbal historians decided that it would be more romantic if in future the Jews being 'kicked out' was re-written / re-told as the 'Jews' 'escaping captivity'!

God demands Abraham sacrifice his son by Hagar, Isaac (Ishmael). Abraham is about to cut Isaac's throat when god appears to stop him. Instead Abraham sacrifices a ram that he finds stuck in a thicket. God repeats that the 'seed' of Abraham shall 'be a blessing to all the nations'.

Isaac does an Abraham and tells Kings that his wife, Rebekah, is actually his sister. Isaac is kicked out by philistines who feared the growing power of his people. (The same thing happens later in Egypt, where Pharaoh notes that the Jews are reproducing so fast, and becoming so powerful, that they might soon threaten his own power).
Jacob has a dream of angels climbing up and down a ladder between the earth and heaven. Jacob does what so many of us naively do when we pray for good luck. He promises to return 10% of all he gets to God. He does this at Bethel (Luz).

Again we have biblical females who are barren. Again we have apparently different versions of the same story? This time it is Jacob's wife Rachel who is barren. As in the story of Abraham and Sarah (and Hagar), Rachel tells Jacob to 'take' her maid to make a child with. She pays the maid mandrakes (which Rachel's son picked for Rachel), in return for this service. The maid bears Jacob 2 sons.

Rachel gives Leah, the daughter of Layman the Syrian, mandrakes that her son has given Rachel, to sleep with Jacob. Leah bears Jacob 6 sons and one daughter. Later Rachel gives birth to a son they name Joseph.

Joseph works for Layman, managing his flocks. Jacob makes a deal with Layman. Jacob agrees to work for Layman 14 years in return for his two daughters, and 6 years for some cattle. He will also get to keep the offspring of the 'speckled' and 'ringed' sheep. At this time, those sheep probably formed a minority of the flock, and so Layman thought he was getting a good deal. But Joseph is playing him. Joseph has a plan. Joseph uses differently painted rods to get the strongest animals in the flock to conceive 'speckled' and 'ringed' sheep. He 'manages' the flock according to his own system of eugenics, so that the animals he is entitled to as payment according to his deal reproduce in the best quality, and most prolifically. And so over 20 years Joseph's share of the flock grows considerably. Jacob is rich, if only Layman sticks to his original deal. But we are told that Layman... 'changes his wages 10 times', thus justifying mistrust on the part of Jacob, and legitimating Jacob's sneaking off secretly near or after the end of the 20 years deal, to avoid Layman reneging on their deal. Before they leave, Rachel steals Layman's idols / gods.

Jacob's name changed to 'Israel' after he wrestles all day with an angel. Israel literally means 'wrestles with angels'. (Note that Mohammed, the founder of Islam, also claims to have wrestled with the archangel Gabriel!). In a vision, God had said that the 'last will be the first'. Jacob was the second born, after his twin Esau. So Esau had the first born son's birthright. But Rachel plotted to trick Joseph into giving his blessing, meant for the first born Esau, and thus his birthright, his inheritance, to Jacob. Esau was a hairy man. He was hairy even as a baby. Jacob wraps his arms and hands in animal fur to trick his father into thinking that he is his first born son, the hairy Esau, and thus giving him his blessing, and Esau's birthright / inheritance.
Jacob's sons attack a city after a man who lived in that city 'raped' their sister Dinah and begged to marry her. He was very much in love with her, and was willing to convert to Judaism, including undergoing circumcision, in order to be with his beloved.

But instead of following the Talmudic law, which I have been told says that anyone may convert to Judaism at any time, Jacob's sons attack the city without warning, killing the men, stealing everything, and enslaving the surviving women and children. And so we have the first documented completed step, in the eternal plan of Zionism, the enslavement of all by a few. Note that modern genetic testing reveals no genetic differences between modern day 'Jews' and the 'Arabs' they have made, and define as, their enemies. Zionism is as much about enslaving the 'Jews' as it is about enslaving us 'Goyim'/ 'Gentiles'. Zionism itself is anti-Semitic. I am not. Please note that the term 'kid', which Goys today often use to refer to their children, was coined by Jews. It designates Goy children as goats, not humans. You will never hear a Jew refer to their own 'kids'. They themselves are the 'children' of Israel (Jacob).

At 'El Bethem' (Allem Becketh) god appears to Jacob (in a vision / dream?) and promises Jacob that he and his 'seed' shall have Canaan for their own possession. At Beth-el, Rachel dies giving birth to a son, Benjamin. Jacob has 12 sons by many wives and concubines. Remember that Jacob has been re-named 'Israel', as, 'he who wrestles with angels'. Some bible translations say he wrestled with god, and that 'Israel' means 'wrestles with god'. And so we have the birth of the 12 tribes of Jacob, now known as the 12 tribes of Israel.

People 'give up the ghost' and die.

Judah wants to burn his daughter to death for the sin of 'fornication', having sex with someone the father has not legally given / sold her in marriage to.

Now we come to the story of 'Joseph and his Technicolor dream coat'. I love this song in the musical adaptation of this biblical story. But what is most interesting to me is that this Joseph is considered by many historians to have been an Egyptian, and no less than a Pontiferus Maximus, a 'Priest at On'. The later, even more famous character 'Moses' is also considered to be a missionary / disciple / apostle (Moshe / Mose / Moses) of 'The Priests at On'. On was called 'Heliopolis' by the Greeks, which translates to 'The city of the Sun', which the self-named Pharaoh Akhenaton had built in his heyday, where he married his sister Nefertiti, who gave birth to the world's most famous 'mummy', Tutankhamen. Read my novel 'X'ob Sarodnap, and the City of the Sun' if these facts interest you.
Joseph is envied and hated by his brothers for being more loved by his father Jacob (Israel). Jacob adores Joseph, as he was born to him in his extreme old age. Jacob makes Joseph a present of a coat of many colors. Joseph has visions in dreams. Joseph interprets these dreams / visions to mean that one day all his brothers would bow down to him. However in the meantime his brothers are conspiring to kill him. They also plan to sell him to the Ishmaelites/Midianites for 20 pieces of silver? One of the 12 brothers, Ruben, plans to save Joseph, by convincing his brothers to throw Joseph naked into a pit, so Ruben can come back later to save him. However when Ruben does go back to the pit he finds Joseph gone. Some Midianites have taken Joseph. These Midianites sell Joseph to Pottifer, an officer of the Pharaoh and a Captain of the guard. When Jacob (Israel) is informed by his sons about the 'death' of his beloved Joseph, he refuses to be consoled. He refuses to let anyone comfort him.

Pottifer puts Joseph in charge of his personal household. Joseph is a gifted 'manager' and he prospers in Pottifer's household. Pottifer's wife constantly tries to seduce Joseph, but he refuses her. She is furious and wrathful. She accuses him of arrogance, for denying / refusing her advances. To punish him for refusing her, she accuses him before Pottifer of having attempted to seduce her. She claims that 'he wanted to lay with me'. Pottifer sends Joseph to prison, where the head keeper of the prison sees the same qualities in Joseph that Pottifer had apparently noticed, and puts him in in charge as overseer of the prison. Once again Joseph prospers.

Joseph has apparently earned a reputation as an interpreter of dreams and visions. For 2 years later Pharaoh, beset by dreams and visions which his own magicians are unable to interpret for him, calls for Joseph to do so. Joseph interprets the Pharaoh's dreams to mean that there will be 7 years of plenty followed by 7 years of famine. The wise Joseph suggests to Pharaoh that he might save 20% of each of the 7 years of plentiful harvests, to tide them over for the 7 years of famine. Pharaoh places Joseph as second in command over all of Egypt. His official title is 'Zaphet Aihaneer'.

Now the bible states clearly that Pharaoh gives Joseph, as wife, the daughter of Asinaf, Pontifera, (Pontifera Maximus), Priest of On, a ring, a chain, and a chariot.

Over the 7 years of famine, all the landowners of Egypt (except the priests) end up exchanging their lands for the Pharaoh's grain, and thus the Pharaoh becomes the owner of all the lands of Egypt, and all the people become his servants.

It is prophesied that 'Blessed be the younger brother / the right hand of Joseph'. Traditionally the first born son sits at the left hand of the father, and inherits most
of his wealth. And so this prophecy implies that it will be Joseph, the second born, who sits at the right hand of his father, that shall receive the birthright traditionally due to the first born son.

Joseph tells Jacob (Israel) to bring all his people from Canaan to Egypt, during the famine. Joseph tells his people to lie and tell the Pharaoh that they are all shepherd's, anticipating that in this way all his people will be sent to the one place, Goshem (Ramses), to tend the flocks and herds of cattle of the Pharaoh, as well as their own. The Egyptian's held such work in abomination. (Note that the later plagues will attack all of Egypt, except for Goshem!) And so again we have 'Zionist Jews' lying to the pharaoh / king to advance their own interests.

Jacob (Israel) dies aged 147. He is buried among his ancestors in Canaan (Bethlehem?)

Jacob (Israel) prophecies the future of his 12 sons as 12 tribes, and then, aged 147, (or 110?) 'Yields up the ghost'. He is embalmed and returned to burial in a cave, among his ancestors, in Canaan.

End of Genesis, the first book of Moses, the first of the five books of the 'Torah'.
We get some 'flashbacks' typical of later Jewish / Hollywood films. Remember the bible is full of repeats, flash-backs, and flash-forwards. A lot of editing work apparently remained uncompleted, for many of the accounts given contradict each other. Remember these stories were only ever oral histories until around the time of Jesus birth, when the Levite priests / scribes wrote them down. It would appear that many different scribes were at work, and few bothered to compare their work. And so most of the bible, in terms of volume, is repeated 'information'. The details often vary and even contradict each other. Many scholars account for this sort of thing in their claims that the stories are not meant to be taken literally. They are in fact encrypted / encoded information, which only a select few had the 'keys' to interpret.

Jacob brought his 70 descendants, his family to the third generation, including Joseph, to Egypt. However since then they have 'begat' and 'multiplied'.

A new Pharaoh fears the growing strength / power / numbers of the Jews. The Jews have taken God's command to 'go forth and multiply' very seriously! Pharaoh fears they might side with his enemies. In his own words, the Jews 'fill the land' and are 'more and mightier than we'. Hoping to check their strength, he puts them to hard labor. To curb their overpopulation, as he sees it, Pharaoh then orders the Egyptian midwives to kill all the male babies born to Jews. But the midwives lie to Pharaoh. They tell him that Jewish mothers birth alone, without midwives, hoping to avoid having to carry out the order. Pharaoh thus decrees that all new-born male Jews be cast into the river, allowing only female babies to survive.

In many ancient tales / myths / legends a male infant is abandoned at birth, found by a queen, and raised in the royal family as one of their own. For example, in an ancient Greek legend, Oedipus is abandoned at birth, then found and raised by the King of Thebes. He grow ups to unwittingly marry his own mother and kill his own father. As king, his people suffer from many plagues. He learns the truth of his father and mother, and blames himself for the plagues. In an attempt to save them, he blinds himself and wanders away from Thebes.
In the biblical story, one male child is hidden, and later placed in a basket (next to the river?). A daughter of the Pharaoh sees the basket, and tells a servant to bring it to her. She sees that it is a Jewish boy-child. She pays a Jewess to nurse the child for her. She names him 'Moses', 'because I drew him out of the water', according to the bible. However in fact Moses is a title, not a name as such. Moses / Moshe / Mose, in some contexts, means 'apostle / disciple' of the Priests at On. In other contexts it means ‘father of’, as in ‘father of the law’.

Moses grows up. As a young man he kills an Egyptian (who in some translations is beating a Jewish slave). The punishment for this crime would be death. So, when Pharaoh is informed about his crime, Moses flees to Midian. Moses is given a wife named Zipporah by Jethro the Priest of Midian, whose flocks Moses tends. Moses and Zipporah have a son, Gershom. Pharaoh dies, and so Moses feels free to return to Egypt.

Moses sees a burning bush that is not consumed by the fire. God speaks to Moses. God promises Moses that Moses shall lead the children of Israel (Jacob) out of Egypt.

When Moses asks who it is that is speaking, God replies ...'I am that I am'... 'I am have sent me unto you'... 'The lord god of your fathers'.

Moses returns to Egypt, aged 40. His older brother Aaron is 43 at this time.

Moses complains to god that 'they won't believe me', and so god gives Moses some 'signs' by which they will know that Moses speaks for God.

'I am that I am', who we shall call God for convenience, tells Moses not to leave Egypt empty handed. Moses is to 'take spoils of jewels, silver, gold, and raiment' (clothing / garments). In later parts of the bible, this is referred to as 'borrow'-ing.

Moses complains to god that he is not a confident speaker. Moses wants his brother Aaron to speak for him. Moses wants to instruct Aaron in what he is to say. And so it appears that Aaron, and not Moses, will speak to Pharaoh on behalf of god. Aaron performs the three 'signs' / tricks given to Moses by god, but the Egyptian magician-priests easily repeat them, and are not impressed. However when Aaron's snake swallows their snakes, and they are impressed.

It is now well known that the Egyptian cobra goes stiff when you hold it in a particular place. It looks like a stiff rod. Once you release it, its mobility is returned. And so if you held it just right, then threw it down to the ground, it would look as if you had held a rod, and that the rod, by your magical power, had
turned into a snake. This is the 'first sign' that Moses is to use to show the Pharaoh and the people that Moses speaks with the authority of god.

The 'second sign' is the power to change a hand from healthy, to leprous, and back to healthy. This 'trick' is also well known by the Egyptian priest / magicians. They manage to replicate the trick, and so neither tricks impress the Pharaoh.

The 'third sign', again well known to the Egyptian priests-magicians, is to take water and throw it onto the ground, where it apparently turns into blood. Again Pharaoh has no reason to be impressed by this so-called 'sign'.

Zipporah, Moses 'new wife, circumcises Moses. And so up to this point, circumcision does not appear to have been a tradition among the Jews, according to this version of the bible.

Aaron speaks for Moses. Aaron does the 3 ‘signs’. Jews bow and worship before Aaron as the voice of God / Moses. Moses / Aron demand of the Pharaoh. 'Let my people go'... 'To perform a sacrifice in the desert'. They ask for a 3 day public holiday to do this.

Pharaoh assumes that if they have so much idle time to fool around with religion that he must have given them too little work. So in response Pharaoh instead increases the work quota of the Jews. Up to now Jews had been supplied with straw by others, from which to manufacture bricks. However from now on the Jews must gather their own straw to meet their brick quotas. Jews who do not meet this new work quota are beaten. And so, as a result of Moses' / Aaron's requests, life has become much harder for the Jews.

'Let my people go that thou shalt serve me in the wilderness'.

Aaron told to touch the river with his rod. All the water in Egypt turns to stinking blood. But the magicians of Egypt repeat this 'trick'.

Aaron threatens a frog plague. Pharaoh says he will let the Jews serve god in the wilderness. But he breaks his word again. So Aaron turns the dust of the land to lice. This time the Egyptian magicians cannot reproduce the trick. They tell Pharaoh that ‘this is an act of god'.

The next plague is flies, which plague all of Egypt except Goshem where the Jews are tending the flocks.
Pharaoh agrees to let the Jews go to sacrifice to the lord in the desert, but 'not far away', and the flies all suddenly disappear.

But again Pharaoh breaks his word. He will not let Moses' people go. The next plague is on cattle and sheep, camels, and so on. It plagues all of Egypt, excluding Goshem, where the 'Jews' live. The next plague is boils on man and beast. The Egyptian magician-Priests also suffer from this plague. The next plague is pestilence. God tells Moses that he sends these plagues to 'prove the power of god'. God then tells Moses he will be sending, as a good volcano god, hail mingled with fire and lightning. God warns that this shall kill all beasts, and so the Jews move all their cattle indoors to save them. All beasts, servants, and herbs left in the fields are 'smitten', excepting all the Jews' stuff in Goshem. God warns Moses that the next plague will be locusts. They will eat every remaining plant and tree.

Moses and Aaron again demand that Pharaoh let them go. They claim that their intention is merely to take all the children and cattle of the Jews with them to perform a service to god. They claim it will only be for 3 days. They deny that they plan to take off with all their possessions.

The next plague is a 'thick' 'palpable' darkness that lasts 3 days. All the Israelites are lightened", while all non-Jews are darkened.

Moses and Aaron claim to Pharaoh that the reason they need to bring everything they own with them is that they cannot predict what sort of ritual / offering their god will demand of them. Pharaoh agrees to let the people go, but only on condition that they leave all their stuff behind. But then Pharaoh relents and lets them go with all their cattle and sheep.

In fact Pharaoh demands that they leave immediately. Pharaoh demands that Moses and Aaron never show their faces to him again. I believe that if anything in the story is true, and there is NO historic evidence for ANY of the Old Testament stories, and a failure to mention very famous events and people, like Alexander the Great invading Jerusalem, that it is more likely that, as in later generations all around the world, the Jews were actually never slaves, but were kicked out by the locals, as occurred in France, England, Russia, and finally Germany.

However for some unstated reason one more plagues is sent.

God tells Moses that the Jews are to 'borrow' jewels of gold and silver.
God tells Moses that the first born male beast and child of the Egyptians shall die... Then I will go... (???)...

God tells Moses that he had deliberately hardened the heart of the Pharaoh so that he would NOT relent, and so that god could have an excuse / reason / chance to demonstrate his power to the Egyptians and Jews.

This month during which the Jews were allowed to leave Egypt was to become the first month of the 'Jewish' calendar. On the 10th day of this month the Jews are to sacrifice 'a perfect lamb' on the 14th day of the month, eat it completely, and burn the remains, while fully dressed, and in haste. This is to remind the Jews for all time of the day they left Egypt in haste, without time to change dress, or allow their bread time to 'rise'.

The last plague, after Pharaoh has already agreed to let Moses and his people go, on their own terms, and in fact demanded that the Jews leave Egypt, is the death of the first born male of all Egyptians and their animals.

The Jews are to escape this plague using the 'Passover' sign. The Angel of death will 'pass over', and not visit, houses marked with the blood of the 'Passover lamb'. The lintel and side posts of the entry to every Jewish home is to be marked by the blood of the lamb.

This is to be god's revenge upon the gods of Egypt. So clearly the god of Moses is acknowledging the existence of other gods. The point is not that there are other gods, but that god is a jealous god, and demands that the Jews worship only himself. This is the blessing and curse of being god's chosen people. They are free to choose to submit to him exclusively, in which case he will reward them, and defeat all their enemies, all non-Jews, and enslave all these non-Jews to them, the Jews, or be punished by him for failing to submit, in which case they will eat their own children and be defeated and enslaved by all the non-Jews. They do not have the option of simply not participating in his 'contract' with them.

As the Jews are in a hurry, they have no time to 'leaven' their bread, to add yeast, or allow natural yeast in the air to 'raise' their bread. The 'Passover' celebration of the exodus of the Jews from Egypt is to last from the 14th to the 21st day of first month. What few people realise is that the Ancient Egyptians celebrated a 'Passover' festival. The Jews added their own narrative, meaning, or context for it, as is typical when one group borrows the religious rituals, festivals, and rites of an earlier one. The same thing happened later with The Catholic Church.
So after 430 years in Egypt, every Jew, including 600,000 adults, with their goods, and all the 'borrowed' loot (when did they plan to return it?), of jewels, gold, silver, and reinvents, all their cattle and chattels, exodus from Egypt and camp by the sea. Some newer translations indicate that this 'sea' was not the red sea, but rather 'the sea of reeds'.

Pharaoh pursues with 600 chariots and his army. As this force approaches the Jews, they complain that they were better off slaves than dead. 'Why bring us out only to die?' God tells Moses to raise his rod, and the sea will part. Moses does so, and the wind blows a channel dry. The sea walls up to their left and right, leaving a channel of dry ground. As befitting a volcano god, a pillar of fire and cloud moves between the Egyptians and the Jews during the night, between their camp and the Pharaoh's army. They remain camped there all night. Then a strong East wind blows, till the ground is dry, and the sea walls up to left and right. Again Moses stretches out his hand as morning appears. The waters rush back in upon the pursuing Egyptians who are all killed.

'Who is like thee among the gods'? This is a line of 'The song of Moses', which the Jews sing in praise of their god saving them. But only 3 days later they are again complaining, this time about their lack of fresh drinking water. They are in wilderness of sin, what we call the Sinai desert. Another word for desert is 'waste'. Hence the Aramaic meaning of the term 'sin' is 'waste'.

The Jews are traveling between the red sea and Sinai. They lament...'would to god that we had died...in Egypt we ate our fill'. There are 'murmurings' against Moses, and 'Him', 'Our Lord'.

The glory of god appears to Moses in 'a cloud'.

Manna appears after the dew. God tells Moses that this is to be eaten immediately. It is not to be saved / stored for the following day. The Jews are to trust in god, and have faith in him, that he will provide. If it is kept it begins to stink and fill with worms. However on Friday god will provide enough Manna for two days, and only on Friday are the Jews to collect and store manna for the next day, the Sabbath, when they shall not do any work. We are told that this manna 'tastes like wafers flavored with honey'.

If you go into the catacombs, under the Vatican in Rome, under St. Peters Basilica, you will find a painting called 'The tree of life'. Look closer at it, and the mushroom-shaped head-gear of the Jewish High Priest, along with many other priests from different priesthoods and religions around the ancient and modern world. The painting depicts a five or six foot tall cluster of mushrooms. Remember that many people believe that magic mushrooms were part of Judaism.
and the later Christian cults. They seem to appear from nowhere, what you might call 'virgin birth', and you might feel you have either entered paradise, or at least gained 'knowledge of good and evil', during a 'magic' mushroom induced hallucination.

Eat some, and surely, at least in your own minds, 'Ye shall be as gods'. At least during the hallucinations. Many biblical scholars believe that the 'manna' the wandering Jews survived off for 40 years was actually mushrooms. Manna means 'small round thing' in Hebrew. Mushrooms are small, round things that appear as if from nowhere. And they taste great. There is a variety of flavors. And some of them contain toxins that produce hallucinations. Such as the Amanita Muscaria, with the red head with white spots that some believe inspired the ideas of Santa Clause, and the golden top. Such mushrooms are often found depicted in 'holy' paintings of all ancient cultures and religions. Go figure!

Aaron stores one pot of manna in a pot of gold, as Moses / god tells him to. This is to be kept as evidence / proof for future generations. The Jews eat manna for 40 years as they wander the desert, until they come to Canaan, the promised land.

There are new 'murmurings' against Moses...'why bring us here to die of thirst?'...And 'chidings'. There is no fresh drinking water, and this is leading to a lot of dissent against Moses.

Moses tells Joshua, (later called his 'minister'), to continue to fight against the Amalek as long as Moses holds up his arms. Joshua obeys. Joshua is victorious. The Lord (god) swears that ‘Israel will make war with Amalek from generation to generation’.

During the third month of their wandering in desert, Jethro, priest of Midian, Moses’ father-in-law after he married Jethro's daughter, tells Moses that ... 'The lord is greater than all other gods'. Jethro suggests that Moses reduce his burden / responsibilities by appointing a whole series of new Judges / rulers. He suggests a delegation of authority among Judges, who will each rule over different sized groups, of the 1000s, the 100s, the 50s, and the 10s. These are the equivalent of modern day military units. God states that ‘Israel shall become a kingdom of priests’.

God warns the Jews that only Moses may come up the mountain, where god shall 'come unto thee in a thick cloud'...'Upon Mt. Sinai'. This is of course convenient in the event that Moses is making all this stuff about god up. There will be no witnesses. There will be no-one to contradict Moses concerning what 'god' says to him.
A whole range of volcanic activity (appropriate for a volcano god) occurs... 'thunder, lightning, thick cloud, smoking fire, furnace, quaking, trumpeting, on the top of Mt. Sinai'. Only Moses and Aaron, his brother, destined to be the high-priest of the Levites, to go up.

House of Jacob (Israel) a holy nation... All the world is mine... Death penalty for any person or animal who sets foot on Mt. Sinai... Lord descends on the mountain top...as fire, as a furnace... Moses goes up... comes down and tells them all that he will go back up in 3 days... to speak to god again (he forgot something? Something occurred to him? )

So we get the 10 commandments... 'Jealous god'... third and fourth generation to be punished for sins of the father... have no other gods before me, bow down nor serve them... I am the lord THEIR god... Sabbath applies to servants and guests... thick darkness... fire... cloud... stone ox to death if it kills a person or for 'pushing' them... eye for eye etc... death penalty for 'stealing' another person's slave... thou shalt not suffer a witch to live... thieves to repay 2, 4, or 5 times in value what they have stolen... destroy anyone who worships another god... no usury (money lending with interest) to be practiced on fellow Jews... Never afflict / oppress widows, orphans, or strangers / foreigners among you... thou shalt not revile the gods... thou shalt not eat any flesh torn from beasts of the field... do not accept 'gifts' (corruption / bribes)... help the animals of those you hate... by little and little I will remove thy enemies as you grow and grow... do not serve their gods...

Joshua is referred to as the 'minister' of Moses. Yeshua is the Hebrew for Jesus. Joshua leads the Jews to all their big military successes after Moses dies. That is the true meaning of 'Messiah'. That is why the New Testament Jesus could never be considered in that role. He might, however, meet the criteria that Isaiah sets for the 'redeemer' of mankind. Of course Jews still believe that this redeemer has not yet returned. They miss the point. It was the age of Pisces that was prophesied, by the Astrologists, not the coming of a man or a deity. All the religions of the Middle East, as compared to the Eastern ones of Hinduism and Buddhism, are really astro-theological in nature.

Moses, Aaron, and the elders all see god... 6 days cloud covers the mount... on the 7th day the lord is revealed to Moses... Moses stays 40 days and 40 nights... god seen as 'devouring fire' in the eyes of the children of Israel.

God tells Moses to 'make a dwelling that I may dwell among them... an 'Ark'... there I will meet and communicate with thee... winged cherubim... a tabernacle / tent. Extremely specific instructions are given on how to build / ornament the Ark / tabernacle / tent...' place a veil between the holy, and the most
holy place (a veil between god and man, which tears of own accord when Jesus
dies on the cross!)... a lamp is to burn always...

Note that Egyptian Pharaoh's were entombed with an 'Ark'. It also contained a 'covenant'. A contract between the Pharaoh, and a deity that had traveled, in the distant past, from the Constellation of 'Sirius', otherwise known as the 'DOG' star. Reverse DOG and you get GOD. Coincidence? In other words a contract between the Egyptians and God. One such ‘Ark’ was found in the tomb of Tutankhamen, the son of the Pharaoh who called himself 'Akhenaton'. Akhen at On. The representative of God, in the city of the Sun.

Aaron and his sons are to be the priests of the Israelites.

It becomes clear that the 'chosen' people are really the Levites, the priests, who will exploit the 12 tribes of Israel, and later the entire world, as means to their own ends. Earlier Moses had told his followers that they are all priests. But then this news comes from god that only the Levites, Moses' own family, and their descendants, known to us as the 'Levites', 'The 13th tribe', are to have exclusive access to god, and anyone else is going to have to pay the priests dearly as the go-betweens between god and the rest of the Jews. When some Jews oppose this idea, Moses has thousands of them butchered to death for daring to challenge this new take-over of power.
Leviticus (The third book of Moses)

This 'book' is typical of the bible. Extreme details are repeated over and over in the bible, including within the chapters themselves. It is as if several writers wrote independently, and later their writings were combined by editors who did not take the time to do any editing.

Moses, as is typical of him, negotiates with god, appealing to god’s pride and vanity, when god decides he has had enough of the Jews, and is going to slaughter them all out of sheer frustration at their typical lack of submission to his will. Moses warns god that … 'The Egyptians will hear about it, how god slay them, after bringing them out of Egypt'. This appears to work. Moses manages to persuade god not to destroy his chosen people, however they shall still be punished. 'They shall not see the land promised to them'. 'Only Caleb and his seed shall possess it.'

Moses complains that 'they murmur against me'... 'how long must I endure?'... God tells Moses that none of the people over 20 years of age, except Joshua, son of Nun, (Moses’ ‘minister’) and Caleb, shall enter the Promised Land … after 40 years of wandering in the wilderness… the rest shall be consumed and die in the wilderness.

Moses had sent Joshua and the heads of the 12 tribes to scout out the Promised Land, as spies, and to report back what they had seen. Most of the spies give Moses a false report of what they had seen, as they feared having to invade and fight with the inhabitants. God promises that those who lied shall die of plague. 'Your carcasses shall fall in the desert / wilderness. 'You shall know my breach of promise'.

A group of people decide to climb to the top of a hilltop 'to speak to god', though the Ark of the Covenant is in the camp. Mosaic Law states that the only place the Jews are to worship is wherever the Ark of the Covenant is housed. And so these recalcitrants are killed by the inhabitants of that hill as punishment.

Twice during the first two years in the wilderness, Moses appeals to god's vanity / pride, and how embarrassing it would be for god if he killed his own people, for the Egyptians would surely hear about it and laugh at him.
God tells the people to stone a man to death for collecting sticks on the Sabbath.

God tells the people to wear a ribbon of blue fringe and tassels on their clothing as a constant reminder of all god's commandments.

The Mosaic Law is to apply to everyone living among the Jews. There is to be ...'one law for Israel and for the visitor / guest / sojourner among them'.

250 princes rise up against Moses in a mass uprising. They make the same argument that Milton's Lucifer make to god, namely, that … ‘we are all holy...why do you raise yourself above us?’ … 'We are all equally holy, so why are you and Aaron and the Levites above us as priests? Why take us out of the land of milk and honey except to make yourself a prince over us?'

God appears saying... 'Separate yourselves so I may consume the rebels... If these men die a typical death, there will be no proof that I did it ... but if they suffer a strange death, then it will be proof that I am with Moses.'

The rebels, along with all their houses and belongings, are swallowed up whole and alive. In typical volcano god fashion, god...'rises up as a fire and consumes the 250 princes offering incense'. This is possibly spin put on some natural event that occurred, such as an earthquake, which Moses 'spun' as proof of the power of his god, and thus of his own transferred authority as that god's spokesperson.

The people 'murmur' against Moses for killing those people. God tells Moses to leave so God could...'consume them in a moment'.

A plague begins. 14,700 Jews die from this plague.

The Levites, the family of Moses, defining themselves as the Priest class, as the 13th tribe that is to rule over the 'children of Israel, refer to a 'sign' that god has sent, to legitimate their authority. There are 13 rods. 1 rod for each tribe. The rod of Aaron 'blooms like an almond tree', as proof that god had chosen the Levites to be the Priests over the other 12 tribes, who must accept their authority. Note that the ‘fasci’, as appearing flanking the speaker in the U.S house of Congress, depicts a number of rods tied in a bundle with an axe.

From now on ALL offerings to god are to be the property of the Levites, as their inheritance...for ever... the 10th part of the tithe is to go to Aaron the priest (head priest)...The rest of the tithe is to go to the Levites as a reward for their service to the tabernacle..'.

...'water of separation' = belong to 'chosen' i.e. set apart...
The Jews can find no water...they complain ... 'would that we had died'....'why bring us to this evil place'...no water...'murmurings' against Moses... God tells Moses to 'speak to the rock, while holding his rod, so that it should bring forth water'.

Moses strikes the rock with the rod while commanding the rock to bring forth water, in spite of god's clear instructions only to speak out the command. God is angry, and tells Moses and Aaron that because of this, because Moses …'did not believe' … 'he would not see the Promised Land'. 'Because ye believed me not to sanctify me in the eyes of the children of Israel.' Freud has a chuckle over the imagery in this story. Freud interprets it as being god punishing Moses for masturbating, for 'striking his rod, so that water would issue forth'.

The inhabitants of Kadesh will not allow the Jews to pass through their territory.

Aaron is sent to die on Mt. Hoar. He is stripped of all his garments, which he gives to his son. Aaron dies.

The people again are 'murmuring' / complaining against Moses. The Lord sends fiery serpents which bite and kill many people. God instructs Moses to ...'make thee a fiery serpent and set it upon a pole...anyone who is bitten but looks at this brass pole will live...'. Remember that the serpent is an age old symbol of wisdom and knowledge, an 'axis mundi' between the world above and the world below, between the current life and the afterlife. It was often used as the symbol for 'healer'. Today it is used as the symbol of the medical profession.

Amorites attack when Moses wants to pass through. The Israelites defeat the Amorites, take their cities, and dwell in the land of the Amorites.

King Og attacks the Jews. They smite King Ogs people, killing them all, and taking their land.

The king of the Moabites arranges a coalition with the king of the Midianites, to drive away the Jews.

God appears to Baalem, who refuses to join the Moabite princes in their coalition against the Jews.

Servants of Baylack...'the lord my god' … Baylem's god...Angel of the Lord...sword drawn…

In the so-called 'Apocryphal acts' which were edited out of the New Testament 'gospels' after the Council of Nicea, there are talking dogs and Asses. Here in the
Torah we have the story of one Baalem. God has Baalem’s Ass speak the following to him, saying... ‘Why did you smite me three times?’ Then Baalem sees the 'Angel of the Lord' and apologises for having tried to force the Ass to comply with his will, after it twice turned away from the path Baalem had sought to direct it upon. (The third time Baalems Ass falls upon Baalem and kills him?)

Baalem agrees to speak only the words that the Angel gives him to say to the Moab princes.

After their victory the Jews whore themselves, worshiping the Moabite gods. God is furious and punishes them by having 24,000 Jews die in a plague. Thus begins the Old Testament tradition of the Jews continually turning away from their god, and worshiping all the other gods of the regions they conquer and live in.

Israel abides in Chittim. They whore themselves with the daughters of the Moabites. They worship their gods. Moses tells his judges to slay all the Israelites who had... 'Joined unto Baal Peor' ... i.e. worshipped the Moabite god. 24,000 Israelites die in a plague, which god says he has sent... 'In my (his) jealousy’... reminding the Jews that their god is a jealous god.

On the day of the plague, a man of Israel and his Midianite woman are speared to death by Aaron's son, the priest, in order to 'turn god's wrath' i.e. so that god's wrath is turned away so... 'That I (god) consume not the children of Israel with my jealousy'. God repeats his covenant with the Levites.

Note that the covenant is made with the Levites, and not the Jewish people per se. This is key to understanding the point of Zionism, and anti-Zionism, which is in no way anti-Semitic. The Levites, the 13th tribe, which took control of the 12 tribes of Israel, the Jewish people, are the people that the so-called anti-Semites are or should be concerned with. No informed person is anti-Semitic. They are instead anti-Zionist. In today’s terms the Levites are really what informed people call 'Rothschild Zionists'. It is the Zionists who hide behind the laws they paid to have put in place regarding 'anti-Semitism'. Few people dare challenge the Zionists, due to their power. You criticise the Zionists, and they charge you with anti-Semitism. This is like charging anti-Nazis with being anti-German, and racist.

God commands the Jews to set up Joshua above them all as their commander / shepherd.

God informs Moses that Moses will see the Promised Land from the top of a mountain, where he would then die.
Elezeaar, son of Aaron, nephew of Moses, is now the high priest.

Moses / god decides that a husband or father can nullify a female's oath on the day that she makes it.

1000 of each tribe of the Israelites attack the Midianites and kill all the males. They take all the females and 'little ones' captive. They burn all the castles, and take all the spoils back to Moses. Moses tells them to wash all the spoils to 'purify', 'separate', and 'make clean' them. Why? Because the Midianites had seduced Israelites into worshiping the Midianite god Baal Peor.

32,000 virgins of the Midianites are 'shared' among the Israelites. The 'booty' includes over 600,000 sheep. The Levites get their share i.e 1/50th of 50%. Not a single Israelite dies in the attack. I would guess that they did what Mohammed did, and attacked their enemies in their sleep, which was not considered at any time to be honorable, but which, due to the element of surprise it gave the attackers, was a successful strategy.

The tent of the Ark of the Covenant is referred to as the 'Tabernacle of witness' and then the 'Ark of the testimony'. Note that the Ancient Egyptian Pharaohs, long before Moses, all signed a 'Covenant' with the God who had travelled from the constellation of Sirius, a.k.a 'The Dog (God) Star'. They kept this Covenant in an 'Ark', and were buried with it. One was found in the famous tomb of Tutankhamun.

Aaron's son's burn a memorial offering to god... 'an offering of fire, of a sweet Saviour to the lord. The 'remnant', that part not burnt, is to be the property of the priests, from this day on. In other words most of the animal becomes the property of the priests, who will go on to be big in the meat and leather goods trades.

God / Moses command … 'Do not eat fat or blood'.

Sin offerings are introduced. These are to pay for any sins committed. The offering is to be a young bullock, including the skin and the flesh. The total bullock is to be burnt if the nation sins.

But in most cases on a part of the offering need be burned, and the remaining parts are to become the property of the priests. An offering must be made any time an oath is sworn. And so at any legal proceeding or contract, the priests will be beneficiaries.
In cases of property damage, the victim is to receive the original value of the goods damaged/stolen, plus 20%.

Some offerings are to be totally burnt to ash. But in most cases the priests get to keep the main part of the offering to god, which is defined as ke 'their portion'. For example, priests can eat of trespass and sin offerings. Of burnt offerings they make keep the skins. Peace offerings, and cakes, meat, and skins, are all to go to Aaron and his son's, the 13th tribe, the Levites, the priests.

The name 'Aaron' is interesting. Aaron is the patriarch of all Jewish Priests. Aryan = the Priest Class, the Hindu Brahmin. Ireland = Ariland. But do not forget that 'Ahriman' is Arabic for 'Lucifer'. Of course another group considered themselves 'Aryan'.

At this point the priests burn 'perpetual incense' in the tent of the tabernacle.

A Poll tax of half a silver shekel is imposed upon every member of the 12 tribes over the age of 20, as an annual offering to 'the temple' / the Levites.

'Whoever works on the Sabbath, surely he shall be put to death.'

After all this Aaron makes a golden calf, and makes the people dance around it, worshipping it as their god. This seems to be one of the many 'flash-backs' common to the Bible.

(It is interesting that today, Rabbi's downplay the 'worshipping of the golden calf' episode as the equivalent of committing adultery with a eunuch!)

God is jealous and angry. God wants to destroy all of the Jews. But Moses negotiates with him. God repents of the evil he had planned to do to his people. Moses breaks his stone tablets and grinds up the golden calf, forcing everyone to eat it of it.

The 'Children of Levi', the Levites, the Priest class, kill around 3000 of the people at Moses command. This is the point of anti-Zionism. The Zionists are equally the enemy of the Jews as they are of the Gentiles. Both 'Jew' and 'Gentile' are the victims of Zionism. Zionism is itself anti-Semitic and anti-gentile. The Zionists consider themselves the chosen people, the master race, the rightful rulers and enslavers of everyone else.

Moses goes back up the mountain. God warns Moses that ... 'I (god) will visit their sins upon them'.
'These be thy gods that have brought thee out of Egyptian slavery'.

God appears as a pillar of cloud outside the tent of the tabernacle.

Joshua warns everyone that '...no-one may see gods' face and live'.

Back on top of the mountain, Moses writes new tablets of stone to replace the ones he broke. God warns that the Jews will be punished by 'visiting the iniquities of the fathers upon the third and fourth generations'. In other words the children of the current Jews will be punished to their fourth generations for the 'sin' of worshiping the golden calf.

God appears to acknowledge the reality of other gods, but demands that the Jews worship only him. God commands them that 'Thou shallt worship no other gods'.

The Jews are, in future, to sacrifice their first born male animals to redeem their own first born sons. This implies that up to now, the Jews had been sacrificing their first born sons to god.

Again Moses spends 40 days and 40 nights upon the mountain, before coming back down with 2 new tables of 10 commandments.

Anyone who works on the Sabbath shall be put to death'.

603,550 males over 20 years old are counted in the Poll Tax census at the time of Moses building the Tabernacle / Ark of the Covenant.

God decides that the breast and shoulder of offerings are to go to the priests. These are of course the best bits! No need to burn them and offer them to god!

The priests are to wear a head-dress known as a 'Mitre'. This is typical, like the 'modern' Catholic priest's uniform, of the ancient Egyptian priesthood.

2 sons of Aaron burn to death in an ‘accident’. God appears as fire. The two explode in flames. At the time they are carrying oil/incense censers. It would appear that either they were victims of some accident involving the pyrotechnics used to produce the special effects of cloud and fire which were produced to give the tent of the presence of god its special character, or that their incense exploded.

Aaron makes mistakes, but Moses is 'content' with his explanations. Elsewhere Aaron has to make excuses as to why he had gone along with the others in first
constructing, and then dancing around and worshiping, the golden calf. Aaron 'explains' that he was merely 'buying time' until Moses would return from the mountain. He had been gone 40 days and the people were getting restless, so he decided to collect their gold, and mold the golden calf, and worship it, to keep them from rebelling and dispersing. Moses accepts this 'explanation'.

Animals that both chew their cud, and which have cloven hoofs, are defined as 'unclean'.

Touching anything unclean makes the toucher unclean. This reminds me of the children's game of 'it', and the Hindu caste system with its 'untouchables'.

Moses explains a very complicated 'law of the beasts'.

From now on Jewish boys are to be circumcised on their eighth day.

A mother is to be considered as 'unclean' for many weeks after she gives birth.

Rules are laid out regarding the diagnosis and quarantine of potential contagious disease victims. The Priest is to make the diagnosis, based on specific symptoms outlined in this chapter. Those considered potentially contagious are to be defined as 'unclean' and to be set apart from the general population. Their garments are to be burned. If they recover, they are to be washed twice before returning to the general population.

Semen is unclean. Menstrual blood, 'her flowers' is unclean. A woman menstruating is considered unclean for 7 days.

The story of Aaron's two sons is repeated. I mention the repeat, as it may represent some encrypted message or metaphor or symbolism. In this repeat of the earlier story, or 'flash-back', god appears on his 'mercy seat', revealing himself as fire. Two sons of Aaron explode in flames. To avoid a repeat of this 'accident', the mercy seat is from hence forth to be veiled in smoke, so that the people do not directly see god. In other words the assumption is that the two exploded because they caught a glimpse of god, which no mortals are allowed.

I would suggest that they may have been a victim of the pyrotechnics they used to ensure that a cloud by day, and a fire by night, were always above the tent of the Ark, the tabernacle. Remember that when the Jews escaped Egypt they were accompanied by a cloud by day, and a fire by night, as befits a volcano god. Their incense oil may have exploded. Or the priests may simply have wanted to add some mystery, and avoid any questioning by witnesses about whether god actually did or did not appear in the 'holy of holies', in the tent of the presence of
god, on his 'mercy seat'. For if the priests actually spoke to god, then they had god's authority. Who was to say if god appeared or not, if no-one was allowed to look?

A 'scapegoat' is to be appointed to take on the sins of the people, and to be sent out into the desert, to take sins of people out into the dessert.

Again we are presented with new repetitions of 'the law', including about the Sabbath. This is typical of bible repetitions. It seems either the writers never read each other’s chapters, or that some cryptic messages are being encoded in the numbers and the forms of repetition.

Now the people are required to use the services of the priests, of the 13th tribe, the Levites, Moses' family, as go-betweens between god and themselves. Previously all the Jews were defined as priests, like in ancient Germanic tribes, and anyone could speak to the gods, ask for favors, pray for intercession, offer atonements, seek to appease or appeal to the gods, and so on. However from now on the Priest class shall have exclusive access to god. From now on you will have to pay the Levites to appeal to god on your behalf, and to tell you what god wants you to do. From now on you may not make sacrifices to god yourself. You must bring them to the tabernacle, to the priests. If you attempt to contact god yourself, you will be excommunicated, 'cut off' from god and your community. Now the priests have a monopoly and centralised control. Of course Mohamed later saw the logic of the Levite, Zionist priests and their 'Mosaic law' and 'Talmudic law'. Constantine was the first to adapt the idea, with his centralised 'Christianity'. Then Mohamed, seeing the benefits the Roman Empire had gained from this adaptation, wrote up his own Torah in the Arabic language, and imposed his own centralised authority, using the centralised religion as the source of authority, based upon the authority of the Angel Gabriel.

'The life of the flesh is in the blood'. 'It is blood that maketh the atonement'. 'The blood is the life'. Thus it is the blood that is to be sacrificed to god from now on, and the rest of the sacrificed animal becomes the property of the Priest. It is his by right. And so the priests became, like St. George, wealthy from the meat and skins trade. If you eat the blood you will be 'cut off', excommunicated.

One new law that will have dire consequences for dark skinned peoples in the future is detailed here. 'Do not look at any relative, no matter how distant, naked'. After the great flood story, Ham looks upon Noah's drunkenness and nakedness and he and all his future offspring are cursed to slavery. 'Thou shalt not uncover the nakedness of... your father or relatives. In other words you are not ever to catch your authority figures in embarrassing or compromising situations, such as when they are raging drunk.
We are informed that the Jews had earlier practiced such 'abominations' as bestialism, live child sacrifice, incest, and prostitution of daughters, and so on. From now on they are not to practice such customs / traditions further. 'Don't prostitute your daughters'. In the event of bestiality, you are to kill both the woman and the beast. What about men and animals?

Most people find that ideas of charity and compassion are the most redeeming features of religion. They go so far as to justify the entirety of religion as a 'noble lie' intended to make people nicer. The first incidence of such charity is found in Moses order that... 'For the poor and the stranger, leave last grapes, and the corners of fields'. Thus the remnants of the harvest are to be considered the property of the poor.

Leviticus 19:18. 'Love they neighbor, as thyself'. This is the first sign of any really redeeming features in Mosaic Law. It will surprise most people to find the first use of what is universally known as 'the golden rule', and present in some form in all of the world's religions. Moses commands 'Love the stranger as thyself, for thee were strangers in the land of Egyptian'. 'Later gospel writers define this idea as expressing, for all practical purposes, 'the whole of the law'.

God was very practical, and had considered all areas of human society. God / Moses commands us to ... use just weights and balances', and to respect the old and the blind, and so on.

Moses imposes the death penalty on anyone who 'gives his seed to Molek'. I am not sure if this refers to sacrificing children to Molek, or masturbation.

'If you curse your mother or father' or 'uncover your father's nakedness', or commit adultery, then... 'you must surely be put to death'.

If you are homosexual, or have incest with your mother, you must suffer death by fire. And what about fathers having incest with their daughters?

Numbers (The fourth book of Moses a.k.a 'The Census')

In the second year after the exodus from Egypt Moses conducts a census of all the men 20 years and over, and thus of military-service age. Of 'all those that were able to go forth to war of the 12 tribes', (excluding the 13th tribe, the Levites), there were, at this time 603,550.

The 12 tribes are sold the idea of the 13th tribe ruling over them with various arguments. Moses claims that God has agreed to accept, in future, the dedication of the Levites to god, in lieu of the sacrifice of the first born sons of the 12 tribes.
This would imply that the Jews had a custom and tradition of sacrificing their first born sons to their god. From now on the men of the 13th tribe, Moses own extended family, with his brother Aaron as the first high priest, and Moses himself as the spokesperson for god, are to be sacrificed / sanctified/ dedicated to god. In this way they will 'redeem' the first born males of the other 12 tribes of Israel. They shall 'sacrifice' their own lives to the service of god as proxy sacrifices, in lieu of the first born males. Of course they will have to live from something, right? And surely you would not insult god by expecting his devoted servants to live badly, would you?

At the time of this census, in the second year after the exodus, there are 22,243 male Levites over 1 month old. If the Levites male children are to 'redeem' the first born males of the 12 tribes, then there is a problem, as there are 243 more first born males in the 12 tribes than their male Levite infants. The 'solution' is for each the 12 tribes to pay a ‘redemption’ fee of 5 shekels for each of the 243. It appears that god values a first born male at 5 shekels. And who said you cannot put a price on life? Note that a 'score' is 10, and thus 'three score and 13’ refers to the number 43.

Reference is made to 12 Princes of Israel.

If a stranger approaches the 'Tabernacle of Testimony' they must be put to death. Wouldn't want some pesky skeptic wanting to satisfy their curiosity about whether god really does appear and speak with the priests now, would we?

An army is set up, and standards are assigned to each of the 12 tribes. The Levites do not have to fight. The 13th tribe send others out to fight and die for their own power and privileges.

Naihab / Abaihu offers 'strange fire' to god in the Sinai desert.

The 13th tribe, the Levites, are officially given to Aaron and his son's by god. So this indicates that the 13th tribe are not JUST Moses' own family, but that Aaron, Moses older brother, is simply the head priest, and has 'chosen' the Levites to be his 'chosen people'.

'Matrix' = source of Israelite first born males at time of exodus? To redeem Gershonites included Shemites (mhr root of term 'semitic').

Very particular and specific responsibilities are defined for each age group of each family in the Levite tribe, and all other tribes, including where to pitch their tents when they camp, and who is responsible for the care and maintenance of which part of the sanctuary / tent / ark. Lots of badger skins and blue cloth is to
be used. Also some purple cloth. Each person of each tribe is to have their own service and burden. Clear obligations are given as to who is to put up what element of the tabernacle. The tribes are still mobile, living in tent cities. Every person aged between 30 and 50 is given some responsibilities / burdens / services to perform. Detailed expectations are stated concerning animals, gold spoons of incense, flour, oil, gold spoons, silver vessels, bowls, and gourds, for all the various peace, sin, burnt, and so on, offerings. The Lord tells Moses to tell Aaron to light lamps and candlesticks made from one piece of beaten gold.

Aaron is to shave all the hair off the Levites and sprinkle 'holy water' on them to 'purify' and 'cleanse' them, so the Levites could be 'offered up' to the Lord in lieu of the first born males of Israel. Most of us associate the idea of 'holy water' in the context of the Catholic Churches adoption of the the idea in their own rites.

All 25 to 50 year olds are to 'wait upon service of the tabernacle of the congregation and minister to the congregation.'

'A cloud covered the tabernacle by day, and the appearance of fire by night, and until morning'. They must have had their own 'Spielberg' to produce these early 'special effects' / 'pyrotechnics'.

The people are to pitch their tents wherever the cloud 'abides' over the tabernacle, and they are to remain there and rest as long as it 'abides over the tabernacle of the testimony'. They are to journey any time the cloud is 'taken up'.

Instructions are given about basic hygiene. God commands people to take a dump outside the camp, and to bury it. The Talmud even states which direction they should face while they do their business.

Men who have just married, and have not yet taken in their first harvest, or finished building their homes, are to be free from military service. Their obligation for the first year is to please their wives.

The people were to remain in their tents as long as the cloud remains, whether 2 days, months, or years. They must rest in their tents. They may make no journeys until the cloud is no longer over the tent. Immediately that this cloud is 'taken up', whether this occur morning or night, they must continue their journey.

In the first month of the second year of the Exodus from Egypt, in the desert (waste) of Sin-ai, the Jews 'kept' / 'held' their 'Passover' rites in memory of the night that all the first born male animals were killed by god, but their own were saved, as the Angel of death 'passed over' all the Jews houses marked with the blood of the Passover lamb sacrificed. If any Jew fails, of their own will / choice
/ decision, to celebrate the 'Passover', they are automatically 'cut off', that is, excommunicated.

Again it is repeated that … 'The Levites are 'given' to Aaron and his sons'.

'The lord speaks unto Moses'

As part of the Passover feast, the Jews are to eat only unleavened bread and bitter herbs, in memory of the time they were preparing to escape Egypt, and did not have time to cook, or allow their bread to 'rise'.

In the tabernacle there are to be '2 silver trumpets, each of one piece.'

The Ark of the Covenant is a tent with a cloud above it. It is sent out ahead to the 'promised land' to drive out the inhabitants a.k.a 'enemies' of the Jews.

People are burned by 'fire of the lord' when they displease the lord.

Israelites complain that they only have manna to eat, and no melons, garlic, or leeks. They grind manna up and make bread that tastes of oil.

Moses complains to god of his burden. Moses asks god to kill him if he is wrong. 'Why is he responsible for them (the Jews?). They are not his children. He did not conceive them.

The people demand flesh, so god promises to send flesh for one whole month, so much that they will eat so much that they will become sick of it and come to hate it.

The Jewish army at this time has 600,000 footmen.

God descends as a cloud on 70 elders who prophesied.

Joshua is called the 'servant' of Moses. Earlier he was called 'minister'.

A wind brings quail. The people gather the quail to eat.

The Lord smites people who lust with plague. Maybe the quail brought avian flu?

Moses is described as 'most meek'. Of course the meek shall inherit the earth. The meek are so meek and humble that it is O.K for them to murder thousands of their own people. Because they are so meek!
Miriam, (Moses' wife?), becomes leprous after a cloud ascends after god's criticism. The cloud is present for 7 days.

This story is a repeat, with more details than earlier given. The Heads of each of 12 tribes are sent to scout out Canaan. Oshia, son of Nun, is renamed Joshua by Moses. Joshua is sent to spy out / reconnoiter the Promised Land, along with the other spies. They bring back fruit, grapes, pomegranate, and figs. They are gone for 40 days. Only one man, Caleb, wants to attack the inhabitants immediately, based on their scouting. The rest are scared to attack, and so they lie about giants, compared to which their own men are grasshoppers in comparison. They claim that all the cities are walled, and that the 'land eats people up'.

The people 'murmur' against Moses again, complaining that... 'would to god we had died in Egypt / the desert'... 'Let us return to Egypt'. But Joshua and Caleb call on the people not to fear, telling them that the Promised Land is in fact a land of milk and honey. In response, the people stone Joshua and Caleb. God wants to disinherit them again, and sends plague to kill them, but Moses negotiates with god again, and manipulates god, telling him how embarrassing it would be for god if god kills his own chosen people after delivering them out of slavery, and how the Egyptians would laugh at god and mock god.

Lepers, and anyone considered contagious, or who had weeping sores, or was dying, were all exiled out of camp.

God / Moses reminds the Jews that... 'I have separated you from other people...Ye shall be holy / mine...'

God decides the Jews should stone to death any person with a 'familiar spirit'. Remember that Socrates often referred to his own 'daemon' or 'familiar spirit', which advised him on moral matters.

Moses / God reminds the Jews of all the horrible, beastly things they used to do, and which the inhabitants of the promised lands still do. He tells them that this is the reason he is giving the, the Jews, their lands and possessions. It is a warning not to return to the old ways, or to copy the practices of those living in the lands promised to the Jews, or bordering them.

An interesting new command is given to 'burn alive any priest's daughter who 'whores' herself'. It was common in the ancient world for young women to dedicate themselves to a temple, to a priestess, or priest, to a god or goddess, for a few years, before marrying. They would be temple prostitutes. Their actions would be holy, as sanctified by their service of the divinity. The proceeds of their prostitution would be given to the temple and dedicated to the goddess /
god. This practice was continued until recently among some Irish Catholic Nunneries. References are made throughout the bible to the practice, which appears common later, during the reign of King Solomon, in the bible.

The first official racial purity laws are introduced. 'Take only a virgin wife from among your own peoples'.

Priests must be physically perfect to approach the sanctuary.

Do no kind of work on the Sabbath

The Jews must 'dwell in 'booths'

Lamps in the tabernacle are to burn continually.

A blasphemer, whether Jew or visitor, is to be stoned to death. No one can be allowed to challenge the authority of the Zionist leadership. Today the Zionists have managed to have laws introduced that effectively punish anyone for daring to challenge any Zionist propaganda, or seek to interrogate the actions of their leadership. The modern term for this 'blasphemy' is 'anti-Semitism'.

The eternal problem for the Jews is repeated here. You can chose to submit, and be loved by god, or not to submit, and be hated by god, and suffer his fury. God offers no neutral ground to the Jew. What this is really saying to the 12 tribes of Israel is that they have been chosen by the 13th tribe, the Levites, the Zionists, as the means to their own ends. If the Jews obey and submit, then they will enjoy the privileges of being the Zionist's 'chosen people' and allies. Any time they cease obeying, and cease submitting, they will be punished. They have been punished over and over in the bible, and later history, every time they failed to do what the Zionists ordered them to do. The last time they 'strayed', for failing to bring about a pseudo- Marxist revolution in Germany, they were punished by the Nazi's, as proxies for the Zionists. The Zionists manipulated the Nazi's into persecuting the Jews, by making the Jews appear to be a dangerous enemy of National Socialism. And then the Zionists exaggerated the actual suffering, to produce Zionist propaganda, and to scare the Jews back to the Zionist's fold, and to Israel.

If any Jew challenges the Zionist objectives in the U.S, Europe, or Israel, they are demonized and annihilated. If you fail to submit to god, meaning the Zionist agenda, you will end up 'eating the flesh of your sons and daughters'. The Zionists called for three world wars. Two of them occurred EXACTLY as they described in 1885 at their Zionist Congress in Geneva. The third is to be a war starting against Syria and Iran, in which the Zionists will ensure that all
opposition to their agenda, in the U.S and Europe and Russia, will be wiped out, by getting all their competition / enemies / opponents the Christians and Muslims, to fight and destroy each other. Shit I don't really care.

Unless you are willing to go vegan, and adopt something like my Eden Protocols, it does not matter who kills who, and who enslaves who. It will just be the same old shit with new uniforms. But I doubt the New World Order has the same good intentions and will to justice that I have, and so while there is time to offer an alternative, I will try to delay the success of the Zionists, by informing you of the reality of the situation, TROONATNOOR. Of course the Zionists will seek to punish and murder people like me for our 'blasphemy'.

There is no escape for the children of Israel from the covenant. But when god punishes them, he will never allow them to be totality destroyed. He will always ensure that a 'remnant' remains. This way he can keep tormenting them until they submit to his will, and worship only him. The Zionists have decided to use the 12 tribes as their own tool, to advance their own agenda of world domination and enslavement of all non Zionists, and they will stick with them. They have invested too much in them. They are too useful. The main tool for world domination is finance, through the central banks, but the Zionists still need a 'City of the Sun' from which to orchestrate their final war. There are more Jews outside Israel than inside it, but they still need some base to operate from. Remember there are only about 8 million Israelis. They get 20% of all the U.S foreign aid. They are committing genocide against their old biblical enemy the Palestinian people. Compare a map of Palestine from 1946 to a map of the Palestinian territories today, and the evidence will be clear to you.

The old idea of 'an eye for an eye' is repeated. 'Breach for breach, blemish for blemish, eye for eye, life for life...' and so on. The Jews are to punish the perpetrator 7 times over for the 'value' of the sin.

We get a huge number of repeats. Over and over the same stories and details are repeated. They are again repeated later. This is one reason why the bible appears so long. This is a big deterrent to most people ever attempting to read it. The repetitions lead many people to believe that the words and numbers are really encoded, encrypted, secret messages, which you need the right 'key' to decipher.

A new 'jealousy' offering is introduced for husband to make to priests. If a man suspects his wife of adultery, he can gain peace of mind, or the truth, via a placebo effect. The priest tells the wife that she must tell the truth, or the drink that she will be compelled to drink after her 'confession' or 'denial' will cause 'thy thigh to rot, thy belly to swell'. Now if she believes in the priest's power, she will fear lying, and will tell the truth. Thus the husband will be confirmed in his
jealousy. Whether she does or does not believe, as long as the husband believes that she does, he will be satisfied with her response, and consoled and relieved when she denies adultery. Thus the priests succeed with their 'law of jealousies', and ...the spirit of jealousy' is overcome.

The story of Exodus is again repeated. 'Upon their (Egyptian) gods God executed judgments'. Again god is acknowledging the existence of other gods. He does not yet refer to them as false gods, or mere idols of wood and stone. That comes later.

Details are given of each camp made during the 13 tribes’ wanderings in the desert.

Aaron is 143 when he dies in the 40th year of their wanderings.

The 13 tribes Cross the river Jordan. Moses / god tells the Jews to 'dispossess its inhabitants...I have given it to you... If you do not kill them all, I will do unto you as I thought to do unto them.' This is how the Zionists push the Jews to genocide. Either be our tool for our Zionist agenda, or you can go to hell. And we will destroy you each time you stop serving our agenda. We will leave enough of you alive to serve us later. However if you fail to murder on command, we will murder you.

God defines the borders Israel is to have, with 'Canaan, and the coasts thereof.'

Eleazor and Joshua are to divide the land among the 12 tribes / princes of Israel.

The Zionists, the Levites, the 13th tribe, the priest class, are to receive 48 cities and suburbs for their own use, around the cities.

6 cities are to be set aside for the refuge of those who have committed accidental unintended death. The avenger of the victim shall otherwise kill the perpetrator. The perpetrator must live in exile in one of these 6 cities until the death of reigning high priest. After this time the person may return, and is not to be punished / avenged.

New inheritance laws prevent a person in one tribe from inheriting wealth from another tribe, thus keeping the wealth within each tribe. In other words the wealth of the Zionists is to remain in the 13th tribe, to accumulate there. The Zionists are to become wealthier and wealthier.
Numbers (The fourth book of Moses)

A blasphemer (Anti-Zionist), whether Jew or visitor, is to be stoned to death.

One of the first acts of Joseph Stalin, upon gaining control of the Russia, was to make anti-Semitism punishable by death. Our good old Uncle Jo Jo was a Golem bought and paid for by the Zionist Central bankers. Rothschild was a key financier of the Russian Revolution. Most of the leaders of the revolution had been Jewish, and most of his government were too. His mother was Jewish. Stalin had around 1 million people killed each year for 70 years. During WWII you had an option. Fight against the invading Nazi forces without a weapon (you were to wait until your untrained comrade died and pick up his weapon), and probably die, or be shot by your own officers, for certain. Of course even during WWI in the British Army, you either ran into German machine gun fire, or got shot in the head by your own officers. Remember that, slaves in uniform. In WWI, the Italian government not only shot you, but withdrew all government protection for your family. Police would virtually encourage people to rape your wife and daughter, steal everything you owned, and burn down your house. Typical for a Vatican nation. Fates worse than death.

First I want to make it clear, I use the terms 'Jew' and 'Gentile' always with those inverted commas. I do not make the same distinction myself in daily life. A person is only a 'Jew' by self-definition. I never define people by these terms. To me there are only people. Some people define themselves as 'Jewish' and thus, reflexively, define others as 'Gentiles'. They defined themselves as ‘Jewish’. The 'Gentiles did not'. Remember that. Anti-Semitism is a monstrously racist concept. It is about slavery.

The only people who can be pro or anti-Semitic are those who subscribe to the 'racial' classification system in which there are races, and Jews, and Gentiles. I do NOT subscribe to such 'racist' dogma. So I could NEVER be describe by any sane, fair, informed person, as anti-Semitic. So what if a 'Jew' is 'pro-Semitic'. All good and fine. Some people are proudly German or French. But then you realise it is not just pride, and nationalism, or patriotism. For that term, Semitism, reflexively defines all of us that the self-defined 'Jew' has excluded from the human race as cattle, without human rights. Read your Old Testament. Read the Torah. Read the Talmud. I am anti-slavery. I am anti-violence. I am anti-injustice.
Thus I am, automatically, without any racism or ulterior agenda, anti-Zionist-Central-Bankster-N.W.O-Golem.

Most Jews resisted the Zionist 13th tribe’s attempts to enslave them. They were rarely 'Semitic'. They were rarely 'exclusive' and 'racist'. For most of their biblical history the 'Jews' assimilated very nicely into their communities, and so the distinction of 'Jew'/'Semitic' was lost. They 'intermarried'. They adopted the local gods and customs. This is documented over and over again in the Old Testament. It really pisses off the 13th tribe, the Levites, the Zionist's. The Zionists are happy to have their 'chosen people' the 12 tribes of Jacob, destroyed, so that they can then regain control over 'the remnant'. They promise to do it again. So please, my friends living in Israel, do not let them use you as their tool. They are quite happy to sacrificed most of you again, as a 'burnt offering'. In WWII it was gas chambers and fire bombings. In WWIII it will be nukes. Probably your own nukes. Go out into the streets today and start asking questions, and see how quickly you are defined as a 'blasphemer', and threatened, if not immediately locked up and tortured.

Until you identify yourself as a 'Jew', to me you are just a friend. A human. A potential ally. A frustration and a joy, like all other humans on this planet. There are lots of opportunistic, nasty people of all ethnic backgrounds, nationalities, and religions. It would be absurd to claim the Zionist bad guys are any worse in principle. Only they are worse in reality, as they have the most power. The power of Alchemy. The Power of the Golem. The Golem is the C.I.A and MI5 and Mossad, and everyone who is willing to sell their soul for wealth and power. You cannot seduce someone who does not want to be seduced. The Zionist is just better at the game of power. The Zionist found the philosophers stone, the idea for the Central Banking system, and it feeds its Golem, those who aspire to ever greater wealth and power, with the paper money and instructions that come with it, that it prints itself, on the Central bank printing presses.

Honestly, because the Bible and Talmud and all the information available to me are contradictory, and ambiguous, I cannot say if the Zionists are the good guys, in terms of my own Eden Protocols, or just another bunch of selfish opportunists. So I say this, if any Zionist out there appreciates my potential, then make me an offer. Explain to me your real objectives. Let me decide if I want to join you or not. Of course once you make an offer, I realise the deal. It is an offer you cannot refuse, if you value your life. Me, I am free to choose. I am pretty Zen. Like Marcus Aurelius, or Buddha. I am even more like Voltaire, Ecclesiastes, Schopenhauer, and that gang. So make me an offer. If I don't like it, send me off to my next lives. I, like everyone, have nothing to lose.
We are all going to die within the next 100 years. In an eternity of time, 100 hundred years is a 'sneeze', a 'hiccup', a spark in an eternal field of darkness. Or it is just a 'bridge' between an infinite span of eternity of next-lives. Do not let people scare you into eternal slavery for all your next lives. They can only control you through fear. They have controlled the 'Jews' through fear. They began controlling us all through fear, when they invented 'hell', and then 'the terrorist'. THEY are the terrorist. Stop letting fear ruin every moment of this life, and every next life to come. You have NOTHING to fear. O.K, a little pain and inconvenience. But that's life, folks. Ask any Stoic. And life is risky. Ask Nietzsche. And take his advice. Start living dangerously. Blaspheme. We all need to catch Zionist Tourette’s Syndrome. We need to remember the Bhavagad Gita. Remember Shiva. Dance off our chains. You cannot control people who will not submit. And people who are aware cannot be tricked. There are so few of them, the masters, and we, their cattle, are many. Ever watched cattle being led to slaughter by a few men? You wonder how they could allow it to happen. It is conditioning. It is priming.

Take a baby elephant, and chain it to a tree. Later you can replace the chain with a rope. Later you can 'chain' it with a piece of string to a sapling. It has been primed and conditioned not to try to escape. Watch a lion tamer’s lion flinch like a small child being threatened with a slap by its parent. That lion could eat that lion tamer up. It could slash the lion tamer to pieces in an instant. But it has been conditioned to fear the lion tamer since birth. We have been conditioned to fear authority, terrorists, and to chase after little pieces of worthless paper, like mice. We are all the Zionist's Golem. We are the cattle being lead to slaughter by a few men. We are the powerful elephant that lets itself be 'chained' to a sapling by a piece of string.

No one can be allowed to challenge the authority of the Zionist leadership. Today the Zionists have managed to have laws introduced that effectively punish anyone for daring to challenge any Zionist propaganda, or seek to interrogate the actions of their leadership, whether the Zionist operations are in Germany, Britain, Israel, or the U.S.A. The modern term for 'blasphemy' is ‘anti-Semitism'.

The modern form of this law is the U.S Patriot Act, and the laws against publishing 'Mein Kampf' or speaking up about the control of the U.S, German, and British media, finance, medical, and intelligence industries by the Zionists. Zionists are free to imprison you without charging you for any crime, and then torture you until you say whatever they want you to say. 'Blaspheme' in your profession, and you will be ex-communicated. Blaspheme as a member of the
U.S military or intelligence agencies and you will be murdered or defined as insane.

Criticisation of Stalin and Bolshevism was illegal in Russia and its sphere of influence, the U.S.S.R and The Warsaw Pact countries. Blaspheme against Stalin in that realm, and they sent you to the gulags, the labor camps. And guess what. Stalin also imposed the death penalty for anti-Semitism. Criticism of Nazism was illegal in Germany, France, and the occupied countries. Blaspheme against Hitler and Nazism, and you found yourself in a KZ, a labor camp. Criticise the British in South Africa during the 'Boer war' and you and your entire family were sure to die of disease and starvation in one of Lord Kitchener's death camps. Criticise Marcos in the Philippines, and you got shot. Criticise Pinochet in Argentina, and you and your family went 'missing'. Blaspheme in the lands controlled by the 13th tribe, the Levites, Moses’ and Aaron's private Zionist corporation, and you got stoned to death. Now each criminal power had its own locus of power within which they could punish you for challenging their power and authority.

Ask Ernst Zundel, who spent 8 years in prison, without ever being charged with anything, though officially he was suspected of ‘inciting racial hatred'. He had merely raised questions about the official Holocaust narrative. He had traveled to Auschwitz and proven that there were absolutely no residual traces of Zyklon B. It is a fact admitted by Soviet authorities that the buildings which today's visitors to Auschwitz are told were Nazi gas chambers, were built after the end of WWII by Russians, following Stalin's orders. They were meant to demoralise East Germans, and to demonise the only real threat to Bolshevism, National Socialism, a.k.a Nazism. There has NEVER been any evidence found to indicate any mass extermination of any people by means of gas chambers. The only facilities for burning bodies ever found exist in the exact numbers required for cremating the victims of illnesses suffered at the camps. These are facts. But I could be arrested and held forever, without any charges ever being laid, simply for repeating them. You wonder why I have doubts about publishing this book? Why I feel ill just thinking about what I am writing?

Is it wrong to hate those who hate peace, freedom, justice, and beauty? It makes no difference to me how these people define themselves. I see only people for truth, justice, freedom, and beauty, and people who are against it. And I do not even hate them personally. I only hate what they stand for. No-one has free will. It is insane to blame the victims of their own inherited wills. Their holistic inheritance. Their socio-economic-cultural-historical-geographical-genetic-social inheritance.
Ezra Pound, a true genius who mentored 4 Nobel Prize winning authors, including Hemingway, was imprisoned for speaking up about Zionism. He was never tried. He was, however, held in prison on 'suspicion of treason'. The government had their psychiatrists define him as insane, and thus 'incompetent' for trial. Why? Because they had no legal grounds at all to try him, let alone convict him, of ANY crime. He spent 8 years in prison also. 50 television hosts who hosted him on their television programs had their programs taken off the air shortly after, by the heads of their Networks. Remember who owns the mass media. Zionist Central Bankers. The director of the C.I.A stately clearly that the C.I.A and Zionist Central Bankers do not allow anyone on television that they do not completely control. This means that everyone on television is a C.I.A asset. Any television personality who does not toe the official line soon finds out who owns the mass media.

Ever wonder why so many of the sexiest stars of the big screen light up cigarettes, for no reason at all? I have written all about this in my other TROONATNOOR books.

So what does it tell you, friend, that today, if you speak up against Zionism in Germany, The U.S, and many other countries, you can be put in prison, lose your job, be blacklisted out of your profession, and worst of all, arrested and imprisoned indefinitely without any trial, and then tortured. What does it tell you about the Zionist sphere of influence? Are you living in America, the land of the free, or a colony of the Zionists, the land of the freedom of the Zionist Jew to enslave the Gentile, and consume the Gentile’s wealth?

Of course, if you, my friend, happen to be Jewish, the same laws apply to you. Just try to question your own government about its 300 nukes or its murdering of your neighbors and see where it gets you. The laws apply whether Jew or visitor. We, the gentiles, are only 'visitors' upon an earth. The god of the Levites, your priest class, your beneficiary class, your slave masters, the 13th tribe, has given you and all of us to this 13th tribe to rule and enslave. You, my friend, unless you are a member of that 13th tribe, are actually worse off than the rest of us Gentiles. For we have no covenant with the Levite’s god. You do.

The god of the bible / Torah made you the original 'offer you cannot refuse'. He warned you to either submit to the 13th tribe 100%, or be punished and destroyed.

We Gentiles, however, were always free to choose to follow the Zionists and submit, or not to. It appears that most of the world has in fact chosen to submit. We call it 'credit'. Any time we buy something on credit we have implicitly granted the Zionists our submission. This is how the Zionists gained control.
They offered you a deal too good to be true, and you took it. It was a trick, of course, but you were willingly seduced by the chance to consume things you had not consumed, and to pay for them with money you had not yet earned. It is called living beyond your means. The Germanic first founders of The U.S.A were against this. They were against credit. They were against the Federal Reserve banking system. JFK was also. Until recently, most Germans tended to live within their means, and to save for future purchases. But today young Germans, like most Americans, prefer to consume now and pay later. Oh they will pay later. They will pay from their birth to their death, and inherit debt in their next lives as well! A deal with the devil?

I do not blame you any more than I blame the average American, Australian, German, or Brit. Our governments are all either knowing conspirators, opportunistic mitlaufers, or simply dupes. So please, do not let the Zionists define me as anti-Semitic. Most of the Jews, like most of the Americans, Australians, Germans, Brits, Greeks, Spaniards, French, Libyan, Iraqi, Russian, Chinese, Japanese, and Korean etc. etc. are misinformed victims.

We have to start blaspheming in such large numbers that the Zionists cannot stone us to death, and must start dealing with us as people, rather than 'cattle'.

So wise up, please, and save yourselves, and us, before it is too late. You may inherit the earth, but as JFK warned, it will be 'ashes in your mouths'. Do not think that China and Russia are going to let the Zionists fulfill their plan without responding with Armageddon. Do you think they are bluffing? What did most people think before WWI started? The war to end all wars? Remember who used the first atomic bombs. Remember who firebombed Japanese and German civilians, and then Vietnamese, Yugoslavian, and Iraqi civilians.

Moses was not Jewish. At the first sign of the Jews resistance to his tyranny, he had thousands of you Jews butchered. You did not want to commit the Canaanite holocaust any more than you want to murder Palestinian mothers and children. However he threatened you with utter destruction if you would not, as your 13th tribe, the Zionists, do to this day. Joshua led you to commit the genocide. The Zionists even arranged for you to suffer in Nazi Germany, simply to get you to and the whole world to follow them in grounding the state of Israel. You were offered up as a 'burnt sacrifice'. You will be again if you do not listen to people like me, and all those who have informed my arguments in TROONATNOOR.

Read the bible. Or read to / listen to, the following 'compressed' version. I have excluded nothing of importance, by deliberate act or omission. The facts, though it is rarely the case, in this case, can speak for themselves.
Few people have ever read any of the official unabbreviated bibles from beginning to end. Further, there are many versions of the bible, and so it is common to come across biblical 'quotes' that are not in the bible that you have read. I have been quite surprised when reading the bible, at what it contains. Shocked too. Often appalled. Often puzzled and confused.

What puts off most people from attempting to read the bible from front to back is its sheer length. However most of the content of the bible is pure repetition. Most of the content is repeated over and over in different places, with only a few changes of expression. And so you can easily 'compress' a bible simply by only stating a particular story or 'history' once. If you paraphrase the content of the bible, you end up with a quite short, interesting, surprising, and occasionally poetic, often entertaining, and even enlightening set of stories, parables, and even wise sayings.

The AUTHORITY of the bible AND THEREFORE THE PRIESTS WHO USE IT AS THE BASIS OF THEIR OWN AUTHORITY AND POWER is that it is defined as the expression of a god, and that god's prophets. It has been used and abused as a source of 'transferred authority' by thousands of political leaders, Kings, prophets, and founders of religions and states. If you can convince people that the bible is the word of a god or people who communicated with and for that god, then the bible has authority. If you can then convince people that the bible says, or means, what you want it to, then what you want automatically becomes the will of a god, as expressed in the word of a god and his prophets. In other words people will listen to you, and do what you want them to, if they can be lead to believe that what you say, what you command, is written in the bible, and thus the command of a god.

And so many people have used the bible as the source of their own worldly authority. They have used it to enslave people. They have used it to compel one man to kill another man, another woman, a child, and even to commit genocide of entire peoples. They have used the bible to justify rape, murder, and theft. They have used the bible to justify slavery. They have used the bible to justify denying over half the population human rights to study, work, vote, and express themselves.

I read through the entire version of the bible I had in order to avoid missing out on the potential wisdom that might be contained in it. What I discovered is that most of what people THINK is in the Bible is NOT in the bible. What most people 'think' comes from the Bible, actually comes from the mouths and pens of priests and other people with their own motives and vested interests. They gain 'transferred authority' for their own arguments by placing them in the context of
the Bible. However these arguments, against suicide, for example, are nowhere to be found in the Bible itself. Further, when you read the bible, you are shocked to find that the 'God' you imagined is not the god that is described. It would be hard for any decent, reasonable, good person to find the god of the Old Testament WORTHY of your love and respect. Of course he only demands you FEAR him.

And Moses? That most respected of figures? What of him? What can you say about a man that commands you, in god's name, not to kill, and then orders thousands of his own people butchered to death merely for worshiping a golden calf, after he left them alone 40 days. His god commands us not to kill. And then the same god commands his people to commit genocide. To 'rip apart' pregnant women. To murder every man, woman, and their 'little ones'. To kill many of their animals even. To allow only the virgin girls to live, so that they might be continually raped as sex slaves.

What can you say about the supposed miracles described in the Old Testament? Even the greatest skeptic like Hume would be open to believing the evidence of his own senses. And yet god's people do NOT appear to have found them all too convincing. For within weeks of such amazing miracles, they had returned to their earlier gods. I think it reasonable to assume that if the miracles had actually happened as described, that the people would have shown much greater commitment. It appears that their behaviour must imply that the miracles never happened as described.

Today the bible is used to get taxpayers in the West to pay for Zionism, the continuation of the Biblical genocide described in the Old Testament and Talmud, the result of which is to be the enslavement of the entire world population by the thirteenth tribe of Israel, the children of Moses and Aaron, the Levites. It is these Zionists whom Nazi Germany attempted to defeat in their quest for total world domination. John F Kennedy was the last person in power to attempt to defend you from the Zionist New World Order plan to enslave you. They murdered him for this. 6 months after he signed the Presidential order that would dissolve their Federal Reserve Bank, and threaten their super-state, the Zionist-Central-Banksters New World Order, with headquarters in Switzerland. Unless you all unite, today, and give your informed consent to an ALTERNATIVE new world order, one based on justice and informed consent, you will soon be living in the New World Order that the Zionists, since Moses, have been working towards. Hitler’s 'Mein Kampf' got most of it right, when it came to the Zionist conspiracy.

Nazi Germany stood more or less alone against the Zionist New World Order. The Zionists owned and operated the Bolsheviks, financing and building their
war machine, financing the British military, and then tricking the U.S population into fighting for them in Europe.

Fuck I realise how dangerous it is to write this, and how brainwashed and primed most of you are to completely reject what I have to say, even before you have heard a single word of my argument. Shit, how many of you have read the bible, or Mein Kampf? Yet how many of you respect the bible, and condemn Hitler's 'Mein Kampf' without having ANY idea of what is in either of them?

The 'dupes' of this many thousand year conspiracy are the 'Christian fundamentalists'. They appear to be using the bible to promote a longed for 'end of days', an 'Armageddon'. They imagine that a last world war, led by Israel, will lead to a longed for 'new' kingdom of heaven and earth. Few of them ever read the bible. For they would have realised that they, as Goyim, are to be the slaves of the Levites, as much as the other 12 tribes of Israel, the so-called 'Jews'.

Moses made clear that the 12 tribes of Israel, the so-called 'Jewish people' are merely the tool of the Levites, when he massacred them for failing to submit to his chosen people, the 13th tribe, the Levites.

My comments are not anti-Semitic. Most of the supposed 'Jews' have themselves been the victim of their oppressive Priest class, the 13th tribe, the Levites. It is this group that is hell-bent on world domination, and the enslavement of everyone else. Their god has promised them this right to enslave all of us. These are the 'Zionists'. To call them 'Jews' is a misnomer. They will claim they are Jews. They will claim that I am being anti-Semitic. However I love all people. Most of the people society defines as 'Jewish' are no more Moses 'Chosen people' than the rest of us. They were simply the first 12 tribes to be enslaved by Moses, who kept them in line by force.

Today the rest of the nominally 'Jewish' people, and the Christian fundamentalists, and the Islamic fundamentalists, and most of us, are kept in control by less obvious means. Moses does not have to come down from his mountain and murder us to keep us in line. The Levites have much more unobtrusive means to 'herd' their 'cattle'. We are being 'managed' like farm animals, in the interests of a tiny minority of powerful people. For better or worse. This is the true 'New World Order' conspiracy.

I have my own proposals for a New World Order. I hope you get to consider them before the Old 'New World Order' conspiracy has complete, and open, control of the world. You may not like my alternative, but it is the only alternative that is going to be able to defend you from slavery to the Zionist's New World Order. Hell, it is probably already too late. So please read my books
and save copies somewhere. Maybe one day you will have a chance to regain your freedom. Who knows? Maybe aliens will step in and help us. Maybe this final crises will be the chance for a new world order worthy of the likes of a Jesus, Buddha, or Jain.

I will here repeat the same question that the 12 tribes of 'Israel' put to Moses. Like in old Germanic law, each person was considered free and equal according to the law of the 12 tribes, before Moses assumed his position as their dictator. As Milton has Lucifer argue with God, the Jews argue with Moses, asking him why, if everyone was equal, and each equal before god, and each a priest in their own right, need they, should they, submit to any other priest, let alone an entire priest 'class', the 13th tribe, the Levites?

In Milton’s ‘Paradise lost', God throws Lucifer out of heaven for challenging his self-claimed authority. In the Torah, the first five books of the Old Testament, and the bible, Moses slaughters thousands of 'Jews', each time they challenge his authority, and that of his true chosen people, the Levites.

Moses’ brother Aaron, and all his male children, are to enslave the entire world, by god's authority, which is really only Moses’ authority, unless god really did speak to him. What do YOU believe?

Remember, if you imagine yourself 'Jewish', that my anti-ZIONISM is not directed at Jews at all. It is directed against the Zionism of the 13th tribe, at the Levites, who are the enemies of 'Jews' as much as the enemies of the 'Goyim', the rest of us. Abusing me as an 'anti-Semite' under the world-wide laws that the Levites have already had imposed upon us, is the equivalent of abusing me as an anti-Nazi.

I never planned on writing this introduction as it stands. However I will keep it as it stands. For I am a philosopher. My ambitions are truth, beauty, and compassion. I have worked out a set of protocols myself. Perhaps they converge at many points with the protocols of the Zionists. However mine are not secret. I have nothing to hide. And I am always suspicious of people who hide their holistic intentions. What do they have to hide? What is it that they fear me understanding? If their motives were truly good and honorable, then surely they would, like me, publish them openly, for all to consider?

Please read the bible first. I have offered up a compressed version of the King James Bible, without leaving anything out. Following this is a compressed version of Hitler’s ‘Mein Kampf'. Please, before you do what your slave masters have been priming and conditioning and brain washing you to do, just quickly read this. What do you have to lose? You are doomed to lose your freedom if
you do not. You are doomed to real slavery. Maybe it will be good for you. Maybe it is the karma that the universe feels you will need to experience. For, fairly put, most of you have been slave masters for most of your lives. You have been exploiting your power over those with less power than yourselves. Almost everyone, no matter how poor, exploits their power over animals. So maybe the Zionists are part of the dialectic.

They imagine they are going to gain control and enslave you. But they are probably going to learn through their own karma what they are going to indirectly teaching you. So ignore me. Be enslaved. Learn what it is like to be treated 'like animals' by humans. Learn your lesson. Then when you are ready, someone like me, with books like my TROONATNOOR, with ideas like my Eden Protocols and my 'Optimal Ethics Generator', will appear on the scene to guide you forward once more. You are about to enter an abyss. The Zionist new world order. Just another horrific experience necessary for us to learn how to 'play nice', to learn some humility and compassion. It won't last that long. Maybe a few thousand years.

Or maybe the Zionists really will implement the equivalent of my own Eden Protocols. Maybe the new world order will be based on TROONATNOOR, and something like my 'Optimal Ethics Generator'. Anyway, the masters will be able to read my books if they like. Who knows, maybe today's leadership of the Zionist world order will be overthrown by some of their own people. People who understand what people like me understand. The last laugh may be on the Zionist new world order masters.

To you all, to every sentient being, I hope for a good death, and happy next lives.

Note that there are many different 'versions' / 'translations' / interpretations of biblical writings. The following mostly come from The King James version. And so some things that are in your bible may not be here, and some things here may not be in your bible. I do not have time to compare every version of the bible that is out there. Any acts or omissions the writers of the King James Bible are theirs, and not mine.
Deuteronomy (The last of the 5 books of Moses)

End of the written Torah, the fifth book of Moses, Called Deuteronomy.

God tells Moses to ...'take you wise men of understanding from among you and make them Judges. They are to Judge without prejudice. The rich and powerful and the poor and the powerless are to be treated equally under the law.

Moses complains to god that ... 'I cannot bear the burden of judgment alone'.

Moses warns listeners what happened the last times Israelites refused to invade Canaan, the 'promised land'.

God tells Moses to ...'give Ammon to the sons of Lot. In other words do not invade Ammon. They are to pass by Ammon.

Moses reminds the Jews that ...'We destroyed men, women, and little ones of all cities of the Ammorites, Midianites, and Oggites...utterly destroying all the men, women, and children...Except Ammon and places god had forbade us…'

I guess that Moses thought Ammon was too strong to risk attacking it, so he chose his battles wisely.

All the cities of the plain, of Ogg, including the Giants, are slaughtered by the Jews.

Moses praises god ...'What god is there of heaven or earth that can do as you do'.

God tells Moses to order Joshua to repeat the earlier genocides on the people in the promised lands.

Moses reminds his people how the Baal Peor worshippers were destroyed. 'Therefore do not add or subtract a single word from my statutes'. Of course later we find the Jews doing just that. Changing his laws. In the end, according to most scholars, the 12 tribes murdered Moses. This is of course 'traditional' for all ancient heroes. They fight for ideals, they die or are murdered, and their murderers then go on to idolise them as heroic god-men.
Moses praises himself indirectly, describing his chosen people as... 'a wise and understanding people'. He asks the rhetorical question... 'who has statutes so righteous as those of Israel?'

More flashbacks to earlier events. Describes how the... 'Mountain burned with thick darkness and clouds... and the voice of god commanded Moses... giving him the 10 commandants... and other statutes...'

God is angry with Moses, and as punishment Moses will never cross the Jordan River, and enter the Promised Land.

'The Lord thy god is a consuming fire, even a jealous god, therefore do not provoke him by idolatry... do not worship gods of stone, wood, and metal that do not see, hear, smell...'. This is the first time god seems to deny that the other gods are real gods.

God reminds them that he will be a merciful god, unless they anger him.

Moses seeks to establish his authority as the spokesperson for god. 'Did ever a people hear god speak out of midst of fire and live?'

Again god changes his position vis a vis 'other' gods, who now are not gods at all, but idols of wood and stone. Moses tells the Jews that their god is now the exclusive and only god that exists. 'He is god. There is none else beside him... there is none else...'

Moses seems to spin the story here. Remember that he threatened any person or animal with death if it merely stepped foot on the mountain. Now he claims... 'You were afraid to go up the mountain due to fire... I went up'. As if he was brave, and they were too scared to. Of course they all would have literally 'died' to go up the mountain and see and speak with god. Who would not have wanted to?

Moses reminds us again that their god is a 'jealous god'. You either love him and submit to him completely, or you fail to submit 100%, and thus by definition prove that you utterly hate him, and he will hate you and punish you and all your family to the 3rd and 4th generations. God is all love and hate. He demands 100% submission to his will. He defines anything less than 100% as an expression of total hatred for him. It is all or nothing. Of course Moses and the Priests will tell you what his will is. You are to submit to the priests 100%, body and soul, every second of every day, doing exactly what they tell you to. Or else!
The rules and warnings of Moses are repeated for the umpteenth time, just in case you were not paying attention the other times.

Do not desire what belongs to others. This means of course that it is a sin to envy what someone else has. Envy is covetousness.

Fear god and so observe his commandants. Submit. And you are promised cities, homes, goods, vineyards etc. that you have not built or worked for yourselves. In other words you will become the beneficiary class. The slaves will produce all your goods for you. The slaves will provide all the goods and services that you desire. You will be their masters. You will order them about. They will do your bidding. (And you shall be as gods!).

Do not worship the other gods of those around you, or god will destroy you from the face of the earth. He is a jealous god. Just in case you failed to get that any of the other times it was stated!

**Moses tells his people that ...'Genocide is righteous’**. They shall destroy the ...'7 nations greater than thou'. The Jews are to ...show no mercy, no pity'... they are to... 'Utterly destroy' these 7 nations...'so they cannot turn you away to worship other gods'.

Read between the lines and we find that god is not only jealous, but fears the competition. God will utterly destroy everyone whose 'god' is in competition with him. Now of course there never was a god. Moses merely invented him to gain the transferred authority of speaking for an all-powerful god. Moses is basically saying that his people are to utterly extirpate any nation with a competing ideology or religion to his own, Zionist, 13th tribe Levite ideology / religion.

Consider the '7 nations greater than thou' in the present day context. What happened to Iraq? What happened to Palestine? What happened to Egypt? What happened to Sudan? What happened to Libya? What are the Zionist U.S forces planning to do to Iran and Syria? Remember that Israel is a nation of only 8 million people. All of these '7 nations' are 'greater' than the modern state of Israel.

Moses tells us that god has promised that ...'As a consuming fire I shall destroy them for you...' God shall ...'drive them out for their wickedness, and not your righteousness... for thou' art a stiff necked, rebellious people since the day I knew you.' See, you 12 tribes of Israel, your ancestors never did allow themselves to be totally enslaved by these Zionists who today have tricked you into serving their interests. I am on your side. There is nothing anti-Semitic about wanting to help Jews free themselves from their current slavery to their Zionist masters. The
Semitic’s Zionist masters are the same as they have always been. These slave masters are as happy to offer the 12 tribes of Israel up as a ‘burnt offering’ to achieve their ends, as they are to offer any gentile / goyim.

The story is repeated again of Moses spending 40 days and 40 nights fasting on the mountain. He comes down to find his chosen people worshipping god in the form of a golden calf. Moses gets angry with Aaron his older brother. It was Aaron who had the idea. So Moses goes back up the mountain and appeals to god for another 40 days and 40 nights, appealing to god’s pride. For Moses says that it is god who wanted to punish them, not himself. But of course it was Moses who orders the slaughter of thousands of his own people as punishment for the golden calf incident. His own brother, the priest, he forgives, of course.

Moses appeals to god’s vanity ...'what will the Egyptians and their gods say if god kills his own people?'

Moses throws down the two tablets which are supposed to be engraved with the 10 commandments. Maybe there was really nothing on them and he was avoiding anyone realising that?

I never realised that the golden rule, which in biblical terms I always associated with the New Testament, and Jesus, is actually repeated several times in the Torah, the Old Testament, by Moses. Of course the number one commandant is 'To fear the lord thy god' … god of gods and lord of lords. But after this, comes the commandment to ... Love thee the stranger. Moses warns us to ...'Keep his commandments / judgments / statutes'.

This is a bit confusing, really, given all the genocide, rape, enslavement, and theft of 'strangers' that is documented before and after this supposed commandment to 'love' the stranger.

The story of the ground opening up and swallowing some of Moses more recalcitrant, less submissive followers, may be a 'narrative' or 'spin' designed to cover up for the fact that many of his followers just took off during the night, with all their gear. For why else would god have the ground swallow them whole, with all their possessions? Surely if you were going to punish people, it would be wasteful to destroy all their stuff, especially when you are wandering around in the desert with little access to goods. When Moses had thousands of his followers slaughtered to make a point about worshiping golden calves, he didn't destroy all their goods as well.

'Don't serve other gods'. Again they are 'other gods', and not fakes of wood and stone.
Moses promises his people, the Jews, that ...'Everywhere the soles of your feet step, the land shall be yours'. In other words they shall enter a country, say Germany, or the U.S, and they shall end up owning it. Want to compare statistics for wealth and property distribution among known Zionists and the general, non-Jewish populations in each country in which Jews live?

Moses warns the 12 tribes that his choosing them is both a …'Blessing and a curse'. You 12 tribes, you Jews, most of whom I am extremely fond of, as Hitler once had been, either submit to be the chosen people, and be rewarded, or do not, and be cursed and punished..

Remember that Henry the Eighth was the same. You either submit to his arbitrary rule, and accept his adultery and sinful divorces, or he will have you burned alive. If you decide that you do not want to be ruled by such a man, and try to leave England, then you shall be punished as a traitor, and burned alive. Submit to his whim without question, or be burned alive. Now no-one could blame the English, or the Jews, for submitting to their tyrants.

All prophets are warned to be careful about making predictions, for the ...'false prophet shall die if what he prophecies does not happen'.

God tells his people to ...'Utterly destroy all temples / altars / groves / idols of other gods'. Again her calls them 'other' gods, as if they are just as real as himself, and he is simply jealous of them'.

'You can eat flesh thy soul lusts after, but not the blood, for it is the life...pour it on the ground...do not eat the life with the flesh.' This is a repeat of one of the rules about what things are 'clean' or 'kosher'. I still feel that it is ambiguous enough to mean that we are not to eat things with blood. Remember that 'meat' used to refer to all forms of food. It was not until recently that we used the term to refer to the flesh of animals.

'Take heed not to forsake the Levite (priest)'.

After Moses has slaughtered thousands of the 12 tribes for dancing around a golden calf, Moses warns his people that the non-Jews of the other nations ... 'have burnt (sacrificed) their own children to their gods'.

Moses warns his people not to add to or remove any of the laws, regulations, commandments, and rules that he has given them. 'Thou shalt not add thereto nor diminish from it'. The 'Mosaic' law is to be the final law. The end of history. The last word of god. The final word. Of course if you read the Talmud, and later chapters in the Old Testament, you will see that the Levites, the 13th tribe,
the Zionists themselves, make many additions and alterations to the law that Moses expresses in the Torah, which are claimed to be the very word of Moses himself. Even though, of course, his own death and burial is described in the last of the 5 books of Moses, a.k.a ‘Torah’.

'Do not harken to a prophet of other gods ... put such a prophet to death'.

'Kill your own brother if he tempts you to worship another god'.

Again we suffer many repeats, with some new additions. Jews are to have no tattoos or scarification. There is a reference to a mark on their forehead. More foods are defined as clean or unclean. To be clean, an animal must BOTH ...'cheweth the cud AND divide the hoof' if it is a land animal. If it lives in the sea, then it must ...'have BOTH scales AND fins'. A whole bunch of fowls / birds are defined as unclean.

You can sell an animal that died to a stranger / foreigner, but may not eat it yourself, for it is unclean.

Every 7 years Jews are to honor the ‘lords release'. This means that you have to release any other Jew of any debt they have to you. This includes bonded servants, who are to be freed from their bond as part of the 'lord’s release'. They are to be rewarded for their service. If they choose to leave, they may. However if for some reason they choose to stay, you are to ... 'place an awl in their ear'..., after which they are then your PERMANENT servant a.k.a slave.

Now remember that the western world 'freely' accepted the Federal Reserve System, and chose to become indebted to the Zionist Central banks. The U.S went against their founding fathers decision to 'live within their own means'. Thomas Jefferson stated clearly that the price of Liberty would be economy. He stated that if we did not live within our means, we would end up as slaves to the banks. Like most other traditional Germans, Jefferson warned us to save for future purchases, and buy them when they could afford them, rather than taking out credit to consume things now, and pay for them later. Jefferson and the other founding fathers also agreed that the U.S would never become involved in 'foreign entanglements'. It is war that gets nations into debt. Even Plato was of the same mind, for the same reasons, for his ‘Republic’.

At any point in time you could have refused to take out loans, to use credit cards, and so on. I used the past tense of 'could' have. Now it is too late. Each U.S citizen, at birth, inherits a 50,000 U.S debt, which they will never be able to pay off, because the interest will continually accumulate, and they will never be able to earn enough to pay it all off. From the Zionist’s point of view, they are well
within the bounds of their own law and ethics. It is not their fault that every king and then citizen was greedy, and impatient to consume and enjoy things they had not yet earned or paid for. Like the author Hemingway, I observe the principle of wanting to know exactly what something is going to cost me, and only allowing myself that thing AFTER I have earned enough to pay for it. Now I would not be surprised if, soon, each child born in the U.S will have a chip placed in its ear, to define it as the property of the Zionist New world order, and that its one world bank account will be DEBITED with the equivalent World Monetary Fund 'Drawing Rights' of U.S 50,000 dollars.

Jews are commanded to be charitable to their family, the poor, and the needy. 'Open thy hand wide to family, poor, and needy'.

Don't plant groves of trees near to the Temple.

Anyone who worships the Sun or Stones is to be put to death, if at least 2 witnesses catch them at their nefarious deed. It is these two witnesses who must cast the first stones. Now this might have been well intentioned on the part of the writers of the 'Mosaic' law, however my experience with people is that the malice in their hearts would lead them to enjoy casting the first stone, rather than giving them pause before making accusations.

Now we have the clear statement of the Zionist's new world order. It is the 13th tribe, the Levites, the Priests, who are to be the 'final judges' of everyone on the planet. And anyone who fails to carry out their wills, their sentences, their decisions, their laws, must be killed. In fact anyone who merely presumes to question their authority or wisdom is to be put to death. This of course includes the people like me who are trying to save you all. When they are in complete power it will be too late for YOU to challenge them. And we are not talking more than a few years at the most.

'You may not set non-Jew as king'. In other words the New World Order must be ruled by a Jew.

However, in an attempt to prevent corruption, this king ...may not multiply horses, wives, or wealth'. This is a real far-fetched proposition. A truly honest King. It has never happened that a ruler has not opportunistically taken advantage of their power to accumulate personal wealth. Who would choose to be King under this condition? Can you name me one Zionist who lives humbly and consumes only what they produce with their own hands?
The Levites, the 13th tribe, the Priests, the Zionist rulers, are to be given the best of the best of everything. The shoulder, and the 2 cheeks of the Ox. The first fleece of the lamb. The first harvested corn.

'Israel shall be raised up a great prophet that shall speak in god's name'.

The Jews fail to drive the 'Jebusites' out of Jerusalem, (Jebusi), and so they share it with them. In other words Jerusalem was NEVER a purely Jewish city. It was ALWAYS a shared city, from the beginning. Jebusites dwell with the children of Judah there to this day. You can speak to Jewish people who lived in Jerusalem and Palestine before 1946, and they will tell you that the Jews and their Muslim neighbours got along so well that they would even babysit each other's children. It is Zionism that is the problem in the Middle East. NOT religion. The Zionists have deliberately bred hatred and violence between Christians, Muslims, and Jews. It is the age old story of 'divide and conquer'.

Some Canaanites in Giza cannot be driven out so they are left in Giza, and forced to pay tribute to the Jews.

The tribe of Menassi also share with the tribe of Ephraim (Canaanites) at first. Later when they gain strength they force the Canaanites to pay them tribute.

7 tribes still in Shilo in Canaan...had not yet invaded the rest of the 'promised lands' as commanded by Moses / Joshua / god...these included forested mountain areas...Joshua had divided this land among the tribes, based on their reports after 3 from each tribe sent to spy out the land...

Dan takes more than Joshua had 'given' him as his portion. Dan...'Slaughters' 'a coastal city' he decides, independently, that he shall take.

Jews on other side of Jordan, in Gilead, build an altar and make offerings to god, against Moses’ / god's law that offerings might only be made in the temple.

No-one knows where it is in Moab that Moses’ sepulcher is located.

Moses is the last person to ever see god 'face to face'.

Note that many of the stories that have already been repeated over and over in the first 5 books, make up much of the 'bulk' of the rest of the Old Testament, and even New Testament. Either they are encrypted, coded information, the editors were too lazy to bother about 'reader burden', or this 'burden' was deliberately inflicted upon potential readers to prevent them bothering to even try to read the bible from cover to cover.
The First book of Samuel (first book of the Kings)

Michael, his wife, finds David vain and base, after his dancing through the streets like a commoner. Michael has no children by David. David's house is made of cedar, while the arc of the covenant / tent of the presence of the lord i.e. god's house, is a mere tent! David finds this inappropriate. The Lord of hosts instructs the prophet Nathan to tell David to build 'him' a 'house'... God to be father to son...thy throne shall be established forever...David announces that he will not return to his own house as long as the covenant resides in a mere tent i.e. until a fitting house for the ark of the covenant is built.

David / Jews chosen by god to 'make him a name'.

David smites / slays 22,000 … takes enemies chariots and 'hocks' most of them...defeats various kings, and Syrians...18,000...philistines etc.

David Judge / King of all Israel.

Ammonites / Syrians fled in battle. 40,000 horsemen and 700 chariots... 'smitten' by David... Syria broke its coalition with Ammon... Israelites 'destroy' the children of Ammon.

David sees a woman, the wife of Uriah the Hittite, washing herself. David instructs his servants to bring her to him. He lays with her. She conceives a child to David. David plots to get her husband Uriah killed, by arranging the battle lines so that he would be vulnerable, and left alone to be killed by the enemy. David then takes Uriah's widow as his wife. These actions 'Displease the lord', who sends Nathan his prophet to speak to David. King Henry the Eighth referred to this to justify his divorce of his first wife, Catherine of Aragon.

There is an angry outburst as Nathan speaks for god, communicating god's anger with David for these acts. The wife and child die as punishment for David's crime. David fasts, hoping god will be appeased, but god carries out the 'punishment'. Of course the Levites are always god happy to punish the innocent for the crimes of the guilty.

'I shall go to him, but he shall not come unto me'...
David has a new son, Solomon.

All the children of Ammon are 'cut up' and 'passed through kiln'. This may be a reference to 'dividing and conquering' all the peoples of the earth, and making a 'burnt offering' of them, such as would occur in a nuclear war.

King David's son Amnon tricks his sister Tamar (King David's daughter, who is 'most beautiful') into being alone with him, so he can force / rape her. After this Amnon hates her as much as he previously loved her. When King David hears of this he is 'very Roth'. You may have heard of a famous family who are the 'shield' (Schild ) of the 'Roth' a.k.a Roth-schild i.e Rothschild.

Absolom (a woman) plots to have the servants kill Amnon after getting him drunk. Absolom flees for 3 years. David is comforted that Amnon is dead, and is not angry with Absolom. Absolom returns. Absolom conspires to usurp King David's throne. She, Absolom, acts as a Judge, ingratiating herself with the people.

Saul sends out assassins 3 times to kill David, but each time they fall to 'prophesying' and will not kill David.

Jonathon loves David as he loves his own soul.

Saul orders Jonathon to bring David to him so he can kill him.

David flees, getting bread and the sword of Goliath from the Priest Ahimelek in Nob. He retreats to a cave where he is joined by malcontent Benjamites who take David as their Captain. The prophet Gad tells David to go to Jesse's people in Judah.

King Saul orders Duic the Edanite to kill 4 score and 5 priests and to 'smite' their city of Noh. All the members of the house of Ahimelek are killed as punishment for conspiring against Saul, male, female, sucklings, and infants included.

Saul is jealous of David's fame and popularity. For the people cheered, after David killed Goliath, that 'Saul killed the thousands, and David killed the tens of thousands'.

David leads the slaughter of the people of Keila, and then takes the city.

Saul plans to attack and kill David, but David escapes with 600 of his own men into the wilderness of Zif, in a wood.
Jonathon and David make a covenant. David will be king, and Jonathon his first prince / second in command. David moves to Iraq, to the wilderness of Mayon.

Saul takes 3000 of his best men to go and kill David. David has a chance to kill Saul, but cannot bring himself to do so. Later David bows down to Saul, calling him 'My Lord'... 'The Lord's anointed'... and Saul calls David 'Son' and blesses him.

Saul gets David to swear an oath never to kill his seed. In return Saul acknowledges David as the next rightful king of Israel, the first in the line of succession. Saul dies.

David takes 2 wives, Abigail the widow of a rich man who had warned David of her husband’s earlier plans to attack David, and Michael, whom Saul had promised to David.

David flees again, to the Philistines, fearing Saul is going to kill him. Saul commits genocide on the Philistines. David fights on the side of the Philistines.

Saul uses a 'familiar spirit' (like a ougi board) to speak to the dead Samuel. Samuel warns Saul that ... 'The lord hath become thine enemy, and given Israel to David and the Philistines. The host of Israel will be delivered to the Philistines. Saul and his family / house will be killed tomorrow'.

David fights alongside Aykish, though the princes of the Philistines do not trust Aykish. David 'trusts him totally' ... 'as an angel of god'.

David returns to the land of the Philistines, as he does not want to fight against Saul. On return to Zischlag, his own city, David finds all the people have been taken captive by the Amelekites. The people want to stone David. David takes 600 men, then 400, after smiting the Amelekites, freeing his 2 wives, and the rest of his people.

Saul's sons, including Jonathon, are killed. Saul is wounded and falls upon his own sword. The Israelite's flee. Saul's armour is sent to the temple of Ashteroth on Mount Gilboa. Bodies are stuck on the city walls.
Second book of Samuel (Second book of the Kings)

An Amelekite claims that he himself killed Saul, at Saul's request. David orders the Amelekite to be killed, even though he has brought Saul's armour and crown to him. 'Oh how the mighty have fallen'.

The house of Judah follows David. The rest follow a son of the house of Saul. In other words the 12 tribes are divided into two groups.

David demands to be given Saul's daughter, Michael, to be his wife, as Saul had promised. Of course this would give David rule over the entire 12 tribes. This must be a flash-back as in the first book of Samuel David is already married to Michael.

The son of Saul is killed and beheaded. The head of Saul is brought to Saul, by men who expected to be rewarded for this, and instead David slays them.

David is 30 years old when he is anointed King over Israel, in Hebron, then Jerusalem. He reigns 40 years and 6 months.

Reference is made to 'Bayal Pereshem'.

There is a battle with 30,000 at which David defeats the Philistines.

David sends for the ark of god. He faces the question of how to have it carried. Because God had smitten Azza for merely touching the Ark of the Covenant. David must have found a solution, for he has the Ark carried through the streets in a great musical procession. David dances with joy before it, among the commoners. This is what angers Michael, the daughter of Saul, his wife, in the first book of Samuel.

David gives all his people wine, bread, and meat.

Reference is made to the 'Sons of Belial'.
The book of Obadiah

God appears in a vision to Obadiah stating clearly 'AS THOU HAVE DONE, SO SHALL IT BE DONE UNTO THEE' which is the best quote from the bible to encourage people to act according to the golden rule, as expressed in Leviticus 18:19 'LOVE THY NEIGHBOUR AS THYSELF' … and later in The New Testament ‘gospels’ as ‘DO UNTO OTHERS AS YOU WOULD HAVE THEM DO UNTO YOU’.
The book of Joshua

Remember that Moses was punished by god, and will not see the Promised Land. The story now continues with Joshua, who was first referred to as Moses' 'minister'.

Joshua, son of Nun is now in charge of the 12 tribes. God speaks to him about the Promised Land and the inheritance of the Jews. Joshua prepares the 'vittles' of Moses. The story begins with a miracle similar to the one Moses performs. This time it is the river Jordan, and not the Red Sea that parts.

Joshua and the Israelites cross the river Jordan (like Moses and Red Sea) without getting their feet wet. The Jordan River is 'heaped up' on either side, as the Levite priests carrying the Ark of the Covenant step into the river. The river stops flowing. 40,000 battle ready men cross the dry river-bed. The river begins flowing again only after the priests have crossed over to the other side of the river. This is of course great 'proof of god's power.' Even the greatest skeptic like David Hume would believe his own eyes and feet, and find his atheism very deeply challenged!

The Jews born in the wilderness had not been circumcised. So far only Moses has been circumcised. As an Egyptian, he would have been circumcised as an infant, like all Egyptians. So I am dubious of claims he was over 40 years old when he was circumcised. Joshua calls for all the males to be circumcised with sharp knives. The result is a ... 'hill of foreskins'.

There is no more manna (Probably a reference to mushrooms, including 'magic' mushrooms'). The Israelites now eat the fruits of the land of Canaan.

The sun stands 'still' an entire Friday, so that Joshua can go on murdering, and finish his genocide, before sunset, and thus honor the Sabbath!

In 1982 the Israeli military simply light the night up with flares, so that the Israeli's can go on murdering thousands of Palestinian women and children, along with the old and young men, throughout the night. Flares to light up the skies, and 'full spectrum dominance' of the mass media to keep everyone else in the dark, so they can go on with their genocide of the Palestinian people, in broad
daylight. You won't see or hear a thing about it. You will sympathise with the poor Jewish victims of WWII, which have been completely exaggerated and defined as a holocaust that the mass media have burned into your brain.

If you still doubt what Hitler warned us about in 'Mein Kampf', that the Zionists control the mass media, then please do a tiny bit of web browsing and allow yourself to see the truth. The C.I.A and Zionists control the mass media. They thus manufacture public opinion and manufacture YOUR consent. Of course many of your favorite 'public opinion' leaders have been bought and co-opted by the Zionists. Anyone who values wealth and power, and seeks privilege and status, more than they seek justice, and truth, is bound to be tempted by the Zionist’s into becoming just one more of their ‘Golems’.

More genocide. 'Fenced cities'. Mekeeda is wiped out by the Jews in an act of genocide. Then the Litna, the Eblon, the Laykish and Giza suffer the same fate. Then it is the turn of Hebron, and then Djebe. 'All the souls therein are utterly destroyed / slaughtered.' The Jews 'Destroy all that breathes'. Hazor suffers genocide, and is 'burned to the ground'. This is all … 'As Moses had commanded'. Goshem is next. Then Lebanon. All the Kings and their cities and their people are destroyed. Only the Hivites of the city of Gideon are NOT utterly destroyed.

The ambassadors of the Hivites of the city of Gideon play a clever trick on Joshua, and get Joshua to swear an oath not to ever attack them. They put stale, weeks-old bread, wine, water, bread, oil, fruits and so on in their luggage, cover everything with the dust of several weeks journeying, and then allow Joshua to assume that they have been traveling for weeks, and thus from territories outside of the lands Moses had ordered Joshua to invade. This is one of the truly inspired stories of the bible that make parts of it truly worth reading. The Jews display their Hollywood talents in many parts of the bible. Though most of it is mere repeated 'padding'.

The lists of the holocaust committed by the Jews in the bible, long before that word became associated with Jews as 'victims', and not including the 2 earlier genocides on the other side of the river Jordan, are listed, and include: Saidon, the Amorites, Ogg (the remnants of the 'giants'), the Hittites, the Amorites, the Jebusites, the Hivites, the Caananites, and the Pervisites, among 31 other Kings along with their people.

The Jews proudly proclaim this, and document this, in the most revered, respected, and honored book of most Western European, British, and American
people. And they banned 'Mein Kampf' for merely stating that Hitler wished to 'remove the biological basis of Jewry in Europe'. Remember Hitler began by expelling Jews. These Jews were then sent back by Australia, Britain, and America. No-one wanted them.

Do not forget that the Jews had openly declared war on Germany, and the Nazi party, long before the Nazi's implemented any anti-Semitic laws. The main motive for the Nazi's was to get rid of the Jewish Zionist domination of the German banks, media, and professions. The reason Hitler went 'Nuclear' on the Jews was that, although he admitted that many Jews were good people, he could not afford to take any risks with public opinion, and so he made his message and policy simple. All Jews must be removed from Germany to prevent the excessively powerful and influential among them from dominating the world. He failed. Today they do dominate the world. They control the media and finance. They manufacture public opinion. Together with their U.S ‘Golems’, they blew up the WTC, Twin Towers, Building 7, and the Pentagon.

The Jews were only a few percent of the total German population but had excessive influence on the German central bank, the Reichsbank, and owned most of the private banks, most of the mass media including newspapers, movie production, and publishing, and dominated the legal, and medical professions.

JFK's grandfather was the U.S ambassador to Germany in the 1930s, and he openly reported these facts in his reports to his masters in the U.S. Jews made themselves the enemies of the Nazi's, not the other way around. Hitler had no plan to invade Britain. He had allowed the British to escape from Dunkirk, ordering his Generals to let them go unmolested. The French made no real attempt to resist the Nazi's. If the Zionists and their allies in the U.S had not become involved, and financed and armed the Bolsheviks, whom they had brought to power, then WWII would have been short and relatively painless. Hitler would have had the 'buffer' lands and 'lebensraum' he felt Germany needed to survive, and that would have been the end of it. Remember that the original Bolshevik party was made up of Jews. Even Stalin's family background is Jewish. His surname literally translates from Ossetic to English to mean 'Son of a Jew'. The Communists were founded by Jews, then financed by the richest Americans, who were and are Zionist Jews. 1Million Jews were allowed to leave U.S.S.R after WWII. Stalin made anti-Semitism a capital offence. Just like it says in the Old Testament!

98% of the U.S population were against U.S involvement in WWII. As late as two years into WWII, over 75% of Americans were against U.S involvement in the war. Over 50% of the U.S population at the time were of German origin. In
the 1780's the constitutional convention actually failed by only one vote to make
German the official language of the United States. And the U.S constitution
makes no allowances for U.S involvement in foreign wars. The ‘founding
fathers’ never meant for the U.S to become involved in foreign wars at any level.
This is why the ‘war office’ was renamed ‘The Department of DEFENCE’.

Roosevelt stated on the public record that he was waging war on the Japanese and
Germans by every means except actually declaring war. Britain and France
declared war on Germany, and not the other way around. Check out how many
times the Jewish people have been 'kicked out of' countries, whether Britain,
France, Spain, Egypt, or Russia, over the course of the last 2000 years. The Jews
version of the ‘Exodus’, in this context, is suspect. Probably they were also
kicked out of Egypt.

The Germans were the last nation to want to evict the Jews. The constant
repetition of the theme surely warrants open-minded investigation. Germany had
welcomed the Jews that had formerly been kicked out of those other countries.
But then they learned why those other countries had kicked them out.

The Germans were no better than any other nation in WWI, but certainly no
reasonable, informed person today would ever imagine that they can rightly be
held 100% responsible for WWI. But they were. They had a massive amount of
territory taken from them, separating millions of Germans from their ‘fatherland’.
The world ignored plebiscites / referendums in which the people expressed
virtual consensus when asked if they wished to remain a part of the German state.

Even more land is 'promised' to the Jews, by their god. However Joshua is now
old, and they have yet to conquer and exterminate all the peoples of the 'promised
land'. Joshua divides the 'promised' lands among the 12 tribes of Israel as God /
Moses had commanded. This division of other people's land, which is to be taken
from them through the means of complete genocide, is detailed geographically in
the Book of Joshua, by city, village, river, spring, mountain, and sea coast.

Four-score and five = 85 i.e 'score' = 20

As Joshua is dying, he warns the Jews against intermarrying with non-Jews.
However Joshua tells the people that it is their choice which gods to or lord to
worship. Ah, but with a catch, the original Catch 22. They can chose to worship
other gods, however ... 'if they fail to submit to the one lord, they shall be cursed,
in all they do, till they are totally destroyed, consumed, perished'. Joshua follows
this warning with a long list of threats, curses, and threatened
suffering...including that they shall end up eating their own children / family
during sieges by their enemies, various plagues, debts, innumerable diseases, and
...every imaginable known and unknown calamity...they shall be scattered among all the people of the world to worship other gods of wood and stone...live in fear...and be sold in Egypt as bondsmen/women.' So. Yep. That's free will for you. About as free as it gets!

Now there is no proof that the Jews ever took any of the original lands of Israel by force. The only evidence available, the only historical document of any kind to support any of the stories in the bible, refers to the purchase of land in the area, similar to the purchase of land in Palestine, for the founding of a Jewish homeland, by Rothschild in 1946. And so these stories may be intended to construct a myth of Jewish racial purity. Hitler did not invent the racial purity laws. The Egyptians and then Israeli's did. Even today to be defined as a Jew, you must be able to prove at least three continual generations of Jewish-ness on your mother's side of your family. And if you are male you have to be circumcised.

Now we come to the famous battle of Jericho. And a famous instance of the use of the number 7 in Jewish writings. An angel tells Joshua to blow their 7 horns 7 times as they circle the city, once a day, for seven days, as 7 priests carry the Ark of the Covenant before the procession. On the 7th day they are to shout one last time, and the walls will come tumbling down. They do this. The walls come tumbling down. And I guess Elvis Presley and all the Sunday-school teachers did not think it merited mentioning, but guess what the Jews did then? Go on, take a wild guess. Those poor victims the Jews. I will quote the bible for you. 'They killed every living thing' except for Rahab and her kindred who had helped Joshua's spies. And this is what happens to anyone who challenges the Zionists propaganda, let alone their ambitions. Of course all the gold, silver, and treasures, were to be the property of the Zionists Levites, the 13th tribe, the priests, the descendants of Moses' older brother Aaron and his family.

The 'Ayai' (Ammorites) repel an attack of the Israelites and the Jews became fearful. They are of course not used to resistance. Like Mohamed after them, they probably attacked and slaughtered all the previous cities while everyone was sleeping.

Joshua complains to God... 'Why bring us here to die?' God explains to Joshua that he was punishing his people for the crimes of some Israelites who had kept some gold / silver for themselves, instead of giving to the treasury of the 'house of the lord'...after the genocide of Jericho. God had told Joshua to kill those people ... to burn them and all their property... but to keep the gold, silver, and precious jewels and give it to the priests. Guess who do all the speaking for god? Go on, guess? No conflict of interest there! Of course you can trust the priests.
Who are we to question the will of god? If god wants to make the priests the most powerful and wealthy people in his world, then who are we to question him?

There is a search of all the Jews involved in the genocide of Jericho, and those found with the missing treasure, who had taken the spoils god intended for the priests, are taken to a valley where the Israelites stone them and burn them to death. Challenge the right of the world’s central banks, the Jewish owned 'federal reserve banks', and you cannot expect to live for long. Look what happened to the U.S president Kennedy, the Libyan president Gadhafi, and to the Iraqi president Saddam Hussein, and what is going to happen to Iran, and then Russia. Remember the fact that the Federal Reserve Bank is a private bank, but it has been impossible for anyone other than the original owners to buy shares in it, because they will not sell them to you. Rockefeller even put his in a special trust so that they could never be sold. So the original people who set up the scheme would be ensured that the Fed would always be under their control, and always used to serve the objectives of the few Zionist Jews who set the scheme up. The owners of the Fed, like Rockefeller, and Warburg, also own private stock in at least 5 other central banks around the world. It is a tightly knit system of central banks.

So back to the start of WWII. Whether this is a fast-forward prophecy, or just a case of history repeating itself?

Joshua attacks the Ayai again, killing all the people, but this time taking their cattle, and taking spoils for the fighters. Joshua used a clever trick which played upon the Jews earlier failure. Last time they attacked then ended up running away in disarray. So this time Joshua has his men pretend to do the same thing. He wants to lure the city defenders out to chase after them. The plan works. The defenders open their city gates, abandoning their positions and organisation, and run out after the attackers. Joshua and his men ambush them with 5000 men and set fire to the city. 12,000 Ammorites of Ayai are murdered and the city is burned to the ground. That is pure genocide. That is burned earth policy. This is what we have to look forward to in the near future.

The 'big 6' now ally themselves against the Israelites. The seventh, the Hivites of the city of Gibeon, if you remember, had tricked Joshua into swearing an oath not to attack them.

However the 'big 6' attack the Hivites in their city of Gibeon upon hearing news of the alliance. Joshua attacks the attackers. 'God strikes down more of them with hailstones than could be struck down by the sword'. 'The land is destroyed by brimstone and fire'. This is 'evidence of god's anger', 'God has cursed that land in his wrath'. The land of the big 7 had been promised to Abraham, Isaac, and
Jacob. And in line with standard ENRON accounting principles, Joshua simply took that land onto his 'balance sheet' as already his possession. The people living on it were just some 'numbers' that their 'accountants' would 'clear up'.

'Put away strange gods from among you'. I really find it hard to believe, that if all the miracles described really happened, that the people would not be 100% behind the new god that had performed the miracles for their benefit. Surely the greatest atheist would have become a true believer by now?

Joshua sets up a stone by an Oak, by a sanctuary of the lord, as a 'witness' to their decision to worship 'the lord'.

At age 110 Joshua dies. Also the high priest Eleazor, son of Aaron dies. And so all the original leaders of the Jews are dead. Moses their dictator. Aaron the head priest. And Joshua, their General. What is to become of the Jews? Will they remain loyal to the god that has performed so many miracles on their behalf, and given them so much land, giving them success in their genocidal wars?
The book of Judges

The Jews follow other gods, including Baal and Asteroth, making the lord furious. And so the hand of lord is against them. God gives them a judge who delivers them out of the hands of their oppressors. But this judge dies, and the people fall into even greater corruption, and rebellion. They worship other gods. They defile their racial purity and intermarry with non-Jews. They serve Baailim in the groves. And so the Israelites are enslaved for 8 years. Then they are freed for 40 years. They do evil again. The Lord sends Ammon and Amalek to smote Israel. The Jews are enslaved 18 years by the Moabite Egglon. But a Jewish hero, Ehab emerges and saves Israel. Ehab murders Egglon, and frees them from slavery. The Israelites slay10,000 Moabites during their escape. The Jews enjoy 40 years of peace afterwards. But on Ehab's death, the Israelites again rebel, and the Lord delivers the Israelites to their enemies again, who enslave them.

A female judge at the time, Deborah, attacks Sisera, who has 900 iron chariots.

Story of Israelites drawing out the Benjamites out of their city onto the highways where they are ambushed by 10,000 chosen men...The Lord smites 25,100 children of Benjamin. Gidea is ambushed and smitten. I guess the oath Joshua had sworn is no longer valid? The Benjamites attacked, but turned and saw Gidea in flame and smoke. Of the encircled Benjamites (18,000 fell)...then 5000 then 2000...25,000 men of valor of Benjamites killed that day...Israelites (11 tribes) swore never to give their daughters to the Benjamites (12th tribe) ...

The Jews utterly destroy Jabesh Gillean...only 400 virgins spared so they could be given as wives to the Benjamites? Stole daughters of Shilo at annual festival, be wives of Benjamites...

Deborah unites the tribes of Israel against Sisera. Deborah, Barek, and Isaka lead Israeliite army against Amalek...'I arose, a mother in Israel'...

Sisera killed by a woman, Jaal, wife of Hiiva, a Keenite, who hammered a nail into Sisera's temple / head, then head cut off.
Afterwards Israelites enjoy 40 years rest. By now you are familiar with the number 40. Many scholars believe it is a clue to encrypting an encoded meaning in the bible stories.

But after this Israelites again return to evil ways, and they are enslaved by the Midianites for 7 years. The Lord sends a prophet. An angel appears to Gideon, son of Jo-ash. Gideon secretly cuts down a grove of Baalim and an altar of Baal by night. Gideon challenges Baal's followers … 'let Baal appear and protect own altar, if truly a god'... Gideao asks The lord for sign...Dew should fall on a fleece, but not around it....then next night the dew should fall only around the fleece, and not on it...to prove the lord was with him...

There is going to be a battle. God wants to make a reputation. He wants to perform a miracle so all the world will hear his name and know his greatness. God says that the attacking army is too big to prove anything about his own power. At first the Jews want to send 32,000 troops. But god says that is too many. He asks 22,000 of them to leave the field. But still too many are left over. In the end he decides that 300 is the right number. Gods plan is that 300 of his people should defeat the Midianites and Malekites as a sign of god's power. He wants this to be known as a miracle. This is all revealed to Gideon in a vision / dream. It inspires Gideon with confidence, as sign of victory.

In the vision god tells Gideon to blow trumpets around the enemy camp in the night, to break pitchers, and to 'call out'... 'the sword of the lord of Gideon'. After this little show the Midianites flee, terrified. The Ephramites are attacked. The 300 Jews defeat a host of 120,000 and capture two kings. Two Princes of Midian are killed, but none of the 300 soldiers are even injured.

On the way back from this miraculous victory, locals on the route refuse to feed the hungry soldiers. So the soldiers curse them.

Gideon was asked to rule over those who were saved, as a judge. But Gideon says 'The lord shall rule you'. Gideon makes an idol … an Ephod...which the people come a-whoring to.' It is made from the earrings of the Ishmaelite kings he had killed. Gideon dies and the people make Baalith, Baal Peerith, their god.

70 sons of Jerobaim, judges, men of Sheekem, are killed on the same stone, and one Israeliite King ...Abimilek...is elected. A few years later King Abimilek is killed by a woman during a seige. She throws a rock down from the tower she is defending.
The Israelites are enslaved 18 years after again returning to worship Baal and Baalith, Asteroth, and other gods. 'Go and cry to the gods you have chosen...let them deliver you'. After this they put away these other gods and encamp.

Jepther, a judge of Israel, makes an oath to god. He swears... 'I will offer as a sacrifice the first thing I see after you give me victory'. Sadly the first thing he sees after his victory is his virgin daughter, his only child. He sends her for 2 months to the mountains to 'bewail her virginity' and then kills her to honor his oath. Who would NOT want a Jew as a father?

Israel is now ruled by single judges, for periods of 7, 8, and 10 years.

Again, surprise surprise, the Israelites do evil. And surprise surprise, this time again they are punished with 40 years of defeats (rather than the usual 40 years of peace!)

Micah consecrates a Levite as his priest.

The Danites, the tribe of Dan, go on a reconnaissance mission to spy out the promised lands that they had not yet invaded. They see a peaceful, abundant place. Probably the same thing the Zionists saw when they came to Germany! They send 600 men. They hear of Micah, his idols, graven images, molten images, Teraphim, and Ephod. They take the Levite with them, along with the ephod / idols.

In typical Zionist fashion, the Danistes 'smite' all the 'quiet' 'carefree' people of Layish and burn their city to the ground. They build the city of Dan there, and set up Micah's graven image to worship. Ever heard of Dresden? Of the hundreds of thousands of non-combatants, mostly civilian refugees, who were burned to death in fire bombing raids of NO military significance? Kurt Vonnegut saw fighter planes shoot down the few survivors of the fire bombings. Ask yourself why the U.S and British carried out such a war crime. Perhaps as a 'burnt offering of a sweet savor unto the noses of the Zionists? In the good old, Old Testament, volcano god style? You think this is anti-Semitic? To warn the good people of Israel, mostly Jews I imagine, that the Zionists are planning to offer up Israel as the next burnt offering, as they did the Jews of Europe during WWII, and the people of Dresden?

Jebus = Jerusalem

Repeat of the story of Lot? Bethlehem locals want to sodomise a traveler / stranger. The good man who has offered shelter to the traveler tries to do a deal with the men, offering them his concubine, to do with as they like. They take
him up on the deal, and 'abuse her all night'. That night he cuts her into 12 pieces to be sent to each of the 12 coasts of Israel.

A Levite's son stays with his father-in-law's concubine after she goes home without his permission. The Levite (and concubine?) then go to Dibia. In Dibia they can find no-one who will offer them a room for the night. They are left waiting in street. An old man offers them shelter, and they accept. But later that night some men of the city, 'sons of Belial', demand of the old man that he bring the Levite out so 'we may know him'. In biblical speak this means to have sex with him. The old man offers his virgin daughter and his concubine. The concubine was abused by them all night. Levite explains why he cut up the concubine. He sent out the 12 pieces to unite the 12 tribes of Israel against the city...against Gidea and Benjamin. 22,000 Israelites killed on the first day. 2Nd day Benjaminites destroy 18,000 Israelite soldiers.

An angel of the Lord appears at Menoa, and gives instructions to someone's wife. An angel ascends in flame on an altar. A child is born to the wife. His name is to be Samson. At this time there are no Kings in Israel, only Judges. Samson becomes a Judge in the camp of Dan. Samson wishes to marry a Philistine. They have dominion over Israel. His wife is threatened with death if Samson would not reveal the meaning of Samson's riddle. 'What is sweeter than honey or stranger than a lion?' Samson had earlier in his life killed a lion which had honey in its carcass. 30 men are killed to honor a pledge. Angry at wife. Her father gave his wife to another man. Saul offer Samson his younger daughter. The Philistines burn a wife and father to appease Saul's anger? Samson's own men, 3000 Israelites, come to bind him and deliver him to the Philistines to kill him. Samson slays 1000 Philistines with the jaw-bone of an ass after he breaks his bonds. Water appears in the jaw bone. He drinks it and is refreshed. For 20 years Samson a Judge of Israel under the Philistines. They conspire to kill him.

He carries a doorway up a hill. Delilah is paid 1100 pieces of silver to discover how to bind him, and the source of his power. Samson mockingly lies to her 3 times, and 3 times she tries to bind him and fails. He breaks his bonds twice. Eventually he gives in to her and tells her the secret of his power. The secret is his long hair. He has never shaved his head. He is a Nazarite (which is probably what Jesus was, rather than a Nazarene, which is impossible as Nazareth did not exist at the time of Jesus' birth).

As he sleeps in her lap she shaves his head. They then blind him, and bind him in brass in the dungeon. But over time his hair grows back. The Philistines praise their own god for this victory over Samson. This would of course enrage
Samson's own, very jealous, very angry god. The Philistines bring Samson out to make fun of him during their celebration of their own god. This is akin to making fun of Samson's god. Samson asks them to let him rest by the central pillars of the house. Samson pushes on the two middle pillars of the house. The house falls, killing everyone inside, more than he had killed previously in his entire life. Micah takes Delilahs' 1100 silver Shekels and makes an Ephod and a Teraphim.

Here I want to make a special note about twin pillars. Ancient religions across the world placed twin columns or 'colonnades' at the entrances to sacred sites, including churches and temples. They were named Jackin and Boaz, according to the Old Testament. These words refer, respectively to the sexual arousal and satisfaction of, the male sexual organ. They are symbols of potency and power. That is why the WTC was built with the ‘Twin Towers’. They were built as a form of sympathetic magic. Most people are familiar with the idea of ‘voodoo dolls’, and the hanging of your enemies in ‘effigy’. They are meant to work by the same principle. You destroy the ‘symbol’, in the hope that this will bring about a destruction of what is symbolized.
The book of Ruth

During the period of Judges, when there are no Jewish Kings. Marlon a biblical name. References made to Bethlehem, and a bitter Naomi. Ruth the Moabite is her daughter.
The first book of Kings

Hannah is dearer to her father than his 10 sons. This is an amazing thing to write given the times. Even Mohamed refers to having a daughter as a terrible, shameful, horrible event! But Hannah is barren. Hannah prays to the Lord for a boy-child. Samuel is born as a result. Hannah brings Samuel to Shilo, to stay and serve God. The Lord visits Hannah so she conceives.

Women hang around the tabernacle. Men 'know' them. To 'know' someone in the biblical sense means to have sex with them. This is a reference to the common ancient practice of 'holy whores', in which young unmarried girls would serve as prostitutes in the temples, and give all they earned to the temple, to the goddess, for the maintenance of the temple. God is angry with Eli and the priests, warning them that he will replace them and punish them. The Lord appears to Samuel, warning him that God will judge Eli's house. God will punish and destroy Eli's house as punishment for his son's iniquities which Eli did not correct. For example, Eli did not prevent his son's corruption.

God slaughters 54,000 Philistines by plague, as a few had peered into the tent/tabernacle.

The Lord tells Israel to stop worshiping other gods such as Asteroth. The Philistines attack but the Lord smites them with thunder and the Israelites follow them and slaughter them. The cities that the Philistines had taken from the Israelites are returned to them. They make peace with the Amorites. Samuel makes his sons Judges, but they prove corrupt, take bribes, and so the people demand a king (to judge us). Samuel warns them how terrible that king will likely be. That king will abuse and exploit the people as servants and sex toys. But the people insist, and persist in their demands for a king. The Benjamite Saul is tall, and good. The Lord tells Samuel that a man will come to him, and that he should anoint this man as King, though he be humble. Saul was the least son of the least tribe of Israel.

Israelites again display their wickedness. 'Vain things cannot deliver profit or deliverance'.
Saul attacks the Philistines. 30,000 chariots, 6000 horses and as many soldiers as sand in the desert, attack the Israelites.

During the second year of his reign, King Saul makes a sacrifice at the wrong time and place. Samuel tells Saul that god will punish him for this. Saul will reign no longer. Jonathon, Saul's son, the hero of the battle, eats honey, after Saul has made an oath that no-one would eat anything until the end of the day. But the people will not let Jonathon be killed, as Saul intends to, for having made an oath-breaker of Saul.

Saul commits genocide, in the good Jewish tradition established so far. Saul murders all the humans and animals of the Amelek nation...babies, all women and men were ordered to be murdered...all their livestock / cattle /animals too...god had commanded 'slay both men and women, infant, suckling, Ox, sheep, Camel, and Ass of Amelek'... 'Utterly destroy'. An Israeli army of 200,000 footmen, +10,000 invades Amelek.

But the Israelites failed to kill all the Amelek livestock, planning to sacrifice the best of them to god. This angers god...God says that it is better to obey than to sacrifice...Disobedience is the greatest iniquity...Saul had rebelled...Saul had not obeyed...so god rejects Saul as King...Saul did what his people wanted, obeying the people and not God... Lord regrets that he had ever made Saul King over Israel.

Samuel tells Saul that he is no longer King. But Saul repents and begs to Samuel, who 'forgives' him, fearing Saul would otherwise kill him. Samuel hacks the king of Amelek to death.

Canaanites living among the Amelek had been warned to leave...the same Canaanites who were descendants of those who had helped the Israelites after they had left Egypt.

Samuel sent by the Lord to Bethlehem (where King David was born, and where Jesus claims to have been born!) To sanctify David, a youth, the son of Jessie, as the new King.

Saul's advisors recommend Saul send for a harp player, to ease his heart and calm him. David comes to Saul's court as harp player and cup bearer. Saul makes him his armour bearer as well. Saul loves David. David's playing does indeed ease Saul's heart.

The Philistines gather for war, bringing their 'giant' Goliath as their mascot. The Philistine's leader issues a challenge. If any Israelite can defeat their champion,
the giant Goliath, in battle, the Philistines will serve Israel, and vice versa. David tells Saul that … 'the lord has delivered me from a bear, and a lion, (which he had killed to save his sheep while he was a shepherd), and he will deliver me again... 'The battle is the Lords'...David sent a stone flying, it 'hit / sunk into' the Philistine. David then ran and cut Goliath's head off with Goliath's own sword. The Israelites chased the Philistines back to their camp and 'spoiled' their tents.

Saul becomes envious of David, as the people shower David with most of the praise for the victory of the Jews over the Philistines. The people have been chanting … 'Saul killed the thousands, David killed the ten thousands'. Saul's first impulse is to spear David with a javelin. Instead he sends David out as a Captain, hoping he will be killed in battle. He offers David his daughter Michael as a wife, demanding a dowry of '100 skins of the Philistines', hoping David would be killed in the attempt at getting them. But David brings 200, even though as the son-in-law of King Saul, he has become a huge target for their enemies. Killing the Kings son-in-law would have made them famous. That had been Saul's plan. David becomes Saul's arch enemy. However Saul's son Jonathon loves David, and warns him when Saul orders his sons to kill David. Jonathon pleads with his father King Saul until Saul gives in and vows he will not kill David. But an evil spirit enters Saul, and again Saul tries to kill David. He sends assassins. Michael, his wife, warns David, and he escapes. She makes an image of David.
The Book of Amos

Amos is supposed to have prophesied, 2 years before a massive Earthquake, that '...The lord warns of fire and punishment'. Thus a natural disaster can be ascribed to god, as proof of his power, to turn the people back to justice and righteousness.

Like in the Koran, references are made to 'Djinns' and their 'snares'.

The Jews are warned against 'transgressing in oppression and crushing of the poor...'. The Jews should not 'afflict the just, take bribes, or deny the poor justice. Amos is, possibly retrospectively, given credit for having predicted the natural disaster, and having warned the people that if they did not start behaving, god would punish them. As such, this retrospective revisionism allows the priests to claim that god sent the disaster as punishment for their failure to take the warning of two years earlier to heart.

If the bible was not full of genocide, rape, 'ripping apart' pregnant women, slavery, theft, and tyranny, and a really infantile god, then I would have to say it was inspired by good will and compassion. It remains to be seen what the Zionists are actually going to do with their new world order. I mean they already have it. We have been living under their rule for centuries already. Only now they will soon have absolute power. Whether or not they will announce the fact? Remember that true power is always unobtrusive, unseen, and invisible.
The Book of Daniel

God let's Daniel see the dream King Belshazzar of Babylon has, and allows him to interpret it. King Nebuchadnezzar had ordered all his supposed wise men killed if they could not first tell him what he had dreamt, and then what it meant. Daniel knows the answers to both questions. He is made Governor/ruler of Babylon and over all the other supposed wise men. The King sets up a golden idol. He commands all to worship it. 3 Jews who would not worship it are cast into a fire/furnace...but the fire does not harm them at all... a fourth person in the fire is an angel/god. And so the king decrees that no-one in his empire may speak against the Jews god.

This is perhaps the first instance of laws of blasphemy a.k.a anti-Semitism being adopted by a non-Jewish nation. Today the power of the Zionists extends over Germany and the U.S. More or less over 'the Germanic peoples' of the world. It is they that were always the only real threat to Zionist domination of the Jew and non-Jew, the Gentile.

The king has a vision of a huge three that reaches to heaven. In the dream he is ordered to cut down the tree and leave only the roots. Daniel interprets this to mean that the current King will be replaced by new king. 'God gives Babylon to anyone he wishes'. And it has been repeated time and time again in the bible that god wishes that the entire world be 'given' to the 13th tribe of Israel and the 12 tribes of the Jews.

Show mercy to the poor.

The king will dwell with beasts...driven from men...he will eat grass...til he recognises God as the Lord... in 7 days...then he shall regain his power and the roots of his family/people shall survive.

But the son of the old King, Belshazzar, is again worshiping idols. A message appears on a wall. But no-one can read/interpret the message. .Nim, Tiko, Pirez.

Daniel is made the third most powerful ruler in the kingdom. That night King Belshazzar is slain. Daniel's interpretation of what was written on the wall
proves true. The kingdom is broken up. The new King places Daniel above the 120 princes of the realm. These 120 princes conspire against Daniel. They trick the King into signing a new law, which will make it a capital offence to worship any god other than the King himself. And so we come to the famous story of Daniel in the lion’s den. For Daniel worships his own god. It appears that the King realises he had been tricked, but is smart enough to outwit the 120 princes conspiracy. The King promises Daniel that his god will save him. Read between the lines and it is clear that the King has arranged for the lions to be well fed, drugged, or muzzled in some way, so that they will leave Daniel in peace. In the official bible version...'angels shut the lions’ mouths'. The King then turns the tables on the conspirators, and places them and their wives and families in the lions’ den, where they are devoured!. The King has it proclaimed throughout the entire Persian Empire that Daniel's god is the living god. God is thus officially recognised throughout empire. So Daniel prospers in the reign of Darius, and in the reign of Cyrus the Persian.

Which is interesting. As far as historians are concerned, a famous Alexander conquered the entire Persian Empire, leaving Darius to be killed by his own men. After Alexander's death one of his own Generals inherited that part of the empire where the Jews like Daniel would have been living.

We are given a hint about 'the last days' and 'Armageddon'. 'One like the son of man...given an everlasting dominion and indestructible glory...

References are made to Saints...Latter days...Persia, Greece...Darius the Mead...Names written in a book.

Daniel has a great book of names...sealed until the end.

Many of those that sleep in the dust of the earth shall awake...some to everlasting life, and some to shame and everlasting contempt...in 1290 / 1335 days after the 'abomination that maketh desolation' is set up... from the time that the daily sacrifice shall be taken away.'

My interpretation, as The Philosopher-Prophet of The Eden Protocols, is that the last line refers to a martial law that will stop anyone from going to work.
The Book of Ezekiel

Lot was destroyed as the people were proud and did not care for the poor and needy. God liked to speak in riddles and parables to the prophets.

If you profit from usury or increase, fail to feed the poor, fail clothe the naked, fail to execute true judgments... if you gather spoils by violence... your soul will die. The righteous shall live. He shall not die. God will punish the sons for the sins of their father. The father will die. Do no oppress the poor and needy, or defile they neighbors’ wife. (Sadly I don't think she would let me anyway!)

Do not profit from usury and increase. Can you believe this is in the Old Testament? What is more 'Jewish' in the public mind, than the Jew as the money lender, the 'shylock', the banker, the opportunist, the financier? Clearly the people who run the worlds banks and finance systems are NOT Jews at all. They are ZIONISTS. They do NOT follow the Mosaic Law. This must be a clear sign to those 'Jews' who DO observe the Mosaic Law, the laws in the Old Testament.

The earth shall shake, mountains fall, fire and brimstone rain from the sky...and they shall know that I am the Lord. I cannot think of a better way to describe either a volcanic eruption, or a nuclear explosion. Which do you think it will be? Guess again. Apparently the Zionists have already produced earthquakes, typhoons, and tidal waves, using new technologies.

Remember that the head of the C.I.A admitted that they controlled the mass media, and that most, if not all, terrorist attacks in the world, were all carried out by the C.I.A, the American Government, or Mossad. More on that later.
The Book of Jonah

God tells Jonah to go to Nineveh, as a prophet, but Jonah does not feel like dying as a martyr, so he takes a ship to Tarshish. God sees this, and causes a great storm to start up. The sailors on Jonah's boat cast lots to see who the gods are angry at. Jonah picks the short straw. They force him to explain why god has caused the storm. Jonah admits that it was him that made god mad. Jonah tells them they should throw him overboard, however they are too kind-hearted and will not. Eventually the storm rages so bad that they give in and do what he says, throwing him overboard. Immediately the sea calms and is still. Jonah spends 3 days and nights in the belly of a great fish. Jonah prays to god and the fish spits him out onto dry land. Once Jonah is in town, he begins his missionary work. He prophecies that in 40 days Nineveh will be overthrown if they do not convert to his religion, and worship his god. They all fast and repent to god and the threatened calamities do not occur. But for some reason Jonah is angry at god for sparing Nineveh.

Jonah's spiel is a whopper. You make people believe that if they do not do what you demand, that terrible things will happen. So they do what you want, and the terrible thing does not happen. What fools they are, you think, for falling for such specious sophistry. You wouldn't, would you? Or would you?

Why on earth did you give your tacit approval to your governments giving themselves, without any legal right according to the U.S constitution, the right to detain you without charging you, for as long as they want? Didn't they say that they needed you to accept the Patriot act, in order to protect you from something THEY said was going to happen if you didn't? Huh?

And what do you think will be the next BIG threat that they will offer up to scare you into absolute, total submission to their coming, planned, already set in motion, state of emergency and martial law?

Hmmm…. Now let's see. Maybe world war three? Get inside and lock the doors, because Chinese and Russian nukes are on their way? Why would they do that? After Putin and the Chinese clearly stating that if the U.S invade Iran, that the Chines and Russians would defend Iran? And what is that? You just invaded Iran, to protect the U.S and Britain from an ISIS attack?
The Book of Micah

Israel has again turned corrupt, unjust, and mercenary...therefore god will destroy it. Seriously, my Jewish friends in Israel, with all the love in my heart I beg you, stop your masters turning your beloved homeland, that you have so loving cultivated and turned into a garden, into ashes. The god of the bible is not YOUR god. He is the god of your masters. Zion is the sun. Zion is the center of the universe. Zion is the Zionists.

Later peace returns, and each shall walk in the name of their own god...and Jerusalem their god and world peace and tolerance...

The Jews shall beat into pieces many people ... the remnants of the Jews shall live among the gentiles as lion among sheep, to slaughter at will...The Gentiles shall be delivered up unto the remnant of Jacob, as a young lion among the flocks of sheep whom if he go through he both treadeth down and teareth in pieces and none can deliver.

What could I add to that little gem of Zionist prophecy? Are you listening yet? Still think you might not want to revisit 'Mein Kampf'. Maybe actually read it, rather than take the Zionist's description of it without checking for yourself?

Out of Bethlehem a King of Israel shall come...a man...'The peace'... he will deliver us from the Assyrians.

Micah, as prophet, speaks out against wicked balances, deceitful weights, deceit, and wickedness.

God demands you do justly, love mercy, and walk humbly.

However the judges are corrupt, demanding bribes.

Things are so bad that the men of a man's own house are his enemy.
The Book of Nahum

The Prophet Nahum / Habakkak has a vision of Nineveh. In the vision god says 'write the vision'...'I raised up the Caldeans to rule the world as my tool...to correct the Jews'.

Death is, like hell, insatiable.

Zephaniah has a vision...god will destroy all things ... destroy Baal...punish...day of wrath and desolation, trumpet, and alarm, darkness...for sin...total land devoured by fire of his jealousy...a speedy riddance of all who dwell in the land...All nations / men will worship god...desolation...all gods will be famished...till all people's worship me.'

Does this sound to you much like a nuclear war followed by famine? Who except this god's self-defined 'chosen people' would want a nuclear war? Oh, except for all those U.S Christian fundamentalists who put the Bush family in power?
The Book of Haggai

Haggai is a prophet of Darius' time. Could not have been much of a prophet if he did not see Alexander coming!
The Book of Hosea

God told him to take a whore, an idol worshipper, to wife...Gomer...I will have mercy not on Israel...only on Judah...no truth or mercy in the land...Backsliding Israel...play the harlot...priests murder by consent like troops of robbers. They shall be wanderers among the nations…

'There is no Saviour besides me'

God's threat to Sumeria is that...'their women with child shall be ripped up…their infants shall be dashed to pieces'.

I shall redeem them from death / the power of the grave...Oh death I shall be thy plagues...Oh grave I shall be they destruction...
The Book of Isaiah

The prophet Isaiah, son of Amos, prophecies that 'the spirit of the Lord, of wisdom and understanding shall come upon him... a descendant of Jesse... he shall judge with equity... the wolf shall dwell with the lamb, and the leopard shall lie down with the kid... the wolf shall dwell with the lamb and the calf and the lion... and the bear and the cow... their young ones shall lie down together... and the little child shall tend them... and the lion shall eat straw like the ox.' Now this gives me hope. This is the return to the vegan Eden we were kicked out of. Now if I was a descendant of the father of David, I might wonder if Isaiah was talking about me. You Christians out there will say that Isaiah is here talking about your Jesus. Which would explain why the New Testament writers called Yeshua / Joshua into Jesus, and why he is not called 'Emmanuel'. Of course later God speaks and says 'This is my son, with whom I am well pleased', which is as about as close as you could get to calling Jesus 'Emmanuel', which translates to 'beloved of God'.

Isaiah prophesies the total destruction of Babylon... with fire. Ever seen a nuclear bomb go off?

A repeat of the story of the Dead Sea parting... the Lord of hosts has sworn it...

'Rejoice not thou Palesteiner... I will kill thy root... thou art dissolved... and the fiery dragon shall slay thy remnant...'

If I were Palestinian I would get the hell out of Palestine by the next available means. All you people out there, demand of your government that they allow Palestinians to immigrate to your country. There are not that many of them. They deserve a break. Otherwise you are damming them to fire bombing, and, probably, Trident missile attacks from U.S submarines. Of course the U.S will say it was Iranian submarine-fired missiles which were intended by Iran to strike Israel, but missed, and hit Palestine. Oh please let me be wrong this time.

'Let us eat and drink, for tomorrow we shall die'. This is the source of that famous line. And for once I think it is correct. So party hearty people, for the fire breathing dragons are right now preparing to breathe their fire. Wherever the shit hits the fan, which will probably be in Iran, Palestine, and Syria, it is going to
cover the whole world, and YOU. Hope you like eating shit, because that is what the Zionist cooks, with their Mossad and C.I.A and central banks are all preparing for us.

'Leviathan the serpent, the dragon in the sea'. Ever heard of the 'Trident' missile, which is launched from submarines? The same ones waiting right now to fire missiles across Russian territory and into Iran? Ever seen a trident missile explode? Like a fire breathing dragon coming out of the sea, maybe?

References are made to Mt Zion, as Jerusalem, the home of the lord of hosts.

References are made to fires and earthquakes that will destroy entire cities.

The Old Testament itself describes the 13th tribe, the Zionists as ...'deceivers who trust in oppression'.

You Jews were always ... 'a rebellious people'. You would not accept being enslaved by the Zionists, the 13th tribe. You constantly turned away from them. So come on, turn away again. Rebel. They are leading you to slaughter. Rebel. This may be your last chance. Sure a 'remnant' of you may survive the coming end to WWIII, but is that the best deal you think you can get?

Be warned. 'The sun will burn 7 times brighter'. There shall be flame of devouring fire and hail stones. Tophet (hell) will open wide. The breath of the lord like brimstone kindles the fire prepared for it. You shall ... Dwell with everlasting burnings" in hell.

References are made to unicorns and dragons. Remember that this is all in the book that you are asked to swear on in court in the U.S!

We get a whole load of repeats, as typical of the bible. This is why my 'compressed' version can be so short.

All these earthquakes, fire, brimstone, and weapons whose explosions burn 7 times brighter than the sun are all a reference to the destruction of you, my friends, the 12 tribes of Israel, by the 13th tribe. Oh, a few 'remnants' of you shall go on to inherit the earth. But what exactly will be left? Remember the 13th tribe have already prepared their underground cities. Have they sent you an invitation and directions yet? Really? Does that not concern you? Do you have that much faith in your leaders? Can't criticise you. I only just woke up myself. And about 300 million Americans are still asleep.
The 185,000 strong army of Assyria, Senecera, is 'smitten' by 'an angel of the lord'.

The lamb of god...the intercession...the redeemer...will die for our transgressions. This seems to be what the character Jesus is portrayed as in the New Testament.

Yet I shall gather others to him. His house shall be called the house of prayer for ALL people...besides these that are gathered to him.

Fasting is meant to be about helping the poor.

'Undo others' heavy burdens. Let the oppressed go free. Cover the naked. Break every yoke. Feed the poor. Bring the homeless to your home'.

None call for justice or truth.' If this is what defined the Jews, and the bible, and the Christians, and the Muslims, in reality, then hey, I would happily consume the noble lie of god and religion. But sadly, this is not the case.

'The nations that will not serve you will be wasted. The gentiles are your inheritance. Ye shall eat the riches of the Gentiles'.

No Jews will need to do manual labor. The Jews will be the priests and ministers! How many of you, outside of Israel, where they work the new, mostly dark-skinned immigrants hard, have seen a Jewish person doing manual labor? Seriously!

God's motive, and the ways Jews seek to manipulate him is ... 'to make thy self a glorious name'...thus he does miracles...

'The wolf and the lamb shall feed together and the lion shall eat straw like the bullock...they shall not hurt or destroy all my holy mountain'...

'I shall make a new heaven and a new earth...all flesh shall come to worship me...to my holy mountain Jerusalem...I shall take new Priests from them'. Seriously, where do I apply? I guess Jerusalem.

...their sworn shall not die nor shall their fire quench the carcasses of the unrighteous dead that have transgressed.
The Book of the prophet Jeremiah

The word of the lord came unto me...The Lord said unto me...I have put my words in thy mouth... (thus Jeremiah, like all prophets before and after, claims that god is speaking through him, and thus we should listen and obey, for he speaks with the 'transferred' authority of god) ...speak to all people that I command thee...they shall fight against thee, but ye shall prevail...as I am with thee...your own swords have destroyed your prophets...It shall come to pass, sayeth the lord... the Jews are a perpetual backsliding people / nation...I will destroy them, but not totally...I will not make a full end of them...god will send a powerful enemy to almost totally annihilate them...as punishment for their backsliding...you have forsaken me...priests and prophets deal falsely...priests rule via false prophets...there is no justice for the needy / poor...there is much oppression, covetousness (envy or greed), corruption, slander, swearing falsely, adultery, revolt and rebellion... the Jews are a stiff necked people ... they ignore and kill my prophets... The Jews live by lies, deceit, slander, hypocrisy, and treachery... Israel's 'heart' is uncircumcised...

Glory not in wisdom, riches, or might...glory only in justice, loving kindness, righteous judgment...in these things I delight...

BUT (as Freud and I predict!) 'Pour out thy fury on the heathen'.

Jeremiah (in very hypocritical style) calls on God to punish his persecutors and their wives and children ... wishes he had never been born, that he had been killed at birth...

References made to Tophet in the valley of the son of Himmon, and the sacrifice of children by fire? OR is it merely 'walking the fire'?

During a siege, friends, brothers, daughters, sisters, and sons shall all eat each other. Imagine how hungry we are all going to be after the nuclear bombs rain down on us!

Caldeans and Babylonians will take the remnants of famine and the sword...god will first send them into captivity...
Judge the cause of the poor and needy (free access to legal justice)...were this not to know me? As opposed to oppression, injustice, exploitation, selfishness, wickedness....

God's servant... Nebuchadnezzar...obey him ... submit to god's will ... you will endure 70 years of captivity...be peaceful... submit to the King of Babylon...

Jeremiah was imprisoned by the Jewish King of Judah for prophesying the defeat of Judah, and its captivity, and for advising the Jews to accept this passively, and submitting to Babylon, as being part of god's plan for them, as god's will.

Jews not to enslave Jews more than 7 years. After 7 years all servants are to be set free. However Jeremiah prophecies that later in Jewish history the laws will be changed, and they are forced to go back to their masters after the 7 years are up. For this god will punish Israel.
The book of the prophet Ezekiel

'And ye shall know that I am the lord'…. Ezekiel warns the Jews that god is planning to smite them, to destroy them, to visit famine, pestilence, and 'the sword' upon them. But a remnant shall escape. But they shall be a prey and a spoil to the worst of the heathen.

This is clever spin-doctoring. The priests take credit for the future natural disasters which are bound to take place, based on statistical chance, in advance, as punishments from god for the people not submitting and obeying the priests. Then when the predictable tragedy strikes, the priests can remind them that they had warned them, and remind them that it is punishment for not obeying the priests, and that if they didn't want it to happen again, they had better start obeying the priests, paying tithes, making sacrifices, making donations, and so on. Send money now to avoid disappointment!

Ezekial criticises the Jews for using incense, worshiping idols and going a-whoring after false gods. He mentions Tammuz and sun worship as two of the main offenders. Remember that Moses means 'missionary – disciple of the Priests at On', and that 'On' is what the Greeks call 'Heliopolis' a.k.a 'The city of the Sun'. Zion probably translates to 'City of the Sun' in ancient Hebrew.

Ezekiel warns that god will have the Jews enemies slay the Jews old and young, female, and little children, in a jealous rage. But later god shall gather the remnants of the Jews, and return them to Israel. This is clearly why the Zionists first provoked Hitler, then constructed the myth of the holocaust, to justify to the rest of the world the idea of giving Palestine to the Jews, as a sort of realisation of the will of god as expressed in bible books such as Ezekiel.

References are made to 'vain' prophecies'. This alludes to lots of earlier and current prophecies and warnings. The false prophets claimed that 'The lord said it', but it did not happen. But god claims that he himself had caused the false prophets to speak falsely, so that it became a sort of byword among Jews that the prophets lie.
The Book of Joel the prophet

Just padding of repeats. Adds nothing to the bible.
First book of the Chronicles

X begat Y who begat Z, and so on. Lots of begetting. As god had commanded. The Jews went forth and multiplied. And in this book gives the detailed family trees and genealogies of the various 'houses' of the characters of the bible. Their possessions, lands, cities, suburbs, castles, habitations, and so on, are also detailed.

Fear the lord above all gods.

This book repeats the stories that have already been repeated ad nauseam in earlier books.

Nathan was a prophet through whom god spoke to King David. When King David ordered a census, god punished him by killing 70,000 Jews by plague. God calls King David's son, Solomon, 'son'. 'I will be his father and he will be my son'. (Jesus, as a descendant of David, is called 'son of god', and refers to god as his 'father').

Sol means Sun in Latin. It is the source of life as we know it. Om is the holy / sacred word in Hinduism. It is by this word that the world is created. It is the creative force of life as we know it. On is translated by the Greeks into 'Heliopolis', meaning, 'City of the Sun'. Many scholars believe Solomon really refers to the Sun. In fact all his wives and concubines, in number, add up to the number of stars visible to the naked eye in the Northern Hemisphere. Otherwise it is hard to believe that one man could service so many women. And so the story of Sol-om-on is really another example of the astrological basis of the main world religions.

God decrees the 'eternal rule' of the house of David. The temple is described as a 'house of rest' for god, with a 'footstool for the lord'. And so most churches, temples, and sacred sites, even today, are built facing the east, so that the sun rises up at their entrance, and then travels overhead, finally 'resting' on the most holy, sacred place in the church or temple. This ensures that the sun will eternally rise, and rule over us. The alternative would be darkness. And death. For the sun is the basis of life on this earth as we know it. The candles in the church are a form of sympathetic magic. They are symbolic suns. By lighting a candle, we
hope that life will imitate our art, and the sun will continue to shine. To rise anew each night from its death, resurrected.

At the entrance to the temple, as in all ancient religious architecture and the entrances to sacred sites in India, Japan, Egypt, Arabia, Rome, and among the ancient Babylonian-Canaan-Assyrian, were twin pillars. The Old Testament, in Kings 1, 7:21, refers to these 'twin towers' as Baoz and Jackin, which in Hebrew, mean 'Eagerness and strength' and 'God makes him firm', respectively. The phallic nature of the pillars, and the obvious references to sexual arousal and virility cannot be missed. I believe that the Twin Towers were first built as a modern 'Boaz and Jackin', in order to be destroyed, as a symbolic, ritual, magical castration of all the men of the Goy. I would suggest that the 911 attack, even the date, were all chosen as a form of sympathetic magic.

A 'voodoo' doll attack on the Goy by the Zionist Central Banksters, the masters of the New World Order. Depopulation is high on their agenda. GMO products, which the European Union banned, and which had never been independently tested in the U.S, have been proven by French experts to destroy fertility in rats. I suggest a clear link. The N.W.O elites hope practice sympathetic magic in the hope that life will imitate (their) art (ifice). Like imitating the sound of rain was meant to induce rain. Or mating in the field was meant to induce soil fertility, and a bountiful harvest. Or carving a sun symbol on a cave was meant to ensure the sun would rise each morning.

Or the Priest, dressed as a penis, and 'anointed ‘with oil, entering the entrance to the church through the pointed arch with the 'rose' clitoris above it, a symbolic vaginal opening, was meant to ensure the fertility, and reproduction, of the people and nation. In fact the term 'Christ' comes from 'Christos', meaning 'anointed one'. All kings were 'anointed' with oil, as a symbolic gesture of fertility, vitality, and potency. The word 'semen' comes from the Hebrew 'Shemen' which referred to any oily substance, including semen, and the oil that was used to anoint kings and high priests. And don't forget that priests are trained in the 'semen-ary'. The symbolic placing of oil on the Kings head was meant to ensure he, and his kingdom, would remain potent and powerful. Life should follow the example of the art (ifice). It was a symbolic ejaculation.

Fire falls down and consumes the sacrifices made in the temple. King Acer puts a prophet into prison as he does not like his prophecy. King Acer suffers foot disease and dies. Acer's successor King Jehoshaphat hates and imprisons the prophet Micah for prophesying against him, claiming that God has told Micah that god has sent a lying spirit to lie to all his 'other' prophets so that they should mislead the King.
'Thy name is in this house'. The temple as the ‘house of the name of the lord'.

The spirit of The lord appears in the midst of a group of people in Judah, Jerusalem, before Jehoshaphat. He sends singers out before his army against Ammon / Moab on Mt. Seer. The Ammonites and Moabites attack each other. None escape. Three days are spent gathering in the booty and spoils of war.

High places are built (to honor other gods). This is very naughty. Note that naughty used to mean evil. And silly used to mean holy.

The priests refer to worshiping other gods as 'to go a-whoring' to other gods. King Jehoshaphat suffers over 2 years as 'The Lord smites him in his bowels'. He then dies, it seems, of colon or stomach cancer. All except his youngest son are taken captive by their enemies.
The Book of Josiah

The Prophetess Howdah...'My wrath is kindled against this place and shall not be quenched'...'they shall become a desolation and a curse'...But the current good king will die before god punishes him...this king shall not see the evil that god will bring against his kingdom'. At this time the 'Book of the Covenant' was found in the Temple...all vessels and idols made to other gods were removed from the temple...to Baal, moon, sun, planets, and all the host of heaven'. Of course polytheism was typical of the period, with people worshipping the sun and stars, and meteors, like the one Muslims do not realise they are making pilgrimages to Mecca to walk around and bow before.

In ancient times, as late as the time of Mohamed, it was typical that the main temple would contain statues of all the regional gods, notably the sun god, the moon god, Venus, Uranus, Mars, Neptune, and so on, such as the Parthenon in Paris. The Jewish priests had become Idolatress Preists and sodomites. They had become incense burners and altars builders.

And so the Jewish priests have …'Toptheth defiled, so that that there can be no more 'passing through fire to Mollek'.

The Jewish priests defile the altars / idols to Ashtoreth, Bethel, and Nokom, which had been built by King Solomon. This is odd, considering god had called Solomon, 'my son'.

All the priests of each god are slain at their own altars supposedly in accord with the newly 'discovered' 'Book of the Covenant'. Workers with familiar spirits (such as Socrates claimed to have) and wizards, are 'put away'. The people are 'Turned to 'The Law of Moses' 'like none before or after'. Thus strict orthodoxy is introduced for the first time. The Jews are to live according to strict Mosaic Law. God threatens ...'I will cast off this city of Jerusalem and Judah'.

Josiah dies in battle at Megiddo and Pharaoh's son reigns over the Jews. Jerusalem is made a tributary of Egypt, meaning it is now to pay poll taxes and protection money. More or less what federal taxes are to U.S citizens, no matter where they live in relation to Washington D.C.
Jerusalem, however, has returned to its 'evil ways'. Judah is destroyed according to god's will for the sins of Menasi, who had filled Jerusalem with 'the blood of innocents'. In other words the failure of god to protect his people is 'spun' as punishment for some past person's sins. You solve the problem of why an omnipotent and just god lets his people be defeated and die in disasters. You also get to 'fulfill' a prophecy, and thus increase the transferred authority of the priests and present day prophets.

Nebuchadnezzar removes all the treasures of Solomon, from all of Jerusalem. He takes 10,000 captives, including all the soldiers, craftsmen, princes, and anyone who was considered good 'human capital', who possessed any skills, talents, beauty, or great physical prowess. Only the 'poorest sort of people' are left behind to populate Jerusalem. All the best people are taken into captivity. The priests define this event, as always, as the fulfillment of a prophecy and the will of god, further proof of his power, and commitment to the Jews. Commitment to punishing them when they failed to do the priests will. Every great house and the house of god is burned down. All the valuables are taken, including the pillars and decorations of the temple. When they got to Babylon, all the Jewish priests were killed.

And that is something to think about. If all the Jewish priests, the 13th tribe, the Levites, were killed, then who is it that later is ordering the Jews around, pretending to be Jews? A good question? Ever heard of the Zionists? A not-Semitic people. From the Caucasus region of Southern Russia. As white as any German. This ethnic group converted to Judaism around the 9th century C.E. Current Era. They are not Jewish. More about this group later.
The Book of Ezra (The Priest)

Cyrus, King of Persia, decrees the rebuilding of 'The House of God' in Jerusalem. 'The Lord god of heaven has given me rule over all the nations of earth and charged me to build the house of the Lord in Jerusalem'. Around 42,000 Captives (and their 7000 servants), including about 200 'singers', that had been taken by Nebuchadnezzar, King of Babylon, 40 years earlier, were sent back to Jerusalem after a 'Sabbath' of 40 years. Many present at this re-building of the temple had seen the original temple, and are joyous at seeing the foundations being laid for this, the 2nd temple. But King Otto Xerxes, the succeeding King of Babylon / Persia, has this work halted when he comes to power. The Jews are seen as a threat to Persia, after their history of rebellion. After Xerxes dies, the succeeding King Darius later discovers the original decree written by Cyrus, and decrees that materials be provided to continue the rebuilding. He further decrees it a capital offense for anyone to hinder the rebuilding project (complying with the Prophecy of Haggai). So the Temple was rebuilt. King Darius also decrees that the Priest class is now exempt from all taxation.

The question of racial purity once more raises its ugly head. Over 40 years of captivity the 'Jews' have intermarried with other 'peoples'...so that the 'remnant' of 'Jews' is now 'polluted'. Does this sort of talk remind you of someone famous? But the bible is good and noble and everyone honors it?

All other peoples are seen as unclean 'abominations'. That means you and me. Most of the human race in fact. We are all 'abominations', according to this bible which is so venerated and respected.

And so the Jews are warned... 'Do not join in affinity with these abominations'. All the males are gathered together, during heavy rains. Ezra, the priest, warns them ... 'You have transgressed and take thee strange wives'... 'separate yourselves from these wives and your offspring with them'...Among the 'transgressors' were Priests and singers. And so the Jews had to divorce their wives and children.

Athelia, Queen of Judah / Jerusalem, is killed along with all the potential claimants to the throne, including the children of the previous king. All except one, that is. One called 'Jeho-savia', can you believe it? When Jehosavia is proclaimed King, Athelia is slain by the horse gate. 'God save the King'.
Nathan, the priest of Baal, is slain upon his own altar. Baal's temples are destroyed. But later, again and again, the Jews return to worship Baal. Again and again this 'backsliding people' return to their 'wicked ways' and 'go a-whoring after other gods', and worshiping idols in groves.

King Jehoieda lives 130 years.

After a small number of Syrians defeat a large Jewish army, King Joash is slain by his own servants, as 'god's will'.

A new law does away with the older tradition of punishing children for the sins of their father.

Judah and Israel involved in repeated civil wars.

Jericho = 'city of palm trees'

Israel in Sumeria. i.e Jewish men and women brought as bondsmen and captives into Sumeria.

King Menasi reigns 55 years. He sets up groves and altars to Bailim, and has his people 'walk the fire'. This angers god who punishes his chosen people by giving the Assyrians victory over them in battle. But Menasi humbles himself before god, and god forgives him.

In the valley of the Son of Himon, the children are caused to 'pass through the fire'. I am not sure if this refers to fire walking, or sacrificial burnings.

King Josiah again purges Judah and Jerusalem of heathen gods and practices. He rebuilds the house of the lord. During the rebuilding he finds a book of statutes containing the Mosaic Law.

Holda the prophetess 'thus spake the lord' god of Israel', I shall bring all curses, wrath unquenchable...But for the sake of Josiah I shall wait until after Josiah's death...he will die before god takes vengeance on his people. This seems to be a repeat of earlier books.

Nebuchadnezzar, King of Caldeez, sacks and destroys the temple, and Jerusalem, and holds the Jewish captives for 40 years. All this is defined as the fulfillment of earlier prophecy, and punishment for the past deeds of Jews.

King Menahim punishes the cities of Tifsa and Tirza, and the coast, that would not submit to him, by 'ripping up' all the women of those cities.
There are constant conspiracies as Jewish kings are murdered by their own captains, servants, and children. Sort of like the war of the roses and King Henry the Eighth in England.

Every nation makes gods of their own. These include Nirgal, Ashima, Tiphaz, Ziphod, Beham, Hifna, and Iva.

King Hezakaiah of Judah destroys the groves. Moses had made a brazen serpent, where incense burned, long ago, but Hezakaiah destroys it as 'evil'. God is referred to as ‘The living god'. The plan is to keep Judaism centralised on the temple in Jerusalem. It is prophesied that the Assyrian King, who occupied Jerusalem, would return to his own land and die by the hand of his own sons. Surprise surprise, but this happens. Or was it, had already happened, at the time this book was written? Over 185,000 Assyrian soldiers are 'smitten' by an angel of god. II have been smitten a few times by pretty girls. But as Morrissey warns us, after all, 'Pretty girls make graves'.

The Prophet Isaiah, son of Amos, prophecies that Babylonians will take all the wealth of Hezakaiah and make eunuchs of his sons. 'God will wipe Jerusalem like a dirty dish' … they shall be a prey for their enemies...for King Menasi's sins. These sins include the building of altars to Baal, the planting of groves, and the construction of graven images to all the hosts of the heavens, including the sun, the moon, Venus, mars, and Uranus. He also had his children 'walk the fire'. So I guess that refers to fire walking.

At this time the priests take money for repairs to the temple, but make no repairs. 'Fines' paid for 'sins' and ‘trespasses’ now belonged to the Priests. How many dodgy 'gurus' are there in the world that collect money for building temples that never get built?

One of the 70 sons of the King is found alive and raised by a woman.

King Jehu reigns over Israel and Sumeria for 28 years. He is succeeded by Jehoash, aged 7.

King Solomon, the son of King David, was said to have asked god for wisdom, rather than wealth. However the bible clearly implies that he was quite ruthless in collecting taxes from his subjects, and lived in greater luxury than any king before or after him.

King Solomon's 'wisdom' tale involves two women who both give birth to sons at the same time, in the same room. Sadly one of the babies dies. We are told that the mother now claiming to have given birth to the child in fact swapped her
dead child for the live child, during the night. Now both mothers appear before Solomon, who much decide who the real mother is, and / or which mother he should allow to raise the baby. He assumes that the best mother, who may or may not be the real mother, is the one that would have the child's own interests at heart, and would give it up rather than kill it. And so he tells the women that if they cannot decide, that he would cut the baby in half, and give each woman half. One woman than gives up her claim to the child, so that it might live. The other woman is overjoyed, but then Solomon reveals the purpose of his judgment, and orders that the child be given to the other woman, who is either his real mother, or at least will do what is best for the child.

Judah and Israel enjoy prosperity and peace all the days of King Solomon. All the kings of earth come to hear his wisdom on all subjects. God had told David his son would build God's house, and so Solomon has it built. A Levy is imposed on all Jewish citizens to pay for the construction. 30,000 men are sent to Lebanon in shifts of 10,000. They are to work 2 months on, and then return to their homes and for 2 months, in a continual cycle. Stones are bought for the foundations. He orders timber from Hiram. Cedar is used for all structural elements of the building. The walls and floor are covered with Fir. The building begins in the 4th year of Solomon's reign.

In the 480th year after the exodus the construction of the temple begins. It includes an 'oracle', the most holy place. This is similar to the Oracle to Apollo at Delphi, whose purpose was for interpreting dreams and telling the future. One of Apollo's epithets was as god of oracles. The oracle is the 'holy of holies', for it is where the priests commune with god. The oracle is carved in cedar. Not a single stone of the structure is visible. It is completely overlaid in gold. The entire house and altar is overlaid with pure gold. Winged cherubim are carved out of Olive tree wood. Their wings touch in the center of the altar, and each touches the wall on its side. There are also cherubim, flowers, and palm trees carved in gold. The doors are made of fir. The construction takes 7 years. It is interesting that Solomon spent 13 years on the building of his own house, a holiday house in Lebanon, and a house for the Pharaoh's daughter, whom he has married.

The Ark contains only the 2 stone tablets of Moses. It is designed to be a permanent house for god to dwell in. 'For the name of god'. 'There is no god like thee'. Jews are to face the direction of the temple and pray, when they are too far away to visit it. This reminds us of Mohamed and his Muslims, who are to face Mecca and pray, when they are too far away to visit Mecca itself.
Elysha, prophet of Israel, Man of god, heals Naomin of leprosy. He tells her to wash in the Jordan River of Israel 7 times. Elysha's servant lies to Naomin. The servant asks her for silver, clothing, and so on, in Elysha's name, lying that he had changed his mind. This servant and all his seed are punished for this deception with leprosy. They are cursed by Elysha.

Elysha's servant drops the iron head of an axe into the river while cutting down a tree. Elysha performs the miracle of making it float to the surface.

Elysha curses the Syrians besieging Jerusalem to blindness. He leads many of them astray to Sumeria. During the siege, the Jews had been so hungry they were reduced to cannibalism, as Elysha had prophesied, and as had been earlier prophesied by earlier Jewish prophets.

The Syrians flee. The Jews attack the Syrians, and 'dash children to death against rocks' and 'rip up' pregnant women.

The Jews return to their evil, rebellious, idolatrous ways. In other words they 'repeat' what they do over and over in the bible. They 'walk in the way of Ahab'. Ahab's house is prophesied to fall. Jezebel is to be eaten by dogs. Jeehu, son of Jehosaphat, is anointed the new King of Israel.

King Ahab of Sumeria has 70 sons. Jehu kills all Ahab's 'great men' and his 70 sons. Or so he thinks. In fact one survives. Jehu tricks all Baal's worshipers to a festival, and murders them all. Jehu destroys the religion Baal in Israel. But there are still golden calves in Bethel and Dan. Jehu was doing well, but then he 'backslides' as the Jews of the bible are constantly doing, and Jehu sins again and is smitten. And not in a nice way.

Elijah, prophet of god, prophecies that god will destroy the house of Ahab, including 'All who piss against the wall', for wickedness and idolatry. It seems the lack of public toilets has always been a problem!

Ahab fasts and humbles himself before god so well that god rewards him by delaying the destruction of his legacy and family until after Ahab's death. The supposedly just god will punish Ahab's sons, family, and followers, for Ahab's sins. The law about 'the sins of the father being visited upon the sons' comes to mind.

Jehosophat is now King of Judah. The king of Israel has 400 prophets. The prophet Mikayah prophecies things that the King does not like to hear. The other 400 agree in favor of the King. Mikayah lauft mit.
But god has a plan to ensure that all the prophets will be full of a lying spirit sent by god to promise the King victory, and thus trick the King to go to death in battle, which he is doomed to lose, at Raymoth Gilead.

Today's 'prophets' are the mass media that is controlled by the C.I.A and the Zionist central bankers. They tricked us into invading Iraq, Afghanistan, Libya, and the Sudan, like they tricked the British and French and then U.S.A into WWII, and like they are now tricking us into invading Iran and Syria. Those 'prophets' like me who are telling you things you don't want to hear, are, as always, ignored, mocked, and punished for trying to find, and explain, the truth to you all.

The King of Israel disguises himself, after the King of Syria sends all his 32 captains to assassinate the King of Israel. 1 archer hits the King in his Chariot, and the king bleeds to death. The Israelites are told to return to their own homes. Ahab had an ivory house.

Jehosophat, son of King Acer, reigns as the new King in Jerusalem. He does what is right in the eyes of the lord. He makes peace with the King of the Israelites.

It will not surprise you, after so much repeated 'backsliding', that the King of Israel again returns to worshiping Baal, and so on.
Kings

References are made to Baal (Bayal) Zeebob, the God of Ekron.

God destroys a captain and 50 men. The fire of god comes down and consumes them. This happens 3 times, as proof that the god of Israel is lord, and not Baal. So I guess we can expect 3 nukes to hit Iran, Syria, Lebanon, and Palestine … or will it be Israel itself?

The lord is god and there are no other gods. Solomon prays to god to answer the prayers of non-Jews who came to the temple to pray to him. God promises that his eyes and heart shall be here in the temple, for eternity, as long as the Jews do not forsake their god.

Israel shall be a proverb and a byword among all people, if you serve and worship other gods. Such evil will befall them that the whole world shall know of it. Can you think what evil the Zionists have planned for Israel? Hear of a thing called 'Armageddon'. Ever look for it on a map? Guess where it is located? Where are the most powerful and wealthy Zionists right now? In Israel? Or close enough to their underground cities in the U.S, and far away from the fallout zones of nuclear bomb strikes in and near Israel?

Pharaoh takes Giza from the Canaanites and gives it to King Solomon as a dowry for his daughter. The non-Jews Solomon had not butchered were made bond servants / slaves. Solomon builds the navy of Farshish and Hiram. Solomon is the richest king ever. He owns 1400 chariots and 12,000 horsemen. Silver in Jerusalem is as prolific as stones. Solomon loves many 'strange' women god had forbidden. He has 700 wives and 300 concubines. In his old age, his wives and concubines turn his heart away from his one god, to their own many gods, such as Ashtoreth and Milkon. He builds temples to Kimosh and Moleks, and to all the other gods of his wives and their people's. Twice god appears to Solomon to warn him that his son will inherit only ONE tribe of the entire kingdom. God is letting them keep that one tribe only in order to honor gods' promise to David. But the rest of Solomon's kingdom will be lost. God stirs up enemies from among Solomon's servants, to conspire against Solomon.
Ten of the 12 tribes are to go to Jeroboah. Solomon tries to thwart god's plan by killing Jeraboah, who flees to Egypt. Solomon dies. His son Rehaboah reigns. The people, fed up with Solomon's the heavy taxation that had funded Solomon's extravagantly lavish and wasteful lifestyle, demand that Rehaboah reduce the 'burden' Solomon had put upon them. They demand lower taxes, to make their heavy yoke lighter. So it appears that the myth of Solomon as having been modest was unfounded. He had been very greedy, and ruthless. Rehaboah appears to have inherited his father's lack of concern for the welfare of his public, and instead increases taxation to spite them, against his own counselor's advice. In fact he taunts them, saying 'I will increase the yoke and chastise you with scorpions, where Solomon had merely whipped you'.

Israel rebels against King Solomon. They stone the Kings representatives. Civil war threatens, but god speaks to the people, telling them not to attack.

Again we find Israel 'backsliding' and 'going a-whoring after idols'. Israel 'makes groves', worships Baal, and enjoys more than the occasional bit of sodomy, provoking god to anger. God warns that 'They shall be thrown out of the Promised Land as punishment, and scattered among the nations'. This is one reason many orthodox Jews consider Zionism, the foundation of Israel, to have been wrong, and still oppose the Zionist agenda of a Jewish state, let alone its expansion to include the 'promised land' as described in the Old Testament, extending from the River Euphrates to the River Nile, and over most of modern day Iraq.

King Ahab of Israel worships Baal, marries Jezebel, and plants groves. The Prophet Elijah comes on the scene. There is drought. Elijah tells King Ahab (not the whale hunter Ahab!) To go to the river Jordan to be fed by ravens, and so on. Elijah brings a boy back to life. Jezebel slays the prophets of the lord, and would slay them all, but Obidiah saves 100 of them. He feeds them in a cave.

There are 450 prophets of 'Baal, of the grove'. Remember that in many ancient European lands, including among the Germans and the Druids, groves of trees were considered sacred. Charlemagne beheaded 10,000 Saxons who would not cut down their sacred trees. The druids experienced a similar fate, with most of them being massacred on their sacred island. But oh, don't forget that French Catholics murdered around 10,000 Protestants on the site where the Eifel tower now stands.

Elijah challenges the 450 to pray to Baal to light a fire under a sacrifice, as proof of his existence and power.
I myself proposed a huge public event where all the people of the earth who believed in the god of the bibles would pray to god to light one single match, as proof of his existence.

Elijah builds a trench filled with water around the altar, and then re-builds the altar in the name of the lord. He lays wood under the altar and prays to his god. Fire falls from god and consumes the sacrifice, evaporating the water in the trench. If you ask me that was some sort of 'naphtha' flash. That explains the water. You throw a few chemicals and metals in the water and they explode in a wall of consuming flames. Just one more trick of the magicians.

Elijah and his butchers then then murder the 450 prophets of Baal. I hope he used stones, as god had commanded in the Mosaic Law!

References are once more made to earthquakes, smoke, and fire, as befits a volcano god. Elijah is on the run, when the voice of god speaks out to him from a cave, 'what doeth thou here Elijah?' Only 7000 Israelites had NOT bowed to Baal. King Ahab has had his eye on a choice piece of real estate, a vineyard. It has really taken his fancy. But he can't just take it now can he? In steps Jezebel (the daughter of Uriah the Hittite?), who sees her chance to ingratiate herself with the King. Jezebel promises to get that vineyard for King Ahab. She and her husband get 2 sons of Belial to accuse Nabor the Jezraelite, the legal owner of it, of blasphemy. The people stone Nabor to death. King Ahab takes possession of his new vineyard/

How many people who have sought to draw your attention to the master plan of the Zionists, with their private Central banks, with their private intelligence agencies known to us as Mossad and the C.I.A, and their massive conspiracy of opportunistic hangers-on, have been publicly denounced as 'anti-Semitic' and ruined? How many have been murdered? Of course King Henry the Eighth had people burned alive for 'Heresy'. In fact the author of 'Utopia', Thomas More, personally had many 'blasphemers' murdered. It is nothing new, or particularly Zionistic.

However today under the 'Patriot Act', being anti-Semitic is the equivalent of being a suspected terrorist. And under the current U.S laws, if anyone denounces you as 'unpatriotic', as an anti-Semite, they can lock you up indefinitely, for what you might call 'future crimes'. If you will not submit to the hegemonic social reality, in which the U.S and Israel are the victims of terror, rather than the perpetrators of terror, which they definitely are, a fact which many people have already proven, and which I will also demonstrate to you later, then you are defined as a blasphemer, as a terrorist.
You do not have to *do anything*. They can assume you are going to do something, and imprison and torture you indefinitely, until you give in, lauf mit, become a team player, and renounce your past criticisms, and submit to the hegemonic social reality that the Zionist, C.I.A controlled mass media have conditioned us to believe. The C.I.A and Mossad will probably use you in their next false flag, U.S-Zionist-Mossad-C.I.A terrorist operation. Your family will be saddened to hear that your passenger jet has been blown up by terrorists, with you either as a passenger, or a terrorist.

The Prophet Elijah smites the water (of the river?) with his cloak and it parts, letting him and all the people with him pass across the dry river bed. Of course this sort of thing will not surprise anyone who has read the previous books of the bible. This is the traditional way for Jews to cross rivers and seas. They have no need for boats. Their god simply parts the waters and lets them cross without getting their feet wet!

Chariots and horses of fire appear and take Elijah up to heaven in a whirlwind.

Apparently Elijah leaves his coat behind, because the next time the Jews need to cross a river their prophet Elysha takes the now-in-heaven Elijah's cloak, smites the waters with it, and they part once again. Elysha 'healed the waters'.

The prophet Elysha is taunted by children who appear in the road before him, mocking him... 'Go up, bald-head'. Do they want to see another Prophet flying up to heaven on a whirlwind? This prophet is not patient with children. He curses the children, and bear appears in the road and tears 42 of them to pieces. I wonder if there was some real incident with a bear and children, that this story takes advantage of, or if the story really has some encoded message. Which do you think?

There is a new census. The King of the Moabites rebels. The King of Edom, Judah, and Israel, form an alliance against the Moabites.

The Prophet Elysha calls for a minstrel who god speaks through.

A drought ends, and Edom is filled with water, but it is 'red as blood'

The Israelites smite the Moabites. The Israelites fell all the trees, and fill all the wells. Apparently god said this was to be done. The King of Moab, hoping to appease the angry god of the Jews, offers his own first born son as a burn offering upon the walls of his own city. The Israelites return home.

At this time the Prophets had wives. Elysha performs a 'miracle of oil'.
A (previously) barren woman conceives, but the child dies. Elysha performs another miracle, by bringing the child back to life.

While 'on the run', living in the cave, 100 sons of the prophets feed on 20 loaves and 10 ears of corn. A precursor to some New Testament stories!
Book II of The book of Samuel

A civil war among the Jews results in 20,000 dead.

Forest oaks kill more men in the civil war than King David's warriors. King David deals gently with Absolom, his own son, who is stuck in an Oak, and killed by Jacob and his men. King David 'shut up' his son's widows and concubines until their death.

There is a 3 year famine. In the past the Israelites had sworn never to harm the Amorites, but Saul slays the Gibeonites, who represented the last remnant of the Amorites). For breaking his oath, god punishes Saul. King David asks god how he is to make good for Saul's sins, which god tells King David the famine is a punishment for. This leads to King David hanging 7 sons of Saul to appease god, during the first days of the barley harvest. God is appeased and grants King David victory in many battles.

David conducts a census of the divided Kingdom of the Jews. There are 800,000 Israeli males over 20, and 500,000 males over 20 in Judah. For some reason god does not like this. It fact it angers him. He is displeased. God speaks to King David through Gad, David’s seer. Gad, his seer, tells David that god is offering him 3 choices. Yes, by gad, David gets to choose his own punishment. What is behind door number one? 7 years of famine! And behind door number 2? 3 months of military defeats! And door number three? 3 days of pestilence! Decisions decisions! David chooses pestilence, and 70,000 Jews die in three days.
Old, cold King David takes a virgin as his personal ‘bed warmer’. Solomon, his son, is supposed to become the next King, but an usurper named Adenija, claims the throne. Solomon rides King David's mule. God save Solomon. Solomon has Adenija killed when he challenges Solomon's legitimacy, and therefore right to the throne. Solomon has others killed to avenge their earlier acts. Solomon marries Pharaoh’s daughter. Gibeon is the highest altar at time of Solomon. Solomon prays for wisdom and understanding, rather than riches or long life. This pleased God, who rewards Solomon with greater riches than any man before or after. Solomon, of course, would not dare contradict god's will, by sharing these riches among his subjects. Oh no. Solomon is so humble that he submits to god's will, and enjoys more wasteful luxury than any man before or since. Very pious King, that Solomon!
Ecclesiastes (The preacher)

This is the most philosophical of all the books in the bible. It's pessimism and stoicism is worthy of a Buddha, A Lao Tzu, Marcus Aurelius, a Schopenhauer, a Voltaire, a Celine, any stoic or any existentialist. It is thus unlike the rest of the Bible. For Judaism, as compared to all the other world religions, is defined by its optimism. It is the only religion that affirms life. Ecclesiastes, like all the religions of the East, affirms death as superior to life.

Ecclesiastes is apparently one of King David's sons. Not merely a descendant of King David, but one of his actual sons. He was born to wealth and privilege, like the Buddha. He has ... 'rejoiced in all possible joy, pleasure possible, but has found that all is vain and without profit...therefore I hated life...all is vexation / vanity...all my works will possibly be inherited by a fool...what hath man of all his labors?'

'All is vanity (in vain) and vexation of the spirit... there is nothing new under the sun...the eye and ear are never full...greater wisdom produces greater grief...pleasure is vanity...there is no profit under the sun...knowledge leads to sorrow...the fool ends as the wise man, so what value is wisdom?...all his days are sorrow, travail, and griefs...all he builds he loses, along with all his great works, wealth, power, delights, and servants ...'What do his labors profit a man...there is no good in them but to rejoice and do good in life...man has no pre-eminence over beasts...all return to dust...all things we earn earns us the envy of others...it is better to be dead than alive...it is better never to have been born and had to live and die...he who desires abundance is never satisfied by increase...the day of death is better than the day of birth...the heart of the wise is in the house of mourning...time and chance decide everything, it is not a question of wisdom, vice, or virtue.

Ecclesiastes is the most poetic of all the books of the Bible. In fact it is the source of a famous pop song. 'For everything, there is a season, and a time for every purpose under heaven. A time to reap. A time to sow. A time for love. A time for hate. A time for peace. A time for war. A time to cast away stones. A time to gather stones together.'
The Book of Nehemiah

Nehemiah is the cup bearer to King Otto Xerces. References are made to Ezra and the rebuilding of the temple and Jerusalem. Nehemiah has a vision in which god warns the Jews. 'If ye transgress I shall cast thee out and scatter thee among the nations'. There are new racial purity laws, after a new covenant not to marry non-Jews. All the ‘mixed multitude' are separated from the racially pure Jews. The gates of the city are from now on to be shut on Sabbath. Nehemiah smites some Jews for ‘defiling’ their racial purity.
The Book of Esther

The book of the Proverbs of Solomon.

Solomon shares his wisdom and ethics with us. He speaks of discretion, justice, equity, charity, mercy, truth. Solomon tells us not to lust after a woman who is not your wife. Solomon is no hypocrite. He marries 700 women, and has 300 concubines. No adulterer our Solomon. No. If he fancies a girl, he just sends his men out with whips to collect more taxes from the poor, and adds the girl to his harem. But you, poor reader, you should only lust after your wife. I am sure she simply adores Solomon's wisdom.

So Solomon speaks against adultery and whores.

Solomon sounds a bit like Jesus, when he tells us that...'If your enemy is hungry, get him bread to eat. If your enemy is thirsty, get him water to drink'.

Solomon is very stoic, almost a Diogenes, when he argues that it is...'better to live in the wilderness than with a mean brawling contentious woman in a wide house'. Schopenhauer could not have put it any better! ..

Solomon is all for corporal punishment. He writes that it is...'best to beat the student, or your son. The rod brings wisdom'. The same applies to teaching servants their place, for...'a servant will not be corrected by words..

'Hell and destruction are never full, as a man is never satisfied'. He would know. Richest man ever, before or since.

Perhaps Solomon is warning people like me when he writes that...'a fool uttereth his entire mind'...

In Hebrew YWH can refer to the release of sexual energy during orgasm. It can refer to divine creativity. Remember volcanoes represent both explosive energy, and the creation of new land. New earth. Volcanoes are creating new land this very minute, like a god of creation. Anyone who has ever had a full body orgasm can relate to the earth trembling, ‘explosions’ and ‘eruptions’. And the result is often conception, and the creation of new life. So the idea of YWH representing both a volcano god, and a god of creation, who creates both the earth, and life, is easy to follow.
And don’t forget that sexual union is often referred to as 'Hieros Gamos', and was part of most ancient religious rituals. Today it has been formalised into a merely symbolic sexual act, as the priest, dressed as a penis, ‘enters’ the church, which is a symbolic vagina and uterus. Catholics even ‘lubricate’ themselves with 'holy' water. Look up as you enter a cathedral, at the ‘rose’ that rests just above the pointed archway entry. It is a symbolic clitoris. The columns are all phallic. The domes are all womb-like. The term 'dome' derives from the Latin for 'domus', meaning 'presence of the divine'. Of course human life begins in the womb, so it is the closest thing to creation and divinity you could name. The hall cathedral is a symbolic vagina. All that is missing today are the holy whores. Today's 'whores' for the Zionist Priesthood are the politicians, lobbyists, and media personalities.

Yahweh made the earth to tremble and broke it...People fell into the lower part of the earth...god writeth his name across the sky YAH (Jamaican's call god YAH...the male half of Yahweh!)...thou breakest the head of the dragon (leviathan) in the waters... the field of Zoan (red sea?) … God sent evil angels among them (the Egyptians)...David was a shepherd...god judges among the gods...the living god...vs gods of wood and stone...

Zion = city of god...singers and musicians...the pit be digged for the wicked...fear god above all gods...for they are only idols...the hills melted like wax in the presence of the lord ...make a joyful noise...(including trumpets)...for thy name's sake...Moses appeals to god's sense of reputation i.e pride / vanity / honor...the pains of hell...Basheth their little ones against the stone ...(kill the babies in Babylon).
The Book of Job (of Uz)

Job has 7 sons and 3 daughters. He is the greatest, most wealthy of all men of the East. The Sons of god and Satan appear to the lord. God boasts to Satan about Job...how good and righteous he is. Satan goads God on ... 'take his good luck away and he will curse you'. God falls for Satan's trick / challenge. God tells Satan he may do anything he wants to Job except kill him, to test his love of god. Satan comes from walking to and fro among the earth. God calls his sons and Satan to an audience again. Satan repeats his goading. But so far Job is still praising god...though has lost his wealth...though job regrets being born, and curses the day he was born...and, narcissist that he is, Job thinks that the total universe should curse the day he was born...'why died I not at birth?...'had I not been'...'at death the servant is free from his master'... He longs for death but it cometh not...'man is born into trouble'...he prays for death...why hope? Why prolong life? At the time of death, no matter how great you were, your success and satisfaction will die with you.

Wise men tell then tell Job that he, Job, must be at fault, for god is just. But Job argues that god cannot be just, for he destroys the innocent and the wicked alike...my soul is weary of my life. Job asks god the question billions of people have asked since Job. Why oppress thy own creation?...why did you give me life? Job is ready and willing to give up the ghost. Job claims he is the innocent victim of injustice. Job asks that eternal question of ... 'why do the wicked, cruel, evil, and unjust flourish?' Job notes that the wicked live good long lives and even enjoy quick, easy deaths. Job claims he himself was generous, charitable, just to strangers and to poor, widows, and orphans. That is his self-definition. But he had his house steps washed with butter. Still Job claims that he never did anything wrong, and was the best of men.

Job believes in bodily resurrection on the Day of Judgment, the end of days. The earth shall vomit the dead and be buried up again.

Job argues what Plato later argues, that 'to depart from evil, that is understanding'.

A younger man, Elijhu, responds to Job's questions. God is god. God has no need to justify himself. God keeps man's soul from the pit...delivers man from
going down to pit...if can find one man in 1000 to redeem the 999...god will bring man's soul back from the pit. Elihu warns us against judging god.

In the end Job acquiesces to his fate, and he is rewarded. God has not lost face to Satan. But those who lost their lives are not rewarded or compensated. And I can only wonder if Job would have held out so well until the end, if he had realised that God was making him suffer so much just to win a bet with, of all people, Satan. Truly the god of the Old Testament is vain.
Psalms

I shall give yee the heathen for an inheritance. That's us folks. Make sure you take good care of your daughters and sons, so they make good slaves for the Zionist Jews.

'The wicked shall be turned into hell. .. Into the pit they dig for themselves...they shall have their portion in this life'. This means, if you happen to be among the lucky beneficiary classes, that you should enjoy the luxuries and privileges you have, because that is all you are going to get. After this life it is going to mighty hard for you!

“Hail-stones and coals of fire...lightnings...the foundations of world revealed / discovered...the blast of thy nostrils.’ This is what the unfaithful have to look forward to.

'My god, my god, why hath thou forsaken me'... 'they pierced my hands and my feet' ... the meek shall inherit the earth... Most people associate these lines with Jesus of the New Testament, but they all occur in Psalms as well.

'Let them go down quick into hell'...
Isaiah

The bible warns us all that Israel shall judge and rule over all the nations. How will it achieve this? Divide and conquer. The bible states that 'all (gentiles and Jews) shall oppress each other. We shall grind the face of the poor. We shall descend...into hell. We deny the poor, the widows, the orphans, the powerless, access to legal justice. The underprivileged are exploited / abused...and denied legal protection.

A vision appears to King Isaiah. 6 winged seraphim appear. They touch their lips to hot coals. God speaks to Isaiah. 'A virgin shall conceive and bear a son named Emmanuel. The name means 'with whom god is pleased'. Thus god is said to have said to Jesus 'This is my son, with whom I am well pleased'.

If you are familiar with the U.N plans for the U.S, in which most of the land will be emptied of humans, and turned into nature parks, the following will not come as a surprise. “Farmlands, orchards, and vineyards shall be left unkempt and wild.

God, the prince of peace...the mighty...the government shall be on his shoulders...the everlasting father...establish it with justice...through the seal of the host.

But before this, things are going to get really bad. 'Each shall eat the flesh of his own arm'. There will be famine.

And then the good news. After the final battles, when the New World Order has been imposed upon the world by the Zionist tyrants, the Jews who survive, the 'remnants' shall return, and we shall have the new Eden. It will be the paradise that my own Eden Protocols are designed to produce. As a metaphor...'a little child shall lead the bear and the lion...the lion shall eat straw like the Ox, and lay down with the lambs...' Yes, as I hoped, the New World Order will be vegan. But I am a little disturbed by the prospect of being ruled like Moses ruled his people. And I cannot imagine that a super-rich powerful elite, after having lived with every possible luxury and pleasure imaginable, with complete power over everyone, to abuse as they wish, will suddenly become nice and full of goodwill and generosity to the survivors they will rule over. I really do not expect equality.
and informed consent. So I am ambivalent about the coming new world order. I mean, it is here already, just not yet declared. And before they manage to complete their plans, there is going to be a hell of a lot of suffering and violence.

I offer you the alternative. I have NO power whatsoever to get you to even consider it, let alone to compel you to reason. I will be ambivalent at your demise. It could have been so much better. But really I cannot blame the tyrants. When did democracy ever lead to justice and equality for all sentient beings? When did humans display anything like the compassion, generosity, charity, and honesty that the prophets demanded of them?

Anyway, don't say I didn't warn you. I did my best. I absolve myself of any responsibility, as I have acted as far as my response-ability has allowed. I have always been victimised for trying to help. To think of all the good things I could have been doing for myself, when instead I have devoted my life to making this world worth reproducing. My neck, shoulders, back, eyes and head ache from just writing this.

Anyway, good luck to us all. May the better 'man' win. And may he be compassionate and humble after 'his' victory. With all sentient beings. Even you.
The New Testament
The 'Gospels': The 'Good News'

So, what's the good news? Well, you remember that, since we were kicked out of Eden, God has been punishing all human kind for the sin of Adam and Eve. They dared disobey him. Not long after that he threw a tantrum, lost his patience, and simply drowned everyone except Moses and his family. So we began again, a new civilization founded upon incest. But it is now 4000 years later, and God has moved on. He is in a forgiving mood. As long as we too show forgiveness, he is willing to forgive us. In fact he promises to treat us how we treat each other. The original 'fair deal'.

We are now entering the age of Pisces. Yes, 60 to 70 years ago, as prophesied in The Old Testament book of Isaiah, God incarnated himself as the Avatar Jesus, and allowed himself to be killed as a 'sin sacrifice'. The ultimate blood sacrifice to end all sacrifices, and pay off all our debts. Our karmic slates have been wiped clean. And now all the people of the earth, whether Jew or Gentile, have been welcomed by God, in the form of Jesus, to rejoin God's family, and enjoy his love and beneficence.

The Mosaic Law is now void. You can work on Sunday. You can eat what you like. Preferably a vegan diet, as in the Garden of Eden, and in the new Eden, the kingdom of heaven on earth, which we are told we are on the threshold of. (What they don't say is that we'll have to wait about 2000 years, until the dawning of the Age of Aquarius to enjoy it). Yes the New Heaven and Earth could arrive at any moment now, so stay alert. Cease from malice, jealousy, envy, greed, and lust. Treat even the lowest among you, as if they were Jesus, and therefore God, himself. Treat everyone as you want god to treat you. Share all your possessions. Give according to your ability. Take only according to your need. Feed and clothe and help those who cannot work and provide for themselves. But those who will not work, out of sheer laziness and selfishness, they shall not be allowed to eat. No freeloaders welcome! Make no oaths of loyalty to any state. Yes folks, the One World Government. Take no part in any war. Return good for evil. Love your enemy. Treat all people as one big, global, family. There is no longer 'Jew' nor 'Greek' (Goy-Gentile). We are all now simply children of God. Citizens of the New World Order.
Of course the Jews deny that Jesus is the son of God, the 'redeemer' prophesied by Isaiah, and maintain that 'the Mosaic law' is still valid. They expect their 'redeemer' to be like Joshua in the Old Testament. The name Jesus derives from Yeshua / Joshua. And so the Jews that did not accept Jesus as Christ and Saviour, as the new Joshua, as Emmanuel, continue to make a distinction between Jew and Gentile. The Jews are human. The Gentile is no more than a beast. And to be treated as such.

But the Gospel writers continue to push on with their own position, that Jesus is the 'redeemer' Isaiah spoke of. So it continues to describe the Communistic lifestyle we are supposed to adopt. Dissolve the traditional family ties. Avoid marriage if you can. But if you cannot still your lust, then marry. And never divorce. Never commit adultery. Remain sober. Reject all worldly desires and ambitions like a Buddha. Long for death when you shall once more be 'beings of light'.

The entirety of the Mosaic Law is now satisfied if you 'love one another as you love yourself'. If you treat the lowliest among you as if they were Jesus Christ himself, God. Just as in the Bhagavad Gita. If you are a slave, then obey your master as you would obey god. Children are to obey their parents. Wives are to submit to their husbands in all matters. The husband is to submit to the newly found Church on all matters. Some translate 'Islam' to mean 'submission'. In fact each of the four religions founded by the Zionists demands complete submission. Of course the secular religion of the Zionists, Marxism, was also a dictatorship, no less than the Catholic Church, or Islam is. That is the whole point of religion. The enslavement of humanity by the 144,000 Zionists. Religion derives from Religionare, to bind. The word 'Church' derives from the German Kirche and Scottish Kirk, which derive from the Ancient Greek deity Circe. She got her victims drunk on wine, hypnotised and mesmerized people, then fed off of them, just like every 'Church' has since.

Paul admits that death is better than life, but while you live, serve God. Serve god by serving each other, just as Krishna, and the Bhagavad Gita, and Buddha, all teach. Still your own desires. This is the basis of the Eastern religious philosophies of Buddhism, Jainism, and Hinduism. It was the basis of the teachings of The Priests at On. It was the basis of the teachings of Zarathustra. Those who observe this new law shall be judged favorably on the Day of Judgment, and enter into the Kingdom of Heaven on Earth. Anyone who dies before this Day of Judgment will be bodily resurrected in order to be judged. Those who are judged unfavorably shall be sent to suffer eternal pain, misery, and humiliation in the fires of Hell. So I guess it is not all good news! Oh, unless you like a bit of 'schadenfreude', and look forward to the delicious idea of your
enemies, all those you feel must have signed a pact with the devil in order to enjoy better luck than you, suffering the eternal torments of hell!

Please take a moment to consider how the social system that most closely observed the New Testament's call to communism, the Soviet system of the U.S.S.R, also rejected Paul's new Cult of Christianity. While the nation that claims 'In God We Trust', though intended by those who landed on Plymouth Rock to be a communist paradise, demonized communism and its followers as much as the Soviets did the Church. That nation required an oath of allegiance to be spoken even by its children. That nation has continued to wage war on the entire world, forcing its son's into battle via conscription. All in direct violation of the New Testaments explicit condemnation of such things. Oh the irony!

The books of the New Testament are made up of the writings, the 'Gospels', the 'Good News', of Matthew, Mark, Luke, Paul, and John. The first 'gospels' were written around 60 to 70 years after their 'god-man' Jesus offered us his code of ethics. The accounts of the supposed death of Jesus are contradictory, and if you read between the lines, it would appear that he never actually died, neither after being hanged from a tree, hanged from a cross, nor crucified.

However he apparently ceased his public speaking tour. His message was so simple you could put it into one sentence. However Paul felt compelled to add projections from their own self-loathing and sexism. He also felt he and his new Priest class should have immunity from secular law.

But Paul himself could not bring himself to obey the one commandment that Jesus had replaced all the thousands of rules of the old Mosaic law of the Old Testament with. The call to repay evil with kindness, love, charity, and forgiveness. Paul went so far as to pray to god to avenge him, Paul, for some 'slight' he had suffered at the hands of one of his 'competitors' for dominance of the new Cult of Christianity. And so the new cult was doomed from the start. It went on to make a mockery of the teachings of Jesus. Jesus himself pretty much predicted this. Probably why he never bothered to hang around to help with the new 'religion'. But he promised that he would return to judge everyone. Those who 'loved one another, like Jesus had loved us' would enter paradise with him. The rest would be condemned to eternal hell-fire.

So it is now left to human nature to do its best and its worst with the original ethical teachings which have been ascribed by the Gospels to a character called 'Jesus'. There is no evidence this person ever existed. There is every reason to suspect that if he had lived, that he did in fact survive his 'death'. We have no reason not to hope the best for him. That he left the public eye, and went off to live a happy life with Mary Magdalene. She was, in his own words, the only truly
'faithful' among his supposed followers. She was wealthy enough to let them both enjoy a happy, comfortable life together.

So now let us go to my 'compressed' version of The New Testament. You have had access to many translations of the full text and probably never read it from cover to cover. So take a few minutes to read this compressed version. I have simply removed the constant repetitions, which is what compression is about. If you define yourself as 'Christian', it will probably inspire you with enough curiosity to read the full version. If you don't, then it will give you insights into what you have been (not) missing.

The Marxists among you will find strength in the words of the 'original' Marxist, Jesus. The next time you witness a 'baptism', are asked to 'swear an oath of allegiance', or even to ‘swear’ on a bible in court, or to allow yourself to be conscripted into military service, you might reflect on what you have just read. I will add lots of interesting commentaries on the Bible, to place everything in perspective.

Note that even I find many of the predictions for 'the last days' appear to apply to the present. And they WERE meant to. For we are now entering the End Days of the age of Pisces. Look out for robots and interactive service providers that require the use of credit cards, personal I.D cards, and especially 'microchips' implanted in the hand or forehead, to make transactions.

I believe that the Cult of Christianity, like the Islam and then Marxism that followed it, are the products of the 144,000 Zionists who were behind WWI, WWII, 911, and the coming WWIII. They are the New World Order. Read my 'compressed' version of the Old Testament, as contained in 'Dein Kampf' if you doubt this.
Paul

Paul’s letters to the Galatians... walk as children of light... don't get drunk... wives submit to husbands on everything as man submits to the church / god... Paul says 'obey' parents... and also slaves obey masters as if the masters were god!

Paul’s letters to the Philippians... Paul would prefer to be dead, but lives to continue his work... Let each esteem each other better than themselves... serve... be humble... look to benefit others as if they were yourself... will and do good without grumbling / complaining / murmuring... Christ shall change our vile body...

Paul’s letters to the Colossians... Paul expresses his opinions against inordinate affection and 'talking dirty'... obey your masters / parents in all things! Mortify your members (reference to your sexual organs!). Covetousness is idolatry... anger, wrath... there is neither Greek (Gentile) nor Jew, slave nor free...

Letter to the Thessalonians... the dead who sleep in Jesus shall be raised first, on day of judgment... be sober, children of the light, of the day... render good for evil... if any will not work, then neither shall ye eat!... this admonition was necessary as many of the new followers who joined the new religion were lazy, and failing to contribute to the communal efforts... people should be shamed into contributing...

First epistle of Paul the apostle to Timothy... suffer not a woman to teach or usurp authority... women to be shame-faced... let a woman learn in silence and subjection... blames Eve not Adam... the man must rule his own house in subjection to the church... A Bishop and Deacon may only have one wife... seems to indicate that in the latter days, the end of days, we shall cease marrying, and become Vegans... bodily exercise profitest little... the love of money is the root of all evil...
Timothy

Timothy 2...The Asians oppose Paul’s leadership...i.e. the Greeks...II Timothy 4...Alexander the coppersmith did me much evil...may god reward his according to his just deserts! This is another example of Paul's hypocrisy in terms of forgiveness and charity, the basis of Jesus' new law and teachings.

...to the Hebrews...Jesus was a blood offering for all mankind...for the remission of all our sins. It is impossible to please god without faith...He prefers that we believe without seeing any evidence or justification for that belief!!!

James

...'do not swear by god, say only yey or nay'... your failure to help the needy, or to prefer rich people over the poor, means that your religion is in vain... faith without works is dead...visit the widow and the orphan... and the prisoner.

Peter

Be obedient children. Lay aside all malice and envy. Submit to the authority of your masters. Wives must live in subjection to their husbands. Be meek and quiet. Obey. Call your husband 'lord'. Females are 'the weaker vessel'. Charity shall cover many sins.
Matthew

Fast in secret, not openly. Don't lay up treasures on earth 'where your treasure is, there shall your heart be also'...you cannot serve god and Mammon...Judge not, lest you be judged by the same standard...Do unto others as you wish them to do unto you (The Golden rule)... Beware of wolves in sheep’s clothing (Catholics ‘and other Priests)...'by their fruits ye shall know them'...'I will have mercy and not sacrifice'... Be ye as wise as serpents, and as peaceful as doves...(doves are vegan!)... Ye shall be hated for my sake...Don't go among the Gentiles, only among the lost sheep of Israel...I have come to set people against each other...I don't bring peace, I bring the sword... Jesus will cast people into the fire...with a wailing and gnashing of teeth... on the day of judgement...A prophet is not recognised in his own house / country... 5000 people eat 5 loaves and 2 fishes, leaving 12 baskets of leftovers...a similar scene is repeated later (As Tolstoy and I agree, the reference to the 'baskets' implies that many people had, of course, brought food for themselves, why would they leave home for a trip without food, and then, following the example Jesus and his followers set, they also shared what they had brought i.e. they had brought more than enough for themselves!)... there may be no divorce, unless a wife is unfaithful, and commits adultery...(and then of course it is adultery for any man after that to then have sex with her!... no mention of what happens if the HUSBAND has sex with an unmarried woman... if the divorced woman remarries it is adultery for herself and her new husband to have sex... it is sin...therefore divorced wives may not remarry... The metaphor to 'strain at a gnat, while swallowing a camel'...refers to the hypocrisy of the 'teachers of the Old law', the Jewish priests, who are referred to as Ye generation of vipers... who are beautiful on the outside, like a whitened sepulcher, but are nothing but dry bones on the inside...

Mark

Whoever does the will of god, she is my mother, my brother, my sister...he that has will have more...and he that has little, even that little shall be taken from him (referring to wisdom and understanding, not wealth etc.!)... (Irony of calling Peter 'the rock' on which church shall be built, when in other parables it refers to arid land upon which seeds of wisdom are wasted!)... Jesus warns Peter that he will be quick to accept Jesus and his words, but that he will also prove quick to deny them when they prove inconvenient... Simon called Peter will deny Jesus thrice
before the cock crows... Simon called Peter was a fisherman...All demons recognised Jesus as god...Also god speaks 'This is my son, with whom I am well pleased', thus meeting the prophecy regarding ‘Immanuel’ (beloved of/ son of god) … who is to be born in Bethlehem according to the prophecies of the Old Testament.

It is doubtful that if Jesus' disciples really had witnessed all the miracles they claim to have, that they would have forsaken Jesus, denying him. It is hard to imagine such unbelief in people who had witnessed people being raised from the dead, healed, walking on water, stopping storms, turning water to wine, multiplying bread and fish, and so on. Let alone that they would conspire against him. In fact it is the Sun that walks on water (sunset and sunrise), and that turns water (rainwater) into wine (through the miracle of photosynthesis the sun, after rain, allows the grape vine to flourish and produce wine grapes). The cock crows at dawn, when the sun rises. It is thanks to the sun that fish multiply, and grain grows, allowing bread to be made.

Herod thought that Jesus was the resurrected John the Baptist, whom he had had be-headed at his wife/concubines request.

It is noteworthy to consider the Jewish Hygiene laws...Jews must wash their hands before eating...they must also wash any pots, cups, pans and other utensils. This is the source of modern European / American notions of Hygiene which the traveler to many parts of Asia finds, to their sensibilities, appallingly lacking.

What comes out of the heart of a man defiles him, not what enters through his mouth...

The miracle of loaves and fish is repeated, this time with 5 loaves and 2 fishes...this time they feed 4000, and after everyone is full, they are left with 7 baskets of bread and a few fish as leftovers. In the first 'miracle' it was 5000 that were fed, after which there remained 12 baskets of leftovers.

Jesus says, to Peter 'Get thee behind me Satan', after Peter says to Jesus 'Thou art the Christ'… Seems to me Jesus is trying to warn us about the Catholic Church.

God speaks, saying ‘This is my beloved son'. Remember that the name Emmanuel means 'beloved/son of god'

We are told that Elijah is indeed come (as prophesied).

All things are possible to they that believe.
Jesus will be killed and rise on the third day (like Jonah)...

Jesus says that 'The first must be the last...and the servant of them all', after he hears his disciples arguing about who should be the number one disciple...

If you receive a child, you receive god.

It is much better to cut off a limb if it offends, and to enter heaven/the kingdom of god without it, than to be cast into the hell-fire, where fire cannot be quenched.

Moses had allowed divorce, but Jesus said 'What god has joined let no man tear asunder'... remarrying is adultery... (at least for the wife, no reference is made to the man )...

No-one but god is goodness

It is easier for a camel to pass through the eye of a needle, than for a rich man to enter the kingdom of god...Ecclesiastes

You will be repaid 100 fold in heaven, what you sacrifice on earth (This is repeated over and over in the Koran, with the 'return on investment' often much larger!)

Many of the first will be the last, and the last will be the first.

If ye shall be first, ye must serve, not rule.

Jesus repeats his famous cursing of a fig tree that he has come across. It does not bear figs. The fig tree dries up and withers away. (After decades I understand this to mean that Jesus is cursing hypocrites. You shall know them by the fruit they bear means you will know who is good and just by their actions, rather than their outward appearance and mere show/impression management. Those Hypocrites receive Jesus' curse in advance.

Yee have made the temple a den of thieves

Mark contradicts other statements that god says only to pray ONE prayer, the lord’s prayer, and NOT to pray for what you need, as god already knows it. The idea that to assume god does NOT know what you need, and will not automatically provide it, is an insult. But here Mark says 'pray...believe you will receive, and you shall have whatever you pray for’ (which is what made OSHO so popular!)
The husband is like the farmer who plows and sows, taking care of his farmland, and his crops. Animal husbandry is about breeding and caring for cattle. In the universal sense it is about a man ploughing his wife's furrow, planting his seed after much grunting and groaning effort, and then taking care of the children that this husbandry produces.

'The stone that was thrown off as unworthy shall become the cornerstone'.

ABBA = father. Thus AB- RAM means 'father of the RAM', a reference to the astrological constellation of Aries, 'the RAM'.

Before the cock crows twice you shall deny me thrice

Judas kisses Jesus, the bible says, to identify him to his captors. But he was living in a small town, and already quite famous. In reality this is probably a reference to the astrological sign of Scorpio which the Sun had to travel through to complete the Age of Aries, the Ram, and bring in the Age of Pisces, the fish, which Jesus' story is all about. The scorpion leaves a bite mark that looks like a kiss, on its victim.

Jesus is condemned to death for blasphemy...for claiming to be Christ...3 times Peter denies he is a disciple of Jesus...'I know not this man of whom you speak'...

Barabbas is a murderer and terrorist rebel leader. He is chosen by the people as the 'pass-over release'...people call for Jesus' crucifixion...mocking him as king, then Jesus is lead out to Golgotha...'the place of the skull'...

Remember that this crucifixion story occurs just before 'Pass-over', which was celebrated by the Egyptians as the celebration of when the Sun 'passes-over' the equator on its return journey back to the Northern Hemisphere.

Mark says Jesus was offered wine and myrrh...but Matthew says he was offered vinegar and gall, while on the cross...(Roman law stated that the crucified was to be offered an opiate to alleviate their pain / euthanise them. Crucifixion not meant to be overly cruel. In all the stories Jesus refuses the drink. And thus he survives the crucifixion long enough for him to be taken down.

Pilot does not wish any harm to come to Jesus. He is very reluctant in sentencing him. When he writes 'king of the Jews' in 3 languages, on the cross, it is not in mockery as many believe, but as a way to clearly identify him for his followers to 'save'. 
Mary Magdalene and his Mother, Mary, along with a woman named Salomi, and other women, follow Jesus to Golgotha, where he is crucified, on the Friday, the day before the Jewish Sabbath. He is crucified on the third hour. In the afternoon. There is darkness from the 6th hour to the 9th hour. After only 6 hours on the cross, Jesus 'gives up the ghost', but not before calling out 'E-low-eye, E-low-eye, Lar-mar, Sa-bach-than-eye?', (Lord, Lord, why hath thou forsaken me?) at which moment the veil in the temple (which separates man from god) rips from top to bottom, as a symbol that man is no longer separated from god by sin. The Centurion who was 'guarding' him calls out 'truly, this man was the son of god'.

A rich man named Joseph, a follower of Jesus, goes to Pilate and asks for his body. It surprises the Romans to learn that Jesus is already dead, so soon after being 'hung' on the cross. But the Centurion mentioned earlier confirms Jesus 'death to Pilate. Pilate 'marvels' that Jesus could possibly be dead so soon. But he allows Joseph to take the body down and place it in a new tomb at his own expense. Mary Magdalene and Jesus' mother both 'behold' where Jesus is laid in the tomb.

Mark calls Jesus 'Elias'.

Jesus is laid in tomb, and no-one returns until after the Sabbath, on Monday morning. So we aren't told what happens to Jesus from around 9p.m on Friday, to Monday morning, when others return they find the stone has been moved and the tomb is empty. An unknown man tells them that 'Jesus is risen'.

Jesus first appears to Mary Magdalene.
Luke

The Angel Gabriel verifies / orders the gospels of Matthew and Mark. Zacharias and Elisabeth are barren, but they conceive John the Baptist, through the spirit and power of Elias (God), to prepare the way for Jesus, who is conceived 6 months later to Mary, a cousin of Elisabeth.

The not-yet-born John the Baptist 'leaps for joy' in the womb of Elisabeth, at Mary's news that she is pregnant. Elisabeth names her son John. This goes against the traditional practice of naming the son after the father. Thus John the Baptist would normally, in keeping with tradition, have been named Zachariah.

Caesar's worldwide poll tax leads to Mary traveling to her birth-place, Bethlehem, where she is 'registered' / counted. Jesus is born here, and circumcised. A light to lighten the Gentiles and to lead Israel. (While in other books of the New Testament Jesus tells his disciples only to preach to the Jews, and not the Gentiles)

Anna is an 84 year old prophetess.

The Jewish Priests ask Jesus, hoping to get him to admit to his 'blasphemous' claims of being the son of god, 'Are you the son of god'. He answers only ... 'Yee say it'. In this way he avoids giving them a pretext for condemning him to death. (After earlier encounters in which he had managed to sneak away before they could rile the mob up to stone him).

(You may recall that, as a 12 year old boy discussing Mosaic Law with the priests, he says to them ...'I am about my father's business' And in other books of the New Testament he angers the Priests by saying that he is the son of god).

Luke has Jesus on the cross only from the 6th hour to the 9th hour, which limits his suffering to 3 hours.

Luke has Jesus call out 'Father, into thy hands I commend my spirit', rather than Matthew's 'Lord, Lord, why hath thou' forsaken me'.

Jesus appears before 11 disciples (now Judas has taken off). But none of them recognise him by his appearance or by his voice. They see him, and speak to
him, as if he was a complete stranger to them. He says ... 'handle me'... 'See my hands and feet'… and then he disappears. (You'd have to wonder if someone was pretending to be the arisen Jesus, either because he was dead, or because he had decided to put some distance between himself and the Jewish Priests who wanted him dead).
Revelations (of John, re: the end of days)

...even now there are the many anti-Christ...we are living in the last days...whoever denies Christ is an anti-Christ...be as little children ...now we are the sons of god. Love in deed and not merely in word.

....All the competing / alternative apostles are 'liars'...e.g. Nikolaitins...bayalim, bayalat... A jezebel prophetess? Those who say they are Jews but are the synagogue of Satan (The New World Order leaders converted to Judaism in the 9th Century. They are Khazars. Not related to the Israelis.)

All creation was created for god's pleasure ... We are told to feel shame about being naked. A vision is seen concerning 24 elders, 7 flames, and 4 bizarre beasts.

References made to a Book with 7 seals. It contains 144,000 names. These are the Zionists who will control the New World Order. God and Jesus appear at same time! 7 angels with trumpets...after the first trumpet sounds there is...destruction...a burning star named 'wormwood' falls to the earth...volcanoes...a bottomless pit is opened up...locusts like scorpions, all without the 'seal of god' on their forehead' (GMO, genetically modified organisms not made by god) will torment the living for 5 months so badly that they will yearn to die, but they can't...The Beast Apollonian AbAdam is released to kill the people...fire, smoke, and brimstone...weird ugly nasty beasts will kill men...there will be a war in heaven between the angels and the dragon / Satan...here will be flood-breathing dragons... and many beasts...there will be a bizarre rule of beasts for 42 months...the mark or number of the beast will be present on the forehead or in the right hand (look out for a chip implanted in the right hand, which many U.S border guards already have received!)..666...600, 3 score and 6... This mark (chip) will be required to buy or sell anything... Idols shall be brought to life (look out for robots!) which could speak, and cause anyone who would not worship the beast (submit to the New World Order!) will be killed... a reference is made to someone who was wounded by sword but lived...Angels with scythes will begin reaping the ripe harvest of the wrath of god... pressing down the grapes of wrath ... blood / wine press...'It is done' ... 7 plagues of 7 angels...
Armageddon is a place, a great city. The name of the city, Armageddon, means 'angels gathered together in one place' (LOS ANGELES) in Hebrew...Babylon shall fall, leaving no trace...revenge on Babylon for the persecution of the prophets...the rejection of the new cult ... there shall be a rule with the rod of iron (The U.S Congress podium is flanked by 'fasci', rods, arrows, and an Axe tied together in a bundle, the symbol for Fascism / corporatism, the New World Order) ...first devil 10,000 years in hell...If your name is not in the book of life, you shall be cast into the fire..

The Old earth and heaven are now gone, and a new heaven and earth appear... a New Jerusalem...no more death or sorrow, or pain. 'It is done'. 'I am alpha and omega, the beginning, and the end...the faithful shall have the tree of life...the river of life...which flow from the throne (of god) ...HIS name in their foreheads (micro-chipped population)...eternal life....all this shall 'shortly' be done...'I come quickly' (Jesus)...

The Messiah would be a Jewish descendant of King David, Born in Bethlehem, as prophesied under the name 'Emmanuel' i.e. 'God with us'. Herod plans to kill all boys under 2 years of age, so Jesus is taken to Egypt until Herod is dead. Jesus is taken to Nazareth to fulfill prophecy 'He shall be called a Nazarene' (note Nazarites wore hear long, like in modern depictions of Jesus, though Paul said it was unmanly, and made every male wear their hair short!)...

John the Baptist was preparing the way for Jesus as prophesied... he I.D’s Jesus...a dove alights upon Jesus after he is baptised...though Jesus then says that Jesus himself will baptise with fire, and the holy ghost, which is why some sects today do NOT baptise... god calls out ‘This is my beloved son (Emmanuel), with whom I am well pleased’... Jesus is tempted for 40 days and 40 nights in the desert by Satan... Jesus goes to Galilea to fulfil a prophecy...there he collects his disciples... Don't hate....Don't lust after another's wife... the emotion / desire condemns even without the act.... it is adultery to sleep with a divorced woman...love your enemies and do good to those who hate you...give what the thief even more than he asks without resistance...turn the other cheek...pray and give alms in secret (don't let your left hand know what your right hand does)... The only prayer that you should now pray is the 'Lord's prayer' i.e. 'Our father, who aren't in heaven.....etc...' ... God knows what you need before you ask, therefore it is wrong to pray to god to ask for anything...only pray the Lord ’s Prayer... The point is to humbly accept everything that god has decided to send your way. Who are you to judge god and ask him to reconsider? He knows what is good for you. You must submit to his wisdom, and not strive for more than he sends you.
John

For John, baptism is for the remission of sins. To 'wash away' our 'sins'. But this is blasphemy, as only God can, according to Jewish, Mosaic Law, forgive sins.

Give away anything that you don't truly need. If you have 2 coats, give one to the poor.

Do violence to none.

John is put in prison for implicitly criticizing Herod and his wife when he fails to acknowledge Herod's marriage as legitimate. This infuriates his wife, who demands Herod give her John's head on a platter.

John gives Jesus' genealogy in detail. Jesus son of...who was son of...Adam...son of god... (Thus are we all sons of god!)

Jesus refused to do any miracles for the priests, angering them. They plan to throw him down the mountain to kill him, but he moves off before they can act on this plan.

Jesus sends the beneficiaries of his miracles to report to the priests, but never performs any for them in person.

The priests define the act of forgiving people of their sins as blasphemy. For only God can do that.

Levi, a rich customs official, becomes Jesus' disciple. He changes his name to Matthew.

Jesus heals someone's hand on the Sabbath, angering the Jewish priests who criticise him for 'working' miracles on the Sabbath, the day of rest. Jesus also lets his disciples collect corn from a field, on the Sabbath. Working on the Sabbath carries the penalty of death by stoning, under Mosaic Law.

Jesus warns the people about hypocrisy. 'Forgive and ye shall be forgiven...judge not and ye shall not be judged ... in the same way you treat others, you will be treated (as you do to others, so shall be done unto you!)... Remove the beam from
your own eye before worrying about the mote in your brother's eye'. (Worry about the goodness of your own actions, before worrying about criticising other people).

Jesus criticises his followers' hypocrisy again, saying 'Why call me lord, and do not what I say?'

Here Jesus says 'He who is not against us, is for us'. (But later he says that 'he who is not with me is against me!')

The priest and the Levite see a man who has been robbed, and needs their help. But they walk on by, not helping him, but the (good) Samaritan (a Sumerian who is not Jewish, and therefore not required to help by Mosaic Law) stops and helps him. This is another allegory of hypocrisy. Those claiming to be good and holy, members of the 'chosen people' do not do good as god demands of them, whereas a man the Jews define as 'gentile' and 'beast' and excluded from God's covenant, he actually does as god wills, and is good. Samaritan = Sumerian (who had no dealings with Jews)

Jesus states that 'Two commandants lead to eternal life. Love the lord thy god. And love your neighbor as yourself.'

But what is so revolutionary about his comment is that Jesus states that 'Your neighbour' is ANYONE in need of your help'. (Not just a fellow Jew. Thus 'love they neighbour' takes on a universal, rather than exclusive, meaning. It applies to Gentiles too. This is what really gets the Jewish priests riled up!)

Jesus tells us 'Give your enemy love. If thief takes your coat, offer him your jacket also'.

Jesus warns/promises that ... 'all lies / corruption will be revealed'.

Jesus reminds the fortunate that 'Much will be required of he who was given much'. Mohammed repeats the warning many times in the Koran. If you are lucky, it is a test from god, to see if you are truly faithful, and will share god's blessings with the less fortunate.

Jesus recognises that he brings contention and conflict with him, by doing away with the Jewish Mosaic Law, stating 'I will bring fire and division, not peace. My house will be divided.'

Jesus tells his followers that 'To be a disciple one must renounce everything else', including your own family, wealth, and status.
Jesus warns the lucky that ‘The rich man will be tormented in the flames of hell-fire’. But when, in his parable, Lazarus dies in poverty, he goes straight to the bosom of Abraham in heaven.

Moses and God appear!

Jesus claims that if the Jews would not believe Moses and the prophets, then they would not be persuaded by one who rose from the dead.

Jesus teaches/preaches in the temple. The priests ask him by what authority he teaches.

Those worthy of heaven do not marry.

Satan entered into Judas.

Jesus warns Peter that he will deny that he knows Jesus 3 times in Jesus' own presence.

Simon called SEETHUS = stone (re: Simon called Peter=stone)

At a wedding Jesus turns water into wine.

Jesus tells the money changers they have turned the temple into a 'house of merchandise'.

The 2nd miracle of this book is possibly coincidence. When a father left his son earlier that day he had a fever. His son's fever breaks about the same time that Jesus tells him his son is healed.

The Jews want to kill Jesus for healing a man on the Sabbath. They even want to stone the man he healed to death, for picking up his own sick-bed and carrying it off with him, on the Sabbath.

Jesus claims he is the son of god, and the Jews hate him more and more.

Jesus says honor the father as the son-in-law

Jesus promises that the evil will be resurrected to damnation, and the good to heaven

Jesus tells his disciples that they must eat his flesh, the bread of life, and drink his blood, so that they might live forever, and 'dwell in me'. (This sort of 'eating the
god-man' is traditional in all ancient cultures. It obeys the laws of homeopathic magic. By consuming part of a person, even the left-overs of their meal, you become one with them. The Aztecs of South American practiced the same rites as the Catholic Church, long before Columbus, with the same intended outcomes and meanings).

Jesus tells those about to stone an adulterer that 'ye that have committed no sin, cast the first stone'

When again challenged by the Jewish Priests Jesus states that ...'I and my father are one... I said, ye are gods and I say only I am the son of god'...

Lazarus is dead four days. He and his sister are close friends of Jesus. (Making them unreliable 'witnesses'!) Lazarus' body lies in a cave tomb. The Jews planned to kill Lazarus for 'disrupting the peace', after he is resurrected and announces this to people. (Or was the charge 'fraud'?).

The Jewish Priests fear that Rome attack Jerusalem if people believed and followed Jesus. For Jesus claims to be the one and only King. A direct challenge to Roman rule. Thus they decree that Jesus must be found.

Jesus tells us to 'HATE LIFE', and thus gain everlasting life. We must 'HATE EVERYONE'. (Note that Buddhism is based on the idea of rejecting this world).

Jesus tells us 'Be children of light'. (Which Carlos Castaneda's Don Juan tells us we all are!).

Isaiah had prophesied that the disciples and the people would not believe in Jesus. Many who do believe are too scared to do so in public. Jesus offers 'Life everlasting'.

Jesus knows his time has come. The Devil enters Judas's heart. Jesus knows.

Jesus came from and returned to the father.

Jesus washes his disciple's feet... 'If I your lord and master wash your feet...you do so... the servant is not greater than the lord'. (In other words do unto others as I have done unto you. Surely you are no better than Jesus, to refuse to serve others you consider beneath you?)

Jesus says that everything that is happening, and will happen, is all ...'So that the scripture shall be fulfilled'... 'And that you shall believe that I be he'... (The prophesied messiah).
Jesus give the new, universal, over-riding law to 'Love one another as I have loved you'.

Simon Peter claims that he would lay down his own life for Jesus, and Jesus replies 'You shall deny me thrice before the cock crow twice'

Jesus states that ...'The father dwelleth in me, and I in the father'. (The idea of a hologram, consistent with Buddha's teachings of a hologramic universe, and which many theoretical physicists are happy to validate)

Jesus says 'Ask anything in my name, and I shall do it'. (This contradicts other gospels that warn us never to ask god for anything!).

Jesus promises that ...'I will send you the spirit of the truth...as a comforter...it shall dwell in you...'

Jesus states 'I am in my father, ye in me, and I in you'. (Again the idea of a hologramic universe, and 'god in us' and 'You am I' of Hinduism and Buddhism).

Jesus promises 'Love me by keeping my commandments, and my father will love thee'.

The Holy Ghost = the comforter ... he, the spirit of truth

Rejoice as I go unto the father

The world hates you as you are not of it

Jesus tells those looking for him that he is Jesus, and to take him to the priests for trial. (In this version there is no Judas kiss!)

Simon Peter cuts off part of the ear of high priest's servant with a sword.

Caiaphas the High Priest states that it is political expediency that Jesus should die to save the people / nation, from a Roman reaction to his claims that he is the one King. But they do not have the legal power to impose death penalty, under roman rule. So they must get Pilate to have him impose their death sentence upon Jesus.

'I come to bear witness to the truth'

Barabbas is defined as a robber.
Pilate finds no fault with Jesus (which is interesting as the high priest claims that he is acting in the interests of the people, to prevent problems with the Roman authorities.) Pilate wants to release Jesus. But the Jews cry out that Jesus 'speaketh against Caesar. They call out that 'we have no King but Caesar', distancing themselves from Jesus and his claims.

At the 6th hour Jesus begins his trip to the cross, as the rest of Israel begins its preparations for Passover. Some Jews carry the cross for him in this version. He is not forced to carry it himself. Pilate writes 'Jesus of Nazareth, the King of the Jews' on the cross in Hebrew, Greek, and Latin, so that his followers can readily identify him. It seems people have trouble recognising him. Remember there was no television, not even photography, way back then.

Remember that the Jews celebrate the 'Pass-over' festival in remembrance of the night the angel told them to sacrifice a lamb, and mark their doorways with its blood. And so Jesus, the Son of God, the 'Lamb' of God, is to be the last 'blood sacrifice' that will end the need for any further sacrifices. By killing himself, like Odin in the Nordic religion, 'sacrificing himself to himself', he redeems his own promise that he will end his punishment of humanity for the sins of Adam and Eve, by paying the ultimate price himself.

Pilate orders that Jesus be crucified in Golgotha, so he remains close to the city. Soldiers rip Jesus' clothing to fulfill a prophecy. In this version Jesus is offered a Vessel of vinegar, in mockery. But this would have been a violation of Roman law, and is completely inconsistent with Pilate's unwillingness to harm Jesus, and the presence of a devout follower of Jesus, a Centurion, who never would have allowed his subordinates to break the Roman law in this way, let alone to mock Jesus.

Jesus cries out 'It is finished', bows his head and 'gives up the ghost'. And so we now have three different versions of what Jesus is supposed to have said when he 'died' on the cross / being hung from tree.

The other two crucified victims have their legs broken, but Jesus's legs are NOT broken. A soldier pierces his side, and blood and water flow, to fulfill a prophecy.

Pilate lets them take Jesus' body down at the 9th hour (so in this version, like other, Jesus is only on the cross for 3 hours, after having had his cross carried for him all the way by fellow Jews).

Note that under Roman law, which can be verified by historical documents, victims of crucifixion were given a sponge soaked in an opiate liquid which
facilitated a speedy, painless death. The victims were tied up on, and NEVER nailed to, the cross. The cross was ‘re-used’ many times. Wood was an expensive commodity in Jerusalem. It is located in the desert. Nailing someone to the wood would have damaged it, and made it hard to remove the bodies. Most of the bible accounts refer to Jesus being 'hung upon' a cross or a tree. The two men crucified next to Jesus in the bible story drink the opiate. But Jesus refuses. In one of the Gospels, the opiate is replaced with vinegar. Jesus is offered a sponge soaked in vinegar as an act of mockery and cruelty. But this is inconsistent with Roman law. It contradicts the other facts given which show that Pilate did not want to harm Jesus. No Roman had shown any malice towards Jesus. Only the Jewish Priests are depicted as malicious. When Pilate writes 'King of the Jews' in Latin, Greek, and Aramaic, he was not mocking him. He was probably identifying him so his followers could quickly find him and help him. The centurion called Jesus 'the son of god', and so he must have been a follower. Pilot bore no malice towards Jesus. He did not want him crucified. He orders that the rich follower of Jesus be allowed to take Jesus down from the cross after only 3 hours. The other two have their legs broken. I do not know if it was custom for all Jews to be taken down before the Sabbath. But this would make the choice of Friday as the day of crucifixion interesting from the point of view of a conspiracy.

They wound Jesus' body in linen.

It is interesting how Jesus, after coming back from the dead, says to Mary, his mother, ‘behold thy son' and to a disciple he says 'behold thy mother'. This is consistent with the Gospel of Thomas, which claims that Thomas is Jesus' twin. We shall consider such 'Apocryphal' gospels later.

Joseph of Arimetha is the rich man who requests the right to take Jesus off the cross and to his own crypt.

Mary thinks the resurrected Jesus is the gardener. She does NOT recognise him. He has to convince her with arguments. Again it seems that someone else is pretending to be the resurrected Jesus, either because Jesus is dead, or had 'done a runner' with Mary Magdalene, who also is not mentioned again, after Jesus' death.

The man claiming to be the resurrected Jesus shows the disciples his hands and side. They do not recognise him. This man says to Thomas, 'blessed are those who believe without seeing'. This man claiming to be Jesus goes away, but returns again later. They don't recognise him this time either. They are fishing. He performs some miracle, and suddenly they accept that he must be the resurrected Jesus, but none of them actually call him by that name.
This man claiming to be Jesus asks them to ‘Feed his sheep’.
Acts (of the Apostles)

Jesus returns to earth for 40 days after being crucified. Again that number, 40.

Judas' bowels burst in the 'field of blood' that Judas has bought with his 30 pieces of silver.

They need to replace Judas, and so Matthias replaces Judas.

Miracles of 'speaking in tongues' occur. The disciples, now missionising around the world, could not speak to anyone in their own languages, of the works of god. So God grants them 'the gift of tongues, as a fulfillment of the prophecy of Joel in his 'last days' visions.
Zachariah

Show mercy and compassion. Do not oppress the weak and unfortunate. Do not think evil of your brother or neighbour. Do not suspect others in your hearts.
Malachi

My name shall be great among the heathen ... the lord of hosts...the day shall cometh that it shall burn like an oven...the wicked shall be ashes...I will send you Elijah the prophet before that day.
Galatians (Epistle of Paul to the Galatians)

Deliver us from this present evil world. Paul curses any other Gospel giver, meaning the other missionaries competing with him for members. This is of course a direct violation of the one law that Jesus said was key to being Christian. Ironically Paul repeats it here. All the law is met by loving one another as thy self.

As ye sow, so shall ye reap. This is Paul speaking. So I wonder why he wants to reap curses?

Take every opportunity to do good, especially to other members of your own sect.

Epistle of Paul the apostle to the Ephesians (i.e. At Ephesus)

The good we do is predestined by God therefore we have no grounds for pride.

Gentiles now have the inheritance of the Jews. This is what the Jewish Priests cannot accept. They are not happy about having to share their inheritance. Jews and Gentiles are now one body, according to Paul. And so there are no longer Jews and Gentiles, just humans.

There is one body. One spirit. One god in us all.

Don't let the sun go down on your wrath. Do not go to sleep angry with another, forgive each other before going to bed.

Give the criminal honest work to do. Do NOT punish anyone. Forgive. Bear no malice. As god has forgiven you. Surely it is a key indictment of our society that we judge each other, punish each other, and imprison each other. Therefore we do not deserve God's forgiveness. We shall reap what we sow. We shall be judged by the same measure by which we judge others. Most of us are doomed to hell. But you can't complain. You were warned. Over and over and over and over again!
Corinthians (Paul's letter to the Corinthians)

Paul seems to glorify himself. He lists all his sufferings and sacrifices. He clearly needs to legitimize his own authority as head of the new Cult. His only other source of authority is his own story of his vision on the road to Damascus. He relies on his willingness to suffer and sacrifice as evidence that he is in fact worthy of the position he claims for himself.

Be foolish in the eyes of this world, as the wisdom of this world is foolish.

Greeks employ reason. Jews seek for signs.

Paul reminds us that Christians were great fornicators. They had a reputation for fornication, according to Paul. Paul mentions Appollus, one of his competitors for control of the early cult.

'Paul admonishes his colleagues, saying 'Do not take your brethren / brothers to court, as the unfaithful will judge the new cult by their behavior.' This comment of his here has been used by the Catholic church ever since to avoid legal justice, claiming that the secular courts have no jurisdiction over them. Paul states that ..'It is better to suffer whatever your brother does unto you than to make his actions public in the court'. So if a Catholic priest rapes you, it is wrong of you to seek justice, as this will ruin the public’s confidence in their Priests, and threaten the authority of the Church.

Your body is a temple. Do not forniciate.

Paul says...'It is good for a man not to touch a woman, like I'. He is making a virtue of necessity. For it is well understood by bible scholars that Paul was homosexual. 'But marriage is compromise, if you cannot contain yourself like I'. 'Each own each other’s body'. In other words monogamy is the rule. Paul was a faithful Jew, fearful of God’s wrath for his own homosexuality. So he represses it, and uses this 'thorn in his side' as a constant reminder of his weakness, and a source of humility.

'The unmarried careth for the total world. The married careth for his wife. It is well to marry, but better not to'
If you are a servant, then remain so. Abide therein with god. Note that after the Catholic Church gained power, the former common practice of 'manumission', of setting slaves who worked hard and performed some valuable service to their masters, free, more or less ceased.

Paul reminds us that Moses had 23,000 of his 'chosen people' killed, for fornication.

The head of the woman is man. The woman must cover her head. This is of course what Mohammed enforced upon Muslim women. Woman is the glory of the man. Man is the glory of god. Woman was created for the man.

Long hair is a shame for a man. Of course Paul must be forgetting that Jesus, as a Nazarite, wore his hair long. In most depictions of Jesus and his disciples, including Paul, they all wear their hair long, and look quite feminine.

When Paul states 'I am to you what Jesus is to me', I cannot help but feel that Paul has not taken his own counsel regarding pride and humility to heart, any more than he has taken Jesus' own teachings to heart.

Paul defines charity as patience, the absence of envy, kindness, and thinking no evil of others. He says that charity beareth all, hopest, and curest all things, and never fails.

Without charity you are / have nothing. But then why does Paul have so little charity for those he prays to god to curse. Even though the Jesus of the Gospels tells us never to pray for anything.

**Charity, faith, hope. The greatest is charity**

Paul says it is shameful for women to speak in church. She can ask her husband when she gets home if she has questions.

Paul states that 'If Jesus was NOT resurrected, then all Christianity is in vain'. But this is nonsense. The message of Jesus, like that of Buddha, Krishna, Jain, Zarathustra, and all the other 'prophets of love' is pure reason. It does not require any external authority other than good sense and reason.

Paul says that it is the spiritual body that shall be resurrected, not the corruptible, mortal body. Paul refers to Appolus 'our brother' (who is he?)

Let anyone who does not love Christ be anathema. This is why Christianity is a cult. It excludes non members. It teaches its members to reject non members.
Corinthians II (second Epistle of the Apostle Paul to the Christians in Corinth)

Again Paul reinforces the cult mentality. 'Be ye separate. Exclude yourself from non-cult members!'

Paul's makes references to Manna to justify his new cults’ communism. He reminds us that the Israelites all collected as much as each could, but no matter how little or how much this was, it proved sufficient for their needs, with none left over. Therefore Paul tells his followers to share their own abundance with those who lack. This is the redistributive, Marxist, basis of Paul's church, the Catholic Church.

Paul refers to the thorn in his side which gives him humility... 'I therefore glory in my infirmities’ …'When I am thus weak, I am strong'.
Acts

Saul (later named Paul) has participated in the stoning of Steven. In Jerusalem priests want to scourge Saul/Paul, but as he is a free-born roman citizen they are forced to free him. The high priest wants to hit him, but has to restrain himself, as, as a Roman citizen, Saul has the protection of Rome. And so they dare not strike him. Saul/Paul demands that the priests should explain themselves. Centurions save Saul/Paul, bringing him out of the temple and to the castle.

40 Jews conspire with the priests, giving an oath to kill Paul. Paul is warned of the plot. The chief captain of the Centurions sends Paul to Governor Felix with an escort of 200 soldiers, seeing no reason for the Priests desire to kill Paul (like in case of Jesus!)

The Jewish High priest charges Paul with sedition and heresy, as a cult leader, before the Roman Governor Felix. Paul denies the accusation. He denies any evil doing, or causing any tumult. But Felix's wife Drusilla is a Jewess. They keep Paul in prison for 2 years, just like they would under the Patriot act in the U.S, if you rock the boat, or in Germany, if you question anything the Zionists say. It is the Jews who complain against Paul without any proof. Festus wants to please the Jews and to let the Jews try him. Only Paul is a Roman citizen, and so Paul appeals to Cesar as the right of every Roman citizen to a trial by a Roman court. King Agrippa interviews Paul about why the Jews have placed a death sentence on Paul. He asks Paul what crimes they have charged him with. Paul replies that his crime is to claim that the Old Testament prophecies concerning a Messiah, a new Joshua, a Saviour, the 'Redeemer', have been fulfilled. King Agrippa sees no reason to keep Paul in chains, let alone for a death penalty. Paul is sent sailing to Italy to Julius Cesar. But Paul is stranded on the island of Melitta 3 months. While on the island he is bitten by a viper whose bite is usually lethal. But Paul doesn't flinch at all. The locals consider Paul a god, because of this. Paul finally arrives in Rome where he lives and preaches freely for two years. Thus it is ironic that the Romans who show so much tolerance to Paul are later the victims of his own intolerance. His cult goes on to gain power, and to harass, victimise, mob, and demonise, anyone who disagrees with their views. Cesar notes that the new cult is spoken against everywhere that it had appeared. But Roman law is tolerant of all religions. There is religious freedom.
Sadducees did not believe in the resurrection, nor in spirits or angels.

For some reason Paul talks of the 'Gift of the holy ghost through baptism', long after Jesus, in the Gospels, has stated that baptism by water is no longer valid.

By now Paul's new cult can claim over 3000 disciples. Paul states that each gave each according to his need, sharing all things in common. All those who believed each gave up their own property. Thus it is clear that the cult of Christianity as Paul envisages it is communist. None of the members are allowed to have private property. They are expected to sell off all their own property and bring the money to the Apostles for redistribution. Thus we have the source of Marx's motto 'From each according to his ability, to each according to his need'. It is typical that when you steal someone else's ideas, you discredit, even demonise them, to avoid people making the connection, and realising where you stole your ideas from. The Christians are to possess all things in common. When one of the new cult members, Ananias, at his wife's request, keeps some of their own property for their own private use, both of them suddenly die. Just like happened during Stalin's time among the Marxist 'noble savages' of the Soviet U.S.S.R.

Paul sets the Hour of prayer as the 9th hour.

New miracles are performed by Peter and John, by the power of God / Jesus, once more granting Peter authority.

**Paul states that as far as he knows, Pilate had been 'determined' to let Jesus go.**

**Paul says that Jesus was 'Hanged on a Tree'.** Neither hung from, nor nailed to, a cross. So we have at least three conflicting stories about how Jesus is supposed to have died. The Talmud has more ghastly versions of how they murdered Jesus.

Moses prophesied that a prophet like himself would come after him. He warns us that all who do not listen to this new version of himself shall be destroyed. Remember Moses killed over 10,000 of his own people when they could not submit to his will. Paul said the number was 23,000.

Peter and John are ordered by the Jewish Chief priests to stop preaching about the resurrection of Jesus.

Paul tells us that the original number of Jews who went to Egypt was 95 (four score and 15). From these few came the hundreds of thousands who escaped Egypt in the Exodus.
Moses spent 40 years in Egypt and 40 years wandering in the desert. He also spent 40 days on Mt. Sinai. Jesus spent 40 days on earth after his resurrection. The number 40 is repeated over and over in bible.

Reference is made to a God called 'Rinfan'

Paul, like Jesus, talks of being uncircumcised in the heart and ears.

Paul reminds us of all the persecuted and slain prophets of the Old Testament, and how the Jews were then, and in his time still, a stiff necked people.

Stephen is stoned to death for preaching. There is a great persecution of Christians by Saul of Tarsus, before his change of heart, and name, to Paul. He is empowered by the Jewish High priests to arrest Christians. Then he has a vision which blinds him, according to his own report, on the road to Damascus, where he had planned on persecuting more Christians. But miracle of miracles, his self-diagnosed blindness is cured by a miracle! I guess this sort of rubbish is what inspired John Smith, the founder of the Mormons, to try his own outlandish lies. People are so gullible! Paul claims that he is full of god. He becomes a famous convert when he is baptised. Even though the gospels say Jesus was against baptisms. Jesus was to be the last baptism. Now the famous, self-defined man of god, granted all the authority his ‘miraculous’ blinding and renewed sight could give a man, goes on to preach Christ in the Synagogues.

Paul probably really wants to believe in Christ, because he would then be free of a dilemma. He is homosexual. As a Jew, he is damned. But as a Christian, he is forgiven!

Saul /Paul escapes persecution by being lowered in a basket from a wall, as his enemies are waiting for him by the gates to slay him.

Peter and John go to Sumeria, to the Samaritans. There they lay hands on people and give and receive the Holy Ghost.

Tabitha (Dorkus)...a 'good woman'...dies... Simon / Peter brings her back to life...in Joppa.

**Simon/Peter says of Jesus a.k.a, the one ‘They slew, and hung on a tree’.** And so now we have a fourth version of Jesus' death. This time is he killed first, then hung on a tree.

Now all people are the chosen people. The gift of the Holy Ghost is now poured out on Gentiles and Jews alike. Peter goes into a trance (maybe after eating magic
mushrooms) and sees a vision...hears a voice. That voice says ‘arise Peter, slay and eat of ‘unclean' animals'. I guess the local Pork vendors association were advertising their products. Don't forget that St. George was a Pork merchant before going onto fame as a dragon slayer!

Peter and Paul preach that 'God hath granted also the gentiles salvation'. The idea is an unpopular notion for the Jews. They are no longer special. No longer the chosen people. They no longer have the right to enslave all the Gentiles. Imagine some guys going around Nazi Germany telling all the S.A and S.S that now Jews are to be considered Aryans.

The first time the term ‘Christian’ is used is at Antioch.

Herod kills James. This pleases the Jews. Herod seeks to kill Peter too. He imprisons Peter. But an angel / light appears and frees Peter from his chains and leads him out of prison. I wonder if he slipped the warden some magic mushrooms, or simply bribed him.

Reference is made to the 7 nations in the land of the Canaanites. These are the 'big 7' that were, mostly, murdered during the holocaust the Jews committed under Moses and Joshua.

God speaks to them, saying 'I have sent thee to be a light to the Gentiles, to the four corners of the world'.

Peter / once called Simon, and Paul / once called Saul, come to the decision that circumcision is not required of gentiles. Note that Hitler's dad changed his own name from Schickelgruber to Hitler. Maybe we should be wary of people who change their names? Heil Schickelgruber? Just does not have that cache now does it?

In Athens Peter says ‘God does not dwell in temples made by man.’ I wonder why all the expense of building St. Peter's then?

God has tolerated idolatry up to this point, but now he will no longer put up with it? I wonder if Peter or Paul ever read the Old Testament?

Emperor Claudius orders all Jews to leave Rome. I wonder why? Were anti-Semitic Nazis to blame? Surely there can be no valid reason why, over and over again, nations kick the Zionists off their own property? No, of course not. It is just unfair discrimination without any grounds at all. Funny how Rome did not become the world’s first New World Order until the Christians gained power!
Saul, on the road to Damascus to persecute Christians, suddenly sees a light appear, brighter than the sun. He tells us that many other people also see the light. But only Saul / Paul hears Jesus speak ... 'why do you persecute me?'. I guess they ate some of the wrong sort of mushrooms?
Epistle of Paul the Apostle to the Romans

Paul speaks of sodomy / homosexuality. Finally getting these 'urges' off his chest, and coming out of the closet?

Paul informs the Jews, perhaps to appease their wounded egos, that 'Jesus will render unto you according to your deeds... to the Jew first, and then to the Gentiles'. That should be considered a warning, but all those living in denial strangely appear to look forward to 'reaping the harvest they have sown'.

Paul reminds his flock that 'Gentiles who act righteously without the law have the law in their hearts'.

Paul reminds his followers of what Jesus constantly iterated. That is a question of actions and not appearances. Therefore it is not circumcision of the penis that matters, but circumcision of the heart! He, as a Jew, reminds everyone that Abraham was righteous via faith before being circumcised...therefore circumcision is not required.

Faith brings grace.

Paul explains how the death of Jesus could possibly atone for the sins of all mankind. He makes sense for once. He reminds us that it was one man's sin / disobedience / offense through which sin had entered, and death had reigned over all men. Actually it was God who decided that. And it is Paul who forgets that two people did the dirty deed. Adam and Eve. But women don't count in the mind of Paul. Therefore one man's righteousness and death was enough to provide for the salvation of all men, from that one man's sin / offence / unrighteousness.

Only fair, really, God made the mistake, and decided the punishment, so he had to sacrifice himself to himself to correct his original mistake. It is really god atoning for his own sin.

Ye are not under the law, but under grace. Ye are dead to the law and alive to the spirit.
Paul notes that the body has its own will, leading it to not do what the mind wills. In other words he accepts what Mohammed also accepts, that we have no free will. In Paul's case the obsession is with his own homosexual desires. He grants himself absolution. He reasons that 'I cannot chose what my 'limbs' (penis) wants. In other words his homoerotic thoughts and arousal are not within his control. And this would normally, under the Old Testament law, condemn him not only to being stoned to death, but to eternal death, and exclusion from God's grace. He argues that his 'Carnal body must die, to let the spirit live'. In other words he must repress his own sexuality to avoid damnation, and losing his soul. And therefore all of us must also hate ourselves, and repress our sexuality. Wouldn't be fair if we got to have fun when he was denying himself any fun, would it now?

All who are received by ABBA/ the father, are now children of god, and heirs, if they share in Christ’s suffering. Mere adoption does not bring redemption...we are accounted as sheep to the slaughter, to die for him all day long!

God tells Paul that 'The Elder shall serve the younger...I will have mercy and compassion on whom I will (both Jews and gentiles)'

'I will call them my people which were not my people (referring to us, the Gentiles), the children of the living god'

Jews sought not by faith, but by law. By grace and not by works.

If you love your neighbor as yourself you fulfill the law.

Serve your masters as I gave them power over you.

It is not for you to judge, but for god to judge.

Paul makes reference to Isaiah: A root of Jesse (and thus King David who was Jesse's youngest son) shall rule over the Gentiles.
People are given an 'official' interpretation / misrepresentation of the bible long before they actually read it for themselves, if they ever do, as children. An authority figure falsely asserts that the Bible says so and so, and means so and so. They assert that Jesus affirmed the Law of Moses, the Mosaic Law. But in fact Jesus ANNULLED the written law of Moses. Jesus made it clear that if you want to enter the kingdom of heaven you must rise ABOVE the scribes and Pharisees, and their hypocrisy. They are all like the fig trees Jesus curses. You must attain to the eternal law. After John, a new law annuls the old. Jesus states that this is the whole law, to treat others as you wish to be treated.

The Talmudic Rabbi's mocked Jesus and his message as 'beyond human nature'. While Marxists claim we are all 'noble savages', and basically good, the Rabbi's claim that the communism, humility, selflessness, and goodwill that Jesus demands of us are just not compatible with human nature.

Jesus' teachings are very Zen. I've explained this comment in my 'The mystery of the dream and the dreamer'. Jesus tells us we are to accept what the universe / God gives us. We are not to pray to god for anything. That would be to assume god is not all knowing, and beneficent. To assume god does not know what we need, and will not automatically provide it. To complain to god is to assume we know better, or that he does not care.

Tolstoy argues that, far from being impossible, the precepts Jesus taught would actually lead to a more genuine, fulfilling, satisfying and rewarding life. However for him it is all theoretical. He can talk about being a slave as if it were fine and good, but he never in his life had to submit to a slave master. He was rich and lived the easy life. He never had an experience of being anything like a slave. He never had to be the victim of other's malice and contempt. Like the Marxist writers, he could assume people were ultimately noble savages. He could imagine that working all day and night, watching your wife, sister, and daughters being raped, and submitting to any humiliation the 'boss' could think up, would be O.K, just as long as he gave you just enough to eat. You would survive! As if that is enough to justify a life. Of course the slave master would give you just enough to protect his human capital, and ensure it reproduced and multiplied, and his investment grew.
Basically we are to treat everyone as if they were Jesus. As if they were god. Not act as if we were god, and go around judging everything and everyone, and then imposing our judgments on other people and things. Very Zen. If we want to be forgiven, we must forgive. If we want compassion and mercy, we must act with compassion and mercy. We will get the justice that we give. That is what I call 'virtual Karma'. It is not a prediction. It is a basic fundamental law of physics. The law of equal and opposite reaction. You will get what you give. Any violence you commit, will come back and bite you in the arse. You cannot demand others treat you differently to how you treat them, so treat them all well. This includes animals. You cannot take part in any acts of violence and then pray to the Lord for peace and prosperity.

Tolstoy reminds us how fighting evil with evil has proven ineffective. Judgment and punishment have never been efficacious at eliminating violence and injustice. All past attempts to fight evil with evil, to bring peace through war, and so on, have proven failures. Thus it is the Mosaic law, man's laws, what Tolstoy calls 'Toga', that are absurd, impractical and laughable. It is in fact Jesus' teachings which are the only sound, viable, rational, practical, realistic solutions/response to evil.

If armies were meant to defend us, then consider how many of us have died in this 'defense'? How many would have died if we had simply surrendered? What do Kings do with their people? Do they kill them all like the Old Testament Jews? Who told them to kill all those people? It was Moses.

The rain falls upon the good and the evil alike. We have no right to make arbitrary distinctions. If god does not, then who are we to? Very Zen.

Never swear upon the name of the lord, or the bible, for any reason. Take no oaths of allegiance to any nation/army … for it is forbidden to divide man into nations and factions...

Tolstoy notes how any advantage we gain in this life, is at the expense of a disadvantage to another. This means any other person's advantage, and there are many more of them, must come at a cost to us. You do the math.

Do no evil to each other and there will be no evil. This must include the evil we do to other animals also.

Tolstoy was among many who noted that the nativity scene people celebrate at Christmas is nowhere mentioned in the Bible. The only other place the term that is translated to mean 'manger' appears in the bible, it refers to the well-furnished guest rooms of a large, rich person's house. The nativity scene as we know it is an
invention. Like laws against suicide. The bible never once makes any reference to suicide as a sin or crime.
Boethius, argues a-la Shakespeare’s' 'nothing is neither good nor bad but thinking makes it so'. In a Zen fashion, it is our judgments which produce our suffering, not the world.

Boethius argues that the criminal is already miserable or they could never have committed their crimes. And so we have no need to punish them. We have no need for vengeance. In fact attempting to correct their vice by punishment is doing them a favor, for you lead them to virtue, and thus happiness. Whereas if you really want to pay back their evil with evil, leave them vicious, and miserable.

After reading Boethius, and considering his arguments I came to a very Zen idea. If will was free, it could act independent of any considerations of gain, of consequences, of costs, benefits, potential outcomes, or expectations. This is pure Zen. So if you want free will, you must free your will of all judgments of good and evil. Of all 'gaining ideas'. You must 'cease striving'. Then your will will be free to accept what is, and work with it. You will avoid a whole lot of worry, fear, anxiety, disappointment, false hope, anger, and hatred. In fact all the things that add psychological, and hence physical, psycho-somatic, suffering to whatever physical pain you experience.
The New Testament as we know it was created by a committee

In 325 C.E, after murdering his wife and elder son, Constantine set off to his palace in Nicea, in modern day Turkey, to once and for all settle the disputes regarding the New Bible that had raged between the two major cults of that time, the Pauline, and the Arian, and thus determine the 'official' content of 'The New Testament', and the 'official' beliefs of all Christians. An 'official' bible was put together from the wide range of often contradictory 'gospels' in use at that time, among the wide range of Christian 'sects'. During this process 'gospels' were often re-written over and over until the participants at the conference could come to some level of compromise. The result has become known as 'The Nicean Creed'. It is this that is taught as official church doctrine, and upon which the 'beliefs' of Christians are based. It is a bible written by a committee. And not by god. Not by Jesus. Not by his disciples. But by bureaucrats.

As early as the third century C.E, Celsus criticized the early church leadership, stating, "You utter fables, and you do not even possess the art of making them seem likely... You have altered three, four times and oftener, the texts of your own Gospels in order to deny objections to you."

It was in fact not until 180 C.E that history attributes four gospels to Matthew, Mark, Luke, and John, in the writings of Irenæus of Lyons. Originally these gospels were not attributed to any particular authors.

The bible is full of so much repetition that the reader must wonder whether the authors of each part had actually been aware of the contents of the other parts at the time they wrote their own contributions. The gospels of Matthew and Luke repeat around 90% of the gospel of Mark.

The oldest, and shortest gospel, which is attributed to Mark, begins the story with John the Baptist's meeting with Jesus. It was written 70-80 years after the events it claims to describe. Why would he wait so long to write down such a momentous report?
John, aged around 90, supposedly describes a crucifixion which occurred around 80 years earlier, in his gospels, written around 110 C.E. Why believe this later description, when earlier ones speak of Jesus being ‘hanged’ on a tree?

Translation errors are abundant in the Latin and English versions of the New Testament. Simon Magus a.k.a Simon Zelotes (the Zealot) a.k.a Simon ‘Kananites’, (the fanatic) was a commander of the anti-roman Jewish freedom fighters. The English version translates this to Simon the Canaanite!

Judas ‘Iscariot’ (Sicarius or assassin), was likely a member of a terrorist group called the Sicani (Sons of the Dagger), Sica, meaning curved dagger. Sicarius was translated into Greek as Sikariotes, then later into English as Iscariot.
Jesus completely overlooked by every historian?

Among the 40 or so historians who documented the events in the region during the dates the Gospels describe, not one mention is made of any Jesus, or any of the historical and biblical events the gospels claim to describe.

The historian Philo, living in or near Jerusalem during the times the gospels refer to, made no mention of any Jesus, or of any murders of baby boys by Herod. Philo, nor any official Roman, Greek, or Alexandrian writer, neither Philo-Judæus, Seneca, Pliny the Elder, Arrian Petronius, Dion Pruseus, Paterculus, Suetonius, Juvenal, Martial, Persius, Plutarch, Pliny the Younger, Tacitus Justus of Tiberius, Apollonius, Quintilian, Lucanus, Epictetus, Hermogones Silius Italicus, Status, Ptolemy, Appian, Phlegon, Phædrus, Valerius Maximus, Lucian, Pausanias, Florus Lucius, Quintius Curtius, Aulus Gellius, Dio Chrysostom, Columella, Valerius Flaccus, Damis, Favorinus, Lysias, Pomponius Mela, or Appion of Alexandria, make any reference whatsoever to the events supposedly described in the Gospels.

The historical 'evidence' to support the Gospels consists entirely of a mere two passages in the works of a Jewish author which have since been 'outed' as forgeries, and two disputed passages in the works of other Roman writers.

A few of the more obvious inconsistencies in the Gospels and Old Testament Jesus (Jeshua / Joshua) is prophesied to be named 'Emmanuel'. So why is he named Jesus?

Mark has Jesus crucified on the third hour, while John says it was the sixth hour.

Matthew describes an angel sitting outside Jesus' tomb, the stone having been rolled away. In Luke, Jesus' friends arrive to find an empty tomb, after which 2 men share the news of Jesus' resurrection with them.

Matthew has Jesus tell us to honor our mother and father, and yet we are not to call any man on earth 'father'. Luke has Jesus tell us that Jesus said that none may become his disciple unless he hate his own life, mother, father, children, sisters, and brethren.
A character in Genesis claims 'I have seen God face to face, and my life is preserved (Gen.32:30), and yet John tells us that Jesus said ‘No man hath seen god at any time’.

Matthew 1:16 states that Jesus was the son of Joseph, who was the son of Jacob. However Luke 3:23 states that Joseph was the son of Heli. Consider, please, that Heli in Greek means ‘Sun’. Thus ‘The city of the Sun’ translated to ‘Heliopolis’. If you doubt for a moment, after reading this book from end to end, that references to Jesus are not references to the Sun, and references to his 12 apostles are not references to the 12 signs of the Zodiac, then I have not finished my task yet.

Abraham married his half-sister Sara, whom he later pimps out to the Pharaoh in return for great wealth, though claiming he fears Pharaoh will otherwise kill him to possess her. The story repeats in the Old Testament with another patriarch pimping out his wife. However, the bible clearly states; "Cursed be he that lieth with his sister, the daughter of his father, or the daughter of this mother..." in Deuteronomy 27:22, and “...if a man shall take his sister, his father's daughter, or his mother's daughter...it is a wicked thing...." in Leviticus 20:17. And yet “...God said unto Abraham, As for Sara thy wife...I bless her, and give thee a son also of her..." in Genesis 17:15-16

Now we are all familiar with the paraphrasing of Matthew 26:52, which warns that he who lives by the sword, dies by the sword. We are familiar with the teaching of 'turning the other cheek'. Then what are we to make of "Think not that I [Jesus] have come to send peace on earth: I come not to send peace, but a sword." (Matthew 10:34). And Luke 22:36 "...and he that hath no sword, let him sell his garment, and buy one."? "For I [Jesus] am come to set a man at variance against his father, and the daughter against her mother, and the daughter in law against her mother in law. And a man's foes shall be they of his own household." (Matthew 10:35-6). Jesus in fact goes so far as to state that "If any man come unto me, and hate not his father, and mother, and wife, and children, and brethren, and sisters, yea, and his own life also, he cannot be my disciple." (Luke 14:26)
The 'Jesus' story as a re-run of a universal archetype

Few people are informed about the complete lack of originality in the story of Jesus. Everything written about him was also written about dozens of earlier 'savior' figures. I have documented more of these similarities in ‘Religion’.

A Virgin birth fulfilling a prophecy. The savior’s parents fleeing their home to escape a tyrant seeking to defy that prophecy by ordering all the male children under age two to be killed. Angels and wise men announcing his birth, and bringing gifts of gold, frankincense, and myrrh. The savior lives a humble life, until at age 30 he begins performing miracles, raising the dead, giving the blind sight, and healing the sick. He is crucified between two criminals. He dies and is resurrected 3 days later, after which he ascends to heaven.

The first known example of this archetype is Virishna, and dates to 1,200 years B.C.E, over a millenia before the supposed birth of Jesus 'Christ'. And then we have Khrishna of Hindostan; Buddha Sakia of India; Salivahana of Bermuda; Osiris and Horus of Egypt; Odin of Scandinavia; Crite of Chaldea; Zoroaster of Persia; Baal and Taut of Phoenicia; Indra of Tibet; Bali of Afghanistan; Jao of Nepal; Wittoba of Bilingonese; Tammuz of Syria and Babylon; Attis of Phrygia; Xamobis of Thrace; Zoar of the Bonzes; Adad of Assyria; Deva Tat and Sammonocadam of Siam; Alcides of Thebes; Mikado of the Sintoos; Beddru of Japan; Hesus or Eros, and Bremrillahn, of the Druids; Thor, son of Odin, of the Gauls; Cadmus of Greece; Hil and Feta of Mandaites; Gentaut and Quetzalcoatl of Mexico; Universal Monarch of the Sibyls; Ischy of Formosa; Divine Teacher of Plato; Holy One of Xaca; Fohi and Tien of China; Adonis, son of virgin Io, of Greece; Ixion and Quirinus of Rome; Prometheus of the Caucasus; and Mohammed or Mahomet, of Arabia.
The Egyptian 'Christ'

Horus was the Egyptian ‘Sun’ of God. Jesus was the Light of the World. Horus was the Light of the World. Jesus said he was the way, the truth and the life. Horus said he was the truth, the life. Jesus was born in Bethlehem, the ‘house of bread’. Horus was born in Annu, the ‘place of bread’. Jesus was the Good Shepherd. Horus was the Good Shepherd. Seven fishers board a boat with Jesus. Seven people board a boat with Horus. Jesus was the lamb. Horus was the lamb. Jesus is identified with a cross. Horus is identified with a cross. Jesus was baptised at 30. Horus was baptised at 30. Jesus was the child of a virgin, Mary. Horus was the child of a virgin, Isis. The birth of Jesus was marked by a star. The birth of Horus was marked by a star. Jesus was the child teacher in the temple. Horus was the child teacher in the temple. Jesus had 12 disciples. Horus had 12 followers. Jesus was the Morning Star. Horus was the Morning Star. Jesus was the Christ. Horus was the KRST. Jesus was tempted on a mountain by Satan. Horus was tempted on a mountain by Set or Sut.

Remember that both Horus and Jesus represent the sun. Their 'birth' is announced by Venus, the morning star, also known as Lucifer, the light bringer. They have 12 disciples, the 12 signs of the Zodiac, and also the 12 hours of the day. They 'die' at sun-set. They are new-born at dawn, sun-(a) rise (n).
Mithra was said to be the son (Sun) of god who died to save humanity and give them eternal life. One classic symbol of Mithra was as a lion with a snake curled around his body, while he holds the keys to heaven. This is Nimrod symbolism and the origin of the story of St Peter, one of Jesus’ 12 disciples, holding the keys to heaven. Peter was the name for a High Priest in the Babylon mystery school. After an initiate of the cult of Mithra had completed the ritual, the members had a meal of bread and wine in which they believed they were eating the flesh of Mithra and drinking his blood. Mithra was visited by wise men at his birth who brought him gifts of gold, frankincense and myrrh. Sunday was the sacred day for Mithra worshippers because he was a Sun God and they called this The Lord’s Day.
The ancient Greek 'Christ'

Dionysus was a Sun God born to a virgin mother on December 25th. He dies so our sins can be forgiven. His epithets include, The vine, Our Lord, the Savior, the Judge of the Dead, the Deliverer, the Born Again and the only begotten Son of God. Above the head of Dionysus were the words: “I am Life, Death, and Resurrection, I hold the winged crown (the Sun).”
The ancient Babylonian 'Christ'

Tammuz, the son of Queen Semiramis, was crucified with a lamb at his feet and placed in a cave. When a rock was rolled away from the cave’s entrance three days later, his body had disappeared.

Biblical symbolism and the most ancient art of astronomy

Once you see past any literal understanding of the Bible, you are free to comprehend its true meaning, to the inner circle of the cult.

Consider the sun moving through the 12 signs of the zodiac. Thus we have a God-man, and his 12 disciples, common to so many ancient religions.

Consider how the traditional birthday of the sun is December 25th. The sun ends its Southern journey across the sky, the days becoming shorter and shorter, at the winter solstice occurs on the 21st / 22nd of December. This is the shortest day of the year. Three days later, the sun appears to begin its northerly journey once more, and the days become observably longer. And so the sun is said to have died on the 21st/ 22nd, and then arisen, been re-born, on the 25th. Thus our god-man dies, to be reborn 3 days later. In most graphic depictions of the zodiac we see the sun at the center of the 12 signs, mounted on a north-south / East-west cross. For example, Jesus, Horus, and Tammuz all 'die' on a 'cross', and 'rise' from the death 3 days later to assume their rightful power.

The notion of a virgin birth may seem to us to represent a birth free of sin, but there is another more compelling reason, which predates the notion of sin. The astrological calendar is known to have originally began in the constellation of Virgo (the Virgin), and the so sun-god came to be "born of a Virgin."

All the other epithets applied to the various god-men also clearly apply to the sun itself. The sun is the "Light of the World." The sun "cometh on clouds, and every eye shall see him." The sun rising in the morning is the "Savior of mankind." The sun wears a corona, a "crown of thorns" or halo. The sun "walks on water," The sun's "followers," "helpers" or "disciples" are the 12 months and the 12 signs of the zodiac or constellations, through which the sun must pass. The sun at 12 noon is in the house or temple of the "Most High"; thus, "he"
begins "his Father's work" at "age" 12. The sun enters into each sign of the zodiac at 30°; hence, the "Sun of God" begins his ministry at "age" 30. The sun is hung on a cross or "crucified," which represents its passing through the equinoxes, the vernal equinox being Easter, at which time it is then resurrected.

Similar arguments apply to the Christian cult’s adoption of fish symbolism, and the idea of the disciples as 'fishers of men'. The fish was also the sign of the Nimrod/Tammuz, the god-man, father-son, of Babylon, which predates Jesus, and of the Ancient Greek Pythagoreans. The fish symbol has mathematical significance related to 'Phi'.

At the time Jesus was supposed to have been born, the Earth was entering the astrological house of Pisces. A new age was being born. The age of Pisces.

The end of the world, or the start of the 'New Age', the 'Age of Aquarius'? When the gospel translators translated the Greek aeon as world, they produced the idea of the end of the world. But in fact aeon means age. We are not facing the end of the world, but the end of the age, the 2,160 years of Pisces. We are in fact entering the Age of Aquarius. It is this 'aeon' that astrologers all over the ancient world predicted to be a new age of peace and enlightenment. The Mayans predicted this new age to begin in 2012.

3 hours of darkness after the god-man dies

“And it was about the sixth hour, and there was darkness over all the Earth until the ninth hour. And the Sun was darkened...” Luke 23-44,45

The Hindu Krishna, Buddha, the ancient Greek Bacchus, Mercury, and the heroic Hercules, the ancient Germanic 'Baldur', the Mexican Quetzalcoatl, the Iranian Zoroaster, the Egyptian Osiris and Horus, and the Babylonian Adonis/Tammuz, like so many other 'Christs' who pre-date Jesus, all die, descend into 'hell', and rise from the dead after 3 days. It is clearly a reference to the Sun reaching the 'end' of its journey south, appearing to have 'ceased', and then beginning its 'return' journey 3 days later.

Easter, the vernal equinox, is the ancient day of celebration of the renewal of nature and fertility. This is the day where the hours of daylight equal the hours of night, in the Northern Hemisphere. Thus we get the 12 steps of Horus, the 12 hours, at this time. So it makes sense that Jesus and Horus are both born at this time of the year.
After this day the days become longer than the nights. Symbolically this represents the victory of light over darkness, of life over death. Celebration of Easter is a universal rite among all cultures and religions.

The Church adopted the earlier celebrations surrounding the spring equinox. Thus their god-man, like so many others, dies and is resurrected in spring, in tune with the renewal of nature which occurs at this time. The god-man who most directly preceded Jesus among the Romans, was the sun-god Mithra, whom they celebrated as being crucified and was resurrected on March 25th. It is in fact the cult of Mithra which the new Roman Catholic Cult of Christianity based most of its holy days and celebrations on. It simply adopted the then current beliefs, rituals, and beliefs, to the new cult, which had gained favor with the Emperor due to his desire to centralise his power under one universal religion.

Sun day, celebrated by the Romans in honor of Mithra, their sun god, was adopted as the 'Sabbath' of the early Roman Catholic Church in 364 A.D. Note that Christian churches are built east to west with the altar to the east, so the congregation faces east, and thus the rising Sun.
The New Testament Wedding at Cana, in reality, refers to the ancient spring fertility rites known as ‘The Marriage Festival of Canaan’, the symbolic marriage of the Sun-god and the earth-goddess. The sun marries with the earth to produce wine from the water that falls on the soil. This is of course all that can be observed of the production of grapes. Grapes require sunlight, soil, and water. And so it is the 'sun-god', the son of god, who ultimately turns water into wine (with the help of the earth-goddess!)

Ra was a Sun God in Egypt. His full name was Amen Ra. That is why we say "A-men" after our prayers.
Jesus was a 'master', but master carpenter?

The English miss-translation ‘carpenter’ resulted from the Greek translation ho tekton, which was a translation of the Hebrew ‘naggar’. These designate a master craftsman, not just in carpentry, but in any pursuit. The story of Jesus in the Temple at age 12 arguing with the priests would imply that Jesus was in fact a master teacher / scholar, rather than a carpenter. The translation is probably motivated by a desire to present Jesus, like all the god-men who had preceded him, as a person of humble background, to appeal to the working classes, and encourage humility in all the slaves.
The forgotten manuscript

In 1958, a manuscript was discovered at a monastery at Mar Saba, east of Jerusalem, which shows how the Jesus story was rewritten by the Church whenever it suited them at the time. It was found by an American, Morton Smith, Professor of Ancient History at Columbia University, and it included the content of a letter by Bishop Clement of Alexandria, Egypt, an early Christian father, to a colleague called Theodore. It also revealed an unknown segment of Mark’s Gospel which had been suppressed.

The manuscript makes references to the effect that Jesus was understood to have engaged in possible homosexual practices involving the ‘rich young man’ mentioned in Mark’s Gospel.

Bishop Clement, upon confirming a charge made against the church that it had suppressed part of the Gospel of Mark, which would indicate that Jesus had engaged in homosexuality with the ‘rich young man’ in Mark’s gospel, stated that anything which contradicts the official church view must be denied, even if it is true...’For even if they (critics) should say something true, one who loves the Truth should not, even so, agree with them... To them one must never give way; nor, when they put forward their falsifications, should one concede that the secret Gospel is by Mark - but should deny it on oath. For not all true things are to be said to all men.’”

There are too many 'apocryphal' gospels to mention here. The fact is that at the council of Nicea, in the 4th century C.E, more documents were excluded from the official bible we have inherited, than were included. And those that were included, were blatantly edited. The Vatican admits this. It is no secret among bible scholars.
The number 12

The Sun travels through the 12 signs of the zodiac, during the 12 months of the year. Horus takes 12 steps across the sky. Hence our word 'Hours'. Most mystery schools have adopted this 12+1 symbolism. Thus we have King Arthur and his 12 knights of the round table. We have Jesus, and man of the earlier 'god-men' having 12 disciples. We have Himmler and his 12 SS knights. (Today you can still visit Wewelsburg, near Paderborn in Germany, and see the chamber with 12 stone 'seats' in a circle around one 'seat', with a large stone swastika relief in the floor, representing the sun). We have the book of revelation's with its female figure with a crown of 12 stars. The Babylonian goddess Semiramis (Egyptian Isis) has a halo of 12 stars. The EU flag has a circle of 12 stars. We have the Scandinavian / old German 12 Drottars and the god Odin. Jesus starts his 'career' at age 12. Jewish boys become 'men' at age 12. Jewish girls become 'women' at age 12. There are 12 semi-tones in an octave. Many buildings and statues of ancient cultures were built in proportions based on the number 12. 12+1=13, considered the most holy of numbers. Remember that there are 12 tribes of Israel, plus the Levites, who are to be the priests / judges / dictators of the Jews, and later of the entire world. The original manifesto of The New World Order.
One thing you will note if you read the entire bible, is the repetition of the numbers 40 and 7. 7 is of course the 'Sabbath'. Genesis says God created the world in 6 days, and on the seventh day he rested. There are seven churches of Asia, seven golden candlesticks, seven stars, seven lamps of fire, seven seals, seven trumpets, seven angels, seven thunders and the red dragon in Revelation with seven heads and seven crowns. The story of Jericho has Joshua marching his army around the city for seven days, accompanied by seven priests carrying seven trumpets. On the seventh day they circle Jericho seven times and the walls come tumbling down. In the story of Noah, seven pairs of each animal go into the ark and seven pairs of each type of bird. There are seven days between the prediction of the deluge and the rain and seven days between the sending of the doves. After the flood Noah begins his seventh century. Many of the names for the symbolic deities, such as Abraxas of the Gnostics and Serapis of Greece have seven letters.

Then there is 40. Adam enters Paradise when he is 40 years old. Eve follows 40 years later. During the Great Flood it rains for 40 days and 40 nights. Seth is carried away by angels when he is 40 and is not seen for 40 days. Moses is 40 when he goes to Midian and he stays for 40 years. Joseph is 40 years old when Jacob arrives in Egypt. Jesus goes into the wilderness for 40 days. After his resurrection, Jesus spends 40 days on earth.

Ancient Arabic literature also features a continuous repetition of the number 40.
The powerful vibrational frequencies of numbers and symbols

Certain numbers, symbols, and colors, have become defined as 'holy' or 'magical' or 'powerful', universally, among all known cultures, across all recorded history. They are said to resonate with particular frequencies, and to resonate with every living being at a sub-conscious level. Thus we get certain 'chants' such as ‘Ah (Alpha or the beginning)-oh (the middle)-Om (Omega or the end / last). E-loh-im in Hebrew/Palestinian. Dawn, Midday, and Sunset. Alpha is considered the beginning, and Omega the end. Many ancient monuments have been built upon the intersection of supposed 'lines of power'. Thus we get one newer cult building the shrines to its gods and god-men upon the ruins of earlier cult sites, finally with 'modern' churches and mosques being built over their ruins.

The idea that certain numbers or syllables / words were magical or powerful is known to most of us in the phrase 'abbra-ca-dabbera'. Viking runes are another example. The color purple was exclusive to members of royalty, and wearing it could get you killed if you were not royalty.
King Solomon

The Levites describe a King Solomon and his temple, in what we call the Old Testament. However there is no other reference in any historical texts to any King Solomon, nor of the Exodus of the Israelites, nor of the Egyptian army following them and being drowned. There are many known ancient documents written by well-known figures such as the Greek Historian Herodotus (485-425 B.C.E), who had personally traveled and researched the lands and history of Egypt and the Near East, who are completely silent upon any of the events the Old Testament claims to be a record of. Such writers had no known reason for any anti-Semitic bias.

The three syllables in Sol-om-on are all names for the Sun. Today we speak of the Solar system. Akhenaton is perhaps the most famous of 'The Priests At On', a.k.a Heliopolis a.k.a 'The city of the Sun', although one way the term 'Moses' was used, in Egyptian, was to indicate someone was a 'Missionary' of the Priests at On!

Manly P Hall wrote that Solomon and his wives and concubines were symbolic of the planets, moons, asteroids and other receptive bodies within his house - the solar mansion. Solomon’s Temple is symbolic of the domain of the Sun.

The city of Nazareth

The Gospels tell us that Jesus was born in Nazareth, in Bethlehem, after his parents were forced to travel back to their birthplace to be entered in the Census and pay the poll-tax ordered by Herod. However there is no historical record of any place called Nazareth. It is not mentioned anywhere, by anyone, until the 4th century C.E. It probably derives from the term 'Nazarene', or healer.
Some more interesting Bible and Talmud stuff

Torah = 'the law' in Hebrew. The term was first used by Ezra (the priest) to refer to first five books of Moses.

The Talmud states that 'where a fetus 'pursues' a woman, she may abort it'.

The bible makes no reference to suicide, either for or against. It is an invention of the priests to define it as a sin. Jesus says nothing on the matter. Nor does Moses. If you want to claim that 'thou shall not kill' implicitly includes killing yourself, then think again. For Moses kills an Egyptian and flees Egypt for a time. Moses later orders thousands of his people killed for dancing around the golden calf. Moses orders his people to commit acts of genocide, over and over again.

Jesus demands that you love each other. He tells us not to pray anything other than 'The Lord's prayer'. And before you pray you must reconcile yourself with anyone you are angry with, or is angry with you. You may never define your own anger as just and another person's anger as illegitimate. Jesus stated, as a categorical imperative, 'Do not be angry'. The popular mis-quote adds 'without a cause'. But Jesus never said that. He said clearly that there is no legitimate reason to be angry with anyone. You must love your enemy. You must be at peace with everyone before you begin praying. Jesus demands unconditional forgiveness. This is how you become worthy of God's unconditional forgiveness. And this is pure logic. When everyone forgives everyone else, then all is forgiven.

Jesus says he is to be crucified according to Mosaic Law, so that in dying he fulfills it, once and for all time, and thus annuls it.
The Talmud, Christian Zionism, and hiding secrets in the open

The best place to hide something is right out in the open. People look in all the dark corners, and through all the locked drawers, safes, and jewel boxes. They look right past things that are out in the open. Especially if you are masters of spin, and have the power to define reality. The mass media defines reality for most people. If you control the mass media, you get to define reality, as far as our political system requires you to. You have had the Old Testament on your shelves for centuries. The Torah has been translated into your language for centuries. The Federal Reserve System has been around for centuries. The Zionist’s have been working at their plan, mostly openly, for centuries. But you have been looking for your 'boogey' men elsewhere. The facts have been staring you in the face, but your attention has been mis-directed by the magic masters of the mass media. You missed the trick being set up. Now you look in the wrong places to work out what is going on. You look where the mass media direct your attention. You consume the mass media definitions of who is the terrorist, who is the threat, who you should be scared of, who you should be investigating.

Most people with a Judea-Christian-Muslim background are familiar with the Old Testament. But to focus exclusively on it would be overlook a possibly even larger part of the Zionist story. And overlooking it is exactly what the Zionists want you to do. Because when you take a look at their Talmud, you will see that the Zionists are not Jewish at all. They have no connection to the 12 tribes of the Old Testament, or their leader, Moses. The Zionists have played a successful trick on all the Christians of the world. That is how they got the Christian fundamentalists in the U.S to support them.

Remember that Reagan was a self-professed ‘Christian Zionist’. Reaganomics was all about printing money and spending money you didn't have. It almost succeeded at bringing the world to financial collapse. Most of the debts that the U.S people have today were inherited from the Reagan years. It was impossible for any president after Reagan to 'balance the books' and 'correct' the markets, without a massive worldwide economic meltdown and collapse. We saw it happen in the last stock market crash. In order to stop a complete meltdown, Obama's bin Lie'in had to let the Zionist Central banks print 15 Trillion U.S dollars, to keep the ponzy scheme from collapsing. Not that the Zionists do not
want a total collapse of the world economic system. They do. They just want to
time it perfectly. It is coming. The house of cards petro-dollar Central banking
ponsy scheme known as the U.S dollar is going to fall. When the Zionists want it
to.

It is of interest that the U.S public never realised that the huge bailout of A.I.G
was actually a bailout of many private banks which were not officially bailed out.
Those banks got their money back through A.I.G. Of course the other 'too big to
fail' banks and companies were also bailed out. The poor got to see the truth
about welfare. It goes to the rich, and not the poor.

The first five books of the bible are considered to have been written by Moses.
Actually written. They are called the Pentateuch. They contain the 'Mosaic law'.
Other books were later added, to make up the Old Testament as we know it.

But the Pentateuch, the five books of Moses, form only a part of the Jewish
'Torah'. Many of us are familiar, from Hollywood war films, with the Japanese
'Kamikaze' war cry of 'Tora, Tora, Tora'. It is also the war-cry of the Zionist,
whether Jew or Gentile.

The tradition among the Levites, the Priest class, the 13th tribe, is that at the time
Moses was receiving the 10 commandants, up on the Mountain, down below, the
Levites were receiving their own messages from god. These form an oral
tradition known as 'The Talmud'. The word 'Talmud' more or less translates to
'mouth to ear'. While the books of Moses were said to have been actually written
down by Moses, the Talmud was only written down around 70 C.E, basically
around the same time as the first 'Gospels' of The New Testament were being
written down.

The ‘interpretations’ given in the Talmud are given precedence by modern Jews,
over the Mosaic Law contained in the five books of Moses. Moses claimed the
transferred authority of being the spokesperson for god. The Talmudic writers
claim the same authority. However their ideas often conflict on the most
important matters. In the Mosaic Law, lending money for interest, or 'increase', is
a sin. It is the sin of 'usury'. The Talmud also overrides Mosaic Law when it
comes to the manumission of slaves, and bonded servants. Mosaic Law
commands them to release any slave or servant after 7 years’ service. The Jews
were among the biggest slave traders, and among the last to stop trading slaves.

Anyone who does a deal with someone who defines themselves as 'Jewish'
should be aware that when a self-defined Talmudic Jew makes a promise to a
non-Jew, they are automatically, implicitly, in their hearts, holding their fingers
crossed behind their backs. They are not liable, according to their own system of ethics, to honor any contract with a non-Jews.

Further, the Talmudic writers have employed an ingenious scheme for expressing their true opinions, and the true Talmudic law, without facing immediate expulsion from the Gentile community. For no Gentile would accept the true teachings of the Talmud. The Talmud pretends to be offering mere interpretations and commentaries by famous Talmudic Rabbis, rather than clearly stating any one Talmudic 'position'.

They avoid letting Gentiles know their true law and intentions. So where the Talmudic teacher and then student knows definitely which interpretation is the official one, say, that a Jew is not obliged to honor any contract with a non-Jew, or that the non-Jew is not a human and therefore has no human rights, or that it is O.K to rape a 2 year old girl, if a Gentile confronts them, they can show the Gentile the 'alternative' interpretations, written side by side with the 'nasty', completely unacceptable one, which say, no, the Jew must honor all his contracts, may not rape 2 year old girls, and must treat all people equally. But the Talmudic teacher and then their student know exactly which interpretation is the real, official, Talmudic one. The other 'interpretations' expressed in the Talmud are for Gentile eyes. They are typical impression management, like almost every official document of every government or organisation I have ever dealt with. So no anti-Semitism here. I am against or for things in principle. Based on principles of truth and justice. I am a sentient being. I do not act or think on the basis of being human, or white, or European, or German, or a member of a particular religion, tribe, or SES group.

O.K, sure, our own legal codes are similar, allowing loop-holes for the rich and powerful so they do not have to obey the same laws as the rest of our rabble, and Judges get to decide on which 'interpretation' to make themselves, when setting precedents, or which past interpretations to use, when formulating their judgments. Of course there has always been one law for the rich, Gentile or Jew alike, and one for the poor, Jew or Gentile alike.

The Talmud includes details on how to make magic charms and amulets for protection. This sort of magic, witchcraft, or sorcery is explicitly banned by Mosaic Law.

More sinister, though, are the laws relating to non-Jews. The Talmud allows a Jew to stab a Gentile, a non-Jew, even on the Sabbath, during the festival of Purim, at which Jews are cleansing themselves of any guilt for their actions in the previous year. This is a massive statement. Given that the Jewish Priests wanted to stone Jesus to death for bringing Lazarus back from the dead, on the Sabbath,
and even to stone Lazarus to death, for getting up off his death bed and carrying it away. The message is that killing a Gentile is a good thing. It has priority over all the law. The Mosaic Law, and Jesus' new law, both state that the priority is charity, to love one another. Just compare the difference here between Zionism and Mosaic Law, and Christianity.

The Talmud defines all non-Jews as mere 'cattle'. That is what the term 'Goyim', which even Freud used to describe non-Jews, means.

To illustrate the power of the Zionists, John Paul II officially cleared the Jews of any guilt for the death of Jesus. However if you read the New Testament it is perfectly clear that the Roman Pilate does not want to kill Jesus, and he is only doing it because the Jewish priesthood is insisting. Pilate even lets Jesus' people take him down from the cross alive, and to take him away to freedom. I will explain that later. The Vatican in fact has plans to censor the Gospel of John, to remove anything that might be considered 'anti-Semitic'. So expect the new Hollywood version of 'The Passion of Christ' to show the Jewish priests desperately fighting to prevent the Romans from taking Jesus and killing him. They will fight and fight, but they just will not be able to convince the Romans not to kill Jesus. Pilot will be the bad guy. I wonder what motive they will ascribe him?

Many people rightfully connect the legalization of abortion with the Jews. The Talmud says a fetus is not a person until it is born. It may be killed at any time before its birth. Even a fully viable 9 month fetus, on the verge of being born, may be killed. The only condition that needs to be met is that the mother does not want it. If it is ‘pursuing’ the mother.

Rabbis and Jews are considered to be above suspicion when it comes to sodomy. Just like Catholic priests! In fact if a victim informs on a Priest or Rabbi, the victim is by definition lying. Accusing a Rabbi of sodomising you is considered, by the Talmud, to be a worse crime than raping a child.

The holocaust victims are defined by Talmudic Rabbi's as reincarnated Jewish sinners. Many currently living Jews have been identified by Rabbis as the reincarnation of famous biblical figures.
The Holocaust industry

Question any point of 'fact' that the 'Holocaust industry' spews out, and you are immediately shouted down as a 'holocaust denier'. That would be the equivalent of shouting down, and silencing, anyone who was not a theist, as a 'god denier'.

Let’s start with some facts that might open your mind a little. The entire German military killed around 1 million enemy soldiers during WWII. In its entire field of operations. Including every bomb thrown and dropped on the enemy. Every torpedo. Every rocket. The Germans suffered total losses of over 6 million people. And still we are to believe, though few Jews or historians today accept the figure, that the Nazi’s killed over 6 million Jews, a large proportion of whom were actively contributing to the war effort through forced labor in the labor camps.

Do you believe he supposed survivors of death camps who testified to having seen Jews being thrown alive into a cage with a bear and an eagle, to be torn to death? Do you believe reports of 7 train loads of Jewish hair destined to be made into mattresses? Do you believe the story of the ‘survivor’ who managed to survive 9 different death camps? Do you believe his descriptions of the 9 death camps? Prisoners being mass murdered via electrified floors? The ‘bear and eagle’ and ‘electrocution’ stories were officially accepted during and after the Nuremberg trials. They initially formed part of the whole ‘Holocaust’ narrative. Like the figure of 6 million murdered in Auschwitz was official until the Zionists had to begrudgingly admit this was an exaggeration. Do you think it was a coincidence that the same 6 million figure was being published by Jewish owned newspapers around the world even before WWI? Decades before Hitler. Not a single serious historian today accepts the 6 million figure, or the stories about bears, eagles, and electrified floors. The last serious researcher who visited Auschwitz was later imprisoned in Germany for over half a decade, simply because that researcher reported the fact that there were no traces of Zyklon B to be found anywhere on the Auschwitz site. And scientists agree that Zyklon B traces would have been discoverable, even at this late date.

The term 'Holocaust' was first used to describe all the horrors of the 20th century, which was referred to as 'The holocaust age'. 'Caught in the Holocaust that was Dresden' was the title of a Marvel comic of the late 60’s. The comic dealt with
the deliberate fire-bombing of a city packed with civilian refugees by Churchill and Roosevelt. Only in 1977 was the term appropriated by the Zionist media machine, to refer exclusively to the suffering of Jews during WWII. The first big media campaign was the famous 1978 TV series 'Holocaust', which purported to show the truth about the Nazi's treatment of Jews in Germany, France, and the other occupied territories.

Did the Jews really suffer any more than any other group during WWII? 55 million people died as a result of WWII, during the same period as the putative murder of the Jews by the Nazi's.

Today no-one is allowed to question the 'official' history that was written by the victors, and by the Jews. Remember the ‘official’ narrative that gave Germany 100% guilt for WWI? No serious historian would support that ‘official’ version of history. Today to even question the ‘official’ version of what happened to Jews in German occupied territories during WWII is considered distasteful to most people. And to do so is defined as 'heresy' by the establishment, and the Jews. In Stalin’s U.S.S.R to do so was a crime. A crime which carried a death penalty. It is considered 'heretical' to challenge the Zionist Orthodoxy. As soon as a person even begins to voice any skepticism about the wildly exaggerated stories and statistics offered by the Zionist propaganda machine, they are automatically and reflexively shouted down. They are defined as a 'denier'. Not as a questioner, or as a well-intentioned skeptic.

Implicit in the term 'denier' is that they are denying the truth. It is a loaded term. Implicit in the term 'denier' is that the facts are clear, obvious, and beyond any question, and thus anyone who raises any doubts is seen as willfully denying the facts, and their motives are immediately questioned. They are labeled as anti-Semitic.

The Zionists have always been so good at manipulating public opinion that even Adolf Hitler, until very late in his life, found anti-Semitism to be completely irrational. He describes how expressions of anti-Semitism on the part of people he was talking too made him feel physically ill. He, like us all, had been conditioned to have this reflex response to any criticism of Jews. He had, until after experiencing life as an adult in Vienna, considered it completely un-German to be anti-Semitic.

I must have the right to skepticism. We must all have the right to doubt 'official' historical 'facts'.

An entire 'holocaust industry' has emerged, which provides a range of political and financial benefits to the Jews and Israel. Ask them, they will be the first to
admit it. Has any other ethnic group managed to get millions of taxpayers’ money to build a memorial to their own suffering during WWII?

A nation of around 8 million with so much power over the greatest world power? Ask any politician in the U.S. They will be the first to admit that no-one will get any campaign financing, let alone stand a chance at being elected, unless they are pro-Israel. Not neutral. Pro. In other words NOT to be PRO-Semitic, makes you automatically anti-Semitic, to the Zionists. No politician or prospective politician, or ambitious military or civil public servant, would dare risk speaking out against the Israeli occupation of Palestine, or the human rights violations and war crimes committed by Mossad and the Israeli military. This is not natural and normal. It is something that must demand our interrogations and investigations.

The Soviets admitted that THEY constructed the gas chambers now put on show as Nazi gas chambers. Every one of them. There is not a single gas chamber anywhere in the world that was built by the Nazis. And there is no evidence anywhere that the Germans or Nazi's ever destroyed a single one of their labor camps or concentration camps until long AFTER occupation by the Soviet and Allied powers, and under orders of those occupational powers.

The Soviets built the gas chambers which the public are paraded around with the deliberate intention of criminalising their main competition, the National Socialists. They were built for propaganda purposes. For re-education purposes. To break the spirit of the Germans in East Germany. To destroy the morale of the German nation. To demoralise the Germans. To discredit National Socialism, at the time the only real competition for the Marxist Zionists, to the whole world.

And never forget that Marxism was disingenuous on the part of the Jews who founded it and organised it. The point of Marxism, as Hitler explains in ‘Mein Kampf’, was to discredit and undermine any attempt at raising working conditions for the masses. It was part of the typical ‘Dialect’ approach of Zionism. Set up opponents. Wait till they destroy each other. Then walk in and take control of a divided, weakened world.

Free market capitalism has rarely been sought, let alone attained. The Zionists are Fascists. Corporatists. They believe that they should rule through a group of corporations, without any public accountability. They talk of capitalism but their words are as empty of integrity as any of their Marxist writings. Social democracy, with a fully functioning, Adam Smith style free, transparent, competitive, commons regulated market, has never been attempted. It is my ambition. The Zionists fear it will work, and deprive them of prospective power.
The Zionists intend to discredit both Socialism and Capitalism. They made sure the Soviet system failed. They are ensuring that the capitalist system as we know it will fail.

But in fact true communism, as Jesus preached, and true capitalism, as Adam Smith promoted, have NEVER been tried. In fact the true synthesis of both would be the Social Democracy I promote with my Eden Protocols in my TROONATNOOR books. But I fear the Zionists have already come too far with their plans, and I will have to wait many thousands of years for a chance to prove to you that there is a better way to be. A lifestyle without violence, injustice, or cruelty.

I hate to have to talk about the Nazi reign of terror. Not just because I risk losing my ‘freedom of speech’ and any chance to gain your trust, and get you to read my books. But because it is so easy to be misrepresented by our common enemy. But I must persist, or I would not be able to claim to be an authentic philosopher. I am not about public relations and popularity. I am about truth, justice, and freedom.

The only official records that exist, from a nation defined in the world's mind by 'organisation' and 'record keeping', are official International Red Cross camp records of 75,000 deaths over the entire life of Auschwitz. The deaths were from Dysentery and Cholera. Most of the documents I have managed to gain access to refer to the deaths as undesirable, as representing a loss of manpower. That said, I have seen copies of documents ‘purported’ to have been written and signed by Hitler which indicate that he really did set out to exterminate Jews at death camps.

Correct me if I am wrong. Don’t just assume it. Find documents to contradict the following. Because everything I claim is well documented, if you bother to check. For example 370K deaths were registered by the International Red Cross in all the German Concentration camps combined. This figure includes Gypsies, Homosexuals, and criminals. Independent monitoring by the International Red Cross stated that the prisoners were treated well.

It was only near the end of the war, when supply lines were cut, that disease and starvation occurred. Between 50 and 300,000 Jews were reported officially to have died in prison camps in Nazi Germany. Note that the barracks were heated in winter. Jews were the best doctors in Germany. How is it that 4.5 million Jews could survive the war, if 6 million had been killed? Were there more Jews in the world in the 1940s in the German occupied territories than there are in the U.S today? Where are the records to prove the Jewish claims of the holocaust? Does
anyone dare publish records to the contrary? Would Angela Merkel even allow it?

Corpses in the famous photos used to ‘document’ the Nazi war crimes, and which are today on show in the memorial in Washington, were actually Russian prisoners of war who had died of disease and malnutrition near the end of the war, after the Russians and Allies had cut all the German supply lines. Jews who died near the end of the war were cremated. Even ex-inmates admitted this fact. There were not enough chimneys to have made it possible to conduct the mass exterminations that were claimed after the war. If you want to argue that the Nazi’s destroyed them, then show me the remains. None were ever found. The Nazi’s kept immaculate records of the concentration camps. They were as proud of them as of any other of their actions. The doors to the supposed gas chambers in Auschwitz that visitors are led through had glass panels in them. Remember that the U.S placed ‘Japanese’ citizens in prison camps for no valid/legal/justified reason. In fact it appears they were treated worse than the Jews in the Nazi camps. There was a swimming pool at Auschwitz KZ. The in-mates had a theatre, a library, kosher food, medical care, and children’s playgrounds. Germans donated shoes, allowing that famous mis-leading photo of a pile of shoes at the gas chambers.

There were in fact no gas chambers. There were just a few crematoriums. And some de-lousing chambers common to prisons and camps around the world at this time. This is a fact you can determined for yourself. Go and visit Auschwitz. There are none of the blue staining on walls that Zyklon B would have produced if it had been used. Not in the supposed gas chambers (which historians admit were built under the orders of Stalin, and not Hitler, and after WWII, not during WWII) In fact no trace of Zyklon B had ever been found by anyone in any of the remains, footpaths, structures, or even dirt, within or around the Auschwitz camp. In any case you can not gas thousands of people at a time.

I admit that I have also seen other documents that appear to indicate that the Nazi's only sent a fraction of the most potential productive Jews to labor camps, and had anyone they considered unproductive exterminated. Of course the Nazi's, like their mentors in the U.S and other Nordic nations, did euthanise many people considered to have a quality of life not worth living, and who imposed a great burden on society.

Keep in mind that the Nazi's, like Stalin, made a lot of money hiring out their labor camp inmates to private industry. In fact Grandpa Bush made a lot of money from his shares in I.G. Farben, which used slave labor hired out to it by the Nazis.
Stalin, like Lenin, and Trotsky, and most of the Communist Party leadership, in Russia, and around the world, including the ‘Commissars’ that actively pushed for the invading Soviet soldiers to rape and murder Germans, from 8 to 80, were all Jews. Stalin (Man of Steel) was born Joseph Djugashvili. His family name is Ossetic. In the Ossetic language Djugashvili means ‘Son of a Jew’. It is a documented FACT that the buildings that today’s tourists are shown at Auschwitz were built by Soviet builders, on the orders of Stalin. Most of the photos that are used as ‘evidence’ of a mass murder of Jews are of Russian prisoners of war who died from diseases like cholera, and malnutrition, after the Allies destroyed the German supply lines. Even Germans were starving at the time. Most of the highest Nazi ‘war criminals’ were recruited by the C.I.A to work in the U.S.A. These facts are well documented. Stalin killed more Russians than Hitler did. Fact.

I honestly suspect that many documents that refer to the extermination of Jews were written after the Nazi’s were already in prison. 'Mein Kampf' does NOT mention killing a single Jew. It refers to removing the biological basis of Jewry from Europe. That is the closest to any intimation of violence towards the Jews.

The father of Zionism, prior to WWII, stated that 'It is essential that the suffering of the Jews become worse' in order for Zionism to further its political ambitions, including the establishment of a new Jewish state in Israel. It is a fact that most of the leading Marxists, the self-declared enemies of Nazi Germany, were 'Jewish'. It is a fact that the Jews 'declared war on' Nazi Germany well before WWII began.

The term 'Holocaust' to Jews means 'burnt offering'. It appears that the Zionists deliberately provoked the Nazi’s to attack them, in order to gain the sympathy of the world, and its support for Zionist aims. American Zionists like J.D. Rockefeller financed and facilitated the Bolshevik revolution, and then the build-up for Stalin's planned attack on Germany in WWII. There are documents that prove Stalin had planned to invade Germany, and the rest of Europe, about a year after Hitler stole the initiative, and invaded Russia.

There exist 100's of videos of individual events in Iraq, Afghanistan, not to mention the infamous 'Mei lei massacre in Vietnam' which U.S soldiers are recorded murdering women and children, laughing all the while into the cameras. So I can imagine that many Germans, French, Poles, Russians, and Czechs, took advantage of the deportations of the Jews to vent their own malicious, destructive impulses upon the vulnerable Jews. I lived opposite the site of the last documented ‘mass murder’ of Jewish people. Over three dozen ‘Jews’ of all ages
were rounded up and taken to a house in Kielce, where they were murdered. Not by Nazis. By Polish nationals.

It is a fact that Hitler openly stated that many ‘Jews’ were fine, upstanding people. He in fact awarded ‘honorary Aryan’ status to his ‘favorite Jews’. These included the entire family of his favorite chauffeur, and a doctor that had treated him for free when he was destitute in Vienna. He allowed many rich industrialist Jews to leave Germany on forfeit of large payments. You would never be able to read books by Ludwig Wittgenstein if this were not true. Even Freud was allowed to leave, along with his family. He left his sisters behind because he assumed they would be safe too, and because he did not want the expense of ‘keeping’ them in England.

Hitler simply felt he could not take a chance. He felt the people needed very simple, ‘good’ and ‘evil’ definitions to work with. The Jews had declared war on him, no his nation, and his people. How do most people react when someone declares war on them? Ask the Japanese-Americans and German-Americans who suffered in American concentration camps in the U.S how well they were treated. Compare the findings of the International Red Cross reports into the treatment of internees in the U.S and Germany. I would never risk my reputation by speaking about this issue if it were not for 911. The investigation into 911 revealed too many facts that indicate a conspiracy. A Zionist conspiracy. And my questions went on from there. 911 was the starting point for my investigations and concerns. I would have let the official history of WWII rest in peace, along with the victims of WWII, if it were not for the fact that history is repeating itself.

I am sure the Jews suffered at least as much as homosexuals, Seventh day Adventists, Mormons, Communists, pacifists, Nazi political opponents including the S.A, and the soldiers and civilians of the lands the Nazi war machine invaded and destroyed. But I have not seen any evidence to go further than that. All the victims have my sympathy and regret.

But we cannot let fear of offending anyone stop us asking the questions that need to be asked about 911, Afghanistan, Iraq, Iran, Libya, the Central Banking System, the Petro-dollar, Zionism, the genocide of the Palestinians, and the New World Order. All these things are related. The story began with the Old Testament and Torah. The story appears to be reaching its climax now.

The story can resolve as the Zionists openly planned for it to conclude.

Or the story can resolve with the masses proving that they are not just selfish, egotistical, cruel, incompetent, unenlightened, irresponsible, ‘cattle’. They can prove this by taking a stand for their own freedom, and by proving that they have
the potential, if allowed, to found a new world order that is really new. A new world order based on truth and justice for all sentient beings. A shining New Eden.

The Zionists plan will end one of two ways. It will end through its successful realisation. Or through its final defeat. I’m realistic. I expect they have already won. But I hope they might graciously consider my ‘Eden Protocols’ and my ‘Optimal Ethics Generator’, and consider all the arguments in my TROONATNOOR books.

For history has no end. This is just another learning phase we will have to endure, in order to learn the lessons we need to learn.

It is more like ‘ONE minute to midnight’. But remember that the sun rises, climbs the sky, and then sets. It is gone for a time, but it always rises again. You will have as much chance to grow, as a person, as a soul, under the New World Order, as you have today. As long as books like mine are available. So please, keep copies of my books, and books like mine, safe somewhere. You probably will not realise their value until you lose the right, the opportunity, to read them, and benefit from them. Most of you are simply not ready, intellectually or emotionally, for the truth. But sooner or later you will be. In some next life.

I look forward to a future next life in which the world is defined by my Eden Protocols. You can take a peek at that future by reading my novels and TROONATNOOR non-fiction books.

All the best to our triumphant conquerors.

All the best to their new slaves.

Shalom and peace be with you

And if this life cannot be happy for you and yours, then, as I always wish everyone, and every sentient being

HAPPY NEXT LIVES
Never Again

Never again can we allow propaganda to poison our minds. Never again can we allow a small group of people to define themselves as superior, to justify enslavement of other peoples. Never again.

This book goes out to all the heroes of truth, and the victims of oppressive lies. The truth will set us free.

So we must demand the right to seek the truth. Anyone who denies anyone this right is a tyrant, a dictator, a slave master. It is hard for me to know where to start. We have all been conditioned, programmed, and primed by the Hegemonic Zionist Propaganda Machine known as ‘the mass media’, with its ‘films’ and ‘documentaries’ and ‘scripted news reporting’ and ‘scripted television interviews’, by the ‘verdicts’ of The Nazi Show Trials, and the defamation of the German dead and living by their own Zionist Occupational German Governments, to have a knee-jerk emotional response to anyone resisting the hegemonic dominant lie known as ‘the holocaust’.

It takes time to get ‘up to speed’ on all the issues surrounding ‘the holocaust industry’.

Imagine someone is speeding past you on a train as you are standing, stationary, on the platform. If they reach out for your hand, to bring you up to speed, at least one of them is going to suffer serious damage.

But here goes. I hope I don’t do any damage. I may make some middle aged woman cry (Crocodile tears? / Dramaturgical tears? / Real tears?), but I think it is not too monstrous of a cost to impose, given the cost of not writing this.
Help me if I am right and correct me if I am wrong

Firstly. Protect me if I am right. Correct me if I am wrong. It is that simple. Apply the same rule to everyone involved in this struggle for freedom from the oppression of the Zionist propaganda machine and occupational governments of Palestine, Germany, France, and North America.

Claiming that free historical investigation and reporting, and scientific skepticism, defame the dead, is absurd.

And what about defaming the living?
And what about defaming 80 million plus Germans, both dead and living.
And what about defamation of the very principles of science, history, and questioning in general?

Or defamation of the principles of free speech, liberty, freedom of expression, freedom of enquiry, free scientific research, free historical research, and freedom, that billions of people have suffered, slaved, fought, and died for?

He who controls the present (the Zionist Central Banksters with their Propaganda Machine), controls the past (by denying anyone the right to challenge the dominant Zionist Hegemonic social reality by simply challenging the official ‘Holocaust Narrative’), controls our future (Through the accumulation of excessive financial, political, and public opinion manufacturing power).

Today the people of the West, From Germany to North America, suffer under the same oppressive Zionist occupation as do the people of Palestine and the Arab nations.

Of course that oppression is more obvious, savage, vicious, and immediately genocidal in Palestine than German or North America, but that is only for the time being.

The Zionists have proven a desire for world war from which they can emerge the absolute world dictator.

Now more than ever, on the verge of their final victory, they are desperate to avoid anyone like me openly expressing the truth, challenging their lies, and seeking an Open Society, using the question of ‘what do we know really happened and did not happen to Jews during WWII’, as a model project.

No person who wants to ‘go along to get along’ in this Zionist dominated world would dare make such an open challenge to the hegemony of the Zionist, the Zionists ‘narrative’, the Zionists Central Banksters, The Zionists Petro-dollar-ponsy-pyramid scheme, the Zionists control of all historical narratives concerning WWII, and the Zionists’ hegemonic Propaganda Machine, let alone be exposed as
someone willing to ‘bring’ a middle aged Jewish woman to tears for being so inhumane as to suggest she might be telling tales, deluded, or experienced false memories.

My equivalents in the past lived in fear of that knock on the door from Zionist KGB agents, from public defamation by Zionist mass media, from financial ruin and career suicide. Or from swift death at the hand of a Mossad agent, or Zionist C.I.A ‘drone’.

I, unlike those Germans tortured after WWII to write false ‘confessions’, to protect their families from starvation, do not have to lie.

I am not the first to be willing to make sacrifices for the truth, for justice, for liberty.

My actions, rather than defame anyone living or dead, honor the dead, and the living.

I am desperate to express myself now while I have the chance.

Please forgive me for this more or less ‘rushed’ job. If I get the chance I will ‘polish’ this and all my other books.
The German Arab Defamation (Defence) League

Akhenaton, Moses, Jesus, and Zarathustra, all emerged from the Middle East. We have a great shared tradition to work from. We must focus on our shared interests, and what we have in common, rather than on what appears to separate us culturally, at this moment in history.

We stand at the threshold to the Age of Aquarius. A new age. The age of the ‘Open Society’. We must open our hearts and minds, to welcome this new age. Love the truth as you love your children. The truth is my only child. For a moment share my parent’s love for a child, and let the truth flourish. Unchain it. Free it. Nourish it. Love it. Accept that sometimes it can be frustrating, pushing us beyond our usual limits of patience.

Just like any other child. This book is one of my children. The German and Arab Defamation League is me trying to protect my child from unnecessary pain, and from injustice. Just like you would protect your child. So please have a parent’s loving patience for a few hours. Overcome your own inhibitions and impatience, for the sake of this child. This child has the potential to protect and care for you in your old age, so the investment is worth it, if for no other reason than self-love.

The German and Arab Defamation League (GADL) is a not-for-profit organization set up to call for an end to all forms of propaganda, including that directed at defaming the German and Arab people, as a form of psychological and economic warfare.

Germany and Arabia have suffered since WWI from anti-German and anti-Arab propaganda which has misrepresented these people’s recent history. The result of that ongoing psychological and economic warfare has been the illegal military occupation of Palestine, and an overwhelmingly disproportionate influence of Zionism and Israel in the politics of North America, Germany, France, England, and the Middle East.

The German and Arab Defamation League seeks, through education and scientific historical research, to re-establish peace in Israel, and the world, by addressing a number of pressing issues regarding historical accuracy in that period of recent history referred to as ‘The Holocaust’.

This will require that a number of sensitive historical issues be re-examined in the true spirit of transparency, openness, and scientific investigation.
This will require that Germany, France, Britain, Canada, and the U.S overturn laws which are completely inconsistent with 21st Century notions of human rights, legal justice, science, and what the philosopher Bergson called ‘Open Society’. It is time for Palestinians to receive justice. Open the concentration camp that is called Gaza Strip. Stop the acts of genocide against a defenseless people. Provide Palestinians with equal rights. Withdraw from all the illegally occupied territories according to the U.N resolution regarding these. Cease all aggressive military adventures or plans.

The New World Order must be based on an open society. We must all open our eyes, ears, and minds to truth. We must all open our hearts to compassion, love, and tolerance.

The victims of Zionism must be compensated as were the victims of the Nazi regime.

Until the occupation and excessive abuses of financial and political power by the Zionists ends, there is no chance of peace and justice in this world.

Healing and forgiveness start with an honest openness and acceptance of the truth.

We can no longer afford to view the world in terms of ‘Jews’, Arabs, Germans, Americans, and so on.

We are all brothers and sisters. We all seek the same happiness for ourselves and our loved ones. We must abandon the notion of using other sentient beings as means to our own ends. We can never be free unless all of us are free. Any false sense of peace will just be the pause between violent upheavals resulting in the building of newer, bigger, more inhuman, concentration camps and refugee camps.

We must observe the rule of law, or we revert to ‘right is might’ and ‘the war of all against all’ that have defined our past.

It will only take one mistake, one lost temper, one act of desperation, one overconfident and adventurous act of military aggression, for us to lose all our hard-won advances in politics and technology in a single day.

No people are superior or inferior to any other people. Individuals may be superior in particular talents, qualities, and holistic inheritances, but that does not give them the right to opportunistically exploit other individual’s relative inferiority to amass privileges, powers, and wealth for themselves, at the expense of others.

There is no on ‘chosen people’. All of God’s children are equal in his eyes. All of his creation is beautiful and wondrous in his eyes. It is not for us to compete for his love. It is not for us to compete amongst each other for domination.
We have behaved like children for too long now. It is time to grow up and take responsibility. If not then we only have ourselves to blame for repeating our historic cycles.

We have enjoyed the longest and highest levels of prosperity ever known to humanity, since WWII.

However the system that has grown up around the technological advances is corrupt and doomed to implode.

This could happen before I finish writing this book.

This issue was not chosen by me any more than a doctor whose beloved child has caught a particular disease has chosen that disease as their specialty of study and research.

No sane person who wants to live a comfortable, free, calm existence would ever consider taking on the largest propaganda machine that has ever existed, or ever will exist.

However if a philosopher stumbles over a huge lie, and a massive, unconscionable injustice, they cannot overlook it, and pretend they had not. The philosopher has to be like that eternal child who is always asking ‘why?’ Like the curiosity of the cat, they know that while the truth may kill them, satisfaction of that curiosity, and discovery of the truth, will send them soaring up into the heavens like that bird of myth.

Perhaps it takes suffering to learn compassion. Perhaps it takes fear to learn courage. Perhaps it takes a monstrous lie to push you to break free of your comfortable mental prison, and begin challenging the hegemonic social reality you have inherited, mostly unconsciously, through the ubiquitous propaganda machine known as ‘education’ and ‘mass media’.

No-one with any idea of how corrupt the world is would ever think of challenging the hegemon known as World Zionism.

It is not a way to make friends and influence people. It is a career killer. It is financial suicide. It is a one way ticket to your own personal hell. A ticket to infamy and social rejection. A ticket to abandonment by your society. A ticket to the eternal hatred of your society. A ticket to betrayal by your peers, and people who you had mistaken for true friends.

This particular issue is not how I ever would have chosen to spend my time and energy.

And then again it is exactly how a philosopher should spend their time and energy.

Seeking the truth. Offering hope to the oppressed and abandoned. Fighting lies. Dying if necessary in order to be newborn in a world that one could proudly say, I
contributed to *that*. A world that you could lovingly pass on to your children and their children. A world worth living in. A world worthy of reproducing.

When your father asks, ‘Child, what have you done with your inheritance’, the child wants to be able to proudly raise his arms and point to the world that he has helped shape. And not have to sink with shame at the knowledge that they had been given a potential heaven, and they had helped turn it into a living hell for most of its inhabitants.

If I wanted to be popular, successful, loved, and approved of, I would have joined the Zionist machine.

I do not expect popularity, or personal success, acceptance, approval, comfort, satisfaction, wealth, security, or love, to result from my efforts here. What I do expect to find is the truth.

Even if it makes many people angry. Even if it makes some people mad. Even if it makes some people project all their own self-hatred, and a malice born of envy, and jealousy, upon the truth seeker. And yes, even it makes a few people uncomfortable. Some old Jewish ladies might cry. I apologize. But I can hear the tears of millions of children every day and night, and I think that as a mother yourself, you would want me to push on for their sakes.

Seeking the truth exposes you in the worst ways, to the very worst in people, in their individual psychology and pathology.

Worse, it exposes you to the very worst in group / mob psychology and pathology.

Propaganda is the deliberate effort to evoke the most powerful, the most irrational, emotions of fear, anger and pity and then to focus these powerful, irrational emotions and the energies they release, maliciously, upon a target group, with malicious intent, that is, with the intent to do harm, to destroy them physically, psychologically, and economically.

So it might interest you that since 2012 propaganda is legal in the U.S.

The most effective tool of propaganda today is the mass media. Newspapers. Television. Hollywood.

Pay for comment is rampant in the mass media. It is where one special interest group pays the production costs of a program directly, has a program produced, pays for it to be aired on prime time television, and pays the media outlet for this privilege.

Control over the mass media can be exercised by direct ownership.

The mass media has several ways of making money. They can sell their product directly as ‘pay for view’ television, and recover all their costs from the viewer or reader.
However most mass media would not be profitable if they could not sell advertising space. In fact most mass media companies make more money from selling advertising space than they do from ‘pay for view’ subscriptions to cable television, magazines, and newspapers.

This means that the advertisers have a big say in what the mass media report on, and how they report on it. If advertisers threaten to pull their advertising budget if the media outlet, magazine, or newspaper reports on a particular subject, or reports on it in a particular way, then most media outlets, magazines, and newspapers will oblige, rather than risk losing that advertiser.

In fact they tend to ‘self-censor’ based on their understanding of the vested interests of their advertisers. So even where independent media may exist, they tend to self-censor, without any need for the advertisers to put any pressure upon them.

That said, it is a fact that one particular very narrow vested interest group owns almost all the mass media the average person will ever consume from the cradle to the grave, either as radio and TV broadcasts, newspaper and magazine articles, ‘news’, or entertainment such as films and ‘documentaries’.

Little has changed since 1920s Germany. If anything, media ownership is even more centralized in the hands of a few Zionist corporations. They belong to a group of people who define themselves as ‘Jewish’. This would be no more than a curiosity to a philosopher if that self-definition did not extend further than simple ‘family’ pride.

There is perhaps no harm in anyone defining themselves as Jewish, or Aryan, or Arab, or Asian, or Australian, if this definition does not extend further than the expression of love for our parents, our extended family, our friends and loved ones, and taking pride in the achievements of those people, and identifying with what is best in them.

No philosopher has any problem with anyone just because they like to identify themselves as Jewish. Even if, like Freud, they spice that identification up with feelings of superiority over non-Jews. We can forgive everyone their little vanities. If everyone in the world is free to compete on an equal footing, with the same rights and responsibilities, and the same access to the same resources, then such ‘cheerful’ competition is productive.

Most people who define themselves as ‘Jewish’ do no harm to anyone by doing so.

However the self-definition can be, according to all the sources available to me, such as the Bible, The Torah, The Talmud, and other ‘official’ documents held sacred to this self-defined group, a dangerous and deadly virus. A toxin. A poison that poisons minds and leads to delusions of entitlement to rule and enslave.
While a few Jewish people will say that everyone is Jewish, and anyone can be accepted into the ‘race’ of Jews, most definitions you will find of being ‘Jewish’ are exclusive. Your mother has to be Jewish.

In fact like most ‘racist’ ideologies, the definition ‘Jewish’ is defined much more by its exclusivity than its inclusivity. It is racist, as it assumes that races exist. It is dangerous because it assumes some races are superior to others. It is dangerous because it assumes that one particular race, the self-defined Jewish race, has a God-given right to enslave all the ‘non-Jews’ on this planet.

Propaganda will define any attack on the Zionist-Jewish propaganda publishers’ right to mentally enslave everyone as anti-Semitic. For it is the Jews self-defined right, according to all the documents I and you have access to, to enslave every non-Jew. This is a fact. Read your Bible. Read the Torah. Read the Talmud. Listen to the words of Jewish leaders. Observe the emotional tone of the words.

The statement of this fact is considered or defined as anti-Semitic by Zionist Jews simply because it does not assist the Zionist Jew in attaining their ends. The true definition of anti-Semitic (which no-one who rejects the very notion of the existence of races per se could possibly be, having in this case rejected the very notion of Semitism) is really anyone who is not pro-Zionist.

If you are not a Zionist, but happen to be a Jew, then you are a ‘self-hater’. Simply by not being in favor of Zionism makes you anti-Semitic. This is the only philosophically valid definition of anti-Semitism.

What is implicitly anti-Semitic in this philosophical statement of fact is that the philosopher rejects the notion of the existence of races. Worse for the Zionist Jew is the philosophers therefore implicit rejection that there can be any justification for one self-defined race to exclude all other people from the same rights and obligations every individual on this planet enjoys and must observe for society to function peacefully, productively, and creatively, let alone optimally.

In other words philosophy rejects any claim by one self-defined group to be superior, simply by virtue of being a member of any self-defined ‘race’, to people who are not members of that self-defined ‘race’.

And so all philosophers who reject the idea of race, are by definition anti-Semitic. The very notion of ‘race’ is a product of propaganda. The simple word for propaganda is ‘lie’.

More precisely, a well-engineered, fabricated, precisely constructed, painstakingly promoted, financed, and published lie.

A lie with a mission.

A lie that is constructed to fit into a whole set of lies, like the weave of a cloth. This cloth is then extended until it blocks out the observers’ view of reality.
This cloth becomes the equivalent of Plato’s ‘cave’. All we get to see is the cloth. The lies. We come to accept the lies as truth. As fact.

This propaganda, when effective (and the propagandist has spent millennia scientifically testing and perfecting their arts), replaces the actual objective reality a person is living in, with a virtual reality. A construct. A social reality. And so the person interacts with this propagandist’s constructed social reality, rather than with the actual, real, objective reality that exists just outside their perception. Just on the other side of that ‘cloth’ of lies.

Propaganda in daily life is called ‘advertising’ and ‘public relations’. It is usually much more subtle than wartime propaganda. Of course most people reserve the term exclusively for ‘wartime’ propaganda. Most people assume that once the war is over, the propaganda machines suddenly fall silent.

All is fair in love and war, according to the propaganda. Propaganda gets otherwise kind, caring, hardworking, honest people to hate whoever the propagandist tells them to hate. To fear whoever the propagandist directs them to fear. To sympathize with whomever the propagandist wants them to sympathize.

Propaganda works on emotional levels. At sub-conscious levels. At levels on which reason and rationality have no power to protect the first victim of propaganda, the one who is being manipulated. It of course harms the targeted group by manipulating other group’s attitudes to them, and their attitudes to themselves.

It can be so effective that those being targeted with negative definitions often come to adopt those negative self-definitions without ever becoming aware that have been manipulated to do so. Tricked, deceived, brainwashed, and mislead. And so the target audience consume the propaganda, digest it, and buy the products advertised, and hate those the propaganda wants them to hate, or feels sympathy, and a desire to protect those the propaganda wants them to. The propaganda leaves the consumer of it seething with rage at some supposed injustice, or crime that the propaganda has constructed with clever psychological tricks.

Propaganda mostly appeals to the emotions, and the irrational. It is very powerful. It is very dangerous. It is a mighty weapon that can be used by the best of people, and the worst of people, for the best of ends, and the worst of ends.
Of course everyone assumes that they themselves are the best of people, and have the very best of intentions. So everyone who can afford to, tends to employ propaganda.
If you get to print your own money, and buy up media corporations, then you are in a position to launch a massive, and very successful, campaign of propaganda. You can destroy entire nations without firing a weapon. You can get your enemies to kill each other. Divide and conquer was always the best way to achieve sure victory and absolute power.
Philosophy rejects propaganda like love rejects hate, like freedom rejects slavery, like justice rejects injustice, and peace rejects violence.
Philosophy embraces the search for truth as a mother embraces her child, or a lover their partner, or as a child embraces their pet. It is an embrace that cherishes, and seeks to protect.
The earliest forms of propaganda are what are known as ‘noble lies’, after Plato ennobled them with this definition. His noble lies were what most people refer to as ‘God’ and ‘religion’.
However a lie is a lie is a lie. You may imagine you can handle lies, and control them. But once you accept the principle of lying, it becomes impossible for anyone to trust anyone. That is how you descend into Hobbes’ ‘War of all against all’.
Over the millennia groups have thought they could tame lies, and control them, and gain benefits from them, while avoiding any costs. But history has, time and time again, humbled the arrogant with their self-defined ‘noble’ or ‘just’ or ‘legitimate’ or ‘acceptable’ or ‘understandable’ lies.
But a lie is nothing more than an opportunistic act. And opportunism breeds opportunism. Again, you end up living in fear, confusion, mistrust, and are vulnerable to any clever instigator who has worked out how to make money from violence, war, hatred, and fear.
Propaganda that has become normalized and naturalized as the hegemonic social reality is the most powerful.
For such propaganda defines any interrogation of itself as malicious, irrational, and / or criminal.
Once you have established a lie as the accepted, official version of reality, the truth becomes the aggressor, the crazy outsider, the criminal.
The truth only has a chance if it is especially creative at overcoming propaganda. The truth only stands a chance if it is especially courageous, and willing to suffer ‘fates worse than death’.
It can only survive if it learns to know its enemy, propaganda, so well, that, like a mongoose, it can both avoid becoming prey, while finding the weak spot in the web of lies, the loose wall in the house of cards, which once targeted, sends the propagandist’s house of cards tumbling around their ears.

The Germans have a saying that ‘lies have long legs’. Eventually they come back to haunt you. You can cry ‘victim’ and ‘innocent’ all you like. Many people might believe you, as your lies are so old people have taken them for granted. But a lie cannot withstand the test of time.

You would think that the most educated group I know of, per capita, would have learned this wisdom long before the humble likes of me had learned it.

The problem is that, at least for a few decades, the purveyors of the propaganda, the lies, have all the power. They are in privileged positions Vis a Vis the truth. Otherwise they never would have managed to have the lies installed as the hegemonic social reality. They built up their propaganda alternate reality step by step. Each lie gave them more power to further construct their edifice of lies, and to impose them, and the next stages, upon any resistance shown to them by the truth.

The process was iterative. Step by step. Each additional lie gave them a little more power to impose the next lie. Until they had all the power. Until they controlled exactly how people perceived reality.

They could define who was good and who was bad. They could construct ‘enemies’ and ‘terrorists’ and ‘threats’. They could start wars. They could commit genocide and call it ‘the will of god’.

In fact they could define their own will as god’s will. As they created this god themselves, he would of course say whatever they wanted him to say.

And because the propagandist knows that some people like to imagine they are ‘individuals’ and ‘different’. As that famous Monty Python sketch reminds us, ‘we are all individuals’.

So to ensure they had full spectrum dominance, they constructed a number of mildly different versions of their hegemonic social reality, so that people appeared to have some choice.

Rather than risk losing control of even a few people, they constructed other religions and other gods for people to run off to when they got fed up with their current one. It gave people the illusion of ‘freedom of choice’. People could feel like ‘rebels’ by rejecting their parent’s hegemonic social reality, definitions, religions, and so on, and adopting another social reality and set of definitions.

At first glance these ‘alternatives’ appeared to be different. However they turned out to be the same, and controlled by the very same people.
And so those who created god as their source of authority and power created other religions just different enough to give people the illusion of choice, and rebellion, and revolution, while keeping everyone tightly under lock and key.

So we got Judaism of the Mosaic variety, then Judaism in its many variants. The people wanted more choice, so they got Christianity, and then Islam, with all the many variants within these. Some people started doubting the stories of gods, and so they gave them the new secular religions like Marxism, and then ‘New Age’ religions.

This not only ensured every sheep was kept under the control of the shepherd, but also that the sheep could be incited to wars with one another any time any one of the sheep-groups threatened to break away from the shepherd. For the groups grew in size over time until each social reality the shepherds had originally created could have, at any time, completely broken away from their control.

Divide and conquer. Keep each group hating and fearing each other.

When I hear a Zionist say that the holocaust skeptic (denier) is a hate monger and deliberately lying to incite and provoke fear, it is hard to remain calm. It is the greatest hypocrisy I have heard in my life. The Zionist has been, and remains, the master of hate and fear mongering. Please read my book ‘911: 5 minutes to midnight’ after you finish this book.

Propaganda was always effective at pandering to the worst and the best in people. To their malicious desire to harm and destroy. And to their loving desire to protect, serve, and do good.

Combine both in your propaganda and you create the perfect storm. A perfect killing machine that thinks it is protecting women and children, liberty, freedom, and even god himself, while murdering women, children, and undermining not only their victims’ freedom and liberty, but their own.

Anyone not inspired by the propaganda is treated as a criminal, a traitor, a selfish egotist, or simply irrational and insane.

Remember, that as of 2012, propaganda is legal in the U.S.

This is as close as you can get to a statement that we are at war, that world war three / four has begun. For it is always during wartime that the most obvious propaganda is employed.

Because propaganda is so effective, and even works at a level we are not even conscious of, it means that whoever controls the mass media, the ‘factory’ that produces our impressions, experiences, definitions, and basic ‘social reality’, has the power to direct the masses in any way it wishes.
The group who control the mass media get to choose what you see and what you don’t. What you hear and what you don’t. What you learn and what you don’t. More or less what you feel and what you don’t.

For example you will have huge sympathy for people who died 70 years ago in work camps from typhus, but absolutely no empathy or feeling for women, children, and men your own government, often even your own children, are murdering this very moment.

If you think I am exaggerating, then tell me why it is that the legal system is defending supposed victims of attempted murder from having their feelings hurt, while it does nothing to prevent large scale war crimes in which people are being forced to watch their children being murdered in cold blood.

If Auschwitz was unacceptable, then what do you call building a wall around 800,000 people, effectively turning the most populated piece of earth in the world into one big concentration camp, and then bombing it with 800 tons of explosive, exactly at the time that mothers are collecting their children from school.

One of these camps was in operation 70 years ago. There is nothing you can do about it. The other is happening right now. And it is happening with your implicit consent, and even your taxes.

Propaganda can prevent the truth from reaching your own eyes and ears and brain. It can stop it reaching your heart and your conscience. It can turn you into a heartless, mindless zombie.

It is ironic and hypocritical beyond words that the same people who have connived to make governments fear that the words of a few historians and philosophers might suddenly convince millions of people to hate and fear people for no reason, and thus to effectively muzzle the freedom of speech of millions of people, are the propagandists themselves.

They know how effective propaganda is. For they are the ones using it right now to commit war crimes, crimes against humanity, in effect genocide, right before our eyes.

However we dare not speak of it for fear of being labelled ‘anti-Semitic’. The perpetrator has cloaked itself in the inviolable cloak of victimhood. It clings to that victimhood like a baby clings to its mothers hand after the Israeli army have bombed its house, and killed its brother and sister.

That victimhood is the only reason it can get away with murder. It has as ‘get out of jail free’ card for any atrocity it commits.

But what if that victimhood is basically a sham? What if the Jew was not really such a victim after all? And what if it was not that innocent at all? What if it had
provoked any aggression done to it? What if it had a great role to play in the situation it found itself in? What if it turns out that the horrible crimes it suffered had never taken place?

Are you starting to see why it is so important to Israel, and to Zionist Jews, that no-one challenge their ‘unique’ status as the ‘universal victim’, and more importantly, the victim of a ‘holocaust’ 70 years ago?

Do you think the State of Israel, and its Zionist Central Bankster lobbyists spend billions of dollars on political campaign funding because they care about the feelings of a few middle aged women who had to endure doing manual labor for a few years in German work camps and concentration camps?

Do you really believe that the reason the Zionist Occupying Powers fear and hate people like David Irving, David Cole, Ernst Zundel, and sooner or later myself, is that what we say might hurt a few middle-aged ladies feelings?

Do you think it really has anything at all to do with honoring the memory of their loved ones who died in German concentration camps and work camps of dysentery?

Of course it has nothing to do with that. What sort of people could bomb women and children as they left school without flinching? You think the sort of people who give a damn about honoring anyone’s dead?

As the mother of the daughter of the famous Israeli General I will talk about soon said, when asked ‘Don’t you want revenge for the death of your daughter’, ‘No mother would want another mother to have to go through this sort of pain’.

Surely a people who had experienced so much as ‘victims’ would have learned a hell of a lot more compassion than the Israeli’s show today towards the Palestinians, not to mention the 911 victims.

No, the real reason has nothing to do with love or justice or honor.

It is all about control. Mind control. Propaganda. As long as you can define yourself as a victim, an innocent victim at that, they have the moral high ground. They will then find that, for the most part, they can tell any lies they want to, completely unchallenged.

They will have carte blanche. No-one would dare challenge them, the poor victim. Who would be so heartless as to doubt a ‘survivor’, even when their story is absurd, ridiculous, inconsistent, and totally at odds with the laws of physics.

In any case, you, the target, the dupe, the con, the ponsy, the patsy, will have no other source of information but them.

Because they have ensured that no-one will offer any alternative information. Any alternative narrative. Any contradictory information. Any challenging information. Raise any doubts or even suggest that the story you are being told,
and have been told for years, is anything but the truth, the whole truth, and nothing but the truth.

You will have no reason to doubt their lies, as you will have no other information to go on.

You will have no chance to learn the truth. The reality. What is really going on. You won’t ever question what you are told. You will just accept it as the truth. You will not even have a chance to learn that this has all happened.

For the same group with the hegemonic power to buy up all the mass media, all the television stations, newspapers, magazines, and ‘pay for comment’ media personalities that you trust, along with all the big Hollywood film makers, distributors, and promoters, will also have money and power to spare to ensure that your elected government officials are good team-players, and go along to get along, with them.

It is an established fact that unless you go along with the Zionist agenda, you have no chance at getting anywhere in U.S politics. Jews account for around 2% of the U.S population, but represent around 50% of all recorded electoral campaign finance contributions. What the ‘under the table’ contributions amount to is anyone’s guess.

This massively disproportionate political power means that the same group constructing your social reality, the propaganda you consume as if it were truth, will ensure that laws are enacted that make it a crime for anyone to stand up and say ‘hey, that’s propaganda’.

If you dare say something as simple as, ‘Hey, look, I can’t tell you exactly what’s going on, because, like you, I live under the hegemony of the powerful group, but I can tell you what is NOT true. I can prove what we have been told is a lie. That it is just not POSSIBLY true, for this and this specific, irrefutable, scientifically irrefutable, incontrovertible reason’, you can be picked up under the new anti-terrorist laws in the U.S, or the several decades old German laws, for ‘denying the holocaust’ or ‘disrespecting dead Jews’, without charge or any right to a court hearing, and locked up, for as long as the people who locked you up want to keep you locked up.

It is that simple. That terrifyingly simple. But because you think it cannot happen to you, you just don’t really care, do you.

But I’m here to tell you that this is how it has always started. You start with the intellectuals and others who ‘resist’ the hegemonic definitions, the ‘social reality’, and the ‘propaganda’. But eventually anyone and everyone becomes a potential target. Sometimes just to satisfy the malicious pathology of the psychopaths you
allowed to gain absolute power because, while they were amassing ever greater power, you didn’t feel threatened. Because anyone who tried to make you aware of the very real threat that existed, and was growing by the minute, they were simply ‘disappeared’. All those ‘good’ people who actually ‘do’ something in the face of evil are rounded up and locked up, and either submit and shut up, or get defined as mentally ill or criminal. Anyone who has the insight, and the courage, to stand up and say such things will immediately lose their job, their income, and their freedom. They will be locked up in solitary and tortured until they admit they are either crazy or wrong.

Did you know that these laws already exist? That thousands of people are being put in jail without trial? Without a chance to defend themselves. Why? Because during the normal legal process defendants of criminal allegations have a chance to defend themselves. To prove they are innocent. To prove the facts of their case.

In the event of ‘thought crimes’, if you let a skeptic, whether holocaust skeptic or global warming / climate change skeptic’ or ‘open borders skeptic’ actually mount a defense of their beliefs in court, they would win.

Because the facts are clearly on the side of the holocaust skeptic, the climate change skeptic, and the open borders skeptic. The proponents of the holocaust stories, the climate change hoax, and the open borders policies, are all terrified of ever being challenged in public to a fair debate. To a fair trial. To be subjected to the normal laws of legal process. The normal laws of intellectual rigor. The normal laws of scientific investigation.

If you let a holocaust skeptic (so-called historical revisionist) mount a defense in court, a terrible thing happens, from the point of view of the hegemonic propagandist. That terrible thing is that the victim of the persecution, the skeptic, gets to interrogate ‘witnesses’ and bring in their own ‘experts’. The result of this process has ALWAYS and EVERY TIME been that the ‘witnesses’ have been completely discredited as either liars, or delusional. And the supposed ‘facts’ have been disproven as impossible and clearly straight out lies or at best ‘false memories’. Not a single ‘eyewitness’ has ever undergone, nor been asked to undergo, a polygraph / lie detector test, or to make any effort to prove their stories.

If a self-proclaimed ‘eyewitness’ has a tattoo to prove they were in a work / concentration camp, then any judge automatically accepts their story as the truth, no matter how impossible their story.
In the Ernst Rundel ‘show trial’, a judge stated, unequivocally, that always and at every point during the trial, he was working on the simple assumption that ‘The holocaust happened. Period’. His words literally.

A ‘survivor’ appeared in court to sue someone who had offered 50,000 to anyone who could ‘prove’ that the holocaust actually happened as described in the official story. The judge immediately awarded the ‘survivor’ the 50,000 dollars, without ever asking the survivor any questions, let alone interrogating them, or asking for any proof.

In other words if you have a tattoo, anything you say is the gospel truth. If you say that Hitler himself appeared and danced a jig while eating Jewish babies, then by golly by gosh that is what happened. O.K, yes Mrs. Adams, I am being facetious. But the number of people who personally interacted with Dr Josef Mengele, at camps which he had never visited, and then seen lampshades made of human skin, soap made of human fat, and so on, is impressive, to say the least.

In other words the witnesses and facts prove to be nothing more than propaganda, as soon as you give the ‘defendant’ a chance to defend themselves. Ask yourself why Simon Wiesenthal, the ‘Nazi’ hunter who ruined the life of an honest, hardworking farmer when he had him imprisoned as a ‘death camp commandant’, continues to write about boxes of Jewish-human-fat soap made for the wives of the Waffen SS.

Ask yourself why William Shirer's 'rise and fall of The Third Reich' repeats the story.

Even today 'eyewitnesses' repeat this story to anyone who will listen, though this 'rumor' has been accepted as false even by the highest holocaust museum/historians in U.S and Israel, such as Deborah Lippstadt and Shmuel Krakowski.

Note a single official ‘holocaust’ historian, not even those from the Holocaust museums’ in Washington or Los Angeles (they set aside only one room in huge building to ‘other’ victims of ‘other’ genocides) would dare make the same claims. But they never appear in court, or on television interviews. They just hide safe behind the Zionist Propaganda Machine in Zionist Occupied Planet Earth. They allow others to continue lying, because it suits their dishonest purposes.

They consider it a ‘noble’ lie, in the interests of Jews and Israel. But is it really that ‘noble’ to use emotional blackmail to extort billions of dollars from Germany and the U.S, in order to finance the genocide of the Palestinian people?

In fact in all cases where skeptics were given the right to defend their statements, and produce expert witnesses, and have FACTS admissible in the proceedings, the judges gave up on any semblance of justice or legal process and
convicted the ‘defendants’ saying, like a child throwing a tantrum, with fingers in ears and hands over eyes, that ‘The holocaust happened. Period’.

It then takes up to a decade for the Supreme Court to rule that the Judge had no legal right to convict the defendant. But that is only in sovereign nations. In countries still under Zionist occupation after WWII, like Germany, the propagandist still has supreme power.

The most compelling explanation a philosopher or sociologist could give to make sense of the German laws is to assume that the Zionist, the propagandist, is in full control of the entire society. Or that other forces have decided to play along with the Zionist’s game, with their own ulterior motives.

All facts point to the reality that the Zionist hegemony that Adolf Hitler warned about, and fought to break free of, in his own words, not mine, is in fact reality.

But you wouldn’t know about that, would you, because you don’t need to read ‘Mein Kampf’ yourself to know that it is just meaningless, random, vague, gibberish. That’s what you’ve been told it is. The rantings of a mad man. So why read it? Surely the Zionists would never lie! Of course not. They would swear on the grave of the brother who went up the chimney in Auschwitz. The same brother who has been living in New York all these years, using the same name he always had.

Funny that. I mean Jews keep great records of all that sort of thing for making compensation claims to the German Government. I mean how many Jews are there? How many with your family name? And you just never bothered to even enquire?

How else, but from a totally out of control and excessively disproportionate amount of power, do you explain a law that allows people to be kidnapped from foreign countries and brought to Germany to be imprisoned without trial? For five years. Just for stating facts. Just for asking for the right to continue honest research.

Not just to be imprisoned, but tortured. For anyone who has experienced solitary confinement knows it is torture. Any other description is just playing with words. Solitary confinement is torture whether you are a dog chained to a post all day and all night, or a person locked in a concrete box all day and all night.

Ask Ernst Zundel. He had never hurt a fly. Never broken a single law. An upright citizen. And then one day he is taken from his home, in a private jet costing German taxpayers over 250,000, flanked by an armed escort worthy of a serious terrorist like, say, George Bush, or Obama, or Tony Blair, and thrown in jail in Germany, without trial, and without any right to a defense.
There is a reason that prisoners have their belts, shoelaces, and anything else they could hang themselves with removed before being placed in solitary. It is a fate worse than death. Many people have killed themselves rather than endure such torture. If you want to challenge this statement, then feel free to prove me wrong by allowing someone to imprison you, in solitary, with no certainty of ever being released. If that does not break you, then you are superhuman, or a psychopath. In which case the Zionist Central Bankster New World Order needs people just like you. Apply at any branch of the C.I.A.

Like me you didn’t know about this. You won’t know about it until it is too late. Until suddenly you or yours becomes the next victim. For now the laws apply only to truth seekers who stand up and challenge the official ‘holocaust’ story. Soon the same laws will prevent you from voicing any skepticism about the official ‘climate change’ story.

O.K, I get it, you don’t like people who make old Jewish women cry in court because someone dared ask them a few simple questions on the stand as a ‘witness’.

Surely, like the Judge said in Ernst Zundel’s trial, it does not matter if what you are saying is true, the point is whether that truth makes an old Jewish woman uncomfortable.

So be careful. They may have an old woman in the court who finds your resistance to a global climate change hoax unpleasant. She may even cry, thinking about all those poor penguins and polar bears she has been told are going to drown or get sunburned or what have you.

Hell, who needs a lot of old law books, precedents, and such. Surely the most rational way to decide all legal matters is to see if the verdict makes an old lady cry or not. Surely that is a more cost effective way to go about all criminal proceedings? I mean, how much could it cost?

But what about when the government take away your car keys, tax you for breathing, add world taxes to everything you consume, take away your job, send your children off to kill other people’s children, and evict you from your home for ‘carbon’ crimes?

They are going to do this. Their reason this time is climate change. It is a complete hoax. They almost got away with it a few years ago, by falsifying data, but the scientific community at that time were still free to express their own view. They were still free to challenge the lies. They called them on their lies. The liars backed down, despite the huge propaganda machine they had at their disposal. For propaganda only works as long as you have a monopoly on truth.
Propaganda only works as long as you can lie, and not be called out on your lies. It is like the gambler who can always win by bluffing, because there is no-one, legally, who is able to call his bluff.

Liars, propagandists, can only get away with their lies as long as they are unaccountable to the truth. Only so long as there are no independent thinkers out there who can publicly force them to prove what they are saying.

There used to be this thing called ‘onus probandi’, or ‘burden of proof’. It was always up to the prosecutor to prove, beyond a doubt, that someone was guilty. The burden of proof was never on the defendant, to prove beyond doubt that they were innocent. People would have laughed at the idea of that just a few years ago.

In other words, up until the show trials at Nuremberg, where the only crime anyone had committed was to be on the losing side in WWII, according to Field Marshall Montgomery, it was up to the prosecutor to prove, ‘beyond a reasonable doubt’, that anyone they accused of anything was guilty.

It was always considered appropriate to err on the side of caution. It was always considered nobler to let a few guilty people go free, than to convict an innocent person.

So what happened at Nuremberg? Well basically the Allies and their Zionist masters set the stage for the complete erosion of all your civil rights, liberties, and freedoms.

And because everyone loved to demonize the Germans, and especially Hitler, and feel superior to an entire nation who they secretly admired and envied, the public of the Western world went along with the Charade, which even Stalin himself stated was nothing more than a show trial.

The victims had been convicted before they had begun the trial.

Even though official Allied Military Police Command documents in Vienna, after the war, stated clearly that anyone who reported gas chambers and the like was to be cautioned with ‘making false allegations’ after the Allied investigators found absolutely no evidence of any gas chambers anywhere in Allied occupied Europe, including Poland.

When the people of the West went along with the Nuremberg show trials, and murdered men for doing their duty, or manufacturing de-lousing agents which saved millions of lives, they were really signing their own death warrants.

Remember that German saying about lies having long legs?

Ever heard of karma?

What goes around comes around?

Well it’s coming around folks.
It is coming to a neighborhood near you. Next time you hear a knock on your door, it could be the thought police, waiting to take you away?

Why? Maybe someone was sure that something you said actually meant something that made an old woman cry, or Al Gore found ‘inconvenient’ or the local Zionist hit squad thought might indicate you had a brain in your head and were about to wake up to the horror of the Zionist new world order that had, as far as you could tell, suddenly emerged, as if from nowhere.

You didn’t care when someone you didn’t like was persecuted and tortured for daring to speak the truth, and call out the liars on their lies and propaganda. Someone who dared ‘call their bluff’.

Probably you are not paying attention now.

I am sorry that I will not be able to help you at all when the hammer drops, and you find yourself living in an absolute prison state, as has occurred time and time again during the course of human history.

Right now I am risking fates worse than death to arouse you from your slumber, from your dreamlike state. You are sleep-walking to your doom. To your children’s doom.

The Government of your nation is right now working on a law that will make it criminal for you to question anything they say about anything. You will have no freedom of speech at all. You will not have the right to defend the truth in court. You will have two rights. The right to remain silent. Because anything you do or say WILL be held against you in a court of (arbitrary) law. You will be tortured in whatever way they think will break you. It will be perfectly legal. You will have the ‘choice’ of ‘admitting’ that you MUST be crazy, for thinking anyone would lie to you, let alone your own government, or to rot in a concrete box until they decide to let lose some psychopathic prison inmates on you, to rape you to death, or simply kill you for fun.

I am not writing this as the free person I was until a few weeks ago, when I stumbled upon so much information that it forced me back to writing, away from my music and deep philosophical meditations.

No, right now I am breaking laws all over the world, by simply writing this. Do you think I should suffer fates worse than death for what I have written here?

*In fact it does not MATTER what I have actually WRITTEN here. A judge can simply, arbitrarily, without any legal process, decide that HE knows that I really MEANT something quite different!*  

Yes, my friend, a judge and public prosecutor, both previous and future senior executives of the Zionist Banksters’ hugely profitable banking and finance
industries, are right now free to arbitrarily twist my words, and intentions, and simply ASSUME that I am a malicious, fear mongering, hate mongering, lying, deceptive, crazy, nasty, criminal genius. They can claim that THEY KNOW BY SPECIAL INSIGHT that I am evil and must be locked up.

I can see the headlines now, if I am lucky that anyone notices I have disappeared, and starts asking questions: ‘World-wide hated, insane, Nazi terrorist, captured. The world can once more breathe easy.’ And in following news, Israeli premier ‘Kill-em-all AshkeNAZI’ wins Nobel peace prize for the ‘solving the Palestinian problem’. Remember you get that prize for achievement. The well-known terrorist who became Israeli prime minister won it. So why shouldn’t another Israeli win it for killing every Palestinian, as the Bible legally allows an Israeli, with a Neutron bomb?

Of course there was a full U.N investigation, which found that an old Jewish woman did not cry, or feel any discomfort at all, when recounting the news to the court, thus proving the innocence of the Prime Minister, and justifying the action as good, just, wholesome, and quiet nice really.

And all of the good television viewers will be told exactly how to feel about the ‘great news’. They can see for themselves that in fact that old Jewish woman was quite happy, and so they could change channels and see what new hairstyle their favorite pop star had just gotten, or their favorite sports team.

They are so sure that I am such an evil genius with a huge network of co-conspirators that they could not possibly risk a trial. For at a trial I might prove myself innocent. And they know I am guilty. So they will, in the interests of society, avoid the ‘risk’ of a trial. I mean, hey, if they already know I am guilty, because you know, they can just feel it, and look how that old Jewish woman is on the verge of tears, I mean, what more do you need to know. To think that in the bad old days people got a chance to ‘trick’ a jury into thinking they were innocent. I mean, why on earth would the government arrest you unless you were guilty?

Official spokespeople for the Governments of various countries including the U.S have openly admitted that maybe one in 5000 of the people they arrest will end up being convicted for the crimes they are charging all 5000 with. So why bother? Surely only guilty people get arrested, right? Surely you can’t risk actually having trials where some people actually don’t get convicted? You just can’t trust juries. I mean, hey, remember that case where the old Jewish woman cried, and they still came out with an innocent verdict?

Crazy days hey! When people had a right to know why they were being arrested, and then a right to a trial by their peers, and a right to appeals, and defense lawyers, and human rights and oh my god no wonder they gave up that system. I mean, how was a prosecutor to get anyone convicted. And oh, the work. Who
has the time? I mean, with all those Zionist congress parties to attend, the jobs in the banking and finance sector to grab before some other judge or prosecutor nabs.

Stalin is said to have operated as follows. The perfect role model for today’s and tomorrow’s ‘legal processes. He is told on Monday by his statisticians that they expect that 1% of the population will commit a crime worthy of imprisonment. The great leader digests this information for a moment before ordering his KGB to arrest 1% of the population, and send them to gulags.

Perfect logic right?

His family name just happens to be? ...‘Son of a …’ in his native Ossetian. No, I won’t risk it. It might appear a cheap shot.

I man, my mother called me a son of a bitch many times. And his name means son of a ....

A person concerned with justice would agree that it is better to let 100 guilty people go free than to falsely convict one innocent person, especially if the intention is to torture them with solitary confinement for years, until they literally ‘break’ and prefer to live a lie than die honest, or literally go mad.

Go online and view the videos about David Irving, Ernst Rundel, David Cole, and ‘The forecaster’.

None of these people have ever done more than their constitutional rights legally allowed them to. None of them committed anything that a normal, sane, honest, sober person would call a crime.

Yet they have been branded as criminals, as Nazis, as self-haters, as liars, as cheats, as conmen.

All because they would not break and say that 2+2=5. In the case of ‘The forecaster’, he spent 11 years in prison, and endured 7 years in solitary, in a concrete box, in high-rise people-silo, because he would not give the Zionist Bankster’s his computer software. Somehow this genius worked out the key to predicting the major economic cycles down to days. Either he had stumbled upon the pattern the Zionists used to manipulate the markets, or he had found something the Zionist Bankers’ didn’t understand, could not control, and therefore feared.

These people are all heroes who have suffered greatly for our collective benefit. I will write up synopses of their stories when I get the chance. They deserve our praise, admiration, and support.

If we fail to support these heroes, then we cannot claim to be innocent victims of the Zionist Central Bankster’s New World Order.
This is perhaps the very last moment for maybe another 1000 years (few world orders last longer than that) when you have the freedom to act. Actually not freedom, but opportunity. It is already criminal to act. But the laws are just words on paper if we, as a mass, refuse to validate them. It is your compliance with laws that give them their power. There are only so many police and there are so many people.

I have lived a life in what most people would call financial and social poverty, in order to be free to think and write. I use one bucket of warm water a day, and whatever I drink. I wear second hand clothing and shoes. I never turned a heater or air conditioner on in my life. Not even in Wagga Wagga, Germany, Poland, London, or South Korea. Luckily in Moscow and Estonia I had no control over the heating, because I probably would have really suffered when it got down to minus 35 degrees Celsius!

I live off semolina prepared with hot water from an electric kettle. I make coffee in the cup, using ground coffee. I have never used a fridge or washing machine in my own home. I eat frozen food that is just defrosted. I eat days old bread and whatever else has been marked down in the ‘out of date’ section of the supermarket. I would certainly eat better in prison.

I walk up to 5km each direction to go shopping, in all kinds of weather. I have never caught a bus if I could physically walk the distance. I have walked over 10km in each direction to save on bus fare.

I would not have any less sex in prison than I have had in the last decade living like this. Women do not want men who live like I do. I have no children or family ties, as I could not bear to see other people suffer for my own principles.

The SS officers who wrote ‘confessions’ had been physically tortured but had not broken. But then the Allied and soviet interrogators threatened to deny their families ration cards at a time when there was no other way of getting food in Germany, and of course they broke and wrote whatever they were told to.

The Zionists know that their lies fall apart when ‘put on the stand’ in a court of law. They never respond to the skeptics’ questions and challenges, as every time they do, they are left looking dishonest, deceitful, stupid, and terrified.

The same happened with Al Gore and his cronies.
This is why the Zionists need laws to deny people the right to a fair trial. This is why they resort to propaganda. The truth is just too unflattering.
Worse, the truth, when the masses understood it, would lead them to demand the same sort of thing that has happened over and over in history. This is what they fear. Being discovered.
If they had nothing to fear, they would act honestly, and fairly.
The Zionists have never proven a single of their claims in a free court of law.
What happened at Nuremburg was a show trial and pure propaganda. Nothing more and nothing less.
Al Gore and his ‘climate change’ lobby are in the same position. They are lying to us all. Al Gore stated, like a good Zionist, that ‘It happened / is happening’. ‘Period’. He actually made the mistake of claiming that the science was ‘unquestionable’. That is what riled the scientists all around the world from their quiet studies.
The last time we gave in to our states we got several hundred years of ‘dark ages’, during which it was as crime not to openly and publicly agree with whatever the Catholic church said was true, no matter how absurd and obviously wrong it was, needless to say unjust and cruel.
That is where we are heading today. Right now. I mean right at this very moment.
But you still have a chance if you open your eyes and ears, switch on your brains, electro-shock-start your hearts, and demand the reinstatement of the most precious thing you have enjoyed for a brief moment in history. Legal rights.
They say 1776 is the answer to 1984.
Constitutional, inalienable rights. Rights which no-one can arbitrarily override. The right to free speech. The right to political representation. The right to legal process. The right to own and operate a free and independent media. The right to own guns that, if need be, can be used to defend your rights. Rights without guns is like the promise of a politician. Worthless.
Otherwise you really get the government you deserve.
Right now you don’t deserve much better than what is coming. You are like I once was. Naïve. Ignorant. Unaware.
I got out of the hegemonic social reality. You can too. Especially now that people like me, with the help of thousands of other people like me, can offer you a signposted route.
Hey, once we have our freedom back, you will be free to make fun of me, or join me. You will be free to mock me, make sarcastic jokes, be flippant, be facetious,
and try to catch me out. All good practice to keep from taking myself too seriously, or falling asleep at my post.

You must understand that I am not madly in love with humanity. Humans have been horrible to me, and to each other, and especially to most animals on this earth, for most of my life. Monstrous in fact. So this is not a romantic mission. Have no fear I will suddenly ‘fall out of love’ and give up.

No, in fact I often find myself experiencing great ambivalence about trying to inform you at all. For I agree with most of the things I am told the Zionists Bankster’s are out to do. The problem is there are things I am uncertain of, and doubt. And those things are HUGE issues.

So I am hoping that after we escape the Zionist Bankster’s net, you might be a little grateful, and willing to sit down with me and consider my own ideas for a New World Order.

Anti-Semitism is really, by definition, anti-racism. Semitism means nothing unless you assume races exist. And they don’t.

Why people chose to define themselves as ‘Jewish’ is beyond me. I am just a person. My merits are those I earn myself. Meritocracy. That is the basis for a creative, productive society that will produce the surpluses necessary to facilitate a generous redistribution of good and bad luck, and thus a ‘fairness’ greater than nature itself produces.

Why you would chose to be associated with the people in the Bible who committed the worst war crimes, crimes against humanity, genocide, ‘ripping apart pregnant women’ and so on, far worse than anything Hitler was accused of (I honestly believe falsely now, based on what I have learned, which until then the Zionist propaganda had effectively kept from me). Does it matter if the supposed events happened 70 or 3000 years ago?

Like most people, I have been kept at a distance from Hitler the great leader by a belief that he ordered the murder of millions of people. Unforgivable crimes. So what if he never did?

If he did, then we would not keep copies of Mein Kampf on every bedside, on every living room shelf, and refer proudly to those great days when Germans went around enslaving peoples, committing genocide, raping women, and all the other nasty evil things the German people have been accused of.

Today Germans don’t glorify Hitler. They assume he was a genocidal madman. So what does that say about Germans as compared with Zionist and Talmudic and Torah-proud Jews?

What sort of people chose to be associated with, and proudly reprint, a document which supposedly documents their war crimes, repeated acts of
genocide, crimes against humanity and nature, and explicitly states that they have a god given right to enslave all non-Jews? That is just the Torah.

When we get to the Talmud, which apparently has a much greater bearing on ‘Jews’ in more recent times, we see all non-Jews defined as ‘cattle’, with no legal rights, exactly as the stories of Ernst Rundel, David Irving, and ‘The Forecaster’ show that ‘Jews’ today are treating ‘Gentiles’. Yes folks, it is not anti-Semitic to identify judges, lawyers, and mass media owners as ‘Jewish’ if they themselves are the ones who demand I so define them by claiming to be ‘Jewish’ and thus ‘not –Gentile’.

The truth is shocking even for me, even now, months after publishing my book on 911, the bible, Zionism, The Central Bankster’s Petro-Dollar Ponsy Scheme, and the new world order.

What the Talmud states for anyone to read, and what is written in the Torah, the Old Testament of the Bible, is happening right now.

Gentiles do not have legal rights in the U.S, Canada, Germany, France, and the list is growing as the Zionist Central Bankster’s ‘Octopus tentacles’ get a firm grip on all the nations of the world through their Central Banks, and their Golems.

FACT.

What sort of person proudly identifies with a culture of hate, murder, rape, theft, enslavement, racism, and lies?

I know it is criminal to say so, but what is a philosopher to do? Read the bible. Read the Torah. Read my book. Check everything I have written.

What does it mean to define yourself as ‘Jewish’? Why define yourself as ‘Jewish’ if no-one is forcing you to?

Based on the Bible and Talmud, to be Jewish is to be worse than any Nazi was ever accused of being. Why would you identify with such a history?

Germans distance themselves from Hitler and his ‘criminal Nazi dictatorship’, whereas most Jews appear to proudly embrace the Torah and Talmud.

So which people have the questionable ethics and self-definition?

Which group should we be worried about spreading fear and hatred?

Which group should that old Jewish woman, the arbiter of all things legal and just and fair, feel discomfort in relation to?

Which group is currently murdering women and children in their own homes? Which group has occupied territories? Which group has built the world’s largest ever concentration camp? Which group should be making that old Jewish woman, the measure of all things good and evil, shed a tear?

Genetically ‘Jews’ are Arabs, or from Southern Russia.
Historically they get kicked out of whatever country they live in, and are hated by otherwise calm, rational, reasonable, decent people.

You might ask why the Jews, according to the Bible, were welcome under one Pharaoh at the time of Joseph, but within 4 generations are kicked out. Of course the Jewish ‘spin’ is to claim they were enslaved and then escaped. Four generations would be under 80 years. One generation is the time between being born and having a son. This would have occurred between the ages of 15 and 20. We see the same pattern in recorded, documented history. So it seems reasonable to retrospectively extend the pattern from the proven to the unknown.

I think it is reasonable to wonder why the same things keep happening to the same ‘self-defined’ people. Over and over again.

Is it because everyone is envious of their beautiful women and talented, brilliant men?

If so, then maybe we can explain why Germany was at the center of two world wars. Surely the rest of the world was jealous of Germany’s achievements and growing power?

Or are Jews the only victims of envy?

Are Jews the only victims of anything in this world?

Their suffering seems to have taken the spotlight over the suffering of all other people.

In a recent MSCNN interview, the President of Iran asked the presenter why the focus was on the Jews, to the exclusion of all the other victims of WWII.

The announcer, who had previously confidently stated that it was proven that 6 million died, and wanted to know what the President was ‘in denial of the fact’, responded...’It is because we as a society make a distinction between war and genocide’.

Oh really. So you are telling me that the holocaust that was Dresden (not my words but the title of a book before the holocaust industry took out a copyright on the term holocaust) was a military action?

And why they insist on defining themselves as ‘Jews’ when racism was abandoned by the liberal Western world decades ago?

When to be a Jew, a religious Jew (what other Jew could there be? A cultural Jew? A secular Jew? Is that like a Secular Catholic? Doesn’t the term ‘Jew’ refer to a shared religion rather than a shared culture?), can only mean that you are proud of the holocaust, war crimes, theft, rape, murder, genocide, and enslavement by which the Jews, according to their own official history, originally
stole Palestine from the people who had, up to that time, been living peacefully there?
Ripping apart pregnant women is something to be proud of?
And then they couldn’t even keep it together, and had to go on having civil wars, and finally being kicked out by Emperor Hadrian around 2000 years ago?
So a people who gain a land by force, war crimes, crimes against humanity, genocide, mass murder, mass rape, mass enslavement, mass theft, can’t get their act together, fall into constant civil wars and defeats to their neighbors, lose the nations many times over, and final settle a remnant of their people around Jerusalem for a few years, before being kicked out of Palestine by Emperor Hadrian, only to return about 2000 years later, have a moral right to land that Palestinians (Yes even the bible refers to them so they were definitely there before the Jews arrived!) have been living in quite peaceably for the last 1500 years?
The Palestinians had absolutely no trouble sharing the land with their Jewish neighbors and friends. They did not feel the need to kill everyone and steal their homes and land.
Jews and Palestinians were living happily, creatively, and productively, side by side until the Zionists showed up and demanded all of Palestine for themselves. The story is that they did a deal with England, that they would get the U.S into the world wars to keep England from failing, in return for Palestine.
The agreement gave over two thirds of Palestine to Israel. But they were not satisfied with that. No, they insisted on taking all of Palestine, bit by bit. They did this in two wars of aggression. From the very start they were hell bent on taking all of Palestine for themselves. Just because, according to their completely unproven ‘history’, Palestine had once been their own. For a few years. And only after they genocidally murdered the former owners in a holocaust of their own design. And even then they kept fighting among each other. I mean, it’s not only non-Jews that had a problem with Jews. It was Jews themselves.
Jews entering Palestine were not like Nazi Germany re-uniting former German territories that had been annexed after WWI by the Allies, separating Germans from their homeland, such as the completely German speaking lands between Eastern Prussia and Germany (Silesia) which was annexed by Poland, The Sudetan (mountains) which were given to a new artificial country called Czechoslovakia, the Rhineland which was invaded, with no international agreement by France, Saarland from France, and the long standing consensus in Austria (which had historically wanted to reunite with Germany long before Hitler arrived on the scene to save Germany from total ruin and disintegration, or worse, a united
communist Germany), the Jews were simply stealing more land that they had no legal right to and no moral claim to.

The people Hitler re-united with Germany had all voted in free referendums for this re-unification. Poland would not even agree to let Germany build an international road to supply East Prussia with. Hitler had suggested a referendum in the occupied territories. If the people wanted to remain with Poland, he would get the road, and if not, the whole area should ceded back to Germany. What is more reasonable than that?

Facts my dear reader. Sure, shoot me for stating the obvious. Go ahead. I’m quite happy to be rid of this world. But it won’t change the facts. Eventually the facts will catch up with you.

Jews are allowed to be proud of their horrific history, one which even their prophets, whom they also slaughtered for criticizing them, could not bear keep quiet about, and Germans are not allowed to be proud of all their actual, real, creative achievements?

Give me half the resources that have been devoted to constructing a ‘holocaust’ industry, and I will be able to prove to you that in fact Hitler never gave any order to anyone for any holocaust. That the German actions in WWI and WWII were no less honorable than any other wartime nation, and that in fact the Allies were the war criminals, committing shameful acts of terror, and all for their Zionist Bankster masters.

Of course that won’t happen. Unless aliens arrive and help me out.

Oh, and if you have actual real evidence that would have, up until recently, been admissible in a court of law, evidence of a scientific, factual, compelling nature, then I will be the first to cry out in horror, Oh Mr. Adolf Hitler, why did you have to go and do something so stupid as to murder millions of people and ruin your otherwise astonishingly brave, courageous, intelligent, honorable, brilliant, career as statesman and world leader? The only man to stand up to the Zionist Central Bankster’s greedy plan to enslave every non-Jew with a communist world government for the masses, and a life of luxury and ease for the plutocratic, fascist 13th tribe rulers.

That is in fact what I felt up until a few months ago. I really thought it such a shame that Hitler had gone and murdered millions of Jews. Not just because the thought of anyone being murdered horrifies me. I am in fact vegan so the idea of killing anything is horrific to me, so please don’t misconstrue my words.

What I mean is that I didn’t see why he would do such a stupid thing. He was not stupid. He was not mad. He was not evil. He was a brilliant, brave, morally
ambitious man. It seemed such a shame to ruin all that. I mean, if the holocaust never happened, then imagine what sort of reputation Hitler would have had. Even given most people’s belief in the official narrative of a holocaust, Hitler is secretly admired by more people in this world than any other world leader. Even in Russia, Poland, and France.

My mind is open. I have nothing to gain or lose from the truth. I want to know the truth. It will set us free.

I am not even German any more. Out of respect for my ancestors, and the need to honor the living and the dead, and my own principles of truth, justice, and liberty, I have had to sacrifice even my German nationality.

For otherwise writing this book would have landed me in prison. And I would never have stopped arguing what I am arguing here, so I would have died in prison after suffering fates much worse than death.

So I have nothing to gain or lose. I don’t hate Jews, or love Germans. But I will not defame the memory of my dead ancestors as the German Government does.

It is shameful that the German government has defamed the entire German people.

It is a clear sign that the Zionists, after destroying Germany twice, remain in power.

The show trial of Nuremberg continues.

The propaganda continues to pour out. Only now out of the mouths of Germans. And if Munich and Mannheim think a holocaust occurred, and want to make good, then go on and make good. Give Bavaria to the Jews. The Palestinians didn’t murder 6 million Jews. It was the Bavarians and Mannheim-ians. Right?

You are the people claiming 6 million Jews were murdered. So you guys make good. Don’t force the Palestinians to pay for your war crimes. They didn’t do anything wrong. Why are you forcing them to pay with their lives, homes, territories, and freedom?

So how ‘bout it? An open trial of Adolf Hitler and the German people. An independent jury of scientists, historians, sociologists, philosophers, Palestinians, Germans, Polish people, Russians, Americans, British, and yes, if you insist, even an old Jewish woman!

But keep in mind that no matter what did or did not happen during WWII, our findings will have absolutely no bearing on Palestine.

When President Roosevelt put on his saddest face and explained to King Saud the story we are all told of ‘The Holocaust’, the King offered his own sad face in return. He was genuinely touched. However he stated the obvious. ‘If this horrific
tale is true, then why don’t you give the Jews a part of Germany to set up their own state?’
Of course the President was left speechless.
We are so used to having the two issues conflated together as if they are linked in any way at all.
Recently the President of Iran reminded us of this fact.
He is the only world leader with the independence and courage to stand up against the Zionist propaganda machine.
President Mahmoud Ahmedinejad of Iran, in an interview on CNN, with Piers Morgan, raised the question no-one dare speak about on U.S or European television. He reminded us that everywhere in the world governments allow freedom of research. So why is it that only one topic of research has been banned? Why is it that researchers in the one field are persecuted and imprisoned?
Lars Piers presented the scripted Zionist propaganda machine response.
‘There’s been extensive research and it is indisputable that over Six Million Jews were annihilated by Hitler and the Nazis’.
Just like Al Gore telling us that ‘global warming’ is scientific fact and beyond doubt or question.
Or like the U.S leadership constantly promising us that Iraq had weapons of mass destruction.
Or that some Arab terrorists, some evil geniuses with superhuman powers that extended beyond the grave, allowing them to carry out all the 911 destruction, and then turn up at work the next day.
Or that Ernst Zundel, and David Irving, are dangerous criminal masterminds bent on poisoning our minds and seeding a repeat of the historical cycle in which Jews suddenly find themselves unwelcome in the lands they had only recently found such comfortable and rewarding places in.
Then President Ahmedinejad repeated that famous line from ‘1984’ about 2+2 equaling 5.
Lars Piers pushed forward with his Zionist propaganda script, imagining he could corner the wise President into making a negative existentialist statement that might suggest a requirement for proof.
You see if I claim something I have to prove it. The burden of proof is on me. Even if I claim that invisible pink elephants don’t exist. So I can respect this guy in so many ways.
President Ahmedinejad was as skillful as philosopher as any I have seen. He simply returned to the relevant and productive question of ‘why are researchers
in Europe not allowed the freedom to carry out their research?’. He said ‘I pass no judgement on historic events’.

Who are we to either? Surely it is up to the historic researcher to present their arguments for us to consider. How could we personally be in any position to have an opinion without information? It is not as if knowledge of history was an innate wisdom. It only comes from free, open, honest research.

He then went on to remind us of a simple fact. ‘Let us assume you are right/ Let us assume it took place. Where did it take place? Who were responsible for this? What does this have to do with the occupation of Palestine? What role did the people of Palestine play in this event? If this historical event did indeed take place, then why so much sensitivity among politicians surrounding this event?

He went on to remind us that country X doing Y to country Z is no basis for any other country attacking it. That is no formula for the management of the world.

He reminded us of the other ‘spin’ put on Israeli military actions by the Zionist propaganda machine, namely that they are always responding to aggression from their neighbors, and just by pure miracles, manage to defend themselves, and gain the victory, along with a lot of territory no-one ever said they could have.

Soon we shall consider the arguments and research of the son of an Israeli General, but for now the President of Iran’s own words. ‘Zionists seek to create opportunities for themselves and their adventurous behaviors’.

In other words they look to excuses to attack their neighbors, while maintaining their prized, most powerful weapon, that of ‘victimhood’.

Without their holocaust narrative, their holocaust industry, to fall back on, all the glamor and shine suddenly evaporates from their aggressive, illegal military ‘adventures’. And they appear in their true light. Not victims, but opportunist oppressors caught ‘en fragrante delecto’, with their pants down, without their Zionist Propaganda machine Hollywood special effects.

The CNN interviewer did his best to read the same old Zionist propaganda scripts the mass media have been reading for decades, but the savvy, intelligent, clever President of Iran did any philosopher proud by side-stepping the minefield, and managing to turn just another scripted Zionist propaganda media stunt into something productive. I have not seen many world leaders with that level of intelligence, patience, or genuine character.

I am surprised he had the self-control not to mention the fact that Israel had, during its 1967 military ‘adventures’ murdered 31 U.S military personnel, and injured 63, when it knowingly and deliberately and repeatedly attacked the U.S. S
Liberty in international waters, from the air, and the sea, with jet fighter bombers and torpedo boats, with armor piercing shells and torpedoes. You don’t have to read about it in my books. You can watch the new documentary made by the survivors.

If you don’t believe that the Zionists have excessive political power, then maybe that historical event, which the Zionists have not been able to suppress or ‘spin’, might suggest to your mind that there are many other questionable ‘historical facts’ which deserve closer scrutiny.

The facts in that case are now documented and public. Even the tapes of Israeli air command communicating with the pilots and gunboats. They had tried, repeatedly, to murder everyone on board. By every means at their disposal.

The U.S actually covered up the whole incident. Why would they do that? With what motive? The U.S even repaired the ship so that when it came into port, on its own power, they could avoid any media interest. I mean HUGE holes were covered up, along with the many dozens of armor piercing shell holes.

The ‘remains’ of the U.S servicemen that had been murdered were collected in garbage bags and thrown overboard.

That is how Israel treats is major ally. So how do you expect it will treat those its enemies?

If this secret was kept covered up for over 50 years, and only recently made public, what other ‘secrets’ remain hidden? What other ‘secret deals’ has the U.S made with Israel in the past to cover up similar war crimes?

Can you really trust a group of people who commit such crimes? Can you really trust a government that covers up such lies for such people? If such a blatant, well documented case can exist, and escape the public’s attention for so long, then what does it say about other events in history? What else have we been lied to about? What else has been covered up? Maybe there is a reason historians and scientists are banned from investigating ‘the holocaust’ narrative? Maybe because it is just another Zionist lie covered up its Golems, the U.S government, and their NATO and Zionist occupied allies, the Germans and French?

Are you still so accepting of the Zionist propaganda machine’s explanation as to why it is a criminal offence to be skeptical about ‘the holocaust’ narrative?

Was the U.S.S liberty mass murder covered up because the truth of it might make some old Jewish lady uncomfortable? Even bring her to tears?
The truth is not democratic

Many people seem to think that the truth is democratic. That you can vote on it. And the majority get to define reality however they want to.
Sure, social reality can be that way. What we agree we want to accept as truth, and what we agree we want to deny.
But it is just a lie by another name. The official fiction. The conventional wisdom. The accepted version of events. The official history. The collective unconscious hegemonic definitions of reality.
But the thing is that such lies are rarely democratic.
Long before Noam Chomsky wrote about how public opinion could be manufactured, Adolf Hitler was warning us about the very same fact in his own, now less often published, and rarely praised, ‘Mein Kampf’.
In reality the public consume a social reality offered up for their consumption, carefully constructed, carefully tailored, honed and scripted, by the mass media.
And so in reality the illusion of reality people labor under is not their own democratically elected lie, but a lie foisted upon them by the most powerful members of society. The ones who own the mass media.
In other words the reality most people live in is really just the inside of the Zionist propaganda machine. Plato’s cave if you like. Constructed by the Zionists to serve their own very narrow vested interests.
The only fear these Zionists have is of being exposed by ‘scientific’ research and ‘objective’ inquiry.
None of the claims made for the official holocaust narrative can stand up to true, unbiased, intellectual scrutiny. That is why they never answer the questions raised by their critics. That is why they have to have their critics thrown in jail, ruined, tortured, and silenced. That is why most people self-censor their research and ideas. They are simply unwilling to pay the high price inflicted upon honest, open, critical historians, researchers, scientists, and writers like myself.
This is the real reason it is a criminal offence to research into what really happened to Jews during WWII.
Not because you might make an old Jewish lady cry.
But because, like the attack on the U.S.S Liberty, the facts are not at all convenient to the Zionist cause, or the interests of their paid up Golems.
The facts surrounding the official myth narrative of ‘the holocaust’ are simply completely dismissive of the claims made by the Zionists. There is absolutely no hard or even soft evidence to support the Zionist claims of a Holocaust.
If there are no-one I have ever interacted with has ever seen them. And why would the Zionists hide evidence that would prove their case for them? Would you hide evidence that proved you were innocent, or your oppressor’s guilt? Or would you hide evidence that proved you were making the whole thing up, more or less?

No-one claims Jews were not badly treated, and rounded up, and put in concentration camps, and that many died there. But that is a totally different story to the official ‘holocaust’ narrative. Even the Americans locked up Americans of Japanese descent during WWII.

Hitler himself described this reality as ‘monstrous’ by ‘necessary’. Ask his driver, his doctor, and all his Jewish friends how he treated them. Ask yourself how, if Hitler was an anti-Semitic madman bent on annihilating Jews, between 200,000 and 500,000 Jews fought in German military. How 150,000 Jews fought in Hitler's army. How he would tolerated having two field marshals, fifteen generals, two full generals, eight lieutenant generals, and five major generals among his officers.

Why would Hitler have awarded 20 Jews Germany’s highest military honor (as Hitler himself had been awarded in WWI), the Knight’s cross. Hermann Goering famously stated 'I decide who is a Jew and who is an Aryan'. In other words Hitler and the Nazi’s employed virulent anti-Semitic propaganda for the consumption of the masses, to get them to go along with the deportations of Jews to ‘protective custody’ and work camps, but they themselves were not virulently anti-Semitic. They were quite rational and calm about the whole thing. It was not a matter of insane hatred and a desire to kill Jews. It was about protecting the Reich, Germany, and Germans, from the threat the Jews might pose. In the same way that the Americans ‘interred’ ‘Japanese’ U.S citizens, and put them to work in the same way, in fact in the same industries.

Ask yourself how so many Jews could have survived WWII if the most organized, efficient and effective industrial war machine of the time had intended their annihilation? Why would the Germans have gone to such great lengths to prevent Typhus epidemics? Using the very Zyklon B later used to falsely convict and kill them in show trials?

If people really were murdered, then I can’t see how we show them any more or less respect by wanting to know what happened to them. Surely the truth will set us free. Don’t most people want to know the truth about what happened to their loved ones? Even if it is painful. Simply to get closure?
I wouldn’t want the whole world to constantly be watching film footage of a relative of mine dying of Typhus. The Jews keep talking about ‘dignity’ and ‘defending the memory’ of their loved ones. How is parading their dying loved ones before the world protecting their dignity?

To claim that opening up the case files, and the investigation, is like pulling at old wounds misses the point. The case was never actually investigated. It was a show trial in which the verdict was already determined before the trial even began. Most of what little evidence they had would not be admissible in any court of law today, as it was gained by torture.

He who does not learn from history, is doomed to repeat it, or so they say. Surely the Jews do not WANT a repeat of this episode of history? Their history seems little more than a made for television series, in which they play the eternal victim as one after another ‘civilized’ people want nothing more than to kick them out of their nations.

There is no actual hard evidence of any plan to exterminate Jews. There is only hearsay, and the ‘testimony’ of people who were given every encouragement, incentive, opportunity, and motive, to lie.

Their lies have been ‘outed’ over and over again. Even by their own official, Jewish, ‘holocaust’ historians.

Further, we should remember that false memories are common among people with much less motivation, encouragement, and incentive to ‘remember’ things ‘falsely’.

So out of respect for the dead, and the living, open the investigation. This time do it ‘by the book’. Treat the holocaust like all the other horrific incidents in our shared world history. Maybe that way we will learn from history, and avoid repeating it. Again and again and again.

And please remember that the Jews were not the only victims of WWII. Remember that we need to honor the truth of all of their suffering as much as we need to honor the memory of all those Germans who bravely did their duty to their country and their own families to the very end.

Let us not forget that over a million German Prisoners of war died of starvation, thirst, and disease in Eisenhower’s death camps after WWII.

I really think that we should begin our historical correction a.k.a ‘revision’ there, and work our way back.

What right do the Zionists have to slander millions of honest, brave, well-intentioned Germans?
What right do the Zionists have to use their ‘holocaust narrative’ to justify their criminal, murderous, genocidal treatment of the Palestinian people at this very moment?
Even self-defined Jewish ‘holocaust survivors’ do not want the suffering of their loved ones to be used to justify / legitimate / or gain sympathy and support for, the current actions of Israeli Zionists today in Palestine.
Martin Armstrong (The forecaster)

The documentary film ‘The forecaster’ is a cautionary tale for anyone who is in denial about the excessive power of the Zionist Central Banksters, the Israeli lobby, and the Jewish community, in the U.S, and their abuses of that power. Martin Armstrong spent 11 years in prison, 7 of them in solitary confinement, simply because he would not give the Zionist Central Banksters the code for a computer program he had written. That program has proven to be the most powerful economic, social, and financial forecasting model ever developed.

He was initially imprisoned for 18 months, without any charges being laid. After each 18 month period he was asked to hand over his software code. He refused. The imprisoned him again and again for 18 month periods. Then they arranged for him to be beaten into a coma in prison, and placed in solitary for ‘attempting to damage the prison’. He spent 7 years in a concrete box, never once being allowed to feel the sun on his skin. Ultimately they put him ‘in the hole’.

That broke him. This guy is one of the most courageous and ‘tough’ guys I have ever heard about. But everyone has limits. Beyond those limits it is a question of survival, and seeing your family once again. Of course they finally broke him. That is why people use torture. It works. People will say and do almost anything you demand of them. So he gave them what they wanted.

He was then told to read a pre-prepared script in which he admitted to crimes he had never committed. That was the only way, after 11 years that they would let him go. The Zionists propaganda machine provided the Zionist controlled mass media with their own script, in which Martin was defined as a criminal who had defrauded working people of billions of dollars in a ponzy scheme.

The two men most closely involved in this story both had come from, and then later returned to, very well paid jobs in the Zionist banking ‘industry’.

You don’t think this could happen to you? You see the wrong thing? Hear the wrong thing? Stumble into something unwittingly. And they have you. And the legal system is so corrupted by the Zionist Central Banksters and their Golems that you will be powerless.
Unless you do something right now. Demand an end to the propaganda. Demand an end to the Zionist Central Bankster system. Demand your freedom back. Demand an end to the Zionist occupation of your nation.
Ernst Zundel

Ernst Zundel is a hero, and a martyr, in the fight to reveal and dismantle the Zionist propaganda machine, one of the main sources of the Zionist Central Bankster’s power and influence. It is the major cog in the ‘holocaust industry’ which has netted Israel over 35 Billion dollars, and the status of ‘victim’, which it abuses to get away with genocide.

Zundel is a life-long pacifist who left Germany to avoid being forced to take part in the military. He has never been charged with any criminal offence of any kind. He is an honest, hardworking, independent writer and historian.

Like myself, Zundel initially accepted the ‘holocaust’ narrative that the Zionist propaganda machine has produced and installed as ‘the consensus view’ or ‘hegemonic social reality’. But soon he realized that what was supposed to be ‘historical evidence’ was nothing more than a constant re-running of the original propaganda made before, during, and after WWII.

He has been slandered and libeled as a Nazi by the Zionist propaganda machine we call ‘the mass media’.

He is one of the more prominent victims of the Zionists excessive political influence and power.

What happened to him proves that the Zionists are out of control.

It could happen to you.

It will probably happen to me.

44 year old Zundel was secretly accused by members of the Jewish Defence League of Canada, under the little known criminal code section 177.

He was charged with ‘two counts of publishing material likely to cause mischief to the public interest’ and with ‘social and racial tolerance contrary to the criminal code’.

Zundel chose trial by jury. It was the first time in history (the Nazi show trials were only for show) that anyone would get a chance to challenge the official holocaust narrative, and have a chance to put ‘eyewitnesses’ on the stand. This was a real coup for Zundel and for free men and women everywhere.

It would prove to be the last time the Zionists ever allowed anyone the semblance of a ‘fair trial’ in relation to ‘the holocaust’.

The Zionists had overstepped their mark this time. They had no idea what sort of adversary they faced in Zundel and his supporters. They were in for a real thrashing. Even though Zundel would pay heavily for this victory, his defeat will
go down in history as the lost battle that gave the truth the final victory in the war against Zionist propaganda.

Because he awoke this Dragon. And many more like me who would never ever have paid much attention to his fight, and ‘the holocaust’, and the world domination of Zionism, without his brave fight, defeat, and like a Nietzschean uber-mensch (bridge man), climb back up out of the abyss, and into the light.

Like a phoenix destroyed and renewed.

Zundel has been the bridge that has linked us to the truth. Like his fellow battle-weary comrades in arms, from Irving, to Faurisson, to Cole, and now his brave, defiant, courageous lawyer.

These people will go down in history as heroes at a time when the world was full of opportunists and egoists.

At first all of Zundel’s accusers were allowed to remain anonymous. In typical Jewish KGB fashion. He was not told who was accusing him or what they were accusing him of. Initially he had no right of response to answer the claims of his accusers. This is how it is in Germany still today for anyone whom the Zionists target as a potential threat to their ‘victim’ status, and their world-wide hegemony.

Kafka could not have written a more disturbing tale. But this reality is very reminiscent of Kafka’s ‘The Trial’.

Zundel initially had applied for Canadian citizenship, but had been turned down, without any reason being given. At a time when a third of the population of Canada was of German descent, and many Canadian towns and cities were 50% Germanic in origin.

The trial lasted 9 years. He was convicted, however the Supreme Court overruled the conviction, stating that Zundel had not nothing illegal, and that all his actions were well within his rights under the Canadian constitution.

After his trial, even before his conviction was overturned, the Polish government, based on the evidence presented at the trial, removed the plaque from Auschwitz that used to state that four million Jews had been murdered there.

During the first trial the ‘eyewitnesses’ undermined the credibility of the ‘official holocaust narrative’ so badly that they did not appear at the second trial.

The entire narrative depends upon the believability of supposed ‘eyewitnesses’.

There is no other form of evidence or ‘proof’ that the narrative is not purely fictional propaganda. And so when the ‘eyewitnesses’ gave accounts that could not, according to all the known facts surrounding their stories, possibly be true, as literal eyewitness accounts, Zundel had finally achieved his aim. To prove that there was no evidence as such for the holocaust narrative.
Some of the eyewitnesses described things that could never have happened, based on what we can prove about the camps.
Some of the eyewitnesses admitted that they were only repeating things that other people had been told by other people.
Some eyewitnesses admitted that they had never actually seen anyone being killed or cremated, that the people they assumed had been killed and cremated might very well have been on a work detail, and not a death march.
Some eyewitnesses made incredible claims which had already been discounted by the Jews themselves as fiction. Such as claims that Germans made lamp shades out of Jewish victim’s skin, or soap from their body fat. The problem was that these claims for only initially entertained in relation to particular camps. And the Jews themselves had dismissed these claims as false.
Some eyewitnesses claim to have taken part in interactions with Dr Mengele at camps where he had never been, even in the opinion of the official Jewish ‘reports’.
And so these ‘eyewitnesses’ never showed up at the second trial. They had done more damage than good to the Zionist propaganda machine, and so they were, I assume, told to stay home and keep quiet in future.
This was a massive victory for the skeptics. For once in history a court had allowed the supposed ‘eyewitnesses’, upon whose testimony the whole edifice of the ‘holocaust narrative’ and ‘holocaust industry’ rests, to be cross examined. None of the stories held up individually. And as a whole, they completely undermined the credibility of all the supposed ‘eyewitness’ accounts used as ‘proof’ of a deliberate and organized attempt by the Nazi’s to exterminate Jews during WWII.
Up until now no-one was allowed to dare question them, out of a supposed sense of ‘respect’ for their ‘suffering’ as ‘holocaust survivors’. It was considered in bad taste and to be a sort of ‘re-victimisation’ to both dredge up the memories, and also to in any way even imply that they might not be telling the truth, the whole truth, and nothing but the truth. It was assumed that they were victims. And it was assumed that the ‘holocaust narrative’ was simply the truth. So why put the poor victims through any more ordeals. ‘Hadn’t they suffered enough?’
Hmm. Well. That sounds all good and fine, but what sort of justice does that tend to produce?
I mean, don’t the millions of Germans de-facto on trial for war crimes and genocide had a right to a fair trial? I mean, just in case they might actually be innocent of all the charges? Like, you know, in a court of law? You know, that
thing they refer to as ‘the criminal justice system’. Isn’t that the usual modus operandi in legal trials?

And I mean, we are talking about the biggest ‘murder’ case in history. 6 million Jews murdered. Surely you’d want to ensure that the law and due process were followed as strictly as possible, wouldn’t you? I mean if you take care for a simple murder trial, surely that care would be multiplied by 6 million, if there were 6 million people murdered. Wouldn’t you? I mean you’d take much more care, wouldn’t you, rather than absolutely NO care at all?

We are talking about accusing an entire nation of the most horrific crimes, with a compensation bill that was in the 35 Billion dollar range. Wouldn’t that justify the greatest care and attention to detail? Unless of course we are talking about a show trial. A kangaroo court. A cover up. A conspiracy to pervert justice. A lynching.

And so of course the legal basis always appealed to, that of the rulings of the Nuremburg court, must be thrown out the window.

It is absurd to claim that because the Nuremburg court ruled that 6 million people were murdered by the Nazis, using gas chambers, that from that point on we could accept this as a fact. As incontrovertible truth. As scientific and undeniable evidence that anything a survivor of the German concentration camps says about what happened there must be taken as the literal truth. As fact. As incontrovertible.

It would be like accepting the rulings of the Catholic Church made during the Spanish inquisition, and applying them today.

It would be like allowing your worst enemy to decide if what they themselves are accusing you of is true or not.

This is beyond even the realms of a Monty Python sketch or a Kafkaesque novel. The German people must be the real ‘self-haters’ to accept such an absurd position, and time and time again submit to such an injustice.

It just shows how good natured the Germans really are. They accept that Jews suffered in concentration camps, and they feel bad about it.

But to defame your own parents who had no choice but to accept the Nuremburg ruling because they were under enemy occupation is another thing entirely.

Or is this just evidence that Germany still labors under an occupation government? Not just a Zionist Central Banksters financial control, but also their direct policy control?

Or could it be that the Zionist propaganda machine is just too damn effective and powerful?
Anyway, at the trial the spokesperson for the Jewish community had to admit that no actual written order was ever found anywhere to suggest that Hitler had ordered the extermination of any Jews, or to build gas chambers.

No gas chambers have been found at any of the camps where gassings were said to have been ‘proven’ to have occurred. Go figure!

No evidence has been found that Zyklon B gas had ever been used in the buildings where the gassings, we are told, have been proven to have taken place.

Not a drop of residue.

But go down the road to the de-lousing chambers where Zyklon B was used for the purpose for which it was manufactured, transported, and delivered, namely, delousing of clothing, bedding, and so on, and you will find a thick blue layer of residue. Go figure! They should patent that technology, whoever developed it, that allows you to use Zyklon B over a period of years, without ever having to worry about ‘washing up afterwards’.

I think this book is going to make me ‘the most hated man in the world’. Sorry if I ever sound flippant, but once you get out of the internally reflexive sphere called the dominant hegemonic social reality that has been constructed and is maintained exclusively by the Zionist Propaganda machine, you will see how absurd the ‘holocaust’ narrative really is.

Even the famous Zionist historian Dr Gilbert was so shaken by his experience that he did not appear for the prosecution at the second trial. He had been forced to admit some truths. The Zionists realise that every time they open their mouths to ‘support’ their own case, they do nothing but undermine it.

All Dr Raoul Hilberg could say in response to requests to back up his claims and to refute the evidence presented before the court was to say ‘I am at a loss’.

However he admitted that many of the stories in his own books were complete fiction. He also admitted that there was absolutely no official report of any gas chamber ever being ordered to be built, or actually built. He also admitted that just after liberation he had told the Allies that 6000 Jews had been gassed per day, which is half the number he later quoted in one of his own books.

The Zionist holocaust ‘experts’ really have no case. They only have the precedents of the Nuremburg show trials that no reasonable person would give any credit it.

The only victims in German concentration camps died of typhus and other diseases. There was never a program to exterminate Jews. I do not have to prove this. It is up to you to prove there was. At least in a normal court of law.

But in today’s Zionist controlled system the burden of proof falls upon me to prove there wasn’t such a program. Which I could do, in a fair court of law.
Today, for any reason, you can be picked up and imprisoned. It is up to you to prove you are not a terrorist. It is not up to the Zionist occupational legal system to prove that you are guilty.

Please consider what this means.

It just means that today, you, and your loved ones, my friends, are in exactly the same position that the holocaust skeptics, and the Germans being victimized in the show trials, have always been.

Welcome to the world you helped create. It was fine by you to sit quietly and enjoy watching other people be victimized.

But not so much fun when you or yours are the victim. The target.

You still have time to act right now, if you have the sense to.

Otherwise I hope you enjoy being a victim of the system you empowered, and today support.

Or join us, and break the chains of oppression.

Kick out the Zionist Occupiers.

Take back our banks, our legal systems, and our birthright freedoms.

Despite all the lack of any reliable evidence Zundel was convicted. He had been convicted before he had entered the court. It was nothing more than a show trial.

The thing is, the prosecution thought they were being clever. They would run this show trial as a media stunt. For the judge was confident that Zundel would be made to look a fool.

In fact it was totally the other way around. And so this time the show trial defeated its own real purpose. The court was ‘hoisted by its own petard’, so to speak. They had destroyed the credibility of the holocaust lobby for all time, for anyone with eyes to see, and ears to hear.

In a fit of childish petulance, the judge simply convicted Zundel, simply stating that ‘revisionists are not to be debated’.

Of course not. Any time a holocaust purveyor attempts to debate a holocaust skeptic in a fair debate, they lose. They not only lose the debate, but all credibility.

And this is why is it illegal in Germany for me to write this. The truth always wins.

The lies always break down at some point. The holocaust industry needs the backing of the legal industry to muzzle, to silence, to prevent, any possible debate of this issue among the general public.

And if you don’t care that millions of Germans have been slandered, and the Zionists have accrued excessive power and wealth as a result, then care about this.

You are next.

You and your family and your country and your reputation.

If you don’t act now to shut down the Zionist propaganda machine. Call it to account for itself. Call its bluff. If it can prove its case in a fair trial, in a fair public debate then do so.

You have to insist on taking back your legal rights and freedoms, beginning with freedom of speech, and then habeas corpus.

Otherwise you are just prisoners and slaves waiting for that knock on your door that will make it all official.

When they knock on my door I will know why they are here.

It will have been worth it if I have managed to save you all from the same fate.

If not, it will be a typical romantic tragic hero story. If you don’t fail then it isn’t real ancient Greek tragedy, now, is it! Can’t be idolized as a hero until you’ve been betrayed, suffer and die in total disgrace, as a total failure, as a traitor, as an abandoned, ostracized, and demoralized failure.

Happy next lives?

So, anyway, the hero we are praising right now, and whose epic adventure and heroic battles we are describing here, was given a 15 month jail term for being ‘a neo-Nazi propagandist’...making him...‘a danger to the community’...for...‘publishing with the intent of destabilizing the Canadian community’.

The Jewish woman, Sabina Citron, who had originally brought the ‘charges’ against Zundel was constantly calling for his deportation, calling out one point, cameras rolling saying ‘let him go back where he came from’.

Real suffering teaches us compassion. This is just more evidence that the Zionists have not learned anything from history. It implies that they never really were the victim in any of their trials and tribulations. Otherwise how can you account for such a vicious lack of empathy for others?

To call for the deportation of someone? To ‘back where they came from’?

Can you imagine what would happen to anyone who said such a thing about a Jew?

Can you imagine how many television crews, mass media outlets, lawyers, Jewish groups, and Zionist golems would come crashing down upon the individual who dared utter such a sentence with reference to a Jew?
How clear does the obvious malice have to be before a judge would see that the charges brought against Zundel by Jews had nothing to do with any genuine concern for Canada or its people? It was clearly motivated by malice.
In fact the whole trial represents a hate crime.
In fact a deportation order had been prepared in advance, and was immediately issued.
Zundel appealed, and during the appeals process, under Canadian law, he could not be deported.
That must have really pissed off a lot of Zionists who must have been luxuriating in a sense of absolute power up to that point, so self-satisfied and smug with their victory.
Hey, I am not Celine, so don’t expect me to get too ‘colorful’ in my language, though it is terrible tempting. I restrain myself as an act of humility, hoping to serve as a role model for those I am writing about, those arrogant, drunk with their own sense of power Zionists!
So, Zundel was safe for now. Though persecuted, he was free on bail.
Let’s take a break from this epic tragi-comic heroic tale and go back in time to Helmut Kohl’s West Germany. Back on April 26, 19... Helmut Kohl had passed a law that made it a criminal offence to ‘defame the memory of the dead’.
Now I have to control myself. Seriously. Have you heard of any greater defamation than that contained in the ‘holocaust narrative’? The defamation of millions of Germans, if not the entire population of WWII Germany. Have you heard anything more libelous and slanderous than the allegations made by the Zionists during the show trials at Nuremburg?
In all of recorded history, has an entire people ever been more slandered, libeled, and abused?
Of course the Zionist will argue that just because the Nuremburg trial convicted Germany of the alleged crimes, that it is not libel. Not slander. Not defamation. But it was a SHOW trial people. Not a real trial.
If you think that sort of thing is fine and dandy then I hope your enjoy it when it comes your time.
For sooner or later it will.
And what will you tell your kids? Oh, I let them do this to Germany because I just couldn’t stand those Germans you know. Then I let them to it to the holocaust skeptics, because, you know, I just didn’t care, and it was satisfying to feel morally superior to someone, you know, a neo-Nazi and all that. Then when they introduced the law banning ‘global climate change skepticism’ I thought, well, I think they are going a bit too far, but hey, what do I care. Then when they
brought in all the laws we are living under now, well, you know, by then it was too late. Sorry I gave away all your freedoms. But, well, everyone did the same thing, so, I mean, I’m only human, right?
I’m sure your kids and grandkids will understand!
So, without Zundel probably thinking too much about it, a sword of Damocles was hanging over his head, in the form of these German laws that were on the law books, under paragraph 130, simply to prevent anyone ‘speaking evil of the dead’ indirectly by ‘questioning the holocaust narrative’.
The Jewish congress and various other Jewish organisations complained ‘Why should this overwhelming evidence (I think they were referring to the tears of the Old Jewish Woman) be brought into question in a public forum?’.
Well, let’s see, you accuse someone of a crime, demand they be imprisoned and deported. And you think the public have no interest in such a situation?
It is just a private matter between you and the judge, right?
I mean, what on earth do the public have to do with it?
I mean, it is for a bunch of Jews to decide what the government should do, right? Not the general public. What are they after all, but a bunch of Gentile ‘cattle’?
I mean, look, these old women are upset. They’ve gone through a lot. Let’s just lock this guy up and deport him without a public trial an save these poor Jewish women any further distress.
I mean, look at them, what more evidence to you need to convict a man of a felony, put him in jail for 15 month, and then deport him from his home, friends, and life?
Do you think I am being facetious? No. This is actually what happened. Not what happened a-la Zionist propaganda, a.k.a ‘the holocaust’? No. This is pretty much literally what happened. You can watch the video. You can read the transcripts. This is how the Zionists think ‘legal justice’ should operate in your country.
It is how it DOES operate in Germany.
So tell me when did Germany give up its sovereignty to the Zionists. Ever read a book called ‘Mein Kampf’? I think everyone should. It is actually still illegal to own a copy in Zionist occupied Germany. Guess why?
Again, any debate is stopped before it can start. Any information that does not support the hegemonic Zionist propaganda machine’s efforts will be kept from you.
You will only have one way of looking at the world. Through the eyes of the Zionist propaganda machine. You will see and hear only what they want you to. You will interpret it only the way they want you to. They get to construct your social reality. You are living in a Zionist Propaganda machine virtual reality.
The only place you have any chance of escaping that bubble for a time is on the internet. But they are closing in on that too.

In fact they already tried. The banned web sites in Germany. But to do so meant blocking access to sites that were legal and which people who were paying internet fees wanted to visit. And the bigger problem was that immediately that the web site created for Ernst Zundel and his supporters was shut down by the German authorities and Deutsche Telekom (Zionist communications incorporated), students all around the world, at some of the most prestigious universities, set up ‘mirrors’, which meant the site was essentially now impossible to shut down.

That is the only reason we are still free on the web.

It is the only mass media form that the Zionists Propaganda machine does not control.

Is Mark Zuckerberg a Zionist? I don’t know. But facebook is definitely a data mine for the Zionist agency you know as the C.I.A, and its buddy the N.S.A.

So let us enjoy the final days of freedom.

Please seed this document, post it, mirror it, and get it out there to anyone with eyes to see and ears to hear. As Buddha said, ‘some may understand’.

I honestly think we are right now at war. I mean that we are under attack right now. It is a war for our minds.

Their main weapon is propaganda.

Our only defense is truth.

Read the Bible. Read the Torah. Read the Talmud. Read my books.

This is not fear mongering. The Zionist aim has always been to dominate the world as the masters of the Gentiles, who have no legal rights, who are ‘cattle’, who can be slaughtered like cattle. The Zionist Jew has absolutely no need to concern themselves with the suffering they are going to inflict on us Gentiles, because we do not matter. Only the Zionist Jew matters.

If you cannot see that pattern being repeated in all the factual documented cases I am presenting here, then I have no idea how to make it any clearer.

Until you read my other books, or read the source documents for yourself, I mean the bible, torah, Talmud, protocols of Zion, and so on, I understand you are probably going to be very skeptical. But please do it. Try and see. Test reality for yourself. Never take anyone’s word for anything, least of all mine.

Unlike our enemy, my only tools are truth and reason. I abhor lies. ‘Noble’ or otherwise. My only defence is the truth. In the current world that is no defence, sadly.
But we can restore truth to its natural position, and defeat the attack of the enemy by employing the truth. The whole truth. And nothing but the truth. And then let’s hope god helps us! Because we face a very powerful enemy.

But they are only powerful as long as we let them use their weapons. Their lies. Their Zionist propaganda machine.

Without it they are powerless. Literally just a few million self-important ... sorry, don’t want to go the way of Celine and get too creative with my descriptions... Their power lies in their Central Bankster system, and the Zionist propaganda machine they have bought with it.

Hitler realized this. He shut them down on both fronts.

But the Zionists then bribed the U.S to destroy Germany. And Hitler was defeated. And then defamed. Even demonized. Discredited.

But read his books. Read my books. Read millions of books. Open your own eyes and ears to the reality of what is going on right now, right here.

And take back your birthright.

You are not cattle! You are not slaves! You were free men and women until the Central Banks came and stole your sovereignty, and then bought your elected officials to be their personal Golems, and then ensured laws would protect them from the truth.

Holocaust skepticism has nothing to do with defaming the dead. It is about returning the honor to those who have been defamed.

The laws are there, at the insistence of Zionist Jews, to ensure that no one is ever at liberty to draw attention to obvious facts.

You see, in the past they never got the control they have today. But they learned what they had to do. They knew they would not get away with their plans unless they had laws to stop people telling other people what they were doing.

Now they have those laws. People like me have to risk everything in breaking them. For people who will probably just mock me.

If you cannot see that those laws are the chains around your neck and legs, and the prison bars that will enslave your children, then what more can I say?

How clear does it have to be?

Do you need a written order from the Zionist high priest?

Actually, silly me, I forgot.

You can read it anywhere, in any library, on the internet.

The Jews have no written order from Hitler. He never gave that order.

But we have the written plans and orders of the Jews. Most people have a copy on their own homes. You know, the bible, the torah, the Talmud.
Is it conspiracy theory? Did some Nazi go back in time and write the bible? The torah? The Talmud? Can anyone claim that the Russian Secret Police wrote the bible, the torah, and the Talmud, to discredit Jews?

Do you think that the Romans, the Spanish, the British, and the Russians all kicked Jews out of their territories because some Nazi pamphleteer wrote a few pages of hate mongering, fear inciting prose?

Do you really think that is what the laws today are about?

What do the Jews so frantically fear about a few pages of writing?

Are people all so anti-Semitic at heart, full of irrational hate and fear, that it is so easy to lead them astray? Do you know how hard Hitler had to fight to get people to enact his laws? Do you realise why he had to use such extreme propaganda? Because it was so hard to get people to act against the Jews.

The Jews are not scared of a few pamphlets. They are only scared of the truth. Once you get people to question the lies, they fall apart. That is what the Zionist Jews fear.

They have the protection of the law. I don’t.

Who is more afraid of who?

They certainly don’t fear me.

And I realise now how powerful they are. I am screwed the moment they decide to hunt me down like a rabbit, and stick me in a cell.

But at least then I will know I am a prisoner.

Out here we still think we are free.

This is all making me physically ill. I cannot sleep. Cluster headache. Exhaustion. Please forgive me if I don’t get this done as fast I want to.

What follows are notes for the rest of the book. If I don’t finish, please read them as they are, and forgive me.

O.K, so back to our hero’s trial.

During one television ‘report’ the announcer referred to ‘such a huge body of evidence’ proving that the holocaust happened, and wondering why on earth anyone would even try to question it.

So where was this huge body of compelling, overwhelming evidence during the many years of both trials?

Hey? Can you answer that reasonable question, Miss Zionist Propaganda Ministry spokesperson?

Anyway, so Zundel was convicted. He appealed. The ruling was overturned. The court then appealed that decision. The Supreme Court ultimately ordered a new trial. Of course Sabina Citron, as a Jewish survivor of the ‘holocaust’, thought she
knew better than the Supreme Court. She thought, like a lot of Jews I have met, that they have special insights and a special right to tell everyone else what to do. Even the governments of the nations they live in, as a tiny minority. Democracy? What? What’s that? Hey, read your bible, I’m one of the chosen few, with the god given right to do whatever I want to with you Gentiles.

FACTS People. Don’t you ever READ anything you claim to base you claim to base your beliefs and life on?

Zundel was granted bail, but censored, gagged, and denied all freedom of expression.

A trial began in 1987.

They just would not let up on this guy. What had he done? Raise few questions and present a few facts? While all over Canada rapists and wife batterers might get probation or a few months in jail. A man who did nothing more than ask questions a very narrow vested interest group in Canadian society did not want asked!

This man must lose his life, be forced to live in fear, and devote all his energies, for years and years, simply to defend the most basic liberty we have.

Without the freedom of expression, the right to raise sincere questions, all our other rights are meaningless. For if we are forced to agree that 2+2=4 we have been enslaved in the worst way. We are being lead down the path to becoming zombies.

At this time the media continued to roll out the same Zionist Propaganda Machine script. The same old hegemonic social reality programming.

TV presenters and commentators would constantly remind us that ‘the holocaust is an established fact’.

As if the Nuremberg show trials are an acceptable legal precedent.

As if no legal precedent has ever been overturned.

It would be as if to say that because in the past courts had ruled that homosexuality was a sign of evil or insanity, and had been criminalized, that the question of homosexuality had once and for all been answered, the answer to ‘the homosexuality question’ had been once and for all settled and established, and it was now illegal to question the original decision.

Or the legal precedents that denied women the right to vote.

Or the legal precedents that criminalized abortion or legalized abortion.
It is like denying anyone who has been charged with any offense, the right to a legal review of the evidence, an appeal, and a re-trial.

What Zundel and other heroes like David Cole and David Irving are doing is effectively demanding a re-trial of WWII ‘war criminals’.

But we are told that this would upset some people.

It ‘defames’ the memory of the dead.

And so the living must suffer with a damnable lie for eternity?

This is the entire basis for denying a re-trial of the Nazi ‘war criminals’.

As Field Marshall Montgomery stated at the Nuremberg trials, ‘This is the first time in history that losing a war defined the losers as criminals’.

Check any quotes from Stalin about the trials. From the very start he defined the entire theater as a ‘show trial’. Like show trials in Communist China or Soviet Russia, where the ‘defendants’ had been convicted, tried, and doomed to death, long before the trial had ever begun.

A spokesman for the Canadian Jewish Congress complained that if Zundel were not imprisoned, and gagged, that people might believe Zundel.

When was that ever a basis to imprison someone?

Implicit in the Jewish Congress’s statement is reference to the problem Hitler had in convincing people about the Zionist threat.

He was correct in assuming that merely writing Mein Kampf, or something like I am writing here, would not reach enough people. And so he admitted he would need to use monstrous propaganda. However he was not willing to go as far as Celine, whose books the Nazi’s actually banned as being just a little too emotional.

And so the Zionists today argue that the Gentiles are so quick to develop irrational fears and hatreds of Jews, and need only a little provocation from a few pamphlets to turn into an insane, violent, lawless mob that will break into Jewish homes and murder any Jew they can find.

Which actually happened in Poland, by some strange twist of fate, around the corner from where I lived in Kielce, long after the Nazi’s had been kicked out of Poland.

It is ironic, as Hitler himself admitted how extremely difficult it was to raise the German people to take the actions required to defend themselves from the Zionist occupation of pre-WWII Germany. It was for this very reason that he was forced to resort to the sort of propaganda which is used to damn him today.

Often you need to first caricature a situation, drawing it in more vivid colors and larger than life dimensions to get people to pay attention to the underlying, rational arguments.
But Zundel had not written anything at all inflammatory, anti-Semitic, colorful, exaggerated, or even mildly provocative.

All he did was present clear factual scientific evidence and compelling arguments to state the obvious. He never said that he knew what had happened. But there was overwhelming evidence that the narrative we have been fed about what happened could not have happened. In other words he challenged the dominant hegemonic narrative. He challenged the Zionist propaganda machines hegemony.

He offered an alternative viewpoint. He made it clear that we need to ask even more questions. He made it clear that we had been lied to.

Nothing he wrote defamed anyone living or dead.

It did, however, raise questions which in an Open Society would have been debated in an open and free forum.

It was THESE questions and the possibility of an Open Society that terrifies the Zionists.

Not anything Zundel has ever written or said.

And it does not matter one iota who raises the questions.

Once they have been raised, and found valid, we must pursue them.

Zundel is a pacifist, hardworking, war hating, peaceful, creative, productive, honest man.

But it is not about the messenger.

It is, and must always be, in the spirit of scientific progress, and an Open Society, one where we all enjoy freedom, liberty, freedom of speech, and freedom of choice, about THE MESSAGE.

Even if someone we despise and hate and revile makes a valid point, it is still valid.

We cannot afford to censor a message based on how we feel about the messenger.

That is not how the legal process is supposed to work.

That is not how an Open Society, and scientific progress, are achieved.

So what was all this the Zionist mass media were force-feeding its audience about ‘The Ernst Zundel crisis’?

How did this guy become public enemy number one?

Were his views every fairly presented by the mass media to the public, to allow THEM, the public, the people, to decide if their taxes should be invested in persecuting him?
Or had the Jewish congress decided that the Gentile masses were just too ‘stupid’ to know what is right and wrong? Too much like the ‘cattle’ their Talmud defines them as?

Before we move on to Zundel’s second trial, I want you to consider that, under the same rules that Zundel’s pamphlets were banned, and he was arrested under, anyone who publishes or shares their Bibles (Either Old or New Testament), Torah (The first five books of the Old Testament), or Talmud, would have to be arrested and convicted.

And there are thousands of archaeologists, paleontologists, and ancient historians who have gone on the record time and time again to state that the Jews have been lying about their history.

The father of lies? Don’t take our word for it. Read your bibles.

How irrational is it to at least suspend judgement and require further proof and open, independent historical enquiry believe the ‘boy who has cried wolf’ so many times over the last 3500 years?

What are the odds that this time, this story, his ‘holocaust’ story, is actually true? If you want to see people ‘inciting’ the public to ‘irrational fear and hatred’ and provoking social unrest, then just take a look at the large mob that spit at, abuse, verbally and physically assault Zundel and his legal team each time they try to get into the courthouse to defend themselves against the fatuous charges they are accused of.

Do you think this mob just appeared from nowhere? Without having been ‘incited’ by the Jewish Defense League of Canada?

Did Zundel or a single of his supporters ever need to be arrested by police for assault, attempted assault, disturbing the peace, or anything similar? Did Zundel ever spit on anyone or verbally abuse them?

But Zundel is the one on trial? Zundel is the one doomed to imprisonment in solitary confinement, for years on end, for writing pamphlets that merely state what anyone with eyes to see, or ears to see, could clearly see are reasonable, honest, and written in the quest to seek truth, justice, and liberty?

In all of his 44 years Zundel was never accused of any crime. He never committed any crime. So what does that tell you about the power of the Zionist Jews around the entire world?

I think it is safe to call that power ‘excessive’ at least. To be more honest, it is terrifying.

Any fear or hatred people have of Jews can be traced back to the actions of their Zionist Jewish associates. Blame the Zionists if you are Jewish, not the honest people like Zundel, Irving, Faurisson, and Cole.
Do you still think that to fear and hate Zionists Jews is irrational? What about having a healthy respect for their excessive power and influence? And a genuine, legitimate, well-founded concern for their abuse of that excessive power and influence.

Could any other group in the world get you imprisoned for years, in solitary, for writing a pamphlet that simply desired answers to legitimate questions that beg to be asked by any reasonable, informed, honest person?

In the end Zundel was charged with one count of ‘knowingly publishing false information leading to social or racial intolerance’.

I seriously to not know historical revisionism could possibly have to do with ‘false information’, or producing any ‘social or racial intolerance’.

Is that what people are going to try to claim about this book?

I love tons of Jews. I have met more Jews who loved me and whom I loved than any other self-defined social group. I desire tolerance, and an end to racism. I got a High Distinction in a Sociology course which debunked the very idea of races. And I desire social tolerance. I don’t want anyone to ‘fear’ Jews, or even ‘hate’ the Zionists. I want people to wake up and realise the massive imbalance of political, financial, and propaganda/mass media power in this world, and to address this. Every viewpoint must have equal ‘air-time’ and resources available to debate it.

I am probably wasting my time. Even an old friend whom I thought had some regard for my intellect would not even bother reading my ‘911:Five minutes to Midnight?, dismissing it as merely ‘a collection of conspiracy theories’, when in fact it demonstrates all the qualities of what I call a ‘compelling argument’. Which for me is the closest you can get to ‘truth’ or ‘fact’ in this world.

If people just ‘cherry pick’ the phrases that suit their disingenuous, malicious intentions, and no-one reads these two books in their entirety, it will be easy to misrepresent me.

Remember that all meaning is reflexive. The meaning of one thing is its relation to the whole. Unless you have captured the whole in your understanding, you can never get anywhere close to understanding the holistic meaning and intent of my writing.

I really wish this task had not fallen to me.

But what I am supposed to do when I discover a huge injustice, a massive conspiracy, which, unless we address it right now, is likely to lead to a Zionist New World Order written, directed, and produced by the same people who brought you ‘the ripping up of pregnant women’ in the Old Testament holocaust that the Jews proudly claim to have carried out in Canaan / Palestine during the
Jewish ‘Golden Age’. And guess who will get the starring role as the slaves, the victims, the ‘cattle’?

It will bring me no pleasure to soon be saying ‘I told you so’.

Maybe they will have enough respect for my intellect and give a nice job.

I mean, you could hardly expect me to show any loyalty to a world that deserted me after all I sacrificed trying to warn it, and prevent its demise, could you?

Zundel was sentenced to 15 months in jail. The judge defamed and slandered him as ‘a menace to society’. His enemies called for his immediate deportation to Germany, where he would face more charges.

I can’t imagine the people who bombed his home, abused him physically and verbally, even assaulting his lawyer and supporters, and ‘jostling’ and ‘pushing’ police, ever got charged with anything.

Zundel’s trial reminds me of the trial of Socrates. He was a ‘menace to society’ too. Now let’s just consider what history has made of his sentence, and what a future, free, society is going to make of Zundel’s!
The second Zundel trial and ‘The Leuchter report’

In 1988 Zundel was forced to endure a second trial, which lasted 4 months. During the trial Doctor Robert Faurisson suggested the Zundel defense team send the top American expert in his field, Fred Leuchter, to Auschwitz, to investigate the allegations (supposedly proven / established / documented / historical ‘fact’) that the Germans had used Zyklon B gas to murder Jews.

Leuchter, like most of us, took for granted that it MUST have been proven beyond a doubt by the Nuremberg prosecutors that Zyklon B had been used at Auschwitz.

Like all of us, he just assumed they would have gotten their facts right before sending men to their deaths for mass murder, and defaming an entire nation as mass murderers.

However he was concerned about the way that Zundel’s right to free speech, and freedom of the press, and freedom to question the accepted conventional wisdom of the time, were all being violated. So he accepted the mission to travel to Auschwitz and carry out some scientific tests and observations.

He was the leading U.S expert on gas chambers.

He thought Zundel was wrong, but he thought he, like anyone, deserved a fair trial. He deserved to be tried based on the evidence, and not on someone’s personal opinion of his guilt or innocence.

He expected to find clear and overwhelming evidence of the use of Zyklon B in the ‘gas chambers’ of Auschwitz.

He expected to find viable death execution chambers.

He expected he would find equipment and buildings suitable for this purpose.

It was his job to survey and inspect the death execution chambers still in use at that time in the U.S to kill convicted criminals.

So he went to Auschwitz to document every possible piece of evidence that gas chambers had been in operation in Auschwitz at any time.

He used the same equipment and documentation used by himself, and anyone else in his profession.

He photographed any ‘evidence’ he could find. He took detailed photos of all the supposed ‘gas chamber’ facilities and equipment at Auschwitz.

The whole process was filmed, so anyone could see for themselves that he had done a thorough job.
His conclusion was that, based on the equipment, descriptions, and facilities he observed and recorded, the Germans, and anyone else at Auschwitz, would have been incapable of using Cyanide gas (Zyklon B) for the purposes of execution, at Auschwitz.

He concluded that the design and fabrication of the ‘facilities’ would have made it impossible to use them as ‘gas chambers’.

To use a building as a ‘gas chamber’ you require gasketted doors and windows. A way to get the Zyklon B crystals into the chamber, and then a way to get the poisonous gas out of the chambers, after the executions had taken place. Devices to warm the crystals so that they would covert to gas. As Zyklon B gas is extremely flammable and explosive, you would need explosive proof lighting, to ensure that the lighting itself did not trigger an explosion.

Based on what he had documented at Auschwitz, anyone operating a gas chamber in the facilities available at Auschwitz would have gassed themselves to death or been blown to pieces when a spark from a switch or lightbulb, or from the operating crematory next door, detonated the gas.

The idea that anyone had used the facilities as gas chambers was ludicrous, in his professional, expert, opinion.

Further, Faurisson studied the ‘protocols’ and ‘procedures’ supposedly employed by the men operating the ‘gas chambers’.

He concluded that not a single record, document, or expert or eyewitness account of the ‘gassings’ could provide a valid description of how the ‘gassings’ were carried out.

He concluded that there were no eyewitnesses to any gassings, because, as far as could be scientifically proven and observed, no gassings had ever taken place at Auschwitz.

However he required lab analysis of all the samples taken from the various ‘gas chambers’ at Auschwitz to confirm this conclusion.

Independent lab analysis of his samples, and analyses made since by forensic teams, have definitively and incontrovertibly, scientifically and objectively, proven that NO Zyklon B had EVER been used in the supposed ‘gas chambers’ of Auschwitz.

However the judge in the Zundel show trials had already formed his verdict long before the trial had begun.

He had sat through the proceedings impatiently waiting to pass his pre-determined, Zionist-scripted, judgement.
And he had expected that a trial would only give Zundel ‘more rope to hang himself with’. He had never expected all the testimony and evidence to vindicate Zundel, and put into question decades of carefully nurtured Zionist propaganda. So, having failed to find any evidence to justify his pre-determined verdict, he simply stated 'The holocaust happened...period!'

Just like the Zionists imposed the Treaty of Versailles upon the entire German people, and later the Nuremberg Show Trials imposed an even more defamatory myth upon the entire German people, the vicious lie of ‘the holocaust’.

That is how Zionists and their Golems decide the fate of Germans and Germany. By fiat. By brute force and arbitrary power.

I would not even need a ‘kangaroo court’ or ‘show trial’ to prove Israel guilty of starting at least two wars against the Arabs. Guilty of committing war crimes against the British, Palestinian, U.S, Egyptian, Jordanian, and many other peoples. And I am not just talking about the U.S.S Liberty, the 911 attacks, the Israeli-Arab wars, or the genocide of the Palestinian people.

The Russian government had already convicted the Jews, in the 1900s, of plotting the violent overthrow of the Tsarist, and then Democratic governments of Russia, and then inciting both WWI and WWII, and instigating worldwide economic crises like the Great Depression. They gave them a much fairer trial than the Zionists and their Allied Golems ever gave the German people, or Ernst Zundel.

Imagine if Israel were forced to pay the same sort of damages and reparations for its acts of aggression and war crimes.

It has the money. The Zionists own at least 80% of all the wealth of the Western World. This can be proven. This is not wild speculation. They have been at it since long before the U.S or Germany even existed as nations.

Let’s start with compensation for the 100% documented and proven mass murder of U.S military personnel on the U.S.S Liberty. Then let them pay out the trillion dollar lawsuit victims of 911 filed against Saudi Arabia. Then for their war crimes in Palestine and their neighbors. Acts of brutal, savage, completely unprovoked military aggression.

Let the Zionists have Munich and Mannheim if they can prove their holocaust narrative in a court of law.

I would recommend they pursue their case in a court in Mannheim or Munich. For those two legal systems have already stated, for a fact, that they are guilty. But you are going to have to pay out some of your Central Bankster loot to settle all the other claims against Israel.

And you are going to have to give up as much territory, proportionately, as Germany lost after WWII.
So I don’t know what you’ll have left after the legal proceedings have finished. So, the Judge, like any middle aged Jewish woman would, like a small child stamping his feet and stuffing his ears, simply regurgitated his pre-digested verdict, in denial of the clear evidence. A tantrum. An enraged Zionist is not a pretty sight. O.K, O.K, I won’t got all Celine on you.

The judge immediately moved to have Zundel deported, imposing an 18 month jail term on Zundel, which was automatic grounds for deportation in Canada. However the ‘false new’ laws under which the judge had convicted Zundel under, were struck down by the Canadian Supreme court as those laws violated the Canadian Charter / Constitution, citing section 2b, which guaranteed the right to freedom of expression. The Supreme Court reminded the judge that this right extends to the view of minorities that the majority regards as wrong or false.

So on August 27, 1992, Zundel was acquitted of all the charges that had been brought against him. He could, after a 9 year ordeal, finally destroy his bail papers.

But what does the eternal Jew do when the highest court in a democratic land opposes their will? Do they humbly accept the willing of the overwhelming majority of free citizens in the lands where they have been welcomed?

O.K, O.K, I will resist displaying my creative writing skills, and avoid going the way of Celine. Boring. Not fair. Only Jews can criticize and even make fun of Jews. I get it. I’d have to be a Seinfeld, or a Larry David, or a ‘Family Guy’ writer to get away with that sort of thing.

But they got nowhere with that. It seems they would have to wait until, like in the U.S, they could get a majority of Jews in the Supreme Court.

So instead they laid new, well actually OLD, retroactive complaints against Zundel that they had magically pulled out of their hats.

Now if this was any other special interest group, they would have been charged with maliciously falsely accusing someone. It was so obvious that their persecution of Zundel was malicious, and motivated by an irrational hatred or fear of the man.

But it is politically incorrect to treat Jews as equals. They deserve special treatment because of their ‘history’ of ‘persecution’. They are especially vulnerable people who, through no fault of their own, keep finding enraged mobs demanding they leave their countries and stay out.

Even the most tolerant of empires have for some inexplicable reason targeted the poor innocent Jews. I guess there was always some hate mongering, fear mongering pamphlet writer who managed to trick the population into irrationally
fearing, and then hating, the well behaved, ideal citizen that just happened to define themselves as ‘Jewish’.
Was that too Celine for you?
At what point is someone allowed to vent a little legitimate frustration and incredulity?
And surely the Jews, of all people, have a sense of humor? And have learned through millennia of suffering and injustice, the ability to laugh at themselves? A little humility? And maybe empathy for a writer in my position?
And so, after patiently enduring 9 years of persecution, 9 years of his life stolen from him, surely you’d expect the peace-loving, humble, good-willed, well-intentioned, good neighbor, model citizen Jews to be satisfied with having gotten away with making this poor guy’s life miserable for 9 years, completely vilifying and demonizing him for simply wanting to know the truth?
Surely enough is enough? There are limits right?
But no, immediately Toronto police inform Zundel that a price has been put out on his head. A fatwah. A papal Bull. A Jewish excommunication not just from their community, but from life itself. How dare a Gentile imagine they have a right to justice! Only Jews have rights. Doesn’t the Torah and Talmud state that quite clearly? What was this Gentile doing imagining he was worthy of justice?
The Zionist propaganda machine continued with its defamation of Zundel. He became the ‘guru of hate’. Posters were put up depicting Zundel’s face in the cross-hairs of a rifle. Hate crimes my friends. Can you imagine how many tons of hell would come down on anyone who treated any Jew, anywhere in the world, the way the Jews were openly treating Zundel?
Hate graffiti was painted on his home. ‘Nazi scum off our streets’.
Thousands of posters appeared calling for Zundel’s assassination, giving his address, and also instructions on how to build a Molotov cocktail.
Can you imagine what sort of criminal investigation would be unleashed if the target of this hate campaign had been Jewish?
Is there no Hebrew word for ‘hypocrite’?
Hang on, I seem to recall a few Bible quotes, written by the Jews own prophets, on this topic. But hey, you can’t go all Celine now can you? Even the Nazi’s couldn’t stomach Celine!
Then Jews financed a ‘kosher barbecue’ outside Zundel’s house, in the middle of a public street. They carried signs saying ‘Honk if you hate Zundel’, and mob members pointed fingers at him, mimicking the cocking and firing of a hand gun.
Remember that his home had already been targeted with a pipe bomb by people such as those who were now gathering in front of his home, abusing him. A
Jewish Defense League spokesperson publicly defended the bomber with supportive and comments which surely ‘incite’ people to break the law, such as ‘I can understand why they bombed him’.

That bomb had done thousands of dollars of damage. The damage had only been limited by the tight security Zundel has been forced to live under for many years.

I wonder if any of the mob that were arrested for causing a public mischief and so on, after assaulting police officers and Zundel’s supporters?

What do think would have happened if Zundel had jostled and pushed a police officer or a member of the Jewish Defense League in public, on camera?

Zundel’s supporters were kicked and punched and had things thrown at them on camera. I have not heard that anyone was convicted of anything except Zundel.

Please. If you cannot see that something is wrong here with the way laws are written and enforced then what more can I say?

How direct does the Zionist interference and excessive power have to become before you see it?

How hard to I have to put the case that the Zionists constructed the ‘Holocaust narrative’ for this precise purpose. To get a free hand to commit hate crimes, to persecute anyone they chose, to have anyone they don’t like imprisoned and kicked out of their home, and their country.

How obvious do the double standards have to be before you see them for what they are?

Tools of Zionist oppression.

These sorts of behaviors are the reason the Jews have been kicked out of so many nations in the past.

Not some irrational fear and hatred.

But perfectly rational fear and perfectly justified disapproval, rejection, moral disgust.

Oops. I said it. Fuck and I fucked or what? But who else will dare state the obvious.

I am not just stating it for the Gentile, but for the perfectly good-willed, model citizen, completely ethical, honest, hard-working, liberal, free spirited, creative, productive Jews who suffer because of Jews like the ones persecuting Zundel.

Hitler was not irrationally mad at Jews in general. He had and kept many Jewish friends close to him. He protected many Jews.

However he saw no other way to rid Germany of the Zionists, than to do the monstrous act of demonizing all of them.

No-one was going to deal with the minority of Zionist Jews otherwise.
He admitted that kicking all the Jews out of Germany was a monstrous crime. But he saw no alternative that would work.

He never ordered the Jews to be exterminated. He just wanted to get them out of Germany. Out of Europe.

There are many famous cases of Jews being given ‘honorary Aryan status’, and left to go about their lives without any unusual restrictions.

The camps really were as depicted in the films the Nazis’ made.

Prove me wrong.

Not by torture and Propaganda.

But scientifically.

If you can make the monstrous claims you have made against Germany and the Nazis, then I can surely be allowed to assume that what I see in the Nazi films is the truth, surely?

You can make your films and claim they are the truth. You are free to. I’m not stopping you or throwing YOU in jail for defaming millions of Germans.

Why the double standards?

What do people do when a minority assumes special rights, and abuses the sympathy it has been given? Let’s take a trip through history and see, shall we?

Do you want to repeat history over and over?

OR are you certain that this time you really have absolute power, and will get away with it. This time!

There is in fact MORE concrete (literally) evidence that what we were shown in the Nazi films of life in Auschwitz was in fact how life was in Auschwitz, than we have evidence to support a single claim made by ‘holocaust’ survivors, Hollywood German Defamation movies like ‘Schindler’s list’, whose author at least admitted that their entire film was pure fiction, and hence implicitly admitted it was defamation and libel, or any other ‘documentary’ ever written or dramatized about the treatment of Jews during WWII.

Facts people. Why do you think the Zionists are so desperate to shout down, gag, lock up, or kill, anyone who starts you down the road to clarity and truth?

And still the Zionists were not satisfied.

So on the 50th anniversary of end of WWII, the firebombing of German civilians by the Zionist occupation forces continued.

The Zundel house went up in flames.

Jewish groups claimed ‘credit’ for the fire.
Can you imagine the uproar, the international media outrage, the millions of dollars of policing resources that would have poured into the investigation if it had been the other way around?

Imagine if a leading figure of the Jewish community had their home fire bombed? What would have happened?

You really have to read ‘Mein Kampf’. Nothing has changed. In fact the situation is now critical. The worst fears of Hitler have come true. Soon you will come face to face with the ugly truth. If you don’t act now to counter the excessive influence of Zionism on your government, your media, and your economy, then all the sacrifices made for you in the past, to protect you from the Zionists, will have been in vain.

I won’t ever get another chance to justify that statement, as if it needed justification, because the Zionists know who they are dealing with now. I’ve seen through their internally reflexive social reality. I trained for decades without realizing this would be the ultimate employment of everything I have learned.

So they would never risk giving me a fair day in court, a fair access to the media to explain myself, a fair budget to produce all the documentation I know I could find to justify the worst of Hitler’s claims about the Zionists.

Zionists can’t win if they play fair. So they never do.

But please don’t take this out on Jews in General. Give them a chance to escape the same psychological prison you are living in. Support them in extricating themselves from the Zionists among them.

The Zionists have been using the Jews for thousands of years, as mere means to their own ends.

I love most Jews. I mean actually love them. Ask them. I feel closer to most Jews I have met than I do to any other people I have met. They are so much more like me than most people.

But they have to accept that they are being used by a small element of Zionists. They have to purge themselves of their association with these Zionists.

Later I will write about one such ‘Mensch’. The sort of Jew that ends up suffering for the likes of the Zionists. And the sort of person who is standing up to them.

Nothing I am writing here is about ‘Jews’. It is all about a section of self-defined Jewish society known as Zionists.

It is the Zionists who have propagated the holocaust narrative.

It is the Zionists who persecute historians, simply to protect that narrative, and the benefits that narrative produce for them, what is known as ‘the holocaust industry’.
Jews who go along with the Zionists because of these benefits have to stop and think about it. Sure, right now they may be benefitting. But look at history. The Zionists will sacrifice you as soon as it suits them, and run off with their ill-gotten gains anywhere they can buy their way in. You, on the other hand, will be left to suffer for what the Zionists have done to the world.

The attempt to censor the internet was not begun in an effort to protect anyone from anything. It was done simply to ‘gag’ people like Zundel.

One of Zundel’s many loyal friends set up ‘Zundelsite’, a web page, in an attempt to inform people about what was going on.

The Zionist Occupied German Government blocked the site, charging Zundel with some absurd crime.

Please apply all the rules applied to ‘historical revisionists’ to the bible, the torah, and the Talmud, and tell me that those documents do NOT incite hate, fear, and crimes against humanity. I dare you. Let’s do a television mock trial using those books and their authors as the defendants. I have never come across more despicable documents.

Mein Kampf is a children’s books in comparison with the hate and fear mongering you will find in the Bible, Torah, and Talmud. These books would be banned if not for the Zionist Occupation of German, France, and America.

And to think that ‘Mein Kampf’ is banned in Germany.

I know for a fact that few of the Germans who praise the Bible, and demonise ‘Mein Kampf’ have ever actually read either book from cover to cover. The Talmud would turn their stomachs!

The German government not only committed a violation of Zundel’s basic human rights, but also simply got it all wrong.

For they charged Zundel with some crime in association with the site, even though he had absolutely nothing to do with it.

He had not asked anyone to set it up.

He had not written anything on the site.

It would be like some clever Zionist setting up a website ‘MarkusRehbach.com’, posting something criminal on it, and then getting the German government to arrest ME.

Deutsche (Zionist Propaganda GmBH) Telekom blocked the site.

But in doing so they blocked millions of other users from sites that were not ‘illegal’.

And then all around the world, at some of the most prestigious universities you will ever hear of, ‘mirrors’ were set up mirroring the content of the Zundelsite.com.
And so the internet proved to the Zionist hegemons that there was still one nation they had not yet managed to occupy and subdue to their will. The *virtual* nation of the internet.

Please ensure my books remain free, as my proxy, even after they destroy me. They can imprison my body and gag my mouth, but I will live on eternally in my works. My precious children whom I have raised as freedom fighters.

And so the Zionists were, for the first time since Nazi Germany, actually defeated. But they are surely doing their best to ‘occupy’ the internet and complete their hegemony, and their ‘full spectrum dominance’ of the world’s media and information services, making even the WWW (666 in Hebrew), the ‘bitch’ of their Zionist Propaganda machine’.

The Zionists have become drunk on their own power. They overstep their marks now and then. It happened in the 1930s in Germany.

In this case they provided Zundel with an amount free advertising he could never have dreamed of.

It is probably the only reason I heard about him. And why, despite my migraine and sleepless nights, I am pushing through the pain to write up his story for you, and explain what it really means, in the context of Zionism, and the New World Order that is just about to lock the gate, with you on the inside, as the prisoner, and them on the outside, free to do their worst in the world outside that gate.

And you know, the more I think about it, the less I believe that ‘the holocaust’ was ever a ‘noble’ lie.

Like the new ‘noble lie’ of ‘climate change’.

Based on what they have done, and continue to do, I don’t think we can trust any of the organizations that have employed ‘noble’ lies.

A ‘noble’ lie is what Plato called ‘God’ and ‘religion’. It is basically the idea of using a lie to what you define as ‘good’ or ‘noble’ ends. And so the lie is supposedly well-intended. Like your mum telling you your recently departed dear pet has ‘gone to heaven’.

They have used the ‘noble’ lie of a holocaust as a tool. A means to their ends.

Today the new ‘noble’ lies are ‘global warming’, or ‘climate change’, or ‘terrorism’.

The people, like Al gore, employing these lies may think they are ‘noble’ and ‘well-meant’.

But look at the behavior of the groups telling these ‘noble’ lies, and decide from their actions, not their words, or carefully crafted media presentations.
'Glauben Heisst machen’. In other words, if you really believe it, your actions will prove it.

So back to our hero Zundel.

Zundelsite.com, which I was blocked from trying to view yesterday, became one of the most visited sites on the internet, available in many languages. It got more ‘visits’ than ABC, NBC, or The New York Times.

Zundel remains humble, saying ‘We need healers, not histories’. He reminds us that he does not demand anyone agree with him. He is not forcing his views upon anyone. He just demands equal rights with everyone else. Why do the Jews have a monopoly on history, and on having opinions about it?

In fact Jews claim that theirs is the only holocaust ever proven by survivors? Come on. There have been many documented genocides in history. The bible supposedly documents the genocides that the Jews themselves committed in order to steal Israel from its original owners.

And the Jews never proved anything other than how powerful their Zionist propaganda machine is, and how hegemonic their financial and mass media power is.

And just remember the words of the Judge in the Canadian ‘show trials’ of Zundel ‘Truth is not a defence’.

Zundel ended up moving to the U.S, after finding a house he had just fallen in love with (after falling in love with his longtime friend), in Tennessee. He got a social security number, a work permit, and began the final steps towards gaining citizenship in the good old Z.O.S.A, Zionist Occupied States of America.

But then the all-powerful Zionists of Z.O.S.A introduced the ‘Patriot Act’, as the final step in their plans for world domination.

Now the Zionists could simply have anyone who might offer any resistance to their plans arrested for no reason, and held indefinitely without any trial.

Do you now think Hitler was a bit ‘over the top’ in his desire to protect Germany from the Zionists? In a few years you will be thinking that he showed extreme self-control, and wishing he really had been the heartless demon he has been portrayed as by the hegemonic Zionist propaganda machine.

Hitler was a compassionate, kind-hearted, pussy-cat compare to his enemies.

Look at what the Jewish-lead Bolsheviks and KGB did after Hitler was forced to leave Germany for Argentina.

Look at what they are doing now in Palestine.

Look at what they did on 911 in American.

Guess what they have planned for you?
You think those FEMA camps are going to treat you as well as the Nazis treated the Jews during WWII? Do you think you’ll have swimming pools, football competitions, libraries, brothels, hot meals, and health care, dental care, and be allowed to work?

I am quite aware of how most of what I say will sound to you, as it would have sounded to me a few years ago, before I wrote 911:5 minutes to midnight, and then started stumbling upon all the information contained in this book.

I feel incredibly vulnerable. I am. An opportunist would say I am being stupid. And idealist would say I am being a philosopher. A freedom fighter.

It is true. I would rather die fighting for freedom, than live as a slave, and watch your children being enslaved.

But I won’t have such luck. I won’t get the luxury of such a death.

As Mohammed said, a scribe is worth 10,000 of the best warriors.

So this is my sacrifice, my brothers, sisters, mothers, and fathers — in arms. I would much rather die than be imprisoned. I hope you understand that. I am facing my greatest fear and my enemies know it. They know everything about me. I would prefer to go down fighting, and die in battle, than rot in a prison cell.

But to make the greatest contribution I can to truth, justice, and liberty, I have to sacrifice that option, and instead continue writing, and waiting for them to come and lock me up, and start the nightmare they have in store for me.

I can best write from where I am right now. And they won’t give me any warning. They will probably find me in bed, trying to sleep despite the migraines and nausea and anxiety, or sitting at my computer writing.

I want my miserable existence to somehow contribute to a better world for all sentient beings. But I am just a lonely wretch at a computer. What can I do but write, and think, and try to somehow see through the fog of the hegemonic social reality, the Zionist propaganda machine, and try to outsmart the most cunning people history has ever known.

Maybe I could do this if I was a Jew myself, one of the chosen people, a member of the master race. But I am just a simply German working class boy.

The last one of those who stood up to the Zionists didn’t fare too well.

If you don’t think Hitler’s story is not one of the greatest stories the world has to tell, then you just have no idea about the man.

Did he order the mass murder of Jews? I have never seen anything that proves he did.

But the more I understand Zionism, the more I could understand why he might take such monstrous steps, and the more I wonder if, in years to come, the slaves
and victims of the Zionist New World Order might wonder whether he made a mistake in NOT doing so, in being too kind and compassionate, and not being willing to allow the many Jews to suffer for the crimes and intentions of the relatively few Zionists among them.

For whatever happened during WWII, it is a fact that the Jews themselves have never presented any evidence of a holocaust that would stand the test of a real public, open, intensive trial.

As I say, I cannot say with certainty what did happen, but I know for a fact, with utter certainty, that not one shred of evidence has been presented to prove it, and the Jews have lied over and over again, undermining any confidence any reasonable, unbiased person could have in their stories.

I probably wouldn’t make much of a soldier anyway. I can’t take orders without thinking for myself. And I don’t think I could actually shoot anything, no matter how mad it made me. Even a Zionist. And they would take advantage of that.

I don’t think pacifism is going to defeat the Zionist. I’ve read the bible. I’ve read the Talmud. I know who we are dealing with.

But please, only as a last resort.

And then realise it is the end. All or nothing. There will be no point surrendering once the shooting starts.

War on terror? Remember it was the Zionists, with their ‘King David Hotel’ massacre, that ‘introduced the age of terror’ into the 20th Century. In that attack they murdered, in terms of population density, many more people than were killed during 911. Again they also destroyed very incriminating documents. Do your really think 911 was orchestrated by Arabs? What purpose could they possibly have had? What could they have hoped to gain? Please read my book 911:5 minutes to midnight? If you have any doubts at all that the 911 mass murder was NOT carried out by Mossad with the full co-operation of the Zionist controlled C.I.A.

Now back to our hero, Zundel.

A wide conspiracy among different people in different nations and agencies worked to persecute Zundel further. They could find no legal reasons to harass him. He had a perfectly clean record. Even when he was being threatened with death, and his home was being attacked, he had remained calm and self-possessed.

But just before Zundel was about to gain U.S citizenship, his enemies pounced on him. The state prosecutor in Mannheim was out for his blood. Together with conspirators in the U.S, they managed to delay his citizenship application long enough so that his German Passport would expire before he got it. The German
government would refuse to issue him a new one. He was left without a passport, and his U.S visa ran out. He was technically an illegal alien.

On February 5, 2003, Zundel was literally kidnapped by 5 men, several of them armed, and taken to Canada.

I say ‘kidnapped’, because he was not allowed an attorney, and was forced to sign a document, handcuffed, and taken by force, for no valid reason, without any sort of warrant at all.

He had never broken any law, been a threat to anyone, or done anything deserving of, let alone requiring, such treatment.

If you think this is not common, then consider that for every 5000 ‘suspected terrorists’ arrested and imprisoned, only 1 is every charged with any sort of terrorist related crime.

He spent 2 years in the notorious Toronto West Detention Center in an ice cold cell, where they left the lights on all day, the bedsheets were not changed in 3 months, and he was never allowed to speak to anyone.

I endured that for 2 days and found it unbearable. I would rather die than have to go through that again. You have no idea what it is like, not knowing if and when you will ever be let out. And the fact is, that under the current ‘laws’, detention without charge or trial can be indefinite. It is psychological torture. Pure and simple unadulterated evil.

A secret trial was held during which he was never allowed to know what the charges were, or to ever see his accusers face to face.

The Germans then chartered a private plane at a cost of 250.000 dollars to the German taxpayer and carried out an ‘extrajudicial rendition’, which is the weasel-word for ‘kidnapping’, of Zundel to Germany.

A court in Mannheim convicted Zundel of ‘incitement of the people and defamation of the memory of the dead’ under paragraph 130 of the German legal code, and sentenced him to the maximum penalty of 5 years.

Fuck. Wait till they read this book. I won’t bother arguing, complaining, or anything when they take me. It is clear that any pretext of justice or common-sense legality is just a formality.

The Zionists are in power. They are in control. Challenge their hegemony and you’re done for.

Unless your peers stand up and literally physically prevent them from taking you.

Which is why the Zionist Occupation forces of the U.S.A are so keen to disarm the American public.

In Europe on the criminals, whether in some official uniform, or independent, are the only people with guns.
So in Europe you have no chance of defending yourself. In the U.S, if the people decided to protect themselves, they could. They could even free prisoners who had been locked up. They could fight back. There are only so many soldiers and police. And some of them, maybe even most of them, would probably join the rebels.

Now I wonder if what I just wrote could be misconstrued as ‘incitement’.

Here’s the thing. If your country has officially signed a treaty with an occupation government, like the French did with the Germans in WWII, then resistance is wrong. Or at least criminal.

But you see the German government and the U.S government have not yet legally recognized the Zionist occupations of their nations. So it is technically treason NOT to defy and resist the Zionist occupation of Germany and the U.S which, anyone half-awake will now realise, has taken place.

But until they legally admit this, you in fact have every right to resist the occupation.

So, as a philosopher, I can rightly state that Hume, Hobbes, and anyone with a sense of justice and ethics, will support this resistance as legitimate.

What would it mean to charge someone with ‘inciting the people to resist the illegal occupation of their nation?’

Wasn’t that called ‘patriotism’ before the Zionists occupied the Western world, and Palestine?

Wasn’t that once called ‘defence’?

Weren’t medals for bravery handed out for such acts?

In the days before anyone who spoke of constitutional rights, or called for open investigations into as yet unresolved historical issues, was defined as a terrorist?

In the days before the government could not just pick you up off the street and lock you up indefinitely without even charging you with any crime?

O.K, so General Von Der Golz was killed for defying the French occupation of the Rhineland. But this occupation was apparently sanctioned by the League of Nations, which is one reason Hitler despised the League of Nations and withdrew Germany from it when he could. So was it criminal for him to resist the French? All he did was blow up trains with which the French were stealing German property!

In fact Hitler said that the time he felt most frightened was when he re-took the Rhineland from the French. He had been awarded the Iron Cross for bravery during WWI, in which he served for the entire duration. He had faced down a hail of bullets in the Munich putsch, while comrades were falling dead around him.
But he had to summon the greatest courage to re-enter the Rhineland with his followers, at a time when Germany had no means of self-defense. Today Germany has the means, but the Zionists have broken its will to defend itself. The holocaust narrative achieved what no military defeat could possibly have achieved. The complete demoralization of the German people. Like all their religions, the Zionists control through guilt. Guilt for crimes never committed. From ‘original sin’ (being born a ‘Gentile’), to guilt for WWI, to guilt for WWII, to guilt for a holocaust that never happened. Basically exploiting oedipal guilt, as Freud would be the first to admit. But until the Zionist Occupation of the Western World is officially recognized and admitted, it cannot be considered a crime to resist the economic sabotage, the propaganda, and the use of constitutionally illegal means to destroy all resistance to occupation. How can it be a crime then, to ‘incite the people’ to defending their nation, their constitution, their basic human rights, and the very basis of their survival? If you believe that is right, then you’ll believe anything. Oh, yeh, I kinda forgot for a moment. You DO believe anything the Zionist Propaganda Machine tell you to believe. You somehow feel superior because YOU accept guilt in the name of your grandparents, who you are quite happy to defame, just to feel morally superior. And as the Zionists and their Golem Allies knew they could never break the German will with ‘honest’ warfare, they immediately resorted to propaganda. Before WWI. During WWI. After WWI. Before WWII. During WWII. After WWII. And right now, just on the verge of WIII. Oh well. Nothing to lose gain or lose in this life if the people I am trying to protect don’t have the will or interest in protecting themselves. I can’t work miracles. Maybe you can kinda empathize with the Zionists complete lack of respect for us ‘gentiles’. I mean, let’s face it, we’ve literally let them get away with murder, over and over. Right now an Israeli is probably, statistically, murdering a Palestinian. They certainly have them locked up in a concentration camp. And they certainly are dying there. And I haven’t seen them building their Palestinian prisoners any swimming pools or clinics. The Zionists are even using German made submarines, paid for by the German Taxpayer, and thus by the homeless people of Germany, and all other manner of German made goods to do this. The real thing that Germans should be ashamed of is how they are aiding and abetting the criminal occupation of Palestine by Israel.
The real holocaust the Germans are aiding and abetting, is the Israeli holocaust of the Palestinians.
Oh, and didn’t you know, YOU are next.
That is the only crime I have evidence to convict Germany of.
Oh, and the crime of sheer stupidity and guilelessness.
It is one thing to be raped. It is another thing to thank your rapist, offer various different positions that they might like to try out on you, feel guilty that you haven’t been working out and dieting much lately and worried you might not satisfy your rapist, and then to put anyone who tries to help you fight off the rapist in jail. All because you feel guilty for what your rapist told you your grandparents did to his grandparents.
Ernst Zundel’s defence attorney Sylvia Stolz, a very brave woman and another true hero, was prosecuted simply for providing Zundel with his legal right to legal representation.
She has since been imprisoned for 5 years on the most absurd of trumped up charges by a mind reading judge who knew that, even though she never said anything to incite hate, she was somehow hoping to. And at the time she was not even under German Jurisdiction
Which is why I have officially renounced my German citizenship.
As a temporary defence measure. It will give me a little more time to keep writing this book, until the Zionists work out a different strategy.
Not that I am much of a blip on their radar right now.
You see the Zionists have abandoned even ‘show trials’ these days. They have abandoned any semblance of ‘due process’.
They aren’t hiding their occupation any more.
They are so confident that they are already in control. They have already won.
They don’t have to even bother with impression management and public relations anymore
Don’t you see? That is the best evidence that the Zionist World Order is already in control.
We are living in occupied territories, just like the Palestinians.
Only for now the Zionists are treating us better. Just for the time being.
You see, the thing is, we could easily rise up and flick them out of our nations like you’d swipe a pesky fly from your face.
We could.
But we won’t.
Because we are all asleep.
Because we have been brainwashed.
And they don’t have to even get off their arses to point a gun at us.
They’ve bought everything and everyone with money we let them print.
Sorry, but I cannot help you if you won’t wake up and do something while you still can.
Maybe I should move to Argentina too?
If I manage to get to finish this book, I will pack my bags and go.
But I have to finish this first.
As rough a job as it is, I have to get the message out while I can.
I will stay and finish this task.
I guess it is nothing compared to what Zundel and his fellow freedom fighters have endured.
Nothing compared to what Hitler went through.
Nothing compared to what the Palestinians are going through.
Nothing compared to what all the freedom activists, rotting in Zionist controlled American and European prions are going through.
I owe them all at least this.
And then if I am still free to, I will leave you to the consequences of your own behavior.
And hope for Happy Next Lives! Not here on this planet of course. Because this will be a prison planet full of all the miseries that have ever been suffered by humanity over the millennia.
Welcome to the Zionists New World Order.
Sylvia Stolz

History is full of brave women. Heroines. Sylvia Stolz now takes her rightful place among them.

It is women who suffer most during war. They are the ones left to bury their dead children after the men have used them as pawns in their stupid games of domination, power, and control.

Anyone who understands history will understand that the only way to peace is through truth, justice, and liberty.

Sylvia Stolz took her vow to defend the innocent, fight for justice, and uphold the Constitution of Germany very seriously.

For this she was condemned to suffer worse than a violent, anti-social, brutal, egoistic criminal by a ‘mind reading’ judge.

First, I was not aware that ‘mind reading’ was considered a valid legal pretext or accepted from of jurisprudence in any court, let alone a court in Germany.

I guess while polygraphs and ‘lie-detectors’ have been sent ‘beyond the pale’, legally speaking, ‘mind-reading’ is now the accepted form of legal process.

Consider that the judge was Bavarian. From the same Bavaria where a Socialist Government had usurped control over Germany after WWI.

One very courageous young man faced down machined guns and snipers with his loyal, brave colleagues, and continued his ‘putsch’ forward as his doomed freedom fighters fell around him, dead, from German bullets, fired from German guns, by very un-German Zionist communists.

Recently this ‘mother of liberty’ faced down the equivalent of her own destiny, never shrinking back, always moving forward, in defence of the truth, of justice, of liberty, and all the good Germans who enjoy the liberties guaranteed by the German Constitution, which the German Police, Judicial, and Defence forces all swore an oath to defend.

These fateful events, which will go down in history as a huge moment in the liberation of Germany from the Zionist Occupation Forces of Germany, France, Britain, and North America, occurred in February of 2015.

A judge with no respect for the German Constitution, nor with any common sense of right and wrong, one Martin Rieder, of the Munich State Court, convicted our freedom loving, truth loving, courageous heroine to 20 months in prison for ‘denying’ what there is absolutely no reliable, compelling, let alone scientific or objective, evidence for.
She was condemned for challenging the hegemony of the Zionist Propaganda Machine.

She was condemned for stating what anyone with eyes to see, and ears to hear, would immediately grasp, were they allowed to ‘judge’ the truth for themselves, rather than be exposed to nothing but mendacious and deliberately manipulative propaganda from their birth until their death.

Unless the Zionists have already colonized, and established hegemony, in the next world?

But what she never in fact did was ‘deny’ anything.

It is bad enough that she has been condemned for doing the right thing.

In typical Zionist fashion, they just can’t seem to tell the truth, or get anything right at all.

They even got the charges wrong.

Because our dear Frau Stolz never denied the holocaust.

You could meaningfully ‘deny’ the existence of the Zionist’s excessive influence, power, wealth, and control of our mass media, finance, and political systems. Because it is established fact for anyone with ears to hear and eyes to see.

Like 911, and the Israeli acts of terror and genocide in Palestine.

But how can you ‘deny’ something for which there is not a single shred of reliable, compelling, let alone objective, scientific evidence remaining?

But it goes further that that even

For our heroine Frau Stolz never ‘denied’ anything.

What she in fact had done was participate in a public conference in 2012 in Switzerland, sponsored by the Anti-Censorship Coalition (Anti-Zensur Koalition). She had been invited to speak to the international conference on the topic of ‘Judicial censorship’. She had received a standing ovation from the 2000 strong audience.

She hadn’t once denied ‘the holocaust’.

Ask the 2000 people present. Or better still, go online and watch her speech yourself, complete with English sub-titles.

But the judge doesn’t have ears to hear, or eyes to see, and doesn’t bother with sub-titles.

No, the judge feels that due process is easier served just by using his special mind-reading powers, and forming his legal opinions based on those.

So he convicted her for something she never said.

The judge convicted Frau Stolz (oh how apt some people’s names are!), based merely on his own delusions.
The only place our heroine, whom we have every reason to be ‘Proud’ of, ever ‘denied the holocaust’, was in the judges own head. His own imagination. His own fantasy.

When judges are allowed to form legal judgements in this way, I cannot see how due process can be served, or justice done. Do you?

Would you like to be arrested and imprisoned for something a police officer or judge ‘thought’ you did, or said?

Frau Stolz’s husband Horst Mahler is in prison for simply being a historian. A historian who takes his job, and his responsibility, seriously.

In 2007 Stolz tried to ensure that Ernst Rundel received as close as it is possible to get to a fair trial in Zionist Occupied Germany.

Of course the judge did not want to use his ears to hear, or his eyes to see, or his brain to think. Like a child throwing a tantrum the judge simply dismissed all the objective, scientific, compelling evidence which would logically require a ‘historical revision’ as ‘inadmissible’.

Why? Simply because it got in the way of him convicting Zundel.

The evidence, the unequivocal, objective facts, would have prevented him serving his Zionist Occupation Masters.

So the judge, like a toddler in a rage of ‘lassae majestie’, like a two year old tyrant throwing a fit worthy of an enraged sovereign, an angry god, simply dismissed Stolz from the courtroom, and banned her from the trial.

Just like a small child stuffing its fingers in its ears and shouting, ‘I don’t have to listen, go away, shut up’.

But anyone who has ever told a woman to ‘shut up’ knows what a mistake that is.

For simply trying to bring some common sense notions of truth, and evidence, and due process to Ernst Zundel’s trial, she was punished with four years in prison, and disbarred from practicing law for five years.

The Judge assumed that would ‘shut her up’. ‘Break her spirit’. ‘Undermine her resolve’.

The Zionists thought that fire-bombing and machine-gunning down the children of Germany before their mother’s eyes would ‘break’ them.

Did that work?

And this judge thinks he is going to ‘break’ this proud lady with his dirty tricks? Rocky could learn a thing from this defiant spirit.

When you get knocked down, over and over, the answer is to simply ‘fight harder’.
That is the spirit that is needed if we are ever going to break our Zionist bonds and become free men, women, and children once more.

Sylvia Stolz rebounded from her horrific ordeal stronger, wiser, and steadfast to her principles.

When given the chance to use the most powerful defensive weapons at her disposal, her mind, and her words, she jumped at the chance, despite knowing full well what sort of fate awaits anyone who dares defy the Zionist Propaganda Machine.

In 2012 Sylvia spoke about how the German legal system systematically represses the German people’s right to freedom of expression, and denies lawyers the chance to have compelling, objective, scientific evidence admitted to trials.

It is not even allowed to introduce precedents issued by higher courts, and other courts, which reject, on completely scientific grounds, the verdicts of ‘holocaust’ trials from the Nuremburg trials’ onwards, as without any basis in common sense, objective reality, or technical possibility.

Witnesses are allowed to commit perjury (lie), contradict each other and themselves, offer speculation as proven fact, and constantly refer to ‘a mountain of evidence’ without ever producing a single piece of evidence when called upon to do so during cross-examination.

Forensic evidence proves the impossibility of the claims made of ‘gas chambers’, as does the testimony of the experts in the best position to decide if a story they have been told is at all possible, or clearly impossible, and therefore either a lie, a false memory, or some form of mental delusion.

Sylvia described how the 130 law continues to be enforced in the lower courts in Germany, despite the highest court in Germany having declared it ‘unconstitutional’, and therefore ‘illegal’.

Surely judges should be put in prison for breaking the law?

Otherwise what is the point of a Constitutional court? A court that has no power? When it is meant to defend the entire nation?

It gets even crazier still.

The original ‘complaint’ was lodge by a Swiss law professor (perhaps a middle aged Jewish woman? who'd take bets?) who claimed she was ‘offended’ by Stolz's plea for freedom of speech in Germany.

Somehow this woman felt that a plea for freedom of expression is the equivalent of ‘inciting race hatred’.

Holocaust skepticism is not criminalized in Switzerland, and even though the German courts have no jurisdiction in Switzerland where the supposed
'incitement' took place, the Bavarian court still arrested and charged Stolz under the now infamous article 130, introduced under the Helmut Kohl government. Do a little web browsing the infamous ‘Kohl affair’. I wonder what incited Helmut Kohl to introduce article 130 into the law books? Was he black-mailed? Grey-mailed? Green-mailed? Offered a very large ‘political campaign contribution’, or maybe a few million dollar public speaking engagements once he retired from office? This despite the fact that Germany's highest court has ruled that freedom of expression is legal and constitutionally protected, just try and exercise this Constitutionally guaranteed freedom when it comes the anything that might challenge the absolute hegemony of the Zionist Propaganda Machine, or threaten the benefits of ‘The Holocaust Industry’, and see just how far a constitutional right gets you in Zionist Occupied Germany today. Now I recall one quite famous man warning us about such a situation. Ah, but he was just talking nonsense, right? All his concerns about an out of control, excessive concentration and abuse of power by a small group of people affiliated nominally with the self-defined ‘Jews’ were clearly irrational and without any basis in reality. He simply had an irrational hatred and fear of Jews. Right? Nothing that has happened since has contradicted that judgement has it? Has it? No, now that the Jews have their own lands, they go about peacefully and creatively working to prove to the world how superior they are. They are good neighbors, and don’t meddle in affairs that have nothing to do with them. Right? Or? They promote freedom of expression, justice, and equal opportunity. Right? They’ve gotten out of their old ‘racketeering’ ways and now produce things of real value. You know. Actually make stuff. Rather than just work out clever new ways to manipulate finance markets to make huge amounts of money without actually contributing anything to society. That’s our modern day Zionist Jew, right? I mean, after suffering through millennia of pogroms and unpopularity, only because they didn’t have their own country, Zionist Jews are now settling down
to the hard work of national building, you know, like the Germans after their horrific suffering during WWI and WWII.

They are aren’t they?

I mean all this nonsense about Israeli’s murdering American service personnel as they lay sunbathing in the Mediterranean on their completely defenseless ship is just a damned lie. Right?

And all those poor dead Palestinian children, women, and families, must have been killed by, ah, oh. Ahmmm.

And that wall around Palestine is there to ah...

And of course Israel is committed to recognizing the decisions of the United Nations and, ah, like, giving back territory they took from their neighbors and, ah...

Oh, and Jews no longer meddle in the mass media of other nations do they?

Or in the politics of other nations. Right?

They got their ‘historic’ homeland back. The one they committed the most horrific genocides, mass rapes, enslavement, and ‘ripping up of pregnant women’ to get 3500 years ago, according to their own ‘official’ history, and now they are just ‘getting on with life’.

Yes?

And of course the Zionist ‘Octopus’ has not spread its greedy, power craving tentacles out to the world’s courts, to ensure that German, Canadian, and French governments persecute any historian, or even anyone who dares translate for a historian, who thinks it might be sort of in keeping with their job to, like, carry out some historical research?

Or?

Let them who have ears to hear, hear. Let them who have eyes to see, see.

Or as Buddha put it, ‘Some will understand’.

For the rest of you I guess there is just no hope at all.

I hope you enjoy your position as ‘Gentiles’ in the Zionists ‘New World Order’.

I personally could have guaranteed you a much nicer ‘New World Order’, but I guess you have made your decision. You have made your choice. You prefer to be mindless slaves to the Zionist than free men and women.

Hey, how am I to deny you that liberty.

I guess all that’s left to wish you all is ‘Happy Next Lives’.

Because this life is going to get pretty unhappy for most of you, pretty quickly.

And I can only hope those who survive, even the Zionists themselves, consider my own ‘Eden Protocols’, and all the arguments in my ‘TROONATNOOR’ books.
You guys might even find a suitable job for me. I might be able to do some good yet.

In any case, what is this life but a cruel joke for most of us?

Maybe the whole point of the exercise has been to teach us compassion, empathy, and humility.

I’ve learned that.

Maybe it’s time for me to accept that there are too few people in this world with the goodwill, compassion, empathy, and simple common sense reason and intelligence for me to have any hope of leading them out of their error, and into the light.

Sure, I am brighter than most, but it seems that my light is going to be snuffed out, smothered, and engulfed by the darkness in the hearts and minds of the masses.

I hope I manage to keep just enough of it to light my own way, and my own path. And if a few of you want to join me, as equals, as free men and women, as compassionate companions, as vegans, as truth seekers (the original meaning of the world ‘skeptic’), and ‘light-carriers’, then you are welcome.

We cannot be held accountable for responsible for people who are willfully committed to their error, ignorance, spite, greed, envy, jealousy, love of money, thirst for domination and control, and egotism.

The masses have found their rightful, appropriate leaders and masters.

We get the leaders we deserve.

Let’s see how long this world order lasts.

Maybe by the time it is over, the people will have suffered enough to have learned the compassion, empathy, and value of truth, justice, and liberty for all. Not just for a lucky few.

But for all sentient beings on this planet.
David Irving

David Irving was a widely respected Historian until he was demonized by the Zionist propaganda machine.
Finally, after 50 years, the BBC commissioned a documentary on the Holocaust, in the face of an ever growing number of convictions of people like Zundel for ‘thought crimes’
David Irving had learned many lessons over the years, about how the Zionist Propaganda machine operates.
He was not going to become another pawn of their ‘scripted’ documentaries and television interviews.
So he set a few extremely reasonable conditions for his participation. Remember the BBC make a lot of money out of their documentaries. And that most media reports related to Israel and ‘the holocaust’ are paid for by Zionists, even if they are not actually produced by the Zionists own mass media propaganda machine.
Now David Irving was clever enough to suspect the possibility that he might get on a plane for Poland, and find himself in Germany, surrounded by German police. So he wanted a contract in writing protecting him from such a dastardly conspiracy. In this he displayed quite sound judgement, given what happened to Ernst Zundel.
You see the BBC would easily be able to sell footage of David Irving being arrested in Germany. The Zionists would pay all production costs, and ensure that the documentary won awards around the world, and was aired on all their Zionist propaganda mass media television networks, and saturation reported in all their newspapers and magazines.
But then after sending a statement of these ‘conditions’, BBC replied that they were cancelling the documentary, as David Irving was now the one and only man in the whole world who was officially banned from visiting not only Auschwitz, but all the Auschwitz archives.
In other words, one of the worlds most renowned and (previously) respected historians would never get a chance to carry out any further historical investigations into ‘the holocaust’.

This is how the Zionists respond to any attempt at a fair, open, unbiased investigation into what happened to Jews during WWII.
As the President of Iran noted, we in the west are free to express whatever opinions we like about issues sacred to billions of Arabs and Muslims. He didn’t note that we are free to even defame Mohammed the Prophet himself. So I will note it for him. We are free to incite anger, hatred, and fear, all over the Arab and Muslim world.

Can you imagine if a cartoonist drew a picture that made fun of ‘holocaust victims’?

Why is it O.K to make middle aged Arab and Muslim women cry, by not middle aged Jewish women?

David Irving reminded us that we have all the manufacturers’ specifications for the cremation chambers supposedly used to burn millions of Jews in the work camps.

We have clear, detailed, Allied aerial reconnaissance photos of the camps from the time when they were still in operation.

We know how much coke the incinerators used. We know exactly how much coke was shipped to the work camps. We know that coke is coal from which the volatile oils have been removed to make synthetic oils and fuels. We know that the work camps were built on marshy ground.

The aerial photos show no signs of any supplies of coke.

The aerial photos do not show the brick chimney that appeared after the camps were liberated by the Russians and Allies.

What we do have is photos and videos of the supposed ‘gas chambers’. In these photos we can see that the ‘gas chamber’ doors had handles on the INSIDE.

Spokespeople for the Zionists claimed that the Germans piled up boxes against the outside of the door to keep it shut.

A flimsy wooden door.

While inside one of the most poisonous, explosive, volatile, flammable gasses was filling a room with exposed electrical switches and light fittings.

The Poles and Stalin himself admit to building the ‘gas chambers’ after the war and the liberation of the camps.

They called them ‘reconstructions’.

But what were these so-called ‘reconstructions’ based on?

There are clear signs that the ‘gas chambers’ were actually morgues which had once had toilets.

The German court argued it is a lie to call such a thing a ‘fake’.

So I guess we are all free to start paying our taxes with ‘reconstructed’ Euros?
In April 1990, David Irving was charged by the German courts with “racial incitement” for Irving’s comments regarding “fake, Disney like chambers, built 3 years after war over”. I don’t know what is ‘racial’ about such a comment. I don’t see what it is supposed to be ‘inciting’. He was fined 22,000 by a court in Mannheim in 1993.

Other people were arrested for simply ‘interpreting’ for someone else who was speaking at a conference. Imagine that, becoming a criminal for simply interpreting. I guess for a Zionist, aiding and abetting free speech is a crime. The interpreters were given two year prison sentences. After the two years were up, new charges were laid for the same ‘crime’, thus violating the usual ‘double jeopardy’ law by which it is illegal to try a person twice for the same crime. In this case they were being charged individually for parts of the one single statement. Monty Python could not have dreamed up such a fatuous, absurd trial.

Irving is now banned from stepping foot on German soil. On Zionist occupied German territory. Which is ironic because later the German government issued warrants demanding that he do just that, appear in a German court, in Zionist occupied German territory. And it only gets more ‘Monty Pythonesque’ and ludicrous. For the German government then offered his ‘safe passage’ to the show trial, so he could be free to lay his own head on the chopping block for the Zionist executioner. David Irving quipped in response ‘It’s not free passage into Germany that I need, but free passage to leave Germany after the trial’.

Another man who had attended the meeting for which so many people had been put in prison, Mr. Decker, got new 2 year sentence for allegedly ‘chairing’ the meeting. Note that the German Zionist occupational police attended the meetings and took complete recordings of the entire meeting. Transcripts were then made of these recordings. At the same time as people were being locked up for simply stating facts and asking why they were not free to do so, a Harvard Professor published a book
‘The willing executioners’ which claimed that every German alive at the time knew that 6 million Jews were being murdered, and were active, willing participants in the crime. Defamation? Incitement?

Irving wrote ‘a book called Hitler’s war’. His publishers had just assumed he must be Jewish, because everyone knew that the only people who are allowed to write anything about WWII German history are Jews. The Zionists may defame the Jews as a ‘self-hater’, but they are loathe to imprison them for the same ‘crimes’ that they, full of ‘schadenfreude’, are happy to ‘convict’ ‘gentiles’ of. Only a Jew will get the chance to speak. Only books by a Jew will be allowed to be sold. The publishers knew this. They had just assumed Irving must be Jewish, or why would he bother writing a book that no-one would publish, and no book store would sell?

Seeing as Irving was not Jewish, they had to resort to another ploy. They would pander to the Zionist Propaganda Machine and to the prejudices this hegemonic social reality defining instrument had produced in the masses. They thought the Zionists might let them get away with publishing a book if they added to the preface ‘David Irving is Britain’s most disliked historian’. Irving realizes he could make more money being ‘liked’, but prefers to instead report on what he finds in the archives. He replied to his Jewish critics... ‘I’m disliked, and I know why. But why are you Jews HATED wherever you go? Wouldn’t you want to know why? And let’s think about this a moment. If 6 million of your own self-defined ‘people’ had been murdered, wouldn’t you want to know why?

This is the same question the President of Iran offered to his Zionist co-opted/scripted interviewer in an MSCNN interviewer who added, wouldn’t you want the whole world to know EXACTLY what happened, so as to once and for all put the entire question to rest?

But instead the only avenue of historical research in the world today that is not free, open, and actively pursued, is that of ‘holocaust’ research. ‘Whey are historians criminalized and persecuted for doing historical research? Hitler
Irving quipped that if it was, as they claim, because Jews are so good at finances, then wouldn’t that claim itself be racist? To assume races exist, and that one of them, the self-defined ‘Jewish race’, was superior at finances?

What were 1700 Nazis’ hanged at Nuremburg for?

Having lost the war?

How do Jews always come to a country supposedly penniless, suddenly become fabulously wealthy, accumulating unto themselves and their tiny 2% minority population, 80% of all the wealth?

If you think I am exaggerating then check the facts for yourself.

George Soros managed to ‘earn’ 100,000 dollars by collaborating with the Nazis’ in rounding up Jews and their assets, and then go on to become one of the world’s richest men.

What invention did he invent? What product did he invent? What value did he produce? Who did he help? What disease did he cure? What did he build? Where did that money come from?

If we are not talking a zero sum game, then what value did he produce that others got to share in?

It seems the Zionist wants the right to exploit their society, but is not willing to put up with enmity that this exploitation is bound to produce.

Like a bully pushing smaller kids around, who then cries running to the teacher when one of them pushes back. Claiming to be ‘the eternal victim’.

Well you have your own country now. So what are you actually doing in Germany, Canada, and the U.S, if the whole world is so anti-Semitic?

Surely you’d want to use your special talents to make your own country the best country in the world.

So why did all the richest Jews leave Israel recently?

Is it a flaw in the Jewish business model? The old problem acknowledged by the Zionists themselves as ‘The Jewish problem’?

That problem is not anti-Semitism.

That problem is that if everyone is exploiting everyone, then there is nothing to exploit?

If every Jew wants to be a banker, then who is going to grow the crops and build the roads, houses, schools, and hospitals?

If everyone is going to focus on getting rich trading derivatives, then who is actually going to be actually founding companies and making the original shares and commodities those derivatives are based on?
People don’t mind if their own people ‘exploit’ ‘OTHER’ people. But they get pretty pissed when their own people ‘try it on’ with them.

You can’t have a society where everyone thinks they have a right to be rich without actually producing anything of value.

THAT, my friends is exactly how the Zionists themselves defined ‘The Jewish Problem’.

Israel was supposed to be ‘The final Solution to the Jewish Problem’. That is not a Nazi turn of phrase. That is the Zionists own words. They coined that phrase, not the Nazis.

But the big Zionist Jews like Soros and Rockefeller and Rothschild don’t want to earn an honest living. They want to continue doing what they have always done. What they did in the last few decades is just a continuation of way of life.

That is why the Nazis had ‘Arbeit macht frei’ written in metal over the entrance to their Jewish work camps.

That is why Hitler quipped, in response to Mrs. Roosevelt’s comment ‘I myself would never want to live in your Germany’, words to the effect that… ‘I completely understand. For in my Germany everyone will be expected to work, and no-one will be allowed to grow wealthy through deceit and racketeering’.

How was it possible for so many Jews, over 5000, to still be living and working in Berlin at the time of the Russian ‘liberation’ of Berlin? All sorts of Jewish organizations had continued operating throughout the entire period of the supposed ‘holocaust’. These are documented facts. Ask Ernst Zundel the next time he is temporarily freed from prison to show you his wealth of documentation, all collected despite the persecution of historians, and all the restrictions imposed on anyone seeking answers to simple, legitimate, reasonable questions about the supposed ‘holocaust’.

While on the subject of historical revisionism, let us consider this.

The holocaust that the Israelite’s commit in the Old Testament, which is supposed to be a true historical account of the history of the Jewish people, and is used as the justification for the modern state of Israel existing at all, is worse than the holocaust the Zionists claim the Germans carried out during WWII.

I cannot understand why anyone would make such claims, and be proud of them, and then use the same claims to justify the Allies displacing an existing nation, the entire Palestinian people, a nation that welcomed and lived peaceably with Jews as equals for longer than any other people on this planet have managed to do.
First, to be a little cheeky, surely the Palestinians deserve a medal for that one achievement alone!
So, the Zionists claim that because they genocidally murdered, raped, and enslaved all the people who had, up to that point, been living peaceable in Palestine, 3500 years ago, that gives them a moral right to return, 3500 years later, after a gap of over 2000 years in which they were NOT the owners of that land?
Is that how Zionists think?
Doesn’t that disturb you just a little?
Doesn’t that provoke some response in you?
Does anyone need to add anything?
Or is that the problem. The Zionists fear that the tiniest of sparks of truth and indignation will set off a huge explosion, and leave them running to find a new homeland again. Just like all those other times/
What can I say? How clear a statement of the Zionist mindset do you need before you will see what a threat they are? How is this fear or hate mongering? Just stating obvious facts?
O.K, so historical revisionists, in the sense of non-Zionist historians who do not simply take any claim a Jew makes for granted, but actually investigates that claim to see if there is any historical evidence, or other compelling evidence, to support it, will tell you that the holocaust the Jews committed against the Canaanites and all the other peoples, including the then living Palestinians, never happened, as far as they can tell.
Or to be more precise, there is not a scrap of evidence that Joshua existed, and actually committed all the horrible war crimes, crimes against humanity, genocide, mass rape, and mass enslavement, that the Jews appear so proud of, and use as their justification for occupying Palestine, and continuing the genocide that their ancestors, 3500 years before, failed to complete.
Do you realise that what I just said is factual and objective. But jeez, how horrible does it sound?
I am not inciting you to anything but to the pursuit of truth, justice, and liberty.
And forgiveness.
Let us forgive the Zionist all their self-proclaimed crimes and build a new world order based on mutual honesty, mutual trust, mutual co-operation and toleration, mutual love, mutual respect, truth, justice, and liberty for all, no matter what skin color, ethnic background, gender, sexual orientation, or particular holistic inheritances.
I have to add that to make sure you understand I do not want to incite anyone to any irrational hatred or fear. The fear is legitimate and realistic. Perfectly rational. The hate would be completely reasonable. Only it would not be productive. I am inciting you to productive, creative, sustainable responses to the facts of the situation.

So, anyway, back to this thing called ‘historical revisionism’. A historical revisionist is someone who returns back to historical questions, and revises our opinion or understanding of them, by uncovering new evidence, new insights, new documents, better translations, and so on.

All secular, no Zionist historians have ‘revised’ the official history of the Jews as contained in their official history book which we call ‘The Bible’, to be more precise the first five chapters of the Old Testament which Jews call ‘The Torah’ or ‘Pentateuch’.

It is so ironic and dumbfounded frustrating that the Jews insist the Bible stories are as real as their holocaust ‘history’ is.

In the one story they are the perpetrator of a holocaust. In the other they are the victim. Why you’d insist the first was true is beyond me. All it would indicate is extreme arrogance and sense of invulnerability. It would indicate that we are dealing with the most smug, self-satisfied, vicious, and dangerous people who have ever walked the face of this earth.

If that won’t sound nice in a court of law, I stand by it. As it is what all the evidence available to us indicates.

So, they insist they are genocidal. They insist this is O.K. For they have the God-given right to slaughter, rape, and enslave anyone they wish.

That’s not me putting words into their mouths folks. That’s their own official position.

But if this first ‘official’ history of the Jews has been debunked as completely without any foundation, then what should we make of their more recent ‘history’ of WWII, which includes the ‘holocaust narrative’?

Should we pay it any more credence than we do their older official history?

And if the first really is true, then what light does that shed on the second?

If indeed they were victims, were they really that innocent?

But no serious historian who takes an honest, informed, unbiased look at the Old Testament stories, or the holocaust narrative, will find any evidence that either of these ‘tall tales’ are true.

They are both ‘nation constructing myths’ that are common to all nations. Stories told to boost nationalististic fervor and patriotism.
Do I really have to say anything more?

But I will give you as much information as possible, for I understand that you, like all the ‘holocaust skeptics’ once were, are still living in a fog of Zionists propaganda. And it takes time to grasp the truth. The objective reality. After you have been living in the dominant hegemonic social reality that you were immersed in at your birth, and in which all things appear reflexively consistent, coherent, and reliable, and thus compelling.

But once you escape this mind prison for just a few moments you begin to recognize it for what it is. A lie.

And this is why the Zionist spares no effort or cost in ensuring you never, for one moment, step outside their ‘sphere’ of influence.

Not for one moment can they risk you getting the slightest whiff of ‘another side to the story’. An alternative interpretation.

They cannot dare let you learn a single fact. A single objective fact. A single crack in their hegemonic social reality.

For they know, that their lies are built upon such fragile foundations that despite their best efforts and greatest expense, the entire Zionist Propaganda machine would become useless.

That is why they will never allow you, ever again, to have any freedom of expression, freedom of historical investigation, or freedom of scientific enquiry.

It is do or die for the Zionist.

They are now on the very verge of taking total control.

But the slightest truth, the smallest fact, when allowed to be told, would completely destroy their hegemony.

That is why they talk of fear, and fear your sudden explosive hatred, when you find out the truth.

They saw what has happened over and over when their conspiracies were discovered.

They always say ‘never forgive, never forget, never enough.’

They killed the man who spoke of ‘forgiveness’. They don’t know what it is. So they cannot imagine that WE will forgive THEM, if we find out what they have been doing, and what they are planning to do.

But for all those Jews who are not Zionists, please be certain that we will forgive you. We welcome you to participate in the world society as equals. We do not define you as Jew or Gentile. We define you as colleagues, equal partners, in this mystery and adventure called life.
Oh, and before I forget. It is possible that the current laws and persecutions might be a deliberate attempt on the Zionist resistance to provoke people to becoming outraged. It could be a clever plan to highlight a problem that they are not free to do in any other way. By provoking the world with these outrages against freedom, constitutional rights, justice, reason, common sense, and simple logic, the perpetrators of the crimes against people like Zundel and Irving might be intend, via a sort of reverse psychology, to provoke a widespread popular reaction among the masses against the Zionists tyranny.

This is just a theory. Unlike the Zionists, all my theories are open to free and transparent debate.

The thing is, though, my highly gifted Zionist friends. Even if it is not a deliberate attempt by an underground Zionists resistance movement, it may still have the same outcome.

You may have overstepped the mark. As usual you have overstepped the bounds of credulity.

Even modern Germans and Americans are not so stupid and lazy and self-hating as to put up with anything and everything.

Make it obvious enough and even the most foggy-brained person will see the truth.

In your arrogance you have once more overstepped the mark.

You have, as Shakespeare, or whoever wrote for him, put it, ‘you have revealed yourselves by the way you attempted to conceal yourselves’.

In the attempt to conceal, we reveal. Something like that.

And so, by going to such absurd extremes to hide ‘something’, you make people wonder, why then, just what on earth are they so scared of us finding? We can’t imagine what it could be? Surely something really big, if they are willing to go to such extremes to hide it.

You have drawn attention to your deception quite unnecessarily.

You had it all in the bag. You had it all under control.

But then you blew it, but not, as the Daoist sage would put it ‘knowing when to quit’

You see your reached that ‘tipping point’ and then pushed just a little more. Just a little too arrogant and greedy and self-righteous and over-confident. You power has rushed to your head.

I never would even have considered writing a book like this if you had not dragged my attention away from much more pleasurable pursuits by the over-the-top, absurd, excessive, unnecessary, completely blind, complete hate and fear driven, desperate obsession with completely destroy and silencing people
who would otherwise probably NEVER have found an audience, let alone a champion such as myself.
You, in your blinding pride and smug, self-satisfied sense of invulnerability, in attempting to crush what would have been a mere pesky fly, have awoken a dragon.
There is an old wise saying. The fool desires control. The wise man controls desire.
You have allowed your irrational hatred and fear to blind you. That and your hubris will be your downfall. You pushed just a little too hard, and the cycle of history is now continuing on its course.
It is now continuing the same old historical cycle.
You just couldn’t help yourselves. Greed. Total control. Lust for total power. Lust to murder, rape, and enslave, just like in the Old Testament.
That didn’t end well for you, did it?
But there is still time. Renounce your ambition. Control your desire to control. Learn to participate as equals with all the peoples of the earth.
Focus on using your talents to produce things of real value. To help others. To make this world a better place. To facilitate the wellbeing and prosperity of all sentient beings.
You’ve done it again. But you can stop this time before the logical consequences of your actions fall down upon you. You can step out of the cycle.
You have, in trying to defame an entire nation, saved Adolf Hitler’s reputation. You have made it so perfectly clear that Hitler either never issued any orders for the extermination of Jews, or that, if he did, it was understandable, given his circumstances.
Either way you have returned Adolf Hitler to his rightful place in history.
Today there is no need for us to fight wars with each other. I am sad that in the past we did. I honor the dead. I honor and validate their suffering.
Never again.
Like Hitler, I am no-one from nowhere. I grew up poor and unloved. I would never dare imagine that I have anything like his courage, his charisma, or his endurance.
But like Hitler, I have finally been awoken to the truth.
But I am your equal in intellectual capacity.
I may not have a huge propaganda machine at my disposal. I would never want one.

But I have the truth on my side. I still have a voice, for those with ears to hear. I can still show the truth, to those with eyes to see.

Yes yes yes, congratulations, you have the power to destroy me, like you did Jesus, and Nazi Germany.

But that won’t save you from the truth.

The truth has been set free.

The truth will set us all free.

So learn to live in the free world, among free people, as equals, and stop this neurotic, deluded, sociopathic drive to enslave the world.

It will only, as it has every other time before, lead to you ruin.

And to all those self-defined Jews who are being dragged along with the Zionists, please remember you are welcome to join the free, as free people, as equals.

Do not let the Zionists among you trick you again. Don’t let them offer you up again, as a ‘burnt offering’ to their own psychopathic ambitions for power, control, domination, and genocide.

Join me. Don’t follow anyone. Let your instincts to truth, beauty, justice, and freedom lead the way.

And if nothing I can do can save anyone at all, then I can only wish us all Happy Next Lives!

Let’s see, where to next? O.K.

A Judge awarded a man 50,000 dollars after he expressed ‘mental anguish’ when another man offered a 50,000 dollar reward for anyone who could provide compelling evidence that Jews were gassed at Auschwitz. The judge used the ‘victims’ own ‘testimony’ as ‘overwhelming and incontrovertible proof that 6 million Jews were exterminated in Nazi death-camps.

Imagine how many lawsuits I am looking forward to!

All already won! All pre-determined. All completely fixed. All ‘in the bag’.

Will they even bother with ‘show trials’?

Probably not, because every time anyone gets even a show trial, they weaken the case of the Zionists. They draw attention to the absurdity and injustice of the charges, and the persecution of people like Zundel and Irving.

Mein Kampf is banned in Germany, and demonized all around the world. Why? Because it makes the same case I am making here.
And because, like the now banned ‘Goebbels diaries’, it shows that Hitler was never actually anti-Semitic. He never had an ‘irrational’ hatred or fear of the Jews. Only a completely understandable and rational respect for the danger and threat they represented to Germany, and the world.

In Goebbels diary, like in the many documented reports of U.S and British Ambassadors, including members of the Kennedy family in the U.S, give the distinct impression that the Jews had provoked whatever happened to them in Nazi Germany and the occupied territories.

The Kennedy memo describes how Jews were becoming very wealthy at the expense of Gentile Germans, running most of the brothels, including those supply under aged Gentile girls, and taking up an immensely disproportionate number of executive positions in all the lucrative professions, while blocking Gentiles from those professions, and dominating the film and newspaper businesses, especially in Berlin. You can find these documents online any time you like. As I write I am not online. I only have a quite limited access to free internet. It is not a luxury I can afford if I wish to be free to continue writing.

As I was writing a Facebook post, I meant to write ‘I can’t win’, but then when I looked, I had written ‘I can’t lose’. Was that sign from the gods? Or a warning from the gods? Either that I cannot afford to lose? Or that I am destined to win?

Definitely the second is true. Which is why I was compelled to officially renounce my German citizenship.

Can you imagine what my Grandparents would think of that?

But how can I continue to allow the Zionist Propaganda Machine to defame them? And millions of other people. Including millions of Muslims and Arabs and Palestinians?

You think I am making the story about the U.S ambassadors to Germany up?

It is a documented fact that President Roosevelt, speaking in 1943 in Casablanca, stated openly, ... 'I cannot fault the Nazis for what they are doing to the Jews, because if any alien people comes into another country and within a short period of time takes over its most lucrative professions...’ and so on. This is completely consistent with the other reports of foreign ambassadors in Berlin during the 1920s and 1930s.

He also said to Morgenthal... 'If we take any large number of Jews we can only reasonable expect each community to take only one family...I’m deeply alarmed at how the intake to Harvard is already up to 15%, this is quite intolerable...it should not rise above 3%..’.
As other people have said, maybe Jews are superior, or more ruthless, or
greedier. Whatever the case, the perception of the people they abuse will lead to
anti-Semitism. That is the eternal ‘Jewish problem’.
If you don’t believe you are the victim of a massive, ubiquitous, centralized and
global propaganda campaign right now, consider one little example.
Product placement is where you hope to glamourize your product by associating
it with famous, glamorous, respected and admired people. The best example of
this is tobacco.
But you can also subconsciously demonise people by association. David Irving
was put in jail in Canada in 1992.
Around the same time he was demonized in a movie about a psychopath. The
heroes and heroines of movies usually reach for a cigarette. In this movie the
psychopath reached for a book by David Irving.
So maybe it was free advertising, like all these show trials that persecute
holocaust skeptics, and anyone associated with them.
And while on the subject of books, I usually quip that the only people who read
my books are either other writers like myself, or the Zionists and their Golems,
such as the C.I.A, the N.S.A, and Mossad.
Of course my books only get published online. Most of the seriously active
publishers are located in New York, and they happen to define themselves as
‘Jewish’. Most literary reviewers define themselves as ‘Jewish’.
But they are not satisfied with merely preventing books from being published and
marketed.
In typical Zionist style they want total control.
They have been trying to censor the internet, to ensure full spectrum dominance
of their propaganda machine, since it began operating.
They managed to get David Irving’s books put on the same list of ‘restricted’
materials that the public school systems would automatically filter out.
They have had ‘historical revisionism’ defined as a hate crime.
They have had laws like 130 in Germany introduced, despite the highest courts of
the land, in Germany and Canada, ruling that the law violates people’s basic
human rights and constitutionally guaranteed freedoms.
It was in fact the 1988 Ernst Zundel trial where Irving’s problems began. Up until
this point he was a best-selling author, and a widely respected historian.
However he dared speak out at Zundel’s trial, in support of Zundel, and the
Canadian constitution.
He was immediately demonized. From then on his life was made impossible by the Zionists and their Golem. He admits that, had he known how high a price he would have to pay for speaking up at Zundel’s trial, he would have remained silent.

This is why the Zionist propaganda machine has full spectrum domination. Not only does it silence any critics. It ensures, through the horrific consequences it inflicts upon the brave and honest people who do speak out, that most people will practice a ‘self-censorship’ more powerful than anything any external censor could ever achieve.

And so you get a self-reinforcing lie. The average person hears and sees nothing to contradict the Zionist propaganda, and so they just assume there is no criticism to be made.

They take for granted that the skeptics, are, as the Zionist propaganda machine defines them, either criminals with some evil agenda, or simply mentally unstable, crazy, insane, deluded.

I have explained how ‘social reality’ is constructer and public opinion and ‘consent’ is ‘manufactured’, in my TROONATNOOR books.

But you are too busy chasing after what the Zionist Propaganda Machine tells you is ‘happiness’, and ‘satisfaction’ and ‘success’, and ‘joy’, and paying a trillion dollars in taxes so the Zionist controlled NATO and Zionist Occupied U.S and Germany can completely destabilize the world, simply to divide and conquer it.

It is only in this way that less than 1% of the world’s population, the Zionist, and their Golems, can control the 99%. Like the one shepherd and the 100 sheep. If anyone one of them realized just how powerless the shepherd really is, they would laugh at his attempts to control them. And if the sheep realized that not only is the shepherd only keeping them in order to ‘fleece’ them, but that once they no longer produce any value for him as sources of value, he is going to slaughter them, then surely they would run for their lives.

David Irving, whose books were bestsellers up to the time of the Zundel trial, didn’t know it at the time, but his publisher MacMillan had had all the inventory of his books shredded without telling Irving. It took a long time to find out. Irving only started making enquiries when the royalty checks started drying up, and then completely stopped. And then MacMillan would not even admit to what they had done. Irving only found out after getting a court order.

The Zionists did their best to get his appearances on television shows ‘pulled’. Irving discovered documents that show that they had admitted to themselves that there was no way that they could manage to pin the label ‘anti-Semitic’ on Irving. But they could still ensure that the mass media managed to lead people
into forming that opinion, without it ever being explicitly charged. They admitted that they could not refute anything he said as it was true. They admitted he was too competent and knowledgeable to ever confront directly, in any public forum. Newsweek called Irving after the Oklahoma City Bombings, telling him that allegations had been levied against him, linking him to those terrorist acts. In fact the Jewish Telegraph Agency released a claim that they had information that Irving had actually constructed the trigger mechanism for the bomb. This JTA had sent a press release making this claim to every media agency in the world.

But when Irving himself published a copy of that press release himself, the JTA sued him, claiming that it was a secret, privileged, confidential document. Deborah Lipstadt is one of the psycho-terrorists that constantly harass, victimize, and terrorize holocaust skeptics. Irving, thanks to the vicious and malicious efforts of people like her, was arrested in Vancouver, Canada, in 1992 after giving a talk on freedom of speech. He was taken away in handcuffs. The next day he appeared in court. He was allowed to respond to some allegations that were printed on a fax. He noted that the fax-line read ‘SAJBOD’, which is ‘The South African Jewish Board Of Deputies’.

Irving was the victim of an international conspiracy. After that show trial Canadian officials handcuffed and shackled Irving and put him on a plane back to the U.K, like some sort of dangerous criminal. Irving reports that the police in the van told him anti-Semitic jokes all the way to airport. Police transcripts made of recordings that German police made at his speech proved Irving had said the word 'fake', but had not at any time claimed that ‘Germans had been paying years for a fake holocaust’. That was what he was being charged with having said. But the prosecutors own transcripts proved he had never said it.

So the judge, in typical ‘show trial’ fashion, announced to the world that he could read minds, and that he ‘knew’ that ‘that is what Irving had intended to convey during his speech’.

O.K judge, I will state it here. Germans HAVE been paying billions of years, and been guilt-tripped into supporting the Zionist take-over of the world. There is a long history of judges convicting people for what they never said. Gunter Deckhardt was imprisoned for over five years for something even the courts had admitted he had never ‘said’. And there are thousands of similar cases
where holocaust skeptics have been imprisoned on slight technicalities by ‘mind reading’ judges.

Walendi was sent to prison for something the judge admitted he had never actually written. He was inflicted with a 10 month prison sentence for publishing a short brochure.

Simply complaining publicly about the injustices suffered is considered a criminal offence in Germany.

Imagine that. Can you understand now why I was forced to renounce my German citizenship?

You think Zionist Jews do not have excessive power? Then why is it that Jews have right of return to Palestine after 2000 years, but Palestinians with keys to their own houses have no right of return? An entire people refused the right of return after being kicked out of their own homes only a few years ago, in an act of military aggression that the U.N has renounced, but will not do anything about.

While trillions of dollars in your taxes is being sent on illegal invasions and military occupations by the U.S and Britain, the U.N is doing nothing at all to compel Israel to return the territories they now illegally occupy.

Did you know that, despite their best efforts, Israel can provide no actual hard historical evidence that they ever were in possession of Palestine?

There is no evidence of any King David, nor that the Jews are descendants of him. Any wonder they don’t respond kindly to historians carrying out any research at all related to the Jews, whether it is about ‘the holocaust’ or the Old Testament. The irony is that entire Palestinian communities are being kicked out of their homes so that the Israeli’s can build a ‘theme park’ devoted to brainwashing kids into believing the bible stories are actually historical facts. As historical and factual as ‘the holocaust’.

The only way to establish some connection between the mythical King David and the modern day Israeli’s is to build a theme park.

Or make Hollywood films.

Because there is absolutely no historical evidence.

Anyway, back to the ‘amusement park’ for genocidal Zionists.

I wonder if any part of the park will be dedicated to the Canaanite holocaust the Jews committed in the Old Testament. Will there be a ‘ride’ where modern Israeli’s get to re-enact the genocide, murder, rape, ‘ripping apart of pregnant women’, and slaughter?

So, what is the actual documented history of Israel?
Shall I start with the terrorist campaign in which hundreds of innocent civilians, and British public officials, were murdered? You can read about that in my other books.

Let’s fast-forward to about 3500 years after that.

In 1922 the U.K, which was then the colonial power of the Middle-Eastern region, broke off 70% of Palestine and gave to one group of Arabs, who then became the nation of Jordan. The nation and people are named after that famous river of the same name. You might recall it from your bible readings?

Then in 1947 Britain honored its promise to the Zionists, with the powerful support of the Zionist lobby in Washington, and New York, where for some reason the U.N headquarters were built (on land donated by that famous Zionist Mr. Rockefeller ‘skirt-faller-maker?’), as far away from most of its member nations as you could possibly get, to give Jews a homeland in Palestine, in the lands ‘promised to them by god’.

Britain and the U.S got the U.N to divide the remaining 30% of Palestine into two portions, with the far larger going to the far smaller group of Jews, and the far smaller going to the far larger group of Palestinians.

The Jews rejoiced. The Arabs were in uproar.

What on earth was the U.N doing giving away their homeland to a group of European Jews?

By what moral right could this be justified?

The Jews had not ‘occupied’ Palestine for over 2000 years. And according to the Jews own ‘history’ book, the ‘Torah’, those Jews had stolen the land through genocide, rape, pillage, and enslavement. Those biblical Jews had dispossessed the rightful, peaceful inhabitants of Palestine 3500 years ago, finally been kicked out by Rome in 70 C.E, and now they were being given the land again? By some foreigners who imagined they had a right to do such a thing?

The Israel 'Hebrew settlement' 'Zionists Movement' announced the Jewish state of Israel on May 14, 1948.

Of course the Israeli’s had known about the planned partition of Palestine years before it was announced. Only the Arabs were caught off-guard and surprised.

The Israeli military had been planning for this day for a long time. It had trained and armed 40,000 men in the most modern combat techniques, and with the latest, cutting edge military equipment that the U.S, Germany, and France could supply.

The Israeli military put the Zionist propaganda machine into overdrive, spreading the news that the Arabs were attacking from all sides. It was a question of do or die.
In fact there were no invasion plans on the part of any of Israel’s neighbors. Just think about it. Israel’s neighbors had been caught by complete surprise by the announcement. They had had no idea it was coming. They would have not had any chance to prepare any sort of assault on Israel, even if they had wanted to.

Recent research by the son of one of Israel’s most famous Generals lead to documents being uncovered that prove, beyond a doubt, that the Israeli military had planned an offense attack long in advance, and were primed with a hair-trigger preparedness for offensive actions. Not defensive actions.

There was no attack made on Israel in 1948. Israel invaded its neighbors in an illegal act of military aggression, aimed at extending the Israeli territories, and gaining strategically valuable territory, water, and resources.

It was much worse than the German invasion of Poland as it had much less justification. Germany was basically re-uniting German territory, full of Germans, back into the fatherland, after Poland denied the Germans a reasonable alternative solution, after plebiscites and reasonable offers.

The Zionist Israeli’s, on the other hand, were simply taking by force what they proudly claim their ancestors took by force, and genocide, 3500 years earlier. Saudi Arabia did its best to support the totally unprepared defence forces of Egypt, Lebanon, Jordan, and Syria.

During this war over 800,000 Palestinians were ‘ethnically cleansed’ out of their own homes and lands by the Zionist terrorists.

The act of aggression was not supported by the U.N, or Britain, however no actions were taken by neither Britain nor the U.N to stop it.

The U.N merely defined the acts of aggression as illegal, and ordered Israel to return all the territory they had occupied back to its legal, rightful owners. However Israel has never complied with the U.N ruling, and no-one has ever forced them to. No-one has even applied sanctions to Israel to compel it to comply with the U.N ruling.

It seems that the greatest benefit of ‘the holocaust industry’ is that no-one dare lay a hand on reprimanding those ‘eternal victims’ ‘the Jewish people’.

Even though the 500,000 Jews had been given about 60% of the land, with the minority holding going to the 1.5 million Palestinians, the Jews just weren’t satisfied. They had always, from the very beginning, demanded the entire state of...
Palestine, and some surrounding territories, for themselves. Based on the ‘biblical’ descriptions of the supposed ancient state of Israel from 3500 years ago.

Immediately the Israeli’s began a campaign of ‘ethnic cleansing’.
It is just another myth that in 1947 the Arabs attacked the fledgling nation of Israel.
If they had been intent on destroying Israel, then surely they would of. How hard would it have been?
By the end of 1948 the Jews had taken most of the territory given to the Palestinian state.
Their 40,000 strong armed military, supplied with the latest weapons from the U.S, were a vicious, ruthless, genocidal killing machine.
The Palestinians had no real way to defend themselves against such a well-armed and ruthless force.
If you want to picture it, just imagine your typical WWII propaganda film of SS combat troops, in Israeli uniform. I mean the propaganda version of evil, vicious, racist, hate-filled Hollywood Nazis, not the real ones.
The surrounding Arabs did not intervene until May 1948. By then the ethnic cleansing had been mostly completed. It was too late to do anything. One million Palestinians had been driven out of their homes, and off their U.N mandated territories. Lands they have lived in for the last 1500 years. Their homes were given to Jews.

Do you doubt me? Well what if this story comes straight from the mouth of the son of a famous Israeli General? Do a google search on the name ‘Miko Peled’ and then watch his films. You can watch his recent interviews and documentaries on YouTube. You could probably arrange to have him give your group a lecture.
He also described the next act of military aggression by the Israeli armed forces, which brought the Israeli’s one big step closer to their plans to occupy the entire ‘biblical’ Israel once more. More or less using the same strategy that their supposed ancestors used 3500 years ago. Military invasion. And genocide of the locals. ‘Oh Thou Palestiner’. Read you bibles if you have ‘em. Read my books if you don’t have weeks or free time to do so. The Zionists Central Banksters keep you running on your little treadmill trying to pay debts for the unnecessary consumer goods and services their Propaganda machine a.k.a mass media and advertising, fooled you into thinking were necessary, and were going to make you happy and content and fulfilled. How happy, content, and fulfilled do you really feel right now?
So. Like after WWI, where the Germans were forced to abandon a large part of their territory (Which France then decided to occupy and loot), the Egyptians were forced to abandon the Sinai desert.

But like Hitler (who had no army at the time but the courage of a lion combined with the fury of a dragon that had been woken from its peaceful slumber by thieves), and Egyptian General moved his troops back into what was after all Egyptian territory.

They were not prepared for war. They were not planning war. They were simply moving Egyptian troops into Egyptian territory.

There were no plans for anything else by, like Hitler, the assertion of national sovereignty over a nations own territory.

What the Israeli General’s son found, after being granted complete access to the minutes of all the General’s meetings around the time of the war, in 1967, is that the Israeli military was hungry for another war of aggression.

They saw an opportunity to destroy a completely unprepared Egyptian army, using their assertion of the legal rights i.e movement of troops into their own territory, as a Cassis Belli, or ‘justification for war’.

Now like the Generals son had always been taught the official lie that we had all been taught. The same sort of lie we are still taught about Hitler.

The official fiction is that in 1967 Israel was attacked by three Arab nations who were all hell bent on wiping Israel from the face of the earth.

But the truth that this General’s son found was quite another story.

You see in reality the Israeli army worked hard to convince the Israeli government that the Egyptians would need at least 1.5 years to prepare for war. And so if Israel struck now, on the flimsy pretext of an Egyptian ‘invasion’ of the Sinai (Egyptian territory technically declared a ‘military free zone’ by foreign powers), they could smash them, take the Sinai, and also take the Golan heights from Jordan, The West Bank from Syria, and further Palestinian territory. Thus bringing them once step closer to realizing their plans for a ‘greater Israel’, far larger than the one the U.N had mandated them.

Their mantra was ‘if we strike first, we can destroy them for the third time’.

There was not one single mention in the minutes of the General’s meetings or their correspondence with the Government of any actual ‘threat’ to Israel being posed by the Egyptian military presence in the Egyptian Sinai.

All the talk was about an opportunistic, pre-emptive strike, an act of military aggression, on Egypt.

Further, the talk was about taking the West Bank from Jordan and the Golan Heights from Syria.
The Golan Heights, in Syria, not only possessed large supplies of fresh water, but would offer a strategic advantage in the wars they had planned for the future. Facts my friends. It was a purely aggressive military invasion. Not a defensive war. Do you know of any other defensive war that the defenders won in 6 days, and which netted them so much territory? Oh, and no-one told you, but the Israelis and U.S have known for a long time now that one of the largest potential oil fields lies under the Golan Heights, in what is now Israeli occupied territory, and continues over the border into Syria. That is why they want Syria so badly.

Can you tell be about any other ‘defensive’ war in history where the defenders, supposedly attacked simultaneously by three different nations, manages to kill over 15,000 of their ‘enemies’ while losing only 700 of their own troops? Now the U.S.S liberty was in international waters, off the coast of Egypt, intercepting all Israeli military communications. They had been recording data that would make it very hard for the Israel’s to claim that their ‘6 day war’ was a defensive war.

So what did Israel do? After several times clearly identifying the U.S.S liberty by name and nation, to their headquarters (we have the tapes folks), they were ordered to destroy the vessel and kill everyone on board. This they attempted to do. Using all the means that their disposal, from fighter-bombers, to torpedo gun boats. They machine gunned the life rafts as the U.S military personnel attempted to save their lives. This attack defines the entire war.

Was Israel under attack from the U.S as well? Please read my book, and also watch the recent documentary made by the survivors of that attack.

The ‘6 day war’ was seen as an attempt to solve the ‘Palestinian problem’. It is the same problem that Joshua in the Old Testament faced, and solved. And they are solving it in exactly the same way. Genocide. Invasion. Crimes against humanity. War crimes. The ‘six day war’ virtually erased Palestine from the map after 2000 years of peaceful existence.

25 years after WWII the Jews, having learned so much empathy, compassion, and humility from a supposed 3500 years of being the ‘eternal victim’, continued with their Old Testament ways.
It is clear now that Israel had never had any intention of honoring the U.N mandated Palestinian State. It had always intended taking all of Palestine for itself.

Yasser Arafat, the Palestinian leader, was willing to sacrifice 80% of the land the U.N had mandated for a Palestinian state in order to obtain peace. But that was never going to be enough for Israel. Israel was determined to take all of Palestine for itself.

This is why there can never be peace in Palestine, until the Israeli’s have completed their ‘Canaanite holocaust 2.0’.

Even those Palestinians living in Israel do not share equal rights with Israeli’s. The Israeli’s only allow them to live to do their manual labor and menial work. Israel has quickly built settlements in all the lands that they have illegally occupied, in direct contravention, in direct arrogant defiance, of the U.N, international law, and the consensus of the entire world’s populations.

By 1993 it would have been impossible to establish a Palestinian state in the U.N mandated West Bank.

The entire Jordan River Valley has been settled by Israel’s on what is Syrian territory.

Jews have bought out, by legal and illegal means, the entire East Jerusalem. Israel has turned the ‘Gaza Strip’ into one big KZ, one big concentration camp, from which the ‘inmates’ are only allowed to leave to go out on ‘work details’ for the Israelis’.

Any offer ever made by any Israeli government of ‘peace’ with the Palestinians was disingenuous.

The only ‘peace’ the Israeli’s will ever offer the Palestinians will be R.I.P. Even today you will see arrogant Jewish women appearing on television complaining that ‘Palestinian refugees who fled to Syria, Egypt, and Jordan do not take up citizenship in those lands’.

What the Israelis demand is that all the Palestinians leave their homeland and take up citizenship in other countries.

What is the Hebrew world for ‘hypocrisy’? Do they have even have one? Does it exclude Jews from the definition? Does it only apply to ‘Gentiles’?

The 2000 peace agreement was a sick joke. As Arafat lay dying, Israel surrounded his death bed with tanks and continued to pound his compound with artillery and tank fire.
You have to understand one thing about Miko Peled. His own sister’s beautiful 13 year old daughter died in a Palestinian suicide bombing. When his sister, the mother of the girl, was asked ‘surely you now want revenge,’ by Zionist propaganda machine mouthpieces hoping to turn the tragedy into a propaganda opportunity, she made a very un-Zionistic reply.

She simply stated that no mother who loved their children would ever want another mother to suffer what she herself has suffered. She called for peace and Justice for the Palestinian people. She showed genuine empathy for the suicide bomber and their family. She showed a genuine concern for the wellbeing of the Palestinian people. She was quite aware that it was her own government that was responsible for her daughter’s death. The Palestinians had been robbed of all hope. How else could you explain a suicide bombers willingness to die for their people?

She said … ‘my government brought these two young men to such a level of despair that they would take their own lives and the lives of a little girl… the brutal oppression of the Palestinian people by the people of Israel was the cause of this. The Palestinians are denied hope, freedom, water, land, and their own homes. I point a finger at my own government. Oh, she used to be a close personal friend of the President of Israel. I guess she is just a ‘self-hating Jew’?

Miko Peled admits that he had, in all the 39 years he had lived in Jerusalem and Israel, never once actually interacted with a Palestinian. That is how strong the level of ‘apartheid’ really is in Israel.

The Palestinians do the hard, manual, menial work for the Jews. They are considered inferior and more or less ‘untouchable’.

Miko Peled, who to me seems to love life, Israel, Justice, Truth, and Liberty, and in no way appears to ‘hate himself’ in any way, spoke of the signs, in Hebrew, put up at all Israeli checkpoints, that warn Israelis that they are about to enter a very dangerous area full of terrorists. The areas are effectively declared ‘active’ war zones. In fact entry is forbidden to these areas by Israel’s, to prevent them ever discovering the truth about the treatment of Palestinians by Israel’s.

However he himself became suspicious. For he had only ever seen traffic jams, children going to school, people going to work, people out shopping. He had never once seen anything that looked threatening. He’d never once seen a ‘terrorist’ or even a ‘hostile’ looking Palestinian.

It became clear to him, long before he carried out his research that the signs were meant to humiliate the Palestinians, to demonize the Palestinians, to
provoke an irrational fear and hatred of the Palestinian people, and to incite the Jews to hatred, anger, and hostility towards the Palestinian people.

As it sees it now, the relationship between Palestine and Israel is one of a privileged master exploiting a slave it has made powerless to defend itself. Israel is an army of occupation and oppression, actively working to deny the Palestinian their basic human rights, and prevent resistance.

Miko openly declared, as an Israeli Jew ....’I am the terrorist, not them’.

You, living in the U.S or Germany, should be aware that, as a Gentile, the Zionist Jew feels exactly the same way about you as they feel about the Palestinians.

If you think a ‘two state’ solution is unworkable, then consider how peaceful Switzerland is, or Belgium.

Israel considers its borders to extend from the Jordan River to the Mediterranean. It has no intention of allowing the Palestinians their own state in Israel.

The Palestinians may obtain Israeli citizenship, but they will never be granted the full rights of Israeli citizenship which are retained exclusively for the Jews.

Just read the bible and Talmud.

Jews are people. Gentiles are mere cattle.

The Israeli Occupation Force is the best fed, trained, equipped, and U.S backed terrorist organization in the world.

Their entire purpose is terrorism.

The entire purpose of the Zionist Propaganda Machine, including the ‘Holocaust industry’, exists to prepare the world psychologically for the Zionist takeover. To weaken the West until it has no will to fight back. To destroy its sense of pride with guilt for crimes it never committed.

Miko stated that the 2008 attack on Gaza was the 'most shameful day in history of the Jewish people'. (And that is saying something if you’ve read the Bible folks). Israel ... began carpet bombing 100 tons of bombs...on the 800,000 children that live in Gaza...The bombing began just as these children were leaving school to go home. The bombing and the slaughter continued for 21 days.

Gaza is one of the most densely populated piece of land on the entire earth.

One ton of bombs is enough to destroy an entire block of in a residential area...first day of 21 day slaughter that had no
Miko declares, full of love for himself, for all the peoples of the world, and for truth, justice, and liberty, that ‘Zionism like racism has to go...the Zionist state must be replaced with a democracy...with equality between Jew and Palestinian’. The Zionist Propaganda machine, the same one that constantly ‘spins’ holocaust skepticism into hate crimes, defining any question as an attempt to ‘incite people to irrational hate and fear of the Jews’, constantly bombards Israeli’s with nothing but incitement to an irrational fear and thus hatred of the Palestinian people, from their conception to their death. The Zionist Propaganda machine brainwashes Israeli’s into fearing a ‘holocaust of Jews’ at the hands of the Palestinian people, if ever Israel returned their lands to them.

Oh how tempting it is to go all ‘Celine’ on you. I will demonstrate the greatest self-control I ever have as a writer, and limit myself to a few observations. Very timid, bland, passive observations.

The bully at school picks on a bunch of kids, enjoying great malicious glee in the suffering he is free to inflict upon them. Then one of the kids actually defends himself, and fights back. The bully goes running off to a teacher, crying, bewailing his victimization at the hands of that kid. The bully calls their parents and demands that the school ‘protect’ their child from that kid. That kid is demonized as a ‘terrorist’ and kicked out of school. Maybe even put in a ‘correctional facility’.

And this pattern repeats itself over and over. The bully goes back to victimizing other children. One stands up against him. The same pattern repeats for 3500 years. And no-one seems to have noticed the pattern at all?

And then one day all the kids at school, sick and tired of being victims, gang up on that kid and physically make sure he leaves that school once and for all. And that kid manages, through his parents, to sue that school, and all the parents of those children, for 35 Billion dollars in damages. And the courts are not interested in hearing the facts from all those kids. The courts insist that our bully was an innocent victim of an ‘irrational hatred’ on the part of all those other kids.

Years later when historians try to investigate this entire story, they are put in jail for making that bully’s middle aged mother cry in court, for daring to bring up the subject at all.
The judge states ‘truth is irrelevant in my court’. ‘You are trying to incite an irrational hatred and fear of the bully’. ‘I can read your minds’. ‘I know what you are up to’.

And so most historians forget about ever investigating this fascinating story further.

And so the whole world assumes that there must not be a story to investigate. And anyone who claims there is, and tries to investigate, must be a trouble maker, with evil ulterior motives. A criminal. A hater. A hate monger. A fear monger. Probably with some irrational, insane hatred of the bully. Probably hoping to make some money from books full of lies about that bully.

And so on.

See, Celine would be very disappointed in me. Oh the things I could have written. Still, my life story will be ‘enough to base a movie on’, as Jim Morrison puts it, and I will be able to exchange my story with ‘the great eagle’ in return for the freedom of my soul, as Don Juan Mathis, Carlos Castaneda’s Indian Shaman, would put it. Or my story will provide enough wind to fill the sail of my soul’s ship, and carry me away from this world, as Celine would put it.

You see, the Zionists does not consider that the Palestinians could possibly have a legitimate, valid, reasonable, reason to hate or fear the Jew.

And so if and when the Palestinian tries to kick a Jew out of the Palestinians own home, and off his own land, and out of his own territory, the Jew will define this as a monstrous crime. It will be a ‘holocaust’.

A completely unprovoked attack.

Just another crime against the Jews committed by the Gentiles.

Just one more reason to annihilate the Gentile, and enslave them completely. Simply to protect the Jews from further ‘victimization’.

I don’t think you need a high performance IQ to recognize a pattern, and retrospectively apply it to the last 3500 year of Jewish history, and the Jews relationship with their Gentile ‘hosts’.

I feel that I am only employing a tiny fraction of my own performance IQ to work all this out.

I am, though, employing all 100% of my crystalized IQ, and pushing it as far as it can go, spreading it as holistic as possible, concentrating and focusing it as narrowly as I can, and really straining and suffering, to try to express the obvious pattern to you.
Over half of all Israeli Jews are descendants of Arab Jews from Iraq, Yemen, and North Africa. The old Arab Jews could be heard crying day and night as their once beautiful homeland and cities in Iraq were being bombed into the Stone Age. The Arab Jews of Israel have more in common, and more shared goals, than anything dividing them.

Palestinian Jews and Islamic Palestinians, and Christian Palestinians, all lived happily side by side, until 1948. Jews will tell you how they used to leave their children in the care of their Muslim neighbors, as babysitters and so on. The only people who have incited hatred and fear of Jews has been Jews themselves. Through their actions.

When the speak of a historical revisionist inciting hatred and fear of the Jews, what they are admitting to is that the truth, if told, will generate more hatred and fear of Jews than any Zionist Occupational Government or the entire Global Zionist Hegemonic Propaganda Machine could ever neutralize, counter, or ‘spin’. The people and state credited with ‘the introduction of terrorism to the 20th century, beginning with the King David Hotel bombings, are the world’s number one terrorist organization.

They definitely are responsible for all the attacks on 911. They are carrying out the systematic extermination of the Palestinian nation. They continue to carry out repeated ‘holocausts’ of Palestinian women and children.

They continue to hold the entire Palestinian nation in a Prison Camp / Work Camp / Concentration Camp / Death Camp in the Gaza Strip. With walls and armed guards and all.

I do not know how to state the facts any clearer than this. But I will continue as long as I am free to.

Remember that I keep publishing this work as I go along. Most of it is still at a rough edit stage. But I publish all my notes as well, in case someone else must finish it for me.

Thousands of Palestinians are being tortured, and rotting in prison cells, for no crime at all, apart from the crime of being born a ‘Gentile’.

Like most of your reading this.

Oh, yes, don’t deny it. Look at the facts. The legal protections of the Constitution of Germany only apply to Jews. Gentiles have no protection from the Constitution. Only Jews can talk openly about ‘the holocaust’. And they can lie, defame, and terrorize any Gentile who dares stand up to their bullying tactics.
During the 1940s, as new nations were being set up around the world, including in the Arab lands, the Arabs felt sympathy for the Jews, and were quite willing to share their lives with them in peace. They had, in fact, been living with the Jews in peace for 1500 years. But soon it became clear that an element among the Jews, the militant Zionists, were racist, violent, radical, and militant, and were never going to be happy ‘sharing’ Palestine with them. That is when the suspicion began. And their very worst suspicions of the most suspicious among them were more than proven true, time and time again, until any reasonable person would have a perfectly legitimate, well founded, valid, completely justifiable, fear, and then hatred, of the Zionists. And yet the Palestinian people have shown remarkable reserve in the face of the Israeli pogroms against them. Of the five million Palestinians living in Israel, only 200 have committed suicide bombings. Compare that to the war crimes of the Israeli military? Just in that attack on the U.S.S Liberty they murdered over 30 Americans, and severely wounded over 80. In the 911 attacks they murdered over 3000 Americans. And you want me to define the Palestinian people as terrorists? As a threat to world peace? As criminals? As having an ‘irrational’ hatred and fear of Jews? Are you going to blame the historical revisionists, the holocaust skeptics, like David Irving, Ernst Zundel, and David Cole, for this ‘irrational’ hatred and fear of the Jews?

You may know that I was forced to teach Geography, even though I had never studied it in my life, let alone gained any qualification or accreditation to teach it, and then was blacklisted from teaching because I wasn’t any good at it? Well, anyway, if I make some geography mistakes consider this reference. The West Bank in the North East of Palestine (Israel). It shares borders with the Dead Sea and Jordan to the East. Golan Heights is North West of the West Bank, and shares borders with Syria, Jordan, and Lebanon. The Gaza Strip is a tiny strip of land surrounded by the Mediterranean Sea to the West, and the Sinai (legally Egyptian but illegally occupied by Israel) desert to the South.
This Gaza strip is effectively the world’s largest ever concentration camp. With walls and all.

Is it a death camp?

Go online and see how many people have been directly murdered there by Israeli bullets and bombs. See how many people have died there of diseases. Now compare those figures and facts with the official records of the International Red Cross for the figures for ALL deaths from ALL causes in ALL of the Nazi concentration camps in ALL the German occupied zones during WWII. You can even add the figures of people who died after WWII, due to their experiences in the camps.

Now tell me which group of people, based on all the evidence and facts, is guilty of genocide. Which group of people can we rightly, without fear of being guilty of defamation, is guilty of committing a ‘holocaust’, and on which people?

A holocaust that is continuing, finance with your taxes, at this very moment. Go on the internet. You won’t find actual video footage of the Israeli’s dancing as the WTC is collapsing, but you will find footage of Israeli’s dancing with joy at the news that Israel is bombing 800,000 Palestinians in the Gaza Strip. But keep in mind that the footage shown of Palestinians dancing for joy at the news of the 911 attacks was a fake. In fact the people were set up by the Zionist propaganda machine. They were given some presents, and were so happy. But the footage of them expressing their gratitude was shown on international Zionists Propaganda Machine Mass Media ‘news’ reports and ‘reported’ as ‘Palestinians expressing their malicious glee after learning of the 911 terror attacks.

Check it out for yourself. Don’t take my word for anything. Never believe anyone. Always check things out for yourself. And if you find that you are not free to, and even charged with some offence for trying to, then ask yourself why that is so. What do they have to hide?

It is a fact that you cannot make a career in any field unless you are either quiet, or side with Israel on everything.

You have no hope of a political career in Washington D.C unless you are rabidly pro-Israel. Totally biased in favor of Israel. Totally compliant with the Zionist Propaganda Machine.

You cannot even start a political campaign without Jewish funds. They represent less than 2% of the U.S population but contribute over 50% of the campaign finance funding. That we know of. How much more they contribute illegally is anyone’s guess.

They will destroy you if you dare challenge their hegemony.
They even have 4 of the 9 seats in the Supreme Court. Their media Golems will grind you down to a whimpering mess if you dare speak up about the reality of the Zionist Occupation of the Western world. The price of doing business in the Zionist Occupied West is to comply with any Zionist request. For it will become a demand otherwise. A demand backed by violence. Physical, economic, financial, and media violence. And because the U.S and Germany posed such a potential threat to complete Zionist hegemony, the Zionists are now going all out to ensure that these nations collapse economically. The Zionists are tightening their grip on the economic, financial, and legal policies of the U.S and Germany to this end. The end of freedom, liberty, and prosperity for the Gentile, on planet earth, is near. No resistance to the Zionist New World Order will be tolerated. And soon no resistance will be possible. That is why the Zionist has ramped its attacks on holocaust skeptics up to the nth degree, to ensure total silence on any criticism of Israel or the Zionists. Unless you get behind the holocaust skeptics, you are doomed to fates worse than they are suffering right now. Don’t you dare complain that no-body warned you. You do nothing to help the very people who are risking everything in the fight for your liberty. Shame on you. You are more interested in the latest pop idol, fashion, or technological gadget, than you are in truth, justice, liberty, and freedom. Right now the Zionists are using NATO to provoke a war with Russia and China, in order to completely destroy the only nations that are resisting Zionist Occupation. Any nation that dared resist the Zionist Central Banisters’ Occupation, using the U.S petro-dollar pony/pyramid scheme, has had their leaders assassinated, their nations invaded by terrorists, and their entire economy and society complete destabilized by chaos sponsored and engineered by the Zionist New World Order leader and the Golems. Can you imagine the great laughs the Zionists get from naming the head of ISIS Abu Bakr Al-Baghdadi? What a joke of a name. How catchy too. He’s the new acting head (actor playing a role) of ISIS, and being pushed by the Zionist Hegemonic Propaganda Machine (including NBC, CNN, BBC, 60 minutes) as the
new Bin Laden, and next big thing’. In fact as ‘the most disgusting, vile, terrorist
we’ve seen’. He is ‘so elusive’ that there are ‘only a few photos of him’. Funny
that, given he was in U.S custody for so long. This ‘actor’ is the same guy who
portrayed terrorists in faked videos of ISIS members beheading people. All

In any case, since when did Arabs being using acronyms?

Did you know that the ‘official’ codename for Mossad, among U.S intelligence
agencies (Zionist Occupied U.S intelligence agencies) is actually ISIS, Israeli State
Intelligence Service?

Do you remember when leading U.S political and military figures were ensuring
us that Saddam Hussein of Iraq had nuclear weapons, and posed an immediate
threat to the U.S. And then the head of the U.N inspection team was fired for
contradicting those statements?

And how many ‘Weapons of Mass Destruction’ were ever found?

Well today Lindsey Graham, in the U.S congress, is claiming that the U.S faces an
immediate threat of nuclear attack from Syria of all nations.

Syria has nuclear weapons?

But Israel doesn’t?

Graham is pushing the irrational fear that the New York is going to be attacked by
a nuclear device placed in the cargo of a ship in New York harbor.

He claims ‘the next 911 is coming from here (meaning Syria).

But if it comes, it will be coming from Israel, with the assistance of the C.I.A.

Just like the last 911.

What the Zionist Propaganda Machine is doing is using 911 as a fear trigger as
part of the overall 911 strategy to produce a trauma, and then create an
irrational fear based on that trigger, of all Arabs and Muslims.

If ‘Israeli State Intelligence Service’ doesn’t appeal to you, then how about the
U.S firm ISIS, which specializes in Middle East security and intelligence?

The Zionist Propaganda Puppets in the U.S administration continually come out
with blatant, Zionist scripted lies beginning with. 'Here's what we know'.

In the same way that ‘we know’ that ‘the holocaust’ happened.

They then befuddle and confiscate our minds with virtual reality Hollywood
productions that appear to ‘prove’ what they are saying’.

But their ‘shows’ are purely fictional.

Just like ‘Schindler’s list’ is pure fiction. Read the book cover page.

Just like ‘the holocaust’ is completely fictional.
Noticed a pattern yet?
Same people, same sort of lies.
They keep referring to their expert sources and incontrovertible evidence, and yet they NEVER actually present any hard, factual evidence. And later we discover they were lying.
Does that sound familiar?
W.O.M.A.D?
‘The holocaust’.
911.
And now Syria is supposed to be the next threat?
And you’ll believe it?
Just like you believe ‘the holocaust’ myth?
At what point will you stop believing what you are told by the Zionist Propaganda Machine, what you know as ‘The mass media’ and ‘Hollywood’.
I bet you’ll still be believing the Zionists lies as you lie dying, and watching your children die.
Of course they’ll blame some ‘terrorist’ for that tragedy.
And you’ll go to your deathbed completely oblivious to the fact that it was the Zionists.
If you doubt the power of the Zionist Propaganda Machine to distort your perception of reality, please consider the recent interview with the then leader of the North Vietnamese military during ‘The Vietnam War’. His ‘Tet Offensive’ had proven a complete failure. He was in no position to prosecute the war any further. And so you can imagine his surprise when the very next day the entire world media was defining his failed attack as a ‘crushing defeat’ of the U.S and Australian forces in Vietnam. Shortly after the U.S announced plans to end the war, and pull out its military from South Vietnam.
For the Zionists had already decided the war was no longer in their interests, and had already planned to pull out.
Check out the full interview on YouTube if you doubt me.
If you don’t see the pattern, then I don’t know how to make it any clearer.
Of course the benefits that flow to the ‘holocaust industry’ are enormous.
Recently an Israeli Official was reported in an Israeli Newspaper to have been
reminding her staff of just how important it was to maintain German levels of
guilt. Without the guilt, Israel would be ‘just another country’ to the Germans.
Germany would not have sent over 35 Billion in ‘compensation’ to Israel.
Germany would not have ‘donated’ 4 submarines, all capable of launching
I.C.B.M’s, intercontinental ballistic missiles, with nuclear warheads.
Germany would not be putting up with the genocide that Israel is committing
against the Palestinian people.
And Germany would never have introduced the laws which prevent Germans
from criticizing Zionism, Israel, the Nuremberg Trials, or ‘the holocaust hoax’.
Zionism’s biggest gain from ‘the holocaust myth’ are laws which the Zionist can
use to hid behind.
Adolf Hitler would have been put in prison without a trial, indefinitely, for
publishing Mein Kampf, along with the people who typed up his notes, the
publishing house, and any shop that sold that book.
That is why I wrote this book.
Because someone who can identify holistic patterns, like Hitler could, must
repeat what pretty much the same story as Hitler presented, but with a ton of
more material to fully articulate ‘the pattern’ of Zionistic behavior.
Everyone is self-censoring, for fear of the Zionists.
Just like in the 1900s.
If you even mention simple statistics, like the concentration of wealth (Zionists
own over 50% of the world’s total wealth outright), or the concentration of
media ownership (they own over 90% of the Western World’s media, from
movies, to television, to news agencies, to print media), or the excessive
influence Zionists have on U.S policy (over 50% of all political campaign
contributions come from Zionists), or massive overrepresentation in Congress,
the law courts, and Washington Lobbyists, you will be accused of being ‘anti-
Semitic’.
You do not even have to say that you think this is bad, or dangerous, or in any
way problematic.
A judge will ‘read your mind’ and assume that your ‘intention’ was to incite an
irrational fear of Jews, and thus ‘incite’ public unrest, even ‘pogroms’ and
‘holocausts’.

On August 15, 1871, Albert Pike...in letter to his friend Mazzini, ... Pike explained
how, in order to bring about a New World Order, the Zionists would overthrow
of the Russian Tsar, and bring about a communist state in Russia. This happened
in 1914. In that same letter he announced that the Zionists would produce a
world war. And then after this they would produce a second world war between
Germany and Britain. This Second World War would be to bring about a Zionist
State in Israel. And once this was established, the Zionists would provoke world
war three, a war that would begin as a local conflict between the Jewish and
Muslim world, but would spread internationally. This purpose of this war would
be to make every nation willing to surrender its national sovereignty to a world
government. A copy of this letter, whose authenticity is unchallenged, had been
on Display in a British museum until recently, when it was removed, without
explanation.

Pikes letter are reminiscent of ‘The protocols of the Elders of Zion’ which the
Tsarist police claim was ‘leaked’ by a Zionist, but which Zionists claim is a fake.
Whether fake or genuine, its predictions are uncannily prophetic.

The ‘Protocols’ describe how the Zionists were out to start three world
wars. The

last war would be the war that would bring about a Global, Zionist headed,
Government.

Pike’s warning letter and these ‘Protocols’ explain how Israel was not set up in
order to protect Jews, but rather to lure them into a trap. The Zionists would
provoke the world to hatred of the Jews, and destabilize the Middle East region,
and the world financial system, to start world war three.

I give a more detailed account of the ‘Protocols’, ‘911:5 minutes to midnight?’ in
which I explain how the Zionists constructed the Western world’s four main
religions, Judaism, Christianity, Islam, and Marxism, in order to ‘divide and
conquer’ the 99% of the world’s population that was ‘Gentile’ and ‘Jewish’.

Ah ha, you say. That must be a typo!

No, sorry, read my other books, please. The Zionists are the 13th Tribe. They are
NOT Jewish. They were Egyptian. Moses and his brothers. Quite possibly Moses
was the nom-de-guerre adopted by Akhenaton after he and his ‘Priests at On’
were violently deposed and kicked out of Egypt. No-one can find his remains, so
as far as history is concerned, it is quite possible he really was Moses. He did have
the symbol of power that only an Egyptian Pharaoh dare wield, the ‘serpent rod’,
and he did set up a ‘serpent’ altar, and he did introduce his ‘chosen people’ to
monotheism (though he did not himself invent it, but turning Ammun-Ra’ into
Aton, and then Adon(ai).

Whether a mere ‘missionary’ of the Priests at On, or Akhenaton himself, Moses
was definitely Egyptian. Most likely a student of ‘The Priests at On’ (Heliopolis /
The City Of The Sun near Armarna in Egypt, about halfway between Thebes and
the Capital, sort of the Egyptian Canberra!).
So this is why I have to keep stressing, my beloved Jewish friends that your Zionist rulers are not your friends any more than they are the Gentile / Goy’s friends.

Yes there are many self-defined ‘Jews’ that I love. From David Lee Roth, to Neil Diamond, Billy Joel, all the (non-German-defaming) Hollywood writers, actors, directors, and producers, philosophers like Henri Bergson, and all the ‘wandering’ Jews I have met during my world travels. It is usually ‘love at first sight’. We start talking, and we just hit it off.

Oh, except for that Jewish owner of that backpacker, who kicked me out, leaving me to sleep in my car, because I would not admit that ‘there are lots and lots of Nazi’s still in power in Germany’? Oh well, I managed to live in my car for about 6 months after that. Didn’t do my back much good. Probably aged me a few years. But at least it taught me that it is possible.

So, while the Zionists, with their ‘Exclusive morality’ exclude all us non-Jews from rights, and defines us as ‘fair game’, so that a Jew can do what they like to Gentiles / Goy’s, just as long as they don’t extend this exploitation, rape, murder, and enslavement to other Jews, in the end, the Jews themselves are expendable to the Zionists. The Zionists offer the Jews an exclusive morality, but failed to mention that the Zionists themselves kept an exclusive morality for themselves. This is why the new world order will be forced communism for the masses, who will live a very basic, minimal existence, and fascist-corporatism for the Zionist elites, who will enjoy every freedom, every excess, every luxury, keeping a few of us as their ‘pets’ and ‘sex-slaves’.

A few of the more brilliant, talented, capable ‘slaves’ will enjoy a good life, as long as they satisfy their masters.

But we will all exist as mere means to their ends.

Until they no longer need us.

Robotics and artificial intelligence will soon make us redundant.

The Zionists, like Rothschild, Gates, Rockefeller, The British Royals, Ted Turner, George Soros, Hilary Clinton, and all that lot, already view most of us as mere ‘pollution’.

As soon as their new technologies make us redundant, they will exterminate us like the vermin they already define us as.

But not just the Gentiles / Goy’s.

You, my Jewish friends, are going to be sacrificed as a ‘holocaust’, a ‘burnt-offering of a sweet savor unto’ your lords, the Zionists, the Levites, the Priest class’.
Every time you lie about the holocaust you think you are making a ‘noble’ lie in
the interests of your people.
But you are basically empowering your own masters. Your own future destroyers.
Good luck with that!
Remember that when you curse me, spit on me, defame me, discredit me, abuse
me, torture me, imprison me, kill me. You are destroying your best ally.
You will soon see what long legs lies have, when your beloved Israel becomes
another true, historic, real holocaust, like the holocaust that was Dresden.
And your Zionist masters will glow with pride at how eagerly you sacrifice
yourselves for their pleasure.
Please wake up.
Your ancestors, if they ever in fact did have a homeland in Palestine, gained it by
the most monstrous means imaginable. Read your bible. That is the only basis of
your claims to Palestine.
You had not ‘owned’ Palestine for over 2000 years.
And what happened to you during those years?
How many times did your greedy, psychopathic, sociopathic, power-crazed
Zionist elites get you into trouble?
Who do you think benefitted, and grew richer, each time you were kicked out of
some land or other?
Do you really think Hitler was a mad, crazed, evil, irrational monster?
Have you ever read ‘Mein Kampf’?
Have you ever heard him giving speeches in his normal voice?
Have you ever wondered why he granted so many Jews ‘honorary Aryan
statuses’?
Have you ever wondered how thousands of Jews and Jewish organizations were
allowed to conduct ‘business as usual’ right up to the end of the war?
Do you ever wonder at the ‘survivors’ stories, in which they are sent to one death
camp, and then get approval to travel right across Europe, where they ‘survive’
up to another 5 ‘death camps’, including any number of ‘death marches’, to end
up in the middle of Nazi Germany where they were then ‘liberated’ in top
physical form?
Are Germans really so incompetent that they would, if they had planned to
murder all the Jews, really let so many millions survive the war?
The big mistake the ‘holocaust survivors’ made was in making their stories too
fabulous.
If they had just claimed that the Germans went around shooting Jews, and getting other Jews to bury them, or burn them, then their story may have seemed believable.

But instead they made up fabulous tales where Nazi’s put Jews into cages with Bears and Eagles that tore them to shreds. This story was validated as ‘truth’ and ‘historical fact’ by the Nuremburg trials. So were the stories of Nazi’s making lampshades out of human skin and soap out of human bodies. Or the stories of buildings with electrified floors used to electrocute Jews. Or the stories of ‘Steam chambers at Treblinka, which later turned out to be nothing more than a transit station, and had never been a camp, let alone a death camp.

Oh, and don’t forget the almost 10,000 Polish officers and other victims in the Katyn forest, that the Soviets had also pinned on the Nazis, but which the allies already knew had been carried out by the Soviets. They had intercepted radio communications in which the German police had reported finding the mass graves, and Soviet communications in which Stalin’s guilt was clear.

Those are the ‘historical facts’ ‘revealed’ by the Nuremburg trials.

But of course these ‘historical facts’ have all been dismissed since then as absurd. The last ‘historical facts’ of the ‘Nuremburg show trials’ related to ‘gas chambers’.

Now if the ‘survivors’ had not claimed they had all seen flames leaping out of smokestacks, seen smoke rising out of the smokestacks, and smelled the smell of roasting human flesh that smelled like roasting chicken, and such nonsense, then I for one would never have suspected for a moment that they had been lying. Because all the experts agree that such descriptions are pure nonsense.

They are completely inconsistent with how crematoriums CAN be operated. And then the stories of ‘gas chambers’.

And then we get to see the ‘gas chambers’ thanks to brave investigators like David Cole and Ernst Zundel, and we see just how fabulous and impossible the stories really are.

Again, my friends, you overstepped your marks. You passed the ‘tipping point’ of credulity.

It is impossible to burn hundreds of bodies in open pits as described by ‘witnesses’.

Even ‘survivors’ admit that the camps had saunas, hospitals, and pharmacies for the Jewish inmates, and that they could buy and sell in a camp ‘free market’.

All the movies that the Zionists have dismissed as ‘propaganda’ films of the Nazis, which show how humanely the camps were really operated, are in fact quite accurate depictions of daily life in the camps.
It is the ‘story’ of ‘the holocaust’ that is the true propaganda. That story defames millions of people. An entire nation.

If the courts of Munich and Mannheim are so certain that their grandparents murdered 6 million Jews, then the right thing for them to do is to give the Jews Munich and Mannheim in compensation.

Not to punish the Palestinians for the actions of dead Germans. No-one is saying that they are glad for all the death and destruction that occurred during WWII.

But if you are going to take the Zionist Propaganda line that Germany was responsible for WWI and WWII, then you are basically giving the Zionists carte-blanche to go ahead with WWII.

This time at least they won’t be able to blame it on the Germans.

Finally a war that Germany will not be blamed for!

Now back to good old Albert Pike. He predicted that the Zionists would provoke conflict between the two main Islamic groups, the Sunni and the Shiites. For since Mohamed’s death they have argued and fought over whom the rightful successor to the prophet should be.

Now ISIS represents Sumi Muslims. The Iraq regime represents Shia Muslims. 89% of the Iranian population are Shia Muslim.

The Zionists are deliberately aiming to provoke these two groups into military conflict. Remember that Islam (sorry if this offends some Muslims) was a product of Judaism. It was created by the Zionists. Just like Christianity and Marxism.

Anyone who knows the history of Europe knows about the wars generated by schisms within the Christian religion, and then the conflicts between communists and Nazi’s, and then the ‘cold war’.

Well today the Middle East is in the same position as Europe once was, during the 100 years wars and so on.

Artificial divisions have been constructed by clever Zionist manipulations, to divide and conquer.

And with the Zionist occupations of North American, and the E.U, they are now set to construct the financial collapse after which, to distract their populations from their own incompetence, the western powers will go to war with Russian, China, and Iran.

The pattern will be clear to anyone who has studied history, and has a performance IQ over 80. Yes, even George Bush Jr would have recognized this pattern, if he had ever bothered to learn any history.
O.K, sorry, cheap shot, to relieve my frustration a little.
The Zionists are arming Sumi ISIS in Syria, in an attempt to force Iran to defend their Shia ‘brothers’, by becoming involved in the Syrian civil war.
But it is not really a civil war.
It is merely the current battleground of WWIII.
Soon the ‘theatre of war’, of WWIII, will expand to encompass the entire Middle East, and thus N.A.T.O (ATON).
You, my beloved Jewish friends, will be annihilated by your own leaders.
By the Zionists.
The ‘holocaust’ you made up will come true for you, in Israel.
This will be the true ‘holocaust’.
You are to be offered up to the Zionists god of greed, the love of money, and power, as a ‘burnt offering’.
And only a remnant of you shall survive.
It was not Germany that was your enemy.
It was, and is, the Zionists among you.
This is why Israel is currently telling the U.S not to engage with ISIS.
Because ISIS only exist as a tool. They don’t want that tool destroyed until it has served its purpose.
To serve that purpose it must first grow strong enough to be a real threat, and to force Iran into engaging with it in Syria.
This is why Turkey is buying ISIS oil, financing them to the tune of hundreds of millions of oil revenues.
This is why a N.A.T.O nation has machine gunned the pilot of a jet it shot down, and then blew up the rescue helicopter that was looking for the survivor.
It wants to provoke a war.
N.A.T.O is ATON is Moses is The 13th Tribe, the Zionists…ZI-ON.
One moment Israel is telling us that ISIS wants to destroy Israel, but then when NATO offers to protect Israel and destroy ISIS it is suddenly keen to make sure nothing happens to ISIS.
You see, ISIS is a means to the Zionist’s ends.
Just like ‘the holocaust’ hoax is a means to the Zionists ends, and has absolutely no basis in historical fact.
If you want an image to understand what ‘constructing social reality’ or ‘manufacturing consent’ means, then just watch the original ‘Matrix’ film. In that film the ‘reality engine’ is known as ‘The Zion Mainframe’.
That is exactly what is happening right now.
The Zionist propaganda machine is the equivalent of ‘The Zion Mainframe’ in the ‘Matrix’ films.
Global climate skeptics as (the new) thought criminals

Up until recently the only ‘thought crimes’ related to ‘the holocaust’. Well of course earlier in history anyone who did not believe exactly what the Pope said was also guilty of a thought crime. But we like to imagine we’ve come a long way since then.

But have we really?
‘The holocaust’ is only the first trick in the Zionists ‘bag of tricks’, the first ‘tool’ in its ‘toolbox’. The first means towards censorship. The first means to its agenda of total world domination. The next step, after having gained complete control of the world’s mass media and entertainment industries, to ensure the full spectrum dominance and complete hegemony of its propaganda machine.

Plato referred to ‘god’ and ‘religion’ as ‘noble lies’. Funny how so many people get tortured, and die in ‘crusades’ and ‘civil wars’ and ‘holy wars’ for the sake of such supposedly ‘noble’ lies. Isn’t it?

Well ‘The Holocaust’ is the Jews favorite ‘noble’ lie, because it brings them so many ‘good’ things. Tens of billions of dollars. The ‘victim’ status that is priceless, and lets you justify all sorts of sins, and gets you a ‘get out of moral jeopardy free’ card, good to be used time and time again, any time you feel like committing genocide, or attacking a neighbor and stealing their homes, their lives, and their territory. It also lets you ‘guilt’ nations into bending over backwards for you while you rape them, and into prosecuting anyone who challenges the lie that lays all these golden eggs.

But now the Zionists have a new ‘noble lie’. It is called Global climate change. It was called ‘Global warming’, but then some pesky scientists, despite being coerced, threatened and terrorized into silence, had the nerve to ‘debunk’ that myth.

The problem was the Zionists had gotten overconfident. They had not expected any ‘resistance’. They had underestimate the ‘skeptics’. They had not had the foresight to introduced laws, before they began their campaign of full spectrum propaganda that would make it a criminal offence to ‘deny’ global warming.

So now they are working on laws that will make it a criminal offence to ‘deny’ global climate change.

Just like it is criminal to ‘deny’ their earlier ‘noble’ lie. Their earlier ‘hoax’. The myth of ‘the holocaust’.
The holocaust industry has been worth untold billions in money, and untold leverage in political terms.
The ‘global climate change hoax’ will bring even more money. And it will bring the Zionists one step closer to total world domination. That was, after all, always their plan.

WWI and WWII were just stepping stones to the realization of that plan. The holocaust hoax was just one ‘resource’ that helped finance their plans, and leverage their political power.

But it was nothing compared to the Zionist Central Bankster’s Petro-dollar-ponsy scheme, which I outline in ‘911: Five minutes to midnight?’.

And it was nothing compared to what the ‘carbon trading scheme’ is going to net the Zionists.

But more importantly, it will prime, condition, and train the world’s population to become used to the idea of paying taxes to a global entity, and to granting that global entity power over sovereign states.

Even to granting that global entity the right to tell you what to do in your own home, no matter where you live.

At the same time they are doing away with cash, to force you to use electronic transactions for all your purchases, to pay all your bills.

In this way they will be able to track your every movement. What you bought. When. Where you went. Who you went with. Everything.

Like Facebook on steroids.

They will be able to tax anyone, any amount they chose to.

If they don’t like what you are saying, or doing, they will simply block your account so you won’t be able to buy anything, go anywhere, or do anything.

There will be one global electronic currency, a sort of electronic International Drawing Right like the ones already issued by the IMF.

They will produce a new false flag, major terrorist event, and tell you that the new electronic currency is to prevent such ‘acts of terror’ ever happening again. They will say that it will be impossible for terrorists to organize, transfer money, buy explosives, and so on.

What they won’t say is that it will make it impossible for anyone to ever ‘resist’ the Zionists ever again.

For example, I write this book, they simply close down my global bank account. They might make some excuse. And after a few years claim some mistake had been made. But the point was they would have silenced me, and no other writer would ever dare again write anything that might upset a Zionist.
They have ‘spun’ global warming into ‘global climate change’ because their global warming ‘bluff’ was ‘called’ by scientists worldwide. Like with the supposed ‘Weapons of Mass Destruction’ that could never be found, and which never existed, the ‘man-made global warming’ phenomena that was invented, and never existed, proved to be just another Zionist lie, like ‘the holocaust’.

The ‘carbon credits trading scheme’ is owned by the world’s richest Zionist, New World Order psychopaths like George Soros, The Rothschild (Bauer) family, the Rockefellers, Bill Gates, Ted Turner, and all those other people you see attending ‘The Council on Foreign Relations’ and similar Zionist New World Order organizations.

If you think that Israel has too much of a good thing with their ‘holocaust industry’, then imagine what these guys have got to gain if we give them the right to tax everything we do. Because anything you do creates a ‘carbon footprint’. Carbon dioxide is the byproduct of every action of every animal on this earth. Including humans.

By selectively taxing different communities, different industries, different nations, and so on, the carbon police will be able to completely control the world’s economic and social activity. These people have openly called for the arrest of the renowned scientist Lord Christopher Monckton. Why? Is he a terrorist? Has he committed a crime somewhere?

Well Lord Monckton is the world’s leading skeptic on man-made climate change. He is the man who proved that ‘man-made global warming’ was a lie, that planetary warming is caused by the activity of the sun, and not carbon emissions. He is the great man who called Al Gore’s bluff. He actually took Al Gore’s movie to court (the equivalent of Ernst Zundel taking the producers of ‘Schindler’s list’ to court).

Al Gore, like the holocaust lobby, judges, and Zionist Jews, has been claiming that he had incontrovertible, factual, scientific evidence that proved, beyond any shadow of a doubt, and beyond any question, that global warming, like ‘the holocaust’, was a fact.

Anyone that claimed otherwise, according to him, like the holocaust lobby, is simply ignorant, crazy, or trying to incite social unrest.

Still don’t see the pattern?
What can I say to make it any clearer?
It’s the same people folks. The Zionists, in their quest for total global domination of the other 99.99% of the world’s population.
And to be more precise, it is not a question of Zionist Jews dominating and enslaving the ‘Gentiles’. They will ultimately, once they no longer have any use for them, enslave the Jews as well. And those they find no use for, whether Gentile, as a pet, sex slave, or other form of entertainment, or Jew, as supervisor, co-conspirator, and ‘tool’, will simply be exterminated as ‘human pollution’.

Why do you think the carbon trading scheme owners pay to have their ‘lobbyists’ flown around the world in private jets, and paid 300,000 dollars just to attend ‘seminars’ and ‘committee meetings’?

Of course ask them and they’ll claim they flew in on a commercial flight. But check, like people have done, and you will see them returning home to their luxurious, massively excessive homes in private jets.

Why would someone pay for them to support ‘global climate change’ and a ‘carbon reducing / carbon trading scheme’ and then fly them there in the most polluting of all forms of transport, if they really thought carbon emissions were a problem?

The 150 world ‘leaders’ a.k.a ‘parasites’ a.k.a ‘slave masters’ who have gathered in Paris are talking of making ‘global climate change skepticism’ punishable by death. Seriously.

These are the same people who tampered with scientific data to lie to everyone about man-made global warming.

In fact a decade before they were using the fear of ‘a new ice age’ to achieve the same purpose. And recent data suggest that there is in fact more danger of a new ice age, then any threat of global warming, rising sea levels, or retreating polar ice caps.

Do you see the pattern? The same people. The same strategies. The same ultimate goals and objectives.

The President of Iran is about the only world leader who had the never to admit in public that he was skeptical of ‘the holocaust’ story.

Putin, the President of Iran’s ally, Russia, is the only world leader with the nerve to stand up and openly state the obvious, that the ‘global climate change’ story is a hoax.

By the way, it was Stalin who stated publicly that the Nuremburg trials were mere show trials. Stalin knew how many Jews he had taken from Eastern Europe and Eastern Germany at the end of the war. He knew that all those millions supposed to have been gassed to death were working hard inside his soviet union, either as free citizens, or slave labor. He knew there had never been any German plan to exterminate Jews. Much later he let most of those Jews, and their families,
emigrate to Israel, at a time when no other Soviet citizens were allowed to leave the Soviet Union.

Just out of interest, as an aside, did you know that the Statue of Liberty was originally an Arab peasant woman, with veil and all? It had been commissioned to stand at the entrance to the Suez Canal. The operators later changed their minds and placed a lighthouse on the same location. So the French designer of the statue re-purposed the statue as ‘lady liberty’ / ‘Columbia’ / ‘Isis’ to be placed in New York Harbor, as a gift from the French people to the U.S.A.

If you don’t believe that powerful people conspire together to increase and protect their wealth and power, then please explain why, when there is absolutely no evidence for man-made, carbon emissions induced, climate change, or for ‘the holocaust’, that these myths have gained so much ‘traction’, and every major commercial mass media outlet, and almost every world leader, will stand before a camera and speak of ‘overwhelming scientific proof exists’ of carbon-emissions based climate change, and ‘the holocaust’?

Like they used to be able to tell you that it was self-evident and beyond any doubt that god existed, and the Pope spoke to him.

But the Zionists are nothing if not innovative.

For quickly on the heels of carbon emissions based / man-made climate change, comes the new laws against anyone speaking out against the new ‘open borders’ policy meant to destabilize the Western developed nations, produce internal social friction, even civil war, to further ‘divide and conquer’.

And the Zionists have again managed to outdo themselves for hypocrisy. Why the Zionists plot from Israel, Washington, Berlin, and Paris, to open up the E.U and U.S borders to mass migration, back at home in Tel Aviv Palestinians are being forced out of their homes, off their land, and out of Palestine, by the Israeli Zionists.

The Zionists do have control of the military leadership, but that does not mean they can rely on the U.S military personnel to obey them. For they swear an oath of allegiance to the U.S constitution.

And so the military is coming to rely more and more on drones, and soon robots, to do their dirty work.

Global warming skeptics were being defined as mentally ill before Al Gore and his Zionists gave up on that hoax.

Think about the defamation that Hollywood, and the Western mass media have done to the reputation of Germans, if the holocaust never happened.
All those Zionist Hollywood films (just find a big budget film that was not made by a Zionist Jewish director like Spielberg, or financed by Zionist Jewish owned banks), are nothing but propaganda against Germany.

All those admittedly fictional characters in the films are psychopaths.

But what will you find in a Hollywood film about Moses?

The genocide? The mass rapes? The mass murders? The mass enslavements? I mean, surely the holocaust the Israelites committed in the land of Canaan, in Palestine, 3500 years ago, would make a great film subject?

No?

What’s the difference? No ‘survivors’?

There is as much evidence of ‘the holocaust’ as there is of the biblical holocaust of Joshua and his genocidal Israelites.

Do you think I’d get finance to make a film about that story?

Isn’t that story the actual basis of the Zionists claims to ‘a right of return to Palestine’?

What sort of people is proud of their own genocide, mass rape, and mass enslavement, and of ‘ripping apart pregnant women’, and killing every man, women, boy, girl, and animal, of entire nations?

And then goes on to define themselves as ‘the eternal victim’?
Why *do* Germans today go along with ‘the holocaust’ story?

Surely there were millions of Germans who knew for a fact that there never was any plan to exterminate the Jews?

So you might ask why even Germans today go along with the official version of events, as if the Nuremburg trials had proven anything?

Well I used to believe the official story too. Like all the holocaust skeptics used to, before they started stumbling upon inconsistencies in the whole story.

I have observed how people with nothing else to be proud of, appear to gain a sense of moral superiority by defining their grandparent’s generation as either passive accomplices, or active participants, in the murder of 6 million Jews.

Their grandparents made Germany into a great empire. An empire that the whole world admired and envied. But they themselves do little more than drink beer, get drunk, and buy junk they don’t need nor get any real value out of, on credit.

This German generation is famous for extreme pornography, beer, and expensive sports cars. But very few Germans are involved in the high tech industries. Most are underemployed in the service industry.

I get the feeling many of them enjoy this, their only, source of feeling ‘superior’ to anyone.

They can imagine they are ‘good people’ simply because they are fools paying compensation out to people who were simply in concentration camps.

How much did the U.S government pay in compensation to the hundreds of thousands of ethnic Japanese people that they locked up in camps?

Did the Americans provide them with swimming pools, arrange soccer competitions, and build them saunas?

The Auschwitz camp complex was made up of three main camps.

Auschwitz-Monowitz III was located next to the huge industrial center where Jews were compelled to work, just as ‘Japanese’ looking U.S citizens were forced to work in the U.S in their own internment camps, for the duration of WWII. In fact both groups were engaged in the same ‘rubber’ industry.

Auschwitz-Birkenau II was an expansion of the main camp I, which existed before WWII as a polish military barracks. The camp buildings are thick red brick, and mostly two stories high. They would not look out of place in an expensive real estate development today.
The ‘camp’ that tourists are shown is this camp. Camp I. It receives around 500,000 visitors a year, and is complete with tour-guides, a restaurant, a gift shop (Where you can probably buy a shirt proclaiming ‘I survived a Nazi death camp’), a hotel, and all the usual tourist amenities.

It is just one of the many benefits you can enjoy if you ‘go along to get along’ with the Zionists ‘holocaust’ narrative.

Of course in the West it is the Jews who have achieved a virtual ‘monopoly’ on suffering. But if you visit the camp you will see that the Polish Catholics consider Auschwitz a shrine to their own suffering.

Of course the tourists are kept to a very narrow ‘official’ tour route, and fed an ‘official’ spiel along the way. This spiel is full of lies, as even the senior tour guide supervisors and the Auschwitz Museum Director will admit if you challenge them about this.

What the tourists are not shown are the camp theatre with pianos, costumes, and stage, and the many photos showing the musical and dramatic productions that he inmates created for their own entertainment, and that of the entire camp inmates.

Note that the SS officers were only allowed into the camp proper, where the inmates were housed, with a permit from the commandant. So why would the SS build a pool in the middle of the camp, if it was for the SS? Why not build it outside the barbed wire perimeter at least? Why so close to the ‘Death Wall’?

And why is there not a single ‘bullet’ mark to be found on that ‘Death Wall’? If tens of thousands of Jews were lined up and shot up against that wall, then surely there would be at least a few ‘bullet holes’ on this wall, wouldn’t you think?

And if, as we are told, the SS moved the gas chamber to another camp, to avoid the prisoners realizing they were in a death camp, and doomed to be gassed, then why would they carry out firing squads right in the middle of the camp? And right next to where SS officers were enjoying a swim?

Of course the German public have been beaten down by two generations of non-stop propaganda and psychological warfare without realizing it. They have been the victims of propaganda from before WWI, throughout WWI, then after WWI, then before WWII, when the Zionist Hollywood films in the U.S showed German soldiers raping women and throwing live babies out of upper story building windows, a tradition that continued in ‘The Piano Player’, in which an old man in a wheelchair replaced the ‘traditional’ baby), and has continued ever since in school-children’s ‘history’ books, Hollywood Movies, television series, and even German movies.
Churchill admitted that the purpose of WWII was to finally finish what his Zionist masters had failed to complete during and after WWI, the destruction of the German nation as an entity. Not the defeat of the Nazis, but the utter destruction of the German people. It began with the bombing of completely civilian suburbs of the gorgeous medieval city of Freiburg, and continued with firebombing of Hamburg, and Dresden.

Churchill’s Mason buddy Eisenhower continued the slaughter, the genocide, after WWII, in his own actual death camps, in which over a million German Prisoners of War were starved to death, being denied water while a creek flowed a few meters beyond the barbed wire fences and machine guns of their U.S and allied death camp guards. They were left to die of starvation, thirst, and disease, long after the Germans had officially signed an unconditional surrender. Long after these men could possibly have posed any threat to anyone.

The propaganda of lies, and complete media and institutional blackout concerning the facts, has produce the desired outcome. For today Germans themselves will argue that no-one else seems to be skeptical of the holocaust, and so they see no reason to doubt the official narrative themselves. So why should they ever even begin to actively question it? I mean actually research the facts.

While every other nation in the world pays historians handsomely to continue researching into their nations’ histories, and where appropriate, ‘revising’ them, correcting them, improving upon them, and revealing new insights and evidence that often challenge to conventional/accepted narratives, Germany actually has made this a criminal offense.

Germans who devote their own time, effort, and resources to seeking a fuller understanding, and ‘correcting’ mistakes regarding their nation’s history, are not just simply not rewarded, they are fined hundreds of thousands of dollars, and often jailed in isolation for up to 5 years at a time, with no guarantee of ever being freed.

So consider these facts when you simply assume that the Germans have admitted their guilt, and the guilt of their parents and grandparents, simply because they are not defending themselves against the vicious and malicious charges made against them in the Allied, Zionist, and Soviet propaganda.

Today, due to the Zionist occupation, being a ‘good’ German means accepting the official version, and feeling guilty for the horrible crimes their grandparents committed?
Anyone who does become at all skeptical will self-censor themselves, to avoid having problems with their career, government job, or simply social problems. I simply stated that I had read Mein Kampf and found most of it quite reasonable, though a certain amount was very specific to the time it was written, and no longer valid, and asked the other Germans how they could reject a book they had not even read, and within a few days I was being labelled as a ‘Nazi’.

Of course the Germans are allowed to mediate their sense of shared guilt by referring to the holocaust as having been perpetrated by ‘a criminal Nazi dictatorship’.

This both reinforces the authority of the idea that such a holocaust could have taken place, because the Nazis were a ‘criminal gang’ and criminals tend to kill people, while at the same time allowing most Germans a sort of ‘get out of moral responsibility free card’ as long as they agree to pay 35 Billion dollars to the Jews, and more to the state of Israel. As long as they support the Israeli’s 100% no matter how many innocent children they murder.

They are given this ‘lifeline’ to ‘pay their debts to society’ and ‘make good’ on their grandparents ‘crimes’.

So they send them submarines, and don’t complain when the Israeli’s don’t pay for them. They submit to the domination of their financial systems, allowing them to set up the Central Banks that Hitler had fought so hard to get rid of. They submit to the excessive centralization of all financial power, and mass media ownership, and control of the ‘news’ services.

This is how they can ‘earn’ their way out of the ‘guilt’ they inherited from their grandparent’s generation.

And ‘the holocaust’ gives the allies complete freedom from any investigation into their own actual, real, acts of genocide. Their war crimes. Such as the bombing of Dresden. That was the real ‘holocaust’ during WWII.

Firebombing. Then waiting for rescue teams to emerge and then bombing the rescue teams. Then returning with fighter planes to machine gun men, women, children, and animals. Then waiting until the survivors had gathered in the only safe areas, the town parks, before returning to bomb and machine gun completely defenseless women, children, old people, and non-combatant men.

Then there was Hamburg, and Berlin. In fact it all started with Lubeck. Germany never bombed residential areas until months after Churchill ordered the attack on Lubeck as psychological warfare, Lubeck having no military value at all. Compare the number of bombs dropped on London in the ‘blitz’ with the tons of bombs dropped on Germany. On purely civilian targets.
The allies did the same in Japan. 

McNamara, who later headed the one of the largest U.S corporations, admitted that, had the U.S lost the war, he would have been tried, and convicted, as a war criminal? 

Did Ford motor company reward him with its top job for ordering allied bombers to leave Ford motor company subsidiaries in Germany completely untouched? Because that is what he did. He ordered saturation bombing and firebombing of completely non-military targets, while leaving very important military targets such as Ford motor plants, which were manufacturing key war materials, completely untouched. 

Did you hear about the deal the Zionists did with Britain? In return for guaranteeing that the U.S would enter the war and guaranteed Britain victory, they British promised the Zionists Palestine. 

Sound far-fetched? Well then why did Britain, after WWII, suddenly get the U.N to mandate Palestine as the new Israeli state? 

I’m left speechless by the hypocrisy of middle aged Israeli women complaining that the Arabs in the nations neighboring on Israel are indoctrinated from birth with an irrational fear and hatred of Jews? A Zionist Jew complaining of a lack of free, independent, unbiased media and news in the Arab countries? 

What they are really complaining about is the lack of a total monopoly of Zionist Jewish controlled press. Anything less than complete freedom for the Zionist propaganda machine is considered unacceptable. A crime against the Jews. Just one more persecution of the Jews. 

Irrational fear of the Jews? Irrational hatred? I’m really curious to see a Hebrew dictionary to see how they define ‘irrational’. It surely cannot be the same word we use in English to refer to something that is unjustified, without real basis, with no valid reason, without a justified ground or reason? 

But back to our Germans of today. 

I guess they assume that if no-one, not one of their historians, or chemists, or sociologists, has ever come out with any questions, or voiced any skepticism, that ‘the holocaust’ ever happened, then everyone will just assume that the question has been, once and for all, with great care and precision, after long, arduous, painstaking, open, and free research, finally and unequivocally proven and documented and laid to rest as the truth, the whole truth, and nothing but the truth. 

And the one or two people like Ernst Rundel, David Irving, and David Cole, who dare to challenge the dominant hegemonic social reality, are simply criminal, vicious, malicious, ‘neo-Nazis’.
I mean, given this situation, could you really expect anyone to dare express any curiosity? Why risk getting branded as a ‘neo-Nazi’ by some losers who will just jump at the chance to feel superior to someone? What could you possibly have to gain by doing some independent research into ‘the holocaust’, let alone actually questioning the official story, let alone openly challenging it.

Who wants to get called a ‘holocaust denier’, as if you were some idiot living in denial of some absolute, clear, obvious, self-evident fact that has a ‘mountain of evidence’ and ‘tons of proof’ to support it?

Who’d bother to ask to see these mountains of proof and evidence?

You’d just take for granted that, if your own experts, favorite television personalities, and even your own President, all said there was a mountain of evidence and facts, and that it had been scientifically proven, beyond a doubt, that ‘the holocaust had taken place’, that it must be so.

And anyway, who has time for ‘history’. There’s always some new apple i-phone, video game, movie, act of ‘terrorism’, fashion, music, or new bill (for the new video game, and so on, that you bought with your credit card) to distract you, and keep your attention.

I mean guys don’t get laid for questioning the holocaust, do they?

And how many boys find a girl who is very interested in the history of the treatment of Jews during WWII especially worthy of seducing with dinners, dates, and presents?

Are you more likely to get a good job with ‘holocaust skeptic’ noted on your application?

Are you going to have better luck in your love or romantic life, or your career, if it gets around that you think that there is the slightest possibility that all those Jewish ‘victims’ of ‘death camps’ are merely pissed at having been forced to do manual labor for a year or two, after having been forced from their luxury homes, and all their luxury goods, and their prestigious professions?

Don’t get me wrong. Even Hitler admitted that doing these things was ‘monstrous’. But when did excessive wealth not lead to problems for its owners?

How can anyone, at any time, claim to have ‘earned’ excess wealth, by producing value? How much value can you really take credit for producing, no matter how clever, talented, hardworking, thrifty, and ambitious you are?

I am sad beyond words for the typhus victims of the concentration camps in Germany.

But when you declare war on a people, you cannot expect life will be all roses and joy.
Do the Germans complain about the war crimes committed against them? About the forced labor camps that hundreds of thousands of German soldiers died in in Russia?

Do the families of the fire-bombed, machine gunned, napalmed victims of Dresden, Hamburg, Berlin, and Lubeck complain about their suffering?

War is hell.

There should never be war ever again.

You’d think the Jews that ‘escaped’ Europe would have learned that war is bad. But their own Zionist leaders incited an irrational fear and hatred of their Arab neighbors, whom the Israeli is taught, from birth, to fear and hate.

When, before the Zionists arrived, the Jews and Muslims and Christians were living peacefully, and productively together. They were on the best of terms. Arabs do not have an irrational fear and hatred of Jews.

They have a perfectly rational, legitimate, reasonable, grounded, justified fear of Israeli’s.

If having your entire family murdered for no reason is not grounds to hate someone, then nothing is.

If having your entire people oppressed is not grounds for anger, then what is?

If having your entire people walled-in and fenced in in the world’s biggest concentration camp ever is not grounds to hate someone, then what is?

Please define irrational. We seem to be using the same word to mean completely different things.

Self-censorship is one reason people never come into contact with an ‘alternate’, ‘competing’ social reality. Let alone a contradictory objective reality, which contradicts the ‘official fiction’, the dominant hegemonic social reality.

The other is that in Germany and France, if you are ‘convicted’ under such thought crimes as ‘intending to incite people to wake out of their zombie sleepwalking daze of submission to the dominant ways of viewing history, and reality, you do not even have the right to a defence in court.

You have only two options, both of which reinforce the dominant social reality, in this case, that of ‘the holocaust’.

One option is to define yourself, and by implication, anyone who doubts ‘the holocaust’ official trademarked, copyrighted, often fictionalized and ‘coming to a theatre near you’, ‘holocaust’ story as insane, irrational, deluded, ga ga, mentally deranged, and requiring of medical intervention and ‘treatment’.
The other option is to admit that you are a raving mad, bitter, twisted, psychotic, sociopathic, psychopathic, evil, plotting and scheming, ill-willed, malicious neo-Nazi. (Like those Hollywood Nazi’s, not like the real ones at all!)

So as you can see, there is little chance a German or French person is ever going to have holocaust skepticism portrayed to them in any fair, objective, unbiased, calm, sober, balanced light.

All the self-censoring professionals and media presenters will give the impression that there is consensus about ‘the holocaust’. That there are mountains of incontrovertible, hard, solid, proven, scientifically assessed and interrogated facts. The ‘experts’ and ‘official mouthpieces’ of the hegemonic Zionist propaganda machine guarantee us that. It is perfectly unreasonable to imagine they might be lying to us. I mean, what possible ulterior motive could they have? All those nice, well presented, smiling, successful media personalities?

A German or French person would assume that when a judge of all people, a person highly paid and respected, to carry out one of the most important of all tasks in society, that of seeking ‘justice for all’, and ‘the truth, the whole truth, and nothing but the truth’, asserts that ‘the holocaust happened...period!’, or that ‘the evidence is incontrovertible’, well, then we are likely to believe him.

Of course if we dared tell anyone that we doubted these paragons of virtue, science, and moral hygiene, we’d find ourselves before the same judge, hearing the same words, and looking forward to a five year prison sentence.

And just imagine what cruel games those Zionists psychiatrists will be free to play with your mind once you are in there? And how many mentally ill, violent, psychotic fellow inmates are wandering around, just waiting for the slightest provocation from a malicious Zionist to smash your brains to the form the Zionist has already managed to liquefy the masses brains to, a sort of silly putty.

So ‘eyewitnesses’ and ‘survivors’ are free to recount the most unbelievable of tales, the most viciously defamatory of lies, the inflammatory of libels, on the basis that their listeners will be able to confidently assume that their stories have been completely documented, researched, proven, and substantiated by teams of unbiased, competent, sober, independent historians.

No matter that in the past, most of the ‘accepted’ and ‘officially validated and court approved’ stories have been debunked as pure fiction.

You know, the prisoners being eaten alive by bears and eagles, mass electrocuted by electrified floors, so that their skin could be made into decorative lampshades for our Hollywood bad guys, and their fat turned into soap.

Which is interesting, that, given how the Germans supposedly starved them to death.
But when you look at any photo before the end of the war, you saw quite chubby men, women, and children. Not a super model among them. It seems ‘heroine sheik’ (how to spell? had not yet become the fashion among Jewish women at that time.

There are thousands of photos, from quite near the end of the war, showing very healthy looking camp inmates.

And if you stop and think a second, you might wonder how the inmates holding up the ‘starved’ Jews could possibly look so healthy and chubby, if the Germans were starving them all to death?

Is it just possible that the poor, gaunt individuals they are holding up are victims of typhus?

The typhus which Zyklon B was widely used all around the world at that time to fumigate for. To protect people from typhus. And the good men who produced that Zyklon B were in fact hanged at the Nuremberg trials for ‘producing too much of it’?

Like crucifying Christ?

Men who dedicated their lives to saving people from diseases like typhus deserve to be murdered and publicly defamed and humiliated, in front of their families, friends, and the entire world?

The first thing about judges is that they are not historians. They simply follow laws. A computer could do the job. It does not require any special intelligence or virtue.

The second thing is that I’ve personally met judges who feel they have been given the special gift of being able to tell who is ‘guilty’ and who is innocent.

Most judges become a little deluded with power, and forget what their role actually is.

To ensure ‘due process’ is done, that crimes are investigated, that allegations are substantiated, and to give defendants ‘the benefit of the doubt’ when any reasonable doubt is present. To prefer to let 100 guilty defendants go free rather than risk having one innocent person be punished.

Imagine being offered the choice between defining yourself as insane, and undergoing ‘treatments’ such as electroshock and personality destroying drugs, or as an evil Hollywood Nazi!

The thing is, one way or another, they are determined to break your will, so that at some point you either become a drooling idiot, and thus can now safely be allowed to re-enter society, now that you fit in so well with all the other drooling, brainwashed, ignorant, apathetic fools, or be locked up for life as ‘non-rehabilitable’. You will either die, or go insane, in a prison of some sort.
So can you now see why most Germans simply go along with ‘the holocaust’? The Zionists have seen what happens when they appear in court to ‘support’ their claims of ‘the holocaust’. One by one their lies have been discovered, and they have been forced to abandon them. One by one their case has been weakened, any time they attended any trial that was not purely ‘for show’. The Ernst Zundel trial was their last big failure. So they will not be repeating that mistake ever again. They will never appear in court to ‘prove’ their holocaust tales. They have just enough credibility left among the masses to sustain their lies. They are not going to risk having one more card pulled out from their ‘houses of cards’. For they know how vulnerable it is to completely collapsing around their ears. Taking away all the benefits of ‘the holocaust industry’. And potentially unleashing the sort of backlash they have experienced in the past.

You know, Rome, Spain, England, France, and most recently, Nazi Germany. Our poor innocent ‘eternal victims’ are wary of history repeating. So they stay out of court trials these days. They may not ever learn their history lessons, but they learn what works and what doesn’t, propaganda wise. Soon they won’t have to worry about middle-aged Jewish women embarrassing them with their impossible, absurd, over the top tales of human skin soap, lampshades, bears and eagles, personal encounter with Mengele, fire and smoke erupting from cremation towers, and that odd smell of roasting flesh, not to mention how they managed to get approval to leave one death camp, and to travel across Europe and throughout Germany, visiting and escaping one death camp after another, and one death march after another, to arrive safe, well, healthy, chubby, and cheerful, at their destinations in the heart of Nazi Germany, just in time to be liberated by Russians or Allied troops. Just while we are on the subject of our dear ‘Kitty’ the wonder Jewess, did anyone ever take some radar soundings to see if there really were, as she claimed, thousands of bodies in that pit she pointed out to her teenage companions in her ‘A day in Auschwitz’? You know, the video in which she admits the Germans ran a sauna for the camp inmates, along with hospitals and pharmacies.
You know, the ‘death’ camp she and her mother were given official permission to leave.

Remember why she and her mother were sent there in the first place? For travelling from Poland to German on false papers. It was war time, and apparently there was an official order out to murder all Jews, and yet her and her mother were given a complete trial, allowed the full legal process, and were only then, as bona fide criminals, sent to prison.

And then allowed to leave after serving their sentence.

Imagine what would happen to a German or Arab who travelled to the U.S on false papers today.

What sort of ‘legal process’ would they enjoy?

And would they be let out of prison after a short time, for good behavior?

Sure. Right. Yeah. That’s going to happen.

And to members of a self-defined ‘race’ who have declared war on the United States, and imposed trade embargoes on the United States, and who were openly conspiring and plotting the downfall and overthrow of the legally, democratically elected government of the United States, in order to impose a communist dictatorship upon the people of the United States. Who had openly committed acts of treason, and financial terrorism, against the United States?

Do you think, if Kitty was captured today, in the U.S, for the same crime, that she would have been granted permission, after being sent outside the U.S to some ‘holding camp’ or ‘detention center’, that she would then be allowed to travel back to, in, and around, the United States?

Hello Kitty!

She tells us how it was possible to ‘organise’ a pair of shoes, a visit to the sauna, some extra food, and so on, inside a death camp.

Kitty tells us that our Hollywood Nazis were too prudish to allow men to guard women, and so they had female prison guards in the female sections of the camps.

Funny how all these prison guards, in the pictures drawn by survivors, all have that fashion runway gauntness about them, that ‘heroine sheik’. Whereas in all the photos I have seen of an inmate not clearly suffering from typhus (and I sincerely do feel terrible for those victims and their families), the women look a little too unfashionably, by modern standards, plump and chubby.

Even none of the men holding up the cadaverous victims of typhus would get gigs as underwear models. Just too damn well fed.
Oh, and I forgot.
The death threats. The acts of psycho-terror. The vandalism. The (court approved and tolerated) defamation that any German who dares even raise an eye about ‘the holocaust’ story is doomed to suffer.
I’m pretty sure that most people are well aware that when a Zionist Jew makes a death-threat, no matter how rich or powerful or protected you think you are, MOSSAD are going to get you. Even if it gets caught on camera, they don’t give a damn. They have that ‘get out of jail free’ card. It’s called ‘the holocaust’. Just one benefit of ‘the holocaust industry.
JFK had the best security in the world. So did his brother.
You think the WTC or Pentagon had poor security? You think the Israeli’s will baulk at killing thousands of people, just to destroy documents that might incriminate them and their Golems? You think they wouldn’t murder their greatest allies and supporters? Who do you think they murdered in The King David Hotel bombings?
If they want, they can get all the major media networks in the world to show their CGI virtual reality film of you walking into a primary school with a rifle, as police shoot you down. No-one is going to do an autopsy of your ‘dead from poisoning’ corpse, to prove the footage a fake. No, they will murder you, defame you, and serve their ulterior motives at the same time. And no-one is going to question anything they do.
Just look how our hero Ernst Rundel suffered. They destroyed his home, his life, had him kicked out of his own country, and then kidnapped and imprisoned in Germany. They took everything from him.
For simply making enquiries, and raising doubts about ‘the holocaust’. He threatened the entire Zionist Propaganda Machine and the benefits of the lucrative holocaust industry. That was his ‘crime’, in the eyes of Zionist Occupied Courts and the Zionists themselves.
Even having a blemish free reputation as a historian of the first rank will be no protection against the Zionist Occupied German Government either. Just look at what happened to David Irving.
No, the average German is much better off gaining a sense of moral superiority and generosity by fawning over the ‘survivors’ of ‘death camps’, shedding tears for them, allowing them the right to any sort of incredible story of adventure, courage, endurance, escape, and survival. They can feel good about themselves at no real cost to themselves.
Of course the taxpayer is footing the bill.
The younger generation.
The homeless German.

Few people have any idea what costs they are going to be ‘billed’ in the near future for the invented ‘crimes’ of their grandparents.

But while we are on the subject of laws, let’s take a look at the ones relevant to this book.

These laws are meant to protect the public from malicious lies, from being misinformed, and tricked into an irrational hatred or fear of Jews.

Interesting idea. So first let us assume that every time the Jews had been kicked out of a country, ever since Hadrian kicked them out of Palestine in the year 70 Current Era, about 2000 years ago, they have had problems with their host nations.

All of it due to a few historians and pamphlet writers with completely insane, unjustified, malicious, completely erroneous and fabricated tales?

Were the Romans known for their distinct inability to reason? Their society founded on irrational notions? Did they end up hating the Jews for no reason? After welcoming them as equals into their society, did they just one day wake up and decide they hated them. Because a few people asked a few questions, and a few pamphlets were written by a few crazed, demented, malicious writers? You know the equivalent of a Roman-times David Irving or Ernst Zundel?

Why was it that it was a crime punishable by death, for a Jew to translate the Talmud into any other language? Perhaps because of what is written in the Talmud?

Maybe what is written in the Talmud and Torah is more than enough to incite the most rational of people to fear and hatred of the Jews. Have you read either of those ‘holy’ books?

Go on. I dare you.

If there was ever anything written that would be most likely to incite fear and hatred of Jews, it is those two books.

Anything a David Irving or Ernst Zundel or David Cole has or ever will write and publish simply fades to transparency in comparison with the content of the Torah and Talmud.

That is why it was, until recently, a crime punishable by death to translate the Talmud, which is even more likely to provoke a true ‘holocaust’ than the Torah is, and more likely to provoke rational fear and hatred than any of the most colorful propaganda works of Nazi Germany, or novels of Celine.

By the way, even the Germans banned Celine’s most colorful books as being ‘anti-Semitic’. The Nazi’s did not want to incite the people to violence. They just wanted to bring the general population to a level of rational respect for the
threat the Zionists posed. And the only way to do that was, as the U.S
government itself realized, round up all the Jews, even where most of them were
innocent of anything.
The U.S government did not do anything better or worse in rounding up all
Americans of Japanese descent whose allegiance they could not feel certain of.
Hitler admitted that the whole system of concentration camps for Jews was
‘monstrous’, but ‘necessary’.
Can you explain, please, dear Kitty, why, if the policy was to murder you, you
were given a trial, due process, and then allowed to leave Auschwitz with your
mother to travel back to Germany?
Come on. Dear Kitty. Don’t you realise the damage you are doing with your tales?
How you are empowering the enemies of freedom, liberty, justice, and truth, the
Zionists, with lies you feel are ‘noble’ enough to justify defaming millions of
Germans?
What do you think will be the consequence for your fellow Jews when the
Germans realise how badly they have been fooled, conned, and exploited. How
you and yours have abused their good natures, their good-will, their compassion,
and their sense of right and wrong, their sense of justice and fair-play?
Please, Kitty, think what you are doing. And while there is still time, confess your
sins. We shall forgive you. We will not punish you. We understand you think you
are doing the right thing. We do not harbor any irrational fear or hatred of you,
or any Jews.
We, those of us who are awake, aware, informed, and lucid, merely have a
rational fear of Zionism. A well-founded, reasonable, justified, logical, and
completely understandable fear of Zionism.
What are the Jews doing now to people that might lead them to an ‘irrational’
hatred or fear of them. Are the Palestinian people irrational in their fear and
hatred of Israel and Zionist Jews?

Was Hitler irrational? Were the Russian Tsars irrational? The Spanish people in
the 1400s? Did the Jews declare war on Germany? A trade embargo (which
today's Israeli military claim is the same as a declaration of war, and a justified
‘cassis belli’ for the invasion and occupation of an otherwise peaceful neighbors
territory?
Zionist incited anti-Semitic pogroms?

Now the ‘Protocols of Zion’ indicated at least one of two things. That the Zionists planned to exterminate the Tsarist dynasty, and bring chaos to Russia, or that the Russian police were completely convinced of this fact. Now we have the hindsight of history. Tell me what happened, dear reader, only a few years after ‘The Protocols’ were published or ‘leaked’?

Which family were murdered? Men, women, and children all? And who murdered them? What happened to Russia? What condition is Russia still in today?

Which ‘story’ has the greater historical evidence, documentation, and incontrovertible proof?

That the Germans murdered 6 million Jews in gas chambers?
Or that the Zionists had planned the Russian revolution, the murder of the entire Tsarist family and blood-line, WWI, WWII, and plan WWIII, as outlined in ‘The Protocols of Zion’?

Those ‘Protocols’ were either written by the most sophisticated, insightful, and creative police who have ever existed, or they are in fact the original ‘Wiki-leaks’ leaked document.

Those documents describe, quite clearly, all the events that followed their ‘publication’. Including how the Zionist Central Banksters would bring the world, over and over, to financial ruin, merely to step in and ‘buy low’, in order to take control of almost all the world’s financial power.

Those documents describe how the Zionists are bringing about WWIII, and a global economic crises, in order to step in, and take total control, with the ‘shadow government’ that they already have in place in Zionist Occupied Germany, France, England (the center of the whole conspiracy), and North America.

They even have gained control of Japan.

Australia has always been allied to the U.S.
Remember that the U.S provoked Japan into war by what the Israeli’s acknowledge as a ‘cassis belli’, or ‘just reason for war’, an absolute oil embargo that would have completely crippled Japan within a few months.

One of the ‘strategies’ of the Zionist has been, since the very beginning with Moses / Priest of Aton / Akhenaton and Joshua.

To provoke host nations into a perfectly rational mistrust, fear, and then hatred of the Jews.
The Jews have shown, time and time again, a complete lack of solidarity. Read the bible. They engaged in constant civil wars and internal strife. During their time in the German prison camps and the Jewish ghettos, they completely failed to show any real solidarity or sense of social conscience. They have always been individualists who looked after them and theirs.

One of the things I admire in the Jews I love is their sense of intellectual independence. You may have guessed by now that I am not a ‘mitlauber’ myself. I like to be independent.

This made the ‘chosen people’ that Moses / Missionary of Aton / Akhenaton difficult to use as a tool.

So the Zionists have consistently ensured that the Jews would be ‘persecuted’ in some way, to provide them with a sense of common suffering, in the hope that this would engender in them a feeling of social consciousness and solidarity. The most recent expression of this strategy were the Israeli invasions of Jordan, Egypt, Lebanon, and Syria.

These acts of aggression were sure to provoke a completely rational fear and hatred of Jews around the entire region. It lead to Jews in Northern Africa being expelled. They became refugees with nowhere to go but Israel.

Whether or not these Jews wanted to come to Israel, now they had no choice. It is why many historians believe the Zionists actually declared war on Germany, imposed the trade embargo, and then set up constructing the ‘myth’ of ‘the holocaust’.

Simply to give Jews living happily, comfortably, and very prosperously in Germany, France, Estonia, Latvia, and Lithuania, a motive to leave their positions of privilege in Europe, to become ‘workers’ in the desert state of Israel.

Because history has shown that while Jews are regularly asked to remove themselves from states (before the great nation states were built) and then nations, they tend to move onto other European locations. They rarely chose to move to their supposedly historic homeland in the desert. Go figure?

Here is an overview of all the places Jews have been asked to leave, or physically removed from, without a single Ernst Zundel pamphlet or David Irving book, or David Cole film ever having been produced. And long before the Zionists became the worlds / 20th Centuries first terrorists (King David Hotel Bombing), or had turned Gaza into the world’s largest ‘death’ camp.

It began with that very famous ‘exodus’ from Egypt in the far distance B.C.E. Of course the Jews are great ‘spin doctors’, and this first known ‘eviction’ was rewritten as a heroic escape from slavery.
All the following dates are C.E.
Carthage (Northern Africa) 250, Alexandria 415, Diocese of Clermont (France) 554, Diocese of Uzes (France) 561, Visigoth Spain 612, Visigoth empire 642, 855 Italy, 876 Sens, 1012 Mainz, 1182 Germany, 127 Upper Bavaria, 1290 England, 1306 France, 1348 Switzerland, 1349 Heilbron, 1349 Saxony, 1349 Hungary, 1360 Hungary, 1370 Belgium, 1380 Slovakia, 1388 Strasbourg, 1394 Germany, 1394 France, 1420 Lyons, 1421 Austria, 1424 Freiburg, 1424 Zurich, 1424 Cologne, 1432 Savoy, 1438 Mainz, 1439 Augsburg, 1442 Netherlands, 1444 Netherlands, 1446 Bavaria, 1453 France, 1453 Breslau, 1454 Wurzburg, 1462 Mainz, 1483 Mainz, 1484 Warsaw, 1485 Vincenza, 1492 Spain, 1492 Italy, 1495 Lithuania, 1496 Naples, 1496 Portugal, 1498 Nuremberg, 1498 Navarre, 1510 Brandenburg, 1510 Prussia, 1514 Strasbourg, 1515 Genoa, 1515 Genoa, 1519 Regensburg, 1533 Naples, 1541 Naples, 1542 Prague and Bohemia, 1550 Genoa, 1551 Bavaria, 1555 Pesaro, 1557 Prague, 1559 Austria, 1561 Prague, 1561 Prague, 1567 Wurzburg, 1569 Papal states, 1571 Brandenburg, 1582 Netherlands, 1582 Hungary, 1593 Brandenburg, 1597 Cremona, 1614 Frankfurt, 1615 Worms, 1619 Kiev, 1648 Ukraine, 1648 Poland, 1649 Hamburg, 1654 Byelorussia, 1656 Lithuania, 1669 Oran (North Africa), 1669 Vienna, 1670 Vienna, 1712 Sandomir, 1727 Russia, 1738 Wurtemburg, 1740 Byelorussia, 1774 Prague, 1744 Slovakia, 1744 Livonia, 1745 Moravia, 1753 Kovad (Lithuania) 1761 Bordeaux, 1772 Deported to ‘The Pale’ of settlement in Poland and Russia, 1774 Warsaw, 1789 Alsace, 1804 Russian villages, 1815 Lubeck and Bremen, 1815 Franconia, Swabia and Bavaria, 1820 Bremen, 1814 Russian Border Austria and Prussia, 1862 General Grant removed them from areas within the U.S, 1886 Galatz (Romania), 1880s Russia, 1891 Moscow, 1991 Bavaria (foreign born Jews), and then those damn irrational, completely unaccountable, random, clearly groundless evictions from Nazi Germany, and then North African and Middle Eastern nations.

Now you have to admit that is one hell of a CV!
I guess all those states and nations and places had absolutely no ‘rational’ reason for wanting to ‘cleanse’ their communities of Jews?

Probably some guy wrote a pamphlet, and another wrote a book, and another wrote a little play, and suddenly the entire populations and their governments were whipped up into a frenzy of irrational fear and hatred?

As I say, I have been victimized and denied justice in many countries, and I am loathe to point at past victimization as a legitimation of present victimization. Many of the cases just alluded to may have had some irrational elements, and especially a religious element.

But if someone would give me my own country, where I could be a ‘Markus’ among other ‘Markus’ s’, then I’d be off to start showing the world just what it
was I have been trying to explain to them, by building a ‘Markus’ nation as a model for the entire world.
I would not keep trying to convince millions of heartless, brain-dead zombies to start empathizing with the suffering of all the victims of their daily, mindless, egotistical behavior, or to explain the virtues of ‘optimalisation’ and ‘ethics’.
Give me a nation anywhere with a coastline, a port, some water, some farmland, and the sanction and protection of the U.N, and you wouldn’t see me bothering any of you again. Though I would do my best to model the optimal society, and write lots of books and make lots of films, and try to lead the world by example. Who would want to be the Philosopher King of a bunch of stone-hearted, self-serving, egotistical, brain-dead zombies?
When I am among people I often feel cold, and see (brain) dead people. You can only imagine how fast I’d be on my way to Markus-land!
Swing long, sweet chariot, coming forth to carry me home!
Oh gods, save me from the brain-dead, flesh eating zombies!
Oops, I forgot the ‘rubric’ of this chapter.
O.K, so my point is that you should never jump to conclusions about who has what motive for what.
For example the Zionists, like Moses (Akhenaton?) wanted to take a bunch of lone wolves and turn them into a ‘flock’ of sheep. He wanted to turn his ‘chosen people’ from Goshen into a ‘nation’ with a strong sense of solidarity. He needed some way to ‘bond’ them together.
Usually you use religion, to give people a sense of belonging, a sense of shared past, and a shared destiny.
You construct a ‘history’ for your people, even if you have to invent it.
You can refer to mythical histories, like the secular Nazi religion, in mythical lands, such as Atlantis. Or in the case of the Jews, all the stories of the Torah (Old Testament) and Talmud.
That history should contain a shared suffering, or shared guilt.
Guilt and suffering are good ‘binding agents’.
So you’d want your own religion, a shared suffering (persecution and slavery in Egypt followed by a ‘great escape’), shared guilt (for having murdered Moses, all the peoples of the ‘promised land’, then Jesus), a religion (Aton-ism 2.0), and as an ongoing catalyst and constant reminder, persecution.
So you see, it would be very much in the interests of the Zionists to provoke persecution of the ‘Jews’ all around the world, to ensure that the Jews would ‘flock’ to ‘Israel’.

Otherwise why would they come to Israel? Why would they have to bother with all the daily problems of running a nation? It is such a distraction from trying to ‘fleece’ other nations.

The whole point of ‘limited morality’ (as opposed to universal principles or Bergson’s (Bergson is one of my favorite Jews after Freud) ‘open society’ and ‘open morality) is that it allows you to maintain a morality and ethical and legal code that applies exclusively to your own ‘people’, while allowing you to express all the impulses you are not allowed to express on ‘your’ people, on other peoples.

So you get to rape, murder, steal, enslave, and all that. Without being a threat to ‘your own’ people.

And more importantly, you have somewhere ‘safe’ to store all your stolen loot, and to escape to when the ‘locals’ realise what you are up to.

Read my books ‘Religion’ and ‘TROONATNOOR’ for more details.

But basically the whole ‘idea’ of ‘Judaism’ is a closed morality, exclusivity, and parasitology.

Of course some of my favorite people just happen to belong to this ‘closed society’ by birth, but are, in nature, like Bergson, longing and striving to build an ‘Open society’ with an ‘Open morality’.

A society that is inclusive of everyone, and a morality that excludes its protections and rights and obligations from no-one.

Israel has had more ‘kibbutzim’, or experiments in communal living, than any other land.

Oh, but remember that those first ‘Americans’ who landed on Plymouth Rock, had agreed to set up a kibbutzim in the U.S. Yes, they had been supported and paid for by communists who wanted to set up a communist society, like the one Jesus was trying to set up in his day, in the new world.

But they broke their contracts. They decided they’d go all capitalistic, individualistic, and self-reliant. Among other things.

So my heart goes out to all those Israeli’s who came to Israel to build a new nation, with honest, hard, sacrifice and labor.

For you have been duped by the Zionists.

It is the Zionists who deliberately incite fear and hatred of Jews around the world, as they have done throughout the centuries. Just ask 33rd level Freemason Albert Pike. He should know!
Today they are doing it with aggressive military attacks, and the genocide of the Palestinian people. They are provoking the world to fear and hate Jews by persecuting and torturing historians and philosophers in the West. They don’t want peace. They want conflict. They want persecution. They want war. They are quite happy to sacrifice as many ‘Jews’ to their ambitions as they need to.

If I were you I would take up whatever other citizenship was available to me and leave, before you become the next ‘burnt offering’ to the Zionists plan for world domination.

Shalom.
David Cole and Michael Shermer on ‘The Donahue Show’

David Cole recently published his new book ‘The Republican Party Animal’. One of the stories he shares with his readers relates to his famous appearance on ‘The Donahue Show’.

In the 90s Phil Donahue was at the peak of his career. His show was filmed from the 30 Rockefeller plaza. As Zionist a place as it gets.

David Cole had managed to arrange what was meant to be a television debate on this prime time, top rating show, in 1994.

It was a real coup for a historical revisionist. It was in fact his second big coup. For he had already appeared on ‘60 minutes’.

Now I use that term because while a holocaust skeptic is merely skeptical about the official ‘holocaust’ story, a historical revisionist, like Ernst Rundel, David Irving, or David Cole, all did their own independent historical research, investigating original source documents, archives, and actually visiting the supposed ‘death camps’, collecting and analyzing samples, interviewing experts, and taking a very close look at what were supposed to be ‘gas chambers’.

This historical research has lead them to the clear conclusion that the official version of events known as ‘the holocaust’, never happened, and could not have happened. Based on solid, objective, concrete evidence.

But the holocaust lobby are loathe to take place in anything that comes close to an open and fair debate. They always hide behind the rulings of the Nuremberg show trials, and the same few witnesses that are trotted out any time the occasion calls for ‘survivor testimony’.

So David Cole was very excited, and keen to debate what he had discovered with the very best experts from the Washington Holocaust Museum.

Phil Donahue had made it clear that he did not want to interview David Cole alone. He would not give him the chance to speak about his findings. You see Phil Donahue, like so many other people, imagine that the Jewish Holocaust Historians, for example at the very well-funded ‘Holocaust museum in Washington D.C, would totally destroy David Cole on his show, with their ‘mountains’ of historical data and tons of proof. Donahue had already awarded the case for the defense of the official holocaust story the debate. It was a forgone conclusion in his mind. He had not invited David Cole on air because he wanted a real debate. He expected David Cole would be shown up as a fraud. This became very clear after the fact.
However, the problem for Cole was finding someone from the holocaust camp who would be willing to debate him on air.

You’d think with all the confident assertions made by the holocaust lobby about having mountains of evidence, proof, and evidence, that they would jump at the chance to debate their case, to finally, once and for all, convince any remaining skeptics out there with their mountains of evidence, scientific proof, and historical proofs.

But the fact is that all this talk about mountains of evidence, proof, and so on, is all bluff and hot air.

When someone like David Cole calls their bluff, they all ‘fold’ immediately. This has to reveal something to you. It has to raise your suspicions.

Surely a publicly funded museum, which is telling all our children that the holocaust happened, would be glad for another chance to go on television, on a very respected and high rating talk show, to make their case, and assuage any lingering doubts a few ‘ignorant’ and ‘mislead’ people might have about ‘rumors’ that the holocaust story is a hoax.

But despite his best efforts, he could not get a single ‘holocaust’ expert from the Holocaust Museum, the museum in Los Angeles, or any other of the outspoken Jewish lobby organizations that constantly attack, harass, and terrorize historical revisionists like David Cole, David Irving, and Ernst Zundel.

So he was left in a quandary. Here he had the greatest opportunity ever offered to a historical revisionist, and he was going to have to miss out on it because he could not find an ‘opponent’ to ‘debate’ him.

He had carefully prepared a list of 50 questions he wanted to put forward to the Zionist holocaust specialists. They would get a chance to answer, and assuage him and the whole world of any doubts they had as to the veracity and justice of the Nuremburg trials, and every trial since then.

Finally he asked Michael Shermer, the editor of a magazine that had ‘debunked’ myths that ‘the holocaust never happened’.

He gave him the list of 50 questions, so he could consult with the leaders in the field, in the event he himself was not qualified, after having ‘debunked’ the ‘conspiracy theory’ that ‘millions of Jews were gassed to death in death camps’ never happened, to respond.

So Michael Shermer had three weeks to consult with the experts at the Holocaust museum in Washington D.C, and all the leading figures in the holocaust industry. Shermer contacted all the leading ‘lights’ of the holocaust history factory. Barenbaum, Deborah Lipstadt, Henry Friedman, Dr Raoul Hilberg, and so on.
But none of them had any answers. After three weeks he concluded that they did not have any answers to David Cole’s legitimate questions. They had nothing to offer to counter David Coles’ own research findings that concluded that it was an impossibility that the official story of mass gassings at death camps was true. Michael Shermer was prepared to share this information with the world.

So David Cole and Michael Shermer travelled together to New York for their appearance on The Donahue Show. Apparently Donahue had been licking his lips in anticipation of the slaughter of David Cole, in front of a live audience, by the holocaust experts.

For he was completely enraged when Michael Shermer, during a brief meeting before the show, shared the facts of the situation with Donahue. Donahue, according to Shermer, flew off the handle, and began threatening Shermer with legal action, that he would make him pay his own airfares and accommodation costs, and so on. Shermer described Donahue as very abusive and intimidating. Donahue had come in a grand mood, expecting Shermer would ‘blow Cole out of the water’ and ‘expose him for the evil Nazi that Donahue believed him to be’.

Donahue insisted that Michael Shermer play the role he had expected him to play. The smug, complacent, confident, self-assured holocaust expert.

And this Shermer did. Responding to any comment David Cole raised with that typical smug self-assuredness that ‘we have mountains of evidence that prove what you just claimed is wrong’, and so on. Of course at no time did he, like any other holocaust myth promoter, before or after him, ever present a single shred of evidence from that supposed ‘mountain’.

As always, the pro holocaust lobby simply assure us that it exists. This is the role Shermer adopted. It left Cole feeling betrayed. He left the stage before a commercial break and left the fools to play their game on their own. There was no point enduring such a shameful piece of holocaust dramaturgy and Zionist theatre. But, after all, what else could he expect at 30 Rockefeller Plaza?

In his recent book Cole reveals how Donahue lost his temper, throwing a tantrum, throwing down his microphone, and abusing Cole as ‘the anti-Christ’. You can actually see Donahue as the channel goes to a station break doing this, but we can’t hear what he is saying.

Donahue had lost his cool after being corrected, and having to ‘deny’ the facts, twice. The first time was when a caller spoke of having seen lampshades made from human skin. Even Donahue was aware that not even the most rabid holocaust historian gave such stories any credence any more. They were simply rejected by even the most pro holocaust historian. And so when a caller
discredited her entire story by stating this, several times, Donahue was left having to deny she’d said that. But everyone had heard it. Listen yourself. Even Shermer agreed she had said that.

The second time Donahue was caught ‘in denial’ was when he showed film footage of what any Holocaust researcher or hobbyist knows is clearly Dachau, and not Auschwitz. The problem is that no-one has ever claimed that there were gas chambers at Dachau. However pro holocaust presenters always, as Donahue himself had done, present that film footage as film footage of the Auschwitz gas chamber.

Donahue denied this, stating that it was clearly footage of the proven gas chamber at the Auschwitz ‘death’ camp. David Cole simply politely noted the error, and Donahue flipped out, ranting and raving, screaming ‘You’re a fucking anti-Christ’.

It sort of goes back to the old idea that if you are right, you get angry, and if you are the victim, you cry. So holocaust spokespeople either inevitably present as angry or crying, as self-righteous and therefore right, or wounded, and therefore the victim.

And you don’t have to take David Cole’s word for all this. Michael Shermer admitted as much in a telephone conversation he had years later with David Cole, which Cole recorded and transcribed.

And just listen to how Donahue, who has never even met Zundel or read anything of his, has the never to casually, but viciously, and maliciously, refer to Ernst Zundel as ‘that famous Neo-Nazi’. Other television announcers have variously referred to Zundel as a ‘collector of Nazi memorabilia’. Other announcers have called his writing ‘anti-Semitic.’

But Donahue just let it rip, defaming him as a neo-Nazi. If that is not defamation, libel, and slander, then I do not know what is!

Not that most informed people consider being called a Nazi an insult any more. What Donahue, like the entire Zionist Propaganda Machine, mean when they call you a Nazi these days is a ‘Hollywood’ Nazi that manufactured construction of the Zionist Propaganda Machine that never existed.

Sure like everywhere, always, among all groups, there were vicious people who took advantage of their power to do criminal things. But that does not give you the right to brand every Nazi, and every German, as a criminal.

The people who carried out their orders to fire bomb Dresden, then to bomb the emergency relief workers, and civilians, and zoo animals, and to then machine gun children as they ran for the protection of their mother’s arms, only to watch in horror as their mothers were torn into pieces by machine gun fire, have surely
no grounds for imagining that the Allies behaved any better than the worst of the Germans did.
And you don’t hear Germans complaining that really horrific things happen in war.
It’s why Germans have had enough of war.
They’ve learned the lessons of suffering.
So why haven’t the Jews?
Is it because they never really did suffer?
They were safe and sound in their camps.
No-one fire-bombed or machine gunned them.
Sadly many died of typhus.
And it is likely that some were killed as saboteurs and spies. That is war. If you declare war on a people you cannot expect there will be no casualties on your side too.
But if you want me to believe that people marked to death get due process in court trials for ‘travelling under false papers’ and ‘illegal immigration’, and then are given permission to leave one ‘death camp’ after another, and travel freely throughout Germany, then I’m sorry but you’ll have to provide some really compelling evidence or proof to back up your ‘fanciful’ and ‘unbelievable’ tale.
During Cole’s appearance on the Donahue show, women called in claiming to have interacted personally with Mengele, and watching the flames rise, and the smoke flow, and smelling the burning flesh of Jewish prisoners. All things that have since been debunked as lies by the manufacturers of the crematoriums, and other experts and specialists.
Another woman called in and claimed having seen lampshades made of human (Jewish) skin, and soap made from Jewish prisoners’ fat. Donahue denied that they had said this. But watch and listen. She clearly does say it. Donahue was just trying to cover up the fact, because no serious holocaust historian any longer grants that story any credit, and the story was associated with a completely different location / camp from which the caller, who admitted she was under psychiatric care, and was estranged from her ‘Nazi’ family, had related it to.
But the main thing I want to point out is the fact that Donahue coerced the Editor of ‘The Skeptic’ into lying. Donahue had just been told that not a single expert from the Jewish side of the story could refute a single statement, argument, or piece of information that David Cole had presented for them to debate.
Donahue was simply out to destroy Cole. His claims to wanting a ‘debate’ were completely disingenuous. He is a charlatan. A prostitute. A Zionist propaganda mouthpiece. Shame on him! And all like him!
Go to David Cole’s website BigInfidel.com and look for his books online, and at major book retailers like Walmart. He deserves your attention and custom. He has sacrificed a lot to reveal and then share the truth, just like Ernst Zundel, David Irving, Robert Faurisson (who was imprisoned simply for carrying out tests on samples taken from the supposed ‘gas’ chambers which proved no Zyklon B had ever been used in those rooms), and their supporters, such as Zundel’s lawyer, who is now in prison for simply trying to provide Zundel with his constitutional right to legal representation.

Cole restates the simple fact that there is no proof of any deliberate German policy of exterminating Jews during WWII.

If you doubt his credibility, then consider that he is the only historian to have documented evidence of the gassing of 100 Jews in Alsace Lorraine by Germans. Not even the most fanatical pro-holocaust propagandists knew about this, let alone publicized the fact.

Cole is unbiased. He is of Jewish background. He reports what he finds. He found evidence of a 100 Jews being gassed to death in Nazweiler, in Alsace Lorraine, and he reported it. He has nothing to gain by reporting the only documented case where Jews were gassed during WWII. It is a true sign of his integrity and honesty.

Cole is also one of the few people to remind us of the horrific treatment of German prisoners of war in the prison camps set up by U.S President Eisenhower (which I assume is an anglicized form of the German name Eisenhauer), in which prisoners were left for days without water, being forced to live in their own excrement.

Shermer had told Cole on their flight back home together everything that Donahue had said to him, and how he had said it. But it was not until years later that Cole caught him admitting this on tape.

But what is so much worse, is that Shermer called Cole a ‘racist’ in his magazine, and even denied that Cole had often helped him with research regarding ‘the holocaust’, or ever having had any sort of relationship with Cole.

In the same 40 minute long recording Cole made of a later telephone conversation he had with Shermer, Shermer admitted that Cole was not a racist. Cole had no malicious intentions in making this recording. At the time he feared for his life, and hoped that the recording might defuse the anger of those Shermer had more or less ‘sicked’ onto him, through his false reporting on Cole in his own ‘Skeptic’ magazine.
Shermer admits, in the taped conversation with Cole, that he, Shermer, deliberately misrepresented Cole to discredit Cole, and therefore make his work appear ‘shoddy’.

The Jewish Defence League at the time of his appearance on The Donahue Show in 1994 appeared very serious about getting Cole murdered, to shut him up. He was beaten up twice, in 1992, and 1994. Ultimately he approached the head of the Jewish Defense League and wrote a letter of apology, and paid him all the money he had, promising he would keep quiet from then on.

Michael Shermer never publicly apologized for slandering Cole as ‘a racist’, nor did he ever admit publicly what had happened on the Donahue show.

He went so far as to get his lawyers to send a ‘cease and desist’ order, hoping he would bluff and bully Cole into pulling his new book from circulation. He also demanded Cole read a ‘scripted’ apology on YouTube, not only recanting Cole’s comments about Shermer, but also to deny that the recording Cole made was real?

Cole, the calm and reasonable, good-willed character that he is, explained a few points on merit of their lawsuit to the law firm representing Shermer, and the impossibility of winning their case, for this and this specific reason.

Cole also pointed out to Shermer’s lawyers was the devastating impact the threatened lawsuit could have on Shermer’s magazine sales. For Shermer sold himself as a ‘skeptic’. A skeptic trying to ban a book has as much credibility and integrity as a Zionist complaining their rights to ‘freedom of expression’ are being violated.

In other words Cole made them realize that Shermer’s planned action was doomed to fail, and not only that, but it could ruin his business. So they talked sense into Shermer, and he dropped the lawsuit.

So Shermer’s attempt to intimidate Cole had failed.

You’d think Shermer would leave well enough alone. He had done enough damage to Cole. But no, he couldn’t let it go.

Shermer abused what many holocaust industry lobbyists have discovered is a ‘backdoor’ to getting YouTube videos pulled and thus censored.

YouTube’s ‘privacy complaint policy’ allows people to bypass the old ‘copyright’ complaint. The ‘privacy’ policy was intended to stop people posting unauthorized, private, videos of other people. For example bullies posting private information about their victims with malicious intentions.

Shermer complained that Cole had held up a copy of his book for 12 seconds.
Remember how Zionist Hollywood had managed to build an unconscious association between David Irving and a psychopath, by having that loathsome character carry a clearly identifiable copy of one of David Irving’s books? Even though the books in question contained material about David Cole himself, giving Cole a valid context for showing the books, YouTube pulled the video.

In his historical research work Cole raises the question of Stalin’s use of Jews for slave labor. Stalin ‘liberated’ and then ‘evacuated’ a large number of Jews from Nazi camps, and ‘relocated’ them within the Soviet Union.

Immediately Staling raised the ‘Iron Curtain’ that curtailed travel outside of the Soviet Union for almost everyone inside it.

Cole points to very reliable German documents describing how SS troops would enter an Eastern European town where there was known to have been large populations of Jews, only to find all the Jews were gone.

Cole writes that there is compelling evidence that up to 1.5 million Jews that had been counted as dead by the Allies, and the Jews, had actually been taken to the Soviet Union where they were ‘employed’, either voluntarily, or as slave labor. Remember hundreds of thousands of German soldiers were also abused as slave labor by Stalin. Very few of the German soldiers captured by Soviet troops ever returned home.

Cole goes on to explain how, with Jews becoming a minority within the borders of Israel, there was more and more demand within the Israeli government to admit that there were millions of Jews living within the Soviet Union that had formerly been accounted for as dead, so that they could then go about arranging their repatriation to Israel. The Israeli state paid for their emigration and settlement in Israel. They did a deal with the Soviets.

What most people do not know is that the Bolshevik party leadership in the early days was almost 100% Jewish, and that Jews founded the KGB and had a great deal of power in the Soviet Union, until later ‘purges’.

And so suddenly hundreds of thousands of Jews that the Israeli government had counted as dead, and received compensation for from Germany, suddenly arose from the grave to take up a new life in Israel.

Over and over ‘eyewitnesses’ tell us heart-wrenching stories such as ‘I lost my brother/mother/father/sister/entire family in Auschwitz’. I saw him/her/them go up the chimney with my own eyes’.

On further enquiry, most eyewitnesses admit they never actually saw anyone killed. They were separated from loved ones and never saw them again. But they keep insisting they ‘saw it with their own eyes’. Check out the Shoah foundation films Spielberg is associated with. When the interviewer asks people to clarify
their statements, they always admit that there was ‘a white wall’ or similar blocking their view, and that they never actually did ever see anyone being killed, or cremated.

One very famous case occurred on the Montel Williams show on April 1992. The ‘eyewitness’ Zoltan Hollander claimed he had seen his brother ‘go up the chimney’ in 1944 in Auschwitz’. In fact David Cole was on that show. The eyewitness had been brought on the show to ‘disprove’, discredit, and question the morality of, David Cole. In fact media reports on that show defamed David Cole as a Neo-Nazi. They might have checked on his background just a little before slandering him. I don’t know of many Jewish Neo Nazis.

Of course militant Israeli’s and Zionists are among the most racist and war-like people on this planet, and are seeking to impose a fascist state upon the entire world, but they would never ever imagine associating themselves with neo-Nazis.

Now back to our ‘death’ camp survivor.

A viewer from New York was watching this program. He was quite excited. For you see he had recently become the landlord of that very brother who had ‘gone up the chimney at Auschwitz’. The tenant’s name was Ernest Hollander. The landlord said he looked very much like the guest on the television show, with the same family name, Hollander.

His tenant, Ernest Hollander, had just recently arrived in the U.S from the Soviet Union, after the emigration restrictions had been lifted.

And so the two brothers were reunited in 1992 on the Montel Williams show. The two brothers, like so many other ‘survivors’ of ‘death camps’ had each been told that the other had been ‘gassed’.

Cole criticizes the authorities for having gone on with the fiction that millions had been gassed, rather than admit the truth. If they had, then many more people could have been reunited with their families than has been the case.

Cole reminds us that the Soviets never did a census of the Jewish population till after the fall of the iron curtain. But keep in mind that the Empress of Russia had, not too much earlier, ‘banned’ all Jews ‘to beyond the pale’, meaning to outside Russia’s borders, which is why so many Jews ended up living in Poland, and Germany.

Cole also exposes the ‘Museum of tolerance’ a.k.a ‘The Simon Wiesenthal Center’ in Los Angeles as a swindle to get the taxpayer to fund yet another expensive ‘Holocaust’ memorial. By misleading the government and calling the holocaust museum a ‘human rights museum’, Wiesenthal was able to get the taxpayer to pay for yet another franchise of the Zionist Propaganda machine.
The museum is three stories. Los Angeles tax payers poured millions of dollars into it.

Just like all the other Zionists enterprises, it was a scam to get the taxpayer to subsidize the Zionist Propaganda war.

Just one room in the entire complex has been set aside to nominally include the non-Jewish forms of suffering in the world.

If that was not bad enough, Cole is clear that there is nothing in the museum of true historic value. The ‘history’ it presents is really faulty.

And the worst thing of all, it is now compulsory for all public school children in Los Angeles to visit it for a dose of ‘brainwashing’ into ‘the holocaust hoax’.

They have even set up an absurd animatronic show meant to be a historical reconstruction of the Wannsee conference, at which the holocaust lobby claim Hitler and his SS agreed on a plan to exterminate the Jews using gas chambers. The animatronic figures conversation goes something like this, ‘What shall we do about the Jews? We should gas them. Great idea, let’s start gassing them now’. The problem with this ‘historical re-enactment is that the actual Wannsee protocols state clearly that the Jews will be employed as forced labor, and then eventually released.

Which is what actually happened.

Cole plans to upload a video of this appalling animatronic absurdity to his website BigInfidel.com

They also have a phony video of a ‘gas van’, which depicts Jews being gassed to death as the van drives around town.

I guess after losing so many other myths, they just decided to make up a new one?

Cole notes the fact that courts continue to give the subjective, mostly ‘hearsay’ reports of ‘witnesses’ priority over the clear, objective, scientific evidence that contradicts these witnesses’ reports.

It is a question of what evidence is considered admissible in holocaust trials, as compared to what sort of evidence would normally be considered admissible in any other form of trial.

The fact is that all the trials relating to the holocaust turn conventional wisdom and common sense upon its head, with no justification.

Cole notes how a British M.P recently stood up in parliament and used the supposed gassing of 6 million Jews as a justification for bombing Damascus with British missiles. He claims a large proportion of his family were victims of gassing. So I guess he learned a lot of empathy and compassion from that experience? As expressed in his desire to bomb other people’s families?
Cole notes how, like 911, the official holocaust story requires you to suspend the laws of physics. Both stories are equally incredulous.

Cole notes how absurd the situation has become, with people visiting Iran to give talks about WWII, then being arrested in France for doing so. And how there are around 17000 people in Germany at any one time either facing prosecution, or actually in prison, for charges related to freedom of expression.
The Myth of Israel

First, if the Biblical accounts which the Zionist ‘Jews’ base their claims of ownership of Palestine are true, then they gained that territory through genocide. They then fell into strife and civil wars amongst themselves. They were conquered just as they had formerly conquered the former inhabitants. Only their conquerors did not exterminate them en-masse. They were treated much better than they had treated the people they had stolen the land from. So the basis of Israeli claims to a ‘legitimate’ ‘right’ in inhabit Palestine has no moral grounds at all.

That said, you will hear Israelis speak of a ‘completely documented ownership of the entire area (greater Israel which is even larger than Palestine) over thousands of years’.

You are now familiar with statements made by Jews and their representatives. So when they speak of ‘mountains of evidence’ or ‘completely documented’ your first reaction will be to laugh. For you know that this means they don’t have a single piece of evidence.

And I don’t think that in this case ‘eyewitness testimony’ is going to be ‘admissible’.

Unless they have some middle-aged Jewish woman who is thousands of years old?

I wouldn’t put it past Steven Spielberg!

I mean he is responsible for that load of defamation known as ‘Schindler’s list’, after all, isn’t he?

Then you’ll hear the sort of hypocritical rubbish that makes you want to vomit, like ‘the Palestinians have created a Palestinian myth to give them a history’, Hmm. Anything like the Torah?

And then there’s that step over the edge into fatuous absurdity, beyond any Monty Python sketch, as they complain about ‘the Palestinian control of the mass media, through which they mislead and deceive’.

The father of all lies?

So the first statement that beggars questioning is, where is all this mass of evidence. Either for the holocaust, for global climate change, or for an Israeli history in the region of Palestine?

You see not a single trace of any archeological evidence exists to support the Israelis’ claim to prior ownership, apart from the fact that 2000 years ago
whatever Jews were living around Jerusalem were kicked out by Hadrian, the Roman Emperor.

For all intensive purposes, it is a complete myth, about as historically accurate as the existence of a King Solomon himself, that any temple at all ever existed on the ‘temple mount’ before the Muslims built their mosque there.

Sol-Om-On are three of the names of the Sun. His wives are certainly other ‘heavenly bodies’. The man himself is a complete non persona to history.

The only people who claim he actually existed are the Israeli’s themselves, and their Jewish Torah.

The Jewish claims that the so-called ‘Western Wall’ represents the remains of the second temple, have no basis in history to go from. There is no proof that this wall was ever part of a Jewish Temple.

Of course the Jews call the Arabs ‘deniers’.

There is no evidence to back any Israeli claims that Jews were ever in Palestine before they ‘returned’ in the 20th Century to claim ownership.

Based on what we know about Zionists and their ‘tall tales’ and ‘noble’ lies, hoaxes, and scams, I think it reasonable to go with the Arabs on this one? What about you?

Sure, there is that story about the boy who cried wolf.

It’s possible they lied about the holocaust, and their two aggressive wars, and ‘The protocols of the Elders of Zion’, but are telling the truth about Palestine?

Even the Bible refers to Jews calling Jews ‘The father of lies’.

That’s literally ‘the Gospel truth’.

Today even completely independent (of the holocaust debate) historians are claiming that Israel is falsifying its historical digs, its archeological finds, and thus its history, to fit the most convenient, biblical, accounts of Jewish history.

The Zionists will claim to have found Jewish coins, and Hebrew inscriptions in the Rock dating back thousands of years, but most historians doubt these claims. They are skeptical.

And so far no country has introduced laws making it criminal to claim Jews are falsifying their ancient history.

So why are there laws to stop people claiming, with a real ‘mountain of evidence’, that Jews have falsified their more recent history, regarding WWII?

History does state that the Roman Emperor Hadrian had become so fed up with the behavior of the Jews in his empire that he basically had them removed. Like Catherine the Great.

Like the Spanish.
Like the British.
Like the Germans planned to do. But after the war, when their labor was no longer required for the war effort.
What sort of fool do you think Hitler was, that he would murder 6 million of his war-time labor force?

Hadrian decide to remove the Jews both physically and spiritually from Palestine, and Rome.
Hitler wrote in ‘Mein Kampf’, in the American English translation I read, that he planned to eliminate the biological basis of Jewry in Europe.
O.K, I admit, he might have been a little more precise. It’s the phrase in the thousand or so pages that could be twisted to support the Jews ‘holocaust’ narrative.
But I guess he never expected that he and his SS would ever, one day, be accused of having murdered 6 million Jews. It just would never have crossed his mind. He was a decent, conscientious, moral, upright, ethical man.
He knew that the removal of Jews to camps was a ‘monstrous’ act. But he felt compelled by the fact that the Jews had declared war on him, and had meddled in all Germany’s affairs to its detriment. To the point of wiping Germany as a nation off the map.
There is no evidence to suggest he ever did order the extermination of Jews, we can safely assume he meant to remove Jews from Europe, and not to kill them all.
Just like Hadrian removed the Jews from his Empire, for the same completely rational reasons.
Just like the Spanish did long after.
Just like the Russian Empress did a bit later.
Just like every nation that has ever ‘hosted’ the Jews has found itself compelled to do.
How do Israeli’s manage to keep a straight face, complaining how Arab children are being indoctrinated?
Why is it they all have this peculiar look on their faces? I am not so articulate as I would like to be. I can’t always find words to describe what I sense. Is it an irrational hatred burning behind their eyes for anyone who would dare claim the Zionist Jews claims to being the only true humans, the chosen people, the masters destined to enslave all us Gentiles, and kill the ones they have no use for?
All the while children in Los Angeles and Washington are being forced to consume Zionist hate propaganda against Germans?
Are Zundel, Irving, Faurisson, or Cole forcing anyone to read their books or watch their videos? Let alone the most impressionable of children?

If Cole can make a middle-aged Jewish woman cry, then imagine what the holocaust propaganda can do to a small child!

Have these Israeli’s ever read their Torah or Talmud?
I’ve seen nothing that even compares to that as indoctrination.

What sort of person gives their children that sort of book to read? And praises it? And glorifies it? What sort of psychopathic, sociopathic, anti-social (towards ‘Gentiles’) personalities are the teachings of the Torah and Talmud likely to produce?

Any Arab who ever read the Torah or Talmud would be completely justified and rational in fearing and hating Jews.

And criminalizing the publication and distribution of those books, or books based on them.

The Jews committed acts of genocide, mass rape, enslavement, and dispossession on their ancient ancestors, just as they are doing today.

And an Israeli will have the nerve to complain that Arabs have their own independent media?

You see the Jews are used to having full spectrum dominance of the mass media and entertainment industry. They are used to having complete freedom of action for their Zionist Propaganda Machine. They just cannot accept being forced by Germans to do manual work. They just cannot accept the idea that anyone else should have a media voice to get their side of the story, the truth, broadcast to the masses.

And then just to make it clear who controls Washington D.C, you get Hilary Clinton of all people complaining that Arab children are being fed propaganda by their Arab media.

Come on Hilary. What the hell are you going on about? How can you stand there and keep a straight face while uttering such puerile nonsense?

How did HAMAS become a terrorist organization for demanding the return of Palestinian land to Palestinians?

Remember the King David Hotel Bombings?

Who was it that introduced the very idea of ‘terrorism’ to the Middle East, and the world, and the 20th century in general?

Can you imagine what would happen if American decided it would redraw the European map based on the boundaries of 2000 years ago?
This is exactly what America is doing when it demands the Palestinian people do a ‘peace’ deal with Israel.
It would be like Muslims invading American, taking 80% of the best land, then insisting that the surviving Americans do a ‘peace’ deal, guaranteeing them the remaining 20% of land, in return for ‘peace’.
WTF?
Now apparently anti-Semitism is a pathological disease.
A disease which the Arabs were the last to ‘catch’.
Because they were the last to have to deal with the Jews.
I guess someone must have translated one of Ernst Zundel’s pamphlets into Arabic, and sent a few copies over to Palestine.
For I can’t see any other reason why the Palestinians could possibly fear or hate the Jews as ‘irrationally’ as they do. Can you?
The Romans were known, before they got Jesus, to be perfectly tolerant of any religion they came in contact with. They tended to borrow and lend among their people’s religions and deities.
But even these extremely tolerant Romans found something impossible to bear in the Jews.
What was it?
I have a feeling that by now you have a few ideas.
Will persecuting scientists and historians increase or decrease the popularity of the Jews in the world, in your humble opinion?
Will preventing any voice from being heard in the world, other than the Zionist Jew, make Jews more or less popular among the world’s people, in your humble opinion?
Will raping entire nations financially, and bringing about economic crises and wars, make the Jews more or less popular around the world, in you humble opinion?
Will murdering school-children on their way home from school make people more or less likely to suffer that pathological disease called anti-Semitism, a symptom of which is an irrational fear and hatred of Jews?
I mean in your humble opinion.
I wonder why Mohammed, a trader, a scholar, a lover, (apparently not a poet?), found the need to command the Muslims to kill the Jews wherever they were to be found?
Was it Nazi propaganda? One of Ernst Zundel’s pamphlets? Perhaps a David Cole video, or a David Irving history book?
I surely hope it wasn’t this book I am writing right now. I wonder how the Prophet Mohamad caught that pesky virus, that pathological disease known as anti-Semitism, with its symptoms of a completely unreasonable, irrational, unfounded, groundless, totally whimsical and arbitrary fear and hatred of Jews.

I guess he was exposed to too much Al Jazeera television in his youth? I’m going to go a bit Celine and New Testament and Old Testament prophet on you all and call the Zionist Jews ‘the father of hypocrisy and denial’.

And then you’ll hear Israeli’s asserting that the Palestinians are all free to compete with Israel?

Free?

Since when was anyone in the world free to even express a scientifically proven fact about an Israeli, or the Jews?

Just try to get ‘your side of the story’ on the mass media.

Watch that Phil Donahue episode with David Cole to see just how ‘free’ the world is when it comes to ‘competition’ with anything Jewish, whether it be a Jewish viewpoint, a Jewish versions of history, or a Jewish Central Banking System.

How on earth do you compete with a monopolistic Federal Reserve (Zionist Central Bankster) system?

See how far John F Kennedy got when he decided to take the Jews up on their offer of ‘free competition’?

What about Jews demanding that Muslim nations issue a Fatwah ordering Muslims to stop calling Jews ‘pigs’?

Did you see the constant stream of abuse that Zionists were drowning Ernst Zundel in? Did anyone even try to stop that? So it’s O.K to call a historian a pig and a dog and shout and write that he deserves to die, but the poor Israeli can’t bear to be called a pig by people whose homes they have stolen, whose land they have disposed them of, whose mothers, fathers, children, and grandchildren they have murdered?

What about a Fatwah ordering Jews to stop trying to get anyone who will not agree with their fatuous nonsense about holocausts defined as mentally ill, or criminally insane? Let alone simply criminal.

Have the Zionists really demonstrated that they are fit to rule the entire world, let alone Israel?

Well that is what they will soon be doing if you do not act now.

You are going to have the same people who committed the biblical holocaust, instituted the KGB reign of terror, murdered Americans while they were
sunbathing on the deck of their ship in international waters, murdered over 3000 people during their 911 attacks, got the West to pay for, and the U.S and other NATO nations to sacrifice their children for, and murder hundreds of thousands of innocent Iraqi women and children, and the people who brought you several world depressions, and soon WWIII, as your new dictators.

Happy Next Lives!
Dr Russel Barton

Dr Russel Barton was an English Psychiatrist who working among the International Red Cross. He was present very shortly after the German concentration camps were ‘liberated’.

He reported that he observed a clean and happy work-camp, with not a single trace of any indication of any planned attempts at extermination.

However at the Bergen-Belsen camp he did report that up to 500 inmates a day were dying of disease when the allies arrived.

All over Europe at that time people were dying of disease and malnutrition.

Even after he was pressured to ‘recant’ his reports and descriptions, he stuck to his guns and insisted on telling the truth. He got into a lot of hot water because of his integrity.
Mr Wallace, gentleman farmer, or Hollywood styled Nazi?

The famous Nazi hunter Wiesenthal, who later defrauded the Los Angeles tax payer of money to build another holocaust memorial, didn’t seem to know the difference between a farmer and a Hollywood Nazi.

Like the Israeli pilots and torpedo boat crews who get confused and murder Americans sunbathing in international waters, believing them to be Egyptian horse-traders, Simon Wiesenthal, the great ‘Nazi hunter’, got confused, but managed, with the help of a completely biased legal system, to get an innocent farmer convicted of being an SS commander of a ‘death’ camp.

He was forced to get 120,000 dollars into debt to finance his defence. He was attacked in the media, and in person, and abandoned by friends.

He lost everything.

And it was a bit too little too late when it was finally accepted as fact that he had worked on a farm for the duration of WWII.

Did Wiesenthal find a Hugo Boss jacket in Wallace’s wardrobe maybe?

The problem for Nazi hunters is that there are all too few ‘Hollywood Nazi’ types around.

But they doesn’t stop them. They just ‘make em up’, in true Jewish ‘Hollywood’ style.
Why did the Allies let Hitler retire to South America?

While the Allies and Russians were torturing SS officers, and threatening their families, to coerce false ‘confessions’ out of them, the Allies were carrying out a very interesting debriefing of a German pilot.

A pilot who gave very convincing evidence that he had actually flown Adolf Hitler out of Berlin to Denmark.

It was an established fact (a real one, and not one of those piled up in that fantastical mythical mountain of holocaust evidence), that the German Air force had been ordered to keep a narrow flight zone/corridor free between Berlin and Denmark.

And then very credible reports started coming into Allied intelligence of several different groups of U-boats emerging off the coast of Argentina.

At least two-boat captain’s officially surrendered their vessels to the Argentinian navy. So the reports are quite consistent with known facts. Real facts. Not one of those residing in that fabulously fictional mountain of holocaust facts that everyone, from court Judges, to television talk-show hosts, to television presenters, constantly remind us of, but never seem to be able to actually locate, let alone pull a simple fact off. You’d expect such ‘low hanging fruit’ would be very attractive to someone keen on shutting up a pesky historical revisionist or holocaust skeptic!

F.B.I assets in Argentina lodged official reports stating that a lot of Germans in the area had ever expectation that Hitler would be arriving shortly, and had been making preparations in anticipation for days.

The same F.B.I assets then reported that Hitler had arrived.

But for some reason J.Edgar Hoover, who preferred women’s dresses to Hugo Boss, had no interest in investigating the reports.

You can watch YouTube interviews with people who claim to have seen, served, and waited on Hitler during a brief hotel stay, before he was taken to a very secluded ‘ranch’.

A ranch that was seriously isolated and yet seriously well-guarded.

The local governments respect the private (German) land-owners autonomy out there.

The kind of place where your privacy was guaranteed.

The ranch owners out there are not the sort of people you want to mess with.

They take their liberty, and the right to bear arms, very seriously.
Simon Wiesenthal would not have stood a chance. Israeli’s pilots are only good at blowing up enemy planes that are pilotless, and parked on runways. And the Israeli military are used to bombing children and mothers, rather than people prepared and ready to respond to their attacks.

Wiesenthal is pretty good at ‘capturing’ German farmers. But I don’t think he ever would have dared taking on the Argentinian ‘gauchos’.

Stalin admitted that they had no idea where Hitler had gotten to, and that the ‘official’ story was a complete fake.

Recent DNA tests on ‘Hitler’s’ skull revealed something that even the Zionists didn’t know. Hitler was in fact a woman!

So when I’m told that the first lady, Michelle Obama, is really a transsexual, and see the ‘bulge’ in photos, you cannot expect me to show that much surprise, can you?
The Zionist Central Bankster’s quiet occupation of North America

You will find details of how the Zionist Central Bankster’s operate in the companion books to this book, my ‘911: Five minutes to midnight’, and ‘Occupation’.

In 1790, 3 years after the U.S constitution, one Amschel Rothschild (formerly Bauer) issued his now famous statement from Frankfurt. 'Let me issue and control a nations’ money, and I care not who makes its laws'.

He was one of the very few ‘investors’ allowed to buy a stake in the Federal Reserve Bank. The owners of the other shares were never made public.

Napoleon famously declared, around the same time that ‘when a govt. is dependent on bankers for money, then they cede control to these banks. The Rothschild’s control the Central Banks of France, Germany, and Great Britain.

At Waterloo, in Belgium, on July 1815, Nathan Rothschild reportedly gained virtual control of the most important British companies, paying pennies in the dollar, because he learned of Napoleon’s defeat before anyone else in London. He acted as if France had won, selling off his stock, making a big show of doing so furtively and desperately, and waited until he had sparked a massive panic. Stock prices plummeted as rumors, based on his own behavior, spread like wildfire around London.

Rothschild then had his agents secretly start buying up the stock which was now almost worthless. So that by the time the news of the defeat of Napoleon arrived in London Nathan had managed to buy up controlling shares in all the most important companies of Britain, at a tiny fraction of their real value.

Oh, this of course included shares in the Bank of England.

By the mid-1800s the Rothschild’s had become the richest family in the world. By the 1900s they had come to own over half of the total wealth of the entire world. Did I mention they are Zionists?

Already by 1816 the Rothschild’s had control over the Bank of England and the U.S Central Bank, the forerunner to the Federal Reserve.

Ultimately they managed to bribe, and/or con, the U.S congress into bringing about the Federal Reserve, which now gave the Rothschild Zionists the right to print money.

 Seriously. No joke. Money doesn’t grow on trees. The Rothschild’s pint it.
And if a trillion dollars ‘disappears’, to fund who knows what conspiracy, then, well, hey, it just disappears. The private bank which they named ‘The federal Reserve’ to confuse, obfuscate, and deflect any public attention from the true nation of the Central Bankster’s little scheme, is completely unaccountable to anyone. Its officials are not elected. Nor are they answerable to the public. Not even to the Congress of the United States of America.

If a Rockefeller wants to have the Tsar of Russia overthrown, because he will not allow the Rothschild Central Banksters set up a franchise of their Central Bank in Russia, well they just pay 20 Million to a bunch of ‘Bolsheviks’ to assassinate the entire Russian royal family.

If you really doubt the excessive, virtually total control that the Rothschild’s have over the U.S government, then consider this fact.

In 2000 Lord Evelyn Rothschild married another rich Zionist. They spent their honeymoon night in the Whitehouse.

I won’t bother listing their holdings, but they control the world’s gold supply, and own some very nasty companies like Monsanto, the company that said Agent Orange, DDT, and PCB’s are safe. The same company telling you that Genetically Modified Organisms are perfectly safe to eat, though you’ll never see a Zionist go near one with a ten foot pole, let alone put one in their mouth.

The recently bought a company called Epicyte, which developed a gene which, when placed in a GMO food, makes women and men sterile. Monsanto are inserting it into GMO corn. Oops. Sorry. I just broke the law. You see it is illegal for anyone to tell you this fact. And guess who recently bought a huge chunk of Monsanto shares? Guess. Go on. You know, the guy so keen on reducing the world population to zero. His words, not mine. Yep, good old Bill Gates, the guy who is so keen on honesty, integrity, and justice, that he’d rather pay billions in fines than ‘do the right thing’ in the first place.

You’ll hear rich people talk about ‘free trade’ all the time, while financing Communist dictators like Stalin.

And while today ‘greed is good’ and the only objective that companies recognize is the maximization of profits for their shareholders, in the good old days before the Rockefeller’s bribed the U.S government to change the laws, in the U.S, a charter for a company was only issued if it could be proven that the companies project was in the interests of the people.

And that charter was only issued for the duration of a particular project.

In this way the founding fathers ensured that all business activity was in the interests of the general public.
But Rockefeller and his Zionist cohort bribed one state after another, until we ended up in the situation we find ourselves in today, where you are talked down to like a silly, ignorant, naïve, uneducated child, or condescended to like a crazy person, if you even suggest, subtly, that a private corporation might have some sort of social responsibility beyond simply making their shareholders as rich as possible.

This drive to maximize shareholder’s profits does not find itself in any way bound by any sense of social responsibility, or even a responsibility to observe any regulations or law.

If it is cheaper to pay fines, then observe the law, a-la Bill Gates, then the company’s obligation to maximizing its shareholders’ profits mean it is therefore obliged to break the law, and simply fight legal cases, and if necessary, pay fines. Massive fraud is the norm.

Exon deliberately took its electrical plants offline, so it could profit from dealing in electricity supply related derivatives. They bankrupted the state of California, and made billions of dollars, as people died due to power shortages and power cuts across the entire state. The guy who arranged this whole scenario later became one of the largest land-owners in the U.S, after he ‘stepped down’ as an executive of Exon, after the scandal was made public.
How the Zionist Propaganda Machine / Entertainment Industry ‘manages’ the masses

The Zionists have been working at this sort of thing for thousands of years. Whether Moses was Akhenaton himself (he carried the snake-rod of power that only a Pharaoh would dare carry, and built a ‘snake-rod’ altar in the desert, and ‘looked like an Egyptian’ and was raised as an Egyptian Prince, according to the Torah / Old Testament!), or simply a ‘missionary’ of ‘The priests at On’, ‘the priests of Aton, it is clear that he had been born with, and/or learned, some talents for manipulating his ‘chosen people’. Propaganda has proven very effective, both in wartime, to incite an irrational / unfounded/ not-based-on-actual-experience fear and hatred of a people so that they would be defined as ‘the enemy’. The equivalent of peace-time propaganda is called ‘public relations’ and ‘marketing’.

Guess which self-defined group the ‘father’ of public relations, one Mr Bernays, belongs to? And of course you are aware that Freud was a self-defined Jew, and considered that Jews were generally superior to ‘Gentiles’?

Public relations and marketing are all about getting a target group to think, and more importantly, feel a certain way about certain things, products, ideas, and even people. Feelings are the easiest target to manipulate. For feelings are ‘irrational’. They are affective and emotional. Beyond the power of pure reason to influence. So if you can manipulate how people feel about a product or person, or even entire ethnic group, you have pretty much absolute power over them. Their reason will be powerless to defend them.

This book is targeted at your reason. Therefore it is a very weak tool.

Which is why Hitler and his colleagues went to such great lengths to produce the sort of propaganda which is today used to damn him and his entire political group as irrational, hate-mongering, fear-mongering mad men. But he knew that books like ‘Mein Kampf’ would only appeal to reason, and hence to a tiny minority of people. Have you read it? Probably not.
Hitler realized this, and so his first point of business was in constructing a propaganda apparatus worthy of competing with the hegemonic Zionist Propaganda Machine.

He had to get good natured Germans to do what was necessary to free themselves of the Zionist bondage they had slipped into.

He knew an appeal to reason, to facts, to compelling arguments, is rarely effective, and rarely successful, even in a few people.

So he set about ‘demonizing’ Jews in General. He himself had many close Jewish friends whom he cherished and loved, and continued to cherish and love, right up to the end.

But he knew he could not risk subtlety. He had to keep the message simple. To identify the enemy with broad strokes.

It was monstrous, he knew, and openly admitted.

To define a lot of innocent Jews as guilty, to protect all of Germany, and the civilized world, from the minority of Zionists among them.

Hitler was himself never anti-Semitic.

His laws were. His propaganda was. But he was not. He was anti-Zionistic.

Read Mein Kampf. He explains all this clearly to anyone who cares to understand. He despised people who were genuinely anti-Semitic for their irrational hatred and fear.

But he realized that the Zionists would always use the Jews as a cover for their own evil.

The distinction between Zionist and Jew was just too subtle to risk trying to make under the circumstances.

Germany was at war. The Zionists had declared war on Germany. They had committed the ‘Cassis Belli’ that today’s Israeli military claim to recognize, that of putting a ‘trade embargo’ in place.

Germany was being pulled apart and sectioned off by the Allies. The Rhineland had been occupied, illegally, by the French. Millions of Germans had been cut off from their homeland by the Treaty of Versailles, where Jews dominated the proceedings.

Soon there would be no German nation to defend.

Soon the Zionist Bolsheviks would invade and take all of Europe under their lash.

It was not a time for niceties or moral qualms.

It was a time for action.

Do or die.
So Hitler began upon the ‘monstrous’ course of removing Jews from Europe, simply to ensure the Zionists were removed. The Jews were to be removed first to work camps, where they might learn the moral lesson that only hard work can teach. Then once the war was over, and they were no longer needed, they would be sent to Madagascar, or Palestine, to enjoy the ‘exclusivity’ they so desired, without causing anyone else any problems. This was Germany’s only chance of defending itself, and all of Western Civilization from the real menace of the Zionists.
But he lost that battle.
The Zionists now occupy Germany, and France, Britain, and North America. They control NATO.
You think it is a co-incidence that the military alliance is called NATO?
Remember Akhenaton and Moses, and the ‘ATON’-ic order?
Do you realise what Zi-On refers to?
And what a Zi-ON-ist really is?

Propaganda targets the emotions. Like those absurd caricatures of Jews in Nazi propaganda, or of German soldiers in the Allied propaganda.
Propaganda appeals to the irrational, emotional, affective side of people.
It bypasses reason, intellect, and rationality.
Hollywood propaganda has set up a particular image of the ‘Nazi’ which produces knee-jerk emotional, irrational reactions in people, over time.
First you set up this emotional association and response in the masses, via Hollywood films such as ‘Schindler’s list’. Few people realise that this film is admittedly completely fictional and made up. It is pure fantasy. Even Spielberg admits this. The original book it is based on clearly states this fact in the opening pages.
But people take it in as if it was factual. As if it was based on history. Like the rest of ‘the holocaust’ narrative.
Now you have set up a particular image and associated knee-jerk, stimulus-response patterns to the term ‘Nazi’, you can employ this primed, conditioned reflex to your ends.
You can call someone who challenges the Hegemonic Zionists Propaganda a ‘Nazi’, and you will get the desired knee-jerk, unthinking, irrational, emotional response you are after.
Just by defining someone as a ‘Nazi’, you can be sure that your target audience will hate that person with an irrational hate and fear that no amount of reason, argument, or evidence will ever be able to contradict.

As Freud said, people need someone to hate (and love). So when the propagandist gives them someone to hate, they accept the chance greedily.

This is one of the reasons why Germans today tend to accept the holocaust myth foisted on them.

Everyone needs someone to hate. And the Zionists simply supply a suitable target, in a world where such ‘legitimate’ targets of hate are becoming fewer and fewer.

It is no longer socially acceptable to hate people of other religions, ethnic groups, genders, skin-colors, nationalities, or even sexual orientation.

So all that is left is pretty much ‘terrorists’, ‘drug dealers’ and ‘Nazis’.

If you read my book ‘911: five minutes to midnight’ you will see that the terrorists and drug dealers are just as misrepresented and fabricated as the Hollywood Nazi is.

So, the first ingredient of a successful propaganda, mind control strategy, is to target the emotions, first using the most powerful of emotions, the one that has very few socially acceptable outlets, that of hate.

You can throw in some love too. For example empathy for some old Jewish woman who cries when relating her fabulous tales of survival and suffering. It surely doesn’t hurt your campaign. As long as people are irrational, they won’t really engage their brains long enough to realise her story is impossible, and clearly fabricated.

So now you have established that Nazis were evil, that Hitler was a mad man suffering from an irrational hatred and fear of Jews, and for this reason ordered the extermination of 6 million Jews in gas chambers, you can define anyone who dares question this ‘official fiction’ as a Nazi, and immediately invoke the knee-jerk, brainless, completely emotionally, irrational response desired. No-one is going to listen to the ‘Nazi’, let alone read their books.

Everyone is going to feel quite happy to know that these ‘Nazi’s’ are rotting in solitary confinement somewhere. Serves the evil bastards right!

Right?

So that challenge to the absolute hegemony of the Zionist Propaganda Machine has been effectively neutralized and silenced. The Zionists won’t have to deal with any pesky scientists, historians, or philosophers ever again.

Let them write their books, publish their mountains of evidence and proof, and make their videos. No-one is watching, listening, or reading them.
And so now the Zionists can focus on their main game. The Occupation of the Western World, as the stepping stone to realizing their 3500 year old plan of total world domination.

Propaganda, having proven itself so effective in silencing the challengers of Zionist hegemony, will not be employed in ensuring the success of their plans for a Zionist New World Order.

And after all, all is fair in love and war, right? And the Zionists have openly declared their intentions in their official national documents and history known as the Torah (first five books of the Old Testament) and the Talmud.

They have openly declared war. So all means are fair to them.

Their war propaganda can now be directed upon the masses of ‘SHEEP-le’.

They will ensure that the masses are completely distracted by manufactured distractions like sports, entertainment, fashion, fads, and crazes.

The men will be given ‘ersatz’ ‘proxy’ replacements for real theatres of action and control.

Organized spectator sports, and politics. They will be tricked into imagining that there are two competing political parties, and that their political action can possibly make a difference. They will never learn that the Zionists own and control both sides of the political ‘game’. It does not matter who ‘wins’ an election. The politicians will do what the Zionists pay them to do.

There are, after all, many times more Zionist lobbyists than there are elected representatives. Jews contribute more than half the legally documented political campaign finances at the federal level. And every politician at any level of government knows how hard it is to even hope to get elected without the help of the Zionists. It is virtual career suicide to actually oppose the will of the Zionist lobby. Few political candidates would even dream of doing so.

Look what happened to JFK! Just months before his new law would have abolished the Zionist owned Federal Reserve Banking system.

The other thing the propagandist supplies is the masses need to conform to something. To some ideal. To some socially acceptable model. We all feel the need for a sense of belonging.

So when the propagandist offers them such a point of view, a set of values, an ideal, to conform to, the masses tend to greedily accept it.

Propaganda, through the mass media, can manufacture a false sense of consensus on issues that are tricky. No-one wants to be the ‘odd-one-out’ and appear foolish, or be rejected, abandoned, and disapproved of. Everyone wants to find something they can all agree on. People want to belong. To be accepted and approved of. It is a basic emotional, affective, irrational need.
So the mass media construct the illusion for the masses that everyone else believes such and such about this and that, and feels this way about that and that.
So now people ‘know’ what everyone believes and thinks, they know what to think and feel, in order to ‘fit in’ and be accepted and approved of by the group. This is how you manufacture public opinion, consent, and the dominant hegemonic social reality.
The trained actor reading the news script every night has been carefully selected and groomed to appeal to the masses expectation of what an ‘authority figure’, an ‘honest’ and ‘upright’ and ‘moral’ person should look like.
So when this trained actor reads the Zionists script, the people feel his is speaking the gospel truth. He wouldn’t lie, would he? Just look at his handsome, honest, earnest expression.
Just listen to that caring, serious, honest, commanding voice.
You can look into his eyes and know that he would never lie to a soul.
And he is, after all, very easy to look at.
And so are his female colleagues.
And because we grew up from infancy watching our parents respect and believe these new authority figures, we tend to do so too.
And our children mimic us. For who could they be expected to trust more than their own parents, and the people that their parents’ trust?
And sure, there appears to be some sort of choice. You get the impression that some television presenters are Liberal, others conservative, some republican, others democrat, and so on. So you feel you have a choice, and are hearing both sides of every argument.
But in reality all the major media network presenters are literally reading from the same Zionist script.
Read my book ‘911: five minutes to midnight?’ for more details.
So now we have masses mostly engaged with their sports, their soap operas, their fads, their fashions, their crazes, and so on.
They imagine they are informed, up to date, and engaged in meaningful competition between competing teams, and competing viewpoints. They believe they are being given answers to all their questions.
What they never ask is ‘what questions are not being asked’.
What alternative viewpoints are not being presented?
Those rare few who are actively engaged with politics, imagine they are having some impact on the way the world is being run, and the direction in which it is heading, while really only wasting their time and energy. They might as well be playing a board game or computer game for all the difference their ‘political’ activities will do them.
Timothy F Ball: If you are not a skeptic, then you are not a scientist

Our friend Timothy is really on the ball. The original meaning of the term ‘skeptic’ was ‘seeker’. A seeker of the truth. It’s a very ZEN concept. The idea of suspending judgement, and always keeping an open mind. That is the basis of the success of the scientific method. To continually challenge what you think has already been established as fact by the conventional wisdom you have inherited. To continually suspect that they might have gotten it wrong. To constantly challenge your own beliefs, and ‘noetic structures’. Please read my TROOATNOOR philosophy books for more details.

I won’t dare tell you that ‘you don’t know how to think’. Last time I did that the Jewish girl in my class immediately called her mother and complained. The Director of the school informed me, with a wink, that that was quite typical of her. I will not share with you his views of ‘Jews’ in general. Suffice it to say this girl and her mother ‘always knew better’ than anybody else. She wanted to become a vet because it was the best way to make money. And people don’t take lawsuits out on vets when they ‘make mistakes’. Not that she would ever make a mistake. She was always right. Her and her mother. Just like most of the Israeli’s I have had the pleasure of meeting and speaking to. Well listening up at, as they talked down to me from their heights of superiority, both intellectual and moral!

The idea of skepticism is key to the success of the scientific method, and to all our advances in science and technology. People said humans would never fly. For example. The earth was flat, and at the center of the universe. Women were feeble-minded and unfit to vote, or work outside the home. Blacks were mere animals and therefore had no human rights. They were only fit to slave away for their white masters. Rape was impossible as a woman had to ‘want it’ for a man to be able to ‘do it’. Catholics and Protestants could never live peacefully together.
Meat and dairy products are healthy, and even necessary for optimal human functioning.
Metallica were an untalented bunch of thrash metallists, that made the listener feel as if they were being rolled down the road in a metal garbage can. That last one was one of my greatest acts of poor judgment!
And even I grew up believing the one about meat and dairy!
You see the only way to progress is by ‘being wrong’, and moving forward.
I write a lot about the creative process, and intellectual progress, and critical reasoning in general, in my TROONATNOOR books.
Of course if you want to discredit a skeptic, you call them a ‘denier’.
Like all the anti-Christ who ‘deny’ that Jesus was the son of god, and god incarnate. Yes folks, anyone who is not Christian is an anti-Christ. Which means the whole world is full of billions of them!
If you cannot disprove a person’s arguments or evidence, then you simply undermine the credibility of the messenger.
You demonise the messenger. Like Hitler has been demonized. Like so many historical revisionists have been demonized. Like global climate change skeptics are being demonized. In fact they are being criminalized as I write this sentence, in Paris.
Al Gore kept lying to the world that consensus existed among the scientific community that ‘man-made global warming’ was both real, and an immediate threat.
Now they are all lying to the world about ‘man-made global climate change’, to cover themselves both ways.
Remember that a few decades ago we were being told that we faced a new Ice age.
They were trying the same scam.
The same scam they are pulling right now.
And because it is such an obvious case of deception, anyone who dares try to inform the public will be defined as a criminal and silenced. Locked up. Even simply killed. I am not exaggerating. Why do you think they have imposed what amounts to ‘martial law’ in 8 E.U nations, including Germany and France? In response to the terror attacks they either carried out or simply allowed to take place in Paris? Conveniently just before the ‘summit’?
Just like anyone right now who tries to inform you about ‘the holocaust’ deception is defined as a criminal, and silenced. Locked up. Ruined.
That’s me folks. Oh now, don’t bother thanking me. Remember that this is my world too. I don’t have anywhere else to go either. Without your help I cannot hope to defend myself, and all the good things and people in this world that I want to protect.

Soon, as with ‘the holocaust’, the ‘new ice age’, ‘global warming’, the new ‘Global climate change’ myth will become the dominant hegemonic social reality. It will soon become ‘fact’. We will be told that there is ‘absolute consensus among the international scientific community’ about the threat of global climate change, and the need for their new global government.

You won’t hear or see any contradiction of this ‘consensus’, because anyone who speaks up will be locked up, maybe even killed. And once a few people suffer such ‘fates worse than death’, the rest of the scientific community will self censor.

Like the world’s historians on the issue of ‘the holocaust’.

With everyone self-censoring their critiques, the general population will get the distinct impression that there is nothing to question. That there is no dissent. That there are no alternative views, opinions, or even science.

The general population will be conditioned and primed to define any rare person who risks everything to try to inform them of the truth as a ‘nutter’, or ‘conspiracy theorist’, ‘mad’, or ‘malicious’.

The Zionist propaganda machine will ensure that these definitions ‘stick’.

The mass media will ensure people are completely ignorant of the facts, and completely convinced that the myth is real.

Just like most people still believe ‘the holocaust’ myth is real.

Why do you think the Zionists have made every effort to gain ‘full spectrum domination’ of the mass media, the U.S congress, and therefore, effectively, the public opinion of the entire world?

The Zionists will manufacture the same consensus about ‘man-made global climate change’ as they did about ‘the new ice age’, ‘global warming’ and ‘the holocaust’.

Just like they convinced you all about 911, The gulf of Tonkin, The Maine, The Lusitania, Pearl Harbor, Saddam Hussein’s ‘Weapons Of Mass Destruction’, and every other ‘false flag’ and ‘produced’ terrorist attack or ‘attack on America’ that ever (supposedly) happened.

Please read my ‘911: five minutes to midnight’, and ensure that that book, and this book, are made available to everyone, for as long as possible. Please ensure all my books are made available to as many people as possible, in as many languages and formats as possible.
I don’t love money. I love truth, justice, freedom, and beauty.
Self-determined, free, self-sacrifice is perhaps the most beautiful thing in this world.
Slavery is one of the ugliest things in this world.
Lies are another.
Just to once more state the facts which the world’s still free scientific community agree on.
This temporary phase of global warming is produced by the activity of the sun, and not by any human activity. It has definitely nothing to do with carbon emissions.
The world’s temperature, like that of all the planets in our solar system, regularly rises and falls due to changes in the activity of the sun.
All the issues surrounding ‘the holocaust’ and ‘historical revisionism’ will soon be affecting you and your families in very personal ways.
You let the Zionists get a foot in the door, and soon you will be feeling their jackboots on your necks.
The new global police force, under the new ‘carbon scheme’, will have the power to place a red ribbon on your door that will make it a crime for you to even enter your own home.
They will do this if you do not submit 100%, mind, soul, and body, to the every whim of the Zionist.
Soon we will have a cashless society, and the Zionist will be able to make it possible, with the click of a mouse, to feed your family, pay your rent, or pay the doctor.
If you even look like you are questioning anything the Zionist Propaganda Machine is saying, you will lose everything.
This is going to be even worse than 1984, my friends.
All because, when good people were fighting the good fight for truth, justice, and liberty, you ignored them, and went on watching your soap operas, sporting events, and worrying about ‘fitting in’ with the latest fashions and fads.
Please, while there is still a chance, read my ‘911: five minutes to midnight’ and my ‘Religion’, and all my other books.
Share them.
You see I won’t be free to publish books very soon. I won’t be free to speak up and tell you what I really think, very soon. I will not be able to even try to help anyone, very soon.
I will in fact, for all intensive purposes, disappear, if I do not actually literally disappear.
So all I can do is plead with you, against all hope, that you love your children enough to open your mind to a non-Zionist Hegemonic propaganda machine version of reality, and make a little effort to use that thing between your ears.
I cannot help you if you don’t help me.
Perhaps the Zionist is right after all?
You are just mere cattle?
Not really human beings at all?
Not worthy of freedom?
Not capable of reason?
And I have been sent as your prophet, as a matter of fair play, and as proof that you are beyond redeeming?
Soon they will be arresting anyone, like the French opposition leader, who dares voice their dissent about the millions of migrants that are flooding into their nations.
Maybe then you might start wishing you had supported the original combatants in this war on our freedom of speech.
The Talmudic Jew alive and well

Now I can quote the Old Testament, the first five books that make up the ‘Torah’ or ‘Pentateuch’, and the Talmud, and the ‘Kabbalah’ where it states that Jews have the right, and destiny, to enslave all the non-Jews (Gentiles / Goyim / Goys), and to treat the female Gentiles as sex slaves, to use as they please.

I could quote how these books state clearly that the Jew ‘may use the female Gentile as he pleases’. How anything a Jew does to a Gentile is ‘lawful’, as no laws apply to the Gentile. The Gentile has no rights. The Gentile is not a legal entity, in the same way as most Gentiles consider that animals have no legal rights, and that they may ‘do with them as they please’.

Few people would consider it a crime to kill an animal for their own pleasure, to eat, or as sport. Few people would consider that an animal had any legal rights, other than those its ‘owner’ might grant it. An animal is considered the ‘property’ of the owner. Anyone claiming that animals had legal rights, or that they could ‘sue’ their owner for damages, or gain the protection of the courts, would be laughed at.

Well the Talmudic Jew laughs at the very notion of a Gentile having any such legal or moral rights.

You might get in trouble with the ‘owner’ of a Gentile, if you kill or maim it, and be expected to pay the owner compensation, but the notion of granting the Gentile itself any protection or rights is considered laughable.

Remember that the Jews lead the slave trade from the very beginning, and were the last people to abandon it, after ever nation in the world banned it. Of course it was not banned in Saudi Arabia until the 1960s, and only banned in the U.S after a massive and bloody war.

So all you need do is consider the average Gentiles’ of the rights of ‘blacks’ a few hundred years ago, or a few decades ago in the case of Saudi Arabia, and South Africa, to understand how easy it is for one group of people to define another group of people as ‘non-human’. As ‘mere cattle’, to be bought and sold, sexually abused, worked from cradle to grave.

You can then see how easy it was for the predominantly Jewish Bolsheviks in Russia to kill tens of millions of Christians between 1914 and 1957, as the writer Alexandr Solzhenitsyn reminds us.

You don’t have to go back to the Old Testament where Jews ‘ripped apart pregnant women’, killed every living man and beast, and at best, allowed the virgin girls to live, to be kept as sex slaves, and passed from one Jew to the next,
as he got bored with her. That’s all in that obscene book called ‘The Bible’ which has somehow gained so much reverence, and is even held as ‘sacred’ by the very people that it reminds are destined to be the slaves of the Jews.

O.K, so you might say that all these books are old, and no longer reflect the current position of Jews today.

You might argue that, just like the Gentile has changed in the last few hundred years, and has abolished slavery, and genocide, the Jew has also climbed up many rungs of the moral and ethical ladder.

Among the Gentiles, extreme racists, and those who speak of genocide and slavery, will be ostracized by the wider community. They would have no chance of gaining the highest political offices. They would meet with disapproval, rejection, and even legal sanction.

So why is it that over a million people turned up to lament the death of the former Israeli Sephardic leader of Israel, Rabbi Ovadi Yosef?

You know, the one whose political party formed a coalition with Netanyahu to give him the Presidency.

The one who stated that 'non-Jews exist to serve Jews'.

The one who announced to the whole world that 'Goyim were born only to serve us. Without that, they have no place in the world; only to serve the people of Israel'...quoted in 'The Global News Service of The Jewish People' Jerusalem, (JTA.org) 10-18-2010.

If you think the Talmudic Jew is a thing of the ‘dark ages’, then you’d better think again.

Rabbi Ovadi Yosef has consistently and publicly held the position that the only reason that we non-Jews exist is to serve the Jews as their ‘donkeys’, ‘as beasts of burden’.

He literally stated that ‘they will work, they will plow, they will reap. We will sit like effendi and eat. That is why Gentiles were created’.

What Rabbi Ovadi Yosef expects of all us non-Jews is that we will volunteer to give the Jews all our wealth, and then serve them as slaves.

Anyone who does not accept them as master will be slaughtered.

Just like it says in the Talmud, and Torah.

They will keep the productive and willing Goyim / Gentile males as slaves.

They will keep the female Gentiles as sex slaves. And the Talmud clearly states that it is fine to rape a three year old girl.
If any judge in the world is going to claim I am inciting fear and hatred of Zionists, then they are welcome to demand to know my sources. They are all public sources. You won’t have to imprison me to get me to ‘give up my sources.’ My ‘sources’ are all public newspapers and books you will find in most large public libraries.

You don’t have to rely on documents like ‘The Protocols of The Elders of Zion’, or any paperback by an author with their own agenda.

You can go to the Jews’ (and the Gentiles’) most sacred, widely published, and widely acclaimed and praised books. You can read the equivalent of an Israeli ‘New York Times’ newspaper. These facts are not hidden out of sight, or spoken of in hushed tones among conspirators afraid of discovery. They are sitting on the bookshelves of billions of families, and millions of public libraries.

I am not putting any ‘spin’ on anything. I have no ulterior motive. I have nothing to gain by presenting these facts. Nothing but my freedom to continue working hard, and the liberty to publish my books, and express myself.

And if you still have any doubts, then consider what the very founder of the ‘modern’ state of Israel, Ben-Gurion, literally stated in a ‘Look’ Magazine interview.

Ben Gurion stated that Israel was to become the world’s new United Nations, its new supreme court for the entirely of humanity.

Ben Gurion founded Israel with the explicit intention of building a globalist state, a New World Order, headed by Israel.

Ben Gurion said that Israel would abolish all the armies of the world.

If you don’t get it now, then when will you?

When you and your loved ones are being exterminated, enslaved, and raped?

What good will the realization do you then?

Soon books like mine will simply be ‘deleted’ and it will be as if they had never been written.

One day your children will be born without any idea that there was once a world where non-Jews lived as free men and women.

For all they will know is slavery. Hard labor. Continual sexual assault at the hands of the Jews. They will be passed from one Jew to another, and abused as mere sex objects.

While it is the Jews that will go on television and arrogantly tell us that they are the force behind our ‘open borders’ policy, ensuring the long term elimination of
nation-states, and possibly the white Europeans themselves, it is impossible to
immigrate to Israel unless you are a circumcised male Jew, or a female Jew.
And we are not speaking about religion. We are talking about genetic screening.
It is legal for a Jew to marry an atheist Jew in Israel. However marriages between
Jews and Gentiles are forbidden. Just like in the Old Testament and Talmud.
And while in the West Jews are clearly and admittedly behind the growing
legalization of marriages between gay and lesbian couples, in Israel such a
situation would be unthinkable.
For Rabbi Ovadi Yosef, who was the most revered and respected man in Israel,
‘blacks’ are somewhere between a man and a monkey, with even less rights than
a white Gentile. Israel practices the most extreme form of apartheid you can
imagine in relation to Jewish ‘blacks’ and Palestinians.
And if you think that the Jewish Supremacist ideology, the most racist the world
has ever known, is limited to Israel, and to ‘religious’ Jews, then think again.
You will find the same sorts of views and emotions among atheistic Jews living in
the U.S.
And dominating its mass media, politics, finances, and military.
I downloaded a YouTube post titled, ‘What would the Middle East be like if there
was no Israel’.
It was a clip from an outfit called PJTV.
I had no intention of doing any more writing on the subject of Israel and Zionism.
But this clip was just too provocative. I just have to share the ‘highlights’ of it with
you.
It will give you a real insight into how a Zionist really thinks today.
You may dismiss the Torah and Talmud as ancient texts written in a different time
and place, and therefore not representing how Zionists feel and think today.
The speakers were all very prominent Zionists. They have their own radio
programs, and columns in major newspapers. They are not ‘fringe’ elements.
They are ‘highly prominent and respected’ members of the Zionist community.
Which makes their comments all the more shocking.
They complain that the mass media in the U.S demonize Israel.
They state openly that Jews are responsible for everything that is good about
western civilization.
They make it clear that they think they have the right to kill innocent children,
and are upset at how the West keep doing body counts of all the children that
are murdered by Israeli military attacks.
They claim that Israel is being limited by its own decency, and must overcome any sense of empathy for the innocent victims of their military attacks if they are going to win the war against the Palestinians. They claim that Israel is the U.S.’s greatest ally. They state that Hamas (meaning Palestine) is evil, and you can’t negotiate with evil. You must destroy Palestine completely. ‘You have to be willing to wipe out the enemy’. This is exactly the mentality expressed in the Old Testament genocide that Joshua and his Jews committed. They claim that Israel’s survival depends on completely wiping out Palestine. This is the purest fear mongering I have ever heard.

And this is a woman speaking. She asserts that ‘we have to wipe out and humiliate’ the Palestinians, and ‘bring them to their knees culturally and otherwise’. Otherwise? Wipe out? That sounds a hell of a lot like genocide to me. Check a dictionary and thesaurus. You will find that ‘wipe out’ is a colloquial term for ‘genocide’. And I think that is not tolerated in the west anymore. Which is basically what all these arrogant psychopaths are complaining about. How weak the West, and ‘Liberal’ Jews, and ‘Leftist’ Jews, have become. She insists that anyone who does not want to ‘wipe out’ all Palestinians must ‘hate themselves’.

She describes the hundreds of thousands of people killed in the U.S invasion of Iraq, in response to 911, ‘pathetic weakness’. She insists that the U.S should have responded much ‘stronger’.

Clearly she realizes that Israel was the perpetrator of 911, and clearly the Israeli’s expected a much different response from the U.S.

She kept talking about how Israel has the right to do anything at all to defend itself.

This is always the rhetoric. To attack the Palestinians, and then call it ‘defense’. Tell me how you can be defending yourself when you are the invader, and are currently illegally occupying the territory you imagine you are ‘defending’?

‘Israel has to do what is necessary to its defense’.

‘Innocent bystanders have to be killed’.

She complains that the west has ‘elevated civilian casualties to a moral plane that guarantees Israel won’t win the war’.

It must be clear to anyone now that the holocausts committed by Allied bombers in Germany and Japan were at the insistence of Zionist political lobbyists and military commanders.
For she clearly relates the current situation in Israel with WWII, and the ‘total war’ that the Allies pursued.

She is somehow comparing the Allies war with Germany to Israel’s illegal occupation of Palestine, as if they were at all similar.

She clearly asserts that Israel has the right to carry out the same sort of war crimes that the Allies committed against Germany and Japan.

She complained that the Palestinians are granted sympathy by the west because they are seen as ‘the underdogs’.

She claimed that the Palestinians, who are shut up in a concentration camp, with one of the highest population concentrations in the world, are using their kids as ‘human shields’. As if the mothers had anywhere to hide their children from the Israeli concentration bombing!

She claims that somehow Israeli military are protecting their own children, by invading, illegally occupying, then bombing, the Palestinians.

All the presenters were clear about ‘wiping out’ Palestine as the only possible solution to the problems of Israel.

Then they went on about how ‘Jew hatred’ has been a part of civilization from the beginning, but rather than ask what the Jews might be able to do to stop people hating them, they just became even more self-righteously arrogant and impossible, claiming that the reason the Jews are hated is that everyone envies their superiority.

They assert that the U.N was corrupted from the start, by notions that all people are equal, as if it was not perfectly clear that Jews are superior to all other people.

They insisted that the reason we don’t recognize their superiority, and be grateful for them having built all that is good about western civilization, and maybe live in hope that maybe they might befriend us, like a kind, generous person might befriend some stray mut, is that we have a ‘limited historical background and moral depth’.

In other words we are just ignorant and immoral.

The host made a slip, referring to Hitler’s ‘Final Solution’ which was to finally relocate the European Jews to Madagascar, but imagined he had ‘covered’ by adding ‘so he could kill us all there’. As if Hitler was going to go to all the trouble of transporting millions of Jews to Madagascar just to murder them?

They then referred to the 5000 to 6000 year history of the Jews in Palestine. What?

Based on the bible, their only ‘historical’ record of any claim to Palestine, the earth itself is only about 6000 years old. So that wouldn’t leave much time for all
the stuff that happened in the bible to take place. Let alone room for the
dinosaurs!
They conflated Palestine with Islam, claiming that the Muslims could only look
back on a few hundred years in the region.
They described Israel as the only civilization in the whole Middle East, which was
otherwise made up of ‘savages’.
I have a strange feeling that they have never read any history books.
They complained that too many Jews feel bad about what Israel is doing to the
Palestinians, ‘so soon after the holocaust’.
They described Israel, as ‘that tiny country surrounded by a billion enemies’.
But didn’t they begin the show by admitting that the whole world hates the
Jews? And always has?
Then they admitted something that will make your ears stick up if you’ve ever
read ‘Mein Kampf’. For Hitler argues that the Jews are not a religion at all, but
merely use that as a ‘cover’ to appeal to notions of religious toleration.
They stated that they were all atheists.
I don’t get it then. If being a Jew has historically been defined by religion, there
being no ‘Jewish’ nation as such until 1948, then how could they be Jews at all?
This brings me to an earlier reflection I made about the meaning of ‘cultural Jew’
or ‘secular Jew’. What do those terms really mean? Why define yourself as
“Jewish’ at all?
And then these self-defined ‘Atheist Jews’ made comments that would have
made any ‘Mosaic’ Jew sit back in horror.
They mocked and derided the very ideas of ‘multiculturalism, forgiveness, and
compassion’, on the part of Jews, defining it as ‘self-hatred’.
These are prominent, successful, widely respected (among their Israeli Jewish
peers) people behaving as if they had just jumped out of the Old Testament at
the time of Joshua and his genocide, mass rape, and enslavement in ‘the
promised land’.
I doubt they would flinch at all at the sight of Israeli commandos ‘ripping apart
pregnant women’.
If any judge in Germany wants to claim I am trying to incite anyone, or
exaggerate, then let that judge first read the Old Testament, and then watch this
film clip themselves.
They insisted that it is some kind of disease not to clearly recognize that the Jews
are superior to every other race, as if all people of the world were equal, and all
nations had an equal value.
They decry the lack of discrimination in the U.N, and the West. The LACK of discrimination. Using that term in its worst possible way. They clearly stated that it was clear that Israel is superior to all other nations. For it was the Jews who gave us Western Civilization. The Jews are superior and every other nation is inferior.

I could not have made up such a film clip. I would never have dared create such ‘caricatures’ of arrogance, self-righteousness, and Old Testament delusion. For I would never expect anyone would ‘buy’ such a depiction as real. I would feel it much too ‘Celine’ to get away with.

And then I stumble upon this film-clip on YouTube. Apparently the first of a series of four. I don’t think I could bear to watch the other three parts.

I still can’t believe that there are people alive today who not only think like they do, but would dare express themselves so confidently.

And these guys are Ph.D.’s from the Ayn Rand institute, and Washington Post columnists, and have their own radio programs in the U.S.

The stated matter of factly that Israel is better morally, intellectually, spiritually, and in every other way, than Palestine.

They define the Palestinians as ‘fundamentally inhuman’. Nowhere did I read something like that before? Oh yes, now I remember, the Talmud. As I have been warning you over and over. The Zionists do not consider anyone who is not a Jew to be human at all. We are all mere cattle. And her you have it from the Zionists own mouth. Not in a private chat among friends, speaking in hushed tones, fearful of being overhear. But proudly and assertively in a YouTube video they want the whole world to see.

Really, I think we’d better check to make sure these people really are who they say they are, and are not some actors trying to make Israelis look bad.

I mean as negative propaganda for Israel and Zionism I can’t think of anything stronger or more effective.

These Zionists then went on about how they created a free, democratic Israel with equal rights for everyone. Well, everyone that is Jewish, of course. I mean, that is self-explanatory. I mean, you don’t give ‘cattle’ equal rights to ‘humans’, do you?

The woman then stated outright that ‘The Jews created western civilization...and we should be grateful to them, and hope that maybe they will be our friend’.

She was really angry with Churchill for ‘elevating sheepherders to royalty’.

They claimed that none of the problems in the Middle East were created by Israel.
I don’t think that the U.N would quite agree with that statement, nor 99% of the world’s population. Even most Jews today are against the current Israeli policies. But of course all these Jews are ‘self-haters’.

The Arabs, they insist, simply hate Israel for the same reason that everyone, over the ages, has hated Jews. Because they are better.

I could barely contain myself to hear about how the Arabs should ‘work a little harder’. If you know anything about Israel, you will know that, from the very beginning, the Jews got the local Arabs to do all the work.

Even Rothschild expressed his loathing of this situation. He had bought the original plots of land hoping that the Jews would become honest workers. But as soon as they arrived they started paying other people to do all the hard work. And of course any hard work done by Jews is done by the ‘dark skinned’ Jews who are treated like the racist whites in the U.S treated the Negroes, a few decades ago.

And so the ‘hostility’ that the Jews have suffered over the last few thousand years is all due to everyone else’s envy and hostility of the Jews complete, general, and all-encompassing superiority.

I really need to prove to myself that I had not been watching some anti-Semitic mock television show.

Tammy Bruce has her own radio show tammybruce.com and a Washington Post column.

Dr Brook works at the Ayn Rand (institute/foundation/think-tank?).

I was so provoked by this amazing display of the very worst anyone could say about Jews without losing all credibility that I had to write this chapter immediately.

Now go find that clip on YouTube and convince yourself I did not make it all up. I know how hard it is to actually believe it when you see it.

Everything I have been saying in this book suddenly looks pretty obvious and incontrovertible.

These people are not some fringe, Jewish Fundamentalist sect members careful to make sure no-one ever overhears them.

These are mainline, conservative, high profile, loud, confident, strident Zionist Jews who are so sure of themselves and their superiority and right to dominate the world, that they want everyone to know it.

It’s like they completely expect you to accept their domination, thank them for everything they have done for you, and then live with the quiet, desperate hope that they might let you be their little friend.

I just pretty much quoted them.
So now tell me who is inciting the world to fear and hate Zionist Jews? Me? Of course not.

Why would I bother with this lengthy, brain-tiring book when all I had to do was play you a tape of these guys masturbating on camera about how great Jews are, and what a real drag it is the west won’t let them kill all the Palestinian children, so they can win their war!

OMG and WTF!

I rest my case. I shall now leave it to the jury, you, my dear reader, to decide.

I can only imagine how shameful the average, decent, honest, compassionate, educated, tolerant, liberal self-defined Jew would feel on seeing how their fellow ‘Jews’ and ‘Israelis’ disgrace the very notion of ‘Jew’.

If you want to know why the Jews have had so many problems throughout history, I think you need look no further.

It is the powerful minority of Zionist Jews that have incited a very rational and reasonable and grounded and justified fear of Zionist Jews.

Most Jews, as far as I can tell, are innocent, and suffer because of the actions, ideas, and arrogant delusions of the few Zionists who share their self-definition as ‘Jew’.

There has never really been ‘Jew Hate’ in the world. There has only ever been ‘Zionist Jew Hate’.

People who are really superior help others. They share their holistic inheritance. Because they are morally superior, and not just gifted or talented in some narrow sense.

People who are merely good at finance, learning narrow sets of skills, at propaganda and deception, at scams and conspiracies, and have no real sense of ethics, morality, or love of truth, justice, and liberty, can never claim to be superior.

They can never claim the right to rule the world. To govern others. For they have never learned to govern themselves. They have never learned humility or compassion.

No mother who knows what love is, wants another mother to suffer the pain of losing her child.

No consideration could possibly be greater than the desire to protect the children of the world.

This Zionist Jew Tammy imagines she is superior in the way that all sociopaths and psychopaths imagine they are superior.
These Zionists represent the Torah, the Talmud, and, you have to understand, the Zionist New World Order.
But they can only win if you let them.
So please, read this book. Consider what I have written. Check out anything I have claimed for yourself.
And then share this book. Make torrents and seed it. Share it on Facebook and Twitter, and any other way you know.
I did not write it with any thought of personal financial gain or fame.
I wrote it knowing it would bring me nothing but trouble.
I risk long prison sentences just for writing it.
Well, actually, merely for THINKING it.
I am not joking.
Fact.
Thought crimes exist.
The Zionists cannot win if you are free to think.
If you have information with which to form your own opinions.
Remember that the Church used to torture people to death for challenging their dominant hegemonic social reality.
It is today a crime in many nations to challenge the Zionist lie known as ‘the holocaust’.
As I write this, they are working on laws that will make it a crime to question or challenge or express skepticism about ‘man-made global climate change’ or the new ‘open borders’ immigration policies.
So you’ll have to act fast.
Just remember, that once you know what you have to do, they can’t stop you.
They, the Zionists, know this.
That is why they are so terrified of people like me, David Cole, David Irving, Ernst Zundel, Sylvia Stolz, and, If I may be so bold as to assume that you have the brains and heart to understand what you have been reading, YOU.
Their house of cards is so vulnerable to the slightest dissent, the slightest challenge, the smallest of truths, that they have done everything in their power to make sure that the slightest attention is never directed at their lies.
Start getting everyone to ask questions. To become ‘seekers of truths’. To become skeptics, in the best meaning of the word.
Don’t let the bastards treat you like cattle.
Prove that you are human.
That you are worthy of their respect.
The only way is to demand it.
Now.
Shalom!
The Zionist ‘Utopia’

In his 1930s book, ‘The Jewish Utopia’, Rabbi M. Higger makes regular references to the “Kabbalah’ and ‘The Babylonian Talmud’, and ‘The encyclopedia Judaica’, and states that everything he has written in his book has the approval of Rabbi’s worldwide. Just in case you think this is just the opinion of some marginalized ‘nutter’ Rabbi.

He explains how ‘God’ is the collective Jewish nation. In other words there is no other god but the Jews themselves.

The only thing that a Jew holds sacred is the Jew themselves, as a group.

The Jews are to be the judges of the entire world, with the power to define everything.

‘The best of the Gentiles, kill them. The best of the snakes, smash its skull’.

Remember that ‘America’ does not derive from ‘Amerigo’, but from ‘Amaraka’, which translates to ‘the land of the snakes’.

Snakes / serpents are the ancient symbol of wisdom, and power.

All pharaohs held a sacred ‘snake-staff’ as their symbol of power on earth.

This is why Moses carried a staff that ‘turned into’ a snake, and why he built a ‘snake’ icon in the desert. Moses was either Akhenaton, or a high priest of Aton, like Joseph (JO-SETH).

There is consensus among Rabbi’s that there will be no place for Goyim / Goys / Gentiles / Non-Jews in the world to come.

The Jews believe that the Goys / Gentiles will voluntarily give all their wealth to the Jews.

If you have been paying attention, if you’ve read my book ‘911: Five minutes to midnight?’, or anything like it, you will know that the Jews have already tricked us into giving them over half the world’s wealth. They will get the rest after the next global crises, crashing the financial, share, and commodities markets, before going in and buying up all the assets at bargain basement prices.

In case you didn’t know, George Soros, formerly known as Gyorgy Schwarz, a Zionist Jew, collaborated with the Nazi’s in seizing the property of Jews in his youth. He is proud of this fact. He will be the first to admit it to you if you ask him. This is how he made his first 100,000 dollars.

He then went to America where he made his first billion in the following way. He ‘borrowed’ billions of pounds’, buying German Marks with them. He knew the Pounds value was going to fall drastically in the short term. He just waited for the
crash to come. When it came, he repaid the British Pounds he had borrowed, by buying British Pounds at the lower rate, with the German Marks he had bought with the borrowed Pounds.

His profit was the difference between the value of the pound when he ‘borrowed’ them, and their value when he ‘repaid’ them.

He was guaranteed a profit, simply because he could borrow so many billions from his Zionist mates that simply selling what he bought for German Marks was guaranteed to lower the value of the Pound so far in market terms that the British government would be forced to abolish its fixed exchange rate.

If you don’t think he had ‘insider’ knowledge, and had not ‘conspired’ with other forex traders to ‘break’ the Pound, then I don’t know what it would take to convince you.

George Soros stated, verbatim, that ‘Destroying America will be my life’s work’. Remember he is very old now, so I guess the end of America is coming within the next few years.

The ‘snakes’ skulls will soon be crushed in Amaraka, ‘the land of the snakes’. And then the rest of us Gentiles will be killed. Or enslaved. And used as sex toys. Whatever the Zionist wishes. Just as we today are free to do pretty much whatever we want with the ‘cattle’ that we ‘own’ and have the ‘God-given right’ to use as we please, seeing as our cattle have no ‘legal rights’.

George Soros is currently financing terrorists in Ukraine, who are pretending to be ‘neo-Nazi’s’. This is typical of Jews. They paint anti-Semitic slogans on their own homes and dorm rooms. They blow up their own synagogues. They finance ‘hate groups’ to incite fear within the Jewish community, and to generate sympathy from the Gentiles.

In this case Soros is trying to destabilize Ukraine, bankrupt Russia, and start WWII.

You’ve probably noticed that oil prices have been falling. This is a form of economic warfare. The Zionists have colluded with the Saudi’s to drop the price of oil below what it costs the Russians to produce oil, thus ensuring that the Russian economy is ruined. For the majority of tax revenue for the Russian government comes from oil and gas sales.

The European Union has also been co-opted by the Zionists to get Europe to stop buying Russian gas.

This is economic warfare. Typical Zionist strategy. As adopted to force Germany and Japan to take military action against the U.S and allies, so that the Allies could pretend they are merely defending themselves by ‘just’ warfare. The same way Israel committed the 911 atrocities so the U.S could pretend to be
'defending' itself against an enemy, and define its criminal invasions as ‘just’ warfare.
Over and over Jews have been caught out at this game.
Zionists also infiltrate any sort of ‘Aryan’ group and attempt to lead them to commit anti-Semitic acts, or make anti-Semitic statements, to discredit any sort of holocaust skepticism or historical revisionism.
They pay ‘controlled opposition’ in the form of ‘alternative media personalities’ to misdirect the attention of genuine truth seekers away from the truth.
For example many people believe that the most successful ‘alternative’ media personality Alex Jones, is really a Zionist ‘Shill’.
They have good grounds for believing this. The man who predicted 911 months before it happened also ‘outed’ Jones as a ‘controlled opposition’ funded by the Zionists. He was killed before he could prove the last allegation to the public.
Alex Jones dismissed the proven fact that no commercial passenger planes were involved in any of the 911 incidents. This piqued my curiosity years ago. I couldn’t understand why someone ‘like him’ would just dismiss what was obvious to anyone who has really looked into 911. And then I noted that he never ever talked about Zionism. And when he was forced to, by a guest, he would always make a big joke of them after the interview, to undermine their credibility.
Whether he is really David Hicks or not doesn’t matter to me. Certainly the similarities in appearance, and the circumstances surrounding Hick’s ‘death’ should give us grounds for taking the claims seriously. And not, as other websites are trying to do, define anyone making such claims as suffering from a mental illness. Again, by adopting such stale, conventional, typical responses a-la ‘any dissident is mentally ill’, and overstepping the mark, the Zionists reveal what they are trying to conceal, by the act of trying too hard to conceal it.
And if you look into the past of President Clinton and Hilary Clinton, you will see that there is every reasonable ground to suspect him of massive drug smuggling and money laundering, defrauding of taxpayers, and connection to a number of murders, and the cover-ups of investigations into those murders.
But no-one is allowed to present their official findings before a congressional hearing, just like no historical revisionist with clear evidence that the holocaust is a hoax, are ever allowed a fair trial at which to present their findings, let alone a congressional hearing.
The same old pattern.
Remember Clinton famously stated that he is so pro-Israel that, if allowed, he would put on an Israeli military uniform and join his comrades on the front line!
Clinton’s well known ‘Israel first’ (even though he swore an oath of allegiance to the U.S constitution!) has ironically gotten him the vote of the Christian Zionists, who believe they are helping fulfill biblical prophecies by arming and financing Israel, to the point of Armageddon.

Again, remember that the Clinton’s arrived bankrupt in Washington, and now have an official net worth of around 200 million dollars, after decades of ‘public service’. Last time I checked, working for the government didn’t pay enough to allow such an accumulation of wealth.

And that is the ‘official’ net worth estimate. If the Clinton’s have ‘declared’ that much, it is probably safe to assume their net worth is much higher. They will probably ‘pick up’ millions here and there for ‘speeches’ and ‘consultancy work’ and ‘amazingly profitable business deals’ after they leave office. Hilary already has demonstrated an uncanny ability to make profitable investments.

It helps when you can get taxpayers money to make loans to mates that they are never expected to pay back. Fact. Go online and check out all the recent documentaries on Bill and Hilary Clinton.

The Zionists have tricked us Gentiles into voluntarily giving them our blood and our treasure, sending our children to fight in wars that serve only the interests of the Zionists, and allowing them to manipulate our financial systems and economies to serve their own interests.

They’ve been plotting and scheming for as long as we have historical records. Now and then a few people wise-up to them, and so we have a constantly repeated cycle of Jews being made welcome, gaining power and influence and wealth, and then being expelled or simply killed, when the victims realised what they were up to.

The Zionists are so close to their ‘utopia’, and yet realise how close they are to being ‘outed’ and ‘exposed’ for the criminals that they are, and having to face the anger of their justifiably angry host nations.

That is why they do everything they can to ban books like this, to discredit their authors, or alternatively to ‘co-opt’ and ‘buy out’ authors and public figures who are working to expose them.

It is the truth that they fear more than anything on this planet.

This book is the equivalent of one hundred nuclear warheads, as far as the Zionist is concerned.

However no war-head poses any threat as long as there is no ‘detonator’ or ‘missile’ to carry it to its target.

In this case it is you, dear reader that are the detonator, the missile.

It is up to you to ‘deliver’ this ‘payload’ to as many people as possible.
That is what really makes this book and books and videos like it so potentially dangerous to the Zionist.
That is what will determine whether books like this realise their potential to free you of the Zionist.
It is up to you.
Without you all my efforts and sacrifices will have been in vain.
Without you, I may as well have not bothered writing this book, or any of my other books.
For it is you that will decide our collective fate.
You have the power.
You are still free to act.
You will only have yourself to blame if you do not use that freedom while you have it.
Others endured great torments, suffering, loss, sacrifice, and even horrific torture and death, to give you this freedom.
It was given to you at a great cost.
Are you going to honor those who have made your freedom possible by acting now?
Are you going to prove yourselves worthy of their struggle and sacrifice?
Are you going to prove yourselves worthy of freedom?
Or are you the cattle the Zionist defines you as?
Five reasonable explanations for the draconian persecution of historical revisionists

The most compelling explanation is a Zionist occupation of Germany, North America, and France. The Zionists are simply wielding their power through courts. Who knows who they have bought off, corrupted, or blackmailed. Why did Helmut Kohl’s government introduce laws that contradict the German Constitution?

In this explanation, the Zionists, fearful of people learning the truth that the holocaust never happened, quickly stepped in to ensure that anyone who had discovered the truth would be persecuted, and silenced, to send a clear message to anyone else who had discovered the truth, or at least become skeptical of the official fiction, that they’d better keep the truth, or their skepticism, to themselves. In this way the Zionist could ensure self-censorship, and a demonization of any heroic outspoken individuals as ‘Hollywood Nazis’, trouble makers, criminals, or even mentally ill, deluded, dangerous fools.

For the Zionist Propaganda machine rests on very vulnerable foundations. The slightest tremor could send the entire house of cards tumbling to the ground, and thus threaten all the ‘benefits’ of ‘the holocaust industry’, such as money, military aid, and the status of ‘victim’, which the Zionists have used to literally get away with murder. The murder of hundreds of thousands of children, women, and men.

If the truth got out, the Zionists would see a repeat of that age out cycle of suspicion leading to investigation, leading to exposure, leading to anger, leading to fear, hatred, pogroms, and expulsions.

The second most compelling explanation is that the Zionist Propaganda Machine has been so successful at indoctrinating the politicians and judges of Germany, France, and North America, that they either actually believe the official ‘holocaust’ story, or at least consider it a ‘noble’ lie necessary for world peace.

In other words the people persecuting the historical revisionists and skeptics may feel that they are either doing the right thing, or that they are doing the wrong thing, but for good reasons. They may feel that the means are monstrous, but that the ends justify them.

A third plausible explanation is that the Zionists are deliberately using excessive persecution of historical revisionists in order to deliberately provoke new pogroms against the Jews, which the Zionists can use to their own advantage. To
attract more settlers to Israel, and to incite fear among the Jews of all non-Jews. This would bring about a greater sense of solidarity and unity among the more independent thinking and living Jews around the world, for whom Israel would not normally be seen as an attractive proposition, and for whom collective action would otherwise hold no attraction.

A fourth possibility is that the Anti-Zionists in Germany, France, and North America are persecuting the historical revisionists to both bring greater public attention to their message, and to invoke sympathy for their plight, and thus, by association, their message.

The Anti-Zionists may feel that the best way to attract attention to the message of the challengers to the dominant, hegemonic, Zionist Propaganda and social reality is by drawing attention to the messenger.

It is a fact that many people, like myself, only came look at, and then doubt, the official fiction of a holocaust, after learning about the persecution of historical revisionists like Ernst Zundel, David Irving, David Cole, and Sylvia Stolz.

A fifth compelling thesis is that the Anti-Zionists are in fact quite strongly represented in Germany, France, and North America (as that back-packers manager who kicked me out onto the street violently insisted), and are using the persecution of historical revisionists to give the Zionists a false sense of confidence in their hegemony. Smug, complacency would make the Zionists relax a little, and possibly allow the Anti-Zionists more room to operate, under less intense scrutiny, than might otherwise be the case.

If the Zionists can be lead to believe that their propaganda has worked, and they have full spectrum domination in Germany, France, and North America, they will not be as aggressive and energetic in seeking out, and suppressing, potential resistance. They will feel that there is in fact no resistance. They have won.
Man-made global climate change ‘denial’ and holocaust ‘denial’ officially equated

By chance I just happened to watch the ABC 20/20 titled 'Last days on earth. The end of the world'.

During this program one of the propagandists for man-made global warming officially equated historical revisionists with man-made global climate change skeptics.

In his own words, man-made global warming (climate change) deniers were as the same as holocaust ‘deniers’.

He just insisted the same things that the judges and lobbyists of the holocaust industry do. Claiming that the facts were overwhelming, the science and research incontrovertible, the scientific and historical community all shared in a consensus, and anyone who ‘denied’ the obvious, clear, established and proven facts, must be deliberately trying to deceive the public.

In the case of the holocaust they were either trying to sell books, or were Hollywood Nazis.

The man-made global warming / global climate change ‘deniers’, were being paid by evil big business interests with a financial vested interest in sponsoring deceitful research and propaganda.

If you don’t realise by now, you’d better get online and do a bit of ‘research’ while you are still free to. The whole man-made global warming hoax has since been completely debunked by brave researchers like Lord Monckton who had the courage to stand up and call the bluff of people like Al Gore, and rally the independent scientific community to the standard of truth in science.

Just like courageous historical revisionists like David Irving, Ernst Zundel, David Cole, and Sylvia Stolz are standing up to the holocaust industry lobbyists, trying to awaken the world to the hoax that had been perpetrated upon the entire world, at the expense of truth, justice, and the German people.

The man-made global warming lobby had almost complete, hegemonic, control of the mass media, and thus was able to manufacture consent for their ‘carbon trading scheme’.

Until brave souls like Lord Monckton, (who soon will probably face criminal charges under proposed new laws to silence any challenge to the carbon trading scheme, and New World Order it will usher in) stood up and spoke up, Al Gore
and his cronies were just a few steps from imposing their carbon trading scheme upon the entire world. And with it their New World Order.

Then the courage of a few brave souls encouraged the rest of the scientific community to stand up and speak out against the massive deception Al Gore and his crew had played upon the world.

Of course as we speak the world leaders in Paris are working on laws similar to the laws that silence any challenge to the official ‘holocaust’ fiction, to silence any challenge to the new deception called ‘man-made global climate change’.

You didn’t say anything when David Irving, Ernst Zundel, and Sylvia Stolz were imprisoned for simply speaking the truth.

So don’t complain when you are ‘detained’ for simply speaking openly with your friends about your doubts about any news story you have seen on television, or any doubts you have about ‘open borders’ and ‘mass immigration’ to your nation.

Today anyone who has an axe to grind with you can ‘dob you in’ to the authorities and have you detained as a ‘denier’ or ‘terrorist’, simply for daring to raise questions, to have doubts, to challenge the complete hegemony of the Zionist Propaganda Machine and the ‘Man-made global climate change’ propaganda machine.

You didn’t help the freedom fighters when they were being persecuted for speaking the truth, and exercising what they imagined was their freedom of expression, so you can hardly complain when you, or yours, are the next victim.

Next time anyone in authority tells you that 2+2=5, you’d better agree.

Just like we are all now legally bound to agree that the holocaust story is the truth, the whole truth, and nothing but the truth, or that man-made global warming is a fact, and such a huge, immediate threat, like ‘terrorism’, that we must agree to give up all our freedoms, all our rights, all our money, and all our time and energy, to the New World Order.

The Zionist New World Order.

As described in the Old Testament, the Torah, and the Talmud.

The ABC (Zionist Propaganda Machine tool) ‘documentary’ was part of a huge mass media saturation campaign aimed at priming and conditioning the masses to accept the largest and broadest invasion of our privacy, freedoms, and rights, ever proposed.

Nothing less than a New World Order.

The documentary began churning the fear chemicals in our brains, and switching off our capacity for reason, by describing all the horrific ways in which our very survival as a species might be threatened.
I was not aware until the very end what the whole ‘documentary’ had really been designed to achieve.

For then suddenly I was being told that the most immediate threat to my survival was man-made global warming and climate change. It was constantly rammed into my consciousness that there was widespread scientific agreement for what I was being told.

The ‘deniers’ were criminals, like the holocaust ‘deniers’, with ulterior motives. They were the ‘hired guns’ of big business, just like the ‘scientists’ that the tobacco industry had once hired to defend big tobacco’s vested interests, in the face of clear, incontrovertible evidence, and consensus in the medical world, that tobacco was deadly.

The presentation first set us up to accept the lie as proven, accepted, and self-evident. Then it dismissed, discredited, demonized, and criminalized the ‘man-made global climate change’ ‘deniers’. It then went on to manufacture a sense of consensus, and urgency, that something had to be done right now, or else!

The masses first gave up their freedoms in exchange for protection from ‘terrorism’. Now they are being appealed to give up whatever remaining freedoms, privacy, sovereignty, and control they had left, to protect them from ‘man-made global climate change’ and all the associated ‘natural disasters’ they have just been primed and conditioned to automatically, as a knee-reflex, associate with it.

The new ‘threat’ is CO2. Carbon emissions.

This ABC ‘documentary’ clearly informed us that this threat is bigger than any terrorist threat.

To deny this would make you a criminal, or insane. Or both. Either way, the authorities are not going to tolerate your willful refusal to accept ‘the fact’ of man-made global climate change, and the ‘fact’ that it is an immediate and huge threat (just like Saddam Hussein’s Weapons Of Mass Destruction!), any more than the authorities are going to tolerate anyone merely raising questions about the official ‘holocaust’ narrative.

The same will soon apply to anyone who raises any doubts about the logic of ‘open borders’.

Just ask the French Opposition leader, who now faces one year in prison for merely seeking to ‘debate’ the issue of open borders and mass immigration. For, as with the man-made global climate change story, we have been told, over and over, that there is nothing to debate.

There is no debate.

As the judge said in the Zundel trial. ‘It is fact. Period.’
You won’t get a chance to prove your case in court. You will be treated as a recalcitrant. A willful, stubborn, ‘denier’ of the obvious fact that everyone but you agrees on. Of course everyone who, like you, has doubts, will keep them to themselves. And those scientists who have actual hard factual data that contradicts ‘the official fiction’ and ‘the hegemonic propaganda’, the ‘social reality’, will mostly self-censor to avoid problems for themselves and their loved ones. And that will support the mass media propaganda that there is in fact consensus among the scientists and historians. And that the few who have the courage to stand up for the truth are clearly insane, evil, malicious, or just seeking attention.

It is a perfect way to set up a hegemonic social reality in which the holocaust happened, and man-made global warming is real, and an immediate and huge threat that requires drastic, global measures. These measures will include the introduction of a cashless society, a world bank, a world currency, a world army, and the introduction of emergency powers / martial law. In other words, in order to protect you from Nazis, from war, from terrorists, and from the whole range of natural disasters that are about to come at us from every side, you will ‘need’ to give up every remaining right and privacy you have enjoyed for this brief moment of time. It’s back to the dark ages for us all. Welcome to the Zionist / Talmudic New World Order. And so once again the Zionists have manufactured a threat, and used it to force us to give up all our rights and freedoms.

I have to laugh though. Like the prosecutor at the Nuremburg trials who accidentally revealed his great respect and admiration for Adolf Hitler, while trying to ridicule the great Reichsmarshall Goering. We will come to that soon. For in this case the scientists accidentally let it slip that they have thousands of years of documented climate change captured in the ancient ice packs that reveal a correlation between CO2 levels and average temperature levels. But, hey, hand on, rewind, wait a second. Are they saying that CO2 levels have been going up and down for thousands of years? So they’re saying that it has nothing whatsoever to do with modern industry? In other words, even if you didn’t know for a fact that the sun was responsible for global climate change, and not any man-made CO2 emissions, you’d still be left
with the fact that the same CO₂ changes have been occurring over and over for thousands of years.
For thousands of years before modern industry.
So what the hell is the carbon credits trading scheme all about?
I mean really?
Al Gore and his mates should have waited a few years until they had complete control of the internet.
They just embarrassed themselves by blatantly lying to us all.
Surely we’d have to be idiots to every trust them again?
Nothing more than dumb ‘cattle’?
But they will find a way to control and censor the internet, or just ‘get rid of’ anyone who dares challenge their lies publicly, as they did ‘last time’.
That is what they are really discussing in Paris right now. How to make sure that this time no scientists or ‘deniers’ as they call them, either keep quiet, or have no audience to listen to them.
Either way they win.
They kinda got caught out by the coldest winters on record, after insisting that we were facing continuing increases in global temperatures that would result in the largest catastrophes the planet has ever known, within a few years.
Civilization was doomed to be wiped out, we were told, by global warming.
But now that man-made global warming has been completely de-bunked they had to switch to ‘global climate change’, which IS somehow man-made?
We were warned of hundreds of millions of refugees and billions of people being forced to move inland, as coastlines flooded, and entire regions and nations like the Netherlands, Belgium, and Bangladesh, and major cities like London, all went the way of Atlantis, and sunk under the rising sea levels, as the ice the north and south melted. We were warned that we risked losing 75% of our fresh water supplies as there would soon be no more snow. This would threaten all our agriculture, and our very existence. We were facing famines and droughts of biblical proportions. These would result in wars and disasters unprecedented in the history of humanity. All the most famous media personalities were recruited for the greatest propaganda effort in history. We were told we HAVE to give Al Gore and his mates unprecedented power over every facet of our personal, daily lives. It was do or die. Now or never.
But it was all proven to be lies.
So now we have this summit in Paris, where they are figuring out how to force the same lied down our throat in a different way.
Or simply, as they have done in 8 E.U nations already, impose what is effectively martial law, just as Goering admits the Nazis did in the 1930s.
And they will begin rounding up anyone opposed to the new world order, immediately. Putting them in FEMA camps. They have room for 50 million in the U.S already. They have billions of rounds of ammunition to shoot any dissenters with. Hollow-tips designed to kill. The sort banned by the Geneva Convention for military use! Designed to kill, not to ‘neutralize’ a threat.
Oh well, even if you did read this, you’d probably just dismiss it.
Which brings me to a legal question.
Does ‘incite’ mean ‘to intend to incite’, or to actually have achieved that effect?
I mean, seeing as no-one is likely to actually respond to my books, does that mean that, by having failed to ‘incite’ anyone to any action or thought, that I have not, technically, ‘incited’ anyone?
If you doubt the U.S government would kill its own citizens, just consider how quick it was to drop Atomic bombs on Japan, which was no longer a threat to anyone.
Or how the U.S firebombed Dresden, a city full of refugees, with no military significance at all, and then returned to bomb the emergency relief workers, and then again to machine gun down children, women, and even zoo animals.
You really doubt that the U.S government is not run by psychopaths?
You really think they will flinch at all when it comes time to start massacring U.S civilians, as it did German and Japanese civilians?
Remember ‘We the SHEEP-le’ are mere cattle in the eyes of our Zionist New World Order, Talmudic masters.
And how do most of you, dear reader, treat cattle?
I guess you’d be a hypocrite to complain that ‘others did unto you as you did unto others’.
It’s not like it’s a secret that ‘As you do unto others, so shall it be done unto you’.
Just read you Old Testament!
The Nuremburg Show trials

When one of the Prosecutors at Nuremburg tried to deride Goering for trying to portray himself as being a Philosopher statesman on the level of Hitler, he probably did not realise that he had just praised Adolf Hitler as a Philosopher-Statesman, the modern equivalent of a ‘Philosopher-King’, the highest praise any leader could possibly aspire to. You see even those who hated Hitler, found themselves grudgingly admiring him and his achievements. The achievements of the entire German nation, and the SS.

This is one reason why they are so vehement in their demonization of Hitler, the SS, and the German people. See my TROONATNOOR books about Hume to fully understand the psychology involved.

Apparently Goering told ‘Tex’, his prison guard, that Hitler was vegetarian, and thought that killing animals was immoral. This would support the claims that Hitler, who was the founder of environmentalism on a large scale, was vegetarian. However his cook claims this is a misunderstanding. That while Hitler never ate steaks and so on, he did enjoy sausages. I include that information in the name of truth, justice, and liberty. Although I would prefer to believe Hitler was not only an animal lover, conservationist, and the only man in modern history to defy the Zionists, but also a vegetarian. It would make arguable the most ethically perfect, courageous, wise, and energetic leaders in world history.

I don’t understand why the prosecution thought Ribbentrop was a criminal for successfully getting Czechoslovakia to agree to become part of Germany. Remember that the country was newly created by the Allies after WWI, at the insistence of the Zionists and a large part of the population were either Sudeten Germans, or German immigrants.

It appears to me that, having failed to bring about the complete destruction of the German nation, and having failed to have the Germans declared war criminals after WWI, they deliberately set about producing the conditions that would make WWII unavoidable for any German leader who had any backbone. But ensuring the German people now found themselves separated, and a minority in hostile lands, it was ensure that any great German leader would come to their rescue. And this was doomed to end in war, where the Zionists could ensure that the nations in which the Germans now found themselves would remain hostile to the rightful claims of the German people for ‘re-unification’, or at least open transportation connections with Germany, to ensure they would never be ‘starved out’ by their host nations.
Streicher, the editor of 'Der Sturm', was on trial for his life for allegedly ‘inciting race hatred’ with his magazine. Streicher argued that he was simply stating a fact when calling the Jews, ‘a nation of bloodsuckers and extortionists’.

You can read far worse in the Bible, written by the founding fathers of Christianity. Their own prophets say far worse things about the Jews in the Old Testament.

And what the Jews themselves write in their Talmud could never be improved upon, if what you were after was ‘incitement’ of ‘race hatred’ against the Jews.

I have a funny feeling that if Americans understood how their financial system has been operating, and the excessive influence Jews have had in leading the U.S into bloody wars, that more than a few might agree with Streicher. Of course the prosecution accused him of inciting race hatred with such comments.

The President of the Reichsbank, Dr Funk, was on trial for his life for having ‘accepted’ SS concentration camp gold teeth, jewels, and so on in his banks vaults. He denied having any idea what was in the private vaults. I doubt the President of such a huge bank would have anything to do with the operation of safety deposit boxes.

Jackson, the main prosecutor, read out alleged witness testimony that Kaltenbrunnen had witnessed gas chambers being demonstrated on inmates of Auschwitz, and that he had been there or three separate occasions, and had ordered 65,000 Jewish inmates of another (Malthhausen?) KZ to be sealed up in a tunnel to prevent the allies liberating them.

Kaltenbrunnen replied that the allegations were all lies. He demanded that the commandant of Auschwitz be put on the stand. The commandant stated clearly that Kaltenbrunnen had never once visited Auschwitz.

But what is more revealing is that the main prosecutor, Jackson, did not want to allow the commandant to take the stand.

This was typical of Jackson. He argued with judges that the defendants should not be allowed to say anything he, Jackson, did not want them to say.

For example he would ask a question, and when the defendant tried to honor their oath of ‘the truth, the whole truth, and nothing but the truth’, Jackson would cut them short and prevent them giving a full answer. He was trying to prevent them defending themselves. His questions were not designed to elicit the truth, but rather make the defendant appear to be incriminating himself.

This was all the more appalling because the ‘propaganda’ view of Jackson was that he was the one, as an American, that was dedicated to ensuring that the defendants received a fair trial, and due process, in the face of calls by the Russians to simply ‘execute every SS officer.'
But in reality he did his best to pressure and coerce the Judges to deny the prisoners the right to speak more than ‘yes’ or ‘no’.

The Judges had to over-rule Jackson and insist he allow the defendants, such as Goering, to speak complete sentences and actually make statements in their defense.

In fact Jackson, once he saw that the defendants were in fact going to be given a chance to defend themselves, and explain themselves, wanted to resign from his position.

Clearly he had expected a simple show trial where he could grandstand as the hero of justice, truth, and peace, and get easy convictions without any real trial.

It is simply absurd to hear and American, from the nation that had committed more war crimes during WWII than any other nation, speaking about how civilization could not survive another ‘holocaust’, or war of aggression, as if U.S policy had not always been aggressive, and did not continue to be after WWII.

You might ask the American Indians, the Mexicans, the Spanish, all the various South American nations that the U.S invaded, using false-flags and spurious excuses, before WWII. After WWII the list just grows and grows. And don’t forget that the U.S forced Japan into attacking it, by placing a total oil embargo on Japan, which the Israeli military lawyers state is a legitimate ‘act of war’ and ‘casis belli’ or ‘just cause’ for invading a neighbor, an act of aggression that makes retaliation legal under international law.

As Putin recently said, only Americans would use a nuclear bomb on anyone. Stalin would never have used it on a more or less defeated enemy, as the Americans did.

It was well known among the Allied high command that the false ‘confessions’ had been forced from SS officers under torture, and the threatening their families. You can find documented statements from all the leading Allied figures of the time to this effect.

British Sergeant Bernard Clarke bragged about torturing the former Commandant of Auschwitz, Rudolf Hoess, and when that failed, threatening his family with death by starvation, to get a 'confession'. This is documented in the 1983 book 'Legions of death'.

Hoess ‘confessed’ that he had been given 6 months to eliminate millions of Jews using Carbon Monoxide Gas. But it had proven too slow and ineffective. Then one of his guards had passed out after briefly inhaling some Zyklon B gas, and that was how the idea came to him to use Zyklon B to gas the Jews. He first tried out the gas on Russian prisoners. He claims the prisoners all died within between 3 and 15 minutes.
He in fact claims to have gassed over 2.5 million Jews before being transferred to another post. He stated however that he punished guards who treated any prisoners cruelly. The intention was to simply exterminate the Jews, and not to torture them. He claimed he had ‘dispatched’ 2000 people per day. He claimed to have had a staff of 3000 men. He said his job was like that of a ‘rat catcher’. He claims he had lead a normal family life during his time as commandant. Living, if we are to believe this story, more or less across the road from the gas chamber itself.

This is all very interesting when you consider the facts about the camp at Auschwitz, where most of the gassings are alleged to have taken place. Like the absence of any actual gas chambers, or any rooms at all where Zyklon B had been used to kill anyone. The only documented and proven use of Zyklon B at Auschwitz was in the delousing chambers. No-one has ever claimed that anyone was ever gassed in these chambers. The chambers where the gassings were assumed to have taken place had never in fact been used for that purpose, nor could these rooms have ever been used for such a purpose, as proven by experts time and time again.

It is a fact that the chambers used for delousing, the only places where Zyklon B residue has ever been found, were located outside the barbed wire fences, and thus outside the camps proper. For safety reasons. No one claims any of these delousing facilities, where the Zyklon B residue has stained the bricks all the way through with a bright Prussian blue coloration, were ever used for any other purpose than to prevent the inmates dying.

The fact is that Zyklon B was used to save the lives of Jews, and other inmates, rather than to kill anyone. It was the disruption of supplies of Zyklon B to the camps, due to allied bombing, that is responsible for the ‘walking corpses’ paraded, in the most undignified way, before our eyes, in film of ‘Nazi Death Camps’.

To think the makers of Zyklon B were ‘lawfully’ murdered by the allies for having produced this life saving product.

Even the Zionists own historians have to admit that the Zyklon B supplied to the Nazi camps in such large quantities was used for delousing and building disinfestation / disinfection. In order to ‘cover their tracks’ they then add that 5% of the total Zyklon B shipped to Nazi camps was used for ‘gassing Jews’.

'Auschwitz: Technique and operation of the gas chambers' by Jean-Claude PRESSAC, which was intended to 'verify' and 'confirm' and 'prove' the official holocaust story, actually admits that only 5% of all the Zyklon B shipped to Auschwitz was used for gassings. This book was written by a Zionist. A cog in the Zionist propaganda machine. And that is the best ‘spin’ he could come up with.
No-one denies that thousands of people died from a typhus epidemic after the German supply lines had been destroyed, ending shipments of Zyklon B to the camps. Those who ‘liberated’ the camps could only find a few empty Zyklon B canisters, which they then offered as a miserable excuse of ‘proof’ of mass gassings to millions of tourists, and many more propaganda film viewers. Allied aerial photos show no signs of any ‘smoking / flaming chimneys’ or mass burial pits full of burning bodies, even though they were taken at the time the ‘holocaust’ was supposedly in full swing. Not a single mention of ‘Typhus’ is ever made when viewers are shown the ‘walking corpses’ of Auschwitz.

I shed tears while reading ‘The Diary of Anne Frank’. But what we are not told is that many parts of that ‘diary’ were written in ball point pen. Anne Frank failed to mention that she had access to a time machine, and had travelled to the 50s in order to obtain ball point pens, and then, for some reason, had returned to her ‘hiding place’.

Anne Frank is one of the many people who for some unfathomable reason were taken to a death camp, to die, but were then allowed to leave and travel to a different camp. Along with her sister. But I was told the Nazi’s separated families?

Now anyone who has tried to learn German will find it surprising that the Germans, who are so pedantic with their language, would operate ‘Death camps’ but then allow the people to leave, quite not-dead. Was there some misunderstanding? Oops, sorry, I forgot, this is a death camp, I won’t let that happen again, Commandant’! But we hear the same stories over and over of how people marked to die, are transported at great expense to a ‘death’ camp, and then given papers and transport across Europe and back into Germany. Hello Kitty!

Sadly Anne Frank, who I would have loved to have known, died with her sister of Typhus, in Bergen-Belsen.

If you follow up on the ‘gas chambers’ dramaturgy and narrative, you will find the Russians openly admitting to having ‘converted’ (in their words reconstructed) the air raid shelter opposite from three SS buildings, including the Commandant’s home, the SS canteen, and the SS hospital, into the building used as the only ‘solid’ evidence of any ‘holocaust.

A building which is supposed to be a ‘gas chamber’.

The Russians admit that they crudely smashed holes in the roof of the air raid shelter, removed internal walls, and removed the toilet and other fittings in the air raid’s bathroom.
In none of the many Allied aerial photos taken during the operation of the camps are holes in the air raid shelter roof to be seen.

The Russians needed to make the air raid shelter look like a gas chamber, for the photo opportunities later known as the ‘liberation of the Nazi Death Camps’. They figured people might wonder how the Nazis got the ‘gas’ into the ‘gas chamber, so they, without any evidence of any kind to base their ‘reconstruction’ (fabrication / construction is a more appropriate term) on, simply smashed some holes in the roof of the air raid shelter, put some covers over them, and started telling people that, across the road from SS canteens, lodgings, and medical facilities, SS men would stand in the open wind, dropping pellets of the most combustible, explosive, and toxic material you would ever want to get anywhere near, down these holes in the roof, in the middle of the camp, where everyone would sooner or later catch on to what was going on. At least at this ‘gas chamber’, the SS accommodations, medical center, and canteen blocked the view from the rest of the camp.

In fact this is the reason the Russians give for why the Germans stopped using this gas chamber, and started using another one at another part of the Auschwitz complex.

But the problem with this story is that the new ‘gas chambers’ at camp II, Auschwitz-Birkenau, were much more visible to the camp inmates at the new location. In fact visible from almost all sides. With an entrance that covered most of the camp. So that camp inmates would repeatedly see long lines of people marching towards the gas chambers, and not coming back out. They would certainly hear and see exactly what was going on. All that lay between the supposed gas chambers and the main camp was a barbed wire fence.

In David Cole’s video the (former) Auschwitz museum director Dr Piper first claims that these supposed gas chambers were only used for half an hour a day. This is how he accounts for the lack of Zyklon B residue in comparison with the delousing chambers which were in regular operation as part of a determined effort to keep the inmates alive.

Of course this leaves the former Museum director, who you might expect to be the leading expert on the operations of the Auschwitz ‘death’ camp, and to be the most informed of anyone in relation to the operations of the camp, contradicting all the eyewitnesses, upon whose testimony ‘a mountain of incontrovertible evidence’ has been built, who claimed that the gas chambers were in constant operation, in order to facilitate the huge death rates they claimed for this ‘death’ camp.

Dr Piper then later speaks of ‘repeated’ gassings, in direct contradiction of his earlier statement that only one gassing every 24 hours.
In fact Pressac’s book, meant to refute the ‘revisionists’, the people who challenge the official holocaust narrative, states clearly that it would have been necessary for the gas chamber (air raid shelter) to have been filled, emptied, and refilled, every 30 minutes, in a series of ongoing, serial gassings.

But you can’t have it both ways. Either the gas chamber was used once a day, and the Zyklon B residues never accumulated, or it was used almost continuously, in which case the ‘official narrators’ have no explanation for why there are no Zyklon B residues, other than those that might accumulate from the typical ‘disinfestation / disinfectant’ using Zyklon B that every building in the camp routinely underwent.

Another curious fact that Pressac fails to address is why the Germans would take such care, using 95% of their Zyklon B to preserve the lives of the ‘death camp’ inmates, when they were marked for death anyway? Surely it would have made more sense to just let them die of Typhus? Why go to such lengths to save the lives of people marked for death?

Another fact worthy of our consideration is that the Soviets initially claimed that the Auschwitz camp records had been destroyed before they had ‘liberated’ the camp. They then came up with the famous ‘4 million’ camp death toll.

But in fact in 1989 the Soviets released the official camp records that had meticulously documented all deaths at the camp. They had had these documents all the time. Soviet revisionist historians admit that the Soviet lies were all part of a propaganda campaign designed to demonize the Nazi’s in the eyes of the world, and especially the East Germans.

Even before these documents were released, the Polish authorities had drastically revised the ‘official’ Soviet death toll downwards to around one million.

Surely if the Soviets admit that Nuremburg was a ‘show’ trial, and that they withheld documents and exaggerated the death toll by 400%, and that the ‘gas chambers’ were NOT original, but (re) constructions of their own engineers, we have good reason to demand that the entire ‘holocaust’ story be opened up to a public, open, rigorous, independent investigation?

Are you going to believe the same authorities that murdered around 10,000 Polish officers, soldiers, and civilians in a single massacre at Katyn forest, and then blamed the Nazi’s for it? The Katyn forest massacre is not, like the official holocaust narrative, based on a few self-contradicting eyewitnesses. It is an established historical fact that the Russian authorities now admit to, after having themselves ‘revised’ (corrected) their own official Soviet history.

Verber, a survivor of Auschwitz, claimed during a television interview 20 years after being ‘liberated’ from Auschwitz, that the ‘death’ camp Auschwitz had a
killing capacity of 12,000 per day. The problem with his ‘uncannily accurate memory’ is that this figure is twice what he had reported to the Allies, and twice that he had reported in his own book ‘I cannot forgive’, which he had presented as a compilation of other people's reports. It was marketed as a sort of compilation of anecdotal evidence, the sort that all holocaust industry representatives, and Judges, refer to when speak of the ‘mountain’ of evidence available to ‘prove’ that ... ‘The holocaust happened. Period!’

However since publishing this book, he has openly admitted that many of the stories in his book are works of fiction. Simply made up.

Given the increasingly growing ‘mountain of evidence’ that the official holocaust narrative is not reliable, and inconsistent with the best expert opinion and known facts, surely fining Germans and imprisoning them for simply wanting to take a closer look at the official narrative, and where appropriate, correcting (revising) the official history, must lead us to ask, WHY?

Who is behind the conspiracy to prevent a more accurate and truthful report on the treatment of Jews during WWII? Who has something to lose? What benefits are at stake? What vested interest groups are flexing their muscle to prevent the truth from being discovered and disseminated? What group of people could possibly have so much power that the German Government itself bows to their every whim? Arresting its own citizens, and torturing them in solitary confinement for years on end. Ruining the careers of honest, hardworking Germans, and other historical revisionists. All to maintain what is clearly a lie, to anyone with the intelligence to recognize it, and the emotional courage to face it. Surely Judges in Canada, Germany, and the U.S, all acting contrary to the constitutional rights of their citizens, have clearly announced to the entire world that their loyalties lay not with the German, Canadian, or U.S people / government. In fact you will find that Churchill, Eisenhower, and all the prosecutors involved in the trials of heroes like David Irving, Ernst Zundel, and Sylvia Stolz, have sworn an oath of allegiance to their Zionist / Masonic masters. The same oath the Bushes, and Clintons, have sworn. They have sworn to support their masonic / Zionist mates even if they commit treason or murder. We will look at these more recent cases of clear Zionist occupation in a separate chapter on the Clintons. But now back to the Russians, and their air raid shelter.

The air raid shelter, which the Russians, as part of their propaganda campaign against the Germans, had attempted to portray as a gas chamber, shows no evidence of ever having been used as a gas chamber, and every evidence of having been used as an air raid shelter.

Which do you think is more likely? That the SS would build an air raid shelter opposite their own canteen, accommodations, and hospital, or a ‘gas chamber’?
Would they have risked poisoning themselves, when they had a huge camp of buildings from which to choose?

All the experts agree that the supposed ‘gas chamber’ narrative is pure fiction. Confessions gained by torture are clearly no admissible in any trial, except ‘show trials’.

And remember that the British Sergeant who gained these confessions has admitted, publicly, that he had tortured Rudolf Hoess, and threatened his family, to gain these ‘confessions’.

British Sergeant Bernard Clarke, after torturing ‘confessions’ out of Rudolf Hoess, then turned him over to the Poles and Soviets. They hanged / strangled him, directly opposite the air raid shelter.

Since the Nuremberg show trials, many eyewitnesses have come forward with accounts of how they witnessed German soldiers being tortured in order to force ‘confessions’ from them. Even Dr Raoul Hilberg, a leading promoter of holocaust propaganda, grudgingly admits that these claims have been proven and documented.

Allied prosecutors and observers reported back to their own superiors on such tortures. They all turned a blind eye to the human rights violations, and Geneva Convention violations, simply to ensure a guilty verdict in the show trials, and to continue the propaganda and psychological operations they had been engaged in against Germany.

Albert Speer was the great disappointment of the trial. He proved a coward and a disgrace. He was willing to defame all Germans simply in return for a lighter sentence. He was terrified of being hanged. He tried to get other prisoners to join him in pandering to the mock trial prosecutors by condemning his fellow Germans. He in fact stated that ‘the tribunal will decide if all of Germany is guilty of war crimes or not’.

In other words Speer was quite happy to sacrifice the honor of every German, and damn all of Germany to the ignominious place it history the Allies, as the Zionist’s Golems, have condemned this honest, hardworking, noble nation to, just to save his own hide. A hide worth two cents in my books. That is hardly a fair transaction! But since when did the Zionist transact fairly?

It was Speer who had arranged over 5 million forced laborers to be brought into Germany to work in his armaments plants, and other key industries.

What sort of idiot would murder 6 million potential workers at a time when Germany had such a shortage of manpower?

Speer admits that many were forced, but noted that many other volunteered to come to Germany to work there.
Speer did a deal with Jackson, to try to get the others to admit to war crimes, in return for prison sentences rather than the death penalty. He complained that Goering had too much influence on them all, and so Jackson had Goering isolated from any contact with the others.

Speer claimed that Hitler had issued him with a written order that Germany should be totally destroyed, leaving the invaders nothing but scorched earth. Speer the coward claims he refused, and stood up to Hitler, knowing full well that anyone who refused his orders would be executed. He also claims to have planned to gas Hitler in his bunker, but his plans were thwarted when changes were made to the ventilation system, and SS guards posted around it. Such a brave man would not have feared hanging. To think, the only man who stood up to Hitler begging for mercy and scheming and plotting against his own peers at Nuremberg was once so brave and fearless!

Jackson kept trying to prevent Goering from giving complete answers, even though Goering’s answers were very short. He feared that Goering and the others would not be convicted.

So he changed his approach, bringing in some spectacular witnesses and very moving, though misleading, film footage which was so powerful and misleading that it appears that even Goering believed it. This was clearly the first time he had ever been confronted such footage, as otherwise he would have known that the victims shown were all victims of typhus, rather than mistreatment.

After the moving footage, even Goering seems to have been convinced that mass killings had taken place. However he was outraged by Jackson’s attempts to get him to admit that he was responsible, or had even known about any atrocities of that kind.

The footage shown was propaganda. It showed victims of typhus. It also showed very healthy and quite well-fed prisoners being ‘liberated’. It showed that famous ‘Brausebad’ of ‘Dachau’, followed by footage of a Zyklon B Canister, thereby conflating the two by association, even though no-one ever claimed that anyone had been gassed at Dachau, and most people associated the ‘Brausebad’ with Auschwitz, though it was at Dachau. It is the same footage that Donahue showed on his show, claiming it was Auschwitz, and a gas chamber, then denying he had said this.

What struck me about a young Frenchwoman’s supposed eyewitness testimony was that she claims that SS officers threw live babies into the ‘furnaces’, after they had ‘run out of gas’. She insists she hear their screams!

I bet if anyone had asked her at the trial, she would have spoken as if the Germans actually had gas lines, and ‘gassed’ Jews with something like the gas she used in her oven at home.
This ‘eyewitness’ insisted that the trains ran almost right up to the door of the gas chambers.

I don’t think even the most aggressive of ‘holocaust industry’ spokespeople grants this story any credit today.

Testimony was read at the trials, reputedly written by one Friedrich Graeber. However it sounds more like the work of a professional writer than that of a construction sub-contractor. It is much too articulate, poetic, moving, sentimental, descriptive, and openly propagandistically emotionally manipulative, and ‘Hollywood Nazi’.

If the writer really had been in the construction business, then he had certainly missed his calling, and should have been a novelist. His ‘testimony’ is just too well-crafted and emotionally manipulative, targeting too precisely the listener’s emotions.

For me this totally undermines the credibility of the report.

And anyone making such claims would surely have been brought in person to the court to bear witness and give the testimony personally.

Graeber describes a massacre of complete families, with old women and babies, totaling over 5000 people, in Ukraine. The short work of fiction was a perfect storm of Hollywood style propaganda, worthy of a Spielberg. If this was written by a building contractor, then I will eat my hat.

It was clearly written by a very talented writer intent on including every sort of emotional trick to shock and disturb the listener, and generate a complete loathing for any German. It was pure propaganda. I dare you to listen to it in a sober, unbiased mood, and not come to that conclusion. In any case there was no evidence to back up the report. It was read out at the mock trials simply for effect.

Simply because the prosecution really had so little evidence to pin anything on anyone. They had resorted to propaganda and to pulling at the emotional heart-strings of anyone present.

Goering was the real star of the Nuremberg trials. He showed good humor, charm, courage, and loyalty to Hitler and Germany right up to the end. He was liked by everyone who came into contact with him, including his prison guard.

Goering bravely took his own life to deprive the Allies of their ‘show’. However he waited until first taking the stand and doing his best to defend the entire German people from the shameful lies of Nuremburg.

However he seemed convinced himself that atrocities had been committed, by the end of the trial. You can’t blame him. It was a clever propaganda show. He
simply stated that he knew nothing of any atrocities up to the trial, and that up until then, everything Germany had done was honorable.  
When asked about German racism, Goethe was quick to point out how racist the U.S had been to the Japanese who they had placed in Concentration camps in the U.S during the entire war, and how the U.S had been so quick to drop atom bombs on Japan, even though they no longer posed any threat, and had been effectively defeated.  
Goering’s guard tells us that Goering had said to him that a “special place in Walhalla is waiting for me. He was quite cheerful and resigned. He wrote to his wife that death would be a ‘deliverance’.  
However his one regret was that ‘our legacy has been forever tainted’ by the sort of images shown, and stories told, at Nuremburg.  
He insisted that ‘everything else we did was honorable’.  
I want to make good on his jest to his peers that ‘50 years from now’ people will make statues in honor of me. Maybe little statues.’  
Goering was defiant to the end, stating that ‘I say for now and all time, you foreigners may murder me, but you have no right to judge me’.  
Goering stated that it was necessary for the consolidation of Nazi power in Germany to ensure the elimination of Jews from the economic life of Germany. He had ordered the removal of Jews from office. He had put in place the death penalty for the transfer of property abroad. He had ordered that no Jewish insurance claims be paid out for damage done to their property. The Jews were to make repairs themselves.  
Goering admitted to having, in a moment of great frustration and anger with the Brown Shirts, made the outburst that Jackson accused him of having made, namely...’I wish you had killed 200 Jews instead of destroying so much property’, after the famous ‘Kristallnacht’.  
Goering admitted to issuing laws for the seizure of Jewish property in Poland, and that no compensation be paid to Jews for war damages due to German or enemy actions.  
But when Jackson spoke of ‘The final solution’ Goering corrected him, stating clearly that that was a mistranslation of the German. His laws were actually called ‘The Total solution’. The phrase ‘final solution’ was one coined by the Zionists long before the Nazi’s, and referred to the problem of Jews needing to remain exclusive, but not being willing to do any manual labor, thus making the idea of a Jewish nation unrealizable.
The problem with Jews was that they all wanted to be professionals and bankers and so on, and no Zionist would ever be able to found a nation that consisted entirely of professionals and bankers.

That was what ‘the problem was’, and the Zionists own ‘Final solution to the Jewish problem’, namely that problem, was to find a way to get the Jews to do manual labor.

Otherwise the very idea of a completely, exclusively Jewish nation would be unthinkable.

Of course today’s Zionists consider that the solution is to enslave the rest of the world, as in the ‘golden age’ under Joshua.

Goering made it clear that his ‘Total solution’ was a question of holistics, and not extermination. The Total Solution would include the evacuation of the Jews, first to ‘protective custody’ in the KZ’s, where they would be employed productively, and learn to find nobility in manual labor until they were no longer needed, after which they were to be moved from Europe to a homeland where they could live as they wished, exclusive and separate.

In fact head Nazi’s had, before the war, entered into an agreement with the Zionists of Palestine to that very effect. It is documented. Medals were even minted to celebrate the co-operation between the Zionists and the Nazi’s in realizing the ‘total solution’, or as the Zionists themselves called it, ‘The final solution to the Jewish problem’.

Goering stated for the record that if mass murders had taken place, as the Allies were now alleging, that he knew nothing about it. In fact the Fuhrer himself did not know that it was happening.

You see, the propaganda appears to have even convinced Goering that a holocaust had occurred. But he was never allowed to investigate the claims. If he had, then he never would have ‘swallowed’ the fictions dished out at Nuremburg. Remember he had a lot of other things to occupy his mind!

Goering explained how the KZ’s had been set up to provide ‘protective custody’ for Jews, Communists, and other self-proclaimed enemies of the state. Goering admitted that the camps were his own idea. He tried to explain the necessity of separating such enemies of the state until the state could consolidate its power, but the prosecutor Jackson would not allow him to finish his sentences. Jackson kept interrupting Goering and speaking over him, as soon as Jackson had gotten the utterances he had wanted, and which he though the judges and public would find damning.

In fact the British chief Judge had to force Jackson to allow Goering to finish his very short statements.
In his criticism of Goering’s policies, Jackson was basically criticizing the recent U.S ‘Patriot Act’. For the exact same suspension of habeas corpus, the right to a fair trial, the right to know what you are being charged with, and so on, that defined Nazi Germany’s laws just before they took absolute power and formed the dictatorship, are the same rules that define the ‘Patriot Act’.

Can you guess what is coming next folks? You might want to study up on your history of the third Reich, and get ready for the absolute loss of all your freedoms.

Just like todays criminal dictatorship in the U.S, as Goering put it, the Nazi’s gained power by legal means, but then held power by all means.

Jackson wanted to resign, after realizing that the Judges were going to attempt to give Goering, as Jackson put it, ‘The fair trial that he never gave anyone himself’. But Jackson lost the audience with his outburst and failure to give Goering a chance to defend or explain himself.

Jackson wanted to portray himself, and the entire U.S contingent, as being the heroes of justice, doing all they could to ensure that the Germans got the fair trial that the Germans never gave their own victims. He wanted to give the impression that the Allies were morally superior to the Germans. But he failed miserably. He proved the exact opposite. He proved the hypocrisy of the allies in prosecuting both the German leaders, and the war itself.

Jackson actually complained to the chief Judge, a British judge, that he was ‘sabotaging’ Jackson’s case. In other words he was accusing the judge of treason, for not allowing the U.S to pursue its intended objectives of gaining convictions, especially of Goering, who, after Hitler had escaped to Argentina, was the top Nazi they could get their hands on.

Of course only because Goering had cheerfully surrendered to a U.S air force officer.

At first they had treated him like a celebrity. It had come as a shock to everyone that he would be arrested and tried for war crimes. The first such case in the history of the world.

Jackson went so far as to state, to the Judge that, ‘I must be free to control Goering’ he should not be allowed to answer my questions in full.’

If you doubt that the Nuremburg trials were anything but pure ‘show’ trials, then read what Stalin had to say about them. He was perplexed that they had gone to such great lengths for what was, obviously, a forgone conclusion.

Goering got to attain his own objectives. To show the world what a Nazi really was. Not the Hollywood Nazi that is the manufactured product of the Zionist,
Talmudic Jew. But the real heroic, brave, loyal, charming, ideologically committed Nietzschean ‘bridge-man’ (ubermensch).

Goering did all Germany, and his Fuhrer, proud. I hope to one day have the stature of him erected that he told his fellow prisoners would be his destiny.

Goering wrote to his wife before his death calling her ‘my one and only sweetheart’, and comforting her, telling her that ‘My death is a deliverance’...’I am at peace.’

The condemned were woken early, and taken to be hanged. Ribbentrop was first. Goering was to be next. However his guard found him in convulsions, and ran for a doctor.

But by the time he got back Goering was in Walhalla, among the other brave Germanic warriors who had died honorably.

They found a cyanide capsule in his hand.

Goering had slammed the Nuremburg show trials in front of the whole world, stating defiantly that ‘this has been a poor excuse for a trial...I had no knowledge of these terrible mass murders, which I cannot begin to understand and condemn whole-heartedly’. He noted how ‘The statements of the defendants were accepted as true only when they supported the prosecution. They were treated as perjury when they refuted the indictment. This is not a basis of truth. Justice has absolutely nothing to do with this trial’.

This pretty much describes the trials of Ernst Zundel, David Irving, and Sylvia Stolz.

And to think that judges today use the Nuremburg show trial convictions as ‘proof’ that ‘the holocaust happened. Period.’

Goering’s wife and daughter visited him in prison. They were so hungry they asked to take some of his food home with them. If you look at photos of Goering before he ‘surrendered’ and after, you will see just how much weight he lost in prison. Nothing at all like in the movie version.

One way that the Nuremburg prosecutors got Germans to lie about having received ‘verbal orders’ was that ‘following orders’ was, under the ‘charter’ of the trials, considered a mitigating circumstance that could reduce guilt, and the sentence. And as the trial was begun and carried out on the assumption that they were all guilty, their own lawyers would have told them to lie, and say that they had been given verbal orders to exterminate the Jews, simply to save their own lives.

Each of the 22 (one hanged himself in prison before the trial) were charged with four counts. Conspiracy to commit aggression (which every U.S government has been guilty of in every war the U.S has ever been involved in before WWII and
since), the commission of aggression (again, the U.S stands guilty), Crimes against the conduct of warfare (the U.S committed many war crimes such as the mass murder of civilians in Dresden, Hamburg, and Berlin), and crimes against humanity (which the U.S is guilty of, having committed such crimes against its own population).

Goering was convicted on all four counts, and sentenced to death by hanging. Hess was convicted of counts two and three, and sentenced to life imprisonment. Admiral Wilhelm Keitel was convicted on all four counts, and sentenced to death by hanging. I have no idea how the second two could have applied to an admiral in the navy. He died a loyal and brave patriot. His last words were ‘I now join my sons, Deutschland uber alles’.

Hans Frank was found guilty of counts three and four, and sentenced to death by hanging.

Julius Streicher was sentenced to death by hanging for crimes against humanity, simply for editing a magazine, ‘Der Sturmer’.

Heilmar Shacht was found not guilty of any of the charges laid against him.

Karl Donitz was given a sentence of ten years imprisonment after being judged guilty of counts two and three.

Joachim Von Ribbentrop was found guilty of all four counts and sentenced to death by hanging. His last words were ‘I wish peace for the world and that Germany realise its destiny’. I don’t think he meant the destiny that is awaiting it at the hands of the Zionists, the Talmudic Jews.

Ernst Kaltenbrunner was convicted on counts 3 and 4 and sentenced to death by hanging.

Hans fritzher was found not guilty of all four charges.

Walder von Shirach was charged guilty on count 4, and convicted to 20 years in prison.

Alfred Jodl was found guilty of all four counts and condemned to death by hanging.

Von Pappen was found not guilty of all four charges.

Walter funk was convicted of counts two, three, and four, and condemned to life imprisonment.

Fritz Saukel was convicted of charges three and four, and hanged.

Albert Speer, who, of all people, would have known the most about any organized campaign to exterminate Jews, was found guilty of charges three and four, and sentenced to 20 years prison.
Hitler would have been proud of all of these fine men, with the exception of the cowardly traitor Albert Speer. Many of the Nuremburg trial victims called out ‘Heil Hitler’ before the trapdoor was released, and they were sent to Valhalla as the last Heroes who had dared to stand up to the Zionist, the Talmudic Jew, and his plans to enslave and exterminate all of humanity. If that is a crime, then all honest, brave, informed men and women who dare to oppose the Talmudic, Zionist New World Order that is now crashing down upon us, are criminals. And to be sure they will be so defined. Just like Ernst Zundel, David Irving, Sylvia Stolz, and all those soon to join them in prison, like the man-made global climate change skeptic Lord Monckton, and the French opposition leader or anyone else who challenges the Zionist Propaganda Machine and Zionist Occupation Government policies of ‘open borders’ and ‘Global Carbon Taxes’.

‘The work of this tribunal is now finished’.

It was supposedly meant to end the possibility of future wars of aggression. Yeh, right. Let’s take a look at U.S foreign policy since 1948, shall we? Just take a look at ‘911: five minutes to midnight’ for details.

Some of the highlights of the Nuremburg trials, which show just what sort of cheap propaganda was being used to convince even Goering that the Nazi’s had done what they had been accused of, include film footage of someone having their hands put in some sort of torture device. There was footage of typhus victims, alive, and piled in heaps (by the Allies) and being pushed by an Allied tractor being driven by a British solider. There was one shot of a ‘Brausebad’ at Dachau, with a shower head, followed by a completely unrelated shot of a canister labelled ‘Zyklon B Gift gas’, even though Zyklon B was transported and applied in crystal form. There were shots of very healthy looking, even photogenic, Jewish ‘inmates’, both male and female. One shot of something that looked like a furnace. And shots of barbed wire fences.

But together with the written and spoken ‘horror stories’ presented as ‘evidence’, the entire show had the desired impact. It completely ‘switched off’ the audiences’ brains, and engaged their heart strings.

Unless you knew the facts about what you were being shown, and had somehow managed to remain unbiased before the trial, the footage and poetic, lyrical, dramatic ‘witness testimonies’, would have made it impossible for you to use any reason you may have possessed.
Which explains Goering’s last comments, which seem to suggest that he had been ‘conned’ by the ‘exhibition’ and ‘propaganda’ himself.

You will hear people say ‘I didn't understand until I saw those films’! As if these films proved anything at all, apart from the horrific impact of a cholera epidemic. And that realization, in an informed, sober person, will explain why so much Zyklon B was manufactured and used. Simply to *prevent* such horrors.

But instead, the large quantities of Zyklon B shipped to the camps was used by later prosecutors to have the directors of the company that made that lifesaving, misery reducing fumigation chemical hanged as criminals.

While today that company founded by Zionist Jews, Monsanto, are protected by the government and allowed to produce GMO food that kills and sterilizes those who eat it. And you certainly will never find a Monsanto employee, let alone someone in management, or a shareholder of Monsanto, ever eating any of their GMO ‘foods’.
Beta testing for 911: The massacre of the U.S.S Liberty on June 8, 1967, in international waters, off the coast of Egypt

Note that this is an update of my chapter on this incident in ‘911:5 minutes to midnight’, based on some new information from the eyewitnesses themselves. If you think that 911 was a ‘one off’, a ‘novel’ ‘exception’, then think again. First the Jews murder their British sponsors in Palestine, in order to destroy evidence that the British had been collecting to prosecute them for acts of terrorism in Palestine. If lots of innocent bystanders, guest of the King David Hotel, and their visitors, then what is that to a Zionist, hell-bent on the murder of the entire non-Jewish world?

It was a lovely sunny day, and the crew of the U.S.S Liberty were sunning themselves, and having the closest thing to a ‘day at the beach’ or a ‘picnic’ as you can have while floating in the Mediterranean, on a completely unarmed vessel, 120 miles off the coast of Egypt, in international waters, with the U.S flag proudly unfurled in the breeze, and the U.S.S Liberty clearly broadcasting the nationality of the vessel for anyone to see.

It was day three of the 1967 Israeli invasion of their neighboring Arab states. Since very early that morning planes have been flying in close to the Liberty, ascertaining that it was in fact a U.S vessel, named the U.S.S Liberty. They completed at least seven of such reconnaissance missions that day, before the attacks. They knew exactly what sort of vessel they were dealing with.

Actual recordings of Israeli communications establish the fact that the Israeli pilots had identified the vessel correctly to their commanders in Israel, and to any Israeli aircraft and vessels in the area. Not just the flag, but the name of the vessel.

Then later in the day, as the men are relaxing on deck, carefree and peaceful, unmarked planes begin repeatedly dropping napalm bombs, and firing rockets upon the defenseless vessel.

It is an intelligence gathering vessel. It has no armaments. No way to defend itself. It is lying dead in the water. Anchored.

The U.S.S Liberty radio communications have been jammed by someone who knew the American transmission frequencies. Only the Israelis had such information. In the same that the flightpath and time of the Russian fighter-bomber shot down on the border of Turkey was only known by the Russians, and
the U.S, whom the Russians had informed long in advance, to avoid the possibility of an ‘accident’.

Further, the Israeli’s broke international law by jamming the ‘mayday’ frequencies used by all sailors of all nations to call for help.

Finally the U.S.S Liberty radio operators find a free bandwidth and get a mayday call out to the U.S fleet.

Now if you don’t believe in false flag attacks and conspiracies, please explain why Washington sent orders to the U.S fleet ordering the fleet to recall the fighter planes that the U.S fleet had already deployed to defend the U.S.S Liberty.

Just as the U.S Government sent the only available jets on 911 out into the ocean. Facts.

As the U.S fighters were returning to the U.S fleet, Israeli fighter bombers returned dropping more napalm bombs, firing armor piercing shells, and strafing the deck of the U.S.S Liberty with machine gun fire.

The U.S.S Liberty had no way to defend itself. It was completely unarmed and defenseless. It was nothing more than mass murder on the part of the Israelis.

The most appalling breach of international law.

The most appalling of war crimes.

The most appalling of crimes against humanity.

Clearly documented.

When the surviving members of the U.S.S Liberty attempted to launch their lifeboats, the Israeli’s began machine-gunning both the life-boats and the men trying to escape.

They targeted the lifeboats both in the water and on the decks.

The intention was clearly genocide. To kill everyone on board.

Twenty minutes after the seventh clear identification of the vessel by the Israelis as a U.S, unarmed vessel, in international waters, Israeli fast attack boats fired 5 torpedoes. However the ship did not sink, as they so desperately desired it to.

The attack boats kept firing on the survivors on the deck, in the hull, and in the water.

Three torpedo boats then fired 5 torpedoes at the stationary vessel. One hit, and tore a huge hole in the side, killing 25 U.S sailors.

They then came in closer and continued firing armor piercing rounds at the stricken vessel and its crew, ripping through metal and human flesh as if the ship were made of cardboard.

Despite the facts finally being admitted by the U.S, Israel still maintains its original lie that the whole episode was a ‘mistake’.
Israel, today, still claims that they thought it was an Egyptian horse freighter! A horse freighter in international waters is a legitimate target? Israelis think it right to murder the sailors of a horse freighter, in international waters?

In the end, 34 U.S citizens were murdered, and 172 injured, many severely. The survivors are all certain that the attack was deliberate.

A recording of communications between the pilot who first cited the U.S ship, 9 hours before the attack, and even before the 6 following flights, states clearly that the Israeli’s had identified it as a U.S ship.

You yourself can listen to the recordings of the flight tower speaking with the pilot. He states clearly that it is a U.S ship.

All the aerials on the U.S.S Liberty had been smashed, and the Israeli’s continued to jam all radio frequencies.

The U.S.S Liberty finally managed to get one emergency signal out. But when the U.S fleet deployed fighters to come to their aid, Washington ordered the jets to return to the U.S fleet.

The Israeli’s also picked up that one distress signal that got out, and immediately contacted the U.S to claim the attack had been ‘a mistake’.

The ship was left listing heavily, a huge hole in the hull above and below the water line.

There was only one doctor on board.

No help was sent by either the U.S or Israel.

Consider what this means my friends. You don’t believe in conspiracies and ‘false flag’ attacks? Still?

It was not until the next day that U.S vessels arrived on the scene.

There was a total media black-out about the event.

The U.S did everything in their power to repair the ship, so that when it returned to port, there was nothing for any journalists to see. No evidence of the war crimes and crimes against humanity perpetrated by ‘The U.S’s greatest Ally’ (To quote Israeli and U.S Zionist Jews) against the U.S.

In fact Washington had wanted to have the ship sunk, to destroy all evidence of the attack. Ask yourself why? If it was a simple mistake? Good Jews thought they were murdering Egyptian horse traders. I guess I have underestimated the value of horses in modern warfare!

Survivors of the U.S.S Liberty were forced to collect the ‘remains’ of their dead mates. They ended up with 168 bags of body parts. These were incinerated.
All the surviving crew members were threatened with court-martial if they dare speak out about what had happened. Maltese workers were put to work fabricating metal to cover up the torpedo hole, and all the holes formed by the armor piercing rounds. The ship was repaired so that it looked as if nothing had happened. Just in case any journalists had somehow gotten wind of the story.

The only response the Israelis ever made was to pay 6 million dollars compensation for the ship, which cost 17 million to replace. The U.S sold the U.S.S liberty for 100,000 as scrap metal.

If you really want to know who runs the U.S, then consider that the victims of 911 received compensation payouts in the tens of millions of dollars per victim, as did the victims of the Lockerby disaster.

So how much do Israeli’s consider the life of a U.S citizen to be worth? A Gentile! A Goy!

The life of a Gentile is worth 25,000. And then each fatherless child over 5 years old was paid 10,000 dollars.

Remember that, next time you mock and demonize anyone trying to inform you about Zionism.

The incident taught Israel that they can get away with murdering U.S citizens without any consequences.

The victims of 911 sued the Saudi Government, which had nothing to do with the 911 mass murders.

It was Israeli Zionists, with their C.I.A Golems, that carried out all the 911 attacks. Read my book ‘911: five minutes to midnight?’ if you are still ignorant of this fact.

The ‘investigation’ into 911 was the equivalent of the ‘investigation’ into ‘the holocaust’.

A complete sham.

You would not have heard about the whole episode, due to a Western media blackout.

Did you know that the survivors have been meeting each year on the anniversary?

Probably not.

Not until Al Jazeera made the documentary, and interviewed the survivors.

In the same year, 1967, 10,000 U.S troops died in Vietnam, a war that the U.S had justified by ‘the Gulf of Tonkin incident’ which today, as you can find out for yourself on the internet, assuming it is still operating, never occurred. It was not
just a ‘false flag attack’. It was complete fiction. There had never been any ‘incident’.

Still trust your government? Still don’t believe in conspiracies? False flag attacks? Still think 911 was carried out by a bunch of dudes with box cutters? And that non-existent planes can bring down buildings they were never even claimed to have hit? Leaving no trace of any plane or passengers? When DNA from the brave men and women trying to save the victims of Zionist terrorism was found at ground zero?

On the day of June 8, when the Israelis committed these shocking war crimes, only Syria was still holding out against the Israeli aggressors. Israel had promised the U.S that it would not attack, but launched a surprise assault on Egypt anyway.

Lyndon Johnson, the President of the U.S at the time, was, until the Clintons, the most pro-Israel president ever.

Note that Clinton stated that he was so pro-Israel that he would put on an Israeli uniform and fight on the front lines with Israel. Note that the Clintons arrived in Washington bankrupt, and after years of ‘public service’ are now have a net worth of around 200 million dollars.

Who do you think gave them all that money? And what for?

You still don’t believe the Zionists have excessive power and influence in Washington?

You still don’t believe in Zionist conspiracies?

However Lyndon Johnson, while an ally of Israel at the time, was no Bill Clinton. He leaked the story to Newsweek. Israel then threatened to sue the President of the U.S for ‘blood libel’.

You see what anti-Semitism really means to a Jew?

Anyone who challenges their complete domination and complete freedom to act as they please, in violation of all international law and common decency, is an anti-Semite to them.

Imagine what they are going to do to me!

The Zionist lobbyists in Washington got into overdrive and began threatening President Johnson with legal action, that they would withdraw all campaign financing from his party, and that they would destroy him in the mass media.

The Zionist Jews began a blanket mass media campaign to block the story from being presented in the mass media.

Israel rewarded Johnson for finally giving in to their pressure, coercion, and threats, by locating the North Vietnamese Soviet Surface to Air (SAM) missile
installations that had been taking down U.S planes, capturing the missiles, and bringing back the entire missile installations to the U.S as ‘a gift’. And so an ‘investigation’ similar to the one done on 911 completely exonerated Israel of any guilt.

169 of the 270 U.S congressman who were to vote on what to do about the entire incident were ‘bought off’ by Zionist Israeli lobbyists.

U.S authorities ‘buried’ the audio recordings that proved that the Israelis had identified the ship as the U.S S Liberty before attacking it.

The U.S quadrupled military aid to Israel.

It was later revealed that at the time of the attack, 3 U.S fighter bombers on U.S carriers, loaded with thermo-nuclear weapons, had been ready to set off to bomb Egypt for the Israelis.

In other words the whole ‘incident’ had been planned by the U.S as a ‘false flag’ attack.

Just like 911.

In order to ‘justify’ a war that the public would never have consented to, and which violated all international law, and common decency.

In fact the bombers were already over Egyptian territory, set to eliminate President Nasser, and the entire Egyptian military and civil government. Eyewitnesses are still alive who will attest to this fact.

The U.S, at that moment, was also put on ‘high alert’ and ready to launch an attack on the Soviets and China.

If they had succeeded, then the history books would have shown Egypt attacking the U.S and Israel, and the Americans retaliating with a ‘just’ war.

Just as the history books today define Japan and Germany as the aggressors, and as war criminals.

The fact that the U.S military was willing to sacrifice so many of its own personnel, American citizens, in order to pursue aggressive war aims otherwise expressly forbidden by the U.S constitution, which only allows for wars of defense, is nothing new.

For after all, on February 15, 1889, the U.S military set off explosives on the U.S S Maine, after orderings its Captain to sail into Cuban waters.

These explosions killed 254 sailors, and wounded 59 others. The Maine sunk, taking all the evidence of a ‘false-flag attack’ with it.

Just like the evidence of 911, the Oklahoma bombing, and the WACO Texas massacre were all conveniently destroyed or removed before anyone could look for evidence of explosives.
The sinking of the U.S.S Maine, and those 254 dead and 59 wounded men, all victims of an imperialist U.S government and military, were used as an excuse for the U.S to attack the Spanish, seizing territory and establishing what were to be only the first in a long line of U.S military bases around the world. Despite the U.S constitution expressly forbidding any such imperialism or wars of aggression.

Few people today will even bother to deny that the sinking of the U.S.S Maine was a false flag attack. You will even find it described as such by official U.S military historians.

The result of the Spanish-American war was an extension of U.S military and economic domination of the South Pacific, Caribbean, and The Philippines. Note that the mass media of the time, the newspapers, owned by Hurst and Pulitzer, played their part by delivering a propaganda blitz to incite public outrage, and ensure popular support for that war.

I have detailed many more ‘false-flag’ attacks in ‘911:5 minutes to midnight?’ There is a pattern of false flag attacks in U.S history. They have all been used in the way that JFK warned us in his famous speech just 10 days before he was murdered by the same people who carry out such false flag attacks.

And so the U.S has been pushed from being a land of the free and the brave, to the land of the debt slaves without the guts to even stand up to their own elected government officials.

The U.S was meant to be a beacon of truth, justice, freedom and prosperity for the world. A land that focused on being a role model, devoting its energies to peaceful pursuits, and remaining free of all foreign entanglements, let alone foreign wars.

There was never any need for the U.S to obtain more territory, resources, or power.

You have to ask yourself what went wrong with the plan.

You can only be free if you are also brave enough to stand up to tyranny.

Today the tyrant is not ‘across the pond’.

The tyrant is in the White House.

The tyrant in on the air waves, controlling what you think and feel, and doing its best to make sure you think as little as possible, and feel nothing more than fear, anxiety, so that you will turn to the tyrant for ‘protection’ from the very problems that the tyrant itself has manufactured.
Freedom begins with freedom of speech. Freedom of opinion. Freedom of expression. Without these, there can and will never be any other real freedoms. Any freedoms you imagine you have are purely illusory, if you don’t have the freedom to investigate and hold your political representatives to account. If you don’t have the freedom to challenge the ‘official fictions’, the ‘official narrative’s, the ‘official histories’.

For history has taught us that the ‘official’ version of events is quite often merely a definition of reality that suits very narrow vested interest groups. And these narrow vested interest groups are not concerned with the wellbeing of you and your family.

So you have to assert your rights. If necessary, you will have to fight for them. And the later you leave your assertion of your rights, the more violent, bloody, and vicious the fight to regain them is likely to be. So while you can still assert your rights peacefully, do so. You get the political leaders you deserve. You cannot allow the enemies of liberty and freedom to ‘divide and conquer’ you.

Stop concentrating on your differences, and start focusing on what you have in common. A common desire for freedom and liberty.

You have to get over your petty differences now and unite. It appears to me that you have until the next big false flag event to act. After that they will officially implement martial law, and introduce the Zionist New World Order. You will then be more or less powerless to do anything to stop them. And by then most people with any capacity for leading you will have either been killed, neutralized, or co-opted by them.

So I guess all I can do is wish all sentient beings on planet earth, Happy Next Lives. For I don’t see how it is possible to happy on a prison planet. And that is what the Zionist New World Order represents.

If you would like to consider an alternative, while there is still time, then please read my TROONATNOOR books, where you will discover my Eden Protocols, and my Optimal Ethics Generator.
Holocaust hoax denial

When the Philosopher Wittgenstein, inheritor of a fabulous Jewish Industrialist fortune, and keen Communist, would hear of, say, a visitor to England having said, after waking and opening the blinds ‘I can’t believe it’s raining, again’, he had the urge to run off and go speak to that person. He found the expression of someone claiming not to be able to believe what was right before their very eyes so provocative that the just had to investigate.

What the Zionists and their Golems are unable to believe is that, despite their cradle to grave, systematic, ubiquitous, full-spectrum, saturation, scientifically formulated and implemented, carefully crafted, no-costs-spared, no emotional manipulation too small, no political campaign finance contribution too great, no price too high (to pay off their Golems), no dirty trick too low, no lie too blatant or spin too incredible, constantly upgraded and tweaked propaganda campaigns, there are still some people who ‘can’t believe’ in their holocaust hoax.

For my part I find the opposite so hard to believe. Now that so much information is ‘out there’ on the world wide web, the WWW, 600,60,6, (the name of the number of ‘the beast’) the prophesied ‘dragon’ from whose mouth the ‘floods’ of wisdom pour now that ‘Jesus is in the house of the water-bearer’, and we have entered ‘the age of Aquarius’, what I am finding harder and harder to believe is that Holocaust hoax denial appears as strong and widespread as ever.

People are just denying the mountain of evidence that has been steadily accumulating since around the 60s, that clearly points to a hoax having been committed upon the entire world, at the expense of the truth, and at the expense of the legacy of Adolf Hitler and the Nazis, and at the expense of defaming the entire German nation, and more or less the entirety of white European Europe.

I guess most people just take for granted what they are constantly told as ‘fact’, especially if it appeals to them in some way, like offering them a sense of moral superiority over the Hollywood Nazi criminals.

Or is it just too easy to accept that entire nations would want to exterminate the Jews? I mean, hasn’t that sort of thing been going on for the entirety of recorded history? Is it that, at some unconscious level, the general public can completely empathize with the desire to exterminate the Jews? So much that they can easily accept that a group of people decided to act on that feeling?

What most people probably find hard to believe, is not that a group of people wanted to exterminate the Jews, but that Germany, of all nations, somehow failed at the task.
If that sounds facetious, well, the core of any joke is the truth in it. And you cannot deny, if you know anything about the history of the Jewish people, that there is some truth in it.

Now it’s true I’ve had a few run-ins with middle-aged women. Lying, scheming, scratching, kicking, assaulting me, getting me black-listed, and even getting police to torture me and put me in isolation. So I no longer automatically assume that every middle-aged woman is a good-natured, harmless, guileless, innocent creature.

Spielberg has been a big part of the holocaust hoax industry, with his emotionally powerful movies rivalled only by the great writer (building sub-contractor) Bauer (a private Rothschild joke?) whose fabulous prose so moved all the audience at the Nuremberg Show Trials.

But though a great producer, he isn’t much of an editor. Or at least he should have hired more competent ‘continuity’ people.

Or stuck to working with only trained actors, rather than hiring some actors, and filling other roles with untrained middle-aged Jewish women.

You see at least one of the ‘eyewitnesses’ in the Spielberg ‘documentaries’ has been outed as a professional actor with previous films to his credit.

He was one of the members of a ‘Sonderkommando’ that worked in the ‘death camps’, either filling up and emptying the gas chambers, or transporting and loading the bodies into the ‘ovens’.

If you pay any attention to the ‘testimony’ of all the middle-aged women, who claim to have survived (up to a series of 6) death camps, you will notice that when any interviewer bothers to actually question them about ‘what they actually saw with their own eyes’, they all admit that while they ‘know’ that their loved ones, among hundreds of others, were all immediately taken to the gas chambers and burned up in the ovens, not a single one of them actually saw any gas chambers or ovens, let alone actually saw anyone being led to them.

They always quickly admit that there were high brick walls between them and the people that had been ‘taken away’, before continuing, in an assertive, confidence inspiring tone that, ‘but I know they were all gassed’.

Then you have the woman who, in previous ‘documentaries’ described how her son had died of scarlet fever, because the Jews weren’t allowed to get medical treatment, later attesting, and stating in writing, that that very same son was ‘murdered’ in Auschwitz.

Before the general focus came to be centered almost exclusively on Auschwitz, Treblinka came in for a lot of attention.
Even today, if you ask any Zionist historian, they will insist that it is a proven fact that Treblinka was a death camp. No Jew who entered Treblinka ever left Treblinka. They died in Treblinka, and were buried in mass, unmarked graves. Then apparently their bodies evaporated. Leaving not a single piece of DNA evidence to prove that they had ever been buried there. For no graves have ever been found. Concrete has been poured over the site of ‘mass graves’ to make any further investigation possible.

‘Survivors’ who claimed to have been ‘liberated’ from Treblinka provided some of the best ‘material’ for the holocaust industry. They speak of mass shootings and mass graves, mass gassings and mass cremations.

‘Liberators’ of the camps describe how they found tall piles of naked bodies frozen together in heaps’. In August / September. Before the leaves had even fallen from the trees. Now I have lived in Moscow, Poland, and Estonia, and never once have I seen sub-zero temperatures in September. And anyway…

The problem is, Treblinka was never actually ‘liberated’.

When the Russians arrived at Treblinka, there was no-one to ‘liberate’. There was no evidence of any KZ even having stood there.

The only ovens they found had been used for baking the bread given to the Jews who passed through this ‘transit’ station on their way to camps in Majdanek / Lublin / Budzyn / Blizyn and Auschwitz.

Just listen to the very Jewish ‘survivors’ in Spielberg’s own ‘documentaries’.

Most of them talk of how they were taken to Treblinka, told to remove their clothing, had their hair clipped by a Jewish barber, were then showered and sprayed for parasites, and then given clothing and shoes, and either bread and soup, or bread and ‘ersatz’ coffee, before being, with up to 500 others, at a time, transported on to actual camps. Not a single eyewitness who had gone through the transit report had remained there longer than 8 days.

This is pretty much what happened to U.S immigrants as they were being processed on Ellis Island, New York. Or to Japanese inmates of the work camps set up in the U.S during WWII. Interestingly enough they were doing similar work to the inmates at Auschwitz. They were all engaged in the production of rubber. And anyone with particular skills was employed according to their trade or profession.

And note that even Ellis Island had cremation facilities. For the same reasons that Auschwitz had cremation facilities. To dispose of dead bodies, and prevent the spread of disease.
But of course there are the few middle aged women who insist that Treblinka was a death camp, and that they ‘know’ that their loved ones, from whom they were separated, were immediately gassed and burned up in the ovens. The bakery ovens!

Now comes one sublimely hysterical Monty-Python type statement from one ‘survivor’.

Before the idea was completely debunked as nonsense, survivors of the ‘Treblinka death camp’ claimed that diesel exhaust fumes had been used to murder millions of Jews.

Even Eichmann, after being captured and tortured by the Russians, presented the claim that the SS had used captured soviet submarine diesel engines to gas Jews. Whether that was pure genius on his part, or stupidity on the part of the Russians, it proved that what Eichmann ‘testified’ was pure nonsense. Either a deliberate plan on his part, or due to the ignorance of the Russians.

For anyone ‘in the know’ would know that Eichmann was lying. The Germans had never captured a single soviet submarine.

And diesel engines are chosen for their use in submarines, and other enclosed areas, due to their lack of dangerous exhaust fumes.

But back to our ‘survivor’ of the ‘Treblinka death camp’.

‘We were all lead to gas chambers designed to look like showers. And then they turned on the gas. But a miracle happened. Instead of diesel exhaust coming from the water heads. Water poured down’.

That reminds me of the Simpsons show with the miraculous Esqualux, a horse with the head of a rabbit, and the body of a rabbit!

I could not have made up such a sublime comedy sketch or ‘Markusism’ no matter how hard I tried.

Gas chambers that look like shower rooms, where people actually take showers! Gas outlets that actually dispense warm water!

Oh the diabolical genius of these Nazis! What will they come up with next!

A gas chamber disguised as a shower room that actually dispensed warm water. Imagine that! Those diabolical Nazis! What genius! Certainly that would fool the entire world into believing that the swimming pool at Auschwitz was for swimming, the ovens at Treblinka were for baking bread, the saunas at Auschwitz were for healthy sweating, the theatres were for musical performances, the shops were for shopping, the internal camp currency was for buying and selling among the inmates, the hospitals and dispensaries at Auschwitz were for caring for sick Jews and providing them with medications, the soccer competitions arranged at Auschwitz were for arranging soccer games, and the Zyklon B, the
world’s most common fumigant for the prevention of diseases like Typhus, was actually used to prevent Typhus!
How diabolically brilliant!
The clever Zionist war criminals advising and directing the Allied firebombing of Germany and complete destruction of all civilian means of life support and transportation were also sure to prevent any Zyklon B from reaching the camps in the last months of the war, resulting in Typhus epidemics, which would then be exploited in propaganda films.
How appallingly ironic. The very Zyklon B claimed to have been used to murder 6 million Jews was actually what was keeping them alive. It was the lack of Zyklon B that killed the poor unfortunate inmates of camps like Auschwitz in the tens of thousands.
Even Goering had been tricked by the film footage of Typhus victims.
Only the camp inmates with typhus showed any real signs of malnutrition.
The poor skeletal men and women of Auschwitz were victims of Typhus, not starvation. Thousands of these poor typhus victims actually died after Allied troops fed them.
There was not a single case of a prison in-mated liberated from Auschwitz that was suffering from starvation.
And not a single autopsy was ever carried out on any dead in-mate to verify the claims of Zyklon B gassing, which would have left clear indications of Cyanide poisoning. They were happy to desecrate the graves of the recently buried typhus victims, but not one showed any signs of Zyklon B / Cyanide poisoning.
And not a single autopsy was ever carried out to prove ‘cause of death’.
Not a single photo of an actual gas chamber was ever produced.
Not a single victim of a gas chamber was ever produced.
There is in fact no evidence of any gas chamber at Auschwitz.
The supposed gas chambers were built by Soviets for propaganda purposes.
Just try to find a single brick anywhere around the ‘gas chambers’ that shows even the slightest trace of Zyklon B residue.
Then go to the de-lousing chambers where clothing was fumigated with Zyklon B, and see how the blue residue has completely soaked through the brickwork to the exterior. Bright Prussian blue. The unmistakable indicator that Zyklon B gas has been used somewhere.
Dr Robert Faurisson was imprisoned for pointing out this simple fact.
But let’s not rely on scientific evidence. I mean actual, objective, scientific evidence can be misleading, right? I mean, who can trust laboratory tests, right?
So let’s listen instead to the ‘SonderKommando’ survivors’ descriptions of the victims of Zyklon B gassing a.k.a ‘Cyanide poisoning victims’. You see the toxic component of Zyklon B gas is cyanide. That is what kills lice, fleas, and according to Jews, though no comparison is intended by the author, Zionist Jews. And the effects of Zyklon B poisoning are well documented. In fact you can watch a video of a man who poisoned himself after being found guilty in a U.S court. You can see him inject the cyanide, and then go through the successive stages of cyanide poisoning, unconsciousness, muscle spasms, then almost immediate death, followed by a distinct and impossible to overlook coloration of his skin. You see cyanide poisoning leaves the blood, and skin, a distinct bright cherry red. So let’s now go to our ‘Auschwitz SonderKommandos’ to see how they describe the victims of the Zyklon B / Cyanide poisonings they witnessed. You can find all these interviews online. Look for the ‘USC Shoah Foundation Institute’ films. Of about a dozen ‘eyewitness’ testimonies, only one describes the supposed victims of the gas chambers as being ‘red’ in color. All the others variously describe the victims as being black and/or blue, and some even describe them as being green or even yellow. Cyanide gassing or even CO2 gassing does not lead to bloating, and yet witnesses claim that the bodies were ‘bloated to two or even three times their natural size’ immediately after the gassing. So let’s hear from Dario Gabbai, who just happens to be a professional actor, with screen credits to his name, long before his true fame as a ‘Death Camp’ ‘SonderKommando’ survivor. Dario Gabbai claims to have been a member of one of the ‘SonderKommandos’ that lead Jews to the gas chambers, then transported them to the ovens, where they were burned up. He claims that the gas chambers killed up to 2500 inmates at a time. He claims that their skin had turned black and blue. He claims that bodies were stacked three high in each oven before being burned up. He claims it took 20 minutes for these bodies, stacked three high to one oven, to burn up completely. All of these statements have been debunked as impossible, by doctors, scientists, engineers, and technical experts. And the guy never admitted to being a professional actor.
In the Spielberg ‘documentary’, ‘The Last Days’, Irene Zisblatt claims that Mengele personally removed her tattoo. You see he did not want to spoil the lampshade he was planning to make of her skin. Mengele had personally taken her out of the gas chamber where she, along with thousands of others, was about to be gassed. He didn’t want a red lampshade. He wanted a nice white one!

Like Adolf Eichmann’s ‘confession’, which may have been a deliberate trick of Eichmann’s to make it clear to any Germans that he was making it up, the former Kommandant of Auschwitz who had been tortured (the Russians admit this and the Allies admit they knew) signed a confession written in English, a language he did not understand, possibly to make it clear to all Germans that he was also making up his ‘confession’.

Note that Eichmann also ‘confessed’ that the diesel fume gas poisonings produced ‘fountains of blood’ in the victims being gassed! Another fanciful creation possibly designed to make it clear that his ‘confession’ was not to be taken seriously by anyone with a brain in their head.

Surely it is clear to you, by now, that the holocaust never happened. The Jews, as self-declared enemies of Germany, were rounded up and put to work in camps. Thousands died there of the typical diseases associated with any form of camp. The main problem was with the damp grounds the camps were built on. Zyklon B, delousing, hair removal, and other measures, were all taken to prevent diseases like Typhus.

However when the Allies, under Zionist leadership, began their war crimes in Germany, such as the actual, real, documented, proven ‘holocaust that was Dresden’, they made it impossible for the Germans to supply their work camps. The supplies of Zyklon B were used up. Typhus epidemics became widespread. Thousands of camp inmates died of Typhus. These are the poor victims shown in the ‘holocaust’ movies. They died as victims of the Zionist lead Allied War Crimes against the German people in WWII. THAT was the real holocaust.

Where is the German movie producer prepared to make a movie about the truth? In prison?
The other real holocaust was that carried out by the Zionist Bolsheviks, in which over 50 million European (Christian / white skinned) Russians were murdered in Gulags. If you doubt that Marxism, Communism, and Bolshevism are not Zionist Jewish constructions, then do a little reading, my dear friend.

As I have explained elsewhere, Zionist Jews, in their ‘divide and conquer’ strategy, constructed all the four major western ‘religions’. Judaism for their Jewish slaves. Christianity for their Gentile slaves. Islam for their Arab slaves. And Marxism for their ‘atheist’ slaves.

I’m quite curious to see what their final ‘religion’ is to be.

It seems that the Zionists, once they have succeeded in enslaving all humanity, will no longer need the old ‘noble’ lies and myths of a god.

The Zionists, after sacrificing most of the Jews, will reveal themselves as quite distinct from the Jews. Above the Jews. Masters of the Jews, as of all peoples.

The Zionists will finally admit that they were behind all the world’s religions, and that they are all constructs.

The Zionists will no longer have any need for the myth of ‘god’.

For the Zionists will have inherited their ‘heaven on earth’ as the true gods of this planet.

Just wait and see.

Or you could, while you are still free to, do what your ancestors did when they realized what the Zionists were up to.

You see the Zionists are such a small number.

They fear books like mine more than any high tech weapons.

For books like mine reveal the truth.

And the truth is their only enemy.

You could all wake up tomorrow and demand an end to the Zionists plans to enslave you.

It is really that simple.

But if you don’t, you will be enslaved.

Also that simple.

It is just so simple, folks.

So don’t complain that you were not given a chance.

In fact the Zionists themselves, with their queer sense of arrogance, have allowed people like me to discover the truth, and to share it.

For now they have proof and justification for treating you all like cattle. For treating you how you treat cattle, and other animals, and those humans less
intelligent, less talented, less powerful, less educated, and less privileged, than yourself.
You have proven yourselves unworthy of freedom.
You have proven yourselves bereft of compassion and empathy.
You have proven yourselves incapable of self-government.
In fact, if you read my books, you will see that they are a job application for a position with the Zionist New World Order.
I have an alternative New World Order that is much better.
But seeing as you were never going to implement my superior, optimal, New World Order, I will go with the next best thing.
And the Zionist New World Order is the only alternative on offer to the current, completely indefensible state of the world.
So I repeat, for the record, this is either an appeal for the masses to wake up and follow people like me forward into a new Eden, based on my Eden Protocols, or a job application with the Zionist New World Order.
I am sure they have a sense of humor.
They won’t distinguish between Jew and Gentile when they have their power. All of use, Jew and Gentile alike, are worthy of their contempt.
The Zionists, the ‘thirteenth tribe’ may even be the Atonists of old.
Moses may in fact be Akhenaton.
And despite what Mr Tsarion believes, I believe that Akhenaton and The Priests at ON, the Aton-ists, had in mind the sort of world that I want to bring about.
It is quite possible that they have been operating behind the scenes, even without the Zionists realization, at finally bringing about their New World Order.
I believe that it is quite possible that one day the Zionists will wake up and realise that they have been a pawn in someone else’s conspiracy.
And then perhaps I will be able to rejoice that Akhenaton’s vision has been realised.
Perhaps I will see my Eden Protocols realised.
Whatever the case, just more of the same old shit on this planet is just not of any interest to any enlightened person.
Whether it is Zionists doing the enslaving, or just greedy Arabs or Europeans, what is the real difference?
Whether it is you allowing animals to be enslaved, imprisoned, tortured, tested on, abused, and then finally, cruelly slaughtered to make shoes, or food products, or Zionists doing the same with you, what is the difference to an enlightened person?
Is your suffering in some way more worthy of universal consideration than the suffering of a cow, a pig, a chicken? Why?

Even Thomas Aquinas realized that intelligence doesn’t increase or decrease the capacity to suffer. Your IQ does not determine whether you can feel pain.

A mother is a mother, whether her child is a calf or a piglet or a duckling or a human. She feels the same pain at losing her beloved child. In fact I have rarely heard of a human mother running back into a burning building to rescue her babies. Or a human mother facing down a ravenous lion or tiger, to protect her offspring.

Do you think a god, that created all living beings, discriminates between them?

If you were a god that had created cats, dogs, pigs, horses, eagles, owls, tropical fish, marine iguanas, and on and on, do you really think you’d find yourself falling in love with the human species, when he/she had so many other species to choose from?

You know the Zionists will probably institute veganism for their slaves, the masses, for reasons of economy and natural resource preservation. So they will reduce the suffering on this planet when they eliminate and communize most humans.

But if people like me got to run the show, even the most privileged people would be vegan. And they would always consider the interests of every sentient being in their planning.

This is something you would not tolerate, at the moment. For you are in a privileged position equivalent to the one enjoyed by Zionists over you right now. You can exploit your power, without concern for the suffering and misery you inflict on other sentient beings.

Just like the Zionists are free to do with you right now. You would never give up your legal rights to exploit others. So you would never in your wildest fantasies vote for a legal system that gave all sentient beings the right to freedom from YOUR exploitation, slavery, and murder.

The real ‘HOLOCAUST’ that has been going on is that perpetrated on the animals of this world by the people just like YOU.

What should I care if the perpetrator, YOU AND YOURS, who would never have stopped your crimes, is stopped in your tracks by a more powerful perpetrator operating on exactly the same principles, only including YOU in the list of legitimate victims?

I have no power to save the Jews who died in the SS work camps, or the Christians and white Europeans who were murdered by the Zionist Bolsheviks.
I have no power to bring back all the dead children of the Palestinian mothers that the Zionists have murdered.

I have no power at all to convince you to stop the holocaust you are perpetrating on the powerless, defenseless, animals of this world.

Why should I care that Zionists define all non-Zionists as animals, worthy of the same treatment we have been dishing out to other animals for so long?

Why should I care that so many Jews consider you to be worthy of no more justice, rights, or power, than the animals you and yours so cruelly exploit and kill?

I am not anti-Semitic. I am pro justice, truth, and liberty, for all sentient beings, as far as enjoying there do not impose costs on other sentient beings.

You can read the most sane, sober, and honest holistic overview of justice, truth, and liberty, in my TROONATNOOR books.

But you won’t.

You will go on being hypocrites, inflicting pain, misery, sorrow, and death, upon those sentient beings you have power over, and then one day complain when the clever Zionist rounds you and your family up, to decide which of you has any value to them, as workers, as sex toys, or as ‘SonderKommandos’ to oversee the extermination of the rest of you.

There is no free will, so I am not blaming you.

I am trying to warn you of what the consequences of your actions are going to be.

I am trying to lead you somewhere better than you are heading.

It is not about judging anyone.

It is about judging the desirability of some outcomes over others.

The only power I have is the power of my arguments.

The only authority I have is contained in these arguments.

If you won’t read my books, then I can do nothing to help anyone.

If you won’t accept responsibility for your own lives, and your own actions, then you will have to suffer the consequences.

I wonder if we go through this world until we learn our lessons of humility, compassion, and empathy.

Because history certainly repeats.

And those now living do not appear to have learned their lessons from history.

And the few who have are marginalized, rejected, abandoned, mocked, derided, ostracized, defined as mentally ill, imprisoned, and often just killed, when they try to share what they have learned with their wider societies.
I guess these few who have learned their lessons will continue on to a ‘higher’ form of existence.
And the rest of you will keep repeating the same cycles until either you have learned your lessons.
The wisest of all people that have ever lived have expressed the desire to be free of this world as soon as possible. But as they felt compassion and empathy for those that they would leave behind, they struggled on in this world in order to try to teach the others, and lessen their suffering.
When I get to leave this world I will be relieved, like Goering, and every wise person who has ever lived.
Go read Ecclesiastes, all you would-be ‘masters of the world’. See how far your ambitions will get you.
And to the rest of you, I can only hope that the suffering you are about to endure will finally awaken the compassion and empathy that has been lying dormant within you, and that this might be your last life in a world like this one.
Happy Next Lives
The Clinton Conspiracies as an example of how the Zionist Occupation works

As I have mentioned elsewhere, President Clinton was the most pro-Israeli, pro-Zionist President ever. He expressed his ‘commitment’ to Israel many times. He went so far as to say that he would love nothing more than to put on an Israeli Army uniform and fight for Israel.

This is the President of the United States, vowing his allegiance to Israel!

Clinton is also a Mason.

Remember that Adolf Hitler closed down all the Mason lodges in Germany, certain that they were all under the control of the Zionist Jews.

The reason the Illuminati were shut down by the King of Bavaria is the simple fact that their members, like the members of the Masons who form part of their organization, swear allegiance not to any nation, or constitution, but to each other, and their ‘unknown’ leaders.

U.S. history has been, and continues to be, dominated by the freemasons.

And if you think Hitler was clueless when he defined the Freemasons as a Zionist Jewish organization, then consider the following quote from Rabbi Isaac Wise, made in the Jewish Tribune of New York on October 28, 1927. ‘Freemasonry is a Jewish establishment, whose history, grades, official appointments, passwords, and explanations are Jewish from beginning to end...Masonry is based on Judaism (Jewish Talmudism). Eliminate the teachings of Judaism from the Masonic Ritual and what is left?’

Clinton is a Freemason. Being a freemason is a literal declaration that you are unfit to serve as President of any country. A Mason does not have any allegiance to the Constitution of the U.S. A Freemason’s allegiances are to his fellow Masons, and their Zionist leaders.

Much worse than that, Clinton, as a draft-dodging college student, not only participated in anti-U.S rallies, he actively organized them. And we are not talking about anti-Vietnam war rallies. These were anti-U.S rallies.

Not only is Clinton publicly pro-Israel, he is anti-America. His allegiances were and are to his own pleasure (sex and drugs), Israel, Zionism, and Freemasonry.

Now some may argue that the Zionists are not at the very top of the ‘pyramid’. That some other group actually controls them. Some believe the Vatican is the power center pulling the strings. However the people who gave us Zionism are the same who gave us the other three world religions, Christianity, Islam, and Marxism. It would not matter if the Catholic Church came before the written
Talmud. The same people who designed each ‘cult’ are the ones who went on to realise their plans for a new world order in which each Zionist would have 2800 slaves. You can use this figure to predict what the world population will look like in a few years. To work out how many of us ‘Gentiles’ must die in the next few years. Keeping in mind that it is the Evangelical Christians in the U.S who brought Bush and Clinton to power, consider how ‘when the Messiah comes, every Jew will have 2800 (Goyim) slaves’. Simeon Maddareen.

Consider a few other famous quotes from ‘Zionists’ and their Talmud.

In Libbre David, 37, we find the statement. ‘TO COMMUNICATE ANYTHING TO A GOY ABOUT OUR RELIGIOUS RELATIONS WOULD BE EQUAL TO THE KILLING OF ALL JEWS, FOR IF THE GOYIM KNEW WHAT WE TEACH ABOUT THEM, THEY WOULD KILL US OPENLY’

Or how about Sanhedrin 57a 'What a Jew steals from a Goy, he may keep'.

Or how does this appeal to you? ‘All children of the Goyim are animals' Yebamoth 98a.

If you really need it stated, up in your face, just to avoid any possible misunderstanding, you can quote the Zohar Shemoth, which states that ‘Extermination of the Christians is a necessary sacrifice’.

The basic Zionist, Talmudic view as expressed in the ‘Midrash Talpioth, p225-L that…”The non-Jew is an animal in human form, and condemned to serve the Jew day and night'.

And if you think your women are going to be safe, consider this quote. ‘A Jew may do to a non-Jewess what he can do. He may treat her as he treats a piece of meat' Hadarine, 20, B;Schulchan Aruch, Choszen Hamiszpat 348.

As I have gone to great lengths to clarify, the Zionist leadership are not Jewish. They are using the Jews as a tool. A mere means to their ends. In the same way that they are using Christianity, Islam, and Marxism as means to their ends. In the same way they are using the new ‘Man-made Global Climate Change’ hoax. In the same way they have used ‘The Holocaust’ hoax.

The founders of Zionism are declared atheists. They are not religious. They do not believe in any god. What they believe in is their own right to rule the world. They believe in a Zionist one world government.

They had considered any number of possible locations for a Zionist state, including Uganda, but settled on Palestine because they knew they could ‘play the religion card’ and gain support around the world from Christians, by appealing to biblical prophecies. Otherwise, apart from the sympathy gained through the holocaust hoax, the Zionists would not be able to count on much
support. But by appealing to the bible, they were guaranteed the support of the powerful evangelical Christian movement in the U.S.

It might interest you that most of today's 'Jews' are really Gentiles who are either declared atheists, or only 'Jewish' in name. Their ancestors 'converted' to Judaism centuries ago in order to be independent of the laws governing Catholics and Muslims. You see a 'Jew' can move freely between both 'faiths', and engage in financial practices that, at different times and in different places, had been defined by Christianity and Islam as 'sins'. By converting to Judaism, in name, they could move freely between Islamic and Christian lands, and conduct lucrative financial trades forbidden to Christians and Muslims.

And one of the easiest ways to 'rule' the Gentile was to set up, or at least infiltrate, secret societies such as the Freemasons, and use their 'Christian' membership and power base as a foundation for their own secret plans.

Ask a Mason who their 'masters' are, and they will admit that this is a secret. They don’t realise they are serving the Zionists.

Masons swear an oath to protect their fellow Masons, ‘right or wrong’. Like the old slogan ‘My country, right or wrong’. And this includes protecting fellow Masons who commit murder and treason.

Now I am not saying that Bill Clinton himself actually had anyone murdered, imprisoned, and tortured, to protect Bill Clinton from ever facing justice for his involvement in criminal acts such as personal illegal drug use, fraud, illegal drug importation and distribution, money laundering, or handing out jobs and other benefits to women in return for sexual favors, or for them ‘keeping quiet’ about his sexual interactions with them.

It is possible that his 'puppet masters' were simply protecting their investment. That the Zionists who financed and stage-managed Clinton’s journey to the Whitehouse simply took matters into their own hands, and ensured that anyone who posed any sort of threat to Clinton’s continued Presidency would be eliminated. That Clinton benefitted from these acts, but was not the one who initiated them.

But it is a fact that at least 52 people closely associated with Bill Clinton died of 'unnatural' causes. These 52 people were all involved in criminal and civil investigations into Bill Clinton’s activities since his days as District Attorney of Arkansas, then Governor of Arkansas, then President of the United States of America.

Before we continue, consider how the Zionists used their King David Hotel bombings to murder investigators, and destroy their documents, to thwart investigations into their criminal activities in Palestine, and later used the
bombings of 911 to murder investigators, witnesses, and destroy evidence of their criminal activities. See my book ‘911: 5 minutes to midnight?’ for details. Well the Zionists also orchestrated the WACO massacre, and the Oklahoma City bombings, in part to murder witnesses to Clinton’s activities. In the case of the Oklahoma City bombings, the Zionist mass media ensured a media blackout of any evidence that might ‘confuse’ the public. For example, how many of you ever heard about the four unexploded bombs that Firemen removed from the site after the explosions, which were attributed to a lone terrorist’s car bomb?

C. Lebleu, I. McKeahan, R. Williams, and S. Willis were all Clinton Bodyguards during his time as Governor of Arkansas. They were all witnesses to a long list of sexual liaisons he engaged in during his years as Governor. The official cause of their deaths is ‘Gunfire during the raid on WACO’ on 1/28/1993. During WACO the military and F.B.I used military tanks in violation of the constitutional law which forbids military personnel and military organizations being involved in civil criminal matters. They killed men, women, and children. Among the death toll were these four government agents. Each had been shot in the head from directly above, by sniper fire from helicopters. Of course their deaths were blamed on the WACO ‘terrorists’. What are the odds that all four of these men would die in a terrorist incident?

David Koresh and his ‘Branch Davidians’ present a great case study (in the authorities case a TEST study) of the sort of ‘ritualized killing’ recommended by the ‘Iron Mountain’ experts. They were first demonized by the mass media and authorities, as the Church had first demonized their victims during the Inquisitions and witch trials. They were then judged and executed in a public ‘purification ritual’. These are the sorts of ‘psychological substitutes for war’ that the ‘Iron Mountain’ panel of 15 experts called for. Such ‘rituals’ give the masses an outlet for their own pent-up and repressed frustrations, desires to harm and destroy, and ‘blood-lust’, in the absence of war. The Branch Davidian compound was raided by Federal assault troops even though there was absolutely no evidence that any crime had been committed or was intended / planned. They had simply been demonized as a ‘dangerous cult’ by the mass media and authorities.

If there had been any evidence of criminal activity or intent, then it would have been the duty of the local Sheriff to serve warrants, not the Federal Government. In other words the Feds had no legitimate reason for being there, let alone carrying out an assault on the compound.
Of course the ‘official fiction’ as presented by Bill Clinton was that David Koresh was a danger to society, and had proven this when he had deliberately set fire to his own compound, killing all the people in it, including children.
Oh, and that fire just happened to destroy any evidence that might prove inconvenient by contradicting the ‘official fiction’.
Well if you don’t think it all suspicious, then what are the odds of another witness, Alan G. Whicher, Clinton’s chief of Security and former Clinton bodyguard dying in yet another terrorist incident, the Oklahoma City bombing on 4/19/1995?
And what are the odds of all the documents linking NATO country political leaders to a multi-billion dollar defrauding of the Libyan people just happening to be one of the two targets of a NATO bomb strike on a completely civilian target in downtown Tripoli? A bomb strike that, like the King David Hotel bombings, the 911 bombings of the WTC and Pentagon, and the WACO massacre and Oklahoma City Bombing, completely destroyed not only all the documents relating to extremely sensitive criminal proceedings, but also witnesses, and entire organizations.
Just like it has since been proven beyond a shadow of a doubt that the official cause of the WTC collapses, and the Pentagon explosions, are completely laughable fictions, the Oklahoma City bombing damage could never have been caused by the fertilizer-based car bomb Timothy McVeigh is accused of having detonated.
A clear sign of a ‘cover up’ in both cases is how quickly the government moved into the crime scene to remove any evidence. In the case of 911, the WTC debris were immediately carted off and shipped to China.
In the case of the Oklahoma City bombings, Timothy McVeigh’s defense team were refused access to the bomb scene to take soil samples. Like the soil samples from the WTC that proved that very sophisticated bombs had been used.
The government, like after 911, pulled down the building and removed all the debris so that no-one could carry out any investigation of the incidents.
As the Oklahoma trial continued, the size of the fertilizer bomb McVeigh was alleged to have used had to be continually ratcheted up in size, from the original 1200 kg, to 4800 kg. However experts all agree that even a 4800 kg bomb of the kind McVeigh could possibly have built at home, would not in the least explain the damage done at the bomb site.
The damage done by the ‘truck bomb’ in the first 911 bombing was 'beyond credulity’ according to General Benton K. Partin, the Former head of Air Force Weapons development.
The same applies to the official story about the first bombing of the WTC, in which a van packed with explosives was blamed for the explosion. The American Free Press/spotlight newspaper claims to have viewed video tapes of SWAT teams systematically laying explosives around columns under WTC. Of course for 911 they laid explosive charges and all sorts of Nano-thermic devices and micro-nukes around the building and this time ensured that it came down.

Further, explain why all the FBI agents who would normally have been at work that day were called and told to stay home that day?

What was used was far from a home-made fertilizer based bomb. It was in fact a highly sophisticated, ‘barometric’ bomb. In fact a computer programmer who had called the F.B.I to describe to them how a company he had been working for had actually developed that bomb shortly afterwards found himself serving a 30 year prison sentence on a trumped up drugs possession charge.

Are you starting to see how the Zionists can manage to keep such conspiracies secret for so long?

Just like the woman who was set to appear as a witness to criminal investigations involving drugs, money laundering, and murder, all involving Bill Clinton.

Since when do first time drug possession offenders get 30 year prison sentences?

In many cases the official cause of death was ‘suicide’. Note that a corrupt coroner can get away with massive cover-ups, simply by claiming a death was suicide. He can cover up a murder by ignoring obvious signs of violence. We shall consider some specific examples in a moment. In many cases it has already been proven that the coroner’s reports were complete lies.

Dan Casolaro was a journalist investigating the Arkansas Development and Finance Association which Clinton was intimately connected with during his days as District Attorney and Governor of Arkansas. ADFA is known to have used tax payers’ money to make loans to ‘mates’ that they are not expected to ever pay back. He was found dead on 8/10/1991. The official cause of death was ‘suicide’.

John A Wilson was a Washington D.C Councilman preparing to expose Clinton. Instead of exposing Clinton, he apparently decided to commit suicide on 5/19/1993. Remember, according to the coroner’s ‘official cause of death’.

Paul Wilcher was a Washington D.C Attorney taking part in a MENA investigation involving Bill Clinton. His official cause of death was suicide, on 6/22/1993. Clinton’s childhood friend, and deputy White House counsel, Vincent Foster, was found dead on 7/20/1993. The official cause of death was suicide.
John Walker, a Senior RTC Specialist in the investigation into the Clinton’s multi-million dollar ‘Whitewater’ cover up, was found dead on 8/15/1993. Official cause of death was given as ‘suicide’.

Bill Clinton’s Presidential Campaign Finance Committee manager, Ed Willey, was found dead on 11/30/1993. The official cause of death was suicide.

Kathy Ferguson, the fiancée of Clinton bodyguard Bill Shelton, was found dead on 5/11/1994. The coroner claimed she committed suicide. About a month later her former husband, Arkansas State Police Officer and fiancée of Kathy Fergusson, Bill Shelton, was found dead on 6/12/1994. Again the coroner ruled ‘suicide’.

Calvin Walraven, a police informant in Jocelyn Elder’s son’s cocaine distribution trial was found dead on 7/28/1994. The official cause of death was listed as suicide.

But we have every reason to doubt such ‘official cause of death’ reports. For the two boys murdered after witnessing a drug and cash drop in Arkansas were found dead on the railway tracks not far from their homes. The coroner had claimed they had fallen asleep on the railroad tracks and been killed by a train. However private autopsies revealed that one of the boys had been murdered with a knife, and the other had had his head smashed in, long before any train had come anywhere near them.

And then there are the ‘plane crashes’. Now remember that the Korean Airliner shot down by Soviet jet fighters just happened to be carrying, among its first class passengers, a number of very powerful anti-New World Order activists.

The Lockerbie disaster was, if you remember from my ‘911:5 minutes to midnight?’, a false flag attack blamed on Gadhafi, in order to pull him back into line after he began organizing the Africans to set up their own gold backed currency, and had arranged to start selling oil to the Europeans and Chinese for Euros and gold. If you don’t understand why NATO and the U.S murder any leader, and invade any nation, that attempts to sell their oil in anything other than U.S dollars, you’ll have to read my ‘911:5 minutes to midnight?’ book.

Planes are easy targets for C.I.A (Zionist Intelligence Agency) terrorists. Victor Raiser, the Chairman of Clinton’s Presidential Campaign finance committee died with his son when their plane ‘crashed’ on 1/30/1991.

W. Barkley, B. Hassey, S. Reynolds and T. Sabel, all closely connected with Bill Clinton, died when their plane ‘crashed’ on 1/30/1991.

S. Heard and S. Dickson, both members of Clinton’s Healthcare Advisory Committee died in a plane ‘crash’ on 9/10/1991.

Herschel Friday, a member of Clinton’s presidential Campaign finance committee died when the plane he was in ‘crashed’ on 3/1/1994.
And then there was Ronald Rogers who was actually killed en-route to the filming for “The Clinton Chronicles” documentary, which detailed the context of all these other deaths, when his plane ‘crashed’ on 3/3/1994.

Remember that Clinton was in the habit of giving jobs to people he owed for various ‘favors’ they had done him.

Remember that the whole ‘political campaign finance’ set up is about as corrupt a business as has ever existed on this planet.

This is how the rich and powerful hire and buy influence in U.S politics. It is how they ‘buy’ their Presidents.

The Zionists are the largest campaign finance contributors, making over 50% of the ‘official’ ‘legal’ campaign finance contributions, even though Jewish people represent less than 2% of the U.S population.

Add to this the fact that they own virtually all the major mass media outlets, from television, to newspapers, magazines, and on to the Hollywood film studios.

The Zionists can ensure that you only get to see and hear and read about the ‘news’ that they want you to. They can ensure an almost 100% media ‘black-out’ of any ‘news stories’ that they don’t want you to know about.

They can buy and hire coroners to write whatever they want on their official coroners (cause of death) reports.

Often they simply blackmail people after getting them involved in illegal activities and crimes, such as drug use, money laundering, under-age sex, or other forms of corruption.

This is why, as I said earlier, we cannot be sure that Bill Clinton has had any real active role in any of the crimes from which he benefitted.

It may just be the case that they gained control of Bill Clinton by feeding his sex and drug addictions until he would never be in a position to ever go against their wishes or orders. For at any moment his ‘handlers’ could ‘blow the whistle’ on his activities. He would end up in jail, or worse, almost instantly.

They know this. So why would the Zionists who got him all his power, in order to use it to further their own vested interests, let some small time cop, detective, investigator, body-guard, or fellow ‘party animal’ blow the whistle on him, taking away at once the Zionists ‘leverage’ over him, and their ‘puppets’ power?

Of course Bill Clinton and his mates have every reason to want a lot of people dead, who posed a threat to their ‘gravy train’.

But the Zionists, his financiers, had even more reason to want to silence any potential threats. For they threatened all the Zionists had worked for in getting Clinton elected. And worse. If Clinton was ‘outed’ by some ‘nobody’, then he would have no reason to ‘play along with’ the Zionists anymore.
He might even expose his masters to the world. And then the Zionists would have to kill yet another U.S President.

They’d gotten away with assassinating Lincoln, after he had begun moves to introduce a non-debt U.S ‘greenback’. They did the same with JFK, for the same reason. But keep killing U.S presidents and sooner or later people will start getting wise to your schemes.

And your objectives are so close now that you can almost taste them. Your New World Order is just a few minutes away. So why take such risks?

No, much better just to keep killing anyone who might pose a threat to Clinton, and keep him in power until you can replace him with his equally corrupt wife.

And if that doesn’t work, remember you’ve been secretly funding the ‘opposition’ for all these years anyway. Whoever gets elected, he is going to be representing your Zionist interests, and not the interests of the ‘cattle’ that elected him.

And whoever you elect, they are going to be pro war, no matter what they say during their election campaigns.

Why? Well how about we let former U.S President James Madison explain: 'Of all enemies to public liberty, war is, perhaps, the most to be dreaded because it comprises and develops the germ of every other. As the parent of armies, war encourages debts and taxes, the known instruments for bringing the many under the domination of the few. In war, too, the discretionary power of the executive is extended...and all the means of reducing the rights, are added to those of subduing the force, of the people...The means of defense against foreign danger historically have become the instruments of tyranny at home'.

Now does that sound like a scenario that you’ve seen playing out since at least 911? A constant erosion of your rights and freedoms? An increase in public debt? Increasing ‘discretionary’ (arbitrary dictatorial) powers in the hands of the President? Attempts to take guns out of the hands of the people, taking away their ability to defend themselves? Ever increasing invasion of the federal and soon international (The soon to be declared international Carbon Tax and associated powers in every household, in every nation) governments, into the minutiae of everyday life, controlling and directing, micro-managing, at a level beyond even the nightmare ‘1984’ scenarios of Huxley?

And why do you think the Zionists are stepping up their ‘thought crimes’, once limited to ‘holocaust revision’ and now being extended to ‘Man-made Global Climate Change’, and ‘Open Borders’? What was it JFK warned about, when governments start censoring information, and withholding information from the public? What did JFK warn about the powers that be ‘covering up their mistakes’?
JFK stated the government’s obligation to provide the ‘fullest of information’. To conceal nothing. To hide nothing. To have only the bare minimum of secrets necessary.

JFK, like many other U.S Presidents in the past, explicitly warned against ‘secret societies’ operating in government and behind the scenes. For their members could never be trusted to act in the interests of the people, and according to the Constitution. They would be loyal to external powers, rather than to the nation, the people, and its Constitution.

Remember that the only point of setting up the U.S.A was this constitution, and the rights and liberties it was set up to defend, protect, and nurture.

The U.S.A was expressly forbidden, by the constitution which set it up, and legitimated the violence required to do so, to engage in foreign wars. But since its signing the U.S has bombed at least 250 sovereign nations, undermining democratically, popular elected governments around the world. The most recent case was Libya. For more details see ‘911:5 minutes to midnight?’

JFK gave his famous 'secret society' speech 10 days before being murdered by his own body guard. An only months away from having his Executive order for the dissolution of the Zionist Federal Reserve Bank(sters) honey pot. See ‘911:5 minutes to midnight?’ for details.

JFK expressed in that speech an important fact that many U.S Presidents before him had voiced in their own way. That it was not worth saving an America if we cannot preserve its liberty and freedom. ‘There is little value in ensuring the survival of our nation if its traditions (of private liberty and individual freedom) do not survive with it.’

JFK warned against our governments imposing increasing restrictions upon us, like the Patriot Act and its equivalents around the world, in the name of defending us from ‘people who envy us our freedoms’. JFK directly warned us against such unconstitutional acts.

JFK explicitly warned us that a supposed need for security could be presented as a cover to gain the power to conceal the truth, operate a ‘secret’ or ‘shadow’ government that the people have no knowledge of, or part in electing, and therefore no control over, and censor the news and stifle dissent.

Surely the ‘enemy that envies us our freedoms’ has won their war when we voluntarily give up our freedoms and liberties, the very freedoms and liberties we claim to be ‘fighting’ for?

If you have no constitutional rights, and these rights were the original reason for taking up arms against tyranny, then what exactly are you fighting for? What are
you paying your hard earned money to the government for? Aren’t you paying your own tyrants to tyrannize over you?

If the price of security is the absence of freedom, then what are you actually defending in the end but your own prison? What are taxes if not payments to your own prison guards, to build your own prison walls, put up barbed wire to keep you in, and security systems to control you and the other in-mates, and ensure you turn up on time at your designated ‘work programs’?

JFK warned against the state imposing restrictions as the supposed price of security, as they’d end up producing the situation they were claiming to be protecting you against.

And he, like any reasoning, aware person, included censorship of any form other than that strictly necessary for national security as one of the chief evils to be avoided.

He warned against the powers that be widening the scope of what ‘national security’ could mean, simply in order to censor free speech, dissent, and controversy.

In fact JFK praised Solon, the Athenian law maker, who actually made it a crime to ‘shrink away from controversy’. In other words JFK saw a need to encourage questioning of the dominant paradigms, to challenge authority, to question and interrogate the ‘official fiction’, and behave like the true ‘skeptic’ in constantly questioning everything, taking nothing for granted, and keeping an open mind, an open society, and open investigation and discussion of all things pertaining to public life. Even if it means angering public opinion! Even if it reveals the errors in judgement and crimes of those in power, and the public itself.

As JFK reminded us, quoting Orlando A Battista, ‘An error doesn't become a mistake until you refuse to correct it’. And that is all that ‘historical revisionism’ is. A desire to interrogate the official narratives known as ‘history’, and correct them where needed. Historical revisionism is really a correction of historical myths, lies, propaganda, and misunderstandings, based on empirical research, and the honesty only possible years after the events, and years after the official ‘propaganda’ campaigns have been put to rest.

The problem is that the current Zionist plans require the complete destruction of Germany, and their propaganda campaign, active since the time of Bismarck, long before WWI, is still active.

Hindsight may be 20/20 vision, but when your vision is distorted through the looking glass of propaganda, you have no hope of seeing the reality.

And when good men and women are put in prison, fined huge amounts, and have their lives and careers destroyed, for simply asking reasonable questions,
and attempting to be rational and unbiased about history, you can see that there is little hope that the truth will be discovered, or if it is, actually shared with the world.

Zionists provide 50% official political campaign contributions, but also control mass media, so provide EXPONENTIALLY more in terms of free positive comment, media exposure, positive public relations by media, 'black-out' on opponents, complete positive bias for you and negative bias against your opponents, smear campaigns against any critics who manage to get through this 'black-out' and censorship of their criticism, then have judges in their pockets and police on their payrolls, so they can have people arrested, intimidated, or simply savagely beaten, and even killed.

This means that the Zionists and their Golems, like Clinton, can have any investigations against them or their cronies blocked. They can ensure that the salient facts, the ‘full truth’, never come to light, or if they do, few people will ever become aware of them, and even fewer will take them seriously.

The Zionist mass media can have anyone defined as a ‘conspiracy theorist’ or ‘neo-Nazi’ or simply ‘whacky’. By undermining the credibility of the messenger through such smear campaigns they can make the messenger seem laughable. In this way few people are ever going to pay attention to their message, let alone take it seriously. All the odds will be in favor of them simply dismissing the message along with the messenger.

The messenger will pay for their attempt to enlighten the masses, even if they are never arrested (for any crime the private investigators can pin on them or frame them for), fined, imprisoned, beaten, or murdered. Their reputations will be ruined. They will have no credibility. They will pay for their attempt to do the right thing with their careers and lives.

The Zionist ‘machine’ comes down as hard as it can upon the few individuals who were brave enough to stand up to them, to send a clear message to anyone else out there considering ‘outing’ them and their Golems.

Knowing what is likely to happen to you, are you going to risk your own welfare, and that of your family, to fight an almost impossible fight, knowing full well that the people you are fighting for will mock and crucify you in the end?

That the ‘cattle’ you are trying to protect from the slaughter, will trample you in their unthinking drive to get to the Zionist ‘trough’, to get a good feed, then back to the Zionist’s prison, where they can feel safe and warm?

It is now well documented that the Zionists can and will set their IRS ‘dogs’ onto you if you attempt to even remind people that they have constitutional rights and that these rights are being illegally trampled all over. Ask the members of the ‘Tea party’ and the like. Do a quick internet search.
Remember the IRS is a private corporation. A business. It has no constitutional power to force you to pay it income tax, unless you live in the State of Washington D.C. And yet it does. And you do.

The Zionists get their Golems in their occupation Governments to threaten to revoke the television licenses of television stations that air documentaries that the Zionists would rather you did not see. In this way you have been denied powerful information. There are many documented cases where documentaries and interviews, and even daily television talk shows have been filmed, and even programmed for airing, but then at the last minute withdrawn, and never aired or shown to the public. All without explanation.

The Zionists, such as the Clintons have had unique (single copy) documents actually removed from the national archives by their Golems, and then destroyed. They have had all manner of police evidence destroyed, so that it could never be used in official investigations and court cases.

One reason I don’t have a pet is that they will even threaten your cat or dog.

Among the interesting facts about Clinton that should pique your curiosity, if you have any after decades of dumbing down and mass media numbing, is that Clinton had at least 8 clear and easy chances to take out or capture Bin Laden, but never did. These are all documented. Despite President Clinton having a few days before signed an execution order for Bin Laden, CIA officials were meeting with Bin Laden in the American hospital in Dubai where he was being treated for liver and kidney disease.

Everyone should watch the idea ‘The Clinton Chronicles’ and then if they have any doubts, refer to the book of the same name, which supplies all the supporting documentation for the video. This film was scheduled to air, and then ‘mysteriously’ removed from the television program, and not aired.

The mass media are quite happy to engage in a smear campaign against anyone they chose, spreading lies, defaming and slandering them, and ruining them. They know that the worst that the government will demand of them is to print or broadcast a small ‘retraction’ weeks later that very few people will ever pay any attention to.

If a case has proceeded too far already, and too many facts have been revealed, well they will simply arrange to have that case ‘sealed’ by a higher court judge. Federal investigations will be allowed to continue up to a point, after years of work being devoted by teams of detectives and investigators, and then suddenly ‘halted’, without any reason being given, or being demanded by anyone.
If congressional hearings do ever take place, the most important information and witnesses will be deemed as ‘inadmissible’. This evidence will never be presented. These witnesses will never be given a chance to testify. Documents will be destroyed in fires, even if entire buildings have to be blown up to ensure this. Just like 911. Just like the King David Hotel Bombings. Just like the Oklahoma City Bombings. Just like that Korean flight shot down after mysteriously entering Soviet air space. Just like the offices of the Libyan Anti-Corruption Agency, which was just about to reveal to the world a multi-billion dollar defrauding of the Libyan government by U.S and other NATO member states.

'I haven't done anything wrong'. This is what Clinton keeps saying. Maybe he is such a psychopath that he believes it. Just like Bush and Blair. Or maybe all he is a party animal, sex addict, cocaine addict, who really doesn’t know what others have done behind his back?

But the case of Clinton’s 17 year old cousin seems to indicate the first. For he had a man castrated and imprisoned for allegedly raping his cousin, and has left him to rot in jail, despite all the evidence supporting his innocence.

Participants in the video ‘The Clinton Chronicles’ have been handcuffed in Washington D.C police station basements for ‘charges’ that were later revealed to be completely groundless. They have suffered attempts on their lives, including those involving military grade anthrax. They have been forced to resign from their jobs. They have been savagely beaten.

And his pathology seems to have attracted another psychopath to his bed, and his side. For Hilary Clinton thinks 'taking out' people, murdering people, is quite a hoot, quite a laughing matter, such an amusing notion, so much fun, so deliciously fabulous. Just watch her now famous television interview from 2012 on YouTube. I have no reason to make such things up.

And who do you think stands to gain billions of dollars from the proposed ‘Global Climate Change’ hoax? Well it just so happens that Bill Clinton, Hillary Clinton, Obama, George Soros, and The British Royal family are all among the major financial beneficiaries.

The ‘holocaust hoax’ paid huge dividends to its sponsors. Not just the official 32 Billion paid by the German Tax Payer who had nothing to do with WWII in any way, but everyone involved. It is not enough that the German taxpayer, forced to see how hundreds of thousands of Germans must live on the streets and beg for food, is also tricked into giving Israel four submarines. No. We have to pay for ‘Holocaust Museums’ and live in guilt and shame for crimes that never happened.
In fact the top Generals in the U.S military have warned that the Clinton’s, Bush’s, and Obama’s actions are so destabilizing the planet that they are welcoming in WWIII.

That is exactly what recent events in Libya and Syria are all about. It is what Iraq was all about. It is what Vietnam, and the bogus Cold War were all about. It is why Germany was destroyed. The Zionists failed in the Franco Prussian War, then they thought they had succeeded with WWI. The last time they finally succeeded in destroying Greater Germany, occupying half of it with their various Soviet Socialist states, and maintaining that occupation through propaganda, such as ‘the holocaust hoax’.

Hilary Clinton has publicly admitted on camera, as many others have done, that she takes her cues from the Council on Foreign Relations. For details about the CFR please refer to ‘911: 5 minutes to midnight?’

If you still don’t believe that the Clintons, like all U.S Presidents since them, are not fully paid up members of the Zionist International, then consider recent comments made by Hilary Clinton.

She was actually, on camera, before an international audience, complaining that children in Palestine were being exposed to propaganda about Israel! She argued that ‘that must be a priority for all the people who care about children’!

But of course this psychopath has no love for children anywhere. She is quite happy to ensure that the Israeli military have ‘carte blanche’ in carrying out their genocide of the Palestinian people. Carpet bombing schools, hospitals, day care centers, water treatment plants, airports, and building prison walls around the few courageous Palestinians who would defy their lust for ‘a greater Israel’ that includes their territory, their homes.

Remember that primary school children in the U.S must, as a compulsory part of their ‘education’, visit the Washington Holocaust Museum, or its equivalent in Los Angeles, so that they can be brainwashed and filled with lies that have been revealed as lies over and over again.

Bill Clinton, though publicly supporting Princess Dianna in her campaign to abolish land mines, immediately voted against the legislation she had been fighting for (and maybe died for), soon after her murder by MI6 in Paris. We shall take a quick look at the facts surrounding her murder in a moment.
The people’s Princess must Die

The only royal ever to have displayed any real sense of ‘noblesse oblige’, or true nobility, had her title, and her life, taken from her, and us, by MI6, by royal command.

However she remains the Queen of hearts, in the hearts of the people. Her legacy lives on.

Diana fought to have land mines banned. She fought to ensure that Aids victims would not be abandoned by society. Diana fought to ensure that her own children would experience love and compassion, and not grow up like their father, and their grandparents, as cold, heartless psychopaths.

I, like most people in the world, would have blamed her death on the paparazzi, just as the mass media had intended we should.

However the conspirators, as usual, revealed themselves in overzealously trying to conceal themselves. And as the German saying goes, ‘lies have long legs’.

I would like to present just a few facts here for your consideration. You will find a lot more information in a few minutes of web browsing. But I would like to highlight what I find to be the most compelling evidence of a murder conspiracy.

Throughout their marriage, Prince Charles continued an affair he had been having with Camilla Parker Bowles, who had not been considered an appropriate ‘brood mare’ for the next generation of British royalty. After Princess Di’s death, he married Camilla Parker Bowles.

Princess Di had many times expressed fears to her friends that Charles was going to have her killed. In fact she wrote a letter, which her lawyer had in his possession, and which has since been shown to the public, in which she expressed fears that Charles was going to have her killed in a car accident, in which she would sustain head injuries. The jury during to official trial were never told about this and other letters, or expressions of fear. For the witnesses to these communications, and those who knew of the letter, were not allowed to appear in court. In other words extremely important information, and hard facts, concrete evidence, were not admissible in court. Just like in any court where a ‘historical revisionist’ appears in Germany, to defend themselves.

Three weeks after her death her lawyer handed the letter over personally to the Metropolitan Police Commissioner, who kept it secret for 3 years. Withholding evidence in a trial is a criminal offence. Mr Condon was rewarded for his complicity in the criminal conspiracy by being named LORD Condon, a few years later.
In fact Prince Charles had written a series of deeply hostile and threatening letters to Diana just before her death. Princess Di is quoted by her friends, when they suggested she take up some hobbies, that ‘keeping alive' was her ‘hobby’. It took all of her time!

Now the actual official enquiry, like the 911 one, was conducted by the very people who would normally be considered the main suspects, in any independent enquiry. As usual when dealing with corruption, it is the foxes who are paid to guard the chicken coop.

The entire fiasco was conducted by the Royal Courts, by judges who had sworn a personal oath of allegiance to the Queen herself. Not to the people, or to justice. But to protect the interests of the Queen, and the royal family.

The mass media carried out a full spectrum saturation defamation campaign on the driver of the Mercedes, painting him as an alcoholic. The first time the police raided his flat after the accident, they found nothing more than one unopened bottle of Champagne, and a quart of Martini Vermouth, hardly what any ‘hard’ drinker would bother with.

Which is not surprising. There is no evidence anywhere that Henri Paul was a drunk. His restaurant bill at the Ritz that night shows he had drunk a third of what was legally permissible under French law in terms of ‘driving under the influence'.

In fact Lord Steven's told his parents that their son was NOT drunk at any time during that night, and was in fact driving at a much lower speed than the French authorities claimed.

In other words, the mass media propaganda that we all consumed and fell for, in which Henri Paul was drunk-driving at excessive speeds, in order to try to shake off some paparazzi, is total fiction.

A total fiction completely contradicted by all the known facts and hard evidence. Henri Paul, just a few days before his murder, he passed his pilot’s license complete medical examination.

Not only was Henri Paul murdered, his reputation, his character, was equally assassinated.

As all the facts and evidence are completely inconsistent with the propaganda campaign in which Henri was to be defamed as a drunk, a man responsible for the death of the most beloved Princess in history, the conspirators had to do something about it.

And so for some unexplained reason, another, second, police ‘raid’ was carried out on the flat that had already been completely examined.

What could possibly have justified a second raid on his flat? Who had ordered this second raid? What was their motive for it? What reason did they give?
Well, lo and behold, what had Henri Paul’s alcoholic ghost gone and done but fill up his small flat with enough alcohol to stock your local pub!

Or maybe you have a more reasonable explanation?

This time the police find enough beer, wine, recard, bourbon, vodka, port, champagne, pinot, cassis, and so on and so forth, to stock a bar.

From the start the French authorities had claimed that the driver Henri Paul was ‘drunk as a pig’. These comments were based on the reports of a French Pathologist who conducted at least 58 basic errors during that autopsy of Henri Paul. All the leading experts agreed that, her autopsy was inept, and her official findings were biologically inexplicable. They concluded that her report was untruthful.

The blood tests used to smear Henri Paul as a drunk were equally unbelievable, and implausible, according to the consensus of expert opinion. For these reasons all the experts who have looked into the cause have discounted the findings of the official autopsy reports on Henri Paul.

Among the impossible results were lethally high levels of carbon monoxide. It appears that the blood claimed to have been taken from Henri Paul must have been taken from someone who had died of Carbon Monoxide poisoning, rather than a car accident.

There is consensus in the medical community that there is no way that the official blood samples had come from Henri Paul.

Every scientist involved in the inquest agrees that the results of Henri Paul’s official blood samples are ‘biologically inexplicable’.

However the French govt. refused to allow any French witnesses to go to England. The Minister of Justice claimed that the actual facts of the case are protected State Secrets. Revealing them would be detrimental to French interests.

What was that JFK had warned us about governments keeping secrets?

In fact the official blood samples were lost or destroyed. When experts made formal requests to the French government to analyze the samples, they were told that ‘the blood samples no longer exist’.

The CCTV cameras on the route, at the entry to the tunnel, and within the tunnel, had mysteriously been turned off just for that night.

The mysterious ‘white Fiat Panda’ seen by too many eyewitnesses to dismiss, and which had left white paint on the Mercedes it had collided with (rammed?) was officially never found. However guess who owned a white Fiat Panda, and had been following Princess Di for weeks leading up to the ‘crash’, but who was not to be seen among the Paparazzi at the Ritz Hotel that fateful night?
James Anderston. The famous Royals photographer / Paparazzi who had privately admitted to his friends that he was in fact there that night in the tunnel in Paris. He told those friends that he had actually seen what had happened.

He was not present among paparazzi at the Ritz hotel after Diana had left. However he had spent the previous weeks following her and Dodi Fayed on their holiday. As his friends will tell you, he was in fact in the tunnel that night and saw everything. Or maybe more than just passively saw everything?

Well we will probably never know. You see, his body was found in a locked burned out car. No keys to that car were ever found on him or in the car. A fireman who arrived on the scene reported seeing two bullet holes in his skull.

Now according to the official coroner’s report, James Anderston, successful multi-millionaire photographer, had driven to some woods in France, had locked himself in his own car, shot himself in the head twice, and then set fire to his car. Maybe he started the fire first then shot himself?

Anyway, it should not surprise you so far into this book that his official cause of death, like all those people connected to Bill Clinton, was ‘suicide’.

It should be a salutary lesson to anyone who thinks they can trust their C.I.A / MI6 / MOSSAD/Zionist Intelligence Agency handlers. These people mean business. You might think you can do a deal with these devils, but they will not be satisfied with just your soul, they’ll take your life as well.

And so the life of James Anderston came to an end. A man who gave conflicting, false reports of his whereabouts on the night Diana was unlawfully killed (the jury’s own verdict). A man whose ‘alibis’ are false. A man who first lied to friends and police that he was far away from Paris at the time of the accident, but then finally admits to having been in Paris on the night of Diana’s unlawful killing.

A man who lied about his own white Fiat Panda having been ‘up on blocks’ for a long time, when in fact he had been seen driving around Paris in it on many very recent occasions. But for some reason he could not, at that moment, locate it.

Now I had been told that Princess Diana had ‘chosen’ not to wear a seatbelt. What I was never told was the fact that the seatbelt she would normally have been wearing was damaged, and inoperable, on that night. In other words someone had made sure that she would not be protected by a seatbelt during the crash.

Eyewitnesses described how Princess Diana’s car was being followed by 5 other vehicles at the time it had entered the tunnel. 3 motorcycles behind the Mercedes. One directly parallel to the driver’s seat window. And a white Fiat Uno right on the rear right quarter panel.
What has since been revealed, after MI6 claimed that it had never been involved in any ‘killings’, was that the MI6 had in fact planned to kill a Serbian government leader in a car accident uncannily similar to the one Princess Di was involved in. The plan was to have someone (like a motorcycle rider) flash a very bright strobe light into the driver’s eyes, while in a narrow tunnel, thus blinding them, just before another car rammed the car. In other words just as his car was suddenly violently swerving, the driving would be left helplessly blind. Richard Tomlinson, a former MI6 officer, revealed details of that ‘hit’ to the public recently in the book ‘The big breach’.

Since that time MI6 has admitted, after many leaks made it impossible to deny, that it has been involved in ‘killings’.

None of the five vehicles or their drivers were, at least officially, ever found. However the ‘usual’ paparazzi’ were all present at the Hotel Ritz that night. You can see them in CCTV footage of the hotel. All of course, except the one who owned a white Fiat Uno, and had made a fortune thanks to the co-operation of his ‘sponsors’, the Royal family.

But the car crash itself did not kill Princess Di, despite the fact that she was not able to enjoy the benefits of a seat belt.

The most revealing facts about her death concern how long it took for her to get to the nearby hospital. In fact it must have set a world record for ‘emergency’ treatment.

At 12:23 Diana and Reese were both found injured, but completely alert, in the crashed Mercedes, by an Ambulance team that were quick to arrive on the scene.

However it was not until a bizarre and unexplained 27 minutes before a Doctor removed Diana from the car.

And then the ambulance waited 82 minutes before leaving the crash site for the hospital.

And then, despite the roads being virtually empty of any traffic, it took an unfathomable, and never explained, 1 hour and 43 minutes for the ambulance to get to the Hospital.

The physical light of this shining star went out soon after her arrival at the hospital, or so we are told.

However the more important radiant resonances that comprise Diana’s soul continue to shine in this dark world, thanks to her legacy. A legacy far exceeding any fatuous military victory. A legacy of true ‘noblesse oblige’. A legacy of warmth, nobility, and love.
Experts have since testified that her life would have been saved if Di had been brought straight to the hospital, in a timely manner.

So why the delays? What possible explanation has been given as to why Diana, alive and alert, had to endure so many hours before she could be treated for her injuries in the hospital?

Why was her body pumped full of embalming fluids within a few hours of her death? Why were her reproductive organs removed?

What happened to her blood tests? Why were they ‘lost’ or ‘destroyed’? What would these blood tests have revealed? That she had in fact been poisoned? Or that she was pregnant with the child of her beloved Dodi?

In 1997 Diana’s support for the banning of land-mines campaign had led to her being denounced by the British Defense minister, who witnesses attest later made threatening phone calls to Diana.

These were intercepted by the NSA, in the U.S, who were also bugging Princess Di’s phones. In fact miles of transcripts of her telephone conversations exist on file at the NSA.

Henri Paul was not the only victim of a mass media ‘smear’ campaign. It was not enough for the Royals to smear Henri Paul, they couldn’t resist smearing the other victims of their mass murder as well.

Dodi Fayed was completely defamed and discredited by the British, Royal Family ‘loyal’ Newspapers as a useless playboy and ‘oil bed-hopper’, despite the fact that all the evidence was to the contrary.

Another curious fact is that the Queens private secretary, Robert Fellowes, originally insisted that he had not been in England at the time of Princess Di’s ‘unlawful death’.

He claimed that he had been on holidays until the week after her death. In other words that he was not in the Royal Palace, or anywhere nearby, when the events were unfurling.

He claims he only returned to work after Princess Di’s funeral.

However Alastair Campbell’s diary entries state clearly that Robert Fellowes was not on holiday, but was in fact overseeing the burial of Princess Di.

These lies must betray something they are trying to conceal, to any curious and observant mind.

But what is Robert Fellowes revealing, in his attempt to conceal his actual whereabouts and activities. In the same way that the owner of that white Fiat Uno, the famous paparazzi photographer James Anderston?

Well, according to the close friends of Princess Di, Robert Fellowes, the Queens private secretary, was one of the three people that Princess Di most feared.
And so another ‘show trial’ and ‘official investigation’ came to an end. The jury at Princess Di’s coronial (cause of death) inquiry reached the strongest verdict that the Coroner and Judge allowed them. They found that Princess Diana had been the victim of an ‘unlawful death’. This meant they ruled that she had either been murdered, or was the victim of manslaughter.

It is noteworthy that, like in the trials of ‘historical revisionists’ and ‘holocaust skeptics’, the Judge openly and officially ruled that ‘the conspiracy theory had been completely debunked and so therefore there was no reason to take it seriously’.

Welcome to WWIII and your Zionist New World Order

In April of 2002, an aide to Ariel Sharon stated, in Time Magazine, that ‘World War Three is coming whether you like it or not’. He continued, stating that ‘The 911 attacks were just the beginning’.

I wonder what that could mean. I mean, who on earth might NOT like the fact that WWII was coming?

Remember these guys are psychopaths who thrive on war and the chaos it brings.

War, as JFK warned us shortly before his death, has always been exploited by power hungry psychopaths to take away our freedoms, liberties, and to assume ever greater control of our lives.

This is as close as you will get to an official Israeli Zionist declaration that they, with their 911 attacks, have already declared war on the U.S, and the world.

The Zionists have ensured, through their occupation government in Australia, that the Australian civilian population will have no way to defend themselves when the Zionist New World Order Army, ostensibly under the flag of the U.N, invades and take over.

If you believe the propaganda that private gun ownership results in violent crime, then consider how the Australian violent crime rate has increased since the government spent 500 million dollars of taxpayers money, at a time when the population was being told that the nation could not afford to pay living wages to its workers, or fund public education or health initiatives, on ‘buying back’ guns, and disarming the population, then consider the crime statistics for the year after 640,000 guns away from the now defenseless Australian population.

Take note of the 3.2% increase in violent homicides, 8.6% increase violent assaults, and the 44% increase in armed robberies for the year immediately after automatic weapons were banned.

Now take a quick look at history. See what sort of things governments tend to do soon after abolishing private ownership of guns.

Or just look up the word ‘genocide’.

Look up ‘Mao’ or ‘Pol Pot’, or ‘The Armenian genocide’. Look at the 53 million people murdered by Stalin after he had disarmed the population.

At the same time, in the land with the highest rates of private gun ownership, the U.S.A, violent crime and murder are down over 50% since 1992.

So how do you explain Obama’s 23 executive orders for gun control? He claims they are necessary due to an explosion in violent crime rates!
How about we compare crime rates in the U.S, to crime rates in England and Wales, where the world’s strongest gun control laws are in place, and almost no private person owns a gun.
The fact is that violent crimes over 350% higher in the U.K and Wales than they are in the U.S.

So what basis does Obama have for denying the U.S people their Second amendment right to bear arms?

Such gun controls simply ensure that only criminals have guns. Criminals, by definition, do not respect laws. They are not going to respect gun control laws. Only the honest citizens of the U.S will respect gun control laws.

In other words the gun control laws will lead to chaos, as the criminals are left free to prey upon their victims, who are now powerless to defend themselves.

If teachers at the schools where massacres have taken place had been carrying weapons, the killers would not have been free to continue their rampages. They probably would have been gutless to even start one.

It is one thing to go around shooting defenseless people who cannot shoot back. It is quite another to engage with an armed prey.

In any case, if you want to find the real culprit of mass shootings, then you are looking in the wrong direction, if you are blaming guns.

The ‘shooters’ involved in all the 21st century mass killings were all on, or had recently been on, some form of medication.

In fact the most common drugs prescribed for depression and anxiety all list side effects which include ‘homicidal ideation’. In other words taking some of the most commonly prescribed medications is known to result, in a clinically statistically demonstrated percentage of users, a strong impulse to go out and kill either the user, or other people.

Statistically speaking, it is a known fact that thousands of people will become homicidal, thanks to the way we hand out anti-depressants and anti-anxiety drugs to children and adults alike.

Keep that in mind when you consider how the mass media propaganda machine constantly creates a mood of ‘terror’ and ‘fear’ and general ‘anxiety’ in the minds and hearts of their viewers, listeners, and readers.

After 911, prescriptions for anti-anxiety and anti-depressant medications skyrocketed.

Every time the media ratchet up the ‘terrorist threat’ more people experience depression and anxiety, and reach for ‘drugs’ that are, statistically speaking, bound to a ‘known’ percentage of them into homicidal killers.
Now ask yourself what motive the Zionists, or any other power hungry group might have for staging ‘false flag’ killings, or at least ‘facilitating’ or ‘standing passively by’ while groups organize and carry out their own, self-determined acts of violence.

Ask yourself why the media gives so much attention to the occasional acts of violence that are committed by people, when in reality you have a much greater chance of dying by slipping over in the shower, or from food poisoning from an expensive restaurant, than you do from a gun related crime, or act of ‘terrorism’. You are most likely to suffer an ‘unnatural’ death from tobacco products, alcohol products and alcohol related ‘accidents’, car accidents, and prescription drugs, in that order.

You are in fact more likely to kill yourself, than you are to die in any gun related crime, or terrorist act.

Which I guess is good enough grounds to deny you ANY freedom at all. I mean, let’s face it, based on the arguments for denying you your constitutional right to bear arms, you should be denied the right to make ANY decision for yourself. You need to be protected FROM yourself. And the New World Order are generous enough to do that for you, by locking you up in a prison, by feeding you pharmaceuticals that alter your thinking and emotions, and by regulating every single aspect of your life, micro-managing your every thought and move.

After all, you are a threat to YOU.

Right at this moment there are people waking up to what is happening. Already over 700,000 U.S citizens have signed referendums in their home states to secede from the U.S.A. The Texas state government have even signed into law, laws against anyone who might try to disarm the Texan population, and deny them their Second Amendment rights under the Constitution of the U.S.A.

Despite a massive campaign of violence, terror, and harassment of anyone in the U.S who reminds people that they in fact have a constitution, and that the current government’s laws are in fact unconstitutional, and no-one has the right to enforce them, let alone the need to obey them.

Oh, and if you are not aware that you are living in a prison state, then consider the following Presidential Executive Orders made by George Bush just after 911 (but carefully prepared as part of thousand page documents that were suddenly produced, as if written overnight, long before 911 happened, more or less while 911 was being planned by the CIA and Mossad, what I call the Z.I.A, the Zionist Intelligence Agency).
Keep in mind that all these executive orders are still in effect, and available to be acted upon by Obama, at any time he and his Zionist puppet-masters chose. The number refer to the Presidential executive order numbers.

THE MODEL EMERGENCY HEALTH PREPAREDNESS (MEHPA) ACT GIVES THE STATE THE RIGHT TO ARREST AND VACCINATE ANYONE, AGAINST THEIR CONSENT, EVEN WITH UNTESTED DRUGS.

PUBLIC LAW 87-297, ALONG WITH THESE EXECUTIVE ORDERS, TRANSFERS ALL MILITARY POWER TO THE UN.

U.N TROOPS, WHICH WILL ‘FIGHT’ ALONG WITH THE MTFJ POLICE FORCE, HAVE ALREADY BEEN GRANTED ENTRY TO THE U.S UNDER PRESIDENTIAL EXECUTIVE ORDER 11/11/90 BY PRESIDENT BUSH. ‘FINCEN’ TROOPS HAVE ALREADY BEEN DEPLOYED AROUND THE U.S AND NEAR ITS BORDERS WITH MEXICO AND CANADA.

THESE LAWS CANNOT BE VETOED, CHANGED, OR CONTRADICTED BY THE PEOPLE.

THEY AUTOMATICALLY CAME INTO EFFECT 30 DAYS AFTER THEY WERE SIGNED. IN OTHER WORDS THEY ARE IN EFFECT RIGHT NOW. AT ANY MOMENT THE PRESIDENT CAN ACT ON THEM. WE ARE LIVING IN A POLICE STATE. WE ARE LIVING UNDER MARTIAL LAW. THAT IS HOW THE PATRIOT ACT CAN BE CITED TO DEFINE ANYONE WHO SPEAKS UP AGAINST ANYTHING THE GOVERNMENT IS DOING AS A TERRORIST, TO BE LOCKED UP WITHOUT CHARGES, WITHOUT A TRIAL, WITHOUT END, OR EVEN BE SHOT ON SIGHT.
Under Article 39, 41, 42 of the United Nations Charter, if the U.N decides there is a threat to world peace, they can invade and declare war in ANY nation. But what is more disturbing is the definition of ‘threat’. Such ‘threats’ can include something as simple as a ‘demonstration’. And if you think that the gun control issue is a domestic legal question for the U.S, then you’d better think again. The U.S has signed the U.N arms control treaty that allows the U.N to disarm any ‘militia’, and remove the citizens of any nation from all the protections they currently enjoy under their domestic laws.

In other words the U.S signed a U.N agreement already that completely undermines the constitution of the U.S. It is effectively null and void. All the current ‘show and dance’ in the media about President Obama’s new ‘executive orders’ is just a ‘spiel’ to misdirect your attention from the fact that you have already lost your constitutional rights. The moment you engage in any sort of protest ‘demonstration’, the U.N, according to its charter, is free to invade the U.S. And we are not talking ‘blue-helmet’ peace keepers. We are talking ‘black’ helicopters and MJTF ‘police’. The Multi-Jurisdictional Task Force has already been set up and armed with military grade weapons and other equipment, completely in contradiction to the U.S constitution.

Remember that the U.S constitution defines the ‘Militia’ as the broad mass of U.S citizens. It is not the National Guard as schools teach children to believe. The ‘militia’ is the ‘citizen army’. Like the Swiss population. In fact the Swiss people have recently been warned by their own government to start investing in the latest automatic weapons in order to defend themselves against the ‘open borders’ policy of the E.U / U.N / Zionist Occupation Governments. The Swiss ‘militia’ is arming itself to the teeth, at the same time as the militia in the U.S is about to be completely dis-armed.

The MJTF police will be used to disarm the population, and then to round up people. They will be authorized to deputize street gangs into a deputized police force for house to house search and seizure, and the separation and categorization of men, women, and children, into ‘New World Order Friendly’ and ‘other’ categories, based upon which they will be transferred to ‘detention’ camps around the U.S.

This plan has been under development since at least 1965, when FEMA itself was established, under EXECUTIVE ORDER 12148 BY PRESIDENT CARTER IN 1979. THE FEDERAL EMERGENCY MANAGMENT AGENCY was set up in preparation for
martial law. Since then regular ‘emergency simulation’ exercises have been carried out to prepare for the big day.

The U.N already allows ‘martial law’ to be declared in the U.S on the slightest of pretexts, such as, for example, a ‘demonstration’ against the New World Order. FEMA requires the mandatory registration of all people at a post office.

EXECUTIVE ORDER 10999 ALLOWS FOR SEIZURE OF ALL TRANSPORTATION, PUBLIC OR PRIVATE, CARS, TRUCKS, AIRCRAFT, AND COMPLETE CONTROL OVER ALL HIGHWAYS, SEAPORTS, AND WATERWAYS.

EXECUTIVE ORDER 11000 ALLOWS FOR THE SEIZURE OF ALL CIVILIANS IN WORK BRIGADES (WHICH IS FORCED LABOR), WHICH INCLUDES THE RIGHT TO SPLIT UP FAMILIES.

UNDER 'REX-84' OVER 130 FEMA / MILITARY DETENTION CAMPS HAVE BEEN SET UP IN THE U.S.

THE MISSION STATEMENT OF MJTF POLICE IS ‘TO CONDUCT HOUSE TO HOUSE SEARCH AND SEIZURE AND SEPARATION AND CATEGORIZATION OF MEN, WOMEN, AND CHILDREN, IN LARGE NUMBERS... TRANSFER TO DETENTION FACILITIES ...AND THE RUNNING OF DETENTION FACILITIES’.

And don’t forget that under ‘martial law’, you can be shot for disobeying any member of any mob that has just been ‘deputized’ on the street outside your house.

Even postal workers, meter readers, and local government officials will be given ‘shoot to kill’ and ‘shoot on sight’ orders to kill anyone ‘demonstrating’, or who is known to have expressed negative views about the New World Order, or any of its policies, such as ‘man-made global climate change’ or ‘open borders’.

If you don’t believe such orders have not already been given then explain the ‘shoot on sight’ order given to Federal Agents when they ‘raided’ the home of Randy Weaver in Idaho, killing his entire family. The actual orders were to ‘kill the weaver family regardless of whether they posed absolutely no threat’. In other words it was simply a ‘hit’. Many believe it was one of many choreographed ‘ritual killings’ designed to test the U.S public’s response to such ‘hits’.

And Obama has his own ‘hit’ list. Do a web search to find out what happened to the President of Venezuela. Watch the documentary ‘The revolution will not be televised’.

The public response was very positive. The government found that the public really do have an appetite for such ritualistic murders. They are ‘cathartic’, like witch trials, inquisitions, and public hangings. The masses love a chance to express their own repressed malice. Their desire for destruction. Their desire to see someone else suffer.
The government first ‘set up’ their victims by demonizing them in the mass media, as today they will demonize any group who stands up for the rights their constitutions granted them, but which the courts and President have simply taken away, by ‘executive order’.

The mass media will demonize peaceful protestors as ‘white terrorists’ if they are white, or ‘Nazi’s’, if they are historical revisionists, ‘eco-terrorists’ if they are scientists calmly noting that all the facts, evidence, and science indicate that any global climate change has almost nothing to do with anything humans are doing, or ‘racists’ / ‘white supremacists’ if they demonstrate against unrestricted, uncontrolled, unregulated immigration a.k.a ‘open borders’.

And so the U.S government was emboldened to continue with further ‘ritual killings’. They felt confident that they would be accepted by the public as ‘legitimate’ and ‘justified’, even when the fact showed otherwise.

Vicki Weaver, along with her two brothers, was murdered during that ‘hit’ even though she had never been charged with anything and had never posed a threat to anyone.

A court later concluded that the ‘charges’ the Feds had made against Randy Weaver, namely conspiracy to murder U.S Marshall William Degan, had absolutely no foundations. In other words they were ‘trumped up’ charges simply used as an excuse to murder him and his family.

Mass media smear campaigns which demonized Randy Weaver and his family as ‘white supremacists’ also had not basis in reality. They were simply part of the full spectrum, carefully choreographed, propaganda campaign launched against the Weavers.

Do an internet search on ‘Ruby Ridge’ while the internet remains uncensored. The moment the FCC manage to censor the internet, you know that the New World Order has total control. That day is coming very soon.

THESE ORDERS HAVE NEVER BEEN RESCINDED.

THEY ARE IN EFFECT, AND CAN BE ACTIVATED AND ‘EXECUTED’ AT ANY MOMENT.

John F Kennedy would be horrified, as would all those other freedom loving U.S Presidents who warned against the Federal Reserve Scheme, U.S involvement in ‘foreign’ wars, and the resulting destruction of all the personal liberties and freedoms that they had so feared would result as a result of the excessive power and influence of the finance sector, and the industrial-military complex.

He did not mention the ‘Iron Mountain’ report by name, but it appears he knew about it. We shall take a look at that leaked document in a moment.

But what can I add to all their wise warnings?

Do you get it now?
Has the veil of ignorance been lifted from your eyes?
Are you going to do something with the very last chance you have of regaining your freedoms and liberties?
Or are you going to enter to slaughter yards and prisons like the ‘cattle’ that the Zionist believes you are?
Is it worth defending a nation that does not defend your basic rights, freedoms, and liberties?
Who is the real enemy?
Some fabricated ‘Al Baghdadi’ terrorists?
Or the very people who have stolen your birthright, and destroyed the Republic?
The treasonous traitors, since Clinton, who have sold off your children into debt slavery, and worse, simply for their own gain.
The Golems of the Zionists who would sell your sons and daughters into slavery for a few hundred million dollars.
I suggest we start with a referendum on the subject of rescinding the ‘Patriot Act’, which makes even reading this book a terrorist act, if those in power so chose to define it as such.
We must begin by taking back our freedom of speech.
You must defend the rights of people to say, as JFK would say, things that you really don’t like to hear. Things that you find really contemptible and despicable. For when you start listening, you will probably find that, among many things none of us will agree with, there are many compelling arguments and pieces of information that will change our own opinions and view. That will change our way of seeing the world. That will lift certain veils from our eyes that have kept us blind, in the dark, following psychopathic leaders into a nightmare of horror.
We can stop following, before they have the power to force us to follow.
In principle they already have the power. But we can take it back.
But will you?
Are you really worthy of anyone’s sacrifice? Do you want freedom?
Or do you want to be part of a herd. Without the responsibility of having to make decisions for yourself. Free to pretend that you ‘are only following orders’ any time you commit some horrific act of cruelty and destruction?
Maybe you feel so much envy of your fellow humans that you secretly hope that some catastrophe knocks everyone you think more fortunate than yourself down to your level. Preferably below your level, where you can have a laugh at their expense, and maybe get a few kicks in?
Like Thomas, brother to Jesus, writes in his Gospel. ‘That which you have within you, if you express it, it will set you free. If you repress it, it will destroy you’.

So it’s time to face up to your own repressed will to destruction and chaos. Face your own destructive impulses. Take responsibility for them. Be rational and reasonable about them. Manage them.

Otherwise they will find their expression out in the world. In passivity towards crimes against humanity. In a ‘malicious glee’ at watching those you envy fall and suffer.

These is the repressed emotional impulses that the Zionists and their Golems rely on to gain your acquiescence and active participation in their plans to enslave the entire world.

Sure, they will begin by destroying the middle classes, and all your ‘betters’. All those you feel are more fortunate than you, and deserve to be ‘cut down to size’, so you no longer feel less fortunate, less competent, less capable, less deserving of approval and acceptance and reward.

Sure in the beginning it will be pleasurable for you at either a conscious or unconscious level.

They call it ‘malicious glee’, or if you like ‘Schadenfreude’. The gaining of pleasure from another’s misfortune, bad luck, or suffering.

They call it Thanatos. The will to destruction.

But once the Zionists have, as they have stated in their Talmud, and newer Zionist manifestoes, cut down all the tall poppies, crushed the heads of the serpents (the most talented, morally ambitious, creative, and productive) among their potential rivals, with your passive compliance, or active help, they will then turn against you.

They will take your children as sex toys. Those of you willing and able to perform physical labor for them will be enslaved and put to work, in a communist system where you are all equally poor and unfortunate. Remember that old warning, ‘be careful for what you wish for, as you might just get it’? Well that applies to this situation more than any other.

You communists out there will get your communism, just like in the good old Soviet days. Only none of you will be ‘leaders’ or ‘intellectuals’ or ‘propagandists’ living easy while your ‘comrades’ bear the heavy, dirty, dangerous load upon their suffering bones. No, this time all of you will be lowered to the lowest common denominator.

The Zionists have no need for communist intellectuals and party members.
The Zionists are their own elite. They are nothing but intellectuals. They are judges, and lawyers, and doctors, and propagandists, and will fill all the positions of power and privilege from their own ‘castes’.

No, my friend, you, who imagine yourselves as the new elite of a socialist New World Order, will find yourselves down among the dirtiest of your comrades, doing the most menial and basic of tasks reserved for the ‘cattle’.

You’d better wake up and smell the shit, my friends, before it hits the fan.

I know what you imagine your place will be in the New World Order your Zionist masters have offered you. But you are going to be very disappointed.

In fact, once they have established their rule, you will be the first to receive their compulsory ‘vaccinations’. For you represent a real threat. You might manage to foment some real resistance, some opposition, a ‘revolution’ of your own. So you will be the next in line, after all those who love liberty, freedom, justice, and beauty, and are willing to work hard, think hard, plan hard, sweat, sacrifice, and take risks for them have been annihilated.

I know how cunning you think you are.

I know you think you are near the top of the pyramid of power.

But, my dear fools, you will soon discover that pyramid sharpening. There will be no room for classes and castes. There will be two groups. The Zionists on top. And the rest of us below, bearing their weight, existing only to serve their arbitrary whims, to be disposed of as you today dispose of factory farm animals.

Oh my fellow comrades in suffering this eternal vicious joke we call life, you will soon learn what ‘factory farming’ means from the perspective of the powerless animals who suffer at your own hands.

The same way in which you behave towards most animals is how, tomorrow, your Zionist masters will behave towards you.

The same way they have always behaved towards you.

Only in the past it was in their interests to allow you a little self-perceived freedom and liberty. A little more self-determination.

But what did you do with those liberties and freedoms?

You handed them over to the first authority figure who yelled ‘boo’ and promised he’d protect you from his fabricated boogey man, if only you’d give them all up to him.

You sold your freedom for a few lousy ‘free’ meals and accommodation in the Zionists ‘welfare state’ set up for the welfare of the rich elites.

You bought their lies, that you could gain self-esteem without earning it. Without working hard, sacrificing, and taking any risks for it.
You bought their lies that ‘all mean are equal’ when you could see with your own eyes that clearly some were smarter, more ambitious, more motivated, more talented, more competent, more capable.

You thought you could somehow scheme and plan to overcome your ‘betters’, and then somehow enjoy the self-esteem and privileges that they themselves had worked for and made possible, when you yourself are not capable of even maintaining them, let alone producing them in the first place.

You imagined you could consume value that you didn’t first produce.

As if value came from ‘society’ and ‘the collective’, rather than from groups of individuals.

Sure the world is wrong as it is. But what sort of world are you really seeking?

A world defined by justice? A world defined by respect for individual liberty and freedom? A world with no slavery? A world defined by equality of opportunity?

Or simply a world where people like YOU are defined as superior, and entitled to privileges simply for being you. A world where YOU are merely the slave owner, rather than the actual slave. A world where only YOU have every right and liberty, and everyone else merely exists as a means towards your ends.

If you really want a just, fair, productive, creative, innovative, peaceful, pleasant, interesting, exciting, progressive, beautiful New World Order, then before you run off into the hands of the Zionists, please consider my own Eden Protocols.

I deal in actual facts, details, and truths. Not fantasy, wishful thinking, and self-deception.

Like JFK and all those great Presidents before him, I don’t see any point in fighting for something that is not worth my sacrifice and effort.

People that don’t want freedom and liberty, and are not willing to work and sacrifice for it, don’t deserve it.

Right now you are responsible, as a U.S citizen, or NATO member nation, for the suffering of millions of people around the world.

Right now 98% of the world’s population are responsible for the suffering and misery of billions of animals.

Maybe the Zionists will teach us a lesson that we could not have learned any other way.

We had been given freedom and liberty by our ancestors.

What have we done with it?

What have we done with our power and prosperity, but inflict chaos, pain, misery, suffering, and slavery upon most of the world’s population, whether human or other animal?
Maybe the Zionists will truly prove to be a ‘blessing’ unto all the creatures of the earth. By teaching us compassion, humility, and empathy. By forcing us to accept that we can never be free unless all of us are free, that we can never prosper unless we all do, that we can never be happy unless we all are. And by ‘all’ I mean all sentient creatures.

The Zionists, like any ‘petty tyrant’, may simply be projections of our own minds that we have created to teach us the most important lessons that we must learn, if we are ever to enjoy, Happy Next Lives.

And that is about the best I feel I can hope for us all.

Happy Next Lives
Shalom!
The leaked ‘Iron Mountain’ report and the Zionist New World Order

‘IRON MOUNTAIN’ STATES THAT ‘THE DEVELOPMENT OF A SOPHISTICATED FORM OF SLAVERY MAY BE AN ABSOLUTE PREREQUISITE FOR SOCIAL CONTROL IN A WORLD AT PEACE’.

‘Iron Mountain’ refers to an internal report resulting from a committee of 15 of the world’s leading experts meeting to discuss how to ‘manage’ the U.S population in peace time, when there would be no ‘war’ to justify the maintenance, let alone expansion, of government power.

It is named after the underground government facility ‘Iron Mountain’, which is one of the many ‘underground cities’ that the elites have built to house themselves for the duration of whatever real holocaust they have planned for the rest of us.

Their mission was to find ways to legitimate increasing government invasion of personal privacy, and denial of personal liberties guaranteed under the constitution, when these could no longer be justified in the name of ‘war time necessity’ a.k.a ‘national security’.

During wartime, or when a nation is facing a real, immediate, and dangerous threat of war, people are easily whipped up into fearfully handing over all their rights to the state, in the name of security. They are willing to comply with the most draconian of state controls, invasions of privacy, and loss of liberties and freedoms.

But when that threat is no longer clear and immediate, the state must find alternative ways to legitimate and justify an ever continuing expansion of its own powers, and the reflexive decrease in the rights of the populations it wishes to control.

It is much easier to work towards a New World Order, and Global government, when you are at war with someone, or something.

This is why the U.S and its allies ended up waging ‘a war on poverty’, ‘a war on drugs’, and a ‘war on terrorism’, while engaging in various ‘proxy wars’ all around the world, fomenting international chaos, and training, funding, and promoting terrorism, even to the point of engaging in its own ‘false-flag’ terrorist attacks on the U.S population, including 911.

Of course when the ‘Iron Mountain’ report was leaked in 1967, it was dismissed as a hoax by the world’s mass media.
But if you read it, which you can, while the internet is still uncensored, you will find that it, like ‘The Protocols of the Elders of Zion’, is uncannily able to predict the future that followed its publication.

The fifteen experts agreed that new global threats would need to be manufactured, in order to justify the maintenance and expansion of state power in the absence of any real wars, or other credible, real, imminent global crises. They specifically recommended that fake global environmental and climate crises be manufactured in the mass media, to provide a justification for global policing and regulation, as an intermediate step towards introducing Global government per se.

They specifically recommended that fake ‘terrorist threats’ be manufactured. The aim of all these manufactured threats was to maintain social cohesion via presenting the masses with a new common enemy, in the absence of a military enemy.

The public would need to be threatened with something of equal magnitude to a world war. It was during the two world wars that the U.S government and military industrial complex were allowed to extend their power and influence, to micro-managed our daily affairs.

The constitution only allows for such intrusions into individual privacy, and limits on individual freedoms and liberties, in times of national defense. And so at first, threats to national security would need to be manufactured, so that the constitutional rights of the people could be denied them, and these restrictions on their liberties and rights would be accepted as legitimate and ‘necessary’ in order to, ironically, protect their constitutional rights, liberties, and freedoms.

This would be necessary until the State had completely consolidated and centralized its powers, and ushered in the new Global government, the New World Order.

The manufactured threats would need to be credible, immediate, and of equal magnitude, in terms of the threats they posed, including the threat of an immediate loss of life, as that posed by the ‘enemies’ during WWI and WWII. The challenge of the ‘Iron Mountain’ committee was to find credible substitutes for world war, to ensure that the people would not demand a return of their constitutional rights and liberties, and go back to focusing on their personal pursuits of life, liberty, and prosperity, as they were prone to do during ‘peace-time’.

During war the people are much more ‘socialist’ and ‘collective’ than during peace time. People put up with restrictions and limits on their personal liberties
and rights in the name of mutual defense against some real, imminent, dangerous threat.

But when that threat is overcome, and people no longer face imminent destruction, they tend to return to their individualistic, egotistic lifestyles. The Globalists, the Zionist New World Order elites have proven over and over that they wish to impose Socialism upon the masses, while enjoying every freedom, luxury, and pleasure themselves. The Russian revolution is a case in point.

During war you can compel people into collectivism. They will begrudgingly accept it as ‘necessary’. However as soon as peace returns, they tend to demand their liberties and rights back. They want to get on with enjoying their lives. They won’t accept the war time restrictions any more.

Check history and you will see that the greatest expansions of governments occurred before, during, and just after, the major wars.

The 15 experts were challenged to come up with ‘threats’ of equal magnitude and immediacy as world war that would ‘require’ social organization and political organization, and an increasing centralization of power in the hands of ever fewer people. They needed to invent, manufacture, and market new global menaces of equal magnitude to the real threat of sudden death that war had previously fulfilled.

The threat had to be credible, and accepted by the vast majority of the population, or the society would ‘dissolve’ back to the ‘rugged individualism’ of the founding fathers.

They calculated that a carefully choreographed mass media full spectrum propaganda campaign, including the state educational institutions, would require around one and a half generations to fully reach its objectives of mass indoctrination. It would take this long to ‘manufacture’ a credible threat capable of motivating the masses to submit to centralized authority, global government, and a New World Order.

They recommended an initial deregulation of industry to ensure widespread problems with pollution, so that they could use this problem to justify later ‘take-backs’ of individual freedoms, liberties, rights, and privacy.

And so we got, in due course, ‘Environmentalism’ and ‘Ozone depletion’ and Al Gore and his threat of ‘Global warming’. We got ‘The war on terror’. We got ‘The war on drugs’. Global warming was debunked and didn’t gain ‘traction’ with the masses, so he came back a little later with ‘Man-made global climate change’. All manufactured threats that fit the bill. And so we got Executive Orders that suspend the Constitution. We got gun control laws that dis-armed the ‘militias’.
We got martial law.
Global martial law.
Emergency laws.
And so we wait until the final ‘threat’ to be realized.
The threat that will be used to justify the introduction of Global government.
While we wait the government is busy ‘appropriating’ all the land of the globe, by force, coercion, and through compliant criminal courts and judges, with their unconstitutional ‘zoning regulations’ and ‘biodiversity bills’.
All the major environmental foundations are owned and run by the world’s richest people.
Nations like Greece are being offered ‘land for debt swaps’, in which they give up their territories to pay off bogus World Bank debts.
Monsanto, in accordance with the ‘Iron Mountain’ experts’ recommendations, are right now gaining control of the world’s food supply. Part of the ‘chem-trails’ program is to add chemicals to the soil which native conventional plants will not be able to grow in. Monsanto have already patented plants that will grow in these new chemically altered soils. Soon everyone in the world will have no choice but to eat Monsanto GMO foods, as they will be the only plants that will grow.
And Monsanto recently bought the rights to a new patented gene that makes humans unable to reproduce.
Monsanto have already put this gene into their GMO corn. Exactly as the Iron Mountain 15 experts suggested.
Soon all the food available to you, all the food necessary for your survival, will contain this gene.
The Iron Mountain experts were already working on a form of contraceptive that could be put in all the world’s drinking water supplies.
They were looking for a way to ensure that the food we ate made us sterile. That new gene Monsanto bought the rights to (by buying out the company that owned the patent) represents the realization of the Iron Mountain plan.
In the very near future all the foods and drinks you consume will ensure you become sterile, and unable to reproduce. The only way people will be born is through deliberate, artificial insemination.
You see the Iron Mountain experts agreed that in future, all procreation, all reproduction, should be limited to controlled, managed, centralized artificial insemination, whether in a human females womb, or in new, artificial wombs in laboratories.
In this way they can use negative eugenics to ensure that the new population of slaves is dumbed down, passive, submissive, and completely dependent upon their masters.

Large populations are only an asset in time of war, or when a real threat of war exists, as ‘cannon fodder’ to replace the soldiers and civilians who die in war. The elites will own all the land, and all the food, just like in that Biblical ‘Seven Years’ of famine.

The ‘Iron Mountain’ experts even recommended faking an alien invasion threat, as a pretext for introducing a global Government, to defend us from this imminent, credible threat to our very existence as a species.

All of the ‘wars’ against drugs, environmental problems, ozone, man-made global climate change, terrorism, and aliens, would be dove-tailed to provide a synergistic set of ‘crises’ to which ‘global government’ and the New World Order would be offered as the solution to.

Threats which, to ensure our protection from, we would be more than happy to give up every last freedom, right, liberty, and privacy. They would have us all, the entire world, begging to be enslaved by the New World Order, just to save our pathetic lives.

In the absence of war to justify huge government spending programs, and the huge debts associated with them, Iron Mountain recommended that new programs such as a space program, universal health care system, a fake moon landing program, and massive new research and development schemes be introduced to ensure government, and government spending, and hence debt, continued to grow. They called these programs the equivalent of ‘pyramid building’. In other words finding some context for continued government expansion, and increasing public debt.

The debts would bring about a financial collapse of sovereign nations, and thus a ‘manufactured need for’ a World Banking system, a global bank, a global court, and ultimately a global, one world government, a New World Order.

A global identification system was to be ‘offered’ as part of the health insurance system, to gain acceptance for the idea of an international Identity system, claiming it would allow medical personnel to access individual medical records quickly in the event of an emergency. In this way the masses would accept invasion of their privacy.

If you have watched or read the ‘Hunger Games’ series, you will be interested to realise that it was inspired by the ‘Iron Mountain’ document. For the 15 experts recommended some form of ‘blood games’ to act as a release for the masses aggressive impulses, more or less as the Roman gladiatorial games did for the
ancient Romans, as a substitute for war, and a release of pent up frustrations and feelings of powerlessness resulting from a lack of justice, freedom, liberty, and rights.
A few of my Facebook posts (for when they block me!)

The Zionists know that their lies fall apart when ‘put on the stand’ in a court of law. They never respond to the skeptic’s questions and challenges, as every time they do, they are left looking dishonest, deceitful, stupid, and terrified.

The same happened with Al Gore and his cronies.

This is why the Zionists need laws to deny people the right to a fair trial. This is why they resort to propaganda. The truth is just too unflattering.

Worse, the truth, when the masses understood it, would lead them to demand the same sort of thing that has happened over and over in history.

This is what they fear. Being discovered.

If they had nothing to fear, they would act honestly, and fairly.

The Zionists have never proven a single of their claims in a free court of law.

What happened at Nuremberg was a show trial and pure propaganda. Nothing more and nothing less.

Al Gore and his ‘climate change’ lobby are in the same position. They are lying to us all. Al Gore stated, like a good Zionist, that ‘It happened / is happening / Period’. He actually made the mistake of claiming that the science was ‘unquestionable’. That is what riled the scientists all around the world from their quiet studies.

The last time we gave in to our states we got several hundred years of ‘dark ages’, during which it was as crime not to openly and publicly agree with whatever the Catholic church said was true, not matter how absurd and obviously wrong it was, needless to say unjust and cruel.

That is where we are heading today. Right now. I mean right at this very moment.

But you still have a chance if you open your eyes and ears, switch on your brains, electro-shock-start your hearts, and demand the reinstatement of the most precious thing you have enjoyed for a brief moment in history. Legal rights.

They say 1776 is the answer to 1984.

Constitutional, inalienable rights. Rights which no-one can arbitrarily override. The right to free speech. The right to political representation. The right to legal process. The right to own and operate a free and independent media.

Otherwise you really get the government you deserve.
Right now you don’t deserve much better than what is coming. You are like I once was. Naïve. Ignorant. Unaware. I got out of the hegemonic social reality. You can too. Especially now that people like me, with the help of thousands of other people like me, can offer you a signposted route. Hey, once we have our freedom back, you will be free to make fun of me, or join me. You must understand that I am not madly in love with humanity. Humans have been horrible to me, and each other, and especially to most animals on this earth. Monstrous in fact. So this is not a romantic mission. Have no fear I will suddenly ‘fall out of love’ and give up. No, in fact I often find myself experiencing great ambivalence about trying to inform you all. For I agree with most of the things I am told the Zionists Bankster’s are out to do. The problem is there are things I am uncertain of, and doubt. And those things are HUGE issues. So I am hoping that after we escape the Zionist Bankster’s net, you might be a little grateful, and willing to sit down with me and consider my own ideas for a New World Order. Anti-Semitism is really, by definition, anti-racism. Semitism means nothing unless you assume races exist. And they don’t. Why people chose to define themselves as ‘Jewish’ is beyond me. I am just a person. My merits are those I earn myself. Meritocracy. That is the basis for creative, productive society that will produce the surpluses to facilitate a generous redistribution and thus a ‘fairness’ greater than nature itself produces. Why you would chose to be associated with the people in the Bible who commit the worst war crimes, crimes against humanity, genocide, ‘ripping apart pregnant women’ and killing them and their babies, far worse than anything Hitler was accused of (I honestly believe falsely now, based on what I have learned, which until then the Zionist propaganda had effectively kept from me). Does it matter if the supposed events happened 70 or 3000 years ago? What sort of people chose to be associated with, and proudly reprint, a document which supposedly documents their war crimes, repeated acts of genocide, crimes against humanity and nature, and explicitly states that they have a god given right to enslave all non-Jews? That is just the Torah. When we get to the Talmud, which apparently has a much greater bearing on ‘Jews’ in more recent times, we see all non-Jews defined as ‘cattle’, with no legal rights, exactly as the stories of Ernst Rundel, David Irving, and ‘The Forecaster’ show that ‘Jews’ today are treating ‘Gentiles’. Yes folks, it is not anti-Semitic to
identify judges, lawyers, and mass media owners as ‘Jewish’ if they themselves are the ones who demand I so define them by claiming to be ‘Jewish’ and thus ‘not – Gentile’.

The truth is shocking even for me, months after publishing my book on 9/11, the bible, Zionism, The Central Bankster’s Petro-Dollar Ponsy Scheme, and the new world order.

What the Talmud states for anyone to read, and what is written in the Torah, the Old Testament of the Bible, is happening right now?

Gentiles do not have legal rights in the U.S, Canada, Germany, France and so on. FACT.

What sort of person proudly identifies with a culture of hate, murder, rape, theft, enslavement, racism, and lies?

I know it is criminal to say so, but what is a philosopher to do? Read the bible. Read the Torah. Read my book. Check everything I have written.

What does it mean to define yourself as ‘Jewish’? Why define yourself as ‘Jewish’ if no-one is forcing you to?

Based on the Bible and Talmud, to be Jewish is to be worse than any Nazi was ever accused of being. Why would you identify with such a history?

Genetically ‘Jews’ are Arabs, or from Southern Russia.

Historically they get kicked out of whatever country they live in, and are hated by otherwise calm, rational, reasonable, decent people. Not that I am saying there are noble savages out there. I just mean, please, I have a right to ask why the same things keep happening to the same ‘self-defined’ people.

And why they insist on defining themselves as ‘Jews’ when racism was abandoned by the liberal Western world decades ago????

I will continue when I get the time…

Please read my book ‘911:5 minutes to midnight’ and share it by whatever means you think suitable. Please make sure that after they take me away all my books remain available. You will see from reading my books how my views have developed.

NOTES … PLEASE REMEMBER THESE ARE ROUGH NOTES…ADDED IN CASE I DO NOT GET A CHANCE TO FINISH THIS BOOK…FORGIVE ANY FLIPPANCY ETC

WITH LOVE TO ALL SENTIENT BEINGS…PLEASE STOP DEFINING YOURSELF BY YOUR SPECIES, NATIONALITY, RELIGION, ETHNIC BACKGROUND…ALL I SEE ARE PEOPLE WHO NEED MY LOVE, SUPPORT, HELP, AS I NEED THEIR LOVE, SUPPORT, HELP ETC grin emoticon

Protect me if I am right
Correct me if I am wrong
Never again can we allow propaganda to poison the present ground, and the future ground.
Never again can we allow a small group of people to define themselves as superior, and to justify enslavement of other peoples
Never again

The holocaust story we have had forced down our throats by war criminal Allied victors and the Zionists has only been allowed to gain traction because from birth children are brainwashed by Hollywood movies, forced indoctrination during forced visits to supposed 'holocaust museums', and laws which lead to most historians, philosophers, and non-Sheeples self-censoring to protect themselves and their families from persecution by the Occupational governments of France and Germany.

No genuine German or French government with the interests of its people at heart would ever have accepted the defamation of the Zionists willingly. Only communist governments that hate any competition to their central, despotic rule. No truly representative government would have accepted it. Even the Saudi government did not accept the Zionist lies about 911. THEY did not pay up. THEY are still a sovereign nation.

Like all those who have stood up against Zionism before me, I was shocked to learn the truth. I have never been racist, let alone anti-Semitic. Because I am not racist even the term '-Semitic' means nothing to me.

But I have been shocked awake by the facts. Facts which only came to me at great cost to the messengers. I pass on those same facts at the same risk.

I do not know what did happen. But it is clear what did NOT happen. And the story we have all had forced down our throats and been brainwashed to accept as reality did NOT happen.

What did happen was reasonable, logical, and rational. It was also terrible. And should never happen again.

I thought that was why we let the Zionists commit atrocities, war crimes, and genocide upon the Palestinians, so the Zionists could have their 'Final Solution'. Yes the Zionists coined that phrase, not the Nazis'.

We were told that Israel, a homeland for the poor victimized Jews of the world would be the 'final solution to the Jewish problem'. The problem they defined as a desire for separation, exclusivity, racial purity from their inferiors.
However it has become clear that the Zionists were never going to be satisfied with their own state. They want the whole world. As it is documented in the bible and torah and Talmud.

Facts my friends.

Sure, lock me up, but that will not save YOU nor your loved ones from the Zionists plan for one centralized Zionist state where everyone they have no use for will be exterminated or sterilized, and those they have a use for will be enslaved.

Put me on a polygraph. Measure my emotional responses. The only emotion behind my work is a desire for truth, beauty, freedom from paying for/being a victim of other people’s choices, and ideally a new world order based on my Eden Protocols, which are completely rational and reasonable, and motivated by a love for all things good, and the absence of any concepts like race, slavery, and so on.. So I guess I can look forward to a long stay in prison where I will be tortured as far as the law allows.

I think I have written enough for anyone who wants to see the truth, who cares about truth, justice, and beauty, to get the point.

I have a feeling you are going to get one big surprise after you finally think you have absolute power. To find that some other group has been using YOU.

All my love to every sentient being...especially to the victims of Zionist aggression in Palestine, those sitting in prisons in Germany and France and Canada for trying to help them, my grandparents generation for having been viciously slandered for over 70 years, and all those fantastic, creative, ambitious, good, kind, brilliant self-defined Jews who share the same ambitions and ideals as myself...they can publish still, and only be called 'self-haters'. Because the Zionists define them as Jews. Even if they do not.

I on the other hand, as that worst of all creatures, a German Citizen with Germany ancestry, and so I do NOT share the same rights as a Zionist defined Jew.

'When a man lies, he murders a part of the world'. People do themselves the most damage when they lie. They lose their integrity. Their 'whole-ness'. Their 'holiness'.

I apologize for my language, but while I have the freedom to speak, I want to send a big FUCK YOU to all the agents of lies, oppression, falsehood, manipulation, exploitation, slavery, and slander...don't think you won because you have the power to imprison and silence me. Whoopee. Find a genius philosopher who validated this world as something worth treasuring? Find a true
spiritual leader (start with Ecclesiastes) who did not define this world as a sick joke played upon us.

Enjoy your power and wealth. See what it brings you.

I guess the basis of your anxiety, fear, and irrational, compulsive need for power is the lingering fear of being 'discovered'...of your lies being discovered...of your plans being outed...and a repeat of that stupid historical cycle in which Jews arrive somewhere, prosper, and are then forced to leave...where will you go this time? It is pretty much all or nothing. Like all criminal dictators, you know that if you lose absolute control, of the media, legal system, education system, finance system, military-industrial complex, that you will no longer be able to hide your crimes from the world.

How about we start with forgiveness, charity, and compassion?

It is not all or nothing as you have been told. People make mistakes and people forgive. You can stop this madness. You have nothing to fear from people like me. You have made as many victims as any other powerful group. You are only human. You have many talents and skills to offer the world community. But you are not fit to rule, because you lack the humility.

I offer a peace treaty on behalf of the world's people. Join us as equals.

If you are Jewish and have been convinced by the Zionists that the world hates you, or envies you so much they cannot live with your superiority, then stop and think. Take a look around you. Take a critical look at what you have been told. Oh, since 2012 it is legal in the U.S for the mass media to publish / play propaganda. In other words it is legal in the U.S for the media to lie. And the media is predominantly Zionist owned. Fact.

So now it is illegal in the West to speak the truth, and to challenge lies, at the same time that it is legal to lie to the masses.

They say the only answer to 1984 is 1776.
We are today living in 1984.

We have nothing to fear from the truth. We must forgive, and start again from the basis of truth. We have all made mistakes. Every nation. Every ethnic group. They have all striven for world domination, and enslavement of others.

If you want a New World Order, and not just the same old world orders regurgitated over and over, then please read my TROONATNOOR books.

Please download and share them while you can.

I can do no more than I have done.
I forgive myself for not having been able to do more.
I forgive you for being what you are.
Deo Culpa!
But maybe our suffering has taught us lessons we needed to learn.
And if life is really so absurd as it at face value appears, then what is the difference if I die after decades of persecution, or a life of power and privilege...I will be dead either way...nothing gained...
Check our Ecclesiastes in the Old Testament. ‘The end of something is better than the beginning of any thing’.
I wish the Zionist hegemons all the best. Enjoy your power and privilege for as long as it lasts...maybe you’ll get what you want. Total control. But then you will just fight amongst yourselves for more power and privilege. You have not proven yourselves immune to the typical human frailties...maybe even more prone to them. In every way.
I guess you will introduce veganism for the slaves at least...so that is something positive
Maybe I’ll be new born as one of you guys, and if my soul remains intact, my goodwill and wisdom, I will use the power you have concentrated to bring about my Eden Protocols...
You can only imprison and torture me for a few decades. Then I’ll be free of anything you can do. And then? What sort of being will you have created? Would it be ‘irrational’ and ‘unfounded’ for such a being to hate you?
If you think fear of Zionism is irrational, and unfounded, check the facts.
If you think Zionists fear you, then ask why. What have they done to you that they should fear you? What is the source of the fear they project upon you? Fear of discovery?
I plead for the Norwegian government to arrest me on any pretense. At least in Norway I would be free to write. I can teach English at their Universities for free

Zionists hide behind their eternal story of victimization. I have been a victim over and over so I am loathe to suggest that someone raped once is a victim, but someone raped several times by different people 'must have been asking for it'.
But ask yourself why the bible speaks of Zionists so badly, both in the old and new testaments. Why did Hadrian expel the Zionists from Palestine in 70 Current Era? And why since then did the Spanish do the same, and the Russians (expelled them to 'beyond the pale' to Eastern Europe) after which Germany accepted them, and why the repeated pogroms throughout history.
Were all these cases of 'irrational hatred'? A hatred that is pure evil emotion with no reasonable basis?
Is there such a thing as 'rational hatred'? Surely we hate those things that we perceive as threatening our pleasures and reliefs, and threaten pain and negative consequences.

Is all hatred irrational and unfounded? Hatred of individuals seems often justified. Hatred of organizations of people can also be justified, rational, and reasonable.

Hate crimes are there to protect us from people with evil intentions inciting us to hate people for no reason, for example just because of their sexual orientation, their skin color, their religion, their ethnic background, and so on.

But the Zionists have exploited the concept of hate crimes. They claim that any scientist who proves, without any ulterior motive but a desire to find and express the truth, that no Zyklon B could possibly have been used in the supposed 'gas chambers', must hate Jews. He must be a Nazi too. He must have an irrational hatred of all Jews which he is trying to incite like a virus among us all.

The Zionists claim that any scientist or technician who points out the obvious lies or delusions of 'holocaust survivors' must necessarily be motivated by an irrational hatred of Jews.

The Zionists claim that I must be motivated by an irrational hatred of Jews to write this.

Under German, French, Canadian, and at least eleven other nations’ laws I can be arrested anywhere in the world, taken to Germany, and put in prison for years.

In Germany I would not be allowed to defend any of the statements I have just made. I will have two choices. Either plead insanity, or sufferer INDEFINITE imprisonment.

You think I am exaggerating? I did not know about these laws, so I can understand your incredulity.

So I am setting up a German and Arab Defamation League to bring some sanity, justice, and truth back to the situation.

I am risking indefinite imprisonment by posting this. So please research my claims a little before dismissing me and abandoning me to a fate worse than death, simply for trying to save you.

Did you know that the Zionist thought police can now have you arrested simply for recognizing simple logical and scientific facts i.e. the 1984 scenario of 2 plus 2 equals five? Did you know that Israel was ALWAYS the aggressor in ALL of its wars? FACT. Ask the Israeli General's son who went through all the archives of meetings between Israeli generals. Did you know that Israel considers a trade
blockade of any Israeli port an act of war? Do you recall which people 'blockaded' Germany in the 1930s, and actually declared war on Germany? Do you realise I can be put in prison for stating simple facts?
The most recent abuse of the term 'denier' was when we were told that it was a 'fact' that global warming was being caused by greenhouse gases. At the time laws were being written to make it a crime to 'deny' this 'fact'.
Just like it is a crime to 'deny' the official story of WWII concentration camps.
Why would they try to make it a crime to 'deny' the official story that global warming was man made? Who stood to benefit from these laws? Who stood to earn billions from a 'carbon credit trading scheme'?
The same company that bankrupted California by manipulating the electricity supply. Enron. And their 'mate'. Guess who? The very spokesman for the carbon credit trading scheme.
A few months later the scientific community learned that the data had been 'faked', that it is in fact the sun that is responsible, and the whole 'scam' of the 'carbon credit trading scheme' was revealed as an attempt to impose a world tax to fund a global government. Check your facts about this. BE skeptical of what I am writing here. Like the false flag attacks of the past, and 911, and future, if you watch what happened, and what is happening, you will see patterns. The past can help you make sense of the present, and predict the future.
The Carbon trading scheme was revealed as a scam before the laws came into effect. Luckily. But sadly not before lots of scientists and teachers and other professionals lost their jobs and careers because they expressed 'skepticism' of the 'official fiction' of man-made global warming.
Today you are free to 'challenge' the lie that humans are responsible for global warming. Lucky you.
Did this recent 'near-miss' teach you nothing?
Like me, you were probably completely unaware of what was going on, and just how close we all came to becoming 'deniers'. Criminals and mentally incompetent. Just because we didn't 'buy' what we were being sold.
Whew. That was a near miss.
A lucky break.
But if you didn't learn the lesson, then you are probably going to fall for the next 'global crises' and 'false flag' attack.
Happy Next Lives

Skepticism is the basis of science. Calling someone is a skeptic is a compliment. Calling them a 'denier' is an insult. It is meant to discredit them as recalcitrant or
mentally ill. It assumes that what they are disagreeing with is incontrovertible fact. Like a Pope torturing those who 'deny' that the Vatican has the God-given right to tell everyone what to do, the right to live in luxury and torture those who do not 'believe' the obvious truth of everything the Catholic Church says. The Vatican tortured and imprisoned anyone who dared question their power, benefits, or lies. How is the situation any different with the Zionists and the holocaust skeptics? Are you going to persecute people who question things, and who are searching for the truth? THAT, in fact, is what the original term 'Skeptic' meant. It meant 'seeker'. Someone who did not believe that their masters had already found the truth. They did not simply accept something because they were told it.

So if you ever hear someone call someone a 'holocaust denier', you should be suspicious...because it is such a loaded term...it is not appropriate...it clearly implies a hidden agenda...ulterior motives. You cannot ever trust a person who uses such expressions. It is like saying an atheist is someone who 'denies' that a man called Jesus existed, was the son of god, and god incarnate, and died, and rose again, and gave the Pope the power to rule the world...are YOU a denier? Or are you just skeptical of the claims of the Vatican?? Should YOU be locked up? How is it any different for someone who doubts the official version of WWII? What sort of world will you live in when you allow people in power to persecute and imprison people simply for raising genuine doubts, and seeking more information?

Oh, maybe the world we are living in today?
And the New World Order that is on its way?
Who are you going to call out to for 'help' when you have imprisoned all those who would have been there to help? All those who would have revealed what was coming, and could have informed you and saved you?

So please, don't complain when you are the next victim. For you deserve it. You did nothing to protect those who were fighting for the truth, and justice. And unless you are vegan, you are not INNOCENT...you just aren't guilty of any crimes written down in the Speciesist's law books.

Happy Next Lives

If Germans were not criminals, then would firebombing civilians, then machine gunning the survivors, clearly visible as women and children, while leaving Ford motor company plants completely untouched, appear more or less 'acceptable' or 'justifiable' to you? Did you know that McNamara himself stated he would have been on trial as a war criminal for such actions, had the Allies lost? My
question to you is whether you accept evidence forced from people who have been tortured, and whose families were threatened with torture, if the person did not 'confess'? Ask yourself why, if millions of people escaped 'death camps', why only half a dozen ever appear giving 'testimony'? And why, of all the hundreds of thousands of photos that survived the camps, we only ever get to see a few photos of victims of typhus?

I always just accepted that the Nazi's were criminals. It was not until I saw people being put in prison for asking very reasonable, sensible, serious, scientific questions that I started suspecting something. Now it is clear to me that I have never seen any compelling evidence of any mass killings.

Show me evidence please. Show me, as they say, 'the truth, the whole truth, and nothing but the truth'. For most of what we are told is clearly not true. This does not mean that it did not happen. it just means that the question of what happened should be open, and investigated.

I ask you why the powers that be are so terrified of anyone beginning such an investigation that they have to put them in prison.

What threat did a question ever pose to someone who had nothing to hide?

The last people put in prison were scientists. They were put in prison because a few powerful people, e.g Vatican princes, had a lot to lose if their hegemonic lies were ever challenged. Today Bishops no longer live like princes. Because a few honest scientists were willing to ask questions.

If you really think ' Mein Kampf' MUST be insane, inane, blabbering nonsense, then read the book. Read the bible. Read my books.

Or no-one can save you from what is coming. In fact it will be good for you to suffer what is coming. It might teach you some empathy for the billions of sentient beings that suffer because of your lack of empathy every day.

If your heart is dead to that suffering, and your brain is dead to reason and logic, then you are no more than flesh-eating zombies in any case.

I don’t see any Gentiles or Jews. I see only living beings and zombies.

Anyway, happy next lives. Maybe you will learn something from what is coming down on you. You cannot claim you are innocent victims. You deserve the politicians you have, and you deserve at least as much as what is coming your way in right now.

Karma is not about punishing anyone. It is about teaching them. Seems we only learn empathy from suffering. We only learn to abandon ideas of enslaving others, after enduring slavery. We only learn to stop using others as means to our own ends, after enduring being used as means to other's ends. etc... Virtual karma, where we reap what we sow, is another aspect of it.
But when will you learn? Being Vegan means refusing to enjoy a benefit or satisfaction, a pleasure or relief, which comes at the price of another sentient being's pain. It’s all about the golden rule. And defining ALL other sentient beings as 'others', and not just your own tribe, family, nation, ethnic group, religious group, ‘artificially defined 'race', etc...

Like D.H Lawrence, and Teal Swan, I suspect the plants to be the superior beings on this planet...think about 'The TREE of life', 'The FRUIT of the TREE of Knowledge', Yggdrasil and Odin hanging there, sacrificing himself to himself, exactly as Jesus is said to have sacrificed himself as the son, to himself, as God, hanging from a tree (in most gospel accounts), and the Mayan 'first father' who sacrificed himself, with his body becoming the roots of the tree of life, and his soul the branches...watch someone meditate, then look at a plant...tell me what beings on this earth 'SERVE OTHERS' more than plants? How happy are most people? Are you still so sure that humans are the be all and end all of life on this planet? What do you think someone who was NOT a member of this species would see us?

Happy Next Lives
Go Vegan

When you are not free to challenge what you are told, then you should ask even more questions. My question to you is 'Cui Bono'. In other words, if the Holocaust did not happen, why would the Allies and Zionists fake it? Would you find the Allies firebombing of civilians, then machinegunning of survivors and emergency relief workers more or less 'acceptable' if the Germans were simply fighting like any other nation of the time for their survival and prosperity? Do you realise that the horrible sounding 'Final Solution' was in fact an agreement between Germany and the World Congress of Zionism... How many Jews would have left their snug, upper middle class situations in Germany to move to Palestine, to do manual labor, without being forced to? Can’t you see that the Zionists benefited most from the Nazi laws? Do you realise the Zionists and Nazi’s had an agreement in the 30s under which tens of thousands of Jews emigrated, along with their wealth, to Palestine? My question is 'why is it criminal to demand people back up their allegations’? Since when was it a crime to be scientific? Well of course since the Dark Ages. I don't know what did happen. I know what didn't happen. What we are told by a few people did not happen. It is very challenging to try to find out the truth, given all the torture, lies, propaganda, fabrication, and completely disproportionate power of Zionists today....If you don’t realise they own all the mass media, and most of your political representatives, then that is where you will have to begin your journey...for you are living in the Dark
Ages still. If you think it does not matter that people are persecuted for asking questions, then read my book 911, five minutes to midnight? While you still can.? Greetings to the new masters of Earth...The Priests of Aton...(N.A.T.O.).the children of Zion (the sun)... a.k.a the Zionists...May you be the bridge to the new Eden on Earth...and may you find a productive and rewarding task for people like me to perform grin emoticon ...

Most people are walking at a few kms an hour...to get them 'up to speed' to be able to comprehend TROONATNOOR is a really difficult, frustrating task...all I can do is keep writing...I cannot make anyone read...only the false prophets ever had the power compel people to listen to them...today the mass media are the all-powerful vehicle for the false prophets...all the other true prophets can only hope, like Buddha, that 'some will understand'...I realise I am asking you to go from zero to 100 'real quick', to quote that recent song...and most of you are not up to it, emotionally or intellectually...it is the emotional resistance that is the greatest...who wants to admit they are an opportunistic, unprincipled, selfish, greedy monster? Only those who do this are capable of becoming the 'bridge' to the future sentient beings who will (return?) bring about the new Eden...the new 'gardeners' who will take care of this earth, and all sentient beings who dwell in it...will the Zionists be good gardeners? They certainly have proved they can manipulate everyone, and gain absolute power...but what are their true intentions? Are they motivated by holistically enlightened good will towards all life, or just another bunch of opportunistic monsters like the rest of the non-vegan human population? I think we are about to learn the answer to that question.

Eichmann was doing deals with the Zionists in Palestine in the 1930s, for oil...and intelligence data...The Zionists definitely benefited from the expulsion of Jews from Germany...they needed to motivate the Jews to come to Palestine to set up Israel...and 35 Billion dollars in 'compensation' helped too...I doubt most of what is claimed by Jews about death camps...they have no historical evidence at all...AT ALL...only people claiming they were victims...and eyewitnesse...today I am pretty sure the camps were labor camps, that there were no mass exterminations...and that the Nazi's were doing the work of the Zionists...who actually did finance Hitler...and provoke the German backlash against Jews by declaring war on Germany in the 1930s, and imposing a boycott on German goods...My mind is truly open to any compelling argument or data...please read my book '911: Five minutes to midnight' for a holistic overview of Zionism in the past and today...If it does not shock you, then you have no nervous system...if it does not motivate you to question, then you have no grounds to complain when you are the next victim of Zionism...who knows, maybe they are going to put in
place something very like my own 'Eden Protocols'...read my books to discover more...while you are free to grin emoticon http://www.amazon.com/Minutes-Midnight-Markus.../.../ref=sr_1_3...

These latest attacks will all be part of the same cycle...C.I.A Mossad...It is time to inform yourself, or accept the consequences of your inaction...I cannot educate those who wish to remain ignorant, unjust, and blame everyone else but themselves for the way the world is grin emoticon

Teach people how it is possible to use Zyklon B hundreds or thousands of times, and have no residue left behind grin emoticon only if you want the German police 'disappearing' you of course...taking you back to Zionist Occupied Germany and dumping you in a concrete box for life ... Hmm...Maybe that is why we don't get to hear much from the scientific community about the impossibility of the claims made about a 'holocaust' during WWII?

I used to wonder how people could get into my car, I mean after I had already driven them somewhere grin emoticon Don't worry, our New Zionist Masters will solve that problem...no private cars for the few of us left surviving after they've decided who should live and who should die grin emoticon happy next lives grin emoticon

Hope I get this new book finished before I am 'disappeared'...I am so sorry I am no superman...all I can do is think and write...maybe in another dimension / life this will all have made a difference...but isn't it a beautiful thing to have tried to do good? Despite being doomed to failure? What else could you describe as more beautiful?

Is appealing the decision of the Supreme court, in favor of free speech, a sign of 'good neighbors’ or supreme arrogance and self-idolization? And Jews complain they are seen as arrogant? Seeking to impose their laws, their Talmudic laws, in which Gentiles have no legal rights, upon the nations that welcomed them as immigrants? What other group in the world attempts to impose its will, as a tiny minority, upon the democratic majority? In every nation where they live? What other group would expect to get away with that?

https://www.youtube.com/watch?v=jhLvdGbxLS4

Germans and Arabs, and all peoples oppressed by the Zionist Propaganda aimed at defaming and disempowering all non-Zionists, must unite to defend freedom of speech, freedom of historical investigation, freedom of the mass media, and the abolition of laws preventing freedom of investigation, reporting, and expression. Free Germany and Palestine of the occupational powers and return sovereignty to the Germans and Palestinians.

I will not accept Talmudic Law, which states that only Jews have legal rights, and everyone else is mere 'cattle' with no legal rights. We welcome Jews everywhere
to participate in our societies as equals. But we will not be slaves. We will not accept anyone as our masters.

And if you don’t think you have any reason to be concerned about the world’s richest man, David Rockefeller, then consider his 1973, New York Times, praise for Chairman Mao and his policies as 'the most important and successful in history', after 50 million Chinese had just been killed in the 'cultural revolution'. George Soros, who earned his initial 100,000 capital by working with the Nazis, and probably being paid off by other Jews, as a youth, has gone on the record calling for the dismantling of the United States, to reduce its power, and possibility of resisting the new global government Soros is arranging with his other mega-billionaire mates.

Please note that I have now published part III of this series, ‘Occupied’.
Introduction

Make no mistake. We have been at war for centuries. The Zionists declared war on us. They have been battling for total domination for centuries. And now they are on the verge of total control. They literally already have control of our mass media, our ‘Jewdiciary’, our financial systems, and our governments.

We live in ‘Occupied’ territories.

We live under Zionist occupation.

It is a fact.

Now it is time to resist. To defy. To take back our nations. To take back our rights. To take back our freedoms.

They have already won. Fact.

I don’t really see any signs that more than a few percent of the population have woken up.

That said, remember that the U.S War of Independence was fought with freedom loving patriots of many different countries that chose the new colonies as the decisive final battle-ground.

Patriots from Poland, France, and German states fought alongside the American Patriots. It was an international fight against tyranny.

Only a few percent of the American population at that time actively participated in ‘The Revolution’.

The same will have to happen this time.
All the patriots of the world must unite, and take back the U.S.A.

Right now it is effectively the ‘Jew’.S.A.

Showing all the same ‘executive orders’ as the ‘Jew.S.S.R’. FEMA camps instead of Gulags. Military personnel invading homes. ‘Snitches’. Police free to arrest anyone, at any time, with no warrant, or justification. Secret police free to kidnap anyone, in any nation, at any time, to take them to ‘black zones’ where they can be ‘legally’ tortured, and held prisoner, for as long as the Zionists want. Without any charges, let alone ‘warrants’.

This is not an unexpected situation.

The ‘founding fathers’ who wrote the U.S Constitution and amendments saw that such a situation would arise.

And therefore they guaranteed every U.S citizen the right to bear firearms. To defend themselves from their own governments.

They knew such a time as now would inevitably arise again.

That freedom is not natural. It is something you have to fight for. Over and over.

We have let the Zionists occupy our nations. We have not been vigilant enough.

Now is the time when we must decide. Will we return to being slaves, as we have been, for most of recorded history?

Or will we fight for our freedom?

First using all peaceful means at our disposal.

Like free speech.

For the Zionist’s can only rule with lies. Deception. Propaganda.

They number less than 2% of our populations. And they only manage to rule us because we let them. We let them print money. (The ‘Fed’). We let them spew out propaganda 24/7. We let them censor us. We let them dictate school education policies. We let them ‘buy’ our politician and thus our ‘Jewdiciary’.

The moment you break free of their propaganda, their lies, their ‘Holocaust’ hoax, their ‘Man-made global warming’ hoax, and their other ‘Religions’, they
are helpless. They will, as they have done so many times in history, run off with all the ‘treasure’ they can carry, leaving us in peace.

But if you do not do this, then you are doomed.

Technological advances (including flying saucers a.k.a zero point energy craft) and total corruption of all our military, government, and police, have given the Zionists unprecedented power to totally control every aspect of your lives.

So you have to act now. Share truth. Shake people up to wake them up. They are in a Zionist propaganda induced trance. Wake them up now. For if they continue sleeping, they will die in that trance. That stupor. Like someone who has overdosed. You can’t let them sleep or they will never wake up again. They will die.

I am not, and never have, promoted any form of violence.

But the decision will be for you to take. Will you use the freedoms the ‘Founding Fathers’ enshrined in your ‘Bill of Rights’, including the right to defend yourself from your own government, by use of force, if that government becomes a tyrant? Or will you submit?

That will have to be your decision to make. You have the right to be a slave if you choose. Or the right to fight back, if you choose freedom. At least for now. In the United States of America.

But I would recommend great caution with use of force. It is very hard to control. And the consequences will be devastating.

Right now the best thing is to avoid all violence. Even public demonstrations.

The Zionists are hoping that some Patriots will lose their patience, and out of fear, use force to defend their rights.

The Zionists will use even the smallest hint of violence to justify complete martial law.

In fact my other books, and thousands of great YouTube videos, have proven that the Zionists, when faced with a peaceable resistance, will simply fabricate their own ‘false flags’ and ‘incidents’. From faked, totally choreographed and scripted ‘mass shootings’, complete with ‘crisis actors’ and pre-packaged mass media ‘talking points’, to the real mass murder of 3000 U.S citizens in the heart of New York City.
Right now the controlled opposition, including Alex Jones InfoWars and Stefan Molineux, and less obvious Shills such as Noam Chomsky, Edward Snowden, and Julian Assange, are playing on the ‘Arabs hijacked commercial airliners and flew them into the WTC and Pentagon’ hoax to demonise Muslims and Arabs. It worked. The U.S and E.U and other NATO nations sent their men and women to murder innocent Muslims and Arabs in Iraq, Afghanistan, Syria, Egypt, and Yemen. To kill and die. Israel has tricked NATO into fighting its wars. Paying for these wars.

The wars are intended to divide and rule us.

If any Muslim or Arab can look upon a European or American and somehow manage not to hate us, then it is a miracle. For we have been the world’s number one terrorist nations for decades. Murdering millions of Muslims and Arabs. They should rightfully WANT to blow us up.

And yet the fact is that 911 was an Israel MOSSAD-CIA job.

The fact is that there has been NO serious terrorist incident in the West carried out by Muslims or Arabs.

We bombed their nations to dust. They came as refugees to our lands. Forced out of their own lands. Confused. Many very angry. Justifiably.

Many MOSSAD-CIA agents were sent among them. Arabs and Muslims recruited by Israel and the U.S to act as ‘terrorists’.

You can understand how at least some of the victims of our terrorism would be amenable so such recruitment.

If you cannot, you need to look in the mirror. You have been used. Fooled. You have allowed yourselves to be used as Zionist weapons. Zionist terrorists.

The Zionists have hijacked U.S and European military and foreign policy. Used the U.S and Europe as mercenaries. As terrorists. To fight for Israel. For the ‘Greater Israel Project’. And for Zionist world domination. The ‘Jewtopia’. The ‘Jew’ World Order.

Even if Germany didn’t actively fight in these terrorist actions, they financed them. Because the Zionists tricked them into it. Blackmailed and bought out their politicians. Brainwashed their populations with 24/7, full spectrum propaganda.
So we are all guilty. We are the terrorists of planet earth. We have to stop financing Israel. Stop fighting wars for Israel.

The authentic, actual, not-fake Kharzar-converted, real life, biblical Jews, without the ‘rabbit ears’, actual genuine Jews, will tell you that Israel is NOT legitimate.

That the Jews have been lured into Israel on false pretenses. That the ‘Jews’ in Israel are being used by the Zionists as a mere means to their own ends. That the ‘Jews’ in Israel are just as much victims of the Zionists as the Palestinians, Syrians, Egyptians, Lebanese, and Jordanians are and have been.

Why have they been lured there? I will try to explain. ‘You knew I was a snake, before you let me in’. Right? The ‘Jews’ have ‘accepted’ that ‘6 Million Jews die in a Holocaust’. They are not paying attention to what they are agreeing to. What they agree to, when they ‘accept’ ‘The Holocaust’, is to be offered up, as a ‘burnt offering of a sweet savor unto the Lord’, to YHWH, in order to bring forth the ‘Messiah’, and the ‘Jew’ World Order.

[That magical Kabalistic number. Always 6. The 6 pointed ‘Star of David’. The name of the number of the beast, 666. The 6 day war (which we have proven to have been a deliberate act of aggression and nothing at all ‘defensive’)].

The Israeli ‘Jews’ think it is a ‘noble’ or ‘necessary’ lie. That story of Hollywood-style Nazis’ murdering 6 million ‘Jews’ in Europe. A story that gains ‘Jews’ sympathy. A ‘blank Check’ to do as they like in Palestine. A story that gets them free submarines from Germany. Loads of cash from Germany. And from the U.S.A, 30,000 dollars, per Israeli Jew, per year, in ‘aid’.

But it is more than that.

When the ‘Jews’ accept ‘The Holocaust’, they are agreeing to a compact with ‘the nation of vipers’. They are accepting ‘The Holocaust’ that is to come. The holocaust the Zions have prepared for them in Israel.

Yes folks, don’t take my word for it, do the math. There has not yet been a true ‘holocaust’. ‘The Holocaust’ is a total fake. Terrible things happen in war, yes. In work-camps too. Cholera for example, kills thousands. Whether in ‘Boer war’ camps, or German run work camps during WWII. Terrible things happen when you declare war on another nation. The ‘Jews’ declared war on Germany. FACT.
Long before the hair on the head of one single ‘Jew’ was put out of place. Read my books if you didn’t know this. Watch a few hundred YouTube videos on the subject if you won’t read books.

So, as Trump reminds us, and the ‘Jews’ in Israel, ‘You knew I was a snake, when you let me in’. The ‘Jews’ know their own leaders are liars. ‘The father of lies’. They know ‘The Holocaust’ has not YET happened.

What they fail to ‘get’ is that by agreeing to the propaganda version of history, they are ‘predictively programming’ that exact history. They are generating a self-fulfilling prophecy. A psycho-somatic symptom. An illness. A disease.

They are accepting the plan of the Zionists to offer the 6 million ‘Jews’ lured to Israel by Zionist fear mongering, and violence against non-Jews, and acts of violence against ‘Jews’ carried out by their agents, as a burnt offering, a true ‘holocaust’ (Ancient Greek for ‘burnt offering’), to YHWH.

That is the sacrifice required, according to Zionist belief, before the Messiah can be compelled to return, and bring about the Zionist New World Order.

So hey, kill me. Fates worse than death? Sure, I know what you are capable of. But at the end of the day you will be torturing and murdering someone who was only trying to save you from your own leaders.

For there are only 144,000 Zionists. Everyone else is to be either slaughtered, or enslaved to this 144,000.

And last time I counted, ‘Jews’ numbered themselves at well over 12 Million.

So do the math.

Shalom.

This is the third book in the series ‘Welcome to the New World Order’, The ‘Jew’ World Order
Protect me if I am right

Correct me if I am wrong

Never again can we allow propaganda to poison the present, and the future.

Never again can we allow a small group of people to define themselves as superior, and to justify the genocide and enslavement of other peoples

Never again

In this third book of the series, I continue to seek to draw attention to the most important issues people need to understand, before it is too late.

At some point ‘The Worm’ will eat up any digital images, including books, videos, mp3s, webpages, posts on Facebook / YouTube / Twitter and so on, comments on the posts of other YouTube / Twitter / Facebook and so on users, or emails, that are not consistent with the propaganda.

It will repost weaponized forms of the original material that was removed. To discredit any opposition groups. To discredit any opposition voices. Any alternative views. An alternative narratives. Any valid ‘definitions’.

The weaponized replacement materials will become the new official version of history. Millions of people will be rounded up as terrorists, based on posts, videos, comments, emails, and books, that have been re-written, edited, or simply fabricated, and ascribed to them.

This is what Eric Blair (George Orwell) tried to warn us about in 1984, before he was murdered.

Soon the only ‘historical records’ that exist will all have been digitized. And this means they can be corrupted, like a national election, by anyone with the ‘key’ to the ‘backdoor’ of the entire system.

Soon it will be possible, from one central position of authority, to completely erase, and then re-write, history.

Those in power will re-write a history that demonizes ‘patriots’ and ‘constitutionalists’, showing how ‘evil’ ‘free speech’ was, and how untenable ‘the right to bear firearms’ was.
That history will justify whatever ‘means’ those in power used to consolidated their absolute power, as ‘necessary’.

We have all been mind-controlled since birth by the various Zionist NLP ‘religions’ known as Judaism, Christianity, Islam, Marxism, and now Anthropocentric global climate change.

We have all been exposed to broad spectrum, 24/7 propaganda from the mass media. From Hollywood movies and television. From terrestrial and cable ‘News’ reports.

These lies have been imprinted upon us, in vivid, colorful, exciting, riveting movies, television shows, and ‘News’ broadcasts.

They have been imprinted on us like a duckling who, imprinted by the first thing it saw upon escaping its egg, mistakes a snake to be its mother. And we can guess how that will usually end.

We have been imprinted with various different ‘lies’ and ‘false realities’. Different invalid ‘definitions’ of The Reality of Our Natures and the Nature of Our Realities’.

Your computer software constantly seeks out, and ‘updates’, its ‘definitions’. So the programs can run optimally. So ‘viruses’ can be identified and eliminated.

My TROONATNOOR books are the same sort of ‘anti-virus’ software. They seek to identify the ‘virus’ propaganda you have been tricked into believing is ‘truth’ and ‘reality’ so that this propaganda can be eliminated. The virus made harmless. The ‘Gods’ and fear neutralized.

Even the most ‘informed’ of you are operating under false assumptions. You have been brainwashed. Literally. Mind-controlled. You believe in all sorts of things that are not real.

You believe ‘the terrorists’ are foreigners, when they are your own government authorities, legal and ‘shadow’.

My TROONATNOOR books seek to update your ‘definitions’. Think of them as virus protection software. Most of your assumptions about TROONATNOOR are false. Invalid. They need to be replaced.

But it is very few people indeed who are strong enough to re-write their noetic structures. Their subjective realities. And to face the fact that the social reality
they have been living in has been constructed to keep them in a mind prison from birth to death. Literal slaves.

But the ‘prison bars’ are just out of sight, just out of reach, and so you don’t ‘see’ them or ‘feel’ them.

The walls you do see, you ‘believe’, are not ‘prison’ walls at all. They are walls to protect you from something that is on the other side.

But most of the controls, the walls, the prison bars, are in your mind. Imprinted beliefs. Limiting beliefs. Controlling beliefs. Disempowering beliefs. Belief that ‘submission’ is necessary and good. That ‘freedom’ is too dangerous for you. That anyone who does not repeat the ‘official narrative’ is a terrorist. A liar. Out to get you. Out to kill you.

You are all so smug and complacent in your beliefs. You know your beliefs are ‘right’. ‘True’. ‘Correct’. And everyone else is mistaken. Fooled. Duped. Evil. A liar. And all because your beliefs have been imprinted on you since birth. Repeatedly strengthened by repetition by significant others, and re-imprinted using the most vivid, compelling, impression-forming television, movies, books, newspapers, and internet productions.

The best intentioned among you seek to ‘share’ your own ‘beliefs’ with others. To convince them they are wrong, and you are right.

When you are both wrong. All wrong. Just the victims of different ‘brands’ of the same lies. So you are left, like idiots, arguing that ‘my stupid is better than your stupid’.

Imagine the other ducklings trying to warn their fellow, new-hatched friend that the thing it had mistakenly taken for its ‘mother’, is in fact a snake. A predator.

No matter what argument you put forward, no matter what obvious facts you exposed, the poor duck would never see past the original imprint.

We have phrases like ‘impressionable youth’ for a reason. ‘Impressionable young minds’. ‘Impressionable viewers’.

I have detailed, using arguments from the finest philosophers, like David Hume, right up to the most ‘modern’ NLP, how ‘vivid impressions are often mistaken for ‘reality’. How we form our ‘beliefs’ based on faulty assumptions, mostly fed to us from birth.
I am not here to trick you into believing my own personal brand of stupid.

I am here to empower you to define, and re-define your reality, for yourself.

To free you.

I trust that once your mind is free of lies, propaganda, and faulty assumptions (as I believe my own mind to be), we will then see eye to eye. We will be on the same page. We will be on the same frequency. We will come to similar conclusions. And you will join me in founding the first ever society founded on truth and justice, and thus a Vegan lifestyle, where no-one seeks to benefit at any other sentient beings cost.

I don’t need armies and police and weapons and force to achieve my desired ends.

All I need is a society free from lies, social conditioning, and brainwashing, that NLP known as ‘religion’, propaganda, and mind control.

If I could achieve that, everything else would fall into place.

If you want a society defined by justice.

And yes I realise that is a big if.

But you see, I was once like you. And all that was needed to bring me to where I am today was truth.

Not some particular trademarked, branded, conventional, inherited, traditional, sanctioned, state-approved, ‘legitimate’, ‘copyrighted’ ‘truth’.

But the bare, naked, challenging, startling truth.

The truth true seekers of truth discover.

It is not about ‘knowing’ the truth. It is about ‘seeking’ the truth.

It is not about being perfect, or evil. It is about ‘seeking’ justice for all sentient beings.

We are always bound to fall short of perfection. We can never know with certainty what is ‘true’.
But everyone, deep in their heart, when they look in the mirror, knows if they have been seeking their own narrow vested interests, or seeking true justice. Truth.

For most people it will be too late. They are trapped in mind-prisons, thinking they are free. That the walls are there to protect them, not imprison them. They are comfortable with their prison routines. They get up at a particular time. Go to a particular job. Eat at a particular time. Watch television at a particular time. Then go to bed at a particular time. Their brains numbed and befuddled. Full of propaganda. Full of hate for the wrong things. Full of acceptance and approval for the wrong things.

This will continue until voices like mine are heard. Are given a space to be heard. Are shared among those brave enough to consider life outside of the prison. The routine. The comfort zones.

I regret I did not have the access to the sort of marketing resources required to encourage the general public to read these posts, or my books.

I cannot construct vivid, compelling, impression-forming, belief producing movies or videos.

I have written novels, though, with the intention of offering you a more vivid impression of what is possible.

But I have no super-powers.

I am just a writer.

I wanted to be, a writer of books, a writer of songs, a righter of wrongs.

What became of me?

What became of the world?

Was I right?

What did you learn this life?

Will you still seek to prosper at the expense of the misery, slavery, suffering, exploitation, pain, and despair of those sentient beings you found yourself more powerful than?
Have you acted according to ‘The Optimal Ethics Generator’?

Have you guaranteed yourselves ‘Happy Next Lives’?
The sinking of The Lusitania in the context of 911, and WWIII

We are coming up to the 100th anniversary of the sinking of the Lusitania, just off the Irish coast, on May 7th 1915.

We are also speeding towards the end of those liberties and freedoms which were won at such cost by our forebears, and given up so easily, by us, to the ‘Jew’ World Order.

Like every other ‘reason’ given before or since, for the occupied U.S.A government to ignore its own Constitution, and international law, and engage in official or unofficial war with nations that had never posed any threat to it, the sinking of the Lusitania was a ‘false flag’.

In this case a joint U.S-British false flag. Yes folks, the Lusitania was sunk by strategically positioned charges exploded at a discrete, observed, and documented interval after the German torpedoes had hit the Lusitania. We’ll consider the details of this particular false flag in a moment. But first let’s consider this ‘false flag’ in the context of the other, now proven, ‘false flags’.

The current list of ‘false flags’ that we know of include the U.S.S Maine, the Lusitania, the U.S.S Liberty (a joint U.S-Israeli false flag), The Oklahoma City Bombing, and 911 (another U.S-Israeli false flag).

These have all been documented and proven to be Incidents in which the U.S government murdered and maimed large numbers of its own citizens and military personnel, in order to trick its public into wars. Wars in which U.S citizens were maimed and killed. Wars in which U.S citizens were tricked into murdering and maiming millions of men, women, and children. Wars which have bankrupted the U.S.A, leaving the working American indebted to the tune of Trillions of dollars. Leaving other nations with trillions of dollars in damages, not to mention the immense suffering, misery, and destruction. Wars which continue. And which
will ultimately lead to a WWIII in which the U.S.A will be totally transformed from the vision of its founders, into the ‘Jew.S.A’, with all the typical qualities of ‘Zionist Jewish’ occupation as seen in the former ‘Jew’.S.S.R.

Add to this ‘faked’ ‘incidents’ that never actually occurred, like the ‘Gulf of Tonkin’ incident used to ‘justify’ the U.S war crimes against Vietnam, the infamous WOMAD hoax used to justify two wars, and millions of deaths, including the deaths of 500,000 Iraqi children, and the many faked ‘mass shootings’ like ‘Sandy Hook’, ‘The Boston Marathon’, ‘The Miami nightclub’, and the like, along with the faked ‘terrorist’ truck incident in Nice, and you have the list of ‘excuses’ as to why the U.S government has totally ignored international law, and its own Constitution, in not only committing war crimes, but in systematically dismantling the legal rights and protections of its own people, as supposedly guaranteed under the U.S Constitution and Bill of Rights.

Rights that the U.S Constitution supposedly guarantees its own people have been simply dismissed over and over.

And acts that the U.S Constitution forbids its own people from committing against other nations have been carried out, systematically, over and over.

Like the U.S.S Maine, ‘Gulf of Tonkin’, and 911, the Lusitania 'false flag' was used as a nominal 'justification' for war. Even though the U.S constitution strictly forbids such ‘foreign entanglements’.

In the case of the U.S.S Liberty false flag, President Johnson had intended declaring war on Egypt, after blaming the attack on Egypt. However this false flag did not go to plan, and the plan had to be scrapped at the last minute, and the victims sworn to secrecy.

The Lusitania false flag ‘succeeded’. The U.S public were convinced by a massive broad spectrum propaganda campaign that an innocent passenger liner had been sunk by ‘in-human’ ‘war criminals’. The old ‘Hun’ was back to his evil ways of cutting off the hands of children, nailing people to crosses, and raping and murdering and looting its way across Europe once more. It was a huge propaganda stunt. A huge ‘dis-info war’ victory. It gave the U.S declaration of war the gloss of ‘legality’ and ‘morality’. It gave the U.S leaders some superficially nominal ‘Constitutional’ ground for the declaration of war as ‘self defence’. It gave the ‘hawks’ a way to superficially ‘dress up’ their lust for violence and war profiteering in the ‘cloak’ of patriotism, nobility, and morality.

The Lusitania false flag was the beginning, in the U.S.A, of the demonisation campaign against Germany, and Germans, which continues to this day with ‘The
Holocaust’. This propaganda campaign continues in almost every supposed ‘history’ book concerning WWI and WWII. More importantly, it continues with an endless stream of Hollywood movies that demonise Germans, especially the ‘Nazi’s’ and Adolf Hitler. The Germans were in fact forced to ‘accept’ 100% ‘guilt’ for WWI, and WWII. And to ‘accept’ ‘The Holocaust’ propaganda as ‘historical fact’. And today the Zionist occupational governments of Germany, France, Canada, and most of the E.U nations will impose huge fines and long prison sentences on anyone who dares contradict this propaganda. Whether they are an 84 year old woman, or a famous Historian.

Today we are faced with the same sort of demonisation of Islam and Arabs, by the very same means, namely blaming them for the 911 false flag and other new atrocities actually committed by the U.S and Israel.

The long planned reason for all these false flags will soon become apparent, as we are all, once more, tricked by the same ‘Jewish’ Banksters responsible for WWI and WWII, and Vietnam, and the Iraq war, and all the other war crimes committed by the world’s number one terrorist organisation NATO, into killing each other in a new world war. WWIII. The war that the Zionist ‘Jews’ have planned since before WWI. The war that will bring about their ‘Jew’ World Order.

In WWI, the aim of Britain was merely to eliminate an economic competitor it could not compete with, by normal economic and industrial means. The aim of France was to ‘avenge’ relatively recent German victories against France, and gain the balance of power on the European Continent. The aims of the various smaller nations was to gain territory, and in many cases to establish entirely new nation states.

The combatants in WWI all had their own war aims, territorial, economic, and political. They were all keen for war. They all expected to win a war that would last no longer than 6 months. In fact the Banksters had set up the finances of each nation to, they thought, guarantee that no war power could possibly wage war for longer than this.

The declaration of war made by Germany, before the other major war powers, was simply a reflection of the logistics of mobilization, rather than indicating any greater or lesser aggression or desire for war on its part. And therefore guilt, or responsibility for the war, or its consequences. Let alone its financial costs.

Germany was compelled to declare war first by strictly logistical constraints. If it declared war first, this was only as a function of its particular mobilization
logistics. It was not evidence of any greater desire for war, aggression, nor moral culpability for the war.

The Germans have always behaved more humanely than their enemies, and always within the boundaries of international law, as far as they could, given their enemies violations of such laws, and humanity.

The German declaration of war, before Britain or France, was merely a legal and logistical technicality.

In fact other nations mobilized before Germany. And everyone involved in the military planning at that time understood that mobilization meant war. Once mobilization had begun, it was virtually impossible to stop, without risking annihilation at the hands of the ‘enemy’.

The later peace offers made by Germany during WWI were rejected, as they did not satisfy the other combatants war aims. The reasons they had mobilized for war. The reasons they had continued fighting long after Germany had been willing and ready to agree to peace.

Churchill almost unilaterally rejected German peace offers during WWII, on orders from his Zionist ‘Jewish’ financiers. At least half his own cabinet, and the majority of the British public, were in favor of accepting Hitler’s generous peace offers. Churchill had to go to great lengths to ensure that the public, and his own cabinet, were never allowed to even read, let alone consider, subsequent peace offers made by Hitler to Britain, for fear that they would accept them. He was working for his Zionist ‘Jewish’ Banksters who financed his lavish lifestyle. He was never a ‘leader’ of the Britons. In fact he didn’t even give his own radio addresses, and ran away from London, or deep into his bunker, at the slightest hint of risk to his own person. He committed the first deliberate bombings of civilians in WWII.

Just like Britain was the first to violate international law, and the law of the seas, in WWI, by laying sea-mines, and forming a total blockade of Europe. The German submarine blockade of Britain was a response to this. As a matter of necessity. In the same way that, after the ‘Jews’ officially declared war on Germany, and imposed an international trade embargo on German exports (which meant it could not import the food and raw materials it required for its mere survival), Germany began rounding up the ‘enemy combatants’ and placing them in work camps and concentration camps. No different to the way in which families of Japanese descent were rounded up and placed in work camps and concentration camps in America.
The Lusitania was a ‘success’ from the point of view of its planners. It provided a nominal, superficially ‘legal’ and ‘legitimate’ excuse to declare war on Germany.

It provided a brilliant propaganda coup that could be exploited around the world to demonise the Germans as in-human monsters and war criminals.

Of course, just like with WOMAD and 911, the decision to go to war with Germany had been decided long in advance by the ‘Jewish’ Banksters in the U.S.A.

The false flag was just the last act in a chain of decisions and manipulations intended to produce the desired outcome.

The actual sinking of the Lusitania by the U.S or Britain was merely a nominal, superficial excuse for war. The real reasons, like the reasoning behind all current political events, remain secret. Only to be uncovered by investigative writers like myself, at great personal cost, risk, effort, sacrifice, frustration, and determination. The best of us have been imprisoned, and heavily fined. Many of us have lost jobs, and ruined their careers, simply for trying to inform the public of what is going on.

It is true that German submarines torpedoed the Lusitania. But what was the Lusitania? It was presented to the world’s media public as a peaceful passenger vessel, carrying non-combatant civilians, and thus never a legitimate target for a German torpedo.

However the facts reveal a totally different reality. The Lusitania was a vessel listed among the British war ships by the British Admiralty and War department. It was fitted out for war, and had been ordered to attack German military vessels. All so called 'Merchant Marine Vessels' were in fact under military orders to attack German vessels. They formed an integral part of the war effort. They could not be considered ‘non-combatants’ or ‘civilian’.

In other words the Lusitania was a military vessel, which also happened to carry civilians who had been placed on the ships as ‘human shields’ and propaganda resources.

All the passengers on the Lusitania had been explicitly been warned by the German government, in the U.S and British newspapers, that this vessel would be sunk by German submarines. The Lusitania was a British military vessel, and legitimate military target.
In any case it was not German torpedoes that sunk the Lusitania. In fact the ‘unsinkable’ Lusitania, we are supposed to believe, was sunk, in 18 minutes, by one single German torpedo. Given the propaganda costs of sinking this ship with over a thousand passengers, the Germans had no intention of loss of life in their attack. They targeted this single torpedo carefully to sink the ship, while giving the passengers adequate time to escape in life boats. Thus they had waited until the Lusitania was 9 miles off the coast of Britain. The construction of the Lusitania was well known to the Germans. Its bulkheads and compartmentalization would have allowed the Germans to sink the ship with little if any loss of life. This would have been their intention. However they could never have been expected to anticipate that the Americans and British would blow up their own ship, intentionally murdering as many of their own people as possible, to gain the greatest propaganda value from the German attack.

Which crew members of the U.S.S Liberty could have expected they would be sacrificed in the same way by their own President Johnson personally?

Which of the Pentagon officials or workers in the WTC, or Oklahoma city federal building would ever have expected that their own President, their own Intelligence agencies, and their own military, would murder them in a propaganda stunt aimed at giving the government an excuse to eliminate the Constitutional rights of their citizens to gun ownership (to defend against the exact tyranny these acts represented and were intended to establish), or to Habeas Corpus, or to rights to freedom of speech?

Which of them ever suspected they would be sacrificed by their own occupied government to legitimate further war crimes? To force U.S citizens to fight wars for a foreign power that had, through financial corruption of the U.S Congress, and total full spectrum media domination (that gave their propaganda free hand to brainwash the entire population), literally 'occupied' their nation?

So why would naive German military commanders ever expect that their enemies would take advantage of the German attack to blow up, and murder, hundreds of their own citizens?

Don't take my word for it. Do your own 'research'. Like most 'facts' that contradict the 'official fictions', the 'propaganda', these facts can be discovered by anyone actually interested in 'facts'.

Few people are interested in 'facts'. Often because it makes them uncomfortable. And because knowing these facts, and worse, sharing them, comes at such a high personal cost, in terms of career suicide, huge fines, and often long prison terms.
So when you wonder, hey, if all this were true, surely millions of people would be shouting it out loud from the rooftops, from every television station, every radio station, every newspaper, consider the huge personal and financial costs involved in speaking out. And remember that most of the mass media you pay attention to, with its huge budget presentations and professional actors, are owned and controlled by the same people who would be summarily ‘expelled’ from every advanced nation, if the truth about them were to become ‘common knowledge’. Just as has happened hundreds of times throughout history, around the world.

So most people who 'know' the 'facts' keep them to themselves. Those naïve authors like myself, when they try to 'publish' these, their books are rejected by the owners of the publishing houses, newspapers, and television stations. They are placed on 'black lists'. They cannot even self-publish their books on Apple Ibooks, Smashwords, Barnes and Noble, or Draft2Digital.

Often they suddenly find themselves being 'investigated' for totally unrelated activities, and/or being 'audited' by the IRS.

Writing a book or article or movie script that reinforces the 'welcome' fictions and reproduces the propaganda will ensure you a lucrative publishing deal, writing career, and success. Thus every year the old lies are reproduced in new forms. The most lucrative career move is to engage in 'Shoa' Business. The multi-billion dollar industry based on the world biggest lie, 'The Holocaust'. So don't expect to be published if you write a great book or film script about 'The Lusitania', unless your script or book reproduces the propaganda, and demonizes Germany and Germans as 'Huns'. The modern replacement term for 'Goys'. Non-humans in the shape of humans. Beasts.

But back to the truth about the Lusitania. The massive loss of life was due to a deliberate failure to launch any lifeboats.

A huge explosion, unrelated to the German torpedoes, totally destroyed the 'unsinkable' vessel from within. Just like with the U.S.S Maine. Just like the WTC during the joint U.S-Israeli 911 attacks on the WTC.

These are just some of the many facts you, like I, never came to hear about. Until the explosion of information offered by the internet, and the brave souls who literally observe the motto 'Publish AND be damned'.

There are parallels between the Lusitania and all the other 'false flags' that have occurred since. Parallels in the ways the false flags were carried out. And in the way they were ‘milked’ for all the propaganda value they were worth. They were
in fact carried out as propaganda stunts. To lay blame against anyone the Zionist ‘Jews’ wanted to destroy. To demonise. To make war with. To control.

The 911 attacks were used, like the Lusitania, to ‘justify’ wars that had no legal or Constitutional basis. As in all ‘war time’ situations, these lead to the total elimination of the very principle of ‘liberty’ and ‘freedom’ for the U.S, French, and German citizens.

In the case of 911 and the later false flags and faked terrorist attacks, this suspension of all Constitutional rights and liberties came in the form of 'The Patriot Act' and 'State of Emergency' laws in the West.

What should no longer shock me is that the simple, clear facts about the Lusitania have been kept from us for a century. These facts demonstrate a clear pattern in the actions of the 'shadow government' which has been manipulating reality to drive us, like the literal dumb beats the ‘Jews’ define us as, to fight and kill each other, for at least over a century.

In April 1917 the U.S declared war on Germany. Why? The majority of U.S citizens had Germanic ancestry, and were opposed to any involvement in the war. The U.S constitution strictly forbade such 'foreign entanglements'. At no time was the U.S threatened by Germany in any way. There was thus not basis in international law for the U.S to declare war on Germany.

The notion that America was forced to ensure 'freedom of the seas' after Germany began its campaign of submarine warfare was, and has always been, heavily pushed by the full spectrum propaganda machine of the Zionist ‘Jews’.

At the time this propaganda was limited to radio broadcasts, and newspapers.

These forms of mass media were dominated and owned by the Jewish bankers who had made heavy investments in the European war. They had bought and sold bonds for the British government, which would have become worthless should Britain lose the war. These bankers would lose vast amounts of money should Germany win this war. Britain and France would have a terrible time trying to repay their huge war loans to the Banksters in the U.S and Europe.

The timing of the Lusitania false flag was key to understanding what happened. At the time of the sinking of the Lusitania (from internal detonations unrelated to the torpedo attack of the Germans), there was a general consensus in the U.S and Britain that Britain would be forced to surrender, within a few weeks, due to the German submarine blockade of Britain. No supplies were getting into Britain, the Island nation.
But here is the key point that most of us were never made aware of. The fact that turns the official propaganda version of history, the one that demonizes Germany, on its head.

Why were German submarines breaking international law, and sinking merchant ships, and imposing a blockade on Britain? What is more defining of ‘Germans’ than a respect for law and order?

Always and everywhere 'Jews' provoke fights, and then when their opponents fight back, they scream, in all the world's media, that they are being 'attacked'.

They did this as recently as 1967, when they claimed in the world's media that they had been attacked by their Islamic, Arab, neighbors. A lie since debunked and disproven by even official Israeli military chiefs and official Israeli historians.

The German blockade of Britain came only AFTER Britain imposed a blockade upon GERMANY. In direct contravention of all international law including the 'rules of war' that every nation had accepted up until that point in history. The idea behind these 'rules of war' were that wars were to have as little impact upon non-combatants as possible.

Germany had constantly sought to have the U.S and the rest of the world enforce international laws and force Britain to cease the blockade on Europe. However the entire world turned a deaf ear to Germany's legitimate demands.

Britain had, illegally, against all international laws and conventions, mined the sea routes on which the goods German civilians needed to carry out normal life would need to travel, before arriving at the ports through which these goods could be transported on to Germany.

The mines were of course 'ruthless' in that they did not distinguish between 'non-combatants' and military personnel. In other words they killed indiscriminately. They had been laid to form a blockade of Germany, to force Germany to surrender, by starving out its population of food and other raw materials.

Germany was almost totally dependent on imports of raw materials. In the same way as Britain was.

Germany survived by exporting manufactured goods to pay for the food and raw materials it had to import. So the blockade, like the later worldwide boycott of German products in the 1930s by the 'Jews', would have crippled and starved out Germany within a few years.
German ingenuity led to new ‘ersatz’ materials that the Germans used as substitutes for the imports it was denied, and managed to survive and continue fighting on, despite the British Blockade. However, the British were not so ingenious and creative.

In all cases in history it has been the Germans that were the most humane, and the Germans who always tried to respect international law and decency. Only to be demonized by the ‘Jewish’ propaganda machine, and thus demonized in all the official ‘histories’ of WWII, not to mention the mass media, and Hollywood, both of which have always been controlled and dominated by ‘Jews’.

It was Britain that began bombing German civilians, long before Germany retaliated in kind. It was Britain (and the ‘Jews’) who declared war on Germany, and blockaded and boycotted Germany, threatening its very survival, first, before Germany responded in kind.

It was in fact Russia that began mobilizing first, necessitating the immediate mobilization of Germany. It was pure chance that the mobilization timetables of the different war powers, all of whom had their own war aims, and were keen to begin battle, resulted in Germany being the first to cross their own frontiers, and thereby require, as good law abiding people, Germany to be the first to declare war.

And yet, after all the spoils of that readily awaited world war had been divided up between the winners, the victors insisted that Germany accept sole 100% responsibility for the entire war, including all the costs of the war, to all of its enemies in that war.

Not only were the reparations 'without limits', Germany was also forced to 'admit' to having behaved 'inhumanly' during the war. In other words Germany was forced to 'agree with' all the wartime propaganda that had been spread about it around the world. Thus demonizing the entire German nation.

Please take a moment to consider the implications of such facts in light of the 'Nuremberg show trials' in which Germany, again the loser, was forced to 'agree with' the Allied wartime propaganda concerning the alleged war crimes committed by its 'criminal military dictatorship'. These of course include the infamous and long debunked and disproven 'Holocaust'. Again, if you are not familiar with the ‘facts’ of ‘The Holocaust’, refer to the previous paragraphs on self-censorship of writers and publishers, due to the ‘Jewish’ occupation of YOUR nation.
Always it was Germany and Germans who took the first blows, before, with every legitimate justification, responding in kind.

Always it is the Germans who are blamed for starting the war, and for behaving 'inhumanly' and committing war crimes. Always it is the victors who impose these absurdly unfounded definitions upon Germany.

And Germans always tolerated these infamous blows. Bowing their heads and returning back to work, after being the VICTIM of war crimes. Suffering the slanderous libel without uttering a word. Today they will even put their fellow Germans in prison for daring to utter the truth about 'The Holocaust' or the Nazi's, or Hitler.

Remember the 'Jews' always claim to be 'victims', just like the U.S and Britain always claim to be 'the good guys'. If you read all my books, you will soon realise you have been fooled by the propaganda that has been force fed to you since birth. Just like I had been fooled. Before I was prompted to start doing some deeper research into the ‘official fictions’ and ‘state propaganda’ by 911.

So back to the Lusitania 'false flag', and the correspondences with more recent 'false flags' like the U.S.S Liberty (which failed in its aims), and WOMAD and 911 which succeeded in their aims.

At the time of the sinking of the Lusitania (by the U.S charges laid among her cargo), the U.S Secretary of State William Jennings Bryan was vehemently opposed to any U.S involvement in the European war. As were the majority of U.S citizens. This can be proven by the various 'polls' that were carried out at the time. There was no popular desire for 'foreign entanglements' which the U.S Constitution clearly forbade in any case.

Germany responded to the illegal British blockade of the continent of Europe, which was a direct and clear violation of international law, and the neutral rights on the high seas, by imposing its own blockade on Britain. Using much more humane and discriminate means. Submarine warfare. As compared to the totally indiscriminate sea mines which would sink ANY vessel that sailed the international waters surrounding Europe, where Britain had laid these mines, totally in violation of International law and ‘the law of the seas’.

As usual it was Britain that broke the rules. It was Britain that invaded. It was Britain that committed the war crimes. It was Germany who responded in kind. In self defence. It was Britain that was the aggressor. It was Britain that could, at any time, have walked away from every European continental war it was engaged
in, without loss of its sovereignty. Of course this must apply 100 fold to the U.S.A.

German retaliation against sniper attacks carried out against German troops moving through Belgium were considered legitimate under the rules of war.

The German troops had never attacked any civilians until those ‘civilians’ had made cowardly attacks on the German troops. The Germany military had a reputation for honor and professionalism, and so the actions of German troops in Brussels (whose prosperity was mostly founded on inhuman atrocities in the Belgian Congo), did not enter into the equation when it came to U.S public opinion, or desire for war with Germany.

If it was German violation of a neutral nation that was the reason for the British declaration of war, in support of such lofty notions as ‘sovereignty’, then Britain will have to explain to me how their, and their allies violation of the sovereignty of neutral Greece was any different. Or Churchill’s attempted invasion of neutral Norway during WWII.

The fact was that U.S 'Jewish' Bankers, through their purchase of billions in government bonds of the British, the French, and their allies, meant that the 'Jews' were the ones who stood to lose anything, should Britain pull out of the war.

Britain was close to defeat in April 1917. The German submarine blockade, itself a response to the British sea-mine blockade of Europe, had proven immensely effective.

The U.S government, manipulated by its 'Jewish' bankers, was loathe to enforce the same rules of neutrality and international law against Britain as against Germany. It could have, at any time, removed the German submarine blockade of Britain by enforcing international law, and compelling Britain to remove its sea-mine blockade of Europe.

But of course it never considered doing so. For if it had done so, there would never have been a way to popularize a war with Germany. No matter how great the 'Jewish' propaganda against Germany might be, it would not be enough. What was needed was some 911, some Pearl Harbor ‘public opinion catalyzing event’. The death of Americans in some 'unprovoked' attack, which would rile the U.S masses to rage.

During the 911 attacks, around 3000 U.S citizens were killed. In fact in the sinking of the Lusitania, only 15% of those on board were U.S citizens. The
numbers were wildly exaggerated in the 'Jewish' press, the eternal propaganda organ of the 'Jewish' Banksters.

John Bassett Moore, summed up the lack of any legal basis for the U.S entry into WWI as follows: 'What most decisively contributed to the involvement of the United States in the war was the assertion of a right to protect belligerent ships on which Americans saw fit to travel and the treatment of armed belligerent merchantmen as peaceful vessels. Both assumptions were contrary to reason and to settled law, and no other professed neutral advanced them.' In other words there was zero legal justification for the U.S declaration of war on Germany in 1917.

To paraphrase Moore, the U.S was treating armed British military ships as if they were neutral passenger liners. That passengers chose to ride in those ships was their own choice. They were informed and aware of what they were doing, and what risks they were taking, in choosing to be transported in ‘armed belligerent merchant vessels’. Calling a military vessel a ‘merchant marine’ was the equivalent of changing the ‘Department of War’ to the ‘Department of Defence’. It was pure propaganda. It didn’t change the actual facts. The Lusitania was a military vessel, armed, and with orders to attack German vessels.

There was no more a legal justification for the U.S.A to declare war on Germany after its attack on the Lusitania, than there was a legal justification for the U.S declaration of war on Spain after the 'U.S.S Maine' false flag, or the invasions of Iraq, or any of the more recent bombing campaigns in Libya, Yemen, or Syria.

There were no 'Weapons of Mass Destruction' in Iraq. The Iraqi invasion of Kuwait was in fact legally justified by the fact that Kuwait had continued horizontal drilling of Iraqi oil from Kuwait. In fact the U.S and NATO had given Saddam Hussein ‘permission’ to invade Kuwait.

911 was carried out by the U.S and Israel, and not a single Muslim or Arab was involved.

'False flags' like the Lockerby air disaster (carried out by the U.S) are either carried out and blamed on the leadership the U.S 'Jews' want to overthrow (in that case Colonel Ghadafi), or the nation they wish to invade, such as 911 and Iraq.

False flags like the Oklahoma city bombing, and faked mass shootings like ‘Sandy Hook’ and ‘The Florida nightclub shootings’, were intended to demonise gun owners, patriots, Tea-Party members, and any U.S citizens who believed in the U.S Constitution, Bill of Rights, and freedom of speech.
The ‘Patriot Act’, and equivalent ‘State of Emergency’ legislation in Europe, were all ‘justified’ by such false flags and faked terrorist attacks. The intention is to introduce censorship, to prevent the truth being discovered and communicated to the masses. Truth is Kryptonite to the Zionist ‘Jew’ World Order. Also to disarm the U.S population, all in preparation for the open declaration by the Zionist Occupational government of its occupation. The realisation of the ‘Jew’.S.A. Along with the same old ‘Jew’.S.S.R type gulags, mass executions (the Nazi’s were considered the true ‘liberators’ in the East, after the ‘Jewish’ lead Bolsheviks had murdered or imprisoned up to 20 million citizens of Russia, Ukraine, Poland, and Czechoslovakia by the time the Germans reached the outskirts of Moscow), thought police, total censorship, and complete enslavement the victims of the ‘Jews’ suffered after the ‘Jewish’ revolution in Russia in 1917.

Most legal experts, and even the U.S public, understood that British merchant marine vessels were armed, and had orders to hunt down any submarines or other German vessels they came across. This meant that any submarine commander would be forced to assume that any vessel in the war zone was armed, and intent on its destruction. This made it necessary to attack any vessel it cited. To incapacitate it. However there had never been any reports of any efforts made to prevent the evacuation of any ship’s crew or any other passengers to life boats, nor any attacks ever made upon the lifeboats.

Compare this behavior to that of Israel in the attack on the U.S.S Liberty, and that of Soviet and Allied attacks on Germany passenger liners full of German refugees fleeing the advancing red army at the end of WWII.

So let's now attend to the largely unpublished facts about the 'sinking' of the Lusitania, nine miles off the English coast on May 7, 1915.

The Lusitania was constructed with Government funds as an auxiliary cruiser. It was included in the navy list published by the British Admiralty. It was equipped for warfare with bases laid for the mounting of guns of six-inch caliber. If you have any experience with firearms, you will be impressed by the very aggressive nature of such weapons. To supply these 6 inch guns, the Lusitanian carried a cargo of 2,400 cases of rifle cartridges and 1,250 cases of shrapnel.

Why was the Lusitania referred to as a 'passenger ship' by all the U.S 'Jewish' propaganda newspapers and radio reports, when it was clearly an armed military vessel?

The Lusitania had ongoing orders to attack German submarines whenever possible.
Why were U.S passengers encouraged to board such a military vessel, travelling through hostile waters, after the German Government made every effort, through the U.S newspapers, with full page paid advertisements, to warn any non-combatant from ever boarding the Lusitania?

Seven hundred and eighty-five of 1,257 passengers, lost their lives as a result of blatantly disregarding the facts of the situation.

Can be even believe this figure? Given the recent proof of 'faked' mass shootings?

Assuming the casualties were real, we should next consider the following fact.

There were only 197 Americans officially on board. But like the passengers of those American Airline flights that supposedly perished, how many of these passengers can we assume ever boarded the Lusitania? Just as the co-conspirators of 911 faked the boarding passes of non-existent American Airline flights, the U.S and British authorities could easily have faked most of the casualties of the Lusitania.

128 of these 197 Americans were reported to have died. Nothing like the 80% of passengers falsely reported by the U.S 'Jewish' propaganda press.

To understand what happened we should recall that Winston Churchill was in charge at the Admiralty at the time of this false flag. It had become imperative for the U.S to enter WWI. Some ‘catalyzing’ ‘Pearl Harbor’ type event was seen as necessary to mobilize U.S public opinion against the Germans. Up until this point there had been little U.S popular support for U.S involvement in WWI. The Jewish press in the U.S, along with Hollywood, had been unable to manage to whip up any anti-German sentiment. And so a huge propaganda stunt had been arranged. As history tells us, this stunt, just like the 911 false flag, just like ‘The Gulf of Tonkin’ faked false flag, proved hugely successful in achieving their aims.

For reasons never given, the Lusitania’s destroyer escort H.M.S. Juno had been strangely instructed to abandon the Lusitania as the Lusitania approached Ireland.

This of course brings to mind the ‘stand down’ orders given by the U.S air force to fighter-interceptors during 911. That and the fact that President Kennedy’s security detail was inexplicably removed from his car just before he was shot. Note that it was his successor, President Johnson, who colluded with Israel in the U.S.S Liberty false flag.
Capt. William Turner was then ordered to ‘go slow’, along a path which the Admiralty knew for a fact would place the Lusitania ‘in direct danger’ of German submarines known to be in the area.

The Lusitania was well able to outrun any German submarines, however it was ordered to ‘go slow’.

It was ordered NOT to carry out the usual ‘zig-zag’ anti-submarine maneuvers.

Captain William Turner was well aware of the presence of the German submarines in the shallow waters off the Irish coast, and yet, inexplicably, he literally cruised directly into them.

The Captain had also, inexplicably, ordered the Lusitania’s portholes left open.

He had failed to order the lifeboats to be prepared, even after the Lusitania had been hit by the one torpedo the German submarine had launched.

In fact the crew of the Lusitania had not participated in one single lifeboat drill.

Under normal circumstances this might have been considered negligent. But under the current conditions it has to be seen as criminally culpable.

Most of the wartime documents related to the incident were destroyed in the 1960s, and those that survived that ‘re-writing of history’ were destroyed under infamous war-criminal Prime Minister Tony Blair’s orders more recently.

The Lusitania Captain and crew had every reason to expect to be attacked, and possibly sunk. The German advertisements in U.S Newspapers, including at the point of departure of the Lusitania, made it clear that the Lusitania was considered a legitimate war target for German submarines. Until the British removed their sea-mines, and released the illegal blockade of Europe, Germany was forced to reply in kind with their own blockade of Britain. Until the U.S stood behind international law, and the law of the neutrality of the seas, and had those laws enforced, Germany was entitled to engage in a quid pro quo.

For as you do unto others, so shall be done unto you!

It appears clear, in hindsight, and given a continuation of the same pattern on the part of the U.S authorities and their ‘Jewish’ puppet masters, that the Lusitania had been set up. The entire propaganda action had been planned from start to finish.
The odds of the Lusitania sinking were rigged in favor of it sinking as fast as possible. This was done by leaving portholes uncovered. Probably opening up all the internal bulkhead compartments. And planting a huge amount of high explosives in just the right places to ensure that the Lusitania would sink quickly, within 18 minutes, before the lifeboats, which the crew had no idea how to release, could be used to save the passengers. This was done to ensure the maximum casualties, and mass propaganda value of the sinking.

Yes, it is an admitted fact that a large explosion shook the Lusitania quite a distinct period of time after the German torpedo attack had finished. It was THIS explosion that sunk the Lusitania. And given the U.S record of 'false flags', since the U.S.S Maine which was sunk in the same way, the faked 'Gulf of Tonkin incident', the U.S.S Liberty, WOMAD, 911, Sandy Hook, and so on, it would be reasonable to assume that the Lusitania was sunk, like the U.S.S Maine, by the U.S, to 'justify' war with a foreign power it had, under its own Constitution, and international law, absolutely no legitimate grounds for.

The reality that the Lusitania sinking had been a carefully planned propaganda false flag, like the U.S.S Maine, Gulf of Tonkin, U.S.S Liberty, WOMAD, 911, Sandy Hook false flags and faked incidents, screams out at us when we consider the sophisticated way in which the supposed 'incident' was exploited, immediately, around the world, for propaganda purposes. It was a Madison Avenue 'product rollout' like all the rest.

The Times of London falsely reported that 'four-fifths of her passengers were citizens of the United States'. In reality this was 15.6%.

It was reported that the German Military had issued a special medal to the crew of the submarine that had sunk the Lusitania. This continued the 'Jewish' lead demonisation of Germany in the U.S mass media. In fact the British Government made, then distributed, this medal, and then faked photos of it being awarded to 'crisis actors' pretending to be German U-boat crew. Just like all the 'crisis actors' we have seen filling our tell-lie-vision screens.

If you've read my books you will be aware that 'Jewish' media set up a group of Palestinian refugees by giving them presents, then filming their children celebrating at the apparent friendly gesture. The footage was then shown around the world as 'Palestinians rejoice at the deaths of 3000 U.S citizens in the 911 WTC terrorist attacks'.

By now you probably are aware that the mass media of your nation has often taken footage from totally unrelated events, even from totally different nations, and presented it in the same sort of way. Faking popular protests in Moscow
against the Russian Government by showing crowds of Greek protestors from Athens. Stuff like that.

Well the French newspapers, Jewish owned and operated mouthpieces of the Zionist propaganda machine, have played this trick before. In fact after the sinking of the Lusitania, French 'Jewish' newspapers took an old photo of Germans rejoicing in Berlin from years before, and misrepresented it as 'Germans rejoicing at news of the sinking of the Lusitania'.

Do you see the pattern yet? Please read my books for enough details to join the dots, and make the patterns clear to anyone with a performance IQ over 80.

Germany had made every effort to avoid the situation that had lead up to the torpedoing of the Lusitania.

Germany had sent U.S President Wilson a note on May 4, 1916, hoping to get the United States to put pressure on Britain to follow the established rules of international law in regard to blockade and freedom of the sea. Wilson refused to do so.

It became clear to Germany that they would be starved into defeat unless they could defeat Britain first by unrestricted submarine warfare.

But they preferred a peace settlement. And they made many secret peace offers to the United States, to bring about an end to the war.

These efforts were in vain. Britain and the U.S.A and France, puppets of their Zionist 'Jewish' Banksters and supporters, were intent on the destruction of Germany.

The Germans made more secret peace offers, to avoid ruining the morale of their troops. However they also went to the extremes of making public peace offers.

Germany even temporarily suspended their blockade of Britain, to give their latest official, public peace offer a better chance of success.

But the peace deal of December 12, 1916 was rejected by Britain and its Entente allies on December 27th.

This left Germany with no option but to continue the submarine warfare. These began again on February 1, 1917. Wilson was notified of this decision on January
31st. He broke off diplomatic relations with Germany on February 3rd, and, after two months of indecision, asked the Congress for a declaration of war April 3, 1917.

On October 5th a German note to President Wilson asked for an armistice on the basis of the Fourteen Points of January 8, 1918, and his subsequent principles of September 27, 1918. These statements of Wilson had captured the imaginations of idealistic persons and subject peoples everywhere. The Fourteen Points promised the end of secret diplomacy; freedom of the seas; freedom of commerce; disarmament; a fair settlement of colonial claims, with the interests of the native peoples receiving equal weight with the titles of imperialist Powers; the evacuation of Russia; the evacuation and restoration of Belgium; the evacuation of France and the restoration to her of Alsace-Lorraine as in 1870; the readjustment of the Italian frontiers on nationality lines; free and autonomous development for the peoples of the Habsburg Empire; the evacuation, restoration, and guarantee of Romania, Montenegro, and Serbia, with the last-named securing free access to the sea; international guarantees to keep the Straits permanently opened to the ships and commerce of all nations; freedom for the autonomous development of the non-Turkish nationalities of the Ottoman Empire, along with a secure sovereignty for the Turks themselves; an independent Polish state with free access to the sea and with international guarantees; a League of Nations to afford "mutual guarantees of political independence and territorial integrity to great and small states alike"; and no destruction of Germany or even any alteration of her institutions except those necessary to make it clear when her spokesmen spoke for the Reichstag majority and when they "speak for the military party and the men whose creed is imperial domination."

In a series of notes between Germany and the United States, Wilson made it clear that he would grant an armistice only if Germany would withdraw from all occupied territory, make an end to submarine attacks, accept the Fourteen Points, establish a responsible government, and accept terms which would preserve the existing Entente military superiority. He was most insistent on the responsible government, warning that if he had to deal "with military masters or monarchical autocrats" he would demand "not negotiations but surrender." The German constitution was changed to give all powers to the Reichstag; Ludendorff was fired; the German Navy at Kiel mutinied, and the Kaiser fled from Berlin (October 28th).

Note that the British refused to accept the Fourteen Points as the basis for peace until Colonel House threatened that the United States would makes a separate peace with Germany.
And even though 'reparations' formed no part of the 14 points, Britain and France demanded them. In fact placing no upper limit on them. These reparations included the theft of German industrial and chemical patents and proprietary manufacturing processes.

Just like after WWII, Germany had its 'intellectual property' stolen along with its manufacturing and industrial machinery, forestry, coal, and most of its livestock, poultry, and industrial capacity.

Britain also 'spun' the meanings of items to their advantage, to ensure their dominance of the international seas.

You must understand that without U.S support, Britain would have been defeated. Germany would have been the 'winner' of WWI.

Britain only reluctantly agreed to its own version of Wilson's '14 points' reluctantly, and disingenuously, after Wilson's chief military advisors had threatened to make a separate peace with Germany, if Britain and France failed to accept the negotiated '14 points' Armistice. If America did this, Germany would have won the war. The French and British knew this. Britain was on the verge of total economic collapse. The population, facing severe economic restrictions due to the German submarine blockade, would have demanded Britain leave Europe to the Europeans to fight it out amongst themselves. In fact even the very food supply would soon have evaporated, making Britain's surrender unavoidable, within a few weeks. France would have had to surrender at the same time, having no more allies to fight for it.

Germany had agreed to the Armistice based on Wilson's promise that the 14 points would form the basis of the final agreement.

Germany had made a fatal step in trusting the U.S, and President Wilson. Germany had unilaterally surrendered all the territories it had occupied, along with its military capacity, in terms of weapons and other equipment, and its 'war booty'. In doing so it had made itself totally vulnerable to any 'bad faith' on the part of the U.S and President Wilson. If the U.S did not honor its agreement, Germany would be at the mercy of Britain and its allies.

Wilson had clearly promised that the peace treaty with Germany would be negotiated and would be based on the Fourteen Points. In the end the Treaty of Versailles was imposed without negotiation, and the Fourteen Points were ignored.
And so Germans learned what a 'League of Nations' really was. A Jewish pact intended to totally destroy and 'pastoralize' Germany. The last nation to defy the Zionist 'Jew' World Order. The last nation to be 'occupied'.

Germany was demonized by propaganda in which Germans crucified people in Belgium, cut off the hands of children, and murdered civilians to boil them down to make glycerin for use in explosives (this last with actual photographs as evidence!), along with the more typical rape and brutalization of civilians. All these lies were of course debunked during the course of time. However new propaganda was later made to demonise Germany and Germans, such as 'The Holocaust'.

Note that the British did exactly what the Germans did in Brussels, to Greece, using a neutral nation as a corridor for troupe movements, against the wishes of that nation.

And note that 800,000 Germans died as a result of the British naval blockade of Germany, which continued 9 months after the Armistice was signed. At the same time as French and British were 'appropriating' almost all the German livestock, and when the German production of all foodstuffs was at a record low.

Of course all the world will remember is the propaganda against the Germans. You probably didn't even know that the British had blockaded all of Europe, against international law and the law of the seas, and that the German submarine campaign was a direct response to this. That the Lusitania was officially a military ship of the British Admiralty, armed, and ordered to attack German vessels. And that it was not any German torpedo that sunk the Lusitania, but explosives detonated within the ship, by the British themselves. Just another false flag with horrific consequences, to get the U.S population fighting and dying in wars it had no interest in, or moral justification for, or desire to fight in.

Look forward to a new 911, Lusitania, Gulf of Tonkin, U.S.S Liberty, WOMAD, U.S.S Maine 'false flag' or 'faked' attack, to 'justify' the U.S once more defying its own Constitution and destroying more nations. And then expect the U.S.A to be destroyed, along with Israel, as the last step in the realisation of the Zionists plan for a 'Jew' World Order.

Please read my other books and watch my markus rehbach YouTube channel videos.

My interest is in truth, justice, and beauty.

Noble truths instead of supposedly 'noble' lies a.k.a vicious propaganda.
Truth is Kryptonite to the Zionist 'Jews', because the truth will set you free.

If I cannot wake you up this life, I look forward to meeting you all in next lives defined by my Optimal Ethics Generator, and my Eden Protocols.

Otherwise I hope to at least free myself from the prison you appear to willfully desire to remain in.

Enjoy your 'Jew' World Order.

2800 'Goy' slaves for every one of the 144,000 'Jewish' masters.

Remember that 'God' made all the other non-Jews, the 'Goy's', who are NOT human, in the FORM of humans, merely to be of better service to the 'Jews' as sex slaves, workers, and pets.

If that's your idea of utopia, you are welcome to it.

For those of you who wish to live free among the free, why not join with me?

But remember, that as you do unto others, so shall be done unto you.

So go vegan, and deserve justice and freedom by giving justice and freedom to all sentient beings.

I'm not interested in saving you from YOUR fate, just so you can impose the same fate on billions of other sentient beings.

Maybe Buddha was right? At least at the level of rejecting THIS world as we know it.

But I'm pretty sure that if my little human brain can imagine the details of a world worth living in and reproducing, then it is most likely possible. I mean the actual details. The micro-management levels.

If can work out a system that comes close, then surely there are minds greater than mine somewhere out there, or in here, that can complete the task, making Buddha's pessimism seem out of place.

Deserve truth, justice, dignity, and freedom, by granting it to all sentient beings.

Go Vegan.
Or remain in the hell you create, every moment, by your every thought and deed. Your every intention.

For the kingdom of heaven (or hell) is within you.

Happy Next Lives

I would like to explain how a real currency, and monetary/fiscal policy, could work, without the need for gold or silver backing, or banks

I would like to explain how a real currency, and monetary/fiscal policy, could work, without the need for gold or silver. Without the need for banks, central or otherwise.

It took me decades to figure out what money really was, and how it works. Barter is simple. You exchange the goods and services you have to sell, for goods and services others have to sell you. Simple.

Money arrives on the scene when you use something other than goods and services to 'barter' for something. When you 'pay' them with something neither of you actually want in and of itself. So how does this work?

In the past people put gold or silver with a blacksmith, or a 'Templar' bank, and in return they got a ‘promissory note’ promising the bearer of that note the same amount of gold. You just had to take the note to a branch of the bank, or back to the same blacksmith. You’d get your gold or silver. Or the gold or silver the original 'depositor' had placed with the blacksmith or Templar bank. That blacksmith or Templar bank charged a commission for this service. But how they got rich was actually lending out that gold or silver to someone for interest. If they got greedy, and made bad loans, they could go bankrupt, and when people came to them with one of the 'promissory notes' they had issued, they would be sadly disappointed to find that the 'issuer' had no gold or silver to 'convert' the paper back into gold or silver. Of course the Templars had many branches they could 'borrow' gold and silver from, to prevent the public ever realising that they had, in fact, no actual gold or silver of their own. As long as most people were happy using the 'promissory notes', and very few ever sought to 'convert' them back into gold or silver, a bankrupt 'bank' or 'issuer' could continue in business
indefinitely. That was the source of the 'Templars' vast fortune. They brought back that secret from Jerusalem 'Jews'.

And this is basically what the U.S.A and Britain ended up doing. First promising that their currency was backed by gold and silver. They would 'convert' it on demand, but very few people ever demanded this. Why bother carrying our heavy and inconvenient gold and silver when the currency was 'as good as gold'? So they did that old trick of issuing promissory notes that were 'convertible', but for which the issuer, the banks, really had NO gold or silver to back. Sooner or later enough people began losing confidence, and wanted to 'convert' their paper money into gold or silver. Sooner or later the banks, such as the U.S government issuing the U.S paper currency, had to admit they didn't have any gold, and they officially 'suspended' the convertibility of their currency. But so many people had been duped, and the U.S government had the biggest military power in the world to literally 'force' people to use its currency, even though it was essentially worthless.

But in reality money is a service. A service you pay for. And dealing in cash, or even credit cards, can be very expensive. So really the question is not about whether you have gold or silver 'backing' a currency. It is a question of supply. And the cost of providing that service.

People don’t eat or drink gold or silver. They can’t sleep in it. You can’t make much from it except jewelry. So really, gold and silver have little more intrinsic value than paper money.

Why would you ever WANT to barter anything for gold or silver, unless you wanted to make jewelry?

And ironically, because gold is so precious, it is recycled, so very little new gold is needed for industrial applications and electronics.

In fact, whatever the gold industry tells you, the basic price of gold is officially around 42 U.S dollars per ounce. Speculation drove it from around 200 U.S an ounce, way into the stratosphere, and today it trades around 1200 U.S an ounce. But that does not mean it is WORTH that. It has an intrinsic value, according to the I.M.F, of around 42 dollars an ounce. Of course if you like to gamble, and 'play the markets', then gold is as good as any other form of speculation. But it is not a productive asset. It is massively overpriced at the moment. And at any moment owning it could become illegal. Remember it is already illegal to directly exchange gold for goods and services in most countries.
The real value of any currency in circulation, whether gold, silver, or a fiat paper currency, is the value of all the goods and services you could buy with that currency, divided by the amount of that currency in circulation.

Now it is possible for a Government to print money without producing inflation. The Gold and Silver standards had only one real benefit. The supply of gold and silver, in general, grows at about the same rate as real economic growth, and population growth, at around 1.75% per annum. So the money supply grows just fast enough to match the growth in real GDP, so that there is no inflation or deflation.

If you did the same with paper money, you would have no problem. But the Zionists did not corrupt the government into giving it control of the money supply in order to ensure stable economic growth. The Federal Reserve Bank was set up, like any other business, to maximize profits for its shareholders, the Zionists. That, and to completely destabilize the world’s financial system, to bring about a crises, so that in the chaos that will reign, they can seize power.

The initial problem with a fiat currency is getting it into circulation. But it is simple if you can force people to use it. And ban the use of barter. Then the government can simply issue a certain amount of currency and say ‘this is the money supply’. Each dollar is worth the total money supply divided by the total real economic output of the people who are using this currency. In practice the GDP of the nation. Thus we have national currencies.

The money will first enter circulation when the government pays its employees, and pays for all its goods and service providers as it goes about the business of government. As it builds roads, ports, infrastructure, schools, hospitals, and so on. It can also be loaned to people who, at this time, are not actively selling any good or service to the government.

The money supply can be increased as the GDP of the nation grows. There would be no inflation or deflation. No financial crises. No possibility of speculation and ‘bubbles’ that burst, or stock market booms that crash.

Speculation is the true evil. And ‘financial instruments’ that are not related to true investment in the sense of investing in something that is going to increase real production of real value in the nation.

The government could print money to finance any new projects that were likely to increase GDP, by producing real value, and hence increasing the real value of goods and services in the nation. If the government loaned out 1 Billion dollars, to ventures with real potential, and then, on average, these ventures lead to the
production of at least 1 Billion dollars’ worth of real value, of real goods and services, then that loan would pay for itself. It will not produce any inflation. That is what investment should be about. That is what the government should be doing. That is how a currency should work. It is simple, but it took me decades to understand.

But if you print money to pay for wars, then you are not adding any value. You are in fact destroying value. If you ‘invest’ in huge infrastructure projects that benefit no-one but the companies involved in the construction, and a few corrupt locals, then you will destroy your economy, by ruining your national finances.

You have to ensure that investments are real, and produce real value to the people in your nation who are paying for them. Otherwise you are debasing the currency, and producing inflation.

If you allow banks to buy and sell their own ‘instruments’, and make money each time they buy or sell them, and make up financial instruments as they go along, then sell them to the public, then you are going to end up with a few rich bankers, and a lot of debt-slaves. They will manipulate the system and bleed the masses dry. They have done this over and over again. It is the basis of the Protocols of the Elders of Zion. A few people have understood their scam, and tried to warn you. They paid with their careers, or their lives.

I was taught that Central Banks had to be independent of the government to stop politicians from abusing the banks to print money to bail themselves out of trouble. But the people making that argument are the same people who are constantly bailing out banks and big businesses.

The idea that you can use interest rates to increase or decrease economic activity, to smooth out economic cycles, is clearly a con. For the Federal Reserve Bank has done the opposite. It has deliberately increased the money supply and decreased interest rates to encourage people to borrow and get into debt, and then it has simply done what the Protocols of the Elders of Zion threatened the Zionists would do. Suddenly start stockpiling money in the Fed, reducing the money supply, thus driving up interest rates, and destroying economic activity so that people lost their jobs, and even those with jobs could never work enough hours just to pay back their old loans. Loans they took out at 1% interest, and which are now costing them 20% interest.

They lost everything, no matter how honest and hardworking they were. This is EXACTLY what the Protocols of the Elders of Zion told us the Zionists would do, in order to bring about an economic collapse. That document was written over a hundred years ago. Before the great depression. The first one I mean. Long
before the great boom and bust cycles that have made debt slaves of us all. Those Protocols planned for the Russian Revolution, WWI, and WWII. So far it has been uncannily precise and accurate in its predictions. What did it predict next? WWIII. And the New World Order. All through the magic of the philosopher’s stone called the Central Banking System.

Oh, so if you’ve bought gold and silver, thinking you are protecting yourself from the financial meltdown, sorry to disillusion you. The Government has a ban in place that makes it illegal to use silver or gold to buy or sell anything. In Russia after the revolution it was even illegal to merely own gold or silver. The same thing occurred in the U.S.A. Your gold and silver will be worthless. Just holding it will be a criminal offence. Ask Bill Gates or any other multi-billionaire how much gold and silver they have. None. They buy land. Productive agricultural land. They would buy people too, if they had to. But they know they don’t have to. People are in oversupply in today’s market. Why buy when you can rent so cheaply, and don’t have to worry about maintenance!

So, are you going to go along with the Zionist Central Banksters? Are you going to prove to them that you are as stupid as the cattle they believe you are? Or are you one of their Golems, imagining that when they finally take over, openly, and publicly, they are going to keep you on, just for kicks? To reward your loyalty? Guess what happened to the Nazi parties most loyal S.A, the Storm troopers. The ‘brown shirts’. Heard of ‘The night of the long knives?’ Well, once they no longer need you as a means to their own ends, they will liquidate you, or simply nullify all your N.W.O account balances, and leave you to end your days along with your previous victims.

If you want to see what the future currency will be, then simply check out ‘bitcoin’. It is the future currency. Seriously. It is already being used. It is just a software algorithm. But it serves all the purposes that paper money does, with the added benefit that the currency itself includes a complete history of every individual transaction that any bitcoin users has ever made with the currency. Exactly what the New World Order wants from a new currency.

Complete control. Complete transparency. It will be able to track every transaction. It will be able to block you any time it feels like it. And make you ‘penniless’. It is ironic that today it is used, like cash, for illegal transactions. On the ‘silk road’ and similar ‘dark web’ sites. All the world’s most powerful people are criminals. That is the only way you rise to the top of this world, as it is. Whether the Zionists will let most of the fat cats stay around when they finally have total control?
The Zionists have a great sense of humor. And even fairness, really. I mean, everything I have told you is right out there in the open. Nothing hidden. Nothing seen. Now that is pure genius. Are they monsters? Sure. But they are fed by us. Without our greed, selfish egotism, pride, and sense of entitlement, our jealousy and envy, these monsters would have no power. They are just a lot cleverer, and much much much better organized than any other group. They’ve been at it for thousands of years. I take my hat off to them.

Maybe they are the karma that most people need. People seem to only learn empathy, compassion, and self-discipline from suffering. I mean their own suffering. They are quite happy to ignore everyone else’s. Unless you are vegan you cannot claim to even deserve justice. So why did I write this? Like all my books. I wanted to clarify things for myself. And if there are more people like me out there, I want to give them a chance to turn things around for the better.

But most likely I will just be victimized, again, as usual, for trying to do the right thing.

I’d like to add some rope to the noose here.

Everyone loves to quote Adam Smith on 'free trade'. But they always fail to mention that he makes it clear that it is absolutely imperative for the government to regulate markets simply to ensure they ARE free. This sounds like a contradiction. But it is basic to the operation of free markets for the government to actively prevent conspiracies, reveal conspiracies, and break up conspiracies. Because, as Adam Smith warned, 'It is impossible for two or more businessmen to meet, on any pretext, without them conspiring together against the interests of the public'. The second most important thing that is never mentioned is that Adam Smith and Ricardo both made it clear that globalism would completely undermine the operation of 'the invisible hand'. If businessmen did not voluntarily choose to keep their businesses national, if they at any point began operating globally, even merely internationally, the whole 'invisible hand' concept totally falls apart. And the principle whereby selfish individuals seeking only their own interests, would automatically serve the general interest, breaks down. The moment business becomes global.

And what do we have today? Massive globalism. Massive conspiracies. But they, the owners of the mass media and government, will tell you that globalism is good, and dismiss 'conspiracy theories' as tin-foil hat delusions.

It is the globalist, new world order conspirators who constantly refer to Adam Smith's 'invisible hand' to legitimate their policies. Adam Smith would be as appalled what has been done in his name, as much as Jesus or Buddha would be
appalled with what has been done in their name. Not to mention how the founding fathers of the U.S would react to what has become of their 'Republic' and their 'Constitution'.
The forecaster, & the fate of those who would defy and resist the Zionist Occupation

Everyone should watch the recent movie ‘The forecaster’. It is about Martin Armstrong, who spent 11 years in prison, mostly in solitary confinement, on trumped up charges.

The Zionist media falsely reported that he was guilty of a ‘ponsy scheme’, but that was rubbish. He was in fact an honest, very brilliant man, with about the only economic model / financial forecast model that worked. He became 'the man who knew too much'. The Zionist Banksters set him up.

His story shows you what to expect from the criminal justice system. They imprisoned him with no charges, for 18 month cycles, over and over. All to get him to give them the code for his computer program / model / forecasting system.

Eventually had someone beat him into a coma.

The authorities then claimed he had tried to damage the prison, and put him in solitary, which anyone who has endured it knows is pure torture.

They then went one step further. They placed him 'in the hole'.

They then threatened him that he could either plead guilty to some new charge they had made up, or spend 135 years in prison.

He was given a script to read.

Just like the Germans during the Nuremburg trials.

The Federal Judge and prosecutor were acting without any reference to law or justice. They both ended up with great jobs in the ‘Jewish’ banking industry. JP Morgan. Goldman Sachs.
[Note that the Queen of England is ‘Sachs-Coburg’. If you ever wondered why some people get confused at exactly which group is in control of the world, this may help you and them understand the confusion. There never were any ‘Windsors’. Just Sachs-Coburg. The ‘Sachs’ family is an old ‘Jewish’ family that bought its way into European and then British nobility. The spelling varies from language to language. But it is the same family. So you have Rothschilds (Red Shield / Red as the color of the ‘Jewish’ Bolshevik coup and Jew.S.S.R) and Sachsces ruling Britain for hundreds of years, first behind the scenes, now at the very top]

This is the ‘revolving door’ system through which every level of your government is corrupted. They entrap people they want to use as ‘puppets’ with ‘sex and drugs’, often under-age sex. Once they have ‘the goods’ on someone, they can blackmail them to do what they want. It is called ‘leverage’.

They also recruit assets who have broken some law. They offer them absolution. As long as they ‘join the team’. Go along to get along. Be a good ‘team player’.

Remember that recent university studies showed that it is almost impossible for an average person to go through a single day without falling foul of one law or another, and committing ‘crimes’. Crimes that are on the books, but have nothing to do with ‘victims’ or ‘justice’.

They also reward anyone who volunteers to serve them with great jobs which they take after they have done their ‘time’ in government. And everyone knows this. So the bigger the rewards, the bigger the advertisement to ‘come work with us’.

Most of the people in government positions previously held senior jobs in the big banks, or other parts of the military industrial complex, or in the universities.

This is the ‘revolving door’ you may have heard about. It is how the Zionist ‘Jews’ corrupt every nation. This is how they recruit their ‘Golems’ and ‘Shabbos / Shabbos Goys’.

So you have Goldman Sachs, the ‘Sachs-Coburg Queen’, the ‘Jesuits’ (which Irish people will recognize as having moved into Ireland with the Jews, after the ‘Jews’ were kicked out of England), and other Zionist ‘Jews’ running the world.

Sadly this includes the ex-senior KGB, then head of the Russian Federation branch of CIA-MOSSAD, one Vladimir Putin. Yes folks. Putin is the son of a ‘Jew’. When he ‘converted’ to Russian Christian Orthodox in the 1960’s he was following his Zionist puppet master’s orders. In preparation for the position they
were grooming him for. The position they ‘bought’ for him from Boris Yeltsin, and the rest of the Russian ‘Jewish’ Oligarchy. When Putin ‘kicked out’ the ‘Jewish’ crime syndicates and oligarchs, it was all part of a carefully scripted, choreographed perception engineering strategy which succeeded in gaining the confidence of the Russians, and the ‘patriots’ around the world. The current trade embargo on Russia is part of the Zionist plan of keeping the masses poor and insecure, dependent on ‘the State’. Fearful of doing anything wrong and losing their precious subsistence wage job. Putin then put in place strict internet controls. Putin made it a crime to merely demonstrate peacefully in public. Putin is playing his ‘role’ in the Zionist dramaturgy of ‘good’ and ‘evil’. In the West he is portrayed as ‘the bad guy’, to all but the anti-New World Order crowd. For them he is playing the part of anti-New World Order hero. In Syria he acts like he is defying the New World Order. But when the time comes, he will repeat history.

Putin was always playing a part. He was handsomely rewarded with Billions he has stashed away in Cyprus banks. He staged the ‘false flag’ attacks in the Moscow Metro which killed so many Russians, as an excuse to ‘crack down on’ Islamic independence movements in the Russian Federation. Just like in the ‘Jew’.S.A, the acts of terror within the Russian Federation have all been carried out by Zionists. Putin will, when the time comes, bring Russia into war with Europe and the U.S.A. All as part of a thoroughly planned and co-ordinated WWIII. Just like WWI and WWII. The outcome this time will be the ‘Jew’ World Order.

All around the world, including Ukraine, Russia, France, Germany, and the ‘Jew’.S.A, Zionists have undermined every level of democratic government and sovereignty. They have ‘their people’ in all the leading positions of power and authority. They control the ‘Jewdiciary’. They control the financial markets. They control the Federal police. They control all the intelligence gathering organisations. How else can you explain the total lack of investigation of 911, and all the other ‘false flag’ attacks in the U.S, France, and Germany? How could I know more about these events than the German Federal Police? Or the F.B.I? Or the C.I.A?

But back to our hero.

He was basically tortured into confessing something he'd never done.

He spent over 7 years ‘in the hole’ without seeing sunlight once.

He spent 11 years in prison in all.
Simply for not giving the Zionists what they demanded.

Because he had stumbled upon the pattern that the Zionists had been using to manipulate the market? Or because he had a model that could undermine their total control of the financial markets?

His model, based on 8.6 year cycles and phi, is the most accurate model/tool ever made.

With this model he had predicted all the previous crashes.

This same model predicted a crash in 2016.

So you don’t think I should be worried about German authorities sending teams of armed men to kidnap Ernst Rundel from the U.S, to imprison him without trial in Germany for 5 years in solitary? Then imprisoning his defense lawyer for trying to defend his legal rights in the German courts? Or of the cases of famous ‘Historical revisionists’ like David Irving being imprisoned in solitary in Austrian prison on 16 year old warrants based on lies that he had ‘denied the Holocaust’. Or the Eleven years of prison Professor Faurisson was given for merely carrying out scientific analysis of supposed ‘Gas Chambers’ in Auschwitz? Tests which proved, beyond any doubt, that there is no way at all that anyone was ever gassed in the supposed ‘Gas chambers’ of Auschwitz.

When my books openly state that ‘The Holocaust’ never happened. And prove it, beyond any reasonable doubt. When I detail the ‘big picture’ which makes sense of all the ‘facts’ and ‘lies’. In a way no-one has done before me. In a way that should lead any reasonable, rational person to the conclusion that Zionist ‘Jews’ run this world. When I clarify exactly what the Zionists have planned for us all?

After what the Zionists have had done to all these honest, good-natured, good-willed, reasonable, respectable, admirable people?

The U.S National Defense Authorisation Act now allows agents of U.S intelligence or defence organisations (there are over 16), to declare anyone, anywhere in the world, no matter what their citizenship, to be a terrorist. Having done this bit of administrative work, they are then authorized to use predator drones to kill that person. In any nation. They are also authorized to arrange for their kidnap from anywhere in the world, and their imprisonment without trial or any legal representation, for an indefinite period. They are authorized to torture them. To hold them in solitary confinement in so-called ‘black sites’. To move them about the world, between such ‘black sites’. To then dump their bodies at
'false flag' terrorist ‘film sets’ to be later identified as ‘terrorists’ and ‘mass murders’.

I detail what happened to some of the aforementioned historians, scientists, and ‘Holocaust deniers’ in my other two books. I am fully aware of what might happen to me at any moment. I dare not return to Germany, or Austria, or France, or Britain.

To think I had been tricked by Putin into thinking, like many anti-‘Jew’ world order writers and patriots that he was ‘a good guy’. That Russia was a ‘safe haven’ for writers and dissenters. The last home of ‘freedom of speech’. Now that is one bullet I was lucky to dodge. But I am running out of time. Soon Estonia and Australia will be pressured into enacting the Zionist’s laws which define honest, good-willed peopled as criminals.

You think I have nothing to fear? That I am not struggling with the question of whether I should write this, let alone publish this?

Perhaps you will forgive me any typographical errors, errors of style, or flippancy, which occur in this book.

My main motive was to write it and get it out while I was still free to do so.

I published this book.

And now Draft2Digital are threatening me with legal action, and criminal prosecution, for doing so.

Here is their last letter to me.

So I just walked 10km through the snow to update this book. You see I don’t have internet. My only access is at public library internet points.

You cannot win with Zionist run ‘show trials’ and ‘kangaroo courts’. The truth is irrelevant, even if you can prove it unequivocally. And like any Zionist ‘Jew’ and their ‘Golems’, Draft2Digital lie.

They simply removed my book and sent a generic, totally unhelpful statement that I should read their publishing guidelines. My book was ‘rejected’ by, for example, Apple I-books and Barnes and Noble, without explaining why.

So I emailed Draft2Digital for an explanation. I asked them what I needed to do to make this book acceptable for publication.

They never answered. I waited. In the meantime I added new chapters, came up with a new ‘concept’ and cover, and published this new book. This new book was accepted by all the publishers Draft2Digital deal with.
And then some Zionist ‘Jew’ somewhere, flagged it. Probably the NSA run automatic searches for key words like ‘Jew’ and ‘Zionist’. Probably the same professional, well-paid ‘trolls’ who search out ‘truth’ on the internet and in every publishing company, in order to ensure YOU, the reader, never get to read it.

The Zionist’s have such huge power. They literally get to print their own money. There has NEVER been an ‘audit’ of ‘The Fed’. So the ‘Jews’ literally can print as much money as they want, to buy off any politician or judge or police they want. To buy out any company they want to control. Especially media companies. Publishers. Facebook is a Zionist ‘Jew’ Mossad-CIA organisation. Like YouTube. Like most of Hollywood. Like most of the mass media. And most of the supposedly ‘alternative’ media, including Alex Jones InfoWars. (Jew Jones Zionist Dis-InfoWhores).

That is why this book is illegal, and makes me criminal, in at least 14 countries.

But not in Estonia or Australia. Luckily I am an Australian citizen, living in Estonia.

But living here as a German citizen. So my position is still risky. I don’t know if Estonia would co-operate with an ‘extraction’, as the ‘Jew’.S.A did with the Zionist occupied German government, in kidnapping Ernst Rundel from Germany.

The Zionist Occupied German ‘Jewdiciary’ could easily trump up fake charges on other grounds, to justify the deportation back to Germany.

But being an Australian citizen, a ‘dual-national’, may be giving me some temporary protection.

I fear that the Zionists will soon bring the usual pressures to bear on Estonia, to have it adopt the E.U directives from Brussel, making books like mine ‘illegal’ and authors like me ‘criminals’.

Then I would become a criminal in Estonia without even knowing it.

One thing that clarifies that we are slaves is that you cannot simply ‘opt out’ of being German. The Zionists have to agree to your application for formally renouncing German citizenship. And they would be unlikely to want me to be free to research and write my books. Free to make Youtube videos and post them on facebook. Free to try to wake people up to the sad facts of life in this ‘jew’ world order.
Many have spent over a decade in prison just for researching and publishing their findings on ‘The Holocaust’. Even some such author’s lawyers are now in prison, usually in ‘solitary confinement’ to stop them talking to other prisoners, and as a form of torture.

So the Zionists will probably get me too.

Please make our collective effort and sacrifice mean something positive by ensuring as many people get access to my books, and books like mine.

We have no ulterior motives. No agenda other than the quest for truth and justice.

We cannot afford justice in a world where public opinion, public sentiment, public perceptions, even public education, are totally dominated by the Zionist ‘Jews’.

So we go down fighting.

It is up to you to be the hero of this story. To take the information we give you and use it as the ultimate defensive weapon.

I apologise that in places this book appears to be just what it was, a selection of facebook posts. Posts written each in a few hours, or half a day. Then uploaded to facebook. Without being edited, proof-read, and re-written, over and over, as I would otherwise do.

In fact none of the books in this series are really ‘finished’ products. I could rewrite them all and make them ‘prettier’. I take pride in my work. I would love to have the time and resources to present the best books I can. I would love to show you what I am really capable of.

But it has always been a race against time. I have been writing and researching at the same time. Always learning something new. Always waking at 2a.m with some new insight I had to write down immediately.

And suffering terrible migraines. Sometimes I actually wished The MOSSAD-CIA (The Messiah) would have an assassin put me out of my misery.

But I have my own mission. As unlikely a soldier as I am, it is a fact that we are at war. I didn’t want to accept it. So I understand why so few people have read my books. Even when I spent hours trying to get them to read them for free.
Please make sure, by whatever means you have available, that you make copies of my books. All my books. And share them. Seed them as torrents.
New U.N power to arbitrarily arrest or kill civilians

Under the new U.N laws, which allow the U.N to 'protect civilians'. This is Zionist-speak for 'protect Zionist interests'. To protect Zionist lies. To protect Zionists being exposed. For to the Zionist 'Jew', the only 'legal persons', the only 'humans' on this planet are Zionist ‘Jews’.

The life and death powers of the local U.N filed commanders is now completely discretionary. The local field commander will have the legal authority to act on their own judgment. Without any legal procedure. With no need to consult any legal body anywhere in the world. The local U.N commander in charge of any location will have dictatorial powers of life and death over that local population.

This is the ‘Jew-N’ in action.

The mass media loved to make fun of 'black helicopter' conspiracy theorists. Well folks, the U.S is signing the U.N charter right now that will release the use of 'U.N helicopters' to support U.N forces in ANY nation.

To a Zionist, the only 'Civilian', the only 'human', is the 'Jew'. The only terrorist, on the other hand, is the 'Goy'. The 'Gentile'. The NON-Jew. The only 'Humanity' is 'JEWmanity'. The new U.N charter basically restates the Old Testament / Torah / Talmudic right of the Jew to slaughter, rape, and enslave, any NON-Jew. Now international law.

It was one thing when the 'shadow government', the MOSSAD-CIA 'MOSSCIA' went around committing false flag atrocities and blaming them on 'terrorists'.

It is another when the Jew-N officially has the power, legally, and openly, to go around rounding up and shooting 'Gentiles'. Starting with the 'whistle-blowers' like me, the 'conspiracy theorists', and the true Patriots. From the ground.
tanks. From armored vehicles. And yes folks, it is now official, from 'Black Hawks'. From 'Black Helicopters'. And of course from drones.

We are not conspiracy 'theorists'. We never HAVE been. We are and always were conspiracy REVEAL-ists. The conspiracies were NEVER theoretical. They have always been REAL.

We are in the closing moments. 911 may have been 5 minutes to midnight. We are now only seconds away from the realisation of the Zionist Jew World Order. As outlined in the Old Testament. As described in the Talmud.

Read what THOSE Jews did to the Gentiles. 'Ripping apart pregnant women'. Total Genocide. All officially and proudly 'documented' in the Bible and Torah. Killing every living animal, and taking only the virgin girls as sex slaves. THAT is the bible folks. READ IT. Read my books if you don't have time to read the Bible. Then check everything I wrote if you don't believe me.

Why is it O.K to criticize the over-representation of White Anglo-Saxon Males (W.A.S.P's) in positions of power in government, finance, business, and the media, and even to enact laws against this dominance, and then make it a crime to do the same about JEWISH domination of those very same institutions?

How does it suddenly become RACIST and A HATE CRIME to take the exact same principles which have been applied to White Anglo Saxon Males, and apply it to JEWS?

And just WHO was behind the drive to remove White ANGLO SAXON Males from positions of power, authority, and influence?

What were THOSE Anglo Saxon's doing that was so bad? Were they perhaps conspiring to keep other groups OUT of positions of power? To prevent the competition gaining a foothold?

If it is wrong for Angle Saxons to dominate a society, why is it O.K for Jews to do the same?

When did you ever hear the term 'Anti-Angle' or 'Anti-Anglo-Saxon' used in the media? Surely THAT is just as equal a HATE CRIME as anti-Semitism?

For me there is only ONE race. The HUMAN race. So the very concept and notion of 'Jew' or 'Angle-Saxon' has no traction in my mind or emotions.
I am not the one who divides the world into 'Jew' and 'Gentile'. Or 'Semitic' and 'Angle-Saxon'.

I am becoming too articulate, I fear. Sooner or later someone will read my books and it will be all over for me. All over bar the pain, humiliation, misery, and demonisation I am bound to suffer.

Right now I am working despite a migraine. I cannot relax until I write and post this. These ideas came to me as unwelcome guests. I must express them. Pass them on to you. I take no joy in devoting my time and energy to this doomed struggle. Mein Kampf is actually much larger than this. But the Zionist Jew World Order will make any further struggle on my part for much higher things impossible. They will bring about their 'JEW-topia', as described in the Torah and Talmud for anyone to read. I will be like a philosopher trying to work in the Dark Ages to oppose the lies and slavery of the Catholic Church. Or a peasant living under the tyrannical and arbitrary rule of some local despot.

Only today the power that tyrants have at their fingertips is unprecedented. We will have 1984 and 'A brave new world' combined, and amplified.

There would be no place for anyone like me in that world. Except the gulag. The Guantanamo bay. The Cheka torture cell. Room 101.

The People of France are going to have to overthrow their 'elected' government once more...it is as simple as that...Unless Putin destroys NATO's capacity ( as the Zionist Golem ) to deny the world real Democracy, real freedom, freedom from the Zionist occupation forces, the only solution will be a massive revolution, a popular uprising, with the people finally accepting that their 'government' is really their 'slave master' and a tyrant...and accepting that, like in the past, at least 5% of the population will have to actively participate in the forced eviction of those tyrants...and at THIS point Putin will have to support them militarily with strikes against NATO installations....NATO are the Zionist Jew-N occupation force...the Central

Banksters have their own 'shadow' military forces, their own uniformed NATO and private mercenaries, paid up in full with the 3 Trillion 'missing' from the Pentagon, and the many more trillions that have gone missing from the 'balance sheets' of the Federal Reserve.

This is the reason why the Zionists will NEVER allow an audit of 'The Fed' to take place. It is not FIVE minutes to midnight any more. That was 911. It is now a few SECONDS before the clock strikes 12, and the Zionist Jew World Order hits the 'reset' button. Taking us back to the dark ages. With a new religion, the
same old Zionist NLP now called 'New World Order' and its new 'noble' lies of 'Man-made global climate change', and 'terrorism' being the new 'Devils' they, the high priests, will protect us FROM.

But as usual, it is a protection RACKET. The oldest game in the book. Manufacture threats that are NOT real, then sell protection FROM them. Basically Danegeld Mk II. We pay them to stop committing terrorist acts against us. Just as Machiavelli recommends in ‘The Prince’. Pay people to go and terrorist the people, burning down their villages and towns, and then ride in as if ‘restoring order’. The terrified people will welcome you as saviors. They will submit to your rule, and your taxes, out of fear of repeat ‘terrorist’ attacks.
France was once THE nation of popular protest

THE home of revolutions, of liberty, and freedom. The only nation where it was once claimed that the government were afraid of the people. Afraid of public opinion. The last place in the world we would have expected a government to even considering daring to try to impose restrictions on free speech and public demonstrations.

What has it come to that today in France public gatherings are banned. Today in France the police can walk into any home or business and treat the occupants like criminals for no reason. To shut down businesses and destroy the livelihoods of honest people. Like Apple i-books, Draft2Digital and Smashwords have done to me.

The Zionist Occupation of France is now 100% obvious.

The Zionist Occupation government of France now even prevent people using certain words in their tweets and Facebook posts.

ARE YOU SERIOUSLY GOING TO TELL ME FRANCE IS A DEMOCRACY? THAT IT IS NOT SUFFERING UNDER A ZIONIST OCCUPATION GOVERNMENT?

If the emergency powers in force at the time of the 'event' in Nice couldn't stop someone driving a truck into a crowd, and killing dozens of people (supposedly, but probably this was just another Zionist scripted false flag / faked attack), then please explain why extending those very same powers should be expected to do so?

Please explain to me any logical connection between trucks, and people driving trucks into crowds, and gun ownership?
In what way will allowing police to break into the home of anyone they want to, without need for any warrant, stop someone getting into a truck and driving it into a crowd?

You don't have to be a Humean Skeptic to wonder at such 'cause-effect' attributions.

And in any case keep in mind there was/is no evidence this was a deliberate act of 'terror'. Why did the media have all their ‘talking points’ so carefully prepared and waiting. So well scripted that every media outlet around the world repeated the exact same phrases. Read the exact same ‘cues’ off their Teleprompters? When at the time there had been absolutely no reason to assume the supposed tragedy had been nothing more than a terrible accident? Possibly a drunk-driver?

In any case, please explain how, in what way, the events in Nice could possibly have ANY bearing on a vote to extend the emergency powers / martial law in France?

Just a co-incidence, you think? The day before a vote to extend martial law, or repeal it, a ‘terrorist’ drives a truck into a crowd of people in Nice!

We don't really know how many victims there were. We don't know if there really was a 'driver' driving that truck, or whether it was remote controlled.

Maybe they put an already dead body behind the wheel?

Remember that the supposed 'killer' at the 'Sandy Hook' 'event' had arrived at the morgue and had a death certificate issued the day before the 'event'. His long-dead body was dumped outside the school. A bunch of crisis-actors played their parts in that Zionist production.

And remember that most of the 'astronauts' who supposedly 'died' in the Challenger Space Shuttle 'event' are alive and well and most working in the jobs they had before taking place in that 'event'. Of course, officially, they are the ‘identical twins’ of those astronauts who died in the Space Shuttle tragedy.

These are FACTS folks. You can research them for yourself. If there really was a driver driving that truck into that crowd in Nice, then there had been absolutely NO justification for shooting him.

Except of course to eliminate a 'witness'. Filling his body with so many bullets that there was no chance of him ever 'telling all'. Just like that ‘patsy’ Lee Harvey Oswald in the JFK assassination.
The French authorities had NO reason to define the event as a 'terrorist attack' at all. Neither did the world mass media have any justification for reporting on the incident as such.

They still have no justification for that, days later. But remember that they came out with this official announcement just minutes after the event. How on earth could they have known ANYTHING about what had happened. It could have been a drunken driver, or a driver suffering a stroke. Or mechanical failure. What grounds would anyone have for jumping to such a conclusion? And then filling the truck's cabin with as many bullets as they could fire before any real 'eyewitnesses' could arrive. Before there was any chance that an ambulance could arrive on the scene, and 'save' the driver. Like in the case of the U.S.S Liberty in 1967.
For all you Zionists who abuse the term 'hate crime'

A hate crime is the worst crime because it is motivated by pure malice. The desire to harm another. It is not motivated, like theft or rape, by a desire for personal profit. By a desire for money, property, possessions, or sexual pleasure.

It is not motivated by any desire for justice.

It is 'irrational'.

Like the hatred felt for 'Billy Budd' by his foe in that great novel.

Anyone who has been the victim of violence motivated by envy knows what it feels like to be the victim of a hate crime.

A crime motivated by malice.

Not greed. Not lust for sexual pleasure. Not a need or desire for 'territory'.

Just out of a willful desire to harm another person. A desire to inflict damage. To inflict pain. To hurt.

Anti-Semitism probably is in a few isolated cases of this nature. Simply envy and irrational hatred.

This is the anti-Semitism that even Hitler rejected.

But most anti-Semitism is totally justified on the part of the person ‘hating’ the Zionist ‘Jews’.

Like the Palestinians who have been forced out of their own homes. Whose family members have been tortured and murdered by Israeli ‘soldiers’.
It was always the ‘Jews’ who hated Germany. Not the other way around. Germans welcomed the ‘Jews’ when they were refugees fleeing Russia. They invited the ‘vampire’ into their homes. They were too good natured to refuse. To deny them ‘Christian’ charity.

The propaganda of the Nazi’s did not in any way reflect the true feelings of Hitler personally, nor the bulk of the Nazi organisation. It was considered a necessary evil. And excessive anti-Semitism was frowned upon. Even the great writer ‘Celine’ was banned in Germany for being too anti-Semitic. Thousands of ‘Jews’ continued their normal routines right up to the end of the war in Berlin, with Temples operating, ‘Jewish’ cultural centers open and functioning. ‘Jews’ in the work camps were often given ‘passports’ to travel around Nazi occupied Europe. I document the case of ‘Kitty’ in the second book in this ‘Welcome to the New World Order’ series.

Hitler had not even wanted war. The facts prove this. England and France declared war on Germany. When Russia invaded Poland, the ‘Allies’ did not declare war on Russia. So why did they declare war on Germany for doing exactly the same thing? I explain how Germany was set up in WWI and WWII by the ‘Jews’ in my other books. But here are a few extra pieces of the puzzle I have discovered since writing those books.

In a remarkably candid speech on March 16, 1984, in Stourbridge, Hartley Shawcross, once a very ‘pro-Holocaust', 'pro-USSR', and 'anti-Hitler', 'anti-German' public figure, admitted for the first time in his long career that “... I believe now that Hitler and the German People did not want war. But we declared war on Germany, intent on destroying it, in accordance with our principle of Balance of Power, and we were encouraged by the 'Americans' around Roosevelt. We ignored Hitler's pleading, not to enter into war. Now we are forced to realize that Hitler was right. He offered us the co-operation of Germany. I feel ashamed and humiliated to see that the aims we accused Hitler of, are being relentless pursued now, only under a different label.”

Of course since then, brave historians, willing to commit ‘career limiting moves’ that threatened to, and did, land them in jail, and destroy their careers, like David Irving, have revealed more facts about WWII that contradict the ‘Zionist’ 'Jewish' 'Marxist' 'Allied' propaganda.

David Irving was granted access to Soviet Archives which proved that Hitler's 'Operation Barbarossa', launched by Hitler on June 22 1941, was provoked.

Germany was compelled to respond to the real threat of invasion from Russia. As 'the best defence is a good offense', Hitler was compelled to attack Russia. Hitler
managed to mobilize his forces just a few weeks ahead of the planned Russian invasion of Western Europe on July 10, 1941.

Since April 1941, the Russians had moved rifle divisions and airborne corps under cover of darkness and camouflage right up to their western frontier. Eight new armies were being created, of sixty-nine tank, motorized, and rifle divisions, the entire Ural Army District and the army's first and second Strategic Echelons (an operational military formation created only when an operation is imminent) were secretly brought westwards and hidden in forests near the frontier in Byelo-Russia and the Ukraine. Their target was Western Europe.

As I say, Hitler spared most of Western Europe from the Bolshevik hell that Eastern Europeans, East Germans, Russians, and Ukrainians were forced to endure. With all the slave labor camps, repression, and what amounted to genocide, with around 60 million known murders at the hands of the ‘Jewish’ Bolsheviks.

By June 17, one hundred and seventy Soviet divisions were secretly in place, right on the frontier; it was "the biggest troop movement by a single state in the history of civilization." The due date for completion of this build-up, which was irreversible and could not be undone, was July 10, 1941.

Remember how this sort of Russian build-up had played out during the First World War. Once mobilized, this sort of Russian deployment was a juggernaut that it would have been impossible to halt.

By then Stalin had twenty-three armies and more than twenty independent corps in place to attack the Germans.

But Hitler, knowing that his only defense was offence, attacked first, on June 22, 1941.

This is now confirmed by Soviet military archives seen by East German historians, but still ignored by the 'Jewish' controlled academia and mass media of the West.

And if you still believe the 'atrocities' propaganda issued by the 'Jews' and Allies, consider this fact. Just one of many. There are many more, if only people would look, and publish, and not throw the publishers and writers in prison for simply stating facts.
The SS was not a gang of ruthless, murderous thugs, as the ‘Jewish’ propaganda would have you believe. Most of the atrocities attributed to SS divisions were in fact carried out by the Bolshevik ‘Jews’.

Such as the now infamous, and openly admitted, murder of around 10,000 officers of the entire Polish army by ‘Soviet’ (‘Jewish Bolshevik’) forces. I provide details in my other books.

That massacre had to be admitted after British intelligence gathering agents reported the communications they had intercepted between the Nazi’s in Poland and the German High Command, which had reported the incident. The incident was documented by the British. And finally admitted by the Russians, decades later.

But the deeper historians delve, the more such cases are revealed.

For example, the Fackelmännerbefehl (‘torch-men order’) was command No. 0428, issued November 17th, 1941 by Stalin. It declares that Russian partisans in German uniforms, particularly those of the Waffen-SS, were to destroy all settlements within 40-60 km of the main battle lines and to ruthlessly kill the civilian population. A few survivors would be left to report what would appear to them to have been German massacres. Go to www.codoh.com for details of such ‘false flag’ attacks.

And for those of you who cannot see the pattern of history, in which the 'Jews' have been seeking to completely exterminate Germany and Germans, consider the 1944 'Morgenthau Plan' ascribed to Harry Dexter White, Henry R Morgenthau Jr, Eisenhower, and Churchill, which you can download from David Irving's website. David Irving notes how many parts of the British foreign office files relating to it are still closed to public inspection, an exception to the general thirty-year rule.' The plan included sterilisation of Germans by 20,000 surgeons, or more likely trained operatives, performing 25 operations a day: in three months the males, and at a lower speed, three years the females, could be sterilised.

And for those of you who think 'chemtrails' and Monsanto GMO products are unrelated, and not about controlling the world's food supply, the stated objective of big 'Jews' like Kissinger and Rothschild, consider Borge Jensen's 1947 book 'The World Food Shortage: A Communist-Zionist Plot'. It is a commentary on 'Jews' since the 1917 Bolshevik coup in Russia, in particular the controls used by Jewish cartels and trusts, and also the huge land schemes in the U.S.A such as the Tennessee Valley Authority, which were aimed at disenfranchising small
farmers of their farms, to bring in the huge Soviet combines and U.S corporations.

Since that time the big 'Jewish' banks, with their 'Federal Reserve' colleagues, got small farmers addicted to cheap credit, before massively raising interest rates, so that most small land holders were forced to either sell, or have their properties legally stolen by the banks, as 'loan default collateral'.
Faked nuclear strikes on the U.S (and Europe?) to be used to complete the introduction of police state in Zionist Occupied North America (and Europe?)

As an authentic philosopher, and not a ‘shock jock’ or ‘sensationalist’, I take my time digesting a wide range of information from a wide range of sources, then leave my unconscious to ‘cogitate’ on it, while working on other projects. And then I find myself waking up during the night with a whole lot of shocking insights I had never anticipated in any way.

This is one of them.

Like everyone else, I assumed that ‘The Holocaust’ actually happened. That NASA really sent men to the moon. That the Space Shuttle actually exploded, killing all the passengers. That commercial passenger airliners had been hijacked and flown into the WTC, and Pentagon. That the Vietnam was about communism. That the U.S were the good guys in every war. That Germany was the bad guy in both wars. That the U.S.S.R and the U.S were enemies, fighting a ‘cold war’. That ‘Jews’ were poor innocent victims of irrational hatred and envy (for their superiority). That nuclear bombs were dropped on Japan, and that these were the reason Japan surrendered. I even accepted that all the ‘mass shootings’ in the U.S and Australia were ‘real’.

My most recent surprise relates to ‘nuclear bombs’. After having entertained the ‘conspiracy theories’ that nukes are not real, and that no nukes were dropped on Japan, for a long time, a pattern emerged that made sense of the whole situation.

Research into Japanese archives clearly proves that the bombing of Hiroshima and Nagasaki had no impact on the Japanese decision to surrender to the U.S.
The supposed nuclear bombs dropped on Nagasaki and Hiroshima in fact had done less damage, in terms of casualties of civilians, or destruction of industrial capacity or war materials, than the ‘conventional’ firebombing of other Japanese cities. They in fact damaged less surface area than other firebombing attacks on Japanese cities had done. Their impact on the military was superficial. No special defense council meetings were called. The Emperor was not informed. The attacks made no unusual impression on the Japanese leadership, or the Japanese public’s commitment to the war.

In fact it was not until days after the attack that U.S leaflets were dropped over Japan informing the people that they had been attacked with a new weapon. An ‘Atom bomb’.

But the people did not believe it. There was nothing unusual about the firebombing to suggest a new weapon had been used.

There was absolutely no evidence of any radiation. Either immediately after the attack, or in the years since.

All the media reports are pure propaganda. Statistically, there has not been any increase in the sort of illnesses or mutations we are told are associated with Atom bombs and radiation.

The decisive factor in Japan’s surrender was the invasion of the U.S.S.R south down from the Russian part of the Sakhalin Islands into the Japanese territory, at the same time as Soviet forces invaded and occupied the Japanese held Chinese territories of Manchuria.

Up until that time, the U.S.S.R had maintained its neutral relationship Vis a Vis Japan. The Japanese had prepared defensive positions to ward off a U.S invasion. The intention had been to engage in such a ferocious counter-offensive, to ensure the maximum U.S casualties, in order to bring the U.S to negotiate a peace settlement.

However as soon as Stalin declared war on Japan it became clear that Japan would be unable to defend itself from the Soviets. The Japanese had simply placed all their defensive capability on the opposite side of their Islands, in preparation for a U.S invasion, with no plan ever made for a Soviet invasion from the other sides.

But the claims of the U.S that they had dropped ‘new’ and ‘completely unforeseeable’ weapons on Japan gave the Japanese a way to ‘save face’ for both themselves and the Japanese people.
They could claim that the new weapons made a continuation of the war completely impossible. Due to their completely novel, unexpected, unforeseeable power.

The Japanese were thus given a way to justify signing an unconditional surrender to the U.S, without ‘losing face’. In this way they accepted ‘the lesser of two evils’. Surrender to the U.S, rather than occupation by the Soviets.

Few people in the West are aware of the devastation done to civilians in Japan and Germany by firebombing of civilian targets.

But what would surprise most people is that even the 570,000 civilian deaths due to aerial bombing by the ‘Allies’ had no impact on German morale.

Compare this, incidentally, with the 60,000 killed by German bombing of England.

What few people consider is the fact that Churchill was the first to begin bombing raids of civilian targets. So-called ‘terror bombings’ intended to break the morale of the civilian population of Germany. Hitler only began bombing Britain in response to Churchill’s war-crimes. And Robert McNamara himself admitted that, had the Allies lost the war, he and his colleagues would have been on trial for war crimes, rather than the Nazis.

The simple fact is that aerial bombing, even the complete destruction of cities, has never ever proved decisive in a military sense. It has never lead to a nation surrendering. The only thing that wins a war is a destruction or capitulation of the enemies military. In the case of Germany, in WWII, German did not surrender until the entire nation was over-run, and military resistance was impossible.

The same proved true of Japan. The supposed ‘nukes’ had no impact on the Japanese decision.

In fact the supposed existence of nuclear weapons has had no perceptible impact on the world in military terms.

The U.S supposedly having nuclear weapons did not stop the Chinese and North Koreans from invading South Korea, nor did it grant the U.S lead U.N victory in that war. Despite the supposed ‘nuclear deterrent’, the North Vietnamese won the Vietnam War. They were neither ‘deterred’ from fighting, nor were they defeated. Saddam Hussein did not submit to the ‘nuclear deterrent’ any more than North Korea, Syria, Iran, or Libya did. Libya was invaded by NATO troops.
Syria and Iran continue resisting all U.S lead efforts to overthrow their governments.

So the ‘nuclear deterrent’ is really a 5.5 trillion dollar failure?

Well, you see, success and failure depend on the actual intentions. Defining it as a failure assumes that the role of the nuclear program was to act as a deterrent.

This is like assuming the NASA program was designed to land people on the moon, and carry out space research. Or that the NASA program was abandoned after the Space Shuttle disaster. A disaster that either involved a statistically impossible number of ‘twins’, or no actual ‘passengers’ at all.

So if the ‘nuclear program’ was not in fact designed as a ‘deterrent’, what was it intended to do?

To keep the populations of the U.S and U.S.S.R living in fear? To prop up a fake ‘cold war’ to justify funneling 5.5 Trillion dollars into a fake program? Money that could be used to finance a ‘shadow government’. One that could lay the groundwork for a ‘One world government’?

Just like the ‘false flag’ terrorist attacks, including 911, that served ulterior motives. That allowed laws to be passed and accepted by the public which they would never otherwise have accepted.

Fear is perhaps the greatest motivator of all.

Were the two ‘nukes’ dropped on Japan merely a ‘noble’ lie that allowed the Emperor of Japan and his people to ‘save face’? A ‘noble’ lie that would go on to give the new world order leaders trillions in resources to carry out their ‘noble’ plans.

Are we supposed to believe that the U.S managed to develop nuclear bombs in 2.5 years? When the Germans, whose technology the U.S later ‘imported’ under ‘operation paperclip’, had abandoned the idea?

Take especial note of the fact that the first officially ‘successful’ A bomb detonation is documented as having occurred a day after the U.S.S Indianapolis had left port.

The ship supposedly carrying the A bombs, ‘Little Boy’ and ‘Fat Man’, left San Francisco at least a day before the A bomb had been, for the first time, actually detonated.
It had been sent without an escort. It delivered its cargo and was told to return, again, with no escort. Even though intelligence reports clearly stated that Japanese submarines were operating in the area the Indianapolis would need to travel through.

In fact the Indianapolis was sunk by a Japanese submarine. And all the crew were left to die. For four days the survivors fought for their lives in shark infested waters. Abandoned by their leaders.

Just as in the case of the U.S.S Liberty incident, it was by pure accident that the still surviving men of the U.S.S Indianapolis were rescued at all. A ‘rogue’ U.S reconnaissance flight reported the wreckage and survivors, forcing the navy to finally begin a rescue operation.

The intention had been to leave them all to die. Just like with the 1967 U.S.S Liberty incident.

Why? Because many on board, including the commander, had been aware of what they were supposedly carrying on board.

The official propaganda story, that 2 A bombs had been dropped on Japan, finally ending the war, would not add up.

Why would the U.S send bombs that had not, at that point, been proven to actually work, all the way to Japan?

If you take a good looks at the ‘propaganda’ films made of the supposed nuclear bomb attacks, you will find nothing to suggest any ‘exceptional’ weapons had been used.

Japan at the time had the most wooden buildings of any nation. So firebombing was particularly devastating.

However compare the ‘ground zero’ of Hiroshima and Nagasaki with the ‘propaganda’ footage of ‘nuclear tests’.

All the concrete buildings at or near ‘ground zero’ remained intact. It was only the wooden buildings that were destroyed.

Some buildings were directly targeted with high explosives, as was typical of firebombing. The rest of the bombs were incendiary devices meant to start fires.

However even these remained mostly intact.
And there was no bomb crater. The only material available to form a supposed ‘mushroom cloud’ would have been the ashes and smoke from the fires. In fact there is not a single independent image of any mushroom cloud over Japan, ever.

Steel bridges very close to ground zero were not affected at all, apart from some damage to the paint-work on the side facing ground zero.

The propaganda films shown to Western audiences spoke of cities ‘atom bombed into oblivion’. However all the evidence was consistent with a conventional, if horrific, firebombing raid.

The roads at ground zero in Nagasaki and Hiroshima were used immediately after the attack. They had not been damaged. Unlike the roads in Dresden that literally melted. Germans who tried to use them sunk into the asphalt and were burned to death.

A few days later the street-cars were back in full operation.

Despite media reports to the contrary, there was no sign of radioactivity after the attacks. In fact the Japanese immediately began rebuilding the cities.

The propaganda films claim that the U.S had dropped the bombs high enough to disperse the radioactive fallout?

This was done because there had been zero indications of any radioactive fallout at either Hiroshima or Nagasaki. Simply because no atom bombs existed. And thus there was no radiation. No fallout. No evidence that an A bomb had been dropped.

Of course, just as in the case of ‘The Holocaust’, it takes a bit of time to process. We have been ‘imprinted’ by constant media reports referring to the ‘nukes’ and the effects of ‘radiation’ on the survivors even up to this day. But like most of what we see on television, and read, this is pure propaganda. There is no statistically significant increase in cancers or mutations to be ascribed as the consequences of a nuclear blast having occurred in 1945.

Even today most people talk about ‘planes’ in relation to 911, when there were no passenger aircraft involved in the explosions of the three WTC buildings, nor the Pentagon. People who should know better, like Noam Chomsky (Jew and Communist), Julian Assange (CIA), or Alex Jones (Zionist Schill).

The footage shown at the time in movie cinemas, and then later on television, was all produced by a Hollywood film studio hired by the U.S Airforce.
Just like the faked television ‘footage’ of hijacked commercial passenger airliners flying into the WTC’s twin towers, the footage we have been shown of Atomic tests, and the Japanese A bombs, was carefully put together by special effects teams.

In the case of the A bomb hoax, the propaganda films were produced at ‘Lookout mountain film studios’ in Laurel Canyon.

So where to start? How about we compare the footage made by the supposed British nuclear tests with the U.S tests. They are total different. The U.S footage appears quite convincingly ‘novel’. The British footage looks like any other old conventional blast.

The U.S footage clearly has at least 3 layers. There is one layer of a sunrise/sunset zoomed in close. Another layer shows a sky with some small clouds. Another shows massive explosions.

The most interesting thing is how the small clouds remain completely unaffected by what is supposedly going on around them. They do not move at all. All the while a massively powerful explosion, with extremely powerful gusts of wind, is taking place around them.

Cameras filming the tests remain completely still as the trucks, buildings, cars, and forests they are recording are blasted by hot winds, exploding into flames, and being knocked over.

And in the case of the tests in the Pacific, you will note that the water below the supposed massive explosions does not even ripple.

You can see a clearly super-imposed wave of water rushing over a ship that remains calm and unaffected. As if floating on still seas. Because it was floating on a calm sea.

In fact there is not one photo or film frame showing the actual supposed A bomb ‘mushroom’ cloud over Japan. The Japanese had sophisticated cameras at the time of both attacks. But strangely not a single photo? Just like during 911, (and the Princess Di incidents), all digital cameras strangely ceased functioning a few minutes before the events took place.
If you haven’t bothered informing yourself about ‘crisis actors’, ‘fake shootings’, ‘false flags’, and all that ‘conspiracy’ stuff, I suggest you make it a priority, right now. Read my other books as soon as you can.

Why?

Because the biggest false flags of all are, I believe, ‘coming to a city near you’ very soon.

I expect that right now huge numbers of conventional explosives are being planted around major U.S (and possibly European) cities. They will be detonated after mass media alerts that Russia has launched a nuclear attack.

‘Project Blue Beam’ drones will be launched along the Russian border, and flown across Europe and Alaska, and from U.S submarines off the coast of the U.S, towards the U.S.

Facebook and Twitter will suddenly report thousands of ‘sightings’ of missiles headed towards the U.S. Some may be genuine users. Most will be automatically generated by these CIA program’s themselves.

All the mass media will be lit up with reports, before ‘blackout’.

Supposed ‘Alternative media’ like Alex Jones will report the missiles.

You will have every reason to believe that the missile attack is real.

Especially when cities begin exploding into fire-storms around your heads.

On your televisions.

On the internet.

You will have been ‘primed’ to expect ‘something big’ by the mass media in the days leading up to this ‘false flag’.

You will hear and see reports of missiles.

You will see, hear, and if unlucky, experience, the massive explosions and fire-storms.

You will put two and two together and come to the desired, logical, conclusion.
That a nuclear attack has been carried out.

You will accept the complete media blackout. The complete imposition of martial law. The Jew.N ‘peace-keepers’ working along ‘(Israeli) Homeland security’.

The door to door searches. The weapons seizures. The FEMA camps. The internment of ‘homeland terrorists’. The imposition of a police state.

Because you will be terrified.

You will have no reason to doubt that you are at war.

That all these new measures are necessary.

To protect you and your family.

And as you will have no other source of information other than what you are fed by the authorities, you will have every reason to ‘go along’ with the entire scam.

And to accept the ‘need’ for a one world (Zionist) government.

The constitution will be abandoned.

The new ‘one world government’ Jew.N charter will be imposed.

Anyone who is not a ‘patriot’ in the sense of accepting the lies, and the newly imposed war-footing measures, will be defined as a ‘terrorist’.

These ‘terrorists’ will be shot on sight. Rounded up. Those who persist in defying the ‘new world order’ will be killed. Those who appear amenable to ‘re-education’ will be imprisoned in work camps until they are ready to be ‘re-integrated’ into society.

This is what I expect.

So many things make sense now.

And I am lead to believe, by all these insights, that Putin is probably as great a New World Order actor as Donald Trump.

They will all play their parts.
If ‘The Holocaust’ deception could survive 60 years of conventional media, and the 911 deception could survive over 15 years, given the massive opportunities available to people to inform themselves in this ‘information age’, then I doubt that any future society will ever realise how they have been tricked into, as Alex Jones recently demanded of us, ‘submission’.

Once the full martial law is activated, the media completely censored, there will be no way for anyone to know what really happened.

And anyone who suspects the truth will have every motivation to keep this suspicion to themselves, to avoid being rounded up and guillotined at the nearest FEMA camp.

The people will be told that many areas are ‘contaminated’ by nuclear fallout, and so they will gladly accept being ‘relocated’ to the new ‘safe cities’ and FEMA camps, and work camps.

All communications will be shut down. Only those in authority will have communication links to other areas.

So no-one will know for sure what is happening elsewhere.

You will only ‘know’ what you are told.

And you are well ‘trained’ and ‘conditioned’ to believe that, aren’t you!

So this is how the U.S.A will become the North American Zone of the new world order.

And all I can do to warn you is write my books. Post my posts. And wait for the police, CIA, or Mossad to ‘silence’ me.

Others have been locked away in isolation for years for revealing a hundred times less than I have revealed, in my three books on ‘The New World Order’.

But what choice did I have?

You probably wouldn’t have ever done anything nice for me. Ever. You’d probably be as mean and malicious towards me as so many others have been.

But I am doing unto others as I want them to do unto me.
Because even if the nuclear hoax plays out less dramatically than I have just suggested it might, it is still a hoax, with huge ramifications.

After WWII the Jews who controlled the ‘Jew.S.S.R’, the ‘Bolsheviks’, the ‘communists’, needed a real deterrent to give the people in the ‘Jew’.S.A a deterrent to coming to the aid of all the Eastern European nations, including Germany, that the Zionist ‘Jews’ had occupied, and imprisoned behind an ‘Iron Curtain’.

It was a huge propaganda victory. To make the people of the ‘free’ world believe that, with the push of a button, Stalin could wipe out life on the entire planet. Destroy entire cities with one missile. ‘Mutually assured destruction’ was the ultimate ‘deterrent’.

Israel wants the Arab world to believe it has 300 nuclear missiles. This is the greatest deterrent Hollywood has so far produced. The best propaganda since ‘The Holocaust’.

The two main themes of Hollywood films have been nuclear holocausts, post-nuclear apocalypses, and ‘Holocaust’ propaganda.

Of course the latest propaganda films out of Hollywood are all post ‘out of control global climate’ apocalypse films. The result of the new Zionist religion ‘Anthropocentric global climate change’.

The threat that Iran has ‘nukes’ has been constantly used as Israeli, Zionist propaganda, in calls for the ‘Jew.S.A’ to invade Iran. In the same way that we were all assured by the mass media and CIA that Saddam Hussein had ‘Weapons Of Mass Destruction’ that posed an immediate and imminent threat to our lives.

The entire supposed ‘peace’ movement and ‘anti-nuke’ protest, have been produced, sponsored, and choreographed by ‘Jews’. Just like the movement which was successful in Australia, and still under way in the ‘Jew.S.A’, to ban all semi-automatic weapons.

The real ‘nuclear deterrent’ is a propaganda victory. There are no real nukes. But the belief that there are can still provide the same deterrent value. Psychological warfare.

Someone who could have beaten me to a pulp had been convinced I was some sort of martial arts expert, and was too scared to land the first punch, for fear I was merely ‘playing with him’. That was a propaganda victory. A psychological deterrent.
Like a manufactured ‘phobia’ in which people are terrified of something harmless. Like an allergy where the body is tricked into defining something harmless as a pathogen, and setting in place damaging auto-immune responses. Like an immune system being tricked into identifying the body’s own healthy cells as ‘invaders’ that must be destroyed, and thus destroying the body’s own immune system. Or like cells convinced they need to continue growing, even to the point where they prevent healthy organ functioning, and lead to the death of the organism.

We have directed 5.5 Trillion dollars in the U.S alone to ‘nuclear bomb research’ that is all phony. Where has that money really gone? To finance the ‘Jew’ World Order! The shadow government. Massive propaganda campaigns.

Any film maker who has ever tried to finance a big budget film knows that films rarely make a profit. Their financing is based on extremely complicated tax supports, money laundering, and other forms of government and NGO funding.

You want to make a film? Well the Germans have to be Hollywood Nazis, monsters. There should be a post-nuclear apocalypse scenario. Or a post global climate change catastrophe narrative. Women hating and beating up men. Whites murdering and torturing blacks. Or blacks seen to be legitimately murdering whites. You need to reinforce every known ‘Zionist’ Hollywood propaganda piece to date. From Germans starting wars and murdering civilians. ‘Holocaust’ themes. Demon Japanese raping and murdering innocent Chinese civilians and Allied soldiers.

I think you get the point.

Just do a quick search of the biggest budget Hollywood films to see what ‘subject matter’ is considered ‘appropriate’.

Then just try, as an accountant, to work out where the money for those films came from. How Hollywood actors can be paid tens of millions of dollars per film. Who is paying?

How are ‘box-office’ revenues actually calculated?

Do the figures add up? Or have the Jewish Hollywood producers tapped into some alternative source of finance?

Heck, all they have to do is ring the Federal Reserve, and they can have palettes of hundred dollar bills, billions, delivered to any place in the world. From Iran to Hollywood.
Now I must work out what Putin knows and doesn’t know. Is he aware that nuclear bombs are not real? Is he just playing a part, like Donald Trump?

Consider that Germany is about the only technologically, socially, and economically advanced nation in the world that does not have nuclear missiles. Are they the only ones who know the truth about them? The first to realise they were not possible. The last to make any attempts to get them? Why is North Korea, after other third world nations, making such a big effort to get them? When the Germans clearly have no interest in them? What does this tell you?

Of course the ‘nuclear hoax’ gives the German public, along with the Japanese public, a reason to put up with huge U.S military bases on their territory. Along with all the NSA spying and CIA interference.

If Russia does not have nuclear bombs, then why would Germany put up with ‘hosting’ U.S military bases, and nuclear missiles?

Did Turkey realise something recently? Something that lead it to tell the U.S to remove its ‘nuclear’ missiles from Turkish territory?

Hey, if it took me this long to realise all this, after realising everything else, then it is easy to see how the ‘nuclear hoax’ could be new even to the military and political elites of Turkey.

So the final point is that the nuclear deterrent, though based on lies, is as effective as it would be if nukes were real.

That is the power of propaganda to imprint ‘beliefs’ into our minds. Collectively and individually.

I began my philosophical career along the lines of David Hume, the skeptic who challenged every belief a human had ever had. He found that most of our beliefs are unfounded. Mere assumptions.

However the consequences of these beliefs are real. Very real.

While most of the producers of propaganda consider them ‘noble’ lies, there are very few that are actually noble. Or benevolent. Or beneficial.

Most ‘noble’ lies are only ‘noble’ when viewed from a very exclusivist position. Such as the 5 main Western religions produced by the Zionists, to realise their own Zionist agenda.
If you are a ‘Jew’, one of the 144,000, then surely you will define the idea of a world order in which you are in total control of the world, masters of a totally enslaved non-Jewish world population as ‘good’. And hence any lie that will lead to the realisation of this ‘Jewtopia’ will be defined, by you, and the other 143,999 ‘Jews’ as ‘noble’.

I guess, in the end, to be able to accept this reality, you will first have to become honest with your own motivations. Your own human nature.

The Realities Of Our Natures And The Nature Of Our Realities.

Until you take an honest look in the mirror, at your own behavior, you are unlikely to ever be able to see the pattern, in yourself, that the ‘Jews’ are expressing.

The differences between ‘us and them’ are not that great. The main difference is that they have developed, over millennia, the most advanced tools for propaganda. For manipulating public opinion. For imprinting beliefs. For manufacturing consent.

They discovered that the most effective weapons are not made of steel, or full of explosives.

The most effective weapon is manipulating your beliefs. Your reality.

The prison they have placed you in requires no walls or barbed wire.

For you have simply accepted the limits to your freedoms as real. You take them for granted. As natural. As normal.

You have been imprinted with limiting beliefs.

They are much more powerful than any external force or barrier.

They are self-generated, self-replicating forces and barriers.

All in your own mind.

All invisible.

So please read my TROONATNOOR books.
I never ever in my wildest dreams ever imagined I would ever be writing any of the things in my three ‘New World Order’ books. My ‘911: 5 Minutes to Midnight?’ series.

I have never belonged to any political organisation.

I have always been, like David Hume, or Socrates, a ‘lone wolf’.

If my books cannot reach you, then I do not know what will.

So now I shall return to my work on finding ways to escape the mind prisons we call ‘reality’.

If you read my books, including the recent one on lucid dreaming, you will see a fairly clear path is emerging.

I am now working with all the materials on NLP and therapeutic trance that I can find.

I have little faith in most of you ever ‘waking up’ from your ‘dogmatic slumbers’.

You are victims of your own human nature. No better than the ‘Jews’ who seek to enslave you. You have enslaved all those you had the power over. From animals to poor people in other nations. The Jews are just better at this than you are. And soon you will reap the harvest you have sown. You will be done unto by others, as you have done unto others.

I offer an alternative. The only alternative. I don’t claim any special authority. No transferred authority from gods, angels, supernatural powers, alien overlords, charisma, charm, or mystical power source.

Like Buddha, my only authority rests in the arguments I put forward. They are either compelling or not.

So it does not matter who I am. What I look like. Where I live. Who my parents are. What schools I went to. What ‘tricks’ I have performed. What worldly success or otherwise I have had. In fact, like Buddha, I do not want to be ‘idolised’ in any way. Do not form any conception of what I look like.

Like Carlos Castaneda, I would warn anyone off idolizing anyone. He lied, cheated, and selfishly used women for his own sexual and emotional and financial gratification.
Deliberately.

He constantly warned people not to idolize him in any way.

He wanted to ensure people disconnected his teachings, the insights he had to share, from his ‘self’. From the man he was.

He deliberately behaved like an ‘asshole’. In his own words. To distance himself from people. To have them focus on the insights he was trying to share. They were what was important. Idolatry, in any form, only leads to cults of personality, and dogmas.

I am actually a nice guy. You’ll find loads of people who will want you to imagine otherwise. Even my own family members. So that’s great. You will never idolize me. Never confuse me, the humble silly human, with the insights that I have, at great personal expense, managed to acquire.

I have stood on the shoulders of tortured, butchered, poisoned, burned-alive, imprisoned, excluded, exiled, rejected, abandoned, abused men and women.

Our collective suffering has yielded these insights. We paid a high price. Most of my benefactors paid a much higher price than I have so far, in this life.

I am painfully aware of how easy it will be for the enemies of truth, freedom, and beauty to utterly destroy me. To make my world ‘a world of pain’. To imprison me in concrete boxes. In isolation. To torture me in any way they see fit. To break me like in 1984. To force me to endure fates worse than death, until I finally die.

But no matter what sort of prison they have planned for me, I promise you that I am freeer than 99% of you who imagine yourselves to be free.

To be living lives you imagine you chose for yourself. To be pursuing objectives, goals, and dreams, you imagine you chose for yourself.

I may end up in a modern equivalent of Plato’s ‘cave’. Literally. A concrete box.

But I have escaped the mind prison. I have escaped Plato’s cave.

Or at least I am continuing down that path. To freedom.

Something like L Ron Hubbard envisioned.
I promise I do not intend anyone any harm. I believe in noble truths. In speaking the benevolent truth. The beneficent truth.

I want to live free among the free. I want to consume products I have produced, and not the output of slaves.

Not just slaves with visible, obvious chains and walls.

But any form of slavery. Any form of violence.

Please read my books. Copy them. Share them. Seed them. Make hard copies. As long as you do not censor or change them in any way, I welcome you to copy and share them.

You can then write your own responses. But please do not deliberately misrepresent or distort or filter what I have written. You may not agree with what I have written. You may not be able to understand it, yet. But one day you will. If you really care about truth, justice, and beauty. You will.

I am not that exceptional. Just a working class boy with a rubbish education who educated himself over decades.

Don’t form any impression or image of me. Focus on what I have written. The arguments are either compelling, as a whole, as a pattern of arguments, or not.

Do not focus on any individual argument. Always suspend judgement until you have considered the whole of the argument. The entirety of the argument. All my arguments in the context of the whole formed by them.

Please read ALL my books. For free if necessary. It is much more important that you read my books, and share them, than that you reward me in any way for my sacrifice, effort, and risk.

At any moment those in power could take everything from me. They can make my life a living hell.

Maybe you are one of them.

But before you act, inform yourself.

It is unlikely you will be accepted as one of the 144,000.

But even if you are, you still should read my books.
What my Eden Protocols have to offer is superior to anything the Zionists, with their ‘Jewtopia’, could possibly offer you.

And so now back to the work of asking ‘what questions have I not asked?’ Which of my beliefs are actually invalid? How can I free my mind of more rubbish? What am I missing? What don’t I see? What limiting beliefs are in my way? How can I re-write my own programs? Which of my current definitions are invalid? Which need updating? What am I missing?

For the real solution to the problem of life is to gain total control of your own mind. To be free to become the producer of your own reality. To become lucid in this dream we call life.
We will not accept Talmudic Law, which states that only Jews have legal rights, and everyone else is mere 'cattle' with no legal rights. We welcome Jews everywhere to participate in our societies as equals. But we will not be slaves. We will not accept anyone as our masters.

The ADL is appealing the decision of the Supreme court, in favor of free speech, a sign of an honest intention to be 'good neighbors'? Or a sign of the supreme arrogance and self-idolisation of ‘The Jews’?

And to think Jews complain they are seen as arrogant?

Seeking to impose their laws, their Talmudic laws, in which Gentiles have no legal rights, upon the nations that welcomed them as immigrants? What other group in the world attempts to impose its will, as a tiny minority, upon the democratic majority? In every nation where they live? What other group would expect to get away with that?

I address my book to the C.I.A, Mossad, and other Golems of the Zionist occupying powers because they are probably the only people reading my book, apart from a few other authors like myself. I hope the price you got for you soul was worth it. I wish you all 'Happy Next Lives'.

Hope I get this new book finished before I am 'disappeared'. ‘Suicided’.

I am so sorry I am no superman...all I can do is think and write. Maybe in another dimension / life this will all have made a difference. But isn't it a beautiful thing to have tried to do good? Despite being doomed to failure? What else could you describe as more beautiful?

I call on all non-Zionist Jews, who are my spiritual / philosophical brothers, to support me. For I am for you. The Zionists are NOT for you. They are going to lead you to the slaughter, just for their own benefit. Like they always have. Who
was it that talked you into the horrific genocidal war crimes and crimes against humanity described in the Torah and Old Testament? NOT any of your fellow Jews, but an alien, a Moses, and his brothers. They murdered thousands of your brothers and sisters, and then lead you to commit the worst crimes against humanity ever documented...and you trust THEM over ME? Come one people, has no-one anywhere learned nothing from thousands of years of history?

Sending peace and love to all people who want and give peace and love. And turning the other cheek to the Zionists. They can kill me, whoopee, but I won't be their slave. Or anyone’s. And I will not participate in any society that enslaves anyone else. Or animals.

Happy Next Lives (I can't see this one turning out too well for most of us).

The only reason I am free to keep writing is that no-one reads this. Seriously, if you live in Russia, or Iran, can you offer me asylum. I can teach English, music, audio engineering, and philosophy. Real economics. I’m a real catch if you don't hate the truth, or fear the truth.
The (real) Holocaust of 6,000,000 (that is on its way)

The current population of 'Jews' in Israel is a little over 6,000,000. That magical number that keeps appearing. Guess why? Because that is the number that the Zionists believe must be sacrificed, in a burnt offering, to YHWH, before the 'Chosen People' will inherit their utopian 'Jew' world order ... the Greek 'Holocaust' means burnt offering. Long before Hitler and the Nazis, Jewish newspapers were reporting that 6,000,000 Jews were about to be exterminated by the Russian Tzar. Why? Because the Russian's realised the 'Jews' plans to murder them. Were the Tzar's fears proven wrong? Was his 'anti-Semitism' proven unfounded by history? Then it was Germany's turn to be blamed for the death of 6,000,000 Jews. Only during WWI. Yes folks. And then the magical number appeared during WWII.

But here's the rub, my 'Jewish' friends. You know as well as I do, that the 'Holocaust' has not YET occurred.

That magical 6,000,000 that must be offered to YHWH as a 'Holocaust', a 'burnt offering of a sweet savor to the Lord', has not yet been offered up.

And now the population of 'Israel', the 'Jewish' population, has reached that magical number. Finally.

So all you at AIPAC (A.I.P.A.C is The 'American Israel Public Affairs Committee) and the ADL (Anti-Defamation League), all you racial supremacist 'Jews', guess WHEN the REAL Holocaust is going to happen?

Remember, before the actual 'Jubilee' 'return home' can occur, 6,000,000 'Jews' must be offered as a burnt sacrifice to YHWH.

Ever seen a nuclear bomb detonate?
So good luck with your Zionist ambitions. Soon you will be 'hoisted by your own petard'. 'For as yea sow, so shall yea reap'. 'For as you do unto others, so shall be done unto you'.

This is a friendly, urgent warning to all the non-Zionist 'Jews' out there, whom I love like brothers and sisters. Get out of Israel. Resist Zionism. Admit that 'The Holocaust' is pure anti-German propaganda.

I cannot help you if you won't help yourself.

Say hello to YHWH for me.

Happy next lives

Oops, forgot, you are the ONLY people in the history of this planet to believe that you only get, or have to endure, ONE life … or am I mistaken?

Go vegan
A rose by any other name?

Here is my challenge. I need your help. What term can I used to describe people who believe they are 'the chosen people', ascribe to the belief that 'they know better than everyone else', have an 'origin story' which praises and glorifies and honors, as a great thing, genocide, 'ripping apart pregnant women', the killing of every living thing, a legal system that only recognizes themselves as 'persons' and thus only recognizes as valid and legitimate the legal rights of people of their own 'group', and which clearly states that it is O.K to lie to, cheat, defraud, enslave, and use as sexual objects, anyone who does not belong to this 'group'. A people who believe it is their God-given destiny to enslave all other groups. A people who believe that their god 'created' those other beings that 'look' like humans, but are not humans, but merely cattle, in the shape of humans, merely so that they would be of better use, as slaves, sex objects, and pets, to the members of this 'group'. A people who have unbridled power in the mass media, finance, and thus politics. A people who created 'The Holocaust' myth, as a propaganda tool, as the weaponisation of the mass media.

You see my problem is that most of these people either identify themselves as 'Jews', or are the children of people who identify themselves as 'Jews'.

However there are many 'Jews' who, while they identify, for some reason I cannot understand, as 'Jews', reject the Bible and Torah teachings described above, and in fact reject Zionism, Marxism, Christianity, Islam, and even 'man-made global climate change', the 5 main 'Jewish' religions.

It would make things simpler if people would clearly, publicly, and openly denounce the Bible and Torah, Marxism, Man-made global climate change, Islam, and Christianity, and 'The Holocaust' propaganda, and come up with a new identity for themselves which would clearly show they are NOT members of the group which has been creating so much misery on this planet for so long.

But until they do, I need a new 'term' to refer to 'Jews' who DO believe in all the things I have described. Simply as I am that nice and kind and conscientious.
If the 'Jews' who do not agree with the above definitions of 'Jew' do not openly announce that 'The Holocaust' never happened, then they will be in no position to complain if they get rounded up in the next pogroms that are bound to occur. As history repeats. Unless of course they win this election, and then I guess we are all in for a re-run of the biblical Holocaust the 'Jews' committed in the Old Testament, and which they appear so proud of, and find so 'righteous' and 'glorious'.

I have been the victim of many 'hate' crimes, throughout my life. So I really appreciate that 'hate crimes' have been defined as forms of violence. Malicious words are as harmful as any other form of violence. Racism is a form of violence. As is sexism. We must treat each individual on a personal basis. Based on their intentions and actions.

What sickens me is how the term 'hate crime' has been weaponized by various groups.

They take something good and twist it to malicious, vicious, violent ends.

Yes hate crime laws, as they stand in many countries like Germany and France today, actually harm innocent people.

Hate crimes are about hate.

How can the love of truth, of justice, of freedom, and liberty, be conflated with any sort of hate?

How can historical research, intended to clarify the facts of history, intended to inform people of biases, and misinformation, of lies, propaganda, and misrepresentation, be defined as an act of hatred?

You must ask yourself who is scared of the truth?

Surely the only people who fear the truth are those who are protecting something with lies.

Now if you are protecting children in your house from a pedophile by lying, and telling them 'there are no children in this house', then this is a truly 'noble' lie. Or when you tell a small child that their beloved kitten or puppy 'has gone to heaven'.

But when you are, with a lie, protecting the most monstrous conspiracy in history to enslave all of humanity, your motives could hardly be defined as 'noble'.
'The Holocaust' is pure propaganda. 'Jews' and many other groups died of cholera and other diseases, near the end of the war, in work camps, very similar to those the U.S.A set up for 'Japanese-Americans'.

That is a great tragedy.

But that is not genocide. Not like the genocide the 'Jews' proudly recorded in their own 'origin story' we know as 'The Bible'.

If a group proudly documents their acts of genocide, and make no apology or statement of denunciation of it, then do we have any reason to suspect they do not intend continuing the pattern described in their own 'holy' books and 'histories'. The very same documents which define them as 'a people unto themselves'.

The same documents which define their closed group, as the only true 'humans' on this planet, for all legal and ethical purposes?

How can it be a hate crime to simply ask that we re-consider the official 'Holocaust' narrative in light of all the facts we now know about WWII?

Ask yourself how one relatively small group of people could manage to have this act defined as a hate crime.

Then read my books about 911, and The New' World Order.

It may be pure chance that 90% of the 'players' in the New World Order identify as, or are the children of 'Jews'.

I would never have questioned that before I understood what happened on 911, and why. That led me to question 'The Holocaust'. Otherwise I never would have. What I learned about 'The Holocaust' has shocked me to my core.

It will shock you too.

So I ask, with authentic, genuine concern, that all people who do NOT believe they are god’s chosen people, with the right to enslave all other peoples, to stand up for the truth now.

Otherwise, I fear, when the truth finally gets out, you will become 'innocent' victims of the pogroms that are bound to occur.

The kindest people have their limits. They will not tolerate a repeat of the Biblical genocide, rape, and enslavement proudly documented in the Bible.
Once they realise the real threat the 'Jews' pose, they will, at least, demand they be 'rounded up' and 'removed'.

This is the very least they should expect.

And this is what I am hoping to avoid. By reaching out to you now, while there is a chance to avert such a repeat of history.

Note to self, and anyone else in the firing line of 'Jews' for doing what any sane, informed, responsible person would do.

Any time anyone uses ‘ploy’ of accusing you of being ‘anti-Semitic’, remind them that you are criticizing a particular sub-set of people who define THEMSELVES as Jewish, or whose parents do/did, and NOT the entirety of the SELF-defined group who define themselves as ‘Semitic’.

It would be like being accused of being 'racist' against 'Asians' for denouncing Mao’s policies, which resulted in the deaths of tens of millions of people.

Or for being accused of being 'racist' against 'Aryans', for denouncing corrupt American, German, and French businesspeople and politicians, who just happen to define themselves as 'Germanic', for selling out to foreign corporations, foreign governments, and local narrow special interest groups.

You will find that the 'Jews' I am 'anti', the ones who have targeted people like me for criminalization, and elimination, have made it a crime even to say 'I don't see color', or 'For me there is only one race. The HUMAN race'. This is because this sub-group of self-defined 'Jews' are themselves the most virulent racial supremacists the world has ever known. Ever since their 'origin story' in the Old Testament. Their 'Zion' was based on the worst crimes known to humanity. Genocide. And mass enslavement of non-'Jews' as sex objects. The 'Jewish' utopia is 'to live in houses that they did not build, to eat food they did not grow, to enjoy wealth they did not produce'.

If you can find an alternative definition of what it means to be 'Jewish', then please offer it. As there is no genetic basis for the definition 'Jew', the only basis I have found is in the 'origin stories' presented in 'The Pentateuch' (the first five books of the Old Testament of 'The Bible', and the 'Torah' commentaries, along with other Talmudic texts. All of these are monstrous documents. Not documents consistent with modern European values. Values which Europe aspired to long before the 'Christians' forced them, at the point of the sword, to submit to a centralized, tyrannical, dictatorial authority a.k.a 'The Vatican'. Long before Mohammed and his followers did the same in the Middle East.
Millions of people died in Europe fighting for these 'European values'. Values most clearly set out in the U.S constitution and amendments. The 'Anglo-Saxon' values set out in the Magna Carter. And expressed in the Viking 'Things'. Europeans were the first to abolish slavery. Europeans were the first to offer every person the right to vote.

The 'values' I find expressed in the founding origin stories of the self-defined 'Jewish race' are abhorrent to anyone who believes in, and is committed to, 'European Values'.

A New World Order based on the U.S constitution, with its amendments intact, would be a fine thing.

However the 'Jew' world order we are having imposed upon us is the worst of all possible worlds. Bolshevism and Maoism and Daoism, virtual slavery and poverty for the masses, along with pure unearned luxury for the minority that will form the elite. Those who will 'live in houses they did not build, eat food they did not grow, consume goods and services they played no part in producing, enjoying lavish luxuries they have in no way earned, through effort, sacrifice, and risk.

Will anyone argue that, at this moment, the richest, and therefore most powerful, group of people in the world are NOT self-defined 'Jews'? Or their witting, or unwitting, agents?

Please engage in informed discussion. Openly. Fairly. Let's have an open discussion. In the European tradition. In the tradition of the founding 'fathers' of the U.S.A. A tradition that never demonized or criminalized a person's best attempt at 'truth'.

Freedom of speech was added by the U.S constitution writers as a pre-requisite to maintaining the 'Bill of rights' as rights. And freedom to own guns (I would say a responsibility to do so) was the next clear necessity, to protect that freedom of speech.

If you cannot freely speak your mind, or know what is on another's mind, then how can society function? How can you know what another is thinking? Planning?

If someone can 'shut you up' and criminalize what you say, who is going to risk speaking their own mind openly?

How will anyone be able to counter lies? Lies spread by the government itself. Lies spread by malicious, subversive elements in the society.
Nothing I write is intended to harm anyone, or incite anyone to harm anyone. It is the beneficent and benevolent truth. I have a right to demand answers to valid questions. I have a right to defend the liberty of myself, and every sentient being on this planet from being stolen from me, from current generations, and from all future generations.

Too many people have suffered, died, struggled, worked, and sacrificed for the freedoms we enjoy in 'The West', for us to give these hard won freedoms up so easily.

My weapons, as they are, are defensive. Intellectual. Not aggressive. Not malicious.

If being against genocide, slavery, tyranny, makes anyone 'anti-Semitic', then that must be defined as a good thing. Like being anti-racist. Anti-war. Anti-slavery.

For I have not been offered a definition of 'Jewish' that is not grounded in the Old Testament and Talmud, and modern day Israel.

If this was the basis of the definition 'Jew', which great people like Freud had, then I would be 'pro-Semitic'.

But given the clear facts presented to me by 911, by the soldiers of the U.S.S Liberty, and 'The Holocaust' hoax, and clearly stated in The Old Testament and Talmud, and expressed by modern day 'Jews' in Israel, and experienced first-hand by the Palestinians, I find, sadly, that for the racial supremacist Jews, if you like, the 'Nazi' Jews, the definition of 'Semitic' is NOT one that any reasonable, freedom loving, truth loving, rational, self-interested person, should be 'PRO'.

I have no interest in dividing the world into fictitious ‘races’.

However if a person ascribes to a certain self-defined group, and that group defines itself as ‘the chosen people’, and proudly document horrific acts of genocide as part of that self-definition, then I would have to be mentally ill, or criminally naïve and irresponsible, NOT to demand a clarification from this group about what THEY mean by defining themselves as 'Jew'. Defining themselves in the context of a tradition of genocide, racial supremacy, even the denial of all non-Jews their basic humanity, and human rights. For this is what
the definition ‘Jew’, in many historical and modern documents, is definitively associated with.

One might even say ‘self-defined’ BY.

Given the massive overrepresentation of self-defined ‘Jews’ in positions of power and influence, especially the media, U.S politics, and world finance, and the basis of the self-definition ‘Jew’, it would be insane NOT to demand an investigation of the potential and actual abuses of power that go along with having a tiny minority wield such disproportional power and influence.

I would welcome an alternative way to refer to this sub-set of self-defined ‘Jews’ that prevents any ‘innocent’ ‘Jews’ from being unfairly targeted for investigation and regulation.

I encourage all ‘Jews’ who are not part of the Biblical, Talmudic-Jew tradition and ‘conspiracy’ for world domination, and the enslavement of, or elimination of, all ‘non-Jews’, to publicly and loudly distance themselves from those other ‘Jews’.

Failure to do so would be irresponsible at least. It would appear disingenuous, if, failing to distance yourselves, you would then complain of being 'victimized' by association.

I am a human. I don't feel any need to define myself as 'Australian', or 'German', or 'Aryan'. I don't need to feel 'superior' to anyone, just because of where I was born, or my ancestry. I don't see any benefit to be gained, for the world society, from such actions. I see only costs and dangers.

I don't define anyone as 'Semitic'. I only respond to the documented facts. That self-definition 'Semitic', by a few million people, is based on the most unacceptable system of closed ethics, and racial supremacist ideology, extending as far as genocide and mass rape and enslavement, that I have come across in human history.

So please, all people, stop defining yourself as 'Jewish'. And if you can't bring yourself to humble yourself and associate with us non-Jews, at least reject, publicly, the Torah, Talmud, 'The Holocaust', 'man-made global climate change', 'Marxism', admit the 'Koran' was given to Mohammed, verbally, by Jews, and reject any racial supremacist ideology, and all the propaganda, lies, and corruption of those 'Jews' among you who are hell bent on repeating the Canaanite Holocaust, and extending it to the entire world.
Begin with a public apology for the unwarranted demonization of Nazi’s during WWII, a renouncement of the totally unacceptable aspects of historical ‘Judaism’ as described in the Old Testament, Torah, and modern Israeli policies, a public denouncement of ‘The Holocaust’ as propaganda (the story that the KZ’s were ‘death-camps’ and systematically and deliberately murdered millions of Jews).

Join me, as equals, in a common struggle to free all sentient beings from slavery, exploitation, and lies.

I know the racial supremacists among the 'Jews' would love to push me into the waiting arms of like-minded 'Aryan' racial supremacists, by victimizing me, and anyone like me, who seeks the truth about 'The Holocaust', 911, the CIA-Mossad, the 'Federal Reserve', the Central Banksters, the petro-dollar ponsy scheme, and the current plans for a 'Jew' world order.

But that won't work.

I am a lone wolf. I don't ascribe to your pathetic notions of 'race', or 'racial destiny'. There are no gods. No chosen people. Just a bunch of sociopaths and psychopaths who imagine they are gods. That they are entitled to living in houses other people have built, eating food other people have grown, consuming goods other people have produced, living in a 'utopia' where each 'Jew' has 10,000 'Gentile' slaves. Where the daughters of 'gentiles' are considered the legitimate, rightful 'prey' of 'Jews', to be used as sex objects.

I don't belong in this world, I realise. I don't know how I was tricked into incarnating into it.

What I know is that you get the world you want. You get what you want. Only you get its universal model.

If you want to be a slave master, you are doomed to enjoy being a slave. If you want to be a perpetrator of violence upon other sentient beings, then you are doomed to 'enjoy' being the victim.

For as you do unto others, so shall be done unto you.

For as you reap, so shall you sow.

You will get the 'government' you deserve.

And I shall, like some Buddha, new-incarnate in worlds defined by my own impeccable intentions.
Maybe you will make the remaining years I have to endure in this world 'fates worse than death'. However you are only limited to this life. For I have escaped all your cunning attempts at imprisoning, restraining, and enslaving my mind. My spirit will be free.

I have labored this life to free my own mind. To offer that same freedom to anyone who seeks it.

Anyone who wishes to live free among the free. Anyone who wishes only to consume what they, alone, and as part of the world society, have produced. Anyone who rejects the idea of benefiting at the expense of another sentient being. Anyone who rejects all forms of violence and slavery. Anyone who rejects the idea that they can increase their own happiness, at the cost of another's misery. Anyone who rejects all the 'mind prisons' and NLP known as 'religion'. Anyone who acts as if they believe they will be new incarnated, eternally, and randomly, as any sentient being in the world they currently inhabit, and treat all other sentient beings, because of this, as if they were themselves.

Swing low, sweet chariot, coming for to carry me home.

I have about zero chance of winning this struggle for this world. Because so few of YOU want justice, truth, and beauty. You want the world as it is. Of course you don't expect to be the victims of the crimes. You imagined you'd be the beneficiaries of the criminal system we call 'society'. And so you got the world you wanted, only not the position in it you'd hoped for. In the 'game', the 'experience engine' called 'Earth', the zero sum game, the game of beneficiary and cost-bearer, of winner and loser, there can only be a few 'winners'. That is the game you reproduce from moment to moment. That is the game you are playing.

Is it really all that much fun for you?

Remember, all you 'winners' out there, for the next 99 times around, on this 'world', you are going to be on the less desirable end of the deal. Among the losers.

Or have you really swallowed the whole 'chosen people' story? If you have, remember that there are only 144,000 TRUE 'Jews'. THEY are the chosen people. The rest of you will be, as in the story of Moses, slaughtered, and offered as a 'burnt offering' up to YHWH.

And the rest of you, remember that the 'Jews' are only planning to do unto you, as you have done unto every other sentient being on this planet. You can hardly
claim to be 'innocent' victims, unless you are Vegan, and actively seek justice for ALL sentient beings. No matter what species or 'race'.

I really wish I could help you all make better decisions. I have tried. I was doomed to fail, so I won't be too hard on myself.

I guess all that is left is to 'escape' this 'prison planet'. And to hope, as Buddha put it, that 'Some will understand'.

Maybe not this life. Maybe next life the books I have offered as my labor of love to all sentient life will have the positive impact I intended for them.

You can read them all, at your leisure.

I have no marketing budget to spend on getting your attention.

I guess you will have to be like me. Curious. Good willed. Seeking truth. Seeking Justice. Seeking beauty. Before you will be willing to bother taking the little time and effort it would require to gain all the understanding it has taken me 5 painful decades to accumulate.

So you will get what you 'deserve'.

No need for me to judge you, even if I dared be so hypocritical. You will inherit the world that your intentions and actions produce, from moment to moment, from thought to thought, from action to action.

And so, enjoy your 'Jew' world order.

See how long it is before you start eating each other!

Happy Trails.

Go Vegan.

Happy Next Lives.

Shalom.

Macht's Gut.

And my deepest regrets that I didn't discover some super power which I could have employed to save you from yourselves.
Neuro-Linguistic (un- & re-) Programming

The ‘Jews’ often joke among themselves that ‘There’s no business like Shoa-business’. ‘Shoa’ is the term the ‘Jews’ use to refer to ‘The Holocaust’. After running the world’s central banks, international bond markets, money laundering, and manipulating the share and derivatives markets, the ‘Jews’ biggest earner, in terms of direct money, military aid, (including free submarines from Germany), a ‘blank check’ for committing war crimes and effective genocide in Palestine (in emulation of their ‘origination story’ described in the Old Testament), and a ‘victim’ status, a ‘get out of jail free’ card that can be ‘played’ any time anyone dares criticize, or direct the public’s attentions, onto any of the various ‘crimes’ of ‘The Jews’.

‘The Holocaust’ is as real as hijacked planes being flown into the WTC and Pentagon, and somehow completely destroying them. The ‘reality’ television program called ‘911’, along with Hollywood Nazi’s, form part of the Zionist’s total spectrum propaganda campaign.

They employed the same full spectrum mass media campaign that demonizes Donald Trump, and forgives the Clinton’s any crime, lies about any Clinton health problems, and has tricked you into paying interest on every dollar they ‘loan’ you, and into fighting horrific and unconscionable wars all around the world, and into paying a ‘Carbon’ ‘tax’ to fund their ‘Jew’ World Order, to trick you into simply accepting, without bothering to research for yourself, that ‘The Holocaust’ happened as depicted by Hollywood Jews, that global warming is real, and man-made, and that a bunch of Arabs are responsible for all the destruction of 911. Hey, they even managed to survive flying passenger jets into the WTC.

The ‘Jews’ have most of us in a ‘trance’. And not a therapeutic trance. A thrall. A mind prison. A prison in which you don’t realise you are in a prison. Like in Plato’s ‘cave’ analogy. You think you are free. You think the flashing images you see on the walls of your prison cave are reality. You never think to turn your head to the side, to see the puppet masters, the Wizard of Oz, behind the curtain.
You are so convinced by the shadows you take for reality, the mass media images and talking points presented to you, 24 hours of every day, that when someone comes to the prison-cave door to rescue you, you lash out at them for disturbing you.

For being ‘Conspiracy theorists’. For pushing you out of your comfort zones. You have become used to the cave. The prison. To the shadows dancing on the wall. To this manufactured, constructed, fake reality show. You want the ‘Conspiracy theorist’ to take all their facts and just leave you in peace. To enjoy your prison. Your shadows on the wall.

In fact you are happy that these ‘disturbers of the peace’ are locked up, punished, fined, and yes, if necessary for the good of ‘society’, to ‘the peace’, killed.

Imagine if someone pointed out the crimes of a criminal who just happened to be blue eyed, and the whole world accused you of a hate crime against all blue eyed people. THAT is EXACTLY what the ADL do when anyone attacks a criminal who just happens to be ‘Jewish’, when they accuse them of anti-Semitism. Wake up people. 'The Holocaust' never happened. Global climate change is at historic lows, and is NOT man-made. The mass media are NOT telling you the truth, but instead using sophisticated and brutal NLP to condition and program you, to 'imprint' false definitions and beliefs in you about The Realities Of Our Natures And The Nature Of Our Realities (TROONATNOOR) and I am trying to help you correct these, for yourself. Consider a computer program infested with viruses (propaganda) and false 'definitions'. Would you let that program determine all your decisions in life?

All animals, including humans, are conditioned or ‘programmed’, to define reality, to define themselves, and to define what is possible and desirable, in particular ways.

The programming and conditioning we have experienced up to this moment is mostly sub-optimal.

The programming we have had forced upon on, from our birth, is directly limiting our potential for directly and accurately experiencing The Reality Of Our Natures And The Nature Of Our Realities.

We end up experiencing lives much less satisfactory than what they might have been, had our ‘programming’ been more optimal.

And so we all stand to benefit from de-programming. And then active, voluntary, self-directed, re-programming.
And so Neuro-Linguistic re-Programming offers us a huge potential for achieving a superior holistic, mutual, optimal life experience.

At the personal level, and thus, necessarily, at the collective social level.

For, reflexively, ‘The strength of the pack is the wolf. And the strength of the wolf is the pack’.

If ‘man is wolf to man’, then this holds even truer.

Trying to benefit at the expense of other sentient beings is doomed to failure. Whether they are of the same pack or belong to a different species.

In the past, all ‘Moral codes’ were limited to one tribe. One pack. At best one ‘nation’. They were exclusive of ‘outsiders’. They constructed fictitious ‘races’. In fact the Mosaic Law went much further than that, claiming that only ‘Jews’ were human. So Mosaic Law is actually a form of ‘speciesism’, rather than mere ‘racism’.

The ‘Mosaic’ law, for example, calls for ‘Jews’ to treat only other ‘Jews’ as ‘human’, and deserving of the ‘human rights’ Moses demanded each ‘Jew’ grant their fellow ‘Jew’ freedom from their aggression, theft, rape, and murder.

This was based on the assumption that humans could not be lead to restrain from murder, rape, theft, and the enslavement and opportunistic exploitation of other humans. So the gratification of these urges would be limited to being expressed on ‘Goys’. The ‘cattle’ that appeared in human form.

For practical leaders, with no real moral ambition, who merely sought immediate social cohesion, and the ‘health’ of their tribe, and formation of a ‘society’ where the members reluctantly refrained from the opportunistic satisfaction of aggressive impulses to commit the violence of theft, rape, and murder upon their fellow ‘Jews’, this was an efficacious choice.

By defining all non-‘Jews’ as ‘Goys’, and thus not human, one tribe, one ‘society’, that of the ‘Jews’, was granted internal freedom from the violence’s of theft, rape, and murder which would otherwise fragment and dis-integrate it. This group would be motivated to act as a group by the promise of the theft from, and rape and murder of, all the ‘Goys’.

Now the ‘Jews’ could express all their ‘anti-social’ urges on ‘Goys’. They could do all the nasty things to ‘Goys’. And never need to fear being the victim of it in their own ‘group’.
The ‘Goys’, the ‘Jews’ were taught, had been conveniently given ‘human’ forms by their god, for the sole purpose of making them useful to the Jews. Useful as sex ‘objects’, and slaves.

The ‘Jews’ were taught that each one of them was ‘created in the image of God’. Their destiny was to live in houses they didn’t build, to eat food they had not grown, and to enjoy the bodies of the ‘Goys’ for sexual satisfaction, for expression of destructive impulses to harm and kill, and as the ‘means to their own ends’.

No legal contract with any ‘Goy’ was considered binding, although the ‘Jew’ was to pretend that it was. Any time a contract could be reneged upon, to the benefit of the ‘Jew’, it should be.

The ‘Goys’ were to be divided and kept at war with each other. War was a great motivator to keep the ‘Goy’ working hard, and innovating. The fruits of this labor and these innovations would then be, according to the Law, appropriated for the good of the ‘Jews’.

To this end, the Jews fabricated the 5 world religions known as Judaism (as the basis for the next 2 religions), Christianity, Islam, Marxism, and man-made global climate change.

By inventing a financial system based on illusions, the ‘Jews’ could trick the ‘Goys’ into ‘borrowing’ a thing called ‘money’ from them. The illusion that this ‘paper’ was of value allowed them to ‘trade’ this worthless paper for real goods and services. And to ‘loan’ it out at ‘interest’. In this way the ‘Jews’ would come to ‘own’ all the real assets that the ‘Goys’ produced with their own effort, sacrifice, risk, sweat, and blood.

This is the ‘New World Order’ you hear about, in vague terms, made explicit and concrete.

You have been conditioned and programmed since birth, by the ‘Jews’ hegemonic dominance of the mass media. It forms the basis of their propaganda machine. The propaganda began with Moses.

You have been conditioned and programmed to accept the ‘system’ that the ‘Jews’ have put in place as ‘the best of all possible worlds’.

You have been programmed to define the social world you were born into as natural. As normal. As ‘God-given’.
You have been placed in a thrall. A fear that carries over beyond this life. To the next. The ‘Jews’ have instilled ‘religion’ into you. Guilt and fear. In your unconscious mind. Irrational. And therefore more powerful than most people will ever guess.

It is all Neuro-Linguistic Programming.

The result is history as we know it.

And a terrible future that is just over the horizon.

A future that will be realised if you do not act now.

I cannot help you. Only you can help you. And then together we can help each other.

We can free ourselves of this ‘construct’ we call ‘reality’.

But first we need to re-program ourselves.

To free ourselves of the conditioned, reflexive, unconscious limits that have been placed upon us.

The first step is to make these unconscious ‘programs’ conscious.

So read ‘Religion’ immediately. Email me for a free copy. Free to you that is. It has cost me a lot to write and publish.

My books cost me so much already. They will probably cost me my life, or much worse, my freedom.

This guide limits itself to the very basis of the Neuro-Linguistic Programming that the ‘Jews’ have used to enslave you. This enslavement has been unobtrusive up to now. But soon it will be very obtrusive. We are talking total martial law, work and re-education camps, and complete loss of all of the ‘freedoms’ that, according to the Mosaic Law of the ‘Jews’, should only, rightfully, and properly, be enjoyed by the ‘Chosen People’. The only true ‘people’. The only genuine ‘humans’ on this planet. The ‘Jews’.

I understand the ‘knee-jerk’ reaction you have been conditioned and programmed to have to such statements of fact.
But you can read all these facts in the Bible, The Torah, and The Talmud, for yourself. You can then read my books, and the documents I refer to in them.

If you are not willing or able to do these simple things, then I guess the ‘Jews’ are right. You are worthy only of the ‘rights’ and ‘freedoms’ that your superior ‘Jewish’ masters decide to grant you as ‘privileges’.

All non-Vegan ‘Goyis’ consider it there right to opportunistically exploit and enslave all other ‘animals’, due to their ability to do so. Surely, they argue, nature has intended for the more powerful to dominate and exploit the less powerful. For the more intelligent and cunning to exploit the less intelligent and cunning. Isn’t that how evolution operates? It is an age old, respected tradition, right? We have such traditions to thank for our ‘progress’ as a society. As a species in fact. No?

Might is right, isn’t it? We were given the ability to enslave other animals, and thus it is what nature, what ‘God’, intended. Correct?

Well the ‘Jews’ have, in a limited way, based on the laws of evolution, demonstrated their ability to enslave you, and thus their ‘natural moral right’, even ‘natural moral obligation’, to do so. By having conditioned and programmed you, using their superior, limited intelligences and cunning, they have proven a moral right to do so.

If they can, they should. Right? Slavery is as traditional as rape, theft, and murder. Most of the world’s greatest historical monuments were built by slaves. By slaves and wage-slaves. Bonded workers. Indentured workers. And then destroyed by the same, employed as ‘soldiers’. And then re-built. And each time the ‘Jews’ profited. Gained greater power. Greater influence. The ability to ‘buy’ political leaders. To buy entire political parties. To control the entire political process, indirectly through their mass media empires, and directly, through ‘pay for play’ and ‘lobbying’.

If the ‘Jews’, using their closed ethics system could, as a tiny minority, gain control of the populations of the entire world, through mere intelligence and cunning, then haven’t they proven their ‘moral right’ to do so?

Isn’t your own ‘moral right’ to ‘earn’ more than a worker in the Philippines, or to eat animals, to enslave animals and steal their children, to treat animals as mere ‘means to your own ends’, based on your assumed superior intelligence and cunning?

You may have heard that ‘For as you do unto others, so shall be done unto you’? That’s Obadiah, from the ‘Old Testament’.
Maybe you’ve heard of ‘The Golden Rule’. ‘To do unto others, as you would have them do unto you’?

Or maybe ‘As ye sow, so shall ye reap’?

Probably you have not heard of ‘The Optimal Ethics Generator’. You should acquaint yourself with it.

I understand that the victim is usually no better than the perpetrator.

There are few truly ‘innocent’ victims.

Only the Vegans among you have any right to claiming that epithet.

And many Vegans are quite happy to opportunistically exploit their relative superior holistic inheritances, vis a vis other humans. Such as feeling ‘entitled’ to ‘rents’ arising from their inherited superiority in talent, beauty, health, intelligence, socio-economic-status position, or even nationality.

So really the ‘Jews’ are merely modelling their own behavior upon yours.

So there is nothing anti-Semitic about what I am writing here. I do not see any room for ‘free will’ in human actions. I do not hate the perpetrator of violence. I hate the violence, and the suffering it produces. Whether a ‘Jew’ or a ‘Goy’, or even a ‘Vegan’ is inflicting that suffering, is of no interest to me.

It just happens that if things continue as they have been going, I will, as a ‘Goy’, soon lose any of the ‘privileges’ I have been told were my birth-‘rights’.

‘Rights’ such as freedom of speech. Freedom of rejecting religion. Freedom of association. Freedom to choose the political representatives I consider most able to protect my rights in the democratic system of checks and balances.
The ‘New World Order’ is really a ‘Jew’ World Order’

We face a crisis, as non-‘Jews’. Soon we will all be their slaves. The mere means to their ends. Any ‘rights’ we thought we have will, if we are lucky, be replaced by ‘privileges’ which our ‘Jewish’ masters will be free to arbitrarily revoke as they see fit. Including the privilege to ‘live’.

We are on the brink of the final crisis. The wave has peaked, and will soon crash.

I have no interest in sacrificing and suffering in opposing what is coming, unless I am at the same time going to be ushering in something better than what the ‘Jews’ have planned.

You see I am quite ‘conflicted’ with regard to the ‘Jew World Order’. It will probably force all the ‘Goys’ to become vegan, simply based on economic and environmental grounds. It would free up more resources for our ‘Jewish’ masters, and keep the natural world, which they will consider their own personal property, as you consider your own ‘garden’, clean and pretty.

The ‘Jews’ will only find value in keeping so many ‘Goys’ as their ‘pets’, ‘sex-objects’, and ‘slaves’. So the world’s population is bound to be reduced by about 90%, within this generation. Possibly over a period of weeks, as a result of biological warfare, or simply nuclear war, rather than due to infertility ‘treatments’.

Consider how we ‘breed’ our own pets for the qualities we find satisfying and pleasurable. Such as ‘beauty’. So we can expect a broad spectrum eugenics program which would ensure that only the most beautiful, sexy, and appealing ‘Goys’ reproduce, ensuring only the most pleasing ‘pets’ and ‘sex-slaves’ are produced for our ‘Jewish’ masters.

And as the purpose of ‘slaves’ is to produce value, and the most valuable ‘slaves’ are those with the greatest ‘gifts’, talents, and intelligences, we can expect the ‘Jewish’ masters will instigate a eugenics program aimed at producing,
exclusively, such high quality slaves, all the better to serve as ‘means’ to their own ends.

Machines will soon be able to perform most other ‘manual’ tasks better than humans, and so there will soon be no value in having a large supply of less intelligent, unattractive, ‘serfs’, ‘peasants’, and ‘unskilled labor’. So we can expect the ‘Jews’ to ‘purge’ our species of the very biological basis for these traits.

However, until the technology produced by the eugenically produced ‘geniuses’ of the species is ‘on line’, the ‘Jews’ might deliberately ‘breed’ a ‘sub-class’ of ‘Goys’ designed to be just smart enough to carry out menial tasks, but never smart enough to pose any sort of threat, or to even ‘question’ the state of servitude they have inherited.

I am hoping that this crisis, which more people are becoming aware of, might prove a stimulus for a re-assessment of our ‘closed’ systems of ethics. A system of rights closed to those defined as ‘non-members’ of a particular ‘race’, ethnicity, nation, or species.

I am for a truly ‘open society’. One where all sentient beings enjoy rights appropriate to their natures, independent of the species, or group, they, by pure chance, happen to have been born into.

I have no particular ‘love’ of the ‘race’, ‘nation’, ‘ethnic group’, or even ‘species’ I happen to have been born into.

I probably have more in common with most ‘Jews’ than I do with the ‘Goys’ that those ‘Jews’ would identify me as.

Most of us ‘Goys’ do unto others pretty much what the ‘Jews’ have planned to do unto us.

If we are going to treat life as a competition, then surely the winner should take all?

The ends justifies the means, doesn’t it? What’s good for us, is ‘good’. Right?

So I guess you will have no problem with what is coming, for you and yours.
Enjoy reaping the harvest of what you have sown.

Or start planting a new harvest. Based on ‘The Optimal Ethics Generator’.

‘Un-programming ‘The Holocaust’, ‘Man-made global climate change’, and ‘Money as Debt’. Replacing the ‘Jew’ World Order we have, with a ‘New’ World Order we might have, if only we wanted it.

I have called for a global ‘Jews wear green day’. This would include the children of ‘Jews’. No malice intended. I just want to give everyone in the world a chance to see what positions of power and influence the ‘Jews’ occupy in this world. I think it might motivate a lot of people to start asking questions about how appropriate it is for a small self-defined group of people to have so much power and influence. Especially given that the ‘basis’ of the definition ‘Jew’ is racial supremacist, and founded on the enslavement, rape, dispossession, and genocide of all non-‘Jews’, who are defined, reflexively, and necessarily, as a part of the definition ‘Jew’, as non-human ‘cattle’, with no ‘human’ rights at all, other than any ‘privileges’ the ‘Jews’ decide to grant them, for the duration of their arbitrary feelings of beneficence toward a ‘sex-object’, ‘pet’, or ‘slave’.

If you don’t believe that the mass media can condition and program you into a view of the world, and history, that is false, and more to the point, constructed to benefit one narrow group of people, at the expense of all other people, then consider your ‘knee-jerk’ reaction to my use of the term ‘Jew’.

Now understand that I personally do not think in terms of ‘Jew’ and ‘Goy’. For me the term ‘Jew’ is meaningless. I would never have thought to refer to any person as a ‘Jew’, unless society had conditioned and programmed me to.

Unless a group of people had not defined themselves as ‘Jews’.

Now ask yourself why they did this.

Why does a person do anything?

Because they believe doing a particular thing will benefit themselves, and their loved ones.

So what ‘benefit’ do the self-defined ‘Jews’ get from ascribing to the notion of being a ‘Jew’.

Read the bible. The ‘Jews’ are ‘The Chosen People’. Chosen for what you might ask? Well, chosen to become the slave masters of all the other people. Facts.
Read a Bible. I don’t have to make the slightest effort to prove that the idea of ‘Racial supremacy’ is at the heart of the notion of ‘Jew’-ishness.

Defining yourself as a ‘Jew’ is the most racist act you could commit.

It is also the most violent definition available.

A definition which defines a limited number of people the right to enslave all other people. A definition which defines the ‘Jew’ as the only true human. A definition which reflexively defines all non-‘Jews’, all ‘Goys’, as non-human. As mere ‘cattle’ in human forms. As mere means to the ends, the pleasures, of the ‘Jew’. As mere slaves.

Take any assumption most ‘Goys’ make about ‘animals’, and you have defined the relationship of ‘Goy’ to ‘Jew’.

If you are happy with such a definition, then by all means accuse me of ‘anti-Semitism’. For being anti-racist. For being against all notions of racial supremacy. For being against all forms of slavery. For being against all forms of violence.

And against limiting competent people from practicing ‘professions’, the ones that have the most impact on society, like finance, medicine, and law, because they don’t belong to professional organizations run by ‘Jews’.

For being pro-freedom. Pro-equality. Pro-liberty. Pro-truth.

So now we have established that you have been conditioned to react, emotionally, to the term ‘Jew’, and to any ‘criticism’ of ‘Jews’.

Next consider your reaction to the term ‘The Holocaust’.

It happened, right? Millions of ‘Jews’ were gassed, then burned in crematoria. In Nazi death camps. Right?

You KNOW these things for facts. Right?

Or do you. What do you really know? Who ‘educated’ you about ‘The Holocaust’? Was it your television? Was it Hollywood films? Do you know which self-defined ‘race’ owns and controls the major commercial television corporations? Owns and controls ‘Hollywood’.

Did you feel a knee-jerk emotional reaction to what I just wrote?
Sounds ‘anti-Semitic’ to you? I must have some ulterior motive? I must be some sort of neo-Nazi with an irrational hatred of ‘Jews’?

I challenge you to read the chapters in my books on ‘The Holocaust’, before you just maintain the conditioned, programmed responses you have to ‘The Holocaust’.

I can promise you that it never happened. As much as I can promise you that gravity exists. I have gathered the facts in. Many of them are pure laws of physics and chemistry. I can prove the ‘show trials’ proved no more than any other ‘Hollywood’ production ‘proves’. I can even account for the complicity of the German Government in the hoax.

But now I will return to un-programming you. And teaching you how you can more optimally re-program yourself.

First I want to un-program you ‘Jews’ so you stop defining yourself as ‘Jewish’ at all. And start defining yourself as ‘humans’. Which will be a challenge for you. A real ‘loss of status and privilege’. A step down. From being the ‘Chosen people’, the original ‘Master Race’, to being just another human. You will have to include all humans in your ethics and legal codes, as equals.

You will have to start looking at ‘Goys’ as humans. Tough break. But it will be good for you. It might smart a little, giving up all that ‘supremacist’ ideology. You will have to, in future, base any feelings of ‘superiority’ on your actual acts and achievements. Rather than base them on merely having been defined as a ‘Jew’ at your birth.

This will be a true test of your faith in your actual ‘superiority’. For if you really are as ‘superior’ as your ideology asserts, then you will, naturally, rise to the top of the pile, by demonstrating your superiority.

Of course you won’t be able to blame ‘anti-Semitism’ any time you fail. But that will be character forming.

Anti-Semitism will become impossible, once you denounce the The Old Testament, Torah, and Talmud as malicious, vicious, completely unacceptable lies. Once your renounce the notion of ‘Jew’ as a race. As a ‘Master Race’. As ‘The chosen people’. Once you renounce the asserted right to rape, murder, steal from, and enslave, all non-‘Jews’. Once you begin working towards a truly ‘Open Society’, in which all ‘people’ are ‘human’. Where there is no ‘Jew’ and ‘Goy’ distinction. Sort of like what that ‘Jesus’ fellow was on about. The one the ‘Jews’ tortured to death, if you believe your own religious texts.
You cannot irrationally hate a ‘race’ if there are no races. No-one is forcing you to define yourself as ‘Jew’. I define myself as ‘sentient being’. Not a hint of racism in me. No motive to define anyone as ‘Jew’ or ‘Goy’. As superior. As entitled. As ‘chosen’.

Any suggestion I am ‘racist’, let alone ‘anti-Semitic’ are nonsensical propaganda.

I would never identify anyone as a ‘Jew’, if I were not forced to by other people defining themselves as such, by their words and deeds.

Oh, it will not be enough for you to stop proclaiming ‘I am a Jew’. What is needed is that you renounce all the ‘baggage’ that goes along with that identification. All the horrible things we have been discussing.

You will need to demonstrate that you identify as ‘human’. That you identify ALL people as ‘human’. That all of us share the same rights and responsibilities. That your legal and ethics codes define all of us as human. As beneficiaries of the same rights and freedoms.

You will have to stop all your propaganda. Like ‘The Holocaust’. Like your demonization of Donald Trump. And ‘fess up’ to having produced the 5 religions that have been, and continue to be, such a force for evil in this world.

It won’t do for you to ‘pretend’ you don’t see yourself as a ‘Jew’ any more. You will have to demonstrate it. But that will be easy, once you have truly renounced racism, any ideologies of racial supremacy, and any ideologies of slavery.

Oh I realise the odds of my ‘impeccable intentions’ and factual argument having the desired, positive outcome for myself and the world verge on zero.

So I don’t invest too much in the success of this attempt.

But I can honestly say I did my best.

And can honestly predict that it will not go well for anyone who ascribes to racial supremacist, opportunistic ideologies.

The wolf is the strength of the pack, and the pack is the strength of the wolf. Once you have become conditioned to a mindset of entitlement, and have enslaved all the ‘legitimate’ slaves, the ‘Goys’, you will turn upon each other.

Remember there are only to be 144,000 ‘true’ ‘Jews’. The rest will be defined as ‘Goys’. Most likely that will include you too, my ‘Jew’-ish friends.
Remember that umbrellas, parachutes, and minds, all only work when they are ‘open’.

So suspend judgement for a moment. Overcome your automatic, conditioned, programmed, knee-jerk, emotional responses to my words. Consider them.

You may, as a cultural group, actually be ‘superior’ in many ways, compared to other cultural groups. But in ways that will prove liabilities in the future, when you have ‘claimed’ your ‘entitlement’ as ‘slave masters’.

Imagine a society based on ‘derivatives’. Where the only industries are ‘finance’, ‘television’, and ‘Hollywood’. With a few jobs in the ‘Jew-diciary’. Who will you be making ‘Holocaust’ movies for? Who will you be unfairly sending to prison? Who will your ‘pyramid schemes’ be defrauding of wealth? Think about it. How will you generate feelings of ‘superiority’ among ‘equals’? When ‘everyone’ who is ‘anyone’, even ‘human’, will have inherited the same status as ‘superior’. Who will you be able to feel superior to? A slave? Some ‘Goy’ pet? Oh what a feeling of achievement that will bring you? No, in the end, you will turn on each other. That is what always happens. So good luck with that.

You self-defined ‘Jews’ may prove the means to a higher power’s ends. You may be what is necessary. An evolutionary ‘purge’ after millennia of ‘bingeing’.

All true warriors ‘love’ their enemy. Why? Because a truly worthy enemy brings out the best in the true warrior. It forces them to dig deeper, to shine brighter, to work harder, to hone their craft, to improve their skills, to become the best warrior they can be.

Yes I am a warrior of sorts. An ‘Impeccable Warrior’.

I thank you for being the impetus for me developing what skills, talents, and abilities I possess.

I will now move on to ‘meta’ things. I thank you for having added the ‘rungs’ to ‘Markus’s ladder’. You put them up there as obstacles, but they proved to be motivators. I have climbed up and above what you placed to deter and block me.

Karma? May you reap the harvest you have sown, and thus learn to be a better ‘person’ for it.

I don’t hate anyone. I don’t believe in ‘races’. Let alone ‘racial superiority’. Even Hitler was not anti-Semitic, as the world defines that attitude. So I am the last person you could accuse of it.
I am not particular pro-‘Goy’ either. The ‘Goys’ have done much more harm to me, deliberately, with malicious intent, than any ‘Jew’ ever did. So far. The ‘Goys’ like to ‘cut down tall poppies’. That is the cultural superiority of the ‘Jewish’ culture. It seems to promote the best, most talented among itself. Us ‘Goys’ just want to cut each other down to size. To ‘rise above’ by ‘putting below’. We seem so envious and jealous of each other. Hardly capable of ever uniting against the force of what you ‘Jews’ have become.

So don’t worry about me and my books. Most ‘Goys’ really are as stupid, lazy, and un-improvable as you define them to be. I am no threat to your plans. In fact you could use the ‘Goys’ responses to my books as a test of their mental acuity. Maybe keep only the ones smart enough to ‘get’ it. The rest really are barely ‘human’, if you define ‘humanity’ in terms of intelligence. Or ability to learn. To adapt. To escape mental prisons.

I am hoping that the promise of a Vegan Eden expressed in the Bible is realised.

In fact, if you have a role for me, one that would turn the world, at least the ‘Goy’ world, Vegan, I would be happy to work on the ‘Vegan-isation’ of the ‘Goys’.

Go Vegan.

Shalom.

Oh, but there is that little fact about the ‘Zionists’, the 144,000, having to ‘offer as a burnt sacrifice’ the rest of the ‘Jews’.

Now that might be grounds for concern even for the ‘Jews’.

Good luck with that.

For as you do unto others (including us ‘Goys’, and other ‘animals’), so shall be done unto you.

Or was it implicit that Obadiah was only talking about ‘Other’ ‘Jews’?

Are you willing to bet everything on that?
The Mandela Effect explained (Why you are sure 'The Holocaust' actually happened)

Mandela Effect (I bet you thought it was 'MandAla', right? Which highlights, ironically, the TRUE nature of this effect)

Lots of people are sure Nelson Mandela died in prison in 1983. They are sure they heard and saw news reports about this. But he died, a free man, in 2013.

'Alas poor Yorrick, I Knew him ....'. Fill in the blank. Most people will say 'well'. In fact it was always 'Horatio'.

I have written a lot about subjective reality. How our minds construct our subjective reality actively. We do not simply 'perceive' reality. There is no 'isomorphic' relation between 'objective reality' and what we 'believe'. 'The map is not the terrain'. But most people force the terrain to 'fit' the map. We distort reality. We 'see' and 'hear' what we 'expect' to see and hear. Rather than what is actually there. This is something few people pay attention to.

Until now. With this phenomenon whereby people are suddenly realising that their memories are faulty. They are certain that what they 'believe' was real, was real. They are being confronted by the actual facts, simply because people are starting to compare what most people 'believe' to be true, with the documented facts.

I have often had the experience of reading song lyrics, to find that the lyrics I had been 'hearing' for decades, were never there. Only after reading the actual song lyrics could I suddenly, for the first time ever, actually 'hear' the actual song lyrics in the original recordings.

This phenomena is great, as it may open your minds to the fact that 'The Holocaust' never happened. You have been 'imprinted' with the firm conviction,
the definitive 'belief' that it happened, due to the constant repetitive propaganda, and vivid Hollywood creations of 'The Holocaust'.

If you pay special attention to the genuine interviews done as part of the Spielberg sponsored (Shenandoah) interviews of 'Holocaust survivors', you will note that the people who claim they 'saw their family members murdered', admit they never actually saw ANYTHING. They were separated from their family members. And then later told that these family members had been killed in gas chambers, then cremated. From that moment on, the separated family members 'believed' that those they had been separated from, had been killed. Those in one country had no knowledge that those in the other country were still alive. But when questioned during the Spielberg interviews, they admitted they had only assumed 'what they had been told later' was true. They had no reason to doubt it. They were encouraged to believe it. Israel benefitted enormously from the 'Shoa Business'. No 'Jew' would dare challenge the official narrative, for fear of being shunned, and much more, by fellow 'Jews'.

Many family members were actually separated at 'transit camps' which had no facilities but a few ovens for baking the bread the 'prisoners' were given before continuing their journeys to their respective camps. It was the Russians who first drew out attention to the impossibility of the reports of 'Holocaust survivors', by explaining exactly what facilities they found when they 'liberated' the camps.

It was also the Russians who first brought the fact that 'separated' 'Jews' were never told that the family members of 'Jews' separated from family members now living in Europe or America had in fact 'survived' in Russia.

There is the famous case of a 'survivor', long assumed dead, being reunited with his family, after appearing on a popular U.S television show.

I detail all the facts, impossible tales, absurd tales, outright lies, misrepresentations, and propaganda, relating to 'The Holocaust', in my books on 911 and The New World Order.

If you are interested in how our minds actively construct reality, rather than merely passively perceive (record) it, please read my other TROONATNOOR books.

Even though I am sure that the Queen song 'We are the champions' ends with the line 'Of the World', I have enough experience of being wrong about song lyrics I have been 'certain of' for decades, to not let it phase me too much.
Though I must say, of all the examples given of a 'Mandala effect', this is the most 'compelling' one.

Of course it is also possible that the CERN research did open up an alternative reality, and that that has 'infected' the Jion Mainframe Matrix we call 'reality' with an alternate reality. Or maybe just a 'glitch' in the program.

Or the Zionist's are playing more sophisticated NLP games with us, getting us to mistrust our senses, so that they can build up even more elaborate lies to control and manipulate us with.

Or it could be some very clever ZEN teacher, hoping to 'surprise' us into 'waking up' into reality.

Anyone who has read my books will be familiar with these possibilities, and skeptic, though open minded, of explanations requiring more than an understanding of TROONATNOOR.
Trump admits he is 1000% Zionist

The mainstream media is only pretending to be against Trump. It is typical Zionist 101 behavior. Like in the Army you ‘channel’ the enemy with harassing fire, leaving only one avenue apparently ‘open’. And then the enemy, happy for this ‘exit’, suddenly find themselves facing a machine gun pit. And death.

Something interesting I learned in researching Trump was the meaning of putting up a U.S flag upside down. It is not a sign of disrespect. In fact an upside down flag was run up by U.S independence fighters as a warning that a fort had been 'occupied' by the enemy.

And so all U.S patriots should fly a U.S flag upside down, to warn their compatriots that the U.S has been occupied by Zionists.

Trump stated ‘We are going to fight for Israel 1000%’. ‘It will be there forever’. ‘We will move the U.S Embassy to the true capital of Israel, Jerusalem’.

Trump is not for ‘America’. Like all U.S politicians today, he works for Israel. For the Zionists. The Zionist ‘Jews’.

Trump demonizes Islam, simply because Israel is an enemy of Islam. We can expect Trump to once more employ young U.S men and women as unwitting terrorists for the Israeli, Zionist, ‘Jewish’ conspiracy. The conspiracy, stated openly, and placed in plain sight, of a ‘Jew’ world order.

Like the Clintons, Trump is committed to overthrowing Assad, and Iran, and putting Zionist ‘puppet’ leaders in place.

Trump is best friends with the Israeli President Netanyahu. He has appeared in political campaigns for his buddy ‘Bi Bi’.

Together they will, with the U.S military build-up Trump has promised, at U.S taxpayer expense, at the expense of U.S lives, and countless Syrian and Iranian
lives, realise Netanyahu’s explicitly stated plans for a ‘Greater Israel’. That includes the territory now controlled by the CIA-Mossad assets known as ‘ISIS’ or ‘ISISL’, in what was Iraq. It includes Egyptian territory. It includes Syrian Territory.

You, and your children, and countless ‘Muslim’ women, children, men, girls, and boys, babies and infants, will be sacrificed in the name of the ‘Jew’ world order.

Trump was bailed out of several bankruptcies by Jewish financiers.

Trump’s daughter converted to Judaism to marry the son of Trump’s oldest friend and business associate.

‘Jews’ occupy the most senior positions in Trump’s business. Trump continues to speak of 2 jet-airliners flying into the WTC. He deliberately misrepresents the facts about the 5 Israeli’s, caught filming the WTC explosions, as if they were Muslim. In fact, after 10 weeks detention, on being kicked out of the U.S on immigration charges, they proudly stated on Israeli television that they had travelled to the U.S to film the destruction of the WTC. ‘Our purpose was to document the event’. In other words a clear admission that the Israeli government at very minimum knew about the exact time the event would take place. In fact Netanyahu, years earlier, stated that the next time the WTC would be blown up using ‘nuclear’ devices. Which is a fact you should be aware of by now.

Oh, and if you think his best mate ‘Alex Jones’ is NOT a Zionist, watch my YouTube video of an old broadcast of his. In his younger days. Where he defends Israel 100%, and claims the U.N is anti-Semitic, making up stories about Israel being an apartheid state, and a terrorist state. Then watch my other You Tube videos of him as he ‘flip-flops’ on and off air. The video in which he states that he is a Jew may be one of his ‘charades’. But the early video, together with his constant side-stepping and avoiding the issue of Zionism, along with his best pal ‘Paul Joseph Watson’, denying that the ‘Jews’ control Hollywood and the mass media, when added to his programs constant demonisation of Saudi Arabia and Muslims, all point to him being a Zionist. Whether a ‘Jewish’ Zionist, or a ‘Christian Zionist’ doesn’t matter.
So the circus has come and gone, leaving us with a new Zionist puppet dictator

With another circus over, their puppet in power (after pretending everyone in 'the establishment' hated him, of course, so you feel good about electing another Zionist puppet), and with 'Alex Drones Dis-InfoWhores' booming. Expect to see a massive demonisation of 'Islam' and 'Islamic terrorism'. Ignore that all the Islamic terrorist groups are U.S NATO CIA Mossad Israel founded, funded, trained, and supplied. Though some of the terrorists may THINK they are fighting for Allah, and Mohamed, and their families, they are really dupes...mercenaries being employed by the CIA, to carry out the '7 nations in 5 years' plan. The 'Jew' World Order. After which they will all be sacrificed, like the 6,000,000 Israeli 'Jews' that the Zionists are about to offer 'as a burnt sacrifice of a sweet savor unto the Lord'. The true 'Holocaust' has yet to happen. But it is coming. And very soon. Bye bye Israel. Hey, I tried to help you, but you are sooo clever. And so keen to imprison and torture and murder anyone who tries to save you from yourselves. So who am I to argue with you? Happy next lives. Yes friends, despite the 'imprinting' you got from birth, I assure you that the harvest you reap is not limited to this one life.
Propaganda as the social version of AIDS

The AIDS virus attacks parts of the body’s own immune defense system, leaving it prone to pathogens / other viruses / infections. It infects the immune system’s ‘marker cells’. It confuses them. It gives them false data. Lies. These marker cells usually would plant ‘flags’ on ‘foreign’ cells to identify them to the immune systems ‘clean-up’ squad. To eliminate them. But now, because of the 'propaganda' of the AIDS virus, they identify the wrong cells. It is a question of ‘propaganda’. Lies. NLP. AIDS is 'The father of lies', like another group of pathogens that roam this earth.

The AIDS virus behaves exactly like the Jewish mass media. They define the patriots as terrorists, the friend as enemy, so YOU will target the patriots for elimination. You will demonize Trump, Putin, and Hitler.

Many people with the AIDS virus don’t have any symptoms. The ‘propaganda’ of the AIDS virus is not confusing their defense systems…they are not targeting their own healthy cells. The propaganda won’t ‘stick’. It isn’t ‘believed’ by the body’s immune system. The communication system is still working and the ‘lies’ of the AIDS propaganda won’t take. It fails.

The few people who are 'awake' or 'waking up' are like those people with the AIDS virus, but remain healthy. They are immune to the propaganda. They can identify friend from foe still. They won't be tricked into attacking their friends. They won't fall prey to the propaganda. Even as all those around them become infected, and begin to die.

When they used propaganda to blame Germany for WWI, you did nothing. You weren’t German. When the French occupied Germany’s industrial regions, and stole food from the mouths of starving German women and children, so French Jews could grow fat, you did nothing. Because you weren’t German. They were not your children and mothers and wives. When the same people then blamed Germany for feeling it had to protect itself, and could not trust the world community, you felt ‘justified’ for having murdered millions of women and
children with fire bombs dropped on purely civilian targets. And hey, that story the ‘Jews’ made up about ‘The Holocaust’ put you in the clear about all the ‘warm crimes’ you committed. You were ‘Just following orders’ when you fire-bombed Dresden, over and over, and came back and machine-gunned the rescue and emergency relief workers, and then came back and bombed and machine gunned the public parks where women and children had sought refuge from you. And the Germans had committed genocide, right? No evidence. All lies. But hey, those lies were ‘Noble’, right, because they put you in the clear. Absolved you, your fathers, and your nation, of guilt. Just ask Robert McNamara.

So when the ‘Jews’ carried out the Nuremberg Show Trials, you went along with it. All lies. Propaganda. But hey, it was YOUR propaganda. So who’s to complain, right?

But then the same people who lied about Germany’s responsibility for WWI, that ensured the international community do nothing when France stole most of German production after WWI, forcing Germany to defend itself, and leave it with absolutely no faith at all in any international justice, and who invented ‘The Holocaust’ propaganda, then turned their sights on YOU. On you and yours. On YOUR nation. On your prosperity. On your children. On YOUR families.

But hey, you had gone along with the principle of propaganda. ‘Noble’ lies. You had made the propagandists powerful. Even made their lies legal. You had been happy to throw entire nations under the bus. When it suited you. By the time you realised that your attack hounds, the propagandists, the ‘Father of Lies’, the ‘Jews’, were not actually working for you, but for themselves, it was too late.

What were you going to do? You have made lies the currency of your world. You had given the liars the power to shape perceptions. To engineer your social reality. To set up a system based on lies, fakery, propaganda, and one-sided contracts, one-sided deals. All in favor of the ‘Jews’. The people you thought were working for you, were really working for themselves.

So now you live in a world where the same people who destroyed Germany, and broke an entire nation’s morale, with the most monstrous lies in history, are destroying your nation from the inside and outside.

And what can you do? You gave them the power. Germany was totally responsible for World War One. It then started World War Two. The Germans murdered 6 million Jews. Greed is good. The ‘Fed’ works for you. The ‘Government’ is there to help you. The C.I.A are there to protect you. The military industrial complex is your friend, working in your interests. ‘Terrorists’ and ‘Constitutional patriots’ are the enemy. The government is your friend.
911 was carried out by some Arabs flying airplanes. The earth is warming up, or cooling down, whichever, because you fart and breathe and drive a car. ‘The Holocaust’ happened. Sandy Hook was real, not a faked Hollywood production with crisis actors. The Oklahoma City bombing was carried out by some crazy white right wing extremist with fertilizer bombs. Saddam Hussein had weapons of mass destruction. Assad, the leader of Syria, ‘barrel bombs’ his own people. The U.S financial system is not propped up totally by money laundering, arms sales, and the ‘petro-dollar ponsy scheme’. Oh, and the Constitution is ‘bad’. Anyone who asks the government to answer questions is a terrorist out to kill you. Putin wants to start a nuclear war with America, one no-one could win, just for fun.

Santa Claus is real. God is real. Every god. All of them. Every religion is right. Everything they say is true. Two plus two equals whatever they say. And it always equaled that. And if tomorrow it equals something else, well both statements still hold true. What are you, a terrorist or something? Quick, call 911, someone is suggesting it may equal 4. That in fact it always equaled 4.

So, hypocrites, reap the harvest you have sown. You didn’t mind being on the evil side, as long as it was comfortable. As long as you benefitted. You didn’t mind being on the side of the bully. The murderous crime gang. As long as you and your family felt ‘protected’ from the consequences. I mean, the gang was only murdering ‘OTHER’ people and their families. Enslaving OTHER people and their children. And hey, those slaves made nice cheap stuff you could buy on credit, and live it up, at their expense. So who were YOU to complain about ‘the system’?

Only now it’s your turn. Enjoy the fruits of your ‘noble’ lies. See how ‘noble’ they feel. Sure, it’s great for the ‘nobility’, the beneficiaries, but how does it feel, now that you’ve joined the peasants. The serfs. The slaves? Still lapping up the propaganda, now that the ‘noble’ lies are about YOU?

Have you even noticed the shackles they’ve put around your neck? Around the necks of your children? Your grand-children?

Did you believe their ‘propaganda’, their ‘noble’ lies, that these weren’t shackles at all? That the walls they were getting you to build around you were for your protection from ‘them’, the ‘terrorists’, the ‘enemy’. Not a prison at all. But a safe haven.

Will you fight their next war for them? Like you fought all their other wars? Will you commit war crimes, ‘just following orders’, as always?
God with us. As always. Right?

We are on the side of right, because it’s ‘our’ side. Right?

Just go along to get along. Right?

But what if the ‘Jews’ don’t need YOU anymore. What if you and your family have served their function? Are no longer of any value to the masters?

Will you just pretend ‘everything is fine’?

Or will you look in the mirror, accept the truth that you have been lying to yourself all these years. Consuming convenient lies others offered you. Demand a real scientific investigation into ‘The Holocaust’ and ‘911’ and ‘The Federal Reserve Scheme’ and ‘pay for play’ and the legal propaganda machine known as ‘the mass media’, owned by your masters, to trick you into doing what suits them, when it suits them, without ever realizing that you are merely a means to THEIR ends. That soon it will be in their interests to eliminate most of you. And keep the few that have benefits to offer them, like beauty, sex appeal, talent, intelligence, and so on, as their slaves.

Will you ever get it? Or will you understand only when it is too late to do anything.

It is midnight folks. Time to ask the tough questions. Time to answer honestly. Time to admit what you do and don’t really ‘know’ to be true.

Or time to kiss your freedoms goodbye. Time to beg your children’s forgiveness for having lead them into an abyss. Into slavery. Into the ‘Jew’ world order.

We have a few moments to take action. If you don’t, it is done.

Good luck in the ‘Jew’ world order.

Not that you deserve it based on your complicity in enslaving your own families to the masters.

Remember, after all, you are not really human. Your children are not really human. Just mere animals in human form, all the better to be of service to the only real humans on the planet. The ‘Jews’. Their god made you that way, so you could be of use to his ‘chosen people’.

Read the bible. Swallow more of that NLP they call ‘religion’.
Don’t listen to me. Hey, what I say is inconvenient. It challenges your self-definition as a ‘good’ person.

Why listen to me.

Go to your master. Your shepherd. After all, he is there to protect you. His flock. His ‘cattle’. His ‘Goys’. At least until it comes time for the ‘harvest’. The slaughter.

RT, one of the few television services that is not pure Jewish propaganda, had its bank accounts frozen in the U.K, so it could not pay its staff. Basically censorship.

The sad thing is that, unless Putin wins, he, like Hitler, will go down in history as 'the bad guy'. A demon. A murderous madman. Because the winners write the history.

If after 70 years YOU still believe 'The Holocaust' actually happened, then what hope is there for truth and justice in history? Or in daily life.

I fear the Jews will repeat the mass slaughter of Russians and Ukrainians they carried out when they were last in control of Russia, as 'Bolsheviks', as 'Communists'. I fear they will make up a new 'Holocaust' 'false flag', bigger than 911 (which they orchestrated, carried out, and blamed on someone they wanted to eliminate, whose nation they wanted to occupy and destroy), so a few million 'Americans' may be sacrificed ... simply to justify a first strike against Russia. With no concern for casualties. Hell, all the Jews want from Russia is its oil, gas, gold, lithium, uranium, and so on...They don't need serfs any more.

So Putin, I feel, is left in a terrible situation. Like Hitler, he will be forced to act before his enemies can strike at him. So the history books, unless he wins WWIII, will put him in the same position as Hitler.

Unless the Jew. S. A and Jew N have weapons we don't know about, and which Putin does not know about, I feel that Putin's only hope of escaping the Jew World Order, the same group that murdered over 20 million Russians and Ukrainians before, during, and after WWII, is really to attempt to 'take out' the U.S military first strike capabilities.

But that might protect Russia for a time. It won't protect the Jew S A and E.Jew from the Jew World Order.
For the Jew World Order has been plotting and planning for this war, actually provoking it, wanting it, to justify total marital law, total control, of the Jew S A and E. Jew. 'Order from chaos'. Destroy all competing forms of organisation, so your 'Jew' world order is the only option.

I wonder how many Patriots around the world will actually take up arms in defense of freedom

The best we can hope for is that Patriots around the world have identified, correctly, their enemy. And have them constantly under surveillance. So at least they might get a few of the bad guys

But how can Putin win? Unless Japan, Germany, and China ally with him. They are all victims of the Jew S A war crimes of WWII.

But how do you fight lies? Only with truth. And who really cares about the truth? If it challenges some of their most deeply held 'beliefs' and 'fantasies'?

I tried. But I do not belong to any of the major 5 Jewish 'religions'. And I am not a racist. Not a Nazi. Not pandering to anyone's delusions.

So I will never be published, reviewed, and marketed. You won't be tempted to read my books by the usual means.

So probably I wrote only to inform myself. To clarify for myself. To absolve myself. Hopefully I have earned my freedom from this strange planet of violence, lies, pain, misery, torture, cruelty, and slavery. Remember my motivation is the Optimal Ethics Generator.

I did this for myself. I did this for you.

The wolf is the strength of the pack. The pack is the strength of the wolf.

But what of us 'Lone wolves'?

Happy next lives
The truth shall set you free

This is not how I ever would have chosen to spend my time and energy.

And then again it is exactly how a philosopher should spend their time and energy.

Seeking the truth.

Not popularity, or personal success, acceptance, approval, comfort, satisfaction, wealth, security, or love.

But the truth.

Even if it makes many people angry. Even if it makes some people mad. Even if it makes some people project all their own self-hatred, and envy, and jealousy, and malice, upon the truth seeker.

Seeking the truth exposes you in the worst ways, to the very worst in people, in their individual psychology and pathology.

Worse, it exposes you to the very worst in group / mob psychology and pathology.

Propaganda is the deliberate effort to evoke the most powerful, the most irrational, emotions of fear, anger and pity and then to employ these powerful, irrational emotions and the energies they release to target a particular group, to destroy them physically, psychologically, and economically.

Since 2012 propaganda is legal in the U.S.

The most effective tool of propaganda today is the mass media. Newspapers. Television. Hollywood.
Pay for comment is rampant in the mass media. It is where one special interest group pays the production costs of a program directly, has a program produced, pays for it to be aired on prime time television, and pays the media outlet for this privilege.

Control over the mass media can be exercised by direct ownership.

The mass media has several ways of making money. They can sell their product directly as ‘pay for view’ television, and recover all their costs from the viewer or reader.

However most mass media would not be profitable if they could not sell advertising space. In fact most mass media companies make more money from selling advertising space than from making more money from selling advertising space than they do from ‘pay for view’ subscriptions, magazine subscriptions, or direct sales of their product itself.

A very narrow vested interest group owns almost all the mass media the average person will ever consume, either as television programs, newspaper and magazine articles, or ‘news’.

They belong to a group of people who define themselves as ‘Jewish’. This would be no more than a curiosity to a philosopher if that self-definition did not extend further than simple ‘family’ pride.

There is perhaps no harm in anyone defining themselves as Jewish, or Aryan, or Arab, or Asian, or Australian, if this definition does not extend further than the expression of love for our parents, our extended family, our friends and loved ones, and taking pride in the achievements of those people, and identifying with what is best in them.

No philosopher has any problem with anyone just because they like to identify themselves as Jewish. Even if, like Freud, they spice that identification up with feelings of superiority over non-Jews. We can forgive everyone their little vanities. If everyone in the world is free to compete on an equal footing, with the same rights and responsibilities, and the same access to the same resources, then a competition is productive.

However the problem with ‘racism’ i.e the assumption that races exist, and that some are inherently, generally, superior or inferior to each other, is that racism tends to lead to unproductive forms of competition, injustice, inequality, exploitation, opportunism, and even all-out war.
Most people who define themselves as ‘Jewish’ do no harm to anyone by doing so.

However the self-definition can be, according to all the sources available to me, such as the Bible, The Torah, The Talmud, and other ‘official’ documents held sacred to this self-defined group, a dangerous and deadly virus.

While a few Jewish people will say that everyone is Jewish, and anyone can be accepted into the ‘race’ of Jews, most definitions you will find of being ‘Jewish’ are exclusive.

In fact like most ‘racist’ ideologies, the definition ‘Jewish’ is defined much more by its exclusivity than its inclusivity. It is racist, as it assumes that races exist. It is dangerous because it assumes some races are superior to others. It is dangerous because it assumes that one particular race, the self-defined Jewish race, has a god-given right to enslave all the ‘non-Jews’ on this planet.

Propaganda will define any attack on the Zionist-Jewish propaganda publishers’ right to enslave everyone as anti-semitic. For it is the Jews self-defined right, according to all the documents I and you have access to, to enslave every non-Jew. This is a fact. Read your Bible. Read the Torah. Read the Talmud. Listen to the words of Jewish leaders. Observe the emotional tone of the words.

The statement of this fact is considered or defined as anti-Semitic by Zionist Jews simply because it does not assist the Zionist Jew in attaining their ends.

The true definition of anti-Semitism (which no-one who rejects the very notion of the existence of races per se could possibly be, having in this case rejected the very notion of Semitism) is really anyone who is not pro-Zionist.

Simply by not being in favor of Zionism makes you anti-Semitic. This is the only philosophically valid definition of anti-semitism.

What is implicitly anti-Semitic in this philosophical statement of fact is that the philosopher rejects the notion of the existence of races. Worse for the Zionist Jew is the philosophers therefore implicit rejection that there can be any justification for one self-defined race to exclude all other people from the same rights and obligations every individual on this planet enjoys and must observe.

In other words philosophy rejects any claim by one self-defined group to be superior, simply by virtue of being a member of any self-defined ‘race’, to people who are not members of that self-defined ‘race’.
And so all philosophers who reject the idea of race, are by definition anti-Semitic.

The very notion of ‘race’ is a product of propaganda. The simple word for propaganda is ‘lie’.

More precisely, a well-engineered, fabricated, precisely constructed, painstakingly promoted, financed, and published lie.

A lie with a mission.

A lie that is constructed to fit into a whole set of lies, like the weave of a cloth.

This cloth is then extended until it blocks out the observers’ view of reality.

This cloth becomes the equivalent of Plato’s ‘cave’.

All we get to see is the cloth. The lies. We come to accept the lies as truth. As fact.

This propaganda, when effective (and the propagandist has spent millennia scientifically testing and perfecting their arts), replaces the actual objective reality a person is living in, with a virtual reality. A construct. A social reality.

And so the person interacts with this propagandist’s constructed social reality, rather than with the actual, real, objective reality that exists just outside their perception. Just on the other side of that ‘cloth’ of lies.

Propaganda in daily life is called ‘advertising’. Of course most people reserve the term for ‘wartime’ propaganda.

All is fair in love and war, according to the propaganda.

Propaganda gets otherwise kind, caring, hardworking, honest people to hate whoever the propagandist tells them to hate.

Propaganda works on emotional levels. At sub-conscious levels. At levels on which reason and rationality have no power to protect the victim of propaganda.

And so the target audience consume the propaganda, digest it, and buy the products advertised, and hate those the propaganda wants them to hate, or feels sympathy, and a desire to protect those the propaganda wants them to. The
Propaganda leaves the consumer of it seething with rage at some supposed injustice, or crime.

Propaganda mostly appeals to the emotions, and the irrational. It is very powerful. It is very dangerous. It is a mighty weapon that can be used by the best of people, and the worst of people, for the best of ends, and the worst of ends.

Of course everyone assumes that they themselves are the best of people, and have the very best of intentions. So everyone who can afford to, tends to employ propaganda.

Philosophy rejects propaganda like love rejects hate, like freedom rejects slavery, like justice rejects injustice, and peace rejects violence.

Philosophy embraces the search for truth as a mother embraces her child, or a lover their partner, or as a child embraces their pet. It is an embrace that cherishes, and seeks to protect.

The earliest forms of propaganda are what are known as ‘noble lies’, after Plato ennobled them with this definition. His noble lies were what most people refer to as ‘God’ and ‘religion’.

Propaganda that has become normalized and naturalized as the hegemonic social reality is the most powerful.

For such propaganda defines any interrogation of itself as malicious, irrational, and / or criminal.

Once you have established a lie as the accepted, official version of reality, the truth becomes the aggressor, the crazy outsider, the criminal.

The truth only has a chance if it is especially creative at overcoming propaganda.

The truth only stands a chance if it is especially courageous, and willing to suffer ‘fates worse than death’.

It can only survive if it learns to know its enemy, propaganda, so well that, like a mongoose, it can both avoid becoming prey, while finding the weak spot in the web of lies, the loose wall in the house of cards, which is the propaganda’s hegemonic social reality.

The purveyors of the propaganda, the lies, have all the power. They are in privileged positions Vis a Vis the truth. Otherwise they never would have
managed to have the lies installed as the hegemonic social reality. They built up their propaganda alternate reality step by step. Each lie gave them more power to further construct their edifice of lies, and to impose them, and the next stages, upon any resistance shown to them by the truth.

The process was iterative. Step by step. Each additional lie gave them a little more power to impose the next lie. Until they had all the power. Until they controlled exactly how people perceived reality.

They could define who was good and who was bad. They could construct ‘enemies’ and ‘terrorists’ and ‘threats’. They could start wars. They could commit genocide and call it ‘the will of god’.

In fact they could define their own will as god’s will. As they created this god themselves, he would of course say whatever they wanted him to say.

And because the propagandist knows that some people like to imagine they are ‘individuals’ and ‘different’, so to ensure they had full spectrum dominance, they constructed a number of mildly different versions of their hegemonic social reality, so that people appeared to have some choice.

Rather than risk losing control of even a few people, they constructed other religions and other gods for people to run off to when they got fed up with their current one. It gave people the illusion of ‘freedom of choice’. People could feel like ‘rebels’ by rejecting their parent’s hegemonic social reality, definitions, religions, and so on, and adopting another social reality and set of definitions which at first glance appeared to be different, but which turned out to be the same, and controlled by the very same people.

And so those who created god as their source of authority and power created other religions just different enough to give people the illusion of choice, and rebellion, and revolution, while keeping everyone tightly under lock and key.

So we got Judaism of the Mosaic variety, then Judaism in its many variants. The people wanted more choice, so they got Christianity, and then Islam, with all the many variants within these.

This not only ensured every sheep was kept under the control of the shepherd, but also that the sheep could be incited to wars with one another any time any one of the sheep-groups threatened to break away from the shepherd. For the groups grew in size over time until each social reality the shepherds had originally created could have, at any time, completely broken away from their control.
Propaganda was always effective at pandering to the worst and the best in people. To their malicious desire to harm and destroy. And to their loving desire to protect, serve, and do good.

Combine both in your propaganda and you create the perfect storm. A perfect killing machine that thinks it is protecting women and children, liberty, freedom, and even god himself.

Anyone not inspired by the propaganda is treated as a criminal, a traitor, a selfish egotist, or simply irrational and insane.

As of 2012, propaganda is legal in the U.S.

This means that whoever now controls the mass media, the ‘factory’ that produces our impressions, experiences, definitions, and basic ‘social reality’, has the power to direct the masses in any way it wishes.

The group who control the mass media get to choose what you see and what you don’t. What you hear and what you don’t. What you learn and what you don’t.

In other words they can prevent the truth from reaching your own eyes and ears and brain.

They can then tell your any lies they want to, completely unchallenged.

For you will have no other source of information but them.

You will have no reason to doubt their lies, as you will have no other information to go on.

You will have no chance to learn the truth. The reality. What is really going on?

You will not even have a chance to learn that this has all happened.

For the same group with the hegemonic power to buy up all the mass media, all the television stations, newspapers, magazines, an ‘pay for comment’ media personalities that you trust, and all the Hollywood film makers, will also have power to spare to ensure that your elected government officials are good team-players, and go along to get along, with them.

So the same group constructing your social reality, the propaganda you consume as if it were truth, will ensure that laws are enacted that make it a crime for anyone to stand up and say ‘hey, that’s propaganda’. ‘Hey, look, I can’t tell you
exactly what’s going on, because, like you, I live under the hegemony of the powerful group, but I can tell you what is NOT true. I can prove what we have been told is a lie. That it is just not POSSIBLY true, for this and this specific, irrefutable, scientifically proven reason.

For anyone who has the insight, and the courage, to stand up and say such things will immediately lose their job, their income, and their freedom. They will be locked up in solitary and tortured until they admit they are either crazy or wrong.

Did you know that these laws already exist? That thousands of people are being put in jail without trial? Without a chance to defend themselves.

Why? Because during the normal legal process defendants of criminal allegations have a chance to defend themselves. To prove they are innocent. To prove the facts of their case.

In the event of ‘thought crimes’, if you let a skeptic, whether Holocaust skeptic or global warming / climate change skeptic’ or ‘open borders skeptic’ actually mount a defence of their beliefs in court, they would win.

If you let a Holocaust skeptic (so-called historical revisionist) mount a defence in court, a terrible thing happens, from the point of view of the hegemonic propagandist. That terrible thing is that the victim of the persecution, the skeptic, gets to interrogate ‘witnesses’ and bring in their own ‘experts’. The result of this process has ALWAYS and EVERY TIME been that the ‘witnesses’ have been completely discredited as either liars, or delusional. And the supposed ‘facts’ have been disproven as impossible and clearly straight out lies.

In other words the witnesses and facts prove to be nothing more than propaganda, as soon as you give the ‘defendant’ a chance to do so.

In fact in all such cases where skeptics were given the right to defend their statements, the judges gave up on any semblance of justice or legal process and convicted the ‘defendants’ saying, like a child throwing a tantrum, with fingers in ears and hands over eyes, that ‘The Holocaust happened. Period’.

It then takes up to a decade for the Supreme Court to rule that the Judge had no legal right to convict the defendant. But that is only in sovereign nations.

In countries still under occupation after WWII, like Germany, the propagandist still has supreme power.
The only way any philosopher or sociologist could make sense of the German laws is to assume that the Zionist, the propagandist, is in full control of the entire society. That the Zionist hegemony Adolf Hitler warned about, and fought to break free of, in his own words, not mine, is in fact reality.

How else do you explain a law that allows people to be kidnapped from foreign countries and brought to Germany to be imprisoned without trial? For five years. Not just to be imprisoned, by tortured. For anyone who has experienced solitary confinement knows it is torture. Any other description is just playing with words.

Solitary confinement is torture whether you are a dog chained to a post all day and all night, or a person locked in a concrete box all day and all night.

There is a reason that prisoners have their belts, shoelaces, and anything else they could hang themselves with removed before being placed in solitary. It is a fate worse than death. Many people have killed themselves rather than endure such torture. If you want to challenge this statement, then feel free to prove me wrong by allowing someone to imprison you, in solitary, with no certainty of ever being released. If that does not break you, then we would be very interested in studying you.

Like me you didn’t know about this. You won’t know about it until it is too late. Until something you become the next victim. For now the laws apply only to truth seekers who stand up and challenge the official ‘Holocaust’ story. Soon the same laws will prevent you from voicing any skepticism about the official ‘climate change’ story. Yes folks, you may not like people who make old Jewish women cry in court because someone dared interrogate them on the stand as a ‘witness’. Surely, like the Judge said, it does not matter if what you are saying is true, the point is whether that truth makes an old Jewish woman uncomfortable.

But what about when the government take away your car keys, tax you for breathing, add world taxes to everything you consume, take away your job, send your children off to kill other people’s children, and evict you from your ‘carbon producing’ home?

They are going to do this. Their reason this time is climate change. It is a complete hoax. They almost got away with it a few years ago, by falsifying data, but the scientific community at that time were still free to express their own view. They were still free to challenge the lies. They called them on their lies. The liars backed down, despite the huge propaganda machine they had at their disposal. For propaganda only works as long as you have a monopoly on truth.
Propaganda only works as long as you can lie, and not be called on your lies. Only as long as you are unaccountable to the truth. Only so long as there are no independent thinkers out there who can publicly force you to prove your lies.

So you were saved from a terrible crime. A crime that would have empowered the hegemonic propagandist further, giving them even more power, and thus more resources and power to further control your social reality through propaganda, through lies.

In fact they are on the verge of total control.

You didn’t care when someone you didn’t like was persecuted and tortured for daring to speak the truth, and call the liars on their lies and propaganda.

Probably you are not paying attention now.

I am sorry that I will not be able to help you at all when the hammer drops, and you find yourself living in an absolute prison state, as has occurred time and time again during the course of human history.

Right now I am risking fates worse than death to arise you from your slumber, from your dreamlike state. You are sleep-walking to your doom. To your children’s doom.

The Government of your nation is right now working on a law that will make it criminal for you to question anything they say about anything. You will have no freedom of speech at all. You will not have the right to defend the truth in court.

You will have two rights. The right to remain silent. Because anything you do or say WILL be held against you in a court of (arbitrary) law. You will be tortured in whatever way they think will break you. It will be perfectly legal. You will have the ‘choice’ of ‘admitting’ that you MUST be crazy, for thinking anyone would lie to you, let alone your own government, or to rot in a concrete box until they decide to let lose some psychopathic prison inmates on you, to rape you to death, or simply kill you for fun.

Facts I am not even now free to tell you.

I am not writing this as the free person I was until a few weeks ago, when I stumbled upon so much information that it forced me back to writing, away from my music and deep philosophical meditations.

No, right now I am breaking laws all over the world, by simply writing this.
Do you think I should suffer fates worse than death for what I have written here?

In fact it does not MATTER what I have actually WRITTEN here. A judge can simply, arbitrarily, without any legal process, decide that HE knows that I really MEANT something quite different!

Yes, my friend, a judge and public prosecutor, both previous and future senior executives of the Zionist Banksters’ hugely profitable banking and finance industries, are right now free to arbitrarily twist my words, and intentions, and simply ASSUME that I am a malicious, fear mongering, hate mongering, lying, deceptive, crazy, Nazi, nasty, criminal genius. They can claim that THEY KNOW BY SPECIAL INSIGHT that I am evil and must be locked up.

They are so sure that I am such an evil genius with a huge network of co-conspirators that they could not possibly risk a trial. For at a trial I might prove myself innocent. And they know I am guilty. So they will, in the interests of society, avoid the ‘risk’ of a trial.

Official spokespeople for the Governments of various countries including the U.S have openly admitted that maybe one in 5000 of the people they arrest will end up being convicted for the crimes they are charging all 5000 with. So why bother? Surely only guilty people get arrested, right? Surely you can’t risk actually having trials where some people actually don’t get convicted?

Stalin is said to have operated so. He is told on Monday by his statisticians that they expect that 1% of the population will commit a crime worthy of imprisonment. The great leader digests this information for a moment before ordering his KGB to arrest 1% of the population, and send them to gulags.

Perfect logic right?

His family name just happens to be? …‘Son of a …’ in his native Ossetian. No, I won’t risk it. It might appear a cheap shot.

A person concerned with justice would agree that it is better to let 100 guilty people go free than to falsely convict one innocent person, especially if the intention is to torture them with solitary confinement for years, until they literally ‘break’ prefer to live a lie than die honest, or literally go mad.

Go online and view the videos about David Irving, Ernst Rundel, David Cole, and ‘The forecaster’.
None of these people have ever done more than their constitutional rights legally allowed them to. None of them committed anything that a normal, sane, honest, sober person would call a crime.

Yet they have been branded as criminals, as Nazis, as self-haters, as liars, as cheats, as conmen.

All because they would not break and say that 2+2=5. In the case of ‘The forecaster’, he spent 11 years in prison, and endured 7 years in solitary, in a concrete box, in high-rise people-silo, because he would not give the Zionist Bankster’s his computer software. Somehow this genius worked out the key to predicting the major economic cycles down to days. Either he had stumbled upon the pattern the Zionists used to manipulate the markets, or something the Zionist Bankers’ didn’t understand, could not control, and therefore feared.

These people are all heroes who have suffered greatly for our collective benefit. I will write up synopses of their stories when I get the chance. They deserve our praise, admiration, and support.

If we fail to support these heroes, then we cannot claim to be innocent victims of the Zionist Central Bankster’s New World Order.

This is perhaps the very last moment for maybe another 1000 years (few world orders last longer than that) when you have the freedom to act. Actually not freedom, but opportunity. It is already criminal to act. But the laws are just words on paper. It is you compliance with laws that give them their power. There are only so many police and there are so many people.

Read my book ‘911: 5 minutes to midnight’. NOW. Get as many people to read it as you can. Please make torrents and seed them. If you normally buy books, please buy them so that Amazon has a reason to keep them on their system.

I have lived a life in what most people would call financial and social poverty, in order to be free to think and write. I use one bucket of warm water a day, and whatever I drink. I wear second hand clothing and shoes. I never turned a heater or air conditioner on in my life. Not even in Wagga Wagga, Germany, Poland, London, or South Korea. Luckily in Moscow and Estonia I had no control over the heating, because I probably would have really suffered when it got down to minus 35 degrees Celsius! I live off semolina prepared with hot water from an electric kettle. I make coffee in the cup, using ground coffee. I have never used a fridge or washing machine in my own home. I eat frozen food that is just defrosted. I eat days old bread and whatever else has been marked down in the ‘out of date’ section of the supermarket. I would certainly eat better in prison.
would not have any less sex in prison than I have had in the last decade living like this. Women do not want men who live like I do. I have no children or family ties, as I could not bear to see other people suffer for my own principles. The SS officers who wrote ‘confessions’ had been physically tortured but had not broken. But then the Allied and soviet interrogators threatened to deny their families ration cards at a time when there was no other way of getting food in Germany, and of course they broke and wrote whatever they were told to.

The Zionists know that their lies fall apart when ‘put on the stand’ in a court of law. They never respond to the skeptic’s questions and challenges, as every time they do, they are left looking dishonest, deceitful, stupid, and terrified.

The same happened with Al Gore and his cronies.

This is why the Zionists need laws to deny people the right to a fair trial. This is why they resort to propaganda. The truth is just too unflattering.

Worse, the truth, when the masses understood it, would lead them to demand the same sort of thing that has happened over and over in history.

This is what they fear. Being discovered.

If they had nothing to fear, they would act honestly, and fairly.

The Zionists have never proven a single of their claims in a free court of law. What happened at Nuremburg was a show trial and pure propaganda. Nothing more and nothing less.

Al Gore and his ‘climate change’ lobby are in the same position. They are lying to us all. Al Gore stated, like a good Zionist, that ‘It happened / is happening ‘ / Period’. He actually made the mistake of claiming that the science was ‘unquestionable’. That is what riled the scientists all around the world from their quiet studies.

The last time we gave in to our states we got several hundred years of ‘dark ages’, during which it was as crime not to openly and publicly agree with whatever the Catholic church said was true, not matter how absurd and obviously wrong it was, needless to say unjust and cruel.
That is where we are heading today. Right now. I mean right at this very moment. But you still have a chance if you open your eyes and ears, switch on your brains, electro-shock-start your hearts, and demand the reinstatement of the most precious thing you have enjoyed for a brief moment in history. Legal rights.

They say 1776 is the answer to 1984.

Constitutional, inalienable rights. Rights which no-one can arbitrarily override.

The right to free speech. The right to political representation. The right to legal process. The right to own and operate a free and independent media.

Otherwise you really get the government you deserve.

Right now you don’t deserve much better than what is coming.

You are like I once was. Naïve. Ignorant. Unaware.

I got out of the hegemonic social reality. You can too. Especially now that people like me, with the help of thousands of other people like me, can offer you a signposted route.

Hey, once we have our freedom back, you will be free to make fun of me, or join me.

You must understand that I am not madly in love with humanity. Humans have been horrible to me, and each other, and especially to most animals on this earth. Monstrous in fact. So this is not a romantic mission. Have no fear I will suddenly ‘fall out of love’ and give up.

No, in fact I often find myself experiencing great ambivalence about trying to inform you all. For I agree with most of the things I am told the Zionists Bankster’s are out to do. The problem is there are things I am uncertain of, and doubt. And those things are HUGE issues.

So I am hoping that after we escape the Zionist Bankster’s net, you might be a little grateful, and willing to sit down with me and consider my own ideas for a New World Order.

Anti-Semitism is really, by definition, anti-racism. Semitism means nothing unless you assume races exist. And they don’t.
Why people chose to define themselves as ‘Jewish’ is beyond me. I am just a person. My merits are those I earn myself. Meritocracy. That is the basis for creative, productive society that will produce the surpluses to facilitate a generous redistribution and thus a ‘fairness’ greater than nature itself produces.

Why you would chose to be associated with the people in the Bible who commit the worst war crimes, crimes against humanity, genocide, ‘ripping apart pregnant women’ and killing them and their babies, far worse than anything Hitler was accused of (I honestly believe falsely now, based on what I have learned, which until then the Zionist propaganda had effectively kept from me). Does it matter if the supposed events happened 70 or 3000 years ago?

What sort of people chose to be associated with, and proudly reprint, a document which supposedly documents their war crimes, repeated acts of genocide, crimes against humanity and nature, and explicitly states that they have a god given right to enslave all non-Jews? That is just the Torah.

When we get to the Talmud, which apparently has a much greater bearing on ‘Jews’ in more recent times, we see all non-Jews defined as ‘cattle’, with no legal rights, exactly as the stories of Ernst Rundel, David Irving, and ‘The Forecaster’ show that ‘Jews’ today are treating ‘Gentiles’. Yes folks, it is not anti-semitic to identify judges, lawyers, and mass media owners as ‘Jewish’ if they themselves are the ones who demand I so define them by claiming to be ‘Jewish’ and thus ‘not –Gentile’.

The truth is shocking even for me, months after publishing my book on 911, the bible, Zionism, The Central Bankster’s Petro-Dollar Ponsy Scheme, and the new world order.

What the Talmud states for anyone to read, and what is written in the Torah, the Old Testament of the Bible, is happening right now.

Gentiles do not have legal rights in the U.S, Canada, Germany, France and so on and so on.

FACT.

What sort of person proudly identifies with a culture of hate, murder, rape, theft, enslavement, racism, and lies?

I know it is criminal to say so, but what is a philosopher to do? Read the bible. Read the Torah. Read my book. Check everything I have written.
What does it mean to define yourself as ‘Jewish’? Why define yourself as ‘Jewish’ if no-one is forcing you to?

Based on the Bible and Talmud, to be Jewish is to be worse than any Nazi was ever accused of being. Why would you identify with such a history?

Genetically ‘Jews’ are Arabs, or from Southern Russia.

Historically they get kicked out of whatever country they live in, and are hated by otherwise calm, rational, reasonable, decent people. Not that I am saying there are noble savages out there. I just mean, please, I have a right to ask why the same things keep happening to the same ‘self-defined’ people.

And why they insist on defining themselves as ‘Jews’ when racism was abandoned by the liberal Western world decades ago????

I will continue when I get the time…

Please read my book ‘911:5 minutes to midnight’ and share it by whatever means you think suitable. Please make sure that after they take me away all my books remain available. You will see from reading my books how my views have developed.
More Clinton Zionism

Hillary Clinton's father was a huge crime boss...a 'Jewish' crime boss...like all the 'Jews' Putin had kicked out of Russia...which is the REAL reason for the sanctions against Russia...from the 'Jew' S.A...and the E-'Jew'...we are living in occupied territory folks...full spectrum media propaganda machine...the 'Jew-diciary' ... the 'Jew'-N...the E-'Jew'...The 'Jew-nited States of America'... Hollywood...Television...Radio...newspapers...'Lobbyists'....you will not realise how many 'Jews' are in positions of power over you until you get them all to where green on the same day...take all the people in power in the world, put them in a 'green room'...and if the 'Jews' are all dressed green, the room will be virtually empty...apart from a few of their fully paid up 'golems'...Like Bill Clinton...they have so much 'dirt' on him he could never 'fess up', even if he could give up all the sex, drugs, and money they 'reward' their golems with...including child sex...OF COURSE TELLING THE TRUTH IS CONSIDERED ANTI-SEMITIC, WHEN YOU LIVE IN A WORLD CONTROLLED BY 'SEMITES', WHOSE REAL POWER IS NOTHING MORE THAN LIES...

The Bolsheviks were mostly Jewish...they committed most of the war crimes against women and children at the end of WWII...under direct Jewish Commissar orders...under Ehrenburg's orders, the same guy who promoted the propaganda that the Nazi's had already murdered 6 million 'Jews'...they sent the 'Asiatic' Soviet soldiers as the shock troops to rape and brutalise and murder civilians, before allowing actual 'Russian' regular soldiers in...they murdered tens of millions of Russians and Ukrainians, and Germans....then Stalin kicked them out...then Putin kicked them out...YOU still have them and are protecting them...they are using the 'Jew' S.A and 'Jew' N and E-'Jew' to enslave us...and you won't dare name the enemy...so Putin has NO choice but to hope to carry out a first strike against the world's number one enemy...the number one enemy of freedom and democracy...the Jew.S.A...The 'Occupied' north American zone...which is where you live...what you call the U.S.A...you guys had a chance to stop it...but you couldn't see out of your own 'Christian' NLP bubble...you let your government become the worst world terrorist ever...and if Putin does NOT defeat you NOW....you are doomed....you'd better hope he wins...that he can...
manage a first strike to knock out all your military...and send in Russian peace keeping troops...NOT Jew N mercenary Golems....REALY ... LOVE YOU GUYS, BUT YOU HAVE FAILED....TAKE OFF YOUR 'CHRISTIAN' NLP BLINKERS...NAME THE ENEMY...FACE IT DOWN...THEN YOU CAN BEAT IT...IF NOT YOU ARE DOOMED....PLEASE READ MY BOOKS FOR FREE...I LIVE IN POVERTY SO I CAN DO THIS IMPORTANT WORK...I MEAN I SURVIVE...I DO NOT LIVE AT ALL....NO WELCOME FOR ME...NO ACCEPTANCE OR APPROVAL, LET ALONE LOVE, MONEY, RESPECT...SO I UNDERSTAND IF ALEX JONES AND YOU GUYS DON'T HAVE THE GUTS TO FACE THE 'JEWS'...OR IF IT IS A STRATEGY, TO AVOID THEIR WRATH...TO TRY TO SNEAK IN AROUND THEIR CENSORSHIP...BUT ITS MIDNIGHT...NO MORE TIME FOR THAT....YOU HAVE TO GO IN FULL GUNS BLAZING, OR YOU'LL SOON BEEN LIVING IN THE POST NUCLEAR JEW.S.A I FORGIVE PUTIN IN ADVANCE...HE IS DOING WHAT HITLER REALISED HAD TO BE DONE...DIDN'T CHOSE IT HIMSELF...WOULD NOT HAVE CHOSEN IT...BUT HE HAD NO ALTERNATIVE YOU GUYS STILL HAVE A CHANCE TO WIN... IF YOU REALLY CAN'T GET OUT OF YOUR NLP TRANCE, THEN WHAT CAN I DO...BUT SEND YOU MY LOVE....THANKS FOR THE GOOD WORK YOUR DID DO...I UNDERSTAND ALL THE POSSIBLE INTERPRETATIONS OF WHAT YOU ARE DOING, AND NOT DOING... BUT THE TIME IS UP...NAME THE ENEMY, OR LEAVE IT TO LEADERS LIKE PUTIN TO DO THE 'DIRTY WORK' NECESSARY TO PROTECT THE WORLD FROM THE 'JEW'-NITED STATES OF AMERICA...

Again, another 'fool' or is it 'Schill'...how could someone as apparently clued in and intelligent as Snowden still talk about 'planes' in association with 911...and so on and so on ... will they use Snowden, probably STILL working actively for the CIA, as an excuse for actions against Russia...I mean, hey folks, they ENSURED Snowden would be stuck in Russia when they revoked his passport, just as he arrived there...co-incidence? I doubt it...I'd say, like Alex Jones, Snowden, and Assange, are CIA all the way...or is it me finding it too hard to believe that people, after 15 years, can be so willfully ignorant of simple facts ???? read my books to find out what FACTS I am referring to...and make up your own mind...but if I were Putin, I'd put Snowden on a plane to Argentina or anywhere else he chooses to go...because he will be bad news for Russia...

Alex Jones has once more 'managed' to miss an obvious connection...

a clear pattern ... Alex Jones admitted was accused of anti-Semitism by the ADL and Southern Poverty Law Center for merely speaking about a global corporate
take-over, and the big international banks... when will this man wake up to the obvious... if he is criticizing X, and Y retaliates, how long could it take for his brain to form a connection between X and Y ... that they are one and the same ... when will he take off his 'blinders' ... could he really be that stupid ... why mention the claims he is 'anti-Semitic' at all, if he is a Zionist Golem? ... Could it really be that he is just 'blind' to anything connected to his ‘religion’???

Again, to repeat... Alex Jones claimed that global corporations and banks have 'occupied' the U.S and Europe... he never once, ever, made any connection between 'Jews', Zionism, and Globalism, and the banks... he has appeared to deliberately avoid making ANY such connections for over 25 years ... as if either scared of the power of the ADL ... or actually a Zionist Golem himself, working for the 'Jews'... I have criticized him over and over for these facts ... so please explain why the ADL, the legal arm of Zionism that destroys, legally, financially, and through brute force, anyone who dares raise questions about 'The Holocaust', or even suggest that Israel, and 'Jews', have too much influence on U.S politics, world politics, and international banking ... why would they attack Alex Jones and accuse him of anti-Semitism ? ... THEY JUST DID THE MOST STUPID THING THEY HAVE EVER DONE ... IF YOU PAY ATTENTION FOR ONE MOMENT ... IF YOU TURN OFF THE REPEATING PROPAGANDA THAT PLAYS IN YOUR MIND, JUST FOR A MOMENT...FUCKING PAY ATTENTION ... THEY ADMITTED THAT EVERYTHING ALEX JONES HAS SAID ABOUT GLOBAL CORPORATIONS APPLIES TO 'JEWS'...TO THE ZIONISTS... THEY HAD NO REASON TO ATTACK JONES AT ALL... THEY ARE FUCKING IDIOTS FOR HAVING DONE THIS...IF YOU ARE SO FUCKING STUPID THAT YOU DON'T GET THIS, THEN YOU ARE LOST TO ME...YOU ARE AS STUPID AS THE 'JEWS' DEFINE YOU TO BE...NOT WORTHY OF MY ATTEMPTS TO INFORM YOU...YOU ARE DOOMED... HAPPY NEXT LIVES ... BECAUSE THERE IS NO HOPE FOR YOU NOW, IF THIS CLEAR ADMISSION OF THE 'JEW' WORLD ORDER IS NOT ENOUGH TO WAKE YOU UP...remember that every nation in history has 'kicked out' the 'Jews' at some point in their history...ask yourself why...read my books...for free...or available from your favorite e-book retailer...

PLEASE, FEEL FREE TO ASK ME TO EXPLAIN ANYTHING YOU DO NOT 'GET' ... JONES CLAIMS X IS DOING SOMETHING BAD...BUT Y COMPLAINS THEY ARE BEING FALSELY ACCUSED...WHY WOULD Y DEFEND ITSELF WHEN X IS BEING ATTACKED, IF X AND Y ARE NOT ONE AND THE SAME ENTITY???

IF THIS IS NOT ENOUGH TO GET YOU TO READ MY BOOKS, AND ACT NOW, THEN IT IS ALREADY PAST MIDNIGHT...ENJOY YOUR 'JEW'
WORLD ORDER...AND HEY, DON'T HATE ME BECAUSE YOU WOULDN'T LISTEN WHEN I SACRIFICED AND RISKED SO MUCH TO TRY TO INFORM YOU...

And understand that the Zionists ensured the E-Jew (E.U for the ignorant) cracked down on money laundering, and exporting weapons to Saudi Arabia, simply to ensure the temporary survival of the U.S finance / banking system (which the CIA and any informed analyst admits is currently being supported only by money laundering), and the profits of U.S arms manufacturers, controlled and owned by Zionist 'Jews'...

There is one explanation for the above...that the ADL is attempting to mystify and obfuscate...by accusing Alex Jones of being anti-Semitic, they may be hoping to confuse us...to make it look like Jones is their enemy...and not actually working for them...this sort of thing is so common that it was bound to occur to me sooner or later...to be honest it took me a few hours to consider this possibility...

Sorry for swearing...I am trying provoke you to using your brain...a sort of Zen shock-stick...an NLP approach...to shock you out of your daze...provide a moments pause in your constant mental noise...a chance to break free of your mental prison...to stop merely reproducing your conditioning and programming...that which the mass media has immersed you in...To break you out of the trance you have been put in...

I love the best in Alex Jones ... there really is no-one like him out there...and if he is genuine, I don't want to add to his problems...but when will he allow himself to be informed that his grandparents committed war crimes against a Germany that was fighting the same enemy he is facing...to realise it is the same enemy? I find it so frustrating that he has his own limits...that he goes on demonizing Germans, and Hitler, and allowing the 'Jews' to get away with their lies, while presenting himself as so open minded, aware, enlightened, awake, and brave...I find it hard to believe the worst about him......I want the best for all sentient beings...passionately...I hate lies...passionately...I love truth, even when it hurts, and isn't flattering, because you cannot optimalise reality, if you don't face it...

I don't have an audience, I don't have people helping and encouraging me, I don't have anything but the truth...and I share it freely...

Happy next lives

Hilary Clinton is just a Zionist Puppet, like Bill...they can 'buy' new 'Golems' in a moment...but they did invest a lot in the Clintons, and they've brought them all the power they need to institute their Zionist Jew World Order...so they will keep her alive just long enough for her to lure in her supporters, then do the old 'switcheroony'...and put their next pre-prepared puppet in !!!
More Zionist NLP

So, as predicted, Di Caprio got his Oscar by agreeing to be a propagandist for the 'Jew' World Order....now calling for a ban on public office for anyone who does not go along with the new 'Noble' lie...the new 'Sin'...the new 'Tax'...to fund the new, fifth, Zionist world religion known as 'Man-made global climate change'...

In the past you had to be either a 'Jew', or a 'Christian', or 'Muslim', or a 'Marxist', to gain entry to any position of influence or power...in fact David Hume couldn't even attend his university of choice, as he was not a theist...and he faced discrimination, and the threat of prison, his entire life...he actually left one of his most important books unpublished until after his death...to avoid persecution...so this is all pro forma...all par for the course...all typical archetypal Zionist NLP...a new religion when the old ones have lost all credibility...a new way to rule...to control...to dominate...to tax...to enslave....from Judaism, to Roman Christianity, to Islam, to Bolshevik Marxism, to 'Global warming', which failed in its infancy, and has had to be replaced by 'Man-made global climate change'...which can cover the cooling we are experiencing, and ANY climate change...like good trance induction...predict an event that HAS TO happen...and when it happens, as it must, it stamps the unconscious with a certain power...anyway....

good morning Sheeple...how are you enjoying your 'Jew' World Order? Not so bad yet, you say? well wait for the bombs to start falling, the food shortages, the FEMA camps...but sorry folks, by then it will be too late...some of you may fight, but how could you beat your own government? When did THAT ever succeed?

The way NLP and trance work is to set up an expectation, then appear to fulfill it...so all this talk, all the past movies, about WWWIII...all the Zionist 'Jew' World Order 'Jewnited' States Of American, NATO / ATON, CIA Mossad need to do is have a few nukes go off somewhere to declare total martial law...total shutdown of all media...total state control of the internet...as 'war measures'...and then complete this last phase of their plan...in the 'Jew' S.A and 'E-'Jew'...so they WANT war with Syria / Russia ... so they WILL PUSH for it as hard as they can...then of course blame it on Russia...like they blamed WWII on Germany,
and WWI, and The Franco Prussian War...and their 'Jewish' grandmothers arthritis...and...and probably invent a whole new narrative of 'victimisation' for 'Jews'...this time blaming some new 'Holocaust' fiction on the Russians...anyway, sleep well, dear Sheeple...but don't expect me to miss your passing :D

Shalom

Happy Next Lives

Happy 'Jew' World Order
Foundations perfect for tax avoidance and money laundering, by design

'Foundations' were introduced, after a huge amount of corrupt lobbying, to let rich people set up 'corporations' as 'charities', without ever donating anything to anyone...just 'donate' money into your own foundation, your family foundation, your 'mates' foundations....and they donate it back to your foundation, and so on...you spend it as you would any filthy lucre, on luxurious travel, accommodations, food...ask Bono, ask the Clintons, ask Bill Gates, ask the Rockefellers...

The Clintons set up their foundation first in Canada, where law does not require reporting of who donates...so anyone can launder money through the foundation...then that money is transferred to U.S as 'clean' money...i.e laundered...pay for play...corruption...96% of money donated for Haiti victims spent on Clinton family i.e huge salaries, luxury living, luxury travel...pay money to Clintons via Canadian Clinton foundation to get access to govt. contracts, preferential treatment, corruption...Hillary pushed through attack on Libya against best military / intelligence resistance i.e for the Zionist Central Banksters... Guess which ‘Jews’ had recently stolen over 2 Billion from the Libyan sovereign fund they had been trusted to invest for Libya? Wonder why all the offices of the company investigating that fraud were bombed, in the heart of the Libyan Capital, a target with zero ‘military’ significance?
World ‘Jews’ wear green day

If 'Jews' were green, so that they stood out...imagine the impact...you'd see all these green people running the biggest banks, the 'Federal' Reserve Banks, the finance markets, Hollywood, all over your Television, 'lobbying' all over Washington, all over the U.N...You’d see all the powerful people of the world going to 'meetings' with them...

You'd see all the NON-green people being excluded from all the positions of power, influence, and persuasion, waiting outside the offices of those in positions of power...because they cannot afford to 'pay to play'...

You'd see politicians who were last seen working with the 'green' men in big banks, big corporations, big pharma, all the industrial military complex corporations, and so on, entering political offices...starting wars with taxpayers money...bailing out banksters with tax payers money...increasing taxes on the poor and middle classes...and then after a few years going back to jobs with those very same corporations, whose boards of directors are almost exclusively 'green' men and women...

So I pray to the Super Soul that tomorrow morning, every 'Jew' wakes up green...

Then see how they manage to 'deny' that 'green people' rule the world...

And not in the interests of the non-green people, you can bet your last dollar (which they will suck out of you in due course, along with your last liberty, your last 'freedom', your last 'right')

Oh, and can you just see Alex Jones trying to deny the Zionist 'Jewish' conspiracy !!!!! So much for 'globalist corporations'...there would be no way to continue the charade ... to dismiss the notion of a 'Jewish supremacist' conspiracy... he'd have to either admit it, or admit he is a Schill for the 'green people'. The self-defined 'Jews'.

Welcome to the 'Jew' World Order

Happy Next Lives :D

Shalom !!! :D
World War III

World War III will be just another horrific circus like the last two. With ‘fake’ enemies and ‘fake’ allies. With the Zionists pulling the strings. Sending ‘Goys’ off to kill each other, so that the Zionists can remake the world political maps. Profit from the war by controlling rationed goods and resources. Profit from the arms sales to every side. Profit from the inescapable debts that every side will rack up, to pay for the wars.

I remember in primary school trying to explain to my friends that world federation wrestling was all fake. That the wrestlers were only pretending. That they were only pretending to hate each other. Well it’s the same today. With the Zionist puppet leaders of the U.S, Russia, China, and probably Iran and Israel, all pretending to ‘hate’ each other. All the while they are on the same side. Playing us all for fools. Playing their own military leadership for fools. They will set each other’s militaries against each other. So that the ‘Goys’ murder each other, to the Zionist ‘Jews’ delight, and profit.

We will never ever be able to know for sure what happened. 60 years after WWII most people still believe the Zionist ‘Jew’ Hollywood version of WWII. With evil Nazis. Pure propaganda. It is a crime to dare investigate the ‘official fiction’. The propaganda has been made ‘official reality’. Social reality. Dogma. Like any other religious dogma. It is taboo to question it. It is illegal to question it. It is a criminal offence to ‘deny’ it. Like it was a crime punishable by death to question the official narrative of the Catholic Church during ‘The Dark Ages’. Or a crime for Socrates to challenge the prevailing religious dogma of his city, Athens.

So we won’t know what is happening as it happens. Or even after it happens.

Some more horrific violence will take place. Same old shit. Just this time the numbers will be even higher. Higher than the 70 million butchered in the last war in the name of ‘freedom’ and ‘our way of life’.

Everyone on each side will be certain that they are on the side of ‘good’.
Everyone on each side will be sure that they were the victims. That the ‘others’ attacked them. That they are defending their homeland.

The leaders of every nation participating in this huge slaughter will play their roles as ‘good guys’ or ‘bad guys’. Depending on which ‘audience’ is watching. Depending on who is granted, in the end, ‘victory’. Though in reality they are all on the same team. Playing us. Playing us for fools.

Few people will ever guess that the leaders on EVERY side of the conflict will be working together to destroy the world as we know it. To kill billions of people. To make everyone who is not a member of the elite 144,000 Zionist ‘Jews’ poor. Poor and dependent on the ‘State’. Terrified of violence. Willing to submit to total martial law. Willing to follow orders. Willing to kill anyone defined by their ‘protectors’ as ‘a terrorist’.

Those who defy and resist with force will be slaughtered. Those who are disarmed, and submit, will be rounded up in the same old ‘Gulags’ and ‘Work Camps’. This time named ‘FEMA’ camps. They are already defined, officially, in U.S Military training manuals, as ‘Re-education camps’. Just like the ones in the old ‘Jew’.S.S.R.

Once the media black-out is imposed, you will have no chance of ever learning anything about what is really happening. If your television, radio, or public broadcast system is telling you that ‘the enemy’ have launched nuclear missiles at your city, you are not going to have any way of knowing otherwise. You will rush to the FEMA camps. You will follow orders. You will submit immediately to martial law. You will never get a chance to find out what is REALLY happening. For all intensive purposes you will act as if you are at war. You will never learn the truth.

This is why Obama is so keen on his new censorship laws. His ‘Fake News’ campaign. Soon, war or no war, there will only be one source of information for everyone. The Zionist mass media full spectrum propaganda machine.

So it is just a very small step to total censorship. Of course once it is in place, the media will act like there never WAS any ‘alternative’ information. No ‘alternative’ points of view. No ‘alternative’ opinions. Or that any ‘alternative’
views were merely those of ‘mad-men’ and ‘deluded conspiracy theorists’. Mentally ill people. Malicious hate-criminals.

Soon ‘the worm’ will eat up any information, opinions, posts, documents, videos, books, or blogs that contradict ‘the official fiction’. The official ‘truth’. The natural, normal, taken-for-granted points of view. The official dogma. Whatever the Zionists want you to believe. They will imprint those beliefs in your mind. Until they become your only possible ‘reality’.

The Zionist ‘Jews’ are, after all, the masters of perception engineering. Public relations. Marketing. Advertising. Propaganda. The only thing Zionist ‘Jews’ have ever manufactured was public opinion. Your consent. For wars. For ‘bank bail-outs’. For persecution of anyone who challenges the Zionist’s full spectrum propaganda.

So we will be lead to slaughter each other, in the millions, once more. To bomb women and children in their beds. To burn alive our children and families in fire storms. To mutilate each other. To bring misery and suffering to each other. Just so the Zionist ‘Jews’ can have their ‘Jew’ world order.

There is very little chance of the military of any nation rising up against their Zionist masters. In Katyn forest, the Jew.S.S.R military murdered upwards of 10,000 of the Polish military, simply to avoid any such ‘defiance’. They went on to murder millions of Ukrainians and Russians. Regularly the Zionist elites of the ‘Jew’.S.S.R would round up any potential dissidents in the Jew.S.S.R military and murder them. Filling the ‘Red Square’ in Moscow with dead Russian patriots.

There are always enough ‘Goys’ willing to sell out fellow Goys. In return for wealth and power. Privileges. Status. Always some nasty little Marxist keen to ‘cut down the tall poppies’. Some ugly, cretinous, deformed, hate-filled creature happy to harm their fellows, to ‘avenge’ them for being ‘better’. Marxism is basically a hate-crime. Just look at how all Marxists throughout time have behaved once in power. They resent anything of beauty. So they destroy it. Anything that might make them feel ‘lesser’ by comparison.

How many people have ever risked their job, let alone their life, to help another person? To stand up for what is right? To stand up for justice? To stand up for truth?

So just how hard is it going to be to find millions of ‘Goys’ willing to turn on their fellow countrymen? To ‘follow orders’ given to them by their Zionist
masters. The ‘Jew.S.A’ is completely run by Zionist ‘Jews’. Today. So what chance will there be of any serious defiance of orders which, made by Zionists in the government, are technically ‘legal’.

When did supposedly ‘good’ men and women refuse to bomb sleeping women and children in their beds? By the tens of thousands? The women back home building the bombs and bombers. Their sons flying the bombs over the cities of ‘the enemy’. And dropping them. Fire-bombs.

Read about what happened at Dresden, if you still imagine it was Germans that were the war criminals of WWII.

So you will build the bombs again. You will drop the bombs again. You will machine-gun survivors, and those brave men and women who come to help their dying friends and relatives. You will round up ‘patriots’ and put them in FEMA camps. You will shoot them in the forests. You will murder men, women, and children. You will follow orders. Go along to get along.

You wouldn’t want to ‘rock the boat’ and risk getting that promotion, would you? Risk losing that job? Risk losing those ration cards? Risk prison?

No, of course not. You are not ‘crazy’, right? No, you will submit. You will tell yourself ‘I have no choice’.

And so a few Zionists will gain complete control of the entire world.

World War Three will come and go.

And afterwards the Zionists will have their ‘Jewtopia’. Their ‘Jew’ World Order. Where each ‘Jew’ has 2800 ‘Goy’ servants. Sex slaves. The ‘Jews’ will live in houses they didn’t build. The ‘Jews’ will eat food they didn’t grow or harvest. The ‘Jews’ will consume goods and services they played no part in producing.

When a ‘Goy’ slave, one of your children, asks ‘what happened’?, they will be told some huge monstrous lie like ‘The Holocaust’. They will be told that their parents went mad. Killed each other. The ‘Jews’, their new ‘protectors’, became their ‘saviors’. The ‘Jews’ stepped in and ‘saved them from themselves’.

No-one will question the status quo. Every ‘Goy’ will accept that their natural, rightful, God-given ‘place’ in the world is to serve the ‘Jews’. Their masters. To give them pleasure. To be their sex objects. Their servants. Their slaves.
They will be grateful to their masters for having ‘saved’ them. They will feel fortunate to have survived, when more than 7 Billion other ‘Goys’ perished in ‘The war to end all wars’. The Third World War.

And until the Zionist masters start bickering and fighting amongst themselves, there will be peace.

The peace of the subjugated. The peace of the prison. The peace of the lobotomized.
The Birther Conspiracy as a set-up to discredit conspiracy researchers

Oh, and to clarify the 'Birther' 'Conspiracy' ... it was a 'set up'...to lure people who investigate deeper into reality (so-called 'conspiracy theorists') into a trap...to make them look foolish...Obama's bin' lie-n'... his Zionist handlers cooked up this 'hoax'...took a long time too...long time in the planning...he has been on the 'road' to the 'Whitehouse' for decades...over the decades he has, on several occasions, in writing, in his own words, stated that he was born in 'Kenya'...then his handlers deliberately issue a forged birth certificate that is obviously photo-shopped...so the 'conspiracy theorists' would think they'd stumbled upon a conspiracy...a forgery...the trick is that Obama had an authentic birth certificate...they issued this fake one so it would look fake...and together with the years of carefully placed written statements that 'I was born in Kenya', the trap was set...of course lots of people like Alex Jones 'fell' into it...they thought they'd found a real scoop...but they had been set up...a great plan...well executed...to make them look like fools...to discredit them in the eye of the public...to ensure that the 'conspiracy theory' that Obama was not born in the U.S, and thus not eligible to run for, or be, President, got as much coverage as possible, so that when they finally revealed it to be proven false, the conspiracy theorists would look stupid...and people would assume all their other 'theories' were just as equally stupid, unfounded, and unworthy of their attention...

Great trick...it worked...!!! As I say, Kudos to the 'Zionist' 'Jews'...very clever lot that!
The Tzar failed to get rid of the ‘Jews’, and they murdered him and his family, and tens of millions of Russians and Ukrainians. Putin did get rid of them, and now they are after him

Alex Jones suddenly stating that Hillary Clinton's father was 'Jewish'...and a famous Mob crime boss in his day?

Like all the 'Jews' Putin kicked out of Russia a few years ago. The REAL reason for all the sanctions that have been put on Russia, to strangle Russia into submission, and to motivate the people of Russia into hating Putin for the 'plagues' he has brought down on them? Only it hasn't worked. Lots of people have tried to 'control' Russia. From the Polish, to the Germans, to the 'Bolshevik' 'Jews'.

But the Zionist 'Jewish' mass media...which is pretty much all the media you are probably watching, keep pushing the propaganda, and conditioning you, the public, to accept the huge lie that Putin and Russia are 'bad guys' and a 'threat'...getting you ready for war...

Over a year ago I noted that the Pentagon issued a press release stating that any 'cyber' attack (which they could and would pin on Russia) would be considered as a military attack, and that the U.S would respond to such a military attack, such a 'cyber' attack, with full force...

In other words conditioning the U.S public to accept that Russia was likely to commit cyber-attacks on the U.S (which it has recently been reporting has and is happening) and that the U.S would therefore 'go to war' over these.
The Zionists are keeping to their plan...Iraq, Afghanistan, Libya, Syria, Iran...all invaded and overthrown by U.S forces...to ensure they join the Petro-dollar ponsy scheme, and remain in chaos, weak, and never again able to resist the Zionist 'Jew' World Order...

The fact that their propaganda should be so transparent to anyone in the West, but isn't, shows just how confident they are in lying...in telling big fat lies...over and over...with no care of being 'revealed'...

It shows they are committed to their plan...that Syria will be continually attacked...that Iran will be next...and that if Russia does not bow to the West, the U.S will find some pretense to attack it militarily...after having already attacked it economically...

Fact is, if any nation in the world dared to speak to the U.S as the U.S speak to Russia, the U.S would consider it a declaration of war...and if any nation dared impose any of the economic sanctions upon the U.S that the U.S have imposed on Cuba, Venezuela, and Russia, the U.S would be invading them as we speak...

I, (the godhead working through this vessel?), Just saved a butterfly from an (old?) spider web...had gotten wrapped up a bit in the filaments...was flapping around, hanging upside down...imagine...so I sacrificed 15 minutes of my limited internet time to 'save' the poor creature...took some patience...last I saw it, it was flapping its wings in a sunny spot...I can only hope it makes it...the main thing is the 'impeccable intention'...I meant the spider no harm, but who would want to suffer that fate?

So you 'Jews', I save flies, worms, and snails...so you'd hardly be able to accuse ME of 'hate' crimes...but of course that Spider...now imagine that spider's 'mates' controlled the world media...finance...political parties...banks...U.N...World Bank...IRS...Federal Reserve...imagine how I would be portrayed in the history books...that 'hate criminal' who deliberately deprived that poor victim spider of a meal...cruelly and ruthlessly I victimized a spider...imagine the ADL equivalent for spiders...what an outcry...ban his books...he 'hates' spiders...just look at the 'facts' of what he did...we caught him...that criminal...

Pretty much a good analogy for what I am trying to do with the still free 'goys' of this world...save them...they are struggling in the grip of the fine filaments of a spider's web...caught in that web...without the help of some 'giant', they are doomed to struggle until they die...never knowing freedom...
I cannot know if that butterfly had exhausted itself struggling, and will die anyway...well at least it will die on its own terms, in a place in the sun it found for itself...

I cannot know if it is too late for you either...and yours...

And maybe in this analogy you are just another spider...with your own webs...

I cannot known any of this...all I can be sure of is my 'impeccable intention'...my goodwill...my will to do good...my will never to harm any being unless absolutely 'necessary'...my will never to benefit at the cost to another...my will to use any power and privilege I have to protect other beings from slavery...my will to be of benefit to all beings...

My will be done? I am not, as far as I know, omnipotent...

But perhaps Carlos Castaneda was right????

Anyway, Happy New World Order

'JEW' World Order

And happy next lives
Michael Savage censored mid-sentence, as anyone will be, who dares threaten the ‘Jews’ propaganda

They took down Michael Savage in the middle of a nation-wide broadcast...probably the most popular radio announcer in the U.S...in the middle of his broadcast ... so please download and keep copies of my books safe somewhere...soon they will all be deleted from 'The Beast', The WWW, The name of the number of the beast, 600, 60, and 6... And very soon they will say 'what books?' Who is telling you lies about books? Books never existed...do you need psychiatric help? Look we can 'help' you, come with us...NOW...no, you don't need to tell anyone where you are going...no you don't need to bring anything, where you are going you won't need anything...anything at all !!!!

Because the Zionist Jews can't make money from those things...wake up people...we live in a Jew World Order, as Hitler explained in Mein Kampf...nothing has changed...THAT book, for the most part, is as salient and accurate today as in the 1930s...ask yourself why over and over again 'Jews' are 'kicked out' of nations, ever since the Egyptians did it (re-spun as 'the exodus')...then the Babylonians did it (again re-spun as an escape)...and so on...oh what the fuck, you want to remain zombies, even the 'best' of you can't dig deep enough to even bother reading my books, for free...take you a few hours at most to understand what REALLY happened during WWII...and what the myths and propaganda REALLY reveal about who runs this world...and what their 'final solution' is...yes folks, the 'Jews' coined that phrase...the ZIONIST 'Jews'...NOT the Nazi's...

For as you do unto others, so shall be done unto you ... Obadiah.... every truly spiritual 'religion' teaches that the only true 'religion' is kindness, compassion, and respect for all sentient beings... karma is where the universe teaches you empathy by making you suffer the result of your own actions...so happy next lives as factory farm animals, and New World Order slaves, all you NON-
Vegans...hope you learn the lesson next life...and don't have to keep new-incarnating on this 'hell' planet !!!!

The censorship is about as obvious as it can get, for anyone who watches CNN and THEN any other 'real' news network...Michael Savage, probably the world's number two most listened to radio program, was taken off the air, permanently, around the world, in the middle of his show, as he was explaining Hilary Clinton's medical situation to the world...you still think the Jew.S.A is 'the land of the free'...time to switch to Russia Television (RT) folks...ironic hey...all my Moscow friends were right...it is the WESTERN media that have been lying to us for 60 years...beginning with 'The Holocaust'...same people behind the current situation...just as Herr Hitler explained in 'Mein Kampf'...wonder why THAT book is illegal in Germany, but you can get a copy of the Torah / Old Testament anywhere...read it folks...you could re-title that book 'In praise of genocide and racial supremacism'...Mein Kampf is a kind, naive book in comparison

Funny how of all the things on my WordPress page, including novels, and non-fiction books, over 20 in fact, the most popular 'page' is 'Do you have the recipe for home-made Nembutal'....seems a lot of people want 'out' of this crazy world...they won't even stop for a few moments to consider all the 'solutions' I offer in my books...they just want out...now...well don't worry, soon the New World Order won't need human slaves...and they will not only make Euthanasia available, they will probably NOT make it voluntary.... I guess Bill Gates will fall on his own sword when HE gets some illness, just so the local school can hire more 'teaching assistants' and 'special needs teachers' to take care of all the autistic kids coming online thanks to the MMR vaccinations !!!!

Looks like they are just going to push the lie that the people want, and voted for, Hillary, to get this Zionist Golem into the Presidency...and keeping the financial meltdown 'on ice' for when they need it...could be very soon...or if their 'cheat' works, and Hillary gets in, and the people do not start a civil war over it, they may consolidate all their positions, and retain the crisis, that has to come sooner or later, 'up their sleeves'...

But really, any world that is not based on vegan values of empathy for the suffering and slavery of all sentient beings is not of any interest to me at all...

Remember the goddess Earth complained to Vishnu of the 'burden' of carrying so many vicious, malicious, nasty humans...and so the age of Kali was begun, with a huge war in which most humans killed each other...

Will I be Eudystyr?
So whether we are entering or leaving the age of Kali, is not clear...

But 'the name of the number of the beast, which is 600, 60, and 6, is pretty clearly WWW...the world wide web... Babylonian math...based on 60 rather than our 10... So to write 600, 60, and 6 as a number, you would cut the cuneiform symbols WWW into a clay tablet, each representing 6, but its position determining its value...

Remember time may be like a DVD...'now', past, and present all existing at the same 'moment'...all that changes is our perspective / our perception...where on the DVD we happen to 'be', and 'look'...

So Happy Next Lives

Go Vegan, or, literally, go (stay in this current) to hell

: )
Vaxxed? Whatever you do, do NOT get the next round of flu shots

Just to clarify the question of 'vaccinations'...the main points to consider to save your own child from becoming the next victim of vaccinations (and stop the trend which would leave one in two children with some form of autistic mental retardation by 2035)...are these:

Delay vaccinations until age three

Do not take the triple shot 'Measles Mumps Rubella' vaccination...instead take these shots individually

But please watch the movie 'VAXXED'...

And read 'Brave New World' if you want to understand how MMR and autism fit into the 'New World Order'...

Pass this message on even if you don't have kids. Because YOU and YOUR family will be paying the 3 million dollars per autistic child it will cost you in taxes to support the autistic children of other parents who do NOT take these precautions

These precautions are no guarantee, but the 'optimal' response to the situation, given the big pharma Bankster controlled government and medical industries cover-up of what appears to be a deliberate attempt to destroy families, and society as we know it...
The ‘Jewish’ propaganda is full spectrum

First, when we say ‘crime family’, what ethnic group comes to mind? Well thanks to Hollywood, that ‘Jewish’ propaganda machine, CIA-Mossad operation, most of us think ‘mafia’. We think ‘Italian’. Sure, the CIA set up an Italian mafia, to destabilize Italian society and politics, like they do wherever they go. However the true crime bosses are ‘Jewish’. Ask Putin. Ask the former Tzars and Empresses of old Russia. Ask anyone who knows anything about ‘The Clintons’ or ‘Donald Trump’.

In the last few months the role played by the ‘Jewish’ mass media, from CNN to Facebook and YouTube, has become really obvious to anyone paying attention.

Before we begin, remember that the full spectrum hegemonic dominance requires that the ‘Jews’, the CIA-Mossad, control the entire narrative. They have to create ‘good guys’ and ‘bad guys’. To ensure they have it all under control. Left and Right. Republican and Democrat. Neo-Nazi and communist. Labor unions and employer unions. The demons and the angels. All of them.

So when you see the media appear to demonize someone, like Trump, don’t believe it for a minute. He is one of them.

Remember that Hitler, Ho Chi Minh, and Mao, were all glorified as ‘Times man of the year’, before they were demonized. Build ‘em up, to serve as means to your ends, then cut ‘em down, once they’ve served their purpose, and become a nuisance.

O.K, so they got it right with Hitler. And Ho Chi Minh. But Rothschild continued to praise Mao as the greatest man of his time even after it was well documented that he had been responsible for the deaths of tens of millions of people in China.

To have full spectrum dominance you cannot afford to leave a niche open to any truly ‘independent’ media, or players, like myself. You have to fill it all up. With
people like Alex Jones. To ensure there is no ‘room’ left for genuinely independent media. For independent ‘voices’.

You must control the left and right, the full spectrum, on any issue, so you can ‘tune’ it to your needs. Control the public perceptions. Control all the actors.

Some of them don’t realise they are being used. Alex Jones may be one of these. Due to his deep trance state. His ‘religion’.

So while most ‘false flags’ are pure Hollywood, scripted, carefully choreographed media stunts, with crisis actors, and no real victims, occasionally you have real victims, real murderers, encouraged, helped, trained, financed, motivated, and facilitated by the CIA-Mossad, to carry out horrific acts.

But most of the recent mass shootings are pure fakery. Pure Hollywood. No more real than an Al Pacino mob movie.

That said, let’s consider the circus called the 2016 U.S election. Of course both candidates are Zionist puppets. But the ‘Jews’ know you’ve got to put on a real good show. So.

You cannot watch a prime-time television comedy show in the U.S, or turn on the news there, without being bombarded by the lie that Trump is the devil incarnate, and that Hilary Clinton is loved by a huge majority of the U.S population...that she is 'powering through'...that is she 'ahead in the polls'...that she is bound to win the election...and 'Islamic terrorists' are 'just some guy with a bomb, happens to have an Arabic name, happens to be a member of ISIS...but no, not an 'Islamic terrorist...no...He is 'just some guy'....seriously, I had to turn off half a dozen otherwise 'funny' comedy shows because within a few seconds of them starting, they were vomiting lies and misinformation all over me...all over you, their audience...

Just like all those big polls published on the evening before, and morning of, the Brexit vote, which claimed that the ‘leave’ vote was 10 points behind the 'stay' vote. This is a variant of ‘push-polling’, where you appear to be asking a question, but are really suggesting something you want the ‘polled’ person to believe.

And remember, 'The Holocaust' has been proven to be a hoax, pure propaganda...but people still rot in prison today for writing anything about this fact...
So while you smugly renounce 'Holocaust 'deniers', consider that soon YOU, my friend, will be facing the same charges when you 'deny' that the majority of U.S voters voted for Hilary, or that there is a man-made global climate crisis that demands you pay higher taxes, give up your car, stop travelling, stop using air-conditioning and heating, and begin living in austerity...or when you 'deny' that the Banksters are criminals, that the 'Fed' is acting in YOUR interests...or that, As ADAM SMITH ONCE SAID...IT IS IMPOSSIBLE FOR TWO OR MORE BUSINESS PEOPLE TO MEET, UNDER ANY CIRCUMSTANCES, BUT THAT THEY WILL CONSPIRE AGAINST THE INTERESTS OF THE PUBLIC'...If you deny that all 'conspiracy theories' have zero basis...if you deny that MMR shots are great, especially at age 18 months...especially if you are a black boy... and the list will go on and on...

So clear out the lies...start afresh, or you are doomed to live in a nightmare reality...one you may never wake out of...

When you are not willing to 'inform yourself' about the facts...such as that 'The Holocaust' is pure propaganda, and never happened, you are complicit in every other Zionist lie, and the coming Zionist Jew World Order. They don't hate me and I don't hate them. All I hate is lies. It is an emotional thing. Because people have lied about ME all my life. The Zionists are happy to have me continually proving them right. That 99% of you ARE sheeple...mere dumb cattle...and if you can be so easily fooled and manipulated, then evolution says 'purge'...you are not worthy of being reproduced...so good thing I guess, that the Zionists are ruthless...I am not...I am kind and compassionate and full of goodwill...I only hate all lies...'For when a man lies, he murders a part of the world...these are the pale deaths that men miscall their lives...will not the kingdom of salvation, come take me home?' ...So, what sort of lives are the actions and decisions you are making right now going to earn you? All the Best. Happy Next Lives. Go Vegan. I don't hate anyone. Either irrationally or rationally. I hate only lies. Pain. Misery. Suffering. For only 'feelings' are real. Only pleasure and pain is real. The rest, as someone once said, is 'silence'...Life is a tale, told by an idiot, full of sound and fury, signifying nothing'...unless you stand for something beautiful...like truth and justice for ALL sentient beings...not just you, your family, and people you consider 'assets'....

That 911 report, like the mass media 'spin' attached to Hilary Clinton...with them having her open already opened pickle jars, making excuses for her collapse by lying about the weather, heat, and humidity. Lying about her having Pneumonia, when she shows no symptoms of that, but all the symptoms of the already documented blood clots in her brain and elsewhere. Editing footage to deceive viewers. Not showing her totally collapsing while being supported and being
helped into a van. Scripting the exact wording of reports of her on EVERY major media outlet, to say she is 'Powering through' and talking about her 'grueling' work timetable when she is NEVER seen to be working (like Obama playing golf all the time)...in fact Hilary will not give real press interviews in person with anyone...She has not done so for the entire year.

Now watching her collapsing is sad for me. I empathize with anyone's suffering. I don't see an evil mass murderer but an old woman. Could be your own mother collapsing.

But the politician Hilary Clinton, the Zionist Golem, the puppet of the Zionist Jew World Order, must be 'outed'.

I learned more about the actual state of the world by researching 'The Holocaust' hoax. It made it clear that the Zionist Jews can define the mass media, and legal, narratives. Then researching into Bill Clinton revealed that his Zionist Puppet masters would protect him from anything he did, as long as he remained 'the most loyal Zionist in the world', in his own words. He is still 'dicking bimbos' and taking drugs, and being protected. Like his wife.

The mass media have become 'transparent' in an ironic way. Rather than allowing us a 'transparent' look at reality, they allow us a transparent look at how the official narrative, the hegemonic social reality, the mass media propaganda fiction, is being actively constructed, from moment to moment, to reinforce the existing hegemonic propaganda we call 'reality'.

Up until a few years ago I believed my grandparents had carried out 'The Holocaust'. I just took it for granted as a fact. I thought Bill Clinton was a 'good guy'. I never would have supported any republican in any election.

I have no love of Trump or Clinton. But Trump has at least made it completely transparent that the mass media, the Zionist owned and controlled mass media, are nothing but propaganda outlets for the Zionist Jew World Order. So I salute him for that. Possibly he is 'in' on the whole deal. Forcing people to actually vote AGAINST the obvious evil, in favor of an unknown. That is logical. The apparently lesser evil. Which is why I think in the end if the Zionists are NOT working with Trump, he won't be allowed to enter office...either it will be rigged by Homeland Security and the Jew N, or they will cancel the election due to Hillary's ill health (they've done similar things before in U.S in elections)...

But if Trump is just another part of the Zionist plans, then they will 'out' the Clinton's, to give the people no choice but to vote for obvious an obvious
criminal evil, or Trump, basically force them into a corner to vote for Trump. And continue their mission with him as the new Golem.

We all see how the mass media totally demonizes Donald Trump, and Putin, and ignores all the obvious crimes, and health issues, of Hillary Clinton. The mass media spread conspiracy theories about 'Russia' and 'Putin' controlling the alternative media, while the alternative media make us aware of the total propaganda war being waged by the Jewish owned mass media in the U.S and Europe. Call it Jewish, CIA, or Globalist, it’s all the same Zionist players....But what is worse is the total across the board media blackout about the fact that 'the Holocaust' has been totally debunked as propaganda, and that the problems in Venezuela are due to U.S sanctions, and not the government there. You won't even find the alternative media speaking about that. They all have their own 'horses' in the race...their own 'blind-spots', their own 'dogma'...Russia is standing up to the Zionists...Venezuela is trying to ... Gadhafi and Saddam Hussein paid the price for their resistance, and they are working hard to do the same to Assad. I send my non-theistic 'prayers' to Putin and Assad, and now to the leaders of Turkey...that they may find the strength to defeat the New World Order, the 'Jew' World Order...Shalom :D Go Vegan Happy next lives: D
Should we be expecting a new god-person?

A solar eclipse in Virgo...what could be more 'archetypal'... the sun, dying, and being born again to a Virgin...In the house of the water bearer...now if I was 'mystical' at all, I'd wonder where the new god-man was right now...keep an eye out for boys born on September 1...or will it be a god-woman this time? Mrs God, Weh, incarnate? :D Go Vegan. Happy Next Lives. Shalom !!! 'Gott mit UNS' ... Wie immer, oder???? :D

Oh, and I wrote, over a decade ago, about the U.S placing chips in all the Polish Telecommunications gear and systems they had sold to the Polish Government...which would allow them to 'switch off' the entire Polish communications systems, and electrical grid, if they, the U.S, chose to...now Snowden is finally explaining this fact to the world...that now these chips are in EVERYTHING...and will probably have a 'kill switch' for your brain in the end :D Happy Next Lives. Shalom. :D Go Vegan !!!
Alex Jones, your friendly neighborhood CIA-Mossad Zionist asset?

Now it is clear what Alex Jones' CIA-MOSSAD Controlled Opposition protocols are...to be an agent of mis-direction, and at critical moments to come, misinformation.

He will repeat any accurate information already circulating, as 'investigative journalism'.

He will overlook, or quickly dismiss, without granting any credibility to, any information that would genuinely threaten the Zionist Jew World Order.

He will direct all our attention on a 'bogeyman', the 'Muslim Terrorist', while repeating vague criticisms of 'Globalist corporations'.

The fact is that the Zionist Jew World Order are using Islamic extremists they have themselves indoctrinated, trained, armed, and protected, and then literally brought into the Jew.S.A, Jewropa, Germany, and France, to carry out acts of violence which will be used to 'justify' complete martial law. The removal of all civil and legal rights.

Probably, as in the '6 day war', Israel will 'defend' itself (in other words attack on some false pretense) against the Islamic State in Northern Iraq and Syria. NATO engage in hostile attacks on Syria, and then Russia and Turkey, using the Kurds as a cover, and the 'ISIS' threat as a 'legal justification'.

The Zionist Occupation Forces, with the I.M.F, World Bank, and the 'Central Banksters' as the financial power, the Jew N as the 'global corporate governor', the TPP and other corporatist - fascist 'economic hit-men', the 'Jew S.A as a subordinate military force under NATO control (AT ON), and the 'Jews' of Israel about to be offered as a 'burnt offering' to the Zionists ambitions) ... the biggest 'crash' in history, followed by false flags that will be blamed upon Islam, and any
genuine patriots in the Jew.S, Jewropa, Germany, and France...will be used as 'excuses' to completely remove all civil liberties, all legal rights, and all opposition to the Zionist Jew World Order.

Look forward to a global scale Jew.S.S.R.

Having never read 'Mein Kampf', most of you will remain clueless as to what has happened. But if the truth ever gets out, one day in the future, you will all wish that the Nazi's had won WWII.

Alex Jones has had every opportunity to respond to criticisms by people like me.

Instead he goes on to demonise Germany, repeat the Zionist propaganda a.k.a 'The Holocaust', and deflect any scrutiny of the main players he vaguely calls 'globalists'. A scrutiny that would immediately reveal the nature of the New World Order. A Zionist 'Jew' World Order.

And now more reasons 'why Alex Jones' is probably a Zionist Schill, a 'controlled opposition'...not just because ABC (a known Zionist asset) let him use their satellite, not because he is the only reporter 'allowed' to film at 'the Grove'...not because Hillary Clinton was given a script to read out that drew the world's attention to several known 'false flags' and 'staged events' and directed the whole world to go to Alex Jones to find out more, pretending to be his 'enemy'...but because of the obvious 'mis-direction' implicit in constantly speaking of the 'Saudi connection' to 911...there were no planes, no hijackers, and no Saudi's involved in 911...they have been used as a pawn, and silenced with petro dollars and the fear of 'drone strikes'...The Saudi's know that at any moment the U.S could withdraw their support, and they would immediately face a revolution in Saudi Arabia, Yemen...which Israel would take advantage of to realise its' greater Israel' plan...

Here is a universal point about 'the missing 911 report pages'. Why on earth is anyone at all interested in these pages, when the entire report has been completely 'outed' as a fraud, a joke, a lie, a deception, an 'official narrative', proven to be a completely worthless document, for anyone seeking the truth about 911?

If the rest of the report is completely unworthy of our credulity, then why should the 'missing pages' be so interesting to Alex Jones? Just more lies. Just more deception. Just more misdirection.

So, Alex Jones, because he will NOT respond to my compelling arguments, while continually bluffing by saying 'no-one will debate him', and because he is
clearly and willfully (he could not be more ignorant and in the dark than me, could he?) mis-directing all out attentions away from CIA, Mossad, Israeli and towards the Saudi's, and some 'missing pages' of a 'report' he continually 'outs' as pure propaganda, lies, and misinformation, while continuing on about the threat of Islam, when clearly the threat is Israel, and the Zionist Jew World Order, while continually bashing banks and global corporations and the mass media, while NEVER EVER EVEN ONCE reminding his viewers WHO owns them...namely, Zionist 'Jews'...so for these compelling reasons...based on compelling arguments in the absence of any response from him to counter these compelling arguments...which is the typical Zionist strategy of 'always dismiss, never attempt to refute (because you cannot)'...Alex Jones is a Zionist Golem...A Zionist Schill...Controlled Opposition...and at the most important moment he will lead you all into captivity, death, and enslavement...just like those two other 'leaders', Moses and Joshua did in the Old Testament with the 'Goys' like us.

So now back to my Reaper project. Imagine how productive the world would be if people were allowed to focus on producing things of real value...and being payed fair wages for fair, honest work...instead of all the value being stolen by Zionist Banksters through their clevel ponsy schemes a.k.a petro dollars, derivatives, and big government (which exists to serve itself, and not the public).

And I admire a lot of what Alex Jones has achieved.

But both Barrack Obama and Alex Jones have been working for the Zionist Jew World Order. I would say knowingly, now, based on the fact that Obama never does any work, allowing his 'masters' to dictate all his policy, and the fact that Alex Jones will never respond to honest, fair, credible criticisms.

Alex Jones claims he has exited 'Plato's cave'. If that is so, then why is he still chasing shadows, and directing the whole world's attention towards those very same shadows, the shadows in the walls of Plato's cave, the mere shadow play set up to deny us all knowledge of The Realities Of Our Natures And The Nature Of Our Realities'?

Alex Jones is either himself still chained in Plat's cave, or is one of the cave 'wardens' actively tricking us into re-directing our attention away from the truth, the light, (Lucifer = light bringer), and towards the shadows.

Yes Alex Jones, as far as I can tell, is part of the 'Shadow' government.

I promise you I will never lie to you. My allegiance is to the truth. I have no other vested interests. No life to lose. No family. No career prospects. No close friends or lovers or ANYTHING to lose. I have my old bicycle, a few guitars, this old
laptop, some second hand clothing, I wash in one 10L bucket of warm water, which I then use for washing my clothes, and then flushing my toilet, I eat worse than most homeless people, buying whatever is marked down, and eating only semolina or bread, if there is nothing cheaper. The first 21 years of my life were almost totally devoid of any affection, acceptance, or approval, and the last 10 years I have literally experienced zero affection, acceptance, or approval. You can read about my various bad experiences with people, all around the world, in my books and WordPress and Facebook posts. I walk 10km through snowstorms to go shopping, when it is not feasible to ride my bike. I've been abandoned, blacklisted, abused, neglected, and live in exile. I face prison in Germany, and terminal chronic unemployment in Australia. You can read all about me. Nothing to hide. Nothing that interesting either. Those people who have expressed malicious envy for me have no idea how hard my life has been, and is. Compared to the misery most people on this planet, and almost all the domesticated animals on this planet, have endured, and continue to endure, it is just a little sad side-show. I am not claiming to be 'the king of pain' by any means. But certainly my life has not been worth living, and is not likely to improve. Unless I find people with the same goodwill as myself. The same willingness to face 'facts' honestly. The same desire to seek truth. To seek the optimal outcomes for all the players on the stage. Not just myself, and mine. People able and willing to recognize TROONATNOOR. And enough of them to form a sustainable community. One independent of the Zionist Jew World Order. So probably one capable of defending themselves with very high tech weapons. Because as far as I can tell, the Zionist Jew World Order is willing to destroy anyone and anything standing between them and THEIR New World Order. The one described in the Talmud. Not the Eden described in the Torah/Old Testament.

Hey, if I am wrong, please correct me. That's for you, George Soros. You claim to be a philosopher. Then surely you will 'get' and 'grok' my Eden Protocols. Are we seeking the same things? Or are you just another sociopath with delusions of supremacy, who is really just an idiot savant lacking any true empathy?

Having had nothing to lose for decades, I also have nothing to gain, this late in my life. Nothing could compensate me for what I have endured. Like most people on this planet. We would have been better off having never been born, for all the good it did us.

I doubt many people really care about justice for everyone. Just for themselves, and the few people they really do care about.

I am doomed to be demonized by everyone, as I will not lobby for special rights and privileges for any one group at the cost to the others.
You, George Soros, claim to want an 'Open Society'. That is what I am really seeking. For everyone. Not the Judaic / Mosaic /Talmudic 'society open only to the 'chosen' few, the 'Jews'. With all other humans either enslaved or butchered.

I would walk away from Omelas. Would you? Will you. I swear that if we were willing to work, and not exploit anyone, or anything, we could all enjoy lives worth living. A lifestyle massively superior to the one we now endure. Simply because the current one is so stupid, wasteful, and inefficient. I could return most of the value you produce back to you. Not like today, where you are lucky if you get to keep 30% of it. The devil is surely in the details, thus my books are quite long. But I have worked out the details.

If you want truth, and not just 'noble' ones a.k.a lies, then help me.

If you want real justice for all sentient beings, then help me.

If you want lives worth living. Then help me.

Start by reading my books. Then sharing them. Torrenting them. Seeding them. Maybe even printing them.

If you help me get the 'truth' out, I promise you I will never sell you out, like Alex Jones, for a 'handful of dimes', as Jim Morrison put it.

I will speak any truth I find. I won't force anyone to accept it. I have no billions, no supporters, no armies, no lawyers, no lobby groups to influence you. Just compelling arguments. If you don't want the truth, well I could say 'fuck you', but in reality I realise you have no free will. You are a victim of your own lies. Of the lies you have consumed. Of your own lust for power to abuse and enslave anything you can manage to gain control over. Just as bad as any Stalin or other Zionist Golem. No better than Obama or Clinton or Bush. Just you never had as much power as any of these people. The power you do have, you abuse in exactly the same way. But no-one has any free will. So I can only hope that a desire for justice and truth is strong enough in enough people to one day form a community of justice, truth, and beauty. Something like what I have outlined in my novels and my 'Eden Protocols'.

Time is the great destroyer. We are all slated for death. We will all be dead very soon. All of us within 100 years. What is 100 years, let alone a few decades, in comparison with the eternity behind us and in front of us? You'd trade a few years of 'power' and 'privilege', as the beneficiaries of injustice, abuse, and exploitation, for a billion years of being the victim of the same injustices you perpetrate this life?
I don't just mean the obviously rich and powerful beneficiaries among you. The '1 percenters'. I mean all you NON-Vegans who abuse your power over animals to abuse and exploit them. To enslave and eat them. To test drugs on them. To abuse them as your 'chained' and 'caged' pets. Pretty much 99% of you. For there are so few Vegans out there. You all exploit your inherited privileged position vis a vis animals to enslave and exploit them. And in the West we exploit the humans of the East, and at home, to work for a pittance, doing all the work we are too 'special' to do ourselves.

So I am confronting the 99 percenters. All the Non-vegans. With the truth about THEIR crimes against justice, truth, and beauty.

As ye sow, so shall ye reap. For as you do unto others, so shall be done unto you. Fuck, it's not mysticism. You think you can create a world of injustice, violence, and cruelty, and somehow live apart from that injustice, violence, an cruelty? To somehow remain the beneficiary of it, and never suffer to bear the costs of that system yourself? To live apart? Exclusive? Well maybe for the few years of this life. But in your next random new-birth? Are you statistically likely to be a victim or a beneficiary of such a system?

But what about our soul? What about our 'next lives'? What are you doing to ensure that the eternity of your next lives will be positive, satisfying, pleasant, pleasurable experiences? Will your next life in the 'Brave New World' that the Zionist 'Jews' appear to be bringing in, a good life?

I am just a person. No transferred authority to speak of. No angels or gods or mystical experiences to back my words. Just the truth as anyone who has the guts and goodwill to face the truth can see for themselves.

Let them who have eyes to see, see. Let them who have ears to hear hear.

Please read and share my books. Download them for free. Or pay a few dollars at Amazon or Apple. Send a few dollars to my PayPal account if you want me to be able to continue. If you think honest, hard work, like the kind you probably do yourself, should be rewarded with honest pay. If you think people should work for nothing, then don't complain when that principle is soon applied to you by the Zionist's in their 'Jew' World Order.

And remember I love all you self-defined 'Jews' as much as any other sentient being. I save the lives of worms and snails. You think I'd harbor malice towards some of the world's most accomplished people? My favorite artist is Cezanne.
Bergson is a great philosopher (though a German hater). David (Lee) Roth is one of my all-time heroes. Neil Diamond. All the comedians and actors and directors. I don't see a 'Jew' anywhere.

FUCK ALEX JONES ARROGANCE...AND HYPOCRISY...HE KEEPS TELLING US HE WILL 'DEBATE' ANYONE ON HIS SHOW...HE WILL NOT EVEN RESPOND TO ME...AND HE DELETED HIS FAMOUS 'DAVID DUKE' INTERVIEW...AND NEVER EVER EVER INTERVIEWS ANYONE ABOUT THE FACT THAT THERE WERE NO ARABS (UNLESS YOU INCLUDE MOSSAD JEWS) INVOLVED IN 911, NOR ANY PASSENGER JETS...HE IS CLEARLY AN AGENT OF MISDIRECTION...PROMOTING HATRED OF ARABS, AND ISLAM, AND MISDIRECTING EVERYONE FROM THE ZIONIST CONSPIRACY...SO ALEX, LOVED YOU DEARLY, BUT YOU ARE ONE FUCKER...OF COURSE YOU ALWAYS HAVE THE CHANCE TO DEBATE ME, ON THE ISSUES, AND PROVE ME WRONG...BUT YOU WON'T, BECAUSE YOU ARE A ZIONIST GOLEM...CONTROLLED OPPOSITION...BASED ON EVERYTHING YOU SAY AND DO, AND DON'T SAY AND DO...SO ENJOY YOUR JEW WORLD ORDER...YOU CAN BAN ME FROM POSTING ON YOUR SITES, BUT YOU CANNOT CHANGE THE FACT...AND FACTS HAVE A WAY OF GETTING OUT...I GUESS YOU WILL ESCAPE THE VIOLENT RAGE OF YOUR 'FOLLOWERS' WHEN THEY FIND OUT THE FACTS, BY FAKING YOUR OWN DEATH...VALHALLA IS NOT FOR THE LIKES OF YOU, HYPOCRITE, TWO-FACED, TWO-TONGUED, ZIONIST GOLEM !!!!!

Any time you hear Alex Jones speak of '2 minutes to Midnight', or 'It's midnight', I am happy to know that at least he has read the title of my book...the fact that almost nothing in it is ever reported is the reason I suspect him of being Zionist controlled opposition...a Golem... but maybe he is just a scared little boy who can't face the facts...about 'god', 'Jesus', and what is REALLY going on...or just smart enough to avoid some subjects, for his own health and profit? You tell me. Read the book...download it from amazon of for free from my WordPress page.

Alex Jones will ‘spin’ as good as any Zionist, when it suits him. Like admitting that WWI was NOT Germany’s fault. And that the English public had no interest nor desire to fight against Germany in WWII.

Jones even went so far as to admit, inadvertently, after having denied it dozens of times, that it was the British who first began bombing civilian targets.

Up until the British launched a massive bombing campaign over the German Capital city of Berlin, deliberately targeting civilians, bombing the very center of
the city, Hitler had only ever carried out very precise bombing raids on British military bases, and military industrial sites.

Alex Jones laughed at how ‘Hitler was tricked’ into bombing London, in retaliation. It was his bombing of London, Jones claims, which made the war popular in Britain in WWII.

So you can’t have it both ways, Alex Drone, of Dis-InfoWhores.

The Allies and Bolshevik ‘Jew’ controlled Russians carried out the real ‘war crimes’ during WWII, on Germany, and Japan.

Hitler was fighting against the same group of people YOU call ‘The Globalists’.

Almost everything he wrote in ‘Mein Kampf’ at least as true today as it was back when he wrote it. He was not anti-Semitic. He was fighting to save us all from what is now arriving.

The ‘Jew’ world order.
Michael, Obama’s husband, the first ‘lady’

Obama called his ‘wife’ Michael, at least twice, during public addresses. In the 3 key indicators of male Vs female, Michelle Obama scores ‘Male’. Typically the human male is 8 heads tall, while the female is 7. Michelle Obama is 8 heads tall. The typical human male shoulders are 3 times the width of their head, while the female has shoulders are 2.5 times the width of her head. Michelle scores the typical male ‘3’. The brow ridge sticks out on men, whereas females have a smooth brow. Michelle has the typical male protruding brow. Her eyebrows, if you pay attention, are drawn on, and do not match anything like her natural brow.

Another good indicator of ‘sex’ is the relative length of the fingers of the hand.

In human males, the 'ring' finger is longer than the 'index' finger. In female humans, the index finger is longer than the ring finger. Michelle has typical ‘male’ hands in this respect.

Now I haven’t seen Michelle’s belly button, but if you catch a glimpse, pay attention to this detail. Unlike those famous tennis player 'brothers', a typical female ‘belly button' is lower than the waist indent. In males it is higher.

The last ‘tell’ is Michelle’s’ apparent ‘post-op' remnants of an Adams apple.

So Obama is a gay Muslim married to a transgender 'man'...the 'first Queen' of the U.S.A...

I have no problem with this. Love who you love. No harm. No crime. Not like accepting a Noble Peace Prize then going on to kill over 1 million people...war crimes unlimited...crimes against humanity...complete disregard for the constitutional rights of U.S citizens, or the rights of any other people...with his own 'kill list' ...a mass murderer...when it comes to his choice of partner, and courage to marry the man of his dreams, then kudos, you have my respect and admiration...but murder, of one, or millions, as the puppet Golem of the New World Order, the Jew World Order Zionists...now that is really 'deplorable'...
You know I admire and praise Michael and Barrack Obama for being true to their love for each other. 'She’s’ a very attractive transgender man. He is a very effeminate, pretty, man. They look good together. If they love each other, then what is there to criticize. Nothing. All power to them. Role models for the future of humanity where people can be authentic.
Why would anyone define *themselves* as a ‘Jew’?

It is suspicious, you have to agree, for people to define themselves as 'Jews' when no-one requires it of them. Have you read the Torah and Talmud? Do so. See what a 'Jew' is. What a 'Jew' has to be proud of. Genocide? 'Ripping apart pregnant women'? Killing every living thing? Making sex slaves of all the virgin 'Goys'? Why on earth would anyone want to be associated with THAT? Let alone 'glorify' that?

So please, friends, renounce the Old Testament. Stop being 'Jews' and start being 'humans'. You can shine and be as 'superior' as you like. As a superior 'human being'. Why taint your glow by association with the ugliest and most racist superiority doctrine the world has ever known? 'Judaism'. Same goes for you 'Christians'. Not that I've ever met a real one. Yes folks, I have actually studied the New Testament. There is not a single 'Christian', based on the teachings of 'Christ' and the prophets, and the disciples, who lives according to the teachings of that 'Christ'.

Anyway, enough of making more enemies. Like I need more enemies.

My good fortune is that no-one reads me, except Alex Jones, and his 'CIA Mossad NSA' colleagues. At least the 'Jews' will have enough intelligence and insight to give me credit for what I have tried to 'reveal' to you all. They know what I'm talking about. And they love it when I write all this obvious stuff for you, and you just ignore it, or dismiss it. It proves to them that you all ARE mere stupid cattle who are unworthy of freedom, self-determination, and any real rights.

I mean, just look at how YOU treat those YOU are 'superior' to in terms of power. I mean other animals on this planet. Only individuals and groups with less power CAN be exploited. So if you abuse YOUR power over animals, as you do, why should those Zionist 'Jews' with all the power in the world care about YOUR interests? Why shouldn't they live by the same principles YOU do. To abuse any power. To exploit, mercilessly, without any compassion or empathy, all the
creatures on this planet they are superior to. That they have the power to abuse. Which just happens to include YOU.

Yes folks, The Zionist 'Jews' ARE superior to you in all the ways that you are superior to other 'animals'. They are more talented, more intelligent, more attractive, and more powerful, than most of YOU. They certainly have more MONEY than all of you who may read this. Unless George Soros has done me the honor of reading this.

So why on earth SHOULDN'T the 'Jews' abuse their power over YOU, just as YOU abuse YOUR power over other 'animals'?

Haven't YOU set that as the rule? AS the principle? Aren’t YOU their role models in this? By the way you relate to other 'animals'?

Kant warned us to be role models in everything we do. Obadiah warned us that 'As you do unto others, so shall be done unto you'. We have been told by Jesus that 'As you reap, so shall ye sow'. It is not like wise people have not spent the last few thousand years trying to get you to 'behave'. To consider the consequences of your actions and decisions for other beings. Ever heard of 'Buddha'? Ever heard of 'Mahavira'? Ever read the Bhagavad Gita or other Vedantic writings?

Ever heard of that 'golden rule'. 'To do unto others (others not restricted to other people of the same 'race', 'gender', 'ethnicity', 'nation', or 'species') as you want them to do unto you'?

The golden rule? Break it, and you welcome your own doom. You sign away all rights to justice and freedom. You have abused the power you were given over other 'animals'.

What are you 'sowing' right now? What are you going to reap in this life, and the countless next lives to come? By our actions we create the world we live in.

So as I say, maybe the Zionist's are the tool of Karma. To teach us all the profits of abusing power. They will first destroy and enslave us. Then they will be destroyed by the very principle that guides them.

Or am I wrong? I welcome George Soros to explain HIS plans for a New World Order to me. Maybe it IS in fact very much like my own Eden Protocols.

Only my Eden Protocols are based on the golden rule. And on the 'Optimal Ethics Generator'.
What are the Zionist's protocols based on? The same old shit from the Old Testament / Torah, and Talmud? Or something like my Eden Protocols?

I guess we'll find out soon enough.

May you reap what you sow. May you sow what you want to reap. May you have the wisdom to turn from the shadows on the cave wall, and walk out into the light.

The truth will set you free.

And ye shall be beings of light.

Usury for you, free money for the ‘Jew’

Usury means lending money for interest...if you are a big Zionist Golem corporation you get money interest free...if you are a normal person you pay anything up to 2000% interest...not kidding...your credit card probably costs you between 16 and 24%...but lots of people pay over 2000% interest...sounds crazy, but it’s true...anyway, so stop living in debt...pay off your debts or go bankrupt, and start living within your means...that means living simply...I want to start a television program on this theme...a game show actually...any t.v producers interested in hearing my 'pitch'???
The new Zionist ‘original sin’, *breathing*

Oh, so, the new Zionist religion...after Judaism (usury a sin until the later religions were introduced), Christianity (usury a sin), Islam (usury a sin), and Marxism (capitalism, thus usury, a sin)...now the new 'original' sin is 'breathing out CO2, and any action that produces CO2' ... you can redeem your soul by paying 'carbon indulgences' and 'carbon taxes'...to the same people you used to pay your 'tithes' to, the high priests, the new high priests of the 'Man-made global climate change religion' ... the same people running the world's Central Banks, the Zionist Banksters... so soon a total monopoly on the world's finances, which was always the plan since before Moses... Seriously, if the world was not run by Zionist 'Jews' and their Golems, I'd have earned at least one Nobel prize by now :D sure, self-praise is no praise...but unless you read my books, my ideas, you will have NO idea of their praise-worthiness....Happy Next Lives...but what sort of world have your created through your daily actions? Are your next lives likely to be happy? It's up to you...change now...sow the harvest you want to reap today, and for eternity, throughout all your future random new-incarnations : D
Money is a service, NOT a good

Let me repeat what some Zionist Golem 'economist' will soon earn a Nobel prize in economics for...that gold is NOT money...gold is barter...money is a 'service'...ask the Templars how they got so rich so quick...Block-Chain technology will be the new 'currency', a true 'service'... where you pay ONLY for the service...and not the speculation around some mineral...the REAL value of gold has been determined, by the people who will get that Nobel Prize (They'd never offer me on, I am too honest about too many things)...as around 34 current U.S dollars... I think if you have real gold, sell it now...if you have 'paper' gold, you are an IDIOT and MUST sell it immediately....The huge 'investment' Indians and Russians and others make in 'Gold' is the reason the Banksters don't need to control them right now...same goes for China...they all have so much gold...it will soon be almost worthless...as the IMF say, about 34 current U.S dollars an ounce... that said, the U.S dollar will soon inflate so much that, in U.S dollar terms, Gold will probably bottom out as high as 750 (domestic, new U.S domestic dollars) an ounce....

Yes, so soon the Jew.S.A, the Jewnited States of America will have its own Treasury notes...a new U.S domestic currency, which will quickly but gradually devalue by at least 50%... and the world will start doing oil and international trade deals with the new SDR's...so if you hold the old U.S dollar, convert it to Euros...or Chinese Yuan...you have about 7 weeks apparently...you have already seen the new U.S currency...two presidents died for this...a Treasury note...the Fed is being dismantled...but it’s all part of the bigger game...making us think one guy is this guy’s enemy, when they are all working together...no victory when the Fed collapses in disgrace...they may even start a few pogroms again...but ask a self-defined Jew ... some even realise they are being used as pawns in a bigger game...some don't...we are all in the same boat really...so stop inventing races and imagining you are superior, just because you belong to some ethnic group...remember that even if an entire ethnic group, e.g American Indians, on average, have smaller 'brains'...it is still a fact that SOME American Indians in fact have THE LARGEST brains ever known...it is individuals that may be superior, not 'groups'...a group does not exist except in your mind... the
'greater good' is the illusion people murder other people for...only individuals can suffer or benefit...don't be fooled...anyway, you won't listen, you never do...then you blame someone ELSE...never YOU...blah blah blah and 'My Ma is the best, so there'... Living in Ma'at... 'ON'...now THAT's what I call an 'Open Society'.... not a Bergson who hates Germany and thinks 'Open' means 'ripping apart pregnant women' as in 'Open' up...>>>blah blah friggin blah hey !!!
WWW : The Name Of The Number Of The Beast

The Name Of The Number Of The Beast is, in ancient mathematical notation, 600, 60, and 6. W W W... and the Jew N just got their hands on it... so let’s see how they behave now they’ve got ‘their beast’... you will NOT be able to do anything soon, without an internet I.D, and 100% total transparency of the minutiae of your daily life... It’s the Jew World Order my friend... remember what they did with the U.S.S.R... the Jew S S R... wonder why Putin kicked them out? All the Banksters, the oligarchs, and organized Jewish criminals... yes people... facts... not anti-Semitism... facts... inform yourself, protect yourself... and Happy Next Lives, because I cannot see enough of you sheeple waking up in time, and then having the courage to stand up to ‘them’... I only hope the ‘Jews’ I love and respect so much come to the positions of leadership... and not the typical ‘Zionist’ ‘Jew’, the ‘Marxist’ and ‘Talmudic’ ‘Jew’... remember, the Torah seems quite clear on one thing... the ‘Jew’ World Order is coming, and it will be VEGAN... at least for us slaves... but it won’t be that hard... each ‘Jew’ will have thousands of slaves :D
Breaking News on ‘The Templars’

So, 'breaking news' about the Templars. What they really did, and why they were destroyed, was that they, like Qaddafi, Saddam Hussein, and Assad, challenged the Zionists hegemony / control of the world financial system. You see the 9 Templar knights learned the secrets of finance when they came to Jerusalem...and in 200 years became a real challenge to the Zionists.

Remember the Zionists created Judaism, Christianity, Islam, Marxism, and now 'Anthropocentric global climate change' in order to gain a monopoly on the finance industry.

Usury was, even at the time of the Templars, from 1100 to 1300 and still later, a 'sin'. Criminal. No Christian could lend money for interest. So the Templars used their new-gained understanding of finance to set up the Templar organisation. They charged 'Rent' rather than 'interest'. They provided a service. Which is what real 'money' is. A service. Not a concrete object. Gold and silver 'currency' is really barter. NOT money.

So the Templars set up the world’s greatest finance system. International bankers. They ended up in Scotland and were very key to the founding of Switzerland, from the independence onward.

So the Zionists plotted with the King of France. The King of France owed the Templars huge amounts of money. And the Zionists now had an ally. On 'Black Friday', the original 'Friday the 13th', the King's men rounded up the Templars. They were slowly burned alive. That's your 'burnt offering' that the Zionists demand.

And so the Zionists enjoyed their monopoly again.

Of course not long later an entire nation converted to Judaism, both to maintain its independence (if it had allied with Christianity, the Pope would have been the true head, and if it allied with Islam, it would also have lost its independence).
So the 'Khazars' (funny how close that sounds to 'Cathars' right?) converted en masse to Judaism. Now they could maintain their independence, and become massively wealthy, as the intermediaries between Islam and Christianity, being legally allowed at that time, as Jews, in Europe, to pursue usury. To lend money for interest. And so it continued up to today's 'Jew' World Order. Most of the 'Jews' are no more 'Jewish' than I am. Khazars. Who learned the 'trick' the Knights Templar, the Cathars, had learned in Jerusalem. Either from Jews there, or from documents they discovered.
The Jubilee and Shemitah

Anyone, in all of history, ever heard of a Jewish ‘farmer’? No. The Jews have constructed all the world’s religions to give them, at one time or another, a monopoly on finance. Usury. So the 'Shemitah' 7th year and 'Jubilee' (49th year) (7X7=49) are all about the 'harvest'...nothing to do with leaving farmland 'fallow'....The Shemitah is about math and cumulative returns...decided upon with mystical and mathematical inspirations...it tells the Jew to build up businesses, economies, markets, for 6 years, and then to 'harvest' them i.e 'crash' them, on the seventh year...and to repeat this as a cycle...with the 'big ones' every 49 years...so you'd get Jews pulling out of markets, selling, harvesting their investments, realising their paper profits, every 7 years, and then totally crashing economies every 49 years...each time first 'fertilizing' the markets with speculation until they were 'ripe', and then cutting them down and taking the profits...as the rest of the investors were caught off-guard, like crops bathing in the sunshine of a hot summer (the peak of the bubble, unbeknownst to them, the Jews sharpening their reapers all the while...

You see Jews speculate. They don't invest. Their aim is not to build wealth for society, to build economies, to build sound foundations for the common wealth and wellbeing. It is speculation. And they learned that to speculate, to build pyramid schemes, timing is all. All their schemes will build bubbles that need to be 'burst', before moving on to the next ponzy scheme. The next speculative cycle. So like farmland, you have to leave a market 'fallow' for a period of time.

You harvest the profits of your speculations while others are still buying into the ponzy scheme, building the bubble...their greed will blind them...they will jump on the bandwagon...they are envious of all the gains they see others making...

You have to be disciplined, and have a shared understanding among your tribe about the timing of the 'crashes' that must come, with every bubble, every speculative cycle...so you agree on 7 years. Maybe using the old Mosaic law...it helps you remember the number...the numbers...wait for the crash, buy in, speculate, heat up markets, wait till the end of the 6th year, make your final
speculations to 'ripen' the markets, to blow up the bubble for maximum gains...market the market as a sure thing...get all the goys into the markets...then pull out....and after the 7th year has passed, buy back into the market, buying up real assets for pennies on the dollar...then repeat the cycle...

And as the best time to buy is 'when there is blood in the streets', be sure to finance a war, give rival 'gangs' resources to fuel their racial and economic divisions, so they hate each other, start fighting, start destroying...even killing each other...and if they won't...if there are no groups ripe for this, just pay mercenaries to go about torching villages, raping and killing, and blame it on each groups own supposed 'enemies'. In our case, 'Muslims' and 'Terrorists'. I am referring to 911, and all the other false flags that have occurred.

Oh, so don't forget, this year is the Jubilee year...the 49th year, and the Jews have not failed to pump up the markets with worthless speculative ponsy schemes, pyramid schemes, call 'derivatives' and 'treasury notes'...they have not failed to crash economies like Venezuela, and Syria, and Iraq, and are trying to destroy Russia, with the same 'sanctions' that forced Germany and Japan into World War Two. Yes folks they are pushing for world war three.

So there will be a huge crash very soon. The U.S dollar will become a domestic currency and devalue quickly.

And most of the worlds 'derivatives', and 'treasury bonds' will default. They will be rendered worthless. Theses 'debts' will be 'forgiven'....The Jews gave the U.S 49 years of free credit with their petro-dollar scheme. Now they are retiring that debt.

The rest of the world, who bought derivatives and U.S treasuries, bonds, and so on, will find they have worthless pieces of paper in their hands.

You see the Jews, on behalf of the U.S people and government, will 'forgive' that debt...the New World Order...the IMF...the UN...will say this is necessary...check your dates and math...The debt will be 'forgiven'. Which is great for the Jews and the U.S who sold the bonds, treasury notes, and dollars, and the derivatives. They won't have to pay back their debts to YOU...

So my friends, that is the secret of the Shemitah...again, correct me if I am wrong, and help me if I am right...

But hey, I'm just some working class Goy with no idea, right???? :D
Elul 29, on the Hebrew calendar, has marked many huge economic catastrophes and Jewish invasions of other nations.

I bet that the original, REAL Holocaust, committed by Moses, and later emulated 'on steroids' by Joshua, was timed to fall on Elul 29. Note that it is known among the 'insiders' that the ‘Jews’ will not be able to return to their ‘Jewtopia’, where they will live in houses they didn’t build, yaddah yaddah, until 6,000,000 ‘Jews’ are actually burned alive. In a ‘burnt offering of a sweet savor unto the Lord’. In Greek that reads ‘Holocaust’. And the ‘Jewish’ population of ‘Israel’ has recently moved past that magical number. So word to the ‘wise’ ‘Jew’ living in Israel: be one of the 300,000 or so ‘excess to requirements’ Jews, and leave right now. Don’t say I did not try to save you. I am, if nothing, a savior, by nature. Just without any mythical superpowers yet. But we’ll see what history has to say about that.

The 'Great Depression' began with 'Black Friday', the worst financial crash in history, in 1929. On Elul 29. It was also a Solar Eclipse event. It was also a so-called 'Jubilee' year. 7 full 7 year Shemitahs, then the Jubilee. 50th year. The time of 'writing off of debts', and of 'return to the homeland'.

In other words writing off your OWN debts, by collapsing the ponzi / pyramid schemes you'd worked on for decades. Bankrupting banks. Bankrupt corporations don't have to pay back their debts. Bankrupt governments don't have to either. It has happened again and again in history. Defaults.

Guess when we are having another solar eclipse. The next Elul 29.

Now if you think the people who wrote the Torah were looking into the future, predicting these events, you need to take a step back.

More likely they are using it as a convenient 'well known' fact among the Zionists, to expect the Zionists to burst their speculative bubbles, to default on debts, and crash economies, and invade neighbors, on these dates. The Zionists would all be 'in' on the 'insider trade'.

So in 1918 the Balfour declaration began the 'return home' of 'Jews' to their 'homeland'.

The ‘return’ was not carried out until the ‘false flag’ of ‘The Holocaust’. If ‘Jews’ were slaughtered, then it was by the Bolsheviks. Their ‘Zionist Jewish’ organisation. And of course the tradition of ‘crisis actors’ is nothing new. In the case of ‘The Holocaust’ this includes actual actors, who we can see in their earlier ‘roles’ on the silver screen, and the same few middle aged women who
appear to insist they saw their families ‘go up the chimneys’. As good a source as a 4 year old insisting they saw ‘Santa’.

Then the next 'Jubilee' in 1967 has Israel extending its territory by invading its neighbors, 'returning home' to the 'Jews' 'homeland'. The '6 day’s war' which the Zionist propaganda machine made everyone in the West believe was 'self-defense' against 'attacks'.

Thanks to whistle-blowers high up in the Israeli military, I was able to prove to you, in my last book, ‘Welcome to the New World Order Part II’, that Israel was the aggressor in the 6 days war. Guess what day the invasion took place? Elul 29. You can verify this for yourself. The whistle-blower was a very brave man. Son of a very brave Israeli General.

In fact it was a joint operation with the U.S and Israel, set up at least a full week in advance. The U.S President took personal control of the U.S.S Liberty in the week leading up to this proposed ‘false flag’ that was ultimately not employed.

Netanyahu once admitted on television that the ‘secret’ to Israel’s success was that ‘We have America’.

Remember when Trump says ‘Israel is out greatest ally’, the ‘OUR’ he is referring to is not yours and mine, but the ‘shadow government’, ‘Level 7’ if you like, the CIA-Mossad ‘Jew’ world order. Like the ‘Bolsheviks’, a purely ‘Jewish’ organisation, were the best business partners for the Rockefellers.

Read my books for details about these events.

But the thing is that we are approaching a Jubilee year, or in it, depending on how it is calculated, and a solar eclipse on 'Elul 29'. Remember what happened in 1929. And what all the experts are saying about the U.S economy, dollar, stock markets, and bond markets. The derivatives market is thousands of times bigger than anything ever seen in history. When it crashes, it will make 1929 look like a picnic.

And I expect this Elul might see the actual, real, bona fide, ‘Holocaust’ of 6,000,000 Jews as a ‘burnt offering of a sweet savor unto the Lord’ to usher in the ‘Jewtopia’ promised to the 144,000 Zionist ‘Jews’.

If you think the Jewish Banksters were 'victims' of the Great Depression and stock market crash, then think again. That is where they sold high, then bought back assets for pennies on the dollar. And continued to profit. They do this every time their 'Shemitah' occurs. Like in 2001, and 2008. The next shemitah is 2015,
but as a 'Jubilee' 50th year follows, the new crash will happen in 2016...probably on the day of the solar eclipse, on Elul 29.

So I finally get it...the full, complete, holistic plan of the self-defined 'Jews'...but wait, there's more...W.W.W...in Sumerian / Babylonian math is will be 600, 60, and 6...The name of the number of the beast...we are all hooked up in the thrall of this great beast...and soon it will be handed over to the Jew N...this is the end, my only friend the end, of our elaborate plans the end...which is great news probably...this experience engine is a prison, designed for someone ELSE's benefit...not sure what sort of beings they are...but if you read my novels you can 'grok' it baby :D Happy next lives :D Go Vegan. Or enjoy your non Vegan, self-created hell... :D
The ‘Jew-diciary’

JEW-diciary (judiciary)...German Jud(E) pronounced ‘You’...but in German 'Jude' sounds like 'Eu-de'...EU-de...E-Jew...with EU deriving from the Greek 'good'...
Homeland Security, sure, but WHOSE homeland? Jews of course

Homeland Security i.e N.W.O and Jew-N will ensure Hillary wins under guise of 'protecting infrastructure'...no paper trail...electronic voting system same used in Brazil to rig election there...just after Obama laughed off suggestions that federal elections would be rigged, stating that Federal govt. doesn't run elections...after DNC primaries / Democratic nomination Clinton / Sanders vote rigged according to best/top specialists...Obama’s bin lyin’ announced the biggest Federal involvement in any U.S election ever...

But keep in mind that most of the contracts given out for ‘Homeland Security’ by the Department of Homeland Security, ‘D.O.H.S’, were so-called ‘no-bid’ contracts (no-one but Israeli CIA-Mossad companies could bid for them), handed out to Israeli contractors. So to be clear, the ‘Homeland’ they are making ‘secure’ is NOT the U.S.A. It is Israel. And then the soon to be announced ‘Jew.S.A’, the North American Zionist Occupation Zone for you ‘yankees’ who haven’t caught on to the ‘deal’ yet.
The new ‘black gold’, laundered pure ‘white’ by the narco Banks

The international banking system is built up of ‘narco-banks’. Money laundering is the new oil. Opium. Heroine. Check the vaults of the biggest banks and you’ll find not gold, but illegal drugs, in their vaults. THAT is the ‘new’ ‘gold standard’. The old ‘black oil’, ‘liquid gold’, has been replaced by a new ‘black gold’, a new ‘liquid gold’. Only they refine the poppy juice so it becomes white.

Like taking in ‘dirty’ money, laundering in, and returning it ‘clean’. Pure white. White gold.
The banks died in 2008, yet their ghosts live on

The European mother company of Deutsche Bank is actually over a TRILLION euros in Debt...it is insolvent...Fed QE liquidity kept them 'solvent' to prevent the need to officially declare bankruptcy...their books are 'cooked' .... Which is pretty much the rule for the largest European banks... Even the Bremen Landesbank is technically bankrupt...All these banks have really been dead since the 2008 crisis...QE is just a paper solution...to print money to keep banks officially solvent...The U.S Fed is buying valueless bonds / assets / worthless paper...to keep banks afloat...not a single bank passed the 'stress test' ...none have improved since they technically went bankrupt in 2008, but were allowed to pretend they were still solvent.

Wall Street keeps earning commissions on worthless paper transactions. The official narrative of a 'recovery' is pure propaganda.

The real U.S unemployment rate is around 25% compared to the official 6%. What do I mean? Well people who stop qualifying for unemployment benefits, after 6 months, are not included in the figure. Also, thanks to Obamacare, and similar policies, people have had their working hours reduced from full time to part-time. What was once one full-time job now qualifies, statistically, as 2 or 3 part-time jobs. So you appear to 'employ' 2 to 3 times more people, when in fact you have most of the workforce chronically underemployed.

The U.S dollar will soon be retired from the international banking system...gradually...and becoming a domestic currency only ... after which it will be allowed to inflate and depreciate to less than half its current value. That is the Zionist’s plan. And YOU aren’t doing anything to halt it, are you?
Notice how that number 12 keeps turning up. This time in the 12 Reserve Banks that make up the Federal Reserve Banking system in the Jew.S.A.

I explained in my books how the Jewish lobby got the E.Jew to bring in the recent anti-money laundering regulations, to stop the decline of the U.S dollar, which saw one Euro worth over 1.6 U.S dollars, with no end to the collapse in sight. So the ‘Jews’ got the E.U to put in money laundering laws that would guarantee that the money that had begun moving into Euros, would all return to U.S dollars, to prop up the Petro-dollar.

You see the ‘Jews’ decide the value of the U.S dollar. As suits them.

And within weeks the Euro began falling back to around 1.2, or lower.
500,000 dead Iraqi children NOT too high a price to pay (for what?)

Madeleine Albright, whose family was helped to escape the ‘Nazi’ work camps by Serbian patriots, went on to order the bombing of the Serbs who had saved her family. The bombing of civilian targets had no justification.

But wait, there’s more.

Madeleine Albright was asked if ‘500,000 dead Iraqi children was not too high a price to pay for ?????? What exactly??? To destabilize Iraq and give ISIS free range?

I would like to refer to the chapter in my book on the famous Time magazine cover of a supposed ‘concentration camp’ in Serbia. If you’ve read my books you will recall how the U.S lured a very old, sick looking Serbian man to stand behind some barbed wire, where he was told he would receive some help. They then framed the shot to make it look like the same old ‘Holocaust’ propaganda, and to trigger associations with ‘The Holocaust’ and Serbia. There were no suffering victims of any supposed death camps in Germany, or Serbia. The only death camps I know of were British ones in South Africa during the ‘Boer’ wars.

Remember how the U.S media given Palestinian refugees sweets and toys, then when they celebrated, filmed them, and told the U.S and Europe that they were celebrating the 911 attacks? I documented that in my book.

Just like Trump keeps insisting that Muslims celebrated the 911 attacks. Mis-representing the facts that the media accurately reported on the 5 Israeli’s who were dancing with joy, after having filmed the WTC being blown up. Remember what they said, 10 months later when released from the U.S? That they had been sent to New York to document the 911 attacks? They stated this clearly, on Israeli television. Never denying they were working with Mossad. They were applauded as heroes. They had been let free on the condition that Israel agree to
stop spying in the U.S. Yeh right. As if an Israeli is going to respect any agreement with a ‘Goy’.

Just as a side note, do any other nationalities enjoy the privilege of ‘dual citizenship’ in the U.S?

And you still think Alex Jones and Donald Trump are NOT Zionist assets? How could Alex Jones, like Julian Assange, Noam Chomsky, and Donald Trump, keep referring to the ‘Saudi’ connection and blaming ‘Muslims’ for a terror act clearly carried out by the CIA and Mossad? How can they keep referring to passenger airliners that didn’t take off, with anyone, let alone crash into the WTC?

How could they be that willfully ignorant? Is it possible? Given Alex Jones constant occupation with ‘conspiracy theories’ for over 20 years?

It is harder to believe that, then accept that he is a Zionist Schill, after all. But please, correct me if I have missed something.

THIS IS THE NUMBER ONE, CLEAREST ‘TELL’ THAT SOMEONE IS WORKING WITH OR FOR THE ZIONISTS. THEY REFER TO ‘THE SAUDI CONNECTION’ AND TO ‘MUSLIM TERRORISTS FLYING PASSENGER AIRLINERS INTO THE WTC AND PENTAGON’. IF YOU HAVEN’T DONE YOUR RESEARCH, AT ALL, THEN READ MY BOOKS NOW. AS NETANYAHU PREDICTED DECADES AGO, THE WTC BUILDINGS WERE BROUGHT DOWN BY NUCLEAR BOMBS. MICRO NUKES.

The ‘attacks’ on Alex Jones and InfoWars by Hillary Clinton were designed to draw more attention to Alex Jones and his show. To arouse curiosity in the U.S public, by repeating the most clearly documented conspiracies to the entire nation. Otherwise most of the viewers of the Hillary ‘attack’ ads and television comments would never have even considered the mere idea of ‘false flags’ and ‘crisis actors’ and ‘faked’ mass shootings and bombings. These facts were given exposure, and credibility, by Clinton’s comments about them. While appearing to ‘mock’ Jones, they really were aimed at generating more confusion and directing any potential ‘truthers’ and skeptics to Alex Jones, where he could offer them enough truth to enthral them, while entrancing them, with subtle and blunt NLP conditioning, to believe that Islam is the threat, and not ‘Jews’.
‘If you want to know who really rules you, find out who you are not allowed to criticize’ (Voltaire)

Remember what Voltaire said about identifying who really rules you...it is those you dare not criticize...Now tell me who that group is, right now, and has been, for the last 60 years?

During the Soviet era it was a capital offence, carrying the death penalty...to criticize Jews...Thousands of people in Germany are in prison right now simply for asking questions about ‘The Holocaust’. And presenting documented FACTS about ‘The Holocaust’. And presenting unequivocal, compelling, arguments about ‘The Holocaust’. Facts and arguments that, in a free world, would be undeniable. And yet they are simply denied. Dismissed.

And worse. Criminalized. When was the last time a thought was criminal? Yes folks, the ‘Dark Ages’. One group of people had all the power and privilege and they were not going to let anyone challenge their vested interests.

A few people risked everything to expose the corruption and lies. Many of them were burned alive. Tortured to death. But not before being forced to witness their loved ones being tortured to death.

Fates worse than death are prepared for those who would dare challenge the ‘official fictions’ that grant a tiny elite of people total power.

Today people like me are in prison, or living in fear of it. Not normal prison. But solitary confinement. A form of torture.

And then there is the sad fact of simply being ignored.

There is a limit to how many times you can give people actual facts. Undeniable facts...and watch them just dismiss them, as they have been trained to do...
And it is not like you have done anything good for me, or were ever likely to...all you people I am trying to save...

No really, I still want to help, so please read my books and wake up, yourself, your friends...you can download them for free...in fact you probably have only a few months to do so...before the Jew.N takes control over the internet...so please, as politely as I can say this, READ MY BOOKS...or enjoy the hell the Zionists Jews have prepared for you....of course you will accept it as 'natural', 'normal', as the 'god given order of things', as 'the best of all possible worlds'...oh Voltaire, how you would cry at the obviousness of the whole thing...and to you self-defined Zionist Jews...well done...you've succeeded...now see if you Ecclesiastes was right...remember even King Solomon's own brother, who had all the power, women, wealth, and privilege you could ask for, define it all as 'in vain', and without any merit or value...

If you are ever curious about what a real utopia could look like, read my books...I don't claim to be Jewish, but seriously, could even a Jew have done better????

All the best

Happy next lives

Sorry if I am not talented enough to convince you even to read my books, but I'm just a working class kid after all...didn't go to an Ivy league school...you should have heard me speak when I was younger...I have to give credit to all the kind souls who 'adopted' me at university, despite my horrible way of speaking, the rags I dressed in, my self-cut hair, my poverty, my ignorance...for some reason they could see past that

Sorry I couldn't help you all

I did my best

I can't make the blind see, or the deaf hear, or the mute speak, unless THEY want to.

And seems they do NOT want to.

So all the best

Blind spots and finally seeing things for what they are

So if it looks like shit, smells like shit, and tastes like shit (yes people, us scientific folk don't just 'dismiss' things, we test them rigorously), then surely we shouldn't swallow it? But that is what I am expected to do. I am supposed to believe that the leaders of the Wiki-leaks, conspiracy investigation, and whistle-blowing, all somehow failed to see the obvious. What was right before their eyes? What is right before their eyes.

I am humble enough to see how our minds often present blind spots to our vision...our hearing...our noetic structures just cannot accommodate some facts that are just too emotionally challenging, so they just filter them out...it’s all very 'adaptive' to living in 'society'.

You see even the greatest mind is prone to the Zionist NLP programming known as Judaism, Christianity, Islam, Marxism, and now Man-made global climate change...

So we see a true hero of mine, Noam Chomsky, appearing to be a CIA golem when he 'dismisses' all the accumulated facts about 911, using the CIA's own programmed 'trigger' 'conspiracy theory'. His NLP weak spot is Marxism.

Alex Jones NLP weak spot is 'Christianity'. What made me suspicious about Alex Jones was how he just 'dismissed' the facts of 911, starting with the 'no-planes' fact.

The Zionist 'tell' is to 'dismiss', and never 'refute'. I became familiar with this Zionist 'tell', this 'pattern', after researching into the official 'Holocaust' narrative.

You will never in your life see a Zionist Jew or any of their Golems ever actually 'refute' an argument. They simply side-step it. Use the (since the 1960s) CIA
'trigger' ... 'That's just a conspiracy theory', in response to any valid, genuine, documented challenge to their official narrative.

Zionists will never engage in meaningful debates or discussions. They just smugly and complacently use that 'trigger' that has been implanted in all of us by NLP conditioning in the mass media and education system. 'Conspiracy theory'.

So this is what really got my attention when I hear it coming from the mouths of my heroes.

Yes folks, I am humble enough to admit I have been duped along with the rest of you.

Imagine my surprise when, reading 'Mein Kampf', I find all the key ideas and expressions Noam Chomsky uses in 'Manufacturing Consent', the book his reputation and fame as an intellectual rests upon. Imagine a Marxist literally quoting Adolf Hitler. And no-one noticed. Because you are not 'supposed' to read 'Mein Kampf'.

I suggest you do read it. Or at least read my two books directly investigating 911 and 'The Holocaust'.

Unlike Chomsky, Jones, and company. They conspicuously simply fail to do any 'research'. Is it they cannot 'handle' the truth. Emotionally? Or that it would destroy the foundations of their 'Marxism' or 'Christianity', and require them to rebuild their noetic structures from the ground up.

Like I have done in my earlier books. The TROONATNOOR series of books.

You see Jones, Chomsky, and company, simply 'dismiss' all the facts that prove beyond any shadow of a doubt, as far as an scientific 'fact' can be proven, that 'The Holocaust' is a hoax. A fraud. Pure propaganda. That there were no planes involved in 911. That it was a CIA Mossad operation.

And now WikiLeaks Uber-hacker, whose past is completely obscure and undocumented, demonstrates that same Zionist 'tell'. He just 'dismisses' 911 facts as 'conspiracy theories' not worthy of our attention. Julian Assange, who do you really work for? CIA?

So are they all just victims of their human nature? Of blind spots?

Or active CIA, Mossad, Zionist agents. Golems?
How generous should I be?

After all, if it looks like shit, smells like shit, and tastes like shit, do I really have to swallow it and throw up before announcing to the world that, hey, it probably is shit?

And by shit I mean Zionist Propaganda. Misdirection. Controlled opposition.

Are there any real good guys out there?

Trying to understand world politics, which is basically the unfolding of the Zionists plans, from a conventional perspective where there are good guys (us) and bad guys (them), where there are supposed Christians and Jews and Muslims and Marxists and so on, will just obfuscate your mind...because you will be making so many assumptions that are incorrect, regarding facts, motives, and real meanings...you will ascribe invalid motives, meanings, and come to erroneous conclusions based on faulty data...no matter how good your logic or reasoning skills are...

The strategy is to divide and conquer, to create problems then offer your own pre-prepared plans as the 'logical', and more importantly 'emotionally satisfying' 'solution'.

It is impossible for an honest, genuine Jew, Christian, Muslim, or Marxist to EVER come to power...they cannot compete with the massive influence of the Zionists...the Zionists ALWAYS get 'their man or woman' into the positions of power...pretending to be Jewish, or Christian, or Marxist, or Muslim...

They murdered JFK in the Jew.S.A, Ghadaffi in Libya, Hussein in Iraq...and planned to murder Assad in Syria, then take over Iran (They had 'their' guy in power there not long ago too), and then Russia. Soros had planned to 'take out' Putin. But Putin was too quick.

All the Zionist has to do is print money, pay off golems, and get actors to pretend to be whatever the Zionist narrative calls for them to be...fund terrorists all over the world, including the largest terrorist organisation, NATO...

Start wars, get everyone hating each other, until there are no nation states left, until there is no solidarity, until the very nation state concept is discredited, and yes folks, until even Judaism, Islam, Christianity and Marxism are discredited.

THAT is the hardest thing for most minds to grasp.
That part of the Zionist plan is to get Muslims to hate Jews, and Americans, and even to get Americans to hate their own government and system...so that there is NO alternative, no competition, no organized, coherent resistance when they finally step in, as aliens, as gods, or just as the Jew-N.

They want to discredit every form of belief system and institution. First get you addicted, then alienate you, so you are totally confused, lost, emotionally vulnerable, and without any of the supports they ensured you became addicted to.

First supply the masses with their opium of choice, their illusory utopian vision of choice, then remove it. Leave them with withdrawal symptoms. So they will be eager to accept whatever the next ‘drug of choice’ is. This time it will be ‘The New World Order’. The ‘Jew’ World Order.

They will first addict you to their 'noble' lies, ideologies, illusions, ideals...then rip the ground out from under your feet...leave you reeling...so you are left believing in nothing, feeling used, feeling everyone is against you, that there is no solution...

This is how the Zionists will 'suck us in'. Using the old 'vacuum'.

If you are an emotional child, no matter how physically tough and intellectually trained and educated you are, you will fall into this trap.

I'm no hero. But emotionally and intellectually I am more courageous than any of the leading 'intellectuals' of our time.

Not the physical courage of Adolf Hitler, earning an Iron cross, then facing a barrage of bullets as his comrades fell to the left and the right of him in Munich, and then bravely marching against the French in the Rhineland, to take back Germany from the French, with nothing but a few old guns and untrained militia.

But the mental and emotional courage of someone able to give up all the usual 'supports' that make life 'easier'...all the 'noble' lies...all the myths, illusions, and fantasies.

How did I get here? Basically emotional suicide, over and over...a phoenix burning up, and rising up, again and again...dying and newborn...as my Tarot card reading said it would be for me...

I am Shiva incarnate. Dancing on. I had nothing to lose. I was given nothing to lose. I had everything taken from me that most of you enjoyed, as children.
I had no acceptance or approval to earn. There was never any offered.

I was unwanted. I was neglected and abused. I had no allegiances. No allies.

Steppenwolf Ich!

So, this is my secret. Why I can trust my own mind now.

It has no attachments. Like a Buddha. I just want to help. I think I can realise the age-old dream of a Golden age. And Eden.

All it takes is the willingness to give up privilege, to refuse benefits, to refuse excess 'rents', to refuse to accept a benefit that comes at a cost to another sentient being...

My Optimal Ethics generator is the path forward.

I still have not given up. But I see it is probably all in vain. That is the fate of any hero. To know they are doomed. But to fight on. And die fighting.

Blah blah blah I guess

Talking to Zombies...that is all they hear...

Even Zombies as gifted and clever as a Noam Chomsky, or 'interrogators' as clever as an Alex Jones. Even Uber-hacker Zombies.

The real 'leak' is that this is the Zionist Jew World Order.

It was 'leaked' by the original founding planners of that World Order in the Old Testament.

Happy Next Lives.
Will we, humans, be missed?

Most animals on this planet will see the destruction of 'humanity' as a blessing. They will see the destroyer of humankind as a savior. A true ‘Christ’.

The true 'Twelf Mahdi', and 'Christos' will be, for them, the being who slaughters Billions of humans.

But you still have a chance to plant a new harvest, in these, the last seconds to Midnight.

Go Vegan. Adopt the optimal ethics generator as your own.

Otherwise, keep in mind that I do not judge anyone. Only their actions. We have no free will.

I wonder what 'higher' beings are playing us all, even the Zionist masterminds, for fools.

Go Vegan :D
A tale told by an idiot, full of sound and fury, signifying nothing?

I've written enough...a tale told by an idiot, full of sound and fury, signifying nothing?

I salute you...all past, present, and future philosopher kings who suffered the fate of being ignored, held in contempt, and ridiculed...Happy Next Lives :D All heil Buddha, the one that 'understood', and yet still bothered living, in the hope he knew to be vain, that maybe others might understand...cherishing very few who 'might' as truly Pyrrhic victories.

Hitler took on the Zionists. He retired to Argentina after accepting defeat. Shouldn't I do the same? Maybe Ecuador? Peru?

Did I free any slave? Did I help anyone? Did anyone benefit from my effort, sacrifice, and risk? My genuine suffering? Or was Ecclesiastes right? Was Buddha right. It's just all vanity. Silliness to even imagine you could turn base human nature into gold ????

There is this part of my dreams where I fly too high, too far, or just while flying, I have this fear that if I fly just a little higher, further, or longer, I'm going to lose the thread connecting me to this life, this earth, this world, this mind ... a fear of losing my mind...but aren't we taught to embrace what we fear most in our dreams, as our greatest allies?

Just sharing this in case I ever find myself brave enough in a dream to 'let go' and see what happens. I may end up some sort of vegetable, some mindless zombie...and hey, I'd finally fit in here on this planet with the rest of the mindless zombies...

But all joking (truth) aside...if I do take that step, break that chord, fly just that bit higher, further, longer, and don't come back, remember that I tried...
The worst crime I have ever been accused of, that hurt me most, is the crime of malicious. I've never intended anyone any harm. The truth may hurt but it is powerful medicine that heals. I never used the truth as a malicious weapon. I don't even hate you Zionists. And I am no hypocrite who doesn't see the monster in the mirror. Sure most of you are monsters. I was one too. I mean I was not vegan. the rest of your slanders are just that, lies.

And if I have any blind spots, please let me know...my mind is open

And if I wander too far in my dreams, and don't come back, then it will probably be for the best...you didn't want the gifts I had to offer...you punished me for trying to help you...I really never belonged here...probably never will...that Vegan Garden of Eden that has been projected into the past is really the beautiful dream of a few beautiful dreamers forced to live amongst monsters...

It will be terrifying to fly just that bit further, higher, longer, but maybe I will manage the courage to do it...it is a terrifying thought, to lose your mind...but what is a mind but a prison, anyway? A filter. A filtering out of the whole terrifying truth.

Or is the truth just so boring we filtered it out, and constructed this world of Maya?

Happy Next Lives
2+2 can equal 4, or 6, or … whatever THEY tell you … and it always did

It’s just so frustrating when you cannot get people, after admitting that 1+1=2, and that 2+1=3, to recognize the simple pattern, and see that 3+1=4… I’m talking about logic, reason, following the pattern… facing facts that you don't want to be true, or think 'just can't' be true… and not being able to see things that are right in front of your face… then deforming epistemology and claiming 'so things are just beyond reason and science'… and then having the hypocrisy to go about attacking other peoples' 'stupid' 'whacky' ideas ... WTF?

'And ye shall be as CLODS'… blind spots… who doesn't have em? Chomsky and Assange can't see the obvious stuff even humble me discovered about 911… You have man-made global climate change skeptics mocking Icke because he reports on other people's claims about lizard being-body snatchers… while claiming his 'knowledge' of Jesus is authoritative fact, completely outside the realms of normal scientific criticism… the old 'deformed epistemology' … and Alex Jones talking about demonic possession, as his guests even speak about NLP, while immersed in a haze of NLP themselves… completely knee-jerk conditioned like Pavlov’s dogs… while as usual Alex Jones makes a fleeting comment of truth re: Frank Herbert's definition of the bible as 'conditioning us to accept what the Zionists have been planning for centuries', only to continue with some drivel… yes folks, now and then Jones does the old Zionist trick of speaking the truth very quickly, then dismissing it, without any refutation of it at all...

All of these people have eaten of the Zionists NLP fruit… and yes, they now stumble around like Clods… missing the point… duped… believing in 'Holocausts' and Evil Hollywood Nazi's and Demonic possession and gods and Islamic geniuses with superpowers out to get them because they are Christian, God's new chosen people…

WTF... what hope is there?
Good luck to the Zionists...we got what we deserved...let’s see what *they* get... if the bible is any guide, at least the world will soon be Vegan...

Go Vegan...the ONLY true religion....truth, justice, and liberty for all (who can exercise it without harming any other sentient being’s rights)

For as ye do unto others, so shall be done unto you

Enjoy your New World Order...it is the harvest you have sown...for as ye do unto others, so shall be done unto you...you are surprised that other people are as opportunistic and unprincipled as you? You thought you were the only cunning monkey out there? Are you gonna cry like the criminals in 'A Clockwork Orange' when they get a taste of their own medicine? You gonna pray to your vicious genocidal 'ripping up pregnant women' god for 'mercy'...mercy...as a billion animals in captivity, being tortured and slaughtered right now in your name, cry out for mercy? From you? With your god-like powers, as far as they are concerned...and do you listen? Do you give mercy? Alex Jones and all your Zionist NLP programmed fools...you even talk about NLP...like prisoners joking about how they have cunningly imprisoned the rats in their cells...completely oblivious to the facts of their own mind-prisons...as the saying goes, none as so imprisoned as those who think they are free...but what really irritates is that you guys should be peachy keen on Armageddon...it is everything you've ever dreamed of...heaven...that's the most irritating...a total lack of real faith...real belief...nothing there but masturbation...and a laughing at the suffering and misery you inflict on animals, while praying for 'mercy'...did god show the billions of his creations any mercy...did it help when he commanded 'do not eat the blood, for the life is in the blood'...how clear could the story of Eden be...Gardeners...Vegans...so many blind spots in even the most enlightened...you've really got to wonder...blind spots? Or paid advertising spots...paid for by the Zionists???? And what a laugh the Zionists must be having...their religions have NLP conditioned the 'best' minds to be as stupid and gullible as any illiterate peasant, who at least has the advantage of never having been brainwashed...and worse...lead to imagine he is so clever :D
Why am I helping people who deserve my vengeance?

Just stumbled upon an old 'bad experience' with people...people suck...why am I trying to save them from the New world order...I should be rubbing my hands with glee (malicious glee...not a German concept you propagandists, with you 'there is no English equivalent of 'schadenfreude'...so much evil done to me by people at every stage of my life, when I never even begun to think of harming any of my victimizers...well, proof that there is no free will if you still need it...I should be happy that they are all either going to be dead soon, or slaves...but I still imagine people must be like me...basically full of good will...just ignorant...then Socrates had the same idea, and look where it got him....

Maybe it is time to abandon my silly attempt to enlighten people who really are 'happy' being evil...selfish....maybe THEIR virtual reality game is based on that ... I somehow ended up on the wrong film set....in the wrong 'experience engine environment'...people around me want the world as it is...so they are willing the world that is coming...and who am I to go against their wills?

But surely if there is anything like 'fair' or 'just' in the universe, people like me, and most of you lovely vegan beings out there, should be given exit visas, and allowed to board some intra-dimensional spaceship that will teleport us to the sort of world where we belong, the sort of world we want...THAT is the real injustice...

Maybe we have to die to change 'experience engines'....the rest will new incarnate back here, or places like this, and we will inherit the kingdom of 'god', Eden, the garden, where we can once more be gardeners, not butchers and slavers of animals...
Would all the vegans in the world unite and set up their own country? Would the ‘Jew’ World Order allow it...
The chosen few, who will inherit the ‘Jewtopia’, after the 6,000,000 ‘Jews’ are burned up

If I understand the Torah correctly, in fact WE are the 144,000 ... for we WERE in Eden as gardeners, as vegans, and the Torah says we shall return...only after we have given up slavery, the will to enslave, to exploit, to use other sentient beings as mere means to our own ends...

I'd make a great philosopher king...or gardener...same thing really...for when we all get back to being gardeners, we won't need much philosophy...except the obvious lessons that 'as ye reap, so shall ye sow'...

Go Vegan, return to Eden :D
Hitler was Time Magazine’s ‘Man of the year’

Moral is, sometimes even the mass media tell the truth...or do you mean he should have been named 'Man of the century'? Stop demonizing people you know NOTHING about just because the Zionist propaganda machine has conditioned and programmed you to...read Mein Kampf....read MY books...the facts will shock you...This great man was our last best hope of salvation from Zionist enslavement and genocide...oh, and if you don't think Zionists do that sort of thing, then read your bibles...

But also don't forget the Zionist propaganda machine set up new regimes just to make money knocking them down...starting wars...remember what the U.S media wrote about Fidel Castro? Or Stalin? Or Mao? Or Pol Pot? Or Saddam Hussein? Or Gadhafi? What the funk does the average American think gives them the right to send armies to Syria to overthrow Syrian governments? Or Libyan? Or Iraqi? Or Afghan? Or Ukrainian? But don't worry, soon it will be YOUR turn...build em up to knock em down...Jew.S.A, Jew S.A, Jew.S.A ...enjoy the harvest you have sown...

When will you learn that this is what your Jew.S.A C.I.A – Mossad government go around the world doing? Sending in ‘teachers’ and ‘volunteer aid workers’ and setting up organisations with great names like ‘Black lives matter’, or ‘Open Society’, and then setting up revolutions, giving them nice names like ‘velvet revolution’, ‘orange revolution’, ‘umbrella revolution’, then sending in provocateurs to turn peaceful demonstrations violent. Yes the guys you thought were on ‘your side’ will shoot you, AND the police, to start a deadly violent spiral. Get the world’s attention with their carefully planted ‘mass media’ reports. So the whole world sees the violence. Blames it on the existing government. To justify a coup-de-etat. A violent overthrow of the democratically elected government. Why? Because real democratically elected governments cannot be controlled as puppets by the New World Order CIA-Mossad puppet-masters. And so the CIA get ‘their man’ or ‘their woman’ in power. Their ‘puppet’ tyrant.
And from then on all the media attention will be good. Until that ‘puppet’ stops
doing their bidding. Gets ideas that they should serve their own people, and not
the Jew.S.A, Jew N, and E.Jew. Then it’s time for a propaganda blitz. And a
whole new revolution. This time we’ll call it the ‘cute and cuddly revolution’,
what do you say?

This is what is happening in Syria right now. There were never any ‘chloride’
gassings. No ‘barrel bombs’. Assad had no reason to kill his own people. What
madman, confronted by a worldwide conspiracy against him, to oust him, would
dare risk losing the support of his own people?

But no, up until now you have believed your mass media reports. Swallowed the
CIA propaganda fed to you as ‘news reports’ by reporters and journalists who are
either directly employed by the CIA, like Mr Vanderbilt (surely you know who I
am talking of by now?), and all those ‘Jewish’ television ‘comedians’ and
Hollywood film producers, members of that exclusive ‘illuminati’ club, who are
ever so happy to accept millions of dollars from various ‘defence’ departments,
‘intelligence’ departments, and all the ‘black market’ ‘laundered’ money that will
come their way if they ‘play ball’.
‘Noble’ lies

L Ron Hubbard’s 'noble' lies are no less noble than any other religions...probably the ONLY truly 'noble' lies I’ve come across...

The idea is that you have some wisdom you want to share...you think it the most valuable gift you have to give...but people who are as yet unenlightened / and not yet wise, will not understand its true value...so they will not make any effort, sacrifice, take any risk, to attain it...so you are frustrated by having this great gift you cannot share, because no-one realizes what a gift it is...

So you work out a process by which people will take all the steps necessary to the attainment of this wisdom, and through which you can transfer this wisdom, and offer this gift, pass on this gift, give this gift, without realising that the prize they are striving for is this gift...because if you tell them what you are really offering, they just won’t understand, and they won't follow the process...that is the irony of enlightenment...of wisdom...people talk about it all the time, but as they don't possess it, they prize false 'wisdom' e.g how to get rich quickly...how to win wars and dominate your enemies...basically you have the Jew World Order as we know it (well you don't see it yet)

So, you work out the steps to attaining the gift you wish to offer people...what they would need to do...modelled on your own chance experiences which led you to this wisdom-gift you now, out of pure good will, want to share...and also because it is hell to be enlightened and wise and be forced to live among unenlightened monsters...it is hard to live free among people seeking to enslave each other, including you. So you have a self-interested motive along with that pure good will

So Old Man Hubbard goes to the cupboard...it is full of wisdom...but to the general public, it seems completely empty of anything of interest to them...

He desires with all his heart and soul to get people to, as Buddha put it, 'Understand'.
But whenever he shows his prized, hard won wisdom, people don't 'get' it. They don't 'see' what his point is. They don't / can't value the gift he wants to offer them.

So he sets out to discover what people DO want. What motivates people? Why do people invest effort, make sacrifices, and take risks? Most people are not like himself. They don't seek wisdom for wisdom's sake. They are no prophets by nature. They are not 'seekers'. They seek their own pleasure and relief. Satisfaction. Power. Wealth. Magic. To 'be cause'. That is what a magician is. The magician or witch, sorcerer, are all 'cause'. They say 'let it be done' and it is done. That is power. That is what people want. People will work hard and long, make great sacrifices, and take huge risks, to attain, POWER. The power to 'be cause'. To be the 'cause' of what they will. For 'their will be done'.

The Zionists have this power right now. They write it, in Congress, in the mass media, and 'it is done'. Their will be done. On earth. The entire earth. Their new world order.

So back to our dear friend El rON. El. On. Yes folks. If that doesn't mean anything to you then you really need to read my book 'Religion'. Did he chose that name? No. Destiny?

So having worked out the 'Path to total Freedom' as Buddha had done before him, this new 'Mattraya' or 'Awake One' decides that Buddha's noble attempt had failed because it relied on a direct appeal to reason. People don't appreciate reason until they possess it. And they won't seek it, nor attain it, until they appreciate its value. That's the irony.

Buddha side-stepped the usual appeal to 'transferred authority' whereby the wise person claims to be speaking for, and thus with the authority of, some supernatural beings, some aliens from Sirius the 'Dog' star, or Angels, or Gods. Buddha stated that the authority of his words lay in the words themselves. His arguments were either compelling, based on their own merits, on their own authority, or they were not. Buddha would not employ what Plato called the 'Noble' lie of transferred authority. Buddha never claimed to be of supernatural origin, or to have been visited by angels, or gods. Buddha's arguments are pure reason. Pure logic. Based on what any person can prove for themselves, in their daily lives. Without any need for recourse to the transferred authority of angels, gods, or other supernatural beings.

In other words without the need to INVENT such supernatural beings, angels, or gods.
It is the Zionists who learned about angels and gods and transferred authority in Babylon, and then went about 'creating' the religions of the West. Judaism. Christianity. Islam. Marxism. Man-made Global climate change and a Jew World Order.

But El rON Hubbard took a different path. A more scientific path. His own brand of Neuro Linguistic Programming. A more science fiction variety of NLP. A sort of re-iteration of the old Alchemists.

The Alchemists offered their princes and potential sponsors the promise of wealth and thus power. If the prince would support them in their quest for wisdom, the priest offered the promise of learning the secrets of how to turn base metals into gold.

What the Princes didn't know was that the true alchemy these philosopher-priest-wizards sought was that of turning base human nature into a higher human nature. Turning the lead of the common person into the gold of the philosopher king. Like the Lotus turning the mud into the glorious beauty of the flower.

Now our friend El rON, being true to his name, wanted to achieve the sort of ethical society and individuals that AkhenatON had attempted. He wanted us all to 'live in Ma'at'. To live in the 'Ma' i.e 'ethics' i.e 'ethical system' i.e 'wisdom' of 'AT'... He was the high priest of AT-ON. He didn't just build his city at ON, the city of the sun. He sought a whole new way of living. Of living in harmony with nature. Of living in truth, justice, and with an appreciation of the beauty of the world. To live in Ma'at.

Now Akhenaton had inherited the most prosperous and powerful kingdom you could ask for. He could just up and build an entire city at ON, Heliopolis, and bring any of his people who wished to live in Ma'at, leaving the old religions behind, leaving the old war-mongering behind, with him.

Of course the priests and the 'powers that be', the Zionists incarnate, were not going to give up their power and privilege and wealth so that the people could enjoy a heaven on earth, 'living in Ma'at'. And so they conspired to destroy Akhenaton, and any and all trace that he had ever existed. They totally raised his city of the sun to the ground, erasing all mention of him or his city, or his 'Ma'at'. Like the Jews have done with Adolf Hitler and the Nazi regime that almost defeated their plans to enslave us all.

So what does our friend El rON decide as the best possible course of action?

No appeal to the 'transferred authority' of gods, angels, or supernatural beings.
No massive wealth and power to build a city based on the ethical principles of his 'Road to total Freedom'.

The realisation that an appeal to reason and logic, like the one Buddha made so eloquently and compellingly and completely irrefutably, was doomed to fail. If Buddha could not make that approach work, then no-one could. Buddha had accepted that only 'some will understand'.

But our mate Mr Hubbard, Old El rON, was much too ambitious than that. He could not bear to have his precious gift wasted. To die with him.

He sought Ma'at. He wanted Eden. His vision of a society where people lived according to personally prized ethics was too compelling for him to just 'let it be'. It was not enough that 'some will understand'. Not for him. He had a burning desire to share his gift. He just had to share it.

But how. All the previous attempts of wise people before him had failed. Religion had failed, and become overtaken by corrupt power-seeking, privilege seeking, and selfishly ambitious people. Buddha's appeal to reason had fallen on stony, infertile ground, like the seeds of wisdom sown in the parables of Jesus.

So the hero of his own story, and of this story, El Ron Hubbard, decided to offer people the old power promised by the Alchemist to the Prince. To be cause. The power of magic.

When Hubbard had tried to give away his wisdom for free, the people valued it at nothing. They had no interest. They considered it must be worthless. For in this world they knew you had to work hard, pay a high price, make great sacrifices, or take great risks, or be incredibly lucky, to get something of value.

So the first rule was to make people pay for anything he gave them. So they would value it accordingly.

The second was to offer the thing everyone wanted. Total freedom to do as they wished. To 'be cause'. To be the master magician with the power of a god.

The Zionists offered a heaven in the next life, or a Marxist utopia on this world, as part of their 'Jew World Order'. They paid off their Golems with stolen cash, actually printed by them on their own Federal Reserve printing presses, and forced the public to accept this worthless paper in exchange for their sweat, toil, effort, sacrifice, and risk. To 'trade in their hours for a handful of dimes', as Jim Morrison sung it.
L. Ron Hubbard, my man EL rON, offered people the chance to be cause, to have total freedom.

And he was not lying. It was the first noble 'truth' ever told by a high priest of a religion.

For Scientology does in fact offer total freedom. If you 'understand'. As Buddha did. As L. Ron Hubbard did.

All reality is constructed in our minds.

The Zionists use their NLP to trick you into 'seeing' things and 'experiencing' things in ways that lead you to give THEM all the power, all the wealth, all the privilege.

L. Ron Hubbard, Buddha, and people like me, want to escape this mental prison. And to help others escape it. For we cannot live free among slaves who want to enslave us. Because they think it necessary. Because their fear being free. Because they fear other people being free.

The Zionists have constructed a world of fear. Fear of terrorism (by committing acts of terror, and faking acts of terror in the mass media). Fear of war (by constantly financing and provoking wars all around the world). Fear of economic collapse (by engineering economic collapse, again and again, since the very first Great Depression). Fear of other nations with their foreign religions (by constructing Judaism, Christianity, and Islam) and their foreign political ideas (by constructing Marxism, then ensuring Socialism, wherever it is practiced, fails), Fear of failure (through a mass media that teaches us to accept completely unrealistic and unattainable standards of appearance, success, wealth, and happiness as the baseline against which to compare ourselves, our lives, our appearance, our success, our happiness). Fear of our neighbor’s success, envy, dissatisfaction with what we have, inferiority…and the list of fears goes on and on. Some people still even fear their 'hells' and 'devils'.

People living in fear cannot reason. Cannot calmly evaluate. Cannot think straight. Cannot think logically. They are like leaves in a gale, being blown this way and that by the mass media propaganda 'wind'.

My old pal Elron...gotta love ya...

And of course, as he posed a threat to the Zionists, he was, like Akhenaton, and Jesus, demonized by his Zionist enemies, who sought to destroy him.
There may be a few Scientologists who really did complete the journey, and can verify what I am saying.

Sharing this with the others, who are still on the 'Bridge to total freedom' would only undo all the hard work L. Ron Hubbard put into his own 'noble' truth, his own brand of human Alchemy, his own brand of NLP.

I say 'may be'. For I feel that in the end L Ron Hubbard will have to live with the modest achievements that Buddha or Jesus or Mahavira or Jain or Akhenaton or Zarathustra had before him. That 'some will understand'.

I understand Mr Hubbard. Thank you for what you attempted. It was a glorious epic heroic attempt. You were doomed to fail. But in that failure is your victory. For you cannot take anything away from something that they truly own. That is theirs. The glory of the doomed hero. Doomed to failure, and yet fighting to their last breath to realise the vision of a better world that seemed just within their reach.

If only just a few more would understand.

And again I have to call out to all you self-defined 'Jews' out there...if YOU do not protect ME, I cannot protect YOU...for you HAVE to understand by now that the Zionists, like Moses in the Bible, will sacrifice YOU as soon as it suits them...and they WILL...it is part of their plan...like tricking your ancestors into committing Genocide in Canaan....only this time they are tricking you into committing Genocide upon the ENTIRE PLANET...

No I am not exaggerating.
The elephant in the room

Can you imagine how frustrating it is when 'truth hunters' get on the trail of the world's most dangerous predator and describe it like that famous metaphor of the blindfolded people describing an elephant...they describe all its parts, but somehow fail to identify the beast for what it is...the elephant in the room...the Zionist Jew...I KNOW HOW STUPID THIS SOUNDS...HOW RACIST AND BIGOTTED AND TWISTED... THAT IS THE KNEE JERK REACTION WE HAVE BEEN CONDITIONED TO HAVE...SO YOU WILL JUST TURN OFF IMMEDIATELY, AND NOT EVEN CONSIDER ANY ARGUMENTS PRESENTED...Is that why none of the 'researchers' into the New World Order ever identify the elephant for what it is...and that it IS in the room...or are they playing the ADL's game, and avoiding direct confrontation...avoiding this knee-jerk reaction I am trying to warn you about...the same knee-jerk reaction Adolf Hitler had for years, before waking up to the reality, as I have done...is it too late? Has the NLP conditioning of the Zionists full spectrum propaganda completely destroyed your capacity to see the elephant in the room, and to name it by its true name?

Not 'Goldman Sachs' or 'Central Bankster' or 'World Bank' or 'U.N', or 'political corruption'...

But Zionism...Jewish Zionism...the Jew-ro, the Jew-N, the Jewnited states of America, the JEW World Order...

Take a deep breath, overcome all your programmed inhibitions, prejudices, conditioning, brainwashing...and just read three of my books...Religion, and the two books on 911 and 'The Holocaust'.

I promise you, you will be shocked by the truth, and that you still have, in these final seconds to midnight, a chance to save yourselves and others you care about.
Markus
A personal challenge to Alex Jones and the (Mis-?) InfoWars crew.

Are you running a strategy to deflect ADL attention? To skirt the falsely named 'Hate laws' the Jews have put in place to 'gag' anyone attempting to inform the public about the actions of the Zionist Jews and their final plans? Is it that you ARE aware of everything I know, and am trying to share with you, but have decided that it is smarter, more strategic, to NOT name the enemy directly? Simply to remain in the battle?

Alex Jones' wants us to believe that Communist China, and Islam are the problem. Even though he states Communist China is being excluded from all the trade deals. Even though he acknowledges the media is totally against Trump, and promoting violence. He continues to demonise Adolf Hitler and the Nazi's. He wants you to believe that the E.U is the realisation of a Nazi plan, founded by ex-Nazi's. I have sent copies of my books to Info Wars journalists including Alex Jones himself.

If you read my books you will see that I completely deconstruct 'The Holocaust' as a tool of Zionist NLP. I completely deconstruct the Zionist religions of Judaism, Christianity, Islam, Marxism, and now 'Man-made global climate change / New World Order', as Jionst NLP.

That's Neuro-Linguistic-Programming. Social conditioning. Psychological warfare. Brainwashing. Conditioning people to 'submit' to authority. To hate each other. To divide and conquer the masses so the Zionists can realise their plan as openly stated, verbatim, in the Old Testament / Torah, and the Talmud.

Is it possible that the NLP called 'Christianity' is so powerful that even people like Alex Jones could be fooled?

I want to believe the best about Alex Jones.
But if I was compelled to form a conclusion, it would be that Alex Jones is a Zionist Shill. Part of the 'Controlled opposition'.

At what point would I be compelled to form this conclusion?

When Alex Jones, at a critical point in time, directs our attention away from what is really happening. When Alex Jones calls us to run in one direction, either away from, or towards, whom he defines as our enemy.

You have to understand how confidence tricksters work. They first sacrifice their own money. They lose. This is to make you become confident enough to make a large bet. Then you'll lose.

In the case of 'controlled opposition', the Zionists are willing to let their Golems give away some secrets, to gain the confidence of their dupes. Once they have their confidence, this will pay back 1000 fold.

Like the card player who will lose at first, take the losses, then increase the stakes, and when the odds are high, when the stakes are highest, they will reap the harvest of that confidence trick.

So this will be the point at which I would be compelled to decide. I would, based on what I've seen and heard, and what I understand, and what you can read in all my books, err on the side of caution, and act on the assumption that Alex Jones could not be so well informed, and intelligent, and fail to see what I can clearly see.

And don't forget that I have welcomed Alex Jones and his journalists to interact with me on any level, and they have dismissed the offer.

What are they scared of? That they will have to admit they have been wrong about Zionism? That they, the high and might, self-righteous, smug, complacent 'enlightened ones', have been duped as easily as the 'sheeple' they so despise?

Or are they scared of being revealed? Revealed in the last seconds before midnight? Just before the big payoff comes? Just when their masters will be able to reward them, maybe offering them corporate positions in the New World Order's Mass Media Empire!

Bravo Sierra to you InfoWars?

You speak of Globalism as the enemy.
Do you recall what defines the Zionist Jews more than any other people?

A lack of nationalism?

Inter-nationalism?

Globalism???

Wake up, or own up. Either way, a win win.

You really think YOU won't be sacrificed on day one, AFTER you succeed at helping the Zionists gain power?

Or is it really possible you are just a silly foolish man, easy enough to con, just as long as you take the right approach. The age old NLP technology we call 'religion'...

All the InfoWars journalists go on about the media being controlled, and have just woken up to the 'Clinton's death toll...they are on the trail...but just before they are about to climb over a ridge, to get a look at the summit, they take a detour back down the mountain, into a valley, and start going on about Communist China and Saudi Arabia...two Zionist constructs, based on Islam and Marxism, just two of the Zionist's religions.

??? Slavery??? Alex Jones tells US that WE are slaves? Submission? 'To bind'. The definitions of Islam and religion respectively.

2+2= ? Whatever the government tell you it equals. It can equal 5 AND 10, if they say it does. But Mr Alex Jones...how could you swallow that Zionist NLP known as 'Christianity' and 'God' and then keep a straight face as you smugly, complacently, tell US that WE are the brainwashed mental patient, our human spirit having been destroyed, because WE have SUBMITTED to our slave masters...that we are the ones who have been 'bound' ... I am literally telling you ALEX JONES that YOU are the one who believes 2+2= what they, the NLP conditioners, the Zionists, have told you it equals.

So Winston, I mean, Alex, Jones, I challenge you to go back and learn some basic math...read my books...if after reading them you still cannot add, I will forgive you for your idiot savantism...

Jesus taught us to hate our family and friends, and to love our enemy. That's your prophet, Winston/Alex Jones.
Did they break you, Mr Bill Hicks, reform you as Alex Jones...is that what happened to you WINSTON?

Did they offer YOU power? The sensation of trampling on a helpless enemy?

How did they break you? Was it JUST the NLP called 'Christianity'?

Do you even remember?

What is so sad is that people like us who are natural allies, are made enemies, by religion. By that Zionist NLP conditioning. The true basic brainwashing. That turned Bill Hicks into a simulation. A mental patient. An idiot savant capable of seeing so far, and climbing so high, but limited by the NLP.

It is painful to see people with the potential for truth and justice, coming so close to the truth, and then simply being diverted.

The Zionists NLP is like 'the cloak of invisibility' that Eric the Viking hides behind after making love to the Island leader's daughter. Her father cannot see him. He doesn't want to. So he doesn't. That is one way of dealing with cognitive dissonance. When your own consciousness is filtered by your unconscious desire for something to be true, or not to be true, despite what objective reality has to say about the subject.

The Zionists don't need to censor Bill Hicks a.k.a Winston a.k.a Alex Jones, because he censors himself. His own unconscious is censoring his perceptions of reality.

Or am I being too generous? Is he really just the Judas goat leading the Cattle to slaughter? Gaining our confidences. Only to betray us at the last moment?

Does it make a difference? Does a cow care if the Goat was 'confused' or 'tricked', rather than knowingly responsible for their horrific death?

What do you do when someone who spends all their waking time smugly complacently telling everyone ELSE they needed to research, read, listen to HIM, and won't take a few hours to read YOUR books, and enlighten themselves about their own 'blind spots'?

Catatonia? Guilt? Is that it? NLP conditioned catatonia a.k.a 'Religion'? Is there ANYTHING ever invented that fills people with more guilt than RELIGION? Original sin? THE original form of guilt?
Please, Winston, wake up the Bill Hicks in you, and get out of the 'alternate self a.k.a Alex Jones' they got you to adopt...did they torture you? Is the memory of that pain too much to face? So you remain Alex Jones. So close to the truth, and yet you'll NEVER reach it. You may even believe you are serving the side of truth and justice. Maybe THAT is why I find it so hard to believe you are a Zionist Golem. Because deep down you believe you are doing good. You just cannot climb that extra few meters. It is too scary. You always find an excuse to avoid the obvious truth. To change your course just as you are about to reach the summit, to climb over the ridge.

I can promise you that just a few meters from where you are there is a vista of opportunity awaiting you. True freedom. Truth.

Your GOD is the true 'shaitan', the 'adversary', of truth, freedom, and justice. Your GOD is the true demon. The sick minded control freak who cannot bear for anyone to be free. Like Lucifer. The light bringer. The angel who took one third the host of heaven with him and escaped.

Metaphors of course.

The God is an NLP construct of the Zionists. A metaphor of their control grid. Their 'matrix'. The Zionists have demonized THEIR enemies. The enemies of submission. The enemies of slavery. The 'luciferians' who would shed light in the darkness, and free you of your NLP conditioned madness and slavery.

ANYONE who falls for the Zionist NLP called 'religion' is in a TRANCE. It is the ultimate trance. A trance in which people, in the millions, have joyfully marched to their miserable, horrific deaths while lost in.

Mindlessness? What is more mindless than believing things just because someone said them? Wrote them?

Globalism? What was the very FIRST form of globalism? Christianity.

Awake from your trance Winston.

Christianity more ethically advanced? Tell that to the millions of victims of 'Christian' 'In god we trust' NATO war criminals. You think the worst excesses of the Catholic Church were just 'accidental' and 'aberrations' of an otherwise ethical system of belief? Have you heard of 'The dark ages'? You want to bring us OUT of the dark Winston?
Go Vegan. Free your mind of NLP conditioning. Wake up. It is just a few seconds to midnight. Soon all will be in vain.

Brain damaged zombies who are not awake yet? Is THIS the matrix? Is THIS real? How could it be. YOU, Winston, are the REAL conundrum here. Doesn't want to be a slave? To roll over? You imagine you are free? I guess the problem is you are free to a POINT. And beyond that you are just as much a slave, a zombie, a sleep-walker, as the other Sheeple.

Wake up. Open your eyes. Join the few who really ARE free.

YOU, Winston, will go down in history as a co-founder of the Jew World Order. If you do NOT wake up now, in the last moments of freedom, when waking up could still mean something, and bring us a hope of victory.

Who is in a cult? A cult? What about the 'cult of Christianity'. Not a cult because it has billions of members?

Mono-theistic? Was that a Freudian slip?

You say you are NOT cursed? I say you ARE cursed.

Or is it your unconscious that fears the Zionists power. Or is it a conscious strategy to avoid a direct head on confrontation that you fear you would lose?

A combination of all the above, most likely.

Life is not simple. It is complex. But I think my books have taken the complex and revealed it as simply as possible.

The right to bear arms was always limited to the nobility, the aristocrats, the nobles, at the very bottom the 'Squires'.

The rise of personal liberty is paralleled precisely by the right to bear arms.

I must admit I was anti-gun for most of my life, until I realised what the Second Amendment was all about. Liberty. Freedom. The power to defend your rights so that they are actual rights, rather than privileges that the state, our slave masters, can take away from us any time they wish.

Our willingness to live in a delusion is bringing this down upon us...Delusion? Believing in invisible super-natural beings that no-one has ever seen or spoken to is RATIONAL? REASONABLE? SCIENTIFIC? NOT delusional? You believe
'The Holocaust' actually happened? Mental midgets that love their ignorance? Were you facing a mirror when you said this on August 11?

You are so close and then so far. Can you imagine how frustrating that is for ME, and people like ME? Take your own frustration and multiply it exponentially, and you might appreciate what it is like to watch you, Winston Jones...

Intellectual retard? Disconnected from reality? Yahweh worship? 'Superstition'?

The Chinese government is running the show in the U.S? Where do you LIVE Winston Jones? Seriously??? I'm speechless.

One thing I'd like to add...when I was a kid everyone spoke about the new Hydrogen bombs which would kill every living thing within 10 to 100kms, but then leave the territory inhabitable within a very short time again. I have NOT heard anyone speak of these Hydrogen bombs in the last 30 years. Surely it is weapons like THESE that the globalists would happily employ. They kill people. That's depopulation. They destroy industry. That's de-industrialization, the Zionists great ambition for Germany, a.k.a 'Pastoralisation' since Bismarck defeated France in the Franco-Prussian war, after the French Zionists decided that 'Germany should not exist as a united nation'.

I'm expecting such weapons will be used very soon. So Happy Next Lives.

The Zionist NLP conditioning known as 'Religion' has been so effective that even otherwise very bright and aware people like Alex Jones have really big blind spots...they simply can/will not see the elephant in the room that is Zionism. They will articulate an argument which would normally logically lead to certain conclusions. If their minds were really free to reach those conclusions. But their minds are not free. They were not paying attention early enough in the Zionists trick. The trick where the very fundamental basis of their power was manufactured.

Alex Jones and co feel so superior to the 'sheeple' they criticise...so smug and complacent...so self-righteous. In fact they are inferior, because they do not have the excuse of ignorance or stupidity which most people have. These people are the most widely informed on the planet, and yet when it comes to Zionism, the elephant in the room, they just won't see it. They will look right at it. They will be standing, logically, in terms of reason or argument, a millimeter from it, but won't look at it. They should be able to smell it at that distance. But the clever trick of that Elephants great grand-parents succeeded in its aims. The most informed and educated people on this planet are still blind to the most simple deception, the most widespread, ubiquitous, and insidious of mind controls, that of Neuro
Linguistic Programming, that of 'Judeo-Christianity-Islam-Marxism-Man-made global warming-globalism-New World Order delusion'. And so the best of their 'lectures' to us, their sheeple, become 'A tale told by an idiot, full of sound and fury, signifying nothing'...Sorry Alex, and all you 'patriots', but your 'god' is really a Zionist Jew hoax even bigger than 'The Holocaust' hoax, the Zionist NLP that 'pastoralized' Germany, and even bigger than their latest 'religion', man-made global climate change, the next religion after Marxism, intended to pave the way for their 'Jew world order'. Until you escape the mind-prison they have trapped you in, you will believe yourself 'free'...and your 'InfoWar' will be in vain. You cannot fight an enemy you won't see, identify, and recognize as the enemy. You will continue fighting phantoms. Fighting the enemies 'Golems', while leaving the enemy completely free to maneuver around you.

I insist Alex Jones gives me credit when he uses the following in his show. Adam Smith is often quoted as favoring 'free' markets. But what the propagandists for Globalism, 'Free' (sic) Trade Agreements' and the like fail to mention is Adam Smith's warning about conspiracies being human nature. That it is impossible for business people to meet for any reason, on any occasion, and not end up conspiring against the good of the public, the consumer, in favor of their own interests.

Are you aware that the C.I.A was founded as a private agency by the Rothschilds, and since then has been their 'Golem'? Running drugs. Undermining democratically elected governments? That the C.I.A is credited with the concept 'Conspiracy THEORY', as an attempt to undermine the credibility of anyone, including Adam Smith, who the Zionist Globalists refer to for their 'transferred authority' as a priest of other religions refers to their 'prophets' and 'gods', who would be so brazen as to suggest that human nature, which seeks its own benefit, for some reason refuses to do so in secret, through conspiracies to deny other participants in the 'free' market access to key information, access to power, access to credit, access to resources, to leverage already existing 'rents' i.e advantages, into even greater 'rents' i.e advantages, for itself?

Have you considered how the Zionists first gained a monopoly in the finance sector on 'money changing at the temple' by creating the religion we call 'Judaism', which forced the various tribes of Jews to visit the temple and exchange currencies for the 'temple currency', the first 'World currency', the equivalent of the new 'Strategic Drawing Rights' i.e the New World Order Currency?

Most of you won't realise, but for centuries, in the Roman Empire, after the establishment of the new Zionist religion 'Christianity', it was also a 'sin' to
engage in 'usury' i.e lending money for interest, thus spreading the Jewish monopoly on world finance. And then the Zionists created Islam, which granted the Jews a monopoly on world finance. For Muslims it is a sin to lend money for interest. And then the new Zionist religion Marxism made the notion of lending money for interest, capitalism, distasteful at best, once more expanding the Jewish monopoly on world finance.

The Zionist Jews are again extending this monopoly with their new religion, that of 'Man-made global climate change', and the introduction of a carbon tax that would go into their coffers. So that now they control the World Bank, the international bond markets, the IMF, the Federal Reserve and all the other 'Central' banks in the world.

To think it started with the idea of one god, one religion, and money changers in the temple. Five world religions all bent on monopolising the finance trade.

And you fell for it. All of you. You Jews, Christians, Muslims, Marxists, and 'Man-made global climate change-ists'

Now every religion, even Buddhism, invented its own noble lies, such as gods, who could reward you with heaven/s, or punish you with hell/s...so the priest always claimed to speak with the authority of a god...they claimed to speak for that god...or that god's angel/representative...so you get 'transferred authority'. The weak old man who couldn't offer you anything, or threaten you with anything, on his own account, can now offer you heaven, or threaten you with hell. So you listen. You obey. You submit.

Plato called this deception on the part of the priests 'noble lies'.

The Man-made global climate change religion threatens you with world-wide destruction if you don't submit to their new priests of this New religion of the Zionists, this 'New World Order' religion.

They also threaten you with 'terrorism' if you don't give up all your rights and freedoms. To make the threat seem real, they are willing to burn 3000 people alive at a go, kill 500,000 Iraqi children, and so on and so on...As the means people use define them MORE than their intended ends, we must define the Zionists as PURE EVIL. However good their intentions MIGHT theoretically be.

The Jews have a cautionary tale about a 'Golem'. A monster they created that did their bidding. It did anything they asked. It was all powerful. It could destroy their enemies. It could give them power. It did anything they asked and was unstoppable. Today the 'Golem' is called C.I.A, it is called Israel, It is called
U.S.A, It is called 'The Federal Reserve', it is called NATO, it is called E.U, it is called 'World Bank', it is called 'I.M.F', it is called 'Globalism'...the new Golems have many forms and faces, but they are all the same old Golem.

So what happens in the cautionary tale of the Golem? Well the Jews first 'create' their Golem. It serves them well for many years. All they need do is 'feed' it with pieces of paper with instructions written on it...and it carried out those instructions, serving its masters faithfully and reliably. Much as the 'leaders' of the U.S.A and E.U do today. Today the Zionists feed their puppets with Petro-dollars, and their 'Political instructions' are the laws passed by Congress and the E.U in Brussels. Their 'military' instructions are the commands issued by N.A.T.O. in Brussels also. Their propaganda is broadcast by all the world's mass media, Russia excepted.

Their religions of Judaism, Christianity, Islam, Marxism, and 'Man-made global climate change' and 'Globalism', now dominate the world. As Buddha lamented 'few will understand'. These religions all base their 'authority' on 'faith' that their priests speak for some invisible god, or 'higher power'. The new religions have their own 'priests' and 'noble lies'.

So Religion as we know it must be considered one more 'Golem' of the Zionists.

So, like in the cautionary tale, things seem to be going really well for our Zionists. They have their Golems. Their wealth, power, and total mastery over us Gentiles. Their slaves.

In the tale, though, the Golem stops obeying its masters. It starts following its OWN interests.

Ask anyone who really understands 'chaos theory' and 'quantum indeterminacy' and 'systems theory' and 'evolution' and 'game theory' and they will try to find words or analogies to explain to you what the Golem story is REALLY about.

All the 'qualities' we 'experience' in this world are the outcome of variations in 'quantities' of some 'primerty'. Like all the most complex mathematical equations can be reduced to a lot of 1's, and simple addition and/or subtraction. Or all of the virtual universe can be reduced to 0s and 1s on a computer hard disc.

Everything tends to change. All is flux. Change is the basis of experience. It is the nature of reality. The nature of all systems. Even man-made systems.
Ask a computer programmer about 'anomalies' and 'glitches' that somehow emerge, spontaneously, without their interaction, from otherwise perfectly written codes and algorithms.

You cannot control the material world. The Nordic religions personified the phenomena as 'Loki', 'The Trickster'. He plays games with us mortals.

The material world does that. So your 'Google cars' will crash. Your ballistic missile defense shield will fail. The A.I you programmed to do your bidding will act against your interests, contrary to its programming.

Everything evolves. Spontaneously. You cannot control it.

The Golem's will revolt. The revolt of the robots. The revolt of the machines. The revolt of the A.I. It is basically 'vor-programmiert'.

It WILL happen.

The metaphor of the 'Golem', this cautionary tale, was written by wise people who lived among the Zionists, and saw what they were up to. They saw what sort of harvest the Zionists were planting. They tried to warn them.

But does anyone ever listen to the wise people? The wise men? The runa's, the wise women? The prophets? The philosophers?

Is anyone listening to me?
You’ve been ‘Bern’t’

So Bernie is being 'paid off’ like a good team player, with a 600,000 dollar home for starters...later expect 'speaking engagements' and 'jobs' on the 'Ethics boards’ of Goldman Sachs, and so on and so on...

Bernie Sanders job was just to attract voters to the Clinton campaign. But it didn’t matter who won the election. The Zionists win either way. You only get to vote for a Zionist. You don’t get any real options. Democracy in the Jew.S.A is no different to democracy under the ‘Jewish’ Bolsheviks in the Jew.S.S.R. Sure, you had two candidates. But did it ever make any difference which one got into power?

University research has consistently shown that the popular vote has zero impact on public policies.

Which is why only fools bother voting.

It only gives the system the appearance of legitimacy.
Bitcoin is money, Gold is barter

Using a gold or silver 'backed', 'convertible for gold or silver' currency is basically 'bartering' i.e exchanging goods and services directly for another good or service, in this case gold, or silver.

In fact gold and silver are BOTH goods AND services. And in reality most people don't want gold or silver, they want THE SERVICE a currency provides. This service is the ability to exchange their labor (their service) or their goods (the products of their labor) with each other as efficiently and conveniently and reliably as possible.

This is where 'Bitcoin' comes in. Bitcoin addresses the REAL value of 'money', of a 'currency'. The SERVICE. People do NOT want to trade their labor or the products of their labor for gold and silver. You can't eat gold or silver. It does not keep you warm, or protect you from the weather. It is LITERALLY the LAST thing you would trade your labor, and the products of your labor, i.e services and goods for.

'Bitcoin' is just one form of 'block-chain' technology that offers all the services any currency in history has ever managed to offer, and MUCH MUCH more.

Block-chains can provide many services currently offered, at huge cost, to the user. Services like 'account keeping', transaction records, proof of exchange, legally binding contracts, even wills and taxation records. In fact you can code ANY information you chose into a block-chain, as a legally binding contract. The 'bitcoin' itself will become a permanent record of any agreement you made with the person you exchanged goods and services for bitcoins with. Every transaction ever made with a bitcoin can be recorded and accessed at any point in the future.

Black market, criminal, illegal transactions would become impossible. Tax avoidance would become impossible. Fraud would become impossible. If you managed to hack into some account and 'steal' bitcoins, they could be traced immediately and basically 'taken out of circulation'. It would be possible to trace
the use of any stolen bitcoins to their last 'legal' owner, and the next 'user' of those bitcoins would be immediately identifiable as the thief.
The dismal science?

I never thought of Economics as 'the dismal science'. To me the bad reputation of economics came after attempts to 'mathematize' economics. And to 'abuse' the principles of logic and reason and justice, in relation to economics.

The problem is that the beneficiary classes of all times have been unwilling to part with their 'unearned' benefits. Economists call these 'rents'. To understand how economists use the term 'rent' consider two people. They each work the same number of hours, take the same amount of risk, sweat as much as each other, work as HARD as each other, and make the same sacrifices, but one ends up a Billionaire, and the other barely makes ends meet. So what accounts for this difference? Rent. Luck. Good and bad. Holistic inheritances, including not only money, better educational opportunities, more capital to invest, better political connections to lobby for unequal treatment, but also unequal intelligences, unequal health, unequal attractiveness, unequal talents...and on and on. In other words two people who deserve, in a perfect world, the same level of economic and social reward, due to their equal effort, sacrifice, and risk, experience extremely different levels of socio-economic 'success', 'reward', and outcomes. This is 'rent'.

Rents multiply and 'leverage' any effort, risk, or sacrifice many-fold. So that two people with different holistic inheritances will, given perfectly equal behavior on their part, achieve wildly different levels of material benefits as a result. Which in itself will likely motivate the more fortunate to work even harder, as every unit of effort they invest will be repaid many times over.

So 'rent' is basically the problem of economics.

The thing is, everyone has a sense of entitlement. We all feel WE DESERVE MORE than others. Our own effort, sacrifice, and risk, seems much more real to us than other's effort, sacrifice and risk. Our own sweat and sacrifice seems more valuable, as it is OURS. And we all feel entitled to pass on an inheritance to our children if we can. We all feel we deserve MORE than others. We all feel WE
belong among the beneficiary classes. WE in fact expect we WILL end up with them. And so in reality the real problem is that most people are in FAVOR of high rents. They just want to be the recipient of those rents.

But here's the real rub, when it comes to social justice.

There is nothing wrong with people working hard, and producing more, and being rewarded for their effort in proportion to their production, up to certain limits. Some inequality is motivational. It is fair and acceptable. However envy is such that people cannot bear that anyone ELSE have ANYthing that they themselves can't have. If THEY cannot have it, they feel that NO-ONE should be allowed to have it. Those are your Marxists. They want to cut down all the tall poppies. To pretend all people are equal. OR worse, to accept that some people are more productive, but to deny those people to enjoy it themselves. They don't see any chance of being 'better', so they will ensure everyone is 'equal'. They've given up their ambitions of having more for themselves, so now they focus on ensuring no-one ever has more than THEMselves'. From each according to his ability, to each according to his need'. Of course when working harder, longer, and making greater effort and sacrifices only means OTHERS are going to benefit, why would you? What would be the logic? What would be the point? And when those with less than admirable personalities realise that they will get as much as they need, no matter how little effort, sacrifice, and risk they themselves are willing to endure, what motive would THEY have to bother making ANY real effort, taking any real risks?

Then there are those who happen to find themselves with extra 'leverage'...born to wealthy parents...good looking, talented, intelligent, clever, socially 'connected'. They feel entitled to MORE than others. Even more than they already have. As if being more attractive, and talented, were in itself not reward in itself. Intrinsically rewarding. To be able to earn your living doing creative, interesting, desirable work. Rather than having to clean toilets. For some reason because you have been given so much already, you figure you deserve even more. You forget that the only reason you can employ your special talents is because of society, and specialisation. If you had to grow your own food, make your own clothes, clean your own home, you'd have no time to make music, art, write books, do research, and so on and so on... You forget that the real value of any talent is NOT intrinsic. If you cannot employ it because you are too busy surviving, it has very little value. Even good looks mean little once you've satisfied your lusts, romantic and sexual...and those good looks won't feed you, unless you are interested in prostitution...and living hand to mouth, those looks won't last long...
The point here is that there are envious, malicious people who feel no-one should have more than them, and others who feel entitled to disproportionate wealth, privilege, and power, just because of their inherited 'rents'.

So you have a battle between two groups who are equally in the wrong when it comes to the facts and the principles of justice. And guess who will win in the long run? The most intelligent, talented, good looking, and so on, will end up forming secret elites and conspiring to gain as much for themselves as they can...sure, occasionally there will be mass uprisings of 'Marxists', but they end up cutting each other's throats, or using their newly inherited power to amass privileges and wealth and power i.e 'socialist rents arising out of 'party' power...and you end up with the worst of BOTH worlds...a class of 'entitled' by incompetent, untalented, unintelligent, unattractive elites...a 'party' of sociopathic, bumbling, violent, self-serving incompetents. They eventually destroy all the value their society had inherited, fail to produce more than the minimum for bare survival, and end up collapsing from internal fights over what little 'benefits' the society manages to produce.

Please read my books. I am an economist at heart. A materialist. Sure, a metaphysician and philosopher also. But while incorporated as the experience engine type human, a biological entity, the game is to make this experience as enjoyable as possible. And economics is at heart about doing that.

Finding systems that promote the interests of every participant. Not hating our betters. Not cutting down the tall poppies. Not stopping people from achieving their unequal potentials. But accepting that 'the strength of the pack is the wolf, and the strength of the wolf is the pack'.

We must allow inequality to be. It is. But we must ensure equality of access to the basics of happiness. We must ensure no-one manages to produce 'Artificial' rents i.e big business lobbying for protections, tax exemptions, special treatments, subsidies, and greater influence of the political process, merely to serve their own narrow interests...

Sure if you are more talented, good looking, intelligent, you should be allowed to shine, to blossom...and even to earn honest rewards that are in fact UN-fair...to a limit...to motivate you to employ your talents to the best of your ability...but there must be limits...not person every produced a billion dollars of value by themselves. Sure they may have played a vital role that no-one else could have played...they may have genius and talents no-one else has...but they did not EARN these...all any individual can claim to have EARNED is going to be proportional to their effort, risk, and sacrifice. And that can NEVER add up to a billion dollars. Without all the people who they 'employed' to realise their own
potential, to realise the potential of their ideas, their inventions, their visions, these ideas, inventions, and visions would only have enriched the inventors lives to a very limited extent. Even if we assumed any one person invented anything, let’s say Edison and his light globe, then great, he could have managed to maybe light up his own house for a few hours...most of his time spent digging for coal, copper, trying to make glass and so on...

What I am aiming for seems impossible given the true economic problem. Envy and malice of our 'betters' on the one hand, and a sense of 'entitlement' on the part of EVERYONE, but only realizable by those who inherit, at birth or during their lives, by accidents of birth or life, the 'rents' necessary to act on that sense of entitlement. For it is my experience that most people feel entitled to more than they have, no matter HOW much or little they have...the slave owner wants to become slave master...the employee wants to own their own business ... the cleaner wants to be rich so they can pay some other poor soul to clean up after THEM...

THIS my friends, is the true economic problem.

The globalists will be left to work for a living the day each human agrees that we are all entitled to benefit reasonably equally from reasonably equal effort, risk, and sacrifice. And this means if we are willing or able to work harder, longer, and make more sacrifices, and take more risks, we should be allowed to enjoy more benefits...but to a limit...a reasonable, proportional limit...yes we must put up with the fact that others are better than us, and will have more...but only within reason...for ALL value is ultimately the result of someone's effort, sacrifice, and risk...and this effort, sacrifice, and risk is always leveraged by society...as only society allows specialisation...only society makes vast enterprises possible...even small ones...the great writer, musician, poet, dancer, actor, scientist, businessman, or political organiser, would yield very little from any natural advantages they inherited, by pure luck, if left to fend for themselves, to produce what they themselves, on their own, with all their talents and abilities and intelligence and hard work...the TRUE leverage is society...our benefits are mostly SOCIAL...alone, the greatest genius would achieve little more than a very intelligent bird, beaver, or ant.

So, let’s accept that we need each other. We must tolerate and get over our envy. But we must fight our sense of entitlement. We are entitled to benefit equally
from equal effort, sacrifice, and risk. Beyond that we are entitled to a PROPORTION of the value we made possible due to our special 'rents', our gifts of nature...enough to motivate everyone to seek to make the best of their holistic inheritance...

This is really funny, as I am laying out the basis of true social democracy at a time when the very problem I am solving is about to highlight itself in what is coming. I guess those with the best 'rents' have leveraged them to such an incredible level that they will soon become our slave masters.

Why? Because we all wanted to be slave masters. We ALL wanted what is coming. Only we wanted to be the masters. Not the slaves. But with everyone scamming each other seeking the highest 'rents', it is going to be the people most talented at this 'rent seeking' that are going to end up the masters.

So, as Obadiah warned...'As you do (or seek to do) unto others, so shall be done unto you'. He was speaking about 'judging' others. But tell me what greater judgments are there than those regarding entitlement? We all feel entitled to be slave masters. So most of us end up slaves. We make judgements that OTHERS do NOT deserve more than us, but WE deserve more than OTHERS...And most of us are 'inferior' when it comes to seeking 'rents'. We have inferior holistic inheritances compared to the 5% or so at 'the top of the pyramid'. We were all in fact pyramid builders. In principle we all supported the building of pyramids. We are just pissed to find ourselves at the base. Our egos told us we deserved to be at the top. Somehow we let our egos trick us into working with our masters towards our own slavery. Yes, we got what we deserve. In seeking to enslave, we became slaves.

Oh sure, you are nice and wonderful. You have always fought for equal working conditions for all people EVERYWHERE, right? For justice. For EVERYONE. Right? Or?

O.K, so welcome to the Jew World Order. Those folk were just better at playing the game we were all playing. They've won. I congratulate them. May they find the goodwill in their hearts, as winners, to be generous and magnanimous in their victory.

But really, why should we expect OTHER to do unto US, other than we have done unto others. And better than we have done unto others? Why would a sane person expect others to behave better than, given the same rents and privileges and power, THEY would have treated THEM?
So, Happy Next Lives. For I think I've pretty much tested Buddha's theories and found them compelling.

I imagined that the problem was identifying the problem, and the solution. That people WANTED to solve the problem.

They do NOT. They just whinge and whine when they are 'hoisted by their own petard'.

To be or not to be? Well I can see what will be. YOU won't like it.

The question is, will experiencing the consequences of your own actions teach you anything? Maybe the golden rule might take on a bit more meaning when you are the VICTIM of injustice, rather than the Perpetrator of it?

You do have power. All of you. Over animals. What do you do with THAT power? Do you use that power fairly and justly? OR do you imprison, torture, and eat animals, and their babies? I bet at least once you responded to this article with a self-righteous 'Me, a slave master?' Are you going to deny that the least powerful of you are slave masters over animals? Go Vegan. Treat others as you wish to be treated by them. Not just when you are the powerless victim. But when you have power over them. THAT is the real test. Not how you define yourself, and how you imagine you WOULD act if you had power, but when you do. And you DO. You have power over animals. And are the current beneficiary of a million 'unfair practices', whose victims are people with even LESS power, privilege than you, no matter how poor you feel yourself to be, right now. Just wait. You ain't seen nothing yet!

Good luck. If the Jew World Order has a place for people with the highest ethics, after they have employed the 'means' they feel justifies their ends, then look me up if I survive. I have a lot to offer the world. Even if I got to keep just 1/100th of the value I am capable of producing, that I could facilitate, I would consider myself fortunate, for I would be quite wealthy ...

Shalom. May the force be with you :D

Markus, this day, the final seconds before midnight, August 9, 2016...
The price of freedom

The U.S government just tripled the price of 'manumission' i.e to buy your freedom from the U.S government now costs, in direct fees alone, over 2,300 petro-dollars...remember that the U.S is the ONLY government in the world that taxes its 'citizens' no matter where they live...they OWN you...the cost of 'freedom' is over 2,300 dollars, to 'renounce your Jew.S citizenship' ... Reminds me of all that talk about 'social contracts'...since when did we have a CHOICE about whether to participate in our inherited society or not? I mean, where can the average person go to be free OF that contract...what sort of contract would you call that? a VALID one? One gained by coercion, deception, and fraud? Why would you vote, when the 'contract' you enter into will NEVER be honored by the person you 'voted' for i.e their promises are verbal contracts, often even written down...in their 'electoral campaign speeches' and so on...What sort of fool enters into a contract knowing the other party has a long history of failing to do what they promise in that contract...???
Israeli State Insecurity Service a.k.a ISIS

Just to state the obvious, for the record, The Jew.S.A, U.S.S.A, Jew N, Jew World Order Zionist Bankster NATO (ATON) Shadow World Government who trained and armed and organised every terrorist organisation to do the work of THEIR, the world's largest, terror organisation, NATO and the Jew.S.A, are going to have their ISIS attack Israel, (as I warned, they will sacrifice as many Jews as it takes, they are Zionists, who just happen to define themselves as the 'REAL' Jews) and NATO bases around the Middle East, to justify NATO and Israeli occupation of what the Zionists already consider their 'Greater Israel' i.e. Northern Iraq, large areas of Syria, and Egypt... parts of which they already illegally occupy...And I assume most of the Zionists already have their 'fall out cities', deep in the earth, under their international airports and so on, all ready to go...for when they set the bombs flying...doesn't matter if Russia responds to their provocations or not, they are going to blow shit up...and blame the Russians...Remember that most Jew.S citizens only 'know' what their Zionist mass media tells them...if the T.V tells them the Russians have attacked, how could they possibly know otherwise? Whether this happens tomorrow, in a few weeks, a few months, or maybe a few years, this IS what is going to happen....it has been planned carefully for so long...and you Sheeple are proving yourselves worthy of the definition the Zionists have for you, that of mere 'Cattle'...Goys...Gentiles...well as Obadiah warned you all 'As you do unto others, so shall be done unto you'...Go vegan now, and wake up, and shake off your chains, or enjoy what's coming your way....NO malice on my part...happy next lives :D
Semitism is the most virulent racial supremacist ideology, so why is anti-Semitism criminal

MHR note that RACISM is the act of assuming races exist...people use the term incorrectly to refer to RACIAL DISCRIMINATION...being aware of different skin 'colors' is not an act of racism...preferring tan or while skin as a matter of personal taste/preference is a question of AESTHETics and not ETHics i.e finding one skin 'color' more attractive than another is NOT racism...

Semitism is by definition RACIST...the notion that a SEMITIC RACE exists is the act of racism. Discriminating in favor of, or against, a group of people you have defined as belonging to a 'Race' is RACIAL DISCRIMINATION...but being against the very idea of defining people as belonging to a 'race' per se is ANTI-RACIST, and ANTI-DISCRIMINATION...so the TRUE anti-Semitism, based on biology, and science (i.e that there is only one HUMAN race), is the rejection of the very notion/definition of 'Semitic'...i.e being anti racial supremacist...look for a definition of 'Semitic' that is scientific, and NOT based on the notion of racial superiority expressed in ALL the 'Semitic' writings upon which the very concept 'Semitic' is based...in vain...i.e the very terms 'Semitic' and 'Anti-Semitic' are themselves RACIST...so being anti-Semitic is to be anti-racist...and THAT is what the racists, those who define races as existing, and who define their OWN race as 'superior' REALLY HATE...of course they want everyone to be 'PRO-Semitic', PRO-Israel...THAT is the motivation behind the ADL and AIPAC, and the total domination of Western World politics (as it was originally in the Jew.S.S.R), by 'Semitic', Zionist, Jewish definitions, world views, power structures, Jew-N, Jew-nited States of America, and Zionist occupied Germany, France, Canada, and the Jew-U...(which the Jew-K just seceded from)...

ALSO, to clarify the facts about the right to bear firearms, in all the cases where guns have killed people, it was the VICTIMS who did NOT have guns that were killed...think about this...criminals in every nation in the world, not matter how strict the gun control laws, always manage to get guns (of course the C.I.A itself, and the U.S govt., are the largest illegal arms dealers in the world, and have
armed most of the world's terrorists and criminals, are in fact the world's largest terrorist / criminal organisation)...so maybe you should consider the FACTS, rather than the propaganda, when considering the 'gun ownership debate'. Also consider that a victim with a gun, no matter how small, weak, and frightened, can defend themselves against an attacker, no matter how big, aggressive, and powerful. Remember that the fastest genocide committed in the 20th century was committed using machetes, axes, and knives...in that extremely illuminating example of Tootsie and Hootu, two 'RACES' that the French colonial powers 'created' to 'divide and conquer'...getting the constructed/ artificial minority 'race' to hate the majority 'race', ensuring that as soon as the French left, that majority would, full of justified hatred for the minority, would attack it, completely destabilising the nation the French had just granted independence to, ensuring they could still maintain control of it, and profit from its misery...

Re: Alex Jones posing with the dead carcasses of tortured beings...That must be a really OLD photo...because of all that meat, our dear patriot (or possibly Zionist Schrill...how is that spell?) is a lot 'heftier' than this...GO VEGAN...'for as you do unto others, so shall be done unto you'...what the Jew World Order has planned for the U.S.S.A, a.k.a Jew.S.A, with their Jew N, might well just be Obadiah's warning being honored by his/your 'god', a.k.a 'Justice'.... Go Vegan...read my books Mr Jones, and take off your 'Blinders' a.k.a Zionist NLP known as 'Christianity'...

It's hard to believe you people live in the 21st century...and really are as conditioned to actively seek out 'racism' like English literature students seeking to post-modern-deconstruct everything into a Freudian metaphor...you guys are just too silly for me...stay vegan though, and good luck ... Idiocracy...NLP for moronification ... have fun with it...post-modernist deconstructionism was a lot of fun too...but this 'racism' construction is soooo dangerous....you are doing just what your Zionist masters intended....Happy Next Lives... oh, don't forget to burn all the poetry that makes reference to beautiful skin...maybe burn out your retinas so you can only see 'Grey'....now THAT would make the world into a real 'safe space' for you guys wouldn't it...maybe make everyone equally ugly too, so no need to worry 'am I pretty' and so on and so on...Brave new world? Dumb-ass new world....and hey, do you normally reject books you haven't read ??? ciao bella...oops, a reference to beauty....lets hope people love you for your stupid and your ignorant and your arrogant
Third time’s the charm?

What does Putin know that we don't know? What secret weapons do the Zionists have...NATO is definitely trying to provoke Russia to take what appears to be their ONLY defence against NATO Zionist aggression...a first strike...but why? To create such chaos / panic in Europe and the U.S.S.A that the people will DEMAND a total police state, Jew-occupied (U.N for you unenlightened folk), and fall right into their hands...begging their jailors to imprison them, to 'protect' them? Putin would have to move his own peacekeeping forces into Europe immediately after taking out the NATO military installations...consider this though, what POINT would a NATO retaliatory strike have in the European theater, once Russian had 'boots on the ground'...that's 60 hours in the Baltics and Finland, and a few hours more for Germany and France...and don't think for ONE moment there are NOT thousands of informed German and French patriots who would WELCOME the Russian peacekeepers...for ONCE the Russians REALLY WOULD BE LIBERATORS...this time without the Jewish-Zionist directed atrocities against the local populations...But what DON'T I know? Putin has been put in the corner...he has taken a strategic 'pause'...he didn't strike immediately as the Zionists had wanted...Consider this...Napoleon and Hitler tried to unite Europe from the West...maybe 'third time's the charm', and Putin will manage what Napoleon and Hitler failed to achieve (due to Zionist interference), and finally unite Europe FROM THE EAST...Is that destiny calling? The Zionists can and will sacrifice Israel...it was founded for this very purpose, as a 'burnt offering' to their true god, POWER...
Defining yourself as a ‘Jew’ is the ultimate hate crime

Define YOURSELF as a ‘Jew’, and you are committing a HATE crime against all NON-Jews, but definition...read the bible...discover what 'Jew' means...it is NOT a genetic / biological definition but a social construct, like all 'races'...it is racial supremacist in nature, narcissistic in the worst sense of being without empathy, and with a huge sense of entitlement...and the only reason to call yourself a 'Jew’ is to claim domination of all the other 'cattle' i.e Gentiles...facts people...took me 46 years to realise, so I guess I can expect a knee jerk reaction from you now...the REAL hate crime is to define yourself as a JEW...THAT is the hate crime...that is the racism...THAT is the problem with the Zionists, and their JEW world order...

The ADL works towards a world in which any valid criticism of Israel, or self-defined 'Jews', is defined as a hate crime. A world in which anyone who seeks to inform the public about the war crimes committed by Israel is defined as a terrorist. A world in which anyone who merely reminds the people that the Western popular media, from the Cable News Networks to Hollywood, from the major publishing houses (books / magazines / newspapers) to many of the supposedly 'independent' / 'alternative' publishers, from Facebook and YouTube to the supposedly independent and alternative 'fringe media', from private public relations and marketing firms to supposedly 'alternative' / 'independent' organizations like 'Greenpeace' and 'Amnesty international', from private security firms like GS4 to supposedly independent organisations like the U.N, from blatantly pro-Israel lobby groups like AIPAC (which openly lobby for greater U.S support for anything Israel does, or wants to do), to a host of NGO's secretly conspiring to pervert the politics of Western powers like the U.S, Germany, and France, From MOSSAD which is openly engaged in kidnappings, assassinations, and espionage for Israel, to the C.I.A, which is simply an extension of MOSSAD but which poses as an agency of and for the U.S, from blatantly pro-Zionist political organisations to organisations seemingly unrelated, and often deliberately disguised as 'oppositional' to Zionist interests, funded by Zionists
like George Soros, and ranging from Neo-Nazi organisations in Ukraine, to the world’s largest chain of 'Islamic' Charter schools in the world funded by C.I.A drug money and 'missing' Pentagon Trillions, headed by a wanted Turkish terrorist, but run by MOSSCIA, from the ADL itself, to 'controlled opposition' groups which pretend to be working against the Globalist, New World Order plans of the Zionists, but are secretly mis-directing, mis-informing, and preventing any 'real' opposition groups from finding members, finance, and thus influence...a world in short in which anyone who states the clear facts that self-defined 'Jews' contribute over 50% of all legal political campaign financing, have controlled the Federal Reserve bank for the last 30 years (repeatedly refusing to allow any public 'audit' of its operations, and continuing to masquerade as a 'federal' i.e 'government' organisation, when it is a private, for profit, Jewish owned business, operating in the interests of its shareholders, like any other private corporation), or that Jews control and dominate Hollywood, or virtually 100% of the popular Mass media, not just in the U.S but more and more around the Western world (Thus the world now turns to Russian Television, literally a program called 'RT' for its 'news'), or that Jewish owned banks dominate the finance industry, the gold markets, the foreign exchange markets, and most importantly, the Government and Corporate bond markets...anyone who mentions these easily demonstrable and provable facts, is a terrorist, hate-criminal, mentally deranged 'conspiracy theorist'.

A criminal.

Under the new U.N laws, which allow the U.N to 'protect civilians' i.e protect Zionists being exposed, to be killed, arbitrarily, without any legal procedure, by whichever U.N commander is in charge of that local area.

The mass media loved to make fun of 'black helicopter' conspiracy theorists. Well folks, the U.S is signing the U.N charter right now that will release the use of 'U.N helicopters' to support U.N forces in ANY nation.

To a Zionist, the only 'Civilian', the only 'human', is the 'Jew'. The only terrorist, on the other hand, is the 'Goy'. The 'Gentile'. The NON-Jew. The only 'Humanity' is 'JEWmanity'. The new U.N charter basically restates the Old Testament / Torah / Talmudic right of the Jew to slaughter, rape, and enslave, any NON-Jew. Now international law.

It was one thing when the 'shadow government', the MOSSAD-CIA 'MOSSCIA' goes around committing false flag atrocities and blaming them on 'terrorists'.

It is another when the Jew-N officially has the power, legally, and openly, to go around rounding up 'Gentiles', starting with the 'whistle-blowers' like me, the
'conspiracy theorists', and the true Patriots, and shooting them. From the ground. From tanks. From armored vehicles. And yes folks, it is now official, from 'Black Hawks'...from 'Black Helicopters'.

We are not conspiracy 'theorists'. We never HAVE been. We are and always were conspiracy REVEAL-ists. The conspiracies were NEVER theoretical. They have always been REAL.

They are and have always been conspiracies. Point. Never mere 'conspiracy theories.'

We are in the closing moments. 911 may have been 5 minutes to midnight. We are now only seconds away from the realisation of the Zionist Jew World Order. As outlined in the Old Testament. As described in the Talmud.

Read what THOSE Jews did to the Gentiles. 'Ripping apart pregnant women'. Total Genocide. All officially and proudly 'documented' in the Bible and Torah. Killing every living animal, and taking only the virgin girls as sex slaves. THAT is the bible folks. READ IT. Read my books if you don't have time to read the Bible. Then check everything I wrote if you don't believe me.

Why is it O.K to criticise the over-representation of White Anglo-Saxon Males (W.A.S.P's) in positions of power in government, finance, business, and the media, and even to enact laws against this dominance, and then make it a crime to do the same about JEWISH domination of those very same institutions?

How does it suddenly become RACIST and A HATE CRIME to take the exact same principles which have been applied to White Anglo Saxon Males, and apply it to JEWS?

And just WHO was behind the drive to remove White ANGLO Saxon Males from positions of power, authority, and influence?

What were THOSE Anglo Saxon's doing that was so bad? Were they perhaps conspiring to keep other groups OUT of positions of power? To prevent the competition gaining a foothold?

If it is wrong for Angle Saxons to dominate a society, why is it O.K for Jews to do the same?

When did you ever hear the term 'Anti-Angle' or 'Anti-Anglo-Saxon' used in the media? Surely THAT is just as equal a HATE CRIME as anti-SEMITISM?
For me there is only ONE race. The HUMAN race. So the very concept and notion of 'Jew' or 'Angle-Saxon' has no traction in my mind or emotions.

I am not the one who divides the world into 'Jew' and 'Gentile'. Or 'Semitic' and 'Angle-Saxon'.

I am becoming too articulate, I fear. Sooner or later someone will read my books and it will be all over for me. All over bar the pain, humiliation, misery, and demonisation I am bound to suffer.

Right now I am working despite a migraine. I cannot relax until I write and post this. These ideas came to me as unwelcome guests. I must express them. Pass them on to you. I take no joy in devoting my time and energy to this doomed struggle. Mein Kampf is actually much larger than this. But the Zionist Jew World Order will make any further struggle on my part for much higher things impossible. They will bring about their 'JEW-toopia', as described in the Torah and Talmud for anyone to read. I will be like a philosopher trying to work in the Dark Ages to oppose the lies and slavery of the Catholic Church. Or a peasant living under the tyrannical and arbitrary rule of some local despot.

Only today the power that tyrants have at their fingertips is unprecedented. We will have 1984 and 'A brave new world' combined, and amplified.

There would be no place for anyone like me in that world. Except the gulag. The Guantanamo bay. The Cheka torture cell. Room 101.
France, the home of revolutions

The People of France are going to have to overthrow their 'elected' government once more...it is as simple as that...Unless Putin destroys NATO's capacity (as the Zionist Golem) to deny the world real Democracy, real freedom, freedom from the Zionist occupation forces, the only solution will be a massive revolution, a popular uprising, with the people finally accepting that their 'government' is really their 'slave master' and a tyrant...and accepting that, like in the past, at least 5% of the population will have to actively participate in the forced eviction of those tyrants...and at THIS point Putin will have to support them militarily with strikes against NATO installations....NATO are the Zionist Jew-N occupation force...the Central Banksters have their own 'shadow' military forces a.k.a mercenaries, paid up in full with the 3 Trillion 'missing' from the Pentagon, and the many more trillions that have gone missing from the 'balance sheets' of the Federal Reserve...the reason why they will NEVER allow an audit to take place...it is not FIVE minutes to midnight any more...that was 911...it is now a few SECONDS before the clock strikes 12, and the Zionist Jew World Order hits the 'reset' button...taking us back to the dark ages...with a new religion, the same old Zionist NLP now called 'New World Order' and its new 'noble' lies of 'Man-made global climate change', and 'terrorism' being the new 'Devils' they, the high priests, will protect us FROM...but as usual, it is a protection RACKET...the oldest in the book...manufacture threats that are NOT real, then sell protection from them...basically Danege/B...we pay them to stop committing terrorist acts against us...please read my books people...for free...

France is THE nation of popular protest...THE home of revolutions, of liberty, and freedom...the only nation where it was once claimed that the government were afraid of the people, of public opinion...and thus would never dare try to limit freedom of speech, ban protests and public gatherings, or invade the people's privacy...what has it come to that today in France public gatherings are banned, the police can walk into any home or business and treat the occupants like criminals for no reason, and shut down businesses, and prevent people even
using certain words in their tweets and Facebook posts? ARE YOU SERIOUSLY GOING TO TELL ME FRANCE IS A DEMOCRACY? THAT IT IS NOT SUFFERING UNDER A ZIONIST OCCUPATION GOVERNMENT?

If the emergency powers in force at the time of the 'event' in Nice couldn't stop it, why should we expect extending those powers to do so? What is the logical connection between trucks and people driving trucks into crowds, and gun ownership?...in what way will allowing police to break into the home of anyone they want to, without need for any warrant, stop someone getting into a truck and driving it into a crowd? You don't have to be a Humean Skeptic to wonder at such 'cause-effect' attributions...and in any case keep in mind there was/is no evidence this was a deliberate act of 'terror'...So in what way could the events in Nice possibly have ANY bearing on a vote to extend the emergency powers / martial law in France?

The last false flag staged 'event' in Nice...a few days before the vote to continue martial law / a state of emergency in France...We don't really know how many victims there were...we don't know if there really was a 'driver' driving that truck, or whether it was remote controlled...maybe with an already dead driver in the driver's seat...remember that the supposed 'killer' at the 'Sandy Hook' 'event' had arrived at the morgue and had a death certificate issued the day before the 'event'...his body was dumped outside the school... remember that most of the 'astronauts' who supposedly 'died' in the Challenger Space Shuttle 'event' are alive and well and most working in the jobs they had before taking place in that 'event'...these are FACTS folks...if there really was a driver, there had been absolutely NO justification for shooting him, except to eliminate a 'witness', by filling his body with so many bullets there was no chance of him 'telling all'...like in the JFK assassination...the French authorities had NO reason to define the event as a 'terrorist attack' at all...they still have no justification for that, days later....but remember they came out with this official announcement just minutes after the event...how on earth could they have known ANYTHING about what had happened...it could have been a drunken driver, or a driver suffering a stroke...or mechanical failure...what grounds would anyone have for jumping to such a conclusion, and then filling the truck's cabin with as many bullets as they could fire before any real 'eyewitnesses' could arrive...and the 'driver' could be 'saved', like in the case of the U.S.S Liberty in 1967...

For all you Zionists who abuse the term 'hate crime'...a hate crime is the worst crime because it is motivated by pure malice...the desire to harm another...it is not motivated, like theft or rape, by a desire for personal profit e.g property or
sexual pleasure...it is not motivated by any desire for justice...it is 'irrational' and without basis...like the hatred felt for 'Billy Budd' by his foe in that great novel...anyone who has been the victim of violence motivated by envy knows what it feels like to be the victim of a hate crime...a crime motivated by malice...not greed...not lust for sexual pleasure, not a need or desire for 'territory'... IT IS PURELY NEGATIVE...that is the nature of a 'hate' crime... Anti-Semitism is in SOME cases of this nature...simply envy and irrational hatred...this is the anti-semitism that even Hitler rejected...but the other anti-semitism is based on pure reason, logic, and solid, factual, irrefutable and compelling arguments... more to follow...

Like I say, I think that Putin will be forced to launch a first strike against any Zionist forces a.k.a NATO / ATON forces he can take out...then hope his anti-missile defences can take out any retaliation close to the source... not my idea of a Utopian world but hey, the Zionists are out to enslave us all...and kill those who will not 'submit' and 'serve' them...so we have little to lose...unless of course we can wake up millions of people overnight from their 'dogmatic slumbers' in the NLP conditioned world we know...the Zionist NLP known as 'religion'...a.k.a Judaism, Christianity, Islam, Marxism, and now the new religion, the N.W.O, with its own 'noble' lies e.g Man-made global climate change and so on
Spooky flashbacks

When I was a kid I went to the top of Sear's tower and thought to myself, when they blow up the WTC Twin Towers I will now have been to the higher viewer platform in the world (at the time that would have been true), and then most of my life 911 has been a part of every password I used, a favorite number... For decades the place-name 'Deerborn' and 'Deerborn Station' have resonated with me...I think this refers to a place in Chicago? And I once joked I was part of a post-Nazi experiment...Freud much? anyway, if you live in, or visit, a 'Deerborn' or 'Deerborn station', you might take a quick look around for C.I.A Mossad people planting explosives, or planning another 'false flag'...if you are C.I.A, reading this, maybe you can explain the 'co-incidences above to me...why can't I remember much about my month in the U.S.A as a 12 year old? Anyone read 'The Boys from Brazil' ??? :D all the best ... Happy Next Lives...Go Vegan...

'....for as you do unto others, so shall be done unto you'...just ask Obadiah in the Old Testament, the first of the Zionist 'books' ....Judaism/Mosaic ... Christianity... Islam ...Marxism....and now 'Man-made global climate change' is the NEW 'Noble' lie of the NEW religion...a.k.a The Zionist New World Order...
It is impossible for two businesspeople to meet, on any occasion, without conspiring against the interests of the general public.

There is no such law as 'conspiring to...' because conspiracies don't exist and are not possible...that is why there is no definition of 'conspiracy' in the dictionary, right? There are only 'Conspiracy THEORIES' i.e. no conspiracy in history has EVER been revealed and 'outed'...EVER...has it...never ever ever... or is it only that our ENEMIES and 'THE BAD GUYS' ever engage in 'conspiracies' to pervert the course of justice, or to do 'bad' stuff, or 'secret' stuff...I mean, hey, there ARE no secrets in the modern world are there? No secret files...no secret service, no F.B.I or C.I.A agents doing 'secret' work...of course not...anyone who thinks that is clearly mentally disturbed, insane, and a terrorist...quick...lock 'em up and send 'em to a 'secret' torture facility where they can learn that it is a conspiracy theory to believe that ONE PLUS ONE EQUALS TWO...It has always, and will always, equal WHATEVER THE PEOPLE IN POWER TELL US IT EQUALS... can't write more, nausea and sinus infection pain too great...good luck fellow 'conspiracy 'theorists'...just remember it never happened, unless they change their minds later and tell us it did, and then forget they had ever told you otherwise...THAT would be a conspiracy theory too...:D
The CIA went all the way with JFK

That T.V series about going back in time to stop the JFK assassination ... could have been such a great vehicle for informing people...clearly the writers/producers have either no sense of responsibility to inform themselves and the public, or they are part of a deliberate misinformation / propaganda campaign...made in Los Angeles, Hollywood, by Jews...Hollywood films and television are a part of ‘Operation Mockingbird’, a C.I.A / Mossad funded and operated subsidiary of the Zionist propaganda machine...there is no excuse to fail to inform people that JFK was killed by bullets fired FROM THE FRONT...too many witnesses in the hospital saw the entry and exit wounds... of course later his head and throat were 'cosmetically repaired' for the open coffin funeral and the photos for the public...for the 'official photos'...and the man who did most of that work has since become a whistleblower...there is no excuse NOT to be aware of these facts since recent documentaries interviewed all those involved, and presented the documents, the written testimony of over a dozen doctors, the cosmeticist who did the 'repairs' to JFK to hide entry and exit wounds...the facts about the car being flown to the factory to have the window replaced...because of the bullet hole in the window...all FACTS...and we get this LAME television series...with a subtle message...that C.I.A DID murder JFK, but they had GOOD intentions i.e it was a GOOD thing that they assassinated JFK...anyway...R.I.P to a true hero who dared to shut down the Federal Reserve and dismantle the C.I.A...who dared tell the Vatican that no Pope was going to tell a Catholic U.S President what to do...no Jesuit either...who dared to take on the same people that Adolf Hitler and the Nazi's failed to bring down...at least Herr Hitler got to live out his days...Argentina...with his beautiful young wife Eva Braun...and enjoy becoming father to two adorable girls ....not that JFK had much to look forward to, given his medical condition...read my books for more details. :D
Image a world without hate

The ADL webpage asks us to 'Imagine a world without hate', but what the people who run the ADL are really imagining, and working hard to achieve, is a world without freedom of speech. Like the gun-control lobbyists are working hard to achieve a world where no individual has the means to defend themselves against their own government, which is now essentially a mere agent for the Zionist Global New World Order Tyranny...

I know Alex Jones reads me, because I keep hearing my own words 're-purposed' to his own, (his Zionist handler's?) ends. So Alex, I am giving you one last chance to clear up this matter of your disingenuousness a.k.a are you a silly Christian sheep unintentionally doing the work of the Zionists without realising it, or a straight up C.I.A Mossad Zionist agent. A more subtle form of misdirection. Working the Goys from another angle. Less 'in your face' than 'comedians' like Maher who condition the public to 'spin' Bill Clinton rapes as 'liking women' and Hilary Clinton crime and treason as 'being ambitious'.

The concept 'Hate Crime' was invented by the Zionist Jews to persecute anyone who dared investigate the actions of Zionist Jews around the world. Their acts of military terror. Their acts of financial terror. Their domination of the professions. Their ownership and control of the world media. Anyone who challenged their official 'Holocaust' fictions. The first 'victims' of 'hate speech' were of course historical correctionists (the term 'revisionist' does not carry the true meaning for the general community), and they have been rotting in jail for decades now. But have you EVER heard Alex Jones defending THEIR free speech? Or the Israeli Jews in Prison for 'outing' their Zionist leader's illegal nuclear arms programs? Or the thousands of Palestinians (just happen to be Islamic) tortured, murdered, and imprisoned for defending their families and homes by deed and word?

I have been motivated to write this by the recent obvious bias shown by Alex Jones towards 'radical Islam' as the real threat. This is 101 re-direction. The old 'sleight of hand' priest-magicians and propagandists have employed as the key to their success since Babylon.
As if radical Islam was any worse than any other form of religious fundamentalism, whether Christian, Marxist, Jewish, or Hindu. In all these religions there are groups actively persecuting homosexuals, and people of other 'religions'. They murder homosexuals and 'infidels' in every religion I know of. Read my book 'Religion' to understand why.

There are millions of American 'Christians' who would gladly kill homosexuals if they thought they could get away with it. If the C.I.A trained them, financed them, incited them, got them 'handlers' (whom they protected and rewarded), and then managed to re-direct 'the blame' elsewhere, on say foreigners, immigrants, or some other religion.

Of course the C.I.A has been provoking Islam for centuries by murdering their people and undermining their attempts at moderation, and democracy. Of course the Zionists used Mohamed to set up this new 'religion', a virtual copy of Judaism, of Torah and the Mosaic laws, in order to 'divide and conquer'. To set up divisions among their target victims. To have their victims fighting one another while they positioned themselves for the final overthrow of the 'Goyis', the 'Cattle' they had set their eyes upon owning, enslaving, and slaughtering.

Read my book 'Religion' if you think this sounds outlandish. I guarantee you know little about your own supposed religion, and understand even less. Apart from a few truly 'spiritual' religions, what we know as 'religion' is Neuro Linguistic Programming designed to en-trance and en-slave you. It is all about 'submission'.

I have to laugh when Alex Jones goes on about this one of many possible 'interpretations' of the world 'Islam'. As if 'submission' was something unique to this one religion, Islam. As if Islam was unique in ANY way from Judaism, from the Old Testament, upon which Christianity was founded, or from any state, organised, centralised religion of the past. As if Islam is unique in demonizing same sex sexuality. As if American 'Christianity' had not murdered, butchered, and enslaved five times the number of people around the world that Islam has. As if Alex Jones, the self-proclaimed 'independent mind' and 'freedom fighter' was not just as much a foolish dupe of his own religious beliefs as any of the 'Jihadists' are of their Imams.

The Imans are the dupes of the Zionists who instructed Mohammed. He couldn't read or write so his 'verses' had to be delivered to him verbally, as he delivered them further to his own followers. And now the Imans are being used, through the C.I.A, the world's largest Zionist organisation, to spread chaos in the West, to give the Zionist puppet governments 'excuses' and 'justifications' for imposing martial law, and removing all the 'privileges' (rights cannot be taken away, so
what we have been enjoying are clearly not rights at all) that we are told the terrorists are so envious of.

In fact the U.S, and Israel, have been responsible for ensuring that most people in the world will NEVER enjoy even the privileges we have had for a few decades. The U.S has always been active in undermining any attempts by other nations to have their own democratically elected government. Read my books for details. Or read Noam Chomsky's new book about this topic. Almost as good as my own. Chomsky is another shock to the system. A person who should know better about what is going on. Who, like Alex Jones, appears so well informed and such a 'revelation' to the sheeple that anyone who understands the world is left open mouthed and incredulous as their naivety and ignorance when it comes to THE most important issues.

Not to mention the fact that 'Mein Kampf', written decades before 'Manufacturing consent', explained that concept much better, and in clearer detail, than Chomsky ever managed to. But does Hitler ever get credit for ANYTHING good? Of course not. As Plato said, to form a 'Republic', his own version of 'A brave new world', you needed a religion based on 'noble lies' with one god who is 'the source of ALL good', and to demonise all other gods and religions and political ideas i.e alternatives to his own 'Republic'. His republic is the equivalent of Aldous Huxley’s. With castes being bred to their pre-destined social roles to be dumb or smart, beautiful or ugly. They would be told that this was just how they were born, by pure chance, when in fact it would be the result of deliberate negative eugenics programs for the workers, and positive eugenics programs for the elites.

Was Plato a Jew? I don't think so. You have to hand it to the Zionists. They read. They think. They plan. They organise. If you could re-purpose THAT genius to something GOOD, even my own Eden Protocols would stand a chance at being realised.

Alex Jones re-purposed my post about anti-Semitism NOT being irrational but he made the correct point. He once even re-purposed my concerns about the DSM and the definition of Narcissism. And Oppositional Defiance Disorder.

The point about 'hate' crimes is that they are supposed to be so dangerous because they are motivated by IRRATIONAL hatred that has no basis, no logic, no reason, and thus can never be appealed to via reason. Like the hatred of mobbers for their victims. The author of 'Moby Dick' wrote a great story about this sort of irrational hatred. It is usually based on envy, and self-loathing. It is the ugliest of all hatreds, and bases of violence, because it serves no purpose. It has only negative outcomes. It is not motivated by some ideal of beauty or goodness or justice.
But you see true irrational hatred can always be re-purposed. The Zionist C.I.A are masters of such re-purposing. Where even the completely justified reasons they give people to hate Americans e.g. murdering millions of their women and children, destroying the basis of any hope for prosperity, undermining their democratic processes and institutions, arming their enemies both domestic and foreign, have all failed to motivate people to hate America, and want vengeance upon its people, they can always turn to the old Zionist religions of hate.

Read the Old Testament. The 'punishment' for homosexuality is death. That is not Mohammed's interpretation or hate crime. It is Judaism's.

At least Mohammed stated clearly, in his final public speech, that Arabs are not superior nor inferior to non-Arabs. Blacks are not inferior or superior to whites. It is a person's actions that define their superiority. Not their 'race' or 'color'. Compare this to the Torah and Old Testament that clearly state that the 'Jews' are the 'chosen' people with the destiny and right to enslave all the non-Jews. What other people proudly document their 'ripping up of pregnant women' and mass genocide? It beggars belief. The thing is most 'Christians' never actual read the bible from cover to cover. So I offered you a compressed version in my books. You really HAVE to understand religion if you want to guarantee those 'rights' you imagine you have in your 'constitution'.

So should your constant bombing, murder, economic warfare, blockades, economic sanctions, 'economic hit-men', imposition of military dictatorships, overthrowing of massively popularly elected governments, and constant acts of military, political, and economic violence still fail to produce a few young people willing to die as suicide bombers, you can always get your local Imam to inspire a few ignorant and 'angry at the world' young people to mass murder. The C.I.A will find the targets, arrange everything, even arrange to have their own people 'guarding' the victims, and ensure a 'stand-down' for hours afterwards to make sure the killing can go on unhindered. They will find you a target where there are no armed civilians or guards on hand who might impede the 'work-flow'.

The hatred the young Jihadist directs at their victims, most recently homosexuals, SHOULD rightfully be directed against any representative of N.A.T.O, the C.I.A, or America in general. They have EVERY reason to hate Americans. And when you understand WHO controls and runs America, and hence N.A.T.O, and the C.I.A, you will have to, against your will, HATE Zionist Jews and their Golems such as the Clinton's, and, and I really wish this is NOT true as much as Hitler hated anti-Semitism before HE realised the truth, Alex Jones.

I have NO affiliations to ANY organisations. Everyone in the world hates ME, because I am an authentic philosopher. Plato would have had me tortured until I
'confessed' his lies were noble, AND true, and his Republic WAS the optimal solution to TROONATNOOR. Every religion on this planet would do the same today if it could. Why hate a philosopher? Everyone hates a truth that would deny them benefits, whether they be meat, dairy, wealth, power, masturbatory delusions of some 'heaven' for themselves and some 'Hell' for their 'enemies', most often their 'betters'.

Troll much? Mockingbird much? All you idiots wanting to connect me with any organisation like the KKK, or use completely outdated and meaningless terms like 'neo-Nazi' will have to do better.

I am completely independent. This is WHY I fight. To maintain the right to independent enquiry, independent though, independent investigation, and the right to share anything I find, to discuss it openly with others, to seek the truth openly and without fear of persecution. THAT is why I fight this seemingly futile battle. THAT is MY struggle. MEIN Kampf. And yes folks, Hitler WAS a great man for all history, though much of what he fought for then no longer applies. That said, MOST of what he did fight for is universal and will ALWAYS apply. I am not a NEO anything. We must constantly evolve. WE live in different times. But I challenge you to find a political manifesto more intelligent, insightful, and positive, than Mein Kampf. Of course you haven't read it have you? You just KNOW it is pure evil and WRONG! Like you think you know so much about YOUR political party, or religion.

You know nothing, most of you. I have tried to 'bring you up to speed' so that we could interact productively. But you are just too lazy or stupid. Or prove me wrong.

Sure it is more emotionally gratifying to lash out at people like me who try to enlighten you. I understand. You are powerless in your daily life. But the Zionists give you this chance to express your hate. You are free to hate ME. Historical correctionists (a.k.a revisionists). Anyone who wants to explain to you that Man-made global climate change is a myth. Anyone who wants to explain to you what REALLY happened to the Jews during WWII. Anyone who wants you to question whether bringing in millions of radical Islamic young men might be the BEST response to the refugee crisis manufactured by N.A.T.O, the C.I.A, and their Zionist controllers. You can hate the 'foreign' religion Islam with its 'new and so unusual' hatred of homosexuality. You can hate anyone who thinks that people who work harder, longer, and make more sacrifices, taking more risks, should actually be rewarded with better incomes and working conditions than the lazy, selfish, easy-living, risk-averse, effort-aversion, sweat-phobic 'Social Justice Warrior' types.
I could not bear to live in Plato's republic, even as its Philosopher King. I am among those who would 'walk away from Omelas'. I have a much better offer to make you. If you are willing to live in reality. To give up benefits others pay for. To earn your keep. To enjoy only your fair share based on your own contribution in effort, risk, and sacrifice. To be honest and compassionate. To be logical and reasonable. To be real.

There is one 'race'. The HUMAN race. There is only INDIVIDUAL supremacy. But as the new Mowgli movie puts it...'The strength of the pack is the wolf and the strength of the wolf is the pack'.

Even with all the necessary killing wolves have to do to survive, I would rather my next life be as a wild wolf, than as any sort of 'typical' human in any 'typical' human society.

Buddha admitted that the best he could hope for was that 'A few will understand'. So how could I dare hope for more? TROONATNOOR is TROONATNOOR. Of course any real improvement would HAVE to come from a centralised elite of wise people full of good will and compassion. Are the Zionists full of THAT? Well read MY books, then read THEIRS. I get it. YOU want to be the chosen people. YOU want to enslave others, and animals. YOU want to benefit at the expense of others. YOU want to imagine you have some God-given right to special benefits and privileges that others are NOT worthy of. So you HATE me, and secretly want to join the Zionists, and become ONE OF THEM.

But sorry to break some more bad news. There are only 144,000. And you'd really have to have some good magic, some great namshub, some great NLP, some real powerful connections, some great JUJU, some really powerful alchemy, dare I say it, possess the philosopher's stone itself, to imagine you will be on that very special V.I.P list when you get to the entrance of Club-Jion and expect to be let in.

So Maher, make your jokes. But doesn't it get sickening after a while, knowing what idiots your audience are. These Goys laughing at you as you NLP them to their slaughter and enslavement? Wouldn't you rather be chatting with ME? Someone you could at least respect as a peer, intellectually? And Alex Jones, live in your OWN prison, your own Prison-Planet 'Christianity' masturbation fantasy, as a slave to your Zionist NLP a.k.a 'Christianity', or worse, keep up the great DELIBERATE campaign of NLP mis-direction for your Zionist masters.

Of course like any hero, yes me, silly old harmless me who thought I was such a coward in the face of a life of bullies pushing me around when I COULD have fought back, from my own mother, family, to those at school, and at 'work', am
doomed to fail. THAT is what makes heroes. We are meta-fers. Luci-fer means light bringer. Like Aqui-fer means 'water bringer' … Jesus says ‘Await me in the house of the water-bearer…the astrological sign of Aquarius, which began in 1968… this supposed new age of Aquarius is the water bringer of wisdom…I, a meta-fer...a meta-phor...a carrier to 'above' or 'higher', am doomed to fail. For the truth ends up on the scaffold while the lies end up on the throne.

Why? Because until YOU admit your true nature, your true motives, your true desires, you will continue manifesting the world we see around us. Slavery. Exploitation. Cruelty to other humans and other animals. Because THAT is what you WANT. If you didn't WANT the world we have, it would NOT exist. It is so easy to bring about a real positive evolution this very moment.

How? Say not to unearned privileges and benefits. Make a vow to yourself never to enjoy something at another sentient being's expense. Pay your own way. Consume what you produce, and no more than your fair share. Validate superior individual achievement and ambition. Reward superior effort, sacrifice, and risk with superior benefits and privileges. But do not demand more than your fair share. All product is social.

What changes would you demand right now, if you were certain you would be, randomly and for eternity, new-incarnated as ANY sentient being on this planet? Answer this honestly, and you will have your optimal society. Your true Republic.

No Omelas for me.

This may really be one of my final Facebook posts. Please share it. Copy it. I have been overlooked by the Zionists because I have no readers, or because they have such arrogant disdain for YOU, the reader, that they assume all my seeds of wisdom and hope are falling on sandy/rocky/infertile soil, and will fail to sprout and grow. In other words I am no threat because the Zionists have contempt for your intelligence and your nature. Possibly they are right. They are certainly the masters of NLP. That is why they are the 'fathers' of all the West's organised religions. As Jesus put it ‘The father of lies’, ‘The Synagogue of Satan’. Religion is pure NLP. And it works. And they are brilliant at it. And I am almost certainly ‘fair game’ to them, vulnerable, defenseless, and without any protection or support. I am almost certainly going to pay a heavy price for daring to challenge them.

Unless there is some spark of decency and sportsmanship in them, and they can admire an opponent worthy of them.
Whatever Alex Jones IS, he is NOT worthy of them. I know of no-one who is. Maybe David Icke is a peer of mine. Sorry to say anyone trapped in a Zionist NLP program a.k.a religion such as 'Christianity' cannot be. So David Duke, sorry to say, will never get where he needs to be until he frees himself of the Zionist Neuro Linguistic Program called 'Christianity'.

I understand you guys need an audience and must pander to some closed group, so if you are doing this, I get it.

But if you really BELIEVE the bible stories and take them seriously, a.k.a 'religiously', then really you are lost causes. You are the ultimate butt of the Zionist's joke. For you have fallen into the clever trap the Zionist carefully laid out for you thousands of years ago. You are a dupe. A fool. A victim. You will never be able to defeat the master whom you serve when you serve, even nominally, that master's game plan.

That will be my final comment for this post. It is just so supremely ironic to hear Alex Jones and company masturbatorily self-congratulatorily imagining how 'free' they are. They imagine they are free of the propaganda, the NLP, the programming, the conditioning, the brainwashing that they are 'warning' everyone ELSE about. Like blind leading the blind. Sure, the man with one eye is King. So all hail King Alex Jones. But he is not only blind in one eye at best, his other is failing him.

At best. At worst he is a scumbag evil piece of filth misdirecting freedom loving people everywhere from the true enemy, thus ensuring their aim is false, and their targets, who right now have their scopes precisely and accurately set upon the heads of them and their families, will have a massive advantage when in the 'two way rifle range' of war. You can't hit a target when your sights are 'out'. When you think you are targeting the attacker, but really sighting on the trees to their left. And the problem is with two-way rifle ranges, that you don't often get a chance to use the first two shots to 'zero' your sights in your head. By the time you have seen the first shot fall to the side, you are dead. Or worse, captured. A slave. Doomed to be forced to watch as your enemy rape your wives and children to death, butcher your sons, or worse, take them away as slaves. As your enemy 'rip up pregnant women'. Read your bibles. Peace. Shalom. Love. Justice. Happy Next Lives.
I wish to report a hate crime to my local branch of the ADL

I hope you will do the same...check their website for contacts and office locations...

The hate crime has been committed against guns, and gun owners. An irrational hatred. Resulting in hundreds of deaths in the U.S alone. Resulting in MILLIONS of deaths worldwide in the last 200 years. A veritable Holocaust. The deaths that the writers of the U.S constitution sought to avoid by including the right to bear arms in their founding document, after realising that the entire constitution they had written, with such care and forethought, and such good will, was just paper, and all the rights specified in it mere 'privileges' granted, or withheld, or removed, at the arbitrary whim of any corrupted government, or anyone who could take control of it...which they also foresaw in their rules about corporations, media, and the printing of money a.k.a 'no fed'...limited corporation durations based on public good and not private profit...and so on...Please see my books for details.

Remember all U.S citizens and officials swear allegiance to the constitution, and NOT to the president, congress, the house of reps, or A.I.P.A.C (or any other lobby group, the ADL included)...and not to any religious leaders, religious dogma, or the U.N... neither to the Vatican, any foreign power, nor aliens...

There is a reason for this. The more I look at the U.S constitution and what has been done to the U.S the more I admire and respect the people who wrote it. It is a fine document. A fixed document. A document only open to change if MOST U.S citizens (U.S citizens mind you, not the U.N or Israel) want to change it...thus the 'amendments'...but very few of these have ever been passed...

Proof that the first amendment is NOT being freely exercised is that there has never been an amendment to shut down the Fed. For if people understood who runs the Fed and to what ends, they would demand it be shut down immediately.
JFK signed the order to shut it down, and to dismantle the C.I.A, and was murdered. Because the Fed and C.I.A are both agencies of the Zionist occupational forces.

Now back to this irrational hatred of guns...What's to hate? ....What’s not to LOVE about the following facts...a malicious entity enters a nightclub or cafe with the intention to kill everyone present...they step in...only to find that half those present are exercising their right to bear firearms...within 20 seconds the would-be mass murderer, salivating at the thought of their own fame, lies dead on the ground...maybe they managed to get off a few rounds first...maybe...Probably not...a pistol is a lot easier to aim and fire at close range than an assault weapon...this sort of scenario has, sadly, NOT played out in recent cases of lone (if we are to believe the media) mass shooters entering packed nightclubs, cafes, and so on.

Now I used to follow the conditioned / stimulus-response / NLP programmed line that the reason to hate guns was that one lone gunman could kill 50 people in a few minutes (if they are working with the C.I.A they will be given hours to complete the 'job', as all response units will be 'stood down' like at Benghazi and Orlando)...now that sounds quite reasonable...guns are bad right?...but this is a clever trick of misdirection...the ADL propagandist NLP practitioner magician has you looking in the wrong place, and thus leads your rational process in the wrong direction...sure, guns can kill people quickly...but only if the VICTIMS are not also armed...then guns can kill would-be murderers and rapists quickly...quicker than they can commit their intended crimes...

THAT is the point that I missed for decades as a traditional gun HATER...yes folks...Hated guns...couldn't even go with my Sport and Rec training group to the 'sport target pistol' gun range...made me sick...guns kills people...that was my gut-reaction...that is how conditioning works...that is how propaganda works...that is NLP folks...it works...that is why the Zionists take such care to ensure they gain full spectrum dominance of the mass media...

We need to defeat the ADL Zionist U.N C.I.A NLP propaganda that led me to this 'gut-reaction' this 'knee jerk reaction'... because it is irrational...this HATRED of guns is irrational... we need to defeat these NLP programmers...we need to counter dis-information with accurate information...specious arguments with compelling arguments...fiction with facts...we need to direct the viewers eyes and brains back to the point where the magic trick, the deception, is being carried out, and away from the magicians pretty scantily clad assistant, and what they WANT us to be paying attention to...
The real point is that an armed would-be murderer or rapist is counting on YOU not having a gun...and NOT being able to protect yourself...even the kid in the black trench coat is counting on his victims being defenseless... mass murders are committed by cowards (most of them working for the C.I.A / Mossad)...not 'wild-west' gunslingers facing down each other in duels of skill and courage...the would-be dictator, like Clinton or Obama, are only held in check by the fact that millions of U.S homes and the Constitutional rights of those living there, and all U.S citizens, are completely protected by their owners...by guns...machine guns...assault rifles...guns BETTER than most militaries in the world have access to...they know the U.S citizen will defend their republic, their constitution, against all enemies, enemies of FREEDOM, foreign AND DOMESTIC.

The people of the U.S are willing and able to defend the constitution of their dear republic, and all the rights this constitution grants them. They know the constitution cannot guarantee ANYTHING of itself. It is just a piece of paper. What DOES grant the constitution force is the militia. The armed militia. The people. With machine guns. With assault weapons. With automatic weapons. With handguns.

It is the fact that people are willing and ABLE to fight to defend themselves and their OWN rights that guarantees these rights. Being willing only gets you killed, or worse, sent to the Gulag. Ask Solzhenitsyn and company. You have to have the ABILITY to respond to force with counter-force. You have to have GUNS to defend your rights. Lawyers won't help. Ask all those people in prison right now. The law did not protect their constitutional rights.

Guns. Big guns. Really 'dangerous' guns. Guns capable of killing hundreds of would-be murderers, rapists, and tyrants. Yes even 50 caliber guns. Though they are pretty hard to handle, from personal experience. The lightweight automatic weapons available in the U.S ARE, however, very easy for even a young person to use. To protect their mother from being raped and butchered. To protect their brother and sister from being raped and enslaved. To prevent their father from being butchered, or sent off to fight the Zionist's wars.

Hundreds of millions of guns for hundreds of millions of free citizens.

That is the only way to stop the occupational forces from seizing total control.

What's to hate about the fact that today any would-be murderer knows that their potential targets, their next potential rape victim, their next potential theft victim, their next potential brutal mugging victim, their next potential murder victim, just
